Frank Gable Killed South Pacific

FRANK GABLE

Another Hall County man has made the supreme sacrifice for his country.

He was 41-year-old Frank H. Gable, son of Mr. and Mrs. J. E. Gable, of Memphis, a member of the Navy SeaBees, and who went overseas last December because he volunteered.

Notice from the War Department that he had died in the performance of duty on March 24 was received by his parents last Saturday. They had a letter a week before which was written from New Guinea and it is presumed that he was killed while stationed at a New Guinea post.

The telegram read:

The Navy department deeply regrets to inform you of the death of your son Frank Hobson Gable, N.R., on 24 March 1944 while in the performance of his duty and in the service of his country. No information available at present regarding disposition of remains but by reason of existing conditions burial in locality where occurred highly probable. When further details are received you will be promptly notified. The navy department extends to you its sincerest sympathy in your great loss.

Gable enlisted at Dos Palos, Calif., about 15 months ago. He was manager of a cotton gin there. He was reared in Hall County and graduated from Memphis High School and Texas A. & M. College. Before moving to California he was book-keeper of a gin at Eli and at Lodge for two years.

He was unmarried and is survived by his parents, three brothers and five sisters, who are: Julius Gable, Mrs. Edith Ellerd and Mrs. Violet Townsend of Memphis; Weldon Gable of Amarillo; Kelly Gable, U. S. Army; Mrs. L. V. Robinson, Dos Palos, Calif.; Mrs. Martha Jow, San Francisco and Mrs. Sylvia Moore of Los Angeles, Calif.

State Contract On Road Topping Set for April 20

Contract will be let by the state highway department on April 20 for a seal coat topping of the road east from Memphis to the Collingsworth County line. Various similar road improvement contracts in adjoining counties are scheduled to be awarded at that time.

This Egg Business is in a Scramble—

IF YOU CAN'T EAT 'EM—CAN 'EM, IT'S A RACE AGAINST HOT WEATHER

Whether you like 'em hard-boiled or soft; turned over easy or brought to you as Adam and Eve on a raft eyes open, you are being urged, coaxed, directed, beseeched, coerced and virtually commanded to eat more eggs.

The War Food Administration, the War Production Board, the Commodity Credit Corporation in fact every agency from the inter-allied high command to the Hall County AAA, and every public official having anything to do with the farm program, from Pappy O'Daniel to the county attorney elect—they all say it's gotta be done.

This egg business is all in a scramble. Prices are down; production is up. Crates are short. Storage space is overflowing. Hot weather is here. A weak market doesn't necessarily mean weak eggs. Food Czar Marvin Jones has proclaimed in a communique. W. R. Houser, county agent, confirms the rumor.

So, it's up to everybody to do something about the situation, or else. It's so serious that some say a big stink may arise. We don't want an investigation, do we?

Our quotas have been set. The time is now—and short. Hot weather and laying hens wait on no man—or woman—or child and some children don't like eggs. For them the camouflage section is on the job. Put more of them into cakes, pies, custards, root-beer, ice cream, and castor oil.

REV. J. H. HAMBLEN

Abilene Pastor To Occupy Pulpit In Local Church

Revival Services at Methodist Church To Begin Sunday

Revival services will begin Sunday at the First Methodist Church, with the Rev. J. H. Hamblen, pastor of the First Methodist church of Abilene, filling the pulpit. Services will continue through the week.

In line with a new trend in evangelistic work adopted at a recent meeting of Methodist pastors in Dallas, Rev. E. L. Yeats, pastor of the Memphis church, is conducting a "home call" pre-revival campaign for the church this week.

Pastors from five nearby Methodist churches are assisting him in this work. The plans is for one pastor and a layman to make personal calls upon people in their homes and discuss with them the matter of church affiliation. The plan was tried in March in Paducah, when Rev. Yeats was one of the visiting pastors, and was declared highly successful.

Pastors who are assisting him here today and Friday are Rev. J. H. Crawford of Chillicothe, Rev. R. S. Watkins of Crowell, Rev. J. W. Hawkins of Estelline, Rev. John Crow of Paducah and Rev. O. W. Carter of Childress.

FIVE YOUTHS REGISTER

Five Hall County youths became 18 during March and registered for military service. They were Johnny Albert Totty, Tollie Junior Shubert, Aubrey Ray Leamer, W. M. Jones and Elihu Elwyn Pate.

