Scrap Paper Drive is Launched, But Mr. Draper Wants a Word

Collection of scrap paper will begin Saturday, but County Salvage Chairman M. J. Draper first wants to give some pointers to those who want to help in the drive. He is arranging to store the paper at his office on the east side of the square—and wants only magazines and books, at first. Additional space must be obtained before newspapers will be gathered.

Cash Balance Of County Shows Gain During 1943

Year's Disbursements Are \$3,268 Less Than Receipts

Hall County took in \$3,268.02 more than it spent in the year 1943, the annual audit, received by the commissioners' court this week, reveals.

The county's cash balance, representing all funds, on December 31 was \$80,290.37; a year ago it was \$77,022.35. Expenditures for the year totaled \$179,807.35. Disbursements were \$176,539.33.

The audit was made by the Barton Company of Lubbock and C. A. Niemar, representative, in his report commended the county officials for the manner in which they had "looked after the public interest."

County Teachers Vote to Attend District Meet

Business Session and Entertainment Held On Tuesday Night

All school teachers of the county will attend the West Texas Conference in Amarillo on Friday, March 17, it was voted Tuesday night at a meeting of the Hall County unit of the Texas State Teachers Association. The meeting was held at the Memphis high school, when an entertainment program and social hour followed a business session.

Some 60 teachers and school officials attended the meeting. Buren Carr led the group in singing. Gloria Dell and Joy May Hoggart of Lakeview gave a duet. Other features included a Spanish dance by Memphis students; "Beautiful Dreamer," by students of Turkey and "Beautiful Texas," an accordion number by Estelline students. Mrs. Murray Dodson gave a reading.

The age limits for the WAC are now 20 to 49, inclusive.

BROWN AND GREEN STAMPS GOOD UNTIL MARCH 20

"Remaining green and brown stamps in War Ration Book III will be used as at present until they expire after March 20, 1944. They will be accepted only at their denominational values of 8, 5, 2 or 1 point," according to J. Doyle Settle of the Lubbock district office of Price Administration. This statement was to clarify any erroneous idea that ration tokens would be given as change for these stamps.

County-Wide Drive Opens For Red Cross War Quota

Boots Too Big, Pen Too Flashy, Man Goes to Jail

An intensive countywide solicitation campaign was launched Wednesday, under the direction of Chairman Tomie M. Potts, to raise Hall County's \$6,800 war service quota for the Red Cross.

Volunteer men and women workers were named for every community in the county and Red Cross officials are confident that the quota will be subscribed in a minimum of time.

"Enthusiasm for Red Cross work is at all-time high," reports Mr. Potts. "There is universal appreciation of what the Red Cross is doing for the service men and women of our country. Everyone wants to have a part in this fund—and our big task is mainly that of seeing the people."

In view of the manpower shortage and the fact that everybody is busy, Mr. Potts urges Red Cross contributors to leave their gifts with any member of the county-wide organization, all of whom are serving as volunteer workers.

The national quota of the Red Cross this year is 200 million dollars compared with 125 million last year. That means that the quota of every community has been raised.

People may leave their gifts with Mr. Potts, with E. E. Roberts, chairman of the Hall County chapter; D. L. C. Kinard, secretary-treasurer; M. J. Draper, Red Cross service officer; at the chamber of commerce or with any member of the general committee in Memphis or any community.

Women of the county are expected to take the lead in raising the fund. In Memphis, Mrs. D. S. Baker and her committee will canvass the residential district serving on her city-wide committee are Mrs. O. V. Alexander, Mrs. Dick Watson, Mrs. Mac Tarver, Mrs. W. V. Coursey and Mrs. H. E. Chillress.

The business district committee is composed of the following: C. T. Johnson, M. G. Tarver, J. H. Smith, Flayd Springer, M. J. Draper, G. M. Duren, T. E. Noel, Hollis Boren, T. H. Deaver, Roy Fultz, O. V. Alexander and Miss Ruby Hoffman.

