# Investigators Hear Story of Gay Entertainment Program

## Full Week of Events Will Be Topped With Rodeo

### Jaycees to Sponsor Fun Night

After a weekend of many events, Top o' Texas and Western Week will get back into full swing Monday night, when the Jaycees will sponsor a Fun Night to be held in the City Park at 7 o'clock.

The fun night festivities will include audience participation contests, a community sing and an outdoor movie. There will be no admission charge for the evening's entertainment.

Wednesday following the parade, which will officially open the Top of Texas Rodeo and Horse Show, the Jaycees will sponsor a John Sluder barbecue at the City Park. Approximately 2,000 people are expected to attend the barbecue by the man most noted for the preparation of the type cuisine in the area, at which Mutual's Queen for a Day will be guest.

Chief of Police Louie Allen asked all of the local citizens that plan to attend either the fun night Monday evening or the barbecue Wednesday, not to park on North Cuyler Street in front of the park because of the narrowness of the street.

Rodeo performances will be held each night, Wednesday through Saturday, beginning at 8 o'clock. Various riding and rodeo events will be staged as well as special attractions including the usual rodeo clown. The Cowgirl Spikers Contest, which will be held each night, both American and National Quarter Horse shows will be staged during the days.

Following each rodeo performance, the Jaycees will be co-sponsors of both the modern and western dances to be held in the Junior High School Gym and the American Legion Hall. Music for the modern dances will be furnished by R. E. Smith and his orchestra, and for the western dances, by Jay Wiley. Dancing will begin at 10 o'clock nightly.

Friday and Saturday night, feature WESTERN WEEK, Page 8

**THICK ODOROUS SMOKE** from burning tires wafts over the southwestern area of Pampa as a quantity of rubber tires burned in the Pampa Pipe and Metal Works, 500 W. Brown St. The fire attracted hundreds of spectators and jammed roads and highways with cars that, annoyed police and firemen more than the spectators did good. (Photo by Neil Johnson, 1112 E. Francis St.)

**WESTERN WEEK SPONSORS**—Pictured above at their weekly luncheon are board members of the Junior Chamber of Commerce, sponsors of Top o' Texas and Western Week, which began Friday and will continue through the four-day Top o' Texas Rodeo and Horse Show. Seated are members of the committee in charge of the Western Week preparations. They are from left to right, Bill Behrman, Bill Smith, Jack Nimmo, Jaycee president, and Travis Lively.

## Deplorable Situation Is Overlooked

A "disgruntled" citizen said yesterday that the Dunking Crew of the Junior Chamber of Commerce had entirely overlooked a very deplorable situation.

To wit: the way certain officials are acting. It seems that Chief of Police Louie Allen appeared; on the city streets Friday and Saturday dressed like a Connecticut Yankee (as if all folks of that commonwealth were not Yankees).

To make matters worse he indicated that he intended to remain in that same costume (goodnight, Louie, don't you ever change your socks?) for the remainder of the stipulated time.

"Dad gum," he declared, asserted, said and stated, "There aren't any 14 Jaycees big enough or men enough to hale me before that dimwit judge the meant Judge Clifford Braly much less lower me into the ducking trough."

(There, now, don't say we whisper in your ear.) Then there was the City Hall "assault and attempted robbery" of one of the city's more refined and intelligent citizens by the mayor himself. The "brutal attack" occurred Friday afternoon in the main corridor of the City Hall when Mayor Huff, aided and abetted by one said city manager, Steve Matthews, did then and there with malicious aforethought attack and attempt to remove, take, rob, steal, pilfer, thieve and confiscate to his own use a pair of boots, (new ones) belonging to this anonymous and worthy citizen. The highly esteemed citizen managed to escape the grabbing paws of the town's chief executive and fled down stairs where he believed he would gain the deserved protection of the Police Department.

Did he get it? No, instead the Connecticut-Yankee-garbed Allen also attempted the same "shop-lifting" methods used only a few moments ago by the mayor: The unfortunate and long suffering citizen even attempted to file just and due charges with the police. No soap, he was lucky in getting away with even his cigarettes. The honorable citizen in See CITIZEN, Page 8

## Officials Alerted on 'Invasion' Mystery Tip

WASHINGTON—(AP)—A State Department relay of a "rumor" that seven fighter planes were poised in Florida "for a Caribbean destination" sent authorities there on a fruitless hunt Saturday while Dominican Republic air patrols got set to flight off an "invasion."

Nothing happened—anywhere. The Dominican Republic, whose officials have been talking for months of a plot by "Communist revolutionaries" to invade the country, told its ambassador here that "all precautions" were being taken but "not a single aircraft had been heard in the sky."

The Dominican Republic, whose officials have been talking for months of a plot by "Communist revolutionaries" to invade the country, told its ambassador here that "all precautions" were being taken but "not a single aircraft had been heard in the sky."

## East Indies War Continues Despite Order

(By The Associated Press) Fighting in the Netherlands East Indies continued Saturday while the Dutch Cabinet at The Hague met in an extraordinary session to consider Friday's cease fire order issued by the United Nations Security Council.

Dutch military forces in Java were consolidating their positions and claiming new advances in Sumatra. At the same time, both The Netherlands and Indonesian governments debated the issue in the light of the U. N. demand. And in Washington, Ambassador Eelco Van Kleffens of The Netherlands, expressed confidence that a "peaceful solution" to the Pacific war could be reached.

Van Kleffens, following a half-hour conference with United States Under Secretary of State Robert Lovett, declared that he expected to hear further from his government on whether Netherlands forces in Indonesia now would suppress their offensive in view of U. N. and American moves toward a settlement.

The United States, several days ago offered its "good offices" in hopes of bringing peace to Indonesia. Friday the U. N. Security Council called upon the Dutch and Indonesian governments to "cease hostilities forthwith."

In an interview in Batavia Saturday, H. J. Van Mook, acting governor general of The Netherlands East Indies, expressed doubt that the Republic government could enforce a cease fire order. "We can stop hostilities," he said. "But I wonder whether the other side can."

Some Indonesian quarters felt it would be practically impossible for them to notify all units of the Republican forces of such an order.

Van Mook stated further that although he expected to be advised of his government's attitude "today or tomorrow" (Saturday or Sunday) Dutch military operations were reported proceeding "without a hitch and days ahead of schedule."

In the Hague, while The Netherlands cabinet met, U. S. Ambassador Herman Bechler predicted "prompt and rapid" developments. Baruch formerly presented the American offer of its "good offices" and declared that the offer "must be considered completely informal and elastic."

## Five Thousand Reported Spent On Roosevelt

WASHINGTON—(AP)—A story of \$5,083.79 worth of gay entertainment supplied to Elliott Roosevelt and companions at the expense of Howard Hughes was spread yesterday on the records of the Senate War Investigating Committee looking into Hughes' wartime contracts.

John W. Meyer, free-spending publicity man for Hughes who "never saw anyone else pick up (a check) in my entire career," told of one New York night club party for Roosevelt costing \$106 on the day the President's son drafted a report recommending a multi-million dollar government contract for Hughes' photo reconnaissance planes.

But before the Senators got all the details of expense vouchers showing generous presents to girls, bills for liquor, theater tickets and even headache tablets, the hearing broke up last Monday in an angry dispute over Meyer's wartime draft record.

The plump publicity man testified that in 1943 he had introduced Roosevelt, then an Air Force Colonel, to Fay Emerson—movie actress who became Mrs. Roosevelt.

Meyer insisted under questioning by Senator Ferguson (R-Mich.) subcommittee chairman, that it was his "job" to pay entertainment bills for Roosevelt and his friends, including gifts to the girls invited to parties in California, New York and Washington hotels and night clubs.

Everyone—Meyer, the senators and a huge crowd of spectators—appeared to be enjoying Meyer's quips about the price of liquor and his check-grabbing habits until Senator Cain (R-Wash.) switched questions to Meyer's wartime draft delinquency.

Tom A. Slack, Houston, Texas, attorney who has been representing the various Hughes companies at the hearing, protested that Meyer's draft record has no connection with the probe of airplane contracts.

Within a few moments Slack and Senators Ferguson, Cain and Brewster (R-Me.) were shouting at each other.

Ferguson said Meyer's draft record is a "material issue." Cain noted that Meyer had claimed "four dependents" in testimony and no skill in the jobs on which draft deferments were based. Meyer identified them as "my mother, my dad and my two aunts."

Cain asked that the records of Meyer's six deferments go to the Department of Justice for whatever action may be taken.

"PAINT OUT MY DOUBLE-CHIN"—John Meyer, publicity man for Howard Hughes, is questioned by Washington newsmen as he left the Senate War Investigating Subcommittee. Meyer declined to pose for photographers, but when they took him by surprise he quipped, "Please paint out my double-chin, boys."

## U.S. Considers Cut In Occupation Force

WASHINGTON—(AP)—The United States as well as Britain was reported Saturday to be considering further reductions in the strength of occupation forces in Europe—to save manpower rather than dollars.

Tentative official calculations have been made in Washington and Berlin, authorities told a reporter, on what cuts might be made without imperiling American aims and upsetting the balance between the Western Allies and Russia.

One top level, though off-the-cuff, estimate was that the number of American troops might be pared more than half without risking trouble with the German population in the U. S. zone. But the German attitude is recognized as only one factor.

A new and uncertain element was introduced, however, by Prime Minister Attlee's proposal to slash British military commitments as part of the Labor government's drastic new effort to bolster Britain's sagging economy. As a result, the question whether the United States can follow suit appears destined for further study before a final decision is made.

The Army's position is that with Germany divided, international relations clouded and Russia's ratification of the satellite peace treaties delayed, the 150,000 or so American troops in Europe are a rock bottom minimum.

That position has been under urgent review, however, because of the various difficulties since the end of the draft. The size of the occupation forces was based on a regular Army establishment with total strength of 1,070,000 authorized by Congress. With the decline in voluntary enlistments it has shrunk to fewer than 1,000,000 and is expected to go down further.

Of these, 400,000 are committed to occupation duties in Europe and Asia and most of the remainder to the task of keeping the occupation troops supplied. The latter are the 80th—plus service troops standing by in Italy under Lt. Gen. John C. H. Lee.

Russia's delay in ratifying the peace treaties, has put off the planned withdrawal from Italy, and the stalemate over a settlement with Austria threatens to keep the force there indefinitely.

Britain has about 350,000 troops on the continent altogether, including fewer than 300,000 in Germany, possibly 28,000 in Austria, 20,000 in Italy and 6,000 in Czechoslovakia. The latter have been scheduled to leave for months.

In Europe as with a whole balance of military power with Russia is maintained largely by factors other than troops strength. The Red Army has been reducing but is estimated to have together about 1,000,000 men on the continent outside Russia's borders compared with 500,000 in the British-American combination and 100,000 French occupation troops.

## Palomino Show Entry Deadline Set Tuesday Noon

Deadline for entering the palomino show has been set for Tuesday noon, and the entries are not coming in fast enough, Dr. Malcolm Brown, chairman of the palomino show committee, said yesterday.

A number of prizes are waiting the contestants, he stated; and all riders of palominos are urged to enter before it is too late.

Halter judging will begin at 1 p. m., Tuesday, the first event of the Top o' Texas Rodeo and Quarter Horse show. From Monday on the stalls, grounds and buildings will be open to owners and their horses, he said.

Trophies and ribbons to be presented in various phases of the palomino show are now on display in the window at Modern Pharmacy, 115 West Kingsmill St.

Palomino performances will be held during the Kid Pony Show Tuesday evening, the chairman said. A grand entry of the horses and their riders' carrying flags is planned. Presentation of the palomino show prizes—which will have been won in the afternoon show Tuesday—will be presented on Wednesday night.

Any woman who rides a palomino in the halter judging will be eligible to compete in a ladies doughnut race on Wednesday night. The doughnut race involves taking a bite of doughnut suspended from a line, without the use of the rider's hands. A woman's Stetson Western hat is first prize.

The bell call roping contest, for all halter entries, will be held, the first prize for which will be a \$25 Stetson hat. A rider must rope an un-belled calf first, and then is eligible to rope the belled calf for a prize.

Any horse which competed in the halter class may be ridden by any person in the roping contest. This contest will entail figure-riding and manevring.

"We have a bunch of good prizes," Chairman Brown said. "and we know there are a lot of palomino horses in this area. We urge all to enter."

**TOASTMASTER'S PICNIC**—Members of the Pampa Toastmasters Club and their families will have a picnic at the City Park on North Cuyler St. Monday evening, beginning at 7, it was announced yesterday.

## Replies to U. N. Order Awaited

LAKE SUCCESS—(AP)—The United Nations yesterday awaited replies from the governments of The Netherlands and Indonesia to the Security Council's unprecedented cease-fire order.

A U. N. official, expressing confidence that both parties would comply swiftly, said answers were expected in "two or three days."

There is no exact provision in the U. N. Charter setting forth a time limit for replies and compliance, and this official said the ordinary delays in diplomatic communication would have to be taken into account.

The Council decision calling upon the two governments to stop fighting in Indonesia and settle their disputes by arbitration or other peaceful means, and to keep the Council informed, was wired to the Indonesian government early Saturday and handed directly to Dr. Eelco N. Van Kleffens, Dutch ambassador to Washington, for transmission to his government.

It was the strongest and fastest action ever taken by the U. N. In the Hague the Dutch cabinet went into extraordinary session to consider the U. N. decision.

The case, filed jointly by India and Australia, now lies dormant on the Council's calendar pending reports. However, any delegate can call for reopening debate at any time.

## State Approves Paving Job on Street in Pampa

The Texas State Highway Department Friday approved the recommendation of District Engineer Guy Lott, Amarillo, for widening of one-half mile of highway along S. Hobart St., making it a 60-foot street from W. Brown St. to McCollough St.

Two blocks of this strip are inside the city limits of Pampa between W. Brown and Crawford Sts. The project will cost the State \$13,000 with the city and county paying for the curb and gutter, rights-of-way, storm sewers and other utilities.

City Manager Steve Matthews said yesterday he was informed all residents on the county side of S. Hobart St. had put up their own money for installation of curb and gutter. He added the city is ready to accept all petitions from residents on the city side (west of S. Hobart) for the construction of curb and gutters. The residents will have to pay for installation of themselves. The State will provide the asphalt paving along the half-mile stretch, taking the paving right up to the curb and gutter line of each property owner. The residents living on the county side of the street will have to call for a contractor to install their curb and gutter, Matthews said.

## Shrimp Fleets to Be Blessed Today

MORGAN CITY, La.—(AP)—The twelfth annual blessing of the shrimp fleets of Morgan City, Berwick and Patterson—a ceremony repeated by other coastal towns and villages along the Louisiana perimeter of the Gulf—will be held here at 11 a. m. today.

The religious ceremony, which precedes by a week the beginning of the second part of the 1947 shrimp season, is one which goes back to Biblical days and which was brought to this country by Breton fishermen. For many years it had not been observed but it was revived 12 years ago when shrimping operations were extended to the open waters of the Gulf.

Officiating during the blessing will be Father Jules Tours, pastor of Morgan City's Sacred Heart Catholic Church. An assisting priest will be Father Bernard Mistretta and Father Thomas Allain, of the same church.

Aboard the "Captain Gene" commanded by Capt. Gene Olsen, the priests will slowly circle the harbor blessing with Holy Water the shrimp vessels docked along the waterfronts of Morgan City and Berwick.

Vessels of the fleet have been overhauled and repaired for the occasion and after the ceremony of blessing, carried out in solemn silence, is over, the gaiety and celebration which began here Saturday has resumed. Planned for the event are races on the river, dance, parades and other entertainment.

