

Hall County 4-H Members Take Five First Places in State Contests

COUNTY 4-H CLUB WINNERS in STATE CONTESTS

Pictured above are three of the five individual winners from Hall County 4-H Clubs who were announced this week. From left to right are pictured Harold Rampey of Lakeview, Jim Whaley of Estelline, and Billy Hancock of Lakeview. Other winners shown on page 5.

County Winner for Outstanding Work

Six State awards to Hall County 4-H Club members for achievements during the present year have just been announced by the A. and M. College Extension Service club specialist. A telegram announcing the awards was received from College Station Wednesday by County Agricultural Agent W. B. Hooser, who this past year was selected as one of the outstanding agents of the nation and was presented a distinguished service award at Chicago.

The top winners from Hall County, as announced by A. and M., are Harold Rampey, Jack Moreman, Jim Whaley, Carroll Fowler, and Billy Hancock.

Local Club Host To Lions Officers And Guests Monday

Herbert C. Pietry, Lions International director, was principal speaker Monday evening when the local club was host to the director, and to Governor Frank Jordan, state secretary Marlow Fisher, and several officers from neighboring clubs.

Hall County for the third time has won over all other counties in Texas for the most outstanding 4-H program carried on in the state. This year a plaque is awarded the county by Westinghouse Electric Corporation for better methods program.

Pietry, whose home is in Carizo Springs, told the group that the word "service" had just been scratched, as men bonded together in Lionism hunted far afield for more things to do for their community.

Harold Rampey of Lakeview gets a trip to the National 4-H Club Congress at Chicago by winning the better methods electric contest, sponsored by the Westinghouse Education Foundation.

Jack Moreman of Brice wins a \$25 savings bond in the garden contest sponsored by the All-Chalmers Corporation.

Jim Whaley of Estelline gets a \$25 savings bond in the Class A dairy production contest, sponsored by Kraft Foods Corporation.

Carroll Fowler of Lakeview is awarded a \$50 savings bond in the soil conservation contest, sponsored by Firestone Tire & Rubber company.

Billy P. Hancock of Lakeview gets a \$25 savings bond in the safety contest, sponsored by General Motors Corporation.

Farm Bureau Asks Worley's Support Of Cotton Control

A committee from the Hall County Farm Bureau federation, composed of R. W. Sexauer, president of the Hall County Farm Bureau; J. H. Russell, president of the Estelline Farm Bureau; C. M. Hawkins; and W. B. Hooser, went to Amarillo Monday to confer with Congressman Gene Worley in regard to cotton control for 1947.

The committee presented Mr. Worley with a set of resolutions passed by the Hall County farm bureau at a meeting held in Lakeview last Friday night.

Recently, Congress passed a law to the effect that there would be no cotton control in 1947. Worley expressed himself as willing to introduce a bill at the next session of congress, early next year, asking that a vote be taken to repeal the law passed this year, and placing control on cotton for 1947.

Pirates and Eagles Play Friday Night At Lakeview

The Lakeview Eagles will play their final conference football game of the season at Lakeview Friday night against the Lefors Pirates.

The Pirates stand third in the district, having won three games, lost one, and tied one. They have one other conference game, against Wellington, following the game with Lakeview.

Cotton Loan Forms Have Arrived

The ACA office in Memphis now has cotton loan forms, which may be obtained by farmers who wish to place their cotton in the government loan, Lynn McKown announced this week.

The basis for loans in Hall County is 24.21 for 15-16 strict middling, McKown said.

Rev. C. R. Tennison To Preach Sunday At Baptist Church

Rev. Clifton R. Tennison, pastor of the First Baptist Church of Ozona, will preach at both the morning and evening services at the local Baptist church Sunday.

Rev. Tennison is a graduate of Wayland College; holds a bachelor of arts degree from Howard Payne, and a Th. M. degree from the Baptist Seminary at Fort Worth. He was honored at the seminary by having been invited to return for graduate study toward a Th. D. degree. He has been a pastor for seven and one-half years. He was pastor of the Central Baptist Church, Wichita Falls, and the First Baptist (Continued on page 5)

City to Enforce Ordinance Requiring Inspection of Plumbing Installations

Property owners of Memphis business district, to have the inspection made. After plumbing is checked with a pressure gauge, and it is found that no air is escaping, a permit is issued which allows the United Gas corporation to set a meter.

It was pointed out at the meeting that it was in the interest of the public welfare that the ordinance be enforced.

All persons should contact Carlos at the city tax office when they are ready to have gas connections made, members of the city council said.

Knife Stabs Fatal To Geo. Hawthorn

George C. Hawthorn, 49, was stabbed to death in a fight which occurred here about 11 o'clock Saturday night. His body was found early Sunday morning east of the railroad on Main street.

John Clay, 52-year-old laborer, was placed in jail by Sheriff Earl Morgan Sunday, and charged with murder in connection with the slaying. Clay admitted having a fight with Hawthorn, but professed no knowledge of the killing, it was reported.

A coroner's inquest was held by Justice Morgan Baker, and an autopsy was performed by Drs. O. and Edwin Goodall, who said Hawthorn died from three knife wounds which penetrated his heart.

Funeral services for Hawthorn were held at Denton Monday, with Womack Funeral Home of Memphis in charge of arrangements.

George Carney Hawthorn was born July 22, 1897. He moved to Hall County in 1926. He was married by two brothers, W. H. Memphis and D. W. of Shamrock; two sisters, Mrs. Myrtle White of Denton, and Mrs. Minnie Garmon of Fort Worth.

Solicitors Start Building Fund Drive on Friday

The Legion building fund drive will get under way Friday, when several members of the Chas. R. Simmons Post, American Legion, will begin personal solicitations, John Deaver, commander, announced this week.

The goal of the drive is \$50,000, which will be used to erect a memorial building to veterans of World War II. Commander Deaver pointed out that most of the solicitors who will be calling on county citizens will be veterans of World War II.

Original plans were for veterans to call upon business firms here in Memphis early this week, but bad weather prevented the plans from materializing.

"We have already received several contributions," Deaver said. "These have come to us by mail during the past few days, and we invite all persons who desire to do so, to address their contributions to the local post."

C. C. Meacham is chairman of the building fund drive, and working on his committee are Otho Fitzjarrald, Wendell Harrison, Euster Helm, Benzy Estes, O. V. Alexander, Dean Morgensen, Bascom Davenport, J. H. Vallance, Hulen Clifton, D. C. Messick, and A. M. Sims.

Mayor Appoints New Chairmen of Four Committees

Several changes were made in the chairmanship of committees of the city council this week when Mayor C. C. Hodges read new appointments. The first was the appointment of W. T. Hightower to take charge of the two city parks.

Mr. Hightower succeeds Mrs. T. D. Weatherby, who has been in charge of the parks for many years. The council accepted her resignation, and voted to extend her their appreciation for her untiring efforts.

Other appointments place Robert Duncan in charge of all dirt streets within the city limits; R. C. Cummings in charge of all paved streets; and Wendell Harrison in charge of the administration of the fire department. These appointments will take effect (Continued on page 8)

Burning Car Leads To Arrest of Man For Hauling Liquor

A burning automobile, located two miles east of Memphis, led local officers to the arrest of A. W. Rutledge of Amarillo on a charge of transporting liquor through a dry area. Rutledge was picked up Monday night following a report of a collision of two cars, one of which was in (Continued on page 5)

General Election Quiet in County

Due to rainy and otherwise inclement weather Tuesday, voting in the general election was light in all voting precincts of the county.

Only 12 of the 16 boxes in the county had reported Wednesday, and each showed an appreciable depreciation over the primary vote last summer.

