Voluntary Street Paving Plan Offered

A co-operative plan for paving streets in Memphis was discussed and approved at the regular meeting of the City Council Tuesday night.

Under this plan the paving project would cost each homeowner five dollars per front foot. This amount covers the complete job, including paving, curbs and gutters.

"However, we did not order the paving job," Councilman Wendell Harrison, chairman of the street committee, pointed out.

"Rather, we merely set the machinery in motion whereby home-owners can agree to have the work done," he added.

Harrison and Durwood Howell are on the streets committee. They have contacted a Wichita Falls paving construction firm, Benson and McGann, and had estimates made on the cost of the paving job.

This firm is doing the paving job at Childress and residents of that city report high satisfaction with the work.

The City Council is acting only as a contact between the paving firm and the Memphis home-owners. All paving will be done on a voluntary basis.

"Our plan is for all the home-owners on a block who wish to have the street paved to agree to this and then contact either the City Council or the Chamber of Commerce," Harrison pointed out.

The paving firm has stated that they will contract the job if they have as many as 15 blocks promised.

Their estimated price for a 32 foot width street is \$4.72 per front foot and five dollars per front foot of streets of 36 foot width.

This includes curbs, gutters, a six-foot compacted gravel base with triple asphalt surface treatment, three-foot concrete valleys (Continued on Page 12)

Last Rites Held Here Wednesday For Mrs. Spencer

Funeral services for Mrs. Lella Lou Spencer, who died suddenly while visiting her daughter in Berkeley, Calif., were held at the First Methodist Church here Wednesday at 4:30 p. m.

Rev. Rollo Davidson conducted the services. Burial was in Fairview Cemetery.

Pallbearers were: Bill Goffintt, J. D. Bice, John George, Eldred Childress, Charlie McBee and Sam Hardage.

Flower girls were members of the Truth-Seeker Sunday School Class of the First Methodist (Continued on Page 12)

Baptist Church Revival Begins Here Wednesday

The First Baptist Church will hold its annual revival meeting here beginning Wednesday, August 10, Rev. Roy Shahan, pastor, announced this week.

Rev. Shahan said that he will conduct the services and that J. O. Strother, music and educational director of the First Baptist Church, will be song director.

The revival will last through Sunday, August 21, with services twice daily, at 10 a. m. and 8 p. m.

"There will be gospel preaching and inspiring singing and we heartily welcome all those who wish to attend these services," Rev. Shahan said.

Scouts Leave Today For Swimming Meet

Scouts of Troop 35 will leave Memphis this evening at 6 p. m. for the Southern District Swimming Meet at Wellington, Scoutmaster Ted Myers said this week.

The swimming meet will be held at the Marian Park Swimming Pool with competitive events scheduled to begin Friday morning at 9 o'clock.

Scouts from Memphis were scheduled to leave from the Library Park at 5:30 p. m. They will camp out for the night at Marian Park, Myers stated.

Hall Countians Get Tax Relief

Hall Countians will get a real tax break this year as a result of a law passed in 1939.

During the coming year, the county's road bond debt payment totals \$128,118.05. However, County Judge M. O. Goodpasture stated this week that \$101,143.30 of this amount is payable out of state funds derived from the tax on gasoline.

"This is most significant since the gasoline tax is paid by motorists who actually use these roads and highways," Judge Goodpasture pointed out.

He said that the difference between the road bond debt payment and the amount the state will pay amounts to \$26,974.75. This amount will come out of the county's resources.

"There is enough cash on hand to handle the county's part of this bond debt without levying any tax for the purpose," Judge Goodpasture asserted.

He added that this was the first such experience of relief for the tax payers of the county in over 20 years.

Judge Goodpasture pointed out that this state aid was made possible by the Road Bond Assumption Law. It was passed by the (Continued on Page 12)

Council Takes No Action on Water Franchise

The Memphis City Council voted to take no immediate action on reviewing the franchise of the Community Public Service Water Company for the city at this time during their regular meeting Tuesday night.

Luther Ralley, official of the company, was present at the meeting and suggested the council either offer a 25 year franchise or purchase the water works from the company.

The Community Public Service Company asked \$375,000 for the water works.

The present franchise still has three and one-half years to run. The water company has agreed to install water facilities at the City Park if a new franchise is given.

Booster Club to Meet at Estes Park August 12

Ace Galley, president of the Cyclone Booster Club, has announced that the organization will hold its initial meeting of the new season on Friday, August 12, at 8 p. m. at Estes Park.

Galley said all members should (Continued on Page 12)

Rotarians Honor Charter Members Of Organization

Charter members of the Memphis Rotary Club were honored Tuesday at the regular luncheon of the civic group, which featured J. B. "Uncle Jay" Lynn, Amarillo radio farm editor. The occasion marked the 25th anniversary of the club.

R. C. Lemons, president, introduced the following charter members: R. S. Greene and Dr. J. A. Odum, who are still members of the club; and Dr. Turner Lewis and Bob Ragsdale of Childress, Mason King of Amarillo, T. J. Dunbar and Max King of Memphis. D. L. C. Kinard, the remaining charter member of the club, was absent.

Guests present, in addition to out-of-town former charter members, were F. C. Olds of Abilene, Ewell of Childress, and H. J. R. W. Hester of Fort Worth, James Howell and Herschel Combs.

Tomie M. Potts, program chairman, introduced Dr. J. A. Odum, who spoke briefly on early-day problems and incidents. Next speaker was Mason King of Amarillo, who recalled fine things he knew about in Memphis in 1924. J. B. Lynn, farm editor of sta- (Continued on Page 12)

Dalhart Pastor to Conduct Lakeview Revival Meetings

Rev. W. R. Lawrence, pastor of the First Baptist Church at Dalhart, will conduct a revival meeting at the First Baptist Church, Lakeview, beginning Wednesday, August 10, and lasting through Sunday, August 21.

In making this announcement, Rev. Guy Killian, pastor of the Lakeview First Baptist Church, was highly complimentary of the visiting evangelist.

"He is an outstanding minister and has conducted many successful revivals in the state," Rev. Killian said.

