Herman Sets Style Pace, City Follows

Herman gets the laurels for being the first sighted in Western togs on Memphis streets Tuesday morning. Wearing a cowboy neckerchief of such vari-colored hue as to send his family into voluntary exile, and so long that it draped from his neck to the floor, Herman became one of those most pernicious of present-day personalities—a style-setting fashion fashionier.

Thomas A. Hill Funeral Rites Are Held Wednesday

Funeral services for Thomas A. Hill of Enoch, who died in a Dallas hospital Monday, were held at the First Methodist Church at Hulver Wednesday afternoon at 4 o'clock, with Rev. Scott Crawford officiating.

AAA and County Agent Office To Close Saturdays

To conform with the policy of all federal agencies and that the work days might be uniform with other AAA offices in the state, the Hall County ACA committee determined at their regular meeting Saturday that the county AAA office should be closed each Saturday beginning July 19.

Fire Strikes Twice In Two Hours Monday

Two fires blazed in Memphis Monday afternoon, a little more than two hours apart. A stack of creosoted telephone poles at the back of the telephone exchange caught fire at 12:30, setting fire to a pole standing at the edge of the alley and threatening the telephone building.

Two School Elections Pend, Vote on Grouping Districts

Two school elections are pending which, if voted, will effect a considerable change in school district structure in the county. Newlin and Estelline will hold an election Saturday to vote on annexation of the Newlin school district to the Estelline school district.

Sport-Scope

Game Schedule

Saturday night, Mobeetie here; Sunday, Clarendon here; Tuesday night, Childress here. Saturday night, July 26, is an open date because of the rodeo here. Sunday, July 27, Quannah will be here for a double-header.

Memphis moved up into third place Sunday after the Kirkland game. Memphis has lost three games to two each for Mobeetie and Quannah, while Mobeetie has played 11 games, Quannah 10, and Memphis 10.

The games Sunday practically established play-off entries.

Mobeetie won over Wellington 11-2 and gave the Wellington team only the slimmest chance of reaching play-offs. Ford and Vanpool were the heavy hitters as Deason allowed only seven hits.

Clarendon won their first game of the season as they trimmed Quail 12-4, thus ruining Quail's chance to finish in the top half. Bill Meador and Lee Head pitched for Clarendon, Putman and Mooring homered.

Quannah, by taking the 9-2

game from Childress Sunday, has cinched play-off. They can lose their remaining four games and still be in the play-off.

League Standings

Team	W	L	Pct.
Mobeetie	9	2	.818
Quannah	8	2	.800
Memphis	7	3	.700
Childress	7	4	.637
Quail	4	7	.363
Wellington	4	7	.363
Kirkland	3	8	.272
Clarendon	1	10	.091

Memphis won the contest with Turkey here Saturday night 12-3 in a game close only in the first couple of innings, when the visitors played a fairly tight game, blocking Memphis scoring. Davis hurled for Memphis, being relieved in the last inning by Moyer.

Hank Keller, ace hurler, just barely made the game Sunday. It is rumored that Keller was a house guest at a very exclusive week-end party in Wichita Falls, and just couldn't tear himself away.

At first glance, the Memphis rating at the Shamrock AAU meet last week doesn't look impressive. Upon closer examination the Memphis scoring wasn't bad at all. This is not meant as an alibi—everyone knew some fine performers could be expected from Amarillo and Shamrock. We think it is a fine thing to see athletic participation for the love of the sport. Nothing is more deaden- ing to the true worth of school athletics than the "win or else" attitude. No doubt a number of small towns stayed away from the competition because they didn't have a good chance to win.

The Memphis entries, if it matters, did not have the training period nor the training facilities of the other towns. Most of them were "last minute" entries. The sponsors knew this. They and the participants believed in the worth of such regional events and did their part to promote the first such event in the Panhandle.

We had rather endorse this group than one entering "cinch" competition and taking all points offered.

Kirkland Bows To Memphis At Childress Sunday
 Kirkland had all play-off ambitions blasted Sunday at Childress when Memphis won the RRV leaguer 16 to 5.
 The game was close until the fourth inning. Both teams were scoreless in the first. Watkins came in on Gibson's hit to center in the first of the second for the first score. Moyer, Coppedge, and Dennis tallied in the third to make it 5-0, but Kirkland also ran in three that inning, including a home run hit by Akers.
 It was a Memphis game from then on. Moyer hit into center-field for a home run in the seventh, and Coppedge delivered 5

Stewart Team Smears McKnight Nine Tuesday
 When only part of the Quail nine arrived Tuesday night men were divided and a game was played anyway. Herschel Stewart hurled for the winning team, which scored 11-7 over a team spearheaded by pitcher McKnight.
 Home runs were hit by Moyer, Berryman, and Neely, but it was not necessary to get on base to get a run, as Keller proved in the sixth when he slid into third as he was thrown out at first on a hit to the pitcher, Hoover. He then stole second as another runner advanced to third.
 With two away and a short hit to short this would have retired the side—if McKnight's team had not been playing sans shortstop.
 Hoover stole two bases in the third when catcher Dennis lost the ball inside his uniform. The pitcher, who had several balls in his pocket at the time, brought a new one into play in time to save the run.
 With Berryman pitching for Stewart, Hoover hurling for McKnight, Moyer to first, Butler Stewart and Gene Corley taking a turn at third, the infield gained life, if not accuracy.
 The McKnight team hit 7 times for 7 runs; the Stewart team hit 10 times for 11 runs, roughly speaking, that is.

Amarillo Takes Top Honors At Shamrock Meet
 Raymond Clark placed third in the 100-yard free style swim contest at the first Panhandle AAU swimming meet, held at Shamrock last Thursday and Friday.
 Gene Robertson took fourth place in the diving events.
 Amarillo was first place winner in the AAU division, while Shamrock contestants won in the nov- classification. Final score tab- ulations were Amarillo, 111, Sham- rock 84, and Memphis 13.
 Bob Jones of Amarillo was first in the 220-yard swim with time of 3:55. Leslie Balmaj of Amarillo won the 100-yard back- stroke race with 1:35 time. Betty Brainard of Amarillo won the 100-yard free style girls contest. James Kile of Amarillo won the 100-yard boys free style. Amari- llo won both boys and girls 4-00 yard relays. Mary Lou Hoff- man of Shamrock won the 100- yard girls breaststroke.
 Amarillo's Pat Mullin took the bathing revue honors.
 Coaches were Murle Great- house, Amarillo; Erron Isaacs, Shamrock; and Ray Newton, Memphis.

