Missing Airmen May Be Alive

NANKING—(AP)—Ambassador J. Leighton Stuart said today there was reason to believe some long-missing American B-29 fliers may still be living—as slaves in savage Lolo land, near the setting of mythical Shangri-La.

American military authorities have been given all available reports from sources which Ambassador Stuart termed reliable. But officers said that a rescue expedition to this unexplored West China region, one of the wildest mountain areas on earth, would be a formidable undertaking. Even an investigation would involve tremendous difficulties.

As yet, there is no official word on what steps may be taken.

One report of the survival of the Americans, missing since plane crashes in 1944 along the India-

China ferry route, came from Dr. David Graham, of West China Union university at Chengtu, Chengtu, in Szechwan province, west an early B-29 base.

Captives reportedly were tending herds, gathering firewood, and performing the most menial tasks for the primitive Lolo tribesmen in a virtually inaccessible section southwest of Chengtu. The area, spotted with peaks ranging up to 18,000 feet altitude, is near the borders of Burma, Assam, and Tibet.

China's government has not penetrated to Lolo land, and Chinese dare not enter. The tribesmen, reported by some sources to number in the millions, retain their own language and primitive customs. They are believed of Caucasian rather than Chinese blood.

The only outsiders known to have traveled the remote mountains in safety are a few scattered missionaries and a handful of roving opium traders.

Ambassador Stuart said he believed some missing Americans might have fallen into the hands of such traders and been sold by them into slavery.

The Lolo, although they live in savage poverty in unfurnished mud and stone huts, have a rigid caste system. There are feudal lords, middle-class herdsmen and craftsmen, serfs, and—at the bottom of the scale—slaves.

As slaves, any American captive probably would have to be bought back from the tribes if rescue should be attempted, officers here are convinced.

★ THOUGHTS

The righteous shall flourish like the palm tree; he shall grow like a cedar in Lebanon.—Psalm 92:12

Courage, brothers, do not stumble. Though your path be dark as night, There's a star to guide the humble. Trust in God and do the Right.—Norman MacLeod.

State Board of Control Chairman Killed in Wreck

AUSTIN—(AP)—Caupitl fliers were at fault today in a crash which killed the state board of control chairman, W. W. Baker, 32, chairman of the state board of control who was killed in an automobile accident near here yesterday.

The station wagon Baker was driving overturned and crashed into a guard post when it failed to make a sharp curve on the Burnet highway about seven miles north of Austin. Highway patrolmen who investigated the accident said Baker apparently was killed instantly, or died very soon after the accident of a crushed chest.

W. W. Baker, chairman of the state board of control, was killed in an automobile accident near here yesterday.

Since Baker was chairman of the board of control which not only is the state's budget-making and business agency, but which manages the huge system of eleemosynary institutions for wards of the state.

Under his direction the board has recently acquired several large surplus war properties for enlargement of the eleemosynary system, and he had announced his ambition—renoval of the insane prisoners from county jails.

Baker was a close personal friend and former law partner of Governor Coke R. Stevenson, who named him to the board. Stevenson returned to Austin from his Killebuck county ranch yesterday when he learned of Baker's death.

Stevenson praised Baker as a hard-working, able and conscientious public servant.

"When I appointed him I knew he could handle that difficult job and his performance has demonstrated that fact," Stevenson told newsmen at his press conference.

"He always got on the job early and stayed late, and that is why he was personally familiar with the problems of the institutions under the board's direction, and with the lifeneeds of thousands of the persons in those institutions."

Baker's family, incomplete, pending the arrival of relatives. Baker is survived by his widow and two daughters, Marilyn, 19, and Beverly, 23; his parents, Mr. and Mrs. Thomas Baker of Junction; a son, Thomas Baker, Jr., of Junction.

LLOYD RICHMOND, 46, World War I veteran, hospitalized at Wadsworth, Kans., veterans hospital with a piece of shrapnel 1-1/2th of an inch from his heart, who started action contesting will of his father, late Dr. Thomas Richmond, of Kansas City, Kans. Richmond and his three children were cut off of his near-million dollar will with a bequest of \$1 each.

Rescuers Begin Hike to Crash of U.S. Navy Plane

MEXICO CITY—(AP)—Rescuers began a five-hour hike at dawn today over almost impassable mountain terrain to bring the victims of a U. S. naval plane crash to the little town of Texcoco, 35 miles east of Mexico City.

Fedeli Moreno, assistant police chief of Texcoco, told the Associated Press that the plane, missing since it left here Friday morning enroute to Corpus Christi, Texas, was torn to shreds in the crash, but apparently did not burn. He said Indians reported three bodies were found.

Aboard were Cmdr. Robert M. Gavett, USN; Lt. Comdr. Raymond P. Becker, Medical corps, USNR; Mexican Navy Lt. Octavio Diaz de Rivera, aide to Gavett, Chief Aviation Radioman Lee E. Pleasant, USN; Chief Aviation Mechanic's Mate Carl E. Gill, USN, and Aviation Pilot 1st Class Charles R. Cleary, USN.

Although the U. S. naval officer here withheld confirmation that the plane had been found until a report was received from embassy officials at the scene, there appeared to be little doubt the search had ended.

Moreno said it was "pure luck" that the plane was found. He told this story:

A group of Indians from the towns of Santa Catarina and San Jeronimo were tramping through the mountains 38 kilometers (24 miles) from Texcoco when the rays of the sun reflected on a bright object some distance away.

One of the group walked to Texcoco and reported the find to municipal President Lopez, who reported the find to the state department of public safety reported.

There was a jump of 38 percent in the total number of accidents. Death tolls paid month this year have been as follows: January 157, February 143, March 159, April 157, May 146, June 181, July 132, August 134.

Highway accidents have accounted for more than half of this year's deaths. There were 65 deaths resulting from 577 such accidents. There were 280 deaths in cities over 2,500 population, 97 deaths in towns under 2,500 population, and 154 deaths on county roads.

These figures represent a 55 percent increase in deaths on highways, 20 percent increase in cities, 70 percent increase in towns, and a 28 percent increase on county roads, the department reported.

Ships Steam Out to Sea From Harbors

By The Associated Press

The nation's seaports emerged today from the 17-day tie-up caused by the worst maritime strike in history as dock and ship workers went back to their jobs and ships steamed out of east and west coast harbors.

The strike actually ended Saturday night when west coast unions announced they were withdrawing picket lines from piers.

The shipping industry was faced with the possibility that the respite might be only temporary, however, as three maritime unions have been threatening to walk off at the expiration of their contracts on Sept. 30 unless operators agree to union demands for new contracts.

