

### Veterans May Re-Enlist and Retain Rank

Returning army veterans, who are interested in re-joining the army, have additional advantages in point of finance and rank if they enlist between now and November 21, it was explained here yesterday by Capt. John G. Henry, commanding officer of the Amarillo recruiting station.

Capt. Henry and Sgt. Leighton Gray will be at the postoffice here at Pampa from 8 a. m. to 5 p. m. tomorrow to consult with those who are interested in the offer.

Capt. Henry, who graduated with the first class of cadets at PAAP-43-B back in 1943 and subsequently served 17 months combat duty in England and France, said men discharged from the army between May 12 and Nov. 1 may have their present ratings in the regular army if they enlist by November 21. The pay will be the same as it is now.

"If there are any of the fellows left who are interested with those who should come around and talk to us about re-joining when we come to Pampa Thursday," he said.

The present recruitment program of the army is based on emphasis that the emergency is not over, that there is still a need for an army since there are so many men returning to their homes from service.

### Yanks Outpaced Their Support

By NEA Service

The 26th infantry division, whose YD shoulder patch denotes the Yankee division, was in training for almost four years before meeting the Germans. That chance came Sept. 29, 1944, when the 26th went into action on the Third Army front. For a month, in the region of Nancy and St. Mihiel, the Yankees acquitted themselves with distinction in defensive assignments.

Then, on Nov. 8, the 26th heard the order to attack. Operating on the southern flank of the main assault, directed toward the fortress city of Metz, the division pushed across the Seille and Saar rivers, crushing determined enemy resistance under weather conditions so adverse that supporting armored and other forces were unable to maintain the pace. But the 26th kept driving forward and, on Dec. 12, smashed into German territory at the Blies river.

Rushed to the aid of the First Army during the Ardennes counter-offensive, the Yankee division hit the south side of the Nazi salient.

In late March, a few weeks before VE-Day, the Yankees, representing the Third Army, made the junction with the Seventh Army which sealed the fate of 7,000 Germans in the Saar Palatinate, and thus virtually eliminated German resistance west of the Rhine.

### Board of Control Holds Hearing On Establishing State TB Hospital

AUSTIN, Nov. 7. — (AP) — Under consideration by the board of control are pro and con expressions on the conversion of Fort Ringgold, near Rio Grande City, into a state tuberculosis hospital.

Weaver Baker, chairman of the board, said a decision would probably be made by the week-end after all evidence is weighed.

Principal opponent was Rep. A. J. Vale of Rio Grande City who appeared before the board with 22 residents and a petition signed by 500 people.

Those favoring the plan include the city council of Mercedes, Mercedes Kiwanis club, city commission of McAllen, city commission of Weslaco, mayor of Mission, district attorney and mayor of Edinburg, county, Harlingen chamber of commerce, Weslaco Rotary club, commissioners court and county judge of Cameron county, Business and Professional Men's club of Weslaco, and Eusebio Limas, president of the Society of Mutual Aid for the Mexicans at San Juan.

Presentants contend that establishment of the hospital would increase the incidents of tuberculosis in Rio Grande City through the proximity of water and sewage supply, mingling of patients with the town population, and attracting to the town as a "TB center" a transient "tent-camp" population.

A letter favoring the hospital signed by Frank Doyne, Martin Cabazos and F. D. Guerra of Rio Grande, lists the names of 85 persons, and reads as follows:

"We are convinced the hospital would be of inestimable value to this section in the fight against tuberculosis. Its nearness would attract large numbers of patients who dread to go long distances for treatment or cannot receive it because of crowded conditions in state institutions.

"Furthermore, with a hospital close by, we would all be more conscious of the nature of the disease, and its cause and prevention. We would learn how to combat it—rather than live in fear of it, but do nothing about it.

"We are cognizant of the fact that no city that has a TB hospital has found it a detriment or menace to the public health but rather has prospered by reason of having it."

