Study Shows Texas To Get More Congressional Seats

WASHINGTON (AP) — A government projection indicates the South will continue to hold the largest number of seats in Congress in 2000, although the Western states will increase their share by 30 per cent.

However, all the Southern gains will be in Florida, Virginia and Texas. Seven Deep South states will lose seats by the turn of the century because of population shifts.

Richard Lehne of the Department of Housing and Urban Development cites the statistics in a report for the Presidential Commission on Population Growth and the American Future.

Lehne's study showed California and Florida, which have gained the greatest number of House seats over the past 20 years, will pick up 16 and 8 seats, respectively, by 2000. New York and Pennsylvania will continue to lose congressmen.

The South has 135 of the 435 House seats; the figure was the same in 1950 and will be repeated in 2000. Lehne said, giving Dixie 30.8 per cent of the seats.

The 104 seats held by the Northeast will drop to 94 by 2000, and the North Central share will fall from 121 to 110. The Western states' share of congressional representation is expected to climb from the present 76 seats, or 17.5 per cent, to 97, or 22.3 per cent, by 2000.

While California and Florida will be the big gainers, the number of states with only one House member will rise from four to eight with addition of Idaho, Montana, North Dakota and South Dakota.

Lehne says the most-striking feature of state-by-state projections is the

Segregation Declining In South

WASHINGTON (AP) — Barriers to school desegregation continue to crumble in the South but remain solid in the North and are being rebuilt along the Mason-Dixon line, the government says.

The U.S. Office for Civil Rights released figures Tuesday showing that the 11 Southern states for the first time have fewer Negro pupils in all-black schools than does the North, and have widened the gap over the North in the number of blacks in predominantly white schools.

Integration virtually has halted in the last four years in the 32 Northern and Western states, the six border states and in the District of Columbia, the report discloses.

More surprising, however, the report shows the number of blacks in totally segregated schools increased during the last year in the border states of Delaware, Kentucky, Maryland, Missouri, Oklahoma and West Virginia and in D.C.

The rise, from 23.1 to 24.2 per cent, is not significant except that it marks a reversal from the trend elsewhere.

J. Stanley Pottinger, civil-rights director, said he was puzzled by the evidence of resegregation.

"I just don't know why," Pottinger said in an interview. "We're going to have to check it out."

great growth of California—from 30 congressional districts in 1950, through 43 in 1970, to 59 by 2000.

In 1950, Florida had the same number of congressional districts as Iowa and Kentucky, trailing 17 states in the number of districts. By 2000, Florida will have 23 districts, trailing only California, New York and Texas.

Commissioners Set Tax Distribution Figures

Members of the Gray County Commissioners Court voted to accept the recommendations of County Auditor Ray Wilson for distribution of the tax rate, ratified two fire protection agreements and an ambulance service contract this morning.

The total tax rate of \$1.25 will be broken down thusly: General fund, .56 cents; jury fund, .01 cent; hospital interest and sinking fund, .18 cents; airport interest and sinking fund, .05 cents; roads and bridges special fund, .15 cents and farm-to-market and lateral roads, .30 cents.

While the 1972 proposed budget for the county is not ready for consideration, Wilson estimated gross revenues for 1972 near \$62 million.

Ambulance service for Lefors and surrounding county area was contracted for at a cost of \$250 per month. The service will be provided by the Lefors Volunteer Fire Department. This unit has an unusual telephone alert system according to Joe Clarke, commissioner for that precinct.

Some seven phones located at different points are on one number so that there is always someone to answer the emergency number.

Contracts for fire protection with the Lefors and McLean departments are the same as for 1971. The county will pay \$150 for each run the department makes outside the normal city jurisdiction.

Three names were drawn for public members of the salary grievance committee demanded by recent statute.

These names were selected from those who served at some time on the grand jury in 1971. If they do not choose to serve, three more names will be drawn at the next meeting of the court. Other members of the committee are six elected county officials with Judge Don Cain chairman without a vote.

Ghana's Government Overthrown By Army

LONDON (AP) — The army has seized power in Ghana again and dismissed Prime Minister Kofi Busia, the British Broadcasting Corp. reported today.

The BBC said the coup was announced by Ghana Radio. The broadcast said Busia, who was Mrs. Richard Nixon's host last week, was dismissed for malpractice and economic mismanagement.

The army announcement said the situation was under control and appealed to the people to remain calm.

The army first intervened in Ghanaian politics in February 1966 when, in collaboration with the police, it deposed President Kwame Nkrumah

Lehne says Arizona and Texas will have gained four congressional seats each in the 50 years between 1950 and the end of the century; Maryland, three and Colorado two. Six states will have gained two or more congressional districts in the same period.

Although growth in congressional representation has been concentrated in two states, losses will be more widely dispersed.

Wallace Announces Candidacy

TALLAHASSEE, Fla. (AP) — George C. Wallace formally announced as a Democratic candidate for president today and called for a grass roots movement to wrest control of the party from "so-called intellectual snobs."

Wallace, the 52-year-old governor of Alabama, chose the capital of a large Southern state with a key March 14 presidential primary election to make the announcement.

"Our offering is a new beginning of hope for the American people," Wallace said in remarks prepared for a news conference in the Capitol's Senate chamber.

Wallace, who ran third behind President Nixon and Democrat Hubert H. Humphrey as the American Independent party candidate in 1968, said he intended to keep his name on the Florida ballot as a Democratic candidate.

He said Floridians have a "unique opportunity" in choosing from among the 12 Democrats, including Humphrey, nominated to be on the ballot by Secretary of State Richard Stone.

"They can start the grass roots movement to take back the national Democratic party unto themselves. Too long this party has been controlled by the so-called intellectual snobs who feel that big government should control the lives of American citizens from the cradle to the grave," the governor said.

Wallace coupled his 1972 platform with a broadside attack on "those in Congress" also seeking the White House. That includes 8 of the 12 Democrats currently on the Florida ballot.

Wallace also proposed "peace through strength" and military forces "second to none."

He urged "continued withdrawal from Vietnam and we should never again commit American troops to fight a no-win war."

Taxes should be levied on rich foundations now virtually tax exempt and on church-owned commercial property which competes with free enterprise, he said.

Court To Hear Dowdy's Motion For New Trial

BALTIMORE (AP) — Rep. John Dowdy, D-Tex., will have a U. S. District Court hearing Feb. 9 on his motion for a new trial following conviction for taking a \$25,000 bribe from a Baltimore businessman.

Dowdy, 59, claimed in his new trial motion that his conviction on bribery, conspiracy and perjury charges was based on evidence obtained in violation of his privileges as a congressman.

Judge Roszel C. Thomsen, who conducted the eight-week trial which ended Dec. 30, said Wednesday he would hear the motion. Imposition of sentence would follow if the new-trial plea were rejected.

He urged "continued withdrawal from Vietnam and we should never again commit American troops to fight a no-win war."

Taxes should be levied on rich foundations now virtually tax exempt and on church-owned commercial property which competes with free enterprise, he said.

Reds Intensify Attacks In South

SATGON (AP) — Communist forces hit more South Vietnamese outposts today on the third day of intensified ground action, and U.S. fighter-bombers exchanged missiles with anti-aircraft batteries inside North Vietnam for the first time this year.

Twenty-six more enemy ground attacks were reported in South Vietnam for the 24 hours ending at 6 a.m. This brought the three-day total to 86, the most in more than three months.

The government said 33 North Vietnamese and Viet Cong troops and 15 South Vietnamese soldiers were killed. Twenty-five government soldiers and six civilians were reported wounded.

Court To Hear Dowdy's Motion For New Trial

BALTIMORE (AP) — Rep. John Dowdy, D-Tex., will have a U. S. District Court hearing Feb. 9 on his motion for a new trial following conviction for taking a \$25,000 bribe from a Baltimore businessman.

Dowdy, 59, claimed in his new trial motion that his conviction on bribery, conspiracy and perjury charges was based on evidence obtained in violation of his privileges as a congressman.

Air Piracy Charges Filed Against Youth

MARCH OF DIMES—Mrs. Malcolm McDaniel, right, and Mrs. Paul Howard, left, are shown reporting into Mrs. Tommie Williams, center, chairman of the business and industry drive of the March of Dimes. Mrs. McDaniel and Mrs. Howard have been visiting various businesses and industries in Pampa this week and will continue to make their collections for the next two weeks.

(Staff photo)

DALLAS (AP) — Air piracy charges were on file today against Billy Eugene Hurst, 22, of Mesquite, Tex., the nervous young drug-user who hijacked a Braniff 727 airliner over Texas Wednesday and spent nearly seven hours holding the crew as hostages on the ground.

U.S. Magistrate Patrick Malloy said Hurst stands accused of air piracy and interfering with air crew members and flight attendants. He is denied bond.

Punishment upon conviction could be death.

Hurst lounged in the plane, his feet propped on a chair back, while FBI men, police and other security personnel watched anxiously from about 75 yards away.

During the long wait on the ground, co-pilot Bill Piper radioed the control tower that Hurst was an admitted marijuana user, claimed to have an IQ of 138, "loves science" and had studied jungle survival for three months prior to the hijacking.

"He was grim, determined and appeared to mean business," Hill said.

All of the crew members agreed that the hijacker was "rational—he seemed to know exactly what he was doing."

At one point, Piper radioed the control tower. "He's getting very jumpy. He's getting nervous. He wants everyone cleared away from the area."

The hijacker gave Braniff officials one hour to meet his demands. After the deadline passed at 5:40 p.m. however, there was no word of any new ultimatum.

Food and cigarettes were trucked to the aircraft. After he ate a meal, Mrs. Hampton said Hurst "is reading a book back there. He seems real calm right now."

Braniff President C. Edward Acker said two of the hijackers' uncles in Dallas were available to talk to the young man "if necessary. The decision to make a break for it was the crew's."

No one was injured in the ordeal. The three flight officers and four stewardsess finally scrambled from the plane in a mad dash for freedom.

"We got a chance to run and we ran like hell," said Capt. Tom Hill, pilot of the aircraft.

An FBI spokesman said federal charges would be lodged today against Billy Eugene Hurst, 22, of Mesquite, Tex., who was arrested aboard the plane about 30 minutes after the crew had fled.

Hurst had told the crew and 94 passengers that he had seven sticks of dynamite in an attaché case. Only clothing and ammunition for a .22 caliber pistol which he brandished were found there later.

The hijacker permitted the passengers aboard the Houston-Minneapolis flight to disembark at Dallas and then held the crew at bay with the pistol and attaché case he claimed was a bomb.

"He said he disliked women and wouldn't hesitate to kill us," stewardess Pat Hampton related.

Mrs. Hampton said the hijacker took pills throughout the six hours and 40 minutes the jetliner sat parked on a remote part of the airport.

Hill said stewardess Helen Niles brought him a note from the hijacker while the plane was enroute to Dallas from Houston.

Tornado Kills 4 Persons, Injuring 60 In Alabama

OZARK, Ala. (AP) — A tornado smashed through two trailer parks near the huge Army base at Ft. Rucker in springlike weather today, killing four persons and injuring more than 60.

