Arbitrator's Award In Strike Approved

Decision Is Due Today on Future Of Dairy Products

WASHINGTON—(AP)—The price decontrol board expects to decide today whether prices of milk, butter, cheese and other dairy products have risen "unreasonably" during the past month.

A spokesman for the three-member independent agency said it planned to announce the decision about 3 p. m. CST after commodity markets and trading have ended for the day.

If the finding is that prices have climbed too high, the board could direct return of OPA ceilings to single products, such as cheese or butter, or reimpose controls over the entire list of dairy products.

"Today's scheduled decision was set exactly one month after the board held on August 20 that milk and its products should continue free of OPA restrictions while the industry had a fair trial at holding its own prices in line with the market.

Meanwhile the panel emphasized that it can do nothing now about appeals concerning asserted "meat famines" growing out of its action last month placing meats and livestock back under price lids.

Through an information aide, the board said that under terms of the OPA extension act it can not consider decontrolling meats or any other controlled product unless a request first is made to the secretary of agriculture and rejected.

United Mine Workers Chief John L. Lewis wired the board that ended coal miners could not dig coal.

Tomorrow Is Day To Change Headgear

If you don't recognize you when you come home tomorrow night it may be because the old straw bonnet has been thrown in the discard in favor of the felt fedora.

As September 21 rolls around, and it usually does every year, the boss (?) of the household follows the annual custom of increasing the weight of his headgear.

Throughout the men's stores of Pampa felt hats are on display in large variety of hues and shapes. Many of the men eyed them enviously, they also eyed the prices, now is time to act.

The old straw hat will now be felt.

County Judge Sherman White and Gray county commissioners convened today in special session to select an architect for the construction of the \$550,000 Gray county hospital.

Seven architects have been slated to be heard before the commissioners today and possibly tomorrow. Judge White is presiding at the meeting.

Statewide Telephone Strike Threatening

By The Associated Press

As employees in several small telephone exchanges in Texas left their jobs and those in other cities met to consider what action they will take, a Houston official of the Southwestern Telephone Workers Union (IUD) predicted today that telephone workers throughout the state would leave their work by Sunday.

Such a walkout in sympathy with the local at Houston where a "continuous meeting" of 2,400 members had idled operator-serviced calls and repairs for two days, would involve up to 15,000 members of the union.

J. B. Patterson, division commercial superintendent of the Southwestern Bell Telephone company, said that workers at Flatonia, Rosenberg and Eagle Lake left their jobs last night and those at Columbus, Texas City and Hempstead quit this morning.

Union officials of Beaumont, Port Arthur, Orange, Nederland and Port Neches met at Beaumont this morning to decide what action would be taken.

Mrs. Jewell Whately, member of the executive board and general chairman for the commercial division of the union, said that the entire state telephone service would be crippled by Sunday.

She said locals were meeting throughout the state last night and today to decide whether to support the Houston local.

Elsewhere on the Texas labor front, 150 AFL bus operators in Beaumont and Port Arthur voted last night to continue a walkout which has tied up bus service in the two cities since Thursday. The main contention, according to A. F. Steele, international representative of the Amalgamated Association of Street-Car and Electric Railway Employees, is the union demand for overtime pay retroactive to May 1.

Today George Troutwine, district superintendent for National City Lines which operates the bus companies of both towns, said at Beaumont that the company has agreed to arbitrate all issues in the controversy leading to the strike.

Steele's only comment on Troutwine's statement was that the "waters are just getting muddy."

D. L. McGowan, president of the independent union, said from his St. Louis headquarters that the de-

U. S. Denounces Charge, Demands Full Cooperation

WASHINGTON—(AP)—The United States today denounced as "false and exaggerated" charges of improper treatment of Yugoslav officers. Simultaneously this country demanded cooperation from Marshal Tito's government in efforts to halt "objective and terrorist activities" of pro-Slav elements in the Anglo-American zone of disputed Venezia Giulia.

