### Union Charges Company With 'Strike Break'

A strong undercurrent of unbusiness and fear swept through Borger yesterday afternoon following company announcements of the opening of all of the struck plants, and company invitations to men to report back to work.

Borger sources said yesterday that back to work orders had been issued by superintendents of all departments.

Up until noon last night, no notice had been reported although the report of a strike and confusion among employees of the struck plants was made by reliable sources.

The strike of the Phillips plant was reported to have opened at 8 a. m. today for those workers who wish to return to their jobs. The gasoline plant at Borger will open its gates at 8 a. m. Monday while the other plants were opened up at 10 p. m. yesterday.

Tom Cabbage, manager of the Plains Butadiene Plant said to lawmakers yesterday afternoon that while he did not claim to be any hero and did not intend to do any strike breaking, there was "work to be done" at the plant and the plant would be opened. He said men had come to him and told him they were "broke" and asked to return to work Cabbage called Bartlesville and was given the green light. As a result the plant opened its gates yesterday morning at 8 a. m. Over 125 men returned to work there.

A W. Paris, superintendent of the Borger Gasoline Department, said

Before graduation the school will have an annual Yearbook party in the school gymnasium at 2:30 p. m. on May 22. This party will be held to give everyone an opportunity to get autographs of their friends and classmates.

### Wheat Storage To Be Discussed

The Agricultural Committee of the Chamber of Commerce Wednesday afternoon at 2 will hold a joint meeting with the elevator operators from the immediate area to discuss the need for additional storage facilities in anticipation of the wheat crop. Chamber officials announced Saturday.

It has suggested that such facilities would be available at the Pampa Army Air Field, but no definite steps have been taken to secure the field, it was stated.

### Large Crowd Attends Jaycee Carnival Ball

Approximately 1,000 people attended the bazaar and carnival ball at the Top of Texas carnival Friday night. The carnival was sponsored by the Junior Chamber of Commerce and proceeds from the event were for the Jaycee community center fund; this fund is to be used as a "kick-off" fund to start a drive to build the local center.

Location of the carnival was at Ward's Cabinet Shop new building, 324 S. Starkweather.

Music was by E. C. Smith and his 14-piece orchestra.

The bazaar and carnival ball marked the final evening of the carnival, that was largely hindered by the heavy rainfalls of the past two weeks.

Battleship Oklahoma—Following Pearl Harbor Attack

### Battleship Oklahoma Goes Down for Last Time

SAN FRANCISCO—(AP)—The battleship Oklahoma went down for the last time yesterday.

The once mighty survivor of a sinking in the Japanese attack on Pearl Harbor plighted to the bottom at 4:35 a. m. Pacific Standard Time) 540 miles off of Honolulu in an area of the Pacific approximately three miles deep.

Abandoned by the Navy as a fighting ship, the 32-year-old vessel was under tow to Oakland, Calif., drydock company for scrapping.

The Coast Guard announced there were no screams aboard.

The Oklahoma, launched March 23, 1914, had been reported earlier as listing badly and Young Brothers, Ltd., Honolulu Agency which handled her purchase for scrap, had ordered the tugs Hercules and Monarch, who had the ship under tow, to return to Pearl Harbor rather than try to make the mainland. She left Honolulu last Saturday.

Little of the Oklahoma's former might remained for her last voyage.

Her superstructure, including her anti-aircraft batteries, her 10 14-inch guns and 13 5-inch guns, was gone.

Much of her machinery, however, including boiler, remained intact. Topped down in the air in the Japanese air attack at Pearl Harbor, the Oklahoma turned turtle in shallow water, she was tilted and refloated in May, 1943, and rebuilt.

Her sister ship, the Nevada, was torpedoed and bombed in the same disastrous action but succeeded in beaching her off land and later was completely refitted.

The Moore Drydock Company of Oakland had purchased the Oklahoma as junk for \$46,000 and planned to begin reducing her to scrap in June.

Only this week Joseph Moore, Sr.

head of the concern, received word a delegation of nearly 500 persons from Oklahoma, headed by Governor Roy J. Turner, had planned to journey here for a last farewell to the gallant battleship named after their state.

The Oklahoma and the Nevada, according to "Jane's Fighting Ships" marked a new era in naval construction when they were built. They were the first vessels of the U. S. Navy to embody the "everything or nothing" idea in the matter of protection, "Jane's" noted.

Displacing 29,000 tons, the Oklahoma had an overall length of 383 feet and a beam of 97 feet.

Her fighting complement was 1501 men.

Her builder was the New York Ship Building Corporation, which had the keel in October of 1912 and sailed the vessel in May of 1916.

### 'Perfect' Peace Is Impossible--Byrnes

WASHINGTON—(AP)—James F. Byrnes, former Secretary of State, believes "we can overcome those difficulties" which handicap peace, and that in both Russia and the United States "there is too much talk about war and too little talk about peace."

The people of neither country want to go to war, he said, and only blundering leadership could bring about the outbreak of a new war, neither can dictate the terms of peace and that "there is no place for the 'take it or leave it' attitude."

Byrnes' speech was for a gathering of Variety Clubs International, recalling the 1946 award which this organization of people from the entertainment world presents annually to some person who has "helped to make this world a better world."

It was his first major speech on foreign policy since he turned over the State Department to Gen. George C. Marshall early this year.

In saying that great powers should not be too stubborn in their demands, the former Cabinet member declared that "in the imperfect world there is no perfect peace."

He urged that the people of the United States "not demand perfection."

Calling on the Allied powers to "negotiate with each other on terms of equality," he added:

"They are not called upon to sacrifice fundamental principles but to make decisions as to what are questions of principles and what are questions of policy."

Secretary Marshall, returning from the Moscow Conference of the United Nations, blamed its failure to write German and Austrian peace treaties on the Russians and said: "We must not compromise on great principles in order to achieve a movement for agreement. At the same time, we must sincerely try to understand the point of view of those with whom we differ."

Byrnes summed up his views this way: "If war should come, it will not be because the people want war, but because of the incapacity of those who control the governments of the world."

The tour will start from the Herring at 8 a. m., and it is scheduled to last until 5 p. m. A chartered bus has been furnished, but some observers are expected to make the trip in their automobiles, it was said.

### 4-Day Phone Strike Ends

#### Local Operators, Maintenance Men Return to Work

Pampa's union operators and maintenance men today morning and afternoon returned to their jobs yesterday after back to work orders were issued them from the union.

The girls started to report for work shortly after 11 a. m. Near the noon hour, 24 girls were on the switch boards handling local calls. George Newberry, manager of the local office of the Southwestern Bell Telephone Company said.

By 1 p. m. the maintenance men reported for work. Newberry said it is possible for business using the service on Saturdays except on emergency calls for repairs. However, they returned yesterday afternoon.

Management of the local office said that local operations were normal by 1 p. m. and long distance calls were being out through to practically every station in the country with the possible exception of a few isolated spots.

A spokesman for the company reported a full switchboard being manned at 3 p. m.

Little picketing was done here during the 40-day strike, but some of the operators sat for spells in parked cars outside the company building.

Non-union operators gave the local company a break by reporting for work throughout the strike making it possible for business using the service on Saturdays except on emergency calls for repairs. However, they returned yesterday afternoon.

Management of the local telephone office also said that several of the operators sat for spells in parked cars outside the company building.

Following the close of Danciger several weeks ago, it was learned Shryock had acquired a large chicken hatchery at Hampton, Iowa, and was planning to move there.

Shryock told The News last night that negotiations for the lease of the plant, shut down for several weeks, are still going on. But, he stated, there were no developments to report.

#### Your Guesses Still Good on Session's End

AUSTIN—(AP)—Anybody's guess was still good today when the 5th legislature would wind up its business and no one.

The same was true on how the question of spending and taxation would be resolved.

Both House and Senate last week made definite progress on the scores of non-controversial measures which have burdened their calendars.

As conference committees adjust the differences between House and Senate versions of other bills, more measures are being piled on the desk of Gov. Beauford H. Jester for his approval of rejection.

There has been no final action, however, on any of the key big money bills.

Sen. Jim Taylor of the Senate Finance Committee, said it would be at least 10 days before conference committees could finish their work.

Rep. Claud Gilmer of Kerrville, chairman of the House Appropriations Committee, was more optimistic. He thought the House and Senate conferees could finish their slushing next week.

Neither prediction, however, could be taken as a definite indication that the session would be able to adjourn finally in two weeks. This depended entirely on the disposition of both branches of the legislature in accepting the reconciliation.

### No Report Yet in Bid for Lease of Plant Facilities

There are no developments to report, it was learned yesterday, on the bid for the lease of the Phillips Petroleum Company for straight lease of the Danciger Refinery here.

This was learned following an address at Kiwanis Club Friday during which Shryock relinquished his office as president of the club.

Following the close of Danciger several weeks ago, it was learned Shryock had acquired a large chicken hatchery at Hampton, Iowa, and was planning to move there.

Shryock told The News last night that negotiations for the lease of the plant, shut down for several weeks, are still going on. But, he stated, there were no developments to report.

#### Truman's Mother Is 'Much Better' After Relapse

GRANDVIEW, Mo.—(AP)—Mrs. Martha E. Truman, 94, heartened by her Presidential son's presence at her bedside, was reported "much better" last night after suffering a relapse in the early morning hours.

"Mother Truman is stronger, she is talking stronger and feeling much better," Brig. Gen. Wallace A. Graham, the President's personal physician, told reporters through Press Secretary Charles G. Ross.

The pulse of the President's mother was stronger last night as she fought to recover strength lost in a setback to her recuperation from a fractured hip joint. The injury was received during a fall in mid-February, the third fracture for the elderly little lady in recent years.

Also at Mrs. Truman's bedside were Vivian Truman and the President's sister, Miss Mary Jane Truman. The President planned to return to his home in Independence, Mo., on Saturday if there was no change in her condition, return to his Kansas City hotel.

The President landed at the Grandview Airport, the Kansas City Weather Bureau was broadcasting warnings of possible tornadoes in the area.

The warnings were based on the report of a tornado cloud sighted by the airport control tower at the Olathe Airbase. The Weather Bureau said later this report proved erroneous and was believed to have been the result of a smoke cloud.

Olathe is 30 miles west of Grandview, and the "tornado" was reported moving westward.

In connection with his retirement from the presidency, Shryock said in a short address to the club:

"Participating in our Kiwanis Club and civic affairs should teach all of us the value of constructive thinking. To build requires knowledge and skill."

At one point in his speech, Pres. Shryock, with tears on his face, said "It seems that all the troubles of this world are caused by destructive thinking which fosters destructive acting. I have determined to approach my various activities with the thought of learning, of improving, of construction, and in this way I progress. Life becomes sweeter, my work is more pleasant, my efforts more productive, my fellow men more important to me."

