Invasion News Sends People to Offer Prayer

People of Memphis reacted to the invasion news much as they did elsewhere—with mingled emotions. It was expected, but it was dreaded.

Following the first excitement when their radios told them that Americans had crossed the channel and landed on French soil, there came a reaction of quietness and humility. Many turned to prayer.

Local churches were opened. Women of the First Methodist church gathered at 4 o'clock in the afternoon and prayed for the welfare of the invasion forces. At the Baptist church—small groups and individuals went throughout the day to offer prayer. An open service was held at the Presbyterian church at 8 o'clock Tuesday night.

Over Hall county night, measuring approximately a quarter of an inch, the doctor ordered farmers, too.

The fire siren announced the invasion news to the people of Memphis. The siren sounded at 3:40 o'clock. To many persons the signal meant but one thing—the invasion had begun. They hastily turned on their radios—and sat by them for hours. There were some who did not know the invasion had started until they got up at their regular hour and turned on the radio—and some did not know of the big news until they got down town.

"Well, lets see those papers," said Wilkinson, when they reached the draft board office. Whereupon the negro pulled a stack of folded papers from his pocket and carefully began to un-wrap them. When he got to the last one, he said, "Here 'tis, boss, I told you not to worry about my registration papers." Sure enough, it was in perfect order, but the paper he handed the officer was a notice from the Peoria board to report for induction—and it was dated Jan. 3. The officer and the draft board got Johnson's papers "fixed up" all right; he leaves with the next group from Hall county to enter the United States army.

Veterinarian to Test Dairy Herds Starting Monday

L. D. Chedester, state veterinarian, will be in Memphis next Monday, June 12, to start making tubercular tests of dairy cattle in the county. There is no charge for the tests as it is a free service provided by the state due to the fact that Hall county has a rating as being immune from tuberculosis. Farmers wanting the veterinarian to test their dairy cattle should contact County Agent W. B. Hooser.

Brother of Local Woman Escapes Japs

The head of a famous family of missionaries which has been separated for three years is a brother of a Memphis woman, Mrs. C. H. Waller. He is the Rev. Homer Gamboe of Lexington, Ky., who with one daughter recently rejoined his wife and another daughter in Lexington. A clipping from the Lexington paper told of the family reunion. Rev. Gamboe had been in India for three years and the article recites the many hardships he underwent there after the Jap invasion.

4-H Boys Guests at Childress Field

Twenty 4-H club boys of Hall county, chosen for their records last year in producing food and materials to aid the war effort, Monday were special guests of the Childress Army Air Field. "They really got an education," said County Agent W. B. Hooser who accompanied them to the bombardier school. They were shown through the planes, the shops and all points of interest and were honor guests at luncheon and at a special picture show.

Group Returns from Assembly at McMurry College

A group of young people from Memphis attended the assembly at McMurry College, Abilene, last week. The assembly of the North-west Texas conference of the Methodist church provided a training course in young people's work in the church. Rev. E. L. Yeats, pastor of the First Methodist church, accompanied the group to Abilene and participated in the assembly as one of the instructors. Young people who attended were Betty Ruth Byrd, Sue Lynn Guthrie, Mamie Morris, Donald Hanson and Ralph Thomas.

Scrap Paper is Vital War Need To Back Invasion

Back the invasion by bringing in your scrap paper, is the appeal of County Salvage Chairman M. J. Draper. A car load was shipped out last week and Mr. Draper wants to make another shipment right away. "The invasion should spur every person in the county to save waste paper and bring it to headquarters," said Mr. Draper. He cautions them to tie the paper in flat bundles. An extra storage room has been made available for the paper. It is adjacent to the Red Cross office on the East side of the square.

SKILL AND HEROISM OF BENGY ESTES AT TARAWA IS LAUDED IN LEATHERNECK, MARINE MAGAZINE

The current issue of Leatherneck, official magazine of the Marines, pays tribute to the courage and heroism of the corpsman and other members of the medical department, mentioning by name Pharmacist Mate First Class Bengy Estes, son of Mr. and Mrs. Herbert Estes of Memphis. Although by tradition they are not fighting men, they go into battle with Marine assault waves and the wounded, and in the battle of Tarawa lost 27 of their own group, with 53 wounded. "In one battered pillbox near Beach Landing One, Lt. Herman Brohardt, USN, set up the first first-aid station on the island," the article relates. "It was supposed to be a regimental aid station but it turned out to be everything, including a hospital. The doctor had three assistants, all corpsmen. Pharmacist Mate First Class Herbert 'Buck' Estes, a big six-footer from Texas with a combat record going back to the first landings on Guadalcanal, shared the work with Pharmacist Mate First Class Robert E. Costello of Woburn, Mass., and Pharmacist Mate Second Class James R. Whitehead of Jackson, Miss. "For 36 hours with barely a pause, these three alternately used their flashlights for the doctor's treatment of extreme cases and performed every conceivable form of auxiliary surgery that their skill permitted. Estes' willingness to work and his skill have earned him the distinction of being one of the corpsman greats, the 'All-American Corpsman.'"

The Army Paid Him \$480 for 18 Days in Service; Now John Wesley Ward Is Seeing Jail Bars in His Dreams

John Wesley Ward was having it easy; he wasn't working, that is until an FBI agent called on him early this week. He went to work the next day and now he's wondering whether he'll have to go to jail or Leavenworth or if Uncle Sam will let him work long enough to pay back \$480.00. Ward is an ex-soldier; he's a negro ex-soldier. He was inducted last November and was in uniform 18 days. The army couldn't use him; in fact, he and the army didn't get along at all, for Ward didn't get an honorable discharge. He was in service long enough, however, to get an allotment of \$50 for his wife and \$30 for their child and the first \$80 check came just about the time he got back home. The \$80 check has been coming every month since. Ward couldn't see any use working—and he didn't. He didn't see any reason for not taking that check and cashing it. The FBI got onto the case, paid Ward a visit, took the evidence and submitted it to the federal district attorney. Ward is not in jail—but he tells his friends he sees jail bars in his dreams; they are the same friends he had been telling he didn't have to work, that Uncle Sam was paying him a pension of \$80 a month.

