NUMBER 15

Photo by W. I. Casteel—For the first bale of cotton ginned in Memphis, W. I. Casteel, right, is receiving the Chamber's \$25 check from Chamber President H. J. Kerr. The bale, which was raised on the O. D. Kerr farm south of Lakeview, was ginned by the Co-Op Gin, and was bought by the Memphis Co. for 32 cents per pound. In addition to the prize, Casteel was awarded some \$200 by local bales. The bale weighed 475 pounds and tested 15.6 white. (Courtesy The Amarillo Daily News)

Democrat Cotton Guessing Contest Attracting Many

Competition in the Cotton Guessing Contest, sponsored by The Memphis Democrat, has been hot and heavy since the starting date a week ago.

By this morning, over 30 persons had dropped by The Democrat office to enter their guesses. Both optimism and pessimism were indicated, as the guesses range from a low of 30,998 to a high of 88,888 bales to be ginned in Hall County this fall. The majority of the guesses, however, are from the upper 40,000's to the lower 60,000's.

The contest is open to persons residing in this area, but the cotton that will be counted must be ginned in Hall County. The person guessing the correct number or the nearest to it will receive a three-year subscription to The Democrat. Second place winner will be awarded the paper for two years, and the third prize will be a one-year subscription. The contest will run through Sept. 24, and the total as recorded by the bureau of Census of the U. S. Department of Interior will be considered as the official number. Results will not be known until next spring.

Most local "experts" believe this year's crop will be considerably better than that of last season, when 42,941 bales were ginned. ACA Secretary Lynn McKown won the prize last year. He missed the total number by less than a hundred.

Wes Izzard Speaks Tuesday Evening

Wes Izzard, editor-in-chief of the Amarillo News-Globe, will speak on "Opportunity—New World and Old" at 7:30 o'clock Tuesday evening, Sept. 20, at the high school auditorium. His appearance here is being sponsored by the Delphian Club.

Mr. Izzard, prominent authority on world affairs, has recently completed an extensive tour of European countries.

Members of all clubs and the general public are cordially invited to hear the guest speaker, according to Mrs. Sid Baker, corresponding secretary of the sponsoring Delphian Club. No admission charge will be collected.

Plans Being Completed for Annual Hall County Dairy Show Next Week

Election is Called For Re-Allocation Of County Taxes

The Commissioners Court adopted an order at their regular session Monday, calling for an election to change the allocation of county taxes. It will not change the present rate. The election will be held at the general election on Nov. 8.

This action by the commissioners was taken in compliance with the amendment of Section 9, of Article 8, of the Texas Constitution, which states that any county may re-allocate tax levies by changing the rates provided for any of the purposes authorized, by either increasing or decreasing the same, but in any case, the total of such taxes shall not exceed eighty cents on the one hundred dollar's evaluation of property, according to M. O. Goodpasture, county judge.

The following proposition will be submitted to the qualified property taxing voters:

Old Constitution Tax Rates	General Fund	25 cents
Road Fund	15 cents	
Jury fund	15 cents

Bag Stolen in June Recovered Less Cash

A night deposit bag, containing some \$600 in cash and checks, which was stolen from John Shadid on June 20, has been found—minus the cash. The checks were a bit weather-beaten, but useable.

The bag was found on the side of a road, near Estelline. It was discovered by some State Highway Department employees while they were working on a bridge.

Shadid, owner of the Fair Store, said the money had been taken from the rear of his store when his clerks were busy in the front.

Lions Will Hear A. F. Edwards Next Thursday Night

A. F. Edwards, professor of government at Hardin College, Wichita Falls, will speak at a banquet given by the Memphis Lions Club next Thursday evening, Sept. 22. The club is honoring the faculty of Memphis Schools, and it will also be Ladies' night at the club.

Mr. Edwards was born on a farm in Ellis County, and he received most of his education in country schools before attending the University of Texas and Southern Methodist University. He has taught in public schools and in Hardin College for 25 years. He has been a news analyst for 10 years over Radio Station KWFT, Wichita Falls.

Bill Rea Succeeds McMillan as News Editor of Democrat

Bill Rea of Hamilton assumed the position of news editor of The Democrat Monday. He recently received his bachelor of arts degree in journalism from Texas Christian University.

He succeeds Dan McMillan, who resigned to attend the University of Texas to work on his master's degree in journalism. McMillan graduated from East Texas State College last spring.

Rea was born and reared in Hamilton County. He graduated from Pottsville High School, then attended Arlington State College (NTAC) for one year before going into service. He served as radio operator in the Fifth and (Continued on Page 8)

CYCLONE MEETS CANYON EAGLES TOMORROW NIGHT IN STADIUM

Newly enlarged Cyclone Stadium will be the site of the home opener grid game tomorrow night between the Memphis Cyclone and the Canyon Eagles. Game time is 8 p. m., and a full house is expected.

His team packed with injuries and sickness after last week's upset victory over Quana, Coach Charles "Chuck" York is all but optimistic over the possible outcome, when the strong Canyon eleven levels off.

Four Players Doubtful
At least four players who are listed on the probably lineup are definitely "probable." Late yesterday afternoon, neither the players or the coaches knew whether or not Tommy Messer and Bobby Paris, both of whom were in bed with chest colds, would be ready for action by tomorrow night. Also on the doubtful list are Kenneth McQueen, who has an arm ailment, and Lee Bloxom, who sustained a bad bruise on the back of his hand. All these boys were instrumental in the victory over the Indians last week.

And then there is Andy Gardenhire, whose 55-yard touchdown run brought about last week's victory. He has missed several days' workouts having some dental work done. He received a blow in the mouth on the first play of the second half in the Quana game.

which jarred three teeth loose, and resulted in the complete loss of one, possibly more. He will be fitted out with a special mouth piece for the game, but is not expected to be up to top condition.

To top off York's troubles, Canyon is reported to have one of the toughest outfits they have fielded in many years, one which soundly trounced Tullia last week, one which is capable of giving any team in the state plenty of competition. The score in last week's Tullia-Canyon game, 6-0, doesn't tell all—the Eagles racked up 225 yards rushing as compared to Tullia's 72. They operate the T formation, and the boy who does the fancy hand work is Garland Butler. Their fullback, Richard Payne, is reported to be in the same class with Quana's Charlie Radford, the boy that gave the Cyclone so much trouble last Friday night.

From any angle, it appears that the two teams will be evenly matched.

To Be Strong Test
This game will be one of the strongest tests the Memphis team will have to face. For mediocre teams, the natural thing that follows an upset is the well-known let down, football followers have (Continued on Page 8)

Military Funeral Held Here Sunday For Wm. Williams

Memorial services were held at 2:30 p. m. Sunday for Pvt. William Clayton Williams, with full military honors under the direction of the local posts of the American Legion and the Veterans of Foreign Wars.

Pvt. Williams was killed the second day after the invasion of France was launched. He was a member of the 18th Infantry and had been overseas some eight months.

He was the son of Mrs. Bertie Lee Cassel of Memphis and A. W. Williams of Hanford, Calif. He was born in Memphis and received his schooling in Lakeview and Mobeetie. He moved to California and remained there until his induction into service in 1943.

Pall bearers were H. C. Pounds, O. J. Jones, Bill Vardeman, Wendell Harrison, A. M. Sims, and Eugene Lindsey. Escort commander was Frank Van Pelt, acting post commander was C. Burton Fox, and chaplain was Rev. Bedford Smith.

Edgar Jouett and O. V. Alexander were the color guard and the color bearers were Wiley Whitley and Randolph Johnson. The firing squad consisted of Joe Durham, Robert Bevers, Eugene Noah, Jim Beeson, T. D. Weatherby and L. F. Jones. Rev. B. F. Dearmore of Fort (Continued on Page 8)

Cooler Weather Chills Memphis

Lowest temperature in some months was recorded here Wednesday morning when the thermometer dipped to 52, according to Weatherman John McMickin. Highest temperature over the past week was 97 degrees Tuesday afternoon. Some .40 precipitation fell in this area.

Thursday, Sept. 8, high 95, low 67.
Friday, Sept. 9, 80 and 60.
Saturday, Sept. 10, 77 and 67.
Sunday, Sept. 11, 79 and 67.
Monday, Sept. 12, 93 and 67.
Tuesday, Sept. 13, 97 and 56.
Wednesday, Sept. 14, 64 and 52.

Street Signs Arrive on to Be Erected

Workers for every one of the intersections in the city have arrived and are set to the iron posts, set in concrete.

According to Farner, manager of the Commerce, stated which will give the modern type of street signs can be purchased, set in concrete.

According to Farner, manager of the Commerce, stated which will give the modern type of street signs can be purchased, set in concrete.

NO DRIVE GETTING RESULTS HERE

Part of the worst polio in the history of the National Foundation for Infantile Paralysis has practically its entire order for it to command medical supplies, assistance, and other needed communities, it donations from the R. C. Lemons, the Hall County Foundation must National \$14,500,000. From this area Emergency Drive week ago, have been printing, according to In making a fer-

Tax Refund Will Be Over \$15,000

A report was received last week by County Judge M. O. Goodpasture from the office of the chief accountant of the Board of County and District Road Bond Indebtedness at Austin, of the actual credits given the different bond issues for roads in Hall County from surplus in gasoline tax refunds.

A letter received from Joe Nelson, chief accountant, said: "We are crediting your lateral road account with \$15,597.73, which represents your share of the surplus in the County and Road District Highway Fund as of August 31, 1949.

"Of this amount, we will retain \$5,811.48 for the right-of-way. (Continued On Page 8)

Former Salisbury Resident Dies

C. F. McGuire of Altus, Okla., who lived in the Salisbury community until some seven years ago, died Wednesday morning of a heart attack in Altus. Funeral arrangements have not been set, pending the arrival of his son from California. Services will be conducted at the First Baptist Church, Altus. He is survived by his wife, five sons, Allen McGuire of California, Clois and Gene McGuire of Amarillo, Delbert McGuire of Ft. Worth and Travis McGuire of Wellington, and three daughters, Mrs. Thelma Box of Lubbock, Mrs. Virginia Burns of Matador and Miss Rowena McGuire of Lubbock.

CLAUDE'S COMMENTS

By J. C. W.
Temperatures tumbled from around the 100-degree mark of Monday to the 60's, which was quite a change, but very welcome. And if this is our first or second norther, when will we have a frost or freeze? Someone versed in weather signs might give us the downer on this.

If Memphis is to be a town with nice street signs, it's up to the citizens to get them. I understand a lot of the homeowners have kicked in their \$2.50 each, and a good many have not. Don't you think you would like it much better to be able to tell a visitor the street and house number of a residence he is seeking, than to tell (Continued on Page 8)

C. of C. Discusses Housing Shortage

The immediate need for housing facilities was the main topic of discussion last Thursday night at a regular meeting of the Chamber of Commerce Board of Directors. No immediate action was taken, but the problem was referred to the Housing Committee for further investigation. It was generally agreed that the housing shortage is the big drawback to the future development of Memphis.

The housing committee is composed of W. B. Wilson, chairman, James F. Smith, Bill D. Hart, E. H. Godfrey and Gene Lindsey. They plan to seek advice of experts in the housing field and to see what can be done to alleviate the present condition. An organization, to finance living quarters, may be formed by local citizens.

It was pointed out that several new industries had indicated their desire to move to Memphis providing housing could be promised for the employees.

Plans are shaping up for the annual Hall County Dairy Show to be held next Friday and Saturday, Sept. 23-24, according to Clifford Farmer, manager of the Chamber of Commerce, and W. B. Hooser, county agent. Their organizations are cooperating on the production of the show. It will be sponsored by the Chamber of Commerce and Hall County Board of Development in conjunction with the county agent's office.