Baker said a survey of the valley recently disclosed a higher incidence of tuberculosis in that section than any other part of the state.

The only state tuberculosis hospital in Texas is the 200-bed unit at Sanatorium, for white patients, and the 176-bed institution in Kerrville, for negro patients, giving a ration

### University Head Opens Conference

HOUSTON, Nov. 7. — (AP) — In the opening address of the Texas Methodist conference Tuesday night in the First Methodist church, Dr. Umphrey Lee, president of Southern Methodist university, warned the church against using its power for political pressure. "God save the churches in American from becoming a power bloc," he said.

Bishop A. Frank Smith opened the conference, in its 105th annual session.

"I hope all church people will vote right, but if the day ever comes when you can deliver the Methodist church or the Protestant church as a bloc, our glory is departed," the Christian educator said.

With powerful appeal Dr. Lee warned against the deadliest perils that threaten America — group politics and the lust for power.

"For the first time we have stepped out with power in our hands—we are now the one great world power, and God help us, if we go the way some of the boys are talking."

The college president termed dangerous the talk—"Do we not have the atomic bomb—do we not have six miles of war ships we can line up the Hudson river—let's make the boys come to law."

**HOW RUBBER SPREAD**  
If Henry Wickham had not smuggled 70,000 rubber tree seeds out of Brazil in 1878 and taken them to England, whence plants were sent to the East Indies to thrive and develop into the world's chief rubber source, Brazil probably would be the center of rubber production today.

### Funeral Is Held for Mrs. Nettie Bennett

MIAMI, Nov. 7. — Funeral rites were held here Sunday afternoon at the Methodist church for Mrs. Nettie Bennett, aged 80 years.

The deceased had lived in Miami for over forty-five years with the exception of some three years in Colorado, and had been a very active and loyal member of the Methodist church during that time. She was also an ardent worker with the Red Cross and was always the first in Roberts county to contribute to that worthy cause.

Rev. C. A. Holcomb, Jr., pastor of the local church was assisted in the services by Rev. W. Howard Moore and Rev. J. M. Smith, both of Miami.

Pallbearers were Dale Law, Tommy Quinn, W. C. Scott, Dan Graham, J. O. Duniven and E. C. Meador. H. A. Shaw of Amarillo sang "The Old Rugged Cross," as a special musical number.

Surviving the deceased is one son, George W. Bennett, of Amarillo, and one granddaughter, Mrs. Yvonne Richards of Tulsa, Okla.; and a sister, Mrs. Rose Bandy, Aspen, Colo.

Blackburn-Shaw funeral home, Amarillo, had charge and interment was in Miami cemetery.

A number of Pampa citizens attended the funeral.

**PLANE ODDITY**  
The first power-driven, heavier-than-air machine ever to carry man in flight—the original Wright airplane—although built, flown and acclaimed in America, today resides in a museum of science in England.

### Pattern of Lies Passed for Top Nazi Diplomacy

By DANIEL DE LUCE  
Copyright, 1945 By The Associated Press

BERLIN, Nov. 7. — (AP) — Even as Germany prepared to consolidate her Austrian conquest in 1938, Reichsmarshal Hermann Goering and Foreign Minister Joachim von Ribbentrop were conspiring to allay British fears and clear the way for further aggression—the seizure of Czechoslovakia.

The pattern of lies which passed for Nazi diplomacy had one chief purpose: To lull Britain into inactivity with vague promise of a German-British understanding.

Transcripts of international telephone calls between Nazi leaders, salvaged from a Berlin rubble pile by the merest chance, record these conversations which took place between von Ribbentrop in London and Goering in Berlin immediately after Germany troops marched into Austria in response to a trumped-up request for intervention:

Goering: "The sympathy for national socialism (in Austria) is complete and, to us, surprising. x x x Actually these were all our people. x x x."

Ribbentrop: "The situation here is—for the moment they have had a great surprise. But generally they are looking at things with common sense."