In a note made public three days after it was handed to the Yugoslav ministry of foreign affairs by American Ambassador Patterson, the United States emphasized that it "will not be deflected from its course of maintaining a 'fair and impartial administration' in the zone under its control.

"At the same time," the statement said, however, "it must once again deplore in the strongest terms the failure of the Yugoslav government to accord in this task the cooperation to which the United States government believes itself entitled."

A 700-word statement constituted the American answer to two notes of protest from Tito's government—one dated July 26, the other Aug. 14—which spelled out accusations of "improper treatment" of Yugoslav officers and men in the Anglo-American zone.

Although firm in tone, the note reflected improvement in diplomatic relations between the two countries.

OPA To Review Price Policy on Restaurant Meals

WASHINGTON—(AP)—Opa moved today to review its meal price policy as the restaurant industry promised aid to any cafe owner hauled into court for not observing new meat dish ceilings.

Wide differences persisted over how any higher meat prices could be justified.

Opa Administrator Paul Porter took this position:

"If the industry can show that its earnings are below 1942 levels then the restaurant industry should be provided under the law."

George R. Le Sauvage, chairman of the government relations committee of the National Restaurant Association, argued:

Opa already has been given ample proof of greater higher costs of food, labor and supplies but has declined to give figures on profits because these are "not conclusive and Opa does not have anything to do with profit control."

Le Sauvage told a news conference last night that because there are 525,000 restaurant operators it would be impossible to give accurate overall reports similar to those available as automobile manufacturing.

Le Sauvage told reporters it is clear the restaurant industry "is ready for a fight to the finish."

He said his association will do all it can to protect and help any restaurant operator cited for violation of Opa's August 16 order rolling back meat menu items to levels of June 30.

John L. Hennessy, chairman of the food committee of the American Hotel association, expressed a like stand at the news conference.

A group of Milwaukee restaurant operators yesterday secured a temporary injunction from a federal district court against Opa's enforcement of the roll back order. It is to be argued Monday.

Trial Witness Dies Violently

TOKYO—(AP)—Lt. Gen. Tatsuji Kusaba, scheduled to be a leading witness for Russia at the international war crimes trial, died violently early today. Russia army officers said Kusaba had gulped poison in the downtown room where they held him under armed guard.

An American investigator, Capt. Mike Frisch of Ithaca, N. Y., said the former commander of Japan's Kwangtung army "died violently and vomited considerably."

An intelligence officer said Kusaba arrived yesterday with two other Japanese prisoners the Russians plan to use as key witnesses against former Premier Tojo and 26 other war-makers.

"There is unmistakable evidence he took his own life," the prosecution reported officially. "In his notebook he mentioned certain failures in the performance of his military duties in Manchuria as the reason for his suicide."

The trial continued meanwhile with deputy prosecutor Frank S. Taylor explaining at the court's request, that he did not mean to exonerate civilian defendants by his assertion yesterday that the military forced its will on the Japanese government.

Little Damage Caused By Slight Explosion

Little damage was caused late yesterday afternoon when a fire caused by a faulty gas pipe broke out in the home of M. C. Dorman, 615 North Hobart St.

According to Fire Chief Ben White this morning the fire was caused by an explosion. Firemen extinguished the flare up by shutting off the gas meter on the outside of the house. There were no injuries.

Veteran's Priority System May Be Extended Back to Lumber Mills

WASHINGTON—(AP)—Housing Expediter Wilson Wyatt plans to extend the veterans' priority system all the way back to the lumber mills in a new effort to speed the flow of lumber into new homes.

This was learned today as leaders of the lumber industry gathered here for a meeting with housing and production officials. The lumbermen are expected to resist the new crackdown on grounds that it is unworkable and a harsher form of control than was imposed in wartime.

Reports were afloat in the lumber trade that Wyatt also proposes to tighten the government's requirement that 50 percent of all softwood residential lumber be set aside at the mill for priority buyers, but this was not confirmed as Wyatt's national housing agency.

