### \$300 Reward Offered for Vet Escapee

WASHINGTON—(AP)—A \$300 reward was offered today for information leading to the capture of Earl McFarland, condemned rape-slayer and Guadalcanal veteran who escaped from the fourth-floor death row of the district jail yesterday.

As the man hunt spread, it was reported from Cleveland that the FBI and northern Ohio police were reported seeking a man said to resemble McFarland who hitch-hiked a ride from western New York to Cleveland late yesterday.

Maj. Harvey G. Callahan, superintendent of district police, announcing the reward, expressed the belief McFarland might have left Washington, saying he did not believe he was "holed up" in the vicinity in which his escape companion, Joseph D. Medley, was caught yesterday.

Monday's immense waves also hit Tahiti, the Aleutians, California and South America but the greatest loss of life and property occurred in the Hawaiian Islands.

The search for the missing—including 25 school children—continued by sea and air. Supplies of food and clothing poured into the stricken seaport city of Hilo, partially wrecked as the full force of the tidal waves crashed through its funnel-like harbor.

Throughout the islands, property owners and city, county and territorial officials made sketchy estimates of damage to inundated hotels and yacht clubs, stores and warehouses, sugar plantations, shipping, army and navy installations, utilities, communications and railroads.

The most spectacular damage to the fashionable Koko Head area on Oahu, Police estimated damage to homes, each worth \$50,000 or more, at \$1,000,000.

Territorial Governor Ingram M. Stainback turned his attention to the pressing problem of housing the thousands left homeless. He announced that building materials soon would be available from the mainland and said the territory would try to find legal means of assisting those who could not afford to rebuild.

The homeless were being quartered in camps, with the army, navy and Red Cross supplying food, clothing and medicine.

The committee adopted a second amendment by Rep. Brown which requires OPA, in determining ceiling price in cotton and wool cloth, to take into account the actual price of the raw cotton or wool at the parity price, whichever is highest.

AUSTIN—(AP)—A petition seeking to establish a junior college at Borger will be the major consideration before the state board of education at its meeting here Monday.

Lot J. Roberts, president of the Borger school board, and C. A. Cryer, superintendent of Borger schools, will be present at the meeting.

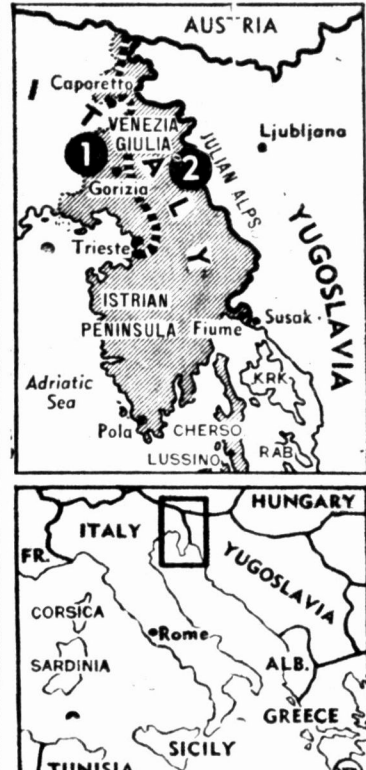

Signs by more than five percent of the qualified tax-paying voters of the area proposed to be included in the junior college district, the petition asks an election to set up a junior college district.

Approval of the state board of education is necessary before such an election may be called.

State Superintendent L. A. Woods has indicated he will recommend approval of the project to the board.

## New Industrial Wage Base Is Close to Approval

WASHINGTON—(AP)—A compromise new industrial wage base of 60 cents an hour moved close to senate approval today. But a last-ditch fight was on to kill a presidentially proposed amendment designed to boost farm prices.

Hours of conferences during the past three days apparently convinced backers of the original bill that they could not drum up the votes for the new minimums they aimed at—65 cents immediately, and 75 cents within four years.

The present statutory wage base is 40 cents an hour.

A sudden shift in the legislative maneuvering late yesterday posed the first decision on substituting the compromise 60-cent rate.

Senator Hatch (D-NM) opened the way for that amendment, offered by Senator Ellender (D-La.) by withdrawing his own proposal to retain the present coverage of some 20,000,000 workers instead of broadening it to take in 3,500,000 workers in industries "affecting" interstate commerce.

Ellender said he would offer another amendment later which would have the effect of leaving the coverage unchanged. He said he had no doubt of its approval.

Senator Russell (D-Ga.), author of the farm price amendment which was adopted by a 43 to 31 roll-call vote Friday, expressed his determination to see that it is not removed by indirect means.

It would revise the farm parity price formula by including the cost of farm labor. Stabilization officials contend it would raise America's food bill \$4,000,000,000 or more a year.

President Truman, who previously sent word to the senate that he would be compelled to veto the whole bill if the farm parity amendment were adopted, reiterated his disapproval yesterday. The President told his news conference it would upset the reconversion program.

House leaders still are hopeful of an informal spring recess lasting from about April 18 to month's end.

## Communists Are Subject of Close

Upton Close, caustic writer for the Pampa Daily News and other daily newspapers, deals today with the subject of how the communists seek to undermine the system of American government through confusion of the nation's people.

Even if we do not always agree with Mr. Close, we should all read his article today which appears on Page 12.

## Farmers Are Made 'Goal' By New Rule

WASHINGTON—(AP)—Southern senators flung a torrent of hot criticism at Chester Bowles today for ordering Secretary of Agriculture Anderson to approve a cotton regulation aimed at blocking clothing price increases.

They called for the stabilization director's resignation, termed his act a "damned outrage," said he was "making farmers the goat" and contended he had jeopardized OPA's life. The agency is bidding for a full year's extension of its price control powers beyond June 30.

Anderson, too, was the target of a hot shot. Said Senator Maybank (D-SC):

"I am indeed sorry to see that the agriculture department under Mr. Anderson has completely surrendered to the OPA."

This was a reference to the cabinet officer's approval of an OPA order requiring larger down payments on cotton purchased for future delivery. It goes into effect April 9. Bowles has contended the order is necessary to check speculative trading in cotton, which he says has forced up cotton clothing prices.

Anderson signed the cotton margin order yesterday after Bowles directed him to do so. He had refused to put his name to it voluntarily, and the attorney general's office ruled the measure would not be valid without the secretary's signature.

To criticism that Bowles had no authority to order Anderson to sign, a spokesman for the stabilization chief replied that he had acted under an executive order issued in 1942.

That order provides that the economic stabilizer "shall formulate and develop a comprehensive economic policy," and that he "shall have the power to issue directives" on such policy to federal departments and agencies concerned with price and wage stabilization.

## Group Approves Housing Program

WASHINGTON—(AP)—Long range housing legislation aimed at a goal of 12,500,000 new homes in the next 10 years, was approved unanimously today by the senate banking committee.

It provides easier government loans and credits designed to encourage construction by private industry and calls for continued direct government aid for low rent housing.

The long range plan is independent of the emergency legislation to provide homes for veterans.

Chairman Wagner (D-NY) announced the committee by a 7 to 4 vote modified a provision emanating from the AFL and the CIO.

This was a clause requiring that "the wages or fees prevailing in the locality" must be paid any construction done with the aid of government loans.

It was made inapplicable to individual FHA-financed homes, but was left in so far as public care housing construction is concerned.

## Senate Will Have No Easter Recess

WASHINGTON—(AP)—There will be no Easter recess for the senate. Reason: Too much business piled up—things like OPA extension, the British loan, selective service extension, veterans housing legislation, appropriation bills.

House leaders still are hopeful of an informal spring recess lasting from about April 18 to month's end.

## Byrnes Makes Motion; Based On Promise

NEW YORK—(AP)—On a motion by U. S. Secretary Byrnes, the Security Council today shelved the Iranian case until May 6—but the decision came only after Australia's representative had blasted Soviet Ambassador Andrei Gromyko's walkout and accused the council of failing to do its duty.

Nine of the council's 11 members voted for the Byrnes resolution which is based on Russia's flat promise to the council yesterday that her troops will all be withdrawn from Iran by early May.

Voting for the Byrnes resolution were China, Netherlands, France, Mexico, Poland, Britain, Brazil, Egypt and the United States.

After Iranian Ambassador Hoessein Ala had stated his government's acceptance of the deferral and Byrnes had thanked the council members for adopting his resolution the council adjourned at 12:46 p.m. EST until Tuesday at 3 p.m.

