City Takes Over Local Cemetery

The City of Memphis has officially taken over all rights and property of the Fairview Cemetery Association, and will have all charge of all cleaning and improvement of the cemetery in the future, with a full-time sexton and caretaker employed to do the work.

This announcement was made following the regular council meeting Tuesday night by Horace Tarver, chairman of the cemetery committee.

CEMETERY WORKING SET
A community-wide cemetery working, planned in order that the grounds may be turned over to the new caretaker in excellent shape, will be sponsored by the Memphis Lions club all-day Friday, October 11, Roy Coleman, president of the club, announced Wednesday.

All citizens are requested to be present at the working, which is scheduled to start at 8 o'clock Friday morning, Coleman said. Each person is asked to bring along a hoe or rake, or both, and aid in the working. Civic clubs, Boy Scouts, FFA members, and the various women's organizations are being contacted this week, and each will be asked to aid in the working. Especially wanted to aid in the work will be the lot owners, and it is planned to send postcards to each lot owner asking his help.

Both funeral homes are being contacted, and are being asked to furnish shade and mats for the workers, as well as ice water.

The working will begin at 9 o'clock, and will continue until the grounds have been sufficiently cleaned, Lions Club officials emphasized.

Fifty-one acres of the recently acquired airport tract has been turned over to the cemetery. This includes that adjacent to the present cemetery on the west, north, and east sides. The new cemetery land has been designated, but will not be fenced in present, although the old fence will be removed.

N. M. Lindsey has been employed as full-time sexton and (Continued on page 5)

Ordinance Limits School Zone Speed

A new ordinance, limiting the speed of vehicles in school zones in Memphis to 15 miles per hour, was passed Tuesday night at the regular meeting of the city council.

This ordinance will be enforced, members of the council said, and was passed in the interest of safety for the school children.

Local school officials wish to thank the Memphis fans who, between 5:15 and 6:15 o'clock last Friday evening, picked up members of the Memphis pep squad and took them on to McLean when a tire on the bus in which the students were riding blew out. Forty pep squad members were picked up by Memphians going to the game, were taken to McLean, and then were brought back to Memphis.

The Irish thus far have won two games, and lost only one. Their victories came over Canada (Continued on page 4)

School Cafeteria Not to Close Due To Meat Shortage

The Memphis school cafeteria will not close, despite rumors to the contrary, W. C. Davis, superintendent of the Memphis public schools, said this week.

Rumors here in Memphis were to the effect that the cafeteria would be closed due to the shortage of meat products, Davis said, but substitutes for meat will be used until it becomes more available.

Davis said this week that the cafeteria will continue to operate as long as food remains available to the general public. If the desired type of meats are not available, he will find substitutes for them and still provide the students with balanced diets, the superintendent explained.

Work on Runways, Delayed by Rain, Begins at Airport

Construction of Road To Start Soon; Present Road to Be Improved

The much-delayed work on construction of the runways on the new Memphis airport finally got underway this week.

Grading of the north-south runway was started Tuesday morning and completed on the same day, and work on the other two runways is expected to be finished today, Wendell Harrison, chairman of the city council's airport committee, said.

The work on the runways, originally scheduled to start two or three weeks ago, was delayed due to the heavy rains which this area has been receiving. A grader was taken to the field last week, and almost bogged down in the mud, but the ground had dried sufficiently this week for the work to be done.

Work will start soon on the construction of a new road to the airport, the council has announced. The present road leading from the railroad one block on Main, and the road north and then east to the bridge is to be re-graveled.

The new airport road will begin just on the other side of the bridge and run directly to the airport, and the council also plans improvement on the present cemetery road.

SUDDEN RAIN DOES DAMAGE IN SOME SPOTS

PLASKA AREA GETS NEAR FLOOD; ALSO HEAVY AT LAKEVIEW

In a sudden flurry of rainfall last Saturday, Memphis received only .20 of an inch, but some sections of Hall County were the recipients of a near flood.

Heaviest of the downfalls were reported as falling in the Plaska and Lakeview communities. At each of these two places, the water came down in almost-solid sheets, quickly covered the ground, and rose to house floor levels in some spots.

Damage to some crops was also reported, although it is not believed that the area covered was very great. Washed-out areas, particularly in pasture lands, were reported, and a number of farmers saw their terraces carried away.

One man who lives in between Lakeview and Plaska reported that he received about three (Continued on page 5)

City Mayor Calls For Improvement Of Local Streets

Council Votes to Begin Work Now on Improving Road to New Airport

Declaring that within 18 months the streets of Memphis will be in a deplorable condition if "we don't get busy and work on them now," Mayor C. C. Hodges called upon members of the city council in their regular meeting Tuesday night to take steps to improve the streets immediately, and recommended that at least 20 loads of gravel be spread on the streets.

Hodges asked that another man be employed by the street department, if necessary, to eliminate the bad condition.

"A little work now will save our streets. If this work is not done, our streets will be ruined, and the thousands of dollars which has been spent in years gone by will have been wasted," Hodges declared.

In the discussion concerning the streets, it was pointed out that the street fund is carrying over approximately \$1,300 from the last fiscal year, and the new budget for the fiscal year beginning October 1, has an increased allotment for street expenditures.

The council voted to re-gravel and improve the street starting east of the railroad track on Main for one block, and then north to the bridge, within the very near future. This improvement will then be extended to the cemetery.

Plans were also made to grade a new road just east of the bridge north to the airport, and work on this is to be done immediately.

The graveling of 6th street from the end of the pavement to the city park was finished last week. Thirty-five loads of gravel have been used on this street, and it is now in good condition. Robert Cummings, city street commissioner, is in charge of the work.

The council also decided to grade off the lots owned by the city located immediately east of the First Presbyterian Church. They will be used for sales lots and parking lots for trailer trucks.

Saturday Deadline To Renew Paper At Present Rates

Saturday, October 5, will be the last day on which subscribers may obtain a year's subscription to The Democrat at the present rates.

New rates will be \$2.50 per year in Hall or surrounding counties, and \$3 per year to other points in the U. S. Present rates are \$2 and \$2.50, respectively. Price of single copies will go up from 5 to 7 cents.

The rise in rates were caused by the increase in the cost of newsprint and in the cost of production, publishers stated when they announced the advance.

