Restoration of Greek Throne Is Apparent

ATHENS—AP—The interior ministry announced today that incomplete but conclusive returns from yesterday's plebiscite showed that the Greek electorate had voted approximately three to one to recall King George II from exile and restore him to the throne.

While giving no comprehensive figures, the announcement declared that the final total for restoration of the monarchy would "not be less than 75 percent" of the votes cast in the stormy election, which cost 18 lives in the 36 hours ending at midnight Sunday.

Approximately 40 persons were listed as having met violent deaths in political disorders during the final week of the campaign.

A partial vote tabulation by the interior ministry did not wholly bear out its prediction of a three to one majority, although the King held a commanding margin. With 25 percent of the vote counted, the tally was given as 209,626 for the King and 132,805 for the Republic—less than two to one for the monarchy.

For the 59-year-old monarch the victory announced by the interior ministry spelled his second recall from exile since he first ascended the throne in 1923. Ousted by the establishment of a republic in 1924 following a military coup, George regained his crown in 1935 when he won an overwhelming majority in a plebiscite.

He fled the country in 1943 when it was overrun by the Germans and set up a government-in-exile in Cairo.

There was no immediate reaction from the leftwing leaders to indicate whether they would cooperate in a government headed by King George, whom they have accused of planning to set up a dictatorship and suppress individual freedom.

MacArthur Issues Public Statement On Nip Situation

TOKYO—AP—Allied leadership in Japan "must adhere unflinchingly to the course now charted," staving off "regimentation under the extreme, radical left," General MacArthur asserted in a public statement today.

The goal of true democracy rather than radicalism is great, he said, for Japan may prove "either a powerful bulwark for peace or a dangerous springboard for war."

The question of which political concept will prevail, he added, "profoundly affects the destiny of all men and the future course of all civilization."

The strongly-worded statement was a rare expression of his known concern, which heretofore has been voiced principally by his representative of the allied four-power council for Japan.

As a result of one year of occupation, plus the living example of the Americans who came to occupy the beaten nation, "the falseness of Japan's former teachings, the failure of their former leadership, and the tragedy of their past faith were infallibly demonstrated.

Idolatry for their feudal masters, their corrupt and caste system transformed into hatred and contempt, and the hatred and contempt once felt for their (allied) foe gave way to honor and respect."

This changed spirit "represents, above all else, the most significant gain in furtherance of a durable peace," he said.

Wartime Draft Goes Back Into Action Today

WASHINGTON—AP—The wartime draft ground back into action today on this first anniversary of V-J Day.

As the army thus returned to conscription to swell its peacetime ranks after a two-month holiday for selective service, there were these entirely unrelated but significant developments bearing on preparations for the future.

Members of the house military committee spoke frankly in Tokyo of their concern over Soviet intentions and urged that United States positions in the Pacific be strengthened against what they termed the "imminent danger of another Pearl Harbor."

The senate war investigating committee cautioned that until peace negotiations are ended and world peace machinery perfected, "it is essential that this country maintain a strong national defense."

The committee accordingly called for an immediate program to acquire strategic overseas bases for a "workable" industrial mobilization plan for the stockpiling of strategic materials.

Donald M. Nelson, boss of this country's wartime production, made public a personal letter he wrote to Premier Stalin pleading for a "better understanding" between the United States and Russia.

Nelson blueprinting a network of permanent armament facilities at President Truman's bidding, proposed specifically that a group of American businessmen go to the Soviet Union to lay the groundwork for greatly expanded trade.

A report prepared by the library of congress said that while the present military strength is not equal to that of this country, the Soviet Union by 1970 will have nearly as many men of military age as the United States, Great Britain, France, Germany and Italy combined.

Government Reports 'Communism in Action'

WASHINGTON—AP—The government reported officially on "communism in action" today and declared among other things that "Millions of Russian workers 'are employed under police discipline.'"

"Leisure time use in the Soviet Union is strictly controlled by the state and the communist party."

The report was published over the Labor Day weekend. It was prepared by the library of congress under terms of a house resolution sponsored by Rep. Dirksen (R-Ill.) calling for a fair and impartial study of the subject.

Dirksen's objective is to combat communism in this country by detailing its effects in Russia.

The report declared: "There can be no reasonable doubt that in the Soviet Union millions of workers are employed under police discipline and receive only miserable pay for their labor."