**TOP OF TEXAS RODEO HORSE SHOW**

**PAMPA AUG. 6-7-8-9**

**"LIGHT AND HITCH"**—Laura V. Hammer, above, will devote her entire program at 9:45 this morning over Radio Station KGNC to the third annual Top o' Texas Rodeo and Horse Show. Miss Hammer, who is an authoress and commentator, has regular Sunday morning chats with residents of the Panhandle during her program. "Light and Hitch," a pioneer of the Panhandle, she has told many interesting stories of the Panhandle.

**Lease on Airport Land Is Let by Gray County**

Former City Engineer George W. Thompson Friday afternoon was named by the Gray County Commissioners' Court as the successful bidder on 400 acres of tillable lands located on the Pampa Army Auxiliary Airport Number 2.

Thompson placed a rental bid of \$4,321.25. Seven other bidders entered rental bids ranging from \$1,604 to \$3,300 on the land the Commissioners Court put up for lease bid for one year. The lease runs from August 1,

1947, to July 31, 1948. Thompson will have until August 10 to sign the contract with the county. He must then pay one-half of his bid upon signing of the contract; then one-fourth on January 1, 1948, and the balance on July 1, 1948. The first payment, according to the contract, would call for \$2,160.62; followed on January 1 by a payment of \$1,690.38 and a like payment on July 1. The county was granted the airport by the War Assets Administration several months ago and decided to lease it out to prospective agriculturalists. The contract prohibits the farming of runways or land lying immediately beside them and forbids mechanical equipment

**July '47 Construction Slightly Ahead of '46**

AUSTIN—(AP)—Texas construction awards totaled \$63,567,523 in July, slightly ahead of the \$55,464,997 total for July 1946, the Texas Contractor, Building Industry Trade Journal, reported yesterday.

from crossing or moving along the runways.

Other bidders and their bids were: Daugherty Brothers, \$3,300; Mrs. Maye Skaggs, \$2,800; C. V. Wilkerson, \$2,629; Donald Walberg, \$2,400; James O. McCracken, \$2,000; W. A. Greche, \$1,680; and O. B. McDowell, \$1,604.

This week's \$7,422,807 in lettings brought the total for 1947 to \$365,758,050.

Residential contracts for homes costing less than \$7,000 came to \$3,129,710 for 447 one-family units. Six residences to be built for more than \$7,000 each ran to \$72,500.

Apartments providing quarters for 26 families were contracted for a total of \$125,000. One duplex was planned at a cost of \$8,000.

Total for residential contracts was \$3,335,210.

Non-residential contract awards amounted to \$3,543,711, of which \$1,462,574 was for schools. Engineering awards totaled \$542,856. No large jobs were announced during the week.

## ANTHONY'S SCORE AGAIN

### Citrus Industry Holds Limelight In Month's Review

DALLAS—(AP)—The Texas citrus industry got the limelight in this month's Business Review of the Dallas Federal Reserve Bank.

Of the 16 pages, nine extolled the growth of Texas citrus orchards that have "increased 50-fold during the past 20 years and now accounts

for about 15 percent of the U. S. crop."

The Review, written by William A. Faught, agricultural economist for the bank, points out that the value of the Texas crop rose from \$26,730,000 in 1930-40 to \$41,640,000 in the 1945-46 season.

Regarding general conditions in the state, the Review said:

"Harvesting of the greatest wheat crop in the history of Texas was completed during June and July. Acres for harvest of other important grain crops, except rice, are somewhat less than those of last year."

"Texas cotton acreage this year is about one-third larger than the small acreage harvested last year, and the condition of the crop in most parts of the state at mid-July was generally good."

"Reflecting the slowing down which has been in progress for several months in the volume of spending for most soft goods at department stores, total sales of these stores in June declined somewhat more than seasonally from May, and, for the first time since August, 1942, fell below the total for the same month of the preceding year."

"Nonagricultural employment in

the district at the beginning of summer in manufacturing, construction and service industries approximated the postwar year attained in September, 1946. Although the value of new contract awards for construction projects in Texas during June was more than 25 percent greater than in the same period last year."

### Wheeler County Land Owners Invited on Trip

SHAMROCK—(Special)—County Agent W. K. Frey, expressed the hope last week that a large delegation of Wheeler County land owners would make a field trip to Reydon, Okla., on Tuesday, August 12, to get first hand information as to what can be accomplished by re-seeding worn-out land to grass.

Farmers and other land owners from throughout the county are being urged to make the trip and attend the demonstration.

Bob Clark has asked those who wish to attend from the Shamrock area to meet at Earl's Grill at 8 o'clock on the set date. Those in the north part of the county may gather at the county agent's office at 8:30 o'clock and the delegation will go in a group.

Frey told members of the Boosters Club Wednesday that he felt the trip would be worth much to all who would take time off and go.

To those unable to join the group, the following directions are given: Go nine miles east of Wheeler on Highway 152 to the midway station; turn north there into Allison; then resume the eastward course into Reydon.

### SIDE GLANCES BY GALBRAITH

"The only thing wrong with you is that you've been pushing yourself too hard!"

### Carson County Raises \$2,520 for Museum Fund

PANHANDLE—Carson County contributions through July to the Panhandle-Plains museum building fund at Canyon totalled \$2,520. This announcement was made yesterday by David M. Warren, Carson County director and first vice-president of the Panhandle-Plains Historical Society.

Seventy-seven donations for an average of \$31.43 per gift have been made. The Carson County campaign was given a good start with a \$1,000 gift July 8 by Henry Schafer, Skellytown rancher and oil man. Other gifts brought the total to \$2,005 by July 13.

Gifts of \$255 were made during the week ending July 25 and donations of \$260 were made during the remainder of the month.

These gifts are part of the \$50,000 campaign being conducted for completion of the second unit of the museum under the direction of H. C. Pipkin of Amarillo.

Campaign has been organized at Groom with Cecil L. Culver, cashier of the State National Bank, and Max Wade, editor of the Groom News, in charge.

Work will be done later in the White Deer, Skellytown, Conway and Gulf camp communities in the county in order to give as many persons as possible the opportunity to contribute to the building fund.

Sheriff Clarence C. Williams gave the \$10 that took the campaign to the \$2,500 mark. Several gifts of \$100 have been made with indications that more generous donations will be made.

### Panhandle Schools To Open Sept. 1

PANHANDLE—(Special)—Opening of schools in the Panhandle Independent School District was set for Tuesday, September 2, by the board of trustees at their monthly business meeting this week. As September 1 is Labor Day, the board thought that it might be well to observe the day.

The board set the tax rate for 1947 at 93 cents per \$100, the same as for last year. Nine cents will be used for the interest and sinking fund and 84 cents for maintenance and support of schools.

Supt. Cecil B. George was appointed custodian of books, a position his office technically fills.

The board also authorized the taking out of a partition in the grade school auditorium. Nell Singleton of Amarillo is expected to do this work and also some repairs on the high school building in the near future.

SHADES OF ROMANCE  
In a Minneapolis drugstore, a 17-year-old, buying a lipstick as a present for his girl, was at a loss when asked the shade. Suddenly his face brightened; he whipped out his handkerchief and pointed to a crimson smear. "There," he exclaimed happily. "That shade!"—Reader's Digest.

### School Enrollment Requirements Listed

SHAMROCK—(Special)—Parents of children who will enter school for the first time this year, are reminded that there are two enrollment requirements. Each child must have a birth certificate, showing he was born prior to Sept. 1, 1941, and must have a smallpox vaccination certificate.

The Shamrock school will open September 1, and parents are urged to make necessary arrangements now to avoid any inconvenience later.

### Number of Guests Meet With Club

Members of the Otter baseball team, Korn's-A-Krackin', and several other persons were guests of the Pampa Kiwanis Club Fri., noon at the First Methodist Church.

One of the several bands entertaining during the rodeo and horse show this coming week—the Basin Street Wrangler Boys—presented a program of music.

The Matthews brothers quartet—one of the many features of Korn's-A-Krackin'—were encored numerous times as they presented both barber shop and spiritual numbers. They were accompanied at the piano by a youthful maestro, Bill Hickman, who at 24 is a teacher of music in a Springfield, Mo., college.

Quentin Williams, from the Top of Texas Rodeo and Quarter Horse Show Association, made announcements pertaining to various phases of the week's entertainment ahead. Douglas Carver, pastor of the First Baptist Church, described the famed Hardin-Simmons Cowboy Band which will lead the Top of Texas parade next Wednesday.

### Local Showings of Circus Well Attended

Approximately 4,000 people witnessed two performances of the world's choicest circus talent, all assembled under the big tent of the Clyde Beatty Circus here yesterday afternoon and last night.

The circus, which has been completely refurbished and enlarged with a host of sparkling new acts and innovations thrilled young and old throughout the two hour show.

The circus' appearance in Pampa was sponsored by the Junior Chamber of Commerce.

## State Road Plans May Equal Budget

AUSTIN—(AP)—If the State Highway Department keeps taking over the maintenance of more roads, its cost of maintaining will eventually equal the total income for the department.

Regular maintenance of state highways will cost \$1,600,000 more next year than this year, the Highway Commission estimated in a report yesterday, announcing approval of a \$12,547,186 budget for upkeep of 27,353 miles of highway on the state system.

The budget covers the fiscal year beginning Sept. 1.

Commission Chairman John S. Reddick said the increased budget was partly the result of adding 1,158 miles of road, mostly of the farm-to-market class, since the last budget was made.

The need for additional equipment and increased material and labor costs also necessitated an expanded budget.

Upkeep of a mile of road next year will cost an average of \$1.19 per day compared with \$1.09 at present; and \$1 a year ago, the Highway Department figured.

The budget does not include "bet-

terment" work, which is expected to top \$3,000,000 per year for specific improvements or replacements such as major bridge repairs, gravel shoulders and new surfaces.

"Since 1929 the state's mileage under maintenance has more than quadrupled, and additional mileage is added daily," Reddick said.

"As mileage under maintenance increases, the portion of our revenue required for maintenance will increase, and the portion available for new construction will dwindle," he continued.

"If the present trend continues, the highway system will ultimately expand until the cost of maintaining it will equal the total income for the department."

## Two Are Injured in Auto-Truck Wreck

CORSICANA—(AP)—L. E. Plezker and H. E. Greenhaw, both of Dallas, received lacerations and bruises in an automobile and truck collision near here Friday.

The driver of the truck, Charles Holmes, 18, of Mexia, and his younger brother, Maxie Holmes, 12, were not injured.

A newly born kangaroo is only about one inch long and weighs approximately 1-3/50 of a pound.

## Famed Hellzapoppin' Has A Hillbilly Counterpart

Up in the hill country of Southwest Missouri—where they eat watermelon right out of the rind—the natives take to fiddlin' and hoe-down just like they go for their Sunday meetin'. And fiddlin'—combined with some good harmony and solo singin'—means Korn's-a-Krackin'.

Korn's-a-Krackin' combines the versatility of some two dozen natives of the Ozarks, and they have staged each Saturday night there and in surrounding towns. Weaver Brothers and Elviry, grass-roots hill-billys in their own Ozark country, made an appearance. The show went to Memphis, Tenn., Kansas City, Joplin, Mo., and Pittsburg, Kan.

The performance grew up—the undramatic lags in the show were eliminated the artists learned to coordinate their talents. The results were gratifying, and bids from bigger circles began to filter in. Mutual Broadcasting System had the clearing time best suitable to the Ozarkians.

Their Texas-born leader, King Korn, aired his show nationally a year ago last January. It's truly homespun, and Mutual's 400-plus cluster of stations eat it up. Needless to say, it stands at the top for its kind of entertainment.

The show stays around Springfield. King Korn is a leader, and he is also a singer. His ad lib fills the "air" pockets, and he doesn't always follow the script. Not the least popular is his "philosophizing"—way down to earth homespun in quality—and that draws the curtain on an hour and a half show, the last 30 minutes of which is heard each Saturday night at 9 (CST) on Mutual and KPDN, Pampa, the voice of the Pampa Daily News.

Bill (King Korn) Ring, manager and emcee of the show, says the idea for Korn's-a-Krackin' was conceived when he and a few of the fellows were returning from Kansas City where they had seen a stage rendition of Olsen & Johnson's Hellzapoppin'.

"Why not," someone mused, "have a hill-billy version of Hellzapoppin'?" And it would be called "Korn's-a-Krackin'".

Instead of the tree gag, which starts as a sprout and is a tree when Hellzapoppin' is over, there would be a farmer in the lobby with a calf, and by the time he leads her down the aisles at the end of the show, she is a cow. Instead of a man reading a newspaper on the stage—as in Hellzapoppin'—there would be a hill-billy sitting on the stage whittlin'. By the time the show is over, he is shrouded behind a mountain of shavings.

That was the original Korn's-a-Krackin'—back in 1940. It was presented as an annual stage production—running for a week—at Springfield. In 1944, with a growing reputation, the show took to the air over the local station—KWTO (Keep Watching the Ozarks)—and was fed to KCMO, Kansas City. It was

field from September to May, when it takes to the road. While at home, it conducts a square-dance contest for a bigger drawing card.

King Korn is a leader, and he is also a singer. His ad lib fills the "air" pockets, and he doesn't always follow the script. Not the least popular is his "philosophizing"—way down to earth homespun in quality—and that draws the curtain on an hour and a half show, the last 30 minutes of which is heard each Saturday night at 9 (CST) on Mutual and KPDN, Pampa, the voice of the Pampa Daily News.

## District Court Opens Monday at Panhandle

PANHANDLE—(Special)—District Court will open Monday, August 4, with Judge Luther Gribble of Wellington, presiding.

The court term will continue for four weeks. The 100th Judicial District now includes Collingsworth, Childress, Hall, Donley and Carson counties, which was added by legislation enacted by the last session of the Legislature.

Under the continuous session of court provided by court procedure the past year, Judge Gribble will hold court in Panhandle the fourth Friday of every month.

District Attorney Leonard L. King and Court Reporter Allen Harp are both from Childress.

## Borger Youth Attends Seminar In Washington

WASHINGTON—(AP)—Three Texas boys are among the 103 youths here for a week's seminar sponsored by the American Legion.

The trio, all on their first visit to the Capital, are Roy Lee Dunn, 18, Borger; Travis (Chaddy) Lipscomb, 16, Bryan, and Raymond Lanford, 17, Houston. They enrolled Friday at the American University for the "Boys' Forum on National Government."

With other members of the group they inspected Senate and House chambers yesterday and heard Democratic and Republican Party officials explain how laws are made and presidents elected.

"This is a wonderful experience for all of us," said Roy Dunn.

"We are learning an awful lot that we could not expect to get out of text books. It should make us all better citizens."

Dunn expressed keen interest in all governmental departments and in his tour of the Capitol said he plans to pay a visit later to Rep. Worley (D-Tex).

Dunn arrived Friday by plane from Amarillo and soon joined up with the other Texas boys. Lipscomb and Lanford had met on the train at Palestine.

All of the boys said they were awaiting eagerly a scheduled visit Tuesday to the White House, where they will be received by President Truman.

COMMUNITY SINGING

A community singing will be held this afternoon at 2:30 o'clock at the Church of God.

Tea is grown in Ceylon, India, Java, Sumatra, China, Japan and Formosa.

## New Decision Issued On Use of Highway Rights-of-Way in State

AUSTIN—(AP)—Erection of power, telephone and pipe line along state highway right-of-way will be limited to lines providing service to the adjacent land owners, the State Highway Commission said yesterday.

"The use of state highway right-of-way by utility companies is justified for bringing water, power and telephone service to those whom the road serves. State Highway Engineer D. C. Greer said in explaining the policy.

