VERNON LEWIS MARTIN

Bobby Crooks Takes State Championship

Track records were broken when Bobby Crooks, Memphis High School's "one man track team" shattered a state record in the 440 yard dash.

Funeral Services For Mrs. Tarver Held On Sunday

Funeral services for Mrs. Lois Tarver, 49, who died Saturday morning, at her home, were held Sunday, May 8, at the First Methodist Church.

Open Safe To Reveal Amount Of Money Taken

No knowledge of the amount of stolen money and other valuables of a broken safe can be had till the arrival of a safe expert.

OUTSTANDING MEMPHIS HIGH SCHOOL STUDENTS—The three graduating students honored are, left to right, Valedictorian Edith Compton, Salutatorian Anita Johnson, High-ranking Boy Carl Jack Smith.

Hardin President Will Address Memphis High School Graduates

Student Banquet Is Set For Tonight

Activities for the Memphis High School graduates will be climaxed by an address by Dr. James B. Boren, president of Hardin College, Wichita Falls, Texas, Tuesday, May 24.

Lakeview Senior Graduation Plan

Lakeview High School students will have their commencement Friday evening, May 20, in the school's auditorium. Twenty-three students are in the senior class.

Twelve Seniors To Get Diplomas At Estelline High School May 19

Commencement activities of the Estelline Senior Class begins with grand assembly Monday, May 13, in the High School auditorium, with the presentation of the honor graduates and the school queen.

Eight Miles New Hard-Surface Highway Slated For Hall County

Hall county will obtain about eight additional miles of hard surfaced road under the new Farm-to-Market Road fund of the state highway department, it was revealed Wednesday in a meeting of District Engineer J. B. Nabers with the Commissioners Court in Memphis.

Rogers' Red River Water Bill Is Ready For Governor's Signature

One of the biggest breaks in history came to Hall, Childress and Briscoe counties when the State Senate last Thursday passed and sent to the Governor House Bill No. 78, by A. J. Rogers of Childress, to build a water gauging and siltation station on the Prairie Dog Town Fork of Red River.

Rodeo Boosters Will Plug Event By Making Trips

Rodeo Boosters of the coming Hall County event will make a series of trips starting Wednesday to acquaint near by cities with the three-day Rodeo set for June 2, 3 and 4.

County Delegation Of Shriners Go To, And Take Amarillo

Al Morroh Shrine Club of Memphis had a delegation of Shriners at the annual spring ceremonial at Khiva Temple Shrine, Amarillo, which met Sunday and Monday.

Friday, May 13, Is Last Day Report Crops To A.A.A.

It is impossible to overestimate the importance of getting in those crop histories, and there is only one day, Friday, left in which to get them in.

Blue Cross Plan For Hall County Mapped By Group

At the invitation of the Hall County Medical Association a representative group of Hall County, professional, business men and farmers met at a dinner to form a Blue Cross council for the County.

Says Bond Campaign Quota Can Be Met

Hall County has a quota of only \$65,000 of series E saving bonds, a figure which should be easy for this area," O. V. Alexander, in charge of the drive, stated.

He also pointed out that during the war the quota was around \$200,000 for each drive. The purchasers of government bonds are allowed to purchase double the amount they formally were able to be. The limit in E bonds is \$10,000, he said.

To Head Group

Boone McClure, director of the Panhandle-Plains Historical Museum at West Texas State College, was named director of the Texas Archaeological and Paleontological Society at a meeting at Alpine recently.

Juice Canning Decline

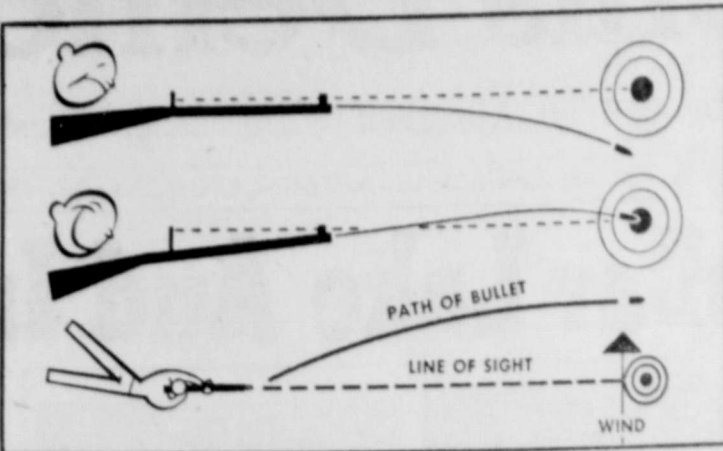

Austin—Grapefruit juice canning in Texas for the 1948-49 season through April 1 dropped 30 per cent from a year earlier to 4,925,888 cases, reports from the Texas Canners Association to the University of Texas Bureau of Business Research showed.

HOW TO SHOOT A RIFLE

By ARTHUR E. COOK
National and Olympic Rifle Champion

Advanced Training

A bullet never travels in a straight line. As soon as it leaves the gun muzzle, gravity begins to pull it toward the ground. Therefore, at longer distances, the bullet is likely to fall short of the target unless (1) you deliberately aim high, or (2) you adjust your sights to compensate for the drop of the bullet.

The same thing applies to horizontal (or sideways) movement of the bullet due to wind while shooting outdoors. Particularly with small caliber bullets, wind is capable of blowing the bullet inches off course. Again it is necessary to compensate for this action.

If your rifle is equipped with an adjustable rear sight you need only to determine the amount of adjustment needed and the direction, and then turn the adjustment knobs the necessary amount. There is one basic rule to follow: **MOVE THE REAR SIGHT IN THE SAME DIRECTION YOU WANT TO MOVE YOUR SHOTS.**

Don't try sight adjustment until you have learned to put all your shots in a tight little group on the target. Then, if the group is not in the center you can correct the rifle's point of impact by adjusting the sights. Remember that a rifle is only as good as its sights—put the best ones you can afford on your gun.

(This instruction based on the booklet, "HOW TO SHOOT A RIFLE," published by The National Rifle Association, Washington, D. C.)

Know your gun and ammunition!

Miss Rasco's Pupils Give Spring Recital

An appreciative audience of relatives and friends were present Sunday afternoon, May 8, at the First Presbyterian Church to hear the recital presented by piano pupils of Miss Gertrude Rasco.

Appearing on the program were Joyce McDaniel, Marthlyn Burnett, Betty Goodall; Amadee Vallance, Marilyn and Virginia Miller, Johnnie McDaniel, Patsy Ruth Jarrel, Nancy Brewer, Minnie Lee Jackson, Ann Spoon and Patsy Jean Adcock.

Cement Production

Texas cement production in February totaled 1,092,000 barrels, a fractional gain over the previous month and a year earlier reports from the Bureau of Mines to the University of Texas Bureau of Business Research showed.

JAL 15 FOR QUALITY JOB PRINTING

Texas Industrial Growth Surpasses All Predictions

The entire state of Texas has much to be proud of concerning its industrial growth within the past decade, according to Raymond Moley, one of the nation's most authoritative economists.

Some of the unpleasant facts pointed out by Mr. Moley were that many Texas counties have been losing population; in many sections production per acre has fallen below the national average; that dairy production per cow is yet nothing to brag about; that rural health and housing seriously need attention; and that the rising cost of government threatens the very wealthy industrial areas.

Against these unpleasant facts, Mr. Moley, lists the pleasant facts and expresses amazement at what he finds in Texas.

Of course the real industrial area of the State is the Houston-Beaumont-Port Arthur section, with its deep-water shipping, abundance of fuel and favorable climate. Outside studies predict that the population of Houston will reach two million in the not distant future.

But this great industrial area and its growth is of great importance to all the rest of the state. This deep-water outlet now surpasses that of the New Orleans area, and its growth is far more rapid than any other coastal area of the nation, not excepting the Pacific wonderland of industry.

The eminent author, H. G. Wells once said that the Gulf Coast area would some time be the economic center of the world. But even an imagination like that of Wells could hardly predict what has already happened there.

It was to the east of Houston, three miles of Beaumont, that the Lucas-Spindletop gusher broke loose forty-eight years ago. The discovery of that field revolutionized the oil industry, and its consequences virtually revolutionized the economic life of the world. And now, in this area are 16 per cent of the nation's and ten per cent of the world's oil processing.

This rich industrial area has an immense influence on the development of the rest of the state. Other sections of Texas have made rich oil discoveries, and these, more than any other one thing, are responsible for the rapid growth of West Texas.

In contrast, as compared with other sections, West Texas per acre production is increasing; dairy production per cow has steadily increased, as well as the dairy resources and health and housing in West Texas has made a steady improvement.

In West Texas vastly increased wheat production has resulted in the growth of the flour milling industry in this area, and near adjacent oil fields in many sections have produced an oil processing industry of great value.

In West Texas industrial growth goes hand in hand with, and is dependent on the agricultural industry which shows the greatest gain of any other West Texas industry.

Mrs. O. B. Quarles of Alvord arrived in Memphis Friday to visit with her sister, Mrs. C. F. Stout and Mr. Stout. Mrs. Quarles plans to be here until next week.

Mr. and Mrs. Kinard Attend Texas Tech Inauguration

Mr. and Mrs. D. L. C. Kinard of this city were guests for the past few days of Dr. and Mrs. D. M. Wiggins of Lubbock, where they attended the many social affairs which were climaxed Tuesday evening when the Doctor was inaugurated the Fifth president of Texas Technological College.

Mr. Kinard is a brother to Mrs. Wiggins. Dr. Wiggins is the fifth president of the college.

The ceremonies were held in the huge new Jones Memorial college stadium, under the floodlights, after a colorful ceremony in which more than 100 representatives of colleges and universities from all sections of Texas and the nation marched in academic procession to the field.

They all wore caps and gowns and the bright-hued caps characteristic of scholarly degrees since medieval times.

Governor Jester flew from Austin to speak briefly at a luncheon at Lubbock Country Club honoring Wiggins and his wife and Dr. E. N. Jones, also being inaugurated vice president, and his wife.

Jester pointed out that Tech has come a long way since its establishment in 1925 to its present enrollment of more than 6,000 and he described Wiggins as "more than a college president—he is a good will representative." He recalled that he was chairman of the University of Texas board in 1935 when Wiggins was hired as president of the university's branch School of Mines and Metallurgy at El Paso.

"Not An Executive" Dr. William H. Cowley, Stamford University professor of higher education, told the luncheon guests that "being a college president is like (Napole) sitting—there are just some that go in for it." He described the usual college president as "the most burdened, harassed, put upon man in the community, a combination galley slave, bellhop, hack and nursemaid wrapped into one."

A national authority in higher education, Cowley advised Wiggins to "be an organizer, co-ordinator and philosopher—don't try to be an executive. You can hire executives and doers by the hundreds, but if you spend your time bogged down in detail and routine, you will lose the opport-

unity to see where your college is going, to look into the future and chart its course."

WARNING To The Citizens of Memphis

It has been reported to us that some individual has been visiting numerous cities, calling at homes asking that he be permitted to go through the house and make a sketch of the floor plan.

He states that the purpose is to enter the home in a contest conducted by some well known national magazine.

He also states that he represents Wm. Cameron & Co., and that prizes for the best homes are to be given by Wm. Cameron & Co.

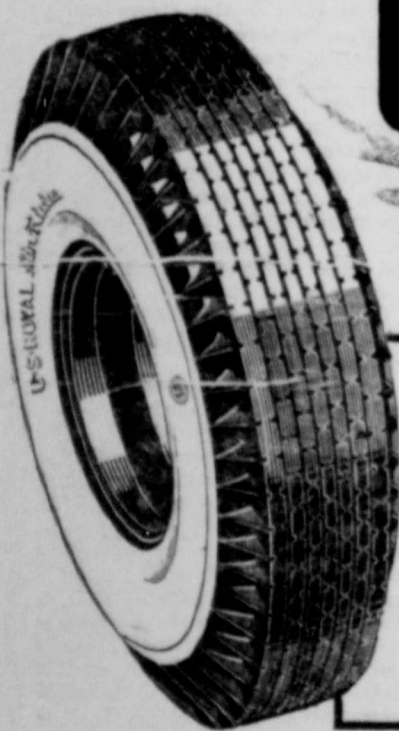

This is to warn the citizens of Memphis, and all other towns, that this person does not represent this company; that we are not participating in or conducting any contest; that we are offering no prizes of any kind.

If this man comes to your home presenting this proposition, and representing himself as an agent of Wm. Cameron & Co., or if you know he is operating in your town, get in touch with your local police and the Wm. Cameron & Co. store immediately.

Wm. Cameron & Co.

Childhood Diseases Prevalent All Over State, Healthier Says

Measles and chickenpox have been widespread throughout the State during the past few weeks, and in the week ending March 5th measles reached a total number of cases, 3909, that was the second highest in history. Chickenpox was almost twice the seven year median, and the State Health Officer has stated that there is an unusual number of adults suffering from this so called "childhood" disease.

"Both these diseases are extremely contagious," he said, "and the strictest isolation and sanitation precautions are necessary to halt their spread. Dishes, toys, towels, or anything that has been around the patient can carry the germs to other members of the household, and all such articles should be thoroughly disinfected before being handled by others susceptible to these diseases."

