## Dental Health Surveyed Here

A survey of the dental health of school children got underway in Hall County Monday, when B. Wiebusch, public health officer, with the State Department of Health, and Mrs. Block, technical clerk-assistant made their way to county schools in a two week study research work by the dental health group. It is detailed work by F. and is to aid in why and how fluoride and mineral content helps lower the decay of teeth. Taylor of Austin dental director and is the D. M. F. study, which is directing work under the auspices of this chamber of commerce along with the of Hall County children decay a short lecture to children can help in tooth troubles was given; and that he was able to see him now as well as is found. There has just come from which has added fluorine water supply and a thing made there now. In 12 years, the difference in decay of natives of Jacksonville, Fla. added fluorine, can be seen. F. study here may than two weeks and on native children in Turkey, for comparison, which has the record of tooth decay in the civilized world for a number of years. It is asserted that in a few days indications of the Memphis tooth decay will be too early to predict the outcome.

## Local Firemen Go To Lakeview Blaze

One truck and approximately eight members of the Memphis Volunteer Fire Department answered a call to Lakeview, about 9 miles west of here, Sunday afternoon about 4 o'clock, when a fire broke out in the Roxy Theater building. Mr. and Mrs. Horace DuVall, owners of the theater stated there was a damage of about \$2,000 to the theater equipment and some smoke damage. They said they expected to have in new sound equipment and be in operation by next Friday night. The building was reported to be filled with smoke and the Memphis pressure truck used about 100 gallons of water to send a fog into the conflagration. L. G. Carlos was driver of the Memphis truck. The Memphis firemen answering the call were Fire Chief J. T. Clayton, 2nd Assistant Fire Chief R. A. Massey, J. M. Stinnett, W. T. Ritchie, Lloyd Ward, Earl Briscoe, J. H. Wooten, and O. R. Saye.

## Resident Amarillo

Funeral services for Mrs. Marjorie DeLura McCrory, 96, who died Saturday in a local hospital after a brief illness, were conducted Sunday afternoon at 3 o'clock in the First Presbyterian Church, with Rev. B. L. Peacock officiating, assisted by Rev. C. C. Armstrong, pastor of the First Methodist Church. Interment was in Fairview Cemetery by the side of her husband who died June 18, 1901. The Murphy-Spicer-Estes Funeral Home was in charge of arrangements. Pallbearers were Jerry Hayes, Raymond Cullin, Ralph Limer, Joe Pat Randal, Duane Vickers, H. L. Duncan, and Don Menzinger. Honorary pallbearers were elders of the Presbyterian church. In charge of flowers were members of the Daughters of Wesley Sunday School class. Appolonia, the daughter of Judge John B. and Mrs. Martha Ann Snow, was born August 8, 1871, in Choctaw County, Miss. She was married at Bellefont, Miss., January 1, 1871, to Abram Palo McCrory, and came with her husband to Belcherville, Texas, in 1893, where they lived until December of 1899 when they moved to Memphis. Mr. McCrory and

## Mrs. Sid Stewart Hurt In Oklahoma Hit And Run Crash

Mrs. Sid Stewart is in a local hospital following a wreck near Duke, Okla., in which the ambulance, driven by her husband, was sideswiped by a car occupied by four Lawton, Okla., youths shortly before noon Monday. Four youths whose ages range from 14 to 16 years of age were arrested by Hollis, Okla., police who charged them with sideswiping the ambulance in the car which police said had been stolen in Oklahoma City. Mrs. Stewart was brought to a local hospital Monday night. She was reported to be considerably improved late Wednesday. Her 4-year-old son, who was also riding in the ambulance, was treated for minor injuries at an Altus, Okla., hospital before being returned to Memphis. Mr. Stewart was not injured.

## Disgruntled Fans Contest Victory

(The following story was printed yesterday in The Wellington Leader and is self-explanatory): Wellington's Rocket football team was victorious on the Memphis gridiron Friday night, only to fall victim to several over-enthusiastic Memphis fans en route home following the game. To clarify the incidents, regretted by both the Memphis and Wellington school officials, Mr. Pritchett, superintendent of Wellington schools, stated Tuesday that so far as is known no Memphis student took part. A missile, thrown from a car, shattered the windshield of Principal Boyd Russell's car, showering the occupants with glass, but not injuring them. A rock was hurled through the windshield of the chartered bus (Continued on Page 8)

MRS. A. D. MCCRORY

## Combines 5 Acres Maize, Results 13,600 Pounds

Edd Hutcherson thinks this county is productive, and as proof that it produces without rain he combined five acres of maize last week, and the total yield amounted to 13,600 pounds, or 2,750 pounds to the acre. Those who saw the maize before it was combined say it was the most even and best-looking crop they had seen in several years.

## Two New Lights To Be Erected At Courthouse

Two new lights will add to the brightness around the court house square, County Judge John Russell announced Tuesday. The north and south side of the court house plaza has two lights each and by addition of one light each on the east and west sides, a uniform lighting can be had, with only little additional cost, Judge Russell declared. The West Texas Utilities will have charge of construction.

## R. G. Patrick Is Named President Of Rifle Club

R. G. Patrick was elected president of the Memphis Rifle and Pistol Club when members of the organization held their annual meeting Saturday at the American Legion Hall. He succeeds Herschel Combs, who headed the club from the time it was organized in October, 1946. Other officers elected were: Irvin Johnsey, vice president; Glynn Thompson, secretary; Combs, treasurer; R. M. Saunders, chief instructor; Frank VanPelt, executive officer. A report of activities of the club during the past year was given to the members, and plans were made for the next twelve months. The first scheduled event will be a "turkey shoot" on Sunday, November 23, in which club members will compete for the prize. The public will be invited to attend this event, and plans are being made to have non-members take part in a contest of some type. Members also approved a motion to have "ladies night" for their wives some time within the next few weeks, details of which will be announced later. President Patrick announced that the club has 35 members at the beginning of the new fiscal year. Fifteen more members will be accepted, he said, and sportsmen were invited to contact some officer of the club if they desired to become a member. Membership has been tentatively set at 50 members due to limited facilities offered on the rifle and pistol range. Sometimes within the near future members will begin firing the army course with high powered rifles, Patrick said. Scores of all individuals will be kept of this phase of the club's activities, and will be mailed to the Director of Civilian Marksmanship. Ammunition and guns for this are being furnished the club by the army, and army rules and regulations will be used throughout the course. Members of the club include (Continued on page 8)

## Assembly of God Revival Meeting Starts Sunday

A two-week revival will begin at the Assembly of God Church Sunday night, the pastor, Rev. Floyd Shaeffer, announces. Mr. and Mrs. Lonnie Goodner of Pampa will conduct the revival. Sister Goodner will do the preaching and Brother Goodner will conduct the song services, the announcement said. The public is invited to attend the services, the pastor stated.

## Motorists Warned About New School Bus Full Stop Law

Local Highway Patrolman Says Charges To Be Filed When Violators Are Caught

Warning was issued Wednesday by State Highway Patrolman Noel Calloway of the violation of the new law on the passing of school buses that are stopped on the highway outside of the city limits of any town. Calloway said that there is no lack of clarity in the law which says that a car either approaching any stopped school bus from the front or the rear must come to a complete stop and then use extreme caution in passing. He stated that a bus stopped upon the highway is for the taking of student passengers or discharging them and that the law is clear on the point. A number of violators have been arrested and anyone caught will have charges filed against them, he asserted.

## Scheduled Meeting Of American Legion Will Not Be Held Thursday

The special meeting of the American Legion at which time George S. Berry of Lubbock, who is state commander of the legion, was scheduled to make the principal address, has been called off. Gordon Gilliam, commander of the Simmons-Noel Post, said Wednesday. The meeting will be held at a future date, he declared, and it will be announced later. He said he was in a long distance telephone conversation with State Commander Berry Tuesday night who told him that pressing business engagements would force him to cancel the engagement. Indicating that the state commander had a message of importance for business men and veterans Commander Gilliam had called the meeting, which had been scheduled for tonight.

## U. S. Agriculture Men Inspect Here For Pink Boll Worm

About a week's inspection of samples taken from different cotton gins in Memphis and elsewhere in this vicinity including Donley County, is being made by the U. S. Department of Agriculture, Bureau of Entomology and Plant Inspection. K. R. Elliott, who has been with the department since 1926, is in charge of the inspection group which includes four men. They are looking for the pink boll worm and reported that out of many samples taken during Wednesday, the first day's run, no trace of the worm or larva had been found. Samples are taken from the first cleaning box of the gin and run through a cleaning machine that has a set of two screens which revolve. The machine and a fan is so coordinated that the chaff is blown away from the inspection box where a man searches through the spiders, lady bugs, and different other matter to see if there is any evidence of the pink boll worm—the finding of which would prove a warning to farmers of the vicinity to take preventive measures against the (Continued on Page 8)

## Three Men in Jail Charged With Theft

Three Sardin, Okla., men are in the Hall County jail awaiting action of the grand jury, on a charge of taking four wheels, four tires and tubes from a trailer Sunday after dark at Newlin. The trailer is owned by Tom Sweet. Officers located the stolen property in a cotton pickers' shack southwest of Lakeview and had the three lodged in jail by 11 o'clock Monday, they reported. The three gave their names as Roy James, Roy Davis, and Captola Driver.

## THE CYCLONE PLAYS CLARENDON BRONCHOS FRIDAY NIGHT THERE

Coach Don Ezell of the Memphis Cyclone football team announced Tuesday that he intended to take his entire squad of 26 players as well as seven members of his B team to Clarendon for the Cyclone's last conference game of the season, which takes place in Clarendon Friday night. He said Coach E. J. McKnight had proven that even though the Bronchos were near the bottom of the district 3-A race they could give some of the tougher foes a scare before losing. Coach Ezell said his team had been working seriously this week and hoped to win. Last year the Bronchos came over to Memphis and upset a favored Cyclone eleven and he felt that his team would be out to avenge this defeat.

## Future Farmers Hold District Banquet Tues.

More than one hundred Future Farmers of America, their sponsors, and several visitors attended the district banquet of the Memphis Chapter of FFA Tuesday night in the high school cafeteria. Childress, Clarendon, Estelline, Hedley, Quail, Samnorwood, Wellington, Turkey, and Memphis were represented by club members and sponsors. A well-prepared program was given, and a dinner consisting of chicken and dressing, with trimmings, was served by the Future Homemakers. The district president, Buster Bain of Clarendon, conducted the ritual, and R. C. Edwards of Memphis served as toastmaster. The following program was given: Invocation, W. C. Davis; welcome, Wayne Hutcherson; opening ceremonies; response to welcome, Lamarr Masterson of Estelline; introduction of guests, J. W. McCreary; music by J. R. Wooten and Marion Posey; Greenhand Views FFA Work, Roddy Stargel; Lone Star Farmer on FFA Work, Jack Morgan of Quail; District FFA Work, Clois Dean Wiseman of Sudan, state president; address, "A Half Century of Progress," J. Claude Wells; closing ceremonies. Sponsors attending were A. B. Shaw, Childress; T. H. Seay, Clarendon; C. G. Turner, Estelline; Groves, Hedley; Kennedy, Quail; Goodlow, Wellington; G. R. Colvin, Turkey; Walker, Samnorwood; and J. W. McCreary, Memphis. Other guests were L. C. Ryan, FFA area supervisor; W. C. Davis, George Cullin, T. B. Rogers; FFA Sweetheart, Joan Lockhart; Lois Wines, pianist; and photographers Marion Posey (Continued on Page 8)

## Hayden Hensley Is 1948 Red Cross County Chairman

Hayden Hensley was elected county chairman of the Hall County Chapter of the American Red Cross at a recent meeting and several permanent chairmen for the year of 1948 were appointed. H. J. Howell, 1947 county chairman, said that the appointments were in effect as of November 1. He said that the chairmen were reappointed, having held those offices last year. Roy Coleman is funds chairman; N. W. Durham, home service; and W. C. Davis, disaster chairman. A meeting of the chairmen will be held in the future, the date of which has not been set, for the purpose of making plans for the raising of funds for the coming year.

## Memphis People Plan To Attend Quail Meeting

A number of Memphis people have announced their intention of attending the mass meeting tonight at Quail when plans for completing the Greenbelt Highway Association will get underway. Officials are anxious that this meeting is well attended since the farm to market highways and all-weather roads will vitally affect Hall County as well as all the adjacent counties in this vicinity.

## Poisoning Program Begins This Week

The coyote poisoning program for Hall County south of the River, was begun this week, according to information received from officials Thursday. E. J. Pope, who is with the U. S. Department of Agriculture, in the division of Bureau of Rabbit Wildlife and Rodent Control, was in Memphis Monday to see County Judge John Russell, and it was revealed that the program had gotten underway and would continue for approximately five months.

## Poppy Sale To Be Held Saturday

The Ladies Auxiliary of the American Legion will hold its regular semi-annual Poppy Sale Saturday, Dink Dennis, president, announced Tuesday. Members of the club will be on the downtown streets to sell them and will also call on the various business establishments. Proceeds of the sale will go for the benefit of national Child Welfare and Rehabilitation. The poppies are made by disabled war veterans.

# Dale Carnegie

Author of "HOW TO WIN FRIENDS and INFLUENCE PEOPLE"

NO MATTER HOW CROWDED—THERE IS ROOM

THIS deals with a man who got into an overcrowded business—George Westinghouse.

