COMMUNISTS DEMAND CABINET POST

Groups Discussing Prospects For Pampa-County Hospital

Rumors and discussion of a 150-bed hospital for Pampa were afoot this weekend, with the announcement that the Gray County Medical society, after months of "talk" among citizens, had endorsed the idea of building a city-county hospital here.

Matt Kimes Is Being Sought By FBI Agents

OKLAHOMA CITY, Nov. 17.—(AP)—Matt Kimes, last of the bandit chieftains who terrorized the southwest a score of years ago, was sought tonight in this area's biggest manhunt since the days of Preilly Roy Floyd.

Kimes, the FBI charged, used a leave from the state penitentiary where he was serving two life terms for slaying officers to engineer the \$17,000 robbery of the First State bank of Morton, Texas, last Sept. 5.

OUTLAW GANG LEADER As word went out Kimes was wanted veteran peace officers, many with scores to settle with the one-time leader of an outlaw gang specializing in double and triple bank robberies, oiled their guns and took up the hunt.

All were cautioned by D. A. Bryce, head of the FBI here and nationally known quick-draw artist, to use care if they met up with the fugitive.

SPORTS SIX-SHOOTERS Bryce said Kimes was sporting two six-shooters and a 30-30 Winchester rifle at last reports.

Westerners who have watched Bryce draw and shoot a pistol during the time it took a coin to fall from his forehead to his waist were excited over the prospects of a meeting between Kimes and an old-school gunman, and the modernized Bryce.

Oldtimers said Bryce uses a modern version of the quick-draw, pulling and shooting his weapon in one long, smooth motion. The old school, they said, prescribed a draw in three stages—snatching the gun, a holster, cocking it, and firing when the weapon leveled.

GIVEN TWO LEAVES In Washington J. Edgar Hoover, chief of the FBI, spurred on his men with a statement Kimes was "one of the most vigorously sought fugitives" in the nation.

Kimes had served 18 years in McAlester penitentiary when he was released.

Yokoyama Was in Charge of Navy

MANILA, Nov. 17.—(AP)—Gruesome details of Japanese barbarities in the Philippines faded into the background at the war crimes trial of Gen. Tomoyuki Yamashita today as the military court heard evidence tending to show that Japanese navy men not under Yamashita's control committed atrocities he is accused of having permitted.

Yesterday Vice-Admiral Denshichi Okochi testified that the army—not the navy—was responsible for all Japanese forces in the islands during the period of alleged atrocities early this year. Today Lt. Gen. Shizuo Yokoyama passed the buck back to the navy, testifying that naval forces defending Manila were "virtually on their own" and Yamashita had practically no control over them.

Yokoyama said he himself took charge of various naval units, but through their commanders only, implying that these may have permitted many actions which Yamashita never heard about.

Asked what orders he had received from Yamashita concerning the killing of Filipino civilians, the witness said Yamashita had specifically instructed him to "be fair with all Filipino people and handle them with caution."

In previous sessions several witnesses testified that Yamashita had issued a ruthless order to "kill all Filipinos and burn their cities."

Yamashita, who took notes furiously with frequent scowls while the admiral yesterday was attempting to put the responsibility into the army's lap, scribbled voluminously again as his army colleague told the other side of the tale.

ARRIVES IN STATES SHAMROCK, Nov. 17.—(Special)—Elmore Carver, SK 2-c, has arrived in the States after a year overseas in the southwest Pacific area. He is the son of Mr. and Mrs. J. R. Carver, and expects to receive his discharge soon.

More Interest Being Shown In Wheat Drive

Although the "Wheat for Holland" movement in this county started off slowly last week, the Ministerial Alliance of Pampa, sponsoring organization, has reported there is more interest being shown in it. Considerable cash is coming in to support the drive to help the hungry people of Holland.

Elevators have pledged their cooperation in loading any grain that is either bought or donated. Some elevators have given wheat. Letters to farmers A form letter, urging contributions, has been sent out by the Alliance to 1,100 farmers. Rev. Russell G. West, chairman, said yesterday.

Amos Harris, chairman of the drive at Kingsmill, has reported \$600 in cash has been turned in to him. Each community is conducting its own drive and will be given credit for its results.

100 BUSHELS DONATED W. E. James is heading the drive at Lefors. Rev. Floyd E. Gray, pastor of the McLean Presbyterian church, is chairman of the drive in that community.

CASH COLLECTED Virgil Mott, music director at the First Baptist church here, said Saturday he had collected \$230 in cash.

The letter sent out reads in part: "Thanksgiving is now approaching, and the farmers of Gray county have every reason to feel thankful. Nevertheless, in our fasting and rejoicing we should not overlook the needs of a hungry world.

Since billions are now starving in Holland, the Ministerial Alliance of Pampa is sponsoring the immediate relief of these people.

Nuernberg Trials To Open Tuesday

NUERNBERG, Germany, Nov. 17.—(AP)—The international war crimes tribunal ruled today that the trials of erstwhile kingly nazis would open as scheduled Tuesday without the addition of Alfred Krupp as a defendant, but indications tonight were that the Russians would request a postponement.

U. S. Prosecutor Robert H. Jackson said he believed the Russians would ask for a delay on the grounds that their chief prosecutor, R. A. Rudenko, was ill in Moscow and would be unable to come here by Tuesday.

The tribunal's action in rejecting an American-French-Russian plea to indict Alfred Krupp as a major war criminal brought quick protests from the French and Russian deputy prosecutors. Jackson declined to comment.

The trial of Alfred's father, the ailing munitions king Gustav Krupp Von Bohlen and Halbach, has been postponed indefinitely, and the three powers want a Krupp included in the mass trial of nazis charged with war conspiracy. The British opposed the motion.

The tribunal ordered that Martin Bormann, Hitler's deputy who vanished in the battle of Berlin, be tried in Absentia, but announced no decision on Rudolf Hess, who is undergoing tests of his story that he is suffering from amnesia.

'NOBODY'S BUSINESS; EVERYBODY'S' ...

FRANKS INVITES CITIZEN INTEREST IN AFFAIRS

Garland Franks, city manager, at the Kiwanis club luncheon Friday noon outlined the city's improvement for the coming months in a short address entitled "What We Have in Mind."

Franks, who recently assumed that position, told Kiwanians as citizens of Pampa "Each one of you is a taxpayer, and therefore, you are all stockholders" in the municipality. He said the investment in the city government is about four and one-half million dollars at this time.

A half-million-dollar sewer re-construction and construction project voted to the taxpayers in an election this summer is to get underway some time next month, he said.

First work will be on rebuilding of the outfall sewer line—located on the outskirts of the city, a line which carries all the sewage to the disposal tank.

Construction of water connections in the Tolley addition, which became an incorporated section of the city this year, is contemplated in a city program. Two carloads of 6-inch pipe has already been received and installation of that pipe is being started.

A-BOMB CONFERENCE CLOSES

Concluding atomic bomb control talks, Prime Minister of England Mackenzie King jointly announced to a new conference in the White House that the mechanical know-how of atomic bomb production will continue to be kept a secret. (NEA Telephoto).

Nationalists Are Reported Fleeing From Manchuria

CHUNGKING, Nov. 17.—(AP)—Chinese nationalists, fearing a communist coup, were reported quitting Manchuria's capital of Changchun today, even as their own troops fought into the province for the first time.

A field dispatch said nationalist troops—the communists asserted four U. S.-equipped divisions were in the vanguard—were pressing beyond the great wall into southern Manchuria but they still were 400 miles from Chungking.

COMMUNISTS DIG IN Between them and the capital stood communist forces stoutly dug in. The Chungking press carried reports that well-armed communist bands had been seen near Changchun and appeared ready to take over as soon as the Russians withdrew.

The situation also remained tense around Tientsin, where marines and Chinese communists traded shots yesterday after the latter fired on a train bearing Maj. Gen. Dewitt Peck, commander of the First Marine Division, north of Chinwangtao, the port east of Tientsin.

PECK FIRED UPON Peck, arriving in Tientsin, said he was fired upon Wednesday and Thursday and the bullets were "so close we had to duck." He said quick reports of the trouble zone today.

The World Daily News, a Chungking newspaper, declared the impasse in Manchuria threatened "our national existence" and would affect future relations between China and Russia.

CRISIS IN TOP SUBJECT The Chinese press said the crisis over Manchuria had occupied top military and civilian leaders at a conference here.

The press, commenting on the inability of the nationalists to land at communist-held Manchuria ports, said the crisis was "settled."

Firemen Receive Four Fire Calls Saturday

Four fire alarms were turned in yesterday, two being within a few minutes of each other around 6:45 last night.

Grass on fire in the lot on the corner of West and Brown, south of the ball park, was put out last night just before it reached the Phillips 66 Wholesale buildings.

Almost simultaneously an alarm was received on a truck parked at the Santa Fe depot. The inside of the cab was completely burned.

No damage resulted when a hose on a heater blew up in a building to the rear of 412 N. Hill yesterday afternoon.

Fire burned the front cushion of an automobile parked in a garage at 617 1/2 S. Barnes yesterday morning. It was believed that the fire had been smoldering for several hours, the windows had been rolled up.

Friday afternoon a trash fire spread with the help of a high wind to near-by grass at 407 N. Cuyler. Fire chief Ben White extended the caution that trash should not be burned, should be hauled away so as to prevent probable fire hazards, and that leaves or trash should not be burned on windy days.

Java Conference Is Unsuccessful In First Meeting

BATAVIA, Java, Nov. 17.—(AP)—The first conference of Dutch, Indonesian and British leaders ended late tonight without a formula for peace in Java, and the official Dutch news agency Aneta declared Indonesian extremists had called for a war to the death against the British.

Aneta quoted the nationalist-controlled Jogjakarta radio as declaring: "This is the night of peace. Tomorrow we shall start and either kill the British or drive them out of Java."

FIGHTING CONTINUED Thousands of armed Indonesians were reported massed in Jogjakarta, central Java stronghold of youthful extremists.

Fighting continued in the Dutch naval base of Soerabaja, where the British were advancing slowly and cautiously against diminishing Indonesian resistance.

COMMUNIQUE ISSUED A communique issued just before midnight after the 3 3/4-hour conference of natives, British and Dutch in Batavia said no decision were reached because "the Indonesian leaders were not at present in a position to accept the responsibility of making definite replies to any of the questions discussed."

"Further meetings may be expected to take place in five days' time," the communique said.

Chief figures in the meeting were Premier Sutan Jahjrah of the unrecognized Indonesian republic, described as a moderate, acting Governor General Hubertus J. Van Mook and Lt. Gen. Sir Philip Christison, allied commander in the Dutch East Indies.

ON TERMINAL LEAVES SHAMROCK, Nov. 17.—(Special)—Johnny Coleman, former prisoner of war since Corregidor, has arrived in Shamrock, and Major Wood Coleman is at home from Italy. They are both on terminal leave and were rearred in the Dozier community.

University To Offer New Airport Course

AUSTIN, Nov. 17.—(AP)—The University of Texas will offer the nation's first course in airport management beginning March 1. Dr. John H. Frederick, nationally recognized authority in air transportation and industry, said today.

Two "firsts" already being taught are air transportation and airline administration and practice. Dr. Frederick said, with a combined enrollment of 215 students.

LICENSE ISSUED

A marriage license was issued yesterday to D. V. Biggers and Zena A. Gierhart by County Clerk Charlie Thut.

Fewer Jobs Open In Pampa Area

"Fewer jobs are now open in this area than two months ago," reported Mrs. Margaret Brown, acting manager of the United States Employment service office here, yesterday.

Employers who have openings are requested to list them with the USES as a great number of veterans are placing their names on file with the office.

Employment seekers are becoming less inclined to be particular about the type of work they select, being more concerned with the salary and permanency of the position.

Yesterday noon there were 140 persons registered for jobs with the USES with 153 positions available. Principal demands are for construction laborers.

There are 39 local firms requesting manpower, one outside firm. There have not been any cutbacks in the labor market in the counties of Gray, Wheeler, Hemphill and Roberts during the past two weeks to the USES office.

STUDENTS SUPPORT DRIVE: PAMPA SCHOOLS RAISE \$48,133.60 IN V-BONDS

Stamps and bonds with an issue value of \$48,133.60 have been bought, sold or pledged by students of the schools of Pampa in the Victory Loan drive. Most of the schools will continue to support the Victory Loan to its finish, December 8.

The Senior high school has been responsible for \$23,525 worth of stamps and bonds, having made its intensive bond drive in an assembly Friday morning.

Junior high school has sold \$15,725 worth of stamps and bonds through its \$10,000 goal Victory

De Gaulle Resigns For France's Good

PARIS, Nov. 17.—(AP)—Gen. de Gaulle tonight declared he resigned as interim president of France because the communists had demanded one of three key cabinet posts, and that he had refused the demand because of France's interest in maintaining an "equilibrium" between the world's "two very great political powers."

Taking the dispute directly to the people in a radio broadcast, De Gaulle did not mention the two powers by name, but a spokesman in his office said he meant the United States and Russia.

De Gaulle said one of France's major parties—the communists—had demanded "as a categorical condition" either the ministry of foreign affairs, war, or interior in the cabinet he tried to form.

FOREIGN POLICY "I have not been able to accept this condition," he declared, calling these ministries "the diplomacy that expresses France's foreign policy, the army that supports it, and the police which enforces it."

To accede, he said would be to endanger "the French policy of equilibrium between the two very great political powers, a policy which I believe absolutely necessary for the interest of the country and even for that of peace."

De Gaulle said in his letter of resignation, made public earlier, that the demands of one party for specific posts were "incompatible with the conditions of independence, cohesion and authority essential for the government. He referred to the communists, but did not name them in the letter.

In his broadcast, he declared that he was leaving to the constituent assembly the decision whether he should keep trying to form a government, or turn the task over to someone else. He stated he would give up the presidency "without bitterness" if the assembly so decided.

ALL EFFORTS FAIL All efforts during the day failed to solve the crisis.

The communist party, largest of the three major parties in the assembly, refused earlier today to accept the terms of the agreement.

'Grand Ol' Opry' Is Coming Here

Out with that bottled-up rhythm. The "Grand Ol' Opry" is coming to town with cowbells and washboards, guitars and castanets, featuring Borgerites Jimmy and Leon Short.

They will appear in two performances to be given Nov. 26 at the Junior high school auditorium under the sponsorship of the Junior chamber of commerce.

The brothers, Jimmy and Leon, better known in the Panhandle as "Smoky" and "Bashful," attended the Borger high school.

Now regular Saturday night stars in "Grand Ol' Opry" heard over WSM, Nashville, they received their first audition about 10 years ago over KPDN, Pampa, went directly to San Antonio radio contracts.

The brothers will be accompanied by members of their troupe, will appear at Burger Nov. 27-28, playing in the school from which they graduated.

Tickets to the Pampa performances will be available this week at local drug stores to be announced later. Reservations may be secured at the chamber of commerce office.

ON FURLOUGH SHAMROCK, Nov. 17.—(Special)—Sgt. and Mrs. Eldon Sonnenburg and daughter, Sylvia Ann, are here from Perrin Field, Sherman, where he is stationed. They are visiting his parents, Mr. and Mrs. T. H. Sonnenburg.

THE WEATHER

Table with weather forecast data for Pampa, Texas, including temperature, wind, and cloud conditions for various times of the day.

WEST TEXAS: Partly cloudy Sunday and Monday, Warner in Panhandle and South Plains Sunday.

EAST TEXAS: Partly cloudy with not much change in temperature Sunday and Monday. Moderate southerly winds on coast.

Incredible Army Machine Roars Over Penn 61-0

Harvester Eleven Routs Fighting Borger Bulldogs 33-0

Plainview Routs Brownfield 54-7

Pampa's Harvesters stood at the top of District 1-AA gridiron ladder today as Otis Coffey's team won its third conference victory, beating Borger 33-0.

The Harvesters rank slightly above Amarillo's Sandies by virtue of their un-scored on conference record.

Plainview's Bulldogs, bounding back from their first loss of the season, a 7-0 beating by Amarillo, pummeled the Brownfield Cubs 54-7 to register the highest score in District 1-AA football.

Amarillo and Lubbock were tied this week, but next week sees all six teams in action with Pampa playing at Plainview, Lubbock playing Amarillo and Borger journeying to Brownfield.

Amarillo will be heavily favored to take Lubbock next week and Borger is expected to come through against Brownfield. The Plainview-Pampa battle, tops in the district, has no favorite although comparative scores give Plainview a definite edge.

Team	W	L	T	Pts.	Opp.
Pampa	3	0	0	58	0
Amarillo	3	0	0	70	6
Plainview	3	1	0	88	28
Lubbock	1	3	0	46	34
Borger	1	3	0	28	94
Brownfield	0	4	1	13	141

Navy Rolls Over Badgers 34 to 7

Navy's undefeated and one-tided football team rolled over a highly spirited but overmatched Wisconsin eleven today by a score of 36 to 7 in a game featuring touchdowns runs by two previously scoreless Middle ball carriers.

Jim Pettit and Bill Barrow galloped 70 and 54 yards, respectively, as the midshipment collected five touchdowns and a safety on a Wisconsin punt blocked by left guard Jim Carrington. Jack Curran added four extra points from placement in five tries.

Wisconsin's touchdown came in the closing minutes of the first half of an 18-yard pass by the Badgers diminutive but mighty Jerry Thompson to quarter back George Fuchs in the end zone. Left tackle Martin Meyer place-kicked for the extra point.

Locals Tackle Powerful Grid Club from Plainview Thursday

By SCOTT RAFFERTY News Sports Editor

Sending one team of Bulldogs scuttling to the showers with a 33-0 licking, Pampa's Harvesters looked forward today to another as they began to get ready for the Thanksgiving day clash with the Plainview Bulldogs.

