## Wildcat Oil Well To Be Drilled Near Estelline

Fox and J. C. Moore of Dallas announced this week that they have been let to drill a wildcat oil well three miles north of Estelline. The well, to go to a depth of 5,500 feet, will be drilled on the No. 1 Chaudoin. It is located about 100 feet north of south and west of east line, adjacent survey, block 10, section 16, T. 21 N., R. 10 E., S. 10.

## Veterans Will Hold Memorial Services May 29

Joint Memorial services will be held Sunday afternoon, May 29, at 3:00 o'clock in the American Legion Hall by the Simmons-Noel post of the American Legion and the Durrett-Brown post of the Veterans of Foreign Wars, it was announced this week. Robert Ayers will serve as master of ceremonies and the afternoon's address will be given by Gray Carter, minister of the Church of Christ.

"America," sung in unison by the group, will introduce the program and the invocation will be given by Mrs. Mary Lou Erwin. "Sleep, Soldier, Sleep" will be sung by a quartet composed of LaVerne Dodson, Vernice Spencer, Dorothy Hodges and Kathleen McMasters. "Tribute to the War Dead" will be given by Mr. Ayers. "My Buddy" will be sung by the girls' quartet, and Otis Jones will give the benediction. Immediately following the program, a ceremony will be held at the cemetery at which times wreaths will be placed upon the graves.

## Evangelist Will Speak At Church This Friday

Casey, evangelist of Christ, who is son of a party of a party of Union of America, for evangelistic work at the Church of Christ, Friday night, Gray Carter, minister, this week. Casey, evangelist of Christ have been carrying on an evangelistic campaign over the radio—150,000 in South Africa. Corbett in connection with his evangelistic work has become so great evangelists, Guy Cassels, Echols, Waymon Millard and Hardin plan to establish headquarters in the city of Memphis to more favorably advantage of the radio. The task of sending evangelists, supplying automobiles, church printing presses, mimeographing, homes, and things essential to the work. (Continued On Page 8)

## Wheat Loan Set At \$1.87

Government support prices for the 1949 crop of wheat will be at 90 per cent of parity, as required by law, the state production and marketing administration announced. The interim loan for wheat, as announced, was set at \$1.87 per bushel, with a deduction of 3 cents a bushel from the calculated rate as a margin of safety. The final loan rates on wheat will be determined on a basis of the parity price as of June 15, to reflect 90 per cent of parity. The \$1.87 rate for wheat loans will apply to Childress, Collingsworth, Hall, Wilbarger, Hale, Foard, Floyd, Cottle, Haskell, Wichita, Potter, Briscoe, Donley, Hardean and Dickens counties. The grain sorghum loan rate of 2.03 will apply to Childress, Collingsworth, Hall, Hale, Cottle, Floyd, Potter, Briscoe, Donley and Dickens counties. In general, the 1949 wheat support program will be similar to those of the past two years, it was announced, except that the supports will be available a month longer—from time of harvest. (Continued On Page 8)

### STUDENTS RECEIVE PRIZES IN ESSAY CONTEST

Barbara Edwards is presented with two savings bonds by James F. Smith, president of the First State Bank in Memphis, as winner of the grand prize in contest of high school students. Other winners in the contest, shown seated from left to right, are Nova Jean Jeffers, Bill Rice, Ann Spoon and Gary Tarver. Prizes totaled \$175.—Photo by Wise.

## Huge Wheat Crop Expected In County

Hall county may harvest an all-time record crop of wheat this year if it escapes rust, hail or other damage to the present bright crop prospect.

This is the opinion of growers, buyers and others who have made a study of the local crop situation. Estimates range above 400 freight cars of wheat, an all-time high for the county, but of course, as one grower pointed out the crop cannot be counted until it is in the truck. Already some rust is showing up following the continued heavy rains. Like magic, the Hall county wheat turned from a sad promise of failure during the winter to prospects at this time for a bumper crop. Dry weather following planting, heavy freezes and ice-covered fields in winter had many farmers ready to plow up the crop. In fact some fields were plowed up, while others that were scheduled for the plow and were left due to wet weather now look like a very profitable yield of wheat.

### Huge Acreage

Between 45,000 and 50,000 acres were planted to wheat and allowing for considerable plowing up of the crop, there should be approximately 44,000 acres left in the cereal grain, according to County Agent W. B. Hooser. "Barring accidents from now until after harvest, yields should be above average and one of the best per-acre yields we ever had," Hooser said.

Some growers are very optimistic about the prospects with estimates of yields in a few fields of 50 bushels to the acre, but of course this will be far above the average. Some wheat, where the stand is thin, will not make over five bushels, one grower pointed out. There are several fields in the county that are generally ear- (Continued On Page 8)

## Hailstone Breaks Record Monday

A hailstone as large as a softball fell at the home of A. C. Wiggins, two miles northeast of Plasko, Monday afternoon. He brought it to town 18 hours later to display it, and it was then almost as large as a baseball. When found, the stone was jagged and looked like a double handful of small stones had been welded together. Mr. Wiggins placed it in his firetray and kept it until he started for town Tuesday. "We had some rain and hail, but not enough to do any material damage," Wiggins said.

## Stage Set For Rodeo June 2-4

## PERFORMERS TO COMPETE FOR \$1200 PURSE

Decorations on down-town buildings and wearers of western garb this week were reminders that the banner attraction of the year in Memphis, the Hall County Rodeo, is near. This event which is attracting outstanding rodeo hands from a wide area to compete for the \$1200 in prizes will be held in the Memphis Cyclone Stadium June 2, 3, and 4. It is R. C. A. approved.

On Thursday and Friday, starting at three P. M., street parades, featuring rodeo performers, floats and riding clubs, will add touches of western color, to be followed by night contests in calf-roping, bull-riding, bronc-riding and bulldogging that promise visitors many long-to-be-remembered thrills. This will be the first rodeo held by the new Hall County Rodeo association, formed last month as a non-profit organization for the purpose of holding an annual event the first week in each June.

T. B. Rogers is president of the new organization. Other officers are: Clyde Milam, vice-president, and Homer Tucker, secretary-treasurer. All civic clubs in Memphis and public-spirited citizens are cooperating to make this year's rodeo a success. Booster trips are being held to publicize the event. Last week the rodeo boosters visited Childress, Vernon and other towns south of here. Today (Thursday) a group of cheering boosters, including the Firemen's square dance team and members of the high school band, were scheduled (Continued On Page 8)

## Pioneer Lakeview Woman Will Ride Side-Saddle Here

A sidelight as to what people are planning to do to make the rodeo parades worth viewing, is that Mrs. D. H. Davenport will ride a side-saddle—the pioneer women's means of travel when Hall County was young. Mrs. Davenport has not ridden a side-saddle in 54 years, it was learned, and the saddle she will use is 47 years old. To make it more interesting, Mrs. Davenport will be 78 years young August 12, and her husband will be 83 in September. Every person in this and any other section of the country, who will make same kind of entry in the parades to be at 3 o'clock June 2 and 3, is asked to contact T. D. Weatherby. The more entries the more interesting the parade will be, Weatherby said.

## Grand Jury Calls For Action Against Property Damage

Members of the grand jury Wednesday called to the attention of officials and interested citizens the fact that persons were not being punished who persisted in the breaking of school lights and the destruction of public property. The jury's report, addressed to the Honorable Luther Gribble, judge of the district court, was released after that body went into (Continued On Page 8)

## Four Home Games For Baseball Fans

The Memphis Owls meet the baseball team from Shamrock tonight at Estes Park in a league game. C. L. Pierce, manager stated today, before what is expected to be the largest crowd in attendance this season. A two-game thriller comes up here Saturday night and Sunday afternoon when the Owls meet the O'Brien nine in non-leaguers. O'Brien is out to beat Pittman, former member of that team, and has imported pitching material of high calibre. Another exhibition game is slated for Tuesday evening, May 31, when the Dumas team journeys to the local park. In league play so far this season, the Owls have won two and lost one. The loss went to the strong nine from Moberette. Last Saturday night, the Memphians took Mangum to the tune of 10-5 behind the steller pitching of Ruyle, new hurler from Elk City. LaFollette created a little excitement in the 6th when he slammed out a homer with one on. In a league contest the following (Continued On Page 8)

DAN W. McMILLAN

## McMillan to Join Democrat Staff As News Editor

Dan W. McMillan will assume his duties as news editor of The Democrat Tuesday, May 31. Publishers J. Claude Wells and Herschel Combs announced this week. He will come to Memphis immediately after receiving his degree from East Texas State College at Commerce. McMillan, the son of Mr. and Mrs. B. B. McMillan of Memphis, graduated from Memphis High School in 1945. Following graduation he entered West Texas State College at Canyon, and attended school there during the summer semester.

In July 1945 he joined the navy and was called to active duty in August. Boot training was received at San Diego as well as a service school for yeomen. After completing the school he was shipped to Pearl Harbor where he was attached to the Pacific fleet service forces of the navy. He received his discharge at Mare Island, (Continued on Page 8)

## Christian Church To Hold Vacation Bible School

The Daily Vacation Bible School of the First Christian Church will begin Tuesday, May 31, and continue for two weeks, Rev. Bedford W. Smith, pastor, announced this week. Classes will be held each morning with the exception of Saturday and Sunday, from 9:00 to 11:30 o'clock. The school will include children from 4 to 15 years of age. Those of that age who are not members of other Sunday schools are especially invited to attend, Rev. Smith stated. Closing exercises will be held on Sunday evening, June 12.

Mrs. Bedford W. Smith, wife of the minister of the church, will be the school director, assisted by Mr. Smith. Miss Carmen Phillips will be the attendance secretary. Teachers will include the following: Beginners department, (Continued On Page 8)

## Checks For Street Markers Coming In

Memphis will have a complete system of street markers early this summer, according to plans of the Civic Affairs committee of the Chamber of Commerce. Zone and block captains to carry on the campaign will be announced soon, Roy Coleman, com- (Continued On Page 8)

RODEO PERFORMER IN ACTION—Charlene Walling, shown above, takes her horse through ring of fire. This will be only one of the stunts which the famous Walling Sisters of Henryetta, Okla., will perform during the all-professional Hall County Rodeo here June 2, 3 and 4. Trick and fancy riding will be their forte.

Thousands of acres of wheat in the Dallas and Duke counties were partially destroyed by a storm on Wednesday and several homes suffered in the storm. Where a wheat field, it was (Continued On Page 8)

### Texas Spring Retail Sales Almost Same As Last Year; Drop Is Small

Retail sales for April, exceeding \$424 million, increased 1 per cent in April over the preceding month, but declined 1 per cent from a year earlier, University of Texas bureau of business research experts reported.

Because of a late Easter, nondurable goods store sales rose 7 per cent above March to lead durable goods, which usually dominate Texas retail sales.

Florist's sales in April, with a 28 per cent gain over March, showed the greatest increase among nondurable goods stores. Sales of men's and boy's clothing stores climbed 29 per cent; shoe stores, 22 per cent; and family clothing stores, 21 per cent.

Sales of grocery stores without

meat and combination stores, rising 5 and 3 per cent, respectively, contributed to the 2-per-cent hike in the over-all food picture.

Although small gains over March were recorded by jewelry (1 per cent) and furniture and household stores (3 per cent), durable goods store sales declined 5 per cent from the previous month. Sales of lumber and building material dealers fell 10 per cent; farm implements, 9 per cent.

**Auto Sales Gain**  
Over the April-to-April span wider fluctuations were registered by Texas retailers. Sales of motor vehicle dealers went up 19 per cent; and automotive stores, 14 per cent; while building material, lumber, and

hardware sales slipped 25 per cent; jewelry, 17 per cent; and furniture stores, 15 per cent.

Retail sales of nondurable goods remained almost unchanged from a year earlier, with florist's sales jumping 42 per cent over the 12-month period. Next closest gains showed shoe stores rising 23 per cent, and women's specialty shops, 11 per cent.

Filling station sales dropped 16 per cent in April below April 1948 to show the deepest decline, being followed by country general stores, down 6 per cent, and men's and boys' clothing stores, both down 6 per cent.

### Woman Economist Advises Men How To Fix Kitchens

If the man of the house is handy with carpenter tools, his wife can put him to work repairing the kitchen.

So says Mrs. Bernice Claytor, extension home management specialist of Texas A. & M. College.

"Often an improvement in storage facilities and work space of an old kitchen is just a matter of simple carpentry, requiring tools and materials familiar to a farm carpenter.

"Whether remodeling or building," she says, "plan on cabinets for food preparation utensils, materials and serving. Storage space for work clothes and cleaning supplies helps greatly in keeping the house more orderly."

"Cabinet units can be grouped or built individually between doors and windows that so often break up wall space in an old-fashioned kitchen. The most difficult construction in good cabinets may be the drawers; if the farm shop does not have a routing plane for cutting grooves for the drawers," Mrs. Claytor said. "This work usually can be done at a local lumber yard," she added.