Goering: "x x x The Czech minister who was with me yesterday explained the rumors that Czechoslovakia had mobilized were made completely out of thin air and they would be satisfied with my word I would not undertake the slightest gain against Czechoslovakia."

Goering: "I soot do r most warm German-English understanding. If the English want a really honorable understanding and if the English recognize reciprocally that we also are a proud, free people, then nobody could be more glad than I."

of one bed to every 4,000 population.

The board plans to establish at Fort Ringgold a 300-bed hospital with an anticipated expansion of 500 beds.

Permission for the establishment of such a hospital was obtained during the 49th legislative session when congress was impounded to grant use of an abandoned army fort for such purpose.

### Leaves From a Correspondent's War Notebook

By HAL BOYLE  
TOKYO, Nov. 7. — (AP) — Japanese secretaries can be too efficient in their desire to obey orders.

Capt. Ward W. Ward of New Orleans, wanted to throw a fish fry for several fellow officers and asked his secretary if she could manage to buy four good-sized fish for him.

"Will try sire," she said.

When Ward arrived at his office next morning he found considerable commotion.

"There was an excited Japanese fisherman there with four full barrels of fish, enough to feed a company of men," he said, "and the fish were so fresh they were still flopping. I had to tell him to cart them away again."

Then Ward gave his over-enthusiastic secretary a brief English lesson on the difference between four fish and four barrels of them.

Now that combat days are over and you can ride from San Francisco to Tokyo without worry about being riddled by enemy airplanes or blown up by submarines, there is a great influx of "swivel chair campaigners" anxious to get some overseas duty on their records.

You see many colonel's eagles now, few battle medals for valor. Officers top-heavy with rank have engaged in many petty social battles. Here is one of the silliest:

A colonel playing cards in the lobby of a Tokyo army hotel became annoyed at the music from a nearby radio, called the desk clerk who was an enlisted man, and said sharply: "Turn that thing off."

When the soldier complied, another colonel immediately came over bristling and declared: "Turn that radio back on."

The soldier explained the other colonel had ordered him to turn off the music whereupon the colonel replied: "My rate of rank is (such and such). Please go over to the other colonel and ascertain his time in grade."

The soldier, caught in the middle of this "battle of the brass," went off and returned with a well-hidden grin.

"Sir," he said, "the radio stays off. He outranks you."

Harvesters Rule Only Slight Favorites Over Lubbock

Eddie Dyer Will Take Over Card Managerial Job

ST. LOUIS, Nov. 7.—(P)—The appointment of Eddie Dyer as manager of the St. Louis Cardinals to succeed Billy Southworth was announced today by Sam Breadon, president of the Cardinals. Dyer was given a two-year contract.

A former top-ranking executive in the vast Cardinal farm system, Dyer resigned a year ago to enter the oil business with his three brothers in Texas. However, he kept his finger in baseball by representing the Red Birds at meetings of the suspended Texas league.

Both owner Sam Breadon and Dyer refused to comment, but sporting circles here freely predicted that the deal was closed prior to yesterday's announcement that Southworth was going to the Boston Braves.

The Boston offer was made during the world series a month ago and it was believed here that Breadon asked that announcement be delayed until he had filled Southworth's job.

Southwestern Grid Players Get Needed Rest After Whipping

GEORGETOWN, Nov. 7.—(P)—A week-end of inactivity is a welcome prospect on the Southwestern campus as the Pirates nurse their wounds after the 18-0 shellacking administered by the Baylor Bears in Waco Saturday.

Unless this coming week-end is occasioned by cancellation of games by Ellington field, nullifying preparation which had been made for an encounter with the flyers at Snyder field Friday night.

This leaves only two games on the schedule, both of these having been added since the beginning of the season. The Pirates travel to Gatesville Friday night, November 16, where they play the strong North Camp Hood eleven, and on Nov. 24 they will meet the Honda army air field gristers at Big Spring to wind up the season.

