CPA Lists Greatest Industry Gains Since V-J-Day for March

WASHINGTON—Industry in March made its greatest gains since V-J day, the civilian production administration reported last night, but April will show a slump because of the coal strike.

EMPLOYMENT REPORT

Some 55,700,000 Americans were working, a gain of 1,300,000 over February. Civilian employment is about 500,000 higher than a year ago.

Although 800,000 veterans were released into the labor market in March, unemployment rose only 60,000 to a total of 2,710,000, by census figures. The seasonal upturn in farm work absorbed many workers.

SLUMP PREDICTED

Small predicted that the strike of the United Mine Workers would be felt "throughout the country" as plant after plant runs out of fuel. He termed the steel outlook "very discouraging."

Coming as it did shortly after the nationwide steel strike, the coal shutdown will make it "impossible to meet all demands" for steel in 1946, Small said, with the result that CPA and steel makers must plan jointly to apportion steel supplies equitably among users. Voluntary means of spreading the supply now are being studied, he said.

Automobile producers hit a new postwar high of 90,045 cars in March, about double February's output, the CPA report said, but the coal strike and other continuing labor disputes will hurt future production.

The best recovery to date has been in textiles, building materials and—until the coal strike—iron and steel, Small said.

While the output of civilian goods and services was running at a record-breaking \$154,000,000 annual rate compared with \$123,000,000 in the first quarter of 1945—Small noted that the gain may be surprising to those who are disappointed at the slow reappearance of autos and other durable goods.

Nearly half this increase, he explained, was in food, tobacco, women's clothing, gasoline, and other non-durable items which had no great reconversion problems.

Memorial Park Becomes Reality

Newest civic bed-time story for Pampa is the Legion Memorial park which is no longer a day dream.

Next year at this time kids of the town will be able to walk or bike out to the park, located just south of town near the rodeo grounds, to fish and enjoy picnics under shady trees.

The park was particularly planned for youngsters.

About 550 trees of all kinds have been planted on the grounds around the small lake and drives by Legionnaires and men hired by the Legion.

Bordering the lake are 80 cotton wood trees. Groves of trees have been planted at various places to serve picnic spots.

On either side of the lake drive a row of trees has been planted. Other than cotton woods there are pine, apricot, poplar, maples, etc., all of them donated, and ranging from mere saplings to 12-inch slabs.

Transplanting of the larger trees entailed a cost of about \$20 each, requiring hand labor to dig them out from a thicket, then transporting, planting and watering them. They appear like over-grown stumps at this time but their future is bright.

The park grounds, on land leased by the Top O' Texas Rodeo Assn., from the city, has been terraced to prevent drainage into the lake.

Plans are that small fish will be planted in the lake next year, primarily sunfish, bream and channel catfish. They will be for children in particular and are not intended as game fish.

A water well is to be drilled on the park to provide fresh inlet to the lake as well as drinking water.

Park-goers are not especially wanted at this time as the trees are still liable to be easily damaged. Thus far they have grown better than expected, with no "fatality" as yet. Legionnaires had thought a 25 percent fatality would be good.

Future plans for the park other than the above are that it will become a recreational spot with barbecue pits, picnic tables and benches, and perhaps a hall.

DEATH TOLL MOUNTS IN TRAIN WRECK

Aerial view of Burlington railroad wreck in which over 40 persons lost their lives. Crows watch removal of dead where the Burlington streamliner at the Naperville, Ill. grade crossing. Officials say that this is the worst wreck in the history of the Burlington railroad.

Investigation of Railroad Wreck Ordered by State

CHICAGO—(AP)—A grand jury investigation was ordered yesterday of a Burlington railroad wreck that killed 44 persons at Naperville, Ill., as the railroad opened its own inquiry into the worst disaster in the line's history.

The grand jury investigation was ordered by State's Attorney Lee Daniels after railroad officials and train crew members passed up his scheduled inquiry at Naperville to tend the railroad's hearing here, Daniels, describing the railroad inquiry as "a rehearsal of evidence," interrupted the Chicago hearing to serve subpoenas directing railroad officials and crewmen to appear before the Du Page county grand jury at Wheaton Tuesday.

The prosecutor said earlier at Naperville he was "not entirely satisfied" that W. W. Blaine, 68 year old engineer on the Burlington's Exposition flyer, "is to bear the entire blame."

"I believe other angles might be about as much to blame as the engineer's operation," he said. But the Exposition Flyer crashed into the rear of the line's Advance Flyer, when the lead train made an unscheduled stop at Naperville, 30 miles west of here, at 1 p.m. Thursday.

Blaine, who suffered a possible skull fracture, has been charged with manslaughter.

The railroad continued its inquiry, with representatives of the Interstate and Illinois commerce commission attending.

We've All Kinds of Time on Our Hands

If you're as confused about this time business as we are, you'll go back to bed this morning. But you won't be able to sleep it off. It will be here all summer.

However, you don't have to change your clock any. We still have what is commonly known as Central Standard Time, but six Eastern states are changing to what they are going to call "Daylight Savings Time."

There will be some trouble, probably, in finding your favorite network program today. It will be one hour earlier.

Speaking of states, twenty-three of them, including Texas, and the District of Columbia, will not observe the time change. (They're satisfied with the time they have, we presume.)

States which will push time pieces ahead one hour on a statewide basis are New Jersey, Massachusetts, New Hampshire, Rhode Island, Vermont and Connecticut.

SWIFT AS AN ANTELOPE
An African native, in good condition, can run an eland antelope until it drops from exhaustion, although the chase may extend 20 miles or more.

Anderson Sees Wheat 'Flood' In Springtime

WASHINGTON—(AP)—Secretary of Agriculture Anderson expressed confidence yesterday that there will be a "springtime flood" of wheat from farms to elevators for shipment to the hungry abroad once spring planting chores are over.

Reporting on his trip to the wheat belt with UNRRA Director General Fiorenzo H. LaGuardia, Anderson told a national farm and home hour radio audience that he believed the government's offer of a bonus of 30 cents a bushel for wheat delivered before May 25 will result in 100,000,000 bushels being made available for export during the critical period from now until July 1.

This is approximately the goal for that period.

But Anderson said "we are behind our goal" now. It will take the cooperation of grain elevators, farmers, agriculture department employes, the army, and "the great host of well intentioned farmers," he added, to attain the 100,000,000 bushel figure.

"All of us must tighten our belts," he said, "and grimly resolve to eat less wheat, less bread, cake, pastry, and other wheat products."

Meanwhile the American Red Cross in a statement said that the European food shortage has reached its most critical stage, with starvation evident in Vienna and industrialized Austria.

Anderson, in what his associates described as an indirect reference to a statement Friday by Acting Secretary of State Dean Acheson.

Chimney Chosen By 'Inkey' as Maternity Ward

"Inky," Persian cat of Mr. and Mrs. Donald Nestiel of the 600 block on West Wells, is now nesting contentedly after a hectic time of it. Mr. and Mrs. Nestiel had missed Inky one day, had looked around for her but couldn't find her.

The next day Inky came back, a bit thinner. The Nestiels watched her climb a tree near their home, jump from the tree to the roof and then disappear down the chimney, bringing up one newly born kitten.

Carrying the kitten the mother cat leaped to the branches of the tree and brought the kitten safely to the ground. Inky was pretty much exhausted and practically collapsed.

A slender neighboring boy, 12-year-old Jackie Cox, climbed up on the roof, went down the chimney, and about five feet down found two more kittens.

Inky had sought the seclusion of the chimney, presumably for safety from the dog. The chimney is blocked off about five feet down by a pipe, where the kittens were found.

How Inky maneuvered the five-foot scale of the chimney carrying a kitten is not known.

New Director Named For 'Teen Canteen'

New director at the Teen Canteen is Jack Graham, formerly of Miami, who will succeed Mrs. Julia Pagan.

If plans of the American Legion materialize, Graham will serve as the Legion veterans service officer after a short course in training of officers to be held in Ausan, and after officers are installed at the Legion-VFW hall.

Graham is a veteran of four years' service.

Mrs. Pagan has been director of the Canteen since it was first organized. Her plans for the future are not definite as yet, she said yesterday. Mrs. Pagan is still with the Canteen.

Paul Hill, now Legion service officer, is also the county juvenile officer.

Buy poultry and lawn supplies while stocks are complete. (Adv.) Hardware Co.

Petition Requests Meters' Removal

A petition requesting removal of the parking meters in the 300 block on South Cuyler was presented to City Manager Garland Franks Saturday morning at 10 o'clock.

The petition, signed by business men of that block, was brought to the city manager's office by a committee of six men and bore 22 signatures.

The petition stated, generally, that the parking meters in the 300 block harmful to business on that block and that parking had never been a real problem there.

Franks told the committee that the petition would be given fullest consideration at Wednesday's commission meeting.

He added that it is "not the purpose of the commission to unjustly impose on the people of Pampa."

Franks asked that all business men on that block attend the commission meeting, if possible.

Mexico Takes Lead in U. N. Spanish Problem

NEW YORK—(AP)—Australia's peppy delegate, Lt. Col. William R. Hodgson, announced late yesterday he was withdrawing from the United Nations security council because of the illness in Paris of his wife and that his successor at the council table would carry on his policies without any change.

Hodgson, the prime mover for a unanimous solution of the Spanish deadlock in the council and long a proponent of full documentation on every case before the council, said he would leave by plane for Paris Monday morning.

Soviet Delegate Andrei A. Gromyko, insisting that there is enough evidence already before the council to bolster Poland's charges that Franco Spain is a menace to world peace and is harboring nazis and war criminals, was reported unchanged in his stand for immediate action by the United Nations.

He has informed the council in plain terms that investigations do not produce results and that Russia wants results now.

WILL RECONVENE MONDAY
Rafael de la Colina, Mexican resident minister in Washington who is his country's temporary delegate to the security council, worked steadily today, trying to produce a solution on which the council may act unanimously when it meets Monday at 3 p. m. eastern daylight time, to resume discussion of the Spanish issue.

There was a possibility that the council might become snarled Monday on the question of whether the Hodgson resolution was a procedural or substantive matter. If procedural, a vote of seven of the 11 members

Whistler Wins Amateur Contest

SHAMROCK, (Special)—He was No. 11 on the program, but little Manuel Quarles was a big No. 1 in the eyes of the audience as he walked off with first prize money in the annual Whistler county amateur contest, finals of which were held at Shamrock Friday night.

Dubbed "The Whistler" by a spectator, Manuel was \$15 richer because he whistled three numbers—right into the hearts of the spectators at Clark auditorium in the Irish city.

In a program broadcast by radio station KPDM in Pampa and "emceed" by general Bob Clark, manager of the Shamrock chamber of commerce, over 20 Wheeler county boys and girls had a big time entertaining proud parents and friends.

A girls trio composed of Joyce Mills, Verna Garner and Koleene Finney, all of Kelton, won second prize money of \$10, while a group of girls from the Wheeler grade school won the five dollar third prize with a song and dance number.

A banjo, clarinet and accordion number, played by Bill Whitfield, Orr Lee Thompson and James Grove of Samnorwood was popular with the audience and won fourth prize while Mary Lou Mathews and Nadine Montgomery of Magic City won fifth with a duet. Sixth place winner was little Phynnelpha Harlan of Kellerville.

Fourth, fifth and sixth place winners received merchandise prizes given by Shamrock merchants.

The radio broadcast was sponsored jointly by the Pampa chamber of commerce and the radio station, E. O. "Red" Wedgworth, manager, represented the local chamber while John Michel, station manager, represented the station.

Teen-Age Cowboys Wanted by Police

AUSTIN—(AP)—State police today were on the look-out for two teen-age cowboys, heading west from Weatherford and wanted for horse theft.

One was described as 13 years old, riding a small brown horse. The other was 16 riding a tall buckskin with a dark mane. Both boys were wearing white hats.

State police said they were wanted in Fort Worth.

Italy Will Retain Basic Naval Fleet

PARIS—(AP)—The Foreign Ministers conference agreed last night to leave Italy a basic naval fleet and to divide the remainder among the four major powers after satisfying claims of Yugoslavia and Greece for warships, authoritative reports said.

The ministers of the United States, Britain, France and Russia reached an accord on broad general proportions of the division in a three-hour meeting in which Russia retreated from a previous demand for a third of the fleet, these reports said.

Precise details were not settled at the meeting.

Part of the session was given over to a discussion of the French-Italian frontier modifications, but no agreement was reached on any of the proposals. The troublesome Trieste and Italian colonial questions had been sidestepped.

Coupled with the announcement in Rome that Russia had not only acceded to the United States proposals for relaxing Italian armistice terms, but had proposed even further modifications, the Soviet action augured well for future dealings on the Italian problem.

COMMITTEE APPOINTED
There was no clear picture here of the present strength of the Italian navy, and a four man committee of experts was appointed to determine its composition and allocation.

"The greater part of the Italian fleet came under Allied control after the Italian surrender in September, 1943, while the battle for Italy itself continued. The Italian fleet which made its way to Allied ports included six battleships, eight cruisers, one seaplane carrier, between 40 and 45 destroyers and torpedo boats, between 30 and 40 submarines, and approximately 80 auxiliary vessels. Other ships under German control in northern Italian waters were recovered subsequently."

The Russians were said to be willing to permit Italy to have a navy with possibly four cruisers of the heaviest category. The reduction in their demands apparently was in return for a tacit agreement to forget about ships that the United States and Britain gave Russia in anticipation of dividing up the fleet.

MOST SUBS DOOMED
It was agreed that all but a few Italian submarines would be sunk, with the remainder to be kept for

Junior Class To Present 'The Bat'

An evening of comedy and entertainment is in store for those attending the Junior play which opens tomorrow night at 8 o'clock in the Junior high auditorium.

"The Bat," a three-act comedy from the works of Mary Roberts Rinehart, is based on the famous "Circular Staircase." Admission to the production is 30 and 50 cents. Under the direction of Miss Ruth Stapleton, dramatic director, the play can be seen in a second performance Tuesday night.

Cast of "The Bat" runs like this: Cornelia Van Gorder, old maid aunt, played by Gwen Weston; Dale Oxden, beautiful young niece, by Billie Don Crowson; Lizzie Allen, Maid, old and set in her ways, by Patsy Pierson; Brooks, love interest, by Bill Speer; Anderson, detective, by Harold Anderson; Dr. Welles, chief suspect, by Floyd Brandt; Reginald Beresford, play boy, by Lawrence Baines; Richard Flemming, victim, by Calvin McAdams; Billy, Japanese servant, by Tom Darby; unknown man by Bob Love.

"The Bat" has been shown before 10,000,000 people, translated into seven different languages and netted more than the all time great, "Life With Father."

Proceeds from the play will go to pay Junior class expenses.

CIO Maritime Union To Vote on Strike

NEW YORK—(AP)—The National Maritime Union (CIO) said today its 100,000 members would begin voting May 4 on whether to strike in support of their demands for a 30 per cent wage increase and other benefits from shipowners.

The balloting will end at midnight June 3, the union said.

SPONSORED BY KIWANIAN: LOCAL BUSINESS MEN TO BE IN FASHION PARADE

Just about as much fun as can be packed into two hours is being planned for Pampans, and will be staged here on May 30 and 31. The Kiwanis club, with the cooperation of the merchants of this city, is bringing to Pampa the Fashion Parade, which will display some of the best brown and legs from our male population.

In addition to this side-splitting burlesque of the fairer sex, there will be an imitation Tom Breneman's Breakfast in Hollywood—and General repair work on all cars, McWilliams Motor Co. (Adv.)

House Ceilings Top 'Reasonable Value' Says VA

WASHINGTON—(AP)—The price ceilings for new houses generally are ten per cent or more above the "reasonable value" on which GI loans are based, the veterans administration said yesterday, and veterans therefore are having difficulty getting the loans.

Francis X. Pavesek, head of the VA loan guarantee section, told reporters he had instructed the agency's appraisers to ignore "ceilings as they exist today" in determining "reasonable value" for GI loan purposes.

Gen. Omar N. Bradley, veterans administrator, has called the situation to the attention of Housing Administrator Wilson Wyatt and expressed hope for early action closing the spread between ceilings and what VA regards as "reasonable value."

The price ceilings are set by the federal housing administration as agent for the civilian production board as a basis for the CPA to issue price controls.

Pavesek said VA is willing to acknowledge that construction costs have gone up sharply and to follow "proper, sensible practices" in making appraisals for GI loans, but would not guarantee loans on houses selling for more than "reasonable value."

Reports from virtually all sections of the country, he said, indicate that ceilings are "too high."

Pavesek said one builder, with a ceiling ranging from \$8,500 to \$9,200 told VA that he could make money building the houses for \$6,400.

Paper Drive To End Monday

Monday is absolutely the final day of the Boy Scout waste paper drive and those residents who have not placed their paper out for collection are asked to do so.

Scout Executive Hugo Olsen said yesterday that the railroad car on which the paper is being loaded is not quite full and that those having paper are asked to call the boy scout office and the paper will be picked up after school Monday.

Olsen stressed that paper should be securely tied in bundles about 12 inches high and that newspapers and magazines should be tied separately as they are different priced paper stock.

The car will be sent to Dallas Monday night for purchase by the American Paper Stock company.

Spearman Boosters Coming to Pampa

A group of boosters from Spearman is due to arrive in Pampa on Monday, May 6 at 9:30 a. m. to tell the people of this section about the two-day celebration to be held there on May 10-11.

The boosters will be accompanied by the high school orchestra. An amateur rodeo, street parade, band contest, barbecue, dancing and a veterans' program are some of the attractions planned for the occasion.

The Spearman May celebration was an annual affair for several years before the war, and the citizens there are planning to make up for lost time in the celebration to be held there Friday and Saturday.