Bond Sales Will Bear D-Date As Campaign Nears

As a spur to the immediate purchase of bonds on the eve of the Fifth War Loan, opening Monday, and in commemoration of historic D-Day, the county war bond committee announced today that all bonds purchased before Saturday night will bear the invasion date of June 6.

This announcement followed a meeting of the Memphis committee with County Chairman C. T. Johnson, when various members made the suggestion that many bond purchasers would like to have their bonds show the date of issue as of June 6. It was reported that in other places there had been a rush of bond purchases on Tuesday and Wednesday, but that many persons were unable to get to town on invasion day and that they should be given every consideration.

Bonds bought next week will not bear the invasion date. Chairman Johnson reported that committees have been organized in all communities of the county and are ready to launch an intensive bond selling campaign on Monday, official opening date of the Fifth War Loan. The quota of \$455,000 for Hall county is a heavy responsibility for the people of the county, it was pointed out, but the cheering news from the beachheads of France will spur every citizen to do his utmost, it is believed.

Childress citizens on Tuesday rushed to the banks and post office to buy bonds as soon as they heard the invasion news, the Childress Index reported Wednesday. It was announced that \$265,000 in bonds had been bought there up to 2:30 o'clock in the afternoon. There was no special increase in the normal bond purchases at the Memphis banks or at the post office. Glynn Thompson, assistant postmaster, said two persons bought bonds and three purchased stamps on invasion day at the local post office. Members of the Memphis committee present at the meeting were Mr. Johnson, Roy Fultz, W. B. Hooser, M. O. Goodpasture, W. C. Davis, Rev. E. L. Yeats and J. C. Wells.

Ben Ezell, who has been with army units in New Guinea and other Pacific fronts for several months, has been promoted to the rank of captain, according to word received by his aunt, Miss Grace Ezell.

Ranch Style Feed For C. of C. Annual Meeting, June 19

Warning Given to Buy Tickets in Advance; Smith is Speaker

Visitors and others who attend the annual banquet of the Memphis Chamber of Commerce on Monday night, June 19, will be served a ranch style barbecue with all the trimmings. The program will be held at the high school gym and the meal will be prepared by the ladies of the PTA, under the supervision of Mrs. Mac Tarver. Both T. D. Weatherby, chairman of the ticket-committee and President C. C. Hodges, urge all who plan to attend to buy their tickets early. "We can not take care of late arrivals," said Mr. Hodges, "as the ladies must know in advance how many meals to prepare." John Lee Smith, lieutenant-governor, will be the principal speaker, with Temple Deaver as toastmaster. A program to last not longer than an hour and 30 minutes is being arranged. One feature will be hill billy music by members of the Memphis L... Theater. Officials of the Chamber of Commerce will review the work of the organization during the past year and outline projects now before the people of the community.

More Workers Are Needed to Check Prices in Stores

New volunteer workers who will assist the OPA price panel members in checking retail prices in Hall county were given instructions at a meeting Wednesday night at the local ration office. George Young, representative of the OPA district office of Lubbock, attended the meeting and spoke to the panel members and volunteer checkers. There is a need for more volunteers to carry on the OPA's policy of checking retail prices against ceiling prices. Alvin Massey, chairman of the price panel reported.

Rev. Hoyt Boles To Preach Sunday

Rev. J. Hoyt Boles of Fort Worth will occupy the pulpit at the Presbyterian church at the 11:00 o'clock hour on Sunday, June 11. All members and friends are invited to hear him. The 11 o'clock service at the First Methodist church will be dispensed with in order that the congregation may worship with the Presbyterians at that hour, it was announced by the pulpit committee.

Deaver Named Vice President of Plains Bankers

Temple Deaver of Memphis was elected first vice president of the Panhandle Bankers Association at the annual convention in Amarillo last Saturday. Both Memphis banks were closed for the day and most of their personnel attended the Amarillo meeting. The largest attendance in the history of the association was reported.

SHERIFF LEAVES HOSPITAL

Sheriff W. C. Anderson, who underwent a serious surgical operation in a Fort Worth hospital two weeks ago, left the hospital Wednesday and went to the home of relatives in Fort Worth where he will remain for several days before returning to Memphis.

From County Men in the Armed Forces

On paper which American troops found in Jap dugouts, Pvt. W. H. Spruill, with an anti-aircraft unit on New Guinea, writes his parents, Mr. and Mrs. W. A. Spruill. He enclosed a number of pieces of Japanese money. His letter:

Dearest Mom: Will answer your letter I received a few days ago. Sure was glad to get it as I hadn't heard from you in so long that I was just about ready to give up, but it finally caught up with me. Mom, I have seen a little excitement here the past few weeks. I have seen a few "eggs" fall. It was just like a Fourth of July celebration but it was one time I wanted to pull that fox hole right in on top of me. How's all the folks at home, fine, I hope. Tell all the kids that they might not hear from me very often as we don't get much stationery. I am writing with Jap ink and paper. Did you have a nice time when R. V. was at home. I sure would like to see her come back there with you. This war sounds better all the time. Maybe it won't be too long before we will be back. Where is Roy stationed now? What is Elmer doing? Mom, I have some Jap invasion money and am sending you some of it. I have been a little sick for a few days but am better now. I had better stop for this time, so be good and answer real soon. Tell everyone hello for me. So long. Your loving son, W. H.