Irrigated Farm Produces Results

Edwin Thompson, northern outskirts of Memphis, has paved the way for irrigation in this vicinity. Pipes are arranged at intervals along the larger pipe line, for hose or spray use.

Drillers have stated they believe the Thompson farm is on the edge of a good water source, about a half-mile in width, north-south, and running for a considerable distance east-west. The water is soft, with no discernible impurity, although Thompson says that he will have a chemical analysis made soon.

Thompson is contemplating the addition of more wells on the farm after experience with the irrigation system installed for truck garden use.

This may be the beginning of large yearly yields of fine vegetables on a number of farms in the area north of Memphis. Good water for irrigation purposes may be available over a wider area than is now realized as engineers and drillers investigate the supply source.

Floyd Melton of Qunah, son of Mr. and Mrs. E. Melton of Memphis, underwent an operation Thursday last week. He is in a veterans' hospital. It was reported by a member of his family that he is doing very nicely.

Quality of Hay May Be Improved

Better methods of harvesting, curing, and storing could mean a big rise in the quality of hay that is produced on Texas farms at this season every year.

The time of harvesting a hay crop, says E. A. Miller, extension agronomist of Texas A. and M. College, has more to do with turning out good hay than many producers realize. When the crop is allowed to get too ripe, it becomes coarse and loses a great deal of its feed value, especially protein. Sudan grass and Johnson grass need cutting as soon as the first seed heads begin to form, or even earlier, to get a sale rich in feed value, says Miller. Producers have found that alfalfa makes the richest hay if cut when the field is about one-tenth to one-fourth in bloom. Sweet clover, the agronomist says, is best cut before it begins to bloom.

Curing has a lot to do with the way hay turns out, too. Grass hay may be left in the swath until fairly well cured, Miller explains, but legume hay, like alfalfa, clovers, and cowpeas, will suffer a big loss of leaves through chattering if it is not raked into windrows soon after cutting. The leaves contain most of the feed value, the agronomist says, so it's the wise farmer who gets his legume hay shocked before the leaves begin to shatter.

Electric Iron, "Octopus" Wiring Are Fire Hazards

Among the items that help start household fires as the housewife goes about her daily tasks, the electric iron ranks up among the worst of them.

Ordinarily the blame can't be put on the iron, but on the person who goes off for a few minutes and forgets to turn it off.

Home management specialists of the Texas A. and M. College Extension Service say that if a housewife is really safety-minded, she will not only turn off her iron when she leaves it, but disconnect it as well, even if she leaves only for a few minutes.

"Octopus connections"—several electrical connections from one outlet—are another serious household fire hazard, the specialists say. A safe rule is to make only one or two connections from an outlet and avoid the use of extension cords except as temporary wiring.

Other electrical "don'ts" around the house are: don't hang extension cords over nails, or run them through doors or underneath rugs; don't use worn cords on lamps and appliances; don't let clothing, draperies, or other inflammable materials come too close to light bulbs.

Pelting raindrops speed up soil erosion by splashing soil particles as high as two feet in the air.

Childress Votes Carnival Aid

Childress will go "all out" for the West Texas Cotton, Chemurgic, and Ceramics Carnival, October 3 and 4, according to Paul Ord, manager of the Childress chamber of commerce and board of city development. The Childress board of directors voted Tuesday night to lend all aid in making the Memphis carnival a success.

"We plan to have a float in the parade, a duchess in the coronation, an exhibit, and our high school band to back up our delegation to Memphis," Ord advised Pat Flynn yesterday.

Also coming to the Memphis carnival "100 per cent strong" will be Matador, according to Douglas Meador, publisher of The Matador Tribune. "We believe the carnival program a worthy one for the entire region and also believe all communities should attend and participate," Meador said.

Fort Worth and Denver officials in Dallas and Fort Worth announce plans this week for the special train from Amarillo with "Pick-up" service from the North Plains region. They also said they would operate another special from the South Plains region into Memphis "if sufficient passengers desire to use train facilities."

A letter from the president of the Decatur chamber of commerce, received here Wednesday, indicated Wise County would have a huge delegation here as well as adequate exhibits from that area.

But Winkler County representatives wrote they didn't know what they could send other than delegates as "there isn't one acre of plowed ground within the county," advised the Kermit chamber of commerce. Petroleum and livestock are the industries of that county.

BELLANCA VISITORS

W. E. Campbell, vice president and sales manager of the Weather-Campbell Aircraft Corporation, Dallas, accompanied by Bill Pope, chief pilot, were Memphis visitors Tuesday night.

While in Memphis they demonstrated the new Bellanca plane to Ed Foxhall at the municipal airport.

Campbell and Pope flew to Pampa and Perryton before returning to Dallas.

Maxoil To Supply PA System Here

The Maxoil Company of Amarillo will supply all of the public address system facilities for the first annual West Texas Cotton, Chemurgic, and Ceramics Carnival in Memphis October 3-4, Vernon W. McEntire, manager, announced this week.

The Maxoil Company, bought its first public address system ten years ago to publicize the opening of Buffalo Lake. Since that date, McEntire said, more than 300 shows have been serviced by his systems, the majority having been directed by Pat Flynn, present Memphis chamber of commerce manager.

Mobile units, stationary microphones, loud speakers, and directional amplifiers are included in the system which is large enough to supply sound to the entire city from one focal broadcast.

122 Ex-Agies Get Army Commissions

One hundred and twenty-two ex-Agies are among the 780 appointments by President Harry Truman for commissions in the regular army, a recent check by the Texas A. and M. Former Students' Association showed.

From a recent list published by the War Department, Texas A. and M. was the largest producer of officers for commissions in the peacetime army.

WASHINGTON GREETINGS

Johnny Oleinik, Washington, D. C., engineer and son-in-law of Pat Flynn, chamber of commerce manager, visited in Memphis this week. "Congressman Gene Worley sent his regards to Hall County and the Cotton, Chemurgic, and Ceramics committee," he said. "Congressman Worley and Senator Tom Connally both said they would attend the celebration if possible," Oleinik said.

The young engineer will enter Texas A. and M. College this fall to complete his work toward a degree in electrical engineering.

Concessions Will Help In Meeting Carnival Expense

Pat Flynn, manager of the Memphis chamber of commerce, and Hall county board of development, has applied through the Texas Labor Board of Statistics for a wrestling promoter's license for Memphis.

"We are endeavoring to pay all expenses of the Cotton Carnival through concessions," Flynn explained, "and without asking for public donations or underwriting. We believe a good wrestling match here every other Friday night will not only please sports fans but will materially assist in meeting the necessary carnival expenses."