Mrs. Doris Landers Hess of Amarillo is in charge of arranging the show. Mrs. Hess, who is assisted by

Taft, Austin Rally GOP's For OPA Battle

WASHINGTON—(AP)—Senators Taft (R-Ohio) and Austin (R-VT) took the lead yesterday in organizing senate republicans to support what they termed a "moderate" program of extending price controls.

Taft, chairman of the minority steering committee, told a reporter the republicans hope to enlist enough democratic backing to beat off what he called "irresponsible last-minute amendments" and put over a program which would curtail OPA authority but retain anti-inflation controls.

Austin declared in a separate interview that he and senators of like views "want to save the necessary controls but to provide for relaxation of those controls as fast as the war-to-peace timetable will permit."

Taft said republicans will try to get together on the draft of a program early next week.

As outlined tentatively by Taft, the projected republican program would revise a house-approved "cost plus" amendment to provide that OPA must fix ceilings which would give manufacturers a margin over cost on major items similar to that in a certain prewar period. If there was no prewar margin, there would be none now.

Taft said most republicans agree that the OPA's maximum average price order, by which it requires production of a certain proportion of low cost clothes, must go. OPA officials have charged this would increase clothing prices 10 percent.

The GOP group is thinking, the Ohio senator said, of offering a liquidation formula under which OPA would have to lift price ceilings on any product as its output reaches 120 percent of 1941 production.

There has been discussion within the steering committee, Taft reported, of seeking to lift controls entirely from such products as oil and meat. The house once voted to take the lid off meat prices, then reversed itself.

House Ceilings Top 'Reasonable Value' Says VA

STARTS WEDNESDAY MAY 1st.

Always one of America's greatest merchandising events, a time when thrifty shoppers plan to visit the nearest Ward Store.

Today, with more of the "hard-to-get items" becoming available, "WARD WEEK" more than ever before means not only getting these items at the lowest possible price but, more than anything else, getting tops in real values.

We have been receiving merchandise for "WARD WEEK" for several months. Our warehouse, stock rooms and shelves are full ready to bring to the sales floor WEDNESDAY. We must, however, limit quantities on many items. Also, regardless of our starting stocks, we will sell out on the first day on a great many articles which have been scarce.

We can only say that we will be receiving hundreds of items daily during this 10-day event and arrangements have been made to rush them to the sales floor as soon as received. Shop WARDS every day beginning WEDNESDAY and take advantage of savings during this great event.

Watch for our big circular at your door Tuesday and opening advertisement in Pampa News Tuesday.

HOLLAND IN SAD SHAPE FOR PRIVATE TRANSPORTATION AND LOOKS TO U. S.

By ROMNEY WHEELER

AMSTERDAM.—(AP)—faced with an appalling deficit in private transportation, Dutch authorities hope to squeeze at least 10,000 automobiles out of hard-pressed British, and, preferably, American manufacturers in 1946.

Netherlanders generally are ready to buy cars to the limit of their dollar and sterling credits, but even if their 10,000 goals is achieved this year they probably will be worse off than before. Authorities figure at least that many will wear out before 1947.

In all Holland there are only 38,288 passenger automobiles, and most of those are at least six years old. In August, 1939, there were 105,000.

Bus transportation is even worse. There are only 902 buses left, compared to 4,500 prewar.

Truck transport is reasonably good, due to Dutch purchase of surplus U. S. army vehicles. Total registration is 35,034 trucks, compared to 47,500 before the war.

Dutch government officials look principally to the United States for private cars, although they hope to buy quantities of British-made light automobiles, and any surplus French cars which are available. The reason, they say, is that Netherlanders prefer the heavier type American vehicles.

British midget cars never were popular in Holland, with its level, high-speed highways. In 1939 more than 67 per cent of all private cars were American made. Fords led with 23 per cent, and another 20 per cent were Chevrolets. German-made Opels, licensed by General

Motors, were third at ten per cent. Other American cars accounted for another 24.5 per cent.

On the other hand, British Austins numbered only 360, or 0.4 per cent of the total. There were a similar number of Hillmans, and half as many Wolseleys. They were, in fact, outnumbered by French cars such as Renaults and Citroens.

American trucks and buses also enjoyed preference, say Dutch authorities.

Dutch preference for American trucks also were striking. Thirty-four per cent of all trucks were Fords; another 30.5 per cent were Chevrolets.

'Campus Chat' and 'South Texan' Win

PARIS.—(AP)—Student newspapers of North Texas State and Texas A. & I. today were winners of Class A and Class B newspaper contests respectively of the Texas Intercollegiate Press association.

Winners were announced at an association banquet here Friday night. North Texas publishers Campus Chat and A. & I. publishers South Texan.

The Wichitan of Hardin Junior college was named winner among junior college papers.

In the year book contest, North Texas' Yucca took first. In junior college year books, the Paris Junior college Gallean was first. Best magazine was entered by McMurry college.

The alfalfa plant has a long tap root system which penetrates deeply into the soil, and enables the plant to secure nourishment and moisture beyond the reach of other crops.

University Dean Asks Probing of Carrels in South

NASHVILLE, Tenn.—(AP)—Dean W. R. Woolrich of the University of Texas engineering college today told southern researchers they must probe through the industrial carrels that control much of the economic life of the south.

Dean Woolrich spoke at a meeting of the research branch of the Southwestern Section, Society for Promotion of Engineering Education.

"Young research workers in their investigative procedures should be completely forewarned and forearmed to ferret out of the deepest recesses the economic controls that too often have been fostered by far-reaching carrels," the dean said.

He told of his own interest in the use of soy beans to balance the diet of the underprivileged during the depression. Hearing of a research project on the subject that had just been completed in the U. S. department of agriculture, he visited the research specialist in Washington and found the results ready for publication.

"But the day previous to my visit," Dean Woolrich recalled, "the midwestern wheat flour producers had waited upon the congressional committee responsible for agricultural appropriations with such a powerful lobby that the committee

in turn had ordered all comparable data between wheat flour and soy flour deleted from the publication of the department of agriculture. A perfectly harmless, useless bulletin was printed."

The dean counseled regional researchers of the south and southwest to display more courage in breaking down such carrels that have "brought undue hardships on the resident people of the area."

RUBBING IT IN
KIRKLAND, Ill.—(AP)—Housewives making the rounds of meatless butcher shops can see a maddening sight at the edge of the village.

McLean is to start a spring clean-up drive, beginning April 29, with the city trucks being used to pick up the trash. It is planned to have citizens' premises inspected following the clean-up, and any found not cooperating, the city will haul off the trash and add the cost to the citizen's gas and water bill.

Shamrock had two fires in the business district this week. The first was in the Liberty theater Sunday night, and the second and most serious was at the D. & S. Cleaners, Tuesday night. The theater fire destroyed a reel of film and damaged electrical wiring, and the projection booth. No one was injured.

The fire started with the wiring and swept through the rear of the building, leaving it in a charred condition. A barber shop on the south was damaged by the smoke and water.

Mayor-elect W. E. Dameron of Hereford, and his new city commission will be sworn in next Wednesday morning. Mayor E. S. Ireland announced recently. With Dameron will be Lyle Blanton and J. C. McCracken, who was re-elected despite his intention not to run.

AT YOUR DRUGGIST!

fourth place in the Plains Dairy show at Plainview recently with his 2-year-old milking Shorthorn. Charles is the son of Mr. and Mrs. L. L. Hagerman.

The McLean Lions were entertained recently by C. A. Cryer, superintendent of Berger schools and a Berger high school girls' sextette and a talk by Tai Yen Kuo who is in this country courtesy of the Chinese national government, under the direction of the minister of Agriculture of China.

Mr. Kuo was a guest of County Agent Ralph Thomas and was in Texas at his own request.

"Ambrose the Magician" will entertain Miami residents at the high school auditorium May 2, at 7:30 p. m. His act will consist of supernatural feats, a ventriloquist act and part of his program will be used in escaping from boxes, straight jackets, etc.

Admission will be twenty-five and fifty cents. Proceeds will go to the athletic fund.

While plowing on the John Bass farm recently Slim Gibson of Lelia Lake discovered a fresh mound of dirt. On digging into it he discovered a litter of eight coyote pups. He took them home and received a \$10 bounty as well as many thanks from his neighbors, who have been over-run by the pests of late. Some idea of their size a new fangled idea of crop rotation.

The Wolf Creek Sportsman's club of Ochiltree county is offering valuable prizes for the largest channel cat, bass and crappie caught in the county this season. The following first prizes are offered: channel cat, casting reel; bass, fly rod; and crappie, fly rod. Second

JUST A YEAR AGO TODAY

He didn't plan it this way. You would have to turn the picture upside down to understand how Benito Mussolini expected some day to stand, erect and with upraised arms, before a victorious Italian people. But here he hangs by his heels (in a historic picture taken

in Milan on April 28, 1915), ghastly symbol of the fall of dictators. Sharing his inglorious end are his mistress, Clara Petacci, and a Fascist Party leader, Achille Starace. They, like Il Duce, were shot by Italian partisans, then kicked and spat upon by howling mobs.

prizes will be: casting rod, automatic reel and automatic reel. Fish must be caught by rod and reel or cane pole.

Shamrock residents are asked to dress like cowpokes this week in order to advertise the Shamrock rodeo. There is a good chance that those not wearing them will be dunked in a tank which will be placed downtown for that purpose. The rodeo is to be held May 3-4-5.

H. H. Hardin of Miami recently donated to the Boy Scouts of Roberts county, the swimming pool property in the north part of town, according to Scout Master George Philpott. Hardin formerly operated the swimming pool, and has since torn down the bath houses.

Scouts are making the necessary repairs, install an engine for pumping water and paint the interior of the pool. This pool will be a desirable place in which to swim for years to come, and will enable the scouts to have a good income during the swimming months.

Miss Geraldine Jordan, daughter of Mr. and Mrs. W. L. Jordan of the Martin community, has accepted a position with Civil Service that will take her to Okinawa to work as a classification analyst of civilian employees.

She will leave from Dallas around the first of May for a West Coast seaport from whence she will sail for the Pacific base. She will work there for twelve months.

The Daniel drug store of Groom was robbed recently of cash and checks totaling \$383.70, which was taken from the safe during the noon hour rush.

Of the total amount, about \$156 was in currency and silver and the rest was in checks of local people. These checks will be of no use to the thief, and any one who gave a check that was among the stolen ones should contact Daniel.

A new industry is in operation in Perryton which will serve the north plains area. This new industry manufactures semi-trailers, truck beds, butane tanks and many other items too numerous to mention. The industry is located on North Main street and is owned by James McGregor and Virgil Smith.

A new publishing firm, the "L-T Publishing company," in which Vincent Lockhart publisher of the Canadian Record and Tom Turner former member of the printing staff of the Amarillo Globe-News will be associated, will publish the Canadian Record and the Higgins News. This

Repairman Sees Warm Summer in Pampa's Future

Pampa at home is in for a hot summer, unless homes already have air-conditioning units, according to H. A. Jackson, local repairman.

Reason is that there aren't any motors available which are used in the units. Production of units is being held up for want of steel, particularly that used in the frame which holds a motor called a head.

Home air-conditioning units range from 1/8 to 1/4 horse power; those used for business are from 1/2 to 2 h.p. Both types are almost off the market at this time, said Jackson, who added that the larger units would be made first when production returns to normal.

Home-owners having old worn-out units are consequently advised to have them repaired. Numerous requests made for air-conditioning units have not been able to be filled, but home-owners continue their search for the units.

Only available units readily obtained in Pampa are those requiring alternate current. Pampa is supplied with direct current, which may be changed to alternate current, said Jackson, at an estimated cost of \$200.

Jackson believes that units will not be available throughout the summer, basing his statement some-

what on that of an official of the war production board a year ago March, who stated that at that time, if peace were declared and production normal, it would require at least 18 months to catch up with the demand for air-conditioning units.

Repair parts are available in limited quantities. Burned out air-conditioning motors require re-wiring; wire is a somewhat scarce item.

Court Discusses Rights of Way

How to finance the purchasing of right of ways necessary for five proposed highway projects in Gray county was debated yesterday morning in commissioners court.

During the discussion commissioners dropped two of the proposed highways as they were thought not to come up in the near future and worked on the premise that \$25,000 would be necessary to purchase right of ways for three of the highways.

Highways included in the financial estimate are the proposed Pampa-to-Perryton highway, an extension of highway 18; the farm to market road between Lefors and Alamed and the extension of highway 273 south of Lefors.

Ways in which the county could finance the projects would be to cut county maintenance costs or to borrow the necessary funds, said Ray Wilson, county auditor, who met with the commissioners.

Commissioners found themselves running on low Road and Bridge fund budgets, thereby cutting off the source of finance. There is not a surplus in the General Road and Bridge fund. The Lateral Road and Bridge fund for use of state highways is not available.

Asked if the county was "broke" Commissioner C. M. Carpenter stated that funds available for highway improvements were not readily at hand and the projects were not considered in the year's budget.

Commissioners voted to invest \$3,000 of the Gray county permanent school fund in Series G United States government bonds. Interest from the fund is allotted to county schools. The investment was secured from gas and oil royalties.

Permanent school fund of Gray county for its \$38,400. Judge Sherman White announced to the court that a friendly lawsuit is being filed against Gray county in the district court at Gaines county. The suit is to "correct mistakes that were previously made" over a

transfer of ownership of Gray county property in Gaines county to the Whitfields, whose land is believed to be leased by the Shelly Oil Co. The mistakes in ownership referred to was an error in citing the location of the half of the land which Gray county sold to the Whitfields, for which they still owe the county \$120,750. It involves 5349 acres. The locations are to be reversed, a legal procedure in order to clear titles, explained Judge White.

U. N. Council

(Continued from page one) of the council would carry it. If substantive, Russia by a vote could kill it, for the charter gives the right of veto on substantive matters to anyone of the five big powers—Russia, Britain, France, China and the United States.

Le la Colina professed optimism despite that there has come no word from the Russians indicating any change of heart. The Mexican was approaching his 10 colleagues in the council on the basis of the breakfast-table resolution put before the council in its brief session yesterday by Lt. Col. W. R. Hodgson, Australian delegate.

This resolution, on which every delegate except Russia was more or less agreed, would do three things: 1. Take note, as France and Poland desire, of condemnation of the Franco regime of Spain by the San Francisco conference of the United Nations, by the first general assembly of the United Nations in London, and by the delegates in discussions since the question arose in the council.

2. Resolve the council to make further studies to determine whether the situation in Spain endangers peace and, if so, what to do about it. 3. Authorize a sub-committee of five council members to examine the statements made before the council concerning Spain, receive further statements and documents, conduct such inquiries as the sub-committee deems necessary, and report back to the council as soon as practicable.

He made no direct reference to the possibility of requisitioning wheat now held by mills and elevators, which it is within the power of the department to do, but said: "And I want to say right here that there is no thought on the part of the department of agriculture that wheat should be requisitioned from farmers. The farmers I have talked with in the last two days convince me that everyone will do all that can be expected of him. The government will offer him every incentive but requisitioning wheat from the men who produce it is not in our minds."

Acheson told reporters Friday that more drastic steps must be taken to get wheat and flour for overseas needs. One way to do this, he added, is to go and take wheat or flour.

CHARGE MADE, FINE PAID Glen D. Kent was fined \$50 and costs Friday for driving while intoxicated.

Wheat Outlook

(Continued from page 1) said the government has no intention of requisitioning wheat from farmers. He made no direct reference to the possibility of requisitioning wheat now held by mills and elevators, which it is within the power of the department to do, but said: "And I want to say right here that there is no thought on the part of the department of agriculture that wheat should be requisitioned from farmers. The farmers I have talked with in the last two days convince me that everyone will do all that can be expected of him. The government will offer him every incentive but requisitioning wheat from the men who produce it is not in our minds."

Acheson told reporters Friday that more drastic steps must be taken to get wheat and flour for overseas needs. One way to do this, he added, is to go and take wheat or flour.

CHARGE MADE, FINE PAID Glen D. Kent was fined \$50 and costs Friday for driving while intoxicated.

AIR ROUTE INAUGURATED

Local businessmen and representatives of the chamber of commerce pose for a picture here with West-Tex Airlines officials as a twin-engine Cessna lands here, inaugurating daily air services between Pampa and Dallas. This shot was taken by Irl Smith, local photographer, as the plane landed here last Tuesday. The plane flies from Dallas to Amarillo daily, via Fort Worth, Childress and Pampa.

Haskew Is Named Chairman of Gray NAEF Campaign

Bill Haskew, of Pampa, has been named as Gray county chairman of the campaign to raise \$15,000,000 toward the National Americanism Endowment fund, according to information from Austin.

A national trust established by the American Legion, the Americanism fund is designed to carry on a broad educational program containing all subversive "ism" in conflict with the principles of the United States constitution. President Truman is honorary national chairman and Governor Coke R. Stevenson is national vice chairman. Chairman of the campaign to raise Texas' quota of \$450,000 is Fred P. Florence, president of the Republic National bank of Dallas.

Gray county's quota is \$2,126. As stated by the 18 nationally known trustees, headed by Col. Alvin M. Owsley, of Dallas, the Americanism fund's program proposes these specific undertakings:

- 1. Establishment of a permanent board of from three to five members—all leading educational authorities—to plan and direct a comprehensive, continuing program of teaching the understanding and active practice of Americanism. 2. Cooperation with all established educational systems, whether public, private, or denominational, for the purpose of stimulating the more intensive teaching of constitutional Americanism. 3. Endowment of professorships in colleges and universities for the teaching of constitutional history and law, clarifying and emphasizing the values of the constitution, and giving training in the active application of these principles to the nation's needs, today and tomorrow. 4. Establishment of college and university scholarships for young men and women planning careers in statecraft and government. 5. Encouraging and assisting will raise the health level of all Americans. 6. Intensifying support of existing youth-guidance agencies, toward the elimination of juvenile delinquency. 7. Development of an educational program designed to build support for the American system of competitive enterprise. 8. Training and employment of a permanent staff in the several Legion departments to assist and encourage all worthy Americanism projects. 9. Maintenance of a comprehensive public relations program—by means of newspapers and magazines, radio, motion pictures, and a speakers' bureau—to expound and explain the meaning of Americanism and the processes by which it must be kept the living creed of the nation. 10. Research into all methods designed to further international understanding as a way to world peace and support of those found to be in conformity with the spirit of the San Francisco Charter of the United Nations organization.