Curtis Harrell, The Democrat's roving reporter, has been heard from. This Seabee, who saw service in the Pacific, came home and married, is now at Camp Parks, Calif. May 22, 1944.

Dear Sir: Guess you have been thinking that I had forgotten you the past few months. Since there isn't much doing around here there hasn't been anything of interest to write about. The same things happen every day and in much the same way. There are still three meals being served every day and plenty of "deck scrubbing" goes on. Outside of those two things it is pretty dull here.

I visited San Francisco yesterday and saw several points of interest. Among them being Knob Hill, Fisherman Wharf, Golden Gate Park, the Cliff House, Golden Gate Bridge and Oakland Bay bridge. Didn't go to Chinatown, so I will have something to see on the next trip.

As far as beauty is concerned, I have yet to see anything that can compare with Golden Gate Park. You would think you were in the middle of a large city.

Since Creth White is home now, how about me taking over the correspondence again. It is only a matter of two or three months until we ship out again. So until then I will say so long. CURTIS.

A Texas young woman who had served with the Army Air Forces in the old WAAC was accepted back into the WAC on general assignment this week at the Fort Sill WAC Recruiting District. She is Pvt. Frances F. Moore whose husband, William P. Moore, has been in the Mediterranean area 14 months. Her mother is Mrs. Edith G. Powers of Memphis.

view has arrived at the infantry replacement center, Camp Wolters, to begin specialist training.

Pfc. Lester S. Grimes, son of Mr. and Mrs. J. S. Grimes of Memphis, writes from Salinas, Calif. May 15, 1944.

Dear Mr. Wells: It has been some time since I have written you a letter, but just let me miss The Memphis Democrat and I get busy trying to find out why. Missing the paper is like missing a letter from home.

This is really a beautiful country here where I am. It is between two mountains, about 10 miles from one and eight from the other, and about 15 miles from the ocean. I have been on the coast several times where we have two crash boats to keep up the radio equipment and radio repair work.

I also have been over on two week ends. There are some historic buildings in Monterey, some nearly 200 years old. Attended the theatre in Monterey, and they have a stage show every Saturday and Sunday night. This theatre was the first built in California, in 1847. One has to make reservations several hours ahead of time to get in. The first time we went over we called up about three hours before the show started, and all the seats were got were in the back row.

Another place that is interesting is the museum. It takes about two hours to go through and really see it. One day while we were on the boat out in the bay we saw a herd of 30 or 40 seals, about 100 yards from our boat.

Yours truly, LESTER GRIMES.

Texas Woman In Governor's Race

Entry of Mrs. Minnie Fisher Cunningham, well known Texas farm woman, into the Texas governor's race has injected new interest into the state primary in July.

Mrs. Cunningham, who filed May 19 for a place on the primary ballot, declared: "In seeking the governor's office, I have but one purpose, and that is to mobilize the strength and resources of the great state of Texas behind the men and women who are doing the fighting in this war."

Mrs. Cunningham farms 1200 acres in Walker county. Her family is distinguished in Texas history, and she became an outstanding leader in women's fight to win the ballot in 1918. For several years she was editor of the Extension Service.

Pvt. Richard B. Lindsey of the Coast Guard and who has been stationed on the Aleutians for the past 24 months is home on a leave visiting his mother, Mrs. D. N. Beaver.

Pfc. Herbert J. Orand, who has been in training at Camp Livingston, La., has sailed for overseas duty in the Pacific, his father, H. J. Orand, has been notified.

Seaman 1/c Johnny Mosely left Wednesday for Port Heanemo, Calif. after a visit with his wife.

Cook 3/c Charlie Pullen has returned to San Diego after visiting his wife and children.

Pvt. Frank Martin who is attending dental school in Dallas visited his parents, Mr. and Mrs. R. P. Martin.

Pvt. H. Bailey Gilmore of Bergstrom Field, Austin, is spending a 10-day furlough with his parents, Mr. and Mrs. H. B. Gilmore.

Pvt. James L. Foxhall of Fort Sill spent the week-end with his wife and children.

Pfc. Zady B. Walker, daughter of Mr. and Mrs. E. E. Walker, is now overseas and has participated in a special course of training in the Air Service Command. Her new station will be one England from which America's fighting planes take off to smash the Nazi war machine.

Naval Aviation Cadet Edward W. Gillenwater has completed three months of physical conditioning and ground school work at the pre-flight school in Athens, Ga., and following his will begin his progressive flight training preparatory to joining a combat unit.

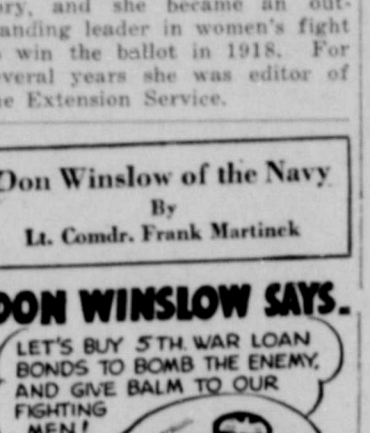

He has been home the past week visiting his mother, Mrs. V. W. Gillwater and relatives.

Among the class of officers to graduate last week from Medical Field Service School, Carlisle Barracks, Pa. was first Lt. Harold B. Hightower of Memphis. The graduates are now qualified for duty with troops in the field after six weeks of intensive training. Lt. Hightower received his DDS degree from Baylor.

