Enlarged Annual Fat Stock Show Being Planned for Hall County

C. of C. Planning City-Wide Holiday Decoration Program

The City of Memphis will receive the greatest holiday impetus in its history when residents and business houses are decorated for the Christmas season in the coming weeks. This was announced yesterday of an extensive program planned by the chamber of commerce in which both residential and downtown stores will be brightened with all types of holiday decorations.

Three prizes will be offered in a contest which the chamber of commerce will sponsor for the outside decorated home and yard in the city. First prize will be \$20, second \$15, and third \$10. Five judges will be selected to make the top-ranking contest. J. B. Crockett, C. of C. manager, said. Winners in the contest will be awarded prizes after judges make their decision, probably late in December.

With the war over and shortages of materials decreasing, we have the citizenship of Memphis will enter into this contest to demonstrate their civic pride in making Memphis a beautiful attractive place during the holiday season," Manager Crockett said. "No officer of the chamber of commerce will be allowed to be a judge. The contest will be open to all homes in the city and all decorations will be given the closest attention by the judges in an effort to impartially give prize winners. The contestants will be asked to register in the chamber of commerce, telephone 444."

Downtown decorations will be arranged around the square as in previous years, and business firms will enter into the decorative spirit. Many store owners have already ordered decorations, which will be put up earlier than last year.

Parking Space Be Widened Post Office

Recently the post office department of the federal government has a contract for paving the square east and north of the post office building in Memphis from the curb to the sidewalks.

City officials asked for permission to do away with the curbing and make the paving lower in order that it could be used for parking space, offering to pay the difference in cost. The request was granted in a letter received by Mayor C. C. Hodges this week. When the work is completed it will relieve considerable congestion on the two streets during busy periods at the post office, it was pointed out.

MOOREMAN WINS ANOTHER PRIZE

Jack Moreman of Brice was winner of one of the prizes offered by the Texas Seedmen's Association on his 4-H garden project. This is in addition to the \$25 Savings Bond awarded by the Allis-Chalmers company in the state 4-H contest, as announced last week.

Jack is now serving with the army in Japan. He entered the service some months ago, but had completed his garden project prior to induction. He has been in 4-H club work for some eight years. He is the son of Mr. and Mrs. Herbie Moreman of Brice.

NAVY CASUALTIES ARE MADE PUBLIC

The Navy has announced the casualties of World War II for Hall County. Listed as dead are S-K 2-c Frank Hobson Gable of Lakeview, Lt. (jg) Billie Polk Hall of Memphis, and Commander John Anderson Moore of Memphis.

The first two names have previously been published in The Democrat. Inquiry has been made concerning Commander Moore but no information has been obtained from those contacted. The publishers will appreciate any information, if he was known in Memphis.

Making Extensive Improvements at Baptist Church

Extensive improvements have been and are being made at the First Baptist Church of Memphis. The front columns of the building have been refinished and the steps replaced, being extended the full length of the front. The walks also have been replaced extending from the steps and including the sidewalks.

Water Company Digs Test Wells

Seven new test wells were completed last week by the Community Public Service company in an effort to discover sites where additional water may be obtained for the City of Memphis when conditions demand, W. V. Coursey, manager, said this week.

The wells were dug on the L. W. Stanford land, five miles northwest of Memphis, where two new wells were completed last summer. The tests were made to determine the extent of the pool, and data gathered will be logged and charted, Mr. Coursey stated. "I think we have available one and probably two more well sites," the manager said. "If the data gathered by the testing crew proves that sufficient water is available, new wells will be dug and added to our system when the use of water demands it."

Jack Frost Ends Growing Crops

Jack Frost made an appearance in this section of country last Sunday night. Everything was coated white with the hoary frost Monday morning.

Rev. F. Schaeffer Is New Pastor Here

Rev. Floyd Schaeffer and family arrived in Memphis Tuesday. He becomes the pastor of the Assembly of God Church in Memphis, taking the place of Rev. C. A. Strickland who recently resigned to accept a pastorate at Crosbyton.

Rev. and Mrs. Schaeffer have two children, a son, Raymond, 17, and a daughter, Glenda, 7. They moved here from Paducah where he was pastor of a church until recently.

Crowning of Lakeview Football Queen

Above is pictured the crowning of Miss Martha Lollis as football queen of Lakeview High School by Capt. Harold Rumpy, left, assisted by Co-Capt. Don Hancock. The ceremony took place last Friday at the Football game, with the Memphis High School band playing martial music. The pep squad of the local high school was also present for the game, which was won by Lefors 27-0. (Photo by Lynn-Howard)

CYCLONE MEETS CLARENDON TEAM IN LAST GAME OF 1946 GRID SEASON

The Memphis Cyclone will end their 1946 football season Friday night when they meet the Clarendon Bronchos at Cyclone Stadium. The game, which is called for 8 o'clock, promises to draw one of the largest crowds of the season. Clarendon fans have been following their team over the district, and indications point to many Donley County people journeying to Memphis Friday.

Apple Trees Bear Second Fruit Crop

P. E. Morrison brought to The Democrat office apples from two trees on his farm southwest of Memphis. Apples from one of the trees were well matured and ripened, while those from the other tree were green but maturing nicely.

Official of Texas Highway Commission Visits in District

Fred Knetsch of Seguin, member of the Texas Highway Commission, spoke to a joint meeting of Lions and Rotarians Tuesday noon at Childers. Highway committees from various towns in the district were present to hear Knetsch's speech.

It is the aim of the highway department to build paved roads within a mile of every farm home as soon as possible, Knetsch said. The commission is letting from five to seven millions of dollars

Pep Rally, Crowning of Football Queen Highlight Program Friday

A city-wide pep rally is scheduled to begin Friday afternoon at 5:30. Supt. W. C. Davis announced today. The rally will be held on the square with the pep squad and band performing.

Entrants Will Win Larger Cash Prizes

Plans are being made by the 4-H calf show committee of the Memphis chamber of commerce for an enlargement of the Hall County Fat Stock Show, which is held each year in March. Horace Tarver, president, said today. This decision was made at the last regular meeting of directors, and followed recommendations of the show committee.

Education Week Being Observed By Local Citizens

Education Week is being observed in Memphis and Hall County with enthusiasm on the part of teachers, parents, children, and business men.

Tuesday evening the Hall County unit of the State Teachers Association held its annual meeting in the high school gym with W. C. Davis, president of the unit, presiding at both the business meeting and the banquet. Teachers were present from every school in the county, with Lakeview having 100 per cent attendance, and Turkey placing second.

Superintendents, teachers, and trustees of the various schools of the county were introduced. Also the education committee and board of directors of the Memphis chamber of commerce and their wives, as well as the Memphis board of school trustees, were introduced by J. B. Crockett, manager of the chamber of commerce which organization provided the banquet.

Preceding the business session a short program was given in which Billy Jean Stroehle, accompanied by Lois Wines, sang two numbers, and the school sextette, composed of Billy Ruth Randolph, Mary Alice Ables, Leota Sturdevant, Edith Compton, Janice Murphy, and Gayle Stilwell, accompanied by Lois Wines, gave two numbers.

The following were elected officers of the unit for the coming year: J. B. Riddle, Estelline, president; Buren Carr, Memphis, vice president; Miss Mary Foreman, county superintendent, secretary-treasurer. Lee Vardy of Turkey, Loren Denton of Lakeview, and W. C. Davis were chosen as delegates to the state teachers association meeting.

Haynes Is Returned To Memphis Church

Following the eulogies, Dr. James E. Boren, president of Hardin College, Wichita Falls, gave an address on the subject, "A Change." (Continued on page 8)

Letters to Santa To Be Published

Each year just before Christmas The Democrat publishes letters to Santa Claus written by boys and girls of this area, and this is notice to all who intend to write to Santa to get their letters to this office as early as possible.

PERSONALS

Henry F. Cunningham, with the employment service at Lubbock, spent the week-end at Lakeview with his folks.

Mr. and Mrs. Jim Adcock of Chillicothe visited friends and relatives here the past week-end.

Mr. and Mrs. Hildon Lindsey of Canyon were week-end visitors here with his parents, Mr. and Mrs. N. M. Lindsey. J. A. Howard and Fred Lynn spent the week-end with their parents in Clarendon.

Mr. and Mrs. Joe Markham of Amarillo were Memphis visitors over the week-end.

Jackie Ward of Amarillo spent the week-end here with his grandparents, Mr. and Mrs. T. U. Ward.

Miss Juanita Knight of Clarendon visited friends in Lesley and Memphis Sunday.

James Evans Jr., senior student of Texas Tech, visited his parents, Mr. and Mrs. James Evans, here last week-end.

Mr. and Mrs. Ira Lawrence left this week for New Mexico on a deer hunting trip.

Mrs. Ruby Hardwick spent the week-end in Amarillo visiting friends.

Miss Billy Clyde Robertson spent the week-end in Amarillo visiting her sister, Mrs. Bonnie Pate.

James Martin, who is an employee of the Milam Grain and Coal company, underwent a major operation in a local hospital Saturday. Friends reported Wednesday that he is recovering nicely.

Dorothy Montgomery returned to her home in Kansas City Sunday after visiting for the past two weeks with her parents, Mr. and Mrs. J. P. Montgomery at Lakeview. Miss Montgomery is employed by Trans World Airlines in the photographic department as caption writer and assistant to the photography editor.

Mrs. R. T. McElreath, Florena and Margaret McElreath, Mrs. C. E. Gowan and Dorothy Gowan visited Mr. and Mrs. Elmer Fisher at Vinson, Okla., Tuesday.

Mr. and Mrs. W. C. Roubesh of Altus, Okla., spent the week-end visiting in the home of Mr. and Mrs. Marion Long.

Mr. and Mrs. Paul Smith brought their son home Tuesday from Dallas where he had been receiving treatment for burns received a few weeks ago. He is recovering nicely and thinks he will be able to walk in a short time.

O. E. Hagameier, his son and family, and his son-in-law and family are here from Zillah, Wash., visiting with relatives and friends. They formerly lived in Memphis.

O. F. West, with the Rock Island railway company, Amarillo, spent the week-end here with B. E. McMillan and Fred O'Neil.

Lois McCulloch and Gene Berry were business visitors in Amarillo Tuesday.

Mayor and Mrs. C. C. Hodges returned Tuesday from McKinney where they visited Mrs. Hodges' father and her brother and family for a few days.

Mrs. B. Webster was a visitor in Houston and Dallas last week.

James Morgan spent Monday in Quail.

Miss Cassandra Morris of Hereford was a visitor in the home of her parents, Mr. and Mrs. J. H. Morris of Memphis, over the week-end.

Miss Jimmie Lee Diamond of Houston visited last week with her parents, Mr. and Mrs. J. B. Diamond.

VFW Seeks Players For All-Star Game

The V. F. W. asks that all boys, who would like to play football on the Memphis All-Star team in the game against the Wellington All-Star team, come to a meeting at the Memphis High School gym at 2:30 p. m. Sunday to help organize a team and work out plays. The invitation is extended to both members and non-members of the VFW. The all-star game, Memphis vs. Wellington, will be played on Thanksgiving afternoon, November 28, at the Cyclone Stadium.

How women and girls may get wanted relief from functional periodic pain

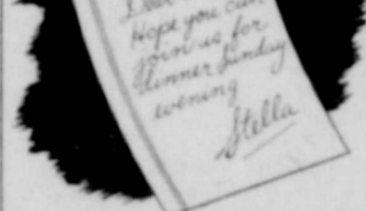

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes. Try Cardui. If it helps, you'll be glad you did.

CARDUI

CITY DRUG STORE Southeast Corner Square

John Fowler Now With City Drug

John Fowler, former owner of a drug store at Petersburg, is now in charge of the prescription department at the City Drug store. The announcement was made by W. C. Foote Jr., who, with Mr. Fowler, are owners of the local store. Fowler has been in the drug

business for 20 years, and moved to Memphis recently after selling the firm he owned in Petersburg. He is the immediate past president of the Lions Club of his former home town.

Mrs. Fowler is also working with the local drug store. They have two children who are attending college this year, one being enrolled in Texas Tech and the other is a student at the University of Texas.

I. O. O. F. Members To Visit Christian Church Sunday

Members of the Memphis Lodge No. 444 of the I. O. O. F. will attend the 11 o'clock services at the First Christian Church Sunday morning, C. R. Sargent, Joe Vandiver, and J. W. Johnson, committee in charge, announced this week. This will be the second local

church the lodge members have visited in a body. Last month they visited the First Presbyterian Church and members attending reported that the meeting was a success and was enjoyed by everyone.

"We again ask all Odd Fellows to come and help make this meeting a success. You will feel better after having done so," the committee stated. Odd Fellows are requested to meet outside the church building at 10:50.