It was pointed out that services will be held twice daily, at 10 a. m. and 8 p. m., during the meeting and a cordial invitation was extended to everyone living in this area to attend as many of the meetings as possible.

Rev. Killian said that the Lakeview church is air-conditioned and will be comfortable. He said that Lorin Denton, choir director at the church, will be song leader for the revival.

REVIVAL LEADERS—Shown above are the leaders of the Revivals which begin August 10 at the First Baptist Church here and at the First Baptist Church at Lakeview. Rev. Roy Shahan, upper left, will conduct the revival at the Baptist Church here and J. O. Strother, upper right, will be song director. Rev. W. R. Lawrence, bottom left, of Dalhart will conduct the meetings at Lakeview. Rev. Guy Killian is pastor of the Lakeview First Baptist Church and in charge of the revival planning.

Survey Started On Dam Project

The Prairie Dog Town Fork dam project investigation began last week as reclamation officials met here with URRFCID board members Thursday in the most encouraging development in the project's history.

Thursday afternoon's meeting revealed that the Reclamation Commission is definitely interested in the project and that their investigation into the need for the dam will begin at once.

M. G. Barclay, Reclamation Commission supervisor from Oklahoma City; H. E. Robbins, Amarillo, regional director of the Commission, and K. C. Kinkerton, Oklahoma City, area engineer for the Commission, were Reclamation officials present at the meeting.

In addition, A. J. Rogers, state representative from Childress; M. O. Goodpasture, county judge, and John L. McCarty, president of the Panhandle Water Conservation Authority from Amarillo, attended the meeting.

URRFCID officials present were: Dr. Roy E. Barr, president; O. E. Bevers, vice-president; E. B. Tunnell, general manager; T. J. Dunbar, secretary, and E. W. Schiede.

Reporting on the meeting, Dunbar said that Reclamation official Barclay indicated that the Commission was definitely interested in the project and was ready to begin the investigation to determine (Continued on Page 12)

CLAUDE'S COMMENTS

By J. C. W.

When I told all of you 50 some-odd readers last week that I was at home and ready to go to work, I was doing some wishful thinking, so this week I am spending the time at home, resting and recuperating. (Continued on Page 12)

PFC. HARRY TYLER

Reburial Services For Harry Tyler Saturday Morning

Reburial services for Pfc. Harry D. Tyler, Jr., killed in action in Holland in March of 1945, will be held at the First Methodist Church here Saturday at 10 a. m.

Rev. Rollo Davidson, pastor of the church, will conduct the funeral services. Members of the Simmons-Noel American Legion Post and the Durrett-Brown Veteran's of Foreign Wars post will hold military services.

Burial will be in the Lakeview Cemetery under the direction of Murphy-Spicer Funeral Directors.

Tyler was born in Lakeview on November 28, 1921. He spent his boyhood in Memphis and graduated from Memphis High School in 1939. Tyler then attended Texas Technological College at Lubbock but interrupted his college education to enlist in the Army in September of 1942. He had been a member of the First Methodist Church here since early childhood.

Pfc. Tyler received his military training at Fort Sill, Oklahoma; Camp Howze, Texas, and Camp Breckenridge, Kentucky. (Continued on Page 12)

Memphis Has Week Of Cool Weather

Cooler days and nights continued to highlight the Memphis weather this week.

The temperature has remained low, unusually low for this time of year, although the weeks' rainfall totaled only .15 of an inch. This rain was recorded early Saturday morning.

OWLS EDGE TO WITHIN ONE GAME OF LEAGUE-LEADING WELLINGTON NINE

The Memphis Owls go into the stretch of Red River Valley League circuit play only one game behind Wellington after a successful week of action against the Dukes and Childress.

Owls victories over Wellington and Childress last week practically assured the Memphis nine at least a place in the play-offs.

Manager C. L. Pierce sends the Owls into activity this week against the Oklahoma loop teams.

Tonight Memphis journeys to Mangum for a league game and will return to Estes Park Sunday night for a tilt with fourth-place Altus.

A game of interest to local fans will be the Altus, Wellington clash in Wellington tonight. Should Memphis continue their winning streak, a Duke defeat would send (Continued on Page 12)

Friends, I Ask You...

Miller & Miller Motor Freight Lines give just as good service on freight shipments into Memphis as any other transportation company. And maintains a warehouse and uses local people for carrying on their business in Memphis.

WHO—
Own their own homes in Memphis and pay local taxes to the school, state, county and city. Buy their groceries, gas oil, clothes and drugs; pay utility, laundry, tailor bills and rents (for warehouse)—all these are purchased every day in Memphis.

WHEN—
When one transportation company does not even stop at Memphis, but pulls your shipments into Childress, Texas. Then re-loads your goods and hauls them back to Memphis. They have no warehouse in Memphis, no agent, no telephone, no utility bills, buy no groceries, pay no taxes or rents, buy no drugs.

WHY—
Can not someone who lives with you and buys from you every day have the freight business that we are due? This company does not think enough of Memphis business to have an agent nor a telephone here, yet they haul more freight to Memphis than I handle.

FRIENDS, I ASK YOU WHY?

Memphis Statistics

La Follette Currently Pacing Owl Batters With .370 Season Average

The Memphis Owls go into the final month's activity in the Red River Valley League with a team batting average of .302.

Combined with some of the best and most consistent pitching in the league, this power at the plate, if continued, might be the deciding factor in the pennant stretch-drive.

Metz LaFollette, who splits time between the mound and right field, leads the Memphis hitters with a seasonal batting average of .370. This is doubly impressive in view of the fact that he has played more games than any other member of the team therefore having more times at bat to jinx his average.

LaFollette has collected 63 hits—41 singles, 18 doubles, a triple and three home runs—in 170 trips to the plate.

Joe Hamrick trails LaFollette for batting honors with an average of .337. J. W. Coppedge, with a .321 average, follows Hamrick.

seven defeats, the Owls hold a loop average of .681. Their seasonal total of 33 games won and eight losses gives the Owls an average of .804 for the entire current campaign.

If, as many authorities claim, pitching is 80 percent of any ball club, the Owls should be in top shape. Their four hurlers all have high seasonal averages.

