Cardinal Glennon Dies; Body To Be Flown To St. Louis

DUBLIN, March 9.—(AP)—Catholic Ireland mourned tonight for John Cardinal Glennon of St. Louis and planned homage to the patriarchal prince of the church who died this morning in his native land just 19 days after his elevation to the sacred college of cardinals.

The body of the 83-year-old churchman lay in state tonight in the presidential mansion. It will be borne by air for burial in a crypt in the St. Louis cathedral.

His body will lie in state until Monday in the chapel of All Hallows College in Dublin.

At Mullingar, the cardinal's diocese, a solemn requiem high mass will be celebrated Wednesday. On Wednesday afternoon the cortege will continue to Rineanna and Shannon airport. The body will be flown to the United States in a TWA constellations plane.

Many of Ireland's great and humble bowed in tribute to the cardinalate hier in the historic state mansions. American, Irish and Papal flags fluttered at half staff for the one-time Irish missionary who rose in the United States to his princely rank in the Roman Catholic church.

CHINESE PILOT KILLED
SAN ANGELO, March 9.—(AP)—A Chinese student pilot, member of class 40-E, Goodfellow Field, was killed in an air collision of two training planes at an auxiliary field near here today.

The pilot of the other plane, also a Chinese student, landed safely on a private field. The body of the other is being sent to Fort Bliss for burial.

Government Blasted As Instrumentality Of Favoritism, Etc.

WASHINGTON, March 9.—(AP)—Rep. Hatton W. Summers (D-Texas) a veteran of 34 years in congress, today called the federal government an instrumentality of favoritism, tyranny, oppression and corruption as he announced he would not seek reelection.

Summers, 70-years old and long-time chairman of the house judiciary committee, said in a statement: "I have watched what my own generation, under administration of both parties, has been doing to the greatest system of democratic government ever evolved through the processes of the ages."

"By ignoring principles and the lessons of history, and accepting the theories of men and political expedience for our guidance, we have made vassals of our people."

"By concentration of governmental power and drifts upon the federal treasury, we have now a financially 'busted' great pile-up mass of governmental confusion beyond human comprehension, impossible of democratic control, extravagant, wasteful, inefficient, and by its nature the instrumentality of favoritism, tyranny, oppression, and corruption, and the destroyer of the self-reliance and self-respect and governmental capacity of the people, qualities without which no people can remain free."

The Texan added that hope for a brighter future lies in recognition by the people of a "common danger and a common duty."

MOVIE FAN
CHICAGO, March 9.—(AP)—George Avery, 9, who returned home last night after being missing since noon Tuesday, explained his absence to his mother, Mrs. Doris Avery. He had gone to a couple of movies and stayed over night at a friend's house.

George's father, Vincent, is assistant manager of a movie house.

Cloud of Suspicion Hangs Over International Affairs

Disturbing the Peace--Charge Against Vets

WHEELER, March 9.—For disturbing the peace in Wheeler by "shooting up" the Watson hotel Tuesday afternoon, two veterans, John Sloss and Eugene Young, both of Wheeler, are to appear before the Wheeler county grand jury which meets in April, said Jess Swink, Wheeler county sheriff, yesterday.

Both men were reported to have been taken to a Berger hospital, following a car accident just west of Wheeler shortly after the disturbance occurred. Sheriff Swink said one man suffered a broken shoulder and broken ribs, and that the other suffered head injuries.

A charge of driving while intoxicated was filed against the driver. The fine has been paid.

The shooting in the Watson hotel, where the two boys lived, occurred in the lobby where about 18 persons were gathered. No one was injured. Management at the Watson reported that no damage was done to the hotel.

Sloss and Young had secured a couple 22 revolvers, said Sheriff Swink, and were evidently under the influence of liquor. The two men lined up the 18 persons in the hotel. One man, who did not react promptly enough, "received a bullet through his hat. Another man held up a quarter. It shot from his hand."

Henry S. Goodner of Pampa was one of the persons in the hotel lobby at the time of the shooting.

A third man was reported to have been with Sloss and Young during the shooting.

UNRRA Meeting In Philadelphia Faces Big Task

WASHINGTON, March 9.—(AP)—The 47 nations which are members of the United Nations relief and rehabilitation administration will gather at Atlantic City March 15 to seek means to apportion the world's short food supply as fairly as possible.

The conference brings UNRRA back to the city where it was organized three years ago.

It expects, desperate pleas for more food from delegates of the nations where malnutrition is widespread and starvation threatens; Poland, Czechoslovakia, Greece, Byelorussia, the Ukraine, Italy, Albania, China, India, and the Philippines.

The answers must come from the only nations with food surpluses: The United States, Canada, Australia, New Zealand, and Brazil.

34 Persons Killed, Scores Injured in Sports Disaster

BOLTON, England, March 9.—(AP)—At least 33 persons were killed and scores injured in Bolton's worst sports disaster today when two retaining barriers collapsed in a soccer stadium grandstand, tumbling hundreds of screaming spectators forward and piling bodies four deep.

The barriers collapsed shortly after the start of the championship match attended by a record crowd of more than 70,000 persons.

Thirty-three bodies were counted about the big pro-war Italian colonnade. The United States and Great Britain took the position last fall that they should be placed under United Nations trusteeship for a limited period. Russia held out for a system of individual trusteeships, and maneuvered for control of Tripoli.

Italy—the difficulty centers chiefly around what should be done about the big pro-war Italian colonies. The United States and Great Britain took the position last fall that they should be placed under United Nations trusteeship for a limited period. Russia held out for a system of individual trusteeships, and maneuvered for control of Tripoli.

Both Iran and the United States have lodged protests at Moscow against Russia's failure to withdraw Red army forces from Iran.

See BIG THREE MEET, Page 8

Wage-Price Policy Is Not So Simple Now

WASHINGTON, March 9.—(AP)—The government's wage-price policy is not so simple now.

Between Aug. 17 and Feb. 14—two dates to remember—the policy roughly was this:

You could raise wages without government okay, unless you wanted to use that as a basis for raising prices, too.

In that case you had to get the wage stabilization board's approval on the day raise before asking OPA permission to raise prices.

You could still raise wages without government approval if you didn't use the raise as an excuse for seeking price relief.

And if you raise wages between Aug. 17 and Feb. 14 automatically you can go direct to OPA for higher prices. You don't need the board's approval on your wage-raise.

But this week the stabilization board has outlined its new policy. Remember: Hereafter in the story any pay increase mentioned means the boss wants to use them as a basis for seeking higher prices.

No. 1's standard wages. The board considers wage below 55 cents an hour substandard. You can raise them to 55 cents and go direct to OPA without seeking board approval on the raise.

No. 4 wage "patterns" within an industry.

Suppose your company is part of an industry—perhaps the furniture industry—and you want to raise wages. You ask board approval. The board will examine raise given within that industry between Aug. 17 and Feb. 14.

The board will decide what it considers the fair "pattern" established within the industry.

No. 3's pay raises. Suppose a company, which is really not part of a big industry, wants to raise wages. If no industry pattern is to be found, the board can look for a precedent.

See WAGE-PRICE, Page 8

Senae Ready to Lay Down A-B-C Rules on Agencies

WASHINGTON, March 9.—(AP)—The senate is about ready to lay down 1-2-3, A-B-C regulations on what government agencies can do and what the people can do if they don't like it.

The legislation, introduced by Sen. McCarran (D-Nev.) is designed to standardize rules, and regulation which apply to activities of government agencies, such as the office of price administration, the civilian production administration and others.

A somewhat similar measure was passed in 1940 but vetoed by President Roosevelt.

These are some of the regulations which would be placed upon government agencies:

1. Every agency shall publish in the federal register its rules and no person shall in any manner be required to resort to organization or procedure not so published.

2. General notice of proposed rule-making shall be published together with the time, place and nature of the proceedings, and interested persons shall have an opportunity to participate.

3. Except in cases where judicial review is prohibited by statutes, "any person suffering legal wrong because of any agency action, or adversely affected or aggrieved by such action within the meaning of any relevant statute, shall be entitled to judicial review thereof."

4. Qualified examiners—"as many as may be necessary"—shall be appointed to take evidence, administer oaths, issue subpoenas and make decisions or recommendations.

Ice Floes Crush Lakeside Homes

BAY CITY, Mich., March 9.—(AP)—Sweep inshore by strong wind gusts, huge ice floes moved glacially beach resorts before dawn today, crushing a community of cottages under a weighty impact.

In the wake of the break ice rampage were 46 destroyed summer homes on fashionable Killarney and Riemo beaches. Eleven others were damaged.

The gigantic floes were lifted onto the shore by wind and water and cracked into tumbling blocks that ground cottages off their foundations. Some piled as high as 40 feet.

No injuries were reported. Police said one family only partially clad was removed from danger by neighbors.

HEARING SCHEDULED
AUSTIN, March 9.—(AP)—The board of insurance commissioners will hold a public hearing March 19 to take testimony on matters relating to automobile rates.

Uprising of Communists Is Now Feared

SHANGHAI, Sunday, Mar. 10.—Russian troops have withdrawn completely from Mukden but the situation there is tense with fires of undetermined origin raging and c communist uprising feared, the Chinese Central news agency reported today.

The agency dispatch said alleged Chinese communist forces were active in the suburbs and it was feared they might attempt to seize control of the hungry, sprawling city of 2,000,000.

GARRISON DUTIES
Before evacuating the city the Russians turned over their garrison duties to the Chinese. A Chinese central government force of some 14,000 men has been in Mukden for some weeks, but until the Russian evacuation was restricted to a limited section of the city and actual control has been in Russian hands.

Trailloads of Russian troops from Mukden already have arrived in Chungking on the Manchurian capital, the Central News said.

TROOPS MOVE NORTH
It said the Soviet withdrawal with Mukden began Thursday and was completed yesterday, with the bulk of the troops moving northward.

High Chinese quarters in Chungking said they did not regard the Mukden evacuation as necessarily indicating a general Russian withdrawal from Manchuria. These quarters, declining to be quoted by name, said they had not received any information so far suggesting that a general withdrawal was under way and that until they did so they would not be too optimistic.

Nevertheless the news that Manchuria's largest city was in Chinese hands again after almost 1 1/2 years of foreign occupation was greeted with relief in Chungking.

Chinese reports said that 560 central government officials assigned to take over administration of the vast territory would be at their posts by Monday. They are being flown.

GOPs, Southern Demos Organize For OPA Fight

WASHINGTON, March 9.—(AP)—A large group of southern democrats and republicans teamed up today in an organized bid for control of congress.

Their leaders disclosed formation in the house of an informal ten-member committee to recommend a course of action. They said a similar organization is planned in the senate.

Their immediate goal is to whittle down the powers of OPA, but the political and legislative potentialities are much broader.

The committee has been instructed to draft a substitute for pending legislation continuing the agency beyond its June 30 expiration date. If the OPA drive succeeds, many of the group plan to extend their joint activities to other fields, and gradually assume the driver's seat on nearly all important legislation.

Actually, GOP-southern democratic coalition has been functioning for some years and frequently it has been the deciding factor on major issues.

Many of the group teamed up in recent passage by the house of the strike control bill by Rep. Case (R-S.D.) and in diluting the administration's emergency housing measure.

But in the past the coalition always has been a loosely-knit group with no specific leaders or organization. Largely the members just voted alike because they thought alike.

Rep. Hartley (R-N.J.), chairman

NEW SUPER-CARRIER MIDWAY 'LOOKING FOR TROUBLE'

ABOARD THE U. S. S. MIDWAY OFF GREENLAND, March 9.—(AP)—Founding seas buffeted and damaged the new super-carrier Midway as she ploughed northward today for test maneuvers in Arctic waters.

Great waves based in two of the hangar deck's roller curtains—the Venetian-blind-like doors in the ship's side just beneath the flight deck.

The damaged sections were shored up with timbers and airtie irons, and similar bracing was ordered as a precaution for other opening ports on the hangar deck level.

The weather was getting no better and there was some expectation that the Midway would counter zero temperatures by Saturday night. A driving snow storm set in, resulting in an order for escorting destroyers to steam in single line to lessen the possibility of collision in the low visibility.

Preparations went ahead meanwhile for the first full scale test sub-arctic conditions.

Panhandle Area Price Meeting Held in Pampa

The Gray county area price control board was host to other Panhandle district boards at a price meeting conducted Wednesday by E. E. Gose and Alton J. Taylor, OPA officials of the Fort Worth district office. E. F. Dawkins of Lubbock

and Roy Kessie of Amarillo, district board supervisors of the Panhandle area, assisted with the meet. Various phases of price control were discussed with emphasis placed on panel procedure. Gose, assistant district price board executive, stated, "Now that all rationing is over except sugar, which is being issued from the district office, the local price board can devote its entire time to price control. Without price control the cost of living would increase to such an extent that the average salary would not be sufficient to meet the added expense and many savings would have to be used." He said further that the money people have been saved on the price of sugar alone has far more than paid the entire cost of OPA.

Taylor enforcement coordinator, spoke on the prices the public is expected to pay and the procedure to be used by the public in case of overcharges. He stated that price control boards are operated for the benefit of the public and the board should be contacted for help on any price problem.

"The OPA was set up to protect businessmen and consumers to operate legitimate businesses against those less conscientious," Taylor stated. The meeting was arranged by R. E. McKenna, general chairman of the local board.

Those attending were Mrs. Nina Spooner, Mrs. Lola Lard and Mrs. Mildred Havel of the Gray, Roberts, Hopphill and Wheeler boards; Mrs. Thelma Love and Mrs. Geneva Holmes of the Hutchinson, Carson and Dalhart board; Mrs. Violet Ison and Miss Elain McCarroll of Cullbert and Lapecomb board. Price panel representatives of all areas were also in attendance.

Fred Burlew Funeral Set for Tomorrow

McLEAN, March 9 (Special)—Funeral services for Fred Burlew, 52, who died Monday morning in a local hotel, will be held at 10 a. m. tomorrow from the First Methodist church in Pampa with the Rev. E. B. Bowen officiating.

Mr. Burlew was an employe of Hilliard and Hoover, drilling contractors of Pampa, and made his residence in both Pampa and McLean.

He is survived by one daughter, Mrs. W. W. McDonald, jr., of Seattle, Wash., sons, Rex of Spokane, Wash., and Fred B. of Portland, Ore. Also surviving is a sister, Mrs. Frank Shelton of Alexandria, Ky. Serving as pallbearers will be Dewey Hilliard, George Hoover, Ray Parish, John Clark, Clyde Batson, Jim Parish, Ed Veale and Everett Leland. Named as honorary pallbearers are C. L. Shearer, D. R. Tripplhorn, R. W. Adams and Mr. Goode.

The body will be shipped to Butler, Ky., for burial. Arrangements are under the direction of Womack Funeral home of McLean.

- For County Tax Assessor and Collector: F. E. LEECH
- For Sheriff: C. H. KYLE
- R. H. "Rufe" JORDAN
- JAMES BARRETT
- For District Clerk: DEE PATTERSON
- For Constable, Precinct 2: EARL LEWIS

Expecting a baby?

Mother's Friend massaging preparation helps bring ease and comfort to expectant mothers.

MOTHER'S FRIEND, an exorbitantly prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is an application for massaging the body during pregnancy... it helps keep the skin soft and pliable... thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the hands, tingling or burning sensations of the skin... for the tired back muscles or cramp-like pains in the legs. Quickly absorbed. Delightful to use. Highly praised by users, many doctors and nurses. Millions of bottles sold. Ask any druggist for Mother's Friend—the skin emollient and lubricant. Do try it.

A Vital Message to Men Who Feel Old

Why not regain the vim and vitality you once enjoyed?

If life apparently has lost its zest, you again may be able to enjoy life as you did in your youth. If added years have slowed down your vim, vitality and youthful pleasures, there is a simple method that may change your whole outlook on life. Just ask your druggist for CASKI-LA stimulating tablets. Take as directed on label. Don't feel old and worn out at 40, 60 or more. Take these tablets regularly until you feel that you have regained the pleasure of living you once enjoyed. Why be discouraged? Why not try CASKI-LA tablets and regain the vim and zest of a much younger man? There is nothing harmful in these tablets. They contain Celery seed, Thiamin Chloride, Passion Flower, Iron. Ask your doctor or druggist about this formula.

