TAX-CUTTING BILL PASSES HOUSE

Patterson Declares Loan a Move Toward Peace

100 Military Missions Are Now Favored

WASHINGTON — AP — Secretary of War Patterson asserted today that the administration's \$400,000,000 measure to bulwark Greece and Turkey against communism "is not in the direction of war—but away from it."

His opinion was expressed to the House Foreign Affairs Committee which is conducting hearings on the proposal to send "limited" military missions, as well as money, to the two Mediterranean countries.

Patterson was asked by Rep. Vorys (R-Ohio) what the term "limited" meant in numbers. "Anywhere from 10 to 40," Patterson replied. "That is our present estimate. It is based on the assumption that the British military mission will continue (in Greece) for the time being at least."

Vorys: "And Turkey?" Patterson: "Comparable." Rep. Mundt (R-SD) observed: "It would be very comfortable to the American people if we could spell that out because this legislation is sort of blank check."

Mundt added that he "had in mind" offering an amendment limiting the military missions to 100 in each country. He asked: "Would you have any objection?" Patterson: "No sir."

Mundt's suggestion is one of a growing crop of proposals in Congress to white limitations into the bill. As prepared by the administration, the measure would give President Truman broad general authority to lend or give up to \$400,000,000 to the Turks and Greeks and send American military men and civilian government employees to help those countries.

Senator George (D-Ga) told reporters he will demand that the whole program be directed by an American commission and that the Senate pass on Mr. Truman's choice of the men to head the commission. George is a member of the Senate Foreign Relations Committee, also currently conducting hearings on the measure.

Government Enters 'Phone Strike Stage

WASHINGTON—(AP)—The government, its wartime powers to seize strike-bound industries fast running out, found itself in the role of peacemaker today in the gathering telephone crisis.

A walkout by 287,000 members of the National Federation of Telephone Workers is scheduled for April 7 the day after Easter—and there are prospects that some radio network programs as well as many telephone services may feel the effect of the strike if it materializes.

Direct management-union negotiations are stalled over the principle of industry-wide bargaining. The independent NFTW wants to negotiate its ten contract demands, including a \$12 weekly pay increase, on a nationwide basis.

The American Telephone and Telegraph Company, nerve center of the sprawling Bell Telephone System, insists that it will bargain only through its various operating companies, with local conditions taken into account.

Assistant Secretary of Labor John W. Gibson conferred with A. T. & T. officials in New York yesterday. He was expected to meet here today with President Joseph A. Beirne and other NFTW leaders. Gibson was able to effect a last-minute settlement of a similar dispute a year ago.

But at that time, the government had recourse to two laws that would have permitted seizure of the entire telephone industry. One was the Smith-Connally War Labor Disputes Act which went out the window so far as seizure is concerned when President Truman declared an end to hostilities last December 31.

The other was the Second War Powers Act which expires at midnight Monday, March 31. While Mr. Truman has asked that some of his authority under the act be extended, he did not seek to keep the seizure power.

Congress is, however, pondering whether to outlaw industry-wide collective bargaining, although there is no prospect of a decision on that issue before the April 7 telephone strike deadline.

Annual Kite Flying Contest Postponed

J. Aaron Meek, principal of Sam Houston elementary school, is a firm believer in the idiosyncrasies of Texas weather.

Three years ago, the school's annual kite flying contest had to be postponed. "The reason?" No wind.

Today, Meek called The News and said this year's contest would also be postponed. "The reason?" Too much wind.

The contest, in which over 200 students of the school are entered, will be held tomorrow afternoon at 1:30 on the school grounds—Weather permitting.

Partial Calendar Store Holidays In Pampa Decided

Pampa business houses will close this year on July 4, Labor Day, Thanksgiving Day, Christmas and New Year, according to a plan made by the Retail Trade Committee of the Chamber of Commerce, yesterday.

November 11, Armistice Day, was still being held for consideration pending national and state action on its observance. Members of the committee discussed participating in a credit school which will be held here in the next few weeks by the University of Texas Extension Service.

Plans are to conduct a credit school for the benefit of local merchants who sell their merchandise on a credit basis.

Hoover Would Fight 'Reds' With Exposure

WASHINGTON—(AP)—FBI Director J. Edgar Hoover's "grave doubts" of the wisdom of outlawing the Communist Party all but ebbed today as a Congressional committee decision on that hot, Red issue.

"I would hate," Hoover said, "to see a group not deserving the category of martyrs made martyrs by some law which might later be declared unconstitutional."

Rep. Nixon (R-Calif.), told reporters later the House Committee on Un-American Activities must "give great deal of weight" to Hoover's ideas. Nixon said legislation to outlaw the Communist Party "won't be approved as it is presently written."

And he implied that no bill to outlaw the party will be approved. The FBI chief testified to the committee late yesterday on bills to wipe out the party.

Eugene Dennis, party secretary, also tried to tell the committee in a statement that the bills are unconstitutional. He didn't get a chance.

In a short, rough and tumble appearance before the committee, Dennis refused to give his right name, was ordered curly from the room, and was handed a subpoena to return April 9.

Dennis tossed the subpoena to the floor. Chairman J. Parnell Thomas (R-NJ), told reporters: "We are going through with his case in no uncertain way. He is technically in contempt now. He refused to answer questions of the committee."