Gromyko's continued absence counted for one vote and the abstention of Australia's W. R. Hodgson from casting his ballot for the vote.

## New Ambassador Makes Round of Diplomatic Calls

MOSCOW—(AP)—U. S. Gen. Walter Bedell Smith, new U. S. ambassador to Russia, began today a formal round of diplomatic calls—a highly exacting procedure dictated by the rules of protocol.

This procedure required that Smith—who presented his credentials yesterday to Nikolai Shvernik, chairman of the presidium of the supreme soviet—make his first call on the dean of Moscow's diplomatic corps, Sultan Ahmed Khan, the ambassador from Afghanistan.

It was reported Smith later would seek an audience with Prime Minister Stalin to present a letter from President Truman.

Smith already is something of a sensation to his diplomatic colleagues because of the army schedule he has instituted at the U. S. embassy. The new ambassador starts work at 9 a.m. and that means 9 a.m. not 9 p.m.

The routine has caused dismay at some other embassies, where the staffs are alarmed lest the practice spread to all foreign missions in the Russian capital.

Not only does Smith report at 9 a.m. but he stays on at the embassy until after 6 p.m.—an almost unheard-of ambassadorial day in Moscow. It is customary for the Russians to start work late and to work far into the night—sometimes into the early morning.

Smith's predecessor, W. Averell Harriman, started an early work day when he first came to Moscow, but because of the hours kept, by the Russians he soon had to give it up. He wasn't getting any sleep. Harriman then moved his office from the embassy to his residence and did his work there.

### Plan to Develop Texas Oil, Gas Resources Set

HOUSTON—(AP)—Glenn H. McCarthy, Houston oilman, plans to develop Texas oil and gas resources under a \$22,000,000 plan—which he conceived and sold to the equitable life assurance society of the United States.

McCarthy announced yesterday that the society had agreed through negotiations to loan that amount of money for the development project.

"I plan to use the money to develop some of my oil holdings, many of them in producing areas and some in wildcat areas," McCarthy explained. "And also I plan to construct new oil and gas pipelines, gas plants and gas sales distribution facilities."

(In Dallas, Edward N. Maher, loan supervisor for the organization in the Texas area, announced that the loan was made in accordance with the equitable's policy of investing large sums in Texas enterprise. He called the loan one of the largest ever made for the development of industry in Texas.)

### Texas Today

By JACK RUTLEDGE Associated Press Staff

Flatfooted and with our bare face hanging open we predict that one of the major playgrounds of the southwest is going to be Lake Texoma.

This huge, sprawling man-made lake piled up behind Denison dam offers excellent fishing, boating, swimming, and scenic beauty.

From the air or on a map Lake Texoma looks like a Chinese dragon with its head in Oklahoma, a chest and spiked claw in Texas, and the rest of the body forming a boundary line between the two states.

The lake wasn't built for fun. Denison dam and its reservoir were constructed at a cost of about \$54,000,000 for the flood control and hydroelectric power. The muddy Red river and the Washita river feed into it. The dam itself is termed the world's largest earthen roll fill dam, whatever that means. It is 165 feet high and 15,350 feet long.

The reservoir is the fifth largest in the United States, and has inundated about 150 square miles. The shoreline is approximately 1,400 miles long. We pitch this in for those who like statistics. Lake Texoma is very young. So young, in fact, that the nine million fish it has been stocked with haven't had time to grow as large as they are in other lakes, like Possum Kingdom, for example. The largest bass caught so far weighed eight and a half pounds. But they're growing.

Denison and Sherman and other cities within shouting distance of Texoma readily understand the potentialities of the lake. They are pulling hard for a development program.

But the program is being kicked around by government agencies. One, naturally favored by nearby cities, wants to spend about \$5,000,000 on a dream program that includes everything a resort ought to have. The other wants to spend \$400,000, mainly for roads.

The future of the lake may not depend on the outcome of this fight, for nothing will hold it back. But the length of time it takes to realize the dream does depend on the result.

The lake today has more, and larger, boats than many coastal towns. The fishing, lovingly controlled by State Game Warden Ed. Laird, is getting better all the time.

Lake Texoma is a fish bowl in the middle of what once threatened to be a dust bowl. Green, towering trees surround it. Islands dot its surface. Fascinating coves embrace its shores.

So far, it lacks facilities to handle the tourist trade it deserves. But, as Chamber of Commerce Manager Bill Harwell says, there'll come a day—

### Calvary Baptist Honors Seniors With Banquet

A group of high school seniors was honored recently when a banquet was held in the Calvary Baptist church. The affair was given by the Women's Missionary Union with Mrs. Sherman Lowe as president.

Mrs. Jack Robertson was toastmistress and a trio, composed of Patsy and Bonnie Tucker and Charlene Spencer, sang several songs, including, "The Bells of St. Mary's."

Joan Inman presided at the guest register.

Guest speakers for the banquet were: Rev. and Mrs. Jeff Moore, Memphis, and Ruby Andrews, student in Wayland college, who discussed, "The Advantages of a Junior College." Mrs. Moore is young people's leader of District 10.

Serving were: Jean Epperson, Vivian Gray, Betty Simmons, Ina Jo Bigham, Julia Inman and Kitty White.

Present were: Alice Faye Willeford, Nannie Lee Timmons, Ruby Andrews, Patsy Tucker, Bonnie Tucker, Charlene Spencer, Yvonne Inman, Bob Lutz, Troy York, Jack Lark, June Matheny, Joy Bigham, Bernice Bond, Martha McGuire, Rita Lane, Wilda Nichols, Leona Yearwood, Mickey Swearingen, and Corda Bell Miller.

Mr. and Mrs. C. H. Batt, Mrs. Sherman Lowe, Mrs. Jack Robertson, Rev. and Mrs. E. M. Dunsworth, Rev. J. C. McGraw, Mr. and Mrs. Frank Turpen and Mr. and Mrs. Jeff Moore.

### Birthday Party Is Given for Friends

Clarence Wilbur Walls was surprised with a birthday party when his mother, Mrs. G. M. Walls, entertained a group of his little friends and their mothers recently at their home in Miami.

Pictures were made of the group, stories were told and games were played.

Favors were cars for the boys and miniature dresses for the girls.

The birthday cakes, with one candle each, which were made by Miss Donna Lee Stroope, were served with ice cream to the guests.

Present were: Mrs. Clara Godwin, Mrs. Dan Glaxner and Bonnie Lou; Mrs. Ivan Block and Lewis; Mrs. Guy Farrington, Mrs. J. L. Stroope and Miss Donnie Lee Stroope of Pampa; Mrs. E. A. Johnson and Gary, Sacramento, Calif.; Mrs. Andrew Dunn, Mrs. Paul R. Bowers and Richard of Groom.

Mrs. C. W. Bowers, Mrs. John Harnly, Sarah Lou, Johnny and Henry; Mrs. Sam Bowers, Sammie Jo and Jimmy; Mr. and Mrs. G. M. Walls, G. M. Jr., and Clarence Wilbur, all of Miami.

Unable to attend but sending a gift was Miss Betty Jean Parth of Miami, who celebrated her birthday on the same day.

### Community Concert Drive for New Members Will Begin Next Monday

Joe F. Key, who is acting as general chairman of the Pampa Community Concert association's membership drive, has announced that he has appointed the following co-chairmen to serve with him in organizing the active campaign committee: Mrs. Harold C. Weidler, dinner chairman; E. O. Wedgeworth and Mrs. Carl J. Wright, publicity; E. Winston Savage, guest speakers; Ray Robbins, student association, and Miss LaNeille Scheihagen, teachers committee.

These chairmen are now busily engaged in contacting music and civic-minded citizens who will constitute the membership committee for the annual subscription campaign beginning the week of April 8.

"More than the usual importance is being attached to our Community Concert campaign this year," said Mrs. Key, "because everyone connected with our association, from its officers to its members, feels an individual responsibility not only to maintain the present status of the association, but to reach out and make these concerts available to more and more of their fellow citizens."

"We need music. Not music as usual, but more music and better music than ever, and music brought increasingly within the reach of the average citizen. It is not music, in common with free religion, the other arts and the beneficial sciences, an essential part of the civilization we are determined to uphold? Let us not, then, supinely lose the very culture for which we have struggled."

