## HAIL CAUSES SOME CROP DAMAGE BUT GENERAL PICTURE IS BRIGHT

Those two favorite topics of Hall County discussion—the crops and the weather—blended right in together here this week.

With the county hoping for a history-breaking cotton harvest this year off a record 165,000 acres, the weather is a very important factor here.

An untimely hail in the area of the county from Lesley to Lakeview caused considerable damage to the cotton Saturday, it was reported. There was a belief among farmers of that area that the damage would not be as serious as first expected, however.

Rains of the past few weeks have not been general enough and some sections of the county need precipitation at this time as an insurance measure on the crop.

County Agent W. B. Hooser said the area around Newlin especially needs rainfall now. He said there was some signs of burning cotton in that section.

However, the general outlook is still unusually good with prospects bright for a big cotton crop this year throughout the county.

Hooser said the insect situation was not out of control but cautioned farmers in areas that have received heavy rainfall to be on guard against boll worms.

## Former Memphis Pastor to Hold Revival Meeting

The revival meetings at the First Methodist Church at Lakeview will be held from Sunday, August 21, through August 28 with services twice daily, according to Rev. O. C. Evans, pastor of the church.

It was pointed out that Rev. E. L. Yeats, pastor of the First Methodist Church at Seymour, (Continued on page 12)

## H. J. Rice, Former Memphis Resident, Dies At Plainview

Funeral services were held in Arlington Monday afternoon at 3 p. m. for H. J. Rice, former assistant postmaster here and longtime well-known Memphis resident.

Rice died at Plainview Sunday while on a visit, following a short illness.

He was employed at the local post office from 1918 until 1938, except for a short time during which he worked at a local bank.

Following his retirement from the postal service he moved to Arlington. Survivors include his wife and two daughters, both of whom are married.

## Jeff J. Jones Dies Suddenly, Services Today

Funeral services for Jefferson J. "Jeff" Jones, who died suddenly Tuesday, were held this afternoon at 3 p. m. at the Liberty Baptist Church.

Rev. W. S. Crawford conducted the services. Burial was in Liberty Cemetery. Murphy-Spicer (Continued on page 12)

## County AAA Leaders to Meet Friday

The Hall County ACA Conservation Committee meeting will be held in the AAA office here Friday at 2 p. m. Lynn McKown, secretary of the organization, said Wednesday.

McKown said it was urgent that all members of Hall County Agricultural Conservation Association committeemen attend this meeting and extended an invitation to interested farmers and county agents to also attend.

It was pointed out that the county's conservation plans for the coming year will be discussed in order to present them at the district meeting in Childress on August 24 and 25.

"It is very important that all members of the committee attend this meeting since we must make our plans for the coming year at this time to have them included in the state program," McKown stated.

He said that the county program will be included in the district report which will be submitted to the state meeting for final action.

A general outline of Hall County's agricultural conservation needs will be discussed, he said.

## Rotary Governor Says Group Must Work for Peace

Rotary clubs in 81 countries throughout the world are united in an endeavor to promote international understanding, good will and peace. That was the message brought by Elmo Wasson of Big Spring, governor of District 183 of Rotary International, in addressing the Memphis Rotary Club Tuesday.

His speech followed a conference with local Rotary officers, directors and committee chairmen Monday night.

"In addition to the activities (Continued on page 12)

## Church of Christ Revival Underway

The Church of Christ revival now underway here has been very successful to date, according to Gray Carter, minister of the church.

The services are being held twice daily, at 10 a. m. and 8 p. m.

Carter said the work of the two evangelists, Kermit Upshaw and Howard Carter, who are in charge of the revival is outstanding.

He invited all those who have not attended one of the meetings to do so this week. The revival closes Sunday.

## A Letter of Thanks

# Oklahoma Traveler Appreciates Friendliness Shown By Memphians

(Ed. Note—This letter was received this week from a lady who got a first hand account of the friendliness of Memphis citizens when she had automobile trouble here. Congratulations to the three local persons who helped her and thanks to you, Mrs. Martin, for your appreciation.)

## Cyclone Football Tickets on Sale

Superintendent W. C. Davis said Wednesday that season reserve seat tickets to the four home games for the Memphis Cyclone football team are now on sale at his office at the High School.

Davis said those desiring tickets could either come by his office (Continued on page 7)

## Hall County Picnic In Lubbock Sunday

The annual Hall County Picnic, favorite gathering of the natives and daughters who have moved away but haven't forgotten home, will be held at Mackenz Park in Lubbock Sunday.

## York Ridicules 'Favorite Role'

That favorite phrase of gridiron mentors, "We've got a long way to go," was Coach "Chuck" York's theme song Wednesday as his 1949 squad hit the mid-point in their first week of practice for the 1949 campaign.

The Memphis pigskin tutor was not especially pessimistic but groaned at the thought of the Cyclone being picked as District 2A favorite.

"I just can't see the reasoning behind such predictions," he said.