#### 90 Percent Normal Service Restored Throughout Area

ST. LOUIS—(AP)—The 41-day Southwestern Bell Telephone Company strike was settled today, and company officials reported that local service had been restored to 90 percent of normal throughout the five-state area.

Long distance service was back to 75 percent of normal, the company said.

Full restoration of service was delayed by refusal of company employees to cross picket lines maintained in some cities by workers on strike against the Western Electric Company.

The strike was settled on the basis of a weekly wage increase averaging about \$4.42 for the company's 42,000 non-supervisory employees in Missouri, Arkansas, Kansas, Oklahoma, and Texas, and a small area in Illinois adjacent to St. Louis.

Everett Cotter, general counsel for the Southwestern Telephone Workers Union, said all strikers had been ordered to return to their jobs immediately unless this involved crossing a picket line of an affiliated union.

The company announced that Southwestern cities where employees were refusing to cross Western Electric picket lines included Waco, Houston and a number of smaller cities in Texas.

A spokesman said that the return of commercial, accounting and plant department employees was expected Monday, and that many of these employees called in today to learn when they should report for duty.

Weary company and union officials signed a memorandum covering points of the agreement shortly after 2 p. m. CST at the conclusion of a final nine-hour negotiating session. The agreement was effective today and the new contract, which will be signed as soon as it can be drafted, will be effective from July 1.

The agreement calls for a flat across-the-board increase of \$4 a week in basic wages, plus an average of about 42 cents in "fringe" items.

### Former Resident of Pampa Dies in Plane Crash

The charred body of William Foster Fletcher, 38, a resident of Pampa up until the outbreak of World War II, was found Friday morning in the burned wreckage of his airplane about 8 miles southeast of Amarillo. At the time of the accident he was an independent aerial photographer, in Amarillo.

Burned beyond recognition, the body was positively identified from fragments of papers found in his half-burned plane.

The Cub Super Cruiser, owned by Fletcher and equipped for aerial photography work, crashed during the height of the rain and wind storm Wednesday evening.

After discovering the plane and the body, C. V. Mays, the farmer on whose farm the plane crashed, notified his nearest neighbor, who drove to Amarillo and returned with an ambulance.

Fletcher had been missing since Wednesday afternoon when he took off from the Lubbock Airport.

He moved to Amarillo in January, from Pueblo, Colorado, where he and his wife operated a photographic studio. In 1937, Fletcher worked for the Pampa News, and then went into the photographic business here, this business he remained in until the time he returned to the Air Transport Command, in 1942. He was released from the Armed Forces in April, 1946, with the rank of captain.

Survivors are his wife and a daughter, Carolyn, 10 years old; his parents, Mr. and Mrs. W. H. Fletcher, Plainview; a twin sister, Mrs. Marvin Truelock, Southland; and three brothers, Fred of Beaumont, Frank ofouston, and Robert of Lubbock.

Funeral services were held yesterday afternoon at 4 o'clock at the Bowwell Brothers Chapel. Rites were read by Ray Rozell, educational director of the First Baptist Church, Amarillo.

Shorts in wires cause two blazes

Short circuiting wires sent city firemen out twice within two hours Friday afternoon.

The first call came when a 1941 Ford sedan lost part of its wiring insulation from a short circuit in the car while it was parked in the 500 block on N. Christy St. Fire Chief Ben White said.

A few minutes after the hall storm of the same afternoon, a short circuit in the wiring of the neon sign at the Brown Derby Cafe caused a small blaze. White added that damage was negligible in both fires.

**Good way to keep a Honey Happy**

THINK back to the days when your Buick stood proud, shiny and new at your door. A touch of your toe and that two tons of car romped away gentle as a breeze — and just as obediently glided to a soft, sure stop.

That's the kind of driving that's right in the heart and soul of Buicks. It's there for you to have for years and years — especially when your car gets the kind of care such a honey should have.

That doesn't mean just filling her up and seeing that the oil doesn't get low. Nor a periodic lube job done with "one-kind-for-all" lubricants. It means competent care by men familiar with every part of a Buick — by men who know Buicks best and have an interest in seeing that you get the greatest satisfaction from yours.

Every detail of our service is aimed at this goal. The men are specialists on Buicks. They work with Buick-designed tools. They're backed up by a parts department stocked with Buick-engineered parts that are just made for Buick cars.

So you see the difference between ordinary service and Buick car care. It's the skillful, considerate care that keeps your Buick always a Buick. It's the kind of care which proves that next to you, we like your Buick best.

**TIME TO REPOWER?**

Suppose your Buick is crowding the big figures in high mileage. Suppose you don't want to wait for that new one. Here's a happy answer.

If your Buick's any model year from 1937 through 1942, you can make it factory-fresh as far as power is concerned with the Buick Power Package.

This is all the major assembly of a new Buick Fireball engine except carburetion and electrical systems. It puts good-as-new zip and performance into high-mileage cars.

Changing over takes less time and often costs less than a really thorough overhaul and replacement job.

Easy payments if you wish. Come in and talk it over.

**Texas Business Activity Drops; Above Pre-War**

AUSTIN. (P)—The University of Texas Bureau of Business Research says Texas felt its first post-war business setback in March, as indicators prepared by the bureau fell from their February peace-time high.

The index for March still stands 12 percent above its March, 1946 level and 88 percent above the pre-war years 1935-39. Another encouraging factor is that the 2 percent February-to-March decline in the general index was not so large as the 3 percent slump occurring between February and March of last year, the bureau said.

Among the primary indexes of Texas Business, only miscellaneous freight carloadings were higher in March than in February. Decreases were small in employment, pay rolls and crude oil runs to stills but large in department and apparel store sales (5 percent) and electric power consumption (8 percent) when seasonal factors were considered. The shifts in these indicators between February and March a year ago were similar in size and direction.

With the single exception of crude oil runs to stills, all indexes remained higher than in March 1946. Gains ranged from 4 percent in department and apparel stores and 7 percent for electric power consumption, 14 percent for employment and 19 percent for pay rolls.

Compared with the pre-war levels, business remains on its crest of prosperity. Employment is up 20 percent, crude oil runs to stills has jumped 47 percent above the 1936-39 average, miscellaneous freight carloadings have skyrocketed 51 percent, pay rolls are up 112 percent, electric power consumption has felt a 164 percent gain and department and apparel store sales have soared 176 percent.

# Oilers Fall to Berger in First of Two-Game Series

## Series of Mound Artists Fails to Turn 13-10 Tilt

HUBER PARK, BERGER.—The Berger Gassers blasted four Pampa pitchers for 12 hits that were good for 13 runs to rack up a sweet revenge last night for the season opener defeat that the Oilers handed them.

The Oilers got 13 hits that were good for 10 runs but they couldn't equal the Berger downpour that rained all over the Oiler gardeners, in the early innings.

Whitey Warren, the Gassers' rented backstop, who incidentally was instrumental in the Oilers' beating Berger in the opener, paced the Gasser hitting with two homers over the right field fence.

Leon Mitchell, the Gassere recently acquired first sacker brought additional power to the Berger club by getting five safe hits in five trips to the plate.

## Ward Leads Americans To Walker Cup Victory

ST. ANDREWS, Scotland.—(AP)—Seemingly inspired by the magnificent play of Marvin (Bud) Ward, America's Walker Cup team summoned an amazing burst of golf after lunch yesterday to sweep to victory in six out of eight singles matches against Britain's leading amateurs and retain by a final score of 8 to 4 the coveted team trophy which has resided in the royal and ancient clubhouse here since 1938.

Up to the time that Ward, the Spokane, Wash., veteran, set forth, the Americans had been locked in a grim hand-to-hand struggle that gave no hint of the ultimate victory. After Ward, down three holes at the end of the morning round, came back to read his opponent, Leonard Crawley, by 5 and 3, his teammates turned the thing into a rout.

When the dust finally settled over the famous "Old Course," only Ted Bishop and Fred Kammer, Jr., of the American side had failed to rack up victories. Smiley Quick, national public links champion, had slaughtered Jimmie Wilson of Scotland by 8 and 6.

The final count of 8 to 4 included the two victories scored by each team in the Scotch foursomes yesterday.

On the morning round the British players had fully held their own. Frank Stranahan, the Toledo strong boy, was trailing his opponent, Charlie Stowe, by two holes.

And then Ward began to play. Word swept around the course that he had won three of the first four holes and caught Crawley, the dean of the Brit's team.

Almost simultaneously with Ward's victory, Skee Riegel of California closed out his opponent, Gerald Mieklen, the English amateur champion, by 6 and 5, and within minutes Willie Turnesa had turned back the Irishman, Cecil Ewing, 6 and 5, for the third American victory.

The triumphant rush was stemmed momentarily when Young Joe Carr, the Irish champion, wrapped up his 5 and 3 win over Percy Lucas. The shouting from the 15th

PITTSBURGH.—(AP)—Fritz Ostermuller gave up 12 hits yesterday—all singles—but kept them so well spaced that he blanked the Brooklyn Dodgers, 4 to 0. Hank Greenberg clouted a homer with a man on base in the first to give Pittsburgh an early lead.

CINCINNATI.—(AP)—The Cincinnati Reds cracked out three homers but still were short in run production yesterday as they bowed to the Philadelphia Phillies, 6-3, in the rubber of a three-game series. Dutch Leonard notched his sixth win despite circuit drives by Eddie Lukon, Ray Mueller and Eddie Miller. It was Miller's 8th home run of the season.

ST. LOUIS.—(AP)—Warren Spahn's tight 6-hit pitching and heavy sticking by Catcher Phil Masi enabled the Boston Braves to salvage the final of their three-game series with the Cardinals yesterday, 3 to 2. Masi's homer and triple were good for two runs. It was Spahn's sixth straight victory without a defeat.

BOSTON.—(AP)—Ellis Kinder limited the Boston Red Sox to six hits yesterday in his first start of the season as the St. Louis Browns defeated the American League champions 4-2 to take the odd game of a three-contest series. One of the blows off Kinder was Eddie Pellagrini's third home run of the season.

NEW YORK.—(AP)—The New York Yankees spotted the Chicago White Sox three runs in each game and came back to sweep yesterday's double header before more than 50,000 spectators by the same 4-3 scores. Joe Dimaggio's ninth inning home run won the opener while a single by Bill Johnson scored George McQuinn in the eighth to win the nightcap.

## Jet Pilot Had Lead Once But Faded to 4th

NEW YORK.—(P)—They threw a \$25,000 party for Faultless at Belmont in the Withers Stakes yesterday, and last week's Preakness winner did just what he to do in such cases—only guest of honor is expected easier.

Both Faultless and Jet Pilot, who won at Churchill Downs this spring, turned out for the one-mile dash.

