Byrnes and Bevin Determined To Avoid Mistakes of Paris

NEW YORK—(AP)—Secretary of State James F. Byrnes and British Foreign Secretary Ernest Bevin today were reported determined to avoid what they consider the mistakes of the Paris Peace Conference when it comes to drafting a peace settlement for Germany. Against the indicated opposition of Soviet Foreign Minister V. M. Molotov both they and Bevin are reported to have agreed to insist on the fullest possible hearing for small nations on the German settlement before the Foreign Ministers Council makes any decision at all.

The issue was scheduled for discussion and possible decision in today's council session (3 p. m. CST) as foreign ministers began their last scheduled meeting here. Also slated for discussion soon was Bevin's proposal to cut European occupation forces by 620,000 men before April 1.

Meanwhile Big-Four subordinates are working out minor disputed points of the peace treaties for Italy, Hungary, Romania, Bulgaria and Finland, but not for a month will these be ready for signing. At their last session this week—Bevin and Molotov are scheduled to sail on the Queen Elizabeth Saturday—the Big Four are supposed to decide when they will hold their next meeting.

If for some reason they can not agree on plans for a session in Europe on Germany, the treaties presumably will be calculated among the 21 nations by aerial courier and signed without any kind of central ceremony.

The key to a decision on a meeting on Germany lies in conflicting proposals made by Byrnes and Molotov about hearings for the views of small nations—Belgium, the Netherlands, Canada, Australia and the like—as to the fate of Germany.

Byrnes proposed at last Saturday's council meeting a plan for See FOREIGN CHIEFS, Page 6

16 Texans Lose Lives in Various Weekend Mishaps

Sixteen persons lost their lives in Texas weekend accidents. Sixteen deaths resulted from traffic mishaps and three from homicides or suicides. Train collisions, plane crashes, drownings and fires were among other accidents resulting in deaths.

Latest victim was O. R. Workman of Houston, fireman for the Missouri and Pacific Railroad, who was fatally burned yesterday when his passenger train crashed into the rear of a freight train near Refugio. He died last night, several hours after the accident.

Ernest Brown, 35, of Crawford died in a Waco hospital yesterday of injuries received Friday in a quarry near Crawford.

Charles Patterson Lankford, 16, of Abilene, was killed and Harry Dillashaw, Jr. of Houston injured yesterday when Lankford's plane crashed 18 miles west of Houston.

Miss Anita Hernandez, 25, of San Antonio, received fatal wounds when shot in the back with a 25 caliber bullet. Police are holding a 20-year-old youth in connection with the shooting.

Stanley Moon, 15, of San Antonio was killed Saturday when his motorcycle overturned 11 miles north of there.

The body of Mrs. Georgia Erma Fryer, 23, of Corsicana, was found Saturday in a Dallas tourist cabin. The body was partly burned and the cause was on fire. A verdict of death caused by fire was returned by Justice of the Peace W. E. Eichsbury.

Two boys, Joe Harold Barnett, 8, and his brother, Kenneth Wayne Barnett, 5, were killed Saturday since maintenance crews had served a strike notice under the Smith-Connelly Act, which will be up Thursday. It was not immediately known if the company would re-open with another possible strike facing it four days later. Saturday night the company announced, however, that work would be resumed.

O. C. Dregors, chief steward for the Boilermakers Union at the Dow plant, said he thought the dispute will be settled without undue delay, and that he did not believe another strike will be necessary.

"You can always settle a matter of this kind better when the parties are together," he said.

Model Airplane Sales Reach Record Level
WASHINGTON—(AP)—The model airplane, a tiny thing in itself, has built up a big and nationwide industry.

A commerce department report said today that wholesale sales of model plane parts and motors last year totaled \$35,000,000. This year year-to-date sales are \$35,000,000.

Egypt Submits Proposal on Arms Slashing

LAKE SUCCESS, N. Y.—(AP)—Egypt today submitted a proposal in the United Nations arms reduction debate calling for member governments to commence a balance withdrawal of all troops stationed outside home territory and to institute a general demobilization of forces.

The proposal, offered as an amendment to a United States resolution, also called for immediate withdrawal of all forces stationed on alien soil without the "free consent" of the government concerned.

The new proposal was a revised version of an earlier draft, bitterly attacked by the United States and Great Britain, which called for such a resolution could mean the United States would have to pull out of its Panama Canal fortifications.

Injection of the amendment came after a political subcommittee adopted an unamended paragraph of the United States arms slashing resolution calling upon all governments to render every possible assistance to the Security Council and the atomic energy commission in order to promote the establishment of a world government.

Full Time Claim Service Offered By Local Office

A full time claim service is now offered under the new set up at the local Texas Unemployment Compensation and Texas State Employment Office, L. F. Fort, manager, announced this morning. This consists of the taking of both civilian unemployment claims and veterans' claims for self-employment and unemployment.

Mack Hiatt, in charge of benefits, and James D. Roberson, who will work in conjunction with Hiatt, have both been transferred here from the Lubbock office. Their work will be chiefly concerned with compensation claims, according to Fort.

"Henceforth this work has been handled by the Unemployment Commission office located in Amarillo," Fort explained. "On Nov. 16, the former United States Employment Service functions were turned back to each individual state by means of congressional action. This combination of the services places Pampa on a full time claim service basis."

Under the new plan residents of both Shamrock and McLean will file their claims through the Pampa office. Claims men will continue making claims at both McLean and Shamrock on a bi-weekly basis. Hours for making claims will be 9 to 12 a. m. at McLean and 1 to 5 p. m. at Shamrock. If necessary, the claims men will remain overnight in Shamrock and finish taking claims the following morning. Next claims day is Thursday, Dec. 12.

Too-Good-To-Last Weather Continues

(By The Associated Press) Too-good-to-last December weather stretched on in Texas today. A warm blanket covered the Central section, bringing light, scattered showers from the Fort Worth-Dallas area south to the Gulf Coast.