Teaching Staff Re-elected for Coming Term

Only One Resignation Comes Before Board For Consideration

At a regular meeting of the Board of Trustees of the Memphis Independent School District Monday night, teachers were elected for the 1944-45 school year.

Buren Carr was re-elected as high school principal; W. S. Lyon, principal of Junior High, and Mrs. H. B. Estes, principal of West Ward.

The following high school teachers were re-elected: Robert F. Devin, Wesley A. Foster, Ira L. Hammond, Mrs. Juanita Montgomery, Pauline Travis, Mrs. Ozline M. Ward, and Audrey Boggs.

The following were re-elected to teach in Junior High: Mrs. Buren Carr, Mrs. Mattie Compton, Mrs. Verna DeBerry, Mrs. Minnie Hall, Mrs. Norma Hunt.

West Ward teachers re-elected are: Miss Grace Ezell, Mrs. Harriet Kimberlin, Carrie Bell Lee, Esta McElrath, Mrs. Ollie G. Foxhall and Mrs. Ollie B. Lee.

The following were re-elected as substitutes: Mrs. Ernest Johnson, Mrs. Pansy A. Srygley, Mr. W. D. McCool, Mrs. Troy Broome, Mrs. Clarence Stroehle, Mrs. Myrtle Chiles Roland.

Miss Erma Lee Wylie, home-making teacher, resigned. Her resignation will take effect on June 1.

Jean Dickson was re-elected as principal of the Colored school, and Frances Kuykendall was re-elected elementary teacher.

The School Board expressed a deep appreciation to Supt. W. C. Davis for his efforts in maintaining an excellent school program in spite of normal conditions.

Mr. Davis stated to the School Board that it was through the co-operative attitude and the efficient manner in which the teachers carried on the school program that he standards of the school were maintained. He expressed a feeling of gratitude to the teachers for their spirit of service.

Local Farmers May Buy Grain Storage Bins

Government-owned grain bins in various Panhandle counties are now being offered for sale to high bidders. There are no bins in Hall County, but local farmers may buy them in Briscoe and Armstrong counties, according to an announcement from the Agriculture Adjustment Administration.

Bids must be received by the AAA committee chairman by 2 P. M. on Monday, April 17. The bins are owned by the Commodity Credit Corporation.

Some of the bins are erected and some unerected but all are complete. They are in various sizes and the minimum prices set by the CCC vary from \$150 to \$350. The list price on a bin of 1,610-bushel capacity is \$160 unerected; \$181, erected, and \$200, painted.

A price of \$285, unerected and \$321, erected, is listed on bins of 2,820 bushel capacity. Bid blanks may be obtained from the county AAA offices.

Memphis Man and Sons Injured as Car Hits Wagon

C. A. McElroy of Memphis and his two small sons, Jerry Lynn, 3 and Larrie Hardie, 7, suffered bruises and minor cuts when their car, crashed into a wagon loaded with bundle feed on Highway 287 west of Childress, last Thursday afternoon. They were given emergency treatment and released from a Childress hospital. The wagon was being pulled by a tractor and Homer Neill, driver of the tractor, was confined to the hospital for several days. The car was badly damaged and the wagon was wrecked.

H. C. Preslar, Childress business man, railroader and civic leader, who has announced his candidacy for the State Legislature from the 121st district comprised of Hall, Childress, Motley and Cottle Counties. His formal announcement will be published in next week's Democrat.

C. Land Offers for County Attorney

Former Member of Legislature Cites Record to Voters

C. Land authorized The Democrat this week to announce his candidacy for the office of county attorney.

Mr. Land, who has resided in Memphis practically all his life, is a former member of the Texas legislature, having served two terms, 1927 to 1931. He also has served one term as county attorney.

In his formal statement, Mr. Land declared:

"I am asking the voters of Hall County to elect me to the office of County Attorney, feeling that I am well qualified in every way to give an efficient and proper administration of the office. I promise enforcement of the law in an impartial and dignified manner and earnestly solicit the support and influence of all voters. I shall see, as many of the voters personally, as conditions will permit, between now and the July primary."

61 ATTEND S. I. BYARS' BIRTHDAY CELEBRATION

Sixty-one relatives of S. I. Byars met in Memphis on Easter Sunday to attend a birthday party in his honor. Mr. Byars, who lives at Lesley, was 85 years old on Tuesday. The party was held at Memphis Park.

