## Crop Prospects Best In 60 Years

Prospects in Hall County are the best in 60 years, County Agent asserted Wednesday.

"It was a real boon to the county as the prospects of a 'rainy' Hooser."

That afternoon the rain surrounding the area was about 1.15 inches of rain near one inch from Memphis to the south and the rain said the rain was only light.

Merchants of Memphis will once again stimulate the Dollar Day trade by offering many unusual and outstanding bargains for the shoppers of this trade area.

With ads in this issue of The Democrat showing many values at amazingly reduced prices, it is evident that it will pay those who live in this trade area to make their plans now to do their shopping in Memphis on Dollar Day. Don't forget the date—Monday, August 1.

## MEMPHIS HOLDS DOLLAR DAY AGAIN MONDAY

The Chamber of Commerce retail trade committee reminded residents of this trade area that Memphis will hold its fifth Dollar Day on Monday, August 1.

The committee reports that both shoppers and merchants have entered into the Dollar Day idea enthusiastically and past results have been most satisfactory.

## Young Ewing Boy Buried in Hedley

Graveside services for Dennis Dwight Ewing, five-month-old son of Mr. and Mrs. Tom Ewing were held at Hedley Cemetery Tuesday at 4 p. m.

The infant died Tuesday morning in Hedley. He was born in Hedley on February 19, 1949.

Services were conducted by Gray Carter, minister of the Memphis Church of Christ. They were under the direction of Marcum Vandeventer Funeral Directors.

Burial was in Hedley Cemetery. Survivors include his mother, Mrs. Hazel Ruth Ewing of Hedley, his father, Tom L. Ewing, of Wichita Falls and a grandmother, Mrs. Sam Younger of Hedley.

## District Court Meets Tuesday

The District Court was in session here Tuesday with District Judge Luther Gribble on the bench.

In the only important action of the Court, two Lakeview youths were given suspended sentences following their conviction of the robbery of C. C. Crozier's store at Lakeview on the night of May 8.

The two boys pleaded guilty and were each given three year suspended sentences by Judge Gribble.

**YOUNG LEADERS**—A number of Hall County's younger farmers are also supporters of the Canadian Jersey project which has been drawing state-wide attention. Shown above is John Luther Byars, 17, of Lakeview with his choice Jersey heifer. Byars' remarkable 4-H work has brought him national acclaim. (Photo courtesy Amarillo Times).

## Hall County Gets \$73,000 FM Rds.

The Texas Highway Department has notified Hall County officials that the Texas Highway Commission has passed a construction order which will include two Farm-to-Market roads in Hall County at a cost of \$73,000.

The commission has designated a two mile stretch from the end of Farm-to-Market road 658, located southeast of Turkey, for construction work.

Also included in the Hall County project is approximately seven and three-tenths miles of road from State Highway 256. This road is two miles west of Lakeview, runs south and turns east and will eventually connect with (Continued on Page 8)

## Body of Pfc. Tyler To Be Returned; Services Are Pending

Word was received here today that the body of Pfc. Harry Tyler, who was killed in action in Holland on March 1, 1945, will arrive in Memphis on Thursday evening, August 4.

Pfc. Tyler was the son of Mrs. Josephine Tyler of Ft. Worth, formerly of Memphis, and was a graduate of Memphis High School.

Funeral services are pending and will be under the direction of Murphy-Spicer Funeral Home. Burial will be in Lakeview.

## New Officers of Odd Fellows Are Installed Here

Over 100 members of the Odd Fellows Lodges of this district were present for their joint installation services held in the cafeteria of the Memphis High School gymnasium here Monday night.

Buster Hughes of Wellington, district deputy grand master, was in charge of the installation ceremonies.

Officers were installed for the following lodges: Memphis, Clarendon, Lakeview, Wellington and Childress.

Estelline officers were not installed at this ceremony but will have their installation in Estelline next week.

New officers installed for the Memphis IOOF Lodge were: McKenzie Robertson, Noble Grand; J. E. Miller, Vice Grand; H. N. Blackmon, Warden; R. C. Vinson, Conductor; J. E. Hodges, Inside Guardian, and Alvin Phillips, Outside Guardian.

Also installed were: C. R. Sargent, Right Supporter to Noble (Continued On Page 8)

## Keyser Predicts Band Will Have Successful Year

The enrollment music test for the "A" band will be given those music students who have not had an opportunity to take it on any Saturday before the opening of school, Director Perry Keyser said this week.

He added that the enrollment test will be given at the band house.

Keyser said that the six weeks summer band program for the Memphis Public Schools was very successful. It came to a close on July 16.

Half the membership of the Cyclone band this year will consist of high school students new to the marching band, the director pointed out.

"However, the 1949-50 Cyclone marching band may be one of the largest and best that Memphis has had in recent years," Keyser stated.

He said that the band instrumentation will be much better this year.

Keyser listed the following students as being on the "A" band honor roll for the last week of the summer band program: Sue Miller, Tom Way, Marilea Pruett, Betty Burnett, Clinton Jones, Billy Allen Combs, Donna Webb and Anita Murphy.

## C of C Photo Contest On

Carl Harrison, chairman of the Chamber of Commerce photography contest committee, has requested that amateur photographers of this area start submitting their contest pictures as soon as possible.

"All pictures should be mailed or handed in at the Chamber of Commerce office along with the contestants name and address," Harrison said.

Prizes of \$35 cash and two cameras await the winners in this contest which was announced two weeks ago. The cameras will be second and third prizes.

Committee members in charge of the contest are Harrison, John Fowler and Herschel Combs. A group of impartial judges will be named to pick the winners in the contest, which officially closes on September 15.

The pictures must be of an interesting subject made in Memphis, the surrounding area or some other section of West Texas, Harrison said. Pictures of persons are not acceptable unless the individual shown is a part of a story told by the photograph.

