COAL TRAIN DERAILS NEAR MULESHOE--Around 7 p.m. Friday evening, 18 cars of a coal train headed for the SPS Tolk plant, derailed approximately five miles east of Muleshoe. Santa Fe Railway workers moved in from Clovis and Lubbock and started trying to remove the debris and torn up tracks. They set up portable lights and worked throughout the night. Railroad officials would not give an estimate of damage to the rail cars and tracks.

Train Derails Near Muleshoe Friday

Around 7 p.m. Friday, a coal train enroute to the SPS Tolk plant east of Muleshoe derailed approximately five miles south-east of Muleshoe.

Pat King said the Muleshoe Athletic Boosters are currently selling memberships to the organization. The cost is only \$10 per family, and that will entitle the family to have their name in the football programs as a supporter, also they will receive the weekly newsletter from the Athletic Booster Club. Memberships may be paid to Sherry Embry at the First National Bank or to any member of the Athletic Booster Club.

City Secretary Mary Hicks said that weather permitting, mosquito spraying will be conducted early Monday morning. Con't Page 6, Col. 5

A spokesman for the Santa Fe Railway said 18 cars, loaded with coal, left the tracks in a domino effect, ripping up track and leaving torn up rail cars, and a damaged track bed.

Some of the cars remained upright, while others overturned spilling the loads of coal alongside the tracks.

Work crews from Clovis and Lubbock moved into the area, and started efforts to clear the debris.

Santa Fe officials expected the work to continue for the next few days as much of the track will have to be replaced, and the damaged coal hauling cars removed.

DPS Troopers Lacie Kirk and David Blackerby were at the site, helping to control traffic, as the derailment occurred very near the highway. Also assisting were Deputy Sheriffs Hal Bynum and Jerry Hicks.

Although electrical poles were adjacent to the tracks, no damage was reported to any pole, as the jumbled up coal cars appeared to weave in and out around the poles, missing them in every instance.

The crash site was at the spur leaving the main line for the Tolk Plant. The front of the train made the curve onto the spur, with the derailment occurring about mid-way in the long train. No injuries were reported.

Officers were called briefly from the crash site around 8:30 p.m. when a fight and shooting were reported inside the city limits.

One man was jailed following the fracas in town, and no injuries were reported in that incident.

"Crop Stops" Slated By Extension Office

According to Kirby Rankin, of the Bailey County Extension Office, two crop information stops have been planned for Friday, August 31.

At these stops, producers will be able to observe and acquire information on adapted cotton varieties, hybrid cotton, yellow and white food corn hybrids and irrigation, explained Rankin.

He said the event will feature local county personnel from the County Extension Office, Blackwater Valley Soil and Water Conservation District and Valley Grain Products, Inc. and local host producers who will explain the crop sites.

Rankin said the crop stops will be from 9:30-10:30 a.m. on cotton at the James and Jimmy Wedel farm located one and one quarter miles west of FM Road 1760 and 1731 intersection.

From 10:30-12:00 noon, the

Alumni Band

Meeting Slated

Next Thursday

An organizational meeting for the Muleshoe Alumni Band will be held August 30 at 7 p.m. in the High School Band Hall, according to Bruce Chapman. Any ex-high school band member, even though not a graduate of Muleshoe, is welcome to attend, he said.

This meeting is to organize for the up-coming Homecoming game with Frenship on September 21. Rehearsals for the Alumni Band will be held from 7-9 p.m. on September 11 and 18.

For more information, call Anthony Gibson or Martha Anthis at 272-3020 or Bruce Chapman at 272-5353.

Bailey County West Plains Fair Is Coming

Rain Recorded; Spotty Throughout Entire Area Are Expected

More Booths; New Entries

Heavy rains to the west and north of Muleshoe on Tuesday night and again on Friday nights failed to reach inside the city limits.

Friday, a one inch rain was recorded generally to the west of Muleshoe, and as close in as three miles to the west city limits.

Mrs. R. L. Scott said they received one inch of rain at their home about three miles west of Muleshoe. She said water was over the road near the dairy on FM1760.

In the Goodland area, Mrs. Renel Kirby said they received no rain this week until receiving a very light shower Friday evening. Mrs. Kirby said rain had been staying out of the southwest part of the county.

J. G. Arnn said Saturday morning that scattered showers had been received this week in the south part of the county ranging from one-half to three-quarters of an inch.

"Some farmers are hoping for dry weather in September," he said, "in order for cotton bolls to stop growing."

From three miles east of Lazbuddie, Foster Fertilizer reported very little moisture during the past week, although measurable moisture was noted to the west of Lazbuddie.

Only showers were reported from Lazbuddie to the east.

At Bula, the only moisture during the past week has been in the form of very light showers according to Bennie Claunch at Claunch Gin.

Mrs. Jimmie Seaton, who lives one mile west and one half mile north of Lazbuddie said they received no rain on Tuesday and one half inch on Friday night.

However, Jimmie Dale Seaton, who lives two miles east and two and one half miles north of Clay's Corner received one and one half inches of rain on Friday night, with no rain reported on Tuesday night. Also, Wesley Barnes, who lives in the same area, also recorded one and one half inches on Friday evening and night.

Clovis, N. M. had more than three inches of rain Friday afternoon, with heavy flooding of streets and homes reported.

It's almost time for the Bailey County West Plains Fair, which is scheduled this year September 6-7-8 at the Bailey County Civic Center and Coliseum on Highway 84.

The annual event is sponsored by the Extension Advisory Committee, Muleshoe Rotary Club and the Bailey County Commissioners Court, says Bailey County Extension Agent Spencer Tanksley.

He said entries will be accepted from persons who reside in Bailey, Farmer, Lamb and Cochran Counties. The same type of schedule will be followed for the fair this year as in past years. Entries will be checked into the fair on September 6, between the hours of 9 a.m. and 9 p.m. Judging of exhibits is scheduled for Friday morning, September 7, with the Fair opening to the public on Friday at 2 p.m., and concluding for the day at 7 p.m.

On Saturday, the Fair will be Con't Page 6, Col. 2

Are You Interested In School Sports?

Do you like sports? How would you like to see the Muleshoe track become a track which would be all-weather, and the type track like so many other schools, including Sudan have? With a proper track, Muleshoe could hold invitational track meets just like other schools, including small schools.

This would boost our sports program for the schools, plus bring added revenue to the city through the visiting teams, their parents, and friends.

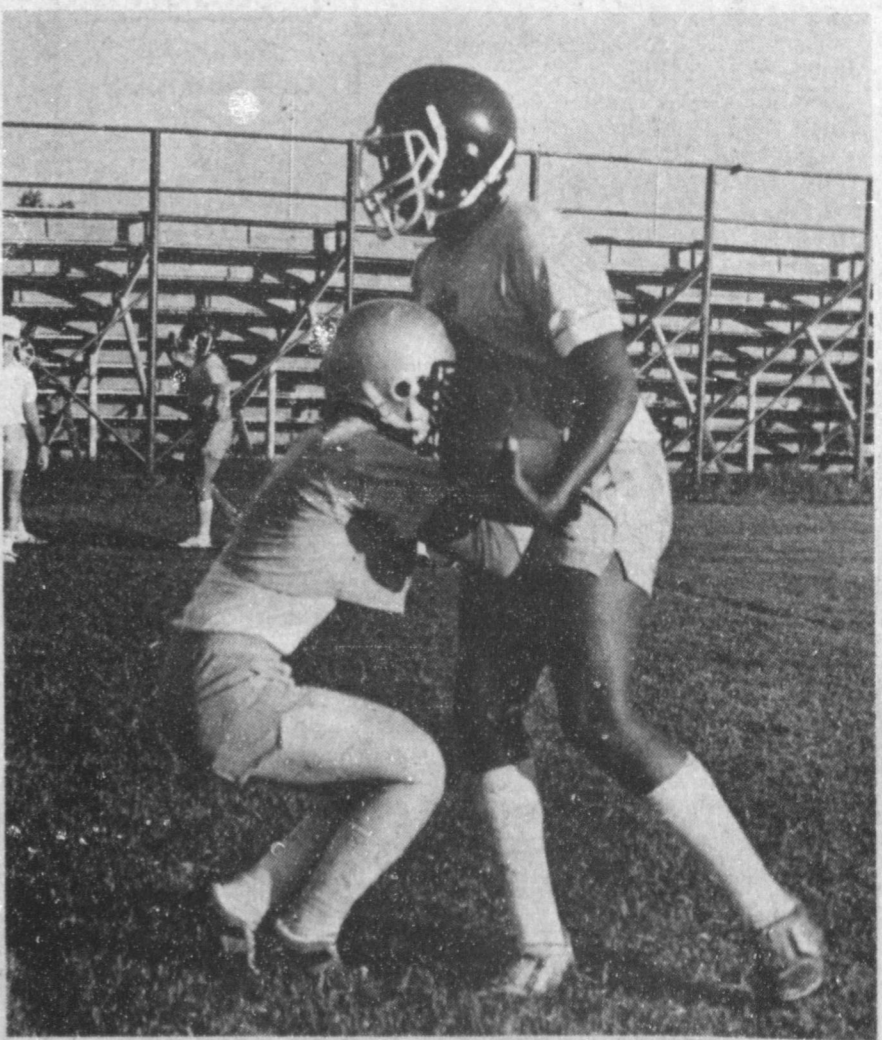

On Monday night (tomorrow) a meeting is scheduled at the Muleshoe High School cafeteria, hosted by the Muleshoe Athletic Booster Club, to present such a possibility to interested citizens. They ask that you attend the 7:30 p.m. meeting, as the input from everyone in the area will be needed.

Also included in the meeting will be the possibility of moving out the west side stands, rebuilding the stands, and turning the west side into the home side.

It was explained that with the new stands, the Muleshoe fans would not be looking into the sun anymore.

Muleshoe Athletic Boosters have already contributed \$1,000 to a fund to get the project started, and they want to present basic facts and figures and see if there is enough local interest to pursue the project.

Make your plans now to attend the Monday night meeting at the cafeteria.

FOOTBALL PRACTICE CONTINUING--At this time, the Muleshoe School football players are working out in uniforms and pads, getting ready for the season which will be getting underway on Friday, September 7, when the Mules meet the Portales Rams here.

The Anchor Brothers Get 4 Nominations

Sudan's Anchor Brothers Band, a country gospel music group, was notified on Wednesday that they have been nominated for several awards by the Southern Gospel Music Association this year.

Awards will be presented at a banquet on September 15, when the SGMA holds their annual convention in Lubbock.

The Anchor Brothers Band was notified they have been nominated as "Group of the Year," and were informed that among 70 groups in organization, they are one of the top five groups. Kenneth Richards has been nominated as "Vocalist of the Year" and his son, Dean, was nominated for "Instrumentalist of the Year" and "Youth of the Year."

Other members of the band are Reydon Stanford of Sudan and Muleshoe, W.T. Watson, of Muleshoe and Jerry Howard of Levelland.

They have already produced five successful albums and very shortly, will be recording their sixth album. The new album will be featuring both old and new songs, some of them written by Kenneth Richards and Reydon Stanford. They frequently present concerts

throughout the area, and have been proven to be a crowd pleaser wherever they go.

At this time, they are taking advance orders for their new album, which will be produced and ready in time for Christmas giving.

Don Yelvington, of B&B Productions, Lubbock, and head of the West Texas Chapter of the Southern Gospel Music Association, was in Muleshoe on Wednesday, and visited with Reydon Stanford.

Yelvington explained to Stanford, that for the second year in a row, Lubbock was chosen as the site to hold the SGMA annual convention. It is scheduled for Friday-Sunday, September 14-16, and the convention is not restricted to members of the SGMA.

Members and non-members are welcome to attend any part of the convention, from the concerts, featuring from 60-70 country gospel musical groups, to the breakfast and awards dinner.

Yelvington said the convention will be held at the Lubbock Municipal Coliseum on Fourth Street, west of the football field at Texas Tech.

Double Ring Ceremony Unites Miss Cindy Turner, Hardy

Miss Cindy Gayle Turner became the bride of Andrew William Hardy, II in a candle-light ceremony July 7 at 3 p.m. in the First Baptist Church. Barry Bradley, pastor, read the double ring vows.

The bride is the daughter of Mr. and Mrs. Darrell Turner of Muleshoe. Hardy is the son of Mr. and Mrs. Andy Hardy of Cocoa, Florida.

Church decorations included an archway with greenery and apricot ribbons, spiral candelabra with greenery and apricot ribbons, one on each side of the archway, and a kneeling bench. Pew markers were in the same color scheme.

Kevin Wiseman of Snyder, soloist, sang "The Lord's Prayer". Kevin and Carolyn Wiseman of Snyder sang a duet "Together". Mrs. J.R. Johnson, pianist, and Mrs. Elbert Hamilton, organist, presented

nuptial selections while guests were seated.

Given in marriage by her parents, the bride wore a chapel length gown fashioned of white organza. The bodice featured long, sheer sleeves. Handsewn pearls traced the Victorian neckline. The long full skirt extended into a chapel train which was edged with three tiers of Chantilly trimmed with Chantilly lace. Her fingertip veil of white organza was edged in Chantilly lace and accented at the crown by lilies of the valley. She carried a cascade bouquet of apricot roses, white carnations and english ivy.

