Grand Jury Asks Change in Liquor Control Agents

A 31st district grand jury, in its report to the court, today recommended "a complete change in the personnel of the liquor control board agents in Gray county and this section of the Panhandle," charging the agents with "most unbecoming" conduct and with seeking to "cause friction and unrest in local law enforcement bodies."

It was learned today that the grand jury had spent most of two days' work on an investigation of what it said were complaints about the liquor control agents' activities.

Meat Scarcest Food Item in Larder of U. S.

(By the Associated Press) Meat is the scarcest food item in the nation's cupboard; hundreds of thousands of workers are unemployed in strike-hit cities, and food housing shortages have reached critical proportions in many communities.

These facts were disclosed today in a nation-wide survey conducted by the Associated Press.

Samplings of conditions in cities from coast to coast also showed that the family larder was short of sugar, soap, fats and oils.

In the housing field, public housing authorities said they had long waiting lists for applicants for practically non-existing living quarters, and that apartments were "impossible to find" in some places.

This is how the situation stacked up in the various cities:

NEW YORK—Food: OPA investigators found only about 55 percent of retailers had meat for sale. Housing: highly critical, according to local authorities. Strikes: largest port at standstill through maritime strike. Truck: strike cutting food supplies. Unemployment: state department of placement and unemployment insurance said 150,000 workers out of work.

WASHINGTON, D. C.—Food: meat fast dwindling with sugar and shortening equally scarce. Unemployment: estimated 20,000 to 25,000 jobs with available positions estimated at 400. Housing: individuals needing adequate living quarters estimated "in excess of 100,000."

SAN FRANCISCO—Food: meat scarcest. Strikes: 14,000 on strike affecting 280 firms with an estimated 184,000 laid off. Housing: chamber of commerce estimates housing is short 35,000 family units.

NEW ORLEANS—Food: meat scarcest. Housing: acute. Unemployment: 22,000 estimated jobs. Strikes: one.

CHICAGO—Food: meat scarcest food in this important livestock center. Strikes: 12, involving 1,675 workers. Unemployment: commission reports 75,000 compensation claimants. Housing: metropolitan home builders association says work started on 11,000 homes and priorities issued for 19,000. Lack of materials has brought work on 8,500 units to a standstill.

DENVER—Food: fats, oil, and pork listed on scarce list. Strikes: one department store walkout involving about 700 persons. Unemployment: USBS estimated 12,500 jobs with openings for only 500. Housing: city housing authority said situation "could not be more critical."

KANSAS CITY—Food: beef and pork scarcest. Strikes: four involving 825 employees; unemployment; USBS says 35,000 out of jobs in greater Kansas City and adjacent suburban areas. Housing: city research department estimates that 4,000 dwelling units needed immediately and 19,000 in near future.

BIRMINGHAM, Ala.—Food: meat scarcest item. Strikes: one, involving 150 workers. Unemployment: 10,000 jobs. Housing: "still desperately short" with an estimated 12,000 additional units needed.

JACKSONVILLE, Fla.—Food: meat scarcest. Strikes: only maritime. Unemployment: housing shortage acute.

Damages Sought for Grave Desecration
DALLAS—(AP)—A suit seeking damages of nearly a quarter of a million dollars and alleging desecration of graves in the Legow cemetery here has been filed in 95th district court by J. T. Reese, his wife and 109 other plaintiffs against C. C. McLaughlin, Sidney Mary Langley and Julia H. Kent.

The petition alleges that lumber and debris were piled on cemetery graves and that automobiles and bulldozers had run over the land, breaking some of the tombstones.

This Is the Day for Black Cats and Ladders—Friday, September 13

With the possible exception of those who say they were just "born unlucky," many Americans will breathe a sigh of relief when this day—Friday, September 13—is over.

However, things seem to be going just about the same as usual.

The Pampa Harvesters will go ahead and play the Elctra Tigers at Harvester park tonight. The Kiwanis club met today at the First Methodist church and the Pampa Oilers will play the Amarillo Gold Sox at Amarillo tonight, if it doesn't rain.

There were two Friday's falling on the 13th last year—in April and July—and there will be one next year, coming in June.

However, there's one more to worry about this year,—coming in December.

Luck Is So Bad, He Just Stays in Bed
HILLSBORO—(AP)—Jimmy Spear, farmer living near Hillsboro, remained in bed today as usual on this date. He had had so much bad luck on Friday the 13th that he refuses to get up when Friday and the 13th fall together.

The local control agent is Bill Money, who returned to the employ of the board after having served with the armed forces. Dan Lowe, supervisor of the area, is located at Amarillo. He and other members of his staff are known to have operated in the Pampa area and Gray county.

Section IV of the grand jury report had this to say of the liquor control board activities in this locality:

"The grand jury wishes to report that it has made an investigation of the activities of the agents of the liquor control board in this locality. The grand jury has received numerous complaints as to the manner in which these agents had been conducting their business in the past. The grand jury wishes to report in this respect that the investigation made by it has caused it to conclude that the manner in which the agents of the liquor control board in this locality have conducted themselves has been most unbecoming."

Thirteenth Gives Out With a Storm

MIAMI, Fla.—(AP)—The first major tropical storm of the year in the Caribbean Sea today moved northeastward through the Atlantic after lashing a portion of the Bahamas with 65 to 85 mile winds.

The present movement of the storm is taking it away from the Florida mainland, the federal storm warning service advised. The disturbance, described as small but intense, was expected to grow in size and intensity.

Its early morning position placed its center 275 miles northeast of Miami in latitude 27 degrees 2 minutes north, longitude 76 degrees 2 minutes west.

The village of Hopetown, on Great Abaco island, the Bahamas, was raked with winds of 65 mile sustained velocity and gusts of 85 miles an hour.

Clear Foreign Policy Advocated

Controversy Over Wallace's Speech Seen

By JOHN M. HIGHTOWER Associated Press Diplomat

WASHINGTON, (AP)—Diplomatic authorities frankly predicted today that Secretary Wallace's foreign policy speech will stir a hornet's nest of controversy over American-Russian relations.

Despite President Truman's assertion that no departures from established United States foreign policy were involved there was wide speculation that it might also result in a sharp split between Wallace and Secretary of State Byrnes, now at the Paris peace conference.

Calling for frank recognition of Russian and American "spheres of influence," Wallace at the same time denounced any "get tough with Russia" policies. He demanded that this country abstain from close cooperation with Great Britain in controversies involving the Soviet Union.

The cabinet officer delivered the speech in New York last night at a meeting sponsored by the national citizens political action committee and the independent citizens committee of the arts, sciences and professions.

Long before its delivery, however, advance copies were made available in abundance at A. Wallace's office at the Commerce department here, and the contents had become known to state department officials.

The initial reactions of these officials appeared to be one of surprise and bewilderment.

Senators Drive To Kill Off OPA By April First

WASHINGTON—(AP)—A drive to kill OPA next April—three months ahead of its scheduled death date—is shaping up among senators.

Discussed quietly by some members of both parties, the proposal was brought into the open by Senator Taft (R-Ohio).

He told the Ohio republican state convention at Columbus Wednesday that price and wage controls should be "completely abolished" by April 1, with rent controls for not to exceed one more year transferred to the national housing administration.

Expanding on the plan in an interview, Taft noted today that under the current OPA act all food subsidies must come to an end by April 1.

He said he saw no reason why the price administration could not be liquidated at the same time.

An influential democratic senator, heretofore closely allied to the administration, told a reporter on the condition his name not be used that "the greatest mistake" he had made in his long congressional career was to vote for extension of the price control law last July.

He predicted a successful drive to abolish OPA as soon as congress reconvenes next January.

There is no indication that President Truman would accede willingly to abolition of OPA ahead of the present June 30, 1947, deadline. In vetoing the original OPA extension bill and asking for a new one, the President's No. 1 recommendation was for a full year's extension.

Texas War Dead To Go To Fort Worth Depot

FORT WORTH—(AP)—The Fort Worth Quartermaster depot has been designated as a distribution point in the program to return to the United States all World War II dead who were buried overseas.

The depot will serve as a distribution point for North Texas, Oklahoma, Northern New Mexico and Northern Arizona for bodies received at New York ports, and for Northern Texas and all of Oklahoma for those received at San Francisco.

Tenatively designated to be among the first returned are bodies now interred in eight military cemeteries at Pearl Harbor, the Philippines and in Belgium.

Meat Packers Will Take Strike Vote

DALLAS—(AP)—A strike vote was scheduled here today for members of the United Packing House Workers local 356 to determine if a strike will be called against the local branch of Swift and company in support of new contract demands.

W. L. McMahon, representing the CIO International Packing House Workers of America, said the union is seeking a guaranteed annual wage, one dollar an hour minimum wage, equal pay for women, paid vacations and holidays, jobs for disabled union veterans and union security.

OPA LAUNCHES WAR—An OPA investigator, right, face censored, prepares to use a blackjack on a Los Angeles auto salesman who attempted to flee as U. S. agents cracked down on violators of used car ceiling prices in the California city. The salesman shown was not detained and no charges were filed against him although wholesale arrests were made and violators were booked on criminal charges in the drive.

Anglo-American Plan To Continue--Truman

WASHINGTON—(AP)—President Truman's offhand disclosure that the wartime military collaboration of the United States and Britain is to remain intact for a time produced little surprise in this capital today.