The country was disturbed over the number of railroad wrecks. He said to himself, "Someone ought to invent a way of preventing them." Then the idea came to him: "Why not me?"

D. Carnegie

So he started in to study the subject. To his astonishment he found that there were 600 patents on brakes. What could he do—one among 600—that hadn't already been done.

He began to experiment; but he got no place in a gallop. Everything he attempted had been tried before. But he did have one worthwhile idea: it was that the brakes on a train should be controlled by the engineer. At this time, when a wreck was coming up, the engineer tooted and the brakeman raced up and down the train and twisted the hand-brakes at the end of each car. Then whang! the wreck.

He worked on an idea of steam-operated brakes. This could be done by the engineer. But the brake broke; steam squirted out worse than Vesuvius.

One day, as he was thumbing through a magazine, he ran across an article telling about a tunnel through the Alps. The article said that the rock drills were driven by compressed air. Right then and there an idea was born—an idea that has affected every person in the sound of my typewriter.

He started to work on the idea and after a time came up with an air brake. You'll be surprised when I tell you where his greatest opposition came from—from the railroads. They said it couldn't be done.

He took the idea to the biggest railroad man in the United States—the great, the immortal Commodore Vanderbilt.

Said the great, the immortal Commodore Vanderbilt: "What! stop a train with heated wind. Impossible. I will have nothing to do with it."

Experts said the idea was mechanically impossible.

He could not even get a railroad to try out his invention on.

Finally a little backyard road called the Panhandle Railroad let him. His luck changed. The air brake stopped trains so quickly that it knocked the living daylight out of the passengers. So George Westinghouse had to work out an invention to slow up the brake.

In time every railroad in the United States had his air brake.

So there is it—the true story of a man who entered an overcrowded field—and made a whopping success.

"MY FAVORITE GROCER" CONTEST

"My Grocer has always been so helpful in seeing that I get the best of everything"

A STATEMENT LIKE THIS MAY WIN YOU \$1,000

or one of many other valuable prizes!

Now is the time to send in your entry for this grand new contest! You may win one of the valuable weekly prizes and still be eligible for any of the Grand Prizes! Remember, if your entry is judged best you win \$1,000, and the grocer you name as your favorite also wins \$500. Every winning contestant will win a special prize for the grocer he or she names as "My Favorite Grocer." Among the wonderful weekly prizes are Philco refrigerators, Westinghouse Electric roasters and irons, Dormeyer electric mixers, Manning-Bowman electric percolators, Dominion electric toasters—and many other prizes!

FOLLOW THESE SIMPLE RULES

- Simply complete this statement in fifty words or less: "Your favorite grocery store's name is my favorite grocer because..."
- Write on one side of paper (or get an entry blank from your grocer) and mail to Admirations Contest, Box 285, Houston, Texas. Be sure to include your name and address and name and address of your grocer.
- You may send as many entries as you wish but each entry must be accompanied by one of these: The Mammy picture (or label) from an Admirations Coffee package or jar—or the strip that unwinds from an Admirations vacuum can.
- Anyone is eligible to enter except employees of the Duncan Coffee Company, their advertising agency and their families.
- All entries become the property of the Duncan Coffee Company—none can be returned—and the decision of the judges will be final.
- The contest begins September 29th and ends midnight, November 16th. Weekly contest winners will be selected from entries received before midnight Saturday of each week. All entries postmarked later than midnight, November 16, will not be considered.
- All winners will be notified. A list of the winners will be sent to all contestants requesting one and sending a self-addressed stamped envelope.

Your "Favorite Grocer" features Cup-Tested ADMIRATIONS Coffee—that delicious blend with the abundant flavor, aroma and richness. Get your favorite grind—Dripkut, Perk-Kut or Glass-drip.

GRAND PRIZES!

- 1ST PRIZE \$1,000
- 2ND PRIZE Philco Refrigerator
- 3RD PRIZE Crosley Radio-Phonograph

WEEKLY CONTESTS END MIDNIGHT OF EACH SATURDAY. CONTEST CLOSES MIDNIGHT, NOVEMBER 16TH

DUNCAN COFFEE COMPANY • HOUSTON TEXAS

## Mrs. Thomas Ewell Noel Is Honored At Reception and Tea Friday

One of the most attractive socials of the week-end was the reception and tea given Friday afternoon to honor Mrs. Thomas E. Noel, who was before her marriage on October 19 Mrs. Fama DeHart of Dallas. The lovely affair was given at the Noel home, 720 Cleveland, with Miss Tommye Noel, Mrs. Mac Tarver, and Mrs. C. L. Sloan Jr. of Estelline as joint hostesses.

Party guests calling were greeted at the door by Mrs. O. V. Alexander and members of the receiving line made up of Mrs. Tarver, Miss Noel, the honoree, Mrs. Sloan, and Mrs. Norma Noel Hunt of Pyote.

For the occasion the party rooms were artistically decorated with distinctive arrangements of cut flowers in pastel shades. A bouquet arrangement of pink roses was noted on the desk which held the bride's book and yellow and lavender mums were used on the mantel.

Alternating at the registrar to secure signatures of guests during the afternoon were Mrs. Nelson Combest, Miss June Power, Mrs. Homer Tucker, and Mrs.

Billy Thompson. Other members of the house party included Mrs. R. S. Greene, Mrs. C. W. Kinslow, Mrs. D. L. C. Kinard, Mrs. Horace Tarver, Mrs. Temple Deaver, Mrs. O. L. Helm, Mrs. J. E. Ricker Jr. of Kansas City, Mrs. Allen C. Grundy, Mrs. Frank W. Foxhall, Mrs. Milton G. Tomlinson of Frederick, Okla., and Mrs. Bob Davidson of Estelline. Members of the house party wore corsages featuring pastel shades and the honoree's corsage was of white gardenias and tuberose.

In the dining room the handsomely appointed refreshment table was laid with a hand-made lace cloth and was centered with a floral piece featuring yellow and white chrysanthemums. Mrs. Greene, Mrs. Kinslow, Mrs. Kinard, Mrs. Tarver, Mrs. Deaver, Mrs. Helm, Mrs. Combest, and Miss Power alternated at the silver coffee service. Other dainties served included cakes iced in blue and white and mints in pastel shades.

Approximately 250 guests called between the hours of 3 and 7 o'clock.

## Mrs. Richard Ayers, Recent Bride, Is Feted at Miscellaneous Shower

Mrs. Richard Ayers, whose marriage was an event of October 19, was complimented with a lovely bridal shower Thursday evening of last week in the home of Mrs. Bill Coursey.

Sharing hostess duties with Mrs. Coursey were Mesdames Robert Breedlove, Leon Randolph, Bud Godfrey, Emma Baskerville, Bill Monzingo, Beryl Smith, Henry Scott, Henry Newman, Ruby Hardwick, J. R. Mitchell, George Payne, Oscar Webb, E. T. Prater, O. R. Goodall, Bessie Crump, and Ira Lawrence.

Guests calling between the hours of 7 and 9 o'clock were greeted by Mrs. Coursey, the honoree, Mrs. C. H. Compton, the bride's mother, and Mrs. C. L. Ayers, mother of the groom.

The entertaining rooms were decorated with fall flowers featuring an elaborate arrangement of red dahlias on the piano and orchid and yellow chrysanthemums in the rooms where the gifts were displayed.

In the dining room guests were served a dainty refreshment plate from the dining table which was laid with a lace cloth and centered with a crystal bowl holding a mixed bouquet of large white and yellow chrysanthemums. Lighted tapers in crystal holders flanked the floral arrangement. Mrs. Henry Scott and Mrs. Robert Breedlove poured and they were assisted in serving by Mrs. Bill Monzingo, Mrs. Oscar Webb, and Mrs. Leon Randolph.

Mrs. Emma Baskerville entertained with piano selections throughout the party hours.

A lovely array of gifts were on display and presiding in the display rooms were Mrs. J. R. Mitchell, Mrs. Beryl Smith, Mrs. Ruby Hardwick, Mrs. Bess Crump and Mrs. George Payne. Also on display was the hostesses' gift to the honoree which was a set of china.

A host of friends registered in the hand-made bride's book, presented to the honoree by Miss Wanda Jo Reynolds. Miss Edith Compton, sister of the bride, presided at the bride's book to secure signatures of guests.

Mr. and Mrs. C. M. Hawkins and family visited relatives in Amarillo Sunday.

Ira Hammond, Mrs. Foster Hall, and Mrs. Henry Newman were Amarillo visitors Saturday.

Miss Margaret McElreath visited in Fort Worth last week with her sister, Mrs. Jim Hill.

## Baptist Groups Enjoy Steak Fry And Song Festival

The girls chorus of the First Baptist Church invited the men's quartette and their wives to join them in a song festival and steak fry at the church dining hall last Thursday evening. Besides learning some new songs the group learned (too late) how to "French fry" potatoes. They also learned that hot coffee is better than cold. Regardless of all the difficulties it proved to be a very enjoyable occasion for all, those attending stated.

When the time came to leave members of the chorus and quartet insisted that Mr. and Mrs. Weldon Lewis sing a duet, and then "rewarded" them with a gift package which contained a beautiful woolen blanket, a pair of nice embroidered pillow cases, and a toy racer for Weldon Efton.

Those attending were Mary Jo Lamb, Dorothy Hodges, Laverne Dodson, Minnie Lee Jackson, Vernice Spencer, Nancy Jones, Johnnie Clark, Anita Johnson, Floye Hammonds, Nonnalee Ellis, Patsy Hays, Vanona Faye Sargent, Dorothy Jones, Kathleen Mc Masters, Naomi Dee Rice, Lois Wines, Dorothy Hutcherson, Lorene Lewis, Beth Hall, Virginia Smith, Mr. and Mrs. V. L. McGlocklin, Mr. and Mrs. Sidney Stewart and Jerry Don, Edd Dudek, Mrs. C. R. Tension and Carol Ann, Mr. and Mrs. S. W. Jackson and Teresa, Mr. and Mrs. Lewis and Weldon Efton.

## Needle Craft Club Meets in Home of Mrs. S. Mayfield

Mrs. Sidney Mayfield was hostess to members of the Needle Craft Club Tuesday afternoon at her home in Memphis.

Members spent the afternoon quilting for the hostess, and during the social hour a dainty refreshment plate was served.

Members present were: Addie Hammett, Gerlach, Zettie Baker, Newman, Clara Cummings, Bradley, Bunah Mayfield, Weatherby, and one guest, Emma Armstrong.

The next meeting is November 18 in the home of Hettie Newman.

### Neglect Common Cold, Pneumonia Risk

to Dr. George W. Health Officer, pneumonia is estimated to be approximately 2.5 times more prevalent during the past year than in the year 1946. This disease is most prevalent during the winter and spring months.

It is caused by a germ called pneumococcus, which is always lurking in our noses and throats, waiting to start trouble. It is low resistance to it is lowered by fatigue, lack of sleep, and unnecessary exposure to cold weather. We can keep ourselves safe by going outside in winter with sufficient wraps to protect us, he said.

### New Legion Home Almost Complete

The new home for the Simmons-Noel American Legion Post will probably be completed within the next two weeks, Commander Gordon Gilliam asserted Wednesday.

He said that they can hold the legion meetings there now and they hoped to have the finishing touches on the hall in a couple of weeks.

Alfred Godfrey has been made caretaker and has already moved into the building, the post commander said.

Keeping the temperature of our homes as low as is consistent with comfort will greatly lessen the difficulties encountered in adjusting ourselves to the cold when we leave the house.

Another method of prevention in pneumonia is not to neglect a cold, Dr. Cox said, for the common cold often results in pneumonia when neglected. A person with a severe cold should stay at home, and call his physician for advice if temperature persists or the cold lingers on. He should follow his physician's advice until the cold has disappeared.

Dr. Cox pointed out that the successful treatment of a pneumonia case often depends upon starting treatment very early. That is why a physician should be called at once when pneumonia is suspected. A patient may really have beginning pneumonia when he thinks it is only a cold. If the physician's advice is sought, he will have an opportunity to start treatment early if pneumonia is present, or develops in such cases.

### Hundred Per Cent Membership Goal For Jr. Red Cross

A program is under way to get a hundred per cent enrollment of Hall County pupils in the National Junior Red Cross membership campaign now in progress, Miss Mary Foreman, county superintendent said Wednesday.

Enrollment material has been distributed to all schools in the county this week and also a Red Cross film, "Today and Tomorrow" has been shown to students above the fifth grade.

Activities in the Junior Red Cross in the past have been in packing gift boxes and sending them to children overseas; and also sending home-made toys to overseas children; and gifts to hospitals during the war and generous contributions to the National Children's Fund.

In announcing the annual "Enrollment For Service" campaign for 1948, Basil O'Connor, president of the American Red Cross, said, "So much of our world is physically ill, economically prostrate, and spiritually defeated that we may well be thankful for the hopeful influence of youth in American life." November 1-15 has been designated as the period for enrollment.

Barney Lockhart went to Oklahoma City Sunday where he will enter a hospital to receive treatment for a back ailment. He was accompanied by his brother, Cecil Lockhart.