Toledo Baseball Nine To Train at Santone

SAN ANTONIO, Nov. 7.—(P)—The Toledo Mudhens of the class AA American association will train at the San Antonio baseball park at the same time as the San Antonio missions of the class A-I Texas league.

President Eddie Gilliland of the Toledo club, here visiting Bill Casey, president of the missions, said the Mudhens would hold their first work-out about March 1.

South Texas AAU To Be Perfected Today

SAN ANTONIO, Nov. 7.—(P)—Formal organization of the New South Texas association of the amateur athletic union, to encompass most of Texas with headquarters in San Antonio, will be perfected at a meeting here today.

E. Lynn Bingham of New York, veteran AAU executive and assistant to the president, will preside at the meeting.

Deadly Drink

It was once the common custom in parts of Siberia to brew intoxicating drinks from the poisonous mushroom, "amanita muscaria."

Mastrangelo, Irish Guard, Is Selected Week's Best Lineman

NEW YORK, Nov. 7.—(P)—A Notre Dame sophomore guard, John Mastrangelo of Vandergriff, Pa., today won this week's Associated Press award as college football's "line man of the week."

Mastrangelo, a 19-year-old who weighs 200 pounds and stands six feet, was in the thick of play as the Irish and Navy battled to a 6-6 tie Saturday at Cleveland. He received wide recognition among the players for his performance.

Tony Elizondo Takes Middleweight Crown

SAN ANTONIO, Nov. 7.—(P)—Texas had a new middle-weight champion today—Tony Elizondo of Corpus Christi, Texas, who knocked out Paul Altman of Houston in the first round of a 10-round fight here last night.

Elizondo weighed 160 and Altman 150. Elizondo, with less than a dozen fights in his record, slugged it out with Altman from the start. The final punch was a right to the chin.

170-Pound Backfield Boasted By Westerners; Brewer Stars

Although they will rule slight favorites at Lubbock Friday when they meet the Lubbock high school Westerners, Pampa's Harvesters aren't slacking off any in workouts.

Lubbock will outweigh Pampa in the backfield almost 20 pounds per man. Lubbock backs, or at least three of them, are all big and fast and the best of them all is George Brewer, 180-pound left half who has scored 73 of Lubbock's 124 points this year.

Brewer has been termed a "triple-threat" man because he can not only run like a comet but he is equally good in passing and kicking.

Shorts and Shells

The Orange Bowl, which plans to have an eastern team in the New Year's football game every year, starting this season, apparently is down to one candidate.

After the Oklahoma Aggies' Bob Fenimore came out of a hospital to run wild against Texas Christian drummer Otis Wis reported hearing this conversation in the stands:

Man No. 1—"What's that story about Fenimore being sick?" Man No. 2—"He was sick; he was three days in the hospital."

Comets of Corpus Christi Prepare For Jacksonville

CORPUS CHRISTI, Tex., Nov. 7.—(P)—After a week's lay-off, the Comets of the naval air training base are again driving at full speed as they prepare for their big game with Jacksonville naval air station here next Saturday night.

The Jax line-up contains many of the best names in football and the addition of Art Guepe, former Marquette star, will be a big boost to the Jax backfield.

In addition to Guepe, the Jax club contains some of the gridiron's best known stars and it will be the strongest football team to ever appear in Corpus. Leo Akin and Ray Bird, tackles for the Chicago Bears, before entering the navy; Barney McGarry, guard with the Cleveland Rams; Walt Dubinski, star at Boston college and later with the Boston Yanks at center; Bobby Hanlon from Notre Dame and Dick Franz from Ohio are few of the others who will start here Saturday night.