But what significance, if any, might be read into it by other world powers remained an open question.

The chief executive was asked at a news conference yesterday if it could be assumed that the combined chiefs of staff—the group of high military commanders of the two nations who collaborated in planning and prosecuting World War II—would continue in existence until the war's end was proclaimed officially.

Sure, answered the President. But he disagreed with the questioner's phrasing—whether the visit of Field Marshal Viscount Montgomery "points up the fact" that the combined staff still exists. There is, said the President, nothing significant in the visit of the British chief of staff to the United States, except that it is a friendly gesture.

The Field Marshal had told another news conference some 24 hours earlier that whether the combined chiefs continued was "entirely a matter for heads of government."

Officials said that obviously the wartime functions of the combined staff are not being carried on in the post-hostilities era but only those applicable to peacetime conditions or necessary to close out the wartime activities.

Since American land or naval forces still operate in geographic regions where British forces are located or supplies are involved, the combined chiefs have a continuing interest.

The United States presently carries alone the occupation duties in the Japanese homeland, but Gen. Dwight D. Eisenhower, army chief of staff, has said the war department assumes Britain eventually will share this duty.

At no point during the war or since has Russia been a partner in the exclusively Anglo-American combined chiefs set up.

Nip Denies Eating Flesh Knowingly

GUAM—(AP)—Japanese Lt. Guji Isogai conceded at his war crimes trial today that he may have eaten human flesh but denied doing so knowingly.

Isogai related that he attended a saki party at which "a funny kind of meat" was served. He said he asked his commanding officer "You are not going to feed us human flesh are you?" and was told "at times you may be right."

He testified he regarded this as a joke, but rumors later convinced him it might have been real.

Isogai is accused of having removed and eaten the flesh of an American prisoner of war on Chichijima in February, 1945.

A navy surgeon, Lt. Kanehisa Matsushita, another defendant, testified that he removed the liver from an American POW's body on March 5, 1945, at Chichi on orders of his commanding officer, Lt. Yasuo Kurasaki. He said he asked Kurasaki what he was going to do with the liver and the officer replied "leave this to me."

He said that despite his protest he was ordered "to go ahead quickly."

He said he saluted the body before dissecting it. He testified that he sewed back the head, which had been almost completely severed by the executioner's stroke.

Heckling and Booing Breaks During Speech

NEW YORK—(AP)—Secretary of Commerce Henry A. Wallace was interrupted by booing and heckling in a White House approved speech at a Madison Square Garden rally last night when Senator Claude Pepper (D-Fla.) was applauded by attacking our "underlying foreign policy."

The two men who have been on the same side in many foreign and domestic issues, spoke before an audience of 19,000 at a rally sponsored by the National Citizens Political Action committee and the Independent Citizens Committee of the Arts, Sciences and Professions.

Wallace who said the United States must adopt a clear and realistic policy of its own to avoid another war first was greeted by hisses and boos when he said he was "neither anti-British nor pro-British" neither anti-Russian nor pro-Russian, and added:

"Just two days ago, when President Truman read these words, he said they represented the policy of his administration."

Another round of heckling broke out when Wallace, speaking of Russia, said "her type of land reform, industrial expropriation and suppression of basic liberties offered the great majority of the people of the United States."

At this point Wallace laid aside his notes. See **WALLACE**, Page 6

City To Enforce Traffic Laws in All Local Zones

All city and state laws regarding traffic near schools and those applying to school buses on highways are to be strictly enforced, according to announcements by local law enforcement officers.

Chief of Police Louis Allen warned motorists that the 15-mile-an-hour speed limit is now in effect within one block of each of the public and parochial schools in Pampa and he urged that drivers observe extreme caution near these schools.

In pointing out some of the "danger points" in the city, Allen said the 300 block on North Cuyler between Francis and Browning streets is one of the spots where extreme caution should be used.

Students from the Junior high school are crossing the street practically every hour during the day there and seldom go to an intersection to cross, he said.

The chief said a motorcycle patrolman would be on duty at all times in the Junior high school area and that while crossing lanes would soon be painted across the street in the 300 block on Cuyler.

He also cited the streets approaching the Sam Houston school at the corner of Frost and Cook streets as areas to observe caution.

Other points in which caution should be observed include the Baker school zone, particularly on those streets which intersect with Cuyler and Barnes and the intersection of Barnes and Frederick. A traffic light is soon to be placed at the latter intersection.

On the highways, state law requires that motorists approaching a school bus must come to a complete stop if the bus stops to take on or discharge passengers. Failure to do so can result in fine or imprisonment.

National Guard Plans Are Made

Pampa may be the site of one of the first post-war units of the Texas National Guard provided adequate quarters can be obtained, it was announced today.

Lt. Col. C. N. Morgan of the adjutant general's office in Austin met with a group of local civic leaders and school and chamber of commerce officials this morning and outlined preliminary plans for the unit.

Colonel Morgan said the establishment of a unit here depends largely on the ability of the Guard to secure adequate temporary quarters until such time as permanent quarters can be built.

If located here, the unit would be composed of seven officers and 180 enlisted men.

For preliminary work two local men would be selected to receive officer training and help organize the unit.

Colonel Morgan, a combat veteran of World War II, praised the attitude of veterans organizations here and said he hoped to make Pampa the first in the state to be organized in the state despite the fact that several other Guard "strongholds," such as San Antonio, have already started organizing work.

DISAPPEARING ACT
ST. JOSEPH, Mo.—(AP)—Three days ago Orville Kossow's car broke down near here and his family were on the way from Kansas City to Fort Dodge, Mo.

He sent his family home and had the car hauled into a farm yard. Then he couldn't remember how to get back to the farm.

For three days he and police covered every mile of every gravel road in the area with no success. At last, Adelrich Henggeler called police and asked them to help him find the man who had left the car in his farm yard.

Nation's Shipping Continues Halted

WASHINGTON—(AP)—The AFL swung a new verbal sledgehammer against the government's wage-price stabilization setup today as CIO sailors took over the strike banners which AFL seamen appeared ready to drop.

Moving swiftly to overcome this new crisis, the maritime commission met to consider giving the CIO the same wage benefits won by the AFL.

AFL President William Green renewed his attack on the wage stabilization board which the White House by-passed in producing a formula for ending the AFL seamen's strike. Green demanded that the board's two public and two industry members resign.

With shipping still at a standstill as a result of the sudden CIO strike, Green issued a statement saying:

"The wage stabilization board now stands repudiated and disgraced. Its public and industry members have forfeited the confidence of the public and labor and should resign at once."

As the commission went into executive session, members indicated they would follow the recommendations of their labor relations Director J. Godfrey Butler, that wage increases be granted by the CIO as well as to AFL seamen.

Butler told a reporter he thought the commission "would seek to extend to the CIO the same increases as were given to the AFL seamen."

The two men who have been on the same side in many foreign and domestic issues, spoke before an audience of 19,000 at a rally sponsored by the National Citizens Political Action committee and the Independent Citizens Committee of the Arts, Sciences and Professions.

Wallace who said the United States must adopt a clear and realistic policy of its own to avoid another war first was greeted by hisses and boos when he said he was "neither anti-British nor pro-British" neither anti-Russian nor pro-Russian, and added:

Specific Plan On Freedom of Press Wanted

LAKE SUCCESS, N. Y.—(AP)—The American Society of Newspaper Editors pressed the United Nations today for action not later than this fall on a specific program for world freedom of information and the press.

"It is imperative that concrete action on world freedom of information should come from the United Nations assembly this autumn," said the editors' proposal, presented to the U. N. economic and social council yesterday by Wilbur Forrest, president of ASNE and chairman of its committee on world freedom of information.

Delay, the petition said, would discourage the world press and "tend to weaken faith in the United Nations itself."

The program was formally presented to the U. S. some time ago, but no action has been taken beyond creation of a sub-commission on the subject by the economic and social council's commission on human rights.

Bearing the endorsement of Secretary of State Byrnes, British Prime Minister Attlee, Generalissimo Chiang Kai-shek, Gen. Douglas MacArthur and the governors of 41 states in the United States, the plan envisages adoption by the U. N. of a four-point convention for acceptance by the individual nations.

The convention would declare against government or private monopoly of media of information, refuse to recognize the right of governments to censor or infringe upon information paid for in whole or in part by a government, group or person, and recognize that friendship among nations depends on freedom and exchange of information.

The proposal was submitted to Soviet Foreign Minister Molotov at Paris, but he has not replied. The editors said they expected support from President Bidault of France.

In supporting the editors, Secretary Byrnes advised them he was "convinced that future harmony among nations would be greatly increased if all the peoples of the world were given maximum freedom of access to all information, particularly that bearing on international problems and including controversial matters."

SUNDAY SCHOOL LESSON
Scripture: Exodus 22:21-23; Deuteronomy 24:14, 15; Matthew 25:31-41.
By WILLIAM E. GILROY, D.D.
The treatment of minorities is a vexed and troubled issue in our modern world. Prejudice and hatred have occasioned colossal suffering and tragedy. The Jews, who enunciated passages in our lesson the law of kindness and fairness towards the stranger, are the chief victims of this murderous inhumanity.

Even in the United States and in a measure in Canada, where we have prided ourselves of enabling persons of widely varied sorts in origin race and creed, to live amicably together, the monstrous ogre of prejudice against minorities has raised its vile, denunciatory voice. The law of the stranger is something to be studied, not only in relation to a far-off time in Israel, but as something vitally affecting every modern community.

