# \$4.5 Million Paid Farmers For Disaster

## '83 Cotton Program Signup Period Lasts Till March 31

Of prime interest to all local producers is the 1983 Upland Cotton program. According to the USDA, producers who plant upland cotton on farms participating in and complying with the acreage reduction program for upland cotton will be eligible for program benefits for upland cotton. This includes commodity loans, target price protection and any disaster payments that may be authorized.

The target price for upland cotton is \$7.76 per pound, the loan rate is \$5.55 per pound and the projected 1983 deficiency payment rate is \$1.28 per pound. The loan rate applies to strict low mid-land 1-1/16 inch cotton, micronaire 3.5 through 4.9

at average U.S. locations. Producers who make a further reduction in planted acreage and devote additional acreage to conservation will be eligible for voluntary diversion payments. That payment rate is \$.25 per pound.

Farm operators who wish to participate in the 1983 program could have begun enrolling their farms beginning in October, 1982; however enrollment will run continuously through March 31, 1983.

Some of the advantages to producers of farms enrolled in the program include being eligible for advance deficiency payments equal to 1/2 of the projected deficiency payment and advance diversion payments (if applicable) equal to 1/2 of the total diversion payment. However, producers are reminded by officials that "if the final deficiency payment earned is less than the advance payment, they will be required to repay the excess."

A producer's failure to comply with these measures after enrolling and receiving an advance payment will require repayment of the advance payment plus accrued interest from the date of disbursement at the rate in effect for commodity loans on the date of disbursement plus five percentage points.

Price support loans will

be available to eligible producers based on the regular loan rate for the County and requests for loans must be filed before the final availability date.

The 1984 acreage base for upland cotton will not be reduced for: (1) underplanting the permitted acreage on farms complying with the 1983 upland cotton acreage program or, (2) farms that have no upland cotton acreage on the farm in 1983 and file a timely report of such.

Some of the program provisions include: planted acreage must not exceed 80 percent of the 83 base; acreage of eligible cropland equal to 25 percent of planted acreage must be devoted to approved conservation uses. Also the farm must be in compliance with acreage reduction provisions and any amount of acreage may be voluntarily diverted up to a maximum of 5 percent of the 83 base which reduces the permitted acreage by that amount. Diversion acres for payment are limited to the smaller of: a) the difference between 80 percent of the base and the planted acreage or b) 6.67 percent of the planted acreage.

Cross compliances will not apply between cotton and other commodities; neither will offsetting compliance be effective; how-

## Area Library Obtains Microcomputer, Games

Muleshoe area residents of all ages will have the opportunity to familiarize themselves with the use of microcomputers at the Muleshoe Area Public Library. Between now and February 28th an Apple computer system will be in the library for library patrons to use free of charge.

The computer system consists of an Apple II plus computer, color monitor, disk drive, and dot matrix printer. A variety of programs to run on the computer are available including a "word processing" program, an introduction to the computer keyboard, spelling and counting games for young children, math games for older children, and a typing instruction game. Within a few weeks the library hopes to have additional programs available, among them one which teaches the basics of computer programming.

Anyone wanting to know more about computers is urged to visit the library and try out the Apple Computer in the next three months. This would be an especially good opportunity for anyone considering the purchase of a microcomputer for their home or business to come in and

## Farm; Ranch Outlook Could Be Helped By Gas Decontrol

The West Texas Chamber of Commerce is particularly concerned about the deteriorating welfare of the Texas farmer and rancher, and believes natural gas decontrol is in the best interest of the agricultural and ranching communities. Claims that removal of price controls on natural gas will increase fertilizer costs, in addition to home heating and electricity cost, have incorrectly portrayed decontrol as a prospect to be feared. In truth, academic and government studies show that a moderate effect on the farming and ranching sector of the community would be more than

offset by benefits accrued. The Department of Energy estimates that for every reduction in imports of one million barrels of oil a day, a savings of two to three cents per gallon in gasoline and diesel fuels used on the farm and ranch will result. Farmers typically spend more for crude oil products than for natural gas, and decontrol would thus tend to decrease their total fuel bill.

If the 98th Congress enacts legislation in 1983 to achieve full decontrol by the mid-1980's, the chief benefit will be an increased domestic supply of natural gas and a decrease in the

forementioned imports of crude oil from the Middle East and other unstable areas of the world. Various estimates indicate that an additional two trillion cubic

## Shafer Indicted On Murder Charges

On December 2, Thursday, a Lamb County Grand Jury indicted James Mac "Sonny" Shafer of Muleshoe on a murder charge. Shafer is scheduled for arraignment on December 10, 1982, according to Lamb County District Attorney Curtis Wilkerson. Wilkerson stated that Judge Pat Boone, Jr. allowed the original \$25,000 bond to stand at the arraignment.

Trial date for Shafer, who is charged in the murder of Jerry H. Wyatt, 46 of Muleshoe, has been set for January 10, 1983. Bailey County Sheriff's deputy Hal Bynum was dispatched late Friday, November 26th to a residence in the small Y-L Community north east of Muleshoe, after receiving a call on the happening where he maintained the scene until the arrival of Lamb County officers. Justice of the Peace Beulah Newton of Earth declared Wyatt dead at the scene and an autopsy was

ordered to be performed by pathologist Ralph Erdman of Childress.

Shafer was charged with the shooting death of his brother-in-law, Wyatt, following an apparent domestic dispute between the

## New Assistant County Agent Approved

The Bailey County Commissioners Court met in Special Session in the Courthouse on Wednesday, December 1 beginning at 10 a.m. and continuing until 5 p.m.

Dr. Catherine Crawford, District Extension Agent, Spencer Tanksley and Linda Mullin met with the court with regard to the introduction of Kirby Rankin, who has made application to fill the vacancy of Bailey County

Cont. Page 6, Col 4

## Approximately \$4 Million Remains To Be Issued; Cotton Loan Time Near

In the early spring and summer months of 1982, Bailey County along with other High Plains counties suffered untold numbers of acres in crop damages due to high winds, hail and washing rains which swept the area time after time. In early June Secretary of Agriculture John Block, under the direction of several senators and congressmen in the farm belt, organized a Task Force to survey the damages in the West Texas areas to see if they were as bad as reported.

This Task Force survey came as a direct result of a passage in the 1981 Farm Bill which authorizes the Secretary of Agriculture to implement direct disaster aid payments to devastated farmers under certain conditions. Following the survey of the Task Force, members of that organization expressed their shock and surprise at the actual devastation: within the 24-county area of the High Plains and advised Block to immediately implement this disaster aid payment program. According to the survey taken, over 2.5 million acres in croplands were destroyed in those early vicious storms.