All Democratic candidates won hands-down over their Republican opponents in the county balloting, and the proposed amendments Nos. 1 and 3, especially the last, carried by good majorities, while No. 2—that concerning pensions for state employees—drew more "against" than "for" votes.

Senator Tom Connally polled 686 votes to his opponent's 25, and Congressman Gene Worley polled 695 votes to his opponent's 22. These totals were taken from the unofficial returns of the eight boxes which had reported Wednesday.

Another state election is being held today for the purpose of voting on the proposed amendment known as the GI bill to finance service men in buying state lands.

In the national picture, the Republicans captured control of both the Senate and the House, giving three more than a majority in the Senate, and 14 more than a majority in the House. This is the first time in 15 years the Republicans have had a majority in either branch of congress.

With their winnings the Republicans promise to cut individual (Continued on page 5)

Poppies to Be Sold Here on Saturday

Saturday will be Poppy Day in Memphis and all over America. Preparations to observe the day in Memphis have been completed by Mrs. Oren Jones, president of the American Legion Auxiliary, and committees.

No price will be asked for the poppies, but contributions will be accepted for the welfare and rehabilitation funds of the legion and auxiliary, by the workers on the streets all day Saturday.

All money received will be used for the benefit of disabled veterans and their families. The poppies are made by disabled veterans.

Rev. Strickland Resigns Pastorate

Rev. C. A. Strickland resigned last Sunday as pastor of the Memphis Assembly of God Church and moved this week to Crosbyton where he will be pastor.

Rev. Strickland was pastor of the local church for two and a half years, and stated he had learned to like Memphis and its people.

REV. AUBREY C. HAYNES

Methodist Pastor Attends Conference

Rev. Aubrey C. Haynes, pastor of the First Methodist Church of Memphis, is attending the North-West Texas Conference at Pampa this week.

Rev. Haynes came to Memphis as pastor of the local church last March upon being discharged from service, having been a chaplain in the army for three and a half years. His report to the conference will show the progress the Memphis church has made during the eight months he has been pastor.

A brief summary of the report furnished by Rev. Haynes follows (Continued on page 8)

Calling For ROCK HOUNDS Ferris, Estlack

Earl Ferris of Childress and Postmaster J. C. Estlack of Clarendon, front and center! Two hex-shaped pieces of mica were brought to The Democrat office Wednesday by Boone Simpson of Northfield. One of the pieces was about two feet long and some two and one half inches in diameter, made into a perfect cross, and the other was about 18 inches long, same diameter, and had the appearance of a spirit level with a bubble that travels several inches when the piece is tilted.

The pieces were dug from a bluff across the Hall County line five miles from Northfield by Mr. Simpson. He says there is a lot more of the mica as well as other kinds of rock ore at the same location. He thinks some rock hound might find something really worth while in the locality.

WORK STARTS ON STREET LIGHTS

Surveying started today on Memphis' new street lighting system when a crew of 11 men and city officials began spotting individual light pole locations. Actual construction will begin about Saturday, E. M. Wilson, manager of the West Texas Utilities company, said early this morning.

All supplies for installing the new lighting system have arrived with the exception of some residential fixtures, the local WTU manager said. Plans are to use old fixtures and complete all installations now, replacing the obsolete fixtures with new ones as soon as they are received.

The new street lighting plan, which was accepted by the city council last July, calls for a total of 170 lights. At present the streets of Memphis are lighted with only 77 lights. A different type of light will be used which is much more efficient, and when the new lighting system is installed, it is estimated the new fixtures will give 20 times more light.

Nineteen of the new lights will be 6,000-lumen lights, and will be placed in the business district. At present the city has 600-lumen lights. In the secondary business district and along the highway through town, 38 4,000-lumen lights will be set up. The residential section will receive a total of 99 lights.

Rev. C. R. Tennison To Preach Sunday At Baptist Church

Rev. Clifton R. Tennison, pastor of the First Baptist Church of Ozona, will preach at both the morning and evening services at the local Baptist church Sunday.

Rev. Tennison is a graduate of Wayland College; holds a bachelor of arts degree from Howard Payne, and a Th. M. degree from the Baptist Seminary at Fort Worth. Four County Schools Resume Class Work

Lakeview, Pleasant Valley, Lesley, and Brice schools resumed classes Monday morning of this week after having been closed for a period of four weeks, Miss Mary Foreman, county superintendent, announced this week.

With the exception of Mrs. Russell Payne, primary teacher in the Pleasant Valley school, who resigned during the time school was dismissed, the personnel will remain unchanged. Arthur Francis, graduate of Abilene Christian College, has been employed to fill the vacancy, Miss Foreman said.

Democrat Selected for Journalism Study at Texas U

The Democrat has been selected one of 25 weekly newspapers in Texas for use by the journalism classes of the University of Texas in a study of representative weeklies.

Each issue of The Democrat will be placed in the journalism library to be used by the nearly 100 journalism students. Paul J. Simpson, professor of journalism, is now aided by Olin E. Hinton, formerly of West Texas State College at Canyon, in the work of teaching the rudiments of the newspaper business.

A letter received from Paul J. Simpson stated in part: "This fall we established a journalism library at the university. In this library we will have ample space to house files of a number of Texas weeklies. We have prepared a list of 25 Texas weeklies that we would like to receive. Among the list is The Memphis Democrat."

Five Men Register With Draft Board In November

Five young men from Hall County registered with the local draft board during the month of November, Mrs. Pauline Knight, secretary of the draft board announced this week.

Those registering were Alfred Lee Johnson, Charles Eugene Hawthorn, Melvin Houston Stewart, Leon McElreath, Troy Wiley, Billy Ray Jones, Ray Pullen, Denzil Floyd Miller, and Thomas Low Turner.

John Lancaster Merrill registered as a returned veteran.

CARD OF THANKS

Dear Friends, Neighbors, and Loved Ones: Mere words can't express our sincere thanks and appreciation to each and everyone who had a part in sharing our recent loss of our darling husband, son, and brother. Especially do we say thank you to the gin crew of the Farmers Union Gin at Plaska, to those who prepared the meals, those who contributed to the beautiful floral offering, the singers, ministers, and to those who sent cards. Each act of kindness and sympathy is greatly acknowledged. May the Lord in His infinite mercy bless each of you and stand near you in time of need.

Mrs. Mason M. Sherley, Mr. and Mrs. M. M. Sherley, Mr. and Mrs. Colbert Chappell, Mr. and Mrs. Collins Craghead.

We marveled at our daughter's ability in the kitchen. Not because of what she bakes, but how she ever lifts it out of the oven.

Survivors of Veterans Dying Since Discharge Eligible for Payments

Even though the veteran never had a social security account number card, and even though he never worked on a job covered by the social security act, survivors of any World War II veteran who has died since his discharge may be eligible now for payments under the social security act, it was announced this week by the field office in Amarillo.

These payments are made possible by a recent amendment to the Social Security Act, according to information received from John R. Sanderson, manager of the Amarillo social security field office. He pointed out, however, that the new amendment does not provide any payment to the veteran himself, and that it does not provide for payment to the survivors of men who died before discharge or release from active duty in the armed forces.

The new section of the act provides for the payment of monthly benefits to qualified survivors of veterans who die within three years after their honorable discharge from service and whose dependents are not qualified to receive compensation or pension from the Veterans' Administration.

National Service Life Insurance payments to survivors are not considered as compensation or pension from the Veterans' Administration.

The measure provides for monthly benefits retroactive to the date of the veterans' death if the survivors file their benefit claims with the nearest office of the social security administration on or before midnight February 10, 1947. Claims filed after that date will be retroactive for no more than the usual 3-month period.

