Ike Takes A Rest . . . Adlai Makes Bid **For Southern Votes**

Gov. Adlai Stevenson scoffed last night at claims the South would gain politically by voting Republican and President Truman told a Harlem audience a GOP victory would endanger what progress has been made in the civil rights field.

While the Democrats' oratorical big guns were appealing to listeners generally on opposite sides of the civil rights issue, Gen. Dwight D. Eisenhower took a short rest at Denver from his Republican campaign for the presidency. His vice presidential running,

mate, Sen. Richard M. Nixon, kept it could have been avoided "had up a drumfice of criticism of the out State Department displayed Truman administration during a an iota of intelligence or a n swing through New York State other of intestinal fortitude in Urging votes for Eisenhower, he the last seven dreary years." said Stevenson, in a prepared ad-

CHESTER, Calif. (AP) - The bodies of a grocer and three small children who went with him on his weekly trip to the bank were found today in the trunk of his car -beaten to death by a robber who apparently knew them. A fourth child, covered with blood, was reported in fair

condition but suffering from extreme shock.

Missing was the \$7,100 which the grocer had obtained Friday afternoon from the bank at Westwood, 11 miles east of Chester.

The abandoned car and its trunk - load of bodies was found in the woods six miles east of this Northeast California mountain community.

' The dead were Gard Young, 43; his daughters, Judy, 6, Jean, 7, and a neighbor boy, Michael Faile, 4.

Gay, 3 1-2, was taken to the Koreans Cling **To Positions**

OLD TIMERS GREET VISITORS - Old timers of the area were introduced to Mrs. Julia German Brooks (second from left) as she arrived in Pampa Saturday from Santa Ana, Calif., for Gray County's 50th Birthday Celebration. Mrs. Brooks was once a captive of the Cheyenne Indians in this area and is here as a special guest during the celebration. She is accompanied by her daughter. Mrs. Vida MacKinnon, also of Santa Ana (left). Ivey Duncan, son of Pampa's first mayor and early-day merchant, is introducing Mrs. Brooks to H. L. Case (right), a man of "firsts" in the area. Case is considered the first man born in Pampa; he served as contractor for the first county court house in Lefors and was the printer's devil for the first printing press in the area. Scenes such as this will be prevalent today as old timers throughout the area get together to talk over old times. Mrs. Brooks will appear on the program of the monument dedication on the court house lawn at 2:30 p.ms Tuesday. (News Photo)

THIS WEEK ONLY! Meet Helena Rubinstein's **Beauty Consultant!**

She'll tell you everything about your hair!

When Helena Rubinstein turns her attention to hair care and beauty, everybody sits up and takes notice. And when this world-famous beauty authority sends her personal representative here to consult with you about your hair - we know you'll come running!

You'll learn exciting new ways with hair color!

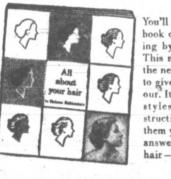

You'll learn how to enrich your natural shade with sparkling highlights. How to make a glamorous new color change just as easily as you'd put on make-up! How to wash color into your hair! All this without using a permanent dye! Be sure to come in your personal interview!

and see these fabulously flattering new ways with color!

You'll get valuable help with hair problems!

Come in and let Helena Rubinstein's Beauty Consultant solve your particular hair problem. If your hair is dry, or unmanageable, she'll show you what to do. She'll show you a corrective beauty treatment for lifeless or drab hair, for ends that have become brittle from too many permanents or from over-bleaching. Helena Rubinstein's Beauty Consultant will chart your individual hair care (along with your special make-up and skin care needs, too) in a wonderful Beauty Guide for you to take home-free with

Two Helena Rubinstein Gifts FREE with Individual Beauty Analysis!

You'll receive a valuable book on hair care and styling by Helena Rubinstein. This new booklet is full of the newest ways and means to give your hair new glamour. It shows the latest hair styles with complete instructions on how to do them yourself! It has all the answers concerning your hair - and it's yours free!

Remember, Helena Rubinstein's Beauty Consultant will be here this week only. So make your appointment now. Don't miss this rare opportunity to gain new beauty and glamour!

TO DIRECT OLD TIMERS - This golden horseshoe will direct resident and visiting old timers to the American Legion Hall at 111 S. Russell for registration and entertainment from 8:30 a.m. to 5 p.n. Monday and Tuesday. Admiring the sign are Harry Garrett (right), the palater, and Patrolman Jess Taylor. Old-fashioned music in the background; barbershop quartet singing, square dancing exhibitions, an old-time fiddler's contest, and informal visiting will be features of the two-day entertainment. Residents of Gray, County or the Paphandle area for 35 years or more are to register at the legion hall for badges to admit them to the old-timers barbecue in Hobart Street Park at noon Tuesday. (News Photo)

BARBERSHOPPERS TO SING FOR CELEBRATION - Songs of yester-year will be presented by the Squeaky Door Four barbershop quartet, picture d above, for two events of Gray County's golden ansuversary celebration this week. The entemple will be a special feature of the Epsilon Sigma Alpha style reque at 2:30 p.m. today in the junior high-auditorium and again, Monday and Tuesday at the American Legion Hall during the old-timers' entertainment. Top hats and handle-bar mustaches, such as the barbershoppers are sporting will be the order of the day when old timers get together this week to relive part of the past. Quart et members, left to right, are Mack Hiatt, Bunny Shultz, E. O. Wedgeworth and Dude Balthrop.

FIRST PAMPA SCHOOL was this modest wooden structure on the site of the present Central Baptist-Church, It was established Feb. 10, 1903, with the creation of the sixth school district in Gray County. Ten pupils were enrolled that first year, Mrs. Edyth Townsend was the first to teach here. The building itself was 16 x 20 feet and was equipped with hand-made seats. An estimated 10,000 head of cattle grazed on the surrounding pasture land. Three years of school were held in this building before additions were constructed.

Alanreed Once **Had Clay Mines**

Adding to the economic prop-perity of Alanreed in 1936-37 was the mining of clay for use in rotary oil wells. The activity lasted only about two years and is almost forgotten now.

According to a former resident, Cabot Co. first introduced it to the area with the building of seven hammer mills. They transported the new machinery from St. Louis at a cost of about a half million dollars.

The clay was mined at Golds-

Also put in was a home . owned outfit, the Bronco Drilling Clay Co. Financed by Bob Dunlap and Alex Schneider of Pam-pa, the director was Dick Schaffer, father of Mrs. Sam Whatley now of Pampa. The clay land at Goldston

was leased to a Charley Risley.

AN

By HAROLD V. RATLIFF DALLAS (AP) - Oklahoma shocked fumbling, bumbling "Texas with four touchdowns in the first period and went on to win this storied intersectional football game 49-20 Saturday in one, of he greatest offensive shows fine Cotton Bowl ever saw. Eddie Crowder leveled the Texas defenses with slingshot passing and Buddy Leake Billy Vessels and Buck McPhail riddled the Longhorn line as the Sooners slashed and tore in a display of power and finesse that awed the 75,504 fans. Fumbles set up two Oklahonia touchdowns in the opening period and Crowder's mighty throwing counted for the other twos Texas came back gamely and dominated the second period but it was a foregone conclusion from the first six minutes that"the Sooner were going to win Saturday.