Borger's game eleven couldn't stop the rampaging locals Friday night as the Harvesters won their eighth before a capacity crowd at Bulldog stadium.

Randall Clay smashed through the Borger defenses for three touchdowns in Friday's game but the hearts of the fans were stolen by little Bernie Brown, diminutive Harvester back, who made one touchdown and scuttled through for 91 yards on the ground.

The Harvesters opened the scoring less than one minute after the game had started when Borger fumbled on the first play after the kick-off return.

Pampa took the ball on the Borger 26 and Clay went through for a score on the second running play. Clay also made it stick by kicking the extra point.

Clay plunged over again in the second quarter to make it 13-0 but Wilson's kick for extra point was blocked.

Russell Neef, 155-pound Pampa left half, went over in the third quarter from the one-yard stripe to make it 19-0 and Clay added the extra point.

Shortly after the fourth period began, Clay again scored, this time from the two yard stripe. His kick for extra point was blocked by the hard-charging Borger line.

Bernie Brown ended the scoring in the fourth period when he smashed over from the one. Little Jim Wilson made good the kick for conversion.

Three times during the game, the Bulldogs stopped a harvester drive that went nearly to the goal line, and each time it was Gene Ware, huge 260-pound Borger tackle, and Howard Hurt, 175-pound guard, who broke in the scoring plays.

For the Harvesters, the entire line played its best game of the season and it held Borger to 66 yards rushing and rushed Borger's passer repeatedly. Borger was able to complete only four passes out of 12 attempts and six were intercepted by the alert Pampa defenses.

Leroy Dunn and Milton Price were particularly outstanding in the Borger backfield. In addition to Ware and Hurt, End Rex Orman played a fine game.

Two Harvesters, Fullback Bill Washington and End Charlie Beard, watched the game from the bench. Washington is getting over his leg injury while Beard is still unable to see much activity because of a knee injury.

First Quarter
Pampa kicked off to Dunn on the Borger five. Dunn returned to the 10 and on the next play Price ran to the 26 but fumbled and Pampa recovered. Clay failed to gain through the line and on the next play raced over for a touchdown. The kick by Clay was good. Borger took the kickoff and rolled up three consecutive first downs in driving to the 13 but Dunn lost back to the 18. Clay then intercepted Price's pass and ran to the Borger 49. Neef

made a short gain and then Clay raced 23 yards to the Borger 23 and went to the 10 as the quarter ended.

Second Quarter
Brown went eight yards but the play was called back and Pampa was penalized five yards. Clay made 14 back to the 11, but two passes by Johnson were incomplete and Borger took over. Price made one yard and then kicked to the Pampa 40 from where Johnson returned it to the Pampa 46. Brown then raced through for 24 yards and a first down on the Borger 35. Clay made nine and Brown went 12 more for another first down. The Harvesters drove to the Borger seven but the Bulldogs held and took over. Crow punted to the 50 and Johnson returned to the 43. Brown made five and Clay added 18 more, going to the 14. The Harvesters drove on down and after a five-yard penalty, Clay went over for the score. Wilson's kick was blocked.

Borger threatened later on two 20-yard passes. Price to Orman but Johnson intercepted one of Price's heaves on the 10. However, Borger recovered a fumble on the next play but the half-time whistle sounded as Borger had the ball on the Pampa 10.

Third Quarter
Borger took the kick-off and drove to their own 40 but couldn't gain further and Dunn kicked to Johnson who ran it back to the Pampa 40. The Harvesters made it to the Borger 40 and were penalized back to the 45 but a 13-yard pass from Johnson to Dunham aided the Harvester cause in driving to the Borger one from where Clay went over for the touchdown and added the extra point. After the kick-off and three running plays, Clay intercepted one of Price's heaves and ran to the Borger 31. Brown made four, Neef five but the Harvesters got a five-yard penalty and couldn't make a first down. Borger taking the ball on the 27. Crow made it to the 35 as the quarter ended.

Fourth Quarter
Price again passed as the quarter opened but Clay intercepted and ran to the Borger eight. Neef made two. Clay made three and then Clay went over for a touchdown. The kick was blocked. Borger took the kickoff but couldn't make a first down and Crow punted to the Pampa 39. Wilson made 10 yards. Brown made one and then Brown raced for 28 yards for a first down on the Borger 24. Brown made three and

Steers Take Advantage of TCU's Lack of Scoring Punch, Win 20-0

By DAVE CHAVENS

AUSTIN, Nov. 17.—(AP)—Texas university powerhouse to a 20 to 0 football victory here today over Texas Christian, remaining as a result very much in the southwest conference race.

The Horned Frog passing game featuring freshman Leon Joslin of Waxahachie was a scoring threat throughout. It gained lots of yards, but the Horned Frogs lacked a goal line punch, and it was the Longhorns' game all the way.

The powerful Longhorns' own passing game netted them their first two touchdowns, but their ground power kept them in the lead. They emerged with a total of 192 net yards rushing to minus five for the Horned Frogs, plus 92 yards gained in the air to Texas Christian's 134.

Texas scored in the first period on a perfectly-executed pass from Bob-Layne to Dale Schwartzkopf. It was a 64-yard heave from Layne to fullback H. E. Allen late in the second period that gave Texas its second score. Arthur Sweet lunged across a piled-up mass of players for the final Texas score in the fourth period.

Layne kicked two extra points for the Longhorns.

The Horned Frogs threatened several times mostly as the result of Joslin's fine passing, and once as a result of the same sort of hurrying by his substitute, Tom Hudgins of Fort Worth. Rushing got off many of his passes in the face of determined rushing by the Longhorns' line.

Outstanding linemen for Texas Christian was end Bubba Schmid of Brenham, who played a fine game both on the offense and the defense.

Southern Cal Comes from Behind To Upset St. Mary's Gridders 13 to 7

By BILL BECKER

LOS ANGELES, Nov. 17.—(AP)—Marching 84 yards to score in the final minutes of play, the battling underdog Bruins of the University of California at Los Angeles today upset St. Mary's College, 13-7, toppling the Gaels from the ranks of the nation's undefeated grid teams.

Before 87,000 exhausted spectators, the Bruins tallied on quarterback Ernie Case's 15-yard pass to half-back Skip Rowland, who ran five yards for the winning touchdown with one minute to play.

The first UCLA touchdown also came on a pass by Case, sub-halfback Ken Solid took the south-paw quarterback's 17-yard pitch on the Gael 22 and ran over untouched midway in the third quarter.

The Bruins, behind 7-0 at the half, completely squelched the vaunted Gael razzle dazzle with brutal, charging line play in the final periods. With one spectacular exception, the Bruins gave Hawaiian Herman Wedemeyer little chance to get set for his bullet passes.

St. Mary's touchdown came early in the first quarter after end Ed Schultz recovered Jack Boyd's fumble of a Wedemeyer punt on the Bruin 13. Wedemeyer circled end for 11 and smashed over tackle from the two to put the Gaels in front.

His placement made it seven. St. Mary's barely missed another score in the opening period after driving to the UCLA five on Wedemeyer's 45-yard pass to Schultz, followed by Dennis O'Connor's run with Schultz' fumble. The play was good for 65 yards in all. But the Bruins stiffened and took over the ball and the Gaels were never close thereafter.

UCLA's winning drive opened on the Bruin 16 with five minutes to go. Sub halfback Brown's Biddle rambed 25 yards around end, then picked up 12 more in two off tackle plays. Solid lost two and a case pass was incomplete and it looked like the Bruins were through.

Biddle, however, cut back over guard for 13 and then for four more around right end. After Solid was nailed for a four yard loss, Case jump-passed over the middle to Rowland and the biggest upset of the coast season went into the books. Case placekicked the final point.

The game ended four plays later with Wedemeyer throwing long desperate passes.

Wolverines Take Purdue 27 to 13

By FRANK KENESSON

ANN ARBOR, Mich., Nov. 17.—(AP)—Two 50-yard touchdown passes from Freshman Ete Elliott to Vetrican Bob Nubauer in the first half placed Michigan in the lead over the Bolleermakers from the Big Ten football title fight today, 27 to 13.

Elliott, brother of Chalmers (Bumps) Elliott, Purdue star of 1944, furthermore had a hand in all four Michigan scores, plunging over from the one-yard line in the first half and passing 10 yards to Art Renner for the final touchdown.

Michigan's victory was its fourth in five Big Ten games and gave the Wolverines a chance for the western conference title if they beat Ohio State and Purdue dumps Indiana next Saturday.

Wilson made five more. Anderson drove to the two from where Brown went over for the Harvesters' final touchdown. Wilson kicked the extra point.

Borger threatened again when Crow ran 25 yards to Pampa 35 but the play was called back. The game ended with Pampa in possession of the ball on the Borger 46.

The Summary

First Downs	11	5
Yards Rushing	255	78
Yards Lost Rushing	6	12
Net Gain Rushing	249	66

Yards Penalized	50	25

Triumph Is 17th in Row for Cadets; Eighth This Season

By GAYLE TALBOT

PHILADELPHIA, Nov. 17.—(AP)—Army's incredible team just about clinched its claim to gridiron immortality by overwhelming a supposed strong University of Pennsylvania eleven, 61 to 0, before an awed crowd of 73,000 at Franklin Field today.

That furious pair, Glenn Davis and Doc Blanchard, each scored three touchdowns before they were withdrawn from the carnage in the third period.

In racking up their 17th straight victory the Cadets ran their scoring total for eight games this season to 380 points against the opponents' 33. They served dire warning on Navy, whom they meet a fortnight hence in this town.

Blanchard and Davis were, as usual, superb. For the third time against a major opponent this year Davis figured in an Army score on the second play from scrimmage when he raced 27 yards around right end for a touchdown after only 228 of play. Each of the Cadets' all-America twins had scored 16 touchdowns during the season.

The Quakers, barely beaten by Navy and generally regarded as the Eastern team most likely to extend the West Pointers, were knocked back on their heels at the outset and never figured in the contest. Their big line was ripped to shreds by the hard-running Cadet backs, and their own offense simply never functioned against Army's huge forwards.

The Cadets' piled up 363 yards by rushing to Penn's 56, and passed for another 139 to the Quaker's 92 yards. Not shown by the statistics was the fact that two touchdowns runs by Blanchard in the first quarter were called back because the officials detected an Army back in motion.

Not until the closing minutes of the game, when Army's third team was in the game, did Penn manage to push the ball past midfield. Then the Quakers put together four straight first downs and drove as far as the Cadets' 14 before they were thrown back. Only a couple of nice runs by Don Schneider, fleet half-back, gave the Penn Supporters a chance to cheer. One of them was a 39-yard punt return.

Neither team counted in the third period. Dick Jackson's sensational 55-yard run to the Canadian five was called back, a backfield in motion penalty against Phillips.

Cross scored for Canadian in the first seconds of the fourth period to put the Wildcats ahead 13-12 but the lead did not last long as McClelland scored for Phillips after he had passed 40 yards to Turner on the five.

Cross and Hopkins were outstanding for Canadian while Jackson and McClelland did most of the honors for Phillips.

Ohio State Powers To Win Over Illini
COLUMBUS, O., Nov. 17.—(AP)—Ohio State's fourth period power burst in the face of Illinois' football team today and the Buckeyes smashed their way to an impressive 27 to 2 victory over the Illini to stay right behind Indiana in the race for the western conference championship.

At the start of the second period Tulsa's powerful fullback Camp Wilson, still recovering from a heavy cold, smashed over from the one-yard marker and halfback Hardy Brown added the point to tie the score at 7-7.

Halfback Bob Smith joined the scoring parade on a 20-yard sweep around end and again Brown converted. Then, just before the half ended, Smith passed to end Willis Loiz for the third touchdown.

The third quarter counter came early on a series of smashes through the line by Wilson and Smith. It was Smith who broke through and cut back for the score on a five-yard run, and Brown missed the kick.

Alabama Storms Over Hapless Vanderbilt

NASHVILLE, Tenn., Nov. 17.—(AP)—Alabama's bowl-bound crimson tide turned on a powerful aerial and ground attack today to smother light, young Vanderbilt, 71-0 in a game that proved—if necessary—its might.

Alabama had little trouble in moving across one touchdown in the first period, two in the second, four in the third and three and a safety in the fourth, scoring several times when punts took the place of the star-studded first team. Harry Gilmer and company.

Notre Dame Romps Over Northwestern

EVANSTON, Ill., Nov. 17.—(AP)—Notre Dame, overwhelmed by the army, 48-0, a week ago, bounced back into the victory column today by smothering northwestern 34-7.

before a standing room crowd of 49,500 at Dyche stadium since the late Knute Rockne fielded his last championship Irish team in 1930.

The presence of fans in the mouth of a snake is the only certain means of deciding whether it is venomous or not.

Walker Stars As Mustangs Beat Porkers

By HAROLD V. RATLIFF

DALLAS, Nov. 17.—(AP)—Youthful Doak Walker snapped Southern Methodist out of its losing ways today as he pitched and ran the Mustangs to a 21-0 decision over an Arkansas team that furnished only passive resistance.

The victory, registered before a crowd of 9,000, was SMU's second southwest conference triumph of the season. It pushed Arkansas deeper into the conference cellar.

Walker, playing his third game with the Mustangs after being discharged from the merchant marine, scored two touchdowns, set up another, carried the ball 14 times for 61 yards, completed 9 of 14 passes for 120 yards—and played less than three quarters.

Methodist second-stringers played most of the final period and while penetrating deep into Arkansas territory several times couldn't score.

SMU rolled up 18 first downs, gained 378 yards rushing and passing and was the master at all stages of the game. The Porkers, with Big John Hoffman doing a man's job carrying the pigskin, got eight first downs, 140 on the ground and 36 in the air.

A couple of fumbles of forward passes by End Harold Clark thwarted Southern Methodist scoring attempts early in the game and it was late in the second period before the Mustang aerial circus began to click.

A fine punt return by Walker started SMU on the way to its first touchdown. From the Methodist 46 Howard Walker blasted the line for four. Walker passed to Bob Quinn for 14 yards, to Gene Wilson for 12 more and to Quinn again for nine. Miley cracked right tackle for a first down on the Arkansas line. Walker powdered center for eight yards and blasted right tackle for the touchdown. Pete Kotlarich converted—the first of three extra points he booted through today.

The next touchdown came quickly. Arkansas took the kick-off and after Hoffman had rapped the line for a first down, the Mustangs braced and the big Arkansas fullback had to kick the boot going out on the EMU 35. Paul Page took a hand-off from Walker and whirled around left end for 57 yards. Walker bounced into the line for a yard, then circled right end to score standing up.

The final SMU score came late in the third period. Taking over on their 45-yard line after a short kick by Hoffman, the Mustangs, with Walker in the driver's seat, rolled easily to a touchdown.

Plans Are Announced for Lions Club Recreation Park Here Project Cost Will Be About \$38,000

After almost five years of planning, the first work on a park and community center was begun Thursday afternoon. The extensive outlay, to cover a space equivalent to about four ordinary-sized city blocks, got under way when members of the sponsoring organization, the Pampa Lions club, started cleaning of the area, which is in the Wilcox addition. It is described as the land lying east of Reed street to Campbell and Tunley; south from Campbell to Murphy street.

The land was purchased by the Lions club, and with the assistance of local and out-of-town engineers and persons with knowledge of building recreation parks, the members have announced comprehensive blueprints for a beautiful site which would be open to the public. Ample space will be available for Boy and Girl Scouts and other youth organizations. And a hall, capable of handling concerts and other community gatherings, is planned. The hall, or administration building, would face the entrance to the park which would be surrounded by a wire fence.

TREES, SHRUBBERY

With carefully placed trees and shrubbery, the park would be so arranged as to provide two softball diamonds, one for older children and one for the younger. Maygrounds for the younger and older children would be segregated, in order to protect the younger children from the more strenuous play of the older ones.

In addition to the ball diamonds, there will be three tennis courts, facing north and south so that the sun would not interfere with play; a 30-foot Ocean Wave slide; a fire-

man's slide; chinning bars, swings (both for younger and older children); horizontal bars; and, especially for the younger, chair swings, Jungle Gym, and a merry-go-round. There are also provided two scout cabins in the recommendations by the engineers. They would be large enough to accommodate the average scout troop. The space would provide sleeping bunks for overnight stay.

