

RUSSIA TAKE NEW CHARGE

ARCTIC PORT MAY PROVE STRATEGIC—In getting Finland's Petsamo region, under the proposed peace treaty, Russia would receive an ice-free port on the Arctic Ocean. But those who think in terms of the new aerial geography see her also getting a potential air base nearer to the western hemisphere than any other Soviet area except the desolate tip of Siberia. Map above shows how, over the newly important Arctic route, a 4,300-mile flight-arc would take in the northern tier of important U. S. industrial areas from Seattle to Pittsburgh, and cut the Alcan highway.

Russia Wants Survey Of Allied Movements

LAKE SUCCESS, N. Y.—(AP)—Soviet Russia called upon the United Nations Security Council today to determine the numbers and positions of Allied troops and the whereabouts of Allied air and sea bases in countries other than occupied former enemy territories. Britain immediately linked the new Russian move with the complaint the Soviet Ukraine has filed against Greece charging the Greeks were disturbing the peace in Albanian border incidents and criticizing the presence of British troops in Greece during the campaigning for next Sunday's plebiscite there.

Ceiling on Cattle Raised \$2.25 per Hundred Pounds

WASHINGTON—(AP)—The difference between Secretary of Agriculture Anderson's recommended ceiling on cattle and hog prices and the old OPA ceilings may mean as much as \$650,000,000 to farmers within the next year.

This was indicated today on the basis of agriculture department estimates of cattle and hog marketings before July 1, 1947. The bulk of the additional money will be poured into the agriculturally rich corn-belt states.

Anderson's recommendations to the OPA for price increases were as follows: Cattle: Chicago basis, from the old ceiling of \$18 to \$20.25 per hundred pounds.

Hogs: Chicago basis, from the old ceiling of \$14.85 to \$16.25 per hundred pounds. Agriculture department analysts explain this would mean an approximately a 15% increase of \$1.55 per hundred pounds in the "farm price" for hogs and \$2.25 per hundred pounds in the "farm price" for cattle and calves.

Fall, winter and early spring hog prices will be available to complete the re-estimating. It is planned to use the second floor for lounges, for service men and women and also install a complete kitchen.

The possibility of securing a "name" dance orchestra for a dinner-dance here in the near future was also discussed. Approximately 300 members of the three organizations attended the meeting. A similar meeting will be held September 12.

Peace Parley Seems Headed For 'Failure'

Editor's Note: The following story is not a prediction of war. It merely is a picture and sampling of opinion and atmosphere surrounding the Paris peace conference. It is written by Relman Morin, veteran correspondent and chief of the AP's Paris bureau, who in recent months has traveled widely in Western Europe.

By RELMAN MORIN
PARIS—(AP)—The peace conference appears now to be headed for failure and people in Paris, both foreigners and French, both those who know and those who only feel, are more profoundly depressed today than at any time since the last gun fired in Europe.

They feel World War III already is in sight. They feel it may not come this year or next year but there is little doubt any longer among people in Paris that it will come. That view is common to people in all quarters.

A few days ago I spoke with the foreign minister of one country. He has now gone home. He described himself as "a discouraged optimist" and "hopeless." Not long afterward I overheard a conversation between a French policeman and a waiter in a cafe a short distance from Luxembourg palace.

"Keep the moths out of your uniform old boy. You are going to need it."

Large Numbers of Veterans Settling On Western Farms

WASHINGTON—(AP)—Judging from government loan records, war veterans are settling down on western farms in considerable numbers.

This despite the fact that only a few acres of public land on Reclamation projects will be available for homesteading this year. That means that the veterans are buying private land, rather than establishing new farms.

Veterans by the thousands are buying or expanding established farms, by means of loans from the farm security administration or from other sources, aided by the loan insurance feature of the GI Bill of Rights.

In the past year and a half, the FSA has made 2,000 loans for this purpose for a total of \$16,345,175. About one third of these loans have been in western and southwestern states.

Over approximately the same period, the veterans administration has participated in \$800 million in farm loans for a total of \$25,873,123, about one-fifth of which was invested in the west.

It was pointed out that these loans are restricted and that two-thirds of the time and who can take one of the private funds and loans by the FSA.

Over approximately the same period, the veterans administration has participated in \$800 million in farm loans for a total of \$25,873,123, about one-fifth of which was invested in the west.

But Hatch said he believes international leaders would view an up-set of democratic congressional control as proof that the administration had lost popular backing.

Those ordered shot were Constantine V. Rodzayevski, Alexis P. Bakshayev, Lev P. Vasilevski, Boris N. Shepurov, and Ivan A. Mikhailov. Former Prince Nikolai Ukhomsky was sentenced to 20 years penal servitude and one Ahotkin to 15 years.

All eight defendants pleaded guilty at the opening of their trial early this week to charges arising from what prosecutors say was a 25-year-old plot for a counter-revolution to overthrow the Soviet government.

Cottons Given Another Price Boost by OPA

WASHINGTON—(AP)—OPA tagged cotton garments with another price boost today and deftly acknowledged it may not be the last.

The new increase, about two and one-half percent at textile mills, will mean another hike of one to two percent on cotton apparel sold at retail, the agency said.

Today's upward revision, the fourth since March, brought the total jump for basic fabrics to more than 30 percent.

And an OPA pricing official told a reporter privately that any attempts at stabilizing cotton textile prices at the new level will depend almost entirely upon what happens to the prices of raw cotton.

Under the OPA extender act, he said, the agency is required to fix fabric prices at a level which will reflect the current cost of raw cotton, or parity, whichever is the higher. Raw cotton prices to date have followed a steadily upward trend.

Saying OPA will review its textile prices once a month, the official added: "There will be more price increases if necessary to reflect the raw cotton costs."

A 16 percent increase earlier this month was the first under the new OPA act. Prices previously had been raised 8 1/2 percent in March—largely to cover wage hikes—and 5 percent in April to spur production.

The OPA official emphasized that the last two hikes will not be felt by consumers until the goods make their way from mills to retail counters. This may take as much as three months.

On other OPA fronts the agency got rid of some of its work. It removed price controls from sterling silver flatware, including knives, forks and spoons; all rubber footwear, and from manufacturer's sales of certain obsolete automobile replacement parts useable exclusively in 1938 or earlier model year automobiles.

