BILLY HANCOCK

## Billy Hancock Named Winner Of Talent Contest

Billy Hancock of Lakeview has been named a winner in the annual talent contest conducted by the Amarillo Producers Grain Cooperative, conducted among two districts of 4-H Clubs.

County Agent W. B. Hooser was informed of the selection Tuesday, and Hancock was presented the award at a meeting at the Herring Hotel in Amarillo yesterday at 11 o'clock.

Hancock, chosen from this district, and one of 14 youths selected, was presented a \$25 award at a banquet at which he, his parents, Mr. and Mrs. O. M. Hancock, and Hooser were guests.

The award was based on the club member's outstanding record in leadership and 4-H Club work, Hooser said.

Billy Hancock has long been active in 4-H work and was last year named state winner in the National Safety Contest.

Final arrangements have been completed for a terracing and soil conservation demonstration to be held Tuesday on the Rufus Lowe farm west of Memphis, County Agent W. B. Hooser announced this week.

## Arrangements For Soil Meet Are Completed

The Lowe farm is seven miles west and one and a half miles north of town. Terracing demonstrations will begin at 9 a. m. and continue to noon, and the afternoon program will feature talks on soil conservation, Hooser said.

A wide regional attendance of (Continued on page 5)

## Watkins-Getz Battle Planned For Mat Events

Memphis wrestling fans may see one of the wildest matches ever held in West Texas the night of August 29 if present plans of promoter Pat Flynn materialize.

Flynn is seeking contracts between Tex Watkins and Al Getz to a finish match, best two falls out of three.

Both of these mat villains have reached tournament finals to where the winner is allowed a shot at the lightweight title now held by Leroy McGuirk of Tulsa.

In the second main event Flynn is asking for Billy Weidner, winner of his first two starts in Memphis, to meet Walter Stratton, speed merchant of Youngstown, Ohio.

DR. J. A. HILL

## Dr. J. A. Hill Speaks Tuesday To Rotarians

Voting on what is known as the College Amendment will be done all over Texas Saturday, August 23. This amendment, if carried, will provide a huge building program for the sixteen state supported institutions of high learning to help take care of the throngs of our youth who are crowding the campuses of Texas.

Dr. Hill believes that the United States will lead the world in ways of peace and enterprise. In order to keep and occupy such a position in the world, it will be necessary for the youth to receive proper training and education so they may be world leaders.

## Second Rodeo Being Planned For Cotton Carnival Dates

### American Legion Building Fund Drive Nears Close

American Legion building committee members this week announced that renovation on the Simmons-Noel Post building was in progress and that the current fund drive would be underway until September 15.

The committee emphasized that any local organization would be welcome to use the facilities of the remodeled Legion building, for meetings, or for any other legitimate purpose.

It was also announced that as the fund committee probably would be unable to contact all who might wish to donate to the fund, donations might be left with Al Costanzo of the First National Bank, Wendell Harrison of Harrison Hardware, or with Glenn Thompson or Herschel Pounds at the post office.

### Rites Held For Charles R. Wesley

Funeral services for Charles Ray Wesley, son of Mr. and Mrs. L. J. Wesley of Carey, and formerly of Lesley, were conducted Tuesday at 10 a. m. in the First Baptist Church of Childress, with Rev. W. H. Colson of Childress and Rev. J. D. Coleman of Estelline officiating.

Interment was in the Childress Cemetery with arrangements under the direction of the Murphy-Spicer-Estes Funeral Home.

Three additional entertainment attractions have been added to the already filled calendar of amusement events for the West Texas Cotton, Chemurgic & Ceramics Carnival to be held in Memphis October 3-4, according to N. W. Durham, special events chairman.

A gigantic rodeo will be held October 3-4 of four performances, a sponsored contest featuring bare-back riding, saddle bronc riding, bull-dogging, calf roping and bull riding events, each scoring points for all contestants toward the world's championship.

Cash prizes totaling \$1,500 with entry fees added will be the goal for which the waddies are shooting. Some of the saltiest stock in Texas is being rounded up for competition.

Top-ranking clowns and specialty acts have been assured, officials have announced and an added attraction will be the girls' sponsor contest each performance.

Also added to the Carnival program is the champion trampoline team from Amarillo and the Maverick Club's champion tumblers. Coaches Nard Cazzell and director Ralph Dykeman have advised local officials they would be here for the "Mardi Gras" of West Texas and will be sponsored by the American Business Club of Amarillo and the Maverick directors.

This is one of the greatest thrill shows available today. The trampoline artists think nothing of bouncing 30 or more feet into the air, do every turn in the books, hit the mat only to spiral skyward again. Doing this act on a moving truck merely adds thrills to spectators.

The Maverick tumblers are famous over the entire southwest for their comedy, thrills, and professional stunts. Ranging from boys six years of age to teen-agers, the pyramids, falls and balancing tricks in their menu of thrills equals any ever seen in a (Continued on page 5)

Memphis Chapter No. 220, Royal Arch Masons, will have a special meeting here Friday night at 8 o'clock to receive Jesse Cox of Melvin, Texas, who is the Grand High Priest of the Grand Royal Arch Chapter of Texas, it was announced Wednesday.

This will be a district meeting of the 40th District comprising Memphis, Clarendon, Wellington, and Shamrock chapters.

A large delegation from the other chapters in the district is expected to be present, according to E. E. Walker, High Priest of the Memphis Chapter.

W. B. Hooser, J. R. Mitchell Jr. and Carl Eudy are the arrangements committee. All local and visiting Royal Arch Masons are expected to be present, according to the announcement.

Plans are being made to serve all present with a feed which will feature fried chicken.

Elba H. Murff, Brice Resident Dies Wednesday

Elba H. Murff of Brice died in the Veterans Hospital in Amarillo at 7 o'clock Wednesday morning, after an illness of three days.

Funeral services remain incomplete. Mr. Murff, 34, was a veteran of World War II and a member of the Methodist church.

Survivors include the father, N. L. Murff of Brice; five brothers, Wade and Ed of Amarillo, Paul of Floydada, and Jack Murff of Lufkin; and three sisters, Mrs. C. E. Mixon of Amarillo, Mrs. A. H. Rhodes of Pampa, and Mrs. R. H. White of Shreveport.

## MEMORIAL SERVICES FOR MARINE MAJOR REILLY, MISSING SINCE PLANE CRASH ON MT. RAINIER, WILL BE HELD SUNDAY AT SAN DIEGO, CALIFORNIA

Memorial services for Major Robert V. Reilly and others who lost their lives in the crash of a Marine Corps plane on Mt. Rainier last December will be held at the Marine Corps Air Station, San Diego, and at Puget Sound, Wash., on Sunday, August 24, according to word received here this week by Mrs. Mary Jane Reilly, wife of Major Reilly.

MAJOR ROBERT V. REILLY

A special memorial service for Major Reilly was held August 11 at St. Mark's Catholic Church in St. Paul, Minn., with a Marine

depth of fifteen feet but did not locate any bodies of those who perished in the tragic crash.

"Searching the area where the plane crashed is made extremely hazardous by falling rock and many deep crevasses in the glacier. As summer continues and more melting of the snow and ice takes place, the hazards are increased. It has been deemed advisable, therefore, not to endanger further the lives of the searchers but to discontinue the attempts to recover the bodies.

"It is now fitting and proper that the Marine Corps pay tribute to those who lost their lives in this accident, and I have made arrangements for a Memorial Service to be held at the Marine Corps Base, San Diego, California, on Sunday, 24 August, 1947. An invitation to attend this Memorial Service is extended to you, to join with us of the Marine Corps in paying last respects to these dead..."

plane which had crashed on Mount Rainier were recovered by one search party and were positively identified as the plane which had been missing since 10 December, 1946. The next day another search party reaching the scene of the wreckage. This party dug into the glacier to a

honor guard and an honor guard from St. Thomas College, where Major Reilly graduated in 1939.

### BULLETIN

According to a radio news-cast Wednesday, bodies of 11 in the Mount Rainier plane crash have been recovered, although it will probably be several days before they are identified.