"The government makes every effort to conceal the existence of these camps. No foreigner or correspondent is ever permitted to see them."

Other observations by subjects: Living standards—"The Russian people are still very poor not only in American, but also by prewar western European standards."

Freedom—"If the Soviet attitude toward the press were to be applied in the United States, all private printing would be forbidden. A government board would be set up to control all printing, publishing and literary activities."

First Popular Government of India Begins

NEW DELHI—AP—Seven members of India's first popular government, led by Pandit Jawaharlal Nehru, congress party leader, took office today in the presence of King George VI and Queen Elizabeth.

Wavel today to the accompaniment of scattered disorders and demonstrations by the Moslem league, which has sworn to make it impossible for the new ministry to function.

All but one of the members were wearing the khadder (white homespun) popularized by Gandhi as they swayed fealty to the king of England, to faithfully discharge their duties and to keep official secrets.

The ministers sworn in were Nehru, Rajendra Prasad, Sardar Patel, Asaf Ali Zahir, Asa Ali, Jijivan Ram and Sarat Chandra Bose. The only one not wearing the khadder was Zahir, who is a Moslem.

The other members were unable to attend either because of illness, or because they were winding up their business affairs.

The ministers sworn in were Nehru, Rajendra Prasad, Sardar Patel, Asaf Ali Zahir, Asa Ali, Jijivan Ram and Sarat Chandra Bose. The only one not wearing the khadder was Zahir, who is a Moslem.

Italy Expresses 'Deep Regret' at Peace Parley Plan

PARIS—AP—Italian Vice-Premier Ivanoe Bonomi told delegates to the Paris peace conference today that creation of a free territory of Trieste would be a "permanent threat to the peace" between Italy and Yugoslavia.

Bonomi told a meeting of the Italian political and territorial commission studying "Big Four" recommendations in the Venezia Giulia dispute that "Italy cannot conceal her deep grief" at plans to make Trieste an autonomous free territory.

Bonomi asked the peace conference commission to re-examine the "Big Four" foreign ministers agreement on the so-called "French line" as "unjustly" favoring Italy.

He listed four Italian objections: 1. The French line disregards the gravitation of the populations of the upper Isonzo valley toward the Venetian plain.

2. Yugoslavia would obtain possession of Isonzo valley hydro-electricity, Greece and Albania for Gorizia, Montalcione and Venice as well as Trieste.

3. Communications with Trieste would be seriously curtailed.

4. The French line separates Gorizia and Trieste from the rest of Italy, from her suburbs and aqueducts.

The Italian political and territorial commission, with little debate, adopted article six, seven, eight and nine of the draft treaties in which France guarantees to supply Italy with electricity and water from the dams taken over in the Mont Cenis and Tendabrigia border areas.

Nation Celebrates Labor Day

WASHINGTON—AP—Labor unions on this day dedicated to all who toil are stronger than ever before in American history.

Behind them is the unprecedented labor-management warfare of the first 12 months of peace. Ahead is uncertainty.

Here is the broad picture this Labor Day: Union strength—now probably about 15,000,000 dues-paying members, more than ever before. The AFL says its membership recently topped 7,000,000. The CIO says its gains have more than offset the big losses that occurred when war production collapsed and that its membership is above 6,000,000.

Labor department officials say other unions—Independents—probably have around 2,000,000.

Strikes—Few right now, but another flurry widely predicted for this fall or winter. Large CIO unions plan to make new wage demands in October unless price rises are checked. The government is suffering new wage-price headaches.

Recognition—President Truman in a Labor Day statement, said "the largest part of recognition has been accomplished with 'much of the credit' due the workers."

Congress experienced lawmakers say they expect the 80th congress to approve some kind of labor legislation in 1947. They say that whether it takes the form of harsh strike control measures or a more moderate long-range program depends largely on whether there is another wave of critical strikes.

War record—Secretary of war Patterson praised labor's part in winning the war (the official V-J day was one year ago today). So did Philip Hannah, assistant secretary of labor, in a speech at Cleveland. He said over 99,000 workers died from accidents on the job, 390,000 became permanent cripples, and another 7,800,000 were injured.

Germans Receive U. S. Gift Parcels

BERLIN—AP—More than 600,000 private gift relief parcels arrived from the United States for German civilians in the American occupation zone during the month of August.

The number of relief parcels from America is expanding steadily, the report noted. During the past week, it said, this type of relief also extended to the British zone, with the arrival there of an initial shipment of 10,000 parcels for German civilians.