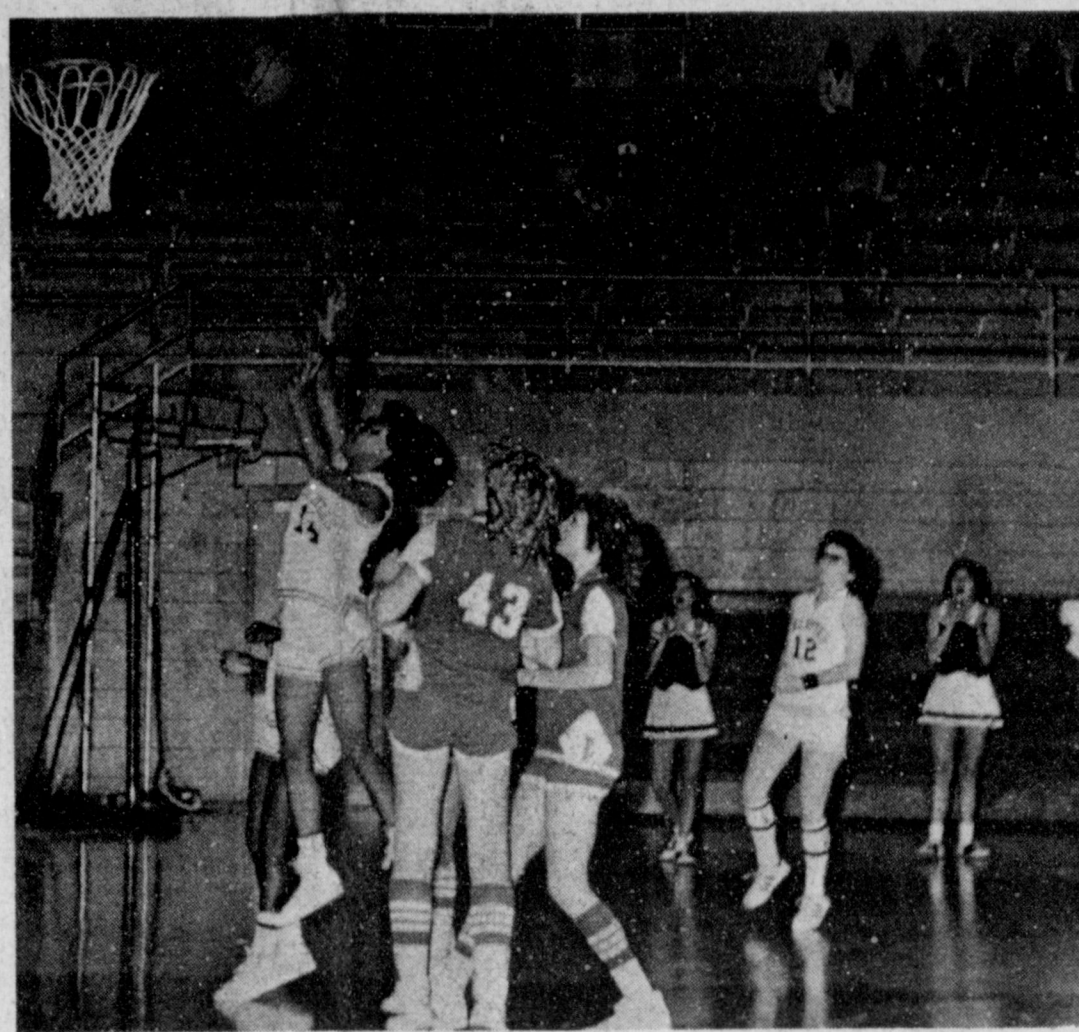

## Taxpayers With Refunds Due Published

Notification has come to the Journal from the District Director's office of the Internal Revenue Service of a number of taxpayers whose last known addresses in this area have refunds due them from the IRS. However, due to incorrect mailing addresses or moving of these taxpayers, these funds are as yet undeliverable.

The following is a list of names and the cities where the people were last located. Anyone knowing the whereabouts of any of these persons should contact them immediately or the IRS District Director in Dallas.

The list includes: Barbara Trevino, Littlefield; Norman W. and Joyce Stamps, Meadow, Texas; Randy and Belinda Morris, Muleshoe, Texas; Javier Gutierrez, Plains, Texas; Isidoro R. and Anna Gloria Velasco, Post, Texas; Jose and Delores Cepeda, Seminole, Texas; Frank and Maria Dimas, Seminole; George M. and Norma J. Gougler, Seminole; Thomas Mares, Seminole; R. B. Edwards, Shallowater, Texas and Peter Diaz, Slaton, Texas.

Also Delfonso Sanchez, Cont. Page 6, Col 4

**VARSITY GIRLS WIN OVER FARWELL**-On Tuesday, November 30, Muleshoe Mulettes triumphed over the Farwell varsity squad to the tune of 58-39 at a game played here in Muleshoe. Marylyn Lewis makes a shot here. Leading scorer for the Mulettes was Denise Wilson with 30 points, Sherry Ellis followed with ten and Marylyn Lewis with eight. Mary Norman, Keisha Johnson and Kacy Henry also scored against Farwell.

## 4-H Honors 25th Group Of Gold Star Recipients

Twenty-five years after a group of South Plains District 4-H members gathered for the district's first Gold Star Awards Banquet, this year's group of top 4-H members from the 20-county area received their Gold Star honors Monday night (Nov. 22). The ceremony had special significance for two families: Two of this year's 41 honorees are children of two of the honorees of 1958.

Eight of that first group of 40 attended this year's banquet at the Coronado High School cafeteria. Joining them in saluting the recipients this year were government officials, parents, Extension leaders, fellow 4-H'ers, educators and other community leaders.

The Gold Star Award is the highest honor presented at the county level in 4-H, and is based on achievement, service and leadership. Four-H is the youth development program of the Texas Agricultural Extension Service.

Taking special pride in the reunion were Borden Gray Jr. of Gail and Mrs. Olivia Worthen Robertson of Denver City. Gray was the 1958 Gold Star Boy in Borden County; his son, Glen, was the county's honoree this year. Mrs. Robertson was Hale County Gold Star Girl in 1958; her daughter, Lessa (cq), is Yoakum County winner this year.

Also back for the anniversary program were 1958 winners Nancy Beal Bowlin, Borden County;

Lynn D. McDonald, Briscoe County; Darla Harris Shaw and Wayne Fowler, Crosby County; Warren Mitchell, Floyd County and Elmer Freese Jr., Hale County.

This year's Gold Star recipients are:

--Bailey County. Jeanne Donae Parker, daughter of Mr. and Mrs. Don Parker of Maple; Jay Lance Gleason, son of Dr. and Mrs. Jerry Gleason, Muleshoe.

--Borden County. Glen Gray; Kim Wills, daughter of Mr. and Mrs. Don Wills of Fluavanna.

--Briscoe County. Kori Baird, daughter of Mr. and Mrs. Jerry Baird of Silverton; Robert Helms, son of Mr. and Mrs. Joe Helms, Quitaque.

--Castro County. Bart Huseman, son of Mr. and Mrs. Louis Huseman of Nazareth; Kim Howell, daughter of Mr. and Mrs. Jimmy Howell, Hereford.

--Cochran County. Scott Wesley, son of Mr. and Mrs. Ken Wesley of Morton; Mike Dewbre, son of Mr. and Mrs. James Dewbre of Morton.

--Crosby County. Philip Thornton, son of Mr. and Mrs. Charles Thornton of Ralls; Terry Jay Long, son of Mr. and Mrs. Jimmy

Cont. Page 3, Col. 4

**CONTEST WINNER**-Scott Calvert, 15 year old freshman at Muleshoe High School accepts a check in the amount of \$100 for his efforts throughout the Journal's 1982 football contest. Calvert had a total of twenty-five points to his credit which won him the contest. The check was presented by Journal reporter, Shirley Farmer.

**ARTS AND CRAFTS BAZAAR**-For those who lack those few little extra Christmas items, the annual Moonlight Home Extension Bazaar was the place to look on Friday and Saturday. Many area artists and craftsmen had their wares on display and for sale, along with lots of baked goods.

Noting the anniversary of the awards banquet here, State Rep. Jim Rudd of Brownfield challenged the young winners to attend a similar function 25 years from now and show that they are still winners.

"You will be," Rudd said, "if during the next 25 years, and for the rest of your life, you practice 10 qualities."

He said these include: positive self-awareness, positive self-esteem, positive self-control, positive self-motivation, positive self-expectancy, positive self-image, positive self-direction, positive self-discipline, positive self-projection and positive self-dimension.

As the Gold Star has five points, 4-H has at least five reasons to celebrate. The

legislator told the group. First, it is the largest youth organization in America, with more than five million members.

The South Plains District has some 9,000 of these members, he noted.

Second, it is youth and adults working together. The 14,000 volunteer leaders in Texas contribute more than \$14 million a year in time, energy and materials. And it is a program which involves members and families.

Third, it teaches leadership and citizenship.

Fourth, 4-H is a special cooperative effort between government and private community. For every dollar in government funds, through county Commissioners Courts and the Extension Service, 4-H receives five dollars in private support.

Fifth, 4-H has something for everybody, with a vast array of projects and opportunities.

Master of ceremonies for the banquet was Jeff Klotzman, KAMC-TV newsman.

The honorees and guests were welcomed by Delbert Smith, manager of the Lamb County Electric Cooperative, Littlefield. His daughter, Amy, responded for the 4-H'ers. The awards banquet is sponsored each year by the following area electric cooperatives: Lamb, Bailey County, Cap Rock, Deaf Smith, Dickens, Lea County, Lighthouse, Lone Wolf, Lyntegar, Midwest, and Swisher.