Among out-of-town relatives were sons Luther and S. J. of Glenrose, a grandson, Lloyd, of Amarillo and a daughter, Mrs. T. B. Berry of Pampa. Mr. Byars is a retired cotton buyer.

Mrs. Jim Gilbert of Hugo, Ok., left Wednesday for home after a visit here with her parents, Mr. and Mrs. J. B. Wrenn.

CARELESS USE OF TIRES, GASOLINE MUST STOP IF CARS ARE TO BE KEPT IN OPERATION, C. L. SLOAN WARNS

C. L. Sloan, chairman of the Hall County War Price and Rationing Board, has labeled rumors and ideas that the tire shortage is about over just "wishful thinking."

The tire panel of the board is doing its best to supply the needs of the people, but it is not always possible to do so. There are always more applications for tires than there are quota available, Sloan stated. The board's responsibility is to make the tires go as far as they will and put them to the most essential use.

Public cooperation in taking better care of tires can add thousands of extra miles to the life of the tires now in use. Failure to recap tires and running tires beyond the recapping stage is considered an abuse, and regulations make the owner ineligible for a new tire if there is evidence of improper care of tires.

"When your present tires are gone, there probably won't be any replacements available unless

Order is Given to Stop Older Men, Then Cancelled

On Tuesday the draft board was instructed to stop induction of all men 26 years of age and older, but on Wednesday it received instructions to disregard the order.

Consequently, the status of men in the older group is unknown pending further instructions from Gen. J. Watt Page, state selective service director.

In the meantime orders of last week that all men under 26 be given physical examination preparatory to induction are being carried out.

All men under 26 who are physically fit are to be inducted into the armed services immediately regardless of previous classification or deferment status, excepting three classifications. These include men in the merchant marine, the transport command and registrants who have a deferment stamp from the state board.

Draft boards have been notified that there are to be no further calls for men in 4F or men for limited service.

February and March quota deficiencies have been cancelled and the local board's slate is "now clean", the state director advises.

The order to suspend induction of men over 26 was interpreted as meaning that they would not be called until the younger men were taken, but Wednesday's order to disregard the previous instructions leaves the board in the dark as to what to expect. Two small groups from Hall County were to be sent for induction on April 20 and 22.

Guard Company Seeks Recruits

A recruiting drive to bring the company up to full strength was launched Tuesday night at the regular weekly meeting of Company D, 141st Battalion, with Lt. Robert Devin in charge. Chili, doughnuts and coffee were served to members and visitors.

Lieut. Devin and other speakers outlined the advantages of the state guard and the training benefits it offers all eligible men. New equipment, including rifles and summer uniforms, is now available, the adjutant general's department has advised the local company.

County Will Pay To Library Fund

County commissioners have voted to pay \$20 monthly toward the operation of the Carnegie Library, with the understanding that families from the rural sections have the same opportunities for using the library as do the citizens of Memphis.

Voters to Select County Attorney

County Commissioners in meeting Monday decided to let the voters name a county attorney to fill the unexpired term of Allen C. Grundy.

Scheduled to make an appointment, the commissioners agreed they would take no action until after the primary on July 22, when they will name the nominee to serve the rest of the year.

W. J. Bragg and C. Land had filed applications for the post with the county court.

Honor Roll Awaits Good Sign Painter

Erection of the Honor Roll of Hall County service men and women is being delayed because of a shortage of sign painters, reports Mack Wilson, chairman of a Rotary and Lions club committee in charge.

The committee has had correspondence with several different sign companies, which have made appointments for their representatives to come to Memphis, but rush of business has kept them away.

"We are in contact with other rush of business has kept them away," said Mr. Wilson, "and we will let a contract for the work as soon as we can reach an agreement with some competent and responsible firm."

Ample funds are in the bank for the painting of the Honor Roll, which will include some 1,500 names.

Serving on the committee with Mr. Wilson are E. E. Roberts, Dean Morgensen, H. B. Estes, J. C. Ross and Ralph Howe.

Women Needed To Help Fold RC Dressings

A call to the women of Memphis to help fold surgical dressings for the Red Cross has been sounded by Mrs. W. C. Davis, in charge of this phase of Red Cross production.

The Hall County chapter has received its new quota of 16,200 dressings, for April. The work room is open daily and on Tuesday and Thursday nights.