The local matches, Flynn said, would be arranged through Dory Detton, Amarillo promoter.

Announcement of the date and location of the initial match will be announced as soon as preliminary details are completed.

"Good morning, Jimmy," said the neighbor to the small boy sweeping off the porch. "Is your mother in?"

"Would I be doing this if she wasn't?"

Potato Good Dairy Feed Substitute

Folks all over are asking about the practice of using potatoes as feed for dairy cows. Extension dairymen at Texas A. and M. College are telling them that spuds are satisfactory in a dairy ration if fed in limited amounts, as a substitute for grain or other feed.

Sometimes, say the dairymen, cows may choke on the potatoes, but this can be remedied if the dairy farmer will slice or chop the vegetables before feeding. Potatoes are not the most tasty feed a cow can get, and she needs to become accustomed to them gradually. Feeding too large amounts of potatoes may cause scours.

When fed at the rate of 24 to 40 pounds per head daily, the spuds are a good substitute for corn silage, the dairymen say. Even at that, the animals will probably lose their appetite for the vegetable after a few months.

Vacationing Vets
Not Entitled To
Pay, Says TEC

G. I. readjustment allowances
are not intended as summer vaca-
tion pay, F. A. Wells, district
director of the Texas Employ-
ment Commission, advises student
veterans, according to a repre-
sentative who visited in Memphis
Tuesday.
The TEC cooperates with the
Veterans Administration in ad-
ministering the readjustment al-
lowance part of the G. I. Bill of
Rights, Wells said.
Even if he is otherwise qual-
ified, a veteran is not eligible for
readjustment allowances for un-
employment if he is receiving
subsistence allowance for educa-
tion or training under the G. I.
bill or if he is not available for
suitable work, Wells stated.
"This means," he explained,
"that in between school terms
and during vacation periods vet-
erans should make sure that their
federal government school sub-

sistence allowance payments have
been discontinued before claiming
readjustment allowance.
"Further, the veteran who is
planning merely to rest and play
during school time is not eligible
for readjustment allowance.
Among other things he must be
available for employment or seek-
ing a suitable job during each pe-
riod for which he claims a read-
justment allowance."
The law provides that further
rights to readjustment allowance
shall be forfeited by a veteran
who knowingly accepts an allow-
ance to which he is not entitled.
In addition, misrepresentations
and fraud are punishable by fed-
eral fines and prison sentences.
In Texas many of the investiga-
tions have been handled by the
FBI, he added.

"He's at his best on dogs."

New Traffic Code Does Not Ban Hitchhiking

Contrary to inaccurate reports, the new Uniform Traffic Code does not prohibit hitchhiking, George Clarke, managing director of the Texas Safety Association, said today in Austin.

The code, which goes into effect September 5, was supported by the Texas Safety Association and 58 statewide cooperating groups in the recent session of the legislature as a safety measure.

The two-line subsection of the

traffic code pertaining to hitchhikers reads:

"No person shall stand in a roadway for the purpose of soliciting a ride from the driver of any vehicle."

A roadway is defined in the bill as "that portion of the highway improved, designed or ordinarily used for vehicular travel."

The bill defines a highway as "the entire width between the boundary lines of every way publicly maintained when any part thereof is open to the use of the public for purposes of vehicular travel."

Clarke emphasized that the bill does not forbid any person to stand on the shoulder of the road for the purpose of soliciting a ride from a driver.

He said that it is a prevalent practice in the state for hitchhikers to stand on the concrete or corrugated surface of the road, and that this action constitutes a definite hazard to the hitchhiker, as well as to traffic.

Penalties for violations of the act range from \$1 to \$200.

The best reason for knowing enough to come in out of the rain is not to keep from getting soaked but to avoid being struck by lightning.

Scout News

(By Cub Reporter)

The Cub Scouts of Pack 35 held an ice cream party at the city park Sunday at 5 o'clock. The cubs enjoyed playing games, the first thirty minutes, under the direction of Cubmaster Boaz Stotts.

Ice cream and cookies were served by Mrs. J. L. Smith and Mrs. Mary Hardage.

After the refreshments were served, the Wolf cub badge was presented to John Chamberlain by Den Chief Troyace Rhudy. Den No. 2 then gave one of their den yells.

Cubs attending were James Aduddell, Harold Aspren, Carroll Gilchrist, Roy Coleman, Roddy Bice, John Deaver, John Foster, Wayne Tiner, James Diamond, Duke Frisbie, Robert Breedlove, Dick Geiger, John Chamberlain, Bob Wilson, Bobby Erwin, den chiefs Troyace Rhudy and Foy Stone.

Den mothers attending were Mrs. J. L. Smith and Mrs. Gene Chamberlain.

Guests were Jimmie Lynn and Farrell Jones of Hedley, Bob Gilchrist of Plainview, John Carroll Coleman, John Deaver, Jack Staten, David Pyle, Ben Fred McCreary, Junior Cochran, Mike Chamberlain, Gene Chamberlain, Bobby Duncan, and Mrs. Mary Hardage.

The scout charter for Scout Troop 35 will be presented at the Lions Club at the regular meeting Wednesday, July 23. The charter will be presented to the Lions Club president after a short talk on activities of Scout Troop 35 for the last year.

Plans for the year 1947-1948 will be presented to the club. Membership cards will be presented to committeemen N. W. Durham, O. R. Saye, Pete Smith, and Ben Wilson Jr.

The scouts will also hold a short court of honor ceremony for scouts advancing the last two months. Those who will receive merit badges are scouts Adrian Combs, Anderson Gardenhire, Charles McCreary, Troyce Rhudy, and Donal Payne. Scout Bobbie Joe Paris will receive his final merit badge that will make him eligible to be an Eagle Scout. He will receive his Eagle badge some time in August or September.

The scouts are now planning on a four-day trip to Carlsbad Caverns and other points of interest in New Mexico the first part of August. We would like for the club to help us get some type of transportation by that time. We plan to take about forty boys on this trip and will need all the help to get ready for this trip.

The scout softball "B" team went to Estelling Sunday afternoon and played the Estelling cub team. The scout team won the game by a score of 14 to 7.

CUB NEWS DEN 1

The cubs of den 1 met in the home of Mrs. J. L. Smith Tuesday afternoon.

The cubs spent most of the afternoon doing woodcraft work. Those attending the meeting were Foy Stone, Roy D. Coleman, Jimmy Davis, James Aduddell, and Harold Aspren.

The world's 1946-47 cotton production is estimated at 21,500,000 bales.