Local Fire Department Plans for Demonstrations

MAYOR'S PROCLAMATION National Fire Prevention Week

President Truman has appealed to the nation to safeguard its resources against destructive fires. He stressed the danger of fire waste when this destruction is taking place at a time when our country is faced with a shortage of food, housing, and nearly every commodity essential to speedy reconversion to a peacetime economy and the fulfillment of our obligations to the war-torn countries and starving peoples of the rest of the world.

Therefore, as Mayor of Memphis, I earnestly request every citizen and every organization to

Fire Prevention Proclamation Is Issued by Mayor

Volunteer Firemen Plan Public Demonstrations During Week's Observance

Citizens of Memphis were called upon this week by Mayor C. C. Hodges to take an active part in the nation's observance of Fire Prevention Week, starting Sunday, October 6.

The mayor pointed out that the local fire department has arranged a schedule of events for the week, in an effort to demonstrate many of the causes of fires, as well as to demonstrate methods of fire-fighting.

Residents of Memphis are now paying a premium of 15 per cent on fire insurance rates in the city—due to the number of large and costly fires which have occurred here. Several years ago, Memphians were getting a 15 per cent reduction from the normal rates, due to the low number of fires. In other words, individuals and business firms are paying 30 per cent more now for fire insurance than they were only a few years ago.

Thomas Clayton, local fire chief, has planned a number of demonstrations, including those before the Rotary Club Tuesday at noon, and before the Lions Club Wednesday at noon, where he has set up demonstrations to show ways in which many fires are started through carelessness.

Another similar demonstration will be given at the Memphis High School Monday afternoon at 1 o'clock before the school students. (Continued on page 5)

COUNTY SCHOOL BOARD APPLIES FOR VETS VOCATIONAL SCHOOL

Members of the county school board Saturday voted to apply for approval of a veterans vocational school for Hall County, a school wherein ex-servicemen may receive training in agriculture, trades and industries, and distributive occupations.

Similar schools are already functioning in many other counties throughout the U. S., and it is believed that sufficient interest in the undertaking can be aroused to make the school a success in Hall County, board members said.

Meeting with the county board Saturday was Zane G. Brewer of Lubbock, who is with the state vocational department. Brewer explained the set-up of the schools, and made suggestions on the ways in which such an organization can be formed in Hall County.

All veterans interested in attending such a school are urged to contact J. O. Fitzjarrald of Memphis, county service officer, or Cole Boswell of Turkey, assistant service officer, Miss Mary Foreman, county superintendent, said this week.

For veterans to qualify for the training, they must obtain forms 1950 and send them off for approval for the training, it was explained. Training may be in agriculture, trades and industries, or distributive occupations.

While receiving the training, veterans are eligible to receive subsistence pay of \$65 per month if they have no dependents, or \$90 if they have dependents, providing that the total pay they receive, including the pay they are getting on the work they are doing and the subsistence pay, does not exceed \$175 for those without dependents, or \$200 per (Continued on page 4)

\$10,000 Allotted For Conservation

An additional allocation of \$10,000 has been made to Hall County to be used in payments for soil conservation practices of county farmers, Lynn L. McKown, Hall County ACA secretary, said this week.

The practices which may be fulfilled to receive a share of the additional money are terracing, tanking, and well-digging.

"Farmers interested in fulfilling these practices are urged to come to the ACA office in the courthouse and make proper application," McKown said.

High School Band Enters Contests At Childress Fair

Beginning Band Places 2nd in Marching Contest; Honor Students Named

The Memphis High School band attended the opening of the Childress State Fair last Thursday, taking part in the afternoon parade, and the band marching contest, which was held Thursday night.

The band contest judge was D. O. Wiley of Texas Tech, who judged the local band as a good marching band. The Memphis beginning band performed all the rationally required maneuvers for a marching band contest. The band received \$25 for winning second place.

The Memphis High School band attended the football game at McLean.

Students on the first high school band honor roll for the past week are: Jan Monzingo, Berna Benton, Roger Monzingo, Edith Compton, Muriel Jo Cochran, and Leota Sturdevant.

Students on the beginning high school band honor roll for the past week are: Peggy Mitchell, Bobby Pat Young, and Joan Lockhart.

The Junior High School band members elected student band officers this week. Elected were Carl Lee, president; Davey Corley, secretary and treasurer; Nancy Lee Brewer, librarian.

On the junior band honor roll for the past week are: Beverly Snell, Gereta Graham, Carl Lee, Betty Don Pullen, and Ronnie Mac Smith.

Street Sweeper Due in November

Delivery of the city's new street sweeper is due some time in November, Mayor C. C. Hodges told members of the city council in their regular meeting Tuesday night.

The sweeper was bought last year, and delivery has been delayed from time to time due to shortages and strikes. Memphis, however, has been notified that this city is next in line for delivery in this territory.

The mayor asked the citizenship to bear with the council during the fall period when trash collects in large quantities along curbs, and promised that as soon as the sweeper arrives this autumn for complaint will be eliminated.

Pep Rally Friday

A city-wide pep rally will be held on the west side of the square Friday afternoon from 3:30 to 4 o'clock, to give the Memphis Cyclone a huge, loud, and enthusiastic send-off before the local eleven meets the Shamrock Irishmen that night.

All business firms are being requested by the chamber of commerce to close for the 30-minute period, to allow all employers and employees to attend the rally.

Wendell Harrison will serve as master of ceremonies. The program will include three band numbers, yells by the pep squad, and talks by Coach Curtis Kelley, the captain of the team, H. E. Tarver, Tom Posey, J. Claude Wells, and J. B. Crockett.

Proceeding the rally, the pep squad and the band will parade from the school to the square, and then around the square.

The Lakeview Eagles will once more journey out of town when they meet the McLean Tigers at McLean Friday night in the Eagles fourth conference game.

The Eagles were defeated last Friday night by the Clarendon Broncos by the score of 27 to 0, but showed improvement over their two previous games.

McLean got off to a weak start this year by being blasted by Panhandle 33 to 0, and then losing to White Deer 20 to 12. But last week the Tigers bounced back by upsetting the Memphis Cyclone by a 19 to 13 score.

Lakeview also got off to a bad start, and has lost three conference games in a row—one to Wheeler by 12 to 0, one to Wellington by 46 to 6, and one to Clarendon 27 to 0.

Under the tutorage of W. H. (Hop) Rogers, the Lakeview eleven have shown improvement during the year. The Eagles are unfortunately light in weight, (Continued on page 8)

PUBLISHERS URGE EARLY WAR BOOK RESPONSE

THEY'VE BEEN COMING IN SINCE last Friday—either wanting to leave a picture and some information for Hall County's World War II book, or wanting to know a little more about the book or the pictures or the information what school.