Under the provisions, a widow with one child would receive monthly benefits of not less than \$39 until the child reached age 18, while a widow with three children would receive \$63 a month or more. Lump-sum payments may be made to eligible dependents if the veteran had no children under age 18.

As in the case of all other persons qualified for social security benefits, families of deceased veterans to whom this new section of the law applies should go to the nearest office of the social security administration to file their claims as soon as possible.

Kate Smith Heads Polio Campaign

Kate Smith, famous radio star, is national chairman of the 1946 Sister Elizabeth Kenny campaign for infantile paralysis, which campaign will be conducted throughout the nation, November 18 thru December 7.

The Texas quota has been set at \$150,000. George C. Francisco Jr., of Houston, chairman of the Texas executive committee, announced, and funds will be used to send graduate nurses to the Kenny Institute in Minneapolis for two years of training as technicians, so that there will be available trained Kenny technicians wherever polio breaks out in epidemic stage, and to eventually build Kenny clinics in the state.

Counties are being organized throughout the state. Campaign chairmen have now been appointed in more than 100 counties and committees are being organized.

However, volunteers are needed throughout the state, according to information received from the state office. Interested persons can contact the Kenny state headquarters at the Driskill Hotel in Austin.

Parents Urged To Supervise Child Health

Emphasizing the urgent need for parental supervision of all phases of child health, Dr. G. W. Cox, State health officer said today, "Much of the impaired eyesight of advanced years could be prevented if sufficient interest in early life were applied and a correction by means of temporary glasses made when required."

Parents, Dr. Cox asserted, should be watchful for danger signals in the child such as frowning, squinting, persistent headache, eyeache, and watery eyes. If the youngster reads too closely or too far away from the face, that situation may also be significant of trouble.

"No child likes wearing glasses, nevertheless, it is the obligation of those responsible for the future of young folks to have their eyes examined by a reputable specialist if there is a suspicion that normal vision does not exist. It is much better for a child to wear

glasses for a few years during early school life than to have permanently defective vision in later life," he declared.

Dr. Cox said that neglect of the eyes is by no means limited to children. Many older persons, some through vanity, indifference, or carelessness, fail to give proper attention to the care of their eyes. Penalties, he warned are bound to occur for such inexcusable negligence.

"The eyes of any person, whether young, middle-aged, or older represent one of the most priceless of bodily possessions," the state health officer asserted. "To take care of them promptly and properly is a responsibility which never should be sidestepped."

Local Girl Scouts Attend Childress District Meeting

Twenty-seven Memphis Girl Scouts of Troop No. 2 and Troop No. 5, accompanied by their leaders, attended the district meeting of intermediate Girl Scouts in Childress Saturday.

The Memphis girls met at the Library park at 9:30 o'clock and from there were carried to Childress in a school bus. Upon arriving in Childress, the group went to the Childress park where they were divided into patrols, according to age.

After the group had sung a number of girl scout songs, each patrol went to a different part of the park where the girls ate a picnic lunch.

Following the lunch hour, girls assembled again to play games and listen to a talk by Miss Ida Mae McClure, district Girl Scout executive, on Girl Scout hedges and activities. The meeting closed at 3 o'clock with one of the Girl Scout closing ceremonies.

Girl Scouts attending from Memphis were Pat Goodnight, Nancy Stanford, Patsy Nell Combs, Onista Ables, Margaret Ann Massey, Vondia Blackman, Patsy Ruth Jarrell, Betty Sue Rich, Gloria Harris, Jaunita Eppers, Barbara Whitson, Nan Crowder, Rita Jo Hale, Betty Don Pullen, Evelyn Ritter.

Johnnie McDaniels, Margie Don Simmons, Patsy Pryor, Jon Ann Huggins, Lynette Reams, Inez Martin, Opal Ray Green, Billie Hartman, Nancy Brewer, Yvonne Stardevant, May Dell Jefferies, Arabella Tayev.

Leaders attending were Frances Kinard, Margarite McCoy, Leona McCraw, and Mrs. McDaniel and Mrs. Jarrell, committee mothers.

Rockets Defeat Cyclone 44-6 in Conference Tilt

A fighting Cyclone team went down 44-0 before the blazing Wellington Skyrockets Friday night of last week at Rocket Stadium. The Wellington gridsters took an early lead in the game when Hatch, fleet back, made the first counter. He was followed within a short time by Copeland, who scored after catching a 30-yard pass from Russell. The score was 12-0 at the end of the first quarter.

McElreath and McQueen showed up well in several running plays, but the strong Wellington line stopped play after play for little or no gain.

In the second quarter, Wellington scored twice more. In the third, a pass was good for six more points, and a blocked punt gave the Wellington boys an additional touchdown. Six points were added to the top-heavy score during the last quarter.

Statistics show that Memphis fumbled three times to none for their opponents. The Rockets made 10 first downs to 4 for the Cyclone.

District 3-A standings are as follows:

Team	W	L	T	Pct.
Wellington	5	0	0	1.000
Shamrock	5	1	0	.833
Lefors	3	1	1	.700
Clarendon	3	1	2	.667
McLean	2	3	1	.416
Wheeler	2	4	0	.333
Memphis	1	5	0	.166

DOLLAR WORTH 69 CENTS NOW

Your dollar today will pay for what 69 cents would in 1941.

This information comes from a recent survey by the bureau of labor statistics of the Department of Labor. According to the report, the purchasing value of the dollar dropped to 76 cents between January, 1941, and June, 1946. By the middle of September it was down another seven cents.

One official in the Department of Labor stated that the purchasing power of the dollar will probably keep going down for a while.

4-H Demonstration Of Dairy Food Uses Popular in Rural US

4-H individual girl and team demonstrators throughout the nation are making valuable contributions to folks in their community by showing how to prepare nutritious, tasty dishes with dairy foods. These include milk drinks, custards, cottage cheese, pastries, and salads.

Popularity of these demonstrations is reflected in the fact that the girls' audiences frequently comprise several hundred rural homemakers.

As incentives for outstanding demonstrations, merit awards are offered by the Kraft Foods Co., extension officials have announced. The highest rating individual and two-girl team demonstrators in each county will receive medals of honor, and those in the state are awarded \$50 U. S. Savings Bonds.

The extension service is directing the activity in 44 states, Hawaii, and Puerto Rico this year.

Clarendon Office OPA Closes Nov. 4

The Price Control Board at Clarendon, serving the counties of Hall, Armstrong, and Donley, was closed Monday Mr. Masterson, chairman of the board, announced.

"This step marks the conclusion of almost five years of unprecedented patriotic service by board members, citizens of Hall, Armstrong, and Donley counties, who through their thousands of hours of volunteer work, have prevented inflationary dangers from taking effect and saw that their neighbors had an equal right to their fair share of scarce commodities during the days of rationing," Masterson said.

Members of Clarendon's Price Control Board stayed on the job for more than a year after the end of the war. Production has had a chance to catch up with demand. Now that President Truman has announced the program for accelerating the remaining wartime controls, Price Administrator Paul A. Porter has determined that the remaining functions of local boards can be continued by the district OPA office at Fort Worth, Masterson reported.

