HST 'NOT ALARMED' ABOUT SOVIETS

ROCKET UNITS REDUCE TAKEOFF RUN

Steepest angle of climb, apparent above, illustrates effect of 2,000 pounds of additional thrust provided for jet-propelled P-80 Rocket Star by use of two Jato rocket-assist units attached to underside of fuselage for tests. Shortest takeoff achieved during 12 tests at Van Nuys Metropolitan Airport near Burbank, Calif., was 1,185 feet, about 40 percent of normal takeoff run for a P-80 carrying a light load.

Little Hope of Early Russian Entry Seen

Report Made by Doctor Entered in Ekern Trial

"I don't know what happened after the cash started," said Lincoln Ekern to the jury this morning on being cross-examined by District Attorney Walter Rogers on what Ekern did after seeing Clarence Arnold in a car on Northwest street, just before the alleged shooting of Arnold. Ekern is on trial for assault on Arnold, his former step-son, with intent of murder with malice aforethought. The shooting in which Arnold was injured took place the morning of October 17, 1945. "My mind came back to me three days later," continued Ekern. Yesterday a disposition received on questioning of Dr. Paul Christian was read. Dr. Christian now out of town, said he had treated Ekern for six to eight months prior to Oct. 17 and since that date. The doctor said he did not think Ekern able to distinguish between right and wrong on Oct. 17 because of a toxic body condition of Ekern, which would affect the mental condition of a person. Dr. Christian stated, in the read document, that Ekern "did not appear to be normal" when he first treated him, nor when he treated him while Ekern was in jail. "I put the gun in the holster (in his car) when I heard Clarence was in town," Ekern stated in the cross-examination, saying that he kept the .38 calibre pistol handy most of the time "for protection against Clarence."

"Blake told me Clarence told him he was going to kill me," testified Ekern, referring to a conversation with Blake.

Churchill Makes His Reply Tonight

NEW YORK, March 15.—(AP)—Winston Churchill put the finishing touches today to tonight's speech in which he is expected to reply to critics of his Fulton, Mo., address and possibly to Generalissimo Stalin's denunciation of him as a "warmonger." But the former British prime minister clamped a complete news blackout on the speech's actual content, and a member of his staff said that only the copy of the talk in existence is the one Churchill will use in his actual delivery from 9:30 to 10 p. m. (CST) at an official city dinner. Meanwhile, the greater New York City council announced it would throw a cordon of pickets around the Waldorf-Astoria where Churchill will address 2,000 guests at the climax of a day-long city fête. Saul Mills, council secretary, in a call for pickets last night, said Britain's wartime leader was "fomenting a new world war," and added it was "disgraceful" that New York should give "official recognition and a public platform to a man who so recently was repudiated by the overwhelming majority of the voters in his own country." Police, meantime, put into effect elaborate protective measures.

Police, meantime, put into effect elaborate protective measures.

SAVANNAH, Ga., March 15.—(AP)—American delegates to the international monetary conference generally see small likelihood of an early entry by Russia into the world bank and fund.

Some hold that Russia, hard up for funds for reconstruction, might require assurance of loans totalling \$3,000,000,000 or more before she would think it worth while to put up her \$1,200,000,000 subscription for the bank.

Chief U. S. delegate Fred M. Vinson reportedly is more optimistic of Soviet cooperation, but others believe Moscow will wait until the tense international situation clears up before investing in international institutions.

At best they believe Russia is unlikely to join until shortly before expiration of the Dec. 31, deadline by which signers of the Bretton Woods agreements must apply in order to keep their standing as original members.

As for the international monetary fund, Russia has small need of it. The funds intend to stabilize currencies of the world and thus remove one risk and deterrent to world trade. The ruble is stable under Russia's controlled economy, and Russia's normal exports—as one of fiscal noted—were smaller than those of General Motors.

Neither is Russia of vital concern to the fund, except to boost its prestige by having the world buy its little from Russia.

G. T. Montgomery, Pioneer, Dies

George T. Montgomery, 71, who came to the Panhandle in 1909, died at noon yesterday at the home of his daughter at 916 East Fisher st.

Mr. Montgomery came here from Bell County, Texas, where he had resided since 1896. He came originally from Greensburg, Ky., where he was born.

His home is nine miles east of Pampa, where he had lived and worked with his son, R. E., in the dairy business. For a number of years he sold milk in Pampa, but for some time had been producing milk for retailers.

Surviving are the widow, Mrs. Carrie Montgomery; three daughters, Mrs. Joe Massingale, of Hoover; Mrs. W. B. Jackson and Mrs. Polk Valliant, both of Pampa; the son, two granddaughters, Nita Joe Massingale and Mary June Montgomery; three sisters, Mrs. Jennie Cavin, White Deer, Mrs. Mary Haskins, Roscoe, Texas; and Mrs. W. O. Boney, Merkel, Texas.

Services will be held at the First Baptist church here beginning at 9 tomorrow afternoon, and burial will be at Fairview. The Rev. Douglas Falbe, pastor, will officiate. Pallbearers will be Bus Benton, Jones Seitz, Billie Green, Bert Stevens, Billie Taylor, Skeet Roberts, Ralph Sloan and Frank Carter.

Duengel-Carmichael service.

ULTIMATUM

VANCOUVER, Wash., March 15.—(AP)—Two men spent the night in sleeping bags on Vancouver's main street to be the first in a line of 650 persons for a nylon stocking sale. Walter Williams, breakfasting on cold hamburger, explained: "My wife said I couldn't come back without 'em." "I'm engaged," said Karl Kindler, "and she said she wouldn't marry me unless I got her a pair." "We have received as much material as is available to install new lockers, Barrett's Frozen Foods. (Adv.)"

Settlement of GM-UAW Halt Is Explained

WASHINGTON, March 15.—(AP)—If you're puzzled about the strike settlement between General Motors and the United Auto Workers (UAW), here is an explanation. The union had held out for a flat increase of 19½ cents an hour for the workers. It finally settled for 18½ cents but its top officers said:

"They really got their 19½ cents because General Motors had agreed to correct inequities in its plants. What's an inequity and how can it be corrected?"

Say General Motors has a plant in Flint, Mich., and another in Lansing, Mich., which it has. Here's an example: Jones, working in the GM Flint plant, does the same kind of work done by Smith in the Lansing plant. But Jones makes less per hour than Smith.

Under the agreement just reached, Jones and Smith both will receive an increase of 18½ cents an hour. But Jones may receive an additional cent or two cents to give him a total increase of 20½ cents while Smith gets only 18½ cents.

So, all the GM auto workers will receive 18½ cents an hour increase, but some will receive more than that.

It's for that reason the UAW leaders spoke about getting an increase equal to 19½ cents an hour. The UAW also got some improvements in vacation pay, in pay for work of the seventh day of the week, equal pay for women, etc. The 18½-cent increase is a boost of 16½ per cent. When the auto-workers truck, they were averaging about \$1.12 in their basic hourly rate of pay.

Thus the 18½-cent increase will give them an average hourly basic rate of pay of \$1.30½ cents. In settling for less than its 30 per cent demand, the UAW scrapped some of its requests—such as a program to be financed at GM expense for UAW workers, like life insurance, hospital care, surgery.

PAAF Auxiliary Fields Will Be Made for Lease

Both army air field auxiliary fields located near Pampa are to be leased for agricultural and grazing purposes, according to a notice received today.

The two fields, one located five miles north of town and the other seven miles south, comprise a total of about 539 acres with the army retaining all utility and improvement rights.

Bids for the leasing of the property must be in the Southwestern division real estate sub-office of the army, 910 Daniel building, Tulsa 3, Okla., by 2 o'clock on the afternoon of March 25.

Bids may be obtained by writing the officer in charge at the office. No bid will be accepted unless it is accompanied by a guaranty amounting to 10 percent of the proposed rental.

Leases will be in effect from April 1, 1946 until July 31, 1949. All leases for an annual rental of \$500 or less shall be paid in full when the property is leased, less the sum deposited with the bid.

Leases for an annual rental of over \$500 may be paid in equal quarterly installments, with a down payment of one fourth at the time the lease takes effect with payments on April 1, July 1, October 1 and January 1 of each year the lease is in effect.

Local Girl Scouts Stage Party Tonight

Approximately 200 Intermediate Girl Scouts of 13 local troops are expected to attend tonight's Juliette Low party and Court of Awards. The event is to be held at 7:15 at the Junior high school gymnasium.

Badges will be awarded for proficiency, second class first class and curbed bar to all scouts who have earned them since the last court of awards, held Nov. 1. Parents of the scouts are invited.

HITLER TOOK FIRST CHOICE:

ANGRY GOERING DENIES CHARGE THAT HE LOOTED EUROPE'S ART GALLERIES

NUERNBERG, March 15.—(AP)—An angry Hermann Goering denied to the international military tribunal today that he was a looter of Europe's art galleries, declaring that he paid for all he received and was "cheated" in many of the deals. Saddy, he testified that Hitler made him produce photographic copies of all confiscated art objects. Many Jewish owners had fled. Hitler took first choice for the museum he planned at Linz, he said, and left Goering only "seconds." Although the former reichsmarschal has freely admitted many prosecution statements concerning his part in Nazi Germany's aggression, he said:

Canada Clamps Down on Spy Ring; AFL Takes Labor Picture Center

Wage-Price, Labor Policies Are Attacked

WASHINGTON, March 15.—(AP)—With the postwar wave of CIO strikes subsiding, the rival AFL has moved into the center of the labor picture with two developments:

1. AFL President William Green, often conservative in his utterances, lashed out in a vigorous, jabbing attack on administration wage-price and labor policies. AFL anger has been rising for weeks—not directed at employers but at the government and the CIO.

2. AFL Vice-President John L. Lewis, boss of the united mine workers, finds himself in more of a key position than ever in his wage negotiations now going on with soft coal mine owners. Reconversion Director John Snyder told a reporter that with the settlement of several major strikes, "the one hurdle remaining in reconversion is early attainment of settlement of labor contracts in the coal industry."

UNITED MINE WORKERS

Lewis joined the AFL less than two months ago in Miami. For several months he has been criticizing the government's wage-price policies. Green, too, has been critical of them, but last night in a speech at Carbondale, Pa., he surpassed himself and almost surpassed Lewis, too. Green demanded an end of what he called Mr. Truman's "wage-price policies. He said Mr. Truman's advisers are "incompetent." And he declared that "the big danger we face is the establishment of a permanent economy in our country regulated and regimented from beginning to end by the federal government."

DARK AND CONFUSED

The AFL president described the economic situation as dark and confused. He said neither labor nor industry knows where it stands or where it is headed.

Green called for a new wage-price policy to be drafted with labor, industry and agriculture assistance and it should be in effect only for one year. After that, he asserted at the annual dinner of the Carbondale central labor union, all government control should be ended.

Hoiles Purchases California Paper

The R. C. Hoiles family, Santa Ana, Calif., has purchased and assumed management of the Marysville and Yuba City, Calif., Appeal-Democrat, according to Jack Hanna, publisher of the Pampa Daily News.

The Appeal-Democrat, a politically independent newspaper, has a circulation of about 9,000. The cities are located in upper California.

The Hoiles family recently purchased the Colorado Springs, Colo., morning and evening newspapers. They already own papers at Pampa, Clovis, N. M., Bucyrus, O., and Santa Ana.

Radio Broadcasts Russian Order

LONDON, March 15.—(AP)—The Moscow radio, in a domestic broadcast quoted the complete text today of an order by a commander of American troops in Wuerzburg, Germany, telling his men to refrain from criticizing the soviet union to the German people.

Job Development Program Grows

Job development program of the USES continues to progress with 30 jobs developed this week, according to L. P. Fort, manager of the local USES office.

It is reported that 90 per cent of these jobs were filled by veterans. Possibly due to improved weather conditions and construction outlook, more short term jobs of labor seem to be accelerating.

During the month of February, Pampa led all other cities of the Panhandle and South Plains in placements, that is, on percentage basis as compared to cities of forty to sixty thousand and on a numerical basis, it doubled cities of comparable size in this lead, Fort stated.

Local employers are co-operating in placing even short term jobs with the employment service which is a great help, he concluded.

Fight Developing Over Control Of Atom--Civilian vs. Military

WASHINGTON, March 15.—(AP)—The congressional path of atomic energy legislation developed new bumpiness today as divergent interpretations sprang up over President Truman's position in the civilian-vs.-military fuss.

