City Council Calls Election to Vote on Bonds for Airport

Balloting Set for Friday, June 21

Decision to hold a bond election, in which bonds not to exceed \$15,000 would be sold to buy land for a municipal airport, was made at a called meeting of the city council of Memphis last Friday. The location of the airport has not yet been determined, but it is believed that the \$15,000 raised by the sale of bonds would be sufficient to purchase the necessary land.

The election date has been set for Friday, June 21. This date was decided upon at the regular meeting of the city council Tuesday night, Mayor C. C. Hodges and Councilman Wendell Harrison, chairman of the council's airport committee, announced.

If the bonds are voted, the land would be bought, leased to a man for erecting buildings and building runways—the man to be responsible for the maintenance of the field, and the land would be paid for almost in its entirety by proceeds from the lease.

Here is the full story of the proposed airport: The first step will be the holding of a bond election to get permission from the taxpayers to sell bonds against the city not to exceed \$15,000. When the bonds are approved by the public, they will be sold, and the land will be bought.

Location of the land is not definite. Two places have been considered—the property of the late T. J. Hampton north of Memphis, and that of Lonnie Widener (known as the Howard Randal place) east of Memphis. Blueprints in detail have been drawn up by government authorities, showing how the runways and buildings could be constructed on each of these two places.

After the city has bought the land, it is to be leased to W. P. Roberts of Burkburnett, a recent-

Funeral Services Held at Estelline For J. A. Roberts

43-Year-Old Resident Of Roxton Was Visiting In Home of His Mother

Funeral services were held Thursday afternoon of last week at 4 o'clock at the West Side Church of Christ in Estelline for J. A. Roberts, with Minister Alva Johnson of Turkey officiating.

Roberts died at the home of his mother, Mrs. Martha E. Richardson, in Estelline Thursday morning at about 2:10 o'clock. Interment was in the Estelline cemetery under the direction of the Estes Funeral Home.

Although his home was in Roxton, Roberts had been visiting with his mother for the past 18 days. He was 43 years, 11 months, and 2 days of age at the time of his death.

Survivors include his mother, two half-brothers, and two half-sisters. Pallbearers were S. W. McDaniels, S. P. Phillips, J. B. McKinney, W. P. Butler, Clyde Rogers, and B. E. Glass.

Flower bearers were Rene Sims, Billie Lutts, Mrs. Michie Maupin, and Mrs. Clyde Rogers.

New Water Wells For Local Supply Near Completion

Officials Hope to Ease Shortage if Production Meets Expectations

Two new water wells, which company officials hope will greatly ease the summer water shortage in Memphis, are in the process of being completed by the Community Public Service company, W. V. Coursey, local manager, stated this week.

One of the wells has already been dug, but no pumps are available at present to put it in working order, Coursey said, and therefore the capacity of the well has not been determined.

The new wells are located on the Landrum Stanford farm west of Giles.

The second of the two wells is now being dug, and tests indicate that it will go to a depth of about 140 feet. The first well is 163 feet deep.

"We do not want to make promises which we won't be able to fulfill," Coursey stated. "However, if the wells produce enough water, we will offer special irrigation rates to the public. That proposition will be contingent on the supply, naturally."

It is known, however, that the water from the new wells will be of a better quality than that now in use. Tests have been made and the newly-found water will have much less mineral content than the present supply.

In Memphis to aid in the completion of the work is D. W. Robinson of Fort Worth, superintendent of water and gas for the company. He stated that indications are that the wells will be good producers, but that it is hard to tell in advance how much a well will pump.

Chief speakers at the morning business session were Dewitt T. Ray, president of the Texas Bankers Association, and Warren A. Barrett, manager of the Consumer Credit Department, Commerce Trust Company, Kansas City. The business session terminated with the election of officers.

A buffet luncheon was served in the Crystal ballroom of the Herring Hotel, site of the meeting, at noon, and the afternoon was devoted to entertainment and recreation. An association golf tournament was held at the Amarillo Country Club, and a tea dance was held in the ballroom.

The one-day session closed with a John Snider barbecue at the Tri-State fair grounds.

Bond Sale Campaign Begins Today in U. S.

"Back your future" is the self-interest theme of the Treasury Department's June promotion to stimulate the sale of U. S. savings bonds which opens June 6 (D-Day anniversary) and runs through July 4.

Hall County's dollar objective toward the Texas goal of \$33,000,000 is \$46,500. O. V. Alexander, county savings bond committee chairman, was informed by Nathan Adams, state chairman, this week.

"It is not the purpose of this promotion to increase the national debt," Adams wrote, "nor is it a drive in the sense of a war bond campaign. But it is more a drive to inform the public of the importance of buying bonds in order to hold their stake in the government and to build a good future."

The entire effort is centered around three main points, Alexander explained. They consist of the "back your future" angle, an anti-inflationary move, and a movement to keep the national debt spread.

Judging from the increasing savings accounts, the high interest levels, and other indices, the money is available for investment in bonds, Alexander pointed out. Issues available will be the usual E, F, and G savings bonds and tax notes. No marketable issues will be offered.

Texas' objective in the campaign will be to sell 33 million dollars in the bonds. The present state sales have been averaging about 13 million dollars in E bonds each month since January 1.

During the first four months of this year, Hall County sales averaged almost \$15,000 each month. January proved to be the lowest month, and February the highest.

Sales for the first four months of the year are as follows: January, \$7,500; February, \$26,137.50; March, \$15,825; and April, \$11,831.25.

No concentrated campaign for Hall County is contemplated, it was explained. Hall Countians were urged, however, to buy more bonds in an effort to combat inflation, as well as to build up a reserve for the future.

LOCAL BALL CLUB DEFEATS QUANAH; TO PLAY WELLINGTON HERE SUNDAY

66 Boys Turn Out For First Meeting In Summer Set-Up

Softball League Formed; City Ball Schedule Gets Underway at School

That the youngsters of the city highly approve the summer recreation program of the Memphis school board was evidenced Monday when 66 boys turned out for the initial meeting with Coach Curtis Kelley.

First activity started was a boys' softball team, and three games were played. The Democrat Gold Sox defeated the Durham-Jones Buffaloes 5 to 3; the Horns defeated the City Drug Wildcats 9 to 8; and the Thompson Hardware Blackhaws whipped the Lions Club Panthers by a 3 to 1 score.