T. Jones rallied the Texas forces! in the final period to pass for two touchdowns but the Sooners more than matched it with three. Most Points Since

It was the most points ever game and the most Oklahoma had scored since 1908 when the Sooners beat Texas 50-0. It? was the most decisive defeat suffered. by a Texas team since 1944 when Randolph Field beat the Longhorns 42.7.

McPhail hammered and smashed through the big but futile. Texas line for 149 vards. Ver sels made 106 yards and Leake 74 Oklahoma rolled up 296 yards,

Pitt Panthers Upset Irish

down favorite, with a vicious first touchdown drive in seven plays, passes gained 244 yards. period clawing and then staved off the furious Irish, 22-19, in a football thriller Saturday. It was Pitt's first victory over Notre Dame since 1937 following eight straight Irish wins. Notre Dame was eighth ranked in The Associated Press poll. An Irish home opening crowd

of 45,503 saw the Panthers strike for two touchdowns in about five minutes deep in the first quarter and then was on its feet through a second half in which the Irish nearly pulled the game out of the fire.

It was a contest of spectacular plays - a 78-yard touchdown run by Pitt's Billy Reynolds, a 63vard scoring Panther pass play from Rudy Mattiola to Johnny Jacobs, and a 92-yard touchdownpunt return by Notre Dame's Joe Heap.

Heap's run midway in the final period put the Irish behind only 20-19, but the deadlock for which Notre Dame was striving collapsed FORT WORTH (P) - The only on a pint try, first marred by

Something Old, Something New

On Christmas Day in 1886, Newt Locke, county clerk in Mobeetie, issued a marriage license to a young couple and on January 4, 1887, the couple was married on McClelland Creek, north of Alanreed, by Rev. William Lomas, Methodist minister, And, according to the late Jess Wynne, Mr. and Mrs. Charles Shelton became the first white couple to marry in what is now known as Gray County.

known as Gray County. Charles Shelton had been working with the Quarter Circle Heart outfit along with J. E. Williams and other old-timers, but before his mariage he bought but before his mariage he bought but before his mariage he brought from an Englishman, Steward Campbell, and there, the old Concord stage stopped enroute from Wichita Falls to Dodge Mr. and Mrs. Shelton set up housekeeping in a dugout, and their son, Joe Shelton, (523 N. Russell) was born there. From there, the story of weddings continued through the years. Not all the couples pletured on

Price for single copy 5 cents. No mail order accepted in localities served by carries delivery.

Gray County residents today begin a three-day jubilee, celebrating the 50th anniversary of the incorporation of the county.

Just about everything in the way of entertainment has been planned to rthe party which is expected to attract thousands of visitors from near and far. Many former Gray County citizens also are here to participate in the festivities.

Gray County will forever be indebted to its early settlers whose vision and courageous determination to pioneer the Plains country were largely responsible for the development of the community into one of the industrial and agricultural bright spots of the Southwest.

Wresting a living from the soil wasn't easy for the hardy old-timers of Gray County. Modern form machinery and many other labor-saving devices had not been invented. Life was simple but rugged.

Drought aid and other Federal handouts had not been born in the minds of socialist planners. In those days a man stood on his own two feet. He had to ---- to survive. Surplus earnings of good years were saved and the money used to make up losses of bad times. It was free enterprise all the way!

A lot of work has gone into preparations for the Golden Jubilee celebration. More than 300 persons serving on 22 committees have worked tirelessly on the mammoth job of staging the historical pageant.

M. K. Brown, who moved to Gray County in 1903 and is recognized as an authority on Plains lore, sparked the drive of committee members in his capacity as general chairman of the celebration group. Brown has devoted most of his time since spring when the idea of the birthday party was born to working on arrangements for the jubilee. He and other committee members deserve the sincere thanks of the community.

Everything is ready for the gala occasion. Let's all join In the fun and then rededicate ourselves to building a greater Gray County.

Those Americans who have been finding it difficult to distinguish between the pronouncements of the Govmernor and the General should observe what is going on in Great Britain today. According to press dispatches and reports of roving American reporters, Englishmen are dropping their once popular hero, Eisenhower, in preference to the rising tide for Stevenson. This shift in sentiment is significant, it is believed, because Steven-

BOOT ON OTHER FOOT By GEORGE PECK In his speech at Portland, Oreon September 8th, Governor gon,

The American

Way

dlai E. Stevenson denounced what he feared was the development of "a one-party press in a two-party country." He went on to assert that "overwhelming majority" of the American press opposed Dem-ocrats "automatically," and he ridculed the contention of some editors that a Democrat victory this

ear would endanger the survival of the two-party system.

In stating that a vast majority of the press is clamoring for a Demo-crat defeat in November, the Democrat Presidential nominee is correct. He could not, however, be more wrong in his deduction that this is a menace to the two-party system. On the contrary, this insurgence of the editors against continuing the Democrat administration in power for another four years indicates that if the twoparty system is to survive, there must be a change of administration come next January 20th. The fact that many editors who steadfastly supported the Democratic ticket through the third and ourth terms of Franklin Roosevelt and the re-election of Harry Truman in 1948, have now come to the conclusion that if "the mess" which is festering in Washington today, is to be cleared up,' it can

only be done by a complete change of administration. These editors do not for a moment doubt the sincerity and integrity of Adlai Stevenson, but they have serious doubts, in fact, they feel certain that if he is elected, try as he will, he will not be able to do the over-all, thorough job of house-cleaning that is essential to saving this nation from complete moral, political and economic dis-

integration. To give the Democrat Party another four years in power during which to further intrench itself could well sound the death knell of the Republican Party and put an end to America's two-party system.

That is why so many editors have temporarily switched their allegiance to the Republican Party. They feel, and with good reason, that with the demise of the opposition party, it would not be long until freedom of the press would follow it to the graveyard.

None of these editors maintains that all of the grafters and wasters are contained within the Democrat Party and that if elected, all of the Republicans would be without sin. Should the Republican Party tri-

son's basic economic and political philosophies are much more parallel to those of Great Britain than are Eisenhower's.

And Great Britain still is Socialist despite the efforts of Winston Churchill and his Conservative Party during the past year. The British government after 12 months under Churchill continues to operate the coal mines, airlines, railroads, and steel mills and runs the Bank of England, according to the Associated Press. With Adlai in the White House, the chances for more of the same would be much better than with Eisenhower president, many Britishers believe.

In Adlai's flowery speeches, it would seem, Britishers. have become more adept at reading the true meaning than many Americans who have heard him in person. For despite the camouflage in Stevenson's pronouncements, Englishmen have recognized his stand for a continuance of the big, liberal and benevolent government. To an Englishman, that means a better opportunity for o handout than would be possible under General Eisenhower who is beginning to act like he might put an end, to a portion, at least, of foreign aid.

Budget Keeper

Just what does Adlai Stevenson mean when he says that the Department of Labor is to become the "keeper of the people's budget"? And that it should "help train the men who make democracy work in the labor unions and around the bargaining tables."

Governor Stevenson apparently has won back some of the dissident Democrats by his soothing appeals for party harmony and by his cleverly camouflaged phraseology. But when the nucleus of a speech contains such radical sentiments as those noted in the preceding paragraph it is time thinking Americans scrutinize the economic and political philosophy of the Democratic presidential aspirant with the utmost candor.

Innumerable dire consequences, it seems, could result from the Department of Labor "keeping the people's budget." The training of "men who make Democracy work" sounds equally foreboding. Such sugary propaganda, in fact, not only is a call for more regimentation; it has an alien ring.

