# BILL SIGNED BANNING PORTAL PAY

## Back to Work Feeling Seen

BORGER—Borger observers today reported a general trend of "back to work" feeling among striking employees of the Phillips Petroleum Company as members of Local 351 International Union of Operating Engineers prepared to vote on company proposals tonight in Union Hall.

A prepared statement by the union committee also indicated a desire to end the strike as quickly as possible when it claimed the "wish of the majority" would be followed. The union gave this statement to newsmen today.

The union committee is submitting to the general membership a proposal made by the company. The general membership will decide whether to accept or reject that proposal in a secret ballot vote. The union committee wants the membership and the public to know these things:

"1. The union committee requested the company to jointly present their proposals to the membership so there would be no doubt as to the fairness of its presentation. The company was requested to jointly help prepare the ballot and conduct the vote so there would be no question as to the results. The company refused that invitation, and it is still open to them.

## Truman Seeks Minimum Hour Wage-65 Cents

WASHINGTON—AP — President Truman signed into law today legislation banning portal pay suits and sent Congress a fresh request that it raise the minimum wage to 65 cents an hour.

In a message to the legislators, the President: 1. Emphasized that he was signing the portal bill because he believed it in "the interest of economic stability" that both business and the government be relieved of the potential liability for billions of dollars. But he said there were defects in the measure and asked that Congress remedy them.

2. Asked again that Congress raise the statutory minimum wage from 40 to 65 cents an hour. 3. In effect, prodded business to reach wage agreements with workers and reduce prices.

Mr. Truman said that with uncertainty over the portal claims removed "current wage negotiations can proceed more readily to a satisfactory conclusion and businessmen will be able to plan with assurance for full production and price reductions."

"This," he added, "will be of real value to labor and management in the maintenance of a continued high level of employment."

More than \$6,000,000 in suits were filed by unions for portal pay claims, but many of them have been withdrawn since the key case, filed by union workers at Mc Cleans, Mich., was dismissed in Federal Circuit Court at the request of the union.

The suits sought pay for time workers spent preparing for work. Some made claims for such things as changing clothes. Others were for sharpening tools and similar activities.

Mr. Truman emphasized that he signed the measure because "its primary purpose" is "to relieve employers and the government" from potential liability "for billions of dollars in so-called portal-to-portal claims."

At the same time, the President See TRUMAN, Page 6

## Free Parking—It's Wonderful!

CHICO, Calif.—(AP)—Bill Jones of the Durham community gets to park free in front of a meter every time he rides into Chico.

The city put the meter in front of a hitching post and Jones asked for a ruling on whether he has to pay when he has been tying his horse for years.

Not as long as it's a horse without a buggy, City Manager Harry H. Hume ruled. The parking meter ordinance specifies "vehicles."

## Resentment High Among Residents In German Zones

Hungary Germans in the American zone were reported shifting from stolid resignation to a "risky mood of bitter resentment" and the situation in the British zone was described in London as gloomy and difficult as occupation authorities tackled the rising German food crisis today.

American observers found increasing antagonism being expressed openly against the United States and the American military government. AMG officials said they sensed that the American zone's German political leaders had "little hope in the future."

As British Foreign Secretary Ernest Bevin met with his top advisers, an appeal went out from the British zone to former President Herbert Hoover, telling him that the industrial Ruhr Valley was threatened with chaos and starvation.

Most responsible German leaders in the U. S. zone agreed with American authorities that the basic solution of the crisis was an increase in production, both agricultural and industrial. But the Germans were said to be insisting that this could not be realized without more support from the United States, even now spending more in Germany than any other occupation power.

## Col. L. C. Collins Is Jaycee Guest Speaker

Colonel L. C. Collins, representing the Texas units of the National Jaycees, was guest speaker at the weekly luncheon of the Jaycees in the Palm Room yesterday.

Colonel Collins spoke of the organization of the National Jaycees in Texas; and the forming of an infantry company in Pampa as part of the 36th Division, the Texas National Guard Division.

Discussions during the business meeting were of the re-opening of the Jaycee sponsored Top 'O' Texas carnival Thursday and Friday nights, May 15-16.

## Jaycee Carnival Opens Tomorrow

The Jaycee sponsored Top 'O' Texas Carnival will re-open tomorrow night, at Ward's Cabinet Shop's new building, 221 S. Starkweather.

Proceeds from the carnival are for the Jaycee community center fund, which is to be used to "kick-off" a drive to build a local community center.

Local officials announced that all booths would remain inside the building and that on Friday night, a bazaar and carnival ball will, also, be held in the building. The officials emphasized that since the building is new, no machinery has yet been moved into it, and that there would be plenty of room for dancing and at the same time be able to keep the concessions running.

## Chilly Weather Is Holding in East

Chilly temperatures extended northward and eastward from Chicago to New England today.

Cold air moved into New England, Upper New York, across Lake Erie, through Michigan and most of Wisconsin. Temperatures were close to freezing in Northern New England and around the Lake Superior region, and other temperatures in the area dropped to the upper 30s or low 40s.

## Arabs Adamant in View on Palestine

### State Witnesses Parade in Sweat Vs. Texas Case

AUSTIN—(AP)—A battery of state witnesses continued their parade to the witness chair today to insist that Texas is providing equal educational facilities for its Negro citizens.

They were testifying in 126th District Court here where Heman Marion Sweatt, a Houston Negro, seeks court authority to enter the University of Texas.

The letter-carrier's petition for a court order forcing his admission to the University law school maintains that racial segregation violates the U. S. Constitution and that Negroes cannot get an equal education in Texas.

The state, during the first two days of the retrial, has hammered on its contention that education for Negroes equal to that in university freshmen law courses has already been provided in a temporary law school here.

The state also contends that complete and equal education will be available for Negroes when the newly-created State University for Negroes opens its doors in Houston.

On the stand yesterday were Dudley K. Woodward, chairman of the University Board of Regents, and Charles McCormick, dean of the university law school. Both with Dr. Fadhil Jamaly, foreign minister of Iraq, who announced he would vote against creation of the inquiry commission and said Iraq reserved the right to "take the attitude they chose to take" toward the investigating body.

Without waiting for final approval, which Secretary-General Trygve Lie said may come some time today, the secretariat was composing a "neutral" staff which would be ready to leave as soon as the inquiry group is organized.