The federal department of labor assigned a mediator in the negotiations between Harry Bridges' west coast CIO longshoremen and operators. The Marine Engineers' Beneficial association (CIO) begins negotiations for a new contract in New York today and the Masters, Mates and Pilots will seek new contract terms in meetings beginning tomorrow.

Ports along both coasts reported resumption of full sailing schedules already under way or expected during the next day or two.

Truman-Wallace Break Cited as Demo Dissension

WASHINGTON—(AP)—The republican leadership today cited the Truman-Wallace break as a sign of democratic dissension in contrast with what is called GOP unity in the current congressional election campaign.

While political reaction to President Truman's selection of Ambassador W. Averell Harriman to succeed Mr. Truman as chief negotiator of the Greek case, and his former commerce secretary for their "inactivity" in the congressional campaign.

The party publication referred to Wallace as a "democratic dissension" in contrast with the republican nomination in 1948, and said neither he nor the President had made more than a "purely local gesture" for the democratic ticket.

This appeared to be a reference to Mr. Truman's successful opposition to Rep. Roger C. Slaughter's bid for democratic renomination in Missouri and to Wallace's controversial New York speech on Sept. 12, in which he endorsed the democratic Mead-Lehman ticket for governor and senator and attacked Gov. Thomas E. Dewey's stand on foreign affairs.

The President told a news conference earlier this month that his campaign speaking plans were in the embryo stage and that it was doubtful if he made any speeches at all they would be from Washington.

Wallace may or may not speak during the campaign, but democratic speakers' bureau officials said if he does he will not do so under sponsorship of the national committee.

The situation also was applied to Senator Pepper (D-Fla.), who spoke on the same platform with Wallace and later lauded the former secretary's foreign policy views which touched off the week-long cabinet crisis.

In this connection, however, Rep. Sparkman of Alabama, head of the democratic speakers' bureau, told a local radio audience yesterday he still hoped both Wallace and Pepper would campaign for and support the ticket this fall despite the absence of Truman.

Highway Wrecks Head Death Toll

AUSTIN—(AP)—Traffic deaths claimed 1,185 Texans during the first eight months of 1946, a 42 percent increase over the 835 deaths recorded during the same period last year, the state department of public safety reported.

There was a jump of 38 percent in the total number of accidents. Death tolls paid month this year have been as follows: January 157, February 143, March 159, April 157, May 146, June 181, July 132, August 134.

Highway accidents have accounted for more than half of this year's deaths. There were 65 deaths resulting from 577 such accidents. There were 280 deaths in cities over 2,500 population, 97 deaths in towns under 2,500 population, and 154 deaths on county roads.

These figures represent a 55 percent increase in deaths on highways, 20 percent increase in cities, 70 percent increase in towns, and a 28 percent increase on county roads, the department reported.

Board of Review For Scouts to Meet

Members of the Pampa District board of review, Adobe-Wallis council, Boy Scouts of America, will meet tonight at 7:30 in city hall to review scout applicants for scout advancement and merit badge awards to be presented at the September 30 court of honor.

The board, presided over by J. W. Gordon, chairman, includes H. A. Yoder, Burt Nuckies, Huelyn Laycock and Aaron Meek.

September Term of District Court Opens

Dockets for civil and criminal cases for the September term of District court were called today by District Judge W. R. Ewing, 31st Judicial district, in district court room of Gray county court house.

Petit jurors impaneled for the 14 listed criminal cases will be ordered to appear in district court on Monday, September 30, while civil case jurors will appear for duty on Monday, October 21 and Monday, November 4.

Of the 180 divorce cases to be heard before Judge Ewing only one will be contested case. No exact dates for these hearings have been set.

Crashed Plane Stewardess Is Praised by Rescuers

GANDER, Nid.—(AP)—Gilbert Perier, general manager of Sabena Airlines, said today that the bodies of 26 persons who died when a Belgian transatlantic airliner crashed near here Wednesday would be buried at the scene rather than endanger the lives of rescue teams by attempting to bring the bodies out of the wilderness.

"The job of rescuing the survivors was a risky one," said Perier. "It was worth the risk when there were lives that could be saved. Circumstances, however, have dictated our decision not to attempt to bring the bodies out and prolong the hazard to the lives of the men who have been such a great help."

Perier lost his daughter and recently-divorced wife in the crash. Eighteen survivors of the disaster, rescued by helicopter, are now in a hospital here.

Meanwhile members of an army rescue party which hacked a path through tangled forests to reach the survivors gave additional details of the disaster.

"Things were in pretty bad shape," said Cpl. Harry A. Houghton of Windber, Pa., a member of the rescue party. "Several of the passengers had been burned to ashes. Those still alive were wet. It had rained the night before and during the day, and they had been lying on the ground. A rescue plane had just dropped some sleeping bags before we got there, and the survivors got into them."

The rescue group said the survivors told them that before the crash the passengers had been instructed to fasten their safety belts and that the plane could not land at Gander because of fog but was going on to another field.

When the ship crashed several were thrown clear of the giant craft. Most of the survivors were those sitting in the rear of the galley.

"When we first got there," said Pte. Serbano S. Rascon of Raton, N. Mex., another of the rescue party, "they thought we were going to take them out on the river, and didn't like it because of the rapids and waterfalls. They were sure glad when we told them about the helicopters."

The rescue party members were quick to praise the courage of the survivors.

Houghton said that Miss Jean Roedel, the little Belgian stewardess, "really took good things" after the crash, and that three other survivors pulled 11 persons out of the wreck.

Indemnity Structure Of Parley Capsized

PARIS—(AP)—The United States, siding with Russia, abandoned today the principle of full compensation for Allied property losses in Romania. The move capsized the whole indemnity structure of the peace conference.

Willard Thorp, U. S. state department economic expert, told the Balkan-Finnish economic commission that the United States had become convinced that Romania could not support all reparations and compensation burdens placed upon her by the original draft treaty proposals.

Russia has been fighting from the start for the principle of only one-third compensation for property losses suffered by private United Nations individuals and concerns in defeated countries.

France, which joined the United States in a similar move before the Italian economic commission last week, declared after Thorp's statement that it reserved the right to modify its position later.

Britain declared that the move had changed the situation but implied it would hold to its original 100 percent compensation plan.

The American surprise move came as an amendment to Article 24 of the Romanian draft treaty, which stipulated the commission for seven meetings. The United States did not state what percentage of losses it would ask in compensation.

