READY FOR THE BASEBALL SEASON — Each all season opens in Pampa Friday afternoon and the local knothole gang along with all other ball fans in Pampa is ready for the initial game against the Borger Gassers slated to get underway at 4 p.m. in Oiler Park. The four youngsters above may not have the best seating arrangements in the park, but at least there's nothing cheaper. (News Photo)

Like Warns Of Danger Despite Peace Moves

Reds Might Face Charges From UN For Bad Faith . . .

PANMUNJOM, April 23 — UP — The United Nations command indicated Thursday it may formally charge the Communists with cheating on their agreement to return all sick and wounded Allied war prisoners.

UN officials gave high priority today to the careful assembling of all evidence of bad faith by the Reds despite a Communist announcement that more than the 605 men originally listed would be sent home.

A CHILD HE'S NEVER SEEN — Awaiting word from a father she knows only by his picture is little 2½-year-old Vicki Lynn Williams, right, daughter of M-Sgt. Eugene Williams, Communist-held prisoner for more than two years. Shown with Vicki Lynn are her mother and sister, Phyllis Jean, 5. Hope has been revived that the two known prisoners from Pampa will be released as a result of the latest developments in Korea. The other prisoner is SEC James Hart. (News Photo)

Warns NATO On Letdown Of Defenses

PARIS, April 23 — UP — President Dwight D. Eisenhower Thursday warned the NATO Council of Ministers in a message against minimizing "the dangers that confront us."

His message was read at the opening of the 11th session of Council of Ministers.

Authoritative sources had reported earlier that the United States firmly opposes an immediate Big Four meeting with Russia. That in itself had overshadowed the opening of the three-day meeting. But Mr. Eisenhower electrified the assembled ministers by breaking precedent in sending them a personal message.

His action underlined the importance he attached to the need for the West not to waver before the Kremlin's peaceful gestures.

"We deplore the fact that civilized nations are compelled at this stage of human history to devote so large a portion of their energies and resources to the purpose of military defense," the President's message said.

"I have already expressed my hope that it will be possible in the foreseeable future to devote part of these resources and energies to more constructive purposes."

"I know that this can be accomplished if all nations will co-operate sincerely in creating the necessary conditions for lasting peace. But until the conditions for genuine peace have been firmly established, it would be foolhardy for us to delude ourselves about the dangers confronting us."

Mr. Eisenhower forwarded his message to the council which opened its session Thursday in the uncertain atmosphere created by the Soviet "peace offensive."

"Until the conditions for genuine peace have been firmly established," the President's message said, "it would be foolhardy for us to delude ourselves about the dangers confronting us."

His message underscored warnings from other sources that the western Allies must not permit a letdown in their efforts to build adequate defenses against the continuing Soviet threat.

No Freeze Due Cool Front Brings Light Precipitation

A new cool front brought light precipitation to Pampa area today as heavy clouds banked over the Panhandle and local temperatures dropped from the two-day hot spell Tuesday and Wednesday.

Although only a trace of rain fell this morning, it was welcomed by county and area farmers and stockmen who need all the moisture they can get on dry crop and pasture lands.

Weather Bureau forecasters promised the new front moving leisurely across the state today would not bring a repeat of last week's freezing, crop-damaging temperatures.

Temperatures dropped to 52 degrees by mid-morning today after climbing up to 61 degrees Wednesday. Wednesday's low reading was 61 degrees and early this morning was at 56 degrees. The 52 degree reading was made at 10 a.m.

Despite the limited amount of moisture received, farmers and stockmen will benefit from the combined factors of cool weather and precipitation.

It serves as respite from the hot winds, according to Gray County farm agent Ralph Thomas.

"We'll take anything we can get," he said.

He said it will help sustain the parched wheat and grass lands until a sizeable rain comes. The Easter week end rains gave enough moisture for a start and this will help the wheat hold on.

Five Children Lost In Water Tragedy

MILWAUKEE, Wis., April 23 — UP — A frolic on a raft turned into the worst drowning tragedy in Wisconsin history when five children were lost in the waters of a small lake here.

Coast Guardsmen and sheriff's officers were still dragging mud lake early Thursday for the bodies of two young girls.

Four girls were playing on the crude raft and three boys were paddling in a duckboat when the girls slipped or fell off the raft.

Boat Capsized

One of the survivors, Delmar Groves, 14, said the boys turned the duckboat around and tried to come to the assistance of the other children. When the panicky girls tried to board the boat, it capsized and spilled the boys into the water.

The dead children, in addition to Ronald Kolpack, were identified as Delmar's sister, Bernice Groves, 12, Sharon Baker, 11, and two sisters, Charlotte and Rita Pringle, 11 and 10. Gary Kolpack, Ronald's brother, made it to shore with Delmar.

The first body recovered was that of the Groves girl who was found floating in the block-long lake by her father. The second body, a brown-haired blue-eyed girl had not been positively identified, although she was believed to be Bernice.

Highway Job Is Delayed

A temporary breakdown in operations on paving the last stretch of the current U. S. Highway 66 project halted work there this morning.

Employees at the State Highway Department's engineering office here said the contractor called last night and reported a "breakdown" but did not say what it was about. Resident Engineer G. K. Reading left for McLean early this morning to check into the matter, they said.

Apparently the breakdown wasn't too serious nor is it expected to delay work on finishing the concrete pouring, engineering office attaches here said.

Approximately 2.8 miles of the south lane remain to be poured. The north lane, which will eventually carry only west-bound traffic — is complete, but is carrying two-way traffic at present.

In the meantime contractors working on the recently approved additional five miles, west of Alameda, were still stockpiling construction materials before starting to work.

On City Ballot . . . Dial First, Pinson Next

Frank Dial, candidate for city commissioner of Ward 2, will appear first on the ballot in the runoff election to be held May 18.

His opponent, Dale Pinson, will be in the No. 2 position.

The drawing was made unceremoniously this morning in the city manager's office with City Secretary Ed Vicars holding the hat and a Pampa Daily News reporter pulling the names.

Dial and Pinson were forced into a runoff when Dial, high man in the April 7 city election, failed to pull a clear majority of votes over his two opponents, Pinson and A. J. Hindman. Dial polled 234 and Pinson 224. Hindman polled 42.

Only votes cast for Dial or Pinson will be counted. Any voter writing in a name will lose his vote — it will be construed as a mutilated ballot since write-in voters in a runoff election are illegal.

Would-Be Burglar Scared Away From Downtown Building

An early morning burglar in the Pampa Athletic Club was scared away before he could loot the safe of approximately \$1,500.

Chief of Police Jim Conner said W. G. Crowson, operator of the club, had closed for the night and later returned when the thought he had forgotten to lock the safe. As he opened the door of the club he saw a man dressed in khakis and wearing a gray hat standing behind the counter.

Crowson left to call police, but by the time he got the call through and police were able to arrive the would-be burglar was gone.

Police believe he left through a window near the roof of the Citizens Bank and got down to street level from there. An examination of the interior of the club disclosed nothing missing. Crowson took the money he had in the safe and left it at police headquarters for the night.

Officers questioned one suspect, but were unable to bring up anything definite, Conner said.

The chief said he did not know whether Crowson had forgotten to close the safe, and no mention of it was made on the police report.

Hot-Checking Man Sought By Officers

Sheriff Rufe Jordan this morning was still trying to locate an "Army major" whose army connections are just as false as the checks he writes.

His method of operating is just as confusing, Jordan and Deputy Sheriff Buck Haggard said.

The handsome, natty "Major" had not received any money for his checks, written on a San Antonio Bank, but has taken them out only in merchandise.

"He gave Borger a good going over, too, the same day he hit us — April 1 — and in the same manner," Haggard said.

The "Major" checks started coming back yesterday and the day before, and the sheriff's office expects some more to come in today.

When he first hit Pampa, the "major" dressed in a neat Army uniform wrote a check for \$55 to cover one month's rent at the

Neither Thought Wounded . . . Families Awaiting News From Two Pampans In Prison Camps

Relatives are keeping in close touch with news sources today awaiting word from two Pampans known to be among the Communist-held prisoners of war in Korea.

The prisoners are Sgt. James Hart, son of Mr. and Mrs. D.C. Hart, 1012 E. Twiford, and M. Sgt. Eugene Williams, whose wife, Hilda, and two children, Vicki Lynn, 2½, and Phyllis, 5, live at 633 N. Naida.

Repatriation is possible now since the beginning of prisoner exchange on the battlefield.

However, neither of the two families expressed belief the servicemen would be among the early ones exchanged because neither of them was wounded, according to letters received here.