It is interesting to note the ground on which the law of the stranger in Israel was based, viz. that the Jews had themselves been strangers in Egypt. People do not commonly profit so well and favorably from their own experience. It is often those who have been the victims of racial and social prejudice who are most relentless in their prejudice against others. In a Connecticut town some years ago, a local citizen remarked to me upon the fact that the most prejudiced against the Italian immigrants were the children of the "paddy-Irish," whose parents had been subject to social taboo a generation earlier.

Where differences are great, likes and dislikes are not unnatural, and

L. H. ANDREWS
Picture above is L. H. Andrews, minister of the Central Church of Christ, 500 N. Somerville. "We, Mrs. Andrews, Mary Sue, and I are very glad to be in your good city," he said upon arrival here to live. Mr. Andrews, who also has a radio program each Saturday, said further: "If we can help in any good way, be sure to call on us."

Leaves From a Correspondent's Life Notebook
By JOSEPH C. GOODWIN
USEFABAD, Iran.—(AP)—England and Russia, long feuding diplomatically in Iran, have extensive and expensive organizations for courting favor with government and people, but the United States appears to be the foreign power first in the hearts and minds of most Persians.

From the Gulf to the Caspian and from Azerbaijan to this wind-raked village on the Afghan frontier, America is the promised land to the young and ambitious, the home of peace and plenty of "mah-chines" and miracles.

The customers official—his host while I awaited the twice-weekly "post mah-chine" to Herat in Afghanistan—promised his wide-eyed son: "If you study hard I'll send you to the American school in Tehran and someday you can go to America." Usefabad is an isolated farm community of 6,000, none of whom ever saw an American.

The clerk in Mashad who issued me a pass to enter the Holy shrine of the Shia Muslims remarked that he hoped to visit the Mormon temple in Salt Lake City "and ride on your great railroads."

A mechanic coaxing an autobus across the desert from Marhad boasted of the power of the wheezy old vehicle and explained "It's American mah-chine."

U. S. cars and trucks are in great demand despite high import costs. U. S. planes and pilots fly for Iranian Airways. U. S. products fill the bazaars and Iranian women proudly display ready-made U. S. hats, dresses and shoes. Presbyterian mission schools and hospitals are overflowing.

Delegations of Iranian political parties repeatedly have asked U. S. embassy sponsorship of a "pro-American party," explaining that "there are pro-Russian and pro-British parties but the majority of people like Americans." They go away "puzzled and disappointed," an embassy official said, "after learning that the American gov-

ernment does not sponsor political parties abroad. They are told that we would prefer a truly pro-Iranian party."

The Iranian government, generally believed to be strongly influenced by Russia, retains American technicians in high places despite editorial criticism from the left-wing press. An American doctor directs the public health program. U. S. army missions train the National police and advise the army. An American grain expert directs the government wheat and bread monopoly.

"America has all the things we want for Iran," said a Tuden party leader. "schools, hospitals, good living conditions and security for the working man, but Russia is helping us to gain those things. Naturally, we've turned to Russia."

Sermon Subjects for Sunday, Sept. 15:
11:00 a. m.—"Forgive Not, Be Not Forgiven."
7:30 p. m.—"The Jericho Road."
All people sin and will be lost if they are not forgiven. God gives certain laws that must be obeyed before he will forgive. To those who have never become Christians, the New Testament teaches that they must believe in Christ, repent of all sins, confess Christ before men and be buried with him in baptism for the remission of their sins. When people do all these things they are saved and the Lord adds them to his church. When christians sin, by the same law, they must repent, confess their sin, and pray God to forgive them. When people sin against each other they must forgive each other or they will be lost. Jesus said: "For if ye forgive men their trespasses, your heavenly Father will also forgive you. But if ye forgive not men their trespasses, neither will your Father forgive your trespasses." Will your Father forgive you trespasses?
WE URGE YOU TO OBEY THE LORD

Mainly About Pampa and Her Neighbor Towns

Mr. and Mrs. Henry Finley and children, James Henry and Mary Lois, have returned to Claude, Texas, after having visited with Mrs. Finley's parents, Mr. and Mrs. E. C. Barre, 522 E. Francis.

Mrs. Burton Cabell is ill at the home of her grandmother, Mrs. A. B. McAfee, 529 N. Somerville.
Mrs. Herbert Cabell is visiting this week with her mother-in-law, Mrs. A. M. Habin, of Fort Worth.

Bill Davis of McLean was a visitor in Pampa Wednesday evening.
Mr. and Mrs. Charlie Thut have returned from Lubbock where they took their son, Dale, to Texas Tech to enroll as a freshman.

Rev. A. W. Ferrell Speaks to Lions

Guests at the Lions club meeting which is held at the First Methodist church every Thursday night, were introduced by their Lion host, Jimmie McCullen introduced Leroy Roden of Fort Worth. Clarence Kennedy introduced Jimmie Leitch, George Friauf introduced his son, Frank, Ralph Thomas introduced Clyde Carruth, Dr. Roy A. Webb introduced E. J. Howard and Ray Salmon, Bob Grammer introduced Ten Bathoff, Rev. E. B. Bowen introduced Rev. A. W. Ferrell, Leonard Beldon introduced C. L. Copeland of Amarillo and D. L. Parker introduced three guests, Ray Brown, Cherry Hodges and Mervin Suttle.

Gracie Reports

By GRACIE ALLEN
Well, the OPA has made a statement that will find its place in the immortal annals of American history. To the brave slogans of the past such as "Give me liberty or give me death" and "Don't give up the ship" has been added the OPA's thrilling new battle cry "The nickel cup of coffee must stay."
How smart they were to take that attitude! They can fool around with the price of anything else and still only grumble, but if they ever did away with the nickel cup of coffee we'd rise up in our wrath and spray the OPA with DDT.

North Texas Opens 1946 Fall Semester

ARLINGTON—(AP)—The fall semester has opened at North Texas Agricultural college for 2,111 students, the largest enrollment in the history of the school.

Harvesters Open Grid Season Against Electra Tonight

Joe Louis Expects To Knock Out Mauriello In Four Rounds

By NED BROWN
NEW YORK (NEA)—Joe Louis is expected to knock out bulging Tami Mauriello within four of their scheduled 15 rounds at Yankee Stadium, Sept. 18. I never saw the champion looking in better shape and trainer Marnie Seamon assures me that the Harlem restaurateur's condition is not confined to his appearance.

The Brown Bomber plans to enter the ring weighing 207 pounds, about what he scaled for Billy Conn in June.

This is Louis' 23rd defense of the heavyweight crown. Mauriello also is in better condition than he has been for any previous fight. The Bronx barkeep, never a lover of rigorous training, has put in strenuous lifts. He has concentrated on perfecting a punishing left hook to the body.

Louis for the first time did considerable back-pedaling in sparring bouts.

"I never trained that way before," explains the Alabama-born Negro, "but I never fought a guy like Mauriello before. I've seen Tami fight. He can't back up with out getting himself all tangled up on account of that busted right ankle that never healed properly.

LOUIS TO COUNTER-PUNCH

"Tami will come at me. He's an aggressive counter-puncher. I'll be a defensive counter-puncher, because Mauriello won't run. I don't think he'd run from anybody. I won't have to look for him. I won't take any punches in order to land one. I never do. Besides, I don't think anybody can take any of Tami's punches.

During the six weeks Smoky Joe trained, he boxed 64 rounds, confining himself to no more than four a training day—a tacit indication that he expects to wind up his chore within that limit.

Where Louis seemed sluggish and dull during training for Conn, he was fast and sharp this trip. His stomach looks like a washboard. Compared to the challengers' midriff the champion appears washboard.

The measurements handed out by Mike Jacobs' publicity department have been dressed up to make the challenger look more formidable. Louis' waist is given as 36, Mauriello's 34 1/2. Looking at the pair I'm inclined to think if Joe's is 36 they made a mistake and Tami's is 44.

The only advantage in favor of Mauriello is his age, 23, against Louis' 32. The champion is at least four inches taller than the Italian, has a longer reach, is 12 pounds heavier than his 195-pound challenger.

Unlike most other warriors today, Louis and Mauriello seemed to enjoy training. Louis was positively jovial at times, the homelown athlete careful, confident.

The advance sale and interest—or lack of it—indicates a gate of little more than \$300,000 at \$5, \$10 and \$20. Louis gets 40 percent of the net, Mauriello 20.

Louis has not always had a cinch

Joe Louis

In their first meetings with opponents, Schmeling knocked him out, Braddock had him down, Farr gave him a tough fight for 15 rounds, Galento dropped him, Godoy puzzled him for 15, he couldn't catch Pastor in 10, and Conn came within and ace of knocking him out.

Mauriello has the punch and the heart to score an upset. He's a tearing-in aggressor with a solid wallop, will take a punch to score

Tami Mauriello

one and is always dangerous. Louis is cagy, clever, a terrific hitter, but in the past hasn't taken a heavy clout to the head too well.

But Joe Louis swats too hard for a game fellow as easy to hit as Tami Mauriello.

There may be an exciting moment or two, however, which is more than could be said for the Bill Conn fandango.

Fort Worth, Dallas Seek Clinchers In Texas League Playoffs Tonight

By The Associated Press
Fort Worth and Dallas, who finished in one-to-two order in the Texas league regular season, will be out for clinchers tonight as they try to oust the challengers in the fourth straight night in the championship playoff.