Both Hoover and Robert E. Stripling, chief investigator for the committee, read off half a dozen names which Dennis had used. Stripling told reporters Dennis was born in See HOOVER, Page 3

Changes Seen In Measure for Senate Action

WASHINGTON — AP — The House passed today a republican-backed bill slashing income taxes this year by almost \$4,000,000,000. The legislation now goes to the Senate, where it probably will be revised.

Just before the final vote, the Republicans beat back a Democratic motion to lay aside the bill until Congress has more information on the government expenditures and revenues, as well as possible new foreign commitments.

The tax slash—if the Senate and President Truman approve it—would be retroactive to January 1. It would cut taxes of 25,000,000 lower income persons by 30 percent and give a 20 percent reduction to most others among the 46,000,000 taxpayers.

Withholdings from wages and salaries would drop to lower levels on June 1, and taxpayers would get refunds on any overpayments from January 1 to June 1.

However, Senator Taft (R-Ohio) already has indicated the Senate will revise the measure to make the cut effective July 1, instead of Jan. 1. This would hold the tax reduction to around \$1,900,000,000 this year.

Four amendments the House bill actually would cost the Treasury—reduced revenues and tax refunds—\$3,700,000,000 in the fiscal year beginning July 1.

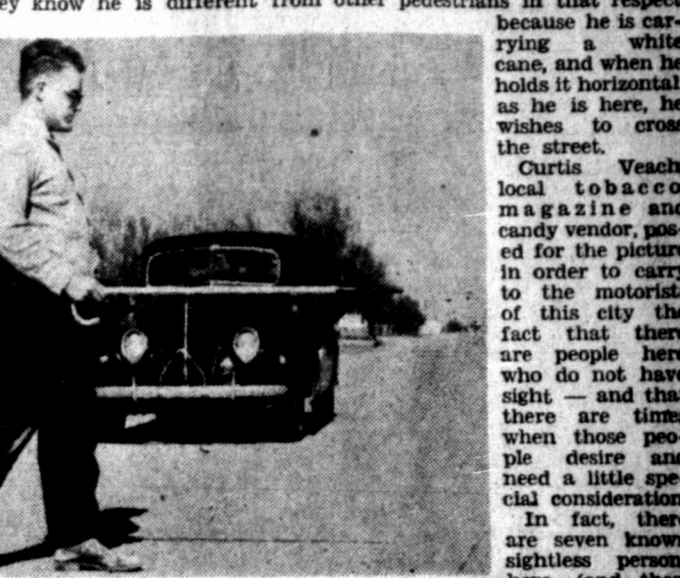

Some Democratic leaders said See TAX-CUTTING, Page 3

Bill to Extend Leases on State Submerged Lands

AUSTIN—(AP)—The Senate today finally passed, 18-6-8, the highly controversial House bill which would allow extension of mineral leases on state submerged lands.

The Man With the White Cane Has a Special Message: It's 'Let Me Pass, Please!'

In the picture shown here, a man is permitted to cross the street while other traffic waits. Although there is no stop sign at this intersection and no traffic light, the motorists recognize there is a special reason for them to wait for the pedestrian—he is blind.

They know he is different from other pedestrians in that respect because he is carrying a white cane, and when he holds it horizontal, as he is here, he wishes to cross the street.

Curtis Veach, local tobacco, magazine and candy vendor, passed for the picture in order to carry to the motorists of this city the fact that there are people here who do not have sight—and that there are times when those people need a little special consideration.

In fact, there are seven known blind persons here, (and there are probably others) and only two of them have a Seeing-Eye dog. Most of them depend upon the white cane and the good graces of their fellow-men to travel, and sometimes they travel many blocks. One man and his wife travel 14 blocks on foot each day. Others, who are not so familiar with the city, travel lesser distances.

Therefore, when one considers the fact that there are about 5,000 automobiles licensed in Pampa and another 2,500 in other parts of the county, part of which travel in Pampa daily, walking can be hazardous for the person with his eyes. It's many a time for these people, and the white cane is our signal to give the right-of-way.

Death Toll in Mine Blast May Reach 111

CENTRALIA, Ill.—(AP)—The twisted and broken bodies of 16 miners were brought to the surface from the Centralia Coal Company's No. 5 mine this morning, increasing to 23 to number of known dead in an explosion Tuesday and leaving 78 still trapped in the pit and given "no chance at all" by a mine rescue squad leader.

A heavy snow fell over the grim setting as rescue squads, after working through the early morning hours, brought the second group of dead miners from 540 feet below the ground. There were only a few persons at the pit as the bodies were placed in ambulances and taken to a temporary morgue in a nearby bus garage. Last night 16 bodies were removed to the garage. Earlier one miner removed from the mine on Tuesday died.

An unidentified rescue worker said that the bodies of the 16 brought from the pit today were twisted and bruised and clothing on some were burned, indicating they had been nearer to the explosion than the 16 miners who were found last night.

As the death toll mounted, with a rescue team predicting it would reach 111, company officials said rescue attempts would be pushed, "we're not going to give up."

The toll of 111 dead predicted by William J. Rowekamp, rescue leader and recording secretary of the Centralia local of the AFL-United Mine Workers whose members worked the mine, would rank the disaster as the greatest in the nation's coal fields since 195 lost their lives in 1928 at Mather, Pa.

Meanwhile there were these other developments: 1. In Washington the U.S. Senate today passed, 81-15-8, the disaster after Senator Brooks (R-Ill) asserted there had been violations of safety codes under federal administration. Soft coal mines generally have been in government possession since last spring. At Centralia Vice President Young of the coal company withheld comment on the Senate investigation until he had been more fully informed.