A description of the story being told by the picture must be submitted with the photograph, it was pointed out.

Some fine crops were observed between here and Minnesota, and some sections of country looked like paintings, with its hills, dales, running streams, stretches of timber, lakes, herds of fat cattle and green and growing crops. But, the Panhandle of Texas looks more like home to me.

I am thankful for many things, but most thankful for friends. All the time I was away, I was cheered by letters, cards, personal visits and phone calls. Otherwise, existence would have been drab indeed. To each of you I want to express my heartfelt thanks and appreciation.

## Funeral Services Held at Plaska For Hedley Infant

Funeral services were held at the First Baptist Church at Plaska this afternoon at 2 p. m. for Steven Lee Spannagel, infant son of Mr. and Mrs. L. E. Spannagel of Hedley.

Steven Lee died Wednesday in Memphis.

The last rites were conducted by Rev. W. S. Crawford of Newlin. Services were under the direction (Continued on page 8)

## Bible School Begins At Lakeview Monday

The annual Vacation Bible School of the Lakeview First Methodist Church will be held from Monday, August 1, through Friday, August 12, according to Rev. O. C. Evans, pastor of the church.

Rev. Evans said that classes will be held from 3 until 5 p. m. each afternoon during the bible school session. Youngsters will be classed in primary, junior and intermediate divisions.

He stated that an outstanding staff of workers had been selected to direct activities with Mrs. Ed Hillhouse serving as general chairman.

## Mother of Memphian Dies in Tulsa Tuesday

Mr. and Mrs. J. C. Ross left Memphis Wednesday morning for Tulsa, Oklahoma, after receiving word that Mrs. Ross' mother, Mrs. W. B. Cousins, died there Tuesday night.

Details of funeral arrangements were not known at that time but burial for Mrs. Cousins will be in Quannah, at the side of her late husband.

Mrs. Cousins resided in Memphis some 15 year ago. (Continued on Page 8)

Hall County's wheat acreage allotment for 1950 has been set at 32,285 acres, according to information received by the Hall County ACA office this week.

This is some 10,717 acres under the 42,000 acres planted in Hall County this year, Lynn McKown, ACA secretary, pointed out.

These allotment figures will allow Hall County farmers to plant approximately 85 per cent as much wheat in 1950 as this year, McKown pointed out, giving Hall County a reduction of some 15 to 16.7 percent.

"This is under the average nationwide 17 percent reduction average for the entire United States and is considerably under the 22 percent reduction figured for Texas as a whole," he stated.

**Crop Histories**  
Allotments were figured principally on the wheat crop histories of Hall County ranging back to 1945, it was pointed out. Fortunately for this county, wheat has come into more prominence as a regular crop during this period hence the county allotment was higher.

Rigid marketing quotas on the 1940 wheat crop will not be invoked, as was previously planned, according to information the ACA office here has received from the (Continued on Page 8)

## URRFICD Officials Meet Here

The board of directors of the Upper Red River Flood Control and Irrigation District will meet with officials of the Reclamation Commission at 4 p. m. here today, according to T. J. Dunbar, secretary of the organization.

Dunbar said the names of the Reclamation officials who will be present at the meeting were not available at press time. Nor could he release any information as to the purpose of this meeting.

"However, we are hopeful that it might mean the real beginning in our campaign to get the Commission to hold an investigation of the needs of the proposed dam on the Prairie Dog Town Fork of Red River," Dunbar pointed out.

This is the latest development in the URRFICD drive to get the dam project underway. Earlier the organization had sent Dunbar and E. B. Tunnell of Plainview to Washington to discuss the project with officials. Two weeks ago Senator Tom Connally wired the organization that he was optimistic over the project's chances.

This meeting today might show (Continued On Page 8)

## Firemen's Drive Still Underway

Contributions to the resuscitator drive being sponsored by the Memphis Volunteer Fire Department reached a total of \$567.65 late this week, according to Robert Duncan, president of the department who is in charge of the solicitation of funds.

Duncan and Harry Aspgren, assistant chief, collected this amount in their solicitation of business firms and individuals last week.

"We are very grateful to the citizens of Memphis who have shown such a fine spirit of co-operation in helping raise the necessary funds to purchase the resuscitator," Duncan said.

However, the drive is still short of the necessary \$650 needed to purchase the unit, it was pointed out.

The resuscitator is used to revive asphyxiation victims and is more commonly known as a mullmotor. It is a portable unit and can be used for victims of smoke suffocation, carbon monoxide poisoning, drowning, electric (Continued on Page 8)

## RENEWED INTEREST ASKED NOW AS STREET MARKER DRIVE NEARS END

All block captains who have not turned in complete lists in the street marker drive have been asked to do so as soon as possible by Roy Coleman, chairman of the Chamber of Commerce Civic Affairs committee.

Coleman said his group plans to place the orders for the street and house markers early next month and it is therefore necessary to have these block lists in as soon as possible.

Proposed plans indicate that every intersection in Memphis will have a new street marker and the house numbering system will be corrected and completed sometime during August.

The project has been estimated to cost around \$2,500 for the street markers and house numbers.

"We wish to thank all block captains and citizens of Memphis (Continued on Page 8)

## C of C Inaugurates Booster Project

Tourists passing through Memphis can expect an even more friendly welcome than has been shown in the past as a result of the latest Chamber of Commerce project.

Manager Clifford Farmer explained this week that the Chamber of Commerce has made all Memphians who meet tourists and travelers in their work official goodwill ambassadors of the city.

"These are the people who impress visitors to Memphis," Farmer pointed out, "because they are the ones who meet them in their work and thereby have conversation with them."

"They are doing a real service (Continued On Page 8)

# Owls Breeze Past Shamrock 21-3 Thursday

Everybody got into the act at Estes Park Thursday night as the Memphis Owls slammed out 18 hits and capitalized on six Shamrock errors to maul the "weak sister" of the Red River Valley League 21-3.