Catcher George Pfister scored a ninth inning homer last night to break up a 3-3 ball game and give the Fort Worth 4-3 victory over the Oilers at Tulsa. The Cats had shut-out Tulsa, 5-0 and 1-0, in the two previous games.

San Antonio's Missions performed bravely in their first home appearance in the playoff and six errors all but handed the Dallas Rebels a 2-1 win. Ninth inning homers had given the Rebels a couple of 4-3 games in Dallas to open the series.

The clubs remain at Tulsa and San Antonio for games tonight and tomorrow.

Fort Worth's first tallies were made in the second inning as Eddie Snider led off with a homer. Bagall doubled to left and scored on a Texas leaguer by Butch Woyt. Tulsa had scored a single early in the first when Henry Schenz beat out a bunt and then scored on a wild throw to second by Pfister.

The Oilers went ahead, 2-2, in the sixth with a couple of runs on a single, two errors and a long fly. A single by Woyt, a sacrifice and another single by Lewis Ruchter tied the score for the Cats in the eighth.

George Doekins was the winning hurler and Tom Warren the loser. Two unearned runs accounted for the Dallas win over the Missions. Errors in the second and sixth innings sent two Rebels across the plate.

San Antonio scored its lone run in the eighth. With the bases loaded, Andy Anderson hit into a double play that scored Ray Coleman from third.

Jelly Sorelle, hard-luck Mission hurler, allowed the Rebels only four hits before being relieved for a pinch hitter in the seventh. The Missions collected eight hits off H. K. Perry, who went the route for Dallas.

Tonight's Schedule

Dallas at San Antonio.
Fort Worth at Tulsa.

Irish To Battle Childress Team

SHAMROCK.—With only seven letters—to build a team around, Coach Scott McCall and Jack Dillon send their Shamrock Irishmen against the Class AA Childress Bobcats in Childress tonight.

Four of the lettermen are in the backfield while the other three will fill in the line.

Heading the list of returnees is Bobby Close, 160-pound fullback who was one of the outstanding backs in the district last year. Ramsey, 152-pounder will direct plays from his quarterback position and Cox and Lile will be at halfbacks.

Probably line starters are D. Briggs and E. Briggs as tackles, Johnston and Brown at guards, Terry and Morgan at ends and Douglas at center.

Johnston, Douglas and D. Briggs are lettermen.

Pirates Open Season Tonight

LEFORS.—Coach Joe Champion's Lefors Pirates, with six lettermen on the starting line-up, move to White Deer tonight for a non-conference game with Tyson Cox Bucks, starting at eight o'clock.

Heading the list of lettermen is Fullback Wade Stracener, all-district back last year, and one of the hardest-running ball-carriers in the history of the school.

Running with Stracener in the backfield will be Lettermen Eugene Cooper and Harold Sims, halfbacks, and James Giffin, quarterback.

The Pirates will have two lettermen, C. H. Keeton and Joe Ogden, at ends and Lettermen Hugh Daniels is at tackle, but the other four line positions will be filled by new-

Game Time is 8 o'clock; Both Elevens Light, Inexperienced

Football is back!
A light, inexperienced Pampa Harvester football team, riddled by the loss of 10 regulars from last year, will take the field tonight at eight o'clock against the Electra Tigers of District 2-AA on what is expected to be a soggy Harvester Park gridiron.

Cards Land on Brooklyn for 10-2 Triumph

By JOE REICHLER
Associated Press Sports Writer
More than ever today it looks like the St. Louis Cardinals will be the Boston Red Sox' World Series opponent next month.

Not so much would the Cards beat the Brooklyn Dodgers yesterday in the opener of their "fight for the flag" three-game series to increase their National league standing and a half game, but because of the easy manner in which they bowled over the flock. The score was 10-2.

The game was over barely five minutes after it started. Kirby Hughes, the Dodgers ace right-hander and possessor of the best won and lost record in the league, retired the first two batters to face him, but then the roof caved in over his head. Stan Musial doubled, Enos Slaughter walked, Whitey Kurowski and Dick Sisler singled, and Rookie Catcher Joe Garagiola homered to make it 5-0 for St. Louis. Howie Pollet, who was to be the Cards' first pitcher, made his first pitch.

The victory was number 14 for the Cards in 20 meetings with the Dodgers. Manager Eddie Dyer plans to give Big George Mauer, who re-joined the club last month after two years in the army, a chance to seek his third straight win today. He will be opposed by lefthander Joe Hatten, who owns two victories over the Cards.

The pennant-bound Red Sox failed again to clinch the American flag when they bowed to Bobby Feller and the Cleveland Indians 4-1. It was the sixth straight defeat for Joe Cronin's frustrated nine which needs a victory plus a Detroit defeat to cop the championship.

The Tigers moved two games in front in their battle with the Yankees for second place by defeating the New Yorkers 6-4 in Detroit.

Sports Round-Up

By HUGH FULLERTON, JR.
SPRINGFIELD, N. J. (AP)—Fred Corcoran, who temporarily turned amateur yesterday to watch the National tourney at Baltusrol, picks Ted Bishop as the outstanding golfer of the four who reached the semifinals. "That isn't just a plug; Ted was a pro for a while but he was reinstated years ago.

QUOTE, UNQUOTE

When ex-champion Bud Ward was doing a little excusable grossing after he had been eliminated by Denver's Edge Lind yesterday, Babe remarked: "I can't understand Ward's taking it that way; after all, it was only a golf match." Lind found out the difference in the afternoon.

The Chicago Cubs carried a split with the Phillies in a double-header in Philadelphia, winning the second game 5-4 in 10 innings after the Phils had come from behind to cut the opener 4-3.

After losing 1-0 to Pittsburgh, the Boston Braves edged out the Pirates 2-1 in the second game of a double bill.

A six-run eighth inning gave the Washington Senators a 9-6 victory over the Browns under the lights in St. Louis.

Rookie Monty Kennedy yielded only two hits in pitching the National league cellar-dwelling New York Giants to a 4-1 victory over the Cincinnati Reds.

Cold weather in Chicago forced the postponement of the White Sox-Philadelphia Athletics game.

Four District Teams To Play

All District 1-AA teams but two swing into action this week on the gridirons of the Panhandle.

Pampa's Harvesters battle the Electra Tigers of District 2-AA while Plainview plays host to the Class A Lamaha outfit and Brownfield entertains the powerful Phillips Blackwavs, Class A power.

Feature battle of the week is the game between the Lubbock Westerners and the highly rated Odessa Armonacs of District 3-AA.

Amarillo and Borger are idle this week.

haughty professor. A cold, unemotional man you might have thought, looking at him.

Yet occasionally of an evening while I was training at Saint Gregory's Hospital, after graduating from high school, I would come upon Mark in the little chapel that stood between the hospital and the Academy. And even in the half-shadows in the flickering candle-light, I was struck at such times by a look on his face that I had never seen before, that I had never expected to see on the face of any Fitzgerald. Surely, and amazingly, a look of humanity. I always left at once, feeling guilty, somehow, at having glimpsed the naked depths of Mark Fitzgerald's soul. And I came to have an intense pity for him.

He was a sad and lonely man, no longer arrogant at heart whatever he seemed on the surface.

He continued to have the best of the medical and brain specialists for Charlotte but they could hold out little in the way of hope for him. And Charlotte still remained shut away in her own room whenever either Mark or I were about.

Now and then, when she and Ellen were alone at Innisfall, Charlotte would come out of her room and walk slowly through the house, gazing silently all around. Sometimes she would stand for a long time simply staring up from the front stairs, Ellen told us, but she never used them. She always came from her room by way of the back stairs and returned the same way.

"She's still the beauty," Ellen would say sadly. "Only for the queer look of her eyes, Celia, you'd not see a lovelier face. Ah, it's a great pity."

It was, indeed, a great pity, a tragedy, that no one could see and admire that beauty, that the mind behind it should still remain blank and empty.

Pampa-Amarillo Game Rained Out; Lubbock Beats Blue Sox

By The Associated Press
Lubbock's Hubbers will have an opportunity tonight to eliminate the Abilene Blue Sox, first place finishers in the West Texas-New Mexico league full season standing, from the league's championship playoff.

The Hubbers took their third straight game from the Blue Sox last night, 7-3. A win tonight would give them the right to meet the winner of the Amarillo-Pampa series next week.

Rain caused postponement of the game at Amarillo last night. Pampa holds a two-game lead over the Gold Sox.

Games are scheduled tonight at Lubbock and Amarillo.

Ernie Nelson, veteran lefthander, hurled six-hit ball as the Hubbers pounced on three Abilene pitchers. Lubbock took the lead in the fourth inning and then drove Bill Werbowska, Abilene starter, from the mound in the fourth with the final four runs of the game. Abilene had tied the count in the first of the fourth on a homer by Danny Ozark, with Ray Anderson aboard. Anderson had singled to score Manager Hayden Greer.

The Oilers and Gold Sox will meet at Amarillo tonight at eight o'clock in the third game of their series. The fourth will be played Saturday night in Amarillo, and, if it is necessary, the postponed game will be played in Amarillo Sunday. Any others will be played in Pampa.

Abilene's hopes of surviving the playoff also received another jolt last night when Manager Greer announced that he had suspended third baseman Leo Thomas for insubordination. Thomas was one of the top third sackers in the league and his hitting was one of the main reasons Abilene finished first in the regular season.