The export-import division announced that during the first three weeks of August, 8,600 tons of bread grains and 16,700 tons of other foods from the United States for the German population were unloaded at Bremen.

The division said that exports from the U. S. zone now are permitted to Switzerland and Sweden. Two wartime neutrals, imports already have been received from Sweden, notably shipments of fish.

Plans are being rushed, the report said, for the reestablishment of the silverware industry in Germany, to afford another product for export. Ingot silver will be released by the military government for this purpose.

The report also disclosed that unemployment has declined in the American zone to a new low of 416,000. During the month of July employment rose three percent to a new peak of 5,638,000.

Officials Express Regrets Over July Talara Incident

LIMA, PERU—AP—A Peruvian foreign office communique said today that U. S. Ambassador Prentice Cooper and an American army air force colonel had expressed regrets over the Talara incident of July 28 in which a Peruvian naval ensign was beaten and an American army sergeant was wounded.

The communique said that the Peruvian government had asked that the American soldiers involved in the incident be handed over to Peruvian courts for a hearing. The U. S. air base commander at Talara declined to do so without orders from his superiors, the communique said, and the Peruvian government then requested Ambassador Cooper to relay the request to Washington.

The 1942 agreement under which the United States was given wartime use of the base included a provision that American authorities require army personnel to respect Peruvian laws, the communique said. The air base now is being turned back to Peru.

The communique gave this account of the incident: "An American soldier 'challenged' the Peruvian ensign, and an American soldier picked up the ensign later and took him to a hospital."

After Peruvian protests, the communique said, regrets were expressed by Ambassador Cooper and by Colonel Cutler, commander of the American base.

Security Council Faces Hot Issues

NEW YORK—AP—The United Nations security council was headed today for long and bitter argument before settling two hot issues raised by Soviet sources—the Ukrainian charges against Greece and Moscow's demand for information on Allied troops.

The Ukrainian complaint that the Greek government is a menace to the Balkans will be taken up when the council meets again at 1 p. m. C.S.T. tomorrow.

The case arose Aug. 24 when Dimitri Mantalich, Ukrainian foreign minister, sent from Paris, where he was attending the peace conference, a complaint alleging that the Greek government, backed by British troops in Greece, was threatening the peace of the Balkans; was instigating incidents on the Albanian border, and was persecuting minorities in Macedonia, Thrace and Epirus.

Also awaiting council action is a demand by the Russian delegate, Andrei A. Gromyko, for information within two weeks of the disposition on August 1 of Allied troops and air and sea bases in non-enemy countries.

Careless shooting off highways on increase. Sheriff G. H. Kyle today warned Gray county parents to exercise caution in permitting their children to carry firearms for hunting purposes.

Pioneer Resident Of County Dies

Mrs. Maggie Hopkins, among the first settlers in this community, died at 5:45 a. m. Sunday in the family home, 16 miles south of Pampa. The family, for which the Hopkins precinct was named, has resided in this county for 59 years. She was 65. Mr. Hopkins died several years ago.

She is the mother of James Hopkins, who is commissioner of Precinct 3.

Funeral services will be held from the First Baptist church tomorrow morning at 10 o'clock, with the Rev. E. Douglas Carver, pastor of the First Baptist church, and the Rev. E. B. Bowen, pastor of the First Methodist church, officiating.

Burial will be at the Clarendon cemetery, at Clarendon. The body will lie in state at the home of a daughter, Mrs. Ewing Williams, 1321 North Starweather, until time for services.

Duential - Carmichael Funeral services.

350 Witnesses in Texarkana Trial

TEXARKANA—AP—Approximately 350 witnesses have been summoned for appearance at trials which open today at Eton, Texas, and three Texarkana city aldermen on charges of bribery in connection with a street extension.

The aldermen are Albert McWilliam, Harry L. Everett, Jr., and Lee Talley.

The four men were indicted several weeks ago by the Bowie county grand jury after Mayor W. N. Harkness charged in a city council meeting that they had accepted \$1000 bribes to vote for opening of a bottleneck street. Harkness stated that he had accepted a bribe so as to expose the case.

Harkness was not indicted. The grand jury, in returning the indictments, indicated that the three aldermen and Harkness resign their city offices. The aldermen, upon resigning, issued a statement declaring their innocence. Harkness also submitted his resignation.