2. Rowekamp made public a letter the union local had sent to Governor Dwight Green of Illinois a year ago asking the Governor "to please save our lives, to please make the (State) Department of Mines and Minerals enforce the laws at See MINE BLAST, Page 6

Big Battle Over Greek Loan May Be Forthcoming

LAKE SUCCESS, N. Y.—(AP)—The possibility arose today that Warren R. Austin's major American policy might touch off a bitter wrangle on an official level with Russia.

Truman plans to aid Greece and Turkey. An informed source said the set-up for the speech certainly would not preclude a Russian reply, although it might not come immediately. Some observers believed Russia would use this opportunity to launch another attack here against Greece.

Man Drowned in Lake at Pantex

PANHANDLE, (Special) — High winds forced workers to give up their efforts late this morning to find the body of Bruce R. Hughey, 29, Amarillo fireman, who was drowned in Pantex Lake west of here yesterday.

Name Is Left Off Principals' List

The name of Miss Josephine Thomas was inadvertently omitted from a list of ward school principals announced yesterday as having been re-elected to their posts here for the coming school year.

Telephone Wage Rates Disclosed

DALLAS—(AP)—Basic wage rates of the Southwestern Bell Telephone Company were disclosed last night by Clyde Stewart, division manager, as:

Water Wells Are Under Discussion

Called in for consultation with the City Commission, H. H. Heiskell, local water well drilling contractor, this morning advised the Commission that their best sources of water lay more to the southeast and that the city should consider the request for further study on the grounds that the tank can prove hazardous from leakage as well as fire.

Fac-Finders to Convene in Austin

HARLINGEN, Texas.—(AP)—Gov. Beirne today set a fact-finding commission in the Odessa telephone dispute will meet in Austin on Saturday. Lloyd Steinberg, commission chairman, announced.

Junior High Track Meet Set Tomorrow

Principals from Pampa Junior High track team here tomorrow afternoon at 2 o'clock in a dual track meet.

OKLAHOMA — Fair tonight and Friday. Temperatures 30 north to 40 south, warmer Friday.

Feeling Against Communism Still Growing in U. S.

By JAMES MARLOW
 WASHINGTON — (AP) — For 18 months since the war ended the feeling in this country against communism has been building up. It has grown as Russia's influence in Europe and elsewhere spread. Now within the past two weeks the feeling has turned into open action to block communism at home and abroad.

Take a look:

1. Secretary of Labor Schwelb has said the Communist party in this country should be outlawed. Congressmen introduced bills to do that.
2. President Truman has asked money for goods and arms for Greece and Turkey to block the spread of communism in Europe and the Middle-East.
3. Mr. Truman has ordered government employees fired if they are members of the Communist party or organizations sympathetic to the party.

Congress now is up to its neck in the Communist problem. It's considering bills to outlaw the party here and it's working on the aid to Greece and Turkey. It is the most intensive government action against communism since the hysterical "Red scare" that broke out in 1920, after World War I.

In that year Attorney General Palmer set out on a flaring anti-Communist crusade. In his book on the 1920's "Only Yesterday," Frederick Lewis Allen says:

"Over 8,000 men were arrested in all, and thrust summarily behind the bars for days or weeks—often without any chance to learn what was the explicit charge against them. . . . Ultimately a considerable proportion of the prisoners were released for want of evidence that they were Communists."

The present moves against communism by Congress and the government are being examined and questioned inside and outside Con-

Greek Loan

(Continued From Page 1)
 talked with Mr. Truman and others on a concerted effort to soothe dis-appointment in some United Nations quarters over the fact that the President acted without prior reference to the world peace-keeping agency.

Austin's statement, described by President Truman in Washington yesterday as a document which would cover the whole Greek-Turkish situation, was expected to require about 25 minutes in delivery, starting shortly after 2 p. m. CST tomorrow. It will then be translated into French. Thereafter, under standard council procedure, other delegates would be free to speak immediately or to reserve comment while awaiting instructions from their home governments.

Hoover

(Continued From Page 1)
 Seattle in 1905 as Francis Eugene Waldron.

Rep. Nixon questioned Hoover about the names.

"Well, he has a number of them," the FBI agent said.

"Evidently he has a good reason," "That is very true, Congressman."

"You have a complete record on him?"

"A very complete record on him, both criminal as well as subversive." Stripling told the committee Dennis used other names in getting fraudulent passports and in Communist activities.

Turning to the broader issue before the committee, Hoover expressed a preference for fighting communism with "exposure."

"The mad march of Red fascism is a cause for concern in America," he said. "But the deceit, the trickery and the lies of the American Communists are catching up with them. . . . They know that today it is a fight to the finish and that their backs will soon be to the wall."

Questions like these are being asked about aiding Greece and Turkey.

Do we stop her? Or, how far do we go in trying to stop the spread of communism?

Number of Crimes in Texas During '46 Jumped 13 Percent Above 1945 Figure

By TEX EASLEY
 WASHINGTON — (AP) — A crime was committed in Texas every eight minutes in 1946.

A report just released by the Federal Bureau of Investigation enumerates 60,145 crimes last year in 33 Texas municipalities with a combined population of 2,945,786. That figure compares with 52,978 crimes recorded in 1945, a 13 percent increase.

Texas was grouped with Arkansas, Louisiana and Oklahoma in the report. The urban population of all four states is 3,743,059. The increase in crime in these four states was 11 percent over 1945. For the nation as a whole the increase was 7.4 percent.