What The Democrat needs is this:

1. A picture of the service man or woman—not larger than 8x10 inches, preferably 3x5 or 5x7. The picture should be clear, and should be taken from the frame or holder before being brought in. Brown or tinted pictures do not make good engravings, but if they are all you have, bring them in. Snapshots, if clear, may be used. If at all possible, the picture should be of the serviceman by himself, for if his picture is segregated from a group, it will not be as clear as it should be. The picture, however, may be brought in to the office with the information, and will be returned undamaged after the books are printed.
 2. Name and rank of the serviceman or woman.
 3. His or her parents' names, and their place of residence.
 4. Name of husband or wife.
 5. Attended or graduated from what school.
 6. Name of branch of service, and year of entry into service.
 7. Trained (received basic or "boot" training) at what place.
 8. Served where (may include countries, islands, or battles).
 9. Awarded what medals, decorations, etc.
 10. If wounded, where and when.
 11. If killed in action, where and when.
 12. When discharged.
- There is absolutely no charge for putting in the pictures and service records, publishers of The Democrat explained. The books will be sold for \$4.50 each, but no one is obligated to buy one. If a person wants a book however, a deposit of \$1 must be paid when the pictures and information (Continued on page 5)

A. W. Howard, Murray Dodson Show Winning Horses at Childress Fair

Grand champion Palomino stallion shown at the Childress State Fair last week was owned by A. W. Howard of Memphis, and Murray Dodson's quarter horse stallion carried away grand champion honors in its class.

Howard's Bo Grande was the grand champion winner, and his quarter horse filly, Twilight, won first in the baby class. His horse, Sundown, took third in the aged

mare division; his thoroughbred yearling, Sourdough, took third, and his Paul Waggoner, two-year-old quarter stallion, took second.

Dodson's grand champion quarter horse was Palo Duro. A thoroughbred, Dodson's Little Willie, took second in his class; Dodson also took first and second in the reining contest with Deacon, a Palomino, and Little Willie.

Lon Alexander of Memphis, who was in charge of the second horse show held in Childress 31 years ago, won two firsts and two second with a pair of matched Palominos.

Dick Shelton of Memphis showed a beautiful half-breed stallion.

Miss Bobbie Mullin Of Turkey Third Hall Polio Victim

Is Second in Family to Be Struck With Dreaded Disease, Now at Plainview

The dreaded polio disease struck again in Hall County last week, when Miss Bobbie Mullin, daughter of Mr. and Mrs. I. D. Mullin of Turkey, was pronounced a victim of the disease at the West Texas Polio Center in Plainview.

Miss Mullin is the second victim of the disease from the Turkey community. Her small nephew, Carl Lance Lee, was hit by the disease about four weeks ago and was taken to Plainview. Young Lee, 3-year-old son of Mrs. Carl Lee, is reportedly improving rapidly, but last week was still at Plainview.

Miss Mullin's condition was reported last week as not immediately severe. She graduated from Turkey High School with

last May's class. With the addition of Miss Mullin to those afflicted with the disease, Hall County's total hit during the current siege over the U. S. rose to three.

The third victim, Oscar Maddox Jr., son of Mr. and Mrs. Oscar Maddox of near Memphis, was brought home from Plainview about four weeks ago, and has now almost completely recovered.

New Books Added At Junior High

Compton's Pictured Encyclopedia, a set of 15 volumes, donated to the Memphis Junior High School by the 7th grade of 1945-46, has recently been added to that school's library.

In addition, eight volumes of the How and Why library, and 23 other books have been made available the past week for reading and study by the pupils, school officials said.

Students are now studying autumn leaves and their coloring in the art department, and drawings by the pupils are being used in display in the building.

FFA Team Places Third in Contest

Members of the judging team of the Memphis Future Farmers of America, consisting of Carylee Young, Milton Beasley, and R. C. Edwards, copped third-place honors in the contest held at the Childress State Fair last Saturday.

Four classes of jersey and holstein cows were judged, with placing and reasons counting toward a total score. Young, with a score of 265 was 5th in individual rating in the contest. The team score was 754 out of a possible score of 900.

Other teams competing were Clarendon, Childress, Wellington, Lakeview, Estelline, Samnorwood, and Quail.

Clarendon placed first, with Estelline being rated second.

month for those with dependents. To be eligible, it was explained, veterans must be employed in one of the three types of work for which training is offered. In the agricultural training, a veteran may be farming his own place, renting, or leasing, officials said.

Each veteran is required to spend at least 12-12 hours per week in receiving instruction—either in classroom instruction or some form of demonstrational training.

The government, under the set-up, pays \$25 per month for each veteran enrolled to take care of expenses, including the instructors. If a sufficient number of veterans can be enrolled, it was pointed out, several instructors can be employed.

How soon the school can be set up in the county depends on the response of the veterans, Miss Foreman pointed out. Veterans must have their eligibility papers, and these should be applied for as soon as possible.

Members of the county school board are Helen Clifton of Estelline, Felix Jarrell of Newlin, T. W. Luttrell of Lakeview, Arthur Gidden of Plaska, and J. M. Eudy of Turkey.

Cyclone-

(Continued from page 1)

On Oct. 26 to 13 and Wheeler 32 to 0, the latter a conference game. Their only loss was to the Class AA Childress Bobcats, by a score of 6 to 0.

The Cyclone will again be the underdogs in Friday night's battle, even more so since the loss to McLean. In addition, Duane Vickers, regular Cyclone end, will not be seen in action. Vickers suffered a broken leg in a motor-

cycle accident last Saturday evening, and will probably be out of play for the remainder of the season.

In the McLean game, Memphis started off with a bang. Jimmy McElreath, fleet back, grabbed McLean's kick-off ball, and raced about 80 yards for a touchdown. But the offense bogged down, and so did the defense, and except for Mark Lamkin's score later in the game, the local eleven were out-played.

The Tigers, who had been defeated by both Panhandle and White Deer in previous starts, made the local eleven's defense look weak, and fans reported that the McLean team tore through the line throughout the game.

Shamrock, on the other hand, had little trouble in defeating Wheeler. In the Canadian game, however, the Irish were hard-pressed, and were behind at the half. The Irish are expected to finish high in the district, especially since they held Childress down to six points, whereas the strong Wellington team lost to the same team by 19 points.