Chairmen of the different county districts are as follows: Baylor—Burl Lyles. Brice—Mrs. W. E. Davis. Bridle Bit—Mrs. Roy E. Harlan. Buffalo Flat—Barna Plaster. Deeplake—J. C. Bevers. Eli—Mrs. Grover Moss. Estelline—Mrs. Joe Allen Ballard. Friendship—Mrs. Frank Ellis Hulver—Mrs. Roy Dick. Lakeview—B. E. Davenport. Lesley—Mrs. Dudley Adams. Newlin—Mrs. Charles Read. Man Held Here Escaped Convict

Blair's Attorney Files Appeal Plea

J. C. Steedley, in jail in Memphis since Christmas on a forgery charge, has been identified as an escaped convict from the Walla Walla, Washington, prison. The FBI assisted Sheriff Anderson in tracing the man's identity. He was serving a 20-year term in the Washington prison at the time he escaped. He was arrested in Turkey in December on a charge of passing forged checks. The local charges will be waived and Washington officials advise they will be after the prisoner is soon.

Notice of appeal was given Wednesday afternoon when Barney Blair was sentenced by Judge A. S. Moss to serve 25 years in the penitentiary for the murder of his former wife, Bessie Blair. He had been found guilty by a jury in district court late last Thursday. Jimmie Mahan, attorney for Blair, was granted 90 days in which to perfect his appeal.

Legion to Honor Dads of Service Men on March 9

A program to which the fathers of all service men in this area are invited is being arranged by the Charles R. Simmons Post of the American Legion at its regular meeting on Thursday, March 9.

Fathers of all service men are cordially invited. Fighting men home on leave and a number who have been in service but who have been discharged will make short talks on the program, which is being arranged by Commander W. C. Davis and Post Adjutant Roy Guthrie. The meeting will be at 8 o'clock at the Legion hall.

FSA Not Making Any New Loans

No additional loans new loans can be made to farmers by the Farm Security Administration this fiscal year because funds for such purposes have been exhausted, Robert C. Land, FSA supervisor in Hall County, has announced.

Congressional limitation of FSA funds for 1943-44 greatly restricted the number of initial loans which could be made, Mr. Land said. In accordance with national FSA policy, supplemental loans of farmers already cooperating with the FSA programs must be taken care of first.

Supplemental loans are being made only where the County Supervisor is convinced that such additional funds will enable the FSA family to greatly increase its food production program.

Warning Given On Dogs, Chickens Running Loose

Chief of Police Ed McCreary has given the people of Memphis "final warning" against chickens and dogs being allowed to run loose. Most people are planting Victory gardens and stray dogs and chickens can not be tolerated, he warns. There are city ordinances requiring owners to keep their penned.

Chief McCreary warns everyone that the law will be enforced.

WOMEN WORK

By INEZ BAKER

What would you give to be able to stand by your soldier boy when he is lonely or ill? You can't, but the Red Cross can.

As has been the custom in the past, the women of Memphis will assist in the Red Cross campaign by canvassing the residential district. The following women will serve as chairmen of their district: Mrs. O. V. Alexander, the district bounded by the railroad on the east, Main street on the north and 9th street on the west; Mrs. Dick Watson the district bounded by 9th street on the east and Main street on the north; Mrs. Mac Tarver the district bounded by Main street on the south and 10th street on the east; Mrs. W. V. Coursey the district bounded by 10th street on the west, Main street on the south and the railroad on the east.

Mrs. H. E. Childress will serve as chairman of all the district lying east of the railroad. A receptacle will also be placed in the H. E. Childress Grocery and gifts may be placed there. No doubt some travelers passing through will be glad of the opportunity.

Each of these chairmen will have a corps of women to assist them. The women of these committees will call at every house in the city, so have your gift ready. Or better still, do not wait for the call, but bring your gift to the chairman of your district. If the housewife will see to it that her house is 100 per cent, the quota which is \$6,800 for the county, will soon be met. Every man, woman and child will want to have a part in this, the work now ready for our hands.