Meanwhile, British Foreign Secretary PEACE PARLEY, Page 6

U. S., Britain Oppose Soviet Troop Demand

LAKE SUCCESS, N. Y.—(AP)—Soviet Russia's demand for information on allied troop dispositions in foreign non-enemy states faced vigorous U. S. and British opposition today in the United Nations security council.

As the delegates prepared to meet at 1 p. m. (CST) to take up this new issue, both U. S. delegate Herschel V. Johnson and British delegate Sir Alexander Cadogan were reported ready to Challenge Russia's right to demand such information under the U. N. charter.

Informed quarters said both would ask the council to refuse to place the Soviet demand on its agenda on the ground that such a question did not come within the jurisdiction of the council unless coupled with a charge that peace was endangered or breached.

Johnson was reported ready to ask Soviet Delegate Andrei A. Gromyko two questions: what was Russia's motive in raising the issue in the council, and secondly, under what article of the charter was the action taken.

Gromyko first brought the question up August 30, but it was sidetracked by the Soviet charges that Greece, aided by the presence of British troops in Greece, was threatening peace in the Balkans. The Greek case was dropped Friday, opening the way for the new issue.

Wartime Profits Of Ship Builders Are Being Cited

WASHINGTON—(AP)—Estimated profits of \$356,000,000 on capital investment of \$22,978,275 by 19 wartime shipbuilders were cited today by the general accounting office as evidence of the need for protection of tax payers.

Ralph E. Casey, accounting office representative, told a subcommittee of the Senate Finance Committee that the merchant marine subcommittee had indicated "the need for restoring some of the safeguards, checks and controls which experience has dictated are absolutely essential to the protection of taxpayers against excessive and illegal expenditure of public funds."

The committee is studying the operations of the companies who used shipyards built by the government.

As hearings began, shipbuilder Henry J. Kaiser gave reporters a statement saying that the combined net profits of the companies he operated were less than one-tenth of one percent of dollar value after deducting losses and paying taxes.

He released it as Marvin Coles, committee investigator, told the committee that the total fees and profits received by the Kaiser companies amounted to \$192,237,284 on a total capital investment of \$2,510,000.

Coles also said that the St. Johns shipbuilding company in Florida, not a Kaiser operation, had profits and fees of \$2,080,000 on a total capital investment of \$600,000 or approximately 350,000 percent.

Asserting his belief that industry "is entitled to a reasonable profit for its efforts and risks," Coles said he believed the committee did not approve of "unreasonable wartime profits and war profiteering."

In most of the cases being investigated, Coles said, the operators of the shipyards had no more of their own invested in the physical properties and there was no possibility of loss to the operators.

Maritime commission statistics supplied the subcommittee figures following an audit of the estimated profits of 19 wartime shipbuilding companies. They included: Bethlehem Fairfield Shipyards, Inc., capital investment \$1,000,000, estimated profits \$53,906,980; Consolidated Steel Corp. Ltd., capital investment \$8,396,011, estimated profits \$1,000,000.

Six Texans Die Violent Deaths Over Week End

(By The Associated Press)

Four persons, including the chairman of the state board of control and a former member of the Texas legislature, died as a result of weekend traffic accidents.

Two other accidental deaths brought the weekend total to six. In Austin the state department of public safety has reported that Texas traffic accidents have increased 42 percent during the past eight months, with 1,185 persons killed in traffic accidents during that period. For a comparative period last year, 835 persons were killed.

Weaver Baker, former law partner of Gov. Coke R. Stevenson and chairman of the state board of control, is believed to have died instantly from injuries received when the station wagon he was driving overturned and struck a guard post in Austin after having failed to make a curve yesterday morning.

S. D. Shannon, 79, of Fort Worth, a former state representative, received fatal injuries in an automobile collision near Scottsboro, Ariz. county yesterday. Three servicemen, injured in the crash, are in a Wichita Falls hospital.

At Tyler, Freeman Clark, 32, died in a hospital yesterday from injuries received in an automobile collision Saturday night on the Henderson highway.

Mrs. Anna L. Adams, 40, was found dead on a highway near Houston Saturday night. Deputy Sheriff Vic Parker said she had been struck by an automobile.

Patsy Bagwell, 10, daughter of Mr. and Mrs. Floyd Bagwell of near Bronk, Texas, drowned yesterday morning while wading in the stock tank on her parents' farm.

Alberto Lopez, 70, was killed when struck by an iron bucket filled with gravel while working at the bottom of a 25-foot well at Sabinal Saturday. A rope suspending the bucket over the well broke.

Chamber Banquet Is Sell Out Affair

All tickets to the fall banquet of the chamber of commerce have been sold over 400 persons are expected to attend Chamber Manager E. O. Wedgeworth said today.

The banquet will be held tomorrow night at eight o'clock in the Senior high school cafeteria.

Principal speaker will be the Rev. Bill Alexander, pastor of the First Christian church in Oklahoma City and one of the nation's outstanding after-dinner speakers.

W. B. Weathered, president of the chamber, will preside.

Jews Attempt to Escape Captors

JERUSALEM—(AP)—Nearly a hundred Jewish refugees on the illegal immigrant ship Palmark leaped overboard and tried to swim ashore at Haifa today. They were rounded up within two hours by the British army navy.

Some 800 to 900 Jews attempted to slip into Palestine aboard the 200-ton schooner yesterday, but were stopped by the royal navy in a fight at sea that cost one of them his life. The army and navy planned to transfer them to H. M. S. Empire Heywood this afternoon for deportation to Cyprus.

All Jewish shops closed in Haifa this morning and two rabbis led a procession in protest against a British refusal to turn over the body of the refugee killed when a boarding party forced its way onto the Palmark early yesterday.

Jews are required by their religion to bury their dead within 24 hours. The 24 hours were up this morning for the dead immigrant.

Official Body United as to Foreign Policy

WASHINGTON—(AP)—W. Averell Harriman's addition to Presidents Truman's official family edged it further away today from domestic issue views espoused by Henry Wallace and united it on policy toward Russia.

The present ambassador to Britain, tapped by Mr. Truman to replace the ousted Wallace as secretary of commerce, is widely credited, in fact, with having had a major hand in framing the present policy of firmness toward the Soviets.

It was Wallace's public disagreement with this policy which led the President to dismiss him from the cabinet on Friday.

Harriman gained his ideas of how to deal with the Russians first in handling lend-lease aid to them and later in more than two years as ambassador to Moscow. In personal relations, those ideas worked. He was highly popular.

Politically, the new secretary-designate is like Wallace, a republican turned New Dealer. Now 55, Harriman was born to wealth and became a Wall Street banker. He and a brother inherited some \$100,000,000 from their father, E. H. Harriman, the railroad (Union Pacific) magnate.

