New Plans For Wheat Price Aid

Hall County wheat farmers got a break this week when a revision to the 1950 allotment plans were announced through the AAA office here.

Secretary Lynn McKown said that the new program will base the allotments on the acreage planted in 1948-49 rather than the original plan to base them on the five year crop histories, dating back to 1944.

He said that this new plan would insure increased allotments to at least 30 per cent of Hall County's farmers.

Further, it was pointed out that the allotments must equal 46 per cent of the wheat seeded by the farmers in 1948-49.

The Agriculture Department had laid plans for the allotment program earlier in the summer but had previously dropped any marketing quota plans for 1950. The farmers face only the penalty of not receiving price support (Continued on Page 10)

Democrat Goes Back To School Sept. 8

It's school time again, and The Democrat is going back to the classrooms with the youngsters.

Watch the September 8 issue for the "Back to School" special edition. Included will be human interest and feature articles on the faculties, administration and plans of Hall County schools.

The publishers have announced that pictures and information about the 1949-50 Memphis school faculty will be run as well as information on the various departments, future school plans and a story on the business problems of running a school system.

In fact, practically every angle of school interest will be included except fool-proof formulas for the kids on how to get away with playing hooky — and the staff is working on that.

Funeral Services At Lakeview for Memphian's Father

Funeral services for Manson V. Evans, 80, former Hall County resident, were held at the Lakeview Baptist Church Monday at 3 p. m.

Evans died Saturday in Elk City, Oklahoma, his home, following a short illness. His body was brought overland to Lakeview for the last rites.

Rev. Guy Killian, pastor of the church, conducted the services. Pallbearers were: C. F. Srygley, Del Wells, Troy Payne, B. E. Davenport, J. W. Longshore and Ross Springer.

Burial was in Lakeview Cemetery with arrangements under the direction of Murphy-Spicer Funeral Directors.

Evans was born on January 12, 1869, in Georgia, and was married to Miss Alice Roach. The family moved to the Indian territory in 1900 settling near what is now Durant, Oklahoma.

They moved to Hall County in 1906, moving back to Oklahoma in 1925. They have lived near Elk City since that time.

Survivors include the wife and four daughters, Mrs. Burl Smith, Memphis; Mrs. Leonard Taylor, Hammon, Oklahoma, Mrs. John Capps and Mrs. J. H. Robertson, both of Lakeview.

Two sons also survive; Grady Evans and Bob Evans, both of Chanute, Oklahoma.

Other survivors are two brothers: J. M. Evans, Ranger, Georgia. (Continued on page 4)

The Memphis Public Schools will officially begin their 1949-50 school year Monday, September 5, at 9 a. m., Superintendent W. C. Davis announced this week.

Thus the call was sounded for some 900 to 1,000 youngsters in the Memphis Independent School District to curtail their summer activities and return to the classroom routine.

But the grace period is even shorter for the new members of the Memphis High School senior class. Superintendent Davis said that they will be enrolled tomorrow (Friday, September 2) and then return Tuesday for classes.

All other students in the high school, junior high and ward school will enroll Monday. All classes will begin on Tuesday morning.

Davis reminded parents of all children who will begin the first grade this year that those youngsters must be vaccinated for small pox and diphtheria, and bring their doctors' certificates, which indicate this has been done, with them when they enroll.

The Memphis superintendent said that all faculty positions had been filled. This takes in 37 positions in the three city schools, including 15 at the high school, nine at junior high and 13 in the ward school.

New high school faculty appointments include: Miss Neville Wrenn, science; Fred Wright, coach and history; and Miss Laura Mae Hightower, Spanish. At junior high: Mrs. Ann Slayton, and at west ward: Mrs. Murrell Bush.

Davis also pointed out that there will be a general faculty meeting at the high school Saturday morning at 9 a. m. to discuss enrollment procedures and other necessary matters.

Funeral services for George Washington Tucker, longtime prominent resident of Newlin, were held at the First Baptist Church at Newlin Friday at 3:30 p. m.

The 79-year-old retired farmer died suddenly in Amarillo Wednesday, August 24, at the home of his daughter, Mrs. Jack Garrett, 604 Pierce Street. His body was returned to Memphis late Wednesday.

Rev. Scott Crawford and Rev. Luther Crawford of the Newlin First Baptist Church conducted the services. They were assisted by Rev. A. V. Hendrix of Estelina.

Pallbearers were: Bill Crabtree, J. R. Mitchell, W. H. Spruill, Pete Tucker, Elmer Spruill, and Alton Huckabee.

Honorary pallbearers were: R. V. Spruill, J. C. Spruill and Roy Spruill.

Granddaughters were in charge of flowers. They were: Mesdames William Moss, Lonnie Widener, W. H. Reed and Larry McQueen, and Misses Sue Glover, Warren Crawford, Bessie Joe Spruill. (Continued on Page 10)

Rain and its traveling companion, cool weather, returned to Hall County this week and sent August out with a breeze—a delightful one.

Only on Friday did the thermometer reach the century mark although it soared to within one degree of it on Saturday.

Rainfall for the week totaled 1.35 inches, according to local weather recorder John McMickin. Precipitation after 5 a. m. Wednesday totaled .68 of an inch with .20 of an inch falling before that time.

A total of 47 of an inch fell in Memphis on Friday night.

Daily thermometer readings: Wed., August 31, 66 and 79. Tues., August 30, 68 and 86.

Mon., August 29, 64 and 95. Sun., August 28, 65 and 90. Sat., August 27, 64 and 99. Fri., August 26, 68 and 100.

New Coach Is Selected for Cyclone Cagers

Superintendent W. C. Davis announced this week that Fred Wright of Clint has been named to succeed L. E. McCulloch as basketball coach for Memphis High School.

McCulloch resigned earlier to accept a similar position at Big Spring.

Wright is a graduate of North Texas State College at Denton where he starred in basketball and football. He is 35 and is a veteran of World War II.

His cage teams at Clint have copied the district championship in Class A competition for the past two years.

In addition to coaching basketball, he will coach the B squad in football and will teach history in the high school. Davis said the new coach had several years experience as a football mentor.

He is married and has a four-year-old daughter.

CLAUDE'S COMMENTS

By J. C. W.

Noel street is one of the busiest thoroughfares in Memphis—at least so it seems to me, a forced front-porch sitter these days. Here are just a few of the many things that are representative of most any day of the week:

Tom Spry walks by with a smile on his face, and announces that it was a half inch rain from Memphis west and south. "I am going to guess at the cotton crop and make it several thousand more than last fall," he said.

Lakeview Lions Club Becomes Active Tonight

The Lakeview Lions Club will meet tonight, after being inactive through the summer months. President R. M. Holt announced this week.

He said that members of the Clarendon Lions Club will furnish the program for tonight and will return with another program on October 6.

Memphis Lions will appear on the programs of September 15 and October 20.

The club will hold its Ladies Night meeting on Thursday, September 29, and District Governor C. A. Cryer of Borger will appear as guest speaker.

Meetings at the Lakeview club are held on the first and third Thursdays in each month and Ladies Night is held on fifth Thursdays.

"Scotty" Scott, special representative of Lions International, visited with members of the club on Thursday, August 25, and helped work out tentative plans for reactivating the organization.