Some 60 entries are expected by the officials before the registration deadline Friday morning, Sept. 23. The show will be held in Building No. 11 of the Memphis Compress Co., which is being donated by M. C. Allen.

Judging will be held Saturday morning. As high as six prizes will be given in some classes of stock. Rosettes will be awarded to the Junior, Senior and Grand Champion Bull, and also to the Junior, Senior and Grand Champion Cow. The entry list will contain some 13 classes.

A new feature, designed to create interest among the "amateur" judges, will be an added feature at the show, according to Farmer and Hooser. Rindside judging will be conducted Saturday. It will be open to anyone who thinks he can tell the difference between a bull and a heifer, stated the promoters.

4-H Boar and Gilt Show

In connection with the dairy show will be the Hall County 4-H Club Boar and Gilt Show. This show is the result of a swine program sponsored by Memphis business men.

Five swine were purchased by local men and donated to 4-H Club boys to feed out. These were purchased by the Chamber of Commerce, Durham's Pharmacy, J. B. Byars, and two by O. R. Sage. Eight prizes will be given by Sears, Roebuck & Co. The firm will give hog lot equipment as prizes, and the winners here will be eligible to compete in an Amarillo show later this fall for the district championship of the Sears program.

The dairy program of the local community is designed to build up a stock, second to none, says Mr. Farmer. It was put into motion when some 50 head of Jerseys were purchased in Canada and brought to this county. In addition, two registered bulls were obtained by the First State Bank and the First National Bank for breeding purposes. These bulls are being used by dairy cattle raisers in this area in order to insure the best stock available. The idea was conceived soon after the war, when the registered stock in this county had been torn down. (Continued on page 5)

Cyclone Football Plant Is Enlarged

A number of changes will be necessary for someone to remain in their car, contact Mr. Davis at the high school in order to obtain a car pass. Another new addition to the fine football plant is improved lighting for the field. Sixteen lights have been erected—two on each of the eight posts, bringing the lighting system above the standard of schools in this area.

Fans will also find it much easier to enter and leave the east stands. A ramp and exit has been constructed, thus eliminating any bottleneck at the end of games.

Other important changes are the tearing down of the fence along the east side-line of the playing field, and the system of serving refreshments at the concession stand. Patrons will now receive their snacks from outside the building instead of going in. Six vendors will be stationed at three windows, and will serve customers over an 18-inch counter. The parking lot has been graded off and will be in good condition. The gridiron turf has been tended all summer. An overhead sprinkler system has been used, and the grass is in good shape.

Double Ring Service in Odessa Unites Mary Lou Clark and Duane Vickers

In a double ring ceremony performed at the Belmont Baptist Church in Odessa, Miss Mary Lou Clark became the bride of Duane Vickers. Rev. W. C. Harrison, pastor, read the service on Saturday, August 27, at 7:00 o'clock in the presence of a few close friends and relatives.

Attending the couple were Miss Ruth Garren and Jimmie Graves.

For her wedding, the bride chose a gray garbardinie suit accented by white accessories and a corsage of white gladioli. She carried a white Bible and observed the traditional bridal custom of wearing "Something old, something new, something borrowed and something blue." The something old was a brooch belonging to the groom's grandmother, Mrs. Lucy Edwards. She wore a sixpence in her shoe for good luck.

The bride's mother was attired in a navy blue dress complemented by white accessories and a corsage of pink carnations. The mother of the groom wore a black dress with black and pink accessories and a corsage of pink carnations.

The bride is the daughter of Mr. and Mrs. Wayne Clark of Odessa. She is a former student of Odessa High School.

The bridegroom, who is the son

of Mr. and Mrs. C. T. Vickers of Memphis, is a graduate of the Memphis High School with the class of '48. He is now employed with the Oil Well Supply Company in Odessa.

Following a wedding reception held at the home of the bride's parents, the couple left on a week's wedding trip to Carlsbad Caverns, Lubbock and Memphis.

On their return to Odessa, they will be at home in Victory Village.

Miss Hoff Takes Refresher Course in Laboratory Methods

Miss Joyce Maxine Hoff, technician at Goodall Hospital, is in Austin this week taking a refresher course in Public Health Laboratory methods which is being conducted by the State Health Department in conjunction with the University of Texas.

Special emphasis will be made concerning the studies of syphilis serology, parasitology, and bacteriology by Drs. E. J. Tiffany and Wilton M. Fisher of the Communicable Disease Center, U. S. P. H. S., Atlanta, Ga.

Miss Daisy Haynes Becomes Bride Of Joe Highfill in Kilgore Rites

Miss Daisy Irene Haynes became the bride of Joe Richard Highfill in a candlelight ceremony Saturday evening at the First Baptist Church in Kilgore. Dr. Howard C. Bennett, pastor, was the officiating minister.

The bride is the daughter of Mr. and Mrs. J. O. Haynes of Kilgore and the granddaughter of Mr. and Mrs. A. Baldwin of Memphis. The groom's parents are Mr. and Mrs. Highfill, Guyman, Okla.

The ceremony was preceded by a program of music presented by former classmates of the bride and groom at North Texas State College, Denton. Jack Roberts, Fort Worth, played organ selections by Bach.

Miss Rosemary Bruce, Glade-water, violinist played "After a Dream" by Faure, and "Meditations," from Thais by Massenet.

Miss Louise McLane, Tyler, sang "Where Do the Roses Go," a French song, and "To You." The latter was written by Mrs. T. L. Rouse, the bride's aunt.

Bride Wears Heirloom

Given in marriage by her father, the bride wore a white satin bridal gown scalloped at the waist and yoke. The hemline was trimmed with a wide fold of the satin. The scalloped yoke with its high round neckline was of Chantilly lace and the long, fitted sleeves were also of the lace.

The bride's headpiece was a seed pearl and rhinestone heirloom coronet, which the bride's mother had worn at her wedding. The crown came to a point above the bride's forehead. The coronet completely encircled the head, catching up the illusion veiling which fell to fingertip length. The veil was trimmed with delicate flowered embroidery.

Her jewelry was a pair of large, pearl studded ear clips and a mother-of-pearl bracelet. The latter, a gift from the groom, was brought from Arabia by the groom's father.

The bride carried a white Bible covered with gardenias. Satin streamers cascading from the Bible were tied in soft love knots.

Attendants Wear Aqua Taffeta

The bride was attended by Mrs. W. C. Teel, Tulsa, matron of honor, and by Miss Caroline Brown, Kilgore, and Miss Ann Parker, Tyler, bridesmaids.

The attendants wore aqua taffeta dresses with small, unpointed collars at the high necklines, cap sleeves and fitted bodices. The fronts of their full skirts were fashioned with twin floating panels which were joined to the waist by two small, aqua velvet bows.

The attendants' headpieces

were halos of aqua maline center-feta dresses with small, pined carried bouquets of red gladioli with cascading red satin ribbons.

Flower girls were Patsy Baldwin, Dallas, and Linda Baldwin, Tyler, cousins of the bride. Their yellow taffeta dresses with wide velvet sashes were made similar to the dresses of the other attendants.

Dr. Lloyd C. Hibberd, member of the NTSC faculty, Denton, was best man. Ushers were William Byles, cousin of the groom, Pawhuska, Okla., and Harold B. Dorsey, Stephenville, fellow student of the groom at NTSC.

Perry Stephens, Denton, and Dr. R. E. Baldwin, Tyler, lighted tall white tapers.

Trellis Forms Background

The wedding party stood on the platform at the front of the church. Dr. Bennett read the double ring vows before a white trellis banked with ferns. White floor baskets filled with white gladioli stood on either side of the trellis.

For her daughter's wedding Mrs. Haynes chose a Hunter green street length dress trimmed at the neck with bronze beads. The skirt was fashioned with a draped effect. Brown accessories, a coca brown hat and corsage of bronze chrysanthemums completed her ensemble.

The groom's mother wore a grey taffeta dress with a full skirt, fitted bodice and bracelet length sleeves. Her corsage was of pink carnations and she wore a dark blue hat trimmed in pink and pink gloves.

Reception on Lawn

Immediately following the ceremony, a reception was held on the lawn at the home of the bride's parents, Miss Ann Lewis presided at the guest register.

The bride's table was laid with a cutwork linen cloth. At one end stood the three-tiered wedding cake topped with bride and groom figurines under a small trellis. The cake was served by Mrs. Harold Dorsey, Stephenville. At the opposite end of the table was a crystal punch bowl. The punch was served by Mrs. T. L. Rouse of Memphis.

For traveling, Mrs. Highfill chose a dark blue suit with a moss pink blouse, suede opera pumps, white doekin gloves and a close-fitting black hat which was styled with a band of feathers close to the face.

After a wedding trip through Louisiana, the couple will be at home at 2634 Liberty Street, Beaumont.

The bride and groom both received bachelor's degrees in music from NTSC. She was a member of Sigma Alpha Iota music fraternity and of the A Cappella choir. He is listed in the current issue of Who's Who in American Colleges and Universities.

This fall she will teach in Silsbee, Texas. He will be band director of French High School, Beaumont.

Mr. and Mrs. Larry Simpson had as guests over the week end Mr. and Mrs. S. R. Campbell of Crosbyton, Mr. and Mrs. Lewis Simpson and Linda of Amarillo and Thelma and Barbara Simpson of Memphis.

Dinner Club to Observe Seventh Anniversary Oct. 4

Mrs. Anna Dickson, 523 South Sixth street, entertained the Wednesday Night Dinner Club on September 6.

Following a delicious dinner, the group enjoyed games of forty-two.

Attending were two guests, Mrs. Bess Crump and Charlie Webster, and the following members: Mr. and Mrs. Herbert Sisk, Mr. and Mrs. J. M. Ferrel, Jr., Mr. and Mrs. Arthur Gidden, Mr. and Mrs. T. D. Weatherby and hostess, Mrs. Dickson.

On October 4, which is slated as the next meeting, the club will observe its seventh anniversary. The meeting will be held in the home of Mr. and Mrs. T. D. Weatherby and all members are urged to be present.

Friendly Sewing Club Meets with Mrs. Dot Webster

The Friendly Sewing Club met Wednesday afternoon, September 7, in the home of Mrs. Dot Webster.

Members spent the afternoon quilting for the hostess. During the social hour, delicious refreshments consisting of cherry cake and home made ice cream were served.

Members were Mrs. Lucy Phillips, Mrs. Joe Nelson, Mrs. A. B. Jones, Mrs. W. I. Glasson, Mrs. Frank Smith, Mrs. J. D. Yarbrough, Mrs. Grover Roden, Mrs. Larry Simpson, Mrs. Claude Prather, Mrs. Wanda Webster, Mrs. Henry Newman, and hostess, Mrs. Webster.

The next meeting is slated for September 20 in the home of Mrs. W. I. Glasson.

SUMMER GRADUATE—Miss Ila Sue Davis, Mr. and Mrs. L. I. Davis of Memphis, received her science degree from Texas Christian University on August 27. Miss Davis majored in secondary education, and is a position with the Stinnett Public School, She was a member of the Horn Frog Band, the Frogettes and Let Club.

Mrs. Murphy is Hostess At Needle Craft Meeting

Mrs. Millie Murphy was hostess to members of the Needle Craft Club on Tuesday afternoon, September 6. Members enjoyed pleasant conversation and needle work

throughout the party. Following the meeting a lovely refreshment served to the following Mesdames: Minnie Newman, Bess Crump, Irene Bradley, and hostess.