Body Aldrich Here, Body to California

Funeral services will be held today at Pasadena, Calif., for Joseph Aldrich who died in a hospital Tuesday of this week.

The body was shipped to Pasadena Wednesday night by the Mack Funeral Home.

Aldrich was the husband of former Bess Moseley, who at the time of their marriage was an employee of a dry goods company in Memphis. Mrs. Aldrich is a sister of Mrs. R. S. Bradley of Memphis.

Aldrich was a mechanical engineer. He was born in Emporia, Kans., March 19, 1884; was a member of the Presbyterian church; and a member of the Methodist Lodge in Pasadena.

He is survived by the wife; two brothers, Jess A. and Dave Aldrich of Phoenix, Ariz., and one of Los Angeles; and a sister, Mrs. Margaret Harrell of Los Angeles.

The wife contends that she should be an easy sucker for a counterfeit money passer, inasmuch as she hasn't had her hands through real money since she died, to know what the stuff is like.

As a Cold Left You With Nasty Cough?

If your cold brings on a nasty, troublesome cough, spend 45 cents at any drug store for a bottle of BUCKLEY'S CANADIOL TABLETS—single acting—relieve coughs fast. Take a teaspoonful and hold it on your tongue a moment, then swallow slowly. Its powerful, pungent action spreads through the throat, head and bronchial tubes. BUCKLEY'S MIXTURE acts promptly to loosen up thick, sticky phlegm—soothe and throat membranes and ease hard breathing spells.

All Canada knows BUCKLEY'S—talks live up North where a cough mixture just to do a real job, keep BUCKLEY'S. So try it the very next time a cold is in a wracking, stubborn cough—find for yourself just how good it is for you due to colds. Get BUCKLEY'S CANADIOL MIXTURE—made in the U.S.A.—TODAY—at all drug stores.

Cross-Breeding Of Dairy Herds Is Bad Practice

A lot of Texas dairymen are killing the goose that lays the golden eggs by cross-breeding their dairy cows with beef sires.

The dairyman who makes a steady practice of cross-breeding will end up with no replacements for his herd, and just like the man who killed the gold-producing goose, he will kill the chances for more profit from a better dairy herd in the future, explains G. G. Gibson, dairy husbandman of the Texas A. and M. College extension service.

Dairymen cross-breed their stock because a cross-bred calf is worth more for beef than a straight-bred calf at the same age, says Gibson. But, he warns, the deal isn't as good as it sounds on the surface. It takes plenty of feed to make a cross-bred calf weigh 100 or 500 pounds at six months of age, and whole milk makes up a good share of the feed that the calf gets. Suppose it gets a gallon of milk a day, for five months says Gibson—and a lot of them get twice that much. At present milk prices, that amount of milk is worth about \$45. If the calf gets two gallons, the cost of course is \$90, which doesn't leave much profit from the selling price of the calf.

But the real loss, emphasizes Gibson, is to the future dairy herd. Continuous cross-breeding cuts out herd replacements. The dairyman goes out to buy replacements, but can't find them. He ends up milking a herd of scrub cows—the result of breeding a good milk cow to a good beef bull.

The wife understands now why Minerva was called "The Goddess of Wisdom."

SUPREME COURT VISITS PRESIDENT... Members of the new U. S. supreme court as they called on President Truman, left to right: Associate Justices, Wiley Rutledge, Frank Murphy, Felix Frankfurter, Hugo L. Atalantean Club Meets in Home of Mrs. T. B. Roberts

The Atalantean Club met Wednesday of last week in the home of Mrs. T. B. Roberts. Mrs. W. C. Dickey, president, called the meeting to order at 3 o'clock and welcomed a guest, Mrs. E. L. Yeats of Hamlin. Mrs. J. A. Odom, program chairman, introduced Mrs. T. M. Isham and Miss Imogene King who spoke on "Laws for Women." Mrs. Isham gave the history of women's rights and what has been accomplished by their efforts and Miss King discussed "Discrimina-

tions in the Laws in Regard to Women."

Fifteen members responded to roll call with short items of interest pertaining to the theme of the program.

Refreshments were served to Mrs. E. L. Yeats, guest, and Mesdames W. C. Dickey, H. B. Estes, T. M. Isham, Claud Johnson, C. W. Kinslow, J. H. Morris, D. A. Neeley, J. H. Norman, J. A. Odom, Bentley Page, Myrtila Phelan, Jeff Ray, C. R. Webster, J. A. Whaley, and Miss Imogene King.

Mr. and Mrs. Lyman Davenport of Lakeview left this morning for Dallas where they will visit relatives.

Mr. and Mrs. O. B. Jones left for Dallas this morning for a business visit.

Philathea Class Meets in Home of Mrs. O. T. Toney

Mrs. Grace Toney, Mrs. Marie Stargel, and Mrs. Irma Hale were joint hostesses to members of the Philathea Class Thursday evening of last week. The class meeting was held in the home of Mrs. Toney.

The session opened with prayer led by Mrs. Ethel Smith and was followed by the devotional by Mrs. Velma Clark. Mrs. Clara Pritchett, president, presided during the business session.

A social hour, conducted by Mrs. Flora Webb, followed the business session.

Refreshments were served to the following members: Dorothy Gurley, Ada Sargent, Flora Webb, Marie Stargel, Velma Clark, Mollie Carlos, Ethel Kilpatrick, Irene Eradley, Christine Long, Vida Graham, Clara Pritchett, Gladys Smith, Mattie Orah Jones, Grace Toney, and Irma Hale. Visitors attending were Mrs. Ethel Smith, Mrs. Abby Massey, Mrs. T. R. Jones of Vera.

Mr. and Mrs. Thomas Entertain Sunday At Birthday Dinner

Mr. and Mrs. Vincent Thomas entertained Sunday with a birthday dinner in honor of Doyle Collins of Memphis and Raymond Thomas of Matador.

Those present for the affair Sunday were Mrs. Ruby Thomas of Matador, Mr. and Mrs. Andy Collins of Memphis, Mr. and Mrs. Allen Thomas and family of Northfield, Mr. and Mrs. Nolan Thomas and family of Northfield, Mr. and Mrs. Arch Collins and family of Lelia Lake, Mrs. Homer Smith and Frankie of Clarendon, Mr. and Mrs. Clyde Collins and family, Mr. and Mrs. Estal Collins and family, Fred Collins, and Anna, Margaret Sue, and Linda Kay Collins, all of Memphis.

T. K. Treadwell, who is serving in the U. S. Navy, arrived Sunday for a visit with his wife and son, at the home of her parents, Dr. and Mrs. M. McNeely.

Mrs. Ace Gailey Hostess Wednesday To 1913 Study Club

Mrs. Ace Gailey was hostess to members of the 1913 Study Club Wednesday of last week at her home on South 5th street.

During the social hour refreshments were served to one guest, Mrs. Pete Smith, and 18 members.

The club will meet November 20 in the home of Mrs. R. S. Greene.

Jackie Pounds Is Member of Kitten Klub at ACC

Jackie Pounds, daughter of Mr. and Mrs. Lafayette Pounds of Vinson, Okla., former residents of Memphis, is a member of the Kitten Klub of Abilene Christian College, Abilene, it was reported this week.

The Kitten Klub is the girls pep organization of the college. At each of the school's athletic contests, they meet in their purple and white uniforms and act as the center of the cheering section. They also engage in various drills and formations at half-time during football games.

Jackie is a sophomore in the college.

Sub-Deb Club Meets in Home of Marianne Lee

The Sub Deb Club met in the home of Miss Marianne Lee Tuesday night. During the business session plans were made for the Christmas formal and various other business was discussed.

Following the business session, a social hour was enjoyed by the members. The hostess, Miss Lee, and co-hostess, Jo Fowler, served delicious refreshments.

Those present were Betty Gibbs, Ann Norman, Nancy Jones, Dorothy Hutcherson, Dora Mitchell, Pat Snell, Jimmy Mitchell, Jeannine Adams, Gladys Bownds, Margie Stone, Louise Rogers, Syvilla Saunders, Martha Godfrey, Yelive McDaniel, Jo Fowler, Ellen Lenoir, Marian Long, hostess, Miss Lee, and the sponsors, Charlene Hall, Doris Lindsey, and La Verne Bernard.

Save the soil—Save soil.

U. D. C. Meeting Is Held in Home of Mrs. T. J. Hampton

The Winnie Davis Chapter of the United Daughters of the Confederacy met in regular session Tuesday in the home of Mrs. T. J. Hampton with 13 members and 2 guests in attendance.

The program theme for the afternoon was "Memories of Dixie." Special music was furnished by Mark Frank Garrett and Mrs. M. McNeely.

Refreshments of pie and coffee were served to two guests, Mrs. S. G. White of Artesia, N. M., and Mrs. R. C. Cummings, and to 13 members.

Miss Davis and Edwin Humphrey Wed in Memphis

Miss Mattie Louise Davis and Edwin Monroe Humphrey Jr. were married at the Methodist parsonage in Memphis Monday. Rev. Aubrey C. Haynes, pastor, read the marriage vows.

The couple will make their home at Nuttyville, Colo.

Drivers' License Office Location Change Announced

Patrolman H. B. Patterson announces that he will be in his office at the Hall County court house annex, south of the Memphis Steam Laundry, each Saturday for the purpose of interview-

ing seekers of driver's licenses. Any person desiring to take test for a driver's license should contact Patrolman Patterson at the new location. Raymond Bales has returned his home at Zillah, Wash., after a two week's visit here with parents, Mr. and Mrs. T. A. Bales.

Chamber of Commerce Discloses Communist Activities in This Nation

operation with its member organizations, the chamber of commerce of the United States is wide distribution to its exposure of Communist infiltration of the United States, according to a 40-page report made by a committee of the chamber after a year's study of Communist activities.

The report is one of the country's current "best sellers," the press release stated.

The report urges that the government obtain and make public membership and source of the Communist party in the United States.

an agent of a foreign power," the report says, "the Communist party should be forced by law to reveal its membership, funds, and activities."

Other proposals follow:

More fact-gathering by private groups and government to reveal Communist activities, "since Communism thrives upon deceit."

Education of labor by labor unions and non-economic groups to give "the non-Communist majority the training needed to fight their disciplined opponents."

Increased attention to public affairs by business men and awareness on the part of business of Communist influence.

Exclusion of Communists and their followers from government service "because Communist loyalty is primarily given to a foreign power."

Strict reciprocity with the Soviet Union on part of the United States on the number and freedom of movement of nationals of either country within the other.

United States government "policy of frankness with its citizens in regard to the major facts which enter into the making of our foreign policy."

Pointing out that collectivism in the United States is primarily a problem of Communism, the report adds:

"Communism must be opposed promptly with the utmost vigor. Not only should it be exposed and checked in this country, but its workings abroad should be told plainly and fearlessly. It is utterly undemocratic. It denies basic liberties to the individual. It tramples under foot the dignity of man. If America is to remain strong and free, it must preserve itself from the encroachments of a system which is utterly alien to its ideals."

The report explains that the proposal for exposure of Communist party activities is advocated with "great reluctance," because our traditions of freedom are rightfully sacred. It continues: "Yet, we have never extended the principle of freedom so far that we have countenanced sedition and treason. These strong words are accurate in describing the activities of the Communist party, which is loyal to a foreign power which is constantly professing hostility toward us. It is engaged in secret and conspiratorial activities within our borders."

The report goes into considerable detail on the various "fronts" used by Communists to push their aims from behind the scenes and to use the unsuspecting for their purposes.

Of penetration into labor unions, the report observes:

"Communists have striven successfully to infiltrate the American labor movement.

"Organized labor, when captured, is to them a source of funds, a propaganda outlet, a means of stirring discontent and, if necessary, a weapon of sabotage.

"Controlled unions contribute heavily to the various party fronts and causes. They in turn serve as fronts for diverse propaganda schemes.

"They can picket consulates and government offices with practiced skill. When conditions warrant, strikes can be provoked so as to create the atmosphere of unrest in which Communism thrives.

"And, finally, if Comintern policy so dictates, they can actually sabotage essential production."

weighed 6 pounds, 9 ounces. Mr. McKnight is football coach at Clarendon.

A daughter, Kay Lynn, was born to Mr. and Mrs. Eugene Martin of Memphis November 9. She weighed 7 pounds, 11 1/2 ounces.

Mr. and Mrs. E. D. Mayhew of Parnell are the parents of Peggy Jean who was born November 11. She weighed 8 pounds, 4 ounces.

Patricia Faye was born November 12 to Mr. and Mrs. I. S. Knox of Carey. She weighed 8 pounds, 15 ounces.

November 13 a son, Elvis Lee-man, was born to Mr. and Mrs. John L. Prospect of Memphis.