County Schools Ready to Open Monday Morning

Schools throughout Hall County, including those at Turkey, Estelina and Lakeview, and the Hedley school, will all open on Monday, September 5, superintendents announced this week.

Superintendent C. S. Harris has announced that all faculty appointments have been filled at Turkey and that a number of building improvements have been made. He said the colored school there would also open Monday.

Estelina has similar plans for Monday opening, according to Supt. O. C. Gregory, who begins his first year as head of the schools there. He stated that all faculty appointments were filled last week.

A. L. Davis, superintendent at Hedley, said this week that all faculty positions in the system have been filled and that the administration is ready for the Monday opening.

CITY OBTAINS DUMP GROUNDS

A new dump grounds has been obtained for the city, it was announced this week.

The new dump site is northeast of Fairview Cemetery, on the Quail road. The new site is in a canyon which is part of the land included in the Memphis Airport grounds. This land is owned by the city and the dump location was agreed upon by city officials and Ed Foxhall, who leased the land.

The entrance to the new dump grounds in on the left of the road, going north. It is in a fairly secluded spot and is well-situated so as not to bother any residents of the surrounding area.

Mayor C. C. Hodges made the announcement of the new location. He has been confined to a hospital bed for the past few weeks and city councilmen handled the final details of obtaining the new site.

Improvements have been made to insure Memphians easy passage into and out of the grounds and all persons have been urged to start using this new site for garbage and trash disposal immediately.

Saied's Store Will Have Big Opening Friday

Completely remodeled throughout, Saied's department store will hold a grand opening celebration beginning Friday morning at 9 a. m.

In making this announcement, proprietor Louis Saied said that plans are to continue the re-opening celebration through Saturday and Monday.

The new store is located on the south side of the square, in the site formerly occupied. Saied's has been closed for the past six months while the remodeling work was being done.

The redecorating was carried to the exterior of the store and a modern new front was recently completed. Inside, a modern decorating scheme was carried out in order to offer more convenience and pleasant surroundings to customers, Saied pointed out.

Saied extended a cordial invitation to all residents of this area to be his guests at the formal opening and said that a number of special attractions would be offered during that time.

Hall County Sand Deposits Are Found to Have Commercial Use

Believe it or not, Hall County, Texas, has sand that caused you so much misery and hardship in the early '30's—that very sand that you would have paid most any price to get rid of—is being sold today.

Not only is it being sold but it is the foundation for a new Hall County industry that may be the key to this area's industrial future.

The first load of that sand was shipped by Helmer Brothers of Littleton, Colorado, via rail from Memphis this week. The company supplies sand to industries all over this country and they have plans to start large-scale operations from Hall County immediately.

T. L. Helmer, one of the owners of the company, was in Memphis this week to supervise the loading and shipping of the first (Continued on Page 4)

Signal Light for Crossing On 256 Receives Approval

Word was received here Wednesday by Chamber of Commerce Manager Clifford Farmer that the proposal to have a flasher light signal installed at the railroad crossing south of the train station on Highway 256 has been approved by both the Texas Highway Department, and the Fort Worth and Denver Railway Company.

Farmer received a letter from Fort Worth and Denver Vice President R. Wright Armstrong to that effect. (Continued on page 4)

Christian Church Revival Underway

Dr. Clyde Lee Fife, nationally known evangelist, arrived Saturday afternoon from New York and opened his meetings here in the First Christian Church on Sunday morning.

"This is certainly a beautiful city," said Dr. Fife. "From the standpoint of wonderful churches, lovely homes and lovely people, this city is certainly on the side of the angels. It is certainly refreshing to eat a good, cold piece of watermelon that has not been crossed with squash or pumpkin to make them ship better."

The attendance was above the average at the Sunday service. In fact, setting a recent new record. (Continued on Page 10)

MR. AND MRS. DON QUIGLEY TARVER

Allen-Tarver Nuptial Vows Are Read In Formal Church Service Tuesday

Candle arrangements, backed with garlands of huckleberry over trellises, draped with white gladioli and hybrid delphinium, featured the setting for the marriage of Martha Allen, daughter of Mr. and Mrs. Earl G. Allen of Quail, to Donald Quigley Tarver, son of H. E. and the late Mrs. Tarver, of this city, Tuesday evening, August 23, at the First Baptist Church.

Rev. Roy Shahan, pastor, directed their vows in a double ring service at 8:00 o'clock.

Satin bows and aisle vases of white gladioli marked the pew and completed the decorative appointments.

Music for the wedding was provided by Miss Laura Mae Hightower, organist and Mrs. Robert Sexauer, vocalist. Preceding the ceremony Miss Hightower gave an interpretation of "Shubert's Serenade," "Evening Star," "Ah! Sweet Mystery of Life," "Ah! Wings of Song," and as a soft musical background played "To a Wild Rose," as Marjorie Wilson and Gary Tarver, cousins of the bride and groom, lighted the candles. Mrs. Sexauer sang "With This Ring" and "Through the Years," and "The Lord's Prayer," as a benediction.

The traditional wedding marches were used for the processional and recessional and "Clair de Lune" was muted musical accompaniment for the exchange of vows.

Given in marriage by her father, the bride was in a gown of white satin, designed with a fitted bodice, with white net yoke, long sleeves extending to points over the hands, and a full skirt which terminated into a long circular train. The frock's only trim was a wide fold of the satin set onto the drop shoulder yoke. Her three-quarter length veil of illusion cascaded from a sweetheart tiara. Her only jewelry was a single strand of pearls, and she also added the items traditionally mentioned in the bridal rhyme. She completed her costume by carrying a cascade bouquet of white roses and Stephanotis, centered around a white orchid.

Miss Jan Allen, sister of the bride, took part in the wedding as maid of honor. She wore a frock of hyacinth blue tissue faille, styled with a full skirt, draped over a hooped deep flounce, with fitted bodice and off the shoulder collar that formed the cap sleeves, and wore matching gauntlets. Her headpiece was a halo of tuberoses and her flowers were white gamelias with ping angel lilies.

The bridesmaids, identically costumed in a lighter shade of blue faille, were Mrs. Frank Coleman, cousin of the bride, Miss Jane Tarver, sister of the groom, Miss Carolyn Dublin, and Mrs. Charles Mitchell. The attendants had headpieces of hybrid delphinium, and carried arm bouquets of pink gladioli and delphinium.

Miss Mary Ann Allen, cousin of the bride, attended as junior bridesmaid, in a gown of powder blue faille, styled similarly to the bride's, with matching flowers.

Little Miss Tommy Sue Wilson, also a cousin of the bride, took part in the wedding as flower girl, dropping rose petals from a white satin flower basket. She, too, was costumed in blue faille, identical to the junior bridesmaid, and her headpiece was a halo of pink carnations.

Jim Bartels, of Kansas City, was best man, and groomsmen, all in formal summer-tuxedos, with maroon carnation buttonnieres, were Jim Sharpe, Council

Grove, Kansas; Kent Thompson, Anthony, Kansas, fraternity brothers of the groom, and Dean Morgensen, Oklahoma City, and Jack Hightower, of this city.

For her daughter's wedding Mrs. Allen chose an aigue crepe dress, with matching accessories, and wore a Cathya orchid corsage.