Outfielder, Metz LaFollette was the leading power at the plate for the Owls as he banged out three hits in three official trips, highlighted by a circuit clout in the seventh inning. He also collected a double and a single and was walked twice to tally four of the Memphis runs.

Leonard Ruyle did the Owl hurling duties. He gave up 9 hits, struck out eight Green Sox batters and walked two.

Shamrock used Bybee and Hendrix on the hill but neither could effectively halt the Owl attack. The Owls were given five gratis bases to aid their scoring.

Memphis scored four runs in the first inning, four in the third, seven in the fourth, two in the fifth, one in the seventh and three in the eighth.

The Green Sox pushed over one tally in the fifth and two in the ninth.

## Boys' Softball

# Junior All-Stars Wallops Lesley

Junior League softball featured one game Friday night as Jimmie Gibson's Wildcats beat Duke Frisbie's Blackhaws 9-4 and continued to hold a tie for first place in the loop.

The Wildcats scored in the second, fifth and seventh innings to keep their circuit record perfect. In exhibition games, the Memphis Junior All-Stars took two games from Lesley last week. The local youngsters battered Lesley 15-1 at Lesley Thursday night and slipped by them again 9-7 at the City Park Friday night.

Duane Miller's Cardinals of the Intermediate League were manhandled 17-2 by the Lesley A team in the nightcap at the City Park Friday night. The Cardinals were never really in the ball game and couldn't check the visitors' attack.

League Director Ted Myers has released this week's schedule which includes three games, one Junior League scrap and two exhibition tilts with Lesley.

Thursday night the Lesley A team will tangle with Duane Miller's Cardinals in a return game at the City Park. Myers said game time is 8:15 p. m.

Friday night Billy Comb's Eagles, currently in fourth place

in the Junior League, will meet Ronnie Mac Smith's Bearcats, pace-setters in the league. This loop game begins at 8:45 p. m. at the City Park.

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

### Barn South of Memphis Burns Early Wednesday

Three alarms were answered by the Memphis Fire Department this week although a early-morning blaze Wednesday, which destroyed a barn, did the only real property damage.

The barn belonged to Robert Grisham and was located one mile south of the Hillcrest Station. The fire was reported at approximately 5:15 a. m. Wednesday. Local firemen reported about two tons of cottonseed, some combine belts and several stoves were destroyed.

Firemen were limited to booster equipment in fighting the blaze and made two runs to the scene of the fire.

Fire Marshall Henry Stinnett and Driver Frank Ritchie made the first run. They returned for help after the truck's booster supply had run out. While they were checking a gasoline blaze.

Other fires this week included a culvert on Highway 287, north of Memphis, Monday afternoon and a grass fire near the home of Junior Godfrey, 1615 Dover St., on Friday. Neither of these fires did any mentionable damage although the Memphis Fire Department answered both calls.

### County Farmers Encouraged to Build Terraces

Hall County ACA Secretary Lynn McKown remained local local farmers this week that wheat land should be terraced within the next 60 days.

"The ACA will assist farmers with their terracing at the rate of \$79.20 per mile," McKown said.

He pointed out that contractors are available to do this working and that other government agencies will gladly run lines upon request.

"We have approximately \$30,000 to issue to Hall County farmers for soil conservation assistance for the remainder of 1949," McKown said.

He stated that most of this money will be used to build terraces, eliminate mesquite, build earthen dams, drill wells and other similar projects.

Sunday night Memphis meets Childress at Estes Park in the first game played here under the lights on Sunday. The game will start at 9 p. m. in order to avoid any conflict with church services, Pierce said.

He has picked Metz LaFollette to handle the Owl pitching chores against the fifth-place Cats.

Missionary Council Meets in Regular Session Monday

Monday afternoon, July 25, the Women's Missionary Council of the First Christian Church met in the Ladies Lounge at 3:30 o'clock for their regular missionary meeting.

At the June meeting the following officers were elected: President, Mrs. Susie Coleman, vice president, Mrs. Kathryn Milam; secretary and press reporter, Mrs. Mary Jane Thompson, and treasurer Mrs. Inez Aspgren.

After a brief business meeting presided over by the president, Mrs. Coleman, the following program, with Mrs. Tommie Kesterson as leader, was given:

Song by group, "Oh Master Let Me Walk With Thee"; year's theme, "The Everlasting Gospel, Rev. 14-6; prayer poem by James Metcalf, Mrs. Tommie Kesterson; devotional theme and study for the year, Heb. 12:27, Mrs. Belle Odom; song by group, "The Church's One Foundation"; a brief history and discussion of Christian work in different countries, Ethel Rogers, Joe Moore, Vee Knight and Susie Coleman; song by group, "We Have a Story To Tell." The meeting closed by giving the council benediction in unison.

The hostesses, Mrs. Mable Roberts and Inez Aspgren, served dainty refreshments to the following: Mesdames Tommie Kesterson, Mable Roberts, Inez Aspgren, Lizzie Aduddell, Joe Moore, Denna Jones, Ethel Rogers, Olive Adkins, Belle Odom, Elsie Smith, Vee Knight, Susie Coleman, John

Former Memphian Becomes Bride in Santa Fe Rites

From Los Alamos, N. M., has come news of the marriage of a former Memphian, Miss Mazie Perkins, and Carroll Anderson of Los Alamos. The bride is the daughter of L. G. Perkins of this city.

Nuptial vows were solemnized on Saturday afternoon, July 16, at 3 o'clock in the parsonage of the First Methodist Church of Santa Fe, N. M., with Bishop Angie Smith officiating.

The bride is well known here. She is a graduate of the local high school and of Northwest Texas Hospital School of Nursing.

At the present time, both Mr. and Mrs. Anderson are employed at the Los Alamos atomic plant.