The State Health Officer recommended that a physician be called immediately when a child shows any beginning symptoms of chickenpox or measles, and that his advice be followed implicitly until complete recovery. Dangerous complications often accompany or follow measles, and a child may have his entire future health endangered unless he receives competent care during his illness.

"It is not advisable to treat these childhood diseases too lightly," he said. "They are sometimes responsible for nothing more than a few days discomfort, but we cannot count on that. They should be taken seriously, and receive a competent doctor's supervision and attention."

SWEETHEART OF MORE FFA'S—Scharlean Pyeatt, this year's graduate of the Memphis High School, also was promoted from 1948 FFA Sweetheart of the high school's chapter of the Future Farmers of America, to district Sweetheart. At the meeting held here Friday, she was chosen to reign over Turkey, Childress, Estelline, Quail, Hedley, Clarendon, Wellington, Samnorwood and Lakeview schools to represent the district at the coming regional meeting in Lubbock. She is the daughter of Mr. and Mrs. Owen Pyeatt.

YOUR HOME FOOD FREEZER IS MOST USEFUL FIXTURE

Some years ago every farm family was building pantry and cellar room for hundreds of cans of fruits, vegetables and meats. Today the story is a little different. Canning is not entirely out but much of it has been displaced by the home freezer. The home freezer preserves everything in its raw state, with all of the original flavor, and much less trouble and worry.

A recent survey covering nearly a hundred farms revealed almost every kind and size of freezer on the market, and showed a large percent of farm homes supplied with freezers.

They ranged in size from eight to thirty cubic feet, with the most popular size about fifteen or sixteen cubic feet.

The best authority on home freezers for the home farm suggest about six cubic feet for each member of the family. Thus a family of three should have 15 to 18 cubic feet while a family

of five or six should have a thirty foot freezer.

It was found that all types were popular, chest and upright. The chest type up to about 18 cubic foot and above that the upright, usually with two doors and drawers.

There are many good makes on the market, one to suit the preference of everybody.

Farm living has been greatly changed by the home freezer. There are no seasonal meals anymore. When company comes the farm wife upwraps a frozen chicken, duck or guinea fowl. No chasing down an old hen, killing, dressing and preparing her for dinner.

All year round game and fish are in season. Yes, that eight-pronged buck Hubby killed last fall, venison for your company and special occasions. And Hubby's catch of fish can be safely stored away in a sealed compartment, without giving a fish flavor to everything else in the freezer.

When the farm wife has a nice flock of fryers, she doesn't have to wait for the produce buyer to come along, and sell to him at whatever he is generous enough to give. A frozen fryer in your freezer is worth more than any buyer will ever give for it.

And don't forget guinea fowls, the domestic game bird. Any farm can raise from 25 to 100 almost without cost, as they will feed themselves by devouring millions of harmful insect pests and noxious weed seeds.

Then there is the garden, the berry patch and orchard. Any farm family can fill almost any size of a freezer and save its

Mrs. Kinard and Mrs. Dickey Return From Florida Trip

Mrs. D. L. C. Kinard and Mrs. W. C. Dickey returned home Saturday from Miami, Florida, where they attended the General Federation of Women's Clubs convention. Mrs. Kinard is the immediate past president of Seventh District, TFWC, and Mrs. Dickey is the past secretary.

They were accompanied on the trip by Mrs. James Allen and Mrs. Kenneth Kink, both of Childress, the Seventh district president and secretary respectively.

The convention opened on April 24 and continued through April 29. Following the convention, the delegates enjoyed a trip to Havana, Cuba, aboard the S. S. Florida.

- Ichthyology is the study of fishes.
- Perry is a drink made from pear juice.
- Mohammed died by poisoning.

original cost almost the first year.

No farm family should be without its home freezer. Now is the time to start planning for it, and get it as soon as your home garden begins to mature and your fruit to ripen.

'Mardi Gras' is Theme Featured at Lakeview Junior-Senior Banquet

Featuring one of the most colorful banquets in years, the Junior Class of the Lakeview High School entertained members of the Senior class and the faculty on Friday evening, April 29, in the school gymnasium.

Depicting a realistic Mardi Gras setting, the gymnasium was decorated with multi-colored crepe paper and balloons which were hung to form an improvised ceiling. Spot lights covered with colored cellophane and favors of horns and hats added to the carnival atmosphere.

A merry-go-round, which served as the orchestra stand, was noted at one end of the room and tents were fashioned of vari-colored crepe paper.

Guests were seated at foursome tables which were placed around the edge of the room. Centering the tables were sweet pea floats pulled by miniature horses. Waiters were dressed as clowns and the waitresses wore ballet costumes.

The menu consisted of tomato juice cocktail, spring salad, wafers, virginia baked ham, pineapple, julienne potatoes, buttered peas, strawberry shortcake, ice cream, rolls, iced tea and mints.

The invocation was given by Bennie Earle Duvall. The welcome to Mardi Gras was given by Ineather Marler and the Junior welcome was extended by Wayne Adams. Hendricks Williams gave the senior's response. Loran Denton was the principal speaker for the evening. The Girls quartet entertained with vocal selections and the program was concluded with the crowning of Mardi Gras King and Queen.

Following the banquet, the group danced to music furnished by an orchestra. Punch was served during intermission.

Seniors attending the affair were Edwin Arnold, Nell Rita Cheek, Merle Collins, Lynn Cunningham, Peggy Davenport, Billy Dickey, Floy Driver, David Horace DuVall, Billy Wayne Fowler, Willie Pearl Gillespie, Bobbie Hall, Wilma Hall, Donnell Ioor, Dorman Mitchell, Robby Mitchell, Gloyd Moreland, Jimmy Osborn, Doris Parks, Tommy Proffitt, Dewitt Robertson, Billy Salmon, Grace Sanders, Lola Mae Saunders, Hendricks Williams, Richard Wood and Flora Hall.

Seniors present were Wayne Adams, Nancy Barclay, Louise Adams, Mildred Booth, John Luther Byars, Homer Blackwell, Imogene Canida, Iva Mae Cartwright, Willis Clark, Mary Jo Davenport, Joyce Durrett, Bennie Earle Duvall, Georgia Ford, Jack Fowler, Jimmy Gowdy, Lawana Henry, Roxy Hulsey, Barbara Lowe, Ineatha Marler, Norma Nabers, Virginia Payne, Wade Rice, Kenneth Sams, Elmo Sams, Glenn Saunders, Dale Smith, Joe Thompson, Katherine Watson and Joe Wiginton.

Members of the faculty included Loran Denton, E. J. McKnight, Mrs. Leon Robertson, Miss Barbara Blanks, Mrs. Euba Blevins, Mrs. Carrie Blackwell, H. F. Cunningham Jr., Phillip Wynn, Addie Fisher, Mrs. E. J. McKnight, Miss Faith Porter, Mrs. Jesse Whittington and Mrs. Houston Polaska.

Men 50 to 100 Years Young To Play Golf Match

If you are 50 you can qualify for the Tri-State Senior Golf tournament.

The meet held in Amarillo July 26-30, when the pioneers of the game convene for the 15th consecutive time is the largest of its kind in the whole world, according to J. S. Evans, secretary for the event.

An effort will be made to increase the Association's membership in New Mexico, Colorado, Kansas and Arkansas. More than 375 linksmen, all 50 years of age or older, now belong to America's largest senior golfing fraternity.

The 1949 entry fee has decreased from \$7.50 to \$5.00 and the list prizes increased from 50 to 75, to be divided among players in 10 flights. Their aggregate value is over \$500.

An annual feature is the Tri-State team matches, a competition among the five lowest scorers of Oklahoma, Texas and New Mexico. Texas has a slight lead in the series.

There will be a qualifying competition in five different age flights. Classifications are 50-55, 51-60, 61-65, 66-70, 71-100. The meet annually draws several dozen players over 70 years old, including a few over 80.

The championship flight boasts as much class as the average state championship meet anywhere in America. The meet began in 1947 and has grown into one of the most colorful events in Golfdom. Any player in America over 50 years of age is eligible. Entries should be addressed to J. S. Evans, 920 Austin, Street, Amarillo. Membership in the Association are \$1.00 and tournament fee is \$5.00 additional.

DEATH CAR AND SCENE OF TRAGEDY—Shown are the smashed car from which Vernon Martin, star was hurled to his death Monday night less than a mile from Memphis. An artist has sketched the path of the car tracing its movements from the highway to about where it came to a halt, a smashed wreck, with victim hurled another 25 feet.—Photo by Wise, Courtesy Amarillo News.

- Watch late-hatched chicks closely for symptoms of coccidiosis. If the disease is suspected, immediate treatment is necessary.
- A cotton merchandising clinic sponsored by the University of Texas has been tentatively scheduled for June, 1949.
- The cost of operating farm machinery is more than one-third the expense of operating farms in Texas.
- The American all-time high active posts is throughout Texas.

Commissioner Lists 740 Acres for Sale in Hall County

still for sale in... and 739,600... Hall County.

Bill Regulates Use of 2, 4-D On Texas Farms

Apparently as an outgrowth of the claims of farmers of Texas the legislature has acted speedily with an act to regulate the use of 2, 4-D.

House Bill 420 reads, "Unregulated use of 2, 4-D or other type herbicide constitutes a menace to the agricultural operations of the cotton and other farmers of this state and is harmful to growing crops and plants."

The bill the house passed provides for all persons selling, offering, exposing for sale, exchanging, or bartering 2, 4-D to get a license from the Commissioner of Agriculture.

The act goes further and requires records of the applications to be kept for at least two years.

Wind gauges must be in operation at all times during the application of the 2, 4-D. Spraying shall cease when the wind exceeds ten miles per hour.

The Commissioner of Agriculture will designate county or precinct officials for all lands and equipment to be inspected.

Mrs. W. T. Reed of Drumwright, Okla., and Mrs. J. E. Palston of Shawnee, Okla., returned home Thursday after spending the past week here with their parents, Mr. and Mrs. J. E. Gurley.

Mr. and Mrs. Roy Mattingsly and Jan and Mrs. Charlie Miller visited here Sunday, Monday and Tuesday in the homes of Dearyl Quary, E. D. Watson and Clyde Quary.

Members of the Woman's Culture Club were guests Wednesday afternoon, May 5, in the home of Mrs. Herschel Combs, 613 South 7th street.

Seasonal flowers were used to decorate the entertaining rooms. Mrs. D. A. Grundy gave a most interesting history of the past club year and an informative discussion on the "Progressing United Nations" was given by Mrs. Clarence Morris.

During the tea hour, a dessert plate was served by the hostesses to the following members: Miss Alma Bruce, Mrs. Clifford Farmer, Mrs. D. A. Grundy, Mrs. Earl Hill, Miss Eta McElrath, Mrs. R. L. Madden, Mrs. T. J. Way, Mrs. Robert Moss, Mrs. Clarence Morris, Mrs. Homer Tribble, Miss Bonnie Jean Smith, and Mrs. Gene Chamberlain.

Mr. and Mrs. Leon Piland of Cactus spent the week end here with his parents, Mr. and Mrs. A. W. Piland.

Stitch and Chatter Club Of Estelline Meets Tuesday

The Stitch and Chatter Club of Estelline met Tuesday afternoon, May 10, in the home of Mrs. Myrtle Butcher with Mrs. Gertrude Rawley as hostess.

The afternoon was spent doing needle work. The hostess received a shower of small gifts from the members.

During the business session members voted to limit the membership of the club to 24 members. Three new members, Mrs. Etta Billingsly, Mrs. Lillie Jones and Mrs. Juanita Nelson, were welcomed into the club.

Punch and cookies were served to Mesdames Edna Winkler, Broxie Arrington, Eula Adams, Ora Lee Fulton, Ada Jones, Beatrice Gardenhire, Myrtle Darby, Clarine Morrison, Vera Orcutt, Louise Morton, Flossie Dick, Jewell Marcum, Jessie Orcutt, Etta Billingsly, Lillie Jones and Juanita Nelson.

Mr. and Mrs. Roy Mattingsly and Jan and Mrs. Charlie Miller visited here Sunday, Monday and Tuesday in the homes of Dearyl Quary, E. D. Watson and Clyde Quary.

Mrs. H. A. Combs is Hostess to Members Of Culture Club

Members of the Woman's Culture Club were guests Wednesday afternoon, May 5, in the home of Mrs. Herschel Combs, 613 South 7th street.

Seasonal flowers were used to decorate the entertaining rooms. Mrs. D. A. Grundy gave a most interesting history of the past club year and an informative discussion on the "Progressing United Nations" was given by Mrs. Clarence Morris.

During the tea hour, a dessert plate was served by the hostesses to the following members: Miss Alma Bruce, Mrs. Clifford Farmer, Mrs. D. A. Grundy, Mrs. Earl Hill, Miss Eta McElrath, Mrs. R. L. Madden, Mrs. T. J. Way, Mrs. Robert Moss, Mrs. Clarence Morris, Mrs. Homer Tribble, Miss Bonnie Jean Smith, and Mrs. Gene Chamberlain.

Mr. and Mrs. Roy Mattingsly and Jan and Mrs. Charlie Miller visited here Sunday, Monday and Tuesday in the homes of Dearyl Quary, E. D. Watson and Clyde Quary.