A daughter was born November 13 to Mr. and Mrs. D. M. Medford of Lakeview.

Winter Illnesses May Be Dangerous

Young children may suffer as much from winter illnesses as they do from those commonly known as "summer complaints," in the opinion of Dr. Geo. W. Cox, state health officer, and his advice to parents is to guard babies and young children against these winter health hazards.

Influenza, tonsillitis, pneumonia, bronchitis, and asthma are included among those diseases which may be dangerous winter illnesses among young children since they affect the respiratory or breathing system. Such disease as pneumonia may develop from a neglected cold, they may follow as an after-effect of measles or whooping cough, or they may occur suddenly and with very little warning. These diseases of the respiratory system are more prevalent in winter than in summer and are much more difficult to combat than digestive ailments such as summer complaint.

"These winter diseases are particularly dangerous to babies and young children," Dr. Cox stated. "Nearly all of them are spread through the secretions from the nose and mouth. Children not in vigorous health are naturally more susceptible to these complaints and the first line of defense is to strengthen the powers of resistance against disease; the second is to keep them under medical supervision and the third is to make sure they avoid contact with others who have coughs, colds, or fevers."

Soil Preparation Before Planting Time Profitable

Poor growth of trees and shrubs is often caused by little or no preparation of the soil before planting time, says Sadie Hatfield, landscape gardening specialist of the Texas A. and M. College extension service.

For winter planting of trees and shrubs, the early fall is the most suitable time to get the soil ready, the specialist says.

The ground should first be cleared of rubbish, loose stone, and sticks. Then, in the case of tight soil, it should be spaded to a depth of 8 or 10 inches. On sandy soils, the spading can be more shallow.

Three or four inches of barnyard fertilizer, leaf mold, or decayed hay will enrich the soil and increase its water-holding power, says Miss Hatfield. Hay that is spoiled or fed left over from emptying a trench silo makes a good soil conditioner when cut up into a fine mixture in the fixed grinder. This material, mixed with the soil, will be decayed by January or February when trees and shrubs are ready to be planted. Fallen leaves and grass clippings run through the grinder also make good material to mix with the soil.

In soil preparation, it is often advisable, Miss Hatfield says, to dig around the spots where the plants are to be located to see that no old concrete foundations or layers of bricks or stones are beneath the surface. These obstructions often dwarf a plant or make it suffer during the hot summer months.

Mr. and Mrs. Henry B. Newman of Amarillo announce the birth of a daughter, Cynthia Diana, November 9 at St. Anthony's Hospital in Amarillo. She weighed 7 pounds, 2 1/2 ounces and is the granddaughter of Mr. and Mrs. Henry H. Newman of Memphis.

Dana Jean, weighing 5 pounds, 1 ounce, was born October 29 to Mr. and Mrs. Gene Koeninger of Houston. The grandparents are Mr. and Mrs. Cal Holland of Price and Mr. and Mrs. W. T. Koeninger of Dalhart.

Mr. and Mrs. Leonard W. Williams of Memphis are the parents of a son, Jerry Glen, born November 11.

A son, Bennie Wayland, was born November 10 to Mr. and Mrs. Jack W. Holcomb of Memphis.

Mr. and Mrs. T. J. Freelen of Memphis are the parents of a daughter, Mary Jane, who was born November 10.

Mr. and Mrs. J. L. Ward of Memphis are the parents of Doris Ann who was born November 5. She weighed 8 pounds, 6 ounces.

A daughter, weighing 7 pounds, 10 ounces, was born November 7 to Mr. and Mrs. T. M. Gibson of Lakeview. She has been named Mary Belle.

Mr. and Mrs. E. J. McKnight of Clarendon are the parents of twin daughters born November 11. They have been named Deanna and Dianne. Deanna weighed 5 pounds, 3 ounces and Dianne

Make short work of your cotton harvesting... strip and deliver your cotton two rows at a time with a new John Deere No. 15 Two-Row Cotton Harvester. You'll have no labor problem... you'll cut costs to a minimum... get your crop harvested quickly and reduce field losses.

Designed to work with the John Deere Models "A" and "B" Tractors, the John Deere No. 15 does a fast, efficient job of saving the bolls... after the cotton plants have been killed by frost. Most of the dirt and trash are separated from the bolls before they reach the trailer.

Be sure to stop in soon and let us tell you all about this new, two-row cotton harvester. You'll like it!

Jack Frost Ends—
(Continued from page 1)

knockout blow to growing crops and vegetation.

Cotton and feed were nipped and immediately following the frost, farmers began cutting feed. White open bolls are now showing in the cotton fields when heretofore the dense foliage had the open cotton hidden.

The weather has been nice since Monday, with some cloudy weather, but no moisture.

Social at City Hall Entertains Firemen And Their Families

Members of the local fire department, their families, and several friends enjoyed a social at the city hall Monday evening. At the conclusion of several games, conducted by Chief Clayton, the group was served ice cream, cake, and cookies. The ice cream was furnished by Cecil McCollum.

Those attending were Chief and

Mrs. Thomas Clayton and daughter, Mr. and Mrs. Bill Vardeman, Mr. and Mrs. Tom Vickers, Mr. and Mrs. U. P. Baten, Mr. and Mrs. Lester Huggins, Mr. and Mrs. Hooper Shaw and children, Mr. and Mrs. Earl Briscoe, Mr. and Mrs. Lloyd Ward, Mr. and Mrs. Bill Coursey, Mr. and Mrs. J. P. Godfrey and daughter, Mr. and Mrs. O. R. Saye, Mr. and Mrs. W. D. Sheen and daughter, Mr. and Mrs. Harry Aspgren and son, Maria Baskerville, Glen Stilwell, Scotty Grundy, Cliff Neeley, and Pat Patterson.

Church Ceremony in Kansas City Unites Janetia Oakley and Dr. H. B. Hightower

The Central Methodist Church of Kansas City, Mo., was the scene for the marriage of Miss Janetia Oakley, daughter of Mr. and Mrs. T. J. Oakley of Kansas City, to Dr. Harold B. Hightower, son of Mr. and Mrs. N. A. Hightower of Memphis, Sunday afternoon, November 3. The double-ring vows were spoken at 4 o'clock by Dr. Thomas Mather, pastor, in the presence of about 30 relatives and friends.

Tall white baskets filled with bronze chrysanthemums and greenery were banked against the altar which was lighted by candlelight.

Prenuptial selections played by Mrs. Verna Jameson were Chopin's "Polonaise," "Ave Maria" by Schubert-Liszt, and "I Love Thee" by Clara De Lioun. Lohengrin's "Wedding March" was used in the processional.

The bride, given in marriage by her father, wore a grey gabardine suit with brown accessories. Her shoulder corsage was of orchids.

Miss Gene Penry, maid-of-honor,

wore a pastel green suit with a corsage of gardenias and accessories of black.

Albert Oakley, brother of the bride, was best man and V. G. Penry served as usher.

Mrs. Oakley, the bride's mother, wore a fuchsia dress with complementing accessories. Her corsage was of gardenias.

The bride is a graduate of Parker, Kansas, High School. She later attended the University of Kansas City and at the time of her marriage was employed by General Motors in Kansas City.

The groom, a resident of Memphis most of his life, is a graduate of Memphis High School. He entered Texas Tech at Lubbock as a pre-medical student and in 1944 graduated from Baylor Dental College at Dallas. He served for 2 1/2 years in the U. S. Army dental corps and spent 15 1/2 months of that time overseas. He received his discharge October 21 at Fort Sam Houston.

Immediately following the wedding the bride's parents, Mr. and

Mrs. T. J. Oakley, were hosts at a wedding dinner at the "Tea House by the Side of the Road" to the guests.

A three-tiered wedding cake topped with a miniature bride and groom centered the dining table and tallman roses arranged in low chrysal bowls were used at either end of the table.

The couple, who have been here for several days visiting in the home of the bridegroom's parents, Mr. and Mrs. N. A. Hightower, left Wednesday for Austin to visit with Dr. and Mrs. N. A. Hightower Jr.

Mr. and Mrs. Williams Hosts to Members Of Dinner Club

The Thursday Night Dinner Club met Thursday night of last week in the home of Mr. and Mrs. Charlie Williams. Following a pork dinner, the group enjoyed games of 42.

Members attending were Mr. and Mrs. H. H. Newman, Mr. and Mrs. Lloyd Phillips, Mr. and Mrs. B. B. McMillan, Mrs. T. D. Weatherly, and hosts, Mr. and Mrs. Williams.

The club will meet December 5 in the home of Mr. and Mrs. Lloyd Phillips.

LAKEVIEW, TEXAS

Former Resident Brought Here Burial Friday

Lucy Ella Stephens died at Santa Maria, Calif., Saturday week and funeral services were held in Memphis at the Baptist Church Friday at 11 a. m., conducted by Rev. Moore of Mangum, Okla., pastor of the local church. The funeral home is in charge of arrangements.

Her body will lie in state at the home from Thursday night to Friday at the Fairview Cemetery by arrangement.

the side of her husband and a daughter.

Mrs. Stephens was born January 8, 1883, at Commerce; was married 48 years ago to Sidney F. Stephens, and to this union eight children were born. Her husband died in Hall County in 1930 and a daughter, Billie, died here in 1931. She united with the Methodist church 18 years ago at Gammage. She lived in Hall County 17 years prior to moving to California 5 years ago.

Survivors are two sons and five daughters, Albert Stephens of Dallas and Elbert Stephens of Memphis, Mrs. Tracy Parris and Mrs. Ethel Kilpatrick of Memphis, Mrs. Edith Rogers and Mrs. Ester Wood of Santa Maria, Calif., and Mrs. Frances Byrd of Los Angeles; four brothers, Joe Hamilton of Amarillo, Jess Hamilton of Fort Worth, George Hamilton of Dallas, and Fred Hamilton of Commerce; two sisters, Mrs. Laura Roson of Commerce and Mrs. Beulah Edwards of Allen, Okla.; and nine grandchildren.

CAUSES OF FIRE

Editor's Note: The following article was selected by school officials as one of the best themes written during Fire Prevention Week by Memphis school pupils. It was written by Conrad Cochran.

Carelessness is the greatest cause of fires. The American fire loss in a single year has been as much as \$561,980,751, a fire waste greater than any nation ever had suffered before in the history of the world. The principal reason for such a great fire loss is carelessness.

The national board of fire underwriters makes a study of hundreds of thousands of fires, and has tables which show that in five years, 28.5 per cent of all American fires came from strictly preventable causes, while 24.6 per cent were partly preventable, and 46.9 per cent came from unknown causes, which probably were preventable.

Matches are perhaps the most valuable and most dangerous article made by man. With the exception of fires from lightning, spontaneous combustion, and a few other causes, all fires can be traced in some way back to matches. Matches can be either a blessing or a deadly peril, according to the way in which they are used.

American homes, farms, and summer camps make use of almost every kind of artificial light, such as candles, kerosene lamps, gas-flame burners, gas-mantle burners, acetylene gas or electricity. Whatever system one may use, it should be learned how to make it safe. Remember that when you strike a match and get a flame, that flame instantly creates three things: danger, heat, and light.

Fires which escape from stoves and furnaces have caused in the last decade at least \$100,000 worth of destruction. It should be borne in mind that nearly all of these fires are preventable. If people would learn how to take precautions, and then not be careless, there would be little danger. The first point to consider is that of placing; the second is that of using.

Fireplaces can be a serious hazard especially where wooden structures are close by. The danger from outdoor fires comes from that same old fault of carelessness. Fire must always be treated with care and this care should begin when the fire is first started.

Cooking and cleaning are the most dangerous fire hazards in the kitchen. Precautions should be taken in each case especially in cleaning with inflammable compounds. Many a person has been sent to the hospital from cleaning with explosive materials.

Spontaneous combustion has very little trouble getting started when rubbish or trash is around. Oil rags also catch fire very easily when shut off from air.

There are thousands of ways in which a fire might start but if every one would be careful and take precautions when they are dealing with fire, the number of fires would be greatly reduced.

Band Plays at Lakeview-Lefors Game on Friday

The Memphis High School band played for the Lefors-Lakeview football game at Lakeview Friday night of last week. During the half the Lakeview football queen was crowned.

Fourteen students were listed on the "A" band, "B" band, and Junior High School band honor rolls for this week.

Students on the "A" band honor roll are Ray Snell, Hugh Haynes, Lois Wines, Jan Monzingo, and Ray Crawford.

Listed on the "B" band honor roll were Billie June Sturdevant, Patsy Nell Combs, Minnie Lee Jackson, Ann Spoon, and Dorothy Deaver.

Students on the Junior High School band honor roll are Betty Don Pullen, D'Arman Peabody, Gereta Graham, and Donald Max McCoy.

It is definitely true that women live longer than men, if you're speaking of widows.

