

MANY PRICES ON WAY DOWN; INVESTIGATION SET

OH BOY, OH BOY!—Unbounded joy is expressed by this 6-year-old Chinese orphan after receiving pair of new shoes from American Red Cross. Hundreds of Austrian children like him would face winter of bitter suffering without the clothing and shoes distributed by the ARC.

Survey Finds Increasing Signs of Severe Undernutrition in Germany

BERLIN—(AP)—A three-power survey of hunger conditions in Western Germany today found a "significantly larger proportion" of the population in "unsatisfactory condition" and an "increasing number" of these showing "signs of severe undernutrition," with children from 7 to 14 the chief sufferers.

The nutrition survey, sixth of a series since the occupation began covered the French, American and British zones. It was prepared by a three-power committee.

The survey reported that the French zone was in the most dangerous position in regard to food stocks. At the same time, it praised the French practice of feeding both miners and their families in contrast to the British-zone practice of feeding only the miners. The report said coal production was higher per man in the French than in the British zone.

"German adults are underweight and in almost every instance weights are significantly lower than a year ago," it said. "Although children under seven have not been markedly affected by the food shortage, the growth and development of those between seven and 14 years is unsatisfactory."

The report noted few actual cases of hunger edema but actual cases of continued low rations had cut body reserves below safe standards and any failure in the ration would be felt immediately.

Food hoards have been exhausted as well as barter material and most Germans today must live within the official ration, the survey said. "All evidence," the report declared, "compels the committee to conclude that conditions in certain respects are serious."

The government set up a board to investigate the crashes. The inquiry centered about Shanghai's only commercial airfield, Lungwa, which has no marker beacons and uses 19 year old communications equipment.

The companies that owned the planes—the Chinese National Aviation Corp. and the Central Air Transport Corp.—announced they would pay 1,000,000 Chinese dollars (\$500) at official exchange rates but \$150 on the current market to dependents of each victim.

A 4-year-old Chinese boy, Wong Dee-Dee, probably was the only person aboard any of the three planes to escape uninjured. He was found sleeping in the wreckage of Prens' plane yesterday. He said he couldn't get out, was cold, shouted for hours for help, and finally fell asleep.

It was presumed his parents were killed in the crash. The fourth plane earlier reported missing and feared to have crashed made a safe landing at another airfield.

RFC Chairman Resigns Position

WASHINGTON—(AP)—George E. Allen, smiling "court jester" of the Truman administration, has turned in his resignation as chairman of the Reconstruction Finance Corporation.

The announcement, it was learned today, is being prepared for release at the White House.

The resignation is understood to be effective as of Jan. 22—one year from the day Allen's nomination to the RFC was sent to a then-Republican Senate by President Truman.

Washington hasn't seen a show in years to top the committee hearing at which the round-faced Allen literally kidded himself into the chuckling approval of the senators. "Allen even met reports of his resignation with a wise-crack.

Called out of bed during the night as the reports spread, Allen drawled: "I have no comment to make and you can tell your readers that I got out of bed to make it."

New Sugar Stamp Good January 1
Spare stamp No. 53 will be good for five pounds of sugar beginning January 1, OPA officials announced today. It was added that there is a good possibility that an additional five pounds will be allotted within the next four months.

70 Percent of Lend Lease Aid Is Marked Paid

WASHINGTON—(AP)—President Truman informed Congress today that 70 percent of this nation's lend lease aid has been marked paid, and expressed conviction that the accounting would prove "one of the foundations of economic stability in the postwar world."

In his 23rd report on the war-time mutual aid program, the Chief Executive said that the total United States aid through Sept. 30 amounted to \$50,692,000,000 of which this country will recover "substantially" more than \$10,000,000,000 in reverse lend lease and payments.

A full dollars and cents settlement never was anticipated by this government, Mr. Truman weighed in to the cold statistics of the accounting an emphatic assertion and reminder that the work of the international swapping arrangement in achieving victory "can never be satisfactorily" measured in monetary terms.

There was only a terse reference to Russia—next to Britain the largest recipient of American aid, Britain, which a settlement has been reached, received 65 percent of the total. The Soviets got 23 percent.

Truman said Russia "has been invited to open negotiations" for a settlement but there was no indication of what has prevented the starting of talks. Similarly, the report said that it "has not as yet been possible to start active negotiations" with Yugoslavia, Poland and Czechoslovakia.

Highlights in the Chief Executive's report, since his last review, include final agreements have been made with Britain, France, India, Australia, New Zealand, Belgium and See LEND LEASE, Page 8

Bids Open for Four Star Mail Routes in Pampa

Bids for all Texas star mail routes will be received at the office of the Second Assistant Postmaster General, Washington, until 5:15 p. m., Feb. 20, it was announced recently. There are four routes in the Pampa area open to bidding.

The bids will be for contracts dating from next July 1 to June 30, 1951.

The four Pampa routes listed in the Pampa area are Pampa to Lakota, Pampa to Lefors, Pampa to Amarillo and Pampa to Clarendon. Bond is required with each of these routes, the amount of which varies in accordance with the size of the route.

Postmaster W. B. Weathered urged bidders to carefully consider all aspects of the job they are bidding on, before making a proposal. Some of the rules that they should follow are to familiarize themselves with the service to be performed; the estimated weight and volume of the mail to be carried; condition of the roads; laws and regulations governing the operation of motor vehicles and all other circumstances affecting the cost and operation of the route.

These things and many more should be carefully considered to avoid misunderstanding and dissatisfaction during the several years the contract lasts," Weathered said. Proposal forms and all necessary information will be furnished upon application to the local postoffice.

It is understood that the Highway Commission plans to build a four-lane road on Highway 66 through the county. This would necessitate an additional 60 foot right-of-way, making 160 feet.

Tentative plans call for building a four-lane road north of the present one with a strip of dirt between to make traveling safer.

The commissioners court has been informed that it is likely to be some time next summer before any farm-to-market roads can be built.

Clemency Case Before Governor

AUSTIN—(AP)—State Senator Kyle Vick of Waco, who helped Marshall Morris of Palestine get executive clemency, says he will join Sen. Jim Taylor of Kerens in asking the Senate for an investigation.

"I think the board did the right thing when it recommended clemency in this case, and I want to bring the whole thing into the open," he told the Austin American from Waco.

Vick said the case was "political." The county judge and attorney of Anderson County early this week joined numerous other Palestine people in protesting remission of Morris' jail sentence and reduction of his fine from \$500 to \$100. He had been convicted in County Court of aggravated assault on a 21-year-old nurse.

Gov. Coke Stevenson said yesterday he would announce his decision in the case after Vick has offered additional testimony. Dec. 20.

French Claim to Have Beaten Back Attack in Hanoi

PARIS—(AP)—The French claimed in an Indo-China communique today to have beaten back a strong Chinese attack on Hanoi with heavy losses to Viet-Nam troops. They said eight Japanese bodies were found among the slain.

Colonial military authorities claimed other successes also in sortered clashes throughout northern Indo-China, scene of fighting since a week ago yesterday between the forces of France and of the Viet-Nam republic.

A French column advancing toward Phanthuoug, about 25 miles northeast of Hanoi, was reported to have passed Dap Cau, some 18 miles northeast, and to have cleared Viet-Nam from a wide area after repulsing a night attack of Dec. 25-26.

Minor clashes were reported at the edges of the European quarter of Hue, Annam state capital, and in Tourane, 60 miles south of Hue, and Haiiphong, port of Hanoi.

The communique came amid mutual accusations by Ho Chi Minh, leader of the Viet-Nam republic, and the French.

Ho Chi Minh, president of the republic, which France last March recognized as a free state embracing Tonkin and Annam provinces, with membership in the Federation of Indo-China and the French Union.

Many quarters here had regarded the revolt as the work of extreme nationalists acting against his wishes.

Ho Chi Minh, a foreign office spokesman said last night that he himself had planned the uprising and was directing it. He accused Ho of covering up preparation of the revolt with a corollary letter to President Premier Leon Blum Dec. 15, four days before shooting started in Hanoi, capital of Indo-China and the Viet-Nam republic.