Lefors high school, is president of the Gray-Roberts county unit of the conference, and he will take part in the program. He is vice-chairman of the section program on administration. Fuslyn Laycock, Gray county superintendent, will take a part as a member of the state executive committee.

Knob Kistard, superintendent of Pampa schools, will serve as chairman of a conference committee on educational progress. Miss Virginia Vaughan, Pampa school faculty member, will take part in the art section and foreign language portion of the conference. Ray Robbins, local band director, will serve as chairman of the section on band and orchestra.

Mrs. Velma Howard, local faculty member, will serve as vice-chairman of the high school language arts section. Mrs. Opal Belden, Pampa Junior high school faculty member, will discuss the subject, "The Junior High School."

Miss Geraldine Pratt, Lefors, will serve as secretary during a luncheon meeting of the library section. Miss Mary Reeve, Pampa primary teacher, will take part in a program pertaining to that branch of school.

FAR MELECTICITY
Only one United States farm in eight has electrical power of any kind; one in every 18 buys electricity from a public utility corporation.

THIRTY-FOUR YEARS OLD

They may not look it but these Brownie Scouts are celebrating a thirty-fourth birthday. It's the anniversary of Girl Scouting, of course, which was founded in the United States on March 12, 1912.

Pampa Brownies Contribute to Memorial Fund

In observance of the 34th anniversary of Girl Scouting in America, 120 members of the 112 Brownie troops of Pampa held a Brownie Revel yesterday afternoon at the Junior high gymnasium.

Pampa Brownies contributed \$23.21 to the Juliette Low memorial fund, Juliette Low was the founder of Girl Scouting in America.

The revel was under the direction of Miss Marie Stegler, executive director of Girl Scouts of Pampa, who accepted the contribution to the memorial fund.

Girls of Brownie Troop 2, under Mrs. Noel Dalton were in charge of registration for the evening. Mrs. Quentin Williams and Miss Eleanor McNamara were in charge of the memorial fund presentation ceremony.

Dixie cups of ice cream and cookies were served during the meeting. The ice cream was furnished by the Plains Creamery and the cookies by the Piggly Wiggly grocery.

Each of the eleven troops presented a song, dance or skit during the revel.

Rent Control Will Be Discussed Here

"Rent Control in the Pampa Area," will be the subject of the radio interview with Fred S. Brown, Pampa area rent director, at 4:25 p.m., Wednesday, March 13, from Radio Station KPDN. It was announced today by E. B. Holloway, director, Fort Worth OPA district.

Interviewed by Elbert J. Haling, assistant district information executive, OPA, Brown will reveal various rent dodges practiced by law breaking landlords," the announcement said.

CONGRATULATIONS TO GIRL SCOUTS ON THEIR 34th BIRTHDAY

Oil Industry Just Has Toe in Door of OPA Ceilings, Says IPAA

Riverbed Well Has 350 Feet of Oil

The riverbed well in Hutchinson county, the E. P. Halliburton No. 1 Huber State "A," 330 feet from the north and west lines of the NE 1/4 of section 68, block 45, H&GN survey in the Lulu Kormendal survey, was drilled to 2684 feet with 350 feet of oil in the hole from 2656-67 feet. Operators are now testing.

Phillips Petroleum Co. No. 2 Pan-Bernard, section 24, block 4, I&GN survey was drilling at 3365 feet with 300 feet of oil in the hole.

The Phillips Petroleum Co. No. 10 Annie, section 18B, block B-2, H&GN survey, set 5 1/2-inch casing at 2020 feet with 130 sacks and drilled to a total depth of 3108 feet. First show of oil was at 3024 feet. At 3049 feet there was 1400 feet of oil in the hole. The hole was full of oil after being shot with 340 quarts from 3030-3108 feet.

The Phillips No. 2 Need, section 64, block 3, G&M survey, set 7-inch casing at 2659 feet with 150 sacks and was drilling at 2852 feet. First show of gas was at 2700 feet with increases from 2770-75 feet and 2785-95 feet.

The Phillips Petroleum Co. No. 1 Jan, section 24, block 1-N, township 1-N, range 15-E, drilled to 2764 feet with the first show of gas at 2754 feet, with an increase at 2754 feet. The well was perforated with 549 shots from 2836-2728 feet and acidized with 3000 gallons. Five and one-half inch casing was set at 2743 feet with 900 sacks.

LOGGING MEET SCHEDULED COLLEGE STATION, March 9.—(P)—An oil well logging conference will be held March 11-15, sponsored by the Texas A. & M. college petroleum engineering department.

ROCK GLYCERIN CO. A Complete and Efficient Oil Well Shooting Service 211 Combs-Worley Bldg Phone 670

The 10-cent "across the board" increase in crude oil price ceilings authorized in the statement March 5 by the OPA is the first general "break" in the situation which the domestic oil producer has endured for upward of five years under government price control, Russell A. Brown, IPAA counsel, has reported to President B. A. Hardey.

The amount of the increase, the effective date of which has not been announced, is far from adequate. There should be no let-up in the effort to obtain a compensatory price for crude oil. I do not believe the effort will be relaxed. The many declarations of our association authorize us to continue to press the matter in all the available and proper ways.

INCREASE A PARTIAL OFFSET The amount of the increase will be of some benefit to all classes of production. It will tend to offset, in part, the rise in the price of steel products and labor costs. Perhaps, overall, it will not do much more than that. There must also be taken into the account in the next examination of this subject the restriction in volume of production which has occurred and the further restriction which appears to be probable. On some classes of production this is a matter of great importance.

OPA TO CHECK FURTHER This new advance will be followed by further study by the OPA whose own investigators will conduct by personal visits a "spot check" of a portion of the producing industry. The manner in which this will be done is now being worked out by the OPA and should get under way soon. It is the intention to complete this investigation by April 15. It is implied that if the findings satisfy the OPA a further increase in the price ceilings will be made. The general increase of 10 cents at this time will not alter the amount or scope of the subsidy payments of small well production. There will be continued to June 30, according to a recent statement by the office of stabilization administrator, "unless petroleum price ceilings are suspended prior to that date." It now appears to be the intention of OPA to continue the ceilings so long as the authority exists to do so; the present authority will expire June 30, unless extended by congress.

I don't think Germany was wrong to go to war. If she had not she would have been strangled by England, France an Poland—German veteran, student at Erlangen U.

News of Interest To Oil Men

Six Oil, Four Gas Wells Added To Panhandle Oil and Gas Field

Six oil and four gas wells were brought into the Panhandle oil and gas field during the week ending March 7. Three of the oil wells are in Gray county. Total field potential added was 512 barrels of oil and 95,400 cubic feet of gas. Gray county accounted for 553 barrels of the added potential.

Gas and oil wells completed this week are, by counties: CARSON In the Berger pool the J. M. Huber Corp. No. 1 Sanford "H," section 13, block S, H&GN survey, tested 17.5 million cubic feet of gas. It was drilled to 3111 feet, treated with 10,000 gallons, with lime pay from 2901-3111 feet and rock pressure at 343 pounds.

Also in the Berger pool the J. M. Huber Corp. No. 1 Poling "A," section 23, block S, H&GN survey, gauged 60 million cubic feet of gas, after being treated with 18,000 gallons of acid. The well was drilled to 2907 feet, with lime pay from 2836-2900 feet and rock pressure at 346 pounds.

The Gulf Oil Corp. No. 5 B. F. Block was tested at 39 barrels of oil.

COLLINGSWORTH The John B. Barbour No. 1 L. D. Aldus, section 94, block 16, H&GN survey, was abandoned after being drilled to 2302 feet.

M. B. Blake No. 4 M. B. Blake tested 168 barrels of oil in 24 hours on a railroad commission test. Gulf Oil Corp. No. 11 S. Faulkner "A," section 33, block B-2, H&GN survey, was deepened from 2965 to 3047 feet at which depth it tested 16 barrels pumping in 24 hours. Granite wash pay was from 2873-3047 feet.

The Gibson Oil Corp. No. 3 Johnny Hines, section 43, block 3, I&GN survey, was dry and abandoned.

The Plains Holding Co. No. 5 A. Chapman, section 49, block A-9, H&GN survey, tested 45 barrels of oil pumping on a railroad commission test. Operators drilled to 2760 feet with granite wash pay from 2700 feet to total depth. The well was not shot.

The Cities Service Oil Co. No. 4 Baggerman tested 140 barrels of oil with 5 barrels of water in 24 hours on a railroad commission test. The well was drilled to 3195 feet, plugged to 3154 feet, shot with 90 quarts from 3127-60 feet and with 93 quarts from 3091-3127 feet. Lime pay was from 3091-3154 feet. Location of the well is in section 173, block B-2, H&GN survey.

HUTCHINSON Dolomite Production Co. No. 3 Earl Thompson, section 17, block M-23, TC RR Co. survey, tested 18 barrels of oil in 24 hours. It was shot with 340 quarts in lime pay from 3040 feet to 3127 feet, the total depth.

LAMB The Humble Oil and Refining Co. No. 1 G. D. Hulstieder tested 123 barrels of oil on a 24-hour railroad commission test.

MOORE Phillips Petroleum Co. No. 1 Kenney gauged 2.9 million cubic feet of gas.

SEVEN LOCATIONS REPORTED IN WEEK Three notices of intention to drill were filed with the railroad commission during the week ending March 7. Four additional locations were reported from the field, three in San Juan county, New Mexico, including a 4000-foot wildcat, and one in Texas county, Okla.

GRAY Gibson Oil Corp. No. 4 Hines, 330 feet from the south and 990 feet from the east lines of the S/160 acres of section 45, block 3, I&GN survey, three miles southwest of Pampa.

Kimberline and Howse No. 1 J. B. Eowers, 330 feet from the south and east lines of the E/30 acres of the S/40 acres of the SE/4 of section 63, block B-2, H&GN survey, 14 miles southeast of Pampa.

HUTCHINSON Dolomite Production Co. No. 2-B N. A. Stevenson, 330 feet from the south and 1156 feet from the east lines of the west side of survey 50, block M-23, six miles northwest of Stinnett.

SAN JUAN, N. MEX. Southern Union Producing Co. No. 2 Cozzins located in the center of the SW/4 of the NW/4 of section 19, township 29-N, range 11-W. Drilling below 1100 feet.

Southern Union Producing Co. No. 1 Cooper, located in the center SW/4 of the NE/4 of the NW/4 of section 18, township 29-N, range 11-W. Preparing to spud.

TORRANCE, N. MEX. Miller and Miller No. 1, 876 feet from the north and 2250 feet from the east lines of section 33, township 4-N, range 8-E. Drilling at 100 feet. Reported as a 4000 wildcat test.

TEXAS, OKLA. Herrington and Marsh No. 3 State, 100 feet from the south and 150 feet from the west lines of the center of section 36, township 4-N, range 16-E.

Commission Sets Field Rule Hearing AUSTIN, March 9.—(P)—The railroad commission has set hearing for April 2 on the Chicago corporation's application for the adoption of field rules for the Kay creek field in Victoria county.

Nearly half of the world's land area is largely uninhabitable because of deserts, mountains, ice or tundra.

OWI Union Has Wage Settlement With Four Plants

HOUSTON, March 9.—(P)—Final settlements of wage contracts involving more than 1,000 members of Oil Workers International Union Local 227 in four local plants were announced today.

Contracts with Sinclair Rubber, Inc., and Crown Central Petroleum corporation, which were signed some weeks ago, have been approved by government agencies.

The Sinclair contract, affecting 675 employees, calls for return to the 40-hour week and pay raise of 18 percent effective at 11:50 p. m. tonight.

In addition, shift differentials of four and six cents hourly are effective and retroactive to March, 1945. The contract runs to July 1, 1947.

Employees of the plant did not strike when petroleum workers went out last September, and consequently the navy did not take possession when struck units were seized Oct. 5, 1945.

Crown Central's contract, calling for 18 percent increase, with nine percent retroactive to August 18, 1945, became effective at 12:01 a. m. today. It will affect about 200 present employees and the retroactive feature, about 200 more.

H. E. Guthrie, secretary of the union local, said.

The navy withdrew from the plant at that time.

A new contract has been negotiated between the union and General American Tank Storage terminal, for 18 percent wage increases to about 20 employees. It will be presented to the man for ratification at a meeting next week, Guthrie said.

The 12 employees in the bargaining unit of Sinclair bulk plant were given increases of about 18 percent, retroactive to September, 1945, in a monthly basis adjustment, Guthrie said.

These settlements clean up all companies under contract with Local 227, Guthrie said, except the Houston Pipeline company, which was not struck last September, with other petroleum units. About 80 employees are in the unit and the contract is being negotiated, he said.

Local 367 has already signed contracts covering all units it represents.

Release of the Crown Central refinery leaves only the Pan American pipe line company in Harris county, and the American Liberty Oil company refinery at Texas City and the Gulf Oil corporation at Port Arthur under navy seizure, Comdr. F. A. Westphal, naval officer in charge of the plants, said.

LENGTHY CHAIN The Appalachian mountain system starts at the Gulf of Mexico, crosses the United States, and ends 3,000 miles away in the Shick-shocks of Gaspe Peninsula, Quebec.

PIONEER PLANTINGS Pioneer farmers in the middle west planted thousands of trees. It is estimated that they planted 240,000 acres in Iowa, 40,000 in Illinois, 14,000 in Ohio, and 10,000 in Missouri.

West Pampa Repressuring Project Scheduled to Operate by March 19

It is anticipated that injection of gas in repressuring the West Pampa pool will be started by the end of next week, or at the latest, by March 19-19, said Fred Neslage, pool engineer of the West Pampa Repressuring association, yesterday.

Shortage and unavailability of materials essential to the project have kept it from progressing as rapidly as possible.

The hydrogen sulfide theater located at the Skelly Co. Kingsmill plant, which acts as the service agent to the entire system, was tested last week and is reported as working satisfactorily.

The treater removes the sulfur content in the sour gas produced in that area from 150-200 grains per 100 cubic feet of gas to less than one grain per 100 cubic feet of gas, said Neslage.

After treatment sour gas consequently is changed to sweet gas, which will be injected into the reservoir.

Over the week-end the new gasoline plant and booster station was to be tested. It was expected that it could be adjusted and ready to operate by the middle of the week. The dehydration system and field lines leading from individual leases to the main association pipelines are to be tested this week.

Practically all of the input wells which will serve to inject gas into the reservoir have been tested and witnessed by the railroad commission. Of the 73 to serve as input wells 69 have been approved by the executive committee of the association, the operators concerned and Neslage.

Most of the lease lines have been completed.

Gas will be injected into the reservoir under a pressure of 500 pounds per square inch, said Neslage.

TEXAS CO. WILDCAT Swabs .66 Water The Texas Co. No. 1 Myrtle S. Bills, section 45, block 13, H&GN survey, Wheeler county, a wildcat east of production in the Osborne pool, which was reported last week as having 1000 barrels of oil in the hole at 2146 feet, was reported as swabbing 27 barrels of oil and 56 barrels of salt water.

The Humble Oil & Refining Co. No. 1 Mrs. M. R. Scruggs, section 58, block 19, H&GN survey, Collingsworth county, in wildcat territory, was drilling ahead in granite wash at 4740 feet.

In San Juan county, N. M., the Southern Union Producing Co. No. 13, Baker-Dome, in the NW/4 of the NE/4 of section 29, township 32-N, range 14-W, was drilling below 8498 feet.

Panhandle A.P.I. Committee To Plan Chapter Meeting

Members of the program committee of the Panhandle chapter of the American Petroleum Institute will meet at 6 p. m. tomorrow at the Schneider hotel to plan the first chapter meeting, probably to be held the first of April.

Earl Gray, Shell Oil Co., is chairman of the committee. Members are W. Estell, Dowell, Inc.; E. C. Fields, Halliburton Oil Well Cementing Co.; Fred Neslage, West Pampa Repressuring Assn.; Clayton Husted, C. M. Jeffries Trucking Co., and F. F. Kennedy, Stanolind Oil and Gas Co.

Pasadena, Stratford Win Class A, B Cage Championships

Crozier Tech, Jefferson Davis Battle in Class AA Title Game

AUSTIN, Texas, March 9.—(AP)—Pasadena's Eagles today won the Class A championship of Texas schoolboy basketball and next year will be around to worry the Class AA contenders.