Lubbock . . . 129 400 908-7 11 3
Abilene . . . 639 300 606-3 6 9
Nelson and Miller, Worliowski, Tysko, McPike and Quevraux.

Henderson Gets First Defeat of Playoff Series

By The Associated Press
Tonight, Henderson and Greenville hold two-to-one leads over Greenville and Tyler in the semi-final round of the East Texas league playoff.

Henderson received its first defeat of the series last night, bowing to the Greenville Majors, 5-3, at Greenville, while Texarkana was winning over Tyler, 8-5.

In each game the winner had to come from behind.

Tonight, Henderson and Greenville tangled again at Greenville. Texarkana and Tyler will take the day off and resume their series in Texarkana, tomorrow and Sunday.

Trailing by a score of 2-3, Greenville's Majors pushed across 2 runs in the sixth inning, on three hits, and added another in the seventh to overcome a two-run Oiler advantage.

Jodie Phipps was the winning Greenville hurler, besting Eldon Davis, Henderson southpaw and the league's leading pitcher. Phipps was rescued from trouble, however, in three innings as his infield support pulled fast double plays.

An estimated crowd of 5,000 attended the game, first of the series to be played at Greenville.

The Bears of Texarkanaiced their game in the seventh with a four-run spurge. Two scores came when Catcher Joe Kracher singled with the bases loaded.

Johnny Wood was the winning pitcher.

Texarkana . . . 210 000 410-8 12 2
Tyler . . . 001 300 100-5 10 3

Pampa Business News...
School Children Should Be Encouraged to Drink Milk

Now that school has started again, it is more important than ever that children be kept healthy at all times, to enable them to keep up with their school work and avoid danger of illness.
One of the best safeguards of health is pure, pasteurized milk and products derived from this wholesome food.

For information on repair of all types of industrial engines, businessmen of this area are invited to call the Palmitier and Sons engine repair service, 517 South Cuyler street. The telephone number is 1785.

Reconversion's heavy demands and constant shortages of new machinery make it imperative to the welfare of Pampa's and their neighbors in the surrounding area that machinery which pumps the vast oil and gas reserves of this area be kept in good repair.

One of the top repair services in this area is the Palmitier and Sons engine repair service, located in the Radcliff Supply building, 517 South Cuyler street in Pampa.

Owned and operated by Frank Palmitier and his son, Dewey, the shop specializes in rebuilding and repairing oil field, automotive and industrial engines of all types. Main feature of the service is that this firm will bring your machine to the shop to be repaired and deliver it back to you ready to be used or they will repair it on the job, saving much valuable time.

Among the types of machinery repaired by the staff are gasoline and diesel truck and tractor motors, automobile motors, motorcycles, all types of oil field machines including pumping units and power units and many others.

The shop also has equipment to overhaul engines, grind crank shafts, grind pistons and do practically any type of common or specialized engine repair.

The elder Palmitier was for 12 years mechanical superintendent for a large refinery. His son, Dewey, was a machinist for a local firm before the war. He served in the armed forces and was honorably discharged this year. Mr. Palmitier opened the shop in January of 1945.

Earl Noland, another employee, specializes in repair of motorcycles and auto engines.

For information on repair of all types of industrial engines, businessmen of this area are invited to call the Palmitier and Sons engine repair service, 517 South Cuyler street. The telephone number is 1785.

Palmitier Ready To Meet Engine Repair Demands

Small Painting Jobs Should Be Done in Homes

The approach of fall and winter doesn't mean that Pampa's have to put off that painting around the house until next summer, because now that the kids are back in school, the housewife will have more time to do those little odd painting jobs that need to be done now and then.

For these purposes, Harry Johnson, owner of the Square Deal Paint company, 514 South Cuyler street in Pampa, has a complete stock of quick-drying paints, enamels and varnishes for everyday use.

A coat of paint on the woodwork or furnishings of your kitchen or bathroom will give these rooms a bright and cheerful effect. Or, if that woodwork in the living room looks a little scuffed from being "banged on" by the kids during the summer months, a coat of varnish will make it look like new again.

For all purposes that require "quick-drying," Mr. Johnson recommends the famous Kem-Tone products. They are so easy to apply that even your little daughter can use them and they dry fast, so that rooms or articles need not be left unoccupied for long.

Kem-Tone may be applied to practically any wall surface used in the modern home, even over wallpaper.

Speaking of wallpaper, Mr. Johnson's many years experience in the paint and wallpaper business will enable him to give you an accurate estimate on how much paper you really need and he will be pleased to show home decorators the fine stock of the latest patterns in wallpaper.

In addition to paints and wallpaper, Mr. Johnson has on hand a complete stock of painter's supplies and brushes that are long-lasting and economical.

Pampa's are invited to drop by the Square Deal Paint company, 514 South Cuyler street in Pampa, and talk over their decorating problems with a man who has had over 20 years experience in this type of work.

There they may obtain accurate estimates on their painting needs and be given the opportunity to select from a complete stock of products, including home paints and varnishes, enamels and stains and Johnson's or Lin-X floor polishes.

The telephone number of the Square Deal Paint company, "where prices and quality meet," is 1850.

THE REX COFFEE SHOP

next to the Rex Theatre is getting to be quite a gathering place for her business neighbors (especially members of the Pampa News staff) and is earning a favorable reputation for the excellent coffee and other drinks served as well as sandwiches, lunches and just lots of "good to eat" things.

"There is NOTHING too big for us to move," stated J. D. Wright, Sr., of the firm of J. D. Wright and Son, 119 South Starkweather... certainly this seems to be the case because some of the recent jobs handled are so immense they almost defy belief—but the fact remains that anyone who has a real big, mean job of moving can get fixed up quickly by calling 788.

Every Customer Is Friend at Walsh & Altman Station Here

Dink and Chris want to ask you, Mr. Motorist, a question. Did you ever notice that when you stop at your favorite filling station regularly, you become a "good Joe" and get top notch service with a lot of smiles and a hearty "hurry back" when you leave?

Every motorist likes that kind of service, but whether he stops once, twice or two hundred times, the customer at Walsh and Altman's Service station gets that kind of service, the first time and every time.

When you drive into this modern station, you don't have to sit and wait for an attendant, one usually appears in a flash, just like he'd dropped down out of the sky.

Well, anyway, Dink Altman and Chris Walsh don't claim to be magicians, but they do pride themselves on their quick, efficient service, no matter whether you want your windshield cleaned or a tank full of that good Gulf gasoline.

When you fill your car up regularly with Gulf gasoline, you'll soon notice the difference in the way the motor sounds. Gone will be that irksome "knock" that is caused by so many inferior gasolines.

In the way of auto equipment and accessories, the station offers many different types of car needs, including fan belts, spark plugs, radiator cleaning fluid, Casite, windshield wiper blades, seat covers, oil trays, sealed beam headlights, anti-freeze, tire chains, radiator hose and many other items.

The station also distributes Star tires, tubes and batteries.

For courteous service and top-notch products, stop by the Walsh & Altman service station, 422 West Foster. The telephone number is 51.

Twentieth Million Bid of \$76,200 Buys Federal Building Site

Person Expected To Attend Fair

DALLAS—The State Fair of Texas will entertain its twentieth million visitor sometime during the exposition this year, Oct. 8-20. W. H. Hitzelberger, executive vice president and general manager of the State Fair association, predicted this week.

Since 1915, the first year of official records on attendance, 19,529,212 spectators have thronged through the gates to view the great harvest festival of Texas. The total does not include visitors to the Texas Centennial and the Pan-American celebrations of 1936 and 1937.

Of the 22 State Fairs held since 1915, seven have drawn over a million visitors. Six have pushed close to that mark with the last State Fair before the war holding the all-time high of 1,252,527.

"A picture record is the only COMPLETE record in the world" is an adage of QUALLS PAMPA STUDIO, 110 W. Foster... therefore it is suggested that you keep "your children with you always" by having their pictures taken when they are young.

LONG'S SERVICE STATION has two convenient locations—321 S. Cuyler and 701 W. Foster where "service with a smile" is dispensed by a staff of skilled attendants—drop by next time you are near either of these modern stations.

Controversy

(Continued From Page 1)
stunned surprise at Wallace's blunt advocacy of policies which they evidently considered to be in conflict with those Byrnes has been following.

However, about four hours before Wallace spoke, Mr. Truman told his news conference that he approved of the whole speech. And, in response to another question, he said he did not consider that it involved any departures from the policies of Byrnes but rather was exactly in line with those policies.

The President's comment, far from quieting the evident state department concern over the speech, raised several new questions.

Chief of these is whether Mr. Truman, in giving his approval to the speech, had considered fully the implications as the state department saw them.

Persons familiar with Wallace's views had let it be known earlier that the commerce secretary felt very strongly about the foreign policy problems he discussed and had determined to make the speech, letting the chips fall where they might.

Diplomats examining the text noted three points which they considered to be at variance with current practices and lines of development of American diplomacy:

1. While Byrnes had repeatedly and emphatically disavowed the existence of any Anglo-American bloc in dealings with Russia, London and Washington have followed almost completely parallel policies in dealing with political issues in eastern Europe and the Eastern Mediterranean area.
2. The present basic American attitude toward all major issues with Russia has been described for months by the state department as one of an absolute refusal to yield where either American principles or interests are involved.
3. The state department dislikes having this designated as a "get tough with Russia" policy, but that is one way it has been popularly described.

