Better Check For Names on Honor Roll

The committee in charge of the Hall County Honor Roll asks families of service men to check the list and make sure their sons, fathers, husbands and relatives are included.

The list as it has been taken from draft board records is on file at The Democrat office. Names of all persons who went through the draft board are included. Names of other men must be furnished by their families. Mrs. Jack Baldwin will be at The Democrat office Friday and Saturday to receive names for the Honor Roll.

WOMEN WORK

By INEZ BAKER

From all parts of the world letters come from our men and women in the service telling of the Red Cross. They say: "Support the Red Cross, it is our one touch with home it ; gives us comfort and cheer we can find no where else." Through the Red Cross comfort kits have been delivered to our men who are prisoners in Java, through the Red Cross has come word that many who were reported lost are alive and well; the Red Cross is instrumental in bringing men and women who are in the service home in case of sickness in the family. There is no other way by which these things may be accomplish-

Another Red Cross drive is due March 1. Why do we call it a drive? It is not necessary to beg or bring pressure to bear to secure the amount assigned to Hall County. There is no question in the mind of anyone as to what they will do. Of course we shall meet the quota. It is the very least we can do.

Red Cross production goes forward. The Turkey Auxiliary has made and returned to the work rooms 300 comfort kits and they are now being filled for ship ment. This was an important thing the Turkey women did and it is great to know that they can be depended upon at all times to do their part, and more.

The Methodist ladies of Plaska gave the material for a nice quilt which we understand was com pleted by the Plaska Needle club and brought in last week. The Salisbury Mothers' club brought in five completed afghans and Mrs. A. D. McCrory has complet ed a knitted muffler and two afghans and for sewing kits.

Several clubs are making triangular bandages and bedside bags for the hospitals, Hospital needs are great and there is no danger of overstocking with these comforts for our wounded men who have been returned to the homeland. If your club would like a copy of the things needed your reporter will be very glad to supply you. As you know many of these things may be made of scraps found around the housee or of remnants found at the stores. The cost is very slight and the good they do can not be

n't get a good argument any other way, let's take question of whether or s need overcoats. Nothncy, mind you. A nice ble ulster will do.

Furthermore, your Uncle Bob is willing to contend that every cow should be taught to carry an umbrella and I have the proof to back me up. From the Agricultural Extension Service of the University of Tennessee comes a booklet that tells how feed is wasted when a cow is exposed to winter wind, rain and snow.

According to Tennessee's Publication 100, the average 800 lb. cow uses 7 lbs, of her daily feed for body maintenance. She uses the balance of her feed for milk production. When she is exposed to the cold, she loses body heat and so she uses for body maintenance some of the feed she would otherwise use

for milk production. Of course. Tennessee isn't recommending overcoats or umbrellas but the Agricultural Extension Service is recommending good warm shelters. Write for Publication 100, University of Tennessee, Knoxville, Tenn.*

The Alabama Polytechnic Institute at Auburn, Alabama, agrees wholeheartedly on this matter of proper winter shelter. In Circular 152.* Alabama says that the increased milk production plus the manure saved will soon pay for the cost of inexpensive shelter. So, if you live anywhere north of the Gulf of Mexico you will make money by seeing to it that your cows are kept warm and comfortable.

Hold still, Bossie, while I tuck this pillow under your head.

The human animal's need for vitamins is pretty well known. Now the University of Wisconsin finds that dairy calves need vita-mins . . . that lack of vitamins is one cause of calf losses. For more on this write for booklet called "Calves Need Vitamins," Extension Service, College of Agriculture, University of Wisconsin, Madison.

Ever hear of a man working hard all week and then deliberately tearing up his pay-check? Neither have I, and yet thousands of dairy farmers do almost that same thing every week. They work hard, invest their time and money in milk production, and then lose their hard-earned pay by failing to give the milk proper protection.

If you've been having any trouble with sour or off-flavored milk, or if you want to avoid such trouble, I suggest you send for Farmer's Bulletin No. 602, U. S. Department of Agriculture, Washington, D. C. There is a 5c charge.

IF EXPERTS CAN'T WRITE AN UNDERSTANDABLE TAX LAW THEN WHAT ABOUT CONGRESS?

The inefficiency of bureaucratic control is being brought home to millions of taxpayers as they struggle with their income tax reports. Income taxpayers, a large percentage of whom are L. D. Congress may think such a state of affairs is a minor matter but sooner or later it will get its eyes opened as to the disgust felt by the American people at such absurdities. Congress would do well to question its own ability and ask itself the question of whether or not it has been asleep as to what's going on.

00000 RANDALL COUNTY SETS A PATTERN WHICH OFFERS WIDE OPPORTUNITIES

Randall County has set an example for the rest of Texas in the recent formation of a county planning board. Johnson Family Moves to Wheeler D. L. Johnson and family have

moved to Wheeler, after living in Memphis for many years.

Mr. Johnson is manager of the Wheeler Cotton Oil Mill and some gins in Wheeler County. He was superintendent of the Memphis Cotton Oil Mill here for a number of years. Since it was burned last summer, Mr. Johnson secured employment at

Wheeler. Lowery, as Mr. Johnson is familiarly known here, was Staff Poet of The Democrat. His hillbilly poetry gained him wide recognition, and many invitations to appear on the radio.
