West Texas Backs Cotton Carnival

More Cash Awards Offered in 4-H Carnival Exhibits

Following announcement in last week's issue that The Democrat was to offer a cash award for best agricultural displays by the 16 4-H Clubs of Hall County at the Cotton Carnival here October 3-4, an invitation was issued for others to join in making the awards cover more than one exhibit.

The First National Bank, Memphis Compress, and the First State Bank have joined The Democrat in offering awards.

The cash awards will cover four winners: \$100 for first prize, \$75 for second, \$50 for third, and \$25 for fourth place. Should others desire to come in on the awards, the amounts will be increased, it was announced.

Farmers Urged To Report Contour Data To AAA

Payments to Hall County farmers for contour farming practices on 66,000 acres will reach \$33,084.77 this year, according to Lynn McKown, ACA secretary.

McKown urged farmers to turn in the information to the AAA office as soon as the practices are completed.

The sooner the data is in, the sooner approvals may be processed and made ready for payments when funds are made available, McKown said.

Wheat Loan Set At \$1.80 Bushel

The Hall County AAA office received notice this morning the official wheat loan figure for 1947 had been set at \$1.80, or three cents higher than the interim loan figure.

The loan, based on July 1 parity, will be administered as announced last week in the interim loan provisions, according to Lynn McKown, ACA secretary.

RODEO BOOSTERS MAP ITINERARY FOR AREA TOURS JULY 15, 18, 22

A complete itinerary for three booster tours, to publicize the rodeo being held here July 24-26, was mapped this week, Bob Queener, chairman for the good-will trips, said yesterday.

The booster delegation will form at 7:30 the morning of July 15 for the first tour, Queener said. This will also be the formation time for other booster trips. An approximate 30-minute stop will be made in each town. A loudspeaker system, the

HORACE TARVER

Horace Tarver Takes Office as Rotary President

Horace E. Tarver was installed as president of the Memphis Rotary Club at the regular meeting at noon Tuesday.

Other new officers taking office July 1 are Allen C. Dunbar, vice president; W. V. Coursey, re-elected secretary-treasurer; and directors C. C. Hodges, Gayle Greene, R. C. Lemons, and Dr. Jack T. Baldwin.

Outgoing officers are C. C. Hodges, president; Horace Tarver, vice president; W. V. Coursey being re-named to the same post.

Cal Farley Will Visit Tuesday At Salisbury

Delegations from Memphis and other communities have indicated they would attend a meeting of the Salisbury Sewing Club Tuesday afternoon at 3 o'clock when the club will have as guests Cal Farley and a group from Boy's Ranch.

The club will meet in the home of Mrs. Ernest Lee. This date has been set to invite every person in Hall County who is interested in helping with the Boy's Ranch project to meet with Mr. Farley in the Lee home to discuss a county-wide organization, a spokesman for the club said.

Mrs. Lee, president of the club, stressed the point that a personal invitation is not to be expected, but all are invited.

Memphis Golfers Go To Tourney At Vernon

More than 100 golfers of the Greenbelt area, including several Memphians, are expected to tee off in the annual Hill Crest Invitation Golf tournament which will get underway today at Vernon for a 4-day run. Qualifying rounds will be played today and match play will start tomorrow.

Among those from Memphis who had made plans to attend are R. S. Greene, O. B. Smith, James F. Smith, Al Costanzo, Bob Lindsey, Louis Saied, Jack Boone, and H. H. Montgomery.

A trophy to be known as the Hill Crest Invitation Tournament cup will be presented for the first time this year. In addition to the cup which will be awarded the winner of the match, prizes will be awarded second and third place winners.

Golfers from Wichita Falls, Electra, Crowell, Paducah, Seymour, Childress, Memphis, Quannah, Chillicothe, and Vernon are expected to compete and talent from Frederick and Altus in Oklahoma will also be on hand for the fun, according to the report.

Sunday Services To Be Resumed At Presbyterian Church

Sunday services at the First Presbyterian Church will be resumed Sunday, according to a church announcement this week.

The services had been discontinued during the past few weeks because of the illness of the pastor, Rev. B. L. Peacock. Rev. Peacock has recovered and will conduct the Sunday services, according to the report.

"Miss Memphis" To Be Selected

Miss Memphis of 1947 is being sought by the citizenship of Hall County. She will rule supreme here October 3-4 at the first annual West Texas Cotton, Chemurgic, and Ceramics Carnival and she will be elected by popular acclaim through the simple but democratic form of voting, the chamber of commerce has announced.

She will be host to a score of queen candidates at the Mardi Gras of West Texas where each candidate will be seeking the title Miss Cotton of West Texas and the award to be presented the winner. Miss Memphis will have many royal attendants, maids of honor, and princely escorts in her court. She will be feted and nationally publicized, according to the announcement.

But it is up to the people of Hall County to select her.

Below is printed a nomination blank. Everyone is invited to nominate a candidate. Nominations close July 31. The candidates will be listed alphabetically through August for everyone to vote on the queen of their choice. To be eligible for this honor she must be at least 16 years of age. (Continued on Page 12)

Train Derails Near Turkey, Dumps 2,000 Bushels Wheat

The engine and 21 of 48 cars of a wheat-laden Fort Worth and Denver freight train were derailed near Turkey about 8:30 Monday morning. About 2,000 bushels of wheat were dumped along the right-of-way when the train left the track in a cut five miles east of Turkey. According to observers, three cars were splintered and crushed almost completely.

A wrecker was dispatched to the scene, and the track was cleared late Tuesday. Railroad officials estimated 95 per cent of the wheat was being salvaged.

Exact cause of the wreck has not been determined, although it is believed to have been caused by a broken rail.

No casualties resulted from the wreck, although two trainmen were injured slightly, according to reports.

F. H. Patton of Amarillo was conductor, and H. E. Mitchell of Childress was engineer.

To Set Deadline On Concessions For Carnival

H. J. Howell, Cotton Carnival concessions chairman, this week urged all individuals, clubs, and organizations of Memphis and the surrounding area to report to him immediately if they wish to have concessions of any type at the carnival here October 3-4.

Howell said the concessions committee was receiving a heavy flow of requests for concession rights at the carnival from state and national concession groups. He said the committee wanted to give local groups first choice at the concessions, but that a deadline must be set soon, and after that the concession rights would be offered on a "first come first served" basis.

Rotary Donates New Equipment For Park Playground

Wear and tear on small boys' trousers became heavier this week after the installation of a new slide at the city park, a donation of the Memphis Rotary Club.

This latest addition to the playground equipment at the park is located in the shaded area of the southwest corner of the playground. It is constructed of metal throughout and is painted green except for the galvanized chute.

The metal supports are set in concrete, and similar slides have been in use for over 20 years, it is reported. The structure is 14 feet high, with heavy metal steps and a durable safety hand rail. The galvanized chute is 28 feet long.

The city has ordered an additional slide for the park, and together with projected repairs, the playground equipment should be greatly improved this summer, the report stated.

Wheat Harvest Is Near 85 Per Cent Completed Here

Around 342 carloads of wheat have been shipped out of the county through Wednesday as the harvest nears 85 per cent completion, county agent W. B. Hooser reports.

Turkey had shipped out 109 cars through Saturday morning and around 10 more this week. Hill and White have shipped 88. Farmers Union Co-op 85, Milam around 47, Newlin and Estelline close to 13.

Tests are running 58 to 62 pounds per bushel, and the average yield is running 20 to 25 bushels per acre.

Crop Losses Light, No Loan Applicants

No applications have been received at the local AAA office for 1947 wheat loans, and no farmers have filed applications for government insurance payments on crop losses, Lynn McKown, ACA secretary, reported this week.

McKown said only a few farmers (Continued on page 7)

COTTON PICKING MACHINE AND INVENTOR SLATED FOR CARNIVAL

A. K. Hepperly, Fort Worth and Denver agricultural agent, has notified the chamber of commerce he would be in Memphis for the Cotton, Chemurgic, and Ceramics Carnival October 3-4 and would bring with him the latest cotton-picking machine as well as its inventor, for public demonstration.

"For the past 20 years I have been preaching to regions they should present exhibitions and celebrations such as Memphis is

planning for West Texas," Hepperly recently told chamber officials while meeting with him in Wichita Falls relative to the Carnival dates. "Instead of hitching a wagon to a shooting star for industrial plants the region could not support, it is far better to exploit its natural resources and seek industrialization through such products."

Hepperly was born and reared on a farm at Norfolk, Nehr. (Continued on Page 12)

Play Sayre Here Saturday, Sunday Dickens Tuesday

The Memphis league nine will play Sayre, Okla., here Saturday night and again Sunday, on an open league date. Reports received concerning the Sayre team are all on the credit side, and it is believed the Sayre team will be considerably stronger than Dickens, the team Memphis meets here next Tuesday night.

The VFW team takes a rest this week-end. They dropped a game here to Quitaque last Sunday 7-2. Manager Hickey reports that the vets, who had beaten the Quitaque team in two previous contests, were playing under strength. The team was further crippled when hurler Hancock was hit on the fingers. Morrison of Quitaque received a broken arm in the same game. In a game played at the same time at Mobeetie, first baseman Dorman of that team dislocated a vertebra.

300 Indicate Assistance At Cotton Carnival

"More than 300 people from out of town are already listed among the show casts, radio, photographer, and news groups to be in Memphis to help stage the Cotton Carnival here October 3 and 4," Herbert Estes, housing chairman, said this week.

This number includes only the number already contacted to help put on the mammoth celebration, Estes said, and does not include bands and other organizations expected for the event.

He urged all citizens of Memphis and surrounding towns to list rooms that might be available for one or both days of the carnival. Those with accommodations may call either Estes or the chamber of commerce office.

Outlook Bright For Restoration of AAA Program

"Prospects are good for a restoration of the AAA program," Lynn McKown, ACA secretary said, after returning from a meeting with state officials in Childress Wednesday afternoon.