Can Black-Draught Help Physical Fatigue?

Yes, Black-Draught may help physical fatigue if the only reason you have that listless feeling is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller with four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, mental haziness, bad breath — and if these symptoms are due only to constipation — then see what Black-Draught may do for you. young man was milking a cow. With a snort she asked, "How is it you are not the front, young man?" "Because, madam," answered the young man, "there ain't no milk at that end."  
Doctor: "Has your husband taken the medicine I prescribed—a tablet before each meal and a small whiskey after?" Wife: "Mebbe he's a few tablets behind, but he's a month ahead w' th' whiskey?"  
This one actually happened: I was lying down with my bad leg under a lighted foot. My nephew, Pinky Vineyard, came in and remarked, "Unk, I knew a lot of people came to this hotel to get lit up, but I never dreamed you would."  
Don't know when I will get back to work. Herschel and Helen Combs and all the rest of The Democrat staff have been doing such a good job with the paper, I

am about to decide they do better without me around than they do when I am on hand.

Duncan said he plans to make another solicitation of Memphis later this week but pointed out that all those who have not yet contributed and wish to do so should send their donations to Winifred Wise or give them to a member of the department.  
Duncan said they were anxious to close the drive as soon as possible in order to have the resuscitator on hand for use when needed.

office, Hooser said.  
"It is a difficult task but is certainly worth the effort in view of the fact that every farmer in the county will save 25 cents on each bale of cotton classed," he pointed out.  
Hall County officials have been advised that sampling supplies necessary for identifying and shipping samples for classification will be mailed or delivered to them for distribution before the start of the ginning season.

for their fine co-operation in this worthwhile project," Coleman said.  
Coleman said that the civic affairs committee of the Lions Club, headed by Robert Moss, has also agreed to join in the campaign and help wind it up as soon as possible.  
"All block captains should have their completed lists into the Chamber of Commerce office as soon as possible to make the drive a complete success," he reasserted.  
Serving with Coleman as zone captains in the drive were: O. R. "Doc" Saye, Tommie Potts, Clyde Milam and Bill Kinslow.

**Wheat Acreage**  
(Continued from Page 1)  
Agriculture Department.  
Only the acreage allotments, which are less restrictive in their effect on production, will be imposed, McKown said. Hall County farmers are not required to plant within their price support in 1950.  
It is estimated that price support for next year will average around \$1.85 per bushel on the cereal grain.

**First In 10 Years**  
The 1950 wheat acreage allotments are the first that have been imposed on the nation's farmers in 10 years. They were removed in the early war years when the government encouraged, all out production to feed our people and allies.  
Since then, nationwide planting spree plus government price support which insured the farmers a profitable crop investments have piled up wheat surpluses in all terminals and warehouses. Government officials were pointing toward acreage allotments even before the 1949 crop was harvested.

However, the marketing quota plan was dropped two weeks ago when the wheat crop prospects for the nation declined 148,000,000 bushels during June to 1,118,000,000 bushels.  
Co-Operation Asked  
It is estimated that the 1950 acreage allotment for the nation will produce a crop of about 1,110,000,000 bushels at average acre.  
This year Hall County produced some 564,000,000 bushels on the 42,000 acres planted.  
It was pointed out by the ACA that failure of farmers to comply with the 1950 allotments could well force the use of marketing quotas the following year.  
Under the quota system the government tells the farmers how much wheat they may sell. Sales in excess of these quotas would be subject to a stiff penalty tax which, under original plans, would

have been about 90 cents on the bushel next year.  
Wheat farmers should comply with the 1950 acreage allotments, the ACA secretary said, or else face the possibility of glutted markets, disastrous price breaks and an undue burden on the whole price support program.  
McKown said the allotments would be mailed out to the individual farmers in Hall County within the very near future, probably Friday.

**"WHAT'S THIS PRESCRIPTION FOR?"**  
When you ask your pharmacist to tell you, on the basis of your prescription, what your illness is, you ask him a question to which you should not expect an answer.  
Many important drugs prove useful in a variety of diseases. The use of a certain drug in your prescription may not serve, therefore, as an exact clue to the nature of your illness. Quinine, for example—long known for its qualities in combatting dreaded malaria—has frequently been prescribed in treating other conditions. Then, too, some drugs are known to counteract specific symptoms only, while the same symptoms may be observed in more than one type of illness. The doctor who examined you and diagnosed your condition will have given you all the necessary information. It is not within the pharmacist's province to diagnose illness. His is the task of preparing the prescribed medication in a manner that will be the most effective. His scientific training enables him to overcome chemical or physical incompatibilities that may present themselves in a mixture of various ingredients.  
Your pharmacist's skill makes sure that each dose of the finished product will contain the exact amount of the drugs your doctor intends you to have.—Reprinted from a copyrighted advertisement published by Parke, Davis & Company, Detroit 32, Michigan.

**Now... Chrysler Offer**

**1—Safer Driving!** Through the years, the greatest advances in safety come to you first from Chrysler. Now there's a new advance in steering... Chrysler's "center control" steering! Your days of fighting a wheel are over. There's greater road stability, easier handling, less road shock. Even the leather covered foam rubber Safety-Cushion dash, and the new "Bulls-Eye" headlight lenses are designed to give you extra protection.

**2—Safer Design!** Now the engineers who pioneered the first all-steel car bodies have developed a still safer body and frame design—23% more rigid. You have full control of your automatic gear shifting car. With Prestomatic Fluid Drive Transmission, the Safety Clutch enables you to take over in emergencies, select the gear you need.

**3—Safer Vision!** When Chrysler introduced the first 4-wheel hydraulic steering years ago—they brought to the idea of car design a new idea. It is the idea of car design begins with safety, then builds beauty, performance! You can't possibly imagine the difference until you drive this car. Feel much more confident you feel in this car with its mighty High Compression engine.