- Junior champion bull.
- Reserve champion bull, three years and older.
- Second place in junior yearling heifer.
- Senior champion cow.
- Reserve grand champion cow.
- Bulbs for fall planting at High tower Greenhouse.

caretaker, and will be responsible for keeping the entire cemetery clean and in proper order.

H. B. Estes, who has been serving as secretary of the Fairview association, has consented to aid in laying out the plot and in surveying the burial sites. When this work is completed, he will step out of the association's work, Tarver explained.

All streets within the cemetery are to be graveled as soon as possible, and additional wells are to be dug, thus assuring an adequate supply of water for growth of shrubbery and grass.

"The city would like for all lots to be marked with shrubbery, and for all citizens to aid in making the cemetery the beautiful spot it should be," Tarver said. "This work can be done, as is shown by the lot owned by Mrs. J. M. Lane, which has been beautified merely by giving of time and work."

Clarendon (post office) FFA won first in judging at the fair, while Estelline (post office) FFA won second and Memphis (post office) FFA won third place. The Lakeview (post office) FFA boys took 17 ribbons for various events.

Isn't it fine that a city (Gate City) is surrounded by such fine communities? They furnish the winners for her STATE Fair and give her something to spread hot air about.

after much better than in the past. A news story in this issue tells about more land being added to the cemetery, and provisions made for a full-time caretaker. When the city gets ready to buy a power mower for the cemetery, a nice little sum is in the bank for that purpose. This money was donated by many individuals several years ago for that purpose, but has not been used because power mowers have been out of production.

The Lions Club announces a general community-wide cemetery working for Friday, October 11, desiring to get the cemetery in good shape so the caretaker can go on from there and be better able to keep up with the work. If there is just a small number of people at the working, I will be disappointed.

The Democrat looked at a number of War Books before deciding to put out the one we advertised last week. It is by far the best book and comes nearer being worth the money than any presented. Since the time is limited, those wanting pictures of their sons and daughters printed in the book should make an effort to turn them in right away. The sooner the pictures and war records are turned in, the sooner they will be printed. It will be just fine if the material is turned in within the next two weeks, for it will give the printers time to get the books finished before Christmas. They will make appropriate gifts.

Mrs. Clark Goes to Medical Meeting

Mrs. R. E. Clark attended the executive board meeting of the Woman's Auxiliary to the State Medical Association of Texas held in Fort Worth Monday, September 30. Mrs. Clark is third vice president of the auxiliary.

The meeting was held at the Colonial Country Club with the Fort Worth auxiliary acting as hostess. A full program was planned for the day with Dr. Holman Taylor, secretary of Texas State Medical Association, as principal speaker.

The afternoon session was devoted to unfinished business and reports of county presidents and council women, and special committee meetings. The social calendar included a luncheon at noon, a cocktail party at the home of Mrs. A. B. Pumphrey in the afternoon, and dinner at Joe Garcia's Mexican Inn.

The publishers urged that the material be brought to the office as soon as possible, since the offer will be open for a limited time only. It is planned to close out the offer within a short time, so that the books can be printed before Christmas, as many people have expressed their desire for them for Christmas presents.

Fire Week—

(Continued from Page One)

A general assembly will be called by Supt. W. C. Davis.

Open to the public will be two truck demonstrations on the public square, to be given Tuesday and Friday of next week. Here Clayton and other members of the department will demonstrate the proper methods of fire-fighting.

All church pastors of the city have been asked to give five minutes of their services both Sunday morning and evening to a brief discussion of fire prevention.

In addition, the local theaters will include with their movies a short one-minute trailer film devoted to fire prevention.

"We have the assurance," Horace Tarver, C. of C. president, said, "that every organization in Memphis is anxious to do its full part in making this essential post-war program a great success. Such organizations include the principal fields of business and industry, civic groups, clubs—churches, schools, and the Boy Scouts."

"Fire," Tarver continued, "must not be allowed to destroy much needed housing and business properties. Many of the properties and materials destroyed will not be able to be replaced for many months. We realize that fire cannot be completely eliminated within a single week, but we believe it necessary to arouse ourselves to effective action in preventing and protecting against fire, and to initiate fire safety programs that can continue throughout the year."

Roster of the fire department is as follows: Clayton, chief; Harry Aspgren, assistant chief; R. L. Duncan, president; John Dennis, vice president; L. G. Carlos, secretary; W. P. Bates, fire marshal; T. T. Posey, chaplain; Lloyd Ward, assistant chief No. 2; Ellis Veteto, team captain; Coy

Davis, team captain.

O. R. Saye, Hooper Shaw, O. A. Sturdevant, Bill George Kesterson, W. F. Ritchie, Jack Peabody, C. J. Neely, H. M. Stinnett, Clarence Vickers, T. V. Alexander, Lester Grimes, Earl Briscoe, J. H. Wooten, J. W. Vardeman, L. D. Huggins, W. D. Sheen, G. P. Patterson, G. T. Stilwell.

12 Are Registered With Draft Board

A total of 11 eighteen-year-olds and one returned veteran registered with the Hall County draft board during the month of September.

Eighteen-year-olds were Kenneth Crosley, Dorwyn Lee Anglin, Claude Leon Ray, Donald Howard Richardson, Harvey Hugh Whitefield, Marvin Lee Barnett, Leonard Houston Christian, Jimmie D. Raseo, J. E. Stewart, Henry Arben Sowell, and Clifton Bill Stewart.

The returned veteran who had not previously registered was Dan Wheeler McMillan.

Huntsville Prison To Stage Rodeos

The annual rodeo of the Texas state prison inmates at Huntsville will be held each Sunday afternoon for four consecutive Sundays, beginning October 6.

The rodeo is held each year, and is open to the public. Officials point out that it is held first for the amusement and recreation of the inmates themselves, and secondly, to provide money for the prisoners' rehabilitation program—money which is not provided by the state.

The performances will begin at 2 o'clock each Sunday afternoon during the month of October.

Mrs. M. F. Gerber of Portland, Ore., arrived in Memphis Saturday morning to be with her mother, Mrs. W. R. Taylor, who has been ill for about a month. Mrs. Taylor's condition is much improved.

More People Want White Flour, So—More Being Made

Why is there no whole wheat flour on Texas markets?

That's a question that folks over the state are asking now. Edith Lawrence, specialist in food preparation for the Texas A. and M. College extension service, points out that the shortage is most probably due to manufacturers' backlog of orders for 80 per cent extraction flour. Since there is a much larger scale market for the regular flour than there is for whole wheat, manufacturers are naturally catering to the larger demand.