"Sliding trays are more convenient for base cabinets than shelves. Such trays will save a great deal of tiresome stooping and reaching to the back of a space nearly two feet deep. Adjustable shelves are most essential if cabinets are to be of the service we expect them to be.

"Many families in Texas have the problem of remodeling old farmhouses, but the large number of new homes which are being built means that a great deal of thought needs to be given to the planning for new kitchens, too. Check your kitchen plans before the house is built to be sure that all time and work-saving features are included," Mrs. Claytor concluded.

### Locals and Personals

Mr. and Mrs. T. J. Brock of Lakeview were in Tulsa Wednesday of last week to attend funeral services for Leo Elkins, who was a brother of the Brock's son-in-law, Coy Elkins. They returned home by way of Friona where they visited Mr. Brock's brother, G. H. Brock and family; and Amarillo where they visited a son, J. E. Brock and family.

Tomato plants—Hightower Greenhouse.

Mr. and Mrs. Lee Ford left Thursday for Fort Worth to be with their daughter, Mrs. Lucille Messer, who will undergo major surgery on Saturday.

Watty and Seth Pall Watkins of Quanah visited in Memphis over the week end with their grandparents, Mr. and Mrs. Seth Pallmeyer while their parents, Mr. and Mrs. Foster Watkins, were visiting with friends in Phillips.

### Comments

(Continued From Page 1, Sec. 2) and were always thoughtful and pleasant. Memphis is the loser by their passing to the beyond.

Graduates of Memphis High: Should you need more invitations and Thank You Cards, the engravers sent an extra supply, and they may be obtained at The Democrat office.

It was a disappointment to many sports fans Tuesday night that the weather was so threatening they were afraid to attend the picture show and casting demonstration put on by Bill Moore. He is an expert with a casting rod and had pictures to show he is a real fisherman.

Governor Jester carried out his promise to the people of Hall, Childress, and Brose counties by signing the Upper Red River dam appropriation bill. Representative A. J. Rogers wired the news Wednesday morning that the governor had signed the bill. It remains to be seen if the controller lets it go through or cuts it back because of lack of funds.

### That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its busy and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are accumulation burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body wastes. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

DOAN'S PILLS

Mrs. A. Anisman is attending market in Dallas and Fort Worth this week. From there she plans to go to Shreveport, La., where she will visit with a brother, Gersham Marcus.

### Legal Notice

CITATION BY PUBLICATION

THE STATE OF TEXAS.

### Summer Program Of Band Music Starts June 7th

The summer music program for band members, under the direction of Perry Keyser, is scheduled to start Tuesday, June 7, according to announcements this week. The program of instruction will be conducted similar to that last summer, with four days each week being devoted to the program.

"A" band members who attend the summer course regularly will receive one-fourth credit as an elective, Mr. Keyser stated. Instruction for summer rehearsals are free of charge to all students, and individual instrumental lessons will be available.

The band house on the high school campus is air conditioned, and the whole program has been mapped out to make possible advancement for band members.

The music program will be conducted according to the following program:  
Tuesdays—Beginning band and junior high band, from 2:00 to 3:30 p. m. Advance band, from 5:00 to 6:30 p. m.  
Wednesdays and Thursdays—Individual instrumental lessons.  
Fridays—Beginning band and junior high band, from 2:00 to 3:30 p. m. Advance band, from 5:00 to 6:30 p. m.

All students desiring to enroll in the summer music program were requested to contact Mr. Keyser.

## Christian Church To Hold Vacation Bible School

The Daily Vacation Bible School of the First Christian Church will begin Tuesday, May 31, and continue for two weeks, Rev. Bedford W. Smith, pastor, announced this week. Classes will be held each morning with the exception of Saturday and Sunday, from 9:00 to 11:30 o'clock.

The school will include children from 4 to 15 years of age. Those of that age who are not members of other Sunday schools are especially invited to attend, Rev. Smith stated. Closing exercises will be held on Sunday evening, June 12.

Mrs. Bedford W. Smith, wife of the minister of the church, will be the school director, assisted by Mr. Smith, Miss Carmen Phillips will be the attendance secretary.

## McMillan to Join Democrat Staff As News Editor

Dan W. McMillan will assume his duties as news editor of The Democrat Tuesday, May 31. Publishers J. Claude Wells and Herschel Combs announced this week. He will come to Memphis immediately after receiving his degree from East Texas State College at Commerce.

McMillan, the son of Mr. and Mrs. B. B. McMillan of Memphis, graduated from Memphis High School in 1945. Following graduation he entered West Texas State College at Canyon, and attended school there during the summer semester.

In July 1945 he joined the navy and was called to active duty in August. Boot training was received at San Diego as well as a service school for yeomen. After completing the school he was shipped to Pearl Harbor where he was attached to the Pacific fleet service forces of the navy. He received his discharge at Mare Island, (Continued on Page 8)

## Grand Jury Calls For Action Against Property Damage

Members of the grand jury Wednesday called to the attention of officials and interested citizens the fact that persons were not being punished who persisted in the breaking of school lights and the destruction of public property.

The jury's report, addressed to the Honorable Luther Gribble, judge of the district court, was released after that body went into (Continued On Page 8)

## PERFORMERS TO COMPETE FOR \$1200 PURSE

Decorations on down-town buildings and wearers of western garb this week were reminders that the banner attraction of the year in Memphis, the Hall County Rodeo, is near.

This event which is attracting outstanding rodeo hands from a wide area to compete for the \$1200 in prizes will be held in the Memphis Cyclone Stadium June 2, 3, and 4. It is R. C. A. approved.

On Thursday and Friday, starting at three P. M., street parades, featuring rodeo performers, floats and riding clubs, will add touches of western color, to be followed by night contests in calf-roping, bull-riding, bronc-riding and bull-dogging that promise visitors many long-to-be-remembered thrills.

This will be the first rodeo held by the new Hall County Rodeo association, formed last month as a non-profit organization for the purpose of holding an annual event the first week in each June.

T. B. Rogers is president of the new organization. Other officers are: Clyde Milam, vice-president, and Homer Tucker, secretary-treasurer.

All civic clubs in Memphis and public-spirited citizens are cooperating to make this year's rodeo a success.

## Trips Publicize Event Booster trips are being held to publicize the event. Last week the rodeo boosters visited Childress, Vernon and other towns south of here. Today (Thursday) a group of cheering boosters, including the Firemen's square dance team and members of the high school band, were scheduled (Continued On Page 8)

## Pioneer Lakeview Woman Will Ride Side-Saddle Here

A sidelight as to what people are planning to do to make the rodeo parades worth viewing, is that Mrs. D. H. Davenport will ride a side-saddle—the pioneer women's means of travel when Hall County was young.

Mrs. Davenport has not ridden a side-saddle in 54 years, it was learned, and the saddle she will use is 47 years old.

To make it more interesting, Mrs. Davenport will be 78 years young August 12, and her husband will be 83 in September.

Every person in this and any other section of the country, who will make some kind of entry in the parades to be at 3 o'clock June 2 and 3, is asked to contact T. D. Weatherby. The more entries the more interesting the parade will be, Weatherby said.

## Four Home Games For Baseball Fans

The Memphis Owls meet the baseball team from Shamrock tonight at Estes Park in a league game. C. L. Pierce, manager stated today, before what is expected to be the largest crowd in attendance this season.

A two-game thriller comes up here Saturday night and Sunday afternoon when the Owls meet the O'Brien nine in non-leaguers. O'Brien is out to beat Pittman, former member of that team, and has imported pitching material of high calibre. Another exhibition game is slated for Tuesday evening, May 31, when the Dumas team journeys to the local park.

In league play so far this season, the Owls have won two and lost one. The loss went to the strong nine from Mobeetie.

Last Saturday night, the Memphians took Mangum to the tune of 10-5 behind the steller pitching of Ruyle, new hurler from Elk City. LaFollette created a little excitement in the 6th when he slammed out a homer with one on.

In a league contest the following (Continued On Page 8)

## Buddy Poppy Sale All Day Saturday

Buddy Poppy Day, Saturday, an all day event, will have the largest number of women and girl scouts selling poppies on the square and adjacent areas than at any time in the history of the one-day-a-year event. Mrs. John McCauley, chairman of the drive stated.

Auxiliary members of the Veterans' of Foreign Wars, Girl Scouts and children of the members will participate in the drive. Poppies will be sold all day.

"The funds derived from the sale of those poppies go to help the men who made them—wounded veterans of the wars. It is an annual event. Many of those veterans find themselves in need of funds over and above what they now have. I urge all residents of Hall county to help this worthwhile project," Mrs. McCauley said.

RODEO PERFORMER IN ACTION—Charlene Walling, shown above, takes her horse through ring of fire. This will be only one of the stunts which the famous Walling Sisters of Henryetta, Okla., will perform during the all-professional Hall County Rodeo here June 2, 3 and 4. Trick and fancy riding will be their forte.

**Lesley Baptist Church To Hold Bible School**

A Vacation Bible School will begin Monday morning, May 30, at the Lesley Baptist Church, Mrs. Bryan Adams, school chairman, announced this week.

All children, between the ages of 4 and 16 years, who are interested in attending the Bible School are urged to be at the church Saturday morning between the hours of 9:00 and 11:00 o'clock to enroll.

Four departments will be featured including Beginners, Junior, Primary and Intermediates.

**Rev. Peacock Gives Address At Kirkland**

Rev. B. L. Peacock, pastor of the First Presbyterian Church in Memphis, preached the baccalaureate sermon at the Kirkland High School in Kirkland Wednesday evening, May 25, using as his subject, "Life's Supreme Values."

**UNDERGOES OPERATION**

Bennett Wyatt of Little Rock, Ark., underwent a major operation Saturday, and it will be a day or two before the doctors will know if he will recover.

Bennett's mother, Mrs. A. M. Wyatt of Memphis, is at his bedside.

MRS. LEWIS MARTIN

**Miss Pat Snell Becomes Bride of Lewis Martin In Albuquerque Rites**

Miss Pat Snell, daughter of Mr. and Mrs. Rex Snell of Memphis, and Lewis Martin, son of Mr. and Mrs. John Martin, also of this city, were united in marriage at the First Presbyterian Church in Albuquerque, N. M., Sunday, May 22, at high noon. Dr. Everett B. King, pastor, read the single-ring service.

For her wedding, the bride chose a navy blue suit accented by white accessories and a corsage of white mixed flowers.

The only attendants were the bride's parents and sister, Mr. and Mrs. Snell and Beverly, and the groom's mother, Mrs. Martin. Both the bride and groom are well known here having attended the local school. The bride graduated from Memphis high school with the class of '47 and for the past two years has attended North Texas State College, Denton.

The groom enlisted in the U. S. Navy in April, 1948, and at the present time is stationed at San Diego, Calif.

Immediately following the ceremony, Mr. and Mrs. Martin left for San Diego where they will make their home.

**YWA Girls Meet Thursday in Home of Miss Jo Lamb**

A program on "Building a Citizenship," under the leadership of Nona Lee Ellis, was presented before members of the Bell Grundy Y. W. A. Girls of the First Baptist Church Thursday evening, May 19. The meeting was held in the home of Miss Jo Lamb.

Following the program, refreshments were served to Misses Gloria Gosch, Ruth Jones, Kathleen McMaster, Lavern Rollins, Vernice Spencer, Nona Lee Ellis, Lois Wines, Dorothy Hodges, Mrs. J. O. Strother, and hostess, Miss Lamb.

**Installation of Officers Featured At Delphian Meet**

The Delphian Club met Tuesday, May 17, at 4:00 o'clock in the home of Mrs. Billy Thompson for the final meeting of the club year.

Following the business meeting, Mrs. J. O. Fitzjarrald, retiring president, in a very clever manner installed the following officers for the next club year:

President, Mrs. Henry Hays; first vice president, Mrs. Calvin Draper; second vice president, Mrs. Gordon Gilliam; recording secretary, Mrs. J. L. Barnes; corresponding secretary, Mrs. Sid Baker; treasurer, Mrs. Weldon McCreary; reporter, Zady Belle Walker; parliamentarian, Mrs. Clarence Stroehle; board members, Mrs. J. O. Fitzjarrald, Mrs. Henry Hays, Mrs. J. L. Barnes, Mrs. Weldon McCreary, Miss Maud Milam, Miss Zady Belle Walker, Mrs. R. H. Wherry and Mrs. B. B. McMillan.

Members present were Mesdames Sid Baker, Jack Boone, Calvin Draper, J. O. Fitzjarrald, Gordon Gilliam, Henry Hays, Earl Hill, C. C. Hodges, J. S. McMurry, B. B. McMillan, Billy Thompson, Weldon McCreary, R. H. Wherry, and Misses Maud Milam, Gloria Gosch, and Zady Belle Walker.