Prisoners being exchanged first, with more dribbling into Freedom Village, Korea, daily, are the sick and wounded.

Mrs. Hart said she has been led to believe from recent letters from her son that he is in good health.

He reports "conditions are better" (See FAMILIES, Page 2)

Sell-Out Expected At Teacher Banquet

Total sellout was announced for the western-theme Gray-Roberts teachers' appreciation banquet slated to kick off promptly at 7:30 p.m. today in the Pampa High School cafeteria.

"It's a strictly for fun affair," Jimmy McCune, Chamber of Commerce goodwill and reception committee chairman, said. The committee sponsors the annual event of the teachers.

There will be no speaker, McCune continued.

Guaranteeing the "fun" end of the program is Rusty Ward, chairman of a foolishness committee, who promises "anything can happen just like in the old west."

A talking mule, Maude, will circulate among the crowd.

And headliner on the entertainment list planned is to be Larry Kelly, young pantomimist from Amarillo who has been called "one of the outstanding artists in his field in the nation."

A western band will be present and the Campfire Cowboy quartet is slated to appear.

Dancing numbers will be by Jan Dyer, and Sheriff Rufe Jordan, "without a posse," will present special vocal numbers.

Mrs. Bill Clements and Mrs. Keith Payne are scheduled to appear in featured Indian numbers.

Total expected to attend number 425, of which 370 will be teachers from the two-county area.

Wide information of whereabouts or where may contact Lola Pear Stone, formerly of Pampa, Texas. Mrs. M. L. Brown, 6033 Fullerton St., Buena Park, California. Adv.

TELLING ALL THE TEACHERS — Maud the Talking Mule, slated to be a stellar attraction at the annual Chamber of Commerce banquet for Gray and Roberts County teachers tonight, double checks on estimated 425 guests expected in the high school cafeteria at 7:30 p.m. Maud gets a helping hand from Clotilde Thompson, chamber secretary. Pampans' Father Hurt In Accident

A Mobeetle motorist, father of a Pampa resident, received head lacerations and chest injuries this morning when his car overturned about 9:30 a.m., 5.3 miles west of Pampa on the Borger highway.

Injured was James William Barton, 58, father of Mrs. Theodore P. Townsend of Pampa.

A witness to the accident, W. R. Cope, said he saw Barton attempt to pass a dump truck loaded with gravel. In passing, Barton's car slipped from the pavement, and as he tried to pull back on the highway, began skidding and finally overturned when it hit a fence. Both Barton and the truck were traveling east.

Another motorist coming into Pampa brought Barton to Worley Hospital for treatment and examination.

His injuries were believed to be minor, according to a local physician.

RACER READY FOR DERBY — Eldon Maxwell, 110 N. West, son of Mr. and Mrs. Lloyd Maxwell, puts the final touch on his derby in preparation for the July 13 running of the Pampa Soap Box Derby. He's ready to go. Eldon said he began building his new racer right after the last race was run. Other boys, 71 of them are already entered in the 1953 event and have racers well under way. Seventy-One Entries Listed In Pampa's Soap Box Derby

Number of entries in the Pampa Soap Box Derby has mounted to 71. Dick Stowers, registration chairman, reported today. Of that total, 70 are from Pampa and one from the surrounding area.

Other local youths, in the 11 through 15 age limit, are expected to push the total well over the 80 contestants in the 1952 derby by running before the entry deadline May 9.

The Pampa Derby, sponsored jointly by The Pampa Daily News, Culberson Chevrolet and Pampa Jaycees, is slated July 12.

Derby committees are now seeking sponsors for the boys. The sponsors pay for the racers, which according to rules are not to exceed a building cost of \$10, exclusive of wheels and axles. However, sponsors will not pay for racers not completed.

Stowers reported boys may now obtain steering wheel assemblies at Culberson Chevrolet. Wheels are not yet available.

Cable for steering and brakes may be had at no charge, he continued.

High Voltage Kills Skellytown Workers

BORGER, Tex., April 23 — UP — A wrench truck carrying oil field pipe backed into a high-voltage line 15 miles east of Borger, electrocuting two men and seriously burning three others.

Both Norman Hathaway, 28-year-old roustabout, were dead on arrival at a Borger hospital Wednesday. Both men lived at Skellytown. Willie Malone, 38; Donald Gourley, 27, and Ellis Cartee, 33, also of Skellytown, a community midway between Borger and Pampa, were seriously injured. Their conditions were not considered critical, however.

Salt Water Found In Quinduno Test On Roberts Outpost

A significant test in the Quinduno Field in Roberts County appeared a failure today after operators recovered salt water on a drillstem test Wednesday.

Gulf Oil Corporation's No. 1 C. H. Clark, an outpost in the Haggard pool, produced salt water in the second of two drillstem tests.

On test taken from 4,127 to 4,134 feet, operators recovered a slight amount of gas and 100 feet of drilling mud. Test tool was open three hours with gas to the surface in 90 minutes. Gas volume was too small to measure.

A second test, was taken from 4,156 to 4,163 feet with test tool open one hour. Operators recovered 75 feet drilling mud and 88 feet salt water.

The No. 1 Clark was the southernmost well drilled in the Haggard area. Location is two miles south and one mile west from the No. 1 Haggard.

It is five miles west of the Shamrock-Maddox and Crested Butte Edges leases where several successful wells have been completed.

Work Launched On City Map

Work was begun today by the city engineering department on the new Pampa map which will list, numerically, every lot in the city and give its location.

Beginning the task of inking in the 10,000 lots was H.B. (Jiggs) Cook, city field engineer.

He indicated it would be completed within the next two weeks and copies placed in the tax and water departments. The original will remain in the engineers' office.

Personnel in the engineering department will aid Cook in carrying out the mapping detail.

Man Held In Attack On Canadian Girl

Gray County authorities today returned for Hemphill County Grand Jury action, a youth charged in Canadian with assault upon a teenage Canadian girl.

The county has been holding for Hemphill County a 27-year-old youth, John Victor Bourdeaux Jr., named in a charge of criminal assault upon the teen-ager April 19.

A bond of \$7,500 was set by Justice of the Peace Harold Reed. Bourdeaux is also believed to have passed two hot checks — one for \$10 and the other for \$8 in a Canadian cafe.

The checks, held now by Hemphill County Attorney Bill Jackson, appear to be signed John Bourdeaux.

Hemphill County prisoners are usually held in Gray County jail because of present inadequate facilities in Hemphill County.

Road Projects Approved Today

Senior Resident State Highway Engineer G. K. Reading early this morning approved for payment the last estimate on the five road raising projects on U.S. Highway 80 and State Highway 152.

Reading, in a letter to District Engineer Guy Lott in Amarillo said he had inspected the grade raising on each of the five points and found them completed according to specifications.

All of the spots were raised two feet above the high water mark made by the 1950 floods. In the meantime, similar grade raising projects were about 30 percent complete on the Clarendon Road — State Highway 70 — south of Pampa. There another five raising projects are underway, but the filling of the depressions across the lakes (now dry) will take quite a bit more work, highway engineers said this morning.

Damage Slight In Car Mishap

Less than \$50 damage was caused at 2:45 p.m. yesterday at N. Cuyler in an automobile accident.

According to police, a car driven by David Cartwright, 18, 212 N. Faulkner, was parked in the left traffic lane, headed south. As an occupant of the car started to open the door another car, also going south, came by in the right traffic lane. The door caught in the chrome of the other car, driven by Mrs. Nettie C. Holtman, 828 Hazel. Damage to the Holtman car was estimated at \$30 and to the Cartwright car at \$5.

Children

Irving Groves, Bernice's grief-stricken father, told his frantic efforts to help the children after he was roused from his nearby trailer camp home.

Second Boat Sinks

"I saw 'something' out on the lake so I waded out to a boat that was near there," he said. "There weren't any cars so I padded with my hands and it was Bernice."

"I picked her up and put her in the boat and put her head in my lap and tried to work her arms across her chest to help her breathe," he sobbed.

Then his own boat sank and he swam to shore with the boy. "When I held her in my arms could see she was dead," he said.

Deimar told how he turned back after almost reaching shore to help Gary Kolpack, who was beginning to weaken.

The highest previous death toll in a single Wisconsin drowning accident occurred two years ago when four persons drowned after their car crashed through a guard rail into the Prairie River near Merrill, Wis.

Home Demonstration Plans Two Dress Revues Next Month

Two dress revues, resulting from activity in the Gray County home demonstration office, are scheduled May 5 and May 25, according to Miss Helen Dunlap, county home demonstration agent.

