At Least Four Dead ...

Twisters Hit Three States

COLUMBUS, Ga., April 18—UP—At least four persons were killed and scores injured Saturday when a series of savage tornadoes struck three Southern states. One twister hit this teeny military base city and caused heavy casualties and damage. Other tornadoes spread destruction and inflicted deaths and injuries in Arkansas and Alabama. A teen-aged girl was killed and possibly 200 persons were injured when a twister roared through Columbus, site of the sprawling Army base, after first striking Auburn, Ala., 20 miles away. Police reported an unidentified person dead in Auburn and the Red Cross reported an un-named death in the little community of Gentry's Gap, Ala. A 90-year-old woman was killed early in the day by one of a series of twisters that skipped across Arkansas.

Other tornadoes spread destruction and inflicted deaths and injuries in Arkansas and Alabama. A teen-aged girl was killed and possibly 200 persons were injured when a twister roared through Columbus, site of the sprawling Army base, after first striking Auburn, Ala., 20 miles away. Police reported an unidentified person dead in Auburn and the Red Cross reported an un-named death in the little community of Gentry's Gap, Ala. A 90-year-old woman was killed early in the day by one of a series of twisters that skipped across Arkansas.

McLean's Rodeo In Final Day

McLEAN (Special)—McLean's American Legion - sponsored rodeo was to go into the final go-round at 2 p. m. Sunday after high winds over the week end almost played havoc with the three-day festival. The initial performance Friday afternoon was called off after winds and dust kept spectators at home. The events were held that night and Saturday's performance went on as scheduled. Two other events suffered from the winds. The parade was trimmed because of the inclement weather and the old fiddlers' contest and square dance Saturday played to relatively small audiences.

The opening event, a 3 1/2 mile horse race, also felt the effects but the five entries ran the race to a short ration of spectators. Chico Boy entered by Buck Hen-Bryer of Mobeetie and ridden by Carl Henley, won the event with a time over the course of 6 1/2 minutes. Top prize was \$98.70. Second was Joker, owned by Jeff Thomas Brayer for \$42.30 prize. Horace entered by Hamner Ramsdell of McLean and Pat Slavin of Clarendon won third and fourth places. The horse entered by Bob Sherrod of McLean did not finish the course.

If it comes from a hardware store we have it. Lewis Hardware.

Teachers' Pay Bill Faces Long Debate

AUSTIN, April 18—UP—A House minority leader predicted Saturday anti-administration forces will attempt to hold the Legislature in session until next December — if it takes that long to pass a \$600-a-year teacher pay raise bill. "We'll stay here for eight months if we have to," Rep. Maury Maverick Jr. of San Antonio said. Maverick's statement followed by less than 24 hours a suggestion from Gov. Allan Shivers recommending the Legislature shove teacher pay raise and other spending proposals pending court decision on the legality of Texas' natural gas gathering tax. The issue is now on appeal to the state Supreme Court and more than \$40 million would become available for spending over the next biennium if Texas should win the case.

Shivers charged that the governor of "trying to defeat the \$500 per year teacher pay raise by the use of sur tactics and personalities." The governor, in a press conference Friday, was sharply critical in personal references to Charles H. Tenneyson, executive director of the Texas Teachers Association. "I haven't heard anyone oppose Mr. Tenneyson's views, because he always shakes his fist in your face

homes and felled power poles, communications lines, and trees. One Georgia highway was blocked by trees that were toppled onto the pavement by the tornado. Information on the tornado effect in Columbus and Auburn was skimpy because of communications difficulties. Telephone lines were out to Auburn and only emergency calls were being taken to and out of Columbus late Saturday night.

Surely The Judge Was Married, Too

MEMPHIS, Tenn., April 18—UP—Motorist J. J. Stankiewicz pleaded innocent to a speeding charge. "I'm quite sure I wasn't speeding because my wife yak-yaks if I drive too fast," he told Judge Albert Carruthers. The judge believed him.

Three Hurt Near McLean In Crash

Three persons were injured, one critically, in a truck-crash on U. S. Highway 66, six miles west of McLean at 3:15 p. m. Saturday. Wilton Bratcher, oil field worker of Lefors, was taken to Highland General Hospital in a Clayborn Funeral Home ambulance where doctors were still working on him late Saturday.

Attaches at the hospital said Bratcher had suffered at least a fractured right leg, possible rib, head and other injuries.

State Highway Patrolmen investigating the accident said a 1952 Oldsmobile sedan, driven by James T. Martin, 1953 pickup truck, towing a boat, driven by Alec Watkins, 47, of Lefors collided on U.S. Highway 66 at its intersection with the Alan-need-Lefors Road.

Martin, on his vacation, was driving with his wife, L. O. and a son, to Los Angeles and Watkins was headed for Lake McCellan with Bratcher to go fishing when the wreck occurred. According to witnesses Martin's car collided with the boat as Watkins was crossing the highway. The impact broke the trailer hitch. (See THREE HURT, Page 3)

Local Banks To Close Tuesday

Pampa's two banks are taking Tuesday off for a very good reason.

It's San Jacinto Day, a legal holiday in Texas. The Battle of San Jacinto, fought the afternoon of April 21, 1836, between the Texans under Gen. Sam Houston and Mexicans under Gen. Santa Anna, resulted in a sweeping victory for Texas and its independence which it had declared March 2. According to the "Texas Almanac," if San Jacinto had been lost, Texas would not have been annexed to the United States 17 years later and there would have been no war between the United States and Mexico — which resulted in the accession of most of the present Rocky Mountain and Pacific Coast area.

Population Estimates Show 20,020 Residents In Pampa

Pampa's latest estimated population figure has again scooted above the 20,000 figure. The latest estimate, made Saturday by the city engineering department, is 20,020. This figure is based on the 5,500 water meters now registered in the water department office. Director of Public Works Ray Evans said the estimated figure was arrived at by using the federal census average of 3.64 people using every water meter in town.

LAS VEGAS, Nev., April 18—UP—Marines in full battle gear "captured" an atomized "beachhead" by land and helicopter Saturday as the dust settled from one of the biggest nuclear explosions ever set off in the United States. So radioactive was the atomic cloud that the Civil Aeronautics Administration barred all flights until 7 p. m. east above the 20,000-foot over an 800,000 square mile area bounded by Las Vegas, Denver, El Paso and Dallas.

LEAPS TO DEATH — Lt. (j.g.) Robert R. Periman, 25, of Lancaster, Dallas County, a Navy doctor, his clothing a sheet of flames following a spectacular 9-car smash-up on the San Francisco-Oakland Bay bridge, leaped 238 feet to his death in the Bay below. (NEA Telephoto)

Truce Talks Discussed As Red PWs Riot

TOKYO, Sunday, April 19—UP—Allied and Communist officers met for reopening of the Korean truce in Panmunjom Sunday to set date talks, with the first exchange of sick and wounded prisoners less than 24 hours away. Two hours before the officers met, Communist frontline broadcasts told listening Allied troops that the war in Korea would be over by June 20. The liaison teams met for 20 minutes and then adjourned at the request of the Communists at 11:20 a. m. until either side calls another meeting.

As the crucial meeting opened there were new reports of incidents among Communist prisoners. North Korean POWs rioted on a U.S. prison island. Four were killed and 45 wounded. Troublemakers among Communist sick and wounded at Pusan held a hunger strike. A special team headed by Rear Adm. John C. Daniel met with Communist officers at Panmunjom at 11 a. m. (8 p. m. est Saturday) to discuss reopening of the long snarled truce negotiations. The Communists said they would be ready to "set a date" for the talks. Twenty-two hours later, the first 100 Allied war prisoners—15 of them American—were expected to cross the line to freedom. The first 500 Communists will be exchanged at the same time.

The Communists announced that a fifth convoy of returning Allied prisoners would travel from Suwon only 50 miles north of the battlefield, to the Red truce camp at Kaesong Monday. The Reds list no prisoner of war camp in the Sun area, but there was no explanation of the departure point. Communist officers told the Allies at Panmunjom meeting Sunday morning that the 10-vehicle prisoners would depart from Suwon at 8 a. m. Monday and arrive at Kaesong at about 3 p. m.

Tidelands Opponents Warned Of Hot Washington Summer

WASHINGTON, April 18—UP—Senator Republican leader Robert A. Taft Saturday accused opponents of the tidelands bill of filibustering and warned they must take responsibility if Congress drags into autumn. The unusual Saturday session of the Senate to debate the measure produced some of the year's stormiest talk. Impatient with foes who have been sounding off for almost two weeks against the bill to give coastal states title to submerged off-shore lands, Taft told them they are talking the Senate into a pro-

Cars Collide Back-To-Back

Slight damage was caused at 1:30 p. m. Friday in the 500 block William R. Miller, 48, a cab and a private vehicle collided back-to-back. William R. Miller, 48, a cab driver, of 1215 Starkweather, was backing out of a driveway on Magnolia, when James H. King, 51, of 528 Magnolia, started backing out of his driveway — just across the street. The two cars collided. Neither driver was given a ticket when police failed to decide who was to blame.

one been even closer than the nine Army volunteers who two weeks ago underwent the blast without harm in a trench one and one-half miles away. The Department of Defense labeled the project top secret and refused even to divulge the volunteers' names. All that was known was that they decided for themselves how close they would be and were under 45 years of age. The brilliant flash momentarily blinded observers on Mt. Charles-

BOW OF HOPE — This picture taken by US Army Capt. Edward Plummer in Nov. 1951, is symbolic of what many people today hope and want to believe will be true, that the pot of gold at the end of the rainbow will be the successful termination of the armistice talks at Panmunjom. By coincidence, the insignia of "Freedom Village" which houses facilities to care for returned UN personnel, is also a rainbow. (NEA Telephoto)

'Impressive Development' ...

UN Agrees To Confine Talks To Truce Village In Korea

UNITED NATIONS, N.Y., April 18—UP—The United Nations general assembly gave its unanimous approval Saturday to a Korean resolution, but the United States cautioned that "it remains to be seen" whether the Communists really want peace at Panmunjom. U.S. Ambassador Ernest A. Gross hailed the unanimous agreement on confining the peace talks to the truce village as "an impressive development." But he said "it remains to be seen whether this action warrants the hope and optimism that has been engendered by this vote and by some recent Communist statements."

Work On Traffic Light System May Commence Monday

The city late Saturday morning was still toying with the idea of starting work on the extended traffic light system tomorrow despite lack of several important parts. Failure of the manufacturers to deliver two controllers has been the principal cause of delay. Much of the work could have been completed by now, but the long interval between stopping work and resumption while waiting for the controllers would keep the intersections torn up too long. The intersections to be controlled in the \$4,800 contract are: N. Hobart and W. Foster; N. Somerville at its intersection with W. Foster, W. Kingsmill, and W. Francis.

Population Estimates Show 20,020 Residents In Pampa

Pampa's latest estimated population figure has again scooted above the 20,000 figure. The latest estimate, made Saturday by the city engineering department, is 20,020. This figure is based on the 5,500 water meters now registered in the water department office. Director of Public Works Ray Evans said the estimated figure was arrived at by using the federal census average of 3.64 people using every water meter in town.

ton, 35 miles from the detonation point on Yucca Flat. It lit down- town Las Vegas, 65 miles away, like daylight and the flash was sighted faintly 850 miles to the northeast in Montana and plainly 300 miles to the southwest in Los Angeles. A San Bernardino radio station 20 miles south of the site reported the explosion rumbled "like thunder" and awakened residents at 6:35 a. m. c.p., approximately the time it would take the sound to

Warns Plan Not A Sign Of Weakness

WASHINGTON, April 18—UP—Secretary of State John Foster Dulles confidently told Russia Saturday night that growing Allied strength has ended its hopes for world enslavement, and he challenged the Communists to enter "the mansion of peace" opened by President Eisenhower. In a major foreign policy address before the American Society of newspaper editors, Dulles said the way has been cleared for the Communists to "end a black chapter of distrust and open a bright new chapter of peace and goodwill" throughout the world. But he bluntly emphasized over and over again that the Kremlin leaders should not mistake Mr. Eisenhower's total peace plan for weakness. "Not Dangling Tunes" "We are not dancing to any Russian tune," he said. Then he outlined a new long-range program—encompassing perhaps up to 20 or 30 years—to make aggression should the Soviet leaders spurn all of Mr. Eisenhower's "total peace" program. The administration, Dulles said, has discarded a "spasmodic approach" to building up the strength of its North Atlantic treaty partners. Its new program will provide Europe with "substantial insurance against being overrun by Soviet attack."

Freeze Hits Pampa Area

Pampa's mercury dropped to a chilly 26 degrees Saturday as a severe spring storm dumped snow from Kansas to New York, touched off dust storms over the western plains and sent tornadoes whistling through the South. Here at home, temperatures crept up only as high as 46 degrees and then began slipping downward. Elsewhere in the Panhandle of Texas it was likewise, so far as the mercury was concerned. Dahlhart hit the low of the state with a numbing 21 while Amarillo never could get above 48 Saturday. Presidio, as usual, was way up the ladder with a blistering 95. The late spring cold front, spawned in Canada, sent its frosty breath over all of Texas last night and the Dallas Weather Bureau predicted freezing weather for early Sunday morning.

Elks Expecting 5,000 At Circus

The circus will be in town Monday and local Elks who are sponsoring the show can already count on at least 5,000 persons attending one of the two shows. The Elks Club will put on their show in Recreation Park at 3 p. m. with a second performance slated at 8 p. m. Proceeds of the circus will go to the Elks Crippled Children's Hospital in Ottine, a suburb of Houston.

'Needless Luxury' ... Presidential Yacht Placed On Inactive Status By Ike

AUGUSTA, Ga., April 18—UP—President Eisenhower ordered Saturday that the presidential yacht USS Williamsburg be put into mothballs because it is a "symbol of needless luxury." The announcement indicating that Mr. Eisenhower would be strictly a landlubber in his spare time was made during his golfing vacation here by Press Secretary James C. Hagerty. "The White House believes the Williamsburg is a symbol of needless luxury in a budget which the administration is trying to cut as hard and fast as it can," Hagerty said.

The Navy was so hopeful the President would continue to use the ship that it was put into Norfolk Navy yard for reconditioning last March at a cost of \$60,000. The Williamsburg had been the delight of Harry S. Truman, who used her during his presidency for everything from overnight cruises on the Potomac River to long voyages to Bermuda and Key West. The ship frequently served as a floating headquarters house for the Truman staff during his vacations at Key West. The Eisenhower staff said all of this cost about \$600,000 a year. Mr. Eisenhower will continue to use his Constellation, the Columbine, which the Air Force estimated cost about \$300 an hour to operate. Mr. Truman also had a private plane, the Independence, in addition to the yacht.

Marines 'Seize' Atomized Beachhead

In the first helicopter atomic maneuver for the Marine Corps, some 2,200 lightning-bolts—200 of them in 40 Sikorsky helicopters—mopped up an "enemy position" still radioactive from a pre-dawn blast so powerful it was heard 250 miles away. The helicopters leap-frogged their cargoes of fighting men over advancing ground troops to positions little more than a mile from the completely disintegrated 300-foot tower atop which the Atomic En-

ergy Commission detonated a top-secret nuclear device at 6:35 a. m. Another super-secret part of the test was six Marine and six Army officer volunteers in six-foot-deep foxholes, somewhere in advance of the trench positions held by the Marines troops two and one-third miles from Ground Zero at Deton- ation time. The military and the AEC refused to disclose how close these "human guinea pigs" were to Ground Zero, indicating they might

have been even closer than the nine Army volunteers who two weeks ago underwent the blast without harm in a trench one and one-half miles away. The Department of Defense labeled the project top secret and refused even to divulge the volunteers' names. All that was known was that they decided for themselves how close they would be and were under 45 years of age. The brilliant flash momentarily blinded observers on Mt. Charles-

NEWSBOYS TO PALO DURO — Newsboys from Pampa, 25 in all, spent the day in Palo Duro Saturday after leaving here about 8 a.m. The group of Pampa Daily News carriers was given the trip Saturday and will see the circus Monday for circulation work done during the past month. Each averaged 15 new subscribers for the period. Of the 25, there are four from Ledor, one from Canadian, and three from McLean. The remainder are Pampa carriers. A horseback trip through the park was given 14 of the young newsboys. (News Photo)

Prolific Irishman Disproves Belief About Decline In Love

NEW YORK, April 17—UP——He's got a tin ear." Eugene Patrick McNulty was giving the Throng's Neck neighborhood of the Bronx who grew up to be one of the world's most prominent radio entertainers, is doing his manful best to fix what some folks are a faithful decline of love among the Irish.

He's been married five years has four children, and wants to have at least 10.

What's more, he's responsible for transplanting a sizeable chunk of Irish population from the Bronx to Hollywood, where he hopes the rock will take root and spread at a happy rate.

The transplanted ones are his mother and father (both, naturally, natives of Ireland) and their six children and 14 grandchildren. The whole brood live within a five-minute drive of Eugene Patrick, who in 14 years in Hollywood has risen to world prominence via radio, movies, and television as a brash Irish tenor whose stage name is Dennis Day.

Holiday Family Dinners

"We all get together at mom's for a family dinner on holidays," he said, "and there's so many of us here we have to eat in shifts. On St. Patrick's Day we have our own little parade. Sometimes mom plays the accordion and the rest of us go into a jig—all but pop, that is."

St. Paul To Host Meeting Of MYF Monday Night

St. Paul Methodist Church of Pampa will host to a sub-district Methodist Youth Fellowship meeting Monday at 7 p.m., announced the pastor, the Rev. Edwin Hall.

An estimated 150 youths will be on hand from six participating churches for the Hobo Picnic party.

Following the picnic, sub-district officers will be elected and installed.

Dr. J. Edmund Kirby, Pampa, Methodist district superintendent, will conduct the installation ceremonies, while the Rev. W. A. Griffin of the Wheeler Methodist Church will deliver the evening devotional.

Churches to be represented are St. Paul, Hurray, and the First Methodist Church, all of Pampa, Miami, Ledor, and Canadian.

On Sundays on the Benny Radio Show he's a silly-kid type. But he has no trouble making the change.

Coming up Saturday night—for the first time on any stage—his mom and pop will be on the television show with him, playing Mr. and Mrs. McNulty, Pop, 71, a former furnace man at the Bronx county building, will just sit. Mom, 62, will play the accordion.

JACOBY ON BRIDGE

Endolay Is Worth While Knowing

By OSWALD JACOBY
Written for NEA Service

A conservative player might fail to reach a game in today's hand, but most experts would consider it well worth a play for 10 tricks. Since Murray Schmees, of Kew Gardens, has been a well-known bridge expert for many years, he bid the game like a fish and easily found the winning line of play.

West opened the door of diamonds and East took the ace and returned the suit. Schmees naturally came up with the king of diamonds and looked for a way to limit the loss to three tricks. It was obvious that the club finesse had to be taken sooner or later, and since entries to the South hand were rather scarce, he decided to try this maneuver at once.

When the finesse of dummy's jack of clubs held, Schmees returned to his hand with the king of hearts. West's spade discard made it evident that East would

sooner or later take two trump tricks. Since East had already taken the ace of diamonds, declarer could afford to lose no other tricks.

Not at all dismayed by this unfortunate turn of events, Schmees finessed dummy's queen of clubs and cashed the ace of clubs in order to discard a diamond. He next led dummy's last club.

East dared not ruff, for then South could happily discard the low spade at no cost. East therefore discarded his last diamond, and declarer ruffed. South entered dummy with the ace of trumps and led a diamond back.

After ruffing the diamond, Schmees led a trump and allowed East to take his two trump tricks. At this point East was down to his two spades. He led the ten

Divided Travel In McLean Now As Hwy. 66 Is Opened

McLEAN Special — Highway 66 travel is divided through McLean today after the double strip was officially opened through the south — county town Friday morning.

With the opening of the new lane, McLean becomes the first town in Gray County to have one-way streets.

The two lanes of the four-lane highway divide at the city limits, with eastbound traffic taking the

Gray Soil Judges Have Good Record

Gray County's soil judging team is preparing an impressive record to take with them to the state contests in June.

The latest honors were gained in Lipscomb Friday afternoon when the four entered along with approximately 40 Future Farmers of America and 4-H Club members from over the northeast. Pennington, capped four of the top six places in individual competition.

Lee Ledrick took first place, Doyce Carruth won third, Michael Price was fifth and David Miller won sixth prize. Ledrick, son of Mr. and Mrs. Lee Ledrick, was awarded \$25 and Carruth, son of Mr. and Mrs. Clyde Carruth, won \$10.

Had competition been on a team basis, the Gray County entrants would have been awarded first.

The group gained a place on the state contest roster by taking first place as a team in the district contest at Wellington.

The state meet is to be held at Texas A&M College in College Station.

Limestone is used in the steel industry as a slag forming material.

Truman Puts Business on 'Free Enterprise' Basis

WASHINGTON, April 18—UP—The Truman administration is making a business back on a "free enterprise" basis as fast as it can, according to a statement made almost a dozen days ago.

The administration wants to keep voluntary rent controls available until at least Sept. 30 and mandatory rent controls in most "critical defense areas" for another year.

Materials controls—all are slated to go on June 30, except on steel, copper and aluminum for military and atomic requirements and allocations of a few strategic and critical metals. (However, this plan was formulated under the Democratic administration.)

3. Reconstruction Finance Corp.—A \$1 million ceiling has been placed on RFC loans. House Speaker Joseph Martin has said the President and Congress will let the RFC's lending authority expire June 30, 1954, and let the agency die June 30, 1956. Treasury Secretary George Humphrey is said to favor a bill to kill the agency next Jan. 1.

4. Atomic Law Changes Proposed—Atomic energy—The Atomic Energy Commission has a drafted proposed changes in the atomic energy act to provide for wider private industry investment in atomic power developments. (This work was started under the Truman administration and is being carried on by the Republicans.)

5. Tidelands—The administration supports legislation to give coastal states title to submerged offshore lands and their oil deposits.

6. Rubber—The President has asked Congress to let him sell to private industry the 29 plants in the federal synthetic rubber industry.

7. Inland Waterways Corp.—Works has offered to sell this federal barge system on the Mississippi, Missouri and Wagon Rivers.

Pampa Dramatists Win TIL Awards

Pampa High School dramatists coached by Miss Billie Hutchings hold a superior rating and have a second-place award after taking part in the Inter-scholastic League one-act play contests in Canyon Friday.

Four schools, Pampa, Plainview, Amarillo and Borger took part in the contest which saw approximately 35 high school actors and actresses in the four cuttings from full-length plays.

First place and a superior rating was won by Amarillo High School. By virtue of its win in Canyon, Amarillo will represent the district in regional competition in Lubbock next Saturday.

One of the Pampa group of six won top actress award. Rochell Smith was judged the best performer from participants in the four plays.

In addition, two other Pampa students, Ann Jordan and Jerr Bray, were named to the six-member all-star cast.

Other Pampa students cast in the Shakespeare farcial comedy, "Twelfth Night", were Dwayne Kuntz, Jean Martindal and Norma Qualls.