NAZARENE SERVICES DURING NEXT WEEK

Rev. Herbert Land of Fort Worth will conduct services nightly at 8:30 o'clock at the Nazarene Church, beginning Tuesday April 18, and lasting through April 30.

MISS VENA BURT HAS POEM IN NEW BOOK

Miss Vena Molloy Burt of Lakeview is one of the authors whose work is published in "The Spirit of the Free", a 600-page book of poems and lyrics just published by the Haven Press of New York City.

Schools to Take An Hour Earlier

School bells now ring at 9 o'clock instead of 10 in Memphis, the trustees having voted at their meeting Monday night to set the time up an hour. Classes are dismissed at 3:30 in the afternoon.

ATTENDS MEETING

Ralph Howe left Tuesday for Houston to attend a meeting of the secretary-treasurers of the Texas Production Credit Association.

NEWS about boys in the Service

Pfc. William T. A. Daniell, with the Marines in the Southwest Pacific, writes an interesting letter to his parents, Mr. and Mrs. W. M. Daniell.

Dear Mother, Daddy and Girls: How does this find you—fine, I hope? As for myself, I am doing just fine. Well, I got eight letters from you today and sure was glad to hear from you.

Daddy, I have fought through three battles, and boy, it wasn't funny, either. Those Japs had me and my boy friend penned down in a fox hole for about one hour and a half. We would never have gotten out if it hadn't been for some more Marines getting us out. I killed one Jap and got \$150 off of him. Daddy, it isn't funny seeing your Buddies falling dead all around you, and all

MERIT FEEDS ARE FIRST CHOICE IN HALL COUNTY

EVER notice how many folks around here use MERIT FEED? Seems like almost everyone you talk to is a MERIT booster. That's because MERIT FEEDS have produced such outstanding results over a period of many years.

But a "first choice" feed isn't the only thing we have to offer our customers. We want to help you in other ways. For instance, we're always glad to make suggestions on how you can produce more meat and milk, more eggs and poultry. So do as other experienced feeders are doing... make your feed headquarters...

you are doing is wondering if you are going to stop the next bullet. I thought my time was coming, but I made it through. I may not be so lucky next time, but all I can do is to fight and pray. The Marines don't believe in running back. We just walk right into them. If we make it we are lucky, and if we get bumped off, it is tough.

I will tell you where we were fighting; it was on the Marshall Islands. The fighting was tough, but we took the Marshalls. After we took the last island, and the fighting was about all over, a pal that I went through boot camp with and I were walking around on the island looking for souvenirs and he crawled in a hole where a dead Jap was. He found a little box and as he was coming out of the hole that box exploded and blew him about 30 feet off the ground. The biggest piece we could find of him was his left hand. So that is where I quit hunting souvenirs. Moher, you look on my group picture and you will see him. He is the one on the left.

No, it isn't a very good thing to see. A person who has never been in action thinks it is funny. But when they get in it and the bullets start to flying over their heads and their buddies start to falling dead all around with their heads, arms or legs shot off, and some shot half in two, and thinking that he is going to stop the next bullet, he doesn't think it so funny.

Well, Mother, it is awful and I know what it is, for I have been through it. There is a lot more I could tell you, but I won't, for I just don't like to talk about it very much.

Mother, you tell all the mothers back home who have boys in the service, especially overseas to start praying if they want the fellow feel better to shoot the that you and Daddy are praying for me. I could hear you and Daddy say, "Lord take care of our boy where ever he is and bring him back home to us". I

am coming back some day, so you all just keep on praying and I will be back. It is about bedtime, so kiss the girls for me. Tell Curtis and Mary hello for me. Kiss their baby for me. Good night and God bless you all WILLIAM.

Gene Robertson, former employee of The Democrat, now at San Diego, writes: Dear Mr. Wells and Office Crew:

This is to let you know of a change of address. Make that second slug read S. R. U. I really enjoy reading the paper.

The Navy is fine, but some times I get in the dumps and then I sure wish I were back on the job there in Memphis. I am waiting for torpedo school. Seems to be what the Navy wants me to have. I think class starts about the 10th of April. Until class does start, I'm stationed here in the mess halls; a swab-jockey and a dishwasher, and when you feed as many men as we do, those dishes get piled up plenty high.