## Report on Preparations for Oct. Carnival

There are two committees assigned to the West Texas Cotton, Chemurgic, and Ceramics Carnival plans asking 100 per cent cooperation from Memphis firms and individuals at once.

Frank Monzingo, parade chairman, is asking every firm, every wholesaler, every representative in the city to have a unit in the parade and to notify him of the chamber of commerce as quickly as possible in order the parade site assignments may be made.

A telephone call to 444 will list all reservations. The decorations committee of which Ace Gailey is chairman will meet Monday to discuss decking out the city for the occasion.

Herbert Estes, chairman of the housing committee, reports 35 members are already functioning. "We'll have every available room recorded in ample time," the chairman declared.

Haskell Howell, concessions chairman, has been a busy man for weeks assigning concessions to bidders, arranging locations for everything from novelty salesmen to food stands, from decoration and carnival contracts to balloon vendors.

W. B. Hooser, trade area chairman, has made appointments for special meetings in each area of Hall County for September (Continued on page 5)

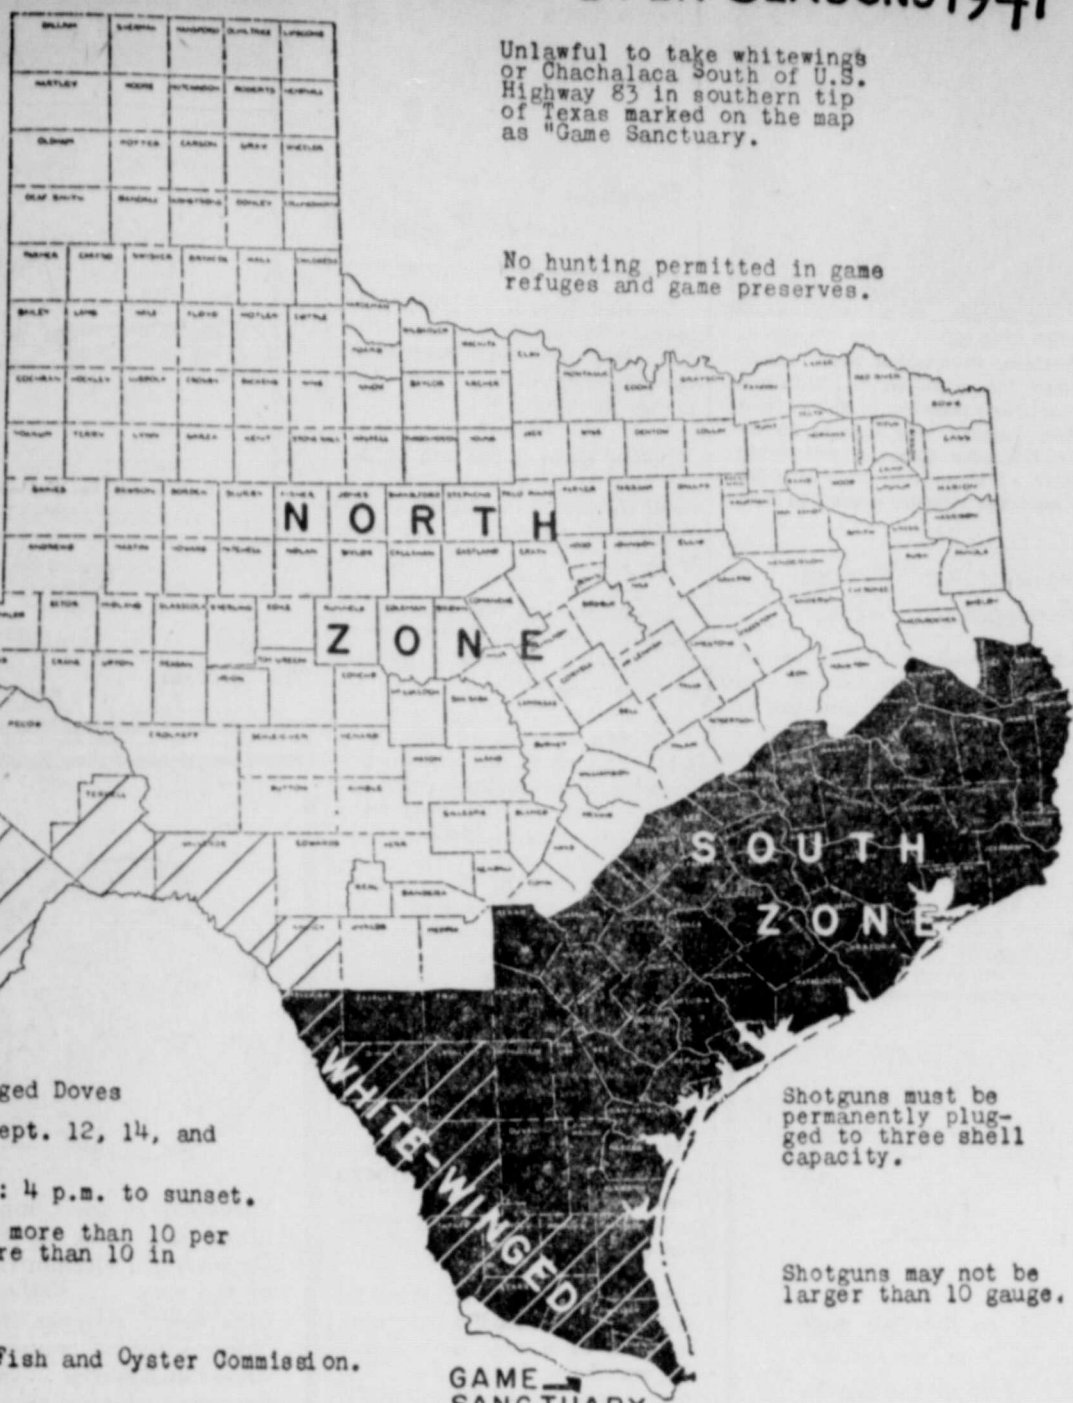

### Democrat Will Be Printed Tuesday

Next week The Democrat will be printed late Tuesday and will be mailed Thursday. Advertisers and those with news are asked to cooperate so the employees may take a few days off in order to get ready for the anticipated busy fall season.

Mr. and Mrs. R. W. Duke of 3800 Hughes, Amarillo, announce the birth of a son, Gary Keith, who was born August 14. Mrs. Duke is the former Miss Dorothy Jo Salmon.

### The Bookshelf

Bookshelf received a letter this week from Pearl Clements Gischler of Canyon, writer of children's stories which are finding an increasingly wide number of readers. This column always welcomes comment from readers or writers.

The letter: "Please accept my sincere thanks to the person who reviewed 'Muslin Town' in your Bookshelf for June 28. I was very pleasantly surprised when one of my fellow students here at Canyon handed me his home town paper with the information that there was a write-up in it about me. Although 'Muslin Town' is historical fiction about Oregon it is primarily about children and Texas children are reading and enjoying it.

"I am enclosing an autographed copy which I wish to permit you to dispose of as you see fit. Perhaps you would like to present it to the city library or to the school library or to a local book store. (Book was donated to Carnegie Library.)

"I am a teacher of many years experience in Texas and in Oregon. Writing for children is a hobby. May we have more and better books for children?"

Thomas McEvoy Patterson, son-in-law of Mr. and Mrs. P. H. Coy of Amarillo, was recently presented the Thomas Wood Stevens Award by the Dramatists' Alliance of Stanford University for his full-length drama, "American Primitive."

Mr. Patterson, a student of play-writing at Yale University, is the first Southerner to win a Dramatists' Alliance Award.

The play, a tragedy on Negro life in the deep South, was first given tryout production at Yale University Drama School. The second act is reproduced in the July issue of "Theatre Arts." Both the Theatre Guild and Frederick O'Neal of the American Negro Theatre have indicated the possibilities of the drama.

Norman Varnado, of the Stanford Players, recently presented a formal reading of "American Primitive" at the Palo Alto Community Center, Palo Alto, Calif.

Mr. Patterson is in New Hampshire for the summer, and Mrs. Patterson is in Amarillo visiting her parents.