'Human Cavalcade' Is Year's Theme Of Atalantean Club

Mrs. T. M. Isham was hostess to members of the Atalantean Club at its first meeting on September 7.

This meeting was a "Coming together" tea and was an interesting introduction to the year's study since four of the members, dressed in costumes representative of their people, received and served the guests. These ladies were Mrs. J. A. Odom, as "Miss Foo"; Mrs. Claud Johnson, as "Sue Ling"; Mrs. R. F. Spicer as "Pocahontas" and Mrs. Henry Foster as "Bridget."

Beautiful dolls dressed in costumes of several different countries were on the tables in the dining and living room.

Miss Imogene King introduced the new officer, Mrs. H. J. Howell, president, gave an inspirational talk, "We Are All Human."

Mrs. T. M. Isham, chairman of the program committee, in a review of the year's study said, "The study of People—what they have done, what they are doing, and what they plan to do should prove to be a most important and interesting subject. It is through understanding that we are able to appreciate our heritage; to progress in the right way, and enjoy living not only as a few but as a world."

The following members were present: Mesdames C. W. Broome, W. C. Dickey, H. B. Estes, Henry Foster, H. J. Howell, Claud Johnson, We Kinslow, Ed Monzingo, J. H. Morris, D. A. Neeley, J. A. Odom, S. B. Pallmeyer, Myrtis Phelan, R. F. Spicer, Misses Imogene King, Gertrude Rasco and

(Continued from page 1)

Mr. and Mrs. Herman Hill and three children of Amarillo visited here Sunday in the home of Mr. and Mrs. N. W. Durham and Mr. and Mrs. W. B. Hooser. The Hills are former Memphis residents.

Miss Wanda Morris of Los Angeles, Calif., arrived in Memphis Sunday to visit with Mr. and Mrs. C. D. Morris and Mr. and Mrs. E. C. Cudd and other relatives. Mrs. Bobby Lindsey and sons, Bobby and Kent of Dallas visited here from Thursday until Sunday with her parents, Mr. and Mrs. L. A. Stilwell and parents-in-law, Mr. and Mrs. H. H. Lindsey.

Cecil Heath of Big Springs visited in the home of Mr. and Mrs. M. N. Orr over the week end. Mr. and Mrs. Obad Foote of Plainview visited here over the week end with Mr. and Mrs. Foote and son.

Bob Dryden of Littlefield visited here the first of the week with his brother, Dr. C. B. Dryden and family.

Mr. and Mrs. Charles Drake and son Jack of Los Alamos, N. M., left Wednesday for Nashville, Tenn., where they will visit with their daughter and sister, Mrs. Ulysses Erwin and family.

Mrs. Austin T. Chandler and baby Sandra are visiting in New Orleans this week with her parents, Mr. and Mrs. Bill Deano.

Choral Club Forms

The Senior Choral Club met Tuesday and elected their officers for the year. There were four officers elected, as follows: President - - Minnie Lee Jackson Secretary - - Patsy Jean Adcock Librarian - - Ann Spoon Reporter - - Jeanine Miller The sextet has also been selected for the following year as follows:

Soprano - - - - Billie June Sturdevant Patsy Sue Hayes Altos - - - - Roddy Patton Joanna Davis Piano accompanist for the vocal sextet is Beverly Snell. Piano accompanist for the Senior Choral Club is Patsy Sue Hayes.

George Washington was born in Virginia, at that time a British Colony.

and it was realized that dairy cattlemen had to start from the bottom, Mr. Hooser stated.

The bull owned by the First State Bank won the grand championship at the Childress State Fair last year, and first prize at the Amarillo show. The animal owned by the First National Bank will be shown for the first time here, and will be taken on to other shows.

Winners next week will be taken to the Childress and Iowa Park fairs as a group. Last year Hal County Jerseys won the grand champion bull and the reserve champion heifer awards at the Childress meet, and all 15 head which were taken to Plainview placed in the show.

The dairy committee of the C. of C. consists of Herschel Combs, chairman, and M. E. Drake, James Davis, Temple Deaver, Omer Hill, Gene Lindsey, Pete Smith, Homer Tucker, M. C. Allen, Mack Wilson and C. L. Pierce.

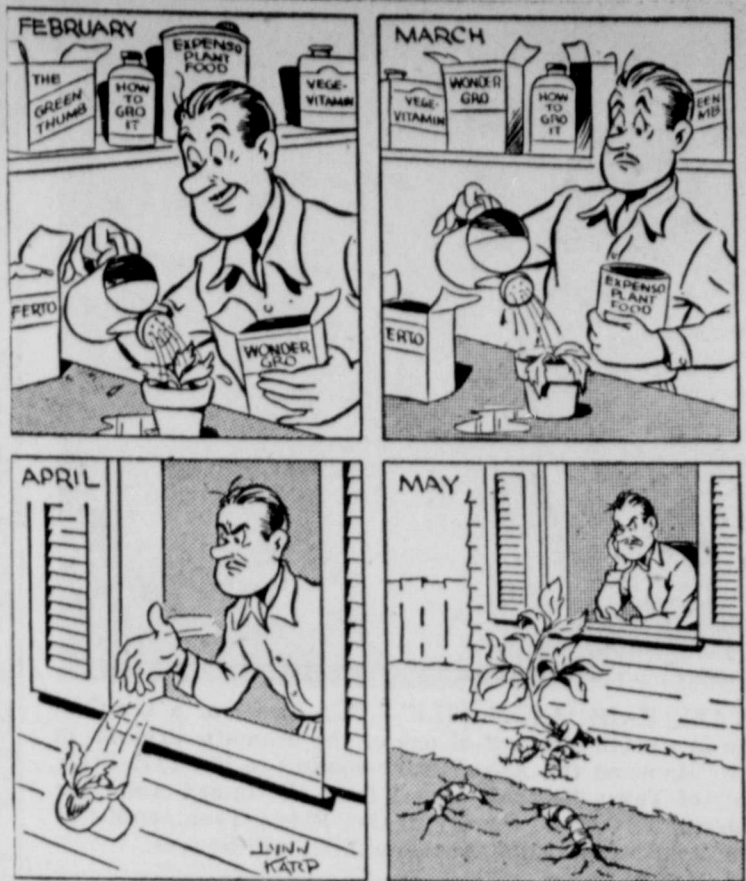

Following is a class description list of entries:

- 1. Junior bull calf (dropped after Jan. 1, 1949)
2. Senior bull calf (July 1, 1948 to Jan. 1, 1949)

West Ward P-TA To Hold Family Night October 13

The West Ward Parent-Teacher Association met for the opening session of the current year Thursday afternoon, September 8, at 3 o'clock in the school auditorium with Mrs. John McCauley, president, presiding.

During the business session, plans were made to hold family night on October 13. Featured as guest speaker at this meeting will be J. B. (Uncle Jay) Lynn of Amarillo, well-known radio artist.

Tea and cookies were served to 52 members by Mrs. C. J. Wynn, Mrs. Ross Gentry and Mrs. Gus Rasco.

Mr. and Mrs. T. E. Noel and daughter Tommy returned home Sunday following a 10-day vacation trip which took them on a tour of Oklahoma, Missouri and Arkansas. They enjoyed a short stay at Hot Springs, Ark., and en route home visited for a short time in Dallas with Mrs. Noel's relatives.

Society News

American Legion Square Dance Club Awarded Diplomas at Colorful Party

Culminating four months of study, members of the American Legion Square Dance Club were awarded diplomas in colorful graduation exercises held Tuesday evening at the Legion Hall.

Promptly at 8:30 p.m. the grand march led by the president and his wife, Mr. and Mrs. Glynn Thompson, started the dancing. To graduate the class danced 16 squares under the leadership of their instructor and caller, Dick Ludwick of Altus, Okla.

For the occasion the couples were attired in colorful costumes, on the western style, that added much grace and gaiety to the dances.

Diplomas were tied with red ribbon slipped through miniature silver and gold boots, and were presented to the following members:

Measurers and Mesdames Glynn Thompson, Joe Durham, Al Burks, Roy Guthrie, Orville Goodpasture, Ace Gailey, Gayle Greene, Buster Helm, Paul McCauley, Lance Leggett, James Skinner, Bob Land, Jim Davis, M. E. McNally Jr., Frank Garrett, Claude Ferrel, Ray Childress, Mac Connell, Irvin Johnsey, C. A. Williams, Miss Joyce Hoff and Dr. Edwin Goodall.

The club presented Mr. Ludwick with a beautiful yellow gold Elgin wrist watch in appreciation of his time, energy, and patience as teacher of the class.

A special number, "Life on the Ocean Wave" was danced by the Altus group composed of Mr. and Mrs. Preston George, Mr. and Mrs. Jack Minor, Mr. and Mrs. Gus Beck and Mr. and Mrs. Dick Ludwick.

Delicious refreshments of sandwiches and coffee were served to a large number of guests and the members present.

Pathfinders' Open Season Tuesday With Breakfast

The Pathfinders' Council opened its season's activities with a breakfast in the home of Mrs. Gene Chamberlain Tuesday morning, September 13.

A sumptuous and attractive menu was served buffet style from the dining table which was covered with a hand-crocheted cloth and centered with a lovely bouquet of roses, the club flower.

Places were set on attractive green and white maps of the United States at foursome tables. Green and white are the club colors and the map was in keeping with the course of study, "Our Great American Heritage."

After breakfast members gathered in the living room for the business meeting and program. Following the president's address by Mrs. Earl Hill, Mrs. J. J. McDaniel presented the year books and Mrs. Gene Chamberlain introduced the course of study for this year.

Two new members, Mrs. Rolo Davidson and Mrs. Robert Breedlove, were welcomed into the club. Other members present were Mesdames Nat Bradley, Barney, Anna Dickson, A. Gidden, O. M. Gunstream, Earl Hill, W. H. Monzingo, J. J. McDaniel, W. F. McElreath, Robert Spicer, A. O. Wines, George Payne, Earl Pritchett, and the hostess, Mrs. Chamberlain.

Local OES Chapter Holds Impressive Initiation Service

A most beautiful and impressive initiation ceremony was held by the Order of the Eastern Star Tuesday evening, September 6, at the Masonic Hall.

The hall was attractively decorated with lovely arrangements of garden flowers. Soft lights illuminated the white satin draped altar on which lay the Bible.

The officers, in white formal dresses and red corsages, performed the opening march. The chapter was opened with the worthy matron, Mrs. Ann May Foster, presiding after which Mrs. Mable Lavender and Mrs. Ada Sargent were initiated into the order with Irvin S. Johnsey presiding.

Mrs. Sara Gilliam was welcomed as a new member. Mrs. Snell of the Amarillo chapter and Mrs. Moreland of the Durant, Okla., chapter were welcomed as guest.

All Memphis members present whose birthdays come in the months of June, July, August and September were recognized and "Happy Birthday to You" was sung.

Delicious refreshments of white cake squares topped with red birthday candles and punch were served by Mrs. Katie Posey, Mrs. Vera Gunstream, Mrs. Maudel McCauley and Mrs. Frank Smith.

Methodist Women Enjoy Social At Church Monday

The basement of the Methodist Church was the scene of a covered-dish supper Monday evening, September 12, which was served to approximately 41 guests and members of the Woman's Society of Christian Service and the Wesleyan Service Guild.

Tables set by members of the Woman's Society of Christian Service were made attractive by many beautiful fall flowers.