Mr. and Mrs. Will Reheis of Derby, Kans., visited here last week with his brother, Joe Reheis and wife.

Tom Byrom returned to his home in Mangum Saturday after a two-week visit here in the home of Mr. and Mrs. J. H. Byrom.

### Feature Readers of The Democrat

Mr. and Mrs. Raymond Powell are the parents of a son, Donald Ray, born October 29.

Mr. and Mrs. Ross Gentry of Memphis announce the birth of a son on October 31. He has been named Frank Gary.

A son, Joseph Winfred, was born October 25 to Mr. and Mrs. Jerrell Rapp of Estelline. He weighed 9 pounds at birth.

Mr. and Mrs. R. D. Thompson of Dallas announce the birth of a son, Donald Duane. He was born October 26 and weighed 6 pounds, 6 ounces. Donald Duane is the grandson of Mr. and Mrs. R. R. Thompson of Memphis.

### Household Supply Sets Up Delivery Service for Area

Owners of the Household Supply Company this week announced they were introducing delivery service of butane and propane gas to users in the Memphis area. Bill Todd, one of the owners, stated that a truck has been placed at the disposal of persons desiring the service. A storage plant is being maintained a short distance west of the city. Johnnie Saunders has been engaged to represent the supply company, Todd said in his announcement, and will handle the firm's business in this county.

Mrs. Forrest Hall spent Saturday in Amarillo visiting her daughter and family, Mr. and Mrs. Clois McGuire.

John Marcus Hall of Los Alamos, N. M., visited here with his parents, Mr. and Mrs. Forrest Hall, over the week-end.

### Procedure Given For Fertilizing Pastures

In fertilizing pastures, the first aim is to apply the fertilizer where and when it will stay moist the longest.

This is true, say chemists and pasture specialists of the Texas A. and M. College extension service, because plant food must be dissolved in soil moisture before the plant can use it.

Fertilizer left too near the soil surface will dry out, which is likely to leave the phosphorus and potash content of the fertilizer in a dry form that is not available to benefit plants. Nitrates are highly soluble and pass readily into the root zone. Potash is also fairly soluble and usually finds its way into the soil, but liming materials should be mixed into the surface because they do not dissolve readily.

Phosphate, which the specialists call the "key to pasture improvement," combines with the soil and moves beneath the surface very slowly. For this reason, phosphate should be worked into the soil for best results.

Most effective method of applying fertilizers on sandy and loamy sod land is by the use of a combination grain-fertilizer drill. The drill puts the fertilizer in the soil about two inches deep, in narrow bands along the drill rows.

A common method in fertilizing sod land and temporary pastures is broadcasting with a regular fertilizer spreader, and endgate seeder of trailer-type lime spreader. When broadcasted, superphosphate needs to be worked into the moist soil by a light disking, chiseling, or springtooth harrowing, the specialist say.

Mrs. J. E. Ricker Jr. of Kansas City, Mo., visited here last week with her parents, Mr. and Mrs. S. S. Montgomery, and other relatives.

J. J. Simons and Dorothy Blackwell of Amarillo visited in the home of Mr. and Mrs. Leo Fields Sunday.

Mr. and Mrs. Hank Hankins were Dallas visitors last week-end.

### STOP DOSING YOUR STOMACH

WHEN constipation hangs on and you have that listless, "half alive" feeling chances are it's not your stomach but your intestinal tract that's at fault. Sluggish intestinal muscles permit waste to accumulate. . . gas is formed and often you feel miserable, nervous and out of sorts.

For real relief . . . take sure, safe ADLERIKA with its new improved taste. It moves waste quickly but gently to relieve constipation and gas. You'll enjoy a new feeling of pep and vitality when your digestive system is in perfect order. Try ADLERIKA today and you'll learn why over 20,000,000 bottles have been sold. Caution: take only as directed.

You'll always be your "better self" with ADLERIKA on the shelf.

**ADLERIKA THE TONE-UP LAXATIVE**

### CYCLONE "B" SQUAD TAKES GAME FROM LAKEVIEW EAGLES 25-14

The Cyclone B squad were victorious over the Lakeview Eagles to the tune of 25-14 Monday night on the local gridiron in the second tangle of the two teams this season.

The game started with Crooks kicking off for Memphis to the Lakeview 30, and Williams returned it to the 40. After three attempts, Lakeview punted to the Memphis 48. The Cyclone picked up 18 on the first three attempts, and on the fourth Pyeatt raced 30 yards for the first counter. Memphis failed to earn the extra point.

DuVall of Lakeview took the kickoff and returned to his 25. A pass from Williams to Driver was good for 10 yards. After three downs Lakeview punted, then held the local team and forced another punt. Quarter ended with the ball on the Lakeview 20.

The game saw several minutes during the second quarter until a Lakeview punt bounced off a B squad member and rolled out of bounds on Lakeview's 1-yard line. Crooks drove thru center on the next play for the second Memphis touchdown.

At the start of the second half, Pyeatt ran back the kickoff to the Memphis 45 yard line. A pass from Morrison to Jarrell was good for 10 yards, following which Lakeview held for three downs forcing the B boys to punt. T. Messer intercepted a pass on the first play, and returned 20 yards. Crooks' drive through center on the next play gave the Memphis team another 6 points. Attempt at extra point again failed.

On the kickoff, the Eagles ran the ball back to the 40. A pass from Williams to DuVall was good for 50 yards; then Williams drove to the 7-yard line. The Eagles carried over for their first

### Lakeview-Silverton Game Site Changed To Silverton Field

The Lakeview-Silverton conference 2-B football game scheduled to be played in Lakeview, has been changed to the Silverton field for Friday night in order that the Silverton squad can attend an afternoon game at Happy, it was announced Wednesday.

Both Silverton and Happy are contenders for the district 2-B crown, having won all games played in district play this season.

The Lakeview Eagles have been eliminated from a chance at winning the district, but have three more games to play. In addition to the game Friday night, the Eagles will play Turkey there the following Friday night, and will play host to the Quitaque team in the final game of the season.

Both teams will be after each other in the Lakeview-Silverton contest; Lakeview to upset Silverton, who will be trying to keep their district record unmarred.

touchdown and made the extra point.

Messer returned Lakeview's kickoff to his 40. After a 15-yard penalty for holding, Memphis fumbled and Lakeview recovered on the Cyclone 15. After a series of line plunges, Bounds went through center to score, and DuVall converted the extra point.

After the kickoff, both teams failed to make much yardage until just before the end of the game when Tommie Messer slipped through center for another touchdown. Morrison kicked for the extra point. Final score, Memphis 25, Lakeview 14.

Starting lineup for Memphis was as follows: Ends, Rasco and Jarrell; tackles, Barton and Blackmon; guards, Corley and West; center, Knight; quarterback, Morrison; halfbacks, Pyeatt and Crooks, and fullback, Messer.

Starters for Lakeview were: Ends, Sams and Driver; tackles, Bounds and Rice; guards, Adams and Dickey; center, Mitchell; quarterback, Williams; halfbacks, DuVall and Verden; fullback, Salmon.

### March of Dimes Contributions Used In New Program

R. C. Lemons, chairman of the Hall County chapter of the National Foundation for Infantile Paralysis, said recently that local contributions to the March of Dimes had helped make possible a huge new program aimed at expanding the reservoir of scientists trained to carry on the fight against polio.

Lemons said the program had been announced by national headquarters of the Foundation and the National Research Council, of Washington, D. C. It will be financed with \$200,000 in March of Dimes funds and will be administered by the research council.

The Foundation grant, Mr. Lemons said, continues support of fellowships for young physicians of exceptional promise in virology, orthopedics, and pediatrics, and will make possible new senior fellowships in neurology and epidemiology.

Asserting the new grant supplements \$170,000 previously allocated by the Foundation for similar research council fellowships, Mr. Lemons said the funds were derived from the 50 per cent of March of Dimes sent to national headquarters by local chapters.

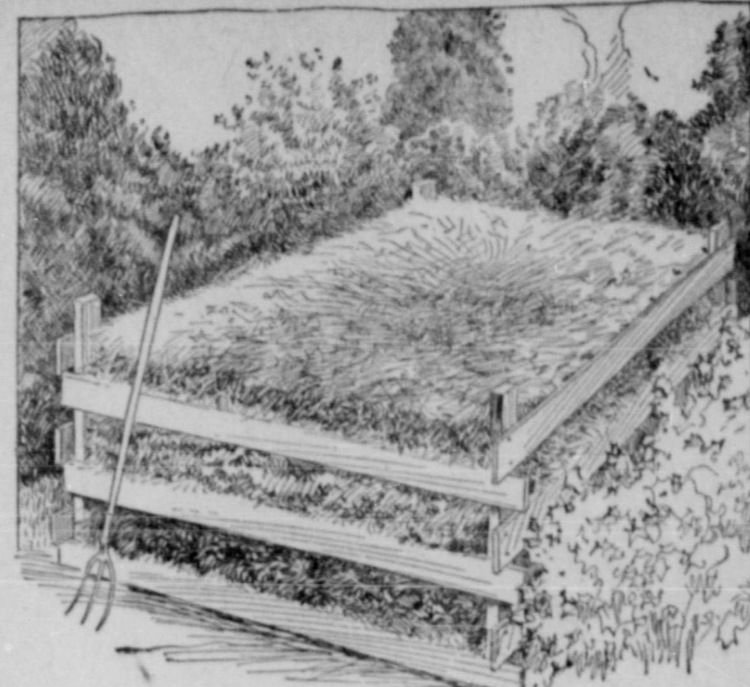

The fellowships provide up to \$6,000 annually per fellow and up to \$1,000 annually for laboratory expenses. Most fellows will study for three years at various universities throughout the country and some will have the opportunity to continue for another three years.

The local chairman said the fellows would devote much of their time to work in the field and in laboratories, and would be available during polio epidemics for special assignments on behalf of chapters of the National Foundation.

The end of the war, he said, had released many promising young scientists to civil pursuits, and the Foundation is expanding its support of the fellowship program so as to harness their talents in fighting disease.

Thomas A. Marshall of Indiana and John N. Garner of Texas, are the only vice presidents of the United States who served two full terms.

### Leaves Piled Up Turn Into Precious Leaf-mould

A Trim Pile of Dead Leaves Will Become Leaf-Mould in Two Years Without Special Treatment.

If leaves are piled up and allowed to decay, they produce leaf mould, one of the most useful soil conditioners which amateur gardeners can have. The more he advances in the practice of his hobby, the more useful will the gardener find this material.

So do not burn leaves. Pile them up, and invite your neighbors who are not so keen on gardening, to bring their dead leaves over to your pile. If you use no special treatment to hasten their decay, in two years at most they will be reduced to leaf mould. But one may easily shorten this period by months, if he prefers.

Set aside a suitable location, out of the way, and preferably screened by planting, or a fence; 10 x 10 feet would be an average size. Clean off all vegetation, and harden the surface soil by rolling. Pile evenly over this area all

dead leaves and other waste plant and even animal material, from your garden, and from kitchen wastes. But carefully exclude all wood, branches, twigs and metal objects. When the layer, well tramped down, is six inches thick, sprinkle it with a balanced fertilizer mixture, about one ounce to a square yard. Wood ashes and limestone are also beneficial, each in three or more times this quantity. Then wet it down.

Build up the heap, layer by layer, with similar applications between the layers; and keep it moist. If bad odors develop an inch of soil thrown on top of each layer will prevent them. When the pile is as high as you can conveniently manage, cover the top with soil and let it stand until you are ready to dig the humus into the garden. Start a new one to take care of current accumulations.

### Prevent Decay of Teeth By Eating Apples, Vegetables

An apple a day—plus a little celery and raw carrots—will keep the dentist away, says a University of Texas Dental School doctor. "One way to prevent tooth decay in children is for them to chew raw carrots, celery, and apples at the end of every meal.

Although it is no sure prevention, it will help lessen decay," Dr. S. S. Arnim said.

As good as celery, carrots and apples chewed immediately after a meal, he said, is a good scouring with a tooth brush. "Anything," Dr. Arnim added, to get the food out of the mouth and into the stomach, where it belongs."

"I can say now what I could not have said 10 years ago. We have acceptable methods for control of tooth decay. The most reliable through the years has been surgery followed by restorations with metallic materials," he said. "Add to the old one of grinding and filling teeth a diet low in sugar content, drugs (ammonia, urea, fluorine, vitamin K, silver nitrate), and oral hygiene. "Oral hygiene is the least satisfactory," Dr. Arnim said. "Getting people to brush their teeth regularly is no easy matter. But I don't give up hope. All of us take a bath daily, and maybe some day we will develop the habit of actually keeping our mouth clean."

### Seed Depleted Soils To Clover, Pasture Grasses

Abandoned fields are being brought back into use this year by Fisher County farmers, who seeded the depleted soils to pasture grasses and clovers.

Fisher County Agricultural Agent L. E. Turbeville reports that he has been called on repeatedly for help in putting the old fields back into production.

J. C. Simpson, Fisher County farmer, has made five acres of abandoned land pay him dividends again by clearing off mesquite growth and planting weeping love grass, madrid clover and blue panic grass. Tom Parker, another Fisher County farmer, revived nine and one-half acres with buffalo, blue grama and blue panic grasses. Mrs. Faye Young, Morlon, ranch owner, brought six acres back to life with the weeping love and blue panic grasses.