Probably another reason for the present shortage is that manufacturers produce smaller quantities of whole wheat flour during the summer months. It spoils rather quickly in hot weather and the demand drops at that time.

inches of moisture, one who lives about seven miles north of Lakeview said he got about two inches, and some who live in or near Plaska reported five or six inches.

The temperature remained fairly low over the week-end and the first part of this week, with the low in Memphis recorded by J. J. McMickin, local weather observer, Monday morning. The thermometer at that time read 47 degrees.

And, incidentally, no more frost was reported.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

Miss Marian Ruth Duren Is Wed To Woodrow Martin in Tennessee

Mr. and Mrs. G. M. Duren announce the marriage of their daughter, Marian Ruth, to Woodrow Martin, son of Mr. and Mrs. Willie Farmer of Cedar Hill, Tenn.

The double-ring ceremony took place Sunday, September 22, at 3 o'clock in Springfield, Tenn., with Magistrate Milt Echols officiating. Mrs. Woodard Apple, sister of the bridegroom, served as matron of honor, and Woodard Apple was best man.

The bride wore a grey wool suit with grey and red accessories. Her shoulder bouquet was of white gardenias.

The bride is a graduate of West Texas State College at Canyon, where she was a member of Alpha Chi, Kappa Amiran Phi, and was listed in "Who's Who in Colleges and Universities."

The groom served four years in the armed forces and is now associated with the Hyde Drilling Company.

The couple are making their home at 1307 Batts Blvd., Springfield, Tenn.

Miss Maria Elizabeth Powers Weds Jacob Rex Sanders in New York

A wedding of interest to their friends in Memphis was that of Miss Maria Elizabeth Powers, daughter of Mrs. John Joseph Powers of Garden City, Long Island, N. Y., and Sgt. Jacob Rex Sanders, son of Mr. and Mrs. L. D. Sanders of Temple and formerly of Memphis.

The wedding took place July 6 at 4 o'clock in the First Baptist Church of Hempstead, Long Island. A reception, held at the bride's home, was attended by relatives and close friends.

The bride wore a white eyelet dress and a Dutch cap of French lace trimmed with a short veil. She carried a bouquet of white gladioli, white orchids, and baby's breath. Miss Betty Powers, her sister's only attendant, wore a pale grey dress and carried a bouquet of yellow and white daisies and corn flowers. A matching halo hat completed her costume.

Lt. William C. Powers, U. S. N. R., served as best man.

The bride is a graduate of Virginia Intermont College and is at present connected with the Brooklyn Savings Bank. During the war she was active as a volunteer worker at the New York Information Center for the U. S. Army and a Red Cross volunteer in the capacity of a junior grey lady at civilian hospitals in Brooklyn as well as at the Brooklyn Naval Hospital where the couple met.

Sgt. "Rusty" Sanders, a mem-

ber of the U. S. Marine Corps, was stationed at Wake Island at the time of the Japanese attack in December, 1941. He was taken prisoner and spent the following 20 months in prison camp at Shanghai and 24 months at Osaka, Japan. He was liberated after nearly four years imprisonment and returned to the states September 6, 1945.

After a honeymoon spent at Daytona Beach, Fla., visiting Mr. and Mrs. William Sanders, the couple returned to Hempstead, Long Island, where they are temporarily making their home.

Within the next month Sgt. and Mrs. Sanders are planning to visit Texas and perhaps make their home here.

Miss Weatherbee, Elmer E. Kirkland Wed in Memphis

Miss Dorothy Weatherbee and Elmer E. Kirkland, both of Odessa, were united in marriage Saturday, September 28, at the Methodist parsonage in Memphis.

Rev. Aubrey C. Haynes, pastor of the First Methodist Church, read the marriage vows.

CARD OF THANKS

We wish to express our heartfelt thanks to our friends and neighbors for your kindness to us in our sad hour. We are indeed grateful for the beautiful floral offerings, and for the food that was served. May God's blessings be upon you, is our prayer.

Mrs. J. R. Morrison.

however, and only a few letters returned this year. In past years, the Lakeview eleven have lost players in the middle of the season during the cotton-gathering months, thereby weakening the strength of the team.

Following the McLean game, the Eagles will play Memphis at Memphis in the annual grudge game between the two teams. The Eagles, in past years, have played inspired ball in this annual contest, and this year the tilt is expected to provide a great deal of enthusiasm. The Memphis-Lakeview game will be played on the night of October 11.

Cyclone B Team Defeats Estelline Score of 19 to 7

The Memphis Cyclone B team was victorious in its second game of the season last Thursday afternoon on the local field when the Estelline B team was defeated by a score of 19 to 7.

The scrimmage started on the 50-yard line, with the Cyclone team in possession of the ball. After several plays, Charles Morrison was the first marker from the yard stripes.

The second tally came in the second quarter, with Anderson Denhire carrying the ball over the 30-yard line, and Morrison scampered across for the touchdown.

Buddy Travis in the second quarter marked up Estelline's first score. Late in the fourth quarter, Leroy Green went thru the middle of the line for five yards and the other touchdown.

Memphis starters were Hutchison, RE; Srygley, RT; Sams, Cofer, C; Wynn, LG; McEwen, LT; Rasco, LE; Pyeatt, West, RH; Crooks, LH; Barber, FB; Other squad members Jarrell, Clark, Childress, Dunks, Knight, Welch, Messer, Paris, Old, Taylor, Wells, Cain, Ben, McWhorter, Gardenhire, Trison, Corley, and D. Morrison.

New Civil Service Boards Formed

The fourteenth U. S. civil service region, comprising the state of Texas, has established boards of U. S. civil service examiners for the purpose of recruiting, examining, and certifying eligibles to fill vacancies in the federal service at points throughout Texas, which should be of interest to all veterans interested in making application for federal employment.

Paul H. Figg, regional director, has announced.

Veterans interested in federal employment in these agencies should contact the executive secretary, board of U. S. civil service examiners, at the particular establishment in which interested.

Nearest boards of examiners to Memphis are those at the Bureau of Reclamation in Amarillo and the Veterans Administration Hospital in Amarillo.

In addition, there are boards of examiners at all first- and second-class post offices which disseminate information regarding civil service examinations announced on a region-wide basis and furnish general information to the public relating to federal employment.

Gable Grows 'em Big; Has Cotton Over 5 Feet Tall

When cotton stalks in Hall County get bigger and better, they will probably be brought in to The Democrat office.