We have a company of Marines here on the base. They are really swell guys. We like to argue with them. Just yesterday, we got a bunch together and had a wonderful hull session. I almost missed chow. It really makes a boys to come back home. I know bull for an hour or two.

Last night I was talking with a Seaman guard, and he became so interested talking about women that he kept me there half of the night. The guys here, are in a nervous strain and when they get a chance to blow it out, it really makes them feel good, and they forget about being homesick and change their attitude about the Navy. It's the same way, I imagine, with the guys who are doing the fighting right now.

What part I have seen of the Navy is swell and I like it. It will be even better when I get to sea.

Your Printer's Devil, GENE.

Here is an interesting letter from Cpl. Henry B. Newman to his parents, Mr. and Mrs. Henry Newman, from somewhere in the Pacific:

My Dearest Mother and Dad:

Greetings to you, my Dears, and I hope that you will forgive me for not writing in such a long time — honestly, circumstances have not permitted. Five days ago, on the 14th, I began a V-mail to you, but I had to close rather abruptly and it was never finished. We were moved up as our lines advanced, so we have led the "fox-hole" life entirely since our departure from the first camp. The lights out at dusk, no noise, has been the perfect action until tonight—too, we slept with one hand on a .30 calibre equalizer and the other on a nice juicy knif.

By "until tonight", I mean that we, about twenty of us, are spending the night back at our first camp. Actually, it seems like paradise to have lights and stay up as late as we wish. There is still no beer, no movies, no women folks, but the relief that a person feels when he's away from the front is the grandest feeling one can experience. We, the medical squadron, have God on our side. Everyone is well and this lad is feeling the best in the world. I know that good fortune will be ours in the future, so don't worry about me. We are sure to be able to write more often in the future days to come.

We received mail yesterday. Thanks a thousand times. It was so good to hear from you again.

Thanks for the joke about McArthur—it was a pip. By the way, don't vote for him for president—he's doing all right in his present status.

HENRY.

Cpl. Robert I. Vandeventer writes to his parents, Mr. and Mrs. C. C. Vandeventer:

Southwest Pacific, 3-20-44.

Dear Folks:

Well, I finally found time to write to you. Wrote a short note a couple of days ago just to let you know that I was OK. It was

the first writing I had done since March 6th.

I had a very exciting birthday—can't tell you about it, but I'll never forget it as long as I live. I received the box of cigars and they were sure nice—am smoking one now. They are a real luxury here. If you want to send some candy and gum, just a small package, I would like to have it. We don't get any candy here fit to eat. I'm going to write Sis to send me some also—that way I'll have some on the way most of the time.

I have so many letters to write that I don't think I will ever get up on writing. I guess Buddy doesn't intend to write me. I should have had you get something for his and Punk's wedding present, but decided to wait till I got back and get them something myself. I hope to have some money so when I come home I'm going into some kind of business for myself. When I think of all the money I have wasted, it makes me kinda sick.

Received Dad's letter yesterday and your note that you put in it. I have told you before not to worry when you don't hear from me regularly, because there will be times when it will be impossible to write, so don't worry. I have a feeling that I am going to come out of this all right.

You will be getting some pictures of me soon as they get thru to Aileen. She will have copies made for you and the others. It may be some time yet before you get them as they have to go thru base censor and that takes time. I still have the negatives but can not mail them from here.

Well, I'm about out of paper, so will close for this time. Love, BOB.

Sgt. William R. Landis, former Hall Countian, writes concerning his whereabouts: Hawaiian Islands, 4-3-44.

Dear Mr. Wells: Thought I'd drop you a line to let you know that I am back in the Hawaiian Islands again after being in action in the Marshall Islands. I was on the Kwajalein Atoll with the Army's Seventh Division. It was quite a show. I am a tank driver again.

I still get The Democrat, tho it takes some time to get it over here. I couldn't get along without it very well. I sure miss my Memphis friends, and hope this will soon be over so I can return to visit them. As ever, W. R. LANDIS.

CONFERENCE OF GAS OFFICIALS IS HELD

WOMEN WORK

By INEZ BAKER

The gauze for surgical dressings has arrived and the women are busy. The quota is 16,200 and we are requested to finish it during the month of April. All women's organizations are asked to assist and if you can devote a full day to the work. Arrangements will be made.

