## Byrnes Urges Early Establishment of Provisional German Government

### U. S. Will Not Shirk Tasks In Occupation

STUTTGART—(AP)—Secretary of State James F. Byrnes urged today the early establishment of a centralized German government, rejected France's claim to the Rhineland and Ruhr and warned Russia that the United States does not consider Germany's eastern boundary fixed on the Oder.

In an unprecedented speech regarded as the most important American foreign policy pronouncement since the end of the war, Byrnes outlined a broad plan for eventual unification of the German people under a national council which, he said, should be charged with drafting a federal constitution for a "United States of Germany."

At the same time Byrnes made plain the intention of the United States to continue indefinitely her interest in European affairs and emphasized that "security forces probably will have to remain in Germany for a long period."

"I want no misunderstanding," Byrnes said. "We will not shirk our duty. We are not withdrawing. As long as an occupation force is required in Germany, the army of the United States will be part of that occupation force."

The secretary addressed an audience of German and Allied leaders in this seat of the German provisional government for the American zone. The city was decorated with flags. For security reasons, the military police detachment was strengthened to four times the normal size.

On the subject of boundaries, Byrnes asserted territories now occupied by Poland and Russia were "provisionally assigned" at Potsdam and "the protocol of the Potsdam conference makes clear the heads of government did not agree to support at the peace settlement the cession of any particular area."

Byrnes urged the establishment of a central German government. Byrnes declared that the four-power Allied control council "so far as many vital questions are concerned, is neither governing Germany nor allowing Germany to govern herself."

All that the Allied governments can and should do is lay down the rules under which Germany can govern herself.

### British May Withdraw From Big-4 Decision

PARIS—(AP)—Great Britain warned the peace conference today that she would withdraw from the Big Four agreement on division of Venezia Giulia if Trieste is not given a genuine "international" status as a free territory.

Charging that Yugoslavia is claiming "a very special position" in the administration of the disputed Adriatic port, British Delegate Hector McNeil said Britain would "reconsider the whole agreement if Trieste's independence is impaired."

France, too, lined up with Britain in opposing Yugoslav claims to domination of Trieste, though in less unequivocal language.

Maurice Couze De Murville, the French delegate, said his nation would "insist on a free territory as the result of the whole situation."

McNeil warned flatly that "we'll honor our bargain but if the statute is so changed as to impair the conception of free territory we will have to reconsider our whole agreement."

This was the first notice that any of the four-power foreign ministers council might not stand by their accords hammered out in 11 months of negotiations.

Soviet Foreign Minister V. M. Molotov has insisted again and again throughout the five-week peace conference that the four powers resist unanimously any attempt to change agreed sections of the treaty drafts and the council reaffirmed this solidarity again last week. Only yesterday the Soviet deputy Andrei Vishinskiy supported the Trieste agreement, though he said it was a "minimum" of justice for Yugoslavia.

The British stand on the hottest territorial dispute before the Luxembourg police conference was made in reply to demands by Slave powers for Yugoslav domination of Trieste.

Appealing for a "genuine international approach" to solution of the Trieste dispute, McNeil told the Italian political and territorial commission that Trieste must be administered under control of the United Nations.

"Some countries are thinking in terms of barbed wire frontiers which can be moved by force to their advantage, it will be a failure," McNeil said.

Molotov was sitting at the conference table for the first time since his return yesterday from Moscow, as McNeil spoke up sharply against "building walls around countries."

"Neither the Soviet Union, Great Britain or any other nation can shut themselves off from the world," McNeil said. "We must have an international spirit to achieve peace."

In a World War I Polish delegate, internationalization of Trieste might create "another danger spot in Europe."

Recalling the downfall of the free cities of Danzig and Flume after World War I, Polish delegate Wincenty Winiaciewicz urged that Trieste be united by "closest possible" ties to Yugoslavia to prevent resurgence of Italian aggression.

### Heirens Is Given Three Consecutive Life Sentences

CHICAGO—(AP)—The bloody and vicious crime career of young William Heirens was ended today as the state prepared to put him in prison to begin serving three consecutive life sentences.

The 17-year-old college student escaped death in the electric chair for his brutal crimes but the three life sentences and an assortment of other penalties ranging from one year to life for more than a score of burglaries and assaults indicated he will remain in prison until he is nearly 80 years old.

Heirens, under Illinois parole laws, can not be freed for at least 61 years, probably 63 years.

The former University of Chicago sophomore, who had expressed no remorse for his crimes, appeared unmoved as he was summoned before Chief Justice Harold G. Ward in criminal court for sentence late yesterday.

"Have you anything to say before sentence is pronounced?" Judge Ward asked the husky, black-haired youth.

Fidgeting nervously for a moment, Heirens inched closer to the judicial bench and speaking in low tones, said:

"I wish to express my deep humbleness. I'm sorry for the acts I committed. I'm still very bewildered by some of this, but everything seems to have worked out all right."

Judge Ward, eyeing the youth sharply for a moment, picked up several sheets of paper and began reading.

"The sentence for the murder of Suzanne Desman is imprisonment for the rest of your natural life."

For the next five minutes the chief justice read off the sentences for the crimes of which Heirens was convicted—the slitting slaying of Frances Bevan, 33-year-old former Wayne and the murder of Mrs. Josephine Ross, 43-year-old widow; 24 burglary charges, and two assault charges.

As deputy sheriffs handcuffed Heirens and led him from the court, his mother, Mrs. Margaret Heirens, rushed from her seat in the crowded courtroom, crying, "I want my Bill. I want my Bill." She collapsed in front of chief defense counsel John Cochran. Heirens' father, George, rushed to his wife's aid.

### American-Type System Promoted

WASHINGTON—(AP)—Diplomatic authorities today called the Stuttgart address by Secretary of State Byrnes a bold attempt to sell the German people an American-type political system as an attractive alternative to both nazism and communism.

Officials familiar with the background of the speech said it was partially a counter-move to the statement on Germany by Soviet Foreign Minister Molotov in Paris July 10.

The underscored as of top importance the reference in Byrnes' prepared text to the eventual need of "a federal constitution for the United States of Germany" which should insure democracy and the basic freedoms.

Official Washington was puzzled as to why Byrnes eliminated the phrase "the United States of Germany" in his actual delivery, although retaining the reference to "a federal constitution for Germany."

American officials have talked in general terms for months of the possibility of a federalized Germany, but none has even put the idea into words which suggested so strongly the American type of federal union.

Molotov strongly opposed the federal plan. He said it would dismember Germany and was favored only by Allied authorities in the western occupation zones, not the German people.

### Hearing Set on Gas Experiment

AUSTIN—(AP)—The Railroad commission scheduled a hearing Oct. 1 on the application of the Texas, Standard Oil & Gas, and Texaco Oil companies to conduct a cooperative gas injection experiment.

The experiment would be for six months, using gas from the same leases on which it is to be injected, in the McConnell area of the Panhandle field.

Other hearings, all on applications for oil discovery allowable rights, were scheduled as follows: West Central Drilling company and V. E. Aulry and others, the W. A. Minter No. 1, well, Jones county, Sept. 27.

H. H. Howell, The Texas company well No. 1, South Piedras Pintas field, Divas county, Oct. 1.

Fred M. Manning, Inc., the O. H. Farrot No. 1, well, Throckmorton county, Sept. 27.

W. M. Hampton and Hanlon-Buchanan, Inc., the D. G. Parker well No. 1, Wichita Falls, Sept. 27.

### Pack of Five Dogs Attacks Old Woman

MEMPHIS, Tenn.—(AP)—A pack of five dogs attacked a 74-year-old woman here yesterday and left her near death in a ditch.

Found by passersby Mrs. Ora Hassel was taken to a hospital where her condition was described as "critical." She has blisters on the arms, legs, face and neck.

The sheriff's office announced the dogs had been seized for observation.

### Board Recommends Base Pay Increase

WASHINGTON—(AP)—A special emergency board recommended today the basic monthly pay of Pullman conductors be increased by \$44.40.

The White House made public the recommendations of the board, set up to investigate the dispute between the Pullman company and employees represented by the Order of Railway Conductors.

WAR BRIDE KILLS MATE—Pretty Irish war bride, Bridget Waters, 26, shown with her son, Frank, left, in Las Vegas, N. V., in April, 1946, when she contested divorce action of her husband, Frank Waters, Sr., 38, of Los Angeles, Calif. She killed Waters with a shot through the heart when he called to take the baby on a holiday outing at Las Vegas.

### Committee Insists May Call at Capital

WASHINGTON—(AP)—The senate war investigating committee made plain today it will insist that Rep. Andrew J. May (D-Ky.) tell at a full dress hearing about his activities in connection with war contracts obtained by the Garson munitions combine.

In a letter to May, Chairman Mead (D-N.Y.) asserted that the Kentucky congressman's statement disclaiming any profit from his connection with the Cumberland Lumber Co., a Garson affiliate, "does not give adequate information" and "is not satisfactory to the committee."

Mead ruled out, too, any subcommittee excursion to question May at the latter's Prestonsburg, Ky., home. Blushing off that possibility he asked that May advise the committee "when it may be expected that your physical condition will be such as to allow you to appear and testify before the committee in Washington."

May was taken ill on the eve of his scheduled testimony to the committee last July. In a statement yesterday, he said he was now able to be out of bed for a short time each day and would "be very happy to meet with a subcommittee here in Prestonsburg."

He also declared he received no compensation for acting as Kentucky agent of the Cumberland company and that the sole motive in this appropriation is greater than all the money appropriated by congress for veterans from fiscal 1942 through fiscal 1946, which ended June 30.

In those five years the total appropriation was \$8,463,654,000. Most of it was for the cost runs into billions.

The 1947 appropriation is probably the peak yearly figure on government spending for veterans although the total for each year for that period four or five years will run fairly close to it.

This was bound to be an extraordinary year since now most of World War II veterans are home and getting adjusted to civilian life again.

The \$10,000,000,000 which congress voted for the veterans is a wide range from education job training, new hospitals, temporary housing, near schools, and cars for amputees to terminal leave pay.

"That's all for veterans of World War II and the cost runs into billions. In addition are the cost of hospitalization and pensions of veterans of World War II and previous wars."

"This year—fiscal 1947—the government expects to receive in new taxes about \$20,000,000,000. That's \$1,900,000,000 less than the \$18,100,000,000 it figures to spend for all purposes."

### Government Will Spend One-Fourth Of Money on Vets

WASHINGTON—(AP)—Upward of \$10,000,000,000 of the \$41,500,000,000 the government figures to spend on everything in the fiscal year of 1947 has been set aside for war veterans.

The 1947 fiscal year started last June 1 and will end June 30, 1947. Congress, before it quit for the season, appropriated about \$10,000,000,000 for war veterans. That money covers veterans of all wars and ranges from education to pensions.

