

Trouble in Four Spots Reported

By MAX HALL
Associated Press Labor Reporter
WASHINGTON—(AP) Four industries still are potential trouble spots on the labor-management front:
1. Coal.
2. Maritime.
3. Railroads.
4. Construction.
CIO factory workers have won wage increases without striking. The telephone strike is about ended. These developments were good news for America. But there may be some bad news around a couple of corners.
The situation in each of the possible trouble spots is this:
Coal—A strike is feared for July 4. That's when the government must restore the bituminous coal mines to private operators. And John L. Lewis and the operators haven't even started bargaining on the terms of a contract.
They have held meetings, but to date have talked only about the issue of industry-wide bargaining. The next session is scheduled Thursday.
Southern coal operators, who have been urging Congress to outlaw industry-wide bargaining, are unwilling to sit down with Northern operators and Lewis to write a single contract.
The action of the Senate last week in defeating 44-43 a proposal to limit industry-wide bargaining may influence some of the Southerners. The House already has voted to prohibit industry-wide bargaining. Therefore the labor bill which finally passes Congress may or may not contain this provision.
Maritime—The contracts of five CIO maritime unions will expire June 15. The biggest unions involved are the Seafarers' National Maritime Union, on the East Coast, and Harry Bridges' Longshoremen, on the West Coast.
Railroads—The rail unions have made demands, but no crisis is likely to develop before fall.
Seventeen non-operating unions (telegraphers, clerks, railroad shop workers, and the like) have banded together and demanded a wage increase of 20 cents an hour.
The five operating brotherhoods (Engineers, Firemen, Trainmen, Conductors, and Switchmen) also have decided to work as a unit to seek changes in their working rules.

Order Lowering South's Freight Rates Affirmed

"SCANDAL"—George White, girl show "scandal" producer, leaves San Diego County Work Camp after serving eight and a half months of a year's sentence for hit-and-run traffic deaths of newlywed couple at Solano Beach, Calif., last August. His last work camp job was sheep-herder, for which he was paid \$35 cents a day.

Rates in East And North Are To Be Raised

WASHINGTON—(AP)—The Supreme Court today upheld an Interstate Commerce Commission order raising railroad freight rates 10 percent in the North and East and lowering them 10 percent in the South and as far west as the Rockies.
The Commission ordered the changes after officials of Southern states complained that higher rates in their region gave Northern manufacturers competitive advantages.
Affected are so-called class rates. These apply principally to manufactured articles.
Justice Douglas wrote the court's 7-2 decision. It was read by Justice Burton in the absence of Douglas, who has been ill with a cold. Justice Jackson and Frankfurter wrote dissents.
The Commission in May, 1945, found the freight rate structure discriminated against the South on almost all manufactured articles and ordered the changes as the first step toward equalizing rates.
The Commission planned as a second step to work out "national uniformity in the classification of freight, and a greater degree of national uniformity in the class freight rate structure." Class rates apply to about four percent of all rail freight traffic and yield about six percent of freight revenue.
Southern officials hailed the ICC order as one which would permit Southern industry to "breathe freely for the first time in history."
Nine Northern states, governors of the six New England states, and 33 railroads, however, challenged the ICC action as arbitrary. They said it was not based on facts and upset principles of rate making which had been used for many generations.
The challengers first presented their case before a special three-judge Federal Court in Utica, N. Y. That court upheld the ICC. The challengers then appealed to the Supreme Court. Actual change in class rates was deferred pending the high tribunal's decision.
The nine states opposing the increase were: New York, Delaware, Indiana, Maryland, Michigan, New Jersey, Ohio, Wisconsin, and Pennsylvania.
Douglas wrote a 28,000 word opinion in upholding the Commission's findings of discrimination among the territories.
Further, he said the Commission is correct in its finding that there is prejudice against the Southern region.
Douglas said that the record before the Commission made out a strong case for an inference that natural disadvantages alone "are not responsible for the retarded development of the South and the West," and "that the discriminatory rate structure has also played a part."
"Where the result of a rate order is not clearly shown to be confiscatory and its precise effect must await operations under it," Douglas stated, "the Supreme Court has refused (in the past) to set it aside despite grave doubts as to its consequences."
"The reasons for following a like course are equally compelling here."
The majority said that the Commission's recent action in granting a rate increase in all freight rates did not affect the case decided today.
"This is a proceeding to eliminate territorial rate differences not justified by territorial conditions. The rate increase recently granted by the Commission was a revenue proceeding. Revenue adjustments can be and are superimposed on such rates structures as exist. The fact that revenue adjustments may produce lack of uniformity in rates is not inconsistent with the decision in the present case."
Douglas said the order granting the general rate increase actually was not before the Court for consideration and the Court intimated no opinion concerning it.
"Whether the general rate increase will require adjustments in the new permanent uniform scale classification is a question for the Commission when the new classification is ready," Douglas added.