The work for hospital supplies goes forward. The need cannot be met no matter how much we do. Many clubs are pledging to make a certain number of hospital articles this year. The Salisbury Mothers Club, with a membership of 20, has set a goal of 50 items per member and some of the members have already made their quota. Do not forget the afghans, as so many have expressed appreciation of them. It seems a sick or wounded soldier feels nearer home when he snuggles up under one of these bright colored spreads made by some woman from the homeland.

We understand the Estelline ladies have just finished 10 nice quilts for the Red Cross. These too are used in the Army camps and are very much appreciated.

The auxiliaries over the county have done a wonderful work in keeping the many projects going while the Memphis women have borne the brunt of the surgical dressings. But if you can come some day for surgical dressings it will be of much help and you will be glad you had a part in this much needed work. The rooms are open each week day, also on Tuesday and Thursday nights.

WILLKIE REMAINS A QUESTION MARK BUT HIS INFLUENCE WILL BE FELT

Wendell Willkie took himself out of the race for the Republican nomination for President but it is a safe assumption that he will continue to fight for the principles which he believes to be to the best interest of the nation. Willkie's following will not be diminished as a result of his decision; nor will his influence both within and out of his party suffer any appreciable loss.

On the other hand it may become stronger. As a candidate he was the target of the isolationists in the Republican party and of the Roosevelt followers in the Democratic party.

Now he will be free to take his case to the American people as a patriotic individual rather than as a candidate bearing the label of a single party. Whether Mr. Willkie will even support the nominees of his own party remains to be seen. He has a world vision and he has the deep-founded conviction that America must help keep the future peace of the world by participating in a world organization to prevent future Hitlers and Tojos from arming and embarking upon missions of destruction against other nations.

Mr. Willkie sees also the economic benefits to America from trade expansion and friendly relations with all the nations of the world. It is hardly conceivable that he would support the isolationist policies of Governor Dewey.

It is a mistaken conception on the part of the Republicans that Willkie's withdrawal will strengthen the chances of either their own party or Mr. Dewey in November. There is a serious breach in the Republican party and those who hold to the views of Mr. Willkie, Governor Stassen, Governor Warren and other liberal leaders will not be enthusiastic workers against President Roosevelt's re-election if Governor Dewey should be the GOP nominee.

You cannot count Willkie out just because he isn't a candidate any more.

MORE POLITICS THAN LOGIC IN RULING OF HIGH COURT ON NEGRO QUESTION

One of our most highly respected and revered institutions has been our Supreme Court; that is until the last few years. We have looked upon it as the balance wheel of our Democracy; never swayed by the expediency of politics and not influenced by the erratic temper of congress or the changing trends of parties or administrations. The Court was our bulwark against any encroachment upon our Constitution, our democratic form of government, our way of life.

If the precedent now being set by the Court is maintained it soon will become the tool of the party in power to stamp its approval on the decrees of the man who happens to be in the White House. The will of congress would be thwarted and the Supreme Court would become merely an appendage to the executive branch of the government. The next step would be dictatorship.

Negroes are not and have not been deprived the right of franchise. They vote in general elections. But, Democratic primaries are not elections; they are the party's own method of choosing its nominees. It is not unconstitutional for a political party, a lodge, or any organization to prescribe its qualifications of membership; but it is unconstitutional, in our opinion, for the Supreme Court to tell any organization, whether it be a political party or a pinocle club, that it must admit all who knock at the door and want in.

Press Paragraphs

SELECTED FROM THE DEMOCRAT'S EXCHANGE
 The long waited spring of 1944—the season which many have predicted would be the beginning

of the end of the war in Europe—has finally arrived. As we wait impatiently but fearfully for news from those battles which will be the turning point of the war, we feel the sharp contrast between the glorious season and the work of destruction which oc-

cupies most of the world.—The Paducah Post.

We often prefer to do indirectly what we lack the courage to do openly. After one speech in favor of a National Service Act under which each would be assigned his task for the duration, President Roosevelt yielded to its cold reception before a hostile Congress. But we must have men and with the war entering its most critical phase, we have little choice in the matter. Hence we are enlarging the Limited Service class and are again sorting our 4F's. If we can read the signs right, the bulk of the latter are going to be called out for some kind of war job, which is merely a disguised form of labor draft or national service act.—Moore County News.