Blue Bonnet Club Meets Friday in Rogers Home

Mrs. T. B. Rogers, 517 South 6th street, entertained members of the Blue Bonnet Needle Club Friday afternoon, May 6.

Members enjoyed a pleasant afternoon of sewing and conversation.

A delicious refreshment plate was served to the following: Mesdames Jack Boone, Roy Coleman, George Cullin, Otto Fitzjarrald, Claude Johnson, Ottie Jones, H. H. Lindsey, C. C. Meacham, Tomie Potts, Jim Vallance, and Henry Hays.

TWO STUDENTS HURT IN FREAK ACCIDENT

High school student Gene Daughtery suffered a cut over his left eye when a bat held by fellow-student John Hammond broke and hit him on the left side of his face. Hammonds suffered an injury to his right arm by the accident.

Dr. O. R. Goodall put sutures over Gene's eye. He stated that an x-ray picture of John's arm revealed that there were no broken bones. He also said that Gene's injury was not serious.

Memphis Firemen Attend District Meeting Tuesday

Members of the Memphis Firemen department who attended the district meeting in Childress Tuesday had a barbecue picnic supper in the Childress Park, followed by a dance in the park auditorium Tuesday evening.

Fire Chief Thomas Clayton, who attended the meeting with Mrs. Clayton stated that at least 300 firemen and their wives were present for the Panhandle district meeting.

Others besides the Fire Chief who were at the meeting were: Mr. and Mrs. Red Ward, Mr. and Mrs. Bill Vardeman, Mr. and Mrs. Otis Sturdevant, Mr. and Mrs. Earl Brisco, Mr. and Mrs. Tom Tinner, Mrs. George Kester-son, Mr. and Mrs. Frank Ritchie, Mr. and Mrs. O. R. Saye, Mr. and Mrs. Glenn Carlos, Mr. and Mrs. Cecil Hancock, Mr. and Mrs. W. W. Wise, Mr. and Mrs. Don Jenner, Mr. and Mrs. Ben Alexander, Mr. and Mrs. Harry Aspgrren, Police Chief Warren Peabody, and Ellis Veteto.

Sports Writing Course Offered At Texas Tech

Sports writing and radio news and continuity writing will be added to the journalism curriculum at Texas Technological college next school year, 1949-50 terms.

The sports writing course, to be offered in the spring for three hours credit, is designed to give persons interested in athletics a basic for preparing printable stories on sports events and practice in writing. This objective will make the course recommendable to physical education majors who expect to become coaches as well as journalism students who desire to write sports.

Prerequisite for the six-hour radio course is junior standing a completion of a sophomore journalism course. The first term emphasizes training in radio news writing and practice in preparation of copy for both wire and local news reports, interviews and commentaries. The second term is devoted to advertising and continuity writing with practice in writing commercials and sustaining continuity.

during our recent bereavement. Words can not express our appreciation. We hope that when your hour of sorrow comes, you, too, may receive the same.

SHIVERS LAUDS EMPLOYERS TAX EDUCATION BILL

The passage of HB 417 by Lieutenant Governor Allan Shivers by the State Senate last week will save Texas employers from \$6 million to \$10 million a year in unemployment compensation taxes.

The amended bill now goes back to the House for concurrence in Senate amendments.

The bill would amend the TUC Act by lowering the minimum tax rate on employers' payrolls to one-tenth of one per cent.

"HB 417 as amended will provide a 25 to 80 per cent tax reduction for a substantial majority of the some 29,000 Texas employers who pay the tax," the Lieutenant Governor said.

During the last ten years Shivers has made a study of the complicated unemployment tax laws. As a State Senator in 1939 he was author of an amendment to the TUC Act by which the "Texas Plan" sliding-scale tax rate was written into the law.

The Shivers rate structure became effective in 1941. Texas Employment Commission officials estimate that the change resulted in a saving during the following eight years of \$232 million to Texas employers.

"The present reserve of \$205 million in the unemployment insurance fund is sufficient to meet any foreseeable contingency. Besides the new minimum rate, the bill provides an additional tax reduction for each \$5 million in excess of \$200 million in the reserve," Shivers explained.

"I think the TEC is due considerable credit for earlier savings to employers under the so-called Texas Plan," Shivers said.

"The TEC should be credited with a high level of conscientious and efficient administration. To a large degree employers were able to secure lower rates because the Commission scrutinized carefully all claims and worked diligently to find jobs for the unemployed."

Senior Choral Club Presents Annual Spring Concert

One of the lovely events of the high school commencement program was the Senior Choral Club Concert by the Music Department, Tuesday evening, May 10, under the direction of Peggy Keyser, head of the department and leader of the high school band.

A portion of the program follows, with names of the club.

The Lord's Prayer, Forth. How Lovely Are Thy Dwellings, Liddle, Cain.

The Holy City, Adams, Weatherly, Breck. In The Garden, C. A. Miles, G. J. Jones.

Old Crusader's Hymn, Arr. B. Treharne. Clarinet Solo, Roddy Patton.

The Old Refrain, Fritz Kreisler. Vocal Quartet, Selections: Deep In My Heart, Sigmund Romberg; Night and Day, Cole Porter.

Vocal Duet, Selections. Intermission. The Silver Swan, Gibbons. I Got Shoes, Noble Cain.

Piano Solo, Beverly Snell; Spanish Gypsy Dance, Mowrey. Little Gray Home in the West, Hermanns Lohr.

Orchids In The Moonlight, Vincent Youmans. Soft Shadows Falling, Flemming.

Memories of Stephen Foster, Brass Sextet, C. E. Holmes. Now Is The Hour, Arr. Ken Darby.

The Stars and Stripes Forever, John Philip Sousa.

Chorus members: Carnis Durham, Barbara Edwards, Lorene Lewis, Billie Dell Martin, Evelyn Martin, Betty McWhorter, Janney Mueller, Leona Robertson, Billie June Sturdevant, Beverly Snell, Peggy Smith, Joan Lockhart, Winnie Oakley, Joyce Benton, Edith Compton, Martha Howard, Leota Sturdevant, Gereta Graham, Donna Webb, Scharlean Pyeatt, Joanna Davis, Joy Davis, Roddy Patton, Oleta Robertson, Clea Mae Tiner, Jeanne Way, Nonna Lee Ellis, Carmen Phillips, Nina Sue Lee, Glenna Queary, Minnie Lee Jackson, Norma Lou Barna, Margaret Harris.

4-H Girls Make 20 Million Meals In Food Program

Will 20 million meals placed end-to-end reach around the world? Nobody seems to know. But it is a fact that some 400,000 4-H Club girls last year planned, prepared and served 20 million meals as part of their training in the National 4-H Food Preparation program.

Designed to help 4-H'ers understand food values from both health and economy standpoints, the program also develops desirable personal food habits. The youthful cooks range in age from 10 to 21 years, and as in all 4-H Club activities they "learn by doing." Use of home-produced food is stressed.

Merit awards will again be provided by Servel Home Economics departments. They are educational trips to the National 4-H Club Congress for state winners, and six \$300 scholarships for members of a special blue award group. County winners will be presented with a gold-filled medal. The Cooperative Extension Service directs the program.

Dona Hendry of Blackwell was one of the national champions in 1948, having first won the state and Nolan county awards. Other county winners were: Mary Schultz, Atascosa; Margie Bartsch, Bastrop; Yvonne Marek, Calhoun; Mary Kachtik, Cameron; Joan Evans, Coleman; Ann Brooks, Delta; Rosalie Camarillo, Guadalupe; Ann Lindstorm, Harris; Jeane Deese, Jefferson; Eloise Barker, Jones; Mary Crump, Lubbock; Billie Carlile, Martin; Bonnie Fenoglin, Montague; Margie Coalson, Parker.

Storage Space For 16 Million Bushels Grain In Texas

Storage space for 16 1/2 million bushels of wheat at Pan-Tech Farms, formerly Pantex ordnance plant, near Amarillo, will be made available under plans adopted by the board of directors of Texas Technological college.

The board authorized a committee headed by Chancellor Weymouth, Amarillo, to sign leases with the Commodity Credit Corporation or some other organization for the space in warehouses and igloos on the 17,000 acre property. Weymouth estimated the Panhandle wheat crop at between 45 and 50 million bushels. He

played. "The proposed amendment to the TUC Act carries the tax relief a step further," he added.

H. H. Knox, Formerly Of Hall County, Called By Death

Funeral services for H. H. Knox, age 80, was held Monday afternoon at 3 o'clock at the Church of Christ in Amherst, Texas.

Mr. Knox, a former Hall County citizen, died early Sunday morning, in the Amherst hospital after suffering a stroke Thursday afternoon, while down town talking with a friend.

He came to Hall County in 1915, and resided in the Flaska community, until 1924 when he moved to Amherst.

He is survived by his widow in Amherst; one daughter, Mrs. M. L. Roberson of Quitaque, and five sons; Byrd Knox of Hereford, Clyde of Phoenix, Ariz., Herschel of Sea Side, Oregon; Jack of McCamey; and Debbs of Tulsa; eight grandsons, and two great-grandchildren.

His body was taken overland to Hereford, by Lee-Payne, Funeral Home, for burial.

Friends of the deceased attending the funeral from Hall County were Mrs. J. T. Dennis; Mrs. Wilma Davis, Memphis; Mrs. Bluford Burnett, Flaska, and Mr. and Mrs. J. L. Dennis of Carey. At Floydada they were accompanied by Mr. and Mrs. W. J. Wilks and daughter, Bobby La Vern.

said much of the wheat will spoil unless storage space is found. The committee also was authorized to employ sufficient men to maintain the Pan-Tech lands and equipment.

The board at its meeting this week also contracted with the City of Lubbock to supply water to the campus, following a temporary break-down in the Texas Tech water system.

An appropriation of \$4,690.94.

900,000, in bonds, to be retired by income from the College Building amendment voted by referendum in Texas two years ago. Central Investment Company, Dallas, was employed to arrange sale of the bonds early in June.

The board said classroom space is a major need of Texas Tech and the Administration building wings alone will give 16,000 additional square feet for classes. The Engineering building wings would permit concentration of engineering work and release for other purposes space now allotted to engineering over the campus.

Under the building amendment it is estimated upwards of \$3,500,000, will be made available to Texas Tech for buildings during the next ten years.

THE BIG ONE DID NOT GET AWAY—Showing that not all big fish remain in Bridgeport Lake when these three Hall County fishermen go after them, are, left to right, R. B. Spruill, Loyd Robinson, with 33 pound cat fish, and O. E. Bevers. The small fish in their hands could be great, great, grandchildren of the big fellow.

J. C. Penney Co. Introduces Cotton Carnival with Show

To introduce the J. C. Penney's Cotton Carnival merchandising program for the month of May, the local J. C. Penney store held a style show at the Ritz theatre Monday afternoon at 2:30 o'clock.

The stage was attractively decorated with basket arrangements of multi-colored flowers which were furnished by Hightower Green house. Recorded music was played throughout the show on a radio phonograph which was furnished by Lemons Furniture as was all other stage furnishings.

H. J. Howell, manager, welcomed a large group of women, including both local and out-of-

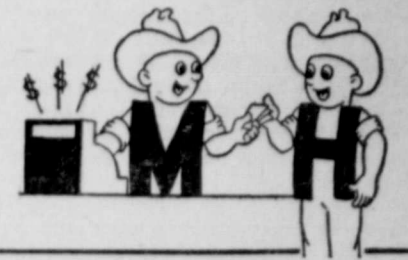

town guests. Mr. Howell explained that all dresses to be shown were fashioned from cottons and came from the four leading style centers of the world; namely, Dallas, Los Angeles, New York and Chicago. As the models appeared on the stage Mr. Howell introduced each one and gave a description of the dress she was wearing. Shown were children's clothes, formals, sport dresses and casuals.

Children's clothes were modeled by Miss Joy Batan and Miss

Jean Vallance and adult models were Miss Mary Drue McCollum, Mrs. Jo Hickey, Mrs. Fleeta Dennis, Miss Ella Mae Kerchville, Miss Shirley Foster, and Mrs. Natalie Edmondson.

Diamonds, Trips, Horses, Part Of Summer-Long Treasure Hunt

Over \$10,000 worth of prizes will be given to lucky winners by the Palo Duro Canyon Boosters Club, in connection with their summer-long treasure hunt which starts May 28 when Gov. Beauford Jester cuts a ribbon to the entrance of the Canyon.

Top prizes include two all-expense paid eight-day vacations to Havana, Cuba via Braniff Airways; 192 season-passes to Amarillo Gold Sox home games in 1949, a diamond ring valued at \$250; two registered quarter-horses. One horse is 2-year-old "Casey's Beauty" who won third prize at the 1947 Tri-State Quarterhorse show. The other one-year old filly is "Casey's Billy Red Fox", sired by "J. Billy Thomas," world's champion palomino stock horse for two consecutive years.

Finders Are Winners
 The prizes will go to finders of lucky goldline coins. Ten thousand coins will be dropped from an airplane into the Canyon during the opening ceremony. All coins ending in the number 'seven'—a thousand coins—will be prize winners and each coin is a potential prize winner of supplemental grand prizes.