The awards presentations

were narrated by 4-H'ers Lonnie Howard of Hale County and Cleet Griffin of Dawson County. The awards were presented by Dr. Catherine Crawford and Billy C. Gunter, district Extension directors.

Dinner music was provided by 4-H'ers Angie Taylor, LaDeana Verett and Tyler Reese of Crosby County. Frank Jesko, Parmer County, led the 4-H motto and pledge. Shelley Sain, Bailey County, gave the invocation.

## Mrs. Nichols Honored With Baby Shower

Mrs. Jimmy (Cindy) Nichols was honored Friday, Nov. 19 with a baby shower in the Flame Room of the Eregas Building in Littlefield.

An arrangement of yellow carnations accented the serving table and cake and punch were served.

Special guests included Mary Powell and Kathy Powell of Sudan, mother and sister of the honoree; Virginia Nichols of Littlefield, the honoree's mother in law; Marley Hall and Debbie of Sudan, aunt and cousin; Linda Powell and

Lisa of Sudan, also an aunt and cousin; Darla Mullenix and Johnathan of Littlefield, sister in law and nephew of the honoree.

The hostesses gift was a box of baby necessities, which were on display along with the other gifts.

Hostesses for the occasion included Darla Mullenix, Debbie Mullenix, Raney Mullenix, Nelda Mullenix, Mary Mullenix, Joan Horn, Pat Heard, Marie Hopper, Nelba Roast, Lois Lancaster, Lisa Miller, Kay Clöninger, Pam Trotter, Betty Thompson, Jane Shipley, Linnie Sanderson and Martha Tedder.

### LATEST ARRIVALS

#### Travis Wayne Pierce

Mr. and Mrs. Randy Pierce are the proud parents of a son, Travis Wayne, born Nov. 16. He weighed eight pounds and was 21 inches long.

Travis Wayne has a two and half year old sister, Regina Lauren.

Grandparents are Mr. and Mrs. T.I. Kittrell of Amherst and Mr. and Mrs. Leonard Pierce of Sudan.

Great grandparents are Mrs. Lucille Fox of Sudan and Mr. and Mrs. Frank Pierce of Menard.

### Retirement Planning

If you or close relatives are almost 65 and thinking about retiring, you probably have some questions about Social Security.

Here, to make your retirement planning a little easier, are tips from the folks at Colonial Penn Insurance Group.

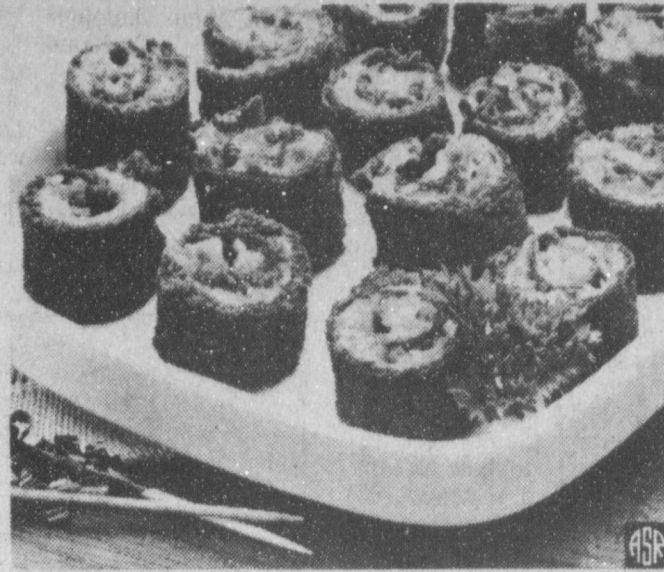

1. Be sure to apply for benefits 2 or 3 months before you reach 65.

2. Make sure you have your social security card or number.

3. Have proof of your date of birth.

4. Bring your W-2 forms for the last two years of your employment.

If you have any questions, contact the Social Security office.

## Make Any Occasion Special With Perky Pinwheel Appetizers

Good food, and lots of it, is almost synonymous with holiday entertaining. This season get your holiday parties off to a great start with a hearty hot appetizer that warms both spirits and appetites.

Perky Pinwheel Appetizers combine the buttery flavor of sweet cream butter with the tangy taste of melted cheese and savory bits of bacon and onion. Wrap it all up in an irresistible rye bread roll-up and you have a delectable appetizer that raises the curtain on great holiday entertaining.

This season, create a special appetizer for those who make your holidays memorable.

### Perky Pinwheel Appetizers

- |  |  |
|--|--|
| 1 c. shredded LAND O LAKES Pasteurized Process American Cheese | 1/4 c. LAND O LAKES Sweet Cream Butter, softened |
| 1/4 c. cooked, crumbled bacon                                  | 2 tbsp. sliced 1/8" green onion                  |
|  | 7 slices rye bread, crusts removed               |

In small bowl stir together all ingredients except bread. Flatten each bread slice with rolling pin. Spread each bread slice with 1 1/2 tsp. butter mixture. Roll up jelly-roll fashion beginning with short side. With serrated knife slice each roll into 4 pinwheels; secure each with wooden pick. Place on cookie sheet. Place oven rack 5" from heat. Broil 1 1/2 to 2 1/2 min. or until lightly browned and cheese is melted. Remove from cookie sheet immediately. YIELD: 28 appetizers.

## Journal Files

### 40 Years Ago

Grocery specials advertised in the Journal included bologna 14 cents a pound, stew meat 21 cents a pound, beef roast 25 cents a pound, steak 29 cents a pound, Jello 3 boxes 21 cents, bread 3 loaves 25 cents, mustard-quart 10 cents, strawberry jelly-quart 33 cents, fruit cake mix 53 cents, peanut butter-quart 49 cents and flour 48 pound bag \$1.59.

### 20 Years Ago

Mr. and Mrs. J. Pat Wagon, Debbie and Tyree spent the weekend in Big Springs.

The Muleshoe High School band and choir will perform tonight (Thursday) from 7 to 7:30 p.m. on the courthouse lawn as the first of three such programs is presented as part of Muleshoe's Christmas observance.

### 30 Years Ago

Several months will go by before a contract for construction of lines and exchanges can be let by the Five Area Telephone Cooperative, Inc. of Muleshoe, it appears.

It is predicted that it will be late spring of 1953 before a contract can be signed.

Dear Santa  
I am a little girl five years old. I have been pretty good. Please bring me a doll, signet ring, some clothes, candy, fruit and nuts.  
Bring my 19 months old brother, Johnny, a stick horse, some little cars, a doll, some clothes, candy, fruit and nuts. Bring my little five months old sister, Joyce some rubber toys.  
Please don't forget my two older brothers and all the other girls and boys.  
Love  
Glenna Raney.

### 10 Years Ago

A Muleshoe resident was honored Tuesday night at Pioneer Natural Gas Company's annual service award dinner at the Lubbock Country Club.

Donald H. Prather was presented a service award recognizing his ten years of service to the company.

The Muleshoe Hospital and Nursing Home Auxiliary recently donated a new Isolette Infant Incubator to the hospital here in Muleshoe.

If you run out of dishwashing liquid, a few teaspoons of mild shampoo will help.

## Older Texans; Take Charge Of Your Future

Older Texans should take charge of their future now. "You can take charge of your future—physically, mentally, socially and financially. Control the things you can become the person you want to be," suggests Mrs. Judith L. Warren, family life education specialist-aging, with the Texas Agricultural Extension Service, Texas A & M University System.

"Each individual can have some influence over what your future will be by the way you approach it," Warren adds. Leadership and volunteerism may be major items.

"While a lifetime of familiar habits cannot be ignored and surely cannot be changed overnight, there are ways each person can reshape some of these habits, provided he or she feels the need to do so," Warren says.

Warren suggests these guidelines for "taking charge of your future."

1. Decide what you expect of yourself in the future. Look at yourself now, and think about what kind of person you want to be and what kind of life you want to lead in five or 10 years. If you are physically active now and currently

involved in a sport or exercise program, continue it. You may want to start an exercise program, if you

### WOTS Weekly Meeting

The studio of Channel 6 was the gathering place for the Dec. 2 luncheon for the WOTS group. Host and hostess for the day were Gil Lamb and Magann Rennels. A cake in honor of Bernice Bynum's birthday was enjoyed by everyone present.