Had your mind changed lately? If you haven't it's not the Administration's foult. The planners used a 3,632man publicity staff last year to help you change it, and in the government's favor.

Citizens are paying the government \$85 billion this year to administer the country's needs. Most people think they're paying too much. The facts seem to agree with the people. A recent survey showed that an average family has to spend more than it earns after withholding taxes

Here's the rub. All of \$17,000,000 of our too-high budget is being spent each year on press-agent salaries. These people are hired to publicize the government's activities, and make us happy with our over-sized tax bill. The facts and odds are both against them,

dehorse them Even the Democrat Party itself on record to the effect that it is bad business for the nation to maintain one political party in power for too long a period of time. In 1884, after the Republicans had

been in power for sixteen years, the Democratic Party platform had this to say: "The Government should not al- hurled at us by Communist dip how relentlessly Russia is trying his tour of inspection." ways be controlled by one political lemats, press, radio and publica- to put us in had everywhere. In party. Frequent change of admin- tions.

istration is as necessary as constant recurrence to the popular

"Otherwise, abuses grow, and the Government, instead of being carried on for the general welfare, becomes an instrumentality for imposing heavy burdens on the many who are governed, for the benefit of the few who govern. Public servants thus become arbitrary ru-

liars. Doen't that put the boot on the other foot? Well, at any rate the newspaper editors of that day call-

will.

crats had "something" when they drew up their 1884 platform, beause in November of that year they elected Grover Cleveland, a Democrat, to the Presidency, They felt it was time for a change. It is a safe guess that none of

the Democrat candidates are going to quote the 1884 platform of their party in their campaign speeches. That platform, incidentally, justifies the position taken by the pres-

ent day press which Governor Stevenson decries. Yea, verily, it is time for a chance HORIZONTAL 55 Affirmative Success Secrets 1 Jefferson is Missouri's 57 Son of Seth

Birthday Celebration Gets Underway

Four Men Take Spotlight In **County's Birthday Jubilee**

Each of the four men serving on the executive planning committee for this week's celebration of Gray County's 50th birthday adopted this area for their homes after it was organized. But the history of their lives and that of the county have become so enmeshed, the stories are inseparable.

M. K. Brown, the man Winston Churchill and Mawith or Hoople won the only decent gentlemen's war that's ever beer fought." was selected chairman of his committee.

The war, Brown explains, was the Boer War and he served in Queen Victoria's army, working up through the ranks from a trooper to the "stupendous rank of regimental sergeant major." (comparable to the American war rant officer.)

Native Of England

A native of England, Brown was born in 1878 in Middlesex County, about 20 miles from London. His father was a broker with the London Stock Exchange, and Brown says, "He really went roker.'

was that Thus 14 Montagu Kingsmill (Brown) left school at the age of 15 and began working as an office boy for a timber merchandise company for the tremendous salary of \$2 1) () eek." He then worked in a istrict bank in London for six ears, and had planned to go to ustralia when the Boer War roke out in October, 1899. Brown was a member of the

Yeomanry (counterpart of the ational Guard) and he volun teered for active duty in the Eng-lish Cavalry for the duration. As a trooper Brown received one and sixpence (about 30 cents) per day, and later as regimental sergeant major, he was paid four shillings (about \$4) daily. After his discharge from the army (with a couple of medals) and a good conduct citation) Brown returned to England for a visit with his Uncle Andrew Kingsmill, London banker, who Deer Land Company and he sold the Panhandle idea to his neph

History Passes In Review During Fiftieth Anniversary

Gray County today turns back the pages of history fifty years and for three days residents of the present pay tribute to the past in a celebration commemorating the county's first fifty years of growth and development.

Friends and former neighbors from throughout the Panhandle and as far away a California are expected to be in Pampa to discuss old times, bring each other up to date on family activities and join in festivites prepared for the three days.

Among those expected as guests are John G. Hamilton, cameraman for the first theatre in the county, now with the police department of Los Angeles: J. C. Rider, an early-day mercantile operator, now of Fort Worth; Mrs. Julia German Brooks, once a captive of the Cheyenne Indians in this area.

L. O. Boney, one of the county's first 38 voters, now of Morse; W. H. Patrick and Harold Buchy, both of Clarendon; A. V. McQuid-dy, Canadian; Lee Newman, Shamrock; and Judge Hess Woods, Canadian, and hundreds of others.

The celebration will also bring visiting businessmen from Dallas, Fort Worth, Childess, Wellington and Shamrock and personnel of special entertainment features.

Squeaky - Door Four barbershop 12:00 Noon Luncheon for all visiting band members in uni-

Festivities begin at 2:30 p.m. today with a revue of fashions from 1902-52 in the junior high school auditorium. This show is sponsored by the local Epsilon Sigma Alpha sorority and will features styles of each era during the county's history A pioneer memorial program be-

at 8:36 p.m. today in the senior high field house with Rev. Gaston Foote, former pastor of the local First Methodist "hurch, now of Fort Worth, as the main speaker.

Also featured on this program will be Walter Jenkins and Miss Barbara Crissey, both of Houston as prest soldists, and the Pampa High School A Cappella Cheir directed by Kenneth Baumgardner.

Fred Thompson will serve a master of ceremonies for the proand Lyle Albright, presi-

(TOP) HATS AFF TO OELEBRATING EXECUTIVES - As members of the executive planning committee of Gray ounty's 50th Birthday Celebration, the four men, pictured above, are due much of the credit for the formulation and deelopment of plans for this week's festivities. It has been a fulltime job for many weeks for each of them, first to lanuch a financial campaign, then set up working committees, make contracts with business concerns for concessions, entertainment features, and construction work necessary to stage certain events; and to obtain guest speakers and musicians. M. K. Brown has led celebration plans as chairman; C. P. Buckler served as vice-chairman; DeLea Vicars as treasurer and E. O. Wedgeworth as secretary. (News Photos)

Readers of The News are invited to send their problems to Grace ew with a couple of introductory Friend, Letters not published will be answered personally if stamped letters to boot. Even Pulled Casing if addressed envelope is enclosed. Writers must sign their names although they will not be printed without the writer's permission.

HALF-WAY POINT --- Here is a panorama of Pampa at the midway point in the official life of Gray County. The county was founded in 1902; oil was discovered in the 1920s; today we are celebrating 50 years of growth and development. The photo above shows Pampa a quarter-century ago, Oil had made itself known by this time and what had been a small agriculture community, was now prospering from oil fields about it. Note, for example, the large number of automobiles parked up and down Cuyler and West Foster, Cuyler is distorted in this panoramic skyline shot. It is the street bending toward the middle from each end of the picture. West Foster cuts the picture in half. There are many

A SALUTE TO

ON ITS 50th

GROWING GRAY COUNTY

LET'S KEEP ON

landmarks even the newcomers will recognize. For example, the building at the south (left) end of Cuyler was the Gray-Pampa Hotel then. Now it is the home of Wilson Drug. Then this side of the tracks - the underpass had not been built at that ime - is the White Deer Land Company building in its final form, Directly behind it is the New Schneider Hotel still under construction. The Old Schneider, not torn down until 1946, is between the two buildings, Coming on down Cuyler is the People's Store, Ball Bros." Cafe, a tailor shop that advertized its baths, the Gordon Stores, Inc., Clothiers for Man, Woman and Child. On the corner is the old Gray County State Bank, Moving on down, Cuyler is the K. C.