Biggest corners of gloom in the Cyclone camp centered around the fact that Bobby Crooks, vaunted halfback who suffered a recent illness, is still not in uniform and that Jimmy Adkins, a halfback promoted from the B squad, had moved and was lost for the season.

Also causing York and assistant coach Ray Newton uneasiness is the fact that Max Kennedy, promising guard candidate, had (Continued on Page 12)

## Methodist Church Revival Meetings Begin Here Sunday

Featuring two outstanding evangelists, the revival at the First Methodist Church here will begin Sunday morning.

Services will be held twice daily until the revival ends on September 2. Rev. Rollo Davidson, pastor of the church, announced. He said that in addition to regular services there will also be children and young people's meeting each evening at 7:30.

Rev. H. H. Holowell will be delivering the messages at the meeting. The Midland evangelist is noted for this type of work. Rev. W. M. Culwell of Odell will be song director and will work with the children. He formerly lived in Memphis and is considered one of the area's leading singers.

Rev. Davidson said that he would be in charge of the young people's services.

The revival meetings will be held each morning at 10 a. m. and each night at 8 o'clock.

"We feel that our varied activities offer interest to all age groups and we cordially invite everyone in this area to attend our meeting," Rev. Davidson stated.

## Casebeer Infant Dies in Hereford; Buried Wednesday

Funeral services for John Charles Casebeer, 19-day-old infant son of Mr. and Mrs. John Casebeer, were held at the Murphy-Spicer Funeral Chapel Wednesday at 3 p. m.

Rev. Roy Shahan, pastor of the First Baptist Church, conducted the services.

Burial was in Fairview Cemetery with arrangements under the direction of Murphy-Spicer Funeral Directors.

Mr. and Mrs. G. H. Crews were well-known in this area. They resided here from 1907 until February of 1947 when he died. Mrs. Crews then moved to Riverbank.

## Area Weatherman Speaks to Lions Here Wednesday

This area of the Panhandle is a particularly outstanding agricultural region because 78 per cent of the rainfall here is during the growing season.

This was the assertion of H. C. Winburn, head of the Amarillo division of the United States Weather Bureau, who was guest speaker at the regular Lions Club luncheon here Wednesday noon.

Winburn delivered a very interesting talk to the Lions and their guests on the methods used to obtain the data for the daily weather forecasts.

## Last Rites Today For Mrs. Daniels, Longtime Resident

Funeral services were held this afternoon at 4 p. m. for Mrs. S. L. Daniels, well-known Memphis resident, who died in a local hospital Tuesday.

The last rites were conducted at the First Baptist Church with Rev. Roy Shahan, pastor of the church, in charge of services.

Pallbearers were Edwin Hutcherson, Barney Lockhart, Otis Stilwell, Garvis Davis, Fred Collins and Harold Woodson.

Burial was in Fairview Cemetery with arrangements under the direction of Marcum Funeral Directors.

Born at Athens on August 8, 1877, Mrs. Daniels had been a Hall County resident for 29 years. She was married to S. L. Daniels on December 26, 1899, in Grayson County and they moved to Hall County from Cook County in 1921.

She had been a member of the First Baptist Church since 1901.

Mrs. Daniels is survived by two daughters, Mrs. Charlott Muse of Snyder, Okla., and Mrs. Eula Webb of Harlingen.

Also surviving are two sons: S. M. Daniels of Amarillo and H. M. Daniels of Wichita Falls.

Her husband preceded her in death on March 1, 1927. A son, Jess Daniels, who lived at Salisbury also preceded her in death as did a daughter, Mrs. Nancy Collins, who died on April 26, 1949.

Among other survivors are 15 grandchildren and six great grandchildren.

## Resuscitator Now Here; Will Be On Display for Week

Fire Chief Thomas Clayton announced this week that the fire department had purchased a resuscitator for use in this area.

They obtained this life-saving unit as a result of a recent contributions drive.

Clayton said that Roy Albritt of the E. & J. Manufacturing Co., from whom the unit was purchased, would be in Memphis next week to demonstrate the proper usage of it to the firemen.

He pointed out that the resuscitator will be on display for the next eight days. Friday and Saturday it will be shown at Tarrers Pharmacy, Monday and Tuesday at the Memphis Drug, Wednesday and Thursday at (Continued on Page 12)

## Apples Grow Big On Nearby Farm

At least one Hall County farmer, Ed Hutcherson, might offer some spirited competition to the state of Washington's claim for "growing the best apples in the world."

Hutcherson brought a couple of apples that were grown on his farm six miles south of Memphis into The Democrat office Tuesday.

A statistical check-up found the two apples weighed one pound, four ounces and the largest one measured 11 inches in circumference.

A momentary lapse of training memory caused The Democrat reporter to forget to ask Hutcherson what kind of apples they are but they are big and good eating and that, after all, is what's important.