The Palo Duro "gold rush" is being held by the Boosters Club to solicit membership and appropriate funds and gifts to advertise the Palo Duro Canyon as a major tourist attraction throughout the country. Every person in this region is eligible. Members will pay \$1 for membership cards.

On the agenda for the opening weekend will be a spectacular horse show and parade May 29th at 3:30 o'clock by the Will Rogers Range Riders and boys from Boys Ranch atop the mesa below Coronado Lodge. More than 100,000 spectators can view this event

John H. Pound Is New Member Of Area Scout Group

John H. Pound, new member of the Adobe Walls Area Council, Boy Scouts of America, was a visitor in Memphis last week, conferring with Scoutmaster Ted Myers and Scout leaders.

Mr. Pound will serve Hall, Donley, Wheeler and Collingsworth counties by training volunteer leaders, assisting with Scout and Cub activities. He plans to organize additional troops and packs to serve the hundreds of boys in these four counties who are not now Scouts or Cubs.

He is a graduate of the University of Texas and has recently returned from the National Training School for Scout Executives. He is an Eagle Scout and has been active in Scouting either as a Scout or a leader since he was 12 years old.

Mr. Pound will make his home in Pampa and will spend one week out of each month in each of the four counties he serves.

Increased Value Of Cotton Seed Feed Products

Attention farmers and cottonseed crushers: University of Texas research scientists have devised a plan to increase the value of Texas' second largest money crop, cottonseed.

Dr. A. B. Cox, cotton marketing professor, has directed research into the ratio of the price of a unit of feed of cottonseed meal and hulls to the farm price of milk which he says will give feeders and cottonseed crushers a formula for more profitable utilization of those products.

Dr. Cox explains that cottonseed meal or hulls are raw materials and their values to the producers and the feeders depend on their most effective use.

This economic research in regard to cottonseed and cotton-

"Peggy's Pets" Of Memphis To Amuse Expo. Small Fry

Molly Cottontail, Bosco the Clown and Li'l Rabbit, along with a score or more of their tiny but charming friends, will be a major attraction for the junior grade visitors in Fort Worth's second annual Southwest Industrial Exposition.

The doll folk will comprise the exhibit of the Sunnyland Doll Company of Memphis, manufacturers of Peggy's Pets.

They'll compete for attention of course with the drilling rigs, the farm machinery, the furniture, the foods and clothing and all the other interesting items that are to be exhibited in the 1949 exposition. But no one doubts that they'll get their share of attention from grownups as well as the small fry.

Mrs. Clifford Farmer has notified Exposition Manager Joe Watson in Fort Worth that she will represent her firm at the show.

More than 300 exhibits, representing the industrial might of the big southwestern industrial empire, are to be ready in the Will Rogers Memorial exhibit buildings by 2 p. m. Sunday when exposition doors open. Representatives of the governors of Texas, Oklahoma, New Mexico, Arkansas and Louisiana are to take part in opening ceremonies.

The show, with manufacturing and marketing clinics scheduled for the first half of the week, will remain open for eight days. Exposition President C. W. Wofford expects attendance to exceed 200,000.

Blue Cross Plan—

(Continued from Page 1)
Hall County a council of 26 members was formed at the dinner-meeting. They will meet in the near future to formulate plans to start a County campaign to enroll as many members as possible.

Blue Shield Services
In conjunction with the Blue Cross a medical expense plan was outlined by Mr. Harley West. The plan, called the Blue Shield, for an added \$2.60 a month, is open to members of the Blue Cross. It calls for \$3.00 for each visit by a doctor in the hospital after the third day. These benefits are for 30 days. In addition operation and obstetrical fees to surgeons of \$5.00 to \$150. is allowed.

Council Members
Voted by the 40 citizens at the meeting to be the Blue Cross County council were: Herschel Combs, chairman; James F. Smith, T. E. Noel, B. E. Davenport, J. E. Burnhill, J. O. Adams, Arthur Gidden, Doyle Hall, Parge Wynn, H. Youngblood, J. O. Fitzgerald, C. C. Hodges, N. W. Durham, Cole Boswell, Worth Howard, Ed Hutcherson, Mrs. Roy Guthrie, Dr. C. B. Dryden, Dr. Edwin Goodall, Mrs. T. M. Harrison, D. L. C. Kinard, Groer Moss, Ed Kennedy, Fred Hemphill.

County Delegation—

(Continued from Page 1)
O. S. Goodpasture, Mr. and Mrs. Earl Hill, Mr. and Mrs. Olin Calahan, Miss Billie Blackwell, Miss Helen Boswell, Miss Joyce Hoff.

The Lakeview Shriners and their wives were: Mr. and Mrs. James Skinner, Mr. and Mrs. Paul McCanne, Mr. and Mrs. Olton Pate, Mr. and Mrs. J. B. Duren.

Those from Turkey were: J. R. Adamson, John Adamson, Hansel Hill, Harry Barnhill, Jack Barnhill, Johnny Barnhill, Drew Holcomb, J. V. Molun.

The Clarendon delegation: Mr. and Mrs. Joe Jones, Mr. and Mrs. George Thompson, Mr. and Mrs. Homer Estlack, Mr. and Mrs. Frank Thomas, Mr. and Mrs. John Hoeker, Jr., Mr. and Mrs. John Hoeker, Jr., Johnny Leathers, R. B. Beverly.

Besides the following group C. L. Sloan of Estelline, Carl Hill of Parnell, W. H. Youngblood of Brice, and Mr. and Mrs. Jack McCandlon of Fort Worth, formerly of Memphis, were part of the delegation.

German Band Musicians
"Despite the fact that a "German Band" consists of five, we took eight boys along. They added to the fun, the music and the noise," Mr. Durham stated.

In the "Band" were: Charles Cullen, Ray Crawford, Adrian Combs, Scotty Grundy, Troyce Rhudy, Roger Monzingo, Harold and Carroll Foxhall.

HARLEY WEST, state director of the Blue Cross Plan, who appeared before a group of Hall County citizens Tuesday evening and organized the local chapter.

8 Miles New—

(Continued from Page 1)
ties involved.

Announcement of the location of the new farm-to-market roads will be made by the state highway department after they have been approved by the state commission.

Hardin President—

Ava Dell Phillips, Carmen G.

Phillips, Marion E. Posey, Benny Pyeatt, Scharlean Pyeatt, Carl Jack Smith, Leota L. Sturdevant, Bobby G. Taylor, Cleva Mae Tiner, Jeanne Way, Billy Howard West, Lois Una Wines, Don B. Wright, Windell Orand.

Start Made In—

(Continued from Page 1)
progress.

The history of the movement for this particular Red River development dates back many years. Not counting those years when a few earnest men constantly talked it and tried to "sell" the idea to others, the real start was made when the "Upper Red River Flood Control and Irrigation District" was organized and incorporated, on June 8, 1937. The charter was signed by Gov. Jas. V. Allred.

A board of directors and officers were elected from Hall, Childress and Briscoe counties.

Brought down to date, the board and officers are: Dr. Roy E. Barr,

Childress, president; O. E. Bevers, Lakeview, vice president; T. J. Dunbar, Memphis, secretary; and E. B. Tunnell, Plainview, general manager. Board of Directors: E. W. Schied, Quitaque; O. W. Stroup, Quitaque; C. C. Broughton, Childress; Roy E. Barr, Childress; O. E. Bevers, Lakeview; T. J. Dunbar, Memphis; J. A. Whaley, Memphis.

Worked Hard For Project
This organization has been on the job at all times since its very beginning, and numerous delegations have gone to Austin to appear before legislative committees.

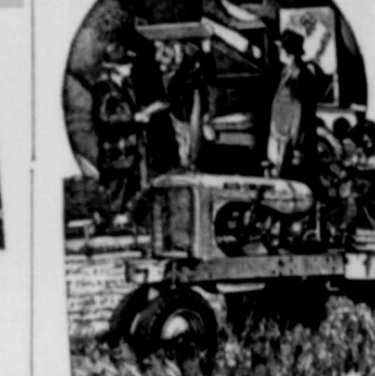

In January of this year a committee went to Austin in support of this bill, H. B. 78, which was passed last Thursday.

The committee was composed of the following:

Dr. Roy E. Barr, president of the Leonard White and Commissioner Clemens J. Claude, with the Memphis Chamber of Commerce; Ott Boren, the delegation led by State Senator Wood, Amarillo, District. In the project senator Boren worked vigorously with Representative A. J. Rogers of Engineers' survey been made of the several hundred feet above the old on Highways 79 and 70. The proposed feet high and 4 1/2 length.

"I'M GOING ON A DIET"

★ Perhaps overeating is the most common dietary indiscretion. The natural result of overeating is obesity. It has been said that we in America eat ourselves into a premature grave. The pendulum then frequently swings back to the other extreme. We go on a diet. Many self-imposed reducing diets wouldn't keep a bird alive, and often serious vitamin, mineral, and protein deficiencies result.

In recent years great strides have been made in our knowledge of nutrition. For the maintenance of optimal health one must be assured that proper balance of various foods is maintained. For dietary advice of any kind see your physician. You can then be certain that all bodily needs are being adequately met. Bring your prescriptions to us.

Fishing Movies, Casting, At Rotary, High School

BILL MOORE

Demonstration Of How To Fish

Movies, casting demonstrations and lectures on fishing will be featured in Memphis Tuesday, May 17.

Bill Moore, Brownwood, Texas, sportsman, will be in charge of the day's activities, Elmo Whaley, president of Brookhollow Country Club, announced.

Activities for the day include Mr. Moore's appearance before the members of the Memphis Rotary Club followed immediately by a lecture at the High School. There he will show colored movies and hold a casting demonstration.

At 3 p. m. he is scheduled to hold a casting demonstration for members of the Brookhollow Country Club, at the lake, five miles north of Memphis.

Full Evening Program Highlighting the day's activities will be a full evening performance in the High School auditorium. The show, starting at 8 p. m., is open to the general public. Two colored movies, one made by Mr. Moore, will be shown. One scene will show two fish being caught at the same time. "This," Mr. Moore stated, "is the only time such a feat has been recorded on a film."

One of the colored movies will show fishing in Nova Scotia, where lake, stream and ocean fishing abound. That north country is also famous for its landlocked salmon. That film is supplied by the Gladding Line Co., fishing equipment manufacturers.

On display, during the entire day will be a specially-built trailer in which casting equipment will be shown. Mr. Moore will be assisted by "Half Acre" Warnock, in putting on the show. He will have a line braiding machine on which casting lines will be made.

"Designed to meet the questions of the average fishermen is the aim of the day's program," Mr. Whaley stated. He also said, "We want everyone who is interested in fishing to see one of the performances. No one should hesitate to ask as many questions as they want to."

JERSEY ISLE FARM SIZE OF YARD HERE

Small Island Where Jersey Cattle Originated Would Be Lost In Hall County Which Is 12 1/2 Times Larger

More than 11,000,000 Jersey cattle in the United States, of which over 2,000,000 are registered, can trace their ancestry to the tiny Island of Jersey, only 72 square miles in size.

At present the Jersey cattle population of the Island consists of more than 35,000 head, of which all are registered Jersey cattle. No other breed is allowed on the Island.

The tiny Island, six by 12 miles in length has a population of slightly over 50,000. The average person per acre is less than one. In Hall County the 12,500 living in an area 30 miles by 30 miles have an average of more than 46 acres per person.

The thrifty Jersey Island farmer had to develop a cow which would be able to produce large quantities of rich milk and cream on forage; and do it without waste. That is why the Jersey cow gives more milk solids for its weight than any breed of cattle.

The Islanders, who originally came from France, were famous for their cattle for many years before it was recognized as a breed in 1734. The value of the Jersey cow in this country was recognized about 100 years ago when sailors brought back word of the rich milk they drank in the English Channel Islands. In 1851 the first Jersey registered in the United States was dropped. There is no exact record of the date of her dam's arrival.

Outnumber All Others More than 42 per cent of the dairy cattle in the United States are pure bred or grade Jerseys. That totals more than 11,000,000 of an estimated 27,500,000 Jerseys outnumber any other breed of dairy cattle in the United States. The 27,500,000 figure takes in all breeds of dairy cattle, and includes scrubs and cross breeds.

A farmer in the Island of Jersey would be astonished if he saw the size of a Hall County dairy farm. On the Island the average farm has two or three animals. The bulls are owned by groups of farmers. Besides milk and butter the sale of pure bred stock adds to his income. Accurate records are kept of milk weight and butterfat content of each milking. The animals are pastured everywhere on the Island. Alongside the road the grass is reserved for old cows who know their way home.

While cattle is the big farming business on those tiny farms, they also raise vegetables and cut flowers for the London, England market. During the fishing season the women take care of the farm while the men are out on the Atlantic fishing for Cod and Herring.

Clark, Goodall Attend Medical Physicians Meet

Doctors R. E. Clark and Edwin Goodall, Memphis physicians, attended the eighty-second session of the State Medical Association of Texas in San Antonio, May 3 through May 5.

Mrs. Clark, who accompanied her husband to the convention, is the recording secretary of the women's auxiliary of the State Medical Association.

