Shortages Make Diplomats of Us All

By RUTH MILLETT
NEA Staff Writer

Shortages have done more to make us a nation of diplomats than did the one-time best-seller "How to Win Friends and Influence People."

Today we're really using the old personal approach. We start in to soften up the butcher by inquiring about his sinus trouble—better, we trust—and then listen sympathetically while he rouses OPA. Ten minutes later we apologetically bring the conversation around to the pound of bacon we are hoping to be able to bring home.

We handle the car dealer with the same kid gloves, giving him lavish assurances that we know he is doing the best he can, etc.

The girl at the stocking or shirt counter gets our friendliest smile and our politest "Thank you" when she turns us down.

We cajole the carpenter when we need a bit of fixing done around the house. We assure him that we know how busy he is and that there is no great rush—but could he pos-

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off unsightly weight and help bring back alluring curves and graceful slenderness. Just get from your druggist, four ounces of Liquid Baracetrone (formerly called Barcol Concentrate). Add enough grapefruit juice to make a pint. Then just take two tablespoonfuls twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

There must be more USED FATS

JUST BEING HELPFUL
We try not to ask the landlord for anything, but if we have to, we make sure we don't voice our need in the tone of a complaint. We look at matters from his point of view. We're just trying to be helpful, to save him from a bigger repair job later on.
We may once have been a nation that liked to swagger and demand service. But that was back in the days when money talked.
Now we have to do the talking ourselves—and we do it in our softest, most persuasive tones.

Without Painful Backache

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with burning and stinging sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

WSCS Circles Have Joint Meet

All circles of WSCS met in the intermediate department for the third quarterly meeting. Mrs. W. R. Campbell, president, presided. "Just Art I Am" was the opening song, followed by prayer by Mrs. W. R. Lane.

Minutes of the previous meeting were read by Mrs. Don Neinstel, secretary. Mrs. Sam R. Cork gave the devotional from the study book on India. Mrs. Knox Kinard presented the fourth chapter of the study book. Mrs. Kinard was assisted by other members in a quiz which concluded the program.

Mrs. Estelle Purvis was a visitor. The oldest fruit known to mankind is the olive.

El Progreso Studies Histories

El Progreso club met with Mrs. Knox Kinard at her home at 1245 Charles St. Mrs. James Todd, president, presided, opening the meeting by reading The Club Collect. Roll call was answered by naming federation goals which were: 1. Improved appreciation of music through taking part in music festivals and contests. 2. Improvement in conditions of state institutions for mental or insane patients. 3. Youth conservation.

Mrs. H. L. Ledrick was in charge of the program and spoke on the first women of the National Federation of Women's clubs, and mentioned the organization of the first woman's club of America in 1867.

Early Texas Federation Women was discussed by Mrs. Kinard and early members of El Progreso were discussed briefly by the present membership.

A refreshment plate was served by the hostess during the social hour.

Varietas Has Autumnal Coffee

A coffee was given in the home of Mrs. C. L. McKinney for the Varietas club with Mrs. Dow King acting as co-hostess. The house was decorated with fall flowers, the centerpiece of the serving table being a bowl of bronze snappers.

Mrs. R. W. brought greetings from the year book committee composed of Mesdames Lane, C. Q. Williams, Lee Harrah, and Dow King. Year books were given the members. The theme of the study this year will be Texas.

"Oomph girl" Ann Sheridan, whose Irish is up. Crossing exhibits A and B in her case against fashion's decree, the Texas-born redhead said her skirts are going to stay where they are—16 inches from the floor.

Accusing the fashion-makers of using old bait—that of outmoding existing styles so that new wardrobes will be required—Ann thinks American women are too smart to bite.

Pennant to Be Awarded To Outstanding Den

The regular monthly meeting of Pack 4 cub scouts will be held Friday night at 7:30 at the First Christian church. G. W. Stowell, cub master, will be in charge.

Each den will present a stunt and exhibit handicrafts made during the summer months.

All parents are especially invited to attend this meeting as the honor pennant will be awarded to the den having the most points on attendance exhibits, awards, and stunts.

SOCIETY Here's Case Against Long Skirts

This is the long...

...and short of it.

Wagging a finger at dictum-makers who threaten to put wearable clothes into discard by declaring that "skirts will be longer this season," Ann says they won't if women won't wear them.