This week's sample was brought in by Weldon Gable, and came from the farm owned by his mother, Mrs. Blanch Gable, located about 3 1/2 miles southeast of Lakeview.

One of the stalks brought in was about five feet tall, and had a total of 187 bolls and blooms. The other was only about three feet tall, but still had about 50 bolls on it.

Gable stated that he had about 135 acres of cotton of the smaller variety, and that it would yield at least a half a bale to the acre.

Incidentally, he mentioned that he had "greens"—ready for the table—which were almost as big as the cotton.

Highway History To Be Broadcast

Miss Laura V. Hamner of Amarillo will speak next Sunday morning at 8:45 o'clock from station KGNC, Amarillo, on the history of the Colorado-Gulf highway, C. H. Walker of Pampa, past president of the Colorado-Gulf association, has announced.

Miss Hamner will make a similar address at the same time Sunday, October 13.

Memphis Classes Choose Officers

Officers for all classes of Memphis High School were elected Thursday of last week in class meetings, and generalized plans for the school year were made.

Larry McQueen was chosen as president of the senior class; Conrad Cochran, vice president; Jo Fowler, secretary; Jimmy Gerlach, treasurer; and Jimmy Mitchell, reporter.

Bobby Gene Taylor was elected sophomore president; Murial Jo Cochran, vice president; Anita Johnson, secretary and treasurer; and Diane Meacham, reporter.

Pre-freshmen officers are Scotty Grundy, president; Ann Spoon, vice president; Jimmy Mitchell, secretary; Pat Alexander, treasurer; and Thomas Messer, reporter.

"It isn't until the organization of classes that we all get that old spirit of class loyalty and really make up our minds that we're going to make our class the best," the new officers said. "With everyone fighting to reach that goal, how can our school keep from being the finest?"

American Indians did not refer to their future state as "the happy hunting ground." Application of the term was made by early-day writers as a result of descriptions given them by hunting tribes.

The project was officially started September 15 and is to be carried on until February 1, 1950. Results will be published annually in a bulletin by the division of agriculture.

Tech Starts Beef Production Tests

In an effort to discover which pasture grasses give the best response to irrigation, the Division of agriculture at Texas Technological College has begun a long range experiment on beef production on irrigated pasture mixtures. Dean W. L. Stangel has announced.

Objects are to determine the value of various irrigation pasture mixtures for beef production, the cost of establishing and maintaining the pasture mixtures under irrigation, the changes in specie dominance during grazing periods and to observe the forage yield.

Pasture mixtures to be used in the experiment include: Alfalfa, alfalfa and brome grass, alfalfa and perennial rye grass, alfalfa with perennial rye grass and brome grass, native buffalo grass, and native buffalo grass and white clover.

A BOOK YOU WILL BE PROUD TO OWN ...

"The Men and Women in World War II from Hall County"
WILL BE PUBLISHED SOON!

We have arranged for the publication of a book recording the deeds and actions of men and women in the armed forces during World War II. Books will be bound in leatherette covers, and will be offered for sale at \$4.50 each. No charge will be made for putting pictures and service records in the books.

- HERE'S THE INFORMATION WE NEED:**
1. Name and rank of the serviceman.
 2. Parents' names.
 3. Name of husband or wife.
 4. Branch of service and time of entry into service.
 5. Places of service.
 6. Medals, decorations, etc., awarded.
 7. If wounded, where and when.
 8. Time of discharge.
 9. If killed in action, where and when.

TO ALL PARENTS OF SERVICE MEN AND WOMEN OR SERVICEMEN THEMSELVES

You are urged to bring in pictures of veterans of World War II as soon as possible. These pictures will be returned to owners undamaged, and should be brought to The Democrat office. When you bring pictures, forms will be filled out giving the necessary information to be used with the pictures in the books.

Help build a book that will be a worthy tribute to the patriotic Hall County men and women who wore the uniform in World War II. Turn in their pictures early. We don't want to leave any one out, but want to make Hall County's World War II Book complete.

REMEMBER: It costs nothing to include YOUR service man or woman in this book. Just come to The Democrat office with picture, and give the information needed.

Kidneys Must Work Well-

For You To Feel Well

24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood.

If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at night, swelling.

Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulate the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

Need New Tires? Remember This: The New B.F. GOODRICH SILVERTOWN OUTWEARS PREWAR TIRES

Wider, Flatter Tread Puts More Rubber On The Road

Shipments of the new B.F. Goodrich Silvertown are arriving regularly, and we may have your size in stock.

But there's more demand for some tire brands than others, and the big extra demand is for Silvertown, the tire that

outwears prewar tires—even at high speeds.

There's a reason! The B.F. Goodrich Silvertown is a better tire. It gives extra miles of service because its new tread design is wider, flatter and puts more rubber on the road. More and stronger

cords support this tread—give it extra resistance to bruising and blow-outs. Please check your needs well in advance. Talk to us. We'll do our best to keep your car rolling until we can get new tires for you.

Reclamation Work Needs People's Aid

Discussing Bureau of Reclamation plans for development in Texas, Wesley R. Nelson of Amarillo, regional director of the federal agency, this week emphasized that the "future of reclamation in this state depends upon the opinion of the people."

second annual convention of the Texas Water Conservation Association in Amarillo. He said a contract already has been let for construction of a bureau project at Balmorhea, Reeves County, and that the agency also is studying these additional projects: the Valley Gravity, in the Lower Rio Grande Valley; the Robert Lee and San Angelo, in the Colorado Basin; Cotulla, in the Nueces Basin; Mud Creek, in the Sabine-Neches Basin, and Zapata in the Rio Grande Basin.

"Texas has sufficient water for more than a dozen splendid projects," he declared, adding that "all of the skills gained in building the world's largest irrigation projects are available to this state through the Bureau of Reclamation."

District Meeting of Farm Bureau To Be Held at Amarillo October 8

A series of 13 district Farm Bureau meetings will be conducted throughout the state of Texas during the month of October, it has been announced by J. Walter Hammond, state Farm Bureau president.

One of the meetings will be held in the Herring Hotel at Amarillo Tuesday, October 8. Joe M. Hatton of Spearman, state director, will preside. The meeting, which will begin at 10 o'clock, will be attended by Hammond and State Organization Director Marvin Carter.

"The chief job of organized agriculture is to maintain farm prices at a fair exchange level," Hammond said. "This was not done following World War I and the result was depression. After the other war farm prices dropped 53 per cent. By 1935 two million farmers were foreclosed. Industrial goods dropped only 14 per cent, which brought about

disparity between agriculture and other groups."