### Music Teachers To Meet Friday

Miss Angela Duncan will play, "May Night" by Palgren, and "Claire de Lune" by Debussy as prelude music when the Pampa Music Teachers association meets in the City club room, Friday evening at 8 o'clock.

Miss Janette Ehrhidge will present as vocal solos, "Arditz" and "The Donkey Serenade" from "The Firefly."

Mrs. Lilly Hartsfield will discuss, "Modern Music." Mrs. H. A. Yoder, "Romantic Music," and Miss La Nelle Schellhagen, "Classic Music." Charles Meech will be in charge of instrumental music.

Hostesses for the occasion will be Mrs. Yoder and Miss Mildred Martin. Mrs. May Foreman Carr will preside at the business session.

### Homemaking Girls To Honor Mothers Friday

LEFORS—(Special)—The Homemaking classes will give a banquet for their mothers Friday in the library of the high school building. The banquet will feature an Hawaiian motif in entertainment and the menu.

Candles will provide light, cups will be shaped like canoes, and each guest will receive a lei to place about her neck. It was stated.

The menu will consist of: Game of the Jungle (baked ham); Golden Dream (candied sweet potatoes); Dried Bamboo (green beans); Hawaiian Pineapple (pineapple salad); White Sand (hot rolls); Hurricanes (butter); Tropical Dream (jello whip); Beach Pebbles in Cream Shells (salted nuts) and Coconut Milk (iced tea).

The program will be both interesting and entertaining and a greeting to the mothers will be given by Ernestine Black. It will be called "Paradise Isle is Honored." The response, "A Great Honor You Pay Us," will be given by the club mother, Mrs. Jimmie Davis.

The program will also include "I'll Weave You a Lei," by Joyce Bagley, Delma Rickman, and Lena Land; by Jimmie Lee Davis, Judith Johnston, Billie Jean Pfeil, and Eddie Mae Quarles.

A talk will be given by a local teacher, Miss Fern Holland on "A Day in Hawaii." Miss Holland has visited on the island.

The program will close with a song "Aloha Oe" by Betty Williams, Jo Ann Wall, Billie Jean Pfeil, and Mary Joyce McDaniel.

### Summer Slipcovers

Slipcover the old relic of a davenport for the summer—perhaps "next year" you'll be able to buy the new one you've been waiting for. Perhaps you'll be so entranced with the fine slipcovers hiding the old couch that you'll blithely write off the expense of a new piece and put money into an exciting radio-phonograph or a vacation! You'll need 22 yards of 36-inch material or 16 yards of 50-inch for a three-cushion sofa.

### Guest Speaker Addresses Church Layman's League

About two hundred were present at "The Layman's League banquet at the First Christian church, Tuesday night. The evening was highlighted by an inspirational address from W. H. "Bill" Alexander, pastor of First Christian church of Oklahoma City. His subject was "Atomic Religion," and he laid down challenge after challenge to the large audience of men present.

Dr. Alexander emphasized the present need for contagious religion such as the Apostles had, a deeper concern for the individual than science has for the atom, and the need for greater cooperation and understanding among all denominations.

D. V. Burton and Merris Elnoe were in charge of the program. Group singing was led by E. O. Wedgeworth, and the high school boys quartet sang three numbers. A number of guests from other churches were present as well as delegations from the Christian churches of Miami and Spearman.

The Laymen's League of First Christian is taking a leading part in the Easter evangelism program of the local church, and is also planning to bring other outstanding speakers to Pampa in the near future.

Kersh, John Porter, Charles Green and Duward Price.

### WOMEN WHO SUFFER FIERY MISERY OF HOT FLASHES

If the functional "middle-age" period peculiar to women causes you to suffer from hot flashes, nervous tension, irritability—try famous Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound is one of the best known medicines for this purpose. Also a grand stomachic tonic!

**Make This Home Recipe To Take Off Ugly Fat**

It's simple. It's amazing, how quickly one may lose pounds of bulky, unwholesome fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugist and ask for four ounces of liquid Barconate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonful twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

Report Is Made on Repressuring Project

Three million cubic feet of gas is being injected into the West Pampa pool daily through 49 of the 73 injection wells of the West-Pampa Repressuring Assn., project, as reported last night.

Wells are being added daily. Those in operation are scattered throughout the field and are forcing gas into the reservoir at pressures ranging from 110 to 500 pounds per square inch.

Seepage of gas through the formation in order to build up natural gas pressures will take from several to 18 months.

School Elections Stated at Lefors

LEFORS—(Special)—Three school trustees will be elected in Lefors Saturday, April 6. Those up for reelection are C. E. Vincent and N. C. Jordan. Two other names were on the ticket for election as the third man, G. W. Bill Hesse and George Clemmons, all of Lefors.

### Scout Troop 80 Gets New Charter

A new charter for its 17th year was presented Troop 80 of the Boy Scouts of America at a banquet held in the basement of the First Methodist church last night.

Troop 80 is one of the oldest troops in the Adobe Walls country.

R. D. Goodnight, chairman of the troop committee, received the charter from W. B. Weathered, president of the council.

Merit badge awards and a Boy's Life pennant were presented by Evelyn Laycock, council commissioner. The pennant is given in recognition of the troop's 100 per cent subscription to Boys Life magazine, the official scout publication.

Flaudie Galman, scoutmaster, conducted a candlelight investiture ceremony in which five new scouts were taken into the troop. They were Dean Ward, Lester Kretzinger, Conley Dean, Tolle Hutchins and Brent Carruth.

Among the visitors, in addition to the parents of the scouts, was T. W. Gilstrap, Amarillo, division manager of the Southwestern Public Service company.

A chicken dinner was served.

Because the scientific spirit is so completely opposite to the military spirit, science simply will not go forward under military domination.—Dr. E. U. Condon, national bureau of standards director.

### Grasses Discussed For Men of Miami

MIAMI—(Special)—David Savage, of Woodward, Okla., head of the government experiment station, spoke before the Men's Service club, Tuesday evening on suitable grasses for this area of the Panhandle.

Savage told of the development, suitability and use of both native and foreign grasses.

His talk was very timely and helpful to his special group, and most of the 60 men present were ranchmen and farmers. Earl Breeding, county agent of Roberts county, introduced the speaker.

The program also included a sing-song with Mrs. Alfred Cowan at the piano, Miss Doris Fae Duniven and Miss Venita Rae Cowan sang several numbers.

Special guests introduced were C. H. Clark, of Wichita Falls; Dr. Charles Eldon McKenzie, and Jimmy McCormick, of Miami.

President Clark Mathers presented some business matters and appointed a committee composed of W. E. O'Loughlin, Hall Nelson and Theo Jenkins, to act on the matter before the next meeting.

The president announced that Miss Laura V. Hamner, of Amarillo, would be a special guest speaker for the May meeting of the club and that Judge J. A. Mead would serve as master of ceremonies.

Montreal is the largest inland port in the world.

MORTON DOWNEY STARTED HIS SINGING CAREER AS A NEWS BUTCHER ON THE NEW HAVEN TRAINS

NEWPORT, R. I.—(P)—Mayor Herbert E. Macauley is dickered with a Fall River, Mass., realtor about reconverting a former service women's dormitory to a factory that will employ more than 200.

The Perry Mill on Thames street had been vacant for years before the government made it into a dormitory early in the war at a cost of \$120,000.

Mayor Macauley appealed to the federal housing authority in Boston to declare the property "surplus" and "relieve the serious unemployment in Newport."

### IBEW Strike Ends; Mayor as Mediator

AUETIN—(P)—The international brotherhood of electrical workers strike against radio station KTBC ended today after Mayor Tom Miller had intervened as unofficial mediator.

Leland Seay, former chief engineer whose discharge brought on the strike, has taken employment in another city, and Mayor Miller's recommendation that three other electrical workers who left the station return to their places without loss of time or penalty was accepted by David M. Morris of the IBEW and station manager, J. C. Kellam.

### Lefors Students Holding Elections

LEFORS—(Special)—Today is election day for the high school classes for the various offices, such as personality, popularity and sportsmanship.

Here's how they run:

Seniors: Popularity—Bob Arrington and Jackie Patterson. Personality—Raymond Vanderlinden and Nina Pearl Maple. Sportsmanship—Loyal Guthrie and Mary Joyce M. Daniel.