Gray county's quota is \$2,126. As stated by the 18 nationally known trustees, headed by Col. Alvin M. Owsley, of Dallas, the Americanism fund's program proposes these specific undertakings:

- 1. Establishment of a permanent board of from three to five members—all leading educational authorities—to plan and direct a comprehensive, continuing program of teaching the understanding and active practice of Americanism. 2. Cooperation with all established educational systems, whether public, private, or denominational, for the purpose of stimulating the more intensive teaching of constitutional Americanism. 3. Endowment of professorships in colleges and universities for the teaching of constitutional history and law, clarifying and emphasizing the values of the constitution, and giving training in the active application of these principles to the nation's needs, today and tomorrow. 4. Establishment of college and university scholarships for young men and women planning careers in statecraft and government. 5. Encouraging and assisting will raise the health level of all Americans. 6. Intensifying support of existing youth-guidance agencies, toward the elimination of juvenile delinquency. 7. Development of an educational program designed to build support for the American system of competitive enterprise. 8. Training and employment of a permanent staff in the several Legion departments to assist and encourage all worthy Americanism projects. 9. Maintenance of a comprehensive public relations program—by means of newspapers and magazines, radio, motion pictures, and a speakers' bureau—to expound and explain the meaning of Americanism and the processes by which it must be kept the living creed of the nation. 10. Research into all methods designed to further international understanding as a way to world peace and support of those found to be in conformity with the spirit of the San Francisco Charter of the United Nations organization.

Stilted Humor

The neighbors may think it's amusing, but along about spring cleaning time, Mrs. William Alcott of Minneapolis is mighty glad her husband is a professional still-walking circus clown. She puts Bill to work, as pictured above, washing windows.

Leaves From a Correspondent's Life Notebook

By JOHN McKNIGHT ROME.—(AP)—Hot jazz is back in the open and on the up-beat in ancient Rome. Driven underground during the years of fascism when jazz was barred from the Italian radio and denounced by Benito Mussolini as "barbaric" and "decadent," jive devotees here no longer face hostility, but only incomprehension. Seven Rome students, fervid advocates of "the pure jazz," are in the forefront of the attack on Italian "traditionalism" in music. They have established themselves as the city's favorite Italian band. Organized as a sextet with a leader-manager and an instrumental set-up modeled on Benny Goodman's group, the combo swings out on the "standards" beloved of the solid men everywhere, and bounces out its rhythms in a style to suit the most critical Americans. It is the only Italian orchestra featured regularly over the armed forces radio service's Rome expeditionary station. Three times a week the group plays for dances at the American Red Cross club and at its usual attraction at army rest center dances. Five of the seven regulars are students at Rome university. Leader Letteri, who recently came from behind the bull fiddle to front the band, was graduated from the university, in engineering, three years ago; while 19-year-old Franco Chitari, vibraphonist, will enter the university when he finishes high school this year. Only three read music. The rest use quick ears and good memory to pick up melodies and harmonies from the radio and records, to work out imaginative improvisations. Arrangements are strictly off the cuff—first chorus with everybody in it, solos for each instrument and high-riding finale. Idols of the bandmen are without exception Americans, and their talk is a curious pot-pourri of technical Italian musical terms and the jive talk of America. To some extent, Leader Letteri says, they think of themselves as missionaries. "We're out to teach Italians to 'like good jazz,'" he explains, "instead of the inspired ballads which Italian popular composers, too much influenced by the classics, feed them."

Regents Approve Recommendations

AUSTIN.—(AP)—The board of regents of the University of Texas yesterday approved these recommendations affecting the medical branch at Galveston: Acceptance of a \$500 gift from Mrs. Laura Lee Graves Steel of Houston to be added to the principal of the Marvin Lee Graves research fellowship in internal medicine, and \$3,000 from the Lilly research laboratories as an additional grant for support of investigation of reticuloendothelial immune sera under the direction of Dr. C. M. Pomeroy. Maximum rates of \$14 for private rooms and private suites, \$8 for private wards and \$6.50 for general wards for private patients in medical branch hospitals, the rates to be fixed within these maxima by the medical director of hospitals after consultation with the business manager and vice-president. Resignation of Dr. H. J. Ralston, assistant professor of physiology on leave of absence. A leave of absence for four months without pay beginning June 24 for Dr. Ludwig Angstein, associated professor of preventive medicine and public health. Approval of the following out of state trips: Dr. George M. Decher Jr. and Dr. Raymond Gregory to visit schools with extensive post-graduate programs. Dr. C. H. Connell, May 6 through 10, to participate in discussions of the American water works association and interview prospective staff members for the department of preventive medicine. Dr. Jack R. Ewalt, May 9 through 16 to deliver a paper before the American society for research in psychosomatic problems in New York City May 25 through 31 to present a paper to the American psychiatric association in Chicago. Peat, believed the earliest stage in the evolution of coal, is found in bogs.

Pampans Prepare For Events of Shamrock Rodeo

Pampa cowboys intending to participate in the Shamrock rodeo and parade next Friday afternoon and evening are urged to contact the chamber of commerce office if they would like transportation for their horses. Trucks will be provided by the Top of Texas Rodeo Assn. and will pick up the horses at Recreation park south of town at 2 p. m. Friday. Horses are to be at the chutes at 1:30 p. m. Calls should be received by Thursday in order that arrangements may be made. That uniformity may be obtained in Pampa riders they are requested to wear khaki colored shirts as the regular Top of Texas uniforms have not yet been received. Riders in the parade will follow a 50-piece Harvester band and will take part in the grand entry parade with a special flag drill. Rehearsal of the drill will be held at 6 p. m. Thursday at Recreation park. The Shamrock rodeo parade will be held at 5:30 p. m. Friday with the first rodeo performance at 7:30 p. m. P. B. Wright and Homer Taylor are in charge of details of the parade group. Horses will be trucked back to Pampa Friday night. If owners desire they may be left at the Recreation park barns until Saturday morning.

Margaret O'Brien Scores Again in 'Our Vines Have Tender Grapes'

Edward G. Robinson runs through their school lessons with Margaret O'Brien and Jackie Jenkins in this scene from "Our Vines Have Tender Grapes."

By SCOTT RAFFERTY

Not since the days of Shirley Temple has a juvenile star made such an impression on the movie public as has little Margaret O'Brien.

It's a complete mystery to us how a star so young can continue to delight movie-goers all over America. Ordinarily, child stars come and go. They are raved about for a few months and then relegated to minor roles and eventually forgotten.

But this is not the lot of Margaret O'Brien. As long as her studio bosses put her in pictures like "Our Vines Have Tender Grapes," they're sure to have a box office attraction for many years.

Starting a four-day run at the Ladora today, "Our Vines Have Tender Grapes" makes no attempt at heavy drama or over-acting. It's a simple story of a simple people in a small Norwegian community in Wisconsin.

Edward G. Robinson gives a magnificent performance in the role of a hard-working farmer of the community and as Margaret's father. James Craig and Frances Gifford score, too, in the domestic roles but the picture is completely dominated by the two juveniles—Miss O'Brien and Jackie "Butch" Jenkins, who we didn't intend to mention last.

This one is "A No. 1" on our list. Don't miss it.

A daffy little opus of romance on the rocks—off the California coast—and a lot of gals and guys in showing at the Rex Sunday through Tuesday.

It's Columbia's "Tars and Spars," a musical story of the coast guard.

The cast features Alfred Drake, singing star of the famed Broadway show "Oklahoma," Janet Blair, Marc Platt, a wonderful dancer, Sid Caesar and Jeff Donnell, the latter being a lady despite the name.

Things never go right for the two love birds in this one, all of which makes for good comedy for all the family.

We'll say—a fresher course set to music.

"You Came Along" showing at the Crown today and tomorrow, needs no praise from us, so we'll just tell you a little about it.

Robert Cummings celebrates his return to the screen in a most convincing manner along with lovely Elizabeth Scott, a marvelous new find.

Cummings is cast as a flyer who

is doomed to die but attempts to hide it from his sweetheart, Miss Scott.

Despite a rather somber theme, the film has its lively moments and Don DeFore and Charles Drake are really good in the supporting cast.

Opinion—one that will set you to thinking.

Gals Imitating Crawford Again

By BOB THOMAS

HOLLYWOOD—(AP)—American women are once again trying to assemble their hair like Joan Crawford's.

Max Factor, jr., the Hollywood hair expert, said now that Miss Crawford has been Oscarized, she has regained her position as the No. 1 setter of hair styles.

He explained the new style features bangs and a non-confined, shoulder-length roll (whatever that means). The color also is inspiring much duplication.

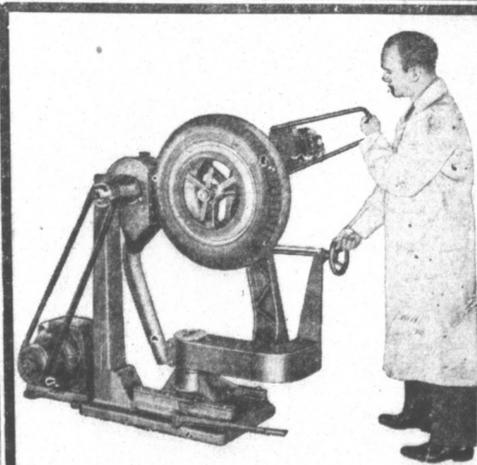

"It is not only the city girls," he continued, "who pick up the fads. Farmers' daughters and small town girls are just as interested, and transform their hair-do's as well as, if not better than, their city cousins."

Miss Crawford pioneered the popularity of exaggerated lipstick patterns and the use of lip gloss to provide the moistly appealing, if slightly goopy, look.

"Of course," he laughed, "many women should never have followed this. I've seen some with lipstick practically reaching their nose."

Factor said Miss Crawford's hair styling also led the fashion parade in 1940-41, when she and Greta Garbo jointly pioneered the page-boy bob. In 1936-37 Miss Crawford alone presented and popularized a style distinguished by a smooth, flat crown, a side part, and a full, fluffy side parting. And from 1929 to 1931 her short, wind-blown-bob had everyone from the bobby-soxers to the matrons of the time whacking off their hair in great chunks and frilling up what was left in carefully careless curls. (Wheed!)

"I believe," Factor went on, "that Miss Crawford's Oscarizing as the best actress of 1945 speeded up the national imitation somewhat, but the imitative gals would have inevitably copied her anyway."

DON'T CHANGE THE SUBJECT!

Max Lanier Shuts Out Chicago Cubs With Three Hits

Yankees Take Firm Hold on First With Triumph Over Sens

ST. LOUIS—(AP)—Hubert Max Lanier, the guitar-strumming troubadour from North Carolina, shut out the Chicago Cubs 4-0 yesterday with a mixture of fast balls and explosive curves.

Two double plays lifted Lanier out of early jams. With the valuable assistance of Cardinal base running and seven hits at the expense of two Chicago hurriers, the chunky southpaw recorded his second shutout of the season.

Rival Baseball Heads Unable To Reach Agreement

FORT WORTH—(AP)—John Reeves, president of the Fort Worth ball club in the Texas leagues, says he is indignant.

His indignation, he explained, stems from the conduct of George Schepps, Dallas club president, "on this jackass business."

The two parties made an agreement before the season opened. It was this: The club that outdrew the other on opening night would have the privilege of watching the president of the opposing club ride a jackass around the park.

The argument has arisen over the meaning of "outdrew." Reeves says it was on a money basis, Schepps declares it was on the basis of which drew the most fans.

Texas league official figures show Fort Worth had 7,924 for its home opener and Dallas had 3,131.

Secretary Milton Price of the league did not disclose how much was involved but he said this: "On the basis of settlement with the league and with each club, Dallas had more money. But this settlement involves payment of 18 cents for each adult admission to the other club. We have no figures on the kids."

So maybe Fort Worth packed in more kids and took in more money on them than Dallas. This, however, said Price, is highly improbable. Anyway, Reeves says he is indignant.

"Never did I suspect," he mused, "that I would find in baseball men who hold so lightly solemn obligations."

Reeves declared Schepps won't answer his telephone calls, pays no attention to telegrams and "refuses admittance to my personal messengers."

(At Dallas, Schepps could not be reached. Associated Press telephone calls Friday to his office were unanswered. When contacted Thursday night, Schepps said he was going to check the Texas league records, but no report has been received from him.)

Mustanos Break Losing Streak

DALLAS—(AP)—Southern Methodist finally broke into the win column in the Southwest conference baseball race here yesterday with a 7-5 victory over the Rice Owls.

Right-handed Cal Kilmer turned in a two-hit pitching performance for the locals, but allowed 12 walks. The Ponies banged out seven safeties off pitcher Fox of the Owls, including a circuit wallop by Howard (Red) Mahey.

OILERS BATTLE GOLD SOX TODAY

Pampans Divide Two Games With Lubbock Team

The Pampa Oilers are scheduled to battle the Amarillo Gold Sox at 3 o'clock this afternoon at Gold Sox park in Amarillo.

The two teams play again on Monday. Pampa plays in Lamesa Tuesday and Wednesday and opens its home stand against Abilene Thursday at Oiler park.

The remainder of West Texas-New Mexico league games were night affairs and scores were not available. Complete results to date together with the league standings including Sunday games will be carried in Monday's Pampa News and every day thereafter.

LUBBOCK, (Special)—The Pampa Oilers "spotted" the Lubbock Hubbers seven runs in the first inning here today, added four more in the sixth and still beat the Hubbers in the home stretch, 12 to 11, to even the two game series.

It was Bob Johnston's long double against the center field wall, 400 feet away, that drove home the winning run in the hectic ninth inning, the second big round for the Oilers.

Home runs came in clusters, with Pampa getting three of the round trippers. Fulewider blasted the longest of the four, getting it in the fourth inning with none aboard. Seitz homered in the big seventh with Earl Harriman perched on third, after a triple. Richardson followed with another home to drive Jack Wederoth from the hill.

Kiwanis Make Plans For Softball League

By SCOTT RAFFERTY
News Sports Editor
The "kids" are going to be playing softball again this year, thanks to efforts spearheaded by the Pampa Kiwanis club.

Intricate plans for the Kiwanis Sunday school softball league are being worked out now and it is planned to hear the old familiar "play ball" on May 23.

On that day, over 300 boys and girls who regularly attend the Sunday school of their choice will open the battle for three championships—junior boys, senior boys and girls leagues.

Aubrey Jones, city tax assessor and collector, has been appointed "czar" of the league under the program sponsored by the boys and girls committee of the local Kiwanis club. The committee is headed by Bob Alf-

The City of Pampa, besides loaning one of its departmental heads to help in the work, has agreed to be used by the church leagues. These include two parks at Sam Houston school for the girls league, one at

Woodrow Wilson school and at Lion park for the Junior boys and two at the Senior high for the senior boys league.

W. M. "Shorty" Lane has been handed the thankless job of keeping check on approximately 35 "blind Toms," umpires as they are more commonly called.

Members of the club are visiting various churches today to "get a line" on how many teams will take part in the league. Last year, 22 teams representing 14 Pampa churches played in the event.

The various churches will be given enrollment blanks to turn in to the league head, following which schedules will be drawn up. Ministers of Pampa reported last year that many boys and girls started attending Sunday school regularly so that they could play softball and then found that they took great pride in their attendance and consented to play.

The writer thinks that, in itself, is one of the most outstanding accomplishments of the softball program.

Bible To Write Football Book

AUSTIN—(AP)—Veteran Football Coach Dana X. Bible is going to write a book summing up the experiences of 28 years as mentor for senior college teams.

He announced today he has signed a contract for publication with Prentice-Hall, Inc., of New York. The volume will be published early in 1947.

Bible will wind up his coaching career after next season with the University of Texas Longhorns. Bible will devote his entire time to the athletic directorship after the 1946 season, his 34th as a coach.

The Bible book will differ from the usual technical treatments of the game in that it will be aimed not only for the use of players and coaches, but several chapters will be primarily for the benefit of the fans. Other sections will deal with individual fundamentals, team play, formations, and tactics, and organizations of a football program.

The dedication? "To the wives of football coaches." Bible stated, "They work harder, suffer more and get less recognition than any other group in the game."

Colorado's lowest point lies at an elevation of 3,350 feet.

Woodrow Wilson Favored To Take Track Champion

By HAROLD V. RATLIFF
Associated Press Sports Editor
Woodrow Wilson of Dallas has pushed forward as top favorite for the Texas schoolboy track and field championship at Austin next Friday.

The well-balanced Wildcat team has enough strength in the hurdles, dashes and distance races and the discus throw to take the championship, particularly with the new scoring rule which allows points down to sixth place.

Results of an inter-city meet between Dallas and Fort Worth schools Friday night indicated Woodrow Wilson has at least two potential first-placers in Edwin Parks, quarter-mile, and Bob Hall, hurdler. And not only that, Woodrow Wilson also may run one-two in the 440 because Tommy Cox is about as good as Parks, in fact has beaten him once.

Parks raced the quarter in 50.6 seconds at Fort Worth with Cox just a pace behind. Hall ran the low hurdles in 22.6, the best time of the year in Texas.

In the discus throw Woodrow Wilson has two boys who should place. Johnny Slack should rank high because he can beat 140 feet. Ray Marek has hit 138.

