## Rep. Andrew Rogers Sends Report Of Texas Legislature

The following communication is from our representative in the House of the Texas legislature, Mr. Andrew J. Rogers, of the 121st District:

Much of the legislation handled by the State Legislature receives very little publicity. This is the quite natural result of managing large newspapers and press services as business institutions and also because many Acts of the Legislature are mere routine work, or affect very few people. Other Acts deserve more attention. I would like to present you with a brief not of a few of the latter.

(1) Quite important to all of Texas is the new Farm-to-Market road program which will spend \$1,250,000 each month for Farm-to-Market Roads—a total of \$15,000,000 per year. This should average 25 miles of such new roads each year for each County in Texas. The Federal government will probably match some of this state money and provide even more of such roads. The State money for these roads will come from the Clearance Fund and the Farm Road program will have first call on any and all monies in the Clearance Fund. This piece of legislation has been passed by both the State House and Senate and signed by the Governor. I was a co-author of this bill.

(2) I have recently introduced House Bill No. 587 which will permit Counties to purchase road equipment and machinery through the State Board of Control. This would enable a saving of \$1,000 and upward of your tax money on each large piece of equipment the County buys. As such materials are not sold by local merchants, this will not cut into their profits. This bill has already been approved by the State Affairs Committee and will be voted on soon by the members of the House of Representatives. There seems to be little opposition except from the big city boys.

(3) The subject of closed and open seasons on birds and animals has always been a touchy one because a Representative can easily

## REVIEW CHAMBER OF COMMERCE WORK AT ANNUAL BANQUET FRI.

## Mrs. Perkins, Field Army Commander, Cancer Society, Will Speak Here

Mrs. Joseph M. Perkins, Field Army Commander of the American Cancer Society of the Texas Division, a prominent national leader, will fill two speaking engagements in Memphis, on Thursday, April 14th.

At 3 p. m., she will address the people of Memphis and Hall County on the subject "The Triangle of Leadership", in which she will review the campaign against the dreaded disease.

The address will be in the high school auditorium.

In the forenoon, she will address the students of the high school at the assembly service.

Mrs. Perkins is being brought here by the Atalantean Club of Commerce, Texas.

A cordial invitation is extended to all citizens of Memphis and Hall County to attend this important public gathering.

MRS. JOSEPH M. PERKINS

## Chamber of Commerce Managers Of West Texas Hold Instructive Meet

The annual convention of the chamber of commerce managers of West Texas was held in San Angelo for three days, Thursday, March 31 through April 2nd.

It was attended by Clifford Farmer of Memphis, who reported a most instructive meeting.

The theme of the meeting seemed to be more industries for West Texas, to supplement the extensive farming industry of the area. Need for much greater development of dairy and dairy cattle industry was emphasized.

One of the interesting discussions of the convention was by R. W. (Dick) Knight, manager of the Wichita Falls Chamber of Commerce. The subject of his talk was "Conducting Agriculture and Live Stock Shows, but the gist of what he had to say was far more significant than the subjects suggests.

Mr. Knight placed much emphasis on a well-known fact in West Texas, that many small towns in this area are to energetic in securing new industries which do not harmonize with their present state of development, whereas much greater benefit would accrue if the towns augmented their development in industries which were appropriate to their resources and facilities.

He brought out forcefully the benefit that a live chamber of commerce is to the smaller towns, that such an organization, can double and triple the town's development by an aggressive and practical program.

The panel discussion in connection with Mr. Knight's talk brought out an exchange of ideas and experiences which all agreed was of great value to all in attendance.

The organization elected as president for the next year, Joe T. Ogden, manager of the chamber of commerce at Brady.

The place selected of next year's convention was Big Spring.

## Lakeview Ag. Class At Potts Hereford Ranch, April First

Not that it has any significance, but on chilly April first, last Friday, the vocational agricultural class of Lakeview high school, under the direction of instructor Phillips Wynn, spent a most enjoyable day on the Potts Hereford Ranch, one and one-fourth miles South of Hedley.

The class who made the trip were, Phillip Wynn, instructor, Herman D. Harris, V. A. T., J. W. Lindley, Gerald Payne, V. A. I. Dalton Lindley, N. H. Wood, Charles Denton, Joe Booth, Larry Lewis, Bent Byars, Bobby Clark, Nolea Garrison, Cecil Garrison, Jimmie Gowdy, DeWitt Robertson, Ranny Gowdy, Bobby Arnold, Windy Verden, Eugene Lollis, G. D. Rehearsals are progressing favorably toward presentation of the organization for the coming year will submit a report of its past year's work.

Rev. Leon Hill, pastor of the San Jacinto Baptist Church of Amarillo will be the guest speaker.

A brief sketch of the past year's work and objectives of the organization for the coming year is submitted herewith by the manager, Clifford Farmer.

We feel that the Memphis Chamber of Commerce has made progress in the past year.

Several long range projects are underway that it will take some time to complete such as state highway development and marketing of natural resources.

Other things that were started and completed in the past year include a livestock sales barn which is proving very successful, the start of a dairy program which has resulted in the importation of 40 head of registered Jerseys from Canada; starting of a dollar day in Memphis which demonstrated its value here last Monday; cooperating closely with agricultural interests of the county for we realize that the chief source of income for Memphis and Hall county comes from the farm.

We are working on plans to get the U. S. Department of agriculture to establish a cotton classing office in Memphis.

We have a number of manufacturers and processes considering Memphis as a site for future branch factories or plants.

Marketing of silica sand, volcanic ash and Fuller's Earth from Hall county promise to become realities in the coming year.

Highway development that may prove of great value to the area seems likely at this time. This will include a new \$300,000 bridge across Red River and completion of highways 256 and 70 in the West edge of the county.

The program for the banquet Friday evening is substantially as follows: Toastmaster, H. J. How- ell; Invocation, Rev. Gray Carter, minister Church of Christ; Dinner Music, High School Orchestra, Perry Keyser, Director; Singing led by O. L. Helm; Introduction of Guests, R. C. Lemons; Planning for the future, Manager Clifford Farmer; Recognition of Past President and Board of Directors, Wendell Harrison; Vice President, Chamber of Commerce; Special Music, High School Singers, Perry Keyser, Director; Introduction of Speaker, Rev. C. R. Tension; Address, Leon Hill, Pastor, San Jacinto Baptist Church, Amarillo, Texas.

## Hall County Quota For Cancer Fund Is Set At \$628.00

A goal of \$628.00 for Hall County will be sought during the 1949 American Cancer Society fund campaign which opens April 1, it was announced today by Robert F. Spicer county chairman for the drive.