Juniors: C. H. Keeton and Vesta James; Sam Daniel and Jean Rath; Clell Brasing and Junita Upham.

Sophomores: Mary Jo Wall and Joe Ogden; Wade Stracener and Eddie Mae Quateles—Harold Sims and Jackie Gross.

Freshmen: Tommie Jenks and Jo Alice Tabbs; Ferrel Tibbets and Thelma VanWinkle; LaVaughn Mulline and Jammie Lee Williams.

ARRESTS MADE, FINES PAID

Eugene Gatlin, arrested on a charge of passing hot checks March 27, was to pay his fine and costs today. Herman Parter, arrested for speeding and unlawful transportation of liquor in a dry area on April 2, was fined \$2 and costs of \$36.10 on the two charges.

## Bruins Are Forgotten Team of National; Nicholson Holds Key

By HARRY GRAYSON  
NEA Sports Editor

NEW YORK—The Cubs are the forgotten club of 1946 as the major league outfits wheel back to their main bases.

At least you hear less of the Chicagoans than any other National League entrant with the lone exception of the Reds.

This strikes you as rather unusual inasmuch as they copped the cocoon in 1945.

Suspicion exists, however, that the Cardinals and Dodgers passed last year's pennant-winners during the winter.

The boys can't forget the ludicrous World Series of last fall, in which the Wrigleys finished second to a pack of creaking Tigers, when Charlie Grimm wound up with nothing more than an arm-weak Hank Borowy in the box.

The fact that the Bruins are practically standing pat knocks them galley west in the opinion of the baseball intelligentsia. James J. Carroll, the St. Louis betting commissioner, has the Cubs second choice in his book at 5-to-2, but few if any, pick the North Siders to repeat, let alone discuss them.

It is up to Bill Nicholson to give the Cubs their biggest lift. The Big Bull's runs-batted-in production

dropped off last trip, when his batting average plummeted to a measly .243. That won't do, especially on the part of a right fielder and back misceries haven't helped Old Switch in training.

Although Claude Passeau isn't getting any younger, the Cubs' pitching should be better than it was a year ago when it was a little better than all right until it ran out of gas in the World Series.

For one thing the Bruins will have Borowy all year, and there is no good reason to suspect that the Fordham alumnus won't continue to erase the post-war variety of hitters.

Hi Bithorn won 18 in 1943, and Hank Wiese 22 last season. Other right-handers are Paul Erickson, Les Fleming, Hal Vanderberg and Charley Adams, who struck out 100 winning 21 in the Pacific Coast league.

Manager Grimm intends to carry six right-handers and four southpaws. The 39-year-old Ray Prim and Bob Chipman have robust left-hand competition in Russ Meers, Johnny McPartland, also out of the navy, is another crooked arm making the grade.

The Cubs have depth in catching, but Clyde McCullough, Mickey Livingston, Paul Gillespie, Bob Scheffing and Ben Warren leave

them without a suckout.

The infield is the same—Cavarretta, Johnson, Merullo and Hack, although Don Johnson was a wartime arrival at second base and Len Merullo was so jittery at the wintur last autumn that Roy Hughes, since shipped to the Phillies, had to stand in for him at shortstop.

Phil Cavarretta, the 1945 batting champion and most valuable player, has been handicapped this spring by an ailing throwing shoulder that necessitated X-ray treatments.

Stan Hack is no longer a springer. No other infielder—Ed Watkins, Lou Stringer, Bob Sturgeon, Johnny Ostrowski, Albin Glossop or Cy Block—has demonstrated he belongs in this company. Watkins lacks power. Stringer can't hit and Sturgeon has yet to prove that he can.

Patrice is a center fielder in the capable hands of Peanuts Lowrey. Marv Rickert, last with Tulsa, has caught the eye. Don Dalsandro is expected to be discharged from the army by opening day. Charley Gilbert is the lead-off man type outfielder. Frank Secory is run-or-mime.

The pros have returned, and not enough of them are with the Cubs.

## Such Action May Be Taken at Joint Meeting of Club Heads

MIAMI, Fla.—Glenn Griffith, the man who led organized baseball's successful fight against the outlaw Negro league, is ready to wage full scale warfare against the money-wielding Mexican league by barring for life all players who jump south of the border.

The venerable owner of the Washington Senators of the American League said in an interview at Orlando, Fla., that he firmly believed players who desert United States leagues for the Mexican circuit will and should be forever barred from baseball in this country.

A report, published today in the Miami Herald, quoted an unnamed source as saying such action would be taken shortly at a joint meeting of club presidents.

"Were it otherwise it would be like a bank president permitting a cashier who had embezzled \$100,000," Griffith said.

Baseball Commissioner A. B. "Happy" Chandler recently cited an old baseball law barring players who join outlaw clubs from asking reinstatement in organized baseball at least five years.

Griffith said that the law also provides that the club from which the player jumped must approve his reinstatement.

"Those players who remained loyal should not have to submit to the ordeal of competing against or associating with violators of their agreements—and I believe that they will be spared the ordeal," the Washington owner declared.

"The places of these men will be filled by other men of equal or greater ability. That is the history of baseball, but regardless of that, the discipline of baseball must be preserved. We must adopt a policy of leniency with players who jump, but the structure of the leagues would fall apart. Chaos would replace the well-ordered operation of the game and the leagues."

MEXICO CITY.—Mexico's baseball Generalissimo Jorge Pasquel, charging U. S. major league circuits paid "saturation salaries," sought reinstatement for his Mexican league.

The wealthy Mexican baseball official, whose recent success in signing up American players caused U. S. baseball leaders a bit of trouble, said he expected to attract several more top U. S. players within the next month.

At the same time, Pasquel envisioned even greater success next year, when "we'll get about 50 of their players."

The Mexican baseball czar explained that those who think "we are throwing away money to pay salaries to these players are totally mistaken."

And he added: "The league is paying justly what it can pay for the favor that the public is dispensing. Those who run the monopoly, more so in the United States are alarmed, because they were paying these players starvation salaries. We are paying justly what they are worth and for that reason they are coming to Mexico."

## Bill Blackburn Will Play in Pro Football

HOUSTON.—(AP)—Billy Blackburn, star center of the Rice Owls' 1942 grid team, has announced that he would play pro football this coming season.

He disclosed he had accepted an offer from the Chicago Cardinals of the National Professional League.

Loss of Blackburn to the pro ranks was regarded as a major blow to Rice's football squad. He recently returned to school after a tour of duty with the marines in the Pacific. Blackburn had one year of eligibility left.

Coch Jess Neely commented that he would have liked to have had Blackburn on his squad this year, but added "I am not going to worry about it."

## Lefors Gridiron Slate Announced

LEFORS. (Special)—Coach John Hodea has mapped a full ten-game grid schedule for the Lefors Pirates this fall.

The Pirates will have five games at home and five away.

Lefors opens at White Deer Sept. 13, plays Canadian at Lefors Sept. 20 and Wheeler at Lefors Sept. 27, and ends the season at the Pirate home Oct. 4 and Zarahandle follows Oct. 11.

The Pirates open conference play Oct. 18 playing Shamrock on the Irish gridiron, going to Memphis for another district affair Oct. 25 to McLean Nov. 1 and to Lakeview Nov. 8.

The Pirates will conclude their regular season playing the Wellington Skyrockets at Lefors Nov. 22.

## Sports Round-Up

By HUGH FULLERTON, JR.  
NEW YORK.—At the last checkup in minor league headquarters at Durham, N. C., 3,192 active service men from the various ball players had been reinstated to active lists. . . . Most of them came off the national defense service list, following their discharges from the armed forces. . . . Since there'll be about 40 minor leagues in action this season, requiring nearly 6,000 players, there still are plenty of jobs for boys who can hit and field. . . . Weary Buffalo sports writers already are suggesting that the American bowling congress treasury should be trimmed down by eliminating booster teams or by holding qualifying events. . . . Seem they're overlooking (1) that almost any bowler can get hot and cop some of the prize money and (2) the big attraction of the ABC is that its a good excuse to get out with the boys.