Norman Alsbrook should finish high in the mile run and Hall is a good sprinter, while the Woodrow Wilson mile relay team is fast enough to grab a spot among the first four or five teams.

Austin high and Lamar (Houston) appear the strongest contenders for the championship. Austin may not get many firsts but the Maroons should win a flock of places.

More than 400 athletes are expected in Austin for the big meet with several records in danger—the high jump, discus throw and mile run appearing virtually certain to be broken.

Don Sparks, the little blond picture runner of Fort Worth Tech, Friday night shaved the state schoolboy mile record by two seconds when he did the four laps in 4:29.2. McCrow already has beaten the state mark of 6 feet 3 1/4 inches in the high jump and RANDALL CLAY of PAMPA has bettered the discus record of 155 feet 7 inches.

Dallas Rebs Set Hitting Pace in Texas for Week

DALLAS—(AP)—The Dallas Rebels set a hefty hitting pace in the first week of the Texas league campaign, pounding the horsehide for an average of 278 while Catcher Muratore of the Beaumont Exporters hung up the top individual batting mark of 419.

Averages covering all games through April 24 announced by the league statistical bureau show Houston second in hitting with .270 and Tulsa third with .263.

Kunde, Oklahoma City first baseman, had the highest individual batting average with his 500 in 16 trips to the plate, but Muratore led those going to bat more than 25 times. He got 13 hits in 31 trips.

Wood, Dallas third baseman, and Nieldsen, Houston catcher, had marks of 474 and 429 respectively. Wood in 19 times at bat and Nieldsen in 21.

Five pitchers won two games and lost none—Mack Stewart of Tulsa; Wilson, Oama and Hogue of Dallas, and Jakucki of San Antonio.

Duncan, Shreveport left fielder, drove in 11 runs to lead in that department. Donaldson, Tulsa third sacker, led in runs with 11.

Buffs Capture Second Straight

HOUSTON—(AP)—Bill Sanchez, lanky right-hander, tossed a five-inning shutout for the Shreveport Sports Saturday as the Houston Buffs checked in with the second straight winover Salty Parkers' nine, 7 to 1.

Sanchez' mates collected 11 singles off the efforts of Bill Sullivan and Bill Eckhardt with Louis Ortiz, new infielder, continuing his heavy hitting with three blows in four trips.

The Sports counted in the seventh after two were away. Murphy singled and Berry followed with a double the only extra hit of the afternoon, to send Murphy to third. Sanchez then walked Martokowski and Demma to force over a run.

Sanchez drove in the first run of the game in the second. Ortiz singled, stole second and when the hurler looped a Texas leaguer to right, Ortiz raced over the plate.

Texas Schools Capture Five Firsts at Annual Drake Relays

By CHARLES DUNKLEY
DES MOINES—(AP)—Fleet-footed stars from five Texas schools and a gloomy rain from the heavens took the play yesterday at the 37th annual Drake relays.

Texans triumphed in three relay races—the university quarter and half-mile events and the college mile—and two individual events—the 100-yard dash and high hurdles. In addition they captured second places in the mile and quarter-mile relays, third and fifth places in the century, and fourth in the college mile relay.

A total of 620 athletes from 54 universities and colleges from 16 states were in the first post-war competition.

Billy Martineson, Baylor university, won the century in a close finish with Lloyd Lebeach, the Jamaican sprinter from the University of Wisconsin, and Allen Lawler, University of Texas, who finished in that order. Lebeach got a poor start which probably prevented his becoming a double winner. He captured the broad jump yesterday with a leap of 23 feet, 10 7/8 inches.

Martineson's time was :09.9, a tenth of a second slower than Lebeach's time in yesterday's trials.

August Erfurth, following the tradition of Rice institute, Houston Texas, in producing sensational hurdles, skinned to a one-year triumph in the 120-yard hurdles. Erfurth broke first and maintained his lead to the finish, with Tommy Mitchell of Indiana close behind.

Other stars from the Lone Star State to hang up victories were the Texas university half-mile relay quartet, the Baylor quarter-mile foursome, and the North Texas Teachers college mile team.

Abilene Christian college was the fifth Texas school to get into the scoring column with a fourth in the college mile relay.

Illinois retained its mile relay championship of 1945 by winning in 3:23.3—the same time as last year. While the Illinois speedsters were competing here, another Illinois quartet won the same event at the Penn relays in 3:18.4.

Billy Bangart, opera-singing weight-man from Purdue, dethroned as defending champion in the discus throw yesterday, came back to triumph in the shot put, in which he also was defending titlist. He tossed the iron ball 50 feet, 3 3/4 inches.

William Moore, Northwestern National A. A. U. indoor pole vault champion, captured this event in the rain. He cleared 13 feet 3 inches, 9 inches below his performance here a year ago.

Texas Water Boy Receives Honor

AUSTIN—(AP)—Half-pint Billy Andrews, dropkicker and waterboy deluxe for the University Longhorns has been elected outstanding senior athlete at the University in the student elections.

The four foot eleven inch Andrews, who doesn't mind being kidded about his size, wasn't kidding when he drop-kicked numerous points after: touchdown for the Longhorns or when he won his letter as an outfielder in baseball.

This was the first such vote held since 1942. It was a yearly affair before that time. Last elected was Malcolm Kutner, the Steers' all-American end, and track and baseball star.

See Billy, known over the campus as "Rooster" is a senior physical education student. He came to the university in 1941, a graduate of Woodrow Wilson high in Dallas.

Billy is planning to continue his athletic work as a professional. He is due to act as traveling team manager for the Miami eleven of the new American Professional Football league.

champion, captured this event in the rain. He cleared 13 feet 3 inches, 9 inches below his performance here a year ago.

O'Daniel Looms as Potential Key Figure in Governor's Race

PAGE 8 PAMPA NEWS Sunday, April 28, 1946

Today's Schedule Of Redeployment

By The Associated Press
More than 8,000 service personnel on 10 transports are scheduled to arrive today (Sunday) at New York and three West Coast ports.
Ships and units arriving:
At New York—George Washington from Le Havre, 2,688 troops including 4141st quartermaster service company; 562nd quartermaster railroad company; 3871st quartermaster truck company; 784th tank battalion.
La Crosse Victory from Le Havre, 649 troops including 93rd ordnance motor company and 11th ordnance motor maintenance company.
At Seattle—Gen. W. F. Hase from Yokohama, 2,893 army, 35 navy.
Miscellaneous personnel on following: destroyers Perkins, Rogers, Duncan and Tucker from forward areas with 204 navy, marine and coast guard. A small craft with six navy.
At San Diego—Miscellaneous personnel on following: John Land from Samar, 1,686 navy; David Shanks from Australia, 47 army, 13 navy, 422 war brides.

One-thirteenth of an individual's body weight consists of blood.

'Girl With Perfect Figure,' Marries Duke

LONDON—(AP)—Miss Anne Cunningham, 21, pretty Mayfair model known as "the girl with the perfect figure," became a duchess yesterday.
She was married at St. Margueret's church, Westminster, to the 27-year-old Duke of Rutland, an officer mentioned as an eligible suitor for the hand of Princess Elizabeth.
The new duchess is the daughter of a British army major. She became a photographer's dress model after serving as a volunteer first air nurse during the war. The groom, the 10th Duke of Rutland, an officer in the Grenadier Guards, succeeded to the title in 1940, when his father died leaving an estate estimated at \$2,200,000.

CALLING FOR HELP:

HAWKINSVILLE, Ga.—(AP)—Lonnie Slade picked up a possum, placed it in the trunk of his automobile and went home.
Early the next morning the Slade family was awakened by a honking horn. They rushed to the garage, found the possum perched on the steering wheel and pressing against the horn.
The possum had squeezed out of the trunk and made its way to the front seat.

Speech This Week May Clarify Muddled Outlook in Politics

By DAVE CHEAVENS
Associated Press Staff

Senator W. Lee O'Daniel, a power in Texas politics since his amazing gubernatorial campaign of 1938, has emerged as a possible key figure in the 1946 governor's race.
He will come home to Galveston this week for a speech which may clarify the muddled outlook, although he has not said he would even mention politics in his Saturday appearance. The announcement that O'Daniel would speak was followed by a statement from Gov. Coke Stevenson that he was waiting for the declaration soon of a "leading political figure" before stating his own intentions.
"You could still get even money or a letter better than Stevenson would be in the race."
Former Gov. James V. Allred, bitter foe of both Stevenson and O'Daniel, issued a statement indicating he will either get in the race or strongly support another candidate. He said he has no intention of sitting on the sidelines to watch Stevenson "cool his coffee for two more years."

There was no sign from Dr. Homer P. Rainey as to when he would state his political intentions. He is still regarded as a certain entry.
"Railroad Commissioner Beauford H. Jester formally filed his application for a place on the ballot as a candidate for governor in the July primary. He expressed the opinion that Stevenson would not be a candidate."
Other political developments of the week:
Announcement of Board of Control Chairman Weaver Baker—close friend of Stevenson and once regarded as a gubernatorial possibility—that he would run for a place on the court of criminal appeals.
Statement by Capt. Price Daniel, who will be a candidate for attorney general, that he has not requested and will repudiate the endorsement of his candidacy by any political group which used his name to solicit funds from returning veterans or the public for that purpose. Daniel said he could not become a candidate for attorney general until he was released from the army.
Announcement by friends of former Assistant Attorney General Pat M. Neff, jr., that they were urging the son of the former governor to enter the attorney general's race.
Entry of another candidate seeking the seat in congress now held by Rep. Lyndon Johnson of the 10th

THE PAY OFF

SALT LAKE CITY—(AP)—John W. Burt has found that being a good automobile driver really pays. He's getting a free trip to Washington.
Gov. Herbert B. Maw picked Burt as an outstanding representative of the Utah capital's most careful motorists and invited him to join the state's delegation to President Truman's highway safety conference opening May 3.

OFFICE CAT

Bill Fox may well be called the champion optimist. He was sitting on the roof of his house during a flood, watching the water flow past, when a neighbor who owned a boat rowed across to him:
Neighbor—Hello, Bill!
Bill—Hello, Sam!
Neighbor—All your fowls washed away this morning?
Bill (pleasantly)—Yes, but the ducks can swim.
Neighbor—Fruit trees gone, too?
Bill—Yes, but everybody said the crop would be a failure, anyhow.
Neighbor—I see the river's reached above your windows.
Bill—"That's all right. Them win-jows needed washing."
In the 18th century in Salem, N. C., marriage proposals were conveyed to girls by members of the Moravian church after drawing of a lot to determine whether the match was approved by the Lord.

WEST TEX CANDIDATE FOR GOVERNOR WON'T KISS ANY BABIES UNDER 18

By WILLIAM C. BARNARD
Associated Press Staff

While Gov. Coke Stevenson, Sen. W. Lee O'Daniel and Dr. Homer P. Rainey are in the final throes of making up their minds about the governor's race, A. J. Burks, big, slow-talking mayor of Odessa, announced candidate, back in his West Texas home after a 1,200 mile trip into Central, South and East Texas, said today he had made a lot of friends, and hadn't kissed a baby.
"I walked along the streets of a lot of towns, giving out my handbills," he said. "I shook hands and I told a lot of people that what I'm offering is a safe and sane business administration. I only made one speech and that was down in Bay City where I told 'em how army aviators flew through West Texas sandstorms and bumped into prairie dogs at 5,000 feet."
"As for babies, I don't intend to kiss any—under 18."

The 53-year-old mayor, father of four children, who as he puts it, once "made good digging ditches" and who estimates he is now worth a quarter of a million dollars, said he isn't interested in any he might make from politics.

"I've got a good hotel and I'm putting up an office building soon as I can get some materials. I make three times the governor's salary. All I want is to try to pull Texas out of this gumbo it's in now. During the past two years I've gotten along with five hard-headed business men commissioners and we haven't had a dissenting vote. I think I've done Odessa some good

and I think I could do the same for Texas. I'm not for any group or against any group.

The only man I'm running against is Chester Bowles of the OPA.

The first bill I would recommend to the legislature would be a law making it a heavy penalty to operate OPA in Texas. If this won't work, then Texas must leave the OPA."

Not the least of the grievances which Burks nurses against the OPA is the fact that during the past two years he has dwindled down to 221 pounds, losing 46 to undulant fever. "I got it from drinking recombined OPA milk," he says bitterly. "Just look what OPA did to a cow country."

The mayor believes he will really start his campaign—by radio—in about six weeks.

"I figure I can get into the runoff. I don't know how I'll make out after they gang up on me but I'll be in there trying."

Burks was born in Ballinger, Texas, the seventh of 11 children. He was reared on a farm near Abilene, Texas, got a teacher's certificate at Simmons college, Abilene and taught several years before he wound up as superintendent of schools at Caddo, Texas, in 1919. The previous year he had entered the army.

"I enjoyed every minute while serving Uncle Sam. Most of my time was spent playing football and baseball."

He resigned his superintendent's job and in 1921 went broke in the

mercantile business at Caddo.

To feed his family, he said, "I started digging ditches and made good. I entered the plumbing and electrical business at Brownfield, Texas, in 1922. In 1927 we moved to Odessa."

As to issues, Burks thinks labor must be "given a place in Texas and working conditions must be improved. The day is coming when, if the white collared workers and school teachers are not paid wages in line with the cost of living, they will be compelled to organize."

"I am a believer in paying a person for what they do—not because they belong to any organization. If a man wishes to join a labor organization, that should be his business. If he wishes to work without joining, he should be permitted to do so."

He promised veterans: "If I am elected governor, I shall recommend to the legislature that a committee of your neighbors be appointed; that if a veteran desires to buy a home that the price and details be submitted to this local committee; that if they find that the price is fair that the purchase be approved."

TOM BRALY FOR DISTRICT ATTORNEY

on homes up to \$7,500; that the state guarantee to loan companies the prepayment on a 20-year basis with as low an interest rate as can be secured; and that the veteran be allowed credit to purchase and occupy such home immediately."

"It took the draft board perhaps 10 minutes to determine that you were eligible to serve in the armed forces," Burks added. "You were allowed 21 days in which to terminate your business connections. It shouldn't take any longer to exercise and complete the transaction of credit."

The three most popular vegetables grown by amateur gardeners are, in order, tomatoes, string or wax beans and onions.

The starfish is the chief natural enemy of the oyster, and one starfish can consume as many as five oysters in a day.

Vows Are Exchanged

Mr. and Mrs. Lowell Gene Horton

Marriage of Miss Onna Moran, Lowell Gene Horton Is Told

Miss Onna Belle Moran, daughter of Mr. and Mrs. Josh Moran, Abilene, became the bride of Lowell Gene Horton, son of Mrs. Myrtle Horton, 918 East Francis, April 12, at 8 p.m.

Vows were exchanged in a double ring ceremony performed in the First Baptist church with Rev. E. M. Dunsworth, pastor of the Calvary Baptist church, officiating.

The altar was decorated with baskets of gladioli and palms, and lighted with an arch of tall white tapers.

Miss Bobby Killian, soloist, sang "I Love You Truly" by Carrie Jacobs Bond, "Because" by Guy D. Harlelot, and "Always" by Irvin Berlin. She was accompanied by the sister, Miss Tessie Killian, who played the traditional "Wedding March."

Miss Patty Sue Horton, sister of the groom, was the maid of honor. She wore a pink wool jersey dress with black accessories and a corsage of pink rose buds.

Carl Hartzog was the best man and groomsmen were James Enloe and Don Smith.

The bride, who was given in marriage by her father, wore an aqua dress suit with black accessories and carried two white orchids on a white prayer book.

The bride's mother wore a black silk dress with white accessories and a gardenia corsage.

A reception followed the ceremony in the Palm room. Cake and punch was served by Winnie Ellis, the groom's aunt, and Mrs. Fred Brownlee, of Borger.

The groom attended Abilene high school at the same time the bride did. He belonged to Hi-Y and A. A. Fraternally. He returned from overseas March 24, where he spent one year in the service of the United States.

Out of town guests were Mr. and Mrs. Fred Brownlee of Borger, Mr. and Mrs. O. S. Vineyard of Borger and Mr. J. H. Motheral of Muleshoe. The couple is at home at 700 N. Somerville.

Modern developments in society seem to be placing unmistakably a higher and higher premium on the early identification and careful training of high-grade intellectuals.

WE, THE WOMEN

Women Have No Manner?

By RUTH MILLETT, NKA Staff Writer. "Women have no manners," proclaims a well-known former sports writer in a recent magazine article.

And what he says of the pushing, scowling, inconsiderate manner of women in public places is pretty much true. But a better basis for his accusation would have been "Women Have Party Manners."

For women do have manners, but the great majority of them hold their manners in reserve for social occasions.

It is usually the woman of the family who insists on meeting her social obligations. She's the one who says "What can I do to help?" when trouble strikes a family friend; who murmurs the polite thing at social functions, etc.

Carlson, Waters Engagement Told

Mr. and Mrs. Harry E. Carlson, 604 N. Somerville, announced the engagement of their daughter, Elaine, to Bill Wyatt Waters at a coffee April 30. Mr. Waters is the son of Mr. and Mrs. H. W. Waters, 629 N. Frost. The wedding will take place in July at the First Methodist church.

In the receiving line were Mrs. Carlson, Elaine and Mrs. Waters. Mrs. George Appleby and Mrs. J. G. Cargile poured coffee.

Those present were Mrs. Mary E. Waters, Bill's grandmother, Mrs. A. D. DeVore, Elaine's grandmother, Mesdames G. H. Brown, Clinton Henry, Walter Eller, Robert L. Edmondson, P. C. Ledrick, Wayne Thompson, C. E. Boston, Bob McCoy, Roger McConnell, Charles Burton, Jim White, Sherman White, W. Mullinax, Frank Culbertson, Luther Pierson, Felix J. Stalls, J. H. Lutz, H. T. Hampton, C. L. Thomas, Lee Cady and Misses Clara Brown, Evelyn Morehead, Faye Morehead and Betty Ann Culbertson.

