ISADOR HARDIN WINS TRIP HOME AFTER MAKING FIFTY RAIDS OVER NAZI EUROPE

A Memphis soldier who has seen most of Hitler's Nazi-held Europe from a Flying Fortress is home on a visit.

He is Staff Sergeant Isador F. Hardin, 22-year-old tail gunner, who earned his leave and a trip home by making 50 long-range bombing missions over enemy targets in nine countries during the past 10 months.

He shot down a twin-engine, rocket-firing Messerschmitt 210 in a raid over Regensburg, Germany on February 22 when fighter planes came at the bombers in swarms, but his closest call was in a mission over the German supply depots at the Anzio beach head in April.

"Our Fort got back to our base in Southern Italy with 100 bullet holes," recalls Sgt. Hardin, "but the crew escaped. Two of the boys received minor injuries from flak but otherwise we were OK. Hardin's crew, which trained together in three different camps in the states and which has stuck together since, got in its first lick at the Nazis on last October 21, with an attack on the rail yards at Terni, Italy.

Since then they have been dropping bombs on war plants and military installations in Germany, Austria, Hungary, Yugoslavia, Rumania, the Ploesti oil fields, France and Greece. In Germany, Austria and the Rumanian oil field centers there was stiff Nazi fighter opposition, he reports. In most of the other raids anti-aircraft fire was the enemy's main defense.

Hardin flew to North Africa and caught a ship to the states. He is a member of the 15th Army Air Force and is on detached service for his 30-day furlough. He thinks he will be returned to Europe to re-join his old command, however, he says he'd like to stay over here for a few months.

Three German Messerschmitts came straight in for Hardin's fortress in the raid over Regensburg, he said.

"Two of them were off to the side a little, but the other one kept coming, although I was firing as fast as I could. When he got within 300 feet one wing fell off and he went down in flames. Gunners of other ships got the other two."

A male quartet composed of Earl Meadows, Lonnie Richburg, Junior Potts and Nathan Doyle Berryman, will render a number. Candidates for diplomas will be presented by Joe Allen Ballard and their acceptance made by Supt. J. O. Lowe, following which Mr. Masterson will present the diplomas. Benediction will be by Rev. O. R. Delmar and Mrs. C. L. Sloan will play the recessional.

He graduated from Memphis High school in 1940 and entered the army on June 12. He wears the air medal with ten oak leaf clusters.

Sgt. Hardin said the main worry of the natives in Italy is to get something to eat. He doesn't think there is much the Italian people can do to help the allies—and he is afraid there won't be any easy going against the Germans anywhere in Italy.

He graduated from Memphis High school in 1940 and entered the army on June 12. He wears the air medal with ten oak leaf clusters.

Club winners and names of breeders from whom the gilts and boar were obtained are: Laddie Sloan, Estelline, Bagby farms of Clarendon; Jim Whaley, Estelline, Rumpy; Jim Hutchins, Estelline, Franz; Tommy Gattis, Brice, Franz; Don Hillis, Lakeview, Rumpy; Joe Neal Bevers, Lakeview, Rumpy; and Don Hancock, Lakeview, Dr. Brannin, Dallas.

Three of the gilts were obtained from Harold Rumpy of Lakeview and were from the gilt which took first place at the Amarillo Fat Stock show in 1943. His prize winning gilt has not only netted him a sizeable cash return but has been given wide publicity in swine journals.

Legion members of the Turkey post declared Thursday they intend to make a test case of the incident. Various Legion posts over the district are expected to join them in sending an official complaint to General Hines, director of the Veterans Administration, Washington, D. C.

A group of 16 men from Hall county went to Lubbock Tuesday afternoon for their pre-induction physical examinations.

44 Graduates to Receive Diplomas On Friday Night

Dr. Hamlett Will Bring Message to Members of Memphis 1944 Class

Memphis schools round out another year tomorrow. Commencement exercises for high school graduates will be held Friday night when diplomas will be presented 44 graduates of the 1944 class.

Dr. Earl G. Hamlett, pastor of the Polk Street Methodist church, Amarillo, will be the visiting speaker for the occasion. Diplomas will be presented by E. E. Roberts, president of the school board, assisted by Supt. W. C. Davis.

Awards to honor students will be presented by Buren Carr, principal. Two members of the class, Lonnie Jones and Leroy White are in the armed services.

Graduates, their families and friends on Sunday night attended the baccalaureate services when Rev. Jeff Moore, pastor of the First Baptist church preached the sermon.