But more than counter-balancing these price-saving measures, the urgent task of a huge staff of statisticians who hoped to complete by tonight the job of writing new price ceilings on livestock within the formula set by Secretary of Agriculture Clinton B. Anderson.

This first list of ceilings will apply at 11:01 p. m. (CST) Saturday on cattle, calves and hogs at both producer and slaughter levels. The **PRICE BOOST**, Page 5

Foreign Policy In Political Pic

WASHINGTON—(AP)—Foreign policy edged into the political campaign as a potential issue today.

Senator Hatch (D-NM) told a reporter he intends to make several speeches based on his contention that election of a republican house this fall would be interpreted in world capitals as a "repudiation" of the administration's program.

Rep. Clarence Brown of Ohio, G. O. P. colleague of Hatch, said in a telephone interview he was surprised to hear of Hatch's plan in view of active republican participation in both the Paris peace conference and the forthcoming United Nations meeting.

But Hatch said he believes international leaders would view an up-set of democratic congressional control as proof that the administration had lost popular backing.

Those ordered shot were Constantine V. Rodzayevski, Alexis P. Bakshayev, Lev P. Vasilevski, Boris N. Shepurov, and Ivan A. Mikhailov. Former Prince Nikolai Ukhomsky was sentenced to 20 years penal servitude and one Ahotkin to 15 years.

CPA Says Women Fare Better Than Men Along Clothes Line

WASHINGTON—(AP)—Shoo the moths out of that suit, gents. It may have to last another two years.

A civilian production administration man told a reporter today that these are the bare facts on men's clothes: Fifteen million men still will be hunting suits on Dec. 31, 1946.

Not until 1948 will suits be plentiful enough for men to be choosy. The shirt scarcity will last for a year. There'll be a shorts shortage for six to 12 months.

Yes, sighed the CPA man, a trifle enviously, the girls are better off. That's because, so manufacturers say, there is more profit in turning out women's garments.

According to the CPA man, women now get almost all the slips and underpinnings they need. Most of the city women are well fixed for hose, although some rural dwellers still have rayon and nylon troubles.

He said there are plenty of pretty women's suits but that they See **MEN'S CLOTHING**, Page 5

'Peace for China' Movement Bogging

NANKING—(AP)—U. S. Ambassador J. Leighton Stuart's committee of five, formed only yesterday to work out a peace for China, struck a possible snag today when the communists demanded that Generalissimo Chiang Kai-shek make two major concessions before they would participate.

The generalissimo's troops, meanwhile, filed unopposed into Chengteh, capital of Jehol province, and by communist admission captured three other important points in the South, but the communists claimed they had scored such a resounding victory along the Yangtze it could change the course of the civil war.

The communist negotiator, Gen. Chou En-lai, handed his party's demands to Gen. George C. Marshall, special U. S. envoy, who left by plane for the summer capital to present them to Chiang.

They included a demand that the Generalissimo guarantee to issue a cease-fire order as soon as agreement is reached on forming a coalition government, initially through establishment of a 40-member state council, and, secondly, that Chiang make plain that his insistence the communists clear out of five key areas will not be a prerequisite to the issuance of the cease-fire order.

PEIPING—(AP)—Government troops were reported today to have captured Chengteh, capital of Jehol province, without opposition, as peace hopes rose anew over the formation of a five-man committee to tackle China's unending strife at its source—politics.

Chinese communist forces fled Chengteh late yesterday before government troops were even near the city, the pro-government newspaper Shin Shen Po declared.

When government forces along the Chengteh-Chinchow railroad learned of the withdrawal, a vanguard quickly advanced on the city and took over, the dispatch reported. Heavy fighting for the capital had been expected.

The anti-communist Catholic newspaper "social welfare" predicted the communists also would not defend Chihfeng, north of Chengteh. To the west, government troops were reported pushing on Kalgan, the communist "second capital," in Chahar province.

The government drive against communists in Jehol began last week after Gen. Cheng Kai-min, government commissioner at executive headquarters, threatened a government assault on Kalgan, Chengteh and Yenai unless the communists lifted their month-long siege of Tantung in north Shansi province.

Peace-hopes centered on Nanking, where an "unofficial" committee of two communists, two government representatives and U. S. Ambassador J. Leighton Stuart, who proposed the idea, was formed yesterday.

U. S., Britain Accused of Interference

PARIS—(AP)—Russia accused the United States and Great Britain today of "interference" in next Sunday's Greek election and charged the little Balkan country was paying the way for the return of exiled King George II with "a reign of terror."

"We know British troops are there and American warships are on their way," Russian Foreign Minister V. M. Molotov told the peace conference during consideration of a Greek request to consider the Greek-Albania border dispute.

Molotov asserted it was "high time we put a stop to what he called outside interference and 'give the Greek people a chance to select their own form of government.'" He contended that "the present form of government in Greece is very unpopular among the Greek people. Greece is the only Balkan country not strongly under the influence of Russia."

Despite the bitter opposition of Russia and the Slav bloc, the peace conference voted 12 to 7 after four hours of blistering debate to discuss the Greek-Albanian border at its next meeting. The Greeks insist that a part of Northern Epirus (southern Albania) now occupied by Albanian actually is Greek territory.

Secretary of State Byrnes during the debate declared: "It seems incredible to me that we would deny one of the 21 governments covering the 50,000 members to aid us in victory the opportunity to See **CHARGE MADE**, Page 5

Wage Increase Is Recommended for 'Wire' Workers

WASHINGTON—(AP)—A federal fact-finding board today recommended a 16 1/2 cent hourly wage increase for telegraph workers and 14 cents an hour for messengers of the Western Union Telegraph company.

The board submitted separate reports covering the 50,000 members of three AFL unions comprising the national coordinating board, and the 7,000 members of the CIO-American communications association.

The board reported it found that Western Union employees have received no general wage increase under the postwar stabilization standards although wage increases in the related telephone industry have been granted.

Secretary of Labor Schwelb, who appointed the board in an effort to resolve a dispute between the company and the unions, urged the parties to resume negotiations immediately, using the board's report as a basis for settlement.

The ACA has demanded an increase of 15 cents an hour retroactive to May 1, and correction of inequities in the wage structure retroactive to Feb. 16, 1946.

The AFL coordinating board demanded a general increase of 18 1/2 cents an hour.

Death Given Last Stern Gang Party

JERUSALEM—(AP)—Jacob Menahem Alcahalay, last of 23 members of the so-called Stern gang charged with sabotaging the Haifa railway and last June, was sentenced to death by a military court in Jerusalem today.