Store, Kraft's Mint 5 and 10c Store, Pampa Drug Store, Woodward and Lane Groceries, the White House Cafe. Down at the far end is another land mark, the old school building, and behind it the high school, now the junior high school. Just this side of the high school is the First Baptist Church on the site of what is now the Combs-Worley Building. West Foster looked much the same as it does today after you pass the first alley west of Cuyler. Notable for their absence are municipal and county buildings. The Schneider Hotel on the south and the High school on the north were soon to be joised by the fire station, the city hall, and when Pampa became the county seat - the court house. These

the two years were 12,895 and Pampa's First Movie 16,522, a jump of almost 33

percent. The city figure shows Opened Here In 1919.

five buildings were to be known as Million-Dollar Row. Also missing in those days was the extensive residential area that was to run north of Browning-the northern limit of this picture. This shot goes about a block north of the old school building — then quits. Today, that is just the beginning of the residential area. It is estimated today 65 percent of the population lives in the northern due to make even more startling changes a quarter-century later part of the town, Notice - back on Cuyler again - the First National Bank appeared to be undergoing some changes. It was and emerge as the modern business known to Pampans today.

BEST WISHES TO GRAY COUNTY FOR A SUCCESSFUL CELEBRATION

GRAY COUNTY and

HUMAN FREEDOM

Few of us stop to reflect on the relationship of the words in the above headline. For with every celebration comes a spirit of levity which tends to override serious thoughts but, for a moment, let us try to answer the question: Why can we celebrate a half century of progress in Gray County?

For progress to take place, the philosophy of freedom must be the guiding factor for all human relations.

Our early pioneers understood this philosophy in dynamic and forthright terms which today are, in many circles, held in contempt. The early settler understood that what he sowed he, of necessity, had to reap. He understood that self-reliance was not only a primary virtue but a necessity for continued existence. He understood that his worth as a man was in ratio to his abitity to provide for himself while voluntarily assisting his worthy neighbor in periods of adversity.

Today, with so many people looking to the all powerful state to provide for their well - being, we should pause and reflect on the factors which have made America great. The spirit of self - reliance and enterprise are, in reality, the freasure which has brought us a glourious past and which is the only path to a glorious tomorrow.

Looking Back . . . Freak Calf Awes Pampan

March 21, 1933 .- Here's one for Ripley.

In Lipscomb county this week, ice Parker, local attorney, saw, calf-living-with 2 heads, 3 eyes, but only one lower isw. His brother, Verner, owns the freak and is attempting to save ts life.

An abnormally large upper head branches into two "faces," each with two nostrils, connected a membrane which prevents easy nursing. The freak is be-ing bottled fed. Only a few days it was too weak to stand when found on the range beside is obviously astonished Hereford mother

The calf has two ears and a formal throat, and is normal except for the front part of the head. The center eye stares straight chead, while the others are nor-

I wake up at night seeing that freak" Mr. Parker said today in promising to bring it to Pampa to give others a subject for nightmares.

Gray County produced 1,004,bushes of wheat in 1935.

CAMPING WITH FOUNDING FATHERS - The cene above shows several of the people who had early affiliations with Gray County and who were instrumental in formation of the county and Pampa are named. At the extreme right is George (seated on the horse in the background.) Tom Crawford, the county's first sheriff, Mrs. Jess Wynne, wife of an early settler and pioneer businessman here, Charlie Tignor, after whom Tignor Street is named, Will Wilks, still living in Pampa today, Andrew Kingsmill, a London banker attili ated with the White Deer Land Company and after whom the town of Kingsmill and the street in Pampa are named. At the extreme righ tis George Tyng, first head of the White Deer Land Company. It was Tyng who fostered the present name for Pampa and laid out the townsite. Tyng was the first manager of the pioneer land company. This picture was taken in 1902

County Area Could Boast Only Six Voters In 1861

There were six voters in Gray water. Bounard said no but that County when "Granddaddy" Bill there was plenty where he had Green arrived in the Panhandle camped a few hours before on the North Fork Creek near Lefors from Johnson County. had been ill for about two years, by Law. It was decided he should have a doctor and should come to Pampa until a doctor could be found. Arriving here, he went to Jim Rider's barn and lay down on the hay, while Coplin went in search of a doctor. The young man died before the doctor arrived and the cause of his death was leprosy. They put the young man in a coffin made of boards from John Henry's barn; as lumber had to be brought from Mobeetie. Then the body was cremated in the coffin and it was

thought advisable to burn the There are few trees in the barn, and everyone burned the Panhandle, so Panhandle boys have little opportunity to emu-late the Father of his Country grave and held services. The rein hacking down a cherry tree mains of the man still lie at Fairview Cemetery.

ALANREED BANK - Alanreed once "pointed with pride" to its fine two-story, red brick bank building facing on what was then the main road through the community. This picture is shown looking south through Alanreed from 4 bout what is now Highway 66. At the time the picture was taken, the main route ran north and south with Alanreed's business section facing on that road. The bank also housed the office of the community's first, and for many years the only doctor, Dr. J. A. Coppedge. In addition, lodge meetings were held in the upper story. In recent years the hank was torn down and materials-used in construction of a school building in the town.

Scorched Document Marks Beginning Of The First Post Office In Pampa

SECONDNEWSPAPER IN PAMPA --- The Pampa Weekly News was the second newspaper in Pampa, immediately following The Crony. The man in the center of the group is the editor of The News, J. N. Smith. The two men flanking him and the woman near the gate are unidentified. The Pampa Weekly News, a predecessor of the Pampa Baily News, was purchased in 1997 by Smith from L. L. Ladd, who had begun the paper in M ami and delivered it here. There are still copies of The News from 1908, but, as yet, no copy of The Crony has been found.

For a while, a half dug-out served as headquarters where Pampans received their mail. Soon afterward, the I ane residence was the official postoffice. Lone was the father of T. V. Lane, 222 E. Brewn.

The third postoffice was located in the Bruno building where Levine's store now is located)r. Eruno was postmaster. Miss Clauiene Earnen was 1 made mate mistress: The postoffice was then ra.ed as second c.as..

Miss Barnes was followed by A. Crawford and the postorfice was moved to the Duncan Estate ouilding, where the Mest-ern Auto Store is situated. During Crayford's time n o dee, the postoffice received its first class D. E. Cecil followed Crawford. Then, H. C. Waller was post

FIRST RESIDENT - T. H. Lane was the first resident of Pampa coming here in 1888 shortly after the railroad pushed through and left the city in its wake. Lane, father of T. V. Lane, assistant postmaster today, was Pampa's first postmaster. At the time he moved here, the town was named Glascow. In 1891 the name was changed to Sutton and remained Sutton until 1893, when Santa Fe accepted the suggestion of

Pampa Came Into Being With Coming Of Railroad

George Tyng Played Major Role In Birth

It hasn't been very many years ago since this city of Pampa, boasting 16.000 population, was just a wide place in the road,

The beginning of Pampa dates from the building of the Santa Fe Railway, which was completed in 1888. Pampa is located on the territory that comprises a part of what was known as the White Deer Lands, which belonged to an English-syndicate and which was actively controlled by Frederic de P. Foster and

FIRST BUSINESS DISTRICT - The picture above shows the main drag (now Cuyler Street) of the city of Pampa about 1904, From left to right the buildings are the Johnson Mercantile, later J. N. Duncan's store; the post office and clinic of Dr. V. E. Von Brunow, the J. S. Wynne home; and a general merchandise store, owned first by Ace Harmon, then by Sam Rider, and later by C. B. Bar-

nard who became Pampa's first Chamber of Commerce president. Names of the men in the picture were lost in the shuffle of the past 48 years, but note the horses and buggies, the men's big hats and the congregation around the general merchandise store of the town's businessmen