A breakdown of Texas crimes last year shows: 394 murders and non-negligent manslaughters; 124 rape offenses; 1,251 robberies; 2,569 cases of aggravated assault; 14,934 cases of burglary, breaking or entering; 34,701 cases of larceny-theft; and 6,817 auto thefts.

Around the capital: Former Texas Lieut. Gov. Edgar E. Witt of Waco, head of the expiring American-Mexican Claims Commission, has been appointed by President Truman as chief of the new Indian Claims Commission. Confirmation of the appointment has been held up in the Senate because of a proposal by Senator Moore (R-Cia) that Congress repeal its act of last year creating the new Indian Affairs Agency.

Oklahomans had sought to have a Sooner put on the 3-man commission. A prime reason why Witt was selected as commission chief was the fact that Texas has a negligible Indian population—a man from such a state consequently should be free from bias and undue pressure. The other two men nominated as commissioners are from Nebraska and Wyoming.

The Texas Society of Washington has decided to stage an official welcoming breakfast or luncheon for distinguished Texans, such as high-

man if the vacancy in senator's hometown. Notwithstanding custom, however, there is a distinct possibility the administration simply may let an acting postmaster of its own choosing carry on until 1949—after the next elections.

In view of the clash between O'Daniel and Senator Tom Connally on patronage, and the fact that the Republicans control Senate confirmation, there is growing prospect that all federal patronage vacancies in Texas between now and 1949 may be filled only on an "acting" basis.

D. Roland Potter, who resigned recently as secretary Senator O'Daniel, has joined the secretarial staff of Senator Fulbright (D-Ark). Formerly from Texarkana, Potter came here originally with the late Texas Senator Morris Sheppard. He also was secretary to the late Senator Andrew Jackson Houston.

Austrian

(Continued From Page 1)
 where conflicts arise between Austria and one of the powers over taking a specific asset. Austria wanted mediation machinery to provide for a just settlement.

Gruber noted that the major difficulty in regard to compensation by his country for property of Allied nationals destroyed in Austria was not with Russia, but with the British and French.

Notice of Strike Is 'Strictly Routine'

BERGER — (AP) — Joe Berger, business representative of Local 351, International Union of Operating Engineers, AFL, said that the filing of a strike notice by his union at Phillips Petroleum Company, Berger, with the Labor Department did not constitute a strike threat but was purely a routine procedure.

TaxCutting

(Continued From Page 1)
 privately that Mr. Truman is bound to veto the bill if it reaches him in its present form.

Shortly before the House voted Rep. Engel (R-Mich.), told his colleagues that the measure "gives a man who made the biggest profits during the war the biggest tax relief."

Engel, first Republican to speak against it, said the bill might defeat the GOP in next year's election. He said he wanted to give the "low income group a break."

Here's how the bill would work:

1. A 30 percent cut for persons with taxable income (gross income minus personal exemptions and deductions), up to \$1,000. This would mean a 30 percent reduction for a single person earning up to about \$1,650; a married man with gross income up to \$2,200; a married couple with one child to \$2,750; and a married couple with two children, \$3,300.
2. A 20 percent cut for persons with taxable incomes above \$1,396 until income reaches \$302,000. Any income above \$302,000 would get a 10.5 percent tax cut.
3. A "bracket" provision whereby each person with taxable income between \$1,000 and \$1,395 would get graduated cuts ranging from \$7 for the \$1,001 income to \$33 for the \$1,395 income. This is done to prevent a too sharp transition from the 30 to the 20 percent cutting levels.
4. Persons over 65 would get an extra \$500 personal exemption, bringing their exemptions to \$1,000. If they elect to take advantage of this provision, however, they may not apply exemptions in present tax laws for annuities such as those under the Railroad Retirement or Social Security Acts.

Legislation providing for the installation of farm telephones by rural electrification cooperatives has been introduced by Rep. Bob Poage of Waco.

Senatorial patronage squabble: Withdrawal of Herbert E. Arnold's nomination as North Texas Internal Collector and disclosure that Senator W. Lee O'Daniel under normal procedure would make the recommendation for the vacant Fort Worth postmaster have served only to muddy further the matter of federal job appointments in Texas.

O'Daniel hasn't made a single patronage appointment in his six years in the Senate, because he has been a consistent administration foe.

The custom in filling postmaster-ships is to let the senator select the

Foreign

(Continued From Page 1)
 Eichelberger, representing the American Association for United Nations, a suggestion today that the international organization be asked to establish a permanent mission on Greece's frontiers to prevent military encroachment from without.

George said that when the Senate Committee begins closed-door consideration of the measure he will formally advance his proposal for a Senate check-rein on a commission to administer the program.

"I shall insist that the bill provide for direction of the program by a commission of responsible Americans and that the top men on this commission be nominated by the President and confirmed by the Senate," the Georgia Senator told a reporter.

This would give the effect, he said, of giving the Senate the final word on personnel to be put in charge of a program which Florento H. LaGuardia, former head of UNRRA, said yesterday "might involve the United States in the Balkans for a generation."

Laredo Clubs Assail Paring of Personnel

LAREDO — (AP) — Laredo civic organizations have protested the proposed dismissal of twelve inspectors of the Customs Patrol of this district. The dismissals were ordered as an economy move.

In letters to Senators Connally and O'Daniel and Rep. Milton West, the groups pointed out that the Laredo office of the Customs Patrol during the past three years seized narcotics with an estimated domestic value of \$1,000,000.

