WEATHER
WEST TEXAS — Fair Wednesday and Thursday. A little warmer Thursday.

Registration Closing For Veterans Day

Today was the last day for registration of Korean veterans who will receive free tickets to the Amarillo-Pampa football game Friday night in observance of Korean Veterans Day. Aubrey Jones, chairman of a special committee making arrangements, reminded today.

The names of veterans of the Korean war should be turned in to the Pampa Chamber of Commerce before 5 p. m. today, he said.

The free tickets, two to each veteran, are now available at the office of B. R. Winkles, county school superintendent, in the county courthouse. He warned veterans that the tickets must be picked up by no later than 5 p. m. Thursday.

Jones emphasized that only those veterans who actually served in Korea during the recent conflict are eligible to receive the tickets.

The pre-game ceremony, in which tributes will be paid to all veterans of the Korean conflict, including the two prisoners of war from Pampa and those servicemen who gave their lives, will be short, lasting not more than five minutes. It was revealed at a meeting of the committee on arrangements Tuesday afternoon in the chamber office.

Clinton Evans, president of the Kiwanis club and vice president of the Chamber of Commerce, will make a few brief remarks concerning the day's observance and will welcome the veterans. The veterans will then be asked to stand for a salute by the high school band, followed by a moment of silence as taps will be sounded for those who did not come back.

All veterans attending the game will be guests of the committee at an informal reception following the game in the main dining room at the Schneider hotel. Coffee and donuts will be served to veterans and their wives, dates or parents. J. A. McCune will be chairman of the reception committee.

More than 70 names of Korean veterans had been turned in and it was expected that the number would reach 80 by this afternoon's deadline.

Pampa Set To Welcome Air Tour

Plans for welcoming participants in the Texas Air Tour, which will arrive at Perry LeFors field here Tuesday at 2:05 p. m., were completed at a joint meeting of the Gray County Airport Board and the Pampa Chamber of Commerce this morning in the chamber office.

This year's tour commemorates the 50th anniversary of powered flight and also is publicizing the 1954 March of Dimes campaign. Mayor Tom Rose will give the address of welcome, with a member of the tour giving the response. Master of ceremonies will be D. E. Holt, a member of the Airport board.

The group, which will be here about 25 minutes, will be served refreshments, consisting of watermelon, coffee, donuts and soft drinks in the Cabot Companies hangar at the airport.

The two groups, in their meeting today, urged all business men of the city to have representatives at the airport to welcome the tour members. They are to be there by not later than 1:45 p. m.

Participating in the tour will be about 75 or 100 planes, it was pointed out by Frank Culbertson, chairman of the Airport committee of the chamber, who presided at today's meeting.

Members of the board and of the chamber committee will serve as official hosts. Carnations will be pinned on each visitor by the 12 girls who are candidates for Miss Oil Progress honors in the Oil Progress week celebration.

Wilson Says U.S. Holds H-Bomb Lead

WASHINGTON, Oct. 7 — UP—There is a vigorous discussion within the Eisenhower administration Wednesday on basic policies relating to taxes, defense spending and foreign relations.

The situation arises from official uncertainty about the answers to a couple of fundamental questions:

1. Is the Soviet Union ready for H-bomb warfare?
2. If so, what should be done about it?

Defense Secretary Charles E. Wilson gave the problems a new slant in a late news conference Tuesday. He believed the United States was about three years ahead of the Soviet Union in both

Bobby Greenlease's Body Is Discovered

FOR GOODWILL — Vice-President and Mrs. Richard M. Nixon check route of their goodwill tour of the Far East with Senate Majority leader William Knowland inside Vice-Presidential plane just before leaving National Airport in Washington Tuesday. Sen. Knowland accompanied the Nixons as far as the west coast.

Nixons Leave For Overseas Goodwill Trip

SAN FRANCISCO, Oct. 7 — UP—Vice President Richard M. Nixon left Wednesday for Hawaii on the first overseas leg of his 37,000-mile "listening and learning" tour as President Eisenhower's personal representative.

Nixon's four-engine Constellation operated by the Military Air Transport Service left San Francisco airport at 2:30 a. m. (5:30 a. m. est). It was due to land at Hickam Field, Hawaii, at 10:20 a. m. hat (2:30 p. m. est).

Aboard the plane was Nixon's attractive wife, Pat, who will accompany her husband on the nine-week trip.

One of the first things Nixon was expected to do after his arrival in Hawaii was to bring the Hawaiian people renewed assurances that the Eisenhower administration is backing their aspirations for statehood.

Nixon was prepared to tell Hawaiians that he will exert his personal influence wherever it would help them achieve their goal.

Nixon will be in Hawaii until Saturday, when he leaves for New Zealand.

The vice president arrived in San Francisco Tuesday from Washington and immediately plunged into a round of conferences, speeches and personal appearances.

Strange Cats Are Sighted

WICHITA FALLS, Tex., Oct. 7 — UP—Large black cats, resembling panthers, Wednesday were reported sighted near Horseshoe Bend, eight miles west of here.

Allen Grantham said he and his wife heard screams several times and saw the animal once. He said he had not seen any of his cattle attacked, but was treating a cow for wounds that could have been made by a panther.

Area Teachers Aid Annual Conference

Three elementary and junior high school teachers of this area have been named by Dr. Ruth Lowe, Texas State College, to be among the 20 teachers who will lead discussions during the sixth annual campus conference for teachers of the Panhandle area. The conference will be held Saturday morning at the college.

Those chosen from the Pampa area are Miss Sibyl Turner, Pampa, grade 5; Dennis P. Smith, White Deer, grade 7, and McHenry Lane, Pampa, who will lead the administrators' discussion.

If it comes from a hardware store, we have it, Lewis Hardware.

WASHINGTON, Oct. 7 — UP—There is a vigorous discussion within the Eisenhower administration Wednesday on basic policies relating to taxes, defense spending and foreign relations.

The situation arises from official uncertainty about the answers to a couple of fundamental questions:

1. Is the Soviet Union ready for H-bomb warfare?
2. If so, what should be done about it?

Defense Secretary Charles E. Wilson gave the problems a new slant in a late news conference Tuesday. He believed the United States was about three years ahead of the Soviet Union in both

Father Had Paid \$600,000 Ransom

KANSAS CITY, Oct. 7 — UP—The nine-day-old Bobby Greenlease kidnap case came to a crashing end Wednesday with discovery of his decomposed body in a shallow grave in St. Joseph, Mo., and the arrest of two persons in St. Louis.

Breaking with staggering suddenness, the report that the six-year-old boy's body had been found was denied by local law enforcement authorities in St. Joseph.

Within minutes, the Federal Bureau of Investigation here and in Washington confirmed the discovery. FBI Director J. Edgar Hoover in Washington identified the two under arrest in St. Louis as Carl Austin Hall, 37, and Bonnie Brown Heady, 41.

Similar to Lindbergh Case. The case was shockingly similar to the Lindbergh case, from which the present federal kidnap law grew. Charles Augustus Lindbergh Jr., 19-month-old son of the famous flier, was kidnaped March 1, 1932. He was killed March 1, 1935. His father had paid \$200,000 ransom for his son's return. He was shot.

Hoover also disclosed that Bobby's father, Robert C. Greenlease, 71-year-old millionaire Cadillac dealer here, had paid \$600,000 ransom. He said a greater portion of the money had been recovered. Hoover indicated that perhaps the boy had been murdered before the ransom had been paid. He had been shot.

Dr. Donald Black said the father "had a brief interval of collapse, but has regained his composure." He administered no sedatives, either to the father or the mother.

Army Fires 'Bad Risks'

WASHINGTON, Oct. 7 — UP—The Army revealed Tuesday night that it has suspended "several employees" at its hush-hush Signal Corps laboratories in Fort Monmouth, N. J., for "security reasons."

It made the disclosure in a brief and carefully-guarded statement. Because of "established policy," officials said neither names nor specific charges would be made public.

The Chicago Tribune said in a copyrighted dispatch that five employees were involved—two of the nation's radar scientists, two other scientific workers and a clerical employee.

The newspaper said 30 other Fort Monmouth workers were under secret investigation and that a number of them would be questioned by Sen. Joseph R. McCarthy's permanent investigating subcommittee.

The Tribune story, written from Washington by Willard Edwards, said the suspensions were "personally ordered" by Army Secretary Robert T. Stevens and involved employees who have had "access for years to this country's defense secrets in the electronics field."

It also said there are "definite links" between them and the espionage ring to which the recently executed atom spies, Julius and Ethel Rosenberg, belonged.

The Army Signal Corps does secret experimental work on radar and other electronics equipment at its three Fort Monmouth laboratories.

It is believed that the suspensions are an outgrowth of McCarthy's investigation of alleged Communist infiltration of the Army.

During hearings in New York last month, the Wisconsin Republican charged that a number of Army employees in the New York area had Communist ties, including a Signal Corps security guard. But there was no public testimony directly involving the Fort Monmouth laboratories.