To girls invited to join her camp, Ann makes two more rallying cries: "Who wants a lot of excess cloth spiraling around her legs? To conceal decorative pins with long skirts is like concealing a statue with a tent."

THE GREATEST BAKING POWDER IMPROVEMENT IN 50 YEARS!

Better Baking 3 Ways!

Improved WITH... FOOD CALCIUM

KC BAKING POWDER

- BAKINGS LOOK BETTER!**
THE FOOD CALCIUM in the new KC permits more even distribution of the fine, active ingredients throughout the baking powder. This promotes more uniform action—gives bakings the light, smooth texture and inviting rich appearance everyone enjoys.
- BETTER TASTE!**
New KC assures full flavor of other ingredients—in your baked goods you get no soda taste from KC.
- BETTER FOR YOU, TOO!**
KC makes everything you bake with it a valuable source of FOOD CALCIUM—adding 2 to 5 times more FOOD CALCIUM than the fresh milk used in a baking, depending on the recipe. Thus KC joins milk as a fine source of this vital food element.

Pampa News Stand Gets New Building

When workers started tearing down for the new building where the Pampa News Stand now sits at 114 No. Russell, Mr. and Mrs. Stapleton had a problem. They couldn't quit business for a month or so until the new building went up; and they couldn't move temporarily to a new location in some other part of the city. So Mr. Stapleton "threw together" a temporary building, on the same lot. The Stapletons will move their

news stand, which is quite a business to the reading public, in the new quarters tonight, and the customers will still know where to find it. The building is being constructed by Ivy Duncan.

Docket Set for Gray Court Term

Most of the lawyers having cases to come up in this term of county court were present when the docket was called yesterday morning, County Attorney Bruce Parker announced today.

The civil docket was called first and all civil cases settings were made, Parker said.

Next the criminal docket was called and all criminal cases were set down for the week beginning October 2. It is expected that more than one week will be required to dispose of the cases filed and in that event the remaining criminal cases will be tried during the week beginning October 9, stated Parker.

County Judge Sherman White said that there would be juries for a period of two weeks in order that lawyers would have sufficient time to prepare and present their cases.

Eighty-seven percent of all street railway travel in 1945 was concentrated in cities of more than 250,000 population.

IF STOMACH BALKS DUE TO GAS AND BLOAT

Help Get Food Digested to Relieve Yourself of This Nervous Distress

Do you feel all puffed-up and miserable after every meal, taste sour, bitter food? If so, here is how you may get blessed relief in helping your stomach do the job—it should be doing—in the digestion of its food.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps build sturdy health.

Restaurants

ing also claimed that the poultry and seafood markets would not be able to carry the increased burden sufficiently to meet the demand for the product which will naturally follow the disappearance of meats from the menus of restaurants.

One of the city's smaller midtown cafes will be closed tomorrow because of the lack of grease for preparing of oysters and other seafoods. The manager expressed doubt as to how long he will be able to continue operations.

Another well known manager of the industry said that he will not roll back his prices and if he must close will do so, but could not give any definite answer as to how long he will be able to serve his customers, although he has a small quantity of meat on hand at the present time.

According to reliable authorities here, one butcher has several steers ready for butchering but would be selling at a loss if he slaughtered them now and sold the meat. The informed quarter continued stating that the price of meat has been rolled back by the government, but that nothing has been done about rolling back the price of feed. This is the case at the present time, he said.

Restaurant owners here also received today a request from the Texas Restaurant association to keep their doors open and not to buck OPA at the present time, but if necessary to delete meat from the menus eventually. The communique also added that the restaurant men continue to operate at a loss if at all possible.

Meanwhile an AP dispatch stemming from Washington said that an official of the National Restaurant association told a reporter that restaurant groups all over the country are "getting more up in arms and setting dates for closing if they don't get relief."

The issue now at hand throughout the nation is an OPA order rolling back all meat items to June 30 levels, the dispatch added. The possibility of getting all restaurant items out from under price control

Kinard Discusses Public School System Support

Support of the public school system and its betterments through taxation were explained by Knox Kinard, superintendent of city schools, at the noonday meeting of the Pampa Rotary club held in the Palm room, city hall. Kinard told Rotarians that his was the duty to run the schools upon the instructions from the board of education who were elected by the taxpayers themselves.

Immediately after Kinard's talk Congressman Gene Worley, representative from the 18th congressional district, spoke briefly on the OPA and what congress and senate face when they convene to determine the policies of the nation. At the conclusion of the congressman's talk he answered several questions from the floor.

