County Bond Rally Set For Saturday, July 1

A county-wide patriotic and war bond rally will be held in Memphis on Saturday night, July 1, it was announced today by the bond committee of which C. T. Johnson is chairman.

Air force veterans from overseas duty, now stationed at Childress Field, will appear on the program and entertainment numbers also will be provided by the Childress field personnel. Patriotic talks, an auction sale in which valuable prizes will be awarded and various other features will make up the rally.

Full details of the program, which will be held on the courthouse square, will be announced next week.

Bond sales in the county have been dragging, the committee reports. A tabulation Thursday morning shows that Hall county people have bought approximately \$100,000 in bonds since the drive opened. This is less than 25 per cent of the county's quota of \$455,000.

ROY FULTZ

Fultz Family to Leave Memphis

Move to Wichita Falls Next Week; New Manager Water Company Coming

Mr. and Mrs. Roy Fultz and family are leaving Memphis. They will move to Wichita Falls around July 1. Mr. Fultz is retiring from the Community Public Service company. He will devote his time to his real estate and other properties in Wichita Falls and that area.

Succeeding Mr. Fultz as manager of the water company will be Clark Wallace of Gatesville. He is with the Community Public Service company there and will move here next week.

Mr. Fultz came to Memphis from Petrolia 13 years ago last November. During his residence in Memphis he has taken an active part in all civic and community affairs. He is a member of the Rotary club and a director and past president of the chamber of commerce. He was one of the leaders in the move to have an honor roll of service men and women erected in Memphis and raised a large portion of the funds for that purpose.

Memphis Nosed Out by Airmen; Play Clarendon

Dropping their first game of the season to Childress Air Field last Sunday, the Memphis sluggers will take on Clarendon here Sunday in a return engagement. Pop Phelan has strengthened his club since Ed Hutcherson's crew gave him a 9 to 9 walloping two weeks ago on the Clarendon diamond and sends word that he'll be here Sunday after revenge. The game will be at 2:30.

Last Sunday's defeat was a tough one for Memphis. A ninth inning rally put four runs across for the Bombardiers after Memphis apparently had won a nip-and-tuck struggle, which saw classy pitching on both sides. Snootz Edmondson had held Childress to 4 hits up to the fatal ninth and the Sluggers were leading 5 to 3. The four runs came on three hits and an error after two were down, the final score being 7 to 5.

Edmondson struck out the first three Childress batters and chalked up a total of 13 in the game. The contest was scoreless until the third when Childress shoved a run across. Memphis came back in the fourth with a pair and the bombers tied it up in the seventh for a time at least. When Memphis came to bat George Thompson uncorked a triple to left to score two mates and later came home on Hale's hard bunt to third.

Memphis was held for seven safeties by Katz, the Bomber pitcher, and the game was pretty much of a pitchers' duel. Despite five errors charged to each team play on the field was airtight most of the time.

Only One Primary For Hall County, Committee Rules

Bragg Enters Race for County Attorney; Candidates Assessed Expense

There will be no run-off primary in Hall county this year, such a decision being reached at a meeting Monday of the county Democratic executive committee. Candidates were assessed a total of \$690 to pay election expenses.

As there are no contested races for county offices which will not be settled in the first primary, the committee voted to make no plans for a second primary in August. Candidates for state offices must pay the expense of a second election if one is held in Hall county.

W. J. Bragg filed with the committee last Saturday as a candidate for county attorney. Saturday was the final date for candidates to get their names on the ballot.

County Chairman Jim King has called a meeting of the primary committee for next Monday when the ballot will be made up and other arrangements made for the election, which will be held on Saturday, July 22.

The committee at its meeting Monday took no action relative to either admitting or barring negro voters from participating in the primary.

The following were named as election judges: Morgan Baker, W. E. Watson, W. B. Stargel, Fay Berry, J. A. Ballard, Wade Davis.

Plea for Unity on Home Front Heard at Annual C-C Meet; Seek Hospital

Community Leader

OTTIE B. JONES

Ottie B. Jones, chosen by the Chamber of Commerce as the city's outstanding civic leader during the year and given the organization's award of merit at the annual banquet Monday night, Mr. Jones is manager of Waples-Platter Grocery company and has been active at all times in civic, church and community undertakings.

A stirring appeal for unity on the home front and a scathing denunciation of war profiteers were voiced Monday night by Lieut. Gov. John Lee Smith before 300 persons attending the annual meeting of the Memphis Chamber of Commerce.

At the same time, Hery Teubel of Tulia, 18th district commander of the American Legion, admonished the audience to "put everything you have into the war" and sounded a warning that American troops have just begun to fight.

The organization's annual award to a local citizen for the most meritorious service to his community was presented to Ottie B. Jones at the conclusion of the meeting.

