

TERROR!—The newscamera records the terror on face of 10-year-old Eleanor Leverton, of Birmingham, Ala., after she was knocked down by auto seen in background. The unidentified woman seen picking her up found the youngster badly frightened, but not seriously hurt.

GOPsters Challenge Statement

Pampa News

DAILY AP

VOL. 46, NO. 33. (8 Pages) PAMPA, TEXAS, FRIDAY, MAY 16, 1947. Price 5 Cents AP Leased Wire

Nation's Chief Is Backed Up By Demo Whip

WASHINGTON—The Republican chairmen of two House committees which deal with economic matters today challenged President Truman's assertion that there hasn't been much cooperation from Congress to prevent a boom burst.

They said he should tell Congress what he wants.

But the Democratic whip in that chamber, backed up by the Chief Executive, declaring the Republicans have been paving the way for a depression by "killing OPA, practicing false economy and offering confused leadership."

This comment followed party lines after Mr. Truman told his news conference yesterday there is no necessity for a budget provided common sense is used and greedy people do not get control.

He added there hasn't been much cooperation along that line legislatively or publicly.

He said prices are still too high, but he praised the price reductions that have been made.

Chairman Knutson (Minn.) of the House Ways and Means Committee took immediate exception to the statement concerning legislative cooperation, telling reporters:

"It's an old, old game for the White House to blame Congress. The President should furnish Congress with information. Congress has done everything possible to halt an inflation spiral."

And Chairman Wolcott (Mich.) of the House Banking Committee put it:

"It is the duty of the President to see REPUBLICANS, Page 8

Russia's Demand for Dual Arab-Jewish State in Palestine Puzzles U. N. Delegates

NEW YORK—Soviet Russia's demand for a dual Arab-Jewish state in Palestine today puzzled the members of the United Nations special assembly on the Holy Land question.

Delegates from nations scattered around the globe reacted with satisfaction that Russia had tipped her hand even a little bit on the Palestine problem. But they asked: How does Russia propose that such a dual, democratic state work?

Andrei A. Gromyko, Soviet Deputy Foreign Minister, in his surprise talk did not clear up that point. But he did say that if the animosities between Jew and Arab were such that this state could not live, then Russia felt it would be necessary to consider dividing Palestine into two states, one Jewish and one Arab.

These are points which the 11-nation commission of inquiry, finally set up yesterday by the assembly just before it adjourned, must consider. Arrangements were made for the commission to meet at Lake Success May 26. After it is organized, the commission is expected to fly to Palestine and begin its task.

Although Russia, in the opinion of Arab delegates, leaned toward the Jews in the statement to the assembly, it was noted by observers that Gromyko left a way out.

He referred known plans for Palestine, 1. A single Arab-Jewish state, 2. Partition into two individual states, 3. Creation of an Arab state without regard for the Jewish population, and 4. Creation of a Jewish state without regard to the rights of the Arab population.

He pointed to No. 1 as the solution most deserving attention and to No. 2 as an alternative solution. But, he left himself free to take

138 B-29s Stage Raid At NYC

NEW YORK—An armada of more than 100 B-29s, the most powerful bombing formation ever assembled in the United States, streaked over the skyscrapers of New York at 10:31 (CST) today.

A total of 138 Superfortresses took off from dispersed and distant bases for the "largest run over New York and subsequent streaks over Newark and Trenton, N. J., Philadelphia, Wilmington, Baltimore and Washington, D. C.

A communication plane reported, however, that 130 of the big four-engine bombers rendezvoused with the "largest run over New York" at 9:56 a. m. (CST), then laid a straight course of 130 miles to New York for the full-dress training review of the nation's heavy bomber strength.

The Army did not disclose immediately whether all the planes which started joined for the run.

Busy New York was hushed momentarily under the mounded roar of engines as millions of persons in noonday crowds gaped skyward through a slight haze.

The B-29s roared overhead in "staggered" formation, stepped from about 3,500 to 4,500 feet altitude and spanning a sky area about two miles long and one and one-half miles wide.

General George C. Kenny, commander of the Army Air Force Strategic Air Command, led the formation while he designated "Zoleration Pacific" as its primary purpose, he said, was training.

The bomb bays yawned empty and the B-29s flew much lower than during actual war-time operations, but otherwise the flight was a simulated B-29 RAID, Page 8

Two Killed as Disgruntled Bar Applicant Fires

WASHINGTON—A patrolman and law association official were killed and three others wounded today in a gunfight started at the Municipal Court House by a disgruntled bar applicant.

The dead were identified by police as:

Hubert Estes, a patrolman.

Ray Devendorf, 65-year-old clerk for the District of Columbia Bar Association, Committee on Admissions and Grievances.

The wounded reported by police: Attorney George W. Dalzell, of Chevy Chase, Md., 69, executive secretary of the Grievance Committee.

Cecil Claig, a guard on duty at one of the doors of the Courthouse Building about five blocks from the Capitol.

An unidentified Negro, whom police described as the unsuccessful applicant for admission to law practice.

The first shots were fired in Devendorf's office on the third floor of the building which houses Municipal Courts.

Devendorf was in the building at the time said the Negro went to the office and demanded return of the fee he had paid when he sought admission to the bar.

An argument ensued. Devendorf was shot in the chest.

Then, the assailant turned to another part of the office toward Dalzell who was shot in the shoulder and face.

Eyewitnesses said the Negro walked calmly into the hall.

A Negro court messenger, George Clemons, said the man stopped and reloaded his gun.

Dalzell just then staggered to the hallway.

Bystanders said the gunman fired rapidly in the general direction of Dalzell.

Then, the gunman took an elevator to the ground floor and walked quickly out of the building.

Walter Bramhall, Municipal Court clerk, saw him then. Suspicious, Bramhall ran after him.

The Negro was walking rapidly out of the building with his left hand holding his gun in his coat pocket. Bramhall told reporters afterwards.

Estes and Claig gave chase, firing as they ran. Two blocks from the building, the fugitive turned and shot back.

Both pursuers were hit.

Budget Cut May Slash Navy Personnel by 40,000

WASHINGTON—An 11 percent cut in the Navy's 1948 budget which may necessitate reducing the planned strength of the Navy and Marine Corps by 40,000 officers and men was recommended by the House Appropriations Committee today.

The committee chopped \$377,519,200 from the \$3,513,000,300 in new appropriations requested by President Truman, but it said it believes the lesser amount will be adequate "without sacrificing any of the efficiency of the fleet" or reducing "essential naval activities."

It called upon the Navy to reduce its personnel, both military and civilian, and to close some of its shore establishments.

The committee approved in full the \$4,000,000 asked for research and the \$170,000,000 in contract authority to buy new airplanes and equipment, plus \$90,000,000 in cash for new planes.

The total new appropriations amounting to \$3,135,481,100 compared with \$4,332,781,951 this year.

Mr. Truman's original request for new Navy appropriations was for approximately \$3,504,000,000, which was boosted to \$3,513,000,300 by an amendment submitted later. However, his budget for Navy spending in 1948 calls for \$4,423,000,000, the Navy having available some unexpended out of the new year in addition to its new appropriations.

Along with the bill, which the House will debate next week, the committee made public a 1,800-page volume of printed testimony taken during consideration of the measure.

The testimony contained:

1. A claim by Fleet Admiral Chester W. Nimitz that world peace and security depended on a balance of power in which American and British sea power are arrayed on the same side.

2. A declaration by Secretary Forrestal that the United States is seeking and planning for peace but intends to safeguard its security.

3. Statements by Forrestal and his top aides that while "push button" warfare may be far away, the Navy expects to be ready if and when it comes and is working on guided missiles, pilotless intercept planes, target-seeking torpedoes, and the latest in what the future may require.

4. Estimates that a full year might be required to get the entire fleet of active and inactive ships into battle in the event of war.

While the committee did not expressly order a reduction of 40,000 in Navy and Marine Corps strength, members interpreted the action as likely to have that result.

Chairman Fisher told reporters "some reductions will be necessary."

The extent to which they will be made, he added, will depend on economies the Navy can effect in its own uniformed organization. For instance, he said, they can cut down on the number of high-paid officers and keep more enlisted men, while if they keep the officers, they will have to cut down on the enlisted personnel.