Faultless waltzed in by two lengths for the entertainment of a crowd who had backed him down the \$4,300-for-\$2 favorite's spot. Jet Pilot led awhile and petered out to fourth, just as he did in the Preakness.

## Giants Take Third Straight Victory From Sad Chicubs

CHICAGO.—(AP)—The red hot New York Giants made it five in a row when they took their third straight from the Chicago Cubs yesterday 3-1. A two-run rally in the 11th inning broke up a pitching duel between Southpaw Dave Kozel of the Giants and Rookie Right-hander Doyle Lade of the Cubs.

The victory enabled the Giants to move past the Cubs into second place a half game behind the Boston Braves who took the top berth by whipping the St. Louis Cardinals.

Held to seven hits in the first 10 innings, the Giants knocked Lade out of the box in the 11th when Lloyd Gearhart and Buddy Kerr singled. Pinchhitter Joe Lafata brought in Gearhart with a one base blow and Bobby Blattner scored Kerr with another one-baser.

The Cubs had a glorious chance to win in the last half of the ninth when with one out Stan Hack and Ed Waitkus hit successive singles to send Hack to third. However, Rightfielder Will Marshall hauled down and Paiko's fly and doubled up the runner at the plate.

PHILADELPHIA.—(AP)—Hoot Evers' homer with Pat Madlin aboard in the ninth inning brought Hal Newbouser and the Detroit Tigers a 2-1 victory over the Philadelphia Athletics before 7,615 yesterday. Newbouser, who struck out 10, saw the A's counter by loading the bases but a double play and a strikeout choked off the rally after one run.

WASHINGTON.—(AP)—Helpless before Red Embree's fast ball hurling for eight innings, the Washington Senators rallied to tie the score in the last of the ninth and went on to win over the Cleveland Indians, 2 to 1, today in a tenth-inning battle.

Pinch-hitter Sherry Robertson's single in the extra frame, scoring Gerald Friddy, accounted for the winning run.

## Harvester Grid Team Checks in Suits 'Til Fall

The Pampa Harvester grid hopefuls Friday completed a highly successful spring training session under the direction of their new coaches, Tom Tipps, formerly of Denison, and Aubra Nonacaster, recently of Midland.

With this year's edition of the Green and Gold boasting eight returning regulars and at least a dozen other lettermen, who tip the scales far above the usual Harvester proportions, local fans are making plans for the most win-filled schedule in many seasons.

The boys will be running from the T-formation again this fall and it appears made to order for the smooth sailing field that Coach Tipps has dressed up. Three of the ball carriers will be regulars from the past and the other will be chosen from a trio of well-qualified candidates.

The club will be quarterbacked by Charlie Laffoon, 155 pound seat back who can rifle passes with deadly accuracy and is an exceptional ball handler. His running mate, chunky, 160 pound Jim Wilson will be back at left half and Carl "Red" Mayes, 185 pounder, who runs the century in 10.3, will be back at right half. The fullback spot will probably go to Darrell Conkly or Paul Simpson, both of whom are looking good.

Starting in the line will be five of last year's regulars, if they can survive the rugged competition; being offered in almost all departments. They are Bob Boyles end; Roscoe Russell and Zeke Griffen, tackles; Gary Cooper and Richard Scheig, guards. The guard slots may fall to Charlie Thornburrow, Phillip Payne, Wayne Henderson, or Jim Hill. The ends are liable to fall to Darrell Davis, Kelly Anderson, Jimmy King, Bill Bond or Tom Chisholm.

The tackles will be hard pushed by Bob Jack Phillips, Leroy Troop, Bill Runyon and Bob Montgomery. The center is an open spot and may go to Hansel Kennedy, T. W. Perkins or Bob Hayes.

## Texas Aggies Win Southwest Conference Track and Field Meet; Two Records Set

By The Associated Press  
WACO.—(AP)—Texas A and M today broke the stranglehold the University of Texas has held on the Southwest Conference track and field championship by defeating the Longhorns 59 1/3 to 55 1/3 to capture the thirty-third annual meet in which two records were set and three closely approached.

The Aggies, winning the title for the sixth time against 20 for Texas. Took the mile relay to prevent finishing in a tie with the Longhorns for this championship. A and M had last gathered in the crown in 1943. Since 1939 Texas had won six times.

In a dramatic finish that had a crowd of 3,000 in an uproar, Texas made a gallant bid for the relay title after Big George Kadera of the Aggies, winning his third first place, edged Clyde Scott of Arkansas in the javelin to give A and M a two-point lead.

At one stage Texas led the relay as Desmond Kidd ran a great third lap for Texas. But Art Harnden, Aggie anchor man, sprinted to the lead in 30 yards and held it all the way, beating Monroe Northcutt of Texas by two yards.

Despite Kadera's great day, in which he captured the shot put, discus throw and javelin, the star of the meet was little Jerry Thompson, Texas' greatest distance runner, who accomplished the amazing feat of winning all the races over 440 yards—the half-mile, mile and two-mile. He set a new record in the mile although loafing in to

holm.

The tackles will be hard pushed by Bob Jack Phillips, Leroy Troop, Bill Runyon and Bob Montgomery. The center is an open spot and may go to Hansel Kennedy, T. W. Perkins or Bob Hayes.

conserve himself for the other two races, doing the four laps in 4:20.4 to better the mark of 4:21.8 set in 1927 by Winston Hooper of Southern Methodist in 1929 and tied by Emmet Brunson of Rice in 1938.

Kadera and Thompson tied for high point honors with 15 each. They flipped for the trophy and Thompson won. The conference will give them duplicate medals.

The other record set was a 41.2 by Texas in the sprint relay as Perry Samuels, Charles Tatom, Allen Lawler and Charley Parker ran the 440 yards in 41.2. The old record of 41.4 was set by Rice in 1938 and tied by Texas in 1941.

Clyde Scott of Arkansas, scoring 13 points, beat August Erzurth of Rice in both the high and low hurdles and in the latter came within a tenth of second of the conference record as he did the timbers furlong in 23.1. Harnden did the 440 yard sprint in 1:00.4, a tenth of a second over the record, and the Aggie mile relay team negotiated 3:17.8, a second and one-tenth off the conference mark.

Arkansas, boasting unexpected strength, wound up third in the team battle with 351/2 points. Rice was fourth with 18, Baylor was fifth with 8 and Southern Methodist and Texas Christian failed to score. The anticipated sprint duel between Bill Martinson of Baylor and Charley Parker of Texas failed to materialize.

Parker didn't even place in the 100-yard dash, while Samuels staged an upset by getting off to a great start and leading all the way in 9.7. Martinson was second.

### 'Big Inch' Gas Is Meeting Barrier

HOUSTON.—(AP)—George H. Brown, chairman of the Board of Texas Eastern Transmission Corporation, today charged that the state of Pennsylvania has instituted a barrier against the use of the Big Inch and Little Inch pipelines in gas transmission.

Texas Eastern, which purchased the lines several weeks ago and assumed control on May 1, has obtained rights of way across rivers in the coal producing state "only for the purpose of transporting oil," Brown told the convention of the Texas section of the American Society of Civil Engineers.

The company official said the Big Inch lines, constructed during the war to transport oil to the East Coast, pass through Pennsylvania to New Jersey.

The Big Inches now are delivering 140,000,000 cubic feet of gas per day and the figure will be stepped up to about 500,000,000 cubic feet daily when the company completes construction of 24 compressor stations.

### Work Beginning on America's Shale Oil Deposits in Colorado

HIPLE, Colo.—(AP)—The tall shale cliffs of the West may provide the margin between future want and plenty in America's petroleum supplies if the government's latest experiment is a success.

Today, as the retorts were lighted for the first time in the oil demonstration plant near the tiny Western Colorado town, a naval officer told of plans to use it, and similar plants, to assure America of enough fuel for any emergency.

Commodore W. G. Greenman, USN, director of naval petroleum reserves, described the huge plant which has mushroomed amid the shale encampment in less than a year, as "part of the program to make certain the United States will not find itself without adequate gasoline and oil when supplies of natural petroleum may fall at a time national security is threatened."

"This plant is designed to demonstrate that crude oil may be produced on commercial quantities for refining into low cost oils and gasoline."

The extraction process operates through a combination of high pressure and heat, modeled in reverse on the natural process under which the oil was compressed into the shale during upheavals of the earth millions of years ago.

Here, for dedication ceremonies today besides Greenman are Oscar Chapman, undersecretary of the interior, and Congressmen and State officials from Colorado, Wyoming, Utah and New Mexico.

### President Elect Has Assumed New Duties

BILOXI, Miss.—(AP)—N. L. Pugh, Newport, Ark., yesterday took over his new duties as president of the Tri-State Oil Mill Superintendents Association. He was elected at the closing session of the group's annual convention here Friday.

Other new officers are:

B. C. Lundy of Greenville, Miss., vice-president; W. E. Hassler of Memphis, secretary-treasurer and Miss Janie Inez Gordon of Memphis, corresponding secretary.

Wheeler County Both Wet, Dry

District Judge Lewis M. Goodrich last Saturday, during the prohibition election held in Wheeler County, casually ambulated into the post office and approached a female employee he knew to be an ardent worker for the dry cause.

"Well, it looks like Wheeler County is going to be wet," said the Judge.

"Not really," came the anxious answer, "have you some information on it?"

"Well, quipped the judge, "look outside and see for yourself." She did. Outside a pouring rain was giving Wheeler County a sound soaking—leaving it wet.

However, the lady's fears were abated when the results showed Wheeler remaining dry by a count of 1,453 to 301.

tions recommended by their conferees.

There remained the definite possibility that House tax forces would be able to deadlock the session by refusing to accept enough appropriations cuts to keep spending within the limits of anticipated income.

In that case, they would begin a drive for passage of one of the two tax bills now pending, or perhaps on a compromise measure.

A showdown fight on this question could keep the 50th session going indefinitely.

Conferees on the big appropriations bills were working over the week end.

**A Weak, Run-Down Feeling Is Often A Warning**

**That The Red-Blood Is Getting Low**

If you do not feel like your real self, do not have the urge to be up and doing, why not check-up on your blood strength? Look at the palms of your hands, your fingernails, your lips, the lobes of your ears—are they pale and off color?

Every day—every hour—millions of your red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps build sturdy health.

The resolution stated that "We homemakers feel this method may contribute greatly toward overcoming threatened depression and play an important part toward giving us a normal, balanced economy."

The marriage-divorce laws are needed, the convention resolution said, "for the protection of our children."

Other proposals adopted called for encouragement of women's clubs in Texas to establish full time local health services; condemned the fair-trade act now pending in the Texas Legislature, a bill described as contrary "to our cherished system of free enterprise."

Local clubs were asked to initiate programs to assist handicapped persons in obtaining employment.