NHA spokesmen did state privately, however, that the agency proposes to reinforce its sweeping construction-control orders of Sep. 1 with a broadening of the priority system.

Lumber yards and other dealers now are obliged to honor orders bearing the "HH" or housing priority and to hold 80 percent of their residential-type lumber for priority users. But NHA believes, the

Peace Parley Upholds Plans Of Big Four

PARIS—(AP)—The Paris peace conference upheld today the Big Four agreements on the Italian-Yugoslav boundary and the borders of the future free state of Trieste. The Italian political and territorial commission beat down in vote after vote every effort to revise the proposed frontiers.

Faithful to her Big Four commitments, Russia cast her ballot against the boundary revisions, even though some of them were proposed by the Italian bloc, which she frequently has backed.

Edvard Kardelj, deputy premier of Yugoslavia, declared after the voting that he "regretted the commission preferred the method of the vote in place of conciliation." He insisted that his earlier remarks, in which he declared Yugoslavia would not sign a treaty which she considered "unfair," be entered in the commission's record.

The commission balloted 11 times on proposals to change the borders of the internationalized, free area of the port of Trieste, fixed by the Big Four along the so-called French line and bounded on the north by a line drawn from Buzio to the French line, voting down all of them, except one, by a 13 to 5 count.

White Russia, Poland, Czechoslovakia, the Ukraine and Yugoslavia most cases and Belgium and Ethiopia abstained. On the other proposal, one by South Africa to enlarge the area so as to include Pola and the Italian cities down the Istrian peninsula, the vote was 12 to 6, with Australia, Brazil, Canada, New Zealand and the Netherlands supporting South Africa. Belgium and China abstained.

In that vote it was the other three Big Four members who remained faithful to their commitments, since the South African proposal em-

Cabinet Change Made Known in Statement Today

By The Associated Press

Standing before a jammed news conference today President Truman read his statement which carried the news of the resignation of Henry A. Wallace as secretary of commerce.

Here is Mr. Truman's statement: "The foreign policy of this country is the most important question confronting us today. Our responsibility for obtaining a just and lasting peace extends not only to the people of this country but to the nations of the world.

"The people of the United States may disagree freely and publicly on any question, including that of foreign policy, but the government of the United States must stand as a single entity in its relations with the rest of the world.

"I have today asked Mr. Wallace to resign from the cabinet. It had become clear that between his views on foreign policy and those of the administration—the latter being shared, I am confident, by the great body of our citizens—there was a fundamental conflict.

"We could not permit this conflict to jeopardize our position in relation to other countries."

"I deeply regret the breaking of a long and pleasant official association, but I am sure that Mr. Wallace will be happy in the exercise of his right to present his views as a private citizen."

"I am confirmed in this belief by a very friendly conversation I had with Mr. Wallace on the telephone this morning.

"Our foreign policy as established by the congress, the President and the secretary of state remains the same."

Collective Farm System in Russia Is Being Probed

MOSCOW—(AP)—Soviet Russia decried today a "liquidation of violation" in the collective farm system, the backbone of this country's agriculture, with prosecution of various officials for theft and other crimes.

Prime Minister Stalin and Col. Gen. A. A. Zhdanov, secretary of the Communist party central committee, signed a presidential decree in a series of measures affecting Russia's postwar affairs.

(On June 26 officials disclosed the autonomous republics of the Crimea and Chechen-Ingush had been reduced to the status of provinces, and many of their inhabitants resettled in other parts of Russia for "anti-state" treason. Action has been taken against local party leaders in the Ukraine accused of attempting to revive "Bourgeois-Nationalist Conceptions" and against composers, writers and editors who incured the charge of "anti-state" treason. The release of Maxim M. Litvinoff, former ambassador to the United States, as a deputy foreign minister Aug. 24 also aroused speculation about the decree.