CONSTITUTIONAL AMENDMENTS

House Joint Resolution No. 22 proposing an Amendment to Article V, Section 7 of the Constitution of the State of Texas to provide that the Judge of the District Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law; providing for election proclamation and submission to qualified electors of the State.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 7 of Article V of the Constitution of the State of Texas be amended so as hereafter to read as follows: "Sec. 7. The State shall be divided into as many judicial districts as may now or hereafter be provided by law, which may be increased or diminished by law. For each district there shall be elected by the qualified voters thereof, at a General Election, a Judge, who shall be a citizen of the United States and of this State, who shall be licensed to practice law in this State and shall have been a practicing lawyer or a Judge of a Court in this State, or both combined, for four (4) years next preceding his election, who shall have resided in the district in which he was elected for two (2) years next preceding his election, who shall hold his office for the period of four (4) years, and shall receive for his services an annual salary to be fixed by the Legislature. The Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law. He shall hold the regular terms of his Court at the County Seat of each County in his district at least twice in each year in such manner as may be prescribed by law. The Legislature shall have power by General or Special Laws to make such provisions concerning the terms of sessions of each Court as it may deem necessary.

"The Legislature shall also provide for the holding of District Court when the Judge thereof is absent, or is from any cause disabled or disqualified from presiding.

"The District Judges who may be in office when this Amendment takes effect shall hold their offices until their respective terms shall expire under this present election or appointment."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on November 8, 1949, at which time all ballots shall have printed thereon: "FOR THE CONSTITUTIONAL AMENDMENT PROVIDING THAT THE DISTRICT COURT SHALL CONDUCT ITS PROCEEDINGS AT THE COUNTY SEAT OF THE COUNTY IN WHICH THE CASE IS PENDING, EXCEPT AS OTHERWISE PROVIDED BY LAW"; and "AGAINST THE CONSTITUTIONAL AMENDMENT PROVIDING THAT THE DISTRICT COURT SHALL CONDUCT ITS PROCEEDINGS AT THE COUNTY SEAT OF THE COUNTY IN WHICH THE CASE IS PENDING, EXCEPT AS OTHERWISE PROVIDED BY LAW."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment.

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment, and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas will issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State.

Sec. 3. The Governor of the State of Texas will issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State.

House Joint Resolution No. 36 proposing an Amendment to Article III of the Constitution of the State of Texas authorizing the Legislature of the State of Texas to provide for the establishment and creation of hospital districts; providing for the Governor's proclamation and submission to the electorate.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be and the same is hereby amended by adding to said Article a new Section to be designated as Section 60, reading as follows: "Section 60. The Legislature shall have the authority to provide by law for the establishment and creation of hospital districts

in the counties of this State under such conditions as the Legislature may fix by law, and to provide for the support of said districts by a tax on the ad valorem properties situated in said counties; providing, however, that before any such district shall be created it shall be approved by a vote of the people in said district."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on November 8, 1949, at which time all ballots shall have printed thereon: "FOR THE AMENDMENT TO THE CONSTITUTION OF THE STATE OF TEXAS AUTHORIZING THE LEGISLATURE TO PROVIDE FOR THE ESTABLISHMENT AND CREATION OF HOSPITAL DISTRICTS;" and "AGAINST THE AMENDMENT TO THE CONSTITUTION OF THE STATE OF TEXAS AUTHORIZING THE LEGISLATURE TO PROVIDE FOR THE ESTABLISHMENT AND CREATION OF HOSPITAL DISTRICTS."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment, and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas will issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State.

House Joint Resolution No. 32 proposing an Amendment to Article 1 of the Constitution of the State of Texas, by adding thereto another Section following Section 15, providing that the Legislature may provide for trials in lunacy cases without a jury; further providing for the submission of this Amendment to the voters of this State; prescribing the form of ballot; providing for the proclamation and publication thereof.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 1 of the Constitution of the State of Texas be and the same is hereby amended by adding another Section thereto following Section 15, to be designated Section 15-a, to read as follows:

"Section 15-a. The Legislature shall have the authority to enact all laws necessary to provide for the trial, adjudication of insanity and commitment of persons of unsound mind and to provide for a method of appeal from judgments rendered in such cases. Such laws may provide for waiver of trial by jury in cases where the person under inquiry has not been charged with the commission of a criminal offense, and shall provide for method of service of notice of such trial upon the person under inquiry and of his

right to demand a jury trial. Sec. 2. That the Constitutional Amendment be submitted to a vote of the electors of this State on the second day of November, A. D. 1949, at which time all ballots shall have printed thereon: "FOR THE AMENDMENT TO THE CONSTITUTION OF THE STATE OF TEXAS PROVIDING THAT THE LEGISLATURE MAY PROVIDE FOR TRIALS IN LUNACY CASES WITHOUT A JURY;" and "AGAINST THE AMENDMENT TO THE CONSTITUTION OF THE STATE OF TEXAS PROVIDING THAT THE LEGISLATURE MAY PROVIDE FOR TRIALS IN LUNACY CASES WITHOUT A JURY."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment, and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas will issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State.