Clouds cleared in the northwest, bringing cooler temperatures. Amarillo reported the state's lowest last night, 35 degrees.

The U. S. Weather Bureau in Dallas said low temperatures were generally in the 40's and 50's in the west last night, and in the 60's in the east, Central and Gulf Coast areas.

Both Sides Will Present Argument

WASHINGTON—(AP)—The supreme court today agreed to give a quick ruling on the validity of the contempt conviction of John L. Lewis and his United Mine Workers, in the soft coal strike.

The high court set Tuesday, January 14, for hearings arguments by counsel for both sides. A decision could come any Monday after arguments are completed.

The high court acted on a government plea that—because of the public interest involved—the case be taken out of the hands of the U. S. Court of Appeals here and speeded to a final, "authoritative" decision.

Coal Production Resumes as Men Return to Mines

PITTSBURGH—(AP)—The soft coal miners trooped back to their jobs today and resumed production of desperately needed fuel, ending a 17-day work stoppage that crippled the nation's economy.

Spear-heading the back-to-work movement by the 400,000 United Mine Workers were the diggers in Pennsylvania and West Virginia, which have about one-half of the soft coal mines. Early reports from these fields showed miners generally obeyed John L. Lewis' order to return to work, although full production may not be reached before Tuesday or Wednesday.

In the coal-rich Pittsburgh area only a couple large mines were reported idle and unionists explained work would be resumed at these as soon as the official work notice had been received from the union.

Among the mines re-opening were captive pits of such steel corporations as U. S. Steel, Jones & Laughlin and Republic Steel.

Fuel was sorely needed by industry and to warm homes and schools across the country.

The back-to-work movement, which came after nearly 300,000 other workers had been idled and complete economic paralysis was threatened, started yesterday at three small Ohio pits.

Clean-up crews and shifts of "catwalk" cutters worked through the night at many mines to ready them for the 6 a. m. shift today—the first operations in 18 days.

President John P. Busarello of UMW District 5, embracing Pittsburgh, said 92 percent of his 25,000 miners voted to return.

"They're plenty sore over the raw deal we got from the government," Busarello said, "but they are going back because Lewis requested them to go back."

William Hynes, UMW chief in the Uniontown, Pa., coal fields, said all pits there are expected back in operation within two days, "because the union and miners still are squarely behind Lewis and always will be."

West Virginia's vast coal industry was not expected to reach full production until mid-week because maintenance work had been discontinued in some sections during the long shutdown.

The miners generally were calm and quiet as they prepared to go back to work. But many echoed the words of one Liberty, Pa., digger who moaned: "I hate to go back with nothing to show but three weeks' lost pay. And we'll probably have to do it all over again next April."

The first mines to resume operation yesterday were at Powhatan Point, Bellaire and Nefs, Ohio. Miners there formed an advance guard of the 18,000 Ohio miners who voted to end the stoppage that began Nov. 20 when Lewis declared the government contract void.

Adolph Pacifico, president of UMW District 6 in Ohio, said the bulk of his men would return, adding: "However, there are some miners who deeply resented the government's action in the present controversy and may remain out."

Investigations Ordered Into Hotel Blaze

ATLANTA—(AP)—The Wincoff hotel fire death toll stood at 129 today as multiple investigations were ordered into Saturday's disaster which was the nation's most costly hotel conflagration.

Three names were added to the death toll: Mr. George D. Burch, 26, of Chattanooga, died of injuries suffered when he fell 10 floors to a canvas canopy when an improvised rope of bed linen broke. Her husband, to whom she was married last week, had descended three floors to reach fire ladders.

Two other names which had escaped the Red Cross were recorded. They were Charles (Bill) Berry of Cedartown, Ga., Southern Railway chess champion, and Julia Hall of Albany, Ga., a delegate to a youth congress.

City, County and Nations probes were ordered. They coincided with demands for more stringent safeguards against such tragedies.

Solicitor General E. E. Andrews arranged conferences with the City Fire Marshal, Fire Commissioner, Fire Inspectors and Grand Jury Foreman Henry Chandler. He said a Fulton County (Atlanta) Grand Jury would start Saturday pre-trial proceedings to determine if there had been any criminal negligence. The jury will meet tomorrow.

Mavor William B. Hartsfield called an afternoon meeting of the City Council's Fire Committee to question officials about the nation's most deadly hotel fire. The National Fire Prevention Association and the National Conference of Builders Officials also planned investigations.

The City's Grand Jurors were asked by Mayor Hartsfield for a report on the burns and gas poisoning among the casualties in an effort to determine the fire's origin. The speed with which the blaze spread also has baffled officials, although one said open stairwells were a major contributing factor.

The executive committee of the National Society of Professional Engineers and Mayor Hartsfield called for better regulations designed to See HOTEL FIRE, Page 6

Most of Deaths Were Due to Asphyxiation

ATLANTA—(AP)—Fire Chief C. C. Stovon said today that most of the 120 deaths in the Wincoff Hotel fire resulted from asphyxiation because smoke and fumes had no way to escape from the building.

Stovon said carbon monoxide gas pressure in the corridors and rooms prevented to some extent the spread of flames but took a terrific toll of life by smothering guests in their rooms.

The fire chief said safety vents in the elevator shaft, the staircase and from the walls would have allowed the gas to escape. However, he added, the open passageways would have to be fireproof to prevent the spread of flames.

He said fire and gas would have spread if there had been any travel horizontally through the halls and spread to other parts of the burning building. This, he said, is what occurred in the Wincoff.

Stovon said 17 firemen were injured and some of them from flames as they attempted to fight their way through the smoke-filled passageways.