Ramona Ingram and Pat Cummins will be the hostesses for the Dec. 9 luncheon at Summit Savings. That day will also be "Gift Exchange Day."

A pre-Christmas dinner will be held for the residents of the Harmon Elliot Senior Citizen Complex on Dec. 16, at the complex's community room. Lunch will be served at noon.

Members present were Kay Madry, Lois Martinec, Marv Smith, Alice Phillips, Adelia Jones, DeAnna Rasco, Pat Mudford, Edna Haynes, Margaret Quintana and Joseph, Kay Moncrief, Kathy Raisback, Lydia Wright, Mary Ann Ramirez, Bert England, Bettie Moore of Earth and Karen Mason. Maria Bynum was a guest.

### Hobby Club

The Muleshoe Hobby Club met Thursday, Dec. 2 in the community room of the Muleshoe State Bank, with 15 members and two guests, Francis Bruns and Elsie Allen, present. Minutes of the previous meeting were read and approved.

Christmas cards were signed to be sent to two honorary members. The birthday song was sung for Mabel Caldwell and Edith Fox.

The Sunshine Committee will present a poinsettia to the bank in appreciation of their granting the use of the community room during the past year.

The Christmas party will be on Thursday, Dec. 16 at 1:30 p.m. Each member is to take some kind of sweets for refreshments, an exchange gift and a secret pal gift.

Nan Gatlin drew the hostess gift.

Articles on display were two Christmas wreaths, crochet clothes hanger, quickpoint phone book cover, picture with covered frame, antique candleholder, quickpoint planter, crochet cleanser holder, curlicue crochet clown, decoupage picture, crochet butterfly, quickpoint telephone book cover and a Christmas card from England.

Coffee and punch were served by the hostess, Ethel Julian. Those attending included Sammie Ethridge, Opal Robison, Nan Gatlin, Jo Wilson, Myrtle Wells, Edith Fox, Ethel Julian, Vickie Hendricks, Mae Provence, Mabel Caldwell, Ola Epperley, Blanche Awbrey, Ruth Bass, Jane Williams and Myrtle Creamer.

are not currently involved. Even if an illness or disability has confined you to a bed or wheelchair, you can—in many instances—do some exercises. Your family doctor can assist you in these plans.

2. If you want to remain mentally alert, take up—or keep up with—activities that stimulate the mind. Interested people are interesting to others, so develop new interests and share these with other people. The joy of learning can be awakened no matter what your age or educational experience. Leadership and volunteerism offer many challenges.

3. For many older adults, continuing a meaningful level of social activity is a challenge. Keeping up an active social life means making an effort to join a new club or find a new friend.

4. Financial security is

important, and many older adults must take extra steps to protect what they now own, while stretching their income to meet current needs. Explore second careers or part-time employment, and determine acceptable options for reducing current expenses.

When you say good things about people, tell them to their faces. There's already too much behind-the-back talk.

Life should not be all work; everyone is entitled to some recreation and amusement, whether everyone gets it or not.

Personally, we keep an eye on that type of man known as a "go-getter." He might get too much and some of it might belong to us.

## Indian Association Establishes Scholarship

Members of the Indian Association of Amarillo have established the Mahatma Gandhi Memorial Scholarship Fund at West Texas State University with a \$2,500 contribution.

The scholarship has been established with proceeds from the August India Independence Day Celebration hosted at Amarillo which featured folk dances and music from India.

The WTSU Department of Sociology and Social Work, of which Dr. Kollagode Ramakrishnan is an assistant professor, will administer the scholarship beginning in the fall semester of 1983. Proposed eligibility requirements state that recipients must have at least a 2.5 grade point average on a 4.0 scale, be at least juniors and be committed to social work or their major field.

Ramakrishnan said that the membership of the Indian Association of Amarillo will vote on the eligibility requirements during the December meeting.

"The scholarship will be based on need, rather than academics," said Ramakrishnan. "Although the scholarship is not confined, we want to award it to someone interested in social service. Later, it will be offered to others."

The selection committee will include the president

of the Indian Association of Amarillo or an appointed member, the WTSU director of student financial aid, the head of the WTSU Department of Sociology and Social Work, the WTSU executive vice president and a member of the WTSU faculty or staff who is of Indian origin.

The Mahatma Gandhi Memorial Scholarship Fund is established in memory of the Indian Leader.

Divyaprabha Patel, treasurer of the Indian Association of Amarillo, said the political and religious leader began the move for Indian independence from England in about 1920. The country gained independence without violence on Aug. 1, 1947.

Gandhi died in 1948. Among the social changes he led in India were the raising of the lower class in the strict caste system and gaining respect and higher education for women, she explained.

Gandhi was born in India and educated in India and England as a barrister or attorney. He is remembered today as a saint more than a political leader, said Patel. Mahatma means saint.

The Indian Association of Amarillo was organized in 1977 and includes more than 300 members in the Texas Panhandle area.

Officers are president,

Ramanbhai T. Patel, vice president; Bipin Seth; secretary; Arun Patel; and treasurer; Divyaprabha Patel. All are of Amarillo.

## Holiday Open House Scheduled

Amarillo artist Ben Konis, will hold his Fifth Annual Holiday Open House from 5 to 10 p.m., Wednesday, December 8 in his Studio-Galeria, located at 712 West 17th, in Amarillo.

The exhibition will feature his latest paintings and prints. Through the year, his travels have taken him to California, Mexico, Louisiana, Wyoming, and areas of the Southwest. Konis will also autograph copies of "Masters of Western Art", a best-selling art book by Mary Carroll Nelson, featuring pastel paintings by Konis, along with work by 11 other western artists. Among them are John Clymer, Wilson Hurley, Gordon Snidow, and Howard Terpning.

Konis is also included in another recent book by Southwest Art Publishing, "Contemporary Western Artists". At the 10th Texas Cowboy Artists Exhibition held November 19-20, in San Angelo, a Konis pastel, "Cowboys Do It Best", won the award for the Most Popular piece in the show.

Mr. Konis conducts art seminars throughout the western states, and will begin his 1983 season with an art workshop in Puerto Vallarta, Mexico. The seminar will be lodged at Casa Pulpito, a villa located at oceanside along the Gold Coast, south of the village. Reservations are available now.

## Sudan FFA Team Goes To State

The Sudan FFA had four teams that participated in the Littlefield District Leadership Contest held at Texas Tech on Tuesday, Nov. 16.

Joseph Kessler, Randy Wiseman and Scott Ballew placed fifth in the Farm Skill Team. Mike May, Dean Richardson, Lee Bartley and Shawni DeLoach placed fifth in the FFA Quiz.

Qualifying for the Area 1 Leadership with a second place win was Joe Martin, David Harper and Randall Damron, in the Senior Farm Skill Team.

Wade Donnell, Ronnie Smith and Gordon Martin placed first in the Junior Farm Skill Team, qualifying for the area contest. Terry Peck was the alternate on both of the Skill Teams.

Results from the Area 1 Leadership Contest held Saturday, Nov. 20 at Clarendon Junior College, were Senior Skill Team, eighth and the Junior Skill Team, first in Area 1.

Wade Donnell, Ronnie Smith, Gordon Martin and Terry Peck will now go to Huntsville State University in Huntsville on Dec. 4th to compete against the nine area winners in the State FFA Leadership Contest.

Kenneth Carr, Ag teacher, was selected as a judge in the Senior Skill division at the State contest while the students competed in the Junior Skill division.

Truth is the last thing some people want to hear.

- Apple Cinnamon Dressing**
- |                                     |   |
|-------------------------------------|---|
| 1 cup chicken broth                 | 2 medium apples, pared, cored, and finely chopped |
| 1/2 cup chopped celery              | 1/2 cup chopped onion                             |
| 1/2 cup chopped onion               | 4 tablespoons butter or margarine                 |
| 4 tablespoons butter or margarine   | 1/2 cup chopped pecans or walnuts                 |
| 1/2 teaspoon salt                   | 1 teaspoon poultry seasoning                      |
| 4 cups dry, whole wheat bread cubes | 1/4 teaspoon ground cinnamon                      |
|                                     | 1/8 teaspoon pepper                               |

Combine in a saucepan broth, celery, onion, butter and salt. Cover and bring to a boil; simmer until vegetables are tender, about 5 minutes. In a large bowl combine bread cubes, apples, nuts and seasonings. Pour broth mixture on top and toss to moisten. Turn into a greased 1-1/2 quart casserole and bake, covered at 350°F. for 25-30 minutes. Makes about 6 cups stuffing.