Mr. Truman steered clear of the major point at issue—an amendment to a pending control bill. But he told his news conference yesterday that he still believes the military should be consulted, with primary control left to a civilian group directly responsible to him. The chief executive had been asked specifically about action of the senate's special atomic committee which earlier in the week outvoted Chairman McMahon (D-Conn.), 10 to 1, to accept an amendment by Senator Vandenberg (R-Mich.). This would set up a military board to consult with and advise the civilian control body McMahon favors. Any disagreements would be taken to the White House for decision. See ATOM CONTROL, Page 4

Leaders Short Support To Pass New Wage Bill

Attlee Believes India Worthy of Self-Government

LONDON, March 15.—(AP)—Prime Minister Attlee told the house of commons today that if India chooses full independence from Britain "in our view she has the right to do so."

"It will be for us to help to make the transition as free and easy as possible," he declared during debate on the mission of three cabinet members who will go to India shortly to take up again the problem of self-government for India.

But, he said, "I hope the Indian people may elect to remain within the British commonwealth."

"If she does so elect," he added, "it must be by her own free will, for the British commonwealth, and empire is not bound together by chains of external compulsion."

Attlee said that Britain, in making a final treaty with India, was "not going to hold out anything to our own advantage that would be the disadvantage of India."

He said he thought India would "find great advantages" within the commonwealth and warned that "no great nation can stand alone today."

Attlee said the cabinet mission was going in India "in a positive mood."

The three cabinet members who compose the mission are Lord Pethick-Lawrence, secretary of state for India; Sir Stafford Cripps, president of the board of trade; and A. N. Alexander, first lord of the admiralty.

They will leave next Tuesday and are due in India March 23. Attlee said the government intended to give the mission "as free a hand as possible" in negotiating with Indian political leaders and that the three "are going out to India resolved to succeed."

The house earlier advanced to third reading a bill repealing emergency powers of the British central government in India and providing for an all-Indian council to advise the viceroy, Lord Wavell. There was little discussion.

The greater legislative powers are to become effective April 1 and to extend for one year, with authority to the British government to extend them an additional year by proclamation.

We stock all popular hearing and batteries. Lewis Hardware Co. (Adv.)

Member of Parliament Is Accused

OTTAWA, March 15.—(AP)—Canada accused a member of its Parliament today of violating the official secrets act and charged four government scientific workers with transmitting confidential war secrets to Russia, including workers with transmitting confidential war secrets.

Fred Rose, known as the only communist ever elected to the Canadian house of commons, was arrested after a parliament session last night and formally charged today. Rose belongs to labor progressive party, which absorbed the communist party when it was banned in wartime. The Montreal labor leader had held committee offices in Canada and had spent six months in Russia lecturing youth groups.

ESPIONAGE CASE

Supt. Josephat Brunet of the Royal Canadian Mounted police said in a statement that charges against Rose "most definitely" were connected with the espionage case.

The royal commission, in a second interim report depicting soviet agents as trying to ferret the war secrets of Canada and the United States, said Dr. Raymond Bover, assistant professor of chemistry at McGill university, had admitted giving Russia full information on his secret work with "RDX."

"He said that with this information, competent persons would be in a position to design a plant to produce the material in quantity," the commission said. Bover was accused of transmitting his secrets early in 1942 and into 1944, while Russia and Canada were allied in the war.

Shamrock People Vote on Hospital

SHAMROCK, March 15.—(AP)—City property owners will go to the polls here tomorrow to voice their opinion on the proposal to issue \$80,000 in bonds for the purchase or erection of a building in which to house a hospital.

It was pointed out that the city tax rate, as limited by law, is \$1.50. Therefore Mayor Bill Walker said, there would be no increase in the taxes.

The Shamrock hospital, which up until a short time ago was operated by Catholic Sisters, has been taken over and is being operated by osteopathic doctors.

MOST SAY 'AYE'

QUESTION: "Would you be in favor of, or would you be opposed to, a law that would require boys to take a year's military training in peacetime when they become 18 years old?"

YES 73% NO 21% DON'T KNOW 6%

Sept. 1944 79% May 1945 72%

Similar questions asked twice before the war's end, found equally strong majorities favoring military training. (NRA Newschart)

Withdrawal of Red Troops Discussed

BRAGUE, March 15.—(AP)—A representative of Marshal Ivan S. Konev, Ukrainian army commander, visited Premier Zdenko Fierlinger and Czech military leaders. It was announced today, to discuss the withdrawal of remnants of Russian troops which remain scattered throughout the eastern section of the republic.

Today's Note Relative to Loan Request

WASHINGTON, March 15.—(AP)—A Russian communication delivered to Secretary of State Byrnes today by Nikolai V. Novikov, Soviet charge d'affaires dealt with economic and commercial matters and had nothing whatever to do with the American notes on Iran and Manchuria, the state department said.

Michael J. McDermott, Department press officer, told reporters the Russian note had "a bearing" on a recent United States offer to discuss a Soviet request for a \$1,000,000,000 loan.

ENTIRE RELATIONSHIP

McDermott said that the U. S. communication mentioned not only the Russian loan request, but reviewed in detail the entire economic and commercial relationship between the two countries.

Novikov after a three-minute conversation with Byrnes, told reporters only that he had delivered an answer to a note from the United States government.

THREE U. S. NOTES

There were three U. S. notes awaiting Soviet replies prior to the Novikov visit. Two concerned Soviet actions in Iran and the third protested the reported Russian withdrawal of Japanese industrial equipment from Manchuria.

This development on the diplomatic front came in the wake of President Truman's comment yesterday that he does not consider

Truman Pledges American Support In UNRRA Job

ATLANTIC CITY, March 15.—(AP)—President Truman, hailing UNRRA's work as evidence that "cooperation for peaceful ends is possible," pledged today that America's full aid would be maintained to feed the starving millions of areas freed from war—but not from hunger.

Tersely, he declared in a poignant message to UNRRA's fourth international council that "in this country, our staff members gathered behind an emergency food economy program intended to release as large as possible a proportion of our food supplies for export to the starving peoples of the world."

"Then he added: "As to the great work which UNRRA has undertaken, I know of no more encouraging evidence that international cooperation for peaceful ends is possible than the records of UNRRA's achievements."

Beneath the ported palms, delegates and staff members gathered last evening to discuss the problems ahead—among them where to find a job when UNRRA expires after another 16 months.

Aside from their immediate personal problems, there was evidence keen realization of the magnitude of their task and of its potential contribution to world tranquility.

Immediate interest focused on the selection of a successor to Herbert Lehman, former governor of New York, as director general of the organization.

With acknowledged uncertainty, the delegates fixed upon the names of former President Herbert Hoover, John Winant, United States ambassador to Britain; and former U. S. Ambassador W. Averell Harriman as possible candidates.

Religion in the News

Are We Returning to God?
By R. Virgil Mott

LET US look at one of the Old Testament personalities, Hezekiah. Hezekiah became king at the age of 25 and reigned for 29 years. The life of this wonderful man was a benediction to his people. His varied activities can be summed up in one sentence, "And he did that which was right in the sight of God." (2 Chron. 29:2). Here is a volume in a sentence. What greater tribute could be paid a man? What greater glory could one desire?

WE NEED to realize that "right is still right," no matter who advocates wrong doings and un-Godly acts. The people of Hezekiah's day had forgotten God. They neglected God's house and failed to remember the Sabbath Day to keep it holy. Their sin seemed not grievous to them, but their neglect opened the floodgates of sin and their passive attitude changed to active rebellion and grievous transgression.

IT IS JUST as sinful to let God's house fall in as it is to literally tear it down. It is just as wicked to let a little baby starve to death, if it can be avoided, as it is to hit it over the head with a hammer and kill it. The result is the same. When we neglect causes that are dear to the heart of God, we take from the total strength of Christendom and add to the total strength of the Satanic forces.

IF MANY of the Christians in the United States are to return to God, and let their lives count for good; Christian leaders must lead now. If we would lead others to put God and Christ first in their lives then we must put Him first in our own lives. A sacrificial leader may rightly expect a sacrificial following. What is the gospel according to your life, Christian? Are you personally returning to God? Don't wait too late, "it may be later now than we think."

had married Moabish women. Naomi in her bereavement decided to go back to her home and kindred, hearing that times were good there. The daughters-in-law both sought to go with her, but she urged them to remain and marry men in their own land. The one, Orpah, yielded to her pleadings, gave her an affectionate farewell kiss, and returned; but the other, Ruth, refused to go back, answering her mother-in-law in words that have become in all literature the highest expression of devotion: "Treat me not to leave thee, for whither thou goest I will go, and where thou lodgest I will lodge; thy people shall be my people, and thy God my God. The Lord do so to me, and more also, if I ought not to death part thee and thee."

Relationships between mothers-in-law and daughters-in-law are not, reputedly, always what they ought to be. Here is a story that both mothers-in-law and daughters-in-law might well take to heart. A young woman, the highest expression of devotion, "Treat me not to leave thee, for whither thou goest I will go, and where thou lodgest I will lodge; thy people shall be my people, and thy God my God. The Lord do so to me, and more also, if I ought not to death part thee and thee."

Notable, also, in this story is the fact that Ruth, a Moabitess, was the great-grandmother of David, and therefore an ancestor of our Lord. In days of racial prejudice and anti-alien agitation it is pleasant to remember that fact—that the loveliest, and purest, and best among men, our divine Master, traced His lineage not only to a Moabitess, but to a Moabitess, and a Moabitess, worthy to be of the company of all the truly loving and good.

Church Women Work In Many Countries
By MARY FOWLER
L. C. C. Kipp, of Forest, Ill., returning to the United States for medical service under the Methodist church in India, died recently at sea and was buried in the Mediterranean. Dr. Kipp first came to fame as head of the tuberculosis sanatorium in Tibungwa, North India, where she specialized in the treatment of women suffering from this disease. She developed the public health service now extending all over northern India and helping save many thousands of lives annually. Under the service each girl in school is examined annually, and many beginning cases of this most prevalent of disease in India are checked.

"Mother" Brewster (Mrs. William N.), "the grand lady of Hingham," now eighty-three years of age, has been the subject of much ceremony and celebration by Chinese Christians in Hingham, province, China, because of the arrival of her sixtieth year of missionary service there—sixty years being a great cycle in their calendar. The Chinese celebrated with speeches, firecrackers, silk banners, and feasting. Although retired, and a widow for thirty years, Mrs. Brewster continues to lead all educational and evangelistic work in the city and province. She is the founder of several orphanages and leper homes. Three of her seven children are missionaries.

"The conflicts of ideas that divide our world are essentially religious, as well as economic, social and political in character," says Miss Katharine F. Leacock, chief of the Children's Bureau, U. S. department of labor. "The question of whether people of different races shall have equal opportunity is basically religious. For our answer is determined by our concept of the worth and dignity of the human personality. The standards of living that shall be allowed to prevail in a country as rich in natural resources and technical skill as our own likewise is a religious question, for the same reason. So is our responsibility for the relief of suffering and distress in war-devastated countries. Questions involving the nature of freedom and its relation to authority must be viewed in reference to the meaning of human life and the eternal verities on which faith is built. In our society, education, secular and religious, has a vitally important role, which cannot be minimized."

People who refuse us help now will lose our friendship for generations.
—Sis. S. V. Ramanurthi, Indian food advisor.

Honored by DAV

NEW YORK CITY — Dow V. Walker (right), national commander of the Disabled American Veterans, presents citation to Perry Combs, radio singer. DAV commends Combs for his entertainment efforts in behalf of disabled veterans.

'Power of Christ' To Be Sermon Topic At Central Baptist

Rudolph Q. Harvey, pastor of the Central Baptist church, will preach Sunday morning at the 11 o'clock worship hour on the subject, "The Power of Christ." Preceding the sermon a special musical number will be presented. "The Man Who Receiveth Sinners" will be the sermon topic for the evening service which begins at 8 o'clock. Special music will also be a part of this service. Lloyd Satterwhite, Sunday school superintendent, has reported that Sunday school enrollment and attendance has almost doubled in the past year. The enrollment is 726 compared with a total of 486 a year ago. The month of February was the highest in attendance in the history of the church with an average of 414 each Sunday.