Heavy May Rains Test Terraces

Heavy May rains, measuring up to 9 inches in some sections, provided a real test for new terraces built by West Texas farmers.

Most of the terraces stood the water well. In Coke County, J. R. Emmons, county agricultural agent, reports that a few lessons were learned when poorly built terraces broke under the heavy rainfall.

Of the terraces built with the county rig in cooperation with the Soil Conservation Service, only two gave way, and one of them was on a farm where the terracing system had not been completed.

Shelton Hainey, Flomot farmer, has a "syrup pan" system that catches water from about 700 acres. After the rains, Hainey told County Agent-Emmons that the terraces held perfectly; each lister ridge was full of water. He figures that the rainfall he saved with his terraces will make a lot of difference during July and August when the weather is hot and dry.

The Bookshelf

According to a recent Associated Press story the lion's share of book-print paper is going for textbooks because of the unprecedented college enrollment and continued paper scarcity. Even so, there seems to be no discernible dearth of new non-text titles.

Recent additions to the local Carnegie Library shelves, as reported by Mrs. W. V. Coursey, librarian, include:

CHARLES DICKENS
By Una Pope-Hennessy

The author of David Copperfield, Oliver Twist, and a whole shelf of some of the most famous novels in the English language, is a man whose articulateness never seemed to reach or to express the darkness within his own soul. That is why his life story is a fascinating one, and also why he has been a paradox to biographers.

Una Pope-Hennessy's book is a product of four years of research and a keen study of Dickens' mind and of his relationship to the public Victorian world. It covers his unhappy youth, his career in journalism, his work and success as a novelist, his controversial visits to America, and his advanced social views. He emerges a modern artist concerned with the social problems of his day.

GIVE US OUR DREAM
By Arthemise Goertz

Here is a book for people who believe life can hold happiness and hope and laughter. The scene is a small apartment house in Sunnyside, just thirty minutes from Times Square—a lowly kind

of Grand Hotel, but to Mrs. Lily Marsan as exciting a place as anyone could ask.

Although she was a widow, Mrs. Marsan was seldom lonely. For years now she had suffered joyously from insomnia. Things happened at night that never happened in the daytime. And scarcely a night passed but Mrs. Marsan could share vicariously in some drama of her neighborhood.

AURORA DAWN
By Herman Wouk

This novel does sound at times as if it had been written with an ostrich quill in an eighteenth-century coffee shop. Actually, it was begun on a destroyer in the Pacific in 1943. The book is concerned with radio and advertising, but it gives Mr. Wouk's views on humanity and folly in general. It is a rollicking, modern comic

U. S. NAVY CAPTAIN IS VISITOR IN MEMPHIS

Capt. R. S. Barnaby, USN, of Philadelphia visited in the home of Mrs. Mary Jane Reilly Sunday afternoon. He is attending the National Soaring Meet at Wichita Falls as naval representative for the Bureau of Aeronautics. He flew here Sunday and landed at the municipal airport. Captain Barnaby was in charge of all guided missile development for the navy during the war and was the commanding officer of Mrs. Reilly and the late Major Reilly while they were stationed in Philadelphia.

John P. Brown, Carey Resident, Dies Saturday

John P. Brown, a resident of the Carey community since 1924, died at his home Saturday. He was 73 years old.

Funeral services were held Monday in Greenville, with local arrangements under the direction of Murphy-Spicer-Estes funeral home.

Mr. Brown was born September 7, 1873, in Grayson County. He moved to Carey from Hunt County. He was a member of the IOOF Lodge and the Church of Christ.

Surviving are his wife, Mrs. Ella Brown; two sons, Ollie Brown of Childress and Carl Brown of Abilene; four daughters, Mrs. P. B. Roberson of Lyon, Kans., Mrs. Opal Woodard of Amarillo, Mrs. C. M. Martin of Lubbock, and Miss Sadie Brown of Carey; three sisters, Mrs. J. H. Crady of Childress, Mrs. R. J. Crawford of Yuma, Ariz., and Mrs. Will Hill of Marcum, Texas; 10 grandchildren and 4 great grandchildren.

MRS. T. D. WEATHERBY RECOVERS FROM ILLNESS
 Mrs. T. D. Weatherby, who has been ill for several weeks, is improving nicely and has completely recovered her eye sight, she stated this week. She recently returned from Oklahoma City where she spent several weeks receiving medical treatment.

Dumas To Hold "Dogie Days" August 1, 2, 3

Dumas will stage its annual Dumas Dogie Days formerly known throughout the Texas Panhandle as Dumas Rodeo and Old Settlers Reunion on Friday, Saturday, and Sunday, August 1, 2, and 3.

Highlights of the celebration are to be an Old Settlers' Reunion picnic on the court house lawn in Dumas at noon Friday, August 1, to which old timers are asked to bring their basket lunches; celebration sponsors will furnish coffee, drinks, badges, prizes, and various types of entertainment.

The top of the show, however is a big western parade scheduled for 11 a. m. Saturday, August 2, featuring the finest horses and most colorful riders of the entire North Plains area, it is reported, with men and women in pioneer and rodeo garb, buckboards, stage coaches, floats and cars, and industrial exhibits by the 16 major oil, gas, and carbon companies operating in Moore County. A full three hour rodeo show will be run off starting at 2 p. m. Saturday, August 2, and Sunday, August 3, and an outstanding card of quarter horse races is being arranged, it was announced.

Quarter horse and rodeo entries should be addressed to O. B. Thomas, Dumas.

A nine piece orchestra from Wichita Falls will furnish music for the Old Settlers Reunion dance Friday evening, August 1, and the grand celebration ball Saturday, August 2.

Riders of fine horses from the entire area are invited to ride in the parade.

Liberal prizes are being offered in all divisions of the rodeo, to which will be added all entrance fees.

In the past the Dumas show has been a top spot in the cycle of colorful western exhibitions and revival of pioneer life, staged by Texas Panhandle towns, it is reported.

This year's show is jointly sponsored by the Dumas Lions Club, Dumas chamber of commerce, and Dumas Rodeo Association.

Too fine grinding of feed wastes both feed and power. Coarsely ground grain and chopped roughage is more palatable.

Flynn and Friend Soar Southwest, Bookers Bid

George Coles, factory representative of the Bellanca Airplane Corporation, New York City, believes he should be at least an honorary member of the Memphis chamber of commerce. That is, after the piloting chore he has done for Pat Flynn, Memphis chamber of commerce the past few days, and what his company has agreed to do.