The first will be staged in LeFors by county 4-H Club girls. Miss Faye Burns, assistant agent, is leader of the 4-H club project.

And women in the local home demonstration clubs are slated to model home-made creations in the second show at 7:30 p.m. in the city clubroom.

All garments have been made by the women and girls as part of the home demonstration work which is concentrating on sewing during the 1953 program.

Children will participate in the second style show modeling garments made for them by their mothers.

Mrs. N. B. Koontz, Worthwhile Home Demonstration Club member, is heading a committee arranging the display. She is exhibit chairman of the Home Demonstration Council.

Other activity in home demonstration work includes individual council visits the next two weeks.

Civil Service Seeks Nurses

The Civil Service Commission is seeking nurses for positions in the Nursing Department of the Clinical Center, National Institutes of Health, Bethesda, Md.

Salaries for the openings range from \$3,410 to \$5,940 a year, however, applicants for positions paying \$4,203 a year and more, must also show either additional education or appropriate experience.

The Clinical Center, a 900-bed research hospital, is one of the largest institutions of its kind in the world. Major research will be conducted in the areas of cancer, cardiovascular diseases, psychiatry, arthritis and metabolic diseases, infectious and tropical diseases, neurology and blindness and dental diseases.

To qualify, applicants must have completed a nursing course in an approved school of nursing and be currently registered as graduate professional nurses in a state or territory or in the District of Columbia.

Applications will be accepted until further notice and must be filed with the Board of Civil Service Examiners, National Institutes of Health, Bethesda. Full information and application forms may be obtained from C. W. Stowell in the postoffice here.

He also spoke of a bridge tournament at Thanksgiving, she said, and said his Christmas was nicer than he expected.

"We have no reason to believe a witch is eg nixfx hbi etae e will be in the first exchange groups," Mrs. Hart said. "But his letters have been encouraging."

Sgt. Williams has been a prisoner the last two and one-half years. He was captured, apparently unharmed, Nov. 30, 1950.

First communication Mrs. Williams had of her husband was Dec. 30, 1951.

Since that time, she said, letters arrived at two to three month intervals, usually two at a time.

In his last letter he seemed "cheerful" she said and made mention of sports in which he was participating when his plane was shot down.

Sgt. Williams has not seen his youngest daughter, Mrs. Williams said.

She expressed some hope that he would be among the early exchangees as he has recurring malaria, contracted in World War II and had had trouble with his stomach.

"However," she said, "My hopes are not high."

Apparently Hart and Williams had some contact — it is not known if they are in the same camp — as Williams has mentioned fast in his letters.

Both families are rejoicing over opening of the peace conferences and particularly over the prisoner exchange.

Among the other known prisoners of war in Korea is Lt. Col. Thomas Harrison, Air Force, whose wife was formerly Doris Johnson of Pampa. His parents, Mrs. D. W. Johnson, now of Chicago, and the late D. W. Johnson, lived in Pampa until about a year ago.

Harrison was wounded in a mission over Korea when his plane was hit by ground fire and may be among the early prisoners repatriated.

Another POW, Sgt. Gerald Neighbors of Hereford, once lived near. He was released this week.

American and Other UN prisoners already have told of "hundreds" of sick and wounded Allied prisoners left behind in Red hospitals and prison camps, and American casualty lists in the last month alone have shown nearly 20 missing and presumed either dead or captured.

The Reds returned another 14 Americans at the Freedom Gate, exchange point Thursday, including some who had survived the bitter fighting for Bunker Hill and Old Baldy less than a month ago. They promised another 40 Americans for Friday, bringing the total to 419 since the exchange began last Monday.

House Boosts High Average Of Experience In Congress

By PETER EDSON
NEA Washington Correspondent

WASHINGTON (NEA) — It is a common practice to speak of a congressman as though he were a particular species of individual. Anyone given an assignment to describe an average congressman, however, would find the job difficult.

The outstanding characteristic of a congressman is his ability to get elected to public office. Time after time. While the Senate is supposed to be the scallop branch of Congress, there are really more old-timers in the lower House of Representatives.

Only two senators in the present 83rd Congress have served more than 25 years. But there are seven congressmen who have been in the House for more than 30 years and 21 more who have spent there between 20 and 30 years. Only 75, or a little over 10 per cent, of the members of the present House are first timers.

A 400 average congressman, therefore, is someone who has been around for from two to 30 years and knows the ropes. Contrary to the political lives of congressmen are not high, despite the fact that they have to run for re-election every two years.

When congressmen write about themselves as they do in the short autobiographical sketches appearing in congressional directory, two things are noticeable.

The first is that congressmen are proud of their war records.

There are some brilliant war records among the congressmen, too. There are four Spanish-American War vets, three who saw service on the Mexican border, 119 in World War I, 119 in World War II and two from Korea—Hall of California and Sieminski of New Jersey.

Being a Vet Doesn't Hurt

Representative Teague of Texas boasts of 11 decorations. Reese of Tennessee and Kean of New Jersey hold the DSC. There are 115 Legion of Merit, 10 Silver Stars, 14 Purple Hearts and at least seven Purple Hearts. Four congressmen were in Office of Strategic Services. Being a vet, then, doesn't hurt anyone who wants to run for Congress.

The second thing that congressmen like to emphasize about their records is how much they are interested in farming, or ranching, or oil development, or whatever happens to be the big business of their constituents. A congressman can talk about his district without end, because it's the most important thing on earth—to him.

When it comes to an occupational classification of the members of the House, 244 of the 435 are found to be lawyers. This is 55 per cent of the total, or almost exactly the same percentage as found in the Senate.

The next largest group is the businessmen. In the present House they number 82, or 18 per cent of the total. This includes merchants, bankers, publishers, real estate and insurance men. This is approximately the same ratio of businessmen as has been logged in recent sessions of the Senate.

PEACE PIECEWORK

British Boy Scout John Jackson made 35 cents out of Russia's new "peace offensive." In London, he offered to clip the Soviet Embassy's hedge for a shilling—14 cents. The smiling Russian secretary agreed and, after John finished the job he shook his hand and gave him half a crown (35 cents).

after just 7 days you'll say...

"WHITE SWAN is the BEST coffee I ever tasted!"

Consider These Thrifty Pork Cuts

To buy most wisely it is important that the homemaker know the retail cuts in her market. Too often she purchases the same few cuts time after time. In the case of pork, this leaves about 70 per cent of the carcass that is in little demand, as shown by the shaded portions of the above chart.

For example, instead of consistently asking for center-cut loin chops, the homemaker might wisely ask for arm and blade steaks. These shoulder

cuts usually retail for several cents per pound less than loin chops, yet have the same fine flavor and nutritive value.

New appeal may be added to the menu by serving a less-demanded cut such as a cushion-style pork shoulder roast. The shoulder is boned, then left flat for stuffing.

Other economical roasts include the sirloin and blade end loin roasts, butt or shank halves of ham and the smoked picnic shoulder.

Maid Of Cotton Returns From Promotional Visit To Europe

WASHINGTON, April 23—UP—The 1953 Maid of Cotton arrived in our town sporting cotton from the hide out—almost.

The blue-eyed beauty blushed a little and said her stockings are made, mostly of nylon.

Said Alice Corr, aged 19, a brownette from Selma, Ala.: "My hose are made from 'fur fural', some nylon stuff that is supposed to be made of partly cotton. So there!"

How about the hat, lady?

A Felt Hat

"Well," pretty Alice said, "that's a felt job. But you know how felt is—cotton comes into it some place."

Alice just returned from Europe where she promoted you know what. She was elected Maid of Cotton in the annual contest conducted among beauties from the 18 cotton-picking states. To prove she's honest as a cotton girl, she showed the nosy press of Washington 55 dresses and such, all cotton, but many a boll weevil showing.

Her appearance here was to kick off a tour to many cities in 28 states, plus four cities in Canada and a few in South America.

All of which is to tell the folks of the world that "king cotton is here to stay."

In Canada she will visit Winni-

Rotary Club Meets Oiler Ball Players

Pampa Rotary was introduced to the almost entirely rebuilt Pampa Oiler Baseball Club yesterday by its new manager Fred (Porky) Pawelek.

The players, representing at least five different states—Pennsylvania (2); New York, California, and Oklahoma—were each called on to stand up as their names were called. Pawelek during the introduction recounted several anecdotes on them. He also predicted the team would wind up in first division, despite what the West Texas-New Mexico sports-writers radio announcers predicted.

Doug Mills, Oiler owner, was unable to attend the meeting because he was out of town, branding cattle.