Miss Carlson is a graduate of Pampa high school. She attended the University of Southern California where she was a member of the council. She is now enrolled in the University of Texas as a Fine Arts student and is majoring in Theory and Composition.

Mr. Waters also graduated from Pampa high school where he was president of the Hi-Y and a member of the National Honor Society. He attended New York university and served overseas for 18 months as a combat engineer. He is now attending the University of Texas where he is studying pre-law and a member of the Phi Kappa Sigma fraternity.

'The River Road' Reviewed at Club

Mrs. Lula B. Owen of Pampa reviewed "The River Road" by Frances Parkinson Keyes to members of the Lefors Fine Arts Club and guests at the home of Mrs. E. R. Reeves on Tuesday evening.

Miss Ferne Holland gave a brief biographical sketch of Francis Parkinson Keyes, a Virginian by birth and a New Englander by ancestry, but who has for the setting of her two most successful books, Louisiana of the deep South.

In reviewing "The River Road," Mrs. Owen said, "It's scope is tremendous, running full cycle from the end of World War I to the closing days of World War II. It paints a full picture of the proud aristocrats whose estates edge the River Road; its accent is on their disintegration and decay; its story hinges on the history of sugar and the vicissitudes that master-crop meets."

Drama, romance, and corrupt Louisiana politics (with Huey Long) all come into the picture.

Guests were Mesdames John L. Smith, Joe Champaign and Mamie Jones.

Members present were Mesdames E. R. Reeves, Roy Calvert, J. C. Fomberg, L. B. Penick and Misses Fern Holland, Myrtle Phayre Procter, Clara Anderson, Cathrine Price, and Zona May.

A.A.U.W. To Give Party To Honor Seniors, Mothers

Members of the American Association of University Women are honoring the graduating senior girls and mothers with a tea in the city club rooms Wednesday evening, May 1, at 7:30 p. m.

Miss Lula Grace Erdman, instructor in creative writing at West Texas State college, Canyon, will be the guest speaker. This is an annual courtesy extended to senior girls.

Auxiliary Meets In Phillips Home

Police Auxiliary met in the home of Mrs. Ralph Phillips Friday afternoon. After a business meeting, refreshments were served to the following members: Mesdames E. G. Albers, Louie Allen, J. O. Dumas, Raymond Graves, J. R. Manning, Dewey Martin, Max McKean, Charles Newell, Frank Rickert, Bill White, Ernest Winborne, R. C. Wynne, E. H. Gates, and the hostess.

The next meeting will be in the home of Mrs. J. R. Manning, 309 1/2 S. Cuyler.

Troop 29 Plans For Camping Trip

Nineteen members of Girl Scout Troop 29 attended a winter roast this past week at the home of Mrs. M. D. Dwight. The girls demonstrated their ability at fire-building and fire prevention, preparing for the troop camping trip May 24-26.

Wanda Cook was a visitor. Members present were: Sherry DeWitt, Lorene Tice, Bobby Payne Black, Jane Owens, Jean Adamson, Shirley Cook, Doris Manry, Mary Ann McCool, Betty Winters, Ruby Lee Varnon, Joan Lunsford, Joann Smith, Patsey Cargile, Leta Mae Innon, Odessa Wilson, Frances Brown, Loretta Cooper, Anna Davey and Doris Jean Unks.

The sixty-four-dollar question in the international field is whether freedom of security in our times is compatible with anything like the national sovereignty that we have known.—Dr. Everett Case, president Colgate U.

The senate does not know any more about the foreign policy of the United States than do any 96 citizens that you could go out and pick up on the street.—Sen. Kenneth S. Wherry (R) of Nebraska.

Nuptial Vows Read

Machinist Mate and Mrs. Richard Allen Casey

Andrews-Casey Rites Are Solemnized in California

Miss Claire Maye Andrews, daughter of Lester W. Andrews, Truman Boyd Manor, Long Beach, Calif., became the bride of Richard Allen Casey, Mo. M. M. 1-c, U.S.N.R., son of Mr. and Mrs. Carl C. Casey of this city, March 24.

The wedding took place in the Booth Chapel of the First Congregational church in Long Beach with Dr. Stewart LeRoy Anderson officiating at the double ring ceremony. The chapel was decorated with white tapers, white tulips and gladioli and baskets of white stocks.

Traditional wedding music, including "Because" and "Always," was played on the organ by Mr. T. C. Wing.

Maid of honor was Miss Gloria Slater of Burbank, Calif. She wore a white crepe gown with rose accessories and carried a bouquet of gold roses.

The bride, who was given in marriage by her father, wore a white chiffon gown with a train fashioned with a sweetheart neckline embroidered with seed pearls. Her fingertip length veil was attached to a pearl crown, and her bouquet was of white roses, carnations and sweet peas.

The bride's mother was attired in a green dress with black accessories and her corsage was shell pink camellias.

The bridegroom's mother wore a beige dress with brown accessories. Her corsage was tallismar roses.

The reception was held in the community club rooms of Truman Boyd Manor, Long Beach, Calif. (Continued On Page 10)

Tournament Held In Club Rooms Local Couple Weds

The Business and Professional Women's club entertained with a bridge and "42" tournament open to the public in the City club rooms Tuesday evening.

High score for bridge was won by Mrs. Alice Howard, and Mr. Paul Klein. Low score for bridge was won by Mrs. Tommie Stone and Mr. Frank Shotwell, jr. High score for "42" was won by Mrs. Ola Isbell, and Mr. E. E. McNutt. Low score for "42" was won by Mrs. Claude Lard and Mr. J. B. Townsend.

Prizes were given for high and low scores in dominos also. Later in the evening Dr. Charles Ashby called for the bingo which was played. Prizes were donated by Pampa merchants. Miss Marie Eiedje spoke on behalf of the Girl Scouts and discussed the camp project.

At a called meeting the Executive Board of the Business and Professional Women's club held at a luncheon meeting at the Schneider hotel, Friday it was announced that it was possible to donate to the Girl Scouts for their Camp Sullivan project \$75.00. Those attending this meeting were: Tommie Stone, Vera Lard, Lillian McNitt, Ruth Johnson, Lillian Jordan, Murriel Kitchens, Elsie Gee, Laura Belle Correllus, Margaret Dial, Jessye Stroup, Wilsie Blakney, and Inez French.

Shamrock Music Week Will Be Resumed Soon

SHAMROCK. (Special)—The Music Week program sponsored by the Fine Arts Club, which was omitted during the years of war, will be resumed this year with the opening program given at Clark Auditorium May 5. The vesper service will begin at 8 p. m. and will be given by three young ladies who are students at Texas State College for Women, Denton.

Miss Patsy Durham will be the vocalist, with Miss Gladys Evelyn playing the violin, and Miss Evelyn Casemodes at the piano.

The Monday night program will be given at Clark auditorium by two students of Miss Mary Jean Durham, who will be presented in recital. They are Joan Bell and Shirley Lee, with the program opening at 8 o'clock.

The Home Night program will be given Tuesday evening in various homes in Shamrock. Places will be announced next week.

On Wednesday night, Jane Woolly and Martha Lou Setzler, pupils of Miss Durham, will give a recital at Clark auditorium at 8 p. m.

Thursday evening the Shamrock Irish band will give a band concert under the direction of Major Ed Chenette, band master. The concert will begin promptly at 8 o'clock at Clark auditorium.

Sunday afternoon, May 12, the closing program will be a recital by Miss Jo Nell Gambill and Joel Sanders, both students of Miss Durham. The program will be given in Clark auditorium and will begin at 4:30 o'clock.

Members of the Fine Arts club are putting forth a special effort to make the Music Week programs outstanding this year.

N.T.A.C. Students Appear in Concert

SHAMROCK. (Special)—Two Shamrock young people students at N. T. S. C. Denton, appeared in the Dallas Symphony Concert Saturday evening April 13. They were Miss Dorothy Braxton daughter of Mr. and Mrs. Charles Braxton, and Elton Sonnenburg, son of Mr. and Mrs. T. H. Sonnenburg.

There were 156 vocalists, singing, 85 musicians and 3,000 listeners to Beethoven's Ninth Symphony, which lasted 62 minutes under the direction of Antal Dorat.

The chorus from North Texas State college, Denton, was under the direction of Dr. Wilfred Bain.

Priscilla Club Meets With Mrs. H. E. Forgy

SHAMROCK. (Special)—Mrs. H. E. Forgy was hostess to the Priscilla club group Wednesday at her home on South Madden.

The entertaining rooms were attractively decorated with rose buds and spirals.

Sewing, crochet and needlepoint provided entertainment throughout the afternoon.

Refreshments were served to three guests, Mrs. J. B. Clark, Mr. H. B. Hill and Mrs. C. T. Palmer, and Edna E. Kerkers; Mesdames Fred Holmes, E. K. Caperton, Fluke George, Wm. Kyle, Earl Koger, O. T. Nicholson, J. B. Zeigler, and M. M. Baxter.

Mrs. Tinkler Hostess Demonstration Club

SHAMROCK. (Special)—The Kellerville Home Demonstration club met Wednesday in the home of Mrs. Ver Tinkler.

Roll call responses dealt with the raising of chickens. Mrs. E. M. Haslings, county home demonstration agent of Wheeler, gave a demonstration on the culture of hens. She stated that hens should be carefully culled each spring in order to rid the flock of lepers, especially since feed is so high.

Mr. and Mrs. Clyde M. Coble

Mary Kitchens Becomes Bride Of Clyde Coble in Ceremony

In a single ring ceremony, Miss Mary Kitchens, daughter of Mr. and Mrs. T. C. Kitchens, became the bride of Clyde M. Coble, son of Mr. and Mrs. Lee Coble, April 21.

The ceremony, which was held in the Assembly of God church, was performed by Rev. H. H. Woods. The church was decorated with palms and baskets of gladioli and Easter lilies.

Miss Jewell Bauman sang "Always" and "I Love You Truly." She was accompanied by Elmo Hudgins.

Clyde Coble served his brother as best man. The bride wore a suit of light blue crepe with a white hat and veil. She carried a white Bible decorated with white snapdragons and an Easter lily.

The bride's mother wore a gray suit with white accessories and a corsage of pink carnations.

The bridegroom's mother wore a gold suit with black accessories and a pink carnation corsage.

A reception followed the ceremony in the home of the bride's parents. Those attending were Mr. and Mrs. Lee Coble and daughter, Cora Lee, Mr. and Mrs. Claude Coble and daughters, Sharan and Patricia, Mr. and Mrs. Paul Jenks and daughter, Paula Faye Rev. and Mrs. H. H. Woods and sons, Lee Roy and Donnie and Mr. and Mrs. T. C. Kitchens.

The couple will be at home at 412 N. Hobart. The bridegroom is just home after serving three years in the navy, and is employed at Mitchell grocery.

Class Entertained With Party Recently

SHAMROCK. (Special)—The T. E. L. class of the First Baptist church was entertained in the home of Mrs. R. A. Nichols sr., Wednesday afternoon.

Tulips, snowflakes and spiraea were featured in decorations.

Games in charge of Mrs. Nichols and Mrs. Johnny Reeves provided entertainment throughout the afternoon.

Refreshments were served to the following members and guests: Mesdames Charles Green, Edw. C. Derr, Bryan Edw. W. H. Whitehurst, Ben Chance, Clyde Barrow, A. N. Holmes, Lewis Goodrich, Johnny Reeves, G. P. Davis, Frank Sanders, Bert Betenbough, Ward McPherson, Lee Newman, L. E. Oldham, J. P. Hall, R. A. Nichols, sr., M. B. Davis, and Frank Shortt, teacher of the class.

Dinner Given in Home

SHAMROCK. (Special)—Mrs. C. A. Wagner was hostess for a dinner given at her home on Easter Sunday.

Her guests included James Wagner of Albuquerque, N. M., Mr. and Mrs. J. C. Slaughter of McLean, and Mr. and Mrs. Carl Wagner and family of Shamrock.

Fraulein Designers Make Poor Copies of Paris Models

BERLIN.—Fashion, never a vital thing in Germany's capital, is closer to utter extinction today than ever and the few well-dressed women here are doing what they've always done. Follow Paris, blindly and badly.

A few German designers are making clothes, with bad eretz material or super-expensive black market cloth. But they are clothes that can be seen in last year's Paris collections or old copies of American fashion magazines.

Shop window show the long suit jackets beloved of the Paris couture, with the tight-fitting waist line. Dresses use material generously. Skirts are short. Detail work is coarse and the fine workmanship of France lacking.

Paris' occupation joke — those huge over-decorated hats—really impressed the German conquerors, for their women are still wearing them, though France dropped them like hot cakes the minute she was liberated. Still in evidence too are the hair-

Smith-Purcell Wedding Announced

SHAMROCK, (Special)—An announcement has been made of the marriage of Miss Ruth Smith, daughter of Mr. and Mrs. J. A. Smith of Shamrock, and Mr. Cecil Purcell, son of Mr. and Mrs. A. V. Purcell.

The wedding was solemnized on April 10, at the home of Rev. and Mrs. S. B. Price.

The bride wore a tailored dress of light blue and a corsage of pink carnations.

Attending the wedding were Miss Margaret Byrum and Clyde and Billy Rushing.

The couple will make their home at 712 North Texas street.

Marriage

(Continued From Page 9)

Boyd Manor. The club rooms were decorated with baskets of spring flowers. The table was decorated with a traditional bridal cake and topped with a sailor and bride. The refreshments were under the direction of Swank Caterers of Long Beach.

For the wedding trip, the couple went to St. Catalina Island for 10 days.

The bride traveled in a powder blue suit with black accessories and a white corsage. Her hat was a large picture hat of black.

The couple will be at home in Pampa after the groom receives his discharge May 1.

Mrs. Casey attended Polytechnic high school of Long Beach where she was a member of the Beta club. She was also a member of the Congregational Church choir.

The groom has been in the navy for 33 months. Before entering service he attended Pampa high school and was a member of the Harvester football team. He has been in the South Pacific for 29 months, and wears American Defense, Asiatic-Pacific and three stars, Philippine Liberation and two stars and Victory ribbons.

Red Cross Makes Capes for Refugees

SHAMROCK, (Special)—Refugee capes for children, four-six-eight and ten-year sizes are being made at the Red Cross room in the City Hall.

The room will be open Tuesdays and Fridays with a member of the production board in charge, according to announcement made by Mrs. Bob Roach, general production chairman.

The Tuesday group included: Mrs. Tom Brown, Mrs. Lonnie Burks.

Tips for Teens

B. Cresswell

By ELINOR WILLIAMS

It happens to nearly everybody at least once . . . the lovebug that dies, the flame that flickers out without apparent cause.

A girl dates regularly with the same boy for weeks, months, maybe a year or so, then suddenly he begins to date another doll. They had fun together, didn't quarrel and he's friendly when they happen to meet, but—no more dates. How come?

Sometimes it's a boy who has every-Friday dates with a super-special girl. They date on a steady schedule, like to do the same things, see the same movies, dance to the same recordings. Suddenly he gets a brush-off from his one-and-only. She's busy every Friday night and returns his class ring with a vague explanation about not being steady any more. Do these stories sound familiar? Have you sung the blues low and long for the same mysterious reasons?

It's no mystery. Every high school romance just isn't destined for the permanent hearth-at-home stage. As a matter of fact, very few of them are and perhaps it's just as well, because you'll have a much better idea later in life of the kind of mate you want for keeps.

Teens are the time to begin to have dates, not to end them. It's the time to date more than one boy or girl, because you can't be sure you like Don best if you've never dated anybody else. So dance with Bill, bowl with Sue, study math with Joan. Instead of moping, give a boy-and-girl party, visit the local teen canteen, go out and have fun with a crowd of girls or boys and you'll soon realize that your "romance" was fun while it lasted and it's better to have loved and lost than never to have dated at all. There's still tomorrow . . .

(For tips on games for party fun, send a stamped, self-addressed envelope to Elinor Williams, c/o Pampa News.)

Packer Denies OPA Charges

Wilson & Co., packers at Oklahoma City, in a statement released through the Pampa salesman, M. E. Weston, has denied an OPA assertion that the company would not buy cattle on the Oklahoma City market.

The statement said: "Referring statements made by Oklahoma City OPA representatives to the effect that packers unwilling to buy cattle on Oklahoma City market and that cattle could be purchased in compliance with government regulations at prevailing market. These statements (are) untrue and not based on facts."

The concern said further that the policy was to buy "every single head that could be bought in compliance with OPA regulations 574" and that "this is our policy."

"We x x x request that you advise all commission men x x x that Wilson & Co., stands ready to receive as many cattle as permitted by plant capacity now or permitted by our slaughter quota for the month of May, cattle to be slaughtered and paid for at maximum prices on dressed weight and grade basis as permitted by OPA regulation 574 on each lot. We are willing to take any grade, weight or kind."

More than 35 per cent of all the coal consumed in the world is supplied by the Great Appalachian and other interior fields in the United States.

In case you've been wondering how the Vassar girls feel about the school going co-ed, take it from Jo Anne Lewis they aren't fazed a bit. She says the girls have decided they won't even give up wearing dungarees and ballet slippers for the big event. Of course, they may change their minds when the boys get to school. Do you suppose that means they might have a football team at Vassar? Sounds funny, doesn't it? Jo Anne also reports that the Vassar girls have gone in for pig-tails in a big, big way.

Now that the war is over and there isn't much to do at the local canteens it seems the big sisters have become bored serving on the committees — and that's where we come in. Yep, the teenagers have taken over the hostess role around town. You can imagine the girls are having a whale of a good time.