Crew members included Sall Cobb, sound effects; Robert Perkins and Kenneth Van Sick lighting; Dolores Drake, costume; Leroi Baker, Dick Millsap and Gary Frasier, stage crew.

Big travelers, be seated!

This is an invitation to you who need and like room when you travel—and are wondering where to get it.

This is an invitation to take your ease in a sampling of the 1953 Buick SUPER Riviera Sedan.

Talk about room (and you will!)—here is the roomiest six-passenger sedan made in America.

Here you will find headroom, hiproom, legroom and kneeroom so generous—big people beam.

The tall, the portly—and the in-between—they can all spread out and stretch out, and really feel unfettered.

But the marvel of this Buick roominess is the wondrous ease of handling that goes with it.

The world's newest V8 Engine is one reason—an engine so compact it permits a chassis with short turning radius, wider front tread, easier steering, better balance.

Twin-Turbine Dynaflo* with its dazzling new getaway and silky smoothness is another. Power Steering* is still another.

The thing to do, of course, is to visit us and try one of these great Buicks for room, for ride, for power—and for sheer comfort and pleasure. Why not make it soon?

Keep Cool on Hottest Days
BUICK AIRCONDITIONER
Available Now!

Forget even scorching climate with this truly practical air-conditioning unit—available now, at additional cost, for 1953 SUPER and ROADMASTER Riviera and Sedan models. Set it once and it holds the comfort level you select as long as it's turned on. Directs clean, cooled air to all corners of the car. Provides individual passenger control of air flow. No unhealthy over-chilling.

Ask for a demonstration today.

THE GREATEST
BUICK
IN 50 GREAT YEARS

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

One of Texas' Five Most Consistent Newspapers

We believe that one truth is always consistent with another truth. We endeavor to be consistent with truths expressed in such great moral guides as the Golden Rule, the Ten Commandments and the Declaration of Independence.

Should we, at any time, be inconsistent with these truths, we would appreciate anyone pointing out to us how we are inconsistent with these moral guides.

Published daily except Saturday by The Pampa News, Atchison at Somerville, Pampa, Texas. Phone 444. All departments. Entered as second class matter under the act of March 3, 1879.

SUBSCRIPTION RATES

By CARRIER in Pampa 20c per week. Paid in advance (42c per copy) \$2.50 per 2 months, \$7.50 per six months, \$12.00 per year. By mail \$10.00 per year retail trading zone, \$12.00 per year outside retail trading zone. Price for single copy 5 cents. No mail order accepted in localities served by carrier delivery.

Historic Decision

"Congress shall make no law... abridging the freedom of speech or of the press; or the right of the people to assemble and to petition the Government for a redress of grievances."

So states the First Amendment to the Constitution. This is the guarantee that we may say and print what we believe to be true, and that in addition we have the right to attempt to convert other people to our ideas — in other words, to influence public opinion.

Even so, a general statement of principle no matter how unequivocal is subject to interpretation when a specific instance is involved. A case which was just decided by the Supreme Court — and which may have historic significance — is in point here.

In 1950, a House of Representatives committee conducted an investigation of lobbying. Among the witnesses summoned was Dr. Edward A. Rumely, executive secretary of an organization known as the Committee for Constitutional Government. This organization had published and sold books which were extremely critical of New Deal philosophies, policies, and acts. Dr. Rumely was ordered to disclose the names of people who had bought books to the value of \$500 or more. He refused. The House, by a narrow vote which generally followed partisan lines, cited him for contempt of Congress. He was found guilty in a Federal District Court and sentenced to a \$1,000 fine and a six-months prison sentence, the latter being suspended.

Dr. Rumely appealed, and the U. S. Circuit Court of Appeals reversed his conviction, citing the First Amendment. The Government then took the case to the Supreme Court.

A short time ago this court of last resort held, by a 7 to 0 vote with two justices not participating, that Dr. Rumely was not guilty, on the grounds that the resolution under which the lobbying committee acted did not empower an investigation into publishing activities. But Justice Douglas, with Justice Black concurring, went much farther in a separate opinion. He dealt with the constitutional issue involved. Here, in part, is what he said: "If the present inquiry were sanctioned the press would be subjected to harassment, that in practical effect might be as serious as censorship... A requirement that a publisher disclose the identity of those who buy his books, pamphlets, or papers is indeed the beginning of surveillance of the press..."

"The finger of government leveled against the press is ominous. Once the government can demand of a publisher the names of the purchasers of his publications, the free press as we know it disappears."

"Then the spectre of a government agent will look over the shoulder of everyone who reads. The purchase of a book or pamphlet today might result in a subpoena tomorrow... The books and pamphlets that are critical of the administration, that preach an unpopular policy in domestic or foreign affairs, that are in disrepute in the orthodox school of thought will be suspect and subject to investigation..."

"If the lady from Toledo can be required to disclose what she read yesterday and what she will read tomorrow, fear will take the place of freedom in the libraries, bookstores, and homes of the land. Through the harassment of hearings, investigations, reports, and subpoenas government will hold a club over speech and over the press..."

Justice Douglas' opinion did not make many headlines. But it may be remembered long after some of the best publicized events of today are forgotten.

A Heavy Millstone

In his 1952 annual report, the president of the New York Stock Exchange said, "There is no doubt in my mind that the Capital Gains Tax has been the heaviest millstone weighting down the securities markets because the tax has destroyed to a large extent the mobility of capital which is essential to a free enterprise society."

It is probable that millions of people think that this tax is no concern of theirs, for the reason that they don't deal in securities or in other kinds of property to which the tax applies. That view is shortsighted in the extreme. For anything which discourages individual initiative and capital investment is bad for the country and bad for everyone who lives in it. And the Capital Gains Tax does exactly that.

The securities markets are as essential to the creation, growth and existence of business as steel and fuel and tools. Money is in itself a tool — a tool which makes possible the purchase of all the other tools. Millions of typical Americans have invested a part of their savings in industrial securities, and our unequalled economic machine is the result.

Sentiment is now strong for eliminating the Capital Gains Tax, at least, making it less burdensome and destructive. The nation will benefit greatly when that is accomplished.

BETTER JOBS

Can Gift Or Forced Wages Raise Wage Levels?

A great many people who have not thought the matter through as to what causes real wages levels to rise, quite often give the late Henry Ford a great deal of credit for establishing a minimum of \$5. Some of these persons seem to believe from the way they talk that a minimum wage helps workers "buy back" what they produce and that if we didn't have a gift or forced wage established by labor unions that workers would not "buy back" what they produce and that this would cause unemployment.

Of course when Ford gave a minimum wage he did not give it promiscuously to everyone. His higher minimum wage enabled him to select more efficient men who could produce more. It is doubtful whether his minimum wage cost him any more per unit of production than other employers with lower day wages. But unit costs are all that an employer is interested in.

This was one of the errors of Ford and it was just about as practical and resulted in just about as much good as Ford's peace ship during the first World War. The intentions were good, but the results were not what Ford thought they would be. If Ford thought he could buy loyalty he was mistaken. Remember the labor unions did not consider his minimum or gift wage when they were demanding a forced wage and a union shop.

The labor unions of course work this a little different. They have an arbitrary forced minimum, but they insist on seniority and-or that they have the right to select the employee for the employer. Thus the employer does not get the benefit of getting the people who are the most efficient workers.

It seems that both these who believe in a gift wage and a minimum wage set by law or by labor unions believe that there are good for the working man as a whole. The facts of the matter are that instead of helping raise wage levels and thus being good for the workers as a whole, they keep wage levels from increasing as rapidly as they would if all wages were established on a competitive basis.

In the case of a gift wage where the employee gets more than he could get on a competitive basis, then the employer has that much less profit or the consumer pays more. If the consumer pays more, then of course his real wages are reduced. If the employer has that much less profit, then there will be less money invested in tools. When there are more efficient tools, then employers have to compete with other employers to get workers to operate these tools. This competition among employers for employees raises wage levels because the employee is able to produce more and his wage level raises. The same thing applies when forced wages reduce profits, because there is less capital invested in tools so workers have to work with poorer tools and thus produce less and thus are paid less.

What too many people fail to realize is that profits have to be reinvested and distributed in order to benefit the owner. He might even lose the profits, but the borrower, if he is a good risk, will invest it in tools and thus increase the demand for labor at better wages.

Those who believe in gift wages or forced wages do not seem to realize that there is a natural law that governs the way wage levels can be increased and this law is just as immutable as the law that governs the celestial bodies. It cannot be changed by wishes or by coercion or force.

The sooner people realize what causes real wage levels to increase the happier we will all be and the higher our standard of living will be.

The Doctor Says

By EDWIN J. ... M.D.

UNFORTUNATELY is the person who suffers from recurring headaches. Such as example is I.D., who writes, "What, if any, is the cause and remedy for those horrible headaches which come on suddenly at the back of the head? After they have subsided that spot in my head remains sore to the touch. It is always worse on the left side than on the right. What does this suggest?"

There are, it must be recognized several kinds of recurring headaches. Some of them are labeled migraines, and some of them are on an emotional basis and in still others additional causes are recognized.

It is now believed, however, that most headaches are associated with changes in the circulation of the blood vessels in the brain, though the cause differs from person to person.

In I.D.'s case the fact that the headaches are largely on one side suggests migraine, a condition the origin of which is still somewhat shrouded in obscurity.

So far as remedies for migraine are concerned, there are drugs available which often can shorten or halt an attack if they are given at the earliest possible moment. These drugs, however, are powerful and are not without danger, so they should be taken only under careful supervision.

In general, severe or repeated headaches are difficult diagnostic problems. The complete history of the attacks, the kind and location of pain, and the preceding symptoms, if any, must be studied.

National Whirligig... Italian Election Will Serve As Test Of Red's Peace Offensive

By RAY TUCKER

WASHINGTON — The first major test of the effect of Moscow's current peace offensive on European nations will be staged on June 7, when the Italian people elect a new Senate and House of Deputies. Malenkov is banking on Comrade Pietro Nenni, Italian Communist leader and a recent visitor to the Kremlin, to roll up a vote that will increase Soviet power in this key Mediterranean area.

Washington is equally interested in the outcome, for the Reds are stronger in Italy than in any country outside the Russian orbit. They have 178 members in the House, as against 301 government supporters and 109 from scattered parties. In the Senate, the division is 118 rightists and 112 Russian sympathizers. Fascist strength is significant.

Despite the Eisenhower-Dulles center, the administration is not acting openly to influence the vote, as it did in the 1948 elections. In that year, Americans of Italian origin were asked to write to relatives back home, and to beg them to vote anti-Communist. These letters proved to be effective campaign documents resulting in a repulse of the Red threat.

Moscow propagandists, however, have raised the cry of "American domination and imperialism" more violently than ever before. As a result, U. S. State Department experts on Italian affairs counsel a hands-off policy. But the Italian government and the Vatican issue periodical warnings that Malenkov's gestures are designed only to weaken the West, and that voters should reject Nenni's ticket.

Concern Here

Several factors underlie concern over possible Communist gains. Although unusually ineffectual, the Italian electorate is deeply moved by fear of Russia. If it has been lulled into lack of suspicion by Malenkov's tactics, it may not respond to urgings for a large, anti-Red turnout. The Reds, of course, will drive their followers to the voting booths.

Government forces have indicated definite worry. Amidst parliamentary fist fights, they drove through a new election law to insure a rightist triumph. It provides that any party or coalition obtaining a 50 per cent popular vote shall command a 65 per cent representation in Parliament. It

also provides that any party or coalition obtaining a 40 per cent popular vote shall command a 50 per cent representation in Parliament. It also provides that any party or coalition obtaining a 30 per cent popular vote shall command a 40 per cent representation in Parliament.

A complete physical examination should be made. The sinuses need to be eliminated as a cause and so do the eyes. Special tests may have to be used in order to find out whether the headaches come from a local relaxation of the blood vessels.

The treatment of any type of severe headache involves two steps. The first step is to try to relieve the immediate difficulty as rapidly as possible. Certain types of headaches, especially the so-called "billious" type, can often be relieved by simple pain-killing drugs, like aspirin. The more severe varieties may go on in spite of any drugs given.

Success Secrets

By ELMER WHEELER

R. E. Hoffman of Evansville, Indiana, sends in this story. Artificial flowers are gaining in popularity over the nation. Alene Hersman is the person who is largely responsible for this popularity, especially on the West Coast. There, her fibre and floral supply company is doing a flourishing business supplying the fibre and other materials from which the flowers are made.

The fibre is the big reason for the success of the business. It comes from a Formosan tree, and is well adapted to making fine, good-looking artificial flowers. Alene found an importer who worked on the fibre, making it pliable and coloring it. She bought a supply and went to work.

When the family partnership that Alene had formed proved to be a good thing, she hired a businessman to set up distribution in twelve western states. So a chain of privately owned and operated shops, exclusively supplied by Alene, was established.

At present there are about 80 of these outlets. These permanent, decorative flowers, made from the fibre, wire and artificial leaves, are easy to make and look very real.

They must, for recently one of Alene's customers slipped an artificial rose into a flower show. It won second prize in the event.

Alene's story is another example of success earned from an idea and hard work. A good thing pays off if you stick with it.

BID FOR A SMILE

A suburban couple sent their eight-year-old daughter to nearby rural school. Not only was it handy, but they felt it gave their child an opportunity to meet country children and thus learn more about the otherwise might at a city-suburb school. Consequently they were delighted when the little girl was invited by a school friend to spend the night out in the country. Next day the parents asked about her impressions of country life, and a "prize-winning" answer came: "It's wonderful!" exclaimed the youngster. "They have a television set and a 'prize-winning' Times. The Kiplinger Magazine."

When Columbus started out he didn't know where he was going; when he got there he didn't know where he was; when he got back he didn't know where he had been—and he did it all on borrowed money. What a politician he would have made!

★ EDSON IN WASHINGTON ★

Smarter U. S. Officials Are Shy Of Reds' Truce Offers

By PETER EDSON

WASHINGTON — (NEA) — Instead of looking for the silver lining in the cloud of confusion created by Chinese Communist offers to exchange sick and wounded prisoners of war, the smarter American officials are looking for the catch. "Once bitten, twice shy," seems to be the policy.

The United States and the United Nations bit once, in the spring of 1951, on a Communist offer to negotiate Korean cease-fire. Dr. Sigman Rhee, the Korean president, warned that it was a trap. Nobody paid any attention. But Dr. Rhee was right.

The Communists used the long and bitter two years of negotiations to build up their military strength in Korea and dig in. The war could go on endlessly at its present tempo, assuming both sides are willing to stand the strain. So now the Communists again talk of being willing to conclude a cease-fire agreement. Their terms mark acceptance of an offer they rejected last October, when the U. S. State Dept. was suspended.

It must be careful not to fall for the Communist proposal. Premier Chou En-lai's proposal says specifically: "... we by no means relinquish the principle of release and repatriation of war prisoners after the cessation of hostilities... nor do we acknowledge the assertion of the United Nations command that there are among the prisoners of war individuals who allegedly refuse repatriation."

So the Communies are really offering to give up nothing. Politicians cheer. But again the wishful thinkers grab at peace propaganda as though it were something real. The story in Washington there is great cheer among politicians who see in a cease-fire the opportunity to cut the military budget, cut taxes, bring the boys home in a hurry and so win the 1954 election.

Again President Rhee warns that this may be another trick. Again he declares that no settlement is agreeable to him that does not take the Chinese, disarm the North Koreans and reunite the country. Under his government, of course.

And so the world is brought sharply up against the realities of the situation. A cease-fire is necessary first. But it will settle nothing permanently, by itself.

This was emphasized by the visit to Washington of French Premier Rene Mayer. The communique issued at the close of his talk with President Eisenhower emphasized the "interdependence" of the Korean and Indo-Chinese wars.

On the surface, no two wars could differ more. In Korea is the United Nations against the forces and resources of North Korea, Red China and Soviet Russia.

The war in Indo-China is a civil war. Viet-Nam against Viet-Nam. The United Nations has nothing to do with this war. The question of Indo-China is not even on the UN agenda for discussion.

In spite of these differences, the two wars are past and present. The French view is that the U. S. French communique declares it to be the view of both governments that should the Chinese Communists take advantage of a Korean armistice "to pursue aggressive warfare elsewhere in the East, such action would have war in Indo-China cannot be set-off to bring about peace in the world."

French Field Talks Settle Nothing. The French view is that the U. S. French communique declares it to be the view of both governments that should the Chinese Communists take advantage of a Korean armistice "to pursue aggressive warfare elsewhere in the East, such action would have war in Indo-China cannot be set-off to bring about peace in the world."

The terms of Chinese Communist Premier Chou En-lai's broadcast and message to the United Nations is the really important conference at a higher level" within three months after signing the armistice.

This is a really important conference. It is the really important conference at a higher level" within three months after signing the armistice.

When Columbus started out he didn't know where he was going; when he got there he didn't know where he was; when he got back he didn't know where he had been—and he did it all on borrowed money. What a politician he would have made!

After First Week In Office... No Major City Policy Changes Seen Under Administration Of Mayor Rose

By HENRY S. GORDON
Daily News Staff Writer

Can a car salesman be transformed into an efficient, smooth working mayor?

No one knows, but we're soon going to find out.

Today marks the end of the first week of Mayor Tom Rose's administration. Yet no major changes in city policy are in sight.

And, in all probability, there will be no changes from the old way of doing things under former Mayor C. A. Huff.

That is because under the city manager form of city government, it is the city manager who formulates the city's operating policy which is then approved or rejected by the city commission.

Content to Wait
And, the new mayor is in no frame of mind to take the bull by the horns in an attempt to undo everything his predecessor has done.

Being placed "in charge" of something is no new experience to Pampa's new chief, especially since he is the idea of having to cooperate with a group in order to attain a single end.

For his 34 years of living, the youthful mayor has had a busy career of success and failure in business, law, and education.

Boys at Chillicothe, Texas, during World War I (Jan. 15, 1918), Tom was just ripe enough for service in World War II.

And, that is where he got his first crack at being "in charge" or assuming administrative responsibility — he had 48 months of it.

On the business and finance side, the new mayor — trained for it in college and in actual life when he found himself heading up his father's automobile agency following the elder Rose's death in November, 1947.

The spirit of cooperation with others to attain a single goal was first learned in high school when he had to take his part — and carry his load — on the football and basketball teams, portraying the part of a Bolshevik in the senior play, singing in the boys' quartet and taking part in DeMolay and Hi-Y activities.

Studied Science
While still a high school student, Tom showed all promise of assuming his place in the scientific world, taking an almost total scientific course — biology, chemistry, physics, and the like.

But, after graduation — he doesn't know why — he changed his mind and decided on a business career.

That meant returning to high school for a post graduate course in English and business letter writing. From there it was Kenner Military Academy for one year, and finally Oklahoma University.

Tom's future mayor of Pampa laid aside extra curricular activities for study and work. He majored in finance and minored in business law.

Outside of the classroom his activities were self restricted to two fraternities — Phi Gamma Delta and The Bombardiers, a military fraternity for enlisted personnel of the R.O.T.C.

Coming through the battles of the Coral Sea and Midway as one and a half-tripster (lieutenant, junior grade) he was transferred to the Rest and Recreation Area at the submarine base in Honolulu as assistant to the officer in charge.

Following a tour of duty there, Tom reported back to Dallas for four months of flight training. After that he was sent to the ATB base at Littlecreek, Va. With the Navy's amphibious forces, he was given his own command as officer in charge at the training school for prospective commanding officers and prospective executive officers for LSMs (Landing Ship, Tanks) Flotilla 13 where he spent the remainder of his naval career.

Head of Business
By spring of 1949 he was back with his father in the automobile business and getting set to take his place in the community. Eighteen months later, Tom Rose Sr., his father, died, and Tom

was heading the Ford Agency in Pampa.

When the special congressional battles of 1950 rolled around, Tom found himself actively backing an old friend — Republican Ben Gull, who won the election in May over 10 Democrats only to be defeated in the November elections.

Ben had won Tom's admiration in high school when the former congressman was dramatics instructor handling the senior play "Dollars to Doughnuts." That was the play Tom played the part of a Communist — a Bolshevik as they were called then.

His first lick at public life came when he was appointed a member of the tax equalization board for the Pampa Independent School District, and served for two years.

Tom is a member of the Chamber of Commerce, Masonic Lodge, Khiva Shrine, Scottish Rite Masons, is working on his Knights Templar degree, is a 32nd Degree Mason, a Rotarian and serves as an usher in the First Baptist Church.

Has Three Hobbies
The new mayor has one child — Tom Rose III — and three hobbies, golf, hunting, and fishing.

But his leisure days have not all been spent hunting, fishing or golfing; he has used some of his time to visit at least 18 other states besides Cuba on sightseeing tours.

Modest to a degree, the conservatively natured mayor displayed his regard for former Mayor C. A. Huff when he sat in the mayor's chair April 11 just after being sworn in. He looked around, wriggled a bit, look up at Huff and said:

"This seat's kinda big for me, isn't it?"

His first commission meeting to reside over came last week. But he never made a move, even on routine matters, before looking officially at City Atty. Bob Gordon and City Manager B. H. Cruce to check himself out on the proper order of business.

MAYOR TOM ROSE — Shown here at his desk dispensing with business matters of the city of Pampa. Rose has been in office slightly over one week. (News Photo)

At the beginning of the last decade, Tom returned home after winning his bachelor's degree in business administration and became associated with his father in the local Ford agency. He married soon after getting out of college.

Navy Commission
The bombs landed at Pearl Harbor. Tom landed in the Navy as an ensign a few months later.

He chose the Navy commission rather than the Army commission he could have won.

The half-inch gold stripe of an ensign was hardly on Tom's sleeve when his mother died. He was granted a two weeks modification of orders the day he was to report to San Francisco. His first duty assignment was a structural materials officer with Patrol Wing 2 (PBW-2) and in a few months was assigned to the USS McFarland, a World War I four-stacker destroyer converted into an aircraft tender.

Coming through the battles of the Coral Sea and Midway as one and a half-tripster (lieutenant, junior grade) he was transferred to the Rest and Recreation Area at the submarine base in Honolulu as assistant to the officer in charge.

Following a tour of duty there, Tom reported back to Dallas for four months of flight training. After that he was sent to the ATB base at Littlecreek, Va. With the Navy's amphibious forces, he was given his own command as officer in charge at the training school for prospective commanding officers and prospective executive officers for LSMs (Landing Ship, Tanks) Flotilla 13 where he spent the remainder of his naval career.

Head of Business
By spring of 1949 he was back with his father in the automobile business and getting set to take his place in the community. Eighteen months later, Tom Rose Sr., his father, died, and Tom

was heading the Ford Agency in Pampa.

When the special congressional battles of 1950 rolled around, Tom found himself actively backing an old friend — Republican Ben Gull, who won the election in May over 10 Democrats only to be defeated in the November elections.

Ben had won Tom's admiration in high school when the former congressman was dramatics instructor handling the senior play "Dollars to Doughnuts." That was the play Tom played the part of a Communist — a Bolshevik as they were called then.

"This seat's kinda big for me, isn't it?"