Prior to the two addresses Dorothy Meers, pupil of the junior high school, and accompanied on the piano by Phoebe Oshin, a fellow student, played a violin solo. The program was in charge of Winston Savage, principal of the Pampa high school. The Rev. Douglas Carver led the group in singing. Rotary president, Irvin Cole, presided at the meeting.

He said the committee should put its entire staff to studying the housing situation — dropping all other investigation if necessary—in an effort to get rid of "red tape" and build actual living quarters.

Ferguson said he had tried to see Housing Expediter Wilson Wyatt to discuss the situation, but that Wyatt was out of the city.

"Wyatt is going around the country telling what he is going to do, but is not getting anything done," Ferguson complained.

ONE HAPPY DAY

SEDALIA, Mo.—(AP)—September 24 is a big day in the Dan Robinson household. It's just one big happy birthday.

The oldest son, Jack Daniel, was born Sept. 24, 1941; Terry Andrew was born Sept. 24, 1944; and the third son, George Michael was born two days ago. All three boys were born in the same hospital and with the same attending physician.

that's what is necessary to get the farmers to send their cattle to market?

There are two ways:
1. OPA can do it if the agriculture department, which is boss over livestock approvals.

2. A fairly long, roundabout way which goes like this:
Representatives of the meat industry—called an industry advisory committee—will have to ask Secretary of Agriculture Clinton F. Anderson to remove meat ceilings.

They haven't done so yet, but are expected to. If they asked him today, he'd have until Oct. 10 or 15 days, in which to do it or not do it. He could act, of course, sooner than 15 days.

If he thought ceilings should come off meat—and provided the decontrol board agreed with him—he could tell OPA to remove the ceilings.

If he turned down the meat people, they could ask him to re-hear their request. He'd have to do this within 10 days.

Then, after this second hearing, he'd have 15 days in which to decide once more whether to remove the ceilings.

If Anderson said "no," the meat people would have 33 days in which to appeal to the decontrol board.

If the board decided Anderson was wrong and the ceilings should be removed, it could order OPA to remove them.

Shade of Sycamore

By PERCY MARKS Author of "The Plastic Age" "A Tree Grown Straight" Etc.

THE STORY: When Gayle tells her friend, Rose Becker, about her engagement to handsome Bruce Bartlett, Rose is able and when of wealth, Rose is horrified. She has Bartlett's name spelled and concealed. She puts these qualities into a sketch she draws of him at his request. Gayle and Bart leave for Germantown, to visit his parents.

IV
SYCAMORE, the Bartlett estate, was not, as Gayle had always supposed it was, in Germantown but well into the country, miles beyond. Indeed, it seemed to her as she and Bart drove through the darkness that it must be completely isolated.

"Are you off entirely by yourselves?" she asked Bart.

"Oh, no." He waved his hand. "There are estates all around here, but most of 'em have lots of ground, and you can't see the houses from the road even in the daytime. We're over a mile back ourselves."

Gayle shrank back in her seat; then, feeling lonely, she moved close to Bart and slipped her arm under his. She was becoming really frightened. From the first she had, naturally, been nervous about the visit, but Mrs. Bartlett's note had been kind. "I am so very anxious," she had written, "to meet the girl Bruce loves, and so is my husband. He is very dear to us, and we expect you to be too." The courage the note had brought her was fading rapidly away.

Details that Bart had let fall in their three years of knowing each other began to collect in her memory. His mother had a maid and a secretary—and a housekeeper. Then there was a butler. She was sure of that. And Mr. Bartlett had a nurse now. There was probably a chauffeur, too. Oh dear, there must be a dozen servants. And Mrs. Bartlett was having a party tomorrow night, a dance. All the girls would probably have dresses

"Oh, no," she cried to herself, panic-stricken; "I can't. I never can. I don't want to."

ALMOST, it seemed, before Bart stopped the car, two men appeared. Both of them said, "Good evening, Mr. Bruce." One went to the baggage compartment and opened it. The other opened the door beside Gayle and held it while she descended.

"Gressie her up, will you, Tom?" Bruce said to the man at the car door. "There's a squeak."

"Tonight, sir?"

"Oh no. I won't want it before ten tomorrow."

"Yes, sir."

Gayle sighed. It didn't seem as if she could walk up the broad steps before her. The door had opened, and she could see the butler waiting. What was she walking into? How had she dared?