"Fixing of this goal," said Mr. Spicer "will provide us with a general objective, a sort of target that should be struck not once but as many times over as possible."

Mr. Spicer explained that the goal is a carefully worked-out share of the county should raise in proportion to other Texas counties.

"There is very little relationship," said Mr. Spicer "between this figure and the actual money needed. The national headquarters of the American Cancer Society has informed us that they will need at least \$3,500,000 to continue the research projects now underway. The Society supports only the most promising among the hundreds of possible avenues which may eventually lead to cancer cures. The expansion of educational and diagnostic facilities in Texas, retarded last year due to insufficient funds can continue only through increased contributions.

"I know that the people of Hall County are going to accept this goal as a springboard. From there we can carry the 1949 drive along that extra mile that comes really from the heart."

Last year the American Cancer Society received a total of \$790.00 in Hall County. The quota was \$628.00, the same as this year.

Of added interest to Hall Counties is the fact that of the 55 counties comprising District Three, Hall County was one of the only five which raised their quota. This is an achievement of which all may well be proud, and make every citizen determined that Hall County must do as well or better this year.

After an absence of three weeks, my 58 readers may have been wondering what has happened. So much has happened in that short time it will be impossible to tell it all, but I will give you a running account.

The first week out, wife and Commenter spent in Temple going through a clinic. The final reports were not too encouraging, so we struck out toward the east, going by way of Marlin and Palestine, crossed into Louisiana at Logansport and crossed Red River at Armistead. Greeted the towns of Cushatta, Campiti and Clarence. Made our first night's stop at Winnfield near which place Carey salt is mined. This town was the home of the late Hughey Long and the present home of his son, Governor Earl Long.

Wife asked a waitress if Earl Long was as dictatorial as his father. I reminded her that Earl might be the waitress' uncle. The waitress spoke up with, "He's just my cousin."

From Winnfield we went through forests and swamps to Natchez, Miss. crossing the Mississippi river to get there. It was in this old and historical town that we saw a number of antebellum homes and palatial residences. Leaving Natchez, it was only a few miles to where a cyclone had struck an hour or so earlier, wrecking a few negro homes and uprooting large pine trees. Later,

## Plan Pastures Now, Hay And Silage, Texas Dairymen Advised By A. & M.

COLLEGE STATION—Texas dairymen should be planning now for adequate pastures, hay and silage crops for their herds says, G. G. Gibson, extension dairy husbandman of Texas A. & M. College. Each cow needs at least two tons of hay and three tons of silage. Good pastures will reduce the cost of producing milk and the cow does the harvesting. Lower production costs are daily becoming more important, and the producer who can cut costs now will continue to find dairying profitable.

Now is the time to plan for storage space on the farm for the year's supply of hay, silage and grains. It is always good business to store these feeds when the supply is large and the quality good, says Gibson.

Hungry cows grazing on lush clover are subject to bloat; this can cause the loss of animals. Gibson says it is a good idea to feed the cows hay before turning them into the clover pastures. This practice will help prevent bloat.

Many cows are lost each year because they get wire, nails, bolts and nuts mixed in with their feed. Watch for this hardware and be sure that none of it gets into the feed bins. You'll save more cows if you do.

The Texas Agricultural Experiment Substation ran some tests recently on sweet sudangrass and common sudangrass. At the conclusion of the experiment, they decided that one is as good as another in sudangrass pastures. Common sudangrass yielded more total forage during the dry years and was drought resistant. On the other hand, sweet sudan is resistant to the common bacterial fo-

## Old Santone Gets Ready For Annual Battle of Flowers

SAN ANTONIO—Themes have been announced for four of the big events of San Antonio's 54th annual Fiesta San Jacinto, to be held April 18 through 24.

The events are the river pageant marking arrival of King Antonio XXVII, the Coronation of the Queen, the Battle of Flowers Parade and the Illuminated Night Parade.

The river pageant, sponsored by the colorful Texas Cavaliers, will have as its theme "Fantasy of Song" and his Royal Highness will lead a regally decorated Royal Fleet down the San Antonio river as he makes his formal entry into the city on Monday evening of fiesta week.

The spectacular Coronation of the Queen, sponsored by the Order of the Alamo, will be known as the "Court of the Gaiety." This event, in which young ladies from many parts of the state participate as duchesses, will take place on Thursday evening in Municipal Auditorium, which always is assured of a sell out for the Coronation.

Theme of the Battle of Flowers Parade, best known of all the Fiesta activities, is "Happy Days." Traditionally held on Friday afternoon, this brilliant spectacle is sponsored by the Battle of Flowers Association and was the basis around which Fiesta San Jacinto was built. It features the

illage disease, and holds its lush greenness and palatability better as it approaches maturity with cattle grazing both the leaves and the stalks, says Gibson.

A regular check on the dairy, will keep the dairymen in profitable production, the specialist concluded.

Another thing in this connection to keep in mind is that each 1000 pound animal produces about 13 tons of manure, worth at least \$5.00 a ton as plant food. And the dairy cow distributes a good part of it herself, as she harvests the grass.

It is well to provide a way to save every pound of this valuable plant food from the milking barns and cow lots, as this is one of the best "cash crops produced on any farm."

Stock raisers are paying more attention as the years go by, to this valuable by-product.

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer: nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

## Crippled Children's Division of State Health Helps Many

AUSTIN—Almost four thousand Texas children from more than 225 counties have received beneficial services and aid to happy, normal living under the Crippled Children's Division administered by the State Health Department, during the calendar year 1948. This information is shown by the annual report issued by Dr. Geo. W. Cox, State Health Officer.

According to Dr. Cox, the most commonly treated conditions are late effects of acute poliomyelitis, cerebral palsy, osteomyelitis, tuberculosis of joints, cleft palate, harelip, and clubfeet. Although the services are provided for children from birth to 21 years, the largest group treated were from the age bracket of 5 to 14 years.

The help given these crippled children represents 3,747 clinic visits, 43,433 days of hospital care, 2,897 days of convalescent home care, and 4,986 doctor's visits.

### Richburg and Davis, Estelline, Win In School Board Tilt

As a result of the trustee election at Estelline on April 2, new members of the board of education are Trilton Davis who was reelected and Clinton Richburg who is a new member. The board is to be organized on April 4.

### CARD OF THANKS

With the kindest attitude of appreciation, we are saying "Thank You" to our many needed friends and relatives who had any part in encouraging me to endure toward recovery from my recent illness.

Especially do we wish to thank Dr. Dryden and his many nurses for the untiring attention given me while there in the hospital.

Our trips to and from Dallas by ambulance were made pleasant by the thoughtfulness of Mr. Spicer and the perfect ambulance host, Mr. Seale.