Mrs. F. W. Garrison Dies During Visit Here With Children

Mrs. Frances W. Garrison, 77, died Monday at the home of her son, Sam G. Garrison of Lakeview, following a stroke she suffered three weeks before. Funeral services were held at Idabel, Okla., Wednesday at the First Baptist Church, with Womack Funeral Home of Memphis in charge of arrangements.

Mrs. Garrison had come to Lakeview for a visit with her son and daughter, Sam Garrison and Mrs. Harry Seay, and while there suffered the stroke from which she did not recover. Mrs. Garrison was born in Tennessee March 3, 1869. She united with the Baptist church 65 years ago.

She is survived by two sons, Sam G. of Lakeview and W. E. of Wellington; five daughters, Mrs. Seay of Lakeview, Mrs. Steve Bryant of Santa Rosa, Calif., Mrs. Ola Faye Mayer of Idabel, Okla., Mrs. Etta Caldwell of Garvin, Okla., and Mrs. Bertie Netherly of Santa Rosa, Calif.

It doesn't irritate us as much to make a new mistake as it does to make an old mistake over again.

Freshman Girls Serve Breakfasts In Home Ec Class

The freshman home economics girls of Memphis High School are now preparing simple breakfasts and serving them to other members of the class. This is part of their regular class room work and is one of the most interesting and beneficial units of the course, the instructor stated.

The girls are required to prepare their menus, grocery lists, and table service that will be required, well in advance so that everything will be in order at the time of preparation for the meal.

The classes are divided into groups of two so that they may alternate in serving and being served.

This type of lesson benefits the student in several different ways such as cooking, correct table service, methods of serving, and usage of table etiquette, the instructor added.

The wise man doesn't worry about what side his bread is buttered on. He figures that he eats both sides anyway.

Maybe the man who doesn't quarrel with his wife just doesn't know the difference between cowardice and chivalry?

Rev. Floyd Grady Of McLean Will Speak Wednesday

Rev. and Mrs. Floyd Grady of McLean will speak at the First Presbyterian Church in Memphis Wednesday evening of next week at 7:30 o'clock, Rev. B. L. Peacock, pastor, announced this week.

Rev. and Mrs. Grady will sail for South America in January where they will begin work as missionaries. They will be located in Brazil, several hundred miles up the Amazon and far from civilization. Mrs. Grady, who is the

daughter of missionaries, was reared in Guatemala, Central America.

"We are arranging a nice program for the evening and the public is cordially invited to attend," the pastor stated.

KISS OF LIFE—OR DEATH . . .

Actually this is a tug-of-war between two brown arcaea from South America. The male and female decide to set up housekeeping only after one of these "kisses." They interlock jaws and tug. If both hold out, they decide they are ideally mated. If one gives way—well, it's just too bad for that one.

Above the HULLABALOO

By LYTLE HULL

The Height of Impertinence

THE New York City council has made "war talk" against the United States. Proposed by a group of "minds" of the "democratic" majority, a resolution was passed, 19-2, calling upon our President to seize the cattle and meat in our country from our people.

The resolution charges that "the meat industry has declared open defiance to the American people by the creation of a meat famine," and Councilman Michael J. Quill, the Bronx laborite, states that "... the meat industry has engaged in a conspiracy against the people of the United States, who are being held for ransom by the cattle kings and the big packers." And Joseph T. Sharkey, the majority leader from Brooklyn says: "It is a conspiracy against the American people, and I indict the meat industry for it. . . ."

also—"I know the American public will not stand for it," also—"Let us not do anything until we get these people thinking the right way, the American way."

Now in the first place—how or why would either of these eminent gentlemen know anything about the American people? Maybe they've both been way out West as far as Newark, New Jersey—and maybe not! By what conceivable right do they speak for the American people; and who are the American people anyhow? Are they the political supporters of Messrs. Quill and Sharkey, or are they the farmers and ranchers who raise the cattle which, unfortunately, are not teaching Messrs. Quill and Sharkey's constituents principally because certain labor union leaders—not unknown to Mr. Quill—brought the United States government and the American people into the mess which has tangled up our entire economic system.

Why don't those champions of the voters go to the real bottom of the meat trouble—and of every other economic ill from which we are suffering—and name the labor leaders who brought these woes upon us by blackjacking unpayable wages out of our institutions before they had struggled through reconversion and got up on their financial feet? Why don't they cry "conspiracy" against the men who, by grasping for every

HOUSE HOME

By MARY E. DAGUE

By MARY E. DAGUE
Author of Sister Mary's Kitchen.

WHEN your husband sallies forth as a mighty hunter and brings back the game you will want to cook it to the very best of your ability. Properly cooked, it is delicious and every member of the family will enjoy it. If "locker" service is available you might put a couple of pheasants and rabbits away for your Thanksgiving dinner.

Although the preferred method for plucking pheasant is dry-picking you can scald it and pick it just as you would chicken. Draw and clean and let stand in cold well-salted water for an hour. Drain and wipe dry, inside and out. Staff and truss and roast in a slow oven. Or the bird can be put into a hot oven (400 degrees Fahrenheit) for 20 minutes uncovered. Then reduce heat to 275 degrees F., cover roaster and roast about two hours or until tender. It's a good idea to cover the breast with several thicknesses of cheese-cloth saturated with salad oil.

Pheasant can be disjointed and cooked several ways, too. Simmer for forty-five minutes, remove from broth, roll in seasoned flour and fry until a golden brown on all sides. Use broth to make gravy in the pan the pheasant was fried in.

Another delicious way to cook disjointed pheasant is in sour cream. Coat pieces with seasoned flour, brown in a heavy spider with a close fitting cover. Then add one and one-half to two cups of sour cream, cover closely, and bake in a slow oven (275 degrees F.) for two hours or until pheasant is tender.

Rabbit can be cooked in a variety of ways, too. Rabbits of course are skinned and care should be taken that no fur touches the meat. Most of the fat, too, should be removed because it is likely to be strong-flavored. After rabbits is cleaned let it stand in strong salt water for several hours.

Rabbit stew is a savory dish that can be turned into a pot-pie by putting the finished stew in a casserole and covering it with baking powder biscuit dough. Or if you make your stew in a deep kettle you can drop dumplings into the stew about fifteen minutes before serving.

BAKING

is an ideal method of cooking most of the fall vegetables. The flavor is preserved and none of the valuable mineral salts are lost in the water that necessarily is used for the boiling. As we begin to rely on canned vegetables more and more, we will find, too, come in for their share of baking.

Peppers are good stuffed and baked. A plain bread stuffing, a leftover-meat stuffing, macaroni and cheese stuffing and a stuffing made with a mixture of vegetables—all these stuffings make hearty fare.

Tomatoes always are good baked with or without stuffing. Squash, too, can be stuffed and baked, or baked plain.

Here's a menu that makes full use of the oven and leaves the cook free for the afternoon. It's a good dinner for your club day. Put it in the oven, set the clock to come on two hours before you want to serve dinner and go your way rejoicing.

Chilled tomato juice cocktail, baked acorn squash, scalloped potatoes, cabbage and green pepper salad, baked apples, reheated rolls, milk, coffee.

Add lemon juice, a few drops of onion juice, a few drops of tabasco sauce, a bit of sugar, celery salt and a dash of white pepper to the tomato juice and store in a covered jar in the refrigerator until needed. Shred the cabbage and pepper and store in a closely covered container in the refrigerator. Prepare scalloped potatoes in baking dish and put in oven. Wash apples, arrange in baking dish and put in oven.

Allow one acorn squash for each person to be served. Scrub and cut out stem end, cutting deep enough to remove seeds. Fill cavity with sausage, place on baking sheet and put in oven.

Set oven temperature at 350 degrees F. and allow one and one-half hours for baking.

Let apples cool while setting the table and eating dinner. Serve with a garnish of whipped cream and a spot of bright jelly.

CELEBRATES U. S. FOOD SHIPMENT . . .

"Biliken" Jap idol representing the "God of Plenty" sits atop his float draped with American flour sacks during a celebration, through the streets of Tokyo, on arrival of a recent shipment of food from the United States. The Japanese writing translated is "My Dear Mr. G. I. Thanks Giving Gratitude For Saving One's Life."

VETERANS' QUESTION BOX

Q. I have entered our state university under the GI bill and am drawing subsistence. I am married and my wife is here with me. Can I also obtain a loan under the GI bill to build a small house?—F. J. S., Chadburn, N. C.

A. The Veterans Administration says that a veteran may go to school and draw subsistence under the GI bill and at the same time obtain a guaranty loan under the GI bill to build a home.

Q. Our son has received a discharge from the navy. He is a medical discharge and he has obtained a small pension along with his discharge. Does his pension interfere with his obtaining a loan under the GI bill so that he might build a home?—D. J. R., Cheshire, Ore.

A. A disability pension will not interfere with his obtaining a home loan under the GI bill if the veteran is otherwise qualified.

Q. I was discharged from the army on Nov. 1, 1938 with an honorable discharge. I served in Hawaii and in Panama and it was while I was in Panama that I became ill with a nervous twitching with which I am still afflicted. Am I entitled to any benefits as a result of this service and this disability?—J. M. F., Petersburg, Tenn.

A. You are a veteran of the army peace-time service and if you can establish that your illness is service-connected or aggravated by service in line of duty, you may be entitled to a disability pension depending upon degree of disability. You should apply to your nearest office of the Veterans Administration.

Q. I am a veteran of South Pacific duty and have received an honorable discharge with a disability pension. If I should reenlist in the

MODERN TECHNIQUE . . .

Arthur Telfer, 88, of Cooperstown, N. Y., oldest photographer in the U. S., uses an ancient camera—a wooden one he built himself 69 years ago—as he prepares to photograph 18-year-old Bonnie Lynch. However, he employs the most modern posing technique a la the ship news photographer.

A Peek at the Stars

By LYN CONNELLY
NWN's Radio-Screen Editor.

TIME was when folks identified Hoagy Carmichael as "the chap who wrote 'Stardust.'" Now he's carving a new career for himself as a singer and weaver of homey philosophy in both the movies and on his own CBS radio show each Sunday. . . . He's become so popular in his new role that one has almost forgotten he Carmichael wrote the perennial favorite, "Stardust" . . . Strange how fate takes a hand . . . Hoagy is now more popularly known as "the chap who wrote 'Ole Buttermilk Sky.'"

The Ray Millands will spend Thanksgiving in England with Ray's mother. . . . The twins of Susan Hayward and Jess Barker are non-identical, one having red hair like his mother, the other blonde hair like Jess. . . . Rumors are flying that Gene Tierney and Tyrone Power fell in love while making "Razor's Edge" . . . they've been substantiated by the recent separations of Ty from wife Annabella and Gene from hubby Oleg Cassini. . . . Course, the rumors might be the result of publicity for their picture and the respective separations were a co-incidence.

Call for Henry Morgan

Several movie studios are paging HENRY MORGAN, ABC's many-master of wit. . . . There's talk in Radio City that JEANETTE MACDONALD will soon have her own air-show. . . . The New York Philharmonic Symphony makes its screen debut in the forthcoming movie "Carnegie Hall," which is being shot in the historic New York structure from which the Philharmonic's CBS broadcasts have been originating for 16 years.

Robert Mitchum is being kept busy these days. . . . After completing "Pursued" for Warners, he goes to MGM for more scenes with Greer Garson in "Sacred and Profane" and thence to RKO to star in "Hang My Gallow's High" . . . Ida Lupino, who has had a variety of roles ranging from comedy to murder, is being touted to stunner for her part as a mountain girl in "Deep Valley" . . .

Mental Health

By DR. J. B. WARREN

A boy or girl of bright parents is likely to be bright, just as a child of rugged healthy parents is likely to be strong physically. However, the child slightly below normal mentally can accomplish more for himself and others if given full opportunity; he can be taught to adjust himself to life and overcome handicaps. The essentials necessary for sound mental health are:

- (a) Understanding and sympathetic parents.
- (b) The banishment of ignorance, fear, and superstition.
- (c) A sense of humor.
- (d) Enthusiasm in work and play.

Six-Inch Sermon

↑ REV. ROBERT H. HARPER ↑

Paul Ministers to the Thessalonians.
Lesson for November 17: Acts 17:1-7; 1 Thessalonians 1:2-8.
Memory Selection: 11 Thessalonians 3:13.

After his release from prison in Philippi, Paul and his companions passed through Amphipolis and Apollonia to Thessalonica. In this city were many Jews and for three Sabbaths in the synagogue Paul reasoned with his hearers. Some were persuaded and "consorted with Paul and Silas;" also a "great multitude" of Greeks and "chief women not a few."