**Mrs. W. E. Clark To Operate Cedar Room Cafe**

Mrs. W. E. Clark this week assumed management of the Cedar Room Cafe, located between 10th and 11th streets on Main. The cafe will open at 6:00 a. m. and close at 9:00 p. m.

"We will serve breakfast, lunch and dinner," Mrs. Clark said, "and we invite the public to come eat with us."

**Former Resident Dies in Arlington**

Friends in Hall County were notified this week of the death of Mrs. Moneta Martin Hill, who died at her home in Arlington on May 18 after a long illness.

She was the daughter of the late Mr. and Mrs. W. R. Martin of Lakeview.

Survivors are her husband, W. R. Hill; two sons, Bill and John Hill and four sisters.

**Registered Bird Dogs Are Shipped To Distant States**

Two young registered pointer bird dogs raised in Hall County were shipped from Memphis Monday to sportsmen in Connecticut and Louisiana. They were raised on the Holland McMurry farm near Plaska, and their mother which came from Ohio, is owned by Clifford Farmer.

McMurry also sent two pups to sportsmen in Arkansas, from the same litter, recently.

Homer Cudd of Weatherford is visiting here this week with his mother, Mrs. J. R. Harrell.

**Future Readers of The Democrat**

Susanne Marie was born to Mr. and Mrs. Frank B. Toner at San Juan Bautista, Calif., Wednesday, May 25. The great-grandmother and grandmother of Memphis, Mrs. J. W. Stokes and Mrs. Clyde Milam are with the Toners.

Word has been received from La Jolla, Calif., that a son, Phillip McNeely, was born to Lt. and Mrs. T. K. Treadwell Sunday, May 8. Mrs. Treadwell will be remembered as Miss Nell McNeely, daughter of Dr. and Mrs. M. McNeely.

Mr. and Mrs. J. J. Simons of Memphis announce the birth of a daughter, Janis Lynn. Janis was born on May 20 and weighed 7 pounds, 5 ounces.

A son, Johnnie Lee, was born on May 18 to Mr. and Mrs. Clyde Messer of Route 2, Lakeview.

Mr. and Mrs. Elbert Richards of Memphis are the parents of a son born on May 14. He has been named Lonnie Ray.

On May 12 a son, Olen Clay, was born to Mr. and Mrs. Olen C. Plunk of Hedley.

Mr. and Mrs. Jessie White of Clarendon are the parents of Alvie Neel, who was born on May 14.

A son, James Earl, was born to Mr. and Mrs. Earl Parker of Wellington on May 14.

Mr. and Mrs. D. S. Miller of Memphis announce the birth of a daughter, Terry Elaine. Terry's birthday is on May 18.

A son, Lanny Ray, was born on May 19 to Mr. and Mrs. Ray Beauchamp of Parnell.

On May 21, a daughter was born to Mr. and Mrs. Ben Moss of Memphis. She has been named Laura Sue.

Mr. and Mrs. J. A. Reed of Hedley announce the birth of a daughter on May 22. She has been named Sharon Jackuita.

Mr. and Mrs. Winifred Messer of Memphis are the parents of

a new daughter, Linda Kaylene born on May 22.

A son, Curtis Ray, was born to Mr. and Mrs. F. L. Dyer of Memphis on May 24.

Delbert Williams was born on May 5 to Mr. and Mrs. D. L. Doby of Newlin.

Mr. and Mrs. Raymond Stone of Hedley announce the birth of a son on May 16. He weighed 6 pounds, 13 ounces and as yet has not been named.

Mr. and Mrs. Herman Bell Jr., of Memphis are the parents of a new son on May 19. He has been named Tommy Jo and weighed 6 pounds, 9 ounces at birth.

Twins, a girl and a boy, were born on May 20 to Mr. and Mrs. Herman Austin of Memphis. The girl has been named Linda Gall and the boy Jimmy Dale. Linda weighed 6 pounds and Jimmy 5 pounds, 11 ounces.

The May plentiful foods list includes: carrots, potatoes, canned peas, corn, citrus juices, grapefruit segments, canned apricots, fruit cocktail, eggs, cheese, fresh fish, dried beans and peas and peanut butter.

White clover matures approximately three weeks after it has been pollinated by bees. It is ready for harvest when 75 percent of the heads have turned brown.

**Bednarski Buried Monday**

Funeral services for James Bednarski, 23, of Memphis, will be held Monday, May 23, at 10:00 a. m. at the Lubbock chapel. Services will be held at the Lubbock chapel. Burial was at the Lubbock cemetery.

The infant passed away at home in Lubbock Tuesday, May 21, after several days. He was 10 months and 9 days old. He is survived by a mother, Mrs. Violeta, and a great aunt, Mrs. both of Memphis.

Other survivors are Mrs. Don Ray and Miss a twin sister, Cynthia. Following the South Convention, which was held in Oklahoma City, Mrs. visited with her son and family. She returned Friday night.

### Cheaper Feeds Worth More Money If Fed To Livestock For Market

Should I start feeding more live stock now?  
Many farmers and livestock feeders are asking this question. A. L. Ward, educational director for the National Cottonseed Products Association, says that while the answer depends on the individual feeder's situation, indications are that the future outlook for efficient feeders is better than in recent months.

**BUTCH MEETS MAX . . .** Butch, domineering English bulldog, glares condescendingly at his German vis-a-vis, a dachshund named Max. They were among 13 dogs that arrived at LaGuardia field, New York, by plane from Europe.

Feeds are plentiful, and have dropped more in price than livestock. Livestock numbers are relatively low. The income of consumers is at high levels, and meat-eating Americans are likely to spend a considerable part of this income for meats—especially for less highly-finished meat if they can buy it at prices lower than in recent years.

This should encourage those who have grain and roughages and have livestock to feed, or can buy feeder stock at prices lower than in the past, to start feeding now, Mr. Ward believes. While no one can predict future prices, it appears most likely that feeds are going to be worth more in the form of livestock products than if sold for cash.

In addition, livestock feeders get added value in the form of manure for fertilizer. To an increasing extent, feeders are realizing that they have profited from their operations if they merely "break even" on their feeding, but have the fertilizer value of the livestock manure. Manure is a valuable source of plant food and also furnishes humus which improves soil texture, increases water holding capacity and promotes soil bacteria action which makes plant food more readily available.

Efficiency in feeding, always important, is essential to the feeder now. Well-balanced rations and good feed-lot management will increase the profits of the feeder who starts cattle now and will absorb much of the shock of lower prices for those who already have feed lots full of cattle.

meal or pellets in addition to grain and roughage. Starting with 1 pound of cottonseed meal or pellets, per head daily, increases should be made until they are on this amount at the end of two weeks in the feed lot.

When cattle are placed in the feed lot they should be filled on good roughage such as cottonseed hulls or good-quality hay or bundles. Younger cattle must be started on grains slowly, taking 3 to 4 weeks to get on full-feed when they will be consuming 6 to 8 pounds of grains in addition to the cottonseed meal and roughage. Yearlings and older cattle may be started on feed more rapidly and should be on 10 to 12 pounds of grain, in addition to cottonseed meal and roughage, at the end of the first month in the feed lot. As the feeding period progresses, grain will be increased to 12 to 15 pounds, per head daily, and roughage should be gradually reduced as the grain is increased. All feed changes should be made gradually to avoid digestive disturbances.

Good feed lot management which is essential to efficient gains includes plenty of clean water, freedom from diseases and parasites, adequate lot and trough space and gentleness in handling animals.

Fattening animals gain weight more efficiently before becoming excessively fat. This year it will be more important than usual to market cattle before they reach the grade of "prime" and "choice."

### Texas Premier May Decide Movie Fate of Ten-Year-Old

**PRIZE-WINNING drop biscuits** won feature role in "The Green Promise" for Jeanne LaDuke (above) shown in the kitchen of her Mount Vernon, Indiana home.

**LITTLE** Jeanne LaDuke, a ten-year-old with a sparkling smile and tightly-plaited pigtails, has found the most unusual recipe to date for a motion picture contract. It's an easy method, too, according to Jeanne, who lives with her parents on a farm in Mount Vernon, Indiana.

All she did was to sift two cups of Swans Down Cake Flour, add three teaspoons of baking powder and one-half teaspoon of salt, sift again, cut in four tablespoons of shortening and add about one cup of milk. She dropped the dough on a greased pan and baked the biscuits in a hot oven for 10 to 15 minutes. The result? Just about the best drop biscuits anyone in the state of Indiana ever had tasted!

The delicious biscuits practically put Jeanne in the movies. They were judged the best in the Indiana state-wide 4-H contest. As a reward her photograph was submitted to Hollywood director William Russell for consideration for a feature role in "The Green Promise." She was selected over 12,000 other 4-H Club girls.

Jeanne's part in the Glenn McCarthy production, soon to be released by RKO Radio Pictures, Inc. proved easy for her, too. After all her work with Walter Brennan, Marguerite Chapman and Robert

Paige called for her to do many of the same things she did daily at home.

In the picture, for example, she lives on a farm similar to her own home. She cooks and keeps house for Walter Brennan, who plays the part of her father, and her three brothers and sisters.

Jeanne's role points up the tremendous accomplishments of the nation's farm youth and of the 4-H organization which has done so much to make rural America an attractive and vital part of our national life.

After she had finished the picture, Jeanne heard many people say she was another Margaret O'Brien. But she didn't pay any attention to the remarks. She'd learned that it's up to the American public to decide how good an actress she is. Today she is back home waiting to learn what people think of her performance after "The Green Promise" has had its world premier March 15th in Houston, Texas.

Jeanne's not too concerned about the future. She's attending classes in a two-room country schoolhouse. She can wear her favorite blue jeans . . . and, of course, there's plenty of time for her to putter around the kitchen making drop biscuits.

### Commencement Speaker Tells Graduates To Form Their Philosophy of Life Now

"Form your philosophy of life now and hold to it," Dr. James B. Boren, president of Hardin College, Wichita Falls, told seniors of the Memphis High school in an address before that group Tuesday night at the commencement exercises.

"The philosophy you form now depends upon the success of your life," Dr. Boren stated. "If you have the initiative and the spiritual and the moral strength you will succeed."

"There are still frontiers we have not even approached—in learning, in religion and in research. These are a challenge to the young people of today. With your intellectual power and mental ability you can bring Christian peace into the world," Dr. Boren concluded.

The professional was played by Patsy Sue Hays after which the invocation was given by Gray Carter, minister of the Church of Christ. Preceding Dr. Boren's address, the senior choral sang "Now is the Hour."

Anita Johnson, president of the senior class, presented the class gift to the school. Ray Newton, high school principal, introduced the honor students, Edith Compton, valedictorian; Anita Johnson, salutatorian and Carl J. Smith, honor boy. He also presented several boys who had been awarded athletic scholarships to colleges.

Diplomas were presented to 53 seniors by R. L. Coleman, president of the school board, assisted by W. C. Davis, superintendent. The benediction was given by Rev. B. L. Peacock.

### Members Attend Lions Convention

Nine members of the Memphis Lions Club were delegates to the district convention in Lubbock Sunday, Monday and Tuesday, May 22, 23 and 24.

In the balloting Tuesday morning, C. A. Cryer, superintendent of schools at Borger, was elected district governor for 1949-50. Childress was chosen as site for the 1950 convention.

The local group included N. W. Durham, J. V. Shepherd, U. F.

## CITY GROCERY & MARKET

Phone 463-160 J. E. ROPER WE DELIVER

**DURING AND AFTER . . .** These photos show the Hollywood park race track at Ingleswood, Calif., during and after the spectacular nighttime fire which destroyed the entire grandstand and clubhouse, but spared the stables and 550 thoroughbreds. The "morning after" view shows the main stand still smoking as firemen play water on the charred ruins. Three firemen were injured in the fire.

On scorching hot days a cool, yet nourishing and satisfying lunch wins favor with everyone. Whole-some milk drinks, tall and cool, really hit the spot in hot weather menus, too.

The Blueberry Milk Shake pictured is an especially interesting flavor combination. The bland blueberry flavor is accented with just a touch of tart lemon. You may use either fresh or canned berries in this recipe. Here is the recipe:

- Blueberry Milk Shake**
  - 1 cup crushed blueberries
  - 1/2 cup sugar
  - Few grains salt
  - 3 teaspoons grated lemon rind
  - 6 tablespoons lemon juice
  - 6 cups cold milk
  - 1 pint vanilla ice cream
- Mash fresh blueberries; add sugar, salt, lemon rind and juice. Blend thoroughly and add cold milk. Pour into cold glasses and top with vanilla ice cream. Garnish with fresh blueberries or thin lemon slices. Serves 6.