County Exercises Here Tonight at 9

County eighth grade commencement exercises will be held tonight at 9 o'clock at the Memphis high school. County Superintendent Mary Foreman will preside and diplomas will be presented by L. R. Burkett of Wichita Falls, state deputy superintendent. The commencement address will be delivered by Rev. E. L. Yeats, pastor of the First Methodist church.

Joe Neal Bevers of Deep Lake is class valedictorian and Elaine Blewer of Deep Lake is salutatorian. Both will be heard on the program.

Brief Decoration Day Program is Planned Tuesday

Under the sponsorship of the local Legion post and the Legion Auxiliary a brief Decoration Day service will be observed on Tuesday.

The public is urged to meet at the cemetery promptly at 6:30 o'clock Tuesday evening when the burial plots will be cleaned and decorated.

Joe DeBerry was named by the Legion at its last meeting as chairman of the committee to make the arrangements.

War Veteran is Turned Down at Amarillo Hospital

American Legion members of Turkey and Memphis were considerably "riled" Thursday over the attitude of officials at the veterans hospital, Amarillo, in refusing to admit as a patient Lem Lyles of Turkey on Monday. Mr. Lyles was in a local hospital for three days and was sent to Amarillo after his physician had telephoned doctors at the veterans hospital and was told to send him up there. Upon arrival, however, Dr. Karl Wagner, the clinical director refused to admit him, saying there "isn't anything wrong with you."

Roy Russell of the Turkey legion post took Mr. Lyles to Lubbock for an examination by physicians there, and a committee of Legionnaires plans to take him back to Amarillo and demand that he be admitted. Legion members of various Panhandle posts have been critical for months over similar incidents arising at the veterans hospital, especially on the part of Dr. Wagner.

Legion members of the Turkey post declared Thursday they intend to make a test case of the incident. Various Legion posts over the district are expected to join them in sending an official complaint to General Hines, director of the Veterans Administration, Washington, D. C.

A group of 16 men from Hall county went to Lubbock Tuesday afternoon for their pre-induction physical examinations.

Sheriff Anderson Rests Well After Major Operation

Sheriff W. C. Anderson underwent an operation for gall bladder infection and other complications in the Harris Methodist Memorial hospital at Fort Worth Wednesday afternoon at 3 o'clock. Dr. O. R. Goodall, who assisted in the operation, and Deputy Sheriff Bud Goffrey who went with him to Fort Worth early Wednesday, returned late that night.

Dr. Goodall reported that Sheriff Anderson stood the operation in good shape and barring complications should recover in due time. Mr. Anderson has been ill for the past five weeks and was taken to the Fort Worth hospital about 10 days ago.

Flaming Meteor Seen in Memphis

Leaving a trail of sparks and smoke in the sky for 30 minutes, a meteor exploded somewhere in the vicinity over Pampa last Saturday night, astrologers believe. The phenomenon was plainly visible in Memphis. It burst with a flash and those who saw it at first believed it was lightning. Some persons were of the opinion that it was a flare set off by a high-flying army plane, but astrologers reported it was a meteor which probably fell within 25 miles of the earth before exploding. It was visible as far east as Fort Worth and west to Albuquerque. Fragments of the meteor are being hunted in an area about 50 miles northeast of Amarillo.

CHIEF McCREARY SHAKEN UP WHEN CARS HIT AT CORNER

Chief of Police Ed McCreary was shaken up and slightly bruised when his car was hit by another at the intersection at Twelfth and Brice Wednesday afternoon. Chief McCreary's car was practically demolished. The driver of the other car said his gas accelerator stuck and he was unable to stop.

Lakeview Graduates Given Diplomas Wednesday Night

Seventeen graduates of the Lakeview high school received their diplomas at commencement exercises Wednesday night. The graduates presented their own program. Supt. E. A. Deering presented the diplomas. Rev. E. L. Yeats and Miss Mary Foreman were visitors present from Memphis.

Jim King Named Demo Delegate to Chicago Meeting

Jim King of Memphis and C. C. Gibson of Amarillo were named as delegates from the 18th congressional district to the democratic national convention in Chicago at the state convention in Austin Tuesday.

King and Gibson were named as "regular delegates" and will go to Chicago unattached and to nominees for president and vice president. H. G. Hamrick, Amarillo and Mrs. T. M. Braly of Pampa were elected alternates. Dave Warren of Panhandle was named a delegate-at-large, the first time this district has had such a delegate. Tom Jones of Canadian was chosen as an elector from this district and his name will go on the November ballot. The "bolters" who held a convention of their own will send delegates to Chicago, but King doesn't believe they will have much of a chance to be recognized.