40 to 50 Injured As Fast Panama Limited Overturns

NEW ORLEANS—(AP)—Six cars of the speedy Panama Limited left the rails on a narrow isthmus north of New Orleans today, and 40 to 50 passengers aboard the Chicago to New Orleans flyer were injured.

The train, which was carrying 100 passengers, derailed at a sharp curve near Lake Fitchtrain and Lake Maurepas. Passengers aboard the train, a majority of them bound for the Sugar Bowl football game, said the train had been proceeding without difficulty at about 50 to 60 miles an hour when it suddenly began swaying.

The swaying got worse, they said, and moments later the first car left the rail. The others followed it right off the tracks and turned also on their sides.

Inside it was like an earthquake, the passengers said, baggage tumbling and even the people being thrown about.

Women and children screamed fearing that they would be trapped and that fire might break out. They forced their way outside through windows and the doors, climbing through them as though they were the turret hatches of a huge tank.

Mrs. Anthony Radnick said she felt and looked like a pop corn kernel in a pop corn shaker, all of us just being knocked from one side to another inside the car.

She said she had to duck a chair her husband was not so agile. See TRAIN CRASH, Page 8

GI's Believe Law Enforcement at Sale Insufficient

DALLAS—(AP)—"If the proper support had been given by the law enforcement officials, the sale would have been conducted in an orderly manner and there would not have been trouble at the Red River arsenal," says Charles H. Holske, Texas "homesteader" GI's who were at a pop corn shaker, all of us just being knocked from one side to another inside the car.

The joint letter was received by Ted W. Lewis, chief, automotive and machinery sales division of the Dallas regional office of W.A.S.A. It was a letter to extend our appreciation to the War Assets Administration officials for the high degree of cooperation shown us at all times during the sale conducted at the Red River arsenal, Texas, on Dec. 16, 1946.

"We will endeavor to clarify the minds of many veterans who attended this sale that it was in the intention of the War Assets Administration to honor the right of this roster number when the sale was opened, and their rights would have been observed if it had been at all possible. However, it was pitifully impossible to do this as a minority ruled and the rights of those who were democratic were not observed."

"That the 'mob' consisted only of 150 men and not 2,500 was asserted. See GI REPORT, Page 8

Local Supply House Reports Break In

Thieves sometime this week burglarized the Home Builders Supply Warehouse, 311 N. Somerville St., of several hand tools, according to the company stated this morning.

Chief of Police Louie Allen this morning stated that he had no report on the break in and had heard nothing about it.

The thieves got into the building through an unlocked window and stole one electric drill, two hack saws and a pair of tin smith's shears. The theft was noticed yesterday by employees of the company. The estimated value of the burglary happened sometime Tuesday or Wednesday night.

Baruch Gains Canadian Support; Stands Fast on Veto-Free Demand

LAKE SUCCESS, N. Y.—(AP)—Bolstered by a complete understanding with the Canadian delegation, Bernard M. Baruch stood firm today in his demand that the veto must not stop the punishment of any nation violating international atomic control regulations.

The United States delegate to the United Nations Atomic Energy Commission held his ground as the commission went into session here today to discuss the report to make sure to the U.N. Security Council next Tuesday.

For a time it appeared that Baruch's plan would encounter rough sailing because the Canadian delegation has circulated a number of comments and suggestions affecting the proposals which Baruch wants the commission to adopt as its blueprint for atomic control.

But the "second echelon" of the United States and Canadian delegations met for hours late yesterday and were reported to have agreed on all points, thus smoothing the way for Baruch when the test is made in the commission.

Break in Butter Market Starts Cut

By The Associated Press
Prices for many cost of living items tumbled suddenly yesterday in major cities throughout the nation, led by a sharp break in the New York and Chicago wholesale butter markets.

The decline in the butter wholesale prices an immediate drop of nine to 10 cents a pound in some of the principal chain stores in the east.

Egg prices likewise dropped sharply in a number of places, led by a wholesale decline of more than five cents a dozen in New York, and reductions in some food items were reported in New York, Chicago, Boston, Philadelphia, Atlanta, Kansas City, Los Angeles and San Francisco.

It was learned that in Chicago, retailers' associations there now were looking for pronounced general reductions in food prices in February and have been urging their members to get rid of their present stocks.

On the butter market, prices concededly had been maintained at an artificially high level in New York. When this support was withdrawn, prices fell by from one to 10 cents a pound and from two to six cents in Chicago.

The Dairyman's League Cooperative Association announced some of the mystery surrounding the break in New York, where charges of "rigging" had been heard.

It said in a statement that it had been active in the butter market in order to keep prices up and thereby "protect" present milk prices.

In its statement, the Dairyman's League, which claims to represent 26,000 milk producers in the eastern area, declared that "purchases of butter" by the league "were made to prevent a threatened decline of 22 cents a hundred weight in the January price of milk."

Grade A butter was selling as low as 74 cents a pound yesterday. Meanwhile, other prices were dropping around the country. Newspapers in most major cities carried full page advertisements by department stores announcing full-scale bargain displays. Here are some typical reports from metropolitan centers:

Washington—Men's white shirts dropped from \$3.99 to \$1.99, nylon, at a pair, milk coats reduced from \$4,500 to \$4,000 and dyed skunk from \$495 to \$395.

Philadelphia—Toy stores running sales at one-half of pre-Christmas prices. Toys were selling as low as 74 cents a pound yesterday. Canned citrus juices are off by one-third in the last six weeks. Other food staples. Wholesale egg market, reacting to New York, off by See PRICES DROP, Page 8

Nationwide Crack In Some Prices Follows Forecast

AUSTIN—(AP)—The nationwide crack in some commodity prices was just one factor in a series of price reductions that followed a forecast that prices would level off with abolition of restrictions.

He said removal of price controls was just one factor involved, but that others included stiff buyer resistance to high prices and the fact that production has evidently been greater than the statistics show.

"The clearance sales indicate to me that the market is going to be much as they thought they were going to," he said.

The Governor said he anticipated a further decline in prices—further as a sort of red cap for Governor Coke Stevenson said there could be a general reduction of 20 to 25 percent in commodity prices without running into danger of a depression.

He said he would watch business trends carefully before writing his final message to the Legislature. As outgoing Governor, he will have some recommendations to make.

The Governor, in reply to a question, said that he thought there should be an increase in teachers' pay, especially in the lower brackets.

"Another gratifying thing to me is that I have received more Christmas messages than I have ever before in my life," he said.

Four Governors To Attend Game

AUSTIN—(AP)—Governor Coke Stevenson said today he would go to Dallas Jan. 1 to attend the Cotton Bowl football game—after first acting as a sort of red cap for Governor Jimmie Davis of Louisiana, Ben Laney of Arkansas and Robert Kerr of Oklahoma.

"I have promised to carry Jimmie's bags when he arrives, and I would pass up the others," the Governor smiled. "I will be there to meet them."

Investigation Is Ordered in Break Of Butter Prices

WASHINGTON—(AP)—Secretary of Agriculture Anderson today ordered an investigation of yesterday's break in New York butter prices.

The investigation will cover consumer complaints that the market had been manipulated to prevent a drop in producer prices of milk in the metropolitan area during January.

In announcing the inquiry, an aide to the secretary said Anderson does not see in the butter price break any sign of a widespread decline in prices of other farm and food prices. The secretary felt that farm and food prices have reached if not passed their post-war peak, and there is no indication that there will be other than a slow normal adjustment to lower levels as supplies increase and wartime markets decline.

The investigation will center on reports that organized milk producers had been buying butter for the purpose of manipulating in January the December milk price of \$46 per hundred pounds.

Anderson's aide said representatives of the agriculture department are in New York on buying operations in the butter market during recent weeks.

He observed that the matter might come under the purview of the Commodity Exchange Act, designed to prevent price manipulation in the commodity markets.

"The sudden plunge in butter prices, which dropped as much as 10 cents a pound in New York and Chicago wholesale markets, coincided with a sharp buying spree for many other cost of living items.

Following charges of "rigging" in the New York market, the Dairyman's League Cooperative Association said in a statement it had been working to "protect" present milk prices.

Under a joint federal-state marketing program, the producer price of milk is tied to the level of prices of butter and some other dairy products.