For a simple lunch just serve a large fresh vegetable or fruit and cottage cheese salad, rolls, butter and a milk shake. A sandwich and salad combination with a milk drink is very popular, too, and also makes it unnecessary to serve dessert.

Milk drinks are grand for between-meal refreshments, too, and they are so easy to make. With wholesome milk as the basic ingredient and an endless number of fruits and syrups to add for flavor, the possibilities for delicious combinations are almost unlimited.

Mrs. Guy W. Smith and children, Lorraine, Arthur and Jimmy of Tulsa are visiting here this week with Mrs. Smith's parents, Mr. and Mrs. D. A. Neeley.

### Net Club Members Entertain With Progressive Dinner

The Blue Bonnet entertained their progressive dinner at the home of Mrs. L. B. Chaudoin with Mrs. Beatrice Gardenhire serving as co-hostess.

During the afternoon, some of the members hemmed cup towels for the hostess while others cut quilt pieces to be pieced later for the Rex Gilbert family, one of the Amarillo storm victims.

Each member answered roll call with a hint or recipe. The hostess presented several small gifts.

Iced drinks, cookies and sandwiches were served to Mesdames Lillie Jones, Etta Billingsly, Mary Ellen Eddins, Eula Adams, Clarence Morrison, Jewel Marcum, Ima Richburg, Edna Winkler, Broxie Arrington, Jessie Orcutt and the hostess.

### Stitch and Chatter Club Pieces Quilt For Storm Victims

The Stitch and Chatter Club met Tuesday afternoon, May 24, in the home of Mrs. L. B. Chaudoin with Mrs. Beatrice Gardenhire serving as co-hostess.

During the afternoon, some of the members hemmed cup towels for the hostess while others cut quilt pieces to be pieced later for the Rex Gilbert family, one of the Amarillo storm victims.

Each member answered roll call with a hint or recipe. The hostess presented several small gifts.

Iced drinks, cookies and sandwiches were served to Mesdames Lillie Jones, Etta Billingsly, Mary Ellen Eddins, Eula Adams, Clarence Morrison, Jewel Marcum, Ima Richburg, Edna Winkler, Broxie Arrington, Jessie Orcutt and the hostess.

### Check Your House Before Deciding To Remodel Same

COLLEGE STATION—Before you get too deep into plans for remodeling an old house make sure first that the house was well built and is still sound, says Mrs. Bernice Claytor, extension specialist in home management of Texas A. & M. College.

Do some checking before you decide to remodel, advises Mrs. Claytor. Examine the house from foundation to roof and estimate the needed repairs and their cost. Check the location from the standpoint of good drainage, protection from cold winds which make a house hard to heat, protection from flooding during heavy rains, good sewage disposal and convenience to the highway. Don't forget the water supply. Water should be plentiful and tested for safety.

If the house and its site pass inspection, and remodeling seems a wise investment, USDA housing specialists say it's wise to give as much thought to remodeling plans as you would to planning for a new house, Mrs. Claytor points out.

She suggests that careful attention be given to the following points: plan for enough rooms to take care of your family's needs. Well located doors and windows will help solve the lighting and ventilation problems in the house and don't forget a closet near the back door for the men's work clothes.

Are house entrances convenient to the drive? Are all rooms easily reached from the back door? Are work and living areas free from traffic? Do bedrooms and bath open from a hall and are the halls wide enough to allow for moving furniture.

Kitchen and work areas should be arranged to save labor and unnecessary steps. Allow working space for more than one person. Plan plenty of storage space for supplies and equipment where they are used and a place for the men to wash other than the kitchen sink.

The dining room should be convenient to the kitchen serving area. Be sure there is seating space for everyone regularly served and for company. Provide storage space for dishes, silver and linen.

The living room should be large and comfortable. In it should be equipment and storage for reading, writing, studying, farm business, sewing, games, hobbies and entertainment.

The sleeping space should be sufficient to allow for separate rooms for parents, boys and girls, not more than two persons per room. Is there space for overnight guests or provisions for the aged and ill? Plan plenty of storage space for clothing and bedding.

Is the water supply plentiful and safe? Plan an adequate sewage disposal system. Is there hot and cold running water in the kitchen, bathroom and laundry? Have you planned for enough well-located lighting fixtures, switches and wall plugs?

From the plans you have made, do you think the house will appear pleasing both inside and out? Does it have good proportions and simple lines?

Now that plans are made, will the cost of remodeling be less than for a new building?

If you can answer "yes" to most of these questions, says Mrs. Claytor, your planning is good. If you "yes" only a few, try to improve our plans before starting the remodeling job, she concludes.

### County Students Graduation

County students, part of a breaking class of Texas State College, Bachelor of Arts degree.

This county graduates L. Henry of Memphis, Drake of Memphis, Whittington of Lake, and Ulysses F. Coker of Memphis.

A sermon will be given May 29 in the Auditorium by Rev. W. Smith, pastor of the First Church at Lumbuck.

The exercises will be held at 8:00 p. m. in the same auditorium with the Hon. Pat M. as the main speaker.

### Smith To Preach Sermon May 29

Rev. W. Smith, pastor of the Christian Church, will preach "The Song of Songs," a series of sermons on the Old Testament during morning worship on May 29. The sermon will be announced this week.

Plan plenty of storage space for supplies and equipment where they are used and a place for the men to wash other than the kitchen sink.

The dining room should be convenient to the kitchen serving area. Be sure there is seating space for everyone regularly served and for company. Provide storage space for dishes, silver and linen.

The living room should be large and comfortable. In it should be equipment and storage for reading, writing, studying, farm business, sewing, games, hobbies and entertainment.

The sleeping space should be sufficient to allow for separate rooms for parents, boys and girls, not more than two persons per room. Is there space for overnight guests or provisions for the aged and ill? Plan plenty of storage space for clothing and bedding.

Is the water supply plentiful and safe? Plan an adequate sewage disposal system. Is there hot and cold running water in the kitchen, bathroom and laundry? Have you planned for enough well-located lighting fixtures, switches and wall plugs?

From the plans you have made, do you think the house will appear pleasing both inside and out? Does it have good proportions and simple lines?

Now that plans are made, will the cost of remodeling be less than for a new building?

If you can answer "yes" to most of these questions, says Mrs. Claytor, your planning is good. If you "yes" only a few, try to improve our plans before starting the remodeling job, she concludes.

### From A. A. Schloske of Chicago

Lawn, Ill.: "I remember when the fire in the old kitchen stove would go out on a cold winter's evening and Dad and I had to thaw out the pipes before breakfast the next morning. Times haven't changed too much since then!"

### Girls Softball Team Will Meet Childress May 31

First matched softball game for girls of this season will be played Tuesday night, May 31 at the City Park. A local team, managed by T. D. Weatherly, will meet a team of girls from Childress. The game will start at 7:30 P. M.

On Friday evening, two Memphis teams will clash at the City Park diamond. One of the teams is managed by Winifred Wise, and the other by T. D. Weatherly.

The public has been invited to attend these games, supervisors stated. There is no admission charge.

Girls who will play next Tuesday night against Childress are Freddie Starr Johnson, Oleta Hawthorne, Laverne Dodson, Mollie Shepherd, Violet Townsend, Nancy Jones, Lois Martin, Jimmy Wheeler, Peggy Wheeler, Betty Paschall and Billie Jo Jones.

## VETERANS QUESTION BOX

Q—Last year I got a GI loan on which Veterans Administration made a 4 per cent payment. I would like to know if I have to report the payment made by VA as income in my income tax report?

A—No. While this VA payment is not taxable as income of the veteran, the amount of interest thereby paid may be listed by him as a deduction for tax purposes.

Q—What is the deadline for starting a course of institutional on-farm training under the Vocational Rehabilitation Act (Public Law 16)?

A—You may apply for institutional on-farm training under Public Law 16 at any time after your discharge or separation from the armed services, but in time to complete your training by July 25, 1956.

Q—What benefits are available to veterans of World War II living in U. S. territories?

A—Ordinarily, all VA benefits available to World War II veterans, their dependents and beneficiaries in the continental United States are also available to them in the U. S. possessions and territories.

Q—Can you tell me how Veterans Administration operates in foreign countries?

A—The VA administers benefits available to veterans, their dependents and beneficiaries in foreign areas through the United States Foreign Service.

Q—As the widow of a World War I veteran, I desire to file my application for a widow's pension. Must I file it in the city where my late husband died?

A—No. The application may be filed at your nearest regional office of Veterans Administration, or may be mailed to the Dependents Claims Service in VA's Central Office in Washington.

Q—I am a World War I veteran and was married in 1947. Will my wife be entitled to a pension at my death?

A—No. The law provides that the widow of a World War I veteran may be paid a pension only if married to the veteran before December 15, 1944.

Q—I hope to take on-the-job training under the GI Bill and would like to know the amount of subsistence paid by VA and the maximum amount I will be permitted to earn in order to get full subsistence.

A—If you are single with no dependents, you will receive a subsistence of \$65 a month, or \$90 a month if you have one or more dependents, provided your income from productive labor is not over \$156 a month if you have no dependents; \$180 a month if you have one dependent; or \$200 a month if you have more than one dependent.

Q—I am attending school under the GI Bill. Am I entitled to unemployment allowance during summer vacation?

A—In order to qualify for readjustment allowance during your summer vacation, you must notify VA that you want your subsistence allowance discontinued, and register with a public employment office to show that you are actively seeking work.

### E. Ray Dunlap, Former Lakeview Teacher, Dies

E. Ray Dunlap, 42, a former teacher in the Lakeview school, died in a Rotan Hospital early last week following a heart attack, friends here stated. Mr. Dunlap was injured during a storm when the windows of the Dunlap home were broken, and his death was thought to have resulted from shock, friends said.

At the time of his death, he was serving as vocational agriculture teacher in the Jayton school system.

He is survived by his wife, also a former teacher at Lakeview, and three sons.

Mr. and Mrs. Don Wright went to Jayton Saturday to visit with Mrs. Dunlap.

Mrs. Ben Harmonson of Fort Worth, Mr. and Mrs. Lee Warren of Wichita Falls, Mrs. Emma Sailer of Bell, Calif., and Mr. and Mrs. N. B. Herrington of Quitaque, visited in the home of Mr. and Mrs. J. S. McMurry this week. They came to attend the funeral services of Mr. U. G. Key of Hedley.

"Common Sense" Pamphlet Shaped Opinion

# Essay Winner Describes Tom Paine's Influence On Colonists in 1776

(Editor's Note: Below is the grand prize winning essay taken from the subject "How My Duties as an American Citizen Help Preserve Our Freedom." Students in the five grades of Memphis High School participated in the contest, which was sponsored by the First State Bank. Prizes totaling \$175.00 were presented to the five winners at general assembly in the high school auditorium last Thursday afternoon by James F. Smith, president of the bank.)

By BARBARA EDWARDS  
The English Colonists had not long been free from danger from their French enemies before they found themselves getting into another quarrel. It was a family quarrel with their mother country—England. The settlers loved the land of their fathers, and they were proud of their kinship with her. But the mother country had not always dealt fairly with her children across the sea. The kings of England appointed worthless men to govern the colonies. Unfair taxation laws were passed and they kept the Americans poor.

As in the days of the Israelites, who were oppressed and persecuted by Pharaoh, so was it now with the colonists. Should they submit to England? Should they try to make peace and let England send governors again to oppress the people? No. Should the colonists declare themselves independent of England? This was the great question.

In November 1774, a rather uninviting figure—sick and unkempt, low in purse and spirits, arrived

in Philadelphia. It was Thomas Paine whom the world had treated shabbily and roughly. His native England gave no respect for anything better. Nor did the new world glow with bright promise. But he still had those old, unrealized hopes—and still yet, a letter of introduction from Dr. Benjamin Franklin referring to him as "this ingenious, worthy, young man." After several tries, he found himself a promising post as editor of the Pennsylvania Magazine. But Paine could not remain ensconced in such an easy position. He was caught up in the ferment of revolutionary ideas and he glimpsed America's future greatness. He was puzzled and impatient that America was blind to the vision.

Leaving his job and with only a few shillings, Paine began to write a pamphlet to fix the great problem of the times. On January 10, 1776, there came an anonymous, two-shilling pamphlet of 47 pages entitled "Common Sense." Written in simple, convincing language, it was read everywhere and was an immediate success.

"The period of debate," said the author, "is closed. Arms, as the last recourse, must decide the contest. The appeal was the choice of the king and the continent hath accepted the challenge. The cause of America is in a great measure the cause of all mankind. Many circumstances hath, and will arise, which are not local, but universal, and though which the principals of all lovers of mankind are affected. The laying a country desolate with fire and sword, de-

This pretty little miss is coy as can be in her fresh cotton pique frock splashed with vivid polka dots. Created by Lil' Alice, the cotton dress is designed to keep the young lady cool and collected in any summer situation.

claring war against the natural rights of all mankind, and extinguishing the defenders thereof, from the face of the earth, is the concern of every man to whom nature hath given the power of feeling.