Landslide Injures Seven In Norway

OSLO, Norway, Oct. 7 — UP—A mile-long strip of coastal cliff rimmed by a railroad and a busy highway caved in Wednesday in a landslide that toppled houses, smashed automobiles and buried a loaded bus in suburban Oslo.

Police said at least six persons in the bus were killed. Witnesses said they saw a seventh person buried. At least nine others were injured.

Fearing a higher casualty toll, police broadcast an appeal over the Norwegian state radio asking witnesses to report any automobiles, bicycles or pedestrians they saw buried.

The slide occurred on a 1,000-foot cliff, Ekeberg hill, just south of Oslo.

Commuter trains, buses and bicycles were streaming toward the city when the cliff quivered, sagged and started sliding down into the sea with a thunderous roar.

Stones, earth, uprooted trees and crushed houses peeled away and skidded downward.

The entire landslide slid down an average of 100 feet, its base apparently undermined by the sea.

The landslide covered a three-block area and cut the main rail and road connections between Oslo and Sweden.

Witnesses said the scene resembled a World War II bombing raid as broken houses and boxes gaped toward the sky.

At least five automobiles were reported buried under the mud.

A police officer in charge of rescue operations said inhabitants of demolished houses in the area were removed and 1,000 school children were evacuated from their school, which apparently escaped damage.

Road worker Olav Hansen gave the first report of the disaster.

"I was working on the road as usual when I suddenly noticed that the soil was beginning to quiver under my feet," Hansen said.

"Hardly had I become aware of that before the earth began to crack and large crevices opened up about me. Suddenly I heard a thunderous roar and everything around me beside me disappeared."

"The last thing I saw was a heavy truck coming at great speed from the road out onto the stricken area and being flung into the sea."

Woman Takes Dose Of Poison After Failing Suicide Leap

HOUSTON, Oct. 7 — UP—An attractive, 26-year-old woman, who terrified two businessmen who saw her starting to leap from a 10th floor fire escape late Tuesday, headed their pleas not to jump then returned to her hotel room and gulped down a massive dose of rat poison.

The woman, who came here from Dallas Friday, was in critical condition at Jefferson Davis hospital Wednesday.

The pleas of W. L. Ledbetter, 38, and Ted McMurrugh, 33, two Dallas business men, probably saved her from a death in a leap from the 10th floor of the Montagu hotel.

The two men were in their room across the street in the Texas State hotel when they spotted the woman.

"She was sitting on the railing holding a Bible in her hands," Ledbetter said.

"When I first saw her she was on the 11th floor. She walked down the steps to the 10th floor and sat down again. She began taking off her shoes and I knew then she intended to jump."

While Ledbetter ran to telephone Montagu hotel officials, McMurrugh pleaded with her not to jump.

The woman climbed through a window and minutes later officers burst into her room on the 11th floor and found her sitting on the edge of her bed. They found the opened can of rat poison and a note to a Houston friend which said she planned to take her own life because "when you can't figure out any way to make things go right... this is the only way..."

Bank President Dies In Goliat

SAN ANTONIO, Oct. 7 — UP—Edward Martin, 63, president of the First National Bank of Goliat, Tex., died Tuesday night at a hospital, where he had been a patient over the past year.

Martin suffered from a heart ailment. He is survived by his wife and a daughter.

AND IT'S JUST FOOTBALL — The Amarillo football fans can't get any more tickets of any kind in their home city for the Pampa Harvester - Amarillo Sandies football game Friday night in Pampa. So they're coming over here to try to buy some. But all Miss Ruth Milligan (right) was able to buy this morning in the school business office was some general admission drouth which we've sold to her by Mrs. Marion Parsley. The long-haired tilt is expected—obviously—to draw a capacity crowd to Harvester Park by the time the kick-off comes at 8 p. m. Friday (News Photo)

Farmers To Receive More Drouth Funds

WASHINGTON, Oct. 7 — UP—President Eisenhower Wednesday made another \$10 million available for relief of farmers in 13 drought-stricken states.

This action brought the total for such emergency aid to \$50 million. The \$40 million previously authorized by Congress has almost been used up.

Announcement of the additional allocation followed a 30-minute conference of Mr. Eisenhower with Agriculture Secretary Ezra T. Benson and Undersecretary True D. Morse.

Benson later told reporters that about \$29 million already had been spent to give the cattlemen surplus livestock feed at half price with the government reimbursing the Commodity Credit Corporation for the other half.

Benson also said his department had bought 130 million pounds of lower grade beef for canning to help stock raisers in the stricken areas and that the total will exceed 200 million pounds before the program ends.

He said that the \$11 million remaining in the original \$40 million allocation would not carry the program much beyond this month and that consequently he had asked the President for the additional \$10 million.

Can Help Through Winter. "With assurance of these funds we can help farmers to get emergency hay supplies for winter feedings," Benson said.

He added that the Agriculture Department will co-operate with southern and southwestern states in transportation of hay from the upper Midwest where supplies are relatively abundant. He said the federal government will contribute "materially" toward transportation costs which sometimes run as high as the cost of the hay — about \$20 per ton.

"This administration is determined to employ every available

Young Antelope Captured Here

M. W. Alford, new manager of Perry LeFors field here, feels today that he was given a real initiation into his new job.

This morning he looked out of his office window and saw a young antelope just outside his office.

Alford went outside and grabbed the animal and after wrestling with it for some time, finally subdued it. He now has the animal tied up at the airport.

Two Killed In Houston Fire

HOUSTON, Oct. 7 — UP—Two persons were believed burned to death when a three-alarm fire destroyed a frame rooming house and damaged two neighboring structures Tuesday night.

A dozen or more persons fled into the street to escape the flames. One of the fire had not been determined.

Homicide officers said they believed at least two persons died in the fire, a man and woman, but the bodies had not been identified.

The fire occurred in a few blocks from where five persons burned to death in a similar blaze last year, and where two other old rooming houses were gutted by fire during the past two months.

Student Pilots Die In Crash

CORPUS CHRISTI, Oct. 7 — UP—Two student pilots were killed when their F-6-F trainer planes crashed in flight, but a Navy helicopter reported it could not find any debris or bodies.

Identification of the dead were withheld pending notification of next of kin.

The base public information officer said the planes apparently were part of a group, for two planes are never sent out on gunnery missions. He said "in most cases of mid-air collision over water, we find little remains."

Houston Negro Dies In Chair

HUNTSVILLE, Tex., Oct. 7 — UP—Louis Allison, Houston Negro convicted of raping a housewife, died in the electric chair at Huntsville state penitentiary early Wednesday.

Assistant Warden Joe Byrd said Allison appeared "ready to go" when the time came. He was pronounced dead at 12:05 a. m.

Allison was convicted of attacking a Houston housewife, the mother of three children, on July 26, 1952.

White Deer Personals

By JO HY-SMITH
Pampa News Correspondent

WHITE DEER — (Special) — Mr. and Mrs. R. P. Bergeson have moved to Elk City, Okla., where they will make their home. "Frenchy" will work for Shell Oil Company, as he did here. Preceding their move, guests in their home last week were Mrs. Bertha Sanderson, of Orlando, Calif., and Mrs. Ethel Thomas, of Bartlesville, Okla.

Rev. and Mrs. Howard G. Lyons were called to Bartlesville, Monday due to the serious illness of Rev. Lyons father.

Mr. and Mrs. J. T. Webster spent the week-end in Daltart visiting relatives.

Mr. and Mrs. Huelyn Laycock visited his mother and two brothers in Shamrock Sunday.

Newcomers to White Deer are Mr. and Mrs. Johnny Bednorz and small son, who have moved here from Panhandle.

Mr. and Mrs. J. C. Jackson spent Sunday in Borger with Mrs. Beale Lawyer.

Mr. Glen Young has returned to her Pampa home following convalescing in the home of her daughter, Mrs. Jay Phillips.

Mr. and Mrs. Charles Kirkwood have returned to their home in Denver following a visit in the home of his parents, Mr. and Mrs. Arthur Kirkwood.

Lt. and Mrs. Byrnyde Vaughn spent the week-end with her parents, Mr. and Mrs. C. F. Hussey. The Vaughns were here a week ago enroute from their home in Garden City, Kansas, to Chicago, Ill. for a dentist's convention. The two little girls stayed with their grandparents during the convention.

A number of our ladies attended the Methods in Missions Course held at the Central Baptist Church, in Pampa, Monday. Going to represent the local Missionary Society of the Baptist Church were Mrs. Emma Lyons, Frank Evans, Jay Phillips, Bob Lutz, Ralph Higgins and Glendon Young.

Mr. and Mrs. J. L. Nelson spent Sunday with their daughter, and family, Mr. and Mrs. Homer Glasgow, of Elk City, Okla.

Mr. and Mrs. R. M. Hubbard spent Sunday in Childress with her brother's family, Mr. and Mrs. C. L. Smith. Visiting in their home last week were Mr. and Mrs. Paul Hubbard and family, of San Diego, Calif. The two Hubbards are brothers.