Principal topic for discussion at the forthcoming farm meeting, will be the proposals of officials of government and other groups with reference to the future of agriculture. "A careful study of agriculture's program as proposed by these people," Hammond said, "will reveal that they are the same plans offered and adopted following the first World War which led the nation into depression that not only wrecked agriculture but brought ruin to business, finance, and industry. The present-day trend is toward cheaper prices for farm products."

Brother of Local Doctor Honored

Col. Cleve C. Odom, brother of Dr. J. A. Odom of Memphis and commanding officer of the Mason General Hospital at Brentwood, N. Y., observed his 29th year in the army August 29 at a dinner given in his honor, it was learned here this week.

On the same day, Col. Odom, known in the army as the "dean" of army psychiatry, was decorated with the army commendation ribbon. The citation read in part: "Through his initiative, enthusiasm, and virile leadership, Col. Odom was instrumental in bringing about a great improvement in the public attitude toward the neuropsychiatric soldier and brought the professional relationships of the hospital to a high level."

The colonel, a graduate of Vanderbilt University, entered active service in the army August 29, 1917.

Paducah Swamps Estelline 45 to 7

The Paducah Dragons swamped the Estelline eleven Friday night by the score of 45 to 7 on the Dragon field.

The Dragons marked up two touchdowns in the first few minutes of play, when Estelline fumbled and Beck of Paducah grabbed the ball and ran 45 yards to score.

Joe Sandlin, quarterback, intercepted the ball a short time later and ran over for the second marker. Sandlin scored in the first quarter.

Tatom scored two touchdowns in the second quarter, and hit pay dirt again in the third and fourth quarters.

Estelline's lone score was made by working the ball down the field from their own 25, with Hood carrying the ball across.

Texas Baptists Aid Relief Drive

A check for \$650,000 has been presented by Texas Baptists to the fund for World Emergency Relief and Rehabilitation, it was announced this week.

Of this total, the Panhandle Baptist Association contributed \$1,677.41, officials explained.

The Southern Baptist convention, meeting in Florida during May of this year, launched a campaign to raise three and one-half million dollars to be used in relief and rehabilitation work in Europe and Asia.

The quota for Texas was set at \$458,200, and the check recently presented represents 120 per cent of the goal set.

BACK IN SCHOOL

FIRE PREVENTION WEEK

WE MUST, of necessity, regard fire as one of our most important assets, but we must also regard fire as one of the most dangerous menaces if not handled properly.

This fact will be emphasized throughout the nation next week, when cities will observe National Fire Prevention Week beginning October 6.

The volunteer fire department in Memphis is planning a number of activities during the week, in an effort to point out to the citizens of this town the necessity of being careful with fire. The department members have been working during the past several weeks in preparation for a number of demonstrations, and these demonstrations will be made before school students and before various clubs of the city. In addition, the firemen plan a public demonstration of the methods of firefighting.

From a mercenary standpoint, it pays not to play with fire. Even if something of your own does not burn, each time a home burns in Memphis you are adding to the possibility that your fire insurance rates will be hiked.

And we all know that when fire strikes our own property, we are the losers—seldom does insurance come close to paying for the damage.

But the greatest danger of all is the danger of losing lives in fires. Homes and buildings can be rebuilt, but human lives cannot.

In proclaiming the week as National Fire Prevention Week, President Truman stated that "whereas the vast majority of destructive fires are preventable by the exercise of greater caution on the part of all our citizens, I ask every citizen to do his part by learning how to detect and eliminate all possible causes of fires in his home and in his business."

The president has pointed to a terrible danger and an immediate need for action. Some 11,000 Americans will die one of the most horrible deaths this year unless fire's toll is controlled. More than half-a-billion dollars worth of property, much of it virtually irreplaceable at this time, will be destroyed as the consequence of our carelessness and ignorance.

The duty of us all—if only on the selfish grounds of self protection—is clear.

Press Paragraphs—

QUOTING OUR NEIGHBORS

No Gas—No Food
 The Paducah Post: Recently, due to the gas being shut off on that date, the local Lions Club members were fed bologna, crackers, and cheese. Rex Keys, song leader, announced: "Let's all sing—no matter how thin you slice it, it is still bologna."

Auto Graveyard
 The Tulia Herald: From where we write this column we gaze upon a virtual graveyard of broken and twisted automobiles—grim reminders of what is happening on our highways every minute of the day. Almost every week we have several accidents in and around Tulia. Sometimes fatalities occur; but in almost every case a wrecked car is left. Officers investigating these tragedies too often tell us that the drivers have been under the influence of liquor. According to authorities, drivers whose senses are impaired by several bottles of beer are a much greater menace on the highway than the man half-conscious from drinking hard liquor.

Illiteracy
 The Hidalgo County News: With free education available in every community in the land, there is little excuse in this day and time for any intelligent person remaining illiterate. Requiring a literacy test for suffrage would furnish an additional and powerful incentive to every citizen to satisfy that requirement.

Women
 Douglas Meador in the Mata-dora Tribune: The woman talks

like a radio commercial but she cooks like the pictures in a home-makers magazine. Her life has never followed the pattern of her selection but the strength of its fabric is great enough to sustain all the disasters the fates can muster. She knows the charm of a cameo face is less enduring and far less alluring than the fragrance of an apple pie.

Change Needed
 Briscoe County News: The agonizing delays in reconversion to peacetime production are largely the consequence of too much government. Any man who tries to start a business, build a home, or buy a piece of war surplus equipment knows what happens. The red tape is in abundance—any everything else is scarce. When will the American people, for the sake of the future, force a change?

Cleaning Up
 The Stanton Reporter: A very commendable act I note when I come to work early (7) these mornings is the work I see performed by some of our business men, such as sweeping up all the loose paper and other trash that has accumulated at the curb in front and at the side of their places of business. They are to be commended, and are setting a pattern for every business man to follow to make the appearance of their premises more attractive and clean, removing that sign—"The hogs slept here."

Many years ago—in the fall of 1919—your columnist, then the young editor of a small paper, received a letter from William Jennings Bryan, for whom I had had a lifelong admiration. The letter was written in pen and ink and was in reply to an inquiry as to whether the Great Commoner would seek the presidential nomination in 1920. Because it was a personal letter, it was not printed—but it might be of a little interest now, so many years afterward:

"My dear Mr. House: Your kind letter at hand, I assure you that I most sincerely appreciate your generous words. I have not thought it wise to discuss publicly the question which you ask and I will ask you to regard this letter as confidential. No condition that I can now foresee would justify me in being a candidate next year."