Health Certificate Deadline Set May 1

Food handling establishments in Pampa may start renewing their health certificates today in order to meet the May 1 deadline, City Sanitarian L. E. West said.

All establishments handling food-stuffs must renew their health certificates each year by May 1 according to state laws, West said. Establishments affected are: packing houses, grocery stores, meat markets, cafes, clubs, drug stores, any other establishment which handles food by the package — wholesale or retail — or for consumption on the premises, or processing plants.

To Head Lefors School Board...

LEFORS (Special) — The Lefors School Board organized at a meeting recently and elected James Gotcher as president for the coming year. Maurice Upham was elected secretary and Ed Brock treasurer.

Members of the board are: James Gotcher, Maurice Upham, Ed Brock, Dick Williams, E. P. (Red) Brown, J. C. Roberts, M. F. Tibbits.

Brown, Gotcher, and Roberts were newly elected to the Lefors School Board, at the past election. Regular meeting of the board is the second Tuesday of each month, at 7:30 p.m.

EAT PLENTY AND TAKE OFF UGLY FAT

If you have decided to reduce, here is a way to do it sensibly, easily, and safely. Just go to your drugist and get a four-ounce bottle of Barcontrate. Pour into a pint bottle or jar and fill bottle with grapefruit juice. Then take two tablespoonfuls twice a day. The improved Barcontrate also contains appetite curb tablets which help to lessen the taste buds which lie on the surface of the tongue. Over four and a half million bottles of Barcontrate have been sold in Texas in nine years. There is no starvation diet or back-breaking exercises with the Barcontrate plan.

Weight and help you regain beautiful shape. Barcontrate is a great medicine. I have lost eleven pounds taking it.

Lost 75 Pounds
"I have lost about 75 pounds and regained my waist line eleven inches taking Barcontrate," writes Mrs. A. B. Henderson, 1509 Tudor Street, Paris, Texas. "I feel much better since I got rid of the excess weight."

11 Pounds Lost
Mrs. W. T. Burns, 743 Jackstone, Texas, writes as follows: "I think Barcontrate is a great medicine. I have lost eleven pounds taking it."

Pink-Eyed Squirrels Keep Reporter Busy

WASHINGTON, April 18 — UP—Squirrels really can fatten up a reporter's work sometimes.

At least this one did. And it could not have happened to a nicer guy than my friend, Edward K. Hobbs, Jr., who covers Washington doings for the Chicago Daily News.

Rad was busy putting one little finger after another to the typewriter when the phone rang. It was his eight year old daughter, Kate.

"Daddy," she said, "A squirrel fell out of the tree. It's all white and has pink eyes. What'll we do?"

"Feed it peanuts!"

"I'm busy, honey," said said. "Feed it a handful of peanuts."

"You'd better go home and get two more pocketbooks—there are two more of us!"

DON'T PAY THE RENT!
Ted and Johnny decided the rent's no higher to open the door at 5 a.m. When you want a fast Breakfast with plenty of good food and fresh Folger's Coffee, come to the Coney Island Cafe where you don't pay the rent!

FINE BUSINESS—After being given a choice of a \$2950 fine or 118 days in jail for traffic violations, Mrs. Leo Maggo, of New York, chose to pay. Here she leaves court with traffic official Saul Allen, who holds the \$9 parking tickets Mrs. Maggo ignored. It was the largest fine ever imposed on an individual traffic violator in New York.

**JOHNSON
★ IN HOLLYWOOD ★**

By **ERSKINE JOHNSON**
NEA Staff Correspondent

HOLLYWOOD—(NEA)—Excitively Yours: Van Johnson is ribbing himself and Hollywood in his return to singing and dancing in a night-club act which he unveiled in Las Vegas.

One of the smartest acts ever dreamed up by a movie star, Van's routines include a song number, titled, "Here I Am, Back Where I Belong." Sample lyrics: "Here's to little June Allyson, who made my life so delicious. But we were married so many times, even Dick Powell got suspicious."

Goody to Dr. Gillespie, so long to G.I. Joe.

Ta-ta to all the Men in White. It's my last 30 seconds over Tokyo.

Steve Cochran and Warner Bros. have called it a day.

Jane Powell's going on that personal appearance tour without Geary Steffan and Hollywood's betting she'll write finis to the

marriage before she returns. Yet Geary has just signed a fan magazine release okaying another one of those "happy" marriage stories.

Richard Jaeckel, who was divorced by his wife, Antonette, in February, is close to a reconciliation with her. "I love my wife, my children and my home," the young Dick told me on the set of "Sea of Lost Ships." "I'm doing everything possible to set things right."

Spoils The Effect

Marilyn Monroe's warbling of "Diamonds Are a Girl's Best Friend" in "Gentlemen Prefer Blondes" is the year's zippiest combination of hip flipping and yodeling. It's no secret, though, that choreographer Jack Cole taught her every movement for the number and Hollywood's howling over Tommy Noonan's quip: "It's a kind of heart-breaking to think she got all those movements from Jack Cole."

Ethel Waters has written this to her romance with Teddy Bregga and the engagement's definitely off.

Remember the heroic Marine who dragged Howard Hughes out of the flaming wreckage of an air crash? He's running a barber shop in North Hollywood close to Republic studio.

Donald O'Connor will rest his dancing feet and pull himself to-

gether emotionally this summer. It's his first free period in two years.

Latest trouble between Ruth Roman and Mortimer Hall could be serious. Very wobbly for April or any other month.

Paulette Goddard, cooking veal cutlets in a gypsy wagon for "Charge of the Lancers," ducked as she quipped: "Our theme song should be Wagon Veals."

Blushing And Aching

Tony Curtis is blushing. Lining up on the Rose Bowl field with a football team composed almost entirely of former All-Americans for U-I's "All-American," Tony heard one of them whisper: "Hey, Tony, you've got your helmet on backwards."

But he's also beaming over the way Producer Aaron Rosenberg and Director Jesse Hibbs, both ex-All-Americans from USC, plotted the football scenes to give them realism.

"We used real plays," Tony told me, "and Hibbs' instructions to the other team were, 'If you catch Tony tackle him—HARD.' Brother, I'm still aching."

Betty Hayden will get her interlocking decree from Sterling Hayden before the month is over.

Yvonne de Carlo denying the love-in-bloom reports: "Carlos Thompson and I have always been friends only. My heart belongs to no one at this point."

There's a buzz from Europe

**Wheeler Teachers
Attend Banquet**

WHEELER (Special)—Attending the annual county teachers' banquet held this week at the Shanrock school cafeteria were Mr. A. E. Brown, superintendent of schools, Wheeler, and Mr. W. Whiteside, principal of high school, Wheeler.

President L. R. Reeves, superintendent of Mobeetie schools, presided over the meeting. The time was used to discuss school legislation.

New officers for the coming year were selected: A. E. Brown, was elected the president, J. G. Dyer, secretary, Mrs. Buck Scribner, principal of Mobeetie, first vice-president, and Thomas Baker of Lela, second-vice-president.

Bill Long Overdue

KEOKUK, Iowa, April 18—UP—City library officials wondered Friday what to do about collecting an overdue library bill of \$423.40 on a book of John Keats' poems checked out in 1895.

The book was discovered among the possessions of a picnic grounds owner, Homer Brown, who died recently.

That Orson Welles and Charley Chaplin (?) are getting together to write and star in a movie, Orson, it's said, has talked to Julie Wilson in London about the feminine lead.

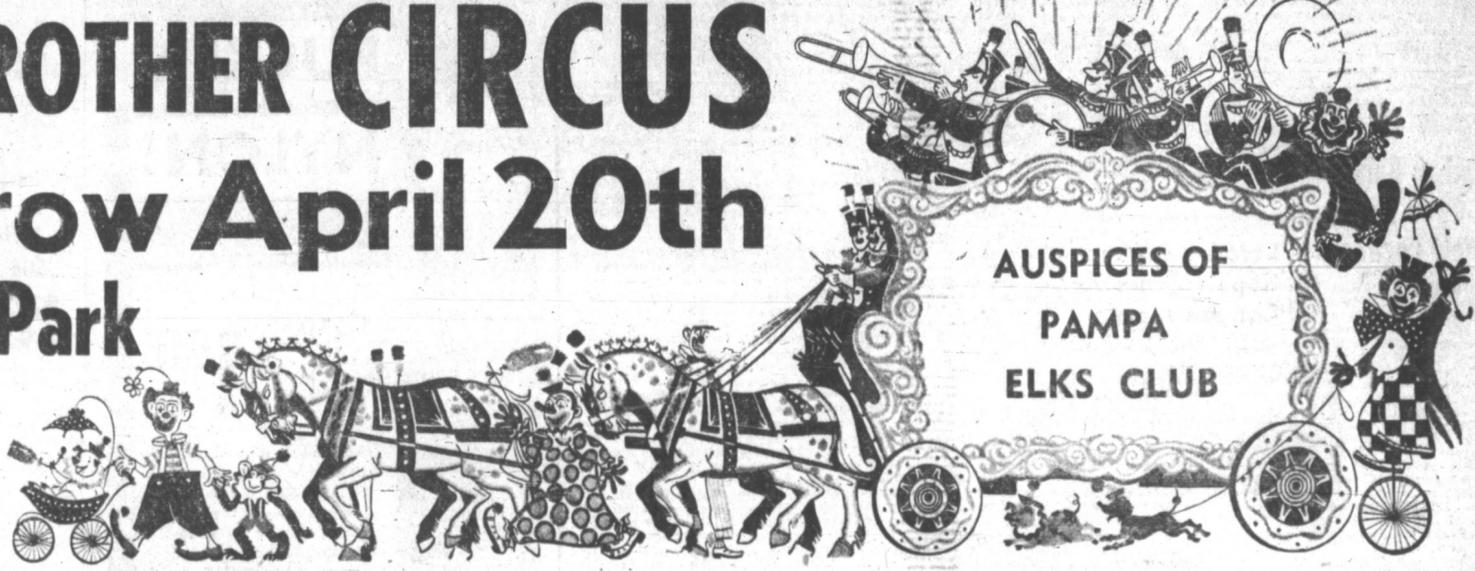

"Three feet from the curb! You didn't park that car, lady—you abandoned it!"

Panhandle Group Will Plan War Against Grasshoppers

Panhandle farmers, ranchers and businessmen will map strategy for all-out war on grasshoppers Monday in White Deer and Miami. Crops and pastures for the entire central Panhandle face serious grasshopper infestation, area egg counts reveal and immediate action will be needed to protect crops and pastures, farm leaders point out.

The White Deer meeting at 7:30 p.m. follows a session held in Borger a week ago. Miami's session is due at 2:30 p.m.

Six well-known entomologists have been invited to take part in meetings with discussions headed by John Landrum of the Federal Bureau of Entomology. He is to be assisted by Bill Spicer and Fred Reese of the bureau staff. Dr. Don Ashdown and E. L. Olin of Cleveland, entomologists assigned to PanTech Farms and Norris E. Daniels, entomologist from the Amarillo Experiment Station will also contribute to the discussion.

Chemical spraying by plane appears the most practical method for the overall battle against the grasshoppers which, it is estimated, would eat up all crops and pasture if not a fraction were hatched.

Landrum is to explain federal and state participation in insect

White Deer Wins With One-Act Play For Third Year

WHITE DEER (Special) — For the third consecutive year, White Deer has won the Area One-Act Play Contest. This is the third year the Area Contest has been in existence and is held in Borger each year.

Previously, only three districts have been represented, but this year, Dimmitt and Lakeview were transferred into the area.

Of the White Deer cast, Barbara Bentley, who plays Miss Jebb in "Gloria Mundi," the winning play, was named best actress. Many students from other schools were named on the All-Star Cast, but no list is available at this time to record their names.

The schools listed in order of their appearance were: Dimmitt High School, "Sunday's Child;" White Deer High School, "Gloria Mundi;" Mobeetie High School, "Pink and Patches;" Lakeview High School, "Afterwards;" and Stinnett High School, "Fog on the Valley." Other members of the "Gloria Mundi" cast are: Lyda Speaks, who plays Miss Blake; Dick Foose as Mr. Lloyd; Foose was named on the All-Star Cast at the District Contest; Alma Howard, as one of the inmates; Miss Dunn; Amy Durning, who was named on the District All-Star cast, plays another inmate; Mrs. Farnsworth; and James Huffines, Doctor Cartwell, who was named best actor in the District Contest.

The play is directed by Hobart McDonald, who is assisted by Philip Repentine, Dean Foose, Raymond Driskill, and Nancy Ford are on the technical staff. The cast will produce "Gloria Mundi" for Federated Clubs in Borger and for the Skellytown Parent-Teacher Association this week. Regional Meet will be held in Lubbock, April 25.

ELMO J. HUDGINS group president

All-Day Singing Slated Today At School Auditorium

Gray County singers will gather in Pampa this morning for the beginning of an all-day singing sponsored by the Gray County Community Singers.

The session will begin at 10:45 a.m. in Sam Houston grade school auditorium. Lunch is to be served at noon.

A number of out-of-town singing ensembles are expected, according to Elmo J. Hudgins, group president.

Included are the Stamps-Indian Quartet which is the noted Darby family from Lawton, Okla.; The Conn Brothers Quartet from Childress; Southside Girls Quartet, Elmer, Okla.; Leodus Vaughn Quartet from Amarillo; Roy McMillen and guest from Gruver; and the Sam Davis Trio from Foss, Okla.

The local Gospel Area will participate with a number of other singers expected including L. D. Huffstutler of Dallas who is currently teaching a singing school at the Pentecostal Holiness Church.

The singing school is to continue through Friday.

Phillips To Address Panhandle Jaycees

PANHANDLE (Special) — Speaker at the regular Jaycees meeting on April 27 will be J. C. Phillips, editor of the Borger News-Herald. Phillips will present "Perils of Communism in America." The organization will convene at 7:30 p.m. in the banquet room of the Texas Grill.

Thrift Service
TUPELO, Miss., April 18—UP—Jake Thrift, 78-year-old taxicab driver, says he has been transporting people for 35 years. He started with a horse and a "bright red buggy," has worn out 41 automobiles, and figures he has carried some 500,000 passengers a total of 3,000,000 miles.

"I'm your next door neighbor! Mind if I show you how to keep from playing off-key?"

Ray Evans Ends Public Works Post On Tuesday Night

Director of Public Works Ray Evans winds up his job with the city of Pampa Tuesday night when he will change professions and enter the automobile selling field.

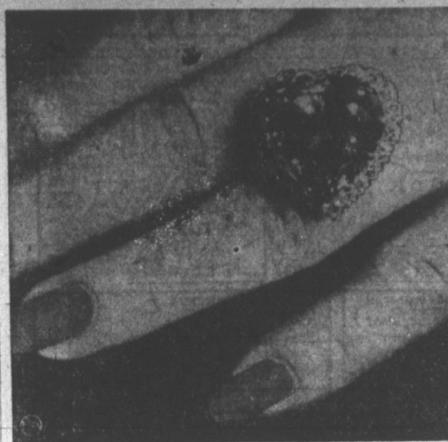

Evans has resigned as director of public works to take over as general sales manager for the Tom Rose Ford Co. after close to four years service with the city.

Mr. B. H. Cruce said he has received no applications for the job and has no successor in mind.

"Replacing Evans is not quite as easy as it may appear, since the prime qualifications of the job are that the man must be a registered civil engineer," Cruce said.

Most civil engineers are either in highly lucrative positions with private industry or in business for themselves, the city manager added.

The job of director of public works is mostly engineering work since it is the base or starting point of all city improvements and maintenance work.

BIG HEART—Said to be the third or fourth largest diamond in the world, this heart-shaped, deep blue gem is on sale in New York for \$300,000. Though the owner's name was not disclosed, the 31-carat sparkler is believed to have belonged most recently to a South American family.

New Teachers Named At Grandview School

Two new teachers will assume duties in Grandview school next fall.

Contracted this week end were Mr. and Mrs. F. M. Biddy who are presently teaching in Wheeler grade school. They have formerly taught in Mobeetie and in Donley County.

They are replacing Mr. and Mrs. E. H. Hendricks who have taught at Grandview for the past four years.

The school presently has 32 students.

Demonstration Set On Frozen Foods

Better nutrition, better-balanced menus and the freezing and packaging of practically all kinds of foods will be the subject of a frozen foods demonstration at the Pampa Junior High Auditorium Monday.

Conducted by Mrs. Sara Walls, well-known home economist, the demonstration will be held from 2 p.m. until 4 p.m. It is sponsored by the Joe Hawkins Refrigeration.

The demonstration is free, and the public is invited.

TRY THAT POEM AGAIN, NOT SURE IF I GOT IT ALL.

GIVE ME YOUR TIRE, YOUR POOR, YOUR Huddled masses yearning to breathe free, the wretched refuse of your teeming shore.

Send these, the homeless, tempest-tost to me, I lift my lamp beside the golden door.

HMM... WHERE'D YOU SAY YOU GOT THAT?

WELL, A NICE LADY NAME OF EMMIA LAZARUS WROTE IT-- BUT I GOT IT OFF ANOTHER LADY-- A OLD LADY, STANDING 'OUT IN THE BAY'... NIGHT 'N' DAY... A LADY CARRYIN' A BIG FLAMIN' TORCH.

I'M AFRAID YOU DOVERARE RIGHT-- HE'S CRAZY-- OF THE OL' WOMAN'S 'OUT IN THE WATER IN ALL WEATHERS' ARMED WITH A TORCH! HAH! A PYROMANIAC, NO DOUBT! A DANGER TO ALL.

NO! NOT A D' MAN! THAT CAN'T BE! SHE'S TALKIN' 'BOUT THE WOMAN I LOVE!

Jackson Twins

SEE, THAT WAS TOUGH TO TAKE WHEN THEY SAID YOUR ACT WASN'T SERIOUS ENOUGH, JUNIOR? AFTER ALL THE WORK YOU DID, TOO?

LET'S NOT TALK ABOUT IT ANY MORE, WIFFIE!

THANKS FOR THE LIFT HOME, WIFFIE!

HE WENT AROUND BACK, JUNI?

BUT YOU'D BETTER LEAVE HIM ALONE FOR A LITTLE WHILE!

Blondie

QUICK, PUPS QUICK! THERE'S A MOUSE IN THE KITCHEN!

FOLLOW ME-- COME ON, QUICK!

HEY-- NOT UPSTAIRS! I SAID DOWN IN THE KITCHEN!

MY HEROES!

Alley Oop

HERE IS A PLACE RESERVED, SIR.

WHERE?

HERE MY GOOD LORD, WHAT IS THAT MOVES YOUR HIGHNESS?

IT'S THE GHOST OF THE GENERAL THAT MURDERED... AND ONLY MAC CAN SEE IT!

YOU CANST NOT SAY I DID IT! NEVER SHAME THY GORY LOCKS AT ME!

GENTLEMEN RISE; HIS HIGHNESS IS NOT WELL!

SIT... MY LORD IS OFTEN THIS FROM YOU, KEEP SEAT.

AVE, AND A BOLD ONE THAT DARE LOOK ON THAT WHICH MIGHT APPEAL THE DEVIL.

Bo

DO YOU THINK IT'S FAIR TO THE SACCHARINE SOAP PEOPLE IF WE CUT SHORT THE VACATION TRIP? THEY'RE PAYING FOR!

WE'VE EARNED EVERY MINUTE OF THIS VACATION BY JUMPING AROUND LIKE PUPPETS FOR THEIR PUBLICITY DEPARTMENT.

AWHOOY ON 'EM-- YOU BRINGS THE DOGS, SON, AND MOTHER CAN LOOK AFTER KITTY-- WHERE IS SHE?

HERE KITTY, KITTY, KITTY--NOW WHERE IS THAT CAT? HERE KITTY, KITTY.

SOH--WE CAN'T LEAVE TILL WE FIND KITTY.

Buzz Sawyer

A WHAT? QUICK! (Guff, guff) SWIM TRUNKS!

SOMETHING SHAPPY! RED! BLUE!

OH, UM... YOU MEAN A BATHING SUIT, WELL... ER--UM... PEOPLE DON'T SWIM MUCH AROUND HERE, LET ME SEE-- GUESS THIS IS ALL WE HAVE.

OH, NO! I COULDN'T LET HER SEE ME IN THIS!

Chris Walkin

WHAT'S THE IDEA OF THE IRONS, BARNES?

NO STABS IN THE BACK WHILE I'M HUNTING CHRIS, CHUM!

NOW I HOPE THE INTERCOM SHORT WAVE REACHES HIM... AND THAT THE COMET NUCLEUS MISSED HIM...

ARE YOU OKAY, CHRIS? ANSWER ME... CHRIS!

Mutt & Jeff

Z-Z Z-Z Z

MUTT! MUTT!

QUICK! HAND ME MY GLASSES BEFORE I WAKE UP!

GLASSES? I'M HAVING A BEAUTIFUL DREAM AND THERE'S ONE OR TWO THINGS I CAN'T SEE CLEARLY!

THE DISTANCE PAIR, MUTT!

Bugs Bunny

BLAM!

Friselle's Pop

I'VE GOT A PRESENT FOR YOU, DEAR!

QUICK! WHAT IS IT?

THE LATEST THING IN LADIES' HOSE!

OH, DARLING!

IT'S MADE OF LIGHT PLASTIC... ESPECIALLY FOR LADIES!

THAT CLERK WAS RIGHT! A LADY CAN HANDLE IT EASILY!

OUT OUR WAY

YOU WOULD HAVE TO BE THE FIRST MOTORIST TO MAKE THE ROUND TRIP TO ROSEBURN AND BACK THIS SPRING.

IN THE GOOD OLD DAYS OF GAS BUGGIES, THE PRIDE OF SOME OWNERS CAUSED MORE TROUBLE THAN THE CARS THEMSELVES--

WHOA, NELLIE-- STEADY NOW-- I RECKON SHE PLUMS FORGETS 'BOUT THEM CONTRAPTIONS DURN THE WINTER.

OUR BOARDING HOUSE

WHERE'S YOUR TIN SPOOK? WE HEARD IT BLEN UP BUT THERE'S NO HOLE IN THE WALL!

DID THE MISSES CARRY OUT HER THREAT TO FLATTEN IT OUT FOR A COOKY SHEET?

HER VOICE HAD THAT RIGHT-SHOULDER ARMS TONE WHEN SHE SAID SHE HAD A JOB ALL PEELED AND IN THE KETTLE FOR YOU-- DID THAT MISS FIRE?

BAH! WITH YOUR MENTALITIES, WHY DON'T YOU PUT ON SHORT PANTS AND GET INTO A MOVIE HALF PRICE!

THEY THINK THE JUNK MAN GOT IT.

Steve Canyon

STEVE CANYON FINALLY GETS A PHONE LINE TO THE AIR FIELD.

WHATEVER THIS 'ATTACK' IS, IT'S PURELY LOCAL, PIPPER! NO OTHER REPORT IN THE ENTIRE DEFENSE COMMAND!

SUMMER WILL BE RIGHT IN THE MIDDLE OF THIS AT THE HOTEL AND JUST AS SCARED AS ANYONE! WE MUST GET TO HER BEFORE SHE PANICS!