Thirty boys were present for the skating activities Monday night, and 38 turned out for swimming Tuesday afternoon.

Next Sunday's schedule is as follows: Wellington at Memphis, Quanah at Quail, Amarillo Times at Childress, and Samnorwood at Clarendon.

With next Sunday's games, the first half of the league play will be completed.

County May Get About 100 Carloads From Wheat Crop

Grain Dealers of Memphis Predict Largest Yield In History of Hall County

Sixteen carloads of wheat, totaling 1,715,000 pounds (60 pounds of wheat to a bushel), have been shipped from Memphis to date, J. J. McMickin, depot agent, said at noon today.

Hall County farms have an excellent chance of producing approximately 100 cars of wheat from the spring crop, grain dealers of Memphis predicted this week.

Little of the wheat has been cut thus far, the dealers contacted said, since most of the farmers are waiting until the wheat has thoroughly matured.

Those farmers who are cutting green wheat are losing money both for themselves and for the dealer who buys the grain, it was explained, since green wheat gives such a poor grade in the necessary tests.

However, a number of farmers have cut some excellent wheat already, dealers pointed out, and some of these farmers are getting very good yields.

One farmer, A. S. Bevers, cut wheat on six acres, and realized a yield of 119 bushels, giving him almost 20 bushels to the acre.

Some farms, however, are yielding as low as four bushels to the acre, grain dealers said.

Fifteen Candidates Seek Office Of Governor as Filing Closes

With only ten days remaining for candidates seeking county and precinct offices to file their names with the chairman of the democratic executive committee, the democratic party is beginning to draw nearer to the climax—and that climax will be the first primary July 27.

Deadline for filing for county and precinct offices is June 15. The deadline for filing for U. S. senator, and for state offices was Monday, June 3, and the political front found 15 candidates for Texas governor and 6 for lieutenant governor.

The last day for filing for U. S. representative, state senator, state representative, district judge, and district attorney was May 20. At that time, Congressman Gene Worley from the Panhandle district ended up unopposed for the first time since he has held the office. District Judge L. E. Gribble is also unopposed. District Attorney Sam J. Hamilton is opposed by Leonard King, Childress lawyer.

Candidates for governor, many of them unknown in this section of the state, are: Floyd Brinkley, Baytown; William V. Brown, Texas; A. J. Burks, Odessa; Charles R. Hutchinson, Dallas; Beauford Jester, Corsicana; Case March, Waco; Walter Scott McNutt, Jefferson; W. J. Minton, Sherman; Dr. Homer Rainey, Austin; Jerry Sadler, Longview; Grover Sellers, Sulphur Springs; John Lee Smith, Austin; Joe L. Hill, Austin; C. R. Shaw, Houston; and Reese Turner, Austin. Governor Stephenson's name was filed by friends, but in an address last week, he stated that he would not be a candidate and was having his name removed from the ticket.

For lieutenant governor are: Boyce House, Fort Worth; Larry Mills, Dallas; Drew C. Nichols, Austin; Allan Shivers, Fort Worth; Turner Walker, Houston; Joe Ed Winfree, Houston. Attorney General: Price Daniel, Liberty; and Pat M. Neff Jr., Houston. Railroad commissioner: Mac Coker, Dallas; Olin Culberson, Edna; Ike Lyons, Houston. Superintendent of public in-

Engineer Makes Report on Plant

No Costs Given Estimate Made Following Survey

Study Reveals Suitable Equipment to Cost Approximately \$423,000

Two estimated costs, depending on the type of machinery installed, were given by Carl C. Cox, Amarillo, electrical engineer employed to make a survey of the needs of the city, when he presented his findings on the proposed municipal power and light plant before the city council at its regular meeting Tuesday night.

By installing three 500 horsepower diesel engines, the cost was estimated at \$423,242; for three 1000 horsepower engines, the cost would be \$486,290, Cox explained.

The figures were arrived at following a two-weeks survey of the needs of the city. Cox pointed out that the figures are for a plant capable of pulling the entire electrical load which might be required.

The estimates are liberal, rather than conservative, the engineer explained. Due to the rising prices of materials at present, he showed sufficient margin in his estimates.

The cost will cover all phases of the plant, including a large number of additional lights for residential district, as well as more efficient lights for the business district. The estimate also includes money for a brick building to house the equipment, and sufficient sum for a working capital to start the plant off.

The council, however, has set date on the time for the bond election. The bonds to be voted (Continued on Page 12)

Fourteen Scouts to Attend Camp at Lake Marvin

Two Cars to Be Required To Transport Local Boys To Ki-O-Wah at Canadian

Fourteen Boy Scouts of Troop 1 will attend Camp Ki-O-Wah at Lake Marvin at Canadian, beginning Monday, June 17, and ending until Saturday, June 22, scoutmaster Theodore Myers said this week.

"We will need two cars Sunday, June 16, to take the boys to Canadian, and also two cars to come to Canadian June 22 to bring the boys back home," Myers said. "If somebody in Memphis will do this, please let me know by June 10. It is important that we have these cars as this is the only means of transportation that we can use."

The camp is sponsored once a year by the Adobe Walls Council and scouts from all over the Panhandle attend. There will be about 400 scouts at the camp, Myers explained, and they will gain valuable experience in scout work by attending a week. The camp is located 18 miles southeast of Canadian at Lake Marvin, and a permanent scout camp.

Scouts to attend from Memphis are Donald Payne, Leroy Green, Jim Goodall, Billy West, Bobby West, Adrian Combs, Bobby Taylor, Donald Corley, R. A. Wells, Royce Rhudy, Tom Messer, Jack Knight, Carl Smith, Assistant Scoutmaster Winfred Messer, and Scoutmaster Myers.

Candidates—Here's Your Opportunity To Speak Again

With politics drawing nearer to the boiling point, Hall County office-seekers will once more get an opportunity to tell what they are "for" and what they are "agin."

This time the speaking will be held in Estelline. The date is Saturday night, and the place will be in front of the Bell Drug store where a loud-speaker system will be set up.

The 1932 Culture Club will sponsor the sale of cake, lemonade, and sandwiches, it was announced.

Prospects Good For Bumper Crop Of Fruit in Texas

Prospects for a bumper fruit crop are good over all parts of Texas, according to C. R. Heaton, horticulturist of the Texas A. and M. College extension service.