Bart took her arm and felt her sway a little.

"Stiff, dear?" he asked.

She laughed nervously. "Stiff with fright. Oh, Bart, this is terrible."

"No, it isn't. Come on. You'll see it isn't in about two minutes. Besides, there's just Mother to meet now. Father has been in bed for hours. Come on, sweetheart."

"I'm coming. Tell the family I faltered but did not flee—and I want lots of music at the funeral."

Laughing, Bruce put his arm around her and ran her up the steps. "Hello, Syms," he said as they passed the butler. "Where's my mother?"

"Right here, Bruce, dear," a rich contralto voice answered. "I've been waiting."

Bart released Gayle, stepped quickly to his mother, put his arm around her, kissed her lips, and then held out his hand.

"Come here, Gayle," he said, his eyes smiling into hers.

Mrs. Bartlett held out both hands. "Come, my dear," she said, "and let me look at you."

Feeling like a drab scullery maid, Gayle approached shyly and placed her hands in Mrs. Bartlett's. If her life had depended on speech at that moment, she could not have produced one word.

Burnett's Shop Will Have New Building Soon

One of the many new, attractive buildings now being constructed in Pampa is the new home of Burnett's Cabinet Shop, which will be located just west of the present shop at 311 East Tyng.

The new building will be large enough to accommodate one of the Panhandle's most complete shops of its kind.

Most local and area lumber dealers have Burnett's products in stock. These include molding, trim, base, windows and door frames, in addition to individual orders.

Also constructed at the shop are truck bodies of all sizes and kinds. These sturdy truck bodies are welded and bolted to suit the individual purchaser. They can be purchased at the Pampa plant or through any truck dealer in the Panhandle.

Stop by Burnett's when you need something in wood.

Mr. and Mrs. A. E. Weitz, who recently purchased the Southern club, which is located on the highway about a quarter mile south of Pampa, announced last week elaborate plans of improvement and expansion on the property side.

THE COURT HOUSE CAFE, 121 W. Kingsmill, not only dispenses a huge amount of coffee but is the meeting place for most of the business men of this area. Also the cafe serves excellent meals and steaks.

EVERYTHING your car needs in gas and oils can be obtained at P. K. one stop at 403 West Foster—oil, gas, washing, greasing, battery service, tires, tubes, etc.—the well-known Skelly products are handled exclusively.

Mechanical Flaws Cause Accidents

Too many words cannot be spoken or written about the importance of safety on the highway—the mounting toll of traffic deaths can testify to that fact many times over.

All accidents, however, are not caused by careless driving. Mechanical defects in a car can sign your death warrant each time you set out on the highway.

A sudden failure of brakes just when good brakes are needed; a faulty axle that may cause your steering mechanism to become suicidal; these and more only add to the toll.

Why drive an unsafe car when one of the Panhandle's most complete automotive repair shops is at your service—the McWilliams Motor company with its two additional divisions—the Pampa Safety Lane and the Dixie Tire company.

Located at the corner of South Cuyler and Brown streets in Pampa, the establishment is equipped with the latest methods to insure the safety of you and your family.

Besides general automotive repairing, the firm has the latest Bear wheel aligning equipment at your service. Wheel aligning not only saves wear on scarce tires, but it is a necessary safety precaution.

Then, too, there is complete brake service for all types of brakes. This unit of your car is perhaps the most important single safety device in the modern automobile, one that should be checked regularly and the slightest fault corrected at once. It is always well to remember that your horn may warn your fellow motorist or a pedestrian that you are approaching but your brakes must do the stopping.

Other services rendered at the shop are frame and axle straightening and truck and passenger car wheel balancing, all done by expert mechanics with the most modern equipment available.

The McWilliams Motor company is also Pampa agency for the beautiful new 1948 Hudsons, one of the finest cars in the medium priced field, and a car that is really worth waiting for. The firm also has a complete Hudson service department.

Also distributed the famous Willlys "Jeep" for all home, farm and industrial use. A new model in the "Jeep" line is the station wagon, powered by the same engine as its famous predecessor and built with an all-steel body in station wagon.

Since then administration emphasis has been on the necessity of keeping controls over food and other scarce items.

Secretary of Agriculture Clinton P. Anderson, who in a radio speech from Albuquerque Tuesday night said he considered present price ceilings high enough to give farmers a fair return on their meat, promised in a statement last night that he will act promptly on any formal petition to remove controls.