"But the commission does not consider it good public policy to permit the right-of-way to be used for general long distance transmission of fuel and power."

Permits will be issued for public telephone-line-and-private-lines-if no other telephone service is available.

High tension power lines will not be permitted, but distribution lines

## FREE OFFER for Deafened Persons

For people who are troubled by hard-of-hearing, this may be the means for starting a new, full life—with all the enjoyment of sermons, music, friendly companionship.

It is a fascinating brochure called "Full-tone Hearing" and is now available without charge. Deafened persons acclaim it as a practical guide with advice and encouragement of great value.

If you would like a free copy, send your name and address on a penny postcard and ask for "Full-tone Hearing." Write BELTONE, Dept. 18, 1450 W. 19th St., Chicago 8, Ill. Also show this important news to a friend who may be hard-of-hearing. dv.

servicing nearby and adjacent homes and communities will be authorized. Pipe lines for moving oil, gas or water from its source to a point of storage or shipment will be prohibited, but gas or water lines used primarily for distribution to nearby farms, suburbs and villages will be permissible.

# Tip from the Smart Sex

Who is it that's first to spot—and quickest to go for—a really fresh new fashion idea when it comes along?

The ladies, of course!

And who is it that, according to careful surveys, put Buick far ahead of its price class and up among the lowest-priced three when they name the car of their innermost choice?

The fair sex—but naturally!

And who is it, when you come right down to it, that gets the most practical use from enough stirring Fireball power to handle the day's travel-jobs without strain and struggle?

Who relishes most the restful ease of wide, cushiony seats, and the blissful gentleness of all-coil springs that make rough roads well-mannered and good roads glass-smooth?

Who goes for a car big enough to be company-minded—yet light and easy enough in handling to park without a tussle, and fit shadow-light through market-hour traffic?

Who, good friends, has the family's smartest eye-for-a-buy—the shrewdest size-up of what's really good?

No one but the Lady of the Household!

So we toss out this thought to you men-folks:

Chances are that you've been hankering for the kind of thrill that lurks in this great-hearted, great-powered beauty.

You'd sort of like to get your hands on a car as big and mighty as this—if you thought the better half could be sold on it.

Take our tip—she's already sold. Favored as it is by red-blooded males, no Buick we've ever offered has won the smart sex quite like this one.

So why not pull a pleasant surprise some evening soon? Just come home and say, "Well, I placed an order for a Buick today. They're taking 'em with or without a car to trade."

Then watch her fall all over your neck!

## Coaches Arriving For 16th Annual Coaching School

EL PASO—(AP)—The advance wave of football coaches and players began arriving yesterday for the 16th annual Texas High School Coaches Association Convention opening here Monday.

Harvester coaches Tom Tipps and Aubra Nonceaster were to leave for the meeting yesterday.

Final approval of the program was given at meeting of the Association officers and directors today.

The convention committee of the El Paso Chamber of Commerce also met to handle final preparations for the annual All-Star football and basketball games.

Bo McMillen, coach of Indiana University, will direct the north team in the All-Star football game, while Jess Neely, coach at Rice Institute, will guide the south squad.

Both are to conduct football classes during the Association meeting.

Uniforms for the two teams were announced. The north will wear blue jerseys with white numerals and gold pants and white helmets. The south squad will wear white jerseys with orange numerals and orange pants and helmets.

Officials for the two All-Star games were also announced. Kermit Laabs, Las Cruces, will be referee; Harry Phillips, El Paso, umpire; Charles Harris, El Paso, head linesman; and Chiuie Milner, El Paso, field judge. Jack Odin and Lee Floyd, both of El Paso, will officiate the basketball game.

Attending the meeting that approved the Association program were Harold Demert, Galena Park, president; Gene McColum, Port Neches, vice president; Bill Carmichael, Bryan, secretary; Bobby Cannon, Edinburg; Pete Shotwell, Abilene; T. E. Ward, Borger; Pat Pattison, Wichita Falls; Cooper Robbins, Breckenridge; Dan Stallworth, Goose Creek; Grady Hester, Weslaco; Clayton Hopkins, Odessa; and Barlow Irwin, Thomas Jefferson, San Antonio.

Tea consumption in the United States is three-quarters of a pound per capita per year.

## TYLER — P — Young Jimmy McLane of the New Haven (Conn.) Swimming Club whipped Bill Smith of Ohio State in the 400-meter free style, feature event of the National AAU Swimming and Diving championships last night, besting the holder of the national record by 20 meters.

This race, bringing together Smith, the ace of the shorter distances, and 16-year-old McLane, top man of the distance events, was a thriller. The powerful Ohio State speedster gained half length in the first lap and increased it to a length at 100 meters, but McLane overtook him and was even with him at 150. From then on McLane gained with each stroke.

The time was 4:41.9 which was 2.3 seconds over the national record set by Smith in 1942.

Finishing a close third was Charles Oda of the Hawaii Swim Club with Matt Mann, III, of the University of Michigan, fourth, Bunnei Nakama of the Hawaii Swim Club was fifth.

## Junior Baseball Team Is Treated by Jaycees

SHAMROCK. (Special)—Members of Shamrock's Junior Chamber of Commerce team received a treat Wednesday night when they were taken to Pampa where they saw the Pampa Oilers play the Albuquerque Dukes. Following the game, the local fans dined on t-bone steaks.

The players ended the season last Friday being defeated by the Children's team, 9 to 7, in a game played on the Chilress diamond.

Coach Jack Dillon expressed his thanks to the Holmes Motor Company for furnishing suits for the team and to the American Legion for sponsoring the play. "With the experience gained this year, plus the increasing enthusiasm, a successful season can be looked forward to next year," Dillon predicted.

## Tommy Holmes Leads Shamrock Fish Rodeo

SHAMROCK. (Special)—Tommy Holmes, Robert Adams and Billy Helms are leaders at the present time in Shamrock's Fish Rodeo for youngsters.

Tommy, a 10-year-old, caught a 14-7-8-inch fish early in the contest, a record that has not been broken by boys of that or other age groups.

Young Adams has set the pace in the 10 through 13 year age group with a 14-inch catch, and Billy, a 14-year-old, has a 12-inch landing to his credit.

Prizes are to be awarded at the end of the season, the winners to be announced at the annual Water Show to be held at the City Pool on August 22.

The contest is being conducted for both boys and girls by Game Wardens G. P. Davis. Youngsters under 17 years old are eligible to enter. Time in the Holmes Motor Company and merchandise prizes will be presented to the winners in each bracket.

The age groups are as follows: seven years and under; seven to 10 years; 10 through 13 years; 13 to 17 years.

First, second and third place prizes will be awarded in each of the four age groups.

**FORT WORTH BOXING**  
FORT WORTH—(AP)—Eight winners in the Fort Worth District TAAF Boxing Match held Friday night will compete in the State TAAF meet here Aug. 14-16.

Winners were Frank Escalante, 112; Roy Stewart, NTAC, 118; Clyde Daniels, 126; W. H. (Dub) Kelley, 135; Jack Lawrence, 147; Bill Burkhardt, 160; Douglas Harrison, 175; and Harold Kilman in the heavy-weight division.

## Presbyterian Sr. Boys Beat First Methodists 28-10

The Presbyterian Senior Boys went beserk Friday night and blasted the First Methodist Seniors 28-10 in a scoring affair. Home runs by Harbord Cox, Don Thru, James Weatherall, and Jimmy Howard helped to further the Presbyterian attack while Bill Soer was getting a lone circuit whallop for the Methodists. James Weatherall did mound duties for the Presbyterians and was never in any kind of trouble while James Gallimore was constantly getting into hot water with the Methodists.

The Central Baptist Senior Boys got back into the win column last night when they out fought the Calvary Baptist Boys 17-7. Ronnie Maxwell hurled for the winning central boys while Jimmy King tossed for the Calvary Baptists. The winners got off to a good start, scoring five runs as compared to the one allowed the opposition. The Central Baptists quickly followed these five tallies by adding 4 more to the list, but these only matched the 4 scored by the Calvary Boys in the top half of their inning. The "back-breaking" runs came in the fifth frame when the winners crossed home plate six more times.

The Presbyterian Jr. Boys had to come from behind and score 11 runs in the fifth inning to overtake and defeat the Nazarene Boys 21-16. The Nazarene Boys went ahead in the fourth, 8-4, when they tallied four runs, but when the Presbyterians ran wild for their 11 in the fifth the Nazarenes never recovered from this scoring spree.

The McCullough Methodist Senior Girls, although trailing at one time, showed the fans some real hitting power, blasting the Calvary Baptist Senior Girls 38-8. The Methodist scored 17 runs in the fifth inning, but these were not needed since the margin of victory was 30 runs. Betty Nelson was the winning hurler and did an excellent job all the way.

## Well-Fed Americans To Have Advantage?

WASHINGTON—(AP)—Congressmen took issue yesterday with a suggestion that the 1948 Olympics in Britain should be cancelled on the grounds that well-fed Americans would have an edge over those from food-scarce countries.

A survey among some of the lawmakers listening on Capitol Hill after adjournment produced general accord on this point:

The good will of international sports competition will triumph over the possible protests of unfairness in the event of an American sweep of the Olympics.

And there was general agreement, too, that the U. S. Olympic committee should arrange for all contestants to eat at equal levels both during the games and for a pre-games training period. The committee plans to take along a larger lot of meat and other food items scarce in Britain.

The congressional views were touched off by suggestions in the British press that the games should be called off next year.

## First Entrant Named In Softball Tourney

SAN ANGELO—(AP)—Hi Way Inn of Harlingen today became the first team named an entrant in the Texas Amateur Athletic Federation State Softball Tournament here Aug. 26-29.

C. E. Vail, TAAF District 18 director, notified State Meet Officials that Harlingen had qualified. Jackie Neel of the Harlingen team pitched a recent 26-inning tilt which Hi Way Inn lost to Abilene Jackson 1-0. Neel struck out 46 men.

At least two teams will be eligible from each of the 20 TAAF districts for the state tournament. One team will come from the district headquarters city or each metropolitan center (50,000 population or more) and one from the district at large.

Only the coastal regions and low-lying peninsula of Yucatan in Mexico have a tropical climate.

**HARTUNG TO DOCTOR**  
PITTSBURGH—(AP)—Clint Hartung, route right-hander of the New York Giants, visited a local hospital yesterday for an examination of an ailing right shoulder. The big 24-year-old pitcher from Honda, Tex., was hardly able to move his throwing arm when he awoke yesterday morning. Hartung has a 7-5 record for the year.

The two are nearing the 40 mark in circuit smashes, which makes for the best of the Texas professional baseball. No other league can boast of sluggers with such records. (AP Photo)

## Behrens Downs Mouldous for National Junior Tennis Title

KALAMAZOO, Mich.—(AP)—Herbert (Buddy) Behrens, Port Lauderdale, Fla., whizzed through Richard Mouldous, New Orleans, La., 6-2, 6-1, 6-1 yesterday to annex the 1947 National Junior Tennis title.

For the last out to Herbie Flam, Beverly Hills, Calif., in the 1945 semifinals and the 1946 finals.

Mouldous, who captured the boys' championship in 1945 and reached the junior quarterfinals last year, will have his final chance at the title in 1948.

Not only did Behrens win his first national championship, but he helped to break a 14-year California monopoly on the junior singles title. Both Behrens and Mouldous eliminated Californians in the semifinals.

As in all his earlier tournament matches, Behrens never was seriously pressed in his final encounter.

Earlier, Robert Perry of Los Angeles gained the boys' singles crown by defeating Allen Cleveland, Santa Monica, Calif., 3-3, 6-3.

The 14-year-old Los Angeles short-maker, who has one more year of competition in the boys' division, played a cautious game and seldom came to the net. The two finalists belong to the Los Angeles tennis club and live only a mile apart.

The unseeded Cleveland has another season of boys' play. Perry, who succeeds Gil Bogley of Chevy Chase, Md., lost five of his six game losses in his own service.

The No. 1 seeded team in the boys' doubles consisted of the champions as Richard Holyroyd of Delray Beach, Fla., and Hamilton Richardson of Baton Rouge, La., defeated Fred Hagist of Hollister, Calif., and Whitney Reed of Alameda, Calif., 4-1, 4-4.

## Sports Round-Up

**By HUGH FULLERTON, JR.**  
NEW YORK—(AP)—The best rookie first baseman in the Yankee organization, says one observer who should know something about both the Yanks and rookies, is Newark's Joe Collins.

That's an interesting point because George Mott was not likely to have another chance like this with the Yanks.

Collins was optioned out to Birmingham and hit .366. Since rejoining the Bears he's been batting above .350.

**Longhorn League Umpire Promoted**  
ABELLENE—(AP)—Ernest A. Gigliello, 28, of Lilly, Pa., will leave the Longhorn League's umpiring staff to join that of the Texas League, President Howard Green said here today.

Gigliello began his professional career in the Longhorn League this year. He will report to President J. Alvin Gardner, of the Texas League, tomorrow.

**JAYCEES GOLF**  
PEORIA—(AP)—Defending Champion Al Mergert of Spokane, Wash., went two up yesterday on Monte Litt of San Diego, at the end of 18 holes in the 36-hole final round of the National Junior Chamber of Commerce Golf Tournament. Mergert bettered par figures by one stroke with 36-35-71. Littler scored 36-36-72.

**QUOTE UNQUOTE**  
Two-sentence boxing lesson from Barney Ross during the Lesnevich-Mauriello fuss. "When you get a guy hurt, you got to hit him in the body. That's when you got to bring his hands down."

**From Alpine, Texas, a town of 4,000 population, comes the story of a rancher who dreamed of having a baseball park and made his dream come true.** Herbert Eckert, Jr., who played some college ball, financed the 1,000-seat stadium himself, saw that every comfort and convenience was provided and then assembled a semi-pro team that likely will win up in the national tournament at Wichita, Kas., 5. Probably he's just waiting for someone to ask: "Do you think you own the Park?"

**SWC Officials Will Meet at Fort Worth**  
DALLAS—(AP)—The annual meeting of the Southwest Football Officials Association will be held this year at Fort Worth Aug. 31-Sept. 1, according to Jimmy Stewart of Southern Methodist University.

Stewart said the meeting would be held at the Blackstone Hotel.

D. X. Bible, University of Texas, and a member of the Rules Committee, will conduct the rules interpretation conference on the opening day, Aug. 31, Stewart said.

**REITMEIER PROMOTED**  
SOUTH ORANGE, N. J.—(AP)—John Reitmeier, former Purdue University star, and Seton Hall prep coach for five years yesterday was appointed varsity basketball coach to succeed Bob Davies, who resigned to play professionally with the Rochester Royals.

At the same time, a 22-game schedule for the 1947-48 season was announced.

## Oilers End Bill Jones' Winning Streak With Victory Over Loboes

### Vic Raschi Geis Fifth Win; Shuts Out Indians 3-0

NEW YORK—(AP)—Rookie New York Yankee righthander Vic Raschi gained his fifth straight victory and his first shutout yesterday when he blanked the Cleveland Indians 3-0 with three hits in the second game of a double header before 62,837 fans, the largest day crowd of the season. The Yankees also won the opener 3-2 in 14 innings with Bob Feller pitching the first 12 innings for the Indians. The second game of the six and a half hour twin bill was halted after seven and a half innings because of darkness.

New York . . . 010 200 100 4  
Pittsburgh . . . 020 200 001 5  
CHICAGO—(AP)—Peanuts Lowrey and Eddie Waitkus led a 17-hit attack against seven Brooklyn pitchers with five safeties apiece to help the Chicago Cubs defeat the Dodgers for the second day in a row 12-7, yesterday. The Cubs used four hurlers with Hank Wysz, the second pitcher receiving credit for the victory.