State troopers and a spokesman for the state Civil Defense office said four were known dead. Eighteen of the injured were admitted to hospitals at Ft. Rucker and nearby Enterprise. The others were treated for minor injuries and discharged.

The twister also struck an Army airfield at Rucker, destroying eight UH1 helicopters on the ground and heavily damaging two others. No one was reported injured at the airfield.

The Civil Defense spokesman said 50 house trailers were wrecked and another 50 damaged.

The twister struck first the Pine Brook and Dogwood Acres trailer parks between Ozark and Enterprise, occupied mostly by military personnel, then hit again at Lower Army Air Field on the Ft. Rucker reservation.

Fifteen of the injured were admitted to an Army hospital, the Rucker Public Information Office said, and "50 to 65 others" were treated for minor injuries and discharged.

Conviction Of Priest Reversed

WASHINGTON (AP) — The contempt conviction of the Rev. James Groppi by the Wisconsin legislature in 1969 was reversed 7 to 0 today by the Supreme Court.

Chief Justice Warren E. Burger said the punishment, without hearing the militant priest, violated constitutional procedures. The fact that Groppi was held in contempt two days after his allegedly contemptuous conduct was a major factor in the court's ruling.

Groppi was held in contempt by the Wisconsin Assembly Oct. 1, 1969, for his part in a welfare demonstration that blocked the legislature for about 12 hours two days earlier. At the time the resolution was passed Groppi was in the Dane County jail on disorderly conduct charges arising from the same incident.

Two Persons Shot To Death At Tech

LUBBOCK, Tex. (AP) — A woman custodian and a male Texas Tech graduate student were found shot to death Wednesday night in the basement of the Texas Tech University Science Building. Police said a male janitor was taken in custody.

The victims were identified as Manuela Constancio and Michael Nelson Clingan, 27, of Borger.

Clingan was a teaching assistant at the school.

Police theorized that the shootings occurred after an argument between the two janitors.

The Science Building was the scene of a gruesome murder in 1967 that resulted in one of the most sensational murder trials in Texas in the

past decade.

A woman custodian, Mrs. Sarah Alice Morgan, 54, was found slain in a third floor laboratory. Her throat and neck had been slashed with a scapel, and the killer apparently had tried to decapitate her with a bone saw.

A Texas Tech graduate student, Benjamin Lach, was arrested and charged with the murder. He was convicted and sentenced to 40 years in prison.

Lach denied his guilt, and now is appealing from prison. The main evidence against Lach was a key identical to the one worn by the slain woman. Authorities said Lach was caught using the key to enter a locked professor's office.

Nixon's Peking Trip May Be Biggest TV Spectacular Since Moon Landing

WASHINGTON (AP) — President Nixon's trip to Peking next month may be the biggest live television spectacular since man first stepped onto the moon in mid-1969.

The White House announced Wednesday there will be some live television transmission from Peking, the capital of the Communist country isolated from Washington for nearly 25 years and never visited by a U.S. president.

What the White House did not say was that Americans

and Chinese are cooperating in a TV game plan so extensive that much of Nixon's activities while in Peking can be beamed live to the President's election-year audience at home.

As an example, there is a plan to fly three mobile TV units—each the size of a large transit bus and one for each network—from the United States to mainland China.

Nixon's press secretary, Ronald L. Ziegler, said the Chinese have agreed to set up—at their expense—a communications ground

station capable of transmitting live TV and radio reports plus newspaper pictures and stories.

The American-owned ground station, used most recently for coverage of Iran's 2,500th anniversary of the Persian Empire last autumn, will be removed after Nixon's visit.

Ziegler, who returned from an advance trip to China earlier this week, reported the President's hosts have erected "in a very short time" a complete broadcast production center—further evidence of

the extensive video coverage contemplated.

A sizable advance contingent of communications specialists and network representatives will leave here Feb. 1 to set up and operate the temporary communications system.

Ziegler said the White House press party—which will not include those leaving Feb. 1—will number about 80.

Ziegler conceded that this will be only a quarter of the newsmen, photographers and technicians who normally accompany the President on in-

ternational journeys.

However, he said "we are very pleased with the number" and described it as representing "a cooperative attitude" on the part of the Chinese.

Ziegler said 80 was much more than the Chinese originally had in mind and represented at least a seven-fold increase over the largest press contingent ever to go to Peking with a head of state.

Asked if there would be press censorship, Ziegler replied, "Absolutely not."

Visiting Americans will be

free to roam about the three cities Nixon will visit—Peking, Hangchow and Shanghai—for sightseeing, man-in-the-street interviews or shopping, Ziegler said.

"I don't foresee any restrictive-type measures," he added.

Nixon, accompanied by wife Pat, will arrive in Peking Feb. 21 and leave from Shanghai Feb. 28. It will be the President's longest visit to another country.

Ziegler indicated live TV coverage will be limited to Peking. The ground station, being installed at the Peking

airport, will be unable to pick up other communications from Hangchow and Shanghai.

While in China, Ziegler said, Nixon may visit the Great Wall, the Ming Tombs and the Forbidden City, all in or near Peking; an industrial exhibition in Shanghai and a scenic lake dotted with parkland islands near Hangchow.

America's newsmen making the trip will be guests at all official banquets given the Chinese for the President and Mrs. Nixon, the press secretary reported.

Asked if the Nixons would venture aboard similar planes, he said, "We don't have details to provide you now."

There is equipment to handle anything from a jellyfish sting to a heart attack, says Dr. Walter Tkach, Nixon's personal physician. And when Nixon flies to Peking and Moscow in the coming months, Tkach or one of his aides, as usual, will be "never more than five seconds away" from the President.

REQUIRED IMMUNIZATION GIVEN—Mrs. Johnny Syper, left, Lefors school nurse, is shown giving Cynthia Phillips, 7, daughter of Mr. and Mrs. Bennett Phillips, 1020 Varnon Drive, one of the state-required immunizations this morning during a free clinic in Carver Center. Assisting is Mrs. Ruth Steger, Pampa school nurse. DPT, polio and measles vaccines were administered. Mrs. O.C. Penn, school nurse, stated these immunizations are required by law and school children not having them by the fall semester will be excluded from school. The clinic will be continued from 10 a.m. until 3 p.m. Friday. Parents must accompany their children.

(Staff Photo)

Apollo 16 Crew Will Search For Evidence Of Volcanoes

SPACE CENTER, Houston (AP)—A search for definite evidence of volcanoes will be a major goal of the Apollo 16 astronauts when they land on the moon in April, a lunar geologist reported today.

Rocks and photographs gathered by earlier moon explorers indicate volcanism played a key role in the early lunar formation, but astronauts have not yet visited an actual volcanic area.

In a report presented at the third annual Lunar Science Conference here, D.P. Elston of the U.S. Geological Survey said that Apollo 16's landing site in the moon's Central Highlands appears to have at one time been a very active volcanic area.

If the astronauts locate extinct volcanoes, they will resolve a question about how the moon's craters were formed. Most scientists now believe they were carved by both impact material and volcanism. But a few believe all were the

result of impact and that lunar volcanoes never existed.

The landing target for Apollo 16, scheduled for launching April 16, is near the crater Descartes. Making the voyage will be John W. Young, Charles M. Duke Jr. and Thomas K. Mattingly II. Young and Duke plan a record 73 hours on the surface.

Elston said the exact touchdown point "is at the west edge of the Kant Plateau, which is topographically the highest region on the near side of the moon."

Within easy moon buggy driving distance, he said, is a flat plain called the Cayley Formation which is believed filled with rocks derived from lava flows.

Photos snapped from lunar orbit show several dome-like structures near Descartes which are thought to be ancient volcanoes, Elston reported. They are located on two high hilly areas which the astronauts have named Stone

Mountain and Smokey Mountains.

Elston said the photographs also show structural features which indicate there are lunar bedrock outcrops on cliffs near a crater named North Ray.

And he reported Young and Duke might collect the oldest rocks yet found on the moon, perhaps dating back 4.6 billion years to what is felt to be the lunar beginning. He said scientific instruments flown in orbit on Apollo 15 gave evidence this old material might be just below the surface near Descartes.

The oldest rocks brought back to earth so far have been dated at four billion years, which corresponds to the time when scientists think the huge Sea of Rains was gouged out of the moon by the impact of a giant piece of space debris.

Theories have it that material thrown out by this impact has covered a large portion of the moon's front side, burying older material.

Smith May Recommend For Food Stamp Plan

AUSTIN, Tex. (AP) — Gov. Preston Smith said Wednesday he has instructed

Southwestern Public Service Elects Head

AMARILLO—Roy Tolk was elected chairman of the board, president and chief executive officer of the Southwestern Public Service Co. at a meeting of the electric company's directors Wednesday in Dallas.

Tolk joined Southwestern in 1938, shortly after his graduation from the University of Texas. He became a vice president of the company in 1957, executive vice president in 1965 and president and a director in 1967.

He is active in electric industry affairs and is a director of the Edison Electric Institute, The National Association of Electric Companies and the Texas and the Texas Atomic Energy Research Foundation.

Other business and civic posts in which he serves include membership on the board of the First National Bank of Amarillo; directorships in the Texas Manufacturers Association and the Texas Research League; vice president of the board of trustees of St. Anthony's Hospital, Amarillo; and member of the board of regents of Amarillo College.

At the annual stockholders' meeting which preceded the meeting of the directors, George C. Wilson of Lubbock was elected to the board. Wilson fills the vacancy created by the retirement of Don Loden. Loden, who had been a Southwestern employe and officer for more than 45 years, retired as a director and chairman of the board following the stockholders' meeting.

his staff to prepare possible recommendations to the legislature for a state food stamp program for the needy.

He issued the statement after meeting with county judges and other representatives from Harris, El Paso, San Patricio, Nueces and Bexar counties.

Smith said they asked him to consider recommending a statewide food stamp program.

"It was estimated that such a program would cost the state approximately \$17 million, but would cause an influx into local economies of approximately \$286 million in federal funds," he said.

"An estimated 819,308 Texans will be recipients of food stamps or commodities during 1972."

The State Welfare Department administers food stamp and commodity programs, which are operated and funded by counties and the federal government.

Smith said the county officials were seeking state help in dealing with the increased costs of food stamp and commodity programs due to "new federal regulations and increases in the number of recipients."

CHILDREN'S PLAY—The sixth-period drama class of PHS will present its first performance of "Land of the Dragon" at 7 p.m. today in the high school auditorium, with two others slated for 10:30 a.m. and 1:30 p.m. Friday. Shown during dress rehearsal are, left to right, Jan Patton as Princess Jade Pure; David Hamlin as the hero, Road Wanderer; and Cara Thomas, as Small One, the dragon. Tickets will be available at the door.

(Staff Photo)

OBITUARIES Giant Wants To Reduce 700 Pounds Of Weight

CLARENCE E. McMINN Funeral arrangements are pending with Carmichael-Whalley Funeral Directors for Clarence E. McMinn, 68, of 332 N. Dwight, who died at 3:45 a.m. today at St. Anthony's Hospital, Amarillo.