Mrs. Essie Maude Simmons has just returned from a five-week visit to various California cities. On her return trip, she stopped off at Tucson, Ariz., to see her son Ray Bunker and his family.

Mrs. Eddie Cantrell, of Walnut Ridge, Ark., is visiting in the home of her son and his family, Mr. and Mrs. L. P. Cantrell.

Week-end visitors in the home of Mr. and Mrs. Clifton Shafer were her mother, Mrs. C. E. McKinney, and her sister, Mrs. Morris True and Mr. True, all of Bishop.

Mr. and Mrs. J. C. Jackson spent Sunday in Borger with Mrs. Beale Lawyer.

Mr. Glen Young has returned to her Pampa home following convalescing in the home of her daughter, Mrs. Jay Phillips.

Mr. and Mrs. Charles Kirkwood have returned to their home in Denver following a visit in the home of his parents, Mr. and Mrs. Arthur Kirkwood.

Mrs. Eddie Cantrell, of Walnut Ridge, Ark., is visiting in the home of her son and his family, Mr. and Mrs. L. P. Cantrell.

Week-end visitors in the home of Mr. and Mrs. Clifton Shafer were her mother, Mrs. C. E. McKinney, and her sister, Mrs. Morris True and Mr. True, all of Bishop.

HARRY W. BASS... elected today

Dallas Man Named Mid-Continent Head

HOUSTON — A one-time banker and oil field tool dresser today became the new president of the Texas Mid-Continent Oil & Gas Association.

Harry W. Bass, Dallas, drilling contractor and independent oil and gas producer, was elected at the second-day session of the association's 34th annual meeting, held Tuesday and Wednesday in Houston.

Bass became the 14th president of the state's oldest and largest organization of oil men. He succeeds Robert F. Wirthoff, Fort Worth independent producer, who held the post two years.

Bass was born in Enid, Okla., April 9, 1895, the son of a construction contractor. He served as an artillery officer during World War I.

He leaped into the oil business in 1919, during the early Texas boom days. Working as a bank clerk, following banking studies at the University of Oklahoma, he was more impressed with the \$300 monthly check of a tool dresser he waited on than with his own \$100 a month.

After learning what a tool dresser was, Bass quit the bank and headed for the Ranger field to try his hand. He has been in the oil business ever since.

Pursley Announces New Dodge Models

A new series known as the Royal V-8 highlights the lineup of 1954 Dodge passenger cars now being displayed in the showroom of Pursley Motor Co. Ervin Pursley, co-owner of Pursley Motor Co., said the 1954 Dodge also introduces new interior styling, more than a dozen body beautifications and several major engineering advancements in its entire line consisting of 20 different models.

Pursley said the 20 different models are in three series — the new Royal V-8, the Coronet V-8 and Six and the Meadowbrook V-8 and Six. They are being offered in 11 different colors and 12 two-tone combinations that are keyed to harmonize with the completely new interior styling.

Pampans' Father Buried In Electra

Funeral services for the father of three Pampa women were held in the Electra Methodist Church Tuesday, according to word received here today.

Emmet Tunnell, father of Mrs. Leola Higginbotham, 941 S. Nelson; Mrs. Nell Thomas, 1103 Duncan; and Mrs. Ruth Burns, 922 E. Frederic, died Sunday night in an Electra hospital.

A resident of Electra for the last 60 years, Mr. Tunnell had visited many times in Pampa.

Other survivors include his wife; two sons, Edgar and Ray Tunnell, both of Electra; another son, Billy Bob, Abilene; two other daughters, Mrs. Meta Graves, Electra and Mrs. Alma Tinnin, Borger; nine grandchildren; and four great grandchildren.

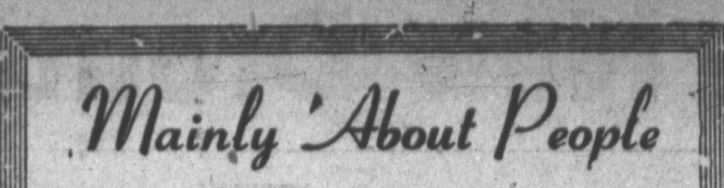

Civil Service Positions Open

Pampans and other area residents interested in positions as U. S. game management agent and U. S. game management agent-pilot in Arizona, Colorado, Kansas, New Mexico, Oklahoma, Texas, Utah and Wyoming can get more data from C. W. Stowell, U. S. Civil Service examiner-in-charge in the local post office.

Jobs as agent pay \$4,205 a year, while those as agent-pilot pay an annual wage of \$5,060, Stowell said today.

Job-holders in these positions, Stowell continued, are responsible for the enforcement of Federal regulations for the protection and conservation of wildlife and for the apprehension of persons who violate the regulations. And, too, they make surveys of wildlife populations and perform related work in the field of game-management.

FLOYDADA, Tex., Oct. 7 — UP — Funeral services were scheduled Wednesday for J. A. Baxter, 40-year-old farmer killed when his pickup truck overturned Monday on his farm near here.

Mainly About People

Mr. and Mrs. David S. Agnew, Guyton, Okla., are the parents of a daughter, Elizabeth Berry, born at 12:05 p.m., Tuesday in Highland General Hospital. Weight: 6 pounds, 5% ounces.

Ann Perkins of Pampa, sophomore student at Texas Tech College in Lubbock, was among those named as sponsors for the six companies and regiment of the Army ROTC unit on the campus. Miss Perkins will be the sponsor for Company C during the academic year.

Mr. and Mrs. R. C. Atchley, 1235 Mary Ellen, announce the birth of a son, Steven Challie, at 8:02 p.m. Tuesday in Highland General Hospital. Weight: 7 pounds, 3% ounces.

Mr. and Mrs. Floyd Lee Everson, 733 Locust, became the parents of a daughter at 2:01 a.m. today in Highland General Hospital. Weight: 6 pounds, 8% ounces.

For Thursday noon & evening meal we'll serve baked chicken or roast pork, candied yams and chocolate cake at O. & Z. Dining Room.

Mr. and Mrs. Robert Snyder, 500 N. Hazel, became the parents of a girl at 2:27 a.m. today in Highland General Hospital. Weight: 8 pounds, 6% ounces.

Get your tickets now for E.S.A. Style Show at B. & B. Pharmacy, Harvest Drug or Clydes Pharmacy, or any E.S.A. Member.

Dr. and Mrs. Walter Purviance attended the funeral of their nephew, Wynan Purviance, in Amarillo recently.

BOBBY

(Continued from page one) and Norbert O'Neill, Kansas City, both partners of Greenlease in the automobile business, called newsmen to the laws of the sumptuous Greenlease mansion in suburban Mission Hills, Kan.

Worked as Contacts
Letterman said that he and O'Neill were the contacts with the kidnapers for the family. He said the money, in cash, was paid "on a bridge" between Kansas City and St. Louis at 12:05 a. m. Monday, Oct. 5.

Hoover quoted Hall as admitting that he shot the boy. The body was found behind the premises of a residence owned by Mrs. Heady at 1201 South 38th St., Joseph. The body was decomposed, according to the FBI.

Hoover named Hall as the one who handled letters demanding the \$600,000 ransom payment.

The two in custody in St. Louis, the FBI said, implicated Thomas John Marsh, 37, who was released from the Missouri penitentiary two years ago after serving a two-year term on a charge of molesting a child.

Both Have Criminal Records
Marsh has a criminal record. Hall was paroled from the Missouri prison last April 24 from a five-year robbery sentence.

More than a week ago, on Monday, Sept. 28, at 11 a. m. cat, a plump, 35-year-old, auburn-haired woman hailed a taxicab at a south Kansas City business district and ordered the driver to the exclusive Catholic day school, the French Institute of Notre Dame de Sion a short distance away where Bobby was in the primary grade.

Ordering the taxi to wait, the woman told a nun that she was Bobby's aunt, that his mother had stuffed a heavy bag with shopping, and that she had come to take him home.

The woman re-entered the cab 20 minutes later with the unsuspecting boy and went to a southside drugstore parking lot. From there they were believed to have driven away in a late-model Ford bearing Kansas license plates.

Body Of Former WD Man Due Today

The body of George Thomas Kibler, 68, a former White Deer resident, is scheduled to arrive in Pampa by train from Bellflower, Calif., at 6:05 p.m. today.

According to Duenkel-Carmichael Funeral Home officials, Mr. Kibler died Saturday in Bellflower to which he had moved from Amarillo about a year ago.

Funeral services have been slated for 2:30 p.m. Thursday in the First Baptist Church, White Deer, with Rev. Pearl Yeakley, Kingsmill, officiating.

Burial for the retired farmer and rancher will be in the White Deer Cemetery.

Pallbearers will be Beul Gray, John Gores, Troman Black, Bert Stewart, Roy Franks and Clifford Rascoe.

Thomas To Dairy Meeting In Wheeler

County Agent Ralph Thomas will represent Gray County at a regional meeting of the Tri-State Dairywomen's association, which will be held in Wheeler tonight.

N. C. Jaynes, organization and cooperative marketing expert of the state Extension Service, will conduct the meeting, which is being held for the purpose of forming a regional group as a part of the association.