"An Outline History of Music," a book by Dr. Hugh Miller of the North Texas State College of Music, came off the presses of the Barnes and Noble Publishing Company of New York this week. The volume is an expansion of a history of music course offered at NTSC.

### Scout News

By REPORTER

Twenty-six scouts and leaders  
of Troop 35 made a four day trip  
through Texas, New Mexico, and  
Mexico last week beginning Mon-  
day morning at 9 o'clock.

The scouts arrived at Lubbock  
at 1:30 p. m. and ate dinner  
there. They arrived at Hobbs, N.  
M., at 6 p. m., then decided to go  
on to Carlsbad and camp for the  
night. After arriving at Carls-  
bad at 8 p. m. the scouts attended  
a carnival, baseball game, and  
went motor boat riding. The  
next morning they left for Carls-  
bad Caverns where they arrived  
at 9 o'clock. The scouts were in  
the cave the next four hours. At  
3:30 they left Carlsbad for El  
Paso.

They arrived at El Paso at 6 p.  
m. and camped at the City Park.  
Early the third morning the  
scouts went to the international  
bridge and as a scout unit were  
allowed to cross over to Mexico.  
In Juarez the scouts enjoyed a  
four hour tour. After coming  
back across the international  
bridge the scouts left for Las  
Cruces, N. M., where they stop-  
ped for dinner.

The scouts went on to White  
Sands, N. M., where they saw the  
birthplace of the atomic bomb,  
also proving grounds for the V2  
rocket. They then went on to  
Alamogordo and started climbing  
through the mountains.

### Opposition Lists Its Points Against Building Amendment

In this issue will be found a  
half-page advertisement concern-  
ing the College Building Amend-  
ment to be voted on in Texas  
Saturday, August 23, paid for by  
opponents of the amendment.

The opposition gives the fol-  
lowing as some of the reasons for  
opposing the measure:

It proposes a levy of 5 cents  
on the \$100 property tax for 30  
years; does not provide home-  
stead exemption for small farms  
and home owners; removes the  
one and only logical source for  
state aid to veterans; denies reve-  
nues from public domain to all ex-  
cept two state-owned colleges; re-  
moves power of legislative appro-  
priation for 30 years; divorces  
700 million dollar fund from su-  
pervision of legislature, and the  
permanent University Fund al-  
ready has 70 millions and earning  
about two million annually; use  
of available University Fund  
would not injure Texas Univer-  
sity or A. and M.; and other rea-  
sons.

The scouts wish to thank every-  
body that made this trip possible,  
especially C. L. Pierce, who fur-  
nished the truck for the scouts,  
when we thought it was impossi-  
ble to secure any type of trans-  
portation.

We are now planning to go to

### Legal Notice

NOTICE OF ELECTION  
THE STATE OF TEXAS  
COUNTY OF HALL

Notice is hereby given that an  
election will be held on the 13th  
day of September, 1947, at City  
Hall, Memphis, Texas, in Memphis  
Independent School District No.  
1, of this County to determine  
whether a majority of the legally  
qualified voters of that district  
desire to consolidate the said dis-  
trict with the Eli Common School  
District No. 2 and Plaska Com-  
mon School District No. 25, there-  
by forming the Memphis Inde-  
pendent School District No. 1, of  
this County.

George Forgy has been ap-  
pointed presiding officer for said  
election and he shall select two  
judges and two clerks to assist  
him in holding the same, and he  
shall within five days after said  
election has been held make due  
return thereof to the commis-  
sioners court of this county as is

## YOUR STATE TAXES DOUBLED

The State Tax Rate This Year Is 72c On \$100 Valuation  
Last Year the Rate Was 37c  
Who Said, "No New Taxes"?

**VOTE! VOTE! VOTE!**  
Saturday, August 23rd  
**AGAINST**  
An Additional 5c Tax

On Saturday, August 23, an amendment to the constitution of the State of  
Texas will be voted on to allocate 5c of the authorized 7c Confederate pension tax  
to finance a building program for State owned colleges other than the University of  
Texas and Texas A. & M.

**An Additional Tax**  
"They" say this is not a new tax, but you  
have not been paying it for many years. It cer-  
tainly will be an additional tax you have not been  
paying. If voted by the people of Texas on  
August 23, it will be added to your 72c State  
tax, making a total of 77c on the \$100 valuation.

**Small Taxpayers Pay**  
The veteran, the farmer, the small home  
owner, the laborer, the small business man, every-  
body will have to pay this 5c tax in addition to the  
72c State tax, if this amendment carries.  
This State tax is in addition to local taxes—  
County taxes—School taxes—City taxes—and per-  
haps others.

**Will Not Provide Buildings**  
If passed, this 5c additional tax will not pro-  
vide adequate and sufficient buildings at today's  
cost of construction. In the next 10 years West  
Texas State Teachers College at Canyon MIGHT  
get \$487,200. The College of Mines at El Paso  
MIGHT get \$423,000. Sul Ross at Alpine MIGHT  
get \$189,000. Texas Technological College of  
Lubbock MIGHT get \$1,500,000 in these 10  
years.

**An Unnecessary Tax**  
This is an unnecessary tax. By a division of  
the so-called Permanent University Fund more  
buildings can be built at all the State owned  
colleges than this tax will provide. They also  
can be built much sooner. And the State Univer-  
sity and Texas A. & M. still can get more build-  
ings than they can use.

**42 Counties Exempt**  
42 of the State's richest counties pay no ad-  
valorem taxes for State purposes. None of these  
counties are in West Texas.  
W H Y?

Should you pay another unnecessary 5c tax  
when 42 of the State's 254 counties will not be  
paying to help our State colleges.

**Help Colleges—Vote Against**  
You will actually be helping all 14 of our  
State colleges if you vote against this amend-  
ment. All these colleges can and will get more  
money by regular appropriations if this amend-  
ment is defeated than they could get by the  
passage of this 5c tax amendment. Your vote  
against the amendment will help instead of hurt  
these 14 State colleges.

## DON'T BE LED ASTRAY

Do not be led astray by this proposed amendment which levies a 5c tax on your  
property for 30 years and saddles a \$45,000,000 debt on you and all other taxpayers.  
If passed, this amendment will open the flood gates of the State treasury to dozens of  
colleges and you again will pay the bill.

Go Vote Saturday, August 23rd

MISS LYNN MOORE ON JUNIOR

## County Girl, Miss Lynn Moore, Honors At Rodeo in Pampa

to Hall County recent honor won Hall County girl, Pankins) Moore of the Top O' Texas rodeo Show held in Pampa, 6 to 9. Miss Moore, was spon- sored by Wellington City of the Cow- girl contest, for which she won a hand-stamped Top O' Texas rodeo. She took second place in the Panhandle event last year. Miss Moore, a Panhandle girl, was entered by the Pampa, a hat race in which 46 girls partici- pated. Judg- ing was based upon riding ability.

## Tri-State Fair In Amarillo To Open Sept. 22

The Tri-State Fair, for the past five years a war casualty, will be reactivated this year, September 22 through 27, according to Rex Baxter of the Amarillo chamber of commerce. Baxter said one of the most unique parades ever staged in the Panhandle of Texas will roll at 10:30 o'clock on the morning of September 22. The parade will be composed of eight bands, cowgirls, commercial floats, and fifty huge inflated rubber animals will thrill the hearts and capture the imagination of the young and old alike, Baxter said. Following the parade, the rubber animals will be on display at the fair grounds for the week of the fair.

The Bill Hames Shows will furnish the midway attractions. The Hames Shows is the largest train show in the state of Texas, Baxter said. Agricultural and live-stock exhibits will play an important part in the 1947 fair. The Tri-State Fair catalog will be off the press this week, it was announced.

performance of horse, horse's equipment, and the girl's riding apparel. At Stamford she won a pair of solid silver spurs.

Miss Moore began her school work in Memphis and from here she moved to Childress where she lived until three years ago when she moved to Wellington. She graduated from Wellington High School this past spring and will enter Southern Methodist University in September. She is the daughter of Mr. and Mrs. Sam Moore of Wellington and the granddaughter of Mr. and Mrs. George Bass of Memphis.

## CLAUDE'S COMMENTS

By J. C. W.