NOT GUILTY PLEA—Unperturbed by first degree murder charges against him, 16-year-old Stuart B. Allen, toster son of a St. Joseph, Mo., church rector, pleaded not guilty at his arraignment in connection with hammer slaying of church sexton John Frank Young. Allen's trial will open on June 2.

GREENVILLE, S. C.—The prosecution today in Greenville County court charged a Greenville beat a young Negro with auto-burglary and then blasted his head into a pulp with a 12-gauge shotgun as he lay on a frozen roadside last Feb. 17th.

The prosecuting attorney read to the jury a statement by Johnnie Williams, 27-year-old taxi-driver, made shortly after his arrest. Williams, who acknowledged a third-grade education, said he saw Negro Willie Earl shot three times by a burly, fat dispatcher Roosevelt Carlos Hurd, Sr.

Williams thus became the eighth of 31 defendants in the mass-murder trial to name Hurd as the one who executed the doomed Negro.

Williams said he saw Hendrix Rector and Paul P. Griggs, Jr.—frequently mentioned among the mob leaders—drag the Negro from the lead cab at the execution spot.

"One man beat him with a shotgun butt," he related in his statement. "The Negro yelled 'I'm dying now.' Then Hurd shot the Negro three times."

The first statement introduced this morning was signed only with a cross mark. Fred R. McKenzie, an F. B. I. agent, explained that the statement was authorized by cab driver Howard Thompson, 34, who is unable to read or write. The statement said that Thompson was a member of the mob but that he did not view the killing.

The state holds 26 purported statements by defendants.

Statements Heard About Lynching

GREENVILLE, S. C.—The prosecution today in Greenville County court charged a Greenville beat a young Negro with auto-burglary and then blasted his head into a pulp with a 12-gauge shotgun as he lay on a frozen roadside last Feb. 17th.

The prosecuting attorney read to the jury a statement by Johnnie Williams, 27-year-old taxi-driver, made shortly after his arrest. Williams, who acknowledged a third-grade education, said he saw Negro Willie Earl shot three times by a burly, fat dispatcher Roosevelt Carlos Hurd, Sr.

Williams thus became the eighth of 31 defendants in the mass-murder trial to name Hurd as the one who executed the doomed Negro.

Williams said he saw Hendrix Rector and Paul P. Griggs, Jr.—frequently mentioned among the mob leaders—drag the Negro from the lead cab at the execution spot.

"One man beat him with a shotgun butt," he related in his statement. "The Negro yelled 'I'm dying now.' Then Hurd shot the Negro three times."

The first statement introduced this morning was signed only with a cross mark. Fred R. McKenzie, an F. B. I. agent, explained that the statement was authorized by cab driver Howard Thompson, 34, who is unable to read or write. The statement said that Thompson was a member of the mob but that he did not view the killing.

The state holds 26 purported statements by defendants.

Couple Years of Sale—40 Years Late

WICHITA FALLS, Tex.—A middle-aged couple learned of a bargain sale here—40 years too late.

They went to the Times Publishing Company's office with an advertisement clipped from the paper.

The advertisement offered a pair of 8 1/2 cent, 19 cents, men's suits, \$5, shoes \$1. The couple wanted assistance in locating the store.

They were told they were a bit tardy. The original advertisement appeared in the first issue of the Wichita Daily Times, May 14, 1907.

"The ad they had clipped out of was a facsimile, reproduced on the paper's 40th anniversary."

Interest Booming in Pampa Soap Box Derby

Last year's Pampa winner of the Soap Box Derby has fond memories today, for his car is being displayed at White's Auto Store on Cuyler St., along with his flag which he carried in the finals at Akron, O., last year, and other mementoes.

Meantime, it was announced, interest in the tenth anniversary running of the All-American Soap Box Derby is greater than was expected.

Cuberson, of Culbertson Chevrolet Company, said today, in view of favorable reports brought back surrounding communities.

Boys in Pampa's neighboring towns are going to be in the local race this year, vying for the prizes which will be offered for their skill in running cars which they themselves will make by rules laid down by the National organization.

The Derby will be run here at Pampa July 20, under the joint efforts of the Pampa Daily News, the Lions Club of Pampa, Culbertson's, and Chevrolet Division of General Motors.

Cuberson announced yesterday that he will place two bicycles among the prizes, which include the desirable first prize of an expense-paid trip to Akron for the finals in August. The trip is offered by the National organization.

It will be a chance to win a four-year college education at the school of his choice.

Emil Stuebgen, assistant manager of White's, has set up the racer owned by Carl Kennedy, last year's winner.

Rule books for this year's derby can be secured at White's, as well as from the Pampa Daily News and Culbertson's. And boys are officially entered at The News or Culbertson's.

CC Directors Discuss Plans For Hospital

Plans for the proposed Gray County General Hospital were discussed at great length but no definite conclusions were reached by the Board of Directors of the Chamber of Commerce at their regular meeting in the Chamber of Commerce building yesterday at 2 p. m. officials reported.

A special hospital committee is to be appointed soon by the Chamber board. This special committee is to act as a consulting-advising body to start in connection with the Commissioners' Court in making plans to expedite the building of the hospital.

Bonds voted by Gray County last year to build a 100-bed hospital have proved insufficient to construct the hospital as now planned, it has been reported by the County Commissioners.

It was announced to the board that the annual goodwill tour of the Amarillo wholesalers will arrive by train May 22, in connection with the Chamber's committee from the local Chamber is to meet them at the depot.

A nominating committee of Irvin Cole, R. P. Sample, and Joe Key, was appointed to name men to fill the vacancies on the board left by I. H. Johnson, who moved away, and Steve Matthews, who resigned from the board upon his appointment as City Manager.

Plans for the Chamber of Commerce to have representatives at the opening of the Perryton Hospital, Saturday and Sunday, May 17 and 18 were concluded.

Entries Taken in Miss Pampa Contest

All single girls between the ages of 18 and 26, who are interested in competing in the Miss Pampa Beauty Contest to be held in the Junior High School Gymnasium, May 24, are asked to contact Joe Fischer at 117 W. Kingsmill or telephone 200.

The contest is sponsored by the Junior Chamber of Commerce.

Winner of the local contest will represent Pampa in the Miss Texas contest at Corpus Christi, June 12-14; the winner of the Miss Texas contest will represent Pampa in the Miss America contest to be held in Atlantic City in September. Winner of the Miss America contest will receive a \$5,000 scholarship.

A dance will be held in conjunction with the contest in the gymnasium. Music will be by Finky Powell and His Orchestra.

Jaycee Carnival Will End Tonight

The Jaycee sponsored "Top of Texas" carnival will close tonight with a gale carnival bazaar and ball. Location of the carnival is at the Ward's Cabinet Shop's new building, 324 S. Starkweather.

Proceeds from the event will go into the Jaycee community center fund. This fund is being raised by the civic organization, to start a local community center.

Music for the dance will be furnished by E. E. Smith and his 14 piece orchestra. Dancing will start at 9:30.

Carnival officials announced this morning that an all-out effort to bring to the people of Pampa a full evening's entertainment had been made by the Jaycees, and by doing so the people attending the carnival will be helping to lay the foundation for this center, it was said.

Firemen Make Two Calls, No Damage

The Fire Department was summoned twice yesterday, first to 110 W. Kentucky about 7:30 p. m. to put out a window shade that had caught fire, and later at 9:50 p. m., to Montgomery Ward where two oil mops had ignited.

No damage was reported at either place.

The show is being sponsored by the Shamrock Chamber of Commerce for the benefit of the school's athletic association.

Shamrock Rodeo to Be Held as Planned

Shamrock Chamber of Commerce officials announced today that the Shamrock rodeo is to be held as planned for May 16, 17 and 18.

Dances will be held at the High School Gymnasium tonight and tomorrow. The rodeo shows will include bronco riding, calf roping, bull riding, bareback riding and bull dogging.

The show is being sponsored by the Shamrock Chamber of Commerce for the benefit of the school's athletic association.

FREE BOOTS

KULM, S. D.—Dr. Frank P. Tollean, back in the United States after living in Sweden for 20 years, has discontinued one age-old European custom.

Stopping at a hotel in a large American city on his way to his former home, Dr. Tollean said he put his shoes outside his hotel room door before retiring—expecting to find them shined in the morning.

That, he said, is the custom in Europe—but not in America. His shoes were stolen.

Union Rejects Offer Made by Phillips Co.