PACKED WITH HISTORY - This old picture, owned by W. G. Kinzer, has a number of "firsts" recorded. At far left is the first automobile in the county in which the first doctor in Pampa is riding. The car at left is the second in the county. In addition, at the rear of the building, is the first newspaper in the county, The Crony, of which The Pampa News is a descendent. The building is the office of J. S. Wynne and Bert Lard. In the first car are M. K. Brown, seated in the little seat ahead of the driver, J. N. Smith, first publisher here, and Dr. Von Brunow. The second car contains Jim Moore, Josh Miller, driving, Charley Thomas, Hugh Miller, Bill Geizler, H. A. Chafin, R. E. Kinzer and W. G. Kinzer. The picture was taken in 1908,

Early Politicos Had Huge Area To Get Over

hear the congressional · To the special congressional eleccampaign two years in 1950, one would think tion ago, hopefuls, all 11 of them, during they had a rough go of getting around.

"Why, you have to cover a district as big as the state of Ohio," they would complain. If any of those candidates think they had a tough time of it, they should have hung around this neck of the woods — back, say, about 1882, when the going was really rough.

In 1950 the candidates had only 28 counties to cover in sleek and powerful modern automobiles over paved highways. They had the help, too, of radio, daily newspapers, fast trains, planes, etc. When this section of the state was first placed in a congressional district the area comprised one-

third of the state. This embraced what now comprises 98 counties plus Greer County, eventually donated to Oklahoma.

The district, created on April 21, 1882, stretched west to El Paso; southeast to Corvell; south o Valverde; east to Parker; and all of the present area.

The hardy travelers, who had to campaign by stage coach, - or maybe Shank's horseback Mare - didn't have modern day appliances to woo the then 11th Congressional District voters.

But at least one of the candidates survived to go to Washing-ton. He was Samuel W. T. Lanham, of Weatherford, Parker County, who served from 1883 to the end of 1892.

The continual push westward brought on added population, decreasing the size of the district. legal cases in Gray County as In 1892 it was reduced to 79

Grass Fires Fought In A Novel Way In The Early Days this county was estab-

lished, there were no modern fire strucks to call when prairie grass caught fire. What was used was a "drag,"

developed by the White Deer Land Co. about 1901-07. It was a square sheet 12 to 14 feet on side, constructed out of row pon row of chain.

Ropes would be attached onto wo of the corners. One of them was tied to a wagon, the other was held by a mounted cowboy. The cowpoke and the wagon travel a parallel course ould one part of the roaring down fire. A dozen or so persons would follow behind stamping out with brooms any part of the fire that remained. This was repeated over and over till the fire was out And why didn't they use two horsemen instead of just one

and the wagon. T. V. Lane has the answer "They had to bring the chain out in the wagon," he said, "so they figured they might as well use it."

North Fork Before the "drag" was invenvented, there was an even more novel way of handling a fire, A I own Once Twas very obvious and simple the way the old-timers tell it.

THUT HOTEL IN THE EARLY DAYS --- As the only lodging place between Mobertie and Tascosa before the turn of the century, the Henry Thut home in Lefors, pictured above, served as a line rider's camp for cowboys herding cattle or guarding fences in the area. The nome also served as post office for Lefors for years. In the picture above are members of the Thut family, Left 10 right they are Mrs. Thut, Charlie, now county clerk, Henry, Jr., Annie, now Mrs. C. P. Buckler of Pampa, and George. The Thut home was the only building in the townsite of Lefors until 1902 when the court house was built.

Lefors Once Mecca For Change In Location **Riders** Crossing Panhandle Sure, you know that it's located in the Panhandle, fifty-odd miles from Amarillo; so far from the Oklahoma line, etc.

Lefors, the geographical center and first county seat of Gray County, was once a mecca for riders throughout the Panhandle.

Mr. and Mrs. Henry Thut's home, around which the early history of the town revolved, provided the only lodging within miles for cowboys herding cattle and watching fence lines through the area.

Mrs. Thut never knew how nany would be present at meal many sleeping time nor how quarters would have to be an But the welcome mat ranged. was always out for any travelier and not only food and comfort were offered, but friendship, companionship and, in many cases, medicinal care.

Mr. Thut came into the area PERRY LEFORS - A founding in 1884, with his bride, the forfather of Gray County, Perry mer Anna Lang, and her sister, LeFors was among the first set-Emma Lang, all originally from witzerland and unable to speak

ness out of her and she learned to enjoy the cowboy-types of dancing.

Mrs. Gething, in turn, did some shocking herself. She introduced the first bathing suit in the area. It was not really revealing, she says, being the typical early bathing suit, with long sleeves, high neckline, skirt down to the lines with ankle-length pants under it, but people just weren't used to that sort of thing here, However they caught on, she says and it wasn't too long until many women were wearing pathing : suits.

Mrs. Gething still lives near Lefors on the place her husband originally homesteaded. Her house was built over the dugout in which the family made its home for years and the dugout is used now as a basement. The first school at Lefors was