But, like the farmer who was saddened by his wonderful potato crop because there were no culls for the hogs, Heaton says the heavy load of fruit is using up so much plant food that there is a slow growth of limbs and twigs.

Next year's fruit crop, he points out, will be borne on the new wood now forming.

Since there will be lots of fruit on the market anyhow, Heaton recommends that fruit be thinned out from 4 to 6 inches. He suggests leaving the better quality fruit, removing the fruit that has been damaged by hail, brown rot, peach scab, or curculio. This will throw some strength to the new growth of limbs and twigs and will result in a high percentage of large quality fruit.

The orchard should be cultivated at a shallow depth as often as necessary to protect the busy trees from competition with weeds and grass.

Many sandy soils are short on nitrogen and a top dressing of a pound of nitrate of sod or ammonium sulphate per tree in late May or early June will help hold fruit and promote growth. If the trees show they need it-by light colored or slow wood growth-a 200 pound per acre application of a balanced fertilizer is needed.

Presbyterian Bible School to Be Held

The vacation Bible school of the First Presbyterian Church will be held the remainder of this week and throughout next week, Rev. B. L. Peacock, pastor, announced. The first session of the school was held this morning.

Classes will be held daily from 9 to 11 o'clock each morning, Rev. Peacock said.

All children are invited to come. It was explained, for the classes, recreation, fellowship, and fun.

Pat Neff Opens State Campaign

Pat M. Neff, Jr., candidate for attorney general of Texas, is already hitting the high spots in what he avers will be a vigorous statewide campaign.

His range this week will be from Orange to El Paso. Next week he will launch a strenuous town-to-town drive that will take him into every section of the state before the first primary June 27.

Neff did organizational work in the Houston-Beaumont-Port Arthur-Orange sector this week before jumping across Texas to El Paso for a brief visit with friends and a radio talk.

Changes Are Made In Train Schedules

Important changes in passenger train schedules, affording faster and better passenger train service over the Burlington Lines between Texas and Colorado to become effective Sunday, July 9, were announced this week by J. J. McMicken, Memphis agent.

An equalization of the evening departures from Dallas and Fort Worth for the Texas Panhandle and Colorado has been effected, providing a 9:15 P. M. schedule out of Dallas, and a 9:25 P. M. schedule out of Fort Worth with an arrival in Amarillo for overnight Pullman passengers the following morning at 8:40 A. M., 1'10" earlier than heretofore. This train will reach Denver at 10:00 P. M. the following evening after departure from North Texas, 1'30" earlier than the present time.

The southward Gulf Coast Special will leave Denver at 7:30 P. M. the same as presently, but its arrival in Amarillo will be at 10:05 A. M. the following morning, 32" earlier, Fort Worth at

7:50 P. M. and Dallas at 9:10 P. M. a full hour sooner than these cities now are reached.

The Texas Zepher from Colorado will arrive in Fort Worth at 7 A. M., 20" earlier, and Dallas at 8:25 A. M., 10" earlier than presently. The departure of this train for Colorado will be set back 30" at Dallas, from 1:30 P. M. to 2:00 P. M., and to 3:10 P. M. at Fort Worth, 25" later than its present schedule, with the same arrival in Denver at 8:15 A. M. Comparable changes and adjustments are being made on the same date at intermediate stations also.

"Don't bust your buttons, Pop!"

There's PLENTY of HOT WATER"

There's hot water for the whole family when you have an automatic gas water heater... hot water for baths, shaving, laundry, dishes—steaming hot water if you want it—in abundant quantities. Natural gas service is an everyday miracle providing comfort and convenience in your home, providing clean, efficient fuel in your factory.

WHAT IS THE SECRET OF THIS MIRACLE OF SERVICE?

There's really no secret at all... just huge underground reserves of natural gas, plus thousands of miles of transmission lines to carry gas from the wellhead to your burners.

United Gas Pipe Line Company, with more than 6,000 miles of main pipe lines in the Gulf South area, transports natural gas to the city gates of 169 communities in Texas alone—to 312 cities and towns in the Gulf South. The United Companies are good citizens of the area they serve—spending millions of dollars in payrolls, taxes and royalty payments every year. This money benefits every family in Texas in one way or another.

ACTS ON THE KIDNEYS

To increase flow of urine and relieve irritation of the bladder from excess acidity in the urine

Are you suffering unnecessary distress, backache, run-down feeling and discomfort from excess acidity in the urine? Are you disturbed nights by a frequent desire to pass water? Then you should know about that famous doctor's discovery—DR. KILMER'S SWAMP ROOT— that thousands say gives blessed relief. Swamp Root is a carefully blended combination of 16 herbs, roots, vegetables, balsams. Dr. Kilmer's is not harsh or habit-forming in any way. Many say its marvelous effect is amazing. All druggists sell Swamp Root.

When Your Back Hurts -

And Your Strength and Energy is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, neurachic, zittiness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won country-wide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

How To Make Your Will Before You Make Your Money

Many men work and save for a lifetime and still do not leave their families as much as the man who—though he may live but a few of his earning years—makes his estate certain FIRST, through Life Insurance, and then works and saves to keep it in force. For, if you live but a day, your Life Insurance will pay your family all you had intended to save. It guarantees the delivery of money as you designate, that administers itself, without loss, expense or delay.

Pressure Cooker Clinic to Be Held

A pressure cooker clinic will be held at the Lakeview Home Ec cottage Monday afternoon at 2 o'clock, Lena M. Austin, Hall County home supervisor, announced this week.

Other clinics will be held at the Parnell school Tuesday afternoon at 2 o'clock, and at the Estelline school Wednesday afternoon at 2 o'clock.

Any one who desires to have their cooker gauges and entire cooker checked are invited to do

so at the meetings, Miss Austin said.

Gauges on used cookers should be checked every year, and new cookers should be checked before they are used to insure safe food preservation, the home supervisor pointed out.

CORRECTION

In the story appearing on page 2 of this issue concerning the new schedule of the Fort Worth and Denver railroad, the date for the beginning of the new schedule is given as July 9. This date should read "June 9," instead of July 9.

Bond Election —

(Continued from page 1)

ly-released veteran of the Royal Canadian Air force, Roberts has offered to pay an annual lease of \$1,100 for ten years.

Under the contract, Roberts would erect his own buildings, including one hangar, one shop, and one office structure. These buildings would be forfeited to the city should he at any time fail to make the lease payment. He will pay one year's lease in advance, and place \$5,000 in escrow as a guarantee.