White House Sidelights... Observers Wonder Whether Ike Will Keep Shangri-La

WASHINGTON, April 23—UP—Backstairs at the White House: Shangri-La is a Maryland mountain retreat established by President Roosevelt during World War II. Ex-President Truman used the place infrequently because he disliked the isolation.

The retreat has, for years, been staffed by sailors off the U. S. S. Williamsburg, the White House yacht now headed for the mothball fleet. This has raised the question in the White House of whether to keep Shangri-La in operation.

The best bet was that the White House would retain a certain amount of title to Shangri-La, reserving it for possible Presidential use in event of an attack on Washington by enemy forces.

Meantime, the President has his eye on a fishing camp in Virginia, much simpler than Shangri-La and more in keeping with his campaign to divorce symbols of luxury from the White House.

It was a cold and windy day earlier this week on the Augusta (Ga.) National Golf Course as the President started to play with Senate Republican Leader Robert A. Taft.

The most forlorn figures on the links were Secret Service agents in overcoats and conventional felt hats, dutifully plodding up the fairway ahead of the President carrying golf bags over their shoulders.

The idea behind the golf bags was two-fold—to blend into the golfing scenery, and also, to haul Tommy guns—with which to protect the chief executive against potential

evil-doers—and snakes.

The President's grandchildren and their mother, pretty Mrs. John E. Eisenhower, probably will be returning any day to their home in Highland Falls, N. Y.

Dwight David Eisenhower II, 8, the older of the three grandchildren had a marvelous time in Augusta, playing ball on the lawn outside the President's cottage with his Secret Service protectors, and watching his famous grandfather try to get off sizzling tee shots.

The expensive air conditioning system put into the White House during the 1949-52 \$8 million renovation was cut on and tested while the President was in Georgia. Worked very well and the staff is feeling much better about the torrid months ahead.

Vice President Richard M. Nixon is nothing like the golfer that Mr. Eisenhower is. On a recent round at Burning Tree, Nixon's playing partner gave him a handicap of 20 strokes.

Ed Dudley, the professional at the Augusta National, is due in Washington shortly and probably will be given a personally conducted tour of the White House.

Maybe Dudley will go out on the back lawn with the President and give him some added advice on how to hit 8-iron shots.

It was the President's short game near the greens that gave him so much trouble in Augusta, particularly on windy days.

Beautiful Hollywood Blonde Employed As Radio Engineer

HOLLYWOOD, April 23—UP—Hollywood's most looked-at beautiful blonde sits in a glass box every night while movie royalty from Betty Grable to Susan Hayward gaze at her.

Twenty six year old Patti Frew, one of the country's few female radio-engineers, works the controls

for disc jockey Larry Finley's local program at his restaurant, My Own Place on the glittery Sunset Strip.

Patti, possibly the only blonde-under-glass, is enclosed in a booth at one end of the small, late-hour eatery.

Since the bistro is dark and Patti sits under a bright light in a clinging sweater, she's on display for movie star customers such as Marilyn Maxwell and Donald O'Connor from 10 p. m. to 4 a. m.

"The lights are so bright I can't see through the glass, which is just as well," she smiled Wednesday night between record changes.

"Otherwise, I might get self-conscious."

Some show-people say I should be in pictures, but I have no desire to be an actress. I like engineering. It isn't difficult. I don't know why more girls don't take it up."

All a female-needs to be a radio engineer, she said, is a love for "math and physics."

At an early age she and her brothers tinkered with the innards of radios at her Newhall, Calif., home. After two years in a radio engineering school she earned her license from the Federal Communications Commission.

For Finley, Patti plays up to 80 records a night, several commercials and watches many dials and switches. "It's only when something goes wrong, such as our going off the air, that I'm busy," she added.

PAMPA NEWS, THURSDAY, APRIL 23, 1953 Page 7

Jan Sterling has learned to satisfy between-meals hunger pangs with raw vegetables, like the carrot she is munching on here. She keeps a supply of carrots, washed and scraped, as well as celery stalks, ready to take from her refrigerator.

Doctor Points Out Way To Be Sensibly Slender With Help Of Hollywood Star

(EDITOR'S NOTE: Here's the first of seven articles in which a noted doctor and a Hollywood star have teamed up to show you the way to be sensibly slender in a new diet for spring. Norman Jolliffe is director of the Bureau of Nutrition, New York City Health Department, and author of "Reduce and Stay Reduced," published in 1952 by Simon and Schuster. Jan Sterling, Paramount actress is in the forthcoming film "Pony Express.")

Between pictures, I indulge myself in a favorite pastime—eating. This doesn't mean that I go all-out for rich pastries. Once a week is the limit for me on this type of food. But it does mean that I have butter on my vegetables, for example.

But when a picture is scheduled, I, who weigh myself every day, often find I must lose about five pounds. This is necessary because the camera seems to add about 10 pounds of weight to anyone's figure. I must, therefore, tip the scales a little under what my normal weight should be. I can easily put it back on when filming is over.

Because I am so faithful about weighing myself, I am not caught with too little time in which to do a job of streamlining. I usually have about a week in which to shed from two to five pounds.

The principle I always follow is never to allow myself to go above that five pounds or so of extra weight. Five pounds can be lost easily but if the extra weight climbed over that mark, I'd have a job of weight loss on my hands which could hold up a picture.

I figure, with the help of easily available charts, how many fewer calories I need during my diet week than I ordinarily take. This business of calorie-counting is fun when you have a chart before you which lists the foods one is likely to find on the table. With my simple chart, I don't have to wade through an alphabet of strange foods to find the calorie count of the one I'm contemplating. I have done this so many times that by now I know the calorie count of many foods.

In general, during my diet week, I go heavily on lean meat, fruit and vegetable juices, and salads, and entirely omit such things as starches and sweets, whether taken straight or in some cooked form. If I must have a snack between meals, I make it a raw carrot, an apple or some celery.

Don't Fiddle With Eyeglass Frames

By ALICIA HART
NEA Beauty Editor

Have you let your eyeglasses become a prop for nervousness, in a class with the chewed pencil and drummed spoon? They were never meant to be twirled by one temple piece or even thoughtfully chewed upon.

Such treatment of your eyeglasses isn't just a sign of poor poise. It's ruinous to the fit, so important to your beauty.

Don't let that beauty be spoiled by glasses that rest half-way down your nose or lip-sided across your face. The former gives you a look close to the character of the "forbidding female." The latter causes the frame to cut across your eye on one side and gives you a double eyebrow on the other. Both arrangements are unspeakably bad for your eyesight.

Handle your glasses gently and the alignment will stay as precise as when they were fitted. Eye men recommend that you remove your glasses with both hands, one hand on each temple piece, rather than grabbing them of your face with one hand.

When laying them down, avoid, of course, putting the lenses face-down. Lay them, instead, on their frames with temples out-stretched.

If, in spite of your care, realignment is necessary, don't try to force them into proper position. Have a qualified person readjust them.

Bell HD Club Members Meet In Kelly Home

Bell Home Demonstration Club met recently in the home of Mrs. Dunlap, county home demonstration agent, for a meeting.

Roll call was answered with what members would like to do on vacation.

Miss Dunlap pointed out that white is all colors and that back is absent of color. She said each person has three or four colors that are best suited for them.

Members attending were Misses Carl Smith, Nolan Cole, Ernest McKnight, Walter Noel, Kelly and Miss Dunlap.

The next meeting will be held May 1 in the home of Mrs. Walker Noel. Mrs. Tom Anderwald will have charge of the program, "Finishing A Garment."

MATURE PARENT

By MURIEL LAWRENCE

The wife tells me these things: Her husband is furiously jealous of their nine-year-old son.

He regards the boy as his "personal property."

He uses him as a valve to blow off his recurring rage.

The child so fears his father that he remains away from home as much as possible.

Then I am also informed that the wife is deeply "in love" with the husband who abuses their child. I've told her loves his wife. "He loves me too much," she writes. "But though I've practically gone on my knees to beg him to give some love to the

boy, he won't. The boy is a nervous wreck. Please help me."

I can't. This young woman needs the help of a psychological clinic. It is not healthy to take pride in being adored by jealous, abusive people. Our pride, not the jealous abuse, is our problem. It serves us as a frail and unreliable protection. It is the dike we have reared up between us and the pressing realization that we are not loved and do not love.

I'm quoting this letter because its problem is not uncommon among young people. Where life values are gathered from G. R. A. B. movies and Tin Pan Alley, it's very easy to grow up believing that possessive jealousy is a tribute to our physical charm.

That is a lie. Possessive jealousy is not a tribute to our personal value at all.