Have you heard the "Old MacDonald Had a Farm" recording of Spike Jones? There is plenty of hayseed harmony in it with dog, cow, pig, horse and parrot sound effects. You'll get a bang out of it.

Teen Talk

Dear Judy:

Hi-ya onesey-twosey! Gettin' fed up with the same old juke routines? Well, the slicks and slacks here have found some new zinky doings for prancing on the pine. All the kids are learning a new dance called "The Cats Join In" and you should see Jackie and Emmy go to town with it. The dance is fresh out of the new Disney technicolor movie "Make Mine Music."

Here's how some of the carpet cuttin' goes in case you and your matted set world like to give it some sample sending:

In one sequence called the "Turnaroo" you just put the feet forward a few times, it seems, then the beau spirals back onto his best foot and then both wind up with quick jumps, three fast hand claps and a slow smacking away.

The "lambsey jivey" is another sequence with forward and backward leg flings. This has six whirls, three right and three left, goes on for two choruses and ends with something called the "criss-cross" which is three fast passes one in front of the other.

By the bye, the Iowa High School Press association will have 73 Iowa high school newspapers represented to vie for honors this spring. Top ranking high school publications will be displayed at Veisba, annual Iowa State college celebration.

The Greeks believed that if a young woman bathed in certain sacred pools, her yearnings for offspring would be gratified.

Veteran Program Will Be Aired

C. D. "Don" Donahoe, newly elected commander of the local post, VFW, said yesterday Station KFDY here had agreed to run a 13-week series of programs, entitled "Calling All Veterans." The programs will be aired at 7 p.m., Tuesday and Thursday of each week, he stated.

The series, scheduled on the local station by Program Director, Ken Bennett, will seek to bring to the veterans answers to their problems. Donahoe said veterans in cities and communities throughout this area of Texas are eligible for membership in the VFW post here.

About 90 per cent of the potato starch used in the United States is made in Maine.

Research conducted at two large American colleges tends to prove that turtles and frogs are deaf to human speech.

without style.

Few women have gloves, and their shoes are usually of leather, but so old, so run-over that it is painful to watch them walk. A few women have silk stockings, but they are thick, of disagreeable colors and usually with many darns in them.

It is impossible to compare German fashion or German women with the French or the Americans, for both of the latter have a feeling for clothes. Germans apparently do not. Whether from necessity or taste they run to drab colors and shapeless clothes.

University To Have Increase in Budget

AUSTIN, (AP)—The University of Texas board of regents today adopted an increased summer term budget to meet the demands of veterans who want to stay in school.

The board approved a revised budget calling for expenditure of \$396,449, increased from the original estimate of \$267,500. This action was taken when it was shown that a survey revealed 85 per cent of veterans enrolled will go to summer school, and 53 per cent of non-veterans.

The regents approved 30 university fellowships and scholarships, including those awarded to:

Valerie Beth Mangum, Greenville; Eleanore Albrecht, Victoria; Mrs. Gayle Kissinger Baker, Fort Worth; Norman George Pauling, Jr., San Antonio; Jefferson Davis Sadler, Waco; Janet Grace Strauss, Corpus Christi; Mary Patricia Cady, Houston; Robert Leon Chuoke, Galveston; Barbara Jeanne Morlan, Abilene; Mrs. Mary Electa Crissey Parker, Beaumont; Aaron Joy Seriff, San Antonio.

The buildings of the University of Virginia were laid out according to a plan drawn up by Thomas Jefferson.

Cline To Die for Death of Veteran

DALLAS, (AP)—Lonnie Harvey Cline, 26, must forfeit his life for the Dec. 23 knife slaying of former Staff Sgt. Clyde Mears, 34, a three-battle star veteran of the China-India-Burma theater.

The death penalty verdict was returned late yesterday morning in district court by a jury which received the case at 11:00 Friday night.

The youthful defendant, who sought an acquittal on an alibi defense, gave no show of emotion when the verdict was read.

The slain sergeant's widow, Mrs. Marie Mears, walked to the jury box and personally thanked the jury for the verdict.

Defense attorneys said a motion for new trial would be filed and an appeal taken if this is denied.

Cline was found guilty on the first ballot Friday night but the twelve men did not agree on the death penalty until the fifth ballot, a juror said.

Mears was slain at a Dallas night club after he gave chase to a prowler he found ransacking a car.

A new glass fabric ironing board cover is expected to minimize fire hazard because it will not burn or char. In tests it has been subjected to iron temperatures in the range of 300 to 600 degrees. F.

Gourielli SULFO CREAM
for oily-disturbed skin

I never seemed to be able to master those minor blemishes that occasionally used to break out on my face. Then I used Gourielli Sulfo Cream. Happy day! It gave my skin just the help it needed in controlling those distressful flaws like surface-clogged pores, scalliness and externally caused pimples. What's more—I no longer try to "cover up" a shiny face with constant re-powdering. Now, I prevent the skin with my marvelous Sulfo Cream. 1.50 Plus tax.

Before applying the cream, I wash with Gourielli Emulsion Soap, a mild but scrupulous cleanser, so essential with oily skin. 1.50

Incubators, Dead Monkeys, Shipped By Air Express

Incubators, broken-in shoes and dead monkeys have little in common. But they do share at times a common need for getting somewhere in a big hurry.

The birth of triplets in a Kansas City hospital creates a sudden emergency demand for two more incubators, with none available in the entire area. Years ago, this would have been a situation that could only have ended tragically. However, a busy wire to the incubator manufacturer in Cleveland brings the required equipment to the rescue of the babies within a matter of hours.

Air express, or rather the combined air-rail-truck service of the Air Express Division of Railway Express Agency, proves to be the "angel of mercy" in this case.

A laborious, time-consuming profession is anthropology. But there are occasions when high speed is eagerly sought by practitioners of

this science. Some weeks ago, a number of dead monkeys were air-expressed to the Museum of Natural History in New York all the way from Colombia, South America. Slower means of transportation might have risked spoiling of the carcasses before they could be treated and stuffed by taxidermists.

Vacationing in Mexico City without his favorite pair of broken-in shoes held no promise of pleasure for one footsore citizen of Jacksonville, Fla. Air-minded as well as foot-conscious he immediately phoned his wife to air express the old brogans to him over the border.

The next morning, his shoes were waiting at the hotel desk.

Withholding Tax Greater in 1946

DALLAS—(AP)—Withholding tax collections in March were 63.83 per cent above March a year ago, Kirby Jackson, cashier of the district U. S. Internal Revenue department, has announced, but income tax collections have declined 10.51 per cent for March as compared with a year ago.

Largest loss was reflected in the \$486,577.06 in social security taxes in March this year which was 97.56 per cent below March a year ago.

Miscellaneous tax collections this March of \$5,000,000 revealed a loss of 50.7 per cent and the average of all federal taxes for the month was off 13.56 per cent.

For the nine month period from July 1, 1945, through March 31, 1946, a loss of 1.94 per cent was reflected in income tax collections of \$339,000,000 this year.

The remainder of taxes showed an increase. Miscellaneous taxes of this year amounting to \$53,000,000 revealed a gain of .09 per cent.

Largest gain was made in withholding taxes this year which amounted to \$86,000,000, or 16.96 per cent.

The \$17,000,000 in social security taxes for the same period totaled \$17,000,000, a gain of 5.50 per cent. The average of all taxes was a gain of 3.31 per cent.

Next to Great Britain, the United States is the world's greatest consumer of tea, with about 100,000,000 pounds annually consumed here.

Famous Author Touring Texas

COLLEGE STATION—(A&M/C)—Louis Bromfield, famous author who in recent years has become one of the nation's most zealous conservationists, will visit Texas A. and M. college today. He will speak on "Our Land and Our Living" at Gault Hall at 8 p. m., and the public is invited.

Mr. Bromfield is visiting the college upon the invitation of President Gibb Gilchrist. He was invited to the state by Pat Mayse, editor of the Paris News, and arrangements have been made for public appearances at Paris, Dallas, Temple and Austin.

While he is known principally for his novels, such as "The Green Bay Tree" and "Mrs. Parkington," Mr. Bromfield's most recent book about his own farm near Lucas, Ohio, has received wide circulation. It is entitled "Pleasant Valley." One chapter of the book entitled "The Mason Place" was reproduced last year and sent by President Gilchrist to several thousand agricultural leaders and workers in Texas.

Mr. Bromfield is also first vice president of "Friends of the Land," a non-profit, non-partisan society for the conservation of soil, rain, and man, which he helped organize. President of the organization is Chester Davis, president of the Federal Reserve Bank of St. Louis and former war food administrator.

President Gilchrist is inviting agricultural leaders, representatives of government agricultural agencies, civic groups, farm and trade organizations to hear Mr. Bromfield's address at the college. K. J. Edwards, district agent for the A. and M. college extension service is chairman of arrangements for Bromfield's visit at College Station.

BY JACK RUTLEDGE Associated Press Staff

It won't be long now before a uniformed boy on a bicycle may deliver up to your home, knock on your door and start singing "Happy Birthday to You."

Western Union has not revived this pre-war service yet, but it has resumed delivery service and officials hint the singing telegrams may not be far behind.

The delivery service started just recently.

E. E. Townsley, in charge of the service in Dallas, said the company has about 1,500 messengers scattered over the state. He said this was a 25 per cent increase over the wartime total. Many of the new messengers are service men.

The service is bigger than you might think. For example, in Dallas they have 80 messengers on bicycles, 30 in cars, and about 30 more afoot.

They do more than haul letters and packages. They lug around suitcases and trunks and almost anything.

During the war, the service was halted. Telegrams, of course, were delivered by elderly men and, in some cases, women. None of the wartime employees have been released, but as they resign they are replaced by younger messengers. At present, there are no more women messengers in Dallas, although there are several elderly men still at work.

Some very odd things are delivered. Townsley hinted daskily. But the bulk of items handled are routine—like dental plates, medicines, dresses, packages.

Department stores, theaters, hotels, doctors, public officials, business houses are the most regular

Axis Lost 1,110 U-Boats in War

WASHINGTON—(AP)—The German and Italian fleets lost 1,110 submarines destroyed in World War II, the navy reported in a recapitulation of naval losses suffered by the European Axis.

Besides this staggering loss of undersea craft during hostilities, the report said, the enemy navies lost an additional 162 surface vessels.

Germany had, the heaviest losses, with six battleships, one aircraft carrier, six heavy cruisers, four light cruisers, 53 destroyers and 994 U-boats destroyed.

Italy lost three battleships, seven escort carriers, seven heavy cruisers, 12 light cruisers, 63 destroyers and 116 submarines.

After unconditional surrender, Germany surrendered 204 naval vessels to the Allies and Italy 49.

The navy's report gave Allied air attack credit for the greatest single number of submarine "kills," placing the total at 278.

Why All the Fuss?

74-YEAR-OLD MAN TAKES GIRL, 16, AS 3RD BRIDE

By Elizabeth Toomey HOUSTON, Mo.—(AP)—Pretty 16-year-old Winnie Sutton and her 74-year-old bridegroom can't understand why all the fuss over their Easter Sunday wedding by their neighbors and the world outside their Ozark hill country surroundings.

Thrice-wed W. T. Sutton, looking healthy and active, smiled fondly at his blonde Winnie today as she tidied up the five-room house on his 814 acre farm and said:

"Why, they're printing stories about us in all the papers. You'd think there was something peculiar about this marriage."

Sutton explained he had first noticed Winnie when she'd pass his farm on the way to town for her mother, Mrs. Bessie Holden, who lived on the adjoining place. They were engaged a year before their marriage, approved by Winnie's mother.

"She's a mighty good cook and a mighty sweet girl," said Sutton. He used to be a rural school teacher

and went to Drury college, Springfield, Mo., a year "to take some Greek and Latin." Winnie, one of seven children, quit school at the end of the sixth grade.

There was no honeymoon. Winnie decided there was a "lot of work to do around here." She mentioned curtains for the windows; linoleum for the bare floors. Sutton, county surveyor as well as farmer, figured the place could stand a woman's touch. It hadn't had one for 11 years. His first wife died and his second marriage ended in divorce. His two children have married and left Houston.

Sutton admitted his two children weren't exactly pleased with the wedding. But, he added, that's been straightened out with a property division. Winnie gets 70 acres, the house and furnishings and all she and Sutton make from now on.

The improvements around the house are up to his bride but the outside work is his, Sutton said, adding:

"I milk the cows."

Body of Woman Found In Wreckage of Plane

SAN ANGELO.—(AP)—After a four-day search, the body of Miss Winnie Lee Jones, 26-year-old former women's army service pilot, was found yesterday in the wreckage of her plane, 13 miles north of Sanderson, Texas.

The plane, a BT-13A, crashed on a 3,000 foot cliff on the Clayton-Puckett ranch. The body was recovered after two civilian fliers sighted the wreckage from the air.

Survivors include her parents, Mr. and Mrs. Charles E. Jones of Balinger, Texas.

Padre Island Case Files Submitted

AUSTIN.—(AP)—The printed brief and records in the state's Padre Island claim case were submitted to the United States supreme court this week, Attorney General Grover Sellers has said.

The attorney general argues in his brief that the state should recover the whole island because it has been forfeited to the state under the terms of the Texas constitution by reason of the claimants' failure to survey the island and file plats in the general land office.

The legislature confirmed title to eleven and one-half leagues on the thirty and one-half league island in 1852 but provided that the claimants.

They do not, however, distribute landfills. That may come later—along with singing telegrams.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugist and ask for four ounces of liquid Barentrate (formerly called Barent Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show the results, keep on taking it. Bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

Greek Woman Sends Letter of Thanks for Needed Clothing

In appreciation of receiving clothing through the Red Cross, a Greek woman writes to Miss Lillian Warminski, White Deer, thanking her for the items she had made. Excerpts from the letter, sent from Corinth, follow:

"Miss Lillian—

"Your unlimited kindness and your noble and Christian efforts in order to relieve us have given me the liberty to send this letter to you and express my inexpressible gratitude to you for what you have done for us.

"It is true that the war with its destructive consequences and the cruelness and annihilation of the uncivilized conquerors have caused us many sufferings for some years. It was very hard for all the people, especially for my parents, to see our little children hungry, without clothes and shoes and with pale faces.

"How can I express to you by this letter our great joy which we felt when we took some clothes distributed by the American War Relief Association?

"We thought that there are people which although they are far from here, share our affliction and come with their civilized feelings to

relieve us, in a very bright way in our clouded and afflicted soul.

"We, the Greeks, who live in the country which has increased the great ideas of civilization, shall always remember with gratitude that you have helped us, consoled us and saved us, especially our little children from the certain death.

"Therefore I as a Greek mother feel great duty to thank you and express to you my inexpressible gratitude.

"Our family consisted of six members, lives in a town named Corinth near the Channel of Peoponess. My husband is clerk in the railway station of Corinth. We have three children. The first one, nine years old, is a boy. He goes to the elementary school. The second one is a girl and a year younger than the first one. She goes too to the elementary school, and the youngest of all is a little nice baby one and one-half year old.

"My husband has a heart disease in consequence of a terrible bombardment of the nazi in the railway station. He ought to stay there during the alarm and give direction for the train.

"I am with gratitude,
Strapioyan Muryojawn.

Peace Has Equal Responsibilities To Arms' Victory

CHICAGO—Peace has responsibilities of equal importance with the victory of arms. President Harry S. Truman declared in giving his endorsement to the interfaith observance of National Family Week, May 5-12, throughout the United States and Canada.

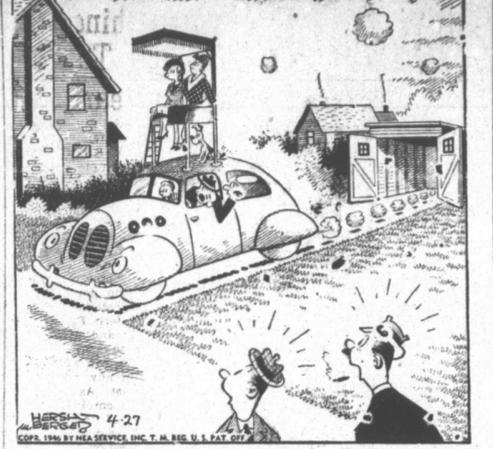

This was expressed in a letter to Dr. T. T. Swearingen, director of adult work and family life of the International Council of Religious Education, and secretary of an interfaith committee planning the observance. Other members of the committee are the Rev. Edgar Schmeidler, Washington, D. C., director of the Family Life Bureau of the National Catholic Welfare Conference, and Rabbi Ahron Opher, New York, assistant to the president of the Synagogue Council of America.

Asserting that the home must be maintained or our democracy will perish, President Truman expressed his belief that the finding of homes is one of the paramount problems facing the returned veterans.

"I have therefore appealed to the churches and synagogues which administered so faithfully to service men and women during hostilities to continue their efforts now that the fighting is over," he said. "Representatives of Catholic, Protestant and Jewish faiths agreed to cooperate in this laudable purpose and a nationwide 'Share the Housing' effort was launched in aid of our veterans.

"I hope this campaign will be given added impetus during the observance by our Jewish brethren and Protestant and Catholic Christians of National Family Week. I can think of no more practical explanation of our faith in that grand old institution, the American home."

ing unit than were living there on the maximum rent date?
 A. The landlord may petition for an increase in rent only if there was:

(1) an increase in the number of occupants over the number provided in the rental agreement on the maximum rent date, and the landlord had a definite practice of fixing different rents for different numbers of occupants, or

(2) there has been an increase in the number of occupants because the tenant has been subletting to more people than he was on the maximum rent date, or

(3) if the present number of occupants is more than would ordinarily live in that type of dwelling.

5. Q. When the tenant moved in there were three people in the family and now they have a baby in addition. Can I collect more rent?
 A. Generally, no.

AMERICAN automobiles are being scrapped at the rate of 150,000 monthly.