In their first and only trip to the state tournament, the Eagles defeated Levelland 60-35 in the finals to be hailed as probably the strongest quintet ever to capture the title in their division.

War Knight Wins Rich Santa Anita Derby Saturday

ARCADIA, Calif., March 9.—(AP)—An outsider, Mrs. Ethel Hill's War Knight, today won the ninth running of the \$100,000-added Santa Anita handicap by a nose in a photo finish.

The winning time was 2:01 3/5, two-fifths of a second behind the track and handicap record.

Rated beautifully by jockey Johnny Adams, War Knight was in conventional all the way and took the lead in the stretch and withstood terrific challenges by the favored First Fiddle, Snow Boots and fourth-place Bull Boy.

The first four horses were all noses apart at the final wire, and it took several minutes for the judges to determine the winner.

Twenty-three horses, the largest number ever to start in the handicap, went to the post, with 11 thoroughbreds grouped in the waiting field.

Buffalo, N. Y., is the oldest frontier city in the nation's march to the west.

Grover Seitz Making Preparations for Oiler Baseball Opening

Sportsmen Call Meeting of Rod, Gun Club Tuesday

Officers of the McClellan Lake Rod & Gun club have called a meeting of its members and all other persons who would like to become a member of the club and those who are interested in hunting and fishing, the secretary-treasurer, D. H. Martin, said yesterday.

The meeting will be held at the county court room, beginning at 8 p. m., on Tuesday.

The meeting follows closely on that held at Waco a few days ago. It was attended by Martin and the local club president, Dr. R. A. Webb.

The meeting was in the form of a convention, under the auspices of the Texas Wildlife federation. Dr. Webb was named one of 14 new directors of that organization.

The general theme of the meeting was conservation of Texas wildlife.

A resolution calling on the federation to sponsor a drive for legislation to increase the numbers of members of the State Game, Fish and Oyster commission from six to 31 was referred to the new directors, who took no action at the meeting on the subject.

The federation adopted resolutions favoring several changes in game laws and for other action. They include:

Amend state laws to allow game wardens to arrest persons shooting from public roads or trespassing. Such laws are now on the books, but game wardens are not empowered to enforce them.

Enact a law giving the game department the right to allow controlled hunting of dogs in over-populated sections of the state.

Enact a law providing that hunters must tag each deer killed. Establishing a wildlife experiment station.

To set up migratory waterfowl public shooting preserves as well as deer and turkey preserves provided the law can be changed to allow the game department that authority.

To allow the legal killing of all antlered deer. Hunters frequently kill illegal spiked bucks by mistake and leave them where they are shot, it was said.

The McClellan Lake Rod & Gun club has at the present a membership of 88, but officers hope that the number can be increased to as much as 500, it was stated. The membership fee is \$1 a year.

About the meeting next Tuesday night, Martin said: "We have some very important news concerning the future of Texas hunting and fishing, to pass on to those present."

Decision Coming On 'Outlaw' Ball

HAVANA, Cuba, March 9.—(AP)—Baseball Commissioner A. B. (Happy) Chandler took personal charge of the troublesome south-of-the-border player situation today as he discussed the eligibility problem with officials of the Cuban baseball league.

Technically all players who performed in the Cuban circuit during its recently completed season are ineligible for further participation in organized baseball.

Chandler refused to predict what punishment he might hand out but said "all players from organized baseball who played against ineligible here in Cuba are subject to penalties. The extent of their penalties will depend upon my conversation with Merilo Acosta, manager of the Havana club in the new Florida International league."

Dick Sisler, promising first base candidate with the St. Louis Cardinals, and second baseman Lou Klein and rookie pitcher Fred Martin, also of the Red Birds, played in the Cuban oop against such ineligible as Tomas de La Cruz, formerly of Cincinnati and Roberto Ortiz and Oliverio Ortiz of Washington. De La Cruz and the Ortiz brothers jumped organized ball to play in the Mexican league last summer.

CURED CROAKING
Guests at a California hotel were bothered by the croaking of bullfrogs at night. The hotel manager rigged up a powerful searchlight system, bathed the nearby pool with light, and the frogs stopped their nocturnal music.

By SCOTT RAFFERTY
News Sports Editor

Grover Seitz, manager of the Pampa Oilers in the West Texas-New Mexico baseball league, will begin his eighteenth year in organized baseball when the league season officially opens April 23.

Saying that he was feeling as "fit and ready to go as I did in 1942," Seitz revealed that he has "come hither" messages out to a lot of good ball players, including many that have played for him here and at Clovis before the league folded up.

Asked whether he would put himself in his old outfield position again this year, Seitz emphatically stated that he was ready to go and would compete against the best youngsters in the game.

To date, results from wires, telephone calls, visits and letters have been fairly profitable, Seitz said, but the status of some of his potential players was doubtful.

Most important of the players is Emmett Fulenweider, one of the league's most powerful hitters at the time it folded up.

Fulenweider, who prefers to call Pampa his home, was signed by Atlanta of the Southern association but left a few days ago that he wants to come to Pampa and expects a release from Atlanta before the local club starts training April 1.

Another former Oiler on the list is Lloyd Summers, dependable catcher.

Summers, who makes his home in Albuquerque, says he may come to terms with the local club and Seitz told this writer yesterday that he would sure like to have Lloyd.

Another catcher is on Seitz' list Schmidt, who caught for Seitz at Clovis.

At shortstop, Seitz will probably get Earl Harriman, who starred for Clovis in 1941. Harriman has also told Seitz that he would like to come to Pampa.

Seitz said he had also contacted Virgil Richardson, who was a first baseman in the Western association before the war. Richardson seemed agreeable to playing for Pampa.

Seitz said he is investigating the possibilities of checking lists of players in San Diego and several other towns for possible good results.

The local manager, however, is a little "down" on the rookie situation. He has two prospects lined up who are now attending the University of Oklahoma. If they are signed they would report after the semester ends May 4.

R. L. Edmondson, sr., and Lynn Boyd, who are organizing the local club, are having repairs made on Coward park, which they purchased from Danziger for an undisclosed price.

Texas Thinclads Are Fort Worth Favorites

FORT WORTH, March 9.—(AP)—Indications are that the University of Texas Longhorns, perennial champions of the university division of the Southwestern exposition track and field meet, will be hard pressed to retain their laurels at the twenty-third renewal of the big athletic carnival here next Friday and Saturday.

Fourteen teams have been entered by Rice, Texas A. & M., Oklahoma A. & M. and the Naval air station at Corpus Christi. In addition, Baylor, T. C. U. and S. M. U. will have teams in the class.

Eight teams are entered in the college class so far and 40 high school teams.

32 Teams Ready For Cage Battle

KANSAS CITY, March 9.—(AP)—A field of 32 teams, generously sprinkled with some of the country's most talented court stars, will begin their week-long struggle for the national intercollegiate basketball championship in an 8-day opening card here at noon Monday.

Drawn from twenty-one states, the National Association of Intercollegiate Basketball's (N. A. I. B.) eighth such attraction is without a pre-tournament favorite to cop the title.

Most often mentioned in connection with top honors are the Loyola University Wolves of New Orleans, 1945 champions, George Peperdine college of Los Angeles finalists last year, Eastern Kentucky, Southern Illinois normal, New Mexico School of Mines, Nevada university, Eastern Washington state and Indiana State Teachers.

Elmore Morgenthaler, 7-foot 1 1/2-inch center of the New Mexico school of Mines, who led the nation's scorers after 27 games with a 21.9 average, should make his team a strong contender for the flag.

Among other highly publicized stars will be James Malone of West Texas state, and all-tournament star last year.

Second Golf Tourney Is Scheduled Today

Barred bad weather, Pampa golfers will compete today in the second weekly bracket score tournament at the Pampa country club today.

Under the plan, a golfer is placed in one of the four brackets, according to his regular scores.

The four divisions are for golfers who shoot 65-69, 70-75, 75-110, and 110-up with the player shooting the closest to the low score in each bracket winning that division.

Frank Baker, club pro, has asked that all golfers post their scores for every round of golf they shoot so that handicaps for the coming tournament might be determined by the tournament committee.

Golfers may start anytime during the day. An entry fee of 25 cents per golfer will be charged and prizes will be awarded winners in all divisions.

At elevations about 10,000 feet over the United States, winds blow from the west 85 percent of the time.

Five Harvester Track Team Members To Go To Fort Worth

Five members of the Pampa high school track team will compete in the Southwestern Exposition track meet at Fort Worth next Friday and Saturday, Coach Otis Coffey said today.

The five—Randall Clay, Leon Gooch, Carl Mayes, Bob Troop and Lonnie Williams—were selected last week on the basis of competing against time and distance records set by the coaches.

Throwing against a mark of 130 feet, Randall Clay heaved the discus 146 feet last week to qualify in that event. Clay is the defending champion discus hurler in both the Fort Worth meet and the state track and field meet.

Carl Mayes, who has won the confidence of both coaches and his teammates by his running, qualified for the 100-yard dash event by stepping it off in 10.2 seconds.

Lonnie Williams put the shot 43 feet and six inches, to qualify for that event.

Clay, Troop, Mayes and Gooch will comprise the 440-yard relay team in the meet. The four ran it off in 47 seconds last week and Coffey believes they may have a good chance at Fort Worth.

The four will also take part in the football shuttle relay, an added attraction at the meet. Each runner is dressed in football tugs and the football is used in place of the usual baton.

Braves Blast Giants With Good Pitching

FORT LAUDERDALE, Fla., March 9.—(AP)—Whitey Bill Lee and Johnny Hutchings blanked the New York Giants, the Boston Braves pounded Jack Brewer and Marvin Grissom for a 7 to 0 triumph today.

Johnny McCarthy led the Boston outburst with three two-baggers. Curden Gillenwater cleared the left field fence with a homer off Brewer in the third inning with one aboard.

New Building Material Found

By Shamrock Man

SHAMROCK, March 9.—(Special)—W. E. Carver, resident of Shamrock, says that, with proper financial backing, he is in position to offer the public a new product, the manufacture of which could develop into one of the major industries of the Southwest.

Carver's invention is a building material made from gypsum, a rock formation, found in abundance in this area.

From this rock, Carver has produced a material which can be used to construct houses, the temperature of which will not be affected by the opening and closing of windows and doors.

He has purchased most of the machinery for making the product and has made arrangements to carry the material to Mangum, Okla., where it can be made into tile for construction.

Buildings constructed from the gypsum product would be fireproof, and the product can be used to place on roofs already constructed.

Carver says his material will be used for building and would like to see the manufacture of it in Shamrock.

Carver says: "The mental picture I would like to paint for home lovers is one in which children play on floors that are warm and comfortable, and safe from household pests, flies and mosquitoes."

"The father smokes in the living room where the smoke is exhausted, leaving no odor; and the mother prepares the meals in a thoroughly comfortable kitchen."

"Several years ago I began work on heating and air conditioning of buildings, with special emphasis on the home and the thought in mind that not too far in the future the rural resident would enjoy more modern conveniences."

SINUS SUFFERERS

If you suffer agonizing sinus headaches aching cheek bones, pressure in forehead, soreness in back of head and down neck, leaving no odor; and the mother prepares the meals in a thoroughly comfortable kitchen.

Write for 5-day free trial, no cost or obligation except to return if not satisfied.

Big Three Meet

(Continued from page one)

by an agreed-upon deadline of March 2.

RUSSIA-TURKEY

3. Turkey—Russia informally has sought territorial concessions from Turkey with the likelihood she will press for joint Turkish-Soviet control of the strategic Dardanelles.

4. Manchuria—The United States has entered a protest to Moscow based upon an official Chinese report that Russia was claiming as war booty Japanese-owned industrial equipment in Manchuria.

5. Bulgaria—Latest development was Russia's charge that the United States is responsible for what Moscow called an effort to "sabotage" a three power agreement for broadening the base of the Bulgarian government. Earlier in the week this country made public a note calling upon the Bulgarian government and opposition groups in that country to get together on the question of naming to the cabinet two members "who could really represent the opposition parties."

Charges Made

(Continued from page 1)

part of Tuesday afternoon. He did not participate in the disturbance, it was reported.

After leaving the Weston hotel the two men left Wheeler by car just after dark. It was reported that a car approaching from a side-road caused the driver of the car in which the two men were riding to swerve to the side. Their car evidently went out of control and turned over in a field. The boys were taken to the Berger hospital.

They were to be turned over to the Wheeler sheriff upon their release. A check of the Berger hospital's yesterday revealed that the men were not patients in any of the three at that time.

The charge against the men was filed by one of the persons in the disturbance.

Watson lobby at the time of the discharge. Both boys were recently discharged from service, said Swink, and were reportedly former employees of an utilities concern in Wheeler.

AP WRITER RELATES EXTENT TO WHICH RUSSIANS STRIPPED AND LOOTED MANCHURIA'S INDUSTRIES

OPA Fight

(Continued from page one)

of the newly named house committee, said the decision to organize was reached because "the whole question of successful reconversion depends on the OPA legislation."

He told a reporter that at least 150 legislators are united behind the committee. Approximately 100 of the group met last Wednesday and authorized formation of the committee, but no immediate disclosure was made of its plans.

Hartley told a reporter that Senators Wherry (R-Nebr.), Stewart (D-Tenn.), and Bankhead (D-Ala.) contemplate a similar coalition movement in the senate.

Manchuria

(Continued from page 1)

into Manchuria in chartered planes. Some 14,000 central government troops already were in Mukden, but up to now their movements had been restricted to a small section of the city, and actual control was in Russian hands.

American correspondents who recently visited Mukden found six hundreds of Japanese-built factories stripped of their machinery. They were told by the Russian commander that Japanese troops captured in Manchuria had been shipped to Siberia and that the Russians had no repatriation program in mind.

Meanwhile, Lt. Gen. Albert A. Wedemeyer, commander of American forces in China, told correspondents here today that he had "taken appropriate steps, as theater commander, to ascertain my responsibility in Manchuria."

Wedemeyer said if the Russians had not been advised of the American plan for repatriating Manchurian Japanese "they certainly will be in the very near future."

Asked to define his own responsibility regarding repatriation of Japanese in Manchuria, Wedemeyer replied that even Secretary of State Byrnes had given "no clearcut answer" to that.

"Terms of the Japanese surrender last autumn provided that all Japanese prisoners of war would be returned to Japan."

Wedemeyer said that any word regarding the dispatch of troops teams into Manchuria to forestall fighting between Chinese communists and government troops would have to come from General Marshall, special American envoy and member of the truce commission.

A lighted match can be seen as far away as 1,000 yards at night.

Miss Stardust?

Comey contestant for the 1946 title of "Miss Stardust" is Jean Desmond, above, of Brooklyn, N. Y. She is 5 feet, 9 inches tall, weighs 130 pounds, has 34-inch bust, 26-inch waist and 36-inch hips. Jean is one of 1800 beautiful entries in the annual nationwide contest.

Service Patrol

(Continued from page one)

the length of time prescribed by the National Scout council.

At the conclusion of the courses, two outdoor classes will be conducted and the certificates of graduation will be given to those scouts who have completed the course.

Work of the patrol will include the handling of traffic at fires and similar activities. However, no activity will be included that would expose members of the patrol to too great a degree of danger.

To be eligible to enroll in the organization, a scout must be at least 15 years of age, must pass a physical examination and have the consent of his parents or guardian.

The physical examination is to be very strict, Olsen said, with particular attention given to the heart, lungs, feet, abdomen, general physique and general health history.

Scouts in the patrol should be protected by vaccination against smallpox and inoculation against typhoid fever is highly recommended.

(Editor's Note: Spencer Davis, Associated Press correspondent who was held incommunicado by Russian authorities two days each in Mukden and Changshun, tells here the extent to which Soviet forces stripped once industrially busy Manchuria; how they enforced their demands, and how they justify their actions.)

CHANGCHUN, March 5.—(Delayed)—It will require at least three years to restore Manchuria's stripped and looted industries to the productive capacity they had reached before Japan's surrender. That, say highest Chinese sources here as the Russians' own estimate of the extent their taking of war booty has denuded factories, mills and mines.