But he supported Al Smith, the unsuccessful democratic presidential nominee in 1928, and came under the New Deal banner when the late President Roosevelt unfurled it in 1932.

Despite this new political background, Harriman is far away from Wallace on many social and economic issues. There is no tinge in the appointment of any bid to the CIO political action committee and other groups which follow Wallace.

With the appointment, Mr. Truman now has a cabinet almost entirely of his own selection. Naval Secretary James Forrestal, appointed to the cabinet May 10, 1944, on the death of Frank Knox, is the only remaining cabinet appointee.

Strike in Mill Believed Ending

SAN ANTONIO—(AP)—Settlement of the five-day strike at the Pioneer flour mills appeared nearer today following a formal agreement that a meeting between union and management officials would be held Tuesday.

J. W. Patin, head of the union negotiating committee, said A. G. Beckmann, president of the mills, was expected to present counter proposals at that time. Previously, Beckmann had expressed opposition to the two-day strike demand—the closed shop and the union dues check-off system.

The mills president also had stated he was in favor of "some wage adjustments." The 80 strikers, members of the food, tobacco and agricultural union, CIO, are seeking a general 20-cent-an-hour wage boost.

The rescue party members were quick to praise the courage of the survivors.

Houghton said that Miss Jean Roedel, the little Belgian stewardess, "really took good things" after the crash, and that three other survivors pulled 11 persons out of the wreck.

Bubonic Plague Evidence Found

Evidence of bubonic plague has been found near Morton, in Cochran county, Emmett Howard, Gray county health inspector, said today, and the United States public health service has dispatched crews to the Panhandle to see if the plague exists in any other part of the section.

A unit which will cover territory in which Pampa is located is now being set up at Guthrie, Texas, Howard said. The unit will make a survey of this area in an effort to see if the plague has spread.

According to reports from Morton, a field rat was being examined and was found to be suffering from the plague, which is known to spread very quickly.

An official of the health service, Dr. John Essex, will be in Pampa soon to discuss measures of preventing outbreaks of the plague and other epidemics.

THREATENING

Readers Get Busy With Pencils and Paper—Result—'Lena the Hyena'

Editor of the Lena the Hyena drawings is sick today. The reason: he has already received drawings of this horrible (ugh) creature. Yes, sir, two Pampans have already sent in their entries, seeking that \$5 local prize and wanting a chance at that \$500 national prize.

This big contest is going on now, and Lt. Abner himself is talking about it today on Page 4.

Most of the drawings are atrocious. You may draw one, or you may go out and get the picture of "one" to Lena the Hyena Editor, Pampa News, Pampa, Texas.

The rules are:

1. Deliver or mail your drawings or photographs (as many as you like) of how you think Lena the Hyena should look in the LIT ALBERG comic strip. All entries must be in this newspaper office not later than Thursday, Sept. 26, 1946.
2. Your name and address should be clearly indicated on each picture submitted. Entries cannot be returned and become the property of this newspaper and United Feature Syndicate.
3. Local entries will be judged by this newspaper's jury. The local winner will be announced on Sunday, Sept. 23, and he will receive a prize of \$5. His entry will be sent to the national contest finals to compete against all other newspaper winners.
4. The national winner will be picked by Boris Karloff, Salvador Dali and Frank Sinatra, and will be published on Oct. 21, 1946 in the LIT ALBERG comic strip. This winner will receive a grand prize of \$500, given by Al Capp and United Feature Syndicate. All decisions by judges will be final.

WEST TEXAS: Clear to partly cloudy, considerably cooler in all except the Panhandle in afternoon. Cooler in all except Panhandle and South Plains tonight. Warmer Tuesday. High in the Panhandle and South Plains.

EAST TEXAS: Fair north, partly cloudy south. Tuesday, Wednesday, shows extreme south portion to "high." Cooler central and southern portions tonight and in extent south Tuesday. Warmer northern portions Tuesday. Moderate to fresh southerly winds on the coast, fresh to occasionally strong northerly along the coast late this afternoon and tonight.

OKLAHOMA: Fair tonight and Tuesday; warmer Tuesday afternoon; high temperatures today in upper 60's.

Just arrived, small table model radios at Lewis Hardware. (Adv.)

Lena, the Hyena? Oh, No... THIS IS MARTHA BAYE, upside down, with her mouth open! Lena with all her pores open, may not be as attractive. Anyway, YOU draw Lena. You may win \$500.

WEST TEXAS: Clear to partly cloudy, considerably cooler in all except the Panhandle in afternoon. Cooler in all except Panhandle and South Plains tonight. Warmer Tuesday. High in the Panhandle and South Plains.

EAST TEXAS: Fair north, partly cloudy south. Tuesday, Wednesday, shows extreme south portion to "high." Cooler central and southern portions tonight and in extent south Tuesday. Warmer northern portions Tuesday. Moderate to fresh southerly winds on the coast, fresh to occasionally strong northerly along the coast late this afternoon and tonight.

Hinrichs Hurls Two-hitter as Hubbers Beat Oilers, 2-1

SPORTS
PAGE 2 PAMPA NEWS Monday, Sept. 23, 1946

Lefty Garland, Lennie Heinz To See Duty at Hub City Tonight

LUBBOCK—(Special)—Pam Hinrichs fanned the spark of hope in the hearts of Lubbock Hubber baseball fans here yesterday as he pitched the Hubbers to a 2-1, two-hit victory over the Pampa Oilers in the fourth game of their championship series.

The victory, Lubbock's first over Pampa in the West Texas-New Mexico playoff, sent the series into an extra day. The fifth game will be played tonight in Lubbock with Bill Garland scheduled to hurl for Pampa and Lennie Heinz for Lubbock.

Hinrichs, who was beaten, 2-1, in Pampa last Wednesday, turned the tables yesterday, allowing only three Oilers to reach first base over the nine-inning route as he bested Peter White and Reliever Al Johnston.

White, lanky righthander, gave up nine hits and two runs in the five innings Johnston went the rest of the distance, allowing one hit and no runs.

Shortstop Earl Harriman tripled in the first inning but died on base and the Oilers went hitless until the seventh when Harriman walked, stole second, moved to third on an infield out and scored on Virgil Richardson's double down the right field foul line.

Everett Hubber except Hinrichs got at least one hit as the Hubbers peaked away at White.

Lubbock Shortstop Bob Stone started both scoring rallies and scored both Lubbock runs.

In the third, Stone rapped a double to left and came home as Clem Cola singled to center field.

The Hubbers scored again in the fifth, starting the rally with a single past second, Boyd Watkins moved him up with a sacrifice, Cola hit out to left and Jackie Sullivan blasted a double to left to score Stone.