At the called meeting the county AAA officers were told that the outlook was very bright for a resumption for soil conservation payments soon, and that in any event the AAA office would not be closed, although some fund reductions were in sight for the 1948 program.

Band Will Play Tomorrow for Clarendon Rodeo

Over fifty members of the Memphis High School A band plan to attend the rodeo at Clarendon July 4, Perry Keyser, band director, announced Wednesday.

The band is to leave here from the band house at 10:45 o'clock (Continued on page 6)

Analyzes 24-Year Fire Record of Memphis

Editor's Note: So that the people of Memphis may know just how the city stands in fire prevention, and because presentation of facts often shows more reason for fire prevention than editorial or other campaigns, The Democrat prints the following analysis, from a letter received by Thomas Clayton, fire chief, from Olin Culberson, secretary of the State Firemen's and Fire Marshals' Association of Texas, copies of which were mailed to the mayor of Memphis and to The Democrat. It should be noted that taking the period as a whole, the Memphis record is well on the credit side. The text of the letter follows: Our mutual friend, Bayne Satterfield, has requested that I

send you a list of your premiums and losses of Memphis and the good or bad fire record for each of the years that this record has been kept by the State Fire Insurance Department. I am very glad indeed to do that and I am attaching it hereto.

During the 24 years that this record has been kept you will notice that the citizens of Memphis have paid \$1,975,608.46 for fire insurance. During that same time the insurance companies have paid back to the insurance buyers \$532,632.26.

Set Own Rates

You will remember that the citizens and the fire department of a town have in their hands about 53 per cent of the insurance rates. This is done through the method for fire insurance

rating in this state. For instance, if the fire losses over a five year period are less than 24 per cent of the fire premiums over the same period then during the next year each fire insurance policy written in that town will be reduced by 25 per cent because of a good fire record credit. This is the maximum good fire record credit; however, if the fire losses over that period exceed 75 per cent of the fire premiums during the next year a 15 per cent penalty will be added to each fire insurance policy written. This is the maximum penalty that may be assessed. Naturally, if the loss ratio is between the 24 per cent and the 75 per cent then the credit or the penalty will be in proportion to the loss ratio. The credits and penalties vary in de-

grees of 5. You can see then that if a town is being assessed the 25 per cent credit and has heavy losses during the period and is assessed a 15 per cent penalty the next year costs will go up 53 per cent. Ordinarily fire conscious citizens and efficient fire departments usually provide the maximum good fire record credit, but over periods of time the law of averages eventually gets them.

Department Efficient

This seems to have happened in your city because we know that your citizens have consistently been fire conscious and your fire department efficient, but when a fire occurs and the risk is out of reach of the fire hydrant or even if the fire occurs within reach of a fire hydrant, but the build-

ing is completely involved by fire before it is discovered or say you have a very hazardous risk such as a cotton warehouse catching fire, then there is not much the fire department can do about it except protect the adjoining property.

Almost invariably in instances of this kind losses will be exceptionally high and the towns are penalized. Apparently one of these instances occurred in your town in 1943 when you had total fire losses of \$142,558. This loss has caused a 15 per cent penalty to be assessed your fire insurance buyers for the past three years and probably will be assessed this year and next year.

This is an excellent example of (Continued on Page 12)

Memphian Builds A "Dream House"

Brode Hoover is doing something all of us hope to do sometime, but few of us ever get around to doing it. Men like Hoover form the heaviest arguments against the inroads of "prefabs" and factory built housing. He is building his "dream house"—the way he wants it, to suit his needs.

He is using all his ideas gleaned through the years about what a home should be like, and he and Mrs. Hoover will have, sometime in September, a home of beauty and convenience, a home made to "live in."

Hoover and contractor Sam West got together on the house plans. To begin with, the house, being built on the corner south of the Clark hospital, is being constructed at a 45 degree angle across the corner, and there are several advantages to this, Hoover says. It fits into the plan of "Solar orienting" the house, giving maximum light and air from all directions. It gives a more interesting lawn and landscape possibility, and eliminates the feeling of being "too close to the street."

The completed house will have six rooms and a bath and a half, the "half" being a shower installed just across the hall from the den.

The low-ceilinged living room will be spacious and attractive, with a maximum of light coming in from windows with aluminum sills and frames opening on the front porch (22 by 12 feet), and from large translucent glass-brick windows opening to the back porch of the same size. The back living room wall will be finished in birch veneer, Hoover says, while the rest of the room and the other rooms will be finished in an interior stucco.

An inviting fireplace in the living room is equipped with a "heatilator," insuring adequate circulation of heat and doing away with all fancied objections to that comfortable bit of controversial architecture. The fireplace has two air intakes on each side and two outlets on the front, other than the conventional open fire.

The living room floor is lowered, and circular half-steps lead into the dining room on one side, and to a hall on the other. All hardware in the house will be of black, wrought iron.

The house, built of clay tile, will be finished in stucco. The wood-shingled roof will be stained walnut.

The house will be complete with all conveniences, including a water softener and "return" hot water system, providing instant hot water, and treated water for all uses, including lawn-sprinkling.

The back of the living room fireplace chimney extends on to the back porch, and on one side is being built a barbecue pit, and on the other an incinerator, with separate flues provided.

Hoover, who began his "dream house" a couple of months ago, says that in spite of the unexpected that always develops in these days of material shortages and high costs, with the aid of the three men who are helping him he should have the home ready to move in some time in September.

These Couples GET LICENSES

Fourteen marriage licenses were issued from the county clerk's office during the month of June, Miss Sybil Gurley, clerk, announced this week.

Licenses were issued to Bruce Dillard and Miss Rogerlee McClelland, June 12; Rudolph Butler (colored) and Olla B. Henderson (colored), June 13; Jim Knatcher and Miss Betty Jean Brisco, June 13; James Gilchrest and Miss Eleanor Glynn Ridings, June 14; Doyce E. Wynn and Miss Betty Beeson, June 14; J. W. Bryant and Miss Ida Konkler, June 16; A. C. Sams and Miss Ellen Lenoir, June 17.

Claude Currie and Miss Aurila Rice, June 20; Raymond O. Samuels and Miss Katherine Jenkins, June 21; Arthell Gibson and Miss Velvia Mae Johnson, June 28; Temple H. Deaver and Miss Cassandra S. Morris, June 28; O. D. McDonald and Miss Viola Jones, June 30; Denzil Floyd Miller and Miss Yette McDaniel, June 30; and Kenneth D. Gilchrest and Miss Elizabeth Howard, June 30.

Two Veterans List Discharges

Only two veterans listed discharges with the county clerk's office during the past four weeks, Miss Sybil Gurley, clerk, stated this week. Recording discharges were the following veterans:

Kent W. Archer, private. Enlisted October 22, 1946, at Portland, Ore. Discharged March 26, 1947, at San Antonio. Medals: Victory.

Floyd J. Richardson, staff sergeant. Enlisted December 5, 1940, at Fort Sam Houston. Discharged September 27, 1946, at Lowry Field, Colo. Ribbons: Asiatic Pacific, American defense.

Mr. and Mrs. C. R. Cross of Brice and Mr. and Mrs. C. R. Cross Jr. of Tucumcari, N. M., left Saturday for St. Petersburg, Fla., for a two-weeks visit with Mr. and Mrs. M. L. Cross.

Mr. and Mrs. Raymond Ray of Jack Monzingo was a business visitor in Clarendon over the week-end. Dan McMillan and G. M. Duren home last week. were business visitors Friday.

IN PITCHING OR GASOLINE....

IT'S Control THAT COUNTS

PHILLIPS 66 IS CONTROLLED* TO GIVE YOU SMOOTH POWER DELIVERY

You know it takes control to prevent a strike over the outside of a gasoline that will produce a uniformly powerful performance every season of the year!

You get that control in Phillips 66! Phillips high-quality gasoline components are selectively blended to give you high quality performance no matter how hot or cold it gets!

Stop at your nearest Phillips Dealer and try this "controlled" gasoline in your car. See if you can't feel the difference.

McDaniel Becomes Bride Miller in Memphis Rites

McDaniel, daughter of Mrs. J. J. McDaniel, became the bride of Earl Miller, son of Earl Miller, also Monday afternoon, 7 o'clock. Rev. P. of the Methodist single-ring service in Memphis.

The bride wore a crepe dress with a corsage and a sash.

The couple were Miss Hickey, Miss

Joyce McDaniel, and Benny Godfrey.

Both the bride and groom were popular members of the spring graduating class of Memphis High School, having received all of their education in the Memphis schools. They took an active part in all school functions, and Mrs. Miller was selected as football queen last year. She also served as vice president of the Sub Deb Club, a social organization for juniors and seniors.

Mr. and Mrs. Miller will make their home in Borger, where the groom is employed by Phillips Petroleum Company.

GROWS APRICOTS

W. V. Coursey brought some apricots to The Democrat office Saturday to show that some fruit has been grown here in spite of the hail storms the past spring. The fruit was well matured, was extra large, and the flavor delicious.

Mrs. Charles Champion of Vernon is visiting her mother Mrs. Emma Baskerville this week. Joe Hammond of California is here visiting his parents, Mr. and Mrs. George Hammond.

MISS MARY MILAM COCHRAN, daughter of Mr. and Mrs. Felix Cochran of Oklahoma City and niece of Miss Maude Milam, W. C. Milam and C. F. Milam of Memphis, is pictured in the costume she wore at the International Flower and Fashion Exposition held at the municipal auditorium in Oklahoma City recently. The exposition was sponsored by the Junior Chamber of Commerce and Miss Cochran was selected to represent Chili by Assembly 129 of the Order of Rainbow Girls, of which she was worthy advisor.

Foster T. Rasco of Los Angeles is here visiting with his parents, Mr. and Mrs. Joe T. Rasco, and his sister, Miss Gertrude Rasco.

Local Speakers Appear on Gamma Pi Chapter Programs

Two outstanding women speakers of Memphis have been featured recently on programs of the Gamma Pi Chapter of Epsilon Sigma Alpha which meets each two weeks in the Hall County court house annex.