In keeping with the tradition the bride wore a strand of pearls that belonged to her maternal grandmother as something old and borrowed, something new was pearl earrings. She also wore the traditional blue garter.

Mrs. Jacque Boutell, sister of the bride, of Dallas served as matron of honor. Bridesmaids were Keisha Johnson of Muleshoe, Connie Vestal of Lubbock and Trish Hardy, sister of the groom, of Cocoa, Florida.

Tom Boutell, brother in law of the bride, of Dallas served as best man. Groomsmen were Jeff Meeks of Midland, John Wuertlein of Muleshoe, and Keith Turner, brother of the bride, of Muleshoe. The groomsmen also served as ushers.

Following the ceremony, a reception was held in the fellowship hall of the church. Mrs. Keith Turner, sister in law

of the bride, registered the guests. Robin Gay and Lisa Hightower, both of Lubbock, and Kathleen Patterson of Muleshoe, served the cake and punch.

Members of the house party included: Mrs. Wayne Acklin, Mrs. Betty Carpenter, Mrs. Elbert Hamilton, Mrs. J.R. Johnson, Mrs. R.L. Jones, Mrs. Clinton Kennedy, Mrs. R.L. Scott and Mrs. Frank Wuertlein.

Following a wedding trip to Cocoa and other points in Florida, the couple are making their home in Portales, N.M.

The bride graduated from Muleshoe High School in 1982,

and South Plains College in 1984. She plans to attend Eastern New Mexico University in Portales, where she will be a junior.

Hardy is a 1982, graduate of Cocoa High School in Cocoa, Florida and is presently an Airman First Class in the U.S. Air Force stationed at Cannon AFB at Clovis, N.M. He will also attend Eastern New Mexico

University this fall.

Out of town wedding guests were registered from Amarillo, Angleton, Dallas, Coca, Florida; Fredonia, Plainview, Lubbock, Littlefield, Brownfield and Cannon AFB in Clovis.

A rehearsal dinner was held in the fellowship hall of the First Baptist Church, and was hosted by the parents of the bride and groom.

MR. AND MRS. ANDREW WILLIAM HARDY II
(nee Cindy Gayle Turner)

NOTICE OF CALCULATION OF EFFECTIVE TAX RATE AND PUBLICATION OF ESTIMATED UNENCUMBERED FUND BALANCES

I, Dale F. Jones, Assessor-Collector for City of Muleshoe, in accordance with the provisions of Sec. 26.04, Property Tax Code, have calculated the tax rate which may not be exceeded by more than three percent by the governing body of the City of Muleshoe without holding a public hearing as required by the code. Tax rate is as follows: \$4.766 per \$100 of value.
The estimated unencumbered fund balance for Maintenance & Operation fund: \$-0-. The estimated unencumbered fund balance for Interest & Sinking fund: \$-0-.

Dale F. Jones Chief Appraiser
August 8, 1984

CALCULATIONS USED TO DETERMINE EFFECTIVE TAX RATE

I. DATA

1. 1983 Total tax levy from the 1983 tax roll	\$ 430,543
2. 1983 Tax rate (\$.63 M&O and \$ -0- I&S)	\$.63/\$100
3. 1983 Debt service (I&S) levy	\$ -0-
4. 1983 Maintenance & Operation (M&O)	\$ 430,543
5. 1983 M&O taxes on property in territory that has ceased to be a part of unit in 1984	\$ -0-
6. 1983 M&O taxes on property becoming exempt in 1984	\$ \$-0-
7. 1983 M&O taxes on taxable value lost because property is appraised at less than market value in 1984	\$ 22.00
8. 1984 Total taxable value of all property	\$ 91523200.
9. 1984 Taxable value of new improvements added since Jan. 1, 1983	\$ 1,200,000
10. 1984 Taxable value of property annexed since Jan. 1, 1983	\$ -0-
11. 1984 Tax levy needed to satisfy debt service (I&S)	\$ -0-
12. Rate to raise 1983 tax due levy to appraisal roll errors (lost dollars divided by 1984 taxable value) (\$ 2,953 ÷ \$ 91,523,200 × 100)	\$.0000322
13. Rate to regain taxes lost in 1983 due to appraisal roll errors (lost dollars divided by 1984 taxable values) (\$ 2,953 ÷ \$ 91,523,200 × 100)	\$.0000322
14. 1983 M&O Taxes used to regain lost 1982 levy	\$ -0-

II. CALCULATION

MAINTENANCE AND OPERATION (M&O) TAX RATE

1. (A) 1983 Total tax levy (Data 1)	\$ 430,543
(B) Subtract 1983 Debt service levy (Data 3)	\$ -0-
(C) Subtract 1983 Taxes on property no longer in unit (Data 5)	\$ -0-
(D) Subtract 1983 Taxes for exemptions (Data 6)	\$ -0-
(E) Subtract 1983 Taxes for productivity valuation (Data 7)	\$ 22.
(F) Subtract 1983 Taxes used to regain lost 1982 levy (Data 14)	\$ 17,440
(G) Adjusted 1983 M&O levy	\$ 430521
2. (A) 1984 Total taxable value of all property (Data 8)	\$ 91,523,200
(B) Subtract 1984 Value of new improvements (Data 9)	\$ 1,200,000
(C) Subtract 1984 Value of annexed property (Data 10)	\$ -0-
(D) Adjusted 1984 Taxable value for M&O	\$ 90,323,200.
3. (A) Divide the Adjusted 1983 M&O levy (1-G above) by the Adjusted 1984 taxable value for M&O (2-D above) (\$ 430,521 ÷ \$ 90,323,200)	\$.004766
(B) Multiply by \$100 valuation	× \$100
(C) Effective M&O rate for 1984	\$.4766/\$100

INTEREST AND SINKING (I&S) TAX RATE

4. (A) 1984 I&S levy needed to satisfy debt (Data 11)	\$ -0-
(B) 1984 Total taxable value of all property (Data 8)	\$ -0-
(C) Divide the 1984 I&S levy (4-A above) by the 1984 Total taxable value (4-B above) (\$ -0- ÷ \$ -0-)	\$ -0-
(D) Multiply by \$100 valuation	× \$100
(E) Effective I&S rate for 1984	\$ 0/\$100

APPRAISAL ROLL ERROR RATE

5. (A) Rate to raise 1983 levy due to appraisal errors (Data 12)	\$ -0-/\$100
(B) Add rate to regain taxes lost due to errors (Data 13)	+ \$ -0-/\$100
(C) Total Rate to adjust for appraisal roll errors	\$ -0-/\$100

TOTAL EFFECTIVE TAX RATE FOR 1984

6. (A) Effective M&O rate (3-C above)	\$.4766/\$100
(B) Add Effective I&S rate (4-E above)	+ \$ -0-/\$100
(C) Add Rate to adjust for appraisal roll errors (5-C above)	+ \$ -0-/\$100
(D) 1984 Effective Tax Rate	\$.4766/\$100

1984 Effective Tax Rate is the tax rate published as required by Sec. 26.04, Property Tax Code.

MUSIC RECITAL—Mr. and Mrs. Joe Bryan Jennings of Lazbuddie hosted a music recital, under the direction of Dr. Cecil Bolton of Lubbock. Dr. Bolton presented Lori Williams, Miss Jennings and Jonesa Jennings, who have been pupils of his for six years.

**Music Recital
Held At Lazbuddie**

Dr. Cecil Bolton, of Lubbock College of Music, presented Lori Williams, Mia Jennings, and Jonesa Jennings in a Music Recital on May 20, in the home of Mr. and Mrs. Joe Bryan Jennings of the Lazbuddie community.

Lori Williams, daughter of Mr. and Mrs. Windy Williams, Muleshoe, played Sonata in F by Bastien.

Mia Jennings, daughter of Mr. and Mrs. Joe Bryan Jennings, played Bach Inventions #8 and #13, Gigue in G minor by Loeillet, Sonata in C Major by Mozart, Waltz, Op. 64, #1 by Chopin, May Night by Palmgren, and Dixiland by Rasbach. She also played Rhapsody by Demarest with her mother, Marsella Jennings, at the organ. Her vocal selections on the program included "I Heard a Blackbird in a Tree" by Arlen, "I'll Walk With God" by Brodsky, and "The Twenty-Third Psalm" written by her piano teacher, Cecil Bolton.

Jonesa Jennings, daughter of Mr. and Mrs. Derrell Jennings of Lazbuddie, played Bach Inventions #4 and #14, Gigue in G minor by Loeillet, Sonata in G Major by Haydn, Allegro di Molton by C.P.E. Bach, Impromptu in A Flat by Schubert, and Improvization by Macdowell.

She also played the "Lord's Prayer" by Malotte with Marsella Jennings on the organ. Her vocal selections included "The Luxemburg Gardens" by Manning, "I Heard a Forest Praying" by Rose, and "The Hills of Home" by Fox-Calhoun.

Mia and Jonesa entered the Lubbock Music Teachers "Piano Sonata-Concerto" contest in February, and both won first place. They have been winners in these contests the past four years. They played in the National Guild of Piano Teachers Auditions in Lubbock in May, and both received a Superior rating.

Dr. Cecil Bolton, the girl's teacher for the past six years, retired in August, 1984, and moved to Grand Prairie for health reasons. He moved to Lubbock in 1950, after teaching in several colleges and serving as head of the piano department at Southwestern Baptist Theological Seminary in Fort Worth.

He has served as organist and choir director at several churches in Lubbock, and he established his own music school, called Lubbock College of Music, which was approved by the State Board of Education. He has taught several students from the Muleshoe area.

SUDAN HORNET TWIRLERS—The Sudan Hornet twirlers held a camp recently with several twirlers turning out for lessons. They included Pam Williams, Roxann and Tanya Fisher, Mistie Miller, Sabrina Faz, Gayla Rasco, Ambyr Donnell, Melanie Peck, Kay Lynn Gordon, Dawn Gaston and Baker and Moneake Payne.

Creative Woman

by Sheryl Borden

Topics to be presented on "The Creative Woman" show on August 28 and September 1 include barbecue basics and a demonstration on cutting up chickens. Christy Kirk, home economist and spokesperson with the Reynolds Metals Co. in Los Angeles will talk about how to prepare the barbecue grill for cooking, equipment to use for grilling, some safety tips, and explain the two types of barbecuing. She will also demonstrate how to properly wrap food to be cooked on the grill and discuss some of the different types of foods that can be grilled—such as appetizers, desserts, as well as the typical ones such as meats or kabobs.

The second guest is Merle Ellis, commonly referred to as "the butcher." Mr. Ellis represents Presto Company and is from California. He will discuss the economical reasons for learning to cut up your own chickens instead of buying pre-cut ones. Viewers will enjoy his first demonstrate where he completely cuts up a fryer in less than 15 seconds. He follows this with a "slow motion" demonstration showing exactly where and how to cut the chicken. He will also show how to de-bone the chicken breasts for certain recipes. He is a very entertaining guest.

The topics to be presented on August 30 and September 2 include homemade beauty products, understanding the microwave oven and cholesterol and your diet.

Mary Ellen Payne, Extension Home Economist from Carrizozo will share recipes for homemade beauty products and discuss ways to make ourselves look and feel very special.

Don Fandre, chef with the

Rubbermaid Company, will present a common sense approach to microwave cooking. Don has his own television show on cable called "Microwaves are for Cooking."

Registered dietician Judy Nevius makes the subject of cholesterol and your diet very simple and entertaining with mouthwatering food presentations for a "heart-healthy" diet.

"The Creative Woman" is produced and hosted by Sheryl Borden. The show airs at 12 noon on Tuesday and Thursday, at 2:00 pm on Saturday and at 5:00 pm on Sunday on KENW-TV, Channel 3 in Portales. Viewers can request copies of printed materials offered on the show by calling on KENW-TV's toll-free telephone lines. The numbers are: New Mexico: 1-800-432-2361, out-of-state: 1-800-545-2359, and Portales and Roosevelt County: 562-2112.

French Peach Of A Dessert

PECHES MONT BLANC
(Makes about 6 servings)

- 1/4 lb. triple crème cheese
- 2 T. Armagnac
- 2 T. confectioner's sugar
- 6 fresh (or canned), peeled peach halves
- Fresh lemon juice
- 1/2 cup finely chopped pistachio nuts

Combine cheese, Armagnac and sugar. Mix until cheese is very fluffy. Use mixture to fill peach hollows. If using fresh peaches, brush all surfaces with lemon juice. Chill until ready to serve. Sprinkle with chopped nuts before serving.

Miss Vernon, Broadhurst Exchange Marriage Vows

MRS. BARRY LANCE BROADHURST
(nee Shanda Lee Vernon)

Karen Rich Named Principal At Hawkins

In a special meeting held recently of the Vernon Public School trustees, Karen Rich, daughter of Mr. and Mrs. Jack Engram of Sudan, was named the new principal at Hawkins Elementary School.

She will be the first woman in such an administrative position at Hawkins.

Ms. Rich was selected from among six applicants for the position. She is the executive director of the four-school Wilbarger Special Services co-op and will submit her resignation for this position.

She had worked as an elementary-level special education diagnostician at Hawkins and other local schools in the Wilbarger Co-op program before taking over as Co-op executive director and at Hawkins is returning to a familiar setting.