Following the ceremony, the bridal party was honored at a reception in the church parlor. The refreshment table was a center of special interest, featuring a cover of shirred white net over white satin. Extremities of the board held the three-tiered wedding cake, flanked by the bride's bouquet as the floral attraction, and a large punch bowl, based by a mirror.

Guests were greeted by Mr. and Mrs. Allen, the bride and groom, H. E. Tarver, Mrs. Mac Tarver, and the feminine members of the wedding party.

Miss Elizabeth Wilson, cousin of the bride, secured signatures of guests, for the bride's book, and Mrs. Tom Wilson, Miss Laura Mae Hightower and Miss Sue Anderson, of Wellington, presided at the refreshment table.

The reception preceded departure of Mr. and Mrs. Tarver for a honeymoon in Colorado; the bride traveling in a smart Kelly green gabardine suit with grey accessories, and wearing an orchid corsage.

Mrs. Tarver, a graduate of this year, holds a bachelor of arts degree from Baylor University. Mr. Tarver, a graduate of Memphis High School, served twenty-six months in the service of his country, is now attending Kansas State College, Manhattan, where he is to receive his degree next June, and is a member of Beta Theta Pi fraternity. Mr. and Mrs. Tarver will establish residence in Manhattan in September, for the school year.

Out-of-town house guests in the Allen home were Mr. and Mrs. Bill Allen and daughter, Mary Ann, of Birmingham, Alabama, and Mrs. J. H. Crooks of Meridian, Mississippi, brother and sister of Earl Allen; and Miss Carolyn Dublin of Corsicana, Texas.

In the Tarver home, Mrs. George Beitel of San Antonio, and Mrs. Oscar Stihelg and daughter, Linda, of Fredericksburg, sisters of H. E. Tarver.

Many friends and relatives from out-of-town attended the wedding.

Rehearsal Dinner
In connection with Monday evening's rehearsal for the wedding, the bride and groom-elect were honored with a buffet dinner at the Memphis Country Club, by Miss Jane Tarver, assisted by her aunt, Mrs. Mac Tarver. The invitation list for the affair included only the members of the wedding party, and the two families.

Birthday Dinner For Plaska Man
Mr. and Mrs. D. D. Adkisson of Tulsa were hosts to a birthday dinner at their home Sunday honoring her twin brothers, Arthur Gidden of Plaska and Edwin Gidden of Canyon.

Those enjoying the lovely dinner were Mr. and Mrs. C. W. Crawford and Herman of Memphis, Mr. and Mrs. E. Gidden and Mrs. Will Gidden of Canyon, Mr. and Mrs. Arthur Gidden of Plaska and Mr. and Mrs. D. D. Adkisson, the hosts.

Henry Foster Home is Scene of Lovely Gift Tea Honoring Miss Loretta Morris

One of the outstanding social events of the summer was the lovely tea given in the Henry Foster home, 603 South 8th street, on Thursday evening, August 25, honoring Miss Loretta Morris, bride-elect of Wayne Hutcherson.

Co-hostesses for the occasion were Mesdames Roy Patton, R. E. Clark, John Smith, Wilma Davis, Herschel Combs, Charles Oren, F. H. Boswell, T. J. Dunbar, Jessy Whitley, B. B. McMillan, Jess Roden, Homer Tribble, Vera Dial Dickey, Clyde Reed, Ellis Rogers, Lloyd Phillips, D. A. Grundy, Frank Ritchie, D. B. Kennedy, C. T. Snowden, W. D. Young, Earl Hill, Miss Esta McElrath and Miss Sybil Gurley.

Included in the house party were Miss Morris' school friends: Barbara Bradley, Roddy Lynn Patton, Joanna Davis, Patsy Combs, Patsy Hays, Jeanine Miller, Joyce McDaniel, Lois Wines and Anita Johnson.

Ferns and other pot plants made a very attractive and inviting entrance to the living room.

Guests called between the hours of 7:00 and 9:00 o'clock to be greeted by Mrs. Foster and presented to the receiving line made up of the honoree, Miss Morris; her mother, Mrs. C. D. Morris; the mother of the groom-to-be, Mrs. Ida Hutcherson; and the bride-elect's grandmother, Mrs. J. C. Morris.

Miniature hand made favors containing the picture of the young couple were given to the guests by Barbara Bradley and Jeanine Miller.

Miss Dorothy Hutcherson, twin sister of the groom-elect, presided at the guest book where one hundred and sixteen friends registered.

In the living room, Mrs. Whitley was hostess as the guests assembled and she directed each to the dining room where dainty refreshments were served. She was assisted by Patsy Combs, Patsy Hays and Joanna Davis.

The dining room emphasized a green and white color scheme in keeping with the bride-elect's chosen colors. The table was laid with a white satin cloth centered with a "Cinderella carriage" arrangement of large white shaggy daisies and fever few. Seated in the carriage was a miniature bride and groom. This arrangement was flanked on either side with crystal prism candle holders containing tall white candles that showered the room with a friendly glow.

These figures were reached by comparing present prices and production with figures of the top postwar years, McKown said.

New Book Now Available for Texas Parents

There is now available from the Children's Bureau, Federal Security Administration, a new publication on the growth and development of the child from 6 to 12 years of age. It should be of particular interest to parents who have children in this age group.

It is the first publication from the Children's Bureau on this age group, says Mrs. Eloise Johnson, extension family life specialist of Texas A. Q. M. College, and she recommends it highly. Books, pamphlets and articles about the baby, the toddler and the preschool child have been released by the bureau but very little has been written on the school age youngster. The 6 to 12 period is a very important time in the lives of the youngsters, says Mrs. Johnson, for it is during this period that habits and personal characteristics are developed that last a lifetime.

The child is still close to his parents; he appreciates attention, love and sympathy; he's striking out for himself, making friends, exploring his world and is well on his way to becoming a self-directed and self-motivated individual. He needs plenty of good parental help and guidance during this period of life, adds Mrs. Johnson.

This new publication contains a wealth of valuable material and you will probably want to add it to your family bookshelf. It's brandnew and is probably not yet available locally, says Mrs. Johnson, but you can order it from the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C. It will cost 20 cents and you should ask for Children's Bureau Publication Number 324.

COMING HOME—Cpl. J. J. Welcher, who has been stationed at the Goodfellow Air Force Base, San Angelo for the past year, will arrive in Memphis this month for a 10-day leave with his parents, Mr. and Mrs. Jeff Welcher. Cpl. Welcher is a graduate of the Estelline high school and attended Texas Technological College, Lubbock, one year prior to entering the U. S. Army Air Forces. At the conclusion of his leave he will be sent to Alaska for further duty with the U. S. Air Forces.

Working Minors Should Have Age Certificate

Secretary of Labor Maurice J. Tobin today strongly urged Texas employers to obtain Federal certificates of age for minors. These certificates, showing the age of the minor, will protect employers from unintentional violation of the child-labor provisions of the Fair Labor Standards Act of 1938 and the Walsh-Healey Public Contracts Act.

"Investigations under the Fair Labor Standards Act show that less than 4 percent of certificated minors are found employed in occupations illegal for the age shown on their certificates," stated John R. Cartwright, field office supervisor in the West Texas area. "In contrast," said Cartwright, "30 percent of the minors found employed without certificates were working in violation of the act's child-labor provisions."

Sixteen years is the minimum age for general employment under the child-labor provisions of the Fair Labor Standards Act, and 18 for occupations that have been declared particularly hazardous by the Secretary of Labor.