The Jews, with certain lewd fellows, stormed the house of Jason; not finding Paul, they dragged Jason forth to the city rulers, charging that Jason had harbored who were turning the world upside down and saying there was another king than Caesar—one Christ. This charge was true, but the Christ they preached was the head of a spiritual kingdom. After taking security of Jason, the rulers released him.

Through the help of friends, Paul and his companions had escaped, and they went to Berea, where they had some success. But Jews from Thessalonica going there and making trouble, Paul left and eventually reached Corinth. His letters to the Thessalonians were written from that city.

In the first chapter of his first Epistle to the Thessalonians Paul writes that he gave thanks to God always for them because of their "work of faith and labor of love," declared they had become an "example to all that believe in Macedonia and Achaia," and had "sounded forth" the word of the Lord.

This would be a safer world for pedestrians if auto manufacturers could improve the drivers as much as they have the automobiles.

BRICE

By MRS. STARR JOHNSON

Rev. Bill Odell of Plainview preached Sunday morning and evening at the Brice Baptist Church.

Mr. and Mrs. Oscar Barham of Amarillo visited Sunday in the Cal Holland home.

Mrs. W. E. Davis visited over the week-end in Pampa with Mr. and Mrs. Sam Watson.

Mr. and Mrs. Dorr Rich of Vernon are visiting his parents, Mr. and Mrs. C. C. Rich.

Mr. and Mrs. Jake Baten and children of Groom visited Sunday with his parents, Mr. and Mrs. W. P. Baten.

Mr. and Mrs. Kerbie Hagins and Mrs. Duke Osborn were called to Canyon Thursday to be at the bedside of their aunt, Mrs. Kate Kigsby, who is very ill.

Relatives visiting in the Pete Phillips home Sunday were his parents, Mr. and Mrs. S. P. Phillips of Estelline, and his brother Woodrow Phillips and his wife of Hulver.

Miss Laurell Holland, who has

been employed at San Angelo, returned home Sunday.

Mr. and Mrs. A. C. Hartzog of Pampa visited Sunday with their daughter, Mrs. J. C. Johnson.

Capt. and Mrs. Don Beistle of Austin visited this week with her brothers, the Salmons.

Rev. and Mrs. Bill Odell of Plainview were dinner guests in the D. C. Hall home Sunday.

Mr. and Mrs. J. W. Hatley and son J. W. Jr. and Mrs. Kerbie Hagins attended the funeral of their nephew, Jack Bain, in Amarillo Monday.

ROBERT LEE IS SERVING ABOARD USS ESTES

Robert M. Lee, storekeeper, third class, USN, son of Mr. and Mrs. Ernest Lee of Memphis, is serving aboard the USS Estes, headquarters of Admiral Charles M. Cooke Jr., commander of the 7th fleet, according to a news release from the 9th naval district at Great Lakes, Ill.

The Estes, operating out of Tsingtao, China, is one of the new type of amphibious force flagships. Commissioned late in 1944, she saw action as a communications center for the Iwo Jima and Okinawa campaigns.

Locals and Personals

C. B. Froeman and family of Tell visited their son, James Froeman, here Monday.

Mr. and Mrs. Robert Barnett were visitors in the home of his parents at Lakeview over the week-end.

Mrs. Mason Sherley, Mrs. Omalee Davis, and Joe Marie Barnett of Lakeview were visitors in the home of Mr. and Mrs. Robert Barnett Monday.

Miss Peggy Lawrence, Miss

Mary Wells, and Miss Webb, students in W. T. H. school, visited their parents over the week-end.

Mr. and Mrs. R. C. Long attended the Shrine carnival in Amarillo last Friday.

Dr. and Mrs. V. G. Wagoner visited in the R. C. Long home here over the week-end.

Mr. and Mrs. Pete Smith attended their new home on South Street Tuesday.

W. T. Hightower left here to attend the Texas Baptist convention in Mineral Wells.

It is 47 years young, governed by sound American policies that come from long experience.

With membership nearing 2,000,000 mark, it is the largest organization of America's overseas fighters.

STRONGEST Throughout the nation, where veteran opinion is felt and respected, it leads in national accomplishments.

THANKS!

... and we really mean a great big thanks to all our customers who are so patiently waiting for the tire that OUTWEARS PREWAR TIRES!

When users say how much they like the new B.F. Goodrich Silvertown tire, we swell with pride. But when more and more of our customers say, "Even if it takes a while, we'll wait . . . we figure they know, as we do, this new tire has something worth waiting for. Somewhere—somebody—has tipped them off, so we say . . ."

YOU'LL BE GLAD YOU WAITED FOR THE Extra LONG MILEAGE OF THE NEW B.F. Goodrich Silvertown

Before we sold a single new Silvertown, taxis, state police and special test cars had learned the longer mileage secret of these new passenger car tires. Actual tests proved they outwear prewar tires. Today, user all over the country know this secret, too. They know it gives longer life, because it has a wider, flatter tread that puts more rubber on the road . . . more rubber to spread the wear . . . more rubber to stop you quicker.

That's why, if you're looking for today's biggest money's worth in tires . . . you, too, will find it worth your while to wait a little longer for the tire that OUTWEARS PREWAR TIRES.

NEW TREADS FOR SMOOTH TIRES

KEEP GOING with DURECAP

Costs only 700

6.00-16

- Made with Duramin
- Top quality, Grade "A" rubber

Durecap is more than ordinary recapping. It's recapping PLUS and that plus is Duramin, the exclusive B.F. Goodrich chemical compound that fights heat deterioration, toughens tread rubber, means more mileage—safer driving—greater savings.

GIVES MORE POWER LONGER

Powerhouse Performance

B.F. Goodrich Glasstex Battery

- Greater sustained capacity and longer life from power preserving glass mats
- Greater structural strength from interlocking grids

Equip your car with one of these power-packed, stout-hearted batteries today and you can forget starting troubles, weather-worries for a longer time than you'll be driving your present car.

State Teachers Group Completes School Survey

Texas State Teachers Association has just completed a survey among city and county superintendents to determine the condition in the public schools of Texas.

Of the teachers included in the survey, \$5,730 were listed with sub-standard qualifications which represents 1 out of every 6 in the state. Superintendents reporting stated that they had in their school systems 1,157 classes with a student enrollment of 40 or more. The national standard for enrollment is 27 students in high school classes and 30 in elementary classes. The over-crowded condition has resulted from the shortage of teachers and, in many instances, a lack of adequate classrooms.

Texas needs at least 9,000 qualified teachers to relieve the over-crowded classrooms, to adjust to the curriculum many sub-

jects that have been eliminated during the war years, and to replace sub-standard personnel, members of the association said. Superintendent Charles M. Rogers of Amarillo, retiring president of the Texas State Teachers Association commented that: "Today if our public schools could employ immediately all of the students in the colleges and universities of Texas that are preparing to be teachers, we would not relieve our great shortage. I am sure that we do not have in our Texas institutions of higher learning 9,000 people today who are preparing to become teachers. We must raise salaries in Texas high enough to encourage those now in college to enter teaching as their chosen profession. I cannot see any other solution to the problem."

PARNELL

By MAE PAUL

Mr. and Mrs. Jeff Welcher visited with his sister, Mrs. C. C. Slaughter, and family of Vernon Monday.

Mr. and Mrs. John Berryman went to Hedley on business Wednesday.

Mr. and Mrs. Jeff Welcher shopped in Childress Thursday. Mrs. J. Warner Cape gave a birthday party Friday honoring her son, Tommy, and Mrs. Turk McCuiston. The two honored guests received several nice gifts. Games were played and Mrs. Cape served delicious cake and iced drinks.

Mr. and Mrs. Ray Perkins attended the movie in Estelline Friday night.

Mrs. Parge Winn and Frances, Mrs. Carl Hill and Rita Jean, Mrs. W. H. Neely, Wayland Marcum, Miss Mae Paul, Mrs. Claud Arnold and Nelda Jo, Mr. and Mrs. Ernie Trapp and Nita Jean and Clea Fern Ferrel attended the P-T. A. play and program at Estelline Wednesday night.

Mrs. Jeff Welcher called on Mrs. Bud Lutts of Estelline Thursday afternoon.

Mr. and Mrs. John Berryman and Mrs. Thurman Wyrick were Memphis visitors Friday.

Mr. and Mrs. Jeff Stewart and Sandra Kay visited relatives the past week in Cleburne.

Mr. and Mrs. Wynan Farley were business visitors in Childress Saturday.

Mrs. Rube Canada and Mrs. W. H. Neely shopped in Childress Saturday afternoon.

Mr. and Mrs. Carl Hill and Rita Jean shopped in Memphis Saturday afternoon.

Mr. and Mrs. Roy Perkins were Turkey visitors Saturday night.

Mrs. J. A. Adams and son J. A. of Turkey visited her daughter, Mrs. Zack Hood, and family Sunday afternoon.

R. N. Mothershed is sick with flu this week.

Enormous Amount of Used Fats Recovered

Reporting on the 48 month period from August, 1942, to July, 1946, the American fat salvage committee gives the following summary:

The government-industry fat salvage program, in four years of operation, August 1942 through July 1946, has returned 694,913,000 pounds of fats and oils to the national economy of the United States. During this period, American homes saved and turned in 513,554,000 pounds of fat—an average of 15.1 pounds for each of the 34 million housekeeping families. The armed services recovered 181,559,000 pounds.

Legal Notice

NOTICE OF SHERIFF'S SALE OF THE STATE OF TEXAS, County of Hall

SHERIFF'S SALE

Whereas, on the 21 day of September, 1946, in Cause No. 2997, in the District Court of Hall County, Texas, where The City of Memphis, Texas, Plaintiff, State of Texas, County of Hall, and Memphis Independent School District, Impleaded Party Defendants, were Plaintiff, Impleaded Party Defendant, recovered judgment against A. L. Stovall and Ruby Stovall, husband and wife, Lyde B. Crain, Harry Tackett, Mrs. Ellen Farquhar, a widow, W. S. Posey, W. X. Hazard, deceased, F. O. Griffith, and the unknown heirs and legal representatives of each of said defendants are Defendants, for taxes, penalty, interest, and cost against the hereinafter described property:

Whereas, on the 4th day of November, 1946, by virtue of said judgment and the mandates thereof the clerk of the above mentioned District Court of said county did cause to be issued an Order of Sale commanding me as Sheriff of said county to seize, levy upon, and sell in the manner and form as required by law the hereinafter described property;

Whereas, by virtue of said judgment and said Order of Sale and the mandates thereof I did on the 4th day of November, 1946, seize and levy upon as the property of the above defendants the following described property, sit-

uated in Hall County, Texas, to-wit: First Tract: All of Lots Numbers 7 and East 1-2 of Lot No. 8 in Block No. 67 of the Original town of Memphis in Hall County, Texas;

GOOD NEWS! To Our Dealer Friends:

Even Though the O.P.A. has Removed the Price Ceiling on Soft Drinks -- Our Wholesale Price to the Trade, for the Present, Has Not Been Raised

You Can Still Retail Dr. Pepper

At the Same Old Price of 5¢ With the Same % of Gross Profit

All during the war, in spite of higher costs, Dr. Pepper Company has sold us syrup, and we have sold you bottled Dr. Pepper at the pre-war price. We have always resisted and will continue to resist every influence which may threaten the traditional privilege of the American people to enjoy Dr. Pepper for a nickel. Every dealer who values consumer good will should strive to preserve this American tradition.

While the ceiling on soft drinks is off, the ceiling on sugar remains. To remove the ceiling on sugar will not make available sugar that does not exist or replace sugar that is being diverted to foreign lands. Our sugar ration is still limited to 60 per cent of 1941 usage.

Since we have not and will not use inferior substitute ingredients, the shortage of Dr. Pepper will continue until sugar is plentiful again.

In these uncertain times manufacturing costs are subject to drastic change but we do not feel that the present situation justifies increase in our wholesale price at this time.

Drink a Bite to Eat at 10, 2 & 4 o'clock

Miss Mamie Grace Morris Becomes Bride Of Monty P. Williams in Memphis Vows

Miss Mamie Grace Morris, daughter of Mr. and Mrs. C. E. Morris of Memphis, became the bride of Monty Paul Williams, son of Mrs. Andy Williams of Seagraves, at the home of the bride's parents Tuesday, November 5.

White chrysanthemums and greenery formed the floral background before which Rev. Aubrey C. Haynes, pastor of the First Methodist Church, read the single ring ceremony.

The bride chose for her marriage a pearl grey suit with pink and black accessories. She wore a corsage of pink rosebuds.

The bride's only attendant was her sister, Miss Marie Morris of Memphis, who wore an aqua suit with matching accessories and a corsage of bronze rosebuds.

Jiggs Williams, brother of the groom, served as best man.

Mrs. Morris, the bride's mother, and the bridegroom's mother and sister, Mrs. Williams and Mrs. Brewster, wore corsages of white carnations.