The sentence is subject to confirmation by the British commander in Palestine, who last night announced that he had commuted to life the death sentences previously pronounced against 16 other members of the same group. Four girls tried with the 18 two weeks ago were sentenced to life imprisonment.

Alcahalay, whose leg was injured while fleeing the Haifa incident, lay strapped to a stretcher reading a Bible throughout most of his trial.

He made no reply when the court asked if he cared to defend himself, to address the judges or to make a plea for clemency. The court then found him guilty of five attacks connected with the attack on the rail yard's workshops June 17.

Auto Involved in Accident Monday Stolen Property

Word has been received from the National Automobile Theft Bureau that the 1936 model black Plymouth coupe that was involved in an accident near Shamrock Monday night was stolen, state highway patrolmen announced today.

The report from NATA listed the coupe as having been stolen from the T. H. B. on August 25.

Eight H. B. on August 25, of Normal, Ill. was killed in the accident and William L. Altneu 18, also of Normal, Ill., who was driver of the car, was critically injured.

Officers investigating the wreck found the car containing a 32 cal. revolver, a .38 Smith and Wesson pistol and a 12 gauge shotgun. Checking further, they reported finding two extra sets of 1946 license plates, one set from Missouri and one from Oklahoma. The couple had on California plates.

Patrolmen calling Normal, Ill., established the fact that Bateman was wanted there for forgery and that both men were wanted for armed robbery.

Altneu's attending physician reported the boy's condition serious at noon today.

It was also learned that Altneu's mother, Mrs. Sol Sterns, of New York City, had chartered a plane and is en route to Shamrock. She is expected to arrive sometime tonight.

Cossack Chief To Hang for Wrongs

MOSCOW—(AP)—Gen. Gregorie Semenov, grizzled Cossack counter-revolutionary leader, was sentenced today to be hanged and five of his co-defendants were ordered shot at the end of their trial on charges of bearing arms against Russia and spying for Japan.

The remaining two defendants were given long prison terms at hard labor.

Those ordered shot were Constantine V. Rodzayevski, Alexis P. Bakshayev, Lev P. Vasilevski, Boris N. Shepurov, and Ivan A. Mikhailov. Former Prince Nikolai Ukhomsky was sentenced to 20 years penal servitude and one Ahotkin to 15 years.

Flaming Truck Funeral Pyre for Its Driver

DURHAM, N. C.—(AP)—The Boll Oil transport truck and an automobile crashed. The truck turned over and burst into flames.

Johnnie R. Johnson, 30, the truck driver, was pinned in the truck, smothered by a sea of burning oil. On-lookers came forward to try to save him.

"Go away!" he shouted. "It's better for one man to die than a lot of others. Get back, there!"

There was no use, anyway. The flames blocked the way, engulfed him. The truck became a funeral pyre.

Complete Instructions for School Enrollment Given Pampa Students

A reminder to all Pampa students that city schools will begin enrollment next Tuesday afternoon at 1. The procedure will be the same for these students except that they should have a report card or transcript of their grades.

Grade school students who were in attendance in Pampa schools last year will report to the same units on Tuesday morning, unless they have moved to another part of the city. If they have moved from one elementary district to another they will report to the elementary unit for that area.

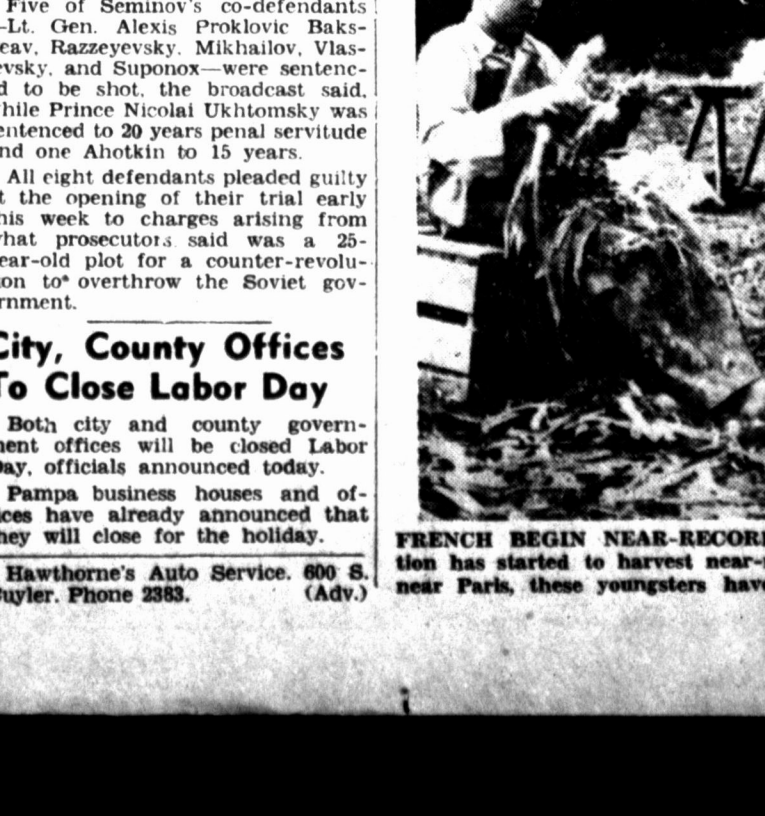

New pupils who ride the buses and are new to Pampa schools this year will report on Wednesday morning September 4, to the junior high school auditorium to be assigned to the proper elementary unit.

Pupils in the first five grades who live in the city will observe the same district lines as last year with this exception: pupils who live in Carr Terrace addition may report to either Sam Houston or Woodrow Wilson elementary school. Kinard explained that this option is offered to avoid giving Sam Houston too many students. When the proper bridges and streets have been provided for the Carr Terrace addition that area may be assigned.

Dodd Asks 5 Nazi Organizations Be Tried, Convicted

NUERNBERG, Germany—(AP)—U. S. Prosecutor Thomas J. Dodd asked yesterday for the conviction of five Nazi organizations on war crimes charges, declaring they were part of the Hitlerian police state perfected 'into the most absolute tyranny of modern times.'

Dodd denounced defense efforts to shift the blame for war crimes from one German group to another. The 21 individual defendants in the box squirmed uncomfortably as he attacked before the international military tribunal their oft-professed ignorance of the deeds of the organizations which they headed.