The new educational building is nearly completed and will be ready for use in the near future. Ben A. Stephenson, training union director, states that the time is being changed for this group from 6:30 to 7 p.m. The month of February was the highest in attendance for training union with an average attendance of 161. The Rev. Dallas P. Lee of the First Baptist church of Graham will conduct the revival scheduled to be held April 7-21, and Mr. Olin Miles, association missionary from Austin, will direct the music. Rev. Harvey stated, "You are invited to worship in a neighborhood church for a neighborly people."

Christian Science Sunday Study Topic

"Substance" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, March 17. The Golden Text is: "By humility and honor, and life" (Proverbs 22:4). Among the citations which comprise the lesson-sermon is the following from the Bible: "For with thee is the foundation of life; in thy light shall we see light" (Psalm 36:9). The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "To grasp the reality and order of being in its Science, you must begin by reckoning God as the divine Principle of all that is real" (page 275).

'The Cross' Will Be Zion Lutheran Topic

Sermon theme for Sunday morning at the Zion Lutheran church will be, "The Cross, a Symbol of Power and a Cause for Rejoicing." The text will be based on Luke 10:17-20. The story of Zacharias will be the lesson for Sunday school. The adult Bible class will complete the fifth lesson and begin the sixth which is entitled, "Prayers That Are Acceptable to God." LOTS OF GAS NEEDED The amount of aviation gas needed to carry 300 Liberator bombers from a British base to Berlin and return was equivalent to the amount of general purpose gasoline distributed in Baltimore, Md., in 24 hours. The San Francisco fire of 1906 burned 28,000 buildings in 514 blocks.

THE VETERAN'S FRIEND

Q. Where is it possible for a veteran to obtain a review of his discharge from World War II service? A. Every branch of the service has its own review board to handle the review of discharges. For complete information contact your local Disabled American Veterans national service officer. Q. Is there a time limit on requests for review of military discharge? A. If you feel that your military service justified a more favorable discharge or dismissal you have 15 years after discharge to ask for reconsideration. Q. After a serviceman has been discharged from the Army can he be called back to duty? A. Some men who are released from active Army service and sent back to civilian life are not actually discharged. They receive a Certificate of Service which transfers them to the Enlisted Reserve Corps. They can be ordered back to active duty. Q. Can a merchant seaman who was disabled in World War II receive vocational rehabilitation? A. No. However, he is entitled to some of the benefits provided for World War II veterans.

Q. Can a former member of the women's services obtain medical aid from the Veterans Administration in pregnancy cases? A. The Veterans Administration has ruled that pregnancy is not a disease or a disability and therefore is not a responsibility of the government. Q. Some time has elapsed since my discharge, yet I have not received the back pay due to me. Where shall I write about this? A. Army inquiries should be addressed to the finance officer of the camp from which you were discharged. Navy, Marine Corps and Coast Guard inquiries should be addressed to the Claims Division, General Accounting Office, Washington 25, D. C. Be sure to print full name and serial or service number, giving rank and organization at time of discharge. Vol. 2, No. 12 Q. Is it possible for a discharged disabled veteran to obtain a record of his hospitalization? A. Commanding officers of Army hospitals are authorized to furnish information about records of patients to practicing physicians when requested by them for use in treatment of any veteran.

Send questions with self-addressed, stamped envelope to The Veterans Friend, Public Relations Department, Disabled American Veterans, Suite 1030, 11 South La Salle St., Chicago 3, Ill.

Prize Hereford Go on Sale Today

FORT WORTH, March 15.—(AP)—A total of 275 prize winning Hereford, Shorthorn and Aberdeen-Angus calves, including grand champion T-O Atomic go on the auction block today at the Southwestern Exposition and Fat Stock show with exhibitors predicting that record prices will be paid. Also on today's program is the judging of quarterhorses. Last night's rodeo results: Calf Roping—Jack Favor, Arlington, Texas, 104; Blackie Russell, Springtown, Texas, 17; Jim Whitman, Stephenville, Texas, 217; Harold Cox, Virden, Ill., 329. Bareback Bronc Riding—Spike Brown, Elgin, Texas, first; Jimmie Iler, Fort Worth, second, and Emil Sloan, Phoenix, Ariz., third. Saddle Bronc Riding—Bart Clendon, Wichita Falls, first; Gene Rambo, Shannon, Calif., second, and Frank Pinley, Phoenix, Ariz., third. Enigma Bull Riding—Dick Griffith, Scottsdale, Ariz., first, and only rider qualified by judges.

Mexico Government Intervention Seen

MEXICO CITY, March 15.—(AP)—Government intervention in the strike of 1,900 employees of the Mexico Telephone company, subsidiary of the international telephone and telegraph company, appeared today to be definite possibility. Service to 35,000 telephones served by the company stopped at noon yesterday after the company failed to yield to demands of the workers for a daily pay increase, an organized social program, more pay for overtime work, longer vacations with pay and social services. Forrest Davis, manager of the company said the raise asked by the workers amounted to about 60 percent and with other demands would mean approximately a 100 percent increase.

Representative Dies

EASTLAND, March 15.—(AP)—R. N. Grisham, 71, state representative from the 16th district, died last night at his home here. Grisham had been ill three weeks. Funeral services will be held at the home tomorrow with burial at Eastland. Grisham practiced law at Sweetwater, Fort Worth, Eastland and Tyler. He was elected to the state legislature in 1944. Surviving are the widow, Roberta; two sons, R. C. of Abilene and N. E. of Eastland; a daughter, Mrs. Kathryn Thomas of San Antonio, three brothers, M. A. and J. P. both of Abilene and J. S. of Dallas; and two sisters, Mrs. Alice Lentz of Glen Rose and Mrs. Ida Newby, Houston.

FRIDAY EVENING "Evidence of the New Birth"
SATURDAY EVENING "The Man From Nazareth"
SUNDAY--10.50 A. M. "The Man in Chains"

MASS MEETING AT THE First Baptist Church 230 p. m.

SUBJECT "The Man Who Couldn't Take It" SUNDAY--7:30 P. M. "The Unpardonable Sin"

Activity Increases At Local Golf Course

The greens committee of the Pampa Country club has secured trees to be planted around the course and will start soon on new trees for the entire course.

This was one of a number of activities reported from the club during the past week.

Joe Key, president of the club, said the members are constantly trying to improve the appearance and usefulness of the course and hope to attract more golfers this summer.

The entertainment committee met this week and planned some special activities for the coming season. Mrs. Jewell Hankins is chairman.

It is believed that there is a ladies golf association being planned here but no announcement has been made.

Red Situation

(Continued from page one) the current international situation as fraught with danger as many people believe.

WELL WORK OUT
"I'm not alarmed by it," he declared, giving his permission for direct quotation. "I'm sure we'll work out of it."

The chief executive's hopefulness was echoed by two important figures on Capitol Hill, although diplomatic officials remained apprehensive over ultimate Soviet intentions in the Iran area.

Senate Majority Leader Barkley (Ky.) commented "It has been my opinion all along that the situation isn't as bad as the headlines would seem to indicate."

EMPHASIS ON BAD
And Senator Pepper (D-Fla.) told reporters, "I think entirely too much emphasis has been laid on the bad side of the international situation. I think people who do so are rendering a disservice."

Sensitive to the current drift of foreign affairs, the house leadership sought quietly meanwhile to stem the flood of members' speeches rapping Russia and other wartime allies.

Some lawmakers too, crossed their fingers on what might develop in the speech Winston Churchill makes tonight in New York.

There was considerable speculation over the reason's behind the decision of Undersecretary of State Dean Acheson to cancel his plans for attending the dinner in honor of the former British prime minister. Pressure of other business was given as the reason.

The chief executive voiced his confidence of bettered world relations yesterday at a news conference in which he scotched reports of trouble between him and Secretary of State Byrnes, and pledged unlimited support to his top cabinet officer.

The President was bombarded with reporter's questions relating to relations with Russia, but his replies were noncommittal.

He said, for example, that he knows about Russian troop movements in Iran—not hot spot of current diplomacy—is what he has read in the papers. He also disavowed any plans another meeting with Generissimo Stalin and Prime Minister Alee.

An attempt was made to elicit comment from Mr. Truman on tonight's Churchill speech. He replied in effect that he didn't want to talk about this next speech—which affords Churchill an opportunity to answer Stalin's blast at the Fulton, Mo. address—and that he only knew about it from what he seen in the papers.

From where I sit . . . by Joe Marsh

Our town has a Housing Shortage

Yes, sir, there's a real housing shortage in our town, as I guess there is in yours, too.

Keefe Cole, for instance, is sharing his home with a brother-in-law from Connecticut, six children and a dog in one family; four children and three cats in the other.

I asked Keefe how they got along together—especially the grown-ups. Didn't they get a little edgy from the noise and crowding?

Keefe looks at me with a twinkle. "Sure," he says. "And when that happens, Sara and I just pass around four sparkling glasses of good beer . . . and that reminds everybody that there are still a lot of friendly, gracious pleasures that can help us make the best of things."

From where I sit, it's great to be able to relax during this strain of postwar living with a beverage that's truly moderate and wholesome, truly friendly.

Sov Ring

(Continued from page one) the death struggle against Germany. The four persons previously accused were minor governmental workers. Five persons, other than the eight already named, still are under investigation.

'SPY THRILLER'
"Some witnesses holding strategic positions have made the significant statement, under oath that they had a loyalty which took priority over the loyalty owed by them to their own country and, for that reason they acted as they did and would have continued so to act had they not been detected," the commission said.

Today's royal commission report elaborated on the general charges made public March 4, giving "spy thriller" details of operations under pseudonyms. The earlier report said the military attaché of the soviet embassy had sought to obtain secrets of the atomic bomb, radar, electronics and the whereabouts of numerous United States military units.

In addition to Boyer the commission named these:
Harold Samuel Gerson, assistant to the head of the production control department of Allied War Supplies, Ltd., a government company concerned with the production of chemicals and explosions. Gerson was known in the sov ring under the name of "Gray," the report said.

Squadron Leader Matt Simons Nightingale, employed as a telephone technician in the construction of military airports by the Royal Canadian airforce.

Dr. David Shugar, a PHD in physics at McGill university, who was employed in the navy on research in anti-submarine detection. He used the undercover name of "Prometheus," the commission reported.

The commission gave no indication of how much information the suspects were accused of actually transmitting to the soviet union.

NO DOUBT IT'S GOOD
GREENSBORO, N. C., March 15.—(AP)—The U. S. collector of internal revenue here received an income tax return from a North Carolina woman showing, correctly, that she owed no tax.

Accompanying it was check made out for "no dollars and no cents" with a notation "No tax due" in the lower left corner.

ASSEMBLY CALLED
LONDON, March 15.—(AP)—The Belgrade radio said today that an extraordinary session of the Yugoslav people's assembly had been called for March 20.

Keeton Rites Will Be Here Tomorrow

Funeral services will be held at 10:30 tomorrow morning at the Nazarene church here for Mrs. M. M. Keeton, 51, who died at 9:30 last night at the family home at 201 E. Francis street.

The Rev. A. L. James, pastor of the church, will officiate. Interment will be at Fairview cemetery.

She leaves her husband, two sons, Lavel and Orville, both of whom are in service; the daughters, Mrs. Berenice Pritchett and Mrs. Anna Mae Tosh, both of Pampa, and Ruthie Inez Keeton, at home here.

The Keetons have been residents of Pampa for the past four years. Duenkel-Carmichael service.

Atom Control

(Continued from page one)

In saying he felt a civilian commission, responsible to him, should have primary control, Mr. Truman said this should in no way hamper the military because the President is commander-in-chief of the armed forces and hence charged with national security.

Later McMahon, who has consistently opposed military control, issued a statement saying: "I am pleased that the President has reiterated his support of the vital principle that civilians must control atomic energy. Of course, as the President suggests, the commission should consult and advise with the military on military applications of atomic energy. And this is as far as any civilian commission should be required to go."

"The military is noted for its scientific research and development. It is so because I am concerned about our nation's security, as well as the development for peaceful purposes of atomic energy, that I want civilians to control this force unhindered by the military."

American Indians domesticated about 40 plants.

Wage-Price

(Continued from page one) ment controls over wages and prices should be dropped.

"Finally," he asserted, "I urge with all the emphasis at my command that the government eliminate itself from the sphere of labor-management relations except for offering a strengthened conciliation service to both parties, and allow labor and industry to work out their problems through the proper methods of collective bargaining and voluntary arbitration."

Some government officials are disturbed over the possibility of intensified conflict between the AFL and CIO. A high economic official, who asked not to be named, said today that an AFL-CIO struggle is one of the remaining reconversion worries of the government.