Brooklyn . . . 020 201 200—7  
Chicago . . . 131 061 008—12

### Jr. Oilers Schedule Game With Wellington

The Junior Oilers were dropped from regional competition 2 weeks ago when they dropped a 13-1 game to Wellington. The Oilers did not entirely end the Juniors' season since they have scheduled a game next Sunday with Wellington, at Wellington. The locals have thus far met the Wellington boys twice and have beaten them both times by a one point margin.

George Gambin is due to start on the mound for the Junior Oilers and he will be seeking his sixth win against 2 losses.

The team is scheduled to work out on the diamond just north of Oiler Park, Monday, Wednesday and Friday of this week, and according to Paul Hill, team supervisor, all boys who wish to make the trip must practice this week.

### Williams-Montgomery Finish Up Workouts

PHILADELPHIA—(AP)—The Williams and Montgomery will wrap up their workouts yesterday, each confident that he'll emerge the winner in the fistic settlement of the disputed lightweight title Monday night at Municipal Stadium here.

In addition to finishing up his preparation for the 15-round battle, he plans to celebrate his 24th birthday later today.

Montgomery, New York-Pennsylvania-recognized lightweight king, is definitely in tip-top shape.

Flowers of the tea bush are white and slightly fragrant, but are not used commercially.

### LAST NIGHT'S GAME

**BULLETIN**  
Left-hander Al Johnston gave up only two hits in the opening game of the Oilers doubleheader with the Lamesa Loboes in Oiler Park last night, as he shut out the visitors 4-0. It was the first shut-out for the Oilers in their home park this year.

Led by first baseman Bob Bailey, who clipped out a single and a double in three trips to the plate, the Oilers safely lit Lamesa's Joe Lucio nine times.

Both Lobo hits off Johnston were doubles. Leftfielder Fowler collected his in the first frame while rightfielder Skrabacz connected in the final period.

LAMESA . . . 000 000 0 0-2-0  
PAMPA . . . 000 100 1 0-0-0  
Lucio and B. Johnston; A. Johnston and Warren.

**LATE SCORE**  
2nd Game—5th Inning  
Lamesa 2, Pampa 7

Pampa's Oilers broke a 16-game winning streak by Bill Jones, the West Texas-New Mexico League's leading pitcher, at Oiler Park Friday night when they beat the Lamesa Loboes 5-4.

The Oilers cracked a pitching duel between Jones and Dub Scott in the fifth frame to eke out a run on singles by Right Fielder Ray Bauer and Left Fielder T. J. Johnston.

Hits by second sacker R. C. Otey, center fielder Jack Riley and left baseman Bob Bailey, in the sixth inning, and an error by right fielder Sam Malvica, gave the Oilers three runs.

In the seventh inning, a pair of singles by T. Johnston and Scott added the Oilers final tally.

The Loboes started two uprisings, when they scored first, with two runs in the eighth inning, and again in the final heat with another pair of markers. In the eighth, second baseman Fiorio walked and then first baseman George Sturdivant, third sacker T. B. Palmer and catcher Bob Johnston all singled to tally a total of two runs.

Malvica was given a base on balls in the final frame and left fielder Fowler lofted one over the wall to score the final runs.

### Plainview Golfers Begin Quarter-Finals

PLAINVIEW—(AP)—Medalist Kay Bradshaw paced the Plainview Invitational Golf Tournament into its quarter-final round yesterday.

Bradshaw, who won medalist honors in a playoff of a three-way tie between Don Cherry, Wichita Falls, and Bill Cole, Quanah, meets Red Covington, San Angelo.

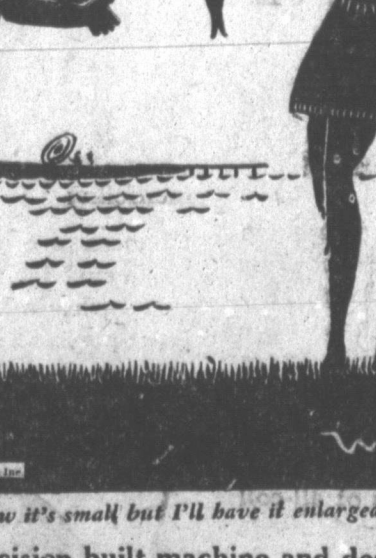

Other pairings today pit Clyde Blackwell, Roswell, N. M., against Chick Trout, Lubbock; Cherry against Hozzie Carson, San Angelo, and Frank Day against Jack Garrett, both of Plainview.

### Over \$5,000 Is Spent on Local Health Program

Pampa's rat-proofing program, begun about a year ago, has resulted in the treatment of some 155 establishments at a total cost of \$5,200, it was reported this past week by officials of the program. This represents a cost of \$33.61 per establishment.

Several establishments have been rat-proofed by the owners, in addition to the number listed as proofed by the rat-proofing corps.

The most important reason for eradication of the rat, it is stated, is to eliminate one of the most common carriers of typhus fever. The rat is also believed to transmit polio germs also.

The U. S. Public Health Service has reported that the most effective way to eliminate all types of typhus fever is to destroy the rat. Typhus control units have been set up all over the nation to assist local health departments in ridding the community of the pests.

DDT is used also in destroying the rat, as well as in other types of poison. Every infested building, it is said, should be dusted with DDT three or four days previous to poisoning. The rat will pick up the DDT on the feet and body and it is directly responsible for killing fleas which infect the rat. It has been proven, according to health authorities, that several cases of typhus can and have been spread where DDT was not used, for fleas will often attack human beings if their natural host, the rat, is destroyed.

### Disappointments in Store for Tourists

By BOB THOMAS  
HOLLYWOOD—(AP)—So you want to spend your vacation in Hollywood? Better think it over.

Licenses plates of every state can be found in Hollywood streets these waste days and the town is overflowing with tourists who want to absorb the movie capital's legendary glamor. Many of them, if they place hopes too high, are doomed for disappointment.

Let us cite the imaginary case of Mr. and Mrs. Henry Klump of Pasmic, N. J. They drive across a sizzling nation and arrive here to find every hotel and motel filled to the last closet. So they arrange to camp with Mrs. Klump's second cousin in Glendale.

The Klumps drive to downtown Hollywood and are surprised to find it looks not unlike Pasmic. Except

for some fancy health food and brasserie shops, it resembles any normal business district. The four corners of fabled Hollywood and vine boast merely a drug store, a bank, a restaurant and a department store.

Henry and his wife walk south to Sunset Blvd., and Ogle the radio studios. After a considerable wait, they are able to get tickets to an air show. But the program is "Honorable Gumshoe, Detective," a summer replacement show; none of the big radio stars is on during the hot months.

The Klumps naturally want to see how movies are made, and Henry has a good connection—an old lodge brother is a drop man in one of the studios. But they are instructed that movie making requires silence and privacy, and they would have to be no less than Louis B. Mayer's godparents to gain admission to a set.

So our visitors decide they would settle for the mere sight of a movie

star. They buy a map and make a tour of the stars' homes, but all of the occupants remain indoors. They eat at one of the swank restaurants, and Henry becomes slightly ill when he receives the check. About the nearest they come to seeing celebrities is viewing the cement footprints at Grauman's Chinese Theater.

### Three Persons Drown Following Crash

HOUSTON—(AP)—The bodies of three persons who were drowned Friday when a pickup-truck crashed through a guard fence and into a borrow pit north of Lynchburg

For Quick, Dependable Service Go to Clarence's Shoe Shop 109 1/2 E. Foster Pampa

had been recovered yesterday. Three of four other persons—one a 10-day-old baby, who escaped drowning, were taken to a Goose Creek hospital.

Victims were Mrs. Bessie Beall, 32; Wilma Jeanne Behne, 13, and Neva Lee Behne, 5, all of Clover Leaf.

Wallon Behne, 26, rescued his three-year-old daughter, Joyce Marie; and his wife, 24, held the infant in her arms during the crash and swam to shore. Mr. and Mrs. Behne and the baby were admitted to the hospital.

### Market Briefs

#### WALL STREET STOCKS

NEW YORK, Aug. 2—(AP)—The stock market during the past week afforded its sharpest mid-week rally but rallied Thursday and displayed a selectively improved tone in its final session. Bonds were narrow and commodities erratic.

Reasons for relatively heavy selling of securities in the fore-part of the week varied. Among them was the belief of holders that ten substantially rising weeks to a peak for the industrial since last August called for a substantial technical correction. The darkening British economic picture with successive slumps in the London market inspired offerings.

The domestic price spiral provided a cautionary argument with U. S. Steel and Bethlehem joining the rate-hoarding parade in this industry. There was the thought of consumer resistance hitting sales. The cloudy export situation was a factor. Earnings and dividends were cheering but there were exceptions here.

The Associated Press 50-stock composite was off 1.5 points at 65.9 on the week, widest recession since the period ended May 17. For July, though, the average showed a net advance of 2.6 points on top of a point in June. The week's turnover of 5,254,860 shares compared with 5,422,799 the week before. The July aggregate of 25,472,787 shares was the largest since last December.

Late selling Monday gave the list its most severe jolt since June 24. Liquidation gained momentum Tuesday with a drop of 1.2 points in the average, broadest since April 14. Offerings tended to dry up Wednesday but declines were well in the majority at the finish.

Short covering and timid investment demand enabled the market to negotiate a slow-going comeback Thursday.

Friday's apathetic session, while producing more gains than losses, resulted in but 70,000 shares, a slow since June 20. There were a few side-line jumps but narrow irregularity persisted throughout. The industrial average was up a shade, while the rail slipped. Aiding sentiment was the sale of a stock exchange seat for \$50,000, up 12,000 and equaling the year's high of last Jan. 7.

#### KANSAS CITY LIVESTOCK

KANSAS CITY, Aug. 2—(AP)—(USA)—Cattle slaughter 200; calves none; compared with Friday last week: Native and grass slaughter steers and heifers grading top medium and better steady; lower grade heifers around 50 lower; cows steady; bulls 25-50 lower; vealers and calves steady; stockers and feeders steady—acquire one cante cleanup; around 25 loads good and choice steers 975-1254 lbs 29.00-30.25; top medium and good 26.00-28.00; few loads wintered and caked White Face grass steers 27.00-27.50; similar kind 1000-1200 lbs 24.00-25.00; medium grassers 20.00-23.00; good yearlings 25.00-27.50, several loads top medium and good grass fat cows 18.25-18.25; common and medium 13.00-16.00; carners and cutters 10.00-12.25; medium and good sausage bulls 15.75-16.75; natives at latter price; good and choice vealers and calves 13.00-22.00; good and choice feeder steers 20.00-24.00; odd lots medium and good mixed stockers for 15.00-15.00; medium and good cows 12.00-14.00.

Hogs—Salable none; compared Friday last week: Unwean, light butchers steady to 50 lower; closing top 27.65 to both packers and shippers; some steady to 1.00 higher; most advance on 400 lb and down; best sows late 22.50.

#### FORT WORTH LIVESTOCK

FORT WORTH, Aug. 2—(AP)—Compared with a week ago, butcher hogs Friday were 50 cents to \$1 off, plus \$1 off and sows steady at Fort Worth.

Compared with a week ago, mature steers were steady, good fat cows strong and canners and cutters were steady, low grade canners and plain butcher cows 50 cents lower. Bulls, stockers, and fully feeders, fully steady; medium to low grade grass type weak to 50 cents off; best heavyweight fat medium butchers and calves and vealers under 240 lbs 50 cents to \$1 off.

#### FORT WORTH GRAIN

FORT WORTH, Aug. 2—(AP)—Wheat No. 3 hard 2.26 2.12  
Barley No. 2 1.70 1.75  
Oats No. 2 red 1.09 1.11  
Corn No. 2 yellow 2.12 2.14

#### CHICAGO GRAIN

CHICAGO, Aug. 2—(AP)—Corn rolled ahead into new high territory again today on the Board. Trade, sustained by persistent commission house buying which met a general scarcity of offerings. The yellow grain strength helped oats, but wheat lagged on hedge selling.

All corn contracts established new seasonal highs before profit-taking resumed best gains late in the day. September and December deliveries sold at the highest point for these two contracts in the board's history, while May was only a few cents under the \$1.50 peak in 1920 for that month.

Wheat closed unchanged to 1/8 lower, September \$2.31 1/4, corn 13 1/2¢ higher, September \$2.14 1/4, and oats 1/8 1/4 higher, September 95 1/2¢.

### Plans Made to Buy Old Cotton Crop

NEW ORLEANS—(AP)—The Commodity Credit Corporation has announced that it will buy 40,000 bales of old crop cotton but will consider only cotton in storage in warehouses approved by the CCC for the 1946 loan.

Director F. P. Biggs of the CCC said that offers to sell, which must be submitted in duplicate on forms provided by the corporation's New Orleans office, will be opened Aug. 8.

## Geography Was His Very Hardest Subject!

HOUSTON—(AP)—A 27-year-old Negro seemed to be mixed up on his geography when booked at the Houston police station on a minor charge.

Desk Sgt. T. F. Hambley said the Negro told him he had not been in the United States very long.

"Where do you come from?" the sergeant asked.

"Lafayette, La.," the Negro replied.

## Mystery

(Continued From Page 1)

some Lightnings and Mustangs have been sold as surplus and may be in the hands of civilians.

"There are plenty of young fellows in this country who know how to fly these ships," he said.

The Dominican ambassador, Julio Ortega Frier, told a reporter some days ago that he knew the revolutionaries had at least seven planes.

Ortega Frier said last Saturday that an army of 3,000 "Communist revolutionaries" from Cuba, Guatemala, Venezuela and Puerto Rico was poised in Cuba for an invasion.

The governments concerned denied it.

Thursday night he said that three ships, two landing craft and one corvette, had sailed from Cuba with invasion forces but he had no further word on this.

A wild goose has been photographed at an estimated height of 29,000 feet, almost 5 1/2 miles high.

## Network Show Gives Pampa, Rodeo Boost

Pampa, and the forthcoming Top o' Texas Rodeo and Horse Show, August 6-9, were well boosted and advertised last night, when through the facilities of the Mutual Broadcasting System's 400 stations, Korn's-A-Krackin' presented their regular Mutual Saturday night broadcast from the stage of the Senior High School Auditorium.

Throughout the network program, Pampa and the rodeo were publicized through references to local personalities and points of interest.

The show and broadcast last night was the climax of the unit's two-day appearance in Pampa. There was a performance Friday night.

The show was sponsored by the Junior Chamber of Commerce in connection with Top o' Texas and Western Week. Western Week began Friday and it will continue throughout the last day of the rodeo, August 9.

## Unpunctual Brides Will Be Penalized

BILSTON, Eng.—(AP)—The Bilston Parish Church prescribed penalties yesterday for unpunctual brides.

Hereafter brides who keep the clergy waiting to perform wedding ceremonies will be charged \$1 in addition to the regular wedding fee for every 15 minutes they are behind time. If more than 20 minutes late, they will be required to wait until any succeeding wedding has been performed.

## Hughes

(Continued From Page 1)

scheduled to testify, and Hughes is due Wednesday. Meyer was told to remain here under subpoena while both Roosevelt and Hughes are on the stand.

A government accounting office report credited Meyer with spending \$169,661.17 during the wartime period of 1942 through 1946. The records indicated that \$5,063.79 of this went for entertainment of Roosevelt, Miss Emerson, and their friends since 1941.

Meyer thumbed through the huge stack of expense vouchers with dates, places, and brief items of what the money was spent for such as "dinner-dinets," "presents for two girls," "champagne," "liquor," and "girls at hotel (late) \$50."