The secretariat already has pulled together all basic documents the commission will need for its study.

Lie said that because of the importance of the Palestine problem, he planned to send one of the eight assistant secretaries-general as head of the administrative staff.

One of Lie's associates said he probably would send Victor Hoo of China, assistant in charge of trusteeship, because of China's neutral position in the Palestine controversy.

Meanwhile, Paris El Khoury of Syria told newsmen the five Arab delegations had abandoned plans for a possible walkout on the assembly's Palestine debate.

El Khoury said it was agreed that the Arabs would remain in their seats until the end of the extraordinary session, but might adopt a "non-cooperation" with the inquiry commission, if they disagreed with the actions of that group.

## For Sale: 'Way of Life'—Bedell Smith

WASHINGTON—(AP)—Walter Bedell Smith, American ambassador to Russia, is a Congress wrangling over the State Department's foreign broadcasts today that the United States must "sell" its way of life to the confused peoples of Europe.

Testifying before the House Foreign Affairs Committee, Smith declared that the people of Central Europe are in "a state of mental confusion, a state of mental and physical depression" without precedent, "uncertain of which way to turn, groping for a ray of light."

## Headquarters to Be Located Here

Pampa will be the district headquarters for the Cities Service Oil Company natural gasoline activities in West Texas and the Texas Panhandle, it was announced today from Bartlesville.

Announcing that the activities would be consolidated into one district, the spokesman said Loya Davies will be district superintendent, and that he will soon move his family here to Pampa.

Davies was formerly district superintendent in charge of Cities Service's natural gasoline plants in the Oklahoma City and Seminole areas. He will be succeeded there by Frank Allen, who has been in charge of the Oklahoma City gasoline plant.

Allen also will take over the responsibilities in connection with Cities Service's chemical crude plants located in the Seminole-Oklahoma City territory.

Dave Goday will succeed Allen as Oklahoma City superintendent.

## Boosters to Visit Here This Afternoon

A booster trip from Shamrock was scheduled to visit Pampa this afternoon to publicize the Shamrock rodeo on May 16, 17 and 18.

A goodwill committee of the local Chamber of Commerce was to be on hand to greet them and provide police escort for the group, Chamber officials said.

GALVESTON—(AP)—Ralph McMillen, Bristow, Okla., was elected president of the National Peanut Council, which ended its annual meeting here yesterday. He is the U. S. member from the Southwest to be elected to head the Council.

## Trapped Five Days—Lives!

OAKLAND, Calif.—(AP)—Ernest K. Steele will live to tell about his ordeal of being pinned beneath his wrecked automobile for five days.

Surgeons at Permanente Foundation Hospital said they may have to amputate a portion of his right hand, but that otherwise his condition was satisfactory.

The 25-year-old Navy combat veteran was trapped beneath his overturned car just 100 feet from a busy highway last Wednesday.

He was rescued Monday afternoon by telephone linemen who happened to come along.

"You don't know how wonderful a human being is—a fellow human being—when you want one," Steele said yesterday.

## Mold Shows Promise as Cure for Flu

PHILADELPHIA—(AP)—A green and black soil mold that shows promise of furnishing a drug remedy for influenza was announced to the Society of American Bacteriologists here today.

There are vaccines for flu, but no drugs that specifically cure it. The mold shows some specific curative effect on chicken embryos and mice with influenza. It has not been tried on humans.

The report was made by Doctors Joseph M. D. Perlestein and G. A. Snyder, of Schenley Distillers Corporation, Larchmont, N. Y.

The stuff that inhibits the virus that causes flu came from a bit of green fungus that the earth came from the authors of the report said they did not know. It was one of numerous samples of soil from all over the world. Since the penicillin and streptomycin now used as drugs came from soil, many laboratories, searching for new wonder drugs, routinely have samples of dirt sent them from all parts of the earth.

The Larchmont Laboratories the 47th sample of dirt yielded the mold that seems to produce an antipeptide for flu. It was named LL47, LL standing for Larchmont Laboratories. About 50 research workers are keeping the laboratories going day and night on experiments with the new mold.

The fact that the origin of this mold is not specifically known will make no difference if it should prove a remedy for flu since cultivation of the original sample would furnish sufficient "seed" for all purposes.

## Organized Labor Finds Influence Rating Going Low

WASHINGTON—(AP)—Organized labor's influence with Congress stands at its lowest point in more than a decade today.

The 68 to 24 vote by which the Senate yesterday approved its bill providing for extensive regulation of labor's activities almost exactly matched the percentage by which the House on April 17 voted a much more stringent measure.

This core of support, representing only about one fourth of the membership of the two Houses, marks a sharp decline from the days when unions could stop in one House or the other almost any legislation they regarded as punitive.

Falling in that, they could muster the needed support to sustain a veto. This was demonstrated when the House failed 11 months ago to override President Truman's veto of the Case Labor Disputes bill. On that 285 to 135 tally, union supporters mustered never more than the one-third-plus-one of the votes they needed.

The prospects that this year's expanded version of the Case bill finally will find its way into the law books was enhanced—but by no means assured—in the Senate's vote yesterday.

In the first place, a Senate-House Conference Committee must work out a compromise version. If it follows the tough form that many House members would like, leaders unquestionably will be able to force its acceptance by both Houses. But the chances that it would be vetoed by President Truman would be increased.

## Hybrid Cattle Sold To William DuPont

BEEVILLE, Texas—(AP)—John H. Impson, Beeville rancher, has announced the sale of Shorthorn-Brahmas heifers to William DuPont Jr., of Wilmington, Del., at \$500 a head.

Although he has always handled only Shorthorns, Impson accepted the order for the cattle in the fall of 1944. DuPont had not been able to obtain heifers from other sources and he asked Impson to cross the Shorthorns and Brahmas.

Impson said he would continue producing the hybrid cattle. He said he had more orders than he was able to fill.

**WE, THE WOMEN**

**Ten Ways a Man Can Surprise His Wife**

By RUTH MILLETT  
NEA Staff Writer

Want to surprise your wife? You can, and it won't cost you a cent. Just try:

Doing a repair job the first time she asks you, and finding the tools you need without her help.

Saying, "You drive," next time she meets you down town and starts to slide out from under the steering wheel.

Asking her opinion about world affairs instead of telling her what to think.

Paying the monthly bills without

wondering out loud where all the money goes.