The Walsh-Healey Act, which applies to firms supplying goods or materials to the Government on contracts exceeding \$10,000, prohibits a boy under 16 or a girl under 18 years old from working on such contract goods.

In this state, Federal certificates, which are acceptable as proof of age, are issued by the Divisions office located at 1114 Commerce Street, Dallas 2, Texas, according to William J. Rogers, regional director. Applications for age certificates are obtainable at

Texans Warned To Not Overdo Disease Symptom Hunting

Among a certain and rather extensive group of self-centered persons, symptom hunting unfortunately is rather popular. Because of a too detailed study of so-called health literature of the alarmist type or on account of a recent death in the family, introspection develops to a morbid degree.

The result is an entirely ungrounded fear for all sorts of disease possibilities. Many becoming victims of this warped psychology develop brain and nerve exhaustion and in extreme cases even become affected mentally, stated Dr. Geo. W. Cox, state health officer.

Of course, it is entirely proper to have a normal regard for personal well-being. To maintain vitality and to prevent disease is a logical pursuit for every one. But it most decidedly must be kept within bounds. When one becomes obsessed with the subject, concern for health has overstepped the limits.

For all practical purposes, after giving reasonable attention to diet, personal sanitation, sleep and exercise, and assuming that one's bodily limitations as defined by the family physician are appreciated, the average person can dismiss the subject of health. This, plus the annual physical examination should adequately cover the situation.

On the other hand, conditions are bound to arise where actual disease symptoms manifest themselves. It will then be up to the doctor to decide what the trouble, if any, is and for the patient to abide by his judgment.

In short, symptom hunting as a hobby is a dangerous matter. One should stay away from it. It is neither safe nor healthy to do otherwise.

Poultry Producers Should Rid Flocks Of All Non-Layers

It is a direct loss to the poultry producer to feed non-layers during the summer months, says W. J. Moore, associate extension poultry

husbandman of Texas A. & M. College, and it's also one of the reasons poultry producers are not doing a better job of maintaining high egg production during the summer months.

He advises poultrymen to sell the non-producers just as soon as they are noticed. Chances are they'll not come back into production until late fall or early winter, and during this time, feeding them is a dead loss.

Hens that show a shrunken, dried-up comb, yellow beak, new feathers, yellow shanks and yellow vents should be culled and sold. Hens that look vigor and spend their time loafing should also be removed from the flock. A good producer has to eat good feed and drink lots of clean cool water and they can't do this unless they rustle. Of course, the poultrymen must do his part by supplying this feed and water, adds Moore.

New Petroleum Course in Fall At Texas Tech

A new course entitled "Introduction to Petroleum Industry" will be offered for the first time at Texas Technological college.

Designed for non-petroleum engineering students who might be interested in some phase of the petroleum industry, the course is a survey of the technology of various phases of this industry and a supplement to their own specialized fields.

The general introductory study of the petroleum industry includes historical development, exploration, development and production methods, transportation and refining of petroleum and its products, natural gasoline, general economics, leasing and royalty methods, proration and regulation.

The only pre-requisite to the three hour course is a junior standing in either engineering or geology.

 box car—six and one-half tons of it.

Helmer said his company has been supplying sand for industrial needs for over 28 years. Before locating the grades of sand they use here, all their pits were near their headquarters in Littleton.

He said he has spent over six months in this area, testing the various types of sand and has discovered suitable locations of it to supply the material for steel, molding, brass and core industries.

They plan to ship sand from the five pits which they have leased in Hall County, west of Estelline, on Red River, at the rate of 250 tons a day. When completely equipped, their operations here will require about a 30-man crew, Helmer said.

He stated that the company hoped to have full operations underway here within the next month.

The load of sand shipped this week went to Denver. Future shipments will span the nation, including points in Colorado, Kansas, Nebraska, California and Texas.

Helmer and Chamber of Commerce Manager Clifford Farmer have made extensive tours of the county to test the various types of sand. The Chamber of Commerce has been strongly promoting the project for the past year.

"We have found extensive quantities of the types of sand desirable for industrial use and can definitely plan on big-scale operations here," Helmer said.

Although most Hall Counties aren't too well acquainted with the types of sand here, they will undoubtedly agree with Helmer that there is plenty of it. The trick is getting the stuff to settle long enough to load.

And while it does have its humorous side, here is a new note of optimism for the prosperity of Hall County, Chamber of Commerce officials point out. Its a real advancement in the struggle to bring out the versatility of this area's wealth possibilities.

But the fact that sand has commercial value may still seem just little strange to the veterans of the "dust bowl era." It's certainly an ironic twist to this area's history.

Signal Light

(Continued from page 1)
 "We have advised the State Highway Department that we are ready to participate in the installation of this signal protection," Armstrong wrote.

"It is now up to them to work out plans and submit them to the Public Roads Administration for final approval. After this approval is received, we will have to order the material, which should not unduly delay the work," he continued.

An earlier letter was received by Farmer and County Judge M. O. Goodpasture from the Highway Department notifying them that the installation was authorized by the Highway Commission on August 25. This authorization calls for a \$6,500 flasher light installation.

"This project has been under way since early June when Farmer wrote the State Highway Engineer, D. C. Greer, pointing out the hazards at the crossing.

Farmer said the Highway Commission's authorization points to increased interest of the state in the east-west highway.

For Outstanding Work

380 THOUSAND DOLLARS OFFERED IN 4-H INCENTIVE AWARDS TO CLUBBERS

Forty-five business concerns and private citizens are offering \$380,000 in 4-H incentives this year through the National Committee on Boys and Girls Club Work, according to G. L. Noble, director.

This amount will be presented to 4-H boys and girls who have outstanding records of accomplishment in the 28 agricultural and home economics programs arranged by the National Committee and supervised by the Cooperative Extension Service.

Awards range from county medals to college scholarships. Some 1,800,000 members in 80,000 4-H Clubs from 46 states—plus Alaska, Hawaii and Puerto Rico—may take part in the activities.

Climaxing the year's events is the National 4-H Club Congress to be held in Chicago, November 27 to December 1. An estimated 1,500 members, accompanied by leaders and other 4-H workers, will attend and receive well-earned recognition.

Nearly 150,000 county medals

valued at \$100,000 are offered to the ambitious 4-H'ers. State and sectional awards, which include trips to the Chicago Congress, U. S. savings bonds and gold watches, amount to over \$180,000. National winners announced at the Congress are eligible to receive scholarships totaling \$40,000. In addition, there are cash prizes and other benefits amounting to nearly \$50,000.

 "There are penalties to leadership in any field," Professor Edwards pointed out, "and this holds true when speaking of nations on an international basis."

Professor Edwards is a well-known speaker throughout this area and has appeared before many organizations during the past several years.

He is a noted authority on world affairs and is a news commentator on a Wichita Falls radio station, in addition to his faculty duties at Hardin College.

He said all Americans must accept their responsibilities and work toward the goal of interna-

Memphians Relatives Receive Tech Degree

Three relatives of Memphians were among the summer graduating class which received degrees at the commencement services at Texas Tech Friday night.

Included among the graduates were Mr. and Mrs. Sam Combs, formerly of Memphis. Mr. Combs is a brother of Herschel Combs. Another graduate was Lonnie Dale Thompson, son of Mr. and Mrs. Glynn Thompson of Memphis.