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove sodium acids and other waste matter from the blood. You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder. There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Memphis Slugs Out 24 to 0 Win Over Paducah

The Memphis sluggers, an aggregation of men who have played and who like baseball, opened the season Sunday with plenty of form and blanked a team from Paducah 24 to 0.

H. W. Snooze Edmondson had plenty on the ball and those he didn't fan were easy outs for a hard-working infield.

Henry Crowe, home on a furlough, was behind the plate until relieved by Regular Catcher Pate. George Thompson at first, Perry Hale at second, Gerald Hickey at short and Garvis Davis at third made up a hustling infield. Butler Stewart in left, Jim Hutchins in center and W. W. Wilkinson in right, gave Edmondson good support and also did their part at bat.

The Memphis team was organized by Davis and Ed Hutcherson and fans who saw Sunday's opener are all pepped up over the prospects of a classy club. The team will take on the Clarendon team next Sunday at Clarendon — after which they will be in the market for some opposition, the tougher the better.

The parties seem to know whom they want for presidential nominees, but it will take conventions to bring out their vices.

Many politicians are wonders at talking. The trouble is that wonders never cease.

The battle for the World is on!

and husbands are fighting and dying this very minute. They, in the front lines, are throwing in everything they have. We, behind the lines, must do the same. Remember, this is the battle for the WORLD. Our world. And we've got to win it. That's why Uncle Sam expects every dollar, like every soldier, to do its duty. MEMPHIS, TEXAS

Good sight becomes increasingly important as the nation's war activities press onward. In factories, in offices, in homes... eyes are being called upon for millions of seeing tasks, for everyone has a job to do during wartime. A light bulb, in all its many designs, is power, flowing through countless miles of wire to wherever there's a job to be done. And light will be the power behind tomorrow's blazing world.

Vivian McCulloch And Sgt. Toepfer Wed on Saturday

Mrs. Vivian McCulloch became the bride of M/Sgt. C. A. Toepfer in a single ring ceremony performed by Rev. Jeff M. Moore at the Baptist parsonage Saturday evening, June 3.

The bride wore a white Jersey dress, with black and white accessories. Her corsage was of white carnations.

The couple was attended by Miss Betty Ewen of Plainview, sister of the bride, Miss Reba Saylor, and Sgt. Bill Simmons of Childress.

Mrs. Toepfer is the daughter of Mr. and Mrs. John Ewen of Plainview. She is employed at the First National Bank.

Sgt. Toepfer is the son of Mr. A. G. Toepfer of Rockford, Ill. and is stationed at the Army Air Field in Childress.

The couple will be home at 823 South Ninth street, Memphis.

Miss Hightower Is Heard in Recital

An enthusiastic audience greeted Laura Mai Hightower on Tuesday evening at the Presbyterian church when she was presented by Mrs. Conley Ward in a senior piano program. She played the entire Sonata No. 13 by Beethoven and her interpretation of Mozart's Fantasia in D minor and the Valse Op. 42, Chopin, were considered outstanding.

Gloria Virginia Howard, expression pupil of Mrs. T. M. Harrison, assisted on the program and her numbers were well received.

Pfc. Clarence F. Upton of the 19th Infantry and who is serving in the South Pacific, writes his mother, Mrs. Dottie Upton of Plaska, as follows: Dearest Mother:

I guess you would like to know the reason I haven't written before. Well, I have been moved again. I have seen some Japs, too. I am in New Guinea but I can't tell you where. You know that is the way it is with us and I can't tell you too much until I get back, which I hope won't be too long. Some of us went out looking for Japs today but we didn't find any. I will be glad when we set up camp. It won't make me mad a- I am getting tired of sleeping out in the weather. We can pull the sides down on our tents to keep the rain out but it isn't like sleep- ing in barracks.

Guess this is about all I can think of so will close for now; tell all of the folks hello for me.

In a second letter he wrote:

I was glad to hear from you and to know that all of you are well. I got a letter from Bertha Bell today. She said Park had a job in the air field at Miami. I wrote you the other day and told you where I am. I want you to send me about six decks of play- ing cards. Send them as soon as you can for all the boys down here like to play cards. Well, tell all of the folks hello for me and that I still hope to come home soon. Answer soon.

Cyclone is Team to Watch, Says Flynn

By PAT FLYNN (Amarillo News Staff Writer)

Wanted: One football coach to handle the Memphis Cyclones in a future more brilliant than in District 3-A championship than in many years. Apply to W. C. Davis, superintendent, at once.

Such appeal is being made by local school officials and Cyclone fans, anxious to see what they be- lieve the best material in years, developed into the squad they are capable of being when the season opens here Sept. 15 against the Amarillo Yannigans.

Forty-three husky men survived spring training then saw their gratis coach, Gene Barnett, move to Claude as county agricultural agent. They had to depend on Superintendent Davis for tapering off, but the boys are undaun- ted. They know they have excel- lent players ready for action. All they need now is a bit of or- ganizing such as a coach can give.

Eight lettermen are returning to bolster the local eleven's starting lineup. Clifford Vandeventer, a triple threat back with two year's experience tucked under his belt, shifty, fast, 170 pounds well di- vided over his six foot one inch frame; Frank Smith, another two year man, who is tops as a brok- enfield-runner, and a deadly tack- ler; Louis Sanderson, a hard run- ning fullback of repute; Dan Mc- Millan, candidate for district tackle; Mark Lamkin, mentioned for all district center the past season; and Alonzo Robertson, 180 pound, two year end who is com- ing up with his best results this

fall, fans agree. Then there are such veterans as Billy Ballew, Robert Billington and Bob Han- vey, all fast, hard hitters and in love with pigskin contests.