## Producing more energy from less ... makes the difference.

Their discovery would shake the worlds of communication, medicine and defense, but Charles Townes and Arthur Schawlow knew only that they had discovered an entirely new source of light. They called it an "optical maser." Today we know it as the "laser."

Their discovery was a light beam so concentrated it could produce power densities millions of times as intense as those on the surface of the sun — a light source so dense, the energy produced was greater than the energy required to produce it.

Arthur Schawlow and Charles Townes

This principle of more energy from less applies to the High-Efficiency Add-On Heat Pump — more units of heat than units of electricity needed to produce that heat. And while the Add-On Heat Pump works with your existing furnace to heat your home during the winter, the Add-On Heat Pump functions with the same efficiency to cool your home during warm weather.

As partners, Townes and Schawlow made a significant difference in our world with their work on the laser. As partners, you, Southwestern Public Service Company and the Add-On Heat Pump can make the difference managing electricity in your home. Call SPS to see what your savings could be.

You and SPS, partners managing electricity, make the difference.

**SOUTHWESTERN PUBLIC SERVICE COMPANY**

## Gas Decontrol

Cont. From Page 1

feet of domestic natural gas a year by 1985 can be found and produced under phased deregulation. That is equivalent to one million barrels of oil per day, or nearly 20 percent of current oil imports.

Moreover, as was the case with oil, natural gas deregulation would promote a more efficient use by increasing conservation of gas. This could make available another one trillion cubic feet a year - the equivalent of another 500,000 barrels of oil a day or another 10 percent of current oil imports.

By taking the necessary step of legislating decontrol and creating the climate for a decrease in imports of up

to 1.5 million barrels of oil per day, the 98th Congress will assure that significant progress is made toward achieving a sound national energy policy.

Decontrol of natural gas prices may indeed have a temporary - but temperate - effect on prices to consumers. However, as the nation witnessed after crude oil prices were finally decontrolled by 1981, increased domestic production, and attendant conservation efforts by Americans resulted in the stabilization of and an actual decrease in prices for oil products. The same stabilizing effects are anticipated in natural gas prices after decontrol. A DOE study estimates total decontrol phased in by 1985 would result in inflation from 1985 through 1990 being lower than it would under current policy.

It must be noted also that the wellhead cost of natural gas can increase without an equivalent percentage rise in the cost to the burner tip customer. This is because the average wellhead gas price represents less than half the total cost of service to the consumer on a nationwide basis. Further, about half the added revenues resulting from natural gas decontrol would be paid to local, state and federal governments as taxes and royalties.

The West Texas Chamber of Commerce has come to its position on natural gas decontrol after careful consideration of the best

policy as it would affect both the industry and all categories of consumers. Free market competition after decontrol will assure

that wellhead prices will remain competitive.

The final portion of this article will appear in Thursday's December 2 edition.)

## Holyland Pilgrimage Scheduled In February

The Hockley County Senior Citizens Assn., Inc. of Levelland, is sponsoring a Pilgrimage to the Holyland February 20 through March 04, 1983. The tour is planned in combination with International Tours of Levelland.

Reservations are limited. A second deposit of \$200 is currently due to reserve a space, making a \$400 deposit for those who did not make the first \$200 deposit. The final balance will be due Dec. 10.

Based on double occupancy in motels, cost of the trip is \$2,395 for the 10

nights and 12 days. Single supplement is \$186 added. Local tour guides will accompany the group and an English speaking, Christian guide aboard the touring motor coaches through the different areas. The trip cost includes: round trip air-fare from Lubbock to Tel Aviv and Cairo, all first class hotels in Israel, deluxe hotel in Egypt, two meals daily in Egypt, and all sightseeing by motor coach with Christian, English speaking guide.

Space is limited. So get your deposit in as soon as possible. Send reservations to Ruth Warren Tour Coordinator, Hockley County Senior Citizens Assn., Inc. 1202 Houston Street Levelland, Tx. 79336.

## Gas Tax...

Cont. From Page 1

The President's top economic advisor, Martin Feldstein, has said the President's proposal will cost more jobs than it would create.

The Texas Highway Commission has proposed increasing the Texas tax by the same nickel per gallon as suggested by the administration.

"We are being undercut by the federal government. If this proposal gets ramrodded through Congress, Texans can look forward to higher taxes and deeper potholes while their hard-earned money creates a piddling number of jobs somewhere else," Bullock said.

## Commissioners...

Cont. From Page 1

The assistant county agent, the court passed an order approving this employee for hire effective January 1, 1983. He will be taking the place of former ACE Jim Irwin, who retired earlier this year to pursue the ministry.

Other routine matters were taken care of such as the paying of county bills and miscellaneous items. Commissioner Lloyd Stephens was not present due to illness.

## Taxpayers...

Cont. From Page 1

Spur, Texas; Frank Alvarado, Sundown, Texas; Teresa Tinnin, Wolforth, Texas; Luciano M. Beltran, Lubbock, Texas and Ervin N. English, Lubbock, Texas.

Work hard; play little; die early; your family will enjoy your insurance.

Before saying "never," remember never is a long, long time.

Lucky for some business men there are stenographers who can spell.

## Around Muleshoe

Cont. From Page 1

assistant County Agent for Muleshoe, who is scheduled to take over his duties on January 1, 1983.

Fall commencement is set for Dec. 18 at Stephen F. Austin State University with approximately 672 candidates for degrees.

The following Muleshoe student is among the candidates: Mary Gutierrez Perez, 225 West 10th, Master of Education, Secondary Education.

Mr. and Mrs. Billy Don Williams, Justin, Julie and Jared, spent the Thanksgiving holidays in Muleshoe visiting with their parents, Mr. and Mrs. Billy Williams and Mr. and Mrs. Wayland Harris.

Mrs. Williams and the children remained here this week while her father was hospitalized in West Plains Medical Center.

Harris is recuperating at home awaiting an appointment with a cardiologist in Lubbock.

Marilyn Harris of Albuquerque, N.M. and Denna Harris of Levelland spent the Thanksgiving holidays in Muleshoe visiting in the home of their parents, Mr. and Mrs. Wayland Harris.

The Bailey County Chapter of the American Heart Association which was scheduled for Friday, December 3 has been cancelled due to the death of the president Lloyd F. Haire.

The Muleshoe FFA Chapter is now selling fruit for the Holidays. If you wish to order, contact any FFA member or call the Agricultural Department at the high school - 272-3457.

The Jennyslipppers will serve their second annual

Holiday Barbeque Buffet on Friday noon, December 3 at the Bailey County Civic Center, in conjunction with the Moonlight Home Extension Club's Arts and Crafts Bazaar. Tickets may be obtained from any Jennyslipper member or at the door.

There will be a com-

## Upland Cotton

Cont. From Page 1

ever accurate reports of acreages devoted to cotton and conservation uses are required to establish eligibility for program benefits. Inaccurate reports could result in the loss of all program benefits.

Conservation uses will be standard, in that the land must be protected from wind and water erosions. Land which is designated for conservation use may not be grazed during the six principal growing months as set aside for the county. No crops including hay or silage may be harvested from this acreage during the calendar year except for home gardens. The designated conservation land must have been devoted to small grains or row crops in two of the last three years. Land designated as conservation use acreage in 1982 or 1983 and on which a permanent vegetative conservation practice was established in 1982 or is established in '83 will be eligible through the 1985 crop year, provided the practice is maintained. Such practices may be eligible for cost-sharing assistance under the ACP program.

Deficiency payments shall be divided among producers in the same manner that each producer shares in the upland cotton crop acreage on the farm.

## Disaster Money

Cont. From Page 1

of the payments out and everybody taken care of," Williamson stated.

For those who signed up for deficiency payments, checks are scheduled to go out of the local office on December 23 to all of the producers who requested early payment. For those who did not, payment will come sometime after the first of 1983.