SPORTSMEN  
Anybody want to bet that Eddie Arcaro won't have a terrific headache when he rides in the Kentucky Derby May 4? . . . Eddie, tied with three Derby veterans, will have his choice of the Maine Chance entries. So all he'll have to do will be to pick his own winner. . . . The only catcher who ever worked every inning of every game for a whole season (despite those consecutive game records) was Malachi St. George of Worcester, Eastern league, in 1900. And you'll have to take Ernie Lanigan's word for that. . . . The Janesville club of the Wisconsin State League has signed William Tell of Chicago. Suppose he's an apple knocker?

MERIT SYSTEM COUNCIL

## Scott's Scrap Book

By SCOTT RAFFERTY

We've just figured out the starting lineup, aided by a great amount of wishful thinking, that would undoubtedly win a district football championship for the Pampa Harriers this football season. Here it is:

Left end—Earl Davis 183.  
Left tackle—Stanley Simpson 210.  
Left guard—Vern Fish 200.  
Center—Maurice Lockhart 170.  
Right guard—Jack Dunham 185.  
Right tackle—Jim Terrell 180.  
Right end—Bill Speer 115.  
Left half—Randall Clay 175.  
Right half—Carl Maves 160.  
Quarterback—Leon Gooch 170.  
Fullback—Wayne Davidson 215.

Nice isn't it? Even at that, there's a lot of boys who would be fighting for those positions and who would provide a great reserve strength.

Among them are Zeke Griffin and Lennie Baves, ends; Kelly Anderson, a fine center; Bob Boyles, Dan Eason, Roscoe Russell, Charley Thornburrow and LeRoy Troop, tackles; Glen Cary, Gary Cooper, Jack Oliphant, Jack Rose and Richard Scheig, guards; and Charley Lafont, Jim Wilson and Philip Anderson, among the backs.

On that team would be six starters from last year, three additional lettermen and two members of the Gergis football team which D. V. Billers coached to a successful season.

In Earl Davis, Pampa would have as good an end as any coach could want. Earl is big and can snag a pass along with the best of them.

Bill Speer, at the other end, is our idea of a real all-around athlete. Bill is adept at basketball, football and track and is the kind of boy every coach wants more of.

The other five positions in that dream line speak for themselves. Stanley Simpson (the guy we would least like to meet on a dark night) and Jim Terrell both played a full season at their tackle positions last year. Need we say more?

Virgil Fish and the versatile Jack Dunham would more than take care of the guard situation. Fish was a regular guard last year and Dunham has that uncanny ability of being able to play every position in the line and play it well.

Maurice Lockhart, at center, is going to be one of the finest linemen in the district. Lockhart was regular center last year and showed constant improvement as the season progressed. We see no reason why things should be different.

Moving to the secondary the list is headed by Randall Clay, one of the state's greatest athletes. Clay won a berth on the all-state second team last fall and would undoubtedly hit the top this year.

With Clay at halfback would be Cary Maves, a real old-fashioned speed merchant and as smooth a ball player as we can see.

Leon Gooch, a fine reserve end last year, would fit ideally into the quarterback slot. Gooch is another fast man who is big enough to take care of his or any other position.

Driving force in the backfield would be supplied by Wayne Davidson, who may tip the scales at 215 pounds this year. Wayne is fast and shifty and has two years experience as a regular on the Gorillas.

There's only one hitch to the situation—only Maves, Davidson, Speer and Lockhart are sure to be around this September. Oh well, it was a nice dream.

## Training Camp

SAN ANTONIO.—Ed Lopez will attempt to make it five straight and 10 out of 23 for the Chicago White Sox against Pittsburgh today as the two teams meet in another game of their extended spring exhibition series. The Sox won yesterday 6-3 as pitcher Johnny Rainer went the distance allowing only six hits.

DEL RIO.—Hank Bosowy gives the pitching assignment for the Chicago Cubs today in an attempt to narrow the 7-5 lead the St. Louis Browns have taken over the national league champions. The Cubs got only three hits off Nelson Potter yesterday as the Browns won 1-0.

CHARLESTON, S. C.—The Philadelphia Athletics and Baltimore Orioles return here today to resume their series, which stands 3-1 in favor of the A's. The A's will be strengthened by the return of outfielder Elmer Vale, who was recently discharged from the service.

MIAMI BEACH, Fla.—Bartering practice will occupy the Philadelphia Phillies again today as they prepare for their northward trek, starting Monday. Jim Taber purchased from the Boston Red Sox last winter, has taken the lead among Philly batters with a .333 average for 21 games.

DOTHAM, Ala.—Broadway Charlie Wagner will attempt to go the full nine innings for the Boston Red Sox today against the Cincinnati Reds. The two teams divided a doubleheader yesterday, the Sox winning the second game 2-1 after dropping the opener 9-8.

DAYTONA BEACH, Fla.—The New York Giants got a taste of what they may have to expect in inter-collegiate rivalry this year when they were beaten yesterday by the Brooklyn Dodgers' latest pitching find, Joe Hatton, 5-2. Hatton, in going the route, spaced nine hits and fanned 10.

FORT WORTH.—Despite home runs by Charley Keller and Nick Etien, the New York Yankees' A team dropped its first exhibition game out of five to a minor league club yesterday, losing to Ft. Worth of the Texas league 5-4. A two-run explosion against Steve Foster in the ninth won for the Cats.

## Association To Meet April 13

The annual meeting of the Pampa National Farm Loan association will be held in the basement of the Methodist church at Canadian on April 13, it was announced this week by E. L. Henderson, secretary-treasurer.

Free luncheon will be served at 12 noon, to be followed by the election of directors and transaction of other business matters.

Special entertainment will be furnished by R. Virgil Mott, educational director at the First Baptist church here at Pampa.

The principal speaker will be Quentin Williams, Gray county soil conservationist.

J. B. Talley, president of the board of directors, Miami, will preside over the business meeting which will follow the main program.

## Layne Goes To Hill For Texas Longhorns

AUSTIN.—The University of Texas Longhorns will open the defense of their Southwest Conference baseball championship here today against the Baylor Bears in the first of a two-game series.

Footballer Bobby Layne, who has pitched a no-hitter and a one-hitter in his last two starts, is scheduled to start the mound today for the Longhorns. Brian Towers, an Manned Garcia and Ben Dean Sheets, considered two of the finest pitchers in the league.

In the second game of the series Friday, Coach Bibb Falk is expected to start Lefty Jim Goodfrey on the mound for the Longhorns.

## Writer Discusses Controlling of Pressure Lobby

EDITOR'S NOTE: This is the third of three stories explaining the operation of lobbies and what might be done about them.

By JAMES MARLOW

WASHINGTON.—How can a pressure lobby be controlled? No one has solved that yet.

There have been suggestions — from time to time — for forcing activities of pressure lobbies into the open so the public can see them.

Right now the lobby can be and is often used to deceive the public and congress to achieve its own ends.

But any effort to stop that practice, no matter how odious it is, comes up squarely against the question of freedom of speech.

That freedom, guaranteed by the constitution and jealously guarded as a priceless American possession, often has been abused.

Yet an individual or group has a right to express its opinions and to try to protect its interests.

It may be argued that no individual or group has the right, even though protecting its own interests, to thwart the public interest.

So this freedom of an individual or group to express opinion must be a main consideration in any attempt to control lobbies.

The joint committee of house and senate — which congress set up to suggest ways of reorganizing congress — is very much aware of this.

In its report, issued March 4 after a year's study, it takes note of the work of pressure lobbies in trying to influence legislation.

And it doesn't like what it sees. So the committee proposes that: Organized groups (lobbies) trying to influence legislation would have to register with congress.

They'd have to tell what kind of legislation they're interested in, who their agents are, how much money they spend.

This is the same kind of proposal — registration and details of operations — for controlling lobbies that has been made in the past.

It would provide a public record of lobbies and their activities. The public would know something about them and what they're trying to do.

## Colonel Assigned To Maine Field

LEFORS.—Lt. Col. Theodore H. Gorton, husband of the former Doris Ruth Johnson, daughter of Mr. and Mrs. R. B. Johnson of Lefors, has been named commanding officer of the Presque Isle army air field, Presque Isle, Me., according to information received from the public relations officer at that field.

Colonel Gorton, in his rise to this rank, served for 13 months in the ranks as an enlisted man. He enlisted at Ft. Leavenworth, Kas., and after being enlisted for aviation and taking training at various fields, he did anti-submarine patrol in this country.

In 1943 he was assigned to the 15th air force and served overseas. He completed 33 missions in 15 months with that group.