Hermann Goering once raised half out of his seat as if wanting to clamber over the rail, but relaxed even before the military policeman at his side found it necessary to restrain him.

Dodd said the organizations specified in his speech were "nazified" or "nazi-perverted."

He declared the indicted reich cabinet, political leadership corps, SS elite guard, SA brown shirts and Gestapo—together with the military high command—were the principal agencies through which the Nazis affected their "enormous crimes" against civilization.

Dodd is executive trial counsel for Associate Justice Robert H. Jackson, the U. S. chief prosecutor. Jackson earlier had urged the conviction of 22 individual Nazi leaders, who with the organizations have been on trial since last November. If an organization is convicted of war crimes, the next step by the allies will be to identify and try individual members other than the 22 principals in the main case.

Prosecution Ends Case Against Mrs. Duran

FRANKFURT, Germany—(AP)—The prosecution concluded yesterday its case against Mrs. Kathleen Nash Duran, charged with larceny and embezzlement of the Kronberg jewel collection. The military court granted the defense a three-week recess to line up its witnesses.

Thirty-Six Cotton Areas Non-Producing

COLLEGE STATION, (AP)—Thirty-six Texas counties which were heavy cotton producing areas in 1910-1914 are out of cotton production today, Sterling C. Evans, president of the Houston federal land bank, told the Texas agricultural workers' association, in session here.

Evans said the 1945 census report showed that 136 out of 212 counties had fewer farms in 1945 than in 1940 and that 104 counties had less acres in cultivation. He said nine counties had acreage reduction of one half.

Can girls refuse to "neck" and still have dates, be popular? That's today's mail quiz.
"Whatever a girl do when a fellow starts to neck? All the fellows here say we girls are prudish if we don't let them all kiss us good-night. But what about getting? We know it's considered cheap, but the boys won't date us if we don't. We come from nice families and have all the best opportunities, etc.

Arrangements Made For Class C Series

45 Qualify for Tourney; Medal Play Tomorrow

Forty-five golfers from Pampa and surrounding towns had posted their qualifying scores in the Top of Texas invitation golf tournament at the country club this week.

Marvin Harris of Pampa posted a 77 to lead the qualifiers but medal play tomorrow will probably beat Harris' record.

Scheduled to enter competition tomorrow are the two sons of Grover Austin, Sr. Grover and Johnny. The elder Austin qualified with an 83.

Frank Baker, club pro, said he had been notified that several of Borger's best golfers would be here tomorrow for medal play.

Also scheduled to try for medalist honors to Clarence McGinnis of Pampa, defending champion in the tournament.

Following the completion of all qualifying rounds and medal play tomorrow, a Calcutta pool and Dutch lunch will be held at the clubhouse, starting at 7:30.

Match play begins Sunday with finals in all flights scheduled for Monday. Equal prizes will be awarded in all flights.

Those who had posted their scores up to 10:30 this morning were:

Dr. Frank Kelley 85, S. S. Hegway 79, Sol Blount 87, W. F. Holmes 79, A. H. England 82, G. F. Barnett 91, Virgil LaSalle 90, Walt Folds 93, Grover Austin, Jr. 83, Frank Shotwell 84, A. L. Cards Gain Another Game on Dodgers

By JOE REICHLER
Associated Press Sports Writer

Racing down the stretch, the St. Louis Cardinals are trying to explode the theory that the team in first place on July Fourth usually wins the pennant.

On that day the Cards were trailing the National League leading Brooklyn Dodgers by seven and a half games and appeared hopelessly out of the race. Today they are 2 1/2 games in front of the flock.

The Cards gained a full game yesterday when they shut out the New York Giants 4-0 as the Chicago Cubs were beating the Dodgers 3-2.

Howie Pollet, the Cards' ace, hurled the shutout over the Giants, limiting the New Yorkers to five hits in registering his 17th triumph. Dave Koslo lost his 15th game.

Phil Cavarretta's seventh inning single broke a 2-2 tie for Hank Borowy's ninth victory in the Cubs-Dodgers tilt.

The victory moved Chicago only six games behind the Dodgers. Detroit, which hadn't won a game at Fenway park until Wednesday, made it two straight over the Boston Red Sox, 9-3, in 14 innings.

The winning run resulted on George Kell's walk, a single by Roger Cramer and a force play by Hank Greenberg. Dizzy Trout, in relief, won his 14th game while Dave (Boo) Ferriss, trying for his 12th straight, was driven from the box in the sixth.

The Yankees clinched the season series with Cleveland on a 9-1 victory in New York behind the nine-hit pitching of Randy Gumpert.

The Boston Braves' hopes to overtake the third place Cubs remained alive when they defeated the Reds in Cincinnati 4-1 behind the six-hit pitching of Ed Wright.

The season's record low of 1,124 saw the Philadelphia Phillies lose the Pirates deeper into the National League cellar with a 5-2 victory in Pittsburgh.

The scheduled Chicago White Sox-Washington games was postponed by rain while the Philadelphia Athletics and St. Louis Browns were idle.

Fort Worth, Dallas, San Antonio Tulsa Comprise Playoff Bracket

By HAROLD V. RATLIFF
AP Sports Editor

The play-off bracket of the Texas league has been completed and starting Sept. 10 Fort Worth, Dallas, San Antonio and Tulsa will square away in the opening round although just which club will meet, which other club is yet to be determined.

Fourth-place Tulsa split a double-header with Dallas last night to put the Oilers into the league saw-off, winning the second game 11-2 after Dallas had taken the opener 8-0. Fifth-place Beaumont was idle because of rain but even if the Exporters had played and won it would have made no difference. Tulsa, with only 12 games to go and boasting a 14-game lead over Beaumont, can't be overhauled now.

Fort Worth's Cats downed Oklahoma City in two games—4-2 and 2-1—last night and are 11 games ahead of the second-place Dallas with 12 to play, so it won't be long until the Panthers have clinched straightaway first place and are entitled to the Jake Atz memorial award for leading the race over the regular season route.

The honor of meeting Fort Worth in the opening round of the play-off still is to be decided between Dallas, San Antonio and Tulsa. In the play-off first place meets fourth and second place clashes with third but there's only six games difference between these three clubs and Dallas and Tulsa each has 12 more to play while San Antonio has 14.

But should they end up as they are now or there should be no change in Tulsa's standing, a close series in each would be in the offing.