It all began in Memphis last week when Coles dropped in on Flynn to renew acquaintance. They discussed the Cotton, Chemurgic, and Ceramics Carnival, barnstorming days, West Texas, and a few old friends. Then Coles flew on to Amarillo.

Thursday Flynn drove into Amarillo from Abilene where he had conferred with officials of the West Texas chamber of commerce relative to the Cotton Carnival plans for Memphis on October 3-4. The first man he saw in entering the Capitol Hotel was Coles.

Flynn had to go to Albuquerque to confer with show bookers. Coles had never seen Albuquerque. They flew over together. Flynn did not see fit to sign a contract with the booker. They flew back to Amarillo. Flynn heard of two producers in Oklahoma City. They flew there and then on to Dallas where Flynn conferred with army officials, theatrical bookers, newsreel cameramen, and other Carnival attractions. Coles flew on to New York City, but not before making Flynn one more promise:

The Bellanca Corporation will have three planes in Texas the first week of October. One will fly Gov. Beauford H. Jester from Tyler to Memphis for the occasion. The other two planes will stand by to transport cameramen and reporters to Cotton's Home Town.

Coles, one of the nation's outstanding racing pilots, said this week: "Memphis is to be congratulated on electing to stage a nat-

Whittenburg Is New Area Rent Director

Don M. Whittenburg has arrived in Childress and will assume the duties of rent director of the Childress and Memphis-Quanah rental areas on July 20, replacing Wilmer R. Mauldin, who has been area rent director of the two areas since October, 1945, it was announced Wednesday.

Mauldin has resigned to enter private business in Greenville, it was reported. Whittenburg comes to Childress from Dallas. Mrs. Whittenburg and family will join him later.

Whittenburg is experienced in the operations of the rent control program, having devoted practically all of his time in this line since being released from the navy, the announcement said. All landlords and tenants desiring information relative to the new Housing and Rent Act of 1947 are invited to telephone, write, or go to the area rent office at 129 1-2 Commerce street in Childress.

ural resources show. Bellanca wants to assist. We are entering West Texas aviation fields and our best customers are farmers and industrial executives. Why shouldn't we cooperate with Memphis on its celebration. We believe all manufacturing concerns should assist in making the first West Texas Cotton, Chemurgic, and Ceramics Carnival as big as West Texas. After all," he added "these components added together compose 95 per cent of all industry."

But when Coles asked for his honorary Memphis membership card, Flynn turned commercial. "We have on a membership drive," Flynn declared. "We shall welcome Bellanca's check for annual dues."

Mrs. Atteber

 had been an active member until about 12 years ago, because of a fall she had ridden since that time.

She came to Memphis with her daughter, moving from Childress, husband, J. C. Atteber, preceded her in death in death five years ago.

Survivors are a daughter-in-law, Mrs. R. C. Vinson of Fort Worth; 12 grandchildren and 21 great grandchildren. Pallbearers were E. Boatman, Frank West Hall, Benny De J. Messer.

Flower bearers were Hethcox, Jerlean W. Cochrane, Betty Verma Carol Denton, Faye Ward.

Interment was in Cemetery, under the the Murphy-Spicer-Himoe.

Attending the service of town were Mr. and Mrs. Vinson Jr. of Guyton and Mrs. Robert J. and son Billy of Fort and Mrs. William Goodlett, Mrs. E. W. Fletcher of Amarillo, Mrs. E. H. Boaz of

BOAT RACE, 1947 . . . Robert William Lawless, 9, who was the Houston, Tex., Optimists' Club as Mr. America, Jr., is fishing, football, skating, bicycling and, strangely where he rates "A's." Bobby says he gets by swell on weekly allowance.

DESTRUCTION VS. REPRODUCTION

The summer's bitterest battle is raging today across the Cotton Belt—the struggle of the farmer to protect his cotton crop from the hungry boll weevil and other insect enemies. Multiplying with unbelievable rapidity, the boll weevil can heavily damage the crop unless controlled by insecticides, the National Cotton Council declared. The multi-draw duster shown in the picture distributes insecticides over several rows of cotton simultaneously, but many other types of equipment are available to meet the needs of every size farm.

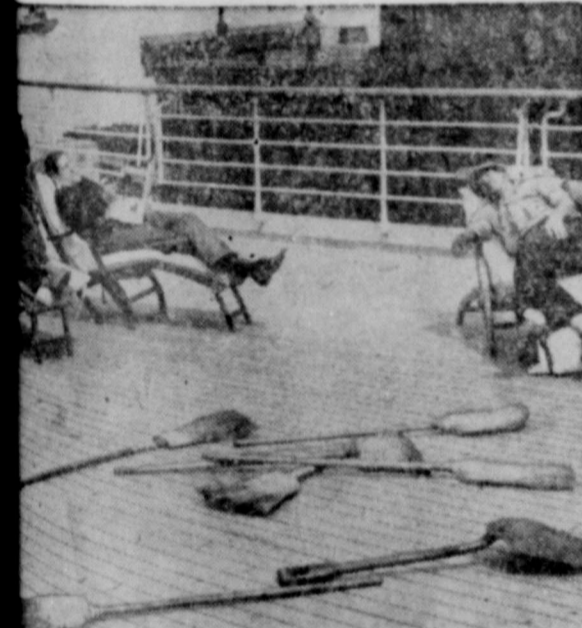

DAIRYLAND FESTIVAL AT WATERTOWN . . . The north country's Dairyland Festival, focusing national attention on New York state's diversified dairying industry drew 50 thousand spectators. Features included a three mile long street parade, coronation of "Queen Vicky" Ostrowski, 19, as Dairyland Queen, (inset); selection of Mrs. Lillian Slate and Robert Phinney (upper L.) as champion milkers; the sale of Jon Del Jane Perfection (upper R.) for \$660, and the auction sale of 56 head of registered Holsteins and calves, "Small Fry" (bottom) use the circus tent technique in reverse while their elders attended the auction. The festival is an annual event at Watertown, N. Y.

FLOOD WATERS . . . As reports continued to come in on the country, such scenes as this were common along the Missouri river, as more than 10,000 persons were forced from their homes. This photo taken near Ottumwa, Iowa, shows a bearing women and children to safety from the flood.