It is hard to tell who suffers the most—those who have been on a vacation and returned home or those who haven't been but want to go. The returnees have to buckle down to work in the Hall County heat, while the want-ers want to let up for awhile. Perhaps, the best part of a vacation is the anticipation indulged in beforehand. Which brings up that old Friday-night country-school house literary society debate question: "Resolved that there is more pleasure in pursuit than in possession." The question has never been settled.

Voters of Hall County are reminded that the constitutional amendment election comes up Saturday, August 23. It is known as the college building amendment and the supporters state that it provides in brief: A 30-year 60 million dollar development program for 16 state colleges and universities which now are over-crowded by thousands of veterans and increasing numbers of Texas high school graduates; it will give Texas a fine system of state-operated colleges; it is designed to be the most important development in higher education in Texas during the past 35 years. It is endorsed by Governor Beauford Jester, the state college and universities boards, Texas Congress of Parents and Teachers, Texas State Teachers Association, American Legion, Texas Press Association, and a number of other state-wide organizations.

Bill Phleuger of West Main street thinks a training course in the art of weed cutting should be taken by most of the residents of Memphis. They don't know how to cut weeds, else there wouldn't be so many weeds left to grow and flourish, he said.

There never was a better time to get rid of the unsightly and unsanitary weeds and trash than now while the weather is dry. I believe Phleuger's idea of a training course a good one—that is, if any one could be induced to attend.

The City of Memphis might try working some scheme to obtain a small tractor with mower and charge so much per lot for cutting the weeds and high grass. The tractor could also be equipped with a flame thrower to burn the vegetation where it would not be feasible to use the mower. On vacant lots, the charge could be assessed against the lots along with the taxes. It might take an amendment to the city charter to get it over, but I believe most of the citizens would favor a change of charter in order to get some places in Memphis cleaned up.

By the way, such equipment is sorely needed right now in City Park and Library Park. The grass has grown so tall it is almost impossible to cut it with an ordinary mower. I believe an investment of this kind would pay big dividends, perhaps not financially, but in improved appearances.

My good friend, Malone Hagan of Childress, sends an excerpt of his talk over KCTX in which one of my Estelline readers and the radio's listeners quoted him as saying I was in favor of the junior college. Prefacing his remarks with comments favorable to a junior college, he then made the following statement: "We are in full accord with the thinking of Claude Wells of Memphis, wherein he expressed editorially the need for such a school in this area, wherein he defined the good to be derived from it; to the future farmers of this section; to those seeking vocational training in any number of terminal courses. Mr. Wells' thought as to the school being taken over by A. & M. College has been in the minds of many of the school's investigators from the very beginning; however, we will first have to have a school in operation to prove merit and worth to any hopeful parent state school."

As stated last week, the editorial in question did not favor a junior college at Childress. It

Dr. Larry Moore, formerly of Dallas, who arrived in Memphis Tuesday of last week to join the staff of the Goodall Hospital.

did favor the state establishing a state agricultural and mechanical college there, or in this section of country. Hagan's talk over KCTX left the impression that I favor the junior college, which certainly is not the case. His preface leading to my thoughts did not make it clear to the listeners that I was in favor of a different kind of college to that proposed by Childress. Anyway, thanks a lot Malone. The issue should be settled by the voters.

## Palo Duro Canyon Now State Park

Palo Duro Canyon is now a state park—officially owned by the State Parks board, according to a story in The Amarillo Times Friday.

During the last several days complete records of the last legislature's action and the records of bond sales have been entered on Randall county books to complete the transfer of the section to the state parks board.

The \$150,000 worth of A bonds have been sold to James C. Tucker and Company of Austin and the \$150,000 in B bonds are held by the Commerce Trust Company of Kansas City.

Beginning the first of September 90 per cent of the gate receipts and 10 per cent of the gross taken in on concessions will go toward paying off the bonded indebtedness. The first \$7,500 realized will be used to pay A bond holders, the second \$2,000 will be used for repairs at the park but if unused during the year the money will go to the B bond holders; the next \$4,500 will go to B bond holders and any funds over that will be split between the B bond holders and the State Parks board.

Rex Baxter, secretary of the Amarillo chamber of commerce said, "Now that the ownership question has been settled the chamber will appoint a committee to assist the State Parks board in every possible way. "One of the major problems is

## War Surplus Sale To Be Held At Childress Friday

The second auction from the floor of surplus property ever staged in Texas by the WAA will be held at the Childress Army Air Field this Friday, August 22. Offers will be accepted on 20 lots of surplus, valued originally at \$120,000, according to a War Assets Administration report.

There will be three farm tractors, a bull dozer, road roller, several air conditioning units, parachutes and aircraft parts and a quantity of retail goods, ovens and urns. Inspection of the property is to be held from 9 a. m. to noon, and the floor bidding will commence promptly at 1 p. m. No priorities will be needed, the report stated.

the improvement of roadways. We plan to contact the State Highway Commission in the near future in the hope of securing some aid in roadway development in the park proper.

"There will be laid before the next Texas legislature a comprehensive program for the development of all state parks. The recent legislature failed to act on a similar program presented late in the session."

### Reduction of Highway Accidents Is Individual Responsibility

By THOMAS H. MacDONALD, Commissioner Public Roads Administration

For the first time in its history, this country is mobilized to put an end to the national tragedy of inexcusably excessive traffic accidents.

It is too much to expect that we shall ever completely eliminate accidents from our busy streets and highways. But the

record of last year—approximately 33,500 killed, 1,150,000 injured, and an economic loss of some \$2,000,000,000—leaves no room for argument against the cold fact that we must accomplish a very substantial reduction.

With this in mind, President Truman invited to Washington in June, men and women from every part of the nation—public officials having fixed responsibilities, representatives of non-official organizations and public spirited citizens alike—to attend the second President's Highway Safety Conference.

The President gave them a common goal and a common responsibility. Their goal was to save at least 10,000 lives on the nation's streets and highways through the reduction of traffic accidents this year, with a comparable reduction in injuries and economic losses. Their responsibility was to pool their experience and perfect a program of action—at the community, state, and national levels—which would assure the accomplishment of their goal.

The men and women who attended that conference did their job well. They reiterated the action program of the first President's Highway Safety Conference, in 1946; implemented it where necessary, and made a complete inventory of highway safety activities in the United States. Out of their inventory came irrefutable evidence that in the field of highway safety, local, state, and national governments are working together in an efficient and co-ordinated arrangement. The inventory further proved that wherever the recommendations of the original program had been put into effect, even partially, there had been a reduction in highway accidents.

But there is one other fact that the inventory brought into inescapable focus, which perhaps is the most important development of all. It is that highway safety is everybody's job. No matter how sincerely and efficiently they may try, public officials and safety specialists alone cannot prevent traffic accidents. They must have the intelligent and willing co-operation of the people, whether they walk or whether they drive. That is the message I would like to bring home to every man, woman, and child in our country.

The goal we seek will be won or lost by the way you—the individual citizen—walk or drive. Every day last year an average of 91 persons were killed and 3,150 injured on our streets and highways—four deaths, 131 injuries, every hour. Of the dead at the year's end, 12,200 were pedestrians, an increase of 1,340 over the previous year. Speed caused a fourth of all fatal accidents, while another sixth was chargeable to mixing alcohol with driving. Jaywalking alone brought death to more than 4,000 persons.

These are unpleasant statistics,

Driver of the car in the ditch failed to yield the right-of-way, even to an ambulance. He ran through a plainly visible stop sign, directly into the path of the ambulance, and was knocked across the road. Driver was killed, and a passenger was injured. Emergency vehicles always have the right-of-way—but at other times, too, it pays to be courteous at intersections. Failure to grant right-of-way ranked second as a cause of motor vehicle deaths in 1946. National Conservation Bureau advises: when in doubt, always yield the right-of-way.

but if we are to have the kind of co-operation we need from all of our citizens, they must be told the plain truth. As a great public service, in co-operation with the President's Highway Safety Conference, the press of the nation is now engaged in that most important task. Through news articles, editorials, pictures, and ad-

vertising, your newspaper—and other newspapers throughout the country—are offering you a liberal education in the costs, causes and cures of most traffic accidents. Read every word of it. It may help you not only to save some other person's life, but perhaps to save your own.