While overseas, Colonel Gorton was decorated with the Distinguished Flying Cross for leading his group on a mission over Vienna. He flew other missions in Germany, and also took part in the famous raid on the Ploesti oil fields in Romania. He took part in the invasion of Southern France.

### Tension in China Appears Critical

By JAMES D. WHITE  
Associated Press Staff Writer  
SAN FRANCISCO—(P)—Tensions in China right now appear almost as critical as in the brawling days that followed Japan's surrender. The two sides (the Kuomintang government and the communists) have not overcome their mutual suspicions. While some progress has been made toward reconciliation, the Russian withdrawal from Manchuria is creating another political vacuum into which both sides want to establish themselves first.

The Chungking government, unable to move its troops into Manchuria without American help, has been forced to ask the Russians to notify it in advance of each withdrawal lest the communists already on the scene take over.

The communists charge that the government is bringing in more troops than were provided in the truce agreement. The government says the communists already have too many there.

An important fact which the communists no doubt have in mind is that government forces are American-armed and pack a military wallop far greater than the communist troops by a wide margin.

The natural communist strategy is therefore to delay the advance and consolidation of government troops by any device possible.

Meanwhile the government is answerable for two things which in recent days may have set back all efforts to patch things up.

On all-fool's day eight government fighter-planes "buzzed" Yen-nan, the capital of communist China which has no planes, and shortly this morning government reinforcements and plainclothesmen arrested 46 Chinese communists in Peiping.

Whatever the explanation and actual significance of both these incidents, they are likely to serve largely to confirm the communists in two old suspicions:

1. That the Kuomintang government will, if necessary, rely upon its military superiority (which includes planes) in achieving political "unity."
2. That Chinese communists still are the objects of special attention by the government's secret police system, which is supposed to be in process of being abolished.

### 80-Year-Old Sabath In House 40 Years

WASHINGTON—(P)—Adolph J. Sabath lit a big black cigar, puffed away belligerently, and allowed that the fact he has attained four-score years doesn't mean a thing. "Today is the fortieth birthday anniversary of the dean of the house of representatives.

"It's just another day," he insisted to reporters. "I'm not the oldest member of the house. In fact, I feel like the youngest."

In point of age Sabath is out-ranked by several members, but none can equal his 40 consecutive years of service.

form margin of \$50 a bale will go into effect on the basis of the current futures market price of more than 28 cents a pound for cotton. Present margins, the agency said, are \$10 a bale in Chicago, \$15 in New Orleans and \$30 in New York.

The base figure of the new margin schedule is \$10 a bale when cotton is selling at or under 25 cents a pound. This goes up an additional \$10 a bale for every cent or fraction of a cent the price advances above 25 cents a pound.

### U.N. Council

(Continued from page one)  
China said he hoped Iran and Russia would settle all their troubles and make further discussion unnecessary.

But it was Hodgson, fiery, gray diplomat in the best Australian tradition of a minority protester, who added the final fireworks to the crisis-laden case.

**POLITICAL INCIDENT**

He said Gromyko's walkout a week ago had "prejudiced the work, efficiency and authority of the council," that the decision to defer the case should not have been made until after full investigation, that Iran's complaints were being handled as a political incident rather than a whole vital situation.

In his broad accent of the man from "down under" he emphatically told his dignified colleagues "this case was a challenge to the security council and in our opinion the council did not meet it."

He leaned hunched over the council table as he spoke in sharp terse sentences and when the vote was taken he kept his hands firmly on the table.

Throughout the proceedings Iranian Ambassador Hussein Ala was at the council table and he expressed Iran's acceptance of the Byrnes-sponsored resolution.

It was believed, said the slight, quiet-voiced diplomat, that withdrawal of Russian troops would ease all Iran's problems. At the same time he declared:

"It is understood that the questions of the withdrawal of troops and interference in the affairs of Iran on the agenda to be brought up at any time."

As for the council work on the case, he said that "Iran has received assurances from the United Nations that it could not have obtained by itself."

In short order Egypt, Brazil, Britain, Poland and Mexico lined up behind the Byrnes resolution which provided that on May 6 the council could ask new reports on the situation, presumably from both Russia and Iran.

Sir Alexander Cadogan of Britain said he believed the settlement which Byrnes proposed—to defer the case until Russian troops can be withdrawn according to promise—would be a "good augur" for the council's future efforts to build world peace.

After Foreign Minister Francisco Castillo Najera expressed Mexico's support for the resolution, French ambassador Henri Bonnet stated France's agreement.

Bonnet's announcement made a council majority.

The Byrnes resolution took note of the Russian assurances that troops would be evacuated from Iran within six weeks of the start of their removal on March 24.

It accepted the Russian promises as unconditional.

Since withdrawal could not be completed any earlier than the specified time, Byrnes said, the council should accept the Russian statement and, in effect, shelve the case.

Ambassador Andrei Gromyko, Russian representative was absent as usual.

However, finished of the Iranian case, vastly complicated for the council by Gromyko's walk-out a week ago, would allow him to return almost immediately to the council's sessions. He announced he was absenting himself only from the discussions on Iran.

While Russia had asked a delay

**But Not Over Money**

NEW YORK—(P)—The verbal clash between Mrs. Gloria Vanderbilt and her daughter, Mrs. Gloria Vanderbilt Stokowski, entered a new stage today with Gloria, jr. declaring that "under no circumstances will my mother suffer privations due to the lack of the necessities of life."

"I have a natural filial regard for my mother," Mrs. Stokowski said in a statement distributed at a news conference in the Stokowski one-room penthouse apartment. "Our present difference is not, on my part, one based on money."

Mrs. Stokowski recently terminated a \$21,000 yearly allowance to her mother and suggested she find a job. She said she would use the money to aid "blind children and to help feed children who are homeless and starving in many countries."

Mrs. Vanderbilt, who has announced she would enter the perfume business, said "I have no comment" when informed of her daughter's statement.

### Vet Escapee

(Continued from page one)

charges of inefficiency and incompetence growing out of the escape from the jail last fall of five prisoners.

**BLOODHOUNDS USED**

Gill told reporters before entering the closed committee session that he would tell "what is wrong with the board of public welfare and its institutions and why it cannot operate a safe jail."

The recapture of the 44-year-old Medley after a seven-hour manhunt evidently provided police with no clues on McFarland's plans for flight. Bloodhounds followed one trail to a railroad track, but police also were keeping a close watch on northbound automobile "traffic" through McFarland.

The circumstances of the daring break, the latest in a series at the district prison, immediately set two investigations in motion, one by the justice department and another by a special congressional committee.

Fey, Herbert D. Lutz of this group assailed "conditions in a jail where murderers can walk in and out with apparent abandon."

A revised story of the escape came out when jail officials disclosed that the two death row guards had released McFarland and Medley from their cells for a game of cards before the slayers overpowered them and stripped them of uniforms. The guards were suspended, and later taken into custody by the FBI on charges of permitting prisoners to escape through negligence. They were released later under \$10,000 bail.

Perversely one of the guards said Medley forced him at gun point to unlock his cell door.

McFarland was convicted of the Oct. 5, 1944, rape-slaying of a 18-year-old government girl, Dorothy Eerrum. Originally sentenced to die last August 31, the ex-marine's execution was stayed pending an appeal.

Medley was found guilty of killing Mrs. Nancy Medley, redivorced Washington divorcee, after an all-night poker party in her fashionable apartment here on March 6, 1945. He also was under indictment in the slaying of another redivorced woman in New Orleans and Chicago police wanted to question him in connection with the death of a third redivorced woman. Medley's execution was set for April 30, but he too has appealed his conviction.

## Membership of UNO Security Council Listed

Do you have any questions on the United Nations Charter? To help the people of this country better understand the Charter and their responsibilities to world organization, the American Association for the United Nations is answering questions received reflecting the tremendous interest today and always for lasting peace.

**Q. Who are the representatives of the security council?**  
A. Australia, Lieut. Col. W. R. Hodgson; Brazil, Dr. Pedro Leao Veloso; China, Dr. Quo Tai-Chi; Egypt, Mahmoud Hassan Fusha; France, Henri Bonnet; Great Britain, Sir Alexander Cadogan; Mexico, Francisco Castillo Najera; Netherlands, Eelco W. von Kleffens; Poland, Oscar Lange; Soviet Union, Andrei A. Gromyko; United States, Secretary Byrnes and Edward R. Stettinius, Jr.