Season reserve seats for the six home football games will go on sale at the school business manager's office in the city hall at 9 o'clock Saturday morning, August 31st.

These books sell for \$1.50 plus 30c Federal Tax, making a total of \$1.80 and are good for the seat only, and does not include the general admission at the gate.

General admission tickets will be available at the box office for each game, and are usually on sale at down town drug stores for a few days before each game.

Following is a list of the home games: Sept. 13th, Electrica; Oct. 4th, Vernon; Oct. 11th, Norman, Okla.; Oct. 18th, Borger; Nov. 9th, Lubbock, and Nov. 23, Plainview.

Lockhart, Bain Receive Awards For Grid Play

Maurice Lockhart, the only returning regular on the Harvester football team from 1945, was selected as the most valuable player in the spring practice session and Bill Bain was chosen as the player who advanced the most as a blocker at a meeting last night.

These two boys were chosen by the 33 who are to hold their annual fall football camp at Raton, N. M., next week. The squad will leave tomorrow morning.

The trophies, two perpetual cups are to be given to the boys to hold for a while then put in the case at high school Zales' Jewelry is presenting the one for the most valuable player and Leader's is sponsoring the one given to the blocker.

At Raton they will practice plays and blocking and will return to Pampa Sept. 8. The first game of the season is to be played the following Friday, Sept. 13 against Electrica.

Coach Otis Coffey announced that Dick Livingston, former Pampa Junior high school physical education teacher will assist with the boys this year in the place of D. V. Biggers. "Jiggs" Whittington will be back to coach the line.

Coffey announced that new equipment has been purchased during the summer and that new jerseys are among the equipment bought.

He also said that a captain for the 1946 season will be elected just before the boys leave for New Mexico Saturday morning.

Boys whom Coach Coffey selected to go to Raton are Phillip Anderson, Bill Bain, Kelly Anderson, Bill Bond, Bob Boyles, Ronald Bump, Gary Cooper, Dan Elson, A. Z. Griffin, Vernon Holler, Francis Hunt, War-

Price Boost

(Continued From Page 1) maximum price schedules will begin to apply to distributors on September 5 and at retail stores on September 9. Officials say the retail ceilings will mean an increase above June 30 prices of about 2 1-2 to three cents a pound for pork and 5 1-2 to six cents on beef cuts. Meanwhile, OPA's enforcement branch got set for a sweeping drive against black market operations in meats under the direction of Irving Gruber, former chief of the agency's litigation section. Saying he will throw an army of 2,500 enforcement agents into the field, Gruber told a reporter "we expect to stop all violations."

Cattle Ceiling

(Continued From Page 1) marketings are roughly forecast by department officials at 45,000,000 animals. The assumed average weight of hogs to be sold is around 240 pounds. The total of cattle to be slaughtered during the fiscal year ending next July 1 is placed at about 21,000,000 and calves at 13,500,000. The average weight of the cattle is figured at 940 pounds, and calves at 224 pounds. On this marketing basis, the net "farm price" increases allowed by the Anderson formula would give growers the following returns over what they could expect to receive under the old ceilings: Hogs, \$167,300,000; cattle \$421,000,000 and calves, \$65,000,000.

School Opening

(Continued From Page 1) to Woodrow Wilson, he said. If many of the students living in the Carr Terrace addition would enroll at Woodrow Wilson it might not be necessary to transfer pupils later. Kinard added. New pupils enrolling for the first time this year should have summer round-up blanks, properly filled out and also birth certificates, as George Kinard. Pupils should also have evidence of their smallpox vaccination and diphtheria inoculation. Approximately 3,500,000 seals go to the island of St. Paul and St. George in the Bering Sea in the summer—the only land they ever touch.

Peace Parley

(Continued From Page 1) test public opinion, show that the question being openly discussed now is: "If war breaks out between Russia and the United States, etc.?" The situation has deteriorated greatly since the peace conference opened and more particularly within the last week. There no longer is any doubt here about the totally irreconcilable policies of Russia and the bloc of Slavic nations which stand with her on the one hand and those of the west on the other. The clashes between Soviet Foreign Minister V. M. Molotov and U. S. Secretary of State James F. Byrnes along with the completely outspoken statements of the Australians plus the startling indictment of "British dominated Greece" by the Ukraine have removed all question. In the middle of this there came the sound of shots from Yugoslav fighter planes and the explosion of a falling American transport. Contrast this with Versailles—also a travesty and tragedy—27 years ago. At Versailles there were days when Georges Clemenceau, furious with the British attitude toward Germany, refused even to speak to David Lloyd George. But there never was a day during the conference itself when French guns opened fire on the British. Now was there ever a day when one "ally" described another as "a menace to peace." If Versailles bred World War II in 20 years, how long will it take the conference of Paris to start a third? In this bleak pattern there has been the voice of Gen. DeGaulle. Frenchmen and foreigners have varying views on De Gaulle as a politician and as a national leader but very few people question his vision, his feeling for the future. At Bar-Le-Duc recently he spoke of an inexorable collision of Russia and the United States. This week he criticized the proposed new French constitution on the ground it gave the president too little power. Behind his words Frenchmen feel was this implication: France was disorganized in 1939. Another 1939 is close at hand and this time she should have a strong hand at the helm equipped with sufficient powers to hold the nation on one course—whatever course that may be.

Charge Made

(Continued From Page 1) present its case—regardless as to our views on their claims." Molotov, speaking from the dais without notes, criticized Greece for what he described as an attempt "to involve the foreign ministers council in her claims" against Albania. "This is a very dangerous question because it is calculated to create trouble in the Balkans," said Molotov. Molotov charged that pro-monarchist Greek government was "in need of external subsidies to settle internal affairs on the eve of the plebiscite and to cover up terrorism." His accusation touched off an explosive argument, with Yugoslav and British delegations shouting at each other from the floor over a point of order. The big four ministers, meeting in closed session yesterday (a discussion delay which has bogged down the month-old conference, decided to stick together on the agreed sections of their treaty drafts, and to support proposed changes to those agreements only if all four powers approved. This action dispelled Soviet fears that the United States, Britain and France would back down on portions of the proposed treaties. Previously, Russian spokesmen had accused "some powers" of using Australia and other "small" nations to advance amendments which the large powers, under prior commitments, could not offer themselves. The big four ministers also decided to study all proposed amendments to the treaty drafts—some 300 such amendments have been introduced by the 17 "small" nations—and to support jointly all mutually acceptable amendments.