The convention was held in accordance with all state laws, reports Mr. King and county delegates favoring an unattached delegation were in majority by two to one. Those who bolted did not abide by the democratic principle of majority rule, he declared. Former Governor Dan Moody was chosen to head the Texas group to the national convention.

Mrs. T. J. Pyle and Mrs. Sam J. Hamilton were visitors in Hedley Tuesday afternoon.

WOMEN WORK

By INEZ BAKER

The surgical dressings quota was finished long before the deadline, thanks to the diligence of the many workers. The new quota has not arrived and this will allow the women a much needed rest before entering on the great task ahead.

Mrs. W. N. McElrath of Newlin brought in a lot of pretty woolen scraps to be used for afghans. These will be used by the Daughters of Wesley Sunday school class who are making thrift afghans.

Captain Sidney Harwell
His parents, Mr. and Mrs. Harwell are in receipt of an announcing his promotion to Captain Harwell is in England in the Army Air Forces. He volunteered at Fort Bliss but later transferred from the cavalry to the air force and received his commission at Orlando, Florida. He is yet 22. He writes:

"I received your letter dated the 15th and was very glad to get it. I received the Easter card thanks a lot. I meant to send something for Mother's Day, but got down to the PX about a week late. I am sending you a picture of my Had to scratch out some lettering on my plane. I am secret. Hope it doesn't get to do this morning so I can go to church at the chapel. It is the first time I've been in time due to the fact that I work."

"I will take a one-day pass now and go up to Scotland. I've been up there yet. I'm provoked at these Limeys. I got too crowded where I was staying so I moved over in my quarters and it's much

nicer over here—the mess sergeant is always bringing us hard-boiled eggs, hot rolls and such.

"Have you had rain lately? I heard tonight over the radio that freezing weather extended all the way down to Oklahoma—just wondered if it reached you."

"I wonder if you would put the Democrat and some popular magazines in large envelopes and send them to me; you can send up to eight ounces first class."

"I haven't heard anything from Royce lately. Haven't much more news so will close. Let me hear from you. Love, SIDNEY."

From their other son, T. J. Harwell, who is in the Merchant Marine, they have received the following letter:

"I have been on this ship six weeks now since we first began loading. Are about 6,000 miles out now and expect to go a little further before heading back. Received Sidney's letter today, with both of ours, so 18 days isn't bad for a letter to go 7,500 miles. Just wrote Sidney and told him we could never be any further apart with him in England and me here, as it's about 12,500 miles to England from here, and that's half the distance around the world."

"The climate here is about the same as where Royce is in the Netherlands, W. I., except I am South of the equator and he is north. I sleep without even a sheet over me and with the fan on high speed all night. Most of the fellows have a pair or two of long pants we have cut the legs off of and make shorts to wear around in our spare time. Sometimes we cook in the galley without a cook's jacket or a shirt, just a cap and apron and homemade

shorts. Underwear is unbearable in the galley even though we have fans. But we are accustomed to the heat and don't notice it. It's supposed to be about the coolest part of the year here. There is a moist breeze from the sea and it is nothing like the heat when you cross the equator for five or six days."

"We got two bags of mail today and half of the crew didn't even eat as they were too interested in their letters. Must have taken their appetites by filling their hearts with joy or something. But they made up for it tonight."

Love, your son, T. J.

Pvt. Joe N. Berry of the 362nd Q. M. Service Co. in New Guinea, writes the following interesting letter to his parents, Mr. and Mrs. Fay Berry of Lakeview:

"Dear Mother and Dad: Well it has been some time since I have been able to write you. I am just as happy to get to write this as you are to receive it. I have been in combat for the last few days. We made a very successful invasion with very few casualties. I am sitting in sight of the guns that are pounding hell out of the Japs. I have been staying in my foxhole most of the time. I sleep in it every night. I am OK and feeling good."

"I saw Jigs Walls and Dub Pate a couple of days ago. I think they are OK. Robert Clark is here too. You can tell Mr. Clark and Mr. Walls it sure was nice to see boys from home at a place like this. We have already captured three airports and have planes here. We shot down about 140 Jap planes. I saw the bombardment of the beach before we landed and it was something to see. This is going to be a pretty nice place around here before long. The Japs had been here for a number of years and they had things fixed up pretty good."