The AFL has been pointing out that most of the big strikes—for example, in autos, steel, electric appliances, and oil refining—were by CIO unions.

Here is the way CIO and AFL officials are reacting to the current economic situation: The CIO appears to be happy. The AFL is unhappy and even bitter.

Wage Bill

(Continued from page one)

and larger retail establishments. This means, for instance, that employees of cotton gins, now exempt, would come under it.

Southern senators argue this would hit their farmers two ways: 1. By increasing ginning costs, and 2. By boosting the wages the farmer pays to meet higher wages in gins and like establishments.

Most of them are ready to back that argument with votes to saddle to the bill an amendment raising farm prices.

Offered by Senator Russell (D-Ga.) it would direct that labor costs and interest charges be included when farm parity prices are figured. Its conceded effect would be to raise all farm prices.

Senator Taft (R-Ohio) predicted President Truman would veto the bill if it came to him with that amendment.

Ekern Trial

(Continued from page 1)

with C. T. Blake the night before the shooting occurred.

Blake, as brought out in testimony by Arnold yesterday, was an acquaintance of Arnold's whom he had known while at the New Mexico penitentiary. About 1939 Arnold had been confined to the penitentiary

A LONELY, FRIGHTENED French child is reassured by a Red Cross relief worker with a cup of milk. She was one of 12,000 to receive a daily Red Cross milk ration.

on a charge of embezzlement. He was later paroled and pardoned.

Blake has not testified.

Ekern stated that he helped instigate Arnold's parole and pardon. He also said "right" on being asked if the warden had not told both Ekern and Arnold that a pardon could probably be received, considering Arnold's reason. It was said that Arnold wanted to enlist in the army, which he did after being pardoned.

Mrs. Ruth Ekern, wife of Clarence Ekern, took the stand yesterday testifying that Blake came to their home the night before the shooting, and that her husband seemed more "upset" at that time than she had ever seen him.

A letter written to any army officer by Ekern concerning Arnold's record, and urging the army to transfer Arnold was read and presented as an exhibit for the defendant yesterday. The letter also stated that Arnold had caused "dissension" between Mr. and Mrs. Ekern (now Mrs. Gertie Arnold) which led to a divorce. The letter was dated September 23, 1944.

The trial was to continue at 1:30 this afternoon. Ekern had been on the stand all morning in cross-examination, and for about two hours yesterday afternoon in direct questioning by his attorneys, Curtis Douglas and Clifford Braly.

Many witnesses for the defendant yesterday were called to vouch for his good reputation and peace-loving nature. The majority were men for whom Ekern had audited books.

War Crimes

(Continued from page 1) said the "neutrality of Holland and Belgium was always in doubt, since most flights by war planes from England against Germany crossed over the two countries."

"When France fell we found information that (Gen. Maurice Gustave) Gamelin and (Adm. Jean) Darlan (French army and navy leaders) had demanded the occupation of Belgium for the safety of France," Goering said.

He repeated the Nazi claim that documents found in France showed that Belgium had agreed with France to set up fortifications along the Meas river.

The court recessed in mid-morning after U. S. Prosecutor Robert H. Jackson, attorneys for Goering and virtually the entire defense staff argued the doctrine of reprisals under international law.

This marked the third time that

the question had come before the tribunal, which has made no definite ruling but has reached several compromises on the subject.

The question was raised today when Goering claimed that "excesses" committed by partisans were the reason for the taking and shooting of hostages in France.

A former bankers' club in Tokyo is now a Red Cross rendezvous for American soldiers and sailors.

Paramount Makes Secret Picture HOLLYWOOD, March 15—(AP)—If you'll step in a little closer, we'll talk about "O. S. S.," the first picture which a movie studio wants to keep a secret. Whether or not it stays a secret when it is released remains to be seen, but until that time Paramount has clamped down security regulations which would make the atom bomb secrecy seem like common gossip. "O. S. S." stands for "Oh So Secret," or as the art director claims, "Over Seventy Sets," but for the office of strategic services, the hush-hush wartime agency that worked behind enemy lines. But patriotism is not the reason for the close-lipped attitude. You see, Warners and 20th-Fox are also making O. S. S. films and the word about plot and action might get around. I tried to cross examine Geraldine Fitzgerald about the role she plays in the picture. "I signed for the role," she explained. "Before I signed, I couldn't even see the script. Parts of it were read to me over the phone. Now Alan Ladd and I are the only players who have complete scripts." She indicated there was no truth to the report that parts for bit players were written in ink which disappeared after 24 hours. "There have been absolutely no visitors on the set," Geraldine added, "except my five-year-old son, Michael. And lest he tell his playmates about the picture, he had to swear to secrecy." In blood, no doubt.

Today's Schedule Of Redeployment More than 2,000 returning servicemen are scheduled to arrive today at two East Coast ports aboard six transports, while 4,988 more personnel are due to embark from seven vessels at two West Coast ports. In addition, one ship with 454 Irish war brides and children is expected at New York. At New York—Frederick Victory from Le Havre, Company C of 402nd infantry regiment, 102nd infantry division. Kokomo Victory from Le Havre, personnel of 407th infantry regiment, 102nd infantry division. Henry Gibbons from Belfast, 454 Irish war brides and children. Miscellaneous on Crescent City from Panama, USS Vinton, Sam Houston from Leghorn. At Norfolk—Edward Meredith. At New Orleans—Transport: Cuba from Puerto Rico. At San Diego—Miscellaneous on patrol craft 1169 from Canal Zone, sea plane tender Currituck from San Francisco. At San Francisco—Miscellaneous on Gen. Tasker H. Bliss from Guam, Piedmont from Pearl Harbor, Sterope from Pearl Harbor, Todd from Kahului, Puget Sound from Pearl Harbor.

Miami Club Views Program of Magic MIAMI, March 15 (Special)—Bou Clark of Shalrock, a leading entertainer of the Panhandle area, was guest speaker at the Men's Service club Tuesday evening. The speaker was introduced by Pedro Lial of Shalrock, a former Miami citizen, and Clark entertained the group with an amusing program of magical marvels. Places were laid for 75 persons.

Market Briefs

WALL STREET
NEW YORK, March 14.—(AP)—Selected stocks operated in the recovery column today although many market specialists continued to seek lower levels.

Transfers of around 1,000,000 shares compared with 1,610,000 Wednesday.

The automotive group made a share rising attempt at the opening in reflection of the General Motors strike settlement but soon retreated.

Persistent apprehension over the Russian crisis, brokers said, tended to cool bullish sentiment.

Ahead the greater part of the time were Goodyear, Glenn Martin, Sperry, Douglas Aircraft, Santa Fe, Schenley, E. S. Grayson, Union Carbide, Standard Oil (N.Y.) and American Can. A lifted disbursement helped city stores.

Laggards included General Motors, Chrysler, Hudson Motors, Willys-Overland, U. S. Steel, Bethlehem, Republic Steel, American Water Works, N. Y. Central, Southern Railway, Anconada, Deere, Du Pont, Philip Morris, Distillers Corp., Phelps Dodge and Woolworth.

Bonds were irregular.

Busy Guy

Leaves From a Correspondent's Life Notebook

By HAI BOYLE
CAIRO, March 15.—(AP)—Traveling abroad, you meet so many people they begin to look as much alike as ducks in a shooting gallery — all moving by the same mechanism and all going the same way with the same set expression.

But there are a few odd ones that get filed in stray corners of your brain and pop out in memory sometimes like clothes from an overcrowded trunk.

Such certainly was "the captain who was afraid of the sea." We traveled as passengers together through the North Atlantic during wartime and the captain lived in mortal dread of submarines. Before the war he had commanded small steamers plying the American east coast and many of his friends from those peaceful times had gone under when German torpedoes began reaching across the Atlantic.

Their watery deaths were in his mind when he was summoned to Britain on a shipping mission. From the start of our voyage he was certain our convoy was doomed.

"We will never reach England," he said. "We will be one of the first ships the submarines pick off."

At night he threw himself fully clothed on his bunk and lay there wide awake, staring at the bunk above him with weary eyes until after daybreak.

"They usually hit just before dawn," he said.

Then one mild and cloudless afternoon we heard a muffled explosion and saw a tower of smoke rise from the stern of a destroyer escort to starboard.

After that my captain acquaintance stayed on deck each day until after dusk staring into the darkening waters.

It was strangely disquieting to see this man gripped by fear of the sea that had been his highway and livelihood for 30 years.

One night we were alone in the wardroom. Outside heavy rain and wind beat at the rocking vessel and straining deck cargo casks groaned with an almost human voice.

"Do you believe in stars?" the captain asked suddenly, and before I could answer, he said hurriedly, "You won't laugh at me if I tell you I believe in astrology, will you? I know you want. I can tell by your hands. You have long fingers. That means you must be sensitive. You won't laugh at me."

"I used to buy astrology books at every port. When I got home I talked to my wife and children of the stars but they just laughed at me. So I don't talk about them any more at home. But I tell you the stars have the answer to everything. It's all written there if you can read it — everything that is to happen. And nothing can change it."

"If you are sure your fate is written in the stars why do you worry about submarines?" I asked.

"It isn't that simple," he answered. "But thank you for not laughing at me."

I left, and he sat alone until dawn in the wardroom.

When we landed safely in Britain he bought two hams from the steward for bartering and headed happily for London, self assured, his prices were fairly steady 55 to 76 cents a pound lower.

Mrs. Gertrude Roach Of Kellerville Dies

MCLEAN, March 15.—Funeral services will be held at 3 p. m. tomorrow from the First Baptist church in McLean for Mrs. Gertrude Elizabeth Roach, 62, who died early yesterday in a slight truck, Okla., hospital following a brief illness.

Mrs. Roach had been a resident of Gray and Wheeler counties for the past 20 years and had lived in Kellerville for the last four years. She is survived by her husband,

gloom gone.

"Aren't you worried about bombs?" I asked.

"As long as they don't come at me from under the sea, I'm not afraid," he said cheerfully. "I just can't stand the thought of dying at sea."

W. A. Roach of Kellerville; four sons, Elmer of California, Frank and Finis of Pampa, and William of O'Donnell, Texas; one daughter, Miss Gertrude Roach of Kellerville; sisters, Mrs. Roxie See of California; brothers, Frank Thomas of Oregon and John Thomas of California.

Services will be conducted by the Earl Burtace, Boyd Meadow, Morris Mullinax, Henry Magerkurth, Harold Butrum and Mr. Knox.

Service will be conducted by the Rev. Rufus Strickland of Kellerville Baptist church and interment will be in McLean cemetery under the direction of Womack Funeral home.

R. H. (Jack) Hicks Services Tomorrow

Services will be held at two tomorrow afternoon at the Duenkel-Carmichael chapel for Raymond H. (Jack) Hicks, who died yesterday at 1 p. m. at a local hospital following a long illness.

Mr. Hicks, 54, a resident at 722 West Kingsmill, has been here for the past seven years. He was a truck driver for the Jeffries Trucking company.

Surviving are the widow, one daughter, Mrs. Hess Suggs, of Pampa; two granddaughters, Peggy and Patsy Suggs; four brothers, Mart of Brownfield, Earl of Borger, Everett of Woodward, Okla., and Ted of Oklahoma City; one sister, Mrs. Lizzie Ridenour, also of Woodward.

Palbearers will be Joe Neal, Joe Calvert, Bert Clayburn, Earl Brice, Claude Jeffries, and Babe Robinson.

Roberts County Tops Red Cross Campaign Quota

MIAMI, March 15 (Special)—Roberts county again went over the top in the Red Cross fund drive and raised a total of \$1120.28 to date. The quota asked was \$940.00. The quota was raised by 9 o'clock on the first day of the drive.

Mrs. Van Webb, county chairman, of the fund drive said a wire from St. Louis headquarters said Roberts county was second in this area to go over the top at that time.

This year 27 percent of the fund will go to the National Red Cross and 73 percent kept in the local fund.

Last year this county raised \$2,500.00, over twice the amount asked for.

The chairman wishes to thank each worker and all contributors who made this fine record possible.

Those who could not be contacted are asked to hand their contribution to Miss Lucile Eason, treasurer of the local chapter.

Southwestern Exposition Track and Field Meet Opens

Six Pampa Thinclads Are To Compete in Big Sports Event

FORT WORTH, Texas, March 15—(AP)—One of the nation's greatest track and field carnivals—the Southwestern Exposition meet—opens today with the schoolboys drawing the spotlight.