Buzz Dorman leads the mounds-men with a 1,000 percent average for the three games he has worked. Among the regular workers, however, Doc Pittman ranks high with a seasonal average of .823. The reliable right-hander has worked 17 games, winning 14 and losing three.

TOO OLD TO HELP

If you have caught your first cold of the season—you may think of using up a prescription that was prepared during a similar previous illness. Should your doctor instruct you to resume the medication, remember that his advice does not necessarily refer to the unused remains in the bottle. An old medicine may have lost its effectiveness, may even be spoiled.

Syrup, very often employed as a sweetening agent, may turn sour. Certain ingredients of a liquid medicine will remain in solution for a limited period only, after which they will form a precipitate in the bottle. In dry medications—such as capsules and powders—drugs are occasionally used that tend to absorb moisture from the air. Still other drugs, unstable by nature, gradually lose potency.

Your pharmacist has made the study of the behavior of drugs his life work. He knows whether the prescription he prepared for you six months or a year ago is still suitable for use, or whether—if your doctor has directed continuance of the medicine—a new supply should be prepared.—Reprinted from a copyrighted advertisement published by Parke, Davis & Company, Detroit 32, Michigan.

DISTRICT TRUSTEES HEAR LECTURES—The district trustees of Hall County met in annual session at the high school auditorium here Wednesday. Rev. H. O. Isbell, who is substituting for Pastor J. T. Hicks of the First Methodist Church, opened the session with a talk on the subject, "A Plea for the Rights of the Child."
Mr. Conn, member of the State Board of Education, gave two lectures during the day.

REPUBLICANS HOLD COUNTY CONVENTION—The representative Republicans of Hall County met at the court house in Memphis Saturday afternoon with County Chairman E. E. Wright of Estelline presiding. N. B. Curtis of Estelline and J. M. Dalton of Memphis were elected to attend the state convention in Fort Worth August 12. It is predicted that the largest Republican vote in the history of the state will be polled in the presidential election in November.

CITIZENS LEAGUE IS ORGANIZED AT LAKEVIEW—The citizens of Lakeview have recently organized a Citizens League, thereby taking one of the greatest strides in recent years toward development to their town.

R. M. Holt, former superintendent of the Lakeview High School was elected president; T. M. Potts, secretary, and B. E. Davenport, vice-president and treasurer. The purpose of the Citizens League is to boost for the development and growth of Lakeview and to cooperate with similar organizations over the county in promoting the general welfare of this section.

HEADLINE BRIEFS—"Bryan Re-Elected As Representative," "John Eddins, Pioneer Estelline Citizen, Succumbs After Long Illness," "Lower Panhandle L.O.O.F. Association to Meet Here" and "Roads Near Newlin Are Placed in Good Condition."

PURELY PERSONAL—Orville Neighbors of Lakeview returned Thursday from a three month visit in Oklahoma and New Mexico. Mr. and Mrs. T. B. Brooks visited relatives in Wellington Sunday. C. R. Lemons and son, Willis, left Wednesday morning for their home in Amarillo where they will spend a few days with the family.
FROM THE ADS—"Every 1925 Buick embodies the same design of 6 cylinder valve-in-head engine,

clutch, transmission, rear axle, spring suspension, low pressure tires, 4-wheel brakes and body lines"—Davis Buick Company. "We have groceries, feed, quality, service, price, also prompt delivery"—W. P. Dial Grocery. "Woman Proof" with Thomas Meighan and Lila Lee was showing at the Palace.

Showing at the Palace were "Code of the Sea" with Rod LaRoque and "The Long Chance."

Famed Evangelist Opens Revival Here On August 28

Dr. Clyde Lee Fife, nationally known evangelist, author and singer, will open an evangelistic campaign at the First Christian Church here on Sunday morning, August 28. Rev. Bedford Smith pastor of the church announced this week.

This revival will last through September 11. Rev. Smith said. "Dr. Fife's name ranks along side those of the late Gypsy Smith and the late Billy Sunday as an evangelistic preacher, counselor and friend," Rev. Smith stated.

"Pastors everywhere send for him and his meetings are always outstanding," he added. "His voice is musical with an old-time southern accent."

Dr. Fife was born in Kentucky but came to Texas in early childhood. He says that it is in this state that he feels most at home and does his greatest evangelistic work.

"He leads his own choir, sings a special number each night and delivers wonderful sermons during his meetings," Rev. Smith said.

In addition to being a Mason and a Shriner, Dr. Fife is an honorary member of the Rotary, Lions and Kiwanis Clubs. He has attained nation-wide fame as an after-dinner speaker.

"Dr. Fife is the author of two books of sermons," Smith said, "but he seldom uses these while holding evangelistic meetings. Rather he works out a special set of sermons for each meeting and has reported that he is now working on his sermons to be delivered here August 28 through September 11."

PIONEER MOVES

Pioneer Memphian, J. G. Brown, Now Living in Seymour

Memphis lost a pioneer citizen this month when J. G. Brown, retired manager of the Cicero Smith Lumber Company here, moved to Seymour to make his home.

A resident of Memphis since 1906, Mr. Brown has watched and helped Memphis grow out of its swaddling clothes into one of the Panhandle's outstanding smaller cities.

On July 14 Mr. Brown married Mrs. Maggie Fancher of Seymour and began making plans to move to that city. She is the sister of his first wife who passed away at their home in Memphis on February 13, 1936.

Mr. Brown retired from management of the Cicero Smith Lumber Company on May 1 after 44 years of continuous service.

He has long been known as a booster for the progress of this city, as well as Hall County, and served on one of Memphis' earliest city councils in 1908.

The many friends of this long-time Memphis resident will miss him but wish him well in his new home.

Man, Gun Loaded

Morningside Has Gunplay to Liven Sunday Afternoon

Morningside was thrown into an uproar Sunday afternoon when Johnnie Rich, about 21, shot one man, threatened a Negro policeman at gunpoint and was finally wounded by the policeman after he had succeeded in terrorizing Morningside with a 22-rifle and had threatened a railroad conductor who was switching his train in the Ft. Worth and Denver yards.

Victim of Rich's shooting spree was Gabriel Smith, Morningside Methodist preacher who was wounded in the head by a bullet from the assailant's rifle. Smith, reportedly about 55, was confined to a local hospital for several days but his condition was not critical.