The interest shown by the Memphis School faculty, particularly the West Ward teachers, Mrs. Duren, and the West Ward P.T.A. will always be an inspiring memory.

Bro. Gray Carter and Mrs. Carter cared for us "as a good shepherd careth for his sheep."

To my pupils, whom I love dearly, may God continue to bless me, that I may be back with you soon.

May God's rich blessings come to each of you, our good friends.

—Mr. and Mrs. Jim Foxhall and family.

### CARD OF THANKS

We wish to express our heart felt thanks and appreciation to our many friends for their kindness during the illness and death of our father and grandfather. We sincerely appreciated the lovely floral offering. May God bless each and everyone of you.

Mr. and Mrs. L. J. Kennon and family.  
 Mr. and Mrs. R. H. Grimes and family.  
 Mr. and Mrs. R. W. Green and family.  
 Mr. and Mrs. W. M. Gober and family.

### Estelline Play Was Success; To Repeat Monday, April 11

The Estelline Senior play, "The Campbells Are Coming," was presented to a house filled to more than seating capacity on the evening of March 31. It was acclaimed one of the best home-talent plays to be presented in Estelline High School.

The actors presented their parts with professional ease and skill, and no prompting was necessary. Make-up and costumes were most appropriate and unusual.

The play was a three-act comedy and the audience was in continual roars of laughter.

In the cast were Louise Chaudoin, Frank Wheeler, Edward Butler, Jimmie Hayes, Nell McLean, Wayland Marcum, Nita Trapp, Harold Burk, Joan Burnett, and Bill Gilbert. Announcer was Thelma Spruill and business manager was Aline Spruill. Director was Mrs. E. F. Kennedy.

Between acts, novelty songs and dance numbers were presented by

the fifth grade and five tiny tots, under the direction of Mrs. Daisy Kennedy.

Boys and girls were in formal attire. The fifth grade song "Mexicala Rose," and "Buttons and Bows," to which in Mike Davidson and Gerry Kennedy, as the buckskin gal and romeo, and Kay Morgan and Peggy Phillips, the buttons and bows gal and romeo did a novelty dance number.

Then the chorus, with each girl wearing a pink Easter bonnet, and "Easter Parade," followed by a folk dance "Put Your Little Foot."

Participating in this part of the program were: Duane Kennedy and Tommie Travis, Colvin and Louise Chaudoin, Doyle Walker, and Virginia Bryant, Roy McClendon and Mary Brumley, Jimmie Steuart and Dixie McCollum, Keneth Crump and Jackie Sue Wynn, Jerry Murphy and Patsy McClendon.

**Salisbury Club Meets Tuesday**

The Salisbury Sewing Club met Tuesday afternoon, April 5, in the home of Mrs. T. K. Wilton with Mrs. Cecil Lockhart serving as co-hostess.

During the afternoon one quilt was quilted and a short business session was held.

Tasty refreshments were served to the following members: Mesdames Earnest Lee, M. C. Messick, M. P. Moore, Ida Hutcherson, D. M. Lawrence, C. A. Williams, Doodle McQueen, C. F. Stout, Cecil Lockhart, T. K. Wilton, F. Jerrell, C. Lockhart and Ira McQueen.

The next meeting is slated for May 3 in the home of Mrs. Earnest Lee.

**Mrs. Lonnie Campbell Is Complimented With Luncheon**

Mrs. Sam Cook, who made her home in Memphis for 27 years prior to moving to Pecos three years ago, is visiting here with her brother, J. A. Arnold, and with her many friends.

"It is a delightful pleasure to be back in Memphis," Mrs. Cook said. "I still think of Memphis as home and look forward each week to receiving the Democrat which brings the 'good old home town news,'" she added. Mrs. Cook moved to Pecos three years ago following the death of her husband to live near a son, Al Cook and family.

As a courtesy to Mrs. Cook, a lovely covered dish luncheon was given in the home of Mrs. Charlie McBee. Present for this dinner were Mrs. Cook's brother, close friends of the honoree and former neighbors. Many other friends called throughout the day with gifts for the honoree. Reminiscing of former days and picture making were features of the day.

**Dorothy Hodges Is Honoree At Surprise Dinner**

Miss Dorothy Hodges was named honoree at a surprise birthday dinner on Thursday evening, March 31, when a group of friends and relatives entertained in her honor. The affair was given in the home of Miss Hodges.

The dinner table was laid with a white linen cloth and centered with a beautiful decorated birthday cake. Dinner was served buffet style to 15 guests.

**Allen, Victors In School Board Race**

In a spirited school trustee election Saturday, in which a total of 328 votes were cast, Roy L. Coleman, president of the board, was re-elected with 198 votes. Matthew Allen won with 306 votes. Mr. Allen is a new member, although he had been elected by the other two board members to serve out the unexpired term of T. B. Rogers, resigned.

J. B. Anthony is another new member, elected with 232 votes. He also had been selected to fill an unexpired term of another resigned member, E. E. Cudd. Neither Allen nor Anthony had served prior to the Saturday election.

In the County school board race there was no opposition in any of the places. A very light vote was cast, in which Clarence Moore was elected in Precinct one; T. W. Luttrell of Lakeview in Precinct two, and Arthur Gidden won as trustee at large.

### Warned Grasshopper Plague May Be Worst In Many Years

STATION—Grasshoppers tend to run in cycles and 1949 is the present cycle. This year has many or more than last—and prediction is made by H. H. Johnston, state grasshopper leader and head of the college department on the basis of egg counts made by USDA grasshopper control division workers. They will begin to hatch in Texas within the next two weeks.

bottoms in North Texas as far east as Titus county and west to the West Cross Timbers. A lesser—but still above normal—outbreak of the migratory grasshopper is expected in West Texas, the South Plains and the Panhandle. The differential grasshopper can be controlled by dusting along fence rows and ditches, when the hoppers first hatch, with either 15 pounds of 10 percent toxaphene or 15 pounds of 10 percent chlordane per acre. After the insects move into the fields, control is more difficult. Toxaphene or chlordane can be used against the migratory grasshopper where there is enough foliage to hold the insecticide. In areas necessary, county agents west of the Cross Timbers will again set up poison bran mash mixing plants if the outbreak

### State Health Office Warns, All Vaccinate Against Smallpox

AUSTIN, TEXAS—With the appearance of an unusual number of smallpox cases during the past week, Dr. Geo. W. Cox, State Health Officer has issued a warning that this, dangerous, disfiguring and often fatal disease can once again become a widespread health problem unless vaccination is used to protect the public against it.