Jack Monzingo, W. M. Kilpat- rick and Douglas Barber, squad men returning this year, promise much to gridiron followers.

Add to this such hustling bun- dles of muscles as Donald Han- sen, Marshall Ford, Dave Price, Larry McQueen, Roy Cutrell, Doyle Sargent, Nath Hudgins, Jimmie McElrath, Ralph Thomas, Jack Youree, Edward Spencer, Eugene Galloway, Colbert Chap- pell, W. J. Goffinett, Benny God- frey, James Morrik, Don Huggins, Bill Davis, Charles Price, Conrad Cochran, Fred Fox, Bill Hickey, Bill Lester, Gene Stewart, Gale West, David Wright, Jimmie Ger-lach, Kenneth Malone, Wendell Oran, Duane Vickers, Dell Rick, and others expected to report, and a rookie coach couldn't help but come up with a good eleven if blindly selected against such enemies as Wellington, Clarendon, Lakeview or McLean.

And here is the schedule the Cyclones are going to go about in tornado fashion: Amarillo Yanni- gans here, Sept. 15; Wheeler there, Sept. 22; Perryton there, Sept. 29; Shamrock here, Oct. 6; McLean there, Oct. 13; Well- ington there, Oct. 20; Lakeview here, Oct. 27; Lefors here, Nov. 3; and Clarendon here, Nov. 10.

The Cyclones will be as tricky as their name implies this year. All they need is a coach to help plot their course. There is apt to be some devastation in their wake come November 10 when the re- sults for this district are tabulated and a champion named. They are definitely the team to watch for upsets net fall.

Honor Roll Almost Ready

Painting of the panels bear- ing the names of Hall County men in service is almost finished and the honor roll should be everted within the next week or two.

NEWS about boys in the Service

Pfc. Eldon Wayne Padgett is now somewhere in New Guinea according to the following letter written to Mrs. Bessie Archer and his grandmother, Mrs. W. M. Padgett:

May 11, 1944.
Dear Aunt, Grandmother and All: I got a letter from you today and will try to answer it before it slips my mind. It is needless to say I enjoyed the letter im- mensely.

Everything here is OK. I'm feeling fine physically. Nothing bothers me. My morale is high also. We have a lot of recreation, basketball courts, baseball diamonds, and volley ball courts. So you see we have something to do in our spare time. We also have a recreation hall now, just been put up, and I guess will have all kinds of games and things like that.

It makes me happy to know that you and everyone thinks of me. It makes me feel as if I were do- ing some good for all of you, I'm

WHETHER WE'RE FIRST OR LAST TO REACH OUR BOND QUOTA DEPENDS ON WORK WE DO

It goes without saying that a hard task faces the people of Hall County in meeting our quota in the Fifth War Loan, starting next Monday. The committee chairmen and workers in each community are well aware of the job ahead; they know that it is going to take more work than in any previous campaign, and they are making their plans accordingly.

But merely reaching a quota, in itself, is not the main objective for which we should strive; the desire to do everything within our power to back our fighting men at the front, should be the guiding motive. Coupled with this should be the determination to do something for ourselves by creating a "nest egg" in gilt-edged securities for the years to come after the war. This combination is one which should spur every citizen to make whatever sacrifices that are necessary to buy bonds—and then more bonds.

The invasion will be the turning point of the war, the beginning of the end for Hitler and the other tyrants who have set the world ablaze. Our boys by the thousands will die on the battleheads of continental Europe. For those who keep going, there must be an unending flow of supplies and the munitions of war. This will be America's supreme test. Your bonds give your government the needed cash to provide them with the things they must have.

And your bonds in the years to come will give you the cash to buy the things that you and your family will need and will want to buy; the things that your boy or husband or brother will want and need when he gets home, too. By buying bonds you help him now as well as then.

Hall County's quota of \$455,000 will test our buying capacity as well as our patriotism. Organization and hard work are necessary in any worthwhile undertaking. Merely buying a bond is not all that the individual can do; he can become a volunteer worker. He can take an active, personal interest in the campaign and cooperate with the committee members of his community. All are busy these days, but none of us is as busy as that boy in a foxhole on New Guinea, a slit trench on the Italian beachhead or who is a member of a bomber crew flying almost daily over the inferno of Nazi-held Europe.

OPA wrote the county collector for the number of vehicles that had been licensed. The total was sent and OPA asked that the number be corrected, for if the number sent in was correct, according to the amount of gasoline allotted Hardeman County, each car would be using in excess of 97 gallons a month. Everyone is looking at everybody with that "it ain't me" expression.—The Quannah Tribune-Chief.

When it comes to post-war planning the planning that will do our local community the most good will be the planning that we do here at home. Washington may be able to hit a few high spots in national post-war planning but the planning that is going to get the job done here at home will have to be done here at home.—Foard County News.

The history of liberty is the history of limitation on the power of the government.—Woodrow Wilson.

The actions of men are best interpreters of their thoughts.—Locke.

Spend, Sucker, Spend

"Spend, Sucker, Spend" is an article on the folly of the unwise spending which causes inflation and brings in its wake misery for the thrifless. It first appeared in the Waterville, N. Y. "Times," and then was reprinted in a payroll-envelope size folder by the New York State Mutual Savings Banks for distribution to the public. The United States Treasury 'k'ed its use as an advertisement tied in with the War Savings Bond sales, and it has been used by banks and corporations in many areas. Industries have published it for distribution to their employees and the total circulation of "Spend, Sucker, Spend" has run into millions.