Strike settlement proposal, made by the Phillips Petroleum Company to Local 351 International Union of Operating Engineers were reported last night by a vote of 985 to 341 in an election held by union members at Union Hall, Borger.

Indications were that the vote was an upset. Observers in Borger reported this morning that the general feeling showed surprise that the men rejected the offer and refused to return to work.

However, just after greeted the vote when it was announced at Union Hall last night. Some members receiving reports of the trend earlier in the evening, left the hall with grim faces.

A statement from the union following the election claimed it would be willing to recommend the elimination of the "preferential seniority" providing the company would grant the type of union security granted employees of the Kansas City refinery of the Phillips Company, and added it was ready to meet the company at any time.

It was explained the type of union security practiced by the Kansas City plant grants maintenance of membership without escape, meaning that it is mandatory for workers to hold union cards to work in the plant. Practically a closed shop which has been recently outlawed by the Texas Legislature.

The decision resulted in widespread speculation as to whether or not negotiations would be continued in the face of K. S. Adam's statement yesterday that the company would not accept the union membership plan. The members reject the proposal in their vote, and that the company has no further offers to make with respect to the issues in this strike.

The 12-man strategy committee added that the union has not been "unreasonable" and that "we feel that wages and other considerations are holding us apart."

The company offered a wage boost of five cents per hour plus the \$20 a month bonus, or supplemental pay as the company termed it. Basic wage now for laborers is 96 cents an hour plus the \$20 monthly supplementary pay.

The Phillips plans in the Borger plant to add 100 new workers, which Phillips plans in the Borger plant as far north as Ohio and south as far as Houston are also being affected directly by the strike because carbon black plants are not able to obtain the gas to manufacture the important product going into automobile and truck tires.

An estimated total of 6,000 workers have been throated out of work because of the strike.

'Uninvited Guest' Does Good Job on Radio

Lightning did its work here early Thursday morning during the electrical storm, according to A. P. Stark, 865 S. Faulkner. After a bright flash and a loud roar, a member of his family of five smeared something burning.

He got up at 2:55 a. m., went out to see if his or a neighbor's house was afire. He didn't find anything. But—

He found, when he went inside, that the flash had hit an outdoor aerial, ran through his radio and then out through the ground wire.

Now he needs a radio—for the charge did a good melting job. It also scorched the wall of the house where the wire entered. No one was harmed, though four persons were sleeping in the room.

'Progress' Is Made In Southwestern Phone Settlement

AUSTIN—Hamel Sanders, local spokesman for the Southwestern Telephone Workers Union, said today instructions had been received from a member of the bargaining committee in St. Louis to make plans for an "early settlement" of the telephone strike.

A letter from Mrs. Cora Miller, Texas traffic area chairman of the bargaining committee in St. Louis was read to a mass meeting of striking phone workers here today.

It read in part:

"We expect an early settlement. Call all members who are out of the city in preparation for returning to work. Hold out for good terms. The letter was postmarked May 15.

ST. LOUIS—Weary negotiators seeking a settlement of the telephone strike in the five-state area of the Southwestern Bell Company, emerged from a 14-hour meeting at 3:30 a. m. (CST) today with a union spokesman reporting "substantial progress" on the knotty question of work jurisdiction.

Sessions were to be resumed late this afternoon or tonight.

Although reporting no progress had been made on the big issue of wages or the matter of arbitration, the lengthy discussions, favored E. Cotter, the union's general counsel, said a "tentative agreement" subject to final settlement had been reached on the work jurisdiction issue.

This dispute revolves primarily around long-standing feud between the telephone workers' union and the AFL International Brotherhood of Electrical Workers over which should handle certain types of construction.

There was no comment by either side on the wage issue on which the company and the union are \$1.73 a week apart on their demands.

The union has proposed to accept the company's offer, previously rejected, of a \$27 weekly basic pay and fringe increase provided the company agreed arbiters should terminate if workers were entitled to an additional amount as a "cost-of-living" increase, the proposal, marking a union retreat from its previous demand for increase totaling \$6 weekly, was turned down by the company.

Church Group to Meet in Amarillo

FORT WORTH—Nearly 1,500 delegates to the Texas Christian Church Convention here heard a nationally known business man cite as an example of a millionaire "who gives God credit for his success."

The speaker was R. G. (Bob) LeTourneau, Christian layman from Peoria, Ill., who spoke to a packed audience at First Christian Church last night.

Speaking at the final session of the group's 60th annual convention, he said, "we are not under law to give. We are under grace to give, and we give because we love not because we have to."

Earlier, Rev. Wesley R. Richman, Dallas, was elected president of next year's state convention, to be held at Amarillo. Ed Slaughter, Weslaco, was chosen first vice-president; Mrs. C. F. Bailey, Balinger, second vice-president; Rev. Joe Berry, Palestine, third vice-president; Rev. Bayne Driskill, Fort Worth, secretary; Rev. Chester Gleason, Childress, assistant secretary; and Rev. Patrick Henry, Fort Worth, treasurer.

Burlington Lines Improve Facilities

Improvements in local facilities costing several thousand dollars have just been completed, according to an announcement today by D. M. Dickey, agent for Burlington Lines, a New Fort Worth and Denver City Railway public loading and unloading track, 708 feet in length for shippers of carload traffic has been constructed adjacent to an all-weather driveway extending from Brown Avenue to Tuke Street.

An end-door ramp at the Brown Avenue end of this new track also has been constructed for shippers receiving carload freight in end-door cars.

Company Statement

The Management of Phillips Petroleum Company today issued the following statement to its employees and the press in the Borger, Texas Area:

"The election issue which was voted on yesterday was not intended to be a vote on any Company proposal as contrasted to any Union proposal. After long negotiations during the course of the strike, an agreement for settling the strike was negotiated and agreed upon by the Union Committee and the Company, and was signed by the President of the Union and a duly authorized officer of Phillips Petroleum Company. It was this settlement agreement which was to be submitted to the membership for ratification at the election. There were no separate proposals of the Company and the Union for submission to the election membership in the election. Immediately after the settlement agreement had been signed by the Union Committee and the Company, the Union leadership started campaigning to have the Union membership vote against the agreement to which the Union Committee had subscribed in writing. The 'futility of the Company's efforts to settle the strike through negotiations' exhibited by such tactics as these.

"The Company has approximately 2700 employees in the bargaining units represented by Local 351 in the Borger Area. The Union advised that the results of the election showed that 985 Union members voted to continue the strike. The Union refused to give the Company the separate voting results of each bargaining unit department.

"The Union stated its Committee stated yesterday evening that it wanted the public to know that they were not unreasonable. The Management of Phillips Petroleum Company contends that the Union is unreasonable. The Company in its recent negotiations agreed to give the Union more union security than it has ever had since the inception of Local 351. The Company's offer of increased wages to its employees in the Borger Area was the same as that offered to all of its other employees, which offer has been practically unanimously accepted by other than Local 351.

"Phillips Petroleum Company is not going to increase its offer of increased wages. We feel that the wage increase offered is more than fair. It is above the average of the industry, which industry pays the highest wages in any industry in the United States, and is consistent with a wage and employee benefit policy which our Company has always tried to maintain and one which we are most proud.

"As soon as a majority of our employees in any department accept this wage offer, Phillips Petroleum Company is ready to start operating its properties in the Borger Area."

Reclamation Work To Be Terminated

AMARILLO—Services of 137 bureau of reclamation employees in the five-state area administered from regional headquarters here will be terminated June 30, according to A. N. Thompson, acting regional director.

He said 60 of these employees are in the headquarters office while the remainder are on projects over the five-state area. A total of 221 are employed in the Amarillo office.

Thompson said notices to the affected employees already are in the mail. The order results from a recent recommendation by the House of Representatives for drastic reduction of funds for the agency, he said.

He added that some of the employees may be retained should Congress make additional funds available.

The order affects professional, sub-professional and clerical employees, including engineers, geologists, draftsmen, surveymen, diamond drillers, clerks and stenographers.

WE, THE WOMEN

City and Farm Women Are Much Alike

By RUTH MILLET
NEA Staff Writer

City and farm women are at each others' throats. The battle started when the editor of a woman's farm magazine declared that farm women were worth more money than their husbands than were city housewives to theirs.

City housewives jumped in to defend themselves. In doing so they up-staged farm women a bit—and the battle was on in the letters-to-the-editor column of their local newspapers.

How about trading a recipe or two or swapping a box of soap chips for a pound of lard and marking up, ladies?