Stevenson Comments On Texas Fire Laws

AUSTIN—(AP)—Commenting on Atlanta's disastrous Wincoff Hotel fire of last Saturday morning, Gov. Coke Stevenson today said Texas has a strong fire code which would at least give people a chance to escape from fire.

He noted that the Georgia hotel did not have fire escapes, and said the Texas fire code requires fire escapes for all buildings where persons sleep above the ground floor.

"When you sift all the laws passed in Texas, you find Texas is just about the most progressive state in the nation," Stevenson said.

Violations Call For Review of Mail Regulations

Several violations of the laws governing the mailing of certain types of material were discovered in recent weeks, particularly since the start of the Christmas mailing period, Postmaster W. 2 Weathered announced this morning.

Weathered submitted the following list of mailing violations as occurring most frequently and warned offenders that if apprehended they would be dealt with severely: (1) Instructive beverages, (2) Inflammable matter such as matches, lighter fluid, and other articles likely to cause fire through the absorption of moisture or through friction or spontaneous chemical changes, (3) Ammunition and other explosives, (4) Firearms, such as revolvers, which are capable of being concealed on the person, (5) Obscene matter, (6) Poisons, (7) Narcotics, (8) Extortion letters, (9) Lottery and fraudulent matter.

The careful packing of all liquids before mailing was also stressed by Weathered. He pointed out that a considerable amount of property damage each year can be attributed to the improper mailing of liquids.

For example, Weathered said that recently they received a bag of mail which contained a large jar of honey among its contents. Somewhere enroute the jar had been broken and the honey had saturated practically all the other packages in the bag.

With proper packing rules observed these occurrences could be eliminated, Weathered said.

Commission to Set Election Date

A date for the election to name an entirely new commission is due to be set at the commission's meeting tomorrow morning at 9:30. City Manager Garland Franks said today.

The commission, under the provisions of the amendments voted in the City Charter election last week, must set the date this week.

Mavor Farris C. Oden said this morning that the commission did not discuss the matter last week and he would prefer not to make any advance statement on behalf of the commission.

A possible bonus for city employees is also due to be discussed tomorrow. Commissioner Harold Wright placed the bonus proposal on the agenda at the close of last week's meeting.

The bonus will probably be discussed on a basis of the annual salary for each employee, which would be over one-hundred of the city's employees were recently given a raise.

Nuernberg Prison Commandant Removed

FRANKFURT, Germany—(AP)—The U. S. Army announced yesterday that Col. Burton C. Andrus had been removed as commandant of the Nuernberg prison and that it had revised security measures at the famous jail preparatory to the opening of new war crimes trials.

Andrus was commandant of the prison during the trial of the 21 top Nazi leaders and at the time Hermann Goering cheated the gallows by his eleventh hour suicide.

Cotton Production Estimate for '46 Below Last Year

WASHINGTON—(AP)—The Agriculture Department today reported the indicated production of cotton this year at 8,482,000 bales of 500 pounds gross weight.

This estimate compares with 8,487,000 forecast a month ago, with 9,015,000 produced last year and with 12,563,000 for the ten-year (1935-44) average.

The amount of cotton from this year's crop ginned to Dec. 1 was placed at 7,365,914 running bales by the Census Bureau in an accompanying report. Ginning to the same date last year were 7,322,667 bales.

The department said the acreage to be harvested this year would be about 17,639,000 acres, compared with 17,059,000 last year and 24,800,000 for the ten-year average.

The percentage of the planted acreage abandoned was reported at 3 percent.

The indicated per acre yield of lint cotton was reported at 230.7 pounds compared with 253.6 pounds last year and 243.8 pounds for the ten-year average.

The production of cotton seed was reported at 3,452,000 tons compared with 3,664,000 last year and 5,240,000 for the ten-year average.

The harvested acreage, the yield per acre, and production, respectively, by states included: Texas, 6,100,000, 130, and 1,650,000; New Mexico, 119,000, 584, and 145,000.

Ginning to Dec. 1 this year and last, respectively, in running bales included: Texas, 1,495,126 and 1,625,290.

Giants Capture Eastern Crown

NEW YORK—(AP)—Stout Steve Owen of the New York Giants has another eastern division pennant nailed to the Polo Grounds flagpole and now can concentrate on the National Football League title game Sunday with the Chicago Bears.

The Stout master of defensive tactics came up with his fourth shutout of the season in blanketing the challenging Washington Redskins, 31-0, putting on an offensive show at the same time.

Frank Filchock, who understated Sammy Baugh until owner George Preston Marshall of the Skins unloaded him to New York after the 1945 season, helped humble his old mates.

Throwing two touchdown passes and setting up another with a 34-yard pitch that put the ball on the Washington half-yard mark, Filchock had himself a day while the ailing Baugh played only half the game.

Amarillo, Houston Win Bowling Honors

FORT WORTH—(AP)—Amarillo and Houston divided top honors in the first annual F. B. Bowling Association state tournament here yesterday with the Panhandle title capturing the singles, title and Houston the doubles event.

John Weeks of Amarillo edged J. Keichler of Waco by one pin, 629 to 668 to win the singles competition.

J. W. Shacklett and S. E. Fitzgerald of Houston tied a total 1,239 to beat out another Houston club of Sunny Harlock and Hugh Eckert, who finished with 1,234.

Good Support From Linemen Aids Scorers

By MAX B. SKELTON AP Staff Writer

Favorites will not be too obvious this week in the quarter-final round of the Texas Schoolboy Football chase but the opposite will be true when it comes to backfield stars.

Each of the eight teams surviving bi-district play, while receiving excellent line support on both offense and defense, produced at least one back that figured in practically every scoring drive.

Among them were:

Byron Townsend, Odessa fullback who scored two touchdowns and set up another in leading the Broncos to a 27-0 victory over Ysleta.

James Mott, 165-pound fullback who sparked five touchdown drives during Luikin's 33-7 tie of Tyler.