By RALPH DE CASTRO

The last war . . . remember?
Silk shirts!
Pink ones, green ones, blue ones with white stripes—millions of them.
And silk stockings for the women—on legs that had never felt anything but cotton before.
Wrist watches . . . rings . . . bracelets . . . hand-tailored suits . . . ten-dollar felt hats . . . better, larger, sweller apartments.
Then it happened.
The Armistice in 1918. The war boom petered out. In factory after factory the wheels turned slower—slower—then stopped.
The cuffs on the silk shirts were frayed, and the colors were faded . . . and the silk stockings were gone, and the rings and the watches were in pawn shops . . . and people moved back where they'd come from. But . . .
"Don't let it get you down, Bud! You can't hold this country back, God's country! Don't sell America short—why with our natural resources—and the way we work . . ."

So we started on the second lap, on the same circular track.
Nineteen hundred and twenty-three, nineteen hundred and twenty-nine, Prosperity. Nothing ever like it before in the world.
Stocks—up 50 points in a week—thousands, millions—billions of dollars of profit—on paper.
Bootleggers . . . parties . . . automobiles . . . more silk shirts . . . new suits . . . radios, refrigerators, real estate, furniture, diamond rings, boats, shoes, hats . . .

Then—1929 and Crash again!
"Sorry, Mr. Jones . . . more margin, or we'll have to sell you out . . . Dear Mr. Jones . . . unless you send us a check to cover two unpaid installments on your furniture . . . Dear Sir . . . in the hands of our attorneys, unless . . . mortgages unpaid . . . worry . . . worry . . . sorry, Jones, better look around for a new job . . . no help wanted . . ."

Remember?
Bread lines . . . the Bonus Army . . . ex-soldiers selling apples on street corners . . . "brother, can you spare a dime?" . . . stocks going down—down—down . . . business failures . . . suicides . . . Relief . . . NRA . . . WPA . . . CCC . . . and no jobs yet, and shoes run down at the heels.
And the kids—undernourished—crying a lot—and "the lost generation . . ."

How come? How did we get that way—again? Why did it happen here, when it couldn't happen here?
Well, let's look back—let's see how it did happen.
Bonds weren't good enough for us. Savings banks weren't as exciting as broker's offices.
We were trying to compress our lives—to squeeze the juice of three score years and tef into a decade. We wanted for next to nothing the things our fathers had worked and sweated and saved for.

My wife's clothes had to be better, smarter—more expensive than your wife's—and her jewelry, too.
You spend a thousand dollars for your car? So what? I'm spending thirteen hundred for mine. (On time).
And say—looka my new radio! Twenty-two tubes, three loud speakers, record changer, home recorder and three short-wave bands! The old one! Oh, I traded it in when I bought the new one—and the new refrigerator, and the dining-room furniture—slick, eh?—"modern," they call it.

How much? What's the difference? Twenty-four payments of eighty dollars instead of sixty-five! I'll never miss it.
Hold on a minute, brother . . .
Did we "miss it" in the early "thirties?" Did we "miss it" when some fifteen million men walked the streets—camped out—lived in huts and shacks and lean-tos? Did we "miss it" while brave women scrubbed and scoured and patched and mended until their finger tips were raw, their hands rough—and their hearts dull with the pain of abandoned hopes?
Hold on once more . . .

This time chances are we won't bounce back again! Many people now realize what a close shave it was the last time . . . how desperately near we were to chaos and national ruin.
MUST we come down with another crash? MUST we ignore, not one, nor two, nor three—but the dozens of lessons taught us by history? MUST we head straight along the road-to-ruin we took the last time?
It's what's beginning to happen, right here—now—in our country.

People are making more money than they ever did before and spending it. Spending it faster than they ever did before.
The old "short-life-but-a-merry-one" story is back with us. But how merry IS it?

Where's the money coming from—"prosperity"? No . . . war. From the Business of Death we've been forced into. From things made to kill people. From things to kill other people so they won't kill us.
Win, lose, or draw, the war will end some day. No war has lasted forever.
Then what?

Those same war-factory wheels will again slow down and stop. Men will walk out of factories, and hear the gates closed behind them—many of them to stay closed.
And maybe the green grass will grow between the stones of the factory courtyards before the men will come back to work again . . . slowly . . . a few at a time.

The same as the last time? And the time before that?
Well it shouldn't be, but it will be even worse—unless we use our common sense now!
There's no special Providence watching over this country, in spite of all our songs and slogans.

Luckier, yes. Our land is fairer—endowed with more riches than other lands. And we've worked hard—or used to, anyway. Nobody knows how much is left of American spirit and guts—yet. We think it's greater than before. The Japs and the Germans will find that out.
But listen Mister . . .

Don't fool yourself! The time's going to come when you'll need those dollars you're throwing around now.
If hard times catch up with you, it isn't that night-club proprietor who's going to return the money you spent in his place—no, not any part of it!

And all the unnecessary gimmicks and gadgets you think you need now won't be worth a dime on the dollar then.
And when your pockets are empty it won't be because you'll be taking money out of them—but because no money will be going into them.

How about those bright kids of yours? Will they have to work instead of going to high school or college.
And those beautiful rings you bought your wife? Supposing you lose your job . . . how long can you last before pawning those bangles, for a fraction of what they cost you?
So look . . .

When you want to spend money or buy something new, just imagine you were spending your next-to-the-last dollar.
Don't ask how happy you'd be with what you get for your money—but whether you'd be miserable without it.

That's the only test. Otherwise you're just kidding yourself. Lighting matches to ten dollar bills you're going to need—sure some day.
What? Oh, you're making more money? Then save more—don't spend more!

Because the money we all save now will play a tremendous part in the after-war economy of our country. The money we save now will be a cushion of buying power—those sorely needed dollars to "start things up again" in our civilian economy—to keep us from national bankruptcy until the wheels start moving again. The dollars you waste now may be the dollars you'll need then—yes, perhaps even for such matter-of-fact things as bread and milk and meat.