**Q. How do questions come before the security council?**  
A. All communications are channeled through Trygve Lie, secretary-general of the United Nations, who brings them to the attention of the security council. The security council votes on its own agenda.

**Q. Who prepares the rules of procedure for the security council?**  
A. The security council itself adopts its own rules of procedure. In London, it set up a committee of experts to tackle this problem. This committee met in London and is in session now, and will report back to the security council.

**Q. Is the report on the international control of atomic energy recently released by the state department our official policy?**

A. This report was prepared for the secretary of state by a board of expert consultants, and was made public as a basis of discussion. This report recommends a world-wide atomic development authority under the UNO for over-all control of atomic power.

**Note:** Send your questions to Question Box, American Association for the United Nations, 45 East 65th Street, New York 21, New York.

## Leaves From a Correspondent's Life Notebook

By HAL BOYLE  
ATHENS—(AP)—One man who helped the most to cripple Greece is currently charged with the task of rebuilding her shattered face.

To 32 year old Constantine A. Doxiadis, under secretary of state for reconstruction, has fallen the task of planning a new Greece that will look less like the partitioned and more like a modern industrial state.

During the German occupation he acted as technical advisor on strategic sabotage for the Allies and also helped set up a secret organization of 250 engineers and 500 students who reported on potential demolitions that would harass the Axis.

"If the Allies wanted a bridge blown to interrupt German communications we blew it," he said. "We had 50 engineers working on ways to hamper the Germans and 200 working on how we could afterward repair and improve our country."

Doxiadis believes it will take 10 years of the hardest kind of work and 600,000,000 dollars to restore his ruined homeland. He estimates Greece will need a grant to help her own people to help her Allies, can supply only 1/10th of this capital and that the rest must come from gifts and loans from friendly countries.

"If they cannot pay with money they should do so in materials and machinery," he said. "The main area of ruin is in Epirus along the Albanian border, 65 percent of which Doxiadis estimated was caused by Italians, and 35 percent by Albanian bands which moved in with German occupying forces."

"As they destroyed forests, brick, cement and tile plants as well as

villages and farm buildings," he said "our greatest problem is to transport materials. We must organize a colossal transportation system to haul building materials 150 miles instead of the 10 or 15 miles that would be necessary if they hadn't razed local buildings and industries."

He said this would require 1,000 trucks and that 235,000 building trades workers in addition to those already in Greece were needed to solve the skilled labor shortage.

"Our third problem is supplies and we especially need lumber, steel, iron plumbing and electrical equipment."

"We hope to do more than just rebuild Greece. We want to build it better than it was."

Doxiadis thinks Greece will have to lean heavily on American engineering companies. He likes them because in the past they have trained thousands of Greek technicians during construction jobs here.

## Dumb Harpo Marx Goes on Television

By BOB THOMAS  
HOLLYWOOD—(AP)—Harpo Marx, whose usual talents have centered him place on the air—in television.

Because he is professionally dumb (you wouldn't believe it to view his bank account), Harpo was not able to follow his talkative brothers into radio.

"I have played the harp on the air," he explained, "but you have to see the novelty of such a wild character playing such a beautiful instrument."

"Gummo is arranging a deal whereby I will appear on a half-hour show twice a week," he said. Harpo would like to play the dumb prop man on a show, as he did in "Yellow Jacket," but what about his propensity for "snapping" binoculars?

"It might be a little difficult to do in television," he admitted. "But I don't have to chase them very far."

The brothers have once again scattered their interests now that they have finished "A Night in Casablanca." While Harpo dabbles in television, Groucho is writing, doing guest shorts and mulling a play and Chico is touring night clubs and theaters.

The cloth in one handkerchief and the paper in 15 grocery bags are sufficient to manufacture a book.

## Jeeps on Sale To Veterans

Sales of jeeps are being held in Texas, Louisiana and Arkansas this month to certified veterans. Only one jeep will be sold to a person.

All veterans buying jeeps at any time of the purchase; all property bought must be removed from the grounds within 10 days after the sale. Payment must be made in cash, cashier's or certified check or postal money order. Vehicles may be

from \$350 to \$625, varying with the model and condition. Prices will be shown on the windshield of each vehicle.

In order to be eligible to purchase a jeep certified veterans must register on the morning of the day of the sale. Selling will start at 10 a.m. on each of the sales dates; cards bearing purchase intentions will be drawn.

Sales contracts will be made at the time of the purchase; all property bought must be removed from the grounds within 10 days after the sale. Payment must be made in cash, cashier's or certified check or postal money order. Vehicles may be

inspected before date of the sales.

Places at which sales will be held are: April 4-5, Camp Bowie, Brownwood, Texas, (197 jeeps) and the Red River Ordnance Depot, (Texas, 105 amphibious jeeps); April 8-9 Camp Hood, Killeen, (520) and Camp Chafee, Fort Smith, Ark. **OUR BOARDING HOUSE WITH MAJOR HOOP!**

**Legislation Against Lobbying Has Had Little Effect in U. S.**

**Texas May Have Two Liberals in Governor's Race**

DALLAS—(AP)—Indications today were that the Texas democratic party would have two so-called liberal wing candidates at the post, when campaigning starts for the governor's race this summer.

This outlook developed yesterday when friends of Robert Calvert of Hillsboro filed his application with the state democratic executive committee. Chairman Harry Seay of the state democratic executive committee announced the filing.

Dr. Homer P. Rainey, former president of the University of Texas, is currently speculated as the other possible liberal for the gubernatorial race. However, Dr. Rainey has as yet to give a good due to his aspirations in this respect, although he speaks almost daily before some group.

Like Calvert, Dr. Rainey also has received similar backing from friends. Rainey-for-Governor club in Vernon recently forwarded his \$100 filing fee to the state democratic executive committee, with instruction that his name be placed on the ballot.

It was during the hectic state democratic convention here in September, 1944, that Calvert gained statewide renown as a champion of liberal thought.

He fought stubbornly for the Roosevelt forces and, with the aid of other liberal stalwarts, swept the new deal faction into control of the party machinery.

Calvert has been active in the legislature. He first came to the general assembly in the 43rd regular session. He served in the 44th session and was elected speaker of the 45th session.

He unsuccessfully ran for attorney general in 1938.

(Editor's Note: This is the second of three stories explaining the present rumpus in congress over lobbies.)

By JAMES MARLOW  
WASHINGTON—(AP)—From time to time over the past 35 years congressmen have complained about pressure lobbies here trying to influence legislation.

There have been a few investigations and some exposures of sinister practices. But when the smoke cleared the lobbies were still doing business. Now the uproar over lobbies has started again, and the house rules committee has tentatively approved a resolution for an investigation of lobbies.

Maybe there really will be an investigation and maybe the house will come up with some method of keeping a check on lobbyists' activities or cleaning them up.

That's only maybe. Maybe when the present heat dies down, the house will lose its zest for an investigation and let the resolution die.

You may think an investigation of lobbies won't mean very much to you directly.

That isn't true.

You're probably represented by a Washington lobby if you're a member of a big organization with strong interests in what congress does.

Agents of such groups — like educators, club women, businessmen, veterans, farmers, labor — make frequent trips to the capitol to say what they think of things like price control, atomic energy, housing, military training.

But suppose you're not a member of some organization that has a lobby here in Washington. Lobbies still affect you.

If some pressure group can persuade congress to shove through a law benefiting that special group, it eventually may cost you money, affect your comfort, or change the future of the country.

And you may be deprived of real benefit if the pressure lobby can block a law because — even though it benefited the majority of the people — that law would hurt the particular lobby.

Back in 1941 the temporary national economic committee reported there were over 400 lobbies busy in Washington.

The congressmen who want an investigation of lobbies now are not shooting at the groups which merely express their views to congress. They're aiming at the lobbies which they say try to pressure congress.

**SO, THANKS TO EVERYBODY**

Then, he added this note: "My wife wishes to thank all of those staunch and very religious souls who will not."

**Educational Provisions of New GI Bill Liberalized by Changes**

The major changes in the GI Bill of Rights and the disabled veterans law—Public Law 16—were pointed out today by the Disabled American Veterans for the information of Gray county ex-servicemen.