Real Estate Board Hears Speech On Title Insurance

Pampa Real Estate Board members today have a working knowledge of title insurance, its rapid growth and its consequent effect on the real estate business.

Talking on the subject, "Title Insurance and Its Effect on the Real Estate Business," Sam Pruitt, a Pampa attorney, Tuesday noon told local realtors that much of the upswing of title insurance has been caused by F.H.A. and G.I. loans.

Another cause, Pruitt pointed out, is home mortgages sold to outside interests having no direct contact with the property.

Title insurance is protection against possible title defects "which might otherwise prove to be a risk," the attorney explained, adding that all such insurance is controlled by the Texas Insurance Commission.

A roundtable discussion afterward brought out the opinion that the down payment has been a big hindrance to real estate. According to realtors, a person will put money down on a television set — but not on a home.

Announcements at this Hotel Schneider Pine Room get-together included one that E. L. Campbell, Pampa board president, had been appointed District 16 vice president at recent district conference in Abilene. Pampa and Amarillo are in the district.

Members and guests at the Tuesday meeting were L. L. Bone, Bob Williams, R. H. Elkins, Malcolm Denson, M. F. Downs, Charles Ward, Pruitt, Campbell, Quentin Williams, John Bradley, Jay Flanagan, Jesse Stroup and Maxine Stalcup.

D. A. Argues Murder Appeal

AUSTIN, Oct. 7 — UP — District Attorney William E. Clayton of El Paso argues before the Court of Criminal Appeals Thursday why Mary Jean Parsons' appeal of her murder conviction should be rejected.

Mrs. Parsons, 22-year-old blonde Tulsa, Okla., socialite, was convicted of murdering her husband of six weeks, Lt. Richard O. Parsons of Pleasantville, N. Y., as he lay sleeping in their El Paso apartment Feb. 16, 1952.

She was given a 10-year prison term by a district court jury in Wichita Falls, Tex., where the trial was transferred on a change of venue.

Defense attorneys filed 58 bills of exception on which they base their appeal.

Canadian Stresses Fire Prevention

CANADIAN — (Special) — The Canadian Volunteer Fire Department has planned and is carrying out an extensive program for Fire Prevention Week to help make the people and especially the children of the community more "fire conscious."

Programs relating to fire prevention will be given at both the Canadian Rotary Club and the Canadian Lions Club, and on Thursday the firemen will take their newer truck to the Isaac School and give all the kids there a ride on the truck.

Also on Thursday, the fire posters made by the students will be judged at the local schools. Prizes are offered for the best posters in each grade. On Friday the awards will be made by members of the Fire Department, and the fire truck will be taken to the Baker School and demonstrated to the children there.

On Saturday afternoon the local Fire Department will hold open house at the fire station and give the youngsters of the community a ride on the fire truck.

Prepares Charge In Damage Suit

The 12-man petit jury hearing the civil case of Charles C. O'Kellely et al vs. Myrtle M. Austin et al in 31st District Court was adjourned to 1:30 p.m. today when they were to return and hear the charge of Judge Lewis M. Goodrich to the jury.

Damages totalling \$76,000 have been asked in the case which got underway two days ago.

Five other civil cases were sounded on the docket Monday morning by Goodrich.

The case evolved out of an automobile accident near Alameda in 1949.

Korean Vets Told Of PL 121 Deadline

Korean veterans discharged prior to last July 16 who lost opportunity for probational appointment because of military service, must apply to the Civil Service Commission not later than Oct. 14, to be eligible for the benefits of Public Law 121.

In making the announcement, Paul H. Figg, director of the Eighth U.S. Civil Service Region, Dallas, said that other Korean veterans who lost such opportunity, generally, have 90 days from the date of their discharge to apply.

The law provides that Korean veterans must be restored to job eligible lists from which they lost opportunity for probational appointment, and that their names be placed at the top of their respective groups.

It also provides that the seniority and the rate of pay of those veterans probationally appointed under this law will be determined by the date when another eligible rated lower was appointed from the same list.

Lost \$ In Las Vegas, Stole, Got Caught

DALLAS, Oct. 7 — UP — Police held a man and woman for Oklahoma and Illinois authorities Wednesday, after a trap sprung on the pair netted \$30,000 in stolen jewelry.

A 35-year-old admitted burglar and his 23-year-old woman companion were intercepted Tuesday in a car in downtown Dallas. The man told detectives he started burglarizing homes after he and the woman lost all their savings during a trip to Las Vegas, Nev.

Capt. P. B. Leach said the pair were on their way to a wholesale jewelry firm, where part of the diamond bracelets, watches and rings had been left for appraisal.

Leach said the man admitted the jewelry was stolen from homes in Oklahoma City and Chicago.

Police recovered some of the jewelry earlier from pawnshops in Oklahoma City. They set a trap in Dallas when they received a tip the pair had left the jewelry at the wholesale firm for appraisal.

Football Players Entertain Jaycees

Football turned to music at the weekly meeting of the Pampa Junior Chamber of Commerce.

A quartet of Pampa Harvesters were on hand Tuesday noon to play and sing four numbers, of the Western variety.

Jimmy Bond and Ed Dudley sang as Gene Martindale and Bob Patterson accompanied them on guitars.

Guest at the affair was Walter Shaller, Amarillo, national Jaycee director, who told Pampa Jaycees of the Five-State Institute, scheduled Saturday and Sunday in Amarillo.

Announcements concerned Pampa's first Business-Industry-Education Day (Monday) and Fire Prevention Week (this week).

Chiropodist To Open Office

Dr. Nicholas Kading of Shamokin, Pa., arrived in Pampa today and will soon set up a chiropodist office.

A graduate of the Illinois College of Chiropody, Dr. Kading said that as soon as he finds suitable office space he will begin his practice.

Recently married, he and his wife have made an extensive tour of the state, seeking a location. They were in Pampa about two weeks ago and liked this section of the state so well they decided to settle here. They also are looking for living quarters.

Scout Units Multiplying

The Santa Fe District of the Boy Scouts is being swelled these days by incoming Scout aspirants.

The two units organized in the last week plus the one slated to be organized Thursday bring the total district membership to 1,161, more than there were the same figures, district Scout executive, Pegues, a district Scout executive.

A new Cub pack (83), sponsored by a group of Pantex citizens was organized Tuesday night under the chairmanship of L. A. Maddox Jr., Pegues said. Appointed Cubmaster and assistant Cubmaster were Sgt. T. B. Merryweather and Sgt. Ronald L. Makinson.

Fifteen boys joined the unit in ceremonies which were attended by Pegues. Five men and four women are to assist in administering the pack, the executive said. That makes it the 15th pack in the district.

Thursday night Boy Scout Troop 21 will be organized in the Trinity Baptist Church with Orville Hiskell as Scoutmaster, Pegues continued.

Slated for 7:30 p.m., the get-together will see 23 boys admitted to the troop, which is designed to serve the Hancock Addition and the Lamar area.

Organized about a week ago was Explorer Post 79 in Miami, jointly sponsored by the Baptist Church, Methodist Church, Christian Church and Church of Christ, Pegues went on.

Appointed post advisor was Donald Meyers who will be assisted by Wilbur Lyons, Chairman of the organizing group was Harold D. Vanderson.

BANK'S OFFICIAL STATEMENT OF FINANCIAL CONDITION OF THE CITIZENS BANK & TRUST COMPANY

MEMO TO ADVERTISERS

A Guide to the Point of Sale

Our local stores are the display rooms and warehouses for the world's finest products. Efficient banking, insurance, real estate and other business services are also available to the people in our community. The readers of this newspaper find our advertising columns a dependable guide to the point of sale—a useful source for up-to-date news and information about these goods and services.

In order that advertising expenditures may be made with us on the basis of known values, as required for any sound business investment, this newspaper is a member of the Audit Bureau of Circulations.

Every advertiser should know about A.B.C. The Bureau is a cooperative, non-profit association of 3,450 publishers, advertisers and advertising agencies. Working together, these buyers and sellers of advertising establish standards for paid circulation, rules and methods for auditing and reporting the circulations of newspapers and periodicals.

At regular intervals one of the Bureau's large staff of experienced circulation auditors visits us to make a thorough audit of our circulation records. The FACTS established by his audit are published by the Bureau in A.B.C. reports which are available to you, our advertisers. These reports tell you how much circulation we have, where it goes, how it is sold and other FACTS essential to the profitable use of newspaper advertising. Ask us for a copy of our A.B.C. report.