Born Jan. 29, 1903, in Kirkland, Tex., he moved to Pampa in 1936 from Childress. He was a tailor before being employed by Pan American Oil Company in 1944. He retired in 1966. He was married to Vera Mae Middleton May 5, 1928, in Crowell.

He was a member of the First Baptist Baptist Church where he was a deacon and where he taught Sunday School in the intermediate department for 30 years.

He is survived by his wife; one daughter, Mrs. Bernalou May of Odessa, one son, Donald Raye McMinn of Pampa; three sisters, Mrs. Jewel Lipps of El Cajon, Calif.; Mrs. Ruby Nippert of Kirkland; and Mrs. Maye Dixon of Springfield, Ore.; two brothers, John McMinn of Mesa, Ariz.; and Ed McMinn of Fort Townsend, Wash.; and three grandchildren.

MRS. EVA L. ANDERSON Funeral services for Mrs. Eva L. Anderson, 75, of Mineral Wells were held recently in Mineral Wells. Mrs. Anderson had been hospitalized since Nov. 1, for treatment of burns suffered in a home accident. Graveside services were conducted by the Pythian sisters.

A retired practical nurse, she had lived in Mineral Wells since 1940. She was the daughter of the late Mr. and Mrs. T. N. Baker, early ranchers and settlers of Memphis, Tex.

Mrs. Anderson was married to the late Harry Anderson Oct. 12, 1921. They lived in Pampa from 1925 to 1940, where Mr. Anderson was a driller for Wilcox Oil Co. They were members of the First Methodist Church of Pampa and of the Moose Lodge.

Mrs. Anderson was past chief of Temple No. 14 of the Pythian Sisters. She was a member, also of the Tataka Santha No. 175, Nomads of Abudaka, Fort Worth, The Rebekahs and Woodsmen of the World.

Survivors include three daughters, Mrs. Walter Hyatt of Pampa; Mrs. Wesley Howell of Tripoli, Libya; one stepson, Dallas Anderson of El Paso; one sister, Mrs. Fay Cummings of Mineral Wells; one brother, S. N. Baker of Fort Worth; seven grandchildren and four great-grandchildren.

HOUSTON (AP) — Mike Walker says drugs have made him fat and he wants to reduce—by about 700 pounds.

"I want to be normal again and I believe I will succeed," Walker said Wednesday in an interview in his specially equipped mobile trailer parked on a shopping center lot.

Walker, 37, says he now weighs about 900 pounds but this is down about 200 from his peak of about 1,100 last summer.

His "back to normal" would be about 200 pounds.

State Demo Subcommittee Defers Votes On Party Rules

AUSTIN, Tex. (AP) — New party rules for Texas Democrats are at least another two weeks away.

A subcommittee of the State Democratic Executive Committee heard 38 witnesses testify on the 50-page proposed draft Wednesday, then agreed to wait another two weeks before voting on the controversial subject.

Subcommittee chairman William R. Anderson Jr., Corpus Christi, said the subcommittee would meet again in Austin Jan. 29 to decide if the rules, designed to conform with national party guidelines, will be recommended to the full state committee for adoption.

"We've got to get together among ourselves and resolve all these new suggestions," said French Robertson, Abilene, after Wednesday's four-hour hearing. He first wanted a 30-day waiting period.

Anderson said the national party was urging Texas to act on the rules promptly because 80 per cent of the state parties have already complied with national guidelines.

The national guidelines, which arose after the tumultuous Chicago national convention in 1968, say states

must guarantee their delegations to the July 10 national convention in Miami are truly representative of their state or their 1972 delegations will be challenged.

The proposed state rules, first ever put down in written form for the state party, call for presidential straw votes at 1972 precinct and state conventions to guide the selection of delegates to Miami.

Polite Bandit Sought By Police In San Antonio

SAN ANTONIO, Tex. (AP) — FBI agents and police continued a search today for a polite bandit who robbed the Frost National Bank of \$15,100.

Police said they had a description of a blue auto believed used by the man in making his escape.

Officers rounded up five persons after the mid-morning holdup but released all of them.

The bandit walked into the bank and presented a note to a teller, Nancy Jackson, 21, demanding all of her money, police said.

Miss Jackson followed his orders. She told officers the man claimed to have a gun under his coat but she saw no weapon.

The man said, "Thank you ma'am," retrieved his note and walked out, the teller told police.

Another bank employe said he followed the robber into the street but later stopped the wrong man. The bandit, meanwhile, apparently fled in a blue car, police said.

Mainly About People

John Griffin, son of Mr. and Mrs. Roy Griffin, 2216 Hamilton, made the honor roll for the fall semester at West Texas State University. He is a senior business administration student.

Mr. and Mrs. Richard Foran of Hereford, former Pampans, are the parents of a girl, Rachel Dawn, born Jan. 10, in Amarillo, weighing 7 1/4 lbs. Paternal grandparents are Mr. and Mrs. Edward Foran of Pampa. Great-grandmother is Mrs. Myrtle Shafer of Pampa.

Rufe Jordan Will Seek Re-election

RUFE JORDAN announces candidacy

Rufe Jordan Will Seek Re-election

Gray County Sheriff R. H. (Rufe) Jordan announced today he will be a candidate for re-election, subject to the May Democratic primary election.

Jordan has served in the office continuously since 1950 when he was elected for the first time, after serving as a sheriff's deputy for five years. He has lived in Gray County all his life and was graduated from Pampa High School in 1931.

In a statement issued today Sheriff Jordan said:

"I feel my long experience as sheriff has given me a thorough understanding of the problems of the office and that my record gives promise of the same efficient administration I have given in the past."

"I would like to continue serving the people of Gray County. I feel I understand what the people want and have a fine staff of deputies who will help me carry out impartial law enforcement, and keep for Pampa and Gray County the reputation of being one of the cleanest areas in the state."

"I am asking the continued support of the people of Gray County in the program of law enforcement and policies of the sheriff's office that have prevailed in the past."

It's Presidential Primary Season Again

CONCORD, N.H.—(NEA)—Perennial presidential candidate Jacob C. Gordon is promising this year that, if elected, he will put one million government officials "where they belong"—in jail. Paul McCloskey says he will run an ecological campaign which will spare the roadways from unsightly posters. Joe Lex, a skid row office-seeker, has established his headquarters in the Concord jail. Ed Muskie will be coming on after the \$5 roast beef dinners to tell audiences the nation needs new leadership. And Austin Burton, alias Chief Burning Wood, wants to give the country back to the Indians. It's the silly season again. Presidential primary time. It begins as usual in New Hampshire. And up here they say this means that every four years the sap rises outside as well as inside the maple trees. It's the year of the big vaudeville show, as Caskie Stinnett once wrote, with candidates resplendent in blue shirts and pancake make-up. "There will be speeches, flags, music and, for the boys in the back room, a bottle on the shelf." In the weeks remaining before Tuesday, March 7, voting day, the citizens of this state will be pleaded with and put upon. Sam Yorty will yearn for a return to the days when we had the Communists on the ropes. "George McGovern will try to make himself heard over the babies with stomach gas. And Ed Muskie, picking roast beef from his teeth, will go on and on and on about new leadership. It's all circus, of course. And New Hampshire residents know this better than most. The state has fewer than 500,000 eligible voters, merely a fourth of 1 per cent of the nation's electorate. Thus, no matter what the handshaking candidate says, citizens here admit, as does a Concord city official, that "The candidates ain't talking to us. They're just using us to talk to the nation."

CANDIDATE TIME again in New Hampshire, and the list of presidential primary hopefuls already includes Republican challenger Paul McCloskey, and Democratic maverick Sam Yorty, plus Jacob C. Gordon, Joe Lex and Austin Burton.

Some of the people up here, no doubt, have grown a little weary of the highly colored, quadrennial attention given them. Ice fisherman Red Reynolds says he stopped listening to candidates years ago when he determined that, "Nothing they say is worth a pinch of bug dust." And, too, there are people in New Hampshire who have absolutely no interest in the glow and glare of political bombast. "When it gets below zero," says retired millworker Harold Sutton, "why, I wouldn't go out and listen if Jesus Christ asked for my support." Yet, in the main, New Hampshire would have the political humbug no other way. The state holds dear its claim as conductor of the nation's first primary. The tradition began in 1952, when, eyeing the potential notoriety, the state decided to hold its primary on the second Tuesday of every fourth March. Last year, when Florida tried to muscle in by setting its primary for the same second Tuesday the New Hampshire legislature was quick to anger ("Are we going to let a bunch of crackers steal out thunder?") and moved their primary up one week. Much of the primary pride here, residents say, is more or less patriotic. For this is nothing if not a patriotic state. The license plates are inscribed with the motto, "Live Free or Die."

Today In History

By THE ASSOCIATED PRESS
 Today is Thursday, Jan. 13, the 13th day of 1972. There are 353 days left in the year.
 Today's highlight in history: On this date in 1733, James Oglethorpe and some 130 English colonists arrived at Charleston, S.C., to settle in what is now the State of Georgia.
 On this date: In 1419, the English captured the French city of Rouen.
 In 1813, in the War of 1812, the British blockaded Chesapeake and Delaware bays.
 In 1848, Vancouver Island in Canada was acquired by the Hudson's Bay Company.
 In 1915, an earthquake in central Italy killed 30,000 persons.
 In 1935, the Saar voted to return to Germany after being administered by France under League of Nations supervision.
 In 1953, the Stalin government accused nine doctors of plotting to kill Soviet leaders. It later was conceded that the charge was false.
 Ten years ago: The European Common Market reached agreement on a new joint farm policy.
 Five years ago: Military officers in the African republic of Togo seized power in a bloodless coup.
 One year ago: A combined force of 13,000 Cambodian and South Vietnamese troops launched an attack against enemy troops blocking Cambodia's main highway to the sea.

Sen. Bentsen's Support For Yarborough Unlikely

WASHINGTON (AP)—One of the ironies of politics is in the making in Texas, with former Sen. Ralph W. Yarborough's announcement Tuesday of a comeback try. To successfully edge by Democratic competitors and then mount a winning campaign against Republican Sen. John G. Tower, Yarborough will probably need the support of the man who beat him in 1970, Sen. Lloyd Bentsen. And that support is unlikely. For the record, Bentsen is saying he'll say out of any primary fight.

According to Bentsen insiders, Yarborough promised to campaign visibly for Bentsen against Republican Rep. George Bush now United Nations ambassador. If Bentsen won the primary, the defeated senator never made any speeches for Bentsen, and Bentsen isn't forgetting. On the other hand, Bentsen has expressed interest in replacing Tower with a Democrat, preferably someone of the middle-of-the-road or conservative stripe from the Texas establishment. So far, he's not had much luck in getting any takers. He's been noncommittal to date about the prospects of Barefoot Sanders a former justice Department

prosecutor in the Johnson administration who announced for the Senate late in 1971.

At one point, Bentsen was known to feel that even Yarborough had a fighting chance of defeating Tower, according to how much help he gets from such national issues as the economy and unemployment.

Bentsen once described his relationship with Tower as "formal and correct."