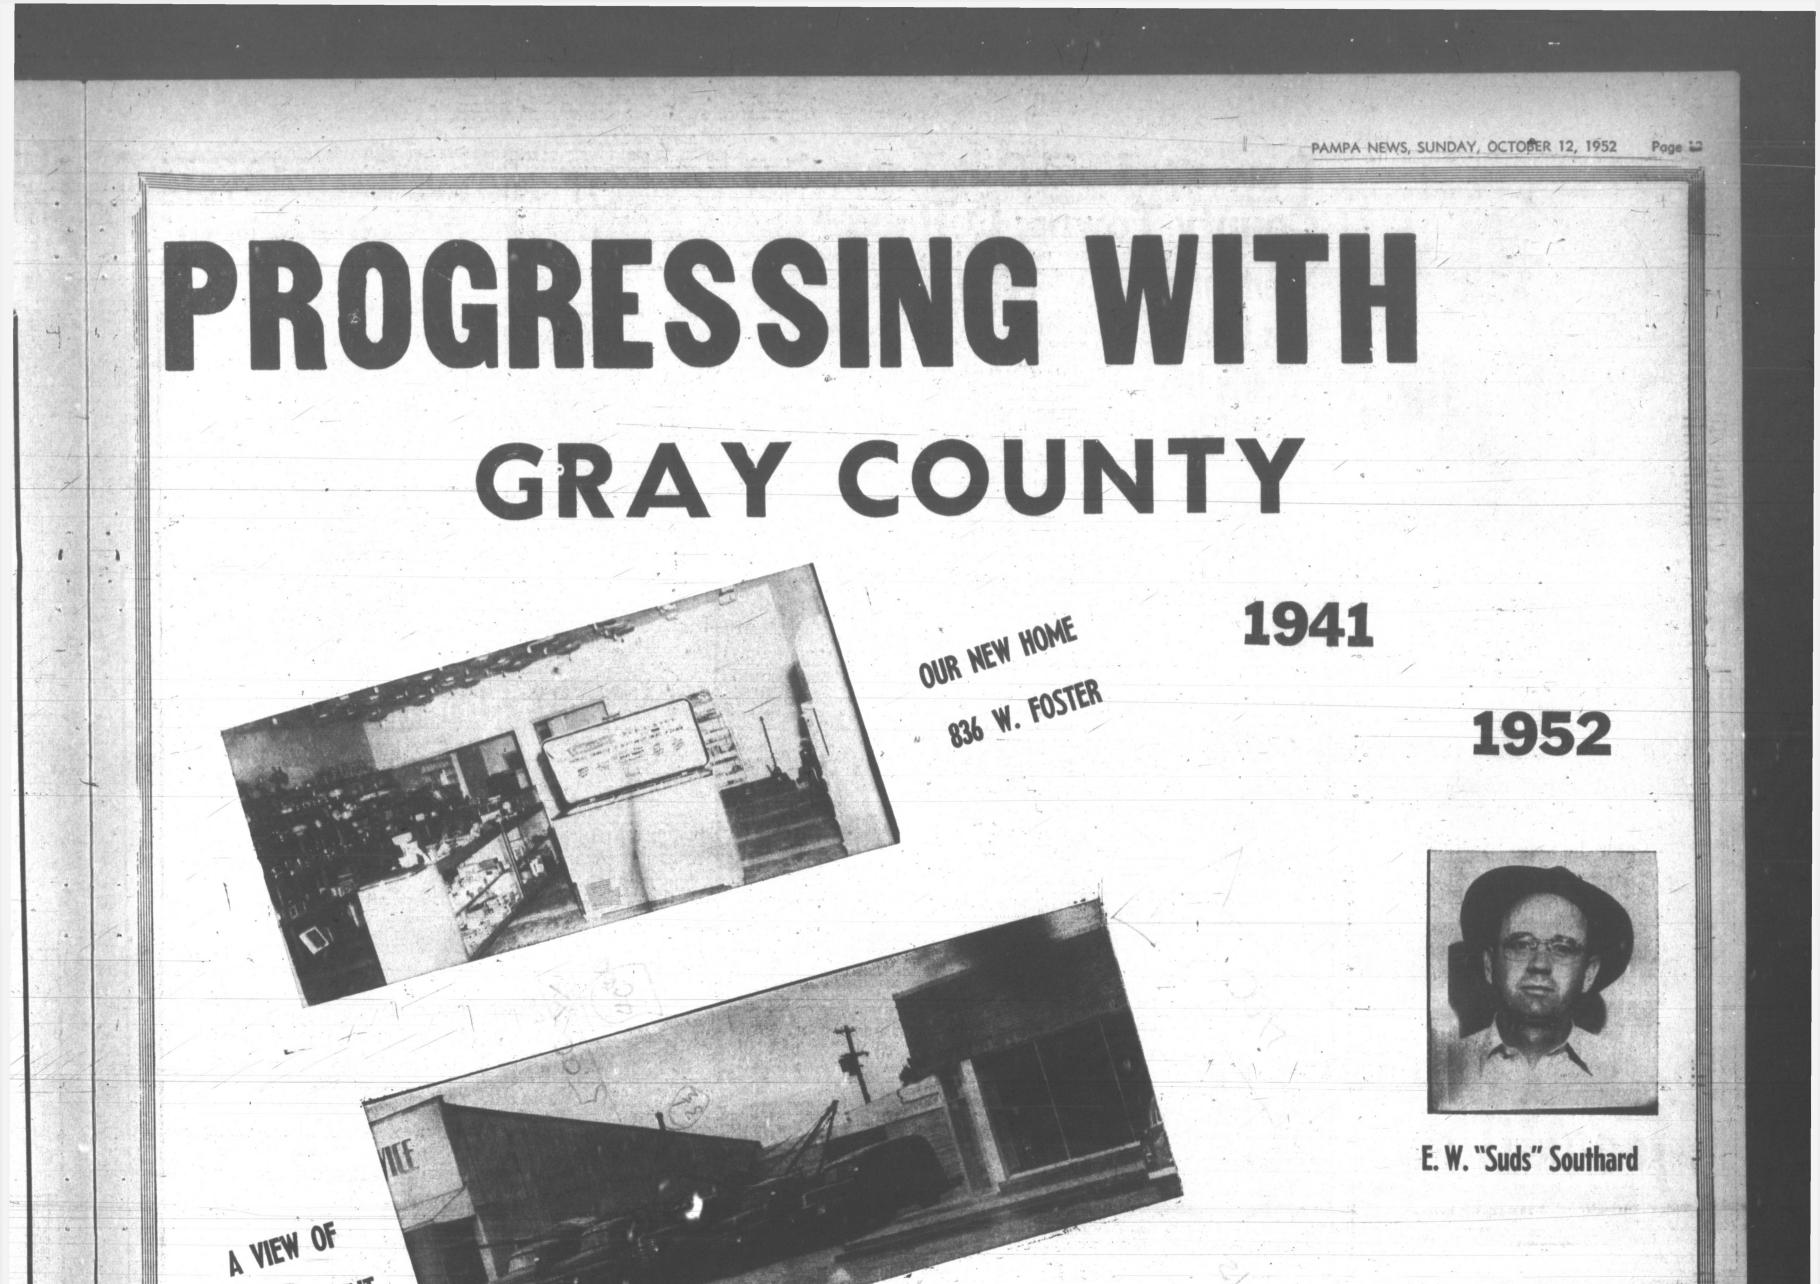

a one-room building on the creek site. It was donated by "Uncle Jim" Williants and was used church meetings, dances and for all community activities. Many

COOL. CLEAR WATER once poured from this windmill located on ground now occupied by City Hall, It was the liest water well drilled by the city and was financed by donation from businessmen and residents. It furnished public drinking water and drinking water for the troughs in mid-town. Water for residences was hauled by the barrels and a charge of 25 cents per barrel waslevied for it. The well was drilled around 1910 or 1912, at later gave way to a motorized well at West and Montage when the city drilled an 8-inch hole and got 80 gallons per minute;

A County Crisis . . . **Hymns Broke Tension In Court Trial** Mere mention of a court in

function turns thoughts of the average person to tedous, legal proceedings, but memory of one particular such case is a brivit spot, bordering on nostalgia, for mony residents of Cray County, It all happened back in '28 when Pampa became the county seat after a series of elections, scheduled every other year to try to move the county seat from Lefors, the geographical center of the county.

McLean vesidents, as well as some of those at Lefors, didn't trust Pampans motives and sought an injunction against election results,

The case was battered back and forth from various counts in the area, according to reminiscing of old-timers Charlie Thut, Ray Wilson and M, K. Brown, until the final day of court was held in the former First Baptist Church brilding;

Many Pampans were present that day, awaiting the court's decision. Strain was evident, Brown recalls, as officials were in session in the church base-

It was then that Brown, a leader in civic attairs then as now, eyed hymns lying around on the benches and conceived the idea of singing to relieve tersion.

tension. As he distributed the books, he asked Miss factio Jones, sister o Mrs. Foy Bourland, to accompany at the pieno. As everybudy found the an-notinced number. Miss Jones began to play and the group sang ou "The Fight Is On." Needless to say, Pampa the case and that very ROMP day, almost before legal dotted lines were signed, provide were transported from Lefors by Pampa patriots.

One-Room Highwindy, Built In 1888, Was Beginning Of Gray School System

From the first one-room frame school built in 1888 to the 13-building system throughout the county today - the history of public schooling in Gray County has been one of expansion.