Mrs. Roy Guthrie spoke to the chapter on June 2 on "The Fine Art of Talking." She began her address by pointing out the three physical aids used in speech and stressed training technically to develop charm in our conversation.

Appearing on the June 17 program was Mrs. R. E. Clark who spoke to the group on "The Mind and its Developments."

Newlin Club Meets In Gresham Home

The Newlin Mothers Club met Friday of last week in the home of Mrs. B. L. Gresham with Mrs. Lucy Crabtree as co-hostess.

The afternoon was devoted to quilting for the club.

Refreshments were served by the hostesses to Mesdames W. R. Glover, Fred Hemphill, Trilton Davis, M. P. Moore, D. C. Messick, G. W. Mullins, Ralph Pavallard, D. W. Lawrence, M. L. Ellis, A. A. Kinard, and Miss Isabelle Walker, and one guest, Miss Rhoda Nelson.

The next meeting will be in the home of Mrs. Clarence Moore.

Mr. and Mrs. Ace Gailey and Mr. and Mrs. Sam Boyd of Houston left for Gunnison, Colo., Monday morning.

Mrs. Isabell Cypert is visiting in San Leando, Calif., with her daughter, Mrs. W. H. Offholder and family.

Mr. and Mrs. W. K. Hollifield of Dumas, en route home from a visit in Houston and other Texas points, stopped in Memphis first of the week to visit his sister and her husband, Mr. and Mrs. A. M. Wyatt.

When Your Back Hurts -

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, sciatica, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

DOAN'S PILLS

Sodalitan Class Enjoys Picnic

The Sodalitan Sunday School Class of the First Baptist Church met on the lawn of the D. L. C. Kinard home Friday evening of last week for a picnic supper and general get-together.

At a short business session, presided over by Mrs. Ottie Jones, president, members voted to help collect toys and furnishings for the cradle roll department. The group was dismissed with a prayer.

Members enjoying this affair were Mesdames Kinard, teacher;

Carolyn May Is Party Honoree

Miss Carolyn May, daughter of Mr. and Mrs. James May of Newlin, was complimented with a birthday party in the home of Mr. and Mrs. Ed Whitehorn of Estelline this week.

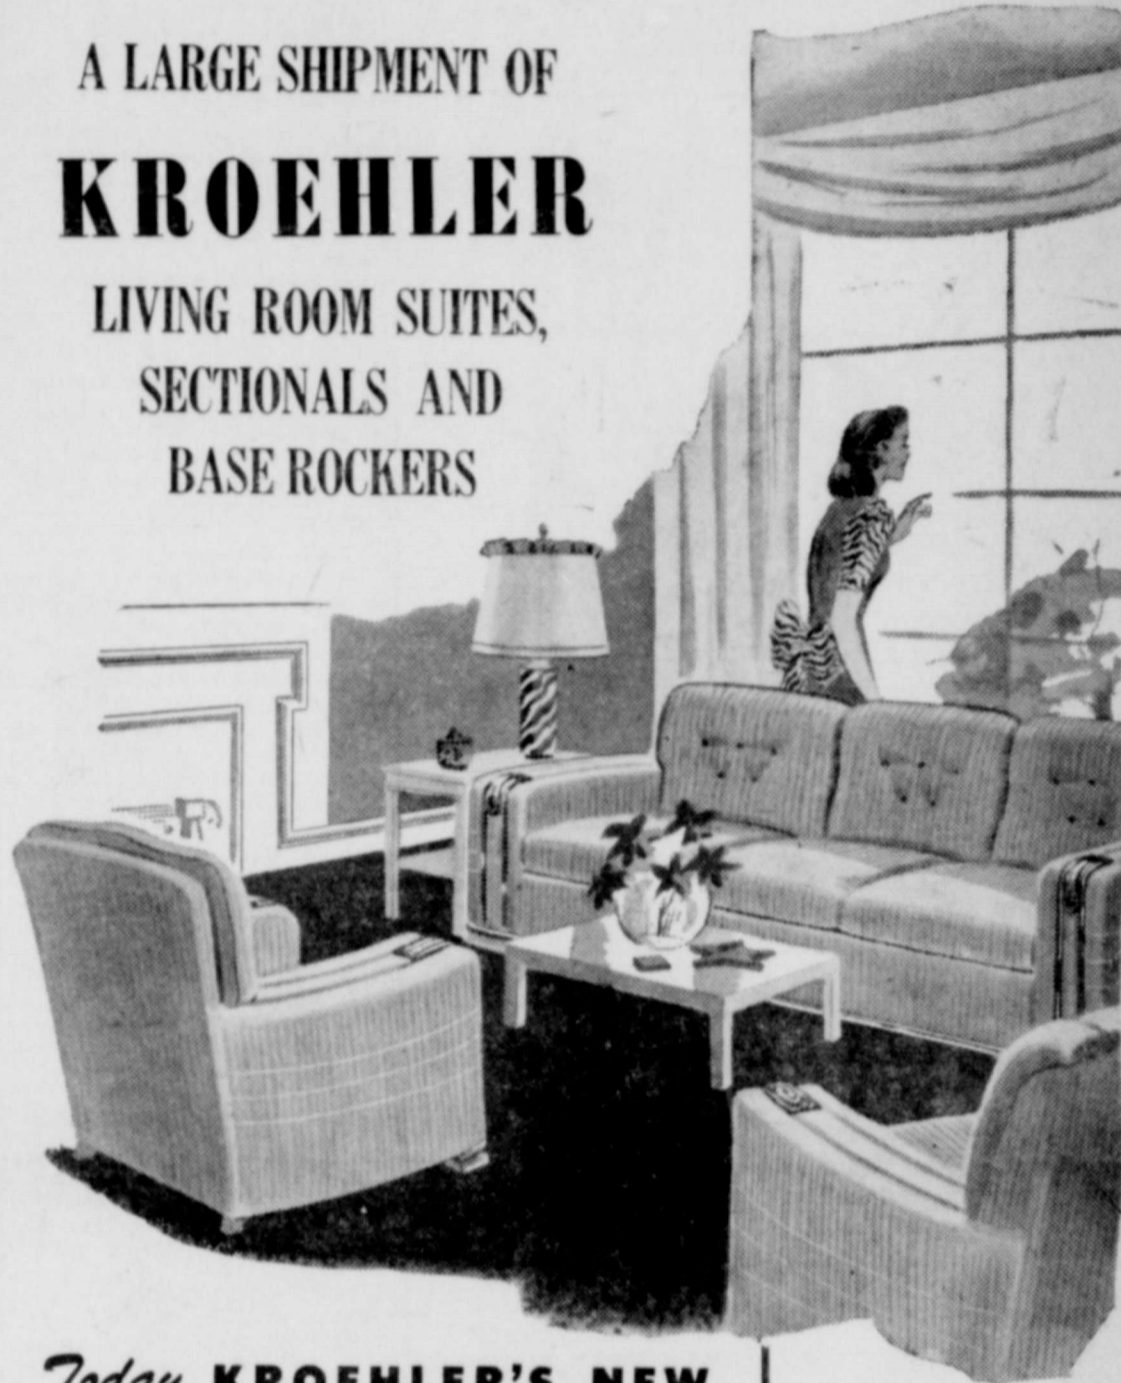

A variety of in-door and out-door games were enjoyed by the group during the party hours. Refreshments were served to Donna Gwen and Jerry Lynn Maupins, Dan Clyde Collins, Nelda Jo Arnold, Janice Rogers, Norma, Linda, Jarvis, Bobby, and Joe Hayes, Mesdames Estal Collins, James May, J. W. Lults, Mickey Maupins, Claude Arnold, and hostess, Mrs. Ed Whitehorn.

Childress Issues Invitation to Fourth Activities

The people in this area are invited to help celebrate July 4 in Childress when a baseball game, water carnival, and bathing beauty review will be held, according to an announcement by the Childress chamber of commerce. The ball game will start at 3 p. m. and will be between the All-Star teams of the Red River Valley League.

The water carnival contest will begin at 6 o'clock when swimming and diving contests will be held. At 8 o'clock a bathing beauty review for tiny tots from the age of one to six will be held, followed by a regular bathing review for single girls between 16 and 25 years of age.

Each entry in the bathing review must be sponsored by some merchant or organization, and entries from all sections of this territory are invited. O. H. Gibbs of Childress is chairman of the water events, and Dr. J. P. McConnell is chairman of the bathing review events.

Admission to the water carnival and bathing review is free to all, the announcement said.

Invest In Permanent Loveliness

Sterling silver gives enduring service, plus timeless beauty. The patterns we carry are created by silversmiths whose craftsmanship has become traditional. For permanent silver loveliness, we invite you to select your pattern here.

MASSEY-HARRIS ONE-WAY DISC with "Roto-Lift"

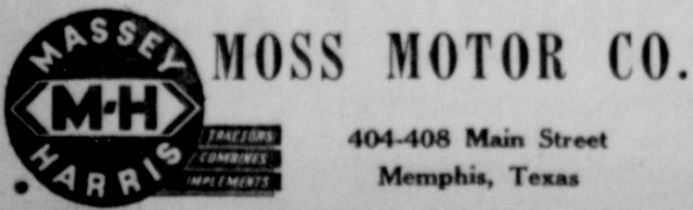

They Will Arrive SOON!

Now YOU CAN HAVE "POWER-DRIVEN PENETRATION"

Again Massey-Harris brings you another engineering "first" in the new One-Way Disc with "Roto-Lift." This new Massey-Harris power lift raises and lowers the discs only—there is no waste of power in lifting the entire frame. In the Roto-Lift design, discs are mounted on a rotating steel pipe mounted on a full length high carbon steel axle. The steel pipe revolves on its fixed axle and this action raises or lowers the discs as desired. There is no sudden drop—the lowering action of the disc gang is fast but gentle. Other time-saving features you'll appreciate are the convenient hand wheel adjustments for leveling and depth control; an improved hitch design... easy turning either left or right. Solid construction all the way through with the weight where it does the most good.