Immediately following the ceremony, a reception was held for members of the bridal party and guests in the home of the bride's parents. The home was decorated

throughout with white and pink chrysanthemums, dahlias, and greenery.

The table, laid with a lace cloth, was centered with an arrangement of seasonal flowers. The wedding cake, which was topped with a miniature bride and groom, was cut by the bride and served with punch.

The bride graduated from the Memphis High School with the class of '44 and later attended school in Springfield, Mo. At the time of her marriage she was employed as Western Union operator at Seagraves.

The bridegroom is a graduate of the Seagraves High School, and at the present time is engaged in ranching near Seagraves.

After a short wedding trip the couple will be at home in Seagraves.

Guests attending the wedding were Mrs. Andy Williams, Mr. and Mrs. Bryan Brewster, and Jiggs Williams of Seagraves and Mrs. Herbert Edmondson of Memphis.

Mrs. C. L. Sloan Sr. of Denver is visiting at Estelline in the home of her son, C. L. Sloan Jr.

Dorcas Society Meets in Home of Mrs. Goodpasture

The Dorcas Society met in the home of Mrs. M. O. Goodpasture for an all-day meeting Thursday of last week.

Mrs. M. O. Goodpasture read the 8th chapter of Romans and members offered a sentence prayer. During the day members quilted one quilt and pieced another.

The following members were present: Mesdames A. B. Jones, I. G. Glosson, M. P. Brackett, S. J. Brackett, Ella Johnson, Henry Borden, E. W. Evans, J. S. Ballard, Wade Patrick, J. S. Billington, O. S. Bradley, Frank Smith, and John Barber.

The club will meet November 21 in the home of Mrs. Wade Patrick.

Woman's Council Meets in Home of Mrs. J. H. Norman

The Woman's Council of the First Christian Church met Monday afternoon in the home of Mrs. J. H. Norman. Mrs. Cicero Milam was co-hostess.

The meeting opened at 3 o'clock with a devotional led by Mrs. Roy Coleman on the theme "The Missionary Labors of Paul." Mrs. A. G. Kesterson led in prayer. The text for the study was "Europe's Tragedy and Challenge," and Mrs. Gordon Maddox was program leader. "Restorationists in Austria" was given by Mrs. E. E. Roberts, and Mrs. Tom Posey told of the "Mediterranean Christian

Missions." Mrs. Harry Aspgrren brought the closing message, "Mediterranean Co-workers Write." Members sang two songs, "America," and "Send the Light." The meeting closed with the missionary benediction.

Prune cake topped with whipped cream and coffee was served to Mesdames J. A. Whaley, Lucille Randal, Tom Posey, Cicero Milam, Roy Coleman, Harry Aspgrren, J. W. True, A. G. Kesterson, Floyd Limer, George Hayden, E. E. Roberts, Gordon Maddox, Gerald Knight, and O. L. Armstrong.

Mrs. James Smith reviewed the book, "Straw in the South Wind," by Donald Joseph, and Mrs. Horace Tarver sang "Sweet Little Jesus Boy." Members spent a short time in discussing personal reactions to the race problem.

MISS AMERICAN VETERAN... Merrill Towne, chosen Miss American Veteran in a nationwide contest conducted by American Veterans committee, is flanked by runners-up, Gloria Sharpe (left) and Isabella Pierce. Miss Towne was a former marine corporal; Miss Sharpe and Miss Pierce served in the Waves.

Mizpah Guild Has Meeting Monday in Harrison Home

The Mizpah Guild met Monday of last week in the home of Ruth Harrison with Evelyn Helm as co-hostess.

The meeting opened with the invocation followed by roll call and reading of the minutes. After a short business session, the devotional was given by Frances Ray. Margaret Jones brought the lesson on India and Jessie Snell gave an article, "Privilege of Giving." The benediction was rendered by Pearl Ward.

Members attending were Virginia Dodson, Anna Finch, Laura Finch, Dorcas Ruth Foster, Margaret Jones, Mamie McNeely, Mary Noel, Frances Ray, Frances Peacock, Jessie Snell, Pearl Ward, Grace Wilson, Pauline Wilson, and the hostesses.

Barbara Jo Wilson Pledged by Sorority At Southwestern

According to information received by Mr. and Mrs. Tom Wilson of Quail from officials of Southwestern University at Georgetown their daughter, Barbara Jo, has been nominated as a pledge to the Delta Zeta sorority of that school.

Miss Wilson is a graduate of Quail High School and entered Southwestern University as a freshman in September.

Mr. and Mrs. Otto Fitzjarrald were visitors in Amarillo Tuesday.

NOTICE!

NO CHANGE IN THE PRICE OF

Since 7-Up came to Memphis the wholesale price has remained the same, spite of war, sugar rationing, and increased costs of labor and materials.

We are glad to announce that, although price ceilings have been removed, we have not increased the price of 7-Up to our dealers.

Increasing the wholesale price would not help us make more 7-Up available for you. Only more sugar can make that possible.

YOU can make more sugar available to the consuming public and to sugar-using industries. Oppose all moves to deprive the United States public of sugar. Such moves are designed to increase the sugar supply of foreign nations so that they will have more than they used before the war!

In the meantime, "fresh up" with

Specialists Predict Demand for Farm Products to Drop

Forecast for farm products is a drop in 1947 and received by farmers during the year are likely to be the 1946 average. The situation reported by specialists of the Texas A. and M. College extension service who attended the annual Agricultural Conference in Washington, D. C., recently to get the picture of what to expect in agriculture for 1947. As summed up by the specialists, the following

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide disease. It may suffer sagging backache, headache, attacks of dizziness, swelling, puffiness, tired, nervous, all burning passages, evidence of kidney disease. Proper treatment to help the kidneys remove body waste. They have had more public approval. Are healthy over. Insist on drug stores.

SPILLS

For 1946 the realized net income of farm operators is estimated at about 14.7 billion dollars, or more than 10 per cent above 1945. Net income for 1947 may be from 10 to 15 per cent below 1946. In the marketing and transportation picture, some shortages in means of processing and distributing farm products are expected to continue. Rail transportation shortages are likely to remain critical throughout the year. Food processing equipment should be improved to some extent next year, but limited plant capacity and equipment is likely to hold down normal progress in some lines of food marketing. Over the long run, important developments are anticipated, such as pre-packaging of fresh fruits and vegetables and the growing use of quick-freezing methods of food preservation. Shortage of motortruck transportation in 1947 will probably be much less critical than the rail shipping situation. It is very unlikely that water transportation tonnage will return to pre-war levels. Most types of transportation, especially by rail, probably will cost the user considerably more in 1947 than during the current year. The Interstate Commerce Commission has already permitted a temporary increase of about three and a half per cent in rail rates on agricultural products, and hearings are now being held by ICC on the carriers' request for still further rail rate increases.

is a general outlook for farmers next year: Although cash receipts from farm marketings and government payments may be five per cent less than 1946, farmers are still likely to receive more money for their products than they did in 1945, a near-record year. With increased production costs and reduced sales, it is possible that the net income of farm operators will be reduced as much as 10 to 15 per cent from 1946. Even with such reduction, the net farm income will still be near the high wartime levels of 1943-45, and about two and a half times the 1935-39 average. The increased consumer income due for next year is likely to go more for satisfying cumulated demand for many manufactured goods, as these become available, and not for the purchasing of more farm products. Also, foreign demand for farm products is likely to be somewhat smaller in 1947. Index of prices received by farmers during 1946 is estimated to be about 225, and that figure is slated to drop the early part of 1947. Prices in the latter half of the year may average considerably lower if crops continue large and exports are greatly reduced. Production expenses are likely to continue the upward trend which has prevailed during the

war period. Total farm production costs in 1946 will be about 10 per cent higher than in 1945, and a further increase of as much as five per cent may occur next year. The indicated total for 1947 will be nearly 50 per cent greater than in 1920. Increasing prices for nearly all commodities used in production are mainly the reason for the production costs due. One exception is the lower prices in sight for feed bought for livestock. In the years immediately ahead, a higher average interest rate for the farm mortgage debt is seen, judging from the mortgage debt trends of the past few years. A more significant rise in interest costs during the coming year may occur in connection with non-real estate credit. The various creditors will make loans at about the same rates, out to finance larger purchases farmers will increase their debts with dealers and finance companies whose rates are considerably higher than those of the more usual lenders—banks and production credit associations. Property tax payments made by farmers in 1947 will be up somewhat from those of 1946. The 1945 levies on farm real estate, payable largely late in 1945 and early 1946, were more than 10 per cent higher than those of 1944. A further rise is expected in 1946.

For 1946 the realized net income of farm operators is estimated at about 14.7 billion dollars, or more than 10 per cent above 1945. Net income for 1947 may be from 10 to 15 per cent below 1946. In the marketing and transportation picture, some shortages in means of processing and distributing farm products are expected to continue. Rail transportation shortages are likely to remain critical throughout the year. Food processing equipment should be improved to some extent next year, but limited plant capacity and equipment is likely to hold down normal progress in some lines of food marketing. Over the long run, important developments are anticipated, such as pre-packaging of fresh fruits and vegetables and the growing use of quick-freezing methods of food preservation. Shortage of motortruck transportation in 1947 will probably be much less critical than the rail shipping situation. It is very unlikely that water transportation tonnage will return to pre-war levels. Most types of transportation, especially by rail, probably will cost the user considerably more in 1947 than during the current year. The Interstate Commerce Commission has already permitted a temporary increase of about three and a half per cent in rail rates on agricultural products, and hearings are now being held by ICC on the carriers' request for still further rail rate increases.

STAMPS TO RE-EDUCATE GERMANY... A new series of German stamps, approved by the coordinating committee of the Allies is designed as a factor in re-education of Germany. The stamps will be used throughout the Soviet, British and American zones of Germany and are aimed at peace and creative labor. They symbolize the dignity of sowing and gathering the harvest, planting and workman's toil.

PERSONALS

Miss Ira Hammond, Mrs. George Hammond, Miss Esta McElrath, Mrs. Sidney Mayfield, and Mrs. Forrest Hall were Amarillo visitors Saturday. Mr. and Mrs. Henry Newman spent the week-end in Amarillo with their son and daughter-in-law, Mr. and Mrs. Henry B. Newman, and new granddaughter, Cynthia Diann.

Mr. and Mrs. T. B. Rogers and daughter Louise and Mrs. Claud Johnson visited in Stephenville over the week-end. The Rogers visited in the home of Mrs. Rogers' sister, Mrs. Harry Reese, and Mrs. Johnson visited with her sister, Mrs. Sid Tidwell and family.

Mrs. Clifford Martin has returned to her home in San Francisco after a two week's visit here with her brother, C. L. Sloan.

Mrs. R. E. Clark visited with her father, Judge Freeman, in McGregor from Friday until Tuesday. Judge Freeman celebrated his 92nd birthday anniversary Monday.

Mr. and Mrs. H. A. McCanne left today to spend most of the winter visiting with their three daughters in Trinity and Houston. Mr. McCanne stated they would visit first at Trinity with Mr. and Mrs. Hubert Dennis, and later would be in Houston with

Mrs. Bill Harbaugh and Mrs. W. D. Lemons and their families.

Miss Betty Lindsey and Mr. and Mrs. Norman Heath of Lubbock came to Memphis Saturday to spend the Armistice holidays with Mr. and Mrs. H. H. Lindsey, parents of Miss Lindsey and Mrs. Heath. On Sunday the group, with Mr. and Mrs. Robert Lindsey, visited in Hallis, Okla., with relatives.

Mrs. Allen Grundy returned home this week from Quannah where she has been for the past three weeks receiving medical treatment. Her sister, Mrs. G. E. Ricker Jr., of Kansas City came this week to be with Mrs. Grundy while she is convalescing.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

The Memphis Democrat

Miss Mamie Grace Morris Of Monty P. Williams

Miss Mamie Grace Morris, daughter of Mr. and Mrs. C. E. Morris of Memphis, became the bride of Monty Paul Williams, son of Mrs. Andy Williams of Seagraves, at the home of the bride's parents Tuesday, November 5.

White chrysanthemums and greenery formed the floral background before which Rev. Aubrey C. Haynes, pastor of the First Methodist Church, read the single ring ceremony.

The bride chose for her marriage a pearl grey suit with pink and black accessories. She wore a corsage of pink rosebuds.

Road Back

This Week in WASHINGTON

WASHINGTON, D. C.—The speech of ex-senator Warren Austin before the United Nations general assembly is viewed here as a strong wording of the United States position before the world on many controversial matters before UNO. It is also viewed as a dignified, but firm answer to the suspicious tirade uttered by Russian delegate Molotov a few days earlier. As a result they profess to see firmer grounds for agreement as between this nation and Russia. And also, as a result, even friends of former Secretary of Commerce Wallace, view as unfortunate his most recent pronouncement in Minneapolis to the effect that Senator Vandenberg and the war and navy departments had "needed Secretary Byrnes into risking war with Russia."