Four cases of smallpox were reported from one county, and while that number may not seem great, it is nevertheless the same total as was reported for the whole State during the entire year of 1948.

"Smallpox vaccination, which affords complete immunity from this disease, is a painless, inexpensive procedure, which should be used to protect every individual in the State," Dr. Cox said. "When we grow lax about our vaccination and allow susceptible persons to be exposed to smallpox, it follows that the disease will spread throughout the unvaccinated population, bringing serious illness and possible deaths."

Dr. Cox urged all parents to see that their children have been properly vaccinated, and if there is doubt about the immunity still being in effect they should be given another vaccination. If they are immune, the vaccination will

### Give it Room-

### it's ROADMASTER!

WHEN this sight greets you in your rear-view mirror—mister, better give over!

Overtaking you is just about the ablest performer on the road today—and wise drivers long ago learned the only thing to do with ROADMASTER is give it road room and a salute as it passes.

Reason is—ROADMASTER is something excitingly new in fine cars.

Big, yes—stretches a gorgeous eighteen feet, with all that such size means in comfort and inside stretch-out space.

But part and parcel of every one of its 4,400-odd pounds is the fastest footwork on the highway. Action is the key of every part, from its 150-hp Fireball power plant to the swift, silken, unbroken surge you get from Dynaflo Drive.

As a matter of fact, action's even invited by the price tag. By the pound, by the inch, by any yardstick you want to lay against it, it's the buy of the fine-car field.

For proof, just gather a few delivered prices on other cars and bring them around. We'll show you so much more for your dollar you'll waste no time getting an order in.

Claude's Comments

(Continued from Page 1) we learned that Texas and Oklahoma had some twisters that day. Spent the night at Brookhaven, and next day reached Meridian where we visited two days with my cousin, Dr. S. T. Wells and family. He is with the East Mississippi State Hospital, and dismissed us from this institution after giving our mental condition a good check-up.

After a most enjoyable visit there, our next stop was at Mobile, Alabama, which we reached after crossing Chickasaw river. (Note the peculiar name). Going through longleaf pine forests, passing saw mills after saw mills, seeing acres and acres of good seasoned lumber, enough to build all the needed homes in America. In this region we saw trees tapped and cups attached to catch resin. This is the stickiest stuff in the raw one

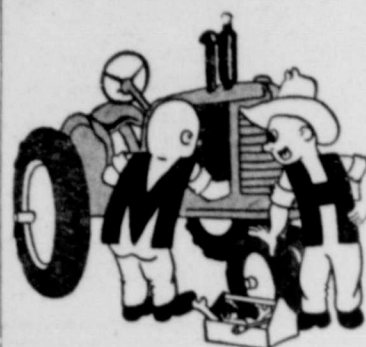

can imagine, and the taste is turpentine itself. Mobile is quite a little city nestling on Mobile Bay which is fed by Tombigbee, Mobile and other rivers. Near here is Bellingrath Gardens—charm spot of the Deep South and the mecca of followers of the Azalea Trail. In our opinion it is the beginning, the middle and the end of Azalea Trail, for all others between here and there pale into insignificance beside the beauty and grandeur of those of Bellingrath. When I started this, I had fully made up my mind that descriptive adjectives are out. Webster's dictionary does not contain adjectives capable of expressing this wonderful garden where most any kind of flower and shrub may be seen.

On to Pensacola, Florida, from Mobile, crossing the bay at Mobile by way of a tunnel. Before reaching Pensacola, we crossed the River Stix (named from mythol-

ogy), and Perdido River, also Eacambia Bay by way of a 2 1/2-mile bridge. Pensacola is another fine city with wide avenues, beautiful homes and churches. We traveled the beach of the Gulf of Mexico for one hundred miles to Panama City. Saw plenty of bathing suits on sunburned gals and galluses, while at home, we are told, overcoats and cloaks were worn.

Left the Gulf and went inland to Tallahassee, capital of Florida. Had always heard and read of this place and was disappointed. Went through the State College for Women, but were not given any degrees. In fact we went through several state colleges on the trip with the same result. The governor's mansion and the capital building do not compare with those of Texas at Austin. Slept that night with the governor—half a mile away. Before reaching Tallahassee, we crossed Chipola

ture is of the finest and most expensive.

Atlanta is a great city, and even on Sunday morning was a beehive of activity—streets were crowded with cars going hither and yon and we were glad to get to the east side of it and on the Stone Mountain. This is a solid granite rock 1500 feet high and 7 miles around. Here, Southern leaders' images are carved out of this hardest of all stones and those completed stand out in bold relief. A work, if completed, will be the greatest feat of all times. Stone Mountain is said to be one of the seven wonders of the world, and I do not doubt the statement.

**Kaiser... new price \$1995\***  
**now world's lowest-priced big\*\* car**

Our policy on prices

"It has always been our goal to put a bigger, better automobile within reach of more people. To that end, we have bought the huge factory at Willow Run, and have a great engine plant in Detroit. In Cleveland, we have acquired the world's largest blast furnace for the making of steel. Our engineering-production team and our vast dealer organization have worked overtime to reduce manufacturing and distribution costs. In line with the settled policy of our Corporation, we are giving substantial savings to the public in the form of greatly reduced prices... even sooner than we expected. Now, almost any American family can own a really big, fine car!"

Kaiser-Frazer Corporation  
HENRY J. KAISER Chairman JOSEPH W. FRAZER Vice-Chairman

Happy days are here again! Today you can get a big, big 1949 Kaiser Special for only \$1,995\*... a saving to you of over \$333.00!

Prices of all Kaiser and Frazer models have been materially lowered. These are by far the most sweeping price revisions the automobile industry has seen.

★ 123 1/4" wheelbase... 10 feet 7 inches seating space... 27 1/4 cubic feet trunk space... over 206 inches long... 7.3-to-1 compression ratio

Listen to Walter Winchell every Sunday night, ABC

So, now you can buy the big car you've always wanted... at virtually "little car" prices and at "little car" economy of operation! Think of what this means to you and your family in terms of riding comfort, driving ease and prestige!

Go choose your Kaiser or Frazer today. Your nearest Kaiser-Frazer Dealer can probably give you immediate delivery. Fair-and-square trade-in allowances... but you do not have to have a car to trade to get the benefits of Kaiser-Frazer price revisions! So, enjoy the comfort, luxury and safety of a new, 1949 Kaiser... the lowest-priced big car in the world!

Look what these new prices save you!

model	old price*	new price*	you save

### Do You Want To Live Longer?

Do you treat your body with the same common sense you treat your automobile?

You wouldn't think of driving a car with dangerous tires, tires that might blow out when you're driving sixty miles an hour, and hurl you into eternity in the flash of an eye.