"We captured a lot of equipment and I'm writing this on Jap paper. You can keep it for a souvenir. I will want to see it when I get back home. Well, this is all for now. Don't worry about me. Your son, JOE NEAL."

Pfc. Aubrey A. Allen, with the 351st Infantry in Italy, writes his cousin, James Vick of Memphis, the following letter:

"Italian Front Lines April 6th, 1944. Dearest James: I received your letter today and was very glad to hear from you. I also got Grannie's letter. I am feeling fine and fit. Well, I was just a shade surprised to hear from you. I guess you all do have a lot of fun playing cards. I would like to be there to play with you. But I have to be on the look out for these 'Jerries.' Everything is very quiet here, and I don't mind it a bit. We always have some kind of a stiff argument on some deep subject. So you can see that we pass the time pretty fast that way."

"I have seen a lot of country and in a lot of different ways since I left home. But you can bet I will certainly be glad to get back. I thought that I would like to see the world, but I have changed my mind. I don't care anything about it, I am just about ready to settle down, and that is just what I am going to do if I ever get back home."

"I can imagine just how the girls are, but you can't expect anything more than that. They'll have plenty of company one of these days. I imagine that they just about take a soldier in. It isn't as bad as it looks to the civilian. Because I know it is hard to get a date in some places. The civilian does better than the soldier."

"How about taking a little advice from an experienced man. Either stay a civilian or join anything besides the army. If I had

it all to do over I would have been in the air corps. They get all the praise. We get the dirty work and, no appreciation for what we do. So don't let them draft you like they did me. They won't get the chance any more. Son, there is another thing, you don't care to go where I have been the last six months."

"I had a pretty close shave the other day. A shell fell in about ten feet in front of the building in which I was in. If it hadn't been for sand bags across the door I wouldn't be writing this. The shrapnel and rock came in the room just like a cloud of smoke. It made a big noise and I thought that it had come inside. I was reading a book so I didn't know what had happened until it was over. All I know is that it didn't take me long to get out of there. I went back later to get my pistol and the holster had a big hole in it, where the shrapnel had gone through it, then I moved my bedding out also. I could tell you a lot more if I were there."

"Grannie tells me that Harold Hoggart is in Italy. I sure would like to run into him. The only thing that I can say about Italy is that it is about blown off the map. This country is pretty for one thing only. That is sight-seers, and I am not one of them. How are you and Irene getting along in school? Fine, I hope. I wish I could be back in my school days."

"Well, James, I could write and write, but I guess you have already gotten tired reading this. So answer soon and tell all the folks hello."

Your loving cousin, AUBREY.

Studebaker Champion rates high with busy Federal law officer

HERE'S a letter from Frank M. Durance of Orlando, Florida who says: "My 1941 Studebaker Champion has been driven about 150,000 miles—at the lowest maintenance cost of any car I've ever owned. Whether across the country or across the nation, this dependable Studebaker is always ready to go on a moment's notice. Its gasoline mileage is consistently high and its materials and workmanship are the finest."

Yes, these war days, the tire-saving, gas-saving, soundly built Studebaker Champion adds new luster to its reputation from coast to coast.

It's no wonder that used Studebaker Champions, Commanders and Presidents are in such big demand everywhere.

Studebaker... Pioneer and Pacemaker in Automotive Progress

A Switch in Time saved Mine...

I'm bugs on cars.

I'd hardly think I'm a real American if I didn't always hanker after the latest thing in automobiles. Most everyone feels the same—wanting a new car. So even with Peace, is some new car with my number on it coming right off the assembly line? Who knows? I'm well off, though—still riding handsome—because I kept thinking of all the different oils to help a car. And I noticed ad after ad agreeing that your engine always forms acids inside... Risky... Bad danger of corrosion. But a station man showed me a can of Conoco Nth motor oil, and it said that a modern synthetic in Conoco Nth furnishes the working parts with OIL-PLATING—like a special surfacing to resist the acids; not letting them easily eat metal away. So you needn't fret too much for a new car, when a switch to Conoco Nth oil will safely OIL-PLATE your engine right now. Let the future car improvements try beating that!

Juanella Siddle Weds Sgt. Hardin

Miss Juanella Siddle became the bride of S/Sgt. Isador Hardin Tuesday, May 23 at 5:30, in the home of her parents, Mr. and Mrs. R. E. Siddle, 317 North 12th street.