## Owls Blast Cats For 12 Hits; Win Sunday RRV Game 7-2

### PITTMAN HALTS CATS WITH FOUR HITS TO PACE TEAM

The Memphis Owls pushed over one run in the fourth inning, two in the seventh and exploded for four tallies in the eighth at Childress Sunday night to blast the Cats 7-2 in a Red River Valley loop game.

Hurler Doc Pittman set the pace for the Owls as he rationed the Cats to four scattered hits, one in the first, one in the fifth and a pair in the ninth. Pittman's offerings baffled the Childress nine, as usual, and he struck out 15 of the 31 batters he faced.

The veteran right-hander allowed only one gratis base. Meanwhile, Pittman's teammates were pounding two Cat moundsmen, Cliff Jones and Thomas, for 12 hits to provide passage for their seven runs. Hamrick led the Owl attack with three safeties, a double and two singles, in five official trips to the plate. Jones was charged with the defeat.

#### Six Tight Inning's

The game was a nip-and-tuck affair for the first six innings. Both teams were scoreless until the top of the third when Memphis chalked up their first tally.

Dorman reached first on a hit, stole second and sent home on Ford's simple and the Owls surged ahead.

It was a short-lived lead. Kitchens scored for the Cats in their half of the inning to knot up the game again.

The Owls began their victory drive promptly in the top of the seventh when the front of the batting order faced Jones. Pruitt doubled and was sent home immediately on Coppage's triple who was in turn given a clear ticket to the plate by Hamrick's double.

For security purposes the Owls added four more runs during their stay in the eighth frame. Edmondson led off the rally with a triple. He was followed in scoring by Pruitt, Hamrick and LaFollette.

Childress scored their second and final score in the last of the ninth when a half-hearted rally sent Gravelly to first on a walk and he was given clearance home on singles by Gullet and Kitchens.

### Second Scout Camping Trip Now Planned

Local Boy Scouts James Freeman, Jr., Carrol Gardenhire, Max McCoy and Billy Combs spent last weekend on a camping trip at Medicine Park, Oklahoma, in the Wichita Mountains.

Myers said the boys studied nature, lore, camping techniques, woodcraft and other outdoor topics of interest to scouts. He reported the trip was very successful.

The Scoutmaster said the second group of Scouts from Troop 35 will leave Friday night for a similar weekend of camping in the Wichita Mountains.

Those who will participate in this weekend of camping are: Snow Price, Bobby Crooks, Carl Lee, L. Duanne Miller, Adrian Combs and Scoutmaster Myers.

### Memphis Officer Now On Duty at West Coast Port

Capt. Ogle J. Martin, Memphis, Texas resident, recently reported for duty at the San Francisco Port of Embarkation. He was assigned to the Water Division, according to an army public relations release.

He is the husband of Margaret H. Martin and father of two children, Gweneth L. Martin and Sandra J. Martin. His father, Mr. Mance C. Martin, resides in Plainview, Texas. Capt. Martin entered military service in 1934 at Fort Crockett, Texas.

Mr. and Mrs. J. W. Vallance are enjoying two weeks vacation at Sulphur, Okla.

**SPRADLIN REUNION**—For the first time in 13 years, the five sons of Mr. and Mrs. Henry Spradlin of Memphis were at home for a reunion on Sunday, July 17. ### Underestimated Calf Shunned at Sale 11 Years Ago Now Real Producer

A heifer that attracted little attention as a calf at the 4-H Club sale here 11 years ago has today proven that she was greatly underestimated by the cattlemen who overlooked her at that sale.

The calf belonged to Allen Ray Webster, son of Mr. and Mrs. Dot Webster, who was later killed in action during World War II, and was hardly noticed by the men who were buying calves at the sale.

So Mrs. David Davenport, Sr., of Lakeview bought the calf from the disheartened youngster "who only wanted to make back to feed bill."

Mrs. Davenport bought the calf partly out of sympathy and partly to encourage the youngster's interest in 4-H work.

But that was 11 years ago. Now "Dolly," as the heifer was named, has proven her real value to be much more than the purchase price.

"Dolly" has produced 10 calves since that time. The first was a heifer and the next three were bulls, which Mrs. Davenport sold for 4-H Club calves.

"Dolly" climaxed her productive career recently when she gave birth to twin calves, a heifer and a bull. Quite a record for a heifer that was sold "just to pay the feed bill."

### Wellington Golfer Sinks Hole-in-One

The golfer's greatest dream—other than breaking 100—came true for Calvin Hurst of Wellington while playing at the Memphis Country Club Golf Course Sunday, July 10.

Hurst made a hole-in-one on (Continued on Page 8, Sec. 2)

### Age Limits for Admission to Boy Scouts Lowered in Three Groups

Age requirements for Cub Scouts, Boy Scouts and Senior Scouts were lowered recently by the National Council of the Boy Scouts of America, according to Ted Myers, scoutmaster of Memphis Troop 35.

The new age requirements,

which will become effective September 1, are as follows: Cub Scouting, eight years of age; Boy Scouting, 11 years of age, and Senior Scouting, 14 years.

This action was taken on the recommendation of the organization's Special Committee on Age Study. It followed three years of intensive study during which the following factors were taken into consideration: practice of other Scout Associations all over the world, scientific opinion, relationships with school programs, recommendations of Local Council and Executives, opinions of Unit Leaders and the opinion of parents.

The programs of Cub Scouting and Boy Scouting will remain unchanged. However, a new program for Senior Scouts was adopted, Myers said.

Henceforth all young men 14 years of age or over in the Boy Scouts of America, whether in troops or in specialized units, shall be known as Explorers and the program for them will be called "Exploring."

This program will be broad enough in its scope to include land, sea and air activities as well as life explorations, Myers pointed out.

Explorers in a troop will be formed into one or more crews under the leadership of an adult who will be known as the Explorer Advisor.