Roberts, who is a qualified instructor in aerial training, plans to establish a flying school here, open to all citizens but more especially to veterans who desire to learn to fly. Out of the proceeds of his school, Roberts says he would be able to make the lease payments and his expenses with a minimum of ten students every three months. He expects, however, to have many more students than the minimum of ten.

The flying school, Roberts said, will be organized under specifications set up by the Veterans Administration and the Civilian Aeronautics Authority. Veterans may obtain the flight training under the educational provisions of the G. I. bill of rights, with the government footing the bill for the training.

Roberts plans to start with four qualified flying instructors. Two

of these will be active instructors, and two will be used as spares. The first class will consist of 20 students, and a second class will be started within six weeks of the first. Roberts stated that he believes planes can be taking off and landing on the first strip within two weeks of the time the city acquires the land and turns it over to him.

A native Texan, Roberts' home town is Burkburnett. During the war, he was with the RCAF, and for the past several months, he and his brother have been operating a flying school at Nocona. Roberts will be placed entirely in charge of the field. He will erect his own buildings, aid in the construction of the runways, and then maintain the entire field.

The airport itself, however, will be a municipal affair, and will be open for landing by all planes. It will be set up under specifications of the Civilian Aeronautics Authority, thereby providing a landing field for commercial planes.

The proposed runways, two in number, will be approximately 400 feet wide, and sufficiently long in use to land upon. One runway is to be constructed north and south, the other each east and west. It is believed the field can be placed in operating condition within 30 days after the land is leased to Roberts.

The three buildings will include an all-metal hangar, 60x110 feet, with a concrete floor; an all-metal shop, 35x40 feet, with a concrete floor; and a 40x20 office building. Estimated value of the buildings will be \$10,000.

VISIT IN MEMPHIS

Major and Mrs. Standlee Roberts, former residents of Memphis, were here this week visiting friends. While here, they disposed of the household goods belonging to Mrs. Robert's mother, Mrs. T. R. Garrott. They left Memphis this morning for Denton for a short visit with Mrs. Garrott, who is making her home there, and will go from there to Perrin Field, Sherman, where Major Roberts is stationed. He expects to be released to inactive duty soon.

Patsy Jean Adcock went to Brownfield Sunday for a visit with her aunt, Mrs. Janie Lewis. Mr. and Mrs. Elbert Lewis of Brownfield were Memphis visitors over the week-end.

Miss Helen Madden, daughter of Mr. and Mrs. R. L. Madden, arrived in Memphis Sunday to visit with her parents. She has been teaching in Geneseo, Ill., for the past several years.

Paul Rainy Marshall and Karroll Taylor of Phillips spent Sunday in Memphis with Boaz Stotts.

Otho Thompson Dies in Amarillo

Otho Thompson, a hotel man for 20 years and well known to Hall Countians as the manager of the Herring Hotel in Amarillo since 1932, died of a heart ailment Wednesday morning.

He was a brother to Ernest O. Thompson, railroad commissioner and several times candidate for governor, and a first cousin of E. P. Thompson and Mrs. Byron Baldwin of Memphis.

Funeral services were incomplete this morning, pending the arrival of relatives.

Mrs. Mary W. Hawkins of Midlothian is visiting this week with Mr. and Mrs. C. M. Hawkins and family.

L. Coleman Is Elected President of Local Lions Club for Coming Year

L. Coleman was chosen as president of the Memphis Lions Club at the first meeting of the organization for the 1946-47 year at the meeting of the club Wednesday night.

Coleman, when he assumes his duties at the first meeting in July, will succeed Jim Vallance, Lion boss for the past year.

Herschel Combs was chosen as secretary-treasurer of the club. He has been acting in that capacity since December, when Hayden Hensley, then secretary, resigned as secretary due to his inability to be present at all the meetings.

Other officers named were M. O. Goodpasture, first vice president; Tom Posey, second vice president; Lester Campbell, third vice president; O. R. (Doc) Saye, Lion tamer; George Hayden, tail twister.

New directors named were Dr. M. McNeely and Edwin Gilliam. Directors serving their second year of the two-year term are Jack Boone and H. J. Howell. Also to be on the board of directors will be the immediate past president, Jim Vallance, and other new officers.

Coleman and the other new officers will officially take over their duties at the last meeting in June, and Coleman will be in charge at the first meeting in July. At that time he will outline the year's plans for the club.

Mrs. J. C. Wilson returned to Memphis Friday after spending a two-week's vacation with her daughter, Mrs. James Bills, in Wichita Falls.

District Governor of Plainview Gives Address On Objects of Lionism

The Lakeview Lions club entertained their wives and other guests on Thursday night of last week at the Lakeview School cafeteria.

A "family style" dinner was served and the menu included T-bone steak, gravy, mashed potatoes, green beans, whole grain corn, combination salad, apricot pie topped with ice cream, and iced tea.

Chas. H. Dean of Plainview, guest speaker and district governor, was introduced by the president, B. E. Davenport. Dean discussed the objects of Lionism and ended his talk with thoughts pertaining to Memorial Day. He reminded the group that we must not forget our boys who gave their lives for American freedom.

Joe Durham acted as master of ceremonies and the sing-song was led by Loran Denton. Rev. R. M. McAnally gave the invocation followed by special music by Jimmie Smith. Martha Lollis sang "Some Sunday Morning" accompanied by Miss Smith at the piano. An added fete for the group was Mr. Gatis, magician of Amarillo, who performed various mysterious tricks, such as having a cage containing a canary bird disappear.

About 65 Lions and Lionesses were in attendance, with 14 attending from the Memphis club.

Mrs. Kulp Given Literary Honors

In recognition of her outstanding contribution to contemporary literature, Vena Molloy Burt this week received an honorary membership to the Eugene Field Literary Society. This is a national association of authors and journalists, with headquarters at 3908 Olive street, St. Louis.

The author, who since her marriage is Mrs. Carl Kulp, is residing with her parents, Mr. and Mrs. J. W. Molloy of Lakeview, while her husband, Capt. Kulp, is with the armed forces in Japan.

She has had work published in eight national anthologies, and is contributing to three which are now in publication. She was a member of "Who's Who in American Poetry" in 1945 and has recently been accepted for 1946.