Dean Acheson Is Relieved of Post In State Dep't

WASHINGTON—(AP)—Dean Acheson resigned today as Undersecretary of State and President Truman appointed Robert A. Lovett to replace him June 30.
Lovett, a New York banker, is a former secretary of war.
In disclosing the changes, the White House made public a letter in which Mr. Truman wrote Acheson of his "great regret" that "I cannot again ask you to postpone your desire to return to private life."
Acheson has long sought to resign and return to private law practice. Lovett's nomination will be sent to the Senate sometime this week.
While Lovett will not take over his post until July 1, it is understood that he will work with Acheson in advance of that time to acquaint himself with many problems with which Acheson has dealt.
The President's letter paid tribute to Acheson's "high sense of public duty" for keeping on the job for the past two years at Presidential request "despite the personal sacrifice it has meant to you."
"I can easily appreciate the reasons which impelled your desire to return to private life as embodied in your letter written as long ago as April 17, 1946, and in another letter the year before," Mr. Truman's letter said.

Group Seeks to Raise Pool Fund

The Parent-Teachers Association of B. M. Baker School will conduct a solicitation drive the latter part of this week in the interest of a wading pool at the Lions Club Park, it was announced today by the principal, B. R. Nuckles.
The drive will be conducted for the P-TA this year, would begin shortly after the funds were raised. Mrs. Collins Webb, new president of the organization, installed last week, said:
"We hope that the interest in this campaign will be such that we can raise the money for this worthy project this week. This has been the major project of the P-TA this year."

Ann Malloy Is Canadian's Top

CANADIAN—(Special)—Leading her class, though hotly contested for the honor, Ann Malloy with a general average of 95.8 will be valedictorian of Junior High (8th grade). Laura Mae Morrow will be salutatorian with a general average of 94.6.
Franklin Tepe has the highest general average for boys of the class with 90.6, and six other 8th grade students averaged 90 or above.

Signal Corps Company Gets A & M Honors

COLLEGE STATION—(AP)—The General Planning Moore trophy flag was awarded Company A, Signal Corps, at a Mother's Day observance at Texas A & M College, designating it as the outstanding military organization at the institution.
President Gibb Gilchrist presented the flag, which will be carried by the company during the 1947-1948 school year. A distinctive shoulder patch will be presented each member of the company. Dean Denton of Harlingen is the company commander.
Designated as the outstanding cadet in the corps was First Sergeant W. L. Brown, Battery D, field artillery, of Cleburne, who received the John Sealy Caldwell watch.

MEETING TOMORROW NIGHT

Members of the Veterans of Foreign Wars post here have been asked to attend the regular meeting tomorrow night at the Legion-VFW Hall. It was announced today. Time of the meeting is 8 o'clock.