Presentations included the individual scrapbook to Mrs. Lloyd Holmes of the fourth district; the department scrapbook to the Department of the fourth district; the art award to the Women's Friday Club of Mexia.

## LOOKS LIKE A RACKET

Rep. Stefan of Nebraska of the House Appropriations Committee has uncovered a fat racket in the State Department allowances appropriated for the diplomatic service. When the department came in with a request for more than a million dollars for this purpose, Mr. Stefan demanded that it produce vouchers on the expenditures during the last year.

He discovered that \$1,000 had been spent on a banquet apparently designed to soften up Gen. Tito, the murderer of American flyers. The State Department spent \$14 on a wreath for the flyers. Although the excuse for the expenditures was that they would win the friendship of foreign diplomats, Sen. Pepper, one of Stalin's business agents in Congress, was a beneficiary. The diplomatic service threw a couple of banquets for him while he was junketing in Europe.

As a result of this investigation, the appropriation in the pending budget will be cut to \$500,000. That looks like a half million too much. Any one who approaches an American diplomat today has his hand out for a gift or a loan. The applicant would do business under a bridge or on a street corner if he couldn't get an audience elsewhere. It is not necessary to buy him a drink to get his attention.

These entertainment appropriations obviously have been abused, and possibly criminally abused. Congress, however, will have to employ special prosecutors to go after grafters in the State Department. The Justice Department is obviously corrupt or it would have started prosecutions long ago.

## In Hollywood

By ERSKINE JOHNSON  
NEA Staff Correspondent  
(Johnson on KFDN Monday Thru Friday, 2 P. M.)

**HOLLYWOOD**—Hollywood's bad boy, Lawrence Tierney, is in a bind. I blame his studio for his continued troubles with the law. The studio tried to appease him with a raise to \$100 a week, a starring role as a good guy. They thought that might straighten him out. It didn't.

Movie stars are like kids. The only way you can really slap down a head-strong star is to take the camera away from him and stand him in a corner for a while with-out a spotlight. That hurts where it does some good, and has the same effect as a hair brush.

**Ava Gardner and Orson Welles** turned up at the Del Mar Surf and Surf hotel on the same day. Coincidence? . . . Rex Harrison and Lilli Palmer sail for England August 6. Lilli and Hazel Brooks, the "Body and Soul" of John Garfield's new flicker, aren't speaking since completion of the picture. There was a big battle over Hazel getting most of the publicity.

**Jane Powell and Lou McCallister** are a twosome. . . . Richard Hayden, who played Vanessa Brown's father in "The Late George Apley," is playing her fiance now. In "The Foxes of Harrow," . . . Rex Harrison and Lilli Palmer sail for England August 6. Lilli and Hazel Brooks, the "Body and Soul" of John Garfield's new flicker, aren't speaking since completion of the picture. There was a big battle over Hazel getting most of the publicity.

**Excavating for a star**—Errol Flynn's St. Christopher medal on location with "Silver River." The studio hired a fellow with a land mine detector and found it. It reminded me of the time Shirley Temple was at the peak of her fame as a kid star. There was a steam shovel digging a big hole opposite the Fox studio. Someone said, "What's going on?" "Shirley Temple" said someone else garbly, "Just lost her ball."

## SLOW TRAIN

WASHINGTON (NEA)—When President Roosevelt and six-foot-six, 300-pound King Abdul Aziz Saud of Saudi Arabia made big talk on an Oriental rug spread under a tent stretched over the deck of a U. S. cruiser at anchor in Great Bitter Lake, Suez Canal, back in 1945, it started things.

Roosevelt gave the king a jeep, a walkie talkie radio, a wheel chair, and an airplane. There have been reports that Roosevelt also blandly promised to give Ibn Saud O-RHIVE (aerial) ETAINETAONIN a railroad, on which promise the king is now trying to collect.

That doesn't seem to be quite the way it is, but it's a good story, nonetheless. According to the accounts of Col. William A. Eddy, who was U. S. minister to Saudi Arabia and who acted as interpreter between Roosevelt and Ibn Saud, the President—largely to make conversation—asked the king how many miles of railroad he had. Saddy, the king had to admit that since Col. T. E. Lawrence of World War I fame had blown up the old Hejaz railroad from Damascus to Medina, there hadn't been a single mile of track in the country. Roosevelt allowed that was very interesting, but that sometimes railroads could be very useful.

Authority for what happened next is Edward Sanger, now on the Army staff in the State Department. It has been all over the peninsula. A few months later the king went to Cairo to visit King Farouk of

news behind the news  
WASHINGTON  
By RAY TUCKER

**QUESTION**—I frequently read in newspaper articles from Washington about sending a bill to conference, or about "ironing out legislative differences in conference." Will you please explain the "conference system?"

**ANSWER**: The writer has had many questions on this subject, which does not seem to be generally understood except by those in or close to legislative politics. It is extremely rare that the House of Representatives and the U. S. Senate pass a bill in the same form. The current tax reduction and labor measures are excellent examples of the differences found in bills enacted by the two bodies which make up the Congress.

**DIFFERENCES**—As a consequence of these discrepancies, each chamber selects what is known as a "conference committee." They usually consist of five or seven men from each body, and are chosen from among the ranking members of the committees handling the legislation in dispute—Appropriations, Ways and Means, the Armed Services etc. They try to harmonize differences in the measures, and they report the agreed upon version to each chamber. The members of the conference committees are not supposed to incorporate any provision which has not been passed by either House or Senate in the first instance, but sometimes they make changes which really amount to new legislation. That explains why conference committees are sometimes referred to as "the third House of Congress." The conference-revised bill is then usually, though not always, re-passed by both houses automatically.

**TRIAL**—Was either Von Rundstedt or Kesselring, the German military leaders in the last phase of the war, ever brought to trial, asks J.E.W., of St. Matthews, S. C. Kesselring was only recently sentenced to death for permitting the killing of several hundred Italians in reprisal for the killing of twenty-two German soldiers. His case is now an appeal, although he may have been executed by the time this reply is published.

**Von Rundstedt** was reported to have been killed by a bomb or shell while riding in a staff car during the Normandy invasion. It is now the belief that he was ordered to take his choice of committing suicide or to stand trial for his alleged part in one of the abortive attempts to overthrow the Hitler regime.

**"APPEASED"** C.S.R., of Albuquerque, N. M., writes: "Many of my friends, who once felt that F.D.R. could do no wrong, now feel that his long appeasement of Russia and her Communist rule is directly responsible for Stalin's position of great and grave threat to Uncle Sam now. Do you believe that people are awakening to this fact?"

**ANSWER**: Many people feel that way, and both President Truman and Secretary of State Marshall might be included in their category. However, it is probable that Stalin would behave as he does now, even if he had not been "appeased," as you say, by both President Roosevelt and Churchill.

**FAIRNESS**, however, it must be kept in mind that the man in the Kremlin held a rather large whip over the western allies in both the German and Japanese phases of the conflict. Our enemies might have been victorious if Russia had pulled out of the contest in the early days of the war.

**LASTLY**, Mr. Roosevelt apparently figured that he could "manage" or "handle" Stalin, when it came time to make the final peace. F.D.R. had great confidence in his ability to manipulate men.

**EXPULSION**—Why cannot the United Nations find a member who has the courage to move for the expulsion of Russia? writes D.A.B., of Gaffney, S. C. "It never can accomplish anything as long as she is a member. Since it cannot get along without her, it should act to get along without her."

**ANSWER**: There can be no permanent peace in the world if Russia is expelled from the family of nations. It is true that she has proved recalcitrant, but President Truman and Secretary Marshall still hope that the Kremlin will become less unruly. The only alternative seems to be war.

**IF D.A.B.** has in mind Russia's frequent resort to her veto power to block U. N. action, he suffers from a misunderstanding of many things. The power of veto by any member of the "Big Five"—the United States, Britain, France, Russia and China—was not incorporated in

en all the time, and they keep Ibn Saud half-broke all the time. He says, "The truck is my greatest enemy."  
So last fall Bechtel-McCone, one of the six companies that built Boulder Dam, was hired to survey for a railroad line to run from Riyadh to the Persian Gulf, 300 miles east.

**GREAT IDEA**—"ONE-WAY DOOR"  
The road will hit the coast at Dammam. Though Saudi Arabia has 2000 miles of coast line, it has no harbors. Boats run out for miles. So, to get the railroad out to where it can load and unload from ocean-going vessels, Bechtel-McCone figure they will have to build a six-mile wide jetty. This will cost \$20 million. The railroad itself will cost \$20 million. But with three trains run by seven-man crews, the king figures it will be cheaper than trucking.

### Junior Class Terminates Successful Year;

Class parties, Junior Night, the Junior play and the planning of the Junior-Senior Banquet have kept the Junior Class busy during the past year.

The first semester class party, which had as its theme "Ambitions," was well attended and successful. All walks of life were represented at this party. There were nurses, doctors, diplomats, secretaries, models, cowboys and cowgirls, Waves, Waes, and many others.

Junior Night was something new in the way of class activities being originated by this year's class. Junior Night was held in order to promote class loyalty and interest. It took place at the Borger-Pampa basketball game here. Yells were written about the class and the Junior cheer leaders led the yells at the half. The Juniors sat in a reserved section. This activity was well attended.

The Junior Play, "Strictly For-

al," was a huge success with the class taking in over \$500. On March 27, the first night, the auditorium was almost full. The second night every seat was taken and chairs were placed along the back of the auditorium in order to accommodate the crowd.

The planning of the Junior-Senior Banquet was next on the list of activities. Committees were appointed and the work started. The night of the banquet, it was evident that these committees had worked hard. The cafeteria decorations were Chinese in theme. Wall decorations were such things as dragons, temples, figures of coolies, kites and Chinese characters. The nut cups were miniature rickshaw and cups representing the head of a Chinese, complete with queue and coolie hat. Incense burned throughout the meal and the menus were printed in "pidgin-English."

Wood wind section of the P.H.S. Band.

### Trips, Contests Mark Band Year

The Pampa High School Band with approximately 110 members and under the direction of Mr. Ray Robbins has been a very active organization during the past year.

During the football season only two trips were made due to lack of uniforms. New uniforms were ordered in May, 1946, but did not arrive until this spring. After waiting several months for the uniforms, white coveralls were purchased in order that the band might make one or two football trips.

The first trip was to the conference game between Northside Fort Worth and Pampa. The band left Pampa on buses at 8 o'clock the morning of November 2, the day of the game, and returned on November 3. Band members were housed in three different hotels, the Texas, Worth and Blackstone. The band performed at the half of the game making "Hi" to one side of the stadium and "P. H. S." to the other.

The second trip was a short one to Amarillo, also by bus. In Amarillo, at the half of the game, the Amarillo Golden Sandstorm Band and the Pampa Harvesters Band marched as one unit. Both bands have eight ranks and in this mass band the ranks were alternated so that there was a rank of the Harvesters Band between each two ranks of the Sandie Band. The two groups also executed a stunt together.