Ferguson—What does that mean? Meyer—They apparently hadn't had dinner. We went to the Stialer, and the girls joined us there.

Ferguson—What's the \$50—what did it have to do with the production of aircraft?

Meyer—I felt this was a Hughes Aircraft item, so I charged it to Hughes Aircraft.

Ferguson asked whether Meyer ever visited the White House.

"Twice," he replied, once as a "guest of Elliott and I was a guest at the President's funeral."

Ferguson wanted to know who a "Colonel William Irvine" was?

"He's just another of the thousands and one Army and Navy officers I entertained during the war," Meyer said quickly. "Elliott Roosevelt was just one of them."

At first Meyer denied that on August 20, 1943, he had flown from California to meet Roosevelt for a round of night club visits and dinners in New York. But later he said Hughes may have directed him to do so after he left California and obtained his airplane ticket priority.

Ferguson noted that Miss Emerson, who later became Mrs. Roosevelt, was aboard the same plane but Meyer caused this "pleasant coincidence."

The chairman asked about an expense item listed by Meyer as "present for girls, \$200."

"These presents for girls could have been anything I wanted to give 'em," Meyer replied. "It could have been pocketbooks. It could have been perfume. It could have been anything."

Ferguson asked why, in another voucher, Meyer charged as an expense against Hughes Aircraft a \$132 item for a gift of nylon hose to Miss Emerson, as well as a \$26 gift to her listed as "cash to travel."

Meyer—Because she was very charming.

Ferguson—What has that got to do with aircraft production?

Meyer—Because she just went along. Every company does that.

Ferguson constantly asked what the various entertainment items had to do with the production of aircraft.

Meyer said it was "my job" to be host to all officers and officials who visited the aircraft factory and other Hughes business ventures.

## Lack of Legislation Delays Land Program

AUSTIN—The Texas Veterans' Land Program, authorized by a constitutional amendment adopted by the people last November, has been delayed two years through failure of enabling legislation to receive Senate floor recognition, some 10,000 veteran applicants have been advised by Bascom Giles, Commissioner of the General Land Office of Texas, they said in a statement given to all American Legion and VFW posts.

Giles explained that he is notifying the veterans of the delay of the bill because he is continuing to receive a large volume of mail daily from veterans lauding the program as one of the best offered in the nation and expressing a desire to participate.

"Many of them apparently believed the amendment adopted by the voters last November was self-enacting and cannot understand why they have not already been permitted to buy small farm or ranch home from the State," he said.

"I am explaining to them that while the necessary enabling legislation was passed in the House by a vote of 124 to 9, it failed to receive recognition for Senate consideration. Despite every effort to get it up for passage in the Senate, where we had been assured of a majority favorable vote, its supporters were unable to do so, even with the intervention of the largest veterans' organizations in its behalf."

## Services Held for Oil Field Accident Victim

Funeral services for Roy Floyd Duncan, 40, were held at 3 p.m. yesterday from the Central Baptist Church with the Rev. Douglas Carver, pastor of the First Baptist Church, officiating.

Duncan, a rig-builder and a resident of Pampa since 1933, was killed Thursday in an oil field accident in Lyons, Kansas.

Surviving are his widow, Myrtle Duncan; two step daughters, Betty and Wanda; Pampa; his mother, Mrs. C. T. Duncan, Hubbard; two brothers, Dewey, Waco; John, Pampa; two sisters, Mrs. M. F. Dyer, Hubbard; Mrs. T. M. Campbell, Oklahoma City.

Pallbearers were: Dewey Lundford, Cecil Claussen, Joe Bryant, Tom Sutherland, T. J. Watts, and Kitchens.

Burial was in Fairview Cemetery. Clegg's Funeral Home was in charge of arrangements.

## Seven Are Seeking Congressional Post

EL PASO—(AP)—Seven candidates seek to fill the vacant congressional post from the 16th District. A special election will be held Aug. 23.

Those filing at the 5 p.m. deadline Friday were James W. Metcalfe, Odessa; Ken Regan, Midland; and Louis A. Fall, Pat Hargrove, Ord Gary, Victor G. Gilbert and Woodrow Wilson Bean, all of El Paso.

The congressional seat became vacant when Rep. R. E. Thomason resigned to become federal judge for the Western District of Texas. Thomason was sworn into office here Friday.

## Varied Cases Heard In Civil Court Here

For the first Friday in many months the 31st District Court here went through a dramatic day, but meted out one five-year suspended sentence; approved two agreed judgements and granted two removals of disabilities.

Represented by Court appointed counsel, Sherman Douthitt was given a five year suspended sentence when he pleaded guilty to charges of forgery. The check for \$50, had been written against B. A. Derryberry in May last year.

An agreed judgement for \$310.70 for Evelyn Joyce Wedgeworth and Charles Wedgeworth arising out of injuries sustained in an automobile accident near White Deer on January 4 was approved by the Court.

Injuries to his back and shoulder suffered when a piece of pipe fell on him in a 20-foot-deep ditch. George Gay was awarded a settlement of \$17,500 to be paid by the Allrod-Enix Chlorosides Company.

Two brothers, Ross James Trickett and Junior D. Johnson, were granted removal of their legal disabilities.

District Court here will not reconvene before August 29 when Judge Lewis M. Goodrich returns from a three-weeks vacation.

## Western Week

(Continued From Page 1)

tures of Western Week were the performances of the Mutual Broadcasting System, star hill billy performers, "Korn's-A-Krakin'". The performances were climaxed by their show last night which was broadcast over the facilities of the MBS 400 stations.

Immediately following the two evening performances of "Korn's-A-Krakin'", street dances were held in the City Hall and the Court House on West Kingsmill Street. Five local bands played for overflowing crowds, each evening.

Music for the Friday night dance was furnished by the Basin St. Boys. Music for the dance Saturday was furnished by Pinky Powell and his orchestra, the Lone Star Boys, Bill Rideaway and his band, and Josh O'Neil and his gentlemen-of-swing. These bands played at half-hour intervals and they appeared at the dance through the courtesy of the Blue Bonnet Inn, the Terrace Grill, Sie's Old Barn, and the Belvedere Club.

The Jaycees were also sponsors of the two performances of the Clyde Beatty Circus that appeared here yesterday. Approximately 4,000 people witnessed the two thrilling performances.

## Aggravated Assault, Driving Cases Tried In 31st District Court

Three men over the weekend entered pleas of guilty on aggravated assault, driving while intoxicated, and driving while license was suspended before County Judge Sherman White.

Pleading guilty to beating his wife with a rubber hose, Roy D. Chance, of The Flats, was given a \$100 fine and 10 days in jail. Chance, however, will spend 50 days in jail in default of fine.

Wayne Qualls, Pampa, was assessed a fine of \$50 and costs after he pleaded guilty to charges of driving while intoxicated. His driver's license was automatically suspended for six months.

A fine of \$25 and costs was imposed on Harold Rhodes who pleaded guilty to charges of driving an automobile while his license was suspended. His driver's license was suspended for an additional six months.

## Loop Hold

William Becker, janitor in Chicago's downtown Loop section, keeps a firm grip on a misguided opossum he caught enjoying a garbage can snack at the rear of his building. No one knew how the 'possum got from his naturally rural habitat into the heart of the city.

## Citizen

(Continued From Page 1)

question beat a hastily retreat to the confines of his own business establishment, choosing the alleys most of the way for fear of other attempted robbery on the part of the Sheriff's Department and local officials.

Mayor Huff was wearing only a light scarf when last seen in the darker reaches of his palace at City Hall.

The ducking crew might also be informed that Captain Ernest Winborne, Chief Deputy Sheriff J. M. Gutrie and Deputy Sheriff C. C. Tucker also refuse outright to abide by the mayor's decree. "There boys, you have the information. It's up to you."

Dry flour, dry rice, dry corn meal, dry cereals—all contain 10 to 15 percent or more of water.

## Indonesian

(Continued From Page 1)

Van Heestler announced that the U. S. offer had been accepted "gladly by his government."

In Holland, most newspapers devoted more space to the American offer than to the decision of the Security Council. They termed the U. S. offer "mediation."

Across the world in Java, the Republican government was reported preparing a statement on the U. N. action. Republican circles received the U. N. news with disappointment since it failed to require the Dutch to give up their recent military gains.

The Dutch control most of East and West Java, the major harbors and sizeable areas of Sumatra. The Indonesians still hold a large piece of Central Java in the region of their capital, Jogjakarta. However, they have ordered that the city be prepared for a last-ditch defense.

## Romance Turns Coy And Mysterious as Fleet of B-29's Land

FORT WORTH —(AP)—Romance turned coy and mysterious when the squadron of eight B-29's landed at Fort Worth Army Airfield yesterday afternoon.

Austin reports had been that Miss Pety Ann Murphy of Austin would be at the field to greet Capt. George E. Burch, her fiancé, with wedding plans in her pocket. Their nuptials, originally scheduled for July 1, had been delayed by his Tokyo assignment.

Miss Murphy was there all right. She met Captain Burch. There was an affectionate clench.

"Oh, ho," blushed the girl, "that will come much later. Why do you said anything about a wedding?" Captain Burch grinned.

"I'll have to get a shave first," he said.

So that's all there was to it. If and when they get married is a secret, military. They won't tell.

Miss Murphy is the daughter of Mrs. O. E. Murphy of Austin. Captain Burch is from Breauxbridge, La. Their romance began when he was stationed at Bergstrom Field.

## Texa Tech Plans New Scholarships

LUBBOCK—(AP)—Texas Tech yesterday announced five \$100 scholarships for foreign students attending the college.

The college recognizes that friendly relations among nations are greatly desired, the announcement said.

Colombia's best coffee is grown at elevations of between 3,000 and 6,000 feet.

## 18 of 29 Farm Products Bringing Higher Prices

AUSTIN—(AP)—Eighteen of 29 farm commodities brought the Texas farmer "slightly-to-moderately higher prices" for the month ending July 15, the United States Department of Agriculture reported yesterday.

Its mid-month local market price report noted price declines for six farm products, while prices of five products were the same as a month earlier.

Price advances included the following:

Hogs—20 cents up to \$23.20 per hundred pounds.

Beef cattle and calves—up 20 to 30 cents to average \$17.20 and \$19.50.

Wheat—6-cent increase for mid-month average of \$3 per bushel.

Corn—21 cents higher, and rice, 30 cents.

The only grain crop to decline was grain sorghums at \$2.65 per hundred pounds, 10 cents below the mid-June price and 40 cents under a year ago.

Cotton was bringing an average of 36 cents per pound, 1.9 cents more than the mid-June price, but cottonseed dropped \$7 to average \$79 per ton.

Miss Georgi Anna Grogan

### Miss Georgi Anna Grogan to Become Bride of Donald Rowe on August 29

Mr. and Mrs. Russell Grogan, Shamrock, announce the engagement and approaching marriage of their daughter, Georgi Anna, to Donald Rowe, son of Mr. and Mrs. T. V. Rowe, Pampa.

The wedding will be solemnized at 8 p.m., August 29, in the First Presbyterian Church.

### Engagement-Approaching Marriage of Miss Harper and Mr. Sanders Is Announced in Clinton, Oklahoma

Mr. and Mrs. Leo L. Harper, 418 South Fourteenth Street, Clinton, Okla., announce the engagement and approaching marriage of their daughter, Miss Juanita Harper, to James M. Sanders, Oklahoma City, son of Mr. and Mrs. Jodie Sanders, Oklahoma City.

Mr. and Mrs. Elvis Duck

### Marriage Ceremony Read Sunday Unites Miss Brown and Elvis Duck

Miss Dorothy Brown, Pampa, daughter of B. M. Brown, O'Donnell, and Elvis Duck, son of Mr. and Mrs. Floyd Duck, Tipton, Okla., were married at the Assembly of God Church Sunday, July 22, at 5 o'clock. The Rev. H. H. Woods read the double ring ceremony.

### Miss Lane Weds Paul Dodgen in Twilight Rites

SHAMROCK, (Special)—In a beautiful double ring ceremony read at twilight Tuesday evening, Miss Ann Lane, daughter of Mrs. Fred Taylor of this city, became the bride of Paul Dodgen, son of Mrs. G. L. Dodgen of Shamrock, at the Church of Christ, with Minister Murray W. Wilson officiating.

The church altar was decorated with an arrangement of tall baskets of white gladioli, feverfew, and plumosa fern fronds. To complete the setting, wrought iron candelabra held burning tapers. The bridal aisle, laid with white, was marked with lighted tapers and bows of white satin ribbon.

Miss Dorothy Braxton played the nuptial music and accompanied Miss Patsy Porter, vocalist, as she sang "Through the Years" and "Awards."

Miss June Ann Nix was maid of honor and wore a dress of pale blue organdy.

Judy Mundy, small daughter of Mr. and Mrs. I. C. Mundy, was flower girl, and was given in a miniature replica of the dress worn by maid of honor, fashioned of pink organdy. She carried a small white wicker basket of rose petals.

Bridesmaids were Misses Iris Lee, Barbara Scott, Janet Caperton, and Mrs. Darce Poshee. Two of the girls wore dresses of pale green and two of pale pink organdy.

The attendants wore headresses of plaited velvet ribbon and white carnations, and carried Colonial bouquets of rosebuds and rainbow asters.

The bride entered on the arm of M. M. Nix, who gave her in marriage. She was attired in a bridal gown of white jersey fashioned with a low Grecian neckline and full sleeves gathered at the wrist into a velvet band of embroidered pearls.

The bride wore a pearl and emerald and the full gathered skirt swept in a train. Her finger-tip veil of illusion, was edged in pearls and held in place with a band of gardenias. She carried a white Bible topped with gardenias and a shawl of white satin ribbon and stephanotis.

Both the mothers of the bride and bridegroom wore black with corsages of white gardenias.

Mrs. Frank Browne

### Miss Graham and Dr. Browne Repeat Nuptial Vows in Plainfield, N. J.

Mr. and Mrs. C. D. Matney of this city announce the marriage of their daughter, Miss Kathryn Jo Graham, to Dr. Frank S. Browne of Plainfield, N. J., on Wednesday, June 18, at 6:30 p.m. The ceremony was performed at the Church of the Holy Cross, with Rev. Robert R. Gribbon, officiating.

Given in marriage by Lanman T. Holmes of Orange, New Jersey, the bride wore a dusty pink dress with brown accessories. Her hair was flowered with an open crown and she carried an old-fashioned bouquet.

Her only attendant was Miss Mariel Cohen, Brooklyn, N. Y. Dr. Browne's best man was Dr. Eugene H. Cummings, Archer, Fla. Mrs. Browne was graduated from Pampa High School with the class of 1945. While in Pampa, she was employed by the southwestern Bell Telephone Company.

Dr. Browne was graduated from Williams College and the College of Physicians and Surgeons of Columbia University in New York City. He served in the Naval Medical Corps during the war and is now on the house staff of the Presbyterian Hospital in New York City.

After the ceremony the wedding party was given a dinner at the Clara Louise Tea Room. Forty friends of the couple attended the reception.

After a wedding trip through the New England states they will be at home at Shanks Village, Orangeburg, N. York.

Mrs. Browne is a niece of Dr. and Mrs. Charles H. Ashby of this city.

### Canadian Couple United Sunday in Church Service

CANADIAN, (Special)—The First Baptist Church of Canada was the scene Sunday afternoon of the marriage of Miss Elaine Jordan daughter of Mr. and Mrs. Ben Jordan, Canadian, to Obie W. Walden, Jr., son of Mr. and Mrs. O. W. Walden, Durant, Oklahoma.