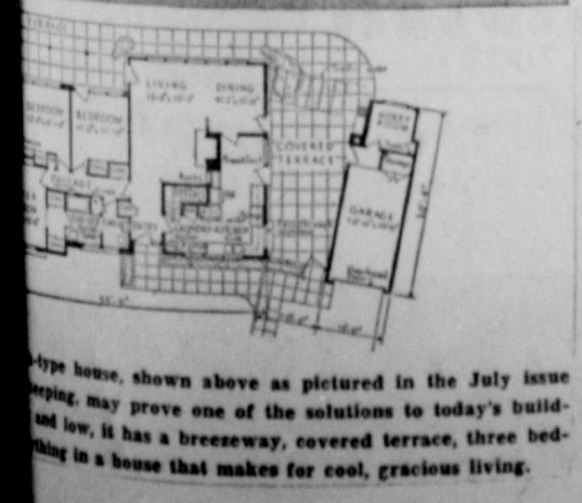

LEGIONNAIRES ADD TO RANKS . . . A view of the scene as 400 men and women were inducted into the Kings County American Legion at Borough hall, Brooklyn, N. Y. Nicholas E. Lanese administered the oaths to the new members.

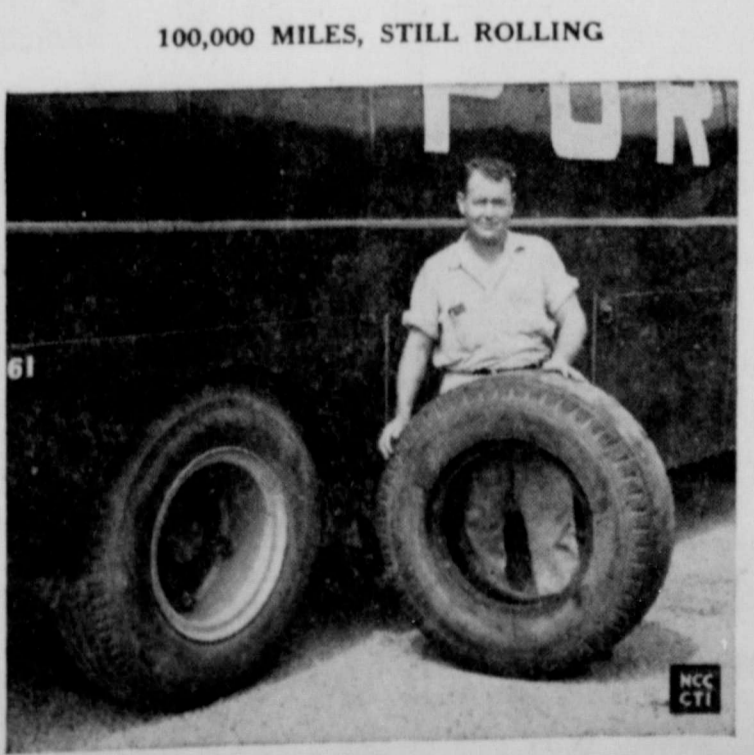

OVERBOARD . . . When the longshoremen, members of L union started their strike on the S. S. American in harbor, they decided to take it easy. The unions refused the "no contract, no work" slogan. They called it a sympathy.

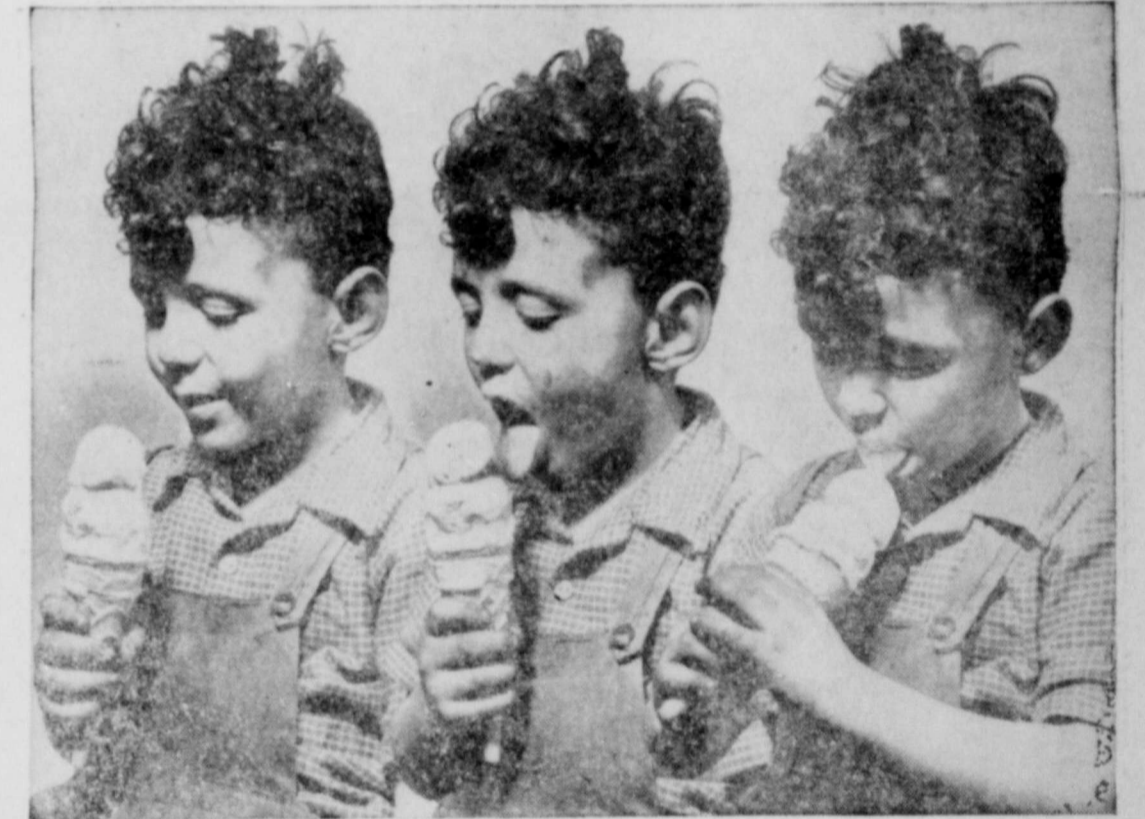

SAVED DOG FROM FIRE . . . Philip Judd, 5, San Francisco, watches firemen battle blaze at his home, after young Judd was routed by the flames. He holds his dog, "Chubby," whom he saved from the burning house.

Breezy Ranch House
 This type house, shown above as pictured in the July issue of the Memphis Democrat, may prove one of the solutions to today's building problem. It has a breezeway, covered terrace, three bedrooms and a bath in a house that makes for cool, gracious living.