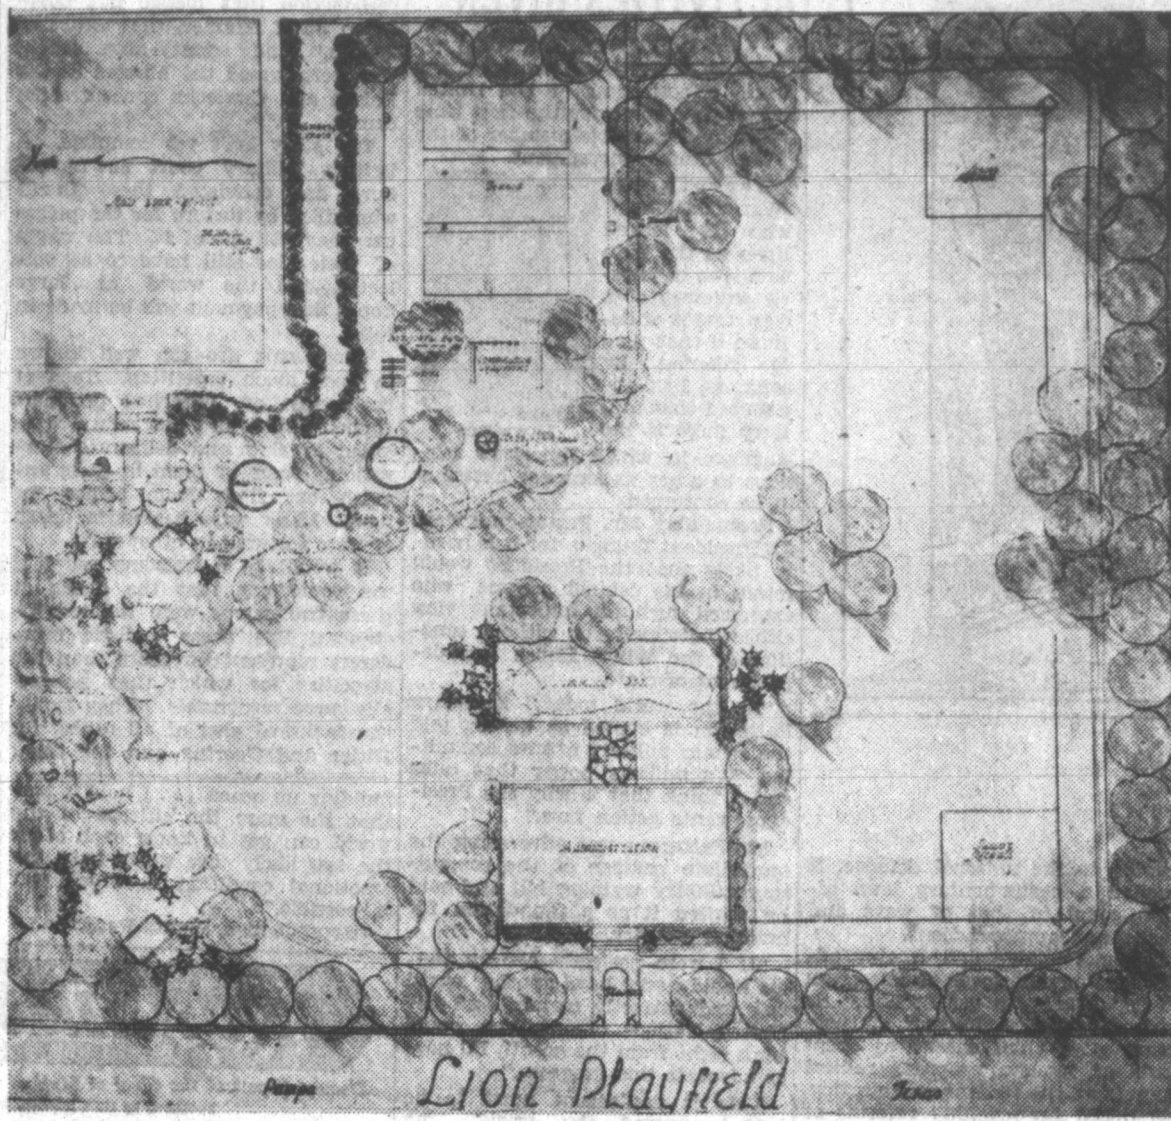

LARGE AUDITORIUM

The administration building, laid out as a prominent feature at the entrance, would be about 80 feet wide and 110 feet long, with adequate arrangement for a 60x90 auditorium, with adjacent kitchen, cloak rooms, and smaller rooms for concessions, if necessary. The ground floor would facilitate a men's and women's dressing room, as well as other features desired—such as billiards, shuffleboard, and bowling. This building, said the engineers, could be erected of native stone, as would the scout huts.

PICNIC AREA

The north side of the park is given over to a large picnic area. Fire places have not been provided except for one for each of the scout cabins. It is believed, stated the engineers, that fire places are not suitable for new parks until trees are large enough that the public will not chop them up for firewood.

The planners envisage at the northeast corner (west of the three buildings) a caretaker's house with

Shown above is the artist's conception of what the Lions club park, to be located in South Pampa, would look like. The recreation park, to be completed

at an estimated outlay of \$38,000, was begun this past week with the members of the club starting to clear debris and grass from the

four-block area. Club members emphasized they wished the project to be considered everybody's—not just that of the club members.

grounds would be underground.

Arrangements are made so that trees and shrubs may be planted at once without interfering with subsequent building operations.

SEGREGATION

The pool, on an irregular arrangement plan, is so planned in order to segregate the larger and smaller children thereby cutting down on accidents.

There would be three drinking fountains. The walks through the park would be six feet wide, and also a walk would be built between the enclosing fence and the highway, so that people would not have to walk on the highway after having parked their cars.

COST—\$38,000.

The estimated cost of the project, including the cost of the land, is set at \$38,000. That would be the cost when present plans had materialized. However, there would be a considerable amount in upkeep, and from time to time improvements would be made.

In making the announcement, the club emphasized that it is more than a club undertaking. "It is a challenge to the entire city," one official said.

"This park," it was said, "will serve many people, and be of especial value to little children who are, by reason of distance and traffic hazards, unable to visit and enjoy the facilities of Central park."

RAISING FUNDS

A series of events is planned by the club, beginning in December, in order to raise money to apply on the cost of initial work. Actually, planning has been more active in the past year—although members have propounded the idea of such park for almost five years.

It is the hope of the members—and of many non-member citizens—that construction will be well under way within a very short time.

The city will be watching it with interest and no small amount of eagerness.

Scrap iron became a major steel-making material in 1938, when the first open hearth furnace was built in the United States.

This Year More Than Ever Your Accessories —Are YOU!

You may wear a smart dress and an expensive coat but the REAL job of completing your ensemble to give it that truly smart look falls on the shoulders of your accessories. They make or break a costume. Anthony's have the perfect answer with "perfect" accessories.

A Becoming Hat

Hat designers "ran wild" this year. New influences have crept in from all over the world. Caninall Europ has had its say in a big way and the Paris touch is back. The variety is infinite. Pick one to suit YOU!
1⁹⁸ to 8⁹⁵

Gloves Are Important

The "right" gloves mean much. Whether you choose fine leathers, suede fabrics, washable novelties, knit woolsens or furry mittens you'll find the very gloves for you at Anthony's.
1⁹⁸ to 3⁵⁰

A Fine Handbag—

Here again the variety is almost infinite. Designing of fine bags has become a real art the past few years and Anthony's bag buyers have assembled some of the very choicest for you. Literally every shape, size and description awaits you at Anthony's.
2⁹⁸ to 9⁹⁰

And Lovely Hankies

Dainty feminine white squares of embroidered Madiera, laces, linens. Or bolder and colorful types for sports costumes. For yourself or for gifts... they're here in a great variety of desirability.
25c to 98c

Anthony's
Pampa, Texas

This Year Your Coat takes on new importance

You'll feel like a new person when you slip into one of these really "super" new coats at Anthony's... And you'll look like one, too. The easy elegance or casual touch you achieve in these new coats is truly warming to the heart... and so easy on the budget!

Group One—

You'll find here every type of self-trim coat... dressy coats, tailored coats... sport coats, boy coats... Chesterfields... topcoats. We predict you'll applaud and approve their smart fashion treatments.
2250

Group Two—

Many of our very best coats are in this group... all excitingly new... all smart and all ready to enter into the active life of your winter ensemble. Finest Shetlands, wool crepes, fleeces, suedes, soft "rushed" woolsens or hard "iron-clad" finishes. No touch of dis-
2750 to 5950

GIRLS COATS

Seldom will you find a more complete choice in girls' coats than now at Anthony's. They have a grown-up sophistication all growing girls like. The fabrics are superb. All details perfect. And, also important, they're budget-priced.
990 to 2250

YOU TOO CAN SAVE A LIFE!

Holland is a little country. It is one of the most peaceful-minded countries in all of Europe. It was one of the innocent bystanders in the worst war Europe has ever had. In a way, it was a sort of proving ground for man's most diabolical inventions—the weapons of war.

The country is now in waste, and its people are hungry. It is in waste, because the land in most cases has been flooded. The Germans turned loose those dikes we read about in our school books. Remember the little boy who held back the dikes with his finger?

But hunger can't be held back that way. The Ministerial Alliance of Pampa is sponsoring a campaign to send wheat to those people. Wheat, you know, will save lives. And, despite the barbarism of war, we still want to save lives. Other communities in this county have pledged full help.

We urge everyone to give either wheat or money. It will be handled honestly and efficiently. Details of how you can give will be found on the front page today. If you don't know how to help, read that story for details, and do the best you can. You will be saving lives!

THE PALMER FOUNDATION

C. E. Palmer, Texas-Arkansas publisher, has made available \$100,000 for a foundation to promote among our people an attitude of fair play and unselfishness. This is a rare contribution to society; but it is indeed a good one—one for which there is a need, we believe.

A plan of procedure has not been adopted, and the first project of the Foundation will be to award cash prizes for suggestions as to how to carry out the work. A thousand dollars will be given for the best entry, \$500 for the second best. Suggestions should answer this question:

"How best may we inculcate in young people a consciousness and appreciation of, and a devotion to, the principles of morality that are embodied in the Golden Rule—'Do unto others as you would have others do unto you'?"

Suggestions must be in by next Jan. 31, and are to be sent to Palmer Foundation, 216 East Third Street, Texarkana, Ark.

We endorse a statement made by the Dallas News on this subject: "A Golden Ruled world may be too much to hope for. It isn't too much to work for. The unrest of the hour, the ominous disunity, urge that such work be undertaken with unflinching purpose."

To say the least, the Palmer Foundation is a wonderful thing in this world.

Nation's Press

SHOULD OUR DIPLOMATS BE SPY-MASTERS?

(The New York Sun)

Washington dispatches report that the State Department is proceeding with the task of organizing a "comprehensive and co-ordinated foreign intelligence program," assigned to that department by the President when the Office of Strategic Services was abolished. On the surface there is nothing disturbing about these dispatches. Americans generally recognize that if they are not to be caught napping again, they must learn to play the game of international intelligence—or espionage—as skillfully as it has been played by other nations in the past.

What is disturbing is the notion that this essential agency should be incorporated in the State Department. Operation of such an agency is altogether incompatible with the basis on which diplomatic representation rests. Our ambassadors and ministers are not received in foreign capitals as a matter of right, but as a matter of grace. It is impossible to believe that the State Department could simultaneously serve two masters well; that it could with equal skill discharge the obligation of maintaining good relations with other Powers and the duty of obtaining by devious and secret means the most minute and hidden information about military, economic and political matters.

A single agency clearly should be responsible for operation of this worldwide intelligence system, but it should be no part of the State Department. A far better prospect for its success would be assured by establishment of an independent agency, either directly responsible to the President or indirectly responsible to him through the Joint Chiefs of Staff. Such an agency would have no duties except to collect, analyze and distribute information. It would have no dual sense of responsibility. It would not, from a sense of its responsibility for good relations, withhold information from those entitled to it. It would not hopelessly confuse the roles of good neighbor and masked spy.

When the President originally decided to transfer this part of the State Department to the Sun, he believed that he had been badly advised. This newspaper believes just as strongly that the State Department has taken the first step on a path which may lead to disastrous ineffectiveness of an essential service.

The Fleet's In— They're Buying Rings

CAPETOWN, Union of South Africa, Nov. 17.—The U. S. fleet is in today, and its men are buying engagement rings and loose diamonds like peanuts.

The more than 6,000 officers and men from two U. S. battleships and six destroyers are "going crazy" over Capetown's vast assortment of gems, dealers said.

The highest price reported paid by an American has been \$3,200 for a pure white diamond weighing four and one-half carats.

Nine out of ten men are buying engagement rings, the jewelers said, and many are purchasing loose stones as investments.

The battleships, the California and the Tennessee, and the destroyers—the Lardner, Thorn, Nelson, Lansdowne, Stevenson and Stockton—have put in here for the week-end.

News Behind the News The National Whirligig

WASHINGTON BY RAY TUCKER

PACKED Sam Rayburn, perhaps the most popular man on Capitol Hill, is the victim of a violent campaign of abuse by the Wallace-Hillman spokesmen and certain overenthusiastic friends of President Truman. They accuse the speaker of spiking the social and economic program on which National Chairman "Bob" Hannegan hopes to retain control of congress next year and re-elect Mr. Truman in 1948.

Although the verbal blitzkrieg is based on an abysmal ignorance of parliamentary procedure and rules of the house, that does not excuse it in the minds of the Texan's friends.

The liberals blame Mr. Rayburn because he referred the full employment bill to the house committee on executive expenditures. They wanted this considered by Mrs. Mary Norton's labor committee, which is packed with legislative friends of the C.I.O.

BLAMED—Indeed, the lady from Jersey has toyed with the idea of trying to force the measure from the hard-boiled, reactionary group by the discharge technique. If she can get 218 signers to a petition, she can force the proposal to the floor for a vote. She can't.

The C.I.O. insists on action to demonstrate to its followers that it can crack the whip over congress. "Bob" Hannegan figures he can hold the mass of the metropolitan vote if he can "point with pride" to the enactment of the relief measures.

Neither the full employment nor the unemployment compensation bill has made much progress, and it is probable that they will be unrecognizable to their original sponsors if they emerge in any form. And Mr. Rayburn is being blamed for the blockade.

BURIED—When the Rayburn enemies took their complaints to friends of the speaker, the latter gave sharp lecture on the power and jurisdiction of the executive expenditures committee. It is a story which only a few members of the house know in detail, and it completely exonerates Mr. Rayburn.

The time was when this committee was an unknown and innocuous body. It had as low a status as the jurisdiction of the disposition of less papers, or the group which handles such subjects as coinage, weights and measures. Members fought to avoid an assignment to it for fear they would be buried politically and legislatively.

WATCHDOGS—But in 1927 it became one of the most potentially influential bodies of house or senate by an amendment to the budget law. It was given jurisdiction over almost every problem involving the expenditure of money by the federal government.

Under a broad interpretation, it can claim jurisdiction over almost every financial question except funds

Peter Edson's Column: RESEARCH BELIEVED SPLITTING SCIENTISTS

By PETER EDSON NEA Washington Correspondent

WASHINGTON—The parade of over 100 leading U. S. scientists before senate committees considering how to mollify pestering research produced a strange mixture of ideas. The scientists couldn't agree among themselves how it ought to be done.

Net result will be that the three senators principally interested in this peace-time problem will have to get together and write themselves a new, compromise bill which will set the thing up the way they think it ought to be done. The three senators are Harley M. Kilgore of West Virginia, Warren G. Magnuson of Washington and J. William Fulbright of Arkansas.

There were three principal points at issue: Who would own and control the patents developed in government financed research; how the top research organization directing the work should be organized; whether or not research in the social sciences should be included in the program along with the natural sciences.

Controversy over the patent issue was probably the hottest. Despite the desire of Dr. Vannevar Bush, director of the wartime office of scientific research and mobilization, to keep the patent question out of this legislation, it probably will go in under a compromise. This solution will not constitute a revision of the patent law itself, though that may come later.

David Lawrence DAY-BY-DAY COUNT ON WASHINGTON'S ACTIVITIES GIVEN

By DAVID LAWRENCE

WASHINGTON.—Distrust of the future effectiveness of the United Nations has come for the first time from any responsible member of the United States government.

Secretary of War Patterson, who is looked upon as the man who is to be chosen secretary of a department of defense if that plan is adopted by congress, has announced that military force is the language in which America's relations to other nations are hereafter to be continued.

Presumably Mr. Patterson speaks for President Truman, for it is hardly likely that the President would retain in his cabinet anyone who expressed such an important view either indiscreetly or without sanction of the White House and department of state.

"In the world today," Secretary Patterson is quoted as having told the senate military affairs committee, "it is military power that talks and I think that is why the President wants action now."

Mr. Patterson was advocating the immediate passage of the compulsory military training bill and said he wanted it as a foundation for national security. He added:

"If I were perfectly certain that we would never have another world war, I would not offer the United Nations organization work right from the go-off, I'd never advocate this program."

This is unpleasant news to be cabled around the world. The American secretary of war doubts the efficacy of the United Nations even before it holds its first meeting and doesn't hesitate to express his lack of confidence in public before a committee of the United States senate.

The peoples of other nations cannot be expected to have much confidence in the charter of the United Nations if a member of President Truman's cabinet has already lost confidence in that charter.

What Secretary Patterson says in effect is that America needs a military training program to impress some potential enemy right away. Inasmuch as Germany and Japan have been rendered helpless and defenseless—at least for a decade or more—and the only nations of any power which could offer resistance to the United States in the immediate future are to be found among the victorious Allies, what nation is Mr. Patterson afraid will not abide by the provisions of the United Nations charter in preserving peace?

Could Mr. Patterson possibly have had in mind Russia? He probably would say this vehemently and it would be tactful to do so but the leaders of the Russian people are not stupid observers of American affairs. A statement such as Mr. Patterson made to the senate military affairs committee can have but one meaning—that the compulsory military training program is beyond original calculations.

There is cause for lament that President Truman's cabinet members are talking force and more force. That is not the way to build friendship. How great, therefore, is the cause for rejoicing over the simple words of Britain's prime minister, who, on the same day the Patterson testimony was given, was saying to the joint session of the congress:

"The greatest task that faces us today is to bring home to all people before it is too late that our civilization can only survive by the acceptance and practice in international relations and in our national life of the Christian principle we are members one of another."

Mr. Attlee was using not the language of bluster or threat but words of moral influence. He added: "In facing world problems as we must, it is a great mistake in my view to think constantly of war and the prevention of war. We have to think rather of the best means of

World Today

By DEWITT MACKENZIE AP Foreign Affairs Writer

You don't have to be vindictive of cold-blooded to feel extreme satisfaction that justice has overtaken Josef Kramer, the "Beast of Belsen," and twenty-nine others who perpetrated the horrors of the Belsen and Oswiecim concentration camps.