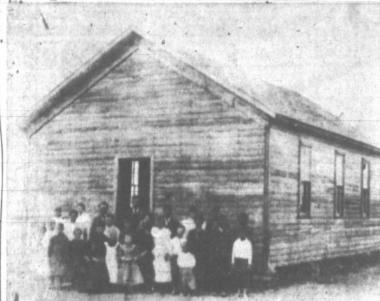

Early in the spring of 1888, B. F. Williams, Gainesville, was hired at \$65 a month to teach 13 youngsters in the county's first school. Sixty-four years later there are 237 teachers in Gray County instructing about 5,440 students in 13 schools at an average salary of \$3,375.

This action had been initiated April 14, 1902, when 12 quali-fied voters in the Gray County county already had four school area had filed a petition for elec- districts.

COUNTY'S FIRST SCHOOL - Highwindy is regarded as the first school to be built in Gray County. This 20- by 30-foot building was built in the fall of 1887 and spring of 1888. It wasn't until 1888 that the railroad first came through this area. The first teacher was said to be B. F. Williams who remained here from May to September of 1889. This particular group of students was attending school in 1895 and Mrs. L. W. Boney was teacher. Stu-Stump, Mrs. L. O. Boney, Toma Moorhead, Hill Boney; second dents, left to right, first row: Maggie Boney, Ouida Talley, Lillie row: Fred Boney, Belle Moorhead, Wheeler Paris, Earl Talley, Grover Boney. When Grandma Was A Girl

Grandpa took her courtin' in a buggy. They lived in a gas lit house with a pump water supply. Grandma made most of her own cloths. Grandpa rode to work in a buggy, and tended the coal fire in the morning and evening. In 50 years, our way of living is amazingly different. Bob drives Mary miles in a smooth riding auto to catch the latest movie. Their house is push-button electric. Machines do their washing and cleaning, supply heat and amusement. Their food comes from a magiclike freezer, their clothes from a store that caters to their taste and their budget. These are the miracles that have been achieved in half a century. Advances made so quick that Mom and Dad, and even Grandma and Grandpa have lived to see and enjoy them.

For the most beautifully styled, serviceable and economical cars, stop in at Plains Motor Company and see the all new 1952 DeSoto and the all new 1952 Plymouth. A ride in either the new DeSoto or Plymouth will convince you of their superiority to other cars in their respective price fields. For the tops in automotive repairs to your present car . . . bring it to us. Our expert mechanics have the know-how and experience to repair any make automobile.

50 Years Of Progress! GRAY COUNTY'S BIRTHDAY CELEBRATION THEY DON'T MAKE 'EM TOO BIG FOR US!

wishes to pursue his studies. The choice here is to go by the musty record books which take up goodly amount of room in Charlie Thut's haven, the county clerk's office. Of the first 25 recorded births. only one was stillborn. Sixteen of those 25 babies were boys. only nine girls -- a solid 6 per cent victory for the males. An interesting fact in that there is supposed to be a majority of females in the nation today. Dr. V. E. von Brunow was the first doctor to settle in Gray County, but he is not listed as reporting a birth until November 29. Of the first 25 births record-

You Remember When..

... life was as stiff and formal as a posed picture? Not many of us do. For the speed with which man resourcefulness has brought us modern facilities for relaxed and comfortable living, has blotted out some of these memories. It is time to revaluate the gains of the past half century. It is time to count our blessings.

The twist of a thermostat ... and warmth fills our home ... rooms are made clean ... foods are cooked ... and time goes on. The usefulfulness of gas will increase with every new work-saving device ... pleasure giv-ng machines and appliances ... that become available yet the price of this magical energy is so small, we measure and charge for it in pennies! We pledge to bring you the finest in gas service at the lowest possible cost.

GAS IS CLEANER:

536

366

Gas is the cleanest of all heating fuels. It burns without smoke or odor. Leaves carpets, drapes and household decorations spotless and clean.

Gas is always ready for instant use at the turn of a valve and is not subject to interruption by wind, storm and weather.

GAS IS DEPENDABLE:

By using gas, it is possible to maintain constant temperatures by a flick of the thermostat. Automatic gas heating equipment demands neither thought nor attention in providing uniform comfort in the home.

GAS IS MODERN:

The use of gas for house heating is constantly growing. It is widely recognized as the most modern method of heating, because of the inherent characteristics and advantages of GAS, THE MODERN FUEL.

GAS IS SILENT:

Gas burns without noise. Because gas heating systems are silent in operation, they are more adaptable than any other heatiting systems to closets, kitchens, utility rooms and attics.

GAS SERVICING IS RELIABLE:

Customers using gas for house heating have a areater guarantee of heating service and equipment servicing when required than those using other fuels.

PAMPA NEWS, SUNDAY, OCTOBER 12, 1952 Page 25 **Agriculture Has Shown Vast Change In Fifty Years**

Garden Crops **Orchards Early Activities Here**

Before the White Deer Land Company came into the area and began promoting Gray County as a farming region, the land was used primarily for ranching. Crops were raised only to keep the farmers and their families self-sufficient.

Gardens yielding tremendous cabbages, Irish potatoes, lettuce. beans, mustard and turnips were the boast of early-day pioneers. Orchards of peaches, cherries, apples and apricots bore abun-dantly and wild plums and berries thrived throughout the region. Farmers also had great success with grapes, melons and pumpkins.

farming.

SALUTING:

GRAY COUNTY

ON ITS

50th

ANNIVERSARY

STEAM TRACTOR PULLS THRESHER - Before the days of the combine in the area, threshing machines were pulled by horses or with steam tractors, as in the picture above, to complete harvest of wheat. They followed header barges and threshed grain from stacks. Wagon and teams, at left, were used to haul wheat to granaries. Men in the picture were custom harvesters,

MAIN STREET, 1908 --- Stand today on Cuyler, just south of the intersection formed by the main street and Atchison and face north. The scene before you would be vastly different from that shown above, but the picture shows what the photographer saw in 1908 on the same spot. On the cast side of Cuyler stood the C. B. Barnard store, built by Ace Harmond; a tin shop; Dormer Sims' confectionery (the two-story building); the First State Bank (Pampa's first bank) and at the end of the block, the first building built by Dr. V. E. Von Brunow in which the post office was located. Down in the next block, on the corner, was the First National Bank Building. On the west side of the street is the little exhibit house for the White Deer Land Company. The house later became the first law office in Pampa for Charles Cook, the first lawyer and father of Charles Cook who lives here now. Next to the small building is the Johnson Mercantile Company building which was later owned by J. N. Duncan,

Churches Have Played Vital Role In County Growth

Early Services Conducted As **Camp Meeting**

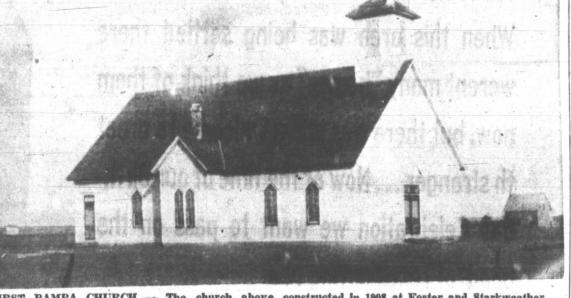

Religion, a vital force throughout the history of Gray County, expressed itself in the early days in the old camp meetings.

Preachers would visit the area and families for miles around would gather up goods enough to last a week and would camp out at the revival meeting grounds. A big tabernacle would be constructed or a tent set up to house the services and fami-

First Doctor

Pampa's first residents and one of the Panhandle's earliest doctors, was once instrumental in the capture of a horse thief working n the area.