In November the band attended the Regional marching contest which was held in Canyon under the sponsorship of W. T. S. C. The judges for this contest were Col.

Irons, Raymond Bynum, Milburn Carey, and D. D. Wiley. The band performed a difficult dividing maneuver and received the rating of 1st division.

Next in the activities of the band were a series of trips in which the band presented a short program at some of the schools near Pampa. Before each student could go on one of the trips he had to sell a certain number of "Pampa Harvesters" car tags and the proceeds of these sales went to help with the expenses connected with the Tri-State Band Festival at Enid. The three trips made in this series were to Clarendon, Canadian, and Phillips.

In preparation for the Tri-State Festival, a clinic was conducted in Pampa on March 24 and 25 by Mr. Raymond Bynum of McMurray College, Abilene, Texas. Mr. Bynum was assisted by Mr. Ray Robbins, Harvester band director. The numbers worked on were "Invercarrill March," "Egmont Overture," and "The Barber of Seville Overture." "Invercarrill March" and "The Barber of Seville Overture" were to be played at the Tri-State Festival and all three at the Regional contest to be held at Pampa. The concluding feature of the clinic was a mass concert given by all the bands of Pampa.

On April 14, the band and the A Cappella Choir gave a joint concert in preparation for their respective contests. The choir went to the Highlander Festival in Dallas; the band went to the Tri-State Festival in Enid.

On April 16, the band left on buses for Enid, Oklahoma, to compete with bands from three states. The Pampa band entered in concert playing, sight reading, and marching and in these three entries made a 2nd division in sight reading. In solo and ensemble entries in the contest and several 1st divisions were made. The band also participated in the Million Dollar Parade.

At the regional contest which was held in Pampa with 25 bands participating, the Harvesters Band made a 1st division in concert playing and a 2nd division in sight reading. In

### To the Seniors:

Our philosophy contends for some objectives for us to achieve in the conduct of our schools. Among these is citizenship for a democratic society of free men. Another objective is to exemplify and exalt ethical character. We want to emphasize the mastery of tools for economic and cultural progress and success. We also strive to maintain academic standards that will make possible more advanced study for those so inclined. To attain these ends requires our best thought and effort. The rewards for worthy achievement are more gratifying and more enduring than for ordinary attainment.

We have reason to believe that many of the above objections have been approached or attained. Pampa High School students have participated in a variety of activities at home and away from home this year. Voluntary reports to me from other schools and cities have been highly complimentary of your conduct and your accomplishments. The class of 1947 has made a significant contribution to that fine record, and for this upholding of the high standards I should like to com-

### To the Seniors:

May I congratulate you upon graduation from high school. You have been looking forward to this goal for twelve years. The faculty, the school, as well as your parents and the community are very proud of you.

The class of 1947, your class, will break into its component parts and each of you will pursue life interests in other ways, some going to college, while others will go directly into vocations. Whichever place you go we hope, and believe, that each of you will be useful citizens in the respective communities in which you live. This objective has been above all others in the school's program for your education.

Again, on behalf of the faculty, the school, and the community, may I heartily congratulate you, and wish for you success and happiness.

Your friend,  
Frank W. Wilson,  
Principal.

### Student Council Has Completed Good Year

The Student Council rounded out its year with the All-School Prom, May 17 to complete a successful year, perhaps not financially, but with many benefits to the student body.

Perhaps one of the outstanding highlights of the year was the three "Good Will" parties, given for Borger, Lubbock and Plainville before the football games. Refreshments and entertainment were provided for the students. These parties did much for the betterment of the relationship between the District IAA schools.

When the revised constitution was brought up for student ratification much controversy developed. Three elections of ratification were needed before the major issues were passed.

An annual amateur program was again backed by the student government organization. One of the best programs of all time was presented with Winnie Allen, a German Band, and Jan Ethridge taking the three prizes.

A student directory was published by the Council this year. It was offered to the students at 35 cents each.

Three delegates were sent to the Texas Association of Student Councils at Highland Park High School in Dallas. Richard Hughes, Orin Allen, Don Lane and Mr. Jack Edmondson, sponsor, made the trip and conducted one of the panel discussions.

The Council lost one of its sponsors, Miss Anne Louise Jones, when she resigned her teaching position. Mrs. Ruby Capps replaced Miss Jones, who co-sponsored the Council with Mr. Edmondson.

A speaker's stand was built for the Student Council by the shop classes under Mr. Miles Morgan.

The students were provided with good assembly programs by a Council assembly program committee headed by Richard Hughes.

Besides all these extra benefits, the Council held all elections. The ending Council year can be considered a successful one. Pampa High has been recognized throughout the state of Texas for having a smooth working student government. This year's Council has been no exception.

Richard Hughes, student body president for 1947-48 school year.

### German Farmers Taking Part in Black Marketing

**By DEWITT MACKENZIE**  
AP Foreign Affairs Analyst

We are getting an unpleasant view of the seamy side of human nature in the German food crisis, for the hunger that is bearing down on the unhappy country is due in considerable degree to parasitical native black-marketeers who have attached themselves to the body of the stricken Reich.

The American military government price control chief in Berlin, F. Taylor Ostrander estimates that German farmers have been diverting a fifth of the nation's food production from controlled distribution to the black market. He said 450,000 hogs disappeared from the U. S. zone in three months ending in early March.

Ostrander added that usually the farmers didn't accept money but insisted on barter for farm equipment, supplies and services. However, it strikes me that farmers who profit by selling to the dealers who resell at inflated prices. Both men get much of their "grain" from the sufferings of their fellows.

There are few more despicable leeches than the operators of black markets, and one would think that a country which has been knocked about so terribly as Germany would be the last to be thus afflicted. Having made this observation we are reminded that the Reich isn't by any means the only nation which is beset by these blood-suckers.

It's an uncomfortable truth that most of the world, including our own United States, has been cursed with black-markets ever since the beginning of the war. Europe is swarming with racketeers, and so is Asia, for the black markets thrive in countries which are economically distressed.

Both America and England are taking energetic action to meet the German crisis. U. S. Secretary of War Patterson's announcement that America will send Germany more than 1,200,000 tons of food during May, June and July, has been followed by the statement in London that British occupation troops in Germany shortly will make an all-out effort to crush the black markets.

It is an unfortunate circumstance that the four Allied zones—American, British, French and Russian—frequently do not work in harmony in political and economic matters. An emergency like the present calls for Allied unity and lack of it must inevitably affect German morale adversely. However, the general view is that the food crisis can be eased greatly in the course of about three months.

### Box Car Shortage Being Discussed

**OKLAHOMA CITY—(AP)—**The Southwest Shippers Advisory Board Thursday began discussions of the box car shortage and how to move the predicted bumper wheat crop of the area fast enough to avoid having too much of it lying on the ground for long periods because of lack of storage and transportation.

R. E. Clark, manager of the car service division of the American Association of Railroads, said nearly 1,100 empty cars daily are being routed into the Southwest.

A report on the situation prepared by Warren Howard of Dallas, Texas, predicted country elevators would have wheat piled on the ground and would be asking for cars faster than the railroads could supply them.

### Service Men End 1-Day Sentences

**DALLAS—(AP)—**Twenty-four service men were to end one-day probation sentences here today after pleading guilty to charges of drawing \$30 monthly unemployment benefits under the GI Bill of Rights while they were employed.

Federal Judge T. Whitfield Davidson put the ex-OI's on probation for one day yesterday. He ruled he would withhold sentence if they make full restitution to the government for illegally received payments by the September session of his Federal District Court.

Judge Davidson explained to the group that "some of you may rise to stations of importance and if you come into some big transaction and someone sees a court conviction against you it would be a black mark that would enter sentence against you on your name." He said he

them if they want to make restitution.

The court was told by Assistant Probation Officer Ell Noleite that each of the 24 service men had expressed desire to make restitution. He said he had \$1.165 in his possession to be repaid.

Judge Davidson told the men that "although you yielded to the temptation of not reporting the fact that you had worked every part time, I feel there is more to be said in favor of you men because you did work, than there is in favor of the man who remained entirely idle and drew his compensation."

W. H. Barnes Terrell, counsel for one defendant, said he "felt like it was laxity on the part of the whole veterans set-up that caused a misunderstanding about the benefits."

Reluctance of big powers to be bound by rules has made difficult the codification of international law by agreement—George A. Finch, vice president American Society of International laws.

**Issue on Portal Pay Might Reach U. S. High Court**

By JAMES MARLOW

WASHINGTON—(AP)—The Supreme Court may have to decide whether the new anti-portal pay law is constitutional.

So, since you may hear more about the law and portal pay, here's an ABC on it.

Portal pay means, roughly, this:

1. Pay claimed by a worker for

• We fix flats.  
• 24-hour service.  
• We pick up flats.

time spent inside a plant going to and from his job.

2. Or, time spent inside a plant getting ready for work—like sharpening tools or warming up a machine—before he actually starts producing.

In the past year unions, almost all of them CIO, filed suits for back portal pay amounting to about \$600,000,000.

When many business protested the suits would ruin them, Congress started to whip up a law to stop such claims.

Until they could see the outcome of this attempt at anti-portal pay law, the unions left their suits on ice in courts all over.

They knew there was always the chance President Truman might veto such an act of Congress.

In that case they could take their cases off ice and push ahead with them. But Mr. Truman has signed the act into law.

It kills, or is intended to kill, almost all of the \$600,000,000 in pending suits. And it stiffly limits future portal pay suits.

A CIO attorney was asked: What now? In brief, he said:

Most of the pending suits undoubtedly will be dropped by the unions. But some may think they have cases that can be pushed.

If so, then one of them may reach the Supreme Court, perhaps in two years, for a decision on whether this law is constitutional.

The new law outlaws almost all pending suits. The exceptions: Where work was covered by contract or industry practice.

**Bus Drivers to Negotiate Today**

ALEXANDRIA, La.—(AP)—Both sides in the nine-state dispute between the Southern Trailways Lines and its bus drivers and terminal employees will meet with a federal labor conciliator here today (2 p. m. CST) in an effort to smooth out their differences.

Announcement of the meeting late yesterday averted a walkout which had been set for midnight last night and would have affected more than 1100 workers.

R. K. Jeffries, executive vice-president of the company, said representatives of the two groups would meet with Federal Conciliator Wyle Roberts.

The walkout had been threatened in connection with expiration of contract with the Amalgamated Association of street car, electric railway and motor coach employees of America, Local 1127 (AFL). Otto Debatte is president.

Jeffries said both parties had asked extension of contract but were in disagreement on the length of extension.

The union wanted a 10-day extension for negotiations over a new contract while the company sought a 30-day extension.