Actually, you're more alike than either of you care to admit.

Both of you—farm wife and city wife—are more intrigued by the personal lives of your friends and neighbors than by world events. The city wife depends on bridge parties for her choicest tidbits. The

farm wife can get hers by listening in on the party line.

Your clothes come from the same stores, and you both have permanent waves, twisted into the current hair-styles.

You read the same newspapers, magazines and books. Your living rooms look pretty much the same—though the farm woman's kitchen very likely gets much harder use than does her living room, which is still regarded, in many farm homes, as more of a company parlor than a room for living.

Neither of you has a corner on cooking. You both get plenty of practice, and the danger of the same menus repeating themselves at too frequent intervals is as great for one of you as for the other.

BOTH WORK HARD

You both work hard, though the farm wife probably puts in longer hours and does a greater share of heavy work.

You both are doing the best you can—and you both like to feel that somebody appreciates your efforts.

So quit fighting and make up. You could probably trade places tomorrow and both make a go of your new jobs.

Also during the business meeting, it was announced that 40 more trees have been planted in the Lions Club Park but that other work is being held up by the rains.

HARRY MACKLER, Fort Worth, representative of the Phillip Morris Company, gave an interesting talk on the history of the tobacco industry in the United States.

Guests were: Miss Hart Anderson, W. B. Weathered, Fred Nesler, Doyle Osborne, Steve Matheus, all of Pampa, and James Youdan, Amarillo.

Boys Seek Sponsors For Soap Box Derby

Approximately 45 boys have indicated they would sign up and build Soap Box Derby Racers provided they can locate sponsors, it was announced at the regular weekly luncheon-meeting of the Pampa Lions Club, yesterday.

Several members of the club have already indicated that they would sponsor boys in the races this year.

Luncheon Closes Year's Activities Of Varietas Club

A luncheon in the home of Mrs. Sherman White Tuesday afternoon ended the current club year for members of the Varietas Study Club. The newly-elected officers, headed by Mrs. F. E. Imel as president, were installed by Mrs. R. W. Lane.

Other new officers installed were: Mrs. Quentin Williams, vice president; Mrs. J. C. Volmert, secretary; Mrs. C. W. Andrews, treasurer; Mrs. Dow King, parliamentarian; and Mrs. C. L. McKinney, library chairman.

Corsages were presented to the incoming president and the outgoing president, Mrs. E. J. Haslam, by Mrs. Lane.

Mrs. King gave a report of the recent district Federation convention held in Childress, and Mrs. Imel appointed the following committee to plan the 1947-48 yearbook: Mesdames King, Ralph Thomas and Joyce Caldwell.

A former member, Mrs. J. G. Doggett, was welcomed back into the club, and Mrs. Raymond Harrah and Miss Dorothy McKinney, guests, were recognized.

Other members present were Mesdames Frank Wilson, J. G. Cargile, H. P. Doster, S. C. Evans, H. T. Hampton, Horace McBea, Luther Pierson, Felix Stalls, and J. C. Williams.

Jaycee-Ettes Hold Luncheon Meeting; Name Committees

The first luncheon meeting of the Jaycee-Ettes was held yesterday at noon in Wilma's Dining Room with the president, Mrs. Edwin C. Thompson, presiding. Standing committees were appointed and six new members welcomed into the club.

Mrs. Bill Pannon was acting secretary in the absence of Mrs. Floyd Watson.

The committees appointed by Mrs. Thompson, Mesdames Gerald Mote, chairman, and Rusty Ward, ways and means; Frederick W. Brook, chairman, and W. T. Green, secretary; Wilford Boyles, chairman, and Bill Fannon, courtesy; Don Foster, chairman, Raymond Johnson, and Joe Hawkins, hand-book; Lee Cisneros, chairman, Mote, Bill Smith, publicity; Frank Fata, chairman, and Z. R. Osborne, hostesses; Jim Arndt, chairman, and L. Z. Zachry, program; E. H. Ousley, membership; and John Garman, and Harry Cook, telephone.

The new members recognized were Mesdames N. L. Nichol, Frank Fata, John Phelps, Tom Kitchens, Bill Bridges, and Joe Hawkins.

All members who could be asked to meet at the New Ward's Cabinet Shop after the meeting to help decorate for the Jaycee Bazaar and Ball to be held last night and tonight. The members were also asked to help sell tickets for the Jaycees.

The decorations committee included Mesdames Cook, Ousley, Osborne and Thompson, and the foods concession committee, Mesdames Smith, Cisneros, Mote, Zachry, Nimmo, Hawkins, Foster, Johnson, William R. Ballard, Fata, Phelps, Kitchens, and Thompson.

The chances of a non-revolutionary development of our nation in the next 50 years will be determined largely by our educational system.—Dr. James B. Conant, president Harvard U.

Rainbow Girls Are Entertained at Tea

SHAMROCK, (Special) — The Rainbow Girls were entertained with a silver tea Monday night at the Masonic Hall.

Following the regular meeting a social hour was held with Mrs. Ava Atkinson presiding at the punch bowl.

Mrs. Jack Montgomery was in charge of the program and the girls were entertained with fortune-telling and stunts.

The silver tea offering went to the Masonic Home in Fort Worth. About 35 Rainbow Girls and 10 Masons and Eastern Star members attended.

Two Intoxication Cases in City Court

Judge Clifford Braly in Corporation Court this morning fined two men \$15 each on charges of intoxication.

No other cases were heard.

CASE GOES UP IN SMOKE

CHICAGO, (AP)—The case of the Ivers Art Manufacturing Co., charged with 16 violations of the city fire code, was before Judge Cecil G. Smith in License Court.

"The building was destroyed by fire," Defense Attorney Herbert G. Immenhausen told the court.

"Well, if the evidence is destroyed, we can't very well fine you," Judge Smith commented as he acquitted the company.

8:00 Senior vespers in gymnasium.

AAUW Tea and Style Revue for Seniors Tonight

The Pampa Branch, American Association of University Women, will entertain Senior girls of Pampa and Lefors, their mothers and sponsors of their classes at a tea to be given at 8 o'clock at the evening in the Palm Room of City Hall.

A feature of the tea will be a style show directed by Miss Hart Anderson, Miss Nina Owens and Mrs. Charles Hart. Mrs. N. Dudley Steele will announce the Style Revue and give fashion hints. Models for the revue will be undergraduates of Pampa High School.

Mrs. Quentin Williams, president of the local club, and Mrs. J. D. Fannon, Lefors, will welcome the guests and Miss Pearl Spaulgh will have charge of the registration.

Hostesses at the tea table will be Miss Margaret Jones and Miss Inez Clubb.

Mrs. Robert Sanford is in charge of arrangements for the tea, and Miss Ruth Huff is chairman of the refreshments and decorations committee, assisted by Mesdames L. B. Pennick, M. K. Griffith, Allen Thamer, Charles Lynch and Ray Robbins and Miss Ann Hastings.

Seventeen-Eleven Dance Scheduled Tonight

A dance will be given this evening at 9:30 in the Terrace Grill, sponsored by members of the Seventeen-Eleven Club, honoring the football players.

Mrs. Roy McMullen Is Shower Honoree

SHAMROCK—(Special) — Mrs. Roy McMullen was honored at a pink and blue shower given Monday afternoon at the home of Mrs. J. W. Stauffer with Miss Mae Ruth Stauffer as co-hostess.

The entertaining rooms were decorated with tulips, lilacs and iris.

The shower followed a meeting of the WSCS with the program being given on "China," led by Mrs. H. R. Bennett.

Games entertained the group with flowers being awarded to winners of the contests, after which refreshments were served.

The honoree was the recipient of many attractive and useful gifts.

Recital Tonight Will Close Spring Series

Mrs. H. A. Yoder will conclude her series of spring recitals this evening when another group of pupils will be presented at 8 o'clock in the Church of the Brethren.

Piano duos to be given tonight will be the Canonetta from Kassecha's "Concerto in C Major" played by Charlotte Ann Call; the Allegro from the "Concerto in C Major" by Williams, played by Ann Jordan, and "Polonaise Brillante" for two pianos by Fleissner played by Sammie Frierson. Mrs. Yoder will play second piano parts.

Janette Ethridge, voice pupil of Mrs. Roy Reeder, will sing "Morning" by Speaks.