Mrs. Combs received her BS degree with a major in home economics. Mr. Combs and Mr. Thompson were graduated with BS degrees in engineering.

tional prosperity and peace. "We must study and study constantly to keep ourselves informed on changing events in our fast-moving world so as to better cope with the situation arising," Professor Edwards observed.

He stated that there are no more "foreign problems" and that isolationism has been proven a disastrous policy for our government to follow.

The world affairs authority said that, on a whole, the world situation is no worse than it has been in the past. He pointed out that living standards in the Western Hemisphere were at the highest peak in world history.

As to a third world war? Professor Edwards doesn't believe we will see one in our lifetime. "The world can neither afford nor stand it," he said.

He was introduced by L. R. Green of the Wichita Falls Lions Club.

Two U. S. Presidents received the Nobel peace prize—Theodore Roosevelt in 1906 and Woodrow Wilson in 1919.

WHEN BABY COUGHS

When sickness strikes the youngest member of your family the infant, your first thought may be to buy a simple cough syrup which has been recommended to you. So you visit your pharmacist and ask him, perhaps, for a cough preparation.

There is no legal restriction to prevent the pharmacist from selling you a cough syrup. But there is a strong, unwritten obligation in Pharmacy which leads him to suggest that you see a physician before any medicine is given to a coughing child. This is exactly the same advice he gives his wife when the child is sick—"Call the doctor."

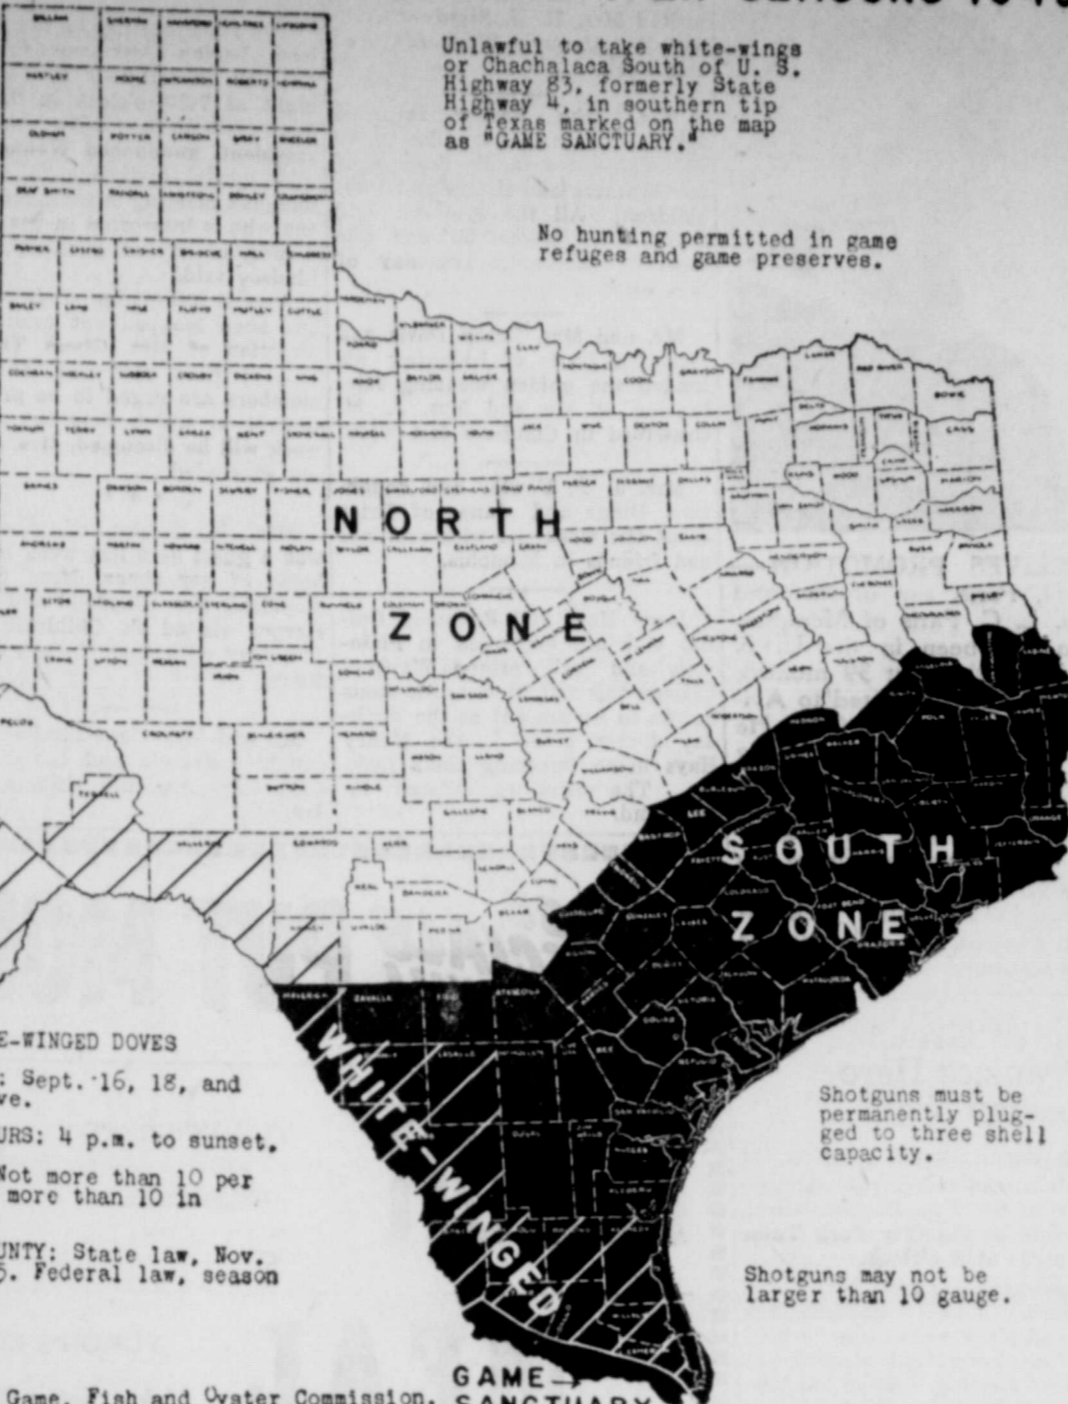

Once the physician has diagnosed a baby's illness and prescribed the appropriate medication, the pharmacist's responsibility begins. He renders his professional service to the patient by preparing the prescribed medicine with skill and care acquired through years of scientific training.—Reprinted copyrighted advertisement published by Parke, Davis & Co., Detroit 32, Michigan.

Memphis felt the sting of Manum bats Tuesday night as the Red Sox pounded out 13 hits off two Owl hurlers to take the third game in the Red River Valley League final play-offs, 9-0.
 The Oklahoma team scored twice in the fourth inning, five times in the sixth and added another pair of runs in the eighth to set the scoring pace in their shut-out win.
 Doc Pittman opened on the hill for Memphis but fell victim to their bats in the sixth and was relieved by Leonard Ruyle.
 Lundy handled the Red Sox pitching duties, giving up six hits.
 It was the second Mangum win in the three-out-of-five series the two clubs are playing for the league title and left the once-victorious Owls in a tight squeeze for the fourth game of the series which will be played at Estes Park here tonight.