Shanda Lee Vernon became the bride of Barry Lance Broadhurst in a candlelight ceremony on Saturday, Aug. 4 at 7 p.m. in the First Baptist Church of Sudan. Rev. Charles Broadhurst, father of the groom, officiated at the double ring ceremony.

Parents of the couple are Mr. and Mrs. Calvin Vernon of Sudan and Mr. and Mrs. Charles Broadhurst of Littlefield.

Guests were registered by Lee Anne Ellison of Sudan and Toni Richardson of Littlefield.

The church was centered with a candle arch entwined with greenery and shades of rose pink flowers flanked with two spiral candelabrams on each side, also decorated with greenery and rose pink flowers. At the right of the center aisle, the unity candle was decorated with greenery and pink silk roses. Rose pink satin ribbons marked the pews.

Beverly Thurman provided the organ music as the guests arrived and played the wedding march. Janet Nix and Clifford Watson sang "Just You and I" and Janet sang "Theme From Ice Castles" accompanied by Georgeann Rasco on the piano.

Presented in marriage by her father, the bride wore a gown styled in white Matte taffeta and lavishly trimmed in Chantilly lace. The fitted bodice featured a sweetheart neckline and natural waistline. The back of the bodice was cut in a low "V" and featured a wide taffeta bow at the waistline. The fitted sleeves were styled in a leg o'mutton effect at the top, and at the wrists a wide flounce of

white taffeta extended over her hands.

The taffeta underskirt was bordered in a wide taffeta ruffle. The gown swept into a chapel train.

Her Chantilly lace brim picture hat featured a small brim which had appliques and flowers made of the lace. Each applique and flower was centered by a cluster bow of seed pearls. The crown of the hat was also covered with lace, and a white satin ribbon circled the crown and formed a bow in the back, complete with satin streamers. A two tier veil of illusion completed the hat.

She carried a cascading bouquet of rose pink and white silk sweetheart roses, stephanotis and baby's breath. In keeping with tradition for something old she had her grandmother Ingle's wedding ring tied to her bouquet. A set of matching pearl earrings and necklace belonging to Donna Broadhurst, served as something borrowed. Something new was her wedding dress and she wore a blue garter for something blue. The bride wore pennies in her shoe minted in the years of their births.

Attending the bride as matron of honor was her sister, Jody Lyle. The maid of honor was Lisa Wood. Bridesmaids were Missy Fisher, Sharla Harrison, all of Sudan, and Leigh Ann Stephens of Levelland.

The attendants wore formal length gowns of rose pink

taffeta in a Southern Belle style with a ruffled off the shoulder neckline. The natural "V" waistline gathered into a full skirt designed with three rows of scalloped ruffles with rosettes and bows. A deep ruffled tier at the bottom completed the dresses, which were designed by Jimi Schoor. The attendants carried lace backed fans decorated with rose pink silk flowers. Rose pink halos were worn on hair picks.

Serving as best man was Leslie Broadhurst, brother of the groom, of Borger. Grooms-men were Mark McCanlies, Kirk Lair of Littlefield and Eddie Gregory of Portales, N.M. and Barry Neill of Lubbock.

They wore gray tuxedos with vests and striped ascots. The groom wore a white tuxedo with tails.

Ushers were Barry Fisher, Keith McCane, Alan Jones, all of Littlefield and Scott Coursey, brother in law of the groom, of Lubbock. Bonnie and Teena Newman, cousins of the bride, were candlelighters. Their dresses were similar to the bridesmaid, in bright pink rose.

Breanne Baker served as flower girl. Her Southern Belle formal length dress was pink chiffon with tiny rosettes.

During the prayertime: Janet Nix sang "The Wedding Prayer", and the couple lit the unity candle, Janet Nix and Clifford Watson sang "The

Wedding Song".

Following the ceremony, a reception was held in the fellowship hall. Serving at the groom's table were LaDonna Coursey, sister of the groom of Lubbock, and Donna Broadhurst, sister in law of the groom, of Borger. Attendants at the bride's table were Martha Hickley of Robert Lee, Shaunda Maesten of Sudan, Tamara Gover of Earth, and Renee Favor of Littlefield.

Danielle Martin and Brooke Baker passed out rice bags.

Following a wedding trip to Eureka Springs, Ark., the couple will make their home in Littlefield where they are employed by Satellites West. The groom is a graduate of Littlefield High School and South Plains College. The bride is a graduate of Sudan High School and attends South Plains College.

Among relatives from out of town were Mr. and Mrs. Walter Broadhurst of Tuttle, Okla.; Mr. and Mrs. Jim Broadhurst of Oklahoma City; Mrs. Preston Dooley and Howard, Mrs. Bob Johnson, Mrs. Linda Terry, Gail and Joe, Mrs. Della Kobenick, Barbara and Johnny, Mr. and Mrs. Henry Vernon, all of Portales, N.M.; Mr. and Mrs. Jim Smith, Scott and Jill of Amarillo; Mrs. J.F. Carter of Gruver; Mr. and Mrs. Bill Broadhurst of Muleshoe; Mr. and Mrs. Leslie Broadhurst of Borger; and Mr. and Mrs. Scott Coursey of Lubbock.

Rebekah Lodge

Rebekah Lodge met Tuesday night for their regular weekly meeting. The meeting was called to order by Sandi Robinson, Noble Grand. The opening prayer was given by Dorothy Chance, chaplain.

Minutes of the previous meeting were read by Fern Davis, secretary. Refreshment hostesses were Renee Rudd, Dodi Actkinson and Sandi Robinson.

Eighteen members were in attendance.

Candlelight Ceremony Unites Miss Washington, Canaday

MR. AND MRS. FLOYD ALEXANDER CANADAY, JR. (nee Sherry Ann Washington)

Miss Sherry Ann Washington of Muleshoe and Floyd Alexander Canaday, Jr. were united in marriage at 6 p.m. June 2 in the Muleshoe Church of Christ. David Cox read the single ring vows.

Parents of the couple are Mr. and Mrs. Herron Washington of Muleshoe and Mrs. Flossie Jones of Williamsburg, Virginia.

Church decorations included an arch candelabra and a pair of seven branch candelabras flanked either side. The mother's pews was marked by lavender satin bows.

The Harding University Choir sang "Because" "Faithful and True", from a cassette tape played by Henderson Giggis.

Given in marriage by her parents, the bride wore a white

wedwood lace gown featuring a high neckline with sheer embroidered drop shoulder yoke, accented with rhinestones and seed pearls. Silk Venise lace overlay decorated the bodice. The long Victorian sleeves had lace trim at the wrist. The tiered bouffant skirt flowed into a semi cathedral train. The two tiered fingertip veil with rolled edging was attached to a lace covered baudeau accented with rhinestones and seed pearls. Her flowers were oval white and lavender carnations with lavender ribbon.

Karen Washington, sister of the bride, served as maid of honor. Debra Washington, sister of the bride, served as bridesmaid, both are from Muleshoe. Flower girls were Dorshi Jones of Amarillo and Donna Griggs of Bovina.

Curtis Barbee of Clovis, N.M. served as best man. Grooms-men were Rapheal Johnson, Jr. of Amarillo and Jonathan Canaday and Johnny Joe Lazoya, both of Clovis, N.M.

Candlelighters were Tommy Kirven and Tyrone Clements, both of Muleshoe. They also served as ushers.

Following the ceremony, a reception was held in the church

fellowship hall.

The couple are making their home in Clovis where the groom is the shipping superintendent for Excel Corporation. He is also a member of the NCO Club At. C.A.F.B.

The bride is a 1981, graduate of Eastern New Mexico University with a degree in Mass Communications (computer operator).

Out of town wedding guests were registered from Tulsa, Ok. Childress and Dallas.

Success In Business

Tips To Help You

Should you be thinking—or just dreaming—of starting a business of your own, here's a check list from experts at Aetna Life & Casualty that may be helpful:

- Are you the type? Have you rated yourself on energy, sense of purpose, ability to make sound decisions and to work hard?

- Have you considered how much money you will need?

- What income from sales or services can you reasonably expect in the first six months? Will your product or service meet a real need?

Eastern Stars Honor Ms. Farley On Birthday

A group of Eastern Stars from Muleshoe chapter No. 792 surprised Mary Farley on her birthday, August 20th. with a dinner at Viola's Mexican Restaurant.

She was presented a money corsage, birthday cards and pictures of the group, taken by Clara Lou Jones.

Following dinner the group went to the home of Mr. and Mrs. Wayne Williams, where cake and ice cream were served to Mr. and Mrs. Bob Phillips, Mr. and Mrs. Owen Jones, Mr. and Mrs. Alex Williams, Mr. and Mrs. Wayne Williams,

Mrs. Lavonne Hinkson, Barbara Lust, Elizabeth Harden and the honoree, Mary Farley.

Mrs. Farley also received birthday gifts and greetings from her son and wife of Colorado City, her daughter and family, Mrs. Elizabeth Master-

son of Dallas, her grandson, Jim Farley and family of Chagiak, Alaska, her granddaughter, Dr. Stephanie Pardue and family of Houston, her granddaughter, Mary Ann Dennison of Aransas Pass, her grandson, John Alfred Farly of Corpus Christi and many friends.

Crosbyton Hosts 'Kids Of America' Pageant

Darry Modeling of Dallas presents "Kids Of America", on Saturday, September 29th, at the Crosbyton High School Auditorium, 202 South Harrison, Crosbyton, Texas. The search for beautiful and talented young people is open to any youngster between the ages of 0-17 yrs, living within the state of Texas. This youth development program in the form of a beauty and talent pageant will offer participation for boys and girls between the ages of 3-17 in a special three minute talent presentation and judging will be based on skill and entertainment.

The beauty competition will be separate from the talent and participants may enter either for both. Beauty contestants will have a judge's personal interview, present themselves in casual wear and formal wear. (Street Length dress for ages 3-12; Evening Gowns for 13-17). Trophies will be awarded to the top five finalist in each age division for all competition and crowns and banners will be given to each winner along with a bouquet of flowers to the beauty winners.

An official Kids of America crown will be given to the female winners of a Medal of Honor will be awarded to the male winners, along with an official Kids of America talent banner. All winners will receive their entry fee paid to participate in Grand Finale '85, the national competition for winners to be held July 30th-August 4, 1985 at the Loews Anatole Hotel in Dallas, Texas.

The beautiful baby division for ages 0-5 mos., 6-11 mos., 12-23mos., 24-35 mos., will be held in the morning and infants will be judged on grooming, alertness, and personality. Young girls and boys will compete on an equal basis. A top five finalist will be named in each age division and the winner will receive an official trophy and Kids of America beautiful baby banner. These winners will also advance to grand finale '85 competition.

Also offered is a photogenic division competition where you enter by submitting your photograph for judging by major agencies in the print and media

field prior to the pageant. You may enter the photogenic competition without entering any other event and do not have to be present during the pageant to win. The officials of Darry modeling and Kids of America, Dallas, Tx., will personally be on hand to meet and welcome you to a program full of fun, excitement and designed to instill ideals throughout our participants. For more information call Belinda Ellison at (806), 675-2985 or write Rt. 2 Box 207, Crosbyton, Texas 79322. Registration Deadline is September 24th.

Baking Ideas That Take The Cake

Don't bake fruitcake by the calendar.

FRUITCAKE RING

- Mincemeat Fruitcake (below)
- Browned Butter Glaze (below)
- 1/3 cup coarsely chopped pecans

Bake Mincemeat Fruitcake as directed. Spread with Browned Butter Glaze, letting it run down side unevenly. Immediately sprinkle top with pecans.

Mincemeat Fruitcake

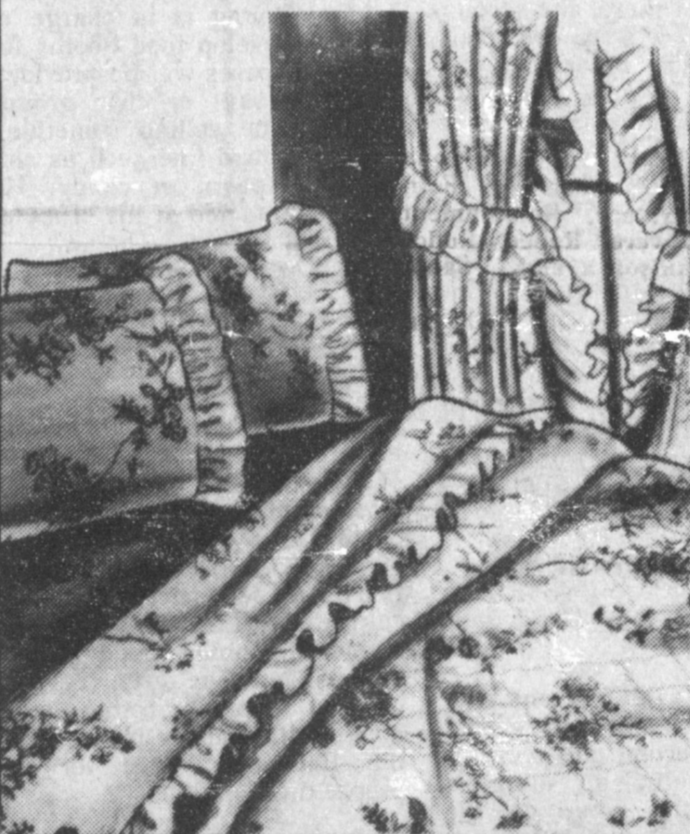

- 2 eggs
- 1 jar (28 ounces) ready-to-use mincemeat
- 16 ounces mixed candied fruit (about 2 cups)
- 1 can (14 ounces) sweetened condensed milk
- 1 cup coarsely chopped pecans

2-1/2 cups all-purpose flour
1 teaspoon baking soda
Heat oven to 300°. Generously grease and flour 12-cup bundt cake pan or tube pan, 10 x 4 inches. Beat eggs slightly in large bowl. Stir in mincemeat, candied fruit, sweetened condensed milk and pecans. Stir in flour and baking soda. Pour batter into pan.