### School Band News

By REPORTER

The Memphis summer music school came to a close early in August. Students in the high school "A" band who received high school credit for the summer band are as follows: Carrol Foxhall, Harold Foxhall, Scotty Grundy, Ray Crawford, Minnie Lee Jackson, Ann Spoon, Marion Posey, Joan Lockhart, Patsy Adecock, Jan Monzingo, Troyace Rhudy, Diane Meacham, Murita Gibson, Shirley Foster, Faye Carolyn Patrick, Bobbie Ferrel, Mary McCollum, and Edith Compton.

Students now eligible for the high school "A" band in September are as follows: Charles Cullin, Billy Byrd, Carrol Foxhall, Harold Foxhall, Sheldon Anisman, Carl Smith, Don Wright, Jacky Gilbert, Max Kennedy, Raymond Cullin, Nancy Jones, Bobby Pat Young, Scotty Grundy, Roddy Patton, Ray Crawford, Minnie Lee Jackson, Ann Spoon, Marion Posey, John Clark, Loreta Morris, Vanona Sargent, Joan Lockhart, Patsy Adecock, Patsy Nell Combs.

Charles Ed McCreary, Martha Aduddell, Jackie Davis, Peggy Mitchell, Jan Monzingo, Berna Carol Benton, Roger Monzingo,

Adrian Combs, Don Monzingo, Troyace Rhudy, Jeanine Adams, Norma Barnes, Diane Meacham, Murita Gibson, Shirley Foster, Eudine Gable, Margaret Ann Massey, Faye Carolyn Patrick, Barbara Brewer, Beryl Davis, Bobbie Ferrel, Gilbert Srygley, Mary McCollum, Edith Compton, Leota Sturdevant, Joyce McDaniel, Muriel Jo Cochran, Nonnalee Ellis, Dorothy Deaver, and Billie June Sturdevant.

# " - BUT I WAS RIGHT DEAD RIGHT! "

"I was going into that intersection first. I had the right of way—that truck driver should have stopped when he saw me—I was right, dead right!"

"Yes dear — you always were right — the other fellow always wrong. That's why we're here."

You know the kind, you've met him on the road—and ducked. He always barges through traffic when it's a question of split-second judgment. Never anticipates other drivers' actions — just assumes that traffic will give way. Owns the road. Drives with his horn.

He may get away with it for a time, plus a few tickets, because other drivers are more careful, more conscientious. But his kind eventually steps on the gas once too often—and for the last time he is "right—dead right!"

4,000 people died last year because "know-it-all" drivers violated rules of the road and the courtesies of driving. Good drivers never need to hold cemetery post-mortems. They drive carefully and live longer.

Swift; and all other persons claiming any title or interest in the hereinafter described land under deed from Alfred Abeel, Master Commissioner, to W. F. Boyle, Grantee, of record in Vol. 12, Page 462, Deed Records of Childress County, Texas, and all persons claiming any title or interest in said land under any deed conveying said land heretofore recorded in the Deed Records of either Hall or Childress County, Texas, Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Hall County at the Court House thereof, in Memphis, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 22nd day of September, A. D. 1947, then and there to answer Plaintiff's Petition filed in said Court on the 4th day of August, A. D. 1947, in this cause, number 3085 on the docket of said court and styled Selma Goeck Meyer joined by her husband Willie Meyer, Plaintiffs vs. Farmers Loan & Trust Company, a corporation, the unknown stockholders of said Farmers Loan & Trust Company, their heirs and legal representatives; George E. Downs if living and if deceased the unknown heirs and legal representatives of the said George E. Downs; W. F. Bowles if living and if deceased the unknown heirs and legal representatives of the said W. F. Bowles; the Childress County Land & Cattle Company, a corporation, the unknown stockholders of the said Childress County Land & Cattle Company, their heirs and legal representatives; the Childress Land & Cattle Company, a corporation, the unknown stockholders of the said Childress Land & Cattle Company, their heirs and legal representatives; Edward F. Swift, Louis F. Swift, Edward Tilden and Gustavus F. Swift, each if living and if deceased the unknown heirs and legal representatives of the said Edward F. Swift, Louis F. Swift, Edward Tilden and Gustavus F. Swift; the Texas and New Orleans Railroad Company, a corporation engaged in the transportation by rail for hire of passengers and freight in the State of Texas with an office and agent at Houston, Harris County, in the State of Texas; and other persons claiming any title or interest in the hereinafter described land under deed from Alfred Abeel, Master Commissioner, to W. F. Boyle, Grantee, of record in Vol. 12, Page 462, Deed Records of Childress County, Texas, and all persons claiming any title or interest in said land under any deed conveying said land heretofore recorded in the Deed Records of either Hall or Childress County, Texas, Defendants, the State of Texas; and other persons claiming any title or interest in the hereinafter described land under deed from Alfred Abeel, Master Commissioner, to W. F. Boyle, Grantee, of record in Vol. 12, Page 462, Deed Records of Childress County, Texas, and all persons claiming any title or interest in said land under any deed conveying said land heretofore recorded in the Deed Records of either Hall or Childress County, Texas, Defendants.

A brief statement of the nature of this suit is as follows, to wit: Suit in statutory trespass to try title for the title to and posses-

sion of 97.3 acres of land out of the East part of Section No. 791, Certificate No. 2/396, Block "H" W&N Ry Co. Survey in Hall and Childress Counties, Texas, and described as follows: BEGINNING at the point in the intersection of the East boundary line of said Survey No. 791, with the North boundary line of the Childress and Memphis public road and 10.8 varas North of the said Southeast corner of said Survey No. 791, said corner being marked by an iron gas pipe; Thence North 1500 varas with the East boundary line of said Survey No. 791 to the point of intersection of the South boundary line of the right-of-way of the FW&DC Ry. Co.; Thence North 65 degrees 40' West 406 varas with the South boundary line of said right-of-way the Northwest corner of said Survey, from which an iron gas pipe bears North 2 degrees West 215.4 varas; Thence South 2 degrees East 1655.3 varas with the East boundary line of Fractional

Survey of said 791 made May 4, 1892, for the H&TC Ry. Co. to its point of intersection with the North boundary line of the aforesaid public road, this point is marked by an iron gas pipe and from which an iron gas pipe set at a point of intersection of this said East boundary line with the North boundary line of said Survey No. 792, of the said Block "H" bears South 2 degrees East 8 varas; Thence East 316.9 varas with the North boundary line of said public road to the place of beginning. Plaintiffs also plead and claim title to said land and premises under the ten and twenty-five year statutes of limitation of the State of Texas, as is more

fully shown by Plaintiff's Petition on file in this suit.  
The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.  
Issued and given under my hand and Seal of said Court, at office in Memphis, Texas, this the 4th day of August, A. D. 1947.

Attest:  
ISABELL CYPERT,  
Clerk, District Court,  
Hall County, Texas.

# Winning 4-H Essay

Editor's Note: This is the 14th in a series of prize-winning 4-H essays, from the contest conducted in the county recently. Jerry Bob Lemons of Brice wrote the following paper on "The Advantages of Diversified Farming."

I think there is only one way to make a good living at home and that is by diversified farming.

To do this you should have a few cows, as many as you can care for and feed well. Take good care of these and feed them good feed.

Get a brood sow or two and raise some pigs. Feed your surplus milk to these pigs, sows, and your chickens. Keep a good

bunch of hens to supply the family with the eggs they need and have a few to sell. You can sell your cream from your cows and sell a few eggs.

Then you must plant a garden large enough to supply the family with vegetables while they are fresh, and can come for winter use. To raise a garden it must be worked when it needs it. And keep the weeds out of it.

You should raise enough chickens each year to supply the family with chickens to eat and have enough pullets to keep your laying flock up to the amount you think you can keep.

You should raise as much of

## BRICE

By MRS. STARR JOHNSON

The ten day revival that was held at the Baptist church and conducted by Rev. George King closed Sunday night with 12 additions to the church.