Kite Flyers Should Steer Clear of Lines

Spring is here and the usual amount of gusty, blustery weather is ahead. To kids of this area that can only mean kite flying.

This morning a plea was made by officials of the Southwestern Public Service Company urging the air-minded kids here to watch their kites and to always fly 'em in an area that is completely clear of power lines.

The most danger, officials say, is when the kids have a kite caught on a wire and then attempt to free it themselves. If this occurs they ask the flyer to call the service office and they will send someone out to help recover the kite.

However, it is to be remembered that recovering kites is not the only danger. Flying kites with a metallic string or with a string that is damp is also hazardous.

Legislature

(Continued from Page 1)
 eral members indicated they wanted more time for study.

An effort by Rep. Joe Kilgore of McAllen to suspend the rule requiring reading of the bill on three separate days before final passage failed to gain the required four-fifths majority. The vote was 98 to 28.

Kilgore is sponsor of the House bill which would supercede that by Harris.

Both Houses adjourned until Monday with 35 members leaving soon after adjournment for a junket to El Paso.

The U. S. Department of Agriculture estimates that since organized farm safety work began in 1913, 310,000 lives have been saved through farm accident prevention.

Use of Portable Iron Lung To Be Demonstrated Saturday

The Gray County Chapter of the National Foundation for Infantile Paralysis has scheduled a public showing of a portable iron lung Saturday afternoon from 2 to 5 at the City Fire Station on West Foster St. It was announced today by C. A. Huff, chairman of the chapter.

This lung, which comes in three sizes to fit any person up to 325 pounds, is being purchased for this county by the local chapter, it was said. It will remain at the fire station, and the firemen will be versed in its use for any emergency.

The local chapter decided to buy the lung from the Mullikin Southwest Company of Dallas, after a demonstration was held here for the benefit of physicians a few weeks ago. They endorsed its feasibility, and recommended to the chapter board that it be purchased. It will cost about \$1,100, completely equipped.

The lung has been on the civilian market but a comparatively short time, as it was used almost exclusively by the Army Air Forces during the war to transport respiratory patients back to the states from the several battle fronts. The lung operates on exactly the same principle as the larger "bed" type lung found in some hospitals, but has the distinct advantage of weighing but 87 pounds, and, therefore, can be readily carried to the scene of an emergency by the Fire Department or Ambulance Service. It can, of course, be put to continuous use in a hospital or clinic, as the occasion demands, and has proved its effectiveness in the treatment of respiratory ailments of practically all types, including polio.

This portable model comes with three different sizes of aluminum shields, fitted to cover the chests of all persons up to 325 pounds. Rubber fittings around the stomach, arms and neck insure an air-tight chamber surrounding the entire chest area, leaving the arms and lower extremities uncovered, thereby permitting the application of therapy treatments whenever necessary. The lung is completely assembled in two leather cases, one containing the chest shields and rubber fittings, and the other, the power unit which operates off both 110 volt house current and 6 volt storage battery, thereby making the lung usable under practically all conditions. In case of power failure, a hand lever attachment can be used.

Though especially effective in the treatment of polio, the local chapter explains that the new iron lung can be used with good results in cases of drownings, suffocation, carbon monoxide poisoning, post-operative pneumonia, shock, etc. It has also proved exceptionally helpful when used on new-born babies where respiratory difficulties are encountered. The many and varied uses to which a lung of this type

John Whiteside, Panhandle, Dies

PANHANDLE—(Special)—John Whiteside, 84, pioneer merchant and jurist of this area, died at the home of his daughter Mrs. Garland Sanford, in Amarillo last night.

Mr. Whiteside had been in failing health for several months and recently suffered an attack of pneumonia, which caused his death. A native of Nashville, Tenn., Mr. Whiteside moved to the Indian Territory (Oklahoma) in 1880 and to Electric City, Hutchinson County, in 1888. He later moved to Plemmons where he operated a mercantile establishment and served as county judge for two terms.

Moving to Panhandle in 1916, Mr. Whiteside operated a furniture store and served terms as Carson County judge. His wife died in 1927. Survivors include two daughters, Mrs. Willie O'Neal of Panhandle and Mrs. Sanford; a son, Leonard of Pritch, Texas; a sister, Mrs. Lucy Cobb Union City, Tenn.; six grandchildren and 10 great-grandchildren. Funeral services will be conducted from the First Methodist Church here tomorrow afternoon at three o'clock with the Rev. R. C. Snodgrass, pastor of the First Christian Church, Amarillo, officiating. Burial will be in the Panhandle Cemetery under the direction of Boxwell Brothers of Amarillo. Pallbearers will be M. G. Weeth, Vern Wisdom, A. A. Callaghan, Joe Rorax, Ray Johnson and Frank Paul.

Rural Mail Carrier Position Now Open

Applications for the position of rural mail carrier for the postoffice at Miami will be received until April 24, the United States Civil Service Commission announced today. Date of the examination for the position will be stated on cards mailed to applicants after the April 24 deadline.

Form 1977 and application blanks, together with full information as to salary, can be obtained from the Miami Postoffice. Applicants could be put convinced the board that the needs of Pampa and surrounding community could best be satisfied by a portable iron lung. Nevertheless, it was the consensus that in order to obtain the maximum results from such a versatile piece of equipment, the community as a whole should be well versed in its use and application. It was with that factor in mind that the free demonstration and presentation ceremonies have been arranged for Saturday.