Securing of a veterans' hospital for Memphis was set up as the main objective for the immediate future and reports by committee members on the project were considered most promising. Two committees, one representing the Chamber of Commerce and the other the American Legion, plan to go to Washington late in July in behalf of the hospital project.

Jim King and T. J. Dunbar will represent the chamber of commerce. O. V. Alexander and Henry Teubel of Tulia will present a plea from the Legion. Members of the Legion from this congressional district have endorsed Memphis as a site for the proposed hospital.

C. T. Johnson in reporting on the post-war outlook for air service in Memphis said that numerous companies are seeking permits to operate through here and that everything is being done now that is necessary to meet the demands of the airlines when service is made available.

Morgan Baker reviewed the drilling of water test wells last Fall under the sponsorship of the chamber of commerce—and advocated an increased water supply for the city.

Mining no words, Mr. Smith said there are two groups in America who are making unjust profits while our fighting men are dying on the field of battle. They are the CIO and the war contractors. He flayed selfish labor leaders and profit mad contractors as being un-American. Those responsible for strikes in time of war are traitors, he charged, "because they give aid and comfort to the enemy."

He was particularly resentful of the recent strike in the Chrysler plant where engines are manufactured for the super flying fortresses, pointing out that the strike started the very day the super forts bombed Japan.

Mr. Teubel, who was born in Germany, and is a veteran of World War I, said that the war may last a long time and that casualties will run into the hundreds of thousands before Hitler is whipped. He urged an all-out home front effort, saying that liberty is worth everything we have.

Upwards of 300 persons attended the banquet and meeting, which was held in the high school gymnasium. A ranch style barbecue was served by members of the Memphis Parent-Teachers association.

Temple Deaver was master of ceremonies, a job which he handled skilfully. Invocation was pronounced by Rev. Jeff Moore. Group singing was led by T. E. Noel, President C. C. Hodges introduced directors and committee chairmen and Mrs. Murray Dodson directed the campfire scene and music, featuring the cowboy fiddle band.

In presenting the cup to Mr. Jones as having done the most outstanding work for the city during the past year, George R. Cullin lauded Mr. Jones' work in behalf of "everything worthwhile, the church, the chamber of commerce, and all civic undertakings."

Comment was unanimous on the selection made by the committee. Most persons agreed with Mr. Cullin when he said: "This cup is going where it rightfully belongs."

Services Tuesday For W. M. Hillyer

Pioneer Resident Passes Away at Home of Daughter, Last Saturday

Funeral services were held Tuesday afternoon at four o'clock from the First Methodist church for Walter Monroe Hillyer, widely respected pioneer resident of Memphis. Mr. Hillyer passed away last Saturday at the home of his daughter, Mrs. J. A. Kutch of 913 Cleveland street. He was 84 years of age.

Mr. Hillyer was born in Choctaw county, Miss., on January 10, 1860. He moved to Hall county in 1908 from Johnson county, near Cleburne, and resided on the same place, two miles southwest of Memphis, from the time he arrived here until his death.

He was married on September 21, 1885 to Miss Addie Laura Kennon of Cleburne and is survived by his widow and seven children, all of whom were present for the funeral. The children are Mrs. Kutch of Memphis; Mrs. Ora Smith of Fresno, Calif.; Mrs. Tom Crow of Lubbock; O. A. Hillyer of Medford, Ore.; H. W. of Portland; A. A. and Kennon of Houston. He had 25 grandchildren and 16 great grandchildren.

Mr. Hillyer was a life-long member of the Methodist church and served for a number of years as a steward. The funeral services were conducted by Rev. E. L. Yeats at which time Mayor J. Claude Wells made a talk on the good citizenship qualities of Mr. Hillyer. Interment was in Fairview cemetery under the direction of the King mortuary.

Pall bearers were Theo. Swift, P. O. Young, D. A. Neely, R. N. Melton, E. A. Thomas and C. A. Crow.

CLAUDE'S COMMENTS

By J. C. W.

I have fourteen instead of thirteen readers of this column. Last week I stated I had thirteen, and received a card from Lubbock with this wording: "13 readers of your column—sounds to me like you are bragging. (signed) Jeff." I hadn't been counting Jeff as one of my readers, so he makes fourteen, and I'm still not bragging—much.

I don't know whether Lee Thornton reads this column or not. Last week I asked him a question, but the type got jumbled up so it was unintelligible, and guess Lee overlooked it. The question asked of Mr. Thornton, who is president of the old settlers reunion, was: "Do you think the old settlers will want to meet this year for a one-day session." If Lee reads this, then I have fifteen readers.

G. H. Crews, an old timer here but just 84 years young, observed his birthday June 10. He recently recited to me his latest poem about the lowly flea, and it was a wow.