Visitors in the J. C. Johnson home Sunday were Mrs. Thomas Perkins of McLean, W. C. Rexrode and Carl McNeal of Eli, and Mr. and Mrs. D. S. Johnson Jr. of Memphis.

Mr. and Mrs. Charles Osborn of

the grain and feed for your stock as possible.

If you will keep cows, chickens, and hogs, you can live at home, have a good living, and operate your farm on a cash basis.

Darizett spent the week-end here with his parents, Mr. and Mrs. D. S. Osborn.

Relatives visiting in the Hope Lemons home Sunday were Mrs. E. F. Lemons of Memphis and Zans Reed of Houston.

Mrs. Pat Salmon is visiting in Amarillo with Mrs. R. W. Duke and her new son. Mrs. Duke is the former Miss Dorothy Jo Salmon.

Mrs. C. V. Murff and son Mike are visiting in Long Beach, Calif., with relatives.

Mr. and Mrs. W. E. Davis and Mr. and Mrs. G. D. Craft returned home Sunday from a vacation trip to New Mexico.

Mr. and Mrs. Hermon Seigler and daughter Karen of Greenville are visiting here with her sister, Mrs. Cal Holland.

Mrs. W. H. Moreman is visiting in Salinas, Calif., with her son, Bob Moreman and family. Mr. Moreman returned home from California Sunday.

Mr. and Mrs. A. C. Hartzog of Clovis, N. M., are visiting with their daughter, Mrs. J. C. Johnson and family.

Relatives visiting in the D. T. Smallwood home Sunday were Mrs. Fred Lynn of Lubbock and Miss Iva Davis of Clarendon.

### CARD OF THANKS

We wish to take this means to express our thanks to our many friends and neighbors during the death of our husband, father, and grandfather. Especially do we want to thank the members of the W. M. U. of the First Baptist Church and also the Murphy-Spicer-Estes Funeral Home. May God bless and watch over you in your sorrow is our prayer.

Mrs. Y. Z. Smith and family.

## Foxhall-Middleton Farm Implement Company Opens

The Foxhall-Middleton Implement Company, located at 714 Noel street, in the building formerly occupied by Miller and Miller, opened Monday, according to an announcement by Ed Foxhall and Whitey Middleton.

The company will feature Ford tractors, farm implements, and a complete parts and repair service, the owners said.

The building is undergoing extensive remodeling, and new front entrances and a neon sign will be added soon.

Middleton, a native of this community, recently returned from Clovis, N. M., where he has been farming for the past five years.

Ed Foxhall, who last week attended a dealers' meeting in Oklahoma City, said the new model 8N Ford tractor incorporates a new hydraulic system and linkage attachment, a new drawbar height mechanism, step-plates, a fourth forward speed, and many more improvements which have been added to the tractor, the overall weight being increased approximately 200 pounds.

### PUBLISHER VISITS HERE

Harley Hightower, Dallas publisher of Boyce House books and works of other well known authors, visited briefly with Pat Flynn Monday. Hightower, accompanied by his family, was en-

route home after having attended the recent Lions convention in San Francisco. He is Lion Boss of the Oak Cliff club.

## Weidner, Watkins Take Wrestling Events Friday

Dory Detton and Billy Weidner gave the fastest, most thorough wrestling exhibition yet staged here in the second bout Friday night at the high school gym. Although Billy Weidner took the two falls, the Detton speed and repertoire—flying mare, spins, etc. were reminiscent of the London era.

The Amarillo promoter proved agile, scientific, imaginative, and not above using a little jiu-jit occasionally in a tight spot.

A double nelson dropped Detton after a double-long period. Weidner had just slipped out of the same hold.

Practically the same thing happened for the second fall as Detton lofted Weidner for the softening spin. When he dropped him to the floor, however, Weidner flipped the Detton shoulders to the mat instead.

The opener went to Watkins over Stratton in a slow exhibition on nelsons, and a shoulder pin with a leg brace.

Mrs. B. Webster and grandson, Billy Webster of Houston who has been visiting in Memphis for several weeks, Mrs. Claud Johnson, and Billy Combs went fishing at Childress Lake Wednesday.

Bobby Don Buchanan of Parnell is visiting with his mother, Mrs. Bill Bingham of Wichita Falls, this week.

## Mangum Collects 6 to 5 Saturday On Memphis Errors

After a hitless and scoreless three innings, Memphis came out of it to hit 12 times for 5 runs, but the Mangum lead, established early in the game by a series of Memphis errors, was never shaken, and the Oklahoma nine won 6 to 5 here Saturday night.

A Martin two-bagger in the first brought in the first two runs for Mangum, one of which was on by a walk, the other by a fielder's choice.

In the fifth Murphy gained first on an error, Curtis singled, then the pair came in as Deaver was safe on an error.

The first Memphis tally came in the fourth when Watkins scored on a Dennis hit. McKnight hit Coppedge in the fifth. In the seventh Berryman tripled, then stole home.

In the eighth Head, Memphis pitcher, tripled, bringing in Dennis, then coming on home on an over-throw.

Head struck out 4, allowing but 6 hits, while Knight fanned 10 for Mangum, allowing 12 hits.

The box score:

Memphis	AB	R	H	E
Moyer, 2b	5	0	1	2
Coppedge, ss	5	1	1	2
Berryman, lf	4	1	1	0
McKnight, 1b	4	0	2	0

Knight, p	4	0	0	0
Totals	36	6	6	3

## Sport-Scope

Game Schedule  
O'Brien here, Saturday night and Sunday afternoon.

A flurry of Quanah errors Sunday helped pave the way for Memphis as the top-form playing yielded the widest winning margin of the season between two upper-bracket teams. The 10 to 1 victory was doubly interesting after the Quanah team had finished the straight series in top place, with an official record of 12 won, 2 lost, and after that team had taken a double-header here a couple of weeks ago.

Quanah, last year's champion in the RRV league, has had a top ball club all season, but Johnson's hurling Sunday was little handicap to Memphis hitters, and his infield support muffed several plays at critical stages.

But even had Quanah played errorless ball the Memphis team's consistent hurling, hitting, and playing would have offered a comfortable margin, from all appearances.

Mobeetie stopped Childress 11 to 8 Sunday, necessitating a third decisive game between those two teams. That game will be played at Childress Sunday, Childress having won the toss of the coin.

A five-run Mobeetie spurge in the first inning sent J. Mills off the mound and put the game on ice for the former league-leaders. W. M. McDonald pitched the remaining eight innings, allowing six runs and eight hits, but the gate was closed too late.

Tom Riley, left fielder for Mobeetie, hit three singles and a double in five times at bat. Heavy hitters for Childress were Wayne Butler, with two singles and a triple, Risenhoover hitting three singles and Slick Mills rapping out a homer and a double.

The score by innings:

	R	H	E
Mob.	5	10	0
Chil.	0	2	0

Memphis batting averages:

	AB	H	Pct.
Watkins	130	27	.207
Moyer	166	50	.301
Coppedge	136	55	.404
Gibson	144	40	.277
Parker	42	11	.261
Barnes	34	10	.294
McKnight	122	38	.303
Berryman	115	43	.373
Keller	78	27	.346
Davis	56	17	.303
Dennis	65	20	.307
Stewart	66	19	.287

# BEST TIRE DEAL IN TOWN!

## Editorial

### WIPE OUT THAT PLAGUE

Killed: 33,500. Injured: 1,150,000.  
 Cold facts that represent the annual toll of traffic accidents on our streets and highways.

Those who consider the implications of these tragic figures are impressed by them and at the same time are appalled by the proof that a dreadful plague has settled over the nation. For our annual traffic accident rate is indeed a plague. It sweeps over the country every day and leaves in its wake twisted, lifeless bodies or painfully mangled limbs.

Translated into terms of grief, physical and mental suffering, frustrated hopes and economic loss, this ravaging plague overwhelms the mind. Just as cancer and infantile paralysis can snatch children from their families, so can the unsafe driver behind the wheel of a powerful automobile. Just as disease can and does take fathers and mothers away, leaving children without protection and wards of the state, so can the traffic accident.