Bailey County's ACP sign-up ended on December 3 and the County Executive Director states that the County will receive approximately \$64,000 in cost share funds to be used for the conservation program. The applications for these funds are reviewed individually and based on need. "Most likely, if a producer has received assistance one out of the last three years, he will be one of the last in line for consideration," the Director explained. This system used is to place the help where it is the most needed in the county. "We usually have a lot more applications than we do money," he pointed out.

Farmers and area producers who wish to place their cotton in the loan for 1982 will be required to have their warehouse receipts in numerical order and the AMS class card directly behind the receipt it belongs with when it is brought into the ASCS office, says Rusty Williamson County Executive Director. Applications will not be taken on receipts that are not arranged in this order.

Cotton production cards must be turned in for each farm that a producer had cotton planted on this year. These figures will be used to compile producers' 1983 payment yields. Also all failed acreage should be reported to the ASCS office prior to disposition of that crop, the director stated.

The loan deadline for the 1982 calendar year has been set for December 22, 1982. Producers who desire to have a loan processed by the end of the 1982 calendar year will need to have a completed loan application along with all warehouse receipts in our office by December 22, 1982. No processing of loans can be guaranteed by the end of 1982 if they are received after this deadline date.

Williamson explained that several area gins have signed an agreement which guarantees that they will use certain bagging and bale ties that meet specifications necessary for baled cotton to be eligible

munity meeting on Monday, December 6 at 7:30 p.m. in the Catholic Center for all persons interested in keeping the South Plains Health Providers open. This is a community-funded operation.

Due to an error in dates, the Rotary Ann's Ladies Night will be held on Tuesday, December 14 at 7:30 p.m. in the Civic Center instead of on December 16. There will not be a Rotary meeting on the

14th at noon.

The Muleshoe FFA Boosters will not have their regularly scheduled meeting on December 20 due to school being dismissed for the Christmas Holidays. Meetings will resume in January unless the need for a called meeting is seen. The FFA Boosters would also like to remind all citizens that the District FFA Banquet on Monday evening is open to any wishing to attend. The meal will be catered by the Country Catering Service of Muleshoe.

State Comptroller Bob Bullock has announced that Phillip Land from his Lubbock Field Office will be at the Bailey County Courthouse in the County Commissioner courtroom on December 14, 1982 from 2:00 p.m. to 4:00 p.m.

## Murder...

Cont. From Page 1

two men. The incident reportedly occurred in Shafer's home on the east side of the Lamb-Bailey

County line, according to Lamb County Sheriff, E. D. McNeese. Wyatt was found dead at the scene, shot with a .30-.30 rifle bullet, according to Lamb County officials.

Shafer who is a farmer, has been a long-time Bailey County resident, having been reared and gone to school in Bailey County.

## Student Conservation Program Available

### FTA Has Student Teaching

The F.T.A. had a meeting at 8:00 a.m. Wednesday, Dec. 1. They discussed the upcoming student teaching plan which has been scheduled for Monday and Tuesday, Dec. 5 and 6, 1982. Thirty Junior and Senior students in F.T.A. will be allowed to teach a class of their choice for those two consecutive days. The rules which have to be observed by the student teachers are as follows:

- 1) Arrive at designated school at 8:10-report to Principal's office for instructions on Monday.
- 2) Tuesday-report to your room at 8:10.
- 3) Be well groomed (no blue jeans, hats or caps).
- 4) No eating, drinking, chewing, dipping at any time unless in lunchroom or teacher's lounge (if permitted).
- 5) No sitting on or propping self on teacher's desk.
- 6) Take paper-pen for instructions pick up materials for Tuesday. Write out lesson plans for Tuesday and have your teacher approve Tuesday morning (Must be done).
- 7) Be courteous, gracious, and kind.
- 8) Do not attempt to handle discipline problems, regular classroom teacher will handle these.
- 9) Make your day enjoyable for self and the students.

The program, if a success, will be an asset to the FTA Club because more and more students who are looking into a job as a teacher will be able to get experience in their high school years. Recent surveys have shown that a teacher shortage is likely by the year 1990.

### Seniors Order Grad Announcements

The seniors at Muleshoe High School ordered their graduation announcements at 9:30 a.m. in the library on November 30. Seniors could order packages, which gave them a slightly better deal on the price of the announcements. Package number 1 contained 25 announcements, 100 personal namecards, 1 deluxe memory album, 1 deluxe appreciation gift, 1 box of thank you notes, and 1 class key. If the student wanted this packet, he had to pay \$42.

Package number 2 contained 50 announcements, 100 personal namecards, 1 deluxe appreciation gift, 1 photo-namecard, 1 deluxe announcement cover, 1 box of informal notes, and 1 class key in it. Package number 3 cost \$76.25 and it had 75 announcements, 200 personal namecards, 1 deluxe appreciation gift, 1 deluxe memory album, 1 photo-namecard, 1 deluxe announcement cover, 1 box of informal notes, and 1 class key in it. Package number 4 is the biggest package and it had 100 announcements, 200 personal namecards, 1 deluxe memory album, 1 deluxe appreciation gift, 1 photo-namecard, 1 deluxe announcement cover, 1 box of informal notes, and 1 class key in it. Package number 4 cost \$84.75.

Seniors could add to their packages if they wished or they could order it individually at a slightly higher cost. Students chose between memory albums. These albums are similar to a

FREE ANNUALS GIVEN AWAY--(L-R)Laurie Kelton, who sold Terri her 1983 Muletrain; Mary Ann Ybarra, presenting Terri with her refund; Terri Webb, winner; and staff member, Dorinda Shafer, with the 1982 Muletrain.

### More Women Entering Computer Field Study Says

A recent study conducted by one of the technical institutes of the Bell & Howell Education Group shows that the number of women entering the computer science field is on the rise, and those already in the field are moving up. The study, conducted by the DeVry Institute of Technology in Chicago,

surveyed 100 employment managers in the Chicago area. Fifty-two percent of them said that more women accepted entry-level positions with their firms in 1981 than in previous years. In addition, 68 percent reported a significant increase in the number of women in technical positions over the past five years. The firms surveyed all actively recruited data processing personnel. Many of the firms said they were eager to hire women for computer positions, but there was a shortage of qualified applicants. In addition, they noted that the growing number of women in the work force has resulted in a higher percentage of women reaching management levels within their companies. What does this mean to a high school student considering a career in data processing or technical work? "The results of the DeVry study indicate a strong willingness on the part of employment managers to hire qualified women," says Kingsley Bewley, President of BHEG. "While many of the jobs were thought to be traditionally-male positions, that stereotype is quickly being eroded." He added that the number of jobs in these fields and applicants seeking those positions are on the increase. In the future there will be more and more competition for higher level positions. Bewley said the deciding factors in hiring an applicant are the amount of education and experience the applicant has. "Companies want to hire well-qualified people...people who know what they are doing. The survey also revealed that personnel managers ranked specific skills and education as the primary qualifications for employment. And, of the two, skills were clearly preferred." If you are thinking of a career in either the computer or other technical fields, Bewley offers these suggestions: Consider a Technical School. "Technical schools use state-of-the-art equipment and offer hand-on, career-oriented training. Many graduates have obtained good starting positions in their field of study. But before you decide to go to a school, be certain that it is the right school for you." Research the Field. "Look through trade magazines, and talk to employers--see where they think your best prospects for employment will be." Find a part-time job. "If, for example, you are planning to go into a data processing career, try to find a job working with computers. This will help familiarize you with the equipment and will increase your chances for employment after school."

### FFA Meeting Held Tuesday

The Muleshoe FFA Chapter met Tuesday, November 23, at 8:00 p.m. in the Ag Building. They elected two voting delegates for the District FFA Banquet to be held here, Monday, December 6. They were Todd Jones and Joey Chancey. Carlos Carmona and Dennis Snell were selected as alternates. Members to serve on the Courtesy Corps during the banquet were selected. They are: Mike Holt, Tamara Gilliland, Carlos Carmona, Tammy Bruton, Ricky Rasco, Jiff Vinson, Krisiy Landers, Joe Bob Newman, Steven Ethridge, and Wade King. The chapter also discussed special plans for December 8. The State FFA President, Randy Brady, will be in Muleshoe on that date to speak to the FFA members. He will speak about 1:30. The members also planned to have a skating party or a calf fry in the near future. Following the meeting, the members went into the gym and played a game of volleyball.