This was the initial meeting in the new program set forth to enlist every woman in the Methodist Church in some phase of the Woman's Society of Christian Service. Leaders in this program of advance are Mrs. W. C. Dickey, Woman's Society of Christian Service; Mrs. Earl Hill, Wesleyan Service Guild; and Mrs. Ray Childress, Bride and Young Mother Circle.

The program, presented in the sanctuary, was as follows: devotional, Mrs. Rollo Davidson; responsive reading, the Meaning of Faith, Mrs. Earl Hill; the God of Our Faith, Mrs. Al Burks; Our Faith in Salvation, Mrs. Hester

Year's Program Theme Presented At Delphian Meet

"Pathway to Happiness" was introduced as the program theme for the club year by Mrs. C. C. Hodges, program chairman, to members of the Delphian Club meeting in the home of Mrs. Henry Hays Tuesday, September 6.

A lovely musical program was presented by Misses Lois Wines, Patsy Sue Hays, and Minnie Lee Jackson.

Mrs. Henry Hays, president, conducted the business meeting. Mrs. Sidney Baker was appointed chairman of a committee to conduct publicity of the open meeting to be held September 20 at 7:30 p. m. in the High School auditorium. Wes Izzard, editor of the Amarillo Daily News who toured Europe last summer, will speak on World Affairs. As a civic contribution, the Delphian Club is inviting the entire public to hear Mr. Izzard. There will be no admission charge.

Members present were Mesdames Sidney Baker, J. L. Barnes, Jack Boone, W. C. Dickey, J. O. Fitzjarrald, Gordon Gilliam, Henry Hays, Earl Hill, C. C. Hodges, Weldon McCreary, B. B. McMillan, Roy Shahan, Clarence Stroehle, J. W. Stokes, R. H. Wherry, and Misses Gloria Gosch, Maud Milam and Zady Belle Walker.

Mrs. Roy Shahan was welcomed as a new member. A former member, Mrs. Lula Fay Singleton, was welcomed as a guest.

Music Shop Opens Saturday Morning On East Square

The Stardust Music Shop will be opened for business Saturday morning, Sept. 17, according to its owner and operator, Austin A. Chandler.

The new shop, which is located on the east side of the square, will carry a complete line of pianos. In addition, complete piano service will be offered. Mr. Chandler is a graduate of Miles-Bryant Piano Tuning and Technique School, Washington, D. C. Teacher supplies, sheet music, records and accessories will be handled by the store. Chandler, who also studied music at North Texas State College, Denton, will give lessons in piano, guitar and bass fiddle.

The proprietor was born in Chillicothe and received his secondary schooling there. He is a veteran of five years AAF service, having served in the North African campaign as a pilot officer. He participated in 56 combat flying missions on Douglas A-20 bombers.

He is married and has a six-month-old daughter.

Mr. Chandler stated that he plans to organize a high school swing band in the near future, and asks that all interested students contact him. He has played in a number of popular dance bands throughout the country and has directed his own band. He has written some 20 songs and of these he has copyrighted five.

He was formerly associated with a music company in Amarillo. Chandler is a member of the American Federation of Musicians.

Musical instruments will not be offered for sale immediately in the new store, but will be added to the stock soon, Chandler said.

MRS. T. J. DUNBAR'S SISTER DIES IN AUSTIN SEPT. 7

Mrs. T. J. Dunbar and son, Allen, were in Austin last week where they attended the funeral services of Mrs. Dunbar's sister, Mrs. J. D. Hedick.

Mrs. Hedick died on September 7. She had been in ill health for some time.

Mrs. S. O. O'Donald, Formerly of Hall County, Passes Away

Mrs. S. O. O'Donald, sister of Mrs. C. W. Crawford and A. Gidden of Memphis, died at her home in Canyon Thursday night of last week following a heart attack. Mrs. O'Donald was 70 years of age.

Funeral services were held Sunday afternoon at 2:00 o'clock from the First Baptist Church in Canyon.

She was a former resident of Hall County having lived in the Plaska community a number of years ago. She is survived by her husband, nine children and 23 grandchildren.

Attending the services from here were Mr. and Mrs. C. W. Crawford, Mr. and Mrs. A. Gidden, Mr. and Mrs. A. O. Gidden and Mrs. Jean Lamb and daughter, Mary Jo.

Polio Drive—

(Continued from Page 1)

of polio the country has ever known.

Even though this county has been relatively free of the malady so far, it has had a few cases. A new case, in fact, was reported at one of the local hospitals this week.

In his speech over a nationwide radio network to launch the drive, Basil O'Connor, national foundation chairman, made known the touching facts about the situation. These are some excerpts from his speech:

"Polio is a serious problem. It is a personal problem. When it strikes it brings pain to a child; anxiety to its parents; and grief to all who love it. In some way most of us are affected by the presence of the disease.

"Polio is a local problem and upsets community after community when it strikes with the fury and fear it possesses.

"But, in any correct analysis, polio after all is a National problem and has to be handled as such."

He explained how it has spread to the four corners of the nation. "Right now the National Foundation is spending \$100,000 a day to care for patients—\$4,000 an hour every hour round the clock—\$70 every minute of every hour of every day and every night. That adds up to \$3 million a month."

"The bank balance is dangerously low. We must raise an additional \$14,500,000 to fulfill our trust."

Contributions should be mailed to the Hall County Chapter, or handed to Mr. Lemons or Thos. E. Noel at the First National Bank.

LEGION AND AUXILIARY TO HOLD JOINT SOCIAL

The American Legion and Auxiliary members will meet tonight for the joint monthly social, it was announced this week.

Members of both organizations are urged to attend, and to bring their families with them.

James Buchanan was the only bachelor president.

Tax Refund—

(Continued from page 1)

way portion of your debt, and \$9,786.25 of this amount has been credited to the sinking fund."

This county's credit will break down as follows:

Consolidated Road District No. 1, bonds, serial "D," issued Oct. 15, 1949: right-of-way—\$2,326.35; the sinking fund—\$1,233.73.

Road District No. 3, bonds issued Dec. 1, 1923: right-of-way—\$926.59; the sinking fund—\$1,160.12.

Road District No. 3, bonds issued Sept. 2, 1929: right-of-way—\$675.86; the sinking fund—\$3,610.42.

Road District No. 3, refunding bonds issued Nov. 1, 1940: sinking fund—\$1,009.15.

Road District No. 4, bonds issued Sept. 2, 1929: right-of-way—\$1,498.38; the sinking fund—\$2,463.37.

Road District No. 5, (Precinct 1) bonds issued Jan. 1, 1924: right-of-way—\$384.31; the sinking fund—\$309.46.

Total aid from this source in 1945 was \$1,169.08 for all bond issues combined. Percentage of increase from 1945 to 1949 is 133.4 per cent.

According to Judge Goodpasture, these credits give Hall County enough money the coming year to eliminate the necessity of levying taxes for road bond payments in any part of the county.

"By good management," he said, "It may be possible that the county will not be obligated to levy any property taxes hereafter to pay its part of outstanding road bonds," he added.

Cyclone Meets—

(Continued from Page 1)

stated. The game Friday night should give an indication as to whether the Cyclone can focus all attention on the problem at hand.

In the event Tommy Messer will be unable to operate at his left half position, it is possible that Max Kennedy will be shifted from guard to the backfield. If that is done, either Bobby Pat Young or little Carl Lee will be used at guard.

Probable Cyclone starters: Ends, Don Rasco and R. A. Wells; tackles, Kenneth McQueen and Lee Bloxom; guards, Max Kennedy and Freddie Vinson; center, Raymond Clark; quarterback, Roddy Stargel; left half, Tommy Messer; right half, Bobby Crooks; fullback, Andy Gardenhire.

Probable Canyon starters: Ends, Mickey King and Bruce Winn; tackles, Berkeley SoRelle and Ray Burrus; guards, Jerry Harding and Morris Root; center, Troy Burrus; quarter, Garland Butler; left half, Joe Abbot; right half, Robert O'Donnell; full, Richard Payne.

Military Funeral—

Commetn—

(Continued from page 1)

him. "Go four blocks east, three north, turn right to middle of the block where there used to be a tin-roofed house (but it's gone now), and when you get there you might ask someone if they know where your party lives?"

Memphis is sorely in need of apartments and houses for rent. Dozens of families are looking for a place to live in Memphis and having no luck finding one. Various towns over the country have companies building houses by the score and relieving the housing shortage right along. Memphis has no such building program. True, various individuals have been building or remodeling residences for their own use, but few are building rental dwellings. Many prospective citizens have had to go elsewhere to live when they wanted to locate here, but were forced to go elsewhere.

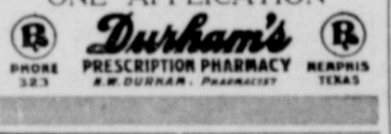

My next door neighbors, Mr. and Mrs. Jim Beeson, are doing something about relieving the housing shortage. They have made a nice 2-room apartment by working over a storage house in the back yard. They are also adding two rooms to their residence. I mention these because that is going on in the adjoining yard, and is about the only building activity I can see from my front porch or back yard.

If the following story is true, medical science should get busy: "Hayle, England—Col. Albert Simmons, 70, who was crippled with rheumatism, suffered 143 stings while taking honey from his beehives. He was cured when he got up the next morning. What I would like to know is whether the reporter got mixed up and mixed his sentences. Did the man throw away his walking sticks when the bees got after him, or the next morning? If bee stings can cure rheumatism, medical science ought to be able to extract the stuff that cures and administer without the sting."

Readers 61, 62 and 63 write from California. My list of readers is growing in number and scope of country covered. Mr. and Mrs. Jerry Wright and son David of Lemore, Calif., former Memphians, sent me the following letter: "We hope you don't always have to sit on your front porch to write your column. But we hope that you will sit there and write it lots of times, because we enjoyed that more than you can ever guess. It was just

Kingtex RED ANT POISON

like a visit from home. We read everything in The Democrat, down to the last word of fine print. But it's The Comments that we always read first. So we miss it when it isn't there. P. S. The 'fashion parade' was especially interesting."

All you folks who like to guess had better get your cotton ginning estimate in soon. Guesses so far range from 31 to 65 thousand bales, with most of them ranging between 50 and 65 thou. Your guess might be just the right one to win. It costs nothing to try.

Election Is—

that may be levied, Judge Goodpasture explained. The above rates have been levied in 1948 and 1949 to which is added a 15-cent special road and bridge tax levied by vote of the people of Hall County something like 30 years ago. If and when all are levied to meet public expenses, it results in a total top limit of 95 cents for all county purposes, he added.

Estelline Yields to Groom Tigers 44-14

The Estelline Cubs yielded to a barrage of passes and a solid ground game by the Groom Tigers, and went down to a 44-14 defeat Friday night in Groom.

The District 2B Cubs were unable to score until the Tigers had made all their touchdowns. The first Cub tally came on a pass from Weldon Fowler to Don Smith which was good for 50 yards. Fowler added the second one with an eight-yard gallop. Gene Jouett plowed the line for both of the extra points.

The game was played in a light drizzle, but apparently did not hinder the host club as they began their touchdown parade in the second quarter when they scored twice. They came back after the intermission to count two more times, and they added the final two in the last stanza.

Estelline travels to Amarillo for a game with Clifford College Friday night.

Vets May Now Take GI Flight Training Under Bill of Rights

Veterans now may take flight training under the G. I. Bill without necessarily submitting to Veterans Administration complete justification that the course will be taken in connection with their present or contemplated business or occupation.

This change in flight training policy is contained in Public Law 266, passed by Congress and signed into law last August 24 by the President.

Public Law 266 is the Independent Offices Appropriations Act of 1950, which provides V-A's appropriations for the fiscal year which began July 1, 1949.