For the past few days summer has been on in earnest. Crops are growing and the weeds right along with them. There are several weed patches right up close to the business section of Memphis whose owners should pay some attention and start getting them amputated right close to the ground. Buddy of Sgt. Donah Adams Believes Lakeview Gunner Crashed in Mountains In Fortress Flight From China to India

The buddy of S/Sgt. Donah L. Adams, gunner and engineer on a Flying Fort and who has been missing in the South Pacific since January 25, has been visiting Sgt. Adams' family, Mr. and Mrs. W. L. Adams of Lakeview.

He is First Lieutenant H. B. Tyra, whose home is in Leveland, and who has just returned to the states from General Chenault's 14th Air Force headquarters in China.

Lt. Tyra is a Fortress pilot who has 435 hours of combat flying to his credit and who has made 108 missions, most of them over the mountains between China and India.

It was on one of these flights that Sgt. Adams was lost. Lt. Tyra was at the field when Sgt. Adams and his crew took off for India. There were 23 men aboard that day and the weather was bad. The base in India where the craft was to land had a radio report

from the plane, saying it had fuel left for an hour and a half. There was no further word, and Lt. Tyra said he was unable to give Sgt. Adams' family much hope for the safety of their son.

It is believed at his headquarters that the plane crashed in the high mountains.

Lt. Tyra and Sgt. Adams were in training school together and served in Puerto Rico at an American base in 1940 and 1941, before going to China as members of the Chenault bomber force. Lt. Tyra, who is but 22 years of age, has been awarded the Distinguished Flying Cross, the Air Medal and two Oak Leaf Clusters. He was reluctant, however, to talk about his flying missions.

He spent several days at Lakeview with Mr. and Mrs. Adams and family and returned to Leveland on Monday.

Cotton, Grain Loan Values Are Set For County

Loan values on 1944 cotton, grain sorghums and wheat for Hall county farmers have been announced through the local AAA committee.

Cotton loans will be on the basis of 90 per cent of parity as of August 1, 1944. All 1942 cotton covered by government loans must be removed by August 15, the Commodity Credit Corporation has announced.

Loans on grain sorghum will be on the basis of 95 cents per bushel, with a 5-cent deduction for No. 3 grain and 15 cents per bushel.

Wheat loans are set at \$1.44 per bushel, Kansas City market, less freight.

Rotary Picnic is Thursday Night

Wives and families of Rotarians will be guests tonight at the annual Rotary club picnic at the city park. Barbecued chicken will be served.

Various games and stunts have been arranged for the program, reports President O. V. Alexander.

Fines and Jail Sentences Given In 10 OPA Cases

Fines were assessed ten men and three others were given jail sentences by Federal Judge James C. Wilson at Amarillo in cases filed by the Office of Price Administration charging violation of rationing and price control regulations.

Those who received fines, ranging from \$25 to \$750, were B. H. Cooper and Harry G. "Cowboy" Hazelwood, Groom; Bo Barrett, Willie Harris, Robert Oliver, E. L. Lightfoot, Johnnie Robinson, Joe McNeil, and Frank Kelly, all of Pampa.

Leon "Sonnie" Clemmons, Pampa, charged with illegal transfer of gasoline coupons, was sentenced to 90 days in jail.

Charged with purchase of gasoline without ration coupons and with illegal possession of loose gasoline coupons, Marion F. Dakan, Amarillo, was sentenced to one year and put on probation for two years.

Curtis Bush, Silverton, charged with defacing a coupon book, was given a \$100 fine or 30 days in jail.

Trash Must Be Properly Placed To Be Hauled

City Gives Warning to Business Men If Free Service to Continue

If you want the city to haul away your trash in the future you had better do your part.

In a notice to the public the council warns business firms that the trash must be placed in proper containers and either set outside in the alleys or inside the back door—and the door must be kept open.

Declaring that many persons and firms have abused the free service provided by the city, the council instructed the collectors not to gather up trash, either inside or outside the buildings, not to climb stairs to get trash and not to go "around to the front or through some other buildings to get to the back door of a business house."

In short, the collectors were told to gather the trash if it's there, properly placed; otherwise to pass it by. The council also reminds business firms that there are city ordinances against permitting trash to be scattered in the alleys at the rear of buildings.

The new system will be given a trial, the council decided. If it doesn't work, free trash disposal service will be discontinued.

New Draft Rules Effective July 1

New methods of induction of men into the armed forces will become effective July 1, according to instructions received by the local draft board.

After that date men will not be classified for army or navy service when they take their pre-induction examination at Lubbock but will be placed in two classifications, for "general military service" and "limited military service."

From this pool the draft board will fill induction quotas. No limited service men will be taken except on instructions from the state board.

Men will not be required to take a second pre-induction physical examination, even if more than 90 days have expired since they were examined, but will be given an examination at the time they are ordered up to report for induction. If they pass they are immediately inducted.