The Student Conservation Association, Inc. will respond to the needs which high school students have for worthwhile summer opportunities by offering over 450 volunteer conservation positions in the Student Conservation Program. Cooperating areas will include the National Park Service, the U.S. Forest Service, the Bureau of Land Management, with several state and local park and recreation systems, and with private resource management agencies like the Nature Conservancy and the Appalachian Trail Conference. The Association will begin a new program with the U.S. Fish and Wildlife Service. Programs are available

throughout the United States in such places as Yellowstone National Park in Wyoming, Acadia National Park in Maine, Grand Canyon National Park in Arizona, Great Smoky Mountains National Park in Tennessee, and Tahoe National Forest in California. With the reduction and phasing out of federal summer youth programs such as the Youth Conservation Corps and the Young Adult Conservation Corps, the Student Conservation Program remains one of the very few programs which offer young people the opportunity to gain career experience while serving the public need in conservation and

resource management. Persons who have served in the program have used the experience they have gained to further their academic interests, to increase their proficiency in backpacking and outdoor living, to explore career opportunities and to develop professional skills that help them obtain jobs. The High School Program offers group work, educational and recreational experiences of three to five weeks. Equal numbers of young men and women from all geographic areas of the United States participate in groups of 6, 10, or 12 under skilled, adult leadership. Two to four weeks are devoted to conservation work and environmental education and one week is spent hiking and exploring a wilderness area. Work projects often include such tasks as trail maintenance and construction, revegetation of over-used areas, boundary fencing and construction of bridges and shelters. The groups are usually located in isolated backcountry areas and operate out of self-contained, tent camps. There is no tuition fee to be part of the program. High School students are provided with food, supervision and group equipment. They provide their own personal equipment,

such as backpacks and sleeping bags, as well as their transportation to the area and home again. The Association does offer financial assistance to those economically disadvantaged who cannot meet the total cost of travel and personal equipment. The Student Conservation Association, Inc. is a non-profit, tax exempt, educational 501 (c)3 organization. The Student Conservation Program is an equal opportunity program. All qualified applicants will be considered for placement without regard to race, creed, color or national origin. Young men and women who are interested in the High School Program and who are between the ages of 16 and 18 should send a postcard requesting a "Program Listing" and an application to the Student Conservation Association, Inc., PO Box 550H, Charlestown, New Hampshire 03603. The telephone number is 603-826-5206. The deadline for applying for High School spring programs is February 1, while summer applications should be in the Charlestown, New Hampshire office by March 1.

### Annual Staff Gives Away Free Annuals

During the 1983 Muletrain staff's autumn annual sale, a total of 181 annuals were sold during the three week sale period. The sale was kicked off by a "Dollar Day" on Wednesday, November 10th. Everyone who purchased an annual got a dollar discount and 130 annuals were sold on that day! With every purchase the buyer was encouraged to "get in the swim of things" and guess the number of rolls of film in the fish tank in the front hall trophy case. At the end of the sale the person coming the closest without going over won a free annual (a refund). Sophomore, Terri Webb won with her guess of 89 rolls. There were actually 93 in the tank. Also, each buyer was given a numbered receipt at the time of his purchase and at the end of the sale, Tuesday, November 30, a drawing was held from the duplicate receipts and Senior, Darin Bratcher was awarded a free annual. Finally, the fourteen annual staff members competed for a free annual for the top salesman. Sharla Morrison, a

junior staff member, sold 24 annuals and won the refund. Annuals will continue to be on sale throughout the school year at \$17 for the standard annual and \$19 for the personalized book. The staff would like to congratulate the winners of the contests and encourage everyone who has not already done so to purchase a 1983 Muletrain!

There is no tuition fee to be part of the program. High School students are provided with food, supervision and group equipment. They provide their own personal equipment,

### Mullettes Win Over Farwell Steers 53-15

The JV girls had a basketball game Tuesday, November 30, against Farwell. The final score was 53-15. Coach Stapleton commented, "The girls really hustled on defense and ran the press successfully during the entire game. The freshman girls came in and did a good job relieving the JV K-K Flowers and Kristi Campbell did a good job hustling and rebounding." High Scorer for the team was Vana Pruitt with 12 points, Michelle Logsdon had 9 points, Tamara Bean and K-K Flowers both had 6 points, Kristi Campbell scored 4 points, Becky Mardis, Brenda Ellis, and Polly Harrison added 2 points, Lenora Daniels had 4 points and Tina Ruthardt had 1 point. Julie Sanders

had 5 points. The Mule's Tale Staff would like to congratulate the JV girls for their win. The Varsity girls had a game November 30, against Farwell. The final score was 58-39. Coach Brandon Commented, "Everyone played well and we hope to see a big crowd for the Anton Game on Tuesday, Dec. 7." High scorer for the game was Denise Wilson with 30 points, Sherry Ellis added 10 points, Marilyn Lewis had 8 points, Mary Norman 6 points, Keisha Johnson and Kacy Henry both had 2 points, Kelly Hamblen assisted the team with seven offensive rebounds and steals. The Mule's Tale Staff would like to congratulate the Mullettes on their win!