A victory for Lubbock tonight would extend the series another day and would send the two teams back to Pampa for all other games.

The winner of the Lubbock-Pampa series, which is the first time two teams have met in the series, will meet the East Texas league champion in a Class C World Series.

Site of the first games of the series will be determined by officials of the competing clubs.

The box score:

As for the Harvesters, Coaches Coffey and Jiggs Whittington face a big task in whipping 10 green hands and one regular into shape for a tough conference campaign, to say nothing of some pretty rugged non-conference affairs still to be played. These include Vernon, Norman and North Side of Fort Worth.

Speaking of North Side, the Steers are favorites in the Fort Worth district by an overwhelming majority. Eight regulars are back from last year's district championship and eight more lettermen, most of them first string reserves last year, will also be available.

However, the Harvesters have a couple of weeks to rest and work on about everything that the coaches see fit. We think one of the main points should be pass defense. In two games, Harvester opponents have completed 14 passes for a total of 175 yards.

Dean had two years at Bemidji Teachers and one as a regular at Great Lakes.

DOTS ALL, BROTHERS
Instead of staging "secret" football practices, coach Bernie Moore of Louisiana state even allows broadcasts of the Tigers' drills. May be, Bernie listened a couple of times and decided it was the best way to deceive the opposition.

Half Game Separates Bums, Cards in Last Week of Race

By RALPH RODEN
Associated Press Sports Writer
"The war of nerves" enters its final week today as the St. Louis Cardinals and the Brooklyn Dodgers race neck and neck down the stretch for the National League pennant.

At the moment, the Red Birds lead Manager Lippy Leo Durocher's Dodgers by a thin half game. The Cards have six games left to play while the Dodgers have five.

The Brooks begin the important week's play by meeting Philadelphia Phils at Ebbets field today while the Cards clash with the Cubs in Chicago before moving home to St. Louis to hook up with the Cincinnati Reds twice and the pesky Bruins twice. The Phils battle the Dodgers three times before the Boston Braves come in for two games.

St. Louis blew an opportunity to take a strangle hold on first place by taking a 7-2 beating from the Cubs before a capacity throng of 42,324 yesterday while the Dodgers split a twin bill with the Braves.

Hank Borowy stifled the Cards with six hits as the Bruins overcame a 2-1 St. Louis lead by scoring three runs in the sixth inning off Howie Pollet, southpaw ace of the Birds.

The Dodgers, after bowing 4-2 to Johnny Sain, came back and hammered the Braves into a 8-1 defeat in the finale before a packed house of 35,610 at Braves field. Vic Lombardi throttled the Braves with four singles. The lone run he allowed came in the seventh inning, when Danny Litwhiler homered.

Over in the American league, the spotlight was on Cleveland, where Detroit's hurricane Hal Newhouser and Cleveland's Bobby Peifer clashed in a hurling duel. The Benita lefty had outpitched the Tribe speed king 3-0, allowing only two hits.

It was the slim southpaw's 26th win. Peifer was charged with his 14th loss as against 25 victories. The Tigers also won the second game, 4-3 which was halted because of darkness at the end of eight innings.

The twin victories enabled the St. Louis Browns from Toledo, Sanford blanketed the Chicago White Sox 2-0, but the Browns dropped the second game 8-5.

In other National league games the Philadelphia Phillies beat the New York Giants twice, 4-3 and 4-0, and the Cincinnati Reds defeated the Pittsburgh Pirates, 4-2 and 6-5.

Upon completion of the second game, Manager Bill McKechnie of the Red Legs told his players he had resigned. McKechnie, who has been at the Rinecland helm since 1932, probably will finish out the season as boss of the team.

Henderson Holds 3 to 1 Lead in East Texas Set

(By The Associated Press)
With a lead of three games to one, Henderson's Oilers clash with the Texarkana Bears tonight, at Texarkana. In a game that may decide the East Texas league playoff.

A 10-9 win over the Bears yesterday moved the Oilers within one game of taking the series, the winner of which will meet the West Texas-New Mexico league winner.

Seven home runs featured yesterday's game, with three of them going to Texarkana's George Washington and two to Henderson's Loyd Penson, Hal Van Pelt and Stan Bartowski of the Oilers also hit four-baggers.

Henderson 201 300 100-10 9 0

Days That Used To Be

All Southwest Grid Teams Will Play This Week; Conference Opener Set

By The Associated Press
With five teams having pulled through without defeat this past week-end, all seven members of the Southwest conference will go into action this week in games that will include four inter-sectional clashes and the first conference encounter of the year.

Texas A. & M., Texas, Baylor and Arkansas, who turned in Saturday victories, and T.C.U., who battled to a scoreless tie with Kansas, will be joined by S.M.U. and Rice for an all-out week-end card that will run from Friday night through Saturday Night.

The opposition will include Oklahoma A. & M., Temple university, the University of Colorado, Louisiana State university, and Texas Tech. The conference encounter will be between T.C.U. and Baylor at Fort Worth.

The Mustangs of S.M.U. will take Raye Morrison's Temple Owls at Philadelphia Friday night, while Texas will play host to the Colorado Buffs at Austin Saturday afternoon. Rice will begin its campaign against the strong L.S.U. Tigers in a night game at Houston Saturday.

Arkansas will be in for a rugged afternoon in traveling to Stillwater, Okla., to meet Bob Fenimore and company of the Oklahoma Aggies, while the Texas Aggies, in taking on Texas Tech, are in for a rougher reason than they encountered in their opener against North Texas State. The game will be played in San Antonio Saturday night.

Following Saturday's games with Kansas and Southern, it is difficult to tab a favorite in the first conference game. The Frogs and Bears, displayed little against the Jayhawks and Pirates, though from material on hand both schools should be dangerous once they get rolling. It may turn out to be the best game of the week.

Temple and L.S.U., like S.M.U. and Rice, will be leaving their first games, but Colorado, Oklahoma A. & M. and Texas Tech opened up with wins over Iowa State, Denver, and West Texas State colleges.

It isn't likely that scouts for Colorado and Tech found out too much about the Texas Longhorns and the Texas Aggies. Neither outfit had to exert themselves in turning their 40-plus wins over Missouri

Mr. and Mrs. Herbert L. Maynard
Miss Eula Mae Werth, daughter of Mr. and Mrs. Vernon Werth, and Herbert L. Maynard, son of Mrs. Viola Maynard, were married at the home of the bride's parents at 6:30, August 21. Wedding vows were exchanged in a double ring ceremony with the Rev. Will Culwell officiating.