Pupils in this recital who are entitled to certificates earned by playing in the recent National Piano-Playing Auditions will receive them tonight. Pupils of Miss Mickey Casada will also be included in this recital.

The following pupils will be presented: Darien Olsen, Harold Ham-

Women Golfers Make Plans for Ladies' Day

At the regular meeting of the Women's Golf Association held Wednesday morning at the Country Club Mrs. Mickey Prigmore appointed Mrs. A. J. Beagle and Mrs. E. M. Bellamy to serve refreshments on Ladies Day, May 21.

All members planning to play on that day were urged to notify either Mrs. Beagle or Mrs. Bellamy by Tuesday afternoon.

The event for Ladies Day Wednesday was a "blind bogie." Winners were Mrs. Carl Leudders with a low score on No. 4, and Mrs. D. L. Parker, high on No. 1.

Lunch was served following play by Mrs. Earl Scheig and Mrs. George Cash to the following members: Mesdames Beagle, Bellamy, E. T. Adkins, Ernie Hardin, Walt Fader, Frank Baker, Prigmore, C. M. Whitte, A. F. Howard, Parker, and Leudders.

Par Proves Tough As Colonial Goes Into Second Round

PORT WORTH.—(P)—Par was a tough old bird to handle as the 27-man field entered the second round of the \$15,000 Colonial National Invitation Golf Tournament today with only two of the contestants—Veterans Ben Hogan and Lawson Little—having punched its tail feathers.

Hogan stood up under the pressure of being the favorite in his home town by clipping two strokes off yesterday's mark as he took the first round lead.

The Little Texan who plays out of Hershey, Pa., put together a 33 and 35 as he dropped five birdies to counteract three over-par holes on the narrow, rugged 6,830-yard Colonial Country Club course.

Little registered a one-under 69 and was well-pleased with his putting. Hogan, too, liked the way the putt were dropping for him. He blamed poor selection of clubs for his over-par holes.

Two players were able to equal par 35-35-70. They were Toney Penna of Cincinnati and Johnny Palmer of Boston, N. C. A stroke back were George Pazio of Los Angeles, Fred Haas, Jr., of New Orleans, Lloyd Mangrum of Chicago and Vic Ghazzi of Kansas City.

Dobby Locke of Johannesburg, South Africa, who won the Houston Open last week and is one of the favorites here, finished with a 72 along with George Scheiner of Ogden, Utah; Ellsworth Vines of Chicago; Johnnie Bull of Phoenix, Ariz.; and Henry Picard of Cleveland.

Cary Middlecoff, the youthful Memphis pro, had the distinction of the most sensational shot of the day but it helped him little. Middlecoff had a five-over par 75 despite an Eagle two registered on hole No. 6 with a 130-yard shot.

Jimmy Demaree, the Texan who plays out of Ojai, Calif., and who has gathered some \$14,000 as leading money winner of the year, had a big 76. His putting was sour.

HEAVY HAMMER—Bob Bennett's hammer toss of more than 175 feet shows the Brown star is regaining the form that enabled him to establish the national intercollegiate record of 183 feet plus.

Dallas Breaks Houston's Long Winning Streak

(By The Associated Press) The four Texas League teams which managed to cheat the weather man last night had some snappy recollections today.

Snaps that came loose: Houston's eight-game winning streak; Jack Creel's five-game victory column; Dallas' two-tilt losing string; Fort Worth's four-game losing spree; Dallas' 22 scoreless innings; and Houston's row of shut-out at two.

One that didn't: Bobby Hogue's string of scoreless innings—now 19.

The scores that did the damage were Dallas 5, Houston 3, and Fort Worth 5, San Antonio 3. Beaumont's game with Oklahoma City was postponed because of rain and the same went to Shreveport's tilt with Tulsa.

Hogue set league-leading Houston down with just one hit in de-railing the Buffs consecutive victory special. Solly Hemus' single in the fourth spoiled a perfect performance.

Cheer bowed out in favor of Art Nelson after Dallas had broke through with a three-run outburst in the eighth inning. The Rebels won their first run in the fifth and added another in the seventh.

Hogue figured in scoring two of Dallas runs as the Rebels took their first victory over Houston this season. He sacrificed Johnny Creel home in the fifth, singled Red Davis in and for the night collected three of Dallas' seven hits.

Fort Worth jumped on Bill Seimsoth in the fourth inning for four runs, then added another in the sixth. The Missions scored all of their tallies in a ninth-inning rally.

The net results of last night's play jugged the top standings a bit. The top-Houston—and the bottom—Tulsa—stayed unchanged as did a few other positions. But Fort Worth climbed back into second, Oklahoma City went into third and San Antonio held down fourth.

Tonight everybody gets a chance to start all over. Dallas and Houston wind up their series; Beaumont will tackle Oklahoma City in a double-header; Shreveport and Tulsa will try again, while San Antonio ends up at Fort Worth.

SIX GREAT Sprinters Entered In Southwest Conference Meet

(By The Associated Press) WACO.—(P)—A half dozen runners capable of 9.7 or better in the 100-yard dash swung into action today in preliminaries of a Southwest Conference track and field meet that may produce four new records.

It is the greatest sprint aggregation ever to toe the mark in this conference including three who have done 9.5—a tenth of a second over the world's record—two who have run 9.6 and one with 9.7.

Highlighting the meet will be the climax of the dash feud between Bill Martinson of Baylor and Charley Parker of Texas. Either Martinson, who has beaten Parker three times, or Parker, with one decision over the Baylor flash, is expected to win the 100. Martinson, Webb Jay of Texas A. and M. and Aubrey Fowler of Arkansas each has 9.8 to his credit for the century dash. Parker turned in 9.6 last week.

Both hurdles, the 100, 200 and 440-yard dashes and possibly the half-mile will call for preliminaries this afternoon starting at 4 o'clock (CST). Finals in all events will be held tomorrow afternoon beginning at 1:30. Texas A. and M. are due to battle it out for the three titles.

The hurdles races will feature August Erfurth and Bill Cummings of Rice and Clyde Scott of Arkansas Art Harnden of A&M is the favorite in the 440 while Little Jerry Thompson, Texas distance runner, is expected not only to win the 880 but to better the conference record of 1:53.3. Thompson is doing a "Texas key" today—5x3 quarter-mile and because of his speed capable of picking up points in the broad jump.

A and M's mighty man is George Kadera, a triple-threat weight eventer who might crack the conference record in the discus throw. He has done 162 feet 7 inches and the conference mark is 163 feet 2 1/4 inches. Texas is expected to better the sprint relay record of 41.4.

The Longhorn quartet has already beaten this mark this season.

Sports Round-Up

By HUGH FULLERTON, JR.

NEW YORK—(P)—Notre Dame grid fans still are chucking over this incident in last year's scoreless tie with Army—Pete Ashbaugh was playing back on defense when Army's Doc Blanchard came thundering down the field under a long forward pass—Little Pete ran right along with Doc shouting: "Catch it. Doc, catch it!" Blanchard did and Ashbaugh got in the last word: "Nice catch, Doc. Too bad you're out of bounds."

ONE-MINUTE SPORTS PAGE

Tip from a qualified West Coast observer is that Southern California, Oregon State, U. C. L. A., St. Mary's Santa Clara, Washington and California will rank in about that order on the gridiron next fall.

LET'S PLAY CATCH

You generally think of a baseball catch as a heavy-footed sort of guy like Ernie Lombardi, but the International League's Harry Simmons dug up these examples of catchers who can step—Ralph Weigel, Baltimore catcher, made an unassisted putout of a runner between second and third bases. Lou Kuehler of Montreal laid down a bunt while Gil Torres was on second base. Weigel ran down to grab the ball and seeing Torres hesitating between the two bases, the catcher kept running and tagged Gil before he made up his mind.

At the same day the Cards' Joe Garagiola covered first base on a double play when Stan Musial was off the bag and Boston's Connie Ryan was slow returning after a fly ball in Oklahoma City, Tulsa catcher beat an Oklahoma City batter to first to take the throw first sacker Jack Richards, who fielded a bunt.

Waco's Cellar-Dwelling Dons' Catching Is Up

(By The Associated Press) Waco's cellar-dwelling Dons are slowly catching up on the rest of the big state league.

A home run by Manager Red Barkley in the eleventh inning last night gave the Dons' a 6-5 victory over Greenville and put them only two and one-half games behind Tulsa.