Instead of complete justification, a veteran planning to take G. I. flight training now may submit to V-A (1) a certificate in the form of an affidavit signed by him, and (2) corroborating af-
(Continued On Page 8)

MEMPHIS Band News

The Memphis High School Band made its first appearance of the year Friday night at the Quannah game.

The band has a new drum major, Patsy Jean Adecock, who made her first appearance. The twirlers had on new uniforms, and the drum major had on a new hat. Her suit had been ordered, but had not yet arrived. Her suit and the new uniforms are expected to arrive sometime this week. Linda Gail Sturdevant, the mascot, did a very good job of marching. This is the first year the band has had a mascot, and everyone is proud of her. She, too, had on a new uniform.

The Childress Chamber of Commerce has invited the band to attend the Childress State Fair, Wednesday, September 28, 1949. Each band attending will make a 15 minute broadcast over KCTX, at the Fair Park Auditorium. There will be a parade at 2:30 p. m. in which all the bands will participate.

Motor Industry Pays County \$111,000 Taxes

The motor transportation industry paid \$111,845 to Hall County in 1948 for highways, schools and other governmental functions, according to Roy Sanderford, president of the Texas Motor Transportation Association.

He said this amount was paid for license fees, motor fuel taxes and intangible taxes.

Total taxes and license fees paid by motor carriers for the entire state amounted to over \$500,000.

Hall County's share of the industry's tax payments to government was made up of the following: county portion of registration or license fees for commercial vehicles, \$21,071; State highway construction, \$19,043; State highway maintenance, \$19,782; county and district road debt paid, \$33,885; surplus in road bond fund distributed to the county, \$5,742; per capita apportionment to schools, \$12,125, and intangible tax paid to the county, \$197.

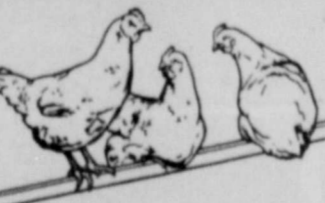

Tractor Overturns; Lakeview Man Not Seriously Injured

Buddy Riddle of Lakeview was pinned under his tractor recently, after the machine had caved off a 20 foot bank. Riddle was rushed to a hospital after he freed himself, but he was released when no serious injuries were discovered.

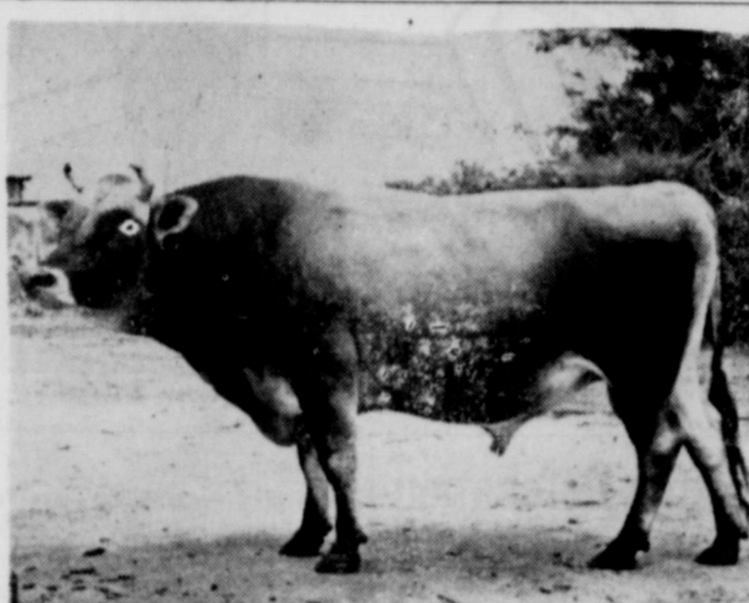

He is the son of Mr. and Mrs. C. H. Riddle.

An orphan car is one that is no longer manufactured.

Easy Control of Poultry Lice

When your flock is lousy, it can't do well. Get rid of lice this easy way—apply Dr. Salisbury's Vapo-Roost to the perches before the birds go to roost. Vapo-Roost fumes containing BHC kill lice quickly, surely. Will not stain. Ask for Vapo-Roost here.

PRIZE WINNER—Due to be one of the animals in the Hall County Dairy Show, to be held Sept. 23-24, is Dan Head's Design Sultan Basil, purchased last year by the First State Bank for breeding purposes in Hall County. The bull took first prize at Tri-State Fair in Amarillo last fall in the junior yearling division.

INSTITUTIONS OF HIGHER LEARNING CLAIM OVER FIFTY HALL COUNTIANS

An incomplete list of some 50 boys and girls has been compiled by The Democrat as students trek off to colleges and universities throughout the state. Texas Tech is the most popular among Hall County students, as 11 are known to be headed for the Lubbock school.

The following is the tentative list:

- Texas Tech**
Carl Jack Smith, son of Mr. and Mrs. Carl Smith; Jack Miller, son of Mr. and Mrs. Art Miller; Adrian Combs, son of Mr. and Mrs. Herschel Combs; Sue Ann Roberts, daughter of Mr. and Mrs. E. E. Roberts, all of Memphis; Peggy Montgomery, daughter of Mr. and Mrs. Ted Montgomery; Flora Mae
- Wayland College**
Six students are reportedly going to Wayland College, Plainview. They are Anita Johnson, daughter of Mrs. Gussie Hayes; Donald Corley, son of Mr. and Mrs. Gene Corley; Leroy Green, son of Mrs. Reba Green; Jerry Hays, son of Mr. and Mrs. Henry Hays; Raymond

- Hall, daughter of Mr. and Mrs. A. L. Hall; Harold Rampey, son of Mr. and Mrs. O. B. Rampey; Pete McCanne, son of Mr. and Mrs. Paul McCanne; Laverne Orr, daughter of Mr. and Mrs. M. N. Orr; and Bobby Nell Adams, daughter of Mr. and Mrs. Roy Adams, all of Lakeview.**

(Continued on page 8)

Gardenhire Intercepts Pass For Last-Minute Touchdown

The Memphis Cyclone, given a much less than an even chance to match considerably heavier Quannah, rode to a mild 7-6 upset Friday night on the flying heels of rugged little Andy Gardenhire.

It was the determined Gardenhire who climaxed a very busy evening when, in the dying stages of the game, he intercepted a short pass from the Indian quarterback, John McCrary, and raced 55 yards untouched across the double stripe for the tying touchdown. He then plowed through his own left guard for the extra point and the victory—the first one for Memphis over Quannah in some 20 years.

Until that last minute, the ball game was slightly dominated by the Indians, however at no time was the game completely out of hand. True, the huge forward wall of the host club had overpowered the Memphians to the extent that the Cyclone running game was kept well under control, but the lighter visiting line was never found loafing, and were fairly successful in halting the Indian runners.

Big Charlie Radford was the one man gang for Quannah. The big boy was shifted to the fullback post this season after lettering as a guard last year. He showed both power and speed while picking up some 91 yards from scrimmage. He was responsible for the initial touchdown in the first quarter, following a march of 71 yards.

The closest Memphis got to their opponent's goal before the touchdown was made was the 16, and that followed a Quannah fumble on the 25. And in the final analysis, it was heads up play in recovering fumbles that kept the Cyclone in the ball game. Six times the Indians were jarred loose from the ball and on four of these occasions, the Memphis team recovered.

Bobby Crooks, the Cyclone ace broken field runner, picked up nice yardage occasionally, but inefficient blockers and the big opposing line did not afford him too much opportunity.

Coaches Charles "Chuck" York and Ray Newton, undoubtedly

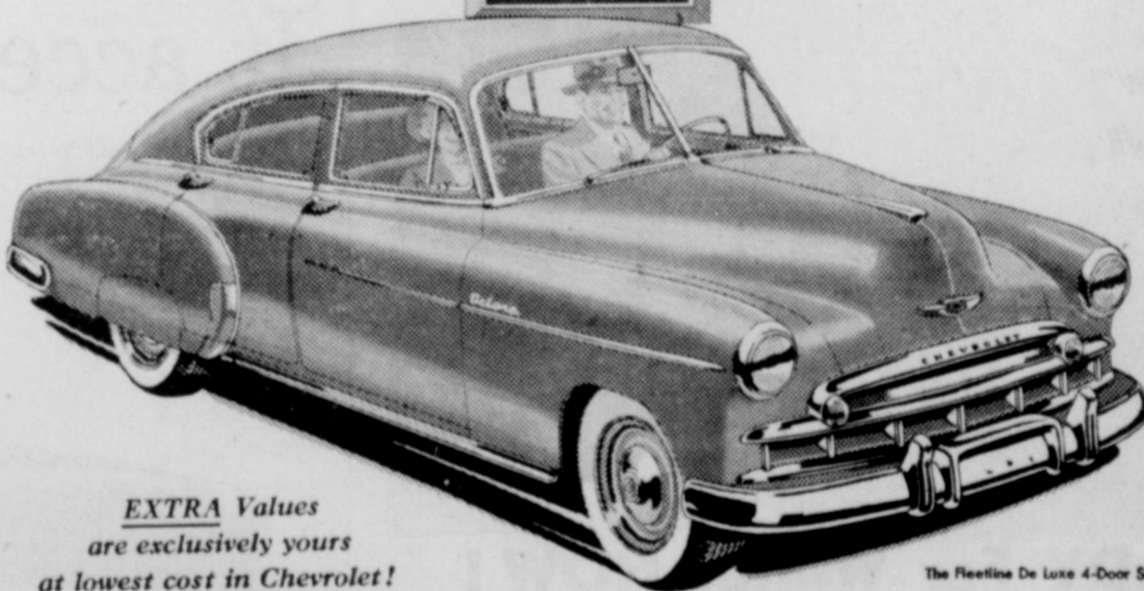

quite satisfied over their team's success, viewed the victory as just reward for the many grueling sessions on the practice field. "Mighty rough in spots," was the head coaches comment. "We've got a lot of work to do before we'll be ready for district competition. The boys gained a lot of valuable experience, and the win helped the boys' morale a lot."

The Indians had the better of the statistics, rolling up 12 first downs to Memphis' 4, 97 yards net rushing to 83 for the Cyclone; 110 yards passing with eight completions out of 16 attempts as compared with none on 10 attempts for the local club. Quannah's kicking average, helped considerably by a fine 72-yard boot from the toe of Tackle Don Barker, was 37.7 yards while Bobby Crooks had a net of 31.5 with six punts. Quannah was forced to punt four times, one was partially blocked.

Fumbles Start It
Successive fumbles at the opening of the game by each team ended up with Memphis having the ball on their own 43 after the Quannah kickoff. Crooks, Gardenhire and Tommy Messer moved the ball to the Quannah 29 before losing it on down.

It was here the Quannah touchdown march began. Radford picked up 4 to the 33, Clifford Owen ran right end for 5 to the 38, Rad-

TWO-FINGER TYPIST

Do your pharmacist typing the instructions on the label when he is putting up for you? He types carefully, with the same care that he has exercised in counting the prescription itself.

It's more important than speed in the practice of pharmacy when one's life and health depend upon the exactness of prescriptions are compounded and prepared. Such time, ingredients have to be measured and checked, confirmed, and dosages stated in such a way that no misunderstanding can occur. So the next time you hand your pharmacist a prescription, don't be impatient—whether it's 10 minutes that are required before it is ready for you. Your prescription must be made up in complete accordance with the directions on the prescription. Remember, your pharmacist is a professional engaged in the important work of compounding medicine.—Reprinted from a copyrighted advertisement published by the C. H. Company, Detroit 32, Michigan.