Road Building Program Slated

An extensive county road improvement program is being formulated at this time and is scheduled to get under way soon after the first of the year, County Judge Sherman White, announced this morning.

Judge White said the roads which have been neglected for the past several years due to the war, were in bad need of repair and that many farmers were requesting that the job be started as soon as possible.

In fact, four of the county farmers are so desirous of having a firm base out in their dirt roads that they have offered the services of their trucks if the county will furnish the materials and labor for this work.

"The main objection that most farmers have to the muddy roads is the fact that they are panned off at the farm, when they have products to market and business to take care of in town. When it is muddy on the farm there is little work to do but the chores. It is during these times that it is practical for the farmer to get his business in town taken care of," Judge White said.

"The new program will be projected as soon as plans are completed and materials and labor permitted," Judge White added.

Crozier Tech Wolves Blast Harvesters, 47-22, in Dallas Tourney

College Cagers In Semi-Finals At Okla. City

OKLAHOMA CITY (AP)—The All-College basketball tournament held the promise of an action-packed semi-final round tonight, with Kansas and Oklahoma renewing an eight-year rivalry and Texas producing its undefeated season record against the defending champion Oklahoma A. and M.

The game between Oklahoma and Kansas will be the 20th renewal of the rivalry between Coach Bruce Drake and Dr. Forrest C. (Phog) Allen. Kansas' Allen holds the edge in games won, 11 to eight.

That edge is just one of Drake's worries, however. Oklahoma has failed to stop Kansas in the last five games in which the Jayhawks' scoring triumvirate—Otto Schnellbacher, Ray Evans and Charlie Black—have played.

The trio was impressive yesterday as it sparked Kansas to a 65-53 victory over Tulane in the tournament's opening round. The combined score—118 points—set a new tournament mark. The previous record of 117 was set in 1941 when Baylor beat Texas Tech 59-58.

Oklahoma toyed with Baylor in its opening contest yesterday, outclassing the Texas 64-47. The Sooners' center, Gerald Tucker, tallied 21 points.

Texas, which whipped Missouri, 66-46, in the opening round, risks its eight-game winning streak against the Aggies. The Texans will yield height to the Aggies who are seeking their third straight tournament title and their sixth in 11 years of competition. They beat Rice 61-39 in their opening tilt, playing their usually brilliant defensive game.

Mustangs Ring Up 5th Straight Win

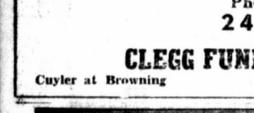

CHICAGO (AP)—Southern Methodist racked up its fifth straight basketball victory last night and avenged an early season defeat by downing Loyola university 62 to 53.

Broncs Are Choice In Game Tomorrow

Cawthon-Coached Players To Meet

DALLAS (AP)—In the dark days of World War II Pete Cawthon got a lot of letters from boys he had coached in football.

They came from every foreign country, they asked Pete to call a reunion when the war was over for those who came out of it alive.

And so the reunion is going to be held. Drawn Pete has come to Dallas and arranged to meet next Tuesday night the guys who played for him.

They will include players tutored by Cawthon at Beaumont High School, Kie Institute, Terrill Prep of Dallas, Austin College, Texas Tech and at Brooklyn and De Witt in the National Football League.

J. B. Head of Austin College, Dr. Leo Alfred of Beaumont High, Terrill Prep and Austin College, and Bo Williams of Texas Tech, will be in charge of the program.

There'll be a touch of sadness for the boys who couldn't make it, there'll be a lot of pleasant reminiscing for those who can.

The blow-off will be from 7 to 9 p.m., but the ball session is due to last a lot longer than that.

Miami Scrambles For Bowl Ducats

MIAMI, Fla. (AP)—The scramble for tickets to the Orange Bowl reached fever pitch today as the Rice Owls flew into town and got down to work for their New Year's Day clash with Tennessee.

Only 38,000 seats were available in the stadium and 98,000 persons had applied for them months ago.

Coach Jess Neely sent his squad to the practice field at 9 a. m. and scheduled another workout for 2:30 p. m. He will follow a similar schedule tomorrow, with single workouts planned for Sunday, Monday and Tuesday.

SMU built up a ten point advantage late in the first half to lead at the intermission, 33 to 23, widened the margin to 15 points in the second half and then coasted in with substitutes taking over.

San Antonio May Lose Texas Loop Franchise in '47

SAN ANTONIO (AP)—San Antonio's only hope for Texas league baseball in 1947 is permission to use Tech field for one additional year.

Richard C. Muckerman, president of the St. Louis Browns and holders of the local franchise, declared today.

Tech field, home grounds of the San Antonio missions for several years, was recently sold to the San Antonio Transit company by the San Antonio school board, and dismantling of the grandstand and bleacher section has been in progress for several weeks preparatory to the erection of transit company buildings on the site.

All attempts to obtain a new site for a baseball park have failed and the Browns have obtained permission from the Texas league to move the franchise to another city unless permission is obtained from the Transit company to use the field next year, Muckerman said.

He added: "Our organization has attempted for two months to find a suitable site for a baseball park and up to the present time has been unable to do so."

"Even if we found one today the delay has been too long and it would be impossible to complete a park in time to play ball in the spring. The only solution for baseball in San Antonio with the Texas league is that the club be given permission to play one more year at Tech field. Unless the San Antonio Missions are given permission by Jan. 10 we will move the franchise from San Antonio to some other city and this we have been granted permission to do by the Texas league."

Shrine Teams in Hard Workouts

SAN FRANCISCO (AP)—Both East and West Shrine squads in the New Year's Day Shrine game were down to serious business today—the full dress scrimmage. And the East trotted out a typical pigskin curiosity kicker, the secret practice.

Co-coaches Andy Kerr and Bernie Biermer, of the East matched their players yesterday under the game rules, a yellow team winning from a blue outfit two touchdowns to one.

For the West, Co-coaches Lon Stiner (Oregon State), Homer Norton (Texas A. and M.) and George Sauer (Kansas) were impressed with the blocking and pass catching of Dick Hagen, University of Washington end, and Gene Wilson, wingman from Southern Methodist.

The West's 24-man squad was completed with the arrival of Hubert Bechtel, Texas U. end, who was excused to spend Christmas with his parents because of deaths in the family.

Pampa Battles Sunset '5' in Consolation

DALLAS (AP)—Crozier Tech's Wolves of Dallas, defending Class AA state champions, chalked up an easy 47-22 victory over the Pampa Harvesters in the first round of the Dallas high school invitation basketball tournament here last night.

Tech, boasting three starters from last season's championship club, jumped to a 15-4 lead in the first quarter and increased the advantage to 26-9 at halftime.

The Wolves, tournament favorites with W. C. used reserves freely in the last 10 periods.

Joe McDaniel, a returning Tech regular, was high scorer with 12 points, although Bill Speer, outstanding Pampa cager, was close behind with eleven matching the total of Jack Brown, Tech's all-state forward.

Pampa, by virtue of the defeat, takes on Sunset of Dallas in a consolation game this evening at 7:15.

Waco kept pace with Crozier by blasting a weak Bonham outfit, 53-28.

In other games Bryan won over Sunset (Dallas), 48 to 36, North Dallas took Greenville, 43-22; Denton topped Sherman 43-34; Adamson (Dallas) ousted Lamar of Houston, 58-44 and Woodrow Wilson (Dallas) trimmed Denison, 43-18.

Bailey downed Prisco 29-9; East Mountain beat Buckner Home, 43-29; Duncanville smashed Garland, 21-17; Avinger edged Deport 31-25; Blossom outpointed Mesquite, 31-26; Jesuit (Dallas) crushed Plano, 26-19; Cayuga downed Gladewater, 50-23; and Pleasant Grove outscored Ennis 45-38.

Georgia Tech Team To Workout Today

HUNTSVILLE (AP)—Coach Bobby Dodd plans to take his Georgia Tech football squad to Rice stadium this afternoon for its first on-the-spot workout for the Oil Bowl game with Army's Jan. 10.

The Tech squad of 37 arrived here by plane late yesterday after their flight had been delayed by a fog which grounded airliners in the southern part of the United States.

Fire trucks, a police escort, old grads and comely young women were on hand to greet them.