Pink Bollworm Outbreak Noted Over Southwest

WASHINGTON, Oct. 7—UP—
Sixty-six counties in four South-
west states were added by the
Agriculture Department to the area
covered by a pink bollworm quar-
antine.
The department said the new ad-
ditions were "lightly infested."
The quarantine is designed to halt
spread of the "most serious" threat
to cotton.
The area now under quarantine
now includes 50 Texas counties,
seven Louisiana parishes, seven
Oklahoma counties, and one coun-
ty and part of another in Arizona.
Counties or parishes added, by
states, include:
Oklahoma: Canadian, Cleveland,
Love, Garvin, Oklahoma, Hughes
and Custer.
Louisiana: Natchitoches, Vernon,
Caddo, Bossier, Red River, De Soto
and Sabine.
Texas: Anderson, Angelina, Bow-
le, Briscoe, Camo, Cass, Castro,
Cherokee, Collin, Deaf Smith, Del-
ta, Denton, Ellis, Fannin, Frank-
lin, Grayson, Gregg, Hardin, Harri-
son, Hopkins, Houston, Jasper,
Kaufman, Lamar, Madison, Mar-
ion, Montgomery, Morris, Nacog-
doches, Newton, Panola, Parker,
Polk, Rains, Red River, Rockwall,
Rusk, Sabine, San Augustine, San
Jacinto, Shelby, Smith, Swisher, Ti-
tus, Trinity, Tyler, Upshur, Van
Zandt and Walker.
Arizona: Santa Cruz and part of
Pima.

Mr. and Mrs. Stanley Beck were
called to Wichita Falls upon the
illness of Mrs. Beck's mother.
Mrs. Melvin Beigle visited in
the Max Covey home on Thursday,
at Pampa.

McAllister were shopping in Am-
arillo Monday. They visited in the
R. J. Slattery home.
Mr. and Mrs. R. C. Heaton and
children visited the Palo Duro Can-
yon on Sunday. They also visited
the museum in Canyon.

Spider Eater Turned Down A Caterpillar

LONDON, Oct. 7—UP—An in-
dignant Siamese once asked Dr. W. S.
Bristowe how it was that the West
ate high game, smelly cheese and
scavengers like lobster, yet turned
down such nice clean food as leaf-
eating caterpillars.
Bristowe recalled the incident to-
day in discussing his adventures in
eating, and Dr. Bristowe is one
scientist who views insects with a
critical palate as well as a critical
eye.
His specialty is spiders. He stud-
ies them, writes about them,
keeps them as specimens. Once
upon a time he used to eat them
and the memory of those days led
the good doctor to recall a strictly
unscientific anecdote.

At Live Spider
"I was playing cards one night,"
he said, "and left my money home
by mistake. Then I noticed a small
house spider (tegarraria atrica)
running across the carpet so I
seized it and offered to eat it alive
in return for contributions. It was
a lucky spider all right, for the cap-
ital I got increased 1,000 per cent
before the night was out."
Bristowe (who competed in the
Penn Relays of 1924 as captain of
the Oxford-Cambridge team) said
it was the first time he had eaten
that type of spider, but he knew
it would not hurt him because it
used to be spread upon bread and
eaten as a cure for malaria in the
18th century.
At one stage of his career Bris-
towe went to Siam and it was
there he learned there really is no
accounting for tastes. The in-
dignant Siamese mentioned above
was Prince Sithiporn who reported
that his cousin, the king, was partic-
ularly fond of the larva of the coisid
coffee-boring moth (zeuzera coffea-
e) which was roasted and eaten
with rice and salt.

Three Named To Game Commission

AUSTIN, Oct. 7—UP—Gov. Allan
Shivers Tuesday announced ap-
pointment of three new mem-
bers to the Texas Game and Fish Com-
mission.
The governor named Herbert J.
Frenaley of Houston, Henry Coff-
ield of Marfa and Henry LeBlanc
of Port Arthur.
They were appointed to terms
expiring Sept. 1, 1959.
The three new members suc-
ceeded Richard M. Kleberg Jr., of Kings-
ville, Shelby Kritser of Amarillo,
and V. F. (Doc) Neuhaus of
McAllen on the nine-member
agency.

Prejudiced in Eating
"The more I thought about it,"
Bristowe said, "the more I realized
how fond of we all are influenced
by tradition and prejudice in what
we eat.
So, by an effort of will, Bristowe
discarded his own prejudices and
started on an eating job that was
a tribute not only to his scientific
determination, but to his digestive
tract.
He ate curried lizard. "Too mus-
ty," he recalled.
He toasted a locust and ate it
like a shrimp. "Neither strong nor
unpleasant," he said.

Sunray Directors Okay Pipeline Role

TULSA, Oct. 7—UP—Sunray Oil
Corp., directors have approved the
company's 50 per cent participa-
tion in a 475-mile oil products Pipe-
line company being formed to build
a common carrier between Okla-
homa and the Mississippi River.
The new pipeline, for which pre-
liminary plans were disclosed last
month, will cost an estimated \$20
million to \$25 million and will
stretch from Sunray village in Dun-
can, Okla., to West Memphis, Ark.,
by way of Fort Smith and Little
Rock.
The line will transport gasoline
and other light oil products, pro-
duced by Sunray and other Central
Oklahoma refineries.
Sunray officials originated the
plan for the new company to be
known as Oklahoma - Mississippi
River Products Line, Inc., and are
completing plans for financing the
project through Eastman, Dillon &
Co., New York, and other bank-
ing interests.
Sunray will own 50 per cent of
the stock in the new firm with the

Three-Cent Letters Going Air Mail

WASHINGTON, Oct. 7—UP—
Plain, ordinary three-cent letters
began flying between Washington,
New York and Chicago Tuesday in
a post office experiment aimed at
speeding up mail deliveries.
The inaugural flight—with first
class letters riding right alongside
their more expensive air mail
brethren—left Washington for Chi-
cago at 7:30 a. m. est.
Postmaster Gen. Arthur E. Sum-
merfield, who ordered the experi-
ment, presided at brief ceremonies
at the capital's national airport
and then climbed aboard the plane
to keep personal tabs on the initial
flight.

Sore Spot Of British Trade With Red China Reopened

By PHIL NEWSOM
United Press Foreign Analyst
British trade with Communist
China continues to be a sore spot
in Anglo-American relations.
The subject recently was re-
opened by Sen. William F. Knowland,
R., Calif., who has just returned
from a globe-circling fact-finding
tour, and again by the liberal Man-
chester Guardian, one of England's
most respected newspapers.
The Manchester editorial was a
friendly one—a refreshing change
after the "hate America" theme of
the British labor party conference
—but it challenged charges that
British trade with China is a moral
outrage, and it added:
U. S. Trades Also
"We wonder at the hypocrisy
which ignores American trade with
China, which last year was almost
as great as ours."
Here are some figures as sup-
plied by United States Commerce
Department and the British Board
of Trade.
In 1952, the United States report-
ed no exports to Red China, but its
imports from Red China totalled
\$27,725,000.
In the same year, Britain ex-
ported \$10,774,167 in goods to Red
China during the first 11 months,
while imports in the same period
totalled \$8,032,091.
For 1952, then, total U. S. trade
with Red China was greater than
Britain's.
In 1953, the trend has been re-
versed.
Again, No U. S. Exports
Through July of this year, Brit-
ish exports to Red China totalled
\$10,175,000 and imports \$14,900,000.
The U. S. reported no exports and
imports dropped to \$4,027,000.
Without attempting to defend
either position, it may be pointed
out that figures are comparative
and may be misleading.
If British trade with China con-
tinues at its present rate, it will
approach \$50 million for the year.
However, that figure may be
compared to the interest and prin-
cipal paid off by Britain each
year to the United States on its
post-war loans.
Those payments which the Brit-
ish are keeping up to date total
\$119,536,000 annually.

Nebraskans Seek Jobs In Cities

LINCOLN, Neb., Oct. 7—UP—
Nebraska farmers are hunting city
jobs in ever-increasing numbers
because of the state's drought con-
ditions, the State Employment Ser-
vice said Tuesday.
Harold Mahan, farm labor sup-
ervisor, said the "unusually high"
migration to the cities is mostly
due to the fact that farmers "just
didn't raise anything this year" in
wide areas of the state.

Delta Kappa Gamma Society Members Attend Convention Held In Clarendon

A annual regional meeting of the Delta Kappa Gamma Society was held recently in Clarendon with Miss Eugenie Terry of Dallas, state president, and Mrs. Lee Nowlin

Margaret Truman Will Go On Tour

Oct. 7 - A soprano with a familiar face is going on an extended concert tour. This is the most important one of her career. Now she'll find out if audiences who paid to see the President's daughter will pay to hear a lyric soprano who lives on East 70th Street.

The soprano, of course, is Margaret Truman. She begins a 12-concert tour on Oct. 17 in Montreal, Canada, and from there goes to the West Coast and to Hawaii before she returns to her television career in December.

She is a versatile performer on television, a good comedienne and regarded as a "quick study" at learning lines. But she wants to be a singer. She inherited her father's determination to go after what she wants.

Similar Programs
"The program will be much the same as those I've sung at my other concerts," Margaret said between television rehearsals. "I'll do some French and Italian songs, a few operatic selections, and for encore some light songs - if there are any encores." She laughed.

"I've had some good reviews," she said. "And I've been working hard." Her voice has been described variously as "agreeable, thin, promising, immature and outstanding" by music critics since her first concert six years ago.