3 Cars Involved In Road Accident

A wreck involving extensive damage to three cars occurred on Highway 83, four miles south of Wheeler, at approximately 10:30 Saturday night, state highway patrolmen reported today.

The accident occurred when the 1940 Chevrolet sedan driven by Troy Franklin, 40, of Twitty, collided with the back of a 1931 Chevrolet coupe, driven by Ed Edwards, Smith, 42, of Pauls Valley, Okla. The concussion of the crash threw the '31 coupe forward and sideways where it side-swiped an oncoming 1939 Chevrolet sedan driven by Clarence Norman Fulk, 17, of Magie City causing that vehicle to over turn, highway patrolmen said.

Youth Is Injured In Auto Accident

William Burton, son of D. V. Burton, of Pampa, was released from Wesley hospital yesterday after receiving treatment for injuries sustained in an automobile accident on South Cuyler late Saturday night.

Deputy Sheriff Jeff Guthrie who reached the scene after the accident said Burton and three other youths in a pickup truck were proceeding north on Cuyler when the vehicle apparently swerved across the street and collided with a sedan going in the opposite direction.

The whole right side of the sedan was ripped off in the crash, Guthrie said. The identity of the driver of the sedan was not known, but Guthrie said he was believed to be an employee of the Frank Dial Tire company.

Dial said this morning, however, that he knew of none of his employees being involved in the accident.

No formal report of the accident was filed.

Fawn Crop Reported 'Better Than Usual'

LIANO—AP—The fawn crop is "better than usual" this year in the hill country, county agent C. V. Robinson of Liano said. The wild turkey hatch is perhaps greater than in previous seasons, he believes.

Pampa Students Enroll Tomorrow In Local Schools

Over 3,000 Pampa school students are scheduled to begin enrollment in the four grade schools, the Junior high and the Senior high school tomorrow morning.

All students will enroll tomorrow and classes will begin at 9 o'clock Wednesday morning. Superintendent of Schools Knox Kinard said.

Pampa high school students who enrolled before school was out last spring will receive their complete enrollment blanks in the main lobby of the Senior high building at nine o'clock tomorrow morning.

However, those who did not enroll last spring will report to the main office in the high school at one o'clock.

The Senior high cafeteria will begin serving meals Wednesday. Students who have a Junior high school classification and who attend Pampa school last year will enroll Tuesday morning at nine o'clock.

New Charge Made By Chinese Reds

NANKING—AP—The Chinese government offensive against China's communist troops reportedly swept up in the fifth today, while the communists told the United States: "Stop trying to mediate with one hand while helping government armies with the other."

In Shanghai, communist spokesman Chou En-Lai told a press conference that it "is the duty of the government to wage war while General Marshall and Ambassador Stuart worked to halt the strife."

In Trenton, N. J., Gen. Keller E. Roosevelt told a "true team" that American armies there had orders to halt all armed parties approaching bridges, the armies were guarding, "and if they do not halt the armies are to open fire."

Government reports from battle-dotted Jehol province said national troops had swept 125 miles beyond captured Chengteh, provincial capital, and were in the suburbs of the Red stronghold of Chiehling.

These were not mentioned in the list of "short supply" items. All products on that list are eligible for continued or restored price control, although some of them, like wheat, corn and dairy products are not under ceilings now. Again, the decontrol board has the last say.

American Legion Head To Arrive in Texas

GALVESTON—AP—John Steele, national commander of the American Legion, is scheduled to arrive here today to attend the Texas State Legion convention which opens here Wednesday.

The three-day convention will be preceded by a meeting tomorrow of the 40 and 8, fun organization of the legion.

Bertram E. Giesche, unopposed candidate for the state department chairmanship, said here yesterday that the Texas Legion has a "most interesting program of rehabilitation, child welfare and Americanization."

Most of the British claim, which British sources say they hope to satisfy in part by seizure of Italian assets in the United Kingdom and the colonies, consists of a budgetary war cost against Italy of \$11-120,000,000.

The claim does not include the British dominions.

Anderson's Report Lifts Many Price Ceilings

WASHINGTON—AP—Tomorrow's grocery shoppers will find OPA ceiling tags gone from more canned goods, many fresh vegetables and from all frozen fruits.

The agriculture department yanked those products beyond OPA's control by omitting them from the list of agricultural commodities in short supply which went into effect at 12:01 a. m. Sunday.