Rich was shot in the back by policeman Ellis Divorce while resisting arrest. It was only a flesh wound and he was not seriously injured.

Observers said the shooting occurred near 5 p. m. Sunday. Preacher Gabriel Smith was walking by the store formerly run by McKinley Smith when Rich, reportedly intoxicated, began shooting at him. The third shot hit Smith and Rich fled.

In the meantime, policeman Divorce had been called and went after Rich. He was unarmed, however, and Rich forced him at gunpoint to back down a street while he continued his escape.

Divorce finally got his .22 and took after Rich. After being wounded, Rich reached the railroad yards and pulled his gun on an unidentified conductor.

However, he had already fired all the shells from the gun and the conductor managed to take it away from him. The colored man fled again and the conductor returned to the depot and called the sheriff's office.

When Sheriff Earl Hill, Deputy W. P. Baton and city officers Jack Peabody and Henry Stinnett arrived in Morningside they found Rich, wounded and gunless, very willing to surrender to them.

Rich is now in jail charged with assault and intent to murder.

MEMPHIAN MAKES FIRST CROSS-COUNTRY FLIGHT

Raymond Cullin, son of Mr. and Mrs. George Cullin, made his first cross-country flight Saturday when he flew from Plainview to Memphis and returned.

Raymond is working at Radio Station KVOP in Plainview this summer. He will attend Wayland College in the fall.

He has been interested in flying for some time and took his first solo flight on August 30, 1948, which was his 16th birthday. Raymond took his flying instructions at the Memphis Airport.

BILL BALLEW NOW MEMPHIS RESIDENT

Mr. and Mrs. Bill Ballew joined the new residents of Memphis, moving here on July 28.

Ballew will be associated with his father in business. He is well known in Memphis, having been born and raised here and is a graduate of Memphis High School.

Ballew has been residing in Benton Harbor and St. Joseph, Michigan for the past two years. Mrs. Ballew is a native of that area.

School Construction

of the bleachers, along with installation, was made with the Southern Bleacher Construction Company of Van Buren, Arkansas. Other necessary materials, such as wood and concrete, were purchased from local lumber companies.

Total cost of the new bleacher construction job will be \$7,840.

The bleachers, when completed, will be 12 rows high with four-foot ramps. The south exit will be large enough to eliminate any delay in filling or emptying of the stands, it was pointed out.

The school has four years to pay for the revenue bonds issued. With the cost being met out of football game receipts, no difficulty in payment is anticipated. Officials were particularly anxious to point out that no taxes or money from present taxes can be used to pay for the bleachers.

Fall training for the 1949 Cyclone football hopefuls begins Monday, August 15. Season tickets will go on sale in the near future.

Coach Chuck York said that the stadium turf is in excellent condition and that his team is eagerly awaiting the opening of the season.

Building Permit

(Continued from Page 1)

The following fees will be charged for building permits: \$2.50 fee on construction price from \$10 to \$1,000; five dollar fee on construction price from \$1,000 to \$5,000; \$10 fee on construction price from \$5,000 to \$20,000. The fee is \$25 for any construction in excess of \$20,000.

Electrical or plumbing construction inspection carries a fee of 50 cents per room, with a minimum fee of one dollar.

Building permits can be obtained at the City Hall, Glenn Carlos is building inspector.

Sammy Rasco Will

(Continued from Page 1)

Monday. Rasco was picked as one of the 10 top cagers from the Northern Half of Texas. His team is being coached by Adolph Rupp, basketball mentor at Kentucky University, and long recognized in the coaching world for his national collegiate basketball championship.

The Southern All-Stars are being tutored by Hank Iba of Oklahoma A. & M.

Rupp said Wednesday, according to the Dallas Morning News, that he may split his squad for the two games, allowing each of the 10 players to start one of the tilts.

This extra basketball game was added to the clinic's schedule for the benefit of visiting coaches. Beaumont's army, where the games will be played, seats only 1000. More than 1,300 coaches are registered at the clinic this year.

Rasco performed at the pivot spot on the Memphis Cyclone state championship cage team this year and won all-state honors.

The rangy youngster graduated from Memphis High School this spring and plans to attend Texas Wesleyan College at Fort Worth in the fall.

Marriage of Gwendolyn Phillips to James Edward Chappell is Announced

Impressive in its simplicity was the nuptial service performed Sunday afternoon, July 10, uniting Miss Gwendolyn Phillips, daughter of Mr. and Mrs. Douglas M. Phillips of Thorndale, and James Edward Chappell, son of Mrs. J. W. Chappell of Memphis. Rev. T. F. Collier read the single ring service in the presence of close friends and relatives at the home of the bride's parents, Tall baskets of white gladioli and fern arranged in front of double windows in the living room formed the setting for the ceremony.

Miss Eunice De Young of Hampshire sang "Again" and "Because" accompanied by Miss Peggy Conn, who also played the traditional wedding music.

The bride, given in marriage by her father, wore a white eyelet organdy dress fashioned with a wide lace trimmed bertha collar and fitted bodice. A repetition of the lace used on the collar was noted on the bottom of the full flared skirt. Her hat of white mesh straw was trimmed with gardenias and she wore white lace mits and carried a white gardenia atop a white Bible engraved with gold letters. The Bible was a gift from the YWA girls, of whom she was counselor for the past year.

For something old she wore her grandmother's gold bracelet. She wore a single strand of pearls and earbobs, a gift from the groom.

Mrs. Floyd R. Clayton of Galveston, sister of the bride, was matron of honor. She was attired in shell pink frosted organdy over taffeta, designed along colonial lines. She wore a tiny white flower covered hat and white lace gloves and carried a colonial nosegay of pink carnations.

J. Ray Reese of Ballinger, the groom's college room mate, was best man.

The bride's mother wore a black Bemberg dress complemented by a corsage of white carnations and the mother of the groom chose a sheer black print accented by a corsage of red carnations.

After the ceremony, Misses True Hilton and Chatlene Griesser of Bryan served the three-tiered wedding cake and punch to the wedding guests from a lace laid table adorned with arrangements of Shasta daisies and white candles. Mrs. Dick Knoll of Blanco presided at the bride's book.