Dr. W. L. Pressly, recipient of the general practitioners award for 1948, an award issued yearly by the American Medical Association, was one of the main speakers at the meeting, Dr. Clark stated.

Resident's Mother Dies At Tuscola

Mrs. W. C. Burlison, mother of Homer Burlison of Memphis, died at her home in Tuscola, near Abilene, Sunday, May 1. She was 71 years of age.

Attending the funeral services from here were Mr. and Mrs. Burlison and son, B. H. Hayes, Mr. and Mrs. Herschel Stewart and Agnes Hayes.

Sheriff Hill Stresses Need For 2-Way Radio

Sheriff Earl E. Hill was in a talkative mood Friday morning, when asked about his plans and ideas for giving the people of Hall County better law enforcement. Among the first ideas mentioned was the need for a two-way radio system, not only in this county but all over the state.

"This has proven practical in all cities," Sheriff Hill pointed out, using Amarillo and Vernon as the closest examples.

"When you get around to planning for more equipment, you immediately run into lack of funds," he stated. "This has been the case in our county."

Pointing out that the 800 miles of roads in Hall County are patrolled by five men, Sheriff Hill, stressed the need for a two-way radio system.

He stressed the fact that the law enforcement officers have no way of keeping in touch with his office while on patrol. He also brought out the fact that they also could not receive information from the State Highway Patrol.

"This county has about 700 miles of county roads and 100 miles of state roads. Neither I or my deputies can get instant knowledge of our need to be somewhere in a hurry when we are out on patrol."

"A two-way radio system would make it possible to keep in constant touch with each other as well as messages from residents of Hall County and law enforcement agencies from other parts of the state," Sheriff Hill said.

Cost Not Great "The cost of a two-way hook-up would more than liquidate itself if we were able to nip crime in the bud. Insurance rates on burglarly go down when the crime prevention equipment makes for greater efficiency.

"Besides crime prevention there are numerous cases such as accidents of all kinds when a two-way radio system can bring help with greater speed.

Start Statewide Campaign Enlist Support National Cotton Council

Bryan—(Special)—An immediate statewide campaign to enlist all Texas cotton interests in active support of the National Cotton Council's industry-wide research and promotion was announced this week by George G. Chance, widely known cotton producer and chairman of the Council's Texas unit.

The need for intensified cotton research and sales effort during the year will be greater than at any time since the war, Mr. Chance said. He pointed out that the past year has seen the end of war-created consumer goods shortages.

"Cotton, like every other fiber, is operating in a freely competitive market," the Council chairman said. "We will find markets for our products only to the extent that we offer the public a more desirable product than our competitors, and then only if we tell the consumer the facts that make cotton goods more desirable."

Mr. Chance likewise pointed to the large cotton crop of 1948 and to prospects of an even larger crop in 1949 as being factors necessitating a broadening of the cotton industry's program.

"Unless the cotton industry uses the tools of research and promotion to the fullest extent it is likely that we shall again be confronted with the problem of a substantial carryover," he said. "This can result only in the reimposition of marketing quotas and acreage allotments."

"In Texas where so large a part of our agricultural income comes from cotton, support of the National Cotton Council is especially important," Mr. Chance declared. In 1947, cotton accounted for 29 per cent of the state's farm income or \$653,515,000. Cotton in-

come was even greater in 1948. Last year the Cotton Council was actively supported by 45-8 per cent of Texas' cotton gins; 68.3 per cent of the active cottonseed oil mills; 73.8 per cent of the state's cotton warehouses; 35.9 per cent of the cotton merchants; and 18.6 per cent of the cotton spindles.

Mr. Chance said that the Council's 1949 finance sign-up campaign in Texas would begin immediately. He said that the campaign would have the support of all cotton interest organizations in the state.

Impressive Scout Charter Award Program At Lions' Club, May 18

The fifth annual Scout charter award program will be held Wednesday, May 18, at the Lion Club luncheon, according to an announcement this week by Scoutmaster Ted Myers.

The Lions Club is sponsor of Memphis Troop 35. The charter carries a five-year service star, showing that the Lions Club has completed a five-year period as sponsor of Boy Scout Troop 35.

Practically the same committee that started with Scout troop 35 at the time the troop was reorganized is still serving the troop. The list is still serving the committee are: N. members of the committee are: N. W. Durham, Ace Galley, Ben Wil-

son Jr., Pete Smith and Doc Saye. Nine of the scouts that were in the troop five years ago are still members of the troop. They are Sam Rasco, Don Rasco, Leroy Green, Billy West, Donald Corley, Anderson Gardenhire, Bobby

Baby Jerry Sheen Buried Saturday

Jerry Wayne Sheen, 9 months old son of Mr. and Mrs. W. D. Sheen, passed away in a local hospital early Friday morning, May 6, after a short illness.

Jerry Wayne's remains were taken overland to St. Jo, Texas, where funeral services were held at Dye Mound near St. Jo, Saturday, May 7 at 2:00 P. M. from the Church of Christ with minister John Raymond officiating. Arrangements under the direction of the Murphy-Spicer Funeral Directors.

Survivors are his parents, Mr. and Mrs. W. D. Sheen, Memphis; four brothers, Clifton Sheen, Lamesa, Donald, Bob and Bert, Memphis; six sisters, Mrs. Cecil Harvell, St. Jo.; Mrs. Gay Smith, Wichita Falls; Mrs. B. P. Gardenhire, Misses Elizabeth, Cora Sue and Nell Sheen, Memphis. Grandparents, Mr. and Mrs. F. A. Dunn, St. Jo.; and D. V. Sheen, Nocona.

Dr. G. V. Brindley, Temple, was installed as president. President Dr. W. M. Gambrell, Dallas physician, was voted President-elect.

Both Memphis physicians agreed that it was one of the best meetings they had ever attended. Specialists in their respective fields from all over the United States spoke at the convention.

Dr. G. V. Brindley, Temple, was installed as president. President Dr. W. M. Gambrell, Dallas physician, was voted President-elect.

Miss Eleanor Moore Honored For High Achievement, SMU

Eleanor Lynn Moore, daughter of Mr. and Mrs. S. H. Moore, 105 N. 9th, Memphis, was honored for high scholastic achievement during a Southern Methodist University Honors Day Program held May 4.

Students making an average of "B" or better in all college work attempted were recognized during the school-wide convocation. Miss Moore, a sophomore student, has maintained a B average at SMU.

Dr. E. C. Colwell, president of the University of Chicago, was the principal speaker at the Honors Day program. President Umphey Lee of SMU presented the honored students.

Miss Moore is majoring in Mathematics.

Mr. and Mrs. Herschel Combs had as guests Sunday Mr. and Mrs. J. E. Norman and daughter Lynda of Artesia, N. M., and Mrs. L. A. Dickey and Mrs. Paul Brewer and daughter Glenda Lou, all of Wellington.

Lee Blanks, Terry and Tim Kirk and Loren Denton and son Royce, all of Lakeview, fished at Lake Kemp from Thursday through Saturday.

Miss Price Is Engaged To Wed C. N. Courter

Mr. and Mrs. L. H. Price of Estelline announce the engagement and approaching marriage of their daughter, Billie Jean, to Clay N. Courter, son of Mr. and Mrs. G. R. Courter of Lahoma, Okla.

The wedding will be an event of May 29 at 4:00 p. m. in the First Methodist Church in Estelline.

The bride-elect was graduated from Estelline high school and Texas Technological College, Lubbock, where she was affiliated with La Vivarachas sorority. She is now teaching home economics in the Levelland High school, previous to this she was a home economist for the Lone Star Gas Company in Fort Worth.

Mr. Courter was graduated from Enid high school and Oklahoma University where he was affiliated with Alpha Tau Omega fraternity. He is now employed as an engineer for Dowell Inc., in Levelland.

Mr. and Mrs. Carl Denny and children, Linda and Carroll, of Childress visited here Mother's Day with his mother, Mrs. B. F. Denny. Accompanying Mr. and Mrs. Denny to Memphis were Mrs. Denny's mother, Mrs. Tittle and Lloyd Power, also of Childress.

Mrs. Hulda Wilson and Mrs. Linnie Cauthen visited in Clarendon with relatives over the week end.

Miss Chaudion and Jack Kinard to Be Married in Early Summer Rites

Mr. and Mrs. John Chaudion of Estelline announce the approaching marriage of their daughter, Louise, to Jack Kinard of Newlin. The wedding will be performed in the home of the bride-elect's parents early in the summer.

Miss Chaudion is one of the most popular members of the spring graduating class of the Estelline High School. She was selected as High School Queen this year, had the leading role in the senior play, and will be one of the honor speakers at commencement exercises. She also served as class secretary and editor of the school annual.

Mr. Kinard is the son of Mr. and Mrs. A. A. Kinard of Newlin. He attended Estelline High School and is at the present time engaged

in farming and dairying with his father.

Salisbury Club Meets in Home of Mrs. Ernest Lee

Members of the Salisbury Sewing Club met in the home of Mrs. Ernest Lee Tuesday, May 3.

Members devoted the afternoon to quilting a quilt. Lovely refreshments were served to the following members: Mesdames L. I. Davis, Cecil Lockhart, E. W. Solomon, Neal Sweatt, M. C. Messick, J. R. Mitchell, L. L. Jester, Larry McQueen, C. F. Stout, J. R. Hanna, T. K. Wilton, M. P. Moore, George Barr, Ira McQueen, Ida Hutcherson and Felix Jarrell.

The next meeting is slated for June 7 in the home of Mrs. Henry Lee Solomon.

Texas Tech Shows Student Increase

More students are registered for the long session for 1948-49 than the last scholastic year at Texas Technological college, the Registrar of the school announced.

He brought out the fact that the gain over the last school year totaled 61 students. Respective enrollment figures are: 1947-48, 6,689; to 1948-49, 6,750.

Of the total enrollment, 5,135 students are men and 1,615, women in the current session. Arts and sciences leads with 2,527 students, followed by engineering with 1,946. Business administration has 937 followed by agriculture with 913.

Mr. and Mrs. L. O. Dennis and W. C. visited in Clarendon Mother's Day with their daughter, Mrs. Dick Vallance and family.

Women now find 2-way help for old problem

What to do for woman's oldest problem, functional monthly pain? Many a girl and woman has found the answer in Casor's 2-way help. You see, Casor may make things lots easier for you in either of two ways: (1) started 3 days before "your time" and taken as directed on the label, it should help relieve functional periodic pain; (2) taken throughout the month like a tonic, it should improve your appetite, aid digestion, and thus help build up resistance for the trying days to come. Casor is scientifically prepared and scientifically tested. If you suffer "at those certain times", get Casor today.

PIANOS

Harry A. Miller, Buried Sunday Near Lakeview

Funeral services were held Sunday afternoon, May 8, at 2:00 P. M. for Harry A. Miller, 51 years old, from the Murphy-Spicer Chapel with the American Legion Simmons-Noel Post and the V. F. W. Durrett-Brown post in charge of the services. Burial was in the Lakeview cemetery under the direction of the Murphy-Spicer Funeral Directors.

Mr. Miller passed away in the Veterans hospital in Amarillo, Friday, May 6 after a short illness, he had been in the hospital one week. Mr. Miller had made his home with an Uncle, M. E. Drake, near Lakeview.

MANY FORMER RESIDENTS ATTEND LAKEVIEW CEMETERY WORKING

Many former residents of Lakeview were in Hall County last week to attend the semi-annual cemetery working held Thursday, May 5, by the Union Hill Cemetery association at Lakeview.

Among the out-of-town people attending were Mr. and Mrs. Crockett Ward of Edmond, Okla., Mr. and Mrs. Buster Crawford and Mrs. J. C. Wright of Amarillo, Ray Boone of New York City, Mr. and Mrs. J. W. Wells and Mr. and Mrs. Luther Neeley and family of Anton, Mr. and Mrs. Guy Smith of Plainview, Mrs. Ann Hinton of Drumwright, Okla., Mrs. Ozille Elledge of Mannford, Okla., and Mrs. Will Noel of Hedley.

MANY STUDENTS HAVE DEFINITE SCHOOL PICKED

Choice Of College Varies With Careers Planned By Memphis Grads

Twenty-four Memphis High School graduates have made definite plans for their future education.

Many of the students who have not yet made their college or school choice will continue their training. W. C. Davis, superintendent of Memphis High School, stated.

Plans for the life-work of the graduating students show a varied list of professions, businesses, and skills have attracted the students who have already chosen their field of special interest.

Schools listed indicate to a great extent the life career planned by the students. Most of the students going to college will find Memphis High classmates in their schools.

Choice of 24 Students

Twenty-nine of the 53 members of the graduating class have not yet decided what their plans for the fall are. Mr. Davis stated. Those who picked their school are: Leota Sturdevant, Northwest Texas Hospital, Amarillo; Windell Orand, Draughn's Business College, Amarillo; Bobbie Davis, Nursing, Wichita Falls; Lorene Lewis, Durham's Business College, Fort Worth; Adrian Combs, Texas Tech., Lubbock; Lennie Burton, Durham's Business College; Carmen Phillips, Durham's Business College; Anita Johnson, Hardin-Simmons University; Norma Mitchell, T. W. C., Fort Worth.