Bake until wooden pick inserted in center comes out clean, about 1 hour 50 minutes. Cool 15 minutes; remove from pan. Cool completely.

Browned Butter Glaze

- 2 tablespoons margarine or butter
 - 1 cup powdered sugar
 - 1 teaspoon vanilla
 - 1 tablespoon hot water
- Heat margarine in saucepan over medium heat until delicate brown. Cool slightly. Stir in powdered sugar, vanilla and water. If necessary, stir in additional hot water, 1 teaspoon at a time, until glaze is desired consistency.

Red Cross, Local EMT Slate CPR

On Tuesday and Thursday, September 4 and 6, the South Plains Regional Chapter of the American Red Cross will offer a Cardiopulmonary Resuscitation (CPR) course in Muleshoe. The class, which will last from 6:30-10 p.m., will be held at the First Baptist Church.

Terry Rasco, of the local EMT organization, will be one of the instructors for the CPR course. Other local EMT's will be assistants.

Carl Hill said the course combines CPR, aid to choking victims, and artificial respiration. He explained that CPR is a technique of mouth-to-mouth resuscitation and heart stimulation used to revive victims of heart attacks, poisoning, electrical shock or other causes of cardiac arrest.

Fee for the course is \$10. This fee covers the cost of all course materials and student certification. It is payable the day of the course.

Persons over the age of twelve who wish to sign up for the course may do so by calling the First Baptist Church at 272-4224.

hybrids and varieties that are adapted and other cultural practices that are being conducted. Rankin said everyone is welcome to attend and they hope everyone will make their plans to visit the educational plots.

LUBBOCK EXPERIMENT

STATION FIELD DAY

Texas A&M University Annual Experiment Station Field Day will be held on Tuesday, September 11, from 1-5 p.m., located seven and one half miles north of Lubbock on Highway 87.

Field tours, displays and individual assistance will be provided. Research information will be presented on cotton varieties, cotton breeding, weed research, water use efficiency, grain sorghum and other adapted crops to this area.

All interested persons are encouraged to attend the Field Day.

A&M study shows golf and band class-loss leaders

COLLEGE STATION—Critics who have condemned football for robbing high school students of classroom time are barking up the wrong extracurricular activity, according to a Texas A&M University study.

Golf and marching band actually require more time away from the classroom during the normal school day, says Jack Dean Clemmons. Clemmons conducted one of the first studies of how much class time is actually consumed by University Interscholastic League (UIL) activities which include speech contests, journalism, literary and academic contests, drama, music and athletics.

Date for the study came from 82 4-A high school principals in Texas who responded to questionnaires asking how many students participated in different UIL activities and, on the average, how much time each year those activities took the students out of the classroom.

Clemmons analyzed the data in two ways. In looking at how much class time was lost per student due to an activity, golf ranked first with almost 29 hours a year out of the classroom, he said.

Clemmons also looked at an average "gross" number of hours an activity caused students to miss class which was computed by multiplying the average number of hours one student would miss class by the total number of students involved in the activity.

Marching band was the biggest "offender" with football ranking 10th, Clemmons said.

Clemmons said that high school principals who responded to the questionnaires overwhelmingly support UIL activities and believe they are a positive contribution to students' overall educational experience.

NEW BLOOD TEST

BOSTON -- A highly sensitive new blood test provides doctors their first early warning of liver cancer, giving them hope of curing the lethal disease by catching it before it spreads, researchers announced recently.

COTTON SHOWING GOOD GROWTH--Cotton in all areas around Muleshoe is proving to be showing good growth, and many blooms can be seen, as well as the small cotton bolls. Rains during the early part of this month proved to be a 'boon' to cotton producers, as well as other crops. Bailey County producers are on the verge of looking at a very good cotton season for this year. Some vegetables have suffered from the extended rain and accompanying cool weather, although most vegetables have started producing again.

West Plains Fair

con't from Page 1

open to the public from 11 a.m. to 8 p.m., added the county agent.

Fair participants who attend any of the two-day fair will have the opportunity to take part in several cash drawings. Although you must be present to win the \$50 to \$100 cash, it will be worthwhile.

On Friday at 3-5 and 7 p.m. drawings will be held for \$50 cash. On Saturday, five drawings will be conducted. The 12 noon drawing will be for \$100 as will 8 p.m. drawing. Drawings on Saturday for \$50 will be at

Enrollment...

con't from Page 1

daily attendance funding process to the best of four weeks out of a specified eight weeks. The state funds will be very sensitive to the attendance during the four week period in October, explained the school official. The administration says they will be very dogmatic about the regular attendance of all students during the entire year, but special efforts will be made during these four weeks to make sure that all children are in regular attendance during October.

The current enrollment for each grade level and campus is listed below:

Total High School - 12th, 91; 11th, 116; 10th 90 and 9th 119; for 416 students.

Total Watson Jr. High School - 8th, 111; 7th, 119 and 6th, 127; for 357 students.

Total DeShazo Elementary - 5th, 148; 4th, 133 and 3rd, 150 for 431 students.

Total Dillman Elementary - 2nd, 123; 1st, 132; K, 151 and Early Childhood, six for 412 students.

2-4 and 6 p.m.

Also, on Saturday, at 8 p.m. another type of drawing will be held, and could be worth up to \$300 cash. At each of the drawings before the final one, with the person whose name is drawn out having to be present, it they are not there, the second-name drawn will receive half the money. The other half will go to the 8 p.m. Saturday drawing, and if names have to be drawn more than one time, the last drawing on Saturday could be worth a hefty little sum of cash, says Tanksley.

A highlight each year of the Fair are the booths and exhibit displays put up by the Muleshoe merchants, and area agricultural related businesses. Anyone interested in putting up an educational exhibit should contact Doran Reynolds at 272-4236 for more details, or

Nominations...

Cont. from Page 1

Also, he said persons not associated with a country gospel group may become members of the SGMA by attending a meeting of the group on the second Monday of each month at the University Avenue Church of God, and pay an annual membership fee of \$20, which includes a husband and wife, or a group.

Tickets to the SGMA may be purchased in advanced by calling 792-2691 or by writing SGMA, West Texas Chapter, P.O. Box 162, Wolforth, Tx. 79382.

Fans of the Anchor Brothers Band need to mark their calendars now, and plan to attend at least a portion of the three day convention.

contact a member of the Muleshoe Rotary Club.

"For the area businessman who has not participated in the past is missing a real good opportunity to have 1,000 to 1,500 people see some type of exhibit from your store of agriculture business," said Tanksley. "We hope you will consider participating."

Another new feature for the fair this year will be a new booth display for the Fair. Johnny Young is in charge of helping develop food booths for the fair. Spaces will be provided free for youth or civic groups who will be selling something along the food line such as soft drinks, popcorn or candy. He can be contacted at his office at 272-5578 or at home at 272-4792.

Also, a \$50 cash prize will be presented for the best commercial booth and a \$25 prize for the best food booth.

Anyone interested in obtaining a fair catalog to have a copy of the rules and classes that are offered, may contact the Bailey County Extension office at 806-272-4583. Entry classifications will be agriculture, horticulture, textiles, arts and crafts, culinary, canning, food preservation and fine arts. Persons wishing to exhibit other items not classified above may contact the Extension office for the proper division.

TRAIN IMITATES DOMINOES--These rail cars are jumbled up in a domino pattern following a derailment east of Muleshoe around 7 p.m. on Friday evening. No injuries were recorded in the derailment.

Attendance Critical For School Funding

With the beginning of school for another year comes a reminder from the office of Bailey County Judge Gordon H. Green.

Judge Green said, "The beginning of the school years seems to be an appropriate time to remind the public of the Compulsory School Attendance Law of Texas."

"The Texas Education Code provides that every child in the state who is as much as seven years of age, and who has not completed the academic year in

which his 16th birthday occurred, shall be required to attend school unless excused as provided by law," said the Judge. "Any parent or guardian who fails to require their children to attend school as required by law is subject to criminal charges. Each day the child remains out of school may constitute a separate offense."

The Juvenile Code also provides that every child in the state who is as much as seven years of age, and who has not completed the academic year in

Insurance Available For Students

Muleshoe ISD will offer a student accident insurance program to all students this coming year, according to H. John Fuller, superintendent. The student accident insurance policy can be purchased through the school at the following rates: School Time only coverage, \$14; 24-hour coverage, \$39.

Insurance information will be distributed to all students through the building principals on Monday, August 27, (tomorrow). Application forms and premiums must be returned to the building principal by Friday, September 7, in order to take

Jesus Mendoza Funeral Services Set Monday

Services for Jesus J. Mendoza, 74, will be held at 11 a.m. Monday in the Immaculate Conception Catholic Church with Father Pat Maher, pastor, officiating.

Interment will be in Muleshoe Cemetery under the direction of Ellis Funeral Home. Mendoza died Thursday night in West Plains Medical Center following a sudden illness.

A native of Brownsville, Mendoza was born Jan. 19, 1909, and moved to Muleshoe 30 years ago from Donna, Tx. He married Genoveva DeLa Cruz on May 15, 1967, in Muleshoe. He was a member of the Immaculate Conception Catholic Church and a farm laborer.

Survivors include his wife, Genoveva; six sons, Jesse Mendoza of Los Angeles, Calif., Raymond Mendoza of Beeville, Jose Mendoza of Marcedes, Jimmy Mendoza of San Angelo, Joe Flores of Muleshoe and Arturo Esquivel of Spearman; four daughters, Mrs. Lupe Hernandez of Los Catos, Calif., Mrs. Josefina Carmona of Weslaco, Mrs. Angie Lopez of Spearman and Mrs. Rosa Hernandez of Muleshoe; one sister, Mrs. Tomasa Reyes of Plainview; one brother, Jose Ramos of Ft. Worth; and numerous grandchildren and great grandchildren.

Mary Sanders Former Muleshoe Resident Dies

Funeral services for Mary Sanders, 57, of Hereford were held at 11 a.m. Saturday, August 25 at the First Assembly of God Church of Hereford with the Rev. David Morris, pastor, and the Rev. Bob Huffacker, pastor of the Nazarene Church, officiating.

Graveside services were held at 4 p.m. in the Lorenzo Cemetery under the direction of Rix Funeral Directors. Mrs. Sanders died at 7:20 p.m. Wednesday in Deaf Smith General Hospital following a brief illness.

A native of Willis Point, she had lived in Hereford the past 21 years, moving from Muleshoe. She married Clayton W. Sanders on Aug. 1, 1942, in Las Vegas, Nev. She was a homemaker and a member of the First Assembly of God Church and the Summerfield Study Club.

Survivors include her husband, two sons, Kevin of Hereford and Roger of Van Horn; two daughters, Linda Arbeiter of South Dakota and Tollen Nash of Corpus Christi; her parents, Mr. and Mrs. Odie Knalls of Devall, Okla.; five brothers; six sisters; and six grandchildren.

immediate advantage of this offering, said Fuller.

He added, the school district has also expanded its athletic insurance policy (insurance purchased through the athletic budget) to include all Junior High and High School athletes in all sports. This insurance is a secondary coverage only, warned the superintendent. All parents are expected to carry primary coverage for their children. The school insurance will pay any deductible the parent has on their insurance and will become a co-payer along with the primary insurance company. In case of an athletic accident, the parents should immediately file with their insurance company to expedite school insurance payments to the hospitals and/or patient. When notification is received from the primary insurance concerning payments, a copy of the notification should be sent to the school superintendent's office or directly to the school insurance company.

Superintendent John Fuller stated he was excited about the athletic offering as he feels that this is a service to a large portion of the student body and community. He also pointed out that the school's athletic coverage only covers the athlete while participating in the school sponsored sports activity. He said it will still be necessary for the athlete to purchase the school sponsored insurance at the regular rate if he or she wishes to have coverage at school (school time only) or 24-hour coverage.

Firefighter's Report by Wayne Peterson

Fires for the month of July were at a low count of four. Two reported fires were in the city limits, the other two runs were for rural fires. Man hours spent on these fires totaled 41, mileage on fire units totaled 139. Banks and insurance companies look favorably on these numbers of fires, but it's costly to those victims involved, so let's always be fire safety nuts.

The Muleshoe Schools received their annual fire inspection August 15 by the department. Some passed with a B-plus, while others barely got a C. Reports will be made and given to those people responsible for correcting any problems. We want to thank all school personnel for their cooperation and concern.

The fire department received \$500 for their participation in the Mules Day celebration. This amount of money will be donated by the department to Girlstown at Whiteface. The department wants to thank those responsible for giving us the opportunity to contribute to this cause.