Under the price control law, only OPA advisory committees may petition for decontrol—a step now being arranged by Chairman Roscoe L. Haynie of the beef industry committee.

Taking note of McCormack's call for a 60-day suspension of ceilings, Haynie told a reporter such action "would not bring orderly marketing or production."

"The only solution to the present meat shortage," he added, "is complete and permanent decontrol."

On Capitol Hill, Senator O'Daniel (D-Texas), long a bitter foe of OPA,

PAMPA FOOD MARKET

Pictured above is the Pampa Food Market, your Red and White food store, located at 518 South Cuyler street. Pictured from left to right are Jim Green, B. A. Ricketts, Mike Allaway and Mrs. Ricketts. Mr. Ricketts is owner of the store, where you can always buy fine quality famous brands at fair prices. The telephone number is 2189.

Children's School Shoes Repaired at City Shoe Shop, 319 West Foster St.

One of the biggest problems involved with keeping a growing young boy or girl in school is shoes. They're hard on them and shoes are not any too plentiful these days.

However, there is no use throwing away a good pair of shoes when they can still be repaired and the place to take them is the City Shoe Shop, located at 319 West Foster street and owned and operated by G. H. Anderson.

Mr. Anderson can make a pair of shoes for you, or take an old pair into a serviceable pair that your children will be proud to wear.

One of the most modern equipment and the finest leather is used in the repair of shoes at the shop.

The shop is also able to provide customers with shop made cowboy boots on order and also will repair and clean all boots.

Among other services is a complete stock of goods for making leather articles such as belts, billfolds, handbags, watch straps, cigaret case and many other items. These are on display at the shop.

Also in stock is a complete line of shoe polishes, dressings and creams to preserve all types of leather. Keeping shoes well-polished can make them last much longer and look a great deal better.

For the best in shoe repair and all types of leather goods, stop by the City Shoe Shop, 319 West Foster street, across the street from the Rex theatre. The telephone number is 1078.

Agreed with Haynie, telling a reporter: "I don't think controls should be suspended for 60 or 90 days or any other length of time. They should be abolished."

"The only reason these new dealers want them suspended for 60 days is to get by the elections," O'Daniel continued. "I prefer that these new dealers go hungry and get defeated."

Pampa, Henderson Open Post-Season Series Tonight

Guerillas To Open Against Pups Here

Lefors Battles Wheeler Friday

LEFORS—(Special)—With two regulars on the sidelines because of injuries, the Lefors Pirates open their conference football season here Friday, battling the Wheeler Mustangs at eight o'clock on Shaw field.

Missing from the Lefors line-up will be Halback Eugene Cooper and End Joe Ogden. Cooper injured a knee in the White Deer game two weeks ago while Ogden is nursing an injured knee. Both are regulars from last year.

Coach Joe Chapman said Delbert Patterson will probably take Cooper's place while Gerald Fillman is expected to fill in for Ogden at end.

In addition, the Pirates will also be outweighed over 12 pounds to the man. The Pirates line averages only 146 pounds to Wheeler's 158 while Lefors' backfield averages 143 pounds to Wheeler's 157.

Probable Pirate starters will be: C. H. Keeton and Gerald Fillman, ends; Hugh Daniel and W. T. Cole, tackles; Tom Pinks and Jack Cullison, guards; Ferrell Tibbetts, center; Harold Sims and Delbert Patterson, halfbacks; James Gatlin, quarterback, and Wade Stracener, fullbacks.

Starters for Coach W. O. Carrick's Mustangs "I" probably be: Herd and Weeks, ends; B. Robertson and McCormick, tackles; Revus and Waters, guards; Jolly, center; Colliers, Cownie, J. Barr and G. Hubbard, backs.

Friday's game will be Lefors' third game of the season. The Pirates won their opener from White Deer, 12-6, and lost to Canadian, 26-20, last week.

Their next game is a conference affair with Clarendon on October 4 at Lefors.

Rebels Play Second Exhibition Contest

DALLAS—(AP)—Three Dallas Rebel pitchers will be used in an exhibition game tonight at Sherman as the Texas league champions meet an all-star aggregation while marking time for the opening of the Dixie series.

Hank Oana, the league's leading hurler, Tom Pullig and H. K. Perry are scheduled to divide time on the mound.

Proceeds from the game will go into the Dallas club's pennant fund.