The explorers in the crew within a troop will carry on the explorer program with all four of its phases—a vigorous physical and outdoor program, a vocational exploration program, a balanced social program and a service program.

The activities within the explorer program will be developed by the explorers themselves, according to Myers. They will be aided by suggestions and the active guidance of their advisor.

Mr. and Mrs. J. B. Lowe and family were in Memphis over the weekend visiting his parents, Mr. and Mrs. R. E. Lowe. Mr. and Mrs. Lowe are living in Amarillo and are at present enrolled at West Texas State College where they are working on their masters degrees.

Mr. and Mrs. Leo Fields and Mr. and Mrs. Al Burks have returned home following a vacation trip in California. Among places they stayed in their tour of the West coast state was the fashionable Wilton-Hotel, Long Beach.

#### NEW TECH COURSE

A new course, Fashion in Dress, is being offered for the first time this fall in the home economics division at Texas Technological college. Designed especially for women who are non-home economics majors, it has no pre-requisites.

Work will be done in assembling garments and accessories suitable for different occasions and personalities.

**Social Security News**

During May and June the Amarillo social security office issued 1105 new social security cards. Most of these were issued to young people who are taking jobs for the first time. Since the account number is the key to the social security bookkeeping system all workers should observe the following four points:

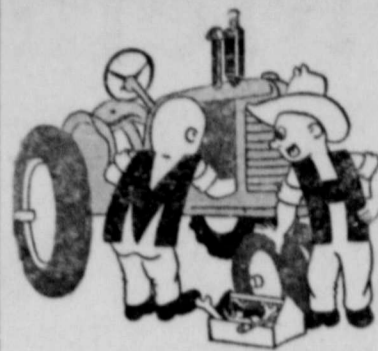

1. Everyone who does any work in jobs covered by the Social Security Act should have an account number card, and should show it to each employer.
2. The same number should be used on all covered jobs.
3. If the social security card is lost, a duplicate should be applied for immediately.
4. The nearest social security office should be contacted when a worker dies or reaches age 65.

For complete and accurate information on social security matters you are invited to contact the Amarillo office or the representative when he is in Memphis. Floyd B. Ellington, Amarillo office representative, will be at the Court House at 11:00 a. m., Tuesday, August 9th.

Mr. and Mrs. Pleaton Alexander and Patricia, Billie Dell Martin, and Mr. and Mrs. Obrey Robertson and sons left Monday for Buffalo Lake on a two or three days fishing trip.

Mr. and Mrs. Joe Webster of Ft. Worth were in Memphis over the weekend visiting with friends and relatives.

Roy Alvin Massey, Sturdevant, Jackie Shirley Foster were in Memphis Sunday afternoon.

A Change is in Order...

**Change to OIL-PLATING!**

Revealed!... You'll be amazed at the smooth performance your car can give with Conoco N<sup>th</sup> Motor Oil! Because there's an exclusive ingredient in Conoco N<sup>th</sup> that fastens an extra shield of lubricant to the moving parts. That's wonder-working OIL-PLATING!

Guards Your Engine!... Another additive in Conoco N<sup>th</sup> lessens power-loss due to carbon and sludge. It combats combustion acids, too. Conoco N<sup>th</sup> guards your engine.

Oil-Plate today at your Conoco Mileage Merchant's!

Stays Up!... OIL-PLATING holds fast to metal parts. It can't all drain down, not even overnight. No gouging, rasping "dry-friction" starts with OIL-PLATING.

A Bargain!... Conoco N<sup>th</sup> is tough. It doesn't break down under summer driving. You can't afford ordinary oils when you get so much from Conoco N<sup>th</sup> Motor Oil!

## Turning Back Time 25 Years

From The Democrat Files

July 24, 1924  
RAINS AND WIND  
A terrific electrical storm accompanied by a heavy downpour of rain, did considerable damage in the city of town.  
The rain continued to fall all night and Tuesday morning amounted to about two inches. Some hail fell in a small area in the Salisbury community.  
Damaged were: the Johnson Bros. Barber Shop, Midway Cafe, Harrison-Clover Hardware Co., Tourists' Garage, Hogland Mercantile Co., Walter Woods Gro-

cery, Scott's Tin Shop and the White Rose Cafe.  
**BAND STAND BEING BUILT**  
—The band stand which is being erected at the Library Park, under the sponsorship of the 1913 Study Club, is rapidly taking form and nearing completion.  
The cost of the building will exceed the estimated amount, the total cost being approximately \$500.  
**DRUG COMPANY UNDER NEW NAME**  
—A business transaction was consummated last week by which C. C. Meacham became the owner and manager of the Baldwin Drug Co. The firm is now doing business under the name of Meacham Drug Co.  
Mr. Meacham has recently withdrawn from the drug business at Lakeview.

**HEADLIN BRIEFS**—"Local W.O.W.'s Will Attend Annual Encampment", "Farm Labor Union Is Holding 2-Day Picnic at Deep Lake", "More Farmers Needed for 100,000 Unplowed Acres Around Turkey, Says Witek", "PURELY PERSONAL—Mrs. Glenn Thompson is visiting with her mother on the farm. R. S. Greene and family have returned from South Texas where they spent their vacation visiting relatives, W. J. Turnpseed and T. B. Brooks visited in Amarillo Sunday, motoring out to the Hardin Ranch to a picnic and barbecue."  
**FROM THE ADS**—"Special—With each pair of ladies' white shoes sold Saturday we will sell one pair of white hose for one cent—Memphis Mercantile Co. Follow the Crowd: Men's Unions, 89c; Ladies silk hose, 39c; Boy's Overalls, 79c—Fain & Co. "Where The North Begins" with Rin-Tin-Tin and "Shooting of Dan McGrew" with Barbara La Marr and Percy Marmont were showing at the Palace Theatre.