It's as callous in its selection of victims as a hungry tiger on the prowl. And if we flatter ourselves that this possessive jealousy is something aroused by our personal charm, we're as foolhardy as a rabbit would be if it felt the gleam in the tiger's eyes was caused merely by the rabbit's pretty, floppy ears.

The gleam is there, of course, because the rabbit is something to fill the void inside the tiger. The gleam of possessive jealousy is the same thing.

Let's teach our young people how to detect the approach of jealous possessiveness so they won't face the torment of the mother whose letter I've just quoted.

Mrs. Charles Hickman Jr. Is Hostess To Twentieth Century Allegro Club

Mrs. Charles Hickman Jr., 1236 Williston, was hostess for the recent meeting of the Twentieth Century Allegro Club. Mrs. Don Cain participated on the program, "Actresses and Actresses," by reading portion of the prologue to George Bernard Shaw's "Caesar and Cleopatra."

Mrs. J. W. Graham Jr. also took part in the program by presenting sketches on the lives of Talulah Bankhead, Ethel Merman and Fred Allen.

Mrs. James Leverich presided at the business meeting during which plans were discussed concerning the program for the coming club year.

Attending the meeting were Misses Clifford Braly, Cain, George Cress Jr., Price Doster Jr., Robert Duket, James O. Evans, Graham, Hickman, Robert Karr, Leverich, Raymond Reid, Harold Rinehart, Jerry Thomas, Jimmy Thompson, Bill Waters and M. H. Wyatt.

Here is a letter from an unhappy daughter:

"I have been the custom in my home for all the children to be in the house by 11 p.m. But there have been many times when I have not only been unwilling but unable to be in at that time."

"It is at these times that my mother gets very angry and says that I am going around with the wrong crowd. She tells me I am breaking her heart. Sometimes after one of these arguments she doesn't speak to me for days."

"I am the youngest of four children, 23 years of age and a college graduate. The other children are all married and were out of the house at least by the time they were 21."

"There are other things, too, that make me feel that my mother is treating me like a child. Every time I get a phone call she must know who it is and what he or she had to say. Whenever I go out she must know where and why."

"Also she doesn't seem to understand that sometimes I just like to meet several other girls in town and chat over a cup of coffee. She says it is a waste of

time and money. But being the only young adult at home I get lonely sometimes just for conversation."

"My mother knows the crowd I go with. They have been at the house many times. But still she claims it is they who are putting ideas of disrespect for her into my head."

"She says: 'Good girls are in by 11 p.m.' I, of course, do not agree with her and here is where the arguments usually start."

It seems to me that you are right on every point but one. When you go out at night your mother should know where, and with whom, you are going. She needs to know that for her peace of mind and for your protection.

Nor is it true that all "good girls" get in at the same hour. Try to have a talk (not an argument) with your mother, telling her all that you have written me. Let her know that her overprotection is driving you away from home. It won't hurt to remind her of the many girls who marry men they don't really love just to get out from under the kind of situation you are in.

Mrs. John Tschirhart Is Hostess To Group

Fourteen members of the Church of God Ladies' Bible Workers Band attended a coffee recently in the home of Mrs. John Tschirhart, 832 E. Craven.

Concurrent with the coffee was a surprise linen shower set up by Mrs. George M. Bloomington, LWNB president and wife of the church pastor.

Spring cut flowers were the primary decorative motif.

A business meeting followed the coffee and a scripture reading by Mrs. Tom Tegus.

Reported at the meeting was the financial statement on the LWNB project to raise money toward the building fund for a new church. The group has raised approximately \$700 since the beginning of the year.

Further plans to add to the total were discussed.

Attending besides the hostess, Mrs. Bloomington and Mrs. Mrs. Mrs. W. S. Gifford, A. B. Bearden, M. C. Mitchell, B. T. Menell, C. R. Dirickson, W. J. Uteague were Mrs. W. S. Gifford, A. B. Bearden, M. C. Mitchell, B. T. rich, L. R. Goodwin, J. T. Strickland, Blake Laramore, R. L. Heo.

... yet enjoy the richest coffee of all.

Smart housewives know that the true cost of coffee is measured by the number of cups a pound of coffee makes . . . not by the price they pay for it in the store.

Good coffee today costs at least two cents per cup. But with Maryland Club, because of its extra richness, you can use less coffee for a flavorful cup . . . than you can with any other coffee.

NOW . . . NOW . . . NOW
it's more important than ever to use the coffee that gives you 10 to 15 more cups per pound! **MARYLAND CLUB!**

Coffee Gets Roasting As Hotels Serve Tea

Declaring war on the rapidly rising price of coffee, three leading Cleveland, Ohio, hotels put on a modern "Boston Tea Party," only this time it was coffee that was "thrown overboard." The Hollenden, Allerton and Fenway Hall hotels announced they will serve tea free to guests in a drive to discourage coffee drinking, as a protest against a "price increase engineered by Brazilian coffee interests." The hotels said they will continue to serve coffee at existing prices to guests who demand it, but they hoped other restaurants would join their anticonoffee campaign. These pictures show the "Tea Party" in operation at the Allerton, which reported coffee consumption down to one third of normal.

At their weekly luncheon meeting the Cleveland Spanish Ladies' Group lift up cups of hot tea instead of usual coffee.

Abnormal consumption of tea put a strain on kitchen employees.

Passengers Escape As 'Copter Crashes

FREEDOM VILLAGE, Korea. April 23—UP—An Allied helicopter carrying six South Korean prisoners released by the Communists Thursday crashed today near Freedom Village. All aboard escaped unhurt. The helicopter crashed in a rice field when its engine failed. The crewmen and passengers were evacuated within five minutes after the plane landed.

Estimate 1,000 Dead **FREEDOM VILLAGE, Korea.** April 23—UP—A South Korean released Thursday said he estimated 1,000 of his fellow-countrymen died of "paratyphus" in a Communist prisoner of war camp during January and February of 1951.

JOHNSON IN HOLLYWOOD

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD—(NEA)—Hollywood and Grapevine: Fox is worried about Marilyn Monroe's migraine headaches and air of depression. Insiders blame it on Joan Crawford's newspaper tongue-lashing and sniping at Marilyn from all directions.

But Faith Domergue, the sultry brunette who got the super-sex treatment just before Marilyn came along, has a word of advice for her.

"Marilyn shouldn't let club-women or jealous movie queens get her down," Faith told me. "She shouldn't change or let the studio apologize for her. Nobody can hurt her. If she stays as she is, holding her ground, being herself, she will be one of the great stars of all time." Faith admits she got the freeze from women, too, because of the publicity campaigns on "Vendetta" and "When Danger Lives." "But I didn't let it depress me," she said. "Women may not approve of an actress, but a long as they're curious, they'll come to see her films and bring their men along, too."

Columbia's "Stingarm," teaming Roberta Haynes, Brod Crawford and John Derek, is a remake of Clifford Odet's "Golden Boy," the movie version of which made William Holden a star.

Inside on Greer Garson's MGM contract? Her \$500-a-week deal ends in June, 1954, and a five-year non-exclusive contract paying her far less and allowing her to do outside pictures then begin. Lady Mary Lawford, Peter's mother, is making another try for an acting career. MGM curtailed her emoting when she was under contract to the studio.

Rita Lupino, Ida's sister,

launched a new act in a Houston, Tex., nitery. She dances solo in front of a three-piece band.

She Knows The Hopes
Type-casting note: Margaret Barlow, who landed in the middle of many a café brawl as a cigar girl at Ciro's, plays a hostess who breaks up a fight between Montgomery Clift and Ernest Borgnine in "From Here to Eternity."

Benay Venuta says she saw a 3-D movie—Dull, Dreary and Deadening.

Lex Barker vows that he has three flickers to do in Europe, but that in spite of his love for Lana Turner, he won't try for an 18-month tax exemption deal as is her plan. Doesn't want to stay away from his two kiddies that long.

U-I's Barbara Rush and Fox's Jeffrey Hunter, who are Mr. and Mrs., have received their studios' okay to co-star in a summer-stock version of "Voice of the Turtle" at the Robin Hood theater near Wilmington, Del.

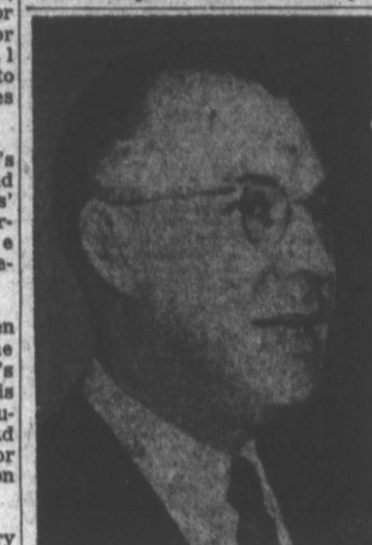

A battle is brewing between Errol Flynn and U-I over the title, "The Golden Blade." Errol's announced it as the tag for his first independent movie in Europe and U-I is going ahead in its plan to use the title for a Piper Laurie-Rock Hudson flicker.