"Some writers have so confounded society with government, as to leave little or no distinction between them; whereas, they are not only different, but have different origins. Society is produced by our wants, and government by our wickedness. The first is a patron, the last a punisher. Society in every state is a blessing, but Government, even in its best state, is a necessary evil; in its

## Train 4-H'ers For Leadership In National Program

If there had been 4-H Clubs when George Washington was a boy, he probably would have qualified as a champion in the National 4-H Leadership awards program. Today's rural youth have the advantage of being trained for leadership by taking part in this program. As one 4-H'er aptly observed — initiative, patience, perseverance and resourcefulness are qualities to be desired in a leader, and there's no better place to learn than in 4-H.

With these objectives in mind as they work in the various 4-H projects, Texas Club members are participating in the 1949 leadership contest, according to the State 4-H Club office. Alvin Davis, of Post, was one of the national winners last year. He and Patsy Delavan, of Devine, had the most outstanding records in the state, and were presented with a 17-jewel wrist watch appropriately engraved.

Besides the watch for state winners, there is an educational trip to the National 4-H Club Congress for the high-ranking boy and girl in each of the four extension sections. From these eight sectional winners, the boy and girl having the best record will be chosen to receive a \$300 national scholarship. The two-runners-up will get a \$150 scholarship. Top boy and girl in each county will be awarded a gold medal of honor. All of the awards—totaling more than \$6,000—are donated by Edward F. Wilson, president of Wilson and Co., Chicago.

In addition to the state winners, county medals were awarded to 94 other Texas boys and girls. The Cooperative Extension Service supervises the program.

CALL 15 FOR QUALITY JOB PRINTING

worst state an intolerable one." These are some of the things written that stirred the people.

What did the pamphlet "Common Sense" mean to the people? It meant they could use their initiative and become independent! Washington said that it "worked a powerful change in the minds of men." On the fourth of July 1776, the Congress adopted a Declaration of Independence. As soon as the Declaration was adopted, a bell was rung to announce the glad tidings to the citizens.

## Automobile Repair Service and Accessories

For service that you will appreciate—bring your car to us!  
We have a very complete Service, Parts and Accessory Department.

### WE CAN --

- TUNE YOUR ENGINE
- WASH AND LUBRICATE YOUR CAR
- OVERHAUL YOUR ENGINE
- BALANCE YOUR WHEELS
- REPLACE BROKEN WINDSHIELDS AND DOOR GLASSES
- ALIGN YOUR WHEELS
- REPAIR AND PAINT FENDERS AND BODY ON YOUR CAR
- REPAIR FLATS
- UPHOLSTER YOUR CAR

To sum it all up in a few words: WE CAN DO ANYTHING TO YOUR CAR THAT NEEDS TO BE DONE. And, FURTHERMORE, EVERY JOB THAT WE DO IS GUARANTEED.

### A Complete Engine Overhaul

on your Chrysler-built 6 cylinder car, including Chrysler, DeSoto, Dodge and Plymouth cars—will cost you only **\$78<sup>50</sup>**

THIS JOB INCLUDES:  
Installing new piston rings  
Crankshaft & connecting rod bearings  
All gaskets and oil seals  
Fitting new piston pins  
Grinding valves  
6 quarts of engine oil  
New oil filter cartridge  
and complete check on carburetion and ignition!

### In The Accessory Dept. We Have --

- Genuine Chrysler MoPar Parts and Accessories for your Chrysler, Plymouth, Dodge or DeSoto car
  - Fulton Sun Visors 24.95 painted and installed
  - Arthur Fulmer, Highlander and Jumbo Seat Covers, installed—from 10.95 up (for 4-door sedans)
  - Car Air Conditioners 11.95 installed
  - Auto Door Awnings 7.95 pr. installed
  - Dunlop Tires (fully guaranteed), size 6.00x16 9.95 (tax inc.) (All other tires priced accordingly)
  - Zerex and Prestone 3.50 per gallon
- These are just a very, very few of the items that we have in stock

WE WANT YOU TO REMEMBER THAT ...  
"YOU CAN ALWAYS DEPEND ON US"

## Choose Clothes To Suit Home Laundry Urges Specialist

Choosing the summer wardrobe to suit the home laundry equipment is an idea suggested by Gladys Darden, extension assistant home management specialist of Texas A. & M. College.

The Texas homemaker can save time and energy, especially in the summertime, if the family's clothes are well fitted to the washing and ironing equipment. By this, Miss Darden means that the homemaker can put an ironer to the fullest use if she chooses styles that are easy to iron flat—dresses that fasten all the way down the front, for instance.

In contrast, puffed sleeves, embroidery, lace and small ruffles are difficult to iron by machine.

Small, flat buttons on clothes will go through the wringer better than large buttons or buckles, and the spaller buttons are easier on the rubber rollers, too. There's less chance for deep creases in the thinner fabrics than in the heavy linens and the napped fabrics like bath towels and corduroy, Miss Darden says. Sashes and ties are extra trouble not only in the washer, but also in the wringer. Fold them inside the garment before wringing to keep them from catching and tearing.

Clothes which need little ironing—if any—save much tiresome labor in hot weather. These include terry cloth and corduroy robes and coats, seersucker dresses

## Ginkgo Bared Rare Trees Grow On Baylor Campus

Pardon me, but Baylor's ginkgo is showing!

A ginkgo is a tree and there are three such trees on the Baylor campus. For a tree that became extinct in North America about 60 million years ago, the ginkgo seems to be standing up pretty well in its second appearance.

Baylor's ginkgos (also known as maidenhair trees) were planted by the late Dr. Lula Pace, botany and geology teacher at Baylor from 1905 to 1925. Baylor ginkgos belong to the trees which are native to Japan.

The ginkgo was widely distributed during Jurassic time, which, in the words of R. L. Bronaugh, geology instructor, was day before yesterday. In layman's language, however, about 168 million years ago.

After becoming extinct in and suits, and knitwear, especially for children.

In an automatic dryer these fabrics keep their shape and avoid creasing. A dryer is excellent for fluffing any napped fabrics, says Miss Darden. But she warns that if the clothes are left too long in a dryer so that they become "bone-dry", the dryer may create them, especially if there is a heavy load.

Time and labor may be saved by wearing clothes that fit the equip-

## Mother's Club of Newlin Meets in Waddill Home

Mrs. Boyd Waddill, assisted by Mrs. Clarence Moore and Mrs. T. L. May, entertained members of the Newlin Mother's Club on Thursday afternoon, May 12.

The afternoon was devoted to quilting for the club.

Refreshments were served to Mesdames Fred Hemphill, D. W. Lawrence, J. B. Moore, C. D. Moore, M. P. Moore, D. C. Messick, Don Sweat, R. V. Sweat, Elmer Gardenhire, George Dickson, Miss Izabell Walker, the hostess group and one new member, Mrs. Ruth Misenhimer.

The club will meet the fourth Thursday afternoon in May in the home of Mrs. Tracy LeCompte. Mrs. Henry Crow will be co-hostess.

North America, the tree was re-introduced by man from its native habitat in China and was found to grow luxuriantly here. Today, the ginkgo is a single species found in strange parts of the United States and Europe.

The ginkgo may grow to a diameter of three feet and eighty feet or more in height.

It is probably the oldest living kind of tree in the world. That's the Baylor ginkgo.

## Gives Four Years Of College To Texas Essay Contest Winners

Vernon Goldston of Marshall and Marshall Lazarine were the winners of the annual four-year college scholarship given by the Cooperative. The announcement of the award was made by Edward F. Cowden, general manager of the Co-Op, stated that winners can go to a college of their choice. Lazarine was the first choice of the Co-Op. However, the second choice was given to Goldston.

Lazarine Goldston

## Junior Softball Teams Are Formed; Games On Friday

During a recent group meeting of the Boys Softball League one intermediate and five junior teams were selected to play in the summer program according to Scout Master Ted Myers.

In the junior division the following teams and captains were named: Eagles—Jim Smith Jr., captain; Bearcats—Ronnie Mac Smith, captain; Longhorns—Harold Cochran, captain; Wildcats—Jimmy Gibson, captain; and Red Devils—Duke Brisbie, captain.

## High School Graduation Exercises For 18

Graduation exercises for the Estelline High School will be held at 1 p. m. Thursday at the Estelline High School. Eighteen pupils received their diplomas.

## Fifteen Scouts Will Attend Camp Kiowah June 11-18

Approximately 15 members of Boy Scout Troop No. 35 are planning to attend Camp Kiowah the second week in June. Scoutmaster Ted Myers stated this week in outlining the first activity of the local boys. The group from Memphis will arrive at the camp site Sunday, June 11, and will return home Saturday, June 18.

## Club Luncheon

The monthly luncheon of the Buella Needle Club will be held at the home of Mrs. Edna Eddings, Thursday, May 26. The menu includes a variety of dishes.

## Mrs. Grover Roden Hostess To Members Of Friendly Club

Mrs. Grover Roden was hostess Tuesday afternoon, May 17, to the Friendly Sewing Club in the home of her mother, Mrs. Lucy Phillips. The house was beautifully decorated throughout with spring flowers.

THE BEST THINGS IN LIFE COME IN THREES... Most of the sets of triplets who attended the fourth convention of the National Triplets Association at Palisades, N. J., hold still only long enough to have their picture taken. At the convention, the association elected the quadruplets of Charles and Ethel Collins of the Bronx to full membership.

## Governor Jester To Start Palo Duro 'Treasure Hunt'

Governor Beauford H. Jester will snip a ribbon May 28th at two o'clock p. m. to start the 1949 Palo Duro Canyon State Park "Treasure Hunt." Just before the Governor cuts the ribbon, 10,000 numbered gold coins will be dropped into the Canyon from an airplane.

Classes in swimming, as part of the summer recreation program in Memphis, will start Saturday, May 28, at the Pastime Swimming Pool, Ted Myers, who is in charge, stated this week.

Swimming days will be every Wednesday and Saturday. All boys who are interested in this phase of the program were urged to be at the pool from the hours of 2 to 5 p. m.

Between the hours of 3 and 5 p. m. each regular swim day, the boys will hold diving events and swimming races.

"Each boy should take part in these events while we are in the practicing stage," Myers said. "This will help in the competition when we hold out invitation swimming meet early in August. Boys from neighboring towns and communities will take part in the meet."

The Treasure Hunt will last from May 28 through Labor Day, Sept. 5. All grand prizes and un-awarded prizes will be awarded Sept. 11 at 4 o'clock p. m. at Coronado Lodge.

Students intending to work after completion of their schooling were requested this week to check on their social security cards. The request came from John R. Sanderson, manager of the Amarillo social security field office.

"About this time of the year most students are preparing to take summer jobs," Mr. Sanderson said, "and whether they work part-time or full-time, they will need a social security card. The card represents an insurance policy with their Government, and the best way to protect that policy is to show the card to each new employer. This will enable him to report the worker and his complete name and social security number, thereby enabling the Social Security Administration to give the employee full credit on his social security account for the work done."

A student who has already obtained a card but has lost it, should apply for a duplicate at once. Other students who are sure of working on social security jobs in the immediate future, would be wise in applying for their original card promptly. In both instances the necessary application blank may be obtained from any Post Office or from the Amarillo social security field office. The completed application should then be mailed to: The Social Security Administration, Field Office, Amarillo.

Mrs. W. Wilson, second vice president, presided in the absence of the president, Mrs. John Barber, and Mrs. J. W. Fitzjarrald opened the meeting with prayer. Minutes of the previous meeting were read and reports were given by class officers.

The devotional was brought by Mrs. Chas. Drake who used as the text 148 Psalms. An inspirational talk based on John 10:11, 14, and 20 was given by Mrs. Fitzjarrald. Mrs. J. S. McMurry offered the closing prayer.

A delicious refreshment plate was served to Mesdames W. Wilson, W. B. Scott, R. H. Wherry, J. S. McMurry, J. W. Fitzjarrald, S. W. Crawford, J. W. Weathersbee, T. T. Loard, Dick Watson, Chas. Drake, and the hostess, Mrs. Moreman.

## Commencement For Estelline Senior Class

Commencement exercises for the graduating class of Estelline High School were held in the high school auditorium on Thursday, May 19.

## Memphis Man To Attend College In Middle East

Bill F. Fore, son of Mrs. and Mrs. F. K. Fore of 420 1/2 South Rexford Drive, Beverly Hills, California, a native of Memphis, and a nephew of Mrs. W. C. Milam of this city, has been selected to attend American University at Cairo, Egypt, next year, as an exchange student. President Arthur G. Coons of Occidental announced.

Fore was selected from seven applicants because of his excellent scholarship plus leadership in student activities. Selection was made by a joint faculty-student committee.