The local board sent the following men to induction centers last week: William Robert Scott, L. M. Wigginton, Willie Rube Neely, Paul Eldra Miles, Ray Ivan Parker and Howard Glenn Wooten.

Mrs. Hardin is Shower Honoree At Pierce Home

A shower complimenting Mrs. Isador Hardin, a recent bride, was given Thursday evening, June 15, at the home of Mrs. Aubrey Pierce, with Mrs. Pierce and Mrs. Dick Spoon as co-hostesses.

Many lovely gifts were received by the honoree. Her mother, Mrs. Elmer Siddle and her aunt, Mrs. C. M. Hagood of Beaumont, assisted her in opening the gifts. Two readings were given by Margaret Ann Massey and Betty Jean Solomon played a number of accordion selections.

The living room was decorated with cut flowers. Refreshments of punch and cake were served in plates decorated with small flags and a miniature bride and groom graced the bride's plate.

Mr. and Mrs. Hardin left Tuesday morning for Dallas where Sgt. Hardin reports to the Eighth

Service Command for future orders. He and Miss Juanelle Siddle were married on May 23, shortly after his arrival here on a 25-day furlough from service in Italy with the American Air Forces.

Attending the shower were Mesdames Elbert Stephens, Charles Weir, Hagood, Ordio Jones, Sidney Lesley, R. N. Melton, B. Webster, John L. Brewer, Spoon, Harry Aspgoen, Miss Clara Jo Hayes, Miss Joan Daniels, Margaret Ann Massey, Betty Jean Solomon, Mrs. Siddle and Mrs. Pierce.

Those sending gifts were Mesdames Ira Lawrence, Henry Newman, Leon Randolph, Charles Peters, Frankie Smith Hamilton, M. C. Robertson. Mesdames Pauline Wynn, J. J. Mildred Lamb and Sgt. Mothershed Married Here

Miss Mildred Lamb, daughter of Mr. and Mrs. Creed Lamb, became the bride of S/Sgt. Joe Loyd Mothershed, son of Mr. and Mrs. R. N. Mothershed of Farnell, June 14 at 8 o'clock at the Baptist parsonage in Memphis with Rev. Jeff M. Moore officiating.

S/Sgt. and Mrs. Alton Dewlin, sister and brother-in-law of the bride, were the couples only attendants.

The bride wore a black knee-length formal, and her corsage was of white gardenias. Mrs. Dewlin's dress was of navy blue and red carnations formed her corsage.

Mrs. Mothershed finished Memphis high school with the class of 1931. She is owner and operator of Mildred's Beauty shop.

Sgt. Mothershed has been in the marines for eight years, and has seen 28 months of combat duty in the Pacific. He is home on a 30-day furlough.

A wedding dinner was given at the home of the bride's parents following the ceremony. Only the immediate family and Mrs. Herbert Curry attended.

Leon Helm, valedictorian of Newlin high school, has gone to Liberal, Kansas, where he has accepted employment at the army air field as a bookkeeper.

Mrs. Curtis Harrell was taken to the home of her parents, Mr. and Mrs. Roy R. Fultz, Monday, after undergoing an appendectomy in a local hospital last week.

From County Men in the Armed Forces

Louis Browning, on the USS Detroit, writes his parents, Mr. and Mrs. E. S. Browning, about a recent bombardment of Japanese territory in which he was a participant. His letter: June 15, 1944.

Dearest Mom and Pop: Well, I got about eight letters from you all today and I was really glad to get them. They were really good. When I get mail—I get it all at once and then I can write letters for a week and still don't catch up. I got one from Dorothy, Bill, two from Hazel, one from Colleen, and ten from you all. I didn't realize I did get so many until I started counting. Anyway—keep the good work up cause I love every one of them.

Well, guess what, I took part in a recent bombardment of Japanese territory. It was a successful and well executed attack. Thus I've had an opportunity to take a slap at a Jap, and we didn't lose a man and had no damage to any of our ships. That's all I can write about it but I was lucky to get to write that... but you know the censor regulations.

Boy, I'm prouder of our new home than you all are. It thrilled me to death to find out that you have really bought it. It cost quite a sum of sheekies but it was worth it. Gosh! I can hardly wait to get home and see it all. Keep it pretty cause it ain't gonna be long from the way things look now.

The invasion of France thrilled us all. We got it (the news) one night and it sure thrilled us all. There's still a long ways to go but I think we can take it if we all work hard. We've been having a bond drive and it went over pretty good.

That's about all for now, so keep writing to me and let me know all the dope around the "Queen City." I very seldom ever

member of his crew is from a different state. He writes his sister, Mrs. Phaeton Alexander, "They are a swell bunch, and I am the oldest."