Since Secretary of State Hull's visit to Moscow in the fall of 1943, American policy in the main has opposed the division of the world into spheres of influence.

Wallace, however, declared that the United States should recognize "that we have no more business in the political affairs of Eastern Europe than Russia has in the affairs of Latin America, Western Europe and the United States."

Quentin Williams Is Namel President of Pampa Toastmasters

QUENTIN WILLIAMS
Quentin Williams, Gray county soil conservation agent, last night was elected president of the Pampa Toastmasters club for the ensuing six months period.

In addition to Williams, who was elected at the regular bi-monthly meeting at the city hall Palm Room, the following officers were named: Felix Vickers, vice president; Fred Swenzy, secretary-treasurer; J. L. Swindle, deputy governor; Joe Fischer, sergeant-at-arms.

The next meeting of the club will be Sept. 6. The regular meeting, night was changed from Tuesday to Thursday that week, in order that there would not be a conflict with the quarterly banquet of the chamber of commerce.

Vickers served as toastmaster of last night's meeting. Among subjects discussed during the program were fishing, rabies, race horses and farms, the Soap Box Derby, employer problems, and the stock market.

Officers said there are now openings for persons who would like to become members of the club.

Mexico Reaches Peak Of Postwar Inflation

MEXICO CITY—(AP)—Mexico has reached the peak of its postwar inflation, and the present tendency though not yet reflected in retail prices, is downward, Eduardo Suarez will leave for the U. S. Sept. 15 day.

In an interview published this morning by Excelsior, the secretary declared wholesale prices, not only in Mexico but in the U. S. and other countries, were already declining. The position of the Bank of Mexico is firm, he added, and will be even stronger when the government carries out its plan, proposed for this year to liquidate entirely its debt with the bank.

Meanwhile, a private weekly index of retail prices (1939 at 100) showed general cost of living at 325 with clothing 450, food 240, and domestic articles 230.

Radio Club Meets In Bunavista Hall

The Pampa-Borger-Phillips amateur radio club met Thursday, Aug. 29, in the Bunavista community hall at Borger.

The club, which was organized approximately seven months ago as the Cities Service community hall, three miles west of Pampa, holds a meeting and social gathering once each month. All members are amateur radio operators who chat with each other over short wave circuits and then attend the club meetings to become personally acquainted.

At their recent meeting, dinner was served in the banquet hall, after which the club members and guests enjoyed test contacts between portable mobile station W5HEE, Amarillo, and fixed portable W5KYM, which the operator has set up in the clubhouse.

Music for the evening was provided by Mrs. R. E. Smith, accordionist; R. E. Smith, pianist, and Tom Eller, violinist.

Those in attendance were Mr. and Mrs. M. I. Doss, Amarillo; Mr. and Mrs. Herman Whistler, and Mrs. L. E. Jordan, and Mr. and Mrs. Tom Eller, all of Pampa; Mr. and Mrs. R. E. Smith, Phillips; Mr. and Mrs. Ray Samberson, Mr. and Mrs. E. M. Reuss, Mr. and Mrs. Charles Heal, and Mr. and Mrs. J. R. McKelvey of Borger.

Music for the evening was provided by Mrs. R. E. Smith, accordionist; R. E. Smith, pianist, and Tom Eller, violinist.

Those in attendance were Mr. and Mrs. M. I. Doss, Amarillo; Mr. and Mrs. Herman Whistler, and Mrs. L. E. Jordan, and Mr. and Mrs. Tom Eller, all of Pampa; Mr. and Mrs. R. E. Smith, Phillips; Mr. and Mrs. Ray Samberson, Mr. and Mrs. E. M. Reuss, Mr. and Mrs. Charles Heal, and Mr. and Mrs. J. R. McKelvey of Borger.

Grand Jury

(Continued From Page 1)
Switzer and F. P. Wilson, McLean; R. M. Watson, and C. C. Mullins, Refors; R. F. Fields, Groom; and B. E. Glass, Aarred.

Briefly touching on the juvenile question, the report asserted that delinquency had been at a minimum in Pampa during the summer but added that it might be on the increase during fall and winter.

The peace officers are requested to use all means possible to prevent such result. It is the opinion of the grand jury that if the individual juvenile problems are handled promptly that the citizens of the county, as well as the juvenile, will be greatly benefited.

The report said the jury had found conditions in county jails to be excellent.

Gray county and Pampa law enforcement officers were commended for prosecution of their duties. As a result of "vigilance and vigorous activity on the part of the law enforcement officers in this county," the report said, "the national crime wave has been minimized in this district."

Tri-City Principals To Meet in Amarillo

There will be a meeting of the principals of the Junior High schools of Pampa, Borger and Amarillo, in Amarillo tomorrow morning for the purpose of arranging a football schedule for the Junior high team, Aubrey Steele, Pampa Junior high principal, announced today.

A previous schedule had been arranged but was voted down because principals felt that it began the season too early, not allowing the time to get in proper physical condition, 26, 1943.

Wallace

(Continued From Page 1)
his text and declared, "Well, it's true outside New York City, as any Gallup poll will show."

He resumed his speech and said "the Russians have no more business stirring up native communists and political activity in western Europe, Latin America and the United States."

Loud hisses interrupted him and he shouted, "Get the whores sent to hell" adding to complete his remark, "that we have interfering in the politics of eastern Europe and Russia."

He said British "imperialistic policy in the near east together with Soviet retaliation would lead the United States to war unless it set up an independent foreign policy. He urged that we "look abroad through our own American eyes."

Asked after the speech for comment on the heckling Wallace said: "It was to be expected," adding in explanation, "I was following a straight American line."

Wallace was greeted with an ovation and cries of "Wallace for President" when he arrived at the Garden. There was some scattered applause during the speech and applause when he sat down.

In his speech Wallace said: "But whether we like it or not the Russians will try to socialize the sphere of influence just as we try to democratize our sphere of influence."

"Russian ideas of social-economic justice are going to govern nearly a third of the world. Our ideas of free enterprise democracy will govern much of the rest. The two ideas will endeavor to prove which can deliver the most satisfaction to the common man in their respective areas of political dominance."

"But by mutual agreements, this competition should be put on a friendly basis and the Russian should stop conniving against us in certain areas of the world just as we should stop scheming against them in other parts of the world."

Pepper, in a speech preceding Wallace's, indicated disagreement with the cabinet member, and some of his criticisms of the Soviet union, and said:

"You and I know that today the reason we have got so much republican unity behind the foreign policy is because there is so much McKinley imperialism in our foreign policy."

He called for a "special session now" to consider "our blundering foreign policy."

RETRIEVER
HOLLYWOOD, Calif.—(AP)—Mrs. Doris Hobson's dog Duffy rates an extra ration of hard-to-get hamburger.

Mrs. Hobson discovered the diamond in her engagement ring was missing after a shopping trip. Her husband and three sisters accompanied her on a futile search and returned home gloomily.

Duffy was there to greet them, but he had something wrong with one foot. Wedged in the paw was the missing diamond.

There were 2,850,000 non-fatal injuries due to public accidents in the United States in 1945—130,000 of which left some permanent impairment.

Imperial Furniture Has New Manager

Bryce F. Dobbs, new manager of Imperial Furniture company, arrived here Sunday to take over that position. Dobbs, whose wife and two children are still in Altus, Okla., was manager of the furniture department for Whites Auto stores in that city for two years.

Prior to that time, he was with the Simmons Furniture company for eight years and has been in the furniture business for 23 years.

During the war, Dobbs served as an officer for two years and nine months with the ferrying division of the Air Transport command.

Mrs. Dobbs and the two children, one a high school senior, plan to move to Pampa in about six months.

P-TA Membership Week Proclaimed

AUSTIN—(AP)—Gov. Coke Stevenson has proclaimed the week of Oct. 13-19 as Parent-Teacher association membership week in Texas, praising the service of the association.

The week annually includes the Oct. 19 date on which the association was founded in Texas at Dallas 37 years ago.

The membership of the organization is now 221,251, an increase of more than 23,000 over last year.

Texas ranks fourth among the states in national membership, which is now 3,910,105.

The governor's proclamation said: "Because of the necessity for proper coordination between home and school in the life of our future citizenship, the continued advancement of Parent-Teacher associations is of great importance to the state as a whole."

"Now, therefore, I, Coke Stevenson, governor of the State of Texas, in recognition of the splendid work of the Texas Congress of Parents and Teachers throughout its existence, do hereby set aside and proclaim the week of October 13-19 as Parent-Teacher membership week in Texas. I call upon all of our citizens to aid and encourage the Texas congress in the splendid work it is doing for the welfare of our school who will soon be called upon to assume the responsibilities of citizenship."

There are about 5,000 cases of typhoid and paratyphoid fever annually in the United States.

Decentral Board May Renew Butter Ceilings

WASHINGTON—(AP)—Rising costs of butter and cheese brought a notice from the price decentral board today that it may clamp ceilings back on all dairy products.

The board called upon the dairy industry, the public and "anyone else" to submit written evidence bearing on the subject by next Wednesday.

A board spokesman said this amounts to an order to "show cause" why the panel should not reverse its decision of less than a month ago, when it ruled that milk, butter, cheese and allied products should continue in the free market that began when OPA lapsed on June 30.