'Controversy' Reported Over; Prexy Assailed

By SCOTT RAFFERTY
News Sports Editor

Despite pessimistic reports to the contrary, Pampa and Henderson will open their series in Henderson tonight to determine the Texas Class C baseball champion.

An Associated Press dispatch this morning said arrangements had been concluded between Maurice Hinson, secretary of the Henderson club of the East Texas league, and Milton Price West Texas-New Mexico league prexy to open the series tonight, with or without J. Walter Morris, East Texas head.

Morris announced yesterday that he did not know whether the series would be played or not because six of his umpire staff had refused to work in Henderson because of inadequate police protection.

However, Editor C. H. Egan of the Henderson News said in a telegram to this writer yesterday that "it is felt in Henderson that Morris' statement stems from personal animosity more than from a desire to umpire due to Henderson's opposition to Morris as president and to this city's part in ousting him from the old league before the war.

Not once this season has police protection been required for any game in Henderson.

Radio Station KPDM will carry the broadcast of tonight's game from Henderson, starting at eight o'clock. Arrangements are now being made to try to bring listeners the rest of the games in Henderson.

Umpires and the only disturbances in the park have been a few spectator clashes.

"Morris sought to keep Henderson out of the semi-final series with Greenville by transferring a crucial game to a neutral field (Texarkana) but Henderson called his hand and won the critical game."

Price and Secretary Hinson did not specify which league would provide the umpires for the series opening tonight but Morris told the Associated Press in Shreveport last night that Price was said to have agreed to furnish four umpires.

Morris said yesterday he would not ask his umpires to work the series if they did not want to do so.

He said he would send Hub Northern, scout of the Shreveport Texas league club, to represent him at a meeting in Henderson today to discuss the series with other officials.

Plans were being completed today to give the Pampa and Henderson players a barbecue Friday night at the county club after which they will be guests at a high school football game between Henderson and Palestine.

The teams play there tonight, Saturday night and Sunday, after which they will return to Pampa for all remaining games in the best four out of seven series.

Pampa won the right to play Henderson by beating Amarillo in four of six games and taking Lubbock by the same margin. Henderson defeated Greenville in a seven-game series and Texarkana in a six-game set.

Manager Grover Seitz of the Pampa Oilers will probably choose either Warren Hacker (20-4) or Lefty Jim Carichers (7-1) to go to the hill tonight while Henderson Manager Ray Honeycutt has named Lefty Eiton Davis (26-6) for mound chores.

Call Is Made for Return to Law of Supply and Demand

GALVESTON—(AP)—James Phillips, democratic nominee for the state senate, called last night for "return to the law of supply and demand" and for an early end to government price controls he addressed the annual banquet of the Texas Retail Grocers association, in convention here.

"The sooner controls are off, the sooner the boys who are itching to throw their money away will get rid of it and inflation will die with their bankrolls. Then we can get what we want at decent prices again," Phillips said.

Although promising that fair trade legislation "tailored to the needs of the independent merchant" would receive his support in the next session of the legislature, Phillips warned the retail merchants that the need in their fight with chain stores "is not legislation, but favorable public opinion."

"You've got to get the men and women on the other side of the counter to realize that it's more to their advantage than to yours to patronize the independent dealers," Phillips said.

Canadian Commission Gives Its Thanks

CANARIAN—(Special)—The city commission was host to the people who give the city its fire protection, at a steak fry at the White House Country club Tuesday evening.

Guests were the volunteer firemen and their wives, and the telephone operators.

Canadian's fire department is all volunteer, and the telephone operators and the water and power employees give extra service so willingly in emergencies that the city takes this means of expressing its appreciation to them.

VIGILANTES ORGANIZED FOR TRAFFIC SAFETY
FORT COLLINS, Colo. — (AP) — "Traffic Vigilantes" are being organized here as a secret corps to report traffic-law violations to the Larimer County Traffic Safety council.

Members will be given postcards to report violations they see, and from data on these cards authorities will prepare and mail notices to the offenders calling attention to the infraction and requesting cooperation in law enforcement.

Reds Take 6-0 Tilt From Loop Leaders

By JOE REICHLER
Associated Press Sports Writer

It is doubtful today if any major league baseball manager ever bowed out with more satisfaction than William B. (Wilkinsburg Bill) McKechnie, erstwhile boss of the Cincinnati Reds.