Highland Park's Rusty Russell, 170-pounder, scored two touchdowns and set up another in leading the Broncos to a 27-0 victory over Ysleta.

Thomas Jefferson's Pat Knight, 185-pound fullback who scored two of his team's three touchdowns for a 27-0 victory over Ysleta.

Euboy Woods of Wichita Falls, a pie driving Coyote back who traveled 70-yards on a take reverse for the winning score in the 13-7 upset of Amarillo.

John Champion, 165-pound halfback for Lamar of Houston, lost three touchdowns passes and ran for another score as the Redskins defeated Pasadena, 26-6.

Buzz Dozier who scored two touchdowns to lead the Minors in a 21-0 shutout over Mineral Wells.

And another passer, Yale Lary of North Side of Fort Worth, who tossed touchdown passes good for 45 and 64 yards in sparking the Steers for a 21-9 win over Admison of Dallas.

The going will be tougher for such backs this week, however, if bi-district competition defense records are any indication.

Of last week's eight games, defeated teams scored a combined total of only 30 points and in no case did a loser score more than one touchdown. Wichita Falls and Highland Park had the narrowest margins but their games with Amarillo and Admison had been rated as the two near toss-ups on the schedule.

This week Wichita Falls will meet a continued underdog by having to face the Odessa Broncos. The Broncos have been pressed all year and was over Amarillo, 20-13, in mid-season with comparable ease. The Steers scored only when the Broncos' first stringers of the future were in the lineup.

Only the Coyotes' trickery that reduced the play to a punt game, Woods brought Wichita Falls from behind to win.

Owens stadium on the Southern Methodist University campus in Dallas probably will be filled for the first time in many months when the North Side takes on Highland Park. It may be a battle between the passing ability of the Steers and the power drives of the Hurricanes.

The two other games, Waco against Luikin, and Thomas Jefferson against Lamar, also rate as close toss-ups.

Waco may expect a tough struggle from Luikin's Panthers, who have given up only 21 points in eleven games this year.

The San Antonio battle will fine tune the state's four remaining full-season unbroken and untied eleven meeting. Each has a tie in its record, but comparative honors, though slightly in Lamar's favor, give no stone indication of a possible outcome.

Full season quarter-finals are:

Troy	11	0	0	237	4
Odessa	11	0	0	212	5
North Side	11	0	0	212	5
Jefferson	10	0	1	304	4
Lamar	10	0	1	348	3
Waco	9	0	1	237	3
Luikin	9	2	0	287	2
H. Park	9	2	0	275	2
Wich Falls	1	2	2	206	8

Last week's bi-district results:

Wichita Falls 13, Amarillo 7.
Cedosa 27, Ysleta 0.
Highland Park (Dallas) 14, Denton 0.
North Side (Fort Worth) 21, Admison (Dallas) 9.
Waco 21, Mineral Wells 0.
Luikin 33, Tyler 7.
Lamar (Houston) 26, Pasadena 0.
Thomas Jefferson (San Antonio) 21, Edinburg 0.

This week's quarter-finals schedule:

Odessa vs Wichita Falls at Odessa, Saturday afternoon.
North Side (Fort Worth) vs Highland Park (Dallas), Saturday afternoon, Owens Stadium, Southern Methodist University, Dallas.
Waco vs Luikin at Luikin, Friday afternoon.
Lamar (Houston) vs Thomas Jefferson (San Antonio), Saturday afternoon, Alamo Stadium, San Antonio.

Walter Pate, non-playing captain also needs to pit his singles and doubles combinator against one another all this week before he can make up his mind whom to name next Monday or the Cup team he must nominate then.

Melbourne's capricious climate threatens to disrupt the entire program. It was cold and windy yesterday and it rained most of the night, leaving the Koozyong court too sodden for practice, and then came gusty, cutting winds.

Steers on Top As Cage Grind Starts

(By The Associated Press)

A twenty-three game schedule that will carry all seven teams up against strong intersectional opposition should lift the haze that has surrounded Southwest conference basketball potential powers.

The wide-spread schedule will present excellent comparisons of the strength of the respective teams.

Texas, with three wins recorded, leads the field, followed by Arkansas, with two victories, and Rice, who held a narrow escape in its opener against San Houston State.

Texas Christian and Southern Methodist lost both ends of the Texas hills in Dallas against Loyola of Chicago and the University of Oklahoma, and Texas A. and M. was a victim of North Texas State.

Baylor's Bears, the defending champions, continued idle and do not open their schedule until tomorrow night when they entertain the North Texas Eagles.

Jack Gray's Longhorns of Austin hope to continue their winning ways tomorrow night against the Continental Airlines five of Denver, in Austin, prior to heading east for a look at Miami State, Garden and Long Island University.

Southern Methodist, which meets the Denver all-star team in Dallas tonight, and Arkansas this week continue in the Big Six national tournament in Kansas City on Thursday, Friday and Saturday. Each will play at least three games.

After warming up against North Texas Baylor will move to Louisiana to clash with Tulane and Louisiana State. Rice meets Loyola of New Orleans in Houston tonight and then enroute for Chicago and Texas Christian.

Texas Christian entertains Loyola of Chicago tonight and journeys to Denton to meet North Texas on Friday.

On the basis of the first week's play, Texas and Arkansas appear to be the leaders, with Texas Christian and Southern Methodist strong enough to give trouble.

Omaha Gets AAU Meeting in '47

By HAROLD V. RATLIFF

SAN ANTONIO—(AP)—The National AAU, sponsoring its 1947 program around preparations for participation in the coming Olympic games, has chosen centrally-located Omaha for its next convention so very delegate possibly may attend.

Convention Committee Chairman Charles L. Arnsstein, of New York, said Omaha was picked because the AAU wanted to meet where more delegates could gather to work out very plans for the Olympic program in San Diego, Calif., had pleaded with the AAU to meet in that city.