### NHS Meets

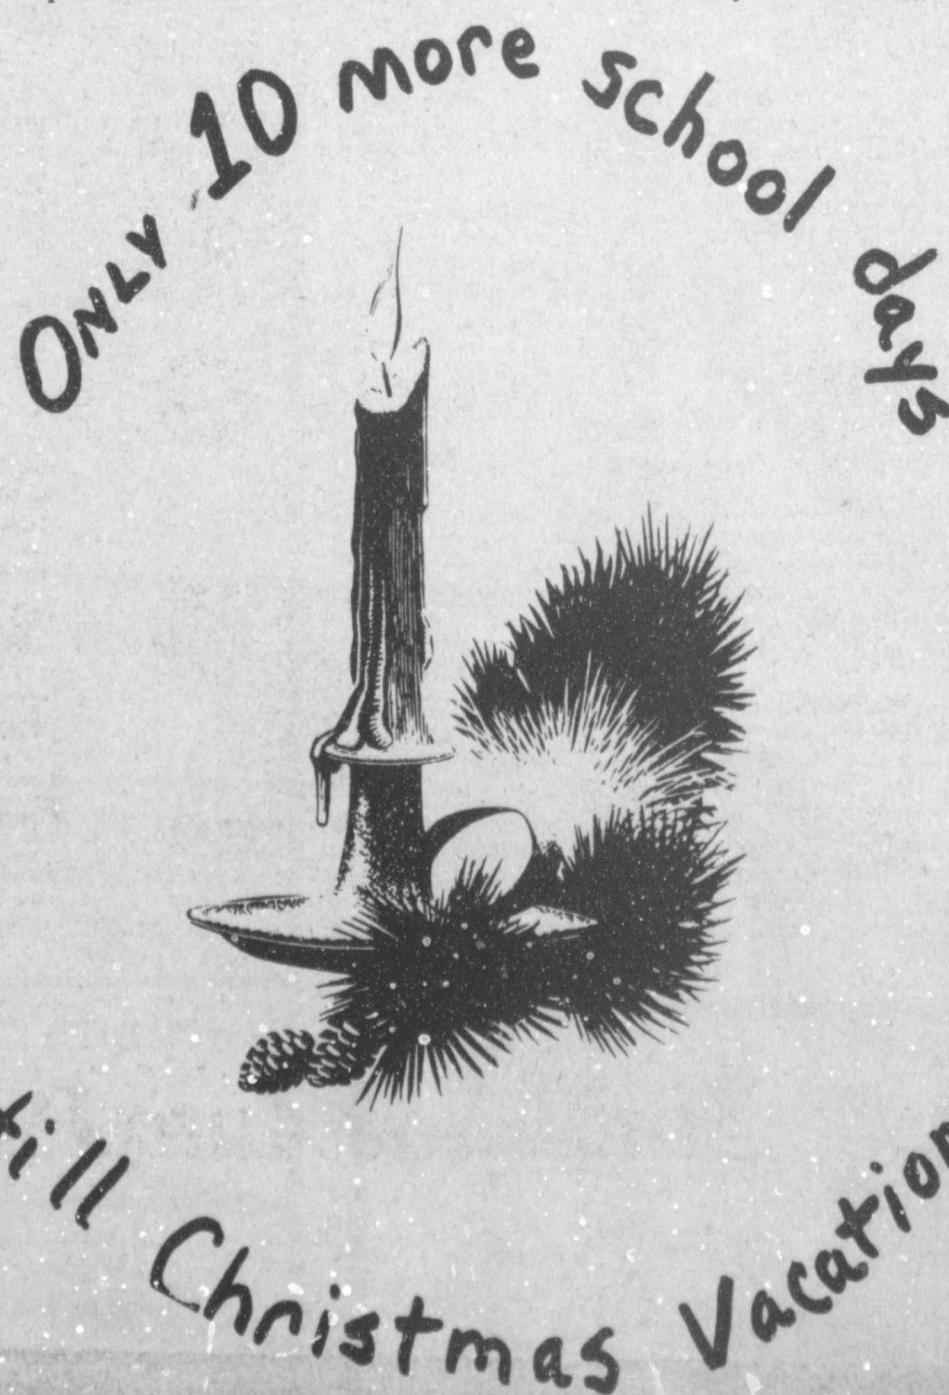

The National Honor Society met at 6:00 p.m. Wednesday, December 1, at El Hausteco. Michael Isaac called the meeting to order. Minutes were read by Rhonda Dunham. They discussed having the basketball concession stand on January 21 for the Abernathy JV and Varsity games, and on January 31 for the Abernathy Jr. High game.

### Immunizations Required NOW

Students receiving immunization notices must get their needed immunizations now. These shots are required by State Law. You may go to your own doctor (who will charge for the shots) or you may go to the State Health Dept. who will give the shots free. A parent must accompany any student under 19 years of age who goes to the Health Dept. for the shots.

### Firefighters

#### Report

By Wayne Peterson

The last business meeting of 1982 was called to order at 7:30 p.m. by President Wayne Wauson. Owen Jones read minutes of the last business meeting, they were approved as read.

Larry Rasco was voted in to be the newest member of the department. Larry and wife DeAnn live at 903 West Ave J. They have two sons, Bryan age 7 and Jason age 3. He is employed by S.P.S. at the Tolk Plant.

Fire Marshal, Owen Jones read two inspections in November, including a fire drill supervision at Head Start where 21 children were evacuated in 2 1/2 minutes.

Fire calls for November

were down to 8, 4 were made in the city one of which was a false alarm, the other 4 were rural fires. Total mileage on five units were 300 with a total of 115 man hours used.

Wayland Harris has been dismissed from West Plain Hospital after a brief admission. The department received \$40 from J.C. Gatewood after making a fire call to extinguish cotton and trailer fire.

Larry Rasco reported, there will be EMT courses in Plainview in the near future. For more information contact Larry at 272-5269.

The election of officers for 1983 was conducted. Even after a show of memory loper earlier in the meeting by forgetting the business he stood up to present Jack Durham was re-elected as Fire Chief by acclamation. Donald Harrison will serve another term as assistant Fire Chief, being elected by acclamation. J.O. Parker returns as training officer, Wayne Wauson, President, Gary Toombs Vice Secretary, Owen Jones Secretary, Tootie Middlebrooks

Treasurer and Wayne Railroaded Peterson Reporter which is why this is as is.

As we all know this is the season to be jolly and most everyone will be putting up Christmas trees and other decorations. We would like to stress some safety precautions in hopes that they may prevent accidental fires, related to this time of year. Once live pine or spruce trees should be put in water. These trees pose a fire hazard if allowed to dry out. Check all electrical wiring and lighting for bad connections, terminals, mashed or exposed wire. Wrapping paper should be disposed of soon and properly as not to invite a fire. Make sure your family has a safe and happy Merry Christmas. From the members of the department to all of you Merry Christmas and may Christ be with all.

For quick carpet stain removals, try one of the following: pre-wash commercial sprays, glass cleaner, club soda, shaving cream or toothpaste. Rub it in, let stand a few minutes then sponge off thoroughly.

### Ollie Little Services Held In Decatur

Services for Ollie Blanche Little, 80, of Decatur were held Thursday Nov. 4 in the Fundamental Baptist Church in Decatur with Dr. Wilbur Simmons officiating. Assisted by Rev. Woodrow Simpson, Rev. Ray Cobb and Rev. O.L. Barger.

Interment was in Preskitt Cemetery under the direction of Christian-Hawkins Funeral Home of Decatur. Mrs. Little died Wednesday, Nov. 3 in a Decatur hospital.

She was born March 27, 1902 in Sunset and married Alexander Little Oct. 6, 1920 in Childress. She was preceded in death by her husband, a son and daughter, Alexander, Jr. and Joy Nicholson, and a grandson Bruce Little.

Survivors include two sons, Walter B. Little of Muleshoe and Marion E. Little of Temple; two

daughters, Rose Sain of Muleshoe and Marie Rawle of Chisno; one brother, R.T. Hall of Childress; two sisters, Edna Prescott of Childress and Grace Green of Burk Burnett; 11 grandchildren; and 12 great grandchildren.

Pallbearers were grandsons, Buddy Williams, Tommy Little, Greg Little, Tim Sain, Leslie Milligan and Nolan Rowie.

#### BIBLE VERSE

"As I was with Moses, so I will be with thee; I will not fail thee, nor forsake thee."

1. To whom is this promise addressed?
2. Upon what occasion?
3. What task did he accomplish?

#### Answers to Bible Verse

1. To Joshua.
2. Upon his succession to the leadership of the children of Israel, after the death of Moses.
3. He led the Israelites over the Jordan into the Promised Land.

### LEGAL NOTICES

#### Public Notice

The city of Muleshoe will hold a public hearing on December 21, 1982 at 8:30 a.m. during a regular session of the city council of the city of Muleshoe in reference to a grant application to acquire land for a replacement airport for the city of Muleshoe. The Texas Aeronautics Commission, in an official meeting on October 19, 1982, voted to allocate \$90,000 to the city of Muleshoe to provide a maximum of 75% of the total cost of land acquisition. The general public is invited to attend this meeting of the City Council of the City of Muleshoe on December 21, 1982 at 8:30 a.m. in the Council chambers at City Hall to voice their opinion both for and against the proposed Airport Improvement Program. pub. not.-49s-1tc

#### PUBLIC NOTICE CITATION BY PUBLICATION

THE STATE OF TEXAS TO: Esperanza Nunez and Ramiro Nunez, Respondent: GREETINGS:

YOU ARE HEREBY COMMANDED to appear and answer before the Honorable 287th Judicial District Court, Bailey County, Texas at the Court-house of said County in Muleshoe, Texas, at or before 10 o'clock a.m. of the Monday next after the expiration of 20 days from the date of service of this citation, then and there to answer the petition of Texas Department of Human Resources, Petitioner, filed in said Court on the 3rd day of December, 1982 against Esperanza Nunez and Ramiro Nunez Respondent, and said suit being numbered 4904 on the docket of said Court, and entitled "In The Interest of Maria Nunez, a Child", the nature of which suit is a request to BE NAMED AS MANAGING CONSERVATOR OF SAID CHILD. Said child was born the 2nd day of August, 1965, in Chihuahua, Mexico.

The Court has authority in this suit to enter any judgment or decree in the child's interest which will be binding upon you, including the termination of the parent-child relationship and the appointment of a conservator with authority to consent to the child's adoption.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said Court at Muleshoe Texas, this 3rd day of December, 1982.

Nelda Merriott Clerk, District Court, Bailey County, Texas  
By Elaine Parker, Deputy.

## ATTEND THE CHURCH OF YOUR CHOICE

*Everything* IN ORDER

A good secretary keeps her filing all in place, and can immediately find any needed material. This requires working steadily and conscientiously. We need to be steady and apply ourselves in worshipping the Lord. "I will bless the Lord at all times; his praise shall continually be in my mouth."

There is a place for you in church. The doors are open and you are cordially invited.

*Everyone in the Church*

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