"I see no such demand as would make acceptance seem a duty. Besides, there is work to be done for the party and the country—work which I can do, which seems to me to be more important than running for any office. I could not do it if I were waiting for a nomination. Again thanking you for your confidence, I am, Very truly yours, W. J. Bryan."

This Week in WASHINGTON

It appears that Senator Harley M. Kilgore (D-W. Va.) is heir apparent to the chairmanship of the Senate War Investigating committee, which has already provided the springboard for two senators into better jobs.

Senator Harry S. Truman of Missouri was chairman of the committee until he jumped into the presidency, and Senator James M. Meade of New York succeeded him as chairman and now has become the Democratic nominee for governor of New York and has tendered his resignation as the committee chairman.

Senator Kilgore already has had some experience as an investigator, having been chairman of the committee on War Mobilization investigating monopolies and international cartels.

There was a light far into the night in the offices of the Wage Stabilization Board. Will they capitulate or will they stand pat? There was a victorious gleam in the eyes of many Washingtonians and self-conscious squaring of the shoulders when the Board stood pat and refused to take dictation from the bosses of the Maritime unions. At least here is one governmental agency which has some intestinal fortitude . . . they held the line in the face of overwhelming pressure from the labor front, strike or no strike . . . they preserved the wage stabilization structure. And within a few hours the worst maritime strike in history was settled with a new wage labor policy ruling handed down by reconversion director John Steelman with White House approval. Whether this ruling preserves wage stabilization remains to be seen, but the

net effect is that the ship owners can pay any increased wages they desire to workers so long as they absorb the increase and do not pass it along to consumers or the public at increased rates. And this ruling sets a new pattern whereby private industry can deal directly with labor without going before the Wage Stabilization Board. The workers and their increase, ship owners approved and absorbed the increase. So far so good.

On the heels of these parliamentary strikes comes the announcement of Dr. Edwin G. Nourse, recently named chairman of President Truman's advisory committee under the new employment bill, that he is "apprehensive" of a depression. Dr. Nourse is not one of those optimists that believes things will work themselves out if left alone. With present tendency toward higher prices and higher wages being upped toward inflation; with the recent gyrations of the stock market giving a foretaste of what may happen to commodity prices if existing inflationary pressures are not controlled . . . things are following the pattern which resulted in the boom and bust eras after the last war. Dr. Nourse and his committee are working on plans, obviously, which seek to prevent inflation and the bust period which usually follows and instead provide for continued full employment and full production which is the intent of the so-called full-employment bill.

exhilaration of riding a roller coaster. The countryside is clad in shaggy cedars and the road is lined with sagebrush. Far away is a wall of mountains, misty blue.

The last echo of the August primaries has hardly died away,

with the promise on all sides there would be no increased tax and already a proposal is advanced to raise the state gas tax two cents a gallon. The advocate of this increase of millions of dollars in taxes to be borne by the people of Texas is Senator G. C. Morris of Greenville.

FIRE PREVENTION WEEK

October 6 - 12

STOP THE TOLL OF LIFE AND PROPERTY FIRE TAKES EACH YEAR

The great majority of fires are "pure" accidents, caused by careless smoking, untended children, lack of caution in using combustible fluids, and similar negligence. A thousand times you might escape being burned but there is sure to come the one time when carelessness results in tragedy. Don't take chances. Safeguard yourself, your family, your community . . . practice fire prevention.

Property owners in Memphis are still paying a 15% penalty on their fire insurance. This penalty was caused by bad fire losses over the past five years. With the entire citizenship working, this penalty can be removed . . . and this city can earn credits up to 25%. This is a saving to every person who buys fire insurance. Any local insurance agency can explain this.

Tips on How NOT To Burn Your Home:

- * Use non-explosive cleaning fluids only.
- * Burn oily rags at once, or keep them in covered metal containers.
- * Have your smoke BEFORE you go to bed.
- * Keep matches away from small children.
- * Repair defective electrical equipment.
- * Use only metal barrels for trash and rubbish.
- * Clean up around home regularly.

GENERAL HOME

Memphis C. of C. Gives Six-Months Report of Work

A six-months activities report was made last week by the Memphis chamber of commerce board of directors. The reports were mailed to the various members of the organization, giving phases of the work which have been carried out or are in the process of being carried out.

The report carried the following items:

The chamber has secured a manager to plan and direct the program of work.

The "Spare the Square" campaign has helped to alleviate the

Saturday parking problems. The relationship with our rural friends has been greatly improved—a valuable accomplishment.

An airport has been secured—the promotional phase being handled by the chamber of commerce.

A successful annual meeting was arranged and held.

A veterans service officer has been provided by the county—the chamber of commerce had a part in securing this service.

The streets have been marked, the first time in many years. The chamber had a major part in this improvement.

A membership in the U. S. chamber of commerce has been secured.

A steady increase in membership has been maintained. We have tried to keep the membership fully informed on the work.

The chamber of commerce has

campaign for cleaner streets—with some success; but much remains to be done.

The retailers committee has conducted a "trade-at home" campaign to direct local attention to the need of 100 per cent support of local business concerns. The results are gratifying.

We have developed an adequate program of work, and appointed 125 men and women to committees to accomplish the goals set.

\$225 has been given for prize money in 4-H work.

\$30 was provided for an ad in the local newspaper to inform veterans over the county of plans to assist them in applying for leave pay.

We have given a full participating membership (without dues) to each church in the city.

The chamber of commerce sponsored the 4-H calf show in March.

The hospital committee has maintained contacts with Washington relative to securing a location for Memphis.

A mass of details have been handled in the office, many letters written to industries, committee meetings held, finances handled carefully, tourists assisted, and other things done for Memphis.

SCHOOL DAYS ARE HERE ONCE MORE... Gradually the days will grow shorter and nights longer. More and more of the family's work and play will be done under artificial light.

Start now, at childhood, to insure your children's good vision in future years.

It is a known fact that 3 out of every 4 people have defective vision by the time they reach 50. In most cases, it is traceable to poor lighting or the improper use of eyes in childhood. Therefore, use adequate and glareless light in your home—it will not only safeguard young eyes, but help older eyes as well.

Our lighting engineers will gladly assist you in obtaining the proper seeing conditions. This free service is yours for the asking.