At Beverly Hills High School, of which he is a graduate, Fore was president of the student body. He is past president of the National United Presbyterian Youth Conference and past president of the Southern California Presbyterian Young People's Conference.

He will sail for Egypt during the summer to enroll at the Cairo University for the fall semester. Meanwhile a student from Cairo will come to Los Angeles to enroll at Occidental.

## 120 Students Are Listed on West Ward Honor Roll

One hundred and twenty pupils were listed on the West Ward honor roll for the last six-week period of the spring semester. Miss Esta McElrath, school principal, announced this week. Named as honor students were 21 fourth grade pupils, 21 third grade students, 33 second graders, and 45 first grade pupils.

Honor students are as follows: Fourth Grade: Paula McCauley, Janice Smith, Rodney Veteto, Dan Durham, Gayle Reams, Patsy Moore, Wanda Lee Widener, Campbell Morris, Jean Foxhall, Mary Jane Jones, Beverly Middleton, Jo Ann Miller, Marjorie Morrison, Elvie Williams, Truman Smith, Patsy Sue Turner, Joyce Jeffers, Don McElreath, Benny Bishop, Shirley McGuire, and Ann Tiner.

Mrs. C. T. Jarvis and Mrs. Joe Eddings, of Estelline, were the hosts for the luncheon.

Mrs. D. F. Miller were the hosts in the home of Mrs. Bill Hickey.

Mrs. C. T. Jarvis and Mrs. Joe Eddings, of Estelline, were the hosts for the luncheon.

### Churchill's Book Important Record Of World History

Winston Churchill's book, "Their Finest Hour" is a recent addition to the Memphis public library.

Prime Minister of England from May 1940 through the war, the book is a record of the work and hope of England's leader in all phases of the battle.

Never faltering in his belief of ultimate victory, Churchill's book, a well documented history of that period shows the tremendous danger to the world a winning German army would have brought about.

**Enemy of Tyranny**

Review the story of England's great past, the right Honorable Winston Churchill finds that at no time was she as admirable as in resolute, solitary, and finally triumphant defiance of the tyranny of Germany.

Starting his book with the problems confronted by him when he assumed the office of Prime Minister in 1940; it continues with the Battle of France; the tragic glory of Dunkirk; the Battle of Britain, of which Churchill said of the Royal Air Force, "never have so many owed so much to so few;"

the rebuilding of England's army, the unending struggle against the cruel forces of Germany; finally the victorious armies beating those forces.

**Finest Hour**

The title of the book was taken from a speech made by the Prime Minister in the British House of Commons June 18, 1940, the day France capitulated to Germany:

"If we can stand up to him (Hitler) all Europe may be free and the life of the world may move forward into broad, sunlit uplands. But if we fail, then the whole world, including the United States, including all that we have known and cared for, will sink into the abyss of a new Dark Age made more sinister, and perhaps more protracted, by the light of perverted science. Let us therefore brace ourselves to our duties, and so bear ourselves that, if the British Empire and its Commonwealth last for a thousand years, men will say: 'This was their finest hour.'"

• Donald McDonald, assistant professor of education and psychology, will participate in the spring conference of Texas Elementary Principals and Supervisors association April 8 in Austin. He will discuss social studies in the intermediate grades.

### Important Factors Listed In Texas, Oklahoma Wheat Improvement Program

"Good milling and baking wheat varieties are not sufficient—the wheat must also be kept free from insects, rodents and excessive moisture if it is to be used for human food," advises Keats Soder, Director of the Texas-Oklahoma Wheat Improvement Program in a statement received today.

Farm bins are or will soon be empty, ready for the new wheat harvest. Cleaning and repairing this farm storage is as important as getting the combine ready. Three simple jobs need to be done NOW.

**Good Housekeeping**

Job No. 1 Remove and feed or bury all old grain, both that inside and outside the bins, from driveways and from under the bin itself. This old grain is the source of much insect infestation. The rest of the bugs have burrowed into the walls or into the cracks and cranies.

Job No. 2 is to spray the bin thoroughly if it is wood or partly wood with 2 1/2 per cent DDT or chlordane. Use two gallons of spray to each 1,000 square feet of wall and floor surface. A good soaking will reach many insects but not all.

Job No. 3 is to repair the bins. Start with the roof. Rain will ruin much good wheat and then it will have to be removed with a pick instead of a shovel. Next comes the walls, then the floor and finally the door. Flatten some tin cans for patches. Keep rats and mice out of and off of your wheat.

**Temporary Storage**

These are the chores to be done immediately. If you have to use temporary storage because the local elevator is full, because no box cars are available, or because the terminals are full of last year's wheat now belonging to the Commodity Credit Corporation—then take the sheet off your bed to put on the ground to pile the wheat on and cover it with your living room rug. War surplus tents and tarps are also good. Grain inspectors use such terms as "inseparable stones," "heating," "sprouting," and "total damage" to describe your wheat after it has been piled on the ground in the open. Good farm storage will often pay for itself in one year.

**When to Combine**

Elevators can handle wheat up to 14 or 15 per cent moisture because they can turn it readily and mix drier grain with it. Farm stored wheat MUST NOT contain over 12 to 12 1/2 per cent moisture. To be ideal for farm storage it should contain around 10 per cent moisture. Your local elevator can test your wheat for moisture for you. Insects don't like low moisture grain while damp grain attracts them in large numbers.

**One Fumigation Till Spring**

Once stored on the farm the wheat should be fumigated promptly, at least within two to four weeks of harvest. The quicker the better. This kills any insects from eggs laid in the grain in the field, those that crawled out of the walls and those that flew in from your neighbors. The wheat will hold the fumigant for several weeks and one treatment should last till warm weather next spring. Level off the surface of the grain before fumigating. If possible spray the grain uniformly with fumigant from outside the bin. Fumigate in the cool of the day when the wind is not blowing. Commercial fumigants carry instructions on the label. Two common types may be made up. The first mixture is composed of 3 parts of ethylene dichloride and 1 part of carbon tetrachloride. Use this at the rate of 4 gallons per thousand bushels in steel bins and 6 gallons in wooden bins. The second mixture is 1 part carbon disulphide and 4 parts carbon tetrachloride. Use this at the rate

### Contest Puts Bred Swine on County Farms

Prizes given as prizes to winners for the last year have put thousands of Hall County farms, W. county agent, stated. The essay contest started the hogs were non-descript pigs. Today most of

the pigs in this county are from pure bred Duroc boars and sows. This is one of the many things of value started by the 4H in this county. "4H not only teaches the boy to be a better farmer. But in many cases makes the father a better one. When the 4H members' parents see what good livestock, well cared for, will do, he becomes a convert to better livestock. "In increased pork production those pure bred durocs have brought thousands of dollars into the county." Mr. Hooser asserted.

### Never Ending Fight To Combat Polio Begins To Achieve Clinical Results

Commenting on a pamphlet about the attempt to conquer infantile paralysis, written by Associated Press science writer Alton L. Blakeslee, Ph. D., Dr.

C. B. Dryden, Memphis physician stated: "The never-ending fight to combat and treat polio has gone on since the day the symptoms were diagnosed. We doctors have kept a close watch on those experiments.

"Great progress has been reported to us. There is a tradition in the medical profession of progress without sensationalism. In the near future, I hope, we will have a cure, or better yet, a vaccine to fight the dread disease which leaves many people paralyzed.

"The work which Dr. Blakeslee describes is going on. Day and night research workers are trying to conquer polio. When they do, the word 'finis' can be applied to another scourge which has taken so many human lives and made so many cripples."

According to the pamphlet: Such striking progress has been made in treatment during the past ten years that only about 15 to 25 per cent of polio victims are now "left more or less severely handicapped... Forty to 60 per cent of the children or adults who get the illness in recognizable form will recover completely, or almost completely, without any visible evidence of paralysis.

**Prevention Slower** Scientific study of means for preventing the disease has been slower, but a number of recent developments that appear to carry great promise have been made. Monkeys have been inoculated against polio safely and effectively. Unfortunately, the vaccine does not protect the monkeys against all strains of the virus and thus could not offer satisfactory protection for humans.

Top scientists are cited as believing that a safe vaccine for humans will someday be found. The recent success of scientists in almost completely purifying one kind of polio virus should hasten this day.

"Drugs and other chemicals have been found," which "protect mice against viruses like the polio virus, or which help the mice recover when they are given the viruses." So far, however none has been used successfully on humans.

Although little is known about the way in which polio spreads, the pamphlet carries a number of tips for parents in the event that infantile paralysis breaks out in epidemic form in their neighborhood. Parents are urged to:

- Watch Symptoms**
1. Watch for the symptoms that may be weather-vanes of polio: a tired feeling, headache, nausea, upset stomach, pains or stiffness in the muscles, or a fever. A big part of the victory in polio is immediate rest and immediate treatment.
  2. Avoid crowds. There is no way of telling who has the virus,

Let's all go down to the seashore! The scenery is gay and colorful on the beach these sunny days, proves this bathing beauty. She is wearing a brightly striped cotton swim suit designed by Cole of California.

3. Keep children from becoming overtired or chilled.
4. Do not let children swim in polluted waters. Attacks of polio have followed after such experiences.
5. Keep clean. Make sure that the children wash their hands before eating.
6. Keep garbage covered and screen the house against flies.

**Legal Notice**

CITATION BY PUBLICATION

THE STATE OF TEXAS.

TO: B. F. Grice, J. G. Noel and J. A. Foster, and the unknown heirs, their heirs and legal representatives of B. F. Grice, J. G. Noel and J. A. Foster, deceased, and all persons claiming any title to or interest in the hereinafter described real property as Defendants.

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of

the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 13 day of June, A. D. 1949, at or before 10 o'clock A. M., before the Honorable District Court of Hall County, at the Court House in Memphis, Texas.

Said plaintiff's petition was filed on the 28 day of April, 1949. The file number of said suit being No. 8233. The names of the parties in said suit are: Bray Cook as Plaintiff, and B. F. Grice, J. C. Noel and J. A. Foster, and the unknown heirs, their heirs and legal representatives of B. F. Grice, J. G. Noel and J. A. Foster, deceased, and all persons claiming any title to or interest in the hereinafter described real property as Defendants.

The nature of said suit being substantially as follows. to-wit: Plaintiff sues in trespass to try title and for title and possession and alleges that he is owner of Lot No. 1 in Block No. 5 of Lorraine & Reimolds Addition to the

town of Memphis, Hall County, Texas, claiming title and possession by a legal chain of conveyances, and also by virtue of the ten (10) years limitation and by virtue of the 5 years statute of limitation.

Issued this the 28 day of April, 1949. Given under my hand and seal of said Court, at office in Memphis, Texas, this the 28 day of April, A. D. 1949.

**Sentinels of Health**

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—its itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure.

When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.

The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. **Doan's Pills.** They have had more than forty years of public approval. Are endorsed the country over. **Doan's Pills.** Sold at all drug stores.

### You ought to be driving a 49 PONTIAC

### America's Lowest-Priced Straight Eight!

Until they see the actual figures, few people realize that the big, beautiful Pontiac eight is America's lowest-priced straight eight. Not only does it undersell all other straight eights by a substantial margin, but it actually costs less than many six-cylinder cars!

The fact that the Pontiac eight gives so much for so little is the basic reason for the great and growing popularity it enjoys.

Pontiac has distinguished appearance, and distinctive Silver Streak styling. Its spacious Body by Fisher is handsomely upholstered and appointed.

And finally, it is powered by the world's sweetest engine—a great straight eight which is supremely smooth and quiet, instantly responsive to the accelerator, packed with power—an eight which gives peak performance and economy.

We honestly believe that no other car carries such definite assurance of really enjoyable performance at so low a cost. We invite you to come in and take the wheel yourself. We're sure you'll be very pleasantly surprised.

**F. E. MONZINGO PONTIAC**

702 NOEL STREET MEMPHIS, TEXAS

PERSONALS

Mrs. Gene Lindsey and daughter, Pamela, who had visited in Dallas with their parents and grandparents, Mr. and Mrs. H. B. Gilmore for the past three weeks, returned home last week. Mr. Lindsey and his mother, Mrs. H. H. Lindsey, went to Dallas for Mrs. Lindsey and to visit with Mr. and Mrs. Robert Lindsey.

Mrs. Frank Ellis, Mrs. John Barber, Mrs. D. A. Gundy, and Miss Sybil Gurley were in Oklahoma City last week where they attended the Southern Baptist convention. A record crowd was present including approximately 12,000 to 15,000.

Don Paul Howell left last week for Paris where he will visit with his grandparents.

Mr. and Mrs. J. E. Norman and daughter Lynda Jon visited here Sunday night with Mrs. Norman's sister, Mrs. Herschel Combs and family. The Normans, who are now living in Floydada, plan to move to Artesia, N. M., within the next two or three weeks.