He gave the following information as to the conducting of OPA business in the future:

1. Trade and consumer inquiries about price control formerly handled by price control boards should be addressed to the OPA district office in Fort Worth.
2. Certificates of transfer covering sales of used passenger automobiles may be obtained from principal auto dealers. Dealers should request additional supplies from the OPA regional mail center at Dallas.
3. Sugar rationing has been administered from the district office since last January. In the future, sugar forms required by the trade and consumers may be obtained from the district office.
4. Pending compliance actions by the board will be transferred to the district office.
5. The Clarendon board office was closed for the transaction of public business November 4. However, the paid clerical personnel will continue on duty during the month of November in order to transfer records to the district office and to perform the many other duties involved in closing the office.
6. As in the past, supervision

Five Boy Scouts Pass Eagle Scout Requirements

Five Boy Scouts of troop No. 55 passed their eagle scout requirements at the local board of review last week, Scoutmaster Theodore Myers announced Monday. Boys passing the requirements were Carl Smith, Donald Corley, Leroy Green, Billy West, and Jack Knight.

One other scout, Bobby Taylor, who will be eligible to become an eagle scout at any time, is now working on his merit badges.

After passing the local board of review, the merit badge certificates will have to be approved by the Adobe Walls Council scout executive and then by the National Scout office at Washington, D. C. If the boys pass the requirements at the national office they will then become eagle scouts, Scoutmaster Myers explained. "I hope to have papers for these boys approved by December 1," Scoutmaster Myers said.

Three boys also passed at the board of review their star and life scout requirements. The boys were Donald Payne, Troyce Khudy, and Raymond Clark. Allan Pierce passed from a second class to first class scout.

"We have rounded up eight new scouts, Corkey Billingsley, Jack Gilbert, Sheldon Anisman, Freddie Vinson, David Corley, Omer Johnsey, Donald Stevens, and Julius Stevens, in the scout roundup the last few weeks. These boys are now busy at work on their tenderfoot requirements," he added.

flames, and at his trial Tuesday, he entered a plea of guilty, and paid a fine.

When Sheriff Earl Hill and Patrolmen Noel D. Callaway and Cecil McNeil arrived at the scene of the wreck, a 1941 Buick was burning fiercely. After flames died down, they found the automobile contained four or five cases of whiskey, the contents of which had been feeding the flames.

Rutledge was driving east when he side swiped a car driven by a Mr. Moore of Clarendon, Sheriff Hill said. The Clarendon man was returning home from Wellington.

Rutledge was arrested in Memphis late Monday night by Deputy Grant Evans and Policeman General Patterson. In county court the following day, his attorney entered a plea of guilty to transporting liquor, and his fine was assessed and paid.

4-H Clubs Observe Achievement Week

Members of the Hall County 4-H Clubs along with more than 100,000 other 4-H Club boys and girls are being recognized in Texas this week during the observance of National 4-H Achievement Week, for the work they have done during the past year.

Plans are now being completed in counties over Texas to observe National 4-H Achievement Week, November 2-10. Over 100,000 4-H Club boys and girls will be recognized for the work they have done during the past year in 4-H clubs.

At the beginning of 1946, 4-H Club enrollment in Texas included 101,395 members. A glance at some of the figures showing how much those boys and girls accomplished gives an idea of what 4-H Club work means in Texas.

Club girls canned over a million and a half quarts of food, served 1,152,000 meals, made more than 150,000 garments and redecorated 7,440 bedrooms—and these are just a few of their accomplishments. Club boys raised over 40,000 acres of field crops, 750,000 chickens, 50,000 head of

Since the Memphis Cyclone has an open date Friday it is expected that many Memphis fans will attend the Lakeview-Lefors game. The Cyclone is scheduled to play the Clarendon Broncos at Cyclone Stadium Friday night of next week. This will be the final conference game of the season for both teams.

Various and Sundry WEATHER Hits Panhandle

The northwest Panhandle plains section of country had plenty of snow and wintry weather from Sunday to Wednesday. In some sections the snow stopped traffic and in others heavy rains fell. Freezing temperature prevailed on the north plains.

In Hall County light showers fell at various times for three or four days, but the temperature did not reach the freezing point. The amount of precipitation recorded by J. J. McMickin's gauge amounted to .78 of an inch. Clear weather has prevailed since Wednesday morning.

Temperature readings, low and high, for the week: Friday 58-73; Saturday, 49-75; Sunday, 52-76; Monday, 38-44; Tuesday, 35-45.

4-H Demonstration Of Dairy Food Uses Popular in Rural US

With large feed supplies assured, 4-H poultry club members in 45 states are concentrating on producing heavier fowl, as well as increasing egg production, to cope with the acute nation-wide meat shortage.

Outstanding records of achievement will be recognized in the national 4-H poultry activity by Swift & Co., 4-H Club officials reported. Five top ranking participants in each qualifying county will receive sterling silver medals. Each state's winner will be given an educational trip to the 25th Anniversary National 4-H Club Congress in Chicago in December, and the next four highest rating participants will receive \$25 U. S. Savings Bonds. Ten selected state winners will receive national awards of \$200 college scholarships.

The activity is being conducted under the direction of the extension service.

Lakeview Elects Football Queen

Martha Lollis has been elected as football queen of the Lakeview Eagles, it was reported this week. The election was held Monday.

The queen and her attendants will be brought out on the field during the half-time period of the game between Lakeview and Lefors which will be played at Lakeview Friday night. The queen's attendants are Patsy Byars, Ginger Payne, and Jerry Williams.

The queen will be crowned by the captain of the Lakeview team, Harold Rampey.

Most Popular Pupils Chosen by Lakeview

A meeting was held by the Lakeview High School Tuesday to select the most popular boy and girl of each class.

School officials reported that the following students were selected: Seniors—Jerry Williams and Ector Anthony; Juniors—Patsy Byars and "Pete" McCann; sophomores—Flora Hall and Dan Johnson; and freshmen—Mildred Booth and Wayne Adams.

'It's The Brain That Counts'

By SCHOOL REPORTER

An assembly program conducted by Rev. King, district evangelist, was presented to the high school student body Thursday of last week. The theme of the program dealt with the question which asks "Which is more destructive, a physical war or the war against the use of alcohol?"

A 30-minute film was presented which showed battle scenes from World War II, and also the results of that war in America, Europe, and China. Another film which was shown held for a title a sentence once spoken for the famous Dr. Mayo: "It's the Brain that Counts." The pictures suggested many reasons from a medical standpoint why alcohol should not be used. Not only did it show actual experiments on how alcohol destroyed tissue cells of the

MUST LEAD!

Distinct from all others is the leader—out in front because of proven qualities. Among coffees in the Southwest ADMIRATION holds that distinction. It is a blend unique among all others. The same experts who have been "Cup-Testing" ADMIRATION for nearly thirty years proudly guard these qualities that have earned its leadership. "Cup-Testing" is your assurance that ADMIRATION will be the same today and tomorrow as it has been in the past. The personally "Cup-Tested" ADMIRATION way is the only way to assure the same perfect blend—package after package.

Parking Lot Will Be Constructed at Rear of City Hall

A parking lot will be made immediately behind the city hall to provide space for cars of members of the fire department, police department and city employees, according to W. T. Hightower, city commissioner, following a meeting of the council Tuesday night.

At the meeting, Mayor C. C. Hodges appointed Hightower to be in charge of the project, which will start soon. It was decided to move the hedge on the north side of the plot, which will then be cleared and graveled.

Hightower pointed out that this will relieve the congestion around the city hall. All other persons who maintain offices in the building will be asked to use the new parking space.

Mayor Hodges stated that plans are being made to improve all graveled streets, as well as gravel the road to the airport. A mechanical gravel loader will be purchased and placed in operation as soon as possible. The council also voted to order a new mechanical street marker, and keep parking lines, etc., painted at all times.

HALL COUNTY HAS SIXTEEN 4-H CLUBS WITH 751 MEMBERS

HALL COUNTY AGENT MAKES REPORT OF 4-H CLUB ACTIVITIES FOR PAST YEAR

A brief resume is given concerning the work that has been done by 4-H boys and girls of Hall County during the past year. Many honors and awards have been won and the projects of the individual members have demonstrated the value of club work in advancing agricultural interests of the county.