Sports Round-Up

By HUGH FULLERTON, JR. NEW YORK, Nov. 7.—(P)—Look out, Gunder.—From Tientsin, China, Sgt. Norris Anderson sends the news that some marines who had marvelled at the endurance of Ricksha coolies decided to clock one—they measured off a mile (via jeep speedometer) and started coolies Leo Wong trotting the distance, towing several hundred pounds of military-manned ricksha—when they looked at the watch, it registered 4:58.

FOR OCCUPATION ONLY TOKYO, Nov. 6.—(P)—Allied headquarters said today that because of restricted living conditions United States business firms will be allowed to send representatives to Japan only if their work will aid in the occupation.

# Conference Is Being Held at Critical Time

By JAMES MARLOW  
 WASHINGTON, Nov. 6—(AP)—The labor-management conference opens at a critical time in American life.

Some real and lasting good may come of it. Or it may break up in bitterness. No one is predicting a howling success for it.

Fred C. Smith, the conference publicity director, already has cautioned reporters not "to expect too much from the conference."

President Truman called the conference in an effort to get labor and management to work out some way of settling their disputes more peacefully and reasonably than in the past.

It may last for weeks. Thirty-six representatives of labor and industry—18 from each—are at the conference.

They will run the show, make their own decisions. The government will not try to tell them what to do.

The 18 labor men do not see eye-to-eye on all their problems. Nor do the 18 industry men agree fully.

This shows some of the difficulty in getting agreement among the 36 representatives on far-reaching solutions for their headaches.

Yet this conference is being held at a time when the country is trying to shift over soundly to peacetime living.

There is deep need now for high employment and full production to get the country launched on prosperous years.

The labor troubles in the next six months—with plant shutdowns, strikes and unemployment—might change the future of this country and the rest of the world which is banking on American production and prosperity.

Strikes have piled up in the past few months. Not a single major dispute over wages has been settled. And two huge potential strikes—in the auto and steel industries—hang fire as the conference opens.

If the conference fails and there is real domestic labor strikes congress may step in through impatience or under pressure of public opinion.

Neither labor nor industry is anxious for congressional action. The conference will talk about—maybe suggest—machinery for settling disputes between workers and employers. But the kind of machinery is one of the big conference questions.

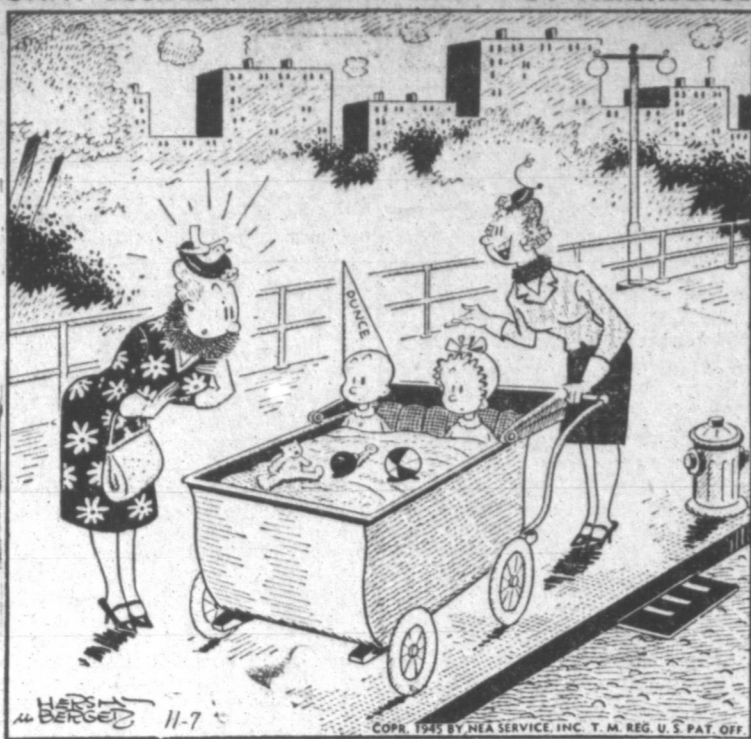

**NAMED CARD SUITS**

Four medieval economic classes served to name the suits in playing cards. Spades from the Spanish "espada," or sword of the nobility; clubs from clover-like trefoil leaves of the peasantry; hearts from the French "choeur" or choir of the clergy; and diamonds for merchants.