Durham's PRESCRIPTION PHARMACY MEMPHIS, TEXAS

District 2A Football

District 2-A teams counted three victories, one tie and a loss in last week's games as all teams except Lefors saw action. That gives the district a 5-2-1 record against outside opponents in the second half to defeat the Perryton Rangers 19-7.

WELLINGTON 19 PERRYTON 7
 The Wellington Skyrockets won their second game of the season Friday night by coming from behind in the second half to defeat the Perryton Rangers 19-7.

The climax came near the end of the game, after Perryton was threatening their second touchdown. Lindel Norman broke through the left side of the line and ran 89 yards for his second touchdown of the game. The Rangers had driven to that point with a sustained 50-yard drive.

It was the passing of Bobby McCutchen that featured the Wellington attack. He passed to Rogers Melton who went 46 yards for one touchdown and set up another score with a pass that ended on the two.

Perryton was only a yard from the end zone as the game ended.

SHAMROCK 14, WHEELER 0
 The Shamrock Irishmen capitalized on a break for one of their touchdowns, and engineered a sustained march for their other

one, as they defeated the Wheeler Mustangs 14-0.

Gilbert Stripling passed to end Carrol Valentine for the initial tally after the Irish had recovered a Wheeler fumble on the 29. Fullback Don Lee spun 22 yards for the last one after Oliver McLemore had put the ball in scoring range with some beautiful foot work.

MCLEAN 0 HEREFORD 18
 The McLean Tigers' offense was kept well in check while the Hereford Whitefaces ran and passed themselves to an 18-0 victory Friday night.

The game was featured with a 56-yard touchdown run by Duane Christian, and a 47-yard pass from Jack Stanton to Christian that set up another score.

CLARENDON 0, CLAUDE 0
 It was strictly a defensive show in Clarendon Friday night as the Clarendon Bronchos and the Claude Mustangs played to a 0-0 deadlock.

Claude reached the Clarendon 15-yard line in the third quarter, and the Bronchos were able to drive to their opponents' 18 for the most serious scoring attempts by both clubs.

Claude out-firsted the Bronchos 9-5.

This Week's Schedule
 Memphis vs Canyon at Memphis
 Lefors vs White Deer at Lefors
 Wellington vs Phillips at Phillips
 Shamrock vs Perryton at Shamrock
 McClean vs Panhandle at Panhandle

Cotton Defoliation Process Explained

Cotton has made exceptionally good growth in most sections of the State this year. Right along with a heavier set of bolls there has been rank growth of leaves. Many cotton growers are turning their attention to cotton defoliation—that is, using chemicals to make the leaves fall off so cotton will mature faster and be easier to pick.

The chemical which has been used the longest and has given good results is finely ground calcium cyanamid (SI-AN-AM-1D), according to M. K. Thornton, extension agricultural chemist of the Texas A. & M. College System.

Thornton says cotton should be dusted with calcium cyanamid at the rate of 30 to 35 pounds per acre. It can be dusted from airplanes or with ground dusting machines. The dust must stick to the leaves in order to get good defoliation. Early in the morning, while dew is still on the leaves, is a good time to dust, says Thornton, or after a rain while the air is still moist. He adds that defoliation is likely to be a failure if dusting is done during extremely dry weather or when there is nodew on the cotton leaves.

A spray of ammonium thiocyanate (THI-O-SI-AN-ATE) dissolved in water and applied at the rate of 10 pounds per acre gives good results in drier sections of the state. This spray has not been tested thoroughly under Texas conditions and therefore cannot be definitely relied upon.

Removing leaves from cotton has several advantages. It makes picking easier—whether it's done by hand, by spindle picking machines, or by mechanical strippers. There is less leaf stain on lint. Bolls open more uniformly and earlier. And there's less green-stuff left for boll weevils to live

on. Thornton suggests that you see your county agricultural agent for more information on chemical defoliation of cotton.

If you want your car to have the best of service, bring it to Kermit Monzingo's, your Chrysler-Plymouth dealer.

Former Resident Receives Fracture In Fight With Deer

Frank Whitefield, 61, former resident of Memphis who now lives in Santo Maria, Calif., received a small bone fracture in his right foot recently when he was attacked by a large buck deer.

The attack occurred, according to reports, when Whitefield entered a pen at the city park to feed several deer. Whitefield said the buck knocked him down after he entered the pen, and they had a 15-minute struggle before park employees were able to arrive.

Park officials said they thought the incident occurred from the animal's attempt to get the feed Whitefield was carrying before the other deer were fed.

Independent Team Defeats Hedley; Plays Again Sunday

A group of independent ball players from Memphis defeated a team from Hedley Sunday afternoon at Estes Park, 8-5. Bill Dennis hurled four-hit ball, and Gale West was his battery mate, according to Duard Bounds, acting

manager of the team.

The same two teams play Sunday at Hedley. Lynn Rule will pitch and Bill Dennis will catch. Game time, 3 p. m.

Bounds states that the team is made up exclusively of local boys who are out to stimulate interest, so that next year's regular team may be made up largely of local talent.

The two teams will continue their series as long as the weather permits.

Out-of-town relatives here to attend the funeral services for Mrs. Georgia Hicks over the week end were Mr. and Mrs. Mattie Burns, Mrs. Vernon Sawyer, Mrs. Dorothy Blam, Mrs. Lena Lewis, Edward Downs, all of Dallas, Bobby Downs of Sudan, Mrs. Mrs. Johnnie Mooney of McAlester, Okla., and Mr. and Mrs. Henry Mooney of Wichita Falls.

Mrs. Jean Lamb and daughter Jo were in Canyon Sunday to attend funeral services for a cousin, Mrs. S. O. O'Donald.

GET READY For Winter NOW!

YOUR HEATING EQUIPMENT SHOULD BE CLEANED AND CHECKED

* Avoid last-minute rush and arrange NOW for the cleaning, checking and adjusting of your heating equipment. Heating dealers can attend to your needs now . . . but delay may mean waiting.

If you will need Gas service turned on in your home or business, notify us NOW. This will enable us to give you service promptly.

* To avoid the last minute rush of late Fall, NOW is the time to buy and install your Gas heating equipment. In selecting heating for your home make sure that it is of adequate capacity to heat all rooms properly. Be sure that it is vented for most satisfactory results and to avoid a major cause of house sweating. To enjoy Gas heating at its best, be sure it is Automatic, with thermostatic control to turn the heat on and off automatically as needed. Then you will have real, complete winter comfort throughout your home.

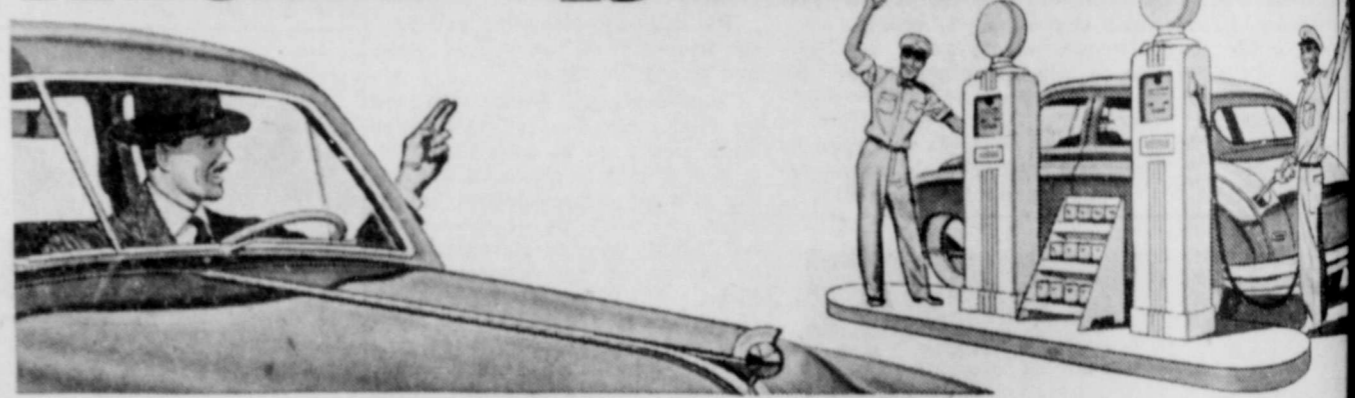

Be ready for the first chilly days of winter. Select your heating equipment and have it installed NOW. Consult a qualified heating dealer today.

UNITED GAS

It's like getting a dollar's worth of gas for 85¢ with

FORD OVERDRIVE

Drive one of our demonstrators and see for yourself how Ford Overdrive smooths your ride. Your engine speed actually drops 30% without any drop in road speed. For example, while your car's road speed stays at 50 m.p.h. your engine speed drops to 35 m.p.h. in Overdrive. This actually adds to engine

smoothness and quietness and engine life. It saves you up to 15% on gas and oil . . . cuts service costs . . . it's like getting a dollar's worth of gas for 85¢. And for added safety, a touch on your gas pedal releases a magic-like surge that makes passing and hill-climbing a breeze.

It accents the new **FORD "FEE"**

Take the lower, level "Mid Ship" ride . . . the power of new V-8 or Six engines . . . the "feel" of "Hydra-Coil" and "Para-Flex" Springs . . . the 35% easier "Magic Action" brakes. Add the many other firsts of the "Fashion Car of the Year" and you'll see why you should be ordering your Ford now.

Take the wheel . . . try the new Ford "FEE" at your Ford Dealer's

A New Magazine, Southern Fireside, Now On Sale Here

Featuring such "strictly Southern" authors as Virginius Dabney, Hodding Carter, John Temple Graves, Jonathan Daniels, Harry Ashmore, William W. Ball, Octavus Roy Cohen and Jesse Stuart, a brand new Southwide magazine, Southern Fireside, made its first appearance in Memphis last week.

Bearing a September dateline and scheduled to appear each month from its Birmingham, Alabama, publication office Southern Fireside claims to tell

Texas Agricultural Experiment Station, Texas Engineering Extension Service and Texas Forest Service.

Huge photographs and models will picture the vast system and its growth and automatic slide projects will show activities. An air-conditioned theater will show educational films on agriculture and engineering.

Adult education conducted by the agricultural and engineering extension services will be described in the exhibit. The Agricultural Extension Service, with county agents in nearly every Texas county, is one of the state's best-known agencies. Less widely known are the activities of the Engineering Extension services, which trains Texans for jobs in industry.

Research in the fields of agriculture and industry will be shown by the experiment station displays. The Agricultural Experiment Station is the nation's biggest. The Texas Forest Services Exhibit will feature the story of the state's most valuable resources, its protection, conservation and improvement.

Texas A & M System Day at the State Fair has been set Sunday, October 16, with Chancellor Gibb Gilchrist of Texas A & M College in charge of the program.

"the story of the South today, yesterday and tomorrow" to a Southern audience. Circulation of the first issue, in the 13 Southern states in excess of 500,000 copies.