The report on 4-H Club activities as compiled and submitted to the office of the county agricultural agent, is as follows:

Seven hundred and fifty-one 4-H Club members are enrolled in 16 4-H Clubs in Hall County with a total of 1,218 projects consisting of 148 beef calves, 260 swine, 92 poultry, 97 dairy cows, 15 hogs, 26 cotton, 370 gardens.

Regular monthly 4-H Club meetings have been held in the year by each club. In the club meetings, the success of the club depends upon the club members and adult leaders because the members are placed in full control of the club to carry on regular parliamentary procedure.

In these meetings, the members study every phase of agriculture in theory and have a field day or "lab" work after studying each phase.

The adult leaders have been the nucleus of our 4-H Club program in our community, recreational activities carried on by the clubs.

At the beginning of the year in the regular meetings of the 16 4-H Clubs of the county, all of the state and national contests are explained and discussed and each club member is given a chance to participate in each contest for which he is qualified.

Every 4-H Club member has

4-H Club Congress.

These boys also appeared before the Lions Club the following week at which time they gave an interesting account of their trip to the members of the club.

Hall County 4-H Club boys exhibited the best county group of 15 calves in Amarillo this year, which is the 4th year that they have won the best county group in Amarillo.

Jack Moreman was awarded best Panhandle calf, reserve champion calf, first in group of five calves, first place in senior division, and fifth place, which brought a total of \$122 in prize money alone. Jack's calves sold according to the following: reserve champion brought \$1,016, and a grand total of \$2,821.46 was paid for his five calves.

Don Hancock won 11th and 13th places in the individual classes and 6th in the group of 3 receiving \$20 in prize money and sold the three calves for a total of \$1,100.73.

Carroll Fowler was awarded \$6 placing his calf in 17th place in Amarillo and \$15 prize money for calves in Fort Worth. His calves brought a grand sum of \$1,170 for the three.

Harold Rampy was awarded prize money for placing his calves in 2nd place of \$21 and 28th place of \$4.50, a total of \$25.50. His calves sold for a total of \$554. Harold won reserve Panhandle calf.

Billy Hancock won prize money for placing his calf third in the group of 3, 12th and 30 places, a nice total of \$25.

Laddie Sloan entered the Fort Worth show and sold his calf for \$418.08.

Gayle West entered the Fort

Worth show and sold his calf for \$359.48.

Fletcher Bownds entered in Fort Worth show and sold his calf for \$362.90.

Jimmie Bownds showed his calf in the Fort Worth show and sold it for \$330.22.

Morris Odum sold his calf in Fort Worth for \$304.

Billy Hancock won an all expense trip through Mexico on a "good neighbor tour" and the boy exhibited his leadership by acting as master of ceremonies at a banquet held in Mexico City where government officials of the United States and Mexico attended.

Following Billy Hancock's return from the Mexico trip he was guest speaker at the Memphis Rotary club. He made such a splendid account of this tour that every member was elated over the boy's ability as a speaker and it was expressed to the agent later that his talk was followed more closely than any other speech that had ever been made before the club.

As a result of his activities Billy won the privilege of escorting a group of Mexican college students through the major agricultural sections of Texas, at which time he served as master of ceremonies at the Greater Pan American banquet and over a national radio hook-up, and also served as master of ceremonies at Fort Worth and San Angelo.

Billy Hancock won an all expense trip to the National 4-H Club Encampment in Washington, D. C., this year and represented the state of Texas.

Billy's 4-H Club career is a typical example of the benefits derived from 4-H Club work and the interest which he has aroused in the farmers of his community, and his family as well, is an example of how extension teaching has borne fruit.

The Hall County agent was honored by being selected as one of the outstanding agents of the nation and was presented a distinguished service award at the National County Agent Association meeting in Chicago.

An eventful month in Hall County was in March when the Hall County Livestock Show was held. Much interest and enthusiasm was shown by the 4-H Club members, their parents, farmers, and business men.

Hall County was honored by having our district agent, Knox Parr; assistant 4-H Club leader, W. A. Ruhmann, and Dr. Ashley, extension historian and representatives of many papers and magazines as visitors at the show.

Roy Snyder, extension meat specialist, judged the livestock show and following the show, a history making action show was conducted.

The cow-sow-hen program sponsored by Sears, Roebuck Foundation, is a lively program in Hall County each year when 4-H Club members compete for a registered gilt by writing essays. The essays on the advantages of diversified farming were judged by

a committee and the top nine essays were published by The Memphis Democrat for nine weeks as a series of news articles.

The club members carried on exceptional research work in writing the essays. They received assistance from their adult leaders, teacher-sponsors, parents, and the county agricultural agent. The boys had some food for thought on the topic chosen and it is impossible to estimate the value of this program. The results of the program are being exhibited and carried out to many farmers in Hall County.

An annual event throughout the district is the 4-H Club Encampment held at Lake McClellan. Tours are made by the adult leaders of Hall County to inspect the projects of club members. His record and condition of the project is examined and taken into consideration in selecting the most outstanding boys in the club to attend the encampment.

The adult leaders discussed the condition of the project with the county agricultural agent before selecting the boys. The adult leaders are to be commended for their interest, time, and effort exhibited in our 4-H Club program.

Twenty-six Hall County 4-H Club boys and one adult leader attended the district 4-H Club encampment with Hall County boys giving a good account of themselves by winning many prizes. Hall County won fifth in rifle shooting contest, first and grand champion in softball, 3rd in washers, and 2nd in horseshoe pitching.

Adult leaders and the county agricultural agent report that 4-

ROADSIDE BEAUTIFICATION LEADERS HOLD MEETING IN CHILDRESS NOV. 1

A meeting of county chairmen of district 25 of the Texas Roadside Council was held Friday at the district office building of the Texas Highway department in Childress.

Mrs. W. U. Dannelly, district chairman, presided and gave an outline of the program and purposes of the organization. The Texas Roadside Council is a citizens' organization for the purpose of improving the area adjoining the highways of the state through proper cleanup and beautification, Mrs. Dannelly said.

J. B. Nabers, district engineer, pledged the support and cooperation of the highway department to the Texas roadside development program.

Mrs. J. M. Crews of Childress was the principal speaker. Mrs.

Crews discussed the "living honor plan" currently sponsored by the Texas roadside development program. By concurrent resolution the last session of the legislature requested each county in Texas to adopt some particular flowering shrub or tree to stand as a "living honor" memorial to all of the citizens of that county who served in the armed forces during World War II, and asked that all property owners of the particular county to plant the selected shrub or tree in their individual yards, as well as in public parks and around public buildings.

This token of respect is also a gesture of self-respect, for by carrying out the plan as a statewide project, a unified improvement and beautification will be achieved. This is a living honor as well as a memorial plan; it applies to those who have returned as well as those who must live only in memory, Mrs. Crews said.

County chairmen in this district have reported the following selections for the memorial planting: Childress County, redbud and crepe myrtle; Dickens County, purple lilac; Knox County, crepe myrtle; Hall County, Paul scarlet rose; Wheeler County, red-leaf plum and butterfly bush; Hardeeman County, purple lilac; Collingsworth County, crepe myrtle.

A cleanup program was also discussed at the meeting. County chairmen present were Mrs. H. H. Courtney of Matador, Mrs. R. C. McLain of Quanah, Mrs. L. W. Stanford and Mrs. H. Byrd of Memphis, Mrs. R. S. Tisdal of Shamrock, and Mrs. J. M. Strong of Wellington.