Eighty-six high schools send athletes into preliminaries that will take up most of the afternoon, giving way tomorrow to the collegians when teams from three states go through trials in all except two or three events.

Detroit Manager Still 'Fretting' Over Prospects

LAKELAND, Fla., March 15—(AP)—For a man whose club won the world championship only five months ago and who will have a much stronger team going for him in the coming American league race, Manager Steve O'Neill of the Detroit Tigers is putting on an extremely irritable front these days.

"I don't know how this one's going to come out," he insists from behind a man-sized wedge of baseball tobacco.

The Tigers, except for their fine mound staff headed by Hal Newhouser, will bear slight resemblance to the ragged but courageous outfit which struggled through to beat the Chicago Cubs in the seventh game of the last world's series.

The only surviving regular of that club—playing his same position—will be Eddie Mayo at second. To make way for the wealth of returning outfield talent, Hank Greenberg has been shifted back to his old post at first, and Rudy York has gone to the Red Sox. Paul Richards finds himself relegated to second string behind the returning Birdie Tobeck.

Eddie Laake figures to strengthen the Tigers at shortstop. Pinkie Higgins is back from the navy and looking highly capable.

For his outfield, O'Neill has four potential 300 sluggers in Barney McClellan, Dick Wakefield, Pat Mullin and the highly-touted newcomer, Walter (Hot) Evers, who was a firecracker in the Texas league before the war. Roger Cramer, veteran centerfielder who led Detroit's hitting in the world series, appears slated to move on, but Roy Cullenbine is assured a job as the extra outfielder and possible replacement for Greenberg at first, where he has had considerable experience.

Top Tennis Stars Still in Running

NEW YORK, March 15—(AP)—It was North America against South America as the United States indoor tennis championships reached the semi-finals tonight at the Waldorf Astoria. The seeded stars of two continents still in the running for the singles crown.

When the semi-finals open tonight at the Seventh regiment armory, Billy Talbot of Wilmington, Del., will match strokes with Francisco Pancho Gonzales of Guatemala. Ecuador and Don McNeill of Orange, N. J., will tangle with Alejo Russell, the Argentine champion from Buenos Aires.

Off yesterday's performance in the quarter-finals, McNeill and Segura are favorites to go through to the finals and battle for the title vacated by Frankie Kovacs, who won in 1941, the last time the tournament was held.

PIKE LOOKS GOOD

MIAMI, Fla., March 15—(AP)—Watching from the dugout, the ex-catcher Mel Ott of the New York Giants said he liked the natural ability of Jesse Pike who performed in Ott's right field spot against the Braves.

NO DEALS COOKING

ST. PETERSBURG, Fla., March 15—(AP)—The New York Yankees have no deals "cooking" with any club at the present time, Manager Joe McCarthy and President Larry MacPhail declared together.

RALPH KINER STARS

PASADENA, Calif., March 15—(AP)—Centerfielder Ralph Kiner drove in 10 runs yesterday for the Pittsburgh Pirates with two homers, a double and two singles against the White Sox. Johnny Rigney, Eddie Smith and Tony Klusura were slated to pitch for the Sox against the Pirates today.

Perils of Sports Writing

Joe Baksi's ailment which kept him from fighting Tami Mauriello tonight is diagnosed as peritonitis of the posterior surface of the supracondylar region of the right humerus. . . . That is explained as being a chipped elbow bone, but its location on the Jacobs Beach guys who invariably pronounce Joe's name "Baksi."

SEEKS SCORING PUNCH
ST. PETERSBURG, Fla., March 15—(AP)—Seeking a way to add scoring punch to his St. Louis Cardinals, Manager Eddie Dyer may shift Red Schoendienst from the outfield to third base against Cleveland today.

INDIANS PLAY CARDS
CLEARWATER, Fla., March 15—(AP)—Allie Reynolds, Red Embree and Steve Gromek, three of the Big Four on the Cleveland pitching staff, are scheduled to work today against the St. Louis Cardinals at St. Petersburg.

PHILS PERK UP
MILMIT BEACH, Fla., March 15—(AP)—The once down-trodden Philadelphia Phillies are perking up. They have won five of eight exhibition games, the latest a 1 to 0 shutout to their city rivals, the Athletics, yesterday.

When materials and labor are available in quantity the industry will produce more than 70,000 living units a month.—Joseph E. Merriam, president National Association of Home Builders.

St. Louis Brownies May Decide Pennant

By CHESTER L. SMITH
NEA Special Correspondent
ANAHEIM, Calif., March 15 (NEA)—The St. Louis Browns probably aren't going to win the pennant in the American league this year, but they may have a hand in deciding who does.

The Browns have power. They are going to score runs. They are the sort of team that might walk into a late-season series with an opponent that has its eye on the World Series and knock said team into an also-ran.

Manager Luke Sewell, who piloted the Saint Louis to the only flag they have won in the 44 seasons they have been in the league and landed them in the first division three seasons out of five, sums it up when he says, "We can be trouble-makers. If we get good pitching we will hold our own with the Yankees, Tigers, Red Sox or any of the others."

In their first four exhibition games against major league opposition—the Pittsburgh Pirates—the Browns ramed out a total of 60 hits, an average of 15 per nine innings. They hoisted the town bannings then and there for their rivals.

Sewell's starting pitchers this year will be Denny Galehouse, Al Hollingsworth, Jack Kramer, Bob Munchie, Nels Potter, Alvis Shirley and Steve Sundra. Galehouse and Sundra are back after doing a hitch with Uncle Sam. Munchie led the casting corps last year with 13 victories and four defeats and an earned run average of 2.71. He could very well be the 20-or-better-game winner Sewell thinks he will need to make his club a genuine threat.

The return to the outfield of Walter Judnich, who was leased to the armed forces after the 1942 season, gives Sewell the round-house punch he has been looking for. The San Francisco slugger rates as one of the top hit-makers in baseball.

With Chet Laabs in left field and Joe Grace in right, the Browns can boast of an outfield that will hit at a 500 clip and can take its own part defensively. Al Zarilla, Bernie Lutz and Al White, all ex-servicemen, are picking up their pay-checks as civilians once again and have been understudying the regulars.

With Vernon Stephens a hold-out, the infield that is expected to open the season hasn't been together yet, but Mark Christman has been putting up a grand game as a stand-in for the absent shortstop. When Stephens arrives the infield finally get their differences settled. Christman is likely to shift over to third base. His 277 batting mark of last season is far too valuable to be parked on the bench, and in some respects he is even a better hitter in pinch than Stephens especially with men on bases.

However, the hot corner isn't going begging—not with Bob Dillinger of Glenholme, Cal., stationed there. Dillinger was ready to be traded for a Browns' uniform when he was with Toledo in 1942, but the war gobbled him up. He is back now and putting up a stiff fight for full-time employment.

Johnny Berardino has stalked out a claim on second base that will be hard to break.

The catching will be handled by Frank Mancuso, Henry Heif, Boris Martin—a reformed outfielder—and Len McGarity. At least that's how the backstopping shapes up in the winter book.

Of the younger school of pitchers, Al LaMaecchia, John Miller, John Pavlicek, Sam Zoladak and Clarence Tolt are most likely to be attached to the staff of about 10 or 12 that Sewell expects to carry into the campaign when it opens.

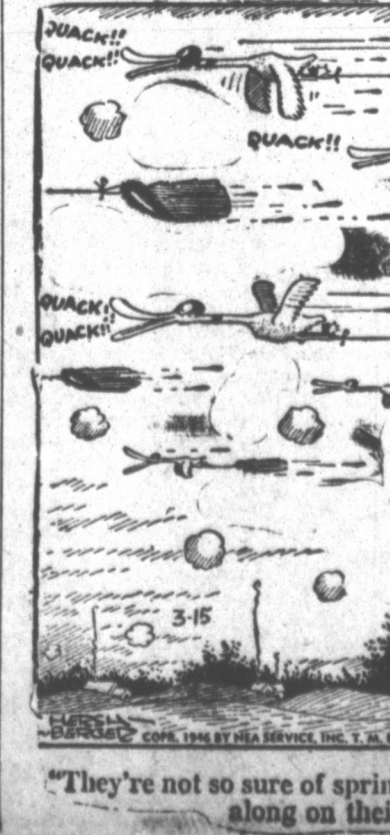

John Lucadello and Len Schulte have the inside track as reserve infielders.

There is an ironic twist to the situation the Browns find themselves in this year. They are a far more formidable club than when they landed on top of the stack two years ago, yet no one has given them more than a wave of the hand so far as the '46 race is concerned.

The soft-spoken Mr. Sewell admits that this is as it should be, for when he talks of his chances he has his tongue in his cheek. It is plain he is well satisfied to have the spotlight turned on somebody else for a change. Having been on the spot last summer, he would much prefer to try to steal the show rather than live up to the top billing he got when his team was defending the championship.

Meantime, don't feel too sorry for Sewell. As they say down "Bama way, he'll dish out a "passel o' grief" before it's all over.

The Big Push

Dana Bible Won't Go Against Aged Tradition on 'Weeping'

AUSTIN, Texas, March 15—(AP)—Coach Dana X. Bible, who has a football team with a line six deep from end to end, has a hard time finding anything to complain about.

It's a novelty for the University of Texas to have plenty of linemen. For years Longhorn coaches have wept about their forward walls.

Add to Bible's worries that he has a lot of backfield talent, too, and you've got real misery. Because everybody knows that a football coach has got to be sorrowful. The prospects are always dim. It's a gridiron convention that Bible, who is a pretty orthodox sort, would not think of violating.

So Coach Bible scratched his head and comes up with a woe to wit: Seven of his backfield men are playing games other than football during the current spring training season.

Out for track are Ralph Ellsworth, Byron Gillory, Joe Bill Baumgardner, Jimmy Lowrey and Allen Lawler. Backs Bobby Layne and Hanson Jackson are on the baseball squad.

Thus Bible, alas, is going to have only two teams for his scrimmage sessions. Instead of the four he had planned. It will call for frequent substitutions in the line, the coach insisted.

Bible thought Charley Jungmichel and Don Weedon, guards, looked good in a test of running plays Saturday. Next for study is the over-head game. The tossers include Travis Raven and Walter Heap, who had varsity experience before entering the service; Bobby Coy Lee, formerly of the Fourth air force team; and Tommy Landry, who played with the Longhorn freshmen in 1942.

The first scrimmage under game conditions will be held at Memorial stadium Saturday.

BASEBALL MEETING CALLED BY SEITZ

All local baseball supporters and fans have been asked to attend a meeting tonight at 8 o'clock in the city commission rooms, Manager Grover Seitz of the Pampa Oilers has announced.

The local club is conducting its advance ticket sale; for 67 home games at the present time.

According to heads of the organization, at least 500 season tickets to be sold in order to pay initial expenses. Season tickets are 4.35 for the 67 games.

The Oilers will open their home schedule with the Abilene club playing here May 2.

FOLLETT GIRLS MEET GRAND PRAIRIE TEAM IN AAU TOURNAMENT

CELESTE, Texas, March 15—(AP)—Favored Follett plays Grand Prairie in the semi-finals of the Southwest AAU girls basketball championship tournament tonight while Savoy plays Penelope.

In the quarter-finals last night Follett won an easy victory over Celeste, 33 to 16, and Grand Prairie eliminated Campbell, 34 to 26. Penelope turned back Quinlan, 19 to 12, while its semi-finals opponent, Savoy, was idle, having won its quarter-final game on the opening night.

Two games are scheduled for the consolation bracket today, Lone Oak vs. Campbell and Miller Grove vs. Quinlan.

In the one consolation game yesterday Lone Oak defeated Yantis 26 to 21.

CUBS BEAT BROWNS

LOS ANGELES, March 15—(AP)—Bill Nicholson and Andy Pafko socked homers for the Chicago Cubs yesterday to help defeat the Browns, 6-7. Today Russ Meers and Paul Erickson are slated to pitch against the St. Louis American leaguers.

LOSE FOUR STRAIGHT

LAKELAND, Fla., March 15—(AP)—Beaten in four straight exhibitions, the Detroit Tigers are hoping pitchers Hal Newhouser and Dizzy Trout can whip Cincinnati here today. The Tigers have been rained out two straight days.