Hefty Pensions May Prompt Retirements From U. S. House

WASHINGTON (AP)—The lure of hefty pensions and the political uncertainties of redistricting may produce a bumper crop of voluntary retirements from the House this year. Some elder statesmen are losing their zest for a tough reelection fight. They are considering retiring to front-porch rocking chairs and waiting for the postman to deliver fat monthly annuity checks. The checks could total as much as \$34,000 a year in some cases. That's the maximum for members who retire after March 1 of this year. It is based on the average of a member's three highest salary years and length of service. The current congressional pay of \$42,500 a year went into effect on March 1, 1969. No member who retires may receive more than 80 per

cent of the \$42,500, or \$34,000. To qualify for that he must have served at least 32 years, of which 5 years could have been in military service and the remaining 27 in Congress. Service in other federal agencies also may be counted under some conditions. Members pay 8 per cent of their salary into the retirement fund, with the federal taxpayers matching that. The amount of pension is determined by multiplying the number of years of eligibility by 2 1/2 per cent. Members who retire or are defeated for re-election without acquiring the maximum years of service and reaching age 62 may receive reduced benefits starting generally at age 50. Rep. Richard H. Poff, R-Va., who has announced his retirement at the end of this year after 20 years of service,

Legendary Feat

Amarathon is a race commemorating the legendary feat of a Greek soldier who, in 490 B.C., ran from Marathon to Athens, a distance of 22 miles, 1.470 yards, to bring news of this country's victory over the Persians.

The Pampa Daily News Woman's Page

Dear Abby

We must honor neighbor's beliefs

By Abigail Van Buren

© 1972 by Chicago Tribune-N.Y. News Synd., Inc.

DEAR ABBY: How long are you going to pollute the world with your ignorance?

Someone wrote and told you that in his native country (India) it was all right under certain conditions to make another man's wife pregnant. And you replied, "Thank you for illustrating a point which we in the Western World are apt to forget. We represent a very small part of the world, and what we consider 'immoral' or 'unethical' is not necessarily immoral or unethical in other countries and for other cultures."

Well, he is wrong and so are you! Just because they do it in other countries doesn't make it right.

You ignorant woman. Have you not read the Ten Commandments? Have you not read in the New Testament that Christians are to go all over the world and teach the gospel? That includes India, too.

It is polluters like you who delude ignorant people into believing that immoral acts are all right. It's time Christians everywhere wrote to you and demanded that you speak the truth.

DISGUSTED WITH YOU

DEAR DISGUSTED: The essence of all religions is to love your neighbor as yourself. And to love one's neighbor, we must respect his beliefs, though they be different from our own. To try to impose our values on others is not only a denial of their rights, but also a form of arrogance, which in itself is irreligious. An ancient Hebrew prayer put it very well:

"From the cowardice that shrinks from new truth,
 From the laziness that is content with half-truths,
 From the arrogance that thinks it knows all truth,
 Oh, God of Truth, deliver us."

DEAR ABBY: Tell that lady who is allergic to cigarette smoke that I have the same problem. Only I have asthma on top of it.

I put a great big sign on my front door which says, "NO SMOKING INSIDE," and I have a can with sand in it standing on my front porch for cigarette butts.

Some people have called me a mental case. My own son, for one. He hates having to dash outside for a smoke every time he comes to see me, but I tell him that if he has to smoke that's HIS problem, and I am not going to get sick over it.

I sure pity smokers. They stink!

RUTH IN GREELEY, COLO.

DEAR RUTH: I have a sister who's as opposed to smoking as you are. She has a lovely little metal "sign" in her living room which reads, "Thanks for not smoking!"

DEAR ABBY: When I read that letter from the heartbroken, worried sick wife whose husband almost never wrote to her from Viet Nam, it reminded me of a great idea I've had ever since World War II when my husband did me the same way.

I would like to recommend to the Secretary of Defense that a new service ribbon be created which could be added to those worn so proudly on uniformed chests. This one would be black with a white stripe running down the center. To be awarded to skunks who don't write home.

MARRIED TO ONE

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

Losing Weight Rated Favorite Resolution

COLLEGE STATION — This season of the year to conjure up a host of new-year resolutions, and among the many that seem to crop up year after year is losing weight. Make it easy on yourself this year and follow the five simple steps to weight reduction, suggests Sally Springer, Extension foods and nutrition specialist at Texas A&M University.

First you must decide that you really want to lose weight. Miss Springer points out. Doctors and nutritionists may report you need to trim off those extra pounds, but it is up to you—and what you eat—that counts. Or, it's what you don't eat that counts.

Check with your doctor to make sure it is safe for you to lose weight, especially if your goal is 10-20 pounds, the specialist advises. Also ask a physician about exercising.

Choose a sensible diet, she adds, that is 500-1,000 calories lower than what you normally eat. For women this level is generally around 1,200 calories. Also make sure the

diet is nutritionally balanced—Here is a diet that supplies all of the needed nutrients for only 1,200 calories.

Breakfast—a very important meal—one eight ounce glass of skim milk, one poached egg, one piece of dry toast and one-half cup tomato juice.

Lunch—cheese sandwich, carrot and celery sticks and one eight-ounce glass of skim milk.

Dinner—meat pattie, broccoli, tossed salad with oil and vinegar, roll and iced tea or coffee.

Snack—apple or pear.

According to the specialist, this diet uses lower calorie foods from the basic four food groups including milk, meat, bread and cereal, and fruit and vegetable.

A fourth step in proper dieting is to exercise daily. Miss Springer says. Remember that body weight is governed by two factors—the calories eaten in food and the calories expended in exercise.

PLAN DECORATIONS—Shown making plans for table decorations to be prepared by Cadette Girl Scouts of Pampa for the annual meeting Jan. 29 of the Quivira GS Council, are, left to right, Mrs. Jerry Carter, Cadette leader; Mrs. Vinson Shaw, District II chairman; Mrs. Wayne Jones, Cadette leader; and Miss Celia Fowler, executive director. (Staff photo)

Election To Highlight Annual Council Meet

Election of new board members, and a humorous speech by Mrs. Ruth Holiday of Canyon will "highlight the annual meeting of the Quivira Girl Scout Council Jan. 29, in the First United Methodist Church, Pampa.

The business-meeting,

which will include the election and the annual committee reports, will begin at 6 p.m., to be followed by a banquet.

Mrs. Holiday, featured banquet speaker will talk on "The Role of Women in Today's Society," a humorous look at the modern woman.

Mrs. Holiday received her bachelor's degree from McMurry College and her master's degree from the University of Eastern Kentucky. Currently an English teacher at Canyon High School, she is a former Panpan. She is the mother of four girls, all active in Girl Scouting.

Richard Markham of Pampa will serve as master of ceremonies, and the invocation will be given by Senior Troop 2 of Pampa. Opening flag ceremony will be given by Senior Troop 200 or Berger.

Junior Scouts of District III will provide name-tags, and Pampa Cadettes will furnish the table decorations. Place cards will be made by the Berger Brownie Scouts and the council Senior Scouts will assist with displays.

General chairman for the event is Mrs. John Fritsch of Pampa.

Tickets for the banquet are \$2.50 per person and may be obtained from the Council offices in Pampa and Berger or from board members throughout the 10-county Council.

Your Horoscope

By Jean Dixon

FRIDAY, JAN. 14 Your birthday today: Keener personal judgment, the ability to abstain from

action on occasion, make up a part of your development this year. The accent is not so much on what you do, but how you do it, and how diligently you seek to fulfill sensible plans. Today's natives are prone to be blunt, steadfast and militant in attitude.

Aries (March 21-April 19): Try the whirl of social encounter, not to leave what you have, but to add to your personal community of interests.

Taurus (April 20-May 20): Encouraging news is indicated, may inspire you to a rather good wrapup of the day's work. Celebrate the later hours—you'll think of something lovely.

Gemini (May 21-June 20): Travel, real or merely symbolic, is on your mind. Do what you can about it. An associate has a streak of luck you'll enjoy hearing about.

Cancer (June 21-July 22): A bold front serves your needs best for the moment. Move decisively where you're sure of what you're doing. Join old friends for a stimulating expedition.

Leo (July 23-Aug. 22): Special responsibility is apt to come your way—perhaps

work while others rest. Nothing serves your long-range welfare better than cheerful, competent performance.

Virgo (Aug. 23-Sept. 22): You're welcome somewhere for subtle, unusual reasons. Maintain your poise; listen to find out the secret.

Libra (Sept. 23-Oct. 22): Anticipation rises as you consider your resources and what you can do with them. Everything happens at once. Be willing to put things together in a hurry.

Scorpio (Oct. 23-Nov. 21): General success is relative, and most of what you attempt now is promised above-average effectiveness.

Sagittarius (Nov. 22-Dec. 21): Friendly assistance, some rivalry, perhaps a mild practical joke seem likely. Gather friends about you.

Capricorn (Dec. 22-Jan. 19): Improvised arrangements may displace long-studied, overorganized schedules.

Aquarius (Jan. 20-Feb. 18): You hear so many sides of so many stories it's hard to remember where you started, and thus easy to hold your own opinion.

Pisces (Feb. 19-March 20): It pays to have a definite plan, more so to present it quite early. You'll find surprisingly good cooperation for any reasonable scheme.

Marlar-Johnson Vows Said In Chapel Service

SKELLYTOWN (Spl.)—Marriage vows were exchanged at 7:30 p.m. Saturday, Jan. 1, in the Pampa Chapel of the Apostolic Faith church by Miss Nita Marlar and Chris Johnson.

The bride is the daughter of Mrs. R.S. Marlar Jr., Skellytown, and R.S. Marlar, Jr., of Pampa. Parents of the bridegroom are Mr. and Mrs. T.W. Johnson, Pampa.

THE CEREMONY

Rev. Edwin Waterbury officiated for the double-ring ceremony. Mrs. Paul Simmons, organist, played traditional wedding selections. Mrs. Edwin Waterbury was vocalist.

The ceremony took place in a setting of seven-branched candelabra, decorated with salal foliage, three altar tapers and a kneeling bench, with a lace-covered satin ring pillow attached. The family pews were marked with white satin bows. On the organ was a portrait of the late Edith Beighle, the bride's grandmother. Accenting the picture were fresh flowers and a memory candle.

THE BRIDE

The bride, given in marriage by her father, was dressed in a formal-length gown of white velvet. The fitted bodice was styled with anempire waistline and a high neckline, accented with white seed pearls and silver braid.

MRS. CHRIS JOHNSON nee Nita Marlar

The long sleeves were gathered into wide cuffs at the wrists. Her three-tiered floor-length veil of illusion fell from a floral headpiece, embroidered with seed pearls.

She carried out the traditional something new, something old, borrowed and blue, by wearing a blue garter, her new wedding gown, and her headpiece was borrowed from Mrs. Sam Asher. For something old, she carried a Bible belonging to her uncle, Melvin Beighle, on which was placed her bridal cascade of red sweetheart

roses and a cattya orchid. Pennies in her shoes marked the couple's birth years.