BUT SUMMER HAS NOT PANICKED... WHEN SHE HEARD THE FIRST SOUNDS OF A RAID SHE MADE A LEAN-TO SHELTER OF THE TABLE--

I GUESS THIS IS IT!

ARE YOU KIDDING? NO, BUT SOMEONE ELSE WAS!

MRS. OLSON! IN THE HOTEL!

RED SPY! SHE LED THEM HERE!

Vic Flint

A CIGARET THAT SOMEONE TIERED OF SO WHAT?

I DON'T THINK IT'S QUITE AS SIMPLE AS THAT.

I TAMP MY OWN CIGARET OUT THERE-- NOW LET'S COMPARE THEM.

IT'S MY GUESS THAT A MINATURE EXPLOSION BLEW THE END OF THIS CIGARET OUTWARD.

LOOK AT MINE, IT HAS BEEN BENT AND CRINKLED BY THE PRESSURE EMPLOYED TO PUT IT OUT. THE END IS SMOOTH, NOT JAGGED!

Little Doc

OH-OH... THERE'S WASHLESS WALLY THE HAPPY HOBO!

WHAT'S WRONG, WASHLESS?

I'VE GOT THE HICCUPS... AND DON'T KNOW HOW TO STOP 'EM!

LET ME SEE-- THEY SAY A GOOD CURE FOR HICCUPS IS TO SHOCK THE PATIENT!

BOO!

Wash Tubbs

NELSON MAY NEED A BIT OF MINOR REPAIR WORK. EASY!

A LONG REST IN A QUIET JAIL WILL FIX BOTH OF THESE RED AGENTS UP OKAY, WASH!

WELL TIE 'EM UP TILL WE GET THAT DYNAMITE OUT O' TH' SUB. THEN TURN 'EM OVER TO AUTHORITIES ON THE COAST.

I SPOKE TO THE NEW SUPERINTENDENT ABOUT YOU, SAMU. YOU'LL HAVE A GOOD JOB WHEN YOU GET BACK!

[LATER, DOWN THE PEACEFUL MONOGI.]

Boots

WELL-- SURE I'M GLAD YOU SHOULD BE, DEAR.

IT'S GRAND THAT HANK IS GETTING ODD JOBS INSTEAD OF WASTING HIS SPARE TIME!

MEANS YAIN'T GONNA SEE SO MUCH OF 'M, HUH?

YOU'RE STUCK ON 'M.

WELL, DON'T YOU WANT TO GET INTO THE ACT, TOO?

R-R-R-R FFF

Mickey Finn

WELL, I HAVE TO ADMIT THAT IT LOOKS BAD, PHIL! IT DOES SEEM NOW THAT SHE'S BEEN PULLING THE WOOL OVER HIS EYES!

OF COURSE SHE HAS, SERGEANT! SHE EVEN TRIED TO DO IT AGAIN THIS MORNING-- AROUND SIX O'CLOCK-- TO TELL HIM THE GUY HAD ARRIVED!

AND SHE SAID SHE TRIED TO REPLY (HE'S WRITER HER, AND LARRY KING TO LAST NIGHT-- AROUND SIX O'CLOCK-- TO TELL HIM THE GUY HAD ARRIVED!) SHE'D BEEN SO NICE TO 'M IN SOUTH AMERICA!

CAN YOU IMAGINE THE NERVE OF HER? SHE CLAIMED MICHAEL WAS OUT-- AND THAT SHE ASKED PAM TO HAVE HIM CALL HER BACK!

PAM?

YES! AND YOU KNOW IF SHE HAD CALLED MICHAEL WOULD HAVE GOT THE MESSAGE! PAM IS AN EFFICIENT--

WAIT A MINUTE, PHIL! THIS-- AN-- KIND OF CHANGES THINGS! MAYBE SHE DID CALL! THERE'S SOMETHING 'BOUT PAM THAT YOU DON'T KNOW!

Freckles

Free Lance Wrestler is Proud That He Has Adopted American Citizenship

APPRECIATIVE WRESTLER—A wrestling, swimming and track & field star in his native Mexico City, Polo Cordova now is an American professional wrestler whose appreciation of his adopted country should put many a native American to shame. Having appeared last Tuesday night at Pampa's Southern Club for the third time, Cordova has some startling ideas on what to do with Communist sympathizers. (News Photo)

By ED NASH
Daily News Staff Writer

"Us foreigners — we realize the 'b' — 'a' of this country."
The "foreigner" talking is an American wrestler of Mexican extraction whose belief in the American story is as intense as his style in the ring is rugged. One of the favorites of Pampa wrestling fans, Polo Cordova, 33, of Los Angeles, will discuss one minute how "spoiled" many an American kid is and will climb into the ring the next to try and whip an opponent with his favorite hold, the "standing abdominal stretch."

And, in each case, mild-mannered, rough-looking Cordova knows what he's doing.

Born in Santos, Brazil, reared in Mexico City and graduated from college with a Master's degree, the touse - haired wrestler — with an earnest, sincere look in his eye — will tell you in all seriousness:

Elective Officials Postpone Meeting

The first scheduled meeting of county and precinct elective officials was postponed Saturday until next week due to the McLean Rodeo and the Legal Institute being held in Amarillo.

The monthly meetings, an innovation of County Judge J. B. Maguire, were started last month and the group then elected to hold them regularly on the third Saturday of the month.

Maguire and County Atty. Bill Waters were attending the Amarillo meeting while all but two or three of the county officials "journed" to McLean for the rodeo.

REID & CAMPBELL STREETS

Church of God
Rev. Geo. M. Bloomingdale, Pastor

that is in the United States. And that," he adds, "takes an understanding of things."

"Does he have any ideas of ever going back to Mexico to live? 'Oh my gosh, no,'" was the quick reply from the man who represented Mexico in the 1938 Central American games (placed third in hammer-throw and semi-finals in wrestling). "You get too spoiled here," he explained, simply.

Many Left and Returned

"You know," the wrestler-patriot continued, "I've been in places populated by foreigners and a lot of 'em had in their minds to make some fast dollars and go back to the old country and live a life of leisure."

"And now a lot of 'em are persisted they went back home and returned here; they couldn't get used to things there."

Cordova turns even more serious, and his brown eyes flash in the talks. "I've been in places where the Communists who were tried in New York and 'the lotta people who are always talking against the United States:'

"It's plain baloney," he exclaims. "Look at what the judge (Medina) who sentenced them to jail — they could go to jail or they could go to Russia — and everyone of them said he'd take jail."

This U.S. citizen of almost two years has a novel way of treating all those who think along the Red vein:

"Send 'em out of the country — let them work their way back in — in the hand — through all the red tape, the immigration quotas, the applications for citizenship, the visas — and then they'd feel different, they'd really appreciate America."

Hawaii, Not Alaska

And Cordova had some pertinent thoughts on the proposed admission of Alaska and Hawaii to the Union. "Hawaii," he figured, "will be the 49th state pretty soon."

"Alaska, that's a different matter because it's so close to Russia — losing a territory would not be like losing a state."

Obviously a man who likes what he's doing (for one thing, he travels 60,000-80,000 miles a year, in the California wrestler is vehement on the subject of "wrestling" being on the square."

Panhandle Essay Winners Awarded

PANHANDLE (Special) — John Hellmann, Panhandle High School senior, and Alberta Apel, sixth grader, will be presented an award of \$5 each as winners of the essay contest. "Why I Prefer a Democratic Form of Government," sponsored by the Fine Arts Club of Panhandle. The presentation will be made by Mrs. W. E. Thorn on April 24 in school assembly. The two winners will also receive a hand-painted china plaque made by Mrs. Gary Simms.

Second place winner was Clara Bednorz, eighth grader, and honorable mention winners were Margaret Randel, Glenda Tate, and Wayne Goodman, eighth graders.

Mrs. Simms and Mrs. Thorn eliminated several of the seventy essays entered before the winners were selected by Miss Clara and Every journalism instructor of White Deer High School. Second place and honorable mention winners will receive an award of \$1 each donated by individuals in the club.

The contest was one of several activities in which the Club engaged to merit the Americanism Award of \$10 given annually by the Seventh District of Women's Clubs. The award was received by Mrs. W. W. Evans, president-elect of the Panhandle Club at a luncheon given in Hereford in connection with the district convention Saturday. Also attending the convention were Meadames George Jeffers, T. M. Ciesek, Minor Simms, and Ralph Randel.

You Just Can't Win

LONGVIEW, Tex., April 18 — UP — Last Tuesday was E. K. Bennett's lucky day but he didn't know it.

On Tuesday night his name was called as winner of a \$100 prize at the E.K.s club meeting. But the winner had to be there. Bennett wasn't.

The same night his name was drawn as winner of a \$275 bank prize at a local theater. Same rules. Same result.

Legion Meets At Shamrock

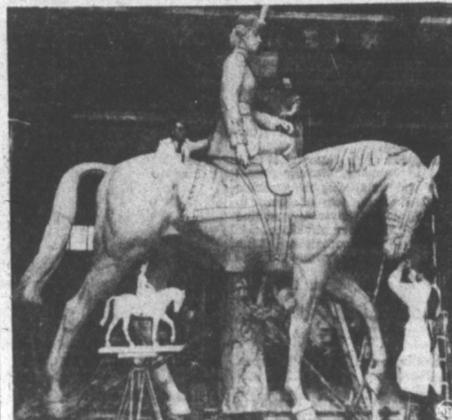

SHAMROCK (Special) — Registration for the two-day convention of the American Legion and Auxiliary 18th District Spring Convention opened at 9 o'clock Saturday morning. Shamrock hosts for the convention are W. A. Sims, commander of DeShazo-George Post No. 68; Shirley Draper, Chief de Gare, Locale Voiture No. 881; and Mrs. Lyman Benson, president of DeShazo-George Auxiliary Unit No. 68.

Today's (Sunday's) program opened with a breakfast in the Dixie Cafe Blue Room for commanders, adjutants, past commanders and service officers.

Among the guests at the breakfast were E. J. "Stonewall" Jackson, Cisco, commander of the 5th Division; Mike McCully, Clarendon, commander of the 18th District; Maurice Lane, adjutant of the 18th District; G. Ward Moody, Austin, department adjutant; Rev. Henry F. Selcer, Marshall, department chaplain; H. J. Bernard, national executive committee; and Roy E. Beard, Amarillo, Chief de Gare of the 18th District.

Commander Jackson was the speaker at the Legion's Memorial Service at 10 o'clock at the Shamrock Legion Home.

At the afternoon sessions, former State Senator George Nokes of Corsicana, and 18-year-old Howard

CORONATION SHOWPIECE—This almost-completed statue of Queen Elizabeth II in the uniform of colonel-in-chief of the Grenadier Guards will be the central piece of a West End London store's coronation display. Sculptor Frederick Mancini, center foreground, works on the bottom of the 14-foot statue, while Doris Linder, top, who made the two-and-a-half-foot model, left foreground, works on a detail of the Queen's uniform.

NEW PASTOR Arrives At Local Church

Moving to Pampa this week end were the Rev. and Mrs. Carrol B. Ray and their two sons, Carrol, Jr., 15, and Robert Price, 14. Rev. Ray has assumed the pastoral duties at the Central Baptist Church. He succeeds the Rev. O. C. Curtis, who will remain in Pampa while functioning as the Baptist missionary of District 10. The new minister moved here from Houston, where he served 10 years as pastor of the Emmanuel Church. Prior to that, he was at Clarksville for five years. Other churches he has served were in Laredo and Palacios. Rev. Ray is a graduate of Howard Payne College at Brownwood, and he attended the Southwest Baptist Seminary at Fort Worth. The Rays live at 514 East Browning. They have a 19-year-old daughter, Ann, who is a freshman student at Baylor University.

ion Picture Stars Form 3-Dimensional Group

WOOD, April 18 (UP)—A group of movie stars who all for 3-D movies have joined their own 3-D stills for four years. Harold Lloyd, ex-comedian, is the first to appear in a 3-D still camera. He is so enthusiastic he ordered an amateur 3-D camera in filmville. The club awards prizes for the best photographs, and the winners are as proud as if they'd walked off with an Oscar. Tyrone Power scored for a shot of an Indian he took on a location for a Western movie. Dick Powell won with a photograph taken from his plane. Joan Crawford and Jane Wyman show off 3-D "snapshots" of their children. Other members include June Allyson, Ann Bob Hope, Ray Milland, Jimmy Stewart, and Jimmy Hayden are among them.

Nuckols Attends Amarillo Meeting Of Superintendents

The state's county superintendents of schools are currently conducting a study of county systems in an effort to determine the status of the superintendent and his work. A district session was held in Amarillo Friday attended by county schoolmen throughout the Panhandle area, including Bert Nuckols, Gray County superintendent of schools. According to Nuckols, the study, when completed, will be used as the basis for recommendations to the state legislature two years from now. The recommendations will be given to the Texas State Teachers Association and to the Texas Education Agency for presentation to the legislature. Nuckols said realignment of the present system will probably be sought. Many counties have no school superintendent as does Gray County. Duties normally assigned to such a superintendent have been given to the county judge of that county. Recommendations would remove county school control from the judge's jurisdiction and place it under a qualified school official. The current study is expected to be completed in about a year, according to Nuckols.

Stars and Stripes 4-H Team Hogs

BACK IN CALIFORNIA — Lt. Bill Ballard has returned to his base in Hayward, Calif., following a short visit with his mother, Mrs. W. B. Mitchell, 633 N. Faulkner. Lt. Ballard is undergoing training with the U.S. Air Force before his assignment to a permanent station. His wife is the former Tonia Beltram, Lexington, Mo.; they are the parents of a three-year-old child, Vail.

Two Pampans have joined the U.S. Marine Corps. John Richard Murray, son of Mr. and Mrs. J. R. Murray, 6, N. Banks, and Bill Frank Davis, N. Warren, were inducted into the Marines during the past week, according to the Marine recruiting sergeant. Graduated from Pampa High school in January, Murray joined in the Golden Gloves in Amarillo for three years, two of them in the high school division and the other in the open division. Davis played football on the Pampa Harvesters while he was in high school. Both of them, it is believed, have been sent to San Diego, Calif., for Marine boot training.

SHAMROCK (Special)—Wheeler County 4-H Club Dairy Judging Team won 13 of the 16 awards presented recently in the Panhandle-Plains Dairy Show held in Plainview. Members of the team, all of Briscoe, are: W. D. Williams, Gene Haddox, Jerry Haws and Junior Haddox. They are coached by County Agent Ray D. Seigmund. The team won first place in the 4-H contest with a score of 935 points out of possible 1,000. The group was also high in judging Brown Swiss and Milking Shorthorns with a perfect score in both classes. The kids placed second in judging Guernseys and third in Holsteins and Jerseys. For winning first place honors in the Brown Swiss class, the team was presented a bell made in Switzerland as a trophy and each member received a large color picture of a Brown Swiss. Their awards in the Milking Shorthorns class were a loving cup and a banner. Banners were presented for second and third places in each class. In individual judging Junior Haddox won first place, and Williams won second. Each received a dairy medal. Hays placed seventh and Gene Haddox ninth for individuals.

Winning first place in the Panhandle-Plains Dairy Show makes Wheeler County 4-H Team eligible to participate in the State Contest to be held at Texas A&M College in June. Shamrock Dogs Win Prizes In Oklahoma SHAMROCK (Special)—"Shamrock Babs," a "Hill's Silver Sid," two Weimaraner dogs belonging to Mr. and Mrs. Russell Hill of Shamrock, won prizes at the Annual A.K.C. Show held in Fort Hill, Lawton, Oklahoma, last week end. "Shamrock Babs," a female, won first place award, and "Hill's Silver Sid," a male, placed second and received the reserve winners' award. The dogs are one and a half years old. The dogs also placed first and second in a show at Oklahoma City on March 26, accompanied by Mrs. O. J. Walker.

HONOR STUDENTS — Jack Pfing, left, is valedictorian of the Lefors High School graduating class, while Shirley Teeters is salutatorian, announced G. N. Moulter, principal. Pfing had an average of 93.72, while Miss Teeters averaged 91.67. Third place went to Russel Herring with an average of 90.67.

JACOBY ON CANASTA

By OSWALD JACOBY written for NEA Service Most bridge players think of the squeeze play as a method of developing a trick that "can't there." In today's hand, however, we see the squeeze used to avoid a losing finesse. West opened the nine of clubs and Leonard Harmon, playing the South hand, tried the finesse, since it was quite possible that West was trickily leading from a king. As it happened, East was able to win, the first trick with the king of clubs, and the club return knocked out dummy's ace. South now needed a successful spades in order to get rid of his losing diamond. He therefore led the queen of spades immediately and a third trick dummy. East would have been glad to play low except for the fact that his low card was the ten-spade. If East played the ten of spades on dummy's queen, South would continue with a low spade to his ace, return to dummy with a trump, and lead the jack of spades. East would have to ruff to prevent a discard and South would overruff. South could then get back to dummy with a trump, simultaneously drawing East's last trump. Dummy's nine of spades, East actually covered dummy's queen of spades with the king, and Harmon won in his own hand with the ace. South now led his last trump. West had to save the king of diamonds and consequently only one spade. Dummy saved the jack and nine of spades, and East saved the ten of spades and a diamond. Harmon now led his low spade, and West followed suit with the eight. Declarer had been holding a spade finesse in reserve all this time, but he now decided against it. It was apparent that West's remaining card was the king of diamonds, and that West therefore could not hold the ten of spades. Since the spade finesse could not work, Harmon went up with dummy's jack and dropped East's ten of spades. The nine of spades took the last trick, thus giving Harmon his slam contract.

Clarendon Plans High School Rodeo Opening May 9

CLARENDON (Special)—Clarendon will hold its first annual high school rodeo May 9 under the sponsorship of Clarendon American Legion and Future Farmers of America (FFA). Two performances, afternoon and evening, are to be held in Clarendon rodeo grounds. Entry blank for any high school student in the area may be obtained from Noma Lee Lewis, Clarendon, with deadline on entries set May 7. Entrance fee is \$2.50 for one or all events according to rodeo officials. Buckles will be given for first-place winners in each event, spurs for second, lariet rope and piggin' strings for third and saddle blanket for the all-around cowboy. High school athletes will not be awarded prizes. Events scheduled are bareback riding and bull riding, with preparations made for ten riders in each event. Ribbon roping and calf roping will have 16 contestants. There will be also a girls' barrel race. RCA rules will be used on boys' events and GRA rules used in girls' events. Clarendon Legion is sponsoring a dance after the night performance. Two pioneers purchased the site for Albany, Ore. named after Albany, N. Y. for \$400 and a horse. The Pacific Ocean is about twice the size of the Atlantic.

Amick Announces School Attendance

PANHANDLE (Special)—Howard Amick, principal of Panhandle High School, announces that the percentage of attendance in high school during March was only 93.53 per cent. This is higher than last month, but not equal to the first of school, which was above 98 per cent. The Average Daily Attendance of the month of March was 157.74; the average enrollment, 147.26. Juniors led with 94.10 per cent in attendance. Other classes were: freshmen, 94.02; sophomores, 93.47; and seniors, 92.88. State money is apportioned according to the A.D.A. and not according to enrollment.

Shamrock Students To Lubbock Meet

SHAMROCK (Special)—Shamrock Schools will be well represented in the Regional Interscholastic League Meet in Lubbock. They will send four golfers, two declaimers and a track man. Dewayne Beaty, senior declaimer, and Tim Tindall, junior declaimer, won their division in contests held in Canadian in March. Golfer, Bruce Barkley, Tommy Holmes, Billy Ryan and Robert Adams, won the district tournament in Childress, last week and Jimmy Lamb won first in the 180 yard low hurdles in the track events also held in Childress. "The lad was perfectly healthy, but he broke his leg playing in a soccer match," Burchett said. The soldier's name was not disclosed. Read The News Classified Ads.

Shamrock Dogs Win Prizes In Oklahoma

SHAMROCK (Special)—"Shamrock Babs," a "Hill's Silver Sid," two Weimaraner dogs belonging to Mr. and Mrs. Russell Hill of Shamrock, won prizes at the Annual A.K.C. Show held in Fort Hill, Lawton, Oklahoma, last week end. "Shamrock Babs," a female, won first place award, and "Hill's Silver Sid," a male, placed second and received the reserve winners' award. The dogs are one and a half years old. The dogs also placed first and second in a show at Oklahoma City on March 26, accompanied by Mrs. O. J. Walker.

POW Bracks Leg

PANHANDLE, April 18 (UP)—One of the British prisoners of war being repatriated next week was included in the list of sick and wounded by a "Fluke," Communist correspondent Wilfred Burchett said Friday. "The lad was perfectly healthy, but he broke his leg playing in a soccer match," Burchett said. The soldier's name was not disclosed. Read The News Classified Ads.

Amick Announces School Attendance

PANHANDLE (Special)—Howard Amick, principal of Panhandle High School, announces that the percentage of attendance in high school during March was only 93.53 per cent. This is higher than last month, but not equal to the first of school, which was above 98 per cent. The Average Daily Attendance of the month of March was 157.74; the average enrollment, 147.26. Juniors led with 94.10 per cent in attendance. Other classes were: freshmen, 94.02; sophomores, 93.47; and seniors, 92.88. State money is apportioned according to the A.D.A. and not according to enrollment.

Shamrock NG Unit Has New Commander

SHAMROCK (Special)—Battery C, the Shamrock National Guard Unit, has a new commanding officer. Effective March 26, Lieut. Bobby Purcell became commander and will be in charge of the unit until Captain O. H. Franks returns from Ft. Sill, Okla., on August 1. Captain Franks and Lieut. Billy Sims have enrolled in the Associate Field Artillery Battery Officers Course at the Artillery School in Fort Sill. The course began April 15 and ends August 1. As a result of the annual inventory and property transfer preceding the change of command, the local national guard unit received the rating of "Superior." Both WOJG Douglas Rives, administrative assistant, and First Sergeant Mack Smith, unit caretaker, received personal ratings of "Superior." This is the third time these two men have received this rating.

Classroom Teachers Select Officials

Mellie Bird Richey, Sam Houston School, has been re-elected president of the Pampa Classroom Teachers Association for the coming year. Re-election came Thursday afternoon at an association meeting in which schools Superintendent Knox Kinard was the guest speaker. Kinard spoke on the impending legislation that is of interest to teachers throughout the state at this time. Other elected officers and their schools — all of them new to offices — were: Roy Sparkman, junior high school, first vice president; Mrs. Homer Bowers, Sam Houston, second vice president; Sibyl Turner, E. M. Baker, treasurer; Mrs. Fay Dellis Adams, Horace Mann, recording secretary; Mrs. J. B. White, Woodrow Wilson, corresponding secretary; and William Hopkins, senior high school, parliamentarian. Oilers Return Tomorrow To Prep Meet Gassers In Lid-Lifter Here

Meet Gassers In Lid-Lifter Here

By BUCK FRANCIS
Pampa News Sports Editor

It'll be "Play Ball" this week in Pampa when the Oilers blast off the lid on their 142-game West Texas-New Mexico League schedule, meeting the Borger Gassers Friday afternoon at Oiler Park in the inaugural.