RAGBY STARTS

SARASOTA, Fla., March 15—(AP)—Pitcher Jim Bagby, jr., will make his 1946 debut for the Boston Red Sox today against the New York Yankees. He is slated to work three innings.

THREE JOBS FILLED

ANAHEIM, Calif., March 15—(AP)—All but three positions are still open on the St. Louis Browns. The three assured regular posts are Frank Mancuso, catcher; Johnny Berardino, second base; and Vern Stephens, shortstop. "If Stephens snags his holdout," Manager Luke Sewell adds.

Garden Coaches Name Milkan, Kok, Kurland on Five

By FRANK ECK
AP Newfeatures Sports Writer
NEW YORK—George Mikan did it again! DePaul's brilliant six-foot-nine senior has been named the outstanding basketball player to invade Madison Square Garden this season.

The five New York coaches who saw him tally 33 points—the season's individual high—against LIU, were unanimous in picking the Chicagoan for the AP Newfeatures third annual all-invading Garden team.

Selection of the bespectacled center marks the third time he has made the team. His 53 points against Rhode Island State during the 1944-45 campaign still stands as the Garden's all-time high.

All-GARDEN TEAM
George Mikan, DePaul.
Milo Komenich, Wyoming.
Bob Kurland, Okla. A. & M.
George Kok, Arkansas.
Harry Donovan, Muhlenberg.

George Ratterman, Notre Dame; Don Otten, Bowling Green; Jack Tingle, Kentucky; Kenny Sailors, Wyoming; Mel McCaha, Arkansas. Coaches who participated in the voting were Clair Bee of LIU, Howard (Jake) Conn of NYU, Nat Holman of CUNY, Joe Lapchick of St. John's and John (Honey) Russell of Manhattan, Ned Irish, Garden executive vice president and basketball director, and the writer also named teams.

The team also included Bob Kurland, seven-foot center from the Oklahoma Aggies who was a reserve on the two previous teams; Milo Komenich, Wyoming center; George Kok, Arkansas center, and Harry Donovan, Muhlenberg guard. The quietest averages six-foot-seven plus. Donovan, six-foot freshman who tallied 24 points against St. Francis of Brooklyn, is the only player under six-eighths. Like Mikan, Kurland and Komenich are seniors. Kurland scored 19 points against LIU in the Garden. Komenich made 22 against LIU and Kok had 15 in Razorbacks games dropped a 63-62 decision to NYU. Taking the five giants collectively, they rolled up 112 points in the Garden this season.

Bee's team would include a fifth center, Don Otten, elongated Bowling Green star, who is two inches shy of seven feet. Otten made 14 points at the expense of LIU.

"Give me the five biggest men possible," says Bee. "I don't need any reserves. With a team like that if one guy gets hurt he won't be missed." Such a club would average six-nine plus.

Selection of the All-Garden team was made after 21 regularly scheduled doubleheaders which attracted an average of slightly better than 18,000 fans. Players from 33 invading teams were eligible. Athletes from New York colleges were excluded.

Mexican League Is Looking for Umpires

BOSTON, March 15—(AP)—The Mexican league is reported bidding for unattached umpires with experience in the higher class of organized baseball. Gene Sullivan, former empire in the Eastern league, said he had rejected an offer of \$4,600 a season and all expenses to do his mask and pads across the Grande.

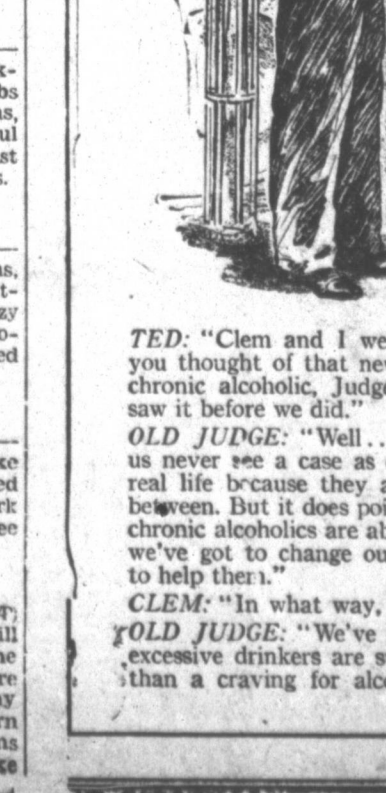

WEISER IS REGULAR

DAYTONA BEACH, Fla., March 15—(AP)—Pete Weiser has been named regular centerfielder for the Brooklyn Dodgers this year.

THE OLD JUDGE SAYS...

TED: "Clem and I were wonderin' what you thought of that new movie about the chronic alcoholic, Judge. Understand you saw it before we did."

OLD JUDGE: "Well... it's true most of us never see a case as extreme as that in real life because they are so few and far between. But it does point out one thing... chronic alcoholics are abnormal people and we've got to change our ideas about how to help them."

CLEM: "In what way, Judge?"

OLD JUDGE: "We've got to realize that excessive drinkers are suffering from more than a craving for alcohol. According to

Scott's Scrap Book

By SCOTT RAFFERTY
Randall Clay has been chosen to an all-state cage team selected by coaches at the state tournament and compiled by Bill King of the Fort Worth Star-Telegram sports staff.

Also chosen was Paul Carroll of the Amarillo Sandies. The two were on the Class AA team of 10 players. Clay was a forward and Carroll a guard.

Which brings to mind the old gripe about the method of choosing the official all-state team. We would be willing to bet that a basketball team selected from over the state on the basis of vote could beat the pants off a team selected only from the eight teams in the state tournament, the way it is done now.

During the past season, over 100 teams were in the official Class AA state race—or over 500 first string boys. But, only about 40 of those first stringers were in the state meet—yet each one of those 40 had a chance to make the all-state team, leaving out 460 others, many of whom deserved all-state mention.

We propose that the all-state team be picked by a poll of the coaches and writers just as the football representative. Also, place ten boys on the squad, as King did so it won't be too confining.

Here are the all-state teams in the three classes which were chosen by King.

Class AA—Randall Clay, Pampa; Jack Brown, Crozier (Dallas); Bill Weldon, Abilene, and Truett Mobley, Austin, forwards. Marcus Freiberger, Greenville, and Bill Hickman, Jeff Davis (Houston), centers. Truman Sewell, Stratford; Conky Cox, Johnson City; Bill Washington, Flomot, and Roy Malone, Stratford, guards.

Class A—Jess Clardy, Levelland; Bill Huffman, Pasadena; Junior Carrington, East Mountain, and Bill Henry, Pasadena, forwards. Travis Cleveland, Quitman, and Donald Gilbreath, Bowie, centers. Robert Moore, Pasadena; Irby Necessary, Gatesville; Floyd Somers, Brenham, and Keith Flowers, Perryton, guards.

Class B—Billy Shipp, Priddy; Deryle Turnbow, Perrin; Bob Lattick, Abertahy, and Charley Orbanowich, Edgewood (San Antonio), forwards. Bill Darnell, Blossom, and Keney Pemberton, Stratford, centers. Bill Sewell, Stratford; Conky Cox, Johnson City; Bill Washington, Flomot, and Roy Malone, Stratford, guards.

Indians To Play Intra-Squad Tilt At Tyler Today

TYLER, Texas, March 15—(AP)—The Oklahoma City Indians of the Texas league, holding their spring training here, will play their first intra-squad game today to give Manager Roy Schalk his initial glimpse of the talent under game conditions.

The Indians are finishing up their first week of training and will play an exhibition game here Sunday against the Memphis Chicks of the Southern association who are training at Henderson.

Gilbert Brack, slugging center fielder back from the navy, arrived yesterday and took a full work-out in the afternoon. In 1942, the last season Brack was in the Texas league, he hit .330 in 32 games, went to Jersey City and then to the navy. Another former Texas leaguer, John Tate, righthanded pitcher who played with Beaumont, also is here.

Approximately 90 percent of the players are ex-servicemen ranging in age from 19-year-old Dale Grove, Southpaw pitcher who will work in the intra-squad game today, to Brack, who is 38.

This is Schalk's first year in the Texas league. He was with the White Sox in 1944 and 1945. He plans to play second base regularly for the Indians.

Texas Swimmers Are Winners Over Aggies

AUSTIN, March 15—(AP)—The University of Texas swimmers took first in seven events to defeat the Texas A. & M. mermen here yesterday 49 1/2 to 43 1/2 in a dual meet.

Joe Demmer, who was a member of the Longhorn's 1942 team before entering the service, won the 50 and 100-yard free style events and swam on the winning 400-yard relay team, to amass 11 1/4 points for top individual scoring honors.

More than 2,700 persons were enrolled in Red Cross National Aquatic courses at 23 schools in 1945.

ORDINANCE NO. 264

AN ORDINANCE WHEREBY THE CITY OF PAMPA, TEXAS, AND THE TEXAS GAS AND POWER CORPORATION AGREE THAT THE TEXAS GAS AND POWER CORPORATION SHALL CONTINUE TO ESTABLISH, INSTALL, MAINTAIN A SYSTEM OF GAS PIPES, MACHINERY, APPLIANCES, FIXTURES AND APPURTENANCES ALONG, ACROSS, ON, OVER, THROUGH, ABOVE AND UNDER ALL PUBLIC STREETS, AVENUES, ALLEYS, PUBLIC GROUNDS AND PLACES IN SAID CITY UNDER REGULATIONS AND RESTRICTIONS, AND THAT THE CITY SHALL RECEIVE AN ANNUAL PAYMENT THEREFOR BASED UPON THE GROSS RECEIPTS OF SAID TEXAS GAS AND POWER CORPORATION, ALL AS HEREIN PROVIDED.

WHEREAS, the Texas Gas and Power Corporation, hereinafter referred to as the "Gas Company," is now and has been engaged in the gas business in the State of Texas, and in accordance therewith, it and its predecessors have installed, established and maintained certain items of its plant and system in the City of Pampa, Texas, hereinafter referred to as the "City," for many years pursuant to such laws as have been granted it by the State of Texas, and subject to the exercise of such reasonable rights of regulation under the police power as have been lawfully granted by and under said laws to said City; and

WHEREAS, it is to the mutual advantage of both the City and the Gas Company that an agreement should be entered into between the Gas Company and the City establishing the conditions under which the Gas Company shall operate in the City. NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF PAMPA, TEXAS, THAT: SECTION 1 - CONSTRUCTION AND MAINTENANCE OF GAS PLANT, SYSTEM AND SERVICE.

The system of gas pipes, pipe lines, machinery, appliances, fixtures and appurtenances used in or incident to the giving of gas service and to the maintenance of the distributing business and system by the Gas Company in the City, shall remain as now constructed subject to such changes as under the limitations and conditions herein prescribed may be considered necessary by the City in the exercise of its lawful powers and by the Gas Company in the exercise of its business of furnishing a complete gas distribution service; and the Gas Company shall continue to exercise its right to place, install, remove, reconstruct, extend and maintain its said pipes and appurtenances as the business and purposes for which it is or may be incorporated may from time to time require along, across, on, over, through, above and under all the public streets, avenues, alleys and public grounds and places within the present limits of the City, and within said limits as the same from time to time may be extended, subject to the regulations, limitations and conditions herein prescribed.

SECTION 2 - SUPERVISION BY CITY OF LOCATION OF MAINS AND APPURTENANCES. All mains, meters, appurtenances and appliances shall be so installed that they will not impede the flow of water in any gutter or drain, and so that the ordinary water let-off with the ordinary travel along streets, alleys and walks. The location of all pipes, meters, equipment and appliances shall be subject to the reasonable and proper regulation, control and direction of the City Council or any City Officer or whom such duties have been or may be delegated. Any alteration, modification or relocation of the Gas Company's lines and equipment reasonably necessary to the use and development of streets and alleys by the City shall be done by the Gas Company at its expense, all within a reasonable time after demand.

SECTION 3 - STREETS TO BE RESTORED TO GOOD CONDITION. The surface of any street, alley, highway or public place disturbed by the Gas Company in building, constructing, renewing or maintaining its gas system and facilities shall be restored within a reasonable time after the completion of the work to as good condition as before the commencement of the work and maintained to the satisfaction of the City Council or of any City Officer to whom such duties have been, or may be delegated, for one year from the date the surface of said street, alley, highway or public place is broken by such construction or maintenance work, after which time responsibility for the maintenance shall become the duty of the City. No street, alley, highway or public place shall be blocked or encumbered for a longer period than shall be reasonably necessary to execute the work.