J.O. Parker, Mark Tutt and Charles Gill attended the Texas Engineering Extension Service Agri-Rescue School August 18, 1984 in Floydada, Texas. Topics and training included: I, Overview of Problem, one hour; II, Machinery Construction, one hour; III, Pre-planning for Farm Rescue, one hour; IV, Safety Devices and Rescue Coordination, one hour; V, Field Projects, five hours. This is the first school of its kind made available to the department and another step in training, preparation to be ready for the worst.

A good number of the Muleshoe Fire Fighters will be attending the Canyon annual fire school September 12 and 13.

Fire Marshal Owen Jones made two fire inspections. One was for Dianne Allison's Day Care Center and a foster home of Steve Claybrook.

There will be a watermelon and ice cream family social on August 29 at 7:30 at the fire department.

Three Way School Site Of Training In CPR Lifesaving

Mike Sowder, an American Heart Association Cardiopulmonary Resuscitation (CPR) instructor, will be conducting CPR classes at the Three Way School in the near future.

Under the sponsorship of the Bailey County Chapter of the American Heart Association, the CPR classes will be conducted on Saturday, September 15 and again on Saturday, September 22, from 9:30 a.m. - 4:30 p.m. each day.

All persons interested in learning the CPR method of lifesaving are encouraged to sign up for the class. For enrollment or additional information call Mr. Johnson, principal of the Three Way school at 927-5315.

Tornadoes claim more lives in Mississippi.

NOTICE OF CALCULATION OF EFFECTIVE TAX RATE AND PUBLICATION OF ESTIMATED UNENCUMBERED FUND BALANCES

I, Dale F. Jones, Assessor-Collector for Bailey County, in accordance with the provisions of Sec. 26.04, Property Tax Code, have calculated the tax rate which may not be exceeded by more than three percent by the Commissioner's Court of the Bailey County without holding a public hearing as required by the code. That rate is as follows:

\$.0651 per \$100 for farm-to-market/flood control tax;
\$.3253 per \$100 for the general fund, permanent improvement fund and road and bridge fund tax;
+ \$ -0- per \$100 for public road maintenance tax; thus
\$.3904 per \$100 TOTAL COUNTY EFFECTIVE TAX RATE

The estimated unencumbered fund balances are as follows:

Farm-to-Market/Flood Control
Maintenance & Operation: \$161,078.
Interest & Sinking: \$
General Fund
Maintenance & Operation: \$460,441.
Interest & Sinking: \$

Public Road Maintenance

Maintenance & Operation: \$-0-
Interest & Sinking: \$-0-

Dale F. Jones Chief Appraiser
August 8, 1984

CALCULATIONS USED TO DETERMINE EFFECTIVE TAX RATE

I. DATA

	Type of Tax: <u>B</u>
1. 1983 Total tax levy from the 1983 tax roll	\$ 780,325.
2. 1983 Tax rate (\$ <u>38</u> M&O and \$ <u>502</u> I&S)	\$ 40/\$100
3. 1983 Debt service (I&S) levy	\$ 39,016.
4. 1983 Maintenance & Operation (M&O) levy	\$ 741,309.
5. 1983 M&O taxes on property in territory that has ceased to be a part of unit in 1984	\$ -0-
6. 1983 M&O taxes on property becoming exempt in 1984	\$ 25,915
7. 1983 M&O taxes on taxable value lost because property is appraised at less than market value in 1984	\$ -0-
8. 1984 Total taxable value of all property	\$ 231,051,664.
9. 1984 Taxable value of new improvements added since Jan. 1, 1983	\$ 1,388,550.
10. 1984 Taxable value of property annexed since Jan. 1, 1983	\$ -0-
11. 1984 Tax levy needed to satisfy debt service (I&S)	\$ 32,155.
12. Rate to raise 1983 tax levy due to appraisal roll errors (lost dollars divided by 1984 taxable value) (\$ <u>3,747</u> ÷ \$ <u>231,051,664</u> × 100) .000162	\$.00162/\$100
13. Rate to regain taxes lost in 1983 due to appraisal roll errors (lost dollars divided by 1984 taxable value) (\$ <u>3,747</u> ÷ \$ <u>231,051,664</u> × 100) .000162	\$.00162/\$100
14. 1983 M&O taxes used to regain lost 1982 levy	\$ -0-

II. CALCULATION

MAINTENANCE AND OPERATION (M&O) TAX RATE

1. (A) 1983 Total tax levy (Data 1)	\$ 780,325.
(B) Subtract 1983 Debt service levy (Data 3)	-\$ 39,016.
(C) Subtract 1983 Taxes on property no longer in unit (Data 5)	-\$ -0-
(D) Subtract 1983 Taxes for exemptions (Data 6)	-\$ 25,915.
(E) Subtract 1983 Taxes for productivity valuation (Data 7)	-\$ -0-
(F) Subtract 1983 Taxes used to regain lost 1982 levy (Data 14)	-\$ -0-
(G) Adjusted 1983 M&O levy	\$ 715,394
2. (A) 1984 Total taxable value of all property (Data 8)	\$ 231,051,664.
(B) Subtract 1984 Value of new improvements (Data 9)	-\$ 1,388,550.
(C) Subtract 1984 Value of annexed property (Data 10)	-\$ -0-
(D) Adjusted 1984 Taxable value for M&O	\$ 229,663,114.
3. (A) Divide the adjusted 1983 M&O levy (1-G above) by the adjusted 1984 taxable value for M&O (2-D above) (\$ <u>715,394</u> ÷ \$ <u>229,663,114</u>)	\$.003114
(B) Multiply by \$100 valuation	× \$100
(C) Effective M&O rate for 1984	\$.3114/\$100

INTEREST AND SINKING (I&S) TAX RATE

4. (A) 1984 I&S levy needed to satisfy debt (Data 11)	\$ 32,155.
(B) 1984 Total taxable value of all property (Data 8)	\$ 231,051,664.
(C) Divide the 1984 I&S levy (4-A above) by the 1984 Total taxable value (4-B above) (\$ <u>32,155</u> ÷ \$ <u>231,051,664</u>)	\$.000139.
(D) Multiply by \$100 valuation	× \$100
(E) Effective I&S rate for 1984	\$.0139/\$100

APPRAISAL ROLL ERROR RATE

5. (A) Rate to raise 1983 levy due to appraisal errors (Data 12)	.00162	\$ -0-/\$100
(B) Add Rate to regain taxes lost due to errors (Data 13)	.00162	+\$ -0-/\$100
(C) Total Rate to adjust for appraisal roll errors	.00324	\$ -0-/\$100

1984 EFFECTIVE TAX RATE FOR EACH TAX

6. (A) Effective M&O rate (3-C above)	\$.3114/\$100
(B) Add Effective I&S rate (4-E above)	+\$.0139/\$100
(C) Add Rate to adjust for appraisal roll errors (5-C above)	+\$ -0-/\$100
(D) 1984 Effective Tax Rate for this tax	\$.3253/\$100

TOTAL EFFECTIVE TAX RATE FOR 1984

7. Add 1984 effective tax rate for each tax	
A \$.0651/\$100 + \$.3253/\$100 + \$ -0-/\$100	\$.3904/\$100

1984 Effective Tax Rate for Each Tax Levied and the Total 1984 Effective Tax Rate are the rates published as required by Sec. 26.04, Property Tax Code.

School Legislation Mandates Many, Many Changes

(Editor's note: This is the third and final segment of a series of three articles briefly describing the many changes by the Texas Legislature when they instituted new school legislation. Due to the sweeping changes, The Journal elected to print the entire series for interested parents and other persons.)

Students

Student promotion. A district may not grant social promotions. Students may be promoted only based on academic achievement. A student who does not maintain a grade average of at least 70 for a school year may not be advanced from one grade level to the next or be given credit for a course. The SBOE will adopt rules setting forth alternatives to social promotion for those students who are unable to pass.

Grade notices. At least once every six weeks, a district must give written notice to parents of a student's grades. The notice must be signed by the parent and returned. If the student receives a grade less than 70, a conference with a parent must be requested.

Finals exemption. A student cannot be exempted from taking a final exam in any class in which other students are required to take a final exam.

Advanced placement examinations. Districts will develop advanced placement examinations for each primary school grade level and for secondary school academic subjects. Exams must be approved by the SBOE.

DPS Urging Safe Driving; Watch Buses

It's that time of year again, when vacations end and back to school studies begin. "Unfortunately this also means an increase in traffic accidents involving school buses and school children," stated Major

Vernon Cawthon, Regional Commander of the Texas Department of Public Safety. "Most of these accidents are caused by drivers who fail to follow safe operating procedures as well as laws pertaining to passing a stopped school bus," Major Cawthon stated.

State law requires drivers on the same roadway as a school bus that has stopped to load or unload school children; to stop and remain stopped until one of three things happen. The bus driver signals you to go on by or they turn off the flashing red lights, or the bus itself goes into motion. This law applies whether you are meeting the bus or whether you are going in the same direction as the bus. It also applies inside the city limit as well as outside the city limit. The only exemption to the law is that drivers on the other side of a divided highway (roadways separated by a physical median) are not required to stop. Motorist who fail to stop for a school bus could be fined up to \$200.00.

Tutorial services. Students whose grades are below 70 may be required to attend tutorials at least twice per week during the reporting period following the grade below 70. Each district is required to provide tutorial services, although transportation need not be provided to students attending.

Prekindergarten and summer programs. Beginning in 1985-86 districts are required to offer prekindergarten classes if 15 eligible children are identified. To be eligible, a student must be at least four years old and unable to speak and comprehend English or from a family whose income is below subsistence level. The classes must be operated on a half-day basis. The commissioner of education may exempt a district from this requirement if the district would be required to construct classrooms in order to comply.

Districts that are required to offer bilingual or special language programs must offer a summer program for limited English proficient students who are eligible for admission to kindergarten or first grade. The program must be offered for one-half day for the eight weeks preceding the opening of school and enrollment in the program is optional with the parent. The student-teacher ratio may not exceed 18 to 1.

Student-teacher ratio and class size. The required student-teacher ratio is required from 25 students in ADA per teacher to 20 to 1.

Beginning in 1985-86, class sizes are limited to 22 students in kindergarten, first and second grade. This 22-student cap extends to third and fourth grade classes in 1988-89. The commissioner of education may excuse a district from these class size limits on a semester-by-semester basis if it is found to work an undue hardship on a district. The commissioner is required to report to the Legislature each biennium on the number of schools granted an exception and on the estimated total cost of reducing class size.

Absences. A student may not be given credit for a class if the student has more than five days of unexcused absences during a semester. Unexcused absence means an absence not excused under Section 21.035 of the Texas Education Code.

Extracurricular activities. Participation in or practice for extracurricular activities during the school day and school week shall be limited according to SBOE rules. Beginning with the 1985 spring semester, a student receiving a failing grade in any academic class must be suspended from participation in any extracurricular activity. This rule does not apply to mentally retarded students. The principal may remove the suspension from a student whose failing grade is in an honors or advanced class.

Interscholastic leagues. Rules of any organization conducting

Average?

The average man is the fellow who spends a lifetime trying to prove he is not.

-Morning Star, Dallas.

interscholastic competition must be consistent with SBOE rules. The University Interscholastic League must submit its rules to the SBOE, which may approve, disapprove, or modify any of the rules.

Interruptions. Each school district shall adopt and enforce a policy limiting interruptions of classes, including announcements.

School Districts Accreditation. Each school district must be accredited by the Texas Education Agency. Masters may be appointed by the commissioner of education to oversee those districts for which the SBOE has revoked accreditation or for those districts threatened with loss of accreditation. Masters may approve or disapprove any action of the board or superintendent.

Accreditation investigations shall be made not less than once every three years, or more frequently as investigators are alerted to a district's fundamental deficiencies, failure to satisfy curriculum requirements, and failure to report deficiencies to TEA staff. Investigators must give written notice to the superintendent and the board of any impending investigation of the district's accreditation. Investigators are required to obtain information from campus administrators, teachers, and parents.

A district failing to satisfy accreditation standards may have a range of sanctions applied, including revocation of accreditation and the withholding of state funds. Preliminary sanctions include confidential notification to the board of deficiencies, public notification to the board, appointment of a monitor to participate in and report on the activities of the board, and finally, appointment of a master to oversee the operation of the district.

School calendar. A district may not begin instruction of students before September 1. This provision is effective beginning with the 1985-86 school year.

Annual report. Each district is required to publish an annual performance report describing the district's educational performance and giving financial information. The reports must be made public and filed with the SBOE. The content of the report will be determined by the SBOE and must include information such as test scores, cost for instruction and administration, attendance and dropout data, discipline information, and other items.

Board member training. Local school board members shall participate in training activities consistent with standards established by the SBOE. The SBOE standards will be developed by an advisory committee that will include local board members. Regional education service centers and private organizations may provide training courses. Each person successfully completing a course must receive a certificate of completion.

Frivolous lawsuits. Districts are entitled to ask a court to award costs and reasonable attorney fees in lawsuits against a school district or its employees or officers. Costs and fees will be awarded only if the court finds that the suit is frivolous, unreasonable, and without foundation, and the school district wins. Fees cannot be granted in lawsuits involving workers compensation, civil rights violations, personal injury or death actions or suits challenging the validity of district policies.