CHICAGO GRAIN
 CHICAGO—(AP)—A firm undertone prevailed in the grain market today. Trading was light with most activity provided by professionals. Continued emphasis upon the tight situation in cash grains acted as a buying stimulus.

Corn was again offered by the country in fairly heavy volume.

Deferred rice contracts were unchanged at ceilings. Oats were unchanged to 1/2 higher, July 83, and May eye was 1/2-3/4 higher at 22.27 1/2-3/4.

Q's and A's on Rent Control

1. Q. If on the maximum rent date the occupant was a blood relation, can I increase the rent on a new tenant?
 A. In such a case, if, because of blood relationship, the rent was substantially lower than the rent charged for similar premises on the maximum rent date, you may petition the area rent office for a rent increase.

2. Q. On the maximum rent date my tenant had been with me for a long time on a month-to-month basis. I was satisfied with him and I had not raised his rent. Can I increase the rent on a new tenant?
 A. No, this is not a ground for an increase under the rent regulations.

3. Q. My tenant had an accident and he was in the hospital on the maximum rent date. His wife and two children remained on the premises and I reduced the rent from \$50 to \$35 because I was sorry for them. My tenant has recovered and is able and willing to pay the regular rent of \$50. May I raise his rent?
 A. In such a case you may file a petition in the area rent office for a rent increase, and an increase may be granted if the \$35 rent on the maximum date was lower than comparable rents.

4. Q. Can an increase be granted in the rent if more people are living in the house or other dwell-

Questions on U.N. Charter Answered

Do you have any questions on the United Nations Charter? To help the people of this country better understand the Charter and their responsibilities to world organization, the American Association for the United Nations is answering questions received reflecting the tremendous interest today and always for lasting peace.

Q. When will the United Nations Atomic Energy Commission meet?
 A. This twelve-national commission, composed of the members of the security council and Canada, to discuss all phases of the international control of atomic energy, is still incomplete. Delegates have yet to be named by Brazil, Mexico, and the Soviet Union before the meeting date can be set. Representatives appointed thus far include: Canada—Gen. A. G. L. McNaughton; China—Dr. Quo Tai-chi; Egypt—Dr. Hafez A. Hafez; France—Alexandra Parodi; with F. Joliot-Curie, alternate; Netherlands—Dr. E. N. van Kliefden; Poland—Stefan Plenkowski; United Kingdom—Sir Alexander Cadogan; with Prof. James Chadwick, alternate; United States—Barnard M. Baruch.

Q. What happens to the league of nations buildings in Geneva now that the league is dead?
 A. The United Nations has full ownership of the buildings, property, library and archives, equipment and supplies, bequeathed to it by the league. The U. N. must decide how best to use them.

Q. Who is the head of the International Court of Justice?
 A. Jose Gustavo Guerrero of El

Salvador is president of the court which held its first meeting of the 15 member justices in The Hague on April 26. The court's first job is to draw up rules of procedure.

Q. What was the decision on temporary headquarters for the United Nations?
 A. The Sperry Gyroscope plant at Nassau, Long Island (17 miles from Manhattan) has been chosen for secretariat offices, security council, economic and social council and special commission meetings; and the world's fair grounds at Flushing (7 miles from Manhattan) for the general assembly meetings, with a building to be erected by the City of New York for this purpose; New York City office for some of the secretariat in Rockefeller Centre.

3. Q. My tenant had an accident and he was in the hospital on the maximum rent date. His wife and two children remained on the premises and I reduced the rent from \$50 to \$35 because I was sorry for them. My tenant has recovered and is able and willing to pay the regular rent of \$50. May I raise his rent?
 A. In such a case you may file a petition in the area rent office for a rent increase, and an increase may be granted if the \$35 rent on the maximum date was lower than comparable rents.

4. Q. Can an increase be granted in the rent if more people are living in the house or other dwell-

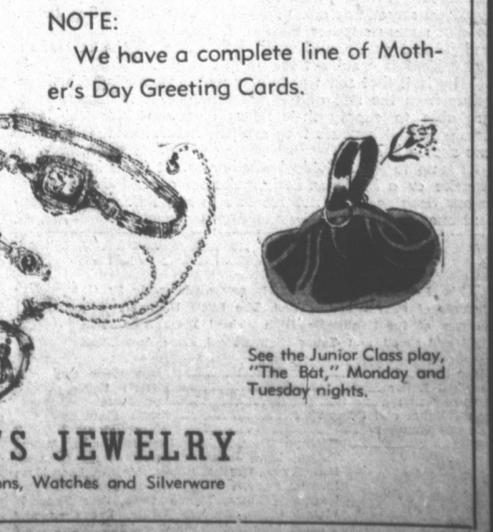

MAY WE SUGGEST THESE LASTING GIFTS

- COMPACTS ● NECKLACES ● RINGS
- WATCHES ● DIAMONDS
- COSTUME JEWELRY
- DINNERWARE ● DIAMONDS
- BROOCHES ● PURSES
- EARRINGS ● FOUNTAIN PENS

NOTE:
 We have a complete line of Mother's Day Greeting Cards.

See the Junior Class play, "The Bat," Monday and Tuesday nights.

WE STORE FURS
 THE MODERN WAY . . .

Women who care for their clothes bring us their furs for cleaning, glazing and storage in modern, scientifically conditioned vaults. Cool air, constantly circulating, not too dry, helps to put new life into your furs as they rest. To extend the life of your fur garments, bring them in, or phone 353—For Storage.

BEHRMAN'S
 "EXCLUSIVE BUT NOT EXPENSIVE"

Anna Reports

By ANNA MERLE COX
The Perryton A Cappella choir, under the direction of Miss Beth Floyd, will present the assembly next Wednesday.

This will be a return visit; since the PHS A Cappella choir sang in Perryton two weeks ago.

Two scholarships are being offered to PHS boys. One of these is to Terrell Military School—a junior college—and the other is to Texas Tech with a scholarship in agriculture. Two names from Pampa are to be submitted to the Military school and one will be selected.

Last minute plans were made by the seniors for the Garisbad Cavern trip Friday in a special class meeting. As the days grow closer the more exciting it gets.

Superintendent Knox Kinard has received a letter from the Central Reviewing Committee of the Commission on Secondary Schools for the Southern Association stating that the Pampa high school's application for renewal of membership in the Southern Association was approved in the recent meeting of the association in Memphis, Tenn.

Prairie Gold, the Pampa high school magazine, will start being printed tomorrow.

NHS Initiates 23 Into Organization

Twenty-three new members were initiated into the National Honor Society in assembly Wednesday.

They were introduced by Beverly Candler, secretary of the society.

White carnations were pinned on the new members by Doris Shackelford, Bernice Brown, president, spoke about education in relation to the aims or standards of the society; and as he mentioned each one a member came forward to light a candle. Elva Jean Anderson lit a candle for scholarship; Quail Nelson, for leadership; Kathryn Rose, character; and Elsie Ruth Graham lit the candle of service.

Mr. F. W. Savage, principal, read the pledge, and the new members repeated it after him. After the flowers were pinned on the initiates, he presented them with their pins.

New members are Lucille Smith, Ramona Matheny, Martha Kelley, Bill Speer, Lyman Osborne, Drusilla Boyd, Frank Stallings, Alberta Williams, Harold Anderson, Bill Bain, Jeanne Corfiers, Tommy McLaughlin, Jean Pratt, Lois Yoder, Betty Coffey, Nadeen Edgerton, Joy Hutchens, Erma Lee Kennedy, Emory Menefer, Gorda Bell Miller, Bill Nellis, Mildred Overstreet and Joyce Pratt.

The girls trio, Libby Sturgeon, Sybil Pierson and Beverly Candler, sang "Deep in a Dream" and Libby sang "I Didn't Mean A Word I Said."

Senior Invitations and Cards Arrive Tuesday

Lines in front of the Co-op last Tuesday were made up of seniors waiting for their long anticipated invitations and cards.

The invitations are white with raised letters. The design on the front is the same as that on their rings.

Those wanting them ordered green leather folders which had the same design, for their invitations.

A keepsake was given everyone with their order—a blue folder to present to their parents.

Boy Cheerleaders?

Why not have boy cheerleaders? Other schools have their leaders divided equally—three boys and three girls.

PHS, so far as most of us can remember, has never had boys on its squad.

It's about time a new pattern was introduced in cheerleaders.

For one thing, boys have much stronger voices; and for another, quite a few boys in the stands would yell more readily if boys were leading.

Our present cheerleaders have done a great job, and PHS appreciates it, but the popular opinion is that we elect boys on the cheerleader squad, also.

Favorite or Hinderer?

Each of the four classes in Senior High has its class favorites as well as its class hinderers. Are you a favorite or a hinderer?

Perhaps you are just between, not caring whether your home room is having their social next week or next year. Perhaps you sometimes ask yourself, "Why is that Sue Brown so much more popular than I? I keep up with all the best and juiciest gossip and wear clothes like all the rest of the kids." That is a subject for much thought.

Why is it that some people are able to distinguish themselves from the rest of their classmates: is it because they are able to supply their fellow classmen with the latest gossip or is it because they are just natural and friendly as one should be?

It is up to the individual whether or not he is known as a favorite or a hinderer. Let's make up our minds and stick to our decision. It is not too late to make this year a pleasant one for all.

5 PHS Students To Attend State Meet

Choral Festival Is An All-School Musical Event

The annual choral festival presented Friday evening in the Junior high school auditorium by the Music department of the Pampa schools was a forerunner for the National Music week which begins tomorrow.

Miss Mildred Martin and Mr. and Mrs. Schelhaugen, parents of Miss LaNelle Scheihagen, chairman of the Music department of Pampa, were special guests.

Conductors for the event with their respective schools were Mrs. Claudie Gallman, B. M. Baker; Miss Elizabeth Sewell, Horace Mann; Mrs. Roy Sullivan, Sam Houston; Miss Hart Anderson, Woodrow Wilson; Mrs. Ted Sloneck, Junior High; Miss Eloise Lane, Junior High; Miss Meribelle Hazard, Junior High; and Miss LaNelle Scheihagen, High school.

Group numbers included: National Anthem; Dedication, Franz; Comin' Thru the Rye, Scotch Air; Too-Ra-Loo-Ra-Loo-Ral, Shannon-Trinkaus; God Bless Our Land, Kountz; Recessional, De Koven; and America the Beautiful, Ward.

The elementary group numbers were: Have You Ever Been To Texas in the Spring, Lake; Venice, Italian folk tune; Wait for the Wagon, American folk tune; and Marching Song for a United Nation, Russian folk tune.

Tambourine Dance, Brahms, by the Woodrow Wilson School; Old King Cole, Forsyth, by Sam Houston; O Little Swiss Lad, Johnson, by Horace Mann; and Lilac Tree, Garlan, by B. M. Baker were the individual numbers for the four ward schools.

The mixed Junior High choruses chose: Drifting, Strickland; Sooty a Serenade, Bliss; and Alleluia, German Melody, as their songs. Pilgrims Chorus, Wagner, for the Seventh Grade chorus; On the Road to Mandalay, Sparks, by the Eighth Grade; and Around the Gypsy Fire, Brahms, by the Sixth Grade were the sectional Junior High songs.

The High School Glee Club gave Danny Boy, Weatherly; and Come Spirits 'Tis His Day, Bach-Lucas for their selections.

Thou Sovereign Over Sea and Land, Gibb; Madame Jeannette, Murray; and Battle Hymn of the Republic, Steffe-Ringwald concluded the individual numbers and were given by the High School A Cappella choir.

Accompanists for the event were Wanda Gordon, Mickey Casada, Mrs. Ted Sloneck, June Guill, Ann Jordan, Miss Elizabeth Sewell, Miss Ruth Poe and Joan Sawyer.

This festival which is given every spring gives the twosome a resume of their work during the year.

Three PHS students and three students will participate in the concert which the Pampa Civic Chorus is to present in the Junior High auditorium May 6.

Mrs. May Foreman Carr is to be in charge of the program, on which there will be a piano ensemble, negro spirituals and religious songs.

Students and teachers participating will be Mr. M. E. Berg, Miss Edith Kral, Mr. Jack Nichols, Billy Hutchinson, Gerald Bedenbender and Martha Kelley. Mr. Berg is to have a solo part.

Elva Jean Anderson and Bill Nellis are often seen talking in the halls. On second thought, this has been going on all year but it doesn't seem to develop further.

The long lasting romance between Dorothy Maddox and Jimmy Crouch has come to an abrupt halt.

Ivan Marlin and Colleen Voyles are going together again. They did not really break up, but just decided to take a short rest.

Herky Lane, ex-student, was home on leave last week. He was seen mostly with Ginger Bassett and Beverly Candler.

Charlie Erickson, Anna Lois Alford and Gene Alford, ex-students, are home once more. Come out to see us some time. We'd love to have you.

Jack Oliphant and Patricia Cook, fish, are still going together. This has lasted longer than most of the PHS romances.

June Sanders is quite the most popular girl every afternoon after school. Yes, it may pay to be nice to Miss Sanders—she can do things for you.

Also visiting in the halls and class rooms last week were Winnie Cox and Colleen Chisholm, who are home from school.

Sue Jordan's popularity is growing more and more each day. She is one of the few who never have to worry about dates.

Eleven students will make the trip to Austin to participate in the inter-collegiate league literary and track and field events which will be held May 2 and 3 at the University of Texas.

Randall Clay, defending state champion of the discus throw, will try again to capture the crown and better his mark of 137'7" which took first last year. Clay has thrown the platter past the state record which is 156'7", several times this year. His best mark so far is 158'11". Clay has pulled a muscle in his leg and will not broad jump, although he qualified in the regional meet. His injury also makes it doubtful as to whether Pampa's relay team will enter the state meet. Coach Coffey said last week.

The other members of the relay team are Leon Gooch, Carl Mayes and Bob Troop. Lonnie Williams is ineligible in the shot put because of his age and Bob Troop is in the same boat, but the boys will make the trip just the same. Coach Coffey said, Bill Speer will also make the journey to Austin in the discus throw, having qualified at the regional meet with a throw of 133'9".

Alvina Miller will go to the state meet to compete in the ready writers contest, having qualified with a first place at regional. Beverly Candler also qualified the right with a third in shorthand but is ineligible because of the new age ruling. Miss Anne Louise Jones is going to accompany Alvina to Austin.

Warren Jones and Don Lane will go to attend the Interscholastic League Press conference that will be held the same time as all the other contests.

Sophs To Have Outing Friday

A baseball game between the boys and girls will be the feature attraction at the sophomore picnic May 3, which will be held at the Saunders ranch.

The girls have challenged the boys to the baseball game and someone the other games will be kicked the can and steal the flag.

Each student is to bring his own lunch and give 15 cents to the home room president for cookies and ice cream.

On the game committee are Miss Nina Owings and Mr. Robert Carter, teachers. Chairman are Alice Jean Robinson and Kelly Anderson. Others on the game committee are A. Z. Griffin and June Myatt.

Richard Scheig is chairman of the transportation committee, and working with him are Jim Wilson, Eliza Burden, Betty Barrett and Bobby McPherson. The teachers on this committee are Mrs. J. B. Austin and Mrs. E. L. Norman.

On the refreshment committee are Richard Hughes, chairman, Ida Ruth Taylor and Nickl Fraser. Teachers are Mrs. Lulu Owens and Miss Mary Winston.

Margie Dixon is chairman of the advertising committee and under her are Carol Culberson, Leon Eaves, Julia Daves and Bernese Bondi. Teachers are Mrs. E. R. Miller and Miss Ruth Stephenson.

The students will leave immediately after school Friday, May 3, in private cars with either a parent or teacher sponsoring each.

New Members Suffer Under Hi-Y Initiation

Five sick and sore initiates of the Pampa Chapter of Hi-Y were officially taken into the club Thursday night after a short hazing by other members. The new members are Charles Lockhart, Bobby Hutchin, Mike Allaway, Louis Stallings and Dan Stallings.

Jim Wilson and Donna Jo Nennstiel have decided to call it quits. It could be that this will not last long.

Noroy Troop has been walking Loretta Wilkerson to all her classes this last week.

The seniors have been very busy exchanging their cards this last week. This will continue from now until the end of the year. Our annuals will soon be here and then one will never get to class on time.

Burke Morley was here for a very brief time last week-end. Pat O'Rourke was very happy about it and raved on and on about it all week.

Guineite Killingsworth is one of the outstanding girls in PHS. She is cute and, incidentally, she is on the loose to the best of Sage's knowledge.

There has been quite a mix-up in the Georgi Anna Grogan, Don Rowe affair. What can this lead to?

Has Wayne Johnston lost all interest in his girl? This seems very evident, but, think twice, Wayne, for this may not be a good idea after all.

LaJoye Duff, freshman, is wearing an identification bracelet belonging to a Jerry Chitwood of Boner. Several other PHS girls have interests there.

Well, that seems to be about all the dirt we could rake up this week. The next issue of Sage will appear in the senior edition of the Little Harvester.

700 Girls Attend FHA Area I Meet Here Yesterday

Approximately 700 students attended the FHA Area I meeting held in the Pampa high school auditorium yesterday. They were representatives from school in the 26 eligible counties.

The meeting was divided into three definite groups. The morning session, from 10 a.m. to 12 noon, the afternoon session, from 1 p.m. to 3 p.m., and the noon hour, from 12 to 1 p.m.

Selections by the A Cappella choir opened the morning session. The invocation which followed was presented by Dr. Douglas Nelson, pastor of the First Presbyterian church, Superintendent Knox Kinard gave the welcome address, with Donna Bell, next year's Area I president, from Chillicothe, responding. Roll call, of the 58 eligible towns, came next, with Naneen Campbell, local secretary, at the roll book.