The Roosevelt National Historic Shrine at Hyde Park was thrown open to delegates of the United Nations assembly, Sunday, November 3. Ordinarily some 9,000 visitors pay homage to the late president when the old home is open from noon to 5 p. m. on Sundays, says the national park service which administers it.

The park service also announces that the past travel year which ended Sept. 30, made a new record for visitors in the 169 national park areas with a total of 21,692,782 visitors for the period. The greatest single attendance was registered at the Great Smokey mountain national park in North Carolina and Tennessee with 1,147,377 visitors. Ranking second was Yellowstone park.

The department of agriculture announces that Dr. Walter C. Coffey, president emeritus of the University of Minnesota, has been asked to head a joint committee representing the department and the land-grant colleges to study cooperative extension policies and programs in view of needs for additional education services in agriculture and home economics. The joint committee was established by Secretary Anderson on suggestion of the special committee headed by Milton Eisenhower, president of Kansas State college. Cooperative extension programs have been carried on by the department.

ment and the land-grant colleges for 32 years.

Recent authority granted by President Truman for a temporary waiver of import duties on imported timber, lumber and lumber products has thrown a scare into the lumber dealers and caused an increase in the outcry by the various real estate and builders organizations to lift OPA controls on all building supplies. In the meantime, the National Housing agency continues to report progress in the Veterans Emergency Housing program, despite denials of the National Real Estate Boards association, and the latest announcement says completions of emergency temporary dwellings for veterans approach the 80,000 mark. These temporary dwellings consist largely of remodeled surplus war housing and military structures.

Approximately 260,000 persons, mostly housewives have joined a consumers strike league formulated in Washington and signed a pledge not to buy any meat which costs more than 60 cents per pound. The pledges may include other commodities later. Participating organizations in the drive against high prices include the League of Women Voters, League of Women Shoppers, Union for Democratic Action, American Veterans Committee, CIO Industrial Council, AFL Central Labor Union, National Association for the Advancement of Colored People, CIO Auxiliary, Council of Jewish Women and others.

For the first time in its history, November 5 will also be an election day in Washington. On that day a plebiscite will be held in which Washington residents will go to the polls to vote whether or not they want home rule and the right to vote for president and representatives in the congress. Washington is now governed by a committee of commissioners named by the president and its laws and appropriations are made by congress under a special committee in house and senate. The senate committee is headed by none other than "that-man Bilbo," of Mississippi, often facetiously called the "Mayor of Washington."

um" the facts were told to about a million readers of 200 weeklies. The article was quoted in debate in the legislature and the bill was modified to safeguard the rights of the school children of this state. Any time we learn of a good cause, such as that, to whom we can lend a little assistance, it will

NEED FOR MORE AND BETTER-PAID TEACHERS

A STATE-WIDE survey completed recently by the Texas State Teachers Association indicates again the need for more highly trained and better paid instructors who are shaping the minds of the youth of this state.

It is a well-known fact that we have the greatest turnover in teacher personnel in our history. Low salaries are blamed by many for this. Hundreds who have studied in our universities in order to prepare themselves as teachers are taking higher paying positions in industry, and when schools opened this fall there were 1,230 vacancies which could not be filled.

Memphis and Hall County schools are probably better off than other systems over the state, but the condition can become worse instead of better. It is time for every thinking person to recognize this, and devote time and thought to means of alleviating something which will affect our young people and ourselves in years to come.

We agree with one educator who says, "We must raise salaries in Texas high enough to encourage those students now in college to enter teaching as their chosen profession, thereby adding to the curriculum many subjects which have been eliminated during the last few years."

FIRE AND THE MEN WHO FIGHT IT

WE'VE JUST READ about another instance which brings to mind again the slogan, "Make Every Week Fire Prevention Week." A small New Jersey city wound up the recent Fire Prevention Week observance by holding a mass meeting in front of the city hall, where the need for fire prevention was discussed. The following Monday the city hall was a heap of ashes. Fire destroyed the fire alarm system, thus delaying the sounding of the alarm. The report said the fire started from burning trash and rubbish near the building.

What happened in New Jersey can happen anywhere. It points straight to one fact—fire prevention must be a continuous, never-faltering work.

Think of this every week. Think also of the members of the Memphis Volunteer Fire Department, who answer every call—day or night, summer and winter. They are the men who draw no salary, who risk their lives when the fire sirens scream. They are an important organization in our community, and deserve a word of praise and a pat on the back.

After all, we are prone to forget the meaning of Fire Prevention, and take our "fire boys" too casually.

Press Paragraphs— QUOTING OUR NEIGHBORS

Poor Record
The Allied High Commission set a poor record for the rest of the world to shoot at, in the matter of news suppression regarding Goering's suicide.

They virtually kept news reporters in prison until they were ready to tell some sort of a story and allowed their dispatches to go out saying that Goering was hanged with the rest. They even debated hanging Goering's dead body as a fake.

If our representatives can become so grim over a little matter of the death of a rotten Kraut, because the story might reflect a bit on themselves, they are a fine bunch to be blaming Russia and other countries for control and suppression of news.—Moore County News.

Juvenile Delinquency
An interesting survey in regard to the matter of juvenile delinquency was conducted recently by a Chicago church. The church sent out questionnaires to 150 boys and girls from 15 to 21 to get their opinions on the subject. The representative thinking was expressed by the girl who wrote, "There is an adult behind every youthful delinquency." Most of those who replied to the questionnaires felt that most young people wouldn't get into serious trouble if their mothers and fathers

ers paid more attention to what they were doing, where they were going, what books and movies absorbed them. Also those who replied to the questionnaires believed that more discipline at home and more provision for wholesome recreation are good insurance against delinquency.—Foard County News.

"Agin" It
The News is not seeking to crown itself with righteousness, but we wish to report that we have just turned down a luscious advertising contract. It came from the liquor interests, and an advertising rate far above that which is charged to local advertisers. It would seem that the liquor interests are becoming a little uneasy. Liquor is being voted out of more and more communities. If there is anything good in booze, we have not yet discovered it. At any rate, The News does not feel justified in carrying advertising which runs contrary to our ideas of good morals and common decency.—The Canyon News.

the name, not necessarily the punches—Erg-head Ratty.

Of a public official who fancied himself as a speaker, a rival said, "He never opens his mouth but what he subtracts from the sum total of human knowledge." Then there was the statesman who answered the speech of an opponent with, "The gentleman is indebted to his memory for his humor and to his imagination for his statistics."

Even a little "column" like this gives one an opportunity to strike a blow for the people of Texas. A few years ago, a bill was introduced in the legislature, which would have had the effect of confiscating 3,000,000 acres of land rightfully belonging to the public schools and placing that land in the hands of oil companies. These tracts were known as vacancies and their potential mineral wealth gave them a value which might reach \$100,000,000. School leaders were fighting to protect the birthright of the boys and girls. Through this "col-

Health Committee Issues Warnings Against Influenza

Memphis chamber of health committee today is warning that all persons are alert to the dangers of influenza during the winter and take reasonable precautions against acquiring and spreading the disease.

First important step in influenza is recognizing possibility that you may acquire its symptoms such as marked prostration, aches in the back and limbs, the head, sore throat, and so on. The next important step is to get to bed immediately, on advice of your doctor, and stay away from work until you feel better.

Acute stages of the influenza patient should be isolated as much as possible. Paper hands should be used and promptly discarded. Visiting the patient should be discouraged. Epidemics, you can reduce your own danger of catching influenza by avoiding crowded places, and street cars, commodes, glasses, and eating as well as kissing.

Bales Cotton Ginned in County to Nov. 1

November 1, the number of cotton ginned in county from the 1946 crop was 10,747 as compared with 10,475 for the crop of 1945, according to A. L. Gailey, special agent in charge of the U. S. Census Bureau.

Club Now Organized With Local Group

Memphis Rifle and Pistol Club has been approved for affiliation with the National Rifle Association.

The past two weeks have been done by members of the club, located one mile from Memphis. The small club will be completed by the end of the year.

Services for A. Hudgins Fort Worth

A. Hudgins, sister-in-law of Mrs. Anna Dickson of Memphis, died Friday of last week in Fort Worth and funeral services were conducted in that city.

should be avoided as much as possible. "Plenty of rest and sleep, fresh air, a good diet, and other good health habits play a part in protecting you from influenza."

Fruit Tree Planting Should Be Made During December

Fruit tree planting time is almost here, and nursery stock for new orchards or tree replacements should be ordered now.

Good nursery stock is scarce, say horticulturists of the Texas A. and M. College extension service, and if fruit growers want to get their December delivery on the varieties of stock they want, they should place their orders this month.

In replacing old orchard trees with new ones, not only the old tree but the old soil that supported it should be removed and replaced with new, rich, sandy leaf mold, say the horticulturists. New trees planted in old soil can result in disease attacks that may have caused the old tree to "pass out."

Nursery stock should be examined closely on arrival. If there are knots or "bead-like" growths on the roots, the order should be rejected. If it is necessary to hold the young trees a few days before planting, they should be "heeled in" and watered.

A well-drained sandy loam site is desirable for the new orchard plot, the horticulturists say. The soil should be prepared well by breaking, disking, and rowing before setting the trees. For instructions in laying out and handling the young orchard, a copy of extension publication B-73, "Orchard Management," can be obtained by writing to the Texas A. and M. College Extension Service, College Station.

T. E. Noel Heads House and Yard Contest Committee

The committee to work on the "House and Yard Lighting Contest" to be sponsored by the Memphis chamber of commerce for Christmas has been announced by Manager J. B. Crockett.

The committee will make definite plans for the contest, choose the judges, assist in the registration of contestants, and arrange all details for the successful operation of the contest as well as assist in awarding the prizes to winners.

Chairman Noel said: "We hope this contest will appeal to the people of Memphis and that a large number of homes and yards will be decorated. We would like to see no less than 100 homes entered for the prizes. Memphis has all the requirements for a beautifully decorated town during the Christmas season and it can be made a delight to the local people as well as a pleasure to visitors and to those who may be driving through our city."

MEMPHIS ALL-STARS WILL PLAY CLARENDON JUNIOR COLLEGE NOV. 22

The Memphis All Stars football team will start their grid season Friday at 8 p. m. when they meet the Clarendon Junior College eleven at Broncho Stadium in Clarendon.

Coaches Wendell Harrison and Euster Helm stated after Sunday's workout that they have plenty of material to pick from and that they expect to have a strong team as all the boys turning out for practice are working hard for a place on the starting team.

Probable starting line-up for the local All Stars will be: W. H. Butler, B. Frank Smith (all district back), B. Clifford (Swoon) Vandevert, B. Coach Curtis Kelly, B. Alonzo Robertson (all district), L. E. G. Carman, L. T.

Commissions Will Be Given by Navy In Four Branches

The Navy has asked for applications for commissions in four specialist branches in order to "bring into balance personnel types which were disrupted by the war."

Offering "an honorable profession, good pay and the distinction of being a part of the world's finest Navy," the Office of Naval Officer Procurement at New Orleans is seeking applicants for commissions in the Navy's chaplains corps, civil engineering corps, supply corps, and nurse corps, Cdr. F. M. Sloss, USNR, director, announced.

Qualifications include citizenship (natives born or naturalized for more than 10 years), physical fitness and moral, mental, and professional fitness.

Kenny Infantile Campaign Starts In Texas Nov. 18

The 1946 campaign for the Sister Elizabeth Kenny Infantile Paralysis Foundation Campaign will get underway in Texas on Monday, November 18. This will follow a formal launching of the campaign by Kate Smith, the national chairman, Saturday, November 16, over a nationwide radio broadcast, from 9 to 9:30 p. m.

Chairmen for more than 150 counties have been named through the state and solicitation will get underway on the opening day of the campaign.

"Now we're going to keep our streets clean," R. C. Cummings, street commissioner stated. "We have two men regularly employed on street work, and have hired another. And the new sweeper will run night and day until the job is finished."

The square will be cleaned three times each week, or more often if necessary, Cummings said. Every paved street in the residential district will be gone over once each week, but if conditions warrant, the paved streets will receive the attention of the street cleaning crew more often.

During the past few days, a crew of workmen have been busy hauling off dirt which has been collecting on the paved streets. Shovels were used and the dirt was loaded into city trucks.

The new machine is known as an Austin-Western patrol sweeper, and is equipped with a 150-gallon water tank. Streets are sprinkled as the sweeper moves along in order to settle the dust. Its speed is 8 miles per hour. A representative from the factory is in Memphis this week instructing city employees in the use of the sweeper.