This territory on which Japan expended furious energy to develop during her 14 year overlordship was the Ruhrland of the Far East. Now it's vacant factories are idle. Its power plants bear the impress of the heavy hand of the Red Army.

Disheartened Chinese officials sent here to take over remnants of the once mighty industrial empire have watched trainload after trainload of vital machinery roll over the Chinese Eastern railway toward the Soviet border.

They bitterly recall that at war's end, Generalissimo Chiang Kai-shek sent a memorandum to Britain, the United States and Russia which set forth that because of China's eight years of resistance to Japan she was entitled to all enemy property within Chinese territory.

Russia was the first to sign this agreement, they said, and Foreign Commissar Molotov's signature led those of Secretary Byrnes and Foreign Secretary Bevin.

But Sino-Soviet treaty which calls for close economic cooperation between the two countries and a sweeping interpretation of what constitutes war booty to justify its actions.

A strange agreement between the Japanese chief of the heavy industries corporation in Manchuria and the Red army also was called to the attention of Allied correspondents here.

After Pearl Harbor, the Japanese reorganized the industrial setup in Manchuria on a war footing and put 72 heavy industries under control of Takunosuke Takasaki, president of the heavy industry corporation.

We learned from the highest sources that Takasaki was taken prisoner by the Red army and on Oct. 27, 1945, was obliged to sign documents turning over the 72 industries and 150 subsidies to the Red army.

Takasaki was asked by the Russians to predate this agreement one month to Sept. 27, but he refused, our informant said. The Japanese executive is reported still in Changchun, confined to his home.

UNRRA Meet

(Continued from page 1)

expires shortly. It will seek extension. These people's home nations in some cases have objected to UNRRA's aid for them, and are demanding their return home.

UNRRA has been beset by worries from the start. First, it lacked ships to move supplies to the war zones as they were liberated—Yugoslavia, then Europe, now China.

Its initial fund of \$1,850,000,000 ran out recently. That money was accumulated through contributions from member nations of sums equal to one percent of their annual income in the year ending June, 1943.

Now a second fund, almost as large, has been pledged by second donations from the U. S., the United Kingdom, Canada, Australia, New Zealand, and the Dominican republic. More donations are expected to bring the second sum up to the first.

Now, also, UNRRA has plenty of ships and crews, but railroad equipment is short in two nations with surplus wheat: the United States and the Argentine.

But the real reason for the food shortages lies in the wide-spread crop failures of last autumn, mostly due to drought; in southern Europe, North Africa, and in the rice fields of Burma. The failures have meant greatly increased demands on UNRRA, and on the supplying nations.

Wage-Price

(Continued from page 1)

raise pattern among other companies doing other kinds of work in the same area between Aug. 17 and Feb. 14.

The board will decide on the pattern and permit the applicant company to raise up to the limit of the pattern. Then the company goes to OPA for price relief.

No. 4 correcting gross inequities between related industries. Here's an example the government allowed the steelmakers to give a wage increase of 18 1/2 cents an hour and then allowed them price relief.

The Aluminum Company of America—whose workers and product are similar to that of the steel industry—wanted to raise wages. The board on March 2 okayed an aluminum wage-rise of 19 cents.

No. 5. Increases to correct differences between wage rates and the cost of living.

If the rates of pay for jobs in department or plants have not risen 33 per cent since Jan. 1, 1941, the board will approve a raise to that limit.

No. 6. Increases to correct inter-plant inequities in the same or related industries in the same area.

Plant AAA pays its lathe workers 60 cents an hour. Plant BBB pays 80 cents for the same kind of work. The board may approve a raise to 80 cents by company AAA.

Thunder clouds often contain hail that never reaches the earth.

Today's Schedule Of Redeployment

(By The Associated Press)

Almost 12,000 servicemen on 12 transports are scheduled to arrive today (Sunday) at West coast and three West coast ports.

Ships and units arriving: At New York—Victory from Antwerp, 1,485 troops including the 3701st quartermaster truck company; 3802nd, 3804th, 3809th, 3805th, 3326th, 3687th, 3965th and 4041st quartermaster truck companies; 253rd ordnance company; 549th anti-aircraft artillery automatic weapons battalion, and one medical officer.

Hood Victory from Le Havre, 956 troops men of 608th field artillery battalion; 71st division headquarters and 527th quartermaster railroad company.

Colby Victory from Le Havre, 967 miscellaneous troops. At Norfolk—James Shields, 15 miscellaneous troops.

At San Francisco—Miscellaneous personnel on following: Admiral Hughes, 4,876 army, eight navy; Oak Hill from Pearl Harbor, 209 navy; LCI 1094 from Pearl Harbor, seven navy; and New Bedford from Pearl Harbor, one navy.

At Seattle—General R. M. Blatchford from Yokohama, 3037 army, including 139 women officers, 273 navy.

At San Diego—One YP and one LCI (no passenger information).

CANDIDACY ANNOUNCED
CALLAS, March 9.—(AP)—State Rep. W. O. Reed of Dallas, a candidate for speaker of the house next term, today announced for reelection to the house.

Reed said 87 house members have pledged to vote for him as speaker.

Shamrock Rebekahs Visit Canadian

SHAMROCK, March 9. (Special)—About 50 members of the local Rebekah lodge attended a banquet sponsored by the Canadian Rebekahs, Thursday evening in Canadian.

The local chapter put on the initiative degree for the Canadian chapter, following the dinner.

Among those attending were: Mmes. Andrew Morgan, Jessie West, Jay Rabb, W. G. Leake, Valta Tarbet, C. G. Cantrell, Sr., J. D. Walker, S. P. Beasley, Clint Collingsworth, Emma Connell, Winnie Nix, Mary Greenhill, R. T. Hill, T. E. Burkhalter, W. Z. Baker, Sr., Walter Williams, J. R. Brewer.

Mmes. Vera Wall, Dee Galbreath, N. W. Jeffers, O. D. Jeffers, O. Van Buskirk, Cecil Rook and Mrs. Jess Swink of Wheeler.

Messes. and Mmes. Frank Stafford, O. T. Glascock, G. H. Burkhalter, and Mr. Carl Wilkerson.

Fourth Birthday Is Occasion for Party

Allyson Flaherty celebrated her fourth birthday with a party at the home of her parents, Mr. and Mrs. L. J. Flaherty Friday afternoon.

Mrs. Flaherty served lollipops for favors.

Refreshments were served to Larry Flaherty, Joyce Brake, June Smith, Johnny Chanin, Repeana Geiger, and Allyson. Gifts were also sent by Bobby Ford, Annetta Gaudin, Mrs. O. G. Smith, Lesa Mae Bednortz, Jeanne Smith and Mrs. A. C. Crawford.

Teachers Grossly Underpaid

By RUTH MILLETT
NEA Staff Writer

All but 179 of the more than 800 teachers in the public schools of Paterson, N. J., suddenly became too "ill" to report for work one day recently.

In protest against the city's withholding from a cost-of-living bonus.

Parents who had deposited Johnny in front of his schoolhouse at the regular time that morning had to go back and get him a little later.

A teachers' strike—extending over even a week—is one that ought to get results. For after a few days of having the kids underfoot mothers would say to fathers, "Those teachers are worth whatever they say they are."

It would probably take a strike in most communities to make parents realize just what teachers are paid—and what they are worth. Just for keeping children out of mischief and out of the way for six or seven hours a day. School teachers are completely taken for granted

Women's Responsibilities Emphasized at Convention

A consciousness of the major problems facing America in the world today was apparent in the meetings of the seventh district Texas Federated Women's clubs, which closed Friday afternoon in Amarillo. The speakers at the various meetings during the two-day convention emphasized women's responsibilities in the formation of government policies and conservation of American youth.

Registration at the twenty-fifth annual meeting of the district federation totaled 224 during the two-day meeting. Mrs. Raymond Harrah of Pampa, district president, presided at the meetings.

City PTA Council Officers Named

The nominating committee for the City Council of Parents and Teachers has selected Mrs. H. M. Stokes for the presidency according to the report made at the council meeting Thursday afternoon in the city club rooms. The committee named Mrs. Alice Cockerill for vice-president, Mrs. Clyde Mason for secretary, Mrs. F. D. Ferguson, treasurer; Mrs. E. L. Anderson, parliamentarian; and Mrs. W. B. Herr, historian.

A discussion of the possibilities of attending the district conference in Dalhart April 25 and 26 was held and it was announced that the year books must be ready at that time.

The Horace Mann school was in charge of the program and presented two violin numbers by Miss Evelyn Thomas accompanied by Miss Elizabeth Ann Sewell. A panel discussion of "Mental Hygiene" was led by Mrs. Huey Laycock and Miss Josephine Thomas.

Prayer Week Program For W.M.U. Ends Fri.

The final program in the week of prayer for home missions prepared by the Women's Missionary Union of the Central Baptist church was given Friday afternoon at the church. Theme of this final program was, "Come Ye, Walk in the Light of the Lord."

The Missionary union has been meeting each afternoon this week in a series of meetings on the theme, "Come Ye, Walk in the Light of the Lord," as a special observance of the week of prayer.

After the singing of the hymn, "The Light of the World is Jesus," Mrs. L. A. Satterwhite gave the devotional from Ephesians 5:1 to 10. Mrs. G. C. Stark led the prayer.

Short talks were made by Mrs. B. A. Stephenson on "Fruits of Service"; Mrs. Frank Silcott, "The Original Return"; Mrs. L. O. Rosenfeldt, "Light Bearing Among the French"; Mrs. Everett Sheriff, "Christian Influence on Public Education"; Mrs. O. H. Gilstrap, "Transforming Power of the Gospel in the Life of Brother Will"; and Mrs. J. L. Burnard, "A Life Transformed by the Gospel."

Mrs. E. R. Gower dismissed the 29 members in attendance with a prayer.

VFW and Auxiliary Enjoy Monthly Party

The Veterans of Foreign Wars and Auxiliary had their monthly party in the Legion-VFW hall Thursday night. Pie and coffee were served.

Mrs. Ed Kenney and Don Donahue won the game prizes.

Attending the party were Mr. and Mrs. E. J. Kenney, Mrs. Roy Cook, Mrs. Lee R. Franklin, Mr. and Mrs. Bert Stevens, Mr. and Mrs. C. B. Haney, Mr. and Mrs. W. B. Nellis, Frances Schwind, John McBride, Bobby Sullivan, Charley Olney, Mr. and Mrs. E. Don Donahue, Paul Hill, Mr. and Mrs. J. J. Huvall, Harry Carlson, Josephine Blalock, Mrs. Davis, Nan Pender, Julia Pagan, and Bill Dodd.

Bridge Club Elects New Officers Thurs.

Officers were elected at the Thursday afternoon meeting of the Congress bridge club, entertained at the home of Mrs. Charles H. Ashby. Mrs. Claude Heiskell was selected president and Mrs. Russell Reavis, secretary.

A bowling party was enjoyed by members of the club yesterday afternoon.

EL PROGRESSO

Mrs. H. L. Ledrick will be hostess for higher wages when the EL Progresso club meets in the City club rooms at 2:30 o'clock.

High score at bridge Thursday went to Mrs. Tommie Hill and low to Mrs. Ashby. Other members attending were Mrs. Scott Hill, Mrs. Carl Hall, Mrs. F. C. McGinnis, Mrs. Claude Heiskell, Mrs. Russell Reavis, and Mrs. Orville Heiskell.

EL PROGRESSO

Mrs. H. L. Ledrick will be hostess for higher wages when the EL Progresso club meets in the City club rooms at 2:30 o'clock.

By most parents.

They would be if the parents—fathers as well as mothers—visited their kids' classrooms occasionally. I spent a day recently watching a first-grade teacher handle a room-full of children at the pushing, shoving, wriggling age. And the way she handled them seemed like a modern miracle.

SKILLED SPECIALISTS

Spelling became a game; reading became fun. Never was a child made to feel stupid or disgraced—as so often happened in school. And the business of the day, for all its seeming leisureliness, moved ahead like clockwork.

No parent watching a good teacher at work today could possibly deny that teachers are specialists who earn and ought to receive specialists' pay.

Yet the salary of the teacher is shockingly low. In one city recently, school janitors went on strike for higher wages and won their demands—even though they were already getting more than many of the city's teachers.

If it takes a strike for teachers to get what is coming to them, let 'em strike. If they hold out long enough, they're bound to win.

Peace Is Theme For Protestant Prayer Service

A very successful interdenominational service was conducted Friday morning when the Protestant churches of Pampa joined to observe the World Day of Prayer. The program was divided amongst the First Methodist, host for the event, the Church of the Brethren, the McCullough Methodist, the Presbyterian and the First Christian churches.

An offering was collected to go to four special funds for Christian work. Mrs. Grady Adeock, Mrs. Melvin Stephens and Mrs. Henry English presented the offering for Christian literature, the American Indians, Union Christian colleges and migrants and sharecroppers.

Beginning with a coffee, served in the Fellowship room of the First Methodist church at 9:30 when Mrs. Walter Purviance, president of the Council of Church Women welcomed the group, the program opened with the singing of the hymn, "Holy, Holy, Holy."

Mrs. W. F. Taylor was in charge of the program and gave a brief account of the life of Miss Mabel Shaw, a missionary to Africa, who wrote the international world day of prayer program.

The theme, "Things that Make for Peace," was divided into three parts, "A Childlike Spirit," "A Quiet and Confident Mind," and "A Loving Heart."

Mrs. W. R. Campbell from the First Methodist church led the first prayer program, Mrs. Purviance brought up a devotional and Mrs. Ed Weiss sang, "Open My Eyes That I May See."

The first theme was presented by Mrs. A. L. Patrick for the Church of the Brethren, assisted by a group of children. A solo, "Blessed Jesus," was sung by Miss Eleanor Carruth.

Dr. Douglas Nelson, pastor of the First Presbyterian church, spoke on "A Quiet and Confident Mind," followed by a solo, "There Is a Green Hill Far Away," sung by Mrs. Beauford Morris.

Mrs. O. G. Smith from the McCullough Methodist church conducted the third theme of the program. After the offering was taken, Rev. Beauford A. Norris, pastor of the First Christian church addressed the group on "The Cost of Christian Discipleship."

W. A. Bratton, Jr. Wed in Ft. Worth

In a wedding of interest to Pampa, Miss Lucie Marie White, daughter of Mr. and Mrs. Thomas White, Dallas, and William Albert Bratton, Jr., were married at the First Baptist church in Fort Worth Saturday, March 2.

Mr. Bratton is the son of W. A. Bratton, former mayor of Pampa, who now resides in Corpus Christi.

Dr. W. A. Cristall, pastor of the church, read the ceremony, for which Miss Louise Brown, organist, played, and Alvin Bean sang.

The bride was given in marriage by her father. Her dress was of light-fitting tulle, long sleeves and a yoke trimmed in lace. Her finger-length veil was caught to a head-dress of seed pearls. She also wore a choker of pearls and carried orchids on a white sash.

Lt. Marquis Bratton, Corpus Christi, attended his brother as best man.

Following the ceremony a reception was held at the home of the bride's parents. The couple left on a short wedding trip to New Orleans and vicinity.

The bride is a former student of Southern Methodist university. The bridegroom attended Pampa schools and Texas Tech at Lubbock. The couple will be at home in Fort Worth.

SOCIETY AND CLUBS

Las Cresas Introduces Sweetheart at Barn Dance

The "Scarecrow," Las Cresas sorority sweetheart, was introduced to the public Friday night and turned out to be Randall Clay. The high school sorority gave its annual barn dance in the Palm room at the City hall.

The Palm room was decorated with various barn paraphernalia. The middle stage was the center of the decorations with the stage representing a wheat field and the "Scarecrow" was standing in the middle of the field.

Miss Maxine Lane introduced him to the group and presented the traditional identification bracelet, which will be engraved with his name and the club's. The pledges, Miss Bertie McDowell and Miss Rosamund Allen led the club's sweetheart to a higher platform for the presentation.

This is the second barn dance, an idea originated by the Lubbock Las Cresas club. Don Rowe was the first Pampa "Scarecrow."

Sponsors for the dance were Mrs. Charles Newell, Mrs. Ben Lockhart and Mrs. W. L. Campbell.