Daniel J. Ferris, secretary-treasurer of the AAU, remarked that the AAU's Olympic program, championship and meets which drew large fields were assigned to western United States. And so, he said, it would be suitable to hold most of the 1946 tournaments in the eastern near the departure places or London and the Olympics, thus saving athletes much travel and expense.

President Willard N. Greim, of Denver, re-elected for a third term, stressed preparation for the Olympics in nearly every talk he made to the convention, urging attendance of AAU representatives at an ornamental meeting where they could best determine the rules under which the games will be conducted so they might bring the AAU in line and thus further America's chances on winning championships.

Bowman Ends First Varsity Year at WT

CANYON—Marvin Bowman, son of Mr. and Mrs. H. B. Nell of LeFlore, has concluded his first year of varsity competition on the grid team of West Texas State College. Bowman is a 5 foot 1 inch, 175-pound end who has shown promise in developing into a star terminal next season for the Buffs.

He is a sophomore student majoring in Government. Bowman earned his Freshman football number in 1942 before entering the Navy.

Baseball Meeting Closes in Peace

(By The Associated Press)

LOS ANGELES—(AP)—As the smoke cleared from hotel lobbies, baseball delegates scattered for the home, well-satisfied today with the results of last week's major-minor powwows.

No executive council, empowered to set vital rules and take quick action in special baseball matters between annual meetings.

All concerned were happy that a new major-minor agreement was adopted after three years of bickering.

The minors seemed convinced they were embarking on a new wave of prosperity under George Trautman, elected successor to Judge W. G. Branham as president of the National Association.

Trade winds blew hot and cold, mostly cold. The general feeling was that the groundwork was laid for future big deals, but actual transactions were few. Outstanding were:

New York Yankees' pitchers Al Gettel and Gene Bearden and outfielder Hal Peck for Cleveland Indians' second sacker Ray Mack and catcher Sherman Lollar.

Sale of Dutch Leonard, veteran Washington hurler, to the Phillies.

The Boston Braves buying back pitcher Red Barrett from the St. Louis Cardinals.

All-time record-holder for most games caught, Al Lopez, being sold out of the National League for the first time in his career, by Pittsburgh to Cleveland for rookie outfielder Gene Woodling.

Panhandle Cagers Open 1947 Season

(Special)

PANHANDLE, (Special)—Panhandle High School opened its basketball season last week, the Panthers losing to Vega, 29-17, while the girls' team was winning from Groom, 24-7.

Vega held a definite height advantage over the locals, who showed definite signs of improvement, considering their lack of practice.

On the boys team are: David Warren, Jr., John Franklin, Ace Towe, Ernie Marvel, Gene Parlow and Bill Cunningham. Cunningham was high-point man for the Panthers with six points.

Members of the girls' team are: Jean and Joan Hinshaw, Ida Beth Broadway, Billy Ray Evans, Burnis Lyles, Olea Dowlen, Joyce Christman, Louise Gaston, Grace Meaker and Betty Williams.

Mrs. Carl J. Wright Is 'First Lady of the Year'

At a tea in the City club rooms yesterday afternoon at four o'clock, Mrs. Carl J. Wright was given the honor of "First Lady of the Year" for Pampa.

This award, an annual event, is given to the outstanding women of the community, selected by a secret committee of Pampa citizens. The award is based on all fields of activities including homemaking, cultural and civic work, and is made through the local chapter of the international organization of the Beta Sigma Phi.

Miss Ruth Stapleton, president, Mrs. Kester June, sponsor, and Mrs. James Massa, director formed the receiving line.

Miss Virginia Vaughan, as mistress of ceremonies, introduced the girls seated from the High School. A Cappel Choir, composed of Margaret Price, Carol Culbertson, Barbara Walters, Hilda Burden, Barbara Carlson and Betty Barrett. They sang "O Holy Night," "Silent Night," and "White Christmas."

Miss Stapleton, then introduced the honor guest, Mrs. Wright and presented her with the scroll as "First Lady of the Year," in recognition of her outstanding ability and service in many fields of activity. She was also given a dozen yellow roses, the Beta Sigma Phi sorority flower.

Mrs. Wright, the former Miss Florence Hawley, was born in Canon City, Colo., and attended the public schools there. She attended High School in Ft. Collins, Colo., where Mr. Wright was also a student. They are both graduates of that school.

She holds a B. Ed. degree from the Colorado State College of Education, Greeley, Colo., and taught for four years in the public schools of that state, at Monte Vista, and Sugar City, before going to Wichita, Kans., where she and Mr. Wright were married. Mr. Wright was employed there at the time.

They later lived in Ohio, where Mrs. Wright again taught school. The couple moved from there to New York, for a few years before coming to Pampa in 1942.

While living in New York Mrs. Wright was president of the State Chapter of the PEO Sorority. This is an international Sorority similar to the Beta Sigma Phi.

Mrs. Wright has served as Secretary for the Pampa Community Concert Association since its beginning in June 1944, and has been in a large measure responsible for its success.

She has been active in the women's work of the First Presbyterian Church and is chairman of the Ladies Auxiliary.

She has given much of her time to Red Cross work, having served as Home Service Chairman and Secretary of the Board of the Red Cross in Pampa.

She is serving her third year as Treasurer of the Pampa Girl Scout Association here and has been very interested in this and other organizations for young people.

An accomplished homemaker, a gracious hostesses and distinguished speaker she has added much to the spiritual, cultural and civic growth of this city during her years here. Mr. Wright is general manager of General Atlas Carbon Co. here.

Mr. Walter Rogers was the guest speaker on the subject "Women."

Miss Mickey Casada furnished background music during the entertainment hours.

Mrs. Wiley Reynolds presided at the guest register, in which about sixty five guests registered.