The new sweeper cost the city \$4,731.65, and was paid for upon its arrival, city officials said.

Herrington Trio To Give Program

Be sure to leave Friday night open, for the Herrington Trio, noted for their gags and music, will be at the Memphis High School auditorium on that night.

Their show consists of the trio, the country boy, and Sid Grayson, master of ceremonies. It will be a full 1-2 hour of music and fun with co-actors and free prizes.

The senior class will get a percentage of the proceeds.

volunteer their services. The state quota is \$150,000.

Every county in Texas has been assigned a quota and all donations sent direct to state headquarters will be credited to the county from which they are received.

Sudan Seed Crop Shortest Since 1929, Says USDA

Texas farmers who wait until spring to start hunting seed for a sudan crop are likely to find themselves out of luck.

According to a report received by the Texas A. and M. College extension service from the USDA Bureau of Agricultural Economics, production of sudan grass seed in Texas this year is estimated to be only 5,200,000 pounds—the smallest since 1929. Indicating just how low that figure is, the report showed the average seed production of this state over the past 10 years to be 27,490,000 pounds. Last year's crop was only 9,000,000 pounds, which was still nearly twice as large as the current crop.

Although Texas farmers aren't ordinarily on the lookout for sudan seed this far ahead of the spring planting season, the short crop, as indicated by the BAE report should move them to buy sudan seed now instead of waiting until spring when a mad rush to find seed usually occurs.

Present supplies of the sudan seed for the entire nation, including production this year plus the carryover, stand at 45,859,000 pounds. This is 34 per cent smaller than the 1945 supplies.

Mr. and Mrs. Harold Hightower are visiting in the home of his parents, Mr. and Mrs. N. A. Hightower.

Mr. and Mrs. J. W. Burk and daughter Mary Frances, and Mrs. T. M. Pyle of Lubbock, visited Mr. and Mrs. Guy Kercheville here Tuesday.

Later Next Week To Make it possible for members of the staff to observe Thanksgiving, The Democrat will be published one day early—Wednesday instead of Thursday—next week.

Club reporters are urged to turn in their reports in advance of the usual time so that the reports can be published. Correspondents are likewise requested to send in their columns early.

Memphians Urged To Attend Union Service Nov. 28

A union Thanksgiving service will be held at the First Methodist Church in Memphis Thursday morning of next week at 8 o'clock.

"This is an early hour but the service has been placed at this time so that those who desire to go out of town or have other engagements planned may be able to attend the service first," Rev. Haynes added.

Rev. B. L. Peacock, pastor of the First Presbyterian Church, will bring the message.

Thomas P. Fancher Dies at Lakeview Monday, Nov. 18

Funeral services for Thomas Pinckney Fancher were held at the First Baptist Church at Lakeview at 2:30 o'clock Wednesday afternoon, conducted by Rev. L. M. Clements. Burial was made in the Lakeview cemetery with Womack Funeral Home in charge of arrangements.

Fancher was born in Louisiana June 15, 1881, and died at his home at Lakeview November 18, at the age of 65 years, 5 months, and 3 days. He was married to Miss Frances L. Amason at Altus, Okla., November 4, 1907. He moved with his family to Hall County in 1926, and had been engaged in farming.

Survivors are the wife; two daughters, Mrs. Ruby Perkins of Silverton, and Mrs. Jewel Orand of Amarillo; five sons, Lawrence Fancher of Vallejo, Calif., Andrew, William, Walter, and Henry Fancher of Amarillo; a sister, Mrs. Burt Strothers of Martha, Okla.; and 18 grandchildren. Pallbearers were Roy Gilbreath, Del Wells, Charlie Crozier, Fred Brown, George Blower, and Walter Rownds.

GOOD YEAR
DeLuxe TIRES

**STAND OUT IN PREFERENCE
STAND UP IN PERFORMANCE**

\$16.10
6.00x16 plus tax

First in preference because it's best in performance—that's why Goodyear is the world's first choice tire. And that's why Goodyear Tires are hard to get. We may have your size, now or soon. Let's get together.

GOODYEAR AIRWHEELS FOR LIGHT TRUCKS
A stronger, longer lasting tire for more miles and lower truck tire costs. Made with heavier tread, heavier bead, rayon cord body, and more plies than most passenger car tires.
\$22.00
6.00x16 plus tax

GOODYEAR TUBES
Tougher than ordinary rubber... hold air longer—last longer too.
\$3.65
6.00x16 plus tax

Westinghouse Mazda SEALED BEAM UNIT
\$1.10
A spare light is as essential as a spare tire. Carry a Westinghouse Mazda sealed beam unit in your car. Genuine Mazda guaranteed by the maker for 200 hours lighting.

AMPCO IGNITION CONDENSER
19c up
Adds surging power to aging cars... means extra pick-up, faster starts, less gasoline.

5% DDT INSECT SPRAY
75c qt.
A "Double action" spray containing 5% DDT for residual kill and a knock-out insecticide for IMMEDIATE kill. Kills flies, ants, mosquitoes, carpet beetles, moths, bedbugs, etc.

Sheeps Wool CAR WASH MITT
98c
Soft, fluffy. Protects your hands... makes the job easier. Elastic wristlet.

Sealed Beam Conversion Light Kit
\$4.95
Takes but a jiffy to make your car safer with stronger, brighter sealed beam light.

More Go On Less Gas! Ampco Ignition Points
19c up
For fast starts, smoother year around motor performance, replace worn, dirty points with a set of sure-fire Ampcos. It's easy-to-install, costs very little, saves a lot of precious gasoline.

PURULATOR FILTER ELEMENT
\$1.00
Fits most late model cars. Takes but a jiffy to replace worn, dirty elements.

Navy Will Train Volunteer Naval Radio Specialists

A communication network of 440 shortwave radio stations for training of communications and electronic volunteer naval reserve specialists is to be established in the eighth naval district, Capt. A. A. Ageton, USN, district reserve director at New Orleans, announced recently.

Outfitted by the navy with latest radio gear, the network will take in even the smallest towns if volunteer platoons of World War II veterans can be formed in the electronic warfare component. Plans call for organization of 90 companies of 8 officers and 40 men in larger cities and 350 platoons of one officer and nine men in small towns.

Platoons will be commanded by a naval reserve senior or junior grade lieutenant and companies by lieutenant commanders or senior lieutenants, Cdr. K. H. Binford (USNR, assistant district reserve director in charge of electronic warfare, said.

District headquarters at New Orleans will aid in licensing the stations, Cdr. Binford said, and stations will be allowed to operate on amateur frequencies in addition to regular navy frequencies.

Naval reserve officers with classifications of C, CD, GL, SCOM, ELT, SE, ET, and SET are eligible for appointment as commanding officers. They will be allowed to recruit their own organizations. Applicants should address the Commandant, Eighth Naval District (Attn: Director of Naval Reserve), Federal Building, New Orleans.

Cdr. Binford pointed out that the Navy network would not only provide reserve training, but would be a valuable adjunct to ordinary communications systems in times of disaster such as hurricanes and floods.

If space is available, he said, equipment will be installed in public buildings. If such space is lacking, authorized radio and electronics equipment may be installed in the residence of a naval reserve member, he disclosed.

"We have the equipment ready to go—radio, radar, sonar, and electronic laboratory equipment, visual signal gear, and necessary office supplies including desks, chairs, and typewriters," he said.

Distinguished Legionnaires to Be Present at 18th District Convention in Amarillo Saturday and Sunday, Nov. 16-17

ED RIEDEL

JAMES R. MOORE

SID LOWERY

Ed Riedel, Austin, Chef de Gare of the 40 and 8, Grand Voiture of Texas, and past department commander of the Texas Department of the American Legion, will be one of the chief speakers at the combined 18th district convention and grand promenade Saturday and Sunday.

James R. Moore, Amarillo, 18th district commander, will preside with Hanson Post No. 54 of Amarillo as host.

Registration of delegates will begin at 9 a. m. Saturday at the Herring and Amarillo hotels. Convention headquarters will be at the Herring. At 1 p. m. the 40 and 8, Legion fun and honor organization, will convene for the district promenade. Otto Landis, Amarillo, 18th district Chef de Gare, will preside. Chief business on the agenda is the election of a new Chef de Gare and other district officers. At 2 p. m. an initiation "wreck" will be held with Voiture 689, Amarillo, in charge of ceremonies.

The child welfare banquet at all registered delegates will be at 7 p. m. at the Crystal ball room of the Herring Hotel with a dinner scheduled for 9:30 p. m.

Sunday morning all commanders, adjutants, and rehabilitation officers will breakfast at the Herring as guests of Commander Moore. A hand concert at the city auditorium by the Sam Houston Junior High School band will follow the breakfast at 8 a. m.

A joint session of the Legion Ladies Auxiliary, and 40 and 8, will convene at 9:30 a. m. at the Herring. A hand concert at the city auditorium with the Hon. Eugene Worley, United States congressman, will follow.

The main business session of the convention will get under way at 1:30 p. m. at the city auditorium with the Hon. Eugene Worley, United States congressman, in charge.

George S. Berry, Lubbock, 5th division commander; Bob Mair, national field representative; and Sid Lowery, Lubbock, regional service officer.

Hotel reservations are in charge of Bill Sansing, chairman, American Legion housing committee, chamber of commerce, Amarillo.

Other distinguished Legionnaires besides Chef de Gare Riedel who have indicated their intentions of being present are: James R. Moore, Amarillo, 18th district commander, will preside with Hanson Post No. 54 of Amarillo as host.

Registration of delegates will begin at 9 a. m. Saturday at the Herring and Amarillo hotels. Convention headquarters will be at the Herring. George S. Berry, Lubbock, 5th division commander; Bob Mair, national field representative; and Sid Lowery, Lubbock, regional service officer.

Hotel reservations are in charge of Bill Sansing, chairman, American Legion housing committee, chamber of commerce, Amarillo.

Other distinguished Legionnaires besides Chef de Gare Riedel who have indicated their intentions of being present are: James R. Moore, Amarillo, 18th district commander, will preside with Hanson Post No. 54 of Amarillo as host.

Registration of delegates will begin at 9 a. m. Saturday at the Herring and Amarillo hotels. Convention headquarters will be at the Herring. At 1 p. m. the 40 and 8, Legion fun and honor organization, will convene for the district promenade. Otto Landis, Amarillo, 18th district Chef de Gare, will preside. Chief business on the agenda is the election of a new Chef de Gare and other district officers. At 2 p. m. an initiation "wreck" will be held with Voiture 689, Amarillo, in charge of ceremonies.

The child welfare banquet at all registered delegates will be at 7 p. m. at the Crystal ball room of the Herring Hotel with a dinner scheduled for 9:30 p. m.

Sunday morning all commanders, adjutants, and rehabilitation officers will breakfast at the Herring as guests of Commander Moore. A hand concert at the city auditorium by the Sam Houston Junior High School band will follow the breakfast at 8 a. m.

A joint session of the Legion Ladies Auxiliary, and 40 and 8, will convene at 9:30 a. m. at the Herring. A hand concert at the city auditorium with the Hon. Eugene Worley, United States congressman, will follow.

Warm Water Aids Milk Production Says Tech Prof.

Farmers may help prevent the customary winter drop in milk production by providing sheds for dairy cattle and by keeping the herd's drinking water well above freezing, according to N. C. Fine, associate professor of animal husbandry at Texas Technological College.

The best temperature for water in cold weather is about 40 degrees fahrenheit. If cows are unprotected from the weather and if they must waste body heat warming the water they drink, they burn up nutrients that should be available for milk production.

Because milk is 87 per cent water and cows' bodies are from 70 to 80 per cent water, dairy

cows require more water than other farm animal. Commercial built stock tank heaters, which run on electricity, are purchased when available about \$25.

The new Chevrolet lists for \$100 to \$140 less than any other car in its field—enough to pay for many a service check-up on your present car! Potts Chevrolet Co. Memphis, Texas Tomie M. Potts Telephone 412

If Isabella had ice cubes... Christopher Columbus would never have discovered America! Isabella, Queen of Spain, had caskets full of jewels. She had velvet robes and silken gowns and handsome hand-made shoes. But she had no electric refrigerator! So the jewels were pawned. Three little ships set out against the sea. And Columbus happened on America back in 1492. Fantastic? Not really. In Isabella's day, they tried to keep food from spoiling by spices brought overland at great expense from India. Columbus believed he could reach the Indies by sailing westward on the unknown Atlantic. The rest is in history books. Poor Isabella, with all her clumsy luxuries, never dreamed of ice cubes—nor any of the miracles of modern electric living! Though electricity plays such a great part in today's comforts and conveniences—you're scarcely conscious of electric service. That's because it's always on hand—all you want—at little cost. West Texas Utilities Company