"This appropriation is greater than all the money appropriated by congress for veterans from fiscal 1942 through fiscal 1946, which ended June 30."

In those five years the total appropriation was \$8,463,654,000. Most of it was for the cost runs into billions.

"This year—fiscal 1947—the government expects to receive in new taxes about \$20,000,000,000. That's \$1,900,000,000 less than the \$18,100,000,000 it figures to spend for all purposes."

### Meat-Scarce Days Are Feared Again

DALLAS—(AP)—Dallas meat packers and retailers have predicted that next week will find Dallas once again facing meat-scarce days while the state's officials in those regions and companies have announced the laying off of 575 workers during the last ten days.

R. B. Rinehart, sales manager for the Dallas A & P Food stores, predicts a serious shortage in his stores by the week's end and says the situation will be critical next week.

H. J. Nelson, acting manager of the Fort Worth plant of Swifts, said his firm had made somewhat less drastic reductions than those reported at Armour, but added that the situation was serious.

Armour officials said the lay off action followed a decrease in livestock receipts.

### Warranty of Used Car Dealers Is Reduced

The local price control board announced today that an amendment to regulations has been received which reduces used car dealers' warranty percentage from 25 percent to 15.

The new rule is effective immediately, officials said, adding that the office has also received dollar and cent prices on 1946 used cars.

Officials reminded dealers that certificates must be turned in to the price control board within five days after sales.

Dealers were further cautioned to keep records according to the same procedure followed before expiration of the first OPA June 30.

### Texas Girl Held As State Witness

FARMVILLE, Va.—(AP)—Ruth Teague, the attractive 18-year-old Texas blonde who told Farmville police that she was forced to drive two soldiers at gunpoint from Texas to Virginia, admitted she was scared to death Wednesday when a series of rapid events made possible her escape.

Miss Teague, none the worse for her experience, had regained her composure as she awaited questioning by federal bureau of investigation agents last night.

She is being held as a material witness against the two youthful servicemen whom state troopers caught after a wild chase near Richmond.

At Richmond, a hearing for the soldiers was continued to September 10 after police said they wished to make further investigations and await the arrival of detainees from Texas.

The public relations officer at Camp Hood, Texas, said the two youths, Pfc. Frank Valentine and Pfc. Clarence E. Kummer, had been missing from the camp since Sept. 3.

They are charged with armed kidnapping, theft of an automobile and kidnaping of four persons in Richmond.

They were captured near Richmond a few hours after Miss Teague drove into Farmville and reported to police that she had escaped from them when they stopped at a filling station.

### Texan Is National Federation Officer

CLEVELAND—(AP)—Dr. Walter P. Taylor of College Station, Texas, has been named one of nine vice presidents of the National Federation of Federal Employees.

Election of federation officers was held here yesterday by 350 delegates at the final session of the group's eighteenth convention.

Luther C. Stewart of Kansas City, Mo., was unanimously reelected.

## Extensive Picket Lines Established Strikes Close Galveston and Houston Ports

By the Associated Press

The greatest maritime strike in history spread through the nation's coastal ports today, freezing the port of New York, the country's busiest harbor into "complete paralysis," the U. S. Maritime Commission announced.

The commission's statement came about three hours after the striking AFL Seafarers International union and the Sailors Union of the Pacific established picket lines along the extensive waterfront.

The commission listed 344 vessels of all nations tied up in New York by the strike. This varied with a union claim that 534 craft of all types were stranded in New York and 2,534 on three coasts.

A commission survey said 765 ships of all flags were immobilized in ports from Portland, Me., to Savannah, Ga. Of these, the commission said 548 were American and 127 were of foreign registry.

In Philadelphia, James Traesdale, port agent for the SIU, said "loading is being worked after pickets disappear by party headquarters at 11:30 p. m. and are not permitted to work."

The strike was called "100 percent effective in New England" by John Boston, port agent for the SIU in Boston.

Shipping men in Norfolk called the trip the worst ever experienced in the extensive Hampton roads harbor.

In Jersey City, two Russian ships could not be loaded because of sympathy action by jobbersmen.

Spokesmen for the striking AFL seafarers international union and the sailors union of the Pacific in New York said 534 ships were tied up in the port of New York, 350 in other Atlantic coast ports, 450 in Gulf ports and 1,200 in West Coast ports.

The figure were announced soon after seamen had hung picket lines along the New York shore front—lines which other AFL and rival CIO unions have pledged to respect.

The action was followed by an appeal by the maritime commission to participants in the strike to keep refrigerating machinery aboard ships in operation "to prevent spoilage of thousands of tons of perishable goods."

In telegrams to heads of the two maritime unions involved in the strike, Vice Admiral W. W. Smith, chairman of the commission, said: "In view of the world-wide shortage of food, we request your union to give immediate assurance that provisions will be made for such operation as may be necessary to protect valuable refrigerated loadstuffs which would have to be replaced from civilian stores already critically short."

Nearly 400,000 workers, including dock employees, highest operators and CIO seamen, said they would honor picket lines.

A possibility of an international truce was hinted in a bulletin issued from strike headquarters in New York. It said "expressions of support" had been received from "all over the world" including British, Danish, Swedish, Norse and Greek seamen.

The Pacific American Shipworkers' association sent a telegram to President Truman, calling upon him for action. The telegram said:

"The industry is powerless to act, since the union has no dispute with the industry and is not striking against it. We therefore urge action by the WSB to halt the tragic damage that is being done to production through the crippling of the water transportation of our nation."

J. B. Ryan, president of the Pacific American Shipworkers' association, declared that a few days of the strike would result in a "major disaster" for the shipping industry.

Other shipping experts said immediately.

### Marshall Confers With Chiang on Truce Agreement

ANKING—(AP)—General Marshall today in conference with Chiang Kai-shek, Communist Gen. Chou En-lai and other officials, discussed a proposed truce agreement between the Nationalist government and the Chinese Communists.

Both actions followed a half-hour meeting of Marshall and Chiang with Chou, the third American-Communist talk in three days. Chou summed up the American views and stated that the Nationalist government should accept a military settlement if the Communists would agree to serve immediately upon a state council committee.

Marshall said to Chiang to lay the Communist position before Chiang and attempt to draw something definite from him on the government-wide cease-fire agreement.

Both actions followed a half-hour meeting of Marshall and Chiang with Chou, the third American-Communist talk in three days. Chou summed up the American views and stated that the Nationalist government should accept a military settlement if the Communists would agree to serve immediately upon a state council committee.

### Committee Insists May Call at Capital

WASHINGTON—(AP)—The senate war investigating committee made plain today it will insist that Rep. Andrew J. May (D-Ky.) tell at a full dress hearing about his activities in connection with war contracts obtained by the Garson munitions combine.

In a letter to May, Chairman Mead (D-N.Y.) asserted that the Kentucky congressman's statement disclaiming any profit from his connection with the Cumberland Lumber Co., a Garson affiliate, "does not give adequate information" and "is not satisfactory to the committee."

Mead ruled out, too, any subcommittee excursion to question May at the latter's Prestonsburg, Ky., home. Blushing off that possibility he asked that May advise the committee "when it may be expected that your physical condition will be such as to allow you to appear and testify before the committee in Washington."

May was taken ill on the eve of his scheduled testimony to the committee last July. In a statement yesterday, he said he was now able to be out of bed for a short time each day and would "be very happy to meet with a subcommittee here in Prestonsburg."

He also declared he received no compensation for acting as Kentucky agent of the Cumberland company and that the sole motive in this appropriation is greater than all the money appropriated by congress for veterans from fiscal 1942 through fiscal 1946, which ended June 30.

In those five years the total appropriation was \$8,463,654,000. Most of it was for the cost runs into billions.

The 1947 appropriation is probably the peak yearly figure on government spending for veterans although the total for each year for that period four or five years will run fairly close to it.

This was bound to be an extraordinary year since now most of World War II veterans are home and getting adjusted to civilian life again.

The \$10,000,000,000 which congress voted for the veterans is a wide range from education job training, new hospitals, temporary housing, near schools, and cars for amputees to terminal leave pay.

"That's all for veterans of World War II and the cost runs into billions. In addition are the cost of hospitalization and pensions of veterans of World War II and previous wars."

"This year—fiscal 1947—the government expects to receive in new taxes about \$20,000,000,000. That's \$1,900,000,000 less than the \$18,100,000,000 it figures to spend for all purposes."

### Jobs for Vets Is Foremost Problem

WASHINGTON—(AP)—Carroll Reece, republican national chairman, asserted today that the CIO's political action committee "stacked" its boxscore on congressional voting in an effort to cast in an unfavorable light GOP legislators seeking reelection.

Reece made out a basis designed to present republican members in the most unfavorable light possible—from the viewpoint of the PAC.

"The entire performance appears to have been staged with the hope of seeking to rescue the present democratic administration."

Former lawmakers remaining in Washington came cheers for President Truman's decision not to call a special session of congress.

Mr. Truman told a news conference yesterday that he thought congress members ought to be able to campaign without interruption until November.

Senators Olin D. Johnston (D-Sc) and Chaumont Revercomb (R-WVa.) neither of whom is a candidate this year, were among those applauding. However, Johnston said he was seeking to rescue the present democratic administration.

Most veterans had some type of specialized training while in the service. But added with the major issue now to locate the veteran a job that will use his service training to his advantage.

"Such a situation will prove beneficial to both the veteran and his employer. For the veteran, it will mean an average basis of comparison, there is definitely a surplus of unskilled laborers, while there is a shortage of highly skilled men," Bar declared.

The obvious answer to this unemployment is to train a portion of the skilled men for specialized jobs, he said.

Port issued this warning to all men of the younger age group: "You must continue your schooling as long as possible to learn a skill. This is the only way to secure security as well as the future security of your family."

### Texan Among Missing On Flight of B-17

WASHINGTON—(AP)—The war department has notified relatives that Capt. Clarence O. Gray, whose wife is Mrs. Marjorie L. Voss, 1108 Koberlin, San Angelo, Texas, is among the eleven army officers and men missing on a flight of a B-17 bomber from Frankfurt, Germany, to Casablanca, Morocco. The plane has been missing six days.

### Robertson, Woods Are Nominees for Vacancy

RICHMOND, Va.—(AP)—Absalom Willis Robertson, 59-year-old tax expert and wildlife conservationist, is the nominee of the Democratic party to succeed the late United States Senator Carter Glass from Virginia.

Robertson, who lives in Lexington, Va., and has represented the Seventh congressional district in the house of representatives since 1932, was nominated by acclamation on the third ballot in the state convention last night. The unexpired term for which he was nominated runs through 1948.

Robertson will be opposed in the general election by Robert H. Woods, a republican.

### Farm and Ranch Workers Needed

Recent rains which brought out the volunteer wheat crop have also created a need for farm laborers in Gray and neighboring counties.

Gray and neighboring counties are in need of farm laborers.