Award of the good conduct medal has been made to Cpl. John C. Denton of Lakeview, who is serving with an emergency rescue squadron in the Mediterranean Allied Air Force. He is a radio operator and is the son of Mrs. Lee Denton of Lakeview.

unsatisfactory, and don't speak favorably for the owners.

The committee of the chamber of commerce whose duty it was to select citizen number one for Memphis, made the right selection which was announced at the banquet Tuesday night. There are a number of men in Memphis who give lots of time, thought and effort to public affairs, but in Ottie Jones, Memphis has a citizen who works hard in civic affairs and in church affairs too. The loving cup rests in good hands and the committee is to be commended.

Memphis Banker Explains Various Securities Offered Investors in Fifth War Loan Now Under Way

T. E. Noel, president of the First National Bank, summarizes in the following message to the people of the Memphis area the various securities offered the investor in the Fifth War Loan. Mr. Noel is familiar with all of the war bond securities and has been active in the promotion of bond sales. He is a member of the Hall County War Finance committee.

For the average man and woman, there is no better bond than the Series E Savings Bond, and this should be the basis of every portfolio of securities. It provides the maximum return of all government securities, yielding 2.9 percent if held to maturity, which is ten years from the month of issue. This is a better return than can be obtained from money invested in a savings bank or in any comparable security of a private corporation. Bought at a discount—75 percent of maturity value—these bonds, at maturity, return \$4 for every \$3 invested. Even if circumstances compel a person to redeem them before they mature, the purchaser never gets less than he paid for them although the redemption value provides a lesser interest return if they are cashed before they come due. Denominations range from \$25 (\$18.75 purchase price) to \$1,000 (\$750 purchase price), and purchases are limited to \$5,000 maturity value (\$3,750 purchase price in any one calendar year although with respect to bonds held in co-ownership, the amount may be applied to either person or apportioned between them.

The Series E Bond has many uses. It is an excellent birthday or other gift. It provides an excellent method for accumulating funds for the education of children, or a person desiring to set up his own retirement plan.

Series F and G Bonds are designed primarily for the larger individual investor or for small corporation, association, church societies and others. The Series F Bond, like the Series E, is a discount bond, which is sold at 74 percent of maturity value. It runs for 12 years and yields approximately 2.53 percent if held to maturity. The Series G Bond is issued at par and is attractive for persons desiring steady income on semi-annual interest at the rate of 3 1/2 percent a year is paid by Treasury check. The G Bond is particularly attractive for elderly persons as it is payable at par on the death of the owner or co-owner. Series G Bonds are redeemable six months after issue, at the option of the owner, at fixed redemption values printed on the Bond, which are less than the face value of the Bonds to provide for a lesser interest return if redeemed before maturity.

Series C Savings Notes provide an excellent means of providing for Federal income, estate and gift taxes as they may be presented in payment of such taxes, current or back, at par and accrued interest, at any time during and after the second calendar month after the month of purchase. They are eligible as collateral for bank loans, and may be redeemed for cash six months after the month of the purchase, so they also provide an excellent vehicle for short term investments in the event that they are not used for taxes.

The 2 1/2 percent Treasury Bonds run for 24 years and are obtainable in either coupon or registered form. The newer Bonds are readily marketable. They are attractive long term investments for insurance companies, and other large investors, corporate and individual, and may be used as collateral for bank loans.

The 2 percent of 1932-54 are an excellent medium term, readily marketable security for investors of all kinds.

A newcomer to the basket are the 1 1/2 percent Series E Notes of 1947 (about 2 1/2 years) which provides an excellent investment medium for corporations building up post-war reserves for inventories and war plant conversions, or for the temporary investment of depreciation, depletion and other reserves.

Therefore, whatever your investment need may be, you can find the security you are looking for in the Fifth War Loan basket.

What news will Gen. Eisenhower get from us?

You know now what we've heard from him. We've heard that Eisenhower and his Americans have hurled themselves like a thunderbolt against the bristling defenses of Hitler's Wehrmacht! We've heard that they are battering and smashing at our foe—sparing neither steel nor sweat nor blood in one final, furious assault that marks the supreme military effort of this War! And what news do Eisenhower and his men expect from us? Men and women of America—what the Invasion is to our fighting men, the 5th War Loan is to us at home! For us, as well as for them, this is the crisis—the time for tremendous, overwhelming effort! Make no mistake! The 5th War Loan is the biggest, most vitally important financial effort of this whole War! If the 5th War Loan is to succeed, each one of us must do more than ever before—must buy double... yes, triple... the Bonds we bought last time. Our men expect to hear that we are buying double—that we are matching their sacrifice as best we can—that the American nation, soldiers and civilians together, is making one gigantic effort to win this War! That's the news our men expect to hear from us. Will you personally see that they get it?