Saying once on your day off, "If there's anything you'd like to do today I'll look after the kids."

Gossiping with her after a party, instead of just punctuating her comments with a few monosyllabic grunts.

**CREEDIT WHERE DUE**  
Showing her the small courtesies you automatically show other women.

Remembering to give her credit when an idea of hers works.

Saying, "I'll help you get it done," instead of, "Oh, let it go," when she wants to finish a job before joining in with some spur-of-the-moment plan of yours.

Admitting that having guests creates a lot of extra work, instead of saying airily, "Don't go to a lot of trouble."

**Seven-Eleven Club Members Plan Dance**

The Seven-Eleven Club met last night at the home of Hansel Kennedy, 629 N. Cuyler, and made final plans for the dance at the Terrace Grill, which is to be held next Friday night at 9:30 o'clock. The dance is sponsored by the club and is given in honor of the football boys. The members also discussed their coveralls which are expected to arrive sometime this week.

Members attending the meeting were Jim Wilson, president; Hansel Kennedy, Winona Morris, Edna Marlowe, Gene Garrison, Keth Payne, Richard Hughes, Mickey McCray, Dale Richardson, Don Byars, G. D. Holmes, Pete Cooper, Bill Runyon, Mitchell Rowe, Bill Kribbas, and Carroll Smith.

**Mrs. Max McKean Entertains Members Of Police Auxiliary**

Mrs. Max McKean entertained members of the Police Auxiliary Friday afternoon in her home. A short business session was held and then games of bridge and rummy were played for the remainder of the afternoon.

Refreshments of ice cream and coconut cake were served to Mesdames Marion Parks, J. O. Dumas, Ernest Winborne, James Conner, Shelby Patterson, P. G. Wynn, E. G. Albers, Jr., and Louie Allen.

The next meeting will be held at 704 N. Wells, at 3 o'clock Friday afternoon, May 23, with Mrs. Ralph Phillips as hostess.

**'Proper Storage' Is Discussion Topic of Bell Club Members**

Members of the Bell Home Demonstration Club met in the home of Mrs. Fred Haiduk Thursday afternoon for a discussion on "Proper Storage" by Miss Ann Hastings. Gray County home demonstration agent, and a food demonstration.

Miss Hastings told the group that large dresser drawers with wasted space may be made more usable by putting cardboard boxes in as partitions. In this way, she said, small articles are more easily found.

Miss Hastings told the group that large dresser drawers with wasted space may be made more usable by putting cardboard boxes in as partitions. In this way, she said, small articles are more easily found.

She added that garments show less wear when folded and stored than when left hanging on the hanger uncovered. She showed a round metal hanger that could be used in a small closet to give added room for hanging more garments.

Roll call was answered with a storage problem or helpful hint on storage.

Mrs. Henry Urbanczyk, food demonstrator for the club, brought recipes for serving baked potatoes in many different ways. She said the baked potato has more food value but it easily tired of cooked in the same old way.

She also gave several hints for the housewife, including the use of kitchen shears, which she said could be used in a hundred different ways. She added that the more they are used, the more uses can be found for them. Concluding her talk, Mrs. Urbanczyk said that if cake pans are taken from the oven and placed on a cold, wet cloth for ten minutes that the cake will not stick to the pan.

Refreshments were served to Miss Hastings and Mesdames Tom Alderdard, Clifford Arrington, Roland Daur, Joe Keel, J. B. Jones, H. H. Kealey, T. H. Kelley, Ernest McKnight, Connor O'Neal, Emmett Osborne, Carl Smith, and Henry Urbanczyk.

**Bridal Shower for Mrs. Noel DeWitt**

MCBETIE (special)—Mrs. Noel DeWitt was honored with a bridal shower Wednesday in the home of Mrs. E. Zell.

After the gifts were presented and enjoyed refreshments of punch, cookies and cake were served.

Attending were Mesdames J. R. Patterson and Marcella, Johnny Newman and daughter, H. H. Bonds, Mary Lou Greathouse, J. D. Reynolds, Cross Hogan, Calvin Hogan, Jay DeWitt, T. Goodnight, J. W. DeWitt, and Sam A. Thomas, Jr.

Misses Joyce DeWitt, Evelyn Shockey, Edith St. John, Joyce Evans, Marge Patterson, Ann Nell Alexander, Edwin Brown, Naomi Scribner, Jean Lancaster, Sidney Lancaster, Louise St. John, Reba Wright, Dorothy Goodnight, and Gail Jean Wright.

Sending gifts were Mesdames A. B. Lancaster, Raymond Hooker, Shell Guley, Burch, Patterson, St. John, Patton, Wright, and Mote; and Misses Geneva Reynolds and Peggy Williams.

**Faithful Workers Class Entertains Mothers at Tea**

The Faithful Workers Class of the First Baptist Church entertained at a Mother's Day tea Friday afternoon at 3 o'clock in the church.

Mrs. Elsie Tillstrom, class president, welcomed the guests and introduced the class mother, Mrs. S. W. Burden, who presented a white carnation corsage. Each member also introduced her mother or guest.

The tea table was centered with an arrangement of spring flowers. Punch was served by Mrs. James A. Hopkins and Mrs. D. E. Jamison served cake. Plate favors were small, individual corsages of spring flowers.

Mrs. J. W. Young gave the devotional on the history of "Mother's Day" and mentioned several of the well-known Bible mothers. Mrs. Lee B. Newsum sang "Mother Machine" and "My Mother's Bible" accompanied the piano by Mrs. Burten Reynolds.

Mrs. Herman Hanks gave two readings, "Somebody's Mother" and "A Boy's Tribute."

The closing prayer was given by Mrs. R. W. Tucker.

Members attending were Mesdames J. C. Vollmert, L. H. Anderson, V. L. Hobbs, J. H. Tucker, H. N. Clay, Alva Phillips, Claude Willson, J. V. Young, Lester Brown, Herman Hanks, Dan Glaxner, B. J. Kinsey, James A. Hopkins, D. B. Jamison, Clyde Martin, Elsie Tillstrom, and O. W. Hampton.

Guests were Mesdames T. B. Solomon, L. L. Anderson, J. S. Jameson, T. B. Byars, W. A. Melton, C. L. Walker, R. N. Thorne, G. W. Orr, S. W. Burden, Burten Reynolds, Lee B. Newsum, W. E. Melton, D. W. Pixley and daughter, M. E. Rosser, and R. W. Tucker.