IT'S JUST WHAT THE DOCTOR ORDERED

MEMPHIS is going to have an airport. Just where it will be located is uncertain, and just when it will be ready for use is also uncertain, but indications are that it will be within the next few weeks.

Now that the city council has decided to call a bond election to raise money to buy land for an airport, it is almost a dead certainty that this city will have one.

If ever Memphis needed anything, that need is an airport—a good airport. Clarendon has an airport, Wellington has an airport, Childress has an airport. Memphis has none.

We are behind other cities in the development of an airport, and we must hurry to catch up. Whether you like it or not, travel by air is definitely here, and here to stay. If you thought the automobile was a passing fancy, then you may think the airplane is in the same category, and again you will be wrong. So Memphis must hurry and catch up with the crowd.

Naturally the high cost of installing such an airport, and getting someone to operate it after it was installed has been a holdback. There are a lot of angles to such a project, and those angles have just about been worked out completely now through the joint efforts of the city council and the chamber of commerce.

Whatever is good is going to cost money. The land which will be bought for the airport will cost money, and to buy the land, bonds must be voted. The bonds will be paid off partially by taxation, and partially by proceeds from the airport itself. It is roughly estimated, that if the bonds are bought with the provision to pay them off in 20 annual installments, the city will have to raise about \$600 additional money in taxes to take care of retiring the bonds. Taxpayers will hardly feel this extra amount, but will undoubtedly reap much more benefits annually than they expect at present.

The bond election will probably be called soon. Let's put it over, and show our officials that we have confidence in them, and confidence in the value of an airport. The future of this city depends on what we do to keep in step with progress. Let's not lag behind.

HONORED AGAIN

ONCE AGAIN one of Hall County's 4-H Club members has been awarded a high honor.

The young man to be highly commended for his work is Billy Hancock, son of Mr. and Mrs. O. M. Hancock of the Lesley community. Also to be commended are his parents, and the county agent, W. B. Hooser.

Regardless of what you may know concerning 4-H work, you probably realize the value to the boys themselves who are members, and to Hall County, of the work which is being done. This work is building a firm foundation for the agricultural future of Hall County, future which we know will always be strong.

The Democrat is happy to congratulate Hancock on his new achievement, and proud that he is a citizen of Hall County. We know that he will be a credit to this area and this state when he represents Texas at the national 4-H camp in Washington, D. C., this month.

How Long Must We Endure This Tyranny?

Press Paragraphs

SELECTED FROM THE DEMOCRAT'S EXCHANGES

Thankful
 Douglas Meador in the Matador Tribune: Once I complained with the hope that our readers will realize that while we do not speak for any big stockholders, any corporation officers, any mor-

Sunday
 The Briscoe County News: Once to Horace Greeley a farmer wrote disputing Greeley's claim that Sunday should be observed as a day for worship and relaxation. To prove his point, the farmer set aside one field on his farm as a demonstration plot. He plowed, sowed, cultivated, and harvested the crop on that field only on Sundays and, upon measuring his returns, discovered that the yield was equal to a similar size plot worked only on week days. He promptly wrote Mr. Greeley to say so. Mr. Greeley replied: "God does not settle all of his accounts in October."

The Wives
 Al Hinds in the Paducah Post: A bunch of us fellows are going to get our wives together some night and have a big evening—just as soon as we can decide where to leave them.

Peroxide
 The Claude News: A reporter covered a local baseball game and when he returned the editor asked him if anything of interest happened. He replied: "Nothing happened but there were a couple of crazy peroxide blonds who hollered, shouted, and kissed all the players when they made a home run." When he wrote up his column the head was: "Bleachers go wild."

They'll Buy Anything
 The Hereford Brand: Back-to-normalcy note: Local stores are selling (or offering for sale) genuine G. I. gas masks for the kids to play with. If we have a few more dust storms like that one Monday, everybody'll be buying them.

Production
 The Turkey Enterprise: G. L. Cooper reports that a 50-inch limb on a plum bush in his yard has 60 plums on it. He says he has no witness but you can come up and count them if you like—he did.

Aftermath
 The Floyd County Hesperian: When the vitality of the people begins to wane from lack of nourishment it may be that pestilence will become prevalent also. But so far this aftermath usually following in the path of fire and sword has been avoided.

"A-Giners"
 Ed Bishop in the Dalhart Texan: Unfortunately the Texan is not one of those newspapers that is big enough to accept subscription cancellations and criticism without feeling the effect. Recent editorials appearing in The Texan have not pleased all our readers and while the praise that has come our way has far outweighed the criticism still there has been some cancellations. And while we sincerely regret losing even a single reader, even when the paper shortage is so acute that we cannot accept new out-of-town

subscribers, we feel that a newspaper without an editorial policy is not serving its readers properly. And we shall continue that policy with the hope that our readers will realize that while we do not speak for any big stockholders, any corporation officers, any mor-

gage holders, we do speak for ourselves and shall continue to do so as long as we have the privilege of publishing a newspaper.

The Canyon News: A well known Britisher says that Amer-

This Week in WASHINGTON

Washington, D. C. (NWNS)—Labor leaders, led by John L. Lewis, have finally brought upon themselves legislation which will curb them much more than they have ever been curbed before. The senate, stirred up by public opinion, has at last agreed that it must do something—and the house is now in a mood to approve any curbs which get through the senate.

Although the new legislation is not basic, and does not establish a new government labor policy, it should realize that the public welfare still comes first with our government. It should also convince them of the fact that public opinion is still the strongest force in America—and that they cannot hope, in the long run, to put over any programs which are opposed by the public.

John L. Lewis' attempt to force employers to hand over health and medicine funds to unions has been thoroughly quashed by congress. Even the majority of pro-labor members of congress balked at the idea of permitting a union to tax employers. Congress has made it clear that whenever there is new taxing to be done it wants those taxes to flow to the public treasury.

Congress, because of its desire to close up for the summer, is not expected to try during this session to revise the Wagner act, but unless the labor-management picture is a lot brighter by next fall, complete revision of this law is anticipated. The Wagner act, originally passed for the purpose of promoting labor

peace, is now considered by many congressmen to have been one of the chief factors in encouraging the strike epidemic.

Statisticians here are gathering together all kinds of figures to try to find how much production has been delayed by the coal strike and the railroad strike. The figures haven't yet been analyzed, but it is indicated that the damage done may take many months to repair. And the end is not in sight—over 1,000 new strikes are now on labor's program.