In Hollywood

BY ERSKINE JOHNSON
NEA Staff Correspondent
HOLLYWOOD—(NEA)—A dinner party tossed by David O. Selznick on his tennis court the other night must have been a dilly. One of our friends who gets around in such circles reports that David O. served electrically lit fruit salads—each salad set on a silverplate equipped with light bulb and tiny batteries. It was the first time, our friend said, that he had ever bitten into a piece of pineapple and received a shock.

We've written frequently in the past about the mad Ida Lupino household, which probably prompted a messenger boy to write us: "I had to deliver a script to Miss Ida Lupino's home the other night. A butler answered the door. He was impeccably dressed in black tie and tails. But I couldn't help noticing that he was in his stocking feet."

IMPORTED SWOONS
We finally got around to Gino's the other night to hear Charles Trenet, the French Frank Sinatra. You'll be hearing and seeing him soon, too, in the Eagle-Lion movie, "I Dream of You."
Trenet sings in French and we didn't understand a word. But we applauded, anyway—the first time we ever applauded through an interpreter. The ladies didn't seem to care if they couldn't understand his words. His mugging, strutting, eye-rolling, half-whispers and intimate sighs get them.

FLUSH KIDNEY URINE

Benefit wonderfully from famous doctor's discovery that relieves backache, run-down feeling due to excess acidity in the urine
People everywhere are finding amazing relief from painful symptoms of bladder irritation caused by excess acidity in the urine. DR. KILMER'S SWAMP ROOT acts fast on the kidneys to ease discomfort by promoting the flow of urine. This pure bladder medicine is especially welcome during the "flu" season, when excess acidity is responsible for "getting up at night." A carefully blended combination of 16 herbs, roots, vegetables, balsam; Dr. Kilmer's contains nothing harsh, is absolutely non-habit forming, just good medicine that many say have a marvelous effect. All drug stores sell Swamp Root.

GOING PLACES

If a young man wants to go places today he must have some special talent to offer. Education has never paid higher dividends than now—and the new Regular Army is ready to start you on the road with its fine training.
First, Army schools teach over 200 skills and trades. You have a wide choice. You'll find the work you do best. And you'll be paid to learn!
Second, a three-year enlistment makes you eligible, after discharge, for 48 months of education in any college, business or trade school for which you can qualify. The U. S. Government will pay your tuition, laboratory

Maj. and Mrs. Howard Burris on Honeymoon

CORSICANA, Texas. (AP)—Maj. and Mrs. Howard Burris are honeymooning today en route to Miami and Havana after their marriage in a military ceremony at the Corsicana Methodist church Saturday night.
The family of the bride and groom took seats near the front, the soloist began singing "Mine Alone."
The ten attendants formed a semi-circle of color in the transept as the bride started down the aisle with her father. She wore a simple-designed gown of platinum white slipper satin. Mr. Jester was in formal attire.
The colonial red-brick Jester home, set in a frame of magnolia trees at 1508 Sycamore street, overflowed with guests at the wedding reception.

Mr. George T. Jester, the bride's grandmother, and Joan Jester, her young sister, stood in the hallway greeting friends.
The bride's mother took friends in to see the wedding gifts displayed on seven long satin-covered tables, cookbooks, and a grass door knocker. Cleaning silver and china, five engraved with "H. L. Burris," were among the gifts.
With a polished sabre, the couple cut the first slice of the pink-leaved wedding cake. Then the bride changed into her traveling suit—a soft gray gazerline.
Her husband, a West Point graduate, served overseas in the Ninth air corps. He's headquarters commander in air defense at Mitchell Field, N. Y., where they will live when they return from Cuba.

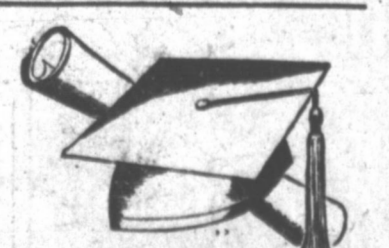

Milestone, or should we say milestone? A Glendale, Calif., bobby-soxer fan club has named Cary Grant the screen's "Kiss King." "Remember Alfred Noyes' 'The Highwayman,' which everyone recited in high school public-speaking classes? It's due to be filmed as a movie which James S. Burkett will produce. . . . Band leader Freddy Martin is in Mexico City for a month's vacation.

Local Man Named Head County Group

Crawford Atkinson, local businessman and member of the chamber of commerce advisory board, has been named chairman of the Texas good roads amendment campaign for this county. It was learned today.
This campaign has been formed to acquaint the people with the need for better roads and to inform them especially on the merits of a road amendment which will be included on the November ballot.

Hominy grits make a very good substitute for the missing rice these days. To give them a little more personality, cook with curry powder to taste and serve over it, any leftover meat, chicken or seafood.

Hopkins P-TA Starts Season With "Sing-Song"

Off with a "singing start," the Hopkins Parent-Teachers association met in the community hall Tuesday, September 17, at 8 p. m. with Mrs. R. W. Orr presiding and Ralph Irwin leading the sing-song. The devotion was read by Mrs. Clyde Chisum, followed by a prayer by A. U. Wakefield, principal of the school.

A school of instruction, stressing the welfare of the children and the importance of parent-teacher work, was conducted by Mrs. E. L. Anderson of Pampa, district supervisor, assisted by the following:
Mrs. N. S. Daniels of Lefors, president of the Tri-County Council.
"What the Tri-County Council is about," Mrs. H. M. Stokes, president of the Pampa City Council, "Local congress units and what City Council does," Hazel Laycock, county superintendent of schools, "Relation of school principal to P-T-A," Mrs. B. R. Nuckols, Pampa, "Duties of parents and teachers to P-T-A," Mrs. Eudora Lovelock, president of Pampa Junior High P-T-A, "Principles and policies of P-T-A," Mrs. R. W. Orr, president of Hopkins P-T-A, "Procedure course," Mrs. E. L. Anderson, "Appointing nominating committee, and when to elect and install officers."

Mrs. H. Scott, Pampa, "P-T-A memberships and life memberships," Mrs. Marvin Stone, Hopkins P-T-A, "Summer Round-up," Mrs. Hugo Olsen, Pampa, "Programs and year books," Mrs. R. C. Mason, Hopkins P-T-A, "Fountain Development fund," Mrs. Cliff Vincent, Lefors, "Question box."
The P-T-A prayer was read by Mrs. Anderson to conclude the school of instruction. After a brief business meeting, Mrs. Wakefield introduced the teachers, Mrs. T. M. Mustin, recreation chairman, in turn, called on all parents present to introduce themselves.
The first grade won the room award with the most parents represented. Refreshments were served by the executive board to sixty members and guests.