Rev. Fern Miller, pastor, read the impressive double ring service at 3 o'clock. Preceding the ceremony, Mrs. William Flewelling, organist, played several nuptial selections.

An arch of white satin, decorated with nosegays of pompon asters, draped the background for the altar. Baskets of white gladioli, flanked by cathedral tapers and arrangements of woodwardia fern and huckleberry formed further decorative appointments.

The bride's mother chose a gown of navy blue sheer and wore a corsage of red roses. Mrs. Walden, mother of the groom, was attired in a black sheer crepe and wore a shoulder bouquet of pink roses.

Attending the bride as matron-of-honor was Mrs. Opal Jones, twin sister of the groom. The maid-of-honor was Miss Billie Bob Keith, Ft. Worth. They were attired in identical gowns of blue taffeta fashioned with short tunic, shoulder veils of blue net, trimmed with blue satin ribbons, formed the head-dresses.

Each carried a bouquet of pink and white carnations, tied with blue satin ribbons.

Bridesmaids were Miss Natalie Hutton, attended by Bill Andis, Amarillo, and Miss Betty Rathjen, attended by Frank Mathers. The bridesmaids were attired in identical gowns, fashioned identically to those of the matron and maid-of-honor. Each carried a bouquet of lavender and white carnations, tied with white satin.

Betty Sue Beall, cousin of the bride, carried the rings in a white satin basket and scattered petals of rosebuds.

Bob Potts, Durant, Okla., was best man. Dolan Williams, J. B. Reid, Jr., Jeff Callaway, and Tom Hopkins served as ushers. Candle lighters were Miss Bobby Lane Wiggins, and Miss Vinita Horton.

Given in marriage by her father, the bride wore a gown of white slipper satin designed with a long train and a fitted bodice with a yoke of illusion trimmed with scrolls of an intricate and delicate pattern.

Miss Billene Lavilla Moseley

### Miss Billene L. Moseley's Betrothal To Jack Owen Andrews Is Announced

Mr. and Mrs. W. H. Moseley, 1329 Christine, announce the engagement and approaching marriage of their daughter, Miss Billene Lavilla, to Jack Owen Andrews, son of Mr. and Mrs. C. W. Andrews, 1325 Christine.

The wedding will take place August 24.

### Miss Betty Brown, Bride-Elect, Named Honoree At Miscellaneous Shower Thursday Afternoon

As a special courtesy to Miss Betty Brown, who is to marry Bryan Buck August 21, at the First Baptist Church, a miscellaneous tea-shower was given Thursday afternoon in the home of Mrs. Burton Reynolds, 625 N. Nelson. Guests were received between 2 and 5 o'clock.

Assisting Mrs. Reynolds in hostess duties were Mesdames L. P. Ward, Canadian; E. C. Barrett, Joe Foster, G. L. Craddock, and O. W. Hampton.

Mrs. Reynolds received the guests and presented Miss Brown, her mother, Mrs. Park Brown, and Mrs. M. T. Buck, mother of the bridegroom.

The bride-elect wore a corsage of pink gladioli, gift from the hostesses, and other members of the house party wore pink and white carnation corsages.

Mrs. Joe Foster was seated at the registry table and recorded guests' names in the bride's book which was fashioned of white satin and fronted with a picture of the bride-elect.

Arrangements of pink and white gladioli furnished floral decorations for the receiving rooms and emphasized the pink and white color scheme. A crystal punch service was placed at one end of the tea table which was laid with a Madeira cut-work cloth. Miniature bridal baskets made of white satin and filled with tiny blossoms were favors.

### Elk Mountain Camp Has Number of Delegates

SHAMROCK, (Special)—Sixteen registered students from the First Christian Church of Shamrock attended Elk Mountain Christian Sunday Camp near Lawton, Okla., July 21-26, giving this city the honor of having the largest delegation of the 19 Texas and Oklahoma churches sending youth to the camp.

Upon returning home late Saturday night, the group planned for Sunday night, one of the most inspirational services the church has had in some time.

### Mrs. Musgrove Has Blanch Grove Circle

Members of the Blanch Grove Circle of the Calvary Baptist Church met with Mrs. T. P. Musgrove for a lesson on missionaries, Mrs. C. H. Graham presented the program.

Refreshments were served to Mesdames J. M. Hill, W. L. Lovinger, Bill Hill, Lee Price, Ewell Mote, J. E. Willeford, Jack Robertson, and R. O. Clements.

Some colored diamonds—yellows and grays—are more common than white diamonds. Other colors, such as blue, red and green, are much more rare than white.

### Rebekahs and Odd Fellows Have Banquet Honoring Newly Elected Officers of Both Lodges

A Mexican banquet was given Thursday night honoring the incoming officers of the Rebekahs and Odd Fellows in the IOOF Hall.

The honored officers of the two lodges were Mrs. Bobbie Brummett, noble grand; Mrs. Ella Noland, vice grand; Mrs. Francis Braxwell, treasurer; Mrs. Mae Phillips, financial secretary; Mrs. Albert Noland, team captain; Barnie Brummett, noble grand; Glad Lunsford, vice grand; Nyle Franklin, recording secretary; Mrs. Francis Hall, deputy; Ted Mastin, financial secretary; Elmer Rupp, treasurer; and Joe Brown, team captain.

Pictured is Major Bernice Lyons who arrived here Wednesday from Meallen to assume duties at the local Salvation Army. Major Lyons is taking the place of Captain Beulah Carroll, who has been sent to Meallen. She has been a Salvation Army worker for 25 years.

### Atheneum Club Formed By Panhandle Women

PANHANDLE—(Special)—On Friday evening a group of the younger women of Panhandle and vicinity met in the home of Mrs. Clyde W. Herndon for the purpose of organizing a new study club, the Atheneum. Mrs. Letha Gramer of the Altrurian Club assisted in the organization procedure.

The constitution and by-laws were drawn up and adopted and the following officers elected: Mrs. Herndon, president; Mrs. Louis F. Clinek, vice president; Mrs. Jeffie Peaster, recording secretary; Mrs. Lloyd Sterling, corresponding secretary; Miss Leta Robinson, treasurer; Mrs. James B. McCray, parliamentarian; and Mrs. J. B. Sterling, Jr., reporter.

The club motto is "Live and Think," the flower, the sweepie, and the club colors, orchid and white.

### Anna Merle Cox Exchanges Vows With Lynn J. Foster in Big Spring

Mr. and Mrs. A. C. Cox, 903 East Francis, are announcing the marriage of their daughter, Anna Merle, to Lynn J. Foster, son of Mr. and Mrs. N. C. Foster, 611 N. Park Blvd., San Antonio. The single-ring service was read by Herbert L. Newman, minister of the Church of Christ, July 18 in Big Spring.

The couple was attended by Mrs. D. N. Walker and Cliff Prather, both of Big Spring.

The bridegroom is a 1945 graduate of Meridian High School where he was active in all sports. He was president of the local, district and area F. A. and was state F. P. A. secretary.

The couple is at home in Falfurrias.

WE, THE WOMEN

Veterans Are Fed Up With Orders From the Boss

By RUTH MILLETT  
NEA Staff Writer

A recent Gallup poll reveals that eight out of every ten veterans want to be their own boss rather than work for someone else.

Behind most of those men who have decided they would rather assume all the risks of going into business for themselves rather than to say "Yes, sir" to a boss the rest of their lives is probably a woman egging them on.

During the war years wives of servicemen got just as fed up with having their husbands moved around like men on a checker board as did the men themselves.

Uncle Sam was a boss a man couldn't talk back so—so war wives scrambled around making one home after another so long as their husbands were in the U. S.

So the talk-of-wives back in the war years was "If Joe ever gets out of the Army—I hope he'll go into business for himself. I'm sick and tired of being told where and how I have to live."

**FED UP WITH ORDERS**  
The security of a steady job may have looked good to Joe's little woman once, before she got completely fed up with having Joe take orders.

A private boss, of course, wouldn't have as much sayso over her life as Uncle Sam. But a private boss can keep a man in one spot.

But if a man's own boss, his wife can do a little of the bossing herself. And there's one other little matter: she doesn't have to kow-tow to any Mrs. Boss.

Tips for Teens

By ELINOR WILLIAMS

'Too bad all kinds of dates don't grow on trees; life would be so much simpler. If you want your telephone to ring often today, answer to a teen problem will help.

1. My girl friend and I like two boys who are good friends, but they spend all their time with a group of boys. When they are with other boys, they hardly say "Hello" to us. When they are alone, they are very friendly with us. How can we show them that girls' companionship is as enjoyable as their other friends'?

2. Until now, these friends of yours have been entirely absorbed in boys' doings and they're shy with you when they're in the company of their pals. That's very natural. They're not going to become date-conscious all at once and it's better if they don't.

3. So be subtle. Instead of chasing them, phoning them and giving them lots of invitations, show them gradually that boy-and-girl doings are fun, too. Here's how:

1. Plan a Saturday picnic, hike or bicycle trip and hot dog roast, including several lively girls who are fun without pairing in "couples". Then invite these two boys and some of their best friends. The girls can provide food; the boys can take charge of the fire, firewood, some of the cooking and cleaning up afterward. There'll be fun for all.

2. Save your allowances to buy six or eight movie tickets when there's a super-special film in town. Then invite several boys and girls to go as your guests. Have them meet at your house or in the theater lobby and give the tickets to one of the boys to present at the door. Afterward, serve a snack at your house.

3. Invite girls and boys to your home to cook supper outdoors or for an indoor get-together to make candy, pop corn or play games. Serve simple refreshments.

(For tips on games for party fun, write to Elinor Williams at this address, enclosing a stamped, self-addressed envelope.)

Fortunes, Misfortunes of War Told In Letter From Former Guard at Camp to Onetime Prisoner of War

CANADIAN.—(Special)—The fortunes and misfortunes of war are well illustrated in a letter that Joe Hornback received recently from Horst Lewald of Kettwig on the Ruhr. Hornback was a prisoner of the Germans for a short time before V E Day, and Lewald was a German guard, although an unusually kind one.

The letter, written in English, tells the story of a German guard who realized that his prisoners were human beings. It follows:

"I think you will be surprised to receive these lines of mine. Do you remember, we were at Hemer, both of us, more than two years ago? We at that time changed our destinies, you were liberated by your comrades and I went into a troublesome and uncertain future behind barbed wire. The following months were very bad for me. We were more than quarter a year camping in the open air. Then, however, I was released at all and now I have been home for two years nearly already.

"I found destroyed home and business of my parents and was obliged to look out for another existence. You may fancy this was very difficult, considering the present conditions in Germany. I like to tell you more about my life later on if you receive this letter and have an interest in details at all.

"Why I write you is this: I had taken some photos in the camp and these days found your address in my notebook you had given me. Hoping and thinking you will be pleased with the pictures I enclose all I have of them. Maybe some of your comrades who were at the camp with you have the same interest in the pictures. Please if you like to do so, tell them and I am willing to send them the photos too. I should be very pleased to learn about your life and give the best regards to you. Sincerely yours, "Horst Lewald"

The station attachment of an electric vacuum cleaner may also be used for cleaning hot air registers.

Midshipmen Are Being Treated More Like Men

By HAY BOYLE

ANNAPOLIS, Md.—(7)—Midshipmen at the U. S. Naval Academy are being treated less like pistons and more like men these days.

The century-old center of American Naval training is streamlining its teaching program and giving its midshipmen more freedom in order to prepare Uncle Sam's future fleet officers for the broader demands of the post-war world.

The old tradition of rigid discipline that practically ordered every moment of a midshipman's life from the day he entered the Academy until the day he graduated goes back many decades.

It developed slowly from the founding period in 1845, when Cadets were roisterous and difficult to control. For evening fun then they often grabbed up pokers and engaged in pitched battles with the Annapolis citizenry.

The Cadets of that day took their shore education so lightly that only 269 of the first 1,200 admitted ever graduated.

But the thumb of authority gradually came down more heavily as standards were raised. Some critics complained that the martinet-like discipline tended to iron out the individuality and initiative the midshipmen would need if they ever commanded ships, in battle. They said there had developed too big a gap between the rigid and precision-regulated life the midshipmen led in the Academy and the more flexible human give-and-take life that awaited them in their future careers.

Rear Admiral James I. Holloway, Jr., present Academy superintendent, wants to close that gap. A forward-looking educator, he also is placing new emphasis in the Annapolis curriculum on the humanities—such as economics and government—in the belief that the midshipman should study technical specialties in the Navy post-graduate school.

"But of course the curriculum is still pointed toward a sea career," a senior officer pointed out.

The importance of air combat is also being increasingly stressed, and an officer said:

"It's not that we plan to train pilots here, but they must be thoroughly indoctrinated in the importance of air as a second ocean. Air must be in their soul just as the sea was in the soul of the old salt water sailor."

Old line Admirals need have no fear that the midshipmen are be-

ing coddled. The normal high Academy discipline is being maintained, but Holloway feels that midshipmen will develop qualities of leadership if given more personal responsibility in their conduct.

One custom that has been abandoned is that of marching silently to classes in drill step formation of the beating of a drum. The middies are also being allowed more week-

end leaves, enabling them to keep in closer touch with civilian life.

Midshipman and Cadets spend two weeks each summer in joint amphibious landings, and also each midshipman in his final year now spends a weekend at West Point, and each graduating Cadet comes to Annapolis for a similar stay.

"It's really helped morale," smiled one command. "Two of the Army

Cadets have already married the daughters of Naval officers here."

**CATTLEMAN DIES**  
BRADY—(7)—James M. Brady, 64, president of the Texas Hereford Association and internationally known Hereford breeder, was buried here yesterday.

The prominent cattleman died here Friday night after an illness of several months.

### Family Destitute After Home Burns

SHAMROCK, (Special)—Mr. and Mrs. L. R. Quarles and their four small children were left in destitute circumstances Wednesday when the four-room frame house in which they were living burned to the ground, destroying practically all of their possessions.

The house, belonging to Rev. Ed R. Wallace, was located in the 1300 block of North Wall Street.

The fire, origin of which is unknown, broke out about 11:50 a. m., Wednesday while Mr. Quarles was at work with a road construction crew on Highway 66 and Mrs. Quarles was at a downtown laundry. When firemen reached the scene, the structure was ablaze all over.

The blaze apparently started in the southwest part of the house. Mrs. Gaston Harbour, a neighbor, turned in the alarm, and Mrs. H. C. Weatherby contacted Mrs. Quarles by telephone.

There was no insurance on either the house or furniture.

The Quarles family has lived in Collinsworth, Gray and Wheeler Counties for about 25 years. He is a day laborer, employed at present by Bell and Braden Contracting Company which is widening Highway 66. Mrs. Quarles goes sewing. They have four children under 14 years old.

### PRISCILLA'S POP

**PRISCILLA'S POP**  
By Al Vermeer

*If I could do it over again I'd be a farmer! That's the life!*

*Don't be so sure, Welda. I hear they have to be up at dawn to feed the cows and pigs.*

*Well, I'd soon put an end to that nonsense!*

*After all, we broke the children of their a.m. bottles, didn't we?*

### Attempt Made to Pirate Funds in Safe of Ship

OAKLAND, Calif. (AP)—An attempt was made yesterday to pirate the funds in the safe of the General A. W. Greeley, an Army transport, and an officer was shot and wounded seriously, the Army disclosed.

The wounded man is Q. E. Henley, 47, of Honolulu.

An all-point police broadcast went out at once for the arrest of a former crew member of the General Greeley.

Normally, an army spokesman said, between \$50,000 and \$60,000 is kept in the safe of such a vessel.