County Agent Turbeville says that there is a drive underway in the county to put all land to some good use. Most of the new acreage that has been planted to the grasses and clovers will be harvested for seed, so that more extensive pasture seeding can be done next year.

#### BICYCLE NO TOY

Parents, the Texas Safety Association suggests you remind your bicycle-riding youngster that his bicycle is a vehicle, not a toy, and that he must abide by traffic rules. Get a copy of your city ordinances pertaining to bicycle riding and go over them with him. Impress him that riding without holding the handlebars, weaving, speeding around corners and other such stunts do not show either smartness or bravery. A few words of caution may save his life.

### Search Continues For NTSC Old-Time Ex-Students

The search for old-timers, ex-students of North Texas State College, continues for a third week with a list of approximately 50 names of former students enrolled back in the 1890's when the college was first founded as a normal college.

Officials at NTSC hope to pay special tribute to the oldest former student at the homecoming celebration on Nov. 14 and 15.

To date, records indicate that Miss Henrietta Austin, Bryan St. in Denton, is the oldest former student. Miss Austin, age 86, was registered at the North Texas Normal College in 1897. The next oldest ex-student located is L. L. Fry, also of Denton, who is 77 years old and was registered at the college in 1890.

A special search is being made for Clem L. Sone who is believed to be the oldest ex-student. Sone's last address was near White Deer, Texas. College officials will continue their efforts to locate the

#### DRIVING RULES

The Texas Safety Association says the lives of hundreds of children—perhaps the life of your own child—would be saved if drivers observed these rules: Drive at a moderate speed in residential and school neighborhoods; keep on the right side of the road; look ahead and look for children; and look carefully before backing up from a parked position. Children should be seen and avoided.

#### WATCH CHILDREN

The Texas Safety Association asks motorists to let their bells remind them to look out and let the children drive with extreme care. Ever children are on the streets. Playing in the fast, and they often run for which they are not accountable. Don't take chances with little children!

oldest ex-student and a invitation for the homecoming activities will be issued.

### Nancy Jones Is Crowned Hal'ween Queen Saturday

Miss Nancy Jones was crowned Halloween Queen last Saturday night when members of the Sophomore Class of the Memphis High School entertained the school body and faculty members with a Halloween party in the gymnasium.

Members of the Cyclone football team served as judges and Miss Jones was selected from high school candidates, each class having entered several candidates. Miss Scharlene Pyeatt was chosen runner-up in the contest. Miss Jones was a candidate from the senior class and Miss Pyeatt represented the junior class.

Highlight of the evening program centered around the selection and crowning of the queen, but in addition there was dancing, cake walks, and numerous contests held throughout the evening. First, was an amateur contest in which Elton Murdock won first place by playing the piano, and this was followed by a wolf-calling contest won by Jackie Gilbert. Bobby Crooks won the prize in the apple rolling contest and Paty Combs was awarded the door prize in the final contest of the evening.

Prizes were given to each winner and sandwiches were served during the evening.

### Congressman Tells Of European Trip

United States foreign policy in Europe is directed toward stimulating war-ravished nations to maintain their own stable governments embracing the ideas of freedom of religion, speech, press and election. Cong. George Mahon told Texas Technological College students and faculty in special convocation.

Particularly in Western Europe and Greece the United States must have strong friendly governments to serve as a bulwark between Western democracy and Russian communism, he declared. Mahon recently returned from a six-week inspection of Europe with the 19-man Congressional Herter committee.

He termed "shocking" the theory held by some people that if a nation wishes communism it should encourage it in that course. He pointed out that once communism is established, it may not be "voted out at the next election," since it destroys free elections along with freedom of religion, speech and the press.

The speaker voiced hope that the United States will maintain full military preparedness and a bi-partisan foreign policy.

"We must decide whether we want isolation and cowardice or whether we want to be the mightiest nation in the world, leading free people to a better life," he stated. "What we do in the next few months will hold the key to the future of the world."

### NEWS EDITOR BEGINS WORK AT DEMOCRAT

J. B. Cox of Sherman is news editor of the Memphis Democrat having begun work Tuesday.

He is experienced in both reporting and editing having worked for the News Herald in Del Rio, the Daily Democrat in Sherman, the Grayson Weekly News in Sherman, the El Dorado, Ark. Daily News and others.

He has done undergraduate work in Centenary College at Shreveport, La., and also studied a short time with the Austin College class of journalism at Sherman.

### COTTON QUIZ

DOES COTTON GROW ON TREES?  
ANS—YES IN BRAZIL. TREE COTTON ATTAINS THE HEIGHT OF 15 TO 20 FEET... AND YIELDS AN ANNUAL CROP!

LAST LAUGH... "Crow's Bill" had the last laugh when he read that he did not have to go out and run his hoofs off for the entertainment, profit and loss, of a bunch of humans.

Between the early '20's and early '40's, farmers increased production per animal unit of breeding livestock 30 per cent, and output per worker 64 per cent.

### Social Security Representative to Be Here Nov. 12

The representative from the Social Security field office at Amarillo will be in Memphis Wednesday, November 12, according to an announcement by J. R. Sanderson, manager of the Amarillo office. It has been customary for a representative from this office to be in Memphis on Tuesday. This year Tuesday, November 11 is a legal holiday, and the field representative will be here the following day.

As usual, the representative will be available at the court house in the commissioners court room at 2 p. m. He will be glad to help any employee, employer, or claimant with social security problems or questions, Sanderson said. New employers of one or more people, in work covered by social security, are urged to contact this representative for assistance in getting their duties and methods for handling social security reporting outlined to them. 160 J. E. ROPER WE DELIVER

### Use Of Concrete In Stopping Inroads Of Termites, Urged

Whenever termites show up in a building, the owner feels like throwing up his hands at the very beginning of the fight. It seems to him that he has a never-ending, hopeless battle on his hands.

There are two remedies for fighting termites, extension entomologists of Texas A. & M. College say. The best remedy is and always will be "build them out." Most termite infestations are due to faulty construction when they can get in at filled porches, terraces and other entrances, or through the foundations. The thing to do is block them out with concrete or similar materials.

Since it isn't always practical to rebuild or repair, the entomologists suggest poisoning the soil around and under buildings. The poison will discourage the insects for some time.

According to research workers at Beltsville, Md., Saucier, Miss., and the Canal Zone (an area of severe infestations) there are nine chemicals that do a reasonably good job at getting rid of termites. Five of them proved good under most conditions of test: sodium arsenite, pentachlorophenol, trichlorobenzene, orthodichlorobenzene, and coal-tar creosote. The other four appear promising: lead arsenate, sodium fluosilicate, cryolite, and phenothiazine.

The soil treatment has to be thorough and complete to do the job. Instructions on dosages and application of the chemicals can be obtained from county agents.

JAMES WILLIAMS

### Bsn. Jas. William On Round World Cruise in Oil Ship

Boatswain James Williams writes from Manila to his mother, Mrs. Pauline Williams of Lakeview, stating he will be home about January 1.

Williams will be completing at the end of this year a round-the-world cruise on board an oil ship, the SS Kathio. He sailed from San Francisco last August with ports of call at Honolulu, Japan, Manila, Saudia Arabia, Iran, Port Said, Egypt, France, and Germany, and will wind up at Galveston.

#### CARD OF THANKS

We wish to express our heartfelt thanks and appreciation to the many neighbors and friends for their kindly ministrations and words and acts of sympathy to us during the brief illness and at the time of death of our beloved mother and grandmother, and for the beautiful floral offerings. May God's blessings be upon you, is our wish and prayer.  
The Family of  
Mother McCrory.

### Wheeler Boys In Dairy Calf Circle

Looks like the dairy business is in Wheeler County to stay. The number of dairies in the county jumped to 80 this past year and according to the county agents, W. K. Frey and Ralph L. Jones, the dairymen had to go "anywhere and everywhere to buy any cow, so long as she produced fairly well."

The county agents figured that for the best interests of the county, dairy cattle with good breeding and production records behind them should be available. They took the problem to the Wheeler chamber of commerce and suggested that 4-H Club work would be a good place to start the replacement program. The organization agreed to sponsor a "Dairy Calf Circle," which will operate on the basis that each boy who receives a dairy heifer from the Circle will return her first calf to the chamber of commerce, to be placed with another 4-H Club boy.

Eight boys will get the first calves. Their selection will be based on their interest in and desire for the demonstration, their knowledge of the care and management of dairy calves and cows, and the facilities available for the proper care of the calves. The attitude of the parents toward the demonstration will also be considered in the final selection.

Each boy who receives a calf must agree to insure the animal and feed and breed it under the direction of the county agents.

Ralph Jones, assistant county agent in Wheeler, says that over a period of years there should be plenty of high-producing dairy cows for the dairymen of Wheeler county.

Dairy cows must have 3 to 5 times as much water as they produce milk. Insufficient water reduces production, increases costs, and wastes feed.

There were about 250,000 more people working on farms the first of October this year than a year ago.

"Why get so excited mother? I got twice that much for sending that question IN to the quiz program."

### Help Prevent Costly Colds, Watch Symptoms

What causes colds? Colds are caused by germs too small to be seen under a powerful microscope, and are known as "Filterable Virus." They are present in discharges from nose and throat. They are spread from person to person by sneezing, coughing, spitting, or on any freshly contaminated article, as a drinking glass, which will pass on the infected saliva, according to a release from the Texas State Department of Health at Austin. A cold is most likely to be passed on during the first 24 hours, the report says.

If we could each live like a hermit, apart from others, we would probably never "catch cold." People living in Greenland and Labrador, we are told, do not have colds in the winter even when exposed to the most severe weather.

The busy person in everyday life cannot avoid exposure to colds. We expect to be sprayed by careless coughers and sneezers. Young children, elderly people, and invalids who suffer most from the effects of a cold should certainly be protected from those who have colds. Children with colds should be kept home from schools, and if rest and light food do not help the cold to disappear shortly, then the family physician should be called. This may not be a cold but even more serious, as most of the communicable diseases start with some of the symptoms of a cold, the report stated.

What can we do to avoid colds that cause more loss of time from industry and schools than all the other diseases combined? Have your own cup and glass at home and elsewhere; dress for the weather; eat a balanced diet; get plenty of rest; keep away from persons with colds.

Colds are costly. Prevent them if possible.

Cpl. James T. Hardage, who is located at San Antonio, spent the week-end here with his parents, Mr. and Mrs. S. F. Hardage.

Jack Holcomb of Dumas visited his mother, Mrs. Mary Holcomb, here Sunday.

Mr. and Mrs. James Smith and children, James and Mary Alice, visited friends in Shamrock Sunday.

Mrs. Cora Warren, a former Memphis resident and aunt of Angus Huckaby, is at the point of death in Saint Anthony's Hospital in Amarillo following a stroke which she suffered about two weeks ago.

By bottle \$1.00; or by case (24 bottles) \$18.00. Dealer prices on request. Lubbock Cover Co., 1911-N, Lubbock, Texas.

### Immune Globulin Protects Children From Measles

Dr. George W. Cox, state health officer, has issued a statement concerning the use of immune globulin for protecting very young or frail children from an attack of measles, the perennial childhood disease which often causes serious complications.

"If you have a child less than five years old who has been exposed to measles, your family doctor may recommend giving him immune globulin," Dr. Cox said. "Through city, county or state health departments, doctors can obtain immune globulin free, to be used as they think advisable. Infants and children, whose health makes it inadvisable for them to suffer an attack of measles, may avoid the disease if immune globulin is administered within eight days from the time of exposure."

The state health officer emphasized the fact that immune globulin, cannot give a permanent protection against measles, but explained that the duration of its protection is ordinarily of about a year. However, it can be used, and is protected by it until he is old enough to stand out risking serious complications.

Dr. Cox said that he would keep children under five years of age, and more so, children, from all sources who might be exposed to infection. Statistics show that nine-tenths of all measles occur in children under five years of age.

### Auxiliary of VFW Is Organized; Jones Named President

The Ladies Auxiliary of the VFW, Memphis was organized recently when Mrs. J. R. Pennington was elected president.

### PERSONALS

Mrs. J. R. Pennington of Grapeland was a guest in the R. H. Wherry home last week. Mrs. Pennington is a sister-in-law of Mrs. Wherry.

Mr. and Mrs. C. A. Williams and baby Linda Louise of Lubbock visited here with his parents, Mr. and Mrs. C. A. Williams Sr., the past week-end.

Mr. and Mrs. George Bass and Mrs. Minnie Taylor are visiting in Hobart, Okla., this week with his sister, Mrs. W. H. Carlton.

Mrs. J. M. Baker and Mrs. Charles Snowdon were business visitors in Childress Thursday of last week.

Mrs. Edwin Rice of Russellville, Ky., arrived in Memphis Tuesday for a visit with her sister, Mrs. D. A. Grundy.

Mrs. Anna H. Dickson returned Friday from a visit with her brother, J. M. Hudgins in Paris, and her son, Boyd T. Dickson, and family at DeQueen, Ark. She was accompanied by Mrs. Josephine Tyler of Fort Worth who visited a sister-in-law, Mrs. Hill, in Shreveport.

Frank Smith Jr., who is attending College at Trinidad, Colo., visited his parents, Mr. and Mrs. Frank Smith Sr., last week-end.