The story isn't yet complete. A British military court at Lueneburg has convicted these fiends who killed by torture for the pleasure they got out of it. The wages of their sins still have to be collected—and the world at large hopes that payment will be made in full.

Those sins are too well known to need much repetition. Tens of thousands of wretched prisoners (nobody knows just how many) were killed by slow and deliberate starvation. Some of them in their anguish cut flesh from bodies for food. Many were beaten to death or were tortured in other ways.

It would be a welcome relief if we would say that the deeds at these two camps were isolated instances. But these sadistic murderers represent far more than the atrocities for which they personally were responsible. They typify the fanatical Nazi of all ranks, for Hitler and Goering and the other

building up peace. . . I hold it true that the more the citizens of the world can get to know each other the less likely are we to have the emotional condition in which war is possible." (Reproduction Rights Reserved.)

In Hollywood

By ERSKINE JOHNSON NEA Staff Correspondent

HOLLYWOOD.—Van Johnson is on another studio-inspired weight-reducing campaign. He was beginning to look like Sidney Greenstreet. . . Errol Flynn almost made the headlines again at the Mocambo. Hookers asked him to come outside fighting. Two pals were told, had to hold him back. But isn't that phrase, "they had to hold him back," a little overrated? . . . Esther Williams and radio announcer Ben Gage have definitely set the holidays for their wedding and honeymoon.

William Powell's next movie, "Life With Father," may be his last. He's telling friends he'd like to retire, living four months a year in Palm Springs. . . While posing for some photographs for the film, "Shock," Vincent Price ribbed Lynn Bari, "You should play up to me. When I leaders inspired this crime, even if they didn't carry it out personally."

The Nazi Fuehrer was one of the most terrible mass-murderers of all time. Kramer rubbed his hands over the slaughter of thousands, while Hitler dealt death to millions. . . Thus one of the greatest tasks of rehabilitation which the allies must perform, both in Europe and in the Far East, is to wipe out this evil influence—the blood-lust which leads to wars. There's only one way to do it, and that is to run to earth and bring to trial every man and woman suspected of atrocities.

Comedienne Eve Arden was asked if she was a comedienne. "Well," she replied, "if they laugh, I'm a comedienne—if they don't, I'm a straight dramatic act."

Rags Ragland attended his first "Ice Follies" with some friends and applauded enthusiastically throughout. After the skaters appeared in a spectacular finale, one of the friends asked him what he thought of the show. "Oh, it's a good show," said Rags, "only there's too much skating in it."

It's a race against time to save hundreds of thousands of people (in Europe) from starvation and plague.—Herbert H. Lehman, director general, UNRRA.

Report On the War By General George C. Marshall

Biennial Report of the Chief of Staff of the U. S. Army 1943 to 1945, to the Secretary of War

From a Fortune map drawn by Richard Edes Harrison, copyright by Time, Inc.

FORTRESS OF EUROPE offered General Eisenhower only two possible routes to Germany—through southern France or through Salonika in eastern Greece. Both had great disadvantages, pointing up the urgency of a landing in France and an advance across the plains of Western Europe.

This is the sixth of 42 installments of material selected from General Marshall's report on the winners of World War II.

CASABLANCA CONFERENCE

IN January 1943, the President and the Prime Minister, with the Combined Chiefs of Staff, met at Casablanca. It was then apparent that our North African operation was to be successful, even beyond original calculations. The problem before the Chiefs of Staff at Casablanca was the next movement to be made following the completion of the Tunisian campaign. It still would have been preferable to close immediately with the German enemy in Western Europe or even in Southern France had that been possible of achievement with the resources then available to General Eisenhower. It was not.

Axis control of the Mediterranean islands and the entire reach of the southern coast of Europe from Franco's Spain to Turkey denied our communications across the Mediterranean and forced our shipping into a 12,000-mile detour around the Cape of Good Hope. The United States was still involved in the process of a vast mobilization. The Chiefs of Staff therefore considered whether we had the strength to move directly to Italy or what might be the best intermediate step. It was decided to assault Sicily (operation HUSKY) and, with the approval of the Heads of State, General Eisenhower was advised on 23 January:

"The Combined Chiefs of Staff have resolved that an attack against Sicily will be launched in 1943 with the target date as the period of the favorable July moon."

Even though a full-scale Mediterranean campaign now was imminent, it was resolved at Casablanca to resume amassing in the United Kingdom as quickly as possible the forces necessary to invade Western Europe. This buildup was to be one of the most tremendous logistical undertakings in military history.

Enormous Preparations Necessary It required provision for the transportation, shelter, hospitalization, supply, training, and general welfare of 1,200,000 men who had to be embarked in the United States and transported across the submarine-infested Atlantic to the United Kingdom. The hospital

firmly entrenched in North Africa, to have attempted to force Germany from the south across the Alpine barrier was on the face of it impracticable. In Europe's innumerable wars no vigorously opposed crossing of the Alps had ever been successfully executed. Operation OVERLORD, the new code name for the assault of France, which replaced ROUNDUP, was formally accepted and, for the purposes of planning, the spring of 1944 was designated as the target date. General Eisenhower was directed to send to the United Kingdom beginning 1 November seven seasoned divisions which were fighting in North Africa, and which would fight in Sicily, even though this meant that at the very moment he would be committing his forces in a full-scale campaign in Italy, he would be obliged to release two Army Corps of seasoned troops.

Nor was Japan neglected at the TRIDENT Conference. It was decided to maintain an unremitting offensive pressure on the Japanese even while our forces closed in to Italy and we were gathering the tremendous resources in the United Kingdom that would be necessary to force the continent. Japan would be approached both from the west and from the east. On the Asiatic mainland it was determined to build up the flow of materiel to China via the air route over the "hump" and to initiate aggressive land and air operations to reestablish surface communications with beleaguered China. In the Pacific, General MacArthur and Admiral Nimitz were directed to move against the Japanese outer defenses, ejecting the enemy from the Aleutians and seizing the Marshall, some of the Carolines, the remainder of the Solomons, the Bismarck Archipelago, and the remainder of New Guinea.

From the TRIDENT Conference, the Prime Minister, Field Marshal Sir Alan Brooke and I proceeded to General Eisenhower's headquarters at Algiers for a series of conferences lasting from 29 May to 3 June. At TRIDENT final conclusions had not been reached as to the event to which the Mediterranean advance should continue so that General Eisenhower might be left in a position to exploit every favorable opportunity. In his villa at Algiers we discussed the future in detail, and he was authorized to proceed from operation HUSKY in Sicily as he saw fit with the intent of eliminating Italy from the war.

Spring '44 Set for Invasion At the TRIDENT Conference plans for a direct assault from the United Kingdom into Europe's classic battlegrounds were reaffirmed. Even though we were now

11 Wells Completed in Panhandle During Week

Geologists Not Worried About Oil Reserves

Although people have been saying that the oil supply of this country would disappear in 12 or 13 years, geologists are not worried about prospects of the oil reserves of this country becoming completely depleted.

The statement was made by M. G. Cheney, president of the American Association of Petroleum Geologists at a recent meeting of the Panhandle Geological Society held in Amarillo.

Cheney said the more obvious oil structures have been tested, but felt confident additional research would uncover other geological structures for oil-bearing formations.

Special attention to research committees of the association and to the part geology played in the war will be given at the annual national meeting of the American Association of Petroleum Geologists in Chicago from April 1 to 4 next year, Cheney said.

At that time efforts will be made to divert the knowledge gained during the war to peacetime work in discovering new oil supplies. One full day of the meeting will be devoted to discussions of structure-forming processes going on all over the country.

Membership in the association has been increased by 300, bringing the total membership to 4,600, Cheney said. Much of the talk was devoted to the part geologists played in choosing invasion beaches, selecting landing strips, finding water and materials for roads, interpreting strategic bombing data and interpreting reconnaissance data.

Cheney is also president of the Anzac Oil Corp.

142 Applications To Drill Filed

AUSTIN, Nov. 17.—(AP)—The oil and gas division of the railroad commission reported today a total of 142 drilling applications for the past week. This brings the total for the year to 6,114 as compared with 6,135 for the same period in 1944.

For the week Nov. 12-17 there were 98 oil well completions, 18 gas well completions and 7 wild cats drilled, bringing the year's totals to 3,413 oil, 707 gas, and 125 wild cats as compared with 3,169; 279 and 182 respectively for 1944.

The total number of wells drilled this week was 102,985, a decrease of 72 under the number drilled last week.

The total average daily allowable was 2,022,551 barrels, an increase of 5,979 over that for last week.

Nine Notices of Intention To Drill Filed With Commission

Four new oil wells with a total production of 450 barrels according to initial tests, and seven gas wells with a total open flow potential of 837,000 cubic feet, were brought into the Panhandle oil and gas field this week. Nine intentions to drill were filed with the railroad commission during the week, three each in Carson and Hutchinson counties.

Phillips Cited by Air Force Officer For Flying Lab

Hutchinson county was most active in the Panhandle with two new gas and one new oil wells tested, six commencements, and three notices of intention to drill. Two wells were abandoned.

Texas county, Okla., commenced drilling of four wells, completed three.

Best oil well of the week was that in Carson county, Phillips Petroleum Co. No. 1 on the Pan-Barnard lease with 145 barrels of oil in 24 hours. It was reported that a larger pumping unit is being moved in to retest the well.

Best gas well of the week was in Texas county, Okla., Cities Service Gas Co. No. 1 on the J. R. Thomas lease which tested 22.5 million cubic feet, with rock pressure of 406 and lime pay from 2705-2798 feet.

Twelve new locations were staked last week, Hutchinson county leading with six, including three by the Hermann Bros. on the G. B. Lucas lease.

Completions reported during the week included six which were abandoned. They are according to counties:

CARSON
Phillips Petroleum Co. No. 1 Pan-Barnard, 145 barrels of oil in 24 hours.
Pan Oil Co. (Phillips) No. 2 J. C. McConnell lease C, section 46, block 4, H&G survey, abandoned location.

GRAY
North Fork Oil Co. No. 2 M. Hopkins, 40 barrels of oil in 24 hours.

HANSFORD
Phillips Petroleum Co. No. 2 Merrill, gauged 6,700,000 cubic feet.
Phillips Petroleum Co. No. 1 Two Good, gauged 8,900,000 cubic feet.
Phillips Petroleum Co. No. 1 Rosaline, gauged 4,500,000 cubic feet.

HARTLEY
Phillips Petroleum Co. No. 1 J. H. Constant, A. Bryson survey, was abandoned.

HUTCHINSON
Skelly Oil Co. No. 14 Armstrong, Freeman Bazemore survey, was given a potential of 16.8 million cubic feet. The well was drilled at a total depth of 3161 feet with a plug back depth of 3088 feet, lime pay from 2683-3088 feet, and rock pressure of 261.

Phillips Petroleum Co. No. 80 Whittenburg, section 61, block 46, H&TC survey, abandoned location.
Phillips Petroleum Co. No. 82 Whittenburg, section 61, block 46, H&TC survey, abandoned location.

Phillips Petroleum Co. No. 2 N. H. Reed, J. McDonald survey, gauged at 19.6 million cubic feet. The well was drilled at a depth of 3032 feet, lime pay from 2680 to 3032 feet, and rock pressure of 239.

Phillips Petroleum Co. No. 4 H. W. Carver tested 114,000 cubic feet.

MOORE
Phillips Petroleum Co. No. 1 Dougherty (W. W. Dougherty), section 120, block 44, H&TC survey, was abandoned.

CIMARRON, OKLA.
Pure Oil Co. No. 1 State, section 7, township 6-N, range 2-E, produced 140 barrels every 24 hours. The well was drilled at a depth of 5162 feet, with plug back depth at 4860 feet, and lime pay from 4815 to 4869 feet.

TEXAS, OKLA.
Cities Service Gas Co. No. 1 J. R. Thomas, section 4, township 5-N, range 14-E, produced 22.5 million cubic feet. It was drilled at a total depth of 2798 feet, lime pay from 2705 to 2798 feet, rock pressure 406.

Cities Service Gas Co. No. 1 William L. Zeigler, section 33, township 4-N, range 14-E, produced 4.7 million cubic feet. The well was drilled at a total depth of 2793 feet, with plug back depth at 2734 feet, lime pay from 2635 to 2734 feet and rock pressure of 380.

Phillips Petroleum Co. No. 1 Kabot, section 10, township 1-N, range 12-E, drilled at a total depth of 3002 feet, tested dry and was abandoned.

Of the 12 new locations staked last week, one on a rotary is being moved in, on another a derrick is being erected. Location as are:

CARSON
J. M. Huber Corp. No. 1 Poling "B", section 30, block Y-2, survey TT RR, 3029 feet from north, 1320 feet from east of the section. A rotary is being moved in.

GRAY
Cities Service Oil Co. No. 3 J. A. Baggerman, section 173, block B-2; H&G survey, 330 feet from north, 330 feet from west of south and one-half of the section.

HUTCHINSON
Herrmann Bros. No. 8 G. B. Lucas, section 21, block A, DL&C survey, 990 feet from north, 330 feet from east of the west 300 acres of the section.
Herrmann Bros. No. 7 G. B. Lucas, section 21, block A, DL&C survey, 1650 feet from north, 330 feet from east of the west 300 acres of the section.
Herrmann Bros. No. 8 G. B. Lucas, section 21, block A, DL&C survey, 990 feet from north, 330 feet from west of the west 300 acres of the section.

Continental Oil Co. No. 23 H. W. Carver, lot 40, block 4, Wm. Neil survey, 330 feet from north, 240 feet from east of the lot.

Gibson Oil Co. No. 8 Harvey Sisters, section 71, block Z, HE&WT survey, 330 feet from north, 330 feet from east of the center of the northwest quarter of the section.

Skelly Oil Co. No. 9 Whittney, section 22, block V, 330 feet from north, 564 feet from east.

TEXAS COUNTY, OKLA.
Cities Service Gas Co. No. 1 Long, section 27, block 4-N, 14-E survey, 70 feet from north, 87 feet from east of the center of the section. A derrick is being erected.

Skelly Oil Co. No. 1 Jack Curtis, section 32, block 3-N, 15-E survey, 75 feet from the southeast quarter of the northwest quarter of the section.

Skelly Oil Co. No. 1 John T. Houser, section 14, block 3-N, 15-E survey, 100 feet northeast of the center of the section.

Skelly Oil Co. No. 1 Minnie Matlock, section 24, block 3-N, 15-E survey, 100 feet southeast of the center of the section.

News of Interest To Oil Men

Danciger Completes 1,978-Barrel Oil Well

The completion of a 1,978-barrel producer in Gray county by the Danciger Oil and Refining Co. and activity in wildcat territory highlighted the Panhandle oil and gas field last week.

Danciger brought in their No. 33 Powell-Beck well with an initial production of 1,978 barrels of oil per day, flowing on a railroad commission test. The well is located on Section 28, block B-2, H&G survey, SW 1/4 of the section.

NO SHOWS AT 8502 FEET
At 8502 feet from the wildcat of the Sinclair Prairie Oil Co. located two miles north and one mile west of Twitty was abandoned having no shows of either oil or gas after running a Schlumberger.

Total depth included 4,994 feet of granite wash. Drilling started July 22, was completed November 15. The well is located on the J. B. Henderson farm, section 16, block A-8, H&G survey.

It is expected that plugging will start this week by the Oil Well Drilling Co. of Dallas.

Twelve Notices Of Intention To Drill Are Filed

Twelve notices of intention to drill were filed with the railroad commission this week, with Carson and Hutchinson counties leading with three each. They are:

Gray
M. B. Blake No. 3, M. B. Blake, H&G survey, 330' from north, 1651' from east lines NW 4, Sec. 189, Blk. B-2; 17 mi. southwest of Pampa.

Hearing Postponed by Railroad Commission

AUSTIN, Nov. 17.—(AP)—The railroad commission today postponed from Dec. 11 to Jan. 2 a hearing on application of Magnolia Petroleum company and J. S. Abercrombie for adoption of field rules for the La Sal Vega area—Willacy county.

First Synthetic Gasoline To Be Made in Texas

The first commercial plant in the world for the manufacture of gasoline from natural gas will be built in Carthage, Texas, starting next February, and this plant alone will potentially double our supply of petroleum. J. D. Ratcliff, science authority, reveals in a signed article in the current issue of Collier's weekly.

The synthetic gasoline will be manufactured by a new process developed by Hydrocarbin Research, Inc. of New York, which was organized by P. C. Keith, a top chemical engineer who was born in Texas, according to the article. The process is said to have already been used successfully in two pilot plants.

"For years now, calamity critics have been telling us that the end of petroleum was in sight," Ratcliff says. "The plant at Carthage puts a new light on this gloomy picture. It will make synthetic gasoline at a price so low that it will compete with gasoline from petroleum."

Ratcliff reports that the Carthage plant, costing \$15,000,000, will produce 5,000 barrels of gasoline and 1,000 barrels of Diesel oil per day. It is said that the gasoline will rank better than 80 octane, or the equivalent of current premium fuels, as compared to the 40 octane gasoline manufactured by Germans from coal.

We have been discovering natural gas far faster than we can use it, and there is already a visible supply of over 100 trillion cubic feet of this fuel, so that the new process is not likely to exhaust our supply of it, according to Ratcliff. The Carthage plant, it is said, will use 65 million cubic feet of the gas a day.

The army quartermaster corps' kitchen spice kit contains 178 components and flavoring materials.

No. 9, No. 22 survey, 330' from north, 754' from east lines of Survey No. 22, Blk. V; 2 1/2 mi. northeast of Borger.

Father of Convicted War Criminal Writes Letter to Prosecutor

LUENEBERG, Germany, Nov. 17.—(AP)—The father of small, soured-faced Isa Forster, SS cookhouse supervisor, and convicted war criminal, cannot imagine how his daughter "could do such things," he said in a letter read to the court today.