Workers are required for destruction of the volunteer crop and planting of the winter wheat crop, according to Thomas.

Besides Gray, he mentioned Carson and Lipscomb counties as areas where there is a demand for farm labor.

Meanwhile E. M. Gossett, Lipscomb county agent, sounded a call for ranch and farm workers, particularly for ranch hands and tractor drivers. Many of these jobs, he said, would be permanent.

Housing for the workers and their families is available, Gossett added.

Gossett may be contacted at his office in the county courthouse at Lipscomb.

### Tomorrow Deadline to Contract City Paving

Applications from residents who wish to enter into a street paving contract with the city must be filed in the city engineer's office by noon tomorrow.

The city hopes to line up as much paving as possible before the season ends in November.

After all contracts are drawn up, the city will ask for bids to complete the paving, some of which may be limited to curbs and gutters due to the near end of the season.

However, the plans call for the mapping out of as great amount of paving as possible to be done both this fall and next spring.

### Rancher and Employer Indicted for Murder

FORT STOCKTON—(AP)—Ralph Johnson, 45, Free county ranchman, and Nino Granado, 22, ranch hand, have been indicted by an 83rd district court grand jury on charges of murder in connection with the fatal shooting on Aug. 18 of Jack Hall, 53.

Hall was an employee on the Johnson ranch.

Johnson and Granado were released yesterday under bond of \$5,000 each.

District Attorney Travis Crumpton said the two men will go on trial the first of next week.

### THOUGHTS

Hear ye, and give ear; he not proud for the Lord hath spoken, Jeremias 13:13.

It never frightened a Puritan when you bade him stand still and listen to the speech of God; his blood and his church were full of the reverberations of the awful, gracious, beautiful voice for which he listened.—Phillips Brooks

# Hubbers Blast Garland for 7 Runs in First, Win 10-8

## Bears Gain on League Leaders

Texarkana's Bears have announced they are still in the running for the first place position in the final standings of the East Texas League. Their announcement was an emphatic nature last night in handing the first place Henderson Oilers a twin licking, 3-2 and 13-3, to move within two games of the Oilers who had needed until the Bear uprising, only one more victory to clinch the league's regular schedule leadership.

The twin victory by Texarkana assured the Bears at least second place when the final bell rings. Their hopes for first spot will depend upon the outcome of their final three-game series from tonight through Sunday, with the Paris Red Peppers and the results of a double-header between Henderson and third place Tyler.

The Trojans of Tyler last night in defeating Paris 6-4, while fourth place Greenville was losing to Jacksonville, 7-1, clinched at least a tie for third place. The Oilers hold a three game advantage over Greenville, with each club having only three to play.

At Lufkin last night, Mont Stratton, although going out 13 hits, led the Sherman Twins in a six-inning over the Lufkin Toros.

Continued with the proposed series with the East Texas League champion, some of the players in the league are going to be kept out of home by Christmas. The league is too late that there is imminent danger of the players not getting their fair share by staying the extra time.

They too think of the conflict with football. The thing will cause some of the players in the league to have gone into action by at least Sept. 21, which will be right in the middle of the season. School officials and club owners will be doing their best to get the crowds out, and one of the two sports is going to suffer for it, but neither will reach a low level.

Who's more look at the interior of our sports writers are found to be in. How would this sound? With two strikes on you and four words to go, Casey swing hard and let the puck clear over the goal post 375 feet away. Not so hot, is it?

We suppose what's done is done, so we'll have to make the best of it. Under the new playoff plan, the first place club will meet the fourth place club in the first two games of the series at the first place club's home park. They will then move to the other town for two or three more games, which, if necessary, if more than five games are necessary, the others will be played back at the first place team's home park.

The same applies to the second and third place teams, with the second place club being the first host. There is a league rule against players sharing in the receipts of the playoff and that is the main reason why a group of fans organized the players "kitty".

Last night's large crowd contributed only \$112 to the fund, which will be split among 14 players, exclusive of Manager Grover Seitz.

"We want the fans to really chip in and make it worth the boys' while this year. Baseball is not a big moneymaking occupation, so the players need some way to make some extra money.

Atlanta fans have been pouring the money into the coffers for the last several days. We would like to see Pampa fans do the same. Another collection will be made. The next one will be tomorrow and Sunday.

Monday night, Pampa fans will have a new representation tomorrow but the Oilers. The Oilers for Tuesday afternoon. The Oilers for Wednesday and may be obtained from Mrs. Enloe at DeLuxe Casino, E. M. Bohannon at Behrens, Ben Whinnant at Edwards, Dr. Charles D. M. DeLoe at the Red Worth and Denver depot, Dick Alford at the Walsh and Alford, and from the chamber of commerce or from the writers.

An interesting but short program is being planned, including an exhibition by M. J. Bohannon, Ed Clark of the Oilers, and a musical concert by Mrs. Ken Bennett, Radio Station KFDN.

Motion pictures are now being made for school children so that they may be able to learn more about living than they would actually make a trip from Los Angeles to Salt Lake City which the film covers. This film includes navigation, instruments and ground crew service.

## Lubbock Uses 4 Pitchers to Subdue Late Pampa Rallies

Plastling Lefty Bill Garland for six hits and seven runs in the first inning and three runs in the third, Lubbock's Hubbers won the second game of the current series, 10-8, here last night.

The Hubbers used four pitchers to win as the Oilers kept eating the lead away from the Lubbock nine. Pampa scored one in the second, third, and fourth, four in the seventh and one more in the eighth for their runs.

After the fatal first inning, Garland regained some of his control and allowed the Hubbers only eight hits and three runs. Givv, first Lubbock batter, gave up six runs and nine hits in six innings as the first pitcher. Tammison pitched one inning, Henrichs one and Heinz finished the game for Lubbock. Garland tried to win the game by hitting three out of three batters for two trips to the plate and scoring one run.

Tom Benge scored three runs and rapped two hits for three times at bat. R. C. Ovey, Oiler second baseman, and three first base batters, took his first three hits for two runs. Hubber, shortstop, was the batter of the evening, with three hits, one of which was a home run over the left field wall. Kuykendall also hit three for four.

Stene, Weikens, and Sullivan, the first three batters to face Garland, walked to lead the bases in the first inning. Henrichs got a search hit to score one run. Then Miller singled to right field, centering Warren and Sullivan. McAlexander also got a hit to lead the bases again. Wilman struck out and Kuykendall singled to score Hodder and Miller. Grey singled to score McAlexander and Sullivan, and scored. Kuykendall and Weikens hit into a double play.

The Oilers got their first run in the second inning as Isaacs doubled in center field and Ziehm singled to score him.

Lubbock again rallied in the third as Wilman singled and went to second on a wild pitch. Kuykendall doubled and went to second on a wild pitch. Kuykendall singled, scoring, Wilman and Grey scored. Kuykendall hit a home run, scoring Grey, scored his run.

Pampa scored one run in the third as Benge led off with a double, scoring two runs. Benge scored to score him.

Garland pitched one inning in the fourth and went to second on a wild pitch. Ovey walked and Harman flied out, ending Garland's inning. Pampa's double scoring Garland and Riley then out to end the inning.

Pampa's big chance came in the seventh as Benge walked, and scored on Riley's double. Richardson and Fortin were out, but Riley went over as necessary. If more than five games are necessary, the others will be played back at the first place team's home park.

The same applies to the second and third place teams, with the second place club being the first host. There is a league rule against players sharing in the receipts of the playoff and that is the main reason why a group of fans organized the players "kitty".

Last night's large crowd contributed only \$112 to the fund, which will be split among 14 players, exclusive of Manager Grover Seitz.

# Feller Blasted From Mound in Third Inning

Time is rapidly running out on Bobby Feller's hopes of setting a new major league strikeout record as the Cleveland Indians' great pitcher wallows in the worst slump of his baseball career.

The speedy right-hander, who was figured a good bet to become the first pitcher since Dizzy Dean of 12 years ago to notch 30 victories when he registered his 20th win last July 31, has hit an amazing decline since then, losing six of his next eight starts, including his last three.

Feller's sudden reversal of form not only has killed all his hopes of winning 30 games, but also has practically ruined his chance of overtaking Rube Waddell's 42-year-old listed record of 343 strikeouts. In his last eight starts, Feller has whiffed only 40 batters to increase his season's total to 293. He is expected to make five more starts which means he must average 10 strikeouts per game to equal Waddell's mark.

Bullet Bob suffered his most humiliating defeat yesterday in Detroit at the hands of the Tigers who clubbed him for eight runs in the fourth inning, the most runs ever scored against Feller in one frame since he joined the Majors in 1936.

In all Feller was tagged for nine runs and 11 hits in the three and one third innings he worked with the Tigers beating him for the third straight time, 10-0. Fred Hutchinson hurled the shutout for the Tigers.

The heated National league pennant race continues unabated as the front-running St. Louis Cardinals and runner-up Brooklyn Dodgers both won the Cards shacking the Chicago Cubs in a night game at St. Louis, 10-1, and the Brooks shading the Braves in Boston, 1-0. The Cards retained their two-game lead over the Dodgers, with 22 games remaining on each team's schedule.

Jim Bagby moved the Boston Red Sox to within four games of clinching the American league pennant, scattering nine hits to defeat the Senators 1-0 in Washington at night.

The Yankees protected their two-game margin over the Tigers by defeating the Athletics in Philadelphia, 6-2.

The Chicago White Sox defeated the visiting St. Louis Browns 4-3 in 11 innings.

Jack Graham's second home run of the day, with two men on base in the ninth inning, gave the New York Giants a 6-5 victory over the Philadelphia Phillies at the polo grounds.

Feld scoreless for eight innings, the Pittsburgh Pirates got to Johnny Vander Meer for three hits and two runs to defeat the Reds 2-1 in Cincinnati.

An American airline firm has started a thunderstorm research project to investigate thunderstorm conditions to further the safety program to its customers.

## Scramble for 3 Spots in Texas Playoff Cleared

Battle lines were forming today for the post-season Texas league play-offs that get underway next week with the Fort Worth Cats, the Tulsa Oilers and the Dallas Rebels meeting the San Antonio Missions in the first round.

The scramble for second, third and fourth positions cleared last night as the Dallas club, sweeping a double-header from the Oklahoma City Indians, 10-3 and 4-3, the latter in fifteen innings, clinched second spot.

San Antonio defeated Beaumont, 3-1, and the victory, combined with Tulsa's splitting a twin bill with Fort Worth, gave the third place Missions a three and one-half game lead over the fourth place Oklahoma City Indians, with only three more games to play.

Tulsa took the first game with Fort Worth, 2-1, handing the Cats their first defeat of the season at Tulsa, but dropped the nightcap in shutout fashion, 9-0.

In the only game of the night that had no bearing on the final season standings, Houston defeated Shreveport, 3-2, at Houston.