**ODDS "FAVOR" TORNADO**

The chance of being caught in the path of tornado, as compared with being caught in the path of an automobile, is only 1 to 625,000.

## FUNNY BUSINESS BY HERSHBERGER

## Prewar Traffic Volume Expected To Be Reached in U. S. by 1949

WASHINGTON, Nov. 6—(AP)—Although an unprecedented annual output of motor vehicles is anticipated when full-scale production is resumed, it is not believed that traffic conditions will reach prewar proportion before 1949, according to a statement today by Lee Moran, executive vice-president for the National Automobile Dealers association. This prediction, Mr. Moran stated, was based on studies made recently by various groups and agencies both in government and the automotive industry.

"The consensus of opinion among government and industry experts seems to be that motor vehicle production will in due time attain higher levels than ever before," Mr. Moran pointed out. "The all-time high was reached in 1929 when the output, as measured in terms of domestic sales, reached the figure of 4,620,000 vehicles. However, the net increase in vehicles in service will not be as large as these huge production figures might suggest. The reason for this has been made clear by the office of defense transportation which found that at the beginning of 1945 the average age of all passenger cars then in use in the United States was more than 7 years, and that between 1941 and 1945 the proportion of cars over 7 years of age rose from 35 to 39 per cent.

"It is not anticipated, therefore, that the number of automobiles and commercial vehicles on our streets and highways will show much increase in volume until 1947. Passenger car registrations for the present year, according to the public roads administration, amount to 23.4 million. This will be increased by only 500,000 cars up to and including the year 1946, according to a survey by the bureau of labor statistics. The same source estimates that passenger car registrations in 1947 will be an even 25 million. By 1948 they will have grown to 28.2 million or about 1.3 million less than before the war. Not until 1949 will registrations reach the figures of 30.5 million, or only about a million more than in 1941.

Mr. Moran stated that his particular object in calling attention to these figures at this time is to give emphasis to the fact that car owners will have to continue driving carefully and taking care of their cars for years to come. Substantially every car in service today is over age and will require the utmost care to make it last until new ones generally are available, he said.

## Two Army Fliers Are Killed Near Sherman

SHERMAN, Nov. 6—Two army airmen, one from nearby Perrin Field, were killed yesterday in the crash of their training plane nine miles west of the field, it was announced today.

Dead were Flight Officer Phillip J. Gabriel, Jr., 20, son of Mr. and Mrs. P. J. Gabriel, Addicks, Texas, and Lieut. Harold S. Friedman, 20, son of Mr. and Mrs. Abraham Friedman, Chicago.

They were engaged in a routine training flight, Perrin Field announced.

## Market Briefs

**CHICAGO GRAIN**  
 CHICAGO, Nov. 6—(AP)—Rye advanced sharply in early grain futures trading today; December and May deliveries reaching the five cent daily advance limit, and held close to that point during the remainder of the trading despite profit cashing.

At the finish wheat was 1 1/2 to 2 cents higher than yesterday's close, December \$1.80 1/2. Corn was unchanged to 1/4 cent higher, December \$1.18 1/2. Oats were 1/4 to 1/2 cent higher, December \$1.73 1/2. Barley was 1/4 to 1 1/2 cents higher, December \$1.20 1/2.

**DESERT RECORD**

More than 5,000 names of explorers, trappers, emigrants and others are carved on Independence Rock. This "great record of the desert" rises out of Sweetwater valley in Wyoming.

# Japanese Open Dance Hall for Yank Soldiers

By HAL BOYLE  
 TOKYO, (AP)—When the Japanese open a new dance hall, it's strictly like launching a battleship. They do everything but crack a bottle of champagne over the prow of one of their "two yen a dance" girls.