Glenn Hubbard, commander of Pampa Chapter No. 35 of the DAV said:

"The new law not only liberalizes the vocational training and educational provisions of both Public Law No. 16 and the Servicemen's Readjustment Act, but it removes restrictions that have been placed around the loan features of Public Law 346, which will make it possible for the veterans to secure loans more readily. It is important to note the provisions which broaden

the power and authority of the Administrator. Much good should come of it, many ills and abuses of the Veterans Administration corrected."

The changes were made recently by congress and approved by the President following recommendations made by the DAV and other veterans organization.

Public Law 16 changes, Commander Hubbard said, are:

Vocational and rehabilitation training for service disabled veterans had to be completed within six years of war's end. Now it is nine. The limit on a course of training was four years. Now it can run longer, depending on Veterans Administration approval. A major change is the training

pay or subsistence allowances which has been raised from \$92.50 per month for a single man to \$105. It was \$102.50 for a married man (now \$115). Dependency allowances were raised from \$11.50 for each dependent child to \$15; for each dependent child from \$5.75 monthly to \$10 for first child, \$7 each additional.

The major changes to Public 346 provided in the amendment are:

1. Subsistence pay for single veterans receiving education or training is increased from \$50 to \$85; for married veterans, from \$75 to \$90.

2. The time in which a man may take advantage of the original law has been extended for two years following the official close of the war instead of two years after discharge; the educational advantages are now extended to men who enlisted after 25 years of age without the need of proving their education has been interrupted by their war

service. A veteran may now take nine years from the close of the war in which to complete the training.

3. Correspondent courses are now authorized, and while the Veterans Administration will pay for the tuition or fee, no subsistence allowance will be granted.

4. Prior approval by the Veterans Administration of a loan made to a veteran by a bank or building and loan company is no longer required. The guarantee on the part of the government on a real estate loan has been increased from \$2000 to \$4000. The business loan remains at \$2000. Real estate on home loans may now be amortized over a 25-year period, and a veteran may take up to 40 years in which to repay a loan on farm real estate. The amendment repealed provisions clause injects into early regulations has been eliminated. This was the restriction that stopped most loans. The amendment repealed provisions

of the old law relating to changes, and deductions of benefits received under Public 346 were to be made against any future bonus.

**Stores Observe 22nd Birthday**

The Zales jewelry store here will offer a special anniversary sale beginning Saturday to continue for about a month, it was announced today by Morris Goldfine, local manager.

Zales stores, 18 of them, which are located in several states, are celebrating their 22nd anniversary.

Goldfine said: "We are trying harder all the time to expand our services to the people, always offering great savings to them. Now it is our plan to expand our facilities to meet the great demands of a nation at peace."

## Tips for Teens

By ELINOR WILLIAMS

It's easy to design hair-dos to suit your face and features, 'teen-ers. If you brush up first on your pin-curl technique. Good or bad, it's the backbone of home-sets.

After your shampoo—no matter what type of hair you have, oily, dry or normal—dry your hair thoroughly before applying any wave lotion. Comb it smooth, re-dampen and make the desired parting.

Next come pin-curls, and they're made like this: Take a small section of the hair, comb it smooth, place your forefinger on the scalp and wind the hair around it in the desired direction.

For soft ringlets or curls, twist the hair around the finger upward toward the top of your head, away from the face. For a soft, wavy effect, reverse the pin-curl, twisting the hair toward the face and fasten securely with two pins; each one crossing the other at the center of the curl.

Make pin-curls in straight lines around your face or in the back. To combine both waves and soft curl, alternate the rows of pin-curls. That is, the curls closest to the face should be wound toward the face, and the next row directly in back of them should be wound away from the face—just the reverse.

Hold the hair-do in place with a net and dry your locks thoroughly before combing. When absolutely dry, remove pins and comb in the direction of the set—top section first, then sides and finally the back.

## Magazine Will Carry Work of Texas Writers

NEW YORK.—Writers of Texas will be represented in a special section of the coming issue of a new independent magazine, The Literary World.

The Literary World will contain short stories, poetry, movie scenarios in story form, humorous sketches, essays and articles by Texas writers. The editors are now seeking manuscripts of merit and originality. There are no restrictions as to subject or treatment, thus allowing writers the widest latitude.

Work of both established and new writers will be welcomed. Material submitted should be typewritten on one side of the paper and should be submitted not later than May 15.

Manuscripts should be addressed to the Editors, The Literary World, 1295 Madison Ave., New York 28, N. Y., and must be accompanied by return postage. Material will be promptly and carefully considered.

## NEWS OF OUR MEN—WOMEN IN UNIFORM

### HONORABLY DISCHARGED

Wayne Bagley, M3/c, Lefors, received an honorable discharge from the navy at Norman, Okla., March 22. He served 22 months overseas, was last stationed on the USS Sacramento.

Lowell Gene Horton, S1/c, 918 E. Francis, has been discharged from the navy separation center at Norman, Okla. Last stationed on Okinawa, Lowell served nine months overseas.

Three navy bluejackets from the Fordham received their honorable discharges from the Bremerton, Wash., naval personnel separation center April 1. They are David D. McAnally, SM1/c, 702 S. Gray, Pampa; Cecil R. Russell, SK3/c, Farwell, and Robert E. Dunn, AMM1/c, Ash-tola.

Fpic. Luther J. Cavender, route 2, Pampa, was recently discharged from the army at Fort Bliss.

William D. Cunningham, ETM3/c, USNR, son of William G. Cunningham, 417 N. Paulkner, was honorably discharged from the navy at Terminal Island, San Pedro, Calif., last week.

The former roughneck served overseas for 14 months, being stationed on the USS O'Bannon (DD-450) and at Pearl Harbor. He participated in a battle for a Jap camp and wears the Philippine Liberation ribbon. Graduating from the Price college, Amarillo, Cunningham attended the St. Edwards university at Austin. He intends to finish school.

## Magnesium Plant May Be Placed for Educational Uses

AUSTIN.—(P)—The wartime investment in a now-abandoned magnesium plant here can be recovered many times over if it is placed to educational uses, says vice president J. C. Dolley of the University of Texas.

Dr. Dolley submitted a bid of \$1 and services for the plant, which cost \$15,000,000. He estimated that services rendered by the university to state and nation for the next ten years would be \$25,650,000.

Included in the services would be instruction to world war II veterans, value of research, value of conservation and utilization of natural resources. Dr. Dolley said in making his offer to Lt. Gen. E. B. Gregory, administrator for war assets in Washington.

The 383-acre plant could be used for additional research, student housing, and warehouse, shop and classroom space.

## HST Says Output of Civilian Goods Is Highest in History

WASHINGTON.—(P)—President Truman said yesterday that production of civilians is "higher today than ever before in the nation's history, in war or in peace, and is still going up."

Employment, which slumped after V-J day, is "building up steadily, and non-agricultural employment is now above the V-J day level," Mr. Truman said in a statement issued at his news conference.

"Unemployment is around 3,000,000, which is lower than any of us thought possible six months ago," the statement continued. "Private wage and salary payments, which ripped sharply after V-J day, are now around the V-J day level."

"The public debt, which necessarily grew to give us our airplanes and guns, has now stopped rising and our revenues and expenditures are more nearly in balance."

The signing of wage contracts in many basic industries indicates the country is ready for unbroken production, the statement asserted.

But, when asked what effect a long-continued coal strike would have on the picture, Mr. Truman replied that a prolonged coal shutdown would knock the whole thing out.

The steel strike, he told the reporters, cost the nation about 7,000,000 tons of steel products or one-ninth of a full year's production.

The President's statement was issued in connection with the release of a civilian production report by reconversion director John W. Snyder, showing output had reached its highest level in history.

The 59-page statement was the most optimistic of six quarterly reports issued so far by the office of war mobilization and reconversion. But Snyder emphasized that strikes and the threat of inflation made the first 1946 quarter "sobering and difficult."

Among the "solid gains" of the quarter just closed, Snyder listed: "Major issues of wage and price adjustment have been met in a way to stimulate production without losing vital ground to the force of inflation."

"Labor-management contracts established in many major industries under collective bargaining should assure uninterrupted production."

"Vigorous programs have been formulated to meet the most critical shortages, most notably in textiles and housing."

While saying these factors may relieve inflationary pressure to some extent, Snyder singled out, in-