Hill Family Enjoy Reunion Here Sunday

According to plans made a year ago at the family reunion in Roaring Springs, children, grandchildren, and great grandchildren of the late E. L. Hill gathered in Memphis Sunday for another such event.

The City Park proved to be a delightful place for the joyous occasion which included the usual bountiful meal, games for the children, the recalling of incidents in "the good old days" by the adults, and, of course, the happenings through the past year.

Sons and daughters attending were L. E. Hill, R. M. Hill, Richard M. Hill and Messames Leo Stewart and L. B. Houston. The three children who were not present were Mrs. Finis Foreman of Childress, E. L. Hill Jr., of Amarillo, and Virginia Hill of Turkey.

Attending the reunion were Mr. and Mrs. Hubert Huse and two sons of Lubbock, Miss Betty Stewart, Arvis Lee Stewart, Mr. and Mrs. L. E. Hill, all of Amarillo; Mr. and Mrs. Leo Stewart and Lavon, Marvin Houston, Mr. and Mrs. L. B. Houston and Linda Kay, Mr. and Mrs. Joe Hill and children, and Mr. and Mrs. Richard M. Hill, all of Turkey; Mr. and Mrs. M. H. Lemons and family of Clarendon, Mr. and Mrs. Jocky Tooke and Jerry of MeAdoo, Mr. and Mrs. R. M. Hill, Mr. and Mrs. Floyd Hill and son of Roaring Springs, Mr. and Mrs. Herbert Curry and Reggy, Mr. and Mrs. Earl Hill of Memphis and one visitor, Miss Lenora Graves of Amarillo.

Other relatives who were unable to attend the reunion included Mrs. E. L. Hill of Childress, Lee Gray of Turkey and some of the grandchildren and their families. Expressions from those enjoying the day were to the effect that the absence of these relatives was the only disappointment of the day. Parting promises were, "See you again next year in Roaring Springs."

Jimmy Brooke of Denison arrived in Memphis Wednesday for a visit with his aunt, Mrs. Donna C. Lane.

RECEIVES PROMOTION — L. D. Paris, son of Mr. and Mrs. L. C. Paris of Memphis, who has been in the U. S. Navy for the past 39 months, was recently promoted to Aviation Storekeeper 1st Class. He was advanced from the rating of storekeeper second class. Paris graduated from Memphis High school with the class of '46 and during the time he has been in the navy has seen duty at San Diego, Calif., Jacksonville, Fla., Mobile, Ala., and is now stationed in Norfolk, Va.

Baptist Group Organizes Here Tuesday Night

An organizational meeting of the Intermediate Royal Ambassadors of the First Baptist Church was held at the City Park Tuesday night at 8 o'clock.

Temporary officers were elected during a short business session and plans were made to hold the first permanent election at the next meeting. After the business, a watermelon feast was enjoyed by the group.

Mr. and Mrs. Sam Brown are sponsors and the Royal Ambassadors will meet on the first and third Tuesdays of each month.

Attending Tuesday night's meeting were: W. M. Cofer, Mrs. Grover Roden, co-sponsor, Henry Shahan, Clinton Jones, Bill Seaine, Monte Clark, Max McCoy, Debs Cofer, Billy Darrel Roden, Johnny Harold, D-Armon Peabody, Don Stewart and Doyle Collins.

Locals and Personals

Mr. and Mrs. Carl Schoenbein and children, Donnie, Billie and Sherron of Elmont, Ill., and Mr. and Mrs. Tom Simpson of Peoria, Ill., left for home last Saturday morning after a 10-day visit in the homes of their relatives here. They visited Mr. and Mrs. J. A. McBee, Artis Whitten, Jr. and Mrs. Cecil Whitten at Friendship and other relatives.

Legion Auxiliary To Meet Tonight

The first meeting of the American Legion Auxiliary for the 1949-50 session will be held tonight at 7:30 o'clock in the Legion Hall, Mrs. Gene Lindsey, president, announced Wednesday.

A special invitation to attend tonight's meeting is extended anyone who is interested in becoming a member of the auxiliary, Mrs. Lindsey said.

A most interesting study course has been mapped out under the direction of Mrs. Glynn Thompson, program chairman, and all members are urged to be present tonight at which time the year's work will be discussed, Mrs. Lindsey concluded.

Mrs. Jo Harper of Amarillo was a guest here last week in the home of her sister, Mrs. S. E. Mayfield. Mrs. Mayfield and Mrs. Harper visited in Childress last Thursday with their father, J. P. Meek.

Mr. and Mrs. Gene Lindsey and daughter Pamela and H. B. Gilmore were Amarillo visitors Friday.

Mrs. John Barber returned Monday from Gainesville where she attended a family reunion of her brothers and sisters and their children. All the brothers and sisters were present but one. She went to Gainesville Thursday of last week.

Mr. and Mrs. Tracy Davis and Mrs. Ida Davis of Lakeview attended the golden wedding celebration of Mr. and Mrs. J. M. Crawford in Childress last week.

Mrs. J. P. Fowler and daughters, Diane and Jane, of Brice spent the week-end with relatives and friends in Memphis.

Jerry Hays and Raymond Cullin, who are employed in Plainview and will attend Wayland College this fall, flew to Memphis Sunda to be present at the birthday dinner given in the Henry Hays home honoring their father. The plane was piloted by Raymond.

State to spend \$129 per pupil the coming year, is a daily newspaper headline. And that is in addition to local funds. Total cost of the Gilmer-Aiken school program is estimated at \$181,593,637 for the first year, including both state and local funds. Local taxes will provide almost 45 millions of that. The more one studies the G-A bill, the less he is able to guess the final outcome of the program.

Have been able to go on a few short drives lately. In the country the crops are good for some eyes, and in town I find new houses being built, old ones being remodeled, and the town growing in a general way—even to the weeds.

Rev. B. L. Peacock, minister of the First Presbyterian Church, heard the evangelist Sunday night and led in prayer.

On Tuesday at noon, Dr. Fife was guest speaker for the Memphis Rotary Club. He has entertained the Rotary, Lions and Kiwanis clubs 29 times across the U. S., and has long been considered an outstanding after-dinner speaker.

On Friday night, Sept. 9, Dr. Fife will have one big special night for all lodges and clubs of the city and county, and will deliver his special sermon on "The World's Greatest Love Story." All Masons, Eastern Stars, Odd Fellows, P-TA, the Rotary and Lions clubs, farm organization members with their families will be especially welcomed that night.

Friday nights, Sunday Schools and young people will be especially honored in the meetings.

The following is a list of the sermons by the evangelist for the coming week:
 Fri., Sept. 2, "From Pentecost to Now" or "Why We Have so Many Churches;" Sat., "Three Resurrections;" Sunday, 11 a. m., "Our Heavenly Home;" Sun. night, "What Do With Jesus?"
 Mon., Sept. 5, "The Second Coming of Christ;" Tues., "Making It Right;" Wed., "Why Some Stay Out of Churches;" Thurs., Masonic, lodge and club night, sermon, "World's Greatest Love Story."

Dr. Fife will close his meetings here Sunday night, Sept. 11. Ministers and people of all churches are invited to join in the services during the stay of the noted evangelist and singer.

 should they plant over their acreage allotments in 1950. This applies to wheat only, McKown said, and will have no influence on the cotton, or any other price support program.