Police Investigating Death in San Antonio

SAN ANTONIO—(P)—San Antonio police are investigating circumstances leading to the death here Saturday of Raleigh Adair, 26, of Austin.

Adair died in a local hospital late Saturday from a stab wound in the abdomen received Friday night. The Austin man was found, police report, in a downtown parking lot by military police.

Cus Sparks, friend of Adair, told investigating officers that he and Adair had been downtown Friday night but that Adair had disappeared. He said he did not know where Adair was until he was notified by the hospital that Adair had been admitted there.

Pampa Schools

(Continued From Page 1)
port to Sam Houston or Woodrow Wilson schools. Kinard explained that this option is offered in order to avoid overcrowding Sam Houston. When the proper bridges and streets have been provided for the Carr Terrace addition, that area may be assigned to Woodrow Wilson, Kinard said. If many of the students living in Carr Terrace would enroll at Woodrow Wilson it might not be necessary to transfer them later, he added.
All new pupils enrolling this year should have birth certificates and evidence of their smallpox vaccination and diphtheria inoculation.

The cinchona trees of Java produce about 99 percent of the world's supply of quinine.

Services Tomorrow for Mrs. Mary Hassell, 63

Funeral services for Mrs. Mary Hassell, 63, who died at her home at the Gulf lease yesterday, will be held at 3:30 tomorrow afternoon at the First Methodist church with the Rev. Grady Adcock, pastor of the Harrah Methodist church, officiating.

Mrs. Hassell had been ill for the past six months.

She is survived by her husband, H. M. Hassell; two sons, Henry and Ed, both of Pampa; three daughters, Ila and Mrs. R. W. Shannon of Pampa and Mrs. A. I. Fisher, Oklahoma City; a sister, Mrs. J. R. Duff, Pampa; two brothers, C. E. Graham of Pampa and R. I. Graham of Drumright, Okla., and four grand-children.

Palbearers will be J. R. Combs, D. S. Buckner, J. D. Sackett, L. C. Gomillion, Creed Smith, Earl English, Pete Dunaway and Jess Baird. Burial will be in Fairview cemetery under the direction of Duengel-Carmichael Funeral home.

Dates for '47 Show At San Angelo Set

SAN ANGELO—(P)—Dates for the 1947 San Angelo Fat Stock Show and Rodeo have been set for Feb. 27 and 28 and March 1 and 2. Auction of the boys fat stock will be conducted the morning of March 2.

India Leaders

(Continued From Page 1)
found responsible for starting the disturbance—the city is still under a state of emergency.

The outburst which broke out on the eve of today's inauguration of the first all-Indian government headed by the congress party president, Pandit Jawaharlal Nehru, coincided with the first appearance of black flags, which the Moslem league ordered Moslems to fly today in protest against the predominantly Hindu government in which the league refused to participate.

During the Bombay riots, angry mobs formed almost simultaneously in 20 or more places while Hawkers swarmed through the city, selling black-flag buttons. Resentment was intense when the vendors appeared in the Hindu sections.

During the height of the disorders, shops were damaged, street cars burned and Hindu temple invaded. Rioters battered in the heads of injured who lay bleeding in the streets.

Industrial League Slate Not Available

No schedule for games in the Industrial softball league this week was available today, due to the absence of Frank Leder, chairman of the league.

It was also learned that yesterday's heavy rains may have made the field at Phillips camp too wet to play on.

Arrangements for the final games in the league will be made as soon as possible.

Former Pampan Takes New Mexico Position

Oryo Goddard, a 1938 graduate of Pampa high school, has accepted a position as band director of Monument, N. M., it was learned here today.

Goddard, who served over four years in the infantry band, received his degree from Texas Tech at Lubbock last week. His wife will also be employed at Monument, where she will be secretary to the high school principal.

The couple were married at Camp Roberts, Calif. in 1943.

Goddard's mother, Mrs. Henry Norman of Pampa, attended the graduation exercises.

Peron Government To Buy United Telephone

BUENOS AIRES—(P)—The Peron government said it would sign a contract tomorrow to purchase the complete system of the United Telephone company of River Plate, A-

merican-owned subsidiary of the International Telephone and Telegraph Co.
No price was mentioned, but this figure was estimated reliably to be about \$95,000,000. The purchase was "one more step toward national recovery," the announcement said.
Only the females of the mosquito family suck blood.