Ochiltree county failed to meet the March War Bond quota of \$36,500. Sales were only \$19,235. There can be no excuse for this falling down on the sale of bonds. The men and women in uniform have not quit. This, we believe, is the second month since Pearl Harbor that we have not exceeded the quota by many thousands of dollars. All special war loan drives have gone over with dollars to spare. It is no time to stop!—Ochiltree County Herald.

Stalin is said to have hit one of his generals over the head with a bottle at a conference among Stalin, Churchill and Roosevelt. The old boy was talking too long. Gosh, how we have wished for a bottle and a little nerve upon many occasions while trying to listen to a speech.—Canyon News.

Apples used to sell for a penny a pound
 Now They Sell by the Pound

• Apples cost much more than they did in prewar times. Almost everything you buy is more expensive these days.

One outstanding exception, however, is United Gas Service. In spite of the fact that even the necessities of life cost more than ever before, natural gas is lower in cost than before the war, yet maintains the same high standard of quality as in prewar times.

• The Bureau of Labor Statistics in Washington reports that living costs as of November 15, 1943, are up more than 24 per cent as compared with the average of the period 1935-39. The cost of United Gas Service over the same period has been substantially reduced.

IT'S NEWS, said a famous editor, when boy bites dog but commonplace when dog bites boy.

It is not quite clear why our young inquiring reporter had to sink his teeth into the subject to discover that it isn't the genuine article. But many a motorist would like some similar way of quickly discovering the real thing when he wants high quality motor oil.

The difficulty is that he can't detect quality in a lubricant by taste, smell, sight, or feel. Yet there is an easy solution to the problem. Just remember that to end confusion and doubt, Phillips makes this simple, straightforward statement: If you want our best oil, remember we specify that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer to average motorists.

The recommended oil change period used to be every 1,000 miles. With today's reduced driving, experts say motor life is lengthened by changing oil every two months. And now is the time for seasonal change to replace winter-worn lubricant. So be sure to get quality by asking for Phillips 66 Motor Oil.

of Political Medicine Yearly in the United States

What Does This Mean For SICK PEOPLE PHYSICIANS THE PUBLIC

Political Medicine for America

On June 3, 1943, Senator Robert F. Wagner of New York—for himself and Senator James Murray of Montana—introduced in the Senate, Bill 1161.

IF THE RECOMMENDATIONS IN THIS BILL ARE ENACTED INTO LAW, THEY WILL DESTROY THE EFFECTIVENESS OF MEDICAL CARE IN THE UNITED STATES.

The Bill proposed to raise annually by taxation—from payrolls mostly—approximately Twelve Billion Dollars. Of this sum an amount estimated at Three Billion dollars (\$3,048,000,000) is to be allocated for providing medical care by government.

What Political Medicine Will Do to Your Physician

Physicians would be paid by the government. Presumably they would work eight hours per day instead of twenty-four hours.

There would be little incentive for your physician to become more skilled in the art of medical practice. His advancement would depend upon his influence with politicians rather than on his skill or the character of his work.

Your physician would not develop initiative, he would be to adopt the methods and prescribe the treatments of medicines determined by superiors.

Your physician would have little, if any, personal interest in you who are compelled to visit him, merely because you are on his panel.

State Medicine—political control of medical service always has, always will develop doctors who are politically amenable, who cater to ward committeemen or precinct captain rather than to the needs of human beings who are their patients.

For the true physician—political control of medical means incompetence, professional deterioration and forfeiture of self-respect.

What Does Political Medicine Mean for Sick People?

It means that they must depend upon a doctor who:

Is paid by the government—is presumably working eight hours per day. The emergency sickness must wait until the doctor is on the job;

May not be the doctor of their choice, but the one that has been assigned by a political bureaucrat.

Cannot have a personal interest in patients who come to him because they are compelled to do so;

Is less knowing and less efficient because he must follow methods and prescribed remedies that are fixed by his bureaucratic superiors;

Since his job is political, is more interested in pleasing or appeasing his political bosses than he is in curing his patients.

Often human life depends upon a physician's skill—shall he be made subservient to Politicians?

What Does Political Medicine Mean for the Public?

\$3,000,000,000.00 annually of extra payroll taxes—an average of about \$120.00 yearly for each family;

150,000 additional bureaucrats to tell patients where to go and doctors what to do and how to treat human beings who are sick;

The sacrificing of the highest level of health and the most effective medical care ever known;

Doctors—to care for loved ones—who are first political stooges and henchmen instead of self-respecting human beings and—

It is understood that, if the Medical Profession is regimented, it will represent a decisive step forward toward establishing centralized Federal Control of all professions and industry, and the destruction of Freedom of Enterprise in the United States.