- And here are 5 more reasons for buying Extra Bonds in the 5th!
1. War Bonds are the best, the safest investment in the world!
 2. War Bonds return you \$4 for every \$3 in 10 years.
 3. War Bonds help keep prices down.
 4. War Bonds will help win the Peace by increasing purchasing power after the War.
 5. War Bonds mean education for your children, security for you, funds for retirement.

Back the Attack! - BUY MORE THAN BEFORE!

NEWS about boys in the Service

Clyde E. Messer, in the and now in the Ad- Islands, writes his par- and Mrs. R. V. Mes- follows:

Admiralty Islands Sunday May 21, 1944

Dear Mother and Father: I am wondering are well. I am okay. you are in Church today. too late this morning. are at 9:00 so I to go this time.

you will be having by the time you get this guess every body is busy crops there now.

not heard from you wrote you last, just hope all and that you are hear- me. I write lots. I did papers last week, guess all quit soon. Say, how any is it going to take a honor roll? I see they collecting for it, must a sign.

There is a news reel islands. I don't know if like it really is or not, didn't see it. I do know ere lots of camera men I guess the picture will about six months from

was asking about an Es-

Some of the boys were de- clared this week. One in our squad got the Purple Heart for wounds, some got the silver star—they were nice, but I hope I never get a Purple Heart. Dick gets one, he has to go back to the hospital. I am afraid his hand will be stiff. He is okay otherwise. I went to see him the other day but he was gone.

I am enclosing a Japanese bill that was to have been used in Australia, the land they never saw. They had some for the U. S., but this is as far as they ever

made it. You see they had great ideas. I must run along now, tell every one hello for me. I remain your son, CLYDE.

Oh yes, give this to Mr. Wells and tell him he can print this if he cares to. I want the Democrat to keep coming, I look forward to each issue.

Mrs. Harold Bradley has re- ceived the following letter from her husband who is in the 21st Infantry now serving in New Guinea:

Dear Wife and Son: Will write you as I know you are worried to death about me. But you see we have been through our first real battle. It was not as bad as I expected, although I was very scared lots of times. Our company did not lose a man, and very few hurt. We were all very lucky.

We have very modern homes here, they are fox holes and we are glad to have them, believe me. So you can know life must be wonderful.

I am sending you my watch and other things home. In my work I would just break my watch, and have no place to keep the other things, so you can keep them for me.

Boy, those dead Japs sure looked good to me, and I have really seen lots of them, and I hope to see many more. They are the good ones.

I hit the jack pot yesterday, re- ceived seven letters from you. Boy, sure makes a fellow feel good to receive letters each day. That is really what keeps a fel- low going I guess, and your letters about our boy. Guess he will be grown before I see him, sure looks like it. When are you going to send me the picture of him? My buddies have sent home most of their pictures of their moth- ers, wives, and girl friends. I have only a few left and I can't part with any of them.

I saw Robert Clary the other day, and he said that he had seen Joe Berry, and he said he was sure a big man. I would like to see him. Sure makes you feel good to meet the boys back home but don't get to see any of them very often.

Looks as if home can never be the same again, but all we can do in pray that everything will turn out for the best. Guess I had bet- ter close as it is getting dark. So, write often, and I will write every chance I get. Don't worry for I am alright. Love, HAROLD.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feet constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recom- mended by grateful users everywhere. Ask your neighbor!

JOIN GULF'S "Anti-Breakdown" Club TODAY!

BEFORE THIS WAR IS OVER, there may be only two kinds of people in America . . .

1. those who can still get to work in automobiles,
2. those who are forced to walk.

If you want to be in the fortunate group who will still be riding to work in automobiles, join Gulf's "Anti-Breakdown" Club today. How do you do it? Just come in for Gulf's Protective Maintenance Plan!

This plan was conceived by experts in car care. Gulf developed it because car maintenance is a most important civilian job. (The Government says civilian car maintenance is one of the services essential to winning the war, because 8 out of 10 war workers use automobiles to get to work.)

Here's Gulf's Protective Maintenance Plan..

1 It protects your car at 39 DANGER POINTS!

GULF'S Protective Maintenance Plan includes Gulflex Registered Lubrication which reaches up to 39 vital engine, chassis, and body points. Six different Gulflex Lubricants reduce wear.

2 It gives you a CLEANER, smoother running motor!

GIVE your car a good motor oil and change regularly. Gulf offers two outstanding oils . . . Gulfride, "The World's Finest Motor Oil," and Gulfube, an extra-quality oil that costs a few cents less.

3 It stretches your 'A' coupons!

AIR-FILTER and spark-plug cleaning, and radiator flushing help give better mileage. A clean air filter makes gas burn more economically; clean plugs increase power; a clean radiator prevents overheating.

Gasoline powers the attack . . . Don't waste a drop!