Henley, transport officer of the ship—a post corresponding to the office of purser on a commercial

### Volunteer Firemen Miss Their Noon Meal

SHAMROCK, (Special)—While the Shamrock firemen were still busy at noon Wednesday rolling up the hose after battling the fire which destroyed the L. R. Quarles home, a second alarm was turned in summoning them to the southeast part of town where a grass fire was threatening the Glenn White warehouse just south of the Rock Island tracks.

The second blaze was extinguished before it could do any damage, but the volunteer firemen had little time to devote to their noon meal.

### Shamrock Teachers Get Good Pay Raise

SHAMROCK, (Special) Supt. Elmer J. Moore stated last week that all Shamrock teachers will receive salaries during the 1947-48 school term as stipulated by the state wage schedule.

This schedule will allow a minimum of \$2,007 per year, this lowest salary going to teachers who hold degrees but who have had no ex-

perience as instructors. A minimum increase of \$54 per year is allowed for each year of experience, up to and including 12 years. A Master's Degree entitles the holder to \$225 additional salary per annum.

Looking back over the records reveals the fact that teachers have advanced remarkably in a financial way during the past three years.

During the 1944-45 school term, the maximum salary of a class room teacher was \$1,080.00 per year. For the 1945-46 term that figure had jumped to \$1,431.00. The following year, 1946-47 term, the highest salary was \$1,731.00. During the next term, the same teacher will receive \$2,050.00, an increase of approximately 150 percent.

These increases are due largely to Shamrock's acceptance of state aid, with all increases coming from the State Department of Education, Supt. Moore declared.

### New Crop of Rice Rolling to Market

HOUSTON (AP)—Texas' new crop of rice was rolling to market. The first lot was sold here Friday at \$10.40 per barrel. It was the earliest opening sale in approximately 20 years for the Houston area.

The lot consisted of 3,500 barrels of zenth, raised and sold by R. L. Dudley & Co., Sheldon, and marketed about three weeks earlier than usual.

The No. 1 Jenkie (pictured above) is a deep test being made by the Phillips Petroleum Company in the wildcat territory north and east of Pampa.

Ruled a tight test, no official information on operations has been released. "Keep out" signs adorn the area. The cross in the right-center of the picture marks one of the forbidden-crossing lines. The epitaph on the cross reads, "So Sad, He Crossed the Line."

### Drill Activity Is on Updrend Near Shamrock

SHAMROCK (Special)—Drilling operations are on the uptrend in the Shamrock area with locations being made or wells being drilled or just completed in every direction from town.

Perhaps holding the spotlight in activity in the Teel-Warren operations in the O'Gorman and Bell land north of Red River. Interest switched to that vicinity several weeks ago when the Teel-Warren No. 1 O'Gorman was drilled in for what it first looked like a 75 to 100 barrel producer but finally leveled off to between 30 and 40 barrels.

The Texas Company No. 1 Douglas, eight miles west of Shamrock is holding the interest of oil men and landowners, too. The well was drilled in last week and is producing 30 barrels per day after it was acidized. It was to have been "shot" Wednesday in an effort to increase the flow, and the results have not been released.

The well is on the Bob Douglas land, being in the northwest quarter of section 36, block 13. It is a direct offset to the south of the Texas Company No. 1 Bills which is one of the better producers in the east field.

The Teel No. 1 Mitchell, about nine miles northeast of town, is drilling past 2,000 feet. The location is in the southwest corner of section 36, block 13. The well is the west half of the southwest quarter of section 36, block 13. Colvin and Colvin, contractor, spudded in the S. D. Johnson No. 1 Wisconsin Thursday. The well is nine miles south of Shamrock in the northeast corner of the southeast quarter of section 57, block 8, Collingsworth County. It is on the Edgard Wischkaemper land, and is one mile south of a dry hole drilled a few years ago. A Wichita Falls concern holds the lease.

Another location in the Sinclair-Prairie No. 1 Wattenberger, about eight miles southeast of Shamrock in Collingsworth County. The location, drilling contract for which has not been let, is on a 7,500-acre block assembled by the Sinclair-Prairie by E. K. Caperton a year ago. The location is in section 36, block 13, Collingsworth County. Two new gas wells have been drilled in north and west of Shamrock. The latest and biggest is the Texwell Oil Corp. No. 1 Mable. It is one mile south of Shamrock and is gauged 5,000,000 million cubic feet of gas when put on test on July 19. The well is 600 feet from the north and 600 feet from the west of section 65, block 17. It was bottomed at 1,875 feet.

The other gasser, drilled in a few weeks ago, is the Texwell Oil Corp. No. 1 C. A. Morgan, which was completed for 90,000 cubic feet at 1,800 feet. It is in the southeast quarter of section 68, block 17.

The completion of six old wells for a total initial potential of 1564 barrels daily and two gas wells for an open flow of 46,100,000 cubic feet daily was recently reported by Cities Service.

### Oil News

PAGE 12 Pampa News, Sunday, August 3, 1947

#### Eighteen Notices of Intention to Drill Filed Here During Past Week

Eighteen notices of intention to drill were filed at the local State Railroad Commission Oil and Gas Division Office, it was reported yesterday.

It was also reported that seven notices of intent to deepen wells were plugged and six gas wells were completed.

The following notices of intention to drill were filed last week: Gray County—Bell Oil and Gas Company, Webb C. No. 3, H&GN Survey, 330' from N and 330' from W lines of NE 4 of NW 4 Sec. 61, Blk. 25, 29 miles SE of Pampa, H. W. Finley and R. E. Stubbsfield, Isobel Huseby No. 1, H&GN Survey, 330' from S and W lines of SW 4 Sec. 11, Blk. A-9, 12 miles N and 3 miles E of McLean, B. L. Hoover, J. B. Baxter No. 2, I&GN Survey, 990' from W and 330' from S lines of NE 4 Sec. 130, Blk. 3, 3 miles S of Pampa, Phillips Petroleum Company, Lucile No. 1, H&GN Survey, 240' from S and 240' from E lines of Sec. 103, Blk. B-2, 17 miles S of Pampa.

Hale County—Stanolind Oil and Gas Company, J. L. Herral "B" No. 1-B, HE&WT Survey, 600' from N and 600' from E lines of NW 4 Sec. 13, Blk. DT, 8 1/2 miles NE of Anton.

Hutchinson County—Clay Brothers Drilling Company, W. A. Carver No. 2, J. J. Hall Survey, 1023' from W and 600' from N lines of Lot 35, Blk. 7, 12 miles NW of Stinnett, C. C. Whittebury No. 15, Wm. Neil Survey, 330' from W and 330' from N lines of Lot 25, Carver Lands, Blk. 3, 9 miles NW of Stinnett, Hall and Stewart Oil Company, C. C. Whittebury No. 15, Wm. Neil Survey, 330' from W and 330' from N lines of Lot 18, Blk. 3, Carver Lands, 9 miles NW of Stinnett, Hall and Stewart Oil Company, C. C. Whittebury No. 15, Wm. Neil Survey, 330' from W and 330' from N lines of Lot 25, Carver Lands, Blk. 3, 9 miles NW of Stinnett.

Hall and Stewart Oil Company, C. C. Whittebury No. 15, Wm. Neil Survey, 330' from W and 330' from N lines of Lot 25, Carver Lands, Blk. 3, 9 miles NW of Stinnett, Sinclair Prairie Oil Company, Magie Weatherly No. 30, A&B Survey, 2310' from N and 2820' from W lines of Sec. 23, Blk. Y, 1 mile N of Borger.

Sherman County—The Texas Company, J. C. Clark No. 1, T&N Survey 1963' from E and 654' from S lines of N/2 Sec. 346, Blk. 1-T, Approx. 11 miles SE of Stratford.

Gray County—Phillips Petroleum Company, Urb No. 4, GN Survey, 1630' from E and 330' from S lines of N/2 of SE 4 Sec. 189, Blk. B-2, 16 miles SW of Pampa.

### Many People Are Closely Watching Number 1 Jenkie

Land owners and Oil Companies are closely watching the progress of the Phillips Petroleum Company's Number 1 Jenkie, a deep wildcat test that is located in the Company's recently completed 50,000 acre leasing campaign north and east of Pampa.

The Jenkie, which has been a very hush, hush test, is located on the Bob Campbell land, 330 feet from the South and East lines of Section 35, Block 2, of the 1 & GN Survey, approximately 8 miles northeast of town.

The well is being drilled by one of the Company's rigs that was brought here from Odessa. Operations began on February 16 and drilling is now nearing a depth of 11,000 feet.

Almost two months ago Phillips reworked the entire area and made the well well seismograph and drilled three shot-holes for velocity tests.

Three strings of casing have already been run and a fourth may be set. They set 16-inch casing at 905 feet with 500 sacks of cement, 9 5/8-inch casing at 4010 feet with 500 sacks of cement and 7 5/8-inch casing at 4430 feet with 575 sacks of cement.

A fourth string, 5,000 or 6,000 feet of 5 1/2 inch casing was on the rack a few days ago.

### Samnorwood Schools Will Open August 11

SHAMROCK (Special)—Orville Cunningham, superintendent of the Samnorwood Schools, has announced that school will open August 11, and continue for approximately two months when it will be dismissed through the cotton harvest season.

The faculty for the school is complete with the exception of two teachers, according to Supt. Cunningham.

Teachers for the 1947-48 term includes Miss Maude Coffee, first grade; Mrs. Maude Brown, second grade; Mrs. Zita Woodward, third grade; Mrs. Purl Tippie, fourth grade; Mrs. Kidd, fifth grade; Mrs. Floyd Thompson, sixth grade; C. R. Holt, seventh grade.

High school teachers include: Mrs. C. B. Holt, English; William Ehrig, high school principal and mathematics; Purl Tippie, coach and grade school principal; Mrs. Selma Rainey, commercial; Miss Pauline Rudy, homemaking.

Ship Loaded With Ammonium Nitrate Ordered Out of Port

NEW YORK (AP)—Ordered out of the port by City Fire Commissioner Frank Quays because it carried ammonium nitrate, the S. S. Madaket sailed for Antwerp Friday night, leaving 1,200 tons of other cargo on a pier because longshoremen refused to load the ship unless they received double "ammunition" pay.

### Cities Service Completes Wells

The completion of six old wells for a total initial potential of 1564 barrels daily and two gas wells for an open flow of 46,100,000 cubic feet daily was recently reported by Cities Service.

Two oil wells were completed in each of the states of Kansas, Texas and New Mexico. The Kansas wells were the Chesney No. 138 and the Dan Wells, which are drilled on a total daily potential of 190 barrels. The Texas wells were the T. B. Lee No. 33 in Gregg County and the Hoover No. 4 in Crockett County, for a combined daily potential of 405 barrels.

The two gas wells completed by Cities Service are the Sutter No. 1 and the Sutter No. 2 in Stafford County, Kansas. The Sutter No. 1 in Stafford County came in for a daily open flow of 26,000,000 cubic feet and the Sutter No. 2 in Hooker County, Kansas, has an open flow of 20,100,000 cubic feet of gas.

Continued activity by Cities Service was evident from the announcement of the location of 14 new wells during the past week. Six of these new locations are in Texas, six in Texas and one each in New Mexico and Michigan. Among these are two wildcats, the Witt B No. 1 in Stafford County, Kansas, and the Stewart No. 2 in Harris County, Texas.

### Damage Suit Is Filed By Standard Oil Co.

NEW ORLEANS (AP)—The Standard Oil Company of New Jersey, in a suit filed in Federal District Court here Friday, is seeking recovery of a quarter-million dollars from the U. S. government and Indianian Steamship Company for damages suffered in a ship collision near Galveston, Tex., May 6.

The complaint states that the SS Esso Greenline was bound from Bay Stov, Tex., to New York with petroleum and was passing through Bolivar Roads near Galveston when the collision occurred. Damages to the Esso Greenline are asked.

### Delegates Iron Out Passport Difficulties

COPENHAGEN (AP)—A spokesman for the Baptist World Alliance disclosed yesterday that delegates from Romania and Yugoslavia had managed to pass passport difficulties—managed to reach Denmark for the final two days of the Alliance's Seventh Congress.

The spokesman said that four Romanian and two Yugoslav delegates saw Congress officials at a secret meeting yesterday.

### Fourteen Wells Are Reported Completed

BATON ROUGE, La. (AP)—The State Conservation Department announced in its weekly oil report the completion of 14 wells with initial daily production totaling 2419 barrels, the abandonment of 36 tests, and the issuance of 34 permits for new wells.

WELCOME TO PAMPA NEIGHBORS

This Top of Texas Rodeo is getting to be the biggest thing in these parts. There's going to be more entertainment going on in Pampa in the next few days than has ever gone before.

Do you want to sell your house for the highest possible price that you can get? I have buyers in my office every day that wants to buy some kind of a house.

I still have the good two-bedroom house out on East Francis for sale. This house is worth the money for what we are asking for it.

Want to get into the dairy business in a big way? I have a good proposition east of Pampa about 35 miles, around 500 acres of grass land with running water.

**In Hollywood**

While Erskine Johnson is on vacation, outstanding Hollywood personalities are pinch-hitting for him.

By ROY ROGERS

HOLLYWOOD—I'm jingling my spurs across the Republic lot one day when I see a pair of gams up ahead that look strangely familiar.

They've got a low-legged, raked-in-the-saddle look about 'em, if you get what I mean.

"Why Cactus Pete?" I bust out. "What in tarnation's happened to you?" And then I can't help it—I just out laughing.

Because here is Cactus, about as horny-handed a hell-for-leather cowpoke as you'd expect to run in to this side of Kansas City, galling-around in a skirt and a head of long hair that looks like

he'd scalped a strawberry roan's forelock.

Cactus hangs his head kinda sheepish—like he's just been thrashed by a mangy burro—and gives me the lowdown. He's working in a picture called "Maebeth" with, as he puts it, "a feller named Orson Welles, who's forcing his range-horse in these parts."

**THE RUSTLER OF AVON**

He edged up close with a wary look around. "Roy, I ben wanting to see you about something. I got an idee, an idee this Shakespeare ain't on the level. A lowdown rustler—steals his yarns!

"Take this 'Maebeth'—why it's a dead ringer for that picture we made—the 'Carson, Bangue and' seems like 'was. Only this Shakespeare fella is plenty smart. He changes things just enough. For instance, instead of Texas, he sets this 'way off in Scotland. And so Cactus goes on to reduce 'Maebeth to range terms.

"Then's an old galoot named Dunk, who's king of the biggest ranch in these parts," says Cactus. "Well, he's havin' trouble with rustlers and rustlers, who's crowding his range. So what does Dunk do? Why he sends his top-hand, a guy called Maebeth—that's the part Orson Welles plays—out to scare 'em off.

"This Maebeth is a tough hombre, but he ain't on the level, it turns out. So when he comes back after cleanin' up them rustlers, he ain't satisfied when Dunk hands him a hunk of range all his own. He's been pawing with a passel of witches—they was Indian medicine-men in 'Durango Kid'—and he gets to itching to take over the whole shebang. Further, Maebeth's wife conks out on the idee, she's wanting to queen it over the hull range. Dunk, of course, figures on passing his lay-out over to his son, Malcolm—that's Roddy McDowell in the picture—when he kicks the bucket.

"So Maebeth carves the old fellow up complete, only he makes it look like somebody else done it. But he don't fool some of the other ranchers, special two hands, Bangue and Maebeth, so Maebeth figures he'll have to do for them, too. Can you guess the payoff?"

I pretend just enough innocence to please Cactus.

"Maebeth sees a little soft when he sees his old neighbor Duffy. Then he lets out a yell: 'Lay on Maebeth!' And they bang at each other hammer and tones. Natchely Duffy haska win account of censorship, and accuse the ranch is turned over to young Malcolm in the end."