NATURAL

Gas Service HAS NOT

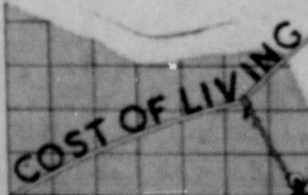

CONTRIBUTED TO THE INCREASED COST OF LIVING!

War brings a growing drain on our pocketbooks. In spite of attempts to control them, prices are still above normal.

In dependable United Gas Service, your purse has a good friend—it costs less now than ever before, and natural gas remains at the same high standard of quality as before the war. United Gas Service has NOT contributed to the increased cost of living.

The Bureau of Labor Statistics in Washington reports that living costs as of November 15, 1943, are up more than 24 per cent as compared with the average of the period 1935-39. The cost of United Gas Service over the same period has been substantially reduced.

**THE RED CROSS
IS AT HIS SIDE AND
THE RED CROSS IS YOU**

YOUR RED CROSS IS AT HIS SIDE EVERY SECOND!

And it can actually be Your Red Cross for as many seconds as you care to provide it!

THINK WHAT THAT MEANS!

The American Red Cross provides blood-plasma to the wounded on every battlefield . . . night and day. The Red Cross cares for him in the prison camps. It maintains his contacts with the folks at home; writes and mails his letters, delivers yours. It comforts and restores confidence to the permanently disabled. When your American Boy comes in weary and worn from battle, the Red Cross provides rest, entertainment, food and comfort.

The Red Cross will be found on the job day and night in the Frozen North, in stinking jungle, on the bloody fields of Europe, on the desert, in the heart of countries where white men seldom go, and on the lonely islands of the seven seas.

And wherever disaster strikes—flood, fire, storm, famine or in any other form—the American Red Cross is there to relieve

suffering, to foil death, to renew hope.

These 68 services of the Red Cross are on duty ALL THE TIME—every second of day or night—all over the world.

And YOU can be the sole sponsor—YOU CAN PROVIDE ALL 68 OF THESE SERVICES, in every part of the whole world—for one second; two or three seconds; for one minute, or for one hour.

YOU can keep the Red Cross at his side! For one brief moment, at least, it is truly YOUR RED CROSS. How can this be true? Because the TOTAL EXPENSE of every item of Red Cross Services is \$7.00 per second. This includes EVERYTHING—materials, supplies, transportation, distribution and even the salaries of paid employees. So, for every \$7.00 you subscribe you actually PROVIDE EVERY SERVICE of THE RED CROSS IN EVERY PART OF THE WORLD for one second.

How many seconds of Red Cross service will you provide? For how many seconds can you say: "At this moment I AM THE RED CROSS; I am at every man's side no matter where he may be."

Miss Sybil Gurley Announces for County Clerk

Has Lived Here for 22 Years, and Has Wide Experience

Miss Sybil Gurley has authorized The Democrat to make the announcement that she is a candidate for the office of County Clerk of Hall County, subject to the Democratic primary.

Miss Gurley has lived in Hall County for 22 years.

In her announcement she says: "I have had a wide and varied

experience in general office work, much of which time was with two major oil companies. I also have had experience in the county clerk's office. I feel that I am well qualified for the office and earnestly solicit the support of all voters. I desire to thank all of those who voted for me two years ago and to ask their support this year. I will personally call upon all the voters possible between now and election and if elected, promise a courteous and efficient administration of the affairs of the office."

THE RED CROSS—A BEACON OF HOPE; ASK THE MAN WHO HAS BEEN IN BATTLE

Hall County's quota for the Red Cross is now being sub-
 scribed. All of us know of the part the Red Cross is playing
 in the lives of our fighting forces. No "pressure" tactics should
 be necessary in the raising of our quota.

The American Red Cross stands out like a beacon of hope
 in a world clouded by darkness. In every city, town and village
 American homes have been touched with sorrow. There are
 blue stars in nearly every home; many homes with two, three
 or more. Some member of the family is off to war. He may
 be in a camp preparing for battle, or overseas on some beach-
 head. He may be a casualty in an evacuation or base hospital,
 or he may be a prisoner of war.