Attending the dance were Bill Hutchinson, Erma Lee Kennedy, Bobby Keller, Beverly Candler, Jack Oliphant, Betty Joyce Scott, Don Lane, Jake Halter, Bonnie Shelton, Ginger Bassett, Bill Arthur, Louis Williams, Jimmie Bossy, Mickey McCray, Marian Winger, Frank Bonner, Jack Williams, Bernie Brown, Nancy McClelland, Richard Sheip, Bill West.

Bill Bowen, Leon Gooch, Randall Clay, Patty Rutherford, Tommie Chisholm, Jack Curtis, Donna Beale, Kelly Anderson, Donald Thut, Billy McArthur, Hershell Hardy, Emmett Forrester, Jr., Hubert Finkelstein, Paul Wills, Mrs. Ed Taylor, Jr., Margie Gaylor, Martha Kelley, Jack Dunham, Virginia McNaughton, Jimmie Cox, Arvilla Patterson, Bill Kribbs.

Floyd Brandt, Gloria Jay, Billy Gambin, Buster P. Adams, Jr., Leon English, Charles Lockhart, Jean Pryor, Zedekiah Griffin, Jr., Joyce Cloud, Gene Lively, Russell Neff, Nickie Fraser, Rhul Samples, Warren Jones, Anita Lane, Wayne Johnson, and Betty O'Neil.

Mr. and Mrs. Wrinkle both graduated from White Deer high school and are well known here.

He will report to Fort Sam Houston March 28 for reassignment. He has been in the army air forces nearly three years and served 13 months in the China Burma India theater.

Mr. and Mrs. Wrinkle both graduated from White Deer high school and are well known here.

Schools to Close For Conference

SHAMROCK, March 9. (Special)—County superintendent of schools Allen Kavanaugh announced this week that the Northwest Texas conference on education will be held in Amarillo on Friday, March 15.

Since this conference takes the place of the county teachers' institute and since valuable educational programs have been arranged, it is important that all teachers attend," Kavanaugh said.

The county school board and the county superintendent have announced that all schools will be dismissed Friday, March 15, in order that the teachers will have the opportunity to attend the conference.

Piano Students Get Awards at Recital

In a setting of red carnations and daffodils, the students of Mrs. May Foreman appeared in recital Friday night at the First Baptist church. Miss Phoebe Carr's rendition of Chopin's "Military Polonaise" was hailed as the best performance of the evening.

Silver dollar awards for perfect renditions went to Norma Ruth Carr, Lonne Zachry, Cynthia Duncan, Rachel Smith, Carol Passon, and Nancy Weidler. Another general recital, featuring mostly high school students will be presented by Mrs. Carr in the near future.

Sixteen of Mrs. Carr's students will prepare ten-selection entries for the national piano auditions to be held here in connection with the observance of National Music week, here.

Other young people appearing in the recital were: DeAnne Shirley, Charlotte Ann Leder, Constance La Ru Heap, Kenneth Bennett, Jane Morrison, Sally Alford, Joanna Anderson, Mrs. Cecil Perrin entertained with a party at their home Thursday evening in honor of Mr. and Mrs. Earl Salzman, who have moved to Sentinel, Okla., to make their home.

Hawaiian Review Set for Tuesday

A Hawaiian review will be presented Tuesday evening at 8 o'clock in the LeFlore high school auditorium. Sponsoring this musical are the Panhandle Conservatory of Hawaiian Music of Pampa and the Dunagan studio in Borger.

There will be class music, orchestra and solo numbers. The public is invited, no admittance charge will be made.

VISITOR HONORED

SHAMROCK, March 9. (Special)—Mr. and Mrs. Cecil Perrin entertained with a party at their home Thursday evening in honor of Mr. and Mrs. Earl Salzman, who have moved to Sentinel, Okla., to make their home.

SPRING STYLE PICTURE

This is a spring when most tailored fashions are handled with soft detailing in sleeves, necklines and skirt fullness. A spring made sweater by all the suits in colors borrowed from a tray of seed pebbles. A spring with gentle curves marking the span from shoulder to armhole; from armhole to waistline; and from waistline to hip.

Here's a fashion picture of YOU 1946; your sleeves are still the dolman-type or you have a new rounded look . . . the neckline of your dress may be V shaped or wide boat shaped . . . your waist line will look smaller than it has for several seasons past . . . and your skirt will have a new easy flare.

Jackets Are Longer

Longer jackets, collarless necklines, variously interpreted, emphasis on small waistlines with belts, insets, armholes cut deeply below rounded but broad shoulder lines—these are the fashion trends in suits for spring. The longer jacket definitely establishes itself as an important suit fashion. Whether in a straight tailored version, the fuller pleated style, cardigan line or cut-away, accent is on length.

The tunic suit, pert and flared, belted or with smug midriff, or soft-

Snug waisted vest . . .

Your waist looks smaller . . .

Shamrock Man Wed in Minnesota Recently

SHAMROCK, March 9. (Special)—In an impressive double-ring ceremony Miss Margaret Kerestes, daughter of Mr. and Mrs. George Kerestes of Warren, Minn., became the bride of Edward M. Pakan, son of Mrs. Christine Pakan of Shamrock, February 10.

The wedding was solemnized in the Zion Lutheran church of Warren, Minn., with Rev. O. A. Sylvester officiating.

Grand music preceded the procession of the "Bridal Chorus" from the opera "Lohengrin" by Wagner, with Miss Elaine Olson of Angus, Minn., at the organ. Mendelssohn's "Wedding March" was the recessional.

Miss Shirley Anderson of Warren, former pupil of the bride, sang, "Because," "O Promise Me," and "O Perfect Love."

Miss Bernice Kerestes, sister of the bride, was maid of honor. She was gowned in a formal dress of light blue net, and carried a bouquet of pink carnations.

Mrs. Kerestes, mother of the bride, wore a dress of light blue wool, and a corsage of pink roses.

Mr. George Warren Kerestes served the bridegroom as best man.

The bride was attended in a floor-length dress of white marquisette fashioned with a train. She carried a bridal bouquet of pink roses showered with streamers of white satin ribbon. Her only jewelry was a single strand of pearls, a gift from the groom. Her veil was held in place with a crownletted in tiny pink roses worn by her mother at her wedding thirty years ago.

For traveling, the bride chose a brown tailored suit with matching accessories.

A reception was held in the church parlors immediately following the wedding.

Mrs. Pakan is a graduate of the Moorhead state teacher's college, Moorhead, Minn., and attended the University of Minnesota and the University of North Dakota. For the past four and one-half years she was on the grade school faculty at Dayton, N. D.

The bridegroom has recently received his discharge after having served four years with the army. He participated in the initial invasions of Leyte and Okinawa.

Slacks Party Is Given for Employees

The Southern club was the scene of a "slacks party" Thursday night when members of the staff at Franklins were entertained by Onna Belle Moran.

Attendin the party were: Bobbie Ruth Killian, Corolla Edwards, Carolyn Howell, Colleen Spector, Alva Terrell Hurt, Stella Clay, Juanita Winborne, and Ora Lee Bidwell.

CULTURE CLUB MEETS

The Twentieth Century Culture club will be entertained Tuesday afternoon by Mrs. Frank Mitcham in her new home at 1105 N. Starkweather.

Convention Program

Continued From Page 9
Texas college at Canyon, spoke at the opening session using for his subject, "Woman's responsibility in Governmental Affairs Today."
Mrs. Ornce Hodges of Pampa was the final speaker at the convention. Her subject, "Youth Conservation," was introduced with a ten minute report by the chairman of the youth conservation committee, Mrs. Lewis Goodrich of Shamrock. Mrs. Goodrich was sharply critical of the fact that school buildings are not open to youth as recreation centers. "Floors are too precious," she pointed out, "to allow the young folks to skate on them. It would be far better," she suggested, "to replace the floors every year than to lose one youngster to bad habits through lack of proper recreation facilities."
Mrs. Hodges drew a parallel between the ten commandments and the bill of rights. "Our forefathers put God first," she declared. "If adults would read, study, and practice the ten commandments, the youth problem would be considerably lessened, she said."

CEILING PRICE SET
The local price control office said about 5000 Magic-Aire vacuum cleaners (No. 380) are being sold by RPC to Texas dealers at San Antonio. The price of this cleaner, to consumers, it was said, should not exceed \$57.44.

Dr. H. H. Hicks

Families of GIs Will Get Overseas Soon After April 1

Wives and children of GIs will begin to arrive overseas after April 1, Lieutenant Colonel Robert L. Hardy, commanding officer of the West Texas US army recruiting district in Lubbock, has been advised. Berchtesgaden, scenic mountain retreat once favored by Hitler, will soon become the homesite for many of these American families. Soldiers' homes are being constructed in an area beneath Hitler's shattered eye. Berchtesgaden is one of the 56 cities selected by officials in Germany and Austria to house thousands of American families.

AAA Office Will Be Closed Tuesday

The Agricultural Adjustment agency office will be closed all day Tuesday, Miss Evelyn Mason, secretary, announced Friday. Miss Mason and assistant, Mrs. Margie Moore, will be in McLean Tuesday at the AAA office to sign 1946 intentions for conservation practices of farmers and ranchers in that community.

ATTENDING SCHOOL
SHAMROCK—James Ray Tindall, son of Mr. and Mrs. J. M. Tindall, received his discharge from military service Feb. 13, at Camp Funnin, Tyler, Texas. He has 33 months of service for his country and is now attending school at Oklahoma A. and M., Stillwater, Okla.

Panhandle Briefs

At a special meeting of the Canadian city commission Monday—a city election was called for March 26 on the three bond issues totaling \$124,000. These issues include \$30,000 for paving, \$74,000 for a new sewer system and the taking up of \$4,000 old water and sewer bonds; and \$20,000 for a fair grounds and recreation park.

The Red Cross drive is more than half way over the top in Hemphill county but is lagging behind early expectations. Drive Chairman C. R. Higgins reported Thursday to the Canadian Record.

Dates of May 10 and 11 have been set for Spearman's annual celebration and committees have been appointed by President Bill McClellan, the Spearman Reporter states. The celebration will follow the type staged in 1941 featuring a parade, rodeo, band contest, machinery exhibit, barbecue, street dances and concessions.

Preparations for the celebration will include booster trips throughout the area. Property owners of Spearman have authorized a contract to be made with Mr. Schmidt, engineer, for the purpose of establishing grade lines for city paving in Spearman.

Funeral services for C. D. McClenagan of Gruver were held at the Gruver Baptist church March 5 with Rev. Herbert Hughes officiating. Mrs. Lie met her husband at grammar school in Grorud, a suburb of Oslo, when he was 12 and she was eight.

Moisture falling in Ochiltree county last Tuesday with rain and snow totalled .34 of an inch. Indications are that Ochiltree county citizens have not realized the necessity of responding and giving generously to the American Red Cross fund drive, announced Ochiltree county chairman F. B. Sumpter. Tabulations at that time showed total cash subscriptions of \$348.50. The quota is \$2,690.

Ochiltree county's oldest pioneer, Mrs. B. J. Jackson, was to be guest of honor at a basket dinner at the Jackson ranch on Wolf creek today. Grandma Jackson observed her 90th birthday yesterday. The dinner was to honor this anniversary.

O. R. Truax, chairman of the Pierce Johnson Post No. 254 American Legion building fund in Perryton, stated that \$4,839.25 had been achieved in the inter-organization drive for \$50,000 in funds for the construction of a new Legion home.

Property owners of Groom were to vote yesterday on issuance of \$40,000 of revenue bonds for the construction of a sewer system for the city. If the majority of the qualified electors owning taxable property in the city voted for the bond issue, the bonds will be issued and sold, bearing an interest of 3 1/2 per cent and will be retired over a 25-year period from the revenues of the water and sewer systems.

Thursday night of last week parents, patrons and teachers of Groom school district gathered to organize a parent-teachers association. This is the first organization of its kind for the school since it was established.

AMERICAN INVENTED IT
The Japanese jirikisha was invented by an American missionary, the Rev. Jonathan Goble. With the aid of a Japanese carpenter and a picture of a baby carriage, he built the first one for Mrs. Goble, who had fallen ill in Yokohama.

UNO Leader's Wife Plans Life in U. S.

AP Newsfeatures
LONDON—Eldoris Lie, "first lady of the world," is all set to start a new life in the United States with only one room of furniture left from her old life in Norway.

A modest, motherly woman of medium height with brown hair and a quick, pleasant smile, the wife of the United Nations' secretary general explained that she had lost everything to the Germans during the war.

In addition to some paintings and a few family photographs, all she has been able to recover is enough typical Norwegian furniture to furnish one living room. If it is at all possible, she said she would like to take that furniture—birch covered with blue—to the States.

"It would be nice," she said a little wistfully, "to have for our private life one Norwegian room we brought with us."

Like many women in the Allied countries, Mrs. Lie has experienced what war can mean to women. With her husband and two elder daughters, she fled from the Germans to Sweden, then north to Finnmark, and by small boat down along the coast to Tromso, where she arrived just in time to catch the last cruiser which took the Norwegian king and government to exile in Britain.

The eldest of her three daughters, a former Norwegian ATS girl, lost her husband in the Norwegian air force. Her youngest daughter had to be left in Norway and for four and a half years the anxious mother never saw her and received only four smuggled letters.

"We left her with our cousin one day," said Mrs. Lie quietly, "and said we would come to fetch her tomorrow. But that tomorrow never came."
Mrs. Lie met her husband at grammar school in Grorud, a suburb of Oslo, when he was 12 and she was eight.

"We were married when I was 21," she said, and then laughed. "But there were other beaux before that."

Her eldest daughter, Sissel, 23, attended the San Francisco conference with her father, but neither Mrs. Lie, Guri, 20, who acts as her secretary, or Mette, 14, have been to the States. They have, however, been to Russia, Germany, France, Holland, Belgium, Sweden and Finland with the UNO secretary general.

Mrs. Lie expressed pleasure at hearing the permanent headquarters committee had recommended New York instead of San Francisco as an interim site because "it will be four days closer to come back to Norway for short visits."

One thing she is a little worried about is getting a cook. "Perhaps in Brooklyn I can get a Norwegian cook," she said. "For our private life I would like someone who can cook Norwegian dishes."

Vets Should Check Food Price Lists

The Gray county price control board announced today that veterans who plan to buy a restaurant or cafe should first check with the local office to verify what prices they may charge for meals served.

Lists of prices can be observed at the local office, which is located in the postoffice building. The district OPA office, Ft. Worth, announced that an increasing number of veterans are being misled as to the selling prices of meals by owners who want to sell their businesses at a high price.

Formal Afternoons

For formal afternoons Nicole de Paris designed this Ming yellow crepe frock with softly flared skirt, intricately draped sleeve and cut-out décolletage.

Spring Style Picture

Continued From Page 9

sleeve, sometimes dramatically interpreted with colored band insets and often faille insets for a dressy black coat.

For spring, American milliners have again demonstrated their ingenuity in creating hats that are both wearable and wonderful. From the small neat "suitors" to the sweeping sunshades, these new chapeaux are as insouciant and young.

The sailors are here again—with a difference. The straight little brim sitting jauntily off-the-face, this year, is combined with a crown of gentler contours, and frequently trimmed with soft ribbons of flowers. Bonnets are beautiful and varied. A smooth, untroubled brow takes the limelight as brims lift high in front. The cloche is softer and more feminine. Sometimes the head hugging crown is combined with a wider, rippling brim and at other, a simple mushroom crown.

All in all, you'll find it a very happy spring style picture. Make it straight or rounding, your coats and jackets long or bolero short, play around with your favorite colors, and above all watch for the striking detail and step out in the Easter parade.

TAKING BASIC
SHAMROCK—Pvt. Jimmy Strange is now stationed with the transport company at Camp Plaque in New Orleans, La. He is taking his basic training there.

Army Air Forces Are 338,000 Short of Goal

The army air forces are only 36 percent short of the 338,000 goal for enlisted men set for July 1, according to information received from West Texas recruiting district headquarters. Latest figures show a total of 217,000 men enlisted for regular service. Of this number 113,028 have signed up for a period of three years.

Greatest single factor for the increase in enlistments was believed to be the policy of permitting personnel to retain their rank on a permanent basis upon reenlistment in the regular army.