The Oilers, after three weeks of spring training in Sweetwater, will return to Pampa tomorrow afternoon to finish preparations for the season opener. The Pampana will wind up their exhibition schedule today at Sweetwater where they'll meet the San Angelo Colts of the Longhorn League.

A game slated last night with the Sweetwater Mexican All-Stars was called off due to cold weather.

The Oilers have been hampered by chilly weather since the start of spring training. They've only played one full game and two other games which were able to start had to be called before nine innings could be played.

One Full Game
In the only full game played, the Oilers blanked the Lubbock Harveters, 6-0. They played four innings against Lamasa and seven innings against Borger with inclement weather halting proceedings in both games.

Despite the bad weather though the Oilers are in good condition to start the season. Most of the players got in several weeks of training in warmer climates before joining the Oilers. And then there has been some warm weather for a lot of workouts at Sweetwater. It's in playing games that the weather has hampered the Oilers mostly.

Final details are being worked out for the season opener here. A downtown parade will be held at 3:15 p.m. Friday with the game to follow at 4 p.m. The parade will begin at the Junior High School and will proceed down Cuyler Street to Brown and then on to the ball park.

All of the Oiler players will be riding atop open air convertibles in the parade. An additional pre-game ceremony will be held at Oiler Park. All downtown businesses will close at 3 p.m. for the ball game.

LaGrange 28-A Track Champs
COLLEGE STATION, April 18—UP—James Peters' record-breaking quarter-mile pace at LaGrange to the championship of the district 28-A high school track meet at Kyle Field Friday.

LaGrange scored 60 points for victory, followed by Brenham with 47½, Caldwell with 24, Navasota with 20½, and Bellville with two. Peters ran a 33.9 quarter in a strong wind for a new record. He also set a new mark of 20 feet, 2½ inches in broad jump. Wallace Dahman of Brenham was the meet's high point man with 157½. He won the shot and discus events.

Baylor Whams Frogs, 12-6
WACO, April 18—Baylor stayed in the Southwest conference baseball race here Saturday by pounding out a 12 to 6 victory over scientific Texas Christian.

The Bears are in second place in the conference. Baylor hurler Bobby Holick kept Horned Frogs bats quiet, issuing only seven hits, while his teammates blasted two home runs and 17 singles to maul TCU.

Irish HB To Play In Greenbelt Tilt
SHAMROCK (Special)—Jimmy Pennington, Shamrock Irish half back, is one of 14 players who have accepted invitations to play in the annual Greenbelt Bowl football game in Childress. It was announced this week by George Stewart, general chairman.

Pennington was chosen on the All-District 3-A team last year and was given honorable mention on the all-regional team. This year's Greenbelt Bowl tilt will be played on August 14 in Fair Park Stadium in Childress.

IN WORKOUT HERE—Manny Tames, left, and Deck Woldt arrived in Pampa yesterday to await the return of the Oilers from their spring training base in Sweetwater. Both players, who were with the Oilers last season, reported in good shape. Tames has been with the Oklahoma City Indians this spring and Woldt has been working out with the Southwestern State of Oklahoma team. Woldt is currently attending the Oklahoma college but will be on hand for the Oilers Friday when they open the season. The two are pictured keeping trim at a workout at Oiler Park yesterday. PAMPA NEWS, SUNDAY, APRIL 19, 1953 Page 11

Westerners Cop 2 From Harvesters

(Special to The Pampa News)
LUBBOCK, April 18—The Lubbock Westerners climbed out of the District 1-AA dungeon here Saturday afternoon by sweeping both ends of a doubleheader from the Pampa Harvesters, winning the first game, 8-5, and the second, 5-1.

The twin victories made it a clean sweep of the three-game series with the game's first run. But in the Westerner first inning, a double, three walks, a hit batter, a passed ball and two wild pitches gave Lubbock four runs.

The Harvesters scored single runs in the 4th, 5th, 6th and 7th innings but couldn't overcome the Westerners' better time run out. In the fourth, Bobby Holder scored on Richard Graham's pop fly that was dropped by the Westerner second baseman.

Mobley drove in the run for the Harvesters in the fifth when he drew a walk with the bases loaded. Derrell Seitz scoring on the free pass.

Lamberson's single drove in Graham with the Harvesters run in the sixth. Graham then singled to score J. N. Wright for the final Harvesters run in the seventh.

The second game was the Westerners all the way. Pitcher Paul Hill of Lubbock pitched hitless ball for three innings but Mobley doubled to spoil his no-hit effort. Mobley eventually scored the

Ag 5 To Open Dec. 1 Against Lamar Tech
COLLEGE STATION, April 18—(Special)—Texas A&M cagers will open the 1953-54 season Dec. 1 in Beaumont against Lamar College. Athletic Director Barlow Irvin announced this week.

The complete Aggie basketball schedule has not been completed. First game in the new \$500-seat physical education building will be Dec. 5 with Oklahoma A&M scheduled to dedicate the new schoolhouse.

Details of the dedication game Dec. 5 have not been completed.

PHS 9 Drops Opener To Westerners

(Special to The Pampa News)

LUBBOCK, April 18—The Pampa Harvesters fell before the three-hit hurling of George Nelson here Friday afternoon, losing to the Lubbock Westerners, 28-1. It was the first District 1-AA win for Lubbock and enabled them to tie Pampa for third place.

Wind and swirling dust bothered the Pampa players, several high pop flies that should have been okay outs dropping for hits among the confused Harvesters.

Nelson, in his first win, allowed three hits and 10 walks, but tightened in the clutches. In the last inning he walked two, struck out two, walked two more, then fanned the last batter.

Ray Cooper was the Pampa boy drawing the fourth walk for force in the only tally for the visitors.

In the first inning, Nelson walked the first two batters, then fanned the side.

The Westerners were aided by 10 Pampa errors, eight walks, five stolen bases, four balks, an interference penalty and a passed ball. The 20 hits were the most Lubbock has made in one game all year.

Joe Tynes, who allowed 10 earned runs before he retired, was the losing pitcher.

Wright got the only extra-base blow for the Harvesters. A triple with Gerald Mobley, who did a fine defensive job behind the plate, and Bobby Holder getting the singles.

Lubbock batted around in each of the final three innings, scoring seven, eight and seven runs. Every Westerner crossed the plate at least twice and all but Gil Garcia got at least two hits. Garcia's one single, however, drove in two runs.

Ex-Major Leaguer Dies In Missouri
KANSAS CITY, Mo., April 18—UP—James A. (Doc) Tierney, who played major league baseball in the years before World War I, died Saturday at his home here. He was 59 years old.

Tierney, an infielder, played with St. Louis, the Boston Braves and Brooklyn after minor league service with Dallas, Kansas City and Tulsa. After his playing career he managed Joplin, Mo., and Pueblo, Colo., teams.

In recent years he had owned and operated a bowling alley here. Survivors included three brothers and a sister.

Harvesters Seventh In Sandie Relays

AMARILLO, April 18—(Special)—The Pampa Harvesters finished seventh in a field of 40 teams in the 4th annual Amarillo Sandie Relays here Saturday by racking up eight points.

The host Sandies won top honors with 35½ points. Following the Sandies were Highland of Albuquerque with 34.3; O'Donnell, 15; Odessa, 17; Phillips, 11.1; Oiler, 10; Pampa and Capitol Hill of Oklahoma City, 8; and Lubbock, 7.8.

Buddy Cockrell and Ed Dudley combined their efforts for all of the Harvesters points. Cockrell won the shot-put with a heave of 50 feet 4 inches, only four inches short of the meet record.

Dudley placed second in the broadjump, losing by a mere 14 inch to Bobby Crump of Amarillo who won first. Crump leaped 20 feet 9.4 inches to Dudley's jump of 20 feet 9.1 inches.

Frank Daugherty of Oiler won the outstanding performer award. Daugherty won both the 100 and 200 yard dashes.

The meet attracted 458 athletes from 40 schools over a three state area. Texas, Oklahoma and New Mexico.

Seven records were set while 2 others were tied.

River Oaks Tourney Attracts Top Stars

HOUSTON, April 18—UP—The River Oaks tennis tournament opens Monday with six of the nation's top 10 amateurs in the field. It was completed with addition of fourth-ranked Dick Savitt. He joins a field headed by defending champion Gardner Mulloy, the nation's top ranked tennis player.

John Wilkinson Wins Batboy Contest; Gene Brown Second

In a battle right down to the wire, John Bob Wilkinson finished ahead of the field in the race for the 1953 Pampa Oiler batboy with 942 votes, eight more than his nearest rival, Gene Brown.

Wilkinson, who was in third place as the final day of the race started Friday, pulled ahead just before the final gong sounded at midnight Friday. Wilkinson succeeds Billy Brown as the Oiler batboy. Brown won last year's contest which was the first to be held to name a batboy for the Oilers.

The contests last year and this year were co-sponsored by the Pampa Daily News, Radio Station KPDD and the Pampa Oilers. This year's race was fairly close all the way through. The leadership changed hands four times the last four days of the contest and it took a close check to reveal the ultimate winner.

Jerry Pope finished third in the race and he will become the alternate batboy, taking over when either Wilkinson or Brown are unable to be on hand for a game. Pope just barely nipped Albert King for the No. 3 spot, 747 votes to King's 743.

The final standings stood as follows:
John Bob Wilkinson — 942
Gene Brown — 934
Jerry Pope — 747
Albert King — 743
Donald Darling — 663
David Boren — 535

The total votes cast for this year's race was 4,564, which was 459 less than the nwa cast in last year's race.

The four boys who finished below second place in the contest will be awarded oil jobs at the ball park this summer which will get them into the ball games plus making a little money on the side.

The parents of John Bob will receive a season pass to all Oiler home game this season. Both Wilkinson and Brown will be given a complete baseball uniform which will become their property at the end of the season.

Wilkinson will receive a white uniform as the home team batboy while Brown will be given a grey uniform as the visiting team's batboy.

The odd thing about this year's race was that the leader going into the final day, David Boren, was outdistanced by the entire field after all votes were in. Boren wound up with a respectable 535 votes but the late comebacks by the other five boys pushed young Boren to the No. 6 spot.

Wilkinson was the first day leader but he didn't regain the lead until the final minutes of the race.

The six boys competing for the Oiler batboy were selected from the list of boys who sent in letters saying why they wanted to be the Oiler batboy.

Below is the letter that Wilkinson submitted.

"I'm really happy" was Wilkinson's comment when he was informed that he had won the batboy contest.

In his letter, Wilkinson said, "I love to play baseball and just guess it's in my blood. I never get to see as many games as I would like to see."

This summer, however, Wilkinson will get to see a lot of baseball because he'll be at Oiler Park every night the Oilers will be playing here this season. Wilkinson, apparently, is a boy with a lot of drive because he entered the final day of the race in third place. He had 115 votes turned in Friday morning and by midnight that night which was the contest deadline, he jumped his total to 942.

John Bob has two brothers, Joe, 11, and Andy, 8, and one sister, Jan Susan, 3. His father is the manager of Your Laundry and Dry Cleaners.

Wilkinson will take over his batboy duties for the Oilers when the local club returns home tomorrow from Sweetwater where they have been in spring training the past three weeks.

JOHN BOB WILKINSON (the winner) and GENE BROWN (the runnerup)

Predicts Oilers Will Finish First

The new Oiler batboy, John Bob Wilkinson, is an optimistic fellow.

When queried by a Daily News sports scribe on where he predicted the Oilers would finish this season, young Wilkinson said with hesitation:

"First place."
"If we don't finish first we'll at least finish in the first division," Wilkinson added.

John Bob is 13 years of age, weighs 108 pounds and stands 5 feet 2 inches. He is the son of Mr. and Mrs. John B. Wilkinson, 633 Tignor.

The new Oiler bat and ball shagger said he has been following the Oilers closely the past four years after moving to Pampa. "I've seen them play every chance I had during the past four years," Wilkinson said.

When asked who was his favorite Oiler, he said "Deck Woldt, Max Goldberg and Bobby Brown." John Bob, a seventh grader at Pampa Junior High, is currently participating in spring football drills. He's aspiring for a half-back position.

"I'm really happy" was Wilkinson's comment when he was informed that he had won the batboy contest.

In his letter, Wilkinson said, "I love to play baseball and just guess it's in my blood. I never get to see as many games as I would like to see."

This summer, however, Wilkinson will get to see a lot of baseball because he'll be at Oiler Park every night the Oilers will be playing here this season. Wilkinson, apparently, is a boy with a lot of drive because he entered the final day of the race in third place. He had 115 votes turned in Friday morning and by midnight that night which was the contest deadline, he jumped his total to 942.

Wesley Lewis will race his single motor monoplane against Leland Meek's hot rod in today's feature race at the Drag Strip. Meek was the big winner in last week's races, winning the feature race in both the Hot Rod and the Sports Car division.

Several other races will be un-reeded today beginning at 1:30. The special airplane-hot rod race will be held at 2:30.

One-half of today's gate fee will be paid in purses. More than \$100 was given in purses at last week's opening races of the year here. Price of admission to the races is 50 cents. All children under 12 years of age will be admitted free of charge.

The races are sponsored weekly by the Pampa Strip Stretcher Club in corporation with the Pampa police department.

Barrett Hurls Perfect Game For Sandies

BORGER, April 18 — (Special)—Jerry Barrett of the Amarillo Sandies hurlled a perfect game here Saturday when he retired all 21 batters to face him in leading the Sandies to 1-0 victory over the Borger Bulldogs in the first game of a doubleheader.

The Sandies also won the second game with Barrett coming on in relief to receive credit for the win, 8-6, in 11 innings.

The twin win moved the Sandies well in front of the District 1-A-A race with an 8-1 record. Borger is second with 6-3.

Barrett bested Bubba Hillman of the Bulldogs in a pitching duel in the opener. Hillman gave up only three hits and the lone Sandie run was unearned.

Local Trapshooters Meet Amarillo Here

The Addington Western State trapshooters will meet the Tent and Arwing team of Amarillo in a Holland League shoot at Recreation Park here today.

Preceding the team match, an open shoot will be held with merchandise to be given as prizes. The open shoot is open to anyone who desires to enter.

The open shoot will begin at 1:30 with the team shoot to follow at 2:30.

Browns Clip Tigers Twice

DETROIT, April 18 —UP—The St. Louis Browns took advantage of inept fielding by the Detroit Tigers Saturday to sweep both ends of a doubleheader, 8-7 in the 11-inning opener and 3-2 in the nightcap.

Jim Delsing and Bob Niemi collided to let Bob Elliott's simple fly fall safely as two runs scampered across the plate in the 11th inning of the first game. And Catcher Johnny Bucha let a Ray Herbert pitch get past him as Nell Berry trotted home with the winning run in the eighth inning of the second game.

St. Louis used 20 players and the Tigers 13.

The Browns picked up two unearned runs in the first inning when Rookie Third Baseman John Baumgartner bobbled two successive grounders. Detroit went ahead in the sixth with three runs on a double by Russ Sullivan, a walk, singles by Delsing and Baumgartner and an infield out.

St. Louis tied it up in the eighth on a walk and singles by Roy Sievers and Les Moss, but Detroit came right back with three runs in the bottom of the same inning on singles by Delsing, Baumgartner, Harvey Kuenn and two intentional passes.

Houtteman took over from Hoelz at the start of the ninth and served a homer to Vic Wertz with two out and two aboard. Nieman homered off Stuart in the bottom of the 11th but Virgil Trucks took over and stopped the Tigers cold.

Don Larsen started for St. Louis and was followed to the mound by Hal White, Bobo Hollman, Bob Cain, Satchel Paige, Stuart and Trucks.

Lions Club To Sponsor Men's Softball

The Pampa Lions Club will sponsor the Men's Industrial Softball League here this summer, it was determined at a meeting this week.

The league will start May 4 with 10 teams in the fold.

A league meeting will be held Tuesday night at the Police Court Room to map out final details on the league.

Tim of the meeting has been set for 7:30.

The 10 teams who will compete are as follows: Elks, Celanese, Doose Lodge, Shell, Gulf, Cabot, Northern Natural Compressor, Northern Natural Pipeline, Skelly and Phillips.

THE SCORE BOARD

(Sunday's probable pitchers)
By UNITED PRESS

National League
Philadelphia (Roberts 0-1) at New York (Jansen 1-0).
Brooklyn (Erskine 0-0) at Pittsburgh (Dickson 1-1).
Milwaukee (Spain 1-0) at St. Louis (Staley 0-1).
Chicago (Rush 1-0 and Minner 0-1) at Cincinnati (Wehmeier 0-0 and Perkowski 0-0)—two games.

QUESTION: A pitcher starts the inning walking the batter. A heavy hitter comes up and a relief pitcher is brought in. He throws one ball, then picks the runner off first base. At this point it is decided to bring in still another pitcher. Is this allowed?—Bruce Carlson.

Answer: No, the first relief pitcher must pitch to one batter until he has been retired or has reached first base.

Abilene Puts Flag Hopes On Rebuilt Team For '53 Season

(EDITOR'S NOTE: Below are the third and fourth of a series on West Texas-New Mexico League prospects for the 1953 season being written for newspapers of the member cities.

By JACK HOLDEN
Abilene Reporter-News Sports Editor

Hubs Banking On 2 Men Named Toledo

LUBBOCK, April 18 —Lubbock's Hubbers are out to make a liar of Leo Durocher this year. They're a bunch of nice guys and they intend to win.

After 10 days in camp, a lot of observers are inclined to agree with the players. There's pretty good balance on this year's club, although the long ball is missing so far.

Key to the 1953 Hubber team will be the performance of a pair of rookies at shortstop and first base and a veteran in right field. By coincidence, the two rookies are named Toledo.

Oscar, the shortstop, comes from Havana. Cuba, and was brought to the club by Bobby Fernandez, who looks like he is going to have a better year than when he led Abilene with a lousy .412 batting average.

Jake, the first baseman, comes from Albuquerque, New Mexico, and was allowed away from Cy Fausett's club only because he couldn't beat out Herb Simpson. He's native born and is no kin to the shortstop, although both are of Spanish extraction.

Bob Featherstone is the question mark in right. He's a veteran with a great record, but he's slow rounding into form. Featherstone has hit something like 104 home runs in four years, proving that he has the power, but so far this spring he has had only one hit.

Those three players come through this year's Lubbock team could be a definite pennant contender and should be a first division team at any rate.

Manager Bill Metzger, who had the worst year of his career in 1952 gave up ideas of playing first and is looking like the league's best second baseman right now. He's hitting again and hitting the long ball, too, which will help. He'll steady the infield and will work wonders with a rookie shortstop, who looks sharp.

John Musumeci has third base cinched. He's from New York and in his fourth year of pro ball.

For three successive years he was the league's best second baseman right now. He's hitting well and his fielding so far has been impeccable. He makes the plays Al Kubi used to make for the Hubbers and, while he won't hit the long ball, he'll get his share of extra base hits.

Fernandez is a fixture in left field. Bobby reported in excellent shape after playing with the Cuban All-Stars against the Pittsburgh Pirates this spring, and managing in Cuba during the winter. He hit .413 in 51 games with the Hubbers last year.

Ray Newsome, a stocky rookie from Georgia, appears to have made a spot for himself in center. Newsome is a speed merchant, capable of going from first to third on the sacrifice. If a grounder is bobbled, he'll be safe at first. He'll take the extra

Three Texans Added To Colonial Field

FORT WORTH, Tex., April 18 —The Texas pro and amateur golf champions were among three new entries announced Saturday in the \$25,000 Colonial National Invitation Tournament May 20-24.

Tourney Chairman S. M. Birmingham said the three latest entries are Jack Hardin, Texas PGA champion from El Paso; Billy Erfruth, Texas Amateur titlist from Lubbock and formerly of San Antonio; and Fred Hawkins, El Paso pro.

Bidding for the outfield also is Curtis Borrett, a rookie.

The Sox showed some lack of hitting power in early exhibitions. But most of its veterans batted over .300 in some league last year, and Palmer said he wasn't worried about the slugging a April 24 approached.

MIXED EMOTIONS — After President Eisenhower left the game between the Washington Senators and the New York Yankees and the Yanks were beating the Senators 6-3, attitudes in the presidential box became both grim and relaxed. Sen. Robert Taft, center, (R-Ohio) yawns as he studies his score card. At his side, Vice President Richard Nixon looks grim. Behind them left to right: Sen. Homer Ferguson (R-Mich) yawning; Speaker Joe Martin, and Mark Trice, Secy. of the Senate. (NEA Telephone)

Sooner Star Wins Decathlon At Wind Swept Kansas Meet

LAWRENCE, Kan., April 18—UP—A raw wind swept Memorial Stadium Saturday, but 70 athletes in the 28th Kansas Relays battled for points before a shivering crowd of 5,000.

J. W. Mashburn, University of Oklahoma sophomore and a U.S. Olympic qualifier last year, won the decathlon with 6,066 points under a new scoring system. Mashburn performed unattached because of scholastic difficulties at Oklahoma.

Thane Baker of Kansas State and the Olympics became the first sprinter in the history of the relays to gove a triple in the 100-yard dash. He ran it in 10 seconds flat for his third triumph in three years.

The wind, up to 20 miles per hour in gusts, and a temperature that hung stubbornly below 50 degrees discouraged Kansas record for a new scoring system. Mashburn performed unattached because of scholastic difficulties at Oklahoma.

Trautman Declares Minor League Ball Is On The Upgrade

COLUMBUS, Ohio, April 18—UP—Organized minor league baseball headed south into its 52nd year Saturday with the fewest clubs on the roster since George M. Trautman took office as president of the National Association of Professional Baseball Leagues in 1947.

Despite the decline in the number of clubs, the minor leagues' president was confident the game is on the upgrade across the land. For active polling the presidents of the 38 leagues in his organization, Trautman sees good days ahead.

"An increase in support of sandlot baseball, semi-pro, high school, little leagues, American Legion and

Chisox Edge Tribe In Wild Affair

CHICAGO, April 18—UP—The Chicago White Sox staggered to a 7-6 win over the Cleveland Indians Saturday in a marathon baseball game featured by 26 walks, four short of the major league record of 30 set in 1916 by the Detroit Tigers and Philadelphia Athletics.

The Sox got only four hits in the three hour and 22 minute battle, but combined four Cleveland errors, a hit batter and a wild pitch to edge the Indians.

Chicago won the game in the eighth inning. Ferris Fain walked, and on a sacrifice by Minnie Minoso went all the way to third when Jimmie Foxx's leadoff home run scored the winning run when Cleveland Catcher Jim Hegan dropped Al Rosen's throw at the plate.

THE SAILOR DIES — "Sailor" Tom Sharkey, 79, left, one of the last old-time heavyweight boxing greats, died in a San Francisco hospital April 17. Sharkey is shown with former heavyweight champion Jim Jeffries, right, who died in March at the age of 77. Jeffries defeated Sharkey in an 1889 25-round bout. (NEA Telephone)

Funeral Services Pending For Sailor Tom Sharkey

SAN FRANCISCO, April 18—UP—Funeral attendants Saturday awaited arrangements for the burial of old-time heavyweight boxer Tom Sharkey.