Designed for the entire family, the new magazine draws solely upon Southern writers and illustrators for its content, with each of the Southern States represented in this first issue. Of special interest to a Southern audience is the article, "Is There a Southern Point of View?" in which six prominent editors of Southern newspapers speak out on one of today's most controversial questions. Featured on the panel of writers are Virginius Dabney, editor of the Richmond (Va.) Times-Dispatch; Jonathan Daniels, editor, Raleigh (N. C.) News and Observer; William W. Ball, editor, Charleston (S. C.) News and Courier; John Temple Graves, newspaper columnist, Birmingham, Ala.; Hodding Carter, editor, Greenville (Miss.) Delta Democrat Times, and Harry S. Ashmore, executive editor of Little Rock's Arkansas Gazette. Aimed at a Southern home audience, the new publication includes articles on gardening, home decoration and sewing, cooking and children's games peculiar to the South. Ernest Rogers, columnist of the Atlantic Journal, writes about new movies and Walter Spearman, professor of Journal-

Texas Tech Band Receives Award

Texas Technological college's chapters of Kappa Kappa Psi, national honorary band fraternity, and Tau Beta Sigma, national honorary band sorority, have been awarded the National Intercollegiate Band Achievement award for 1949. The gold trophy was presented to Dr. D. O. Wiley, director of the Tech band, at the national convention of the organizations which was held recently at the University of Colorado, Boulder.

Tech was chosen to receive the trophy for having the largest de-

legation and for contributing the most to the convention.

Texas A. & M. Will Give Fair Exhibit

The Texas A & M College System exhibit at the 1949 State Fair of Texas Oct. 8-23 will give Texans a quick look at one of their most valuable properties, an educational and research institution which reaches into every corner of the state.

The system, which Texans have never seen depicted in one piece before, includes four colleges and five major statewide services. With a staff of 5000 teachers, researchers and extension workers, it operates on an annual budget of \$25,000,000, controls some 45,000 acres, enrolls more than 13,000 students in its colleges yearly and conducts a adult education courses for 25,000 other Texans each year.

The State fair exhibit will cover nearly 5000 square feet of space in the Agriculture Building. The display will show the work of the nine major divisions of the system—the Agricultural and Mechanical College of Texas at College Station, Arlington State College at Arlington, Tarleton State College at Stephenville, Prairie View Agricultural and Mechanical College at Prairie View, The

Disease Hazards Are Great Among Fair Livestock

With hundreds of fairs now under way in the United States, farmers were advised this week to make sure that animals do not bring disease hazards home with their blue ribbons.

"No matter what stringent sanitary measures have been taken at fairs, any animal shown where large groups of other animals have been assembled should be handled as if it has been exposed to infection," warns a bulletin from the American Foundation for Animal Health.

A minimum quarantine period of 30 days was recommended for all animals after fair exhibition, before letting them join the home herds. The Foundation pointed out that while an animal may appear perfectly healthy, it can be harboring deadly disease germs contracted from an equally healthy-looking animal at a fair, a show, or livestock sale.

Also recommended was a check-up by a veterinarian of all live-

stock returning from fairs. Such a procedure, the Foundation said, has a two-fold purpose if the animal is infected. First, special precautions can be taken to see that the disease does not spread to other animals in the herd. Second, treatment to save the animal's value can be instituted promptly.

"Such vigilance," the Foundation said, "insures that a win in the show ring will not be followed by a loss on the farm."

LAKEVIEW Correspondent

Mr. and Mrs. C. M. Brown of Merkel visited Mr. and Mrs. James Stinger Monday of last week.

Mr. and Mrs. Stanley Crews of Santa Maria, Calif., visited last week with their daughter and family, Mr. and Mrs. Lee Skinner.

GROWTH OF POLIO CARE TEAM

Medical care of polio patients is costing the National Foundation for Infantile Paralysis more money than ever before—because better treatment is available today than formerly. Until 1938 when the National Foundation was formed, a physician and a nurse usually comprised the best available care. Today, modern polio treatment may include 13 specialized services, provided by an entire TEAM of professional workers. This expanded care has cost the National Foundation Chapters millions in March of Dimes funds. More money is needed immediately to continue these services. Support the POLIO EPIDEMIC EMERGENCY DRIVE to help care for today's polio patients. Send your contribution now to POLIO, care of your local Post Office.

'Increase Vigilance While Driving' is Safety Suggestion

Readin', 'ritin', and 'rithmetic time is here again for Texas youngsters.

"This is 'Back to School Safely' month in Texas and once again we must increase our vigilance while driving." This was the warning issued today by Ross Rommel, who heads the school safety program of the Texas Safety Association.

"School time," Rommel said, "takes the child away from his mother's apron strings for a few hours a day and during part of that time he is a potential traffic accident victim unless we adults protect him."

Emphasis on child safety is particularly appropriate in September, according to the Texas Safety Association, because at no other time of the year are so many young children exposed for the first time to the dangers of our streets.

The bumper crop of war-babies

Can Black-Draught Help An Upset Stomach?

Yes, Black-Draught may help an upset stomach if the only reason you have an upset stomach is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It cost only a penny or less a dose. That's why it has been a best-seller with four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, mental haziness, bad breath—and if these symptoms are due only to constipation—then see what Black-Draught may do for you. Get a package today.

Training Union Department.

There will be a class for every age group. Miss Taylor will teach the adult class, Pastor Shahan will teach a class for young people, J. O. Strother will be the intermediate teacher, Mrs. Roy Shahan will teach the juniors and Miss Miller will have the Elementary Department workers and children.

Any visitors outside the church membership who would desire to attend are welcome, states Rev. Shahan. The services will be conducted Friday night, Sept. 23.

Ivory is supplied by the boar, hippopotamus and walrus, as well as the elephant.

now entering first grade not only tax school facilities but school crossings as well.

Despite careful teaching by their parents of correct pedestrian habits, children are still immature in their thinking, and warnings have very little meaning to them, the Association says.

"We can't over estimate the importance of conscientious traffic training on the part of the parents," Rommel said, "but we shouldn't forget that the responsibility for child safety will always lie heavier on the shoulders

of the motorist than the parents." "Motorists must not forget to expect the unexpected while driving near schools, playgrounds, and residential districts. When a child's life is at stake we can't afford the luxury laxness."

Best clothes really clean with
LIVE-WATER WASHING!

ONLY FRIGIDAIRE HAS
LIVE-WATER ACTION

There's nothing else like it!
See it demonstrated

Frigidaire's exclusive Live-Water action produces rolling, penetrating currents of hot, sudsy water that washes clothes through and through. No pulling or yanking. And clothes are washing in water all the time—

not half-in, half-out. The same Live-Water action that washes clothes cleaner rinses them brighter (twice!) in fresh, clean water. And the Rapidly-Spin gets clothes so dry some are ready for immediate ironing!

ONLY FRIGIDAIRE HAS ALL THESE!

- All-porcelain inside and out
- Underwater Suds Distributor
- Leads from the top, full width
- Top is flat for use as table
- No bolting down, put it anywhere
- 1-Piece, sealed automatic mechanism
- Direct drive
- Cleans, empties itself automatically

YOUR KEY TO GREATER VALUE

Only one word fits it —
Wonderful!

You know how it usually is—slow and steady is the rule in automotive progress. But every now and then it happens. Along comes a car that's new all over—like this one—and headlines sing the news.

Take the styling of it—fresh and smart and really exciting from its non-locking bumper-guard grilles to the jet-plane look of its fenders.

Take the outward size of it—handy in traffic, easy to garage, actually more room and a sweeter ride in fewer over-all inches.

Step inside—and stretch yourself in the biggest interiors ever found in a Buick Special, with a full twelve inches added to rear-seat hiproom.

Try the power of big 110 or 120 hp high-compression Fireball engines—sample the restful levelness of a ride that sets the standard for the industry.

Check controls—and note really big news: The luxury of Dynaflo Drive*—newest, simplest and smoothest of all modern

transmissions — is optional equipment, available now at the lowest price level yet!

Finally, look at the price tag. Measure its figures against others—and see if any car, even in the lowest-price field, gives you so much of what you want for each dollar you invest.

Tops in style, tops in room, tops in lift and life and traveling ease, a trip to your Buick dealer will show you this is wonderful in value too!

For the biggest buy of this year—and many a year to come—better go now and get your order in!

TEN-STRIKE!

Only Buick SPECIAL has all these Features!

TRAFFIC-HANDY SIZE • MORE ROOM FOR THE MONEY • DYNAFLO DRIVE optional at extra cost • JET-LINE STYLING • NON-LOCKING BUMPER-GUARD GRILLES • HIGH-PRESSURE FIREBALL STRAIGHT-EIGHT ENGINE • COIL SPRING ALL AROUND • LOW-PRESSURE TIRES ON SAFETY-RIMS • GREATER VISIBILITY FORD AND AFT • SELF-LOCKING LUGGAGE LIDS • STEADY-RIDING TORQUE-TUBE DRIVE • THREE SMART MODELS WITH BODY BY FISHER

Contribute Freely to Polio Drive

It is hard for a person, who is not in direct contact with something, to realize what others have to endure when misfortune overtakes a community. Thus it is hard for the citizens of Memphis and Hall County to visualize the situation regarding the nation's high number of polio cases—because they have not had the opportunity to be affected directly to any large degree.

Yet, right now the United States is suffering the worst seige of polio in its history. Consequently, financial help is needed, and needed badly.

The National Foundation of Infantile Paralysis, the same organization that has sent the Hall County Chapter over \$5500 in the past three years, has been forced to conduct a nationwide Polio Epidemic Emergency Drive. It is the first such drive that the organization has ever conducted. All contributions will be allotted to local chapters as it is needed.

Polio can be licked—just like a lot of other things the American people have conquered. But it will require the help of each and every one of us.

It takes money for research, money for hospitalization, money for rehabilitation—everything costs money. So, unless you and I, the American people, dig down in our jeans, well—this thing will just keep right on multiplying as it has in the past years.

Local officials have expressed their belief that citizens of this community will not let them down. Hall Counties have always rallied to the aid of their neighbors-in-need, and confidence is expressed that they will continue to lend needed support.

Money given now will not only contribute to some person's health—yes, even his life; it may also help to prevent future epidemics in some communities—yes, even in Hall County.

The National Foundation of Infantile Paralysis has never refused to donate their help whenever and wherever needed. It seems no more than proper that we should return the compliment.

The Russians apparently want to get what they need from Western Europe without selling anything in return and without putting up the cash.

One thing about the democratic form of government: If you dislike the men in office, you can run for their jobs.

If the one-defense theory happens to be wrong it will be equivalent to one-defeat, which ought to be enough.

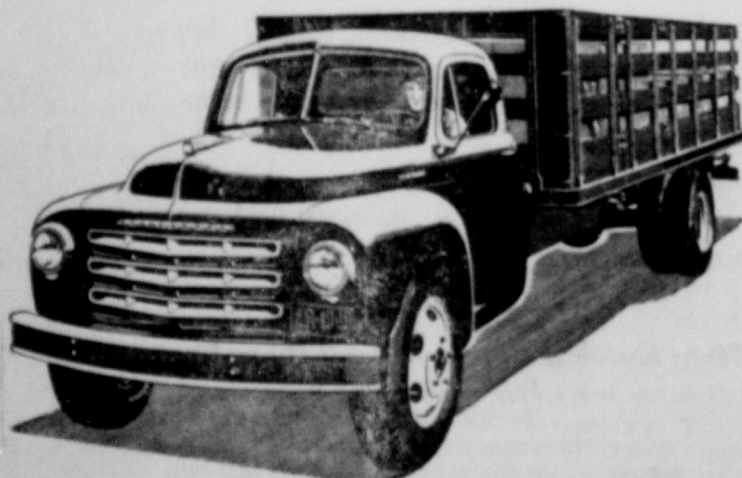

Hard work may be the explanation of success; it always explains why some people avoid success.

It's about time for somebody to remind us that the world's population is outgrowing its food resources.

We haven't much confidence in reformers who try to cash the reformation revolutions.

After seeing some movies, we can think of no reason why they were made.

They're stand-outs
 in pulling power and staying power!