Why do you suppose your government urges you to save? It's perfectly simple—to ward off disaster. To make sure that the crash that "couldn't happen here" doesn't happen again. So that possible (if not probable) after the tail end of a bread line fifteen-million-people long. So that a war we win by fighting won't be lost by waste.

Remember, we're at war! Dollars are needed just as much as men—to back up those men—to give your boy, your brother, or your pal the stuff he needs to beat the Axis, and come back alive.
Money wasted on foolish luxuries won't do this. Once spent, it's gone, and neither you nor the boys fighting for you are any better off for the spending.

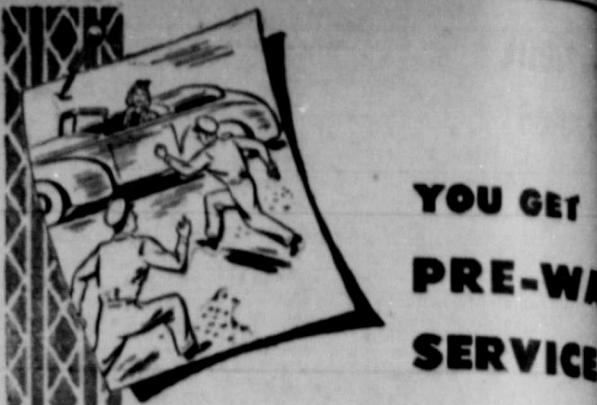

But the dollars you save in War Bonds, in your savings account, or by buying life insurance, will help. Uncle Sam buys the guns, the tanks, the ships and the planes we must have to survive and win.
And those savings will guarantee your future—the financial future of you, your family, and the boys who are fighting for us all.

Nobody can tell you what's going to happen after the war, or its tearing effect on the nation.
But somebody can tell you what will happen to you . . . You can.
Make a plan and stick to it. Guarantee your own future. So many dollars every payday into War Bonds, into your savings account, and for life insurance.

Then, come hell or high water, follow your plan. Protect your family. Build up reserves. Create a stock of money and make it grow. Your money. Your Bonds. Your Protection.
And the bigger the stock of savings you create, the better off you'll be—to buy the good things you will want when the war is over—that new car, that refrigerator and radio and you can't get now—things that make American life the best in the world.

Meanwhile, helping yourself, your savings money will go to work helping your country, to provide fighting equipment for your boys to lick the Axis—homes for war workers—roads, railroad equipment and ships to transport war materials from the factory to the front. Your dollars working for Victory and Peace!

So, when you save wisely, you're helping your country and yourself at the same time. Honest, now . . .
Could you ask for anything better?

Thanks TO YOU

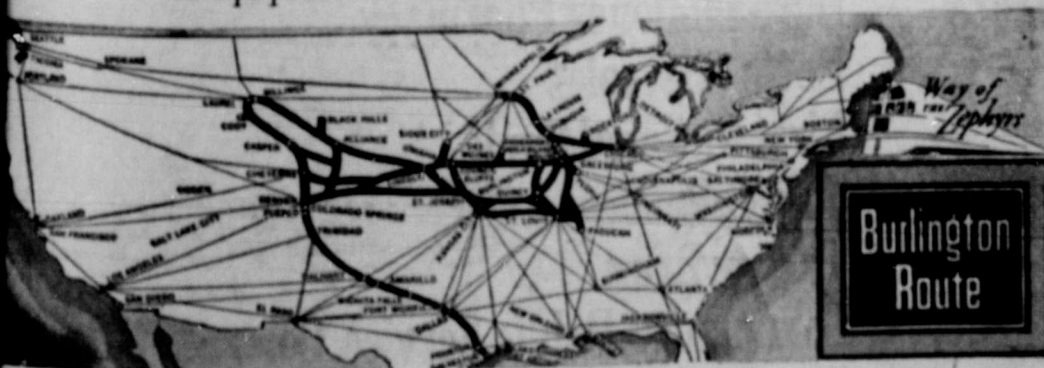

AMERICAN FAMILIES are doing without many accustomed things now-a-days. That's one way in which all of us are able to play a definite part in speeding the day of Victory.

Have you ever stopped to consider just how important this "doing without" program really is? It lacks the drama and the lustre of more direct action, to be sure, but our entire war effort might very well collapse without it.

Take the one item of travel, for example. Thousands, yes tens of thousands of people are foregoing pleasure travel these days. By thus "doing without," they are assisting America's railroads in handling their gigantic war assignments with speed and efficiency. It's a job that simply couldn't be done without the public's willingness to "do without."

For this spirit of cooperation, we of the Burlington Lines extend our sincere thanks. We're looking forward to the day when we can show our appreciation more tangibly—in terms of equipment and service fashioned to peacetime standards.

Hall County Will Stand by FDR Reports Staff Writer of Amarillo News After Taking Poll in Memphis

By PAT FLYNN
(in Amarillo News)

Voters of Hall county are not in the least disturbed over local delegates going to Austin un-instructed. They are going to vote for Roosevelt again by a top-heavy majority, if he is nominated, "come hell or high water," a Globe-News poll conducted on Memphis streets this week showed. Those polled don't care if local delegates were for the two-thirds rule being restored; they don't want negroes voting in Democratic primaries and they don't give a hang who heads the Texas delegation to the national convention. They say Dan Moody is as good a leader as Coke Stevenson. But they do know they will vote for Roosevelt.

Of 160 persons interviewed, 115 will vote for Roosevelt against any Republican, while 35 prefer to change. Ninety-three favored a fourth term and 67 were opposed.