In approximately two feet of travel the discs are lifted clear of the ground and reach the maximum clearance in less than 40 inches. See us for complete data... make it a Massey-Harris!

Wins Mobeetie Game 1 to 0 In Tenth Inning

Memphis won 1 to 0 Sunday in a game of play at Mobeetie, the Red River Valley team only once before.

Memphis were scoreless after five innings. Mobeetie had a lead in five different innings, but Memphis had a lead in the fourth, and in the ninth.

Berryman made a throw out in the ninth, and Keller singled, and advanced to third as Mobeetie was held to 2 hits.

while Memphis made 8. Keller struckout 4 and walked 2, while Deason fanned 8 and walked 3 for Mobeetie.

The box score:

Memphis	AB	R	H	E
Moyer, 2b	4	0	1	2
McKnight, 1b	4	0	1	1
Coppedge, ss	4	0	0	1
Berryman, 3b	5	1	1	0
Keller, p	5	0	1	2
Gibson, lf	4	0	1	0

Deason, p	3	0	0	0
Totals	38	0	2	2

Umpires: Cudd and Thompkins.

Game Schedule

Saturday night and Sunday afternoon, Sayre, Okla., here. Tuesday night, Dickens, here.

Sunday, under a burning hot sun at Mobeetie, Memphis won the ball game they had been waiting for all season. And the hard-fought, 10-inning contest turned out to be the game of the year.

With a slight wind from the north, heavy grass from the edge of the infield on out to check a rolling ball, and competent pitching on both teams, there was not much opportunity for heavy hitting records. Braden and Fulenwider were the only two Mobeetie men to get even singles, and Braden's hit credit is the result of a very close umpire's decision.

The Mobeetie club hit their share, but most fly balls drifted into the left field area, and into Gibson territory. Stewart, Stidger, and Price also contributed to the belief that there was no safe hitting to the outfield. The Memphis team was in there Sunday, and every man made a maximum try on every play. That was the way it had to be to win the Mobeetie game. Memphis had men on in scoring position several times, but the breaks were slow.

This win places the Memphis club in a third place tie with Childress, Mobeetie still first and Quanah second. Memphis still has the Quanah play-off of the protested game coming up.

A vote of thanks from the team to Susie Allen for an excellent after the game feed.

At last we know how nicknames start. Stidger, who alternates at third base, caching, fielding, heavy hitting, and fanning, was having a bill-of-fare conversation with a waitress in Shamrock. Stidger decided on steak as the main event, the hurried waitress queried, "Souperjuice?" She referred to a choice of tomato juice or chicken soup.

Quoth Stidger, "I don't know what this superjuice is, but I'll try it."

And Stidger probably minds

this title less than some of the past spontaneous christenings.

Of course, Stidger isn't the only humorist on the local club. There's Hank Keller, who works for the REA. He claims that after a recent wiring job they flicked the porch light and it turned on the shower.

Kirkland won 4-0 over Childress Sunday as they got off to a 4-0 start in the first inning. It was the third loss for Childress and the third win for Kirkland. Cliff Jones, on the mound for Kirkland, held the Childress team scoreless in all but the third inning.

At Clarendon, Quanah went to bat in the seventh inning trailing the Dodgers 2-4 and then exploded 6 runs with five hits and a walk, added three more in the ninth, and won 11-4.

Wellington won a 5-3 game in

12 innings of play at Quail in a pitchers' duel between Henrich of Wellington and Morris of Quail.

Shamrock Jaycees Announce Softball Tourney, Prizes

Shamrock Jaycees have announced their second annual softball tournament for July 14 and have extended invitations to all teams of the area to compete. July 10 is the deadline in filing entries, according to Jack F. Sims, chairman.

Team managers should pay an entry fee of \$5, submit names of 15 players with manager, telephone number, and address. Teams must use players whose names are entered as team members, Sims said. There is no limit to the number of teams each town may send. Balls will be furnished by the tournament sponsors for all games.

Prizes of \$50, \$30, and \$20 will be awarded the three top teams of the tourney.

Sue Lynn Guthrie, Mrs. Sam Moore and Pookie are visiting in Stamford where Pookie is riding for Wellington in the Stamford rodeo. They plan to go from there to San Angelo to visit with Sam Moore.

R. J. POTTS

R. J. Potts Heads Texas Good Roads Association

The next two or three years will be the most momentous ones in the history of the road-building industry, R. J. Potts of Harlingen, newly-elected president of the Texas Good Roads Association, said today in an interview. "The world is going to be on

wheels to a greater degree than ever before," Potts declared, pointing out that a stupendous amount of preparation must be done for increased travel, in view of the fact that wartime traffic made great demands and necessitated exceptional wear upon the road system of the nation.

Road planners and builders face these two major problems, Potts stated:

1. Traffic must be handled expeditiously in congested areas by means of multi-lane highways that are expensive to build and maintain; and

2. Facilities must be provided so that farmers can take their children to school and their produce to market; so that people in rural areas can comfortably remain there in the interest of continued agricultural productivity.

The two goals must be reached, Potts added, without rendering the Texas Highway Department incapable of expanding and maintaining the state and federal primary road system.

Potts was elected president of the association at its annual meeting in San Antonio May 23. Other officers chosen were Joe Leonard of Gainesville, first vice president; H. B. Zachry of San Antonio, second vice president; T. C. Jones of Fort Worth, third vice president; E. P. Cravens of Austin, secretary-treasurer; and Ike Ashburn, executive vice president.

New directors were Frank Barney of San Angelo and Lucian Morehead of Plainview.

Mr. and Mrs. John T. Barber of Oklahoma City and Mr. and Mrs. John M. Barber of Memphis attended the rodeo at Stamford Wednesday.

Mrs. Thelma Brazzleton and son Jay of Atascadero, Calif., are visiting here with her aunt, Mrs. George Bass.

Why Be Pestered With Ants, Roaches & Snails?

Rid them easily with the Crown Laboratory Process. Costs very little—easy to prepare. Ingredients can be had at any grocery or drug store. Non-poisonous, can be used among food anywhere with safety. Highly recommended by all users. Send \$1.00 to CROWN LABORATORIES, 237 1-2 W. 13th St., Fort Worth, Texas, and formula will be sent by return mail with directions.

MRS. TEMPLE H. DEAVER JR.

Morris-Deaver Nuptial Vows Read In Church Ceremony at Clarendon

The First Presbyterian Church of Clarendon was the scene Monday evening for the marriage of Miss Cassandra Morris, daughter of Mr. and Mrs. J. H. Morris of Memphis, and Temple Houston Deaver Jr., son of Mr. and Mrs. Temple H. Deaver, also of this city. The Reverend Russell A. Wingert of Hereford officiated at the double-ring service.

A background of maroon and shasta daisies interspersed with feverfew and candelabra bearing lighted tapers formed the decorative setting for the exchange of vows.

Pre-nuptial music was provided by Mrs. L. G. Rasco, organist, who played Liszt's "Les Preludes" and "Liebestraum," and accompanied Mrs. Robert W. Sexauer who sang Grieg's "I Love Thee."

Entering on the arm of her father, who gave her in marriage, the bride was in a gown of ivory slipper satin, fashioned with a sheer yoke outlined by a bertha of the satin trimmed in imported silk lace, long fitted sleeves which tapered to a point over her hands, and a fitted bodice. Her skirt, which was draped in front to show a hooped petticoat trimmed in silk lace, swept into a long, graceful train,

also lace trimmed. Her fingertip veil which belonged to her mother fell from a bonnet of point lace, made by her maternal great grandmother. She carried a point lace handkerchief belonging to her great grandmother, and her bouquet was a white orchid and white roses with stephanotis.

Miss Mary Coates of Dallas, a college room mate, was maid of honor. She wore a chartreuse faille gown designed with a round neckline, cap sleeves, fitted midriff, and very full gathered skirt. Her head dress was a halo of yellow roses, and she carried a matching bouquet tied with yellow satin ribbon.

The bridesmaids, Miss Dorothy Deaver, sister of the bridegroom, and Miss Patty Molesworth of Clarendon, wore identical gowns of pale yellow paper taffeta with head dresses of shasta daisies and shower bouquets of maroon and shasta daisies tied with chartreuse ribbon.

Miss Jean Sims of Pampa and Clifford Sims Whitmore of Houston, the bride's cousins, lighted the altar candles. Miss Sims wore a dress identical to those of the bridesmaids and a daisy halo. On her wrist was a band of daisies tied with chartreuse ribbon.

Jim Deaver attended his brother as best man and ushers were Jack Miller of Memphis and James Morris, brother of the bride.

For her daughter's wedding, Mrs. Morris chose a turquoise blue dinner dress with fitted midriff and slightly draped skirt. She wore a matching hat and a corsage of gardenias. Mrs. Deaver, the bridegroom's mother, wore a black dinner dress trimmed in blue and a black Melene hat. Her corsage was of gardenias.

Following the ceremony, a reception was held at the home of the bride's grandmother, Mrs. John T. Sims, in Clarendon. The bride's table was covered with a hand-made Chinese linen cloth and centered by a three-tiered wedding cake decorated in white roses. Mrs. Clifford M. Whitmore of Houston cut the cake, and Miss Nettie Sims of Clarendon served the punch. Mrs. John T. Sims Jr., of Pampa presided at the bride's book. Other members of the house party were Mesdames Louie B. Merrell, Horace Tarver, Allen Grundy, E. M. Wilson, C. W. Kinslow, W. C. Dickey, R. S. Greene, and Art Miller, all of Memphis.

Following a wedding trip to Canada, the couple will be at home in Austin where the bridegroom is attending the University of Texas. For traveling the bride chose a navy blue Forstmann wool suit with pleated skirt and bolero jacket piped in red and white complemented by accessories of red and white. Her corsage was a white orchid.

Mr. and Mrs. Deaver were graduated from Memphis High School, and Mrs. Deaver received her bachelor of science degree from the University of Texas.