Paris bounded out a 13-8 win over Greenville in a new-found display of power at the plate picking up nine runs the first two innings. The Red Peppers collected 15 hits during the game and were never in any danger from the Ows.

In other games, Wichita Falls defeated Texarkana, 10-8, and Sherman downed Austin, 11-5.

Gold, White Football Game Is Called Off

The scheduled Gold and White grid battle which was to be played tonight has been called off, Coach Tom Tipps announced this morning.

Tipps said that he was sorry that the game had to be cancelled because he knew that the boys would be disappointed but that he felt there wasn't any point in taking the chances of sickness and injury involved.

The cancellation of the game means that it can not be played at all due to the fact that today was the final day of the Harvesters spring football training and to extend the training period would violate the state interscholastic rules.

Most diabetic patients were overweight before contracting the disease.

Mullin Picked To Use Hank's Heavy Willow

(By The Associated Press) Pat Mullin, the toast of Detroit with a .444 batting average, is driving in the runs that Hank Greenberg used to knock home.

When Big Hank was waived out of the American League and sold to Pittsburgh, Tiger fans asked the pointed question: "who is going to knock in the 127 runs that Hank batted across last season?"

Nobody mentioned Mullin's name. In fact, when the husky Irishman from Trotter, Pa., arrived at the Lakeland, Fla., training base this spring he was just another ball player fighting for a job.

With a year behind him, Mullin again has looked like his old self, leading the league with 13 doubles and hitting some 30 points better than anybody else in the Majors. Of his 32 hits, 20 have been for extra bases including six homers and he has knocked in 14 runs in 20 games.

If anybody is going to take Greenberg's place at Detroit this season, all the early evidence points to Pat.

Mullin's second-inning homer yesterday with Wakefield on base gave Detroit an early lead. After Philadelphia tied the score and the clubs had battled to the 14th, Mullin again opened the winning rally with a single to set the stage for Doc Cramer's tie-breaking single.

Dizzy Trout, who required relief in the last of the 14th received credit for the 4-2 victory over the A's. The solidified Detroit's lead in the American League because Boston fell before St. Louis, 2-1, dropping two games back. In night games Chicago thumped New York, 3-2 and Cleveland shakked Washington, 9-1, behind rookie pitcher Bryan Stephens.

Chicago clung to the National League lead despite an 8-3 drubbing by New York, because Boston was succumbing to St. Louis in a night game, 8-2. Brooklyn dropped its third straight in the West, bowing to Pittsburgh, 7-3, and Cincinnati broke out with a flurry of five homers to thump Philadelphia, 11-3.

Big Spring Gets 10th Inning Win

(By The Associated Press) The wild and woolly Longhorn League had only one game yesterday where the score went above 10. This was Odessa's 15-5 victory over Sweetwater.

League leading Big Spring and Ballinger fought ten innings before Big Spring squeezed out a 7-6 win.

Vernon blanked midland, 6-0, in a game called in the sixth because of rain.

About four-fifths of the residents of Canada were born in the country.

Pampa-Abilene Tilt

With Oiler Park still very muddy and skies still cloudy this morning it appeared very unlikely that the Abilene-Pampa game scheduled for tonight would be played.

The Oilers are scheduled to move to Berger for games tomorrow and Sunday.

NOW SMOOTHER LONGER-LASTING!

When your digestive system does not function well, waste accumulates and gas is created... you feel depressed and irritable. If your distress is extreme or long-lasting consult your doctor. But often all you need is to stimulate sluggish intestinal muscles. And that's just what the new improved ADLERKA, the Tone-Up laxative, does. It relieves gas pressure and moves waste gently through the digestive canal. Because it is a scientific blend of 7 effective ingredients it works quickly and pleasantly. Try ADLERKA today and learn why over 20,000,000 bottles have been sold.

Casimir: use only as directed.

HOUSE PAINT

Get more for your money with new Sherwin-Williams House Paint! Its coat is now smoother, tougher, makes your house look better, last longer.

OUR PER CAPITA RED POPULATION

There are more Communists per capita in the U. S. today than there were in Russia in 1917, says J. Edgar Hoover, the FBI chief. America has one dues-paying comrade for every 1814 non-Communists, while in Russia 30 years ago the proportion was one to 2277.

Furthermore, says Mr. Hoover, for each American Communist there are 10 fellow travelers willing to follow his lead and do his work. If we add that to Moscow's figure of 74,000 party members in this country, we get a figure of 814,000 active pro-Communists, or about one for every 165 Americans. And since there are few Reds in agriculture, management, and the professions, the ratio must be much smaller in the fields where they are active.

So we can get an even more alarming figure than Mr. Hoover's 814 to one. But before we jump to any conclusions, we might speculate on how many anti-Communists there were among Mr. Hoover's 2277 Russian non-Communists in 1917.

Russia had already thrown out the tsar in a socialist revolution when the Bolsheviks, core of the present Communist Party, took over in the fall of 1917. The country was prostrate and groping for leadership. Military defeat by Germany had touched off the long-smouldering revolt of millions held in virtual slavery.

That was the Russian situation in 1917. Socialism was assured in some form. The big question was when, how much, and by whom. The Bolsheviks answered that question. But their conquest was scarcely the conquest of one Leninist over 2277 determined opponents.

Whatever conclusion Mr. Hoover wishes drawn from his comparative figures, it is obvious that one Communist could accomplish more in the fertile field of 1917 Russia than he can in America today. Yet this does not leave us free to underestimate the Communist menace here and now. For the comrades would dearly love to create the sort of chaos that led to their victory in Russia.

There are at present only two discernible ways by which they might do this. One would be for the rest of us to mismanage our economy so completely that a popular uprising could result. The other would be for us to become so gullible and confused as to permit the Communists to gain enough control to create their own uprising before we woke up to what was happening.

Both possibilities seem remote, but they are worth guarding against. A tendency toward the second is responsible for much of the Communist strength in America today. Some of us pick up the Reds' catch phrases without realizing their source or implications, and thus help spread basic propaganda.

In Hollywood

By ERSKINE JOHNSON
 NEA Staff Correspondent
 (Johnson on KPND Monday thru Friday, 2 P. M.)

HOLLYWOOD—Most villains want to play heroes. But Harry Woods doesn't. Harry has been a screen badman for 25 years with an amazing record of nearly 500 pictures.

"I'd rather be bisect than kissed," says Harry. "The hero has his day, but the villain goes on forever."

Harry started out a film double-crosser in one of Ruth Roland's serials back in 1922. Since then he has menaced everyone in Hollywood from Tom Mix to Clark Gable—not to mention the Los Angeles police department.

Harry was making a gangster film on location, and they shot a lot of bullet holes through a car for realism. Harry and his "henchmen" drove the car back to Hollywood and parked it on Vine Street where they went into a restaurant for dinner.

When they came out, Vine Street was completely empty. But on every corner were police with machine guns covering the restaurant and the car with all the bullet holes in it. Some gangsters were on the loose, and the car was a "suspect."

"I never talked so fast in all my life," says Harry.

LEARNS BY DOING
 Ray Milland probably stars in more pictures per year than any other top-flight Hollywood "can" and he thinks it's good idea. Most stars think they should do

THOUGHTS

"This shall the dust return to the earth as it was, and the spirit shall return unto God who gave it."—Ecclesiastes 12:7.

There is no death! The stars go down To lie upon some fairer shore.—P. L. McCreery.

RUML PLAN

WASHINGTON—(NEA)—Beardsley Ruml, the man who thought up the "pay as you go" tax plan, has a new idea—several new ideas—on how to dodge a business slump. He thinks the government should cooperate with business in preventing a recession of serious severity or duration.

Writing in the financial section of a New York newspaper, Ruml criticized present policies of the Departments of Agriculture, Labor, and the Treasury for not doing enough or for doing the wrong things.

"When this statement was called to the attention of the heads-of-these departments, they begged to differ. Without saying it in so many words, they imply that Mr. Ruml may be not only unfamiliar with what their departments are doing, but also that he may not have all his facts straight on present economic conditions."

Ruml's new plan makes three main contentions:
 1. The Department of Agriculture is more interested in farmers than in food. The department should, therefore, take the lead in a nationwide drive for food conservation with "more meatless days and more fruit and vegetable days" and more potato pancakes and fewer poached eggs.
 Ruml says this would bring down food prices and would help us on the way to peacetime prosperity.