Along that line, the AAA Secretary said that the basis for the 1950 cotton acreage control program had been released.

Allotments will be figured on the total acreage of the farm less 120 per cent of the wheat allotment for that farm.

As an example, McKown cited a 560-acre farm with a 100-acre wheat allotment would receive a 380-acre cotton allotment when that program is installed next year.

He advised Hall County farmers to check with the AAA office here for further details on either of these programs.

Breakfast Ala Air

Turkey Will Be Host To Fliers Sunday Morning

The fliers from this area will be entertained with a breakfast at Turkey Sunday morning, according to a report published in that city.

The invitation has been extended by the Turkey airport and the Lions Club there. These two groups will co-sponsor the event. Breakfast will be served at 8 a. m. at the school lunch room.

Some 100 or more planes from an area of 100 to 150 miles surrounding Turkey are expected for the event, it was stated.

Following the breakfast, there will be a program at the airport which will include numerous contests and stunt flying.

Officials said that transportation will be available at the field to carry the fliers to and from town and to the church of their choice, should they care to attend services.

The Turkey airport is modernly equipped and is now installed with lights for the convenience of cross country fliers.

Grid Chase opsy Turvy

pre-season ballyhoo. Most reporters rate them in the "dark horse" category but with nine of last year's starters back, that horse could easily develop into the Trojan of the region.

Big Team
Lefors is perennially the "meat-iest" figure in the 2A pen and this year should be no exception. Early reports list their squad as small in number but with so much experience on tap, this squad size shouldn't make much difference. Sensational Freddie Newsome is gone from that backfield but his absence might not long be mourned in this land where the boys grow bigger than the oil derricks. Conceded little chance of gaining championship glory this year is McLean. Coach Al Duncan is looking down his nose and not particularly happy at what he sees for his squad was hit hard by graduation. Gone are 11 lettermen but definitely still around, much to the other five team's chagrin, is triple-threat back, L. M. Watson.

Great Prospect
Here is a boy with the ability to cheer all Tiger followers, even gloomy Coach Duncan. Some rate him as potentially the top back in this section. The forward wall will be led by Ray Kiddaugh, a standout at the pivot post. Otherwise, the Tiger prospects are rather uncertain.

Duncan took a great record with him when he moved from Wellington to McLean. His team may not figure so hot on paper but other coaches will be keeping their eye on his antics. Upsets could be the Tiger forte for '49.

Nearer at home, the Wellington Skyrockets are hitting work-outs at a fast clip in preparation for their September 2 opener against Dumas and are apparently unconcerned over the fact that they were left out of most August championship plans.

Eight Lettermen
Coach John Bray has eight lettermen to build around, four of them hold-over regulars from 1948. Quarterback Bobby McCutchen starred in the Rocket backfield last year while Jimmy Brock, Pat Riley and Jerry Strickland led the line from right guard, right tackle and pivot positions. A sturdy forward wall should influence the Rocket chances.

Bray took the future Rockets to a Kerrville football camp last week to iron out a few kinks. He has lots of gaps to fill, however. Possibly too many to hope for a loop winner this season.

Up in the Clarendon corral there are rumors that the Broncho is bucking with a new spirit this year. There are plenty of 1948's top hands around to force a little respect from the district that gave them such a rough go in 1948.

Short on Reserves
Mentor Beryl Clinton sent his charges into scrimmage action against Childress and Phillips last week and was pleased with what he saw. He's short on reserve strength but thinks his boys have a new insight to the game of the gridiron.

The Broncos may travel the aerial route this year in a style that will awe opponents. They have a top-notch passing artist in Jimmy Jenkins. Certainly Clarendon poses a serious threat to any team's title hopes and they may leave some club with a Saturday morning beaten-hangover should they be regarded too lightly.

In general, the picture is bright for football fans of District 2A. Shamrock, Memphis and Lefors look like the cream of the crop at this early date. But gruelling opening games could weaken these clubs before the district chase gets going in earnest. All could be ruined by a couple of key injuries. But then, who couldn't?

manager of the fair livestock department, announced.
A total of 26 breeds will compete for more than \$65,000 in premiums. Aberdeen-Angus, Herefords, Shorthorns, Brahmans, Jerseys, Guernseys, Holstein-Friesians and Milking Shorthorns will be shown. There will be a Junior Livestock Show and shows for quarter horses and palominos, breeding swine, sheep and angoria goats.

Davis Will See
(Continued from Page 1)
which began the fall workout grind today will be William "Bill" Davis, Jr., according to a news release from the college.
Bill, who was an outstanding athlete in Memphis High School, lettering in football, baseball, basketball and track, is the son of Mr. and Mrs. W. C. Davis.
He was a member of the undefeated, untied freshman team of 1948 at Hardin-Simmons.
Coach Warren Woodson, who tutors the Cowboys, is counting on the services of Davis to field a top-notch team this year.
Woodson said Davis will operate from the fullback position, the spot in which he starred on the freshman squad. He weighs 190 pounds, stand an even six feet tall and is scheduled to play a major role in the Cowboy offense.
Hardin-Simmons opens their '49 season September 17 when they meet strong North Texas State Teachers College in a night game at Abilene.
Eleven teams are on the Cowboy agenda for this year: six Border Conference tilts and two inter-sectional contests—Loyola University and the University of Cincinnati.
Dunlop Tires are good tires—fully guaranteed—and can be bought at Reasonable Prices at Kermit Monzingo's, your Chrysler-Plymouth dealer.

Estelline Exes Win Grid Tilt From 1949 Team
A pass play and a-line plunge, both in the first quarter, gave the Estelline Exes their margin of victory in a hard-fought pre-season football tilt played at Cub Field Friday as they downed the future Estelline grid squad 12-0.
Lamar Masterson smashed over the center of the line for the first Exes tally and minutes later the aerial combination of Ted Bruce to R. J. Gilbert clicked for their second successful paydirt trip.
Both conversation attempts were unsuccessful.
The Exes team was composed of all-star players who lettered on the Cub team during the period of 1943-47. They were coached by Bob Davidson.
Coach Noble Doughty used most of the boys who will play for the Estelline eleven during the coming season against the Exes.
Exes line-up: Harold Burks, re; Rog Dick, rt; Rab Holland, rg; Norris Odom, c; Bob Butler, lg; Billy Gilbert, lt; Bobby Billingsley, le; Ted Bruce, Lamar Masterson, R. J. Gilbert and James Hardwell, backs.
If you want your car to have the best of service, bring it to Kermit Monzingo's, your Chrysler Plymouth dealer.

S. H. Gibson Named To Position Here
S. H. Gibson has been transferred to Memphis to head the accounting department of the Northern District of the Western Cotton Company, Manager G. D. Howell announced this week.
The Northern District of the company was moved to Memphis in June when Howell was named manager.
Gibson comes to Memphis from Elk City, Oklahoma. He has been employed by the Western Cotton Company for several years.
Mr. and Mrs. Gibson and their son, Coy, moved to Memphis last week. They will reside at 303 North 12th St.
Gibson had been a resident of Elk City for the past two years.

It promises to be a topsy-turvy year, as unpredictable and tricky as the T-formation the member teams employ. About the only thing that is safe to say is that when the dust all clears and a champion emerges it will be a title that can be appreciated. It won't be won without a fight.