Johnson Saw It First
The Hildegarde Neft-Gregory Peck blaze is the talk of Paris and their meetings are openly commented on by French newspapers. As first pointed out here, the romance started during filming of "The Snows of Kilimanjaro."

Bella Davi, Fox's new foreign glamorpus, was the flame in Alex D'Arcy's life a little

over a year ago. Alex introduced her to Darryl anuck, who decided she had the makings of a new Grabo.

Mae West is no longer interested in making a movie comeback since the deal for her to play a role in "Pal Joey" didn't jell. These days Mae's living quietly in Hollywood and completing her new play, "SexTette," which she plans to open on Broadway in the fall.

GOES SOUTH—President Eisenhower is sending his brother, Milton, head of Pennsylvania State College, on a detailed inspection tour of Latin America. Dr. Eisenhower will report on social and economic conditions south of the border.

just happened to like the part, by gosh.

Robert Mitchum's ready to tear someone limb from limb. His studio, RKO, refused to say "yes" or "no" to Columbia's offer to Bob to play Sergeant Warden in "From Here to Eternity" and Reverend Davidson in "Miss Sadie Thompson." While waiting for an answer—which never came—Mitchum lost both roles.

PASTOR TURNS EDITOR SO BLIND MAY READ

Blind teen-agers throughout the U.S. have their own Braille magazine "Teen-Time," and can thank Rev. Harold Storm, assistant pastor of the Concordia Lutheran Church in Cleveland, Ohio, for the immense project. Pastor Storm travels to all parts of the country to visit state schools for the blind. There he meets and

talks with the teen-agers and their teachers, and learns what they want to read in magazines. Included in the magazine are sports, fashions, fiction, and other stories that will delight children of this age group. It is edited in Cleveland and published in Louisville, Kentucky.

Albert Smerker, 14, reads an edition of Braille-printed "Teen Time," as its editor, Rev. Harold Storm, looks on.

"Teen Time" brings welcome news to blind students, such as those enjoying a songfest at Willson School in Cleveland, Ohio.

Englishman Serves As Chief Propagandist For Communists

By PHIL NEWSOM
United Press Foreign Analyst

Every morning when the Communist jeep rolls up to Panmunjom, a tall, thin, effeminate appearing Englishman crawls from the front seat of one and strolls toward the Communist tents.

His swagger indicates he obviously is a man of importance. He is Alan Winnington, chief propagandist and apologist for Communists in Korea.

It is Winnington who is quoted most often by Red China's Peiping radio on the Korean truce talks or, as of now, on the prisoner exchange.

Winnington is the one who reported to the United Nations were returned "mailed" "ghosts" and cripp-

ples with arms and legs "hacked off."

From Substantial Family
Ostensibly he is a correspondent for the London Daily Worker. But there is some mystery about him.

He is the renegade son of a substantial English family which today would rather not mention him. He is said to have been a "problem child," frustrated and unsuccessful in his relationships with others.

He became an editor on the Daily Worker after only two weeks and with no previous experience as a newsman.

Correspondents in Korea believe he was assigned to China direct by Moscow. He is an expert on the

party line and frequently talks in the exact language of the Communist truce delegates.

Whatever his relationship with Moscow, he undoubtedly is the head of the Communist contingent of correspondents.

This man who has sold out to the Communists is now about 43. Winnington's sidekick behind the Red lines is an Australian, Wilfrid Burchett.

Younger Companion
Burchett is about three years younger than Winnington and in looks his exact opposite. Burchett is stocky, with a puck-like face exuding good humor, in contrast to Winnington's fox-like features.

Burchett is not as expert as Winnington with the party line but UN

newsmen, seeing him from day to day while covering the truce talks, find him harder to understand.

Nor can they understand why he has followed the course he has.

He gained the reputation of being an excellent newsman during the last war when he was accredited to Allied Forces in the Pacific, and was the first man into Hiroshima, Japan, at the war's end.

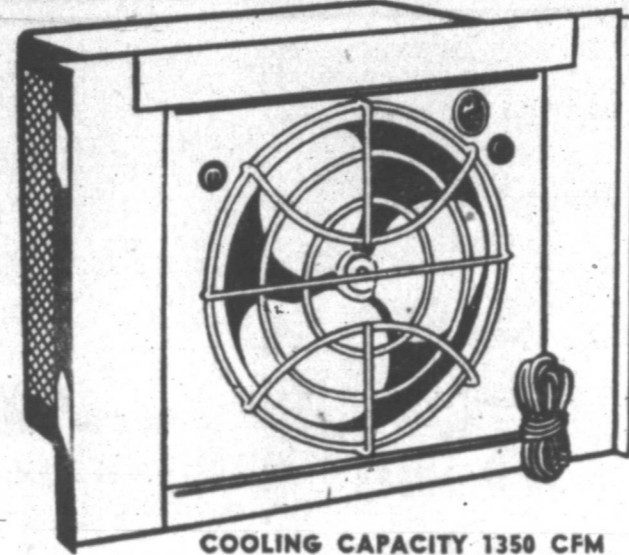

If it were not for the things he now represents, you could like Burchett.

Afterthought

Puts a Good Mark on a Man!

Regardless of where he drives, no man is wholly a stranger to the people about him—if he sits at the wheel of a 1953 Cadillac.

His name may be unknown—and also his occupation—and, likewise, the whereabouts of his home.

But he is not without standing. For his Cadillac marks him as a man of character and substance.

Wherever he may be, let him arrive at the door of a distinguished hotel or restaurant—or let him seek the car of anyone for direction or information... and he has the courtesy that goes with respect.

And let it be said for Cadillac owners that, almost invariably, they respond in kind.

Indeed, the honor which Cadillac does to its owners is the fruit of the honor they have so long bestowed upon Cadillac. When so many wonderful people favor a particular make of car over such a long period of time—the car must inevitably become a mark of distinction.

All of this, of course, comes to the owner of a 1953 Cadillac as an extra joy and satisfaction.

It comes in addition to the magnificent performance of Cadillac's 210 h.p. engine and improved Hydra-Matic Drive... the wonderful comfort of Cadillac's new Air Conditioner... the car's soft, easy, relaxing ride... its marvelous balance and handling ease... its long life and dependability... and its truly amazing economy of upkeep and operation.

Put them all together and they spell the grandest satisfaction in all the world of motoring.

Have you seen and driven the 1953 version of the "Car of Cars"?

If not—we should be happy to see you at any time. Why not come in today?

Stage Set For Oiler Opener Friday

Gassers Opening Day Foe; Record Crowd Due

By BUCK FRANCIS
Pampa News Sports Editor

One of the largest opening day crowds in Pampa's history is due to be on hand tomorrow afternoon when the Oilers take on the Borger Gassers at Oiler Park in the West-Texas-New Mexico League.

Games time has been set for 4 p. m. It is believed that this is the time the Oilers have ever at home in the daytime.

The weather is right tomorrow, a capacity estimated 3,000 fans to attend.

It is turned out last "Open House" at the Mill and the Jim Arndt. But at this time rainfall was cancelled. It all depended on how much rain fell between noon and 4 p. m. when the clinic was to be held.

Manager Ted (Porky) Pawelek, making his debut as the Oiler manager, has named Max Molberg, a 19-year-old pitcher, to hurl for the Pampa club to hurl tomorrow's opening game.

Molberg for the Gassers will be Jim Cain, who won 11 and lost two for the Gassers last season. Both are veterans.

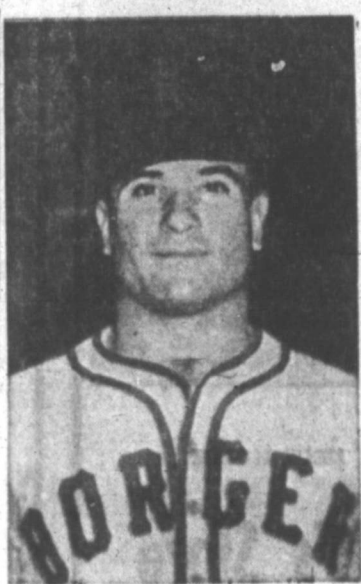

The remainder of the Oiler lineup will be: Doug Lewis, 1b; Manny Tames, 2b; Ben Felder, 3b; John Sanderson, ss; George Albrecht, cf; Deck Woldt, cf; Ricardo Jacso, rf; and Pawelek, c.