ATTENDANTS

Mrs. Kirk Kelly, matron of honor, was dressed in a floor-length gown of Jewel-toned Red velvet. The maid of honor, Miss Lee Johnson, sister of the bridegroom, was dressed in an identical gown of Jewel-toned blue.

Each carried a hurricane lamp with white tapers, trimmed with white satin ribbon bows and streamers.

Candlelighters were J'Hon Marlar, sister of the bride, and Terry Berry Best man was Mark Johnson, brother of the bridegroom. Johnny Johnson, cousin of the bridegroom, served as groomsman.

RECEPTION

For the reception in the church parlor, the serving table was decorated with the three-tiered white wedding cake, separated by columns, and topped with two white doves, encircled with white net and seed pearl hearts. Those assisting at the bride's table were Miss Patricia Butts and Miss Sherri Branscum.

For the wedding trip, the bride wore a brown and beige dress and the orchid from her bridal bouquet. The couple are at home in Houston.

DINNER TIME is a welcome, if not elegant, moment for a Vietnamese girl, one of the young war victims housed at Hoi Due Anh orphanage in Saigon. There are an estimated 100,000 children in South Vietnamese orphanages who have lost their parents in the war and have been sometimes left crippled themselves.

Expert Says Safe Cigarette Gives Smokers Only 'Hot Air'

WASHINGTON (AP) — A federal researcher says a safer, even absolutely safe, cigarette can be devised. But would it sell?

"We must take out the danger and leave in the pleasure," said Dr. Gio Gori, head of the major effort in safer-cigarette research, the Tobacco Working Group at the National Institute of Health.

For two years he and his colleagues have been peering at smoke condensate applied to rat tissue and chicken tracheas. These tests are still to be evaluated and they will lead to more in the next two years.

But Gori said the technical knowledge now exists for developing a less hazardous cigarette.

A perfectly safe cigarette today would filter everything from tobacco smoke. "We have the means of a 100-percent filter, but all you would have is hot air," Gori explained.

So the answer involves in no small way the reason people smoke, a relatively undefined field requiring much more study, Gori said.

For instance, a safer cigarette would have less nicotine.

Our Men In Military

David E. Cooper
U. S. Air Force Sergeant David E. Cooper of White Deer, is on duty at Ubon Hoyai Thai AFB, Thailand.

Sergeant Cooper, a fuel specialist, is assigned to a unit of the Pacific Air Forces, headquarters for air operations in Southeast Asia, the Far East and Pacific area.

Before his arrival in Thailand, he was assigned at Norton AFB, Calif.

The sergeant, a 1965 graduate of White Deer High School, attended West Texas State University. His wife is the former Dee Prajoubglang from Thailand.

Jimmy Martin
U. S. Air Force Staff Sergeant Jimmy L. Martin, son of Mr. and Mrs. Harry T. Martin of Abilene, has arrived for duty at Carswell AFB, Tex.

Sergeant Martin, a fire control technician, is assigned to a unit of the Strategic Air Command, America's nuclear deterrent force of long range bombers and intercontinental ballistic missiles. He previously served at U-Tapao Airfield, Thailand.

A 1963 graduate of Fort

Sumner (N.M.) High School, the sergeant attended Hardin Simmons University in Abilene. His wife, Marilyn, is the daughter of Mrs. A. K. Murphy of Miami.

Boyd Hiltbrunner
Army Private Boyd Hiltbrunner, son of Mr. and Mrs. Elmer L. Hiltbrunner of Shamrock, recently completed an eight-week field wireman course at the U. S. Army training center, infantry, Ft. Polk, La.

During the course, he learned to install and maintain field wire communication systems, operate field telephone switchboards, receive and process messages and operate a message center.

Pvt. Hiltbrunner is a 1971 graduate of Shamrock High School.

Darrell McCathern
Navy Airman Apprentice Darrell R. McCathern, son of Mr. and Mrs. Rufus L. McCathern of 736 N. Christy, is in the Mediterranean aboard the attack aircraft carrier USS John F. Kennedy, homeported at Norfolk, Va.

Metropolis Citizens Adopt Fearless Crusade For Truth

METROPOLIS, Ill. (AP) — Superman, that fearless crusader for truth, justice and the American way, is being adopted by the citizens of Metropolis.

"This is not a sham or a joke," says Bob Westerfield, a Metropolis resident who first thought of using the Man of Steel to put Metropolis on the map. "We intend to treat Superman in the proper perspective."

Westerfield and the Metropolis Chamber of Commerce say they already have the backing of National Periodicals, Inc., which publishes Superman comic books.

"They've promised to send us the uniform George Reeves wore in the original television series," Westerfield, 43, said. "We also plan to set up a com-

mittee to read and answer letters mailed to Superman in care of Metropolis.

The Illinois Metropolis, on the Ohio River, is hardly the place for a big-time crime fighter. The town's 7,000 citizens, however, are working on the image. One of the proposals would change the name of the Metropolis Daily News, a weekly newspaper, to the Metropolis Daily Planet.

Other ideas are to use a Superman letterhead on the city's stationery and put a 20-foot illuminated Superman figure on the city's water tower.

"That tower is 200 feet high," Westerfield says. "You could see him from anywhere in Massac County."

DESIGNED FOR SPACE, but it will never leave the launching pad. A full-sized dummy spacecraft—dubbed the Spacecraft Verification Vehicle—is a new feature at Florida's Kennedy Space Center. Once used to train launch crews for the Apollo 4, 6 and 8 moon missions, it is now open to the public at the Kennedy visitor Information Center.

Television And Radio

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP) — Robert Wagner, wearing his producer's hat and carrying his salesman's case, is bustling around Manhattan this week—selling Bette Davis Wagner, a film and TV star, now has produced a 90-minute film feature which he hopes will serve as a pilot for an intrigue series starring the veteran actress.

I ran across the property—an eight page treatment—and I immediately thought it would be perfect for Bette, Wagner explained, one hand caressing a box holding a reel of his treasure. It took a year and a half to develop but we made it, in London and Scotland. And Bette likes it, too.

The product will be seen Saturday night on ABC's "Movie of the Weekend." Bette, in black wig, plays the title role. "Madame Sin," a mysterious Eurasian femme fatale.

Let us hope, it was not a pilot for a series, and let us think more kindly about that old black-and-white movie of "Dracula"—at least the blood was not in living red.

USAD Doesn't Want To Spend More Money For Food Stamp

WASHINGTON (AP) — The Agriculture Department said today it does not plan to spend an additional \$198 million available for food stamps this year but will not hesitate to do so if it is needed.

Congress allowed \$2.2 billion for food stamps in the year ending June 30. The department, however, says only a little more than \$2 billion will be required to take care of needy recipients.

Department officials, asked to comment on reports the money had been intentionally withheld from food spending, said the charges are "not correct."

"It's news to me," said Assistant Secretary of Agriculture Richard E. Lyng, who oversees the food program. "We haven't had any limit put on us for what we can spend for food stamps."

Frank B. Elliott, assistant secretary for administration, also reports that the extra money was being held up in error.

Elliott, calling it a "technical budget matter," said the food stamp spending projection was based on the assumption the present law and regulations would remain in effect.

Elliott said he could not say how much food stamps are expected to cost during the year beginning July 1. That will be disclosed when President Nixon submits his new budget to Congress in a few weeks.

Food stamps are sold by low-income people who receive bonus coupons to help increase their buying power in food stores.

FOR HOUSEWIVES—Low calorie salads, high in protein, keep the housewife's weight down and add to her vitality. These beat the

skipping of meals, snacking or doughnut-and-coffee routine used by many women to keep weight down.

Nutritional, High-Protein Salads Provide Energy

By AILEEN CLAIRE
 NEA Food Editor

Daytime eating habits of many house-bound mothers are almost as bad as those of their rushing teen-agers. A pot of coffee, cake or donuts often are the typical bill of fare. Many women say they are too rushed to eat, don't like to fix a meal to eat alone or are dieting. However, the sweets route is no way to lose weight. Low calorie salads, especially those using high-protein items such as tuna, cheese or cottage cheese, keep the weight down and perk up a woman's vitality. A trim Pear-Tuna Salad is an attractive and tasty way to consume about 200 calories.

Twin Pear-Tuna Salad
 1 medium fresh winter pear
 1/2-cup water-packed canned tuna
 2 Tbsp. diced green pepper
 1 Tbsp. bottled low-calorie French or Italian dressing

2 Tsp. lemon juice
Pinch sugar
Lettuce cup
 Dice pear. Toss with tuna and green pepper. Combine dressing, lemon juice and sugar. Pour over salad and toss. Spoon into lettuce cup.

Makes 1 salad. Approximately 200 calories.

Dippin' Pear Salad

1 medium fresh winter pear
 1/2-cup low-calorie cottage cheese
 1 Tbsp. orange juice concentrate, thawed
 1 or 2 Tbsp. skim milk
 Cut pear in wedges. Place cottage cheese and orange juice concentrate in blender container. Blend until smooth, adding milk as needed. Mixture should be very thick. Pour into small dish. Use pear wedges to scoop up cottage cheese mixture. Makes 1 salad. Approximately 230 calories.

Experts Answer 'Meaty' Questions

By GAYNOR MADDOX
 Every year the American Meat Institute (a noncommercial educational organization in Chicago) holds a meat information conference to which nutritionists, leaders in meat production and home economists are invited. Top men and women in the meat industry explain new trends and answer questions asked by consumers.

At this year's conference in New York, Jeanne Paris, director of home economics for Swift & Co., discussed the changing pattern of protein. "Economists, geneticists, food technologists, nutritionists and home economists are changing the pattern of protein in our daily diet," she stated. "These differences are to the advantage of the consumer. But, the consumer must have more knowledge about buying and preparing these new forms of protein."

Miss Paris lists changes in the popularity patterns of meat.

Per Capita Consumption of Meat		
	1960	1970
Beef	85.1	113.7
Pork (no Lard)	64.9	66.4
Lamb and mutton	4.8	3.3
Veal	6.1	2.9

The National Live Stock and Meat Board's director of home economics Reba Staggs

How to Lose Weight And Enjoy Dessert

By CECILY BROWNSTONE
 AP Food Editor

We've concocted a really delicious dessert for people who are interested in lowering calories and are on a watch-the-cholesterol regime. The dessert is a custard made with egg whites. As you know, custards are usually made with whole eggs and that means adding calorie-and-cholesterol-high egg yolks. To add delightful flavor, our yolky custard is served with calories-reduced apricots—a choice fruit packed in a light low-sugar syrup. Enjoy!

Snow White Custard With Apricots
 4 Egg whites
 1/4-cup sugar
 1/2-Tsp. salt
 1 Tsp. Vanilla
 1/2-Tsp. nutmeg
 1/2-cup milk
 1 Can (118-oz.) calories-reduced apricot halves
 Turn egg whites into a medium mixing bowl; with a fork beat just until well-mixed and slightly foamy. Add sugar, salt, vanilla and

nutmeg; beat gently just enough to blend. Stir in milk. If mixture is very foamy, let stand until foam subsides. Pour into four custard cups (5 or 6-oz. size).
 Pour 3/4-cups hot tap water into an 8-inch square cake pan. Place custard cups in pan of hot water. (Water will come up about 1/4 inches on sides of cups.)
 Bake in a preheated 325-degree oven until a knife inserted halfway between outer rim and center of custard comes out clean—50 to 60 minutes.