The letter, addressed to the "chief prosecutor," was read during plea for mitigation of sentences which are expected to be imposed on 30 members of the Belsen gang late today. It was read by Capt. A. H. S. Neave of the defense staff.

The father said he had not heard from 22-year-old Isa for nearly a year until he read in the German press that she was on trial for her life.

Isa, whose shaven head was covered by a blue-white bandage, broke into tears when she heard her father protest that her family was ardently anti-Nazi and that Isa "was forced to join the SS in August, 1944."

"She had always been a fine girl at home," the father wrote of the girl who was convicted of beating a young Jewish girl to death in the Belsen cookhouse.

Consideration of the youth of the accused was requested generally in other pleas. Defense counsel asked the court to remember that Heinrich Schreier, black-haired "Don Juan" of the gang, and seven others were in their early twenties and "educated and brought up under the spell of nazism."

The court went into closed session at 10:05 (4:05 a. m. C. S. T.) It was expected to deliberate six or seven hours before passing sentences.

The British military court yesterday convicted Josef Kramer, the "least of Belsen" and 29 other members of the Belsen and Oswiecim concentration camp staffs. Fourteen defendants, including five women, were acquitted.

BIRDS AIDED SOLDIERS
Bird study became more popular than ever during the war. Soldiers in far-away places took to it as a wholesome relief to battle stress and strain.

Falls cause about three times as many deaths among elderly persons as automobile accidents.

COMING SOON: A SYNTHETIC TIRE THAT OUTWEARS PREWAR TIRES!

This isn't a guess. It's been proved! More than 2000 tests on nearly 17,000,000 miles of the toughest kind of actual road service show that this new B. F. Goodrich Silvertown will outwear prewar natural rubber tires.

New, better rubber
B. F. Goodrich has developed a rubber that's far better than ordinary synthetics... so much better that for months it was a strictly guarded military secret. The new Silvertown made with this rubber wears better and runs cooler. It has greater resistance to cracking—and actually stands bruising and damage from accidents better.

Tire body 35% stronger
An entirely new, stronger cord is used, and more of these cords are used in the top ply. An extra shock-absorbing breaker strip was included. The result: a body 35% stronger for additional resistance to bruises, extra blowout protection... another reason why new B. F. Goodrich Silvertowns outwear prewar tires.

Flatter tread covers more ground
The new Silvertown has a wider, flatter tread. We call it the "road level" tread. It puts more rubber on the road; permits all the tread to share the wear. Result: a further increase in mileage, less scuffing, better distribution of weight, better traction, more safety on the turns.

3 years' EXTRA experience!
18 months before Pearl Harbor, B. F. Goodrich offered tires containing synthetic rubber to American motorists. That was 3 years ahead of any other tire manufacturer... 3 years in which B. F. Goodrich was piling up the extra know-how that is reflected in the coming B. F. Goodrich Silvertown. Soon these new tires will begin to be produced in large volume for shipment to our dealers, but supplies may be limited for quite a while. So take good care of the tires you have—and in the meantime if you have any kind of tire problems, see your nearest B. F. Goodrich dealer. The B. F. Goodrich Co., Akron, O.

B. F. Goodrich FIRST IN RUBBER

Mexican Airmen Will Be Honored

MEXICO CITY, Nov. 17.—(AP)—Mexico's 201st air squadron, which has just arrived in this country from Pacific combat duty will be honored in a separate parade through the capital's streets tomorrow, preceding a larger parade celebrating the anniversary of the Mexican revolution.

Members of the squadron, which

trained at Greenville, Texas, and saw duty with Gen. Douglas MacArthur's forces in the Philippines, will ride in jeeps to the 200th public square, preceded by a marching band.

From a reviewing stand before the national palace, President Avila Comacho will welcome the returning heroes, present them with their combat flag, and invite them to view the second parade from the stand with him.

The Mexican airmen left Monterrey last night and today will

W. F. Griffin Dies At Home in Tulia

SHAMROCK, Nov. 17.—W. F. Griffin of Tulia, father of Mrs. Lewis Goodrich, died at 12:30 o'clock last Saturday afternoon. Burial was in Tulia at 2 o'clock Monday afternoon.

Mr. Griffin, resident of Tulia 31 years, was almost 80 years old but was active up until the time of his death. He was well known in Shamrock and had many friends here.

Survivors include the widow, the son, Lieut. Col. Meade F. Griffin, who is at Weisbaden, Germany, engaged in the trying of the German war criminals, and three daughters, Mrs. Goodrich, Shamrock, Mrs. Willia A. Hawkins, Hart, and Mrs. Raymond Clark, Big Spring.

stop briefly at San Luis Potosi and Queretaro where other celebrations are planned.

Expecting a Baby?

Mother's Friend massaging preparation helps bring ease and comfort to expectant mothers.

MOTHER'S FRIEND, an exquisitely prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is an application for massaging the body during pregnancy... it helps keep the skin soft and pliable... thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the numb, tingling or burning sensations of the skin... for the tired back muscles or cramp-like pains in the legs. Quickly absorbed. Delightful to use. Highly praised by users, many doctors and nurses. Millions of bottles sold. Just ask any druggist for Mother's Friend—the skin emollient and lubricant. Do try it.

Mother's Friend

American Legion Convention Opens

CHICAGO, Nov. 17.—(AP)—The American Legion moved into Chicago today for its first post-World War II convention, facing such prime peacetime problems as universal military training, employment, housing and rehabilitation of veterans.

Hotel rooms for the four-day convention opening tomorrow were scarcer than congressional Medals of Honor. The Legion had only some 3,000 rooms reserved for 2,031 delegates, as many alternates, plus officials, staffs, distinguished visitors and speakers.

Committees began work on sifting 617 resolutions.

The Legion invited all surviving congressional Medal of Honor winners of World War II to attend the convention and expected at least 60 to be here, which would be the largest assembly of such medallists ever held. In addition a mass initiation of more than 7,000 World War II Legionnaires was planned for Monday night.

War Prisoner Records Burned by Japanese

TOKYO, Nov. 17.—(AP)—The Japanese military ordered prisoner of war records burned the day Emperor Hirohito commanded the nation to lay down its arms, the recovered personnel section of General MacArthur's headquarters disclosed today.

Under allied prompting, the Japanese have been able to offer only the most vague and incomplete explanations of the action.

Japan's liaison office said the destruction occurred when the Nipponese were "psychologically in a state of utter confusion, if not panic stricken."

The missing records may concern as many as 30,000 persons, many still not traced, said Lt. N. F. Churchill, Toledo, Ohio, of the recovered personnel office.

WARPLANES? Warplanes spend only about 3 percent of their time in the air; overhauling, repairing and servicing uses up most of the other 97 percent.

LOCAL PHEASANT HUNTERS VISIT SOUTH DAKOTA

Photos here show two groups of pheasant hunters in the annual pilgrimage to the Mecca of pheasant-hunting, South Dakota. In larger picture, shown left to right, are: (standing) Frank Culbertson, who has been described by fellow-hunters as commander in chief, Pampa Expeditionary Forces to South Dakota (Day Shift); Butch Williams, Borger; Cliff Eraly, Charles Mathis, of Pampa; Frank Jennings, Hudson Davis and Paul Potter, of Borger; Earl Densmore, Pampa; Mark Hanna, of Jackson, Mich., brother of E. J. Hanna, Pampa, who was behind the camera; Jim Green, Pampa; Dr. J. E. Rice, Jackson. Second row (seated) a Dr. Bates, Sherman, Texas; D. L. Parker, Pampa; Ed Tier, Sherman; John Pitts, Byron Lilly, of Pampa; and Don Elliott, Sherman. Three front men: Dr. Abner Roberts, Dr. Charles Ashby, Pampa; and Dr. W. G. Barksdale, Borger.

In the smaller picture, taken on a different "expedition," are: Ed Weiss, George Scott, W. B. Weathered, Joe Key, Mayor Farris Oden, Dr. Julian Key and C. A. Huff. Before them they have 78 pheasants, which were killed in one afternoon.

Wheeler County Is Lagging in Victory Loan

SHAMROCK, Nov. 17.—To say that Wheeler county is lagging in the Victory Loan Drive, is putting it mildly. Wheeler county's quota is \$225,000, and at noon today, only \$30,281.25 worth of bonds had been sold at the two Shamrock banks and post office. Of the amount sold to date, \$11,681.25 worth was of the "E" series.

Wheeler Men Receive 32nd Degree in Masons

SHAMROCK, Nov. 17.—Ten Wheeler county men received the 32nd degree Scottish Rite Masons in Dallas at the Fall Reunion, which was held Nov. 4 and 5. Those receiving the 32nd degree included: G. G. Bell, E. E. Henderson, Gerald Mayfield, Jack Martin, Jack Montgomery, Seibert Worley, Thurman Adkins, Dr. M. V. Cobb, Dr. M. S. Couch and Dr. J. L. Huff.

Medical Society Discusses Idea of New Hospital

The idea of a new hospital for Pampa and Gray county (see story on Page 1) was discussed at the monthly session of the Gray-Wheeler County Medical society meeting at the Schneider hotel Thursday. Dinner was served in the main dining room. Those present were Drs. Chas. H. Ashby, R. Malcolm Brown, Oscar Huff, Paul C. Christian, C. E. High, Roy A. Webb, W. C. Jones, W. Purviance, K. W. Pieratt, J. H. Kelly, R. D. Falkenstein, J. M. Key, J. L. Huff.

Applications Made For New Airlines

NEW ORLEANS, Nov. 17.—(AP)—Former Governor James V. Allred of Texas yesterday presented to a civil aeronautics board regional hearing here the application of a new air carrier, "Aviation Enterprises, Inc.," to operate from St. Louis to New Orleans, and north via Houston to Dallas, Fort Worth, Tulsa and Oklahoma City.

Among the routes sought by the company is: New Orleans via Donaldsonville to Baton Rouge, La., through Lafayette and Lake Charles, La., to Beaumont, Texas.

Wheat Drive

Continued from Page 1

shipment of wheat to that country.

WHEAT AND MONEY

"Donations are now being received in both wheat and money."

"Those who have good milling wheat should take it to the Jess Pool elevator in Pampa, or to the E. F. Tubbs elevator in Kingsmill. Also on Monday and Tuesday, Nov. 19 and 20, the Urzangk and Sons elevator in Kingsmill will be open for donations. You will be interested in knowing that all other elevators are cooperating by way of donations, but it is agreed that the ears will be loaded at the above named places."

"Not everyone has wheat on hand, but all can give money with which to purchase wheat. Make your checks payable to 'The Gray County Holland Wheat Fund.' For your convenience both banks in Pampa, and the bank at White Deer are accepting deposits to this fund. Money donations may also be turned in at the Franks grocery store in Kingsmill. Checks may also be mailed to Rev. R. Q. Harvey, 513 East Francis, Pampa. He will make your deposit for you and mail you the deposit slip."

"The letter explains further that the drive will be brought to a close with a community-wide Thanksgiving service on Wednesday evening, Nov. 21, at the First Baptist church in Pampa. Jim Raymer, production manager of KPDN, said Saturday the station would carry that part of the program which is presented between 8:15 to 8:30 p. m.

A separate program on the drive will be presented over KPDN Tuesday from 5:45 to 6 p. m.

In the postscript the letter says: "The Netherlands government pays all transportation and distribution charges. There is absolutely no overhead charges. Every penny given goes to the starving. And while there will be no house to house canvass, it is sincerely hoped that every family in Gray county will make a liberal contribution. But make a liberal contribution must volunteer."

De Gaulle

Continued from Page 1

Join the socialists and the popular republican movement (MRP) in an appeal to De Gaulle to reconsider his resignation, and was reported tonight the communists issued a statement denying they had made any "imperative demands" for specific cabinet posts, and saying they desired "to arrive rapidly at the formation of a government conforming to the bill of universal suffrage, and in which the communist party will take all its responsibilities."

On Thursday, however, communist Secretary General Maurice Thorez said that the general had refused a communist demand for one of the three prime posts.

ASSEMBLY TO MEET

Later in a conference of the three major parties, it was reported the communists and socialists reached an agreement on a communist-directed government, but the MRP balked at this, sticking to their position: De Gaulle or no one.

The assembly, which will meet Monday, must decide whether to renew De Gaulle's mandate or to form a government, with or without communist participation, or to choose a new interim president. He was elected by the assembly last Tuesday.

Pearl Harbor

Continued from Page 7

when the task force of four carriers and escorts was between 800 and 1,600 miles from Hawaii.

The ships moved on to within 200 miles and in the dawn hours of Dec. 7 looked 361 planes to blast the Hawaiian naval base and the proud ships riding at anchor there.

CLASH WITH SOLO

Ingles related the Japanese story after an angry clash with Senator Brewster (R-Maine) who accused him of making an "unqualifiedly false" statement in Friday's testimony. It concerned the division of American naval strength between the Pacific and the Atlantic.

The Maine Senator's remarks added to already irritated relations between republican and democratic members of the committee. Senator Lucas (D-Ill) later issued a statement describing "the attacks" on witnesses as reaching "an all-time low."

Here are the high spots of Ingles' account (dates used are Japanese time which is one day later than Hawaiian time):

1. The Pearl Harbor attack was conceived in January, 1941, by Admiral Isoroku Yamamoto.
2. The operation plan was completed Sept. 13 after summer war games and was issued to task force commands Nov. 5. Two days later, Dec. 2 was set as "Y" day (the tentative date for attack).
3. The task force was assembled at Hihokappu and left there Nov. 26 (Japanese time) under instructions to deal "a mortal blow" to the American fleet if hostilities opened.
4. If the Pearl Harbor attack failed, it was planned to bring out the remainder of the Japanese naval strength for "a decisive engagement" with the American fleet.
5. Emperor Hirohito is reported to have known in advance "only the general outline of the plan and Ambassadors Nomura and Kurusu, who were talking peace in the United States, nothing of it."
6. No plans were made to follow up the attack with troop landings because additional ships would have presented difficult supply problems.
7. The force had instructions to turn back if detected as early as two days before "X" (attack) day but to use its own judgment if it should be detected only on the day before "X" day.

Market Briefs

WALL STREET

NEW YORK, Nov. 17.—(AP)—Selected stocks continued to reach for 14-year highs in today's market although numerous leaders were unable to surmount weekend profit cashing on the lengthy swing.

While slowdowns appeared after a live start, transfers of around 1,000,000 shares were among the largest for a short stretch since 1941.

International Telephone was a lively performer on the upside. Ahead most of the time were Republic Aviation, American Can, Bethlehem, Western Union "A," United Aircraft, American Water Works and Kennecott.

Stumblers included Great Northern, Southern Pacific, U. S. Steel, Chrysler, General Motors, Du Pont, Glenn Martin, U. S. Rubber and Electric Power & Light. Bonds were relatively steady.

Nimitz

Continued from Page 1

cal advantages of such a merger are unattainable, whereas the disadvantages are so serious that it is not acceptable."

The admiral said he had no apologies for reversing himself—he had found it necessary to change his mind about several operations in the Pacific war and he hoped he retained the ability to readjust himself to new conditions.

Senator Lister Hill (D-Ala) asked if he had any objection to having the previous testimony published in the committee record.

"No objection whatever," Nimitz said, and it was ordered printed.

Hill inquired whether, in the event congress decided upon unification, Nimitz and the navy would "support it and try to make it work."

"Absolutely," the admiral answered.

TWO FOR ONE

ROSWELL, N. M., Nov. 17.—(AP)—Ed Huston fired one shot, he says, and two ducks fell.

Not to be outdone, his Chesapeake retriever "Mazie" brought them both in on one trip.

EXPECTED HOME

M-Sgt. Henry J. Johnson of Pampa is scheduled to arrive on the USS John Clark which is due at New York Tuesday according to the Associated Press.

Franks

Continued from Page 1

In the Talley addition is expected to get started early in the spring at the earliest. Sewer lines in Talley will be laid along with a unit of the present sewer project, he added.

There are too many mud streets in Pampa for the size of the city, which, estimates set, has a population of 20,000. How to get more pavements here, he said, is a "representative and principal problem we now face."

He explained why the city had recently added more men to the police force. There were 10 men, including the chief of police, on the force when he came here; there are now 14, and two more are to be added.

He discussed the fire department, which he said was not adequately manned.

Engineering forces has been engaged, in order that the city would be able to do its own engineering work during the construction work on the sewers. A large saving can be made, he explained, in having our own engineers—rather than hiring outside engineers for the project.

In urging the active participation of the citizens in running the government—through suggestions—he said "Our only product for the people is service."

He said those who have suggestions for improvements in the way the city is run, they should call at his office in person or call him.

Several visitors were introduced at the luncheon.

Matt Kimes

Continued from Page 1

told the pardon and parole board he had learned his lesson and the board gave him two leaves to gather evidence to support his parole request.

The "kid outlaw" of the 1920's was serving life terms for murdering Sheriff Perry Chuculate in a Sequoyah county bank robbery and for slaying Police Chief W. J. McAnnally during a triple bank holdup at Sepps, Okla.

Bryce said there was no doubt Kimes was involved in the Texas bank robbery, carried out by three men who lined up patrons at pistol point while the fourth, a "finger man," stayed in the background.

Two other men are held in connection with the robbery and a third is sought.

"I wouldn't hazard an opinion as to whether Kimes is within 10 miles or a thousand miles of here," the FBI man said.

possibilities and make recommendations to and work with a chamber of commerce committee which is expected to study the project.

NEED FOR HOSPITAL

The idea of such hospital—that is, one established by the city and county jointly—will be taken before all the clubs of the city. The members will be asked to consider it, talk it with their friends.