Men leaving the service may reenlist in grade within three months of discharge from active duty. Many other benefits are also offered to men choosing the regular army as a career.

NAMED VICE CONSUL
SHAMROCK — Ben Brannon, brother of Cabot Brannon, who was recently discharged from the army, has been designated by the state department as vice consul at the American legation in Beirut, Lebanon. It was announced this week. Brannon received his discharge at Fort Meade, Md., after service with the office of strategic services in China. Prior to joining the army he was attached to the American diplomatic mission in New Delhi, India, for more than two years.

Brannon and his mother, Mrs. T. K. Brannon of Colorado Springs, visited here last week.
OUT OF SERVICE
SHAMROCK—Jessie O'Terry, M. P., has received his discharge from military service at Fort Sam Houston, San Antonio. O'Terry has had a year of service and was stationed at Panama Canal.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barconate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly blot disappears—how much better you feel. More alive, youthful appearing and active.

Arlene Aires FROCKS

The new key-hole neck line sets off this charming cotton print with butterfly cap sleeves and eyelet embroidery. Colors red, aqua and blue. Sizes 7-14. Price, \$3.25.

Styled by one of New York's leading designers and manufactured with meticulous attention to detail—these Arlene Aires frocks are priced to appeal to every budget.

The Adventures of Arlene Aires—a beautifully colored comic book—is given absolutely free to every little girl accompanied by her parent. She will also receive the Flying Club Pin with every Arlene Aires purchase.

Now she **knows** he loves her!

• Words, spoken or written, may carry a man's message of love—and carry it well. But a girl isn't quite convinced until he places a diamond upon her finger. That, she knows, is for him as well as for her the traditional symbol of true and lasting love.

A stone that represents so much should be selected with care—and only upon the advice of a competent and trustworthy jeweler.

Our reputation for integrity is established. Our experts will be glad to help you in your choice by explaining how the value of a diamond depends upon more qualities than carat weight.

Milland Swamped With New Type Letter From Fans

By BOB THOMAS
 HOLLYWOOD, March 9—(P)—Ray Milland was an extremely worried and nervous man Thursday afternoon. He is no longer nervous since he won his "Oscar." But he will continue to be a worried man as long as "The Lost Weekend" continues to be shown on theater screens.
 Ordinarily, stars are overjoyed at the number and content of the let-

ters they receive from their admirers. Since Ray's Academy Award picture appeared on the nation's screens he's been receiving a completely different type of letter. Few stars have received such unbelievable appeals for help. And I doubt if any star has been so profusely thanked for the aid which a motion picture gave them.
 More tragic are the letters, written by alcoholics in a state of inebriety. One of these letters contained the postscript:
 "Is this Sunday? Is it morning or night? I ask my wife that question so many times." "Yes, I have had the 'DT's' many times—I tried suicide by jumping in the river.

When I came to I was in the state hospital again."
 Still another corroborates Ray's ordeal in the picture.
 "I always buy two quarts and hide one. Then I rip the house apart looking for the one I hid. If I live up to my present thoughts I will take the privilege of writing to you again in six months."
 One in a more humorous frame of mind wrote: "I don't think a drunk would get anything out of the picture but thirst."
 Ray is exceedingly concerned over many of these cases, but there is nothing he can do. He is convinced, after reading more and more of them, that "there is too much public acceptance of heavy drinking."

STARS OF SMASH HIT

Ray Milland, in Paramount's "The Lost Weekend," receives sympathetic advice from Jane Wyman and Phillip Terry.

'The Lost Weekend' Opening Here Today

By SCOTT RAFFERTY
 News Staff Writer
 Pictures come and pictures go: some are great, some near great and others just "don't register" on the average movie-goer's mind but Paramount has only one come up to an exception to the rule. It has blasted to pieces an old theory.
 Nothing needs to be said about "The Lost Weekend" when you think back a day or so and remember that this film ran off with the Academy Awards presented Friday night.
 Before we go any further, we'll let our readers know that we've seen the picture and decided right then it was nearly unsurpassed for shock-filled entertainment.
 When the people that make the movies—writers, directors, players, producers—say that a film, a performance and a story is the best, it's bound to be pretty good. The standards for "Oscars" are high.
 As all our readers know, the picture is a dramatic realistic portrayal of a colossal drunk, acted with the magnificence of all its power by Ray Milland. Milland went through downright torture to make "Weekend."
 He actually had to get drunk and, worse, had to walk 120 horrible blocks through the streets of New York, where most of the scenes were filmed.
 Billy Wilder and Charles Brackett, though you won't see their names in lights, came in for honors, too. Wilder's expert direction and Brackett's screenplay, which is the sequence of events on the screen, won Oscars.
 Don't forget Jane Wyman. After years of fair roles at Warners, this young lady, wife of Ronald Reagan, also a star, was given her chance to act in "Weekend" and she really made good.
 Then there's Phillip Terry, who gives a sincere performance as Milland's brother. Howard da Silva, as a bartender, makes a successful return to pictures after a stage interval.
 We don't need to tell you the story of "The Lost Weekend." The story itself, is not so important. It is the constant struggle of man against the evils of alcohol that is the main thing.
 Another reminder. See "Weekend" from the first as its full impact will be ruined by getting in after the feature begins.
 "Weekend" shows at the LaNora Sunday through Wednesday.
 Another highly entertaining movie on our "have-seen" list is "Breast-ster's Millions," showing at the Rex Sunday through Tuesday.
 Dennis O'Keefe and Helen Walker are the stars in a film that tells of the efforts of a newly-rich young man to spend one million dollars in 60 days, and it isn't easy.
 Prominently featured in the cast are Rochester, Mischa Auer, Gail Patrick and John Lital.
 Last but far from least, is "Anchors Aweigh," showing at the Crown Sunday and Monday.
 The stars are Gene Kelly, Kathryn Grayson and an obscure bit player named Frankie Something-or-other.
 "Anchors Aweigh" has a lot of good comedy and music as only Jose Iturbi and Tommy Dorsey can play it. We'd recommend it for the entire family especially Gene Kelly's dancing.
 Dried vegetables were used during the Civil War to prevent scurvy.

Clothing Declared Surplus Property

Clothing and materials valued at \$29,000,000 have been declared surplus recently, the West Texas recruiting district headquarters has just been advised.
 The surplus items have been turned over to the war assets corporation which is preparing sales programs. They will be offered to priority claimants, veterans and dealers in the near future. The army does not sell surplus, except for small lots, scrap, and salvage.

Included in the list are boots, shoes, overshoes, trousers, shirts of various types, sweaters, wool socks, dungarees, hats, pajamas, women's army corps coats, jackets, and skirts. Materials include more than 22 million yards of various types of cotton cloth, approximately 750,000 yards of wool cloth more than 250,000 yards of various types of nylon cloth, some cotton thread and cotton twine, and more than 500,000 slide fasteners.

Payward Refinery Damaged by Fire

SHAMROCK, March 9—(Special)—A fire, which originated in the cooling tower, did an estimated \$2,000,000 damage to the Payward Refinery, eight miles east of Shamrock Wednesday afternoon.
 The fire started from a welding torch which was being used inside the wood cooling tower. All the wooden construction of the tower was destroyed.

George Washington was the first president of the Society of Cincinnati, originally composed of officers in the Revolutionary war.

UN SOUND STRATEGY

Spokesmen for the various branches of organized labor have been bitter in their denunciation of the Case Strike Control Bill. They contend that its adoption would deprive unions of hard-won rights that are essential to successful collective bargaining.

There are many outside the ranks of organized labor who feel that the Case Bill is not the answer to the vexatious labor problems that have retarded reconversion and that threaten to throw the nation into an economic tailspin.

But any objective observer must at least wonder whether the unions did not bring this threat upon themselves and whether they are not even now providing the most convincing arguments for those who would gladly put labor unionism back where it was in 1932.

As one illustration out of several that could be cited, General Counsel Lee Pressman of the CIO protested before a senate subcommittee that local law is all that is needed to prevent excesses arising out of mass picketing. The local courts just issue injunctions, he says.

Yet while he was testifying in Washington 800 members of the COI left-wing Electrical Workers' Union were defying such an injunction. And one thousand club-swinging cops were required to control them.

Pressman could not so soon have forgotten how the same CIO left-wing Electrical Workers' Union defied another injunction in New Jersey, and the local mayor declined to use his police to enforce the court order.

We are witnessing a complete breakdown in all the controls that hitherto have worked after a fashion. We are seeing the prestige of the courts trampled in the ground by the unions, which can get away with it because under the law they are amorphous, irresponsible, uncontrollable, unpunishable organizations.

There undoubtedly is a strong and growing public feeling that when we corrected the handicaps under which unions once labored, we went too far. We did not give them just parity—we gave them complete supremacy. We did not injure merely the employer, who is a vague, unpinpointed, remote figure; we placed the public itself at the mercy of a powerful organization which we left completely outside those legal controls bearing upon everyone else in the country.

The unions will be much more likely to prevent unfair anti-union legislation if, instead of fighting bitterly against every proposed leveling-off of the scales of economic justice, they will make a few concessions here and there to the public welfare.

Common Ground

By R. C. HOLES

Illusive Dream Of Full Production (Continued)

Since the publication of the first article by Dr. Paoli I have received a deluge of information as to his background.

DR. MELCHIOR PAOLI, an American citizen, was born in Hungary and educated in Switzerland and Germany, receiving his Master's degree from the Munich Graduate School of Commerce, and his Doctor's degree from the University of Munich.

The preceding article closed with the statement "To Complete our disappointments, we will find also that the one effective check on inflationary excesses, the 'buyers strike,' is inoperative under these circumstances—for a long time to come."

I continue to quote: "Buyers' strike means that the elasticity of demand is restored when prices have risen sufficiently so as to exhaust the purchasing power of the consumer. Under the gold standard, as a rule, no inflation (of gold in circulation or of credit) can go very far; that indeed is the essence of the gold standard, that it does not permit expansion except within narrow limits. It stops expansion by compelling the monetary authorities to hold the 'credit base,' to restrain from issuing more legal tender or (what amounts to the same) more balances at the central bank. That stops the rise of the national income, or reverses it, and commodity prices have to adjust themselves accordingly."

"But we are not on the gold standard, not by a long shot. Nominally, the convertibility of gold is maintained, but actually it does not exist except for special purposes, permitted from time to time, and the dollar floats at a discount against gold on the open markets of the world. At home, there is no convertibility at all. Consequently, the central bank is free to print money ad libitum since it cannot be called upon to pay out in gold, and as Mr. Eccles told a Congressional committee, the volume of money has no relation whatsoever any more to the gold reserves. (The reserve ratio of gold to Federal Reserve liabilities has been reduced lately to 20%; it might be reduced to zero as well.)"

HISTORY DOESN'T REPEAT ITSELF "History will repeat itself, people like to believe, should the rapidly growing output of goods (which they take for granted) not turn the price trend automatically, then a buyers' strike will develop, as it did in 1920, and in due course the price inflation will be checked. The trouble is, however, that a buyers' strike occurs only under the gold standard, as in 1920, when the budget deficit accumulated cash money, not amount to cash money. In other words, when the income

Gracie Reports

By GRACIE ALLEN

Well engaged rings for men are becoming fashionable and it's about time, too. Men have had an unfair advantage with nothing to show that they're private property.

Another good thing about making engagements rings is that a girl wouldn't be so apt to break her engagement and give her ring back to a man with one of his own. He could then pawn two rings for enough to buy a nice present for some other girl.

Wedding rings for men are coming more popular, too. But George, the ever-married man already wears an invisible wedding ring. It's in his nose and his wife leads him around by it. He's so cute—and so right!

of the buying public cannot match their prices. This is a different situation now. We have an unbalanced budget and are ready to help the unbalanced budget by printing money in an indefinite quantity. The more prices rise, the more public deficits will be pouring out, and the more of the \$200 billion savings cash savings will be disbursed. And they may be disbursed over and over again.

TO SUM UP At the present, there is not audible even a murmur of public dissatisfaction with the onslaught of price inflation. To the contrary, the public is perfectly willing to condone a "compromise" solution of the current labor controversies and to swallow higher prices. This is what makes the labor trouble acute for the present, and chronic for the visible future. It will come of that. As a rule, he does not flood the policy of large scale deficit spending at home and abroad—continues. The wage earner simply tries to make the most of that. As a rule, he does not in the primitive fashion of John L. Lewis, who drives a bargain with the employers at the expense of us, as long as the money strike, until prices have run up very much further, but with good prospects in the meantime that the incessant industrial strife will offer unusual opportunities for communistic propaganda to foster more strife.

Caught Red Handed?

NATIONAL WHIRLIGIG

news behind the news

By RAY TUCKER

CENSORSHIP—Some high military men have now joined the scientists in deploring the administration and congressional delay in reaching decisions for the future development and use of atomic energy in both war and peace.

REASON—This wave of resentment explains why the other major C. I. O. unions—steel, rubber, meat, transport, rubber—they were supposed to operate on the basis of a retraining program by Philip Murray.

HOSTILITY—President Truman showed his hostility to Harold L. Ickes plainly enough when he named A. J. Krug as the cabinet member's successor.

So they say In the immediate future the peace of the world will depend upon the establishment of a community of nations.

ANN opened one eye, and regarded Connie darkly. "It," she announced, "am too old to go out with college boys."

Connie nodded serenely and agreed. "That's what I thought last night. And of course you're much too young to go out with those wolves Davey keeps bringing home."

"Of course," Connie said tentatively, "when Colin comes back."

"He'll live in Port Drake, and I'll live in Seattle, and we'll continue our charming correspondence and I shall have anything to do on Sunday nights."

"You know what I think?" Connie said. "No, what?"

"You need some breakfast."

Finishing her second cup of coffee, Ann leaned back and said to Connie, "It's a horribly mundane theory, but perhaps there's something to it—anyway, I'm much more human after coffee than before."

"Who isn't?" Connie said. "Why don't you go outside and talk to the infant?" She talks about you all week long—she really makes you an awful lot, you know."

ANN found Betsy playing in her sandbox, crooning happily to herself. "Ho, Ann," she said. "Hi!"

"I'm fine, thanks—and you?" "Bekku," Betsy said, offering Ann a revolting looking tin dish of mud.

MACKENZIE'S Column

AP World Traveler

BERN, Switzerland, March 9.—(AP)—One of the mysteries of the late war was Switzerland's ability to stay in the midst of many belligerents and under constant pressure from Hitler to cast her lot with the Axis.

The fall of France left Switzerland absolutely alone in the face of the mightiest German army.

The Swiss also had industries capable of producing light war materiel and their standing army was 600,000, officered by soldiers of long training.

The country was threatened by more than military force, for there were other forces at work to try to destroy national unity.

This was done through permanent orientation towards the economic and political problems of the country, and he attacked the work in an unusual way.

In this way a tremendous sense of confidence was created in the men and officers. Naturally a great part of the orientation program was devoted to clearing up the Nazi lies.

This task was complemented by application of the constructive policy of giving to each man the reason why Switzerland should be ready to defend herself.

Now, nothing could be more false than the Wyatt program assumption that lack of purchasing power and lack of workers are holding up our building industry.

So they say The Wyatt program follows the usual new deal formula of wanting to do everything at once, and assuming that three million houses must be, and actually could be, planned for now.

So they say In the immediate future the peace of the world will depend upon the establishment of a community of nations.

So they say I am sure that you are convinced, as I am, that more important for the world, as well as for the two nations themselves, than the United States and the Soviet Union should maintain a firm basis of understanding.

So they say We can't have it both ways. Either we obtain full confidence and cooperation among the large nations or we shall find ourselves playing the old game of power politics.

So they say ANN opened one eye, and regarded Connie darkly. "It," she announced, "am too old to go out with college boys."

Connie nodded serenely and agreed. "That's what I thought last night. And of course you're much too young to go out with those wolves Davey keeps bringing home."

"Of course," Connie said tentatively, "when Colin comes back."

"He'll live in Port Drake, and I'll live in Seattle, and we'll continue our charming correspondence and I shall have anything to do on Sunday nights."

"You know what I think?" Connie said. "No, what?"

"You need some breakfast."