Although the labor crisis overshadowed all other considerations here, there is speculation on the navy's revelation that it has a new weapon which puts the atomic bomb, the horse-and-buggy class. From the little information that has been released, it seems that the terrible new weapon is a biological one—probably a means of destroying masses of people by the spreading of deadly germs. It is understood that the weapon—which those who know about are praying will never have to be used—is complete in every detail. So far as is known it is a discovery which is entirely an American secret.

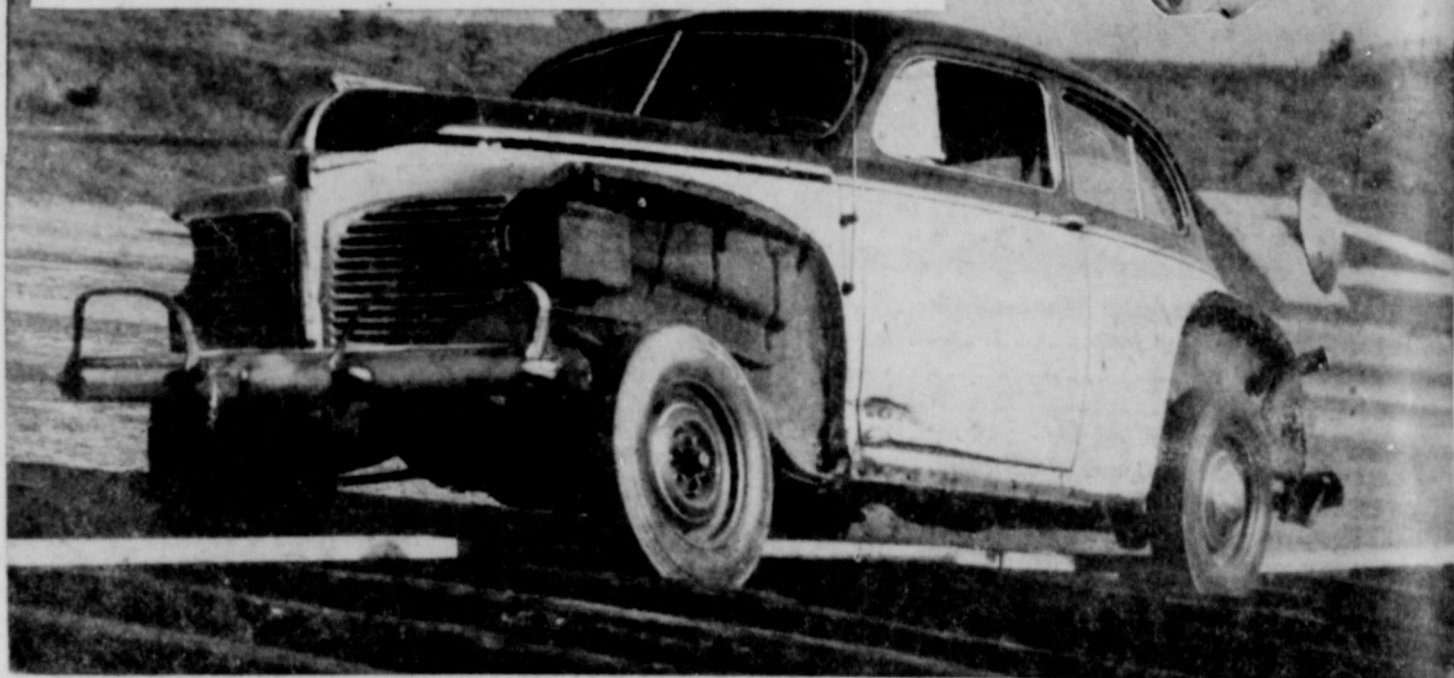

During the war it was feared on many occasions that the Germans, in desperation, might start germ warfare, since they were known to have done much research in this direction. It apparently our new weapon is powerful in its destructive powers that no nation would consider inviting that type of war now.

consideration our national weaknesses. It seems as if a weakness is being developed by the war ended.

Take a Stunt Driver's word for it!

"IT'S MILES AHEAD!" says stunt-driver Jimmie Lynch. "For mileage, for safety—for everything you want in a tire—this new B. F. Goodrich Silvertown beats them all!" And Jimmie should know! He's driven

it, tested it, proved it—in hundreds of punishing tests like the railroad-tie stunt shown here. (Note flying hub-cap!) So leave the thrills to Jimmie. Get B. F. Goodrich and be safe!

Come in today! Make your choice the tire that OUTWEARS PREWAR TIRES

TERMS THAT PLEASE ON THINGS YOU NEED

Tires are arriving regularly—perhaps we have your size now!

Motorists everywhere are clamoring for the new B. F. Goodrich Silvertown. And we want you to get yours—because they'll give you the safest ride, the longest wear you've ever known. And because they're the kind of tires that make life-long friends for us!

The new B. F. Goodrich Silvertown has a wider, flatter "road level" tread that gives you more rubber where you need it—on the road! It has a far stronger body because the cords are tougher and there's more of them. It contains an extra shock-absorbing

breaker strip to cushion sudden blows. Result? A tire that's safer than prewar tires because it grips the road better when moving, hugs it tighter in stopping. A tire that, in laboratory tests, resists bruising better than prewar tires. A tire that actually OUTWEARS PREWAR TIRES—even at high speeds! Little wonder we're having trouble keeping these tires in stock. But don't be content with anything less than the best! Place your order now. Perhaps we have your size. If not, you'll get yours sooner, if you order today.

Listen to the new B. F. Goodrich radio quiz "Detect and Collect" with Lew Lehr at M. C. on ABC network, Thursday evening.

Airline Service Is Discontinued

The Westex Airlines connecting Childress with Pampa and Fort Worth and Dallas has discontinued operations, it was reported in an article appearing in the Amarillo Times.

The normal flow of air traffic was not enough to justify the flights, according to Ralph Jones, manager and pilot. Flights were discontinued officially Thursday of last week.

Gayle Greene and R. S. Greene are attending market in Dallas this week.

LEGION TO MEET

The American Legion will hold its regular meeting Thursday night, June 13, at the legion hall, L. B. Merrell, post commander, said this week. The meeting will begin at 8 o'clock.

Mr. and Mrs. G. B. Chandler of Amarillo visited here Saturday night in the Swain Young home.