The couple was unattended. The single ring ceremony was read by the Rev. Jeff Moore, pastor of the First Baptist church.

Mrs. Hardin wore a black dress with white accessories. Her bridal corsage was of white camellias.

Mrs. Hardin is a graduate of Memphis high school, finishing with the class of 1942.

S/Sgt. Hardin is the son of Mrs. Lottie Scott, and B. F. Hardin of Amarillo. He graduated with the class of 1940 from the Memphis high school, and was a member of the Cyclone football team. Hardin has recently returned from Italy, and North Africa. He was a tail gunner on a B-17, and is home on a 30-day furlough. Immediately following the cere-

Sanitation Will Aid Young Chicks

Systematic sanitation in the brooder house and poultry yard at the present time may save a lot of chicks for the 1944 laying flocks. W. B. Hooser, county agent, says that death among chicks just now will be due largely to coccidiosis, a disease which attacks them between the third and twelfth weeks of age. The danger period is between the fourth and eighth weeks.

Birds affected are droopy and listless with sagging wings, and

behave as if sleepy. They walk stiffly and pass bloody droppings. The disease originates with a one-celled organism called coccidia, and its spread rises with the advance of warm weather in early March. The reason is that the coccidia depends upon warmth and moisture for development. After they pass from an infected chick these coccidia must incubate 24 to 72 hours where it is warm and damp before they become harmful. The amount of damage depends upon the number of the organisms a chick picks up.

IF WE WERE GIVING ADVICE TO THE GRADUATES WE'D MENTION THESE TIME-TESTED RULES

The rules for success in life are not based on theory. They have been aptly proven in the annals of time. So, to the young men and women graduating from our schools and places of higher learning we would but remind them of a few of the fundamentals of good citizenship and of individual success.

Our graduates do not need too much advice. They are much more mature in their thinking and reasoning than most of us are likely to admit, or appreciate.

History and literature bear ample testimony that men have always been alarmed about "the younger generation." However, this much maligned "younger generation" manages to pull through some way, and take over world affairs in due time, and they in turn deplore "the younger generation."

If a high school graduate should ask us for advice, we would first of all try to convince him that there is no substitute for hard work, an honest endeavor in whatever he undertakes, and that there are no short-cuts to fame, or success or happiness. We would advise him that he should, if possible, continue his educational pursuits as long as possible; that, if he enters the armed services of his country to accept every opportunity that will offer him training in technical or scientific fields. The years to come will offer unreclaimed-of fields to conquer to the ambitious youth, but the emphasis will be on things scientific and mechanical. The more practical training he can get, the better equipped he will be when he goes out on his own.

If he is unable to go to college he should remember that education is not a substitute for experience, but that experience and a continuous quest for knowledge will take the place of any university degree, save and except such professions as law and medicine.

We would remind this young man that good living is clean living; we would repeat once more to him that honesty—with himself, his associates, his parents and his fellow man always has been and always will be the best policy; we would remind him of the influence the church will have upon his life and that of his family; that he should cultivate the habit of being considerate and courteous to all persons; that he shouldn't be too impatient; that he should keep abreast of what's going on in the world and in his own community; that man does not live alone, and once more, we would remind him that nothing he can do ever will take the place of honest and hard work, plus a determination for self-improvement.

Services Held At Lakeview For Mrs. D. E. Mitchell

Funeral services were held Saturday afternoon, May 20, at 3 o'clock from the First Baptist church in Lakeview for Mrs. D. E. Mitchell, wife of A. R. (Arch) Mitchell, who passed away in a local hospital on Thursday, May 18. Mrs. Mitchell was 47 years of age and succumbed following a brief illness.

The services were conducted by Rev. C. L. Withrow, pastor of the Lakeview church, of which she was a member and a Sunday school teacher, and interment was in the Lakeview cemetery. King Mortuary was in charge.

Pall bearers were Will Davis, R. E. Williams, R. M. Holt, Joe Barnett, John L. Burnett and M. A. Wylie. Flower bearers were Martha Pearl Davenport, Tommie Joe Bevers, Dorothy Ann Withrow, Ruth Deering, Donnie Mae Nash, Jeraldine Davis, Jeraldine Williams, Betty Joe Risenhoover, Gwendolyn Scott, Gloria Hoggatt, Gene Williams, Joy Hoggatt and Bobbie Jean Davis.