Center fielder Clint Comaster provided the hitting power that decided the two Dallas games at Oklahoma City. After collecting a two-run triple in the sixth inning of the first game to put the Rebels out in front, Comaster came back in the fifth inning of the nightcap with a double and then scored the winning tally.

A home run by Big Boy Moyer in the Dallas half of the ninth tied the score at 2-2 and sent the game into extra innings. Each club scored single tallies in the thirteenth.

Sigmund Jakucki tossed a 7-inning performance against the Exporters to win the last regular home game of the campaign for San Antonio.

Pelux Penso allowed the top spot Cats only two hits as Tulsa turned back Fort Worth in the abbreviated opener at Tulsa. Penso got in trouble in the ninth, when the Cats scored their lone run, and secured relief from 19-game winner Tommy Warren.

Sloppy fielding aided the Cats in building up a big advantage in the second game as George Dockings coasted to his 12th victory.

Jim Basso, Houston outfielder, won himself a bride and a ball game as he belted in the winning run against Shreveport.

## Best Squad in History Ready For Gridiron Campaign at Rice

HOUSTON (AP)—The finest squad in a football possibly in history has Rice football fans beating on the stadium gates. Usually doorless, Rice is quite valuable about it.

That is, valuable for a man who never says in two words what he can express with the twitch of an eye.

The Rice coach, starting his seventh season here, looked back over 22 years of tutoring college teams and declared it was the best squad he ever has had.

"I will have my best team but it may not win a game," he said, explaining the somewhat startling statement like this: "Everybody also is going to have a great team, too."

One of the greatest arrays of guards in the country, knee deep in fine ends, with prospects of the best passing center Rice has ever known, there is every reason for followers of the blue to figure their team a top contender for the Southwest conference championship.

Half of the 33 college lettermen who went into Rice to work are pre-war veterans—men who were stars in the seasons just prior to and immediately following Pearl Harbor before the draft started its rains on the athletes. If Navy and Army could field a team made up entirely of 1942 players—the best team he has had at Rice before this one.

Rice is not too well stacked with tackles. There are some top hands at this position but the Oyls do not have enough of them. That is, enough of them compared to the manned situation at other positions. But Rice will get by pretty well at the forwards unless there is an unusual number of injuries.

The freshman crop is very gratifying at Rice this year, too. One of the first year men looks good for a starting berth. It is Harold Riley, a freshman from the marine training camp at Parris Island, S. C. Riley is an excellent passer and a good handler of the ball under Neely's tutelage. He also represents top potential.

And Rice has the ends he needs to make the passing attack click. "We have 18 fellows who can catch anything," said Eikenberg.

Rice only yesterday lost one of its pass-receivers when J. W. McBride, 1945 star, decided to drop out since he had been hurt in a game at St. Louis. But the Oyls picked up a veteran the same day to make its already quacking list of one guards, four tackle, five J. W. McBride, star of 1942 and 1943 and who also led the Oyls in 1941 and 1942, is an excellent passer and a good handler of the ball under Neely's tutelage. He also represents top potential.

Seventeen year old Gerald Weatherly, one of the best centers in the conference last year, Pete Sultz, blocking back of 1942 fitted to center this season, and Juddy Helms, Houston schoolboy star, the middle of the line potent enough. Top tackles are Charles Malmberg, all conference in 1943, and Henry Armstrong, a power of 1942. Verlan Puchard, 1941 end, has been shifted to tackle and Jim Spruill of 1942 and Ralph Noble, 1940 freshman, also are first string forwards of known ability.

Windell Williams and Ted Scrages, stars of 1942 and 1941 respectively, are the starting ends but there are plenty of others on the squad competing with anything in the conference. Including Bill Taylor of Goose Creek, Froggie Williams of Waco and Nick Larva of Dallas, who were top tackles in Texas schoolboy football, and such veterans as Wendel Garrett of 1941 and Dick Westerman, who lettered at Southwestern university.

The likely starting backfield will be Eikenberg, George Walmley, all conference in 1944, Don (Red) Anderson, 1945 letterman and Riley, the boy from Sherman. Dividing time with Walmley will be the speed merchant, How Keeney, a great runner and punter of merit. Carl Russ, 1944 letterman, who is a fine runner and excellent kicker, Bill Tingle of Pasadena, who played navy football;

Scott's Scrap Book  
BY SCOTT RAFFERTY  
Club-owners in the West Texas-New Mexico league have made a questionable decision in voting to have each playoff series a four-out-of-seven deal instead of having the semi-final round at three-out-of-five series and the finals four-out-of-seven.

Do not question the idea of the sloughiness playoff. We think it's a good thing, but as the old saying goes, a good thing can be overdone.

Continued with the proposed series with the East Texas League champion, some of the players in the league are going to be kept out of home by Christmas. The league is too late that there is imminent danger of the players not getting their fair share by staying the extra time.

They too think of the conflict with football. The thing will cause some of the players in the league to have gone into action by at least Sept. 21, which will be right in the middle of the season. School officials and club owners will be doing their best to get the crowds out, and one of the two sports is going to suffer for it, but neither will reach a low level.

Who's more look at the interior of our sports writers are found to be in. How would this sound? With two strikes on you and four words to go, Casey swing hard and let the puck clear over the goal post 375 feet away. Not so hot, is it?

We suppose what's done is done, so we'll have to make the best of it. Under the new playoff plan, the first place club will meet the fourth place club in the first two games of the series at the first place club's home park. They will then move to the other town for two or three more games, which, if necessary, if more than five games are necessary, the others will be played back at the first place team's home park.

The same applies to the second and third place teams, with the second place club being the first host. There is a league rule against players sharing in the receipts of the playoff and that is the main reason why a group of fans organized the players "kitty".

Last night's large crowd contributed only \$112 to the fund, which will be split among 14 players, exclusive of Manager Grover Seitz.

WE, THE WOMEN

No Fury Like a Woman in a Line-up

By RUTH MILLETT, NEA Staff Writer.

In a mad scramble to buy sugar in Washington, one woman in a line of three hundred was knocked down and for several minutes other shoppers walked over her before she was helped up.

She was stopped long enough for the woman to be picked up and taken to a hospital.

It looks as though the war brought out women's latent aggressiveness and developed it to a point where it is way out of control.

Whether or not they were the actual bread winners during the war it was the women who brought home the bacon—if the family had any bacon—and every other scarce article as well.

They became the standers-in-line and, after a taste of pitting their strength and endurance against all

comers, many of them got the scarce-article fever.

It isn't at all uncommon to see a woman join a line in a store and stand there several minutes before inquiring "What is this line for?"

The line indicates that something hard-to-get can be had—and that is enough.

NOT A CASE OF STARVING

Chances are, none of the women stampeding for sugar was on the brink of starvation. Probably many of them had sugar in their cupboard.

But if somebody was going to get sugar—then they were going to be on it.

Once aroused, the aggressive instinct runs away with a woman's common sense, with her sense of values, and with her feeling for the fitness of things.

Maybe when the scarcities are over the women who jump into every line they see will calm down and regain their poise.

It is certainly lost the moment they crowd into a pushing, clawing, angry line.

with Joan Sawyer, president. A three-way dance for Sept. 15 was discussed.

Those present were: Arvilla Patterson, Virginia McNaughton, Donna Neinstell, Helen Kiser, Frances Gilbert, Beverly Baker, Joan Ann Appleyard, Barbara Walker, Barbara Morrison, Zita Kennedy, Anne Moseley, Hilda Burden, Pat O'Rourke, Barbara Stevens, Joan Sawyer, Mrs. L. L. Stone, sponsor, and a guest, Enid Reynolds.

The regular meeting will be held in the home of Miss Virginia McNaughton, 1305 Terrace Drive, at seven o'clock.

Kit Kat Klub To Have Rush Party

The Kit Kat Klub met in the home of Miss Donna Jo Neinstell Tuesday evening to discuss plans for the coming rush party.

Committees and chairmen are: entertainment—Beverly Baker, with Pat O'Rourke and Nance Campbell; refreshment—Frances Gilbert with Helen Kiser and Barbara Morrison; decoration—Virginia McNaughton with Barbara Stevens and Arvilla Patterson; invitations—Jean Pratt, with Gloria Jay and Anne Moseley.

Representatives to the Council of Clubs, to be revised, will be Pat O'Rourke and Nance Campbell. They will attend the coming meetings.

Pampa Women's Golf Association To Hold Tourney

The Pampa Women's Golf Association met at 10 a. m. at the Pampa Country club with Mrs. H. H. Hicks, president.

Mrs. Carl Luedders gave a report of the Panhandle Women's Golf Association meeting in Amarillo Aug. 29.

Plans for a handicap tournament for the local association were discussed. The handicap tournament will be held the last week in September.

Mrs. Hicks appointed Mrs. R. M. Bellamy, Mrs. Haskell Maquire, and Mrs. Charles Duengel to serve on the prize committee.

The final business meeting for the 1946 season will be held Oct. 2. Cold drinks were served to the following members: Mesdames H. H. Hicks, Carl Luedders, F. A. Howard, Charles Duengel, Marvin Harris, C. M. Whittle, Haskell Maquire, R. M. Bellamy, Walter Fede, A. J. Beagle, Quebell Nelson.

Twenty-two men and women golfers played in the Scotch foursome held at the Pampa County club Tuesday at 5 p. m.

F. A. Howard and Orville Heskell placed first, each winning two balls.

Others who placed, winning one ball each, were: second, Mrs. Walter and Charlie Lutz; third, Mrs. Carl Luedders and Walter Fede; fourth, Miss DeAnn Lewis and Charles Duengel; and fifth, Mrs. Charlie Thut and Marvin Harris. Mrs. Charles Duengel and Mrs. Mark Heath had low gross score.

A picnic supper was spread near the Country club after the playing. Mrs. Reed Weatherford, Mrs. Mark Heath, and Mrs. H. H. Hicks were in charge.

LOUISIANA YAMS

Something just as American as a baseball game or corn on the cob is at your market. What's that? Rich, red-skin sweet potatoes from Louisiana.

These sweeter, more moist yam type sweet potatoes are here now to give color and rich food value to your meals.

Southern favorites since "way back when," this food is relatively new to most Northerners.

Louisiana yam sweet potatoes were first introduced in large quantities to Northern markets the last few years.

When this food is received with such enthusiasm that this year Louisiana is distributing her sweets nationally. The only sweet potato to have such wide distribution, the Louisiana product is being shipped as far west as Portland, Oregon.

High Vitamin A Content

These golden-red yams from Louisiana are rich in Vitamin A. According to findings of Rose's "Foundations of Nutrition," the sweet potato contains 67 times more Vitamin A than an Irish potato of the same weight!

Sweet potatoes also contain Vitamin B1, Vitamin B2, Vitamin C, minerals and protein. Louisiana yams have so much natural sugar that it tends to caramelize while cooking! They are softer and more moist than the northern varieties of sweet potato.