But you'll take greater chances on losing your life in other ways.

Do you know that a nation-wide survey showed that only about three percent of the men past sixty years of age, have themselves checked up by a physician, the way you have your car checked up by a mechanic?

It is on good authority that at least half of the people who die of cancer, tuberculosis and heart-failure, die needlessly.

A check-up by a physician would have saved at least half of them for many more years of useful and happy living, if they had followed their doctor's advice.

Men and women working under heavy strain and responsibility should start long before sixty, having at least an annual—semi-annual is better—examination and check-up by a physician. Especially is this true if you indulge in strenuous physical exercise. Many die of heart failure much under sixty, even in their early forties and late thirties. Heart disease is no respecter of age.

It has been proven times without number that heavy responsibility and worry are the main causes of heart trouble. Your physician can quickly tell you the condition of your heart, if it is being over-worked, and if it should be shown more consideration. He can advise you how to relax and ease up on your mental burden, as well as how to slow down on your physical speed.

Be as sensible with your body as you are with your car!

### The Right To Choose

In the middle of February, 214,372 retail stores, situated in some 10,000 American communities, joined forces in a campaign bearing the theme, "Democracy Works Here." The purpose of the campaign is to demonstrate to the buying public that the right to pick and choose at store counters is a forceful expression of American democracy at work. Every size, type and description of store is included. Newspapers, the radio and compelling store displays will be employed to emphasize what the free enterprise system does day in and day out for the people.

It is particularly fitting that retailing should sponsor such a campaign. It is one of the most competitive of all enterprises—every community has its chains, its independents, its department stores and the rest. It is also an enterprise which has made tremendous progress in the last generation. We have infinitely more goods to choose from, services have been broadened, the improvement in sanitation has been almost revolutionary and—despite higher prices—the profit earned by the average retailer on each dollar spent with him is far smaller than it used to be. The free market has been the relentless driving force which has made all that possible.

Every retail store is a miniature show place of the American way of doing things. The intricate machinery of production and distribution is geared to your needs and desires. In a controlled economy, people get what the bosses think they ought to have—in a free economy they get what they want. That is the difference—and what a whale of a difference it is.

### A Happy Tradition

In the early days it was a common sight to see neighbors band together to help each other. Barns were built, crops harvested, land cleared and numerous other heavy tasks were accomplished in a few hours instead of weeks or months. It was done in an atmosphere of spontaneous fun. The neighbors simply dropped in for a raising bee, a husking bee, or whatever the occasion required, with their wagons loaded with food.

These work parties were a necessity in pioneer America. But it is cheering to note that this tradition is still with us in the machine age. A recent news item tells of a service station operator in a small Minnesota community who had an unusual run of bad luck. His competitors decided to help him out. They closed their stations one Sunday and took over the job of manning his cash register and pumps to handle the sudden rush of business. It was necessary for the local constable to direct traffic. Many people refused change, and the supplier, which was one of the leading oil companies, furnished gas at cost. When the day was over the station operator was considerably better off financially and he had gained a new appreciation of his friends and neighbors.

If instances like this could occur more often, half the seemingly insoluble problems of the country would disappear.

- Dairy farmers are losing 50 million dollars worth of milk a year due to brucellosis. That doesn't count nearly two hundred thousand calves that would have made about five million dollars worth of veal.
- To mend a frayed or broken electric cord, splice the wires together and solder them. Tape each of the wires with rubber tape, then tape both wires together with friction tape.
- When preparing cabbage for cooking, cut the cabbage into sections rather than shredding, it before dropping it into boiling water. This way there isn't as much vitamin and mineral loss.
- Don't throw the celery tops away. They can be saved and chopped up fine or dried for future use in soups, stews, creamed vegetables, dressing or vegetable loaf.
- There is a new product on the market. It's a frozen citrus puree from which orange or lemon sherbert can be made. It is satin-smooth and rich in ripe, full, natural fruit flavor.
- Pine straw, which is considered the best mulching material for strawberries, should be applied during the winter after the first growing season.

#### ADVERTISING LOWERS PRICE

Lowers the sale price: The real question about the cost of advertising doesn't it add to the cost of the goods advertised? Answer by an old head at the game: In most cases, no. In some cases, yes. Obviously all marketing expense (including advertising) must be included in the sale price. But to sell goods without advertising almost always costs more than to sell them with the aid of advertising. Moreover, advertising by increasing the sale of the product, often enables the seller to lower the unit cost and thus to sell the article more cheaply. In the long run advertising usually helps to lower the sale price.—Floyd County Hesperian.

Down at Baird, Texas, the other day a Bob Warren day was held for a butcher at a grocery store. Warren has been a butcher in that city for 48 years. Mention is made of the day not because of the surname of the butcher, but because the honoree was an employe, not the owner of a business. You do not have to own the business to be a highly respected citizen, according to the story in the Baird Star.—Panhandle Herald.

#### Boy Scouts To Take Easter Pageant Trip

About thirty boy scouts of Troop 35 are planning to leave Memphis at ten o'clock Saturday morning, April 16, for a week end trip in the Wichita Mountains near Lawton, Oklahoma.

The scouts will set up camp at the Easter Pageant area by the Roosevelt Mountains.

It is estimated that about 300,000 people will be camping in this area this year, awaiting the Easter pageant. This pageant will start at 12:30 A. M. Easter Sunday and last until 6:30 P. M.

After the pageant is over the scouts will continue to Lawton, Oklahoma where they will have breakfast.

After that, the scouts will visit Fort Sill Field Artillery headquarters, also the Ft. Sill museum.

They will leave Ft. Sill about 10:30 for Cratersville, Okla., where they will have dinner, and enjoy the recreation, and about 2 p. m. Sunday, the scouts will continue their trip back to Memphis where they will arrive about 6 p. m., concluding a wonderful week-end outing.

#### Lakeview Seniors To Present Comedy Friday, April 8th

"Mother-in-Law Blues," a fast-moving comedy, will be presented by the Senior class of the Lakeview High School, Friday evening, April 8th, at 8:15. It will be in the Lakeview auditorium.

This is a farce comedy in three acts and has exceptionally good parts for "Mother-in-Law," the hen-pecked husband, and others. The cast includes:

Honey Dillon, a lovely bride, Flora Hall; Woody Dillon, her a-

doring but troubled husband, David Hodge; Doris Parks; Mrs. Tabatha Squib, just a mother-in-law. Willie Pearl Gillespie; Frances Biddle, a human broadcasting station, Grace Sanders; Harvey Mortimer, a wealthy manufacturer, Hendrix Williams; Sylvia Arthur, Honey's closest girl friend, Peggy Davenport; Lucky Mills, who thinks a lot of himself, Richard Wood; Orson Tuttle, formerly engaged to Honey, Billy Diekey; Rita Harvard, an air-line stewardess, Wilma Hall; Hester Cummings, who arrives, uninvited, Nell Rita Cheek; Mrs. Anna Hare, a young widow, Merle Collins.