Dogwood Trails To Open April 3

PALESTINE—(AP)—Texas dogwood trails, sporting a new surfaced road through 700 acres of forested hills sparkling with snow white banks of blossoming dogwood trees, will open here Thursday, April 3, and continue through Sunday, April 13, officials of the Free Flower Pilgrimage announced.

The opening date represented a postponement from a previously announced tentative date of March 30. It had been delayed because of cold weather, according to Eugene Fish, Trails president.

"It is certain now that the dogwood will not be in bloom here until next week," he said. "Easter Sunday should see it as its best."

Meanwhile county road crews continued work on surfacing the road, to eliminate dust that previously have harried the thousands who drive here each year for the Trails. Completion of the new road is assured by opening date.

Total attendance this season is expected to exceed the 80,000 from Texas and every other state in the union who visited last year.

Other receptions will be held at the 100-year-old H. R. Link mansion on Sundays during the Trails, at the historic H. E. Sullivan home, and at the pioneer lodge of Mr. and Mrs. E. T. McCain.

A routing also will be provided to the Pilgrim Church, oldest protestant church in Texas, about 18 miles south of here, and to other

OUT OUR WAY BY J. R. WILLIAMS

points of interest in this East Texas area. No charge is made for any events. Trail maps and other information are given visitors at the Chamber of Commerce.

Grape-stones have been found with mummies in Egyptian tombs not less than 3,000 years old.

Divorce Suits Filed
The following suits in divorce were filed yesterday in the offices of District Clerk Dee Patterson:

Ovies Loven versus Fay Loven, Norma Dowd Eastman versus Mac Eastman.
Building Permits
Santiago F. Herrera was granted permission to move a residential structure yesterday by Building Inspector Dennis Feigenspan.
Permission was also granted to C. W. Kelly to construct a commercial building at 914 Alcock St.

From where I sit... by Joe Marsh

Apple Tree Versus Wheat Field

If you ever visit Jeb Crowell's farm, he'll take you right out on that back porch of his and show you his apple tree.

"There," says Jeb, "is nature's noblest creation—fifty years, and bearin' still the finest cider apples in the county!"

But last fall, when a group of us was there, Lud Denny points across the river to his grain fields and says: "There's an even finer sight! Acres and acres of golden grain you can make dozens of appetizing things with—including wholesome, sparkling beer."

Both of them got so eloquent on the subject, that the rest of us worked up quite a thirst; so Jeb goes to the icebox for beer and cider. And when the refreshments come, Lud chooses cider, and Jeb takes the beer!

From where I sit, that's the answer to most disputes. You can talk all you want, but when it comes to tastes and preferences, there's just no argument.

Texas Today

By Jack Rutledge
Associated Press

The telephone rang at the Corsicana Hospital and Clinic. It was long distance.

Mrs. Derward George was calling from Pensacola, Fla. She wanted to talk to her husband.

She said that their daughter, the former Bobbie Jo George of Corsicana and now the wife of Lt. Joseph Dyer, Jr., had given birth to a daughter at 11:55 p.m.

There was a pause. Then Mr. George broke his news. Another daughter, the former Jane George, now Mrs. Cullen Wood Dumit, had given birth to a son—exactly the same hour on the same day, 11:55 p.m.

It was hardly believable. Mr. George told the Corsicana Sun, the two big events in the George family happening at exactly the same hour, but it did save one long distance telephone call. He had been planning to call Mrs. George in Florida to tell her the Texas news.

Faces were red in Pampa, where men are men, when a lass from Scotland said indignantly:

"I'm going to see a cowboy if I have to go to Hollywood and ask for Gene Autry."

She said she would like to take one home for a pet.

The visitor was Miss Betty McMurry of Edinburgh, Scotland.

OUR BOARDING HOUSE... with... MAJOR HOOPLE

Back in the old country she conceived the idea of finding a pen pal in each of the 48 United States, and did succeed in finding about 20.

She's in the U. S. Now, has a job in Oklahoma City, and is visiting many of her pen pals. She said she liked Texas, is fascinated by neon signs, but still wants a live cowboy.

They tell this one in Texarkana. It's obviously a joke, son.

A priest was attacked by a night prowler one cold night during Lent. He painfully regained consciousness to find his assistant gazing in horror at his white collar.

The man apologized profusely for attacking the priest, saying he didn't recognize his robes when he struck with a blackjack. The Father

was touched, and offered the robber a cigaret.

"No, no, Father," said the man in horror. "You know it's sinful to smoke during Lent."

Rehearing Is Denied In McCulloch Case

AUSTIN—(AP)—The Court of Criminal Appeals yesterday overruled the State's motion for rehearing in the case of Alvin H. Kennedy, McCulloch County, charged with murder in the death of Rice Willey, his brother-in-law.

The Higher Court found no reason for changing a previous opinion in which it reversed and remanded the case for retrial in the Lower Court.

The original reversal was based on the court's opinion that the State prosecution had used inadmissible testimony in proving its case against Kennedy.

Kennedy was sentenced to life imprisonment in the original trial.

THE STATE OF TEXAS, To the Sheriff or any Constable of Gray County (Living):

Patte Louise Gossett, Guardian of the Estate and person of Patte Louise Gossett and Nannie Pearl Gossett, Minors, having filed in our County Court his Final Account of the Administration of the Estate of said Patte Louise Gossett (and Nannie Pearl Gossett, Minors, numbered 1042 on the Probate Docket of Gray County, together with an application to be discharged from said Guardianship.