McKechnie managed his last game for the Reds last night. He was "fired" three days ago. His final act as the Reds' boss was to mastermind his hirelings to a 6-0 victory over the St. Louis Cardinals—an act which might cause the Brooklyn Dodgers—a team Bill admits he dislikes—to nose out the club he formerly managed for the National league flag.

The Dodgers, who earlier in the season he had accused of "dirty playing" against his Reds, had lost, 11-9, to the Philadelphia Phillies. A St. Louis victory would just about seal Brooklyn's pennant hopes as it would give the Cards a two-game advantage with only 3 games left.

He nominated Buck Walters, a tough cookie for the Cards, to pitch. Walters pitched one of the finest games of the season to blank the Birds with seven hits. Twice McKechnie signalled for sacrifice and each time it paid off.

The defeat left the Cards still one game ahead of the Dodgers. Brooklyn, showing signs of cracking under the terrific strain of chasing the Cardinals, blew a three-run lead in the ninth when the Phils came up with five runs to win their 11-9 thriller. Altogether the Dodgers used eight pitchers to set a new league record.

Scoring five runs in the first inning, the Boston Braves deadlocked the Cubs for third place by defeating the New York Giants 6-5. The Cubs lost a 16-inning game to Pittsburgh by the same score when Billy Cox singled in Lee Handley.

Bobby Feller managed 10 to boost his season's strikeout total to 37, only six short of Rube Waddell's listed record. However, Feller, once again received poor hitting support from his mates and dropped a 4-1 decision to Joe Haynes and the Chicago White Sox.

Despite Hank Greenberg's 42nd home run, the Detroit Tigers were beaten by the St. Louis Browns, 8-7, as the Browns' Vern Stephens clouted a homer and two singles. Joe Dobson pitched the American league champion Boston Red Sox to their 103rd victory with a five-hit 5-2 win over the New York Yankees.

The Athletics executed a triple play but lost a doubleheader to Washington 6-3 and 7-4.

A-M Athletic Staff Members Quits Job

COLLEGE STATION—(AP)—Jim Thompson, former football star at Texas A. and M., has resigned as assistant business manager of Athletics at the college and has announced that he will return to Brownwood to reenter private business.

Thompson was appointed to the college position last week. He submitted his resignation after he found it would be impossible for him to take an advanced accounting course as planned.

Amarillo Loses Center Mulkey

AMARILLO—(AP)—Donald Mulkey, two-year letterman and regular center on the Amarillo high school squad, has been declared ineligible for further competition, school officials have revealed.

Mulkey has more high school course credits than are necessary to graduate, Coach Howard Lynch said. Lynch said the star center still lacked several required courses, however.

The Sandies earlier this week lost Jimmie Hale, co-captain and left tackle, who received a shoulder injury in last week's Childress game. He is expected to be out of the lineup at least three weeks.

Mustangs Lose Two Football Players

DALLAS—(AP)—Gilbert Johnson of Tyler and Jack Sharp of Dallas, principal candidates for the tailback position vacated by Doak Walker when he was drafted, have been lost to the Southern Methodist university Mustangs because of failure to pass the required number of subjects for Athletic eligibility.

Announcement of the disqualification of the two players was made here yesterday as the Mustangs departed for Philadelphia to open their 1946 football season against Temple university Friday night. Forty players accompanied head coach Matty Bell on the trip.

Dr. E. D. Moulton, chairman of the university's athletic council, reported that both players had failed to meet the scholastic requirements in their last semester of attendance at other schools.

Grid, Cage Films Received at T. U.

AUSTIN—(AP)—New football and basketball films, primarily designed for officials so they can be better prepared to call close plays, have been received by the University of Texas bureau of visual instruction.

They will also be of assistance to coaches.

D. W. McCavick, director of the bureau, said that more than 1,000 schools are using the visual instruction service. Of the 3,500 films in the library, many are used by community groups in the discussion of current events.

Many requests for new films on China and Russia are being received, he said.

Surplus Property Probe Conducted

WASHINGTON—(AP)—Edward W. Dillon told a house committee today that he was ordered by a superior in the war assets administration to authorize the Hallcrafters company of Chicago to allocate surplus war goods.

"I didn't think it was a good arrangement," Dillon said, but he declared he acted on instructions from William L. Foss, then head of the WAA electronics division.

"Foss was my boss and I took orders," Dillon added. He testified before the house committee investigating surplus property disposal.