This can be traced to the state's heavy summer rainfall and the rich delta soil in which Louisiana yam sweet potatoes are grown.

According to legend, sweet potatoes were found in Central America by Indians. The red men brought this member of the Morning Glory family with them to North America.

When the founding fathers arrived on these shores they found the Indians cultivating sweet potatoes.

Usually considered by Northerners as a companion for holiday roasts and fowl, the sweet potato is much too valuable food to be reserved for such infrequent occasions. See what Louisiana yams do to dress up luncheon meat by trying this:

Luncheon Meat and Golden Yams

4 large Louisiana yams 4 slices pork luncheon meat (1/2 in. thick) 3 tablespoons molasses (or 4 tablespoons brown sugar) 1/4 cup water.

Peel and slice yams; arrange slices in a greased casserole (1 quart); pour over half the molasses, cover with meat slices and top with remaining molasses. Pour water over all; cover and bake in a moderate oven (350 degrees F.) about 1 hour until yams are done. Serve hot. Makes 4 servings.

Sweet potatoes with their high Vitamin A content helped keep the South alive during the reconstruction period following the Civil War. Here is one of the many varied recipes that Louisianians evolved for their yam sweet potatoes:

Golden Cake Squares

1/2 cup shortening 1/2 cup sugar 1 tablespoon grated orange rind 3 eggs, well beaten 1 cup boiled mashed Louisiana yams 1/2 cup molasses 2 tablespoons orange juice 2 cups sifted flour 2 1/2 teaspoons baking powder 1/2 teaspoon soda 1/4 teaspoon salt 1/2 teaspoon cinnamon.

Cream shortening; add sugar gradually and cream until fluffy; add orange rind, eggs and yams and mix well. Combine molasses and orange juice. Sift dry ingredients together and add to creamed mixture alternately with molasses-orange juice mixture, mixing thoroughly. Bake in greased 9-inch square pan in moderate oven (350 degrees F.) for about 35 minutes. Remove from oven, cut in squares and serve warm or cool for dessert. Makes 1 1/2-inch square cake.

The centrifugal force, or pull, tending to tear the blades of a medium-size propeller out of their hub is approximately 50 tons per blade.

SOCIETY

Arvalee Stanford of Amarillo and Eldon L. Saul of Miami Are Wed

MIAMI—(Special)—Miss Arvalee Stanford, daughter of Rev. and Mrs. E. Lee Stanford, of 1010 Roberts street, Amarillo, and Eldon L. Saul, son of Mr. and Mrs. J. B. Saul of Miami, were married Friday evening, August 30, at the Tenth Avenue Methodist church, Amarillo.

The impressive double ring ceremony was read by Rev. E. Lee Stanford, father of the bride, before an altar of white gladioli and palms flanked with candelabra.

Following the ceremony an organ recital was played by Miss Adelia Jane Craig of Miami, and John T. Locke of Miami sang "I Love You Truly," and "Always."

Serving as bridesmaids were Dorothy Sue Stanford, sister of the bride; Frances Huff and Carrie Jo Hearse. Miss Phoebe Ann Osborne was junior bridesmaid.

John Porter Pennington, of Miami, served as best man, and ushers were Wallace Locke and Bill Tolbert, of Miami. Duane Byars and Jesse Edgar Stanford.

The bride wore a gown of white silk with long pointed sleeves and sweetheart neckline. Her finger tip veil was caught by seeded orange blossoms.

Following the ceremony a reception was given in the church parlor.

Mrs. Saul was graduated from the Miami high school and attended Wesleyan college, Ft. Worth, and graduated from the Texas State College for Women in 1946. Mr. Saul is a graduate of the Miami high school and attended Trinity university and served several months in the southwest Pacific and in Japan before he was honorably discharged in the spring of 1946.

Miss Kaye Heard Feted With Party

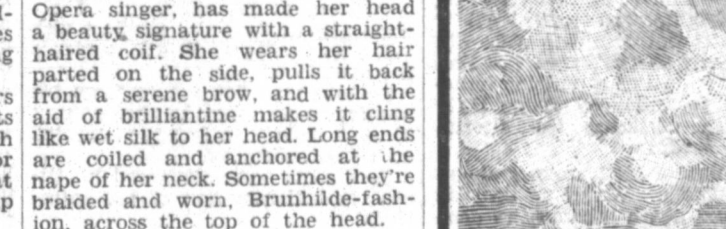

Miss Kaye Heard, bride-elect of Larry Myers, was honored with a bridal shower Friday in the home of Mrs. Travis White.

After several games was played, cake and punch was served to Mesdames D. L. Brown, Maxine Dwight, Claude Crane, Bob Lutz, Love, Jack Brooks, Travis White, Mary Scoggins, Ben Walker, Dual Lee Brown, Misses Shirley Easter, Wilda Nichols, Kitty, Oleta, and Edna Rosa White, and Dorothy Bigham.

Those sending gifts but unable to attend were Mesdames Bill Turner, S. A. Heath, George Moore, Bud Tucker, J. T. Richardson, Audrey Evans, Nichols, C. G. Shelton, Lane, H. C. Blackshear, and A. C. Heard.

Gifts were also presented by the bride's parents, Mr. and Mrs. Harvey Heard, and her brother, Gene.

Seal-Sleek Coif Flags Attention

(Photo from RCA Victor) MISS THEBOM: Silken coiffure.

NEA Staff Writer

If your hair is long and your face can stand a severe contrast, dare to wear a straight, sleek coiffure. Many a nice-looking gal would look no better than that with curls as flagged attention to herself as a distinctive type of beauty by wearing her hair as sleekly as a wet seal.

Blanche Thebom, Metropolitan Opera singer, has made her head a beauty signature with a straight-haired coif. She wears her hair parted on the side, pulled back from serene brow, and with the aid of brilliantine makes it cling like wet silk to her head. Long ends are coiled and anchored at the nape of her neck. Sometimes they're braided and worn in a bun-like fashion, across the top of the head.

8007 12-42

By SUE BURNETT

A striking and very simple all occasion frock with clever scalloped closing and youthful neckline. The narrow belt is set-in and ties in a soft bow. Ideal for early fall wear in a light weight woolen in brilliant jewel shades, or the ever-smart gray.

Pattern No. 8007 comes in sizes 12, 14, 16, 18, 20, 40 and 42. Size 14 requires 3/8 yards of 35 or 39-inch.

For this pattern, send 25 cents, in COINS, your name, address, size desired, and the PATTERN NUMBER to Sue Burnett, Pampa News, 1150 Ave. Americas, New York 19, N. Y.

Send an additional twenty-five cents for your copy of the SUMMER Issue of FASHION—that exciting and different pattern book, 52 pages of specially designed patterns, beauty and home-making sections, contest designs by America's talented juniors. Plus free slip cover and drapery directions and a free shoulder pad pattern printed in the book.

Naomi Robertson, B. E. Satterfield Plight Vows

SHAMROCK—(Special)—Wedding vows of Miss Naomi Robertson and Billy Earl Satterfield were exchanged at the home of Rev. Oliver Riley of Lela, Saturday evening, August 31.

The bride who is the daughter of Mrs. Flavius Hilburn of this city, was a student in Shamrock high school. The bridegroom is the son of Mr. and Mrs. Earl Satterfield, of Shamrock, and was also a student in Shamrock high school.

Mr. and Mrs. Satterfield will make their home here.

Social Calendar

THURSDAY

Sub-Deb club will meet at Axis Kelly's home, 526 Mary Ellen at 8 o'clock.

For your convenience, the Social Calendar will carry the time and place of all club meetings when informed.

A breath-taking collection of black or white satin hostess slippers is being presented by a leading shoe designer for right-now wear. A wonderful mule with a laced-strap instep or a flattering ankle strap with a minimum of material for a barefoot look will satisfy those who like a towering wedge heel. For others, an intricately arranged strap sandal gives evening glamor on a comfortably flat heel and moderate platform sole.

Virgil Mott Directs Music At Lefors

Virgil Mott, director of music and religious education at the First Baptist church, directed the music for the North Fork Baptist association which met in the First Baptist church at Lefors Thursday. Approximately three hundred people were in attendance.

The meeting place for the association September 11, 1947 will be in the First Baptist church at Wellington.

Mr. Mott will direct the music Tuesday evening, September 10, at the men's meeting to be held in the First Baptist church at Dumas.

Blouses continue to amuse and amaze. One wearable little beauty comes in white or ice blue crepe with a pair of fighting cocks hand-painted in brilliant colors beneath its small, deep-pointed collar. Another features a beautiful three-letter cut-work authentic monogram in a bright color, set into the front just under the pretty collar. Still a third in a classic style sports your first name painted in any two colors in an all-over design on the yoke and repeated

once on the collar. All three are high-necked and button down the back.

The United States and Alaska are now canning nearly five pounds of fish each year for every man, woman and child in the nation, according to the latest reports obtained from the fishing industry, says U. C. Stolk, vice president of American Can company.

Lace-winged flies lay eggs which stand up on tall stalks, as a protection from enemies.

IS GETTING UP HIGH? GETTING UP DOWN? Thousands say famous doctor's discovery gives blessed relief from irritation of the bladder caused by excess acidity in the urine

Why suffer needlessly from backache, run-down feeling from excess acidity in the urine? Just try DR. KILMER'S SWAMP ROOT, the renowned herbal medicine. SWAMP ROOT acts fast on the kidneys to increase the flow of urine and relieve troublesome excess acidity. Originally created by a practicing physician, Dr. Kilmer's is a carefully blended combination of 16 herbs, roots, vegetables, balsams. Absolutely nothing harsh or habit-forming in this pure, scientific preparation. Just good ingredients that quickly act on the kidneys to increase the flow of urine and ease discomforts of bladder irritation. All druggists sell Swamp Root.

Berlin School Bell Has an Allied Accent A WAC From Texas Is Teacher for Children Of Seven Nations in the Occupation Forces

They just came to play: U. S. Army privates Enos Bernhard (left) of Nome, Alaska, and Richard Ripley of Fort Wayne, Ind., drop in at the school to spend a couple of off-duty hours helping to entertain the youngsters. It's a question of who's having the most fun.

Geography comes easy for these students. China becomes much more real when a Chinese boy is there to tell you about life in the Orient in exchange for some information about the United States' great farming region.

No one "bulls rank." As far as the school is concerned the son of a colonel gets exactly the same treatment as the son of a buck private; both have to stand inspection before they eat.

I think it's clear: we simply have to find the solution (to peace) or perish.—Dr. William G. Penney, British physicist at Bikini.

see-saws for occupation force youngsters at playground of Allied school in Berlin.