Miss Lillian Tevis of Perryton Is Wed To B. McCoy, Formerly of Lakeview

In a double-ring ceremony, Miss Lillian Tevis, daughter of Mr. and Mrs. S. P. Tevis, became the bride of Bobby McCoy, son of Mr. and Mrs. Bob McCoy of Borger, formerly of Lakeview, on May 24.

The vows were read by Rev. O. C. Curtis, pastor of the Baptist church, at his home at 8:30 o'clock in the evening.

Attending the bridal couple were Mr. and Mrs. N. R. Hutton, and Miss Anna and Cecil Tevis. Miss Tevis, sister of the bride, served as maid of honor and Mr. Hutton, brother-in-law of the groom, was best man.

For her marriage, the bride chose a beige gabardine suit with white accessories and her corsage was of pink gladioli. Miss Tevis wore an aqua suit with a corsage of pink carnations.

Mrs. McCoy is a graduate of the Perryton high school and a member of one of Ochiltree County's pioneer families. For the past few months she has been employed as a sales lady at the Orchid Shop.

The groom, a graduate of Lakeview high school, entered the armed forces as a Marine in 1942. He saw duty as an anti-aircraft

gunner in New Zealand, New Caledonia, Australia, New Guinea, New Britain, the Russell Islands, and the Palau Islands. He returned to the states in August, 1945, and was discharged in October of that year. He is employed by the North Plains Electric Co-op.

Immediately following the ceremony, a reception was held for members of the immediate family in Miss Anna Tevis' apartment in the Archer building.

The entertaining rooms were decorated with cut flowers. Miss Melba Jean McCoy presided at the guest book.

A lace cloth covered the refreshment table and was centered by a three-tiered wedding cake which was served with punch. The bride and groom cut the cake and used a large silver knife with a sheffield blade. The knife was made in England and was a gift to the bride's family from their son, Lt. Cecil Tevis, while he was serving in the eighth air force in England. Mrs. Dewey McCoy and Mrs. Van McCoy assisted in serving.

Attending were Mr. and Mrs. Bob McCoy, Mr. and Mrs. Van McCoy, Carolyn and Ronald, Mr. and Mrs. Howard Huffman, Mr. and Mrs. Dewey McCoy, Miss Melba Jean McCoy, all of Borger, Fireman First Class Billy Royce Curtis of St. Petersburg, Fla., Mr. and Mrs. N. R. Hutton, Bobby and Billy, Mr. and Mrs. S. P. Tevis, Anna, Cecil, Byron, and Arge Nell Tevis, all of Perryton.

NTSC SWINGTET—This group left North Texas State College recently for their debut into the theatrical world, and appeared in their initial concert at Leow's Capitol theater in Washington. They are Misses Mary Joe Thomas, Arline Truax, Hilda Cunningham, and Katherine Myatt. Miss Truax is the daughter of Glenn Truax, former Memphis bandmaster.

Sarah Emily Smith Becomes Bride Of A. E. Hillhouse in Lakeview Vows

In an impressive home ceremony, Sarah Emily Smith, daughter of Mrs. M. L. Smith of Lakeview, became the bride of Alvin Edward Hillhouse, son of Mr. and Mrs. Ben Hillhouse of Memphis, Sunday, June 2, at 3:30 o'clock in the afternoon.

Mrs. Hillhouse is a graduate of Memphis High School and West Texas State College at Canyon. She has taught in the Spur schools, and for the past several years has taught in the Lakeview public schools, where she served as principal of the grade school for the past two years.

The groom attended college at East Texas Teachers College at Commerce. He served four years in the Navy, overseas much of the time. He was discharged in October, 1945, with the rating of machinists mate first class. He now operates the Midway Grocery near Lakeview.

Following a trip to Denver the couple will make their home near Lakeview.

Out-of-town guests attending the wedding were Ben Hillhouse and Miss Daphne Hillhouse of Memphis, Mr. and Mrs. M. B. Smith and Iris, Marvin and Truman of Victoria, Mr. and Mrs. C. G. Smith, Memphis, Mr. and Mrs. Jake Merrell, Quitaque, Mr. and Mrs. Guy W. Smith and Lorraine and Arthur of Tulsa.

Given in marriage by her brother, Paul Smith, the bride was attired in an aqua wool crepe suit with white accessories. Her corsage was of American Beauty roses. The maid of honor wore a white crepe dress with matching accessories. Her corsage was of peach carnations. Mrs. Smith, the bride's mother, wore a blue and white sheer dress and her corsage was of pink carnations. Immediately after the ceremony, a reception for the wedding party and guests was held. Mrs. Paul Smith served punch. Mrs. Jake Merrell served the beautifully decorated three-tiered wedding cake, and Mrs. M. B. Smith registered the guests.

Rev. Russell McAnally, pastor of the Methodist church, Lakeview, read the impressive single-ring ceremony before an improvised altar of pink gladioli and fern, in the Smith home.

Miss Margarite McCoy was maid of honor. Leroy McCoy of Memphis was best man and M. B. Smith and Jake Merrell, brother and brother-in-law of the bride, served as ushers.

Iris Smith, niece of the bride and pianist, accompanied Mrs. Guy W. Smith who sang "Always" and "I Love You Truly." She also played the traditional wedding marches.

Attending were Mr. and Mrs. J. B. Riddle and sons, Mr. and Mrs. Edward Kennedy and children, L. A. Tucker and son, Mr. and Mrs. Sam Moore and daughter of Wellington, Mrs. J. A. Ballard, Grover Ewing, Mr. and Mrs. C. E. Wilkinson and son, Mrs. C. L. Sloan Sr. of Denver; Ted Bruce, Mr. and Mrs. F. E. Leary, and Mr. and Mrs. Sloan and daughter and son.

How women and girls may get wanted relief from functional periodic pain. Cardui is a liquid medicine which many women say has brought relief from the cramp-like aches and nervous strain of functional periodic distress. Here's how it may help:

1. It should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2. Started 3 days before "your time", it should help relieve pain due to purely functional, periodic causes. Try Cardui. If it helps, you'll be glad you did.

Final Meeting of 1932 Culture Club Of Estelline Held

The 1932 Culture Club of Estelline met for the last current meeting Wednesday evening of last week in the home of Mrs. S. T. Hutchins.