The decorating scheme featured the Christmas motif, at a table laid with a red cloth and silver and crystal appointments. Candles burned in crystal holders and coffee and tea were poured from silver service.

The Etiquet of Christmas Cards

By EPISE KINARD
NEA Staff Writer

NEW YORK, (NEA)—Besides the rule of etiquette which says that a first-class friend deserves first-class mail, there are other social amenities that apply to the sending of Christmas cards. Now that the time is rolling around again to take pen in hand, let's review the other rules.

1. If he's a business acquaintance, send the card to his office. The exception is that when you know the Missus too, send the card to both at their home address.

2. All married couples to whom you send cards are addressed as Mr. and Mrs. So-and-So, unless the husband has an official, professional or religious title. Where that's the case, his title replaces the Mister.

3. If you and your husband's names are printed or engraved on cards, you sign yourselves conventionally as Mr. and Mrs. Jim Whoosits. But if signatures are ink-written, "Jim and Barbara" or "Jim and Barbara Whoosits" is the rule.

4. The children of a family to whom you send cards also take a listing on the envelope when you mail a card to their ma and pa. The rule is to write children's names right after their mom's in the order of their age, starting off with the eldest. On a formal card, this is the way it should be written: "Mr. and Mrs. Jim Jones, Jim Jr., and Helen." If the cards is informally sent, the address might be "The Joneses, Jim, Barbara, Jim Jr., and Helen."

The first branches of the YMCA in North America were established in Montreal and Boston in 1851.

Campus Set

Neat knitted mittens you've ever slipped your hands into are done in white or black and made a smash-hit by means of big, bold flowers embroidered on in scarlet, greens and browns. The big three-cornered beanie scarf is perfect protection against winds and weather for campus wear, for tobogganing, skating or hiking. The same big roses decorate the head scarf which can also be used as a scarf.

Home-Mixed Syrup Relieves Coughs Quickly

Saves Big Dollars. So Easy! No Cooking.

A real surprise awaits you, in your own kitchen, for the relief of coughs due to colds. You can easily mix a cough syrup that gives you about as much relief as any other.

Make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. Or you can use corn syrup or liquid honey, instead of sugar syrup. No cooking needed—it's no trouble at all. The but 2½ ounces of Pinex (ob-

tained from any druggist) into a pint bottle. Fill up with your syrup, and you have a full pint of wonderful cough medicine. It never spoils, lasts a long time, and children love it. This mixture takes right hold of a cough in a way that means business. It loosens the phlegm, soothes the irritated membranes, and quickly eases soreness and difficult breathing. Pinex is a special compound of proven ingredients, in concentrated form, well known for quick action. Money refunded if it doesn't please you in every way.

Panhandle Study Club Entertained

PANHANDLE, (Special) — The Study and Social Club met Nov. 22 in the home of Mrs. Albert Moore for a kitchen demonstration given by Miss Charlotte Tompkins, home demonstration agent.

REAL ESTATE VALUES

You people that are looking for a downright good buy in a house that has plenty of room, that is well built and would make anybody a good home for the rest of your life, I've got it to sell. It is an extra large house with three big bedrooms. If you had to renounce this house with anything I am going to sell it for you would have to lay out a higher figure than you are now. The price is \$6750, and you know that that would build at the present prices.

I've got a two-bedroom home on the hill that needs selling, and I don't have too much time left on my hands to get the job done. The old boy that owns it wants to see and he doesn't want to fool around too much, as he can't stay here much longer. In fact he has to sell it. Some of you people that really want a good house, would like for you to get in touch with me in the next few days.

Here's your chance to get out in the suburbs of Pampa, where you can raise chickens, and maybe have a cow. I've got a four-room house that is really a good one. It has hardwood floors, all modern with a tub bath, the rooms are extra large, in fact just to drive up to the house and look you wouldn't think there was that much room. It has good double garage, concrete driveway and sidewalks. In fact it is really fixed up nice. It is on a good highway, never gets muddy, the bus comes close by. The lot is 500 ft. long. I will take \$5000 for this set up, and throw in a lot of good lumber.

five-room house than can be moved. He wants to move it and rent it. I have a Colored Gentleman that's got the cash for a good four-room house to sell. He is a good fellow, and he has a good house. In fact it is really fixed up nice. It is on a good highway, never gets muddy, the bus comes close by. The lot is 500 ft. long. I will take \$5000 for this set up, and throw in a lot of good lumber.

Here's something that I wouldn't mind owning myself, if I had the time and money to spend. It is a very improved and that lies close to town, has a good wheat crop on it that would go, and it has some of the best short grass in these parts. Would let half the mineral rights go, and where this land is situated it might make the land mighty cheap in the next few months. I really don't see what he wants to sell it for. It is about the best farm for a small farm, but I like it for sale, and of course, what I like to do best is get this stuff sold.

Anyway, if you want to buy or sell, we appreciate any business that you might throw our way. We've got a lot of listing on nearly everything.

NOTICE OF SALE OF REAL ESTATE UNDER EXECUTION

Whereas, by virtue of an execution issued out of the District Court of Donley County, Texas, on a judgment rendered in said court on the 21st day of March, A. D. 1931, in favor of Wm. Cameron and Company, Inc., plaintiff, and against R. M. Wilson, defendant, in the case of Wm. Cameron and Company, Inc., vs. R. M. Wilson, No. 125, on the docket of said court, I did on the 25th day of October, A. D. 1936, at 2:00 o'clock p. m., being the first Tuesday of said month, between the hours of 9 a. m. and 5 p. m., and 4:00 o'clock p. m., on said day, at the court house door of said county, I will offer for sale and sell at public auction, the land most generally known as the Roy Wilson land, and on the 7th day of January, A. D. 1937, being the first Tuesday of said month, between the hours of 9 a. m. and 5 p. m., and 4:00 o'clock p. m., on said day, at the court house door of said county, I will offer for sale and sell at public auction, for cash, all the right, title and interest of said R. M. Wilson in and to said property.