Mrs. Raliff of Miami Honored

MIAMI—(Special)—A miscellaneous shower was given to Mrs. Rene R. Raliff, recent bride, Thursday evening, at 8 o'clock in the home of Mrs. Ed Schmidt. Sixty-two registered in the guest book.
Misses Doris Fay Dunivan and Donna Lee Kitchen presided at the refreshment table covered with a lace cloth; the appointments were crystal. A bowl of dahlias was used for a centerpiece. Punch and cake were served.
The honoree was presented a corsage upon arrival by Miss Julia Earthman. Miss Doris Fay Dunivan sang and Miss Earthman presented the gifts.
Hostesses were Mesdames Leo Paris, Carl Ethel, Clyde Taylor, Joe Cunningham, Ross Cowan, L. A. Maddox, Jr., A. E. Locke, Hall Nelson, Alfred Cowan, Ed Haynes, Dim Harris, Dan Graham, W. L. Lard, Ed Schmidt, and Misses Fannie Jean Carr, Doris Fay Dunivan and Donna Lee Kitchen. A large number who could not be present sent gifts.

Mrs. Paul Bowers Gives Review

MIAMI—(Special)—The W. S. C. S. of the Methodist church, held open house Wednesday afternoon, at the church auditorium featuring a book review with Mrs. Paul Bowers reviewing "Who Walk Alone," by Perry Burgess. The public was invited to hear this program which related the dreadful but real experiences of one who had leprosy and the other lives which were affected.
Mrs. W. H. Craig greeted the guests and directed them to the refreshment table where punch and cookies were served by Mesdames C. A. Holcomb, W. C. Scott and Hall Nelson.
The meeting was opened by a song and prayer by Mrs. J. L. Seiber. A duet was sung by Mrs. John Webster and Mrs. Jensen, with Mrs. Evelyn Gill at the piano.

Need More Curves?

By ALICIA HART
NEA Staff Writer
Lots of rest, a couple of extra "little meals" a day, and more fat in her diet are what this girl, who wants to upholster her curves, needs.
Rest? Ten hours of sleep a night are not too much. There should be a minimum of eight. There should be an hour's rest taken after each meal, if possible. Standing, which increases weight loss, should be minimized.
Little meals? Take these at mid-morning and mid-afternoon. Make the first a glass of whole milk with buttered toast or a glass of malted milk. Make the second a cup of tea with cream, taken with butter wafers.
Fatty diet? The more fat you include—and are able to digest, of course—the more weight you will gain. Take butter on toast and cream in cereals. Eat cream soups. Give your salads generous helpings of mayonnaise, French dressing or olive oil. Help yourself to ice cream or chocolate desserts.

Marriage Licenses Issued 3 Couples

Three marriage licenses were issued by the county clerk last week-end. They were issued to William Russell Gise and Peggy Jean Kelly, James H. Smith and Glorine Reim, and to Robert E. Matthews and Mrs. Lillie Matthews.

Negro Sentenced To 30 Days in Jail

L. C. Wilbon, Pampa Negro, entered a plea of guilty to charges of aggravated assault on his wife, before County Judge Sherman White this morning.
The court sentenced Wilbon to 30 days in the county jail.
It is well to bear in mind Delays are linked with hurry. A bit of forethought will unwind Entanglements and worry. . . . Home Safety Review.

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramps, pains and irritability of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, tone the body, build resistance for the "time" to come. Started long ago, Cardui has helped millions help relieve pain due to purely functional periodic conditions. Try it!

Mrs. Raliff of Miami Honored

MIAMI—(Special)—A miscellaneous shower was given to Mrs. Rene R. Raliff, recent bride, Thursday evening, at 8 o'clock in the home of Mrs. Ed Schmidt. Sixty-two registered in the guest book.
Misses Doris Fay Dunivan and Donna Lee Kitchen presided at the refreshment table covered with a lace cloth; the appointments were crystal. A bowl of dahlias was used for a centerpiece. Punch and cake were served.
The honoree was presented a corsage upon arrival by Miss Julia Earthman. Miss Doris Fay Dunivan sang and Miss Earthman presented the gifts.
Hostesses were Mesdames Leo Paris, Carl Ethel, Clyde Taylor, Joe Cunningham, Ross Cowan, L. A. Maddox, Jr., A. E. Locke, Hall Nelson, Alfred Cowan, Ed Haynes, Dim Harris, Dan Graham, W. L. Announcement

The Twentieth Century clubs of Pampa will have their annual breakfast Tuesday morning at 9:30 at the Terrace Grill. The breakfast will be given in honor of the incoming presidents, Mesdames L. N. Alchinson, Paul Kasishke, and Walter Rogers.
Before preparing salad, always pat greens thoroughly dry as dressing will cling to dry surfaces.
Small and medium bluefish are caught by gill and pound nets, while the larger sizes are caught by hook and line.

BABY'S COLDS

Best-known home remedy for relieving miseries of children's colds. No dosing to upset stomach. Just rub it on. VICKS VAPORUB

You'll usually hear

NUMBER PLEASE?

promptly...

We are working hard at the job of bringing telephone service to people waiting. To serve everyone, we need more wires and cable and equipment. They are on the way, but complex switchboards take time to make and install.
Meantime, we are connecting more and more telephones to already crowded switchboards. Thus many on the waiting list are getting service sooner than otherwise. In spite of this emergency measure most calls go through quickly and accurately. Now and then you may be inconvenienced by having to wait a few seconds for the telephone operator's "Number, please?"
However, you'll usually hear "Number, please?" promptly. And when more switchboards are installed, we can put in telephones for those who are waiting, and give everybody telephone service that's better than ever before.

Man Pleads Guilty Of Charge of Theft

Worley A. Pugh, charged with theft before Gray County Judge Sherman White, this morning pleaded guilty as charged and paid fine and costs amounting to \$43.65.

Pugh was haled before the county court after he had been arrested Saturday night by city police when he lifted a number of articles of clothing from Levine's store.

Commercial forest land in the U. S. totals 461 million acres.

- THE STATE OF TEXAS. COUNTY OF GRAY. CHARLES THUT, County Clerk of Gray County, Texas, do hereby certify that the following is a list of candidates as certified to me, as having received a majority of all votes cast in General Primary Elections held in said Gray County, Texas, and declared to be the nominees of said Party.

"I'm not fooling. Look." Gayle touched a spring in the trunk box and the lid flew open. A diamond ring stood revealed.