The bride, graduated from the Thorndale high school and attended Nixon-Clay Business College. At the time of her marriage, she was employed as secretary to the manager of the Cen-Tex Oil Mill.

The groom graduated from Memphis high school and spent four years in the army, serving in the European theatre with the 36th division as a first lieutenant. Mr. and Mrs. Chappell will make their home at College Station where the groom is a student at A. & M. College. He will receive his degree next June, majoring in Range and Forestry.

Sodolitan Class Entertains With Ice Cream Supper

An old-fashion ice cream supper was enjoyed by members of the Sodolitan Class of the First Baptist Church and their families Thursday evening of last week. The entertainment was held at the City park in Memphis.

Preceding the feast of ice cream and cake, Mrs. Henry Scott, president, welcomed the guests, prayer was offered by Mrs. Roy Shahan, and an inspirational devotional was brought by Mrs. L. G. Rasco.

The closing number on the evening program was of special interest as those whose birthdays fall in the month of July were allowed to grab gifts from the "Birthday Gift Box."

Worries—We All Have Plenty of Them

If a person cares to assume a pessimistic attitude after reading the daily newspaper it would be easy to lose several night's sleep worrying about local, national and world affairs.

Depressions, recessions, overtaxation and war threats seem to loom constantly before us. Editorials fill every newspaper with gloomy comments on world events.

There is, in fact, enough crime and chaos in the world today to keep every editorial writer on every newspaper busy for months.

But, even with all this, are world conditions so much worse or more depressive than they have always been? Are we any nearer the brink of "total disaster" than we were last month, last year, or in the last century?

We think not. We would rather believe that in our modern world of "hurry up and wait" we are losing the knack our grandfathers had for forgetting their worries now and then and enjoying an outing or home gathering with family and friends.

Don't misunderstand. We certainly don't advocate indifference to local, national and world problems. They will never all be solved but we must always strive for that solution. It is an undeniable philosophy of democratic life.

However, this is the last month of the summer. If you haven't done so, it's time you took the family on that picnic or fishing trip. If you've done so already it won't hurt to try it again. Take a day, longer if you can, and resolve to worry about nothing more important than if the fish are biting or if you can find the shady spot for that picnic.

In other words, relax, friend, relax. It won't actually solve anything for you. Your problems will still be waiting for your return. But we are sure you will return to them with a much better outlook on life.

Press Paragraphs—

QUOTING OUR NEIGHBORS

POLITICAL CALCULATIONS
—We see that a move has been started to draft Coke Stevenson as a candidate for governor. This is no surprise. The bitter campaign waged last year to elect Coke Stevenson to the United States Senate is having its effect throughout the state.

Coke Stevenson was one of the best governors that Texas has ever had. He took over the office with a debt of about 30 million dollars, and left the office with a surplus of about 60 million dollars. Perhaps much of this surplus was due to the fact that he was the war-time governor, when state spending was frowned upon.

At any rate, Coke Stevenson served as governor longer than any other person. His record is clean. He would make a brilliant campaign, if he decided to get into the race. Being elected is another thing.

Allan Shivers has been campaigning for the job for two years. Now that Shivers is the governor, and has a year to go before the primary, he will either make or break himself. He is smart enough to tread with care in handling the affairs of state. We are certain that he will not be caught on a limb.

Naturally there are reams of political dope being hatched up about the race next year. So far it is all dope, and the dope bucket could be kicked over at any time.—The Canyon News

A WISE QUOTATION—"If we can prevent the government from wasting the labors of the people under the pretense of caring for them, they will be happy."—Thomas Jefferson

... And the wisdom of that philosophy to which we have so long adhered, is as true now as it was 150 years ago.

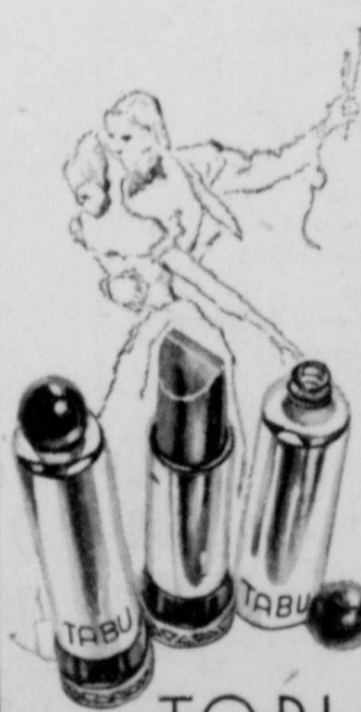

The experience of those countries where the government has tried to do for the people what they could have done better for themselves is in sharp contrast with the record of our own great democracy.

It is only in recent years that there has been a tendency to depart from the formula laid down by Mr. Jefferson—and followed so closely for nearly a century and a half.

With full freedom of choice and acceptance of individual responsibility, we have been able to attain here in America the highest standard of living in the world.—West Point (Miss.) Times Leader.

WELFARE, YES, BUT FOR WHOM?—Speaking of Democrats, not social communists, Mr. Byrnes and Harry Byrd and Hatton Summers are, of course, better Democrats in the truest sense of the word than Claude Pepper. They are against federal compulsion where federal compulsion has no justification. They do not believe Mr. A. should be taxed to give Mr. B. a house; or that Mr. B. should be taxed to give Mr. A. false teeth and a decent burial. Maybe Mr. Byrnes, in his talks against the welfare state, learned about dangers in his postwar dealings with Moscow. Maybe Mr. Pepper could profit from a mission to Moscow.—Donna News

For You To Feel Well
24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.
Burning, scanty or too frequent urination, sometimes warns that something is wrong. You may suffer aching backache, headaches, dizziness, rheumatic pains, getting up at night, swelling.
Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

This Week in WASHINGTON

PRESIDENT TRUMAN'S "plain English" report to the American people on the economic condition of the country and continued debate on the Atlantic pact occupied the spotlight in Washington this week, although there were rumblings coming out of both senate and house committee hearings in the confused agricultural picture.