Southern Trailways operates in Texas, Louisiana, Tennessee, Arkansas, Mississippi, Alabama, Missouri, Kentucky and Illinois.

Ann White and June White leave their "colorless" last names to Bobby Green and John Blue.  
The knack Norma June Johnson has for getting her school work on time is left to Billy Walt.  
J. H. Reeves and James Niver leave their ability to call a "Bull session" to Donald Byars and Floyd Matheny.  
The dimness of Betty Lou Har- jik is bequeathed to Merdella Roberts, while the red hair of Wanda Hilburn is left to Barbara Radcliff.  
Those "go-get-'em" looks of Betty Davis and Doris Exline are to be left to Phyllis Scheig and Gloria Kennedy.  
The athletic intentions of Reba Jo Fagan, Minnie Jane Snyder, and Gwen McAdams are left to Dorothy Jones and Patsy Higginbotham.  
Clarence Jones bequeaths his "dog-life" to John Morehead.  
The humor of Robert Hudson, Irvin Parnell and Bobby Blalock is left to Monty Allison.  
Those flubbergassed looks of "big" Danny Williams are left to Ray Williams.  
Vera Daugherty, Rosemary Hamilton, and Mary Lane bequeath their desire to go to the gabbits (movies) to Nadine Pierce and Aline O'Rear.  
June Matheny, secretary of the Tri-Hi-Y and Zita Kennedy, secretary of Student Council, are happy to will their positions to any junior girls who are elected to fill their places. They declare they are tired of writing.  
And speaking of writing, Beverly Baker leaves her position as senior editor of the Little Harvester to none other than the selected Don Lane.  
Pairs of friends—Dick Wilson and Sam Wampler and Patsy Reynolds and Norma Jean Ward—leave their friendship to all other pairs in all the classes.  
Among the senior couples, Frances Jean Gilbert and Weldon Mitchell will their positions to go together for a "whole" year to Gary Cooper and Betty Prigmore.  
Betty Myatt and Reba Bain leave their "outside" interests (Bobby and Owen) to any two girls who next

unlucky future seniors.  
Joy Bigham leaves her indifferent attitude to June Sanders (Going to require a little changing, eh June?).  
Naturally you would suspect Angela Duncan to will her height (under five feet), and you are right for she leaves this to none other than Vina Dittberner.  
Robert Sailor declares he has nothing to leave as Jean Pratt is also graduating. Bill Gething bequeaths his place as owner of the Jeep and official transportation provider to Buddy Sawyer.  
Two senior couples, Martha Hogan and Bob Oden and Rita Lane and Wesley Geiger, leave their ability to get along to Katherine Crowley and Elmo Hargis and to Betty Joyce Scott and Don Lane.  
Phillip Anderson, Maurice Lockhart and Ivan Marlin will their good naturedness and their attractiveness (that so charms the femines) to Kelly Anderson, Bob Boyles, and Hansel Kennedy.  
Oh-yes, the brains of the senior class Lyman Osborne and Lois Yoder, would like to leave a few to Max Louvier and Bill Kribbs.  
Bobbie Clements is not intending to leave Bill Clay loose; as things stand it is her personal property.  
Mildred Groves leaves her heart-breaking ability to Ida Ruth Taylor.  
Rosalie Bradford wills her charm, personality and beauty to Billie Jean Hollis.  
John Spearman bequeaths his perfect gentlemanly manners to Clayton Pike. Guess you'll have to change your standards, Pike.  
To Billy Bond, Bob Love leaves his ability to wear those "lovely" cowboy shirts and boots.  
The shyness of Betty McCrate is gladly left to Nicki Fraser.  
Edith Mae Morrow wills her overflowing energy (she has it for everything) to Tommy Chisholm (he needs it too!).  
Gwen Weston and La Rue Kessler bequeath a "few" of their old-fashioned feminine ways to Betty Green and Nancy Thomason.  
To Wadean Thomas, Avis Kelly happily leaves her loud voice! Doris Spoonmore and Delva Sneydy bequeath their school-girl complexions to Hilda Burden.  
The quiet wisdom and modesty of Elouise Wyatt goes to Patty Williams.  
Warren Jones and Charlie Lockhart leave their shark pool playing and gambling to Leon Taylor and Bo Davis. Begin as freshmen, wid! The school girl giggles of Norcia Jean Kilian are left to Mary Jean Hoover.  
Betty Ward leaves her fun as a post graduate to anyone coming back next year (as a post graduate of course!).  
Joann Thompson leaves a word of Advice—"If you want to use Ronald Bump's mirror, be sure you provide all your friends and neighbors with one."  
Marietta Trader leaves her seat in the English room to Catherine Harris.  
The favorite lipstick of Eula Meers goes to Mardell Hawkins (are we sure she needs it?).  
Nita Faye Taylor, Catherine Spencer, and Mary Louise Snyder leave their happy school day memories to Verda Ruth Elkins and Alma Davis.  
Vernon Maddox, Ivan Collier, and Ronald Waters leave their "mathematical" traits to a few "genious" students.  
Likewise we make, constitute, and appoint Richard Hughes, president of Student Council... to serve without bond of other security to be executor of this our last WILL AND TESTAMENT, hereby revoking all former WILLS by us made.  
In WITNESS WHEREOF, we have hereunto subscribed our name and affixed our seal the twenty second day of... May... in the year one thousand and nine hundred and forty-seven.

Tri-Hi-Y Sponsor  
Various Activities

The Tri-Hi-Y has had a successful year under the leadership of Jean Pratt as president and with Miss Mary Winston as sponsor. The other officers for this year have been Alvena Miller, vice-president, Beverly Baker and June Matheny, secretary the first and second senators respectively, and Margie Taylor, treasurer.  
The meetings were held every Thursday night. The first meeting of the month was a joint meeting with the Hi-Y. The groups took turns giving the program. The other three meetings were held as either discussonal or devotional meetings.  
The Tri-Hi-Y began this year with 17 members. They are Jeanine Conyers, Alvena Miller, Margie Taylor, Margie Lawrence, Edith Mae Morrow, Reba Joyce Bain, Jean Pratt, Beverly Baker, Gloria Jay, June Matheny, Pat Pierson, Bunnie Shelton, Anita Lane, Carol Culberson, Marjorie Dixon, Betty Barrett, Alice Jean Robinson.  
A combined Tri-Hi-Y and Hi-Y dinner was given October 25. This was held in the form of a bargain dance with club colors—red and white—being carried out in the decorations.  
On January 1, 17 new members were taken in. They are Zola Beagle, Johnny Sue Hart, Mary Mazer, Barbara McClelland, Betty Jo Myatt, Ida Ruth Taylor, Carol Perkins, Nelda Avis, Betty Joyce Scott, Angela Duncan, Betty Green, Nancy Thomason, Peggy McDonald, Mary Lou Hanks and Lela Ward.  
Semi-formal initiation was held on February 27. It was an impressive candlelight ceremony with the club officers giving the initiation speeches and pledges. Following the pledge each new member was given the Tri-Hi-Y pin.  
During the year, New Kemp, district advisor, visited and spoke to the club three times. He kept the club informed on state and world-wide activities.  
A food sale was held on Saturday, March 8. A profit of around \$25 was made. This money is to be applied to the club project fund.  
Mrs. Henry Speer, Mrs. Clarence Barrett, Mrs. Gene Sidwell and Mrs. Frank Culberson were chosen to serve on the advisory Board.  
As long as the threat of increased wages hangs over business as a whole we can't expect reductions in prices.—Sen. Robert Taft (R) of Ohio.

Members of the Class of 1947 I want to congratulate you.

**Picnic Closes Term For Active Sophs**

With the Western Party and Sophomore picnic holding the spotlight, this year's Sophomores rounded off a successful school term. The Western Party of February 25 proved to be one of the more colorful socials of the year. The cowboys and cowgirls with their gay bandanas and big heeled boots were very picturesque as they cavorted under blue moon (crepe paper over lights) and purple sage. They were entertained by some of the more talented among them and enjoyed the roast beef, apricots, beans, and punch which were served as refreshments. On a fair spring Friday, May 2, to be exact, the sophs packed their lunches, hopped in various and sundry vehicles and made their way to Saunders' ranch near Lefors where they proceeded to hold their annual picnic. Cakes were furnished by the sophomore class and amidst jeep rides and sandwiches every one had a swell time. Tall Donald Thut led the class as president with Jack Williams and Donna Ruth Beagle acting as vice-president and secretary respectively. Popular Naneen Campbell and Clayton Fike were elected by their fellow classmates as Sophomore favorites. Naneen is president of F. H. A. chapters, sergeant-at-arms of P. H. A. district, member of the Little Harvester staff, and a very likeable person.

**Read This Story for Valuable Information: These Students Possess Personality Plus**

Personality Plus! That's the secret. If you want to be one of the school favorites next year you have to acquire this good quality, for it is superior personality that merits one of these honors. This was the first year that the school has elected two All-School favorites and Mildred Gorves and Lawrence Baines share the honor. Always high in the "Most Beautiful Girl" contest and a Band Sweetheart last year, Brunett "Mouse" Groves has always been high on the list of a large pack of PHS "wolves". Head cheer leader Lawrence "Simp" Baines is always handy with a warm "Hi-Ya", a politician's smile and a laugh reminiscent of War Admiral. Lawrence is a member of the Student Council. Another person famous for her smile and friendliness is Eloise Wyatt. She is a former secretary of the Council and a member of the A Cappella Choir. She and Orlin Allen are senior favorites.

Richard Scheig, Zeke, six foot four inches of athletic power, is a tri-sport letterer. Richard is a gridster of considerable reknown and ventures into politics next year as vice-president of the Student Council. Margery Dixon is the feminine counterpart to Griffin and Scheig as "girl class favorite". Margery is serving her second year as class secretary. Burr haircut? Class "character"? That's Clayton Fike, who is home room president, and ex-Harvester griddler. Clayton shares sophomore class honors with Naneen Campbell, in-going co-editor of the school publication and "big-wig" of the local home economics department. James Gallemore and Martha Parks are president and secretary respectively, of the freshman class. These two popular "fish" added class favorites to their repertoire of honors. And so we leave the Personality Kids of the year 1946-47.