Write a Letter! to Your Congressman and Senator You are the People! FORCES FROM WITHIN AND WITHOUT are spending enormous amounts of money, time and effort to push Federal COMPULSORY Health Insurance onto the workers of America. Such a plan of taxing payrolls more than THREE BILLION dollars a year, to be administered through a Washington bureau, would soon have "lay" bureaus throughout the country "rationing" your doctor's services. Experience in other countries has proven that Federal COMPULSORY Health Insurance completely upsets the QUALITY and progress of Medical Science, and adversely affects every phase of individual care. Doctors are, owing to the "rationing" of their patients, unable to extend the benefits of modern medical care and hospitalization to all the people. VOLUNTARY, inexpensive, prepaid plans of medical care and hospitalization are NOW extended. Ask your doctor about it. National surveys show available to 400,000,000 U. S. citizens—and being daily extended. Ask your doctor about it. National surveys show Representative what YOU think. **Market Briefs**

**WALL STREET**  
NEW YORK—(AP)—Leading stocks today retrieved 2 1/2 to 6 1/2 more points as the market rally which got under way at the fall end of Wednesday's session, was extended to rails, industrials and utilities.  
Boardrooms, while cheered by the return of buyers, observed that the comeback lacked some of the vigor which accompanied the preceding slump.  
The ticker tape was late for a brief interval after the opening. There were subsequent slowdowns and a pickup in activity in the final hour. Transfers of about 2,400,000 shares compared with the 6-year peak the day before of 3,520,000. Extreme advances were reduced here and there at the close but many favorites ended at or around the day's tops.

**STUDIO ESCORTS THOMAS ON 'GALLANT JOURNEY'**  
By JACK RUTLEDGE AP Staff Writer  
**Texas Today**  
Little Ruth Krienke, two-year-old of Mr. and Mrs. John Sparkman of Hillsboro, has a very special way of being lulled to sleep. On a motorcycle. When everything else fails, his father or a favorite uncle, Alvin Carmichael, takes him for a spin on a motorcycle. That does it. Randy likes to go fast, and encourages the driver to pour it on.  
Little Ruth Krienke, one-year-old, has a new toy. It's a rattle from a Texas rattlesnake. Ruth thinks rattlesnakes are fun and enjoys her toy, but her father, the Rev. Theo Krienke, thinks otherwise. When he remembers the way Ruth got her new toy, he still worries.  
Ruth was taking a bath when Mr. Krienke heard a warning noise. He looked up and saw a four-foot rattler a short distance from the baby. Keeping very quiet, he reached for a .22 gun and shot the snake.  
He didn't win, but Carl Kennedy of Pampa was in the Big Soap Box Derby championship at Akron, O., recently. He was filmed, dined and feted, and gained the reputation of being able to eat more ice cream than anyone.  
His car was a white shell job with red lettering, number 77.  
Young in heart was S. C. "Sid" Carter of Texarkana. But the incident probably added a few gray hairs.  
Carter playfully greeted who he thought was a well-known woman friend by grabbing her purse. She turned out to be a complete stranger, turned out to be a complete stranger.  
Our Air Force as a fighting power no longer exists. We find our position at the peace table jeopardized and our standing as the most powerful nation in the world questioned by our own allies who have the good judgment and common sense to maintain a strong army and air force.—Gov. Lester C. Hunt of Wyoming.

**NEW ORLEANS FUTURES**  
NEW ORLEANS—(AP)—Cotton futures advanced here today on mill price fixing and steadiness in the stock market. The market closed firm \$1.50 to \$1.75 a bale higher. Ring traders claimed that most of the price fixing was done in anticipation of increased cotton goods business, which may follow higher ceilings on cotton goods as a result of recent wage increases.  
Contracts were scarce during much of the session and there was a notable decrease in hedge selling.

**Wallace Continues Visits in Mexico**  
MEXICO CITY—(AP)—U. S. Secretary of Commerce Henry A. Wallace left here early this morning for Cuernavaca, at a lower altitude, where he will pass the night at the home of his friend Aaron Saez, financier and former government official.  
Enroute he inspected the Camovilla experimental station where Dr. Spencer Hatch, secretary of the Mexican young men's Christian association, for five years has been conducting a rural improvement program among primitive Indians based on a theory of example and demonstration which previously proved successful in India.  
Jean Wallace, the secretary's daughter, worked at the station several years ago.  
Wallace expects to reach the Saez home in time for a game of front tennis (tennis against a backwall) with his host. He will return here Saturday.  
Last night he attended an informal reception at the bankers club of Mexico, where he spent several hours chatting with 70 of the country's leading businessmen.

**Today's Schedule of Redeployment**  
By The Associated Press  
The Wilson Victory is scheduled to arrive today at New York with 1,476 troops from Bremerhaven.  
A steel ship is actually lighter than a wooden ship of the same dimensions.

Little Ruth Krienke, two-year-old of Mr. and Mrs. John Sparkman of Hillsboro, has a very special way of being lulled to sleep. On a motorcycle. When everything else fails, his father or a favorite uncle, Alvin Carmichael, takes him for a spin on a motorcycle. That does it. Randy likes to go fast, and encourages the driver to pour it on.  
Little Ruth Krienke, one-year-old, has a new toy. It's a rattle from a Texas rattlesnake. Ruth thinks rattlesnakes are fun and enjoys her toy, but her father, the Rev. Theo Krienke, thinks otherwise. When he remembers the way Ruth got her new toy, he still worries.  
Ruth was taking a bath when Mr. Krienke heard a warning noise. He looked up and saw a four-foot rattler a short distance from the baby. Keeping very quiet, he reached for a .22 gun and shot the snake.  
He didn't win, but Carl Kennedy of Pampa was in the Big Soap Box Derby championship at Akron, O., recently. He was filmed, dined and feted, and gained the reputation of being able to eat more ice cream than anyone.  
His car was a white shell job with red lettering, number 77.  
Young in heart was S. C. "Sid" Carter of Texarkana. But the incident probably added a few gray hairs.  
Carter playfully greeted who he thought was a well-known woman friend by grabbing her purse. She turned out to be a complete stranger, turned out to be a complete stranger.  
Our Air Force as a fighting power no longer exists. We find our position at the peace table jeopardized and our standing as the most powerful nation in the world questioned by our own allies who have the good judgment and common sense to maintain a strong army and air force.—Gov. Lester C. Hunt of Wyoming.

**NEW ORLEANS FUTURES**  
NEW ORLEANS—(AP)—Cotton futures advanced here today on mill price fixing and steadiness in the stock market. The market closed firm \$1.50 to \$1.75 a bale higher. Ring traders claimed that most of the price fixing was done in anticipation of increased cotton goods business, which may follow higher ceilings on cotton goods as a result of recent wage increases.  
Contracts were scarce during much of the session and there was a notable decrease in hedge selling.

**Wallace Continues Visits in Mexico**  
MEXICO CITY—(AP)—U. S. Secretary of Commerce Henry A. Wallace left here early this morning for Cuernavaca, at a lower altitude, where he will pass the night at the home of his friend Aaron Saez, financier and former government official.  
Enroute he inspected the Camovilla experimental station where Dr. Spencer Hatch, secretary of the Mexican young men's Christian association, for five years has been conducting a rural improvement program among primitive Indians based on a theory of example and demonstration which previously proved successful in India.  
Jean Wallace, the secretary's daughter, worked at the station several years ago.  
Wallace expects to reach the Saez home in time for a game of front tennis (tennis against a backwall) with his host. He will return here Saturday.  
Last night he attended an informal reception at the bankers club of Mexico, where he spent several hours chatting with 70 of the country's leading businessmen.

**Today's Schedule of Redeployment**  
By The Associated Press  
The Wilson Victory is scheduled to arrive today at New York with 1,476 troops from Bremerhaven.  
A steel ship is actually lighter than a wooden ship of the same dimensions.

**Texans Are Warned Against Careless Treatment of Respiratory Illnesses**  
AUSTIN—With the approach of fall and the attendant seasonal changes of weather, common colds become much more prevalent and widespread in the state.  
Dr. Geo. W. Cox, state health officer, has issued a warning against the careless treatment of any respiratory illness since they can and frequently do result in the dreaded complication, pneumonia. He emphasized the fact that pneumonia usually strikes with little or no warning, following a simple cold, an attack of influenza or some other respiratory infection.  
"A cold or any other infection of the breathing passage, especially if accompanied by fever, demands the immediate attention of a doctor," the state health officer said. "To try to fight such a disease without bed rest and by means of self-medication may endanger life unnecessarily."  
According to Dr. Cox, prevention is better than cure and in order to avoid colds, influenza and pneumonia he advised building up normal physical resistance by sufficient ventilation adequate nourishing food, outdoor exercise and sufficient sleep and rest. "However," he added, "in spite of such care, a respiratory illness develops, the family doctor should be called immediately."  
"The fact that pneumonia is difficult to communicate is often overlooked," Dr. Cox stated, but this should be borne in mind so that the danger of passing the disease from one person to another can be eliminated.

THE ALL-IMPORTANCE OF THE INDIVIDUAL.

The essence of Christianity is the importance of the individual. And that doctrine has been the foundation in law in all nations whose material progress has been great. The first real step forward in individual freedom was the Magna Carta, which has deeply colored the history of the world. Its most perfect expression is found in the Declaration of Independence and the Constitution of the United States which carried the ideal of freedom a vast distance further. These documents say, in effect, that man as an individual, as a person, is important and that he has certain fundamental and eternal rights which cannot be abrogated by men in the mass as represented by the state. It is not coincidental that governments based on the theory that the state is all-important and the individual unimportant have inevitably destroyed or submerged religion and Christianity. For this kind of government must turn itself into a fake religion. Its goals are wholly material. Hitler knew that when he scoffed at Christianity and said the ideal of nazism was the one true deity for the German people—the same notions that Nietzsche and Niebuhr had sought to teach the Germans. Lenin knew it, when he said that Christianity was the opium of the people. Our government was based on a spiritual concept, not a material concept. Yet unprecedented material progress has been made here. The reasons are plain—the man who is individually important as a citizen is the man who becomes economically important as a worker. He is the thinking man, the doing man. He is the antithesis of the regimented man. The great lesson of history is that all institutions—religion, industry, the arts and crafts—must remain free or none will remain free. There can be no compromise with oppression, no matter what form it may take and for what purpose. Government domination of the individual or business is slavery. The basic idea upon which our free enterprise system rests is the Christian philosophy—the all-importance of the individual.