Finishing her second cup of coffee, Ann leaned back and said to Connie, "It's a horribly mundane theory, but perhaps there's something to it—anyway, I'm much more human after coffee than before."

"Who isn't?" Connie said. "Why don't you go outside and talk to the infant?" She talks about you all week long—she really makes you an awful lot, you know."

ANN found Betsy playing in her sandbox, crooning happily to herself. "Ho, Ann," she said. "Hi!"

"I'm fine, thanks—and you?" "Bekku," Betsy said, offering Ann a revolting looking tin dish of mud.

UPTON CLOSE: We Want Houses, Not Bosses for Fewer Houses

There is no doubt that congress has got to act on housing and building materials—pronto.

There is no doubt that congress has got to act on housing and building materials—pronto. Huge stocks of lumber and hardware being scouted out by American Legionnaires and others are melting away by the huge truck-and-trailer load.

The Wyatt program starts out with typical new deal sophistry. It makes the assumption that what is holding up veterans housing (as well as all other construction) is lack of skilled workers and lack of purchasing power.

Now, nothing could be more false than the Wyatt program assumption that lack of purchasing power and lack of workers are holding up our building industry.

So they say The Wyatt program follows the usual new deal formula of wanting to do everything at once, and assuming that three million houses must be, and actually could be, planned for now.

So they say In the immediate future the peace of the world will depend upon the establishment of a community of nations.

So they say I am sure that you are convinced, as I am, that more important for the world, as well as for the two nations themselves, than the United States and the Soviet Union should maintain a firm basis of understanding.

So they say We can't have it both ways. Either we obtain full confidence and cooperation among the large nations or we shall find ourselves playing the old game of power politics.

So they say ANN opened one eye, and regarded Connie darkly. "It," she announced, "am too old to go out with college boys."

Connie nodded serenely and agreed. "That's what I thought last night. And of course you're much too young to go out with those wolves Davey keeps bringing home."

"Of course," Connie said tentatively, "when Colin comes back."

"He'll live in Port Drake, and I'll live in Seattle, and we'll continue our charming correspondence and I shall have anything to do on Sunday nights."

"You know what I think?" Connie said. "No, what?"

"You need some breakfast."

Finishing her second cup of coffee, Ann leaned back and said to Connie, "It's a horribly mundane theory, but perhaps there's something to it—anyway, I'm much more human after coffee than before."

ANN found Betsy playing in her sandbox, crooning happily to herself. "Ho, Ann," she said. "Hi!"

"I'm fine, thanks—and you?" "Bekku," Betsy said, offering Ann a revolting looking tin dish of mud.

In Hollywood

By ERSKINE JOHNSON NEA Staff Correspondent

HOLLYWOOD.—Have you had your dog's horoscope cast lately? You haven't! Well then, your pet isn't up on the latest thing in the dog world, as Pala, Asta, and Lassie will testify.

All three have had their horoscopes cast by Lester ("Let the Stars Guide Your Dog to Happiness") Belt, a Glendale, Calif., barber who once devised horoscopes for humans and who now does it for dogs. He's not kidding, either.

We met Lester on a movie set at the 20th Century-Fox studio. An enterprising young press agent had invited him out to cast the horoscope of Rodney, a Doberman Pinscher who plays the title role in a new movie, "It Shouldn't Happen to a Dog."

Maybe this horoscope business shouldn't happen to a dog, but it was happening. Lester had it all written down neatly, and was passing out pamphlets titled, "Your Dog's Astrological Horoscope," which he ordinarily sells for 50 cents.

"Rodney," said Lester, very gravely, "has two outstanding traits—mental energy and keen perception. Whelped at this time and date (late afternoon, April 14, 1942), the dog certainly has the ability not only to be alert to signals necessary for successful performance, but to grasp their meaning and carry them out."

WHY NOT FOR DOGS? Lester wasn't kidding. He showed us the idea that social savagery must now take over, alphabetize, and administer the oldest skilled trades in the world. The utterly false parallel drawn by Mr. Wyatt of the building of 50,000 airplanes for President Roosevelt by government appointment and stimulus must, in itself, damn the entire Wyatt house-building program.

There is about as much parallel between the automotive industries' converting in war time to make war planes and construction industries' building peace time houses as there is between a long-eared jackass and a long-eared rabbit.

BRITISH HOME ACCIDENTS Approximately 7800 fatal accidents occur annually in abeyant mmmmm are caused by open kitchen fires, high windows and cupboard, stairs without handrails, and steep, dark cellar steps.

Working close to nature, the farmer has learned some things that are being ignored completely in this industrial strife: Only through hard work can you get production. Only through production do you get something to eat.—R. B. Corbett, secretary-treasurer American Farm Bureau Federation.

feel I have to be chaperoned within an inch of my life with them!" "It isn't that I don't trust you, lamb," Connie protested, "but honestly—"

"I wasn't objecting," Ann said mildly. "Another thing I'm not young enough for is the belief that wolves are necessarily interesting."

"Why don't you accept Taffy's invitation and go to Hollywood when you finish the house?" Connie said. "I mean, you can afford the trip now, can't you?"

"I'm positively feisty rich," Ann agreed. "I suggested to Colin that he should at least deduct my board from my fee, and all his hospitable instincts were outraged. It seems that a Drake wouldn't think of having a paying guest!"

"Of course," Connie said tentatively, "when Colin comes back."

"He'll live in Port Drake, and I'll live in Seattle, and we'll continue our charming correspondence and I shall have anything to do on Sunday nights."

"You know what I think?" Connie said. "No, what?"

"You need some breakfast."

Finishing her second cup of coffee, Ann leaned back and said to Connie, "It's a horribly mundane theory, but perhaps there's something to it—anyway, I'm much more human after coffee than before."

"Who isn't?" Connie said. "Why don't you go outside and talk to the infant?" She talks about you all week long—she really makes you an awful lot, you know."

ANN found Betsy playing in her sandbox, crooning happily to herself. "Ho, Ann," she said. "Hi!"

"Thanks, I've just had some," Ann said. "I thought you weren't allowed to play with water."

"Milk," Betsy contradicted her. "Milk and milk," she added. "Very much," Ann agreed, "but it's still wet." She didn't press the point, however, but regarded Betsy fondly. She was such a beautiful child—and so bright.

"Hyaa, sugar-plum," she said, "why do you love me?" She said it completely. The answer was almost automatic. "You!" with Betsy's most charming grin.

"Zock," Betsy answered, unexpectedly. "What?"

"Wuv Zock," Betsy repeated obligingly.

"Hey," Ann said, walking into it. "You don't love Zock more than me, do you?"

"Yip," Betsy said, and turned her head. "Aren't you starting a little young?" Ann asked, but Betsy ignored her. She was busy. Ann got up from her knees, and started back toward the house.

"Where goin'?" Betsy called after her.

"I'm going to talk to Connie," Ann answered. "She doesn't love Zock more than me."

"Bye," Betsy said cheerfully. Ann told Connie about it, who laughed. "Has she seen Zock lately?" Ann asked.

"He's been with a couple of times to see her—like I guess," Betsy said. "Did he ask about me?"

"Oh, he sent his regards—I didn't think you were especially interested in his regards, so guess I forgot to tell you."

"I'm in his regards," Ann said slowly, "but in case he should happen to see her—like I should happen to feel like crooning at her."

us his horoscopes of Pala, Asta, and Lassie.

"Aries on the ascendant gives Pala determination, physical and mental energy, and a super-complacency."

"Lass was whelped under the sign of Gemini and while this is not the most desirable time, it is better than two hours and 30 minutes before midnight."

"Asta is a born leader and takes pride in acclaim by individuals or crowds."

"We asked Lester how he happened to get this great idea for dogs. 'I was reading one of those 50-cent horoscopes and it was so bad that I said: 'They might as well be casting horoscopes for dogs.' So I switched from humans to dogs."

Ye GAGS, what next! IMPATIENT STORY: "Maybe you've been wondering too, about Virginia O'Brien's sudden disappearance half-way through 'The Harvey Girls.' She had to run off to keep a date with the stork and the picture couldn't wait."

No one has yet been able to explain to us how Deanna Durbin, a waitress in a New York hash-house, could afford that magnificent apartment in "Because of Him." Maybe her husband, Felix Jackson, who produced the picture, was paying the rent.

Chester Morris got into a serious discussion on motion pictures with a prominent doctor at a Hollywood party. The doctor complained that Hollywood studios had stopped making pictures about the medical profession and that there was a need for such films. Morris grinned: "How is it, doctor, that you missed 'Getting Gertie's Gaiter?'"

BRITISH HOME ACCIDENTS Approximately 7800 fatal accidents occur annually in abeyant mmmmm are caused by open kitchen fires, high windows and cupboard, stairs without handrails, and steep, dark cellar steps.

Working close to nature, the farmer has learned some things that are being ignored completely in this industrial strife: Only through hard work can you get production. Only through production do you get something to eat.—R. B. Corbett, secretary-treasurer American Farm Bureau Federation.

feel I have to be chaperoned within an inch of my life with them!" "It isn't that I don't trust you, lamb," Connie protested, "but honestly—"

"I wasn't objecting," Ann said mildly. "Another thing I'm not young enough for is the belief that wolves are necessarily interesting."

"Why don't you accept Taffy's invitation and go to Hollywood when you finish the house?" Connie said. "I mean, you can afford the trip now, can't you?"

"I'm positively feisty rich," Ann agreed. "I suggested to Colin that he should at least deduct my board from my fee, and all his hospitable instincts were outraged. It seems that a Drake wouldn't think of having a paying guest!"

"Of course," Connie said tentatively, "when Colin comes back."

"He'll live in Port Drake, and I'll live in Seattle, and we'll continue our charming correspondence and I shall have anything to do on Sunday nights."

"You know what I think?" Connie said. "No, what?"

"You need some breakfast."

Finishing her second cup of coffee, Ann leaned back and said to Connie, "It's a horribly mundane theory, but perhaps there's something to it—anyway, I'm much more human after coffee than before."

"Who isn't?" Connie said. "Why don't you go outside and talk to the infant?" She talks about you all week long—she really makes you an awful lot, you know."

ANN found Betsy playing in her sandbox, crooning happily to herself. "Ho, Ann," she said. "Hi!"

Let's Face The Facts

About HOME BUILDING

In the confusion created about the shortage of homes in America, one point stands out clearly:

YOU CAN'T BUILD HOMES WITHOUT MATERIALS!

Lumber and building material dealers and contractors obviously have a vital interest in obtaining materials for home building.

They report, nevertheless, that such materials are not flowing through the yards; that they have not been able to get them. Therefore, the Government's HH priorities offered to enable veterans and others to obtain homes, are simply home hunting licenses--for materials in quantity are not available.

As long as OPA continues its wartime control policy rather than a policy of adjustment to aid reconversion, it will neither be able to prevent an inflation or a deflation; it will only be able to prevent reconversion by discouraging production of needed home building item

Here, for example, is an instance of OPA action that has resulted in increased production. After 6 months' delay, OPA granted a 4% to 10% price adjustment that allowed 125 of 400 closed brick and tile plants to reopen. This price adjustment allowed these plants and 400 others that had been operating, to hire needed labor. As a result, in the next quarter production rose 35%.

But in hardwood flooring, siding, plywood, millwork, and construction lumber, OPA clings to its wartime formulas. Instead, OPA follows the unrealistic policy of allowing premium prices to mills for producing lumber for such things as export to foreign countries, and for items that were needed in wartime industry.

Today's question is not essentially one of price control--if there were plenty of homes, no price controls would be necessary. The important question is one of production and man power.

So far, OPA and Government officialdom in general have contented themselves with controls, allocations and priority systems which at best can do nothing but juggle an insufficient supply of building materials--and at worst, delay and retard production and the employment of manpower.

Homes will not be built in the United States unless the Building Industry builds them. Whether they are labeled "Public Housing" or "Private Homes," the same materials, the same labor, the same building industry will build them.

Production can be un-blocked by the removal or adjustment of OPA's wartime policies. But such a realistic approach cannot be attained as long as Government action is based on a philosophy of lack rather than a philosophy of abundant supply for peacetime prosperity.

The lumber dealers, builders and contractors stand ready to build or rebuild America. But it is up to the people to demand that the way be cleared for the production of materials for homes.

Any government program that does not FIRST remove obstacles blocking production of materials will simply add additional difficulties to the problem facing the building industry.

NATIONAL RETAIL LUMBER DEALERS ASSOCIATION

WASHINGTON, D. C.

Cox Comments

By ANNA MERLE COX
Miss Lee Sullivan, head of the commercial department, will go to Abilene Friday to act as chairman of the discussion group in secretarial studies at a meeting of the West Texas business division of the National Education association.

The session, which will be held at Hardin-Simmons University, will include a general assembly, sectional meetings and a banquet.

A religious service consisting of silent prayer with a response by the A Cappella choir was held from 1:05 to 1:10 p.m. Friday to observe the "World Day of Prayer."

Teachers and pupils in every classroom bowed their heads during the short service.

All of the Pampa High students certainly enjoyed the three Rotary speakers. We wish to thank the Rotary club for sending these speakers to us.

The seniors and faculty enjoyed the pictures banquet presented by the junior class last night.

The band clinic, conducted by Mr. Fred Westphal, was concluded last Friday night with a concert in the Junior High auditorium. Mr. Westphal is director of instrumental music at the Texas State College for Women in Denton.

Mr. B. G. Gordon has gone to Oklahoma City to see his father who is critically ill.

PHS Courtesy Bureau Established by Council

A courtesy bureau, established for the purpose of greeting and guiding visitors to PHS, was started Wednesday by the public relations committee of the student council. Bill Nellis is chairman.

The desk is placed in the front hall and two students are assigned to the desk each period. Visitors will sign the guest register, fill out a visitor's pass, then a member of the bureau will show the visitor through the building or to their destination in the school.

The students serving and the periods are Max Hukill and Bertha Mae Killian, first period; Hansel Kennedy and Norma Pirtle, second period; Edie Nellis and Eloise Wyatt, third period; Don Lane and Donna Beagle, fourth period; Johnnie Sue Hart and Jim Terrell, fifth period; and Elmo Hargis and Gene Garrison, sixth period.

\$5 For A Name

Do you need \$5.00. Attention: Students who have financial problems. Here's your chance to assuage them. Submit a clever name for the literary magazine which is to be published by the students of Pampa High this spring.

Be the one to receive the \$5.00 cash award in assembly Wednesday.

Dramatics Class Finds New Talent for Acting

Great dramatic talent has been uncovered in Miss Ruth Stapleton's dramatic class. Three committees have each written and produced a short play.

One committee composed of Ginger Bassett, Buddy Sawyer, Charles Spencer, Gladys Wilson and headed by Bonnie Shelton put on "A Medal for Connie," a short play on how Connie disposed of some unwanted guests by her childish actions.

Bernie Brown, Thelma Link, Patsy Smith, Joan Hawkins, Charles Spencer, Billy Hutchinson, with Don Lane as the chairman produced "The State Versus Rita Ryan." This was a court scene with Rita Ryan charged with first degree murder.

Also a musical play was written by James Boursay, Billy Hutchinson, Bob Houchin, Euleta Covatt and with Maxine Lane as the chairman. Work has begun on four one-act plays to be presented some evening in the near future.

Come to the Party

Show your loyalty by attending the all-school party Tuesday night. Members of the student council have spent a lot of time to make this party a huge success. Side shows, dancing, games and refreshments will be for your entertainment.

No lessons will be assigned, so that will be no excuse. Come one, come all and a good time is guaranteed.—W. T.

Keep the Library Orderly

When one goes to the library, he should respect the other people who are there. After all, they might be studying.

Miss Mary Gordon, our librarian, tries to keep the library quiet and everything in order. We should help her do this so that everyone will enjoy going to the library to study or to read.

The school has subscribed to magazines which come either weekly or monthly. We can help keep these magazines and newspapers in order by not writing on or in them.—J. H.

LITTLE HARVESTER STAFF

The LITTLE HARVESTER is published weekly by the students of Pampa high school. The Little Harvester is a member of the Panhandle High School Press Association, Quill and Scroll and Texas High School Press Association.