Remove pan from oven and lift custard cups from water. Cool custards on a wire rack. Cover and refrigerate until serving time.
 To serve, with a small metal spatula loosen edges around each custard and turn into individual serving dishes. Spoon 4 apricot halves around each custard.
 Makes 4 servings.
 Note: Each serving is 141 calories, a saving of 74 calories per serving over custard made with egg yolk and served with apricots canned in heavy syrup.

Beef Stroganoff, The Party Dish

By AILEEN CLAIRE
 NEA Food Editor

Stroganoff always has been a good dish to serve when entertaining four to six guests

or more. A quick and flavorful one is Chive Ground Beef Stroganoff. This recipe, using ground beef, assures the hostess her guests won't face tough pieces of beef which does happen occasionally. Serve over noodles or rice and with a hearty salad.

Classic Soup

By AILEEN CLAIRE
 NEA Food Editor

There is a spate of specialty cookbooks that make excellent gifts. Many contain interesting stories or anecdotes about famous persons and what they liked to eat or serve their guests. One small volume offers a selection of recipes inspired by such literary giants as Mark Twain, Virginia Woolf, or Guy de Maupassant. Called "Classics in the Kitchen," it serves some goodies for the literary gourmet with the theory: "All of us at one time or another have come across passages which made us see, smell and taste the food served up on the printed page." Here is a French Onion Soup Deux inspired by the romantic repast of lovers in Rumer Godren's "The Greengage Summer."

FRENCH ONION SOUP A DEUX

1 Tbsp. butter
 1 1/2 cups onions, thinly sliced
 3 cups chicken stock or Beef bouillon (1 cube per cup)
 4 slices French Bread
 1 Tsp. butter
 Parmesan cheese

1 1/2 pounds ground beef
 1 medium onion, chopped
 2 Tbsp. butter
 1 (6-oz.) jar sliced mushrooms
 1 (6-oz.) can white sauce
 2 Tbsp. sherry or beef bouillon
 1 cup dairy sour cream
 Salt and pepper to taste
 3 Tbsp. frozen or freeze-dried chopped chives
 Sauté onion in butter until golden. Add ground beef and sauté, stirring frequently and cook until thoroughly browned. Add mushrooms and mushroom liquid. Mix with beef and onions. Add white sauce and blend thoroughly. Add sherry and blend. Salt and pepper to taste. Just before serving, stir in sour cream and chives. Serve over noodles or rice. Garnish with additional chives. Makes 4 servings.
 (Newspaper Enterprise Assn.)

Food Page

FOR PARTIES—Ground beef makes the base for this variation, chive beef stroganoff, which makes an excellent, yet simple party dish.

Family Dinner

FAMILY DINNER
 Meat Loaf
 Baked Potatoes
 Mashed Parsnips
 Green Salad
 Fruit Compote
 Beverage

Pare parsnips cutting off stem and root ends. Cut in half lengthwise. Into a large saucepot turn the parsnips, water and 1/2-tsp. salt; boil covered, until very tender—about 20 minutes; drain. With a small sharp knife remove any part of center cores that are woody. Mash parsnips fine—there will be about 2 cups; add 1/4-tsp. salt, the butter and pepper; reheat, stirring, over low direct heat or over boiling water. Makes 4 to 6 servings.

MASHED PARSNIPS
 A neglected vegetable that should be reinstated.
 4 large (1 1/2-lb.) parsnips
 2 cups boiling water
 Salt
 3 Tbsp. butter
 1-16th Tsp. white pepper

Add curry powder to cream of chicken soup for interesting flavor. Garnish with French-fried onion rings.

Only 2 Types Of Cars Meet

Premium Discount Standard

AUSTIN, Tex. (AP) — A State Insurance Board order to cut premiums for Texans who have strong auto bumpers apparently will not be of much immediate help to drivers.

Donald O'Brien, chief of the board's auto insurance division, said Tuesday that "no domestic manufacturers have certified that their cars meet the board's standards for discounts."

He said he only knew of two makes that meet them—a couple of Saab models and a Mercedes-Benz model. Saab is made in Sweden and Mercedes-Benz in Germany. The board ordered these "bumper discounts."

—20 per cent for 1972 cars equipped with bumpers that can withstand a 5-mile-per-hour crash, front and rear, without damage.

—15 per cent for 1972 autos whose bumpers can sustain a front-end crash at 5 m.p.h. and a rear-end collision at 2½ m.p.h. with a stationary barrier.

—10 per cent for 1972 cars that can sustain a 5 m.p.h. front-end and 2½ m.p.h. rear-end collision without damage to lights or to fuel, exhaust, cooling or latching systems, or to the bumpers.

Federal standards require that all bumpers withstand a 5 m.p.h. collision, front and back, by 1975.

A frozen duckling should be thawed in the food compartment of the refrigerator—takes from 1 to 1½ days for thawing.

5 American Air Crash Victims Buried In Peru

PUCALLPA, Peru (AP) — Bodies of five Americans and a Peruvian Indian boy, among 91 persons killed in the jungle crash of a Peruvian airliner, will be buried at a U.S. missionary post near this bustling river port.

Six plots have been prepared in the tiny cemetery of the Summer Linguistics Institute, a non-denominational U. S. missionary organization.

The five U.S. citizens were connected with the institute and the Indian boy, a member of the Machiguena tribe of southeastern Peru, was being brought to the institute clinic for surgery.

Rescue workers have recovered 75 bodies from the scattered wreckage of the Electra

turboprop, which apparently broke up in the air Dec. 24 over the thick jungle 80 miles southwest of Pucallpa.

Wreckage of the plane, flying from Lima to Pucallpa and Iquitos, was not found until Jan. 5. Only 26 of the bodies had been identified by Tuesday.

The lone survivor of the crash, Juliane Koepcke, 17, a Peruvian of German descent, is staying with a Yarinacocha missionary family while recovering from shock, a broken collar bone, cuts and bruises.

The girl, miraculously spared when her fall was broken by jungle trees and undergrowth, spent nine days alone in the jungle before she was found by wood cutters.

Lay Group Gives Low Ratings To Bishops' Financial Reports

NEW YORK (AP) — Roman Catholic bishops in the United States have been accused by a national lay organization of issuing "incomplete and misleading financial reports" while spending more than \$6 million lobbying for more parochial school aid.

The National Association of Layity rated all 160 church dioceses individually and generalized that most failed to include income and assets of individual parishes.

Jack Yorke of Detroit, the association's president, said the "failure of Church leaders to disclose adequately the nature and scope of financial holdings has lowered public credibility in these leaders."

A spokesman for the U.S. Catholic Conference in Washington, Jack Shaw, replied that the bishops have

approved a new system of diocesan financial accounting and reporting.

Shaw questioned the \$6-million figure, called the criticism "negative carping" and said the "financial crisis of Catholic schools is overwhelmingly apparent with anyone with eyes to see."

The lay organization said more than one year was spent compiling its 111-page report which rates the dioceses from "A" to "F" on the completeness of their financial reports.

Not one diocese received an "A" and only the New Orleans diocese achieved a "B." There were 11 Cs, 27 Ds for alleged serious omissions and the rest Fs for alleged "misleading" presentations or, for no reports.

State Treasurer Seeks 16th Term

AUSTIN, Tex. (AP) — State Treasurer Jesse James filed today as a Democratic primary candidate for reelection to his 16th term in office.

James, 67, paid his \$1,000 filing fee to the State Democratic Executive Committee.

He has been treasurer since 1941, when Gov. Coke Stevenson appointed him to the post. He won election for the first time in 1942 and has been re-elected every two years since then.

"I am proud of the record of having handled over \$44.4 billion of funds belonging to the people of our great state, with every penny being properly accounted for," James said during the 1971 legislature.

Republican Rep. Maurice Angly accused James of placing no-interest state deposits in Sharpstown State Bank. James fired Angly's father-in-law as a Treasury Department division head and declared that the state actually had made \$590,687 in interest from its deposits in the bank.

Angly also said the purchase of some lake property near Austin from James in 1968 was financed with a loan from Sharpstown State Bank.

James said he did not know who financed the purchase. There has been speculation that Angly will run for treasurer, but Angly has made no announcement. Filing deadline for 1972 political candidates is Febr. 7.

FOR THE DEFENSE

Ricker Nursing Fracture Southern Carolina Wins

By BERT ROSENTHAL,
Associated Press Sports
Writer

Danny Traylor was left on his own because of an injury to Tom Riker—and the hulking 7 foot junior more than made up for the absence of his forecourt colleague.

The 250-pound Traylor from Winston-Salem, N.C., played the best game of his collegiate career, scoring 37 points, grabbing 20 rebounds and blocking six shots Wednesday night in leading South Carolina's fourth-ranked basketball team to a 116-78 rout of Manhattan.

He knew he had to do it alone, and he really came through," said South Carolina Coach Frank McGuire.

The 6-10 Riker sat on the bench in street clothes nursing a fractured bone in his left hand, suffered in Sunday's 72-71 setback to second-ranked Marquette.

McGuire said he directed his players to "go inside to Danny more during the second half, and he came through with some beautiful moves under the basket."

The victory boosted South Carolina's record to 8-2 Manhattan, 1-8, led by 6-7 Ron Manning with 23 points.

Meanwhile, third-ranked

North Carolina pulled away in the second half for an 81-61 victory over Clemson in an Atlantic Coast Conference game. Assistant coaches Bill Gothridge and John Lotz directed the Tar Heels in the second half after Head Coach Dean Smith was ejected by referee Lou Moser.

Smith was tossed out and charged with two technical fouls for grabbing Moser's arm as the teams went off the court at halftime with North Carolina leading by only two points.

It was a misunderstanding," Smith said afterward. "Tates Locke (Clemson coach) and I were going to talk to the officials about the calls in an aggressive game."

Bob McAdoo's 28 points paced the Tar Heels, now 10-1.

Fifth-rated Louisville won its 10th in a row after an opening loss, downing Dayton 71-64 behind Jim Price's 25 points.

Unbeaten Virginia, the No. 8 team, won its 12th game, trouncing George Washington 97-76 as Barry Parkhill led the way with 23 points. Ronnie Runn scored a career high 34 for George Washington.

Dwight Lamar, the nation's

leading scorer, played despite the flu and a 101 temperature, but still managed to score 31 points, helping 13th-rated Southwestern Louisiana raise its record to 10-1 with a 99-79 romp over Eastern New Mexico. Roy Ebron, a 6-9 sophomore, led Southwestern with 35 points and 15 rebounds.

Hawaii, ranked 19th, posted its 12th victory in 13 starts, holding off Connecticut 77-71.

Marshall, rated 20th, increased its winning streak to seven games and its overall record to 11-2, overpowering DePauw 102-76 as Russell Lee scored a season-high 33 points.