Dickey Leaves Bronx Bombers

DETROIT—(AP)—Stanley (Bucky) Harris said today that Bill Dickey has left the New York Yankees baseball team and that his managerial duties will be taken over for the remainder of the season by Johnny Neun, veteran coach.

Harris said President Larry McPhail directed the change less than 24 hours after Dickey announced that he did not intend to manage the Yankees after this season.

Dickey has left the team and will probably return to New York City, Harris added.

Harris joined the New York squad Thursday after he was appointed to a front office job on the Yankee team.

San Antonio Garbage Drivers Plan Walkout

SAN ANTONIO—(AP)—The San Antonio city council has decided to defer action on pay-increase demands of garbage drivers and collectors until Monday, the day set by union officials for a walk-out of the employees.

N. C. Alexander, union chairman, said the strike will take place if the city fails to come to terms.

The union has been told by Commissioner Henry Hein that the city could not meet the dollar-per-day pay raise demand but could offer a boost of 50 cents a day. The union has rejected the city's proposal.

BURIED IN BRANDY

The captain of a ship hauling from Saco, Maine, died on a cruise in 1864. Not wishing to bury him at sea, his crew pickled the body in a barrel of brandy and buried barrel and all when the ship returned to the home port.

APPLICATION FOR LIQUOR PERMIT

The undersigned is an applicant for a Retail Liquor permit from the Texas Liquor Control Board and hereby gives notice by publication of such application in accordance with provisions of Section 10, House Bill No. 77, Acts of the Second called session of the 44th Legislature, designated as the Texas Liquor Control Act.

The Retail Liquor permit applied for will be used in the conduct of a business at P. & M. Package Store, 301 S. Cuyler St., Pampa, Texas.

Rev. Godrich Named New Pastor in Dallas

DALLAS—(AP)—The Rev. Robert E. Godrich, Jr., has been named pastor of the First Methodist church in Dallas, Bishop Charles C. Selman has announced.

The appointment will be made formally at the North Texas conference here next month.

Rev. Mr. Godrich will succeed Dr. Allen W. Moore, who recently resigned to enter the evangelist field.

The new pastor will begin his services in November. At present he is pastor of the Trinity Methodist church at El Paso.

More than 8,000 miles of coaxial cable, called the "modern speaking tube", will be added to the nationwide telephone network during the next few years.

Williams To Attend School in Oklahoma

Quentin Williams, district soil conservationist, will save Sunday morning to attend a five day range school for soil conservation service personnel, which will be held at Craterville park in the Wichita mountains, near Lawton, Okla. Approximately 100 technicians from six states will be in attendance at this school.

In Hollywood

By ERSKINE JOHNSON
NEA Staff Correspondent
HOLLYWOOD—(NEA)—David Niven asked director Frank Borzage how he should react in a courtroom scene during his hole as Aaron Burr in "Magnificent Doll."
 "Just ignore the people there," said Borzage. "You are walking right out of their lives, arm in arm with oblivion."
 "But she's not in the picture," grinned back Niven.
 "Who?" asked Borzage.
 "De Havilland—Oblivion de Havilland," and Niven, ducking.
 In case anyone doubts this, Bill Boyd sent me the letter to prove it.
 One of his fans, named Vaughn, wrote Bill a letter announcing that his youngest son, three months old, was named after the star. Then he gave the names of his other children—Franklin Delano Roosevelt Vaughn, Gene Aubrey Vaughn, and Roy Rogers Vaughn.
TITULAR WITNESS
 Cecil B. DeMille's next movie after "Unconquered," will be based on the biblical love story of Samson and Delilah. Some of the publicity boys were kidding around and sug-

gested that it should be titled "The Big Haircut."
 That's the working title of Alan Ladd's next, a tale of wheat harvesting in the West. When the studio decided to find a new name for the harvesting story, another wit suggested "The Lost Wheat End."
 Producer Edward Golden, the ex-theater man, is famous in the film business for his ability to estimate how well certain pictures will do in certain theaters. Recently he predicted what kind of business a picture would do for a friend, A. E. Upton, at the Heights Theater in Omaha.
 "You'll do \$3700 box-office in spite of the rain. I used to have a house there, and it always rains the first week in August."
 Upton wrote back: "You were wrong. I took in only \$3500, and besides, it only rained 5 1/2 days of the week."
 Before starting filming of "The Emperor Waltz," producers Billy Wilder and Charley Brackett circulated a memo around Paramount studio. It read:
 "To All Concerned in the Production:
 "1. This is not a fantasy. It is not an operetta. It is a comedy with a smattering of songs.
 "2. Our action is not set in Graubark, Flausenburgh or any other mythical kingdom. It is set in Vienna, 1901. It should be anchored to that time and place with good strong chains of reality.
 "3. In casting, set-designing or costuming, let no one open his mouth too wide. No exaggerations, no conscious comicisms, please.
 "4. Just because it plays in Vien-

na, don't let's have everyone talk like Herman Bing. And just because it's in technicolor, don't let's have the emperor wear canary-yellow jaegers and purple lights.
 "And now, soldiers of Paramount, on to new glory."

When Judy Canova was told she had been awarded a magazine's title as "The Corniest Actress in the Movies," the hayseed comedienne replied: "I'm deeply flattered to be called an actress."

Texas Today

By JACK RUTLEDGE
Associated Press Staff
 School bells are ringing over Texas today. Parents welcome the sound.
 But a sound they dread, one that may be heard often as careless children drive cars recklessly, is the roar of an ambulance siren.
 Texas' traffic toll is climbing alarmingly. It will jump during school months.
 A Dallas high school is doing something about it. It is teaching students how to drive carefully.
 The course is not just a lecture course. Nor is it an elective course. It is a scientific program complete with all sorts of gadgets and tests. And it is compulsory. All seniors must take it—and pass.
 A. F. Allen, president of the Texas Safety association, said the Dallas experiment will make Texas history this year.
 The pioneering school is Crozier Technical high school. It has a training ground with traffic control equipment simulating actual driving conditions.
 Thirty units of a complete steering assembly, just like a real car, will be installed in classrooms. Students will be given reaction tests and color chart units.
 A full teaching staff, with new textbooks and other essentials, has been provided.
 There will be classroom instruction, of course. But there also will be actual behind-the-wheel driving in real automobiles under competent instructors.
 The state highway patrol will give the driver's examination at the completion of the course.
 The course is a prerequisite to graduation.
 They hope, Allen says, to train 400 students a year at City Tech. But their main hope is to extend the project to other Texas schools.
 "It is the aim of the Texas Safety association in cooperation with the state department of education to have such a course in every high school in Texas. This will mean 125,000 students graduating each year as first class drivers."

Legal Publication
 A RESOLUTION PROVIDING FOR PUBLICATION OF NOTICE OF INTENTION TO THE CITY COMMISSION TO THE CITY OF PAMPA TO ADOPT AN ORDINANCE CALLING AN ELECTION FOR THE SUBMISSION OF PROPOSED CHARTER AMENDMENTS.
 BE IT RESOLVED by the City Commission of the City of Pampa, Gray County, Texas, that the qualified voters of the said City of Pampa be and they are hereby notified that a petition has been presented to the said City Commission, as provided under Article 1170 of the Revised Civil Statutes of Texas, petitioning the said Commission to submit proposed amendments to the Charter of the City of Pampa; that under the said Article 1170 it is the duty of the City Commission, as the governing body of the City of Pampa, Texas, to call an election for the submission of the proposed amendments to the qualified voters of the said City; that it is the intention of the said City Commission, upon the expiration of twenty (20) days after the first day that this notice is published, to pass an ordinance calling an election for the submission of the proposed charter amendments to the qualified voters of the said City, Texas. Such proposed charter amendments being as follows, to-wit:
 Shall Section 1 of Article VII of the Charter of the City of Pampa, Gray County, Texas, be amended so that it shall hereafter read as follows:
 "Section 1. MUNICIPAL GOVERNMENT: The municipal government of the City of Pampa shall be composed of a Mayor and four (4) Commissioners."
 Shall Section 2 of Article VII of the Charter of the City of Pampa, Gray County, Texas, be amended so that it shall hereafter read as follows:
 "Section 2. TERM OF OFFICE: The Mayor and each commissioner shall serve for a term of two (2) years, and until his successor is elected and qualified, unless sooner removed from office as herein provided."
 Shall Section 5 of Article VII of the Charter of the City of Pampa, Gray County, Texas, be amended so that it shall hereafter read as follows:
 "Section 5. ELECTIONS: The elective officers of the city shall consist of a Mayor and four (4) Commissioners; the Mayor shall be elected to office by a majority of the qualified voters of the city at large, and each Commissioner shall be elected to the office of Commissioner by the qualified voters of the Ward in which he resides and has the qualifications of an elector. For the purposes of the election of Commissioners, the city shall consist of four (4) Election Wards, and the said city is hereby divided into four (4) Election Wards, being numbered Wards 1, 2, 3 and 4, and being described and bounded as follows, to-wit:
 WARD NO. 1 shall be that portion of the City of Pampa lying north of Foster Avenue and Rham Street and west of Cuyler Street and Mary Ellen Street.
 WARD NO. 2 shall be that portion of the City of Pampa lying north of Foster Avenue and east of Cuyler Street and Mary Ellen Street.
 WARD NO. 3 shall be that portion of the City of Pampa lying south of Foster Avenue and east of South Cuyler Street and east of that section of Barnes Street which lies

south of the intersection of South Cuyler Street and Barnes Street.
 WARD NO. 4 shall be that portion of the City of Pampa lying south of Foster Avenue and Rham Street and west of that section of Barnes Street which lies south of the intersection of South Cuyler Street and Barnes Street.
 and the Commission shall be the judge of the election and qualifications of its members."
 Shall Section 11 of Article VII of the Charter of the City of Pampa, Gray County, Texas, be amended so that it shall hereafter read as follows:
 "Section 11. MAYOR PROTEMPORE: In the event of the absence or disqualification of the Mayor, the Commissioners present shall select one of their number to serve as Mayor Protempore."
 Shall Section 14 of Article VII of the Charter of the City of Pampa, Gray County, Texas, be amended so that it shall hereafter read as follows:
 "Section 14. LEGISLATIVE PRO-