Members of the team have been presented with letters which give them free entry into almost every theater in the city.

St. Mary's team is to arrive Sunday.

KPDN To Broadcast State Final Game

A direct broadcast of the Odesa-Thomas Jefferson state schoolboy championship grid game will be heard over Radio Station KPDN here tomorrow.

The broadcast, which will be heard over Memorial Stadium in Austin, will go on the air at 2:15 with the kickoff scheduled for 2:30.

Sports Round-Up

By HUGH FULLERTON, JR., NEW YORK (AP)—Selma, Alabama, is justly proud of the athletic record of Parrish High School and has come out to spread the game of Coach Comer Sims.

This time it's Sports Write Bill Wise who wants to know if the Parrish basketball team has set a record by winning 71 successive games and not losing in 86 regular-season contests, exclusive of tournaments.

"If that record can be topped," says Bill, "we will gladly acknowledge same and then beat it." Another possible record: The Titon, Ga., high football squad won eight games, tied one and lost one this year using only 13 players.

Two officials who sometimes paired in working basketball games in Montana are named Good and Gallant. Probably doesn't make the players feel better when they too those whistles.

OBSERVATION POST Two wooden Indians, loaned by the Society for the Preservation of the Store Indians, will be the mascots at Tampa's Cigar Bowl game between Delaware and Rollins New Year's Day.

It is a serious question how long and to what extent the American taxpayer will consent to pay a considerable part of the food bill of people in other parts of the world.

—Sen. Arthur Capper (R) of Kansas.

Heiskell's Beat Spirited Harvester 'Exes'. 41-29

By SCOTT RAFFERTY Led by Randall Gray and Earl Davis, the Pampa Harvester Exes "put it a game" for three quarters but fell behind in the final period, losing to the Heiskells, 41-29 in the first of two independent basketball games here last night.

In the second game, the Lane Sales Co. five blasted the Modern Market cagers, 42-16.

The Exes jumped to an 8-3 lead at the end of the first quarter and managed to hold the smooth-working Heiskells to a 12-12 deadlock at the halftime intermission.

Big Bob Andis began to "pour 'em in" in the third period but the spirited Exes pulled to a 26-25 lead at the end of the third period.

Lack of practice began to tell on the leaders in the third period and the Heiskells, unbarren in cage play this season, held a 32-29 lead over four minutes to go and really "opened up" after that, holding the Exes scoreless while dumping in nine points.

Andis, ex-Harvester and Texas Tech cager star, dumped in five field goals and four free throws to take high-scoring honors, edging Davis, who had 12. Grover Lee Heiskell racked up 10 points for the winners while Gray had nine for the defeated team.

Little Johnny Campbell, playing "cut front" for the Exes, played a good game but couldn't hit the basket. Leland Tate and Eugene Turner shone defensively but were also unable to set their scoring sights. Three other Exes, Bernie Brown, Bo Davis and Leon Gooch, saw little action but played "bang-up" ball.

In the afterpiece, Jake Halter and Bill Gambin "sparked" the Lane team to its convincing win over a Modern five that lacked polish but played spirited ball.

Halter, who also played for the Heiskells in the first game, rang up 12 points, followed by Gambin with 10.

The score was deadlocked 4-4, at the end of the first period and the Lanes pulled away to a 14-8 lead at the half. The Lanes poured it in the third period to build up a 23-12 lead by the time the fourth period started and had no trouble after that.

Porkers Will Work Twice Each Day for Cotton Bowl Game

WACO (AP)—Coach John Barnhill ordered two work-outs today for his University of Arkansas Razorbacks as they start their last week of drills for the Cotton Bowl game in Dallas Jan. 1 with Louisiana State university.

Barnhill said his squad of 47 which arrived here yesterday was in good shape but needed work after the Christmas holidays.

Guard Dale Coombs and Tackle Charles Lively are nursing minor injuries, but Barnhill expects them to be ready by game time. Herman Stives, an end, who has a shoulder injury, did not make the trip.

Musial Is Loop's Slugging Leader

NEW YORK (AP)—Stan Musial and Enos Slaughter of the world champion St. Louis Cardinals have new reasons to ask Owner Sam Breadon for more cash in 1947 today after publication of the official National League slugging and runs batted in statistics.

Musial, the batting king with a .365 average, added the slugging championship to his 46 accomplishments, clubbing the opposing pitchers for a .587 mark on the basis of 306 total bases for 624 at bats.

The talented first sacker at Donora, Pa., already had monopolized the average by leading in runs, hits, singles, doubles and triples among others.

It was the third time Musial had taken the slugging crown, having won previously in 1943 and 1944 before entering the Navy.

Slaughter's 130 runs batted in told a large share of the Cards' success story, reflecting the real importance of his 300 batting mark. The slugging slugger, who electrified the crowd with his dash from first to home on Harry Walker's double in the last World Series game, kept the Birds in the race with his timely basehits. His slugging average was .465, fourth among the regulars behind Musial, Johnny Mize of New York, 578, and Del Ennis of the Phillies, .465.

Churchill became Prime Minister when he was 69 years old.

Horned Frogs Drop 4th Straight Tilt

PEORIA, Ill. (AP)—The touring Texas Christian university basketball team lost its sixth straight game last night, bowing to Bradley university, 58-49.

The Horned Frogs tied up the score several times, but were never able to forge into the lead. The score was 26-25 at half-time, then midway in the second half Bradley started pulling away and gradually built up its 10-point advantage.

Central China is the principal source of camel's hair imported into the United States.

SUNDAY SCHOOL LESSON
PAUL CLAIMS THE WORLD FOR CHRIST
Scriptures: Acts 9:15; 18:21; 23:11; 26:28-31; Romans 1:13-16; 15:22-24.
Review: 12:12; 16:22-24.
By WILLIAM E. GILROY, D. D.

To Paul the gospel was not a limited affair, restricted to a few chosen few; a sort of spiritual aristocracy. He believed that any man could be saved by the power of the gospel. "Forasmuch as he is in Christ, he is a new creature; old things are become new" (11 Corinthians 5:17). The emphasis there is on the word "new."

"They're perfect angels since their father lost his temper yesterday, threw the child psychology book in the trash can, and caddled them!"

PERSONAL NEWS OF McLEAN
McLEAN—(Special)—The Puckett Grocery store, has improved the market by addition of a new 22-foot refrigerator case and customer.

Francis L. Petty of Denver, Colo., arrived Sunday to spend the holidays with his parents, Mr. and Mrs. Luther Petty.

Carl, Epton Rice of the Army, who has been stationed at Camp Swift at Austin for three and one-half years, has been visiting his parents, Mr. and Mrs. C. S. Rice.

Mr. and Mrs. Leonard Ellinger of Oklahoma were Sunday night guests of Mr. and Mrs. A. L. Rippey.

The McLean Garden Club sponsored a home lighting contest with outside town judges acting Saturday night as they viewed several entries, decided in favor of Mr. and Mrs. Emory Crockett as first winners in window decorations; Mr. and Mrs. Charles E. Cooke, second; Mr. and Mrs. Roger Powers, third. Best outside lighting: Mr. and Mrs. Paul Peterson first; Mr. and Mrs. W. S. Lentz, second; Mr. and Mrs. D. A. Davis, third. Best decorated doorway: Mr. and Mrs. Charles E. Cooke, first; Dr. and Mrs. J. H. Kritzler, second; Mr. and Mrs. Lester Dysart, third. Down town lighting sponsored by the Lions Club drew much comment especially the colored lights encircling the upper part of the water tower.

Mr. and Mrs. W. E. James, Jr., and daughter, Sherry, of Memphis, Tenn., were Sunday callers in the home of the former's aunt, Mrs. Luther Petty. They were en route to Lefors to visit his parents, Mr. and Mrs. W. E. James, Sr., and her parents, Mr. and Mrs. Nolan, of Pampa.

Mrs. Lucy Rippey is enjoying a visit from her sister, Mrs. Emma Barrett of Oklahoma City.

Mr. and Mrs. Allen Wilson of Amarillo visited with relatives over the week-end.

The high school students under the direction of Miss Glennie Gal-

SIDE GLANCES

alternated with Scriptures by the pastor, Rev. W. R. Lawrence.