Unlike some well known opera personalities, Margaret has no desire to turn from the concert stage to night clubs if she finds music critics too tough.

"Two shows a night," she exclaimed, "plus singing in all that smoke and noise - that's the hardest way I know to make a living. I have no desire to try it."

Not Considering Politics—Now
A career in politics was rumored when Margaret appeared with her parents at the recent Democratic meetings in Chicago. She laughed off the rumors—with reservations.

"All I really said was that I would like to take part in the campaigns next fall," she said. She hesitated when asked if she ever would consider running for Congress.

"I have always been interested in politics," she said finally. "But I don't know if I would have the qualifications to be a good member of Congress. I wouldn't say that I never would consider such a thing, but I'm certainly not considering it now."

Attorney General In Clinic
TEMPLE, Tex., Oct. 7 - UP—Attorney General John Ben Shepperd entered Scott and White Clinic here, but a clinic spokesman said Wednesday the state official had not been ill and it was just a routine medical check-up.

Child's Work Has A Purpose And Should Be Small Tasks The Little One Can Do

By FLORENCE V. HARTEN
NEA Staff Writer

If you think your first or second grader wants to help around the house just to imitate "mommy," you have a pleasant notion, but like all sentimental ideas, it is rather unrealistic.

This is the contention of Dr. Phyllis F. Bartelme, child psychologist.

According to Dr. Bartelme, a child acquires purposefulness when he reaches the age of six. In other words, he does not act for the sake of the action itself, but in order to achieve an end. True, he'll imitate his mother's methods, but the result is what really interests him from this age on.

The psychologist says it is of utmost importance to encourage this stirring purposefulness. If it is not recognized, a child will grow up handicapped in his attempts to

handle responsibility.

Tasks should be arranged for the youngsters that will bring them satisfaction with little effort. Cleaning off enamel, chromium or clay tile surfaces in the kitchen or bathroom brings that all-important sense of accomplishment quickly.

Dr. Bartelme points out:

Other kitchen jobs that prove satisfying to the youngsters and of real service to a busy mother include cleaning the detachable parts of the range and keeping its surface free of grease, and helping mother to prepare fruits and vegetables.

In the bathroom the six or seven-year-old boy or girl can wipe the tile walls and floor and keep the basin clean. Or he might be assigned the task of supplying the towels and wash cloths.

As laundry assistant, the child could carry clothes from the washer to the dryer and sort them.

Among the chores throughout the house that are within the capacity of six-year-olds are cleaning and polishing waxed plates and door-knobs, dusting and room-tying, arranging books on shelves and washing easily accessible windows.

Good rainy-day jobs include polishing silverware and jewelry and cleaning brushes and combs.

The piece de resistance among the tasks, from the viewpoint of little girls especially, is helping mother to bathe the baby and prepare him for bed. That might be assigned in addition to a regular duty as a reward for a job well done.

SOCIAL CALENDAR

THURSDAY

2:15—Woodrow Wilson P-TA will meet in the school auditorium for business session and get acquainted tea.

2:00—The Lamar School P-TA will meet.

FRIDAY

1:00—Altrusa Club board of directors will meet in the Schneider hotel.

1:30—Sunshine Home Demonstration club will have a tour which starts in the home of Mrs. John Mobley, 2314 Alcock.

2:30—Twentieth Century Cotillion Club will meet with Mrs. Horton Russell, 2132 N. Russell.

Mosquito Gets Blame
CULVER CITY, Calif., Oct. 7—UP—Louis Gueret, charged with burglary, Wednesday blamed his troubles on a mosquito.

Gueret told police he had been thinking for some time about burglarizing an automobile agency and when a mosquito woke me up at about 3 o'clock, I decided to get the job done."

Southwesterners Club Meets In Home
Southwesterners Club met in the home of Mrs. Pat Fincher recently to make plans for a Halloween party to be held Oct. 27 in the Knights of Pythias Hall.

Refreshments were served to Mrs. Ruth Moore, Zetha Daugherty Kathryn Calcutt, Kathryn Lyons, June Hubbard, Betty Garrett, Clea Husted, Marvis Bybee, Mary Chudej, Wilma Shugart, Ruth Lassiter, Charshi Flaherty, Phebe Revard, Clevene Elliott and the hostess.

Nab Lizard Nabbers
DONALDSONVILLE, La. Oct. 7—UP—Jerry, John and Lance Dube faced charges Wednesday of "nabbing lizards in the night time."

A statute passed in 1936 forbids catching Louisiana's chameleons at night when they congregate in trees.

The brothers had 600 lizards when wild life authorities nabbed them.

Twentieth Century Cotillion Members Meet For Program In Russell Home

Twentieth Century Cotillion members met Tuesday afternoon in the home of Mrs. Horton Russell, 2132 N. Russell, for a program on "Modern Design In The Home." Given by Mrs. R. J. Sallor Jr., the program included such topics as designers, materials used in construction, why there has been a new trend in design and the place in homes of today and tomorrow.

Mrs. John Campbell presided during the business meeting. A summary of parliamentary procedure was given by Mrs. Stanley Chittenden.

Attending were Mmes. Ralph McKinney, John Campbell, Stanley Chittenden, J. B. Maguire, Lee Moore Jr., W. J. Cameron, Clifton McNeely, R. J. Sallor Jr. and Horton Russell.

Sam Houston PTA Will Celebrate Texas Anniversary

Sam Houston Parent-Teachers Association will celebrate the birthday of the Texas Congress of Parent-Teachers at the meeting to be held in the school auditorium at 2 p.m. Thursday.

Mrs. L. N. Atchison will present a panel discussion at this first meeting of the year. Panel members will be past presidents of the Association.

Dr. Joe Donaldson will explain the tuberculosis patch test. Delegates for the state convention to be held in San Antonio will be elected.

An executive board meeting will be held in the cafeteria at 1 p.m. All elected officers and standing committee members will be present.

A tea honoring new teachers and parents of the first grade pupils will follow the meeting.

Mrs. Ella Caruthers Porter will be the honored leader when the group celebrates the anniversary. Mrs. Porter attended the Oct. 19, 1909 meeting held in Washington, D. C., and was actively engaged in promotion of this movement in Texas for 30 years. She served as state president, chairman of the board of trustees, chairman of founders day and state birthday committees.

A nursery will be provided for small children. Older children will be entertained with a movie.

Dr. Tom Johnston Will Speak For Parent-Teachers Association

Horace Mann School Parent-Teachers Association will meet Thursday afternoon at 2:15 in the school auditorium. Dr. Tom Johnston will be guest speaker.

Members of the executive board will meet at 1:15 the same afternoon.

Miss Jerry Sloan Is Installed Worthy Advisor Of Rainbow Girls

Miss Jerry Sloan was installed worthy advisor of the local Assembly of Rainbow Girls recently.

MISS JERRY SLOAN

Installing officer was Mrs. Crystal Hankhouse. Chaplain was Mrs. Katie Vincent and marshal was Miss May Jo Hankhouse.

Miss Anita Wedgworth was pianist. Miss Sloan chose the colors of blue and white.

Also installed were Misses Carol Henry, chaplain; Carol Miller, drill leader; Mary Young, love; Sharon Cook, nurse; Anita Southard, religion; Marjann Mullinax, immortality; Anita Wedgworth, fidelity; Jan Garlinghouse, patriotism; Margaret Scott, service; Gay Nell Grundy, confidential observer; Kathryn Stone, outer observer; Nita Jo Massingale, musician; and Cynthia Cantrell, choir director.

Other officers include Misses Dixie Sue Rhodes, worthy associate; Johnny Lee Smith, charity; Carol Waggoner, hope; Jerry Collins, faith and Wanda Cook, recorder.

Decorations included the traditional rainbow colors. The table was covered in blue with yellow net. Refreshments were punch, cake, mints and nuts.

City PTA Council Plans Member Drive

City Council of the Parent-Teachers Association met Tuesday morning in the office of Dr. Ruth Lewis to plan a membership drive.

Members of the Council made reports on membership drives held in surrounding towns and suggested ways to help the local P-TA units. Plans were made to coordinate the speaker and topics for each program with the present needs of the unit.

Mrs. Jack Foster, president, had charge of the business meeting. She also gave the report from the Council of Clubs. Plans were made for delegates to attend the convention to be held in San Antonio which starts Nov. 16 and goes through Nov. 20.

Attending were Mmes. Buster Sublett, Siler Hopkins, Henry Koehler, Floyd Barnett, Shirley Nickols, Ott Shewmaker, Elmer Darrell, George W. Campbell, F. H. Jernigan, W. A. Batien, Charles Ashley, Violet Morgan, Naska Woodyly, M. B. Marden, R. A. Mask, L. L. Milliren, Bob Andis, Clifford Jones, Willard Henderson, Edd Barnes, Messrs. H. A. Yoder, James Lewis, John Evans, Homer Craig, Sam A. Begert and J. Aaron Meek.