Martha Aduddel, Phillips Christian University, Enid Okla.; Jeanne Way, North Texas State; Lois Wines, Howard Payne College, Brownwood; T. C. Blackman, West Texas State, Canyon; Cleve Tiner, North Texas State; Don Corley, Texas Tech.; Harvey Jarrell, West Texas State, Canyon; Bill Byrd, West Texas State; Marion Posey, West Texas State; Jack Knight, West Texas State; Barbara Brewer, Draughn Business College, Creed Lamb Dallas Institute of Mortuary Science; Carl Jack Smith, Texas Tech.; Sammy Rasco, Hardin-Simmons University; Leroy Greene West Texas State.

Memphis Relatives Of Thomas Connolly Attend His Funeral

Mrs. T. E. Franks of Memphis, a sister-in-law of Thomas Frederick Connolly, 75, former Clarendon mayor, who died in Amarillo, attended his funeral Friday in Clarendon. She was accompanied by her daughter Mrs. Tom Wilson of Quail.

A resident of Clarendon for the last 41 years, Mr. Connolly served as mayor from 1933 to 1945. A native of McGregor, he was a member of the Lions Club, Methodist Church in Clarendon and a 32nd degree Mason.

While in business he was the founder of the Panhandle Grain Dealers association. He served as president of that association and also was president of the Texas Grain Dealers association. Although retired from active business he owned a wholesale grain farm near Sunny.

Burial, under the direction of the Murphy-Spicer funeral home, Clarendon, was in Citizens cemetery.

Pallbearers were Charlie Murphy, Bill Patman, Allen Bryan, Walter Taylor, Joe McMurty, Claude Moore, Chester Williams and Frank White Jr.

Honorary pallbearers were W. H. Patrick, J. T. Patman, Jim McMurty, J. H. Hearn, Frank K. Bourland, Jerome Stocking, Wesley Knopp, Henry Williams, Frank White Sr., Will Chamberlain, O. C. Watson, Ralph Porter, Joe Goldston, George Bagby and C. B. Morris.

Mr. Connolly's survivors include his wife, Mrs. Margaret Duke Connolly, two sons, Tom C., Amarillo, and Fred C., of Clarendon; a daughter, Mrs. Horace Westmoorland, Amarillo; three granddaughters, Mrs. Alfred McMurty,

Clarendon; Mrs. R. A. Young, June, A. D. 1949, at or before 10 o'clock A. M., before the Honorable District Court of Hall County, at the Court House in Memphis, Texas.

Said plaintiff's petition was filed on the 28 day of April, 1949. The file number of said suit being No. 3233. The names of the parties in said suit are: Bray Cook as Plaintiff, and B. F. Grice, J. C. Noel and J. A. Foster, and the unknown heirs, their heirs and legal representatives of B. F. Grice, J. G. Noel and J. A. Foster, deceased, and all persons claiming any title to or interest in the hereinafter described real property as Defendants.

Mrs. Fred Crisman Entertains Members Of Vota Vita Class

Mrs. Fred Crisman was hostess to members of the Vota Vita Class of the First Baptist Church on Thursday evening, May 5.

The devotional was given by Mrs. Pete Smith. Mrs. Doyle Fowler, president, conducted the business discussion, during which plans were complete to entertain children of class members with a party. During the social pictures will be made of the children and later they will be placed in the class year book. Names were drawn for secret pals and a discussion was held on duties of new officers.

Members attending were Mesdames Ben Moss, J. L. Marcum, Doyle Fowler, W. R. Parker, Travis Cypert, W. M. Kilpatrick, Lloyd Vandeventer, Fred Crisman, and Ruth Fowler.

Homemakers Class Meets in Home of Mrs. Bryon Baldwin

The Homemakers Sunday School Class of the First Baptist Church met in the home of Mrs. Bryon Baldwin Monday evening.

Mrs. Gene Corley, president, presided and the opening prayer was offered by Mrs. Baldwin. Mrs. Pauline Gillispie gave an inspirational devotional on "Home."

During the social hour, Mrs. Marjorie Pruitt and Mrs. Lavanda Creach told the class about the Easter Pageant which they attend this year at Lawton, Okla.

Members attending were Mesdames Pauline Gillispie, Herschel Stewart, Gene Corley, Bill Miller, Lavanda Creach, Jude Gable, Ed Hill, E. L. Kilgore, Whitey Middleton, Adrian Odom, Noel Calloway, Lucille Bloxom, Ross Gentry, Frank Goffinett, Less Pruitt, and Mrs. Baldwin.

'Mother' Is Program Theme at Sodolitan Class Meeting

The Sodolitan Class of the First Baptist Church met in the home of Mrs. A. J. Fowler Thursday evening with Mesdames J. M. Saunders, Oattie Jones, W. B. Morrison and Louis Richardson as co-hostesses.

The living room and dining room was artistically decorated in lovely garden flowers.

Mrs. Henry Hays brought the devotional after which a business session was conducted by Mrs. Hays, who is president. Interesting reports were given by the officers and group captains.

"A Remembrance of Mother" was the program theme. Mrs. Baskerville introduced the program with a short talk on a "Mother's Prayer." Mrs. Leonard Wilson read two poems, "A Mother's Babe," and "A Mother's Love." Following the reading of the first poem, Mrs. Rascoe played "Brahm Lullaby" and at the conclusion of the second poem Mrs. Toney sang "A Mother's Love." Mrs. H. J. Howell gave an interesting story of Mother and the class sang "Blest Be the Tie That Binds." Mrs. J. W. Fitzjarrald offered the closing prayer.

A dainty refreshment plate was served to Mesdames Frank Smith, Jean Lamb, H. Byrd, Bob Scott, L. G. Rascoe, Henry Scott, Henry

Girl Scouts Enjoy Party Saturday

Girl Scouts of Troop No. 1 met at the VFW Hall Saturday night for a party.

Each girl brought a basket lunch and a delicious picnic meal was served with cold drinks.

Following the meal, the scouts enjoyed a variety of games under the direction of the troop leaders, Mrs. Erle Matthis, Mrs. Jerrie Puts, Mrs. Peggy Fowler and other troop member's mothers.

Attending the party were approximately 55 members and guests.

Mrs. Ward's Pupils To Give Recital

Mrs. Conley Ward will present her pupils in a varied recital Thursday evening, May 19, at the First Presbyterian Church. The program is scheduled to begin at 8:00 o'clock.

The public is cordially invited to attend.

District Chairman Of UDC Visits With Local Chapter

Mrs. J. H. Hankins of Lubbock, chairman of the ninth district of the Texas Division of the United Daughters of the Confederacy, was a guest Tuesday afternoon at the Winnie Davis Chapter meeting held in the home of Mrs. J. A. Odom, 804 Mendon. Mrs. Dan Blair, president of the Stephen Q. Wilkinson chapter of Lubbock, accompanied Mrs. Hankins to Memphis.

"Southern Women" was the program topic for the afternoon and preceding the program the U. D. C. ritual and the pledge to the flag were given in unison.

Mrs. Claud Johnson told of Mildred Lewis Rutherford's Memorial cup, and Mrs. J. Foster gave a poem, "In Sunset's Glow," by Inez Baker. "God Is Her Pilot," a story of the life of Helen Keller, was given by Mrs. C. W. Broome. After the program, Mrs. Hankins brought a very interesting message to the chapter.

Mrs. Glynn Thompson, president, presided during the business session at which time new officers were named for the ensuing year. The entire official staff was re-elected for another year and were as follows:

Mrs. Glynn Thompson, president; Mrs. John I. Foster, first vice president; Mrs. Claud Johnson, second vice president; Mrs. J. A. Odom, recording secretary; Mrs. R. E. Clark, corresponding secretary; Mrs. M. McNeely, treasurer; Mrs. T. J. Hampton, historian; Mrs. L. G. DeBerry, parliamentarian; Mrs. C. W. Broome, reporter, and Mrs. J. H. Norman, registrar.

Members present were Mrs. Emma Baskerville, Mrs. C. W. Broome, Mrs. R. E. Clark, Mrs. L. G. DeBerry, Mrs. John I. Foster, Mrs. O. R. Goodall, Mrs. T. J. Hampton, Mrs. Claud Johnson, Mrs. J. H. Norman, Mrs. J. A. Odom, Mrs. Glynn Thompson and Mrs. Frank Wright.

Federal Internal Revenue Shows Substantial Gain

Federal internal revenue collections in Texas for March, amounting to \$210,259,756, jumped 14 per cent over a year earlier, the University of Texas Bureau of Business Research reported.

Income taxes, totaling \$192,385,224 in March, showed a 22-per-cent gain over a year ago. During the same period, withholding taxes fell 24 per cent and employment taxes slipped 4 per cent.

Second District (North Texas) presented a 26-per-cent advance in March over March 1948, with income tax collections rising 30 per cent over the yearly period.

First District (South Texas), though recording a smaller gain percentage-wise, 6 per cent, registered larger money collections. Employment collections, amounting to \$141,910, climbed 38 per cent in March over a year earlier.

Can Black-Draught Help An Upset Stomach?

Yes, Black-Draught may help an upset stomach if the only reason you have an upset stomach is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller with four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, mental haziness, bad breath—and if these symptoms are due only to constipation—then see what Black-Draught may do for you. Get a package today.

IF IT'S Power YOU WANT

Make it a Massey-Harris

Tough spots disappear when you put a Massey-Harris tractor to work on your place. There's more power in Massey-Harris... more downright lugging ability at the drawbar... more capacity on belt work... more reserve, stamina, dependability. It's the result of high compression in the engine, straightline design in the transmission. High compression takes the lousiness out of an engine... makes it peppy, more alive, more responsive. A straight line transmission delivers that power smoothly, efficiently... you get full power on every belt and field operation.

There's a Massey-Harris tractor for your farm... 6 great models... 5 power sizes... each the power and economy leader in its class.

Model "22"—4.5-plow power, 252 cubic inch, 4 cylinder engine, 4 speeds forward

Model "33"—6-plow power, 322 cubic inch, 4 cylinder engine, 4 speeds forward

Model "44"—3-plow power, 240 cubic inch, 4 cylinder engine, 5 speeds forward

Model "44-6"—3-plow power, 228 cubic inch, 4 cylinder engine, 5 speeds forward

and the new 2-PLOW MODEL "22"

Here's that extra power you need to make those stubborn 2-plow jobs say "uncle." It's the new Massey-Harris Model "22"... with a bigger, buskier, 4 cylinder engine, smooth, quick-acting brakes, new grille styling... more power, more economy, more top notch field performance. Plus... a new hydraulic control—Depth-a-matic System that holds implements to their work regardless of field conditions. Come in and get the facts.

Six Scouts Go On Week-End Camping

Six scouts of Troop 35 left Memphis Friday evening for the Santa Rosa roundup at Vernon.

The scouts saw the roundup and then went on to Lake Kemp, and Saturday they went to Wichita Falls and visited Hotel Kemp, Radio Station KWFT, and other points of interest in that city.

They arrived back in Memphis late Saturday evening. It rained during the entire trip. Those on the trip were Jimmie Davis, Max McCoy, Ronnie Mac Smith, James Freeman, Jr., Sub-scout John Deaver, Dennis Davis, and Scoutmaster, Ted Myers.

CARD OF THANKS

We take this means of thanking each and everyone who helped in any way to lighten our burden during the illness and death of our darling baby. May God bless each of you in our prayer.—Mr. and Mrs. W. D. Sheen and family.

Hays, L. O. McCoy, Allie Caviness, Leonard Wilson, Theodore Swift, Emma Baskerville, N. M. Lindsey, J. W. Fitzjarrald, and three guests, Mrs. H. J. Howell, O. T. Toney and Rice.

Recreation Committee Gives Schedule of Softball

will be played this summer according to the Chamber of Commerce of this city. The recreation program is incomplete at this time but it is planned to include tennis and other sports as well as soft ball, according to Mr. Davis.

Any firm or individual who desires to sponsor a softball team this summer is requested to register the team at the Chamber of Commerce office not later than May 20th in order that a schedule may be worked out. Two teams of girls have been registered, one by the Wise Studio and the other by T. D. Weatherby.

More than 100 boys participated in the softball games at the city park last summer and it is expected that this program will prove popular this year. Trees were removed in the park last year and lights installed by the chamber of commerce to provide a playing field for the youth

Better Butter Buys If It's U. S. Graded

"You'll get a better buy in butter if you'll look for a U. S. graded product," Myrtle Murray, extension home marketing specialist of Texas A. & M. College points out.

Today's packaged butter cannot be tasted for quality, as grandmother used to do before buying by the crock or in the bucket. The modern homemaker, has an even more reliable guide to quality and that is the U. S. grade.

"The letters U. S. in front of the grade on the carton or label mean that the butter has been graded by an authorized grader, under the continuous inspection of the U. S. Department of Agriculture," Miss Murray explains.

"These graders are highly trained experts with special training for the job and keen senses of taste and smell."

The highest grade under U. S. standards is U. S. Grade AA or 93 score butter, which is tops in quality and has a fine, highly pleasing flavor. Ranking next is U. S. Grade A or 92 score, which is good quality with a pleasing flavor. U. S. Grade B or 90 score is satisfactory table butter but lacks some of the finer characteristics of the two top grades.