Amity Around Parley Table Is Reported

BORGER—(AP)—Amid laughter, and apparent good feeling toward each other, union and company negotiators adjourned at 2 p.m. yesterday afternoon at Borger to further study company policy in some of the major departmental issues over the International Union of Operating Engineers' strike against the Phillips Petroleum Company.
Prospects for an early end to the strike still looked bright due to affable relations between the bargaining representatives, it was said.
The meeting will reconvene late tonight or tomorrow as soon as the company policies are made more clear.
Definite statements from either side could not be obtained at the close of yesterday's session. The next meeting will be a sixth direct effort toward settlement of the dispute.
Newsmen sitting outside the negotiating room in the Phillips Petroleum plant office reported they heard several outbursts of laughter among the negotiators and that everyone seemed to be in a jovial mood when the meeting adjourned.
Joe Rigdon, business agent for the union, has been present at every meeting reliable sources said this morning, despite consistent rumors of his absence.
Representing the company around the table are: Jim Brush, A. W. Paris, Phillips; Stanley Learned, C. R. Boyd, Edwate Clarke, and Walter Williams, Bartlesville.
Sitting for the union are Herbert Woods, Washington, D. C.; Joe Rigdon, H. R. Shepherd, G. L. Unes, A. R. Teague, I. L. Ewing, G. L. Moreland, Earl Snyde, Orville Bailey, Cecil Hemphill, Dick Hatfield, Logan Atteberry, Jim Woody, Lee Pfeiffer, Ike Landers, H. D. Kickbush.

\$60 in Loot Is Taken, but Safe Resists Thieves

Thieves sometime last night broke into the Motor Inn Supply Company on W. Foster St. and stole approximately \$60 from a cash register and cash box, but failed to open the concrete enclosed safe, it was announced.
Chief Deputy Sheriff Jeff Guthrie said this morning the burglars apparently left by the rear door, but officers were unable to determine how they gained entrance.
A padlock on the inside of the rear door was found lying open on the floor. There were no signs of springing. The hasps for the lock, also on the inside of the door, bore faint scratches; but the outside examinations of windows and other doors failed to disclose any hint of where the thieves entered the building.
A futile attempt to open the safe was made when the thugs hauled a torch from the shop to the front office. They succeeded only by knocking off the combination knob of the safe and marring its front. They were unable to move the safe out of the building. It is enclosed in a heavy concrete vault.
Guthrie was told about \$40 was taken from the register and the remainder from the box.
The theft was reported at 6:05 a. m. by Ralph Stalkup, the janitor, shortly after he came to work.

'Hot' Money Shown—Found in Twister

CANADIAN—(Special)—Ross Purcell has proof that terrific heat exists in the midst of a tornado. He is exhibiting three coins—two dollars and dime—which Mrs. Purcell kept in their home in Glazier. After the storm, Arlie Hoobler found the three coins, fused together and blackened, as though they had been in a fire.
Weighing shows they had lost about 60 percent of the total weight such coins should have.

Boy Scouts Will Honor Mothers

Members of Boy Scout Troop 14 will honor their mothers with a banquet tonight at 7:30 at the basement of the First Presbyterian Church, sponsoring institution.
A spokesman said a meal will be cooked and served by the troop dads under the direction of Jimmie McCune, committee chairman.

Warm, Sunny Weather Follows Rain That May Make Bumper Wheat Crop

Wheat farmers had reason to smile today, what with the return of warm, sunny weather after rain that one farmer described as "worth a million."
Gray County and environs today came out from under a general rain that lasted for three days.
The Associated Press said the rain in the upper part of Texas was sufficient to assure a bumper crop of wheat. But, in far West Texas, the weather men said there would be more rain this afternoon—that is, in the Pecos Valley. Parts of East Texas were due to receive showers.
Pampa received heavy rains for a while yesterday afternoon. Water rolled down the city's streets, and the wind moving at a high rate before it. The precipitation measured 1.58 inches, according to the U. S. Weather Bureau station here.
Gainesville reported almost an inch of rain in an hour early this morning.

Two Others Are Seriously Hurt in Wreck

PERRYTON—(Special)—Life-taking speed, as evidenced by a car's engine being driven back into the front seat with the car's occupants, resulted in the death of two teen-age youths and injury to six more, two critically hurt, in an accident near here last night.
Dead are Carroll Truesper, son of Mr. and Mrs. Kenneth Truesper of Perryton, and Don Wayne "Squaky" Walker, son of Mr. and Mrs. Elton Walker of Booker.
Critically injured are Buell Holmes, Perryton, and Maxine Reed, Canadian. Others injured are Carl Schroeder, Max Clark, Duane Truesper, Perryton, and Lynette Gamble, Canadian.
The wreck occurred on Highway 83, at approximately 10:45 last night when the car driven by Truesper collided with the rear of a car and one-half ton truck owned by the Blue Bonnet Creamery. Perryton and being driven by St. Harold.
The truck's driver escaped injury and the truck was damaged only slightly. The car was totally demolished and every occupant of the car was injured.
Officers who investigated the accident have reported that both vehicles were moving south and that the truck had four rear lights burning at the time of the accident. The truck had been forced to a slow rate to climb a hill and the car was apparently moving fast.
Friends of the group have stated that the boys were taking the girls back to their homes in Canadian when the accident occurred. Both girls were reported involved in a rather serious accident near Canadian a few weeks ago.