Foss, now head of a private engineering concern, testified yesterday he has no knowledge of a letter signed by Dillon transferring to Dwight E. Gustafson, an employee of the Hallcrafters company, authority to allocate the large store of electronics material at the demobilized Chicago signal depot.

Committee Chairman Slaughter (D-Mo) commented to Dillon that

"after you signed this letter Gustafson could route the stuff to Hallcrafters or any of his friends, as he saw fit."

While Dillon was testifying, Foss arose in the committee room and requested permission to question him. Slaughter told Foss he could not interrogate a witness but would be permitted to appear again on the witness stand later.

Hallcrafters came into the investigation earlier this week when witnesses testified the firm had sold surplus radio trucks on which no proper authorization had been established, and that a memorandum authorizing the sale mysteriously appeared in war assets administration files weeks after the transaction took place.

Repairman Finishes Job of Burglars

H. A. Jackson, local electric repairman, finished last night what burglars started Saturday night—but he had the permission.

When thieves ransacked a juke box, taking its cash, they turned to the safe at the Friendly Cafe and Jewelry Store, at Texola. Just over the Oklahoma line. They broke the knob of the safe, and then left.

"It's a good thing they didn't break in," says Jackson. "It had a tear gas bomb in it!"

Art of Sliding From Stardom to Oblivion Is Described by Actress

By BOB THOMAS
HOLLYWOOD—(AP)—Attention, movie stars: Are you tired of ermine-lined swimming pools, of counting thousand-dollar bills far into the night? Then listen to Bonita Granville.
 The art of sliding from stardom to oblivion is herein described by Bonita, who, despite her youth, has done a good job of staying around these many years. Here's the fastest route to nonentity:
 1. Tell everyone who will listen that you can act rings around Clark Gable or Bette Davis.
 2. No matter how much money you're making, ask for more.
 3. Don't hesitate to criticize all the big stars and directors.
 4. Be as difficult as possible with the cameramen and make-up man.
 5. Tear up all fan mail unopened

and give the brushola to autograph seekers.
 6. Always tell your director how a scene should be played.
 7. Date as many people as possible, married or unmarried, and show up at all the night spots.
 8. Play gin rummy with your bosses and forget to pay your losses.
 9. Pick a fight with Errol Flynn.
 10. Shut the press and press agents. You'll get so mysterious people will forget about you.
 There's no extra charge for this special service, customers. See you on skid row.
 Polly Rose, Billy's sister, and Warners producer Alex Gottlieb wed Sept. 25th—Frank Sinatra is showing everybody his new cuff links, gift from his wife. They are ivory cameos of his two children.
 With so many westerns in production, Indians are on the scarcity list. The "last of the redmen" call sheet lists authentic Indians as well as such names as Kelly, Olson and Levine.

Leaves From a Correspondent's Life Notebook

By TOM REEDY
FRANKFURT, Germany—(AP)—The French supply officer tossed off his glass of Rhine wine, looked out the window and mused:
 "Yes, the French WACs — as you would call them — are abolished. We do not have a WAC corps, as such, any more. Would your WAC corps, for instance, be interested in a couple of dozen thousand of rose-colored brassiers?"
 No, we said, the WAC supply officers probably would not be interested at all, on account of all the channels the army has to go through to buy things, get signatures and vouchers, distribute them, balance quartermaster books and all that.
 "That's too bad," the French officer said. "This, I think, is a good buy." He shook his head in sad recollection of what obviously was a major problem and mused aloud some more.
 It seems that the French WACs, numbering 2,000 or so in occupied Germany, had decided that they should be issued blue brassiers as standard equipment and somebody at Baden, French headquarters, has issued an order to that effect.
 The requisition order was placed with a male quartermaster officer. The color made no difference to him, and he sent the order on to Marseille.
 At Marseille, another quartermaster officer got to pondering about blue brassiers. They're nuts up there in Baden, Baden, he decided, and put an order in for rose-colored brassiers, thousands of them. The order went through routine channels to a factory at Lyon.
 At Lyon, the factory went to work turning out thousands of rose-colored brassiers.
 In Paris, the assembly went to work abolishing the French WACs. Now, said the French officer:
 The quartermaster at Marseille has to explain why in the name of a name he ordered several dozen thousand rose-colored brassiers.
 The quartermaster at Baden Baden can, and does, say, "keep me out of it, because I said blue ones."
 The factory at Lyons wants to know who is going to pay for the order, and when.