Before the discovery of oil, Pampa was the wheat mecca of the Panhandle drawing thousands of hands each year. Many more were drifting in to work the ranches in the area.

One of the drifters was a young man named Thompson, who applied for work and was hired at the Shoe Nail Ranch near here. He was a handsome young man with charming manners and easy going ways and quickly became a popular figure.

One day Thompson was helping Wiley Vincent load hay when he was approached by a man brandishing a gun and commanding him to hold his hands up. Thompson instead, whirled and jumped the man who later proved to be a U. S. marshal. He grabbed the marshal and fastened the handcuffs on him. He was ready then to make a hasty retreat.

Unexpectedly Dr. Brunow, who had accompanied the marshal,

the other men could take him. Brunow had recognized his picture from a post card with two other desperados on it and found where he had written to an uncle telling of the bunch of horses he

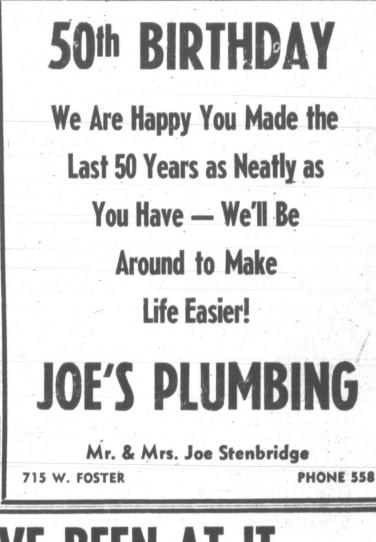

had located. Thompson, the personable ranch hand, was really a member of a desperate gang in Oklahoma and had been working here only to locate more horses.

Discovery Of Oil Ushered In New Era In Gray County

First Wells Were Drilled In Potter Co.

Oil, the black magic that has changed many a community into a bustling city and brought into quiet villages new money, new faces and a new character, had no less effect upon Pampa and other communities in Gray County.

In the early 1920s Pampa, Lefors and McLean were quiet little towns depending primarily upon agriculture and stock raising for their incomes. The soil was provid-

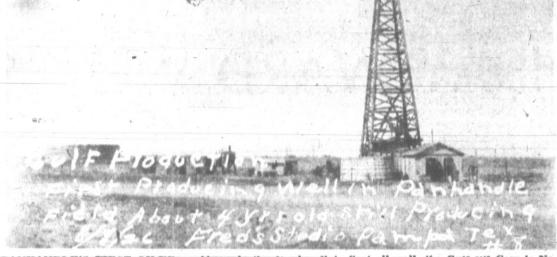

the citizens in the county. Then came oil.

Reports were sifting into A new era had been born in its beginnings in 1916.

followed suit.

Smith's Quality Shoes

When the Pampa Weekly News came into being in 1907, Gray County was as yet in its swaddling clothes. The hardy pioneers were still laboring intensely at laying the firm foundation which is our heritage today. Then, with the advent of growth,

440

1952

Gray County and the Top o' Texas area developed to the point that it justified a daily newspaper and in 1925, The Pampa Daily News came into being and has since been dedicated to relating the current day by day account of happenings in the local, state, national and international realm.

It is hence appropriate that on the occasion of Gray County's 50th Anniversary we express our appreciation for having the opportunity to serve you though the years by affirming our desire to make tomorrow's paper even better than today's.

IRON RAILS BRING NEW LIFE TO PANHANDLE - The old Choctaw line, stretching its from rails across the plains about the turn of the century, spelled the birth of two towns in the southern part of the county, McLean and Alanreed. The scene above shows a railroad building crew laying tracks for the old Choctaw line, now the Rock Island. It wasn't until the line was laid that the two towns were organized. The story that Alanreed was named after a mulatto Negro on that crew could well be possible considering the large number of colored men shown in the outfit. Both towns were formed in about 1902.

WHITE DEER LAND OFFICE PAMPA - Land transactions between early settlers and officials of the White Deer Land Company were completed in the building pictured above. At the time the picture was taken, T. D. Hobart was manager and M. K. Brown was assistant. The names White Deer Land Company, Tyng, Hobart, Brown and Buckler have become almost synonymous with Gray County, Pampa, settlement and developm ent. Most of the White Deer land, comprising 631.-000 acres, lay in Gray, Carson, Hutchinson and Roberts Counties. Officials promoted colonization in the area by breaking it up into sections and selling it to settlers at a low rate and with long terms to pay. Hobart succeeeded George Tyng as man ager of the company in 1903 and served in that capacity until 1924. He was succeeded by Brow n and Buckler, present managers,

facing execution for the murder of Josh Bloucher, self-styled chamber of commerce for Progress, Texas, contributed to the "gunsmoke" history of Alanreed in 1931.

In the early morning of Aug. 1931 Stevenson and accomplice Roy (Shortie) Magree, both from Lefors robbed the Alanreed bank of \$2,300 and shot local resident Jim Bryant,

Bryant owend a blacksmith shop next to the bank and when he saw Stevenson entering the bank assumed he was an electrician he had been expecting o wire his establishment. Upon entering the bank to inquire he was told to raise his hands bu being ahrd of hearing ignored the rder. Stevenson then shot him, the bullet entering below the stomach.

Now still an active man of 81, Bryant says he knew he had been shot but had no time to pay much attention to it at first as things were beginning to get pretty excited. He says he was the only calm one in the crowd

PIONEERS MAKE MUSIC - In lieu of symphony orchestra co certs, the theatre and other cultural aspects of the big city, pio neers to the Panhandle "wilds" made their own music. Schneider, center front, organized and directed the band which played for social gatherings, community programs and learned; to march, When Schneider had difficulty with his musicians dura ing drill, he hid the boys' customary case of beer at the finish line of the route and they had to march to that spot before they. could enjoy a cool drink in the shade. Among members remembered through the 20 or 30 years since the band rehearsed and performed are (in the back row, left to right) Lee Newman, trombonist. Hamp Brown, L. C. Murtry, both cornet players, John Cox, John Hamilton, tuba, and next three unidentified; in the second row, first man unidentified, C. P. Buckler, DeLea Vicars and Jack Voyd; and in the front row, Tom Eller, bass drummer Schneider, M. K. Brown, snare drummer (he and Eller switched drums occasionally), and Margaret Buckler. The band gave the first group of Army draftees in World War I a send-off and were on hand to play for dedication services of the junior high school building.

Congratulations Gray County... ON YOUR 50th

Celebrating 50 Years

of Progress...

Yes, it's Gray County's Golden Anniversary. FIFTY YEARS OF

PROGRESS ... from just a few persons to a thriving CITY OF THE PLAINS. And we're proud, aren't you.

We are proud of a lot of things about Pampa and Gray County. Most especially the people who make it what it is. People like you. People who have taken root here and literally BUILT THE AREA WITH THEIR BARE HANDS. People who have staked their ALL on this great County ... and MADE IT PAY.

And the folks who have come here in recent years ... the NEW blood. The ENTERPRISING PEOPLE who know a great country when they see it ... people who will continue to carry on in the NEXT FIFTY YEARS.

WE BFI IEVE. that after all ... it's PEOPLE that make a community GREAT. People just like you. No matter what the adversities. No matter what the set-backs ... people like you ... and US ... are going to go on making a GREATER, FINER, PAMPA AND GRAY COUNTY!

CABOT