PLASKA

By MRS. W. T. HAYNIE

Cecil Foster of Friona was a Plaska visitor over the week-end. Mr. and Mrs. Pete Williams and girls of Dozier visited Mr. and Mrs. E. E. Foster Sunday.

Mrs. John Campbell of Lakeview visited Mrs. John Murdock Thursday night.

Mrs. Henry Foster and son returned home Thursday after a week's visit in Abilene with her mother, Mrs. J. H. Ball.

T-Sgt. Raymond Martin arrived home Tuesday night from overseas. He has served in the South Pacific for a year.

Mr. and Mrs. James Harper of Memphis were Plaska visitors Sunday.

Mrs. Orrie Isham of Santa Maria, Calif., came Saturday for a visit in the E. J. Galloway home and with other friends.

I. O. Huggins was able to be brought home Monday from a Memphis hospital where he has been for a week. He was taken to the home of his daughter, Mrs. James Dixon.

Mrs. Earl Bloxam of Memphis is spending this week visiting her parents, Mr. and Mrs. John Murdock.

Pat Medford of Lakeview visited J. H. Murdock Sunday.

Mrs. W. L. Nabers left Monday for St. Louis, Mo., for a visit with her son and family.

Lon Alexander Sells Registered Palomino To Minnesota Man

Lon Alexander, local breeder of registered palominos, recently sold "Billy Sugar," four-year-old mare, to Dr. A. E. Tillich of Minneapolis, Minn. The mare had won numerous prizes at horse shows over the southwest.

Dr. and Mrs. Tillich came to Memphis two weeks ago and loaded the mare into a trailer, then drove back to their home. In a letter to Mr. Alexander this week, they stated that the animal stood the trip in excellent shape, and was the envy of horse lovers around Minneapolis.

Veterans May Buy Typewriters Now

The Fort Worth regional WAA office has on hand several hundred more typewriters than there are veteran applications.

If you are a World War II veteran, and want to buy a surplus typewriter, apply at once to the WAA office in Fort Worth, in person or by mail. The office is located in the T. & P. building.

A veteran must first be certified by WAA, a simple procedure of presenting an honorable discharge. This certificate will permit him to buy one typewriter.

Activities Noted At West Ward

By SCHOOL REPORTER

The pupils of Mrs. Duran's room have been making vegetable animals. The carrot goldfish is the outstanding specimen.

Great interest has been shown in soap carving in the fourth grade rooms for the past week. The carvings were judged, and the following winners were announced: In Miss McCraw's room Jimmy Davis won first with his grumpy the flog, Bonnie Martin's porky the pig won second, and Harley Von Simmons won third place with his Mexican Vase. In Mrs. Gurley's room James Lindsey Moss won first

with a Halloween owl, second place was won by Bennie Henson's fish, and a tiny steam shovel carved by Robert Breedlove won third.

New records have arrived at West Ward, and the children are enjoying them to the fullest extent.

West Ward Pupils See Picture Show

By SCHOOL REPORTER

The children of West Ward enjoyed the all school show, "My Friend Flicka," Thursday, Octo-

ber 17. Vegetable animals made by Mrs. Duren's third grade pupils have attracted attention at West Ward the past few days. The carrot goldfish is one of the outstanding specimens.

Miss McCraw's fourth grade pupils at West Ward have been very enthusiastically engaged in soap carving for their art projects during the past week. Jimmy Davis won first with his grumpy the flog; Ronnie Martin's porky was second; and Harley Von Simmons won third place with his Mexican vase.

THERE SIMPLY ARE NOT ENOUGH NEW CHEVROLETS TO GO AROUND

We are getting our fair share of the current production of new Chevrolet passenger cars and trucks. And as strikes and shortages decrease, as the Chevrolet plants are able to produce more and more new passenger cars and trucks, we'll get more and more of them to deliver to our customers.

Meanwhile, as long as shortages do exist, it is our purpose to apportion our share of the new Chevrolets available fairly and justly among the many customers, new and old, whose continued friendship and patronage are the keystone of our business.

So that you may have no doubt as to our method of distribution of new Chevrolet passenger cars and trucks, we make the following—

DECLARATION OF POLICY

1. PRIORITY OF DELIVERY—New Chevrolet cars and trucks will be apportioned on the basis of: (1) essential public services, (2) veterans' occupational requirements, (3) priority of date in placing orders.

2. PRICES—All new Chevrolet cars and trucks will be sold at the authorized prices current at time of delivery.

3. TRADE-INS—No trade-in will be required from any customer who does not have a car to dispose of at the time of the transaction. Customers who do have cars will be given allowances based on honest appraisal and fair value at the time of delivery.

4. ACCESSORIES—No customer will be asked to purchase accessories as a condition of securing delivery.

5. STATUS OF ORDERS—Customers will be informed, upon request, of the true status of their orders in our files.

6. NEW ORDERS—We welcome your order for a new Chevrolet at any time.

WE THANK YOU FOR YOUR PATIENCE AND LOYALTY IN AWAITING DELIVERY OF YOUR NEW CHEVROLET

Corporal Joe Crump Lands in States After Oversea Duty

Corporal Joe Crump called his mother, Mrs. Bess Crump, last week from New Jersey and stated that he was on his way to San Antonio where he would be granted a 30-day furlough. He will probably be home in about a week, Mrs. Crump stated.

Corporal Crump entered the army in 1942 and for the past year has been with the army of occupation in Austria. At the end of his 30-day furlough he expects to receive his discharge.

Durham Charters Ship To Attend Cabinet Meeting at Midland

Lewis Foxhall instituted charter plane service from the local airport Oct. 27, when his ship piloted by Jack Miller, flew to Midland. The plane was chartered by N. W. Durham, deputy district governor of Lions International, who attended a cabinet

meeting of officers of this district.

Durham and Miller left the local air field shortly after day-break Sunday morning and arrived in Midland a little over two hours later. The return trip was made in less than two hours.

Lewis and Ed Foxhall have leased the municipal airport, and will open a pilot training school here as soon as construction is completed on installations.

Progressing With Cyclone Staff

By SCHOOL REPORTER
Do you ever wonder what is going on behind the door of the annual room on the third floor? Well, we won't tell you because the staff wants the Cyclone of 1947 to be a real surprise to the student body. And is it gonna be! Boy, you just wait and see.

If it isn't, why does Chief Cochran always get that "I know something you don't know" look when anyone inquires as to how the annual is coming along. And if Don Wright isn't drawing a cartoon for one of the sections every time you see him, he's thinking about one he might try. Let's don't omit Dave Price as he rushes around the building and playgrounds with that camera hanging around his neck. Do you know what he's doing? Just waiting to catch you when you're not posed. Remember, Price promised us some real action pictures, not any of that fixed smile business.

We're watching you, Cyclone staff, and we'll frankly admit that we're curious. We feel like we just have to know what's going on behind that door but since you're not about to tell us, we'll see ya in the spring and then we'll know why everything has been so "hush-hush."

Harold B. Hightower Receives Discharge From U. S. Army

Mr. and Mrs. N. A. Hightower returned recently from Austin where they visited their son and family, Dr. N. A. Hightower Jr., and met their son, Capt. Harold B. Hightower, who has just received his discharge from the army at Fort Sam Houston, San Antonio.

Hightower, who has been stationed in Korea for the past 15 months with Headquarters Dental Clinic K. B. C., served four years and five months with the U. S. Army.

Officers of M Club Elected for Year

The "M" club held its first meeting of the year last week. The following officers were elected: Jimmy McElreath, president; Bill Hickey, vice president; Conrad Cochran, secretary; M. L. Evans, treasurer; and Dave Price, reporter.