**Annual AAUW Tea Honoring Senior Girls Scheduled for Friday Night**

The annual tea given each May by members of the Pampa Branch, American Association of University Women, honoring Senior girls has been scheduled for Friday evening at 8 o'clock in the Palm Room. The program has been planned in the form of a style revue and all Senior girls of Pampa and Lefors and their mothers are invited.

Undergraduates of Pampa High School will appear as models in the revue. They have been selected by Mrs. Charles Hart of the Home Economics Department who also has charge of clothes selection for the event. Models are being trained by Miss Nina Owens, physical education director.

Miss Hart Anderson will be program chairman and Mrs. N. Dudley Steele will be commentator for the revue. Miss Ruth Huff, and committee will have charge of refreshments and decorations.

All girls taking part in the style show are requested to meet in the Palm Room Thursday afternoon immediately after school for further practice.

**Cancel Presentation Of 'Little Women'**

A telegram was received yesterday from the Speech Department of WTSC, Canyon, saying it would be unable to present its three-act version of Louisa Mae Alcott's "Little Women" here Friday night, according to an officer of the BFW Club today.

Further details could not be learned by the club which was sponsoring the local presentation.

**'Severed Cord' Will Be Featured at P-TA Meet at Skellytown**

"The Severed Cord," outstanding production of the White Deer High School Dramatic Class, will be presented at the Skellytown P-TA meeting at 8 o'clock Thursday evening in the Skellytown Grade School Auditorium. All parents are invited to the meeting, especially those of pre-school children.

The one-act play, directed by Wendell Cain, won first place in both the district and regional dramatic meets, and placed fourth in the state. The cast includes Joyce Tiawkins, Tom Horn, Gilbert Dickens, Emilie Rapsidine, and Gilbert Meeker; and stage manager is Dorothy Barnett.

Newly-elected officers will be installed at the meeting, the last of the current school year, and Ray Vineyard, principal, will be presented with a life membership in the State Parent-Teachers Association.

Special music will be furnished by the school chorus.

Mrs. J. B. Gallaher will be program chairman and the hostess committee includes Mrs. Ruth Conner and Mrs. T. C. Cofer.

Mrs. Cain and the play cast and production staff will be entertained at supper Thursday night by the association.

**BKG Sorority Will Meet Tonight at 7:30**

Matters of importance will be discussed and all members are urged to be in attendance and on time.

**Does Stomach Gas and Bloat Make You Feel Miserable?**

If so, here is how you may get blessed relief in feeling your stomach from this nervous distress. It works this way: Evertime food enters the stomach a vital gastric juice must flow normally so break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula, which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blooded you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-eating of food and other stimulants to counteract gas and bloating when what you do need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps build sturdy health.

**Average Daily Ration Decreases**

BERLIN—(AP)—The nutrition report of the American Military Gov-

ernment shows that the average basic daily ration of Germans in the U. S. zone was short from 274 to 332 calories of the daily standard of 1,550 calories during March. Shortages of bread, potatoes, milk,

fish and dehydrated vegetables were reported. Food from off-the-ration sources was termed insufficient to compensate for shortages in some cities. **Read The Pampa News Want Ads**

**Food Surplus Seen For Reds Next Year**

LONDON—(AP)—Harold Wilson, head of the recent British trade

delegation to Russia, told the Commons Monday that Russia expects to have a "very considerable" food surplus, especially of grain, beginning next year. The Russians also plan for mod-

erate exportable supplies of timber, he said, although they pointed out they would need machinery and transport equipment to further mechanize lumber production. **News Want Ads Get Results!**

**Economic Division Of Big Four Causes More Harm to Europe**

By DEWITT MACKENZIE  
AP Foreign Affairs Analyst  
Some alleviation of Germany's grave crisis—which is affecting all Europe—may be foreshadowed in the statement by authoritative sources in Berlin that American and British occupation officials have agreed on all major points, barring one which is unnamed for the economic merging of the two zones.  
Such a merger cannot, of course, overcome the damage done by the failure of the Big Four to frame a German peace treaty in the recent Moscow Conference.  
Every day which passes without economic unity DEWITT MACKENZIE of the four Allied zones of the Reich adds to the dangers hanging over a continent whose rehabilitation de-

pends heavily on Germany's recovery.  
The situation has become so bad that there is widespread malnutrition and in many areas actual hunger. An AP dispatch from Solingen, Germany, a couple of days ago stated that human figures are estimated as those of Buchenwald inmates lie abed in the Municipal Hospital there—and in the hospitals of other Ruhr cities.  
The head of the food and agricultural division of the American military government blamed "incompetent" German officials for the food crisis in the British and American zones, but he said that the broad outlook would improve by the end of May. However, the consensus of the experts is that there can be no sweeping general economic improvement until there is economic coordination of the Russian, French, British and American zones, and along with that the establishment of German government.  
However, guilty Germany is far from being the only country which is in the midst of a fierce economic crisis, coupled with the inevitable food shortage. Italy, France, England and many other European nations having a hard struggle.  
But what many folk, even in Europe, don't realize is that many of their ills have their roots in the German collapse. They haven't yet grasped the basic fact that the Reich was the politico-economic heart of continental Europe, and that the body as a whole cannot recover until the heart is restored to health.  
Thus Europe is traveling a vicious circle. It can only be rescued by removing the primary cause, that is, by restoring Germany to economic health. That is up to the four great powers—America, Russia, Britain, and France—and it can be done without abandoning the Allied pledge to render the Reich impotent militarily. It must be done quickly, and if any power stands in the way of carrying this out, it will be for ulterior purposes.

**Illegal Possession Of Jacket Costs Man 10 Days Confinement**

Temporary possession of another man's jacket cost Fred E. Dyer of Oklahoma a 10-day jail sentence after a six-man jury found him guilty of theft over five dollars yesterday in County Court.

Testimony was that Dyer had stolen a jacket and "other articles" from the room of Edwin Folley in the Panhandle Rooms. Folley recognized the jacket while Dyer was wearing it in a local cafe several days ago and called police. When he reported to police, Folley fully identified the jacket by its color and other markings. Dyer testified that he had bought the jacket from a man on the street, but was unable to give his name.