## This Week in WASHINGTON

DURING this past week in Washington the spotlight of publicity has been turned on the question of public health. So diverse is the opinion on the question that not only congress, but the medical profession itself has been split wide open. Indications now are that the congress may take some action—for instance, to provide for more hospitalization, medical centers and other essentials of the proposed measures—but there is little chance of a meeting of the minds in this session on the highly-controversial subject of compulsory medical insurance.

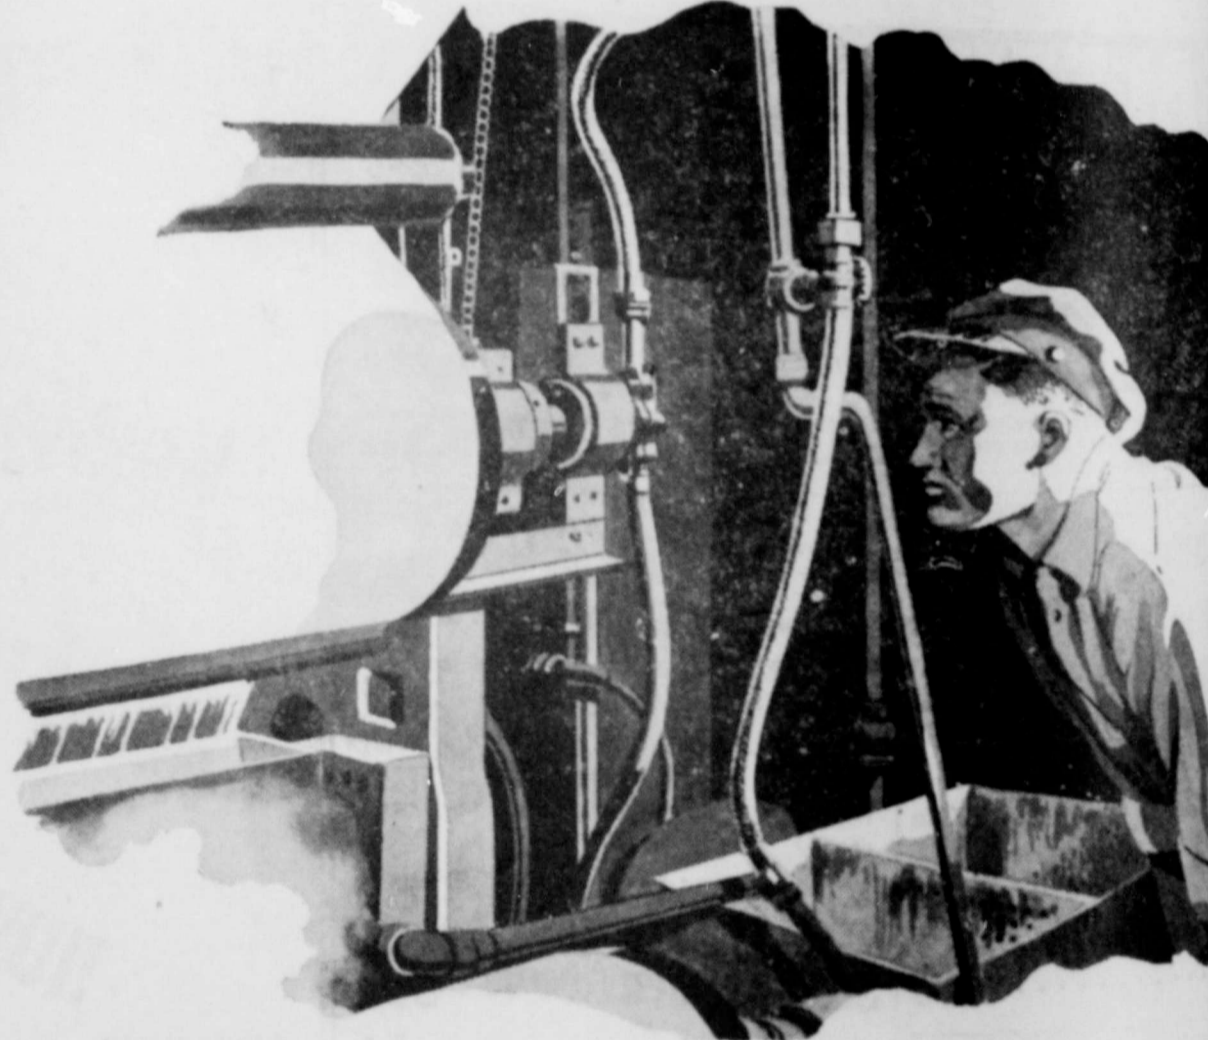

Publication, only recently, of a plan approved and sponsored by the American Medical Association, which has, until this year, denied there was need for such a plan at all, has stimulated discussion and brought to a focus the state of the nation's health and the question of what to do about it. Is this question a matter for private solving? Should it be done with state and local funds, if at all? Should it be done with federal funds, plus the private compulsion of an insurance plan?

There are already three important measures in the Congress, Senate Bill No. 5, signed by five senators; the Cellar bill in the House (HR 345) and the Dingell bill in the House (HR 783). The latter bill is almost identical with the Senate bill. Both are administration bills. The AMA bill is scheduled for introduction soon.

The principal difference in the AMA measure and the administration bills is that the administration bills provide for finance of hospitals and training of new medical personnel with government grants and of compulsory health insurance with a three per cent payroll tax split one and one-half per cent from the employe and one and one-half per cent from the employer.

The AMA bill contemplates financing the measures with local and state funds almost exclusively and a voluntary private health insurance plan, similar but less costly than the Blue Cross or other similar plans.

The fact that the federal government already is spending something like two billion dollars annually for health services, including the veterans' administration costs, is speeding up the plans to adopt a program which the proponents say will bring about better health conditions and eliminate much of the pres-

## HERE COMES YOUR Shopping Bag

Natural gas has an important place in the industrial prosperity of the Gulf South. One of its familiar uses is as fuel in the manufacture of paper and paper products—kraft paper for your shopping bag... cartons for your ice cream... newsprint for your local newspaper.