 Don't Neglect Them!  
 Nature designed the kidneys to do a  
 marvelous job. Their task is to keep the  
 flowing blood stream free of an excess of  
 toxic impurities. The act of living—life  
 itself—is constantly producing waste  
 matter the kidneys must remove from  
 the blood if good health is to endure.  
 When the kidneys fail to function as  
 Nature intended, there is retention of  
 waste that may cause body-wide dis-  
 tress. One may suffer nagging backache,  
 persistent headache, attacks of dizziness,  
 getting up nights, swelling, puffiness  
 under the eyes—feel tired, nervous, all  
 worn out.  
 Frequent, scanty or burning passages  
 are sometimes further evidence of kid-  
 ney or bladder disturbance.  
 The recognized and proper treatment  
 is a diuretic medicine to help the kidneys  
 get rid of excess poisonous body waste.

MISS LYNN MOORE

**Miss Lynn Moore and I. D. Russell To Marry August 22 in Wellington**

From Phoenix, Ariz., comes news of the engagement and approaching marriage of Miss Lynn Moore, daughter of Mr. and Mrs. Sam Moore now of that city and former well-known Memphis residents, to I. D. Russell, son of Mr. and Mrs. Otto Russell of Wellington.

The bride-elect is the granddaughter of Mr. and Mrs. George Bass of this city and a niece of Mrs. Roy Guthrie and Mrs. Ernest Lee.

The wedding date has been set for Monday evening, August 22, and the service will be read at the First Methodist Church in Wellington.

Attendants at the ceremony will be Mrs. Tommy Hulsey of Memphis, cousin of the bride, matron of honor; Misses Tommy Ann Campbell, and Sue Anderson of Wellington, Donna Marie Broughton of Childress, and Carolyn Kellon of Corsicana, bridesmaids; Richard Kilbreth of Hedley, best man; Ted O'Neil, Frank Orr, V. K. Orr Jr., Tim Hatch, all of Wellington, ushers; Linda Jane Denny of Childress, and Janet Jones of Wellington, flower girls; Leo Russell, brother of the groom-to-be, ring bearer.

The bride-elect received her early schooling in the Memphis schools, graduated from the Wellington high school, and has been attending Southern Methodist University, Dallas. She is a member of Zeta Tau Alpha sorority.

Her fiancé is also a graduate of the Wellington high school and received notable recognition as a football player during his high school days. He, too, is a student at Southern Methodist University and the couple will continue their studies at the University this fall.

**Of course - it's Electric!**

LADIES... is your kitchen a "Turkish Bath"? The kitchen in many an otherwise modern home is often turned into a regular "steam-bath" by the use of old-fashioned cooking stoves. However, many housewives are finding these hot August days that Electric Cooking makes their kitchen work cooler, easier, faster, and cleaner.

And when it comes to that important item of economy, the cost of Electric Cooking is amazingly small, considering the marvelous conveniences and the extra leisure time it brings.

Stop in at the West Texas Utilities Company... see a demonstration of modern electric ranges. Ask questions, look them over thoroughly... then you, too, will prefer electric cooking.

# Owls Fall To Mangum 9-4 Thurs.

Mangum turned on a "Rags to riches" finish here Thursday night to beat the Memphis Owls 9-4 in an extra inning Red River Valley League game at Estes Park.

The loss dashed any Owl hopes of regaining a share of the first place standing in the league held by Wellington.

It was a tough game for the Owls to lose as they held the scoring edge for five and one-half innings after making up a one-run deficit in the third.

Mangum took the lead in the second inning when Plew, aided by errors, crossed the plate. The Owls eased ahead in the fourth when Hamrick and LaFollette scored to cap off a rally that was highlighted by Hamrick's triple and Dorman's two-bagger.

The Owls chalked up their other pair of runs in the fifth frame when Pruitt and Coppedge scored.

A three-hit, two run rally in the top of the ninth put the visitors into a deadlock with the Owls and they put the game on

ice in the first of the 10th inning with a wild five-run spree.

Leonard Ruyle, who entered the game with a 4-2 lead in the seventh, was charged with the loss. Doc Pittman had worked the first six and one-half innings giving up two hits. During Ruyle's stay the Oklahoma nine collected six hits.

Lundy was the winner hurler and went the distance, giving up eight hits.

which agreement was reached by the Fair Association in session Monday afternoon, the amusement program is now sufficiently well planned to insure the best entertainment ever provided at any preceding fair. Over \$1,200 worth of free grandstand attractions have been contracted for. These include the "Three Golfers," a company of distinguished European gymnastic champions, and the "Great Ben Abdiziz Troupe," Oriental and occidental wonders.

**CASH PRIZES OFFERED IN SCHOOL ATHLETIC EVENTS**—Cash prizes of \$15 and \$10 will be offered for first and second places, respectively, in the athletic events included in the official program of the Hall County District Fair, September 9-12. These contests will be open to the pupil of all rural schools in the district and one event will be held during each afternoon of the first three days of the fair.