In Hollywood

By ERSKINE JOHNSON NEA Staff Correspondent HOLLYWOOD—(NEA)—We can report authoritatively today on the getting-up-in-the-morning habits of Paulette Goddard and Burgess Meredith. They were climbing out of bed, yawning and scratching their tummies right out in front of the censors and everybody for a scene in a new movie, "A Miracle Can Happen." Director King Vidor left it up to them. "Just do what you do at home," he said. So the alarm rang at 7 a. m. Paulette jumped out of bed in a pair of slinky white tailored silk pajamas cut off just below the knees, and disappeared into the shower. Burgess yawned and reached for an apple on the night stand beside the bed. "I always eat an apple when I get up in the morning," Burgess blushed to Director Vidor. "Senders blushed 10 MINUTES AND OUT Paulette and Burgess dressed, gulped down some coffee and were out the door in 10 minutes flat. Vidor doubted if anyone could be that speedy at 7 o'clock in the morning. They did it that way at home when they were working, they protested. They always set the alarm 10 minutes before they had to leave for the studio so they could sleep longer. Vidor let them have their way. Paulette plays the wife of Burgess, a \$38-a-week newspaper reporter. She had taken off her own wedding and big diamond engagement rings and was using drop earrings. "A \$38-a-week reporter couldn't afford those," she said. But that pair of tailored white silk pajamas must have cost the studio at least \$250. Ah, well. I guess Hollywood has to be a little inconsistent. Paulette confirmed a rumor that Burgess wore a beret to bed when they shaved his head for the role of Ernie Pyle. "Sure, he wore a beret," Paulette said. "It was my idea and my moth-

Office Cat

A bus was very crowded going west the other night, and suddenly one of the passengers buried his head in his arms. The man next to him turned solicitously: "Are you sick? Anything I can do for you?" "Other Man—Oh, no! It's just that I hate to see old ladies standing." The returned veteran arrived home in a bad temper. "Returnee (to his wife)—Hang it, dinner isn't ready yet! I'll go out to a restaurant." Wife (sweetly)—Can you wait ten minutes? "Returnee—Why—will it be ready then?" Wife—No, but I'll be ready to go with you. away in safety. Now are there any questions you'd like to ask? Juno—Yes, mam. I'd like to know what happened to the flea? A local electrician tells one about returning home from his work last summer to find his right hand swathed in bandages. "Father—Hey, sonny! Cut your hand! Sonny (shaking his head sadly)—No, dad. I picked up a pretty little fly, and the one end wasn't insulated. A GI Joe taking a last sightseeing trip through England before coming home, found himself on the train with plenty of cigars but no matches. "Opposite him sat a mechanic, who having filled a short clay pipe with tobacco, struck a light and proceeded to start his smoke. And the GI spoke up quickly. "GI Joe—After you with the light, if you please. The man stared solidly at him, and finally said in tones of indignation: "Man—After me? Well, I should think so. It's my match. Hundreds of tubes, each containing a separate nerve, make up each tooth of the African aardvark.

Vet Insurance Files Arriving in Dallas

DALLAS—(AP)—D. C. Pray, insurance director for the southwest area of the Veterans Administration has announced that records and files pertaining to the insurance service of 1,221,000 veterans in Texas, Louisiana and Mississippi. Pray said a few days will be required to organize the mass of files into operating sections after the Dallas insurance service of the VA will be activated. The insurance director and his assistant, L. H. Graves, Jr., have assembled a staff of more than 700 insurance workers. Insurance policies involved in the Dallas office are estimated at three billion dollars.

Peter Edson's Column: IT'S PRETTY HARD TO STARVE TO DEATH

By DOUGLAS LARSEN NEA Washington Correspondent (Peter Edson is a cartoonist.) WASHINGTON—(NEA)—It's hard to starve to death. When you're not getting enough food to satisfy basic bodily needs day after day there are a lot of things that will keep you from literally starving. The chances are you will get tuberculosis first and die from that. Practically any disease is likely to get you before the doctor can honestly put on your death certificate, "death due to malnutrition." That's what officials of the United Nations Rehabilitation and Relief Administration are discovering in their efforts to find out just how many persons died from the direct and indirect results of starvation last winter. In Austria and China they have reports of deaths just from lack of food—pure starvation. In most of the other countries where UNRRA has been giving relief, however, there have been no deaths recorded as being due strictly to starvation. One of the reasons for this, they report, is the pathetic pride of most Europeans. It is considered a disgrace to a family to have any relative officially listed as having died from starvation. In order to let the living keep this last shred of respect and dignity, officials would list the immediate cause of death as something besides starvation. UNRRA WANTS TO SHOW RESULTS Finding out just how many persons died from starvation is the job of UNRRA and getting an idea of how much food will be needed in

Gracie Reports

By GRACIE ALLEN I see where doctors predict that due to new scientific methods and care, babies who are born now may live to over a hundred years of age. Well, that's good, because the way things look it will take them just about that long to find a place to live. Honestly, isn't it funny the way life equalizes Gracie things? It's like the old joke about the man who worked hard and saved his money and finally became rich, but by the time he could afford a good steak he had no teeth left with which to eat it. And that's how it seems to be with everything. For example, with our vitamin pills, etc., we can expect to live now ten years longer than our grandmothers and grandfathers. But along come all the short-stayers and we spend that ten years standing in line for nylons, paper napkins, soap and food!

Condition of Flyer Reported Improved

BEVERLY HILLS, Calif.—(AP)—The seemingly indomitable and hardy Hughes, whose life was despaired of for days after an airplane crash July 7, is gaining weight and able to leave his bed at intervals. His physician, Dr. Vern Mason, made the announcement yesterday in denying reports that the multimillionaire sportsman-manufacturer-movie-maker has suffered a relapse,

naval and military problems. The philosophy of the men now in charge seems to be that army-navy affairs are private matters which do not concern the American people. They aim to run the same tight control that caused so much general ignorance about our readiness for hostilities from 1933 to Pearl Harbor. NUMBERED—Washington understands that glamorous Paul Porter's days are numbered as head of the office of price administration. His recent attempt to violate the law extending the life of his agency, as well as his run-in over new meat ceilings with secretary Clinton P. Anderson, has antagonized almost every member of the President's family of economic advisers. Although he wants to retain the political support of labor and "liberal" groups insistent on retention of federal controls, Mr. Truman has given a definite indication that he would like to return to the private enterprise system as soon as possible. His viewpoint is shared by Treasury Secretary John W. Snyder, Secretary Anderson, Reconstruction Director John C. Collet and Civilian Production Administrator John D. Small. DISSENTS—Price Administrator Porter, who belongs to the Wallace-Tugwell school which clamors for "Let's roll up our sleeves and remake the world," has been out of step with the Truman paraders from the start. He is an economic C.I.O.—like his original sponsor, Henry A. Wallace, he may be kept on until after election for fear of affronting the radical factions. But the men mentioned above, as did Secretary Anderson with respect to new maximum prices for cattle and hogs, mean to keep him under a ceiling at all times. So much so that he may resign in protest and join the suspiciously anti-Truman bloc which Mr. Wallace, Harold L. Ickes, Henry Morgenthau Jr., Senator Claude Pepper and a few other democratic dissidents are quietly organizing. RESISTANCE—The new Anglo-American foreign policy vis-a-vis Russian aggression throughout the world will be to present solid financial and military resistance, short of war, at every point where the two blocks' interests clash on the globe. This Truman-Atlee-Bovin-Byrnes decision accounts for the recent disposition of our economic and armed forces. The British have balked at Turkish resistance to Moscow's Dardanelles demands by moving armored units nearer to the straits and to the Iranian oil fields. The cruise of an American navy squadron through the eastern Mediterranean is "hinted," as the Kremlin charges, to encourage nations on the edge of the Soviet orbit. BELLIGERENT—England, the

Mr. and Mrs. H. L. Ogan announce the birth of a baby boy, born September 4 at Worley hospital. Mrs. Lucella Park, of Kilgore, formerly a resident of Pampa, arrived last evening and will spend several days here visiting with relatives.

Edinberg (P)—October 14 has been set as the 93rd district court trial date for two election suits filed after the recent municipal elections of Pharr.

## Byrnes Speech

(Continued From Page 1)  
 govern itself," he said. "The Allied occupation forces should be limited to the number sufficient to see that these rules are obeyed."  
 "It is the view of the American government that the provisional government should not be hand-picked by other governments, but should be a German national council composed of democratically responsible minister-presidents or other chief officials of the several states or provinces which have been established in each of the four zones."

The secretary said that the leaders and minions "of the ruthless Nazi dictatorship" had to go, and added:

"But it never was the intention of the American government to

deny to the German people the right to manage their own internal affairs as soon as they were able to do so in a democratic way, with genuine respect for human and fundamental freedoms."  
 Byrnes emphasized that the United States would stand by her agreements to support Soviet claims to Koenigsberg in East Prussia and Polish requests for revision of her northern and western frontiers.  
 He asserted, however, that Silesia and other Eastern German areas had been allotted to Poland before the Potsdam meeting "for administrative purposes" only, and that Britain, Russia and the United States did not agree "to support at the peace settlement the cession of any particular area."

This gave the Germans some ground for hope they might not lose all of their eastern lands to Poland. Some German political leaders have been openly opposing such actions in recent speeches.  
 Byrnes said France had a right to the Saar, but he opposed the French plan for internationalizing the Ruhr and the Rhineland.

The secretary was especially critical of the Allied control council because of its failure to achieve economic unification of Germany in accordance with the Potsdam agreement.

He noted that of the other three occupying powers, only the British had accepted an American proposal for merging economically the various occupation zones in Germany.  
 "The time has come when the zonal boundaries should be regarded as defining only the areas to be occupied for security purposes by the armed forces of the occupying powers, and not as self-contained economic or political units," he said.

"That was the course of develop-

ment envisaged by the Potsdam agreement, and that is the course of development which the American government intends to follow to the full limit of its authority."

Byrnes said "millions of German people should not be forced to live in doubt as to their fate."  
 He said there was an urgent need for "fully coordinated measures" to develop a common financial policy; common transportation, communications and postal services; and a centrally administered agency for industry and foreign trade, to avoid turning Germany "into a poor-house."

Byrnes said security forces probably would have to remain in Germany "for a long period," but that the American government "does not believe that large armies or alien soldiers and of alien bureaucrats, however well motivated and disciplined, are in the long run the most reliable guardians of another country's democracy."

He added, however, that the United States would continue to support measures necessary to demilitarize and demilitarize Germany.

"From now on," he said, "the thoughtful people of the world will judge Allied actions in Germany not by Allied promises but by Allied performances."

## Texas Strikes

(Continued From Page 1)  
 American association of railroads will prevent congestion at the port. There is no big accumulation of goods at Houston.

The strike became effective shortly after midnight and spread rapidly.  
 AFL seamen in Corpus Christi were reported ready to strike at the same time as those in other Texas ports.

Beaumont was not expected to be hurt. No ships were in port and none was due before next week.

## Condition of Soldier Reported Favorable

SHAMROCK, (Special)—The condition of William L. Altneu, seriously injured in a collision near Shamrock on Monday night of last week in which his companion, Dwight Eateman, Jr., was fatally injured was reported as favorable from the Shamrock Clinic and Hospital this morning.