An offering was taken for foreign missions on the Lottie Moon offering. A large crowd was present.

The title of the program was "Wonderful Savior" showing wonderful in his birth, in his life, in his love, in his power, in death, in his resurrection and in his return.

The program was closed with a part of the Hallelujah Chorus by the two choirs.

Mr. and Mrs. Egburt Hogan and children of Snyder Okla., and Lonnie Shoop of Amarillo visited Sunday with their mother, Mrs. Neal Bowen.

Mr. and Mrs. Clarence Hayter were transacting business in Pampa Monday.

Mr. and Mrs. R. A. Wood and children, Janet and John, of Amarillo visited the Mrs. Wood's parents, Mr. and Mrs. J. A. Sparks Sunday.

Mrs. B. H. Cooper and children of Groom spent Saturday night with relatives in town and attended services at the Nazarene Church Sunday.

Weekend visitors in the home of Mr. and Mrs. J. W. Burrows were Mr. and Mrs. C. H. Whirlow, Mr. and Mrs. Jack Kelly and son, Charles, and Jack Olin, all of Harold.

First Presbyterian Church choir rendered a cantata Sunday night entitled "The Adoration", which stressed the story of Christ's birth in song, closing with hymns.

Rev. Floyd E. Grady, wife and daughter, Dora Jean, left Monday for New York to go by plane to Bahia, (Salvador) Brazil, to study language and orientation before being assigned to definite missionary work by the Central Brazil Mission of the Presbyterian Church.

Rev. Grady has been pastor here of the local church for 2 1/2 years and he and family have many friends here.

Mr. and Mrs. John Anders of Shamrock spent Sunday with the former's parents, Mr. and Mrs. George Anders.

Roger M. Francis of Kress spent Monday morning with his sister, Mrs. Luther Petty and family. He and his wife were called to Shamrock Sunday on account of the serious illness of his wife's brother-in-law, W. M. Davis of Lone Mound.

Mr. and Mrs. Buddy Jones, Mrs. Fern Owen and son, Jimmie and Bobby Jones of Brownwood were dinner guests Sunday of their aunt, Mrs. Ray McDonald and family.

The Intermediate Department of the First Baptist Church enjoyed a banquet in the church basement Friday night by the officers and members.

RADIO SERMON: Each Sat. 11:00 a. m. to 11:15 a. m. Are you Listening?

TOPICS FOR SUNDAY, DECEMBER 29:
11:00 a. m. "What Is Your Life?"
7:30 p. m. "Stand Fast In The Lord."

"WHAT IS YOUR LIFE?"
LIVES OF OTHERS MAY BLESS US.
It is both interesting and profitable to study the lives of others. History, both sacred and profane, records the lives of great men. We are blessed by their lives. BUT WHAT ABOUT YOUR LIFE? Is anyone being blessed by your life?

LIFE IS SHORT!
Job said, "My life is swifter than a weaver's shuttle." Job 7:6. James said, "What is your life? For ye are a vapor that appeareth for a little time, and then vanisheth away." Ja. 4:13-17. It will not be long till all will leave this earth. Heb. 9:27.

LIFE IS VALUABLE!
The brevity of life makes it valuable. Since man has only a few days to live he should use those days to prepare for everlasting life. This life is a school room where men learn lessons for eternity. It is a stage on which he receives training for eternity. Gal. 6:6-10. The way this life is lived will determine the destiny of the future.

THREE GREAT PHASES OF LIFE.
1—WHAT IS YOUR LIFE RETROSPECTIVELY?
At the close of this year everyone should take an inventory of his life. He should measure his past life by the standard, which is the law of liberty, and see wherein he has fallen short. Ja. 1:19-27. What has your life been in the past? Has it been wasted? How have you performed your duty as a husband, wife, father, mother, son, daughter, neighbor, christian, deacon, elder, or preacher? Can you say, "I have fought a good fight; I have kept the faith"? Are you pleased with your past life? Is God satisfied with it?

2—WHAT IS YOUR LIFE INTROSPECTIVELY?
As you look within, just what do you see? STOP, THINK. What is your life now? Are you and God are alone, and not be ashamed and afraid? Is your heart pure? Mt. 5:8. No one is better; in God's sight, than the thoughts of his heart. Pro. 23:7. What is your life now?

3—WHAT IS YOUR LIFE PROSPECTIVELY?
If God allows you future days how do you plan to live? As the New Year is drawing near you should think about the future? If you are not a christian do you plan to stay in the devil's kingdom another year? Or do you plan to learn about Christ, believe in him, repent of your sins, confess Christ before men, and be baptized for the remission of your sins? That is what you must do if you want to be saved!

If you are a member of denominational church, do you plan to stay in that man made church where you have no promise of salvation? Or do you plan to give up all denominational error and become a member of "The Church of the Lord." Acts 2:47; 20:28; Rom. 16:16. That is what you must do if you want to be saved! Mt. 15:7-14; Gal. 1:6-10; Rom. 6:1-23.

If you are an erring christian do you plan to remain unfaithful? Or do you plan to quit your sins and make things right with both man and God, and then begin to live as you should? That is what you must do if you want to be saved. Acts 5:29-34; 1 Jo. 1:6-10.

If you are a faithful christian do you plan to keep growing by doing God's will? That is what you must do if you want to be saved! 2 Pet. 1:1-20.

May God help you to make the past right, and live with HIM in the future.
A hearty welcome awaits you at the Central Church of Christ, 500 N. Somerville Street. If we can help you in any way call 49. We wish for you the best of everything throughout the New Year.

teachers and the mothers of the children of the department.

Mrs. J. P. Dickenson honored her daughter, Betty Ruth, with a birthday party in honor of her eighth birthday anniversary at their home Saturday afternoon, being assisted by Mrs. H. M. Hundley of Sayre, Oklahoma.

Refreshments of angel food cake and ice cream were served to Shirley Jeanne Hundley, Beth Brooks, Mary Lou Watkins, Anna Taylor, Patricia Shadid, Becky Barker, Frankie Tucker, Janice Lawrence, Clea Sue Heasley, Barbara Carter and the honoree.

Mr. and Mrs. Roy Kiser and son enjoyed a supper and singing of the members of the Church of Christ at Kellerville Friday night in the home of the former's parents, Mr. and Mrs. S. B. Kiser.

No Meeting Held By Rotary Club
PANHANDLE—(Special)—There was no Rotary Club luncheon this Friday, due to the season holidays.

Last week the Rev. W. E. Flaker, pastor of the First Methodist Church, gave his impressions of Christmas as the main feature of the program.

Carolyn Williams, high school student, gave two piano numbers.

NOTICE OF SALE—SURPLUS GOVERNMENT REAL ESTATE PROPERTY
The Federal Farm Mortgage Corporation hereby gives notice that it now has available for sale under the Surplus Property Act of 1944 and Regulation 5 of the War Assets Administration, the following real property which has been declared surplus by the Government. Various tracts of land aggregating approximately 400 acres, together with any improvements or encumbrances thereon not reserved, being the Southeast 1/4 of Northeast 1/4 of Section 40, Block M-5, H. & G. N. E. R. Co. Survey, and the East 100 acres of the Southwest 1/4 and the Northwest 1/4 and West 60 acres of the Southwest 1/4 of Section 24, Block M-2, H. & G. N. Co. Survey, Gray County, Texas, formerly known as the Pampa Auxiliary Airfield No. 4, located approximately 20 miles east of Pampa, Texas. ELLIOTT'S "The Property" will be sold subject to the following priorities in the order named: (1) Government agencies, (2) Reconstruction Finance Corporation for resale to small businesses, (3) State and local governments, (4) former owners and spouse or children of deceased former owners, (5) tenants of a former owner, (6) World War II Veterans and the spouse or children of deceased Servicemen, (7) owner-operators, and (8) non-profit institutions. PRIORITY PERIOD: The time for exercising priorities shall be for ten (10) days for Government agencies, Reconstruction Finance Corporation for resale to small businesses and State and local governments, commencing on December 7, 1946, and ending on December 16, 1946, and a period of ninety (90) days for other priority holders, commencing on December 17, 1946, and ending on March 6, 1947. Persons not having a priority may also make offers to purchase during this period. SALES PRICE: TD TERMS AND CONDITIONS OF SALE: Detailed information concerning the property and the method of exercising priorities during the applicable priority periods, may be obtained by writing to: Fred C. Gilson, Project Manager, 228 Main Building, P. O. Box 1842 Amarillo, Texas. Signatures of: Westford York, President, Federal Farm Mortgage Corporation—E. L. Jan 15, Feb. 1.