**PRESIDENT'S PORTRAIT**... Official portrait of Pres. Harry Truman, which has just been finished by Greta Kempton. The portrait will be used as the official campaign painting of the President.

### Native of England Talks of Homeland At Delphian Meet

"Our Neighbor, England" was the program theme for the Delphian Club in the year's study of "World Neighbors" when the club met Tuesday in the home of Mrs. Otho Fitzjarrald with Mrs. Jack Boone as co-hostess.

Mrs. Leonard McMurry, a native of Norwich, England, who came to America as a war bride and is now a member of the club, established a better understanding and appreciation of our neighbor by her interesting and charming discussion of the characteristics of the English people, the school system, politics, churches, the economic situation, the weather, and a vivid description of the beauty of the countryside. Mrs. McMurry was presented to the club by Mrs. Henry Hays, program chairman, who told about Mrs. McMurry's family, her marriage, and trip to the United States.

Mrs. C. C. Hodges presided at the business meeting.

Members present were Mesdames A. Anisman, J. L. Barnes, Jack Boone, W. C. Davis, W. C. Diekey, J. O. Fitzjarrald, Calvin Draper, Gordon Gilliam, Henry Hays, C. C. Hodges, V. L. McGlocklin, J. S. McMurry, Leonard McMurry, Robert Queener, Clarence Stroehle, J. W. Stokes, Annie Stone, Billy Thompson, R. H. Wherry, Harry Womack, and Misses Maud Milam and Zady Belle Walker. Mrs. J. W. Stubbs of Pampa, a former club member, was a guest.

### Airplane Spraying Of Brush Tested

Inspection Field Day To Be Held At Higgins Nov. 15

A brush spraying inspection field day will be held at 2 o'clock Saturday afternoon, November 15, at the Oasis Ranch, 16 miles south of Higgins, conducted by the South Plains Field Station, it was announced this week by J. J. McDaniel of Memphis, who is secretary of the Hall County Soil Conservation District board.

The purpose of the field day is to inspect the results obtained from a comparatively cheap and highly effective method of controlling sagebrush, skunkbrush, sandplum, and many range weeds by airplane spraying with 2, 4-D chemicals. The spray work was conducted on the Oasis Ranch in May of this year on about 1,000 acres of range land infested with shinnery oak and the other plants mentioned above. Many types of 2, 4-D furnished by chemical companies and several homemade mixtures were used in the extensive tests.

Earlier tests on small plots of the spraying resulted in excellent control of most brush without damage to grass or livestock. In fact the grass seemed to have improved, reports from the experiment officials say.

An airplane spraying company has offered to furnish mixtures and apply the most effective control, at a total cost of \$2 per acre, the officials said.

All stockmen and others interested in conserving the range are urged to attend this meet to see the results of the experiments.

The timber cut from the national forests in the quarter ending September 30 totaled 1,127 million board feet, the largest cut from national forests ever registered in any one quarter.

Parsley lends flavor, color, and food value to many dishes and can be easily grown in a kitchen window box or flower pot.

C. C. HODGES, Mayor.  
D. L. C. KINARD, City Secretary.

### Processing Time Said To Be Same For Most Canners

The processing time tables for home canners recently released by the Texas A. and M. College Extension Service can be relied on for any make or model of canner.

Canners on the market today differ in material, design, and also size, but tests in nine canners showed that the rate of heating and cooling did not differ

enough to make different processing times necessary.

U. S. Department of Agriculture specialists made tests with green beans and mashed pumpkin with two canners of porcelain enamel on steel, one of pressed aluminum, and the others of cast aluminum. The canners varied in weight from 11 to 20 pounds and in volume from 17 to 31 quarts. Each canner had a capacity of at least one tier of seven quart jars.

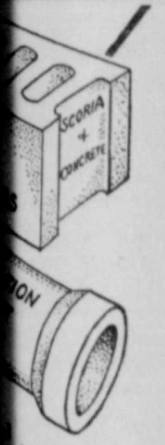

Housewives may feel safe in using the standard processing times in any type of canner. The new time tables are still available in the offices of county home demonstration agents.

## Walter Hill Is General Manager Amarillo Firm

Walter Hill, son of Mr. and Mrs. Wade Hill of Memphis, was made general manager of the Cunningham Floral Company of Amarillo this week, it was reported in Memphis today.

A former resident of Memphis, he had been associated with the \$150,000 floral company for 17 years. He was given an opportunity to buy an interest in the company and made general manager at once.

The firm was founded more than 30 years ago in Amarillo by Mr. and Mrs. C. C. Cunningham and Mrs. Cunningham, who has been actively engaged in the business, is retiring with another owner, Bill Beecher, to turn the active management over to employees including Mr. Hill.

## Disgruntled Fans—

carrying the entire Skyrocket football team and Mr. Pritchett said that except for the quick thinking of the driver, Don Stevenson of Shamrock, a serious wreck could have resulted. The bus was then peppered with rotten tomatoes and onions. This occurred approximately five miles east of Memphis.

Two Wellington boys, W. D. Jones and Billy Joe Hite, were chased into Wellington by a group in a Memphis car. The local youths' car stalled on 15th street and they left it and ran across some vacant lots, Mr. Pritchett said. Believing they had gone into the Barney Jones home, two of the pursuers attempted to enter the house. Officers were called, and the two were held in jail overnight.

Supt. Davis of Memphis expressed regret that the incidents occurred, and both school officials and Memphis civic clubs assured Mr. Pritchett that they would do everything they can to get the matter straightened out.

The Wellington superintendent commended the spirit in which the game was played, and said that relations between the two teams was 100 per cent congenial.

## Mother McCrory—

(Continued from page 1)  
 S. McCrory of Pasadena, Texas, Mrs. George Scruggs of Wellington, and Mrs. Sidney Baker of Memphis. Other survivors are 11 grandchildren, 19 great grandchildren, and one great great grandchild; a brother, I. N. Snow of Fort Worth.

Mother McCrory joined the Presbyterian church at the age of 17, and was a member of the First Presbyterian Church of Memphis for some 40 years. She made her home with her daughter and son-in-law, Mr. and Mrs. Sidney Baker most of the time since 1913.

Never having any serious illness, Mother McCrory was active up to just a few days before her death. She kept busy sewing, piecing quilts, and the like, and during both wars, she worked with the Red Cross in making garments and articles for boys in service. The Bible was read daily by Mother McCrory, as well as newspapers, books, and periodicals and she kept pace with current events. She loved Memphis and the Memphis people, and was loved in return by all with whom she came in contact.

One of the highlights in the life of Mother McCrory was a Mother's Day program given by the public speaking class in the high school auditorium last May, at which she was the guest of honor. Five of the pallbearers at the funeral were members of this class, the other pallbearer, H. L. Duncan of Wellington, was a special friend of Mother McCrory.

Out-of-town relatives attending the funeral were Mrs. Bess Cerugas, Mr. and Mrs. Lowell Wells, Mr. and Mrs. John Holton, all of Wellington, and Mrs. T. H. Pollard of Amarillo.

Out-of-town friends attending the funeral were Percy Wells, Sam Smith, Mr. and Mrs. Ralph Ball, Mr. and Mrs. H. L. Duncan, Wellington; Mr. and Mrs. Bill Baker and son Jimmy, Mr. and Mrs. Warren Dinwiddie and daughter Elizabeth, Mr. and Mrs. Jim Bob Harris, Mr. and Mrs. J. B. Latham, Mr. and Mrs. R. B. Latham, Mr. and Mrs. P. F. Yocham, Amarillo; and Mr. and Mrs. W. E. Colwell and daughter Betty Lou of Pampa.

## 3,000 Fish Added At Brookhollow

Brookhollow Lake received a shipment of 3,000 fish this week from the state hatchery at Dundee. The shipment consisted of bass, crappie, perch, and cat, it was announced.

W. V. Coursey, Elmo Whaley, and L. O. Dennis compose the fish committee of the country club. They reported the fish were fingerlings and hope they will help to replenish the supply in the lake so that fishing will be better in the years to come.

## \$561 Increase—

(Continued from page 1)  
 year was \$19,398.43, or \$22,828.25 less.

Duck stamps issued for the first day in 1946 were 45, with a large decrease this season, the amount being only 14 stamps for November 4, the opening day.

## Future Farmers—

(Continued from page 1)  
 and Carmen Phillips, of Memphis; and several teachers and citizens of other towns.

Officers of the district FFA are Buster Bain, Clarendon, president; Hershel Parrish of Childress and Wayne Hutcherson of Memphis, vice presidents; Earl Glenn of Quail, parliamentarian; Johnny Fulton of Estelline, reporter; and Jerrald Peters of Hedley, treasurer.

The club members proclaimed the meeting one of the most interesting and inspiring they have attended in a long time.

**WINNER . . .** Robert C. Walters, 17, Waterloo, who won the award at the 4-H roundup held in conjunction with the National Cattle congress. His award was in the heifer production at the annual meeting. He was runner-up for the award last

**THREE TWO'S WIN . . .** Mrs. John Walsh, 28, ex-Spar, of Quincy, Mass., home from South Shore hospital with third set of twins, the first in U. S. medical history to be born in one year and 51 weeks. L. to R., John, Jr., 2; Michael, who will be one this week; Mrs. Walsh with newcomer, Kevin; Mr. Walsh with Kevin's twin Kathleen; Maureen, Michael's twin, and William who is the twin of John.

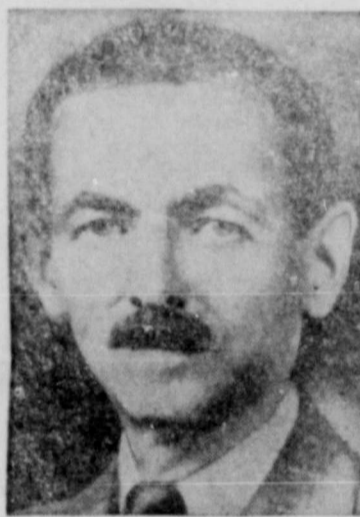

**RETURNING WORLD WAR II DEAD . . .** The first of the war dead—the heroes in the Pacific and in Europe have arrived back in the United States. Photo shows United States' Honor Guards on the U. S. army transport, "Joseph V. Connolly," as they mount watch over the symbolic United States casket which represented United States World War II dead. The first shipment included 5,000 of the dead veterans returned from Europe.

**TEXAS UTILITIES COMPANY AWARDED NAVY CITATION** signed by James Forrester, as Secretary of the presented to Price Campbell, president West Texas Utilities by Commander G. E. Talbutt, USNR, in recognition of served the Naval Reserve Program during 1947.

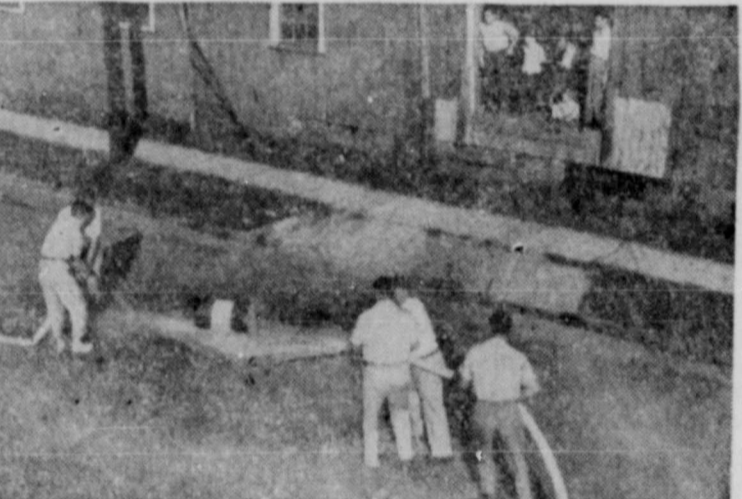

**WHEN NEW YORK FIRE RAGED . . .** A roaring brush fire destroyed several hundreds of small woodland at Colonie, near Albany, N. Y., blocking traffic and endangering several homes in the area. Fire fighters were hampered by lack of water from drought. At one time the blaze was seven miles long, two miles wide.

**MARK OF ARAB EXTREMISTS . . .** When two women employes of the American consulate in Jerusalem were injured when Arab extremists bombed the building. Robert MacAtee, Washington, D. C., the American consul general, was out of the building.

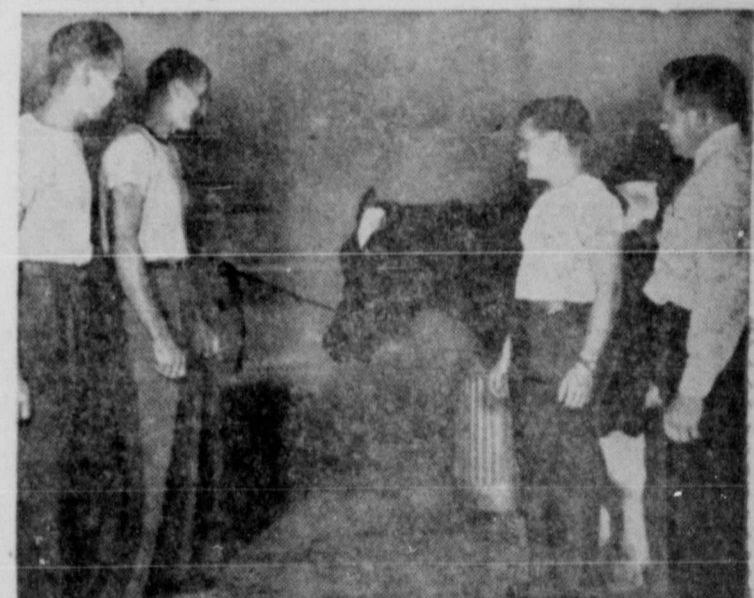

**MORE FOOD—LOWER PRICES . . .** This is the belief of the five state commissioners of agriculture, left to right: Math Dahi, North Dakota; J. E. McDonald, Texas; Tom Linder, Georgia, and R. A. Trovatten, Minnesota. They stated that farm production increase is the solution to current shortages and high prices.