Tom Burleson, North Carolina State's 7-4 sophomore, poured in 30 points and snared 12 rebounds, sparking the Wolfpack to an 85-58 triumph over ACC rival Duke.

Bob Orr Picked By All

NEW YORK (AP) — Boston's Bobby Orr, the superlative defenseman, was a unanimous choice today for the National Hockey League's East Division All-Star team.

The East All Stars will face their West Division counterparts in the silver anniversary All-Star game at Minnesota Jan. 25.

Orr was one of three Bruins named in balloting by members of the Professional Hockey Writers Association. Joining him on the first team is scoring champ Phil Esposito with another Bruin, defenseman Dallas Smith, chosen for the second team.

Teaming with Orr on defense is New York's Brad Park, one of three Rangers chosen for the first team. Also picked were left wing Vic Hadfield and right wing Rod Gilbert. The goalie is Montreal's Ken Dryden, currently hospitalized with a back injury.

New Mexico Schools Favor New Districts

ALBUQUERQUE, N. M. AP—Principals of New Mexico's Class AAAA high schools have voted unofficially to have four six-team districts in the state's sports program with Albuquerque schools spread throughout.

The action was taken Wednesday at a special meeting of principals and athletic representatives, called by U. G. "Monty" Montgomery, executive secretary of the New Mexico Activities Association.

The vote was 14-9 with all nine negative votes coming from Albuquerque schools.

The vote is unofficial until principals vote by mail as dictated in the New Mexico Activities Association Handbook.

The realignment would

SPORTS
The Pampa Daily News
Pro Roundup

By THE ASSOCIATED PRESS

Wednesday night was the kind of night National Basketball Association Commissioner Walter Kennedy dreams about:

Four games on the NBA schedule—two were decided by one point, two were decided by two points.

What's more, the three teams with the best records in the NBA—Los Angeles, Milwaukee and Chicago—all were beaten, adding some support to the old claim that on any given night....

The Lakers, 39-3 on the season prior to Sunday, lost for the second time in three games when Tom Van Arsdale sank a 15-foot jumper with just one second showing on the clock to give the Cincinnati Royals a 108-107 decision over Los Angeles.

The Bucks, who ended Los Angeles' record 33-game winning skein Sunday, lost their second in a row when Lou Hudson poured in 20 points in the second half to lift Atlanta to a 104-102 victory over Milwaukee.

And the Bulls, trying to gain ground on Milwaukee in the NBA's Midwest Division race, were thwarted when Don Nelson tipped in a shot by Jojo White with three seconds left, then added a free throw to give the Boston Celtics a 113-112 decision over Chicago.

In the other NBA game, Bob Kauffman sank a pair of free throws with two seconds left to lift Buffalo to a 111-109 upset of Philadelphia.

In the only American

Tall Baseball Player New Man On Expos

By HAL BOCK,
Associated Press Sports
Writer

NEW YORK (AP) — Who is the tallest baseball pitcher you can think of? Well, we've got one who's taller.

Is your man Gene Conley? He's 6-foot-8, a shrimp compared to our guy.

Do you like Johnny Gee? At 6-foot-9, he'd still look up to our man.

Meet Wayne Piper Jr., 6-feet, 10-inches worth of pitcher, selected Wednesday by the Montreal Expos in the opening round of baseball's winter free agent draft.

He's probably a side-armed," noted Monte Irvin, a member of Commissioner Bowie Kuhn's staff who used to make a living swinging a bat against guys like Conley, the ex-Braves and Red Sox pitcher, and Gee, who used to hurl for the Pittsburgh Pirates and New York Giants.

Poper was one of 15 pitchers selected by the 24 major league teams in the opening round of the draft as the farm directors and scouts went hurler-happy.

The No. 1 selection was Eric Raich, a strapping right-hander from the University of Southern California, chosen by the Cleveland Indians.

"We were impressed with his pitching ability and major league potential," said Phil Seghi, director of player personnel for the Indians. "Our scouts tell us he was the best player available in this draft and that he is very much interested in professional baseball. We are very pleased to select a pitcher of his calibre."

The only non-pitcher among the first seven selections was

College Poll

Unbeaten Eau Claire retained the top spot in The Associated Press' latest college division basketball poll, which includes games played through Saturday, Jan. 8.

Eau Claire, 10-0, received 13 of 17 first place votes and 332 points out of a possible 340.

Eau Claire did not play in the latest week included in the nationwide poll of sports writers and broadcasters.

Louisiana Tech, which received two first place ballots, jumped from fourth to second with 278 points. Kentucky State dropped from second to third with 253 points and one first place vote, while Tennessee State dipped from third to fourth with 213 points.

Young men and women.

Lawton To Attempt Vengeance Saturday

Lawton High is to come to Pampa in an attempt for vengeance on the Harvesters Saturday night at 7:45 p.m.

The mighty green and gold put the Okies down 85 to 62 the first time around on Lawton's own court as Pampa succeeded in breaking the 22 home-game winning streak there.

Lawton was pre-season picked third in Oklahoma. Pampa is ranked eighth in Texas by the Amarillo Globe

SOARING

Clemson Falls 81-61 To N.C.

CLEMSON, S.C. (AP) — Bob McAdoo poured in 28 points as third-ranked North Carolina opened its Atlantic Coast Conference schedule with an 81-61 victory over Clemson.

North Carolina, 10-1 overall, tied by only two points at half-time but pulled away from Clemson after intermission.

Clemson is now 6-3 overall and 1-1 in the ACC.

Referee Lou Moser called a pair of technical fouls on North Carolina Coach Dean Smith as the teams were walking off the court at the end of the first half, and then ejected Smith from the game.

North Carolina outrebounded Clemson

ABA All-Stars To Play Jan. 29

NEW YORK (AP) — Wendell Ladner, a member of an Eastern Division team, will play for the West in the American Basketball Association's All-Star game at Louisville Jan. 29.

How can that happen?

When ballots were sent out to sportswriters and broadcasters throughout the league for voting for the mid-season game, Ladner was with the Memphis Pros of the West. But as the voting was being conducted, he was traded to the Carolina Cougars of the East.

However, he garnered enough votes to make the West squad and will play against the East—and one of his Carolina teammates, Jim McDaniel.

Ladner, however, will not be a starter. The West's opening lineup will have center Zelmo Beaty of Utah, forwards Roger Brown of Indiana and Willie Wise of Utah, and guards Ralph Simpson of Denver and Glen Combs of Utah.

Ladner, a forward, will be on the bench along with forward Wilbert Jones of Memphis, guards Steve Jones and Donnie Freeman of Dallas, and center Mel Daniels of Indiana.

Beaty, averaging 24.3 points and 19 rebounds a game, was the top vote-getter with 52 first-place nominations out of 66 ballots and a total of 250 points in beating out Daniels for the starting center spot.

Daniels, the league's most valuable player last season and the MVP in last year's

DOGGED DETERMINATION

Calvin Hill Determined Not To Ride The Bench

By DENNE H. FREEMAN
Associated Press Sports Writer

NEW ORLEANS (AP) — Calvin Hill is determined he won't be a bench rider for Super Bowl VI.

Hill can't stand talk that an injured knee may keep him out of Sunday's joust with the Miami Dolphins.

"That would be just too much after what happened last season," said the Dallas Cowboy running back.

Hill got into action for only two plays in Super Bowl V

Russians Compete

TOKYO (AP) — Defending Olympic champion Russia, Japan and four other countries will take part in a series of goodwill ice hockey matches here before and after the 11th Winter Olympics Feb. 3-13 in Sapporo.

Northern Japan, the Japan Ice Hockey Federation reported today.

The Russians, who won the Olympic title in Innsbruck in 1964 and in Grenoble in 1968, are seeking a 10th consecutive world title in the Sapporo Olympics, where the ice hockey tournament is regarded as the 1972 world championships.

Besides the Soviet Union and Japan, Czechoslovakia, Switzerland, Poland and the United States will take part in the four-day Tokyo series, officials said.

Jimmy The Greek Favors Cowboys

By WILL GRIMSLEY
AP Special Correspondent

NEW ORLEANS (AP) — Jimmy The Greek hit town today with his fancy black-and-white checkered knits, his slide rule and crystal ball and predicted the Dallas Cowboys by six over the Miami Dolphins in Sunday's Super Bowl.

"If it weren't for the intangible which we'll call the destiny factor—the belief by the Dolphins that they can't be beaten—the spread would be even greater," said the dark-haired odds-maker from Las Vegas.

This is Jimmy The Greek's kind of town—wide open, jumpy and jivy with its bustling Bourbon Street and the never-ending flavor of the old steamboat days.

Jimmy "The Greek" Snyder is the nation's most renowned handicapper, figurer of odds whether it be a football game or a presidential race and he inevitably shows up where the action is.

He is offended when he is called a bookmaker. He isn't. His profession is public relations. His hobby—a lucrative one—is analysis of contests.

"You must give Dallas a point on overall team speed," he said. "You must add another for its depth and experience.

"I don't see much difference in the rival quarterbacks, for instance—Robert Staubach for Dallas and Bob Griese for Miami—but there is a tremendous gap in the dropoff

against Baltimore in a 16-13 loss. He returned the opening kickoff. And he was blocking when Duane Thomas fumbled the ball away on the goal line to the Colts.

The rest of the game Hill was ignored by Coach Tom Landry.

Hill had lost his job to Thomas after suffering shoulder and rib injuries.

This year Hill was a terror in pre-season and started the year as the No. 1 running back while Thomas fussed with the front office over money problems. Hill prospered.

Then the injury problems hit—a bad shoulder and finally what may be a torn cartilage in his right knee.

Hill tried to cut against the San Francisco 49ers in a 14-3 playoff victory and dropped, like he was shot.

"I could have gone all the way but the knee just gave way," Hill said.

Now Hill—who desperately wants to start in the Super Bowl Sunday against the Dolphins—finds himself listed as a doubtful starter. Thomas has been working in his spot with Wall Garrison at fullback.

Hill has gone to great lengths to pronounce his knee sound. But in the Cowboy secret practice sessions at the New Orleans Saints practice field he still gives up.

"All we'll have to do is to

from Staubach to Craig Morton and from Griese to George Mira.

"You can find the same difference in the reserves in every other department—running backs, offensive line—and defensive line."

The Las Vegas wizard said he was not greatly concerned by the doubts surrounding Calvin Hill's right knee. Hill, the Cowboys' 6-4, 220-pound running back, had his knee go out on him in the 49ers game 10 days ago.

"Even should they lose Hill, the Cowboys have Walt Garrison," Jimmy The Greek said.

"He radiates excitement. He will knock your brains out."

Snyder said the explosive qualities of Hill, Garrison and the unpredictable Duane Thomas rate an edge over the Dolphins' Butch Cassidy-Sundance Kid combination of Larry Czonka and Jim Kiick.

"Czonka and Kiick can be counted on for three, four and five yards a carry but I doubt that will be good enough," he added.

"Miami must establish a running game quickly. If it is unable to do so, then goodbye."

"Miami has a dangerous wide receiver in Paul Warfield but I rate the combination of Bob Hayes and Lance Alworth an edge in that particular area.