REHEARSAL DINNER

The bridal party was complimented with a rehearsal dinner Sunday evening in the home of Mr. and Mrs. L. B. Merrell of Memphis. Mrs. Merrell was assisted in entertaining by Mrs. John T. Sims Jr., of Pampa.

Band Will Play --

(Continued from page 1)

Friday morning. Band members plan to dress in western style for the rodeo.

Upon arrival in Clarendon a street concert will be given. After the concert the band is to be given a free noon meal, Keyser said. The parade is to begin at 1 p. m. After playing for the afternoon rodeo performance the Memphis band will return home.

Fire Department Calls To Grass Fires On Increase

The fire department is being called out to an increasing number of grass fires, according to a report from the fire department yesterday.

It was suggested if plans were made to burn off a vacant lot or grass patch that a call be placed for a fire truck to come down and be on hand, or for the person burning the grass to choose a day when little wind was blowing and stand by with a garden hose to control the fire.

The number to call is either 185 or 55, the report said.

He stressed that individual farmers, businessmen, and others will have equal opportunity to buy.

In the Dalhart offering will be a cold storage plant complete with operating equipment, barracks, supply rooms, kennels, repair shops, latrines, gas and fire stations, administration, recreation and storage buildings. Be-

offers can be compared. No priorities will be observed at the sale, and successful buyers will be enabled to start removal of their buildings immediately following the awards.

"At this sale we hope to solve some emergency problems for West Texans in need of buildings and storage space for this season's wheat crop through elimination of the customary sealed bid procedure," said Jack Cowart, chief of the urban and rural branch, non-industrial real property division, who will conduct the sale for the Grand Prairie office. He stressed that individual farmers, businessmen, and others will have equal opportunity to buy.

In the Dalhart offering will be a cold storage plant complete with operating equipment, barracks, supply rooms, kennels, repair shops, latrines, gas and fire stations, administration, recreation and storage buildings. Be-

CAPTURED BRITISH CROWN
... Babe Didrikson Zaharias is shown with her trophy after capturing the British women's amateur golf championship at Gullane, Scotland, to be the first American-born golfer to win the crown.

Director Explains 1947 Rent Act, Signed Monday

Rent provisions of the new Housing and Rent Act of 1947, signed by President Truman Monday, continue maximum rents just as they were under the old law, according to Wilmer E. Mauldin, director of the rent office at Childress.

There is no provision in the new act that changes rents automatically. A tenant pays the same rent in July that he did in June, unless there has been an order issued subsequently, or he has voluntarily entered into a lease with the landlord as provided by the Housing and Rent Act of 1947. This act provides that when a landlord and tenant voluntarily enter into a valid written lease on or before December 31, 1947, and expiring on or after December 31, 1948, an increase of up to but not more than 15 per cent of the maximum rent in effect immediately be-

fore the effective date of the new lease is permissible.

Before any rent increase becomes effective under such a new lease a copy of the lease must be filed with the rent office within 15 days of its signing, together with a simple registration of lease form which landlords can obtain at the rent office. It will be the duty of the rent office to examine the lease carefully to determine whether it is valid. The lease cannot contain any trick termination or penalty clauses. It cannot decrease the essential services, furniture, furnishings, and equipment. The rent office will forward copies of the registration of lease form both to the landlord and tenant for their records. It is up to the tenant to decide whether he wishes to sign such a lease. If a tenant does not wish to enter into such a lease, refusal does not constitute grounds for eviction.

There are specific protections against evictions under the new law. In general, the tenant who continues to pay the rent to which the landlord is entitled has no more reason to fear eviction than before. Eviction controls of the

WEATHER

If other days during the past week are fair samples, scorching weather is in store the Fourth. Monday a high of 106 degrees was recorded, reports J. J. McMickin, local weather recorder, not enough for all purposes, including cooking. Sunday the weather was not noticeably cooler, the local thermometers reaching 105.

act will be enforced by the local courts. The previous waiting period of from three to six months before tenants can be evicted when a house is sold will now be determined by local courts. Evictions to allow occupancy by others are limited to personal occupancy by the buyer or the landlord himself. Other conditions under which evictions may be made are very specific in the law, the director said.

In establishing a permanent pasture, the first step is to bring the pH, or acid rating, of the soil to between 6.5 and 7.

PARNELL

By MAE PAUL

Mrs. J. H. Brumley was brought from a Memphis hospital Saturday evening to the home of her son Jack Brumley. She is reported to be doing much better.

Mr. and Mrs. Horace Graham of Vernon have bought the Frank Foxhall farm near Parnell. Mr. and Mrs. Graham were dinner guests of Mr. and Mrs. R. N. Mothershed Tuesday.

Mr. and Mrs. Crump Ferrel were business visitors in Wichita Falls several days the past week. Mr. Ferrel went through the clinic while there.

Mr. and Mrs. J. M. Ferrel Sr. of Memphis visited in Parnell several days of last week.

Mrs. Davis of Wichita, Kans., gave a demonstration of household supplies at the home of Mrs. Mae Weatherly Thursday afternoon to a very nice audience.

The sick of the community as reported were C. E. Burk, Mrs. Maggie McGlocklin, Carl Hill, and the baby of Mr. and Mrs. Winfred Weatherly.

C. E. Burk is in Amarillo for a few days rest and a vacation.

Mr. and Mrs. Carol January of near Fort Worth visited a short while with her mother, Mrs. Leroy Hutcheson and family, Friday afternoon. The Januaries were en route to Memphis to attend the funeral of his brother.

Mr. and Mrs. Winfred Weatherly and Mrs. Mae Weatherly attended to business in Memphis Saturday night. They carried the baby to the doctor.

Mr. and Mrs. Boney and Emily Bland of Georgia and Mr. and Mrs. J. J. Boney and Jackie left Saturday for a few days vacation.

Bobby Don Buchanan left the past week for a month's vacation through the western states. While on the trip he will visit his grandfather Buchanan.

Jay Bruce of Amarillo has been here the past week with two combines cutting wheat.

Mr. and Mrs. Delton May and family were Sunday guests in the home of her parents, Mr. and Mrs. Wilbur Potts.

Mr. and Mrs. Elmer Price of Hollis, Okla., were Sunday visitors in the home of her parents, Mr. and Mrs. J. R. Morehead.

Miss Greta McCuiston returned to her home in Dallas Saturday after visiting here for the past few weeks.

Mr. and Mrs. Leroy Hutcheson had Mr. and Mrs. Tom Weatherly of Fort Worth for supper guests Saturday night.

Miss Louise May of Newlin was a week-end guest of Miss Nita Jean Trapp.

Carl Hill made a trip to Amarillo Sunday afternoon hauling a tractor and combine for Jay Bruce.

Miss Dorothy Henry of near Childress visited the past week in the George Satterfield home.

Rodeo Boosters --

(Continued from page 1)

each trip day, Queener said.

The second tour, July 18, to cover 178 miles, is chartered to Clarendon, 8:45; Groom, 10:15; McLean, 11:30; Shamrock, 12:30; Wellington, 2:30; Quail, 3:15; and Hedley, 4:15.

The third tour is set for July 22, two days before the opening day of the rodeo, and will carry the boosters through Quanah, 9:45; Chillicothe, 10:45; Vernon, 11:30; Altus, 1:45; and Hollis, at 3:15.

Crop Losses Light -

(Continued from page 1)

ers had the government crop insurance this year, and those who had losses were making yields at above the insured yield after damage was discounted.

Editorial

An odd thing happened here last week.

The chamber of commerce issued an appeal for more membership.

It might not have been odd in some sections. Here, it was—for a well-defined reason.

Chambers of commerce have developed various reputations over these United States. Many of them do constructive work for their communities. Some have degenerated into tourist bureaus busied with preparing pretty scenic pamphlets saying "My town is better than your town."

Fortunately, we have had, and progressively so, a chamber of commerce primarily interested in the welfare of Hall County, its needs and aspirations.

It should be deemed a privilege to belong to such an organization, and a privilege of which more should avail themselves.

If the chamber of commerce has not done all you hoped it might, then you share the blame, for the chamber needs and asks your voice and assistance.

Projects are being planned, and are being accomplished, that will benefit every man, woman and child in the county.

No chamber of commerce such as ours should ever need to issue an appeal for members.

WHO RUNS THE NATION'S LARGEST* BUSINESSES?

NOTHING quite so much astonishes the stranger to America as the democracy of American Businesses—where the factory employee can become the president of the largest corporation, or a grocer one of the world's great food suppliers.

In a recent survey of this subject, 50 of the largest businesses in America, employing several million workers, were asked to give starting figures on the men who are now their top management.

Here are the results. One started for \$1.50 a week—eleven others for less than \$5.

Forty-three others started work for less than \$10 a week.

Eighty-one others received between \$10 and \$25 a week. And only 7 received more than \$25 a week—the highest getting paid \$69.23 a week.

The average starting wage of all 143 was \$13.40 a week. Thus every one of these managers, it can be truthfully stated, worked up from the bottom rung of the business ladder.

When you think of the head of a big business, think of a young man who once drew an envelope at the end of the week with \$13.40 in it.

*Based upon an analysis of assets in the years immediately preceding the war.

Press Paragraphs—

QUOTING OUR NEIGHBORS

Testing Cream
 Research experiments on the quick method of testing cream, expected to reduce the time from 15 minutes to two or three, are being conducted at Texas Technological College by Prof. K. M. Renner, head of the department of dairy manufactures, and Prof. F. G. Harbaugh of the animal husbandry department.

The prospective method should prove a boon to the farmers on the busy days who spend hours waiting for their cream to be tested. It does away with the use of hot water in the test and is so simple that even a high school boy could handle it. The men expect to continue the attempts to perfect the process into the summer.—The Quitaque Post.

Having Trouble
 One sure way to get your wife home soon from an out of town vacation is to send her the town paper with one item cut out.—The Groom News.

It's the Truth
 The way people are backsliding today we doubt if the road to hell is paved. It's probably oiled!—The Groom News.