The decree cited incorrect payment for workdays to collective farmers; misappropriation of public funds; and other crimes.

Foreign Policy Is To Stand in Effect

WASHINGTON—(P)—President Truman today fired Henry Wallace as secretary of commerce in a dramatic reaffirmation of this country's stand at the Paris conference.

Wallace bowed out of the cabinet with the terse announcement that "I shall continue to fight for peace." His aides told reporters, however, that he "will make no campaign speeches this fall."

Mr. Truman gave his "full endorsement" to the policies being pursued at the Paris peace conference by Secretary of State Byrnes and the American delegation.

"Our foreign policy as established by the congress, the President and the secretary of state remains in full force and effect without change," the President declared.

While solidifying American foreign policy abroad, the cabinet upheaval was viewed as presaging a possible split in the Democratic party's fight for congressional seats this November.

Demos, GOP Comment on HST's Action

By The Associated Press

Harold I. Ickes, who also served in the original new deal cabinet, said today in Washington that "Wallace's comment on this with more credit than Truman."

Ickes left the cabinet several months ago after a row with President Truman over the nomination of Edwin W. Pauley to be under-secretary of the navy. When Franklin D. Roosevelt entered the White House in 1933, he named Wallace secretary of agriculture and Ickes to the interior department.

Ickes told reporters "I don't think it is very brave on his (Mr. Truman's) part" to "oust Wallace. He added that Wallace had "over-stayed himself in the cabinet," but said the President "humiliated himself in agreeing to the speech on foreign policy, and then throwing Wallace to the lions" when "all of this row was kicked up."

Other comment:

In Chicago, Senator Taft (R-Ohio), a senate GOP member, said: "I don't see how he (Truman) could do anything else and have an administration foreign policy at all."

Rep. John Sparkman of Alabama, head of the administration national committee's speakers bureau and a caller on President Truman after the Wallace announcement:

"It came to me as a complete surprise. I think under the circumstances there was no other alternative."

Governor Chauncey Sparks of Alabama, who accompanied Sparkman to the White House, told reporters he "regretted the resignation of Mr. President," when advised by Mr. Truman of the Wallace action.

CIO President Philip Murray, who supported Wallace for the vice presidential nomination at the 1944 democratic national convention, declined any immediate comment and told Washington newsmen he was "not sure" if he would comment later.

Steele Resigns as School Principal

Pampa—Aubrey Steele, principal of Pampa Junior high school for the past year, has resigned to accept a position with the Security Federal, located in the Combs-Worley building, it was learned today.

Steele, who began in school work with a teaching position in 1935, prior to 1945 was assistant principal at Senior high. His first position in Pampa was as assistant of the history department, Senior high, which he accepted in 1938. He is a graduate of the University of Oklahoma, and holds both bachelor and master degrees.

H. M. Lane, former superintendent of schools at White Deer, has been secured as Pampa Junior high school principal. E. C. Wilson, chairman of the Pampa Independent District school board, announced today.

Steele, whose resignation becomes effective October 1, said: "I hate to leave the school, of course, but I'm going to continue to be interested in the schools here and their problems."

Steele is active in the Pampa Kiwanis club, as well as school work.

Fall Camporee Being Planned for Scouts

At the scoutmasters monthly roundtable meeting which was held last night, plans were made for the fall Camporee to be held at Lake McClellan, October 5-6, Scout Commissioner Hueley Laycock announced today.

Plans were discussed on the annual Merit Badge show to be held during Boy Scout Week.

Hugo Olson, scout executive of the Adobe Walls council, spoke at the meeting. He said he will be in charge of the various phases of Boy Scout work, in cooperation with Boy Scout Week.

In attendance were Laycock, W. C. Freest, Russ Kennedy, Stanley Brandt and Olson.

Sit-Down Demonstration Staged in Behalf of Conscientious Objectors

WASHINGTON—(AP)—Justice department police foiled a new attempt by two self-styled conscientious objectors (C.O.'s) to carry out a sit-down demonstration in Attorney General Clark's office.