SECTION 4 - OPERATION AND MAINTENANCE OF GAS DISTRIBUTING SYSTEM. The Gas Company shall maintain its system in reasonable operating condition and good state of repair at all normal times during the continuance of this agreement. An exception to this condition is automatically in effect when service furnished by the Gas Company is interrupted, impaired or prevented by fires, strikes, riots, or other occurrences beyond the control of the Gas Company, or by flooding or other casualties beyond the control of the Gas Company, in any of which events the Gas Company shall do all things reasonably within its power to quickly and completely restore normal service.

SECTION 5 - FURNISHING GAS TO CONSUMERS. The cost of tapping lines for customers which shall include the tapping of the main and the construction of service pipe of proper size and capacity from such main to the property line of said consumer's premises, the installation of the customer's meter and the Gas Company, its successors and assigns, without charge to the customer, except that the Gas Company, its successors and assigns, shall not be required to extend its lines to any part of the City where there shall not be at least one customer for each one hundred fifty (150) feet of line required, including service lines. All other pipes and appliances installed on the customer's premises shall be furnished by the customer. The Gas Company, its successors and assigns, shall not be required to furnish gas to any person, corporation, or industry unless or until such person shall have received from the proper authorities of the City a certificate showing that such authority has inspected the pipes, appliances and fixtures on the premises to be supplied and that the same are in good order and condition and are safe and ready to be supplied with gas. The Gas Company, its successors and assigns, may discontinue furnishing gas to any customer when the inspector or other person authorized to act for the City shall give notice in writing to the Gas Company, its successors and assigns, that the customer's premises are improper or unsuitable for use in supplying gas or through the same until such customer shall have put the same in proper condition. The Gas Company, its successors and assigns, shall be notified in writing by such representative of the City to resume service.

SECTION 6 - ANNUAL CASH CONTRIBUTION TO BE PAID BY THE GAS COMPANY. To indemnify the City for any and all possible damages to its streets, alleys and public grounds which may result from the placing and maintenance therein or thereon of the Gas Company's pipes, pipe lines, meters, and other appurtenances, and to compensate the City for its superintendence of this agreement and as a cash consideration for the same, the Gas Company agrees to pay to the City annually, during the continuance of this agreement, a sum of money equal to five per cent (5%) of the annual gross receipts for the preceding year received by the Gas Company from the distribution of gas and gas services to consumers within the corporate limits of the City of Pampa. The first payment hereunder shall be made on the 31st day of July, 1946, and shall equal an amount five per cent (5%) of the gross receipts received from the effective date of this franchise to June 30, 1946, and thereafter payment shall be made annually on or before the 31st day of July covering the period up to July 1st of each year.

SECTION 7 - PAYMENT OF CASH CONSIDERATION TO BE IN LIEU OF ANY OTHER PAYMENTS EXCEPT USUAL GENERAL OR SPECIAL AD VALOREM TAXES. The City agrees that the consideration set forth in the preceding section shall be paid and received in lieu of any tax, license, charge, fee, street or alley rental, or other character of charge for the use and occupancy of the streets, alleys and public places of the City; in lieu of any inspection fee tax; in lieu of any easement or franchise tax, hereunder levied as an ad valorem, special or any other character of tax, and in lieu of any imposition or special ad valorem taxes now or hereafter levied. Should the City not have the legal power to agree that the payment of the foregoing cash consideration shall be in lieu of the taxes, licenses, charges, fees, rentals and easement or franchise taxes aforesaid, then the City agrees that it will apply so much of said payments as may be necessary to the satisfaction of the Gas Company's obligations, if any, to pay any such taxes, licenses, charges, fees, rentals and easement or franchise taxes.

SECTION 8 - PERIOD OF TIME OF THIS ORDINANCE - TERMINATION. This agreement shall be in force and effect for a full term and period of twenty (20) years from and after its effective date hereinafter provided.

SECTION 9 - NO EXCLUSIVE PRIVILEGES CONFERRED BY THIS ORDINANCE. Nothing herein contained shall be construed as giving to the Gas Company any exclusive privilege.

SECTION 10 - SUCCESSORS AND ASSIGNS. The rights, powers, limitations, duties and restrictions herein provided for shall inure to and be binding upon the parties hereto and upon their respective successors and assigns.

SECTION 11 - RECORDS AND ACCOUNTS. The Gas Company agrees to keep its records and accounts in accordance with good accounting practice, properly reflecting the true condition of said business, and such records shall be open to inspection at all reasonable times by any Certified Public Accountant employed by the City.

SECTION 12 - PARTIAL INVALIDITY AND REPEAL PROVISIONS. If any section, sentence, clause or phrase of this ordinance is for any reason held to be illegal, ultra vires or unconstitutional, such invalidity shall not affect the validity of the remaining portions of this ordinance. All ordinances, orders, agreements and parts of ordinances and agreements in conflict herewith are hereby repealed.

SECTION 13 - ACCEPTANCE OF AGREEMENT. The Gas Company shall have thirty (30) days from and after the passage and approval of this ordinance to file its written acceptance thereof with the City Secretary, and upon such acceptance being filed, this ordinance shall take effect and be in force from and after the date of its passage and approval by the Mayor and shall effectuate and make binding the agreement provided by the terms hereof.

SECTION 14 - RECAPTURE. Subject to all existing and future acts of Congress and the Legislature of the State of Texas and rules, orders and regulations made in pursuance thereof, the City of Pampa reserves the right to purchase from said Gas Company, its successors and assigns, at any time during the period covered by this contract that the City of Pampa may so desire, the said gas plant and distributing system within the City limits of the City of Pampa at a fair valuation thereof. For the purpose of enabling the City of Pampa in determining whether it desires to purchase that plant and system, the fair valuation to be determined by a board of appraisal consisting of three disinterested persons, all of whom shall be experienced in the valuation of public utilities, one of whom shall be chosen by the City of Pampa, one by the Gas Company, its successors and assigns, and the third by the two others selected as aforesaid. In this connection the Texas Gas and Power Corporation, being an appraiser within one hundred (100) days after written notice from the City to do so, and in the event it fails to so appoint said appraiser, any Judge of the United States District Court for the Northern District of Texas shall appoint an appraiser to serve for said Gas Company the same as though he had been selected by the Texas Gas and Power Corporation. In the event of the failure or refusal of the two appraisers representing the City of Pampa and the Gas Company, its successors and assigns, to agree upon the appointment of the third appraiser, then and in that event, either the City of Pampa or the Gas Company, its successors and assigns, or both, may apply to any Judge of the United States District Court for the Northern District of Texas, for the appointment of such third appraiser, and both the City of Pampa and the Gas Company, its successors and assigns, shall be bound by the selection so made. The valuation of the said gas plant and system within the City limits of the City of Pampa, shall be determined by the board of appraisers on the basis of reproduction cost new at the time of appraisal less a deduction to adjust the reproduction cost new of the various items constituting the gas plant and distributing system within the City limits of the City of Pampa, to the values indicated by their then condition, which then condition shall be determined by said board of appraisal, and reproduction cost shall be deemed to comprise all physical and tangible property, both real and personal, including all proper costs incident to the installation of said property in place. In the determination of the value of the said gas plant and

SECTION 15 - PRESSURE AND CONTENT.

At all times during the life of this contract, the Texas Gas and Power Corporation agrees to maintain throughout its system in Pampa, Texas, a minimum pressure of four (4) ounces and a maximum pressure of eight (8) ounces above atmospheric pressure, and the B. T. U. content of the gas furnished shall not be less than 950 B. T. U. per cubic foot.

SECTION 16 - TERMINATION OF PRIOR CONTRACTS. On the effective date of this contract, it is mutually agreed that the then existing franchise shall terminate and be of no further force and effect.

SECTION 17 - PUBLICATION. This ordinance shall be copied in its very words and figures, as hereinabove set forth, in the Pampa News, a newspaper published in the City of Pampa, Texas, said publications to be made once each week for three (3) consecutive weeks, which publications shall be made at the expense of the Texas Gas and Power Corporation, the applicant desiring such press, and the publication of said ordinance shall be made on the 15th day of March, 1946.

Passed and approved this 13th day of March, A. D. 1946. FARRIS C. ODEN, Mayor, J. ERNEST HOOD, City Secretary.

Attest: J. ERNEST HOOD, City Secretary. The terms and conditions of the above and foregoing ordinance are accepted by the Texas Gas and Power Corporation, this the 13th day of March, 1946. J. W. GARMAN, President, J. ERNEST HOOD, City Secretary.

Filed March 13, 1946. March 15, 22, 29.

CITATION BY PUBLICATION THE STATE OF TEXAS TO: T. L. Whisenunt. GREETING: You are commanded to appear and answer the plaintiff's petition as or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 15th day of April, A. D. 1946, at or before 10 o'clock A. M. before the Honorable District Court of Gray County, at the Court House in Pampa, Texas.

Said plaintiff's petition was filed on the 11th day of February, 1946. The file number of said suit being No. 8150. The names of the parties in said suit are: Jessie L. Whisenunt, as Plaintiff, and T. L. Whisenunt as Defendant. The nature of said suit being substantially as follows, to wit: Plaintiff will show to the court that defendant has been guilty of harsh, cruel and inhuman treatment of such nature as renders their further living together as husband and wife insupportable. If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 27th day of February, A. D. 1946. Given under my hand and seal of said Court, at office in Pampa, Texas, this the 27th day of February, A. D. 1946. (SEAL) DEE PATTERSON, Clerk District Court, Gray County, Texas. By Louise Stuart, Deputy.

NOTICE TO BIDDERS Bids will be received until 10:00 a. m. 21 March 1946 at the office of the Purchasing & Contracting Officer, Prisoner of War Camp, McLean, Texas, on 1 Air Compressor and 1 Paint Spray Outfit. This equipment may be seen between the hours of 8:00 a. m. and 5:00 p. m. until the above indicated date. Further information may be obtained by calling on the above indicated office.

NOTICE OF ELECTION

FOR THE ISSUANCE OF \$550,000.00 COUNTY HOSPITAL BONDS

STATE OF TEXAS COUNTY OF GRAY TO THE RESIDENT QUALIFIED ELECTORS OF GRAY COUNTY, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID COUNTY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

Take notice that an election will be held on the 30th day of March, 1946, in Gray County, Texas, to determine whether or not bonds shall be issued by said county, in the amount of Five Hundred Fifty Thousand Dollars (\$550,000.00) for the purpose of establishing and equipping a county hospital and for all necessary permanent improvements and buildings in connection therewith, and whether or not a tax shall be levied upon all taxable property within said county sufficient to pay the interest on said bonds and to provide a sinking fund sufficient to pay the principal at maturity, in accordance to the Election Order entered by the Commissioners' Court of Gray County, Texas, on the 11th day of March, 1946, and which order is as follows, to-wit:

ELECTION ORDER

\$550,000.00 GRAY COUNTY HOSPITAL BONDS

On this the 11th day of March, 1946, the County Commissioners' Court of Gray County, Texas, convened in regular session, at the regular meeting place thereof at Pampa, Texas, all members of the Court, to-wit:

- Sherman White, County Judge, presiding; and
- Joe Clarke, Commissioner, Precinct No. 1;
- Wade Thomasson, Commissioner, Precinct No. 2;
- Thos. O. Kirby, Commissioner, Precinct No. 3;
- C. M. Carpenter, Commissioner, Precinct No. 4;

being present, and among other proceedings had by said court, were the following:

The County Judge submitted to the court the following order:

Whereas, a petition has been duly presented to the Commissioners' Court of Gray County, Texas, wherein the petitioners, alleging themselves to represent more than ten per cent (10%) of the resident qualified property taxpayers of said County of Gray County, Texas, who have duly rendered their property for taxation, and praying this court to order that an election be held in said county on the 30th day of March, 1946, to determine whether or not the bonds of said county shall be issued in the total principal sum of Five Hundred Fifty Thousand Dollars (\$550,000.00), bearing interest at the rate of not exceeding two and one-half per cent (2½%) per annum, and to mature serially within any given number of years not to exceed twenty (20) years from the date thereof, for the purpose of establishing and equipping a county hospital and for all necessary permanent improvements and buildings in connection therewith, and to determine whether or not a tax shall be levied on all taxable property within said county sufficient to pay the interest on said bonds and to provide a sinking fund sufficient to pay the principal thereof at maturity, and whereas, this court upon due advice and investigation, has ascertained and determined that said petition is signed by more than ten per cent (10%) of the resident qualified property taxpayers of Gray County, Texas, who have duly rendered their property for taxation, and that such petition should be granted, and that the election should be ordered; therefore,

Be it ordered by the Commissioners' Court of Gray County, Texas: That an election be held in said county on the 30th day of March, 1946, which date is not less than fifteen (15) nor more than thirty (30) days from the date of the adoption of this order, at which election the following proposition shall be submitted to the principal voters who own taxable property in said county and who have duly rendered the same for taxation, for their action thereupon:

"Shall the Commissioners' Court of Gray County, Texas, be authorized to issue the bonds of said county in the total principal sum of Five Hundred Fifty Thousand Dollars (\$550,000.00) to mature serially within any given number of years not to exceed twenty (20) years from the date thereof, bearing interest at the rate of not to exceed two and one-half per cent (2½%) per annum, and to levy a tax sufficient to pay the interest on said bonds and create a sinking fund sufficient to pay the principal thereof at maturity for the purpose of establishing and equipping a county hospital and for all necessary permanent improvements and buildings in connection therewith, pursuant to authority conferred by the Constitution and laws of the State of Texas, particularly Section 9, of Article 8, of the Constitution, and Chapter 1, Title 22, and Chapter 5, Title 71, Revised Civil Statutes of 1925?"