Foreign Chiefs

(Continued from Page 1) appointments of the deputies this preliminary work on reports on Germany and hold hearings for small nation spokesmen. By that means, Byrnes said, the great powers would know the views of the small nations before any decision was made on Germany.

Molotov proposed that the European meeting be held in Moscow in late February, but said he would not insist on that place.

Byrnes is known to hope that the European conference will accomplish the bulk of the work on a German peace settlement. He expects British, American, French and Russian troops to remain in Germany many years. He would like to get all troops out of Austria, however, and thereby also obtain removal of Soviet supply forces from Hungary and Romania. Allied forces in Italy and Bulgaria are to be withdrawn in 90 days after peace treaties become effective.

Byrnes stated objective is to cut occupation forces all over Europe to the lowest possible figures. He would slash Russian troops in Germany to 200,000, French to 70,000 and American and British to 140,000 men each.

Gather Ye Rosebuds

THE STORY: Beautiful Rose Cameron has had an "adventure." Having gone downtown to match some thread for Mamma, she collided head-on with a young man when her arms were full of packages. The packages spilled all over and the young man helped to pick them up. It was only polite to speak to him. The young man was both handsome and very, "From now on, it's you and me—together," he said. Rose is convinced that Fate arranged the whole thing and can't wait to tell sister, Sidney, about it. When she gets home, Major Cameron is just taking down the Stars and Bars. The Major, veteran of the Lost Cause, is a man who believes the spirit of the Old South can never die. This Appointment Day of 1910, he wishes her father would make such a spectacle of himself.

ROSE went slowly up the steps. "Hello, Papa, is Sidney home?" "I haven't seen Sidney all the afternoon. Or Hannah. Your brother Beaugard is in the back yard, I believe. With his goat. Your brother Jefferson Davis Cameron—"

"Yes, I know. Jeff's out on your route this week." "His route? The Major yined. Even the mention of it was offensive, that tedious roundabout during one week of each month to crossroad villages in the southern Indiana counties, soliciting orders for Spunky Mule Plug tobacco.

Ten years ago, in a period of aberration never afterward to be adequately explained, the Major had accepted the agency for Spunky Mule and become—well, a drummer. But he'd never been reconciled to it and never would be. The alternative was to believe, during the month's other three weeks, that there was no such thing as Spunky Mule Plug.

This he did even now, swiveling over Rose's reference as a lapse of etiquette which he would courteously disregard. "I let Jeff go," he said gently, "as a little diversion for him."

"Certainly not. But, really—"

"Well?" Sidney lowered the Rubaiyat and peered at her sister. "What's the matter now?" "You—you haven't got a stitch on. No, I haven't. Are you shocked?"

"Texas Today" Associated Press Staff Mrs. E. E. Gunn of Harlingen is 98 years old but she says life is still interesting.

She washes the dishes every day, puts newspapers and listens to the radio. She takes an active interest in today's world, so different from the one she knew almost a century ago.

Born in 1838, she married at the age of 16, raised a family of six children. She said she was busy she had no time to learn to play bridge, or to crochet.

She said girls were so healthy in her younger days they didn't need lipstick and rouge to color their lips and cheeks, but admitted they used a homemade powder prepared in this fashion: They cut corn off the cobs, soaked them in water until the water was cloudy with starch, then strained it and let the residue dry. The "powder" also was used to starch clothes.

Perry Brock of Dallas observed his 102nd birthday by taking his usual long daily walk. He often walks a mile a day.

He is a familiar figure to the scores of persons who trade in the residential district in which he lives with his son, Franklin Brock.

At the other end of the scale we find the young Pampa student who, when asked to write his autobiography for an English class lesson, said in part:

The 5th grade found me in Miss Blank's room once again and was also the start of my first real romance. Her first name is Beverly and her last name is none of your business.

And in between is Billy Bob Griffiths of Commerce, Texas, staff writer for the East Texas.

"I wish something would happen to give us some news," he said. Just 48 hours later a twister hit Griffiths' airport, blowing away two hangars and two planes.

Funeral Service for Webb County Clerk LAREDO, Texas.—(P) Funeral services will be held here Sunday for Jose Ambrosio Rodriguez, 77, county clerk of Webb County for 33 years and whose father and grandfather before him served as public officers.

HERE'S WHY MOST MOTHERS DO THIS When Children Catch Cold

Warming, soothing relief from distress of colds starts in a hurry when you rub on Vicks VapoRub at bedtime. Because VapoRub penetrates to upper bronchial tubes with its special medicinal vapors... and stimulates skin surfaces like a warming poultice. Then it works for hours to bring relief while the child sleeps! Try it tonight!

mean, suppose Beau had come plunging in?" "Beau? He's looking at his goat—and would rather. Not much of a compliment, is it?"

"Suppose, Rose said, "Papa should be just to walk upstairs and open the door and see you?"

"There isn't a chance. Papa is busily enacting the role of the old guard which dies but never surrenders."

"Now, he isn't," Rose sat on the edge of her own bed. "He's in the house... Sidney, I'm afraid people will think Papa is crazy."

"Oh, let them," Sidney said. "Most of the people around here are absolute nincompoops, anyway. Why care what they think, I don't."

SIDNEY was 19, considerably taller and more muscular than Rose, her features less regular, complexion less delicate.

Now she scrambled off the bed and began to dress, snatching up garments at random, pulling on a gauze vest, stepping into ruffled umbrella drawers, pulling on lisle stockings, bending to button her cloth-topped shoes.

"What'll we do tonight?" "Oh, yes. Basil called at Mrs. Kerr's. He's coming to take you riding."

"I won't go. Basil's a nitwit. I didn't anybody else's phone?" "No."