"Must have cost him all of a week's allowance," Rose observed.

change my opinion either. That was about the time I met you, our first year here. Before we took this apartment together.

"It's surprising in a way I felt like that, because I was ready to believe everything about Yale was wonderful then. I was thrilled to my toes to be a student at the School of Fine Arts.

"Bart and my cousin Nate had graduated two years before, and they'd come up from New York for a football game. Nate invited me to go, and he took me to a tea dance at his club afterward.

"No, darn it! He's not pretty; he's so handsome he's a pain in the gizzard. That's one trouble with him. He's a regular poster, and there's just about as much to him. He's rotten spoiled. Look at him, Gayle! It's all in his face. Anybody can see what he is."

"Did you ever see anyone more popular?" Gayle asked patiently. "Now be honest. Have you?"

"That's another thing wrong with him. He's—" Rose fang her arms wide and cried helplessly, "Oh, what's the use?"

GAYLE sat up straight on the couch. "You won't believe me, Rose," she began, "but I'll bet I know everything you're thinking. When I first met Bart, I didn't think any better of him than you do. It's taken nearly three years for me to change my mind."

"Black Bart with the swivel hips," Rose observed, her voice honed to a razor edge with sarcasm. "Black Bart, Yale's miraculous wing-back; Bruce Bartlett of Germantown, New York, Newport, Bar Harbor, and points east, west, north, and south. Bruce Bartlett, the glamor boy of Yale and the night clubs. Black Bart making a touchdown; Black Bart and his current deb dancing in the Sert Room; Black Bart wearing the latest thing in sport jackets; Black Bart—"

"Exactly," Gayle said. "Just exactly."

"I took it for granted, too, that he must be conceited and spoiled and stupid. I thought he was a professional glamor boy. And my first meeting with him didn't

bearing three bars and a star. Another detachment of Mexican troops was sent to guard the plane yesterday afternoon, but litter bearers waited until this morning to start.

Planes flying from Mexico City to Veracruz frequently encounter low clouds and heavy mist. Moreno said there was a hard storm in that section Friday morning.

Although the U. S. naval planes apparently had been found, planes and ground crews continued to search the triangle area 200 miles east of Mexico City formed by the towns of Coscomatepec, Orizaba and Cordoba where reports persisted that a plane was down.

Col. J. J. Aravia told the Associated Press from Orizaba that farmers at the mountain village of Vaqueria told him they saw a two-motored plane circling over that area between 9:30 and 10 a. m. Friday apparently in trouble. The missing plane left here at 9:10 a. m.

Meanwhile the Associated Press received a report that another plane was believed located near San Andres Chichilcohuila about 30 miles southeast of Puebla. Police at Puebla said it might be a Mexican training plane missing since Sept. 16 while taking part in Mexico's independence Day air maneuvers.

The missing Mexican plane was piloted by Lieut. Vicente Cervantes accompanied by co-pilot Jose Chihu Garcia.

PHOTO MEMORY HASTINGS, Neb. (AP)—An absent-minded Hastings amateur photographer left some films at a shop for developing, but forgot to leave his name.

He got the prints back, however. He was traced through his automobile license number, visible in one of his snapshots.

VA Begins Survey Of Job Training

By DOUGLAS LARSEN NEA Staff Correspondent

WASHINGTON—(NEA)—A recent law changes some of the rules governing veterans' on-the-job training programs. The Veterans' Administration has ordered its offices throughout the country to start putting the new law into effect as soon as possible, so that by Jan. 1, 1947, no veteran will be receiving subsistence allowances for a course which does not meet the new requirements.

All veterans now in on the program will have their courses surveyed, to determine whether they belong in the apprentice-training program of the on-the-job training program. If this course qualifies as one of the other, the veteran may continue in it without further immediate investigation.

Veterans enrolled in on-the-job courses will not be taken out of training while courses are being surveyed. If the training establishment was approved before the new law was signed, Aug. 8, the veteran will be allowed to continue in it until the state reaffirms or withdraws its approval or until the VA regional office officially determines that the course does not meet the criteria set by congress.

VA is asking that the heads of training establishments which already have been approved deal directly with state approving agencies in getting reapproval. Queries should be sent to the state, not to VA.

COURSES DEFINED BROADLY The VA definition of apprentice-training courses includes not only the courses supervised by federal and state apprentice agencies, but also courses leading to an occupation that "requires the use of skills learned through training on the job, rather than such elements as length of service, normal turn-over personality and personal characteristics."

Veterans who received Aug. 31 checks already have received a notice to report their August, September and October earnings to VA by Nov. 5. If they fail to report them, their checks will be stopped until they do.

War Profits (Continued From Page 1) mated profits \$16,445,861.

Delta Ship Building Co., Inc., capital investment, \$750,000, estimated profits \$12,171,311.

Kaiser Co., Inc., (Portland, Vancouver, and Richmond, Va.), capital investment \$100,000, estimated profits \$43,647,026.

Kaiser Cargo, Inc., capital investment \$500,000, estimated profits \$1,345,000.

Todd Houston Ship Building Corp., capital investment \$689,200, estimated profits \$13,878,303.

Feed Situation in Panhandle Improved The feed situation is greatly improved in this county since the general rains that have fallen during the past two weeks, County Agent Ralph Thomas has announced.

Grass pasture land is in excellent condition following these recent rains and prospects for winter wheat look favorable, Thomas said.

Volunteer wheat has been killed on approximately 80 percent of the county's wheat land and about 40 percent of the wheat has been sowed. The remaining wheat will be sowed as the ground is sufficiently dry for farmers to get into their fields with their equipment, Thomas stated.

Shortage of Workers Develops in Houston

HOUSTON—(AP)—A shortage of workers developed on the Houston waterfront this morning when port activities returned to normal after termination of the two-week maritime strike.

Local 1273 of the Deep Sea Longshoremen's union could use 200 extra men this afternoon, union spokesmen reported.

It is customary to use transient labor to a great extent, when rush periods of work develop, the union representative said, and most of these people left the port area during the strike.

Scarcity of Eggs Seen by Department

WASHINGTON—(AP)—The agriculture department has forecast fewer and higher priced eggs in 1947.

It said production is likely to be 6 to 9 percent lower than this year because of a reduction in laying flocks.

Prices will be higher not only because of the smaller supplies but cause of legal requirements that producer prices be supported at somewhat higher levels than this year, the department added.

The department also predicted that a high level of consumer purchasing power and moderately short meat supplies will tend to keep demand for chickens and turkeys strong for the remainder of 1946 and the first half of 1947.

Ether first was used in a surgical operation in 1842 by Dr. Crawford Williamson Long.