The "M" club is composed entirely of boys who have lettered or earned a jacket in football, basketball, or boxing in Memphis High School.

Homemaking Girls Initiate Members

By SCHOOL REPORTER
The Homemaking Club initiated its new members Thursday and Friday, October 24 and 25.

The new members were given instructions on Wednesday as to how they were to be dressed on the two days following. When they appeared at school on Thursday morning, the student body was convinced that the Homemaking Club must certainly be a worthwhile organization for the girls to be willing to go through this in order to become a member.

Besides their dress, some of the girls were required to perform such stunts as eating on the floor in the cafeteria. These things brought a big laugh from everyone including the girls themselves.

Too Late for Last Week

Samie Winkler, son of Mr. and Mrs. S. E. Winkler, and Glendale Hart, son of Rev. and Mrs. Ira Hart, were injured slightly Friday night when their car struck a parked truck in Childress. Both boys were knocked unconscious for a short while and Samie received a cut on the head.

The boys, who had been in Childress, were on their way home and the accident occurred as they were leaving town. They were blinded by the light of a car they were meeting and pulled off the highway and ran into the parked truck.

Mrs. Wayne Adams and baby son were brought home last week from a hospital in Memphis.

Mrs. B. Bennett and daughter Mrs. Nelda Shaw of Long Beach, Calif., visited friends here last Friday. They returned home Monday by car and Mrs. Bennett took her father, Mr. Orreut of Wellington, home with her.

Mrs. H. R. King of Lelia Lake visited her mother, Mrs. S. Powers, here last week-end.

Miss Elizabeth Garner of Amarillo spent the week-end here with relatives.

Miss Patsy Wallace of Chillicothe spent the week-end here with Annis Carrol Eddins.

Mrs. Edd Kennedy and daughter returned this week from a two-week trip to Dallas.

Mr. and Mrs. Jack Cobb re-

turned home this week-end from Mineral Wells.

Mr. and Mrs. J. T. Walker of Pampa spent the past week-end here with relatives.

Mr. and Mrs. O. S. Young took their son to Quannah this week.

The women of the Rebecca Lodge, who were losers in a recent contest, entertained other members of the lodge and their families with a Halloween party Tuesday night. Delicious refreshments of homemade pies, apples, and popcorn were served.

Mrs. Travis entertained members of her Sunday School class Wednesday night in the basement of the Methodist church. Games were played and refreshments were served to 30 young people. Later the group went to Memphis to attend the theater.

Mrs. B. Steed took her mother, Mrs. O. K. Young, to a clinic in Wichita Falls Monday.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—the risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion, and help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

What does it take to run a baby?

Plenty—and plenty of electricity, too. A hungry young citizen needs food—lots of it—often. That food needs preparation—refrigeration—reheating.

Baby needs hot water—lots of it—often. So does his wardrobe. And because Mother worries about germs, she boils practically everything but Baby himself.

Clocks must be dependable when there's a baby in the house. Lights must go on—quick—when he cries out in his sleep. Rooms must be kept warm—the list is endless.

Today's mothers are luckier than those of 20 years ago. With electricity ready at all times—in any quantity—to help with the household chores, mothers have more time to enjoy their youngsters. Never before has electricity done so many tasks for so little cost. Actually, the average family today gets twice as much electricity for its money as it did 20 years ago. Your friends and neighbors in this company—and your own increased usage—helped make that possible.

Specialist Advises Blanket Buying

These cold winter nights are on the way, and housewives will be glad to hear that home economists at the U. S. Department of Agriculture have reported that there are plenty of wool blankets on the shelves.

To help homemakers who are buying blankets to get the most for their money, Mrs. Bernice Seymour, home management specialist of the Texas A. and M. College extension service, has the information on what to look for in judging the worth of a blanket.

The label will tell the buyer how much wool is in the blanket, Mrs. Claytor says. As a rule, the more wool the warmer the blanket, but it takes at least 25 per cent wool to make much difference in warmth, fluffiness, elasticity or ability to absorb moisture without feeling damp.

Before choosing a blanket, the buyer should hold it up and inspect the nap to see that it is thick. Thick napping makes the blanket warmer. Poor blankets, sometimes show thick in some places and thin in others when held up to the light. The blanket weave should also be studied to see that the yarns are smooth, even, regularly spaced and fairly close together.

Many blankets wear out early because they are too small for the beds they are used on, Mrs. Claytor points out. If too small, the sleeper will tug at it during the night and weaken the fabric. For a double bed, a blanket should be at least 72 by 84 inches; for a single bed, 63 by 84 inches.

Hydraulic Powr-Trol for Tractors Is New Development in Farm Equipment

Harrison Hardware company, local John Deere dealer, this week is announcing what they consider to be one of the most important new farm equipment developments in recent years—the John Deere hydraulic Powr-Trol.

Engineered by John Deere, this time and labor-saving device is a radical departure from the conventional method of lifting, lowering, and regulating drawn implements by hand, Carl Harrison said this week. He pointed out that at a touch on a convenient control lever, Powr-Trol raises and lowers plow bottoms or discs, grain drill openers, combine platens, cultivators or the new mechanical cotton strippers. It also instantly changes working angle, depth, or height of drawn implements to meet varying field and crop conditions without stopping the tractor or even slowing down.

According to Harrison, Powr-Trol operates drawn implements by means of a single remote cylinder, which attaches to the implement and is connected to the tractor by two hoses. The cylinder has a double action. Moving the control lever backward or forward exerts hydraulic pressure through the hoses in either direction to force a piston rod in or out of the cylinder thereby actuating the equipment. This not only assures a positive lift but it also forces and holds the implement to its work in any position selected by the operator.

The local dealer said the new development in farm equipment will be available in very limited quantities during the next few months. The public has been invited to inspect two tractors now equipped with Powr-Trol which are on display.

Dale Carnegie

Author of
 "HOW TO WIN FRIENDS and INFLUENCE PEOPLE"

EXECUTIVE SHOULD BE ACCESSIBLE TO WORKERS

IN July, 1942, I wrote a column about how a business executive made himself accessible to his employees. That man was H. Ray Ellinwood of Burbank, Calif. I told how any worker, at almost any time, could get in to see him. No fuss, no feathers. The door swings both ways.

Well, since I wrote that column the number of his employees has doubled. But Ellinwood could not double the number of hours in the day. So this is the way he has solved his problem of trying to see all the employees who wish to talk to him.

Dale Carnegie

He solved it as an engineer would. He now has two small electric lights on the door to his office, each operated by a switch from his desk. When he turns on the green light it means "Available in a few moments."

When he turns on the red it means, "Urgent business; try again another time."

He has taken a further step in dealing with the people he must confer with; and without hurting anyone's feelings. He asks his employees, whenever possible, to write him a memo instead of coming to see him. Every memo gets prompt reply.

A "management meeting" is held every other Tuesday evening at which there are about 40 key executives present. Many problems have to be taken up, so he arrived at a way of handling them. Before the sessions begin he makes out a "discussion program" and puts it on the table in front of him, with, as he says, "the big berries on top." That is, the biggest problems to be discussed first.

Now these are all sensible methods for dealing with people and with work-problems; that Ellinwood has worked out. Study them; put them to use.

Press Paragraphs—

QUOTING OUR NEIGHBORS

Time to Appreciate
 There never was a time in the history of this nation when people had as much money as they do today, when bank deposits were so large or so many people have a comfortable savings account, when there was a job at good wages for every one who might want to work. On the other hand there was never a time in the history of this country when there was so much whining and complaining as there is today. Complaint that is heard on all sides because there is a scarcity in a few items. Have we become so prosperous that we have forgotten how to count the blessings that we do have? If we have it might be well to remember that complete contentment is not and never has been found in an abundance of wealth and material things. Wealth and contentment are best and surest when they are based upon appreciation and thankfulness for the things we do have. The enjoyment and appreciation of these things should overshadow the small inconveniences occasioned

by a few shortages.—Foard County News.