"U. S. graders also carefully examine butter for body, color and salt before giving it an official grade," Miss Murray concludes. "If the homemaker buys either of the two top grades, she can be sure that the butter will be delicious, warm or cold, served as a sauce, melted on waffles, or spread on a slice of bread."

Mr. and Mrs. S. E. Mayfield had as guests over the week end Mrs. Mayfield's father, J. P. Meek of Childress, Mrs. Joe Harper and Miss Marjelle Farmer of Amarillo, Mr. and Mrs. Fred Farmer of Wheeler and Miss Geneva Waller of Memphis.

Week end visitors in the home of Mrs. Donna Lane were Mrs. M. E. Foster and E. W. Blane of Wellington and Mr. and Mrs. T. D. Brooks of Childress. Mrs. Foster is a sister of Mrs. Lane and Mr. Brooks is a brother.

S. E. Mayfield and E. M. Murphy were Amarillo visitors Tuesday of last week.

Prize Money For Texas State Fair Listed At \$65,235

A record amount of prize money will be awarded to farmers and ranchers at the Texas State Fair this year, the 1949 State Fair premium list indicates.

An official of the State Fair advised that first copies of the prize list and entries are already in the mails inviting all pure-bred livestock breeders to exhibit their herds and flocks at the 1949 exposition.

Premium information was published a month earlier this year to give farmers and ranchers more time to plan and prepare the exhibits which they will show to an estimated 2,000,000 visitors when the fair opens Oct. 8, for 16 days.

Total premium will be \$65,235. Premiums for the various divisions are: Beef cattle (Aberdeen—Angus, Brahman, Hereford, Short-horn), \$25,200; dairy cattle (Guernsey, Holstein—Friesian, Jersey and Milking Shorthorn), \$12,900; swine, \$8,250; sheep, \$3,213; Angora goats, \$732; Palomino and Quarter Horses, \$4,750; special herdsmen awards, \$350; and Junior Livestock Show, \$9,840.

Greatest In Its History

Opening day will see the greatest display of livestock ever shown at the Texas exposition, with the main feature the National Aberdeen—Angus Show, State Fair officials said.

Dates for the Junior Livestock Show have been extended from four days to one week as a result of growing interest in this phase of the Fair. Last year 400 exhibitors from 154 counties brought 1051 animals to the Junior Show.

For the first time in many years 4-H Club girls with livestock projects will be permitted to exhibit in all divisions of the Junior Livestock Show.

The State Fair has expanded its facilities for the swine show, adding 126 new pens. Fair officials expect to break all records in this division again this year.

New pens are being provided for sheep and Angora goats; and 166 of the most modern stalls have been added for the Palomino and Quarter Horse shows.

Field Poultry Short Courses Scheduled

Two field poultry short courses will be held in this area during May, according to an announcement from the Texas A. & M. College Extension Service.

The first will be held in Lubbock, May 24 and 25, with County Agricultural Agent D. W. Sherrill as general chairman. The second will be in Abilene May 26 and 27, with Taylor County Agricultural Agent H. C. Stanley, Jr., as general chairman.

The first day's program of each course has been designed for anyone interested in learning the latest practical information dealing with poultry production in Texas. W. J. Moore, associate extension poultry husbandman of Texas A. & M. College, says, while the second day will be for flock selectors and pullorum testers.

Experts who will appear on the programs include T. A. Hensarling, executive secretary, Texas Poultry Improvement Association; Bernie B. Bailey, and James R. Grubbs, poultry supervisors, National Poultry Improvement Plan; F. Z. Beamblossom, extension poultry marketing specialist; Dr. W. C. Banks, extension veterinarian; W. L. Braddy, assistant poultry marketing specialist; J. C. Williams, assistant poultry husbandman, and Mr. Moore.

Texas A. & M. College sponsored, in 1948, the first poultry short course ever held off a college campus. It was held in Tyler and was such a success that similar short courses will be held wherever and whenever the need arises, Mr. Moore says.

Use Red Liberally As An Eye-Catcher

A can of red paint can be put to good use around the house, regardless of the color scheme, points out Mrs. Bernice Claytor, extension home management specialist of Texas A. & M. College.

In the first place, she says, it's an eye-catching color.

In the second place, red means danger and serves as a warning. As an eye-catcher, try painting the outdoor faucets and the handles of small garden tools red. The

color shows up clearly against ground, grass or foliage.

For a warning, use the red paint to band the containers of such poisonous materials as lye preparations for cleaning drains or for insecticides.

The high shelf in the bathroom cabin where medicines are kept out of sight and reach of curious children may be painted red as a flag to other members of the family. Anything on that shelf should be carefully handled.

The pail of sand and the fire extinguisher which many wise families keep on hand for fire

control will be easier to locate if painted red. An emergency or first-aid kit in bright red can be easily found.

"In fact, a can of red paint may save lives as well as time and trouble," Mrs. Claytor concludes.

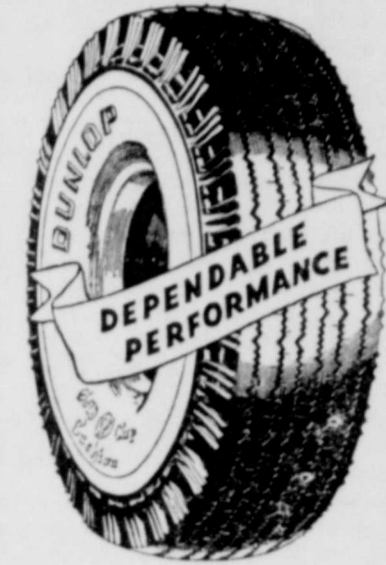

Mr. and Mrs. John C. Cochran of Ft. Worth; Mr. and Mrs. Lester Cochran of Wellington; Mrs. Betty Pate, and Mr. and Mrs. Billy Wheeler of Lakeview, and Mrs. C. B. Robertson of Webster, spent Mother's Day with Mrs. T. J. Cochran in Memphis.

Editorial

More Jerseys Coming To Hall County

Another car load of the finest blooded registered Jerseys to be found anywhere will arrive within a few days in Hall County from the Dominion of Canada.

This is another instalment of the intensive campaign to make Hall County a real dairy county.

County Agent W. B. Hooser and Manager Clifford Farmer of the Chamber of Commerce and Hall County Board of Development are two individuals devoting much time to this most worthy enterprise.

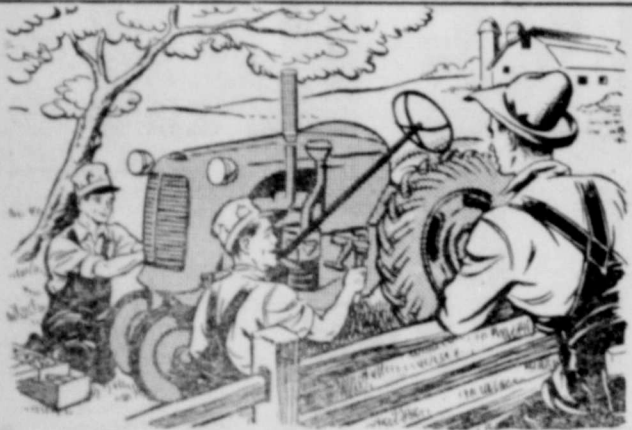

Mr. Farmer is not only an outstanding civic developer, but he is a dairyman himself. He owns a fine registered Jersey herd in Missouri which his son operates, and on which he has spent many years of his life and much of his capital. It is one of the most successful dairies in the state.

County Agent W. B. Hooser has made the study and promotion of the dairy and fine stock breeding industry one of his major projects ever since he has been the county farm agent in Hall county. Indeed, he and Mr. Farmer are a perfect team for this type of development.

The bringing in from Canada of this fine strain of registered Jersey cattle is of statewide significance, since it sets an example of the most effective kind of dairy development possible, and has attracted wide attention throughout the Southwest toward Hall County.

The plan used is definitely not of the usual promotional variety. Mr. Hooser and Mr. Farmer, together with the farmers and business men cooperating with them, go directly into the Jersey country in Canada and buy the cattle, outright, and personally select every animal that is purchased.

As further proof of the quality of the strain, it is noted that out of fifteen entries in the Plainview Dairy Show recently, fifteen drew prizes, a record probably never equaled before in any dairy show. Hall County is indeed fortunate in having such a team behind its dairy development.

"WHITE MAN'S BURDEN"

Press Paragraphs—

QUOTING OUR NEIGHBORS

MEDDLING MORPHEUS—McAllen's reported attempt to start the Mexican idea of a daily siesta in their own town probably will gain its supporters. They would close business houses from noon until 2 p. m. daily, during which time the inhabitants would "relax."

It apparently isn't a difficult habit to get into, but we wonder whether it is sensible. As it is now, people living to the age of 90 are in bed at least 30 years. That in itself is a big waste of time which, if it could be eliminated, would allow much more progress and accomplishment than we can get out of mankind now.

Arguments can and will be presented in favor of the sleeping—both for the eight-hour stint and the two-hour siesta. But we rather tend toward the boys who weren't "caught nappin'."—Childress Index.

THE "PEOPLE OF TEXAS WILL VOTE ON PROPOSED PAY HIKE—It appears certain that the people of Texas will have another vote on the proposed increase of legislative salaries. The people doubled the salaries of members of the legislature in 1931, but that was an increase to only \$10 per day.

That members are now asking a flat salary of \$3,600 per year for full time services with annual sessions. Judging from the manner in which members have failed to stay on their jobs; staging walk-outs; and filibusters, the voters may decide that legislators are now being paid about as much as they are worth.

With this idea in view, the voters rejected an increase in pay two years ago. What the voters will do in 1949 is their business, not ours.

If the voters decide to increase legislative salaries, they should at the same time determine to elect only members who are qualified and experienced, rather than turn this tremendous job of law making over to a bunch of school boys.

Sorry now that you didn't pay

your poll tax this year, aren't you?—The Canyon News.

COMMERCIAL STOCK FEEDS

—Corn and substitutes for corn, such as oats and milo, which form the base for most of the commercial feeds furnished broiler and other poultry raisers, and dairymen, have gone down in price at least half, but the claim is made that the commercial feed prices do not reflect these economies. As a result some areas specializing in battery-fed fowls for the market claim they are being forced out of the market. The dairymen also look askance at the prices they are being charged just after they read about the tremendous stockpile of rich feeds and the low prices of the same. The story goes in the trade that the feed is "in strong hands," and there isn't much that can be done. The name of a Houston concern bobs up on The Hesperian's grapevine as one that cannot afford to let prices assume their normal level, and is in position to do something about it.—Floyd County Hesperian.

Wherever these erroneous ideas are fostered, be it in Hollywood or elsewhere, they should be challenged constantly by those who realize that America's material prosperity is second to its moral and spiritual welfare.—Livestock Reporter.

Mrs. Hulda Wilson and Mrs. Linnie Cauthen were Vernon visitors last week. While there they attended the Santa Rosa Rodeo.

Divorce Evil—A report reveals that 416,000 American couples were divorced last year. Although this number is one-third less than the all-time high of 626,000 in 1946, which was an aftermath of the hysteria of wartime marriages, it is still the fifth largest on record. Despite the smaller number of divorces last year, the rate tends to rise steadily through the years.

The high divorce rate reflects a weakness of American social life. There is something fundamentally wrong with the national character, as it has developed generation by generation. It has to do with ideals, or the lack of them. No society is perfect but in America, in this regard we continue to become more imperfect without doing anything about it.

There are many by-products of the divorce evil, the worst of which are the children of broken homes. Occasionally these young spirits fall into a set of fortunate new circumstances, but it is the

general rule that they suffer early disillusionment that may mark them for life.

This isn't something that can be solved by a government plan. It isn't possible to slap a tax on the payroll, organize a marriage security program or pay a subsidy to conserve the conjugal ties. Somewhere, buried in the subconsciousness of the American people, are erroneous ideas that are developing to the peril of the Republic.

Wherever these erroneous ideas are fostered, be it in Hollywood or elsewhere, they should be challenged constantly by those who realize that America's material prosperity is second to its moral and spiritual welfare.—Livestock Reporter.

This Week in WASHINGTON

WITH DEBATE on repeal of the Taft-Hartley act and the enactment of a new labor law taking the spotlight in the congress a powerful fight of dramatic intensity was taking place behind the scenes in Washington over the question of public versus private power.

Indications now are that final action on the labor legislation will take place, probably, a conference committee, some time in June and no one here pretends to know just what the final outcome will be.

Quite the reverse of the set-up in the 80th congress when the private power lobby had pretty much its own way, representatives of the power industry now admit that the advocates of public power are in the saddle and that the private power interests are backed against the wall.

Meanwhile, Clyde Ellis, executive manager of the National Rural Electric Cooperative association, who is a spokesman for public power, declares: "The private companies are monopolies and the philosophy of all monopolies is secrecy; that is, you can never go wrong by not expanding." Mr. Ellis was referring to the admitted shortage of electric power in the country which public power advocates aver is cutting down production and causing unemployment, and which the private power lobby says they can lick by 1950 or 1951 if the government will let them alone.