**FIREMEN'S HOLIDAY . . .** When firemen at Mebane, N. C., want to have some fun, they play their own brand of "water polo"—namely, trying to shove an empty oil drum across the goal line with powerful streams of water. They get far wetter than they usually do when fighting fires.

**BLUE BABIES . . .** First brother and sister to arrive at John Hopkins hospital to be operated on as "blue babies," are Frank Valentini, Jr., and his sister, Leonora, Loraine, Ohio. There were 1,000 previous admissions at famed Baltimore hospital for "blue" operations.

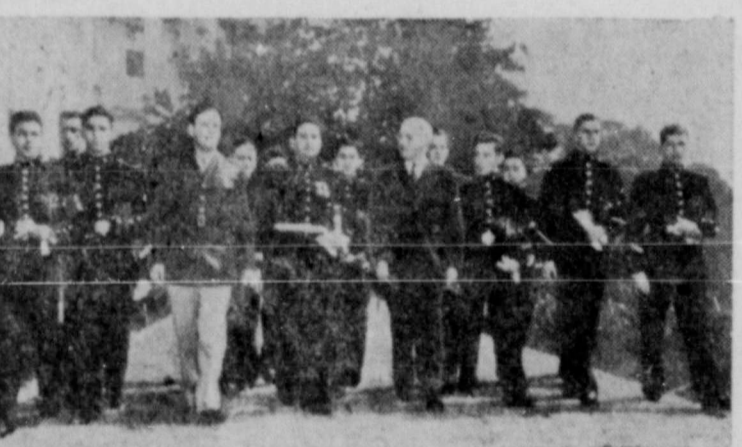

**NATIONAL CHAMPIONS . . .** Winners of the National Intercollegiate Dairy Cattle judging contest at Waterloo, and at the Eastern States Livestock exposition at Springfield, Mass., left to right: Bernard Stanton, Greenville, N. Y., John B. Dewey, Baldwinville, N. Y., and Germain Marion, Hammond, N. Y. The Cornell university's coach, Prof. George W. Trimberger is at the far right.

**DR. BLALOCK** . . . Dr. Blalock, eminent authority who has been with Dr. Blalock educate operations for which is performed at Spaulding Hospital, Baltimore.

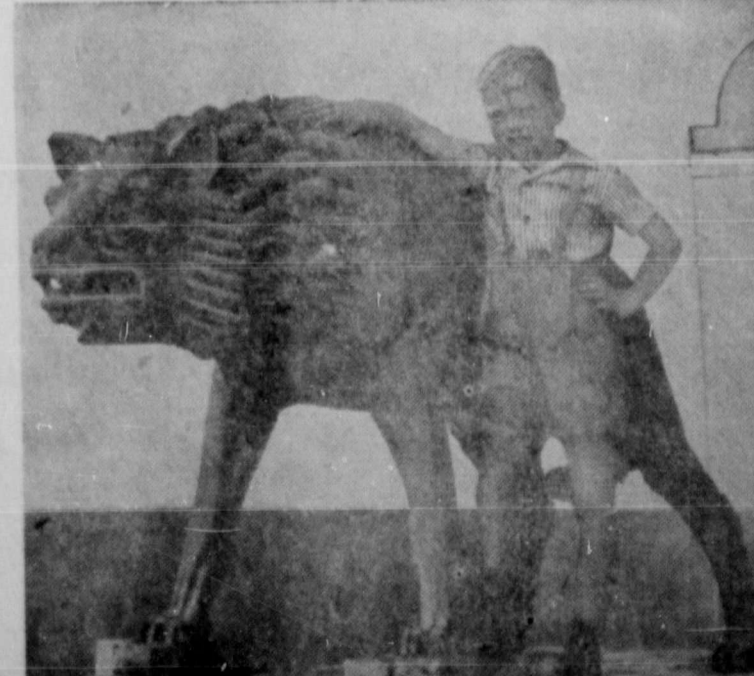

**QUEEN OF LOVE AND BEAUTY . . .** Dorothy Claggett Danforth, 19, daughter of St. Louis milling company executive, who was crowned Queen of Love and Beauty at the annual Velled Prophet ball in St. Louis. Miss Danforth will reign during the entire St. Louis social season.

**MEXICO'S WEST POINT . . .** President Truman as he received a pledge from cadets of Mexico's "West Point" that Mexico will stand by the United States in its fight against hunger "or in any other danger." The president received a group of 12 cadets from the Mexican Military academy who are visiting this country as guests of the U. S. government.

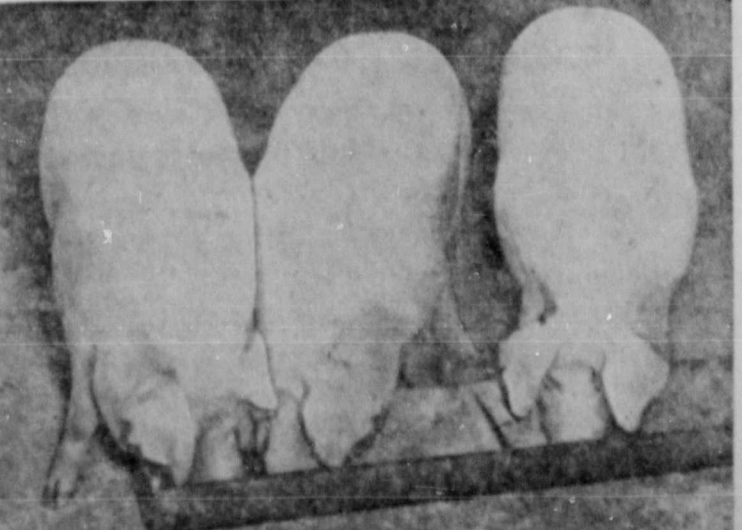

**RED QUEEN . . .** Anna Pauker, the "Red Queen of Rumania," is shown as she was with secret gathering in Warsaw to revive the Communist International. She called for struggle against "establishment of world domination of American imperialism."

**PETER AND THE WOLF . . .** Peter Tatschl, 7, son of sculptor John Tatschl, gets chummy with the plaster model of the stylized Lobo which his father was commissioned to make for the University of which his father was commissioned to make for the University of cast in bronze and will stand guard before the entrance to the university stadium.

**SLINGSHOT . . .** Dan Flannigan, 13, builder of the "atom" and Frederick Sinn, 11, who is holding the contraption that is used to launch the atomic era slingshot. The "super duper," measuring four feet, tall, and which can hurl a rock a full city block with a similar effect against practically any type of "enemy."

**RECORD PRICE . . .** These Chester White barrows, entered in the National Barrow show, Austin, Minn., brought a world's record price of \$368.00 a hundredweight at the auction following the show. The owner Fortage Farms, Woodville, Ohio, secured \$2,430 for the trio.

### WELLINGTON DOWNS CYCLONE TEAM IN MEMPHIS FRIDAY NIGHT 30 TO 0

Holding the Wellington Sky-rocket to one lone safety in the first half in Memphis Friday night, the local Cyclone grid team's defenses buckled and the visitors went on to win by a score of 30 to 0, in the last half.

Statistics as well as the actual score showed that the Wellington team was superior, as the Cyclone passer, Gayle West, was rushed by the Skyrocket forward wall for loss after loss. Wellington had 12 first downs to 6 for Memphis and they gained a total

of 182 yards rushing to the Cyclone's 89.

Bill Combs was outstanding for the visitors gaining 118 yards and scoring one touchdown. Other touchdowns were by Kenneth Winter, Benny Moore, and Robert Fulton.

Starting lineups were:

Memphis	Pos.	Wellington
Vickers	E	Fulton
Rich	T	Bollen
Clark	G	Raburn
Pierce	C	Johnson
Orand	G	Bullington
Akard	T	Jones
Jenkins	E	Young
West	QB	Winter
Davis	HB	Combs
Kilgore	HB	Moore
Morrison	FB	Strickland

**GEORGE WILLIAMS RECEIVES DISCHARGE FROM U. S. NAVY**

George Williams, son of Mr. and Mrs. C. A. Williams, received his honorable discharge from the U. S. Navy October 23 in San Diego, Calif., and arrived in Memphis the following day.

Williams was stationed aboard the U. S. S. Orleck and visited many foreign ports during his months of service. He plans to enter college in the near future.

### Record Shipments Abroad Necessitate Saving of Used Fats, Report Shows

In a resume of the present situation regarding fats and oils, the American Fat Salvage Committee this week issued pertinent facts showing how complex the problem is becoming. At the same time, an appeal was made to the housewives of America to make every effort to save used kitchen fats, and get them into trade channels.

The report stated that the Department of Agriculture will ship to foreign countries 452 millions pounds of fats and oils during the last three months in 1947. The staggering total is 96 million pounds more than was shipped during the first six months of this year.

It is estimated that the world is short nearly eight billion pounds of fats and oils. The committee gave the following reasons for this shortage: 1. In Europe the war and its after effects such as inflation, low production because of the lack of industrial machinery and much smaller shipments of food and other vital ma-

terials from southeast Asia and Eastern Europe, have created a critical shortage. 2. Many European areas which normally produce considerable amounts of fats and oils stopped altogether during wartime. 3. Constantly changing prices paid for farm produce make it impossible for the farmer to know what to grow, for a shortage may turn into a temporary surplus by harvest time leaving him with a perishable crop.

Secretary-General of the International Emergency Food Council D. A. Fitzgerald sums up the current situation by saying, "There are many more mouths to feed and a tremendous job of reconstruction to be done. In the face of this great world-wide shortage of fats and oils, it is obviously most necessary to conserve every possible pound of used fat. American women can make a real contribution to the welfare of their own country and to the recovery of the rest of

*A good Sportsman in the making*

Texas hunters and fishermen maintain a tradition of sportsmanship that has become a cherished heritage to pass down from father to son to grandson. And high among the ideals of the Texas sportsman is conservation of wild life.

And just as the sportsman conserves wild life, so other Texans conserve those things we hold most dear—our health, our mode of living, our knowledge, our natural resources.

Like other natural resources, natural gas has little value locked in the

ground. It is worth nothing unless it can be made to perform a service for the benefit of mankind. United Gas gives value to natural gas by making it available for use... by building processing plants, compressors and pipe lines to connect wells with cities and towns where it can be used.

This is practical conservation, for it gives value to this finest of fuels, stimulates industrial development, creates jobs, and benefits all the families in Texas.

Jap Mistakes Cheese for New Kind of Soap

Cheddar cheese, recently introduced in Japan by Americans, caused at least one native considerable difficulty. Mistaking it for a new type soap, the hapless fellow attempted to bathe with it, but found it would not lather, according to J. C. Leukhardt of Washington, D. C., who addressed a recent meeting of the Texas State Nutrition Council at Texas Technological College.

Leukhardt, who is assistant chief in the nutrition program office of the Production and Marketing Administration, was citing need for education in nutrition over the world.

Dehydrated food caused the Japanese a bit of bother at first too, he said, telling of one home owner who attempted to paint his house with home made paint utilizing powdered eggs as a color base.

New Variety of Stormproof Seed Will Be Scarce

Seed from improved stormproof cotton recently developed by the agricultural experiment station at Lubbock will probably be very scarce and hard to find until the 1949 planting season, according to Dr. A. W. Young, head of the Texas Technological College plant industry department.

Dr. Young, who recently described superior features of the new variety as shown on the col-

lege farm, has received numerous inquiries from farmers who wish to obtain seed.

Small lots of seeds were distributed for planting in seed blocks this year, he explained, and most of the receivers will probably wish to keep this year's seed yield for next year. However, even, seed should be more plentiful during the following season.

Guests Sunday in the John Dennis home were Mr. and Mrs. Jim Martindale of Childress, Mr. and Mrs. D. L. Martindale and children, and Mrs. Deacon Jones, all of Pampa.

Milam Visits Large Research Farm of Purina Company

Clyde F. Milam was one of a group of 225 Texas feed dealers who traveled by special train to the 738-acre research farm of the Ralston Purina Company at Gray Summit, Mo., recently.

At the farm, Milam saw one of the largest privately-owned livestock and poultry research projects in the world where more than 45,000 birds and 3,000 animals are studied each year by scientists. He and the other deal-

ers inspected a grade-stock dairy herd which had doubled its production under the company's program of careful sanitation, sound management, good breeding, and good feeding, according to company officials.

### Circles of WMS Meet in Joint Session Monday

Four circles of the W. M. S. of the First Baptist Church met in joint session Monday afternoon in the church.