CEEDINGS: Any three (3) members of the Commission shall constitute a quorum for the transaction of any business, and the affirmative vote of three (3) members of the Commission shall be sufficient and necessary to adopt or repeal any ordinance or resolution. The vote upon the passage or repeal of any ordinance or resolution shall be taken by "Yes" and "No" vote and entered upon the journal. All members of the Commission shall vote upon every question, ordinance or resolution, provided that not more than one member of the Commission may be excused from voting by a vote of the other three members, which shall be entered upon the journal. Any Commissioner refusing to vote unless so excused shall be entered on the journal as voting in the affirmative.
 Every ordinance or resolution passed by the Commission shall be signed by the Mayor and attested by the person acting as City Secretary, and the seal of the City impressed thereon within two (2) days after its passage.
 Shall Section 6 of Article VIII of the Charter of the City of Pampa, Gray County, Texas, be amended so that it shall hereafter read as follows:
 "Section 6. ELECTION OF MAYOR AND COMMISSIONERS: If such amendments shall be adopted, then it shall be the duty of the City Council, within ten (10) days after such election for the adoption of the amendments shall have been held, to call an election for the election of a Mayor and four (4) Commissioners, which election shall be held under the direction of the City Commission, according to the laws of the State of Texas regulating municipal elections. And all provisions of this Charter in conflict herewith are hereby expressly repealed."
 Shall Section 7 of Article VIII of the Charter of the City of Pampa, Gray County, Texas, be amended so that it shall hereafter read as follows:
 "Section 7. Within five (5) days after the election of the Mayor and all the Commissioners, they shall each take the oath of office and qualify as such Mayor and Commissioners, and shall hold their respective offices until the first Tuesday in April, 1947, and until their successors are elected and qualified, unless sooner removed under the pro-

MANY MINERALS
 More than 109 different minerals have been found in Magnet Cove, Ark., including semi-precious gemstones and crystals of every color in the spectrum.

FLUSH KIDNEY URINE
 Benefit wonderfully from famous doctor's discovery that relieves backache, run-down feeling due to excess acidity in the urine
 People everywhere are finding amazing relief from painful symptoms of bladder irritation caused by excess acidity in the urine. DR. KILMER'S SWAMP ROOT is responsible for "getting up at night." A carefully blended combination of 16 herbs, roots, vegetables, balsams, Dr. Kilmer's contains nothing harsh, is absolutely non-habit forming. Just good ingredients that many say have a marvelous effect. All druggists sell Swamp Root.

Legal Publication
 A RESOLUTION PROVIDING FOR PUBLICATION OF NOTICE OF INTENTION TO THE CITY COMMISSION TO THE CITY OF PAMPA TO ADOPT AN ORDINANCE CALLING AN ELECTION FOR THE SUBMISSION OF PROPOSED CHARTER AMENDMENTS.
 BE IT RESOLVED by the City Commission of the City of Pampa, Gray County, Texas, that the qualified voters of the said City of Pampa be and they are hereby notified that a petition has been presented to the said City Commission, as provided under Article 1170 of the Revised Civil Statutes of Texas, petitioning the said Commission to submit proposed amendments to the Charter of the City of Pampa; that under the said Article 1170 it is the duty of the City Commission, as the governing body of the City of Pampa, Texas, to call an election for the submission of the proposed amendments to the qualified voters of the said City; that it is the intention of the said City Commission, upon the expiration of twenty (20) days after the first day that this notice is published, to pass an ordinance calling an election for the submission of the proposed charter amendments to the qualified voters of the said City, Texas. Such proposed charter amendments being as follows, to-wit:
 Shall Section 1 of Article VII of the Charter of the City of Pampa, Gray County, Texas, be amended so that it shall hereafter read as follows:
 "Section 1. MUNICIPAL GOVERNMENT: The municipal government of the City of Pampa shall be composed of a Mayor and four (4) Commissioners."
 Shall Section 2 of Article VII of the Charter of the City of Pampa, Gray County, Texas, be amended so that it shall hereafter read as follows:
 "Section 2. TERM OF OFFICE: The Mayor and each commissioner shall serve for a term of two (2) years, and until his successor is elected and qualified, unless sooner removed from office as herein provided."
 Shall Section 5 of Article VII of the Charter of the City of Pampa, Gray County, Texas, be amended so that it shall hereafter read as follows:
 "Section 5. ELECTIONS: The elective officers of the city shall consist of a Mayor and four (4) Commissioners; the Mayor shall be elected to office by a majority of the qualified voters of the city at large, and each Commissioner shall be elected to the office of Commissioner by the qualified voters of the Ward in which he resides and has the qualifications of an elector. For the purposes of the election of Commissioners, the city shall consist of four (4) Election Wards, and the said city is hereby divided into four (4) Election Wards, being numbered Wards 1, 2, 3 and 4, and being described and bounded as follows, to-wit:
 WARD NO. 1 shall be that portion of the City of Pampa lying north of Foster Avenue and Rham Street and west of Cuyler Street and Mary Ellen Street.
 WARD NO. 2 shall be that portion of the City of Pampa lying north of Foster Avenue and east of Cuyler Street and Mary Ellen Street.
 WARD NO. 3 shall be that portion of the City of Pampa lying south of Foster Avenue and east of South Cuyler Street and east of that section of Barnes Street which lies

NATIONAL WHIRLIGIG

Common Ground By R. C. HOILES

Idols, Government Education? I want to quote what a lover of freedom and an advocate of limited government has to say about public education. After he has tried to define the proper limits of government as a restraining force...

"Government education, commonly miscalled 'public' or 'free', has the same tendencies toward expansion as do all bureaus and agencies of government. It has all the characteristics of other forms of socialism..."

WHILE I have been presenting claims against Greece, and Russia is doing likewise against Turkey, Yugoslavia is making motions around Trieste...

UPTON CLOSE:

You Can't Force Brotherly Love Into the People

Can you make a man love his neighbor by passing a law? There's a referendum on the California ballot for November elections which, in effect, aims to accomplish that neat trick...

commission to be appointed by the governor, would be above any court. The commission, says the California PEP referendum, "shall not be bound by the common law or statutory rules of evidence and procedure!"

Should we have to go to war again this law would punish an employer as a criminal if he tried to clean up his shop...

FRUITLESS SEARCH Vast sums have been spent in searching for the fabled silver deposits worked by Indians and early Spanish explorers at Silver Hill, in the Ozarks, but the land has failed to yield wealth.

WHY, naturally, and how stupid of us not to have seen that sooner. Let's not bother with the old-fashioned, cumbersome method of voting. Let's just call a strike when we get out of patience with congress...

Peter Edson's Column. YES, CAPITAL CONSPIRATORS UNMASKED

It's a new idea. It kicked up quite a ruckus in the country in 1926 when a nation-wide vote on the question was taken. It appears that the wild rose won by a wide margin, but for some reason the results weren't accepted as official...

It seems that in the past decade something has happened to red ham gravy. This was strictly a Southern delicacy, and on top of it, it's getting to be more and more popular...

Brazos Electric Cooperative Meets

FORT WORTH—(AP)—Officials of the Brazos river transmission electric cooperative discussed future plans of the group at a meeting here yesterday.

Included is the proposed construction of a \$2,000,000 generating plant on the Leon river and the building of 600 more miles of transmission lines.

E. D. H. Farrow of Itasca, president of the cooperative, said plans

are being drawn for the steam generating plant, which will be on the Leon river between Temple and Belton.

The plant is being designed to furnish supplemental power which will "firm up" the supply coming from Morris Sheppard dam northwest of Mineral Wells. It will be of 10,000 KVA capacity.

For fuel it will use natural gas and it will draw water from the city of Temple lake.

Farrow said plans and specifications should be ready to submit to a meeting of the full board of the cooperative within two weeks.

Four Star Counties To Be Given Awards

WACO—(AP)—Four star-county awards were to be presented here today by the East Texas chamber of commerce during the second day of the organization's Texas govern-

ment institute.

During the opening sessions State Senator G. C. Morris of Greenville proposed a two-cent additional tax on gasoline to finance construction of more farm-to-market roads.

Morris told the 600 delegates that the people are "unwilling to wait 50 years for farm-to-market roads" and that "from a political point of

view, we'd better get something done."

Morris said the legislature was unwilling to turn over \$12,000,000 to \$13,000,000 annually to county governments unless they practice "reforms."

Other speakers included Fricé Daniel, Attorney General nominee, and D. Y. McDaniel, McLennan county judge.