Judge Price Dies

EL PASO, Oct. 7 —UP— Chief Justice P. R. Price of the state Fifth Court of Civil Appeals died Tuesday at an El Paso hospital. Price, 74, was considered the dean of Texas jurists, having served on the bench for 39 years since starting as a district judge here in 1914. He was appointed chief justice of the appellate court in July, 1939 to succeed Judge Joseph M. Neal.

Engineers Devise New Type Cooler

AUSTIN, Oct. 7 —UP— University of Texas Engineers disclosed Tuesday that they have developed an evaporative type cooler which lowers the temperature with dry air. Most evaporative-type machines now cool air by drawing it through a water-soaked mat with a fan or "squirrel cage" blower.

Alabamans Rejects Offer In Texas

AUSTIN, Oct. 7 —UP— Dr. York Wilbern, an Alabama educator, has rejected an offer to become executive director of the Texas Legislative Council, it was announced Tuesday. Wilbern, director of the bureau of administration and head of the department of political science at the University of Alabama, was tagged to succeed John D. Moseley as head of the council.

Girl Swimmer Sets New M

ISTANBUL, Turkey, Oct. 6 —California's Florence scored another long distance triumph Wednesday by crossing the Bosphorus and Istanbul in one hour and 10 minutes. Miss Chadwick, 32, a former San Diego stenographer, plunged into the narrow straits at 9 a.m. (1 a.m. est) and completed her swim at 10:10 a.m. She set a new England to France swimming record for both men and women this summer and later set a new mark in crossing the Straits of Gibraltar between Spain and North Africa.

'Wait And See' Policy Asked On Ike Labor Plans

SAN ANTONIO, Oct. 6 —UP— A labor official of the Brotherhood of Locomotive Engineers said many had criticized the Eisenhower administration, but labor should adopt a "wait and see" policy. Guy L. Brown, Cleveland grand chief engineer of the union, said Monday night his organization had "come a long way since the days when engineers played in party politics."

Ike's Grandchildren Awed By Gift Of Indian Costumes

WASHINGTON, Oct. 6 —UP— Backstairs at the White House: The three grandchildren of President Eisenhower were so excited by the Indian costumes given them by the President of Panama that they literally wanted to sleep in them. It took all of Mrs. Eisenhower's persuasion to divert the kids of their colorful costumes at bedtime. And at the crack of dawn next day, they were up, demanding to be clothed immediately as Central American Indians.

find such precautions necessary. The White House possibly feels that they don't make Presidential visitors as durable as they once did. The chain barrier on the north portico certainly can't be to protect the President, who appeared to be quite safe and comfortable in the midst of the same reporters and photographers when he was in Colorado this summer—and without a chain. The committee arranging the "birthday party" for Mr. Eisenhower at Hershey, Pa., Oct. 13 had to change a number of its plans at White House suggestion. Their plans were becoming elaborately complicated until the White House supplied some clarifying ideas.

"If I've gotta watch kid programs, I might as well be one of 'em!"

The administration has been criticized sharply since Martin P. Durkin resigned as secretary of labor. Durkin, former president of the AFL Plumbers Union charged that Eisenhower reneged on a promise to amend the Taft-Hartley law. "Organized labor must desist from a 'leave 'em bleeding' approach which is more menacing than friends," he said. "We must voice criticism only after a period of fir trial."

Someone at the White House certainly has an aversion to letting reporters and photographers get close to distinguished visitors. When callers leave the White House proper by the north portico now, they are protected by a heavy iron chain strung from portable metal stanchions. Gentlemen of press, radio and television are not permitted to stray beyond this formidable barrier. This is decidedly an innovation. Previous administrations did not

The new Hoover Commission on government reorganization has set up offices in the General Accounting Office. At the White House the other day, former President Hoover said he thought there was a certain amount of humor in this housing of his commission. It seems that the first Hoover Commission during the Truman administration recommended that the accounting office drop a number of its employees. There were dismissals and transfers by the thousand and, as the former chief executive puts it, "this making room for us."

Announcing that Mr. Eisenhower would accept a 200-pound halibut as a gift from the American Fishing Industry, Press Secretary Hagerty explained to newsmen that after the presentation ceremony, the fish would be sent to emergency hospital here. "What's the matter?" inquired a reporter. "Is the fish sick?"

"When you want the floorwalker, Miss Jones, just say, 'calling Mr. Colpenny,' not 'calling Mr. Colpenny in ladies' underwear!'"

Dallas Hires Rain Maker

DALLAS, Oct. 7 —UP— The Dallas City Council again will try artificial means of boosting the city's water supply. It authorized the city manager to sign a contract for a year at \$52,000 with Dr. Irving P. Krick who heads the Water Resources Development Corp. of Denver. Krick doesn't claim to make it rain — only to increase it if the conditions are right for precipitation. The city may cancel its contract upon 30 days notice. It is similar to a contract the city had last year

with I. Krick when it paid him \$36,500 for six months of cloud seeding. During six months Dr. Krick's methods were used, the water supply at Lake Dallas increased by 363 per cent. Fort Worth's water supply during that period decreased or gained little, statistics presented by Dr. Krick showed. The city of Dallas discussed a possible joint contract with Fort Worth but it was never drawn.

The rainmaker's system is to seed storm clouds over the Lake Dallas watershed with silver iodide crystals, sent up from generators on the ground at various points. The silver iodide particles aid in the formation of ice crystals which produce rain. The generators are as far away as 100 miles in some instances.

The Greatest Gasoline Development in 31 Years

New Conoco Super Gasoline with TCP

Start the "TWO-TANK TEST" today!

Conoco Super Gasoline with TCP has been rightfully called the greatest advance in motor fuels since the introduction of tetraethyl lead in 1922. For here, at last, is a gasoline so dramatically different that the average motorist can feel the improvement in his car after just two tankfuls. Yes, after your second tankful, chances are you will know why we say Conoco Super with TCP will:

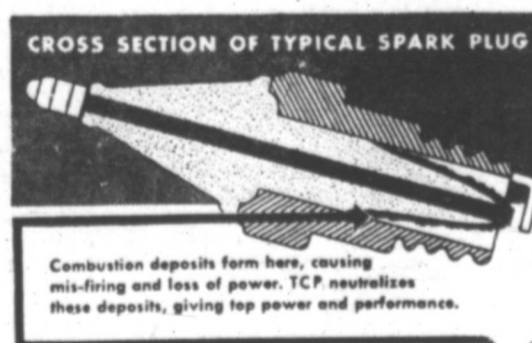

- Boost power as much as 15%!
- Increase spark-plug life up to 150%!
- Give you extra gas mileage!

For Conoco Super is a new kind of gasoline—a gasoline especially developed to correct the greatest single cause of power loss affecting most of the cars on the road today.

Combustion deposits drastically reduce power

When you drive your car, deposits constantly build up on spark plugs and in the combustion chambers. These deposits can "cheat" you of power two ways. First, they short-circuit spark plugs—causing them to mis-fire. Second, deposits in the combustion chambers cause fuel to ignite before it should. This is called pre-ignition or "wild ping." The combined

*Trademark owned and patent applied for by Shell Oil Company

Combustion deposits form here, causing mis-firing and loss of power. TCP neutralizes these deposits, giving top power and performance.

effect of mis-firing and pre-ignition is loss of power, lack of "pep" and wasted gas.

How Conoco Super with TCP works

TCP is a special chemical additive which is added to Conoco Super Gasoline. It was specifically developed to overcome the loss of power and fuel caused by combustion deposits. TCP neutralizes harmful deposits on spark plugs—your plugs spark as they should. It prevents deposits in the combustion chambers from causing pre-ignition—"wild ping" is controlled. Thus, every time you fill up with new Conoco Super, it's like getting your spark plugs cleaned and your engine tuned-up.

TCP helps your car, whether new or old

If you are driving a new car, with a high-compression engine, you need Conoco Super Gasoline to keep your car delivering all the power that was built into it. If you drive an older car, with tens of thousands of miles on the speedometer, Conoco Super can restore much of the "new car" performance and power you've been missing.

Start your "TWO-TANK TEST" today

When your gasoline tank is one-quarter full or less, fill it with Conoco Super with TCP. Now, there will still be some ordinary gasoline mixed in with your Conoco Super. So make sure your next tankful is Conoco Super, too. So rapidly does Conoco Super work, that with this second tankful, chances are you'll feel as if your engine has had a tune-up. You'll feel a boost in power. Try it today. We're sure you'll stay with Conoco Super.

Now—at your Conoco dealer!

"We just put out a jam factory fire!"

Mrs. America's Hubby Washes While Wife Takes Free Tour

By HARMAN W. NICHOLS
WASHINGTON, Oct. 7 —UP— I do not know personally the husband of the new Mrs. America, but I'll venture to say he is not a very happy man.

While mama, Mrs. Erna Snyder, runs around the country being treated like royalty, daddy Kenny keeps up the fire at home, which is at Kutztown, Pa.

He also does a diaper wash a couple of times a day for their year-and-a-half old son, Kevin, and washes their other son, Steve, 3 1/2, behind the ears every time he charges through the back door on his way to the cookie jar.