Senator Taft's surprise switch against the pact was viewed by observers here as just another "unpredictable action" by the Ohio senator. These observers believe that Senator Taft built himself up to higher stature by reason of his victory over the administration the week previous on the Taft-Hartley act, but they view with some misgivings as to whether or not his anti-vote on the pact might not wipe out any gains he made on the Taft-Hartley victory.

Feature of the early debate on the Atlantic pact was the clash between newly appointed Senator John Foster Dulles of New York and Senator Taft. Senator Dulles made his maiden speech a strong plea for adoption by the senate of the pact.

Meanwhile the house ways and means committee, after a long and extensive hearing behind closed doors on extensions to the social security program, was ready to report on an agreed bill. While most of the so-called pressure groups favor some form of social security extension the disagreement is sharp on just what and how much extension. Only a few dissenters oppose social security in general. Those on record include the Committee for Constitutional Government, the National Economic Council, Property Owners Association of America and the National Lumber Manufacturers Association. One of the most bitter fights looms over the proposals for temporary disability insurance. Representatives of the Indiana state chamber of commerce saw in the plan an administrative plan which would eventually take unemployment compensation out of state hands. The Indiana chamber rallied against it as a plan "which would make the benefits of real or feigned sickness often more attractive than wages for working."

The problem before the republic today is money without limit and without taxation.

Nuptial Vows Exchanged Here Unite Miss Beckum and Walter N. Jamerson

Miss Mary Beckum, daughter of Mrs. R. N. Beckum of Memphis, and Walter N. Jamerson of Amarillo, were united in marriage Saturday evening, July 23, at the parsonage of the First Presbyterian Church in Memphis. Rev. B. L. Peacock, pastor, read the marriage service at 9 o'clock. For her wedding, the bride chose a brown, waffle-weave nylon suit complemented by brown accessories and a corsage of pink carnations. One of the prominent young businesswomen of the city, Mrs. Jamerson has served as chief operator of the local telephone company for a number of years and in this capacity has made a host of friends. She is a member of the First Methodist Church and sings with the choir. Mr. Jamerson is a sales engineer with the Browning Blue Print Company in Amarillo, and his work takes him into towns throughout the Panhandle. For the present time, Mrs. Jamerson will make her home in Memphis.

Clark-Vickers Engagement is Told At Coffee

Announcement was made in Odessa Sunday morning by Mr. and Mrs. Wayne Clark of the engagement of their daughter, Mary Lou, to Charles Duane Vickers of Odessa, son of Mr. and Mrs. C. T. Vickers of Memphis.

Mrs. Clark was assisted in entertaining at the Waffle Breakfast by Mrs. M. N. Messer.

The announcement table was decorated with a center arrangement of shasta daisies and sweetpeas. The floral decor was repeated throughout the rooms.

To let the "Cat out of the bag," Mrs. Clark removed a large china cat from a box. The cat wore a ribbon fastened around its neck on which was inscribed "Mary and Vick, August 27."

The bride-elect has lived in Odessa for 9 years, her father being associated with Arrow Drilling company. She attended Odessa high school. The prospective bridegroom has lived in Odessa several months. He was graduated from Memphis high school and is now employed with Oil Well Supply Co.

The couple will exchange wedding vows August 27 at 7 p. m. in the Belmont Baptist Church with the Rev. W. C. Harrison officiating.

They will make their home in Odessa.

Dorman Hurls, Homers Owls Over Dukes 6-2

Big Buzz Dorman, a perennial power at bat for the Owls, shifted from his usual first base slot to the pitcher's mound Thursday night, held Wellington to eight hits, and led Memphis to a 6-2 victory over the league-leading Dukes at Wellington.

It was the Owl's initial win over the Dukes during the current campaign and successfully proved Memphis Manager C. L. Pierce's shift in strategy in sending Dorman to the hill. Completely at home in this change of scenery, the big port-

side hurler did yeoman work in winning his own ball game by slamming out a homer in the fifth with two aboard.

After two scoreless innings, the Dukes pushed over a tally in the third when Henrick, who reached first on a walk and was moved around by Francis' sacrifice, was sent home on Jones' outfield fly. Memphis took control of the game in their half of the fifth with a four run rally. Edmondson reached first on a walk and Coppedge got on via the Duke error route. A sacrifice by Hamrick, LaFollette's single and Dorman's circuit clout rounded out the four run action.

For all practical purposes that was the ball game but the Owls added a pair of security runs, one each in the sixth and seventh innings.

McDonald worked the mound for Wellington and was charged with the loss. He gave up 13 hits during the game. Wellington gained their last run in the sixth frame.

This was the last meeting during the regular season for these two teams.

Owls Take Cats 3-2

A fifth inning rally netted the Memphis Owls three runs and their margin of a 3-2 win over the Childress Cats at Estes Park Sunday night to keep the local nine on the victory trail and hot on the heels of the Wellington loop leaders.

Childress pushed over a run in the initial frame and managed to hold the lead until the Owl explosion in the fifth. The Memphis rally was paced by Coppedge's double and featured runs by Farmer, Ruyle and Coppedge.

Leonard Ruyle was the winning pitcher. He checked Childress with five hits and struck out 15 Cat batters while giving up five gratis bases.

Cliff Jones was charged with the loss for the Cats. He gave up only seven hits, struck out nine and walked two.

Childress scored their final tally in the seventh inning but a flurry of indecision by the plate umpire in the ninth gave Memphis fans an uneasy moment.

With two away, Childress pinch hitter Thomas lined out a hard drive to extreme right field. He stretched it to a triple. The umpire then reneged his decision, called it a foul ball and ordered Thomas back to the plate where he was whiffed by Ruyle. And that was the ball game.

FOUR SCOUTS ENJOY WEEKEND OF CAMPING

Scouts Bobby Crooks, Duane Miller, Tom Messer and Snow Price, along with Scoutmaster Ted Myers, spent last weekend camping in the Wichita Mountains and at Medicine Park, Oklahoma. This was the second weekend of camping for scouts of Troop 35.

Mr. and Mrs. Elmont Branigan and family were in Hollis Sunday visiting his parents, Mr. and Mrs. H. T. Branigan.