4 Get an appointment at your GULF STATION!

TO HELP YOUR Gulf Dealer do a thorough job on your car, make an appointment. Phone or stop; to him at the station. Then you should encounter no delay when you get Gulf's Protective Maintenance Plan . . . 15 services in all!

GENERAL DeGAULLE IS IN THE WAY

That temperamental ego of General DeGaulle has broken out again. If he can't tell General Eisenhower how to run the invasion he won't co-operate. To our way of thinking he's being shown up in a very bad light. By refusing to co-operate with the Allies, who are invading France to liberate it from the Nazi oppressors, General DeGaulle is getting in the way of our liberation forces.

That is what we don't like about his attitude, able and patriotic as he may be. For, if he gets too much in the way of American doughboys, or his interference should reach the point that it means any extra loss of life, then it's time for drastic action. There is no time to pamper the whims of DeGaulle or any other Frenchman so long as American soldiers are falling on the plains of Normandy in an all-out sacrifice to reclaim French soil for General DeGaulle's countrymen.

The least he can do is to co-operate with our invasion forces until the Germans have been eradicated—and then if the French people want him as their national leader they will have that opportunity. They have been promised that right by the Allied high command. What General DeGaulle should remember is that the French are in no position now to make any choice. Their one hope of survival now rests in the success of our liberation forces.

DeGaulle can't help them now, and he should have sense enough to know it; he also should have sense enough to know that General Eisenhower, General Marshall, President Roosevelt and the American people are not in any mood to put up with too much of his grand opera temperament, if one wants to be kind enough to blame his acts on temperament.

He's been in the way long enough. He either should co-operate or shut up and cease making impossible demands. If he doesn't the Allies should lock him up.

THE CITY ISSUES A WARNING

The Democrat hopes that business men of Memphis will heed the warning of the city council as to new policies being put into effect for the removal of trash. All of us want to keep our streets and alleys clean and also our places of business. The city is providing the means and the manpower for the hauling of trash but it must have the co-operation of store owners if the job is to be done satisfactorily.

Proprietors of business places shouldn't expect city employees to do any more than load the trash and haul it off. There has been a tendency, however, on the part of some to expect the city employees to come inside the places of business and gather up trash as well as to gather trash that had been thrown in the alleys. Such an attitude is out of all reason. The city is providing a free service in the removal of the trash; if this is not appreciated it may be terminated. Then the business man will not only have to collect his own trash but will have to get rid of it himself.

Press Paragraphs

SELECTED FROM THE DEMOCRAT'S EXCHANGE

A constant attitude of thankfulness in the mind and heart of an individual can accomplish a great deal. It increases one's appreciation of things that he has. It allays discontent and brings in its place satisfaction. It causes one to realize that living is not so much the mere getting of more and as it is the fuller appreciation of what one has. An appreciative individual can find happiness wherever he is, and finding true happiness is one of life's greatest rewards. — The Foard County News.

In a recent survey among New York shoppers it was found that almost 70% of the women would prefer not to have advertising on radio programs. In the same survey over 86% of the women interviewed said they would object if newspapers were published without advertising.

In other words, the survey made it obvious that radio advertising is concered by most women to be an annoyance whereas news advertising is a service just as much as the news.

We imagine that the women in this town feel pretty much the same way about advertising as do the New York City women. It's not that they object to advertising "news" being broadcast with programs, but many object vehemently to the long, insincere harangues which many advertisers have, for some reason, decided is the right technique for selling their products.—Paducah Post

CONSIDER THE possibility that people are tired of bond drives; They do get monotonous it is true. But don't you think it gets monotonous to our soldiers at the front? Take the boy who followed the Germans across North Africa, into Sicily, on into the Mainland, Salerno, and then Rome? Don't you imagine that after weeks of fighting in front of Cassino, a mass of rubble, that the boys felt that it was getting a trifle monotonous? — Briscoe County News.

CARD OF THANKS

Non-Farm Youth Being Utilized in Harvest Fields

As harvesting in Texas grows in volume, reports from 90 counties show that a total of 3,030 non-farm town and city youths had been recruited and placed on farms through June 2. According to C. Hohn, state farm labor supervisor for the A. and M. college Extension Service, 506 of these have been placed in Brown County and 201 in Mitchell. Meanwhile, a total of 5,022 workers had been sent to farmers over the state on the same date.

A survey of the combine situation shows it to be well in hand in counties where cutting of small grain is in progress. North and northwest counties are saturated, but there is need for more in the general region of McCulloch and Kerr counties and effort is being made to fill the need. About June 25, however the peak in grain harvesting will be in sight, and more than 800 additional combines and 200 operators and other farm hands will be needed. Efforts to recruit this emergency labor over the state are already being made. Hohn announced that a plan recently was worked out with the Eighth Service Command for the orderly use and efficient utilization of war prisoners which will permit allocating them on an acreage basis and in critical areas according to crop variations.