Starting for Borger will be: Jasper Gott, 1b; Bob Rose, 2b; Frank Bounce, 3b; Louis Sanchez, ss; Stan Armstead, lf; Pat Lorenzo, cf; Windy Eldridge, rf; and Bob Decker, c.

Four of the starting Oiler nine are holdovers from last year. They are Molberg, Lewis, Tames and Woldt. One other Oiler, pitcher Tommy Thompson, is a 1952 Oiler.

The appearance of Sanderson and Felder will be the first Negroes ever to play for the Oilers. The Oilers have still one other Negro, Sad Sam Williams, a pitcher.

A downtown parade will precede tomorrow's opening game. Players of both teams, the Oilers and Gassers, will take part in the parade, riding atop open air convertibles.

WINDY ELDRIDGE
...returning Gasser star

take part in the parade but they'll be competing in the regional contest Friday and will be unable to be on hand.

Mayor Tom Rose of Pampa will throw out the first ball with Mayor L. D. Patton of Borger on the receiving end.

OPENING DAY LINEUP — Shown above are the probable starters for the Pampa Oilers for tomorrow's 1953 West Texas-New Mexico League opener with the Borger Gassers at Oiler Park. At left is the starting infield. From left to right they are Ben Felder, 3b; John Sanderson, ss; Manny Tames, 2b; and Doug Lewis, 1b. Center photo shows Manager Ted (Porky) Pawelek, catcher, discussing what kind of pitches will silence the Gasser bats with his starting hurler, Max Molberg. At right are the four Oiler outfielders on the roster, left to right, Ike Mena, Ricardo Jacso, George Albrecht and Deck Woldt, the latter three of which are due to start tomorrow afternoon's season opener against the Gassers. Classy Field Tees Off Today At Las Vegas

LAS VEGAS, Nev., April 23—UP—The classiest field in golfing history—every man a champion—teed off Thursday in the fabulous \$35,000 tournament of Champions with Slamming Sam Snead, dapper Lloyd Mangrum and Dr. Cary Middlecott rated the men to beat.

This is the first year for this tournament, the brainchild of Howard Capps, former tournament director for the Professional Golfers Association, but now the hot professional at the Desert Inn Country Club.

Las Vegas is jammed for the tournament. More than 2,000 vacationing fans toured the course Wednesday for the tune-up rounds. According to estimates, a bee must visit 219,000 flowers for every ounce of honey it makes.

9 PHS Tracksters To Regional Meet

Nine boys will represent the Pampa Harvesters in the Regional track and field meet this weekend at Lubbock, Coach Tom Tipps has revealed.

Rejoining the squad after recovering from injuries are sprinters Walker Bird and Harold Lewis. Lewis was more recently injured and still isn't in top condition. Bird is reported to have fully recovered from his injury. Bird had suffered a knee injury while Lewis had sprained an ankle during a Harvester baseball game.

Following are the events in which the Harvesters will enter: 100 yard dash — Lewis, Darby; 220-yard dash — Lewis, Darby; 180-yard low hurdles — Dudley; 120-yard high hurdles — Dudley; 440-yard relay — Lewis, Darby, Dudley, Bird; Broad jump — Whitsett; Pole Vault — Phippen, Whitsett; Shot put — Cockrell, Cantrell; Discus — Cockrell.

The best chances for points at the Regional meet by the Harvesters will be Dudley in the hurdles and broadjump and Cockrell in the shot put.

If Lewis recuperates fully from his ankle sprain by Saturday, then the Harvesters will likely pick up some points in the sprint relay and the sprints.

Following are the regional records.

Cage Referee To Prison

NEW YORK, April 23—UP—Referee Sol Levy was sentenced to up to three years in prison Wednesday for accepting bribes to fix professional basketball games.

Levy, 41, was found guilty on March 27 on six of a seven-count charge. Presiding Justice Gerald P. Cukin sentenced him to up to three years on each count with the sentences to run concurrently.

The district attorney's office said Levy "sold out the National Basketball Association" and "displayed a contempt for the teams and the public."

Clovis Pioneers Have High Hopes For 1st Division Berth

(EDITOR'S NOTE: This is the last of a series on West Texas-New Mexico League prospects for the 1953 season being written for newspapers of the member cities.)

By BERN GANTNER
Clovis News-Journal Staff

CLOVIS, N. Mex., April 23—The Clovis Pioneers, who made a run-away of the 1952 West Texas-New Mexico League regular race only to falter in the play-offs, won't be as strong this season but expect to be a first division occupant from start to finish.

Grover Seitz, starting his second full season at the Clovis helm, is faced with a tremendous task of rebuilding. Only four of last year's front-running club remain with the dean of WT-NM pilots—Catcher, Frank Benites, pitcher Red Dial, first baseman Virgil Richardson and third baseman Winston Havenstrite.

Departure of such stalwarts as Big Jim Matthews, now Amarillo Gold Sox manager, shortstop John Jeandron, second baseman Cliff Pemberton, outfielders Fran Rice and Sonny Sims in addition to pitchers Bill Hair, Jack Gaines, Harry Young, Mel Kramer and Buddy Yaumt left big gaps in the Pioneer armor.

However, Seitz as usual has pulled a few master strokes and has acquired two veteran "money" players as well as several promising rookies and limited service operatives to put the Pioneers on a sound footing.

The outright purchase of Roy Parker from Paris of the Big State League and Don Moore from Pampa's Oilers gives the Pioneers plenty of power hitting to compensate for the loss of Matthews, Rice and Pemberton, three heavy artillery pieces in 1952.

The acquisition of Parker, a slugger from way back and a good pitcher, too, and Moore enables the Pioneers to field a salty five-veteran combination. Other proven veterans include catcher Benites, who hit .331 last term including 25 home runs and an impressive 109 RBIs; Virgil Richardson, .297 including 21 roundtrippers and 115 RBIs; and Carroll (Red) Dial, who tied the league record with 27 victories.

Add to that list Winston Havenstrite, whose batting last year was light (.233) but third-basing tops, and Manager Seitz has a firm Pioneer foundation.

Parker, who hit .316 with Paris last season including 23 home runs and 109 RBIs will patrol center field but will also take a turn on the mound, perhaps every fifth day. The peppy lefthander was exclusively an outfielder last year, but he is also an accomplished

GROVER SEITZ (manager)

VIRGIL RICHARDSON (first baseman)

twirler, winning 27 contests for Pampa in 1950.

Moore, who compiled a .325 average with Pampa in 1952, will patrol right field and occasionally spell off Frank Benites behind the plate.

With the arrival of two promising Negro players this week and the addition of a second baseman, Phil Rizzo, briefly with Pampa last year, the Pioneer picture is beginning to take shape. The pitching staff at this point remains the big question mark. However, Manager Seitz expects to have the situation ironed out before Friday night when the Pioneers open at Lubbock.

The Negro players are Bill Mitchell, rookie right hander, obtained on option from Greenville, Texas, and Bob Herring, an outfielder sent here from the same club. A husky 235 pound athlete, Herring is highly recommended and is expected to nail down the left field post.

Mitchell joins a pitching staff which also consists of Ervin Armistead, a southpaw who was with the Pioneers for a brief spell last season but finished with Artesia of the Longhorn League; Everett Sullivan, an NDS limited service pitcher optioned from Texas; Richard Palmer, righthanded limited service obtained from San Angelo; Lawrence Henke, also from San Angelo; and Dial and Parker.

Two good mound prospects have been promised the Pioneers by Port Arthur of the Gulf Coast League.

The regular lineup shapes up like this on the eve of the opener:

CATCHER — Frank Benites

BATTING SPREE
Eddie Phillips' homer pulled Houston into a 6 to 6 tie in the eighth inning and he led off the vital 10th with a walk, took second on a balk and romped home on Dick Rand's game-winning single.

Octavio Rubert, who came in at the fifth inning, was credited with the victory.

Houston Manager Al Hollingsworth and Fred McAllister were chased by Umpire Frency Arceaux at the 10th.

Joe Damato and Russ Burns went on batting sprees to help push Oklahoma to victory. Damato singled twice, then hit a two-run homer off Bob Curley to ice the game in the fifth. Burns had a perfect night with a double, walk and two singles to drive in two runs.

Vern Kennedy had to rescue starter Jim Atchley in the eighth when he went in with the bases full to snuff out a Tulsa rally.