It was stated at the Kiwanis meeting that there is a great need for a larger hospital here. At least two persons at the Kiwanis meeting said it was established that Pampa has the greatest need for a larger hospital of any city this size in Texas.

The Pampa Daily News has urged that citizens write letters to the editor, voicing their views—whether they be pro or con.

Bond Drive

Continued from Page 1

Bradley's room had its flag flying at the top of its thermometer, reading \$1,000, followed by Mrs. Wilma Weston's room, \$900; Miss Lillian Mullinax's room, \$750; Mrs. C. W. Stowell's room, \$500, and Mrs. Tom Capps' room, \$250.

Woodrow Wilson school has reported to have \$2,587.50 worth of stamps and bonds sold following a bond sale Thursday. Mrs. Cassie Bathrope, employe at the postoffice, sold 46 bonds at the school in the one-day campaign. The figure does not include those of the pay-roll deductions of the faculty.

Students of B. M. Baker school have purchased \$850.00 worth of stamps and bonds and shall hold a Victory Bond ice-cream party next Wednesday for students in particular and for the public in general. All persons will receive all the ice-cream they can get when they buy a bond.

Horace Mann school held a special bond drive Friday, resulting in \$733.05 worth of stamps and bonds being sold. The school stresses each Tuesday in November for the purchasing of bonds and stamps.

A-BOMB APPEAL

CHAMPAIGN, Ill., Nov. 17.—(AP)—Gordon L. Griffith, graduate assistant at the University of Illinois and father of two small children, inserted the following advertisement in a Champaign newspaper:

"A-bomb research physicist returned to university needs a home. You got the bomb—do we get the house?"

Griffith had been on leave to the Oak Ridge, Tenn., atom bomb plant since June, 1944.

Don Cossacks Have Overcome Travel Hardships To Present Concerts

Members of the Don Cossacks Chorus

When the 27 members of the General Platoff Don Cossack chorus start out on a concert tour these days, it's something of a miracle to accomplish. Since Pearl Harbor, traveling has become a hardship to all who take to the road, even for a short distance. For the past two seasons, the chorus has been forced to use any form of transportation available in their cross-country tours of from 40,000 to 50,000 miles—railroad, bus, taxis, station cars, even trucks. Breakfastless mornings, berthless nights, their tea without lemon, sometimes without sugar. But they come through smiling, which is to their credit as true philosophers of the road.

These men, however, come from a sturdy race. They have faced worse privations than those due to war-time travel. Erstwhile cavalry officers of the one-time Imperial Russian army, they were known for their endurance and bravery. The leader of the chorus, Nicholas Kostroff, a veteran of World War I, was wounded twice, and received the Cross of St. George for distinguished service.

Mr. Kostroff explains that the Cossack as a youngster was taught to ride when he was five, and had mastered the use of the saber by the time he was eight. Later when he joined the army, he took with him his own horse and saber, which had become by this time a part of himself, quicker to respond than any strange animal or sword the quartermaster corps might provide. The government furnished the gun, but the Cossack always preferred his own. No wonder, when the cry sounded, "The Cossacks are coming," the enemy knew the time had come for him to do or die.

Mr. Kostroff added that there are eleven different tribes of Cossacks—but the most important of them are the Cossacks of the Don, who make their homes along the banks of the Don river in southwestern Russia. Before World War I there were about 3,000,000 Don Cossacks; and more have been killed in this war. There can't be very many left.

The Cossack belongs to an adventure. (Continued on page 10)

Shower-Tea Given To Honor Anna Mae Darling

Miss Anna Mae Darling, bride-elect of Lt. Robert T. Tussing, U. S. army, was complimented when a pre-nuptial shower and tea was given in her honor in the home of Mrs. Clara Kennedy recently.

Hostesses were Misses Leona Parker, Geneva Clark, Margaret Eckerd and Mollie Kennedy. Misses Peggy Eckerd and Erma Lee Kennedy, were seated at the guest register.

Entertainment was furnished during the evening by Wanda Gordon, who presented accordion selections and Dorothy Meers, who played the violin, accompanied at the piano by Eula Meers. Alverna Miller sang, "Peace," and "Always." Helen Kay Wilson played appropriate music during the tea hour.

The bride-elect's table carried out her chosen colors of pink and white. The centerpiece was a miniature bride standing in a reflector encircled with pink candles and white chrysanthemums.

Small white scrolls tied with pink and white ribbon were presented to each guest. The scrolls were inscribed with the names of the bride and

SOCIETY

Thanksgiving Day

"How little do my countrymen realize what precious blessings they are in possession of and which no other people on earth enjoy."—Thomas Jefferson.

There'll be glad reunions around many an American Thanksgiving Day table this year as Johnny again rejoins the family circle. This means there will be more dinners in the traditional Thanksgiving Day style, too. Of course, that calls for turkey and all the trimmings.

Many turkeys will again be sent overseas where this day will be observed around the world by American servicemen. There will be vacant chairs at many tables, and while prayers will be offered for lasting peace in every home, the absent member of the family will not be forgotten.

This is the season for recounting blessings, which was established by early day Americans, after undergoing trying times, with which the last few years might be compared.

Most important to remember this Thanksgiving is the fact that the United States remains a free nation, where the four freedoms and prosperity still reign.

Miss Kathryn King Becomes Bride Of Dr. George Snell in Vernon

VERNON, Nov. 17—(Special)—In an impressive double ring ceremony performed at the home of the bride's parents, 2805 Paradise, Miss Kathryn King, daughter of Mr. and Mrs. Bass King, became the bride of Dr. George Snell, son of Mr. and Mrs. George A. Snell of Vernon.

The vows were read by Dr. E. S. James as the bridal party stood before an improvised altar flanked by palms and floor baskets of white chrysanthemums and tube roses. Lighted cathedral tapers in wrought iron candelabra lent a soft glow to the bridal setting.

Miss Enid McCarroll, pianist, presented "Clair De Lune" by Debussy and "Liebestraum" by Liszt preceding the ceremony and during the exchange of vows played traditional music in soft tones. Miss Nelda Naylor, vocalist, offered "Because" by d'Hardelot. Miss McCarroll wore a black crepe frock and Miss Naylor was attired in a white wool jersey dress. Both wore similar corsages of gardenias.

Attending the bride as matron of honor was her sister, Mrs. William E. Wright, who was attractive in a gold crepe dinner gown. She carried an arm bouquet of Talsman roses, while her little daughter, Duane, flower girl, wore a white net formal and carried a muff of pink roses.

H. D. Snell, Jr., served as best man and Cpl. James King, brother of the bride, was candlelighter. The bride, given in marriage by her father was attired in a traditional wedding gown of ivory slip-satin. It was fashioned with a high neckline, fitted bodice, long fitted sleeves which terminated in

Rev., Mrs. Fisher Honored at Farewell Dinner in Canadian

CANADIAN, Nov. 17, (Special)—Rev. and Mrs. W. E. Fisher were honored at a covered dish supper in the dining hall of the Methodist church last night. Lay leader, Charles R. Douglass was master of ceremonies, and C. H. Hamilton of Los Angeles was guest speaker for the occasion.

Leaders of the various groups gave short histories of things achieved during the ministry of Rev. Fisher. The Fishers moved to Panhandle today, where he will be pastor of the Methodist church in that city.

Eastern Star Club To Meet Tuesday

Eastern Star Study club members will meet in the home of Artie E. Shaw, 919 E. Francis, Tuesday evening at 7:30. New members and other interested members are urged to attend the meeting when instructions concerning Eastern Star work will be given.

Hugo Olsen Is Guest Speaker At Holy Souls

Holy Souls P. T. A. observed its annual Father's night Wednesday at 8 p. m. with I. J. Huval presiding. There were 29 members and 3 guests present.

Following a short business meeting, Joan Sawyer played "Rhapsody in G Minor," op. 79 No. 2, by Brahms and Libby Sturgeon sang "The World is Waiting for the Sunrise."

Hugo Olsen, guest speaker for the evening, gave an interesting talk on "What Can We Substitute for War?"

In developing his theme, the speaker stated, "There are yet many frontiers to be conquered and now that the high tension and excitement of war is past, we should strive for that same cooperation for building as was shown in destroying. Let us draw ourselves upward to a sense of the high responsibilities of a peacetime world."

Olsen listed as frontiers to be conquered: Labor and management cooperation, livable high schools for youth, safety, world-wide good will, intolerance, quality of teachers and national health.

Refreshments were served and a social hour followed the program.

Jimmy Cox Is Host to Clubs

Jimmy Cox, 110 Gillespie, was host to the Kit Kat Klub and 7-11's Tuesday evening when they met in his home.

The business session was presided over by Beverly Candler president of the Kit Kats and Wimpy Vaughn, president of the 7-11's.

Punch and cookies were served to: Billie Ann Moseley, Barbara Walters, Gloria Jay, Barbara Stephens, Marian Wenger, Barbara Morrison, Hilda Burden, Zita Kennedy, Donna Jo Neinstell, Naneen Campbell, Arvilla Patterson, Virginia McNaughton, Beverly Baker, Jean Pratt, Beverly Candler, Martha Bissett, Libby Sturgeon, Joan Sawyer, Pat Miller and Helen Kiser.

Malcolm Douglas, Jim Wilson, Mickey McCray, Richard Hughes, Jimmy Kline, Don Taylor, Glenn Gary, Maurice Lockhart, Lonny Williams, Danny Williams, Billy Washington, Wimpy Vaughn, Darrell Davis, George Gattin, Gary Cooper, Doug Mills, Wilbur Morris, Buddy Sawyer, Gene Garrison, Junior Coffey, Hazel Kennedy and the host, Jimmy Cox.

Seventy-five per cent of Chile's 5,237,432 people are of Spanish descent, with a slight mixture of Indian blood.

Perryton Couple Celebrates Golden Wedding Anniversary With Dinner

Mr. and Mrs. M. F. Hethcock

PERRYTON Nov. 17—Marking the golden wedding anniversary of Mr. and Mrs. M. F. Hethcock, Tuesday, was a family dinner held in the Hethcock home with children and grandchildren attending.

Many friends called during the afternoon. Marion Frank Hethcock and Mollie Virginia Bell were married at Argo, Mo., Nov. 6, 1895, and after making their home at Shawnee, Okla., for 12 years, they moved to Beaver county, Okla., settling north of Logan in 1907.

Mr. Hethcock operated a merchandise store in Logan for 16 years prior to moving to Perryton at the time the city was founded and for several years operated a wholesale and retail oil firm. He is now retired.

Dinner guests were their daughter, Berta Osborn; their grandson, Ronnie Osborn; a son, Emmett Hethcock, a granddaughter, Patsy Hethcock all of Pampa; a son, J. D. Hethcock, recently discharged from the navy; Mrs. Hethcock's nephew, and family, Mr. and Mrs. Roy Bell and E. R., and Mrs. Hethcock's mother, Mrs. Amy Bell, all of Perryton.

The only child unable to be present was a son, Everett Hethcock, who was ill at Seattle, Wash.

Among those calling in the afternoon were: Ray Jennings and daughters, Lou Rae, Imogene and Eudean, Mr. and Mrs. Bill Morrison, Mr. and Mrs. Earl Stephenson and Mr. and Mrs. J. W. Herrell.

Dr. Snodgrass To Speak Here

Dr. C. C. Snodgrass, minister of the First Christian church, Amarillo, will be guest speaker, Tuesday night, when young people of the local First Christian church, meet at the church at 7 o'clock for a Thanksgiving banquet.

The speaker will discuss, "We Must Be the World We Want." A number of musical selections and readings have been planned.

Sunday school teachers and leaders in the young people's departments will be a special guests, and returned service men and all young people are invited to attend.

Ticket sale will close tonight.

Alaska is the largest U. S. possession.

La Rosa Sorority Plans for Dance And Initiation

Regular meeting of the La Rosa sorority was held Thursday night in the City club rooms. A short business session was held with President Joyce Stone in charge. Plans were discussed concerning a dance to be given in the near future.

Betty Brown, Bettye Davis, Betty Dillman, and Freddie Brock were appointed as a committee to plan for this dance. Plans were made for the semi-formal initiation to be held Nov. 20. At this time all pledge dues will be paid.

The following members attended the meeting: Mary Myatt, Alice Cook, Carol Keyes, Freddie Brock, Jean Pruitt, Alberta Williams, Betty Brown, Betty Henderson, Joyce Stone, Reba Bain, Edith Morrow, Barbara Norris, Maxine Bell, Peggy Eckard, Nadine Frazier, Lois Crawford, Ramona Matheny, June Dalton, Bettye Davis, Betty Dillman, Bertha Killian, Margaret Jones, Patricia Kelley, and Miss Maurine Jones, club sponsor.

No meeting will be held on the regular club night next week, but all members are urged to attend the following week.

Sorrel, a hardy perennial used in soups, salads, sauces, grows feely in any garden soil and is increased by dividing the roots during the early part of spring.

Nuptial Rites for Miss Helen Eoff and Marion M. Phillips Are Read in Shamrock

SHAMROCK, Nov. 17.—(Special)—Reverence was characteristic of the rites performed Saturday morning at 9 o'clock to unite Miss Helen Eoff and Mr. Marion Phillips in marriage.

The nuptial vows were spoken before an improvised altar of white floor baskets filled with white mums and fern. Tapers burned in seven-branched floor candelabra, providing illumination. Officiating minister was Rev. Vernie Pipes of Denton, former pastor of the First Baptist church of this city.

Proceeding the ceremony, Bradford Bullard of Lubbock, sang "Always" by Berlin, and "Till the End of Time," by Buddy Kaye and Ted Mossman. He was accompanied on the accordion by Mrs. Arthur Wells. As the bridal party entered, Mrs. Wells played "The Bridal Chorus" from the opera "Lohengrin," by Wagner.

Mrs. D. E. Holder, Jr. of Borger, twin sister of the bridegroom, was matron of honor. She wore a tailored dress of Gray gabardine with red accessories. Her shoulder corsage was of red carnations.

Mrs. Eoff, mother of the bride, wore a dressmaker suit of light blue wool, with a corsage of pink rosebuds.

Morgan Eoff, brother of the bride, served the bridegroom as best man. James Paul Stribling lighted the candles, and Billie Moran, a cousin of the bride, served as usher.

The bride entered on the arm of her father, who gave her in marriage. She was attractive in a princess style dress of Marine blue, fashioned with bracelet-length sleeves. A peplum effect at the waistline in front, trailed in the back to the hem of the skirt. She wore a small black sequin hat, with a brief veil. For something "old," she wore a cameo lavalliere belonging to her mother and carried a white Bible topped with a shower bouquet of white carnations and white satin streamers.

A reception was held immediately following the wedding with close friends and relatives attending. The decorated tiered cake, featured love birds and blue forget-me-nots, topped with a miniature bride and groom standing under an arch of forget-me-nots. A crystal bowl of white mums flanked with lighted tapers, centered the lace covered table.

The wedding cake cut by the couple, was served by Mrs. Holder.

"Pampa's Quality Department Store"

Chorus

(Continued from page nine) untions freedom-loving people—a fighting race. Centuries back his ancestors, irked by the tyranny of their over-lords, fled to the wild regions to the south, where the river Don feeds the plains of the Ukraine before emptying into the sea of Azoff. There they gained their name of "Kasak," which means "pillaging warrior, from the Turks who made many attempts to dislodge them.

Today, the Cossack is no longer a voyak (soldier). Today, he is far from all that he held most dear. Small wonder that the singing of these one-time Cossack soldiers of the Don breathes such intensity of feeling when they sing the haunting melodies of Russian folk-song or their wild Cossack songs.

It is these same General Platoff Don Cossacks who are to arrive in Pampa by bus Tuesday, to be presented by the Pampa Community Concert association as the opening concert of the second season of the local organization. The concert will be held in the Junior high school auditorium at 8:30 p.m. Admission is by membership card only, except for the discharged servicemen who may purchase tickets at the east entrance to the auditorium the night of the concert.

Gaylor, Misses Thomasine Carruth, Carol Keyes, Mary Ann Speed and Mary F. Kleier.

The first great Florentine painter was Giotto (1276-1336) who painted in fresco on walls.

Pampa Women Considered for Sorority Honor

"Who will be the 'First Lady of the year' in Pampa?" is the question being asked this week.

Many possibilities are apparent in the hopes of the international organization of Beta Sigma Phi which sponsors the selection, although its own members are not eligible and the choice will be made by a committee of leading men and women of the community.

In one city, a modest home-maker who has devoted a multitude of hours and personal sacrifices to war-service activities, seems to be in the lead. In another city, a professional woman with a flair for unselfish service to the community probably will be chosen.

Women everywhere, according to Beta Sigma Phi, are giving their talents and talents to community development. It is for this reason the organization's recognition is due the "First Lady of the Year" in every community.

Beta Sigma Phi normally centers its activities on cultural and social development. In these times, its more than 50,000 members in the United States, Canada, Mexico and the territories of Hawaii and Alaska are devoting their time in many ways to war service.

Marriage

(Continued from page nine)

points over the hands and a long full skirt which swept into a regal train. Her fingertip veil of bridal illusion fell from a coronet of orange blossoms. Her only ornament was a single strand of pearls, a gift of the bridegroom. She carried a white Bible topped with a white orchid showered with tuberoses and satin streamers.

The bride's mother and the mother of the bridegroom were attired in similar frocks of black crepe accented with gardenia corsages.

A reception was held immediately following the ceremony. The refreshment table, laid with a white Madeira cloth, featured a ring cake centered with pink roses and surrounded by tuberoses. This arrangement was flanked with white tapers in silver candelabra.