Make It A Better One In '47

Now is the time to wish everyone a Happy New Year. It is also the time when serious thinking people will look cold hard facts right in the face and resolve to convert the wish into an actuality by action. Let's not blind ourselves to the greatest of all post-war truths. the world has become smaller, it's units more dependent upon each other. An interruption in production in one community can, in many instances, tie up the wheels of industry in the whole country. And thus is our return to peace-time prosperity delayed. Let us resolve now to turn our efforts to making the limitless capacity of America's great production machine yield as great a flow of goods to make people happy as it did during the years gone by to help us win a war, The key is cooperation in peace-time as America cooperated during the war.

Annual Country Club Dance Held

The annual Christmas dance was held at the Pampa Country Club last night from 10 to 12:30, with about 150 club members and their guests present.

Musical entertainment was furnished by Pinky Powell and his orchestra, of Pampa. Mr. and Mrs. Murray Body, 908 East Twiford, and Mr. and Mrs. R. J. Bradley, 416 North Carr, were hosts for the occasion.

Mrs. Emory Crockett Pioneer Club Hostess

MCLEAN—(Special)—The Pioneer Club held a Christmas party at a party Thursday afternoon in the home of Mrs. Emory Crockett, with Mrs. C. W. Bogan and Mrs. Roger Powers as co-hostesses.

Mrs. Jim Black gave the Christmas story and Mrs. Bogan and Mrs. Powers sang Christmas carols, accompanied by Mrs. Clyde McGee.

A Christmas motif was used in decorating and gifts were exchanged from a tree.

Refreshments of salad cake and coffee were served. Others present were Misses H. W. Finley, W. E. Bogan, J. D. Coleman, Carl Jones, W. S. Lentz, P. A. Pierson, Earl Stubbfield, Jane Woods, Bob Thomas and Cleo Meharg.

Young People Enjoy Christmas Party, Gifts Brought for Children's Home

The young people of the First Christian Church were entertained in the home of Maxine Bell and Bill Smith last week. Presents, treats and Christmas trees were distributed to three needy families. Morris Enloe filled in for Santa Claus (The group sang Christmas carols. Toys were brought, to be sent to the Juliett Foller Home in Dallas.

Games were played. Enloe presented each person with a gift—earrings for girls and cigarette lighters for the boys. The young people presented Enloe with two albums of phonograph records.

The hostesses, Mrs. C.E. Bell and Mrs. E. B. Smith, served refreshments to the following: Margaret Davis, Barbara Norris, Don Leyson, Phyllis Parker, Raymond Perkins, Wanda Gordon, Johnny Gill, Bill McNutt, Mr. and Mrs. Leo Tilley, Junior Barnett, Mickey Casada, Bill McPherson, Leroy Parker, Bebe Hawthorne, Leona McClendon, June White, Bill Warehime, Mickey McOray, Marjorie Goddard, Oma Kees, Charlie Hamrock, Evelyn Farbow, Gail Smith, Larry Pursley, Bill Smith, Maxine Bell and Morris Enloe.

MANY DESCENDANTS
The rose has contributed largely to the world's rich variety of flowers. Many of our most popular flowers of today have descended from the rose family and founded families of their own.

Mrs. Adair Hostess For Yuletide Party

The Skelly-Kingsmill Club members were guests of Mrs. Leo Adair at a Christmas party Thursday afternoon. The entertainment rooms were decorated to emphasize the Yuletide season and a beautifully decorated tree held gifts for exchange.

Mrs. Harold Thornhill led the group in singing Christmas carols, with Mrs. E. N. Mayo at the piano.

Several games were played after which the hostess auctioned off white elephant gifts. She also played Santa for distribution of the gifts.

A delicious refreshment plate of apple pie, coffee nuts and candy was served to Misses Harold Thornhill, G. L. Craddock, G. I. Harkrader, Creed Smith, Everett Butler, James W. Moore, M. M. Ely, Norma Selma, E. J. Zmotony, John Lane, Tom W. Price, Mrs. Mayo and Mrs. Leo Adair.

Christmas Party Is Held by Local Club

The home of Mrs. E. H. Ousley, gay in season attire, was the setting for a lovely Christmas party honoring members of the Stitch-In-Time Needle Club the afternoon of Dec. 17.

Following the gift exchange a Christmas plate was served to Misses W. R. Ballard, Everett Butler, Herbert Hays, Vernon Mullins, C. D. Loper and the hostess.

Old Newspaperman's Club Razed by Fire

PHILADELPHIA—(AP)—The Pen and Pencil Club, oldest newspapermen's club in the nation, was razed by fire yesterday shortly after patrons and employees had left.

Origin of the fire which destroyed many irreplaceable paintings, cartoons and autographed portraits was unknown. The club estimated the loss of equipment and furnishings at approximately \$10,000 and firemen said damage to the building probably would exceed \$10,000.

Women On United Nations Program

By ADELAIDE KERE
AP Newsfeature Writer
In 1945 three women played starring roles of world importance in United Nations... others represented their countries effectively and hundreds helped turn the wheels of U.N.'s vast secretarial machine.

In short, though the number of women in the United Nations was much less than the number of men, they played a far more active and effective role in the organization's first year, than they did in the League of Nations.

The three who did a stellar job were Mrs. Franklin D. Roosevelt of the United States; Mrs. Vijaya Lakshmi Pandit of India, rich Brahmin who has been twice jailed for the cause of Indian independence; and Mrs. Bodil Begtrup, president of the National Council of Women of Denmark—all delegates to the General Assembly.

Mrs. Roosevelt, the first of the three to work in United Nations, served as a delegate at both sessions of the General Assembly and as chairman of the Human Rights Commission of the Economic Council. In the year's service, she tilted on many fields for international understanding and peace.

She was especially active in behalf of the projected International Refugee Organization, which would handle the problem of Europe's refugees, who number more than 1,000,000 and whose unsettled state is one of the myriad threats to future peace. Many of the refugees fear to return home because they oppose new governments or face possibly trial as collaborationists.

The United Nations general assembly passed a resolution calling for the submission of the constitution of the projected international refugee organization to the member states.

Mrs. Roosevelt also worked hard for an international declaration on fundamental human rights, which many delegates regard as one of the most important foundations for world peace. A declaration along these lines, drafted and presented by Panama, was referred to Mrs. Roosevelt's suggestion to the Economic and Social Council for consideration at its next session early in 1947. Mrs. Roosevelt also took up the cudgels in behalf of freedom of information; worked for political and civil rights for women everywhere.

Mrs. Pandit is a sister of Jawaharlal Nehru, head of India's interim government at Delhi, and the only woman who heads a dele-

gation to the United Nations. At the current Assembly session she tackled one of the world's most difficult problems, the color question, and emerged with what many called a personal victory.

Under her leadership the Indian delegation brought charges that Indians living in South Africa were victims of racial discrimination and for the first time forced a vote from the General Assembly on the color question. After a long battle, in which the South African delegation sought to have the issue sent to the International Court, the Assembly passed a compromise resolution centuring the South African government for discrimination against Indian citizens of South Africa and calling on India and South Africa to settle their differences and report to next year's session.

Mrs. Bodil Begtrup won another victory of social and political significance. She helped draft the most ambitious women's rights program of all time, calling for equal rights in all fields in all countries. When they met with some opposition, she helped draft a resolution calling on member nations to establish equal rights in the political field only and had the satisfaction of seeing it passed by the General Assembly.

That victory marked the first

time a world parliament of sovereign states supported the principle of votes for women and Shrewd observers called it a big step forward in women's advance along the road to equal rights in everything everywhere.

Class Party Held At McNett Home

MCLEAN—(Special)—The Willing Workers Class of the Baptist church enjoyed a Christmas party as guests in the home of Mrs. R. C. McNett Friday night.