"I'm having a lot of fun traveling around," the lovely Mrs. Snyder told me while here for her first look at the capital.

Mother Is Next Door
"But I feel sorry for my mother, who lives next door, and Kenny who takes over at lunch time after he's through work. My big man—he's six foot, two—wasn't built for broom-pushing and floor scrubbing. He doesn't complain. He's the strong kind who holds the hurt inside."

Mr. America won what she won, which was considerable, by appearing in a bathing suit. The photographer who was with us insisted that she pose in an abbreviated costume. After all the 115 pound, five-foot four and 3-4, housewife with a 34 bust, 34 hips and a 23 inch middle has more perfect measurements than Miss America, Evelyn Ay, also from Pennsylvania.

"But no," Mrs. Snyder said. "I'm a married woman. And most nice married women don't run around posing in bathing suits." I haven't had a swim suit on since I won."

Mrs. A., being from Kutztown, a "city" of around 3,000, was bug-eyed at everything she saw. The Pentagon, she allowed as we came in from the airport, would "hold an awful lot of hay."

The Washington Monument looked like it was about to "rear up and touch the sun."

"Sarge, just book him on the charge of 'trying to enter!'"

Crude Production Shows Decrease

TULSA, Oct. 7 —UP— Crude oil production in the United States during the week ending Oct. 3 dropped 36,975 barrels from the previous week, the Oil and Gas Journal said Tuesday.

The Journal said cumulative production to date this year stands at 1,761,558,700 barrels compared to 1,706,199,025 at this date a year ago. Daily average output for last week was 6,411,876, the report said.

Kansas had the biggest decrease—down 21,000 barrels, followed by

Texas, down 15,100 barrels. Other production declines were Oklahoma, 4,600 barrels; Colorado 4,501; Louisiana, 2,875; Arkansas 450; Alabama 100; Kentucky 200; Indiana 600; Mississippi 1,250; Nebraska 200; Utah 200, and Wyoming 3,100.

Biggest increase was in Illinois, up 4,400 barrels. California production rose 1,300 barrels, New Mexico 1,475 and North Dakota 400.

Nixon Supports Knight Candidacy

SAN FRANCISCO, Oct. 7 —UP— Vice President Richard M. Nixon Tuesday endorsed California Gov. Goodwin J. Knight for reelection and said he was "wholeheartedly" behind Nixon supporters who are working for Knight.

Nixon gave Knight his political blessings as he arrived from Washington on the first leg of a nine week Far Eastern tour.

Aboard the plane was U. S. Sen. William F. Knowland (R-Calif.), the Senate majority leader, who recently returned from a personal tour of much the same area to be visited by Nixon.

Nixon and Knowland, two key figures in the important California GOP picture, stepped from the plane with mutual assurances of peace and harmony in the California Republican ranks.

Heads Texaco's Public Relations

NEW YORK, Oct. 7 —UP— Kerryn King, a graduate of Southern Methodist University, has been named public relations director for the Texas Company.

King is senior vice president of Hill & Knowlton, Inc., public relations bourse for the Texas Company. Announcement of his appointment was made last night by Augustus C. Long, president of the oil company.

While an undergraduate at SMU, King served as athletic publicity director and was editor of the student newspaper.

Dairy Products Decline
AUSTIN, Oct. 7 —UP— Manufacture of Texas dairy products dropped 15 per cent in August, compared with the preceding month. However, the University of Texas Bureau of Business Research reported dairy product production increased 4 per cent over the same period in 1952.

"It's only \$3 a year and I'm sure you'd enjoy reading about the great outdoors!"

They'll Do It Every Time

By Jimmy Hatlo

THERE'S SOME PSYCHOLOGICAL URGE IN THE GRILL ROOM THAT MAKES A GUY SPLURGE....

BUT AT CHECKING-OUT TIME HE WON'T SPEND A DIME—THE BELLHOP GETS ONLY A DIRT!

Mid-Century Speaker Sees Good Chance To Avert War

HOUSTON, Oct. 7.—The chairman of the board of Time, Inc., said Wednesday he believed "we are approaching a strength of position which can stave off war and lead to realistic negotiation."

Speaking before the 34th convention of the Texas Mid-Century Oil and Gas Association, Maurice T. Moore of New York said "a number" of recent world events, particularly the German elections, led him to that hope.

He cited European economic recovery and its defense army, a recently-announced plan to aid France in the Indo China struggle,

the industrial capacity to deliver them.

New President At Wednesday's session, a nominating committee announced that Harry W. Bass of Dallas had been named the new association president succeeding R. F. Windfohr of Fort Worth.

Bass, a native of Enid, Okla., has been in oil business since he deserted a bank clerk job to become a tool dresser in oilfields near Ranger, Tex., in 1919.

He is president of Wilcox Trend Gathering System, Inc., formed the Trinity Gas Corp., in 1939 and heads the Goidad Corp., which is constructing two natural gasoline plants in South Texas.

During the morning session, Texas Mid-Century distinguished service awards were presented to Amos G. Carter of Fort Worth, and Hines H. Baker, president of Humble Oil and Refining Co., of Houston and hydrogen bombs but also.

Commie Demands To Unify Germany Told By Grotewohl

BERLIN, Oct. 6.—East Germany's Red Premier Otto Grotewohl laid down Tuesday the Communist terms for reunification of Germany — a made-in-Moscow scheme for placing all Germany under the Communist yoke.

His statement convinced most Western observers here that if East-West talks on German unity are held, they will be foredoomed by Red demands for creation of a Communist-dominated government.

"No eat! I got orders to come home after the show— Dad says I've been sowing so many wild oats he's going 'in for crop reduction!"

Ike To Speak At Falcon Dam

WASHINGTON, Oct. 7.—President Eisenhower and President Don Adolpho Ruiz Cortines of Mexico will make speeches and unveil plaques at the dedication of the Falcon Dam on the Rio Grande Oct. 19, it was announced Tuesday.

Before the dedication, Mr. Eisenhower will cross the U.S.-Mexican border to be greeted at the municipal palace at New Guerrero by the Mexican chief executive. There will be a festival in his honor with the Mexican National Symphony Orchestra and the Mexican Dance Academy ballet performing.

The two heads of state will then enter the United States for a lunch at the dam before the 3:30 p.m. est dedication. President Eisenhower will spend the preceding day and night at the ranch of Gov. Allan Shivers of Texas near McAllen.

Baptists Request Gambling Probe

HOUSTON, Oct. 7.—The Houston Baptist Pastors Conference Tuesday announced it planned a full investigation into charges of "wide-spread gambling" among City Hall employees.

"It will be a complete investigation to find out why such conditions are allowed at City Hall," Rev. T. Lamar Mathis, pastor of Faith Memorial Baptist church, said.

Mathis said an informant had told him of gambling, mostly pools on sporting events, the "pots" of which ran sometimes "into the hundreds of dollars."

Mathis said even worse was the charge that "some high officials and big shots are apparently overlooking it."

Mathis said the pastors first hoped to get the assured cooperation of Mayor Roy Hofheinz and then its committee on civic righteousness would "be in a position to take some positive action within the next few days."

Hofheinz was not available for comment immediately.

Oklahoma City Man Dies In Air Crash

LEXINGTON, Tex., Oct. 6.—Clyde Lee Stewart of Oklahoma City was killed near Lexington when his single-engine plane crashed as it apparently ran out of gas.

The Civil Aeronautics Authority said the four-passenger Cessna 180, in which Stewart was alone, left Brownsville, Tex., Monday morning and crashed later about one-half mile from the Lexington high school.

A spokesman at the high school said the plane apparently ran out of gas, for it sputtered moments before crashing in foggy, misty weather.

Stewart had wide business holdings in the Southwest and headed the Stewart Construction Co., Oklahoma City.

Grotewohl's statement, issued for Wednesday's observance of the fourth anniversary of the Soviet Zone's Red regime, laid down these conditions for unity:

1. The course of "freedom and democracy" being followed in the Soviet zone must be extended to all Germany.
2. Mines, the iron and steel industries and chemical industries must be taken from "German and American monopolists" and "given to the people."
3. All West German estates of more than 247 acres must be broken up and the land given to small farmers and tenants.
4. American bases in West Germany will be destroyed and land confiscated for military uses distributed to farmers.
5. The West German tax system must be made to conform to East German "social principles."

Grotewohl said his communist regime considers it a national duty to use all its power to realize these goals.

Song Of Dallas

DALLAS, Oct. 7.—While local residents have been up in arms over a murder-rape in this area, newsmen have refrained from calling it a drag-net.

But early Wednesday it happened. While officers were busy answering prowler calls the police radio suddenly blared out the boom boom, booo, booo theme of the popular song Dragnet.

Compare the added brilliance... greater beauty

ZIALE DIRECT IMPORT DIAMONDS

in magnificent mountings by Paul Raynard

Comparison proves it! Wear a Ziale diamond... compare it for size, brilliance, beauty of cut and polish. You can see for yourself Ziale diamonds are higher in quality... lower in price. Wear and compete for 30 days. Your money refunded in full if not satisfied!