BOYCE HOUSE
"Gives You Texas"

In Hot Springs just a few days ago (my second visit in three months) your columnist had the honor of speaking to the annual banquet of the Arkansas Press Association and of course related a number of Texas stories. Af-

terward, among those who came up was a man who said: "I want to tell you a Texas story. I was in Java during the recent war. It was in the early days and the outfit had been pretty badly shot up. It contained a good many Texans. The Japs complete dominated the air. One of the Texas boys said, 'Why don't the rest of the United States send us a few planes so we Texans can lick these Japs?'"

The man who related the incident was Dr. Wassell—yes, the heroic physician who was praised by President Roosevelt in a speech heard all over the world for refusing to abandon a group of American wounded but, against almost impossible obstacles, got through the jungle, eluding the Japanese forces and saving the patients. Dr. Wassell's life was made the subject of a great motion picture, starring Gary Cooper.

Texans are everywhere in Hot Springs. When I entered a cafe, the juke box was playing "Across the Alley from the Alamo." On a wall was a sign, "Chili, mild, medium, and hot." A man said, "Chili, and make it hot; I'm from Texas." And as the bus pulled out of Hot Springs, en route to Arkadelphia to make connection with the train back to the Lone Star State, 15 passengers began singing "The Eyes of Texas Are Upon You"—they were high school students from the state

This Week in WASHINGTON

Congress Acts On Small Business Legislation

The committee for economic development, probably the most responsible representative of small business in Washington, through Paul G. Hoffman, has just issued recommendations for legislation which would involve a long-range tax adjustment program, aid in management and custom-tailored financing as necessary for the progress of small business.

And apparently this program is in exact reverse of the one that now has been adopted by this congress, which slashed the appropriations for the "county agent" system for small business aid to management set up in the department of commerce, and which now urges curbs to financing small business.

For instance, the report of the senate and house small business committees of the 79th congress urged just what CED is asking, and in addition urged curtailment of monopoly. The present house small business committee, however, under chairmanship of Cong. Walter Ploeser (R., Mo.) intends to curtail "unnecessary financial assistance to business," investigate tax exempt privileges of farm cooperatives and foundations and "the alarming fact" that in the last 20 years there has been an enormous extension of the operations of government into the sphere of private enterprise.

So Congressman Ploeser, instead of curbing monopoly of big business, intends to investigate big government instead, which is quite a shift in emphasis from the recommendations made in the house small business committee in the last congress.

"There must be a complete recasting of the tax system, not just a tinkering with tax rates," Paul G. Hoffman said, and "there is reason to hope we can get congressional consideration of the tax problem on an economic and not a political basis." Most revolutionary of the CED proposals was the recommendation that "capital banks" be established to provide small business with funds for expansion and development, and the suggestion that these banks might make funds available by pur-

DALLAS CORPORATION
TO BE REPRESENTED
AT DEDICATION HERE

The Weatherly-Campbell Air- craft Corporation, Dallas, dealers for Bellanca airplanes, have notified the chamber of commerce they would have a representative in Memphis this week to meet pilots and others interested in flying at the municipal airport.

The corporation also announced they would attend the formal dedication of the local airport July 26.

... I hope a delegation from Memphis will visit us soon and see what they have in store for them if and when their water survey proves irrigation desirable."

ESTELLINE

By MRS. FRED BERRY

Mrs. Agnes Bailey is visiting in Lubbock and Clovis, N. M., this week.

Mr. and Mrs. John Chaudoin and girls spent the week-end in Dallas and Gainesville.

Mr. and Mrs. Arlis Crump and sons and Mr. and Mrs. Frank Tyner and son left for Los Angeles last Friday.

Mr. and Mrs. Junior Bailey and children of Wichita Falls spent the week-end here with his father, A. Bailey.

Abb Rodgers and son have opened up a grocery store on the south side of the square.

Miss Janette Phillips of Plainview is here visiting with her grandmother, Mrs. Katie Phillips.

Mrs. Daisy Kennedy and Mrs. Edd Kennedy and children attended a funeral in Alvord last week.

Mrs. John Ewing of New Mexico visited here with her brother, Grover Ewing, last week.

Rev. and Mrs. J. D. Coleman are visiting in Oklahoma City this week.

Jimmy Taylor of Jacksonville returned home after visiting here with his uncle and aunt, Mr. and Mrs. Pete Riggsby.

J. C. Hodges and Fred Berry went to Wichita Falls on business Tuesday.

Mrs. Fred Meadows and baby Kathy Lyn were brought home this week from a Memphis hospital.

Dr. and Mrs. E. H. Boaz of Childress were here visiting Tuesday.

Boy Foils Barbecue For C of C And Irate Caller

The chamber of commerce telephone rang furiously.

Pat Flynn, manager, answered as business-like as possible.

"Say," cried an irate voice, strictly female, "If you don't come out here and get this blankety-blank cow off my lawn I'm going to kill her."

Flynn meekly told her that was a good idea and if she did kill the bovine he knew where they could find a man who was an expert barbecue king.

The woman laughed. "Never mind," she said, "We won't get to eat. Some boy has picked up his cow."

Both wished for better luck next time.

W. J. WOOTEN OF CANYON VISITS IN MEMPHIS

W. J. Wooten, Canyon banker and theater man, was a visitor at the chamber of commerce office Tuesday, en route to Parnell for a visit with his son. Wooten said Canyon citizens were making plans to attend the Cotton Carnival here October 3-4, and he made reservations to attend while here.

SUE TAYLOR VISITS IN MEMPHIS MONDAY

The former Miss Sue Taylor of Long Island, New York, visited with Pat Flynn of the chamber of commerce briefly Monday en route to visit her mother in Quana.

Miss Taylor, now married to a former army surgeon, was society editor for the Amarillo Globe-News for a number of years prior to and during World War II, during the period Flynn was on the News-Globe staff.

The greatest thrill she said she has had in New York happened in Brooklyn as she entered the subway. "I bumped into my brother whom I had not seen in seven years."

Fred Reid Named New Heath Manager

The Heath Furniture Company announced this week that Fred Reid has joined their Memphis store as manager.

Reid has been associated with the Heath company for some time, coming here from the Clarendon branch store where he worked for two years in all departments.

He is married, and Mrs. Reid plans to join him here as soon as housing is found.

Reid replaces Joe F. Miller, who was transferred to the store at Plainview.

Childress Dance To Center Around Oriental Motif

The Beta Sigma Phi of Childress will present a formal dance at 8:30 p. m., July 3, at the Women's Department Club. The motif of the evening will be Chinese and oriental with a colorful floor show during intermission, according to Miss Wanda Johnson who is extending an invitation to music lovers of the area to attend. Admission is \$1 per couple; 50 cents for stags, plus tax.

LITTLE JACK HORNER

FREDDY, YOU'RE THE LAZIEST BOY IN TOWN. HERE I SIT READING TO IMPROVE MY MIND AND YOU CAN'T EVEN THINK UP WHERE THERE'S AN APPLE TREE WE MIGHT BE SIZING UP.

It's something to "cry about" when little children don't get their share of that GOOD BUTTER-NUT BREAD. Make certain they get that wonderful bread in their daily diet.

Add New Equipment To Dr. Chas. Oren Optometry Office

Addition of new equipment will provide optical tests of the highest degree of accuracy at the Oren optometry office, it was announced this week.

The additive phoropter, part of a chair visual testing unit, is the latest development in high-accuracy muscular and focus testing, tests in degree of "cross" or "turning out," also being among its uses.

An ophthalmometer, retina scopes and other instruments are available for minute examination of the cornea, for astigmatism and other tests.

A keystone telebinocular is used for accurate eye tests of children, the instrument recording visual response to figures and designs.

Lightning rods do protect buildings, but only when the connections to the ground are good.

Clean DENTAL PLATES

This Easy Way... At last, a scientific way to clean dental plates and bridges REALLY clean. Just put your plate in a glass of water. Add a little quick-acting KLEENITE. With magic-like speed, discoloration, stains and denture odors vanish—the original clean brightness is restored! It's easy, economical and safe. Ask your druggist for KLEENITE today. KLEENITE the Brushless Way

Joyce Duren and Daniel Nightingale Are Married in Rites at Fort Worth

In an informal home ceremony, Joyce Duren, daughter of Mr. and Mrs. G. M. Duren of Memphis, became the bride of Daniel Wilfred Nightingale, chief pharmacist's mate of the U. S. Navy and son of Mr. and Mrs. F. E. Nightingale of Watts, Okla., on Thursday, June 26, in the home of the bride's aunt, Mrs. E. S. Pritchard, Fort Worth.

Rev. Donald Edwards, pastor of the Polytechnic Methodist Church, read the service. Baskets of white gladioli and ferns formed an improvised altar in front of the fireplace. The traditional wedding marches were used.

Mrs. Charles Ashcraft, who attended the bride as matron-of-honor, was attired in a pink crepe dress with white accessories and a corsage of white carnations.

Charles Ashcraft, chief pharmacist's mate, U. S. Navy, was best man.

Entering on the arm of her father, who gave her in marriage, the bride wore a powder blue dress with white accessories. Her corsage was of white gardenias.

Mrs. Duren, mother of bride, wore a navy blue crepe dress and a corsage of white carnations. Following the ceremony, the bridal party was honored at a reception.

The beautifully appointed bride's table was laid with a Maderia cloth. Arrangements of white shasta daisies featured the decorations throughout the rooms and on the serving table. Mrs. Charles Ashcraft served the wedding cake, and Mrs. Woodrow Martin, sister of the bride, presided at the punch bowl. Mrs. Edd Pritchard Jr. registered the guests.

After a short wedding trip to Siloam Springs, Ark., the couple will be at home at 1915 College avenue, Fort Worth. For traveling the bride chose a pink Palm Beach suit with white accessories.

The bride was graduated from Memphis High School, and was formerly employed by the U. S. Navy in Washington, D. C., and the First National Bank in Amarillo. At the present she is associated with Pritchard and Abbott Evaluation Engineers in Fort Worth.