Is there a soldier's mother who does not pray for an oppor-
 tunity to be at her boy's side to advise him, cheer him, comfort
 him, or with her tender hands smooth his furrowed brow? For
 these anxious mothers there is a source of great comfort in the
 thought that though they cannot go to him, the Red Cross can.
 Red Cross work overseas is mother's work—in other hands.

The American Red Cross goes to every service man where-
 ever he may be on duty, for its long arm of mercy embraces
 the globe. With it go the affection, sympathy and help of the
 American people to all those in the Army and Navy who are
 bearing for us the real burdens of this war.

But, in our opinion the Red Cross needs no "sales" cam-
 paign. Ask any service man what it means to him. The im-
 portant thing to do is to make that contribution now; don't wait
 to be solicited. The people who are raising the fund are busy,
 too.

THE DRAFT IS BEGINNING TO SCRAPE THE BOTTOM OF THE BARREL

That the manpower problem will steadily become more
 critical is evidenced by the radical changes being made in Se-
 lective Service policies. Men up to 45 are being re-classified,
 more fathers are monthly being sent into the armed services,
 farmers, and 4-F registrants are being re-classified—and yet the

draft boards of the nation are not meeting the demands of the
 armed forces.

There is a strong opinion that the Army and Navy quotas
 are unnecessarily high, and many persons also believe that
 there is a danger of stripping manpower to the point where
 production on the home front, particularly in agriculture, may
 face a breakdown. Nevertheless, the Army and Navy have set
 a goal of 11,300,000 men in uniform by July 1—and the Se-
 lective Service has no alternative except to make an effort to
 furnish the men.

No person can say definitely how many men will be need-
 ed to win the war and none of us can say how long the war will
 last. Our leaders in the armed forces and in congress unques-
 tionably think they are right. The overall picture which con-
 fronts Hall County just as it confronts the nation, is that all
 able-bodied men up to 45 and not in highly essential work, may
 find themselves in uniform by mid-summer. The one disap-
 pointing factor in the manpower and draft situation is the fail-
 ure of women to enlist in the armed services, thus releasing men
 for combat.

FIGHT OVER TAX BILL THREATENS THE FUTURE PEACE OF THE WORLD

The new tax bill, slightly in excess of two billion dollars
 and a mere drop in the bucket in our appropriations for the
 war, made history in the halls of Congress. New taxes affect-
 ing all of us have been imposed; we can pay these, and more
 too. The new levies within themselves are not of major con-
 sequence. We'll pay 3 cents instead of 2 on in-town letters, 8
 cents instead of 6 for airmail, higher taxes on luxury items, and
 numerous other charges which will be absorbed in a "painless"
 manner.

The important consequences of the tax fight was the crit-
 ical situation it provoked in Congress, the open break between
 the lawmakers and the President. It endangers the future
 peace of the world in that opponents to any post-war plan for
 peace with the backing of an international police force, may gain
 the upperhand over President Roosevelt. There are members
 of Congress who hate Mr. Roosevelt with such force that they
 will vote against any peace treaty he submits, regardless of its
 merits. The insurrection in congress is so violent that it may
 affect a change in administration this Fall; in fact, it may split
 the Democratic party and lead to a three-way, bitter contest—
 which, to say the least, can do the war effort no good, either
 at home or abroad. It is a time which demands cool heads and
 clear thinking both in Congress and in the executive branch
 of our government. A stab in the back is a stab in the back,
 whether at Pearl Harbor or on Pennsylvania Avenue—and the
 American people must suffer.

Press Paragraphs

SELECTED FROM THE
 DEMOCRAT'S EXCHANGE

The government has appealed the case of paying for land on
 which Pantex is built. Two years
 ago farmers were ousted from
 their homes with only a few days'
 notice. Up to this good moment
 these land owners have never re-
 ceived a cent for their land. The
 total amount involved is only a
 few hundred thousand dollars.
 This money means much to these
 farmers, any of whom have not
 been able to relocate themselves
 when their life savings were tied
 up without warning. Every citi-
 zen with a thimbleful of sense
 knows that the government is
 squandering millions of dollars
 in many enterprises which are of
 questionable value to the war.
 Yet these land owners must wait
 for further court procedure sim-
 ply to satisfy the whims of the
 Justice Department. People lost
 confidence in their government
 when the government fails to be
 honest with the people. In the
 case of Pantex, there certainly
 smacks an element of down-right
 dishonesty on the part of those
 charged with the responsibility
 of paying a reasonable price for
 property from which the owners
 were evicted without their con-
 sent.—Canyon News.