But GOP Says Tougher Bill To Go Through

WASHINGTON—(AP)—Senator George (D-Ga.) led Southern opposition today to a mild Democratic labor bill as Republican leaders predicted overwhelming Senate approval this week of legislation outlawing the closed shop and curbing many union activities.
George told a reporter he considers the substitute proposal offered by Senator Murray (Mont.) and 10 other party members "a watered-down version of no consequence." He added that from 10 to 15 other Democrats will vote against it.
Demagogues the Murray proposal as likely to end a "handful" of votes. Senator Bill (R-Miss.) predicted that when the Senate finally takes action, it will pass the bill before it by a margin of two-thirds majority.
George said he is "agreeing to disagree" with Murray, but that he will do his best to get the bill passed. He said he will not make any promises that the final showdown would not be held until later in the week, Senator Olin D. Johnson (SO), one of the 11 sponsors of the substitute measure, said a vote may not be reached until Friday.
But whenever the roll is called, Senator Bender (D-La.) predicted that "at the most" there will be from 18 to 25 votes for the substitute.
Bender, a member of the Labor Committee, which wrote the big measure, termed that bill "a pretty good compromise" that certainly merits a Presidential signature.
At the same time Senator Russell (D-Ga.) announced he intends to support the committee bill and to vote to override if there is a veto.
Senator Aiken (R-Vt.), who has been critical of some of the stringent restrictions favored by other Republicans, said sponsors of the Murray proposal "had a hard time getting 11 senators to put their names on it."
"It might not get more votes than the Aiken bill," he said.
Murray, former chairman of the Labor Committee under Democratic majorities, said the substitute contains "all of the recommendations of President Truman" and other "desirable features" of both Senate and House bills.
The Murray measure would seek to combat jurisdictional strikes and secondary boycotts by means of National Labor Relations Board "cease and desist" orders and would make unions liable for certain unfair labor practices. But it carries few of the teeth of the parent measure.
It does not, for instance, permit the government to apply for injunctions to block "national paralysis" strikes. Nor does it forbid the closed shop.
See LABOR BILL, Page 6

Telephone Officials Reject Union Demand in St. Louis

NEW YORK—(AP)—The coast-to-coast telephone strike entered its sixth week today with an estimated 185,000 members of unions affiliated with the National Federation of Telephone Workers still on strike.
The refusal to cross picket lines of still striking unions kept many thousands away from their jobs, but in San Francisco—the CIO American Communications Association, declaring the NFTW strike "has been broken" announced that its 12,000 members in Northern California and Nevada would return to work.
At St. Louis, the Southwestern Bell Telephone Company announced the latest demand of the Southwestern Telephone Workers Union (IND) was "not acceptable." The union last night asked for a \$5 weekly wage increase, with allowances bringing it to approximately \$6, plus action on 20 of its original 86 contract demands.
The company early yesterday had rejected the union's demand for an across-the-board hike of \$6, with other adjustments, saying it would cost \$13.65 per week for employees to meet the demand.
The 15,000-member Ohio Federation of Telephone Workers declared a company offer of a \$4 across-the-board increase unacceptable.
Negotiations will be resumed in Washington late today between Western Electric Company and the National Association of Telephone Company Workers.
FORT WORTH—(AP)—Fort Worth's striking telephone workers by a vote of 600 to 2 today rejected the Southwestern Bell Telephone Company's latest wage offer and reaffirmed support of the union bargaining committee.
Approximately 1,200 telephone company employees are on strike here.