Dyer was not represented by counsel.

Judge Sherman White pronounced sentence shortly after the jury returned its verdict of guilty.

A fine of \$100 and costs was imposed on Morris Roberts, Pampa, after he pleaded guilty to charges of illegal sale of liquor. Roberts was apprehended some time ago by peace officers, but was not tried yesterday.

Judge White sustained the county attorney's motion for a postponement in the trial of Donald Cooke, charged with driving while intoxicated. The motion was sustained because the state's chief witness, Sheriff G. H. Kyle, was out of town. Cooke is being represented by former Judge W. R. Ewing. Cooke is not a Gray County man, but is reported to live in either Childress or Memphis, Parker said.

We must still strive for a united program. But if it is beyond reach at least until those who can agree, reasonable reach we cannot wait too long for a peace program which—Sen. Arthur H. Vandenberg (R) of Michigan.

House Sergeant Takes a Hand

AUSTIN—(P)—A flurry of excitement in the House of Representatives stimulated by a member's avowed resentment over presence in the gallery of Vance Muse of Houston, secretary-treasurer of the Christian American, Inc., was quickly quiet Tuesday by the sergeant at arms.

Rep. Roger Q. Evans, of Denton, spotted Muse in the gallery and dashed upstairs, he told a reporter, "to try and get him to apologize for classifying those of us who opposed labor-restrictive bills as Communists."

Muse did not apologize, Evans added. Meanwhile, Sergeant-at-Arms Ernest Boyett arrived on the scene. He escorted Evans back to the floor of the House. Muse disappeared, Boyett said.

Approximately 20 House members had followed Evans into the corridor while Rep. Jim Wright of Weatherford was speaking at the House microphone.

Mr. Wright seems to have some competition outside. Speaker W. O. Reed observed.

"Vance Muse is out there," said Rep. Woodrow Bean of El Paso. "I never could compete with Muse," Wright commented.

Evans said he was referring to a pamphlet distributed in the House early in March, bearing the letterhead, "The Christian American, Inc.," carrying the pictures of House members who had voted against the "open shop" bill, and indicating they were sympathetic with communists.

"I resent Muse's presence in the gallery as long as he is unjustly calling us Communists," Evans said. "I just want him to apologize."

World Still Spending Vast Sum For Arms, Says N. Y. Times

KPDN 1340 on Your Dial

NEW YORK—(P)—The nations of the world, says the New York Times, have almost 19,000,000 men under arms and are "spending perhaps \$10,000,000,000 more on armaments than they did on the eve of war in 1938."

The story was written by Hanson W. Baldwin, the Times' military writer, and was based on a survey conducted by him and Times correspondents in many countries.

Baldwin said that about 40 nations "are spending at least \$27,400,000,000 a year on armaments."

The Times survey placed the United States sixth in armed strength, as follows: China, 5,750,000 (Nationalist and Communist); Russia, 3,800,000; Great Britain, 1,210,000; India, 1,000,000; Turkey, 675,000, and United States, 670,000.

Baldwin placed Russia's defense budget for this year at \$7,000,000,000, which would add \$13,400,000,000 at the official rate of exchange.

"The budget being discussed in Congress includes \$11,256,000,000 for arms," the writer added.

To every young man about to graduate from high school. A CHALLENGE TO THE CLASS OF '47. Your country needs you now. The future of a free America may rest on your decision. There is no Draft today to put you in the Army. Yours is the first class since 1940 that faces a free choice. But with that freedom, as with every freedom, goes responsibility. The nation has put the maintenance of a strong, alert, defensive force squarely up to you. This is the only country in the world that dares to raise and maintain a million-man Army by voluntary enlistment, in the American tradition. The duty of keeping our Army ready for emergencies is shared by every citizen — for never before, in peacetime, has the need for it been greater. Our freedom, our ideals, the safety of our homes and families, depend on a world peace backed by firmness and justice. It's your Army now — yours to keep strong. Joining the Army as a volunteer may mean some sacrifice to you. On the other hand, you have much to gain from the experience. Sound physical condition, training in leadership, world travel and adventure, the comradeship of a fine group of young men, a job with a real future at better pay than you can get in most civilian work — all these make the Army an excellent career for young men who can measure up to its high standards. And in addition you will be entitled to educational benefits under the GI Bill of Rights, if you enlist before Congress officially terminates the war. Before making your decision, get the full story of this career opportunity at your nearest U. S. Army Recruiting Station. ENLIST NOW AT YOUR NEAREST U. S. **By HUGH FULLERTON, JR.**  
NEW YORK—(AP)—Possibly Admiral Jonas Ingram, the new American football conference commissioner, is an optimist; possibly he just doesn't know what's been going on in pro football—At any rate, his ideas about speeding up grid games should be applauded—"I think we can speed up the average game as much as 15 to 25 minutes by snappy officiating," the commissioner said the other day. "He'll really have to get some sprinters in there, because the National League's Shorty Ray has spent years studying how to play football games faster and Shorty figures he's lucky if he can shave a couple of minutes off the playing time."

Jim O'Reilly won them and gave them to Patton as a souvenir of his great 20.4 second dash.

## Houston Buffs Riding High in Texas League

**By MARSHALL COMERER**  
Associated Press Staff  
Houston's high-riding Buffs boasted a seven-game winning streak and a comfortable lead at the head of the Texas League today.  
The Buffs belted out a 12-0 victory over the Fort Worth Cats last night to win seven of eight games during their present road trip. They lost their first game of the trip to Oklahoma City.

In last night's other game Oklahoma City defeated Shreveport, 6-1. San Antonio shut-out Dallas, 4-0, and Tulsa won from Beaumont, 2-1. Roman Brunswick pitched five-hit ball for Houston and chalked up his third victory against no defeats. He also collected two triples and a single in five times at bat. Johnny Hernandez hit a home run for the Buffs and Tom Glaviano got two. The loss dropped Fort Worth from second to third place.

Oklahoma City moved from third to second place on the two-hit pitching of its flashy right-hander, Ralph McCabe. McCabe had a no-hit game going into the eighth inning, when Shreveport got its run on successive doubles by Herb Crompton and Ira Glass. The victory put McCabe's fourth straight without a loss.

The loss dropped Shreveport from fourth to fifth place.  
A single by pinch-hitter Paul Swaboda in the seventh inning drove in two runs and gave Tulsa its 2-1 victory over Beaumont.