Men's Clothing

(Continued From Page 1) cost a pretty penny, too. Sports clothes have been so plentiful some shops are sending shipments back to the manufacturers. If the girls have any real gripe, it's because there will be no real style changes until sometime after March 31, 1947. That's when CPA goes out of business. The CPA has kept styles pretty tied down with order No. L-85. This limits the length of the skirt, the size of the hem (not more than two inches), the length of the sleeves and the fullness of the sleeves and dress. Several designers and manufacturers would like to come out with new styles, of course, and some proposals have called for dropping the skirt down to the calves. "But if we let the line down as much as two inches," said the CPA man, "it would take 50,000,000 more yards of goods." Furthermore, he said, if skirlines drop much all wardrobes would be out-of-date instantly. Then instead of wearing out what they have, the gals would dash out to buy more suits and dresses. "And there would go badly needed shirts, shorts and suits for men. We've got to hold the skirt line."

China Situation

season occurred in the first senior boys game last night as First Baptist pushed across two runs in the last half of the seventh inning to defeat First Presbyterian 6-4. The score was tied when the Baptists came to bat.

Unable to cope with the powerful hitting of Central Baptist senior boys, First Methodist dropped their semi-final game 22-14. Central Baptist scored 12 runs in the fifth to sew up the game.

First Baptist girls romped over Central Baptist 18-3 in the first game, but the second girls tilt had to go into extra innings as Presbyterian tied the score in the last of the seventh. However, First Methodist pushed across four runs in the eighth to win the game, 13-9.

Two speedy junior boys games ended in victories for First Baptist and Central Baptist. In the first game, Central Baptist held First Methodist scoreless in all but one inning to win 7-3. First Baptist came from behind, McCullough Methodist with 10 runs in the fourth to win 14-11.

Plaques will be presented winners of first and second places in all divisions tonight after the games.

South American Wolf Needs No GI Lessons ---He's Just Doin' What Comes Nacherly

ONE: Even the lamp post bends at the languid Belem, Brazil, wolf call. The light in the eye outshines the light on the match.

By NEA Service
A GI's wolf whistle in Peru has stimulated diplomatic protests because the object of his attention was prominent.

But Latin wolves have their own language of admiration and don't need lessons from American GIs. On a recent flying trip to South America an NEA correspondent gathered purely scientific data on several different street corner approaches. They are illustrated in the accompanying photographs.

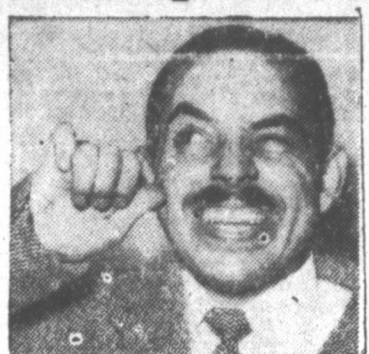

No. 1 is the Belem, Brazil, whistle. On approach of the subject, the Belem blade continues to lounge against the building or lamp post which is propping him up but widens his eyes and slowly inhales through his lips, producing a thin, reed-like whistle. Guaranteed to turn the head of the haughtiest beauty—Belem style that is.

No. 2 is the favorite of the Argentine drugstore gauchito. What it lacks in the delicacy of the Belem version is outweighed by its enthusiasm. You twist the thumb-end of your right fist into your right cheek and simultaneously wink with the left eye. Results? Macanudo, Che! That's Argentine slang for "swell, pal!"

Nos. 3 and 4 are straight from the boulevards of beautiful Rio de Janeiro. The senior in No. 3 has just spotted a senhoria whom he regards with "B" enthusiasm. His expert eye has qualified her legs and torso but the head that carries the basket of bananas is only "B"—marré by a broken nose or, perhaps, one crossed eye. Our man lifts his right hand, daintily pinches the lobe of his right ear and whistle whoo-WHOO!

In No. 4 we see our Brazilian beau confronted by perfect wolfing conditions. Legs, torso, face, hairdo—everything guaranteed to grace the annual samba festival. As this little number shuffles into view the senior leaps off his backbone, whips his right hand behind his head and pinches the lobe of his left—that's right, left—ear. Also the wolf whistle. This is the ultimate in flustering gesture in the shadow of Sugar Loaf.

It is estimated there is one printing plant for every 3,600 people in the United States.

TWO: Machundo, Che! The Argentine version is a silent whistle with left eye closed.

THREE: Down in Rio, this is a wolf call denoting a passing senhoria, 'Grade B'.

FOUR: The super wolf call in Rio. Our model for all this is a retired Latin wolf—Latin from Manhattan, that is.

Army Colonel To Begin New Duty As Congressman

WASHINGTON—(AP)—Col. Olin T. (Tiger) Teague, soldier-congressman, got ready today to doff his uniform and devote his time to duties as representative of the Sixth Texas district.

Elected Saturday to fill the unexpired term of former Representative Luther A. Johnson, who resigned to accept a federal judgeship, Colonel Teague spent the morning yesterday at Walter Reed army hospital for a final physical checkup before receiving either a discharge or retirement on service-connected disabilities.

The former College Station, Texas, post office superintendent, who was wounded six times in the European fighting, not only was elected for the remainder of Johnson's term expiring next January, but also won democratic nomination for a full two-year term.

His service as a congressman began immediately upon his election Saturday, even though congress is not now in session.

Here with the new legislator is his secretary, Clayton Hickerson of Corsicana.

Hickerson said Teague hoped to receive his retirement orders today or Saturday for Texas. He plans to bring his family to Washington later in the year.

The first allied ground officer in Cherbourg after the invasion of France, Teague won the Silver Star and two clusters. He has been under hospital care for 20 months as a result of a wound in the left ankle.

A native of Woodward, Okla., Teague attended high school at Mena, Ark., and graduated from Texas and M. college in 1932. He is married and has three children, James, 11, Jack, 10, and Jill, six months. His wife is the former Freddie Dunman of Fort Worth.

Top Hit Tune Was Written on 'Strict Orders'

By BOB THOMAS
HOLLYWOOD—(AP)—About this time, "To Each His Own" as bombarding the nation from every radio, juke box, bandstand and amateur whistler. Fans of the hit tune may be surprised to learn that it was written not from inspiration, but on strict orders.