**Boys' Hi-Y Ends Profitable Year**

The boys Hi-Y chapter has been a most active club throughout the year of 1946-47. To start things off, the club elected officers for the new year. The officers that were elected were Jerry Barber, president; Harold Anderson, vice-president; Bill Tarpley, secretary; and Warren Jones, treasurer. Following the election of the officers the club selected new members. The members that were elected are as follows: Weldon Mitchell, Robert Sallor, Dick Oden, Bobby Epps, Leon Taylor, Emmet Riggs, Bill Amery, Bill Clay, Gene Shaw, Lawrence Baines, Donald Thut and John High. During the year of 1946, the members sponsored several dances and other social events. Besides having successful social events, the club ordered bright red coveralls, which proved to be quite a good thing. Ending the year 1946, the club elected new officers for 1947. To begin the year of 1947, the club elected officers. John Spearman was president; Richard Scheig, vice president; Bill Tarpley, secretary; and Warren Jones, treasurer. During this period, advisors were selected and voted on by the members of the club. They were Mr. A. C. Troop, manager of the Fox Rig Lumber Co.; Mr. Lewis Tarpley, Tarpley Music Store; Mr. Roy Bourland, owner of the Bourland Supply; and the Reverend Clyde Smith of the First Methodist Church. On March 30, 1947, was the biggest event of year, when they attended the Southwest Annual Hi-Y Convention in Lubbock, Texas. While attending the conference, Richard Scheig, vice-president of the local Hi-Y, was elected president of the convention for 1947-48. Besides winning the president's race, the club captured almost all the other honors, including a large banner now in the trophy case in school. The last social event of the year was held at John's Spearman's home. It was a picnic for the members and their dates.

There was a kid named Allen. Everynight he went a-gal-en. Under the moon he would croon, But his honey would not swoon. Now he just sticks to a-howl-en.

There was once a young man named lamb, who wanted to get a pot ham. But he didn't know He was to have wo When he wound up eating spam.

There once was a boy named Doug, A pretty girl he would not hug. But once he was caught And then he was taught And, now hugs as snug as a bug.

There is a dumb boy named Cox, He always wears bright socks, He doesn't like school, He's just a plain fool Because his heads full of rocks.

Small business is more than just a segment of our remarkable economic machine. It is a veritable way of life, and in this respect it is very similar to farming. — Prof. Kurt Mayer, New School for Social Research sociologist.

**Diary Relates Activities of Very Crowded Calendar**

Dear Diary:  
October 1.

Qee! I never realized that taking foreign languages could be so much fun. No kidding, it is, especially with Miss Virginia Vaughan, teaching Spanish and French and Mrs. Lula B. Owens, teaching Latin.

PAGE 4

Pampa News, Sunday, May 18, 1947

How romantic it is to learn to say 'yes' in three different languages. Those Frenchmen and Spaniards surely get around. Sometimes I wish I had lived back in the

days when the dashing young men rode in chariots with shining black steeds instead of a jeep with a motor that won't go.

**October 2.**  
This morning, all of Miss Vaughan's classes elected officers for their clubs. In the first period Spanish I class, officers are Jack Williams, president; Winnie Allen, vice-president; and Alma Davis, secretary-treasurer.

In second period Spanish II, Nickl Fraser was elected president, while Bob Nash and Lois Briscoe will hold down the offices of vice-president and secretary respectively. I'll bet these guys do a good job of it, too.

A lot of good kids got offices in the fifth period Spanish II class. Joyce Davis is president; Donna Holden is vice-president; and Barbara McClendon is secretary.

The Frenchmen weren't to be outdone by the Spaniards. Handsome Don Kephart is president of the French I class; Betty Barrett is vice-president; and Barbara Carruth in secretary. May be we better look into this. How many good looking kids can there be in one class?

In the sixth period French II class, Jeannine Conyers is president; Betty Jean Prigmore is vice-president; and Margaret Price is secretary-treasurer.

Max Hukill is the only man in the class. Oh, well, he always was lucky.

**October 4.**  
Tonight I had a swell time at the party given by the French II club for the new "Frenchman" in the French I class. Wasn't that nice of them? We had pop, hot dogs, and loads of fun.

**October 13.**  
The French I class has at long last chosen a name. It is "La Douzain Blancher" which translated means: the baker's dozen. There are just thirteen in the class. Cute, huh?

**October 18.**  
The Latin I class chose their name today. I hope I can spell it right, anyway, it's Latin Socii which

Patty Williams and June Myatt, co-editors for the Harvester for 1947-48.

**farewell . . .**

It is the time of year once more when we, the Juniors, Sophomores and Freshmen, must bid farewell to another graduating class of Pampa High School—the Class of 1947.

The Seniors of '47 are going to be missed and it will be a long time before their work will be forgotten. They left with us the foundation for greater goals. No class has ever been as active in student government! This year's Student Council did things no other Student Council has ever attempted—their work in promoting friendly relations with neighboring schools gained state-wide recognition.

In the world of athletics the Seniors were not gifted as other classes have been in the way of athletic prowess. But again the Seniors laid the ground for better Harvester football, basketball and track teams.

This year's graduates were second to none scholastically and are considered by many as the most talented class in drama ever to graduate.

At 8 o'clock Thursday evening, when the Seniors receive their diplomas and take their final bow in their high school career, they end one of life's few educations. They step out into a new and different type of life and as they go their separate ways—toward work, hardships or success—we sincerely wish them "luck" in this war-weary and bewildered world.

Sometime, when you Seniors are doing your bit wherever you are, you might take off a minute and give your cherished alma mater a thought—we won't forget you. —T. C.

means Latin Socii. John Friauf is president, Barbara Stephens is vice-president, and Pat O'Rourke is secretary. The club has had one party held at Allen's ranch. I missed it, but from what I hear it was really fun. Small wonder.

**November 23.**  
I suppose that the kids have slowed down a little and learned a lot of different things, because they haven't done anything, but work lately. However, the Latin Socii selected their club pins today. They surely are pretty, with their P. H. S. L. C. inscribed in sterling silver and the Roman guard helmets.

**December 18.**  
Oh, happy day! The Spanish Club got their pins. Strictly Mexican, with the silver guitar, serapes, and sombreros, there is not mistaking for what they stand.

**February 2.**  
Oh, Oh! Oh! Don Kephart lost our cokes! Geeminy, a whole dozen cokes, not to mention Don, went happily bounce on the stairs today. Well, Don, bounced, but the cokes

didn't. Don wasn't hurt, but the cokes were. Honest.

To compensate for Don's fall the Latin Club has started planning for a gala Latin banquet. That makes the day much nicer.

**February 9.**  
Betty Joyce Scott was elected president of the Sadalitas Latina, second year Latin Club, today. Johnny Sue Hart is vice-president and Doris Stull is secretary.

**March 9.**  
The Latin Banquet is progressing!

**March 21.**  
At last! The Latin Banquet was held tonight in the High School Cafeteria. The walls with their murals, the guests in their white sheets, and all the customs that were observed made me think I was living in the days of the Romans.

The guests of honor were Miss Virginia Vaughan, head of the Foreign Language department; Mr. Frank W. Wilson, principal of Pampa High School; and Mrs. Lula B. Owens, sponsor.

### Carlsbad Finishes Senior Activities

The Senior class of 1947 will leave PHS forever in another week. There are many things they have done during this year and the other years that will remain in their memories.

Bill Speer was chosen by the class to be president. Harold Anderson was selected as vice-president. Zita Kennedy served in the capacity of secretary-treasurer.

Home room 217 gave the seniors their first social in the form of a Halloween party in the cafeteria. On December 16, the Seniors had a Masquerade Ball. These were the only first semester parties.

"Big Hearted Herbert" was presented by the Senior class January 30 and 31. This was the most successful Senior play in a number of years, and it was the first play to be presented in the newly decorated High School Auditorium. Floyd Brandt and June Southwick held the lead parts.

Flonise West and Orin Allen were elected senior favorites by an election of the class held in the fall.

Annual "Kid Day" merrymaking was witnessed April 1. The seniors gave a short assembly program for the entire student body and had a picnic at Lake McClellan.

The Junior class entertained the senior April 12 with the Junior-Senior Banquet. A Chinese theme was followed in decorations, food and program.

Scholastically the seniors led the school. The National Honor Society Banner was awarded the senior class every time except the first six weeks. At that time they came in second. Lynn Osborne is the class valedictorian with an average of 95.2 and Lois Yoder is the salutatorian with an average of 93.9. There are twenty-four senior members of the National Honor Society.

The annual Carlsbad trip was made May 2-3-4 by school bus. Four buses took around 135 seniors and 11 sponsors. This trip was financed by the senior play and by the individual seniors.

Six Speech Classes Offered to Students

The radio speech department was split into two classes at mid-term this year—the first time in PHS history.

"The Key," a radio play, presented in assembly, high-lighted the first semester's radio class, that was under the direction of Miss Ruth Stapleton.

This semester the third and fifth period classes have been "taking time out" in presenting the Pampa High School on the air program each Friday. These classes have been directed by Miss Ruby Cowan since Miss Stapleton left slightly before the end of mid-term.

The two classes have been quite busy learning to write radio script, interviews, news tests, radio plays, and studying effects, voice qualities, the announcer's duties and television.

Many different types of programs have been given by these classes this semester.

Several students are planning to take radio speech next year and there may be a record enrollment in that class.

### Bain Finishes; Hughes Begins

Bill Bain has successfully completed one year as Student Council president.

Bill proved his ability as a leader when serving as Junior Class president last year. He was chosen councilor-at-large in his junior year, and attended the Southern Association of Student Governments at Little Rock, Ark.

All of these honors tended to add to his already rounded personality.

Not only was he active in executive phases of PHS, but he was on the first string football team, and is a member of the Hi-Y and National Honor Society.

Bill and Bill Speer, vice president of the Student Council, have worked in close harmony and made their 1946-47 term one of the most successful in PHS history. Through their untiring efforts, school functions became more constant in attendance.

Now that Bill is graduating, another leader has been selected as president of 1947-48. Richard Hughes, by the traditional popular vote, was chosen to fill this post with Richard Scheig serving as vice president.

Richard also has previous experience as a leader. He has served as freshman and Junior class president, vice president of his sophomore class, chairman of assemblies, and PHS delegate to the Dallas meeting of the Texas Association of Student Councils this year. He was also chosen freshman favorite and is sports editor of the school paper, The Little Harvester. Among his other honors, he is a member of the Quill and Scroll and National Honor Society.

### Year of 1947 Finds Boy Cheer Leaders

Yelling for the Harvester football and basketball games have kept the cheer leaders busy for the year.

The cheer leaders were elected at the beginning of the year. The squad included three boys and four girls. Lawrence Baines, a senior, was elected head-cheer leader; Patsy Pierson, a senior and also former head cheer leader, was elected as senior girl cheer leader; Gene Shaw was elected as the senior boy cheer leader; Max Fulk, a junior, Ida Ruth Taylor, junior, Betty Joyce Scott, sophomore, and Pat Price was chosen as freshman cheer leader.

There were several exceptions this year in the cheer leader squad. For instance there has not been a boy cheer leader for over a period of five years until this year, when the squad has three boys, whom is one of the head cheer leader.

The cheer leaders have taken trips with the football team including the trip to Fort Worth, Texas.