**FAIR ADVERTISING MATTER WELL DISTRIBUTED**—The Fair Association is spending over \$500 on novelty advertising alone for the Hall County District Fair which material is being distributed over the entire district which is composed of Childress, Collingsworth, Donley and Hall Counties. The association has adopted "Texas' Greatest District Fair" as a slogan and is making a desperate effort to bring it up to that standard.

### Statistical Round-up OWLS CLOSE OUT RRV SEASON SECOND; WELLINGTON ON TOP

A win and a loss during the last week of circuit activity saw the Memphis Owls finish in a tie with Mangum for second place in the Red River Valley League. Loop play officially ended Sunday.

Wellington, league pace-setters throughout the campaign, closed out the season one full game ahead of their nearest rival Altus finished in fourth place with Childress, who never recovered from a mid-season slump, fifth and Shamrock buried deep in the cellar.

The Owls pulled the curtain on their league season with a 17 won, 9 loss average of .653. They constantly whittled at the Wellington lead throughout the season and pulled into a tie with the Dukes two weeks ago before a loss to Altus sent them back into second place.

Memphis had an exremely good seasonal average with a total of 36 games won and 10 lost for a 78.2 percentage.

In RRV finale games Sunday: Memphis pounded out a 5-1 win over Shamrock behind the six-

hit pitching of Metz LaFollette. Mangum upset the penant-holding Wellington Dukes 14-2, blasting two Duke hurlers for 15 hits. Altus walked off with everything but the catcher's mask at Childress as they shellacked the Cats, the club that will represent them in the play-offs, 27-0.

The Owls finished the regular season with a team batting average of .295, figured from 480 hits off 1625 official times at the plate.

Metz LaFollette led the hitters with a seasonal average of .366. He hit safely 69 times out of 188 trips.

Grundy, who is a graduate of Memphis High School, will receive the Bachelor of Science degree.

Dr. John W. Raley, president of Oklahoma Baptist University and a Baylor graduate of 1923, will deliver the commencement address. Exercises will be held at 8 p. m. in the open air Union Bowl on the campus.

President W. R. White said that the summer graduating class plus the 915 who received sheepskins in the May commencement makes a total of 1,267 graduates for the year. This is a record for the 104-year-old Baptist school.

### TWISTER HITS LAKEVIEW GIN

Freakish weather hit Lakeview Saturday afternoon in the form of a small twister, damaging the Paymaster Gin there.

Gin Manager Paul McCanne said the strong wind lifted the wated tower and tank approximately 10 feet and sent it crashing into the east end of the gin, where the engine room is located.

McCanne stated that he had made no definite estimate of the damage but that it was considerable and caused "quite a mess."

### Donley County Old Settlers Picnic Today

The annual Donley County Old Settlers Picnic is being held today at Tate Grove, east of Hedley.

J. T. Bain of Hedley is president of the organization and said this week that plans were to make today's gathering the largest in history.

He said that an outstanding

program was scheduled for this afternoon and extended a cordial invitation to all the old settlers of this area to attend the afternoon session of the picnic if they were unable to join in the activities all day.

**Oklahoma Traveler**  
(Continued from Page 1)  
something about three people who live there. Since I don't actually know the names of two of them, I won't mention the name of the third.

Due to having had car trouble practically all the way from Amarillo, I was forced to spend the night in Memphis. My car was stalled about 15 miles from your city and the first of the three people I want to mention is the man who stopped to help.

Perhaps that wasn't unusual, but he pulled my car into Memphis and didn't charge a penny to do it. Nor would he accept

the steak dinner I offered. He even looked me up later to see how the work was progressing.

I understand he is employed at one of the grocery stores around the square and he had delivered some hogs to Amarillo yesterday (August 11.) Do you know his name? I wish I did.

The second person is the man who repaired the radiator on my car, most of the work being done after the hour he usually closes. Since I had so much unexpected trouble I thought I would have to wire my father for money because I learned long ago that a check isn't any good to a stranger.

But this man accepted my check—no questions asked and no references given.

The third person is a girl who is employed in one of your drug stores. She is a wonderful advertisement for your city and I hope your Chamber of Commerce finds out about her.

During the course of our conversation she learned about the trouble I had and she knew I was really afraid to spend the money I had for fear of more car trouble. But she spent at least a half-hour showing me the lovely things in the store. Unusual? I think so.

I have lived in six states in the last seven years because of the work my husband does and I've been around the country too much not to recognize and appreciate genuine friendliness when I run into it.

You people may think these things I've mentioned are everyday occurrences but, believe me, that is not true unless your town is one in a thousand and I'm beginning to think it may be.

I shall travel your road again but never, as I have done in the past, will I go through without stopping. You citizens of Memphis, if you are as friendly and considerate as these three, keep

it that way for you have no idea how much people in my position appreciate it.