FIRST BASE — Virgil Richardson
SECOND BASE — Phil Rizzo
SHORTSTOP — Paul Flores, an NDS performer who was with the Pioneers for several weeks in 1950. Powerful hitter but shy on defensive finesse.

THIRD BASE — Winston Havenstrite
LEFT FIELD — Bob Herring
CENTER FIELD — Roy Parker
RIGHT FIELD — Don Moore

With at least two more good hurlers and another top-notch infielder, the Pioneers would have the potential to make a strong bid for the top two rungs.

At this stage, a thumbnail sketch sizes up the Clovis club as follows:

Catching — strong.
Pitching — adequate.
Infield — better than average.
Outfield — powerful.
Finish — first division.

44th Annual Drake Relays Set This Week

DES MOINES, Iowa, April 23—UP—Kansas, Georgetown, and Illinois threaten to run away with the relay events of the 44th annual Drake classic Friday and Saturday.

But relay squads from Texas, Oklahoma, Michigan State, and Iowa, may surprise the win-conscious trackmen from Kansas, Georgetown and Illinois. More than 400 other college and university runners from 80 schools will compete in the classic.

In the college relay section two tough little Texas neighbors, Abilene Christian and North Texas State, will battle for victories in four of the six events.

Drake's own Dewey Johnson, present holder of the Drake mile record of 4:14.8, may be upset by Oklahoma's Bruce Drummond, who has done a couple of 4:12 miles this year. Johnson, however, flashed a 4:10 mile for a second place in the Chicago Daily News relays.

Babe Recovering From Operation
BEAUMONT, Tex., April 23—UP—Mrs. George (Babe) Zaharias apparently is recuperating satisfactorily from a major operation to remove a malignant condition that threatened to end the career of the fabulous woman athlete.

The 39-year-old professional golfer took her first solid food Wednesday, husband George Zaharias said and "walked a little more."

"Everybody seems to think she's doing remarkably well—the doctors and everyone else," Zaharias said. "She walked a few more steps, but isn't receiving any visitors yet."

Mrs. Zaharias was operated on last Friday for a rectal malignancy, presumably cancer, but her doctors have been quoted as saying that she may be able to resume her career if recovery is complete.

Phils, Cards In 2-Way Tie For 1st In NL

NEW YORK, April 23—UP—That old battle cry of "wait 'til next year" was backing on the Brooklyn Dodgers Thursday—at least in Philadelphia.

Normally, no matter how badly things go with the Dodgers, the fans always rally around and insist that "next year" things will be better. But the Phillies apparently haven't heard that ancient flatus proverb. Because they definitely are making things worse for the Dodgers.

Wednesday night as the Phils made it two victories in a row with a well earned 5 to 4 triumph, they manhandled Billy Loes, the right handed pitcher who had subjected them to all sorts of indignities in 1952.

Phillis Shutout
Loes shut out the Phillies three times last season and had a string of 25 1-3 consecutive scoreless innings against them when he took the mound. But the Phils very promptly began a tattoo him with base hits and knocked him out of the box with a three run rally in the fourth, climaxed by Willie Jones' two run homer.

The Cardinals moved into a first place tie with the Phillies by defeating the Reds, 8 to 4, at St. Louis, while the Giants topped the Pirates, 4 to 2, and the Milwaukee Braves pounded the Cubs, 15 to 6.

In the American League, the Yankees made it six wins in their last seven starts by defeating the Red Sox, 6 to 2, while Chicago handed Detroit its fifth straight defeat, 9 to 7, and Philadelphia topped Washington, 7 to 4.

Vinegar Bend Mizell struck out seven and scattered seven hits in the Cardinal victory, as Enos Slaughter hit a two-run triple.

Bob Hofman, filling in for injured second baseman Dave Williams, hit two homers, a double and single, driving in three runs.

Ed Mathews was the big batsman for the Braves, driving in six runs with two homers and a double in a long-bail hitting spree in which Jack Dittmer also hit a Milwaukee homer with two aboard, while Preston Ward and Hank Sauer homered for Chicago.

Johnny Mize sparked a four-run eighth inning rally with a pinch single in which Loren Babe, rookie third baseman, also hit a two-run

single as the Yankees again beat the Red Sox.

Sherman Lollar, Sam Mele and Vern Stephens hit Chicago homers, while Matt Batts homered for Detroit as Lollar collected four hits and Nellie Fox got three for Chicago in a 15-hit total.

Harry Byrd lost his shutout when Washington scored four times in the ninth getting two runs on a homer by Jackie Jensen. But the 1952 rookie of the year still gained his first victory, although walking 10 men. Cass Michaels hit a Philadelphia homer.

Wednesday's star—Bob Hofman, sub infielder for the Giants who hit two homers, a double and a single in a 4 to 2 triumph over the Pirates.

Weather Interrupts Longhorn Schedule

LAMESA, Tex., April 23—UP—The Longhorn League, probably nation's most weather-persecuted baseball circuit, managed to get its 1953 season underway without incident Tuesday night.

But here's what happened on Wednesday night: Odessa at Midland, postponed, rain.
San Angelo at Big Spring, postponed, rain.
Carlsbad at Artesia, postponed, rain.

There wasn't any rain at Lamesa. But the Roswell-Lamesa game here was postponed, too—there was a sandstorm.

Dallas Eagles, Houston Buffs Moving Up In Texas Loop Race

Dallas and Houston, the clubs generally picked to battle for the Texas League championship, still are in the second division, but may be on their way up.

Neither club is playing 500 ball after two weeks of the season, but the Eagles are only 2½ games out of first place and Houston only a game further back. Both won Wednesday night.

Dallas got its second straight neat pitching job at the expense of Fort Worth as Jim Suhecki and Hook Gibson held the Cats while their mates piled up a 7 to 1 victory.

Other Scores
Houston went 10 innings before edging Beaumont 7 to 6; Oklahoma City bumped Tulsa 9 to 2 to climb into a tie with the Oilers for second place, and San Antonio and Shreveport battled 11 innings to a 6 to 6 draw before a time limit caught the game.

The clubs shift scenes and opponents Thursday night as Oklahoma City goes to Fort Worth, Tulsa to Dallas, Houston to Shreveport and Beaumont to San Antonio.

Suhecki was a bit wild, but

light in the clutch as Fort Worth left 15 men stranded. Gibson relieved him in the eighth and protected the long Dallas lead. Ben Taylor drove in three Dallas runs with a double and single.

Batting Spree
Eddie Phillips' homer pulled Houston into a 6 to 6 tie in the eighth inning and he led off the vital 10th with a walk, took second on a balk and romped home on Dick Rand's game-winning single.

Octavio Rubert, who came in at the fifth inning, was credited with the victory.

Houston Manager Al Hollingsworth and Fred McAllister were chased by Umpire Frency Arceaux at the 10th.

Joe Damato and Russ Burns went on batting sprees to help push Oklahoma to victory. Damato singled twice, then hit a two-run homer off Bob Curley to ice the game in the fifth. Burns had a perfect night with a double, walk and two singles to drive in two runs.

Vern Kennedy had to rescue starter Jim Atchley in the eighth when he went in with the bases full to snuff out a Tulsa rally.

Recently published official registration figures for the last full year show that truck users in every single State bought more Chevrolets than any other make!
It is difficult to imagine more convincing proof of Chevrolet's superiority, for such clear-cut and overwhelming preference can lead to but one conclusion: Chevrolet trucks must be better, must enjoy solid advantages over other trucks. Such preference must rest on a firm foundation of good, sound value. And, of course, it does—as owners of Chevrolet trucks can testify.
Chevrolet trucks are widely known and preferred for their ability to hold hauling and delivery costs down. They are known for their power, their stamina, for their exceptional gas and oil economy, as well as their low-cost upkeep. They'll Do It Every Time

By Jimmy Hatlo

I DO MIND-READING... THAT GUY HAD A FIGHT WITH HIS FRAU AND HAS TO BRIBE HIS WAY OUT OF THE DOGHOUSE...

I THOUGHT IT WAS HIS ANNIVERSARY WHEN I SAW THE FLOWERS. THEN I SAW THE VARICOSE EYE...

HE FORTIFIED HIMSELF AT THE HOBOKEN PRETZEL PLAZA BEFORE HE GOT ON THE TRAIN...

THAT MUST BE HIS WIFE IN THE STATION WAGON... SHE'S GOT A BASEBALL BAT IN HER MITT...

THAT FLOWER SHOP IN THE STATION THRIVES ON DOMESTIC DONNYBROOKS...

WATCHING THE GIFT BEARER GET OFF...