YOU ARE HEREBY COMMANDED, That by publication of this Writ not less than ten days before the return day hereof, in a newspaper printed in the County of Gray, you give due notice to all persons interested in the Account for Final Settlement of said Estate, to appear and contest the same if they see proper so to do, on Monday, the 7th day of April, 1947, at the Court House of said County and Pampa, Texas, when said Account and Application will be acted upon by said Court.

Given under my hand and seal of said Court, at my office in the Court House of Pampa, Texas, this 26th day of March, A.D., 1947.

CHARLIE THUT, Clerk County Court Gray County, A true copy, I certify.
By RUTH DONNELL, Deputy Clerk, March 27.

Singers Entertain With Oldtime Melody

Masons and Eastern Star members of White Deer were reminded of the mustache-cup era and the days of the bicycle built for two, Tuesday, when a quartet representa-

tive of the local chapter of the Society for the Encouragement and Preservation of Barber Shop Quartet Singing in America, Inc. entertained them at their meeting.

The quartet, comprised of Dr. Calvin Jones, G. R. Scott, A. D. Eastham and C. V. Minniear, presented five selections that would break the heart of any oldtime bar-

ber, encourage even the most cracked voice to be heard and cheer the heart of any good citizen, even today.

They sang, "Coney Island Baby," "After Dark," "Way Down Yonder in De Cornfield," and "I Had a Dream, Dear."

The first coins made of nickel were issued by Switzerland in 1881.

Perk up spring breakfasts with a variety of jams and jellies to serve with toast. Elderberry, pineapple, quince, guava and many other of the more unusual preserves are on the market along with the traditional favorites, such as raspberry and strawberry.

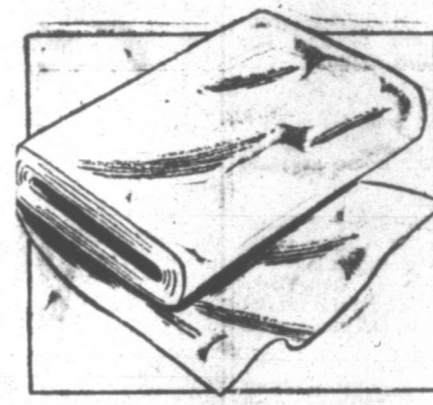

In 1885 the U.S. Congress authorized the coining of three-cent pieces.

Rain, falling straight down, will not fill an exposed receptacle any more quickly than rain falling at an angle.

No Injuries Result From Minor Blazes

Three minor fires Tuesday and yesterday resulted in slight damage according to Fire Chief Ben White.

The first call came in at 2:50 p. Tuesday when flames from a welding torch ignited a pile of old automobile tires, in the Matheny Tire and Salvage Shop, 922 W. Foster St.

Firemen were called at 5:25 p. m. to the rear of 215 N. Warren

St. where children had set fire to an old automobile tire laying in the alley. Neighbors reported the fire before flames from the burning tire ignited the fence.

Early yesterday firemen extinguished a fire in the motor of a freezing unit in the Frank Walker Grocery store, 101 E. Browning St. There were no injuries caused by any of the fires.

Negro Sentenced to Death for Murders

DALLAS—(AP)—Oscar Allen, 44-year-old Negro man found guilty last November of a series of murders of Dallas liquor store operators, was sentenced yesterday by Judge Henry King to death in the electric chair April 29.

Allen was transferred to Huntsville today. Also jailed here was his brother, Charlie Allen, 55, implicated in the same series of killings and under the death sentence. His case has been appealed to the Court of Criminal Appeals at Austin.

LISTEN TONIGHT 6:30 P. M.

"Let's look at the record," is the challenge that dominates the action in the sixth of the series of radio dramas, "Safeguards for America," presented by the Supreme Council of the Knights of Columbus and sponsored locally by Frank Keim Council No. 2767. The program will be heard at 6:30 p. m., tonight over Station KPDK.

The record, as documented facts presented in the broadcast clearly show," according to Grand Knight E. A. Chisholm, "proves that the methods of Communism are alien to American conceptions of morality, diplomacy and progress."

In the development of the theme in this concluding broadcast in the series, several effective methods for checking the spread of Communist influence in the United States are indicated.

"Safeguards for America" has been presented by the Knights of Columbus as a patriotic feature of their observance of their 65th anniversary.

OUT OUR WAY

BY J. R. WILLIAMS

LEFORS NEWS

LEFORS—(Special)—Mrs. Walter Scott and Mrs. W. T. Hill were Pampa shoppers last weekend.

Mrs. Cleve Johnson and Mrs. Myrtle Hilton were in Pampa on business last Friday.

Mrs. Sylvette Barham visited her mother, Mrs. T. Carter at Goodnight over last weekend.

Mrs. W. E. James returned home Sunday from Houston, where she has been visiting her son and family. She is now at the bedside of her husband, W. E. James, who is very ill in the Worley Hospital at Pampa.

Miss Ruby Fulcher of Amarillo visited her parents, Mr. and Mrs. W. D. Fulcher, over the weekend.

Mr. and Mrs. Maynard Johnson of Pampa and Bobby Johnson of Canyon spent the weekend with Mr. and Mrs. Cleve Johnson.

Today's Schedule Of Redeployment

By The Associated Press
The General Richardson, due at New York with 2,497 troops from Bremerhaven, and the General Omar Bundy, due at San Francisco with 1,820 troops from Japan and Korea, are the only troop ships scheduled to arrive today (Thurs.) at U. S. ports.