Probably the outstanding thing about the cheer leaders were their new suits, which proved to be a big help in putting the cheer leaders over to the other towns.

To end the year, the cheer leaders gave a last pep rally and introduced each cheer leader who was given an appreciation of good work by the student body.

Marjie Sloan was born in Pampa, January 12, 1929, and has lived here ever since. She has hobbies of dancing, horseback riding and collecting snapshots. Her favorite subjects are history, English and math. She plans to attend Texas Tech next year.

### Magazine Distributed To Pampa Students

The 147 "Prairie Gold" was received last Tuesday and distributed by the teachers, to approximately 500 students.

Sixty-two poems, short stories and feature articles contributed by fifty-seven different students appeared on its forty-seven pages.

Its green and gold cover was designed by Bob Oden, senior. It is a reproduction of the High School over the background of Texas' state seal—a five pointed star and a wreath.

The editor-in-chief was Alverna Miller, who contributed the three poems, "Daughter of the Prairie", "Departure", and "Echoes From the Seniors of 1947," also an essay on "Remembering".

The assistant editor was Jeannine Conyers, the art editors were Leona McClellan and Bob Oden; the typists, Edith Mae Marrow and Marjie Taylor; the other staff members were Beverly Baker, Martha Hogan, Isaac Huvall and Norma Parks.

A sketch of Shakespeare, some of his characters, Shelley, and a group of pilgrims representing Chaucer's "Canterbury Tales" was done by Leona McClellan for the Prairie Gold.

Also a sketch of American literature characters and Ralph Waldo Emerson was done by Julie Dawes.

Students who contributed to the Prairie Gold were: Mary Lou Mazy, Martha Lou Hogan, Barbara Walters, Barbara Stephens, Alverna Miller, Kelvin Neil, Bob Eyles, Jeannine Conyers, Martha McGuire.

### Honor Society Aids Scholarship in '47

Beginning the year with eight members and ending the year with thirty-one members, the National Honor Society completed a very active year.

The first project was the making of the Scholarship Banner to be given to the class with the highest percent of members on the honor roll. The banner was made by members of the society. The first six weeks the Junior class won the banner and the other four weeks, the banner has gone to the Senior class.

In March and April, 23 new members were selected by the faculty and inducted by the old members. The semi-formal induction ceremony was held during assembly April 23.

An open-house was held the eve-

ning of April 23 in the Home Economic living room for all new members.

Miss Margaret Jones succeeded Miss Anne Louise Jones as sponsor of the organization when she left for Odessa. Old members of the society are Lois Yoder, Jeannine Conyers, Jean Pratt, Harold Anderson, Lynn Osborne, Tommy McLaughlin, Bill Bain and Bill Speer. New members are John Spearman, Martha Hogan, Mary Lou Lane, Marjorie Lawrence, Mildred McClellan, Alverna Miller, Barbara Morrison, Edith Morrow, J. H. Reeves, Margie McPherson, Betty Barrett, Margie Dixon, Don Lane, Ann McNamara, Francis Gilbert, Margaret Jones, Ivan Collier, Zita Kennedy, Marjie Taylor, Donna Holden, Richard Scheig, Richard Hughes, Atha Belle Steward, Adell Roberts, Beverly Baker, and Orin Allen.

Bill Speer served as president; Bill Bain, vice-president; Jeannine Conyers, secretary; Jean Pratt, treasurer; and Lois Yoder, reporter.

**Weather Hinders  
Track Season**

Despite season-long rains and murky weather, Harvester track teams emerged victorious in two invitational meets and placed second at the district meet in Canyon.

In the first meet of the year the Green and Gold triumphed over a talent loaded Lefors squad 64-59. The Pirates led most of the afternoon, but their inability in a majority of the field events cost them the meet.

A triangular meet with Childress and Shamrock was postponed because of rain, March 14, but the following week Pampa journeyed to White Deer where they came out co-holder of the Class A Division along with the Phillip Blackhaws.

At the district meet held at Buffalo Stadium on April 16, the Harvesters held a one-sided lead over all other T-1A contenders all morning but succumbed to Amarillo's fleet runners to place second, 7 1/2 points behind the Sandstorms. A. Z. Griffin and Bob Boyles blasted all previous records in the shot put with heaves of over 40 feet. Griffin placed first with 44 feet and four inches, an inch beyond Amarillo's Struher. Bill Speer placed first in the discus with a heave of 129 feet, while Charlie Lockhart pole-vaulted his way to top honors with ten feet. Other Harvesters who placed were Kelley Anderson in the pole vault, and high jump, Jackie Williams in the shot put, and 220 low hurdle and Bob Hinkley and Derrell Davis in the hurdle.

**Coffey Ends Year  
As Pampa Mentor**

Coach Otis Coffey, head coach for three years and athletic director for four years at Pampa High School, wired Superintendent Knox Kinard from the Fort Worth Stock Show his resignation April 20, to be effective at the close of the school term.

Coach Coffey, a graduate of the University of Texas, entered the coaching field 19 years ago. His football, basketball and track teams have won 15 district championships during the span of coaching. Two of these were at Pampa in 1943 and 1945. His first year here, in 1943, the grid team defeated Amarillo for the district championship and in 1945 the basketball team defeated Amarillo for the crown also.

In 17 years of football coaching, his teams have captured 4 district championships while being runner-ups nine times. He has won six district championships for nine years in the basketball field. His track teams have come out on top four times while taking ten straight county titles.

Coming from Robstown in 1943, Coach Coffey's first grid team won six games while losing three in the regular season to win the district, but lost their bi-district title to the Vernon Lions 20-7. In 1944 the footballers dropped one district title to Amarillo and ended the season with a seven to three win and lost record.

Storming to eight straight victories in the 1945 season, the Harvesters were beaten by Plainview, 14-7, and Amarillo, 21-10. Both had been beaten only once.

With only one regular back in 1946, the gridgers won three while losing seven. Highlighting the season was the 13-12 defeat at the hands of the unbeaten team from North Side Fort Worth.

The total record for wins and

**Harvester Cagers End Season  
With Wins and Losses at 11 Each**

Finishing the season with 11 wins and 11 losses, the Pampa Harvesters racked up 759 points to their opponents total of 772 points.

Bill Speer, long, rangy center, was high point man for the whole season. Bill racked up 165 points to forward Derrell Davis' 144 points. Charlie Laffoon, flashy little pint-sized guard, took third in the ranks of high scorers with 122 points.

The Harvesters opened the season at Morse, Oklahoma, beating them an easy 40-25, then lost to Hollis 36-17. Childress was next on the card and local basketekers beat them 33-17.

The Harvesters then played host to a very classy Ada, Okla., five and managed to eke out a very close 31-29 decision and quickly followed the victory with another one over Kress 48-17.

During the Christmas holidays the Harvesters took a trip to Dallas where they entered the Dallas Tournament where they had the misfortune to draw the Crozier Tech boys and succumbed to a well-aimed attack 47-22. In the consolation round of the tournament the Pampa club met misfortune as they drew the powerful Forest Avenue and bowed out of the tournament to the tune of a 33-22 defeat.

Winning from Claude 38-35 and Perryton 46-27 again engaged the Hollis five and lost 32-22.

In their first conference game of the season the Harvesters fell victims of the Borger "Bulldogs" 31-24, and then the Harvesters received their second conference loss to the Lubbock "Westerners" 44-33. Going back to non-conference play the Harvesters defeated Childress in a pair of contests 45-25, and 41-40 respectively. Returning to conference play the Harvesters journeyed to Amarillo and in one of the most thrilling games of the season lost 40-40.

Breaking back into the win column the Harvesters knocked off a very good Plainview team by the score of 40-41, and defeating the Perryton "Rangers" 52-37. The Harvesters then lost a second time to Amarillo.

ever, the battle was being very evenly waged—very evenly.

Bill Speer and Calvin McAdams won't be looting them through the basket count '48 but they will be remembered for the games they helped pull out of the fire this year. Bill, who captained the '47 cagers, was a principal factor in the Harvesters' attack, while McAdams' consistent play accounted for much of the Green and Gold's success.

Although track meets were not numerous this year and the weather was not always that to be desired the Senior class furnished some sure poit winners in discus thrower Bill Speer, pole vaulter Charlie Lockhart and dashman Tom McPhillips. Speer placed a first at district and at region, gained a right to represent Pampa at the state meet with platter tosses of 130 feet and over. Lockhart pole vaulted his way to a first at District while McPhillips' 440 was not quite enough.

Well, there it is, and when you see these boys wheeling across the stage for their diplomas you'll know that there are some good boys leaving as they go out to play the game of the world. But here, let's not get sentimental as it's not our policy. Sorry we haven't plugged tennis, golf, girls sports and the rest, but as usual we're further behind when we finished than when we started.

So long seniors... see ya out at the ball park!

**Gorillas Win Eleven  
In Basketball Play**

Playing Class A and B teams, Coach Dick Livingston turned out one of the most successful Gorilla basketball teams that Pampa High has ever produced.

The Gorillas won 11 and lost 8 during the season, in which Malcolm Douglass led the scoring as he poured in 59 counters for 118 points. He was closely followed by Jim King and Don Dawson with 107 and 106 points respectively.

During the regular playing season, the Gorilla "5" entered two tournaments, winning third in the first and falling before two Class A teams in the second.

The Gorilla games are as follows: Pampa 2-Borger 1. Pampa 0-Lefors 3. Pampa 0-Wellington 1. Pampa 0-Briscoe 1. Pampa 2-Moheette 0. Pampa 2-White Deer 0. Pampa 1-Perryton 0. Pampa 4-Phillips 0. Pampa 0-Kelton 2.

Members of the squad were Jim King, Don Dawson, James Lewis, Wesley Keith, Jimmie Cline, Malcolm Douglass, Frank Bonner, Derrell Patrick, Jimmy Cox, Bob Hinkley, Bob McGinnis, Ronald Beard, Max Robbins, and Dennis Taylor.

The Borger club by the score of 42-30.

Hard fighting but low scoring Brownfield were the next Harvester victims 52-28. In the last two games of the season the Harvesters fell to two excellent teams, the first being to Plainview 46-36 and then to Amarillo 40-26.

Bill Speer, captain of the Harvesters, and Calvin McAdams are the only two lettermen that will not return to the Harvesters next year.

The returning lettermen for next season are: Charlie Laffoon, Derrell Davis, G. W. Gambelin, Raymond Hernandez, Malcolm Fagan, Kelly Anderson, Mickey Mc Cray, J. A. Miller, Harbord Cox, Billy Bond, Hobie Parfere, and Frank Green.

Nothing would please us more than to congratulate each of the members of the Class of 1947 in person. (Anahis is not possible, unless you come to see us, we take this opportunity of extending to you our heartiest congratulations and best wishes for your success.)