The groom was graduated from Watts High School, Watts, Okla., and has served for five and one-half years with the navy.

At present prices of cotton and cottonseed, no grower can afford to lose one bale out of seven which cotton insects normally steal.

Bridal Shower Monday Compliments Miss Louise Williams, Bride-Elect

Miss Louise Williams, daughter of Mr. and Mrs. Charles A. Williams, who is to become the bride of G. C. Baskerville on Sunday afternoon, was complimented with a bridal shower in the home of Mrs. George Bass, 105 North 9th street, Monday afternoon. Guests were received between the hours of 4 and 6 o'clock.

Hostesses for the occasion were Mesdames George Bass, Floyd McElreath, Clinton Srygley, Burl Smith, Anna Dickson, J. M. Ferrel Jr., J. L. Barnes, J. R. Mitchell, E. W. Solomon, Ernest Lee, Jack Hutchins, Roy L. Guthrie, Sam West, T. D. Weatherby, and Winfred Wilson.

Mrs. Floy McElreath greeted the guests and presented them to members of the receiving line which was formed by the honoree, Miss Williams, the honoree's mother, Mrs. Charles Williams, Mrs. Emma Baskerville, mother

of the groom-elect; Mrs. Olin Bain of Clarendon, and Mrs. Charles Champion of Vernon, sisters of the groom-elect; and the honoree's aunt, Mrs. Viola Wimberly.

The party rooms were decorated with white daisies, baby breath, and snapdragons, featuring the bride-elect's chosen colors of white, blue, and gold.

The dining table was covered with a rich hand-crocheted spread and a massive Fostoria punch bowl filled with golden punch made the center of the floral motif.

Musical selections were enjoyed throughout the entertaining hours. The profuse array of gifts were displayed throughout the rooms.

Seventy guests registered in the artistic hand-painted bride's book which was made of blue paper with gold lettering and floral and bridal designs.

Miss Cassandra Morris, Bride-Elect Is Feted with Miscellaneous Shower

Miss Cassandra Morris, who became the bride of Temple Deaver Jr. on June 30, was honored with a miscellaneous shower in the home of Mrs. R. S. Greene Tuesday evening of last week at 8 o'clock.

Sharing hostess duties with Mrs. Greene were Mesdames C. W. Kinslow, W. C. Dickey, Mack Wilson, Allen Grundy, Horace Tarver, and Art Miller.

The honoree's chosen colors of white and yellow featured the floral appointments in the entertaining rooms. Miss Dorothy Deaver secured names for the bride's book. A miniature bride, dressed in white satin with a long flowing veil, formed a unique background for the register.

A lovely array of gifts were on display in the sun room.

The attractive serving table was laid with a lace cloth over yellow organdy and centered with an arrangement of shasta daisies and yellow lilies from which fell yellow satin streamers.

Branched candelabra bearing lighted white tapers flanked the center arrangement, and dainty

white cakes decorated with yellow rosebuds further accented the chosen color scheme. Mrs. Tarver and Mrs. Dickey presided at the crystal punch service.

Guests were entertained with an original radio program written by Mrs. Greene, who also acted as announcer, with Mrs. Tarver featured as sponsor. Mrs. Gladys Power sang an appropriate song and the honoree received a George Washington bed spread, a gift of the hostesses, for answering the jack-pot question.

Approximately 170 guests registered.

Rehearsal Dinner Given For Hedley Group Tuesday

Mrs. Malcolm Glass and Mrs. A. E. Ransome Jr. were joint hostesses at a 6 o'clock dinner preceding a rehearsal for the weddings of Misses Lela Ruth and Virginia Watt in the home of Mr. and Mrs. A. T. Simmons on Hedley Tuesday evening of last week.

The home was tastefully decorated with candles and cut flowers for the occasion. The dining table was laid with a hand-made Irish linen cloth overlaid with lace and appointed with crystal and sterling silver. Picardy gladioli flanked by pink and blue candles in crystal holders formed the table decoration.

The following menu was served: Tomato juice cocktail, creamed chicken in patty shells, green beans, new potatoes, stuffed celery, wedding ring salad, new potatoes, and individual cakes iced to represent double wedding rings tied with a pink bow, and iced tea.

Following the dinner, Mrs. Simmons presented the honorees with crystal candle holders and gladioli.

Mrs. Simmons, accompanied by Mrs. E. P. Trimble at the piano led the group in singing "Memories."

Covers marked places for Misses Lela Ruth and Virginia Watt, Collier Heater, Edwin Ayers, Mr. and Mrs. F. G. Watt, Mrs. Janie Ayers, Rev. C. H. Costen, Mr. and Mrs. Charles Rains, Mr. and Mrs. Walter Bill Wiggins, Mesdames E. H. Costen, Hobart Moffitt, Ray Moreman, D. H. Cox, L. P. Trimble, Ross Adamson, Willis Thomas, Misses Myrtle Reeves, Sarah Ann Rains, Carolyn Reeves, Susan Cox, Tula Jean Adamson; Messrs. Ike Rains, Fred Watt, Charles Johnson, David Moreman, and Billie Wiggins.

Meat is one food which will be more plentiful this year than last, according to the Bureau of Agricultural Economics.

WORK-EAT-SLEEP Better

WELCOME news in every home where men, women or youngsters suffer from constipation. Today you can get the new, improved Adlerika, the famous Tone-Up laxative in almost any drug store.

ADLERIKA stimulates sluggish intestinal muscles... moves waste quickly, but gently and pleasantly through the digestive tract. Enjoy that splendid feeling of warmth and vitality that comes from a healthy digestive system. Know the joy of happy relief from constipation's miseries. Get a bottle of ADLERIKA, the Tone-Up laxative originated by a doctor and compounded under the direction of registered pharmacists. *Caution: take only as directed.*

Sewing Club Has Luncheon In Stanford Home

Friendly Sewing Club members were entertained Tuesday of last week in the home of Mrs. E. H. Stanford, 503 North 14th street.

Following the luncheon, which was served buffet style, the group enjoyed an afternoon of quilting. Two quilts were completed during the day.

In attendance were Mesdames Dot Webster, A. O. Phillips, Ira Foster, L. Simpson, Jim Webster, Grover Roden, W. E. Beckham, Joyce Webster and Mike, Alvin Phillips, Otis Stilwell and Kay; Mrs. Dorcas Foster, John Ira Foster, Billy Darrel Roden, Billy Scott Webster, Norman Murphy of California; one new member, Mrs. Ivan McElreath; one visitor, Mrs. A. D. Newby of Newlin; and the hostess, Mrs. Stanford.

The next meeting is slated for July 9 in the home of Mrs. John Barber.

Cpl. Fred Hardage and wife of Hampton, Va., are visiting his parents, Mr. and Mrs. S. F. Hardage of Memphis, and her mother, Mrs. M. Stone of Clarendon.

Bucilla Club Enjoy Luncheon

Members of the Bucilla Club enjoyed an all-day meeting Thursday of last week in the home of Mrs. Addie Hampton.

Each member brought a covered dish and a delicious meal was served at the noon hour. During the day those present quilted a quilt for the hostess.

Members present were Mesdames Clara Cummings, Pearl Massey, Effie McElreath, Mamie Smith, Opha Webster, Mary Williams. Three guests were also present: Mrs. Charley Webster, Mrs. B. B. McMillan, and Mrs. J. M. Ferrel.

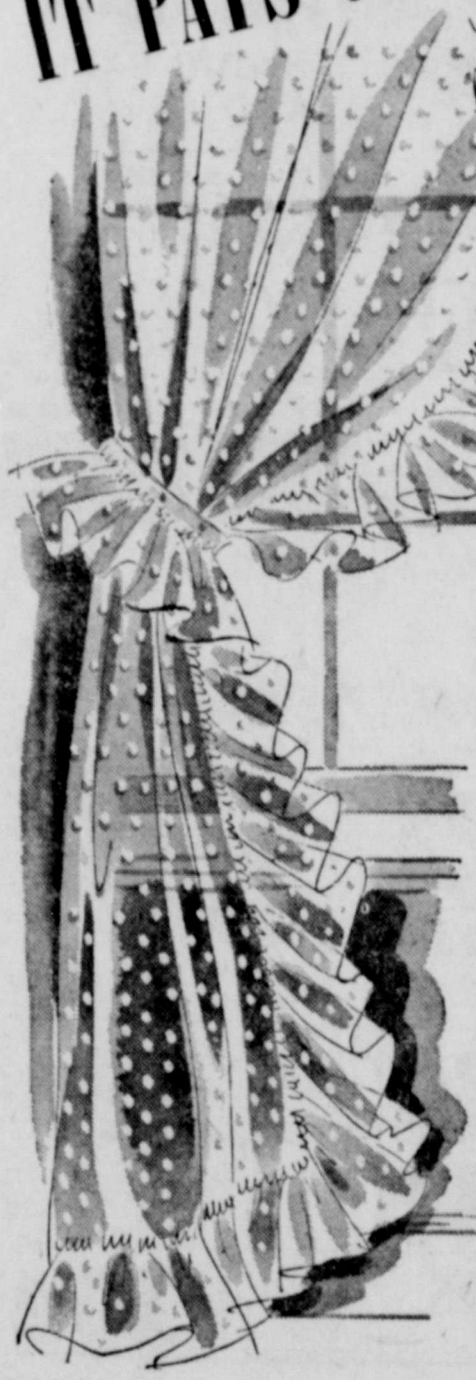

The next meeting is scheduled for July 17 in the home of Mrs. Pearl Massey.

7-UP BOTTLING CO., Childress, Texas

We Now Have On Hand Graham-Hoeme Plows 8-Ft. to 14-Ft. Sizes Ready For Immediate Delivery

Plowing the Correct Way

With the Graham-Hoeme two-inch chisel as shown in illustration prevents blowing, permits water to bypass top soil into the sub soil. Keeps the rubble on top, thus cutting down evaporation.