Former Deputy Sheriff Pearce Dies at Home

Roy Owen Pearce, 56 years old, former deputy sheriff of Gray County, died at his home, 213 E. Atchison, yesterday as a result of a heart attack.
Pearce came to Pampa 16 years ago from Albus, Okla., when he went to work for the Culberson Chevrolet Company. He served as deputy sheriff for four years and for the past five years he had been chief of guards at the Danziger Refinery until it closed in January.
Survivors are his wife, Vivian; a son, Garland; three daughters, Mrs. Oscar Theison, Kermit, Mr. A. L. Smith, Plainview, and Mrs. C. P. Jackson, pastor of the McCullough Methodist Church, assisting. Pallbearers will be Paul Crouch, James Barrett, Bill Mobery, Aaron Meek, Leroy Spence, and Jess Reeves.
Interment will be at the Fairview Cemetery.
Clegg Funeral Home is in charge of the funeral arrangements.

Insane Murderer Escapes Third Time

PHOENIX—(AP)—Winnie Ruth Judd, who killed two women and shipped their dismembered bodies to Los Angeles in a trunk in 1931, escaped early today from the State Hospital for the Insane, Dr. John A. Larson, superintendent, announced.
It was her third escape from the institution since she was saved from execution by being adjudged insane.
Her escape from a second floor cell room was discovered by an attendant at 12:30 a.m. She was last seen at 3 p.m.
Dr. Larson used the word "connivances" in explaining the escape of the 42-year-old murderer.
He said she was believed to have used a key which opened two doors, one on the second floor—which allowed her to descend a stairway—and another on the ground level.
A gate on the north side of the hospital grounds was found open, Dr. Larson said.

New Engine Arrives For Power Plant

CANADIAN—(Special)—The new 1,000-horsepower engine to be added to the city's power plant arrived late last week. Several parts are yet to arrive, but they are expected by the time the installation is ready for them.
Electricity was turned into the new REA lines in the Gem community last week. Earl Waide, district manager of the REA, was in Pampa to attend the switch-throwing and to make a survey for the possible extension of electric lines to serve the Lake Marvin area.
Twelve operators from the Canadian Roping Club will enter the roping contest at Meade, Kan., May 17 and 18. Fourteen clubs have already entered that contest.

Tornado Injures 18, None Killed

By The Associated Press
At least 19 injured were counted in Texas and Oklahoma today after a series of small tornadoes caused extensive damage and property loss.
It was the fourth time in a month that tornadoes struck the two states starting with the devastating Woodward, Okla., storm on April 9.
In Southwestern Oklahoma, a twister dropped down at North Cowden, an oil-producing refinery 14 miles north of Oedessa. Then it hit Lenora, 40 miles further on. At least 15 persons were injured.
In Southwestern Oklahoma, three persons were hurt when a twister swept the Eldorado region, not far from the Texas border.
Lenora, Texas, was the hardest hit. The tornado swept down with- out warning on the tiny farming community, injuring 15 persons, including two critically. The cotton gins, six homes and a store were leveled and the school and church damaged.

WHAT'S UP—DOC!

WELBORN, Kans., (AP)—Hearing that Glenn Masterson, 11, had fallen in a pond, 20 Welborn volunteer firemen, sped to his father's farm yesterday with a rescuer.
The pond, nine feet deep, balked efforts at rescue by wading, so the men feverishly tore a break in the dam with crowbars, spades and rails to drain the pond.
As the water flowed out, Glenn came trudging down a road.
"Gee," he exclaimed, "you're looking for me?"

CHILD MARRIAGE—Alline Rolman, 14, left, leaving Winchendon, Tenn., courthouse with her father, Joe Rolman, following hearing in which Rolman charged her husband of less than a week, R. S. Holt, 61, with abduction and violating the age of consent. At right, Holt, farmer and part-time minister, thumbs through his Bible in jail cell after being bound over by a grand jury.

Texan Dies in Crash Near Shreveport, La.

SHREVEPORT, La.—(AP)—Virgil Alin Pancher, 41, Shelbyville, Texas, was killed instantly about midnight Saturday in a highway accident two and one-half miles west of Shreveport.
Driver of the vehicle, R. T. H. Harvey, 20, Shelbyville, a soldier on terminal leave, suffered a fractured left leg and Willie Gene Pancher, 17, nephew of the victim, received minor lacerations. The accident occurred when the car ran off the road, crashing into a gas-line station building.