Yet, people who shudder at the mention of cancer, heart disease or any other sickness continue to take needless risks while driving. People who cannot bear the sight of an injured kitten at the same time carelessly walk in front of vehicles at risk of their own limbs.

It is time we waked up to ourselves. It is time all the people unite in responsible efforts to save the lives and homes of themselves and their neighbors.

Wipe out the plague. Make America safe.

**PREPARE FOR WINTER NOW** IN AUGUST

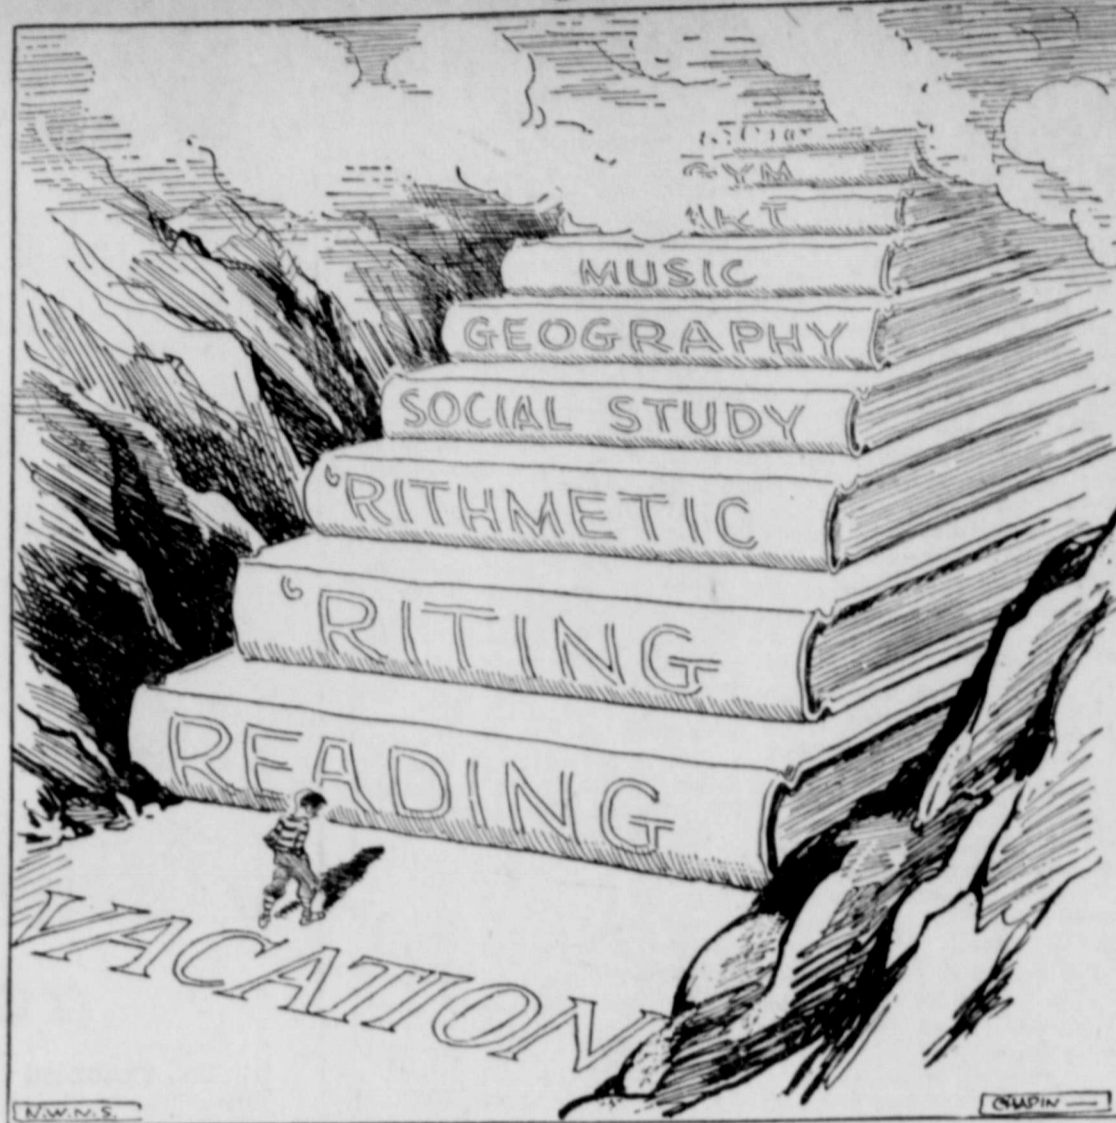

Has your heating equipment been cleaned, checked, and adjusted during the past year? If not, this important job should be done. Perhaps you plan to install new heating equipment—if so, better act soon. Heating dealers can attend to your needs now.

If gas service will need to be turned on at your home or business, notify your Gas Company without delay. This will help insure your having gas service WHEN YOU NEED IT.

When the service departments of heating dealers or of your Gas Company are swamped, delays and inconveniences are bound to occur. Be ready for winter in advance, when prompt and careful attention can be given to your needs.

## "Nor Cast One Lingering Look Behind"

### Press Paragraphs—

#### QUOTING OUR NEIGHBORS

**Greatest Advantage**  
 Women have one of the greatest advantages. The most talented man can't save a small fortune by making his own hats.—Fort Worth Star-Telegram.

**Top Judges**  
 McLean High School's livestock judging team composed of three local boys walked off with first place honors in the third state judging contests for vocational agriculture students at Texas A. and M. Thursday of last week.

The local team, composed of Arvin Smith, Chester Golightly, and Dick Andrews, compiled a score of 2,083 points to take the first place honors.—The McLean News.

**Hereford Hotel**  
 A drive to raise \$45,000 in cash to subsidize the building of Hereford's proposed new 64-room Hotel Deaf Smith, was launched Tuesday afternoon by the Hereford chamber of commerce, following a meeting of members at the district court room.—The Hereford Brand.

**Speech Building**  
 The Speech Department of West Texas State College probably will be moved into a new building this fall. Located north of the education building, the new building is in final stages of construction.

The H-shaped structure will contain an auditorium, a workroom for scenery design and construction, three offices for the staff, two classrooms, a radio room, a stage and dressing rooms.—The Canyon News.

**Judging Winners**  
 T. H. Seay, local vocational agriculture instructor, returned home early Monday morning very proud of six local youths who showed themselves well at the state judging contest at College Station last week.

The milk and cream judging team comprised of Vernon Goldston, Bob Clifford, and Buster Bain, won first place over the entire state of Texas and also won a trip to Waterloo, Iowa, in the national contest there.—The Donley County Leader.

**BOYCE HOUSE**  
*"Gives You Texas"*

People are always writing, phoning or dropping by to ask advice about a book they are planning to write. Almost without exception, they are seeking a short cut, a magic formula whereby one can get ahead in writing. Their faces fall when they are told that the only recipe is hard work, which is the recipe in just about any other field.

Hard work plus patience. For example, "Cub Reporter" is based on experiences and observations of this chronicler while breaking into the newspaper game back in 1916, and the two years which followed.

The idea of writing the book came about 1927. My mother had written a letter from Memphis, Tenn., and enclosed clippings telling of the death of C. P. J. Mooney, editor of the Commercial Appeal.

After the work of getting out the Eastland Daily Oil Belt News was done, I sat at my desk, slowly read the clippings and then mused as twilight descended. The determination came to write a book about Mr. Mooney, my first editor, and the glorious crew of reporters of "the old C. A."

Years went by. Slowly, subconsciously, the project took form. Frequently, I thought of the undertaking but it had not matured. This, like the aging of certain beverages in the wood, is a process that can not be hastened. There is no substitute for time, its sifting, its mellowing, its hallowing.

One day, a pen was dipped into ink and the writing began. The slower method of pen-and-ink gave a thought, a scene, an indi-

vidual the full chance to unfold; it is the details which make a man or an event come to life on paper.

Nearly 50,000 words in ink—then revision, then typing it off on the machine, with changes of words, adding of touches as the task went along—and task it was, slow and hard.

And so "Cub Reporter" was written—30 years after the happenings had taken place, 20 years after the idea of writing the book was born.