PROVEN FACTS

Enough rain falls on your farm most every year to make fine crops. But after the first few minutes of rain a smooth surface seals itself so the rate of intake is greatly lessened. This causes run-off. It has been scientifically proven that the same field will not seal itself when plowed with the Graham-Hoeme Plow with a 2-inch chisel furrow every 12 inches to by-pass the rainfall through the top soil and keep a straw mulch on top. Experiments prove that upwards of three times the moist-

ure enters the ground.

Suppose the next day turns off fair and hot. Bare soil would soon be steaming and losing its moisture rapidly. But not covered ground. It is shaded from the sun and protected from the wind. The moisture stays in the soil.

Under these conditions your soil stays moist so long that it bridges the gap between rains.

These things are not just opinions—they are proven facts. The Nebraska Experiment Station has proven them in some of the worst years the Midwest has ever known. Now we know that a covered, corrugated field in a good, brisk summer rain will absorb 200 percent more moisture than a bare field and 64 percent more than a field with a lot of vegetable matter plowed into the surface.

Winning 4-H Essay

Editor's Note: This is the eighth in a series of prize-winning essays, from the contest conducted in the county recently. Teddy Fowler of Route 2, Memphis, wrote the following paper on "Diversified Farming."

To save our land and soil, we must learn to take care of our land to keep the soil from blowing and washing away. We must build terraces to keep our soil from washing and rotate our crops to keep our soil from blowing. We should change each crop every year on the land to help keep the soil built up.

We must plant several different kinds of crops to diversify, to raise feed for our cattle, hogs, and chickens, and all kinds of vegetables for the people of this nation to live on, to raise good staple cotton for the nation's clothing and the many other things cotton is used for. Protein in the cottonseed makes protein feed for cattle, oil to make soap and to cook with, raise maize to feed cattle and hogs and to make mixed feeds, soy beans to make oil and feeds, peanuts to make oil and food for people.

Raise our gardens where we can have our vegetables at home. We proved during the last war what we can produce on our land and soil of this nation, by keeping our land built up and we can continue to do so in far distant future years ahead. If we farmers and farmers to be will keep up the diversified way, and fertilizing the land is a great help.

Plant coverage crops to stay on land during the blowing season of the year, so if we all will diversify our land and keep the cow, the sow, and the hen on our farms and raise most of our food at home it will keep people from borrowing money from banks every year to run our farming expenses. We must still help feed the hungry people of Europe. We have proved we can do that and have plenty here at home for all our people to live on if we continue to preserve our soil.

Lynn McKown Will Give KCTX Talk Saturday Morning

Lynn McKown, ACA secretary, will speak to area farmers on "Re-Seeding Crop Land to Permanent Pasture" at 7:30 o'clock Saturday morning over station KCTX at Childress.

This is the sixth in a weekly series of farm talks by representatives of county AAA offices in the region. The talk will contain information on a topic of considerable interest to Hall farmers at the present time, the report stated.

McKown gave a KCTX talk a few weeks back featuring the work of the AAA in the county.

Chlordane, a new insecticide, is reported to be ten times more powerful than DDT against certain insects.

America's most daring sailplane pilot will demonstrate "aerobatics" on opening day of the 14th annual National Soaring Contest at Wichita Falls July 4. Pictured here with his sailplane "Tico-Tico" is Capt. Kim J. Scribner of Miami, Fla., only pilot in the country who makes a pastime of looping his ship at 50 feet above the ground. Scribner also will stunt his motorless glider on week ends at the meet, July 5-6, July 12-13 and July 19-20.

West Texas Back-Analyzes 24-Year - E. D. January --

(Continued from page 1)

executives of the Cotton Council, Chemurgic Council, and Ceramics Council, have promised to attend.

Radio broadcasts, news reel, and press coverage has been assured, Flynn said.

The West Texas chamber of commerce has volunteered to assist in every way possible to make the Memphis showing a terrific success.

Wendell Harrison, chairman of the exhibits committee, has announced that body will go to Dallas July 15 to meet with Cotton Congress executives, chemurgic directors, and others relative to national exhibits in Memphis.

The Memphis Democrat has spearheaded a group of progressive business firms and individuals in offering cash awards for the best community exhibits among the 16 Hall County 4-H Clubs. Agent W. B. Hooser predicts these exhibits will "resemble a state fair" in presenting a composite picture of the county.

The Memphis High School will be converted into an exhibit area, according to Supt. W. C. Davis. The court house square will also be used for exhibits and open-air entertainment throughout the two days and nights.

The army is being asked to cover the square with canvas for the occasion. Engineers will test the feasibility of such a stunt within the next few weeks, local officials have been advised.

"We propose to have Memphis resembling a huge cotton bale for the Carnival," James F. Smith, chamber president said. "This is what photographers want and is also an opportunity for Memphis on the Red to become known nationally for its natural resources."

President Smith and his board of directors are launching a membership campaign for the chamber of commerce, asking each progressive citizen to join with present members in making the Carnival the outstanding attraction for the year in West Texas. "Other counties are going all out to assist Memphis in this gigantic undertaking," Smith said. "It is now up to us in Hall County to prove the type of host expected of West Texans. I sincerely believe we will come thru with flying colors."

Plans for the selection of Miss Memphis to serve as Cotton Queen hostess for the two days are under way and should be announced within the week.

Despite Seminole advising local officials their queen "has already won the title Miss Cotton of West Texas," other cities are optimistic and are continuing in the selection of candidates.

Miss Memphis will not compete for the title but will be hostess at the queen's ball and act as queen regent at the coronation ceremonies.

A meeting of all committees associated with the Carnival will be held Thursday, July 10, at 8 p. m. at the chamber of commerce offices. Committee chairmen, and the committees they head, are: James F. Smith, steering; Tommie Potts, finance; W. C. Davis and T. J. Dunbar, invitation; Herbert B. Estes, housing; Frank Monzingo, parade; Claude Wells, publicity; W. B. Hooser, area; T. E. Noel, entertainment; Ace Gailey, decoration; Buster Helm, dance; Haskell Howell, concessions; Mayor C. C. Hodges, welcome; N. W. Durham, special events; Hollis Boren, amusement and celebrities; Wendell Harrison, exhibit; and Bill Coursey, refreshments.

A grasshopper will eat its own weight in green material in about 16 hours. If human appetite was on the same scale, a 150-pound person would eat 150 pounds of food every day.

(Continued from Page 1)

why the citizens should be fire conscious and the fire department efficient. For instance, in 1942 your citizens were receiving a 25 per cent good fire record credit, if they had been assessed a 15 per cent penalty during that year, they would have had to pay \$56,365.18 for the same insurance for which they paid \$36,759.92 and they would not have received one penny's worth more protection. In other words, during 1942 the fire department enabled the citizens of Memphis to keep \$19,605.26 in their pockets.

During 1943 because of a rather heavy loss in 1942 your citizens received a 15 per cent credit but if the loss had been such that a penalty had been assessed then your citizens would have had to pay \$65,127.72 for the same insurance for which they actually paid \$48,137.88; therefore, in 1943 your fire department enabled the citizens of your town to keep \$16,989.84 in their pockets that otherwise would have gone to the insurance companies for no additional protection.

The heavy fire occurred in 1943, therefore, during 1944, 1945, and 1946 a 15 per cent penalty has been assessed your town. During those three years your citizens paid \$161,059.06 for insurance premiums with the maximum penalty of 15 per cent. If that heavy fire had not occurred in 1943 and your city had continued receiving the 25 per cent good fire record credit, then your citizens would have had to pay \$105,038.48 for the same insurance and the same coverage for which they paid \$161,059.06.

In other words, the citizens have had to pay back during the past three years \$56,020.58 to the insurance companies on those excessive losses, so you can see that any time the fire losses exceed 24 per cent of the fire premiums then the citizens begin to pay back to the insurance companies for the losses they paid out.

This should make every citizen extremely fire conscious because he should know that every time he sees the fire department rolling and smoke rising from a fire that the chances are he is going to help pay for its loss. During 1947 your citizens will still be assessed a 15 per cent penalty and it is likely that in 1948 the penalty will still be on, but we hope that the losses between now and then will be small and that after 1948 you will get back on your old record and receive a 25 per cent credit.

The average American is drinking less milk this year than last, due in part to the fact that he is spending more for other goods and foods which were still scarce last year.

Ranchmen have found that light, seasonal stocking improves rangeland and boosts beef yields with less stock.

County, Texas, June 15, 1911, moving to Memphis where he made his home for 20 years, then to Williams, Ariz., where he had made his home for the past 15 years. He had been engaged in construction work.

Surviving are two sisters, Mrs. H. C. Schafer of Morton and Mrs. Bruce Damon of Parnell; three brothers, Jake January and Eddie January of Williams, Ariz., and D. C. January of Fort Worth; two nieces and two nephews. Pallbearers were Edward Scott, Willard McQueen, Alvin Pyeatt, Travis Bruce, Alvin Melton, and Willard Melton.

Industrial Fats Still Scarce Experts Report

The supply of industrial fats and oils in the United States is expected to continue to be less than the demand, according to the United States Department of Agriculture. An Agriculture spokesman says:

"While there are prospects for improvement in the food fats situation, the supply of industrial fats is expected to remain short of demand during the rest of 1947.

"Whether or not export and import controls are continued beyond June 30 will have an important effect on the situation.

"In view of the known facts, it seems necessary to ask housewives to continue their efforts to save used fats during the months ahead.

So continue to save and turn in every drop of used kitchen fat. You will not only be helping American industry increase production of many badly needed articles, but you will be helping yourself by reducing meat bills as your meat dealer now pays substantially more for every pound of salvaged fat returned.

Cotton Pick
 (Continued from page 1)
 Graduating from High School in 1914 in World War I, from the University in 1922 with a B. S. in agriculture. Following more than 20 years as an assistant state agent for Nebraska, he was at the University of Nebraska & Co. until 1929 when he was employed by the Bureau of Entomology and Plant Quarantine as an assistant agent, West. He was elevated to agricultural agent on September 1, 1930, in the same position as before. He is married and has three children.