Sailor Tom died in his sleep at San Francisco hospital early Friday after suffering his 10th heart attack.

The 79-year-old Irish immigrant from County Louth made his name and fortune at the turn of the century by licking such ring greats as Gentleman Jim Corbett and Ruby Bob Fitzsimmons.

But his last years were spent as a night watchman here amidst his friends.

Although listed at the hospital as 76 years old, his biography showed his birth date in Dundalk, County Louth, Ireland, as Nov. 26, 1873.

Because he had never won an official crown, Sharkey was referred to as the "uncrowned heavyweight champ," having fought nearly every champion in the 90's.

TIL To Vote On Spring Grid Drills

AUSTIN, April 18—UP—Texas high school administrators began balloting Saturday on two proposed Interscholastic League rules changes, including alternative proposals to ban or continue spring training.

The second proposed rule change affects out-of-state athletic competition and would amend that rule.

James R. D. Eddy, chairman of the Interscholastic League's state executive committee, said the ballots mailed to 1,278 high school superintendents and principals Friday would give each league classification an opportunity to vote on a spring training rule.

The administrators must return their ballots by April 26.

The first of two alternative spring training rules would permit 21 consecutive calendar days of training and allow fall football practice to start one week before the first Friday in September. No interschool game could be scheduled until the second week end after opening of fall practice.

The second choice given administrators would ban spring training and permit fall training to begin on the second Monday prior to the first Friday in September. No game could be played until the second week end after beginning of fall practice.

Whichever rule is adopted by majority vote of school administrators will become effective at the start of the 1953-54 school year.

Gals In Wrestle Feature Tuesday

Two of the best looking gal grapplers ever to appear here will hold down one of the main event spots in Tuesday night's wrestling program at the Southern Club Sports Arena.

Mary Jane Mull, 22 year old golden haired cutie from Toledo, Ohio, clashes in a two out of three fall, one hour event with Ida May Martinez. Ida May, raven haired Latin American gal, met Neil Stewart here early in February of this year, and made quite an impression on local fans with her ability. Ida May is champion of the girl wrestlers in Mexico, her home country.

Mary Jane tips the scale at 138 pounds, and the pounds are neatly compressed into her 5-5 frame. She is one of the fastest rising stars in the girl wrestling business. These two girls should produce one of the all time great matches.

Sharng main event honors will be a battle between Jack O'Reilly, the huge Australian champion and powerful Polo Cordova, the popular Latin-American. A preview of this battle was seen when

MARY JANE MULL ... to wrestle here

Continued from page 11

That whoever this other yet is going to be, he's going to hustle. He won't last long under Porky if he doesn't.

THAT WAS A TERRIFIC race those six boys in the Oiler Bay finals put on. The only thing we regretted about it was that all six boys couldn't win.

Everyone of the six finalists from the winner on down to the bottom man worked hard for votes all week. None of 'em fell under 500 votes which is some proof that all worked hard to win the contest.

The primary reason for the boys entering the contest was to be able to see all the Oiler games. Well, Oiler business manager Jimmy Hamilton has taken care of that as he is going to give the four boys who failed to win the Oiler or visiting team halibut odd jobs at Oiler Park which will enable them to see all the games this season. A nice gesture on the part of Mr. Hamilton.

Nice going boys for a fine race.

Raker Visits Houston

HOUSTON, April 18—UP—Col. Royal N. Baker of McKinney, Tex., the world's leading jet ace, arrived in Houston Saturday night for a visit with his brother, James D. Baker. He said recent peace overtures by the Russian and Communists have "raised the hopes" of men fighting in Korea.

Dallas Star Leads Hitting

By UNITED PRESS

Jim Clark, Dallas' big Negro third baseman, got away to a flying start in the Texas League's inaugural season Saturday.

Clark, through games of Wednesday, was rapping the ball at a terrific .467 clip, was leading the league in runs scored (8), in home runs (3) and shared with Ben Caffery of San Antonio the RBI leadership with seven each.

Caffery, who ranked second to Clark in hitting with a .435 average, also shared the lead in total hits (16) with Russ Roe of Fort Worth.

Bounding out the top five hitters were George Leventis of Tulsa at .417 and Rose and Joe Frazier of Oklahoma City at even .400. Ten others were hitting .300 or better.

J. P. Jones of Shreveport and Harry Scherting of Fort Worth had the most doubles (3 each) and Leonard Lamont of Fort Worth led in triples with two.

Sixteen pitchers had perfect 1-0 records, while Bill Harris of Fort Worth led in strikeouts.

Oklahoma City's .278 mark led the club batting parade.

Ford Holds 3-Stroke Lead In Virginia Beach Open

VIRGINIA BEACH, Va., April 18—UP—Doug Ford, 29, of New York, shot a Saturday for his third straight sub-par round and retained his three-stroke lead over Dick Metz of Maple City, Kan., at the three-quarter mark of the Virginia Beach Open Golf Tournament.

Ford, who set a course record of 67 on Thursday's opening round, matched Ford's third round score of 67, and remained in second place with a 198 aggregate. Bo Winner of Oklahoma City fired a third round 65 to advance one stroke behind Metz, while veteran Jimmy Demaret, Klamath Lake, N.Y., shot a six-under-par 63 for the best round of the day and jumped to fourth place with a 200 total.

Ford, who has been one of the top five money-winners on the PGA circuit so far this year, might have widened his lead even further had he not three-putted the 18th green. He was putting for a birdie on 25 feet out, but missed his first two efforts and bogeyed the hole. He sank a 36-footer for a birdie on the 19th.

Of the 61 that qualified for the final two rounds of the tournament, 14 shot par or better on Saturday's third round. The skies were slight-

Lefors Girls Blank Alanreed

Lefors Girls Blank Alanreed

LEFORS (Special) — April 18—The Lefors Pirate-ette volleyballers, coached by Mrs. Bobbie Crump, took six wins from the Alanreed girls in Lefors recently.

The Pirate-ettes high school A team won two from the Alanreed girls with 15 to 4 and 15 to 6. Fat Carpenter was high point girl serving nine.

The junior high teams won four games with scores of 15 to 9 and 15 to 6 for the A and 15 to 6 and 15 to 8 for the B.

Omega Crutcher was high point player serving eight for the A team and June Henderson serving 10 for the B team.

The girls on the high school A team are: Anita Tillman, captain, Bobbie Warner, Barbara Austin, Belva McCathern, Eunice Patterson, and Pat Carpenter.

Playing for the junior high A team were: Iris Ann Stracner, Peggy Lamb, Phillis Barron, Omega Crutcher, Barbara Pfiel, and Betty Atchley.

On the junior high B team are: Neva Rippey, Marvin Pafford, June Henderson, Peggy McCarley, Barbara Tillman and Betty Dick.

North Texas Co-Ed To Reign As Queen Of Drake Relays

DER MOINES, Ia., April 18—UP—Emily Lou Bonham, a brunette of North Texas College at Denton, was chosen Saturday to reign as queen of the 44th Drake Relays next Friday and Saturday.

The 19-year-old beauty will be the sixth girl from the Lone Star State to be queen of the classic since the Drake relays were started in 1931.

In four of the 19 years the relays have been held, queens were chosen only from Iowa colleges, so Texas have won six of the 15 "queen" beauty contests.

Miss Bonham is a sophomore at North Texas, majoring in marketing and costume design.

She was named Denton high school's "prettiest girl" in her junior year there. Since she enrolled at North Texas, she has been a yearbook beauty, freshman homecoming duchess, sweetheart of Phi Delta Beta and rush captain for Phi Sigma Alpha.

The Drake Relays queen is chosen each year from among the colleges and universities entered in the relays. She is chosen on the basis of questionnaires and photos and must be known on her campus for intelligence, beauty, personality and poise.

MAN SIZE—Dick Wilson, 12, weighs only 90 pounds so had his hands full boating this 45-pound channel bass while trolling in Oregon Inlet, N.C. It is one of the first caught with rod and reel there this year. (NEA)

WD Softball Plans Underway

WHITE DEER (Special) — A softball committee was set up recently by the Lions Club for the purpose of supervising the organization of a Softball League in White Deer.

The Committee, consisting of Vic Bates, chairman, Bill Gann, secretary, Ken Bruton, Bob Nicholson, and Bud Livinatton, is anxious to meet with any who would be interested in sponsoring a club for this season.

It was decided that the participating clubs would be asked to share the expenses of a League by paying for the lights at the Lions Club Field. Rates will be \$6.00 per game based on an average of two hours for playing time.

A tentative date for the league to begin was June 1. However, a definite date could not be set as question of how many clubs would be interested is not known. This and other problems could be worked out through a meeting of the committee and interested sponsors.

Another meeting of the committee has been scheduled May 1 in the office of the Southwestern Public Service Company in White Deer. All interested parties are urged to attend the meeting.

The Tampa Daily News

Women's Activities

SUNDAY, APRIL 19, 1953 Page 15

Mrs. C. L. Russell Jr.

Mrs. Robert Vail

MAMA'S GETTING AS SKILLED with the power saw as she is with egg beaters these days. She's changed from apron to overalls and has become as adept as a man at putting down new kitchen linoleum or building an extra bookcase for the living room.

MRS. C. L. RUSSELL JR., 1911 N. Russell, has a work shop all her own. She has a lathe, power table saw, jig saw, joiner, power drills and power sanders. Mrs. Russell is turning out a table leg here at her lathe. One of her favorite pieces of furniture is a vanity, that she made for her bedroom. The design in the table top matches the dowel pin design in the floor of her Early American style home. She also makes unusual moldings for picture frames.

MRS. ROBERT VAIL, 1217 N. Duncan, is busy with plans for the new home her husband is building but takes time for a spring "fresh-up" job on her present kitchen. She and her husband designed every inch of the abode. Mrs. Vail is studying the refinishing of wood because she plans to refinish the interior of the new house.

MRS. W. L. HESKEW, 1120 N. Somerville, makes use of her sewing machine when it is time to quilt a bedspread. She says it takes 25 spools of thread to complete

one bedspread. Mrs. Heskew has upholstered all of the furniture in her living room. She frequently spends many hours shopping for one picture or a lamp with just the right colors for the room she is decorating.

MRS. BRUCE PRATT, 414 N. Gray, restores a rocking chair made by her grandfather many years ago. She plans to keep the chair at her home to lure her grandchildren to visit her. Mrs. Pratt's special hobby is upholstering furniture but she is always happy to stop her work when her daughters bring their children home for a visit.

MRS. W. L. CAMPBELL loves to fool with furniture finishes but she also likes to get them done and put into use immediately. Mrs. Campbell laughingly admits that the dealer who mixes her paint refused to sell her a quantity of paint the first time because she didn't plan to use a spray gun and the automotive lacquer paint was too quick drying to use a brush. . . . but after her job had that professional touch she was able to buy any amount she wanted. And, yes, she puts it on with a brush. She is shown polishing a piece of furniture that she has just refinished. The polisher is an attachment of one of her favorite power tools.

Peg O' Pampa

SAW SEVERAL DAMP EYES at the Woman of the Year tea Sunday. The Beta Sigma Phi girls really worked hard behind the scenes. Mrs. BOB FUGATE, was in charge of the tea at which time Mrs. HARDY H. HICKS was presented. Using spring as the motif, a serving table was covered with a yellow linen cloth and center with a lighted miniature fountain containing bubbling water. The main was encircled with an arrangement of jonquils and lilacs. Under it Mrs. TRAYLOR PRICE arranged the flowers? The centerpiece was very unusual and looked so pretty too. Heard MRS. L. (SALLY) BRIDGES and BILL (MARY) SULLINS had the tea for those delicious colored finger sandwiches. . . and the small individual tea cakes were beautifully decorated with crystallized flowers on top of the white icing. This tea is one we all look forward to each year and Peg wants to congratulate the sorority, of which Mrs. MARTIN (PERMELIA) STUBBE is '53 president, on a fine job it does in conducting this affair. Peg thought it was interesting to note that DR. HICKS, or "TEED" as she is known, the fourth woman from the Twentieth Century Club to be chosen receive this recognition.

Everyone at the tea could have come right out of the pages of OGGUE. TEED looked beautiful in a pale blue formal with folds in a skirt that were accented in a darker blue. Mrs. RUFFE JORDAN, 2 Woman of the Year, looked most attractive in black. Mrs. BOB OY) QUICK in a toast colored formal, presided at the punch bowl. LLY BRIDGES had an adorable purple formal.

NOTICED THAT THE CONTEMPORARY painting, "Ghostly" which was among the pictures shown in the New Mexico Infancy Art Exhibit sponsored by the Pampa Art Club is pictured in the spring edition cover of the "Southwest Review."

AND SPEAKING OF ART, LENORA SLOAN and NELL NORRIS will have their work exhibited in the City Library Art room this week in connection with National Art Month. Understand there will be a "hanging party" for them today in the library with several artists from other towns present. Invited to attend are ALICE MARIOTT, ethnologist and author of a number of books on Indians. ISS MARIOTT, long-time friend of LENORE; is a resident of Ambe, New Mexico. The group will have refreshments out at the arvey Neentle home.

OH, MY ACHING BACK. Do believe those dandelions are growing faster than Peg can pull them up. Talk about the early bird getting the worm. . . what's this about the early gardener getting better results. You might get better results, but in the case of the dandelion the sooner you start he later you finish (in the year, that is). It's the only "flower" Peg has that does well spring, summer and part of the fall.

PAMPA PANORAMA: The beautiful hills surrounding the C. P. UICLER home. . . The pretty complexion and eyes of MRS. JAY LEADER. . . W. L. BOOSA, drive chairman for the Community Center tickets which are on sale April 27 thru May 2. . . DR. AND MRS. OHN ROBBINS and son, STEPHEN of Professor, Washington, recently visiting her parents, the JAMES ROSES. During this visit the ROSE family had the first family reunion in seven years. . . MRS. L. (RUTH) SMALLEY, in a beautiful tan linen dress with bolero. . . Hear NANCY SULLIVAN DICKERSON, former Pampian, is 19th of a seven pound six ounce boy named JAMES PINKNEY. (Her father. . . Pampans losing the well-liked DALE CULWELLS, who are moving to Houston. PEACHY was honored Friday with a ridge-luncheon at the JOHN FRICK home with Mrs. BOB (RUTH) OODWYN as co-hostess. . . Hear the TV program "I Love Lucy" as a funny as advanced publicity said it would be. TV-minded ampans marking Monday as a must to be at home (or someone else's) to see the laugh-riot show. . . The announced engagement of OLLEEN CHISHOLM and BILL BUSH whose marriage will be celebrated June 13 COLLEN will certainly make a beautiful bride. . . 19th Century to sponsor periodic "silver teas" to aid in raising money for the American Cancer Fund. The first was Wednesday afternoon with Mrs. ROY McKERNON as hostess. . . Mrs. BUNNY SHULTZ attractive in a beautiful white dress of imported material. . . HELEN RUFF, daughter of the OSCAR HUFFS, recently had a short tarry published in "Author and Journalists," writers magazine. . . JAN DOGGETT, daughter of the HOMER DOGGETS, and MARILYN REEVES, daughter of the JAMES REEVES of Miami, will be members of the staff at Camp Davis Las Vegas, N.M., Girls Camp this summer. . . Mrs. D. V. (LOTTIE) BURTON, wearing a very becoming red strap as for trimmed in red velvet. . . Mrs. OAK ALLEE WHITTLE in Detroit, Michigan, in connection with the Bowlers League. . . The HAROLD WRIGHTS in Houston this past week. . . Mrs. BAILEY (ROBERTA) PHELPS entertained her sister, Mrs. MRS. MORTHY JAMAR, of Caracas, Venezuela recently. . . ARTHUR TEED picking up a few groceries for DOROTHY. . . 20th Century Culture entertaining guests with tea and book review Tuesday. Mrs. J. E. COOPER reviewed Marjorie Kinnan Rawlings' book, "The Journey." The tea table was cleverly centered with a selection of spring hats surrounded by pink net and the miniature cakes were decorated with tiny lace doily hats. . . "Knitting those tiny garments" -Marge and Tiny Reynolds. . . VIVIAN LAFPERTY wearing a yellow shorts coat. . . Did you know cut flowers will stay fresher longer if a thin slice of soap is deposited in the vase of water? . . . Call is out for 30 or 40 cotton or wool blankets which are needed for Pampa's mobile emergency trailer which is under the auspices of the Salvation Army. . . If the blankets are received then the trailer will be well-equipped for cyclone service or aid in case of widespread fire or other disaster. . . So look in your linen closet. . . maybe you've got an extra blanket.

OUT OF THE MAIL-BAG: A note from one of the friends who attended the wedding of PAT ELLIS and IVAN MARLIN came this interesting insight: "The sweetest, most endearing words to any nothe I have ever heard were the words at the perfectly beautiful wedding of Pat Ellis and Ivan Marlin. When her father was asked, "Who gives this woman," he answered with, "Her Mother and I." How heartwarming that must have been to Pat's mother.

WHEN THE POETS and the song-writers tell us about April showers, they're using poetic license. The fact is that there are very few places in the United States where April is the month of heaviest rainfall. A glance at the climatic will prove to you that April is taking blame? or fame? that rightly belongs to the early summer months. . . June and July. Well the saying, "April showers, bring May flowers" rhymes so well that maybe with a little artificial help (like watering) we will still have those flowers, next month. . . this is the PANHANDLE you know.

- OATMEAL COOKIES**
- 1 cup shortening
 - 3 eggs
 - 1 tsp. sour milk
 - 1 tsp. cloves
 - 2 cups ground oatmeal
 - 1 tsp. baking powder
- DATE FILLING FOR ABOVE**
- 1-2 cup sugar
 - 2-3 cup water
 - 1-2 cup nut meats
 - Cook till thick. Put between cookies before baking.

WEDDING BELLS RANG last Saturday for MARY BELLAMY and BOB NORTON. Heard her colors of champagne and white were gorgeous. MARY wore a beautiful white ballerina length dress and her maid of honor, ELLEN MARY MALEY, wore a champagne colored one. A white organdy cloth covered the table at which JEAN CHISHOLM and Mrs. BILL (JANE) GLIDDEN served the cake which was beautifully decorated in champagne and white. After a wedding trip the couple will be at home in Pampa, Peg wishes them both lots of happiness.

WELL, TOMORROW IS THE BIG DAY. . . Inasmuch as the children will be seeing for the first time this year the Bailey Brothers Three-Ring Circus. With 46 acts and 26 displays, the kids ought to be well pleased with the trapeze artists, clowns, jugglers, elephants, etc. performing for them.

See ya' at the circus!
PEG O' PAMPA

Mrs. Tommy Tinsley Honored At Shower

Mrs. Tommy Tinsley, the former Ouida Williams, was honored with a bridal shower recently in the home of Mrs. Bert Stevens, 701 Magnolia.

Blue and white, the bride's colors, were used to decorate the serving table. Lace over blue covered the table. The centerpiece of blue carnations and white stock was flanked by crystal holders with blue candles. Individual cakes of blue and white were served with punch. Guests were registered by Miss Marie Pritchard. Others assisting with the serving were Mrs. Theils Matthews, Mrs. Shirley Ray, Miss Lydia Stevens and Miss Avenelle Hogsett. Miss Joyce Gordon, Mrs. Ed Cartwright and Miss Sue Williams played piano selections throughout the evening.

The honoree was presented with a corsage of white carnations. Her mother, Mrs. Roy Williams, and mother-in-law, Mrs. Roy Williams, and were also presented corsages.

Hostesses with Mrs. Stevens were Mmes. Ola McAfee, H. C. Groninger, O. W. Ailston, A. A. Tieman, H. J. Pickett, Bert Kiser, C. H. Darling, J. F. Meers, B. V. Brummett, W. R. Harden, D. V. Burton, C. E. Cary, Morris Knox, Emory Noblitt, W. F. Taylor, B. H. Shultz, Theresa Humphreys, G. M. Breeze, Lewis Meers and Josephine Bialock. About 75 guests called during the evening.

First Christian Women Have Special Program

Members of the Church of Women's Fellowship gave the program for the First Christian Church women Friday.

Mrs. H. J. Pickett is president of the local CWF. Program chairman is Mrs. R. W. Rasmussen. Mrs. Jim Cunningham gave the devotional. The program was a play called "Delayed Pilgrims" by Mrs. Glen Maxey and Mrs. Cunningham. Mrs. E. K. Haner, W. A. Puckett and Mrs. Rasmussen.

Kay Stewart And Claudette Matheny Will Present Advanced Piano Recital

Miss Kay Stewart and Miss Claudette Matheny will present a recital this afternoon at 3 p.m. in the Church of the Brethren, 600 N. Frost.

Council Women Plan Luncheon

Pampa Council of Church Women will hold a covered dish luncheon at 1:00 p.m. Friday at the Presbyterian Church, after which a program will be presented by two visiting missionaries to migrant workers in Texas. Mrs. Lee Harrah, president of the Pampa Council, expects this occasion to be one of the most interesting ever offered to the church women of this community. The public is invited to attend.

The program will open with a devotional message by Mrs. Ed Williams. Then there will be a showing slides, with accompanying lectures by Miss Charlotte Collins of Fort Worth and Miss Edith Maldonado of Guatemala. Both young women are members of the staff of the Division of Home Missions of the National Council and devote their time to the improvement of the religious, educational and recreational life of the migrant workers of Texas. Since March of 1952 their mobile unit called "The Harvester" has travelled 34,000 miles, following migratory laborers from crop to crop. The unit carries a portable organ, movie projector, folding altar, hymnals, athletic equipment and other material used in their work. The speakers will have this mobile unit with them in Pampa and will explain its many uses. They are now on a 4000-mile tour of Texas, telling local councils of church women about their work.

After the program, the audience will present the missionaries with a shower of gifts for the children of migrant workers. Everyone attending the luncheon and lecture is invited to bring a gift, selected from the following list: 4-inch to 10-inch rubber dolls, doll clothes, other rubber toys, pounding boards, wooden jigsaw puzzles, and quart of tempera paint. It is asked that only new items be brought for the shower, since other types of toys break easily or do not stand the heavy travel of migratory life.

All interested women are urged to attend this meeting, bringing a covered dish and a child's gift.

Lefors Service Guild Has Meeting In Church

LEFORS (Special) - Mrs. Edyth Watson gave the chapter, "How the New Testament Was Written" at a meeting of the Wesleyan Service Guild of the Lefors Methodist Church recently.

The New Testament was written mostly from letters written by Paul and from a sermon by King James. Mrs. Watson also gave map instructions of the travels of Paul during his ministry.

The meeting opened with a devotional and a prayer by Mrs. Ruth Northcott after which Mrs. Ruth Bennett, the Wesleyan Service Guild president, took charge of the business. It was reported that the Guild had received full judicial credit on completing the study on "Human Rights."

Hostesses for the occasion were Mrs. R. L. Daugherty and Miss Norma Lee Lantz. Tea, sandwiches and cookies were served to Miss Ruth Bennett, W. B. Hicks, Edyth Watson, Jessie Thurmond, Zelma Northcott, Ardelia Briggs, Dalhi Hunt and the two hostesses.