Intermediate Loop Teams Sweep Lesley For Softball Wins

Led by Jimmy Gibson's pair of runs, Duane Miller's Cardinals eaked out a 6-5 win over the Lesley "A" team at the City Park Thursday night.

Chubby Cullin, Duane Miller, Jimmie Stewart and Don Stewart also scored runs for the winners. Lloyd West was the winning pitcher.

Lesley's scoring was led by Robbie Clark, Nolan Garrison and Jimmie Proffitt. Joe Booth was the losing pitcher.

In the nightcap Thursday, Donald Corley's Renegades nosed out the Lesley Lobos, 7-6. Corley paced his team with three runs followed by Jimmie Stewart with two runs. Bobby Crooks and Kenneth McQueen each scored one tally for the Renegades. Crooks was the winning hurler.

Don Hillis, Driver, Osborn, Velden and Adams led the losers. Adams was charged with the loss.

Junior League

The next Junior League games will be played August 19 at the City Park, according to League Director Ted Myers.

The Eagles and Bearcats clash in the first game with the Bearcats and Wildcats meeting in the nightcap. This will be the final night of action in the Junior League.

With the Bearcats and Wildcats tied for the loop lead, their clash should be a real thriller, Myers pointed out.

The Intermediate League winds up its activity during the week of August 15 through 20 when the Tornados play the Renegades, the Cardinals meet the Tornados and the Renegades clash with the Cardinals.

Constitutional Amendments

1949, at which time all ballots shall have printed thereon:

"FOR the Constitutional Amendment providing that the District Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law"; and

"AGAINST the Constitutional Amendment providing that the District Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines, the above provision for voting for and against this Constitutional Amendment shall be placed on said machine in such a manner that each voter shall vote on such machine for or against the Constitutional Amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State.

House Joint Resolution No. 32

proposing an Amendment to Article 1 of the Constitution of the State of Texas, by adding thereto another Section following Section 15, providing that the Legislature may provide for trials in lunacy cases without a jury; further providing for the submission of this Amendment to the voters of this State; prescribing the form of ballot; providing for the proclamation and publication thereof.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 1 of the Constitution of the State of Texas be and the same is hereby amended by adding another Section thereto following Section 15, to be designated Section 15-a, to read as follows:

"Section 15-a. The Legislature shall have the authority to enact all laws necessary to provide for the trial, adjudication of insanity and commitment of persons of unsound mind and to provide for a method of appeal from judgments rendered in such cases. Such laws may provide for waiver of trial by jury in cases where the person under inquiry has not been charged with the commission of a criminal offense, and shall provide for a method of service of notice under inquiry and of his right to demand a trial by jury."

Sec. 2. That the foregoing Constitutional Amendment be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the second Tuesday in November, A. D. 1949, at which election all ballots shall be printed thereon:

"FOR the Amendment to the Constitution of the State of Texas providing that the Legislature may provide for trials without a jury in lunacy cases" and

"AGAINST the Amendment to the Constitution of the State of Texas providing that the Legislature may provide for trials without a jury in lunacy cases." Each voter shall scratch out one (1) of said clauses on the ballot, leaving the one (1) expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines, the above provision for voting for and against this Constitutional Amendment shall be placed on said machine in such a manner that each voter shall vote on such machine for or against the Constitutional Amendment.

Sec. 3. That the Governor of the State of Texas issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State.

House Joint Resolution No. 36

proposing an Amendment to Article III of the Constitution of the State of Texas authorizing the Legislature of the State of Texas to provide for the establishment and creation of hospital districts; providing for the Governor's proclamation and submission to the electorate.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be and the same is hereby amended by adding to said Article a new Section to be designated as Section 60, reading as follows:

"Section 60. The Legislature shall have the authority to provide by law for the establishment and creation of hospital districts in the counties of this State under such conditions as the Legislature may fix by law, and to provide for the support of said districts by a tax on the ad valorem properties situated in said counties; providing, however, that before any such district shall be created it shall be approved by a vote of the people in said district."

Sec. 2. The foregoing Constitu-

tional Amendment shall be submitted to a vote of the qualified electorate of the State at an election to be held on the second Tuesday in November, 1949, at which election all ballots shall have printed thereon (or in counties using voting machines the said machines shall provide for) the following:

"FOR The Amendment to the Constitution of the State of Texas authorizing the Legislature to provide for the establishment and creation of hospital districts;" and

"AGAINST The Amendment to the Constitution of the State of Texas authorizing the Legislature to provide for the establishment and creation of hospital districts."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment, and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas will issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State.

House Joint Resolution No. 38

proposing an Amendment to the Constitution of Texas by adding to Article XVI thereof a new Section to be numbered 63 and authorizing the Legislature to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the several counties of this State; providing that participation therein by counties shall be voluntary, and authorized by the qualified voters of such county, and providing that administration of said system may be committed to the same body set up to administer the statewide municipal retirement system authorized under Section 51f of Article III.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVI of the Constitution of the State of Texas be amended by adding thereto a new Section, to be numbered Section 63, which shall read as follows:

"Section 63. The Legislature shall have the authority to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the counties of this State under such a plan and program as the Legislature shall authorize; provided, that participation therein by counties shall be voluntary, and shall first be authorized by vote of the qualified voters of such county. Administration of such system may be committed to the same body as may be set up to administer the municipal retirement system provided for by Section 51f of Article III."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors for members of the Legislature at an election to be held throughout this State on the second Tuesday in November, 1949; and at said election the ballots shall have printed thereon the words "FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," and "AGAINST the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees."

Each voter will strike out one of said clauses on his ballot, leaving the one unmarked which expresses his vote upon the proposed amendment.

Sec. 4. If at said election, a State of Texas shall issue the necessary proclamation for said election, and shall have the foregoing proposed amendment published as required by the Constitution for proposed amendments thereto.

Sec. 4. It at said election, a majority of the votes cast are "FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," the foregoing proposed amendment shall become Section 63 of Article XVI of the Constitution of Texas, and proclamation shall be made by the Governor thereof.

Sec. 5. The sum of Five Thousand Dollars (\$5,000), or as much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such proclamation, notice and election.