2. The Department of Labor is more interested in unions than in work. It should take more interest

in vocational guidance, opening up apprenticeship opportunities, getting young men and women their first job, finding productive opportunities for the handicapped and older people.

"The Treasury is more interested in the federal budget surplus than it is in prosperity. It should, therefore, work towards reduction of taxes, then launch a campaign to sell 'peace bonds' to soak up the extra spending power and stave off inflation."
EATING WON'T CURE SURPLUSES
 Secretary of Agriculture Anderson in commenting on the Ruml farm plan points out that the real danger of an agricultural depression comes not from scarcity, but from surpluses. And eating less won't cure the surpluses.

"We are now producing a third more than we can consume," says Anderson, "and consuming a sixth more." The present-day market basket contains more of the things people want when they have money to buy. Four bottles of milk for every three before the war. Six pounds of meat in place of five. Four eggs instead of three."

Most of the things which Ruml wants the Labor Department to do are the very things for which Congress has refused to appropriate more money.

The Labor Department's work on industrial relations gets the most headlines, Secretary Lewis Schwelben admits. "The largest part of our work and money goes into

NATIONAL WHIRLIGIG

news behind the news
 WASHINGTON
 By RAY TUCKER

DEWEY—Governor Thomas E. Dewey's political status today is a complete paradox. Key members of the G. O. P. have virtually staged an unofficial, presidential nominating convention here during recent sessions of various business men's organizations, the Gridiron Club and other get-togethers.

Only a few politicos appear to want the New York Governor to head the ticket. He seems to have no close or warm friends among the clubhouse or the Congressional crowd.

It is no exaggeration to suggest that Harry S. Truman makes a stronger personal appeal even to the surviving members of "well-stocked clubs," although they do not vote for him in any numbers.

AGAIN—But, despite this coolness to Dewey and despite his supposed New Dealish tendencies, most Republican leaders and party well-wishers believe the Empire State executive will again be the standard-bearer, especially as it may not be so easy to defeat President Truman as was assumed several months ago. New York's forty-five electoral votes account for Mr. Dewey's political but not personal popularity.

Senator Arthur H. Vandenberg's seat has dropped lately. His presidential slump, apparently derives partially from his indifference, and partially from the fact that there has been almost no real achievement in the field of foreign affairs, in which he has played such a key role.

ALOPFNESS—Ironically, Mr. Dewey's very lack of warm, human traits—his personal and political aloofness—has been the chief reason for his political unpopularity.

Common Ground

By R. C. HOILES
 Excited About Big Profits

We hear a lot of inexperienced people bemoaning that some corporations are making large profits. They seem to think that large profits are a crime; that they are harmful to the workingman and the consumer.

They do not seem to realize that profits have to be distributed, that the owners of profits cannot hoard them without losing them. They will either have to be used as consumable goods by those that receive them and thus they will furnish jobs, or they have to be used as investments in better tools. This will also furnish jobs and in that case it will also reduce the cost of consumable goods.

So in that case, it will both furnish jobs for the workers and raise the real wages of those who have to buy the products.

But are the profits abnormal? A columnist in the Chicago Journal of Commerce quotes Mr. Sykes, who is in the steel business, as saying "in the first five years of its existence, U. S. Steel's direct wage costs represented 30 cents of every dollar taken in. Despite heavy interest charges, the company made a profit of better than 16 per cent on its sales. In the five years from 1942 to 1946, wage costs were more than 45 cents of every U. S. Steel sales dollar. Interest was almost eliminated in this period, but the net income after eight months. And the net return on sales dropped to 3.7 per cent."

Mr. Sykes goes on to say "if one of the biggest companies in the country could earn only 3.7 per cent on about \$200,000,000 of sales in the last five years, what chance has it of earning any kind of reasonable return on investment when the bloom is off the rose and competition for business becomes keener?"

"Those people who are complaining about profits had better awaken and know what they are talking about and stop confusing the voters and the workers. At least for the things he has to buy, but high prices aren't the worst of evil. Hoarding and making and much more inconveniencing is a shortage of goods in the stores. Housewives who remember the days, only a few months ago, when the government's artificially low prices made many commodities, including meat, soap, and toilet paper, almost unobtainable, will not wish for the restoration of the system or any part of it. The supplies are now fairly ample and no housewife has to spend hours in line at the butcher shop or grocery, only to find the supplies exhausted when she finally reaches the counter."

Something can be done to lower prices. The proper policy is economy in government, the discouragement of government loans abroad, and debt and tax reduction. Everything else is economic quackery.

U. S. Revenue Officer Resigns His Post
 WASHINGTON—(AP)—Joseph D. Numan, Jr., resigned today as Commissioner of Internal Revenue, effective June 30. President Truman named George J. Schoeneman to succeed him.

Schoeneman, long connected with the internal revenue bureau, is now a special executive assistant to the President.

Gracie Reports
 By GRACIE ALLEN
 Well, I see that a chain-store of first class someone to invent cheap plastic dishes that can be thrown away after using, because women don't like to wash dishes.

This looks like the opening of a wide field for invention—no one loves washing dishes either—and a parcel that could be thrown away after wearing would be an even greater boon than one-meal dishes. Gracie, as a member of the male tribe of domestic rug beaters, would like to see carpets that could be tossed out every spring.

Personally, I wish the manufacturers of George's cigars would make them so that they would be thrown away even before using.