The next meeting of the Guild will be April 21 at 7:30 p.m. in the Methodist Church at Lefors.

ENGAGED - Mr. and Mrs. Stanley J. Piascik of Cleveland Heights, Ohio, announce the engagement of their daughter, Miss Marie Rita Piascik, to Raymond Wesley Harrah Jr., son of Mr. and Mrs. Wesley Harrah, 621 N. Frost. Miss Piascik attended Cleveland College in Cleveland. For over two years she has been working as a stewardess with American Airlines in Dallas. Mr. Harrah attended Kemper Military School in Boonsville, Mo., and University of Texas in Austin where he was a member of Phi Kappa Psi fraternity. The wedding will take place in Dallas on June 13.

Martha Class Members Have Luncheon Meet

The Martha Class of the First Baptist Church was entertained with a covered dish luncheon recently in the home of Mrs. Jennie Keeney, 312 N. Faulkner.

Mrs. Ellen Shipp opened the program with prayer. Mrs. Myron Spencer, president, introduced Mrs. Farber Mangum who presented the devotional on "The Time of Reaping." Mrs. E. L. Tarrant dismissed the group with prayer.

Attending the affair were Mmes. A. B. Beavers, Tarrant, Mangum, Fred Hinkley, R. E. Montgomery, Vada Gibbins, Bob Clements, Shipp, W. E. Jordan, M. L. Epps, Spencer, Keeney and Stella Steadham.

Shamrock WSCS Has Program In Parlor

SHAMROCK (Special) - Selections from "God's Trombones" by James Weldon Johnson were the program of the Women's Society of Christian Service in the Methodist Church parlor recently. Mrs. Sol Blonstein gave the sermons which are in poetry form. She was introduced by Mrs. Winfred Lewis.

Miss Ana Carolyn LaDue sang for the musical part of the program. She was accompanied by Connie Lewis at the piano.

Mrs. William Kyle was a honor guest. When cup cake refreshments were served the group sang the birthday song for this long time member of the circle.

Mrs. Edith Beigle Presents Music Pupils

SEKELLYTOWN (Special) - Mrs. Edith Beigle presented her piano and voice pupils in a recital in the grade school auditorium recently.

Pupils presented were Patty Cooper, Betty Knutson, Annie Watt, Mary Jean McKenney, Joan Jarvis, Patsy Moran, Reita Gosnell, Sandra Cannon, C. F. Lee's Moran, Diana Parsons, Sue Bradford, Kay Hanna, Beverly Harlan, Sharon Lindley, Mary Lois Smith, Carleen Williams, Dona St. Clair, Russell Gene Veal, Jan Aubert.

Tawanna Dykes, Rosalie McAllister, Ann Lindley, Kaye Stephenson, Patsy Moran, Jill Grange and Amber Collis.

Turn your rugs around to face in different directions once or twice a year. This helps to distribute the wear over the entire surfaces and add years to their lives.

It's a good idea to occasionally wipe out shoe linings with a sudsy, wrung-out, cloth. This helps keep them in healthful condition.

A steak has a different odor when it is raw than when it is broiled, due to chemical changes caused by the heat.

Exchange Vows In Baptist Church Parlor

In a double-ring ceremony held in the First Baptist Church parlor, Miss Gladys Jones, daughter of Mr. and Mrs. M. A. Jones, 1117 Clark, became the bride of Mack Robertson, USAF, son of Oma Robertson and the late Mrs. Oma Robertson, of Goldthwaite. Rev. E. Douglas Carver officiated during the recent exchange of vows.

Two large baskets of white stock and daisies formed the background for the candlelight ceremony. Traditional wedding music was played before and during the ceremony.

Miss Doris Jean Qualls, maid of honor, wore a baby blue organdy ballerina length dress with floral design. Her headdress was of white carnations. She carried a colonial bouquet of white carnations with blue and white streamers.

Toni Martinelli of Weirton, W.V., served the bridegroom as best man.

The bride wore a white organdy dress etched with a floral design. The full gathered skirt was ballerina length. The dress has a rounded neckline and cap sleeves. The bride, given in marriage by her father, wore a strand of pearls and matching earrings. Her headdress was a crown of white carnations with a nylon veil extending from the crown to the waist. Her bouquet of white carnations and satin streamers topped a white Bible.

Mrs. Jones chose a grey suit for her daughter's wedding. Her corsage was of white carnations. She wore pink accessories.

The bridal couple left immediately following the ceremony for a short honeymoon in Tulsa and Oklahoma City. The bride traveled in a suit of dusty pink with aqua accessories and a white carnation corsage.

After the ceremony the couple will reside in Amarillo where the

bridegroom is stationed.

The bride was graduated from Pampa High School in 1951 and the bridegroom was graduated from Goldthwaite High School in 1950. He also attended Centenary College. Read The News Classified Ads.

MARRIED — Miss Vauccelle Moore, daughter of Mr. and Mrs. J. R. Moore Sr., became the bride of Bill Emery recently. The bride attended Pampa High School and Texas Christian University. The bridegroom is the son of Mr. Bill Emery of Fort Worth. He is a graduate of West Texas College, Canyon. They will be at home in Amarillo.

MISS BARBARA RADCLIFF

Radcliff-Holt Wedding Plans Announced Here

The engagement of Mrs. Barbara Radcliff, daughter of Mr. and Mrs. Glen T. Radcliff, 1237 Wilcox, to J. B. Holt, son of Mrs. L. E. Holt, 508 S. Barnes, was announced at a breakfast given in the Schneider Hotel Saturday morning. The wedding date is May 2.

The engagement of Miss Barbara yellow iris flanked with yellow candle. The table was appointed in crystal. Place cards were miniature letters with the announcements inside the envelopes.

On the guest list were Mrs. Leslie Hart, Carlton Nance, G. E. Harris, H. H. Boynton, G. F. Branson, George Scott, E. L. Campbell, Tom Lindsey, T. J. Worrel, Paul

Will Be Held Here

Frederick Thiebaud, head of the Piano Department of Howard Payne College at Brownwood, will arrive in Pampa Tuesday to begin four days of judging the piano pupils of this area who are taking part in the National Piano Playing Auditions. These auditions will begin Wednesday and last through Saturday. They will be held in the First Methodist Church.

Mr. Thiebaud has a Master of Music Degree from the Cincinnati College of Music; was a Ditson scholarship winner for four years with Dr. Albino Gorno; and has given recitals in Cincinnati and Dayton, Ohio, and in Berea College, Berea, Ky. He has also taught class piano in Cincinnati public schools. After serving overseas in the Navy, he accepted his present position in Brownwood in 1946. He has given concerts in Brownwood, Eastland and other Texas cities. He is also a member of the Board of Directors of the Texas Music Teachers Association, is married, and has three children.

Each year over 200 judges are sent by the National Guild of Piano Teachers to some 500 cities for these auditions. For the past seven years Pampa has been one of these centers. Pupils who are students of any teacher who is a member of the Guild are eligible to enter these auditions. They receive certificates and pins of various types according to the amount of work done. There is a goal within the reach of every pupil ranging from two to twenty pieces. Pupils are rated upon such things as accuracy, tone quality, rhythm, phrasing and many other points. The auditions are held privately in order to give each student the opportunity to do his best.

Mrs. H. A. Yoder is chairman of the Guild here. Other teachers entering pupils are Bill Haley, Mrs. Carra Perkins, Miss June Gault and Mrs. Willie Eoyette of McLean. Mrs. Irvin Cole will assist with the auditions as monitor.

Legion Auxiliary Has Meeting And Program

The American Legion Auxiliary met in the City Club Room recently for a program and business meeting. Juvenile delinquency was discussed with ways and means of handling the program.

Mrs. M. F. Roche, poppy chairman, announced plans for poppy day which will be May 23. An honorable mention was given to Charlotte Leder, Phyllis Burns, Sandra Marvin and Robert Rider who participated in the poppy poster contest.

A donation was made to the Cancer Crusade and one blanket was donated by Mrs. Wayne Washburne to the Mobile Disaster Unit.

Mrs. Lee Harrah gave a program. Members attending the program on Costa Rica.

Mrs. Estelle Wheeler, Joe Shelton, Frank Shotwell, Frank Yates, Washburne, Gladys Turner, Roche, E. E. McNutt and Diana Wood.

Rebekah Lodge Has Meeting In IOOF Hall

SKELLYTOWN (Special) — Rebekah Lodge held a stated meeting recently in the IOOF hall with noble grand, Mrs. Clara Young, in charge.

The secretary, Miss Addie Fern Lick, read the articles of amendment that were sent to the lodge by the president of the Assembly of Texas. Members were informed that the president would visit the Skellytown lodge on April 27. Members were urged to attend the Panhandle Circle meeting. It will be held in Panhandle with the Amarillo Rainbow lodge as co-hosts.

Those present were Mrs. Clifford Coleman, James McCoy, Huber Cannon, Willis Denham, Dave Dickerson, P. E. Yell, C. M. Estes, John Nichols, R. Herd, C. C. Hoskins, Clifton Hanna, George Allen, Jack Cornwall, J. R. McKernon, Chis Anderson, Paul Bendix, E. Cravatt, Fred Genett, J. W. Weaver, Les Kreis, Fred Anderson, Lawrence Young, R. C. Heaton, Mildred Williams and Miss Lick. Les Kreis, team captain, was also present.

MRS. JOHNNY E. LEE

Miss Lois Naydene Hodges, Johnny E. Lee Exchange Vows In Catholic Church

Miss Lois Naydene Hodges, daughter of Mr. and Mrs. Byron Hodges of Groom, and Johnny E. Lee of Meeker, Okla., were married at the Holy Souls Catholic Church Thursday morning with Father F. J. Kuntz, C.M., officiating at the double-ring ceremony. The bridegroom is the son of Mr. and Mrs. Thomas R. Lee of Groom.

Fan shaped arrangements of white and pink stock and gladioli backed by palm decorated the altar.

Miss Dolores Blymiller played the traditional wedding marches at the organ. Miss Mary Dillman sang "Ave Maria" and "Ransiangulus, Oh This Day."

Mrs. Troy Whitley, sister of the bride, was matron of honor. She wore a pink nylon net dress over taffeta. The ballerina length dress was fashioned with a fitted bodice and full skirt with matching stole. Her headdress was a bandeau of flowers. She carried a nosegay of pink and white snapdragons with a shower of snapdragons tied in ribboned love knots.

Wayne Lee served his brother as best man. Ushers were Rusty Ward and Clifford Judd. Michele Dunigan and Fred Nealgue were altar boys.

The bride was escorted to the altar and given in marriage by her father. She wore a white nylon tulle accented with lace applique flowers topped by a figure molding bodice of exquisite imported chantilly lace. The front panel of the dress was made of the lace.

The long pointed sleeves were also made of lace. The finger tip veil was attached to a bandeau of chantilly lace and satin outlined with pleated tulle net. She carried a white gardenia on prayer book with a shower of stephanotis tied in ribbon love knots and a rosary.

For her daughter's wedding Mrs. Hodges selected a toast brown lace dress complemented with brown and green accessories

series and a corsage of gardenias. Following the ceremony the bridal party was honored with a reception at Parish Hall. The table, laid with a white linen cloth, was centered with the wedding cake flanked by candelabra entwined with white carnations, gardenias and stock.

The fered wedding cake was served by Mrs. Oscar Engle and Mrs. Rusty Ward presided at the coffee service. Mrs. James Dickerson attended the guest register. For the wedding trip to Cal-

Jolly circus clowns convert in a variety of poses on the bed, chest of drawers, table and lamp shade. The circus frieze effect is made of the best clown decals spaced evenly along the wall.

Inexpensive Decals Turn Plain Room Into 'Big Top' — Favorite With Junior

By the time the second or third blessed event occurs, quick and inexpensive tricks to pep up hand-me-down nursery furniture are in the order of the day. Limited time and money rule out the new equipment and elaborate pre-first baby.

Arrangements most of us make for the older children, especially the one who will have to be graduated from his crib to a youth bed, can join in the fun of fixing things up, a more wholehearted greeting will be given the newcomer. And if the new baby is going to share little Susie's room, a smart mama will let Susie help pick out the new decorations.

For fixing up a room, I've found the circus theme to be one that children love. Circus red, yellow and white are bright, cheerful colors dear to the hearts of children and babies. New inexpensive decals of funny clowns come in a variety of poses and sizes that will fit the theme. Decals are easy for the children to help plaster on the walls and furniture.

Three or four of the large-sized clowns, riding a merry-go-round or cavorting with small dogs and funny giraffes, can be several inches apart along the wall to make a colorful circus frieze. Smaller replicas can perform their hi-jinks across the face of a chest of drawers, around a lamp shade or on the table and chairs.

If a screen will partition the crib from the rest of the room, stick some of the boldly colored clowns where the baby can see them. Our baby loves to gaze at bright, clear patterns. He prefers them to the soft, muted pastel pink or blue "baby" pictures.

To prepare hand-me-downs for decorating, a good scrubbing is sometimes all that's needed. You

can also cover a multitude of scars, scratches and chips with a coat of paint. I like the effect of a semigloss finish better than the high gloss.

It's just as washable and furniture has a richer and less "made-over" look. If you paint

any furniture don't forget to check the can to make sure it's a non-lead base paint. This is a "must" to protect the baby when he starts teething on the furniture.

Straight-hanging red or yellow and white-striped curtains add another touch of circus atmosphere. Besides, they are easier to keep crisp and clean than curtains with frills and ruffles. If a rug is included in the budget, a washable cotton shag rug in yellow is practical and gay.

Small rugs pushed, sewed or zippered together at the edge, are simple to pull apart for washing and I find they are less troublesome to cope with in a washing machine than one large rug.

Nash-Loper Vows Said In Colorado

MIAMI (Special) — Miss Neola Nash, daughter of Mr. and Mrs. H. L. Nash, Colorado Springs, Colo., became the bride of James Pat Loper, son of Mr. and Mrs. J. Clyde Loper of Miami in a ceremony recently in the home of Dr. and Mrs. John H. Skeen of Colorado Springs.

Dr. Skeen, pastor of the First Baptist Church, read the double-blessing ceremony.

The bride's costume was of beige crepe with green accessories. She wore a flower half-hat in shades of beige. Her corsage was a lavender double orchid and lilies of the valley. For travel she chose a navy blue dress with a white jacket and red accessories.

Mrs. Loper was graduated from Colorado Springs High School, and at the time of her marriage was employed in a secretarial position. The bridegroom, who has lived in Miami and Amarillo, was graduated from the local high school and from the Southern Technical Institute, Dallas. He received his release from the U.S. Army, on March 19, following two years of service. During this time he was stationed at Fort Sill, Okla., and Camp Carson, Colo.

The couple left immediately after the ceremony for a short wedding trip in Colorado and Texas. They are at home in the Corbin apartments.

Central Baptist Women Have Study Meetings

Central Baptist Women's Missionary Society met in circles recently.

Annie Sallee Circle met with Mrs. E. R. Gower. Meeting opened by prayer by Mrs. Gower. Mrs. McPeak gave a portion of a mission book, "Torchbearers of Honan," which was written by Annie Sallee. Refreshments were served to Mmes. H. C. Hollingsworth, Finis Marchman, A. H. McPeak and the hostess.

Lillie Hundley Circle met at the home of Mrs. J. C. Flowers for Bible study. Mrs. J. F. Webb led the study. Present were Mmes. Frank Young, Bud Coats, Harlan Beauchamp, Bill Lewis, Sam Keel, Frank Scott and the hostess. Next week's meeting will be with Mrs. Scott.

Mrs. Bob Bailey was hostess to Mrs. Bob Bailey was hostess to

MRS. H. P. MUNDY Shamrock Woman Will Head Seventh District Clubs

Mrs. H. P. Mundy of Shamrock was elected president of the Seventh District of the Texas Federation of Women's Clubs at the recent thirty-second annual convention in Hereford.

The meeting was held in the auditorium of the First Baptist Church.

Other officers chosen were Mrs. Robert T. Lindsey, of Borger first vice president and Mrs. A. T. Cochrougher of Lubbock, second vice president.

They will be installed at the State Convention of TFWC to be held in Austin in November.

Mrs. Mundy is a member of the state board of the TFWC serving as chairman of the U.N. at community level. She has served as chairman of the credentials committee of the district for the past two years and was chairman of

the Vivian Hickerson Circle. Mrs. John Mitchell led the mission study. Attending were Joy Walters, Mary Jo Long, Betty Tipton, Helen Warren, Eileen Snow, Lode m a Mitchell, Alda Durham, Mary Summers and the hostess.

Vada Waldron Circle met with Mrs. Frank Silcott for Bible Study. Meeting opened with prayer by Mrs. R. E. Warren Sr. Present were Mmes. Warren, Roberta Woods, Ray Babb, Noah ones, James Scott and the hostess. Mrs. Husa was a visitor. Meeting closed with prayer by Mrs. Scott. Circle will meet with Mrs. Warren next Wednesday.

Vivian McKay Circle met in the home of Mrs. Nolan Cole. Mrs. Ruth Burns led the Bible Study. Present were Mmes. Sam Bateas, Milton Burns, A. E. Butler, Herman Wagley, O. C. Curtis, Riley Griffin, Chas. Thomas, J. H. Trotter, Gene McClendon and the hostess.

Geneva Wilson Circle met in the T.E.L. Class room for Bible study. Members present were Mmes. Hilbun, A. Holligan, Bob Anders and E. M. Clark. Circle will meet in the same place next week.

the Council of International clubs for the previous two years.

Her list of activities in Shamrock include the Athenaeum club, which she has served as secretary and past president. She is past matron of the Shamrock Eastern Star and is now president of the

Shamrock County Club Ladies Association and has been departmental of the junior department of the Methodist Church.

Mrs. Mundy has lived in Shamrock since 1907. Her husband was

a rancher and cattlemen before his death six years ago. She has a daughter, Mrs. Gus Lettwich of Childress and a son, I. C. Mundy of Shamrock, and three grandchildren.

Just one Baticaps a day... helps keep "Problem Skin" away!

Your NEW way to seek real complexion beauty!

Baticaps

...the capsule that helps revitalize your complexion!

Ever wish for a truly beautiful skin—soft, smooth, clear—glowing with life and a sense of well-being? Ever wish for the kind of skin men admire, women envy? Then, Baticaps may be your answer—if your "problem skin" comes from a lack of inner balance. These tiny capsules scientifically combine 22 active dermatologic ingredients... special dietary supplements perfectly balanced, that work from within to aid you in your quest for naturally lovely skin! Baticaps are high in therapeutic values, low in calories—won't interfere with any diet! Start on a new road to skin beauty today—the Baticaps way!

36th Year

There is a wonderful beauty, warm charm and a very friendly comfort to a home that is graced by a luxuriously thick bed of green grass. A handsome lawn adds both beauty and value to your home and every home. (Photo courtesy L. Teweles Seed Co.)

Spring Is Garden-Planning Time For Most Home Owners

The first three months of the year is when the average home owner looks ahead to the thought of beautiful plants growing around his home. What to plant is always a problem because everything looks so attractive. Here is a list of suggestions from the American Association of Nurserymen for home owners based upon average desires of grounds beautification: a "must" who also like to have fragrant cut flowers and mouth-watering fruits.

Foundation Planting: The home should be set off by flowering shrubs and coniferous and broad-leaved evergreens. A check should be made to choose the right broad-leaved evergreen which will be hardy in your area. Evergreen foliage ranges from light green to very dark green while some of the broad-leaved evergreens range from green to red or bronze. Mix up the colors so you'll have contrasting foliage colors.

A Rose Garden: White, pink, sun is the hottest and the heat

How Does Your Home Look From Outside Looking In?

Your picture window is a two-sided frame. From the outside, you and your furniture are the "picture." By following a few simple tricks used by interior decorators, you can make your furniture look its best from the outside and create the greatest harmony between inside and outside.

In general, it makes sense not to put anything large or tall in front of the window which prevents you from seeing out or will linger, while the east side of the home has cooled off because it has shade.

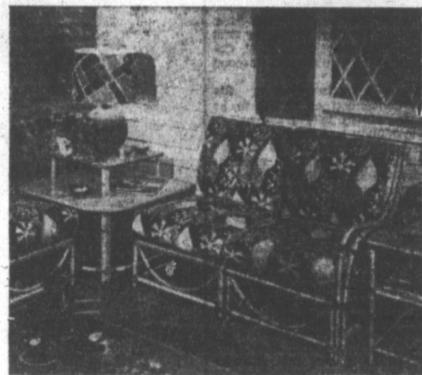

The nursery catalogue will enable you to indulge your own desires. You can specialize in certain types of flowers — roses, daylilies, and other perennials. Or you can have the finest home fruit garden in town — delicious fruits of kinds to offset high food prices. . . . fruits for canning, freezing, jellies, and jams. . . . small tart fruits like raspberries and strawberries, as well as colorful, juicy large fruits.

It is really not a home until it is planted; select the best plants from a well-known nursery. Trying to nurse along an inferior plant is costly of time and effort; it will never be so productive as the plant that has had a good healthy start in a first-class nursery.

Storm Sash Has Many Advantages

Nothing really takes the place of storm sash in regions with real winters. The 1 1/2 to 2 inches of dead air space between tightly-fitted storm sash and weather-stripped windows is hard to duplicate in insulating value.

Another advantage is indirect ventilation. Without storm sash, a direct blast of cold air pours in when you ventilate a room. With storm windows you can open the outer window in one place and the inner window in another place to break the wind.

The sectional sofa has found its way to the patio! This gay, light weight furniture is made of solid ash and birch woods, with natural finish and colorful print cushions. Heywood-Wakefield Co.

Windows Take On New Importance In Modern Home Plans

Windows have grown in the last two decades from mere holes in the wall until today there are often whole walls of glass. And the end of this trend is not yet in sight.

Three major manufacturing improvements have made all this possible.

The first, weatherstripping, greatly reduces leakage of water and air between window sash and frame, particularly in combination with storm windows and double glazing.

Next, advances in the quality of glass have made possible the use of larger panes. Fewer panes per window mean fewer corners for Mrs. homeowner to clean.

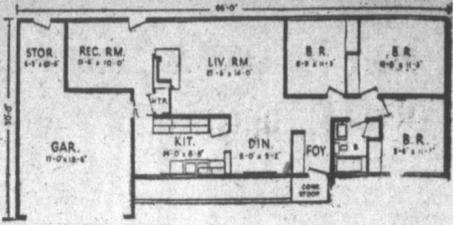

Further improvement was the development of complete, factory-assembled window units. Modern window units can be placed into the walls of homes completely weather-tight. . . . and sashes are precision-milled to fit perfectly for easy operation. The cost of installation is usually less than that of windows assembled on the job.

With the growth of window size it is more important than ever to buy quality window units. A big window simply has to be well built to prevent drafts and to avoid sticking, easy reliable dealers.

LOW LINES MATCHED BY LOW COST Asbestos Boards Suit Contemporary Styling

Good contemporary architecture and cost-saving ideas are combined in this home, chosen as a house-of-the-month by American Builder. Low, sweeping lines dominate the exterior, which has asbestos-cement boards, an economical material noted for fire-safety and durability, as its siding. Battens over vertical joints add interesting shadows. The designer and builder, Donald Scholz of Toledo, O., reported wall installation savings of one-third as compared to ordinary methods. Working plans may be obtained from American Builder Home Plan Service, 30 Church Street, New York 7, N.Y.