We've received several tele-
 phone calls from housewives who
 were worried about the 5-pound
 canning sugar ration recently al-
 lowed by OPA. The ladies seem
 to think that five pounds would
 not go far, but they should be
 reassured by the OPA announce-
 ment received this week that this
 is not the total allowance for the
 1944 season. Quoting from the
 announcement: "At present it is
 contemplated that the maximum
 allowance will be 25 pounds . . .
 with the remaining 20 pounds to
 be obtainable by application at
 the local War Price and Ration
 Board."—Hereford Brand.

Lack of competition in many
 of the races as of late February
 indicates a tame election and gen-
 eral lack of interest in many pre-
 cincts of Floyd county, unless
 there is a radical change in the
 state of mind of the people. What
 we mean by radical change is
 that there must be more people
 decide to run for office. Appar-
 ently everybody is all set to do
 some voting and they have to have
 somebody to vote against. Peculi-
 arity about folks that way.
 They like to help their friends.
 But they like to vote against
 somebody.—Floyd County Hes-
 perian.

Dairy Subsidies Are Announced

County offices are authorized
 to approve applications for dairy
 feed payments covering January,
 1944 production and sales may
 be approved if filed not later
 than March 31, 1944. An appli-
 cation for 1943 October, Novem-
 ber and December production
 filed later than Feb. 29, or an
 application for January produc-
 tion filed later than March 31,
 may be approved for payment
 ONLY if the county committee
 determines that the producer
 filing such application has not been
 negligent or that the delay in
 filing the application was due to a
 cause beyond the control of the
 producer, and the State Commit-

tee approves payment of such ap-
 plication.
 Delayed applications must be
 submitted to the State Commit-
 tee with a signed statement and
 valid reasons for the delay. It
 is urged that all persons eligible
 for subsidies get in their applica-
 tions before the closing dates in
 order to eliminate delays in re-
 ceiving payment.

been now as I haven't been where I could write you much. We took a load of soldiers to New Caledonia, then to New Zealand. That sure is a pretty place to see, but the people are quite different to us. From there we took second D. of Marines and made the invasion of Tarawa. That was the greatest battle in the history of this war.

We spent Christmas in Pearl Harbor and New Year's too. Then we made the invasion of the Marshalls. Boy those Japs there were dead in no time at all, hardly. Our battle ships, destroyers and cruisers shelled the beach for two days, then the army went in and took it over.

I had a chance to go in and look around. Well mother, I just wish the people there could see what I saw there. Then maybe, they would stop and think twice before they think the war is over. No, this war is not over yet. But by the help of our good old States, our home land people back the boys, both with supplies and good prayers from one's heart, we will get the job done. Don't think we won't.

Well, mother, I got those two home papers you sent me while I was at sea and oh boy, did I enjoy reading about my home town friends. I saw where Douglas Lawrence got married.

Mother, I have also received a very nice letter from Rev. Jeff M. Moore, the pastor of the First Baptist church. Was sure glad to hear from him and hope to correspond with him regularly.

Suppose brother Arlis is in the Navy by now or did he pass his examination? He better write me when he gets settled.

Well, mother, as you may put this in the paper there, I want to speak to my friends. Hello, Hollis, how is your show business now? Yes, I hear that Uncle Sam got your best man, only wish I could run your show again for you. Well, maybe some day. Please write sometimes.

Mother, kiss that little sweet sister of mine and baby grother Jessie Ray; take care of them and yourself and dear old daddy. Well brother, with L. J. and Arlis and myself in the Navy, now you and Shirley Ann will have to take care of mother and daddy and our dear Grannie while we are away. So do a good job of it, till we come home and just keep the letters rolling, as letters from home mean as much as the ammunition for our guns.