As the men, who had camped for the night on the department's steps, tried to enter the building, two guards blocked the entrance.

A sergeant who refused to identify himself to reporters, told the men they could not enter without a pass.

One of the demonstrators, who said he was Roger Axford of Chicago, told the guard:

"I'll try to call Mr. Clark on the telephone. But I want you to know we'll be here until we see him."

The demonstrators said they are trying to convince the attorney general that conscientious objectors should be freed from jail.

Elected from the building last night after spending two hours and 16 minutes in Clark's office ante-room, the two remained outside the door through which Clark usually passes to reach his office.

Equipped with sleeping bags and containers of food, they promised a

Male Populace To Outnumber Women

The male populace will continue to outnumber Pampa and Gray county in numbers at least. This fact seemed apparent from a glance at birth certificates which revealed there have been approximately four boys born in the county this year to every three girls.

At the close of last month the sex ratio was 135 boys to 146 girls.

New Soap Box Derby Plans Are Being Made, Akron Finalists Are Limited

Groundwork is already being laid for the tenth annual All-American Soap Box Derby, to make it the most important and colorful event in the history of the "greatest amateur racing event in the world." The grandstands at Derby Downs, Akron, Ohio, will be enlarged. Helms for the boys are being redesigned. The list of prizes and trophies is being overhauled.

The All-American Soap Box Derby is sponsored nationally by the Chevrolet Motor Division of General Motors Corp. The 1946 Derby was co-sponsored by 112 of America's newspapers, including The Pampa News. It was co-sponsored here by the Lions club.

ALWAYS Remember "MARTHA IVERS" LANORA • Sun. thru Wed.

Enthusiasm for the tenth annual race is already running high and more than 230 newspapers and local civic organizations have asked permission to sponsor the race in their community in 1947. Myron E. Scott, national Derby director, said, however, that the majority of Derby Downs where the national finals are held, is 200 racing cars. This will be the limiting factor in selecting

the co-sponsoring newspapers. At a recent meeting of Derby officials and wheel manufacturers, specifications were laid down so that the 1947 official Derby wheels, to be produced by two manufacturers, will all be standard and alike. All will have the same kind of rubber tires, same steel, same bearings and will run at the same speed. They will all sell for the same price. This move was taken to put all racing cars on an equal basis as far as wheels are concerned.

The National Contest Board is to meet within a week to discuss changes in the rules, and the new rules will be available for distribution on Jan. 1, Scott said.

A special tenth anniversary emblem already has been designed for use on printed and display matter. It will be used in addition to the regular shield-type Soap Box Derby emblem which has become a feature of all Soap Box Derbies in the past.

Tips for Teens

By ELINOR WILLIAMS

Good manners are part of having a good time, because it's easier to have fun when you know exactly what you're expected to do and how to do it. So here's a brush-up on introductions.

Introduce the boy to the girl, the man to the woman. Like this: "Joan, this is Bill Jackson." Or "Mother, this is Mr. Brown, my English teacher."

Present the younger person to the older one. "Mother, this is Betty Smith."

Boys always stand up when they're introduced. Girls rise when they are introduced to an older person, but not when they are meeting one of their own age.

Boys always shake hands when they are introduced. Avoid a lifeless hand-clasp or a bone-crusher grip, cultivate a happy medium.

When a girl meets her boy, she waits for him to extend her hand. When girls are introduced, they usually skip the hand-shake. It's no longer considered necessary to remove your glove before shaking hands or to apologize for wearing it.

Introductions are acknowledged simply with "How do you do?" and a friendly smile. "Glad to know you," and "Pleasant to meet you" are strictly non-Emily Post.

When you say goodbye to a new acquaintance—"Goodbye, I'm very glad to have met you." The new acquaintance replies—"Thanks, I've enjoyed meeting you."