Warns Against Use of Mineral Oil in Cooking

Increased war-time use of mineral oil in dressing, dressing, salted nuts, potato chips and doughnuts may have serious nutrition consequences.

This concern is expressed by Hazel Phipps of the A. and M. College Extension Service who cities nutrition research at state experiment stations which have shown that mineral oil robs the body of at least two of the fat-soluble vitamins necessary to health and also of two important minerals, calcium and phosphorus.

The American Medical Association also has issued a warning against indiscriminate use of mineral oil, Miss Phipps says.

TUNE IN! WALTER PIDGEON in "The Star and the Story," Sunday evenings, C. B. S. Network.

LION AUTO STORE

East Side Square Telephone 58 Memphis, Texas

I'll predict no-miles-an-hour.

I'll hand it to folks. They've had the patriotism to hold down their speed. But imagine war restrictions ended. Man, you'll see old cars overdoing till they can't chug another mile. You'll see every repair shop crowded for months, but I'm figuring to duck that! Of course, I couldn't see everything coming when I originally had this engine OIL-PLATED. I'd simply overheard that any engine forms dangerous corrosive acids. It made sense to try protecting the engine by OIL-PLATING it with Conoco Nth motor oil. I switched to Nth. You can suit yourself about thinking it's the only oil or not, but first read

the whole label. You'll see where Conoco Nth oil's special synthetic fastens OIL-PLATING to your engine's fine inside finish. Then OIL-PLATING is really sort of a special surface to block steady acid corrosion. When repairs might be just a promise, and you can only pray for a new car, you're way ahead with your engine safely OIL-PLATED by Conoco Nth.

of Returning Service Men mer Jobs Outlined in Bulletin red by Selective Service Board

rights of returning men to former jobs are detailed by the state service board in a state draft board and local re-employment C. L. Caviness is the committee chairman for and will assist dis- veteran men in obtaining er jobs where they are

that he can do so. If unable to qualify for an upgraded job, he is, nevertheless, entitled to a position equal in seniority, status and pay to the one which he left.

A veteran is entitled to reinstatement in his former position or one of like seniority, status and pay, even though such reinstatement necessitates the discharge of a non-veteran with greater seniority.

A veteran is entitled to his former position or one of like seniority, status and pay, and may refuse another, even though the pay is greater and offers other advantages.

Seniority rights accumulate during the veteran's period of active service in the armed forces in the same manner as they would have accumulated had he remained continuously at work in his civilian occupation.

In the case of jobs created by war expansion, the "permanent" or "temporary" character of the job likewise depends upon the facts and circumstances in each individual case.

The memorandum further points out that:

A veteran entitled to reemployment rights has recourse in the courts to recover back pay, even after reinstatement if it was improperly delayed or postponed by the employer.

A veteran entitled to reemployment may not be discharged from his restored position "without cause within one year after such restoration." The question of what constitutes "cause" is to be determined by "standards of common sense" and is to be measured by "practices and customs generally acceptable in industry or practices and customs in common and accepted use in the particular place of employment."

CARD OF THANKS

We wish to take this means of thanking each and every one for the kind words spoken during the illness and death of our beloved sister and aunt. Also for the beautiful floral offering. May the same kind deeds be yours when sorrow comes your way, is our prayer.

VITAL TO VICTORY

Milk and its products have gone to war on every front, states War Food Administrator, Marvin Jones. They are dropped by parachute in the remotest jungles of the Pacific. They are carried by planes above the earth and by submarines under the seas. They nourish fighters on shipboard, on the beaches, in the deserts and in the mountains of all the continents of the earth.

They reduce accidents in war plants. They lessen fatigue periods. They keep workers producing at maximum efficiency.

Because these foods are so essential to Victory both on the fighting front and on the home front, civilians must in some cases do with less than usual. However, states the National Dairy Council, the very knowledge of the vital need of dairy foods in preserving the American way of living will make them even more appreciated in building a better and a stronger nation as normal quantities become available.

"ARE YOU MY DADDY?"

YES, sonny boy, I'm your daddy—the daddy you don't remember because you were just a few months old when I left for war.

War is heartless, little man. It doesn't give much heed to family ties. But, along with millions of other men and women in uniform, your dad is doing everything he can to help another war from starting when you're grown up and the children of your own.

It's more than good Americanism to invest in War Bonds... it's good business. Let's buy more Bonds than we planned, now during the 5th War Loan Drive... and let's keep on doing so!

Aunt Ellie Says...

When you can detect unpleasant food odors in your refrigerator, then it's time to take steps. A bath with warm soapy water will freshen it up in no time. For real effectiveness, add a tablespoon of baking soda to the solution. You'll have a "sweet" refrigerator that you'll be proud of!