Time for Common Sense

American common sense is on trial. It will prevail, but only after a spree. When President Truman announced the end of OPA control over meat, he naturally turned loose the wolves, who were of the opinion that America would buy at any price. The way to stop exorbitant prices is to refuse to buy. Before OPA was junked there was no meat; now there is plenty if you wish to pay the price. The retailers are not to blame. They are at the mercy of the big packers. Everyone knew that we would go through just such a period of readjustment. It is time that every American uses his head. Buy what they need, when the price is right; refuse to buy when the price is too high. This not only applies to meat, but to every other commodity which is offered on the market. Let's be sensible and make this inflation period as

short as possible.—Canyon News.

Beyond Us

The McLean News: It will be fine when the government quits living beyond our means.

There are some people whose first question, when any proposal is advanced, is:

What is there in it for me? These people do not believe that a man will do anything unless he expects to reap a financial benefit for himself.

And yet you know of parents who sacrifice for their children—preachers content to make a bare living in order to preach Jesus Christ and Him crucified—teachers who go on teaching when they could make more money in something else—because they love to teach.

Some of the finest "breaks"

This Week in WASHINGTON

WASHINGTON, D. C.—Revelations and charges of John Rogge, special assistant to the attorney general and one of the American prosecutors at the Nuremberg trials of Nazi criminals, linking John L. Lewis, Sen. Burton Wheeler, former President Hoover and other Nazi leaders with efforts of the Nazi government to defeat the late President Roosevelt at the polls, and for a negotiated peace, has official Washington in a jitter.

Rogge is not a novice. He was the government's prosecutor in cleaning up the Pendergast ring in Kansas City, in running down the Huey Long outfit in New Orleans and in other notable clean-ups. He has filed a report with the attorney general of the United States, which report has not been published. Officials here believe that Attorney General Clark should either make the report public, if there is documentary evidence to back it up, or that the attorney general should repudiate the charges if there is no such evidence.

Particularly at this time when Lewis has challenged the government with an indirect ultimatum of a coal strike against the government unless Secretary Krug reopens the contract with his miners, do persons here believe the picture should be cleared one way or another. If Lewis did attempt, as the Rogge charges say, to traffic with the enemies of this country, either to furnish them oil for the German navy or to interfere in an American election, then the time to know is now. If he did not, then he should be cleared.

Blackmailing the government seems to be epidemic in nature. One group having done it successfully, namely the cattlemen and packers, then it was natural for others to try it. Now the latest wrinkle is the pistol-pointing of the landlords at the government in a "renting strike" by apartment house owners in Seattle. And it appears they are gaining support elsewhere in the nation. Landlords, of course, have the legal right vested in their property rights

to rent or not to rent their apartments—just as cattlemen, farmers and packers had a legal right to withhold livestock from market. But, according to officials here, there is a growing tendency for certain groups to twist two sets of laws to gain their ends.

One is the legal law, which they are not violating, and another the moral law, which they are violating. Legal rights are conferred upon society on the theory that under the moral law general recognition of that law will contribute to the welfare of a society as a whole. But if the moral law is violated, then recognition of the legal law is certain to be withdrawn if rights are employed to injure society in granting them.

With farm land values still increasing at the rate of approximately one per cent per month, agriculture department leaders are fully aroused as to the dangers of such a continuance in the land market. As a matter of fact, land values today are 77 per cent above the 1935-39 average, well above the peak reached in 1920 when the boom took farm land to 70 per cent above their 1912-14 level. The silver lining in this inflated land market is the fact that out of approximately 1,500,000 farms which have changed hands in the last five years, about one-half have been sold for cash and on financed purchases, down payments have averaged more than two-fifths of the purchase price.

Thus if the high wartime land prices prove to be above the long-term earning capacity of the farms sold, the high proportion of cash sales and substantial down payments will limit the total amount of farm distress. This fact coupled with the better credit and cash incomes of farmers generally may obviate the suffering which followed the collapse of the farm land market following World War I. But the boom and bust danger is still there for many farmers, when and if farm product prices and income drop.

I've ever received came because some friend perceived an opportunity and thought of me as the man for the opening. That was a disinterested act, a service rendered to a friend.

When you do something generous and unselfish, you do get something out of it; you get the satisfaction of doing something for others.

Back when I was a newspaper reporter, I attended two funerals on successive afternoons. One was the funeral of a financier and theatrical producer. He had made millions but he had forgotten to make friends. There was not a moist eye at the service.

The other funeral was that of a school janitor. They held the

service in the school auditorium; it was felt that the scene of his labors should be the place where the last rites for him should be held—besides, there was not a church in the community big enough to hold all who wanted to attend.

He had been hard-working, honest, honorable, quiet, unpretentious. The teachers respected him. The students and all the thousands who had been students during the many years he had served, loved him. Three ministers took part in the service; all three had tears in their eyes as they spoke.

Making money is all right, but there are other things to life—for example, doing something for others.

IS YOUR WATER HEATER ALLERGIC TO CROWDS?

There's nothing that can cause as much inconvenience, trouble, and grouchiness in the home as a water heater that is "allergic to crowds." Just when you're in the biggest hurry, you usually find that all the hot water is used up. The cause? Why, only that the water heater is inadequate for the full needs of the family.

Additional hot water requirements also are being heaped upon the home by the new postwar kitchen servants—the automatic home laundry and dishwasher, for example. That's one more reason why you should plan to install a gas water heater fully adequate for ALL your needs.

Why not relieve your home of any hot water problems for all time to come? Get a gas water heater that will supply all the hot water you want when you want it. And, by all means, insist on an ADEQUATE water heater if you're building a new home.

ces of Attraction
 ld the Moon "Up"
 the Sky.... and
 IL-PLATE
 our Engine!

IE moon isn't really "up" in the sky, but it is held from flying off into space by gravitational attraction between it and earth.
 through tireless explorations in realms of molecular attraction, Conoco chemists have been able to bring America the benefit of new and better oils. In fact, by employing the force of molecular attraction they are able to bond a special ingredient in Conoco Nth motor oil to working surfaces of your engine. So strong is this attraction that cylinder walls and other parts are OIL-PLATED.
 and because molecular attraction holds Conoco OIL-PLATING up where it belongs, it prevents it from all draining down to the crankcase, even overnight... you get these benefits:
 added protection during the vital periods when you first start your engine
 added protection from corrosive action when your engine is not in use
 added protection from wear that leads to fouling sludge and carbon
 added smooth, silent miles
 it's why you'd be safer to OIL-PLATE your engine now... at Your Conoco Dealer Merchant's. Look for the red triangle. Continental Oil Company

Paul Finds the Church at Philippi. Lesson for November 10: Acts 16:11-15; Philippians 2:5-11.

Memory Selection: Philippians 4:13. In the second missionary journey, Paul and Barnabas, disagreeing over John Mark, separated.

Paul planned to go into Bithynia, but the Spirit prevented, and he went to Troas, near the battleground of the Trojan war.

Crossing the Aegean sea, Paul entered Europe. On the Sabbath, in Philippi, the disciples went to a place of prayer by the river.

In his Epistle to the Philippians, Paul wrote of the "mind of Christ." This was the mind to serve, as Paul indicates.

Let us try to live more as Jesus lived, to love more as he loved, and to serve more as he served, because we first think as Jesus thought, this mind being in us which was also in Christ Jesus.