If you're not sure of the name of the person to whom you're introduced, ask to have it repeated. This is better than mispronouncing the name.

Sports Round-Up

By HUGH FULLERTON, JR. NEW YORK—(AP)—In a year of record-breaking baseball crowds, the attendance for the 1946 World Series likely will be the smallest in a good many seasons. The Red Sox already have sold out for the games at Boston, but the capacity of Fenway Park is listed as 35,000.

Sportsman's Park in St. Louis seats 34,000 and if the Dodgers should beat out the Cards, that would add only about 1,000 customers for four games. That means if the Red Sox and Cards should play seven games they'd draw only 241,000 customers. Last year the Cubs and Tigers pulled in a record 333,457 for seven games.

ANSWER, PLEASE Paul Hilliard, who hits a ball far but infrequently, played for Galax and Radford, Va., in the early part of this season and then turned to umpiring in the same circuit when Prexy Joe Ryan encountered a shortage of men in blue. At Radford, the left field fence is so far from the home plate that they claim "it's a good drive in an automobile," but Hilliard managed to drive the ball over it twice in one game. A major league scout asked Ryan one day if any of the players ever hit that far. "No one but the umpire there," said Ryan, indicating Hilliard who was officiating at the plate. "What sort of a league is this?" the scout demanded. "The umpire bats and he's the only one who clouts them over the wall."

By WILLIAM E. GILROY, D.D.
What is covetousness? Probably
we might define it as the inordi-
nate desire for possessions, or the
desire or purpose to possess for one's
self what rightfully belongs to an-
other. Covetousness on a vast scale
has played a large part in the social
and economic life of the world—
far more to the injury of man than
we realize.

CHURCH OF CHRIST
RADIO SERMON: Each Saturday Morning, 11:15 to 11:30.
(Are you listening? We would be glad to hear from you!)
SERMON SUBJECT FOR SUNDAY, Sept. 22:
11:00 A. M.—'The Identity of the Church.'
7:30 P. M.—'The Joy of Cleanness.'

The prophets predicted that the house of God
would be built in the last days, in Jerusalem;
and that all nations would flow into it. Paul
calls the house of God, the church in the liv-
ing God. Jesus said, "upon this rock, I will
build my church." After he arose from the
dead he said "Repentance and remission of
sins should be preached in his name unto all
the nations, beginning from Jerusalem." After
Jesus ascended the apostles went to Jerusalem
and the Holy Spirit came upon them to guide
them into all truth; then they preached "re-
pentance and remission of sins," and about
three thousand were baptized. Then, and
there, the Church of Christ had its beginning.
From that time on, Christ adds all the saved
to His Church. The conditions on which an
alien sinner can be saved and added to THE
CHURCH OF CHRIST, by Christ himself, are:
Faith in Christ; Repentance of all sins; Confessing Christ before
men; and Baptism for the Remission of Sins.—WE URGE YOU
TO OBEY THE LORD SO HE CAN ADD YOU TO HIS CHURCH.

Highland Park's Scotties Make Early Schoolboy Bid

By The Associated Press
Highland Park's Scotties, sparked by Rusty Russell, son of their former coach who is now an aide to Matty Bell at SMU, have served notice that they are out to defend their share of the state co-championship of Class AA football.

The Highlanders opened their campaign last night with an impressive 25-7 win over the North Dallas High Bulldogs before 11,000 fans at Dal-Hi stadium in Dallas, with Russell scoring two touchdowns. Waco's Tigers, who share the 1945 crown with Highland Park, open their drive tonight in Waco against the Austin Maroons.

Henderson Oilers Take Opener With Texarkana Bears

By The Associated Press
Henderson's Oilers are one-up on the Texarkana Bears in the final series of the East Texas league play-off.

The Oilers, after taking a commanding early lead, held on to a late Texarkana rally last night to take the series opener, 7-6, at Henderson. The teams will meet there again tonight before moving to Texarkana for games tomorrow, Sunday and Monday.