Competency tests. Minimum basic skills competency tests in reading, writing and math will be given at the first-third-fifth-seventh and ninth-grade levels and in math and English at the

twelfth-grade level. The secondary exit level test must be administered to all pupils at the eleventh-grade level. Multiple opportunities must be given to students to pass the exit test, including once during the final month of the student's twelfth-grade year. A student will not receive a high school diploma until he has passed the exit test.

Districts shall provide remedial instruction to students who did not perform satisfactorily on each section of the exit level test and to every student whose achievement test score is below a standard established by the SBOE.

School-community guidance centers. Any district may establish a school-community guidance center. Other provisions regarding the centers are generally unchanged, except that center personnel will be required to have training in accordance with SBOE rules. The school district, the student, and his parents are required to develop an agreement that specifies the responsibilities of the parent and student.

Discipline management programs. By September 1, 1986, districts must adopt and implement a discipline management program, which must be approved by TEA. The program must require the development of a student code of conduct clearly describing the district's expectations and specifying the consequences for violating the provisions of the code. The Attorney General's Proposed Voluntary Student Code of Conduct of 1980 is suggested as a model.

Additional requirements include at least two parent-teacher conferences a year, parent training workshops, and consent by parents that they understand their responsibilities under the program. Each teacher must complete training in the discipline management

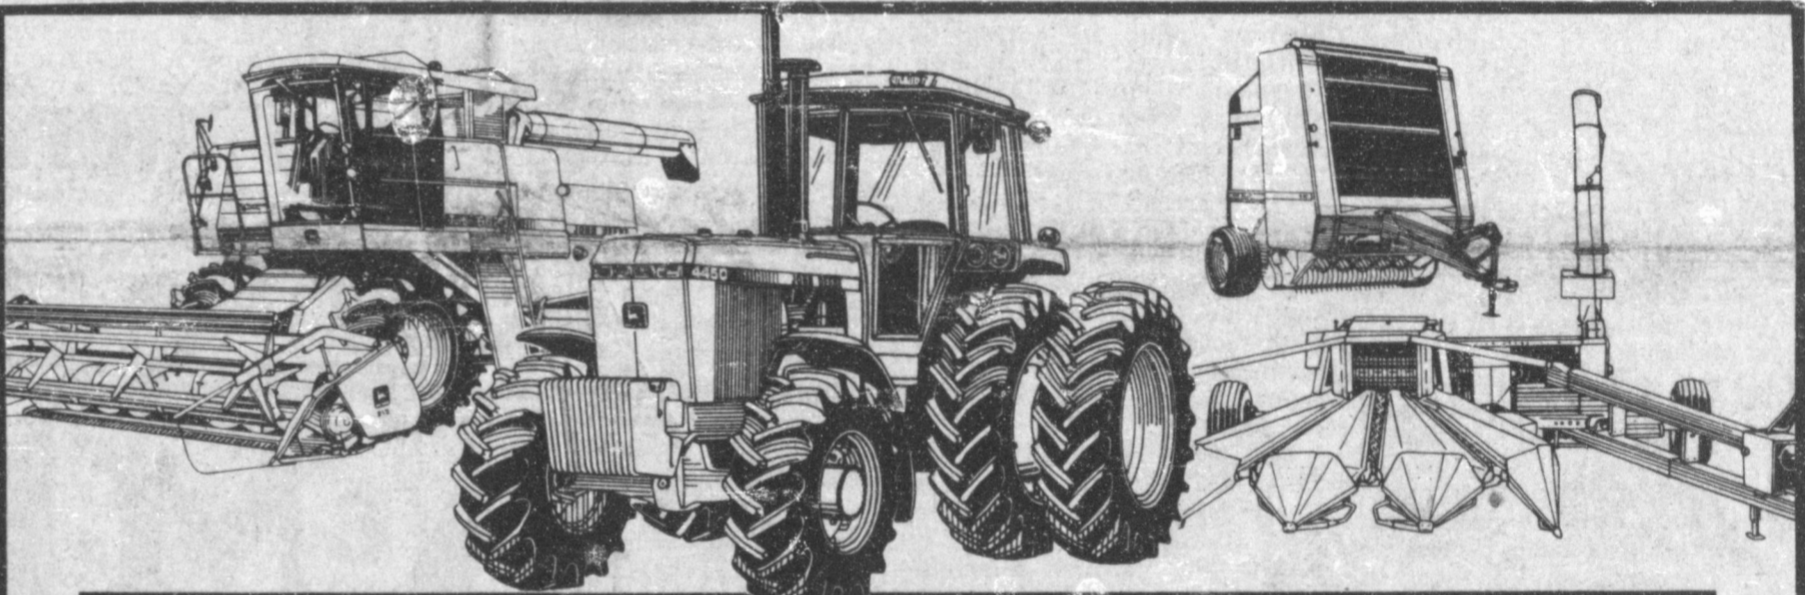

program. Student suspension/expulsion and alternative education programs. Incurable students may be removed to an alternative education program, but may not be suspended or expelled except under certain circumstances. An incurable student is one found to be a clear and present danger in the classroom or one that has engaged in serious misbehavior, broken a specific rule, and on whom a variety of discipline management techniques have been tried.

Districts are required to develop alternative education programs for keeping incorrigible students in an educational environment. Districts may expel a student without placement in an alternative education program if the student has assaulted an individual on school property and his continued presence creates a clear and present danger.

Vocational education. The SBOE shall adopt rules on vocational education and must approve each vocational program. Vocational programs will be reviewed once every five years. Districts are allowed to employ vocational teachers on 10-11 or 12-month contracts and may assign them to teach other subject areas in which they are certified. The SBOE is required to develop a master plan for vocational education.

Dropout reduction program. TEA is authorized to develop a program to reduce the dropout rate.

Telecommunications study. The Legislative Education Board is required to conduct a study of telecommunications used in and by the public schools. The study will review the facilities and technology used or proposed to be used by districts including cable, microwave, and satellite systems as they are incorporated into telephone, television and computer systems.

CLEAN UP DURING YOUR JOHN DEERE DEALER'S CLEAN OUT SALE

The John Deere factories are offering us tremendous allowances and we're passing them on to you. Some are in the thousands of dollars. And on top of that, you can choose cash rebates or interest-free financing periods on many items. It all adds up to big bucks. Look over these deals, then stop by our dealership and look over the equipment. We're cleaning out and you can clean up.

NEW TRACTORS. Special allowances on 50 Series (4050, 4250, 4450, 4650, 4850) worth up to many thousands of dollars. Generous allowances on utility and 4-WD models, too. If you finance with John Deere there are even greater savings: pay no interest until March 1, 1985... or take a cash rebate as described in the chart.

USED TRACTORS. Finance a used tractor of 40 or more horsepower with John Deere and get it interest free until March 1, 1985.*

NEW COMBINES. All models carry special factory allowances of multi-\$1000s.

USED COMBINES. Interest-free to January 1, 1985*, if financed with John Deere.

HAY AND FORAGE EQUIPMENT.
OFFER #1—Pick-A-Team cash rebates up to \$1600 on new John Deere hay and forage tools. Buy one now and receive a cash rebate. PLUS a certificate entitling you to a double cash rebate if you purchase a second tool anytime before April 30, 1985.

OFFER #2—Interest-free financing until January 1, 1985, on new and used SP and PTO forage harvesters.*

OFFER #3—Interest-free John Deere financing until 1985* season of use on new and used round and square balers, SP windrowers, mower/conditioners, mowers and rakes. (Cash in lieu of waivers on new units only, except mowers and rakes).

There'll never be a better time than RIGHT NOW to make this kind of savings. The factories have authorized it. Your dealer is waiting for you.

Model**	Cash Rebate in lieu of Waiver on Tractors		
	During Aug.	During Sep.	During Oct.
40-hp 1250	\$450	\$375	\$300

Tractor ID Can Thwart Theft

(EDITOR'S NOTE: This is the first of three articles on farm equipment theft.)

Already in financial crunch, many Texas farmers are having to cope with another growing problem--tractor thefts.

"Tractor thefts in Texas are up 20 percent for the first half of 1984 compared to last year," says Dr. J. Fred Cross, of Stephenville, community development specialist with the Texas Agricultural Extension Service, Texas A&M University System. "Texas farmers and ranchers have already lost an estimated \$45 million to tractor thieves this year."

Cross says that tractor owners can reduce this loss by putting an identification number on the tractor.

Properly identified tractors can deter crime in three ways. A thief will often pass up a tractor with a prominently displayed identification number because it will be harder to sell as stolen property. If the thief is caught, the identification number will enable law enforcement officers to notify the owner that the tractor has been recovered. An identification number also can be used as evidence in court that the thief had possession of stolen property.

"The proper number to use for property identification in Texas is the owners driver's license number," notes Cross. "This number is preferred over other identifying numbers because it can be readily traced through the Texas Department of Public Safety computer sys-

tem." One's Social Security number is not a good number to use for identifying property since federal law prohibits the Social Security Administration from releasing the name that goes with any number. Another numbering system, often referred to as the Iowa System, is being used in several states but is not recommended in Texas, Cross says.

Marking locations have been standardized to make it easier for law enforcement officers to locate the identification number. Place the identification number on the rear of the differential housing, Cross says. If the center of the housing is not accessible, place the number on the right axle housing, on the top or rear.

The specialist advises placing the identification number on the tractor with a metal stamping tool. An arc or acetylene welder also may be used, but the stamping tool number is easier to read and harder to remove.

Before marking the tractor, sand pit or paint surfaces to insure a clear-cut imprint. Cross suggests making a stamp in wood to ensure the correct number and making a practice imprint on scrap metal to get accustomed to the surface.

When ready to proceed with the numbering, use a heavy hammer and make sure the imprint is legible. If the number is blurred, make a second imprint directly under the blurred number, advises the specialist.

Other farm equipment should be identified in the same way, says Cross. Extension Service publication B-1404, "Home and Farm Security--Machinery and Equipment Identification," shows the standard marking

locations for farm machinery and equipment. The publication is available from any county Extension office.

In addition to putting identification numbers on farm equipment, Cross advises recording and safeguarding all serial numbers. These numbers also can aid in recovering stolen property although they are not as useful as the driver's license number in identifying the owner.

SEEKS HALT

MOSCOW -- A Foreign Ministry official said recently the Soviet Union had proposed to the United States that the two superpowers issue a statement agreeing to halt the testing and deployment of space weapons.

Base To Hold Open House

REESE AIR FORCE BASE, Texas -- The base will open its gates for the annual open house here Saturday, Sept. 8 from 10 a.m. to 4 p.m.

The Air Force Academy parachute team--Wings of Blue--will be a featured attraction. The award-winning team has been one of the country's top parachute units for the past decade.

Aerial demonstrations will include F-15 and A-10 aircraft from Tactical Air Command. Representing Strategic Air Command will be B-52 and KC-10 cargo/tanker aircraft. At ground level, various types

of aircraft will be on display.

Other activities include a demonstration by a Military Working Dog Unit, performances by the Air Force Academy Sabre Drill Team, and an Army Tank demonstration.

The gates will open at 9 a.m. Admission and parking are free and food and drinks will be on sale.

The Gaboon viper has the longest fangs of any snake.

Texas Death Rate Continues Low

Although more Texans died last year--114,714--the death rate continued at an all-time low of 7.3 deaths per 1,000 population because of the state's population increase.

The number of deaths increased by 3,451 from the 111,263 recorded in 1982, reports the Bureau of Vital Statistics of the Texas Department of Health. However, the population grew to 15.7 million as of July 1, 1983, according to the U.S. Census Bureau estimate. The population was set at 15.3 million in 1982.

Heart disease continued to lead as the state's top killer,

with 39,849 deaths. This was followed by: 2. Cancer, 23,358; 3. Cerebrovascular disease, 8,914; 4. Accidents, 7,275; 5. Bronchitis, Emphysema, Asthma, and Allied Conditions, 3,535; 6. Pneumonia and Influenza, 2,919; 7. Homicide, 2,322; Suicide, 2,066; 9. Diabetes Mellitus, 1,954; and, 10. Certain Conditions Originating in the Perinatal Period, 1,545.

Together, the four leading death causes were responsible for seven out of 10 deaths in 1983. The top 10 killers accounted for almost 82 percent of all deaths to Texans.

Accidents continue to be the leading cause of death in the 1 through 34 age group. Some 64.1 percent of these deaths are motor vehicle related.

Based on provisional, incomplete data, the national causes of death were the same as those in Texas in the first six categories, however. Nationally, they are: 7. Diabetes Mellitus (ninth in Texas); 8. Chronic Liver Disease and Cirrhosis (tied for 11th in Texas); 9. Suicide (eighth in Texas); and, 10. Atherosclerosis (tied for 11th in Texas).

W.D. Carroll, Chief of the Bureau of Vital Statistics, said the Bureau now maintains some 24.7 million records for the state, including 15.2 million birth records, 5.4 million death certificates, 2.7 million marriage records, and 1.2 million divorce records.

LEADING CAUSES OF TEXAN DEATHS 1982-1983. Heart Disease, 1982 38,359; 1983 39,849. Cancer, 1982, 22,470 1983, 23,358. Cerebrovascular Disease, 1982, 9,149; 1983, 8,914. Accidents, 1982, 7,507; 1983, 7,275. Bronchitis, Emphysema, Asthma, and Allied Conditions, 1982, 3,167; 1983, 3,535. Pneumonia and Influenza, 1982, 2,658; 1983, 2,919. Homicide, 1982, 2,551; 1983, 2,322. Suicide, 1982, 1,869; 1983, 2,066. Diabetes Mellitus, 1982 1,828; 1983, 1,954. Certain Conditions Originating in the Perinatal Period, 1982, 1,595; 1983, 1,545.