What To Do For That Sluggish, Down-and-Out Feeling

Remember the time when you could eat like a horse, bubbled-over with energy, felt happy as a lark? Was it not because you liked to eat—didn't know what digestion was, felt strong as an ox? As age advances the blood comes and goes—ever-changing blood! need help. Now you may again release vibrant energy to every muscle, nerve, cell.

RETURN ENGAGEMENT By Joan Davenport

THE STORY: Salty plies Vicky for her unusual child. "You'd better for a child," he declares. "It's what you'd want for your children, isn't it?"

Victoria gasped. "Why, really—No, Salty," she said with spirit. "I can't say I did."

WHEN she got back to Gray Shingles, everyone was downstairs waiting for lunch. As usual, an argument was going on.

Furthermore the House of Representatives in Washington passed by a large majority a bill implementing the President's program of aid to Greece and Turkey to help them withstand Communist aggression.

Success likely will depend on whether Russia and America can agree on a definition of democracy for purposes of the new regime.

Both groups have asked the railroads to set up committees for nation-wide bargaining.

Construction—Local wage disputes in the building trades are cropping up here and there, with more to come.

There already have been scattered strikes. Such disputes nearly always are confined to a single community but they have a heavy impact on that community.

shop under which employers may hire only union members.

WHITE DEER—(Special)—Interpreting an editorial, "Monsters Over the Hill," Lora Dale Wells, a freshman in White Deer High School, won first place in the girls' division of a declamation sponsored during April by the White Deer Lions Club.

"Let the Fascists and the Communists destroy each other. Saves us the trouble." "Fool!" cried Basil. "Do you think for one instant anyone can conquer Russia?"

"The English royal house are parvenus anyhow," said Basil. "I beg your pardon," Sir Charles said, "but the line goes directly back to William the Conqueror."

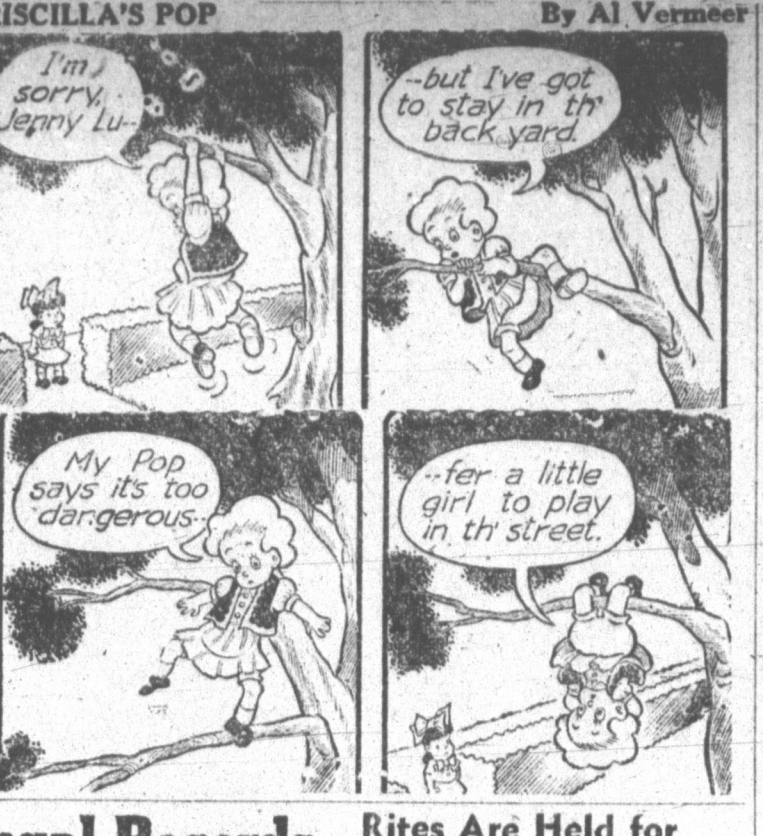

WHY MOTHERS GET GRAY WHY DIDN'T YOU GIVE ME A BETTER NEAREST TO IT? BY THE TIME YOU'D HAVE SAID "A FEW MORE OF THESE, IT WOULD BE TOO LATE!"