You'd be surprised how much friendliness gets to mean to a person. My husband, who at present is on contract in Arabia, will join me in saying, "Thank You," when he gets the letter I wrote him last night.

said he wouldn't deny that their forecasts were sometimes wrong but that people seem to forget the many times they are right.

"Of course, we make mistakes because ours is not yet a true

science," he pointed out. "However, we are constantly working toward that goal and some day hope to reach the near-perfection point."

Winburn pointed out that there are 960 points in the United States where the weather is checked simultaneously four times daily. These reports are sent to eight central points in the United States and within one hour and 40 minutes after the checks, the complete reports have been assembled for the forecast.

He said we were fortunate in this area in the winter since our usually dry weather at that time eliminated many serious ice storms.

Winburn has been connected with the weather bureau in Amarillo since 1941, coming there

from Houston. He grew up in the Middle West and moved to Houston in 1930.

The weather forecaster was introduced by N. W. Durham, Lion's Club program chairman.

Let's Work To Keep Polio Out Of Memphis

According to the National Foundation, the infantile paralysis epidemic this year is one of the worst in history.

We in Memphis may find this hard to realize because we have not yet had a case of polio reported here this year. All right, so we are lucky. But how long can this good fortune last?

The "Anti-Polio Week" staged here last month did a great deal to check the dreaded disease before it got started. But we must not allow ourselves to think the danger of polio is over for this area just because we had the drive.

Next Monday, August 22, over 1500 pints, quarts and gallons of Pestroy 6% DDT will be given away to residents of this area. This project is being sponsored by the Chamber of Commerce through the co-operation of the Memphis Lumber Company and the Sherwin-Williams Paint Company.

Of course, these firms expect some favorable publicity for this, but, nevertheless it is a commendable civic gesture on their part.

All residents of this area should take advantage of this offer and go by the Memphis Lumber Company Monday where the DDT will be given away.

More important, the DDT should be used around the homes as soon as possible. Its value as an insect killer is well established and unchallenged. Let's all do our part to keep Memphis free from infantile paralysis this year.

Friendliness Always Pays Off

Elsewhere in this issue is a letter of thanks from a grateful lady who had occasion to come in contact with the friendliness of Memphis citizens.

This letter should remind all of us that we can do Memphis a real service by extending courtesy and friendliness to tourists passing through our city.

The Chamber of Commerce has already recognized this fact as evidenced by their project of several weeks ago during which Goodwill Ambassador cards were given to local citizens who might meet travelers in their work.

Let's all take a lesson from this letter and strive to show every courtesy and act of friendliness possible to travelers passing through Memphis. A friendly smile or kind word may seem like a small thing but it is noticed and appreciated.

Let's work to continually build our reputation for friendliness!

Sympathy Has No Price

While it is true that some funeral services cost more than others, we feel that our sympathetic assistance has no price tag. Our less expensive funerals are given the same fine advantages, kindly service and thoughtful consideration as higher priced rites. We urge you to investigate our funeral costs now.

QUOTING OUR NEIGHBORS

Isolation Doesn't Work

A definite pattern for Europe, as well as the whole world, is being worked out in Europe by military men from America, and the other nations which are involved. That is certainly a policy which would be approved by all Americans.

After World War I we came home determined that we would leave Europe alone. It was just 25 years that we were forced to return and help fix up the mess which we had left after the first war.

Unless we plan, and plan wisely, we may have to go back to Europe one of these days to help fix up the mess which we left following World War II.

It should be recalled that in leaving Europe, we abandoned millions of dollars worth of surplus materials. Whether this stuff fell into friendly, or unfriendly hands, no one knows for sure. At least we got rid of the stuff.

In spite of the jealousies which exist between the military men of Europe today, we hope that our able leaders will be able to plan a defense system which will hold back the Reds, should they attempt to pull a fast march on us. —Canyon News.

The Red Birds and Bees

Russian government looks upon people in the same manner a beekeeper looks upon his bees. The people and the bees must produce for the bosses in order to earn a living, of a sort, and a "hive" for shelter. But the government and the keeper get the honey.

The reason people do not thrive upon the beekeeper plan is because they are individuals. They demand more than the privilege of producing for political overlords, at the expense of their profit and freedom.

Many revolutions and civil wars have occurred over resentment at dictatorial government acting as a keeper of the people's honey.

Eventually men will balk at a government that plays the part of

the beekeeper.—Briscoe County News.

Woe Is All of Us

To every man his own particular woes. To those in grief, to those in financial straits, money, for those afflicted with arthritis-drawn tendons and hardening joints. Each carries his burden as best he may. Each also bemoaning his unhappy lot considers that of his neighbor and returns to his own troubles, picking up the bag of woes and carrying on. So says the fable. And so says the nature of humanity. Whatever your woes you carry them with moaning and groaning or with smiles or patience or fortitude. But our own you carry. You would

This Week in WASHINGTON

HIGHLIGHT OF THE WEEK
Insofar as rural readers are concerned was the administration defeat in the house of the "trial run" on the Brannan plan farm program, but ranking also as highly significant was the defeat of the American Farm Bureau federation on its stand for a flexible farm price support principle.