Bye-bye, till next time. Your brother, your son, and your friend, Charles D. McBee, S 2-C

Sgt. Paul V. (Tommy) Wood, serving with the army engineers in England, writes the following letter to a Memphis friend:

England, Feb. 16, 1944
Dear C. C.: I was really glad to hear from you and if I failed to answer any letters it was purely an oversight on my part. I am doing all right. Have put on a little weight about 30 pounds since I've been in the army. I've had a good case of the flu and laryngitis since I've been here. Lost my voice completely for a couple of days and haven't fully recovered it yet. I feel fine though and am okay now.

They seem to be getting everyone there now for the service. You had better be careful or you'll be in the army again. I'm glad that the folks still ask about me. I'd hate to be forgotten by them. It makes you feel better to know that someone wants to know how you're getting along.

I'm seeing things over here that I never expected to see. I'll have a lot to talk about when I get home. The historical spots are all they say they are and I'm seeing as many of them as possible.

I have just returned from a few days furlough and I stopped at a town to have supper at the Red Cross before returning to camp and saw one of the best things you can imagine—someone from home. It was Leo Thompson (Glynn Thompson's boy). I surely was glad to see him. He's the first person I've met in the army from home. He has put on some weight and really looks good. Says he'd like to be back home, though, in the good old home town. Said to give everybody his regards.

Mr. Wells seems to be trying to replace men with machinery now. I'd like to be back there worrying if it would be a tight four or a loose eight pages. Maybe it

won't be too long before that wish can be realized. I think that I have found the tops in something or other. While I was on my furlough I went into a barber shop (gentlemen's hair-dresser) for a shave. The barber had a very distinct Limey accent and he also had a hare-lip. Boy, that is the combination I never expected to run across. It was the funniest thing I've seen and heard over here.

Well, Dodson, I hope you and your family are all well and doing all right. Give everyone my regards. Yours, TOMMY.

P. S.—I'll be awfully glad to get back where the stores have lights on at night and you don't worry about air raid sirens or night bombings.

The following letter is from Pvt. George Armstrong with the Army Air Forces somewhere in New Guinea, to his parents, Mr. and Mrs. F. M. Armstrong.

Somewhere in New Guinea, Feb. 12, 1944
Dear Mother: How does this find you? Fine, I hope. I received a letter from you today. Sure was proud to hear from you and to find everyone well and feeling fine. This leaves me O. K.

Mother, in your letter you said you haven't heard from me since December 29. Well, I think I will write every two or three days but maybe I don't. Over here mother, a guy can't write every day because there is not a thing much you can say, but hello and good bye. I mean so, so long, hahaha.

I sure hope you had a good lunch today. We had cornwille and squash and if you have never seen cornwille, here is hoping you never see it for it is really rough, and for dinner, chili sauce, pork and beans, and the sauce is so thin you can strain it, but outside of that, nothing to complain about. Except my tent leaks, if I ever get back to the States and live in a house that leaks, I will burn it down to the ground.

You should be here and listen to the argument. The guys are arguing what time it is. One guy says it is a quarter till nine and the other guys say it's ten o'clock and there isn't another watch in miles, so I guess it is nine thirty.

Well, other, I have got to lose so answer real soon with a real long letter and by the way, can you by any chance subscribe for me the paper. It would really help out over here. Tell my little sis and daddy, brother said heddo, and to be good. Your loving son, GEORGE.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

YOUR COUNTRY GIVES YOU A PRESCRIPTION

Keep Well!

Your Country means it, too, when it says that sound health has become a patriotic duty—the first contribution of a citizen who seeks to further the program of national preparedness. That's logical, isn't it? No nation, ailing and low-spirited ever put up an effective defense. What we need now is energy and optimism resulting from sound health and physical fitness. So, may we suggest that you go and see your Doctor without further delay. And, of course, we are well prepared to expertly compound his prescriptions.