"Cactus," I said soberly, slapping him on the back, "you've got something. Sheer genius." And in Hollywood parlance, that's exactly what I meant.

We must find a way to stabilize labor-management relationships at home so high and uninterrupted production can sustain high wages and low prices.—Sen. Arthur H. Vandenberg (R) of Michigan.

**NOTICE OF ELECTION FOR THE RE-ALLOCATION OF COUNTY TAXES.**

THE STATE OF TEXAS, COUNTY OF GRAY.

ON THIS, the 23rd day of July, 1947, the Commissioners' Court of Gray County, Texas, convened in special session at the regular meeting place thereof at Pampa, Texas, the following members of the court, to-wit: Sherman White, County Judge, presiding, and Joe K. Clarke, Commissioner, Precinct No. 1; Wade Thomasson, Commissioner, Precinct No. 2.

The above order having been read, the motion of Commissioner Clarke for the passage of the order being called for, the County Judge put the motion to a vote of the members of the Commissioners' Court and the motion carried by the following vote: Commissioners Clarke and Thomasson voting "AYE" and non voting "NO."

The County Judge declared the motion carried and the order duly passed and adopted, and the County Clerk is instructed to record the same in the Minutes of the Court.

MINUTES APPROVED this 23rd day of July, 1947.

SHERMAN WHITE, County Judge, Gray County, Texas.

(SEAL) CHARLEY THUT, County Clerk and Ex-Officio Clerk of the Commissioners' Court of Gray County, Texas.

July 27-Aug. 3

**NOTICE OF BUDGET HEARING.**

Notice is hereby given that the Trustees of the Pampa Independent School District will hold a hearing at 8 p. m. Monday, August 11th, 1947, in the Business office in the City Hall, in Pampa, Gray County, Texas.

Persons interested in discussing the 1947-1948 budget with the Board may do so at that time.

ROY McMILLEN, Business Manager.

August 1, 3, and 4th.

**NOTICE TO DEPOSITORIES.**

Notice is hereby given to all banking corporations, associations, or individual bankers doing business in Pampa, Gray County, Texas, and desiring to be designated as depository of the funds of the Pampa Independent School District for the biennium beginning Sept. 1st, 1947, that bids for the payment of interest on time deposits, and an extension will be opened at 8 p. m. Monday, August 11th in the office of the Business Manager in the City Hall in which office bids should be filed.

ROY McMILLEN, Business Manager.

Pampa News Want Ads Get Results

**Doctor Advises You**

**Use Pinch of Salt in Each Drink of Water**

AUSTIN—If your work is such that it causes excessive perspiration add a pinch of ordinary table salt to each drink of water you take, to prevent heat cramps. This is advised by Dr. Geo. W. Cox, State Health Officer, to prevent a possible increase in the number of heat victims as the Texas thermometer hits 95 degrees and above.

Laborers, mechanics, farmers, and white collar workers whose work causes them to sweat profusely, are in danger of having their body salt content become deficient with resulting heat cramps or heat fatigue. Salt is a prominent constituent of sweat; the body may lose as high as 40 to 50 grams of salt during hot days.

In industry, a method of preventing heat cramps is to take a tablet of pure salt or a mixture of salt and dextrose with each drink of water. Workmen whose duties require muscular exertion should be especially careful to add more than the usual amount of salt to what they eat and drink.

Heat cramp is characterized by pains (cramps) in the abdominal

region, headache and in severe cases, by nausea and vomiting. The body temperature remains about normal, likewise the pulse rate. Body salt losses occur without the knowledge of the individual until there is a deficiency; then the abdominal muscles begin to cramp.

Salt deficiency may be prevented by taking salt in various ways. Where prepared tablets are not available, table salt may be added to each drink of water. Milk is a source of salt and will help to make up for the deficiency caused by sweating.

It is a wise precaution to keep the body supplied with salt, and thus avoid much possible suffering and loss of time from heat cramps.

Leather soles on shoes permit the passage of air through the natural hide.

## MACKENZIE'S Column

By DEWITT MACKENZIE  
AP Foreign Affairs Analyst

English led a dream of becoming a prince of industry has received another dash of cold water in further major nationalization by the Socialist government—this time the taking over of electricity generating and distributing companies.

Parliament has adopted the bill—barring some minor amendments—socializing 190 private concerns at an estimated cost of \$1,400,000,000. The project will become effective next January 1, and the government plans expansion to meet a critical need for more power.

Well, if nationalization results in unification of Britain's electric companies it will be a boon to the country, or no dreams. In DEWITT MACKENZIE'S London, for instance, many separate concerns serve the world's greatest metropolis, and there is little uniformity. The family, or business, which moves even a block to a new home is likely to find that the electric current is AC whereas in the former place it was DC. This means that all the electric machines have to be changed over at much cost and inconvenience.

Besides electricity, the Socialists have now nationalized the coal mines, the Bank of England, inland transportation (rail, motor, waterways, ports), civil aviation and overseas communications (inland communications were taken over by the state long ago). The Socialist program still calls for nationalization

of iron and steel, and the coal-gas industry, during the remaining three years of the present government's life.

If this program is achieved it will mean, according to government estimates, the nationalization of 20 percent of business, leaving 80 percent in private hands.

Socialist Prime Minister Attlee's government has been adhering to the nationalization program which was approved by the voters at the last general election that brought about the sensational overthrow of the Conservative Churchill government. Attlee is well aware of the danger in over-reaching while carrying out such a revolutionary project. Indiscretion not only might result in catastrophe for the Socialists at the next election, but a major mistake in nationalization might raise havoc with the economy of the country.

Whatever else may be the outcome, the consensus in Britain seems to be that the days of industrial princes are over. Some great fortunes still exist, but death duties will wipe them out in due course.

**SPEAKING OF "BIG"**

Some people use the word as big, and some use it as "BIG"

But it's only a word, has no meaning, unless what you intend to impress upon people is the truth, solid truth.

So, allow me to say that if you want to

**DANCE**

on the biggest dance floor, to the biggest orchestra, be in the biggest crowd in the biggest night club where the big lights go out. The only thing "small" about the

**Southern Club**

is the admission of 60c per person and no charge for tables!

### Skellytown News

SKELLYTOWN, (Special)— Miss Tommy McCabe of Osage, Okla., is visiting Sheila Dean McCabe.

Donald Dean James of Lefors was a visitor in the Everitt Hufflines home Sunday.

Mrs. H. P. Gasaway left Thursday for Wichita Falls to visit relatives.

Specialist Contends A New Dust Period 'Has Already Started'

CHICAGO — (AP) — While soil conservationists and many farmers in the great plains are working busily to nail down topsoil, they contend that so-called "suicase" farmers are just as diligently loosening new areas for the wind to attack.

A new dust period "already has started" in the great plains states, H. H. Finnell, soil conservation research specialist at Amarillo, declares. He said the spread and intensity of wind erosion would depend on the amount of summer and fall moisture and the extent of next spring's winds.

Kenneth W. Chamlers, Colorado State Conservationist, added the plains region was "on the verge of another dust bowl which will make the last one look like a wide 'penny ante game'."

These comments were brought out in an Associated Press survey of what is being done in the West to help stop an estimated land erosion loss to the nation of \$4,000,000,000 a year.

Wherever soil is loose and bare for any length of time, as it often is in fall and spring, the winds quickly whip it away and set the stage for desert conditions.

But nowhere is the situation so aggravated as in an area including and surrounding the Texas Panhandle, taking in parts of six states—New Mexico, Colorado, Kansas, Nebraska, Oklahoma, and Texas itself.

Soil conservationists estimate the loss at many millions of dollars annually, but contend it can be completely eliminated and this potential "Great American Sahara" stopped with correct farm management practices. With irrigation, they say, suitable drylands can add immeasurably to the nation's agricultural output, while salvaged grazing lands can improve beef production.

The 21,000,000 acres under irrigation so far, out of the 700,000,000 acres of land in the great plains, produce 54 percent of that area's entire farm income, yet the region as a whole average less than 20 inches of rainfall a year.

When dust starts blowing, soil men point out, it "drowns out" other land areas, even those where conservation methods are in use, filling in ditches and irrigation systems.

Tarleton A. Jenkins of the SCS at Fort Worth, said there were 25,600,000 acres of cultivated land in Texas and 6,700,000 acres in Oklahoma which need returning to grass, suitable for grazing sheep and cattle.

"COWBOYS" DILEMMA, LEAVE TOWN; OR WHAT? The festival spirit of Top o' Texas Western Week...

And speaking conspiratorially, there are a number of things that should make the Top o' Texas a name on the lips of thousands who before had not heard of the title which Pampa and vicinity have adopted.

Here's our trouble. Most of us just have one shirt that will pass the test. What are we going to do when it needs to go to the laundry? A week's a mighty long time, what with 90-degree temperature.

Some of us, by the way, may have to leave town—or be declared NOT sanitary. We don't want to leave town, because we want to see the Queen.

Common Ground

WASHINGTON, (NEA)—A foreign policy for a major world power is good unless it has military...

Don't Take Any Job You Can't Publicly Defend

By R. C. HOILES

One of the ways for a man to be in hot water and hell on earth is for him to take a job that he cannot publicly defend.

Chief reliance is still placed in "the bomb," the Atomic Energy Commission having been given a full \$600 million appropriation.

On mobilization of resources to support military operations, the Congress has also made only a faint start.

It included universal military training was turned down. Budget requests for \$9.2 billion appropriations were trimmed a billion by House though raised about half that amount by the Senate.

Who Are Responsible People? A responsible person is one whose word is as good as a bond. He need not have material wealth.

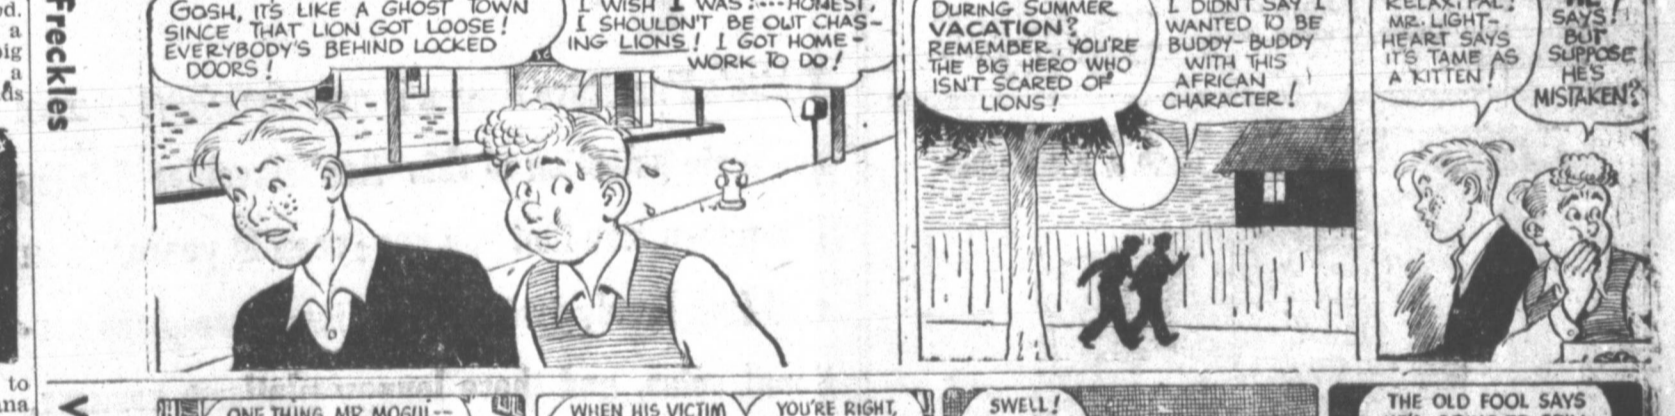

Garbage Argument end Public Education One of the usual arguments of those people who have the government at heart...

Gracie Reports By GRACIE ALLEN—I see that those two cute boys, Glenn Davis and Doc Blanchard, who played football for the Army...

### New Policy Set on Farm-to-Market Roads

AUSTIN—(AP)—Four delegations have indicated interest in the State Highway Commission's cooperative financing plan designed to give counties more farm-to-market roads.

The new policy requires counties to put up 75 percent of the actual construction cost and purchase the right of way, with the state contributing the other 25 percent and taking over maintenance costs.

Moore and Karnes counties were the only counties reporting "roadway in the bank" ready to put into new farm-to-market roads, while Collin and Cherokee counties wanted to work out plans whereby they would receive their 75 percent credit for roads already built or in process of construction.

John S. Reddit, commission chairman, praised the Jacksonville road district in Cherokee County

## DEATH of a DOLL

By Hilda Lawrence

THE STORY: Lillian Harris meets with an accident while taking a shower. She is still unconscious. There is a feeling of terror at Hope House. Miss Plummer worries because she lost the record of Ruth Miller's Chicago phone call.

XXI  
AGNES was mending a sweater with care; there was additional mending on the table beside her chair, stockings, underwear, and something made of unbleached muslin, crumpled and not very clean. Miss Plummer thought vaguely that it had a familiar look.

"Kitty just took over the board and I'm at loose ends for a little while," she told Agnes. "Can't seem to settle down to anything, so I told myself I couldn't do better than have a little talk with you, Agnes."

Agnes darned steadily. "Glad to have you," she said. She didn't look up. Her needle wove in and out and she frowned with concentration. "Take the chair by the radiator, Miss Plummer, it's warmer there."

Miss Plummer ignored this. She sat beside Agnes. "What are you doing with the muslin, Agnes?" Agnes raised her head. "The muslin?" She looked as if she were biting something back. "I don't know what I'm doing with it," she said slowly. "I don't know. I didn't want you to see that, Miss Plummer, I'm still thinking about it myself, but now that you have it—"

"Agnes—"  
"That's one of the doll dresses, Miss Plummer."  
"Why so it is! For a minute you frightened me, you looked odd."  
Miss Plummer fingered the material. "There's a lot of wear in this stuff. What do you want it for?"  
"Want it! I don't want it! I wish it was at the bottom of the sea! . . . I found it, Miss Plummer."  
"Found? I don't see how you

### Youth Would Rather Drive Car Than Eat

HOUSTON—(AP)—Fifteen automobiles disappeared here one night after another for three weeks. All were later found—their gas tanks bone dry.

Police nabbed a 16-year-old youth who admitted he would climb in a parked car and drive it until all the gas was exhausted.

"I'd rather drive than eat," he told County Probation Agent W. E. Robertson. He will be tried Aug. 7.

as having done "the best job in Texas on providing dustless roads in addition to the farm-to-market roads the state has provided," and said the commission would try to work out an equitable plan to give the road district a return on the \$400,000 it has spent.

E. R. Gregg of Rusk asked for farm-to-market designation of a 7-mile stretch from Rusk to Gallatin and G. M. Black of Rusk made a similar request on 9 miles of highway between Alto and Alto. The delegates said there was a total of 72 miles which they desired the state take over for maintenance.

and

## 22 New Advantages for FASTER FARMING

We are proud to announce our appointment, effective July 1, 1947, as authorized dealer for the new Ford Tractor and Dearborn Implements.

The new Ford Tractor combines twenty-two important improvements with the former advantages of Ford-built tractors. Come in and get all the interesting details. Also, for parts and service on any Ford-built tractor, be sure to call on us.

Designed by expert implement engineers and tested by practical farmers, Dearborn Implements are especially made to work with the Ford Tractor—either the new or the former model. And implements used with the former model will operate equally well with the new Ford Tractor. Let us tell you about them.