Mrs. Ira Lawrence and Mrs. Jack Moreman left Tuesday morning for Portales, New Mex., to visit with Mrs. Lawrence's sister, Mrs. L. V. Hicks. They plan to return home Saturday.

Mr. and Mrs. A. Baldwin left Wednesday for Dallas and Tyler where they will visit relatives.

G. D. Shelley and son, of Lubbock, visited in the home of Mr. and Mrs. R. L. Brewer Sunday.

Mrs. Hooper Shaw left Friday for New Castle, Wyo., to join her husband, who has been there for the past four weeks. Mrs. Shaw was accompanied by her two children and mother, Mrs. Stotts.

Mrs. Henry Hays and daughter Patsy Sue spent Friday night in Electra with Mr. and Mrs. Bryan Jones. Mr. and Mrs. Jones returned to Memphis with the Hays to spend the weekend.

Mrs. Morris Reed and sons and Mrs. Paul Brewer and daughter of Wellington visited here Saturday. Mrs. Reed in the Hank Hankins home and Mrs. Brewer in the Herschel Combs home.

L. R. Davis of Spokane, Wash., visited in the home of his sister-in-law Mrs. R. C. Walker Sunday and Monday. Also visiting there was William Davis of Seattle, Wash.

Mrs. G. R. Sensabought and Mrs. Alfred H. Freeman, who have been visiting their parents, Dr. and Mrs. M. McNeely, returned last week to their respective homes at Dallas and Corpus Christi.

Mr. and Mrs. J. L. Bevers and Mr. and Mrs. Evert Lawrence and family of Lakeview, Mr. and Mrs. W. J. McMaster and Emmz Lou, of Plaska, visited in the home of Kathleen McMaster Sunday.

Mr. and Mrs. W. M. Cofer had as guests over the week end their daughter and family. Mr. and Mrs. J. M. Rice and children of Cactus and Mr. and Mrs. Sam Morgan of Hedley.

Mr. and Mrs. C. A. Mitchell, of Childress, visited in Memphis Sunday with Mr. and Mrs. Leroy Steveson.

Mr. and Mrs. John Dennis and T. J. Dennis attended the baseball game in Mangum Sunday afternoon.

Mr. and Mrs. J. E. Branigan visited in Pampa in the home of Mr. and Mrs. Gilbert Petty Sunday.

Mark Slay of Graford visited her over the week end with his daughter, Mrs. Mack Cofer and family.

Mr. and Mrs. Sam Prather visited in Amarillo with his sister, Mrs. Tom Wright, over the weekend.

There were 4,523 cotton strippers operating in 61 West Texas counties last year. And commercial implement dealers sold 10 thousand rotary hoe attachments for the control of weeds and grass in cotton acreage.

During the first few months of a baby's life, he needs more nightgowns than dresses and pretty clothes. Nightgowns should be easy to wash, quickly dried, easy to put on, comfortable and warm.

54 Pupils Named On Junior High Honor Roll

George F. Childress, principal, has released the following honor roll for the Junior High School. Listed as honor students during the last six-week period of school were the following pupils:

Section 61: W. A. Bishop, Debs Cofer, Robert Allen Hodges, Reggie Jones, Nancy Wiggins, Barbara Shackelford, and Mona Scott.

Section 51: Betty Lemons, Thracia Browning, Betsy Godfrey, Judy Land, Edna May, Jo Ann Odom, Dorcille Stargel, Mary Alice Smith, Jeanine Knightstep and Norma Lue Thompson.

Section 62: Harold Aspgren, Roddy Bice, Jackie Boone, Robert Breedlove, Barbara Edmondson, Juanelle Goffinet, Pauline Hammons, Jo Ann Kennon, Bobbie Nell Long, Carol Ann Monzingo, James Moss, Carolyn Kay Smith and Katherine Wright.

Section 73: Patsy Armstrong, Marthlyn Burnett, Peggy Jo Evans, Don Lee, Shirley Annette Miller, Marieta Pruett, Lynette Reams and Marvin Smith.

Section 53: Marie Branes, Helen Bishop, Lois Ann Cofer, Kerry Moore and Lee Waddill.

Section 72: Janice Ann Anthony Nancy Lee Brewer, Ronald Lee Cawfield, Elizabeth Grundy, Roy Lee May, Johnnie Evelyn McDaniel, Kathryn Sue Miller, James Franklin Smith, Ronnie Mac Smith, Arabella Toney, and Sherry Ann Trulove.

Hornflies and the Lone Star tick are showing up on cattle in a number of places in Texas. Such livestock pests as these can be controlled with a combination of DDT and BHC in 100 gallons of water. See your county agent for spraying instructions.

Mr. and Mrs. R. B. Sampson of Vernon were weekend visitors of her parents, Mr. and Mrs. W. D. Young.

Mr. and Mrs. H. J. Howell were in San Antonio last week where they attended a Junior Convention of the J. C. Penney Company. They returned home Sunday.

Mrs. C. W. Kinkead, L. M. Thornton, who was visiting in Fort Worth past five weeks, returned Tuesday.

**Mrs. Gene Lindsey To Head American Legion Auxiliary**

Mrs. Gene Lindsey was named to head the American Legion Auxiliary for the 1949-50 term during a recent meeting held at the Legion hut. Mrs. Lindsey will succeed Mrs. Dink Dennis, who has served as president for the past two years.

Selected to serve with Mrs. Lindsey were Mrs. Orville Hern, first vice president; Mrs. Grady Simpson, second vice president; Mrs. H. C. Pounds, secretary-treasurer; Mrs. John Barber, chaplain; Mrs. Chas. Drake, historian and Mrs. T. O. Pounds, sergeant at arms.

Joint installation services for the Simmons-Noel Post and the Auxiliary will be held in the near future.

Mrs. Loyd R. Sutton, a former Memphis resident now living in Tracy, Calif., is reported to be improving satisfactorily after undergoing an operation on her foot in a California hospital. She has been released from the hospital and is now recuperating at home, according to a letter received from her this week.

Mr. and Mrs. D. C. Vandeventer and sons and Mrs. Helen Pitman of Dallas, visited over the weekend with their parents, Mr. and Mrs. Joe Vandeventer.

**BRICE**

By MRS. STARR JOHNSON

Those enjoying a fishing trip to Lake McClellan Sunday were Mr. and Mrs. T. H. Gattis and Jimmy, Richard Salmon and the D. P. Osborn family.

Mr. and Mrs. C. C. Rich and family of Clarendon visited Sunday with their daughter, Mrs. T. J. Tice and family.

Charles Osborne of Darrouzette came Sunday to get his wife and son who had visited the past two weeks here with her parents, Mr. and Mrs. Virgil Wallace and with the D. P. Osborns.

Mr. and Mrs. Horrace Vines visited Sunday with her parents, Mr. and Mrs. B. J. Scivally of Quail.

Mr. and Mrs. Armour English of Lelia Lake visited Saturday with his relatives, the Cordell English family.

Mr. and Mrs. Layton Gillespie of Memphis visited here Sunday with his brother, D. L. C. Gillespie and family.

Mr. and Mrs. A. C. Hartzog of Panhandle visited Sunday with their daughter, Mrs. J. C. Johnson and family.

Mrs. Susie Estice left Monday for Commerce where she will attend school this summer. Her son, Wayne, who is a senior in the college there, came for her.

Mr. and Mrs. J. C. Johnson and children visited Friday in Amarillo with his sister, Mr. and Mrs. Ralph Furgeson.

Mary Ida Gattis visited the past week in Amarillo with her aunt, Mr. and Mrs. Frank Harrison.

Mr. and Mrs. C. V. Murff and Mike and N. L. Murff visited relatives in Amarillo Sunday.

Max and Judie Johnson are visiting this week at Panhandle with their grandparents. Mr. and Mrs. A. C. Hartzog.

Mrs. J. E. Kelley of Glendale, Calif., visited Thursday with her sister, Mrs. C. V. Murff.

**"EASY DOES IT"**

By HELEN HALE

A BOWL of steaming hot cereal is an excellent food that sticks to the ribs on chilly mornings. For a flavormore treat, try cooking farina in apricot whole fruit nectar.

Bread that has become somewhat dry and old can be given "oven fresh" appeal by leaving it in its own wrapper and then heating it in a slow oven (300°) for five to 10 minutes. If the bread is very dry, sprinkle it with a little water first, then heat in the same fashion.

Hot sage biscuits are a good combination with pork pie, made, of course, from shreds of the leftover roast. To make the biscuits, add one-half teaspoon sage to your biscuit recipe.

**RECIPE OF THE WEEK**

**Salmon Cakes**

(Serves 5-6)

- 2 cups canned salmon
- 1 large onion, minced
- 1 (8-ounce) can tomato sauce
- 1/2 teaspoon salt
- Pepper
- 1 teaspoon thyme
- 3 eggs, separated
- 1/2 cup butter

Flake and bone fish. Mix with tomato sauce, onion and seasonings. Add beaten yolks and fold in stiffly beaten whites. Drop from tablespoon onto a hot buttered griddle and fry until brown on both sides. Serve with canned tomato sauce, if desired.

Try spiced peach halves on greens next time you serve lamb or ham. Fill the centers of the fruit with whipped cream cheese seasoned with horseradish. Sprinkle with paprika.

When you're cooking prunes, use pineapple juice in place of water if you want to add delicious flavor to this dried fruit.

If you want to serve a real, old-fashioned treat with pork chops, give the family buttered turnips.

Here's an idea for a deviled ham loaf, made with leftover meat: grind the ham, mix with egg and bread crumbs and seasonings such as prepared mustard, horseradish, diced onion, tabasco and catchup. Serve the slices of baked loaf with a spoonful of cold sour cream.

Split pea soup can be made more flavorful and tempting if you add a few slices of sausages to it before serving.

**Vota Vita Class Entertains With Children's Party**

Members of the Vota Vita Sunday School Class of the First Baptist Church entertained their children with a party on Wednesday, May 11, in the home of Mrs. Edwin Smith.

A number of group pictures were made of the children during the afternoon, and refreshments of lemonade and cookies were served.

Attending the party were Peggy Farker, Jim Marcum, Ruth Ann Crisman, Barbara Smith, Michael Vandeventer; Mesdames W. M. Kilpatrick, Doyle Fowler, Fred Crisman, W. R. Parker, J. L. Marcum, Lloyd Vandeventer and Ed Smith.

Mr. and Mrs. Ralph Muffey and Joyce, of Indio, Calif., Raymond Paschall, of Monte Vista, Colo., Sid Wallace and Mr. and Mrs. Warren Adams of Amarillo, visited in the home of Mr. and Mrs. M. W. Paschall and family Sunday.

Clifton Burnett, Gip McMurry and Bobby Jack were in Mangum Sunday to attend the baseball game.

Mrs. J. C. Carter of Dallas is visiting with her sisters, Mrs. O. S. Goodpasture and Mrs. Joe Forkner.

## Editorial

### Good Soil Is Real Wealth

The farmer's responsibility in seeing to it that the soil on his acres does not become a gullied waste is much greater than just affecting his own prosperity. Soil, more precious to the Nation than all the gold and silver we have, is what can keep this country great. China went into a stagnant decline when her top soil was abused; India has been in the doldrums for the last five centuries because her people are hungry. Wars have been fought for fertile acres. Soil, good soil, is the foundation for our and any civilization that does and will exist.

The farmer terracing his land is adding to his own wealth—and directly to the well-being of his own country. We in Hall County have the greatest terraced area in Texas. That is one of the greatest things in the County we can and should be proud of.

Soil Conservation Week, May 22-29, proclaimed by Governor Beauford Jester recognizes the fact that a great nation has a foundation firmly built on good top soil.

Soil, like everything on this earth we use, can be abused. It can be neglected and starved. It can blow away. It can be washed into creeks, which go into a river; the ultimate destination an ocean. Sections where the soil has been abused have become poverty stricken parts of the Nation.

A soil which is taken care of means a healthy prosperous people living on farms and communities adding to the real wealth of the Nation. Good soil adds up to a healthy people in a strong country.

- An average five-year old peach tree probably produces 25 thousand blossoms. Only 250 to 1,250 of these blossoms develop into fruit.

- A \$3,500 grant from Commercial Solvents Corporation to support metabolism studies under direction of Dr. Wendell H. Griffith,

Biochemistry and Nutrition Department chairman, has been made to the University of Texas Medical branch.

- Ice used for shipping vegetables across the country can be too cold. The best temperature is 32 degrees fahrenheit . . . just freezing.

### Press Paragraphs—

#### QUOTING OUR NEIGHBORS

One Reason for the Post Office Debt—Plagued by an ever-increasing barrage of letters, documents and other forms of propaganda from the horde of bureaucrats that infest our national capitol, the County Wide News of Littlefield last week conducted an experiment.