An interesting program on "Africa" was presented by members of Circle No. 2. The program was under the direction of Mrs. Byron Baldwin, mission chairman of Circle No. 2, and Mrs. C. R. Tennon, general chairman.

Mrs. H. J. Howell gave the devotional, "Arise, Shine, for Thy Light Has Come." Following the devotional the lights were turned out and a spotlight centered on

the stage which was backgrounded by a wall map of Africa.

The following members presented a program in pantomime: "People of Africa," Mrs. Omer Hill, reader; Mrs. Wilda Trent representing a native woman; "Free and Slave," Mrs. John Barber, reader; Free, Mrs. Paul Pyle dressed in white holding aloft a lighted candle; Slave, Mrs. T. J. Kilgore, dressed in sober robes and having hands chained together; "Religions of Africa," Mrs. O. T. Toney, reader; Christianity, Mrs. Wilde Trent, reading Bible; Mohammedism, Mrs. W. A. Spruill, portraying heathen custom of veiled woman; Pagan, Mrs. T. J. Kilgore, kneeling with bowed head; "Southern Baptists At Work in Africa," Mrs. Emma Baskerville; "Good News From Africa," Mrs. Lynn Jones assisted by Mrs. Omer Hill, Mrs. John Barber, Mrs. O. T. Toney, who read letters from missionaries. The closing prayer was offered by Mrs. Bud Godfrey.

In attendance were 27 members and 4 visitors.

TO WED GOVERNOR... Miss Jean Crough, 21, Elko, S. C., whose engagement to Gov. James S. Thurmond, 45, of South Carolina, was recently announced by her parents. The wedding will take place in the executive mansion on Nov. 7th.

### Memphis Chapter Observe FHA Week

The local chapter of Future Homemakers of America is participating in special activities in observance of Future Homemakers of America Week, which opened Sunday and lasts through Saturday, according to Mrs. Marian Messer, sponsor.

One of the special features of the week is donations in exchange for chapter emblems being asked for by members of the chapter. Money donated will be used next spring to send a girl to the state meeting in Galveston.

The girl who will make the trip will be selected by judges from members of the home economics classes and judging will be based on the best finished garment. At Galveston the Memphis winner will compete for state honors.

Monday night the regular monthly meeting was held in the home economics room. At this time plans were completed to order club pins and buy a banner for the chapter.

There are 24,024 Future Homemakers of America members and Texas has 490 chapters. The creed for the organization is as follows:

We are the Future Homemakers of America. We face the future with warm courage, and high hope. For we have the clear consciousness of seeking old and precious values. For we are the builders of homes, Homes where living will be the expression of everything that is good and fair. Homes where truth and love and security and faith will be realities, not dreams. We are the Future Homemakers of America. We face the future with warm courage and high hopes.

FOOD CONSERVATION... Charles Luckman, chief of food conservation, has been having his troubles trying to get industry, agriculture and all factors together on his food program.

### Jo Marie Barnett Is Party Honoree On 5th Birthday

Jo Marie Barnett was named honoree at a birthday party Tuesday afternoon of last week. The party was given to celebrate her 5th birthday anniversary.

The afternoon hours were devoted to playing many kinds of party games and picture making. Guests were given Halloween faces as favors.

Mesdames Walter Bounds, Herbert Payne, U. C. Durrett, Alvin Winters and Clyde Barnett served refreshments to the following guests: Reda Davis Durrett, Sharon Ann Duren, Barbara Winters, Herby Bounds, Jimmie Bounds, Ronnie Barnett, J. C. Barnett, Patricia Gale Lawrence, Nancy Davidson, Fay Thompson, David Payne, Brodey Durrett, Lana Kay Payne, Sue and Dixie Melton.

Sending gifts were Mrs. A. T. Bowerman, Mrs. E. C. Barnett, B. F. Winters, Mrs. B. F. Davis, Mrs. L. B. Wright of California, Mrs. J. W. Larkin of Cooper, Mrs. L. B. Wright of California, Mrs. J. W. Larkin of Cooper, and Mrs. Leona Loyal of Dallas; and the honoree's grandparents, Mr. and Mrs. L. J. Boyd of Lake Creek.

### LEGION AUXILIARY TO MEET NOVEMBER 13

The American Legion Auxiliary will meet November 13 in the parlor of the Legion Hall, Dink Dennis, president, announced this week. In making the announcement, Mrs. Dennis urges all members to be present.

Mrs. Bryan Jones and daughter Winell of Electra were guests in the Henry Hays home Saturday night.

### Sue Brewer Is Sub Deb Hostess

Members of the Sub Deb Club met recently in the home of Sue Brewer with Norma Lee Mitchell as co-hostess.

Jeanine Adams, president, called the meeting to order and presided during the business hour.

Enjoying the refreshment service were the following members: Marion Long, Gayle Stillwell, Diane Meacham, Tommie Jo Alexander, Leota Sturdevant, Mary Dru McCollum, Marial Jo Cochran, Scharlean Pyeatt, Peggy Mitchell, Jeanine Adams, Nadine Hancock, Dorothy Hutcherson, Nancy Jones; sponsors, Mrs. Louise Lawrence and Mrs. Joy Hancock; and hostesses, Misses Brewer and Mitchell.

### Swearingen Club Has Luncheon In Yarbrough Home

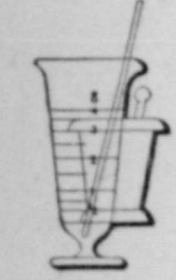

Members of the Swearingen Needle Club were entertained with a covered dish luncheon in the home of Mrs. L. G. Yarbrough Wednesday of last week.

A delicious meal was served at noon, buffet style, and following the luncheon members did various kinds of needle work.

Members present were Mesdames Ellen Sander, J. W. Messer, Clyde Brown, Ruben Mitchell, Ethel Favors, Ruby Dell Pitts, Estelle Gentry, D. M. Jarrell, Vena Hull, Hill Wells, Charlie Allen, Sam Brown, and Lewis Wells.

Guests present included Mesdames J. W. Molloy, Mrs. T. E. Lenoir, Carl Kulp, Ora Denny, Eldrev Childress, and Herman Yarbrough.

### Why are Prescriptions often Written in Latin?

Perhaps you have noticed that the prescriptions which your physician writes are usually written in Latin. No doubt you have wondered why. Prescriptions are written in Latin because Latin is a dead and never-changing language, universally employed in medical practice. A Latin prescription written in America or England can be filled in Puerto Rico, Russia, or France, even though the pharmacist may not know a word of English. On the other hand, no matter where your prescriptions may be written, we can fill them promptly and accurately. That is our specialty.

Coverts, gabardines, plaids, cloths in flattering, flared coats. Many with smart hoods!

### Crowd Sees School Show

A crowd was present at performances given by approximately eighty students of the high school at the gymnasium Wednesday and last week.

Benny Bishop was singer and Gayle Reams pianist. Those in the chorus were Nona Wright, Betty Lenons, Mary Alice Smith, Marilyn Morton, Jean Stroehle, Terry Bobby Whitson, Betty Freeman, John Whizenhunt, King, Don McElJimmy Hill.

Jacky Don Hand, Truelove, Edward Beth Burnett, Teresa Jackson, Charles Henson, were dancers, accompanied by Bobbie Lemons.

Part of the bride's party, groom's mother; groom's father; pianist; parson, Campbell; Monty Monzingo; Neal Foxhall; ushers, Gene Piland, and Johnny Ben

Eudy. Bridesmaids were Carolyn Kay Ferrel, Edna Lee Hayden, Ouida Pearl Massey, and Patty Godfrey.

Maid of honor was Janice Widener; ring bearer, Johnnie McWhorter; flower girl, Linda Gayle Sturdevant; bride, Mary Frank Garrett; and train bearer, Marvin Jim Middleton.

Members of the chorus were John Freeman, Ann Tiner, Janice Smith, Starlene Gilbert, Billie Ruth Bowen, Dan Durham, Mary Anne Eppers, Beverly Middleton, Mona Sue Benton, Linda Fields, Darlene Wilson, Patricia Wilson, Joan Miller, Mary Alice Smith, Joan Odom, Gwen Duckett, Gayle Moore, Neva Wright, Martha Kee, Betty Claude Hickey, Mary Frank Garrett, Jonna Sue Smith, Betty Lemons, Billie Jean Stroehle, Betty Laverne Henson, Patricia Padgett, Aydean Spradlin, Judy Land, Betsy Godfrey, Bobbie Jo Welch, Norma Lou Thompson, Vada Briscoe, Monty June Saye, Glenda Ellis, Terry Monzingo, Marilyn Sue Stanley, Wanda Lee Widener, Betty Lou Wells, Rodney Earl Veteto, and Weldon Lewis.

Ushers for the play were Robert Goodall, Rodney Lewis, Jerry McQueen, John Chamberlain, and Don Paul Howell.

### Local NFL Men Attend Meeting In Amarillo

O. B. Jones, director, and M. E. McNally Jr., secretary-treasurer of the Memphis National Farm Loan Association, attended a conference of NFLA leaders in Amarillo first of this week.

These men reported an interesting session. It was reported in the conference that a greater volume of business was closed in Texas during 1946 than in any year since 1935. "This increase in loans indicates a desire of landowners to put their financing on a long-time basis and tie down today's low interest rates," Mr. Jones said.

Mr. Jones said the Federal Land Bank of Houston is completely owned by Texas farmers and ranchers through the 143 local national farm loan associations.

Mrs. J. H. Byrom was in Waco last week to visit with her son, Delton Byrom, who is receiving treatment in the Veterans Hospital in that city. She returned home Friday and was accompanied by Delton who will be here for 90 days.

Sheriff and Mrs. Earl Hill were business visitors in Amarillo Saturday. While there they visited with Mrs. Hill's sister, Mrs. Roy B. Stephens.

TOT TENDERS . . . "The Tiger Tot Tending Agency" at Princeton university, has gone into high gear. The agency, which specializes in baby-sitting, was organized by ten Princeton undergraduates who are working their way through college, and it is doing all right. Mason has a way with babies as shown in photo. The infant is Randy Glendinning, Jr., whose dad is one of the married veteran students at Princeton.

### Texas Rescue 46 Is Name For New Improved Grass

This time next fall farmers and ranchmen will be going to their seed stores and calling for Texas Rescue 46.

Rescue grass is a native of South America and has been growing in Texas for almost a hundred years. It is a winter annual which produces green feed when most other grasses are dead or dormant. Early ranchmen named it "rescue" because it came to their rescue when most needed.

Native rescue grass seed is harvested and sold commercially, as is seed imported from Australia and other countries.

Since 1941 George C. Warner and R. L. Hensel of the Agricultural Experiment Station at Texas A. & M. College have been making selections from both native rescue grass and from several strains of seed obtained from the USDA Bureau of Plant Industry, Soils and Agricultural Engineering.

They found that rescue differed greatly in height, leafiness, seed production, and resistance to disease. Out of these tests they came up with a selection they named Texas Rescue 46.

In field tests with other native and imported strains it has ranked high in forage and seed yield and in protein and phosphoric acid content. Foundation seed was placed with Texas registered seed growers in September, 1946, and the seed will be available for general planting next fall.

Things Texas farmers—and their livestock—will like about Texas Rescue 46 are its upright growth, leafiness, resistance to disease, and its habit of produc-

ing lots of grass early in the spring. Once established, its high seed yield will cause it to reseed itself year after year.

## Editorial

### THE PRESS—HERE AND IN RUSSIA

The enormous difference between the Russian and the American ideas of government is perfectly illustrated by the recent denunciations of our press by high Soviet officials, and their demand that restrictive measures be taken to stop "unfair" criticism of Russia.

The Soviet spokesmen seem to be all in favor of a "free press"—so long as its comment agrees with their curious ideas of right and wrong. In Russia, the press is "free" to print government-inspired editorials and official handouts from the Politburo, the Foreign Office and the Kremlin. If the slightest deviation from the party line is found in a Russian newspaper, the usual practice is to send the editor in charge on a long voyage from which there is no returning.

The Russians may be perfectly sincere when they say they cannot understand American newspapers. This is one of very few nations left on the face of the earth where any editor, so long as he stays within the laws covering libel and other crimes, can say what he pleases. The Russians seem to think that the growing criticism of Soviet actions in our press is the result of orders from the government. Nothing, as every American knows, could be further from the truth. It is, to the contrary, the simple consequence of the fact that the majority of editors believe that the principles underlying U. S. foreign policy are correct and inevitable.

The free press is the basis of all other freedoms. Destruction of the right to criticize, to speak one's mind, must be followed by the destruction of free government, free enterprise, freedom of religion. The Soviet press is used as a weapon to turn the Russian people into mental robots—and to make every man and woman slavishly think alike and repeat the same phrases. The Russians don't realize it, but their recent violent denunciations of the American press are a fine tribute to it—and to the system of government which makes its existence possible.

## "Question for Armistice Day"

# IS THERE NO WAY TO STOP THIS UNDECLARED WAR?

### Press Paragraphs—

#### QUOTING OUR NEIGHBORS

**High Prices**  
No other way to go: Bread and milk prices are up, reason being the cost is up. Wheat has continued its flight upward and the baker has had no alternative. Milk production is away down and demand away up. In the matter of milk in particular the demand as between processors of different "milk sheds" has been so keen that a stable price has been practically an impossibility. A Floydada dairy, for instance, could hold the price down, meaning that he could refuse to pay the upped price. But he would have no milk soon. He can take his choice at some milk at a price or no milk. The circle goes on around, of course, to make the job a difficult one for the milk producer, on account of his high costs. Major losers will be the elders and the little tots, where the family budgets simply will not go around the increased prices.—Floyd County Hesperian.