Owls Shut Out Sheppard Field

The Memphis Owls got near maximum results out of five meager hits here Saturday night to blank the Sheppard Field Jets 3-0 in an exhibition game at Estes Park.

Doc Pittman was credited with the shut-out win. The Owl right-hander gave the army nine six hits and two gratis bases.

Memphis worked Sheppard Field hurler Mathis for only five hits but made them pay off, scoring one run in the fourth and two in the seventh.

Hamrick opened the scoring attack. He reached base on a single and was sent home on hits by Dorman and Banks. Pruitt and Coppedge scored in the seventh, paced by Coppedge's single.

Social Security News

Did you ever wonder why there was attached to your Social Security Card a stub showing your name and number? The answer is simple, says F. B. Ellington, Representative of the Social Security Field Office in Amarillo. "This stub," he says, "provides you with an official record of your name and number as they appear on your card. They should be kept in separate places, so that if the card is lost you will have this record of your number."

For fast service in getting a duplicate card in case you lost your original, Ellington says: "Get an application form at your local post office, fill it in, attach the 'stub', and mail them to the Amarillo Social Security Office. Your duplicate card will be sent you by return mail." Failure to attach the stub, he cautioned, will cause a delay of about a week in getting your duplicate, for without this official record of the number the application will have to be sent to Austin or to Baltimore, Maryland to get an official record of the number.

Mr. Ellington will be here Tuesday, August 9th, at 11:00 a. m. in the County Court House.

erating from trying to work too soon. By next week I hope to be asking the staff for my job back.

I got to take one ride out to see the wonderful crops before being cooped up again. Mr. and Mrs. Clifford Farmer came by and picked us up for a look-see. Never have I seen better prospects for a cotton crop at this time of year than Hall County is showing. Eighty thousand bales of cotton would really be a good crop for this county, and that figure is not unreasonable.

A dam for Upper Red River does not seem to much like a pipe dream now, since officials for the Federal Government have already made a visit here following a trip to Washington recently by officials of the project. A few months ago a few supporters of the project made a trip to Austin to try to get Governor Beauford Jester interested to the extent that he would favor rather than veto a small appropriation which Rep. A. J. Rogers and Senator Grady Hazlewood were trying to get passed by the Legislature. If Governor Jester were alive today he would know that the visiting committee told him facts when they said the appropriated money would be used in getting Washington officials interested. We may look for favorable developments of the dam project (that's good English and not cussing language) in the months and years to come.

The late Governor Jester kept the promise he made the Childress-Briscoe-Hall committee. Also, Rogers and Hazlewood are to be commended for the active work they put in on getting the appropriation passes by the Legislature.

One of the first things I plan to do, when I am able to get out and ride, is to make a tour of inspection of Memphis. I have been told that nearly every citizen cooperated in the clean-up campaign that was waged here several weeks ago, and that the town is much cleaner and has a fresher look. I hope I will not be disappointed.

By the way, in my absence The Democrat staff took advantage of me and ran my picture and a lot of stuff about the work I did in establishing and improving City Park back in the days when I was mayor. The work and headwork I did that counted was when I had the present mayor, C. C. Hodges, appointed chairman of the park board. He is the man who got work

She was married to E. L. Spencer in Latown, North Carolina, on November 14, 1897. They made their home there until April of 1906, moving at that time to McAlister, Okla., and then to Hall County in 1927. She has been a member of the First Methodist Church since early childhood and was prominent in church work here.

Survivors include her husband, E. L. Spencer, and four daughters, Mrs. Fred Hamilton of Berkeley, Calif.; Mrs. Glendale Hardage of Lathorpe, Calif.; Mrs. Ira Whitehead of Live Oak, Calif. and Mrs. L. W. Price of Oakland, California. She is also survived by two sons: Martin C. Spencer of Memphis and Fred Spencer of Live Oak, California.

Other survivors include 12 grandchildren and two great grandchildren. Five children preceded her in death.

Out-of-town relatives attending the funeral included Mr. and Mrs. Howard Rhodes, Miss Lucille Rhodes and Mrs. Coy Smyre, all of Hickory, North Carolina.

mine the need for the dam. He said the Commission was ready to send an engineer to Memphis in order that he might stay near Red River to make tests of the water.

This investigation will be to determine the need for the water supply of the lake that would result from the dam and to analyze the purity of the water.

The Reclamation Commission is interested in the project in regard to water supply for surrounding cities, flood control, recreational facilities and soil and water conservation.

Following this meeting four engineers were sent to the proposed site of the dam to make a preliminary investigation. In this group were: C. E. Ellsworth, Brudger Ireland and S. D. Breeding, all engineers with the U. S. Geological Survey from Austin, and J. O. Jovevis, a surface water expert from the U. S. Geological Survey at Wichita Falls.

"This investigation by the Reclamation Commission is a major step toward our goal of getting the dam built," Dunbar pointed out.

"It indicates that the Reclamation Commission is going to cooperate with us and that we may expect action from them if their investigation proves the dam is needed," he added.

The proposed dam will serve a large area of the Panhandle, receiving drainage from 5,000 square miles of territory in parts of 30 Texas counties and reaching into New Mexico. It would make possible the irrigation of 116,000 acres of rich Panhandle land.

where water would flow across the asphalt surface and all grading as well as back filling of curbs.

The firm would also furnish the necessary equipment and engineering services.

"Many citizens of Memphis have inquired into the possibilities of having a number of our streets paved and so we contacted this firm," Harrison pointed out.

"Everyone agrees that a great many of our streets need paving, but since it is impossible for the city to pay for the job, this plan was devised," he added.

All home owners who are interested in the paving project and are willing to pay the costs should contact either the City Council or the Chamber of Commerce office as soon as possible, Harrison said.

He pointed out that the actual paving could not begin until next spring although some of the preliminary work could be done in the early fall.

"It was re-enacted every two years until the Constitution was amended in 1946 so as to incorporate therein the bond assumption principle and make the law continuously operative without so much difficulty as before," he stated.

"Until the last bond is paid off in future years, this legislation will operate to the relief of the people in Hall County, we hope with similar success, and with few or no bond taxes having to be levied," Judge Goodpasture added.

He said that every Hall County tax payer who took part in this legislation should feel cause for