Out of the mass of first class mail, they picked out only two pieces out of a total of 51 that contained anything that could be used as "news". Total cost of mailing, if postage had been paid, came to \$1.32 for the week's of-

fering of propaganda. The pieces were weighed on postal scales as they were received.

Multiplying the week's propaganda receipts by the number of weeks in a year and multiplying that by the number of newspapers and periodicals in the United States—all of which received as much, or more—the total cost attained the staggering sum of \$82,960,000.

Out of this entire mess of propaganda, a casual reading found that its ultimate purpose was to create publicity for the "indispensable" bureau that sent it out.

That sum of almost \$83 million dollars was for postage alone, and does not take into account the heavy cost of paper, the large sums spent for clerical hire, and the tremendous cost to the papers who receive it caused by the time it takes to wade through such a pile of unusable trash.

If Congress would spend a little more time in weeding out the unnecessary bureaus that infest our government, a huge saving could be effected for the long-suffering taxpayers.—The Ochiltree County Herald.

Federal Aid, Pooh!—Congress is about to pass a \$300,000,000 measure to give Federal "aid" to education. It is enough to make one say "Pooh."

Any one knows that Americans support the Federal government and it has no money except what it collects from the people. By the time that the Federal government undergoes its collection expenses, you can be assured that the States will not receive the funds they expect.

Dispatches already indicate that Texas and Oklahoma are dissatisfied with the proposed Federal pay-off. These states are supposed to have incomes below the National average; yet they will not even receive an across the board allotment from this Federal bill.

But this should be expected when the Federal government messes in State affairs. It should take care of Federal projects and keep its hands off State business. It looks like Texas is going to do a lot for education through the Gilmer-Aikin bill.

Already you read about Washington wanting to take a greater hand in college education. Yep, Washington is edging a little further into education and it won't be too many years before Uncle Sam will be running schools from the kindergarten to graduate work.

The Federal proposition began some years ago with vocational teaching and now those Washington boys want to call the tune more and more in the local fields. Texas and the other states had better wake up right now. The Federal government will be regimenting the students, telling them what they can study if this aid from the top isn't stopped.—The Panhandle Herald.

Poor Politics, Maybe . . . But Refreshing, too—President Truman has managed to arouse the public ire again with his blunt statement that he intends to pass out federal patronage to the congressmen who support his legislative program.

Outraged cries of "blackmail" and "dictator" have been heard from the halls of congress, and echoed by newspaper columnists

and politicians all over the country.

We're not condoning the "pork barrel" system of government, but we can't join in condemning the President, either, for doing openly something that has been done more or less under cover by generations of presidents.

Purchasing votes with federal patronage is certainly nothing new to our congressmen. We'll venture to say that they're all fairly adept at the art.

The President hasn't inaugurated any new system . . . he's simply calling the old one by its proper name. That may be poor politics . . . but at least it's refreshing.—The Canadian Record.

- The self-sealing caps that don't require rubber rings for glass jars save time and energy in the sealing process.

## This Week in WASHINGTON

THE HOOVER COMMISSION on reorganization of the executive branch of the federal government has made its report to the congress. It has been on the congressional desks, some of it, for a matter of months. Yet there has been done exactly nothing to bring to fulfillment the monumental task of the commission. The answer as to why is obvious: (1) many agencies with important support from those with whom they do business don't want to be reorganized and, (2) the question of how a particular governmental function should be carried out frequently collides with the policy question of whether it should be carried out at all.

A case in point is the postoffice department. Everyone agrees that there should be no deficit in the postoffice department, but there agreement ends. Nobody agrees on how to get rid of that deficit.

In the past, attempts to reorganize the executive agencies has resulted in exemptions for some in the bill, which open the door for exemptions for all. President Truman and ex-president Hoover stoutly oppose any exemption status for any agency. But the log-rollers will get their work in. The house has passed a bill which would give the president broad powers to reorganize by executive order, but gives the congress power to overrule him within 60 days after submission of his reorganization plan. The senate has a similar bill, which would permit either house to overrule the president.

Various groups are seeking exemption for their pet agencies, various individuals and organizations want the army engineers, the Railroad Labor Executive's association wants railroad regulatory agencies exempted; American Bankers' association wants special status for banking agencies, etc.

The Hoover commission would reduce the number of executive agencies reporting to the president from 65 to 23; it would give the president authority to name heads of units in his department without Senate confirmation.

In the department of the treasury, the reorganization would set up nine agencies, transfer the Reconstruction Finance Corporation, Export-Import Bank and Federal Deposit Insurance Corporation to the treasury and establish an accountant general and monetary and credit

council to coordinate domestic credit policy. In agriculture, the would result in some activities for an assistant and an administrative authorize the secretary home lending services through Farm Credit and land banks, the being second mortgage need \$4,000; liquidate the result of land management Home administration; the activities of the Food Administration and overland and county field organization department.

For instance, in the department there would be important changes which include transferring the the rivers and harbor control functions of the army engineers, the service and public buildings agency and investigation natural gas resources planning functions of eral Power commission. The Hoover report would to the labor department, employees' compensation, employees compensation and the bureau of employment security all from Federal administration.

A new executive department be created to administer security laws, education affairs, the latter being from interior.

A new health department be set up to which transferred the public service, drug functions Food and Drug administration the continental general hospitals of the forces and the headquarters of the Veterans' stration.

There are many other changes. But the extent the field of governmental ition declares that it cannot do this job. It congress to take charge out the changes for a relative policy on this

Besides the two mentioned which puts the tion job on the president about two dozen bills mill providing for spe of a specific agency.

**HOW TO SHOOT A RIFLE**

By ARTHUR E. COOK  
National and Olympic Rifle Champion

There are four standard shooting positions in the target game that also can be adopted to field use. They are: prone, sitting, kneeling, and standing. Prone is most accurate and, in the order named above, they become increasingly more difficult. Learn your aiming and trigger control habits in the prone position. In target shooting always use the gunslung to help hold the rifle in the prone, sitting, and kneeling positions. After loosening the sling you will find a loop in the top end which you can fit snugly around the bicep of your left arm. While you are in position the sling, running from the upper left arm to the upper sling swivel of the rifle, will brace the V formed by the bent left arm. Properly done, this eliminates most of the muscular effort of holding the rifle. Illustrated above are the four positions. In prone, sitting, and kneeling the shooter should half-face to the right of the target. In standing he should be at nearly right angles and shoot over his left shoulder.

Always keep the action open until ready to shoot!

**Mystery Disease Hits Wheat And Causes Damage**

Fifty million dollars damage to Kansas wheat due to what the Denver Post, in a copyrighted story calls a "Mysterious Plague," has struck Kansas wheat fields.

The newspaper says the disease has been diagnosed as a virus malady named "western wheat mosaic" for which there is no known cure. It says the disease has been found in varying degrees from the Nebraska line southward to the Oklahoma border. Prof. L. E. Melchers, head of the botany department at Kansas State College, confirmed existence of the disease, the Post says. "It is a mystery ailment and we don't know how it spreads," Melchers is quoted as saying. "There is nothing that can be done for the diseased plants." The Post says it gathered its

information in telephone conversations with county agents in Kansas.

Oscar Norby, county agent for Finney county at Garden City is quoted as saying: Farmers didn't know the disease had struck. But during the last few days the wheat started looking bad. Experts checked, and we learned the worst."

The disease is said to have last struck in 1920. Melchers says the disease is believed to hit wheat areas only when there is a combination of factors ideal for its spread. He adds that such factors occurred in Western Kansas last fall when heavy rains fell in the area after the 1949 crop was planted.

The Post says indications are that 25 million bushels of wheat will be ruined this year. At present prices, that quantity of

wheat would be worth about 50 million. The Post says authorities at Kansas State College believe the crop in the western part of the state may be cut as much as 40 per cent.

### Clark-Crabtree Nuptials Read In Amarillo

Nuptial vows were solemnized for Miss Mary Etta Clark, daughter of Mr. and Mrs. R. N. Clark of Brice, and Jack Crabtree, son of Abe Crabtree of Thacker, Okla., on Sunday morning, May 15, at 9:00 o'clock. Rev. Tom Carmichael, pastor, read the single-ring service in the Baptist parsonage in Amarillo.

For her wedding, the bride chose a navy blue suit with navy and white accessories. She carried a white Bible topped with a corsage of white carnations. She carried out the traditional custom of wearing "something old, new, borrowed and blue."

Mrs. Aldon Huggins, matron of honor, wore a suit of green complimented with black accessories and a corsage of pink carnations. Aldon Huggins, nephew of the groom, served as best man.

Immediately after the ceremony, the couple returned to Brice where a reception was held in the home of the bride's parents. The bridegroom served four years in the armed forces, with three years of that time spent in the South Pacific.

Following a short honeymoon, Mr. and Mrs. Crabtree will be at home near Tulla where the groom is engaged in farming.

Mr. and Mrs. Byron Baldwin visited in Clarendon Friday night with relatives.

**WOMEN COLLEGE BEAUTIES**—Named prettiest girls of their respective classes at Texas State College for Women, reading from top left clockwise, Miss Agnes Haynes, Orange, freshman; Miss Laura Sessions, Waxahachie, senior; Miss Evelyn Balcar, Beaumont, junior; and Miss Jeannine Holland, Houston, sophomore.

### Pretty Home Service Unites in Marriage Miss Nita Jean Trapp and Roy Dick, Jr.

In a quiet home ceremony, Reverend A. V. Hendricks performed the double-ring ceremony which united in marriage Miss Nita Jean Trapp and Roy Dick Jr., both of Estelline, in the home of the bride's parents Thursday afternoon, May 19, at 5:00 o'clock. The house was artistically arranged with cut flowers.

The bride was attractively dressed in a blue suit and white hat with blue accessories. She carried an arm bouquet centered with a white gardenia from which fell ribbon streamers.

Miss Nell McLean, bridesmaid, was attired in a brown summer suit accented by white accessories and a pink corsage.

Bill Abram served the groom as best man. All male members of the wedding party wore white carnation boutonnieres.

Mrs. Erie Trapp, mother of the bride, wore a black afternoon dress with a pink corsage. The groom's mother, Mrs. Roy Dick Sr., wore a dress of blue with a pink corsage.

A reception honored the bridal party following the ceremony. The bride's table was beautifully arranged on a lace cloth. The three-tiered cake was topped by a miniature bride and groom and cut flowers and ribbon bows completed the decorations for the table, on which were mints and nuts. Mrs. Byron Tinsley of Austin, sister of the bride, presided at the punch service, and after the bride and groom cut the first slice of cake, Mrs. Ted Bruce

### Mrs. Kenneth Bounds, Recent Bride, Is Complimented by Lovely Bridal Shower

Mrs. Kenneth Bounds, the former Miss Johnnie Sue Brewer, was honored with a lovely bridal shower on Tuesday, May 11, in the home of Mrs. Brode Hoover, 311 South 6th street.

The lovely new home was attractively decorated for the occasion with arrangements of cut flowers. Mrs. Dell Rich registered the guests as they arrived.

The program consisted of games and the life's history of Mrs. Bounds. To conclude the program Miss Margaret Ann Massey gave a reading appropriate for the occasion.

Laid with a lace cloth, the dining table was centered with a crystal basket of red rose buds. Mrs. M. L. Evans served punch from a fustoria punch bowl. Assisting Mrs. Evans in serving were Mrs. Jack Moreman and Mrs. John Smith.

The honoree received many gifts from her friends. The hostesses' gift to the honoree was a four piece set of Revere aluminum ware.

The hostess group included Mesdames Brode Hoover, Ira Lawrence, Jack Moreman, M. E. Evans, Dell Rich, John Smith, Jack Monzingo, Frank Goffinet, Jute Gable, C. L. Pierce, Monty Alwine, Gray Carter, Walter White, Ollie Lee, J. O. Ables, R. A. Wells, Dan McCollum, M. C. Allen and Mrs. Beulah Black.

### Miss Wanda Reynolds Will Receive Degree From TSCW in June

Miss Wanda Reynolds, daughter of Mr. and Mrs. C. A. Reynolds of Memphis, is one of the candidates for bachelor's degree to be awarded at Texas State College for Women next month, college officials announced this week.

Degrees will be conferred at 9 a. m. June 6 at the college main auditorium. Dr. L. H. Hubbard, president of TSCW, will be the commencement speaker.

Mrs. Reynolds is planning to go to Denton for the commencement exercises.

Mr. and Mrs. Foster Watkins and sons Watty and Seth Pall of Quanah visited her parents. Mr. and Mrs. Seth Palmeyer over the weekend.

of the table were two-tiered wedding cakes topped with miniature brides and grooms.

Attending the reception were approximately 40 guests.

Mr. and Mrs. Akins will make their home in Hale Center where the groom is employed as a tailor.