Press Paragraphs—

QUOTING OUR NEIGHBORS

Westway Leads Way To New Rural Community Life?

Rural community life is not a thing of the past. At least that is what the big shots are saying all over the country, and they can prove it, too.

School consolidations, for instance, have eliminated the old time gatherings and quilting bees; square dances now flourish in the wanky clubs instead of the old community meeting places and no longer does the circuit rider travel toward, laden with chickens, eggs, and fresh produce galore.

Fortunately, however, no one as ever told the people of Westway, Deaf Smith County, these things.

The good people of this community did relinquish their school to the consolidation movement, but they have a finer time, perhaps than ever before. Last Friday night, for instance, folks out at Westway passed the word around and things began to happen. People brought pies, chickens and steaks, all of which resulted in one of the biggest get togethers in the history of the community. Did they have a good time? Just ask some of them and find out

for yourself. Furthermore, the Westway folks have an up and going Sunday School, more than 100 in attendance just a week ago today.

While we are inclined to agree, at least to some extent, with extremists who say that rural community life is on the decline, we sometimes wonder if the cause should not be attributed to the people rather than to conditions. The automobile, plus other means of transportation and communication, has no doubt contributed more to this decline than any other factor; through this medium a greater scope of activity has been placed in every home, bringing competition in many forms to the old time pie suppers.

Human relationship and associations are, after all, the fundamental thing in any form of society. Gatherings like the Westway people sponsor may be the first indication of a return of what thousands term as "the good old days." When you compare the finest of foods, plus wholesome companionship and low costs, along side a smoke filled roadside inn and five dollar steaks without flavor, it is difficult to understand

the twentieth century trend. On the other hand, if community gatherings cannot meet the competition of other forms of entertainment they will naturally become a thing of the past.

It'll Get Picked

We aren't prepared to say exactly how, but we're betting the Williamson County cotton crop gets picked this year.

Right now, hands are scarce and even though cotton has been open for weeks there are some fields which haven't had a sack in them yet, but we notice cotton is moving to the gin about as fast as it did last year, and while it's an agitating situation to have a good crop ready to pick and no pickers, to have a lot of money right in front of you but still not in the bank, we believe more labor will get here before long.

In the mean time, the best advice is to sit tight and not get so excited the price of picking is run-

This Week in WASHINGTON

WITH THE CONGRESS in such a legislative jam that it likely will be November before an adjournment can be taken, one of the bitterest battles has been waged behind closed doors where the conference committee on the army civil functions bill has been considering "home town" projects which amount to approximately \$762 millions of dollars.

This bill is the so-called "pork barrel" bill and consists of rivers and harbors projects such as navigation and flood control. For three months now a conference committee has been deadlocked, and at the present time the embattled conferees threaten to burst out onto the house and senate floors. The house "O. K'd" 307 such projects to the tune of \$593,000,000. The senate however after hearing 271 witnesses, including 70 senators, upped the total to \$762,000,000.

The house made the first offer to compromise when Chairman Clarence Cannon of Missouri, of the house appropriations committee, said he would split the difference on many items. His offer, however, left out of consideration some pet projects of five of the Senate conferees—Hayden of Arizona, Russell of Georgia; Thomas of Oklahoma; Chavez of New Mexico and Gurney of South Dakota. So the fur began to fly.

With the atmosphere tense, Congressmen John Rankin of Mississippi and Francis Case of South Dakota moved in with another compromise. Rankin is willing to take the Cannon compromise if the conferees will add a million dollars for the Tombigbee waterway in his home state of Mississippi and Tennessee in the Tennessee valley. Case, a vice president of the National Rivers and Harbors Congress, wants to add a dozen projects which the senators say they must have, including a big reservoir project in Case's home state.

According to observers the "pork barrel" legislation is one of those where local businessmen and local interests, ordinarily in favor of economy, are putting pressure on their senators and congressmen for their own pet projects. In other words, they want economy on the other fellow's projects, but

they want big appropriations for their own projects.

Tottering Sen. Kenneth C. Culmett of Tennessee, chairman of appropriations, is dean in the senate in service and an old hand on committee reports on civil functions bill, is one of those who want to re-allocate projects upping appropriations.

A check of the senate appropriations committee indicates a conference is already longest drawn out in the U. S. congress. He wants to show any signs under the pressure of delegations to get the rolling.

Representative Rankin said: "These projects are necessary to relieve growing unemployment. If congress can give billions and billions of dollars to foreign countries, we can take care of our own natural resources in fit of the American people."

Sen. Paul Douglas who has one project for a \$100,000 appropriation Calumet-Sag project said: "When I was before the committee I am I thereby stopping criticizing the bill as if that principle is allowed it means there here to defend the interest, as we are between the need for local interests and for representing the interest."

up beyond all reason. There never has been much Williamson County cotton left in the fields.—The Granger News.

Camels and pigs are said to be unable to swim.

TEXAS BUSINESS IN JULY SHOWS UPWARD TREND

Business in Texas continued to climb upward in July for the second consecutive month, the University of Texas Bureau of Business Research reported.

After adjustment for seasonal variation, the Bureau's index of business activity rose 4 per cent from June to 225 per cent of the 1935-39 base period in July. With the exception of crude oil runs to stills, which dropped 2 per cent, all components of the index increased from the previous month.

Sales of department and apparel stores rose 21 per cent; miscellaneous freight loadings, 2 per cent; electric power consumption and pay rolls, 1 per cent; and employment gained fractionally.

The index of bank debits in Texas cities, compiled by the Bureau, does not confirm the upturn of the composite index, indicating that the total volume of business as measured by the total dollar volume of checks written declined in July.

Another general business indicator which failed to confirm the upturn registered by the composite index was the index of postal receipts. Since all business concerns use postal services, the fluctuations in the volume of postal receipts may be taken as an overall measure of business activity. Although this index continued to rise longer than the other general indexes, it has declined every month since March, reaching its lowest point in July since last November.

Since both the index of bank debits and the index of postal receipts failed to confirm the upturn registered by the composite index, it appears that the change of direction in Texas business

should be considered a rather tentative trend until it is established more positively. Although it seems to be confirmed by similar trend in business for the country as a whole, the upward movement is not strong enough or widespread enough yet to justify concluding that the recession that has been under way has been stopped.

Retail sales in Texas rose 1 per cent in July, after adjustment for seasonal variation. Sales of durable goods stores declined in July, which nondurable goods stores gained 1 per cent.

The construction industry continued at a high level during July with value of building permits at 584. Although the July level was 15 per cent below the previous month and 27 per cent below a year earlier, the fluctuations in this index are normally very large, which means that changes no greater than are registered in July may be considered as not a significant movement. The value of building permits issued during the summer have been substantially above the level of building during the earlier months of the year, and this index shows the strongest upward trend of any of the barometers of Texas business. The consistently high level of building construction has been an important element in the high level of business activity.

Mrs. C. N. Brewer and daughters, Mrs. Russel Bane and children of Clarendon and Mrs. Morris Peeden and children of Dumas, spent Sunday afternoon with Mr. and Mrs. T. D. Weatherby. Mrs. Bane is the former Dolly Brewer, and Mrs. Peeden is the former Charmaine Brewer.

A pig is the nearest relative to a hippopotamus.

Vets May—

(Continued from Page One)

fidavits by two competent disinterested persons. The affidavits must show that flight training will be useful to him in connection with earning a livelihood.

In the absence of substantial evidence to the contrary, V-A will accept the affidavits as law.

Along with affidavits, the veteran also must submit a certificate showing that he is physically qualified for flight training, in accordance with civil Aeronautics Administration standards, to obtain the type of license that will enable him to attain his employment objective.

"Competent disinterested persons," V-A explained, means those qualified by reason of their personal knowledge of facts and circumstances to testify concerning the veteran's use of flight training in connection with earning a livelihood.

Such persons also are to have "no interest whatsoever, either personal or by association, in the pursuit or non-pursuit by the veteran of the desired course of flight training," V-A said.

Affidavits by members of a veteran's family, or by owners or employees of flight schools do not constitute evidence of disinterested persons.

The corroborating affidavits must establish clearly and definitely the following points:

1. Identity of the applicant for G. I. Bill flight training.

2. The character of the relationship between the veteran and the person supplying the affidavit.

3. The basis and source of asserted knowledge of the matters to which the person supplying the affidavit is testifying.

V-A said that veterans desiring flight training under the G. I. Bill may, if they wish, submit complete justification that the training would be in connection with their present or contemplated business or occupation—rather than submit affidavits authorized by the new law.

V-A emphasized that, with the exception of flight training, Public Law 266 continues for another year the restrictions on vocational and recreational training, which first went into effect July 1, 1948.

The law specifies that no part of the appropriation may be used to pay for any courses which the terms to be avocational or remade.

Cyclone Opens—

(Continued from Page One)

If a veteran wants to train in any courses which is frequently pursued for avocational or recreational purposes (with the exception of flight training), he must continue to submit to the V-A regional office complete justification that the course he wants is in connection with his present or contemplated business or occupation.

Prior approval of the regional office must be obtained before such training may be started. When the justification that the veteran submits is not adequate to justify the training desired he will be notified that he may request advisement and guidance before a final determination is made.

In the latter case, the opinion of the V-A vocational adviser as to whether the course is in connection with the present occupation of the veteran will be acceptable evidence for determining the case.

Cyclone Opens—

(Continued from Page One)

ford made a first down an 41. Then came the key play in the drive. Owen faded back and lofted a high spiral to Dan Roark who went to the Memphis 26. Radford made six, then McCrary passed to Whitfield who was downed on the 13. Radford advanced the ball to the nine on two plays, McCrary passed to Tate who went to the four. Radford hit right tackle twice for the four yards and six points. Barker fumbled the ball on the extra point try, and that was the difference in the ball game.

The majority of the action was between the 40-yard lines. Quannah gave indications of getting up steam a number of times, but a fumble, a penalty or a big defensive effort by Memphis seemed always to rise in their way.

The Cyclone was able to run up two consecutive first downs

only one time they had the ball through right tackle for one first down and Gardenhire on the first one.

Gardenhire returned on the first play out of the game quarter, shortly before the touchdown run.

Mr. and Mrs. C. and grandson, Paul, visited over the Fort Worth with and family and in W. B. Graham and

ROXY THEATRE Lakeview
Friday and Saturday "Laramie" with Charles Starrett and Smiley Burnett
Sun., Mon. and Tues. "Connecticut Yankee" with Bing Crosby and Rhonda Fleming
Wednesday and Thursday "Walk A Crooked Mile" with Lewis Hayward and Dennis O'Keefe

15 minutes with Chrysler
will show you things you never dreamed possible!

THE BEAUTIFUL Chrysler
ALL FEATURES IN ROYAL, WINDSOR, SARATOGA, NEW YORKER MODELS

KERMIT MONZINGO • 707 Noel Street

- You'll see the only passenger car engine that's completely waterproof... that can run through flood water like no other car... that can sit all night in the heaviest downpour yet start up instantly!
- You'll see the new ease of the steering wheel that's perfectly balanced instead of being off-center.
- You'll see the first safety cushioned dashboard ever designed to protect your children!
- You'll see an engine that goes 5000 miles without needing an oil change!
- You'll see windshield wipers electrically operated! Free from engine pressure, they don't stop when you need them most!
- You'll see a car with Safety Rim Wheels—blowouts won't throw a tire under almost any driving condition!
- You'll see 50 new improvements that make Chrysler the most beautifully engineered car today!... A pleasure to drive, thrifty to own. Phone, let us bring you a car.
- let the car prove it!