San Antonio found new punch in a revised batting order that helped new Gerver gain a 4-0 victory over Dallas. Gerver allowed only four hits in gaining his third victory against three losses. The victory put San Antonio in fourth place.  
The teams change stands tonight. Shreveport plays at Tulsa; Beaumont at Oklahoma City; San Antonio at Fort Worth and Houston at Dallas.

**Rule Changes Are Not Effective Yet**  
AUSTIN—(AP)—Spring football training for teams in the Texas Interscholastic League will not be prohibited until next year, League Director Roy Bedichek has announced.  
Bedichek said some coaches were under the impression that the rule change was effective immediately.

All three of these men were tough as nails, not because anyone pushed them but, because they just honestly enjoyed hard physical combat and that's what it takes to win football games.

**Our linemen are really playing rough ball out there this spring and it will be rougher still next fall, we believe. Again, that's the reason we're optimistic about our club next year. It's the backs who get the glory, and certainly they deserve plenty, but for every touchdown that's made seven linemen did a lot of hard blocking.**

## Grand Old Man of Baseball Still Giving Fans Best Brand of Ball

**By JOE REICHLER**  
AP Sports Writer  
Hats off to Mr. Connie Mack, the grand old man of baseball.  
The 84-year-old gentleman, now in his 47th year as manager of the Philadelphia Athletics, is quietly answering his critics by giving the Athletic fans the best brand of baseball they have seen in more than a dozen years.

His much maligned Mackmen have won six of their last eight games including a 7-6 conquest of the mighty Bob Feller and the Cleveland Indians last night.  
Mr. Mack has been the target of much abuse in recent years. He has been accused of conducting a Minor League club in a Major League.

Disgraced fans expected to see the same old feeble A's again this year. And for a while it appeared they were right for the Mackmen dropped 10 of their first 14 games, but a close look at the results showed that the A's were giving every club a tussle. In only two games this season where the A's decisively beaten.

The A's had to come from behind twice last night to win, scoring the deciding runs in the seventh when Sam Chapman followed a homer off Feller with his own four master with a man on base.  
The Detroit Tigers retained their one game lead over the Boston Red Sox by shutting out the Washington Senators 8-0 before 17,363 Capital City fans in a night game. Hal Newhouse, who had not won a game since he pitched a shutout opening day, ended his four-game losing streak by blanking the Nats with four singles.

The Red Sox continued their upsurge by winning their seventh game in their last eight starts, trampling the Chicago White Sox 19-6. Ted Williams made two of the Red Sox 18 hits, both homers.  
Aided by four home runs, three of them in succession, the sixth inning by Charlie Keller, Joe DiMaggio and Johnny Lindell, the New York Yankees opened their home swing with a 9-1 triumph over the St. Louis Browns.

Led by their first base rookie sensation, Earl Torgeson, the Boston Braves defeated the Chicago Cubs 7-4 to move within a half game of the National League leading Bruins. Torgeson hammered in five runs on two doubles, a single and his eighth homer of the season.  
The St. Louis Cardinals found their home field no different from other parks this season as they were blanked by Lefty Dave Reade who pitched the New York Giants to a 5-0 win with a neat two-hitter.

With the aid of five walks in the third inning, the Cincinnati Reds scored four times and went on to defeat the Brooklyn Dodgers 7-5 in a night game in Cincinnati.  
The scheduled Philadelphia-Pittsburgh game at Forbes Field was postponed by rain.

**JUNIOR OILERS**  
The Pampa Jr. Oilers have scheduled a practice game against Hedley next Sunday afternoon at 2:30 p. m. All Jr. Oilers planning to make the trip must contact Paul Hill by tomorrow evening.

We have two worlds now and they are in a head-on collision. One of them is going to survive, and I favor having ours come out on top.—Rep. Charles A. Eaton (R) of New Jersey.

**Big Spring Paces Longhorn League**  
(By The Associated Press)  
Big Spring, Midland and Vernon were still running one, two three in the Longhorn League today.

Big Spring tacked an 8-4 defeat on Vernon yesterday, scoring four runs in the 12th inning. Odessa walloped its biggest rival, Midland, 8-6, and Ballinger came from behind to nose out Sweetwater 10-8.

**Sherman Beats Austin In Wild Scoring Spree**  
(By The Associated Press)  
The second game of Austin's three-game series with Sherman tonight should be one for the books. The two teams battled through 13 free-hitting innings last night before Sherman came off with a 11-10 victory.

Shortstop Willie Reyes broke up the game that had been deadlocked three different times with a single with a bases loaded in the bottom of the thirteenth.  
Other results last night saw Gainesville pound Paris, 14-4; Texarkana whip Wichita Falls 11-4, and Greenville defeat Waco, 6-1. Jerry Riffenburg went all the way for Austin in the three hour and five minute ball game, while Bill Green lasted until the 13th for Sherman. He went out in the final inning with the score deadlocked at 10-10 and Feller received credit for the victory.  
Riffenburg gave up 17 hits, Green and Teller 14.  
Three home runs set the stage for Gainesville to take its easy game from Waco. Babe Tuckey, Don Phipps and Joe Rancher hit for the circuit for the Owls.  
Jodie Phipps' six hit pitching played the major role in Greenville's win—which jumped the Majors into second place in the standings.  
Home runs also paid off for Texarkana, with Hal Simpson, Hal Van Pelt and George Washington collecting them. Al McCarty hit one for Wichita Falls.

## Locals Meet Lobos Again at 8:15 Tonight in Oiler Park

In the first extra-inning game of the season, the Oilers opened their series with a 4-3 win over Lamesa at Oiler Park last night.  
Al Johnston and Tom O'Connell teamed up with a pair of lusty doubles to end the contest with one out in the 10th. Johnston led off with a double to right center that barely missed being a homer. After Oley had rounded out, Buckel to Sturdevant, O'Connell ended it with a line drive double to left to end the game.

Johnston had relieved Bill Hewitt in the first of the tenth with the bases full and one out. Cato, first man to face him, forced Palmer at the plate, Bailey to Smith for the second out and Buckel forced Cato at second, Oley and O'Connell, to retire the visitors without a score.  
Although Johnston was "the fair haired boy" at the finish, Bill Hewitt had pitched a good game and would have won in regulation time except for a wild leave by Gene Smith in the sixth that allowed two unearned Lamesa runs to score and tie up the game. Of the eight hits he allowed, four were infield scratches and another was a blooper to center field.