The song's fathers, Ray Evans of Salamanca, N. Y., and Jay Livingston of McDonald, Tenn., upset the theory that tunesters must be long-haired attic dwellers who struggle over every note.

The 31-year-old small-town boys operate out of an office in Paramount studio.

Ray and Jay (who go out with girls named Wyn and Lynn) met while attending the University of Pennsylvania. Ray studied economics and Jay took journalism, "so we of course became song writers."

After a few years of Broadway, they landed at Paramount, pounding out tunes on order. One day they were instructed to write a tune called "To Each His Own," to protect the name of the Olivia de Havilland picture.

Ray thought they were kidding. "Who thought they were kidding?" Ray (lyric) said. "Who ever heard of such a title? It sounded like Shelly or Keats. But we sat down in the office and knocked it out in three weeks."

"We thought surely the song would be a flop and we'd get fired," added Jay (music). Obviously it wasn't and they didn't.

Rent Control Placed On 4 Texas Counties

WASHINGTON—(AP)—The office of price administration has slapped rent controls, effective next Sunday, on the Texas area consisting of Angelina, Nacogdoches, Panola and Husk counties, with a maximum rent date for determining ceilings of Oct. 1, 1945.

The action was taken, OPA said, because an influx of returning veterans and war workers is taxing accommodations.

The area has not been under rent controls.

Sugar Allocation Is 1,187,000 Tons

DALLAS—(AP)—Civilian sugar allocation for the period Oct. 1-Dec. 31 has been placed at 1,187,000 short tons, say officials, 541,000 tons less than the July-September period, the Dallas area office, production and marketing administration of the U. S. department of agriculture has announced.

The reduction, the announcement said, was caused by seasonal decline in sugar usage after peak of home and commercial packing and canning seasons.

Terminal-Leave Pay Not Taxable

By DOUGLAS LARSEN
NEA Staff Correspondent
WASHINGTON, (NEA) — Questions regarding terminal-leave pay continue to pour in. Here are the answers to four of them.

Q—Will we have to pay income tax on the terminal-leave pay which the government is going to give us?

A—No. The amounts are not subject to taxation. Only the interest earned on the bonds will be taxed.

Q—I am interested in the provision of the terminal-leave bill which lets veterans use the bonds they receive to convert government life insurance. It is possible for a veteran to get an endowment policy under the new insurance law and with the bonds pay it up back to the date he first took out GI insurance?

A—Yes. For instance, if you want a 20-year life policy and want it made retroactive to 1942, when you took out term insurance, the bonds can be used to finance this change. This would mean that your premiums would be based on your age at the time you took out the insurance, and the bonds could go toward paying the difference in premiums. Doing this would probably cost you more than your terminal-leave bonds could cover, however.

Q—If a veteran converted his insurance policy this would give him a cash reserve. Could the veteran then borrow on this reserve or get a loan on the policy?

A—If you use your terminal-leave bonds to convert your insurance, you can't cash it in or borrow on it. The bill provides that "an assignment of the bond to the Veterans' administration, for insurance purposes, may not be used directly or indirectly as a means of securing in cash the proceeds of such bond, or any portion thereof, prior to the date of its maturity, or the maturity of such policy by death, whichever is the earlier." This provision is to prevent the veteran's getting cash from a terminal-leave bond before its maturity date.

Texas Today

By JACK RUTLEDGE
Associated Press Staff
The Texas prison Echo published in the prison print shop at Huntsville by and for the inmates of the Texas prison system believes in keeping the boys posted on latest developments in the trade.

In a recent issue it told how a Negro thief cleverly bilked A. J. Le Maire of Houston of \$151. Le Maire was in the back yard at the time. The Negro walked up on the front porch. A neighbor was watching. The Negro removed his hat, rang the door bell, bowed, laughed and began talking. Then, still bowing, he entered the house. The neighbor saw him leave later. He wasn't until Le Maire found his money missing and called police that the neighbor remembered the incident.

But thieves who took a 55-gallon barrel of used cooking oil from E. T. Morgan had put 10 pounds of lye in the oil for use on hogs.

"If they eat that stuff," Morgan said, "we won't have any trouble finding them. They'll end up at a hospital."

Officers in Lubbock were asked to find someone. This time it was love. Not larceny.

A young Philadelphia swimming instructor who had trained at Lubbock during the war asked District Attorney Burton S. Burks of Lubbock to find a young Lubbock woman who, he said, could cook eggs better than anyone he ever knew. He said he ate six of them at one sitting, they were so good. Burks said he would try to accommodate.

Waco police had to investigate an embarrassing robbery. Someone took several hundred dollars worth of radio-testing equipment and replacement parts from their short-wave transmitter station.

Today's Schedule Of Redeployment

By The Associated Press
Four vessels are scheduled to arrive today at three U. S. ports with approximately 1,500 service personnel.

Ship arriving:
At New York—Mirabeau B. Lamar from Leghorn, 12 troops.
At San Francisco—Whitman Victory from Kobe, and Turrialba from Korea, each with three troops aboard.
At Seattle—Chapel Hill Victory from Yokohama, 1,479 troops.

Off to a disaster: These Red Cross workers, taking their tip from the weather bureau, will try to beat storms to the punch by getting to the scene ahead of the big blow and beginning evacuation and other relief work before the storm can take its toll.

By NEA Service
WASHINGTON, (NEA) — Let the hurricanes blow. The Red Cross and the weather bureau are ready. This is the heart of the hurricane season. If and when a big blow strikes, the Red Cross expects to be on the scene this time, before—not after.

Weather bureau reports on all possible threats of disaster stemming from weather conditions are being fed into Red Cross centers throughout the country so that advance preparations can be made. Minute-by-minute storm reports will let the Red Cross know where to set up its shelters, where to assign

extra medical and nursing personnel and where to start evacuating residents.

Today the organization's 2300 chapters are prepared, on short notice, to house and feed 4,500,000 disaster victims in 40,000 shelters. Here is how it will work when the need arises:

The weather bureau picks up a storm report and watches it move slowly northward towards the southern coastal region of the United States. Observers, chartmen, and forecasters will elaborate "one" its course and give it elaborate advance billing.

DANGER ZONE ALERTED—Telephone reports of the storm's

progress come night and day to disaster headquarters as the storm develops. These reports are relayed to area offices in Atlanta, Ga.; Alexandria, Va.; New York City; St. Louis, Mo.; and San Francisco, Calif. Area offices in the danger zone alert all chapters which in turn start making preparations and call out relief committees.