Furell L. Smith, head of the power lobby, has publicly said he is forming or attempting to form an alliance with the coal, oil and steel industry and with the big insurance companies. Why the latter are interested in the power fight is difficult to determine, according to observers.

Smith's strategy is to arouse the states east of the Mississippi and north of the Mason-Dixon line to fight public power on the theory they are helping to pay in taxes for the development of public power in the western and southern states.

Roughly, it is the strategy of the National Association of Manufacturers in fighting government grants to these states—divide and conquer—and Smith's campaign generally is in the same 14 states listed by NAM as paying out more in taxes for "subsidies" than they receive in grants from the federal government. And, co-incidentally, these 14 states are known as the "private power

states east of the Mississippi and north of the Mason-Dixon line to fight public power on the theory they are helping to pay in taxes for the development of public power in the western and southern states.

Florence Phillips of Dallas visited here over the week end with friends.

Winners In Junior Historian Writing Contest Announced

Winners of the 1949 Junior Historian Writing Contest were announced Saturday morning by Dr. H. Bailey Carroll, Director of the Texas State Historical Association and the Texas Junior Historian Movement, which sponsored the state-wide contest. The announcement was made at the annual meeting of the Junior Historians in Austin.

High school students who were awarded the prizes were: First Place, \$100 prize, "Lucy Holcombe Pickens, Queen of the Confederacy," by Ruth Carolyn Byrd, Henderson High School, Henderson; Second Place, \$75, "Basel Hatfield—Commodore of the Trinity," by Carol Cotton, Arlington Heights High School, Fort Worth; Third Place, \$50, "The Pride of Ann Thomas," by Betty Shaw, Cuero High School, Cuero; Fourth Place, \$25, "Tintypes Go West," by Mary Ann Elliott, Arlington Heights High School, Fort Worth; Fifth Place, \$20, "Terry's Texas Rangers," by Adair Dyer, Dallas; Sixth Place, \$15, "His Wager—His Wife," by Dorothy Helen Cook, Cuero High School, Cuero.

Cotton Classing Will Be Taught

Annual cotton classing short course at Texas Technological college are scheduled for June 20, July 1, L. E. Parsons, head of the department announced.

He also stated that sessions will be held at 9 a. m. each day, and run continuously to 3 p. m., Monday through Friday. All lecture periods will be held at the college under the supervision of L. O. Buchanan, head of the cotton branch of the United States Department of Agriculture in Lubbock.

Designed to train anyone connected with the cotton industry, learning professional standards of cotton classing is an advantageous reason for attending Parsons explained.

Registration is through the textile engineering department at Texas Tech.

Prehistoric U. S. A. Told In New Book On New Mexico

A new biography by Frances Gillmor, Southwestern writer, will be released by the University of New Mexico Press, Albuquerque, on May 15. Titled "Flute of the Smoking Mirror," it is the story of Nezahualcoyotl, Aztec poet-king who lived from 1402 to 1472.

Miss Gillmor, author of two Southwestern novels: "Windsinger," and "Fruit out of Rock," and "Trader to the Navahoes," non-fiction, is on the English faculty at the University of Arizona. She was visiting lecturer at the University of New Mexico 1948 summer session, and was on the UNM English staff in 1933-34.

Material for this first full-length biography of a pre-historic American was collected on Miss Gillmor's research trips to Mexico during the last six years. Leaves of absence from her teaching position enabled her to spend six months annually in the modern Aztec regions near Mexico City and Texcoco.

Designed primarily for a popular audience, the detailed notes, the documentary basis, and the illustrative tracings from Aztec codices give the book reference value. Dr. Charles Dibble of the University of Utah has indicated his intention to use the book as a text in Mexican archaeology.

Nezahualcoyotl, a national hero of Mexico, has streets and parks named for him. Because he was not on the throne when the Spaniards conquered Mexico, he did not become as well known as Montezuma, a less influential Aztec ruler.

The book is illustrated by Ola Apenes of Mexico and Norway, and sells at \$4. Miss Gillmor has also appeared in "Mademoiselle" and "Tomorrow," and has written folklore publications on dance dramas of Mexican villages.

Mr. and Mrs. Foster Watkins and sons, Watty and Seth Pail, of Quannah visited here Mother's Day in the home of Mrs. Watkins parents, Mr. and Mrs. Seth Pailmeyer.

Intercollegiate Press To Meet At North Texas State

North Texas State College's journalism department will be host to the 1950 convention of the Texas Intercollegiate Press Association convention next April, Harold Nolte of Seguin, president announced.

Other NTSC officers of the association for the coming year are Gilbert Gorman of Houston, vice-president; Anita Porter of Dallas, corresponding secretary; Betty Dutton of Denison, recording secretary; and Reuben Noel of Amarillo, treasurer.

At this year's convention in El Paso, North Texas won a major portion of the awards, including first places for its newspaper, yearbook, literary magazine, short story, essay, and poetry. NTSC also took second in feature writing, thirds in photography and one-act play, and fourths in general column and advertising.

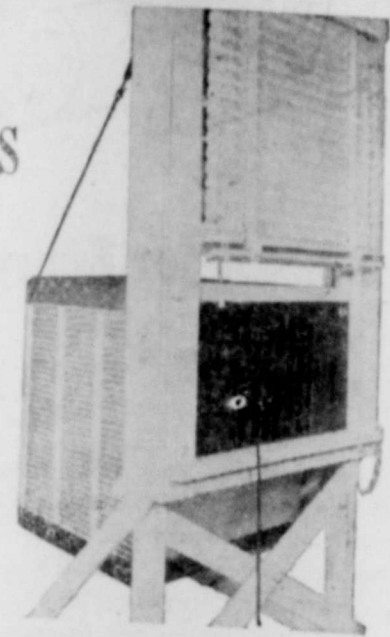

William Pallmeyer, former assistant county agent of Hall County, visited here with friends and in the home of Mr. and Mrs. Seth Pallmeyer over the week end. Mr. Pallmeyer is now assistant county agent of Wichita County.

Mr. and Mrs. T. W. Harrison and daughter Rosemary were in Sylvester to spend Mother's Day with Mrs. Harrison's parents, Mr. and Mrs. Ed Beck.

- POWER
- ECONOMY
- LONG LIFE
- EASY HANDLING
- LOW SERVICE COST
- HIGH RESALE VALUE

Power—Talk about power... ask for a demonstration on your own farm—see how the Ford Tractor handles a 12" or 14" two-bottom plow.

Economy—Plenty of performance on the hard jobs, yet the Ford Tractor doesn't pack around expensive excess built-in weight on light jobs.

Long Life—The Ford Tractor is built to high Ford precision standards... an important assurance of long life.

Easy Handling—You'll never know how easy to handle a tractor can be until you operate the Ford Tractor. We are anxious for you to demonstrate this feature to yourself.

Low Service Cost—Our parts prices are reasonable. What's more, the Ford Tractor is easy to maintain and repair. Specially trained mechanics save labor time.

High Resale Value—When you trade in a Ford Tractor you get a "premium" price. It's a popular tractor, built in the popular two-plow size.

HALL COUNTY FISHERMEN BRING HOME THAT BIG 33LB. CAT FISH

A large red truck pulled up at the rear entrance of the First National Bank shortly after closing time on Friday afternoon.

Gathering around the truck was a crowd of local business men, women, children and several dogs. They all looked at several large tubs in the back of the truck.

Slowly R. B. Spruill, O. E. Beaver and Loyd Robinson, all of Memphis, started to pull cat fish out of the truck. When the crowd was losing interest in the average size fish he pulled out a 33 pound one.

The fish, caught in Lake Bridgeport, numbered over a hundred. Besides the big one caught they consisted of many one and two pounders.

Turning to a newcomer to Memphis, who was brought up not far

from the Mississippi River, Mr. Spruill held up the fish and asked, "Did you ever see one this size." "That's the kind we use for bait to catch the big ones with," the stranger replied.

CARD OF THANKS

We wish to express our thanks and appreciation for the many kindnesses and considerations shown us during the illness and death of our loved one.

Pearl Buck's New Novel Deals With Family As Hero

The family is the hero of "KIN-FOLK" Pearl S. Buck's latest book just out, and on the shelves of the Memphis Carnegie Library.

In fact, she plays up the family in all of her powerful novels.

Of course everybody knows she writes about China and Chinese people, and when you read her novels, you know the people of whom she writes so truthfully.

So much is going on in China right now that all Americans are deeply interested in that largest of all nations. This book will be a great help in understanding what is going on in that so troubled country.

Another far-away land on Uncle Sam's door-step is Alaska, our little-understood territory in the Arctic regions. "ARTIC MOOD" is a book by Eva Alvey Richards which portrays the experience of the intrepid men and women from the States who are giving their lives as teachers in that frigid country, teaching the little children of Eskimos and Indians about their great land far to the South, and how to be citizens of it, everybody should read this book.

There seems no end of stories of the life of Christ lately, but "BOLD GALILEAN" by Leggette Blythe, isn't just another story in this category. It is a story of the Early Roman Empire, and the life of Christ as he lived among Romans, citizens, slaves, bandits and rulers in those troublous times. The author is a life-long newspaperman and for twenty years served on the staff of the Charlotte, S. C. Observer.

Locals and Personals

Lloyd Phillips returned home the later part of last week from Pryor, Okla., where he had visited for the past week with his wife and son Barry. Mrs. Phillips has been staying in Pryor for the past several weeks with her mother, Mrs. J. L. Ledbetter, who has been seriously ill. Mr. Phillips stated Mrs. Ledbetter is much improved and Mrs. Phillips plans to return home in two or three weeks.

Visiting here last week in the N. A. Hightower home were two of Mrs. Hightower's sisters, Mrs. Ann Hinton of Drumright, Okla., and Mrs. Osille Elledge of Mannford, Okla., and two brothers, Ray and J. H. Boone of New York City. While here they also visited another sister, Mrs. Nettie Adams of Lesley.

Mr. and Mrs. Robert Spicer attended the quarterly meeting of the Panhandle Funeral Directors meeting, held at the Herring Hotel in Amarillo, Thursday April 28. Robert Spicer was elected Secretary-Treasurer for the coming year. A large attendance was recorded.

Mr. and Mrs. Wayne Peabody and daughter of Borger are visiting this week with their parents, Mr. and Mrs. Jack Peabody.

Mrs. C. F. Boehring of St. Louis, Mo., arrived in Memphis for an indefinite visit with her parents, Mr. and Mrs. L. J. Yarbrough.

Mr. and Mrs. Brown McMurry and son, Stanley, of Borger, spent Mother's Day with her mother, Mrs. E. H. Stamford, and his mother, Mrs. T. M. McMurry, both in Memphis.

Mr. and Mrs. Ray Pruitt and daughter, Patsy Ray, of Lubbock spent the week end here with Mrs. Pruitt's mother, Mrs. Ben Smith.

Mr. and Mrs. Frank Anderson of Wellington were Memphis visitors Sunday.

Louis Conn, who is attending Draughon's Business College in Lubbock, visited here over the week end with his mother, Mrs. Bertie Sanderson.

Mr. and Mrs. J. D. Henson of Amarillo visited here over the week end in the J. E. Willeford home. They also visited in Turkey with Mrs. Henson's mother.

Among Memphians who were at Lake Pauline to fish Sunday were Mr. and Mrs. Harold Vandiver, Mr. and Mrs. C. J. Messer and children, and Jackie Blum.

Mr. and Mrs. Lester Bowman visited in Hedley Sunday in the Bud Curtis home.

Mr. and Mrs. John Holcomb and son Buck of Wheeler visited here Sunday with Mrs. Holcomb's parents, Mr. and Mrs. J. B. Burnett.

Mr. and Mrs. Cecil Galloway and daughter of Borger were week end guests in the home of Mrs. Galloway's parents, Mr. and Mrs. Exie Sweatt.

John Shadid of the Fair Store is in Dallas this week to attend shoe market.

Mr. and Mrs. James Davis were Amarillo visitors Sunday afternoon.

Piano Pupils to Give Recital At Lakeview May 13

Piano pupils of Mrs. H. W. Spear will present a program of solo and duet numbers on Friday evening, May 13, at 8:30 o'clock in the Lakeview School auditorium. A cordial invitation is extended the public to attend.

Appearing on the program will be Reba Jean Williams, Shirley Nabors, Jerry Patten, Sherry Denton, Sherman Clemons, Carolyn Ann Hall, Sharon Duren, June Payne, Reggie Patton, Louise Hodge, Pauline Whitehead, and Jo Ann Montgomery.

Dates Set, Annual 4-H Round-Up

The dates for the annual 4-H Club Round-Up on the campus of Texas A. & M. College have been set for June 14 and 15, Acting Extension Director J. D. Prewitt of Texas A. & M. College announced recently.

The Round-Up is the big event of the 4-H club year in Texas.

For the first time since 1940 the boys' livestock judging contests and the girls' dairy foods demonstrations will be held in conjunction with the Round-Up, Mr. Prewitt said. Contests will be held June 13.

County quotas have been set at two boys, two girls and two adult leaders, with contestants in the dairy foods demonstrations and the state 4-H dress revue over and above the quotas.

The annual conference of Texas county agricultural and home demonstration agents will follow the Round-Up on June 16 and 17.