**Mr. Greenberg was not favorably impressed with the West, which he described as a "wild place" but Harry still declares his intentions of returning to Texas.**  
**HEADLIN BRIEFS**—"Miss Emma Foxhall Selected to be Duchess in Pageant 'The Plains,' "Youths Escape from Jail While Sheriff and Wife are Milking," "Manager of Motley County Railroad Believes Extension to Memphis Probable."  
**PURELY PERSONAL**—Dr. McNeely and family returned Tuesday from a visit with relatives in Tennessee. Mr. and Mrs. Temple Deaver of Amarillo spent Saturday and Sunday with relatives here. Miss Louise Harke, who has been attending school in Oklahoma City, came in Sunday for a visit with the home-folk.  
**FROM THE ADS**—Ford, the all-purpose truck; Preference based on performance; one-ton truck (complete as illustrated), \$545—Ford Motor Company. Used car bargain; 2 Hupmobiles from \$250 up—Raymond Ballou. One-third off on all summer clothing and straw hats—Ross Clothing Company.

**THURSDAY, JULY 31, 1924**  
**MRS. FERGUSON LEADING LYNCH DAVIDSON**  
—As late returns from Saturday's Democratic primary election are received Mrs. I. E. Ferguson of Temple continues to hold her lead over Lynch Davidson for second place in the Governor's race, which carries the right to oppose Felix D. Robertson for the nomination in the August 23 run-off primary.  
Local results include: Gilmore and Messer leading for Assessor, Smith and Disheroon leading for Collector and Burnett for Commissioner. Templeton won over J. M. Elliott for district judge, Beeville defeated Gribble for district attorney and Bryant and Hathaway in close race for representative.

**BROOKLYN FATHER LOCATES WAYWARD SON IN MEMPHIS**  
—Louis Greenberg, wealthy tailor of Brooklyn, New York, and his 13-year-old son, Harry were united in Memphis Sunday after a separation of one year. The father arrived here Sunday morning after being notified of the whereabouts of his wayward son and departed Monday accompanied by the youth, and with a heart overflowing with a joy that seldom comes to a fond father.  
The boy had run away from his Brooklyn home a year ago and came to Memphis the first of July.

**DO YOU KNOW . . .**

That more people were killed in farm accidents last year than were killed in the great Chicago Fire, the sinking of the Titanic, the San Francisco earthquake and the Johnstown flood combined?

You don't hear much about farm accidents, yet farms are the scene of an alarming number of fatalities. Figures compiled by the National Safety Council indicate that 20,000 people are killed on farms each year.

**DO YOU KNOW ABOUT OUR Farmers Comprehensive Liability Insurance**

It gives you complete liability coverage on every type accident except those involving registered vehicles, which are covered by other types of liability insurance. No farmer can say he is entirely safe without this Farmers Comprehensive Liability Insurance.

Come in and let us explain the advantages of this policy today. We would like to discuss with you ADEQUATE INSURANCE for you, your family, your livestock, your crops, your farm buildings, and all your possessions.

### This Is National Farm Safety Week

By proclamation of President Harry Truman July 24 to July 30 has been designated as National Farm Safety Week throughout the United States.

So what?, you say. So this:

1. 20,000 farmers or members of their families lost their lives in farm accidents last year.
2. There were more than 859,000 farm accidents in 1948.
3. The total annual medical cost from farm accidents is about \$36,000,000.
4. Accidents on farms, other than those fatal and causing total disability, cost farmers 17,000,000 days of lost time last year. This equals the time needed to produce nearly one-half the annual average wheat crop in the United States.
5. There are more fatal automobile accidents on the farm, more than 7,000 annually, than in any other location.

These are figures prepared by the National Safety Council. They are accurate and very, very significant.

And for those who don't like to think in terms of figures, here is a startling fact: MORE PEOPLE WERE KILLED IN FARM ACCIDENTS LAST YEAR THAN WERE KILLED IN THE CHICAGO FIRE, THE SINKING OF THE TITANIC, THE SAN FRANCISCO EARTHQUAKE AND THE JOHNSTOWN FLOOD COMBINED.

Hall County farmers, as well as farmers all over the nation, owe it to themselves, their families and their country to take care to prevent accidents.

Although it is seldom considered such, farming is one of the most hazardous of all occupations. Farmers should recognize this fact and use their common sense to adhere to the rules of safety.

Perhaps the whole thing is summed up best by that famous National Safety Council slogan—The Life You Save May Be Your Own.

#### QUOTING OUR NEIGHBORS

IT'S LATER THAN YOU THINK—"Before it is too late, before we have too many CVA's, too many on unemployment insurance, socialized medicine, too many looking to the government for support, we had better step back, survey our future and start working toward a return to individual initiative, incentive for development of local resources and less Federal control in local activities.—McMinnville (Ore.) Telephone Register.

IT'S FASHIONABLE, FELLOWS—Men are a lot smarter than they used to be. Ten years ago there was scarcely one in Corpus Christi who would adhere to the idea of appearing in public without a coat and a necktie—at least a necktie. It mattered not whether it was summertime and 89 in the shade; his dignity, his wife, or something, demanded that he button a collar tightly around his neck, fasten it in a noose, and then add insult to injury by damping the coat.

Women, who didn't and still don't consider themselves paraded unless their arms and necks are bare, insisted that any man who even suggested following their lead was an uncouth character at best.

But now the picture is different. South Texas men by the hundreds look forward to the summer months when, at work and play, they can discard their neckties, open their collars and expose their Adam's apples and elbows to the fresh air and sunshine.

And if the women still don't like it, there's not a whole lot they can do about it. At least, the male of the species has had his taste of fashion freedom and he is not of a mind to give it up.—Bob McCracken in Corpus Christi Caller.

THE SAME OLD STORY—Senator Bob Taft was reported a few months ago to have strengthened his chances for the GOP presidential nomination in 1952.