Texarkana had the tying run on base in the ninth inning last night when Bobby Lusk retired the side on a long fly to right field, after one in had crossed the plate.

The Bears had scored four times in the eighth on four hits, including a triple by Lusk, and two walks. Henderson took an early lead by jumping on Valle Eaves, the Texarkana hurler, for five hits and five runs in the second. Two more tallies were added in the third on three hits. After that, Eaves settled down and blanked the Oilers, who finished the regular season in first place.

TEXAS PICKED TO WIN OVER MISSOURI II

By The Associated Press
The Southwest conference football campaign begins tomorrow with defending champion Texas taking up right where it left off last January in the Cotton Bowl—meeting Missouri's Tigers in one of the nation's feature intersectional games.

Four other conference members—Texas Christian, Texas A. and M., Baylor and Arkansas—also swing into action, the Christians in another intersectional headliner as they meet the Kansas Jayhawks at Kansas City in a night game. A. and M., Baylor and Arkansas have what are considered breather games, with the Aggies engaging North Texas state at College Station, Baylor meeting Southwestern at Waco and Arkansas entertaining Northwestern Louisiana state at Fayetteville.

Arkansas vs Northwestern Louisiana State at Fayetteville—A romp for the heavily-manned Razorbacks of Arkansas.

Baylor vs Southwestern at Waco (night)—Baylor ought to win by three touchdowns at least.

Texas A. and M. vs North Texas State at College Station—a fair work-out for the Aggies: say 34-0.

With three of five games of intersectional nature, the conference will soon know how it stacks up with other areas. It should be on the winning side of the ledger this week but remembering what happened in the Cotton Bowl and realizing the strength of Kansas, there is some uncertainty that the conference will capture more games than it loses. Arkansas is considered a certainty to trim northwestern Louisiana.

The other two conference members—Southern Methodist and Rice—open the campaign next week.

Cafe To Welcome Football Fans

Pampa's eating and meeting place during the baseball season, the Court House cafe is ready to serve after the game football fans with delicious steaks, lunches, sandwiches and coffee at any time, day or night.
One of Pampa's oldest established restaurants, the Court House cafe is owned and operated by Loyse Caldwell and M. M. Munson, who purchased the establishment in January of this year from P. B. Wright. The restaurant has only recently been inspected and fully approved by state and local health officers and is also a member in good standing of the Texas State Restaurant association.

Mr. Munson and Mr. Caldwell said they have enjoyed serving not only baseball fans after the game, but players and officials of the team itself.
Included among the many different types of meats served are T-Bone steaks, club steaks, chicken fried steaks, fried and baked chicken, veal cutlets and many varieties of fish. Fresh oysters and shrimp are also served in season. For those who desire it, the restaurant also has a small private dining room where families and friends may get together for a delicious meal in exclusive quietness. The management of the establishment requests that reservations be made for the dining room.

The public is reminded that the Court House cafe never closes. It is conveniently located near the city hall, court house and office buildings.
The telephone number is 778.

"There is NOTHING too big for us to move," stated J. D. Wright, Sr., of the firm of J. D. Wright and Son, 119 South Starkweather... certainly this seems to be the case because some of the recent jobs handled are so immense they almost defy belief—but the fact remains that anyone who has a real big, mean job of moving can get fixed up quickly by calling 788.

Beaumont City Bus Line Operators Strike
BEAUMONT—(AP)—A strike of operators of city bus lines in Beaumont and Port Arthur began here at 1:15 a. m. today. The drivers demand a pay boost from 83 cents to \$1.10 an hour, according to George Troutwine, manager of the Beaumont city lines.
About 150 members of the Amalgamated association of street and electric employes of America are involved. The company is the National city lines.
Troutwine said late last night that a compromise offer had been forwarded to the union's international headquarters. Local union officials said the matter is out of their hands.
The union also seeks overtime pay for work over eight hours in one day instead of after 54 hours in one week.