100,000 MILES, STILL ROLLING
 This sturdy veteran from a group of tires tested for performance with a fleet of heavy gasoline trucks has given 100,000 miles of service, its cotton cord carcass outlasting three recappings. Made under identical conditions with the same amounts and types of rubber, but using different fibers in the cords, the tires showed different degrees of stamin. Rayon cord tires lasted for an average of 25,985 miles, cotton stamin. Rayon cord tires lasted for averages of 46,399, 50,673 and 50,975 miles. Admiring the tire in the picture is Sam Lazenby of Hughes, Ark., himself an oil company distributor.

This, says the National Dairy Council, shows a boy who, in just 3 seconds from left to right, "is unconsciously giving an A-B-C health lesson in summer enjoyment," but good.

HEREFORD BRINGS WORLD'S HIGHEST PRICE

Grand Champion "Rollo" brings world's highest price paid by C. R. Rew, Manufacturer of Gem Dandy Electric Churns (upper right) at Birmingham Annual Fat Stock Show. The steer was donated to the Cancer Drive by Rew. Pictured above center is 4-H Club member J. Lee Alley, who exhibited the steer, receiving a kiss from his mother, as Gene Autry, who auctioned the steer, looks on.

Grand Champion of the Birmingham, Alabama Annual Fat Stock Show set a world record price for polled Hereford steers, according to announcement made by H. I. Herbert, editor and publisher of International Polled Hereford Magazine.

Grand Champion "Rollo" brought \$5.05 on the auction block. Previous world record was more than \$4.00. The world's highest price was paid by C. R. Rew, President,

Alabama Manufacturing Company, manufacturers of Gem Dandy Electric Butter Churns for farm use. The steer was donated to the Cancer Drive by Rew, who is known as the "Churn King." "Rollo" was exhibited by 4-H Club members J. Lee and Lawrence Alley of Midway, Bullock County, Ala. The total price, \$5,373.20, will be used by the boys for a college education.

Winning 4-H Essay

Editor's Note: This is the tenth in a series of prize-winning 4-H essays, from the contest conducted in the county recently. Grady Montgomery of Route 1, Lakeview, prepared the following paper on "The Advantages of Diversified Farming."

My father is an example of a farmer who diversifies. He raises cotton, feed crops, wheat, Hereford cattle, milk cows, hogs, and chickens. Cotton is a cash crop. He sells wheat, too, but it is also used for grazing cattle and hogs for market. He sells separated cream from the milk cows, besides the milk, butter and cream used at home. From the chick-

ens he raises fryers, and sells eggs in the spring to the hatchery, for which he receives a better price than on the regular market.

One of the advantages of this kind of farming is, that if one crop fails, then he can depend on the others for some return. For example this last year, our cotton crop was damaged by a severe dust storm. This caused a short cotton crop. Also there wasn't enough rain to mature the wheat for a good crop, and it was less than expected. But he had cattle and hogs, too. Both of these did well, and brought good prices. This shows that one shouldn't depend on one thing to

make a living on the farm. If my father had depended on cotton alone, which is the main money crop in this county, he wouldn't have done very well.

I think this a good example of the advantages of diversified farming.

Says 500 To Help Stage Carnival

Citizens of Memphis are urged to report availability of rooms and accommodations for out-of-town guests October 3-4, at the Cotton, Chemurgic, and Ceramics Carnival.

"More than 500 people will be here to assist in staging the show," Pat Flynn, chamber manager announced this week. "Where we can put them to sleep and eat is a major problem," he said.

This figure does not include exhibitors and their crews, according to Flynn, but merely takes in newspaper reporters, photographers, stage show cast, entertainers, and radio broadcast crews.

Amarillo is sending a special train for the Carnival and will have its own diner on the train. However, more than 50 other cities are sending motorcades where travelers must be accommodated; where rooms are needed, and it is up to Memphis to prove its hospitality.

Guests are willing to pay maximum rates for rooms. A telephone call to the chamber of commerce, listing all available sleeping accommodations, will be appreciated according to the housing committee.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

 The Rural High School law permits school districts thus formed to return to state and county tax rendition which we all want. This can be done in another year. We will draw more state aid when this new district is formed, than we have ever known.
 Remember, folks, we don't have much choice, we are allowed a teacher for each 30 pupils. Neither has 30 in any one grade but will have 30 when united. In 1931 Hall County had 4,830 pupils; today we have 2,685. We could struggle along divided with our grade school. And by so doing we paralyze the high school which we all must use.
 All teachers now under contract by either school would still be used by the new board in the new district and all obligations and all resources pooled into new district. School days with its hustle and bustle will soon be upon us and much will have to be done to

get our house in order for the boys and girls of our communities, who are looking forward to the type of education this election can make possible for them.
 It is within the grasp of each voter to bring their children a better educational program, which will actually give the tax payer more for his money.
 Folks, let's vote this new district Saturday and start making preparation for the best school program we have had to offer in several years.

Lovely Miscellaneous Shower Honors Miss Betty Jo Mitchell, Bride-elect

One of the loveliest parties of the summer season was given Monday afternoon at the home of Mrs. George Bass, 105 North 9th street, to honor Miss Betty Jo Mitchell, bride-elect of Henry Lee Solomon.

The party was given as a miscellaneous shower with Mesdames J. L. Barnes, R. E. Clark, C. L. Mixon, Charles Williams, Burl Smith, Ernest Lee, Roy L. Guthrie, Ira McQueen, E. L. McQueen, Ed Hutcherson, Cecil Lockhart, T. K. Wilton, and Charles R. Webster as co-hostesses.

Guests calling between the hours of 4 and 6 o'clock were greeted at the door by Mrs. R. E. Clark who presented Miss Mit-

chell, her mother, Mrs. Jesse Mitchell, and the mother of the groom-elect, Mrs. E. W. Solomon. Miss Dora Mitchell, sister of the honoree, secured signatures of guests for the hand-painted bride's book.

The color scheme of pink and white, chosen by the bride-elect, was noted in the floral decorations used throughout the reception rooms. In the dining room the handsomely appointed refreshment table was laid with an Irish lace cloth and adorned with a center arrangement of white daisies and pink carnations. Dainty cakes, mints, and punch further accented the chosen color scheme. Misses Peggy Mitchell, and Betty Jean Solomon and Mrs. W. E. Moss, sisters of the bride-elect and groom-elect, served during the party hours.

An assortment of beautiful gifts, including a complete service for 12 of Haviland china, sterling silver, and crystal, which were gifts from the guests for the honoree, were on display.

The young couple plan to be wed in the First Methodist Church of Memphis Sunday morning at 8:30 o'clock.

Vows Read in Amarillo Unites Thompson and Charles F. Campbell

Wedding ceremony, Miss Thompson, daughter of Mr. M. Thompson of Amarillo, was the bride of Mr. Campbell, son of Mr. Campbell, also of Amarillo, on Friday evening.