More than 2,000 industrial gas consumers obtain their fuel directly from United Gas, and many others buy their gas from distribution companies supplied by United. The delivery of industrial fuel is one of many functions of the United Gas organization... all of which mean more jobs for residents of the Gulf South, more payrolls and local expenditures for all to share.

## Bids Asked For Concession Rights At Baseball Games

Bids will be accepted this week for the cold drink and merchandise concession rights at baseball games for the 1949 season. It was announced by J. J. McDaniel, president of the Memphis baseball association.

The concession will include all games played, as well as post-season games, if any are played, as well as the estimated 20 or 30 games of the regular schedule.

The successful bidder will be allowed the use of the fixtures and equipment owned by the baseball club, and will be allowed the right to buy or build and bring in any other such equipment.

Naturally the directors reserve the right to reject any and all bids not acceptable.

Bidders are requested to mail or hand their bids to J. J. McDaniel at the McDaniel Implement store, or Ace Gailey, at the Kinard-Gailey Insurance Agency.

## Lakeview Methodist Church, Pre-Easter Revival Services

Beginning Sunday morning, April 10, the Lakeview Methodist Church will conduct revival services, closing Sunday evening, April 17th.

The time is 10:30 in the evening and 7:30 evenings, sermons by the pastor, Rev. O. C. Evans.

Music will be under the direction of W. J. Longshore, local choir leader.

Joe Colvin of Las Vegas, N. M., is visiting in Memphis and Turkey this week with old-time friends. Mr. Colvin, who is a former Memphian, served as sheriff of Hall County a number of years ago.

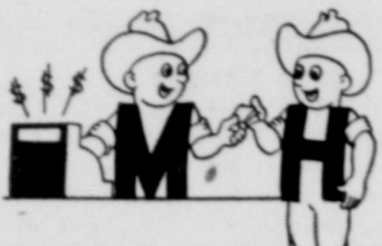

Among Memphians who were in Lubbock Tuesday to see the baseball game between the New York Giants and the Cleveland Indians were Otis Jones, Roy Coleman, J. E. Roper, B. C. Messer, and Clinton Strygley.

# The NEW 54 COTTON PLANTING SEED NOW AVAILABLE

The NEW Paymaster "54" is now available for the 1949 planting season — ready for farmers who want more profit from Cotton. This quick-maturing, high-yielding, better-staple-producing planting seed answers the demand for a variety that is tested and proved for West Texas growers. It is the result of scientific selection and painstaking experiments to develop a seed that will produce more money per acre planted.

Here's why the NEW Paymaster "54" is a money-making Cotton...

- **EARLY MATURITY**  
Of 25 varieties tested recently... "54" was first in percentage of crop harvested in a four-month period.
- **HIGH YIELD**  
In this same test, "54" was third among all varieties in yield per acre.
- **BETTER STAPLE**  
"54" ran 15/16" to 1 inch throughout West Texas, assuring a better price.
- **TESTED FOR DRY LAND**  
"54" has been proved successful for dry land farming as well as for irrigated Plains areas.

Be among those profit-minded farmers who demand a money-making Cotton planting seed—the NEW "54", order your supply of the improved, state-registered "54" NOW.

IT PAYS TO PLANT PAYMASTER "54"  
Sold through your ginster, your seed dealer, all branches of the Western Cottonseed Co., and at Lockview Farm, Plainview, Texas.

## Churchill's Two New Books At Memphis Carnegie Library

"When my ear was recognized the people... crowded around us, cheering and manifesting every sign of lively affection, wanting to touch and stroke my clothes. One would have thought I had brought them some fine substantial benefit which would improve their lot in life. I was completely underlined, and wept. Ismay, who was with me, records he heard an old woman say, 'You see, he really cares. He's crying.' They were tears not of sorrow but of wonder and admiration."

The above quotation from Winston Churchill's new book, "Their Finest Hour," just received at the Memphis Carnegie Library, might be cited to show how the English common people regard their great war hero, Winston Churchill.

There can be no doubt but what the Churchill memoirs will stand out as the historical writing of this century.

The first two books of the series "The Gathering Storm" and "Their Finest Hour" are available for borrowing at the Memphis Carnegie Library.

## Miss Floyd Weds O. A. Johnson In Colorado Rites

Miss Jo Ann Floyd, daughter of Mr. and Mrs. Parker Floyd of Fort Collins, Colo., and formerly of Memphis became the bride of Mr. O. A. Johnson of Loveland, Colo., in an informal wedding ceremony at the Methodist church Saturday afternoon in Ft. Collins, Colo.

The ceremony was performed by the Rev. Henry L. Weiss, following the lighting of the two candelabra by the bride's twin brothers, Gene and Gerald Floyd.

Miss Floyd wore a beige suit with brown accessories and carried an orchid on a white Bible. She wore a bracelet which was 75 years old, loaned to her by her cousin, Mrs. Lloyd Murry. Her maid of honor, Miss Janie Thomas wore an aqua suit with brown accessories and had a corsage of white carnations.

Bill Fenderglass of Denver, was best man for Mr. Johnson. Ushers were Roland Thornburg, Jim Harrell, Dale Thompson and Thomas A. Floyd, brother of the bride.

Following the ceremony a reception was held at the Armstrong hotel. Mrs. Thomas Floyd had charge of the guest book.

Mrs. Johnson is a graduate of Fort Collins High School and attended Colorado A. & M. one year. She is employed as a stenographer.

Mr. Johnson is a veteran of three years Navy service, and is a junior electrical engineering student at Colorado A. & M. He attended high school in Loveland.

Mr. and Mrs. J. E. Norman and daughter Lynda Jan visited in Wellington Sunday with Mrs. Norman's parents, Mr. and Mrs. L. A. Dickey.

### Bridal Shower At Estelline Fetes Mrs. Edwin Wyatt

By MRS. E. F. KENNEDY

Mrs. Edwin Wyatt was complimented at a bridal shower in the home of Mrs. C. L. Sloan in Estelline on Saturday afternoon at three o'clock.

The spacious living room was artistically arranged with cut flowers. Seated together were the honoree and her mother, Mrs. Burt McLean of Estelline and Mrs. Wyatt, mother of the groom, of Tell.

Mrs. C. E. Wilkinson played piano selections as the guests gathered. Miss Patti Sloan sang "Because", and a girls sextette sang two popular numbers. Mrs. E. F. Kennedy read "Mother's Advice" and with a few appropriate remarks presented the gifts for those assembled.