Taxpayers Get

IRS Notification

For More Payment

"No one who receives a government notice requesting payment of a penalty for underpayment of taxes should automatically pay the penalty charge without question. Millions of taxpayers have received in error U.S. Government billing notices requesting payment of penalty charges for alleged underpayment of their 1983 income taxes," said Doris Wedel manager of H & R Block in Muleshoe.

Doris Wedel said that the IRS has investigated the problem of taxpayers being sent erroneous bills for penalties they do not owe. The problem was traced to data entry error at government tax return processing centers. As a public service, the H & R Block office in Muleshoe will examine notices individuals receive from the government claiming that penalties for underpayment are due, even if the taxpayer has already paid the government claim. The IRS has established procedures for return of erroneous billing notices, and the H & R Block office in Muleshoe will handle this procedure for anyone, client or nonclient, free of charge. The H & R Block office located at 224 W. 2nd St. Muleshoe will be open Monday through Friday from 9:00 am until 3:00 pm to handle this procedure. Phone (806) 272-3332.

Again, there is no charge for this service.

American Valley, Inc.

We're not just Valley Center Pivot Dealers; we're Valley V.I.P. Dealers.

That means our people wear the V.I.P. emblem and that means Valley has rated us tops in the field of service for center pivot customers.

They've checked us out on 40 different skills and standards -- things like plenty of parts, knowledge of center pivot operation, maintenance and repair.

Our people are factory

trained. Our equipment is the best. And we have to qualify every year. So next time you see one of our people with a V.I.P. emblem you'll know it's someone you can count on in an emergency.

The V.I.P. Program. It's a big reason why Valley outsells any other brand by better than two to one, and why more than half of all the pivots ever sold bear the Valley name. And it's just one more reason you'll rest easy if you own a Valley.

CONSUMER ALERT

by
Jim Mattox
Attorney General

NEWEST CREDIT CARD FRAUD IS TRICKY

"Congratulations, Mrs. Jones! Because you have such a good credit rating you have been selected to win one of these wonderful prizes: a new car, \$1,000 cash, a diamond, a large screen tv, or a microwave oven. Can you verify your Visa or Mastercard number for me so we'll know we have the right Mrs. Jones?"

That's the pitch of a new consumer fraud that is apparently becoming widespread. After the unsuspecting consumer gives the caller his or her credit card number, the caller promises to send a gift. Instead, however, the caller and his cohorts use the credit card number to charge the consumer's account for \$129.00.

CREDIT CARD SAFETY

You should know that it is never a good idea to give your credit card numbers to someone who calls asking for them. If you know the caller or if you have called a motel or airline, for example, to make a reservation, you are probably safe in giving out your card number.

However, when someone calls you, you should refuse to give out this vital information.

In some cases, consumers have been asked merely to verify their card number as the caller reads it to them over the phone. They too were billed \$129.00 and received nothing.

Often the caller will tell the victim that he or she will call back in 30 minutes to verify the original information. But the caller never does call back and the victim is hit with an extra charge on his or her bill.

Visa and MasterCard have nothing to do with this fraudulent scheme. If you have been the victim of such a phone call, you should notify

your card issuer immediately. If your account number was obtained by fraud over the phone, you cannot be held liable for the charge.

FOR MORE HELP

If you have been victimized by this type scheme, you should contact one of my Consumer Protection Division offices or your local Better Business Bureau. The BBB has been very helpful in notifying us about such schemes. If you need more help or information on consumer problems, contact your nearest Attorney General Consumer Protection Office (in Austin, Dallas, El Paso, Houston, Lubbock, McAllen, and San Antonio). The Attorney General's Office is the people's law firm. We're here to help you.

State salute to volunteer firemen planned for Aug. 18

COLLEGE STATION—A salute to volunteer firefighters is planned Aug. 18, when officials of the Texas Firemen's Training School and the Texas State Firemen's and Fire Marshals' Association plan a special proclamation in Austin.

Aug. 18 has been designated Volunteer Firefighter Day by Congress, in keeping with the Year of the Volunteer.

The Texas Firemen's Training School, which each year trains hundreds of such volunteers in the latest techniques, tactics and materials—is sponsored by the firemen's/fire marshals' association and is conducted by the Fire Protection Training Division of the Texas Engineering Extension Service, a part of The Texas A&M University System.

Senator Bill Sarpalius Reports

AUSTIN — The education reform legislation of this Summer will have an impact on administrators of schools around the state.

One of the new items for administrators will be testing based on administrative skills, knowledge in subject areas, and other matters that the State Board of Education considers appropriate.

Examinations will include ability to read and write with sufficient skills and understanding to perform satisfactorily as a professional administrator. The test will be developed in consultation with administrators.

Other administration changes include the replacement in January, 1985 of the current 27-member elected board. The new board will be composed of 15 members, appointed by the Governor from a list of nominees compiled by the Legislative Education Board, including the Lieutenant Governor and the Speaker of the House of Representatives. The State Board of Education will return to a full elected body by 1989.

The State Board will appoint an advisory committee to develop statewide standards for school board members. The board may provide a training course in regional service centers for local school board members.

A management training pilot program for 100 principals and superintendents will be designed and implemented by September of 1985. A report on the conclusions and possible program changes will be made to the Legislature on the outcome.

The fine tuning of the role of administrators will

have an impact on the quality of education in Texas in the future.

If you want to know more about the education changes made by the Legislature, please write me, Senator Bill Sarpalius, P.O. Box 12068, Austin, Texas 78711.

The first electric shavers were for sale in 1931.

Texas A&M uses computers to study hurricane paths

Chances are that the next hurricane to hit the Texas coast has already raged across a computer at Texas A&M University.

Dr. Carlton Ruch, a research scientist in the College of Architecture and Environmental Design, is at the forefront of research using computer simulations of hurricanes to predict the penetration and depth of storm surge, which is the rise and level of the water associated with the coming of a

hurricane.

The information is compiled on maps which show evacuation routes and zones affected by storm surge. Pamphlets prepared with the assistance of the Texas A&M Sea Grant College Program give the amount of time needed to complete evacuation of an area and the project has developed a series of computer programs that calculate the amount of time remaining before an evacuation decision needs to be made.

NOTES - COMMENTS
 Passion and defiance seldom solve a problem.

 Look into the mirror and you can see what others see.

 The effort to make money often prevents the making of a person.

 The keenest punishment is to ignore the person who tries to insult you.

 A vacation in August or September might add several years to your life.

NOTICE OF CALCULATION OF EFFECTIVE TAX RATE AND PUBLICATION OF ESTIMATED UNENCUMBERED FUND BALANCES

I, Dale F. Jones, Assessor-Collector for Bailey County, in accordance with the provisions of Sec. 26.04, Property Tax Code, have calculated the tax rate which may not be exceeded by more than three percent by the Commissioner's Court of the Bailey County without holding a public hearing as required by the code. That rate is as follows:

\$.0651 per \$100 for farm-to-market/flood control tax;
\$.3253 per \$100 for the general fund, permanent improvement fund and road and bridge fund tax;
+ \$ -0- per \$100 for public road maintenance tax; thus
\$.3904 per \$100 TOTAL COUNTY EFFECTIVE TAX RATE

The estimated unencumbered fund balances are as follows:

Farm-to-Market/Flood Control	Public Road Maintenance
Maintenance & Operation: \$ 161,078	Maintenance & Operation: \$ -0-
Interest & Sinking: \$ -0-	Interest & Sinking: \$ -0-
General Fund	
Maintenance & Operation: \$ 437,419	
Interest & Sinking: \$ 23,022	

Dale F. Jones Chief Appraiser
August 8, 1984

CALCULATIONS USED TO DETERMINE EFFECTIVE TAX RATE

I. DATA

	Type of Tax: <u>A</u>
1. 1983 Total tax levy from the 1983 tax roll	\$ 151,986
2. 1983 Tax rate (\$.08 M&O and \$ -0- I&S)	\$.08/\$100
3. 1983 Debt service (I&S) levy	\$ -0-
4. 1983 Maintenance & Operation (M&O) levy	\$ 151,986
5. 1983 M&O taxes on property in territory that has ceased to be a part of unit in 1984	\$ -0-
6. 1983 M&O taxes on property becoming exempt in 1984 (6,819,820 Value x .0008)	\$ 5455.
7. 1983 M&O taxes on taxable value lost because property is appraised at less than market value in 1984	\$ -0-
8. 1984 Total taxable value of all property	\$ 226,436,294
9. 1984 Taxable value of new improvements added since Jan. 1, 1983	\$ 13,885.50
10. 1984 Taxable value of property annexed since Jan. 1, 1983	\$ -0-
11. 1984 Tax levy needed to satisfy debt service (I&S)	\$ -0-
12. Rate to raise 1983 tax levy due to appraisal roll errors (lost dollars divided by 1984 taxable values) (\$ 742 ÷ \$ 226,436,294 x 100) .00000327	\$.00032/\$100
13. Rate to regain taxes lost in 1983 due to appraisal roll errors (lost dollars divided by 1984 taxable value) (\$ 742 ÷ \$ 226,436,294 x 100) .00000327	\$.00032/\$100
14. 1983 M&O taxes used to regain lost 1982 levy	\$ -0-

CALCULATION

MAINTENANCE AND OPERATION (M&O) TAX RATE

1. (A) 1983 Total tax levy (Data 1)	\$ 151,986.
(B) Subtract 1983 Debt service levy (Data 3)	- \$ -0-
(C) Subtract 1983 Taxes on property no longer in unit (Data 5)	- \$ -0-
(D) Subtract 1983 Taxes for exemptions (Data 6)	- \$ 5455
(E) Subtract 1983 Taxes for productivity valuation (Data 7)	- \$ -0-
(F) Subtract 1983 Taxes used to regain lost 1982 levy (Data 14)	- \$ -0-
(G) Adjusted 1983 M&O levy	\$ \$146531
2. (A) 1984 Total taxable value of all property (Data 8)	\$ 226,436,294
(B) Subtract 1984 Value of new improvements (Data 9)	- \$ 1388550
(C) Subtract 1984 Value of annexed property (Data 10)	- \$ -0-
(D) Adjusted 1984 Taxable value for M&O	\$ 225047744
3. (A) Divide the adjusted 1983 M&O levy (1-G above) by the adjusted 1984 taxable value for M&O (2-D above) (\$ 146,531 ÷ \$ 225,047,744)	\$.000651
(B) Multiply by \$100 valuation	× \$100
(C) Effective M&O rate for 1984	\$.0651/\$100

INTEREST AND SINKING (I&S) TAX RATE

4. (A) 1984 I&S levy needed to satisfy debt (Data 11)	\$ -0-
(B) 1984 Total taxable value of all property (Data 8)	\$ -0-
(C) Divide the 1984 I&S levy (4-A above) by the 1984 Total taxable value (4-B above) (\$ -0- ÷ \$ -0-)	\$ -0-
(D) Multiply by \$100 valuation	× \$100
(E) Effective I&S rate for 1984	\$ -0-/\$100

APPRAISAL ROLL ERROR RATE

5. (A) Rate to raise 1983 levy due to appraisal errors (Data 12)	.0003	\$ -0-/\$100
(B) Add Rate to regain taxes lost due to errors (Data 13)	.0003	+ \$ -0-/\$100
(C) Total Rate to adjust for appraisal roll errors	.0006	\$ -0-/\$100

1984 EFFECTIVE TAX RATE FOR EACH TAX

6. (A) Effective M&O rate (3-C above)	\$.0651/\$100
(B) Add Effective I&S rate (4-E above)	+ \$ -0-/\$100
(C) Add Rate to adjust for appraisal roll errors (5-C above)	+ \$ -0-/\$100
(D) 1984 Effective Tax Rate for this tax	\$.0651/\$100

TOTAL EFFECTIVE TAX RATE FOR 1984

7. Add 1984 effective tax rate for each tax A) \$.0651/\$100 + B) \$.3253/\$100 + C) \$ -0-/\$100	\$.3904/\$100
--	----------------

1984 Effective Tax Rate for Each Tax Levied and the Total 1984 Effective Tax Rate are the rates published as required by Sec. 26.04, Property Tax Code.

SPC Offering Evening Resl Estate Schudule

South Plains College is offering seven evening real estate courses this fall to help persons

meet their educational requirements before those prerequisites go up in January.

1984 Soybean Yield Contest Is Announced

Texas Soybean growers have a chance to win some awards by producing a top crop this year.

All they need to do is enter the Texas Soybean Yield Contest sponsored by the Texas Soybean Association and Elanco Products Co. in conjunction with the Texas Agricultural Extension Service, Texas A&M University System.

"The contest is designed as an educational tool to stimulate interest in soybean production and to promote production efficiency," says Dr. Travis D. Miller, Extension Service agronomist. "Benefits include the development of worthwhile cultural information, cooperation within the industry to increase production efficiency, and recognition of individuals who achieve superior yields."

Interested producers should contact their county Extension agent for contest rules and entry forms, points out the agronomist. All entries must be in by Sept. 1.