The bride chose a pink satin wedding gown trimmed in white lace. Her accessories were white and she wore a corsage of pink rosebuds. She is a spring graduate of the Lakeview High School.

The bridegroom attended Memphis High School prior to entering the service on April 3, 1946. He received his honorable discharge December 19, 1946, and at the present time is engaged in farming in Hall County.

Mrs. H. L. Davenport Jr. of Childress is visiting here this week with her parents, Mr. and Mrs. W. V. Coursey.

Former Memphis Residents Celebrate Golden Wedding Anniversary in Austin

Mr. and Mrs. T. Kittinger, who made their home in Memphis from 1904 to 1937, recently celebrated their 50th wedding anniversary at their home in Austin.

During the years they lived here, Mr. and Mrs. Kittinger were both active in community and civic affairs. Mr. Kittinger was a contractor and a member of the Masonic Lodge. They were both members of the Presbyterian church and Mrs. Kittinger took a very active part in all church work. She also devoted much of her time to the American Legion Auxiliary and club work.

Mr. and Mrs. Kittinger were born and reared in Kentucky. They were married on April 24, 1903, and moved to Hall County in the fall of 1904. They resided in Memphis until May 17, 1937, when they moved to Austin.

A number of friends and neighbors called during the afternoon, among whom were Mr. and Mrs. Browning of Austin, also formerly of Memphis.

MR. AND MRS. T. KITTINGER

Miss Estelle Sweatt United In Marriage To Cecil Galloway in Ceremony in City

Nuptial vows were exchanged by Miss Estelle Sweatt, daughter of Mr. and Mrs. C. E. Sweatt of near Memphis, and Cecil W. Galloway, son of Ed Galloway, also of near Memphis, Saturday evening, July 5, in the parsonage of the Church of Christ of Memphis, with Minister Carlos D. Speck officiating at the single-ring service.

The bride chose for her wedding a printed silk, street length dress with matching brown and blue accessories and a corsage of pink carnations.

Mrs. Galloway received her education in the Memphis public schools, and San Jacinto Beauty School in Amarillo. She was employed at Mrs. Whitley's Beauty Shop until a week before her marriage.

The bridegroom received his education in Memphis and in San Antonio public schools. He has served five years in the U. S. Army, three of which he spent overseas. At the present time he is employed with the Phillips Petroleum Company in Phillips.

Mr. and Mrs. Galloway will be at home at 1416 Clanton street in Borger after August 1.

Family Reunion is Held In Home of James M. Martin

Mr. and Mrs. James M. Martin of 115 East Robertson street, residents of Memphis since 1908, had all of their children home Saturday and Sunday for a family reunion. The gathering marked the first time all members of the family had been together since before World War II.

Mr. and Mrs. Martin are the parents of six children, four daughters and two sons. They have eight grandchildren and one great grandson.

Attending were the following children and their families: Mrs. M. F. Harris and family of Amarillo, Mrs. W. H. Borwell and family of Clarendon, Mrs. W. E. Bills of Dallas, Mrs. E. W. Ivey and family of Los Angeles, James M. Martin Jr. and family of Memphis, and Jack L. Martin and wife of Little Rock, Ark.

Dorcas Society Contributes to Texas City Fund

Members of the Dorcas Society enjoyed an all-day meeting Tuesday of last week in the home of Mrs. A. B. Jones. Following the scripture reading by Mrs. T. R. Franks and prayer by Mrs. M. O. Goodpasture, members devoted the day to quilting.

Mrs. John Barber, secretary and treasurer of the society, recently received a letter from J. W. Butler of Texas City acknowledging receipt of the contribution sent to the Texas City relief fund by the society. The letter was as follows:

Texas City, Texas,
June 9, 1947.

Dorcas Society
Memphis, Texas.

Dear Friends:

We acknowledge receipt of your contribution in the amount of \$37.50, which we have passed to the Texas City Relief Fund, administered by a committee appointed by our mayor.

Our hearts respond in deep gratitude for your thought and sympathy and aid in this time of terrible disaster, death, and destruction.

We have suffered an appalling cataclysm, repeated and frightful, a reign of terror and anguish . . . days of desolation, distress, and despair . . . sorrow and separation and overwhelming grief.

Funds go to the relief of hundreds of heavy-laden and stricken sufferers who will look from out the darkness, through their tears, and see a new light on life and eternity . . . and breathe a prayer of gratitude. Breaking hearts will call you blessed.

This experience has given us a new knowledge of the meaning of human kinship and sympathy in suffering.

Yours sincerely,
J. W. Butler, President.

In attendance were Mesdames T. R. Blades, T. R. Franks, Henry Barton, M. O. Goodpasture, J. A. Sessions, John Barber, J. B. Wrenn, Frank Smith, and A. B. Jones.

Mrs. John Barber will entertain the society at her home July 31.

Mr. and Mrs. C. D. Morris returned home Monday after visiting for the past week at Edgewood, Emory, and Point with relatives and friends. Their daughter, Loretta, who had been visiting at those places for several weeks, accompanied them home.

High-diving or Gasoline . . .

Control THAT COUNTS!

Phillips 66 is CONTROLLED* For Uniform, All-Season Performance!

Executing a perfect swan-dive like this from a 15-foot board takes some control! And it takes plenty of control to give you a gasoline as well-suited to all-season driving as Phillips 66!

Phillips does it by the careful selective blending of high-quality gasoline components. The result is a gasoline designed to give smooth performance every season of the year.

Try "controlled" gasoline in your car. Get it at your Phillips 66 Dealer! See the difference for yourself.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its busy and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strains on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

Part it in the middle?

ALL RIGHT,

maybe Bert the Barber doesn't know a kilowatt from a cable, but that does not stop him from being one of our bosses, just the same.

Surprised? Didn't you know your electric light and power company is owned by Bert, and a lot of people like him—and like you, too?

People from all walks of life—doctors and industrial workers, teachers and farmers, mechanics and milkmen—have put some of their savings into our company. Those people are direct owners.

But there are countless indirect owners, too—many (like Bert the Barber) who haven't an idea that they have a stake in the electric industry. Those are the people who have savings accounts or life insurance policies. Nowadays, that means practically everybody!

Here's how it works: When banks and insurance companies accept your money, they must invest it wisely—and soundly. And because business-managed electric companies have a long record of faithful service, much of this money is invested in their securities.

So you, too—like Bert the Barber—are very likely to be one of our bosses.