Miss Armstrong introduced the year's officers and next year's officers. A report of the recent state council at Austin was given by Alice Ruth Crocker, present area president. A Lakeview quartet and a reading from a Dimmitt student followed. During the morning session, Lucille Smith, Pampa vice president, announced the members.

Dinner was then served in the cafeteria and a tour of the building followed.

A group singing, with Miss Elizabeth Sewell directing and Miss Hart Anderson accompanying, followed the noon interval. Some of the selections were "Onezy Twozy," "Sioux City Sue," and "Old Grandfather's Clock." The Pampa Chapter presented a play entitled "Mary Lou Saves a Date," and a tap dance by Reba and Norma Killian. A style show consisting of all the schools followed.

Barbara Stephens at her marimba and Barbara Walters as accompanist played during the review, with Lucille Smith announcing. A sextet from Phillips and a skit from Dumas followed. At 2:30 Estelle presented a vocal solo and Amarillo a skit. Announcements were made by Erma Lee Kennedy, Pampa president, who presided over the entire meeting.

Leslie Hart and Miss Edith Kral were the sponsors in charge of the area meeting.

Reception Given for Seniors by Church

Approximately 85 people were present at a reception given for the seniors of the Francis Avenue Church of Christ Thursday night in the home of Mrs. Charlie Thut, 1105 Mary Ellen.

The girls' teachers, friends and parents were invited, and cake and punch were served.

Seniors of the church are Dorothy McDaniels, Dorothy Maddox, Mary Jean Meador, Guineite Killingsworth, Joy Hutchens, Nadine Kelly, Anna Merle Cox, Elizabeth Parnell and Elizabeth Lafferty.

Teachers of the Young People's class are Mrs. Luther G. Roberts and Miss Donna Purley.

The reception was given by the women of the church.

Students To Start Enrolling For 1946-47 School Year Tuesday

For the first time in the history of Pampa High, students will enroll for the following year during the spring term. Mr. F. W. Savage, principal, revealed last week. The faculty will approve and revise the plan before its final release.

Tuesday at 1:40 p.m. students will meet in their home rooms, and freshmen, sophomores and juniors will receive their red credit books to find out what subjects they have completed and what they need for graduation.

Profile charts will be issued and students will check off subjects which they have finished and turn the chart in to their home room teachers. After filling these charts out, the student will know his scholastic standing.

The next Tuesday, May 7, home rooms will meet again and students will get their profile charts back to be corrected, if necessary. Teacher-subject sheets will be handed

out. These include lists of subjects with the names of the teachers who will teach the next year.

Students will then fill out enrollment sheets, on which they will put their names, addresses and telephone numbers. They will then fill out names of classes they wish to enter with first, second and third choices of teachers. Students also have three choices as to home room teachers.

After these blanks have been filled out, they will be taken home, signed and approved by the student's parents. The blanks will be brought back the next morning, stamped and numbered in the order of their receipt. Those with the lowest numbers will naturally have first choices on all classes and their home room number.

After collection, the blanks will be filed in numerical order. During the summer months they will

be arranged and approved and the student's schedule worked out.

Next fall students will come to a desk in the lobby and receive a duplicate of their approved schedule. No changes will be allowed except in special cases.

Students who are on the borderline of failure in a subject will be given the student.

Mr. Tom Herod, counselor, is conducting an orientation course for eighth graders at the junior high school, who will enroll as do the other students. They are also being instructed from the high school hand book and given other necessary information.

Some miscellaneous rules follow: No student may take five solid credit subjects who did not make an average of 85 or higher the preceding semester.

GWEN WESTON

BILLIE DON CROWSON

Twenty-Nine Girls Take Jobs in Town As Part of Shorthand Course

The twenty-nine girls taking shorthand are working downtown for various business men to acquire practical experience. Most of the girls began work April 23 and their jobs will last until May 2. At the end of this period, the person for whom they are working will give a report to Miss Lee Sullivan, instructor.

Elva Jean Anderson is working for Mr. Knox Kinard, superintendent of schools; Evelyn Black for the Citizen's Bank and Trust Company; Betty Jane Boynton and Peggy Kelly are working at the Boynton Machine Shop; Betty Bruner is working for Dr. W. W. Mann; Beverly Candler is at Behrman's; and Joyce Gloud is working at the Goodrich store.

Helen Cornelison is placed at the D. and C. Trucking Construction; Geneva Covalt is working for Mr. E. E. Ehridge; La Verne Dykes is at the Chamber of Commerce; and Norma Dee Mall is working for Mr. H. R. Thompson at Paris and Supplies. Working for Miss Donna Purley at the Plains Motor Co. is Elizabeth Lafferty; Bobbie McClendon is working for Mr. E. L. Henderson at the National Farm Loan Association; Gorda Bell Miller and Margaret Wilson for Dr. Douglas Carver at the First Baptist church; Pat Miller for Mr. William L. Fraser at the Nchi Bottling Co.; Quibel Nelson for Miss Dorothy Hoyle; Elizabeth Parnell for Mr. Curtis Douglas, attorney at law; and Joyce Rhoden is working at the Retail Credit association.

Doris Shackelford is located at the Business Mens Assurance Co. for Mr. J. R. Martin; Elizabeth Sturgeon is at KPDM for Mr. Ken Bennett; Mickey Swearingen for Rev. B. A. Norris at the First Christian church; Jean Talley in the high school for Mrs. Robert Colleen Voyles for Mr. H. M. McEee at the Pampa News; and Delores Watson for A. A. Shuneman at the First National Bank.

Margorie Wilson is working for Roy McMillen, business manager of the public schools; Betty Dillman for Mrs. Faye Davis in the book-store; Joyce Moiden for the Rev. R. G. West at the Church of the Brethren; and Harriet Kribbs is working for Miss Sullivan.

Flowers Very Popular After Easter Holidays

Have you ever noticed that after Easter, junior-senior banquets and various other occasions, girls come to school wearing corsages and flowers in their hair?

All of the National Honor Society members and some of the teachers were wearing carnations Wednesday. The old members of NHS were wearing red carnations and the new members white ones.

Ginger Bassett was certainly the envy of all the girls Tuesday when she wore a beautiful orchid she had received from Forrest, Vaughan. Also wearing orchids were Bette Brown and Joan Kelly.

Tiny Hobart, Betty Walls and Guin Killingsworth wore pink carnations. Alene O'Rear had pink and white carnations; Anna Merle Cox, red carnations; and Donna Jo Nennstiel, white ones.

Maxine Payne received carnations from Randall Newton, who is now in New York. Others receiving flowers were Neida Davis, who had gardenias and Frances Gilbert who had a corsage of roses.

Play Will Appear Monday, Tuesday

After being postponed twice, "The Eat," junior play, will be presented tomorrow and Tuesday nights at 8 p.m. in the Junior High auditorium.

Gwen Weston, Billie Don Crowson and Bill Speer carry the leads. Others in the play are Patsy Pierson, Floyd Brandt, Harold Anderson, Lawrence Baines, Tom Darby, Bob Love and Calvin McAdams.

The play is a mystery drama based upon Moby Dick, Rimelhart's "Circular Staircase," and the cast guarantees "chills and thrills."

Miss Ruth Stapleton, director, has requested that all students give support to the production, since it was postponed earlier because of illness in the cast.

Editors Chosen for 46-47 Publications

Everly Baker, Don Lane and Warren Jones have been chosen as the editors of the publications of PHS for next year by Miss Claris Glick, sponsor.

Beverly and Don will be co-editors of the Little Harvester. Don, who has been working on the paper for two years, has been the feature editor this year. Beverly, who has worked on the staff for the last two years.

Warren, who is to be editor of the Harvester, was sports editor on the annual this year, his second year on the staff. Jean Pratt has been chosen as the associate editor for next year and Edith Morrow, business manager. Because of the high scholastic records, Jean and Edith were chosen from the group of students who submitted their names for the staff of the annual.

Award Assembly To Be Held May 7

The 1946 award assembly will be held Tuesday, May 7. Several new awards have been added to the previous list presented by the faculty.

New awards are scholarship, best all-round student, best citizen, activities, leadership, student council, athletic award (both boy and girl), music, dramatics, journalism, science, commercial training, English and public speaking. Students of all classes are eligible for the above awards.

Other awards are those of the best citizens of the senior class (both boy and girl), which will be presented by the student council.

Coach Otis Coffey will also announce his letterman from the 1945-46 football, basketball and track teams.

All-School Prom To Be 'Dance of the Year'

The all-school prom, which is sponsored each year by the student council, will be held May 10 in the Junior High gymnasium.

Dancing will start at 9 p.m. to the music of Dick McCune and his orchestra. Eloise Wyatt, head of the social committee, promises a gala affair with decorations, a floor show and prizes. The script has been set at \$1.10 a couple.

Newly elected student body officers for 1946-47 of Lubbock high school will visit in PHS tomorrow afternoon.

The last student council meeting of the year will be held with the Lubbock students are here. Eloise Wyatt, secretary, and Margaret McCracken, historian, will review the council's activities for the year during this meeting.

Play Will Appear Monday, Tuesday

After being postponed twice, "The Eat," junior play, will be presented tomorrow and Tuesday nights at 8 p.m. in the Junior High auditorium.

Gwen Weston, Billie Don Crowson and Bill Speer carry the leads. Others in the play are Patsy Pierson, Floyd Brandt, Harold Anderson, Lawrence Baines, Tom Darby, Bob Love and Calvin McAdams.

The play is a mystery drama based upon Moby Dick, Rimelhart's "Circular Staircase," and the cast guarantees "chills and thrills."

Miss Ruth Stapleton, director, has requested that all students give support to the production, since it was postponed earlier because of illness in the cast.

Carlsbad Trip to Start Friday Morning at 7:30

The long-awaited senior trip is at last taking form. The 123 seniors planning to go are looking forward to Friday, the day they are to leave for Carlsbad, even though they are to leave at the unearthly hour of 7:30 a.m. This early hour has been chosen so that their destination will be reached in the earlier part of the afternoon.

Mexican Army Reduces Number of 'Wetbacks'

REYNOSA, Mexico — (AP) — The Mexican army's new patrol along the border has considerably reduced the number of "wetbacks," persons who cross the Rio Grande illegally, Mexican border officials estimated today; but the United States border patrol still is sending an average of 150 Mexicans daily back across the river. The Mexican army patrol mainly

is covering known and suspected "wetback" crossings in the Reynosa section.

Rayburn To Speak At Bridge Opening

BOHNAM — (AP) — Sam Rayburn, speaker of the house, was scheduled to be principal speaker at the official opening of the Sowell's Bluff bridge near here today. Ceremonies were scheduled for 3 p.m. George Pendleton, Durant, Okla., will represent Gov. Robert Kerr of Oklahoma at the ceremonies.

Snuff-Dipping Jerry Sadler May Campaign Without Music

By DAVE CHEAVENS Associated Press Staff

One thing can be said for certain about this summer's political campaign. It will have lots of color, because Gerald Anthony (Jerry) Sadler will be running for governor.

JERRY SADLER

Snuff-dipping, plain-talking Jerry Sadler was the real originator of the Hill Billy band technique in Texas politics. Although W. Lee O'Daniel is generally credited with the innovation. He was already out on the road with his band back in 1938 before O'Daniel with his strummers and crooners and pretty girls really got into the governor's race. Sadler was running for railroad commissioner, and he was elected. Sadler says he doesn't know yet whether he will campaign with music in the governor's race this year. He tried it when he ran for governor against O'Daniel and others in 1940, and placed fifth in the first primary.

Earl H. Collins also tried it in 1942 against Coke Stevenson, and took a sound whipping. But whether or not he uses music, there will be color. It would not be a Sadler race without it.

You could not reasonably anticipate anything else from Sadler, who as railroad commissioner one day came to work at the capital before dawn, carrying a kerosene lantern to light the way. Or from a man who was once reliably quoted as saying: "Smoke is the ghost of tobacco; chewing tobacco is the body, but snuff is the soul."

He said this to Associated Press Correspondent Clyde Farnsworth while he was serving as an army transportation officer in Iran during the war. Sadler went into the army as a buck private, enlisting at Fort Sam Houston on May 2, 1942, while he was still serving as railroad commissioner. As railroad commissioner, he had a selective service deferment if he wanted to claim it.

Sadler was given what he described as a "quicker promotion" to second lieutenant on May 2 of the same year, and came out of the war a lieutenant colonel. His nine-point platform has five planks dealing with the problems of war veterans and he is making a candid bid for the soldier vote.

Backers of other candidates already in the race or those still thinking about running are frankly concerned about the matter of the soldier vote. They do not have an answer to the question of whether or not the ex-servicemen and women will vote in a bloc. Sadler is a master of salty phrase-

ology. He says he can't speak any language but the language of the common people. He is a lawyer and he can also speak lawyer's language.

This is consistent with his background. Once a farm hand, he worked also as a bellhop and an oil field roughneck, and earned his way through two years of higher education at Sam Houston State Teachers college by operating a cleaning and pressing shop. His campaign speeches in 1938 were characterized by such statements as these:

"A man who doesn't know the difference between a slush fund and a slush pit has no business on the railroad commission."

And at Kilgore, in the closing speech of that successful campaign, he said:

"The gods of war, the apostles of greed, and the minions of monopoly will shed salty tears and wring their lily-white hands if the people of Texas put Sadler in the saddle without a run-off."

Sadler, short and stocky and apparently unchanged in personality after his war service, wants to get back in the saddle.

Rules for Filing Certificates Set

Many certificates of transfer on the sale of new cars are being filed incorrectly, Ray McKernan, general chairman of the local price control board, stated today.

According to MPR 594, all dealers of new cars are required to file a certificate of transfer, with the boards not later than five days from the date of sale. According to the regulation, the certificate must be complete in all respects, including pricing order number, make of automobile, series, year model, body type, model, serial number, motor number, complete name and address of both buyer and seller, date of sale, trade-in information and prices of extra, special and optional equipment.

Only those items of such equipment which appear in the pricing order may be entered on the certificate, it was explained. The charge made for gasoline, oil and antifreeze must be specified as to amount and price of each, instead of a flatrate for the three. Any charges for extras, such as tire, tubes, etc., must be invoiced on a separate sales slip and attached to the certificate of transfer.

Political Calendar

The Pampa News has been authorized to present the names of the following citizens as candidates for office, subject to the action of the Democratic voters, at their primary election Saturday, July 27.

- For District Judge: WALTER ROGERS, LEWIS M. GOODRICH
- For District Attorney: TOM BRALY
- For County Clerk: CHARLIE THUT
- For County Judge: SHERMAN WHITE
- For County Commissioner—Precinct 3: JAMES HOPKINS, RAY G. BURGER, EARL JOHNSON
- Precinct 1: JOE CLARKE, C. H. "Teed" BIGHAM
- Precinct 2: WADE THOMASSON, BERTIE M. VAUGHT, FRANK SLOCOTT, LEWIS COX
- For County Attorney: B. S. VIA
- For County Tax Assessor and Collector: F. E. LEECH
- For Sheriff: G. H. KYLE, R. H. "Rufe" JORDAN, JAMES BARRETT, JESS HATCHER
- For District Clerk: DEE PATTERSON
- For Constable, Precinct 2: EARL LEWIS
- For Constable, Precinct 1: C. S. CLENDENNEN
- For County Treasurer: OLA GREGORY
- For Justice of the Peace, Precinct 1: E. A. VANCE

One P. W. At Large After Jail Break

JACKSON, Miss.—(AP)—One escaped German prisoner of war is back behind bars today but another was still at large. J. H. Lopez, head of the FBI in Jackson, said Sergeant Max Schweter of the German marines, Texas, April 4. The federal agent said, however, that Corporal Franz Galsch, who escaped with Schweter, has not been taken into custody.

Design Engineers To Finance Small Plane Companies

WASHINGTON.—Before the year ends, major aircraft companies will lose many good design engineers who will finance small manufacturing companies and begin production of high-performance small planes which may be sold, ultimately, for \$1,000 or less, Aviation News forecasts.

"The company set up in Burbank by John Thorp, Lockheed Little Dipper designer to produce the Sky Skooter is a momentary example.

"Structural precedents set in the design of the Little Dipper may have influenced to a degree the drastic simplification program already begun, and widely publicized by Republic Aviation to reduce the parts of its Seabee amphibian.

"Should this presently indicated trend gain strength, these will be developments for which one should watch:

"Die formed metal fuselage shells which will be spot-welded to a minimum number of stiffening bulkheads; die-worked pre-formed wing skins of high inherent strength (through bonding or other techniques) which will be glove-slipped over simple main spars carrying few or no ribs and secured by spot welding; use wherever possible of low-cost mass-produced common industrial parts in place of high-cost low-volume specialty aircraft parts; and, the invasion of the instrument field by manufacturers who will initiate new low costs in aiming at large volume production.

"There will be an intense sifting of old aviation patents and structural designs by new and still-small builders, in their search for ideas which might be revived and used effectively in their planes."

The first sewing machine was patented in 1864.

Clashes in Indo-China, Reported by Traveler

SINGAPORE.—(AP)—A traveler returning from Indo-China said today that armed clashes had occurred near Saigon recently between French troops and Annamites and that conferences had been suspended in Dalat between French officials and representatives of the Viet Nam government.

He said that the streets of Saigon rattled nightly with rifle and machine-gunned fire, and that a number of French troops were killed earlier this week 90 kilometers from Saigon.

Work Almost Stops Because of Dispute

HOUSTON.—(AP)—Work was almost completely stopped today on the \$15,000,000 expansion program at the Dow Chemical company at Freeport because of a jurisdictional dispute.

A. P. Beitel, Dow manager, said the iron workers union threw up picket lines Wednesday after a decision from American Federation of Labor headquarters that certain types of work should go to the pipe fitters union.

There are approximately 9,000,000 delinquent and needy children in the United States.