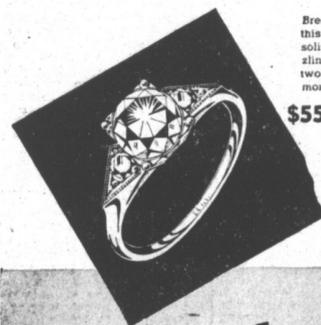

Christmas decorations were used and gifts exchanged around a Christmas tree.

Refreshments of fruit cake and coffee were served to Misses Margaret Glass, Marjorie Fowler, Misses Georgia Beasley, Georgia Lee, Irene Williams, Mary Marcum and a former member Zona Kennedy of Abilene.

Napoleon became Emperor at the age of 35.

YOU HAVE MADE
Budweiser
TRADE MARK REG. U. S. PAT. OFF.
THE MOST POPULAR BEER IN HISTORY

Inquiries about why enough Budweiser is not yet available have become so numerous that we ask our good friends everywhere in America to remember these facts:

Your demand has made Budweiser the most popular beer the world has ever known—year after year after year. Official government figures prove it.

Our production today is the greatest in the history of brewing. Yet, Budweiser's high standard of quality is maintained at all times.

The constantly expanded Home of Budweiser covering 70 city blocks in St. Louis is the world's largest brewery—as it was when beer returned in 1833.

Each year, beginning in 1933, facilities to increase the production of Budweiser were added... until the war put an end to expansion in the brewing industry.

But, each succeeding year found your increased demand running far ahead of our expanded facilities. Thus, Budweiser had to be rationed to dealers each year for several years before wartime shortages introduced

rationing of many products to the country at large. In spite of the fact that grain quotas have been largely restored, Budweiser still is being rationed, because your demand still exceeds the production of our present vast facilities.

So that you will find Budweiser again wherever you ask for it, our post-war expansion program will get under way just as soon as building skills and materials are available.

Meanwhile, each day sees Budweiser arriving in communities everywhere to supply dealers equitably if not abundantly.

When you ask for Budweiser and get it, you are enjoying the quality and the distinctive taste that have made it—sip by sip, drink by drink, bottle by bottle and barrel by barrel, year in and year out, the most popular beer in history.

FREEDOM SUCCEEDS

Although Communism once flourished in Iowa under the Amana Society, when the younger generation discovered free enterprise it was ditched and capitalism substituted.

Then a corporation was formed, in which each member held stock. Stockholders worked regular hours on farms or in the factories. Each was paid according to his accomplishments. Each family bought a home, ate there.

Now 14 years after the adoption of capitalism, voting stock of the corporation has risen from \$50 to \$600. The privately owned mill alone will gross as much income as all the communist enterprises produced before the change.

Individual enterprise and the profit motive have produced vast financial and social achievements. In the New York market, manufacturers and wholesalers compete for the Amana Woollens.

Hams, bacon and sausage are shipped from Amana to all parts of the U.S. Handwrought walnut and cherry furniture is another specialty, not to mention the home freezers and air conditioners engineered in the refrigeration plant.

In 1946 it is estimated that the once communistic Amana Society will produce crops, livestock and manufactured goods worth \$6,000,000 under our system.

The Law of Labor

(Continued)

This is the second article in a series summarizing "The Law of Labor," a pamphlet of American Affairs, issued by the National Industrial Conference Board.

In discussing the use of injunctions, the pamphlet summarizes: "The injunction in labor disputes does not, as so often misrepresented, interfere with the freedom of any individual to contract or to continue to refuse to work. It touches the individual striker only when he engages in criminal activity which the police have failed or are failing to prevent. It does prevent the leaders of the strike, under penalty of contempt of court, from ordering men to refuse to work or return to work and from directing a concert of illegal action, or for an illegal result."

The Sherman Law has repeatedly pointed out, the Sherman Law, passed in 1890, declared unlawful "every contract, combination in the form of trust or otherwise, or conspiracy, in restraint of trade or commerce among the several States." It authorizes the government to proceed against participants in such an unlawful combination for criminal penalties or to restrain them by injunction.

The Danbury Hatters Case
"In 1903 the United Hatters of North America engaged in a unionizing campaign in Connecticut. Twenty-nine employees of Loewe, a hat manufacturer of Danbury, Connecticut, refused to join the union. The union advised Loewe that he must dismiss these employees if he would not join and if he failed to do so no union man from any storekeeper who sold Loewe's hats. Thus, Loewe's trade would be ruined if he did not compel his employees to join under threat of discharge.

"Loewe refused to become an agent of the union to compel his employees to do what an American citizen has the right to refuse to do. The boycott developed and resulted in the famous Danbury Hatters case predicated on the Sherman Act.

"The Supreme Court held that while the Sherman Act did not apply to a combination of wage earners to secure better wages and working conditions for themselves, it did apply when the combination embracing others not directly concerned acted to restrain the trade of employers and other persons as a means of compelling an employer under threat of ruin to accept to union conditions.

"The case was tried and the jury returned a verdict of \$75,000.

BOOM AND BUST

WASHINGTON.—(NEA)—It is hard for most people to realize it, but the United States is still in danger of inflation, resulting in a boom followed by a bust. To some people it is apparent that the inflation is already here, and how.

One reason it is difficult to put this over is that the United States has never had ruinous inflation of the kind Europe and China have had. Today's made-in-America inflation is the slow, creeping variety that makes everyone drunkenly happy before it knocks him out.

This is not advanced as an argument for the return of price controls of any kind. That's all down the drain. No one can say with assurance that inflation could have been avoided if price controls had been retained a little longer. Psychologically, price controls became impossible. People were tired of them. They had to come off.

Today's unhappy situation must be looked at from two points of view—the consumer's and the producer's.

As analyzed by Department of Commerce statisticians, the dollar volume of consumer purchases is not abnormally high, considering today's high wages and high incomes. But what has happened is that purchases of non-durable or "soft" goods are very high, while purchases of "hard" goods are very low.

SAVINGS DROP
Savings stores, restaurants, clothing and department stores, newsstands and drug stores all show sales down. The reason is that the consumer has a large share of the consumer's income on the other hand, auto

The Russian Point of View

By DR. MELCHOR PALYI (The Commercial & Financial Chronicle)

In Hollywood

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD—(NEA)—"The Cantor Story" is in the bag as a movie. Eddie tells us, and the official announcement will be made by a major studio in a few weeks. Like Al Johnson, Eddie will step aside and let another actor impersonate him while he sings the songs.

We stand corrected on our report that Eddie's "show business" was only mildly successful. "It grossed \$2,000,000," Eddie said, "and that's more than being mildly successful."

Producer Bing Crosby is having trouble with "Abbie's Irish Rose." Minneapolis theater exhibitors are claiming the film is "offensive to religion and racial segments."

Why we don't understand it. It's the same old "Rose."

Hollywood has seen the handwriting on the wall and has started to renege.

Movies these days just aren't bringing in the money they did during the boom war years. M-G-M has quietly dropped 72 players and writers, cutting the weekly payroll by \$200,000.

ANOTHER "ROAD" COMING
Hope, Lamour and Crosby have hit the road again—this time "The Road to Rio."

Bing plays a crooner. Scat Sweetney, and Hope is a trumpet player. Hot Lips Martin. They stay away on a luxury liner bound for Rio and help Dotie escape from a loveless marriage.

This time Bing gets her in the final reel. The boys take turns winning Dotie in these "Recad" films.

Speaking of Bing, his first technical picture, "The Emperor Waltz," was sneak-previewed the other night. One fan wrote on her preview card: "Where did Bing get those big blue eyes?"

And speaking of Hope, during the coal strike he was watching Bing drive some golf balls for a gag scene in "Variety Girl."

"If you dig an inch deeper," observed Bob, "John L. Lewis won't like it."

Betty Grable has tired of hearing the news that this, that or the other musical is positively her last song-and-dance effort, and that from now on she'll take only straight dramatic roles.

"For my money," she says, "the musical makes more profit, happier than any other sort of film. I like musicals. I think I do them well. Why should I change?"