It was a tough one for J. B. Garland, diminutive Lobo right-hander, to lose. Prior to the uprising in the 10th, he had retired 13 Oilers in a row. All of the Oilers' previous runs had been scored after two men were out.  
Outstanding fielding play was rife throughout the game but it was highlighted by a sensational catch made by Oiler rightfielder Joe Fortin and by Lobo shortstop Flarita. Lamesa took an early lead when leftfielder Wilcox walked, centerfielder Fowler, walked, third baseman Palmer struck out and first sacker Sturdevant singled to let Wilcox come home. Second sacker Flarita was given a fielders choice and Fowler was eliminated. Catcher Johnston filed out to right field.

The game continued scoreless and even hitless until the fourth inning when the Oilers chalked up two runs off a pair of hits to get ahead in the game. First sacker Bob Bailey beat out an infield hit, rightfielder Joe Fortin and centerfielder Carroll Berryman grounded out. Manager Grover Seitz was struck then pitched ball and then stole second.  
Third baseman Tony Range blasted a clean double and scored both Bailey and Seitz. Catcher Gene Smith filed out to Garland to retire the side.

In the fifth, the Oilers increased their narrow lead by one run. Hewitt singled, and the stole second. Second sacker R. C. Oley filed out to right field, shortstop Tom O'Connell, walked, Bailey got a fielder's choice that forced O'Connell. Fortin singled to let Hewitt score. Berryman struck out for the final.  
Lamesa came back in the sixth to score two runs to knot the score where it remained until the bottom of the tenth. Sturdevant singled through shortstop, Flarita singled, Johnston filed out to right field.

The rightfielder Cato hit to shortstop and O'Connell throws to home to catch Sturdevant out but Smith's throw to first is wild and Flarita and Johnston score the Lobos' final run.

## Unusual Foursome to Tee Off Next Saturday

**By ARTHUR EDSON**  
WASHINGTON—(AP)—It probably will be the most unusual foursome in golf history.  
For, come Saturday, Bing Crosby, Senator Trail (R-Ohio), Hildegarde and Baseball Commissioner A. B. Chandler will tee off together.  
How come such a queer assortment of golfers?  
Well, they're playing in the National Celebrities Golf Tournament. And so are two Supreme Court

justice. Three Cabinet members, Bobby Jones, Gen. Dwight Eisenhower, Walter Hagen, Gene Tunney, Carl Hubbell, Jack Dempsey and—if he can make it—Babe Ruth.  
The plan for this tournament grew out of an idea of Attorney General Tom Clark's.  
Clark, along with FBI Chief Edgar Hoover, was worried about the rapid rise in juvenile delinquency. How could it be stopped?  
The best way, he figured, was to get the kids interested in something else—before they got interested in crime.

OF THINGS YET TO COME
As usually occurs a year or so before a presidential election, talk is making the rounds concerning the possibility of a third-party entrant into the greatest race on earth. This idea was broached to Mr. Wallace, when he was abroad, and he made a statement to the effect that he sought no office but would be glad to serve in any capacity that would advance the cause of peace.

The history of third-party movements in this country is certainly not encouraging to possible aspirants. The electoral system, plus the very practical fact that only the established parties have the local organizations that get out the vote, works against them.

The next election, it seems certain, will be a fairly exact reflection of the Roosevelt-Wallace race to the extent that there will be no important difference over what our foreign policy should be.

It is taken for granted now that Mr. Truman will be the Democratic candidate. He will dominate the convention and write his own ticket. At the moment, the Republicans in the strongest positions are Taft, Vandenberg and Dewey, with Stassen and Warren as the principal lesser contenders.

The issues on which the campaign will be fought are in the making now. One is labor. It has been forecast that if Congress passes a "tough" labor bill President Truman may veto it.

Taxation is another lively issue. Mr. Truman has consistently said that he is opposed to any tax reduction now. Secretary Snyder has spoken against it before Congressional committees.

The size of the budget will make another good controversy. Mr. Truman's \$37,500,000,000 proposed budget is being cut in many directions, and the Republican fiscal experts say it can be reduced by at least \$5,000,000,000 and probably more.

A president whose party had lost control of both branches of Congress would normally be regarded as a hopeless standard bearer. Usually, loss of but one branch at mid-term has been sufficient to assure defeat for the incumbent.

Evils of the Closed Shop
(Continued)

Today's column is a continuation of the article written by Harold Brandt, a union man for twenty years and former Vice President and Business Representative of McCormick Local 108, C.I.O., International Harvesting Company, Chicago, entitled "Evils of the Closed Shop."

At the conclusion of yesterday's column, Mr. Brandt stated that unions are becoming literally a study unto themselves, seriously afflicting the industrial health of America a condition wherein the American workers face the economic loss of their American "Bill of Rights."

"Allow me to present in this place a direct quotation from the Constitution and By-Laws—currently in force—of the C.I.O., known as the United Steel Workers, and the United Farm Equipment Workers. Many other unions provide regulations similar or even more autocratic, but let us study in detail precisely these two by way of example:

"Section 1. A member may be fined, suspended or expelled for the following reasons: (1) For any action or conduct detrimental to the interests of the Union and for slandering the organization or any of its officers.

(2) For failure to pay a fine imposed by the Union, or for disobeying or failure to comply with any order or decision of the Union's officers within the time provided in such order or decision.

(3) For holding membership or office in a dual union.

(4) For usurping or interfering with the functions and rights of the Union's officers, for consenting to the courts for redress of an alleged wrong done him by the Union or its officers before exhausting the remedies provided for by the Union's Constitution.

(5) For violating any provision of the Union's Constitution.

(6) For violating any collective bargaining agreement or working rule of the Union.

(7) For advocating or attempting to bring about the withdrawal from the Union of any member or group of members.

(8) For interfering with any official of the Union in the discharge of his duties.

(9) The accused member shall be tried by a Trial Committee consisting of at least seven (7) members who shall be elected by the Union. A two-thirds majority shall convict.

(10) The accused shall be permitted representation by legal counsel of his own choice; such counsel shall be a member of the union and shall be required to abide by the trial procedures as outlined in the Union's Constitution.