Want to Cut Food Costs 20%.. Serve Better Meals?

The welcome mat is out for one of the most exciting and instructive get-togethers you've ever attended! You'll listen to a graduate home economist describe a new and better way of living. The subject? Food . . . and new ways of freezing and preparing frozen foods. Come and bring your friends. . . . You will receive free copies of the "AMANA Food Savings Chart" and "When To Buy Food" calendar. You'll see the wonderful line of Amana Food Freezers . . . the world's finest.

'More For Less' Is Theme Of New, Functional Home

New materials and labor-saving techniques are solving the problem of building moderately priced homes without sacrifice of living space or quality construction, according to Donald J. Scholz of Toledo, Ohio, whose housing projects featuring contemporary architecture have won wide attention.

His advanced ideas are shown to good advantage in a California Contemporary model chosen as the "house-of-the-month" by both a leading builders' journal and a nationally circulated home magazine.

Of one-story construction, with low sweeping lines the home has a distinctive exterior perfectly suited to its modern styling. Contributing to its handsome appearance is the use of asbestos-cement board, a material of rock-like durability which comes in large sheets, as siding.

Use Four-Foot Module

To make the exterior walls, asbestos-cement boards of standard 4 x 8 foot size applied over rigid sheathing of the same dimensions. Similarly sized panels are used for the dry-wall interior finish. All walls are laid out on a four-foot module, which reduces cutting of the boards and wastage to a minimum. Even the windows, in some cases take full 4 x 8 foot sheets under them with no job-site cutting for either the interior or exterior of the house.

The asbestos-cement board siding is the paint base. It is first primed with a prepared primer made especially for the material, then given a coat of standard exterior house paint. Scholz is enthusiastic about the way the material takes paint and holds it. Paint peeling and chipping, he reports, are practically nonexistent.

This wall-building plan, Scholz says, has cut installation costs by more than one-third as compared to ordinary methods used in frame construction.

Asbestos Sheets Economical

Asbestos-cement boards not only make a wear-resistant siding but they are low in cost. They are of mineral composition and incombustible, thereby supplying valuable fire protection. Rotproof and immune to the deteriorating effects of all kinds of weather, they will last a lifetime. They are, moreover, resistant to termites and rodents. While easily painted, they do not require painting for preservation and present an attractive appearance in their natural stone-gray color.

In Scholz' home the asbestos boards are applied vertically, except under windows, to studs on 24-inch centers. Vertical joints are concealed under 1x3-inch wood battens, with an additional batten every two feet for decorative effect.

The home, which includes three

bedrooms, a recreation room, a garage and a storage area, is built to sell for \$18,980, which comes to about \$9 a square foot exclusive of land. Building experts say this is a low figure for the quality of construction employed. Eight months of planning preceded the first building operation. Every board, nail and pipe was completely detailed. Then a shop was set up at the job site for cutting lumber and pre-assembly work.

Pre-Assembly Pays Off

Labor-saving techniques, in addition to the asbestos-sided walls, include pre-assembly of all window and door units, mechanical trenching for the foundation and mechanical taping of dry wall interior joints.

All plumbing is pre-assembled on rigs in the job-site shop. Chimney and fireplace are of poured reinforced concrete made with a lightweight plaster aggregate. This technique and the use of specially developed forms enables the builder to include a fireplace at less cost than a single masonry chimney without fireplaces.

Interior features include concealed cornice lighting, horizontally sliding windows, large wardrobe-type closets, open-beam ceiling in living room and large expanses of wall-to-ceiling windows.

Complete quarter-inch scale working plans of the California Contemporary home may be obtained through American Builder Home Plan Service, 30 Church Street, New York 7, New York.

The electrolytic process of making aluminum was discovered by Charles Martin Hall at Oberlin College in 1888.

'Dream Yard' Made For Pleasant Living

The smaller size of today's homes and the increasing tendency of the American people to live outdoors as much as possible, have combined to produce the "dream yards," that make outdoor living as pleasant and profitable as possible.

Home owners list these requirements for a "dream yard" according to the American Association of Nurserymen. They are:

1. An outdoor living room for family living and entertainment of guests, with adequate shade and lawn space surrounded by flowers and shrubs.
2. Home fruit trees and small fruits such as strawberries, grapes and bush berries to supply fresh - fruit vitamins for family use.
3. Privacy, accomplished by hedges, and individual shrubs and trees.
4. Plantings of windbreaks to cut off cold winds and reduce heating bills, or to moderate the heat of the summer sun. A shade tree on the west of the house can make both house and grounds several degrees cooler in summer, and will shed its leaves in winter to let in the needed winter sun.
5. Flowering plants such as roses and perennials to provide fragrance and cut flowers for the home decoration and to wear.
6. Foundation planting in character with the type of construction, such as low and slow-growing plants for ranch houses.
7. Color accents in the fall and berries, shrubs and foliage of the berried shrubs and foliage of different colors and textures, as well as coniferous and broad-leaved evergreens.

Planning the "dream yard" is important, and it is always preferable to consult with a landscape nurseryman in your area for his knowledge of what will grow best in any particular location of soil conditions. FHA home improvement loans are available for landscaping your property, while it increases the resale value of the property some 10 to 15 per cent.

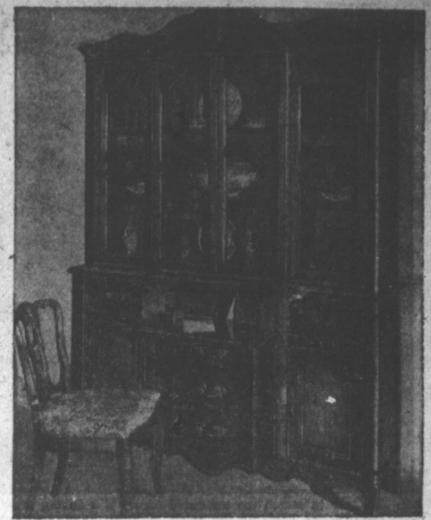

Mostly, however, the "dream yard" provides better living more vitamins and more comfortable living for the entire family. Your "dream yard" can be accomplished bit by bit each year until you have the effect desired, without undue expenditure at any one time.

Natives of Bermuda use shark oil in a bottle as a barometer.

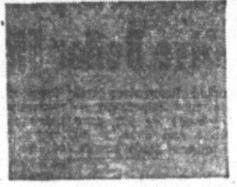

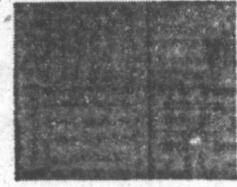

Simple Steps Lead To Rich Lovely Lawn

Highlighting the beauty of your home with a lovely, luxuriant lawn is the desire of every home owner. A sturdy rich growth of grass is not difficult if you follow these easy steps:

- One: Spade up the ground to a depth of 8 inches and mix peat moss into the pulverized soil.
- Two: Mix fertilizer into the top 5 inches of the soil.
- Three: Sow 5 lbs. of good quality grass seed for each 1000 square feet of new lawn. For reseeding old lawns use one-half this amount. Cover seed with 1-8 to 1-4 inches of soil. Rolling lightly helps make soil compact.
- Four: Water immediately after planting, use a fine spray. Repeat daily until the grass sprouts. After the growth is established, water thoroughly so that water penetrates to a depth of 4 to 5 inches. Do not sprinkle lightly and often. Wet thoroughly once or twice a week.
- Five: Fertilize after lawn is established using 30 to 40 lbs. of fertilizer per 1000 square feet. Spread fertilizer evenly and water thoroughly to prevent burning.
- Six: Do not mow your lawn until the grass is 3 or 4 inches high and the ground is firm.

Carpeting Gains Color And Variety

Each year carpeting is playing a more dominant role in the decor of a home. In the homes of today the living room is evolving into a multi-purpose area with few, if any, walls between living, dining, and play or study areas. Carpeting is the means of achieving unity in the decor of his contemporary design.

Too, the home of 1953 is smaller, more functional and wall-to-wall carpeting is the most effective way of giving the illusion of spaciousness.

The most favored type of floor-covering used in this manner is cotton carpeting. It rates high for its economy, the wonderful selection of colors, and its versatility in being adapted to many styles of decoration.

Foremost among the cotton carpetings are broadloom, loop, and boucle. Cotton boucle is extremely long wearing due to its high-wrist weave.

The newest development in the popular cotton loop is that of securing the loops to an adhesive base. The loops are molded into the adhesive material and can never pull out. This base trips the floor, can be cut to size, and requires no finishing for the edges.

This cotton carpeting comes in a wide range of colors to go with provincial, traditional, and contemporary furnishings. Newest are the earth tones, warm browns, beiges, and greens.

The manufacturers of wool carpetings are bringing out many exciting new weaves, colors and patterns to serve as an ideal starting point for room decoration.

One popular wool carpeting is a completely reversible weave in a monotone blend of many colors to blend with any decor. Braided wool rugs in a combination of colors are big favorites for homes in the early American mood.

Japan is emerging as an important source of hand-made hooked rugs and all-wool carpeting that is made by hand.

With the lanai and indoor-outdoor before has there been such widespread acceptance, informal floor coverings are increasingly

Low-Cost, Ready-Made Covers Now Give Better Fit, Beauty

Budget-minded housewives will welcome the new slipcovers — though ready-made — yet have the appearance and superior fit of expensive custom-made covers.

These attractive slipcovers are modestly priced and washable being made of a new two-way stretch fabric called "Loop-Tex" of 60 percent DuPont rayon and 40 percent cotton.

They come in colorful floral prints, sculptured monotonies, and an abstract pattern of casual swirls.

The nicely-textured slipcovers are trim-fitting, with shirred skirts and welted piping, though the fit is snug, with no climbing or crawling of fabric, the slipcovers are easy to put on and take off, because of the two-way construction of the fabric. The slipcovers are washable and require little or no ironing, so they can be easily kept fresh.

Both chair and sofa slipcovers are made to fit many basic styles of furniture.

With the arrival of the spring seed catalogs, gardeners' thoughts suddenly turn to visions of better annual flower gardens this year. Now is the time for planning to make these dreams a reality later on.

The seedsmen are offering many outstanding new varieties to make your gardens more beautiful. You can easily grow these prima donnas by giving the simple but essential, cultural conditions necessary for good results.

Choose a garden location that receives plenty of sunshine, is fairly level and well drained, and is away from large tree roots. Study the directions on the seed packets to see which varieties stand a little cold weather and light frost. Sow these types as early in the spring as the soil is dry enough to be spaded and thoroughly worked into a fine seedbed. Don't plant tender varieties until the weather is warm and settled.

After the seedlings are up thin or transplant to the distances apart recommended on the seed packets. Crowded plants make weak growth, have small flowers and invite disease. Cultivate occasionally to control weeds and to keep the soil in good condition. Remove faded flowers to stimulate continuous bloom. These are the main points to remember for a prize garden this year.

Time For Gardeners To Get To Work

Choose a garden location that receives plenty of sunshine, is fairly level and well drained, and is away from large tree roots. Study the directions on the seed packets to see which varieties stand a little cold weather and light frost. Sow these types as early in the spring as the soil is dry enough to be spaded and thoroughly worked into a fine seedbed. Don't plant tender varieties until the weather is warm and settled.

After the seedlings are up thin or transplant to the distances apart recommended on the seed packets. Crowded plants make weak growth, have small flowers and invite disease. Cultivate occasionally to control weeds and to keep the soil in good condition. Remove faded flowers to stimulate continuous bloom. These are the main points to remember for a prize garden this year.

Don't Skimp On New Home Timber

Springtime is building time and enthusiasm for long-dreamed-of projects mounts high. But before you plunge in, here are a few very vital points to remember:

The timber skeleton of your house is going to be all covered up, but if you skimp on it, you'll have sagging floors that squeak at every step.

Windows and window frames can be purchased for very little money, but their price can be multiplied many times in years to come in the form of lost heat, drafty floors, and wet walls. Carefully designed, precision window frames complete with weatherstrip will insure comfort for years.

AND HERE ARE FOUR BIG REASONS WHY:

COOKING

The Modern Gas Way — Yes, Modern and Automatic Cooking is best on the Gas Range and preferred by 99 to 1. Gas costs so little that you can cook dinner for less than a cent per person. Automatic Gas Ranges make the dream kitchen freedom come true. Before you buy — see and compare — then it will be automatic cookery for you. Only gas gives you instant cooking.

HEATING

The Modern Gas Way — Automatic Gas Heating is second to none in efficient and economical home comfort. The modern and durable — it adds beauty to the home from basement to roof. It is a fact that Natural Gas is the only fuel that comes into the home ready to burn — no storage — no handling — no worry — this, with automatic equipment gives clean, healthful, dependable and silent heat when and where you want and need it. Truly a servant worth top pay. Only gas is sure and dependable.

REFRIGERATION

The Modern Gas Way — The Servel Automatic Gas Refrigerator is silent because it has no moving parts to wear and become noisy — Servel Gas Refrigeration is the modern motorless refrigerator with a full ten-year guarantee. Servel Gas Refrigerators are less expensive to operate because its power is a small, constant dependable gas flame — just think of it — the refrigerator that pays for itself. Let us explain the full story of gas refrigeration now because eventually you will use a modern motorless refrigerator — so why not now. Only gas gives you silent long life operation.

WATER HEATING

The Modern Gas Way — Gas operated hot water service is constant, continuous, clean and economical too. You will be delighted to turn the tap and have all the steaming hot water you need for every purpose. You will be amazed at the low cost and convenience you get when you change to the automatic and continuous supply of gas operated hot water service. With spring cleaning days just ahead, plan to have this wonderful and economical service available . . . it will make those house-cleaning chores a lot easier. Only gas is cheap and economical.

EMPIRE GAS SOUTHERN CO.

313 N. Ballard Phone 2100

Designed by the eminent Raymond Loewy, this modern bedroom furniture is a striking example of the very newest style trends! Ideal for bed-sitting room or bachelor apartment, it features the subtle contrast of wood with the practical strength and smartness of metal. The Mengel Company.

It Pays To Consult Experts On Garden, Landscape Plans

Approximately one out of every four home owners has a sound conception of how to get the most value and a full variety of satisfactions out of his home property through landscaping and planting, according to the American Association of Nurserymen.

Many new home owners especially, says the Association, think in terms of a few plants, when they should have an overall landscaping plan for the property to provide beauty and charm, flowers, and delicious fruits, thus enabling a better and more enjoyable family life.

For the three-fourths of all home owners not having expert advice and planning the Association advises as follows:

Contact a well-known local landscape nurseryman. Tell him what you would like to do, either all at once, or in accordance with a plan that you can carry out partially each year until you reach your goal of both a beautiful and food-producing property, one that you always will be proud of and, your neighbors will admire.

Insist on what you most want

Deterioration Of Furnishings A Costly Factor

Authorities estimate that the average family loses as much as \$150 per year through damage and deterioration of clothing and home furnishings — all of which could be prevented with proper care.

Here are some simple rules that will help have clothing, draperies, etc., and money, too!

Leave all stains alone — except those needing emergency treatment — Clean as soon after staining as possible — Clean items regularly. Be sure to clean before storage; stains and dirt invite moths.

Buy wisely. Ask questions, read labels, be sure! It costs no more to buy serviceable fabrics and garments.

Choose a good cleaner — one, who "knows the answers" and preferably belongs to a professional trade organization.

Follow these rules and you'll save a great deal of money. Remember, 100 cleanings cause less wear and deterioration than one week of soil. Fabrics that can't be washed — cleaned — worth buying!

Now, Dramatic Colors Bring Springtime Into Your Home

This spring there is no limit to how gay... how colorful... how dramatic you can make your windows! With a lavish use of color and imaginative effects you can bring Spring right into your home!

And, best of all, your favorite store is filled with new fabrics that create lovely sheer effects, yet make it easier than ever to keep your curtains crisp and fresh-looking!

These new fabrics, made of synthetic fibers are extra sheer, yet wash easily, dry quickly, require no starching, and little if any ironing.

These wonderful fabrics come in ready-made curtains in a wide variety of styles and in yardage to fashion your own. The colors are enchanting — in smart decorator tones to accent any decor!

The ever-increasing trend to correlate the indoors and outdoors of a home give windows new importance!

If yours is an Early American home use cheery cottons at your windows. The bright provincial prints can be used as borders on white organdie or muslin cottage curtains or as full draperies. Often the fabric used at the window is repeated in the slipcovers.

Plain color cotton makes smart tiered curtains and there are dozens of novelty trims to use as gay edgings.

For those who prefer crisp white curtains, there are crisp cross styles in all sizes, cottage curtains with perky ruffles, tiered curtains with a valance, and tailored panels.

In these type, nylon is becoming an increasing favorite because it stays so fresh-looking and is so easy to care for.

Curtains and draperies are playing a more important part in bedroom decor because of the use of big windows in the popular ranch style home. Full-length casement curtains are the favorite of big windows in the popular ranch style home. Full-length casement curtains are the favorite of big windows in the popular ranch style home.

The Sign of Friendly Service **B.F. Goodrich**

108 S. CUYLER PHONE 211

Kitchens Are Designed For Easy Living

Today, just walk into the kitchen of any model home or into one of a friend whose hobby is her home!

You're greeted by an aura of friendliness and cheer as in the days when the kitchen was the very heart of the home — as indeed, it's becoming now!

Gay calico curtains hang at the windows, plants bloom on the sill, mellow pine cupboards reflect the gleam of copper pans — and there's a heart-warming effect of coziness.

That's the American kitchen of 1953!

If your kitchen still has traces of that barrenness that characterized kitchen fashions of yesterday, don't despair! Make it your spring project to redecorate your kitchen into one of warmth and charm — and delight your family!

A few yards of cheery cotton print, an easy chair (perhaps a rocker with a cushion of matching print) . . . a spice box or spoon rack copied from those of Grandmother's day . . . and you're off to a good start!

Try putting a shelf along one wall and tack a ruffle of your curtain material along the edge. Hang your pans under the shelf and put leery pitchers, plates, and coffee cups or philodendron on the shelf.

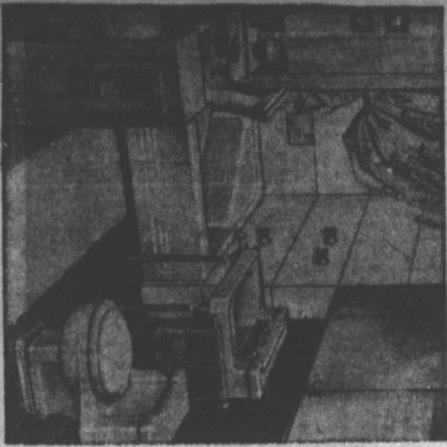

Browse through the housewares department of your favorite store as you'll see dozens of kitchen necessities that capture the Early American mood.

Even in the most modern homes of day, there's more than a touch of coziness in the kitchen. And it's the family's favorite get-together spot!

Just remember in your combination of woods that simple lines, excellent craftsmanship and beautiful woods are the true measure of good taste in furniture styles.

Denim Slip Covers

Attractive slip covers for the furniture in your summer cabin can be made from durable blue denim, piped withed chenille.

This most modern of bathrooms straddles practicality, beauty and extra duties. Everything has its place and there's a place for everything. Roomier appearance is given any bathroom by the Neo-Angle Bath which uses floor space efficiently. The bath, the Combination Lavatory and Master One-piece water closet are all by American Standard.

Heating Is An Item Of Top Importance

If you are building a new house this spring, or planning to remodel and modernize your present home, the heating system is of major importance.

In remodeling an old house or if you do not care to invest in a completely new furnace there is a gas conversion burner to transform any hand-fired furnace or boiler into a completely automatic gas heating unit.

The newest heating systems are designed for maximum economy. Some pre-heat return air so that as cold air returns to the heater, it is drawn over hot flue surfaces to be heated before it enters the heating compartment. This saves fuel and speeds up the heating of the home.

One of the newest innovations in home heating and one which decorators applaud, is the base-

board radiant panel heaters. Decorators say they are the most artistic heating units on the market for any type of decor.

Made of cast iron, these radiant panels replace the wooden baseboards in the home. They are very inconspicuous, particularly when painted the same shade as walls or wood work.

By being space-saving, they make rooms look larger and provide a blanket of heat where it's needed most — along the floors. This heat rises and supplies a continual flow of even, draught-free warmth that spreads throughout the house.

There are numerous advantages in automatic heating — no matter what style or whether gas or oil burning. A small thermostat on a wall of your home takes over as furnace tender and automatically adjusts the heating system for more or less heat, as required.

Automatic heat also adds to the health of your home. The thermostat control provides even temperature, avoiding the extremes of hot and cold of a hand-fired system. It circulates clean, warmed, and properly humidified air through the home. In building and remodeling, it is wise to give thorough consideration to your heating unit. It may be false economy to use an antiquated heating system. Inefficient utilization of fuel and expensive repair jobs can mean big bills.

Your Perennial Garden Can Be Real Beauty Spot

A perennial garden offers permanent beauty. Here you can have your own roses climbing on trellises, or in a formal bed. Many home owners start a perennial garden in a small way and add to it until the collection is a sizeable one, affording a variety of gorgeous cut flowers for the home, an to wear.

Some of the easy to grow plants, in addition to the roses which every perennial garden should have, are:

Azuleones, Aquilegia, Asters, Centaureas, Chrysanthemums, Delphinium, Dianthus, Iris, Lupinus, Peony, Phlox, Primula Ranunculus Scabiosa, Veronica. There are many more.

Work-Saver Tip

You can save time washing ash trays, by first waxing them. Ashes don't stick, stale tobacco odors don't linger — and best of all, they can be wiped clean with a cleansing tissue, in a jiffy!

Spray Enamel Old Kitchen Fixtures

Tired of all white kitchens and bathrooms? Would you like your own kitchen fixtures to blossom in the new bright hues? The most satisfactory shortcut is to remove the fixtures and take them to an automobile spray painting firm where you can select the exact color you want; or if you're a handyman with a power sprayer — do it yourself. The finish dries quickly and gives you a result like that of a new car.

...if it's MODERN -
it's ELECTRIC!

From range to room cooler, from television to toaster, when you want modern living, you ask for electric living. An electric range—automatic and accurate—frees you from the kitchen. You can take a Sunday afternoon drive, or visit friends, and return to find your dinner ready for the table. And all this cooking pleasure is yours for just 7 cents a day. If your range is modern, it's electric. If it isn't, let your Reddy Kilowatt dealer show you a modern electric range now.

Panhandle Oilfield Activity Still Remains On Increase

Once again Panhandle oilfield activity remained on the increase with the location last week of 20 new wells, six of them wildcats in Roberts County.

In the completion line, there were eight oilers and four gasers, according to reports from the district Railroad Commission office.

Three of the new wildcat locations were staked out by the Shamrock Oil and Gas Company, two of them five miles west of Miami and the other 6 1/2 miles southwest of Miami.