Dr. Douglas Nelson Speaks To Juniors, Seniors at Gala Banquet

Final Rotary Speaker Tells About Turks

The parents of Turkish boys and girls are interested in them and their future as much as our parents are and their schools are similar to ours, according to Mr. Chester M. Tobin, last of the lecturers in the Rotary Series of International Understanding, who spoke Wednesday in assembly.

In 1924, four years after graduation from college, Mr. Tobin was sent to etatol etao etaostrhrdrl sent to coach the Turkish Olympic contestants. Having a difficult time understanding their language, and the games were new to the boys, they did not win at the Olympic games in Paris, but gained many helpful experiences by seeing the champions, he reported.

Characteristics of the Turks are their sense of humor and great sense of politeness, he said. The average Turk has a dark complexion, dark hair and dark eyes.

Kamal, ruler of Turkey until 1924, brought about many reforms for his country. The most radical reform which has taken place since World War I was in 1925 when the wearing of the hat instead of the fez became official. Another radical change was the discontinuing of the wearing of the veil by the women.

The Turkish women had no civil rights until 1934. In that year the Grand National Assembly met and voted for national suffrage. In 1935, 17 Turkish women were elected to the assembly.

Before 1924, only boys who trained to be officers in the Sultan's Army and Navy received an education. Girls of wealthy parents were sometimes sent abroad to Europe to study. From 1924 until 1939, Kamal was busy making a great reform in education. An average of 200 schools a year were being built during this time. Now and during the war many Turkish students are being sent to the United States for higher education.

Transliteration of the Arabic language to our alphabet of the West was made in 1929. By June 15, 1939, every legal document or paper published in Turkey had to be written in the new alphabet, Mr. Tobin reported.

Turkey maintained a strategic part in World War II because she has a waterway connecting the Black and Aegean Seas, he said, and outlined the treaties by which Turkey remained friends of England and Russia, even at the beginning of the war when it seemed the two countries would be enemies.

Harvester Track Team Enters Meet

The Harvester track team will enter five boys in the Southwestern Recreation Track and Field meet. Carl Mayes will run in the 100-yard dash, Randy Clay will throw discus, Lonnie Williams is eligible in the shot put and Bob Troop, Leon Gooch, Clay and Mayes will run in the sprint relay and the football relay.

The football relay is an event in which boys in full football regalia run the length of the field and pass a football instead of a baton. Gold, silver and bronze medals will be awarded to first, second and third place winners in all events. A trophy will be awarded to the winner of the football, mile and sprint relays.

Boys who are showing the most improvement according to Coach Otis Coffey are Malcolm Fagan, Jim Wilson and Billy Gene Davis in the mile run; Bernie Brown, Russell Neef and Lonnie Williams in the high hurdles; Brown, Neef and Max Robbins in low hurdles; Jack Oliphant, Mike Alloway and Laddie Mayes in the 440-yard run.

Troop and Carl Mayes in the 220-yard run; Horace Saunders in the 330-yard run; Kelly Anderson and Charles Lockhart in the pole vault; Carl Mayes, Clay and Gooch in broad jump; Clay, Williams and Bill Speer in discus; and Bob Boyles, Gooch and Lonnie Williams in shot put.

Faculty To Select New Honor Society Members. New members of the National Honor society will be selected March 14 by the faculty and the results will be posted on the front bulletin board following the meeting.

Members of the society met Monday during the third period to make definite plans concerning the initiation of the new members. Doris Shackelford, Elsie Ruth Graham and President Bernie Brown will plan the program.

Formal initiation of members will be held in assembly the last week in April.

Attending the meeting were Beverly Candler, Berne Brown, Elsie Ruth Graham, Doris Shackelford, Eva Jean Anderson, Kathryn Rose, Quella Nelson, and the sponsor, Miss Anne Louise Jones.

Tennis Play-offs To Be Before District Meet

Interscholastic tennis elimination matches will be held two weeks before the April district meet. Miss Dorothy Hoyte, coach, said last week. Girls entering tennis are Patsy Pierson, Alice Robinson, Mary Myatt, Reba Fagan, Beverly Candler, Libby Sturgeon, Joyce Pratt, Marilyn Adams, Mary Rutherford and Frankie Ann Studer.

Boys who have signed up for tennis are Charlie Lafoon, Horace Saunders, Don Morrison, Ronald Lewter, Jack Hood, Earl Davis, and Bernie Brown.

February Weather Is Good for Panhandle

In a period of 21 days in February, the changeable weather gave the students of PHS a range of 62 degrees in temperature, but controlled itself and held the Panhandle winds down to an even level.

Feb. 4 had the highest maximum temperature listed at 80 degrees, and Feb. 11 took the minimum with 18 degrees.

On Feb. 13, students had a holiday because of the snow and a week later came to school in shirt sleeves and looked longingly outside at the sun while they had to go to class.

Beavers Read Weekly Exchange Papers in Harvester Office. A bunch of busy beavers reading newspapers are seen in the Little Harvester office each week as the exchange papers come in. They are looking to see what other schools are doing.

At Texas Tech college at Lubbock, a poll was recently taken among the men and they voted definitely against girls wearing "sloppy Joe" sweaters. They had a good point when they asked the question, "Do women dress for women or for men?" But don't you PHS boys go getting any ideas.

THE PHS TRIO, consisting of Beverly Candler, Libby Sturgeon and Sybil Pierson, have received ovations for excellent performances since their first appearance for assembly last fall. Since that first hurriedly prepared performance, they have appeared on programs presented by the A Cappella choir on several occasions. Wanda Gordon is the accompanist.

All-School Party Will Feature Eats, Side Shows, Fun for All

Pampa High will enter track and field events, typing, shorthand, tennis and ready writing in the district meet at Amarillo April 6.

Those students placing in the district meet will be eligible to enter the regional meet at Lubbock April 10 on May 2 and 3 for the state meet.

Coach Otis Coffey is in charge of the track and field events, and Miss Dorothy Hoyte is coaching tennis. Miss Lee Sullivan is instructing shorthand and typing students, and Miss Anne Louise Jones will direct the ready writers.

Music Department Interviewed Friday

The radio program for last week was an inter the auspices of the Music department from all the Pampa public schools.

Mr. J. H. Flathers interviewed Mr. Ray Robbins, head of the high school music department; Mr. Orland Butler, head of Junior high music department; Mr. C. S. Meach, head of elementary music; and Mr. Fred Westphal, who is here for the music clinic. The purpose of the interviews was to find out what is going on in the music department of the various schools in Pampa.

Ninety-Three Students Are Listed On Fourth Six Weeks Honor Roll

A total of 93 students achieved places on the honor roll last six weeks. This is six less than the first six weeks report and three more than the mid-term roll.

The following 36 students made all grades 90 or above. This number tallies with that of last six weeks, each being 36.

Elvin Jean Anderson, Betty Barrett, Betty Jo Coffey, Jeannine Conyers, Bobby Joyce Davis, Mary Ann Davis, Margery Dixon, Nadeen Edgerton, Junice Ann Fahlke, Nickie Fraser, Gordon Frasher, Johnny Sue Hart, Mardell Hawkins, Tiny Hobart, Mary Jean Hoover, Joy Hutchens, Guinezie Killingsworth, David Lamb, Don Lane, Don Losher, Patricia Marie Miller, Leona Mills, Cantrell Nash, Kelvin Neil, Quella Nelson, Donna Jo Nestell, Lyman Osborne, Bob Payne, Irma Lee Perkins, Lucille Smith, Roberta Earlene Smith, Doris Ann Spain, Altha Bell Steward, Katherine Jo Talley, Nancy Caroline Thompson, and Bobby Jo Tucker.

The following 57 students made all 90 except one. This is three higher than the last report.

John Allen, Rosamond Allen, Shirley Barton, Donna Beagle, Evelyn Bell, Bernie Brown, Naneen Campbell, Beverly Candler, Barbara Ann Carlson, Lois Crawford, Kathryn Crowley, Ivan Collier, Patricia Cook, Anna Merle Cox, Carol Culbertson, Billy Gene Davis, Peggy Eckerd, Wanda Fish, Evelyn Farbow, Arline Givens, James Morris Gray, James Harrah, Richard Hughes, Mary June Hunter, Dorothy Jones, Margaret Jones, Helen Kiser, Lamar Lively, Arlaeta Louther, Wilma Mathus.

Robbie Louise McClelland, Harold McCray, Mary Catherine McNamara, Jack McPeak, Bobby Dean McPherson, Emory Menefee, Gorda Bell Miller, Betty Meek, Eldon Morris, Wanda Lou Morrison, Allene Morrison, Bill Nellis, Mildred Overstreet, Betty Jean Parker, Norma Ann Pirtle, Jean Pratt, Joyce Pratt, Leona Faye Richardson, Adell Roberts, Betty Joyce Scott, Doris Shackelford, Judy Smith, Robert Dean Stone, Frankie Ann Studer, Mickey Swearingen, Ida Duth Taylor, Bonnie Tucker, and Ann White.

Our Seniors . . .

To be a nurse is the ambition of Velma Lucille Smith. She gives her birthplace as Bisbee, Ariz., Feb. 7, 1928. She plans to attend St. Anthony's college. Lucille is a member of PHS, student council and was in the junior play.

Charles Arthur Spencer was born in Trinidad, Colo., Sept. 29, 1927. His desire is to be a minister and attend a church college. He is a member of the A Cappella choir, student council and an H-Y. He has attended schools in Trinidad, Colo. and Pampa. Charles' hobbies are hunting, fishing and hiking.

Born with one brown and one green eye is Frank Loyd Stallings, Jr. who gives Clarendon and March 13, 1928 as the statistics of his birth. He plans to attend either Oklahoma or Texas University and would like to enter the journalistic field of work. He is a member of the Quill and Scroll, H-Y, was a stage manager in the senior play, and is compositor and sport editor for the Little Harvester. His hobbies include collecting newspapers from various towns and writing.

Nyda Joyce Stone was born April 11, 1928, in Archer City. Her ambition is to be a nurse and attend Baylor School of nursing. For an activity she works in the bookroom.

Nov. 29, 1927, and Venus, Tex., are listed as Mickey June Swearingen's birthplace and date. She plans to attend Draughn's Business school in Fort Worth and is a stenographer. She collects snapshots for a hobby.

Blue-eyed Glynedee Swindle gives as her birthplace and date Feb. 7, 1928, and Ellsavage. Her ambition is to be a good secretary and attend Draughn's Business college. Glynedee's activity is working in the bookroom.

Students interested in trying out for parts in the Junior play, "The East," must meet in the auditorium Monday afternoon. Miss Ruth Stapleton, director, has announced. Juniors interested in working on the stage crew should also be present. Junior sponsors will act as judges for the try-outs.

Quill and Scroll Holds Initiation For Amarillo

Mr. Bill Tanner, editor of the Amarillo Times, was guest speaker when the Pampa Quill and Scroll performed the initiation ceremony for the pledges of the Amarillo Chapter Tuesday evening in the Amarillo high school library.

Mr. Tanner spoke on "The Newspaper Two Decades From Now." He said that instead of the teletype now used, which sends 60 words per minute, radio type, which will send 600 words per minute, will be used extensively throughout the United States.

115 Seniors Plan For Carlsbad Trip

Plans were completed last week for the senior class of PHS to visit the Carlsbad Caverns May 3, 4, and 5. This will be the first time since 1914 that the seniors have gone to the Caverns.

Reservations have been made in Carlsbad for the accommodations of 143 persons. If more students plan to go, the persons failing one or more subjects will be eliminated. At the present, 115 applications have been filed.

Present plans follow: Early on May 3 the group will leave in school buses or private cars. Each private car must have a parent or class sponsor in it. The seniors will arrive at Carlsbad at approximately 4 p.m. and will have a picnic.

The next day, May 4, the trip through the caverns will be made. The National Park association will make arrangements for a special trip through the caverns for the seniors, and a geologist and a naturalist will accompany them.

Seniors are hoping for a dance that night. Both afternoons swimming parties in the Pecos river have been planned.

The following morning, May 5, the group will leave Carlsbad to return to Pampa.

PHS To Sponsor FHA Convention

A proposed Area I meeting to be held in Pampa this spring headed the discussions at the annual business meeting of the FHA at Tulsa last Saturday. A definite date for the meeting has not yet been set.

The Pampa Chapter of the FHA was represented by Naneen Campbell, newly elected Area I sergeant-at-arms; Lucille Smith and Irene Hoggart, delegates; Miss Edith Krul, sponsor; and Mrs. Smith, attending mother. Le lie Hart was unable to attend because of illness.

The morning session consisted mostly of getting acquainted with the representatives from the other attending towns, and was concluded by reports from the present council members.

The afternoon meeting opened with reports given by delegates from all chapters represented. Lucille Smith gave a brief discussion on the Pampa chapter's activities and future plans.

Voting for the 1946-47 council was done by secret ballot. Alice Ruth Crocker, present president, was chosen for the Area I state delegate. Donna Bell of Chillicothe succeeded her as president. Naneen Campbell, chosen as sergeant-at-arms, will attend the council meeting at Chillicothe early in the fall.

Sagebrush--by the Sage

First of all this week, Sage wishes to ask you, if you are ashamed of whom you go with, don't go on complaining if it makes this column.

Beverly Burba left Tuesday to go to California to marry Troy Boyles.

Ray Thompson, Kenneth Beezley, Kenneth Dewitt and Billy Bird were seen in the halls last week.

The trio, Naneen Campbell, Virginia McNaughton and Johnny Sue Hart were definitely "blacked out" at the banquet Saturday night.

Max Hukill and Naneen Campbell are going steady now. They make a very cute couple.

JoDele Bell and Bill Chapman enjoyed the show immensely one day last week.

Bill Payne and Vina Dittberner have been seen together recently. Both are short and look nice together.

Gene Lively of Westworth Military academy is home this week.

end on a visit. He and Joyce Cloud attended the Junior-Senior banquet together.

Charlie Riggins and Mildred Groves have made up, but definitely. We don't have to worry—they are made up for good this time.

A new triangle has been formed. It is made up of Rosemond Allen, Joe Glaxner and Billy McArthur.

Arvilla Patterson and Bill Krubbs have been going together for quite a while now. Keep it up, kids.

Don Taylor and June Sanders were seen together last week.

LaKe McClellan has been a very popular place recently. You should know, Wayne Johnston.

Bennie Jean Cathey and Francis Hunt are going steady now. Wonder how long it will last this time?

Bobbe Bennett and Harold McCray have been coming out of algebra class together. Couldn't be discussing algebra problems could they?

Market Briefs

WALL STREET
NEW YORK, March 9.—(AP)—Individual stocks made further headway in another exceptionally "thin" market today but resistance to recovery still was evident and dealings among the slowest since last September.

Scattered aircraft and "blue chip" specialties did a bit better than other groups from the start although rails and motors were resistant and, with few exceptions, fractional irregularity ruled near the close. Volume was around 200,000 shares.

Aiding some issues such as American Telephone, and reviving labor hopes a triple, was the settlement of the Western Electric strike. The boost in cotton textile ceilings proper American Woolen and also inspired the thought that the market would benefit through relaxation of price con-

trol elsewhere. Aircraft were buoyed, it was suggested, by the outlook for maintained armaments due to the darkening of the international situation.

Occasional advances included U. S. Steel, Bethlehem, Montgomery Ward, Douglas Aircraft, Boeing, Bell Aircraft, Grumman, North American, Santa Fe, Southern Pacific, Pfizer, American Smelting and Refining, In the lagging division most of the time were Chrysler, U. S. Rubber, Sears Roebuck, Western Union, "A", Great Northern, Chesapeake & Ohio, Pennsylvania, Southern Railway, Westinghouse, Du Pont, General Electric, International Harvester, Standard Oil (NJ) and U. S. Gypsum.

Bonds and commodities were higher.

DOROTHY GRAY brings you "Bright Touch" for a bright spring!

THIS YEAR'S spring wings its way like a bright bird... gay... enchanting... vibrant... against the passing gray of a winter sky. Dorothy Gray captures this flash of color in "Bright Touch" make-up... the same "Bright Touch" you'll find in your new accessories... the "bright touch" of good, strong color that makes you and your finery a reflection of a warmer, richer spring.

"Bright Touch" in new postwar magnum lipstick, nail enamel, and rouge, packaged together, \$2.50. Individual items available. All prices plus tax.