Batemann's body, which lies in state at Clay Funeral home is being shipped to Normal, Ill., today under the direction of military personnel. Military authorities have revealed that both Bateman and Altneu were army deserters.  
 Altneu's mother, Mrs. Sol Sterns of Normal, Ill., has arrived in Shamrock to be with her son.

## DEVIL'S LAUGHTER

By Alice M. Laverick Copyright, 1946, NEA SERVICE, INC.

THE STORY: Charlotte's health improves and she and Cecilia plan their long-delayed picnic. When they go down to the boat house to take out the canoe, they find Colin Fitzgerald ahead of them.

XVII  
 MISS CHARLOTTE stopped still and her face flushed.

"Colin leaped to his feet and threw away his cigarette.

"Ah, there you are," he said. "I've been waiting and waiting. It's high time you two got here. I almost left without you. Now, if you'll step this way, please. Hold your own ticket, everybody, hold your own ticket, please. No pushing or crowding. Pu-lease, I ask you, no pushing or crowding. There's plenty of room for one and all."

"Colin," said Miss Charlotte, still not moving, "you're not coming with us. We—we—Cecilia and I have planned this for a long time—for just the two of us."

"I have seldom been coaxed so earnestly by such a beautiful woman," said Colin. "In fact, your tempt me mightily. Yes, just this once I will go. Don't ask me again, though, because I am an exceedingly busy man, I have butterflies to catch and birds' nests to be looked into. Come, my lady, step right in the middle, now. That's it. Come on, Saint Cecilia."

And after a moment, Charlotte allowed him to take her hand and help her into the canoe, though she still did not smile at him.

He placed us side by side against the back rest, arranging the pillows and urging us to make ourselves comfortable. Then, having settled us, he took the paddle along the little river.

"This is really very pushing of you, Colin," Miss Charlotte said severely, still looking displeased. "Weren't you brought up not to

home of the Fitzgeralds for centuries and centuries, complete with moat and drawbridge, and there I'll set you up in the castle as my queen—my queen!" His voice died away. He was looking at her oddly, and I think he hardly realized that he had stopped speaking.

I trailed my fingers in the water and pretended not to notice the color that swept over her face, and there was a moment's silence before she said quickly, "You're more than half serious about wanting to go away again, aren't you, Colin?"

He collected himself with an effort. But he was immediately gay once more.

"Indeed," he said, "I'm afraid you're right. I think it's light shoes I have."

"Light shoes?" Miss Charlotte's voice was puzzled.

"To be sure, like the man in—whose is it? Patrick Kelly's poem by that name. You haven't heard it? Oh—let's see—he says, 'The curse of the crows on all who fail to follow the road for fun.'"

"Well, I'm sure neither Cecilia nor I want to have the curse of the crows fall upon us, do we, Colin? It sounds infinitely worse than even the widow's curse. Do you know any more of the poem?"

"Ah-h." He thought for a moment. "It's something to do with cutting one's stick even if one's shoes do weigh a ton—then kissing the girls goodbye and round the world for fun."

"Your shoes will never weigh a ton, Colin," said Miss Charlotte. "And I think it's little that would make you cut your stick, again."

"Sometimes men want to wander, Charlotte," he told her seriously, "when there's nothing to keep them at home. Nothing they can have, I mean. Ah, here we are." A lightning change of mood. "Do my eyes deceive me or is that land?"

He was shielding his eyes from the sun and pointing to the dim distance about six feet away, where a circle of huge nut trees cast a deep shadow on a mossy slope. Cool it looked and inviting. A perfect spot for a picnic.

## Maritime

(Continued From Page 1)  
 ports of scarce items such as sugar and bananas would end. They predicted the strike would have far-reaching effects on American industry by choking off raw material imports and the export of finished products.

One of the finest results of the strike of members of the sailors union of the Pacific and the seafarers international union was an embargo on railroad shipments to coastal ports in an effort to prevent congestion and spoilage of perishables.

About 3,500 seamen last night in New York adopted unanimously a resolution demanding that the WSB "unconditionally reverse its anti-union decision nullifying the seamen's wage increases obtained by negotiations."

"We will not tolerate any government bureau which takes away our bargaining rights," said Paul Hall, SIU official.

"We are going to tie up everything that floats," added Max Korenblatt, SIU strike committee chairman.

## DeLea Vicars Named Head Mobeetie Bank

DeLea Vicars, of Pampa, has been elected the new president of the First State Bank of Mobeetie, it was disclosed today.

Announcement of the purchase of the bank by Vicars, his brother, Edwin S., and associates was made yesterday.

Other officers include: H. L. Flanagan, vice president; Edwin S. Vicars, cashier; and Mrs. E. M. Flanagan, assistant cashier.

The Vicars brothers and Flanagan comprise the present board of directors, with other members to be appointed at an early date.

Edwin S. Vicars, a veteran of both world wars, will be in charge of the institution.

Both Vicars have been connected with the First National Bank of Pampa for many years.

Flanagan, who as cashier has been in active charge of the Mobeetie bank for more than 25 years, has announced that in the future he will devote most of his time to outside business activities.

## Donovan, Regional WAA Workers Confer

DALLAS—(AP)—Regional War Assets administration workers from Texas, Louisiana and Oklahoma conferred here today with Gen. Richard Donovan, WAA zone administrator, on methods of providing a more equitable distribution of surplus set aside for veterans' purchase and use.

Harding was the first president of the United States who drove an automobile himself.

—Reconversion Director John Steelman.

## Servics Set For Stephenville Man

STEPHENVILLE—(AP)—Funeral services for J. Conner Blakeney, 50, member of a pioneer family of the Stephenville area and who died in Little Rock, Ark., yesterday, have been set tentatively for tomorrow at Stephenville.

Blakeney had formerly been in the dry goods business here with his father, C. L. Blakeney.

Arkansas got its name from the Algonquin name of the Quappaw Indians.

## Knees Quake

Professing to be so frightened of American bobby-soxers that "my knees are quaking at the thought" Irene Munn, left, British school teacher, is pictured as she arrived in Chicago from England with Hilda Thorndyke, fellow schoolmarm, to teach in local schools. They said British minister of education had warned them to be "on guard" against bobby-soxers.

## Investigation Made Of Home Burglaries

MCALEEN—(AP)—Sheriff R. T. Daniel and his deputies are investigating six home burglaries which have occurred recently in the Mission and McAllen areas. Daniel attributes most of the thefts to "wetbacks," illegal immigrants from Mexico.

## Recheck of Run-Off Votes Will Be Made

DALLAS—(AP)—A recheck of the August run-off elections for sheriff and surveyor of Dallas county will begin Monday, Democratic County Chairman Arthur Stevenson has announced.

District Judge John A. Rawlins has agreed to supervise the recheck of voting machine tabulations.

Today 4,650,000 trucks and 25,350,000 passenger cars are in use in this country, or nearly one truck for every five cars, a larger proportion than ever before.

In the year 1945, New York traffic accidents resulted in the death of 1,769 persons and injury of 80,673.

## APPLICATION FOR LIQUOR PERMIT

The undersigned is an applicant for a Retail Liquor permit from the Texas Liquor Control Board and hereby gives notice by publication of such application in accordance with provisions of Section 10, House Bill No. 77, Acts of the Second called session of the 44th Legislature, designated as the Texas Liquor Control Act.

The Retail Liquor permit applied for will be used in the conduct of a business at Don's Liquor Store at 814 S. Cuyler St., Pampa, Texas.

# LEVINE'S STORE HOURS

For over 26 years Levine's, Your Greater Value Store, has always striven to fill the needs of the people of Pampa and the Panhandle with greater values.

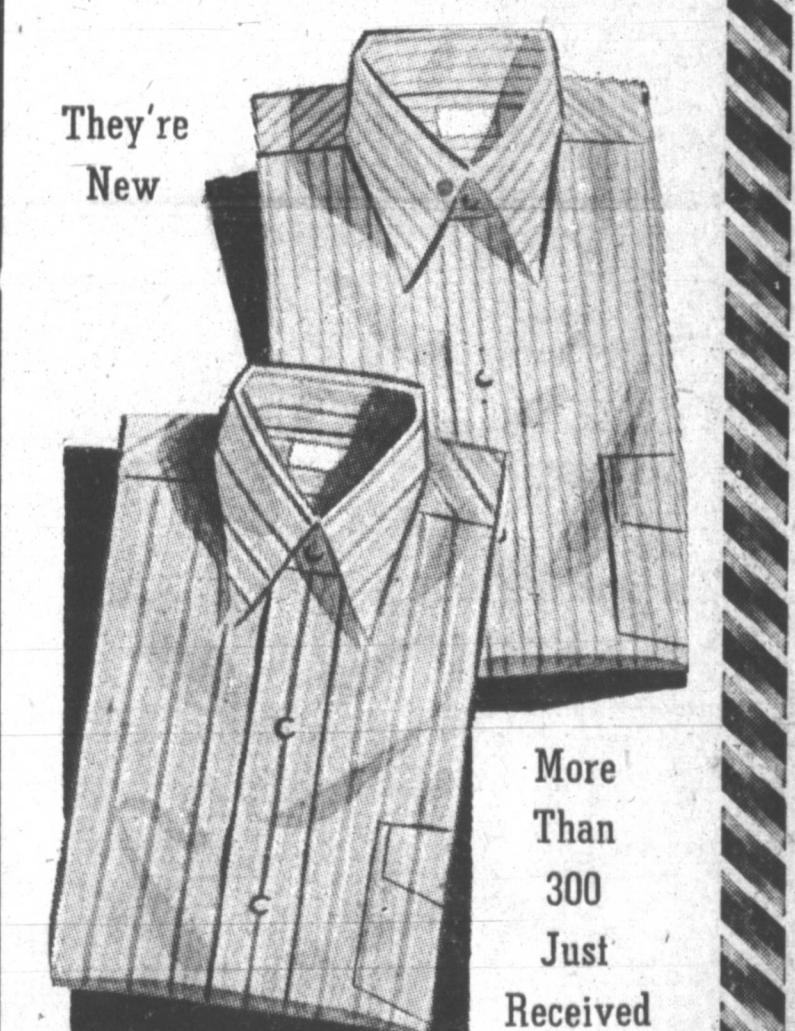

In order to better serve our customers and for your convenience Levine's store hours are as follows:

**Monday Thru Friday**  
**9 a. m. to 6 p. m.**  
**Saturday**  
**9 a. m. to 9 p. m.**

## LEVINE'S

TWENTY FIVE YEARS OF DEPENDABLE SERVICE

## LEVINE'S SATURDAY VALUE FEATURE

They're New

More Than 300 Just Received

Outstanding Values in Superbly Tailored SHIRTS

They're the shirts your tongue has been hanging out for—the kind that launder like a hanky—that are full cut—precisely tailored. And they come in your favorite colors and smart stripes.

**\$220 and \$260**