The whole project was done without a thought of whether the book would sell a single copy. It was something I had to do—something I wanted to do, a tribute to the memory of a great man, a salute to the forever perished days of a glorious youth.

## This Week in WASHINGTON

IN 1946, starry-eyed Henry A. Wallace wrote a book to prove what every business leader knew couldn't be: that it was possible to provide 60,000,000 jobs in a country of 140,000,000 people, and without the economy of the nation bursting at the seams. Wallace's vision is now an acknowledged fact—and it is possible thousands more will be added to the nation's pay-rolls.

Secretary of State Marshall has let it be known that the United States would back Italy if she should attempt to seek revision of the Italian peace treaty. This would be a move to strengthen Italy against Communism and aid Italy to regain a place in industrial Europe.

IF CONGRESS has its way, the federal power commission soon will have little to do. First the Miller bill sought to take the huge power trusts from under control of the federal commission by repealing important provisions of the law creating the commission. Then along came a bill introduced by Congressman Ross Rizley of Oklahoma which, according to his own words, seeks to take the production and gathering of natural gas and "all functions and facilities related thereto" from under jurisdiction of the federal power commission. The bill also would limit the power of the FPC in fixing price rates and would, under some interpretations of the act, take pipelines out of the common carrier status.

A GROUP of newspaper men were shooting the breeze while gathered at the National Press club as a special train left Washington with admirers of the late President Roosevelt, to dedicate on the 20th anniversary of the Warm Spring explosion formal acceptance by the Georgia of the Little White House. There were a very tired, great man

### Warehouse Compress Cited

share of the lower costs which are necessary if cotton hopes to retain its markets. If all costs are reduced enough, farm leaders believe, cotton has a chance of regaining some of the markets it has lost and, through research and competitive prices, win even new markets.

The warehouse provides more than a shed to protect the farmer's cotton from the weather. It provides insurance against loss. It provides samples for the trade or the government loan. It provides the best and most efficient means of assembling cotton for shipment, since the mills buy cotton by 100-bale lots, all of which must be of the same grade and staple.

The compresses make it possible to save on the freight costs between the warehouse and the mill by compressing the cotton so that more bales can be loaded in a car. For export sale, high density compression cuts the cost of freight to the ports and of shipping to the export market overseas.

Since every saving that can be effected between the producer and the mill strengthens cotton's competitive position, the modern warehouseman is striving, as rapidly as the machinery becomes available, to mechanize his operation. What increases in warehouse charges have been made in the past are traceable almost entirely to higher labor costs. If the efficiency of labor can be increased through the use of machinery, appreciable savings can be made and thus reduce even further the small cost the warehousing of cotton adds to the price of the finished product.

many services rendered on its journey from the consumer, one of the most costly to either the producer or the ultimate consumer, provided by the warehouse operator.

As pointed out by the National Cotton Cotton Warehouse Association, the warehouse is directing the mill to the pledge of its last meeting at its last meeting to the already low price of cotton.

It was taken in re-organizing of Secretary Clinton P. Anderson, cotton leaders who believe that if cotton has its competitive power of textiles, farm to the consumer, reduced.

Miss Lucille Latham is visiting with relatives in Amarillo.

Mr. and Mrs. Ike Hicks of Texas visited with his sister Mrs. Zeb Latham and family the past week.

Carl and Rita Jean Hill, Mrs. Rube Canada, Mary Ruth Walton and Jean DuBose attended the barbecue and picnic at the Memphis park Wednesday evening of last week.

Mrs. "Slick" Johnson and Mrs. Zack Hood visited relatives in Turkey Thursday.

Mr. and Mrs. Homer Qualls of Albuquerque, N. M., were guests in the Carl Hill home Thursday.

Mrs. Carol January spent Thursday night with her cousin, Mrs. Fred Meadows at Estelline.

Elmer and Horace Graham of Vernon were visitors last Thursday in the home of their sister, Mrs. R. N. Mothershed.

Mr. and Mrs. Arlow Bennett of Morton, Mr. and Mrs. Bruce Damron and Mrs. Fannie Damron of Weatherly were Wednesday guests in the home of Mr. and Mrs. C. F. Bruce.

Mr. and Mrs. Parge Winn gave a community party at their country home Friday night. After the hostess served a delicious refreshment of ice cream, the guests enjoyed playing games and visiting with each other. There were 60 guests attending.

Mr. and Mrs. J. W. Cope and boys, Tommie and Mike, left Saturday on their vacation. They plan to visit in Houston, Galveston, and other places of interest.

Wayland Marcum spent the week-end visiting with his friend, Bobby Hanna of near Memphis.

Mr. and Mrs. Finley Canada of Amarillo spent the week-end visiting in the Rube Canada home.

Mr. and Mrs. Sam Canada have their grandfather of Canyon visiting with them now.

Mr. and Mrs. Elmer Price of Hollis, Okla., visited in the J. R. Mothershed home Thursday.

Mrs. C. E. Burk and sons, Billy, Bobby, and Roy, left Sunday with Mrs. Burk's parents, Mr. and Mrs. Tomlinson of Amarillo, for a trip to Colorado Springs, Colo.

Mr. and Mrs. Burl Bruce of Amarillo visited here Sunday.

Mr. and Mrs. Bobby Billingsley of Albuquerque are here visiting with their parents, Mr. and

### Legal Notice

**CITATION BY PUBLICATION THE STATE OF TEXAS**  
To: W. J. Turnipseed, Defendant. Greeting:

You are hereby commanded to appear before the Honorable District Court of Hall County at the Court House thereof, in Memphis, Texas, at or before 10 o'clock A. M. of the first Monday

next after the expiration of forty-two days from the date of the issuance of this citation, same being the 22nd day of September, A. D. 1947, then and there to answer Plaintiff's Petition filed in said Court, on the 7th day of August, A. D. 1947, in this cause, numbered 3087 on the docket of said court and styled First National Bank, a Corporation, vs. W. J. Turnipseed, Mrs. Veta Boaz and husband E. H. Boaz, Defendants.

A brief statement of the nature of this suit is as follows, to wit:

Statutory suit in trespass to try title for the title to and possession of the South 65 feet of Lots Nos. 7 and 8 in Block No. 5 of Ansley's Addition to the Town of Memphis, Hall County, Texas. Plaintiff also claims title to said land and premises under and by virtue of the ten-year Statute of Limitations, State of Texas. Said petition alleges that plaintiff is a banking corporation duly incorporated under the laws of the United States of America and that defendant Mrs. Veta Boaz is the former wife of W. J. Turnipseed, defendant, but that she has been legally divorced

lawfully married to defendant E. H. Boaz; as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Memphis, Texas, this 7th day of August, A. D. 1947.

Attest:  
ISABELL CYPERT,  
Clerk, District Court,  
Hall County, Texas.

# WANTED: USED TIRES

The last 1000 miles are the danger miles ...don't drive past the danger point

FORMER PRICE \$16.10 PLUS TAX  
**Now \$14.40**  
6.00-16 PLUS TAX  
LESS A BIG ALLOWANCE FOR THE OLD TIRE OFF YOUR CAR

B. F. Goodrich tires that outwear prewar tires...now...at less than prewar prices!

WE have a big market for sound used tires. On your car, it is impossible to detect the exact condition of a tire. But we have the experience and equipment to examine them thoroughly, to detect flaws and to select casings suitable for repairing, recapping or reconditioning. This knowledge is extra money in your pocket, because we can give you a bigger allowance if your tires can be made safe for further use.

And this allowance comes off the already lower-than-prewar price of most popular-sized B. F. Goodrich Silvertowns that outwear prewar tires. This new tire has a wider tread that runs flush-to-the-road, gives greater road contact, firmer footing, more even wear, more road grip. Finer, sturdier cords and more of them give the tire greater strength and suppleness to resist the road pounding of high speeds.

So don't be satisfied with less than the best when the tire that outwears prewar tires costs so little.

**\$150 DOWN - \$125 A WEEK**

**Sentinels of Health**  
Don't Neglect Them!  
Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out. Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance. The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. **Doan's Pills**. They have had more than forty years of public approval. Are endorsed the country over. Inset on Doan's, sold at all drug stores.