Clara Bow, queen of the flapper era in Hollywood, will be seen on the screen again in "Variety Girl." It's for a movie within a movie, in which Paramount dusted off a scene from "Wings."

Clara retired from the screen 15 years ago and is now living quietly on a Nevada ranch with her husband, former Cowboy Star Rex Bell.

There has been a cycle of unseen doubles in Hollywood. But Movie Stunt Pilot Paul Mantz tops them all in "Blaze of Noon."

Sterling Hayden, Johnny Sands and Bill Bixby are all play airman pilots—and Mantz does the flying for each of them.

Director Eddie Buzzell was introduced to a visitor from Russia who said: "I've come here to find out what makes Hollywood tick."

Replied Buzzell: "When you find out, let me know."

So They Say

The history of American politics shows that the party that loses in the off-year elections, Congress in the next presidential election, but we very rarely have voted out of power if the country is prosperous at the time of the general election.—James A. Farley.

An International Court of Justice has been set up. But men do not believe in justice enough to entrust the court with settlement of questions arising out of the war.—Dr. Henry Noble McCracken, president emeritus Vassar College.

The decent existence of each of us on earth almost certainly rests upon how well the American who learns his lesson succeeds in his teaching it.—Philip E. Kennedy, Oak Ridge, Tenn., high school teacher.

The Navy lives today by science.—Adm. John E. Gingrich, director Naval Reserve.

by Peter Edson

lrol—kept producers constantly up in the air.

MORE STRIKES MEAN RUIN
It has not been found that inventories are too high for present levels of business. Building of inventories has, however, taken too large a share of current production. Someday this will stop. When pipelines are filled, the production will have to be cut back to then-current levels of consumption. That is when there will be danger of reduced orders and reduced employment.

Another factor in today's troubled situation is the unbalanced price situation. Some prices are way out of line. Industrial prices as a whole have not risen as much as consumers' prices. Metals and raw materials are not much above wartime levels. But building materials, farm products and food are way out of line, for reasons mentioned above and everyone knows. It is so true to say there must be more production to get prices down—six months or a year of interrupted production. More strikes at this time would be ruinous. They would only delay production that much more and further delay necessary price adjustment.

There can be no denying that lower income groups are particularly hard hit by today's high prices for food, clothing and shelter. Their relief can come through higher wages. But producers will understandably pass on any such increase in higher prices. And the higher prices go, the greater the readjustment will be later. It is in this readjustment "downward" that the boom turns into a bust.

MACKENZIE'S Column

By GLENN BARR
Foreign Affairs Analyst
(Subbing for MacKenzie)

Gradually the Netherlands, a community of some 9,000,000 Europeans, is putting into written form the admission that she no longer possesses the power to hold 70,000,000 Indonesians in colonial subjection.

Article V
4. "ENCRICLEMENT" AND COLLECTIVE SECURITY
We are irritated by the Russian steam-roller. They speak and act as if the "capitalist" hand were at their throat. Anglo-American "bases" are popping up on all sides. To the South, Russia's attempt at expansion are checked.

In Central Europe, the consolidation of her newly won position meets with increasing resentment of the populace, and outside Yugoslavia and Albania are partially stiffening resistance by the Allies, who also start to organize Western Germany and to encourage substantial anti-Russian tendencies. It is all Russia's own work plus East, for consolation for her narrowing isolation. The more violently she tries to match the "encriclement" by expansion, the more the civilized world plus East, for consolation for her narrowing isolation.

The Netherlands East Indies formed one of the most glittering prizes for which the aggressors of World War Two reached out. But for their wealth of oil, rubber, tin and other basic commodities the whole course of the Pacific war might have been different. Japan's warlords were of two minds, torn between a desire to grab the Indies and build an economically self-sufficient and impregnable empire and the urge to settle accounts with Soviet Russia while Hitler was driving on Moscow. Had the latter motive prevailed it might have been Vladivostok instead of Pearl Harbor, the United States might never have entered the war, the whole course of the conflict might have followed channels that challenge the imagination.

But the Japanese struck southward and so the fate of Holland's eastern empire, already put in the balance by Hitler's victories of 1940, was sealed. The colonial rule of the 99,000,000 over the 70,000,000 was ended.

A week ago today the lower house of the Netherlands parliament gave overwhelming approval to the draft agreement initialed Nov. 15 on the future status of the Indies. Christmas Day saw the establishment of the new government of the "Great East," a group of rich islands destined to form the second unit of the federal "United States of Indonesia."

The basic draft agreement still has to be accepted by the Indonesians and after that there are months of negotiations before all details of the complex setup are accepted. But the main outlines have been drawn in these bold, broad strokes.

By Jan. 1, 1949, there is to be established with Holland's blessing the "sovereign, democratic state" of the United States of Indonesia, to be linked in "perpetual union" with the Netherlands as equal partners.

PUT YOUR CREDENTIALS ON THAT DESK, FLINT—IF YOU ARE FLINT!

IS THIS YOUR CUSTOMARY PROCEDURE, GREETING CALLERS, W. W. FORTUNE?

I CAME TO TOWN TO FIND THIS GIRL. SHE HAS SOMETHING BELONGING TO ME. I WANT IT BACK.

WHAT'S HER NAME?

TAKE THESE CIGARS, FROM DAVEY TO ME. I'M BECOMING BETCHA THAT BOY DIDN'T HAVE NOTHIN' TO DO WITH PICKIN' THESE OUT!

I'M PLUMS WORRIED ABOUT DA WY SCOTS! MY ECONOMY ARE BEINGIN' IN UP... IS TOWN'S I'RES GETTIN' SOFT, YA!

New Officials To Take Office In Carson Co.

PANHANDLE.—(Special)—Carson county will have three new county commissioners beginning January 1947. County officials will be sworn in about 10 o'clock Wednesday morning, January 1. It is expected that little other business will be transacted at the court house that day.

J. C. Jackson of White Deer, who was county judge from 1935 to 1941, will become commissioner of Precinct No. 4 to succeed H. T. Dickens, who has held the office for several years.

D. L. Slagle will become commissioner of the king or queen of the Netherlands.

Equal partners within the United States are to be (1) the Indonesian Republic, embracing Java, Sumatra and Madura under those outstanding figures of the Indonesian revolt, President Soekarno and Premier Sjahrir; (2) the "Great East," whose new government came into being Christmas Day to administer all the Dutch islands east of Java and Borneo except Dutch New Guinea, and (3) Borneo. The place of Dutch New Guinea remains to be determined.

TEXAS TODAY
By JACK RUTLEDGE
Associated Press Staff
There's an awful lot of Texas in the news:
If you put enough leather end-to-end you can make a belt for Robert Earl Hughes of Baileys, Tex. S. Williams, Fort Worth fireman, read about the 710-pound boy, set down and carved out a belt for him. It was longer than Williams was tall.

In Galveston haircuts went up to \$1. shaves up to 65 cents. In Brownsville, everyone is growing beards, but not because of hikes in the annual pre-Charro days custom. All makes must wear beards during Charro Days, or else.

The Valley Morning Star of Harlingen carried a full page ad trying to sell an orange grove—a California orange grove!

Pfc. Carmel R. Talkington of Dallas said in a recent interview in Erding, Germany, that scenic Switzerland is as good, or better, than Texas. He recently spent his winter there, said Switzerland was picturesque and a seat of winter sports. What he said!

What is believed to be the only Negro flying class in Texas, receiving training at the Mobiliar School, Jones Field, in Bonham. Dale J. Thornhill of Walla Walla, Wash., traveled 3,500 miles to Victoria, Texas, to enroll in the Army. His father-in-law is Master Sgt. H. W. Mabry, in charge of the Victoria recruiting station. Both were majors during the war.

Down in San Benito, a coyote loped the main street, causing pedestrians and motorists to rub their eyes. The animal ended his tour of the city by leaping through a plate glass window of a music store. And in McAllen, a watermelon plucked on Thanksgiving Day by Carl Ward was sent for desert on Christmas.

Governor-elect Beauford Jester and in Governor Coke Stevenson's chair, long enough to be photographed for a picture to be used on the 1947 Texas highway map. And in Dallas, R. E. Smith, a school teacher and square dance specialist, is practicing for the inauguration when he will sing out the square dance.