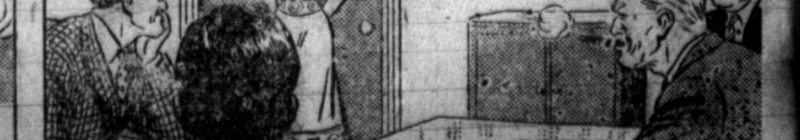

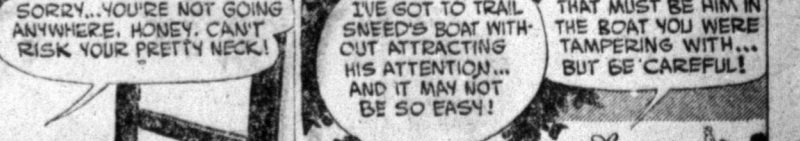

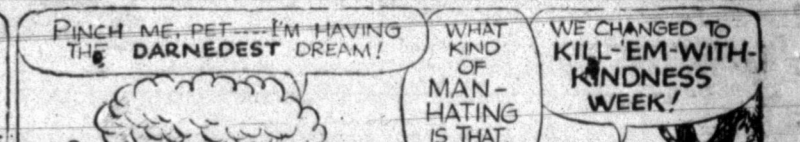

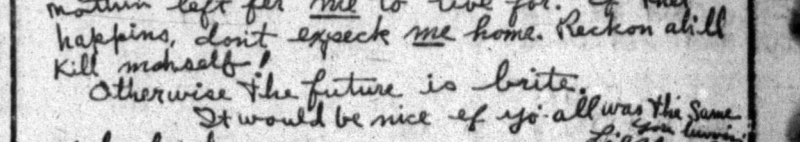

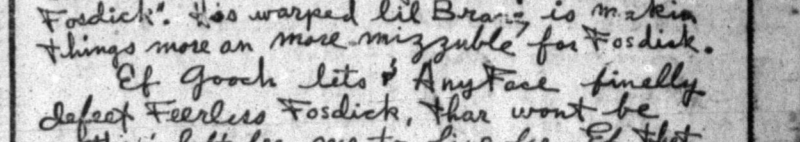

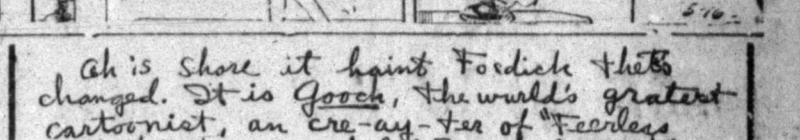

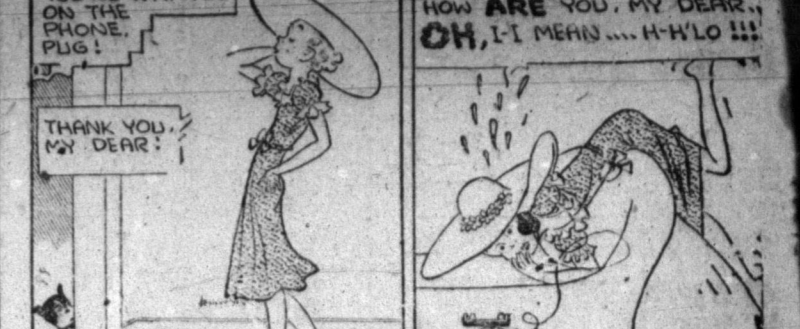

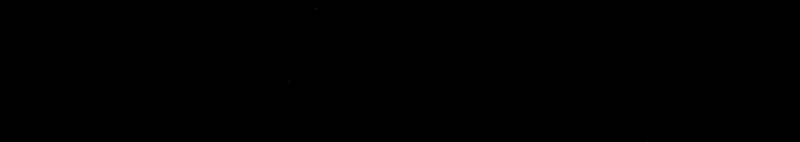

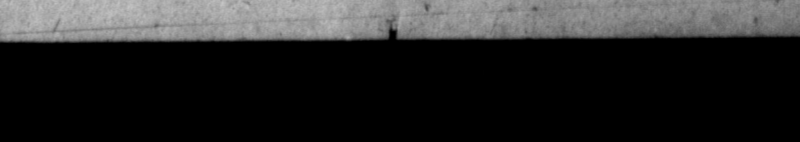

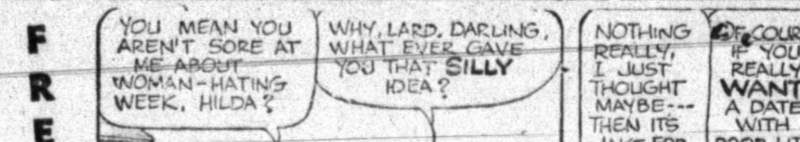

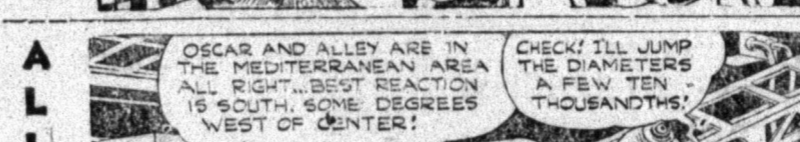

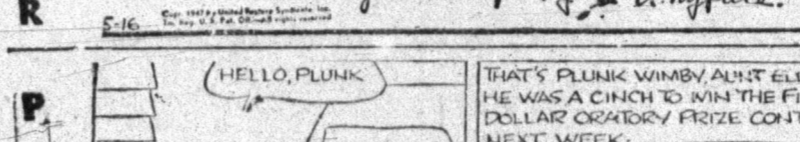

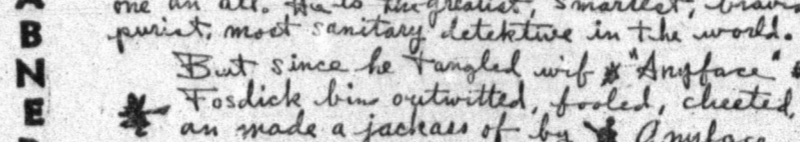

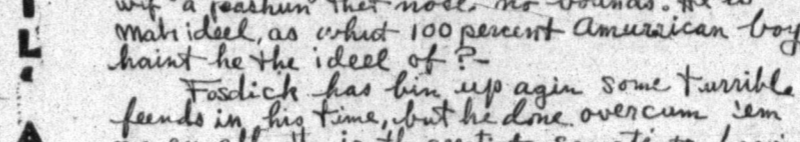

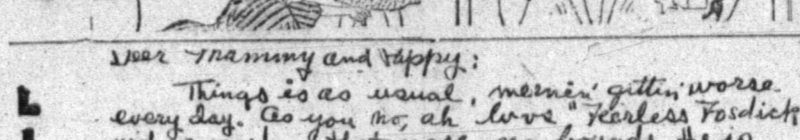

Unfortunately, in the human-relations line, no inventer is needed to get things thrown away altogether. Too many husbands and wives are discarded by their spouses when a little reconditioning might keep them useful around the house.

QUICKIES
 By Ken Reynolds
 "This News Want Ad says we want a salesman that can sell isn't that what they're supposed to do?"

NATIONAL DEBT
 While Secretary Snyder's office explains that the Treasury does not want to make direct comment on Ruml's new fiscal plan, it is pointed out that in recent statements Snyder has touched directly on the pints which Ruml raises.

Ruml's plan gives no consideration to the fact that the U. S. now has a national debt of \$258 billion. Testifying before the Senate Finance Committee recently, Secretary Snyder said: "The size of the debt is a strong argument against tax reduction at this time. Under present conditions, I believe it will be sound financial policy to achieve as large a budget surplus as is possible and apply that surplus against the public debt. When national income is high, as it is now, it is prudent to reduce the debt."

Concerning the proposal to sell more "peace bonds" the Treasury points out that the last one launched its new "Bond a Month" drive. At that time Secretary Snyder reported that for the first 10 weeks of the year, sales had exceeded redemptions by about \$1 billion—or twice the record of last year.

B-29 Raid

(Continued From Page 1) ultation of the sortie and strike of a heavy bomber force.

The formation dropping over the most thickly populated area of the country represented every available B-29 in the United States.

General Kenny's lead plane peeled off the formation as it completed its sweep over Manhattan and wheeled for LaGuardia Field where city officials waited to greet the war-time commander of the Far East Air Forces and entertain him at City Hall reception.

Messages received at LaGuardia Field reported that Superfortresses took off in the following strengths for a rendezvous over Cape May.

WHY GET UP NIGHTS DUE TO KIDNEYS? FLUSH THEM OUT THIS DOCTOR'S WAY

Swamp-Root goes right to work to flush out kidney trouble. Painstakingly he made a medicine of 16 herbs, roots, vegetables, balsams—Nature's own way to relief.

Republicans

Continued From Page 11 report from time to time on the state of the union. If he has criticism or suggestions on the economic situation, he should communicate them to Congress.

On the other side of the party fence, Rep. McCormack (Mass.), the Democratic whip, said that when OPA was killed "we were promised by the National Association of Manufacturers and Republicans that everything would be all right in 60 days, if we would only let supply and demand operate. But OPA now has been dead seven months, and look at your prices."

Mr. Truman recited his prescription for averting a depression after a reporter asked for his views on a report written by Chester Bowles, former OPA chief, cautioning that a business collapse is "imminent."

Issued under the sponsorship of Americans for Democratic Action, self-styled "liberal" political group headed by former Federal Housing Chief Wilson Wyatt, the Bowles report among other things proposed a 10 percent price rollback and more wage boosts following the recent 15 cent "pattern."

British Consulate Will Aid Subjects

The war is over, but the British Consulate in Houston will continue to take care of its own, according to a letter sent to the 31st District Court here earlier this week.

The letter requested the Court to furnish the consulate with the names of defendant British subject brides in divorce suits plus all pertinent information as soon after the suit is filed as possible. The Consulate claimed it believed that these brides should be represented by counsel in the divorce actions and that an organization had been evolved by the Consulate for this purpose.

The letter ended by advising the Court Consular attorneys of "Messrs. Baker, Botts, Andrews and Valme" would act in the behalf of the defendants. It was signed by L. B. Dufon, acting consul-general.

Damages Sought In Birth Case

NEW YORK—(AP)—Mr. and Mrs. Leonard Sosa are asking \$200,000 damages from the city because, they claim, the wife gave birth to a girl baby at a city hospital but was given a boy baby to take home eight days later.

Dr. Edward M. Mernecker, commissioner of hospital, denied there had been a substitution. He said there had been a clerical error in the report sent to the Bureau of Records of the Health Department so that the couple first was issued a birth certificate for a girl baby and later, after the correction had cleared, another certificate for a boy baby.

The couple filed the notice of claim with the corporation counsel and city comptroller.

Pampan Picked Up On Theft Charge

Alvus Wilkerson, about 21 or 22, of Pampa, was picked up by Carlbad, New Mexico, authorities Wednesday night as he was attempting to break into a Carlbad business house. Sheriff G. H. Kyle reported this morning.

Kyle said Wilkerson was accompanied by another Pampa boy and girl when sheriff's department men apprehended him.

They were driving a car stolen last Saturday night from the Daniels Motor Company lot on Tying St. The auto belonged to J. C. Daniels.

Daniels, told Kyle this morning he would go along to New Mexico to return the automobile. The car theft has also turned into a federal offense because car was taken across a state line, Kyle added.