At the same time, trained disaster personnel are rushed from area and national headquarters to strategic points to get things started before the storm hits.

By the time the hurricane has arrived, so has the Red Cross. The plan worked earlier this year when the coast guard and navy in assault boats helped rush relief workers into flood areas along the Gulf coast. Even helicopters and "walkie-talkies" were used in some sectors.

Since 1880, there have been 158 major hurricanes and more than 600 floods within the U. S. In its growing battle against weather disasters, the weather bureau now maintains 550 airways stations and 250 off-airways stations. It has developed radar patterns of storms. A telemeter circuit has been set up between three hurricane forecast centers: Miami, Washington and Boston. The weather bureau even keeps track of areas that may be "ripe" for forest fires.

Ability of the Red Cross to move in and rapidly has been cutting disaster tolls during recent years. Death toll of the 1926-28 Florida hurricane was tremendous. In a storm just as violent last September, only four persons died. Volunteers, working 24 hours a day, succeeded in evacuating all residents from the Florida Keys in the storm's path. The new system is expected to provide even more complete advance information with which to plan relief work.

WITNESS
LOS ANGELES, (AP)—"I know you won't believe this," Jim Moreland told attendants at a police hospital, "but—"

"I'd just park my car. My wife, Mary, and I started for the grocery. I had a \$10 bill in my hand. The car's brakes must have slipped, because the next thing I knew it had followed us about 100 feet down the hill, jumped the curb and knocked us down."

"Any witnesses?" he was asked as doctors patched up their cuts and bruises.

"One," Moreland answered. "He grabbed the \$10 bill from my hand while I lay on the sidewalk. I got up and grabbed it back."

Expert washing, polishing and waxing, also tire and battery service.

3-Way Try Fails

Vito Marcantonio, American Labor Party congressman, generally regarded as one of the most left-winged legislators in Washington, failed in his attempt to win the Republican nomination in recent New York state primaries. He won the Democratic and ALP nominations. Two years ago he was the candidate of all three parties.

Mexico Plans for Tourist Business

MEXICO, (AP)—The Mexican tourist association said yesterday 31 hotels with 4,420 rooms were being constructed in Mexico at a cost of \$15,000,000 pesos (\$21,120,000) to care for the nation's mounting tourist business.

Eleven of the hotels with 2,310 rooms are being constructed here at a cost of 75,000,000 pesos (\$105,000,000) and the remaining 10 with 2,110 rooms at a cost of 30,600,000 pesos (\$42,840,000) throughout the republic.

The association said four of the hotels here would be completed during the first half of 1947, four during the first half of the year and the remaining three in Mexico City during the first part of 1948.

The hotel construction program also includes one in Torreón, two in San Miguel Allende, state of Guanajuato, three in Guadalajara, two at Jalapa. Three in the port city of Vera Cruz, one at Ururapan, another at Chihuahua, three in the Pacific coast resort city of Acapulco and one each at Aguascalientes, San Luis Potosi, Queretaro and Tuxtilla in the state of San Luis Potosi.

BOTHERSOME DEAD FISH
ST. PAUL, Minn.—(AP)—A fish out of water can cause a lot of trouble sometimes, says F. L. Steinbright, superintendent of the Northern Pacific railway telegraph.

He said a nine-inch bullhead lodged on the cross arm of a 30-foot pole on one of the railway's telegraph circuits near Lombard, Mont., acted as a conductor between a live wire and a grounded wire, thus killing the circuit.

He said the fish probably was dropped by a fishhawk of osprey.

By JOHN P. MCKNIGHT
VENICE—It is a sad thing to have to relate, to this tourist rode the waters of Venice in a gondola for a solid hour—under a full moon, too—and heard not a single snatch of "O Sole Mio."

Over the satiny surface of the Canale della Grazia and the Canale Orfanello, there floated in that hushed hour only the whistled strains of "one o'clock jump," and a sandpaper-textured voice singing Hoagy Carmichael's "Star dust" in heavily accented English to a two-chord guitar accompaniment.

When the Gondolier, one Virgilio Scarpa, was asked the reasons for this break with Hoagy tradition, he continued to create the illusion of spreading his hands and shrugging his shoulders the while he continued to heave at his paddle and replied laconically:

"Le Guerra, Signore."

Take it from Virgilio the Gondola business, which has been his for the 21 years since he was 15, is shot.

"There used to be 600 of us licensed Gondoliers," he said sadly. "Now there are only 450. The old men have been pensioned off. The young men went off to the wars and some have not come back. And there are many who see no future in it and have found other work to do."

"No more do the tourists come as they used to do. The Allied airmen. They spent much at first, especially

Likes Sailors

Uncle Sam thinks 21-year-old Mary Lou Llewellyn, above, went a bit too far in her liking for sailors. A U. S. commissioner in Philadelphia held her in \$300 bail on charges that while married to one sailor, she wed another, collecting allotments from both. She is also said to have married a merchant marine seaman.

the English, but not so much now. His face brightened visibly in the moonlight.

"However, the Americans" have come (the wives and families of many of the American officers and men in Allied-occupied Venezia Giulia are quartered in requisitioned hotels in Venice) and the Americans always spend."

Next year? Virgilio shrugged again, philosophically.

Market Briefs

WALL STREET
NEW YORK (AP)—The stock market today extended the rally which got under way at the beginning of the preceding session, although buying was selective and, on the whole, notably timid.

While a steady gain running to a point or so were noted in most cases, and scattered losses registered near the close, the steam re-advanced. Transfers totalled to around 1,000,000 shares.

Ahead were Bethlehem, Santa Fe, Southern Railway, General Electric, American Smelting, International, Allied Chemical and Eastman Kodak.

American Telephone slipped, along with Du Pont, Chesapeake and Ohio, and Standard Oil (N.J.).

Light trading was credited mainly to the belief the bid had been oversold and was due for a good technical recovery.

Bonds steady.

WAITING FOR DOG
CHICAGO (AP)—It was roll call at the Warren avenue police station when seven year old Mary Howtana dashed past some 20 policemen, pinned a message on the bulletin board, and made a hasty retreat.

Police men read her message: "Dog lost. If found please return to Mary Howtana waiting at Madison and California they found Mary. She wouldn't tell them where she lived

but said she would "just wait here until they find my dog."