WHAT HAS AMERICAN MEDICINE DONE?

Under the American system, American Medicine—American Doctors—have developed the most efficient and most effective and most widely distributed medical care that has ever been provided for any comparable number of people anywhere at any time.

In 150 years, the average number of years a man will live has been nearly doubled. In 1970 the average was 35 years. Today it is 62 years.

A child born in 1942 has the prospect of living 12 years longer than a child born in 1900.

In the last 40 years, the death rate per 100,000 people has been reduced from 1,755 to only 1,060.

During this period, typhoid fever almost has disappeared; smallpox has been subdued; diphtheria practically has been conquered; pernicious anemia, tuberculosis, diabetes, and a score of lesser ailments are being brought under control.

In 1942 the United States had the highest general level of health and the lowest death rate ever known for a like number of people under similar conditions.

The QUESTION

Unless a tidal wave of protest forewarns the sponsors, this Bill or similar proposals may be enacted into law. The question to be answered is a simple one: Do you want medical care to be provided by Bureaucrats, Politicians, or Your Doctors?

Virgie Lee Ford Message Confirmed

A short-wave broadcast message from Virgie Lee Ford, prisoner of the Japanese, has been intercepted by the War Department, his mother, Mrs. Dorothy Ford, has been advised.

The Red Cross previously had reported a similar message. The War Department's telegram quoted the broadcast which was to his sister, as follows:

"Received your letters and some from Mother. Sure did enjoy them and I also received some Red Cross packages and I hoped to receive a personal package for the last few days some of the boys have received them. I am OK and I am doing fine and hope to be with you soon. Tell everyone hello for me." Ford has been a prisoner since the fall of Corregidor.

Soldier's Wife Writes to Thank Local Red Cross

E. E. Roberts, chairman of the Hall County chapter of the Red Cross, is in receipt of a letter from Mrs. C. B. Graham of Eastland, thanking the local Red Cross for gifts sent her husband overseas. "My husband who is overseas asked me to write and thank you for the ditty bag and sweater that came from there", she wrote "He was very much surprised that he was given one that was so close from home."

He said he was really enjoying the sweater and that the ditty bag was very nice and everything was so useful. I want to thank you from the bottom of my heart as well as for my husband.

Mr. and Mrs. Ed Stanley and daughters, Carol Ann and Marilyn Sue, visited last week-end in Vernon with relatives.

A WARTIME APPEAL TO CIVILIANS

Conserve the Time and Energy of the Greatly Reduced Number of Doctors Through

VOLUNTARY RATIONING OF MEDICAL CARE

As more and more doctors join the armed forces the problem of serving the civilian population with adequate medical becomes increasingly critical. The purpose of this message is to point out several ways to conserve the time and energy of the greatly overburdened doctors whose responsibility is to give medical care to those on the home front.

Your Cooperation Will Assure Better Medical Care for

How can you and your family get the most from the limited medical services that will be available? Here are some suggestions for "voluntary rationing" that will assure better medical care for all:

- Go to Your Doctor's Office If You Can: Avoid asking your doctor to call at your home. Go to his office if possible. This will not only save his time, but will save you money as well.
Help Your Doctor Protect His Health: Your overworked doctor must have sleep and regular meals to protect his health. SLEEP is important. Day calls are better than night calls. Call your doctor before sun goes down. Avoid night calls in extreme emergency.
Don't Neglect Early Signs of Sickness: Watch for early signs of sickness. Try to "wait out" obvious symptoms. Children awake in the morning with high temperature or more, phone your doctor at once.
Be Patient! Doctors Are Very Busy: Remember, your doctor has almost twice as many patients as before. Please be patient if the house calls are delayed or longer waits are necessary at his office, and don't waste his time with foolish questions either at his office or over the phone.
Use the Phone in Minor Cases: Often a few minutes on the phone your doctor will straighten out minor cases. Use the phone and let your doctor decide if a call is necessary.

It Is Your Patriotic Duty to Protect Your Health in War

Watch your diet. Live sanely. Get plenty of rest. Drink lots of water. Do things necessary to protect your health. It takes a vigorous, healthy nation to fight and win a war.