**Fashions**  
As was expected the women in spite of their protests are gradually knuckling under to fashions decree of longer skirts. The women of the land may have strong wills but not strong enough to resist a fashion decree no matter how foolish it may be.—The Foard County News.

**Population Grows**  
The population of the United States, despite predictions of experts that it would become static, recorded the greatest one-year spurt in its history in 1946. The Census Bureau estimates our population at 142,673,000, including a gain of 2,279,000 residents in 1946. The growth is accounted for by a large rise in the birth rate after demobilization, continuation of the death rate at

#### Childress Man Named District Legion Head

G. F. "Cowboy" Saunders of Childress, former acting district commander, was named commander of the 18th District of the American Legion Sunday afternoon by members of the organization at their final session. Legionnaires attending the convention at the same time elected C. C. Gibson of Amarillo as first vice commander.

Pampa was selected as the site for the next district convention, which will be held in April or May. The convention passed a resolution asking that the War Assets Administration notify the Texas Department Commander of the Legion at least 30 days before any housing unit be sold. This resolution was passed in order that veterans may be able to participate in the bidding if they so desire.

Mrs. Henry Cusick of Amarillo was endorsed by the 18th District at the Sunday meeting as a candidate for the 5th Division Auxiliary president in an election to be held in 1948.

About 300 persons were registered for the convention. They

a low level and about 251,000 in net immigration.

It is pointed out that the population of the nation has increased about 11,000,000 since the last census in 1940. This compares with a growth of less than 9,000,000 in the decade before 1940.—The Shamrock Texan.

represented 26 posts and 19 counties.

A. M. Sims, member of the Simmons-Noel American Legion post of Memphis represented the local post as a delegate at the meeting.

Miss Nellie Wallace, who is making her home temporarily with a nephew, Truett Stovall in Cress, was a business visitor in Memphis several days last week.

## This Week in WASHINGTON

**IT IS THE CONSENSUS OF OPINION** of one hundred economists polled by the F. W. Dodge organization that there will be a mild business recession beginning next spring.

The group polled includes economists connected with business corporations, financial institutions, universities and economic research organizations.

Forty-one of the economists expecting a recession indicated they believed it would be mild, nineteen described their expectation as "moderately serious," and eleven as "serious."

In the opinion of most of the economists the index of wholesale commodity prices as established by the U. S. bureau of labor statistics will continue to rise, but will be down by August of next year and down further by the end of 1948. The median commodity index prediction figure in the opinion of the economists was 158 for December, 150 for next August, and 140 for December, 1948.

**THE MAJORITY BELIEVE** that industrial production will remain stable or decline from the 1947 level during next year, 64 anticipating overall decline in production with the median decline shown as ten per cent. The majority foresee an upward trend in industrial production in the first quarter and a decline in the last three quarters of next year as compared with this year.

**MAJORITY OPINION** indicates an expectation of approximately stable to lower employment in 1948 as compared with this year. Of the

78 economists expressing an opinion on the employment program, 30 expect a steady decline, 45 believe that employment will be approximately stable next year.

**DESPITE THE MILD** recession expected, there is support for the view that volume of construction will be greater next year.

Seventy-six economists expressed an opinion on the construction outlook. Thirty-seven expect steady up trend, 28 believe will be approximately stable, eleven expect a steady decline. Fifty-eight believe there will be an over-all increase in contract volume, the median on the increase expected ten per cent.

**WASHINGTON IS** no serious the many sessions held by a committee of congressmen, the public official Washington just come interested. There are exceptions but they are of actors.

**MOST CONGRESSMEN** from Europe have expressed themselves as having changed their opinion in many respects. They agree, however, that as well as congressmen, with the same eyes, Europe starving, others they saw no lack of supplies or other necessities. Majorities, however, believe must receive aid soon.

### HOLDS DECISIVE LEAD SECONDARY ROADS PROGRAM

The nation in mile-  
secondary roads com-  
the postwar con-  
gram, Ben F. Oster-  
County Highway  
Association, American  
Association, told  
County Judges' and  
Association at a  
air state convention  
uesday.

port from Public Roads Admin-  
istration. Cost for the 5,066  
miles was \$55,982,437, of which  
\$29,611,657 was federal-aid.

Texas had 1,318 miles under  
construction at an estimated cost  
of \$16,653,000, involving \$8,-  
187,000 in federal funds, at the  
time of the report. Contracts  
had been let for 218 miles on  
which \$1,149,300 represents fed-  
eral-aid. Plans had been ap-  
proved for 147 miles, and 1,094  
miles were in the programmed  
stage, the report shows.

"To date, improvements have  
been programmed for about 32,-  
000 miles on the 354,847 miles  
of secondary roads presently eli-  
gible for federal-aid" the ARBA  
official said. This represents

### Robert M. Lee Is Assigned to USS ESTES

Robert M. Lee, storekeeper,  
third class, son of Mr. and Mrs.  
Ernest Lee of Memphis, has been  
assigned to the communications  
flagship, USS Estes, flying the  
four-star flag of Admiral C. M.  
Cooke, commander, naval forces,  
Western Pacific.

Commissioned October 9, 1944,  
and named for a range of moun-  
tains in Colorado near Estes Park,  
the ship served as command ship  
for the naval forces invading  
Iwo Jima in February, 1945.

After its release as flagship of  
Task Force 58, the Estes received  
the assignment of base for an un-  
derwater demolition group which  
set up the invasion of Okinawa  
the next month.

### Three Memphians Are Enrolled At Hardin-Simmons

Among the more than 2,000  
students enrolled in Hardin-Sim-  
mons University at Abilene this  
term are three from Memphis,  
according to Mrs. J. A. Beard,  
registrar of the university.

The current enrollment is the  
greatest in the history of H-S-U,  
Mrs. Beard said, and represents  
both the resident students and  
those who are taking extension  
courses.

Those from Memphis enrolled  
for the term are: Billy Frank  
Boles, Olan G. Richards, Robert  
H. Wheeler.

Victor, Columbia and Decca

**TOO MANY COMMUNISTS . . .**  
Eleanor Roberts, 20, Detroit, and  
student at the Connecticut Col-  
lege for Women, who recently at-  
tended World Festival of Demo-  
cratic Youth in Prague. She  
charges that it was Communist-  
dominated. She was detained by  
Czech authorities for registering  
a complaint.

about 63 per cent of the total  
funds allocated for improvement  
of secondary roads, Texas has  
4,323 miles programmed, and 229  
counties have either completed or  
put projects under contract.

"Texas will have approximately  
\$30 millions in federal funds for  
improvement of secondary roads  
under the three-year program,"  
Mr. Ostergren added. Of these  
funds, \$22 million, or about 74  
per cent, has been programmed.  
Average obligation of funds for  
all the states is approximately 58  
per cent. Thus Texas is 16 per  
cent above the average in pro-  
gramming secondary highway  
construction.

"Texas has taken another for-  
ward step in the 75-25 coopera-  
tive plan for farm-to-market  
roads construction," he said.  
"With 100,000 miles of dirt roads  
in the state and 1 1-2 million ru-  
ral people depending upon them,  
improvement of secondary roads  
is a gigantic problem. The new  
county-aid program will help to  
provide badly needed farm-to-  
market roads."

"Success of the secondary roads  
program depends upon effective  
county highway organizations,"  
he told the group. "Proper rec-  
ognition of secondary roads needs  
can be secured only through or-  
ganized effort."

past week in the home of her  
brother, Zack Hood.

Three new cars have been pur-  
chased in our community the past  
week; a buick by Mr. and Mrs.  
Leslie Bruce, a Studebaker by  
Mr. and Mrs. Harrison Bruce, and  
a Ford by Travis Bruce.

J. J. Welcher was on the sick  
list Friday.

Mrs. J. J. Boney and Jackie  
and Mrs. E. F. Hardy shopped in  
Childress Saturday afternoon.

Mrs. Leslie Bruce attended the  
open house in honor of Mrs.  
Thomas E. Noel in Memphis last  
Friday afternoon.

Mr. and Mrs. Jeff Welcher at-  
tended the movie in Childress  
Saturday night.

Mrs. Crump Ferrel and chil-  
dren were business visitors in  
Memphis Saturday afternoon.

A nice crowd attended the Hal-

### How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which  
many women say has brought relief  
from the cramp-like agony and ner-  
vous strain of functional periodic  
distress. Here's how it may help:

1 Taken like a tonic,  
it should stimulate  
appetite, aid diges-  
tion, thus help build re-  
sistance for the "time"  
to come.

2 Started 3 days be-  
fore "your time", it  
should help relieve  
pain due to purely func-  
tional periodic causes.  
Try Cardui. If it helps, you'll  
be glad you did.

loween carnival at the school  
house Friday night sponsored by  
the P. T. A. The club quilts were  
on display at the carnival. Sales  
tickets amounted to about \$135.  
Mr. and Mrs. R. N. Mothershed  
were Childress and Memphis visi-  
tors Saturday.  
Mrs. Jeff Welcher visited Mrs.

Bill Vardeman in Memphis Sun-  
day afternoon.  
Mr. and Mrs. Harrison Bruce,  
Alma Ann, Ronny, and Oscar  
Wilson visited relatives in Ama-  
rillo over the week-end.  
Charles Hood and J. J. Welcher  
were Memphis visitors Saturday  
night.

# NOW—make a date to OIL-PLATE!

Some things it's hard to make up  
your mind about. But not about  
changing dirty, worn-out summer oil  
for fresh, winter-grade Conoco N<sup>th</sup>!

Free-flowing Conoco N<sup>th</sup> Motor  
Oil (patented) includes an added  
ingredient which quickly fastens an  
extra film of lubricant to metal sur-  
faces so closely that cylinder walls  
are actually OIL-PLATED!

This extra OIL-PLATING resists  
gravity . . . stays up, won't all drain  
down even overnight! That's how  
N<sup>th</sup> Oil extra-protects you from  
metal-eating, combustion acids . . .  
from "dry-friction" starts . . . from  
carbon and sludge caused by wear!

For extra power, extra smoothness,  
extra engine performance, make a  
date to OIL-PLATE, today!

Your Conoco Mileage Merchant

# PERSONALS

Mr. and Mrs. Hubert Dennis of Trinity arrived in Memphis Friday and Mrs. Dennis accompanied her mother, Mrs. H. A. McCanne, to Lubbock that afternoon where she entered a hospital for medical treatment. Mr. Dennis returned to Trinity Sunday.

If you are tall and have long arms, get one of our Field & Stream Jackets. Ross & Lemons. 22-tfc

Miss June Berry of Fort Stockton visited with Miss Lois McCulloch over the week-end.

Mr. and Mrs. Grover Kesterson were Wellington visitors Sunday.

Mr. and Mrs. A. C. Stephens visited in Claude Sunday with

## Six-Inch Sermon

† REV. ROBERT H. HARPER †  
A Call to High Living (Temperance Lesson)

Lesson for November 8: 1 Peter 1:13-23; 4:1-5.

Memory Selection: 1 Corinthians 10:31.

Temperance in conduct depends upon right standards of living. As men look to right things, and bend all their moral energies their way, through God's help, they have no time for evil things. And holiness of life answers to the essential relations between men and God. As He who calls men is holy, so must they be holy in all manner of living.

For this holiness demanded men must remember the manner of their redemption. Not with corruptible things, as silver and gold, but with the precious blood of Jesus, as of a lamb without blemish. Such a lamb is a sacrificial one, slain for sin. The Lamb of God is lifted up to take away the sin of the world. They who believe in Him receive power to overcome sin.

Men are exhorted to have the mind of Christ. In faithful imitation of that mind, they are armed against all the wiles of the devil. They walk no more in the ways of lust and impurity. Above all, they who call themselves Christians should ever think of and be prepared for the great day when account must be made.

They who would exploit their neighbors' vices for their own gain can meet, at least to their own satisfaction, some of the arguments against beverage alcohol, for example, and in so doing delude many. But they cannot answer the fine argument of a redeemed life, of a man who is superior to all the lusts of the body and in sobriety possesses his soul.

their son-in-law and daughter, Mr. and Mrs. Bob Vaughn.

Mr. and Mrs. Derrel Hannon and Mr. and Mrs. Homer Tribble were Paducah visitors Sunday.

Mrs. Temple Deaver Jr. of Austin visited here last week with her parents, Mr. and Mrs. J. H. Morris. Mrs. Deaver is the former Cassandra Morris.

Mr. and Mrs. Winfred Wise and two sons visited in Plainview the past week-end with her parents, Mr. and Mrs. Paul Ellerd. Mrs. Wanda Tull, who has been employed here at the Wise Studio for the past three months, accompanied them to her home in Plainview.

Mr. and Mrs. Seth Palmeyer has as guests the past week-end Mr. Palmeyer's brother and sister-in-law, Mr. and Mrs. Homer Palmeyer of San Diego, Calif., and their daughter and family, Mr. and Mrs. Foster Watkins and two sons of Quanah.