He seems to have thrown his chances out of the window. He is fighting the North Atlantic Security Pact.

Taft has long been associated with the isolationist movement in America.

We saw what happened after World War I when the isolationists took over the nation; we saw what just nearly happened after World War II when we all but turned to isolationism. Now, we shall have to fight World War III just as soon as Russia gets ready to fight us.—The Canyon News

#### College Graduates To Reside Here

Among local students who recently completed college training and have returned to Memphis to live are Mr. and Mrs. James H. Morris Jr., and Mr. and Mrs. Temple Deaver, Jr. Mr. Morris is a graduate of A. & M. College and Mr. Deaver of the University of Texas.

Mr. Morris and Mrs. Deaver are the children of Mr. and Mrs. James H. Morris Sr., while Mr. Deaver is the son of Mr. and Mrs. Temple Deaver Sr.

Both Mr. Deaver and Mr. Morris will be associated with the J. H. Morris Cotton Company.

#### Monzingo Attends Studebaker Meet

W. H. Monzingo, local Studebaker dealer, attended a district meeting of the company Thursday evening, July 21, at Vernon. Twenty dealers from this section were present for the session, which featured Studebaker trucks.

The program consisted of lectures and moving pictures. Mr. Monzingo stated, and the following topics were handled by factory representatives: mechanical advantages, durability, and economy of operation.

#### Lakeview Youth Now Serving With 7th Infantry Unit

Private George Wiggins, 19, of Lakeview, Texas, is now serving with the 7th Infantry Division in Camp Haugen, Japan, according to an Eighth Army public relations release.

Private Wiggins recently transferred from the 8th Cavalry Regiment, First Cavalry Division and was later assigned to Heavy Mortar Company, 32nd Infantry Regiment.

His new duty assignment in the present organization in which he

## This Week in WASHINGTON

DEBATE ON THE Atlantic pact against which most opposition has crumbled, attempt by 61 senators to pass the responsibility of cutting appropriations on to the president, conference hearings on the housing bill passed by both houses and almost a score of congressional investigations occupy the public eye and congressional action this week.

Despite the fact that congress is far behind on its "must" legislation, the attention of scores of members is being taken up in at least 16 full-scale investigations or probes and about that many more probes have been authorized.

The top probes underway while needed legislation languishes in committees and pigeonholes include: atomic energy, airline finances, air force procurement, un-American activities, army promotions, dismissal of federal employees, the Malmady massacre, the fats and oils situation, operations of the economic cooperation administration, gas and oil prices, the lending policies of the reconstruction finance corporation, sales at army PX's and navy ship stores, the shootings of the Reuther brothers in Detroit, commercial fishing and the U.S. merchant marine, undemocratic union practices, and terrorism in Alabama.

In addition to these probes, Senator Pat McCarran of Nevada and Congressman Emanuel Celler, who heads senate and house judiciary committees respectively, are teaming up on a full-fledged probe of the insurance business, particularly in insurance investments. The probe of the nearly 1600 registered lobbyists is another likely to be both extensive and expensive. Some advocates of the probe indicate that only about one-fourth of the money spent for lobbying is reported and that many lobbyists are getting around the law by posing as bonafide public relations

## SERVING the Gulf South

### ... by encouraging the location of NEW INDUSTRIES

Industrialization of the Gulf South has created employment, raised payrolls, put more money in circulation for all to share. United Gas has taken an important place in the area-wide effort to interest new industries in the advantages of the Gulf South by publishing a series of national advertisements throughout the past ten years. The current ad in Time Magazine and other national periodicals marks the 10th anniversary of this program. Many industries have come to the states served by United Gas because they found here, among other advantages, dependable supplies of low-cost natural gas fuel.

Encouraging the location of new industries in the Gulf South is another example of the way the American Business System works to bring better living to your community.

**Hall County Goes Far Over Quota In Opportunity Drive Bond Sales**

Hall County exceeded its quota by 233 percent in the Opportunity Drive for the sale of Series E Savings Bonds, according to James F. Smith, county Savings Bonds Chairman.

Smith said that total sales were \$151,743.75, as compared to the county quota of \$65,000. He received the final report of the drive this week in a letter from Nathan Adams of Dallas, chairman of the Treasury Department's advisory committee for Texas.

Harry Owens of Dallas, state director of the Savings Bonds Division of the Treasury Department, said that the Opportunity Drive was an outstanding success throughout the state. Sales for Taxes were \$46,835,896.75, or 126 percent of the state quota of \$36,950.

The drive was held throughout the nation from May 16 through June 30 with bond purchases through July 18 being counted in the final totals, local drive chairman Smith pointed out.

State officials praised the Hall County chairman, his committee and other local volunteers for the success achieved in this county.

Smith said that this drive has been proof that an increasing number of our citizens are reorganizing their savings means to economic security. At the same time, our business and civic leaders are daily becoming more aware that the Savings Bonds program, instead of being merely a wartime expedient, is a powerful and containing force for stabilizing the business and economic structures of the state and nation, Smith added.

"I think the people of Hall County can be proud of their accomplishment in this drive, not only in the large scale total but especially in the increased financial security that their investments in Savings Bonds give to them," Smith said.

project, the irrigation, soil conservation, recreation and water supply issues would be of vital importance.

The Interior Department secretary also said that the state should have a permanent, over-all resources planning agency to work with the federal government in solving the development of Texas water resources.

Krug said the Interior Department was eager to help in development of a Texas water program. He said it might be necessary to bring some congressional authority to bring closer together the functions of Army Engineers, Interior's Reclamation Bureau, the Agriculture Department's Soil Conservation Service and Federal Power Commission and Commerce Department interests in the water problems of Texas.

Key to getting correlation between all the federal activities with state agencies would lie, Krug stated, in initial action by the state government in creating an over-all resources planning agency.