That the said election shall be held under the provisions of the Constitution and laws of the State of Texas, particularly Chapter 1, Title 22, Revised Civil Statutes of 1925, and all persons who are legal voters of said Gray County, Texas, and who are resident property taxpayers of said county, and who have duly rendered their property for taxation, shall be entitled to vote at said election.

All voters desiring to support the proposition shall have written or printed upon their ballots the words: "For the issuance of bonds, to-wit: \$550,000.00 county hospital bonds and the levy of taxes in payment thereof."

Against the issuance of bonds, to-wit: \$550,000.00 county hospital bonds and the levy of taxes in payment thereof."

The polling places and presiding officers of said election shall be,

respectively as follows:

- Pct. 1. E. J. Pafford, Lefors School Bldg.
- Pct. 2. Charlie Burton, Baker School.
- Pct. 3. Jim McCracken, Grandview School.
- Pct. 4. W. J. Ball, Ball Residence.
- Pct. 5. W. T. Wilson, City Hall, McLean.
- Pct. 6. Walter Jones, Laketon School.
- Pct. 7. Jess Goad, Farrington School.
- Pct. 8. Earnest Vanderburg, Hopkins School.
- Pct. 9. Gus Green, Woodrow Wilson School.
- Pct. 10. Arthur M. Teed, Court-house, Pampa.
- Pct. 11. Leroy Franks, Storebuilding, Kingsmill.
- Pct. 12. Ervin Cole, Oddfellows Hall.
- Pct. 13. C. O. Gilbert, Community Hall, Phillips Camp.
- Pct. 14. N. M. Kite, Horace Mann School.
- Pct. 15. George Dean, Old American Lexion Hut.
- Pct. 16. H. L. Ledrick, Rose Motor Company.
- Pct. 17. J. E. Kirby, Cubine Building, McLean.
- Pct. 18. Mrs. E. E. Gething, Webb School.

The manner of holding said election shall be governed by the General Laws of the State of Texas regulating general elections.

A copy of this order, signed by the County Judge of said county and certified to by the County Clerk of said county, shall serve as proper and sufficient notice of said election.

Notice of said election shall be given by posting and publishing a copy of this order, at the top of which shall appear the words, "Notice of Election for the Issuance of \$550,000.00 County Hospital Bonds."

Said Notice shall be posted in each of the Election Precincts of the County of Gray, and at the Court-house, not less than fourteen (14) days prior to the date on which said election is to be held, and shall be published on the same day in each of two successive weeks in a newspaper of general circulation published in the County of Gray, the first of said publications to be not less than fourteen (14) days prior to the day set for said election.

Passed and approved, this the 11th day of March, 1946.

SHERMAN WHITE, County Judge, Gray County, Tex.

JOE CLARKE, Commissioner of Precinct No. 1

WADE THOMASSON, Commissioner of Precinct No. 2

THOS. O. KIRBY, Commissioner of Precinct No. 3

C. M. CARPENTER, Commissioner of Precinct No. 4

The above and foregoing order being read it was moved by Commissioner Thomasson and seconded by Commissioner Clarke, that the same do pass. Thereupon, the question being called for, the following members of the said court voted "Aye": Commissioners Clarke, Thomasson, Kirby and Carpenter; and the following voted "No": None.

Minutes approved, this the 11th day of March, 1946.

SHERMAN WHITE, County Judge, Gray County, Tex.

JOE CLARKE, Commissioner of Precinct No. 1

WADE THOMASSON, Commissioner of Precinct No. 2

THOS. O. KIRBY, Commissioner of Precinct No. 3

C. M. CARPENTER, Commissioner of Precinct No. 4

ATTEST: CHARLIE THUT, County Clerk and Ex-Officio Clerk of the Commissioners' Court of Gray County, Texas.

In witness whereof, I have hereunto signed my name officially and affixed the seal of the Commissioners' Court of Gray County, Texas, this the 11th day of March, 1946, pursuant to authority given by law and the above order of the Commissioners' Court of said county.

SHERMAN WHITE, County Judge, Gray County, Tex. (Com. Court Seal)

ATTEST: CHARLIE THUT, County Clerk and Ex-Officio Clerk of the Commissioners' Court of Gray County, Texas.

I, Charlie Thut, County Clerk and Ex-Officio Clerk of the Commissioners' Court of Gray County, Texas, do hereby certify that the foregoing is a true and correct copy of the original Notice of Election on file in my office.

(SEAL) CHARLIE THUT, County Clerk and Ex-Officio Clerk of the Commissioners' Court of Gray County, Texas.

Production of Cotton Oil Down

WASHINGTON, March 15.—(AP)—The census bureau has reported that cottonseed crushed in the seven-month period Aug. 1 to Feb. 28 totaled 2,871,718 tons, compared with 3,132,771 tons in the corresponding period a year ago.

Cottonseed on hand at mills Feb. 28 totaled 482,006 tons, compared with 1,066,564 tons in the corresponding period a year ago. Crude oil produced, 630,541,000 pounds, compared with 965,762,000 pounds in the corresponding period a year ago; and on hand 105,255,000 pounds, compared with 15,919,000 a year ago. Refined oil produced 707,898,000 pounds, compared with 773,645,000 and on hand 406,486,000 compared with 328,976,000.

Cake and meal produced, 1,178,491 tons, compared with 1,437,410 and on hand 56,901 tons, compared with 94,272.

REPORT NO RECORD AUSTIN, March 15.—(AP)—The state department of public safety said today it had no record or report of the disappearance of four Mexicans in South Texas in 1939 as reported in a Mexico City dispatch.

Texas Today

By JACK RUTLEDGE Associated Press Staff

Ken McClure of San Antonio's radio station WOAI telephoned the other day and said there was a horse in his studio. Nearby was a man chained to a piano madly bating out new tunes.

Therein lies a tale. Not about the horse and musician, which was just another publicity gag, but about McClure.

He started as a news announcer in 1932 and says he is the first of the clan in the South. When radio was young and you didn't expect much besides canned music and static, he and another man secured and broadcast the confession of a murderer, setting off one of the worst riots in a Louisiana city's history. He said it taught him a lesson.

He was taken for a ride by Chicago hoodlums. He lived, probably because he managed to convince the gangsters it was a case of mistaken identity. He says today that he just looked like another criminal.

He went to England, kidded the British and had his cables censored. He gets along with newsmen better than most radio news announcers and editors because when he has a good yarn he calls the papers, then goes to work on it himself. He says news has no business being exclusive.

Baggy-eyed, 44, long-faced and with curly red hair, he is known as the dean of Texas commentators. He is also known for his gags.

Remember the barking spiders? An Eagle Pass dentist wrote Ken that barking spiders were keeping him awake at night. Ken had some shipped to San Antonio.

The spiders wouldn't bark for him, although he followed the doctor's orders, kept them in the dark and all. Ken's relatives said they could hear the barking, all right, so he took a spider to the studio, put it on a microphone, turned out the lights and had a wide audience gasping for what might happen next. Nothing did.

Scientists heard of it and began coming to Alamo City to investigate. Ken says humor and science got all messed up and he was glad to drop the matter. However, the scientists said the spider was a new specie.

Ken is still going strong. You don't know what to expect next. He's working on two books, some short stories, hatching new promotion stunts, and for relaxation writes poetry which he admits is slightly on the shady side and for friends only.

His radio style is all his own—he just talks. He says a dog standing watch over a sewer drain in Denton is more interesting to Texas listeners than a war in Manchuria. He usually winds up a newscast with something about dogs or sunsets or the price of girdles in Africa. He says it's corny, but fun.

In these days of standardized newscasts there's just one Ken McClure.

Thank goodness.

Four years ago a Valley man named Pablo Zamora, Jr., was turned down by the army. He decided to help the war effort—and himself—by farming. He borrowed \$200 and bought some land. Today he is worth \$20,000, owns 40 acres of land that he farms and has paid for with crops, is erecting a \$5,000 building at Penitas for a feed and seed store, owns an equity in another 50 acres and is farming 100 acres more than he is renting. He has bought \$3,000 worth of equip-

Adding Yeast To Home Cooking Suggested Today

By HOWARD BLAKESLEE ATLANTIC CITY, March 15.—(AP)

One way for American housewives to make up for the 40 per cent cut in wheat and 29 in fats for the starving people overseas, is to add yeast to many of their home-cooked dishes.

Experiments showing that this addition of yeasts is both palatable and one of the greatest improve-

Petit, Paris, France, for pictures of the town and copies of newspaper "notices of the rodeos in your town of which GI friends spoke so magnificently."

Mayor Joe Farris is trying to dig up old pictures and stories of the rodeo. Publisher Ernest Hayley and Photographer Kent Bellah are helping.

One hundred years ago Cameron, Texas, was born. Cameron is planning a centennial celebration tentatively set for May 13-14.

The actual birthdate is May 12. Oxsheer Smith, bank president, is director of this year's celebration. Henceforth, civic leaders say, they'll hold a birthday party every year.

A few days ago a motorist in Midland drove up in his car, parked it, casually climbed out, then discovered the automobile was on fire.

But he had parked in exactly the right place. He was in front of the fire department. Firemen promptly put out the fire with foam.

Nervous Japanese Arouses Suspicion

YOKOHAMA, March 15.—(AP)—A nervous Japanese, laden with a satchel and waiting for a streetcar, attracted the suspicion today of two military policemen, Pfc. P. Lyle Hageman of Swederburg, Neb., and Pfc. David L. Vaughn of Petersburg, Va. (1312 West Washington St.)

The Japanese fledged, shifting from one foot to the other. Interrogation developed he was a postal messenger, taking money from one postoffice to another.

Asked by Lt. Lloyd Read of Lubbock, Texas, (2010 Avenue "L") whether his employers gave him any protection, the Japanese explained the cause of his nervousness: "No. They only gave me a street car ticket."

Professor Sure proposed a further addition to American diets of more soy beans or soy bean flour. In animal tests Professor Sure reported the soy beans better nutritionally than many of the popular wheat and grain foods.

13 Cars Are Stolen From Unlucky Man

PHILADELPHIA, March 15.—(AP)—Elmer Miller made another trip to the police station today and it was the same old story—his car had been stolen again.

Police had located the auto, stripped of its accessories and out of gasoline. Miller said he now has had 13 automobiles stolen. Three times they were found wrecked and on the other occasions were abandoned with empty gas tanks.

Soviet Papers Blast American Pressure

MOSCOW, March 15.—(AP)—Articles attacking American businessmen and politicians in Korea and the continued presence of United States troops in Egypt were printed yesterday in soviet newspapers.

In an article in Pravda, communist party newspaper, V. Smolenski described Dr. Syngman Rhee—who recently returned to Korea after 33 years of Japanese-imposed exile—as the leader of a group of Korean landowners and industrialists seeking to grab governmental power in Korea and control over mining enterprises there.

Smolenski said Dr. Rhee had "directed his main effort toward establishing contact with anti-soviet feeling in American circles and seeks "American support and help."

'A' ENERGY RESEARCH

MOSCOW, March 15.—(AP)—Pravda said today that atomic energy research would play a huge role in Russia's new five year plan.