Yesterday's arrivals were: At New York, the E. B. Alexander with 386 war brides and children, 53 Army dependents and 98 troops, from Bremerhaven and Southampton; and the General Cullen, from Bremerhaven. At San Francisco, the General R. W. Blatchford, with 1,357 troops and eight civilians, from Japan.

DENIES RUMOR

LONDON—(AP)—Rumors that Ernest Bevin might resign as foreign secretary after the current Moscow conference and take over the job of Britain's production chief drew a quick denial today from sources close to Prime Minister Attlee.

MANILA—(AP)—The Philippine Senate tonight ratified by a vote of 18 to 0 the United States-Philippine treaty providing for U. S. military bases in the islands.

Troop Charter Is Presented to Canadian Scouts

CANADIAN—Organized by the Canadian Rotary Club, Troop 71, Boy Scouts of America, was presented its formal charter in a Court of Honor Tuesday night at the Canadian City Hall.

W. B. Weathered, Pampa, president of the Adobe Walls Council, made the presentation and gave a brief address.

Two members of the troop, Stanley Jones and Bill Job, were made Life Scouts and two others, Huston Fry and Hobart McMorde, received Star Scout badges.

Weathered presented the troop charter to E. L. Crowell, institutional representative for the Rotary Club. Weathered also invested as troop committeemen the Rev. Father John Walsh, Scoutmaster; W. L. Job, chairman of the troop committee, and Committee Members Noble Trueblood, J. W. Waterfield, B. M. Bryant and Oliver Hodges.

The program consisted of opening ceremonies by Troops 14 and

16 of Pampa, the pledge to the Flag by Hansel Kennedy, Eagle Scout of Troop 14, the Scout Oath by Monty Allison of Troop 16 and a short talk by Weathered.

Scouts receiving awards in the program were:

Second Class—Buddy Cross, Danny Conlin, Johnny Evans, Donald Hodges, Glen Trueblood and Jimmie Waterfield.

First Class—Ellis Owens, Roger Regan, Bobby Fry and Jamie Reed.

Leaders—Jerry Clark, Johnny Evans, Danny Conlin, Buddy Cross, Robert Hutchinson, Bob Kemp, Raymond Ramirez, Troy Newton, Jackie Matthews, Jimmy Ballless, Floyd Cook, Tommy Mitchell and Charles Cook.

Merit badges were given to Stanley Jones, Bill Job, Sidney Bayless, Bill Karr, Huston Fry, Hobart McMorde and Thomas Coyle.

\$2,000 Is Paid for Orhama Bull in Sale

BATON ROUGE, La.—(AP)—Top price of \$2,000 was paid yesterday by Aleide Dominique of Opelousas for Gaunt Maxno, owned by Harry Frey of Eunice, La., when prize Brahma cattle went on sale at the National Brahma show at Louisiana State University.

Two females that also placed in the top money brackets were Miss Imela, owned by G. A. Parr of Alice, Tex., and Miss Nancy, owned by H. E. Alford of Sunny Hill, La.

Health Inspectors Check Practices Milk Production

The milk that Pampa people are receiving from the Arnett, Okla., area is largely a grade "A" product, according to statements made yesterday by E. J. Howard, Gray County health inspector. Howard and Ray Salmon, city health inspector, recently returned from a trip to the Arnett territory, where they studied sanitation conditions of the milk sheds and barns.

"Nearly 60 producers in the area are now sending a large percentage of their grade "A" milk to the Pampa residents," Howard said, "and there is every indication that more of the dairymen in that locality intend to begin sending even more of their products our way in the near future."

Howard indicated that both he and Salmon were well pleased with milk sanitation conditions throughout the Arnett locality. He said, "Not only are we satisfied with the sanitary technique practiced in the handling of milk in the Arnett area, but we are also glad to report that excellent progress is being made in the erection of new grade "A" dairy barns."

Howard said that he felt certain that Pampa would be receiving a great deal more grade "A" milk in the near future.

Howard and Salmon also attended a meeting in Higgins last night, aimed at promoting a program to produce more grade "A" milk for distribution in Pampa and nearby trade territories.

Extra! College Has Plenty of Facilities

DALLAS—(AP)—A representative of Parragut College and Technical Institute was here yesterday, revealing that the school had accommodations for 1,000 additional students and housing for veterans and their families.

Dr. M. M. Keith, associate chair-

man of the Division of Biological Sciences at the Parragut, Idaho, college said a limited number of two and three bedroom apartments, furnished and unfurnished, as well as furnished rooms and dormitory space was available. He was here to confer with Veterans Administration officials.

The school offers basic courses leading to degrees in agriculture, architecture, arts and sciences, business administration, engineering, forestry and a number of two-year trade courses.

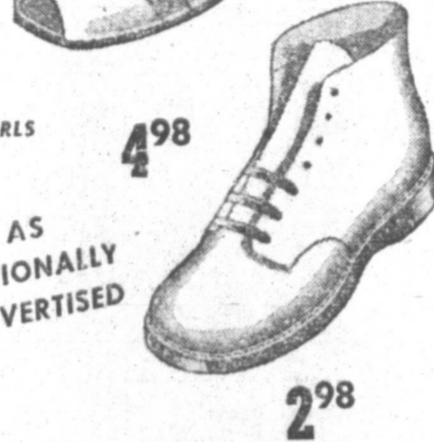

Dacatur, a U. S. naval hero, defeated in 1815 Mediterranean pirates who had long disrupted commerce.