Mrs. H. D. Snell, Jr., presided at the silver tea service. She was assisted in service by Mrs. Harley Hull of Cordell, Okla., and Mrs. Lee Hall of Vernon, "sisters of the bridegroom. Other members of the house party included Mrs. Thomas A. King and Misses Betsy Nichols, Bobbie Brown, Shirley Traxler, Betty Lisman, and Peggy Greene.

Out-of-town-guests in attendance were Dr. and Mrs. Calvin Jones, Misses Louise Willis and Jill Jones, all of Pampa; Mr. and Mrs. H. D. Snell and Mr. and Mrs. H. D. Snell, Jr., all of Altus, Okla.; Mrs. Houston Dodson of Lawton, Okla., and Mr. and Mrs. Harley Hull of Cordell, Okla.

When the bridal couple left for a brief honeymoon trip to Colorado Springs, Mrs. Snell was wearing a beige and brown suit with brown accessories and an orchid corsage. The couple will make their home in Pampa where Dr. Snell is engaged in the practice of dentistry.

Social Calendar

MONDAY

Council of Church Women executive board will meet at 2:30 p.m. in First Methodist church.

EARLY BANKING RECORDS

Clay tablets from ancient Babylonia and Assyria show that banking transactions, not so different from those of our present time, were carried on four or five thousand years ago.

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off ungainly weight and help bring back alluring curves and graceful slenderness. Just get from any drug gist, four ounces of liquid Parcel Concentrate. Add enough grapefruit juice to make a pint. Then just take two tablespoonfuls twice a day. It's safe, it's effective, it's guaranteed. For you may imagine how you can add less pounds of ugly fat without back-breaking exercise or expensive diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slenderness, more graceful curves, return the empty bottle and get your money back.

(Adv.)

Training Clinic To Begin Next Monday At Central Baptist

Plans are being completed for training clinics to be held for all officers of the Sunday school and Training Union of the Central Baptist church.

The Training Union clinic will be held Nov. 19, beginning at 7:30. The theme for this meeting will be, "My Job." The program includes special music, an inspirational message on "Glorifying God Through Jesus Christ," to be brought by the pastor Rev. Rudolph Q. Harvey and conferences for all officers of the Training Union. These conferences will be conducted by Rev. R. Q. Harvey, Miss Oleta Martin, Mrs. E. C. McCallum, Mrs. R. Q. Harvey, Mrs. C. E. McMin, Miss Betty Cypert, Mrs. V. W. White, Mrs. R. T. Huffnires, Mrs. Ben A. Stephenson, Mr. O. H. Gilstrap, and Mrs. L. G. Lunsford.

A similar meeting will be held for the Sunday school officers Friday also beginning at 7:30. The theme at that time will be "An Obligation," and the subject of the pastor's message will be "The Purpose of a Teacher." Conferences will be led by Virgil Mott, Jr., E. Gatlin, Mrs. E. L. Anderson, Mrs. H. M. Stokes, Mrs. J. L. Brown, Mrs. Owen Johnson, and Mrs. J. A. Meeks.

The purpose of these clinics is to familiarize the officers with their duties and responsibilities, and all officers and teachers in the church are urged to attend.

In the Germany of the Middle Ages, Gothic buildings were generally imitative of the French.

McLennan-Nelson Rites Are Read In Church Study

WHITE DEER, Nov. 17.—(Special)—The marriage of Miss Ida McLennan, daughter of Mr. and Mrs. A. McLennan of Vancouver, Canada, and J. L. Nelson, Jr., son of Mr. and Mrs. J. L. Nelson, Sr., of White Deer, was solemnized on October 10, in the study of the Central Church of Christ in Amarillo. The pastor, Rev. M. C. Cuthberton, officiated.

Attending the couple were Major and Mrs. E. L. Fuller of Los Angeles, Calif.

The bride wore a powder blue dress with matching hat and veil and an orchid corsage, and Mrs. Fuller wore black with fuchsia accessories.

On Sunday, Oct. 14, a wedding dinner honoring the couple was given in the home of Mr. and Mrs. E. E. Minter. A beautiful wedding cake topped with miniature bride and groom and flanked by tall tapers centered the dinner table, and miniature bride bouquets marked the places. A complete service of American pattern crystal and silver added to the charm of the table appointments.

Attending were the bridegroom's parents, Mr. and Mrs. Nelson and his five sisters and their families: Mr. and Mrs. V. G. Anan and son, Alvin of Shamrock; Mr. and Mrs. Bill Shockley and daughter, Sue Ellen and Coral Ann, of Dumas; Mr. and Mrs. J. A. Carithers and chil-

Louise Waits Given Party at Shamrock

SHAMROCK, Nov. 17 (Special)—Louise Waits was complimented with a party on Monday afternoon, November 6, by her mother, Mrs. Louise Waits.

The occasion was the anniversary of the fifth birthday of the children, Jimmie and Mary Kay, of Borger; Mrs. Homer Glasgow of Dumas, whose husband was still overseas; and Mr. and Mrs. E. E. Minter and children, Dorothy Nell and Jene, of White Deer. Also present were S/Sgt. and Mrs. Donald Carithers of Georgia.

After a wedding trip to Vancouver, Mr. and Mrs. Nelson plan to make their home in this vicinity.

ore, who received many attractive gifts.

Indoor and outdoor games provided entertainment for the youthful guests.

At refreshment time, the birthday cake, decorated with a yellow and white motif, and topped with five lighted tapers, was served.

Those attending were: Linda Sue Isaacs, Marilyn Barth, Cherynn Tisdal, Judy Perrin, Ernest Lee Cadenhead, David Price, Charlene Cadenhead, Karen Brown, Peggy Malow, Judy Price, Montes Walker, Bobby Stokes, Carmen Newman, Jimmy Hollabaugh, Richard Payne, Jimmy Waits, Carolyn Pepper and Joyce Perrin.

Mobile bakery units made 15 moves to keep pace with the dash of American arms into the heart of Germany.

Mrs. Knox Johnson Honors Her Daughter On Third Birthday

Junita Johnson was honored with a party in celebration of her third birthday Friday afternoon from 3:30 to 5 o'clock, when her mother, Mrs. Knox Johnson, entertained a group of her friends.

Guests were presented hats of crepe paper when they were greeted upon arrival. Pictures were made of the group.

The honoree received many appropriate birthday gifts.

The refreshment table was centered with a Maypole decorated in pastel colors, and a pink and white birthday cake was served with ice cream, after the guests had sung "Happy Birthday."

Present were: Gene Shelhamer, Jane Carter, Dorothy Ann Payne, Donna Sue Kephart, Rama Jean and Jimmie Storms, Sharon Bowman, Babe Barrett and the honoree.

Mrs. Walter Barrett, Mrs. Alvic

Initiation Features Meeting at Canadian

CANADIAN, Nov. 17 (Special)—Mrs. Charles Callaway, a past president, gave the invocation when the Canadian Parent-Teacher association met in the high school auditorium Tuesday afternoon.

Feature of the program was the National Honor Society's initiation of the following members: LaFern Adcock, Ann Arrington, Frances Chambers, Betty Cheeves, Pat Elisea, Ellice Lalicker, Ellen Lee Flewelling, Ruth Farnsworth, La Juana Smart, Mona Schofield, Shirley Wilkinson, Marguerite Wilcoxson, Ernest Babitzke, and Martha Sue Ballard.

The program was concluded with a talk by Mrs. G. B. Mathers, who discussed, "When and How to Say, No."

Woman and Mrs. E. E. Shelhamer.

Sending gifts were: Mrs. Newt Varner, Bowie, and Mrs. J. A. Skaggs, Oklahoma City.

Columbia university says liberal amounts of vitamin A tend to postpone aging.

Mrs. J. W. Markee Is Hopkins Club Hostess

Mrs. W. E. Milton conducted the business meeting when members of the Hopkins Home Demonstration club met in the home of Mrs. J. W. Markee recently.

Plans were discussed for a club Christmas party to be held Dec. 21, at 8 p. m., with further arrangements to be made later.

Mrs. C. F. Jones led a round table discussion assisted by Mrs. Vern Savage, Mrs. George Reeves, Mrs. Eaton Rigens, Mrs. John Linton and Mrs. A. L. Kube.

Refreshments were served to a guest, Mrs. Georgia French, and to the following members: Mesdames A. L. Montgomery, W. E. Melton, P. H. Rice, C. H. Brickey, John Linton, Vern Savage, George Reeves, Eaton Rigens, A. L. Kube, C. F. Jones, and the hostess, Mrs. J. W. Markee.

Vitamin K is recommended as a routine adjunct to quinine and other anti-malarials.

John Payne Returns To Screen in Film Musical, 'The Dolly Sisters'

Betty Grable, as one of the famous Dolly sisters, shares a romantic moment with John Payne in a spectacular technicolor musical, "The Dolly Sisters."

'First Thanksgiving' Is Program Subject For Wayside Members

"Story of the First Thanksgiving" was related by Mrs. Wood Osborne when members of the Wayside club met Friday afternoon in the home of Mrs. Lowell Osborne.

After a short business session, Mrs. J. S. Fuqua led the group in repeating the Lord's Prayer, and she read a Thanksgiving message written by Mrs. Thomas F. Sullivan who lost five sons in the war.

A panel discussion on "How We Homemakers Can Help Keep Peace", and also concerning juvenile delinquency, was led by Mrs. Fuqua. Mrs. Hall Nelson gave a review of the "Road to Serfdom".

The hostess served refreshments to: Mrs. Doyle Osborne, Mrs. Homer Taylor, Mrs. H. B. Taylor, Jr., Mrs. Velma Meador, Mrs. Wood Osborne, Mrs. J. S. Fuqua, Mrs. Hall Nelson, Mrs. Harold Osborne, Mrs. W. F. Taylor, Mrs. A. E. Carruth, and a visitor, Mrs. O. J. Erzen.

The club will meet Nov. 23, in the home of Mrs. Hall Nelson in Miami.

LONG, LONG TRAIL

The 2,050-mile Appalachian trail is the longest trail in the world. It is a marked scenic pathway for hikers, running from Mount Oglethorpe, in Georgia, to Mount Katahdin, in Maine, and touches 14 states.

Christmas Party Is Planned When Ester Club Meets in Home

Plans were made for a Christmas party when members of the Ester club met in the home of Emma Lowmyer with Sannie Sullivan as co-hostess. The meeting opened with a prayer led by Elsie Cone. Date of the party was set as Dec. 20, and plans were discussed for a rummage sale to be held Nov. 24, at the I. O. O. F. hall.

Refreshments of sandwiches, cookies, cocoa and coffee were served to the following: Dora Watkins, Elsie Cone, Gladys Rupp, Etta Crisler, June Rowe, Lois King, Bessie Mastin, Ruby Wylie, Dorothy Voyles, and Mary Phillips.

Guests were Edgar Fuller and Teddy Mastin.

Mrs. J. E. George Is Miami Bridge Hostess

Special in The News

MIAMI, Nov. 17—Mrs. J. E. George was hostess Tuesday afternoon to the Tuesday "42" club and several special guests.

Attractive arrangements of autumn flowers were used for decoration. After several rounds of games, Mrs. R. A. Wyckoff held high score for members and three guests tied for high.

Apple pie with whipped cream and coffee were served.

Guests were Mesdames C. T. Locke, R. L. Simmons, J. O. Wells and J. K. McKenzie.

Members present were Mesdames J. V. Coffee, W. C. Scott, R. A. Wyckoff, Nell Seiber, J. A. Mead, J. E. George, Edna Newman, M. W. O'Loughlin and W. M. Byers.

Michael Mitchell Has Birthday Party

Mrs. Joe Mitchell, 809 N. Somerville, entertained Thursday afternoon to honor her son, Michael Addison Mitchell, on the anniversary of his fourth birthday.

Games were played, including a hunt for toys, with each child being allowed to keep a toy as a favor.

Refreshments of birthday cake and ice cream, with candies and whistles were served to the guests.

Present were: Douglas Johnson, Tommie Earl, Jerry Olsen, Bill Kelley, Jr., Jimmie Q. Tcher, Vivian and D. I. Wilkinson.

Sending gifts were Richard Pitt, Scott Hahn and Patsy McGuire of Amarillo.

The little animal called the fisher is unnamed, for he dislikes water almost as much as a cat does.

Hopkins P.-T. A. To Meet Tuesday Night

Hopkins Parent-Teacher association will meet Tuesday evening at 7:30 for the regular meeting. Evelyn Laycock will be guest speaker, discussing "When and How to Say No".

The executive board will meet Monday at 3:30 p. m., for a short business session.

Harvesters Trample Borger Bulldogs 33-0 Friday Night

By BURKE MORDY
The Pampa Harvesters gained one notch closer to the top rung of the district 1AA race when they walloped the Borger Bulldogs 33-0 Friday night at Borger. The Harvesters not only throttled down the Borger scoring machine, but proved their worth as one of the top notch defensive teams in the state, having allowed only 19 points to be scored against them all season.

Pampa struck hard and fast when Borger fumbled on their 30 on the first play after the kickoff. The next play Clay thundered over standing up for the first tally. His kick was good and Pampa led 7-0. Borger was far from stunned at that point and they rallied. With Price passing and McLaughlin running, they went to the Pampa 16. A beautiful pass interception by Clay from that point carried the ball from the five to the midfield stripe.

Behind beautiful blocking, Clay went to the 21 and Brown to the 11 on the next play for another first down. Clay then bulled his way to the Bulldog 4, but Pampa was penalized for backfield in motion. Two passes from Johnson were incomplete and Borger took possession of the ball.

Price quick kicked and Johnson returned to the Borger 46 on the next play. Brown spun his way to the 30 on a quick opener and Clay went to the 21. Brown hit again for a pickup of 8 yards to the 13. Borger held there and took over on the Bulldog 5 four plays later. After a punt return to the 38 Clay and Neef combined to take the ball to the 2 and Neef went over for a score. Wilson's try for the extra point was low and Pampa led 13-0. The half ended with Borger in possession of the ball on the Harvester 6 after the green and gold had tumbled.

Early in the second half Johnson threw from Pampa's 44 to Dunham who carried to the Bulldog 12. Clay looked like Bronco Nagardt a couple of plays later when he zoomed through Borger's line for Pampa's third score of the game. Clay's kick split the uprights to leave the score 20-0.

Clay intercepted Price's pass on Borger's 45 and was finally hit on the 8. Another smack at center by Clay put it over 2 plays later, but the try for extra point was blocked. Philip Anderson and Bernie Brown took the ball to Borger's 25 and Wilson hit off end to the 22. A beautiful run by Brown was out on the 1 foot line, but a fumble too it to the 8 marker. That only slowed the Harvesters down though, and Brown went over after Anderson went to the 2. Wilson converted and the score stood 33-0, the final count.

Last Minute Pep Rally Held For Borger Game

A yell-ersion (sometimes called a pep rally) was held Friday afternoon at 3:15 for the game with the Borger Bulldogs and the Harvesters eighth straight win of the year.

At the rah-rah session some new yells and songs were introduced by the yell leaders for the students to learn. Coach Otis Coffey made a brief speech on the need of student backing and about the Bulldogs' team.

Students were given cards at the morning assembly saying "Beat Borger" which they displayed during the day.

Help Keep PHS Clean

Have you noticed the paper which has been thrown on hall, classroom and cafeteria floors? This gives the building a very untidy appearance.

When visitors come to our school, we want to show them a building we can be proud of.

Let's start being more careful with our waste paper. This is our school—let's keep it clean.

Pass Your Six Weeks Tests

This six weeks period is almost up, for tomorrow exams begin. The outcome of these tests will mean the difference between success and failure for many students.

Your grades can be improved only by your efforts. The teachers do their part, and the standards by which we are graded are based on the intelligence of average high school students.

We spend approximately 1,080 hours each year in school. This time is valuable, and it should not be wasted. It is wasted, however, if we do not attempt to learn something during this time.

Pass those exams!

Harvesters To Meet Bulldogs In Plainview On Thanksgiving

The Harvesters' fourth and possibly hardest out-of-town conference game is scheduled for Thursday, with the Plainview Bulldogs. Plainview has always been a definite threat to the district title and this year its team will make it rough for the lighter and less experienced Harvesters.

The Bulldog backfield is one of the best and heaviest in the state, according to Fritz Powell, Amarillo News sports editor. The Plainview team has a 170 pound boy, Jack Weldon, who plays fullback, who started against the Harvesters last year and made the all-district team.

The rest of the backfield is also very shifty and heavy. It includes Hale, left halfback, Graham, right halfback, and Jack Williams, quarterback, who is one of the best passers, kickers and runners in district 1AA.

Echols and Bond, ends, are both excellent pass receivers. Their tackles, Sinclair and Clark, both started against the Harvesters last year. May, the lightest man on the team, weighs 147 and was all-state guard last year. Stoneham is the other guard. Malone is their center.

The Bulldogs run off the "T" and spread formations. Until the Amarillo game, they tried many unorthodox formations, but they stuck to the "T" during the Sande game. The Amarillo tilt was the first defeat Plainview has suffered this year, 7-0.

The Bulldogs have more experience and more weight than the Harvesters but the game will not be an easy one for either team. Until last week's games the Bulldogs had only three touchdowns scored against them—a total of 21 points—while the Harvesters had only 19 points scored against them.

Gorillas Play Plainview Bullpups Wednesday

The Gorilla football team, coached by D. V. Biggers, will play the Plainview Bullpups Wednesday afternoon at Harvester Park.

The Gorillas showed much power in defeating the West Texas Vocational high school Nov. 15, 33-0. They have also had two scrimmages this year, defeating Shamrock 14 to 13 and losing to the Lefors Pirates 20 to 14.