The Streets With No (Visible) Names

The street marker project—one of the most important of the year's undertakings by the Chamber of Commerce—has not progressed with the enthusiasm and interest that it first enjoyed.

This is unfortunate for all of us who live in Memphis and are interested in improving our city. A city, town or village can only grow if its population is progressive and works toward that end. We who live here make up the very lifeblood of Memphis and, as a city, it can be no bigger than each of us.

The street marker and house numbering system now being used here is a disgrace to any community, much less one that likes to call itself a progressive city. It is a situation that needs immediate remedy.

A practical and simple solution to the street marker situation has been offered by our Chamber of Commerce. The cost, \$2.50 per house-owner, is very reasonable. Certainly there should be no complaints along this line.

And yet the project is only slightly over 60 percent completed. Why? It is not the fault of officials—they have worked hard to finish the job.

The answer lies with each of us who haven't turned in our contribution. Most of this neglect is unintentional, of course. We have either overlooked it or put it off to do it at some later date.

But the money needs to be turned in now so the new street markers can be installed soon. Those who haven't turned in their money and those block captains who haven't completed their lists will be doing Memphis and themselves a great favor, we believe, if they will attend to this matter immediately.

It's certainly not becoming to our reputation for progress if we have to draw a map for strangers in order for them to find their way around here.

LABOR DAY

Press Paragraphs— QUOTING OUR NEIGHBORS

You Can't Withhold Withholding

The Connecticut manufacturer, Miss Vivian Kellums, still believes that the collection of withholding taxes by the employer is unconstitutional, and proposes to take the matter to the Supreme Court if possible. So far, she has lost her case. That is, a Government agency has stepped in to seize her bank account, taking as much of her money as necessary to pay the fines assessed by the agency. Just another instance of how this country is operated by bureaus, instead of by the courts. Maybe she will get some relief, but we doubt it. —Lamar County Echo.

Democratic Promotional Comment

For all his lack of training for the bench, Thomas C. Clark should be as good a Supreme court justice as the late Frank Murphy was. He may not have yet the understanding of court procedure which his predecessor possessed, but he is less likely to be the sentimentalist in arriving at his decisions.

How J. Howard McGrath will fare as attorney general, is anybody's guess. He has done well enough in the public offices he has held but his recent—and effective—service as chairman of the Democratic national committee is bound to have made him politically minded. Even so, it is doubtful if he will be guilty of the blunders which Mr. Clark made in his handling of the spy cases and some

other prosecuting assignments . . .

—Waukegan (Ill.) News-Sun

Better Eatin' Ahead for U. S.?

Predictions that the population of the globe may possibly outrun production of food and that, as a result, many people will starve, have no bearing upon the United States if the conclusions of Dr. Harold G. Moulton, well-known economist, are correct.

Dr. Moulton, head of a privately endowed research institution, maintains that the United States has the ability to support double its population, one hundred years from now, on a plane of living eight times as high as that of the present.

The economist conditions his prediction upon "wise policies" in relation to our resources. What these wise policies may be, when the generation of 2049 looks backward, no one can tell. Only then can anyone know whether we, of today, are following wise or foolish policies. —Canyon News.

Farm Leader Now Fighting For Cottonseed Aid

J. Walter Hammond, president of the Texas Farm Bureau Federation, who last month was the sparkplug in the fight which led to Secretary of Agriculture Brannan's announcement of the three-point grain storage program which saved producers of Texas \$45,000,000, today dispatched a wire to Congressman Bob Poage, chairman of the Texas delegation in Washington, urging that he rally the support of the hardhit Texas members of Congress behind a concerted effort to get the Secretary to provide a support price for cottonseed, a program that will save Texas cotton farmers twenty million dollars.

"Seed are selling for \$34 as compared to \$90 last season."

Hammond told Poage. "There is support price on soy beans," he declared, "and cotton farmers cannot understand why the Secretary does not support the price of cottonseed when the same Act of Congress provides a support price for both of these competitive commodities, which in the case of cottonseed would be \$55 a ton."

Hammond foresaw developments in the present cottonseed crisis and started contacting Washington officials on the problem several weeks ago. Today he renewed his efforts as cotton harvest reached full blast in South Texas and producers pressed the Federation president for help. Hammond told Poage that by organized effort and immediate action the Texas delegation could save the cotton farmers of Texas alone 20 million dollars.

This Week in WASHINGTON

ON THE DOMESTIC front this week several interesting developments took the play away for a time from the international legislation such as ECA appropriations and the foreign arms program.

These developments included the revelation that Sen. Styles Bridges, (R. N. H.) was drawing a salary of \$35,000 from a private special interest, the pension fund of the United Mine Workers, that religious prejudice is blocking passage of at least two important Democratic campaign pledges and that the so-called "five percent investigation" is being fanned into what anti-administration forces hope may be a full-scale scandal.

Observers here recall the dramatic last-minute deal whereby Congressman Joe Martin, of Massachusetts, former house speaker, and Bridges were able to call off the coal strike, and at the same time Bridges and John L. Lewis became the majority team in directing the \$100 million pension fund of the miners.

The other member is Ezra Van Horn, coal operators' representative, who draws \$35,000 from the 20-cents-a-ton royalty, which amounts to a 20 cent tax on each ton of coal mined.

Bear in mind that Senator Bridges' action is legal, although he is drawing a salary from the general taxing public as a United States senator of \$12,500—plus an additional non-taxable allowance of \$2,500 for expenses plus the \$35,000 annual salary paid by those who buy coal, amounting to a total of \$50,000 per year.

It is possible that other senators obtain money outside their salaries from their private business, but this is from a private enterprise upon which Senator Bridges is called upon to cast his vote for legislation. Observers here point to the fact that the miners fund paid out \$14,000,000 more last year than it received indicating that the royalty or tax must be increased to keep the fund solvent.

Despite the fact that President Truman has made a special appeal to the congress for a bill to provide federal aid for education, the turmoil raised as a result of the bill introduced in the house by Congressman Graham A.

McDaniel Passes State Bar Exam Given in Austin

Adrian Albert McDaniel, brother of Ira and J. J. McDaniel of Memphis, has successfully completed the July State Bar Association examination given 114 University of Texas Law School graduates and potential graduates. The highest grade on the examination was made by William F. Young of Marshall who scored 85, according to Howard R. Williams, acting dean. McDaniel is a summer graduate of the University of Texas Law School.

 Amarillo Center and complete the work necessary for the degree she has just won," he stated. The Amarillo Center is the evening senior college branch in Amarillo of West Texas State College in Canyon. "I predict," says Dr. Roger, "that Miss Foreman will not now relax and 'rest upon her laurels.' These students who battle fatigue, roads and weather for higher education, reach their goals but to see others more desirable just ahead. Goals beyond the power of our small but growing institution to help them attain. But it is a pleasure to watch them climb and to know that for a little while we helped them on their way." Miss Foreman is superintendent of Hall County schools.

 sons to be present at the first meeting, Mrs. McCauley explained that the Parent-Teacher Association is a vital link between parents and teachers, and that it is through working together that parents and teachers are better able to help the child. "We want to urge all parents to be present at this first meeting. The organization needs each and every parent," Mrs. McCauley added.