New officers were installed by Mrs. J. A. Ballard in an impressive ceremony on the theme of launching a new ship. The following officers were installed: President, Mrs. C. E. Wilkinson; first vice president, Mrs. Frank Cooper; second vice president, Mrs. Ronald Davis; secretary, Mrs. Bob Davidson; treasurer, Mrs. C. L. Sloan; historian, Mrs. Elbert Johnston; and reporter, Mrs. E. F. Kennedy.

The club has completed a very successful year under the leadership of the out-going president, Mrs. Ben Jackson, members stated. The club has maintained complete membership and attendance has been excellent all during the year. The club is active in many civic projects and is sponsoring the candidate speaking in Estelline on the night of June 8.

Social highlights of the year were a dinner for the husbands, a Christmas party, a dinner for the senior class and a dinner honoring mothers. Miss Louise May was chosen by the club as the girl in the Home Economics class making the greatest improvement during the year and was presented a gift. The club contributed to Red Cross, crippled children's fund, and tuberculosis fund this year.

Mr. and Mrs. Hayden Hensley and James Smith attended the Panhandle Banker's Convention in Amarillo Monday.

Life With the Japanese

MISS CUNNINGHAM WRITES OF HER LIFE IN TOKYO

The following letter was written by Louise Cunningham to her mother, Mrs. H. F. Cunningham in London. Miss Cunningham is presently in Tokyo, Japan, where she is working for the Japanese Red Cross. She is a twin sister of Mrs. Cunningham, who is now living in Farwell.

Tokyo, Japan, 22 May 1946.

I hope you received my cable of the 13th of April. I have been so busy becoming acclimated to my quarters, and adjusting myself to a new life that I haven't written before. None this letter finds all of you well and happy.

I shall begin with the trip over. We sailed the 13th of April on the "General Collins," which is one of the larger class Army transports, manned by the Navy. The food was not too good as it was I and served cafeteria style. However, the quarters were comfortable even though there were 15 girls to a stateroom. There were previously officers' quarters and had plenty of closet space, lavatories, mirrors, etc.

Also there was much entertainment aboard, including two U. S. troops from New York ("Ghost Town" and "Petticoat Fever"), an orchestra, ship's orchestra, movie nightly in the passenger lounge, the usual card games, lectures in orientation, and lectures in both Korea and Japan. It being Holy week, there were services daily and a sunrise service Easter morning, which was very impressive.

There were 56 girls in our group and some 20 or 30 who were embarked at Seattle. And in addition there were civilian men passengers and some 30 officers and enlisted passengers, so you see we had quite a cross section of people besides the ship's crew and officers.

Most of the girls were horribly sick about the third day out. We really had the weather and his particular ship rocks, reels and rolls because of the way it is constructed. But I am never sick either sailing or flying, fortunately, so I had a pleasant voyage.

We arrived in Yokohama April 21st of course we lost one day

crossing the international date line. Tokyo Bay and the harbor was quite a sight—some of the Japanese navy's half-destroyed ships were scattered around. I particularly noticed some carriers cut right half in two which have not yet been salvaged or junked.

We surely got a big welcome with the band out to meet us, playing about an hour; and hundreds of G. I.'s and officers, as well as Japanese men and women. It sure made us feel good too, as I guess a few of us felt quite strange so far from home and amidst an enemy occupation zone. There was the press reporters and photographers who came aboard for stories and pictures. I have never been photographed so many times as the first few days. They were writing up some sort of article, or pamphlet rather, called "You in Japan," and chose our group for example.

We came ashore at 10 a. m. on Wednesday morning, and large new government buses were lined up to carry us from Yokohama to Tokyo, which is about 20 miles, escorted by two jeeps full of M. P.'s.

Although I had heard about the utter devastation of Yokohama and Tokyo, it is hard to express my first impression. One just has to see it. A group of B-29's, approximately 600, hit Yokohama in only one raid which lasted about two hours and completely wiped the city out. Hardly anything was left standing, blocks that stretch into miles completely leveled with a few steel frames gutted of all their insides.

It was a feeling of pity and despair of the filth, wreckage and ruins, and the thousands of peasants walking, trotting, and running up and down the streets. Most of them were seeking food, any kind, and many of them had sticks or poles and were poking around in the rubble for anything edible. They walk along on their little wooden clogs; it is a mystery to me how they walk on those things. They are built up about two inches and have two pieces of wood horizontal on the soles spaced some four inches apart which tends to make them sort of rock along when they walk. In spite of the rags most of the men wore, the girls looked

upon—when the issue is put before the people—will be those known as revenue bonds. Revenue bonds, it was explained, are paid out by the revenue from the plant entirely. No taxation can be passed whereby the city taxpayers would be burdened with a sudden increase in taxes.

At the meeting Tuesday night, J. J. McRoberts of the McRoberts, Graham Co., a San Antonio bond house, and Jack G. Moss of the Moss-Moore bonding company of Dallas, presented a bid for the bonds before the council.

McRoberts and Moss offered to buy the bonds, when they are voted, but the council did not commit themselves to the two bondsmen, believing it a better plan to get competitive bids on the bonds after they are approved by the people.

The two bond representatives offered to buy the bonds at an interest rate graduating up from 1 3/4 per cent to 3 per cent. No payment on the principal would have to be made during the first three years of the operation of the plant. After that the payments, interest and principal combined, would average about \$25,000 annually until the bonds were retired.

The council, however, took no action on the bid from the two bondsmen, but decided to wait until the bond election had been held, and offers made by other bonding companies.

NOT ON YOUR TINTYPE

Grandma looks calm and collected as she poses for posterity, but she wasn't—not on your tintype! Getting her family ready for this picture was a long, weary business.

The day this photo was snapped, Grandma was up at dawn, wrestling with the old wood stove, coaxing the kettle to boil, cooking breakfast. And the day before, she ironed the mountain of starched clothes that had needed such hard scrubbing. The day before that—

But that was Grandma's life. She didn't know any other kind. Her way of housekeeping took lots of time, lots of elbow grease. In Grandma's gayest dreams she never imagined the time would come when a woman would have dozens of electric servants daily for the cost of a bar of soap.

Electric service—ready and willing round the clock and calendar—is a modern miracle Grandma missed by being born too soon. But electrical dependability (and cheapness, too) didn't happen by accident. Not on your tintype! They're the result of plenty of hard work and practical experience on the part of your neighbors who operate this company.