Each entrant must grow at

least 50 acres of soybeans and designate at least five acres to be harvested. There may be only one entry per farm operation. Measuring of land, harvesting and weighing of the soybeans will be supervised by a three-member County Soybean Contest Committee.

The contest is based on two categories of production -- irrigated and non-irrigated.

According to the agronomist, awards--plaques and supplies of herbicides--will be presented to the top three producers in each of these two categories. The top producer in each category also will receive an expense-paid trip for two.

Award presentations will be at the annual meeting of the Texas Soybean Association in early 1985.

Miller adds that all producers entering the contest become eligible for membership in the Texas 60 Bushel Soybean Club or the Texas 70 Bushel Soybean Club, should they reach either of these yields.

Educational requirements for licensure as a broker will increase from 48 to 60 semester hours as of January 1, 1985, according to Rohlin Sullender, SPC real estate instructor.

Registration for SPC's evening classes will be 5:30-7:30 p.m. Aug 28 in the Student Center. Late registration will be 5:30-6:30 p.m. Sept. 4-6, but a \$10 late registration fee will be charged.

Educational requirements for real estate sales licensure will stay the same as they have been, said Sullender.

For salespersons who were licensed before April 23, 1981, required core courses in real estate for a broker's license will go up from nine to 12 semester hours, he added.

Core requirements for salespersons licensed after April 23, 1981 will stay the same at 12 semester hours.

The schedule of evening real estate courses offered at SPC this fall is as follows:

Real estate marketing, 5:30-6:45 p.m. Mondays and Wednesdays; real estate brokerage, 6:55-8:10 p.m. Mondays and Wednesdays; closing procedure, 8:20-9:35 p.m. Mondays and Wednesdays; principles of real estate, 5:30-6:45 p.m. Tuesdays and Thursdays; real estate mathematics, 6:55-8:10 p.m. Tuesdays and Thursdays; real estate finance, 8:20-9:35 p.m. Tuesdays and Thursdays; and petroleum land management II, 6-8:30 p.m. Mondays.

For more information, contact SPC's Continuing Education Division at (806) 894-9611, Ext. 391.

Texas Mothers Record 295,178 Births In 1983

Texas mothers recorded 295,178 births in 1983 for a birth rate of 18.8 per 1,000 population. This is the lowest birth rate since 1978, reports the Bureau of Vital Statistics of the Texas Department of Health.

Even though the population of Texas continued to increase last year, the birth rate was a decrease from the 1982 rate of 19.5 when 297,683 births were registered.

Last year physicians were in attendance at 284,091 births (96.2 percent), while midwives and others were in attendance at 11,087 births. Births in hospitals totalled 284,973 (96.5 percent).

Texas, Mexico Working To Improve Health Care

By Governor Mark White

AUSTIN—Border governors from the United States and Mexico are searching for a common prescription to treat the health care service ills plaguing low-income communities clustered along our two countries' common border.

Hundreds of our poorest citizens have been denied access to medical care due to soaring medical costs, a nagging high unemployment rate, and a shortage of doctors, nurses and health care clinics in South Texas and northern Mexico.

Although Texas' border area ranks among this country's population boom centers, it remains one of its poorest. In the 13 Texas counties along the Rio Grande River from Brownsville to Laredo, last decade's 40 percent population growth rate shows no signs of slowdown and half the population still lives below the poverty level.

To spotlight this problem, I encouraged health care leaders to meet with the governors of three American and six Mexican states for a Border Governors' Conference on July 23 in Tucson, Ariz. I co-chaired a health care panel with the Mexican governor of Baja, Calif., and encouraged the development of a binational agenda to bring affordable medical care within reach.

We must join forces to develop health and human service training programs for nurses, doctors, allied health professionals, and social service workers in Mexico and American border states.

Texas needs another 100 primary care physicians in the Rio Grande Valley alone to meet minimal health manpower standards, along with half again more nurses and medical technicians.

Dr. Michael Lauderdale, director of the University of Texas' Center for Social Work Research, has received federal funds to compile an inventory of available pro-

grams in American border states and Mexico to deal with juvenile delinquency, child abuse, infectious disease control, and prenatal and primary health care needs. Members of my staff arranged a meeting between Dr. Lauderdale and Dr. Guillermo Soberon Acevedo, the Mexican Secretary of Health and Public Assistance, and helped secure Mexico's support for promoting more efficient international exchange and use of available health care and human service programs.

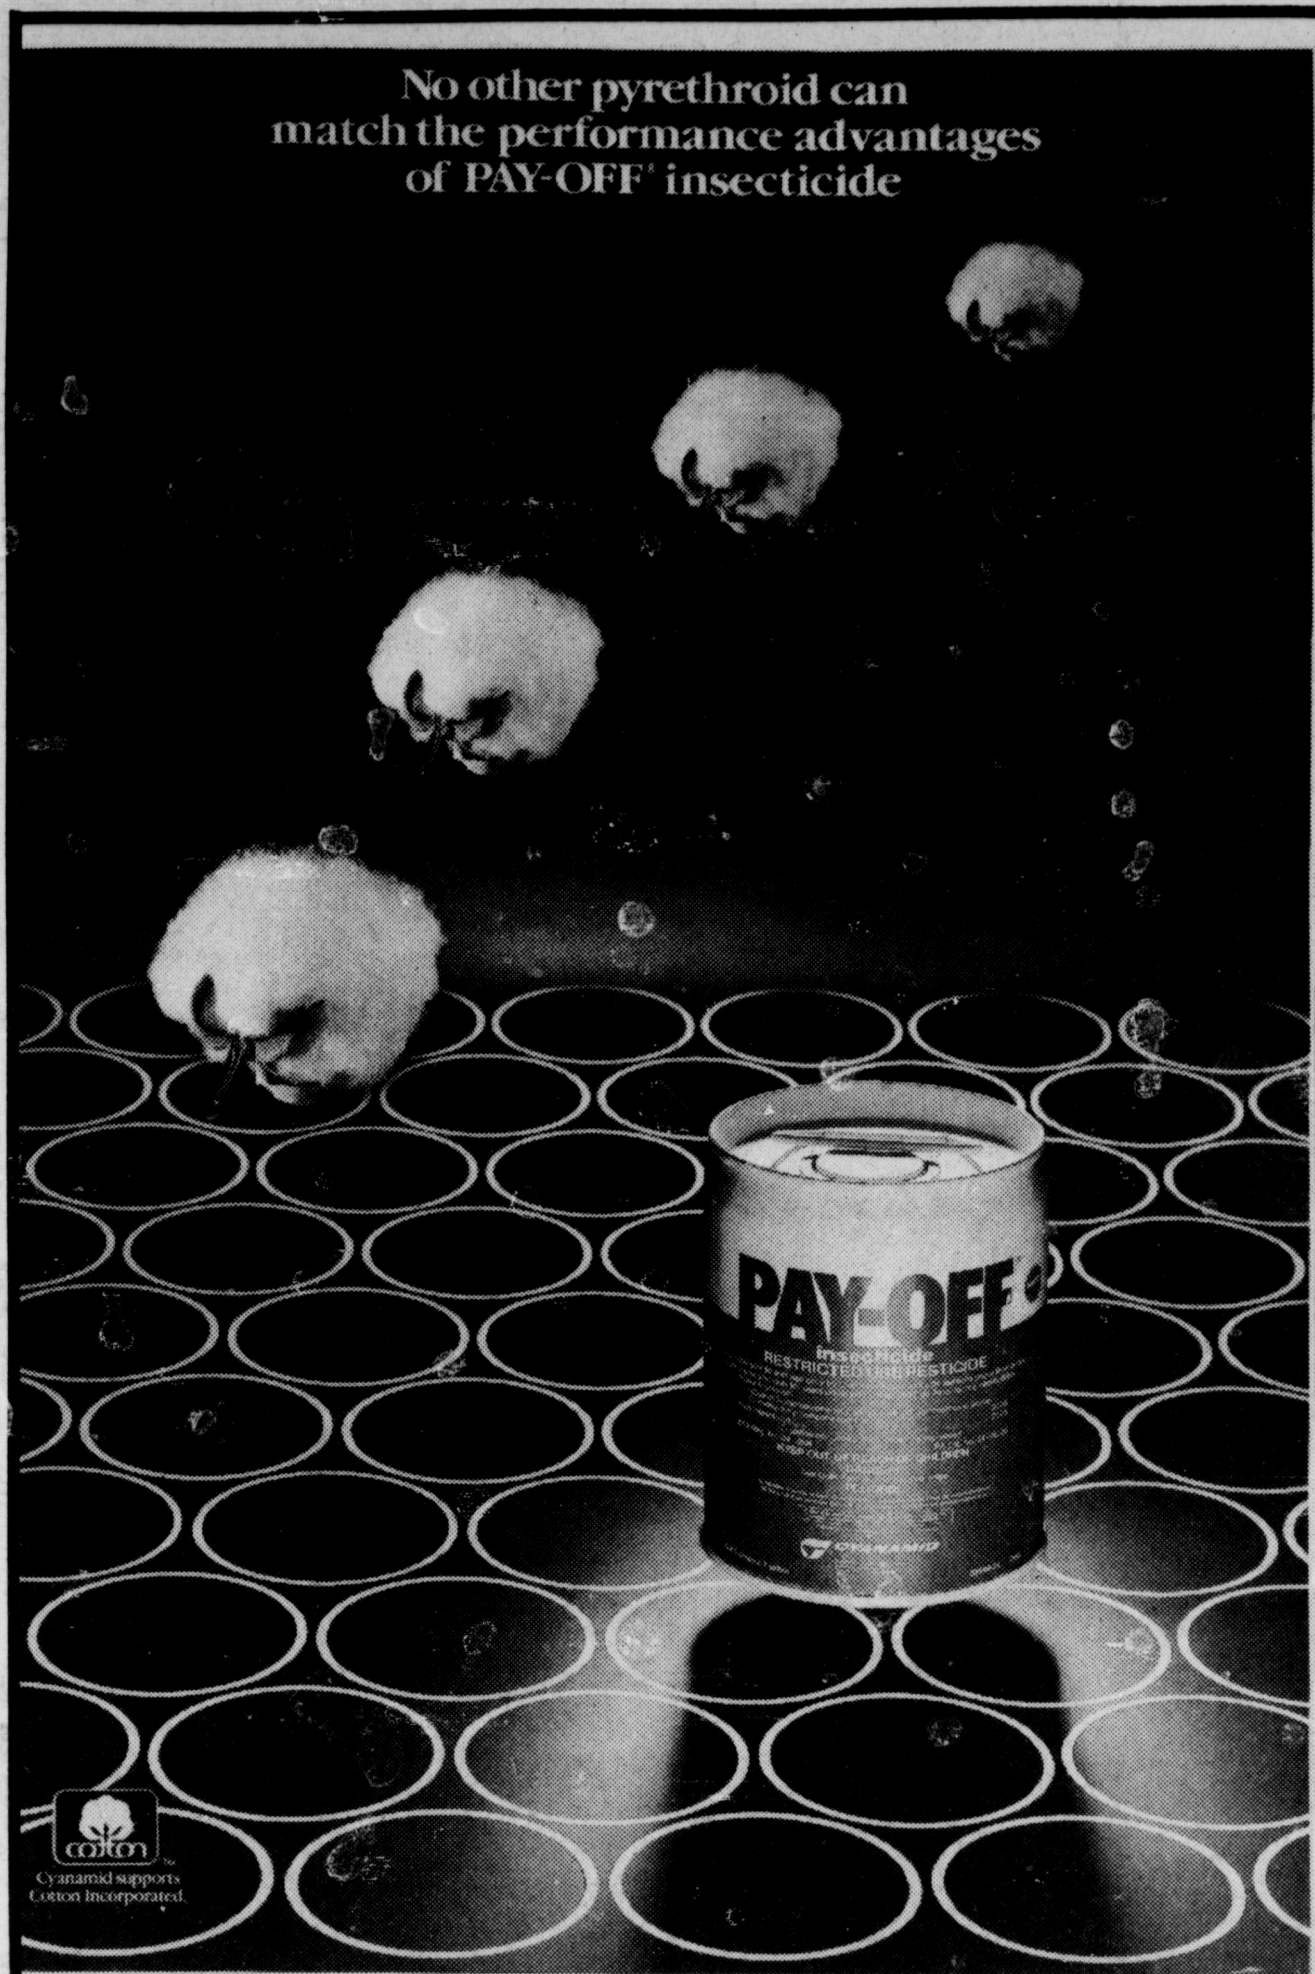

Texas universities are leaders in international programs for research and health studies. The University of Texas, Baylor College of Medicine, and the University of Houston have worked closely with the University of Nuevo Leon and the National Autonomous University of Mexico to further medical research.

To lower infectious disease rates in the Rio Grande Valley, we must emphasize early detection and treatment. Despite gains in the quality of health care available in the Valley, infant mortality remains 125 percent higher among migrant farm workers compared to the rest of the nation. Half of the Hispanic women living in the Valley do not receive prenatal care.

Collaborations between the medical communities and governments of our two countries are producing results. Birthing centers have opened in several border cities to upgrade the care provided by midwives. The Binational Health Council, supported by state agencies and universities in Texas and Mexico, is working to improve health conditions by pooling resources and medical research findings.

Our health as a nation depends in large part upon providing equal access to affordable health care and, in Texas, we intend to meet that challenge.