For not only did the house kill the Brannan trial plan, but it kicked the Aiken flexible price support law out the window and went back to the present or war time straight 90 per cent of parity program on basic commodities and the supports provided under the Steagall amendments.

The measure as finally approved extends for a year 90 per cent of parity price supports on corn, cotton, wheat, tobacco, peanuts, rice, cottonseed, milk and its products, eggs, chickens and hogs. It permits support of other agricultural commodities at a fair parity relationship to the extent that funds for such operations are available; it continues support of other Steagall amendment commodities at not less than 60 per cent of parity and provides for production controls as a means of keeping supplies in line with demand.

The battle over the agricultural program now moves to the senate, where of course Senator Aiken will make a last ditch stand to put his law back into effect and where, of course, administration forces will try again to put the Brannan program back into the running.

According to observers here, the powerful Farm Bureau federation under the leadership of its president, Allan Kline, which continued to back the flexible price support system even after a battle in its last convention threatened to bring about a major split in the ranks, finally was forced to abdicate its stand on its flexible principle. Southern members of the Farm Bureau proved too strong for the rest of the federation, for not only did these southerners—the cotton, tobacco and peanut farmers—continue hostile to the flexible support program, but they joined with Congressman Albert Gore of Tennessee and his colleagues to defeat both the Brannan plan and the Aiken law. # Constitutional Amendments

**House Joint Resolution No. 19** proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to provide for Civil Service in certain counties upon a vote of the people therein.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Article XVI of the Constitution of the State of Texas be and the same is hereby amended by adding to said Article a new Section, to be known and designated as Section 62-c, reading as follows:

"Section 62-c. The Legislature is authorized to provide for the creation of Civil Service Systems for county employees in the respective counties of this State, but any system so authorized and established shall be approved by a vote of the people in said county. Any Civil Service System established by virtue of this Section shall apply to appointive offices only, and the limitations on term of office heretofore provided by Section 30 of this Article shall not apply, but the duration of such offices shall be governed by the provisions of such Civil

Service System. This Section shall not apply to counties having a population less than seventy-five thousand (75,000) people."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of the State at an election to be held on the second Tuesday in November, 1949, at which election all ballots shall have printed or written thereon (or in counties using voting machines the said machines shall provide for) the following:

"FOR The Constitutional Amendment authorizing the Legislature to provide for Civil Service in counties upon a vote of the people therein;" and

"AGAINST The Constitutional Amendment authorizing the Legislature to provide for Civil Service in counties upon a vote of the people therein."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment, and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the Constitution

of the State of Texas.

Sec. 3. The Governor of the State of Texas will issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

### House Joint Resolution No. 38

proposing an Amendment to the Constitution of Texas by adding to Article XVI thereof a new Section to be Numbered 63 and authorizing the Legislature to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the several counties of this State; providing that participation therein by counties shall be voluntary, and authorized by the qualified voters of such county, and providing that administration of said system may be committed to the same body set up to administer the statewide municipal retirement system authorized under Section 51f of Article III.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Article XVI of

the Constitution of the State of Texas be amended by adding to Article XVI thereof a new Section numbered Section 63, which shall read as follows:

"Section 63. The Legislature shall have the authority to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the counties of this State under such a plan and program as the Legislature shall authorize; provided, that participation therein by counties shall be voluntary, and shall first be authorized by vote of the qualified voters of such county. Administration of such system may be committed to the same body as may be set up to administer the municipal retirement system provided for by Section 51f of Article III."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors for members of the Legislature at an election to be held throughout this State on the second Tuesday in November, 1949; and at said election the ballots shall have printed thereon the words "FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," and

"AGAINST the Constitutional

Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees." Each voter will strike out one of said clauses on his ballot, leaving the one unmarked which expresses his vote upon the proposed amendment.

Sec. 4. If at said election, a majority of the votes cast are in favor of the proposed amendment published as required by the Constitution for proposed amendments thereto.

Sec. 5. The sum of Five Thousand Dollars (\$5,000), or as much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such proclamation, notice and election.

(Continued from Page 1)  
The president of the association, said the all-day affair will begin at 10 a. m.

The gathering attracts some 300 former Hall Countians each year and good time is in store for all who attend. Harry Delaney has lined up an outstanding program for this year's picnic, according to Mrs. Stroup, and there will be prizes given for the oldest lady and oldest man present. Prizes will also be awarded those who have traveled the longest distance to attend the picnic.