Professional men were the only ones showing a majority against the president. Of 20 polled, six were for and 14 against, but 12 will not vote for Roosevelt, if nominated, while eight will.

Business men react differently than most in the Panhandle. While 25 opposed a fourth term to 15 wanting one, 26 said they would support Roosevelt as the Democratic choice to 14 refusing to vote Democratic if Roosevelt ran.

Farmers are top-heavy for the administration. Twenty-six want the fourth term; 14 do not; but 32 will vote for Roosevelt to 8 not wanting him again.

Laborers swear by Roosevelt in Hall county. Thirty want him to run again; 5 do not. Thirty will vote for him; five will not.

Women polled are equally as strong for Roosevelt as farmers and laborers. Sixteen want the fourth term and 9 do not; but 19

will vote for Roosevelt where six say they will take the Republican candidate in preference.

A majority agreed that "if it were peace-time, we wouldn't want any man holding more than two terms of office." They admit the domestic program of the administration "often has proven lousy." But they think Roosevelt is the man to finish our war program and will vote accordingly.

Jim King, county chairman, has been named with C. C. Gibson of Amarillo as delegate from the 18th congressional district to the national convention in Chicago. They are "regular delegates" and will go un-instructed. H. G. Hamrick, Amarillo, and Mrs. T. M. Braly of Pampa, were elected alternates. Dave Warren is delegate-at-large, the first such delegate yet afforded this district, and Tom Jones, Canadian, will have his name on the ballot as elector from this district.

King doesn't believe the "bolters" will be recognized at the national convention as the Austin affair was held in accordance with all state laws, he says.

But local voters believe Roosevelt will be the Democratic choice for nominee and intend to vote for nominee and intend to vote for him by a huge majority.

Ration Panels In Need of More Volunteer Helpers

County-wide price panels of the War Price and Rationing Boards throughout the nation are stepping up their activities in an all-out effort to keep the cost of living at the level that has been maintained for the past year. Boards in the Lubbock district are cooperating in every way with this move, the Office of Price Administration has announced.

Stressing the need for more price panel assistants, Howard R. Gholson, district director of the OPA, has announced that any man or woman who can volunteer a few hours each week to this community program should contact the price panel of his local board. "Whenever it is at all possible, we want to keep the price control program on a neighbor-to-neighbor

Dealers May Get New Tires Without Ration Certificates

During the six-week period from June 1 to July 15 dealers may receive new passenger tires and tubes from manufacturers without giving tire rationing certificates, the district Office of Price Administration announced today.

Officials pointed out that this move in no way changes the present method through which a motorist obtains a tire or tube certificate from his local board. The action was designed to facilitate the shipment of new passenger tires and tubes from manufacturers to dealers and will

bring about better distribution. Announcement was also made that any person desiring to enter tire business and intending to acquire allotment from a manufacturer under this ruling must apply to the district OPA for recognition as a dealer. This will make it possible for tire dealers who closed their establishments several years ago because of the limited tire distribution to re-enter business and obtain new passenger tires and tubes on a basis similar to the allotment provided for existing dealers.

HENS OF HALL COUNTY ENTER COMPETITION

Mrs. Robert Snowdon has entered the Big and Freak Egg contest. During the past few days her hens have produced two peculiarly shaped eggs. They are cigar-shaped, or rather shaped like a dirigible balloon—long and tapering at each end. One weighed four ounces and the other three. The one brought to The Democrat office was three and one-fourth inches long.

T. P. Fancher of Route 1 Lakeview has entered a large egg in the contest. It weighed about 4 1/2 ounces, and was produced by either a Rhode Island Red or Plymouth Rock.

The egg brought in by Mrs. R. E. Lowe last week proved to be two eggs in one. The outer egg contained the usual yolk and white besides a perfect egg with shell and all was inside the first egg.

IT'S TEAMWORK THAT DOES IT

The 5th War Loan starts next week

WHEREVER your invasion forces are fighting—at sea, in the air, on the ground—they're working together for victory. They know that they must depend on each other, for only by coordinated teamwork will they win through to final victory in the earliest possible time.

The Fifth War Loan starts next week. It's going to take teamwork—a lot of it—to put this drive over the top. For we've got a job to do. As the tempo of invasion rises every one of us must mobilize for support of our fighting men.

In every city, town and hamlet men and women like yourself, have banded together as war bond Volunteer Workers, giving their time to taking your subscriptions for bonds. Support them. Give them the kind of teamwork our boys are giving to each other on the fighting fronts!

When your Volunteer Worker calls, double your war bond subscription. It's their job to help raise \$16 billion of money for victory during this Fifth drive, \$6 billions from individuals like yourself.

Make up your mind to welcome your Victory Volunteer with a friendly smile and an open checkbook—remembering that it's teamwork that does it!

Back the Attack! - BUY MORE THAN BEFORE!

HOOPER SHAW

I remember from school.

I once had to do a composition about the world's greatest invention being wheels. Just think of gear-wheels, water-wheels, and especially all the wheels for transportation! But right now the greatest thing of all, I'd say, is to keep wheels going; keeping your car in service, for instance. There's this and that to help you. There's one motor oil and another. Now from what I know, the explosions in any engine must produce acids, which brings up the bright idea of safely OIL-PLATING your engine's insides with Conoco Nth motor oil. You want to prevent damage from acids... internal corrosion! Some things are especially good at fighting corrosion, and OIL-PLATING comes in that class. Even chromium plating, just for comparison, couldn't stay closer to working parts than this protective OIL-PLATING. It battles corrosion, so as to help you preserve your transportation as soon as you switch to Conoco Nth oil.