"Dallas' defense and pass rush should be superior. I see no difference in the kicking games, despite all the attention given the Dolphins' Garo Yepremian."

Super Bowl: Pugh Vs. Chicken Man

By HUBERT MIZELL
Associated Press Sports Writer

NEW ORLEANS (AP) — It'll be "Chicken Man vs. Jethro Pugh" in one of those two-man wars certain to influence Sunday's outcome of Super Bowl VI.

Larry "Chicken" Little is a 265-pound All-Pro guard in Miami's potent offense. Pugh, who weighs 260, will be across the Super Bowl turf as the centerpiece in the Dallas Cowboy defense.

"Pugh's got the longest arms I've ever seen on a man," said Little. "I'm gonna try to keep his hands off me. If you don't watch him, he'll wrap you up like an octopus."

Little's nickname—"Chicken"—does not reflect his many characteristics, but, instead, comes from the big fellow's love for fried fowl.

"Next to Colonel Sanders, I guess I'm the biggest man around on chicken," he jokes. "I eat a lot, not too many starches, through. I'm mainly a meat man."

Little, a product of tiny Bethune-Cookman College in Daytona Beach, Fla., bounced out of obscurity when Miami Coach Don Shula forced him to pare down a body that was growing almost daily.

"I weighed 215 pounds as a college freshman, was 240 the next year, 250 the next and graduated at 260," says Little.

"Then, I went on up to 270 as a rookie in the pros and was 285 the second, wondering where it was gonna stop."

Shula stopped it. After two fruitless years with the San Diego Chargers, Little was swapped to Miami—his old hometown.

"Coach Shula wrote me a letter," recalls Little. "I knew it was coming about my size."

FAIRFIELD, Iowa (AP) — No matter how you look at it Wednesday was not a good night for the Albert Lea, Minn., basketball team.

The least of the team's troubles was dropping a 129-56 game to Parsons College here that started at 10:30 p.m.

First, the Minnesota team informed Parsons it would be a little late for the 7:30 p.m. game because of a late start from Albert Lea.

The two-car team caravan was stopped near Kellogg for speeding. The whole group was hauled into justice of the peace court.

After its court appearance, the team was just leaving Kellogg when police reportedly brought the group back to court because of an alleged mess they reportedly created in the lavatory of the justice of the peace court.

Fines totaling \$100 were assessed before the team left Kellogg.

Only about 75 to 100 people remained from an original crowd of 500 when the game was played.

Parsons added insult to injury by setting a school scoring record—for the second time this season—against the weary team, now 1-9.

The old mark was 122 scored at Albert Lea in December.

18---Sneaky Turns.

By ROBEL STRAUBHAAR
Director, Crested Butte (Colo.) Ski School

A very important aspect of skiing is the choice of terrain. We can take advantage of it in so many ways.

All ski areas have moguls. Moguls are small bumps or they can be as big as a shed in the Alps. They are fun to ski on. Turning your skis on the very top of a bump can be done only by twisting your feet downhill. Of course,

we set the pole firmly down the hill also. Due to the fact that we are on top of the mogul we have eliminated a lot of the resistance so we don't need to strenuously unweight; we simply turn our feet downhill. Also we don't need much speed; it is as easy as it sounds. We do have some beautiful moguls in Crested Butte. Wherever you ski try to find uneven terrain, use your legs and enjoy some sneaky turns.

(NEWSPAPER ENTERPRISE ASSN.)

Congratulations. You just saved \$5 by doing your own income tax. And all it cost you was three long, sleepless nights.

And a slight case of heartburn.

If you had gone to H & R Block, on the other hand, you could have relaxed while someone else figured out your return. Quickly and confidentially. Probably unlike any way you've ever done it before.

And, when you figure your own return you are entitled to deductions you're not taking and taking deductions you're not entitled to. For instance, do you know all about deductions for child care or casualty losses? Or, that if your income increased over the last few years, you may save tax dollars by "income averaging"? And even if you did, would you know how to go about "income averaging" to begin with? Probably not. And there's no reason why you should. After all, you're an amateur when it comes to doing income tax.

You see, when it comes to income taxes, amateurs should depend on H & R Block. We have over 6,000 conveniently located offices manned by thousands of specially trained personnel. They're warm and friendly people who are anxious to help you. They'll sit you down over a free cup of coffee and show you some things about your income tax that you might never have known existed.

Furthermore, if your return is audited we will accompany you, at no extra cost, to the Internal Revenue Service and explain how your return was prepared, even though we will not act as your legal representative.

This means that H & R Block is ready to offer you year round tax service for just one low fee a year, with no extra charge for audits and estimates.

H & R Block's charges start at \$5 and the average cost was under \$12.50 for the 7 million families we served last year.

Which is somewhat less than what you paid.

Not to mention the fact that aggravation isn't tax deductible.

And we are.

DON'T LET AN AMATEUR DO H&R BLOCK'S JOB.

H&R Block.
The income tax people.

CAMBRIDGE, Mass. (AP)—President Derek C. Bok says Harvard University's operating deficit—\$759,000 in 1969 and \$1.37 million last year—could rise \$1.5 million this year.

In his first annual report, Bok attributed the deficit largely to inflation, reduction in government support and increased costs of financial aid.

Worry Clinic

By GEORGE W. CRANE, Ph.D., M.D.

Read Prof. Joel's dire prophecy! For many thoughtless do-gooders are wearing their hearts on their sleeves. They lack "horse sense." And they fail to understand Christ's advice about "feeding the hungry and healing the sick." Jesus showed what He meant by His own actions!

CASE S-570: Prof. Joel teaches in a large seminary. "Dr. Crane," he began, "I am becoming persuaded to your viewpoint regarding the need for more 'Horse Sense' in Christianity.

"By our excessive concern for the poor and hungry, both at home and abroad, may we not jeopardize the future of charitable Uncle Sam?"

"Isn't it thus possible to kill the goose that lays the golden eggs of Welfare, Aid to Dependent Children and starving Biafrans?"

ARAB'S CAMEL Most of you readers may recall the classic about the Arab and his Camel.

On a frosty night, as the Arab was sleeping, inside his warm tent, the Camel stuck its nose under the flap.

Its master started to boot it out, when the Camel is reported to have said:

"Master, I carried heavy burdens for you all day. And now it is so cold outside, don't you think I deserve to warm at least the end of my nose within your cozy tent?"

That seemed fairly reasonable, so the Arab consented.

But by gradual degrees the Camel then got its entire head inside.

Next, came its neck, plus one forefoot after the other.

Ultimately, its trunk and hind quarters likewise

Mainly About Mobeetie

Visiting Mr. and Mrs. C. V. McCraw. Thursday was their daughter-in-law, Mrs. Odia McCraw and grandchildren of Rodgers, Arkansas.

Visiting the weekend with Mr. and Mrs. C. V. McCraw was Miss Inez McCraw and Annie Hamilton of Newland.

Mr. and Mrs. Calvin Stuart, Ronnie, Randy and Dennis visited Thursday at Sayre, Okla. with her parents Mr. and Mrs. T. A. Richardson.

squeezed into the warm tent, thus pushing the generous Arab out upon the frosty sand.

That story should be reiterated before every college class and especially before all seminary students.

For a lot of do-gooders mean well but lack "horse sense."

They want Uncle Sam to go deeply into the red and shell out more billions for foreign nations, whose people then shout "Yanks, Go Home" after we have subsidized their own governments.

And we pour billions into welfare here at home when those same recipients of our largess would not raise a finger to defend good-hearted Uncle Sam, if Russia were to threaten his existence.

(Always write to Dr. Crane, Hopkins Bldg., Mellot, Indiana 47958, enclosing a long stamped, addressed envelope and 25 cents to cover typing and printing costs when you send for one of his booklets.)

WASH DAY—Soldiers of the 82d Airborne Division, Ft. Bragg, N.C., test one of their 550 newly-acquired Gamma Goats—the Army's replacement for the M37 3/4-ton truck. Designated the M561, the Gamma Goat provides improved mobility for forward area units engaged in operations over a variety of land and water obstacles.

Warm Waters

Norway's coast is warmed by an off-shoot of the Gulf Stream. This enables most of Norway's inlets to stay ice free, even though they are on the same latitude as Siberia and southern Greenland.

Mighty Waters

Waters from 31 states and two Canadian provinces flows into the Gulf of Mexico by way of the Mississippi River and its two great tributaries, the Ohio and Missouri rivers.

Modern Athens

Nearly all of the modern city of Athens has risen since it became Greece's capital in 1834, despite its antiquity. Today, one in four of the 8.8 million Greeks live in Athens.

Medical Insurance Premium Are Immediately Deductible

By RAY DECRANE

Almost everyone who itemizes his deductions should be able to claim a medical deduction.

One-half of the cost of medical insurance premiums (to a limit of \$150) are immediately deductible as a medical expense. This could include the cost of Blue Cross, Blue Shield, private medical and health insurance, and for those over 65, the cost of the Medicare deductions from their Social Security checks.

For all other medical expenses, no deduction is permitted until the total of such expenses exceeds 3 per

cent of adjusted gross income. Then the deduction is the excess over the 3 per cent figure.

Whenever you itemize your medical deductions always be sure to include the remainder of your health insurance premiums which was not immediately deductible.

Medicines and drugs are included in your tabulation to the extent their cost exceeds one per cent of adjusted gross income.

Medical expenses to be deductible with but one notable exception must be for the taxpayer, spouse and his dependents. The exception is for someone whose chief support you furnish and who could be claimed as a dependent but for the fact he had gross income of \$675 or more. The exception could be an elderly parent whose chief support you furnish. You might not be able to claim the parent as a dependent because he or she had income of \$675 or more. But you could include in

your medical expense tabulation any medical payments made for the parent.

Heart patients whose doctor prescribes a quantity of whisky daily may include the cost of whisky taken for medicinal purposes as a medical expense.

In the category of contributions list all cash contributions made to your church or to any recognized charitable institution.

Gifts to needy individuals, no matter how worthy the cause, are never deductible on your federal income tax return.

Russian Colony

Russia once maintained a colony in what is now continental United States. In 1812, Russian fur traders established Fort Ross, less than 100 miles north of San Francisco. The Russians sold their land in 1841 and left the country.

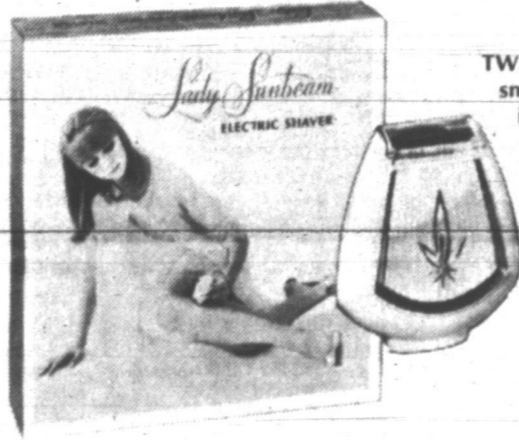

Santa is staying in town a little longer this year.