The latest venture in the Nipponese campaign to get the American soldier to pay Japan's war debt is a colossal dance hall in the basement of a bombed-out department store on the famous Ginza.

This oasis on the Ginza is the "Willow Run" of the world's dance halls—with 2,000 Japanese girl dancers ready to jitterbug or foxtrot with any American GI—and it is aimed specifically at pulling yen out of GI pockets.

It promises to be one of the most popular entertainment stops in the Japanese capital for occupation troops. Japanese-conceived and Japanese-financed, it originated with a group of businessmen who formed a "recreation and amusement association" to develop the project.

They sank more than \$100,000 in remodeling the huge, concrete-walled department store basement. The 2,000 dancing partners have been given English lessons and taught at least the rudiments of American style dancing.

Because of the possibility of disturbances, no Japanese men patrons will be allowed. It will be solely a dance hall for the Yank soldier. For two yen—about 14 cents—he can have a three-minute dance with any girl of his choosing, and a big bar will serve him a large mug of Japanese beer for six yen—about 40 cents. There will be no hard liquor.

Major domo for the financial interests involved is spry, elderly little M. Kanachiko—generally known as "Little Tokyo," who in his gray, race-track-checked suit looks like a character from a Damon Runyon story.

The girls made a big hit with American soldiers at the formal opening.

**YOU PAY FOR THE SMELL**

Such a terrific odor has the durian, a delicious tropical fruit, that in Bangkok, Thailand, it is prohibited to take it on a streetcar unless an extra fare is paid.

Ellery Queen, the detective novelist, has the largest collection of books devoted to detective short stories in the world.

## WHAT CAUSES EPILEPSY?

A booklet containing the opinions of famous doctors on this interesting subject will be sent FREE, while they last, to any reader writing to the Educational Division, 535 Fifth Ave., New York, N.Y., Dept. L-1316 (Adv.)

# Today's Schedule Of Redeployment

More than 12,500 veterans of the European war are scheduled to arrive at three east coast ports today aboard 14 transports.

At four west coast ports, 15 vessels are due to arrive with approximately 14,000 troops from the Pacific.

Scheduled to arrive at New York are seven vessels with more than 8,400 troops; four ships, carrying more than 1,700, are due at Newport News, Va., and three ships with approximately 2,500 are to arrive at Boston.

Ships and units arriving included at New York—(Stetson Victory from Antwerp)—1,961 troops including the 321st fighter; control squadron; 402nd, 485th, 405th, 406th fighter squadrons; 371st fighter group; headquarters and headquarters squadron 502nd air service group; 929th air engineer squadron; 744th air material squadron; 1790th signal service battalion headquarters squadron; 562nd signal battalion; 452nd AAA air raid warning battalion.

At Newport News—(James J. Hill)—815 troops including 338th engineering general service regiment.

At Los Angeles, Calif.—(Mormacade from Manila)—1,306 troops, including elements of the 38th division.

(Marine Cardinal from Manila)—3,192 troops including elements of the 38th division.

**TO THE OFFICE MANAGER'S SECRETARY**

It will pay you to make this test for your employer

FIRST I'LL STUDY YOUR NEEDS THEN I'LL MAKE RECOMMENDATIONS

**Let Me Demonstrate M&V SERVICE**

1. Better Letters  
 2. Clearer Copies  
 3. Lower Costs

Miss Secretary, you can help your boss by putting me to work for him without charge—and without obligation.

This is how I help you:  
 (1) Show me the various typewriting jobs or problems in your office and equipment used. Give me an opportunity to analyze your routine work and special needs, job by job.  
 (2) Then I will present to you written recommendations with reasons—showing the "right" kind of ribbons and the "right" kind of carbon paper for each basic need or job.  
 I'll help you turn out better work at less cost—better letters and clearer carbon copies.  
 My job depends on making good for you! Please let me try!