A cordial invitation to attend the picnic has been extended to everyone now living in Hall County. Mrs. Stroup gives the following directions for finding the location of the picnic in Mackenzie Park at Lubbock: "Enter the park at Hub Homes entrance. Take the right hand road to the foot of the hill and you will see a Hall County Picnic sign on the left side of the road. Fall out. Pull up your socks. Loosen your belt; get your basket of food out of the car and get set for a good time. It's all yours."

be sprayed or dusted. While evergreens are bothered more by bagworms, other trees with large bagworms are sometimes attacked. W. W. Yocum, Texas Tech horticulturist, says, "Bagworms feed and develop for about two and a half months. Control should begin with picking off all overwintering bags that can be found on trees and shrubs since many of these bags contain egg masses to start the next generation." He recommends the following formula to effectively combat the bagworms: Two tablespoons of lead arsenate per gallon of water when the worms are small, and a stronger concentration should be used on older worms. Or a duster may be used with one part of lead arsenate mixed with five parts of flour or lime. Apply the dust early in the morning when trees and shrubs are wet with dew.

**Library Park**

Library Park, for many years one of the shaded and restful places in the heart of Memphis, is now practically minus trees due to ravages of root rot—a fungus that attacks the roots and deals death to shade trees. The area infested keeps enlarging, and there isn't much that can be done about it, tree experts claim.

will conduct the services. Rev. Yeats is a former pastor of the First Methodist Church at Memphis and has many friends in this area. The song services will be led by W. J. Longshore. Meetings are scheduled daily for 10 a. m. and 8 p. m. "Rev. Yeats needs no introduction to residents of this area in view of his outstanding record while pastor of the Methodist Church," Rev. Evans said. He stressed that a cordial invitation was extended to everyone to attend these services.

not reported for practice Wednesday. But all the news wasn't bad for the Memphis team. On the brighter side of things, Tommy Messer, another halfback up from the B squad, was in uniform and in good physical condition. York said the youngster, whose condition was doubtful earlier, had been examined by a leading specialist in Amarillo and found in good physical condition and capable of engaging in any athletic activities. "Of course it's much too early to tell much," York said. "The edges are plenty rough right now but we more or less expected that." "Our backfield is weak without

ing the country," Howell added. "The DDT liquid can be applied in almost any way, with brush, spray gun, rag or oil can. It kills flies, mosquitoes, ants, roaches and other insects. Howell reminded residents of this area that the DDT will be given away at the Memphis Lumber Company Monday and was theirs just for the asking.

action the other boys have seen is hopeful," he stated. He hopes Crooks will be in uniform next week. York said Fullback Andy Gardenhire was looking good and that he was pleased with the progress shown by Roddy Star-gel in his new quarterback role. York described the situation up front as this: Ends—Letterman Don Rasco looking impressive so far with other boys showing lack of experience. Tackles—Rather ragged at this time. Guards—A real danger spot with no experienced hands available. The newcomers are showing a spirit of willingness and hustle, however. Center—Cteady with letterman Raymond Clark in the pivot post. "It's just too early to say much other than that we have lots of work to do before season starts," the Cyclone mentor said. "The boys are really showing a great spirit," he added. Present plans call for workouts to continue twice daily, at 7 a. m. and 5 p. m. Morning sessions are limited to light work with scrimmages in the afternoon. The team is working out on the field west of West Ward School.

be sprayed or dusted. While evergreens are bothered more by bagworms, other trees with large bagworms are sometimes attacked. W. W. Yocum, Texas Tech horticulturist, says, "Bagworms feed and develop for about two and a half months. Control should begin with picking off all overwintering bags that can be found on trees and shrubs since many of these bags contain egg masses to start the next generation." He recommends the following formula to effectively combat the bagworms: Two tablespoons of lead arsenate per gallon of water when the worms are small, and a stronger concentration should be used on older worms. Or a duster may be used with one part of lead arsenate mixed with five parts of flour or lime. Apply the dust early in the morning when trees and shrubs are wet with dew.

**Library Park**

Library Park, for many years one of the shaded and restful places in the heart of Memphis, is now practically minus trees due to ravages of root rot—a fungus that attacks the roots and deals death to shade trees. The area infested keeps enlarging, and there isn't much that can be done about it, tree experts claim.

in the league, took the place of Altus in the play-offs. A change in plans was made necessary when Mangum and Memphis finished in a deadlock for second place. A toss was necessary to determine first round play-off opponents. The finals will be reeled off on a best three-out-of-five basis. Dates for the final games are: August 25, 28, 30, September 1 and 4. All five games will be played, regardless of the outcome of the first three. Chief play-off interest is centered on Memphis and Wellington for the winner of this series

of Rotary's 7,000 clubs in their own communities to promote this objective," Wasson explained, "during the next three years Rotary International will spend \$750,000, principally to create better understanding among the peoples of different nations." One of the principal ways in which this money will be spent will be on Rotary Foundation Fellowships which enable outstanding graduate students to study abroad for one year as ambassadors of good will. Since this program was established in 1947, 111 Fellowships have been awarded to students in 27 countries, with grants totaling more than \$250,000, he stated. "Devoted to service, Rotary provides a common ground for 330,000 business and professional executives throughout the world, regardless of political or religious district govern- He said that the parallel between Rotary and the Charter and the organization of the world have the development of the United Nations or to make it an instrument for free peace.