"Let us review these rules briefly and compare conformity with our Constitution and Bill of Rights for the accused:

"Just what chance does the accused have of obtaining an impartial jury from within the ranks of a union when the members may at the drop of a hat be faced with the same charge, should they by chance win the enmity of its officials?

"And precisely what chance has the accused of obtaining from within the union's ranks a practicing attorney qualified to represent his interests?

"According to American legal practice, an accused person is entitled to trial by a jury which shall consist of no fewer than twelve persons. Moreover, in order to be found guilty he must be convicted by a unanimous vote of all twelve. Within these particular unions, however, an accused person may be convicted by a two-thirds majority of a jury of seven or more members."

HELICOPTER AGE
By Peter Edson

WASHINGTON (NEA)—Half a dozen of the world's leading aviation engineers had a ball session with Washington aviation writers the other night—just as you'd expect, the talk all went right straight up and hovered in mid-air all evening.

Only men who kept his feet on the ground was Igor Sikorsky, Russian-born inventor of the "heli-copter" as he used to call it. He's still an enthusiast about the future for his invention, but he admits it has definite limitations—150-mile-an-hour cruising speeds and useful loads of from two to 20 persons.

Best story about Sikorsky goes back to the days of his early experiments for United Aircraft. He used to take movies to record his progress. It was noticed, however, that while his films showed the first models flying up, down, sideways and backwards, they did not fly forward.

When Sikorsky was asked about this little detail he shook his head sadly and said in his beautiful accent, "I know. This is the one thing we have not yet solved."

Just to show how much progress there has been since then, get a payload of some of the new models flying up, down, sideways and backwards, they did not fly forward.

R. W. Prewitt of Philadelphia, president of the American Helicopter Society, told with a rotary motion of his tongue in his cheek about the idea of lifting the helicopter straight up in the air with its windmill contraction, then turning it at a 90-degree angle and proceeding horizontally at high speeds, using the rotor as a propeller.

Engineers say it can't be done because of the different characters of the prop and the rotor. But

WASHINGTON

WASHINGTON (NEA)—The fact is that Washington is laughing over the whole affair. At the very moment that Stalin was defying and flouting our Secretary of State at the Moscow Conference, and repudiating his Teheran, Yalta, and Potsdam, pledges, he was selling Harold a bill of peace goods.

Stassen's only contribution in the opinion of Washington diplomats, is that he helped to develop irreconcilable differences between the United States and Moscow.

Stalin pledged friendship and cooperation with the United States at the very moment when Ambassador Gromyko and Foreign Commissar Molotov were rejecting Truman-Marshall proposals for European and world peace.

He likened our system of government to Hitler's although his totalitarianism was closer to Nazi's than ours. Yet Mr. Stassen who is seeking the 1948 nomination as a liberal, entered no demurrer on this point.

**THE STORY:** Sophie comes upon Godfrey trying to make love to Bridget, the maid. She apologizes to Bridget for Godfrey's behavior and tells her it will never happen again.

XXIV  
WHEN she returned to the drawing room Godfrey was still sitting there alone, waiting for tea-time. She walked in without a word of greeting and sat down. Godfrey cleared his throat. "Don't discharge the woman, Sophie," he said. "She—she lost her head on finding herself in the same room with Godfrey Mansbridge. A natural enough reaction for a person unused to celebrities."

Sophie raised a weary hand. "Oh, stop it, Godfrey. You're only making yourself ridiculous." "I, my dear?" "It's stupid of me to mind, isn't it? I don't know why I let myself care how you behave."

"Sophie, I can assure you it meant nothing. It was absolutely meaningless."

"Don't you suppose I know that by now? It's always been meaningless—to you."

The room was very still for a minute as they both allowed the past to envelop them in silence. It was Godfrey who spoke first. "Well," he said, his tone almost focular, "I'm glad you can be more sensible about it now, my dear."

She smiled sadly, still looking back. "I wasn't always, was I? After our baby was born, when Julie divorced you, I was foolish enough to expect you to marry me."

"Come, come, Sophie, you rushed straight off into the arms of Vasilov. At the time I was cut up about it, I can tell you."

"Just a second! Your chronology is out of order. If you remember, you married your society queen five years before I ever laid eyes on Basil Vasilov." She clasped

her hands in her lap and spoke with a sigh. "And if you and I had married, there would have been no Vasilov, and no Max Bernheim, and no other man at all—ever."

"PERHAPS that would have been better in the end," he conceded. "Though Lord knows what we'd be living on now. My marriage was never happy, even at the start. You can appreciate just how unhappy it was when you realize that Eleanor divorced me without leaving me a cent. She was the most jealous and vengeful woman I have ever known."

"Poor Godfrey! And it must have seemed like such a good idea at the time. She had position, didn't she, and money, and security? She could afford to buy herself any husband she wanted, even the reigning matinee idol."

Godfrey drew himself erect with dignity and gave her a suspicious look. "Sophie, you'll hurt my feelings presently."

Sophie laughed richly, throwing back her head. "I sincerely believe that to be impossible."

"But you have!" he protested. "You know you are the only woman who ever meant anything to me. When I heard you were having an affair with Vasilov it hurt my feelings very much."

"How absurd you are! Do you think I'm in my dotage and have forgotten how you could make me feel? For nearly five years after you married Eleanor I ate out my fool heart. I was over it when I met Basil. He helped me to forget entirely. I won't hear a word against Basil, Godfrey, I warn you! I am very fond of him and profoundly grateful to him. It's hard for you to understand that, perhaps—you who married twice without love."

"And I suppose you loved Max Bernheim when you finally married! At the age of sixty, wasn't it?"

### Big Decision Comes Up Over Grapefruit

LONDON—(AP)—King George VI will get a chance today to brighten his breakfast table with some Arizona grapefruit.

A shipment of 70 pounds of the fruit, a gift from the Arizona Hotelmen's Association, arrived by British Overseas Airways plane yesterday, along with a similar box for U. S. Ambassador Lewis Douglas.

The King's grapefruit was in the custody of a London warehouse today. They will be delivered to Buckingham Palace tomorrow, at which time the master of the Royal household will inform King George of the gift.

Then the King will decide whether to accept.

The United States cannot tolerate again a collapse of our agricultural economy such as occurred after World War I.—Edward A. O'Neal, president American Farm Bureau Federation.