"Are you sure?" "Mrs. Kerr only said Basil. But no, I guess not," Sidney shrugged.

"Well, then, it's an evening with Basil. He's better than nothing; he just gets in under the wire. And I must do something... Who's your date with, Rose?"

"Ed Lenner's coming, and probably Sidney," Rose said listlessly, even the remnants of her enthusiasm fled now. Why had she ever thought she could tell Sidney? Her adventure was much too precious, and Sidney too unpredictable. Sidney, lying naked on the bed, with someone else...

Rose sighed. "I must go down and help Mamma with supper." "Do," Sidney said. "Then Hannah and I will wash the dishes." (To Be Continued)

Coal Strike (Continued from Page 1) "be no hesitation" about getting back to the pits.

In cancelling the strike after indicating time and again that he planned a fight to the finish, Lewis gave these reasons:

1. The Supreme Court, in considering the contempt conviction and possibly whether the miners had a right to void their contract with the government, should be "free from public pressure superinduced by the hysteria and frenzy of an economic crisis."

2. "Public necessity requires the quantitative production of coal during this period."

Lewis beat his unexpected retreat even as President Truman was at work on his radio speech. In a speech which he had planned to deliver last night, Mr. Truman cancelled the talk when he received word the strike was over, but he made no comment.

Swiftly the government stripped away most of the series of emergency orders which had been invoked to save coal. Out went the freight, express and parcel post embargoes in railroad passenger travel, and—except in a few areas nearly out of fuel—the 21-stale dimout. The Capitol dome glistened under floodlights again.

The solid fuels administration is at work while its controls over soft coal shipments, but conditions under which supplies are doled out to essential users have been eased.

Like the rest of the nation, members of Congress are seeking relief over the end of the strike, but some of them made it clear they still intend to press for new labor legislation.

Senator Butler (R-Neb) said Lewis' action "shows good judgment as well as a patriotic spirit," but he added it should not deter Congress from passing new labor laws.

Lewis ordered his men back to the mines under terms of the same contract with the government which he declared void Nov. 15—five days before the start of the strike. He said coal production would continue until March 21, but this does not necessarily mean another strike at that time.

Meanwhile, Lewis added, the union "will be willing to negotiate a new wage agreement for the bituminous industry with such parties as may demonstrate their authority to do so, whether it be an alphabetical agency of the United States government or the Associated Coal operators."

Prior to the strike Lewis turned STATE OF TEXAS, COUNTY OF DALLAS, F. W. Dye, Plaintiff Remo Royalty Company, Defendant No. 4113-B

IN THE DISTRICT COURT OF DALLAS COUNTY FOR THE 44TH JUDICIAL DISTRICT OF TEXAS, WHEREAS, by virtue of an Order of Sale issued out of the District Court of Dallas, Texas, for the 44th Judicial District of Texas, on a judgment rendered in said Court on the 22nd day of October, 1916, in favor of F. W. Dye and against Remo Royalty Company, Number 4113-B, on the Docket of said Court, I did on the 25th day of November, 1946, at 10 o'clock A. M., levy and cause to be sold, by public auction, certain land, to-wit: certain tracts and parcels of land and leasehold interest, located in the County of Gray, State of Texas, and belonging to the said Remo Royalty Company, as follows:

An undivided one-fourth (1/4) interest in and to the following described land, to-wit: certain land and leasehold interest, as evidenced by and on January 21, 1927, executed by and on behalf of the said Remo Royalty Company, Ann Holmes, as Lessee, and Robert R. Osborne and L. C. Carter, as Minors, and shown recorded in Volume 28, Page 545 of the Public Records of Dallas County, Texas, insofar as said lease cov. covers and includes the following described land, to-wit: certain land, in the North one-half (1/2) of the Northeast one-fourth (1/4) of Section 106, Block 3, &GN Railway Company Survey in Gray County, Texas, said lease being known as the Holmes Lease. And on the 7th day of January, 1947, being the first Tuesday of said month, between the hours of 10 o'clock A. M. and four o'clock P. M., on said day at the Courthouse door of said County, I will offer for sale and sell at public auction, for cash, all the right title and interest of the said Remo Royalty Company in and to said property. Dated this 25th day of November, A. D. 1946.

IF BACK ACHE DUE TO KIDNEYS

Flush Them Out This Doctor's Way If excess acidity of your urine makes your back ache so you groan... so you get up 3 or 4 times a night to pass water, now be of good cheer.

Three generations ago a famous doctor noticed that hundreds of his patients had this backache. He developed a medicine made of exactly the right amount of 16 herbs, roots, vegetables, balsams—Nature's own way to relief.

Now millions have used it. The medicine is Dr. Kliner's Swamp-Root. Instantly you take it, it starts to work flushing out those excess acids that may be causing your backache... increasing the flow of urine to help ease that burning sensation when you pass water... and bladder irritation that makes you get up nights. Caution: take as directed. You'll say it's really marvelous.

For free trial supply, send to Dept. W, Kliner & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your druggist.

State Cooperation Believed Best Way

DALLAS.—(P)—The Interstate Oil Compact Commission was to open its quarterly meeting here today. Among the early arrivals was Earl Foster, executive secretary who stated yesterday that cooperation between states can forestall further Federal controls.

"There are many areas of regulation, such as conservation, traffic banking procedures, where uniformity is necessary in all parts of the country," Foster said. "The states can cooperate to get their laws and practices in line with each other and obtain this uniformity or they can let the Federal government prescribe the rules. Cooperation seems to be the better way."

Besides the Egyptian amendment, the subcommittee still had before it the problem of rectifying conflicting Russian and United States views as to whether proposed control commissions over arms cuts and the atomic bomb should operate independent of it and thus outside the veto.

Continuation of the armament debate got under way in the wake of Russia's unexpected refusal earlier today to accept a proposal for a U.N. inventory of armed troops at home.