Delicious ice-cream strawberry pie was served to the following: Mesdames G. H. Gardenhire, L. E. Wade, Dock Crump, E. F. Kennedy, V. C. Beverly, Bessie Coppedge, William Greene, Ben Jackson, A. F. Loftin, Albert Bailey, Zella Masterson, Ada Jones, Mac Clements, J. L. Darby, Troy Norwood, J. N. Ward, Lon Morton, Jimmie Hayes, A. B. Wyatt, J. A. McLean, Roy McCravy, Jewell Tyree, C. O. ### Six-Inch Sermon

Jesus' Perea Ministry. Lesson for April 10: Mark 10:13-16, 35-40.

Memory Selection: Mark 10:35. The scenes of today's lesson were in Perea, a region northeast of Jerusalem, beyond the Jordan river.

Two familiar incidents of the Lord's ministry comprise the lesson. The first is that of the blessing of the children. It was an hour when Jesus used children to teach the disciples—the place of children in the kingdom, and of the childlike qualities and the humility we must have to gain entrance into the kingdom of God.

Parents who are heading toward the divorce courts should read again about Jesus blessing the children. And society and church should learn more and more of the value of the children of the present.

The second incident of the lesson shows the designing spirit that often besets men who would follow Jesus. James and John came to Jesus (prompted, as another Gospel writer tells us, by their mother) seeking chief places in the Lord's "glory" — to sit one on His right hand and another on His left.

When Jesus asked if they were willing to pay the price, in sacrifice and suffering, they replied that they were ready. Jesus told them they would indeed share in His sufferings, but to sit on His right hand and on His left were not His to give.

A sure way to lose all high privileges in the kingdom of God is to seek them. The only way to gain high place in the Lord's service is to forget it in serving. You must lose your life if you would save it. The great are those who forget themselves into immortality. Give your all to Jesus, as knowing you will be safe and happy in His love.

Miss Imogene King and Max King returned Friday night from Duncan, Okla., where they had been for two weeks helping care for their sister, Mrs. C. H. Smith, who is seriously ill. Miss King returned to Duncan Sunday and Mr. King planned to go back the middle of this week. Another sister, Mrs. Ray Martin, of Pampa, is in Duncan helping care for her sister.

A. J. Rogers, Patsy Nivens, R. H. McCullough, Carletta Berry, C. E. Wilkinson, Aileen Russell, Virginia Byrd, Lois Young, O. K. Young, Nell McLean, Mrs. Burt McLean, Mrs. Wyatt, Mrs. Edwin Wyatt, Miss Patti Sloan, and the hostess.

### Pleasant Valley Club Fetes Member With Gift Shower

Mrs. T. E. Lenoir of Lakeview entertained the Pleasant Valley Needle Club with a luncheon in her home on March 30.

A surprise gift shower was held in the afternoon for Mrs. William E. Kulp, who is returning to her home in Pottstown, Pa., this month. Mrs. Kulp has been visiting here for the past eight months and has been a member of the club during that time.

Following the luncheon, the gifts were presented and the remainder of the day was spent in doing needle work.

Attending were Mesdames Jim Gowdy, Glen Verden, E. W. Pate, J. W. Molloy, Rex Rea, Billy Murdoch, O. L. Benton, Garner Lee, Carl Kulp, Tom Luttrell, Pat Lewis, Troy Payne, Wm. E. Kulp and hostess, Mrs. Lenoir.

Mr. and Mrs. Bob Brewer and daughter Janice of Fort Worth came Sunday night for a visit with his grandmother, Mrs. T. R. Franks, and with his aunt, Bess Crump, and other relatives.

your county agent, W. B. Hooser at the county court house in Memphis, Texas, and he will explain everything.  
Here is more information about this prize pig project. When the pigs are eight weeks old, each litter is weighed, and prizes are awarded for the best litter. The top prize is \$50.00 and it ranges downward to about \$5.00. There

are about 45 prizes in this area of 26 counties, all contestants competing with one another, so it is possible for all Hall County entrants to receive a prize. Last year there were about 150 boys and girls wrote essays. This year there should be that many or more.

This is not merely a contest for a prize of \$50.00 or less. It is a money-making project that means much to any farm boy or girl. Remember these are registered pigs and every one of them that is in good condition can be sold at weaning time for at least \$25.00. If gilts are kept till breeding time they are easily worth a hundred dollars or more at present hog prices.

So, you see, this pig club work can be and is the means of starting boys and girls in a most profitable business.

Contact County Agent Hooser right away for information about entering the essay contest. Watch The Democrat for more news about it.

obtain such legislation. A bill for an open or closed season is considered his local problem, and no one in the Legislature opposes such measures. Such bills must be presented before a certain date. However, presenting such bills often embarrasses the Representative who does so because of the difference of local opinion. There is a bill before the Legislature now which will place the problem of closed seasons entirely upon the State Game, Fish and Oyster Commission. The Commission is due to regulate open or closed seasons according to actual needs of the counties and actual need for protection of animals and birds.

(4) A bill which would give \$10,000,000 to the Soil Conservation districts seems to be a dead issue now because of the lower income estimate issued by the State Comptroller. If this bill became law, the Soil Conservation districts could purchase a very large amount of earth moving machinery to build terraces, tank dams, etc. They would also plant millions of acres to legumes and native grasses.

In the Dairy Products contest, Clarendon was first, Hedley 2nd, and Lakeview 3rd. Wellington did not enter a team.

In the Grain Contest, Hedley first place, Wellington second place, Clarendon third place and Lakeview fourth place.

The boys from Lakeview comprising the team were as follows: Poultry team; William Verdant, James Labfere, and Buddy Riddle. Dairy Products Team: John Luther Byars, Willis Clark, and Jimmy Ray Gaudy.

Grain judging team: Joe W. Findley, G. D. Hall, Ray Hubbard, and alternate, W. H. Wood.

The Lakeview team was in charge of Phillip Wynn, Vocational Agriculture Instructor.

**'Family Party' For Farmers To Be Held Thursday, April 14**

The annual "Family Party" of McDaniel Implement company will be held in Memphis Thursday, April 14. J. J. and Ira McDaniel, owners, announced today. The party will be held from the stage of the high school auditorium, and will start promptly at 8:30 p. m.

Invitations have been extended to all farm families of Hall County to attend the show, which will be free.

"There will be no sales talk during the evening," J. J. McDaniel stated in making the announcement. "We will have a full evening of entertainment."

The following stars of radio and screen will appear on the stage: Jerry Jeremiah, musical numbers; Roberta and Mack, comedy; Wally Sands, singing; and John Ellis, magician. In addition new color movies will be shown.

BULBS for spring planting; Cannas, Gladioli, Dahlias, Tube Roses, HIGHTOWER GREENHOUSE, Phone 491. 42-3c

Go after rats now! They'll cost you plenty if you don't! Roses make a yard look mighty pretty. How's yours? It's still strawberries!