One Gorilla, Charlie Laffoon, has moved up to the Harvesters to help out while quarterback George Johnson is injured.

According to Coach Biggers, some of his outstanding linemen are ends Earl Davis, Billy Grace, and A. Z. Griffin; tackles Gary Cooper, Dan Elson and Jack Rose; guards Charles Thornbrow, Glen Cary and Jack McPeck; and center Jack Ollphant.

Some of my outstanding backs are Warren Jones, who has been transferred from Lad, Wayne Davidson, Lamar Lively, Jackie Williams, Lawrence Baines, and Jerry Gillis, a good passer who has been an understudy of Charlie Laffoon all season," said Coach Biggers.

A representative from the Oklahoma City Seismic company is coming to Pampa High soon to see about new stage equipment, Knox Kinard, superintendent, has announced.

All Pampa schools will observe November 22 to 25 as Thanksgiving holidays.

FHA Has Formal Initiation Monday

The Future Homemakers of America held a formal initiation of members in the band room Monday night in a candlelight service.

The club, which disbanded during the war, is being formed again.

Aleue Vaughan, past president of the club of 1944, acted as "the Spirit of Homemaking" and offered a pledge for the eight officers. Each officer expressed a purpose of the club as she lit her candle. The secretary presented the names of members after which each took the pledge and were given ribbons of red and white, club colors.

The officers are Erma Lee Kennedy, president; Lucille Smith, vice president; Phyllis Ann Parker, secretary; Ruthie Lee Franks, parliamentarian; Wilma Tubbs, reporter; Margie Goddard, historian; and Elda June Wyatt, song leader. Sponsors are Mrs. Charles Hart and Mrs. Angela Sanford.

Following the installation ceremonies, refreshments of cake and punch were served by Erma Lee Kennedy and Lucille Smith in the homemaking living room. Red roses, the club flower, were used as a centerpiece.

The refreshment committee consisted of Beatrice Shelton, Margie Taylor, Lilith Martin, Norma Parks, Shirley Easter and Sue Jordan.

Other members of the FHA are: Gladys Wilson, Mary Beth Wells, Billie Louise Scott, Edylene Pryor, Peggy Reno, Dorothy Cummings, Wilma Boyd, Edith Taylor, Claudia Radliff, Elsie Dickson, Faye Trater, Barbara Anderson, Edrie Morrison, Martha Behrens, Maxine King, Loretta Marsell, Betty McGrate, Hazel Fry, Carol Keyes, Barbara Norris, Faisy Croniger, Sue Jordan, Bertie McDowell, Lois Yoder, Betty Greene, Letha Bee Smith, Glendora Hogsett, Dorothy Jones, Pauline Boyd, Marjorie York, Nansen Campbell.

Marilee Conklin, Johnnie Mae Young, Elsie Harris, Atha Bell Stewart, Virginia Brodnax, Mary Starnes, Juanita Dittmeyer, Margie Taylor, Shirley Easter, Josephine McCracken, Dovie Jean Braly, Jane Chambers, Margaret Langford, Julia Daves, Jonnie Owen, Lilith Martin, Norma Parks, Marjorie Wilson, Mary Kitchens, Margaret Wilson, Betty Jo West, Helen Cornelison, and Theresa Key.

Mary Lou Austin Wins In Tennis

Mary Lou Austin, member of the first period physical education class, won first place in girl's tennis singles Wednesday afternoon.

Marilyn Adame and Maxine Crossan of the third period class and Alice Robinson and Frances Tubbs of the fifth hour will play for first place in the doubles tournament Monday. Their score Wednesday was 4-2. The other two games will be played Monday afternoon.

Alice Robinson of the fifth period won second place in singles, with JoAnn Jones of third period winning third place. Patty Williams and Dorothy Jones, first period members, placed third in doubles.

Girls taking part in the singles tournament were: first period, Mary Lou Austin; third period, JoAnn Jones; and fifth period, Alice Jean Robinson. Doubles were: first period, Patty Williams and Dorothy Jones; third period Marilyn Adame and Maxine Crossan; and fifth period, Alice Jean Robinson and Frances Tubbs.

An exhibit on tennis has been placed on display in the show case at the east door of the building. Pictures for the exhibit were drawn by Leona McClendon. Sketches representing the forehand swing, following through and backswing have been drawn for the forehand drive. Drawings of the back swing, forward swing and follow through of the backhand drive also appear.

A similar exhibit was placed in the show case during the archery tournament.

Tri-Hi-Y Discusses Bible Verses at Meet

A discussion of Bible verses was led by Elva Jean Anderson when the Tri-Hi-Y met Monday at 8 p. m. in Room 100. Plans were made for a party to be given by the pledges for the members.

Joyce Pratt reported on the Community Chest, and Edith Morrow gave the benediction.

Possible sponsors for the club were discussed.

This Thanksgiving season should find each one of us conscious of the debt of gratitude we owe to God. All through the war years we prayed for peace. It is now ours to enjoy and protect.

We should also remember the things we have the year around—homes, fine schools, churches, clubs, friends, music, and jobs. We should be thankful too that our nation is prosperous enough that we may share with other nations.

"O give thanks unto Jehovah for he is good; for his kindness endureth forever." (Psalms 107:1). —B. H.

Pampa High Goes Over the Top With \$23,000 In Bonds Sold

Pampa High school's bond rally rang out a huge success Friday when the selling closed at 2:30 p. m. with \$23,000.00 actual cash value in bonds and stamps, going far above the \$8,000 quota set by the student council.

The bond rally turned into a battle between five home rooms early in the selling to see who would get the ice cream served to them by the losing room. Room 102, taught by Miss Anna Louise Jones, was the victor when the selling stopped with \$7,462.50. They alone nearly reached the school's quota.

The next four highest of the 31 home rooms are: 298, Mrs. J. E. Austin, \$2,622.25; 298, Miss Madge Reed, \$2,222.50; 103, Mrs. Nellie Norman, \$2,812.50; and 205, Miss Lee Sullivan, \$2,100.

Room 112, taught by Mrs. John Rankin, was the losing home room, serving the ice cream to the winners in the pep rally.

During the morning bond assembly, musical entertainment was provided for the students. Mickey Casada played on the piano "Laura" and "In the Mood." Mike Alloway sang "White Christmas."

Angela Dunham played "Clare de Lune" and "Polonaise." The girls' trio, Beverly Chandler, Sybil Pierson and Libby Sturgeon, sang "Till the End of Time," "Margie," "China Town," and "Susie" as an encore were sung by the boys' quartet, Jimmy Terrell, Jack Dunham, Charlie Beard, and Bill Hutchinson.

Jack Dunham sang "You Shouldn't Hit Your Grandma With a Shoe" and "A Rose of No Man's Land." Jimmy Terrell sang "The Road to Mandalay." Miss LaNelle Seitelhagen led the assembly in group singing.

The following is the amount sold by each room: 100, \$431.25; 101, \$187.50; 102, \$7,462.50; 103, \$2,332.50; 104, \$93.75; 105, \$56.25; 106, \$225; 107, \$249.50; 109, \$187.50; 112, none; 114, \$187.50.

Room 115, \$93.75; 201, \$131.25; 202, \$56.25; 203, \$37.50; 204, \$225; 205, \$2,100; 206, \$56.25; 207, \$131.25; 208, \$2,812.50; 209, \$3,691.25; 211, \$206.25; 213, \$150; 214, \$37.50.

Room 215, \$187.75; 217, \$76; Woodshop, \$140; Library, \$18.75; Machine Shop, \$75; 301, \$750; 218, \$56.25.

Guards Get Advances

Three high school boys recently received promotions in the Texas State Guard. They were: Donald K. Larkin to Technician Fifth grade, Neal Keyes and Billy Russell to Private first class.

George Edward Galtin has attended Pampa schools only for 12 years. George was born in Miami, Tex., April 16, 1928. Math is his major and his ambition is to become a mechanical engineer. Texas Tech tops his lists for choice of colleges.

George enjoys hunting and fishing and his activities include football and basketball. He was a representative in student council last year.

Blonde Carl E. Gilchrist was born in Pampa, Oct. 16, 1927, and has attended schools in Pampa only. Designing engineering ranks high in Carl's ambition. He plans to attend A & M college. Radio, hunting, fishing and swimming are among his hobbies.

Muskogee, Okla., and Oct. 6, 1928 was the birthplace and date of Paul Leon Gooch who has attended Sweetwater, National City, Haskell, and Pampa schools. Leon is six feet tall, blonde haired, and has blue eyes. Football is Leon's main dish and he plans to attend Oklahoma A & M to become an engineer.

Collecting music or anything musical is the hobby of blonde Wanda Lou Gordon. Her ambition is to be a "top rate musician." Wanda was born July 30, 1928, at Fort Cobb.

Jones and Mordy Selected To Visit Dallas High Schools

Candler Chosen 1945 Football Queen; Overstreet and Cummins Attendants

Beverly Candler was elected 1945 football queen by the Harvesters Monday afternoon. June Cummins and Mildred Overstreet will be her attendants.

The coronation will take place Dec. 1 at the Amarillo game. She will wear the traditional green and gold robe, and Jim Terrell, captain of the Harvesters, will crown her.

This year's blue-eyed queen is treasurer of the senior class and secretary of the National Honor Society. Beverly is a native Texan and very active in sports and school activities.

Brunette Mildred Overstreet was in the race for last year's most beautiful girl and was chosen the Fashion Queen of 1945.

June is a native of Pampa but has lived in Seymour for the last four years.

Beverly is the ninth girl to receive this honor. Pauline Gregory was the first Harvester Queen in 1926. At that time the queen was chosen by the members of the pep squad from their group. The robe that Beverly will wear was first made by Pauline Gregory.

Red Cross Gifts Short of Quota

PHS contributions to the Junior Red Cross drive, which ended last week, totalled \$86.22—approximately \$10.00 short of the goal of about \$100 or ten cents per student.

Thirteen home rooms had 100 per cent participation in the drive. These were 102, 103, 104, 105, 109, 201, 204, 206, 208, 209, 211, 301 and the machine shop.

The highest amount given by a home room—101 taught by Mrs. E. C. Stroup—was \$5.10. Senior home rooms 205 and 102, second place with \$4.20. Miss Ruth Stapleton's sophomore students had the third highest contributions of \$4.21.

The amounts given by the other rooms were: Towle, \$2.10; Norman, \$3.86; Simmons, \$3.35; Carter, \$1.15; Gilek, \$2.75; Bruce, \$2.91; Gordon, \$2.54; Rankin, \$5.59; Sanford, \$1.00; Hart, \$2.25; George, \$2.00; Nichols, \$1.25; Winston, \$3.40; Durrett, \$2.60; Howell, \$2.72; Austin, \$3.76; Vaughan, \$1.85; Patillo, \$1.36; Goode, \$3.11; Mr. A. L. Jones, \$1.40; Berg, \$3.60; Owen, \$5.00; Miller, \$3.76; Davis, \$2.87; Morgan, \$2.35; and Adams, \$1.70.

Senior Dues Set

Beverly Candler, treasurer for the senior class, has announced that the dues for this year will be 50 cents per semester. Each senior is urged to pay a dollar as soon as possible.

Nutrition Expert Speaks Thursday

Nutrition was discussed by Miss Louise Garrett, director of the Midwestern Division of the American Red Cross, at the fifth period Thursday when all girls taking homemaking met.

The homemaking girls from Lefors were guests at the meeting. Ernestine Black is president of the Lefors chapter of the FHA. Mrs. Laura Pennick is sponsor.

Miss Garrett stressed that good nutrition is the best means of keeping in good physical condition. She pointed out that high school students taking homemaking had an opportunity to learn about nutrition from speakers sent out by the Bureau of Nutrition. In some high schools a nutrition course is offered, and both boys and girls have done fine work in it, Miss Garrett said.

Erma Lee Kennedy, president of the local chapter of the FHA, introduced the speaker.

Members of the band will be guests of the school at a Thanksgiving dinner Thursday at the Hilton Hotel in Plainview.

Tomorrow Is Deadline For Making Pictures

Tomorrow is the deadline for having all class pictures made for the annual.

Editors Alberta Williams and Erma Lee Kennedy are requesting that all freshmen, sophomores, juniors and teachers who have not had their pictures made do so immediately. Seniors will have 100 per cent representation in the yearbook.

James H. Gallman To Speak at Hi-Y Nov. 20

Mr. James H. Gallman, who spent 15 months in a German prison camp, will be a special guest of the Hi-Y Tuesday at 7:30 p. m.

Dick McGuire, Don Morrison and Bob Parkinson will lead the discussion of "Post War Germany." This will be an interesting discussion and all members of the club are urged to be present.

Fashion Lashes

By JOANN COONROD

It seems to be the popular opinion that the boys are being slighted in this column; so take notice, all you males, because here you are.

Bright socks are still the most popular of all clothes with the Jivin' Jacks. Billy Washington lists as his favorite, red, white, blue, yellow, and green striped. Willis Price says solid colors rate high with him, and OH! those socks are loud! So as not to cause any hard feelings, it is necessary to mention Don Loshers' red ones, Ronald Lewter's green ones, Charlie Beard's blue ones, and Randall Clay's yellow ones—they're not VERY pretty.

Fashions for boys would not be complete without mentioning all the plaid shirts. Rusty Neef's bright red plaid is perhaps the most talked about. Bob Love has quite a few that are really the envy of all the girls and Charlie Riggin's deep wine one is fascinating. Don Morrison, Jack Hood, Bob Parkinson, Tommy Darby and Jim Wilson were also very "mannish" looking in their shirts of every color.

Dick McCune, George Gatlin, Jimmy Bossay and Leon Gooch were looking especially "chic" in their sport shirts of pastel colors.

Don Humphreys, Jerry Gillis, and C. L. Farmer seem to like brightly striped shirts. The boys often combine these with solid colored jackets or sweaters.

Speaking of sweaters, Junior Coffey and Jimmy Terrell have lovely white ones. Jimmy's is a Harvester jacket and several girls have already expressed their wishes for a "With this we'll say 'thirty' and 'see ya' next week."

Skating Parties Have Their 'Ups and Downs'

A scream! A crash! Amid the laughter of the on-lookers another skater bites the dust.

Skaters—good, bad or indifferent—have been trying their skill at the many skating parties given in the gymnasium recently by various classes. Tag and pop-the-hip have been the most popular games, with no casualties reported to date except a few sore bones.

A few have tried fanciful skating, usually ending up dusting the floor with their clothes. Others, less experienced, ventured on to the rink too first as if they were entering cold water for the first time.

National Education Week Brings Guests

Approximately 50 parents visited Pampa High Thursday in observance of National Education Week. Teachers stopped in the middle of sentences to invite bashful parents into the room.

According to one report, an advanced arithmetic class practised the same lesson three days; then no parents came to see the class and as a result it had a "test—no justice!"

A home economics class from Lefors also visited the school.

Virginia Kelley was heard to say that there are only three men in her life.

Wilma Tubbs seems to still have her eyes on Gene Howell. His name appeared on her notebook this last week.

A certain Betty of 213 seemed to be enjoying herself at the Teen Canteen Dance last Friday.

Kathryn Rose is getting' old. She has reached the age of 18.

Who was Betty Culbertson making eyes at at the Teen Canteen Friday night?

The Harvester got a card mailed from McPherson, Kans. which had "BEAT AMARILLO" on it five times. THANK.

Who gave Betty Duttony her new Indian bracelet? Could it have been John?

Elva Jean Anderson seems to be all alone because Wayne Barnes is home from the Marine Corps.

Rosemond Allen was seen at the movies with Joe Glaxner. Joe, what happened to Junior Ann?

Doris Shackelford received a long distance call from Marilyn Keok, ex-student, who called to announce her engagement.

Jane Cummins certainly has made a hit since she moved back to Pampa. But, by the way, for Justice Coffey's information, she isn't going steady any more.

Ramons Matheny, as usual, is expecting her "Eggs" down for the week-end.

Jerry Moore has re-remembered PHS after being discharged from the Army air corps.

New York state in October set a
12-year record at 2.72.
The bureau of labor statistics
wholesale price index rose 2/10 of
one per cent in the week to a figure
that equaled the highest point
reached during the war.

The nation's labor pains kept
around 275,000 persons idle.
The American Minitel, techni-
cal publication of the metal-work-
ing industry, said the cost of strikes
up to the end of October totaled \$1
billion and may reach \$1 billion
before the end of the year.

John D. Blandford, Jr., national
housing administrator, said 1946
would be a year of acute and grow-
ing housing shortages.

WHEN YOU CAN GET IT:
According to estimates, the av-
erage American man, woman or
child consumes 1,000 pounds of
vegetable food and 600 pounds of
animal food annually.

CROP KILLS BANANA
After the banana plant has borne
a single crop, the plant slowly dies.
A new plant then develops from a
shoot at the base of the stem of the
old plant.

Don't Be
Caught Napping

Victory March Toward Security
America's largest army is its Army of War Bondholders—\$7 million
strong. From our farm and factories to our homes and schools, our
armed forces they come, again and again, to invest in America.

This great savings crusade, born of war, is one of our great
hopes for peacetime prosperity.
And marching within the ranks of these 85 million bond-
buyers are the Americans who also maintain more than 75
million bank accounts.

A great arsenal for peacetime prosperity—bank
savings, War Bonds, Victory Bonds!
Together, wisely managed, they can help forge the
weapons of peace—jobs, industry, fair prices, stability,
family security.

Keep on marching toward security! Today,
while goods are still scarce and the threat of rising
prices continues, plan to spend wisely. Plan to
save regularly. Save by buying more of your coun-
try's Bonds and holding them. Save, by build-
ing up your bank account. You and your family
will reap the harvest of your sacrifice and thrift.