Mrs. Mitchell was born January 23, 1897, in Hunt county, Texas. Her husband and four children, Bobby Jean of Lakeview, Alton of the U. S. Army, Mrs. Mildred Young and Mrs. Maxine Cearly of Berger, are the immediate survivors.

Five brothers and five sisters also survive. Those who attended the funeral service were Mrs. C. J. Moore and Mrs. C. M. Doyle of Duncan, Okla.; Mrs. Marjorie Buford of Marlow, Okla.; Luther Gray, Anadarko, Okla.; Floyd Gray of Rocky, Okla.; and Otis Gray of Duncan, Okla.

AGED COUPLE LEAVE FOR MISSOURI PROGRAM

Although he is hard of hearing and her eyesight is almost gone, Mr. and Mrs. L. T. Offield left Wednesday for their old home, Lock Spring, Missouri, where they have been invited to attend special Memorial services on Decoration Day. Mr. Offield is 83 years of age and Mrs. Offield is 78. They are the parents of Mrs. Bill Kesterson and Mrs. Seth Palmeyer. They plan a leisurely trip and will visit friends and relatives for several weeks.

CARD OF THANKS

We wish to express our sincere thanks to our many friends for the kindnesses and sympathy shown us in the passing of our dear husband and father. May God richly bless each one.

Guadalcanal Was 'Roughest of All,' Says Carey Sailor

After 16 months in the Southwest Pacific, where he saw "plenty" of action on Guadalcanal, Bougainville and New Guinea, Pharmacist Mate 1/c Kit Williams, Jr. of Carey, is spending part of his first furlough visiting David Frisbie and other friends in Memphis.

Williams was in a medical detachment attached to the Marines and was with the Marines in their invasions of various Jap-held islands.

"All of them were plenty rough at times," Williams says, but he believes Guadalcanal was the roughest. "Our fighting men really took it there," he says.

Natives in the Pacific islands are "quick to catch on," says Williams. Once they learn the Allies are their friends they render valuable assistance, he reports—but they soon learn to charge a monetary fee for their services.

Williams is wearing a Presidential Citation and three campaign stars.

SENIOR MEMBERS ENJOY OUTING AT LAKE McLELLAN

One of the graduation week events enjoyed by a large number of Memphis seniors was an outing Monday to Lake McClellan in Gray county. Wesley Foster, sponsor of the class, accompanied the group.

JOIN GULF'S "ANTI-BREAKDOWN" CLUB TODAY!

BEFORE THIS WAR IS OVER, there may be only two kinds of people in America...

1. those who ride to work.
2. those who walk to work.

If you want to be in the fortunate group who will still be riding to work in automobiles, join Gulf's "Anti-Breakdown" Club today. How do you do it? Just come in for Gulf's Protective Maintenance Plan!

This plan was conceived by experts in car care. Gulf developed it because car maintenance is a most important civilian job. (8 out of 10 war workers use automobiles to get to work.)

Here's Gulf's Protective Maintenance Plan...

1. Protects your car at 39 danger points...
2. Saves those bearings and piston rings...
3. Stretches your gas coupons...

GULF GASOLINE POWERS THE ATTACK... DON'T WASTE A DROP!

...for better car care today...
to avoid breakdowns tomorrow

THE AMERICAN Petroleum Institute recommends changing oil regularly. It's equally important to use a good motor oil like Gulfgrade, "The World's Finest Motor Oil," or Gulfbube, an extra-quality oil that costs a few cents less.

Air FILTER and spark-plug cleaning, radiator flushing help give better mileage. A clean filter makes gas burn more economically; clean plugs add power; a clean radiator prevents over-heating.

No two ways about it! First Quality, a Good Buy, is definitely a BEST BUY if you want facts and figures to prove it.

"BATTLE STATIONS... JAP SHIP ON PORT BOW"

- When their ship goes into action, sailors don battle dress. But for the daily routine of work, play and sleep, they often wear only shorts and skivvies. So Navy specifications make sure that this most used clothing is made for comfort and long wear.
- You can also make sure of comfortably fitting underwear by choosing a brand that has proved its worth. For 43 years now, Hanes has knitted extra wear into underwear fabrics—and tailored them into garments that are accurately sized for comfort all over.
- So ask for Hanes by name—the underwear whose fine materials and workmanship at moderate prices have pleased millions of men. If sometimes your dealer's stock is low, he should have more soon. Hanes production is serving men in our Armed Forces and those at home... P. H. Hanes Knitting Company, Winston-Salem, North Carolina.
